- Relocation Procedures: The Incident Commander may initiate a Relocation if conditions warrant such a decision.
- All Clear and Conclusion: Once the incident has concluded, and the campus has been determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are established to ensure a swift, organized, and effective response to explosions or the risk of explosions at school, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Fighting or Riots

When dealing with a fight or the potential escalation to a riot, school staff should adhere to the following guidelines:

Fighting:

- Communication and Assistance: Utilize radio units or cell phones for communication. If not feasible, send a reliable student to the office to seek assistance. Speak loudly, demanding an immediate cessation of the behavior.
- Collaboration and Intervention: Seek assistance from other teachers to address the situation. If students begin to gather, work swiftly to disperse them.
- Identification and Intervention: Call out the names of involved students, if known, and inform them of their identification. For serious fights, especially those involving weapons, seek additional help from law enforcement personnel.
- Separation and De-escalation: Attempt to separate involved students using an assertive tone. Consider age, size, and personal safety before intervening physically. If successful in separating students, avoid further confrontational behavior. Allow students time to talk in a calm setting to gradually change the climate of the situation.

Riots:

- Prevention and Sensitivity: Encourage teachers and staff to be sensitive to the emotional climate and defuse tensions before problems escalate.
- Law Enforcement and Assessment: Notify local law enforcement of the disturbance and convene at a pre-designated site to evaluate the situation.
- Emergency Response Plans: Have a law enforcement officer assess and call for necessary resources, such as backup and emergency medical assistance.
- Activate emergency plans, including:
    - Instruct office staff to handle communications and initiate lockdown orders.
    - Notify transportation for appropriate buses for evacuation.
    - Assign staff to a temporary detention facility and log information.
    - Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Collaboration and Communication: Collaborate with the MPS Outreach & Communications Department to brief a representative for media interactions.
- Medical Treatment and Triage: Assign staff to a pre-designated medical treatment/triage facility.

Remember, these protocols are established to ensure a swift, organized, and effective response, prioritizing the safety and well-being of students and staff during such incidents.

Crisis Response

A school crisis is an unexpected critical incident that poses a safety threat or disrupts the school day, impacting teaching, learning, and overall well-being. Common reactions include shock, confusion, and fear. While each crisis may affect individuals differently, it can have a broad and immediate impact on students and adults. Examples include accidents, violent incidents, deaths, natural disasters, or acts of terrorism.

Multi-Tiered Crisis Response Team Model:

Tier I: School Site Crisis Response Team:

- Initiates crisis response, assesses needed services, and provides direct interventions.
- Determines the need for additional assistance from the Home Office.
- May be activated during emergencies or as a stand-alone team.

Tier II: Academic Department (Director of Special Education and Services; Director of Student Services):

- Contacted by the school site for support beyond the team's scope.
- Provides consultation, direct intervention, assistance with communications, and guidance for recovery/SEL support.

Tier III: MPS Home Office Crisis Response Team:

- Engaged based on collaboration between the Academic Department and the school site.
- Offers consultation, direct intervention, communication support, and recovery guidance.

Crisis Response Procedures:

- Activation and Assessment: The principal or designee, as the Incident Commander, activates the School Site Crisis Response Team. The team, in collaboration with the Incident Commander, assesses the impact and triages students, staff, and parents/guardians.
- Direct Intervention Services: The Crisis Response Team delivers crisis intervention services, including psychological first aid.
- Restoration of School Functions: Advises and assists the Incident Commander in restoring regular school functions efficiently and quickly.
- Limiting Exposure and Ongoing Assessment: Takes measures to limit exposure to scenes of trauma, injury, and death. Provides ongoing assessment of needs and follow-up services as required.

These protocols are designed to ensure a comprehensive, organized, and effective response to crises, prioritizing the well-being of students, staff, and the school community.

Active Shooter/Gunfire

In the event of a threat of violence on campus or the sound of gunfire, lockdown procedures should be immediately implemented. An Active Shooter on Campus is defined as an individual or individuals on school grounds armed with a firearm, having caused injury or death with the firearm and demonstrating continued threat.

Procedures for Staff:

- Upon the first indication of an active shooter, staff must promptly notify the principal or designee, who assumes the role of Incident Commander.
- The Incident Commander initiates a lockdown, the recommended emergency response.
- A call to 911 is made, providing precise details of the incident. A designated person should remain on the line with the police if safe.
- Establish communication with classrooms through school phones, email, cell phones, or radios to keep everyone informed.
- Notify MPS Home Office through the HOST channel and request assistance.
- Collaborate with the MPS Outreach & Communications Department to inform and update parents via ParentSquare.

Principal/Designee and Crisis Response Team Responsibilities:

- Secure perimeter gates and ensure all individuals are safely behind locked doors.
- Initiate the process of accounting for all students and staff.
- Calm and control students through regular announcements. If safe, maintain separation between students and the perpetrator.
- If imminent danger is identified with an active shooter on campus, Rapid Relocation may be initiated, ensuring students are not placed in the gunman's path.

Rapid Relocation Procedures:

- Encourage quick evacuation through any safe exit. If leaving campus, the preferred off-site relocation point is chosen if the route is safe.
- Inform local law enforcement of the decision to leave campus and the chosen destination. Keep them updated on students and staff not reaching the relocation point.
- Calm students, establish a perimeter for safety, and re-establish Incident Command teams with available staff.
- The Triage Team collaborates with first responders for medical attention to the injured.

- The Incident Commander prepares a verified list of the wounded and their transport locations, coordinating with the School Site Crisis Response Team for parent notifications.
- All media inquiries are directed to the MPS Home Office Outreach & Communications Department.
- Once the incident concludes and the campus is declared safe, the Incident Commander initiates the All Clear action.
- A debrief session with staff and school police officers is conducted by the Incident Commander.

These crisis response protocols are established with the paramount goal of ensuring the safety, well-being, and efficient recovery of students, staff, and the school community in the face of unforeseen critical incidents. The collaboration between school personnel, law enforcement, and relevant agencies is crucial to swiftly and effectively address emergencies, minimize disruptions, and support the emotional and physical recovery of those affected. By adhering to these comprehensive procedures, we aim to create a secure and resilient environment conducive to the continued growth and success of our educational community.

Use of Facilities

In the event of disasters or emergencies, the school is committed to supporting the mandated emergency procedures established by law enforcement, government, or public safety agencies. This ensures that students and both certificated and classified staff follow necessary protocols, enabling the school to serve as a mass care and welfare shelter, to the extent necessary and appropriate.

Evacuation

In the event that community conditions or internal school circumstances necessitate a site evacuation, the following steps should be undertaken:

- The principal or designee assumes the role of Incident Commander and will communicate evacuation instructions via the PA system. If the PA system is unavailable, alternative communication methods, such as messengers, will be employed. The principal will convey a calm demeanor, offer reassuring comments, affirm that the situation is under control, and provide clear directions.
    - Example Statement: "Your attention, please. We need to evacuate all buildings. Teachers are to take their students and roll books to the assembly area and report to their designated area. Students are to remain with their teacher. Teachers need to close the classroom door when all the students have left."
- The Incident Commander will activate the fire alarm system as a signal to initiate the evacuation process.
- Designated emergency team members/staff will secure medications, related documents, and other essential medical supplies/equipment, such as First Aid Kit, CPR, AED, Epi-Pen, and Sharps container.
- Teachers will instruct students to evacuate the building using designated routes and assemble in their assigned Assembly Area.
- Teachers will bring student rosters and any classroom emergency supplies, take attendance once the class is assembled in a safe location, and account for students with cognitive disabilities who may not have fully understood the directions. Missing students will be listed on the Missing Persons Report.
- Once assembled, teachers and students will remain in place until further instructions are provided.
- The Incident Commander will make necessary notifications to the Home Office and parents.
- Upon the conclusion of the incident and confirmation of campus safety, the Incident Commander will initiate the All Clear action.

Procedures for Responding to Students Who Self-Injure

Self-injury, characterized by the deliberate act of harming one's own body, is often an unhealthy coping mechanism for emotional pain, intense anger, or frustration. While this behavior may lack suicidal intent, it can escalate the risk of suicide due to underlying emotional issues. Consequently, students exhibiting self-injurious behaviors should be assessed for suicide risk.

Signs and Symptoms of Self-Injury:

- Frequent or unexplained bruises, scars, cuts, or burns.
- Consistent, inappropriate use of clothing to conceal wounds.
- Possession of sharp objects such as razor blades, shards of glass, or thumbtacks.
- Evidence of self-injury in journals, drawings, social networking sites, etc.

Risk Factors of Self-Injury:

- Age, with a higher prevalence among teenagers and young adults.
- Influence of friends engaging in self-injury.
- Psychosocial factors, including neglect, abuse, or traumatic events.
- Mental health issues, such as depression, anxiety disorders, post-traumatic stress disorder, and eating disorders.
- Alcohol or drug abuse.

Protocol for Responding to Self-Injury:

- Respond immediately or as soon as practically possible.
- Supervise the student at all times.
- Seek medical attention as needed.
- Conduct an administrative search for access to means such as razor blades, shards of glass, other sharp instruments, or medications.
- Assess for suicide risk using appropriate protocols.
- Communicate with and involve the parent/guardian to address the self-injurious behavior promptly.

Awareness for Parents/Caregivers:

- Encourage appropriate coping and problem-solving skills.
- Listen calmly and empathetically, avoiding shaming reactions.
- Develop a safety plan with the student.
- Notify identified adults in the safety plan and provide information on the adult gatekeepers.

Self-Injury and Contagion:

- Respond immediately to identified students.
- Assess each student for suicide risk individually.
- Supervise students separately if identified as engaging in self-injurious behaviors.
- Consider making a mental health referral for students exhibiting self-injurious behaviors.

Response to Self-Injury and Contagion within the School Community:

- Address self-injury with students individually.
- Avoid discussing self-injurious behaviors in group settings.
- Conduct informational parent meetings, inviting all parents/guardians for psycho-education, awareness, and tools for addressing self-injurious behaviors.
- Supervise students and children during parent/guardian meetings.
- Consult with the Outreach & Communications Department for dissemination of information regarding parent/guardian meetings or other media matters.

These procedures are established to ensure a compassionate and effective response, prioritizing the well-being of students and fostering a safe and supportive school environment.

Procedures for Assessing and Responding to Reports of Dangerous, Violent, or Unlawful Activity

Magnolia takes its role in providing a safe and trusted learning environment very seriously. If any student, family member, or member of the school's extended community learns of any dangerous, violent, or unlawful

activity that they believe has occurred, is occurring, or may occur at the school or at or near any school-sponsored or school-related event or location, they are strongly encouraged to report that activity—anonymously if necessary—to the Principal.

A report can be sent by a legible written note, by email, or by telephone to the following:skeskinturk@magnoliapublicschools.org (714) 479 - 0115. Reports should include place, time, the general nature of the activity being reported, whether any life-threatening activity or weapons are involved, and any other important details. Any report of activity that imminently threatens or involves an imminent potential loss of life should first be made to 9-1-1, immediately.

Magnolia shall promptly review every report received as soon as possible, shall make a record of every report received, and shall make a reasonable inquiry into each, as necessary, to ensure to the greatest reasonable extent that no dangerous, violent, or unlawful act occurs at any school-related or school-sponsored event, or on school-provided transportation to any such event. The investigatory response taken by the school and actions taken will be logged as well.

Floor Plan

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate the outdoor assembly area(s) and evacuation route(s) from the site. (This item is stored with the plant manager and also located in the office of the School Principal)

A copy of the floor plan will be posted in each classroom at the school, in the school hallway, and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

Emergency Drills

The school shall conduct emergency drills on a regular basis to prepare for possible evacuation in case of an emergency. The School Principal, or designee, will specify the date and time of emergency drills. All students and staff are required to participate in these mandated drills.

The School Principal, or designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

School Safety Management Team and Operations

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching, and support staff may also be part of the team but may act only when assigned specific duties by the Principal or designee.

Guidelines for Handling the Media

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The School Principal should assign a school spokesperson to deal directly with the media.

- Develop a written statement for dissemination.
- Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- Appoint a spokesperson (usually the principal).

- Keep the staff informed through one person.
- Be proactive with the media.
- Contact the media before they contact the school.
- Set geographic and time limits.
- Explain restrictions.
- Hold the press accountable.
- Create positive relations with the media before an emergency crisis occurs.
- Stress-positive actions were taken by the school.
- Announce new changes made after the incident has passed.

Parental Notification

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick up their child in the event of an emergency. Schoolwide communication will be sent via ParentSquare.

Safety Supply/Equipment

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for ensuring the availability and delivery of adequate supplies and equipment during the course of an emergency. The team members should be familiar with emergency supplies cached in the emergency bin and any other campus location, such as classrooms.

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for directing team activities and keeping everyone informed of the overall status. Furthermore, responsible for assessing the adequacy of available water, food, sanitation, and other supplies and organizing the distribution of resources for immediate use. Specific duties may include

- Reporting equipment and supply needs
- Estimate the number of persons requiring food/shelter/care
- Work Incident Commander to determine the length of time care will be needed
- Inventory supplies on hand
- Distributing emergency water and food supplies
- Setting up and maintaining sanitation stations
- Confirming supply/equipment needs for any persons with special needs fulfilled
- Controlling conservation of water

Supplies and Equipment for the School Safety Management Team include:

- Hand-held two-way radio
- Keys
- Bullhorn
- Emergency water supplies - water carriers, cups, hand pumps, etc.
- Emergency food supplies
- Temporary power supplies
- Cell phones
- Sanitation supplies

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school. Emergency and first aid supplies should be kept in the school’s central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- Blankets
- Matches
- Pillows

- Bottled Water
- Flashlights
- Paper Towels
- Batteries
- Wet Wipes
- Radio (battery operated)
- Sheets
- Candles

Suggested first aid items:

- Assorted Band-Aids
- Gauze
- Sterile Water (for burns)
- Tape
- Scissors
- Tweezers
- Bandages
- Instant Ice Packs
- Ace Bandages
- Package of Sewing Needles
- Slings
- Antibacterial salve
- Steri-strips or butterfly stitches
- Disposable gloves
- Face masks
- CPR (disposable mouthpieces)
- Current first aid book

In case of an emergency evacuation, staff will take this kit to the evacuation site, along with an attendance sheet.

Plant Inspections

The School Principal, or designee, with the assistance of local support personnel where necessary, will inspect and ensure that the school is clean, and secured, all paths of egress are open and well lit is essential to the safety and well-being of all students and staff members of Magnolia Public Schools.

Essential Checklist: Plant Inspections

- A walk-through will be performed at least twice annually by the principal and/or designee to ascertain any unsafe conditions that are hazardous to the staff or student's physical or mental well-being.
- The complete emergency routes used by all students to travel to and from the assembly area should be inspected. Ensure that there are no barriers to students with specific mobility needs.
- Within a month of the start of the new school year, the School Safety Committee will review the walk-through. A timeline for the completion of necessary corrections will be reviewed and assessed monthly.
- The School Principal and/or designee will be responsible for inspecting the campus regularly for the following conditions:
    - All non-structural hazards in classrooms and other sites where students are served will be eliminated. These hazards may include incompatible chemical storage; unsecured objects on high shelves; trees or shrubs that require pruning; trip hazards; exposed nails; screws or bolts; equipment in need of repair, or any other condition that could constitute a hazard.
    - All damaged fences will be reported and corrected as soon as possible.
    - Playground facilities and equipment will be inspected regularly for hazards. Repairs must be made as soon as possible.
    - All non-functioning lighting fixtures must be reported and corrected as soon as possible.

RECOVERY

Schools as Pillars of Support in Emergencies
Schools play a pivotal role in aiding members of the learning community in both preparing for and recovering from emergencies or disasters. Whether stemming from natural events like earthquakes, fires, and loss, or man-made events such as tragic incidents, student overdoses, or acts of terror, a school's approach to post-emergency support is most effective when it addresses diverse levels of need among students. The provision of varying degrees of support, including opportunities for smaller group meetings, becomes critical for those requiring more in-depth assistance, thereby complementing the general support offered to all students.

In the aftermath, the responsibility for implementing recovery strategies typically falls on the shoulders of school psychologists, counselors, social workers, and potential community mental health partners, all of whom may serve as members of the Crisis Response Team. Encouragingly, all adults involved are urged to contribute by modeling calm, caring, and thoughtful behavior.

Supporting Someone After a Crisis
When supporting someone after a crisis, it is important to be present and supportive. Use verbal, nonverbal, and paraverbal communication to convey your care and concern. Ask open-ended questions to identify how they are feeling and listen with empathy. Do not rush them to talk about the incident.

If you are feeling overwhelmed, take some time to gain your composure. Ask for a staff member to step in if you need to leave the room. Coordinate with other staff to address the immediate needs of the staff involved.

It is important to remember that you cannot provide effective support until you have reached physical and emotional calm.

Guiding Therapeutic Rapport through Time

1. Supporting in the Present - Helps rebuild relationships and build bridges of communication. The trust and relationship that you establish at this point are crucial to the de-escalation of a future crisis.
2. Understanding the Past - Allows the person to reflect on their actions and consider the impact on others. This helps to uncover what happened and identify any patterns and Precipitating Factors, which can help in planning for the future.
3. Planning for the Future - Results in learning and development of approaches by collaborating and problem-solving. Planning creates a sense of responsibility and ownership for the individual. It also helps staff prevent crisis behaviors and improve their approaches.

Therapeutic Rapport Considerations
When engaging with individuals in therapeutic settings, it is crucial to take into account several factors that significantly influence the dynamics of the counseling relationship:

- Age: An individual's age plays a pivotal role in shaping their ability to comprehend and actively participate in therapy. Consider the developmental stage, as younger children might struggle to express emotions or grasp complex concepts, while older adults bring different life experiences and concerns.
- Cognitive Functioning: Cognitive abilities vary among individuals, affecting their capacity to process information and follow instructions. Modify therapeutic approaches to accommodate diverse cognitive functioning levels and ensure effective communication.
- Culture: Cultural background deeply influences expectations about counseling and communication styles. Cultivate respect for individuals' cultural values and beliefs, recognizing the potential impact of cultural differences on the therapeutic relationship.
- Gender Identity: An individual's gender identity significantly shapes their experiences and interpersonal connections. Create an affirming and safe space that respects and acknowledges clients' gender identities, fostering an environment conducive to exploring gender expression.

- Previous Life Experiences: Past life experiences profoundly mold an individual's thoughts, emotions, and behaviors. Be attuned to the potential impact of these experiences on the therapeutic relationship, recognizing their role in shaping an individual's progress.

In acknowledging and adapting to these diverse factors, support staff can enhance the effectiveness of therapeutic interventions, fostering a more inclusive and supportive environment for all individuals seeking assistance.

Strategies for the Crisis Response Team: Supporting Students and Staff After a Crisis

1. Immediate Debriefing: Conduct immediate debriefing sessions to allow team members to share their experiences, feelings, and observations.
2. Provide Safe Spaces: Establish designated safe spaces within the school where students and staff can seek solace and support.
3. Structured Group Sessions: Organize structured group sessions led by mental health professionals to address collective concerns and promote a sense of community.
4. Resource Distribution: Distribute informational resources and support materials to students and staff, outlining available counseling services and coping mechanisms.
5. Collaborative Outreach: Collaborate with external mental health organizations to provide additional resources and expertise.
6. Peer Support Networks: Facilitate the creation of peer support networks among students and staff to encourage mutual assistance.
7. Long-Term Counseling Services: Ensure access to long-term counseling services for both students and staff members, recognizing that recovery is an ongoing process.

Strengthening Staff Responses and Fostering Resilience

To enhance staff responses to incidents, it is crucial to conduct an objective assessment of the current response. Take time to reflect on the incident and engage in open dialogue with fellow staff members who were involved. This collaborative process can uncover valuable insights and identify areas for improvement.

Managing a crisis is a challenging experience that can have a profound impact on everyone involved, including staff members. Recognizing the potential trauma of these situations is the first step toward building resilience. Taking care of one’s self during this time is essential for both physical and emotional well-being.

Building Resilience:

- **Reflect on the Experience: Acknowledge thoughts, feelings, and physical reactions to the incident.** Reflecting on the experience helps in processing emotions and developing effective coping mechanisms.
- Practice Self-Care: Prioritize self-care activities to maintain overall well-being. Ensure individuals get enough sleep, maintain a healthy diet, engage in regular exercise, and spend quality time with loved ones. Self-care provides the strength needed to cope with the challenges of crisis management.
- Seek Professional Support: If coping is challenging following the aftermath of a crisis, seeking professional support from a therapist or counselor can be immensely beneficial. A professional can assist in understanding emotions and developing healthy coping mechanisms tailored to your needs.

By fostering open dialogue, engaging in self-reflection, and prioritizing self-care, staff members can collectively navigate the aftermath of crises. Recognizing the trauma and proactively seeking support contribute to building resilience and fostering a supportive community within the school environment.

Recovery information is adopted from: Crisis Prevention Institute (2023). Nonviolent crisis intervention training. 3rd Edition.

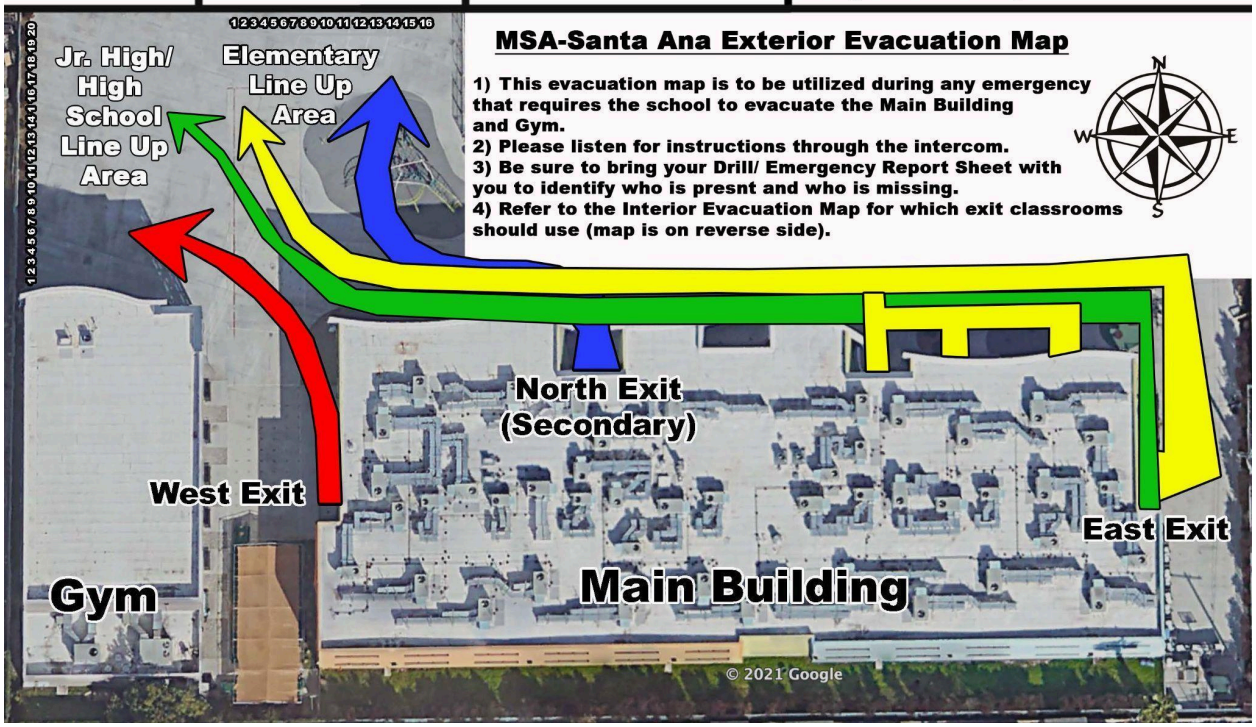
Color-Coded Classroom Evacuation Exits

Red Arrow - Bayraktar, Mercan, Chucker, Drewette, Dumlu, Bal, Nieto, Aksu, Orozco, Liberman, and Vasquez will use the West exit and line up along the West facing fence.

Green Arrow - Rohnke, Nguyen, Park, Mejia, Abdallah, Ruiz, Littlefield and Le will use the East exit and line up along the West facing fence.

Blue Arrow - Elementary classrooms Evans, Matthews, Ike, Muniz, Han, Alexander, Yusuf, Current, Doagner, and Wunderly will exit the North exit (the Back Office) and line up along the North facing fence.

Yellow Arrow - Elementary classrooms Zakka and Castro will exit through the TK/K playground. Berumen and Miller will exit through the East facing doors. Lamadrid, Davidson, and Think Together will exit through the Main Lobby.



MSA-Santa Ana Off-Site Evacuation Map

1) This evacuation map is to be utilized during any emergency that requires the school to evacuate away from the Main Building and Gym.
2) Please listen for instructions through the intercom.
3) Be sure to bring your Drill/ Emergency Report Sheet with you to identify who is presnt and who is missing.
4) Refer to the Interior Evacuation Map for which exit classrooms should use
5) All teachers will lead their students East to the 1st and Fairview intersection. Using the crosswalk, head North. And then head West, to the Iglesia de Cristo/ Suavecito Parking lot.

PTF = Parent Task Force

UCP = Uniform Complaint Procedures

CDE = California Department of Education

IDEA = Individuals with Disabilities Education Act

IEP = Individualized Education Program

504 = Section 504 of the Rehabilitation Act of 1973

SSPT = Student Services and Programs Team

HOST = Home Office Support Team

School Safety Plan (SSP): A detailed school emergency preparedness plan that covers prevention, response, and recovery procedures.

Incident Commander: The person responsible for directing emergency operations during a crisis.

Assembly Area: A designated safe location where students and staff gather during building evacuations to facilitate attendance taking.

Lockdown: An emergency protocol that secures school buildings and grounds during situations involving threats of violence.

ParentSquare: A school-to-home engagement platform used by the school to communicate essential information to parents/guardians.

Emergency Supplies: Resources like first aid kits, flashlights, batteries, blankets, and food/water that are critical for dealing with crises.

All Clear: An announcement made by the Incident Commander indicating that a crisis or emergency has ended and normal school operations can resume.

Crisis Response Team: A multidisciplinary school team trained in crisis preparedness, intervention, and recovery strategies to support the school community during and after critical incidents.

Recovery: The process of assisting students, staff, families and the greater school community in healing and overcoming trauma in the aftermath of a crisis/emergency.

Our Mission

Magnolia Science Academy San Diego will foster a positive and inclusive learning community where students are empowered to thrive academically and social emotionally.

Our Vision

At Magnolia Science Academy San Diego, we envision a vibrant learning community where every student feels safe, nurtured, and respected.

PURPOSE & PREPARATION

Statement of Purpose

The School Safety Plan is designed to foster a secure school environment, fostering an optimal learning experience and elevating student academic achievement. This plan is strategically implemented to safeguard the well-being of students and staff, offering a structured response to emergencies and a set of guidelines for preparedness. The primary objectives of this plan include:

1. Ensuring the safety and welfare of students and staff.
2. Providing a coordinated and effective response to emergency situations.
    - Encouraging collaboration among co-located schools for a unified emergency response. This collaborative effort encompasses comprehensive goals, activities, teams, and timelines, ensuring a collective commitment to the well-being of all individuals on campus.
3. Safeguarding the school's facilities and property.
4. Facilitating a swift restoration to normal conditions in the aftermath of an emergency, minimizing confusion.
5. Coordinating with local emergency services when necessary to enhance overall emergency response capabilities.

Plan Organization

Effectively managing emergencies demands a dual focus on thorough emergency preparedness and efficient emergency response capabilities. The School Safety Plan is organized into five essential components:

1. Purpose and Preparation: This component addresses anticipated threats and hazards to the school, emphasizing safety needs before, during, and after an incident. It serves as the proactive foundation for comprehensive emergency preparedness.
2. Prevention: Focused on education and awareness strategies, this component aims to empower members of the learning community with the knowledge and tools to prevent incidents. Proactive measures play a pivotal role in ensuring a secure environment.
3. Response: Strategies and procedures for drills and handling potential threats are outlined. This component ensures a swift and coordinated response during emergency situations, contributing to the preparedness of both students and staff.
4. Recovery: Post-incident, this component centers on establishing therapeutic rapport and utilizing school and community-based resources to address the emotional impact of the crisis. Recovery efforts are crucial for restoring a sense of normalcy within the learning community.
5. Quick Reference Guide: Serving as an internal tool, the Quick Reference Guide enables the rapid activation of the team and safety protocols specific to potential incidents within the learning community. This guide enhances the efficiency and coordination of emergency response efforts.

Safety Goals and Objectives

The emergency safety plans are carefully developed to address a range of potential crises, including natural disasters and fires. The school sites participate in regular disaster drills conducted throughout the academic year to ensure that students and staff are well-prepared for any emergency scenario. A crucial part of our planning process involves each MPS school site conducting a thorough review of school-specific data, leading to the identification of specific goals for the school year. This proactive approach ensures that our emergency preparedness measures are tailored to the unique needs and challenges of each school site, fostering a safe and secure learning environment for everyone in our community.

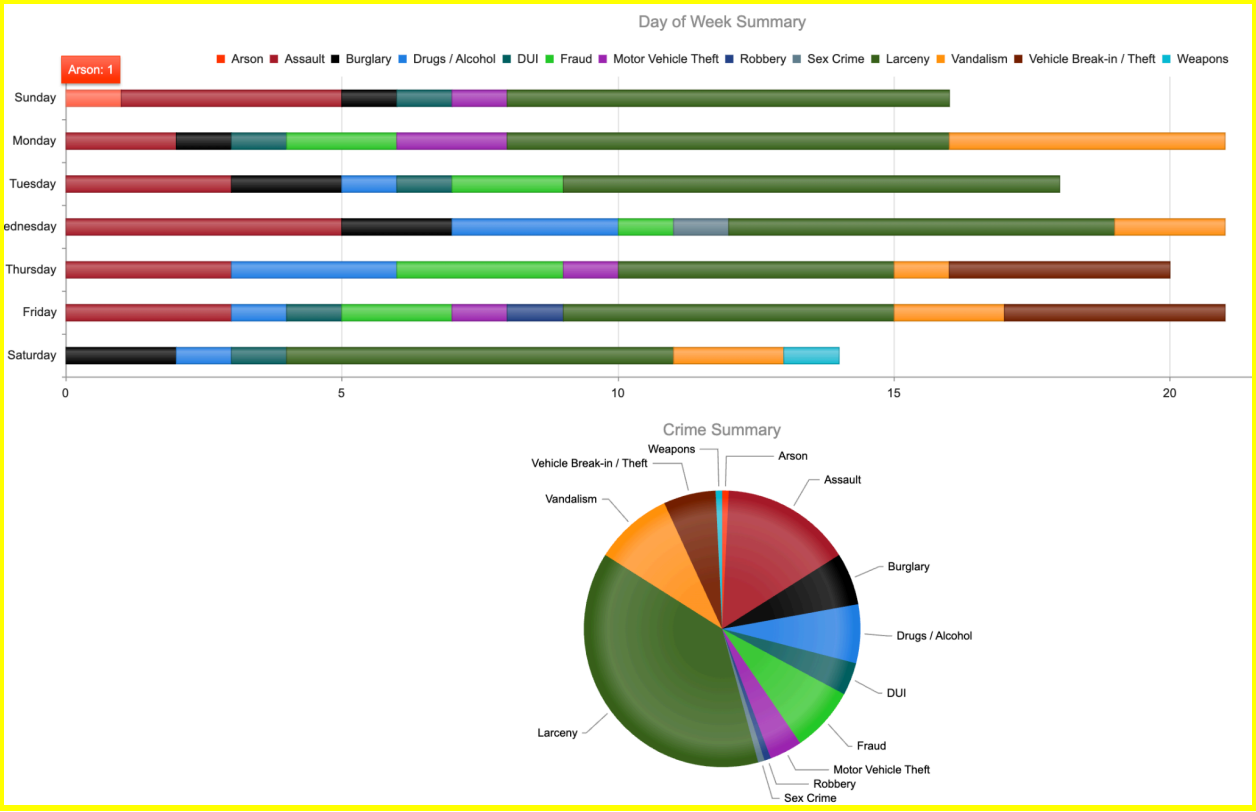
Assessment of Data

Local Crime Data

Data Source reviewed to develop statistical analysis was local Law Enforcement crime data via crimemapping.com

The top three crime violations in the area of 92120 from 8/11/25 to 1/16/26:

Type	Number
Total Crimes during time period from 8/11/25 - 1/16/26	13
#1- Larceny	50
#2 Assault	20
#3 Vandalism	12



This data is represented by the following graphic pulled from source website:
https://www.crimemapping.com/map/location/San%20Diego,%20CA,%20USA#

School-wide Data

Data regarding school community was compiled from Infinite Campus, local records, and logs. Data was reviewed on 1/6/26. The following data was reviewed:

	2023-24	2024-25	2025-26	Currently as of 1/6/26
Suspension Data Out-of-School	11	10	3	3
Suspension Data In-School	0	0	0	0
Expulsion Data	0	0	0	0
Office Discipline Referrals ODRs	21 (KB not implemented with fidelity)	52	39	39
Average Daily Attendance (ADA) Rate	93.75%	94.46%	95.93% YTD	95.93% YTD
Chronic Absenteeism Rate	18%	14.41%	7.98%	7.98%
Graduation Rate	n/a	n/a	n/a	n/a

The committee reviewed the data and identified the appropriate strategies and programs that provide high-level school safety. Those programs and strategies include:

- Parent/Student Handbook
- School Safety Committee
- Discipline Committee
- Administration
- Local School Administration
- Parent Advisory Committee
- Parent Task Force
- Student Leadership
- Local Law Enforcement Collaboration

We will continue to review data in the upcoming academic year to continually revise and identify appropriate strategies and programs that provide/maintain a high level of school safety, both on and off campus.

- ## Component 1: School Climate

Goal(s): All employees will uphold and implement all stated policies and procedures as noted in the school-wide safety plan.

- Objective: Annually, all employees will review the policies and procedures as noted in the safe school plan.
- Related Activities: Review regularly during Professional Learning Sessions, completion of training through CharterSafe, committee meetings, and safety meetings.
- Resources needed: Safety plan
- Person(s) responsible for implementation: Designated Administrator, Leadership Team
- Budget: Refer to schools' annual budget
- Evaluation guidelines: Educational Partner Surveys

Component 2: Physical Environment

Goal(s):

- Objective: School personnel will complete a minimum of 3 campus walkthroughs during the school year to identify areas of need
- Related Activities: : Teachers will report any concerns during weekly meetings or as needed
- Resources needed: We will use weekly staff meeting agenda and/or bi-weekly multidisciplinary leadership team meeting agenda
- Person(s) responsible for implementation: All Staff, Admin will take lead
- Budget: Refer to school's annual budget
- Evaluation guidelines: Educational partner surveys, KelvinEd and Along Data

Component 3: School's Social Climate

Goal(s):

- Objective: Students and staff will actively engage in the following: The WIZARD Way, Weekly Common SEL Lessons on Zones of Regulation/Be Good People, Along, and KickBoard.
- Related Activities: Provide professional development to reinforce The WIZARD Way, Weekly SEL Curriculum and KickBoard.
- Resources needed: Online SWPBIS system- KickBoard, Zones of Regulation Curriculum, Be Good People Curriculum and Along Resource
- Person(s) responsible for implementation: All Staff, Dean Of Students will take lead
- Budget: Refer to school's annual budget
- Evaluation guidelines: Educational partner surveys, attendance data, behavior data, Along data and KelvinEd data

Emergency Drill Evaluation

MPS Emergency Drill Evaluation (Google Form)

The MPS Emergency Drill Evaluation collects the following information:

- School site
- When did the emergency drill take place?
- Drill Type
- Date Conducted
- Time Started and Time Completion
- Alert Type
- Did everyone on campus participate?
- If parents/guardians participated, what were their roles?
- Rate students' performance of emergency procedures.
- Rate faculty's performance of emergency procedures.
- Rate emergency team performance of duties.
- Rate accounting for everyone.
- Rate alert system.
- Did the School Safety Committee and/or Emergency Team Leaders debrief after the drill?
- List the top lesson learned from this drill and how it will be addressed.
- What school-site training support would improve emergency drills and/or preparedness?

Emergency Drill Calendar

2026-2027

H.O.S.T. Crisis Communication

1.

PREVENTION

Employee Preparedness

Our commitment to ensuring a safe and secure school environment involves comprehensive measures to prepare and empower our staff for effective response during emergencies. Here are the key components of our Employee Preparedness plan:

Ongoing Preparedness Measures:

- Regular review of the School Safety Plan and other emergency policies and procedures.
- Familiarization with each employee's role during emergency situations.
- Knowledge and evaluation of required drills, ensuring staff are well-versed in emergency response procedures.
- Familiarity with the layout of buildings, grounds, and all emergency procedures.
- Review of the locations of emergency exits, fire extinguishers, fire alarms, and emergency equipment and supplies.
- Attendance at updated training sessions covering first aid, CPR, the use of fire extinguishers, and search and rescue, as necessary.

Employee Skills

At the commencement of each school year, the School Principal or designee will seek input from instructional and non-instructional staff to identify individuals with special skills or experiences that could be beneficial during an emergency. These employees may be assigned specific emergency management roles, such as first aid, CPR, search & rescue, and fire extinguisher training and certification.

The instructional staff is responsible for the following:

- Presenting instruction to students about emergency preparedness plans and student responsibilities during major emergencies.
- Maintaining readily accessible attendance sheets for use during evacuations.
- Updating and storing classroom emergency kits in safe, accessible locations.
- Full participation in fire, earthquake, and evacuation drills.
- Developing planned activities for students during periods of confinement in emergencies.

The School Principal, or designee, is responsible for the following:

- Assigning employees to specific roles based on their skills, abilities, and normal functions.
- Ensuring that all employees are familiar with site maps, evacuation plans, and are trained in emergency response roles.
- Updating lists of employees trained in first aid, CPR, fire extinguisher use, and search and rescue, arranging for update training as necessary.
- Regularly updating site floor plans showing evacuation routes, assembly areas, emergency supplies, equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut-off valves.
- Posting emergency procedures in visible locations across the school.
- Updating the list of disabled students or employees, arranging for evacuation assistance or other special assistance as needed.
- Testing the site warning system and ensuring signal recognition by employees and students.
- Conducting an inventory of all emergency supplies and equipment, replacing used or outdated items.
- Maintaining a list of emergency phone numbers in readily accessible locations.

Employee/Student Special Needs

Employees and students with special needs are encouraged to self-identify their specific requirements during emergencies. At the beginning of each school year, parents are asked to provide written information and instructions concerning the specific needs of students. Areas of the school with employees and/or students with permanent mobility impairments should maintain any necessary evacuation devices on each floor where such individuals are located.

Emergency Onsite Personnel

Emergency phone contacts for staff will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc., will also be noted on a list kept at the school.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

Reporting the information regarding a case of possible child abuse or neglect to your supervisor, the School principal, a School counselor, coworker or other person shall not be a substitute for making a mandated report to Child Protective Services or law enforcement.

MPS will provide annual training on the mandated reporting requirements, using the online training module provided by MPS, to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the course of the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one-thousand dollars ($1,000), or by both.

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of employment.

Reportable Offenses

A mandated reporter is obligated to report whenever, in their professional capacity or within the scope of their employment, they have knowledge of or observe a child whom they know or reasonably suspect has been the victim of child abuse or neglect (Penal Code 11166).

Responsibility for Reporting

Mandated reporters must take immediate action whenever they have knowledge of or observe suspected child abuse or neglect within their professional capacity or employment scope (Penal Code 11166).

Reporting Procedures

1. **Initial Telephone Report**
   Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department (Penal Code 11165.9, 11166).

   - Los Angeles County 800-540-4000 or https://reportChildAbuseLA.org

- Orange County 714-940-1000 or 800-207-4464 and Forms | County of Orange Social Services Agency
- San Diego County 858-560-2191 or 800-344-6000

2. **Written Report**
   Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572) (Penal Code 11166, 11168).
3. **Confidentiality**
   Mandated reporters are assured that the reporting process is confidential, and their identity will be protected. Ensuring the safety of the child is the top priority, and the reporting process is designed to support this goal.

Investigation of Suspected Child Abuse or Neglect by Peace Officers - PC 11174.3

A suspected victim of child abuse or neglect may be interviewed during school hours, on school premises, by a representative of a governmental agency investigating the case, or by the State Department of Social Services when deemed necessary. The investigation is based on a report of suspected child abuse or neglect that occurred within the student's home or out-of-home care facility. The student must be given the option of being interviewed in private or selecting a member of the school staff, whether certificated or classified, to be present at the interview.

The selected staff's role is to provide support to the student and to help the student feel as comfortable as possible; it is not to participate in the interview and discuss the case with the student. The principal or the principal's designee should remind the staff member selected of the staff member's role and the requirement to maintain confidentiality prior to the interview. The staff member selected may decline the request to be present at the interview; however, if the staff member agrees to be present, the interview must take place during school hours.

Releasing a Student to a Peace Officer - EC 48906

When a minor student is released to a peace officer for the purpose of removing the student from the school premises, a school official must take immediate steps to notify the parent or responsible relative of the student of such removal and the place to which the student is being taken.

In the case where the student is being taken into custody as a victim of suspected child abuse, the school official must provide the peace officer with the address and contact information of the student's parent. It is the responsibility of the peace officer to contact the parent.

Procedures for Supervision and Protection of Children from Abuse, Neglect, and Sexual Offenses

In addition to strict compliance with the reporting policy above, the school shall implement the following procedures to minimize opportunities for abuse, neglect, or sexual offenses.

Procedure	Details
Two-Deep/Visible Supervision	No employee, volunteer, or contractor shall be alone with a single student behind a closed door or in an isolated area without another adult present or visible.
Line-of-Sight Supervision	Staff shall maintain visual contact with students during recess,

	transitions, restroom breaks, and after-school activities. High-risk areas (locker rooms, storage rooms, offices) shall be monitored or equipped with windows or open doors.
Private Electronic Communication Prohibited	Staff may not communicate privately with students via personal phone, text, social media, or apps. All school-related electronic communication must use school-approved platforms with at least one other adult copied or able to monitor.
Physical Contact Boundaries	Physical contact shall be limited to what is appropriate and necessary (e.g., high-fives, side hugs, brief comforting). Staff shall avoid lap-sitting, tickling, piggy-back rides, or any contact with private body areas.
Transportation & Off-Campus Activities	At least two adults must be present in any vehicle transporting students. One-to-one transportation of a single student by one adult is prohibited except in documented emergencies.
Visitor & Volunteer Screening	All visitors and regular volunteers shall sign in, wear identification, and be supervised at all times. Background checks are required for any adult with unsupervised student contact.
Restroom Policy (Elementary)	Adults may not enter student restrooms while occupied unless an emergency exists and another adult is present.
Annual Review of Physical Plant	The school shall annually identify and mitigate blind spots, inadequate lighting, or isolated areas.

The school strictly follows all applicable fingerprint background check requirements for employees, contractors, and volunteers.

Additional policies and procedures to prevent abuse, neglect, and sexual offenses are included in the school's Professional Boundaries policy, Visitor and Volunteer policies, and Employee Handbook.

Procedures for Safe Ingress and Egress from School

Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.

1. Availability of Maps: Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.
2. Visitor Protocol: Visitors and guests are welcome at the school, but reasonable precautions are taken to safeguard students and staff. Visitors should:
    - Report and sign in at the office.
    - Be provided with a visitor's badge.
    - Be prepared to provide identification to school personnel.
    - Respect school rules.
3. Exterior Door Management:

- School personnel should ensure that all exterior doors are marked with a notice instructing visitors to report to the office first. Exterior doors, except those near the office, should remain locked to control access.

4. Staff Training:
    - School staff should receive training on how to greet visitors, with the first question being "May I help you?" Someone should greet every visitor.
5. Response to Intruders:
    - Any intruder found roaming the building without a visitor's badge or visible identification should be escorted to the office. School personnel in the office can then provide additional information or directions.
6. Progressive Response to Non-Compliance:
    - Visitors who fail to comply with school procedures should verbally be informed of the violation. If non-compliance persists:
        - Notify the office of the situation.
        - Follow the person if possible and continue to give notice of the violation of school rules.
        - Notify the police or call 911.
7. Building-Wide Notification Plan:
    - In case of an intruder(s), the office should activate a building-wide notification plan:
        - Make a PA announcement using predetermined code phrases.
        - Instruct classroom doors to be closed.
        - Advise students to remain in their current areas.

Social Climate: School and Physical Environment

At MPS, we firmly believe that safety and education are a shared responsibility among parents, teachers, and students. Our school's successful operation relies on the cooperation of everyone involved. Each group holds a responsibility to contribute, creating an environment where learning, safety, and play can harmoniously coexist. We uphold the principle that every individual, regardless of color, race, gender, popularity, ability, religion, or nationality, has the right to feel safe, secure, and accepted.

Our vision is shared through the student-parent handbook, a tool that communicates our expectations to students and parents alike. MPS is a reflection of all of us, and our policies are crafted to provide a safe and orderly environment conducive to learning. Our dedicated faculty and staff eagerly anticipate sharing their expertise in academics, special programs, and extracurricular activities.

To make MPS a thriving community, we encourage active participation from students and parents. Explore our programs, activities, and schedule, and become an engaged participant in your education through classes, clubs, and various activities. We recognize that a school environment thrives when governed by clearly defined and implemented rules. To this end, MPS has compiled a comprehensive student-parent handbook, addressing the school's regulations and policies to set a standard for the entire school community.

Effective Communication

Open and effective communication is essential for addressing issues or concerns that may arise with teachers, staff members, or administrators. We encourage both students and parents to approach the person directly involved when faced with a situation of concern.

For Students: If a student encounters a challenge at school, we believe in empowering them to communicate and seek resolution. In cases involving classroom situations or issues with teachers, we recommend the following steps:

1. Talk with the Teacher - The student should be encouraged to express their concerns directly to the teacher. Open dialogue between students and teachers is the foundation for understanding and resolving issues.
2. Talk with an Administrator - If the issue persists or if the student is uncomfortable talking directly to the teacher, the student is encouraged to approach an administrator.

3. Parental Involvement - In instances where the student is reluctant to speak with the teacher or administrator, the parent may accompany the student and facilitate the conversation with the teacher.

It is crucial to demonstrate to children how to actively and constructively solve problems. If a concern is significant enough for a child to discuss, it is equally important for them to learn how to be part of the solution. Encouraging problem-solving skills empowers students to take an active role in creating a positive and solution-oriented school environment.

Parent Concern

Addressing concerns in a timely and effective manner is crucial for fostering a positive school environment. Parents are encouraged to follow these steps when dealing with concerns:

1. Initiate a Conversation with the Teacher. In the initial stages of any concern, it is recommended to talk directly with the teacher. Teachers can provide insights into classroom situations from both an adult and professional perspective, often resolving misunderstandings through open communication.
2. Follow up with the Teacher if Necessary. If the concern persists after an initial conversation, it is advisable to revisit the issue with the teacher. Open dialogue allows for continued communication and a more in-depth understanding of the situation.
3. Schedule an Appointment with the Administrator. If resolution is not achieved at the teacher level, parents are encouraged to make an appointment with the relevant administrator. Thai step ensures that concerns are elevated to the appropriate authority for further consideration.
4. MPS Home Office Communication. If concerns persist even after meeting with the Principal, the parent is encouraged to complete the appropriate form available in the MPS Student-Parent Handbook. The form should include details about the complaint and the steps taken to resolve it. Once completed, contact the MPS Home Office to ensure a thorough and documented review of the matter.
5. MPS Board Communcaiton. If necessary, the next level of communication involves reaching out to the MPS Board. Parents may initiate this process by revising the form originally submitted. The MPS Board will consider the matter at its next meeting, providing a transparent and structured approach to addressing concerns. In the event that the Board decides not to hear the complaint, the Superintendent's decision will be considered final.

Communication Channels. Teachers, staff, and administration are accessible through email, phone, in-person meetings, and by appointment. However, due to busy schedules, we request parents to schedule meetings in advance rather than dropping in. This ensures that everyone involved can allocate time for a focused and productive discussion.

Respectful and Constructive Communication. MPS emphasizes the importance of maintaining respectful and constructive communication. Parents are kindly requested not to "drop-in" for appointments and should avoid engaging with teachers, other parents, students, or administrators in a disrespectful or threatening manner.

Students Responsibilities

I am aware of my responsibilities and will do my best to satisfy my parents'/teachers' expectations at MPS because this will help me do better in the future. I agree to really try and do the following:

- I will come to school dressed in uniform every day and on time.
- I will be prepared for all my classes with all required materials.
- I will complete class work and homework on time.
- I will do all the homework assigned to me the best way I can and ask for help when needed.
- I will strive consistently to give my best, and to make my best academic progress.
- I will act responsibly and respectfully at all times and towards all members of the school community.
- I will follow all school rules.
- I will obey the School's Code of Conduct.

- I will respect my property, that of others, and that of the School.
- I will take good care of my books, and other materials the School allows me to use.
- I will serve my community.

Parent Responsibilities

I understand that my child's studies are very important and my participation in activities at MPS is a critical component of my child's educational success. Therefore, I agree to carry out the following responsibilities to the best of my ability:

- I will take a positive and active role in supporting my student's education.
- I will make certain my student attends school regularly and on time.
- I will notify school when child is absent and provide appropriate documentation.
- I will ensure that my student follows the school attendance policy and dress codes.
- I will ensure that my child come to school rested, clean, well-fed, and appropriately dressed (in student uniform).
- I will notify office immediately if there is a change of home address or phone number.
- I will set aside a specific time and place for my student to do homework.
- I will support my student in completing homework, including, if necessary, limiting time watching television, computer gaming, and recreational internet use.
- I will allow my student to attend remedial and other programs offered if requested by the school as is needed for individual improvement.
- I will set up a college-bound environment at home and support my student through the college admission and scholarship-finding process.
- I will emphasize my child adheres to the MPS Discipline Code at all times.
- I will enforce the School Code of Conduct with my child, including ensuring my child is wearing the uniform and promoting respect for teachers and all adults and students.
- I will follow through with any problem behaviors noted by the School.
- I will attend orientation meetings prior to the start of School.
- I will communicate regularly with my student's teachers to ensure his/her academic success (includes attending at least two conferences in a school year).
- I will review information and work sent home and/or posted online for parents and students via the school website and the online Student Information System and respond as necessary (computer access is available for parents at School if needed).
- I will review progress reports that are sent by the School and respond as necessary.
- I will encourage positive attitudes toward school.
- I will talk with my student about what he/she is learning.
- I will expect and encourage my student to be focused on learning.
- I will expect and support my student to strive consistently to give his/her best, and to make his/her best academic progress.
- I will assure that my child does not destroy materials (textbooks, equipment, etc.) and/or MPS property.
- I will pay for any damages to materials and/or property incurred by student.
- I will assure that students do not bring destructive materials to school (markers, paint, etc.)
- I will assure that all school materials loaned to students will be returned in the condition issued (textbooks, library books, etc.) I will pay for any lost or damaged books in CASH only.
- I understand that a student's bringing or possession of any weapon is grounds for expulsion from the Charter School.
- I will complete and return all necessary school forms and documents on time as requested by school officials.
- I will try to volunteer at School when requested. (Parents/guardians are not required to volunteer for MPS.)

School Responsibilities

- The School will provide a high-quality curriculum and instruction in a supportive and effective learning environment that enables all students to meet the State Core Curriculum Content Standards in all content areas through an aligned curriculum and rigorous assessment.
- The School will provide a variety of support programs to enhance instruction at all grade levels.
- The School will send frequent reports to parents on their child's progress.
- The School will hold parent-teacher conferences during which this Compact will be discussed as it relates to the individual student's achievement. Conference dates will be listed on the school calendar and additional dates will be sent through notification by the School.
- The School will grant parents reasonable access to staff by appointment through the office.
- The School will provide parents with the ability to observe classroom activities by appointment through the office.

Building Capacity for Engagement

Infinite Campus

MPS leverages the Infinite Campus online web portal to enhance efficient communication among parents, students, and teachers. Each teacher maintains a dedicated grade book for every class, providing a centralized hub for course-related information. Teachers regularly update and share course materials, homework assignments, projects, and course grade statistics, as well as detailed records of students' performance, including grades on quizzes, tests, class participation, and homework assignments. Access to these resources is secured through confidential passwords, ensuring a private and secure environment for students and parents to stay informed and engaged in their academic journey.

ParentSquare

MPS utilizes ParentSquare, a school-to-home engagement platform, to streamline communication between the school and parents. This dynamic platform facilitates automated messages tailored to individual students, delivering key information directly to parents. Utilizing ParentSquare, MPS communicates essential details such as attendance information, news updates, upcoming events, opportunities for parent and family engagement, surveys, resources for parent education, and more. With seamless integration into Infinite Campus, multilingual translation capabilities spanning over 100 languages, and versatile access through the app, email, text, voice, and web portal, ParentSquare ensures inclusive and equitable communication, fostering strong connections between the school and all families.

Parent Advisory Committee (PAC)

In adherence to the Local Control and Accountability Plan (LCAP), the invaluable input of educational partners—including students, families, staff, and community members—is paramount. To fortify the collaborative relationship among these educational partners and review the LCAP along with its various components crucial to student success, schools will host PAC (Partnership Advisory Committee) meetings. PAC meetings will replace School Site Council (SSC) gatherings, streamlining efforts to enhance meeting effectiveness and efficiency.

Scheduled throughout the school year, PAC meetings will actively engage in:

- Planning, Reviewing, and Enhancing LCAP, Title I, and Part A Programs: The committee will play a pivotal role in evaluating and refining the LCAP, Title I, and Part A programs, ensuring alignment with the overarching goals of the LCAP.
- Primary Oversight of Parent and Family Engagement Policy: PAC will serve as the primary committee responsible for reviewing and shaping the parent and family engagement policy. Additionally, if applicable, the committee will extend its purview to other school program plans, fostering a comprehensive approach to school improvement.

Collaboration between school leadership and PAC will be integral to ensuring active parental involvement in the school improvement process. This strategic shift aims to promote effective communication and collective decision-making for the betterment of our educational community.

Parent Task Force (PTF)

Our Parent Association conducts annual elections to fill key positions including President, Vice President, Treasurer, and Secretary. A consistent 10% of our parents actively participate in monthly Parent-Teacher Fellowship (PTF) meetings, creating a dedicated forum for collaborative efforts. PTF meetings serve as a platform where parents take the lead, steering discussions and garnering support for ongoing fundraising initiatives, cultural events, and engagement opportunities designed for all families.

Led by elected PTF Committee Officers, chosen by families vested in supporting the success of all students at MPS, these meetings foster an environment of shared interest and collective dedication. Throughout these gatherings, parents collaborate, pooling their experiences and skills to strategically work towards common goals that propel student success. This approach ensures a dynamic partnership between parents and the school community, actively contributing to the holistic development and achievement of our students.

Professional Development

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive training on school-wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, training on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying-related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015.

Physical Environment

MPS is dedicated to providing a safe, healthy, and nurturing environment characterized by trust, care, and professionalism. To achieve this, we have implemented a comprehensive set of health, safety, and risk management policies that comply with all applicable state and local laws and regulations. The on-site school administration consistently monitors activities to ensure the safety and security of our students. Parents and students are informed through the MPS Student-Parent Handbook about these policies, covering essential aspects of our commitment to safety.

MPS commitment extends to maintaining a drug-free, alcohol-free, and tobacco-free zone within the school premises, accompanied by a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyberbullying through school-wide assemblies and engaging guest speakers. All staff members are designated mandated reporters for cases of child abuse or violence, further reinforcing our commitment to student well-being.

In preparation for emergencies such as natural disasters and fires, we have developed and communicated emergency safety plans. Each classroom is equipped with these plans, and disaster drills are practiced regularly throughout the year. Our collective efforts create a secure and supportive environment that fosters the academic and personal growth of our students.

Instructional Continuity Plan for Site-Based Schools

INTRODUCTION

Pursuant to Senate Bill 153 and California Education Code section 32282, subdivision (a)(3)(A), Magnolia Public Schools ("MPS" or "Charter School") adopts the following Instructional Continuity Plan ("ICP") to establish communication with students and their families and provide instruction to students when in-person instruction is disrupted due to an emergency or a natural disaster.

The Instructional Continuity Plan ("ICP") states how MPS will:

1. Establish communication with students and families not later than five (5) calendar days after an emergency or natural disaster that disrupts in-person education, with the goal being to establish two-way communication and to identify and provide students with social-emotional, mental health, and academic supports; and
2. Establish access to alternative in-person instruction, remote instruction, or a hybrid model no more than ten instructional (10) days after an emergency or natural disaster disrupts in-person education.

DEFINITIONS

- "Remote Learning" means instruction in which the student and certificated teacher are in different locations and instruction shall be aligned with traditional independent study per Education Code 51745-51747.5. Instructional time shall be based on the time value of the learning tasks and assignments delegated by the teacher.
- "In-person instruction" means instruction under the immediate physical supervision and control of a certificated employee of the Charter School while engaged in educational activities required of the student.
- "Two-way communication" may include phone calls, email, or instant messaging through ParentSquare, the Charter School's portal.
- "Emergency or natural disaster" may include wildfires, earthquakes, severe weather, floods, landslides, tsunamis, pandemic, infectious disease outbreaks, chemical/hazardous materials spill or threat, etc.

STUDENT AND FAMILY ENGAGEMENT

To provide consistency during an emergency, the Charter School's primary mode of communication shall be through ParentSquare. This platform provides a secure environment to communicate with each student and their parent/guardian through instant messages, classroom postings, flyers, and embedded documents. In addition to ParentSquare, teachers will communicate with parents/guardians on a regular basis through traditional communication channels (i.e. phone calls, online classroom postings, Zoom, through Google Classroom etc.) regarding each student's academic progress, attendance/participation, behavior, and social-emotional well-being.

Initial Notification MPS shall:

Engage students and families as soon as practicable following an emergency or natural disaster that disrupts in-person learning. The initial communication establishing two-way communication with students and their families shall occur no later than five (5) calendar days following an emergency. This communication shall:

- Notify students and families that in-person instruction will be closed as a result of the emergency or natural disaster;
- Provide students and families with a status update, based on the most up-to-date and credible sources available, on the nature and extent of the emergency or natural disaster;
- Inform the Charter School community of the methods the school will use to communicate with students and families while in-person instruction is disrupted;
- Request that students and families check in and report their physical well-being, as well as any immediate social-emotional, mental health, and academic needs;
- Provide support for students' social-emotional, mental health, and academic needs by using internal resources to the extent available, and by referring families to any community-based or emergency-focused resources and services providers that may be available; and

Remote Instruction

Charter School shall provide access to in-person or remote instruction as soon as practicable, but no more than ten (10) instructional days following the emergency or natural disaster, which includes:

- If in-person instruction is not feasible, the Charter School will provide remote instruction pursuant to MPS's Independent Study Policy and procedures; and
- Provide access to instructional resources such as a laptop, internet, and instructional materials to participate in remote instruction as follows:

    - Students will have access to lessons via an online portal, such as Google Classroom.
    - If the online portal is not accessible due to unforeseen disruptions, students and families will be provided printed, weekly packets to ensure schoolwork from teachers related to assignments, instruction, and assessments is uninterrupted; or
    - If an emergency or natural disaster disrupts in-person learning and independent study is not feasible, a student may also be offered enrollment in or be temporarily reassigned to another site, school district, county office of education, or charter school[1]. This information will be determined on a case-by-case basis and communicated to each impacted family.

Communication

MPS's communication platform is ParentSquare and all communications regarding an emergency or natural disaster will be posted on this platform, which is accessible to all students, parents/guardians, and MPS employees.

ParentSquare will also be used to provide instructions to the school community regarding how and when families will access instruction, academic supports, social-emotional resources, and important updates regarding when in-person instruction will resume.

Other forms of communication will be as follows:

- Questions regarding academic instruction, assessments, homework, etc. will occur through Google Classroom;
- Teachers will communicate with parents/guardians on a regular basis through traditional communication channels (i.e. email, phone calls, ParentSquare messages, or Google Classroom messages;

- The Charter School's website and ParentSquare will:

  - Identify whether instruction is in-person, remote, or hybrid;
  - Provide updates and solutions about the impact the emergency or natural disaster is having on providing in-person, remote, or hybrid instruction; and
  - Provide an outlook for when and how normal operations will resume. through the Charter School's ParentSquare, and when in-person instruction will resume.

- If the emergency or natural disaster has negatively impacted power or internet services, flyers will be posted at local community centers, libraries, and other publicly accessible locations.

This information will be provided upon the Charter School's emergency closure and updated every day.

INSTRUCTION AND ASSESSMENT

Independent Study Agreements

All students will be asked to sign an independent study agreement during the enrollment/re-enrollment period every year to ensure agreements are in place prior to an emergency or natural disaster that limits or prevents access to the school site.

Course Content

The Charter School shall provide content aligned to grade level standards that is substantially equivalent to in-person instruction. For high school grade levels this shall include access to all courses offered by the Charter School for graduation and approved by the UC or CSU as creditable under the A-G admissions criteria.

Assessments

Teachers will use the following assessment tools to check for student understanding: Teacher-created tests and assessments, Progress/Report Cards, Chapter/Unit Tests, Work Samples, Portfolios, State Standards testing, journals, presentations, quizzes, labs, interim assessments, and final examinations.

The Charter School will use multiple assessment tools to determine each student's areas of progress and growth including: reading difficulty screener (K-2), NWEA Measures of Academic Progress testing, and IXL.

Each student and their parent/guardian will receive confidential results of the above assessments through Google Classroom or Infinite Campus.

Academic Support

Students demonstrating the needs for additional support will be contacted by the school site's Academic Lead, to discuss remedial measures or to convene a Student Support Team ("SST"), Section 504, or Individualized Education Program ("IEP") Team meeting to review additional accommodations, services of support.

Teachers will maintain virtual office hours to provide students or a parent/guardian the opportunity to clarify assignments, request additional academic support, or address other areas of concern. Each teacher's office hours will be posted within their virtual classroom.

EQUITABLE ACCESS

The Charter School shall utilize its multi-tiered systems of support ("MTSS") to address the needs of pupils who are not performing at grade level, or who need support in other areas, such as English Learners, pupils in foster care or pupils who are experiencing homelessness, and/or pupils requiring mental health support. The Charter School complies with the Individuals with Disabilities Education Act ("IDEA") and is committed to meeting the needs of individuals with exceptional needs in order to be consistent with the pupil's individualized education program ("IEP"). Policies, procedures, and guidelines are in place to ensure that pupils are identified, assessed, and provided a free appropriate public education in the least restrictive environment. The school complies with Section 504 of the
federal Rehabilitation act of 1973 (29 U.S.C. Sec. 794) and is committed to providing equivalent access to and providing a free appropriate public education to all students with disabilities.

Students with Disabilities

The Charter School shall provide and maintain all accommodations and services in accordance with the emergency alternative plan outlined within each student's IEP and Section 504 Plan.

The Academic Lead or Special Education Coordinator will oversee the implementation of each student's IEP within the remote learning environment. All inquiries related to a student's IEP should be directed to the Director of Special Education at (213) 628-3634.

The Academic Lead will oversee the implementation of each student's Section 504 Plan within the remote learning environment. All inquiries related to a student's Section 504 Plan should be directed to the Director of Special Education at (213) 628-3634.

English Learners

All students who are English Learners ("EL") will receive English Language Development ("ELD") support while enrolled in remote learning. Each teacher will be responsive to each EL students' different strengths, needs and identities, and support the socio-emotional health and development of English learners through structured lessons that explicitly target language development skills in reading, writing, listening, and speaking, interactive activities, scaffolding, visual aids, and differentiated instruction to meet each student's unique needs.

The Academic Lead or EL Coordinator will oversee the implementation of designated and integrated ELD within the remote learning environment. All inquiries related to an EL should be directed to the Director of EL and ELA Programs at (213) 628-3634.

Homeless and Foster Students

A student in foster care or a student who is experiencing homelessness will be provided additional support through the Charter School's MTSS and may contact the Homeless Student Liaison or the Foster Student Liaison at (213) 628-3634 for additional support.

The National Center for Homeless Education's Helpline is also staffed Monday-Friday, 9:00 AM to 5:30 PM Eastern Time. Email: NCHE.helpline@safalpartners.com or phone: +1 305-306-8495.

Mental Health Needs

MPS recognizes that when an emergency or natural disaster occurs it can cause unidentified and unaddressed mental health challenges. Access to mental health services is not only critical to improving the physical and emotional safety of students and employees, but it also helps address barriers to learning and provides support so that all students can learn problem-solving skills and achieve in school and, ultimately, in life. The following resources are available to your child during an emergency:

Available through the Charter School: Students and families will continue to have access to counseling services to support their mental health and emotional well-being. School psychologists and counselors will be available through virtual platforms, phone calls, and email to provide counseling check-ins, crisis intervention, and resources tailored to individual needs. These services aim to ensure continuity of care and help families navigate any challenges they may face during this period.

Available in the Community:

- CareSolace is available to quickly connect the school community to available mental health providers, substance use treatment, and social services matched to their needs. CareSolace can be reached at:
  - Call 888-515-0595. Multilingual support is available 24/7/365
  - Visit www.caresolace.com/mpsfamilies and either search on your own OR click "Book Appointment" for assistance by video chat, email, or phone

Available Nationally:

- National Suicide Prevention Hotline - This organization provides confidential support for adults and youth in distress, including prevention and crisis resources. Available 24 hours at 988 or 1-800-273-8255.
- The Trevor Project - This organization provides suicide prevention and crisis intervention for LGBTQ youth between the ages of 13 and 24. **Available at 1-866-488-7386 or visit** https://www.thetrevorproject.org/**.**
- Big Brothers/Big Sisters of America – This organization is a community- based mentorship program. Community-specific program information can be found online at https://www.bbbs.org or by calling (813) 720-8778.

ADDITIONAL SUPPORT SERVICES

Meals

If meal service is disrupted at the school Magnolia Public Schools will work with our food service providers, following the National School Lunch program distribution meal program guidelines, so that all students are appropriately serviced. This

includes but is not limited to curbside pick-up, delivery, or frozen multiple meal packages. Meal service times will be communicated with families via ParentSquare.

Expanded Learning Program

If the expanded learning program is interrupted, the Charter School will provide expanded learning opportunities, virtually. Virtual expanded learning opportunities will include an academic enrichment (homework help, tutoring, etc.) component and an educational enrichment (E-Sports, virtual field trips, STEAM clubs, etc.) component. If the Charter School's expanded learning program is sub-contracted to a third-party vendor, the Charter School will collaborate with the third party vendor to ensure the proper implementation of expanded learning programming that includes an academic enrichment component and educational enrichment component.

PROFESSIONAL LEARNING

Within a ten (10) day window of moving into remote learning, MPS will provide teachers with training on the tools, platforms, and strategies to be adept at online or paper packet lesson plan development, assessing students, and supporting diverse learners during remote learning. The Charter School will also provide professional development on virtual classroom management.

RETURN TO IN-PERSON LEARNING

The conditions to be met prior to returning to in-person learning may include, but are not limited to the following:

- Evacuation orders lifted
- Power and utilities functioning
- Healthy air quality
- Access to safe and clean water
- Campus free from debris and hazards
- Internet fiber lines connected and functioning
- Staff to cover those affected by the fires
- Kitchens up and running for meals

Multi-Tiered System of Response to Behavior

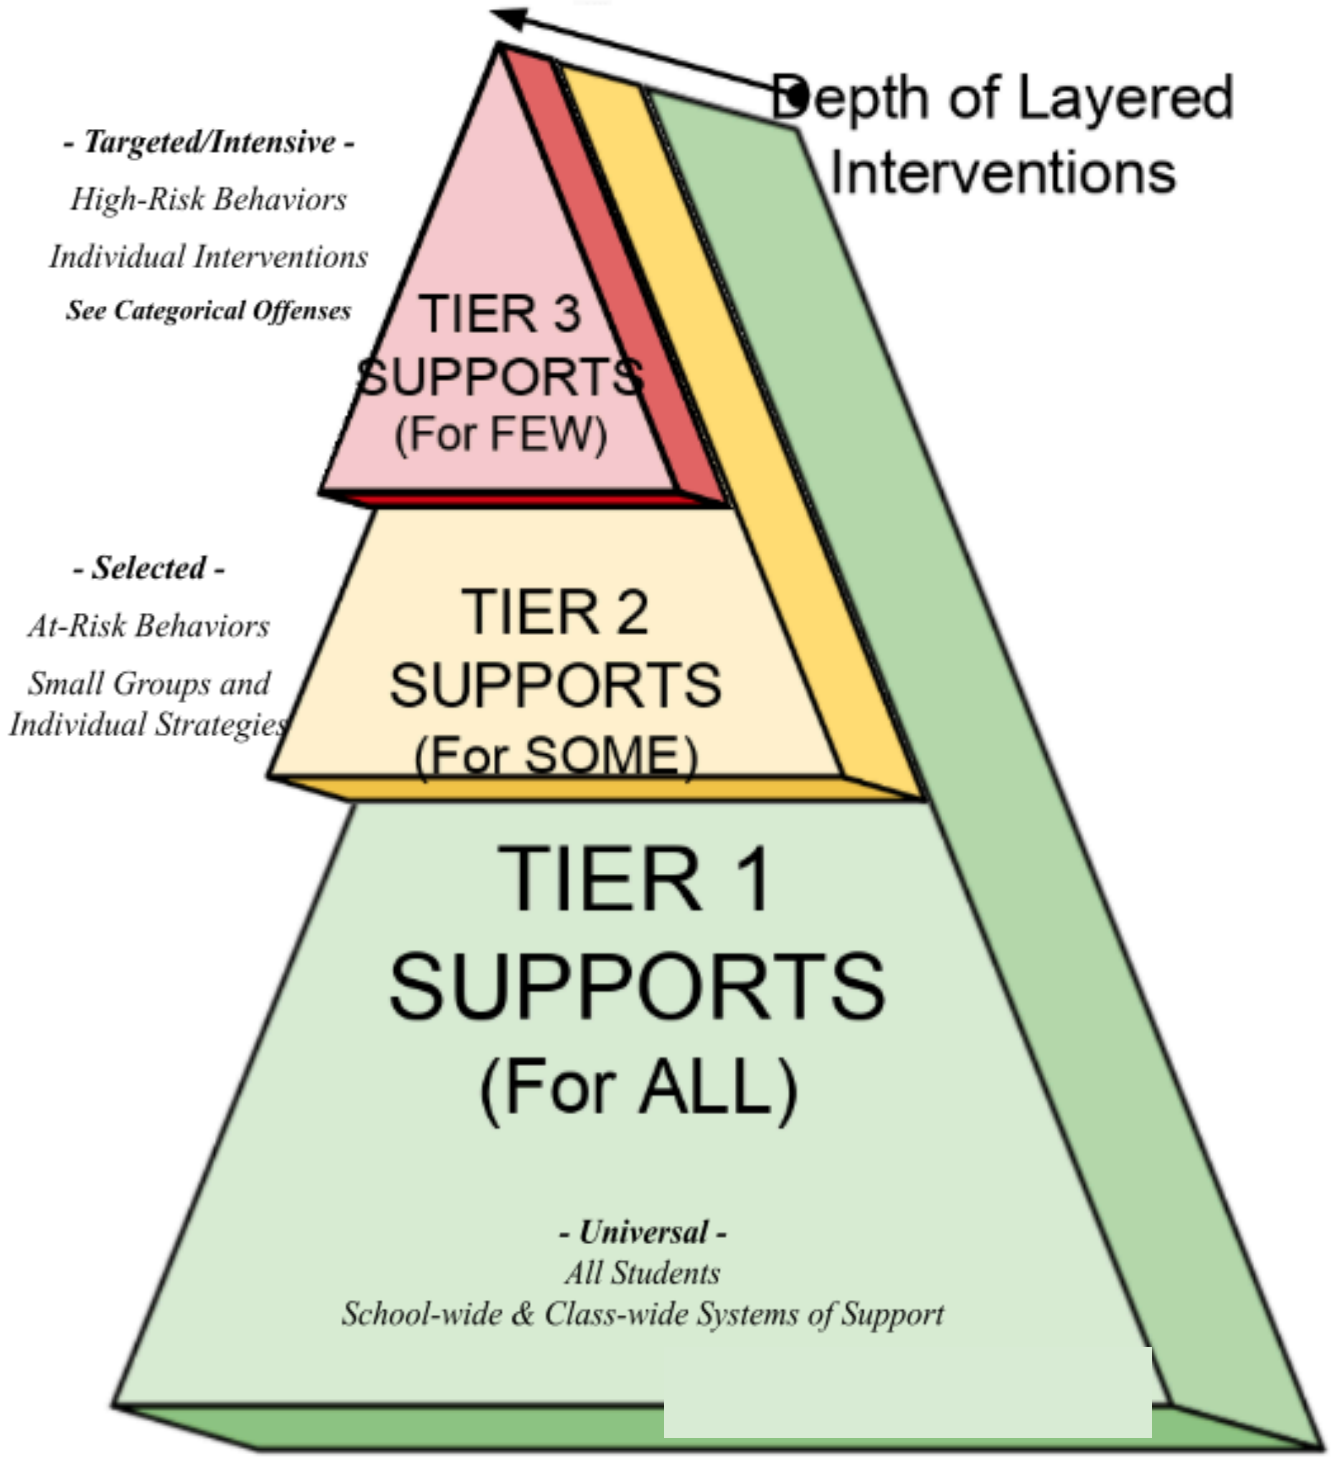
MPS maintains as a priority reinforcing positive behavior through intervention supports. Should students continue to make poor choices the administration team and school staff will create a plan with the parent/guardian to decrease unwanted behaviors and reinforce desired behaviors. Students and guardians have access to the school SIS as a means of staying informed on student progress. The student, family, and school connection is part of the Positive Behavioral Interventions & Supports (PBIS) model for our learning community and it takes collaboration with all educational partners.

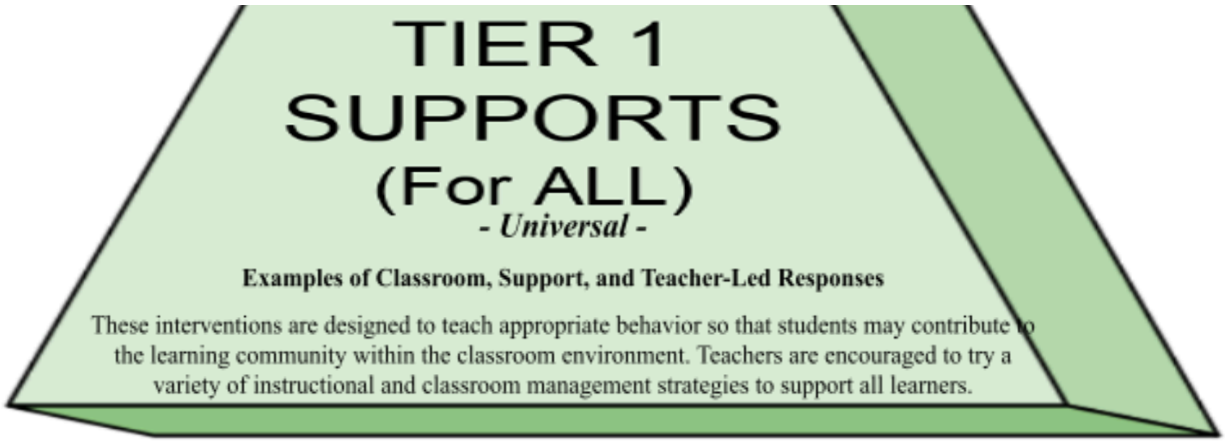
All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words, MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption to the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the rights of students to lawful student expression, as outlined in the “MPS Student Freedom of Speech/Expression Policy” available in the office of each MPS school.

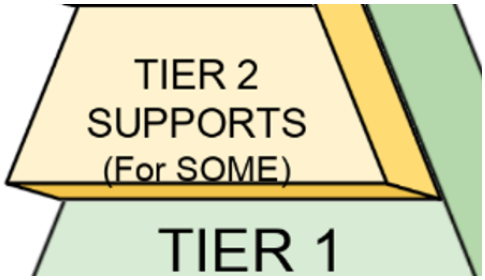
The following charts and tables delineate unacceptable types of behavior in three levels and possible interventions as part of MPS’ system of response to behavior.

Multi-Tiered System of Response to Behavior





Level 1 Infractions	Interventions
• Invading personal space • Antagonizing others • Violation of school/class rules • Horseplaying • Violating off-limits/restricted area • Habitually tardy and/or not being in assigned location • Disrupting the learning environment/Off task • Littering • Not having proper materials, supplies, and/or equipment for class participation • Inappropriate use of electronic devices • Dress code violation • Inappropriate language/actions (hurtful, vulgar, gossip, etc.) • Passive participation in hurtful acts/words against others • Lewd or inappropriate displays of affection • Refusing to cooperate and comply with school rules/personnel	✔ School-wide PBIS ✔ Social-emotional learning program ✔ Proactive classroom management ✔ Regular, preemptive communication with families ✔ Classroom incentives ✔ Seating, assignment, behavioral accommodations ✔ Conferencing with student(s) and parents ✔ Verbal correction and redirection ✔ Reminders, role-play, daily progress sheet ✔ Loss of classroom privileges ✔ Written and/or verbal reflection

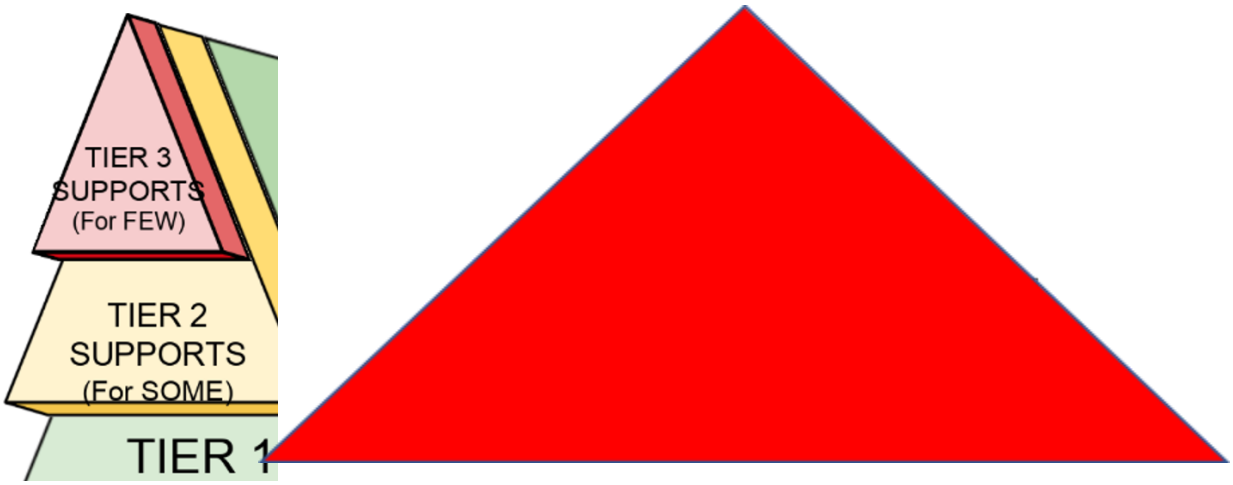


- Selected -

Examples of Support, Removal and Administrative Responses

These responses engage the students' support system to ensure successful learning and to alter conditions that are inappropriate or disruptive.

Level 2 Infractions	Interventions
• Using/possessing tobacco and/or lighter • Violating traffic or safety regulations • Encouraging other students to violate school rules • Leaving school and/or school bus without permission • Fighting and/or arranging altercations • Using objects inappropriately (i.e., the use of an object to harm others or damage property) • Physical assault without serious bodily injury (i.e., pushing with intent, kicking, hitting, pinching, spitting) • Defacing and/or vandalism of school property • Plagiarism/academic dishonesty • Leaving school or classroom without permission (truancy) • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding district filter, etc.) • Stealing and/or possessing stolen property • Failure to attend to/complete assigned restorative action • Gambling or Extortion • Habitual violations of school/class rules • Forgery of signatures • Sexually explicit behavior • Planning and/or arranging actions with malicious intent • Writing or drawing obscene /profane language/pictures • Harassment (i.e., physical, verbal, and sexual) • Bullying/cyberbullying • Violation of personal boundaries • Refusing to cooperate and comply with school rules/personnel	✔ Behavioral contract ✔ Self-monitoring ✔ School-home communication ✔ Adult or peer mentorship ✔ Utilize check-in and check-out system ✔ Intensive academic and/or social support ✔ Reflection (lunch, after school, Saturday, etc.) ✔ Refer student to SSPT ✔ Loss of privileges ✔ Counseling ✔ Temporary removal from class ✔ Extended school day ✔ Suspension and/or expulsion



Level 3 Infractions	Interventions
• Physically assaulting with serious bodily injury • Conduct or habits injurious to others (peers/authority) • Using/possessing controlled and/or dangerous substances and/or paraphernalia • Bullying (harassing, intimidating, cyberbullying) • Fighting and/or arranging altercations • Using/possessing weapons and/or weapon paraphernalia including but not limited to those prohibited under federal law • Harassment (i.e., physical, verbal, and sexual) • Arson, attempting to commit arson and/or possession of explosives/fireworks (i.e., smoke bombs, sink bombs, etc.) • Causing a false fire alarm • Making a bomb/explosive threat • Encouraging other students to violate school rules • Student hazing • Using gang and/or secret society symbols/acts • Inappropriate use of electronic devices • Public displays of sexually explicit behavior • Defacing and/or vandalism of school property • Gambling • Habitual violations of school/class rules • Forgery of signatures • Stealing and/or possessing stolen property • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding school filter, etc.) • Sexual explicit behavior, Lewd Conduct, Writing or drawing obscene /profane language/pictures	✔ All Tier 1 and Tier 2 interventions ✔ FBA-based behavior intervention plans ✔ Teaching replacement behavior ✔ Home and community supports ✔ Self-management program ✔ Restricted access ✔ In-school reflection and/or suspension ✔ Short-term out-of-school suspension ✔ Extended out-of-school suspension ✔ Request for alternate educational setting ✔ Suspension and/or expulsion

Suspension and Expulsion Policy and Procedures

"The procedures by which pupils can be suspended or expelled." (Ed. Code § 47605(b)(5)(J).)

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and well-being of all students at Magnolia Public Schools ("MPS" or "Charter School"). In creating this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describes the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions, and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to an annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this policy and its procedures are available upon request at the Principal's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform the student, the student's parent/guardian, or educational rights holder of the basis for which the student is being involuntarily removed and the student's parent, guardian, or educational rights holder's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons

including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, reflection during and after school hours, use of alternative educational environments, suspension and expulsion.

Positive Behavioral Interventions & Supports (PBIS)

Positive Consequences:

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem-solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues in the school information system but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

Alternatives to Suspension and/or Expulsion

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and the progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Dean /Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

Reflection

Reflection will be held on the assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls, emails, or notes will be accepted for this request.

In School Suspension

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area, not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. The student is expected to complete their classroom assignments and school community service during ISS.

Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; or d) during, going to, or coming from a school-sponsored activity.

Enumerated Offenses

Discretionary Suspension Offenses: Students may be suspended when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

l) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

m) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

n) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

o) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

p) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is

officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

q) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

r) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

u) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
    i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
    ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.
    iii. Causing a reasonable student to experience substantial interference with their academic performance.
    iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
    i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:
(a) Posting to or creating a burn page. A “burn page” means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. “Credible impersonation” means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
(d) An act of cyber sexual bullying.
(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

v) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

w) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

Discretionary Expellable Offenses: Students may be recommended for expulsion when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

    1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

        i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

        ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.

        iii. Causing a reasonable student to experience substantial interference with their academic performance.

        iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

    2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

        i. A message, text, sound, video, or image.

        ii. A post on a social network Internet Web site including, but not limited to:

            (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

            (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Expellable Offenses: Students must be recommended for expulsion when it is determined pursuant to the procedures below that the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4..

If it is determined by the Administrative Panel that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

- The term “knife” means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.
- The term “firearm” means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.
- The term “destructive device” means any explosive, incendiary, or poison gas, including but not limited to: (A) bomb; (B) grenade; (C) rocket having a propellant charge of more than four ounces; (D) missile having an explosive or incendiary charge of more than one-quarter ounce; (E) mine; or (F) device similar to any of the devices described in the preceding clauses.

Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. **Conference**

   Suspension shall be preceded, if possible, by a conference conducted by the Principal or designee with the student and the student’s parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal or designee.

   The conference may be omitted if the Principal or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

   At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student’s parent/guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student’s parent/guardian at the conference.

2. **Notice to Parents/Guardians**

   At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. In addition, the notice may also state the time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. **Suspension Time Limits/Recommendation for Expulsion**

   Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Principal or designee, the student and the student’s parent/guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student’s parent/guardian, unless the student and the student’s parent/guardian fail to attend the conference.

This determination will be made by the Principal or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. **Homework Assignments During Suspension**

   In accordance with Education Code Section 48913.5, upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

   In accordance with Education Code Section 48913.5(b), if a homework assignment that is requested pursuant to Section 48913.5(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

5. **Suspension Appeals**

   Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made in writing to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will comprise of at least one school administrator (serves as procedural advisor), and at least two teachers, and may also include a non-certificated employee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final and will be delivered to the parent/guardian in a written response. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

   - Uphold the suspension
   - Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record or shared with anyone not directly involved in the proceedings.

Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled by a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the Student nor a member of the Charter School Board of Directors. The Administrative Panel shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.

It is preferable for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. The Administrative Panel may expel any student found to have committed an expellable offense.

Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the

Principal or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of MPS' disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Special Procedures for Expulsion Hearing Involving Sexual Assault or Battery Offenses

MPS may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) calendar days notice of their scheduled testimony; (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent/guardian or legal counsel; and (c) elect to have the hearing closed while testifying.
2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness

to the witness stand.

7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to their previous educational program.

The Administrative Panel may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Administrative Panel. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Administrative Panel may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Administrative Panel revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Administrative Panel shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Administrative Panel shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

Written Notice to Expel

The Principal or designee, following a decision of the Administrative Panel to expel, shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student and student's parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures

The Principal or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

Disciplinary Records

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the authorizer upon request.

Expulsion Appeals

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within fifteen (15) working days of receipt of a timely written request for an appeal. *(This timeline supersedes the timeline statement in the charter petition if different.)*

At the hearing on the appeal, the student shall have the right to present evidence. The Board will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and MPS. That decision shall be final.

Interim Placement

MPS shall be responsible for the appropriate interim placement of students during and pending the completion of the MPS's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

MPS shall work with the District for an interim placement or other alternative programs. Should MPS determine after the referral that the student will remain at MPS pending the expulsion hearing based on the best interest of

the student, or if MPS secures another alternative interim placement at another charter school or school within its CMO, if appropriate and aligned with applicable charter petitions, MPS will notify the District of such determination.

Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to the Charter School for readmission.

Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board of Directors following a meeting with the Principal or designee and the student and student's parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Principal or designee shall make a recommendation to the Board of Directors following the meeting regarding the Principal's or designee's determination. The Board shall then make a final decision regarding the readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Involuntary Removal for Truancy

As charter schools are schools of choice and as a charter school student who fails to attend school is potentially depriving another student of their opportunity to enroll, a student may be involuntarily removed as described within the Charter School's Board adopted Attendance Policy for truancy and only after the Charter School follows the requirements of the Attendance Policy and only in accordance with the policy described above which requires notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal. Students who are involuntarily removed for truancy will be given a rehabilitation plan and will be subject to the readmission procedures set forth herein.

Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. **Notification of SELPA/District**
   The Charter School shall immediately notify the SELPA/District and coordinate the procedures in this policy with the SELPA/ District of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. **Services During Suspension**
   Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as

appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. **Procedural Safeguards/Manifestation Determination**
Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:
    a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
    b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

    If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

    If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:
    a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
    b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
    c. Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

    If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. **Due Process Appeals**
The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

    When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent/guardian and the Charter School agree otherwise.

    In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to

others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.
c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Students with an IEP

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, according to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See above: Suspension and Expulsion Procedures for more information.

Procedures for Notifying Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

This notification will be provided on our school letterhead:

To: ALL CERTIFICATED STAFF
From: **Admin**
Re: Student Suspension Information

Education Code 49079 and Welfare and Institutions Code 827 require that teachers be notified of the reason(s) a student has been suspended. We have incorporated this notification into the existing "Attendance Reporting screen". On the daily attendance report, when a student is suspended, it will show in Infinite Campus. *The information provided is for the student's current teachers only. All information regarding suspension and expulsion is **CONFIDENTIAL**, and is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it.*
The following are examples of Ed. Code 48900 and 48915 violations that may appear on your report.
E.C. 48900

- a(1) Cause, attempted to cause, or threatened to cause physical injury to another person
- a(2) Willfully used force or violence upon the person of another, except in self-defense
- (b) Possessed, sold or otherwise furnished any firearm, knife, explosive or other dangerous object
- (c) Unlawfully possessed, used, sold or otherwise furnished, or been under the influence of, a controlled substance, alcoholic beverage, or an intoxicant of any kind
- (d) Unlawfully offered, arranged or negotiated to sell a controlled substance, alcoholic beverage, or an intoxicant of any kind, and either sold, delivered, or otherwise furnished to a person an imitation
- (e) Committed or attempted to commit robbery or extortion
- (f) Caused or attempted to cause damage to school or private property
- (g) Stolen or attempted to steal school or private property
- (h) Possessed or used tobacco, or products containing tobacco or nicotine products
- (i) Committed an obscene act or engaged in habitual profanity or vulgarity
- (j) Unlawfully possessed or unlawful offered, arranged, or negotiated to sell drug paraphernalia
- (k) Disrupted school activities or winfully defied the valid authority of school personnel (Grades 9-12 only)
- (i) Knowingly received stolen school or private property
- (n) Committed or attempted to commit a sexual assault or committed a sexual battery
- (o) Harassed, threatened, or intimidated a pupil who is a complaining witness or witness in a school disciplinary proceeding
- (p) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma
- (r) Engaged in an act of bullying
- (t) Aided and abetted the infliction or attempted infliction of physical injury or serious bodily injury to another person
- .2 Committed sexual harassment (Grades 4-12 only)
- .3 Caused, attempted to cause, threatened to cause, or participated in an act of, hate violence (Grades 4-12 onry)
- .4 Intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils (Grades 4-12 only)
- .7 Made terroristic threats against school officials or school property, or both

E.C. 48915(a)(1)

- A. Causing serious physical injury to another person, except in self-defense
- B. Possession of a knife or other dangerous object.
- C. Unlawful possession of any controlled substance.
- D. Robbery or extortion.
- E. Assault or battery upon a school employee.

E.C. 48915(c)

- 1. Possessing, sefling or otherwise furnishing a firearm.
- 2. Brandishing a knife at another person.
- 3. Unlawfully selling a controlled substance.
- 4. Committing or attempting to comm.it a sexual assault or committing a sexual battery
- 5. Possession of an explosive

Title IX Policy Prohibiting Discrimination on the Basis of Sex

This Title IX Policy Prohibiting Discrimination on the Basis of Sex ("Policy") contains the policies and grievance procedures of Magnolia Public Schools ("MPS") to address sex discrimination, including but not limited to sexual harassment, occurring within MPS's education program or activity.

MPS does not discriminate on the basis of sex and prohibits any acts of sex discrimination in any education program or activity that it operates, as required by California law, Title IX (20 U.S.C. § 1681 et seq.) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.

This Policy applies to conduct occurring in MPS's education programs or activities including but not limited to incidents occurring on the school campus, during school-sponsored events and activities regardless of the location, and through school-owned technology, whether perpetrated by a student, parent/guardian, employee, volunteer, independent contractor or other person with whom MPS does business.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 (hereinafter collectively referred to as "Title IX") may be referred to the MPS Title IX Coordinator, the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

Definitions

Prohibited Sex Discrimination

Title IX and California law prohibit discrimination on the basis of sex, including sex-based harassment and differences in the treatment of similarly situated individuals on the basis of sex with regard to any aspect of services, benefits, or opportunities provided by MPS.

Prohibited Sexual Harassment

Under Title IX, "sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

- An employee of MPS conditioning the provision of an aid, benefit, or service of MPS on an individual's participation in unwelcome sexual conduct;
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to MPS's education program or activity; or

- "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

Under California Education Code section 212.5, sexual harassment consists of conduct on the basis of sex, including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through MPS.

Examples of conduct that may fall within the Title IX or the Education Code definition of sexual harassment, or both:

- Physical assaults of a sexual or sex-based nature, such as:

  o Rape, sexual battery, molestation or attempts to commit these assaults.

  o Intentional physical conduct that is sex-based or sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, poking another's body, violence, intentionally blocking normal movement or interfering with work or school because of sex.

- Unwanted sexual advances or propositions, derogatory sex-based comments, or other sex-based conduct, such as:

  o Sexually oriented or sex-based gestures, notices, epithets, slurs, remarks, jokes, or comments about a person's sexuality or sexual experience.

  o Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.

  o Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.

  o Retaliation against an individual who has articulated a good faith concern about sex-based harassment.

- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:

  o Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or

bringing or possessing any such material to read, display or view in the work or educational environment.

o Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.

o Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

Formal Complaint of Sexual Harassment means a written document filed and signed by a complainant who is participating in or attempting to participate in MPS's education program or activity or signed by the Coordinator alleging sexual harassment against a respondent and requesting that MPS investigate the allegation of sexual harassment. At the time of filing a formal complaint of sexual harassment, the complainant must be participating in or attempting to participate in MPS's education program or activity.

Party means a complainant or respondent.

Respondent means a person who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Supportive Measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to a party before or after the filing of a formal complaint of sexual harassment or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to MPS's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or MPS's educational environment, or deter sexual harassment.

Title IX Coordinator

The Board of Directors of MPS ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

Meagan Wittek

Director of Student Services

250 E 1st Street, Suite 1500

Los Angeles, CA, 90012

Office: (213) 628-3634 | Fax: (714) 362-9588

mwittek@magnoliapublicschools.org

In the event the above-named individual becomes unavailable or unable to serve as the Coordinator, the Board has designated the following employee to serve as a temporary or interim Coordinator:

Gokhan Serce

Chief Academic Officer

250 E 1st Street, Suite 1500, Los Angeles, CA, 90012 Office: (213) 628-3634 | Fax: (714) 362-9588

gserce@magnoliapublicschools.org

The Coordinator is responsible for coordinating MPS's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination, formal complaints of sexual harassment, and inquiries about the application of Title IX to MPS, coordinating the effective implementation of supportive measures, and taking other actions as required by this Policy. The Coordinator or designee may serve as the investigator for formal complaints of sexual harassment.

Reporting Sex Discrimination

All employees must promptly notify the Coordinator when the employee has knowledge of or notice of allegations of sex discrimination or sexual harassment occurring within MPS's education program or activity.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. MPS will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Privacy

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with

the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual.

Response to Sexual Harassment

MPS will respond promptly and in a manner that is not deliberately indifferent when it has actual knowledge, as defined in 34 C.F.R. § 106.30(a), of sexual harassment occurring in its education program or activity against a person in the United States.

MPS's response will treat complainants and respondents equitably by offering supportive measures to a complainant, and by following the grievance procedures for formal complaints of sexual harassment that are listed below before imposing any disciplinary sanctions or other actions that are not supportive measures on a respondent for sexual harassment under Title IX.

Supportive Measures

Once notified of sexual harassment or allegations of sexual harassment occurring in MPS's education program or activity against a person in the United States, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint of sexual harassment.

Supportive measures may include but are not limited to: counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; mutual restrictions on contact between the parties; changes in work or on-campus housing locations; leaves of absence; increased security and monitoring of certain areas of the campus; and other similar measures.

Supportive measures will not unreasonably burden either party or be imposed for punitive or disciplinary reasons. MPS will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair MPS's ability to provide the supportive measures. The Coordinator is responsible for coordinating the effective implementation of supportive measures.

Grievance Procedures

Scope and General Requirements

MPS has adopted and published grievance procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited under Title IX and a grievance process that complies with 34 C.F.R. § 106.45 for formal complaints of sexual harassment.

Complaints of misconduct prohibited by this Policy that do not constitute a formal complaint of sexual harassment will be addressed in accordance with MPS's Uniform Complaint Procedures, its employment discrimination complaint procedures, or the grievance procedures set forth in its Harassment, Intimidation, Discrimination, and Bullying Policy, as applicable. The following grievance procedures will apply to formal complaints of sexual harassment.

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

MPS requires that any Title IX Coordinator, investigator, decisionmaker, and any person designated by MPS to facilitate an informal resolution process not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

MPS will treat complainants and respondents equitably. MPS presumes that the respondent is not responsible for the alleged sexual harassment until a determination is made at the conclusion of its grievance procedures.

MPS may consolidate formal complaints of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, where the allegations of sexual harassment arise out of the same facts or circumstances.

MPS allows for the temporary delay of the grievance process or limited extension of timeframes on a case-by-case basis for good cause. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If the grievance process is temporarily delayed or a timeframe is temporarily extended by MPS, the Coordinator or designee will notify the parties of the reason for the delay or extension in writing.

MPS will objectively evaluate all evidence that is relevant and not otherwise impermissible, including both inculpatory and exculpatory evidence. Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

Dismissal

MPS must dismiss a formal complaint of sexual harassment for purposes of sexual harassment under Title IX if the conduct alleged:

- Would not constitute sexual harassment under Title IX even if proved;
- Did not occur in MPS's education program or activity; or
- Did not occur against a person in the United States.

MPS may dismiss a formal complaint of sexual harassment or any of the allegations therein if:

- The respondent is no longer enrolled or employed by MPS;
- A complainant notifies the Coordinator in writing that the complainant would like to withdraw the complaint or any allegations therein; or
- Specific circumstances prevent MPS from gathering sufficient evidence to reach a determination as to the complaint or allegations therein.

Upon dismissal, the Coordinator or designee will promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties. Dismissal under Title IX does not preclude action under another applicable MPS policy.

Notice of the Allegations

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will provide written notice of the allegations to the parties whose identities are known. The notice will include:

- MPS's grievance procedures and any informal resolution process;
- The allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details includes the identities of the parties involved in the incident(s), if known, the conduct allegedly constituting sexual harassment under Title IX, and the date(s) and location(s) of the alleged incident(s), if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and a determination regarding responsibility is made at the conclusion of the grievance process;
- A statement that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence; and
- A statement that MPS prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

Emergency Removal

MPS may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with MPS's policies.

MPS may remove a respondent from MPS's education program or activity on an emergency basis, in accordance with MPS's policies, provided that MPS undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any person arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Informal Resolution

At any time after a formal complaint of sexual harassment is filed and prior to determining whether sexual harassment occurred under MPS's Title IX grievance procedures, MPS may offer an informal resolution process to the parties. MPS will not offer or facilitate informal resolution to resolve allegations that an employee sexually harassed a student, or when such a process would conflict with Federal, State, or local law. Parties will not be required or pressured to agree to participate in the informal resolution process.

Before initiation of the informal resolution process, MPS will obtain the parties' voluntary, written consent to participate in the informal resolution and provide the parties with a written notice that explains:

- The allegations;
- The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint of sexual harassment arising from the same allegations;
- The right to withdraw and initiate or resume the grievance procedures at any time prior to agreeing to a resolution; and
- Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Investigation

In most cases, a thorough investigation will take no more than thirty (30) business days. MPS has the burden to conduct an investigation that gathers sufficient evidence to determine whether sexual harassment occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed, considered, or disclosed), regardless of whether they are relevant:

- A party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless MPS obtains that party's voluntary, written consent to do so for these grievance procedures; and

- Evidence about the complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview. The parties will not be prohibited from discussing the allegations under investigation or from gathering and presenting relevant evidence. A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.

Before the investigator completes the investigative report, MPS will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator to consider prior to completing the investigation report.

The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.

Determination of Responsibility

Before making a determination of responsibility, the decisionmaker must afford each party the opportunity to submit written, relevant questions that a party wants to ask of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decisionmaker must explain to the party proposing the questions any decision to exclude a question as not relevant.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within fifteen (15) business days after MPS sends the investigation report to the parties, the decisionmaker, who will not be the same person as the Coordinator or investigator, will simultaneously send the parties a written determination of whether sexual harassment occurred. The written determination will include:

- The allegations of sexual harassment;
- A description of the procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;

- The findings of facts supporting the determination;
- The conclusions regarding the application of MPS's code of conduct to the facts;
- The decision and rationale for each allegation;
- Any recommended disciplinary sanctions for the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
- The procedures and permissible bases for appeals.

The determination regarding responsibility becomes final either on the date that MPS provides the parties with the written appeal decision, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Appeals

Either party may, within five (5) business days of their receipt of MPS's written determination of responsibility or dismissal of a formal complaint of sexual harassment, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal.

The complainant and respondent may only appeal from a determination regarding responsibility or MPS's dismissal of a formal complaint of sexual harassment or any allegations therein, on one or more of the following bases:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; or
- The Coordinator, investigator(s), or decisionmaker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The decisionmaker for the appeal will not be the same person as the Coordinator, the investigator or the initial decisionmaker.

The decisionmaker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of notice of the appeal; and 4) within fifteen (15) business days of the appeal, provide a written decision simultaneously to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process, may be subject to disciplinary action up

to and including expulsion from MPS or termination of employment. If there is a determination that sexual harassment occurred, the Coordinator is responsible for effective implementation of any remedies ordered by MPS.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All Title IX Coordinators, investigators, decisionmakers, and any person who facilitates a Title IX informal resolution process will receive Title IX training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

MPS will maintain the following records for at least seven (7) years:

- Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent; and any remedies provided to the complainant;
- Records of any appeal of a formal complaint or sexual harassment and the results of that appeal;
- Records of any informal resolution of a formal complaint or sexual harassment and the results of that informal resolution;
- All materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process; and
- Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

TITLE IX SEX DISCRIMINATION AND HARASSMENT COMPLAINT FORM

Your Name: _____ Date: _____

Email Address: _____

Date of Alleged Incident(s): _____

Name of Person(s) you have a complaint against: _____

List any witnesses that were present: _____

Where did the incident(s) occur? _____

Please describe the events or conduct that are the basis of your complaint by providing as much factual detail as possible (i.e., specific statements and conduct; what, if any, physical contact was involved; any verbal statements etc.) (Attach additional pages, if needed):

_____

Harassment, Intimidation, Discrimination, and Bullying Policy

Discrimination, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") prohibits any acts of discrimination, harassment, intimidation, and bullying altogether.

As used in this policy, discrimination, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locs, and twists), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, MPS will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. MPS school staff who witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

This policy applies to incidents occurring on the school campus, at school-sponsored events and activities regardless of the location, through school-owned technology, and through other electronic means, whether perpetrated by a student, employee, parent/guardian, volunteer, independent contractor or other person with whom MPS does business, and all acts of MPS's Board of Directors ("Board") in enacting policies and procedures that govern MPS.[1]

MPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

Definitions

Harassment means conduct based upon one or more of the protected characteristics listed above that is severe or pervasive, which unreasonably disrupts an individual's educational or work environment or that creates a hostile educational or work environment. Harassment includes, but is not limited to:

[1] This policy becomes effective on August 1, 2024. Conduct occurring before August 1, 2024 will be addressed in accordance with the former version of this policy, which was entitled "Title IX, Harassment, Intimidation, Discrimination and Bullying Policy."

- Verbal conduct such as epithets, derogatory jokes, comments or slurs.
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work or school based on any of the protected characteristics listed above.
- Retaliation for reporting or threatening to report harassment.
- Deferential or preferential treatment based on any of the protected characteristics listed above.

Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student or group of students that may constitute hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing a reasonable student [2] or students in fear of harm to that student's or those students' person or property.
- Causing a reasonable student to experience a substantially detrimental effect on the student's physical or mental health.
- Causing a reasonable student to experience a substantial interference with the student's academic performance.
- Causing a reasonable student to experience a substantial interference with the student's ability to participate in or benefit from the services, activities, or privileges provided by MPS.

Cyberbullying is an electronic act that includes the transmission of harassing communication, direct threats, or other harmful texts, sounds, video or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Electronic act means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- A message, text, sound, video, or image.
- A post on a social network Internet Web site including, but not limited to:
    - Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in the definition of "bullying," above.
    - Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in the definition of "bullying," above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
    - Creating a false profile for the purpose of having one or more of the effects listed in the definition of "bullying," above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
- An act of "Cyber sexual bullying" including, but not limited to:
    - The dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects

[2] "Reasonable student" is defined as a student, including, but not limited to, a student with exceptional needs, who exercises average care, skill and judgment in conduct for a person of the student's age, or for a person of the student's age with the student's exceptional needs.

described in definition of "bullying," above. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

- "Cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

- Notwithstanding the definitions of "bullying" and "electronic act" above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

Bullying and Cyberbullying Prevention Procedures

MPS has adopted the following procedures for preventing acts of bullying, including cyberbullying.

Cyberbullying Prevention Procedures

MPS advises students:

- To never share passwords, personal data, or private photos online.
- To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- To consider how it would feel receiving such comments before making comments about others online.

MPS informs its employees, students, and parents/guardians of MPS's policies regarding the use of technology in and out of the classroom. MPS encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

Education

MPS employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. MPS advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at MPS and encourages students to practice compassion and respect each other.

MPS educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

MPS's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

MPS informs MPS employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

Professional Development

MPS annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other MPS employees who have regular interaction with students.

MPS informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

MPS also informs certificated employees about the groups of students determined by MPS and available research to be at elevated risk for bullying and provides its certificated employees with information on existing school and community resources related to the support of these groups. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

MPS encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for MPS's students.

Complaint Procedures

Scope of the Complaint Procedures

MPS will comply with its Uniform Complaint Procedures ("UCP") policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person's association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- Are written and signed;
- Filed by an individual who alleges that they have personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying based on a protected characteristic, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- Submitted to the MPS UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

MPS will comply with its Title IX Policy when investigating and responding to complaints alleging sex discrimination, including sex-based harassment, in its education program or activity, as applicable.

The following procedures shall be utilized for complaints of misconduct prohibited by this Policy that do not fall within the scope of MPS's Title IX Policy or comply with the writing, timeline, or other formal filing requirements of the UCP. A copy of MPS's Title IX Policy and UCP is available in the main office and on MPS websites.

Submitting a Report or Complaint

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this Policy for reporting alleged acts of misconduct prohibited by this Policy.

Reports and complaints of misconduct prohibited by this Policy shall be submitted to the Principal (or the Chief Executive Officer and Superintendent if the complaint is against the Principal) as soon as possible after the incidents giving rise to the report or complaint.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, and MPS will investigate and respond to all oral and written reports of misconduct prohibited by this Policy, the reporting party is encouraged to submit a written report. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy and other verbal or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter and/or complainant confidential, as appropriate, except to the extent necessary to comply with applicable law, carry out the investigation and/or to resolve the issue, as determined by MPS on a case-by-case basis.

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments

of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy.

Investigation and Response

Upon receipt of a report or complaint of misconduct prohibited by this Policy, the Principal or designee will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days.

At the conclusion of the investigation, the Principal or designee will, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation and resolution of the incident/situation. However, the Principal or designee will not reveal confidential information related to other students or employees.

If the complaint is against the Principal, the Chief Executive Officer and Superintendent or designee will conduct a fact-finding investigation and provide the complainant with information about the investigation and resolution of the incident/situation.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from MPS or termination of employment.

Right of Appeal

Should a complainant find MPS's resolution unsatisfactory, for complaints within the scope of this Policy, the complainant may, within five (5) business days of notice of MPS's decision or resolution, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal will notify the complainant of the final decision.

Uniform Complaint Policy and Procedures

Uniform Complaint Procedures (UCP) Policies and Procedures

Magnolia Public Schools ("MPS" or "Charter School") complies with applicable federal and state laws and regulations. MPS is the local agency primarily responsible for compliance with federal and state laws and regulations governing educational programs. Pursuant to this policy, persons responsible for compliance and/or conducting investigations shall be knowledgeable about the laws and programs, which they are assigned to investigate.

Scope

This complaint procedure is adopted to provide a uniform system of complaint processing ("UCP") for the following types of complaints:

1. Complaints alleging unlawful discrimination, harassment, intimidation or bullying against any protected group on the basis of the actual or perceived characteristics of age, ancestry, color, mental disability, physical disability, ethnic group identification, immigration status, citizenship, gender expression, gender identity, gender, genetic information, nationality, national origin, race or ethnicity, religion, medical condition, marital status, sex, or sexual orientation, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any MPS program or activity.
2. Complaints alleging a violation of state or federal law or regulation governing the following programs:
   - Accommodations for Pregnant and Parenting Pupils;
   - Adult Education;
   - After School Education and Safety;
   - Career Technical Education;
   - Career Technical and Technical Training;
   - Child Care and Development;
   - Compensatory Education;
   - Consolidated Application;
   - Course Periods without Educational Content;
   - Education of Pupils in Foster Care, Pupils who Are Homeless, Migratory Pupils, former Juvenile Court Pupils now Enrolled in a public school and Children of Military Families;
   - Every Student Succeeds Act;
   - Local Control & Accountability Plans (LCAP)/LCFF;
   - Migrant Education;
   - Physical Education Instructional Minutes;
   - Pupil Fees;
   - Reasonable Accommodations to a Lactating Pupil;
   - Regional Occupational Centers and Programs;
   - School Plans for School Achievement;
   - School Safety Plans;
   - Schoolsite Councils.
3. Complaints alleging that a student enrolled in a public school was required to pay a pupil fee for participation in an educational activity as those terms are defined below.
   a. "Educational activity" means an activity offered by the charter school that constitutes an integral fundamental part of elementary and secondary education, including, but not limited to, curricular and extracurricular activities.

b. "Pupil fee" means a fee, deposit or other charge imposed on students, or a student's parents/guardians, in violation of Education Code section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees or request special waivers, as provided for in *Hartzell v. Connell* (1984) 35 Cal.3d 899. A pupil fee includes, but is not limited to, all of the following:

    i. A fee charged to a student as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory or is for credit.

    ii. A security deposit, or other payment, that a student is required to make to obtain a lock, locker, book, class apparatus, musical instrument, uniform or other materials or equipment.

    iii. A purchase that a student is required to make to obtain materials, supplies, equipment or uniforms associated with an educational activity.

c. A pupil fees complaint and complaints regarding local control and accountability plans ("LCAP") only, may be filed anonymously (without an identifying signature), if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with Education Code sections 52060 - 52077, including an allegation of a violation of Education Code sections 47606.5 or 47607.3, as referenced in Education Code section 52075, regarding local control and accountability plans.

d. If MPS finds merit in a pupil fees complaint, or the California Department of Education ("CDE") finds merit in an appeal, MPS shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by MPS to ensure full reimbursement to all affected students and parents/guardians, subject to procedures established through regulations adopted by the state board.

e. Nothing in this Policy shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or MPS and other entities from providing student prizes or other recognition for voluntarily participating in fundraising activities.

Complaints alleging noncompliance with the requirements governing the Local Control Funding Formula ("LCFF") or LCAP under Education Code sections 47606.5 and 47607.3, as applicable. If MPS adopts a School Plan for Student Achievement in addition to its LCAP, complaints of noncompliance with the requirements of the School Plan for Student Achievement under Education Code sections 64000, 64001, 65000, and 65001 shall also fall under this Policy.

Complaints alleging noncompliance regarding child nutrition programs established pursuant to Education Code sections 49490-49590 are governed by Title 7, Code of Federal Regulations ("C.F.R.") sections 210.19(a)(4), 215.1(a), 220.13(c), 225.11(b), 226.6(n), and 250.15(d) and Title 5, California Code of Regulations ("C.C.R.") sections 15580 - 15584.

Complaints alleging noncompliance regarding special education programs established pursuant to Education Code sections 56000-56865 and 59000-59300 are governed by the procedures set forth in 5 C.C.R. sections 3200-3205 and 34 C.F.R. sections 300.151-300.153.MPS acknowledges and respects every individual's rights to privacy. Unlawful discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects (to the greatest extent reasonably possible and as permitted by law) confidentiality of the parties, including but not limited to the identity of the complainant, and maintains the integrity of the process. MPS cannot guarantee anonymity of the complainant. This includes keeping the identity of the complainant confidential. However, MPS will attempt to do so as appropriate. MPS may find it necessary to disclose information regarding the complaint/complainant to the extent required by law or necessary to carry out the investigation or

proceedings, as determined by the CEO, MPS campus Principal, or designee on a case-by-case basis. MPS shall ensure that complainants are protected from retaliation.

Compliance Officer

The Board of Directors designates the following compliance officer(s) to receive and investigate complaints and to ensure MPS' compliance with law:

CEO and Superintendent
Magnolia Public Schools
250 E. 1st St STE 1500
Los Angeles, CA 90012
(213) 628-3634

Upon receipt of a complaint, the CEO will appropriately assign to the Principal of the MPS campus attended by the complainant. That Principal and/or designee shall investigate the complaint, with oversight by the CEO.

The CEO or designee shall ensure that the compliance officer(s) designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. The compliance officer may have access to legal counsel as determined by the CEO or designee.

Should a complaint be filed against the CEO, the compliance officer for that case shall be the President of the MPS Board of Directors.

Notifications

The CEO or designee shall make available copies of this Policy free of charge. The annual notice of this Policy will be made available on MPS' website.

MPS shall annually provide written notification of MPS' UCP to employees, students, parents/guardians, advisory committees, private school officials or representatives, and other interested parties as applicable.

The annual notice shall be in English. When necessary under Education Code section 48985, if fifteen (15) percent or more of the students enrolled in MPS speak a single primary language other than English, this annual notice will also be provided to the parent/guardian of any such students in their primary language.

The annual notice shall include the following:

1. A list of the types of complaints that fall under the scope of the UCP and the state and federal provisions that govern complaints regarding child nutrition programs and special education programs.
2. A statement clearly identifying any California State preschool programs that MPS is operating as exempt from licensing pursuant to Health and Safety Code section 1596.792(o) and corresponding Title 5 health and safety regulations, and any California State preschool programs that MPS is operating pursuant to Title 22 licensing requirements.
3. A statement that MPS is primarily responsible for compliance with federal and state laws and regulations.
4. A statement that a student enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.
5. A statement identifying the title of the compliance officer, and the identity(ies) of the person(s) currently occupying that position, if known.
6. A statement that if a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.
7. A statement that the complainant has a right to appeal MPS' decision to the CDE by filing a written appeal within thirty (30) calendar days of the date of MPS' decision, except if MPS has used its UCP to address a complaint that is not subject to the UCP requirements.
8. A statement that a complainant who appeals MPS' decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended

by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.

9. A statement that if MPS finds merit in a UCP complaint, or the CDE finds merit in an appeal, MPS shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.
10. A statement advising the complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to Education Code section 262.3.
11. A statement that copies of MPS' UCP shall be available free of charge.

Procedures

The following procedures shall be used to address all complaints which allege that MPS has violated federal or state laws or regulations enumerated in the section "Scope," above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, including a person's duly authorized representative or an interested third party, public agency, or organization may file a written complaint of alleged noncompliance or unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy.

A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the CEO, Principal, or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the CEO, Principal, or designee shall be made in writing. The period for filing may be extended by the CEO, Principal, or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The CEO, Principal, or designee shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the MPS Board of Directors approved the LCAP or the annual update was adopted by MPS.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, MPS staff shall assist the complainant in the filing of the complaint.

Step 2: Mediation

Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process. Before initiating the mediation of an unlawful discrimination, harassment,

intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information. If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint. The use of mediation shall not extend MPS' timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

Step 3: Investigation of Complaint
The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or a complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

MPS' refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

Step 4: Final Written Decision
MPS shall issue an investigation report (the "Decision") based on the evidence. MPS' Decision shall be in writing and sent to the complainant within sixty (60) calendar days of MPS' receipt unless the timeframe is extended with the written agreement of the complainant. MPS' Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion providing a clear determination for each allegation as to whether MPS is in compliance with the relevant law.
3. Corrective actions, if MPS finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal MPS' Decision within thirty (30) calendar days to the CDE, except when MPS has used its UCP to address a complaints that are not subject to the UCP requirements.
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of MPS' expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

Appeals to the CDE

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) calendar days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with MPS and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. MPS failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, MPS's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in MPS' Decision are not supported by substantial evidence.
4. The legal conclusion in MPS' Decision is inconsistent with the law.
5. In a case in which MPS' Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE that the complainant has appealed the Decision, the Principal or designee, under oversight by the CEO, shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.
4. A report of any action taken to resolve the complaint.
5. A copy of MPS' complaint procedures.
6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to MPS for resolution as a new complaint. If the CDE notifies MPS that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, MPS will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decision remains in effect and enforceable, unless stayed by a court. The CDE may directly intervene in the complaint without waiting for action by MPS when one of the conditions listed in 5 C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, MPS has not taken action within sixty (60) calendar days of the date the complaint was filed with MPS.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of MPS' complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if MPS has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

MAGNOLIA PUBLIC SCHOOLS

General Complaint Procedures Form

Last Name: First Name/MI:

(if applicable) Student Name: Grade: Date of Birth:

Street Address/Apt. #:

City: State: Zip Code:

Home Phone: Cell Phone: Work Phone:

1. Please give facts about the complaint. Provide details such as the names of those involved, dates, whether witnesses were present, etc., that may be helpful to the complaint investigator.

2. Have you discussed your complaint or brought your complaint to any MPS personnel? If you have, to whom did you take the complaint, and what was the result?

3. Please provide copies of any written documents that may be relevant or supportive of your complaint.

Los Angeles, CA 90012
(213) 628-3634

General Complaint Procedures

The ultimate purpose of this general complaint procedure is to encourage the growth and development of MPS as a healthy community. Conflict is often a part of any development or growth process and may arise in any community. An effective process for resolving conflict is therefore both consistent with the vision and mission of MPS, and an essential component of the communication model that our School has adopted.

MPS recognizes that effective communication is paramount in effective conflict resolution and therefore strongly encourages communication strategies that include: Taking personal responsibility for one's own feelings and needs; communication that mutually acknowledges the needs and concerns of one another; and demonstrating honesty and integrity in every interaction.

LEVEL 1: Direct Resolution

If reasonably possible, general complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the person directly using conflict resolution skills without the intervention of a supervisor or other School administrator. It is the hope of MPS that most disputes can be resolved informally by direct and healthy communication between individuals. Such attempts at informal resolution should be documented in writing to assist the Principal (or CEO & Superintendent) and/or Board of Directors to participate effectively in the conflict's resolution.

Examples:

- Pedagogical issues pertaining to anything that occurs in the classroom, i.e., teaching, curriculum, classroom management, or teacher-student relationships, should be addressed directly with the class teacher. Teachers can be contacted by email, written note or via appointment.
- Complaints/concerns about employees or supervisors that do not involve complaints of discrimination or harassment or violations of law should be first addressed with the employee or supervisor directly. If the person(s) involved are unable to resolve the conflict or complaint, the complainant should contact the immediate/appropriate supervisor in an effort to resolve the issue.

LEVEL 2: School Level Resolution

At this step, the complainant should be prepared to give details about the complaint and steps taken to resolve it. The immediate/appropriate supervisor will acknowledge receipt of the complaint in **three (3)** working days, investigate the complaint, a process which normally involves a discussion with the complainant, gathering of relevant facts and evidence, and respond to the complainant within **ten (10)** working days.

Examples:

- Pedagogical, academic or teacher related issues should be addressed with the Dean of Academics/Assistant Principal.
- Student behavior and discipline issues should be addressed with the Dean of Students/Assistant Principal.
- All other issues should be addressed with the Principal.

If the complainant is not satisfied with the response from the immediate/appropriate supervisor, e.g., Dean of Academics/Students or Assistant Principal or the complaint should be directly addressed with the Principal, the complainant should contact the Principal, who will respond within the same timeline. If the complainant is still dissatisfied, and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the CEO & Superintendent of MPS in an effort to resolve the issue.

LEVEL 3: MPS Home Office ("Home Office") Level Resolution

At this step, the complainant should fill out the attached **"General Complaint Procedures Form"** giving details about the complaint and steps taken to resolve it, and contact the CEO & Superintendent of MPS at:

CEO & Superintendent
Magnolia Public Schools
250 E. 1st St. Ste 1500
Los Angeles, CA 90012
(213) 628-3634

The CEO & Superintendent (designee) will acknowledge receipt of the written complaint in **five (5)** working days, attempt to identify a resolution that is acceptable to both parties, within **fifteen (15)** working days of the receipt of the written complaint.

If the complainant is not satisfied with the response from the CEO & Superintendent (designee), and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the MPS Board of Directors ("the Board.")

LEVEL 4: Board Level Resolution*

At this step, the complainant can file a written complaint with the Board through the Administrative Assistant at the MPS Home Office. *(Same contact information as in Level 3)* The complainant should update the "General Complaint Procedures Form" that was used in Level 3. The Administrative Assistant will acknowledge receipt of the written complaint in **five (5)** working days. The Board may consider the matter at its next regular Board meeting or at a special board meeting convened in order to meet the internal 60-day target within which MPS strives to answer the complaint. The Board may decide not to hear the complaint, in which case the CEO & Superintendent's decision will be final. If the Board hears the complaint, the Administrative Assistant will send the Board's decision to the complainant within **sixty (60)** days of the School's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. The decision of the Board shall be final.

> ***** For MSA-San Diego, MSA-San Diego Governance Committee will work with the Principal and the Home Office in following the General Complaint Procedures to resolve internal complaints and conflicts before they escalate to the MPS Board level.

The complainant has a right to appeal the Board's decision to the California Department of Education (CDE). In that case, the complainant needs to fill out a **"Uniform Complaint Procedure Form"** - provided in this handbook – and file it within **fifteen (15)** days of receiving the decision. The appeal must include a copy of the complaint filed with the School and a copy of the Board's decision. The appeal should be sent to:

California Department of Education
1430 N Street
Sacramento, CA 95814

Professional Boundaries: Staff/Student Interaction Policy

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Student Behavior

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with

students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Duty to Report Suspected Misconduct

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Examples of Specific Behaviors - Unacceptable Staff/Student Behavior (Violations of this Policy)

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.
- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Unacceptable Staff/Student Behavior without Parent and Supervisor Permission:

These behaviors should only be exercised when a staff member has parent and supervisor permission.

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Cautionary Staff/Student Behaviors

These behaviors should only be ex ercised when a reasonable and prudent person, acting as an educator, is prevented from using better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence.

- Remarks about the physical attributes or development of anyone;
- Excessive attention toward a particular student;
- Sending emails, text messages or letters to students if the content is not about school activities.

Acceptable and Recommended Staff/Student Behaviors

- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);
- Keeping the door open when alone with a student;
- Keeping reasonable space between you and your students;
- Stopping and correcting students if they cross your own personal boundaries;
- Keeping parents informed when a significant issue develops about a student;

- Keeping after-class discussions with a student professional and brief;
- Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries;
- Involving your supervisor if conflict arises with the student;
- Informing the Executive Director about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious situation later;
- Recognizing the responsibility to stop the unacceptable behavior of students or coworkers;
- Asking another staff member to be present if you will be alone with any type of special needs student;
- Asking another staff member to be present when you must be alone with a student after regular school hours;
- Giving students praise and recognition without touching them;
- Pats on the back, high fives and handshakes are acceptable;
- Keeping your professional conduct a high priority.

Dress Code/Uniforms

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. This uniform policy will be enforced from the very first day of school. Students shall cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on both student and parent/guardian support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that students follow these additional guidelines in terms of uniform appearance and personal appearance. **If any aspect of the uniform, including clothes, shoes, jewelry, cosmetics, or any type of body adornment, is not explicitly listed as acceptable in this handbook, then that item is not permitted to be worn when the student is at school or representing the school.** If you have any questions, please check with administration.

If a student is unable to wear the school uniform to school due to extenuating circumstances, please communicate with the school administration.

A Free MPS Uniform Set

MPS will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including a free uniform set.

MPS will make one uniform set of required MPS logo uniform pieces available to each student free of charge for the student's use during the school year. If parents/guardians or students want to purchase additional MPS logo pieces, they may do so through the school's uniform vendors.

Religious Head Coverings

Religious head coverings shall be permitted.

Free Dress & Theme Dress Days Code

Free Dress days are earned at the discretion of the administration. These days are granted at different times of the year for positive behavior and special occasions. Violation of this policy may result in loss of free dress privileges for the remainder of the school year.

- On free dress days, clothing must be in good taste and appropriate for school. Clothing should not be inappropriately tight, revealing, or transparent.

- The school's dress code is strictly enforced during free dress days as well. All students must follow the same guidelines with the exception of not wearing their uniform.
- T-shirts are acceptable; however, printing on clothing must be suitable for school - no suggestive, vulgar, or profane language or images are permitted, as well as clothing that promotes alcohol, drugs, tobacco, or other controlled substances.
- Mini-skirts, skirts, and shorts should be no shorter than your longest finger when standing with your hands by your sides. Jeans may be worn during free dress days but cannot be inappropriately tight or baggy; no tattered jeans are allowed.
- Visible undergarments (including boxer shorts, bras, etc.) are not allowed.
- Midriffs, backless or sideless shirts or dresses, halter tops, or tank tops with straps less than 1-inch strap in width are NOT allowed.
- Hats for sun protection must only be worn outside of the school building(s) and classrooms. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue.
- Gloves, bandanas, or sunglasses are not permitted to be worn in school, except for medical reasons. Head coverings worn for purposes of religious observance are permitted.
- Neatness and good grooming are required.

MPS Student Uniform Policy

O
M</td>
<td>

Pants, shorts, skirts, skorts, or capris are acceptable.
Skirts, pants, shorts, skorts, or capris must be either khaki color, black or navy blue.

<u>Belts</u> (required for all variations of dress uniform)

Smooth, straight edge, all black, all blue or all brown belts no wider than 1½ inches with a plain, unadorned buckle (no mesh, rope, or all metal).
The buckle may only have one catch.
Belt must be of correct waist size, so that there is minimal excess length (less than five inches).
Any excess length of belt must be tucked through a belt loop and may not hang down.

</td>
<td rowspan="2">
<u>Pants/Skirts/Skorts/Shorts</u>

May not be baggy or inappropriately tight. May not be rolled at waist. Top of garment must be at or above hip bone.
Skorts/shorts should be no shorter than your longest finger when standing with your hands by your sides.
Skirts that are above the top of the kneecap should be worn with leggings/tights and must be no shorter than the longest fingertip.
Pants may not be made from legging or jegging material.
Pants must touch the top of the shoes when the student is standing, but not be long enough to bunch up around the ankle. Socks may not be worn over pants.
Rubber bands are not allowed on the bottom of pants or ankles.
No jean/denim style pants
No Cargo pants/shorts.
Must have a built-in pocket not a sewn-on pocket.

<u>Undergarments</u>

All undergarments, including bras, boxer shorts, etc., should not be visible

<u>Other Guidelines</u>

Woven shirt or polo shirt must be tucked in neatly at the waist at all times. These shirts may not be inappropriately tight or baggy.
Undershirts must be short-sleeved if worn.
The student may choose to button, or not button, the top button of the woven shirt. All other buttons of the woven shirt must be buttoned.
Under shirt may not hang out of sleeves.

</td>
</tr>
<tr>

P</td>
<td>

White, gray, black or navy-blue polo or woven shirts must have the school logo. They may be either short or long sleeved.
Hoods may not be worn at school.
Top of garment must be at or above hipbone when student is standing up.

</td>
</tr>
</table>

<table>
<tr>
<td>FOOTWEAR</td>
<td>

For all footwear including “athletic” footwear, the majority of the shoe must be a solid color that aligns with the school's neutral dress code. Acceptable colors include black, brown, white, or gray. Small to no logos are preferred. (Shoes must be closed toe.)
Plain, unadorned socks must always be worn, tights are also acceptable. Color of the socks or tights: Solid black, dark brown, navy blue or white.
No sandals, boots, clogs, mules, slippers, flip flops, high heels, platform shoes or shoes with wheels.

</td>
<td rowspan="3">
<u>Shoes</u>

Acceptable athletic shoes must be low-profile with minimal design. They must be modest and not attract attention. Shoelaces must match shoes and be in solid color.

<u>Jewelry and Accessories/Cosmetics</u>

Should be modest, appropriate for school, and not attract undue attention.
Necklaces: If worn must be underneath uniform. If visible through an open collar, it must be tasteful and formal (no leather or string). Pendants must not be large or attract attention. Must be tucked in collar of shirt.
No “glitter”, decorations, or drawing of any kind should be visible on the skin, hair, body, or uniform,
Facial, tongue, and body piercing are not allowed.
Bracelets: Must be tasteful and not attract undo attention.
Visible tattoos are not acceptable. Permanent visible tattoos must be covered by a flesh-tone bandage while at school or representing the school.
Cosmetics must be appropriate for school and not attract undue attention.

No brightly colored or glitter eye shadow, or blush.
Mascara and eyeliner should be minimal.
Lipstick should be a natural color.
Earrings must be studs or one (1) inch hoops and worn on earlobe.

</td>
</tr>
<tr>
<td>PE UNIFORM</td>
<td>

<u>Top:</u> Students will wear a solid gray t-shirt, preferably with the MPS logo. Solid white, gray, black, or navy blue sweatshirts with or without the MPS logo may also be worn during PE.
<u>Bottom:</u> Properly fitting navy shorts. Waist size of shorts must be appropriate to student’s waist size (i.e. not inappropriately tight or baggy). Shorts should be no shorter than your longest finger when standing with your hands by your sides <u>Footwear:</u> Any athletic shoes suitable for basketball, tennis, and field sports. The majority of the shoe must be a solid color that aligns with the school's neutral dress code. Acceptable colors include black, brown, white, or gray. Small to no logos are preferred. (Shoes must be closed toe.)

</td>
</tr>
<tr>
<td>OUTERWEAR</td>
<td>

Hats, hoods, caps, and other headgear may not be worn in school buildings, except for purposes of religious observance. No gloves or finger lacing of any sort are allowed. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue.

<u>For colder weather</u>

Crew-neck and zip v-neck sweatshirt and jackets are permitted, with or without the MPS logo.
Sweatshirts and jackets must be solid white, gray, black, or navy-blue.

</td>
</tr>
</table>

Notes

- If a student is unable to wear the school uniform to school due to extenuating circumstances, you need to check with your school’s administration
- Each individual MPS school may include site-specific amendments into the uniform policy addressing local issues

Immigration Enforcement Notification Procedures

Pursuant to SB 98 (2025), MPS shall ensure prompt notification to parents/guardians, pupils, teachers, administrators, and school personnel when federal immigration enforcement is confirmed to be present on or immediately adjacent to school grounds.

Definitions

- Immigration enforcement: Any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal civil or criminal immigration law. Immigration enforcement can be presumed to be occurring when carried out by any officer or agent from U.S. Immigration and Customs Enforcement (ICE), U.S. Customs and Border Protection (CBP), or other federal agency engaged in civil or criminal immigration enforcement.
- Confirmed presence: Visual sighting by staff, verbal acknowledgment by the agent, presentation of credentials, or other reliable evidence.

Mandatory Notification Procedure

Upon confirmation of immigration enforcement presence on or immediately adjacent to the school site, the site administrator or designee shall, as soon as possible and without unnecessary delay, direct the issuance of notifications to:

- All parents/guardians
- All pupils
- All teachers, administrators, and school personnel

Notifications shall be sent using the school-wide messaging platform of Parent Square. School staff will also receive a notification via email to inform them of the presence.

Notifications shall not include any personally identifiable information.

Required Notification Content

Notifications shall be provided in English and in all languages required under Education Code § 48985 and shall include, at minimum:

- Confirmation that immigration enforcement is occurring on or near campus
- Assurance that the school is monitoring the situation and prioritizing student safety
- Reminder that every child has the right to attend school regardless of immigration status
- Link or reference to school resources for immigrant families (if available)

Sample Notification Language (to be translated):

NEARBY ICE ACTIVITY

Release Date: ASAP, timed response
Platform: ParentSquare (**MSA-SD** Families & Staff)
Subject: Notification of Nearby ICE Activity

Dear Magnolia Families,

We have been made aware of the presence of Federal Immigration and Customs Enforcement (ICE) activity near our school campus.

We understand that this may cause concern for families, and we want to reassure you that the safety and well-being of our students and staff remain our top priority. **At this time, no action is required, and normal school operations are continuing.**

Please remember that no immigration enforcement actions are permitted in classrooms or student areas without a valid judicial warrant.

Thank you for your continued support and understanding. If you have any questions, don't hesitate to call the main office.

Sincerely,

Principal Name
Name of School

ICE ON CAMPUS

Release Date: ASAP, timed response
Platform: ParentSquare (**MSA-SD** Families & Staff)
Subject: Urgent: ICE on Campus

Dear Magnolia Families,

We're writing to let you know that Federal Immigration and Customs Enforcement (ICE) personnel are currently on our campus.

We are actively monitoring the situation and following all established protocols to protect our students and staff. **Please note that no immigration enforcement actions are permitted in classrooms or student areas without a valid judicial warrant.**

We will continue to provide updates. If you have concerns, contact the front office.

Sincerely,

Principal Name
Name of School

Follow-Up Notification

As soon as immigration enforcement efforts have ceased or the agents have departed the campus or immediate area, an “all-clear” notification shall be sent using the same methods.

FOLLOW-UP NOTIFICATION

Release Date: ASAP, timed response
Platform: ParentSquare (**MSA-SD** Families & Staff)
Subject: Urgent: All Clear

Dear Magnolia Families,

We are writing to inform you that ICE activity in the area has concluded.

All students and staff are safe, and regular campus operations have resumed. Thank you for your patience and trust as we worked to ensure the safety of our school community.

Sincerely,

Principal Name
Name of School

MPS School Sponsored Field Trips & Cultural Excursions Policy

The Board of Directors of Magnolia Public Schools (“MPS” or the “Charter School”) recognizes and supports the concept of connecting our students with the broader community, both locally and globally, by providing field trips, cultural and art experiences, community service opportunities, and environmental education to fulfill MPS’s mission and philosophy. These activities help to promote tolerance, understanding, and

acceptance of others, enrich the educational experiences of the students, as well as meet the Charter School's goal of creating passionate lifelong learners.

The safety and security of our students is a primary priority when planning or participating in field trips or excursions. These activities will be carried out appropriately to maximize and ensure student safety and to minimize the Charter School's legal liability and financial cost.

Definition

- A "field trip or cultural excursion" involves students leaving MPS grounds to participate in school-sponsored educational opportunities in connection with MPS's course of study or school-related social, educational, cultural, athletic, school band, or other extracurricular or co curricular activities.

Selection of Field Trips and Excursions

The teaching team will continue to research and provide enriching learning opportunities to share with their students both within the classroom and out in the broader community. The principal shall have the authority to approve all in and out of state day and overnight field trips and excursions with consultation of the MPS Academic and Finance Teams. Requests for out of country travel shall be brought before the Board of Directors for approval. The principal will initially receive all such requests and make a recommendation to the Board of Directors as to whether the request should be approved.

The principal will ensure that the following items will be adhered to for all MPS field trips and excursions:

1. The proposed field trip or cultural excursion relates to MPS's educational objectives.
2. The correct ratio of adults to students is met for supervision of the activity.
3. A means of transportation to and from the activity is provided.
4. Adequate restroom facilities, food and water will be available during the activity.

The principal shall not approve any activity that he/she considers to be inherently dangerous to students.

Permission Slips

Before a student can participate in a school-sponsored trip, the teacher shall obtain parent/guardian permission for the trip. Whenever a trip involves water activities, the parent/guardian shall provide specific permission for his/her child to participate in the water activities. The Charter School shall provide an alternative educational experience for students whose parents/guardians do not wish them to participate in a trip.

All persons who are not employees of Magnolia Public Schools making the field trip or excursion shall be deemed to have waived all claims against the Charter School or the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion. All adults taking out-of-state field trips or excursions and all parents/guardians of students taking out-of-state field trips or excursions shall sign a statement waiving such claims.

Items that will be included on the permission slip are:

1. An emergency phone number for the student.

2. Any medications the student is required to take with the time and dosage required.

3. Any medications the student is allergic to.
4. Any other medical information necessary to ensure the student's safety.
5. Waiver as described above.

A copy of a completed and signed permission slip will be kept on the Charter School site and one copy will be given to the teacher or teachers to take on the field trip or excursion.

Voluntary Participation

The Charter School will provide alternative educational activities to those students who choose not to attend a specific field trip or excursion. Parents/guardians will have advance notice of any upcoming field trip or excursion and have the option to withdraw their permission for their child to attend that field trip or excursion.

Disciplinary Rules

Students are under the jurisdiction of the Charter School Board at all times during the field trip or excursion and all MPS policies continue to be enforced during field trips and excursions. Charter School disciplinary policies are to be adhered to at all times. (e.g. Horseplay, practical jokes, harassment, taunting, rough play, aggressive or violent behavior, profanity, viewing of pornographic material, and use of alcohol and/or controlled substances during the field trip or excursion are strictly prohibited.)

Except as otherwise required by law, a student may be excluded from the trip if their presence poses a safety or disciplinary risk.

Defraying Expenses of Field Trips and Excursions

The Charter School may charge a fee for field trips and excursions pursuant Education Code section 35330. However, the Charter School will endeavor to keep the costs of any field trips affordable for all students' families. In no event will a student be prevented from participating in the field trip or excursion due to lack of sufficient funds. In accordance with Education Code section 35330(b), the Charter School will coordinate the efforts of community service groups to supply funds for students in need.

Supervision of Field Trips and Excursions

The teacher who coordinated the field trip will be present to supervise the field trip or excursion, except in unusual circumstances when a replacement teacher is assigned because of an unexpected unavailability. The principal will be designated as the emergency contact for the group on the field trip or excursion. Any injuries or unusual incidents occurring during the field trip or excursion will be documented in writing by the coordinating teacher and given to the Charter School's Principal.

The principal shall ensure that the field trips and excursions have an adequate number of adults attending to safely supervise the student attending the field trip or excursion.

A first aid kit shall be in the possession of or immediately available to a teacher, employee, or agent of the school during the student field trip or excursion. Whenever trips are conducted in areas known to be infested with poisonous snakes, the first aid kit taken on the trip shall contain medically accepted snakebite remedies. In addition, a teacher, employee, or agent of the school who has completed a first aid course which is certified by the American Red Cross and which emphasizes the treatment of snakebites shall participate in the trip.

Charter School employees or volunteers shall not consume alcohol or use controlled substances (except for medications taken under a physician's orders) while accompanying and supervising students on a field trip or excursion.

Accident Insurance

The Charter School provides student accident insurance which covers medical expenses arising from their student injuries on campus or while participating in a Charter School sponsored off campus activity. The family's health insurance is primary, but if there is no health insurance, the Charter School's Student Accident Insurance becomes primary. Information and applications for student accident insurance are available from the principal.

Parent or Guardian Participation in Field Trips and Excursions

As field trips and excursions are an integral part of the Charter School learning experience, parents are encouraged to participate in an assisting role with students. The principal or the coordinating teacher will provide parents and guardians with specific supervisory guidelines prior to any Charter School group trip involving students. Topics to be included are safety regulations, emergency responses, responsibilities of the parent volunteers, and language or behavior requirements of all attendees.

To ensure student safety, any non-employee chaperones supervising students on a field trip must be a Certified Volunteer (C-Volunteer). All prospective chaperones must review the Magnolia Public Schools Volunteer, Visitation, Shadowing, and Removal Policy, complete the C-Volunteer Application Form, and agree to the Volunteer Commitment and Procedures. These forms must be submitted to the school office for processing. The office will provide confirmation once the volunteer clearance is approved. Only individuals who have completed this process and received clearance may serve as chaperones on any school field trips.

A participating parent or guardian will be assigned to a specific group of students to supervise and will be responsible for these students at all times during the field trip or excursion. Under no circumstances will a parent or guardian consume alcohol or use controlled substances (except for medications taken under a physician's orders) during a field trip or excursion. The parent or guardian will notify the coordinating teacher, in advance of the field trip or excursion, should he/she be under a physician's orders and using medications.

All persons who are not employees of Magnolia Public Schools taking in-state or out-of state field trips or excursions and all parents or guardians of pupils taking in-state or out of-state field trips or excursions are required to sign a statement waiving all claims against MPS, its employees, and the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion.

Transportation

At all times during the field trip or excursion, teachers, staff and parents will use the safest mode of transportation and the safest and most direct routes of travel. If vans are used, the vans cannot be manufactured to carry more than ten (10) occupants (including the driver). Simply removing seats or not filling the occupancy does not meet the legal requirements. In addition, all speed notices must be strictly adhered to and students are to be seated with individual seatbelts at all times.

The Charter School shall take reasonable precautions to ensure that all employees and volunteers who transport students are responsible and capable operators of the vehicles to be used and ensure compliance with the Charter School Student Transportation Policy and Driver Requirements as follows:

Employee or volunteer drivers who offer to provide transportation for a field trip or excursion must provide a copy of the following:

1. Proof of liability insurance for their vehicle with a minimum of $100K/$300K coverage.

2. A copy of their Driver's License and Vehicle Registration.

3. A criminal background check conducted by the California Department of Justice ("DOJ"). Employees or volunteers whose DOJ report reveals a Driving Under the Influence conviction shall not be permitted to transport students or operate any vehicle on Charter School business for ten (10) years from the date of the conviction. Any employee or volunteer convicted of a felony shall not be permitted to transport Charter School students on Charter School business.

4. A Department of Motor Vehicles record. Employees or volunteers with driving records with two (2) points or more shall not be permitted to transport students or operate any vehicle for Charter School field trips and excursions.

5. The minimum age requirement to transport passengers is twenty-five years old.

Each of these items will be provided to the principal or coordinating teacher prior to driving on a field trip or excursion.

Under no circumstances shall students transport other students.

For the volunteer's safety and that of all the students in his/her car, the following rules apply:

1. All Charter School rules apply to students in the volunteer's car.

2. All California driving laws must be followed including child restraint laws: no texting or distracted driving, hands-free phone use only.

3. No movies may be shown in vehicles.

4. No side trips allowed.

5. Maps and directions from the teacher should be reviewed prior to leaving.

6. No purchases for students should be made on the field trip including food or treats for students in the car.

7. Call the Charter School office immediately if there is a problem.

RESPONSE

Disaster Response Procedures

The purpose of these procedures is designed to offer clear guidance and instructions for safety and emergency preparedness, aimed at safeguarding the well-being of both students and staff during critical situations. The subsequent sections outline specific procedures tailored to various emergency scenarios.

1. Ensuring the safety and welfare of students and staff.
2. Facilitating a secure and coordinated response to diverse emergency situations.

3. Safeguarding the school's facilities and property.
4. Efficiently restoring normal conditions with minimal confusion in the shortest time possible.
5. Establishing a seamless interface and coordination between the school and local authorities and resources.

Emergency and Crime Response

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency poses a serious threat to the safety and well-being of students and staff, evacuation will occur until any danger has passed. When necessary, the school may be dismissed by the School Principal or designee. The Home Office will also be informed using the Home Office Support Team (HOST) communication system (refer to HOST Crisis Communication). HOST will also collaborate with the Crisis Response Team and coordinate response as needed, particularly in the area of mental health support. In the event of the following scenarios, the principal or designee will communicate with stakeholders using the school's mass communication system.

Fire

In the event of a fire at our school, the following procedures will be promptly implemented:

- Discovery of Fire: Upon discovering a fire, teachers or staff members will immediately guide all occupants out of the building, activate the fire alarm, and promptly report the incident to the school administrator.
- Incident Command and Evacuation: The principal or designee will assume the role of the Incident Commander and initiate the Evacuate Building action. Staff and students will follow prescribed or safe routes to evacuate buildings, assembling at designated Assembly Areas.
- Emergency Services Notification: The school principal or designee will contact 911, providing precise details about the fire's location (e.g., building, room, area).
- Evacuation Accountability: During an evacuation, teachers will carry student rosters and any necessary emergency supplies, taking attendance at the Assembly Area to ensure accountability for all students. Special attention will be given to students with cognitive disabilities to ensure their understanding of directions. Teachers will promptly inform the Assembly Area Team of any missing students.
- Security Measures: The administrative team will secure the affected area to prevent unauthorized entry and maintain clear access roads for emergency vehicles.
- Utilities and Post-Incident Actions: The administrative team will notify the relevant utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will communicate with and update parents promptly via ParentSquare, ensuring transparent and timely information dissemination.

These procedures are designed to prioritize the safety and well-being of all occupants. Regular training and drills will reinforce these protocols, promoting a swift and coordinated response during an actual emergency.

Lockdown

This protocol is enacted in response to identified or directed threats of violence or gunfire by law enforcement, aiming to prevent perpetrators from entering any occupied campus areas. The purpose of a lockdown is to secure the school during police actions, campus intrusions, community incidents, or other real or perceived threats to the school's security.

Lockdown Procedures:

- Initiating Lockdown: Lockdown is declared when the threat of violence or gunfire is identified. All personnel must adhere to this protocol to ensure the safety of everyone on campus.

- Secure Classrooms or Designated Safe Locations: During Lockdown, students are required to remain in locked classrooms or designated safe locations. It is imperative to keep classroom doors locked at all times.
- Immediate Actions for Classes: Upon receiving the lockdown announcement:
    - Classes will remain in their rooms.
    - Redirect any students in hallways or outdoors into the nearest locked classroom.
    - Physical education classes will relocate to secure areas such as the gym, auditorium, or multi-purpose room.
- Safety Measures within Classrooms: Once in the secured location:
    - Move students to the most protected areas in the room and lock the door.
    - Instruct students to face away from windows, keeping their backs toward windows.
    - Close and lock all doors and windows.
    - If possible, cover windows by lowering blinds, closing slots, drawing curtains, or pulling shades.
- Lights and Power: Turn off lights, power equipment, appliances, and ensure cell phones are on silent mode. Maintain silence in the room to avoid detection.
- Attendance and Student Accountability: Take and report attendance as feasible. Teachers must account for any students with cognitive disabilities who may require additional assistance or may not have fully understood the directions.
- Remain in Secured Locations: All personnel must remain in the secured room until further instructions are received from official sources.

This Lockdown Procedure is designed to prioritize the safety of all individuals on campus. Regular drills and ongoing training will familiarize staff and students with these protocols, ensuring a swift and coordinated response during an actual emergency.

Lockdown Drill Guidelines

1. Lockdown drills shall not be “high-intensity” drills. This means they will not include simulations that mimic an active shooter or other armed assailant incident, and shall not, (i) use fake blood or theatrical makeup or other materials to give the impression of injury or death, (ii) shall not involve the use of actors or other individuals posing as armed assailants or victims, and (iii) shall not train students to actively resist an assailant by throwing objects, attaching, or swarming the assailant.

2. Lockdown drills shall not use real weapons, gunfire blanks, or explosions.

3. The school will ensure a trauma-informed approach to the design and implementation of the drill that ensures the drill process (i) is age and developmentally appropriate, (ii) is only conducted after advance notice of the drill and its expected length of time are given to all parents/guardians and school employees subject to the drill; (iii) provides an opportunity for parents/guardians to opt out their s tudent out of the drill; (iv) is preceded by an announcement of the lockdown drill and is followed by a closing announcement; (v) is followed by a notice to parents/guardians after the drill has concluded; and (vi) provides contact information for community-based resources to parents/guardians, students, and staff who are negatively impacted by the drills, which prioritizes school based resources.

Medical Emergency

Medical emergencies or accidents may occur unexpectedly, involving students or employees. Depending on the severity, some incidents may only require first aid, while others demand immediate medical attention. In any uncertainty, prioritize caution and promptly dial 911.

- Emergency Reporting: In the event of a medical emergency involving a student or employee, immediately report the incident to the School Principal or designated personnel. Dial 911 or instruct someone to do so. When reporting, provide the following essential information:
    - School name and phone number.
    - Building address, along with the nearest cross street(s).
    - Exact location within the building.
    - Your name and phone number.
    - Nature of the emergency.
      Stay on the line until advised to disconnect by the dispatcher.
- School Notification: Notify the school office about the injured individual and the initiation of an ambulance call. Request the dispatch of a first aid/CPR-trained employee to assist the victim.
- Assistance and Victim Care: Maintain composure during the emergency. Keep the victim warm with a coat or blanket.
- Avoid moving the victim unless there is a risk of further injury. Refrain from offering any food or drink to the victim.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Opioid Overdose Response Protocol

Administration of Naloxone (Narcan)
Provide emergency Naloxone (Narcan) or another opioid antagonist to trained school personnel, with designated volunteers receiving initial and annual refresher training for the storage and emergency use of these medications. Responding to medical emergencies, particularly opioid overdoses, and the safe administration of Naloxone within the school environment. This plan aims to ensure the well-being of students and staff and to provide timely and effective intervention in the event of an opioid-related emergency.

Identification of Potential Overdose Cases:

- Training is provided to school staff, including teachers, administrators, and support staff, on recognizing the signs of opioid overdose, such as respiratory distress, unconsciousness, or pinpoint pupils.

Naloxone Training:

- The school designates key personnel, such as school nurses and selected staff members, to undergo specialized training in the administration of Naloxone.
- Training includes recognizing signs of overdose, proper administration techniques, and post-administration procedures.

Emergency Response Protocol, in the event of a suspected opioid overdose

- Maintain accessible and strategically located Naloxone kits within the school, particularly in areas where medical emergencies are more likely to occur.
- Trained personnel authorized to administer Naloxone during emergencies, and trained to follow the outlined step-by-step process for administering Naloxone, emphasizing proper dosage, injection techniques, and post-administration monitoring.
- After administration of Naloxone, staff shall immediately call emergency services (911) to report the incident and request urgent medical assistance
- Establish a post-administration monitoring procedure to ensure the individual's vital signs are stable. If necessary, continue to provide supportive care until emergency medical services arrive.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Administration Procedure

This Medical Emergency Protocol is designed to ensure swift and organized responses in times of need. Regular training and drills will familiarize staff with these procedures, promoting a safe and supportive environment within our school community.

Earthquakes

Earthquakes can occur without warning, often followed by aftershocks that may persist for weeks or months. The impact on buildings varies, making it crucial to remain calm and act promptly during and after the shaking.

- Stay Calm and Assess: Keep calm during the shaking and remain in your current location. Assess the situation before taking action. Remember, injuries often result from flying or falling debris.
- Drop, Cover, and Hold On: Upon the first indication of an earthquake, teachers should instruct students to Drop, Cover, and Hold On.
- Move to Safety: Move away from windows and overhead hazards to avoid glass and falling objects.
- Students with Disabilities: Students with disabilities preventing them from seeking protection under furniture should:
    - Move away from unsecured items in the room.
    - Go to a structural corner away from cabinets, shelves, and windows.
    - Lock wheelchair wheels and protect their head and neck with their hands.

After the Earthquake

- Incident Commander Activation: When the shaking stops, the principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation Procedures: Staff and students will evacuate using prescribed or safe routes to the Assembly Area.
- Attendance and Student Accountability: Teachers will bring their student roster and emergency supplies, taking attendance at the Assembly Area. Special attention will be given to students with cognitive disabilities.
- Missing Students Notification: Teachers will notify the Assembly Area Team of missing students or any student left behind.
- Security Measures: The administrative team will secure the area to prevent unauthorized entry and ensure clear access roads for emergency vehicles.
- Utilities and All Clear: Notify the appropriate utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will notify and update parents promptly via ParentSquare.

This Earthquake Response Protocol is designed for the safety and well-being of all individuals on campus. Regular drills and training will reinforce these procedures, fostering a resilient and prepared school community.

Assaults

Assaults, involving acts of striking or inflicting injury on a person, are considered serious matters, demanding immediate attention and appropriate action. Any threat or assault on students or employees requires prompt reporting to the School Principal or designated personnel. The decision to involve law enforcement officials will be determined by the School Principal or designee.

General Reporting Steps:

- Immediate Reporting: Report any threat or assault on students or employees promptly to the School Principal or designee.
- Law Enforcement Notification: The School Principal or designee will assess the severity and decide whether law enforcement officials should be notified.

In Case of Serious Assault:

- Emergency Services: Dial 911 immediately.
- Seek Medical Attention: Seek first aid or medical attention for any injuries sustained during the assault, if indicated.
- Document Injuries: Have photographs taken of any injuries as part of the documentation process.
- Assailant Description: Write down a detailed physical description of the assailant as soon as possible after the incident, including sex, age, height, weight, race, clothing, and any weapon used.
- Witness Information: Obtain names and telephone numbers of any witnesses present during the assault.
- Incident Report: Draft an incident report detailing the circumstances of the assault.
- Submission to School Principal: Submit the incident report to the School Principal or designee for review.
- Law Enforcement Involvement: The School Principal or designee will submit an incident report to local law enforcement if the assault is deemed serious.

This Assault Incident Protocol is designed to ensure a swift and comprehensive response to any assault situation. Regular training and awareness programs will support the school community in understanding and implementing these procedures effectively.

Biochemical/Hazardous Materials

A biological or chemical release involves the discharge of substances in solid, liquid, or gaseous states, with potential incidents ranging from chemical spills in school laboratories to hazardous material incidents adjacent to the school. Early detection and swift response are essential to ensure the safety of students and staff.

Indicators of Release:

- Multiple victims with symptoms such as watery eyes, twitching, choking, loss of coordination, trouble breathing.
- Presence of distressed animals or dead birds.

Response Procedures:

- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation and Isolation: Staff and students will use designated routes to the Assembly Area, upwind of the affected area. Those exposed to contaminants should be isolated from the rest of the school population.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details and the nature of the emergency.
- Area Isolation and Access Restriction: The administrative team, under the Incident Commander's instructions, will isolate and restrict access to potentially contaminated areas.
- Ventilation and Air Handling Measures: The Security/Utilities Team will turn off local fans, close windows and doors, and shut down the building’s air handling system.
- Parent Communication: The principal or designee will promptly notify and update parents via ParentSquare.
- Decontamination and Triage: Individuals in direct contact with hazardous substances should wash affected areas with soap and water. Outer clothing layers, potentially contaminated, should be removed and contained. The Triage Team will evaluate and monitor exposed individuals.
- Assembly Area Team Responsibilities: Prepare a list of all people in the affected or contaminated area, specifying those with actual contact. Provide the list to the Incident Commander and emergency responders.
- Crisis Team Activation: The Crisis Response Team will convene on-site, initiating counseling and recovery processes.
- Area Reopening: Affected areas will not reopen until clearance is provided by the appropriate agency, such as Los Angeles County HazMat, and the Incident Commander authorizes it.

- All Clear Activation: Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

These protocols ensure a comprehensive and coordinated response to biochemical/hazardous material incidents, prioritizing the safety and well-being of the school community. Regular drills and training will enhance preparedness and awareness.

Disorderly Conduct

Disorderly conduct, whether exhibited by a student, staff member, or visitor, can pose a threat to the safety and well-being of the school community. The following protocols are established to ensure a measured and effective response:

- Immediate Action: Upon witnessing disorderly conduct, staff should take immediate steps to calm and control the situation, prioritizing the safety of all individuals involved. If safe to do so, attempts should be made to isolate the perpetrator from other students and staff.
- Witness Statements: Witnesses are encouraged to provide written statements detailing the incident for follow-up by the school administrator and/or law enforcement agency.
- Notification to Principal: Staff witnessing disorderly conduct should promptly notify the principal or designee.
- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating appropriate emergency functions such as Lockdown, Evacuate Building, or Off-site Relocation.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details (e.g., building, room, area) of the incident.
- Immediate Threat Response: If an immediate threat is not evident, the Incident Commander or designated staff may attempt to defuse the situation. Approach the individual in a calm, nonconfrontational manner and request they leave the campus, avoiding hostile situations.
- Family Notification (if applicable): In the case of a student involved, every effort should be made to notify the family, as they may provide valuable insights on handling the situation.
- Parent Communication: The Incident Commander will promptly notify and update parents via ParentSquare, as necessary.
- Threat Assessment/Management Team Activation: The Incident Commander and team will assess whether activating the threat assessment/management team (Crisis Response Team) is warranted.
- All Clear Activation: Once the incident concludes, and the campus is determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are designed to address disorderly conduct swiftly and efficiently, prioritizing the safety of the school community and providing necessary support and communication channels. Regular training and drills will enhance preparedness and response capabilities.

Vandalism

In the event of school vandalism, the following procedures are to be adhered to for a comprehensive and effective response:

- Notification of School Authority: Promptly notify the school principal or designee of the vandalism incident.
- Building and Grounds Personnel Notification: Notify building and grounds maintenance personnel to assess and address the immediate physical impact.
- Assessment of Severity: The School Principal, or designee, will assess the seriousness of the situation, gauging the level of assistance required, which may involve engaging local law enforcement.
- Identification of Perpetrators: If possible, attempt to identify the individuals involved in the act of vandalism.

- Witness Interviews and Statements: Conduct interviews with witnesses and obtain written statements detailing the incident.
- Documentation Process: Document the incident promptly, preparing an incident report that includes any witness statements. Submit this report to the School Principal or designee.
- Parent/Guardian Notification: Notify parents or legal guardians of the affected students about the vandalism incident.
- Disciplinary Measures: Determine appropriate disciplinary measures in response to the act of vandalism.
- Restitution Assessment: Evaluate any monetary restitution issues arising from the vandalism and determine the applicable amounts.

These procedures are established to ensure a systematic response to vandalism incidents, address immediate concerns, identify responsible parties, and implement appropriate disciplinary and restitution measures. Regular communication with parents and legal guardians is crucial for maintaining transparency and fostering a sense of responsibility within the school community.

Loss or Failure of Utilities

In the event of a utility failure, encompassing the loss of water, power, or other essential utilities on school grounds, the following comprehensive procedures are to be followed:

- Immediate Action for Broken Utility Lines: In the case of a broken water or electrical line, make an immediate effort to shut off water or power to the affected area. Simultaneously, notify the school administrator without delay.
- Incident Commander Designation: Upon receiving notification of a utility loss, the principal or designee assumes the role of Incident Commander. The Incident Commander will initiate appropriate emergency functions, including potential actions like Shelter in Place or Evacuate Building.
- Communication with MPS General Counsel & Facilities Department: The Incident Commander, during business hours, will promptly notify the MPS General Counsel & Facilities Department, specifying the location and nature of the emergency. The preferred vendor list may be engaged based on the Incident Commander's discretion.
- Utility Company Coordination: MPS General Counsel & Facilities Department personnel, collaborating with the Incident Commander, will contact the affected utility company. This communication aims to ascertain the necessity of their assistance, recommended actions, and the anticipated duration of the service interruption.
- Evacuation Procedures: If the Evacuate Building action is warranted, teachers will evacuate with student rosters and essential classroom emergency supplies. Attendance will be taken in a safe location. Special consideration will be given to students with cognitive disabilities.
- Parent Notification via ParentSquare: The Incident Commander will inform and update parents promptly through ParentSquare.
- Utilization of Emergency Supplies: School emergency supplies will be deployed as needed to compensate for the utility loss.
- All Clear Action: Once the incident is concluded, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Specific Concern Protocols: In addition to the outlined procedures, the Incident Commander will implement specific protocols tailored to the nature of the utility concern (e.g., loss of water supply, power outage).

These procedures are established to ensure a swift, organized, and effective response to utility failures, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Bomb Threat/Suspicious Package

In response to the discovery of a suspicious package on campus grounds or the receipt of a threatening phone call indicating a potential explosion risk, the following procedures are implemented:

Response to Threatening Phone Calls:

- Immediate Action: The call taker aims to keep the caller on the line while alerting someone else to call 911. Simultaneously, the staff member calling 911 provides essential information to the operator:
    - Nature of threat on the phone line
    - School name
    - Phone number of the line receiving the threat
    - Name and contact information of the staff member
- Informing the Principal: The person answering the threat call informs the principal immediately and gathers and records information about the call, addressing bomb threat questions such as location, timing, appearance, motive, and contact details.
- Voice Analysis and Background Evaluation: Questions are complemented by evaluating the caller's voice and background noise for characteristics such as gender, age, accent, speech clarity, and background environment.
- Incident Commander Designation: The principal or designee assumes the role of the Incident Commander, advising the school. Law enforcement may instruct the school to wait for officers to arrive and conduct an investigation. The Incident Commander, in consultation with law enforcement, determines appropriate emergency functions, such as Drop, Cover and Hold On, Lockdown, Evacuate Building, or Relocation.

Discovery of Suspicious Packages or Objects:

- Cell Phone and Radio Precautions: If unusual or suspicious packages, boxes, or foreign objects are discovered, all cell phones and hand-held radios are turned off to prevent potential triggering by radio frequencies.
- Object Discovery Protocol: Report the discovery to the Incident Commander while securing the immediate area without touching or disturbing the object. No attempt should be made to investigate or examine a suspicious object.
- Parent Notification via ParentSquare: The Incident Commander notifies and updates parents through ParentSquare.

Evacuation Procedures:

- Incident Commander's Decision: The Incident Commander, consulting with law enforcement, may alter emergency functions based on the situation. In case of a confirmed threat or bomb discovery, the Evacuate Building action is issued.
- Safe Evacuation: Staff and students evacuate using safe routes to the Assembly Area.
- Attendance and Missing Students: Teachers bring student rosters, take attendance at the Assembly Area, and account for students. Special consideration is given to students with cognitive disabilities. Teachers notify the Assembly Area Team of missing students.

Post-Incident Actions:

- Crisis Response Team: The Crisis Response Team convenes on-site for counseling and recovery.
- Inspection and All Clear: School activities do not resume until proper authorities inspect affected buildings and declare them safe. The Incident Commander initiates the All Clear action after the incident concludes.
- Off-Site Relocation: The Incident Commander may initiate an off-site relocation if conditions warrant.
- Incident Report: Following the incident, the Incident Commander completes a comprehensive bomb threat report for analysis and reflection.

These procedures are established to ensure a swift, organized, and effective response to bomb threats and suspicious packages, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Explosions/Risk of Explosions

In the unfortunate event of an explosion or the risk of explosion at the school, the following procedures should be followed:

- Initiate Drop, Cover, and Hold On: In the event of an explosion, all individuals should immediately initiate the Drop, Cover, and Hold On protocol.
- Incident Commander and Emergency Services: The principal or designee becomes the Incident Commander and promptly calls 911 to provide precise details of the emergency, including the location (e.g., building, room, area) and the nature of the incident.
- Consultation and Emergency Functions: The Incident Commander will consult with available law enforcement and, considering the potential for another imminent explosion, determine appropriate emergency functions. Actions may include Shelter in Place, Evacuate Building, or Relocation. Evacuation may be required in some buildings on campus, with others serving as shelters.
- Evacuation Procedures: In the event of an evacuation, staff and students will use prescribed routes or other safe routes to proceed to the Assembly Area.
- Attendance and Notifications: During evacuation, teachers will bring the student roster and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are responsible for accounting for students with cognitive disabilities who may not have understood the directions, and they will notify the Assembly Area Team of missing students. The Incident Commander will promptly notify and update parents via ParentSquare.
- Medical Assistance: The Triage Team will promptly check for injuries and provide appropriate medical assistance.
- Utilities and Building Security: The Incident Commander will notify the appropriate utility company of any damages to water lines, sewers, power lines, and other utilities. The administrative team will secure the building entrance to prevent unauthorized persons from entering the school buildings.
- Search and Rescue Activities: If it is determined safe to enter affected areas, the Incident Commander will direct the administrative team to initiate search and rescue activities.
- Reopening and Clearance: Any areas affected by the explosion will not be reopened until the Los Angeles County HazMat or the appropriate agency provides clearance, and the Incident Commander authorizes such action.
- Relocation Procedures: The Incident Commander may initiate a Relocation if conditions warrant such a decision.
- All Clear and Conclusion: Once the incident has concluded, and the campus has been determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are established to ensure a swift, organized, and effective response to explosions or the risk of explosions at school, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Fighting or Riots

When dealing with a fight or the potential escalation to a riot, school staff should adhere to the following guidelines:

Fighting:

- Communication and Assistance: Utilize radio units or cell phones for communication. If not feasible, send a reliable student to the office to seek assistance. Speak loudly, demanding an immediate cessation of the behavior.
- Collaboration and Intervention: Seek assistance from other teachers to address the situation. If students begin to gather, work swiftly to disperse them.
- Identification and Intervention: Call out the names of involved students, if known, and inform them of their identification. For serious fights, especially those involving weapons, seek additional help from law enforcement personnel.
- Separation and De-escalation: Attempt to separate involved students using an assertive tone. Consider age, size, and personal safety before intervening physically. If successful in separating students, avoid further confrontational behavior. Allow students time to talk in a calm setting to gradually change the climate of the situation.

Riots:

- Prevention and Sensitivity: Encourage teachers and staff to be sensitive to the emotional climate and defuse tensions before problems escalate.
- Law Enforcement and Assessment: Notify local law enforcement of the disturbance and convene at a pre-designated site to evaluate the situation.
- Emergency Response Plans: Have a law enforcement officer assess and call for necessary resources, such as backup and emergency medical assistance.
- Activate emergency plans, including:
    - Instruct office staff to handle communications and initiate lockdown orders.
    - Notify transportation for appropriate buses for evacuation.
    - Assign staff to a temporary detention facility and log information.
    - Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Collaboration and Communication: Collaborate with the MPS Outreach & Communications Department to brief a representative for media interactions.
- Medical Treatment and Triage: Assign staff to a pre-designated medical treatment/triage facility.

Remember, these protocols are established to ensure a swift, organized, and effective response, prioritizing the safety and well-being of students and staff during such incidents.

Crisis Response

A school crisis is an unexpected critical incident that poses a safety threat or disrupts the school day, impacting teaching, learning, and overall well-being. Common reactions include shock, confusion, and fear. While each crisis may affect individuals differently, it can have a broad and immediate impact on students and adults. Examples include accidents, violent incidents, deaths, natural disasters, or acts of terrorism.

Multi-Tiered Crisis Response Team Model:

Tier I: School Site Crisis Response Team:

- Initiates crisis response, assesses needed services, and provides direct interventions.
- Determines the need for additional assistance from the Home Office.
- May be activated during emergencies or as a stand-alone team.

Tier II: Academic Department (Director of Special Education and Services; Director of Student Services):

- Contacted by the school site for support beyond the team's scope.
- Provides consultation, direct intervention, assistance with communications, and guidance for recovery/SEL support.

Tier III: MPS Home Office Crisis Response Team:

- Engaged based on collaboration between the Academic Department and the school site.
- Offers consultation, direct intervention, communication support, and recovery guidance.

Crisis Response Procedures:

- Activation and Assessment: The principal or designee, as the Incident Commander, activates the School Site Crisis Response Team. The team, in collaboration with the Incident Commander, assesses the impact and triages students, staff, and parents/guardians.
- Direct Intervention Services: The Crisis Response Team delivers crisis intervention services, including psychological first aid.
- Restoration of School Functions: Advises and assists the Incident Commander in restoring regular school functions efficiently and quickly.
- Limiting Exposure and Ongoing Assessment: Takes measures to limit exposure to scenes of trauma, injury, and death. Provides ongoing assessment of needs and follow-up services as required.

These protocols are designed to ensure a comprehensive, organized, and effective response to crises, prioritizing the well-being of students, staff, and the school community.

Active Shooter/Gunfire

In the event of a threat of violence on campus or the sound of gunfire, lockdown procedures should be immediately implemented. An Active Shooter on Campus is defined as an individual or individuals on school grounds armed with a firearm, having caused injury or death with the firearm and demonstrating continued threat.

Procedures for Staff:

- Upon the first indication of an active shooter, staff must promptly notify the principal or designee, who assumes the role of Incident Commander.
- The Incident Commander initiates a lockdown, the recommended emergency response.
- A call to 911 is made, providing precise details of the incident. A designated person should remain on the line with the police if safe.
- Establish communication with classrooms through school phones, email, cell phones, or radios to keep everyone informed.
- Notify MPS Home Office through the HOST channel and request assistance.
- Collaborate with the MPS Outreach & Communications Department to inform and update parents via ParentSquare.

Principal/Designee and Crisis Response Team Responsibilities:

- Secure perimeter gates and ensure all individuals are safely behind locked doors.
- Initiate the process of accounting for all students and staff.
- Calm and control students through regular announcements. If safe, maintain separation between students and the perpetrator.
- If imminent danger is identified with an active shooter on campus, Rapid Relocation may be initiated, ensuring students are not placed in the gunman's path.

Rapid Relocation Procedures:

- Encourage quick evacuation through any safe exit. If leaving campus, the preferred off-site relocation point is chosen if the route is safe.
- Inform local law enforcement of the decision to leave campus and the chosen destination. Keep them updated on students and staff not reaching the relocation point.
- Calm students, establish a perimeter for safety, and re-establish Incident Command teams with available staff.
- The Triage Team collaborates with first responders for medical attention to the injured.
- The Incident Commander prepares a verified list of the wounded and their transport locations, coordinating with the School Site Crisis Response Team for parent notifications.
- All media inquiries are directed to the MPS Home Office Outreach & Communications Department.
- Once the incident concludes and the campus is declared safe, the Incident Commander initiates the All Clear action.
- A debrief session with staff and school police officers is conducted by the Incident Commander.

These crisis response protocols are established with the paramount goal of ensuring the safety, well-being, and efficient recovery of students, staff, and the school community in the face of unforeseen critical incidents. The collaboration between school personnel, law enforcement, and relevant agencies is crucial to swiftly and effectively address emergencies, minimize disruptions, and support the emotional and physical recovery of those affected. By adhering to these comprehensive procedures, we aim to create a secure and resilient environment conducive to the continued growth and success of our educational community.

Use of Facilities

In the event of disasters or emergencies, the school is committed to supporting the mandated emergency procedures established by law enforcement, government, or public safety agencies. This ensures that students and

both certificated and classified staff follow necessary protocols, enabling the school to serve as a mass care and welfare shelter, to the extent necessary and appropriate.

Evacuation

In the event that community conditions or internal school circumstances necessitate a site evacuation, the following steps should be undertaken:

- The principal or designee assumes the role of Incident Commander and will communicate evacuation instructions via the PA system. If the PA system is unavailable, alternative communication methods, such as messengers, will be employed. The principal will convey a calm demeanor, offer reassuring comments, affirm that the situation is under control, and provide clear directions.
    - Example Statement: "Your attention, please. We need to evacuate all buildings. Teachers are to take their students and roll books to the assembly area and report to their designated area. Students are to remain with their teacher. Teachers need to close the classroom door when all the students have left."
- The Incident Commander will activate the fire alarm system as a signal to initiate the evacuation process.
- Designated emergency team members/staff will secure medications, related documents, and other essential medical supplies/equipment, such as First Aid Kit, CPR, AED, Epi-Pen, and Sharps container.
- Teachers will instruct students to evacuate the building using designated routes and assemble in their assigned Assembly Area.
- Teachers will bring student rosters and any classroom emergency supplies, take attendance once the class is assembled in a safe location, and account for students with cognitive disabilities who may not have fully understood the directions. Missing students will be listed on the Missing Persons Report.
- Once assembled, teachers and students will remain in place until further instructions are provided.
- The Incident Commander will make necessary notifications to the Home Office and parents.
- Upon the conclusion of the incident and confirmation of campus safety, the Incident Commander will initiate the All Clear action.

Procedures for Responding to Students Who Self-Injure

Self-injury, characterized by the deliberate act of harming one's own body, is often an unhealthy coping mechanism for emotional pain, intense anger, or frustration. While this behavior may lack suicidal intent, it can escalate the risk of suicide due to underlying emotional issues. Consequently, students exhibiting self-injurious behaviors should be assessed for suicide risk.

Signs and Symptoms of Self-Injury:

- Frequent or unexplained bruises, scars, cuts, or burns.
- Consistent, inappropriate use of clothing to conceal wounds.
- Possession of sharp objects such as razor blades, shards of glass, or thumbtacks.
- Evidence of self-injury in journals, drawings, social networking sites, etc.

Risk Factors of Self-Injury:

- Age, with a higher prevalence among teenagers and young adults.
- Influence of friends engaging in self-injury.
- Psychosocial factors, including neglect, abuse, or traumatic events.
- Mental health issues, such as depression, anxiety disorders, post-traumatic stress disorder, and eating disorders.
- Alcohol or drug abuse.

Protocol for Responding to Self-Injury:

- Respond immediately or as soon as practically possible.
- Supervise the student at all times.
- Seek medical attention as needed.

- Conduct an administrative search for access to means such as razor blades, shards of glass, other sharp instruments, or medications.
- Assess for suicide risk using appropriate protocols.
- Communicate with and involve the parent/guardian to address the self-injurious behavior promptly.

Awareness for Parents/Caregivers:

- Encourage appropriate coping and problem-solving skills.
- Listen calmly and empathetically, avoiding shaming reactions.
- Develop a safety plan with the student.
- Notify identified adults in the safety plan and provide information on the adult gatekeepers.

Self-Injury and Contagion:

- Respond immediately to identified students.
- Assess each student for suicide risk individually.
- Supervise students separately if identified as engaging in self-injurious behaviors.
- Consider making a mental health referral for students exhibiting self-injurious behaviors.

Response to Self-Injury and Contagion within the School Community:

- Address self-injury with students individually.
- Avoid discussing self-injurious behaviors in group settings.
- Conduct informational parent meetings, inviting all parents/guardians for psycho-education, awareness, and tools for addressing self-injurious behaviors.
- Supervise students and children during parent/guardian meetings.
- Consult with the Outreach & Communications Department for dissemination of information regarding parent/guardian meetings or other media matters.

These procedures are established to ensure a compassionate and effective response, prioritizing the well-being of students and fostering a safe and supportive school environment.

Procedures for Assessing and Responding to Reports of Dangerous, Violent, or Unlawful Activity

Magnolia takes its role in providing a safe and trusted learning environment very seriously. If any student, family member, or member of the school's extended community learns of any dangerous, violent, or unlawful activity that they believe has occurred, is occurring, or may occur at the school or at or near any school-sponsored or school-related event or location, they are strongly encouraged to report that activity—anonymously if necessary—to the Principal.

A report can be sent by a legible written note, by email, or by telephone to the following: mcraig@magnoliapublicschools.org (619) 644-1300. Reports should include place, time, the general nature of the activity being reported, whether any life-threatening activity or weapons are involved, and any other important details. Any report of activity that imminently threatens or involves an imminent potential loss of life should first be made to 9-1-1, immediately.

Magnolia shall promptly review every report received as soon as possible, shall make a record of every report received, and shall make a reasonable inquiry into each, as necessary, to ensure to the greatest reasonable extent that no dangerous, violent, or unlawful act occurs at any school-related or school-sponsored event, or on school-provided transportation to any such event. The investigatory response taken by the school and actions taken will be logged as well.

Floor Plan

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate the outdoor assembly area(s) and evacuation route(s) from the site. (This item is stored with the plant manager and also located in the office of the School Principal)

A copy of the floor plan will be posted in each classroom at the school, in the school hallway, and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

Emergency Drills

The school shall conduct emergency drills on a regular basis to prepare for possible evacuation in case of an emergency. The School Principal, or designee, will specify the date and time of emergency drills. All students and staff are required to participate in these mandated drills.

The School Principal, or designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

School Safety Management Team and Operations

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching, and support staff may also be part of the team but may act only when assigned specific duties by the Principal or designee.

Guidelines for Handling the Media

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The School Principal should assign a school spokesperson to deal directly with the media.

- Develop a written statement for dissemination.
- Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- Appoint a spokesperson (usually the principal).
- Keep the staff informed through one person.
- Be proactive with the media.
- Contact the media before they contact the school.
- Set geographic and time limits.
- Explain restrictions.
- Hold the press accountable.
- Create positive relations with the media before an emergency crisis occurs.
- Stress-positive actions were taken by the school.
- Announce new changes made after the incident has passed.

Parental Notification

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick up their child in the event of an emergency. Schoolwide communication will be sent via ParentSquare.

Safety Supply/Equipment

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for ensuring the availability and delivery of adequate supplies and equipment during the course of an emergency. The team members should be familiar with emergency supplies cached in the emergency bin and any other campus location, such as classrooms.

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for directing team activities and keeping everyone informed of the overall status. Furthermore, responsible for assessing the adequacy of available water, food, sanitation, and other supplies and organizing the distribution of resources for immediate use. Specific duties may include

- Reporting equipment and supply needs
- Estimate the number of persons requiring food/shelter/care
- Work Incident Commander to determine the length of time care will be needed
- Inventory supplies on hand
- Distributing emergency water and food supplies
- Setting up and maintaining sanitation stations
- Confirming supply/equipment needs for any persons with special needs fulfilled
- Controlling conservation of water

Supplies and Equipment for the School Safety Management Team include:

- Hand-held two-way radio
- Keys
- Bullhorn
- Emergency water supplies - water carriers, cups, hand pumps, etc.
- Emergency food supplies
- Temporary power supplies
- Cell phones
- Sanitation supplies

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school. Emergency and first aid supplies should be kept in the school's central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- Blankets
- Matches
- Pillows
- Bottled Water
- Flashlights
- Paper Towels
- Batteries
- Wet Wipes
- Radio (battery operated)
- Sheets
- Candles

Suggested first aid items:

- Assorted Band-Aids
- Gauze
- Sterile Water (for burns)
- Tape
- Scissors
- Tweezers
- Bandages

- Instant Ice Packs
- Ace Bandages
- Package of Sewing Needles
- Slings
- Antibacterial salve
- Steri-strips or butterfly stitches
- Disposable gloves
- Face masks
- CPR (disposable mouthpieces)
- Current first aid book

In case of an emergency evacuation, staff will take this kit to the evacuation site, along with an attendance sheet.

Plant Inspections

The School Principal, or designee, with the assistance of local support personnel where necessary, will inspect and ensure that the school is clean, and secured, all paths of egress are open and well lit is essential to the safety and well-being of all students and staff members of Magnolia Public Schools.

Essential Checklist: Plant Inspections

- A walk-through will be performed at least twice annually by the principal and/or designee to ascertain any unsafe conditions that are hazardous to the staff or student's physical or mental well-being.
- The complete emergency routes used by all students to travel to and from the assembly area should be inspected. Ensure that there are no barriers to students with specific mobility needs.
- Within a month of the start of the new school year, the School Safety Committee will review the walk-through. A timeline for the completion of necessary corrections will be reviewed and assessed monthly.
- The School Principal and/or designee will be responsible for inspecting the campus regularly for the following conditions:
    - All non-structural hazards in classrooms and other sites where students are served will be eliminated. These hazards may include incompatible chemical storage; unsecured objects on high shelves; trees or shrubs that require pruning; trip hazards; exposed nails; screws or bolts; equipment in need of repair, or any other condition that could constitute a hazard.
    - All damaged fences will be reported and corrected as soon as possible.
    - Playground facilities and equipment will be inspected regularly for hazards. Repairs must be made as soon as possible.
    - All non-functioning lighting fixtures must be reported and corrected as soon as possible.

RECOVERY

Schools as Pillars of Support in Emergencies
Schools play a pivotal role in aiding members of the learning community in both preparing for and recovering from emergencies or disasters. Whether stemming from natural events like earthquakes, fires, and loss, or man-made events such as tragic incidents, student overdoses, or acts of terror, a school's approach to post-emergency support is most effective when it addresses diverse levels of need among students. The provision of varying degrees of support, including opportunities for smaller group meetings, becomes critical for those requiring more in-depth assistance, thereby complementing the general support offered to all students.

In the aftermath, the responsibility for implementing recovery strategies typically falls on the shoulders of school psychologists, counselors, social workers, and potential community mental health partners, all of whom may serve as members of the Crisis Response Team. Encouragingly, all adults involved are urged to contribute by modeling calm, caring, and thoughtful behavior.

Supporting Someone After a Crisis
When supporting someone after a crisis, it is important to be present and supportive. Use verbal, nonverbal, and paraverbal communication to convey your care and concern. Ask open-ended questions to identify how they are feeling and listen with empathy. Do not rush them to talk about the incident.

If you are feeling overwhelmed, take some time to gain your composure. Ask for a staff member to step in if you need to leave the room. Coordinate with other staff to address the immediate needs of the staff involved.

It is important to remember that you cannot provide effective support until you have reached physical and emotional calm.

Guiding Therapeutic Rapport through Time

1. Supporting in the Present - Helps rebuild relationships and build bridges of communication. The trust and relationship that you establish at this point are crucial to the de-escalation of a future crisis.
2. Understanding the Past - Allows the person to reflect on their actions and consider the impact on others. This helps to uncover what happened and identify any patterns and Precipitating Factors, which can help in planning for the future.
3. Planning for the Future - Results in learning and development of approaches by collaborating and problem-solving. Planning creates a sense of responsibility and ownership for the individual. It also helps staff prevent crisis behaviors and improve their approaches.

Therapeutic Rapport Considerations
When engaging with individuals in therapeutic settings, it is crucial to take into account several factors that significantly influence the dynamics of the counseling relationship:

- Age: An individual's age plays a pivotal role in shaping their ability to comprehend and actively participate in therapy. Consider the developmental stage, as younger children might struggle to express emotions or grasp complex concepts, while older adults bring different life experiences and concerns.
- Cognitive Functioning: Cognitive abilities vary among individuals, affecting their capacity to process information and follow instructions. Modify therapeutic approaches to accommodate diverse cognitive functioning levels and ensure effective communication.
- Culture: Cultural background deeply influences expectations about counseling and communication styles. Cultivate respect for individuals' cultural values and beliefs, recognizing the potential impact of cultural differences on the therapeutic relationship.
- Gender Identity: An individual's gender identity significantly shapes their experiences and interpersonal connections. Create an affirming and safe space that respects and acknowledges clients' gender identities, fostering an environment conducive to exploring gender expression.

- Previous Life Experiences: Past life experiences profoundly mold an individual's thoughts, emotions, and behaviors. Be attuned to the potential impact of these experiences on the therapeutic relationship, recognizing their role in shaping an individual's progress.

In acknowledging and adapting to these diverse factors, support staff can enhance the effectiveness of therapeutic interventions, fostering a more inclusive and supportive environment for all individuals seeking assistance.

Strategies for the Crisis Response Team: Supporting Students and Staff After a Crisis

1. Immediate Debriefing: Conduct immediate debriefing sessions to allow team members to share their experiences, feelings, and observations.
2. Provide Safe Spaces: Establish designated safe spaces within the school where students and staff can seek solace and support.
3. Structured Group Sessions: Organize structured group sessions led by mental health professionals to address collective concerns and promote a sense of community.
4. Resource Distribution: Distribute informational resources and support materials to students and staff, outlining available counseling services and coping mechanisms.
5. Collaborative Outreach: Collaborate with external mental health organizations to provide additional resources and expertise.
6. Peer Support Networks: Facilitate the creation of peer support networks among students and staff to encourage mutual assistance.
7. Long-Term Counseling Services: Ensure access to long-term counseling services for both students and staff members, recognizing that recovery is an ongoing process.

Strengthening Staff Responses and Fostering Resilience

To enhance staff responses to incidents, it is crucial to conduct an objective assessment of the current response. Take time to reflect on the incident and engage in open dialogue with fellow staff members who were involved. This collaborative process can uncover valuable insights and identify areas for improvement.

Managing a crisis is a challenging experience that can have a profound impact on everyone involved, including staff members. Recognizing the potential trauma of these situations is the first step toward building resilience. Taking care of one’s self during this time is essential for both physical and emotional well-being.

Building Resilience:

- **Reflect on the Experience: Acknowledge thoughts, feelings, and physical reactions to the incident.** Reflecting on the experience helps in processing emotions and developing effective coping mechanisms.
- Practice Self-Care: Prioritize self-care activities to maintain overall well-being. Ensure individuals get enough sleep, maintain a healthy diet, engage in regular exercise, and spend quality time with loved ones. Self-care provides the strength needed to cope with the challenges of crisis management.
- Seek Professional Support: If coping is challenging following the aftermath of a crisis, seeking professional support from a therapist or counselor can be immensely beneficial. A professional can assist in understanding emotions and developing healthy coping mechanisms tailored to your needs.

By fostering open dialogue, engaging in self-reflection, and prioritizing self-care, staff members can collectively navigate the aftermath of crises. Recognizing the trauma and proactively seeking support contribute to building resilience and fostering a supportive community within the school environment.

Recovery information is adopted from: Crisis Prevention Institute (2023). Nonviolent crisis intervention training. 3rd Edition.

Glossary

MPS = Magnolia Public Schools

CMO = Charter Management Organization

PBIS = Positive Behavioral Interventions & Supports

SEL = Social-Emotional Learning

ISS = In School Suspension

ODR = Office Discipline Referral

ADA = Average Daily Attendance

LCAP = Local Control and Accountability Plan

PAC = Parent Advisory Committee

PTF = Parent Task Force

UCP = Uniform Complaint Procedures

CDE = California Department of Education

IDEA = Individuals with Disabilities Education Act

IEP = Individualized Education Program

504 = Section 504 of the Rehabilitation Act of 1973

SSPT = Student Services and Programs Team

HOST = Home Office Support Team

School Safety Plan (SSP): A detailed school emergency preparedness plan that covers prevention, response, and recovery procedures.

Incident Commander: The person responsible for directing emergency operations during a crisis.

Assembly Area: A designated safe location where students and staff gather during building evacuations to facilitate attendance taking.

Lockdown: An emergency protocol that secures school buildings and grounds during situations involving threats of violence.

ParentSquare: A school-to-home engagement platform used by the school to communicate essential information to parents/guardians.

Emergency Supplies: Resources like first aid kits, flashlights, batteries, blankets, and food/water that are critical for dealing with crises.

All Clear: An announcement made by the Incident Commander indicating that a crisis or emergency has ended and normal school operations can resume.

Crisis Response Team: A multidisciplinary school team trained in crisis preparedness, intervention, and recovery strategies to support the school community during and after critical incidents.

Recovery: The process of assisting students, staff, families and the greater school community in healing and overcoming trauma in the aftermath of a crisis/emergency.

Our Mission

Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to provide a high-quality, college preparatory STEAM educational experience in an environment that cultivates respect for self and others.

Our Vision

Graduates of Magnolia Public Schools commit to building a more peaceful and inclusive global society by transforming traditional ideas with creative thinking, effective communication, and the rigor of science.

About our School as a Safe Place to Learn

“At Magnolia Science Academy Orange County - Anaheim, we are committed to creating a safe, respectful, and supportive learning environment where every child can explore, innovate, and grow with confidence. Guided by our mission to nurture the whole child and our vision of developing responsible, creative thinkers, we work together—students, staff, and families—to ensure that safety, respect, and care are at the heart of every learning experience.”

PURPOSE & PREPARATION

Statement of Purpose

The School Safety Plan is designed to foster a secure school environment, fostering an optimal learning experience and elevating student academic achievement. This plan is strategically implemented to safeguard the well-being of students and staff, offering a structured response to emergencies and a set of guidelines for preparedness. The primary objectives of this plan include:

1. Ensuring the safety and welfare of students and staff.
2. Providing a coordinated and effective response to emergency situations.
    - Encouraging collaboration among co-located schools for a unified emergency response. This collaborative effort encompasses comprehensive goals, activities, teams, and timelines, ensuring a collective commitment to the well-being of all individuals on campus.
3. Safeguarding the school's facilities and property.
4. Facilitating a swift restoration to normal conditions in the aftermath of an emergency, minimizing confusion.
5. Coordinating with local emergency services when necessary to enhance overall emergency response capabilities.

Plan Organization

Effectively managing emergencies demands a dual focus on thorough emergency preparedness and efficient emergency response capabilities. The School Safety Plan is organized into five essential components:

1. Purpose and Preparation: This component addresses anticipated threats and hazards to the school, emphasizing safety needs before, during, and after an incident. It serves as the proactive foundation for comprehensive emergency preparedness.
2. Prevention: Focused on education and awareness strategies, this component aims to empower members of the learning community with the knowledge and tools to prevent incidents. Proactive measures play a pivotal role in ensuring a secure environment.
3. Response: Strategies and procedures for drills and handling potential threats are outlined. This component ensures a swift and coordinated response during emergency situations, contributing to the preparedness of both students and staff.
4. Recovery: Post-incident, this component centers on establishing therapeutic rapport and utilizing school and community-based resources to address the emotional impact of the crisis. Recovery efforts are crucial for restoring a sense of normalcy within the learning community.
5. Quick Reference Guide: Serving as an internal tool, the Quick Reference Guide enables the rapid activation of the team and safety protocols specific to potential incidents within the learning community. This guide enhances the efficiency and coordination of emergency response efforts.

Safety Goals and Objectives

The emergency safety plans are carefully developed to address a range of potential crises, including natural disasters and fires. The school sites participate in regular disaster drills conducted throughout the academic year to ensure that students and staff are well-prepared for any emergency scenario. A crucial part of our planning process involves each MPS school site conducting a thorough review of school-specific data, leading to the identification of

specific goals for the school year. This proactive approach ensures that our emergency preparedness measures are tailored to the unique needs and challenges of each school site, fostering a safe and secure learning environment for everyone in our community.

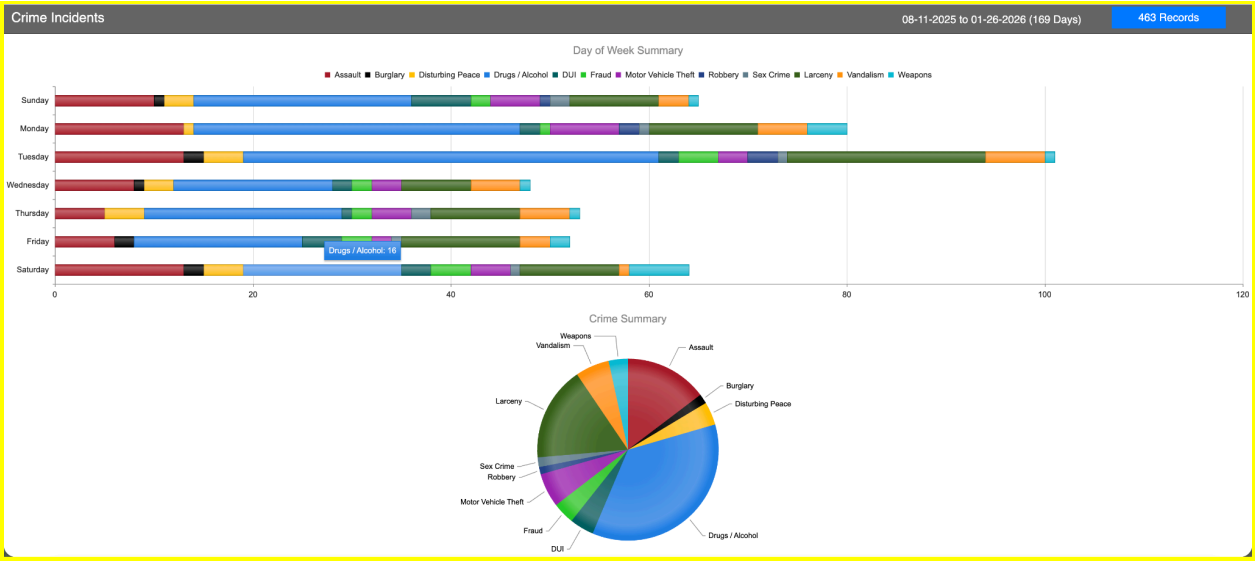
Assessment of Data

Local Crime Data

Data Source reviewed to develop statistical analysis was local Law Enforcement crime data via crimemapping.com

The top three crime violations in the area of 92801 from 08/11/25 - 1/26/26:

Type:	Number:
Total Crimes during time period	463
Top #1 Drugs/Alcohol	166
#2 Larceny	78
#3 Assault	68



This data is represented by the following graphic pulled from source website:
https://crimemapping.com/map/location/90201,%20Bell,%20CA,%20USA?id=dHA9MCN0dj02NTEyODNhZSNsb2M9MTE2NTYwNiNsbmc9NTUjcGw9NjY3MDg0I2xicz0xNDo0MTMxMjkwI2xuPUVhZ2xlTG9jYXRvcg==

School-wide Data

Data regarding school community was compiled from Infinite Campus, local records, and logs. Data was reviewed on 1/21/26. The following data was reviewed:

	2023-24	2024-25	2025-26	Currently as of 1/21/26
Suspension Data Out-of-School			1	1
Suspension Data In-School			0	0
Expulsion Data			0	0
Office Discipline Referrals ODRs			1	1
Average Daily Attendance (ADA) Rate			94.33%	93.84%
Chronic Absenteeism Rate			4%	6.15%
Graduation Rate			N/A	N/A

The committee reviewed the data and identified the appropriate strategies and programs that provide high-level school safety. Those programs and strategies include:

- Parent/Student Handbook
- School Safety Committee
- Discipline Committee
- Administration
- Local School Administration
- Parent Advisory Committee
- Parent Task Force
- Student Leadership
- Local Law Enforcement Collaboration

We will continue to review data in the upcoming academic year to continually revise and identify appropriate strategies and programs that provide/maintain a high level of school safety, both on and off campus.

- ## Component 1: School Climate

Goal(s): All employees will uphold and implement all stated policies and procedures as noted in the school-wide safety plan.

- Objective: Annually, all employees will review the policies and procedures as noted in the safe school plan.
- Related Activities: Review regularly during Professional Learning Sessions, completion of training through CharterSafe, committee meetings, and safety meetings.
- Resources needed: Safety plan
- Person(s) responsible for implementation: Designated Administrator, Safety Committee
- Budget: Refer to schools' annual budget
- Evaluation guidelines: Educational Partner Surveys

Component 2: Physical Environment

Goal(s):

- Objective: Since our main gate opens to a street and a major park, this gate will remain locked at all times, as well as the class door leading to the inside of the school.
- Related Activities: Making sure the cameras and video doorbell are always in working order.
- Resources needed: All adults need to be aware of the gate as well as the glass door (making sure both are closed and locked at all times.
- Person(s) responsible for implementation: Dr. Maria Rowell and Cobi Luciani
- Budget: Refer to schools' annual budget.
- Evaluation guidelines: Educational Partner Surveys, Staff Meetings

Component 3: School's Social Climate

Goal(s):

- Objective: Our school will create a caring and safe school climate where we do not tolerate bullying, cyberbullying, and harassment.
- Related Activities: Assemblies, teacher made materials and lessons, Coffee With Admin to inform parents, etc.
- Resources needed: All adults in the school need to be aware of what the students are doing and catch things as they are happening.
- Person(s) responsible for implementation: Dr. Maria Rowell and Cobi Luciani
- Budget: Refer to school's annual budget
- Evaluation guidelines: Educational Partner Surveys, Coffee With Admin, Staff Meetings

Emergency Drill Evaluation

MPS Emergency Drill Evaluation (Google Form)

The MPS Emergency Drill Evaluation collects the following information:

- School site
- When did the emergency drill take place?
- Drill Type
- Date Conducted
- Time Started and Time Completion
- Alert Type
- Did everyone on campus participate?
- If parents/guardians participated, what were their roles?
- Rate students' performance of emergency procedures.
- Rate faculty's performance of emergency procedures.
- Rate emergency team performance of duties.
- Rate accounting for everyone.
- Rate alert system.
- Did the School Safety Committee and/or Emergency Team Leaders debrief after the drill?
- List the top lesson learned from this drill and how it will be addressed.
- What school-site training support would improve emergency drills and/or preparedness?

2026-2027

H.O.S.T. Crisis Communication

PREVENTION

Employee Preparedness

Our commitment to ensuring a safe and secure school environment involves comprehensive measures to prepare and empower our staff for effective response during emergencies. Here are the key components of our Employee Preparedness plan:

Ongoing Preparedness Measures:

- Regular review of the School Safety Plan and other emergency policies and procedures.
- Familiarization with each employee's role during emergency situations.
- Knowledge and evaluation of required drills, ensuring staff are well-versed in emergency response procedures.
- Familiarity with the layout of buildings, grounds, and all emergency procedures.
- Review of the locations of emergency exits, fire extinguishers, fire alarms, and emergency equipment and supplies.
- Attendance at updated training sessions covering first aid, CPR, the use of fire extinguishers, and search and rescue, as necessary.

Employee Skills

At the commencement of each school year, the School Principal or designee will seek input from instructional and non-instructional staff to identify individuals with special skills or experiences that could be beneficial during an emergency. These employees may be assigned specific emergency management roles, such as first aid, CPR, search & rescue, and fire extinguisher training and certification.

The instructional staff is responsible for the following:

- Presenting instruction to students about emergency preparedness plans and student responsibilities during major emergencies.
- Maintaining readily accessible attendance sheets for use during evacuations.
- Updating and storing classroom emergency kits in safe, accessible locations.
- Full participation in fire, earthquake, and evacuation drills.
- Developing planned activities for students during periods of confinement in emergencies.

The School Principal, or designee, is responsible for the following:

- Assigning employees to specific roles based on their skills, abilities, and normal functions.
- Ensuring that all employees are familiar with site maps, evacuation plans, and are trained in emergency response roles.
- Updating lists of employees trained in first aid, CPR, fire extinguisher use, and search and rescue, arranging for update training as necessary.
- Regularly updating site floor plans showing evacuation routes, assembly areas, emergency supplies, equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut-off valves.
- Posting emergency procedures in visible locations across the school.
- Updating the list of disabled students or employees, arranging for evacuation assistance or other special assistance as needed.
- Testing the site warning system and ensuring signal recognition by employees and students.
- Conducting an inventory of all emergency supplies and equipment, replacing used or outdated items.
- Maintaining a list of emergency phone numbers in readily accessible locations.

Employee/Student Special Needs

Employees and students with special needs are encouraged to self-identify their specific requirements during emergencies. At the beginning of each school year, parents are asked to provide written information and

instructions concerning the specific needs of students. Areas of the school with employees and/or students with permanent mobility impairments should maintain any necessary evacuation devices on each floor where such individuals are located.

Emergency Onsite Personnel

Emergency phone contacts for staff will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc., will also be noted on a list kept at the school.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

Reporting the information regarding a case of possible child abuse or neglect to your supervisor, the School principal, a School counselor, coworker or other person shall not be a substitute for making a mandated report to Child Protective Services or law enforcement.

MPS will provide annual training on the mandated reporting requirements, using the online training module provided by MPS, to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the course of the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one-thousand dollars ($1,000), or by both.

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of employment.

Reportable Offenses

A mandated reporter is obligated to report whenever, in their professional capacity or within the scope of their employment, they have knowledge of or observe a child whom they know or reasonably suspect has been the victim of child abuse or neglect (Penal Code 11166).

Responsibility for Reporting

Mandated reporters must take immediate action whenever they have knowledge of or observe suspected child abuse or neglect within their professional capacity or employment scope (Penal Code 11166).

Reporting Procedures

1. **Initial Telephone Report**
   Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department (Penal Code 11165.9, 11166).

   - Los Angeles County 800-540-4000 or https://reportChildAbuseLA.org
   - Orange County 714-940-1000 or 800-207-4464 and Forms | County of Orange Social Services Agency
   - San Diego County 858-560-2191 or 800-344-6000

2. **Written Report**
   Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572) (Penal Code 11166, 11168).
3. **Confidentiality**
   Mandated reporters are assured that the reporting process is confidential, and their identity will be protected. Ensuring the safety of the child is the top priority, and the reporting process is designed to support this goal.

Investigation of Suspected Child Abuse or Neglect by Peace Officers - PC 11174.3

A suspected victim of child abuse or neglect may be interviewed during school hours, on school premises, by a representative of a governmental agency investigating the case, or by the State Department of Social Services when deemed necessary. The investigation is based on a report of suspected child abuse or neglect that occurred within the student's home or out-of-home care facility. The student must be given the option of being interviewed in private or selecting a member of the school staff, whether certificated or classified, to be present at the interview.

The selected staff's role is to provide support to the student and to help the student feel as comfortable as possible; it is not to participate in the interview and discuss the case with the student. The principal or the principal's designee should remind the staff member selected of the staff member's role and the requirement to maintain confidentiality prior to the interview. The staff member selected may decline the request to be present at the interview; however, if the staff member agrees to be present, the interview must take place during school hours.

Releasing a Student to a Peace Officer - EC 48906

When a minor student is released to a peace officer for the purpose of removing the student from the school premises, a school official must take immediate steps to notify the parent or responsible relative of the student of such removal and the place to which the student is being taken.

In the case where the student is being taken into custody as a victim of suspected child abuse, the school official must provide the peace officer with the address and contact information of the student's parent. It is the responsibility of the peace officer to contact the parent.

Procedures for Supervision and Protection of Children from Abuse, Neglect, and Sexual Offenses

In addition to strict compliance with the reporting policy above, the school shall implement the following procedures to minimize opportunities for abuse, neglect, or sexual offenses.

Procedure	Details
Two-Deep/Visible Supervision	No employee, volunteer, or contractor shall be alone with a single student behind a closed door or in an isolated area without another adult present or visible.
Line-of-Sight Supervision	Staff shall maintain visual contact with students during recess, transitions, restroom breaks, and after-school activities. High-risk areas (locker rooms, storage rooms, offices) shall be monitored or equipped with windows or open doors.

Private Electronic Communication Prohibited	Staff may not communicate privately with students via personal phone, text, social media, or apps. All school-related electronic communication must use school-approved platforms with at least one other adult copied or able to monitor.
Physical Contact Boundaries	Physical contact shall be limited to what is appropriate and necessary (e.g., high-fives, side hugs, brief comforting). Staff shall avoid lap-sitting, tickling, piggy-back rides, or any contact with private body areas.
Transportation & Off-Campus Activities	At least two adults must be present in any vehicle transporting students. One-to-one transportation of a single student by one adult is prohibited except in documented emergencies.
Visitor & Volunteer Screening	All visitors and regular volunteers shall sign in, wear identification, and be supervised at all times. Background checks are required for any adult with unsupervised student contact.
Restroom Policy (Elementary)	Adults may not enter student restrooms while occupied unless an emergency exists and another adult is present.
Annual Review of Physical Plant	The school shall annually identify and mitigate blind spots, inadequate lighting, or isolated areas.

The school strictly follows all applicable fingerprint background check requirements for employees, contractors, and volunteers.

Additional policies and procedures to prevent abuse, neglect, and sexual offenses are included in the school's Professional Boundaries policy, Visitor and Volunteer policies, and Employee Handbook.

Procedures for Safe Ingress and Egress from School

Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.

1. Availability of Maps: Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.
2. Visitor Protocol: Visitors and guests are welcome at the school, but reasonable precautions are taken to safeguard students and staff. Visitors should:
    - Report and sign in at the office.
    - Be provided with a visitor's badge.
    - Be prepared to provide identification to school personnel.
    - Respect school rules.
3. Exterior Door Management:
    - School personnel should ensure that all exterior doors are marked with a notice instructing visitors to report to the office first. Exterior doors, except those near the office, should remain locked to control access.
4. Staff Training:

- School staff should receive training on how to greet visitors, with the first question being "May I help you?" Someone should greet every visitor.

5. Response to Intruders:
    - Any intruder found roaming the building without a visitor's badge or visible identification should be escorted to the office. School personnel in the office can then provide additional information or directions.
6. Progressive Response to Non-Compliance:
    - Visitors who fail to comply with school procedures should verbally be informed of the violation. If non-compliance persists:
        - Notify the office of the situation.
        - Follow the person if possible and continue to give notice of the violation of school rules.
        - Notify the police or call 911.
7. Building-Wide Notification Plan:
    - In case of an intruder(s), the office should activate a building-wide notification plan:
        - Make a PA announcement using predetermined code phrases.
        - Instruct classroom doors to be closed.
        - Advise students to remain in their current areas.

Social Climate: School and Physical Environment

At MPS, we firmly believe that safety and education are a shared responsibility among parents, teachers, and students. Our school's successful operation relies on the cooperation of everyone involved. Each group holds a responsibility to contribute, creating an environment where learning, safety, and play can harmoniously coexist. We uphold the principle that every individual, regardless of color, race, gender, popularity, ability, religion, or nationality, has the right to feel safe, secure, and accepted.

Our vision is shared through the student-parent handbook, a tool that communicates our expectations to students and parents alike. MPS is a reflection of all of us, and our policies are crafted to provide a safe and orderly environment conducive to learning. Our dedicated faculty and staff eagerly anticipate sharing their expertise in academics, special programs, and extracurricular activities.

To make MPS a thriving community, we encourage active participation from students and parents. Explore our programs, activities, and schedule, and become an engaged participant in your education through classes, clubs, and various activities. We recognize that a school environment thrives when governed by clearly defined and implemented rules. To this end, MPS has compiled a comprehensive student-parent handbook, addressing the school's regulations and policies to set a standard for the entire school community.

Effective Communication

Open and effective communication is essential for addressing issues or concerns that may arise with teachers, staff members, or administrators. We encourage both students and parents to approach the person directly involved when faced with a situation of concern.

For Students: If a student encounters a challenge at school, we believe in empowering them to communicate and seek resolution. In cases involving classroom situations or issues with teachers, we recommend the following steps:

1. Talk with the Teacher - The student should be encouraged to express their concerns directly to the teacher. Open dialogue between students and teachers is the foundation for understanding and resolving issues.
2. Talk with an Administrator - If the issue persists or if the student is uncomfortable talking directly to the teacher, the student is encouraged to approach an administrator.
3. Parental Involvement - In instances where the student is reluctant to speak with the teacher or administrator, the parent may accompany the student and facilitate the conversation with the teacher.

It is crucial to demonstrate to children how to actively and constructively solve problems. If a concern is significant enough for a child to discuss, it is equally important for them to learn how to be part of the solution. Encouraging

problem-solving skills empowers students to take an active role in creating a positive and solution-oriented school environment.

Parent Concern

Addressing concerns in a timely and effective manner is crucial for fostering a positive school environment. Parents are encouraged to follow these steps when dealing with concerns:

1. Initiate a Conversation with the Teacher. In the initial stages of any concern, it is recommended to talk directly with the teacher. Teachers can provide insights into classroom situations from both an adult and professional perspective, often resolving misunderstandings through open communication.
2. Follow up with the Teacher if Necessary. If the concern persists after an initial conversation, it is advisable to revisit the issue with the teacher. Open dialogue allows for continued communication and a more in-depth understanding of the situation.
3. Schedule an Appointment with the Administrator. If resolution is not achieved at the teacher level, parents are encouraged to make an appointment with the relevant administrator. Thai step ensures that concerns are elevated to the appropriate authority for further consideration.
4. MPS Home Office Communication. If concerns persist even after meeting with the Principal, the parent is encouraged to complete the appropriate form available in the MPS Student-Parent Handbook. The form should include details about the complaint and the steps taken to resolve it. Once completed, contact the MPS Home Office to ensure a thorough and documented review of the matter.
5. MPS Board Communication. If necessary, the next level of communication involves reaching out to the MPS Board. Parents may initiate this process by revising the form originally submitted. The MPS Board will consider the matter at its next meeting, providing a transparent and structured approach to addressing concerns. In the event that the Board decides not to hear the complaint, the Superintendent's decision will be considered final.

Communication Channels. Teachers, staff, and administration are accessible through email, phone, in-person meetings, and by appointment. However, due to busy schedules, we request parents to schedule meetings in advance rather than dropping in. This ensures that everyone involved can allocate time for a focused and productive discussion.

Respectful and Constructive Communication. MPS emphasizes the importance of maintaining respectful and constructive communication. Parents are kindly requested not to "drop-in" for appointments and should avoid engaging with teachers, other parents, students, or administrators in a disrespectful or threatening manner.

Students Responsibilities

I am aware of my responsibilities and will do my best to satisfy my parents'/teachers' expectations at MPS because this will help me do better in the future. I agree to really try and do the following:

- I will come to school dressed in uniform every day and on time.
- I will be prepared for all my classes with all required materials.
- I will complete class work and homework on time.
- I will do all the homework assigned to me the best way I can and ask for help when needed.
- I will strive consistently to give my best, and to make my best academic progress.
- I will act responsibly and respectfully at all times and towards all members of the school community.
- I will follow all school rules.
- I will obey the School's Code of Conduct.
- I will respect my property, that of others, and that of the School.
- I will take good care of my books, and other materials the School allows me to use.
- I will serve my community.

Parent Responsibilities

I understand that my child's studies are very important and my participation in activities at MPS is a critical component of my child's educational success. Therefore, I agree to carry out the following responsibilities to the best of my ability:

- I will take a positive and active role in supporting my student's education.
- I will make certain my student attends school regularly and on time.
- I will notify school when child is absent and provide appropriate documentation.
- I will ensure that my student follows the school attendance policy and dress codes.
- I will ensure that my child come to school rested, clean, well-fed, and appropriately dressed (in student uniform).
- I will notify office immediately if there is a change of home address or phone number.
- I will set aside a specific time and place for my student to do homework.
- I will support my student in completing homework, including, if necessary, limiting time watching television, computer gaming, and recreational internet use.
- I will allow my student to attend remedial and other programs offered if requested by the school as is needed for individual improvement.
- I will set up a college-bound environment at home and support my student through the college admission and scholarship-finding process.
- I will emphasize my child adheres to the MPS Discipline Code at all times.
- I will enforce the School Code of Conduct with my child, including ensuring my child is wearing the uniform and promoting respect for teachers and all adults and students.
- I will follow through with any problem behaviors noted by the School.
- I will attend orientation meetings prior to the start of School.
- I will communicate regularly with my student's teachers to ensure his/her academic success (includes attending at least two conferences in a school year).
- I will review information and work sent home and/or posted online for parents and students via the school website and the online Student Information System and respond as necessary (computer access is available for parents at School if needed).
- I will review progress reports that are sent by the School and respond as necessary.
- I will encourage positive attitudes toward school.
- I will talk with my student about what he/she is learning.
- I will expect and encourage my student to be focused on learning.
- I will expect and support my student to strive consistently to give his/her best, and to make his/her best academic progress.
- I will assure that my child does not destroy materials (textbooks, equipment, etc.) and/or MPS property.
- I will pay for any damages to materials and/or property incurred by student.
- I will assure that students do not bring destructive materials to school (markers, paint, etc.)
- I will assure that all school materials loaned to students will be returned in the condition issued (textbooks, library books, etc.) I will pay for any lost or damaged books in CASH only.
- I understand that a student's bringing or possession of any weapon is grounds for expulsion from the Charter School.
- I will complete and return all necessary school forms and documents on time as requested by school officials.
- I will try to volunteer at School when requested. (Parents/guardians are not required to volunteer for MPS.)

School Responsibilities

- The School will provide a high-quality curriculum and instruction in a supportive and effective learning environment that enables all students to meet the State Core Curriculum Content Standards in all content areas through an aligned curriculum and rigorous assessment.
- The School will provide a variety of support programs to enhance instruction at all grade levels.
- The School will send frequent reports to parents on their child's progress.

- The School will hold parent-teacher conferences during which this Compact will be discussed as it relates to the individual student's achievement. Conference dates will be listed on the school calendar and additional dates will be sent through notification by the School.
- The School will grant parents reasonable access to staff by appointment through the office.
- The School will provide parents with the ability to observe classroom activities by appointment through the office.

Building Capacity for Engagement

Infinite Campus

MPS leverages the Infinite Campus online web portal to enhance efficient communication among parents, students, and teachers. Each teacher maintains a dedicated grade book for every class, providing a centralized hub for course-related information. Teachers regularly update and share course materials, homework assignments, projects, and course grade statistics, as well as detailed records of students' performance, including grades on quizzes, tests, class participation, and homework assignments. Access to these resources is secured through confidential passwords, ensuring a private and secure environment for students and parents to stay informed and engaged in their academic journey.

ParentSquare

MPS utilizes ParentSquare, a school-to-home engagement platform, to streamline communication between the school and parents. This dynamic platform facilitates automated messages tailored to individual students, delivering key information directly to parents. Utilizing ParentSquare, MPS communicates essential details such as attendance information, news updates, upcoming events, opportunities for parent and family engagement, surveys, resources for parent education, and more. With seamless integration into Infinite Campus, multilingual translation capabilities spanning over 100 languages, and versatile access through the app, email, text, voice, and web portal, ParentSquare ensures inclusive and equitable communication, fostering strong connections between the school and all families.

Parent Advisory Committee (PAC)

In adherence to the Local Control and Accountability Plan (LCAP), the invaluable input of educational partners—including students, families, staff, and community members—is paramount. To fortify the collaborative relationship among these educational partners and review the LCAP along with its various components crucial to student success, schools will host PAC (Partnership Advisory Committee) meetings. PAC meetings will replace School Site Council (SSC) gatherings, streamlining efforts to enhance meeting effectiveness and efficiency.

Scheduled throughout the school year, PAC meetings will actively engage in:

- Planning, Reviewing, and Enhancing LCAP, Title I, and Part A Programs: The committee will play a pivotal role in evaluating and refining the LCAP, Title I, and Part A programs, ensuring alignment with the overarching goals of the LCAP.
- Primary Oversight of Parent and Family Engagement Policy: PAC will serve as the primary committee responsible for reviewing and shaping the parent and family engagement policy. Additionally, if applicable, the committee will extend its purview to other school program plans, fostering a comprehensive approach to school improvement.

Collaboration between school leadership and PAC will be integral to ensuring active parental involvement in the school improvement process. This strategic shift aims to promote effective communication and collective decision-making for the betterment of our educational community.

Parent Task Force (PTF)

Our Parent Association conducts annual elections to fill key positions including President, Vice President, Treasurer, and Secretary. A consistent 10% of our parents actively participate in monthly Parent-Teacher Fellowship (PTF) meetings, creating a dedicated forum for collaborative efforts. PTF meetings serve as a platform where parents take

the lead, steering discussions and garnering support for ongoing fundraising initiatives, cultural events, and engagement opportunities designed for all families.

Led by elected PTF Committee Officers, chosen by families vested in supporting the success of all students at MPS, these meetings foster an environment of shared interest and collective dedication. Throughout these gatherings, parents collaborate, pooling their experiences and skills to strategically work towards common goals that propel student success. This approach ensures a dynamic partnership between parents and the school community, actively contributing to the holistic development and achievement of our students.

Professional Development

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive training on school-wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, training on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying-related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015.

Physical Environment

MPS is dedicated to providing a safe, healthy, and nurturing environment characterized by trust, care, and professionalism. To achieve this, we have implemented a comprehensive set of health, safety, and risk management policies that comply with all applicable state and local laws and regulations. The on-site school administration consistently monitors activities to ensure the safety and security of our students. Parents and students are informed through the MPS Student-Parent Handbook about these policies, covering essential aspects of our commitment to safety.

MPS commitment extends to maintaining a drug-free, alcohol-free, and tobacco-free zone within the school premises, accompanied by a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyberbullying through school-wide assemblies and engaging guest speakers. All staff members are designated mandated reporters for cases of child abuse or violence, further reinforcing our commitment to student well-being.

In preparation for emergencies such as natural disasters and fires, we have developed and communicated emergency safety plans. Each classroom is equipped with these plans, and disaster drills are practiced regularly throughout the year. Our collective efforts create a secure and supportive environment that fosters the academic and personal growth of our students.

Instructional Continuity Plan for Site-Based Schools

INTRODUCTION

Pursuant to Senate Bill 153 and California Education Code section 32282, subdivision (a)(3)(A), Magnolia Public Schools (“MPS” or “Charter School”) adopts the following Instructional Continuity Plan (“ICP”) to establish communication with

students and their families and provide instruction to students when in-person instruction is disrupted due to an emergency or a natural disaster.

The Instructional Continuity Plan ("ICP") states how MPS will:

1. Establish communication with students and families not later than five (5) calendar days after an emergency or natural disaster that disrupts in-person education, with the goal being to establish two-way communication and to identify and provide students with social-emotional, mental health, and academic supports; and
2. Establish access to alternative in-person instruction, remote instruction, or a hybrid model no more than ten instructional (10) days after an emergency or natural disaster disrupts in-person education.

DEFINITIONS

- "Remote Learning" means instruction in which the student and certificated teacher are in different locations and instruction shall be aligned with traditional independent study per Education Code 51745-51747.5. Instructional time shall be based on the time value of the learning tasks and assignments delegated by the teacher.
- "In-person instruction" means instruction under the immediate physical supervision and control of a certificated employee of the Charter School while engaged in educational activities required of the student.
- "Two-way communication" may include phone calls, email, or instant messaging through ParentSquare, the Charter School's portal.
- "Emergency or natural disaster" may include wildfires, earthquakes, severe weather, floods, landslides, tsunamis, pandemic, infectious disease outbreaks, chemical/hazardous materials spill or threat, etc.

STUDENT AND FAMILY ENGAGEMENT

To provide consistency during an emergency, the Charter School's primary mode of communication shall be through ParentSquare. This platform provides a secure environment to communicate with each student and their parent/guardian through instant messages, classroom postings, flyers, and embedded documents. In addition to ParentSquare, teachers will communicate with parents/guardians on a regular basis through traditional communication channels (i.e. phone calls, online classroom postings, Zoom, through Google Classroom etc.) regarding each student's academic progress, attendance/participation, behavior, and social-emotional well-being.

Initial Notification MPS shall:

Engage students and families as soon as practicable following an emergency or natural disaster that disrupts in-person learning. The initial communication establishing two-way communication with students and their families shall occur no later than five (5) calendar days following an emergency. This communication shall:

- Notify students and families that in-person instruction will be closed as a result of the emergency or natural disaster;
- Provide students and families with a status update, based on the most up-to-date and credible sources available, on the nature and extent of the emergency or natural disaster;
- Inform the Charter School community of the methods the school will use to communicate with students and families while in-person instruction is disrupted;

- Request that students and families check in and report their physical well-being, as well as any immediate social-emotional, mental health, and academic needs;
- Provide support for students' social-emotional, mental health, and academic needs by using internal resources to the extent available, and by referring families to any community-based or emergency-focused resources and services providers that may be available; and

Remote Instruction

Charter School shall provide access to in-person or remote instruction as soon as practicable, but no more than ten (10) instructional days following the emergency or natural disaster, which includes:

- If in-person instruction is not feasible, the Charter School will provide remote instruction pursuant to MPS's Independent Study Policy and procedures; and
- Provide access to instructional resources such as a laptop, internet, and instructional materials to participate in remote instruction as follows:

    - Students will have access to lessons via an online portal, such as Google Classroom.
    - If the online portal is not accessible due to unforeseen disruptions, students and families will be provided printed, weekly packets to ensure schoolwork from teachers related to assignments, instruction, and assessments is uninterrupted; or
    - If an emergency or natural disaster disrupts in-person learning and independent study is not feasible, a student may also be offered enrollment in or be temporarily reassigned to another site, school district, county office of education, or charter school[1]. This information will be determined on a case-by-case basis and communicated to each impacted family.

Communication

MPS's communication platform is ParentSquare and all communications regarding an emergency or natural disaster will be posted on this platform, which is accessible to all students, parents/guardians, and MPS employees.

ParentSquare will also be used to provide instructions to the school community regarding how and when families will access instruction, academic supports, social-emotional resources, and important updates regarding when in-person instruction will resume.

Other forms of communication will be as follows:

- Questions regarding academic instruction, assessments, homework, etc. will occur through Google Classroom;
- Teachers will communicate with parents/guardians on a regular basis through traditional communication channels (i.e. email, phone calls, ParentSquare messages, or Google Classroom messages;
- The Charter School's website and ParentSquare will:

    - Identify whether instruction is in-person, remote, or hybrid;
    - Provide updates and solutions about the impact the emergency or natural disaster is having on providing in-person, remote, or hybrid instruction; and
    - Provide an outlook for when and how normal operations will resume. through the Charter School's ParentSquare, and when in-person instruction will resume.

- If the emergency or natural disaster has negatively impacted power or internet services, flyers will be posted at local community centers, libraries, and other publicly accessible locations.

This information will be provided upon the Charter School's emergency closure and updated every day.

INSTRUCTION AND ASSESSMENT

Independent Study Agreements

All students will be asked to sign an independent study agreement during the enrollment/re-enrollment period every year to ensure agreements are in place prior to an emergency or natural disaster that limits or prevents access to the school site.

Course Content

The Charter School shall provide content aligned to grade level standards that is substantially equivalent to in-person instruction. For high school grade levels this shall include access to all courses offered by the Charter School for graduation and approved by the UC or CSU as creditable under the A-G admissions criteria.

Assessments

Teachers will use the following assessment tools to check for student understanding: Teacher-created tests and assessments, Progress/Report Cards, Chapter/Unit Tests, Work Samples, Portfolios, State Standards testing, journals, presentations, quizzes, labs, interim assessments, and final examinations.

The Charter School will use multiple assessment tools to determine each student's areas of progress and growth including: reading difficulty screener (K-2), NWEA Measures of Academic Progress testing, and IXL.

Each student and their parent/guardian will receive confidential results of the above assessments through Google Classroom or Infinite Campus.

Academic Support

Students demonstrating the needs for additional support will be contacted by the school site's Academic Lead, to discuss remedial measures or to convene a Student Support Team ("SST"), Section 504, or Individualized Education Program ("IEP") Team meeting to review additional accommodations, services of support.

Teachers will maintain virtual office hours to provide students or a parent/guardian the opportunity to clarify assignments, request additional academic support, or address other areas of concern. Each teacher's office hours will be posted within their virtual classroom.

EQUITABLE ACCESS

The Charter School shall utilize its multi-tiered systems of support ("MTSS") to address the needs of pupils who are not performing at grade level, or who need support in other areas, such as English Learners, pupils in foster care or pupils who are experiencing homelessness, and/or pupils requiring mental health support. The Charter School complies with the Individuals with Disabilities Education Act ("IDEA") and is committed to meeting the needs of individuals with exceptional needs in order to be consistent with the pupil's individualized education program ("IEP"). Policies, procedures, and guidelines are in place to ensure that pupils are identified, assessed, and provided a free appropriate public education in the least restrictive environment. The school complies with Section 504 of the
federal Rehabilitation act of 1973 (29 U.S.C. Sec. 794) and is committed to providing equivalent access to and providing a free appropriate public education to all students with disabilities.

Students with Disabilities

The Charter School shall provide and maintain all accommodations and services in accordance with the emergency alternative plan outlined within each student's IEP and Section 504 Plan.

The Academic Lead or Special Education Coordinator will oversee the implementation of each student's IEP within the remote learning environment. All inquiries related to a student's IEP should be directed to the Director of Special Education at (213) 628-3634.

The Academic Lead will oversee the implementation of each student's Section 504 Plan within the remote learning environment. All inquiries related to a student's Section 504 Plan should be directed to the Director of Special Education at (213) 628-3634.

English Learners

All students who are English Learners ("EL") will receive English Language Development ("ELD") support while enrolled in remote learning. Each teacher will be responsive to each EL students' different strengths, needs and identities, and support the socio-emotional health and development of English learners through structured lessons that explicitly target language development skills in reading, writing, listening, and speaking, interactive activities, scaffolding, visual aids, and differentiated instruction to meet each student's unique needs.

The Academic Lead or EL Coordinator will oversee the implementation of designated and integrated ELD within the remote learning environment. All inquiries related to an EL should be directed to the Director of EL and ELA Programs at (213) 628-3634.

Homeless and Foster Students

A student in foster care or a student who is experiencing homelessness will be provided additional support through the Charter School's MTSS and may contact the Homeless Student Liaison or the Foster Student Liaison at (213) 628-3634 for additional support.

The National Center for Homeless Education's Helpline is also staffed Monday-Friday, 9:00 AM to 5:30 PM Eastern Time. Email: NCHE.helpline@safalpartners.com or phone: +1 305-306-8495.

Mental Health Needs

MPS recognizes that when an emergency or natural disaster occurs it can cause unidentified and unaddressed mental health challenges. Access to mental health services is not only critical to improving the physical and emotional safety of students and employees, but it also helps address barriers to learning and provides support so that all students can learn problem-solving skills and achieve in school and, ultimately, in life. The following resources are available to your child during an emergency:

Available through the Charter School: Students and families will continue to have access to counseling services to support their mental health and emotional well-being. School psychologists and counselors will be available through virtual platforms, phone calls, and email to provide counseling check-ins, crisis intervention, and resources tailored to individual needs. These services aim to ensure continuity of care and help families navigate any challenges they may face during this period.

Available in the Community:

- CareSolace is available to quickly connect the school community to available mental health providers, substance use treatment, and social services matched to their needs. CareSolace can be reached at:
  - Call 888-515-0595. Multilingual support is available 24/7/365
  - Visit www.caresolace.com/mpsfamilies and either search on your own OR click “Book Appointment” for assistance by video chat, email, or phone

Available Nationally:

- National Suicide Prevention Hotline - This organization provides confidential support for adults and youth in distress, including prevention and crisis resources. Available 24 hours at 988 or 1-800-273-8255.
- The Trevor Project - This organization provides suicide prevention and crisis intervention for LGBTQ youth between the ages of 13 and 24. **Available at 1-866-488-7386 or visit** https://www.thetrevorproject.org/**.**
- Big Brothers/Big Sisters of America – This organization is a community- based mentorship program. Community-specific program information can be found online at https://www.bbbs.org or by calling (813) 720-8778.

ADDITIONAL SUPPORT SERVICES

Meals

If meal service is disrupted at the school Magnolia Public Schools will work with our food service providers, following the National School Lunch program distribution meal program guidelines, so that all students are appropriately serviced. This includes but is not limited to curbside pick-up, delivery, or frozen multiple meal packages. Meal service times will be communicated with families via ParentSquare.

Expanded Learning Program

If the expanded learning program is interrupted, the Charter School will provide expanded learning opportunities, virtually. Virtual expanded learning opportunities will include an academic enrichment (homework help, tutoring, etc.) component and an educational enrichment (E-Sports, virtual field trips, STEAM clubs, etc.) component. If the Charter School's expanded learning program is sub-contracted to a third-party vendor, the Charter School will collaborate with the third party vendor to ensure the proper implementation of expanded learning programming that includes an academic enrichment component and educational enrichment component.

PROFESSIONAL LEARNING

Within a ten (10) day window of moving into remote learning, MPS will provide teachers with training on the tools, platforms, and strategies to be adept at online or paper packet lesson plan development, assessing students, and supporting diverse learners during remote learning. The Charter School will also provide professional development on virtual classroom management.

RETURN TO IN-PERSON LEARNING

The conditions to be met prior to returning to in-person learning may include, but are not limited to the following:

- Evacuation orders lifted
- Power and utilities functioning
- Healthy air quality
- Access to safe and clean water
- Campus free from debris and hazards
- Internet fiber lines connected and functioning
- Staff to cover those affected by the fires
- Kitchens up and running for meals

Multi-Tiered System of Response to Behavior

MPS maintains as a priority reinforcing positive behavior through intervention supports. Should students continue to make poor choices the administration team and school staff will create a plan with the parent/guardian to decrease unwanted behaviors and reinforce desired behaviors. Students and guardians have access to the school SIS as a means of staying informed on student progress. The student, family, and school connection is part of the Positive Behavioral Interventions & Supports (PBIS) model for our learning community and it takes collaboration with all educational partners.

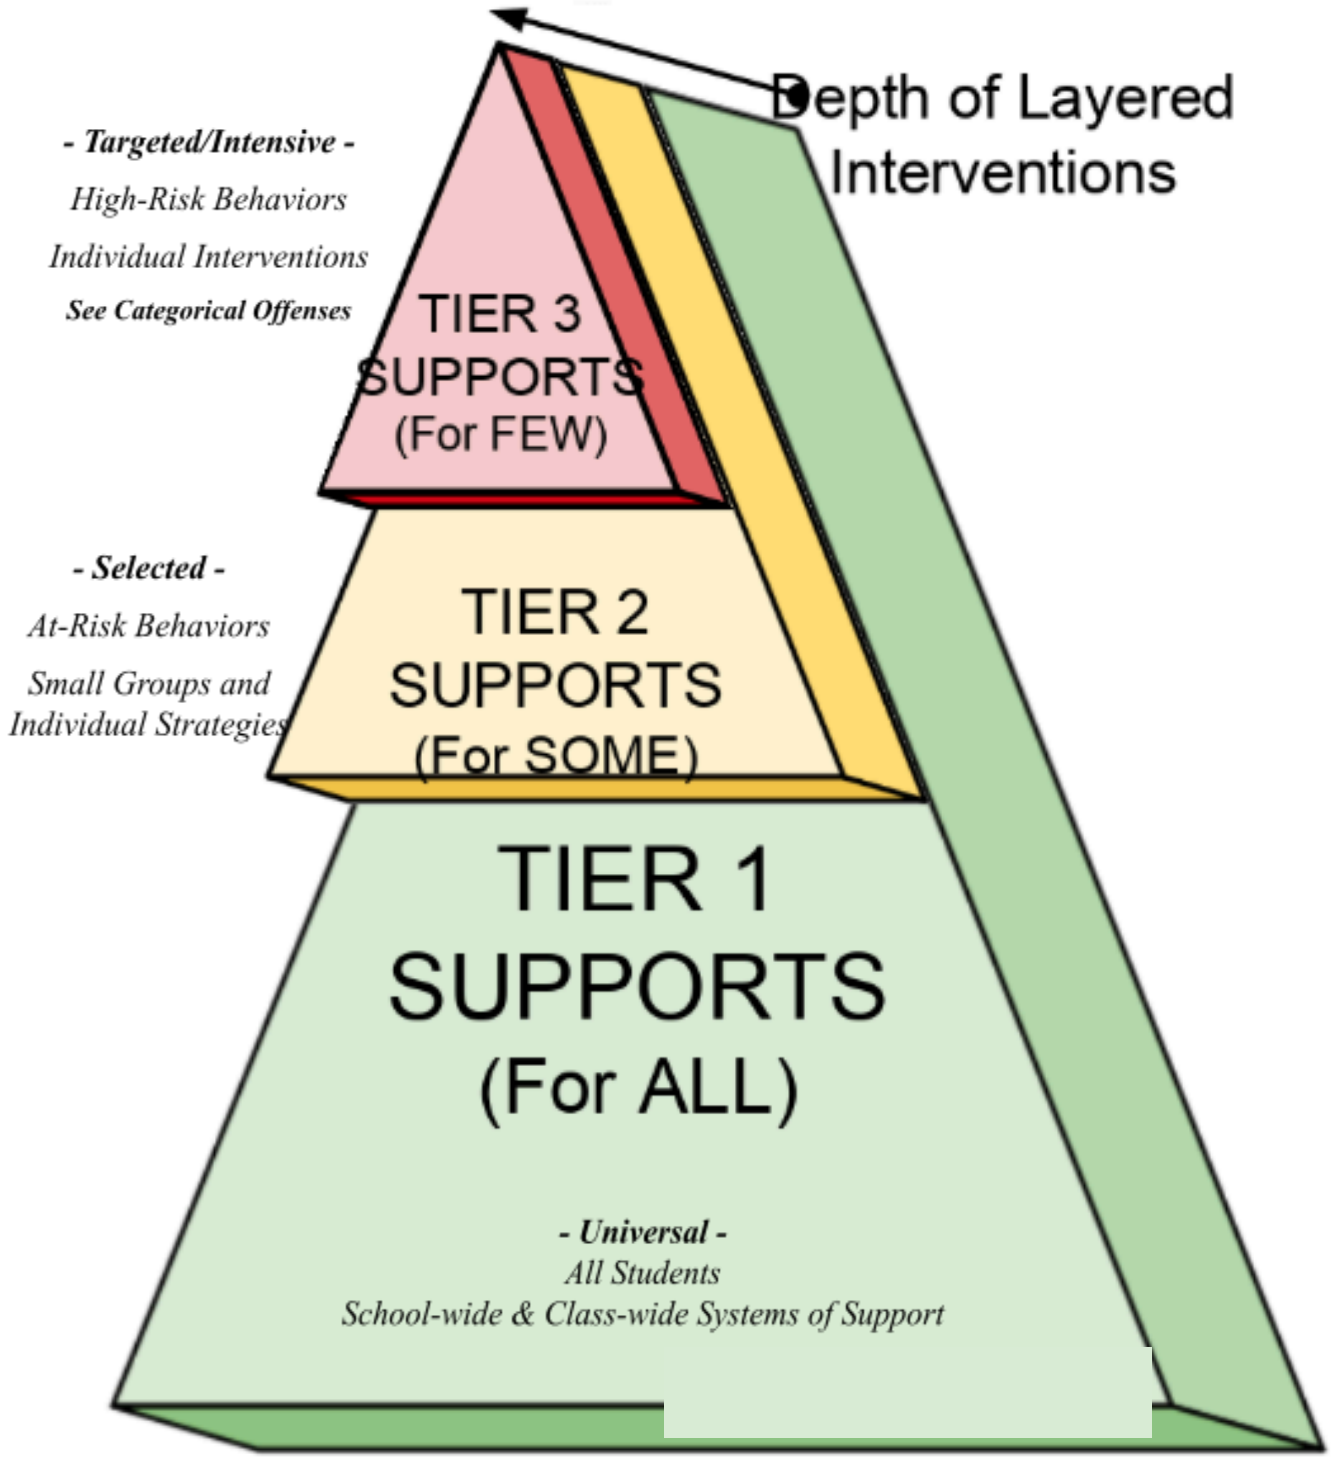
All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range

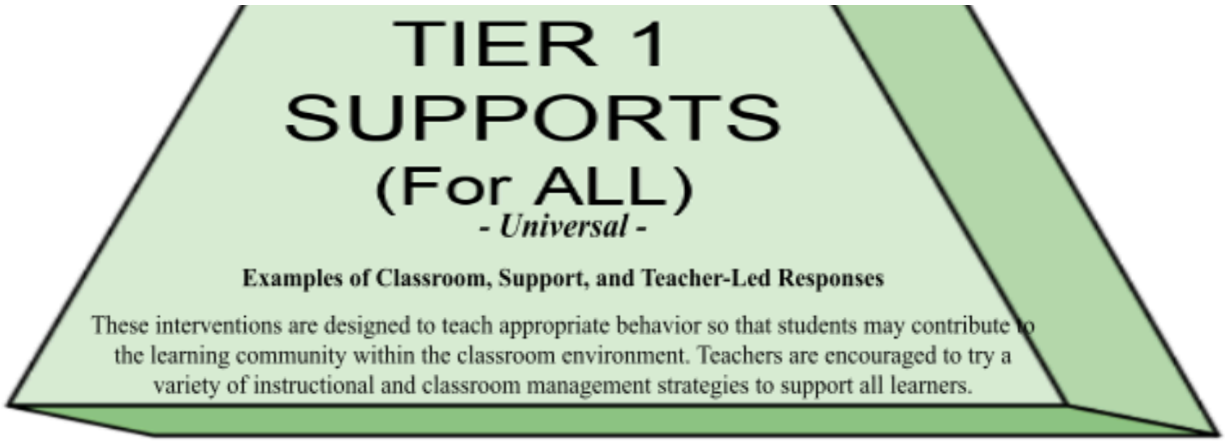
from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words, MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption to the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the rights of students to lawful student expression, as outlined in the "MPS Student Freedom of Speech/Expression Policy" available in the office of each MPS school.

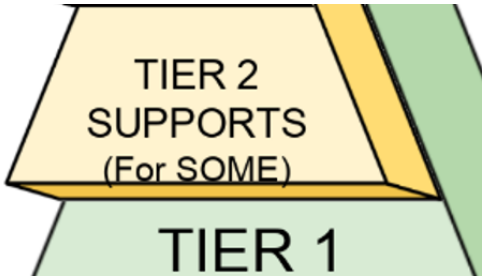
The following charts and tables delineate unacceptable types of behavior in three levels and possible interventions as part of MPS' system of response to behavior.

Multi-Tiered System of Response to Behavior





Level 1 Infractions	Interventions
• Invading personal space • Antagonizing others • Violation of school/class rules • Horseplaying • Violating off-limits/restricted area • Habitually tardy and/or not being in assigned location • Disrupting the learning environment/Off task • Littering • Not having proper materials, supplies, and/or equipment for class participation • Inappropriate use of electronic devices • Dress code violation • Inappropriate language/actions (hurtful, vulgar, gossip, etc.) • Passive participation in hurtful acts/words against others • Lewd or inappropriate displays of affection • Refusing to cooperate and comply with school rules/personnel	✔ School-wide PBIS ✔ Social-emotional learning program ✔ Proactive classroom management ✔ Regular, preemptive communication with families ✔ Classroom incentives ✔ Seating, assignment, behavioral accommodations ✔ Conferencing with student(s) and parents ✔ Verbal correction and redirection ✔ Reminders, role-play, daily progress sheet ✔ Loss of classroom privileges ✔ Written and/or verbal reflection

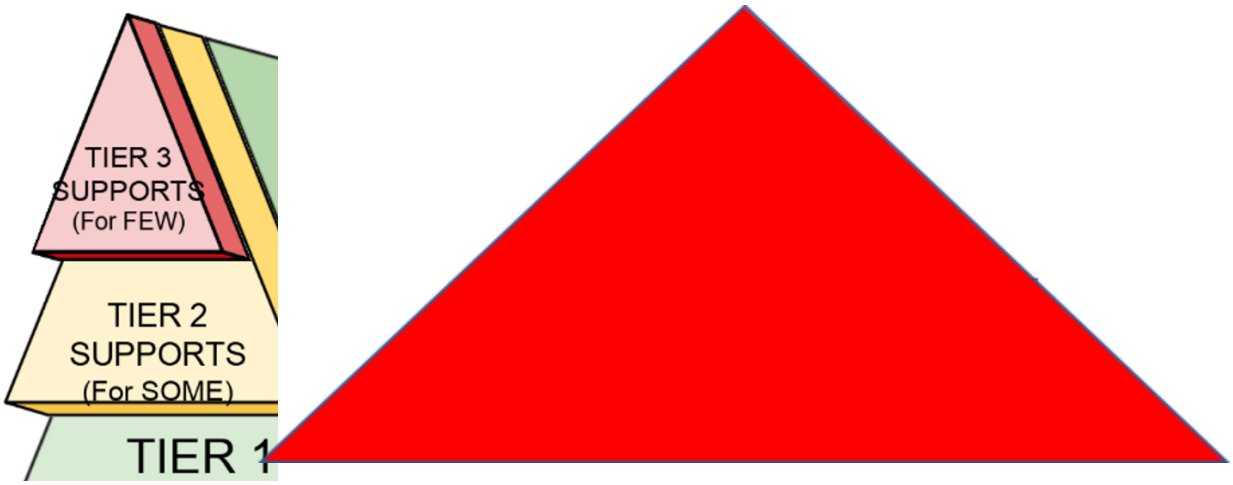


- Selected -

Examples of Support, Removal and Administrative Responses

These responses engage the students' support system to ensure successful learning and to alter conditions that are inappropriate or disruptive.

Level 2 Infractions	Interventions
• Using/possessing tobacco and/or lighter • Violating traffic or safety regulations • Encouraging other students to violate school rules • Leaving school and/or school bus without permission • Fighting and/or arranging altercations • Using objects inappropriately (i.e., the use of an object to harm others or damage property) • Physical assault without serious bodily injury (i.e., pushing with intent, kicking, hitting, pinching, spitting) • Defacing and/or vandalism of school property • Plagiarism/academic dishonesty • Leaving school or classroom without permission (truancy) • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding district filter, etc.) • Stealing and/or possessing stolen property • Failure to attend to/complete assigned restorative action • Gambling or Extortion • Habitual violations of school/class rules • Forgery of signatures • Sexually explicit behavior • Planning and/or arranging actions with malicious intent • Writing or drawing obscene /profane language/pictures • Harassment (i.e., physical, verbal, and sexual) • Bullying/cyberbullying • Violation of personal boundaries • Refusing to cooperate and comply with school rules/personnel	✔ Behavioral contract ✔ Self-monitoring ✔ School-home communication ✔ Adult or peer mentorship ✔ Utilize check-in and check-out system ✔ Intensive academic and/or social support ✔ Reflection (lunch, after school, Saturday, etc.) ✔ Refer student to SSPT ✔ Loss of privileges ✔ Counseling ✔ Temporary removal from class ✔ Extended school day ✔ Suspension and/or expulsion



Level 3 Infractions	Interventions
• Physically assaulting with serious bodily injury • Conduct or habits injurious to others (peers/authority) • Using/possessing controlled and/or dangerous substances and/or paraphernalia • Bullying (harassing, intimidating, cyberbullying) • Fighting and/or arranging altercations • Using/possessing weapons and/or weapon paraphernalia including but not limited to those prohibited under federal law • Harassment (i.e., physical, verbal, and sexual) • Arson, attempting to commit arson and/or possession of explosives/fireworks (i.e., smoke bombs, sink bombs, etc.) • Causing a false fire alarm • Making a bomb/explosive threat • Encouraging other students to violate school rules • Student hazing • Using gang and/or secret society symbols/acts • Inappropriate use of electronic devices • Public displays of sexually explicit behavior • Defacing and/or vandalism of school property • Gambling • Habitual violations of school/class rules • Forgery of signatures • Stealing and/or possessing stolen property • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding school filter, etc.) • Sexual explicit behavior, Lewd Conduct, Writing or drawing obscene /profane language/pictures	✔ All Tier 1 and Tier 2 interventions ✔ FBA-based behavior intervention plans ✔ Teaching replacement behavior ✔ Home and community supports ✔ Self-management program ✔ Restricted access ✔ In-school reflection and/or suspension ✔ Short-term out-of-school suspension ✔ Extended out-of-school suspension ✔ Request for alternate educational setting ✔ Suspension and/or expulsion

Suspension and Expulsion Policy and Procedures

"The procedures by which pupils can be suspended or expelled." (Ed. Code § 47605(b)(5)(J).)

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and well-being of all students at Magnolia Public Schools ("MPS" or "Charter School"). In creating this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describes the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions, and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to an annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this policy and its procedures are available upon request at the Principal's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform the student, the student's parent/guardian, or educational rights holder of the basis for which the student is being involuntarily removed and the student's parent, guardian, or educational rights holder's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons

including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, reflection during and after school hours, use of alternative educational environments, suspension and expulsion.

Positive Behavioral Interventions & Supports (PBIS)

Positive Consequences:

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem-solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues in the school information system but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

Alternatives to Suspension and/or Expulsion

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and the progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Dean /Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

Reflection

Reflection will be held on the assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls, emails, or notes will be accepted for this request.

In School Suspension

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area, not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. The student is expected to complete their classroom assignments and school community service during ISS.

Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; or d) during, going to, or coming from a school-sponsored activity.

Enumerated Offenses

Discretionary Suspension Offenses: Students may be suspended when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

l) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

m) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

n) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

o) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

p) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is

officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

q) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

r) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

u) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
    i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
    ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.
    iii. Causing a reasonable student to experience substantial interference with their academic performance.
    iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
    i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:
(a) Posting to or creating a burn page. A “burn page” means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. “Credible impersonation” means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
(d) An act of cyber sexual bullying.
(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

v) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

w) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

Discretionary Expellable Offenses: Students may be recommended for expulsion when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

    1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

        i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

        ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.

        iii. Causing a reasonable student to experience substantial interference with their academic performance.

        iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

    2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

        i. A message, text, sound, video, or image.

        ii. A post on a social network Internet Web site including, but not limited to:

            (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

            (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Expellable Offenses: Students must be recommended for expulsion when it is determined pursuant to the procedures below that the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4..

If it is determined by the Administrative Panel that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

- The term “knife” means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.
- The term “firearm” means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.
- The term “destructive device” means any explosive, incendiary, or poison gas, including but not limited to: (A) bomb; (B) grenade; (C) rocket having a propellant charge of more than four ounces; (D) missile having an explosive or incendiary charge of more than one-quarter ounce; (E) mine; or (F) device similar to any of the devices described in the preceding clauses.

Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. **Conference**

   Suspension shall be preceded, if possible, by a conference conducted by the Principal or designee with the student and the student’s parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal or designee.

   The conference may be omitted if the Principal or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

   At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student’s parent/guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student’s parent/guardian at the conference.

2. **Notice to Parents/Guardians**

   At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. In addition, the notice may also state the time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. **Suspension Time Limits/Recommendation for Expulsion**

   Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Principal or designee, the student and the student’s parent/guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student’s parent/guardian, unless the student and the student’s parent/guardian fail to attend the conference.

This determination will be made by the Principal or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. **Homework Assignments During Suspension**

   In accordance with Education Code Section 48913.5, upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

   In accordance with Education Code Section 48913.5(b), if a homework assignment that is requested pursuant to Section 48913.5(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

5. **Suspension Appeals**

   Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made in writing to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will comprise of at least one school administrator (serves as procedural advisor), and at least two teachers, and may also include a non-certificated employee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final and will be delivered to the parent/guardian in a written response. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

   - Uphold the suspension
   - Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record or shared with anyone not directly involved in the proceedings.

Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled by a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the Student nor a member of the Charter School Board of Directors. The Administrative Panel shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.

It is preferable for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. The Administrative Panel may expel any student found to have committed an expellable offense.

Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the

Principal or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of MPS' disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Special Procedures for Expulsion Hearing Involving Sexual Assault or Battery Offenses

MPS may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) calendar days notice of their scheduled testimony; (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent/guardian or legal counsel; and (c) elect to have the hearing closed while testifying.
2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness

to the witness stand.

7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to their previous educational program.

The Administrative Panel may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Administrative Panel. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Administrative Panel may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Administrative Panel revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Administrative Panel shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Administrative Panel shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

Written Notice to Expel

The Principal or designee, following a decision of the Administrative Panel to expel, shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student and student's parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures

The Principal or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

Disciplinary Records

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the authorizer upon request.

Expulsion Appeals

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within fifteen (15) working days of receipt of a timely written request for an appeal. *(This timeline supersedes the timeline statement in the charter petition if different.)*

At the hearing on the appeal, the student shall have the right to present evidence. The Board will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and MPS. That decision shall be final.

Interim Placement

MPS shall be responsible for the appropriate interim placement of students during and pending the completion of the MPS's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

MPS shall work with the District for an interim placement or other alternative programs. Should MPS determine after the referral that the student will remain at MPS pending the expulsion hearing based on the best interest of

the student, or if MPS secures another alternative interim placement at another charter school or school within its CMO, if appropriate and aligned with applicable charter petitions, MPS will notify the District of such determination.

Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to the Charter School for readmission.

Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board of Directors following a meeting with the Principal or designee and the student and student's parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Principal or designee shall make a recommendation to the Board of Directors following the meeting regarding the Principal's or designee's determination. The Board shall then make a final decision regarding the readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Involuntary Removal for Truancy

As charter schools are schools of choice and as a charter school student who fails to attend school is potentially depriving another student of their opportunity to enroll, a student may be involuntarily removed as described within the Charter School's Board adopted Attendance Policy for truancy and only after the Charter School follows the requirements of the Attendance Policy and only in accordance with the policy described above which requires notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal. Students who are involuntarily removed for truancy will be given a rehabilitation plan and will be subject to the readmission procedures set forth herein.

Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. **Notification of SELPA/District**
   The Charter School shall immediately notify the SELPA/District and coordinate the procedures in this policy with the SELPA/ District of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. **Services During Suspension**
   Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as

appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
c. Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent/guardian and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to

others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.
c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Students with an IEP

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, according to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See above: Suspension and Expulsion Procedures for more information.

Procedures for Notifying Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

This notification will be provided on our school letterhead:

To: ALL CERTIFICATED STAFF
From: **Admin**
Re: Student Suspension Information

Education Code 49079 and Welfare and Institutions Code 827 require that teachers be notified of the reason(s) a student has been suspended. We have incorporated this notification into the existing "Attendance Reporting screen". On the daily attendance report, when a student is suspended, it will show in Infinite Campus. *The information provided is for the student's current teachers only. All information regarding suspension and expulsion is **CONFIDENTIAL**, and is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it.*
The following are examples of Ed. Code 48900 and 48915 violations that may appear on your report.
E.C. 48900

- a(1) Cause, attempted to cause, or threatened to cause physical injury to another person
- a(2) Willfully used force or violence upon the person of another, except in self-defense
- (b) Possessed, sold or otherwise furnished any firearm, knife, explosive or other dangerous object
- (c) Unlawfully possessed, used, sold or otherwise furnished, or been under the influence of, a controlled substance, alcoholic beverage, or an intoxicant of any kind
- (d) Unlawfully offered, arranged or negotiated to sell a controlled substance, alcoholic beverage, or an intoxicant of any kind, and either sold, delivered, or otherwise furnished to a person an imitation
- (e) Committed or attempted to commit robbery or extortion
- (f) Caused or attempted to cause damage to school or private property
- (g) Stolen or attempted to steal school or private property
- (h) Possessed or used tobacco, or products containing tobacco or nicotine products
- (i) Committed an obscene act or engaged in habitual profanity or vulgarity
- (j) Unlawfully possessed or unlawful offered, arranged, or negotiated to sell drug paraphernalia
- (k) Disrupted school activities or winfully defied the valid authority of school personnel (Grades 9-12 only)
- (i) Knowingly received stolen school or private property
- (n) Committed or attempted to commit a sexual assault or committed a sexual battery
- (o) Harassed, threatened, or intimidated a pupil who is a complaining witness or witness in a school disciplinary proceeding
- (p) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma
- (r) Engaged in an act of bullying
- (t) Aided and abetted the infliction or attempted infliction of physical injury or serious bodily injury to another person
- .2 Committed sexual harassment (Grades 4-12 only)
- .3 Caused, attempted to cause, threatened to cause, or participated in an act of, hate violence (Grades 4-12 onry)
- .4 Intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils (Grades 4-12 only)
- .7 Made terroristic threats against school officials or school property, or both

E.C. 48915(a)(1)

- A. Causing serious physical injury to another person, except in self-defense
- B. Possession of a knife or other dangerous object.
- C. Unlawful possession of any controlled substance.
- D. Robbery or extortion.
- E. Assault or battery upon a school employee.

E.C. 48915(c)

- 1. Possessing, sefling or otherwise furnishing a firearm.
- 2. Brandishing a knife at another person.
- 3. Unlawfully selling a controlled substance.
- 4. Committing or attempting to comm.it a sexual assault or committing a sexual battery
- 5. Possession of an explosive

Title IX Policy Prohibiting Discrimination on the Basis of Sex

This Title IX Policy Prohibiting Discrimination on the Basis of Sex ("Policy") contains the policies and grievance procedures of Magnolia Public Schools ("MPS") to address sex discrimination, including but not limited to sexual harassment, occurring within MPS's education program or activity.

MPS does not discriminate on the basis of sex and prohibits any acts of sex discrimination in any education program or activity that it operates, as required by California law, Title IX (20 U.S.C. § 1681 et seq.) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.

This Policy applies to conduct occurring in MPS's education programs or activities including but not limited to incidents occurring on the school campus, during school-sponsored events and activities regardless of the location, and through school-owned technology, whether perpetrated by a student, parent/guardian, employee, volunteer, independent contractor or other person with whom MPS does business.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 (hereinafter collectively referred to as "Title IX") may be referred to the MPS Title IX Coordinator, the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

Definitions

Prohibited Sex Discrimination

Title IX and California law prohibit discrimination on the basis of sex, including sex-based harassment and differences in the treatment of similarly situated individuals on the basis of sex with regard to any aspect of services, benefits, or opportunities provided by MPS.

Prohibited Sexual Harassment

Under Title IX, "sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

- An employee of MPS conditioning the provision of an aid, benefit, or service of MPS on an individual's participation in unwelcome sexual conduct;
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to MPS's education program or activity; or

- "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

Under California Education Code section 212.5, sexual harassment consists of conduct on the basis of sex, including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through MPS.

Examples of conduct that may fall within the Title IX or the Education Code definition of sexual harassment, or both:

- Physical assaults of a sexual or sex-based nature, such as:

  o Rape, sexual battery, molestation or attempts to commit these assaults.

  o Intentional physical conduct that is sex-based or sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, poking another's body, violence, intentionally blocking normal movement or interfering with work or school because of sex.

- Unwanted sexual advances or propositions, derogatory sex-based comments, or other sex-based conduct, such as:

  o Sexually oriented or sex-based gestures, notices, epithets, slurs, remarks, jokes, or comments about a person's sexuality or sexual experience.

  o Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.

  o Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.

  o Retaliation against an individual who has articulated a good faith concern about sex-based harassment.

- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:

  o Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or

bringing or possessing any such material to read, display or view in the work or educational environment.

o Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.

o Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

Formal Complaint of Sexual Harassment means a written document filed and signed by a complainant who is participating in or attempting to participate in MPS's education program or activity or signed by the Coordinator alleging sexual harassment against a respondent and requesting that MPS investigate the allegation of sexual harassment. At the time of filing a formal complaint of sexual harassment, the complainant must be participating in or attempting to participate in MPS's education program or activity.

Party means a complainant or respondent.

Respondent means a person who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Supportive Measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to a party before or after the filing of a formal complaint of sexual harassment or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to MPS's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or MPS's educational environment, or deter sexual harassment.

Title IX Coordinator

The Board of Directors of MPS ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

Meagan Wittek

Director of Student Services

250 E 1st Street, Suite 1500

Los Angeles, CA, 90012

Office: (213) 628-3634 | Fax: (714) 362-9588

mwittek@magnoliapublicschools.org

In the event the above-named individual becomes unavailable or unable to serve as the Coordinator, the Board has designated the following employee to serve as a temporary or interim Coordinator:

Gokhan Serce

Chief Academic Officer

250 E 1st Street, Suite 1500, Los Angeles, CA, 90012 Office: (213) 628-3634 | Fax: (714) 362-9588

gserce@magnoliapublicschools.org

The Coordinator is responsible for coordinating MPS's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination, formal complaints of sexual harassment, and inquiries about the application of Title IX to MPS, coordinating the effective implementation of supportive measures, and taking other actions as required by this Policy. The Coordinator or designee may serve as the investigator for formal complaints of sexual harassment.

Reporting Sex Discrimination

All employees must promptly notify the Coordinator when the employee has knowledge of or notice of allegations of sex discrimination or sexual harassment occurring within MPS's education program or activity.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. MPS will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Privacy

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with

the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual.

Response to Sexual Harassment

MPS will respond promptly and in a manner that is not deliberately indifferent when it has actual knowledge, as defined in 34 C.F.R. § 106.30(a), of sexual harassment occurring in its education program or activity against a person in the United States.

MPS's response will treat complainants and respondents equitably by offering supportive measures to a complainant, and by following the grievance procedures for formal complaints of sexual harassment that are listed below before imposing any disciplinary sanctions or other actions that are not supportive measures on a respondent for sexual harassment under Title IX.

Supportive Measures

Once notified of sexual harassment or allegations of sexual harassment occurring in MPS's education program or activity against a person in the United States, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint of sexual harassment.

Supportive measures may include but are not limited to: counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; mutual restrictions on contact between the parties; changes in work or on-campus housing locations; leaves of absence; increased security and monitoring of certain areas of the campus; and other similar measures.

Supportive measures will not unreasonably burden either party or be imposed for punitive or disciplinary reasons. MPS will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair MPS's ability to provide the supportive measures. The Coordinator is responsible for coordinating the effective implementation of supportive measures.

Grievance Procedures

Scope and General Requirements

MPS has adopted and published grievance procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited under Title IX and a grievance process that complies with 34 C.F.R. § 106.45 for formal complaints of sexual harassment.

Complaints of misconduct prohibited by this Policy that do not constitute a formal complaint of sexual harassment will be addressed in accordance with MPS's Uniform Complaint Procedures, its employment discrimination complaint procedures, or the grievance procedures set forth in its Harassment, Intimidation, Discrimination, and Bullying Policy, as applicable. The following grievance procedures will apply to formal complaints of sexual harassment.

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

MPS requires that any Title IX Coordinator, investigator, decisionmaker, and any person designated by MPS to facilitate an informal resolution process not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

MPS will treat complainants and respondents equitably. MPS presumes that the respondent is not responsible for the alleged sexual harassment until a determination is made at the conclusion of its grievance procedures.

MPS may consolidate formal complaints of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, where the allegations of sexual harassment arise out of the same facts or circumstances.

MPS allows for the temporary delay of the grievance process or limited extension of timeframes on a case-by-case basis for good cause. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If the grievance process is temporarily delayed or a timeframe is temporarily extended by MPS, the Coordinator or designee will notify the parties of the reason for the delay or extension in writing.

MPS will objectively evaluate all evidence that is relevant and not otherwise impermissible, including both inculpatory and exculpatory evidence. Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

Dismissal

MPS must dismiss a formal complaint of sexual harassment for purposes of sexual harassment under Title IX if the conduct alleged:

- Would not constitute sexual harassment under Title IX even if proved;
- Did not occur in MPS's education program or activity; or
- Did not occur against a person in the United States.

MPS may dismiss a formal complaint of sexual harassment or any of the allegations therein if:

- The respondent is no longer enrolled or employed by MPS;
- A complainant notifies the Coordinator in writing that the complainant would like to withdraw the complaint or any allegations therein; or
- Specific circumstances prevent MPS from gathering sufficient evidence to reach a determination as to the complaint or allegations therein.

Upon dismissal, the Coordinator or designee will promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties. Dismissal under Title IX does not preclude action under another applicable MPS policy.

Notice of the Allegations

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will provide written notice of the allegations to the parties whose identities are known. The notice will include:

- MPS's grievance procedures and any informal resolution process;
- The allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details includes the identities of the parties involved in the incident(s), if known, the conduct allegedly constituting sexual harassment under Title IX, and the date(s) and location(s) of the alleged incident(s), if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and a determination regarding responsibility is made at the conclusion of the grievance process;
- A statement that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence; and
- A statement that MPS prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

Emergency Removal

MPS may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with MPS's policies.

MPS may remove a respondent from MPS's education program or activity on an emergency basis, in accordance with MPS's policies, provided that MPS undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any person arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Informal Resolution

At any time after a formal complaint of sexual harassment is filed and prior to determining whether sexual harassment occurred under MPS's Title IX grievance procedures, MPS may offer an informal resolution process to the parties. MPS will not offer or facilitate informal resolution to resolve allegations that an employee sexually harassed a student, or when such a process would conflict with Federal, State, or local law. Parties will not be required or pressured to agree to participate in the informal resolution process.

Before initiation of the informal resolution process, MPS will obtain the parties' voluntary, written consent to participate in the informal resolution and provide the parties with a written notice that explains:

- The allegations;
- The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint of sexual harassment arising from the same allegations;
- The right to withdraw and initiate or resume the grievance procedures at any time prior to agreeing to a resolution; and
- Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Investigation

In most cases, a thorough investigation will take no more than thirty (30) business days. MPS has the burden to conduct an investigation that gathers sufficient evidence to determine whether sexual harassment occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed, considered, or disclosed), regardless of whether they are relevant:

- A party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless MPS obtains that party's voluntary, written consent to do so for these grievance procedures; and

- Evidence about the complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview. The parties will not be prohibited from discussing the allegations under investigation or from gathering and presenting relevant evidence. A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.

Before the investigator completes the investigative report, MPS will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator to consider prior to completing the investigation report.

The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.

Determination of Responsibility

Before making a determination of responsibility, the decisionmaker must afford each party the opportunity to submit written, relevant questions that a party wants to ask of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decisionmaker must explain to the party proposing the questions any decision to exclude a question as not relevant.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within fifteen (15) business days after MPS sends the investigation report to the parties, the decisionmaker, who will not be the same person as the Coordinator or investigator, will simultaneously send the parties a written determination of whether sexual harassment occurred. The written determination will include:

- The allegations of sexual harassment;
- A description of the procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;

- The findings of facts supporting the determination;
- The conclusions regarding the application of MPS's code of conduct to the facts;
- The decision and rationale for each allegation;
- Any recommended disciplinary sanctions for the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
- The procedures and permissible bases for appeals.

The determination regarding responsibility becomes final either on the date that MPS provides the parties with the written appeal decision, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Appeals

Either party may, within five (5) business days of their receipt of MPS's written determination of responsibility or dismissal of a formal complaint of sexual harassment, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal.

The complainant and respondent may only appeal from a determination regarding responsibility or MPS's dismissal of a formal complaint of sexual harassment or any allegations therein, on one or more of the following bases:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; or
- The Coordinator, investigator(s), or decisionmaker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The decisionmaker for the appeal will not be the same person as the Coordinator, the investigator or the initial decisionmaker.

The decisionmaker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of notice of the appeal; and 4) within fifteen (15) business days of the appeal, provide a written decision simultaneously to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process, may be subject to disciplinary action up

to and including expulsion from MPS or termination of employment. If there is a determination that sexual harassment occurred, the Coordinator is responsible for effective implementation of any remedies ordered by MPS.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All Title IX Coordinators, investigators, decisionmakers, and any person who facilitates a Title IX informal resolution process will receive Title IX training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

MPS will maintain the following records for at least seven (7) years:

- Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent; and any remedies provided to the complainant;
- Records of any appeal of a formal complaint or sexual harassment and the results of that appeal;
- Records of any informal resolution of a formal complaint or sexual harassment and the results of that informal resolution;
- All materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process; and
- Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

TITLE IX SEX DISCRIMINATION AND HARASSMENT COMPLAINT FORM

Your Name: _____ Date: _____

Harassment, Intimidation, Discrimination, and Bullying Policy

Discrimination, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") prohibits any acts of discrimination, harassment, intimidation, and bullying altogether.

As used in this policy, discrimination, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locs, and twists), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, MPS will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. MPS school staff who witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

This policy applies to incidents occurring on the school campus, at school-sponsored events and activities regardless of the location, through school-owned technology, and through other electronic means, whether perpetrated by a student, employee, parent/guardian, volunteer, independent contractor or other person with whom MPS does business, and all acts of MPS's Board of Directors ("Board") in enacting policies and procedures that govern MPS.[1]

MPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

Definitions

Harassment means conduct based upon one or more of the protected characteristics listed above that is severe or pervasive, which unreasonably disrupts an individual's educational or work environment or that creates a hostile educational or work environment. Harassment includes, but is not limited to:

[1] This policy becomes effective on August 1, 2024. Conduct occurring before August 1, 2024 will be addressed in accordance with the former version of this policy, which was entitled "Title IX, Harassment, Intimidation, Discrimination and Bullying Policy."

Powered by BoardOnTrack

- Verbal conduct such as epithets, derogatory jokes, comments or slurs.
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work or school based on any of the protected characteristics listed above.
- Retaliation for reporting or threatening to report harassment.
- Deferential or preferential treatment based on any of the protected characteristics listed above.

Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student or group of students that may constitute hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing a reasonable student [2] or students in fear of harm to that student's or those students' person or property.
- Causing a reasonable student to experience a substantially detrimental effect on the student's physical or mental health.
- Causing a reasonable student to experience a substantial interference with the student's academic performance.
- Causing a reasonable student to experience a substantial interference with the student's ability to participate in or benefit from the services, activities, or privileges provided by MPS.

Cyberbullying is an electronic act that includes the transmission of harassing communication, direct threats, or other harmful texts, sounds, video or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Electronic act means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- A message, text, sound, video, or image.
- A post on a social network Internet Web site including, but not limited to:
    - Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in the definition of "bullying," above.
    - Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in the definition of "bullying," above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
    - Creating a false profile for the purpose of having one or more of the effects listed in the definition of "bullying," above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
- An act of "Cyber sexual bullying" including, but not limited to:
    - The dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects

[2] "Reasonable student" is defined as a student, including, but not limited to, a student with exceptional needs, who exercises average care, skill and judgment in conduct for a person of the student's age, or for a person of the student's age with the student's exceptional needs.

Powered by BoardOnTrack

described in definition of "bullying," above. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

- "Cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

- Notwithstanding the definitions of "bullying" and "electronic act" above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

Bullying and Cyberbullying Prevention Procedures

MPS has adopted the following procedures for preventing acts of bullying, including cyberbullying.

Cyberbullying Prevention Procedures

MPS advises students:

- To never share passwords, personal data, or private photos online.
- To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- To consider how it would feel receiving such comments before making comments about others online.

MPS informs its employees, students, and parents/guardians of MPS's policies regarding the use of technology in and out of the classroom. MPS encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

Education

MPS employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. MPS advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at MPS and encourages students to practice compassion and respect each other.

MPS educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

MPS's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

MPS informs MPS employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

Professional Development

MPS annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other MPS employees who have regular interaction with students.

MPS informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

MPS also informs certificated employees about the groups of students determined by MPS and available research to be at elevated risk for bullying and provides its certificated employees with information on existing school and community resources related to the support of these groups. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

MPS encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for MPS's students.

Complaint Procedures

Scope of the Complaint Procedures

MPS will comply with its Uniform Complaint Procedures ("UCP") policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person's association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- Are written and signed;
- Filed by an individual who alleges that they have personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying based on a protected characteristic, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- Submitted to the MPS UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

MPS will comply with its Title IX Policy when investigating and responding to complaints alleging sex discrimination, including sex-based harassment, in its education program or activity, as applicable.

The following procedures shall be utilized for complaints of misconduct prohibited by this Policy that do not fall within the scope of MPS's Title IX Policy or comply with the writing, timeline, or other formal filing requirements of the UCP. A copy of MPS's Title IX Policy and UCP is available in the main office and on MPS websites.

Submitting a Report or Complaint

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this Policy for reporting alleged acts of misconduct prohibited by this Policy.

Reports and complaints of misconduct prohibited by this Policy shall be submitted to the Principal (or the Chief Executive Officer and Superintendent if the complaint is against the Principal) as soon as possible after the incidents giving rise to the report or complaint.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, and MPS will investigate and respond to all oral and written reports of misconduct prohibited by this Policy, the reporting party is encouraged to submit a written report. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy and other verbal or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter and/or complainant confidential, as appropriate, except to the extent necessary to comply with applicable law, carry out the investigation and/or to resolve the issue, as determined by MPS on a case-by-case basis.

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments

of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy.

Investigation and Response

Upon receipt of a report or complaint of misconduct prohibited by this Policy, the Principal or designee will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days.

At the conclusion of the investigation, the Principal or designee will, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation and resolution of the incident/situation. However, the Principal or designee will not reveal confidential information related to other students or employees.

If the complaint is against the Principal, the Chief Executive Officer and Superintendent or designee will conduct a fact-finding investigation and provide the complainant with information about the investigation and resolution of the incident/situation.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from MPS or termination of employment.

Right of Appeal

Should a complainant find MPS's resolution unsatisfactory, for complaints within the scope of this Policy, the complainant may, within five (5) business days of notice of MPS's decision or resolution, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal will notify the complainant of the final decision.

Uniform Complaint Policy and Procedures

Uniform Complaint Procedures (UCP) Policies and Procedures

Magnolia Public Schools ("MPS" or "Charter School") complies with applicable federal and state laws and regulations. MPS is the local agency primarily responsible for compliance with federal and state laws and regulations governing educational programs. Pursuant to this policy, persons responsible for compliance and/or conducting investigations shall be knowledgeable about the laws and programs, which they are assigned to investigate.

Scope

This complaint procedure is adopted to provide a uniform system of complaint processing ("UCP") for the following types of complaints:

1. Complaints alleging unlawful discrimination, harassment, intimidation or bullying against any protected group on the basis of the actual or perceived characteristics of age, ancestry, color, mental disability, physical disability, ethnic group identification, immigration status, citizenship, gender expression, gender identity, gender, genetic information, nationality, national origin, race or ethnicity, religion, medical condition, marital status, sex, or sexual orientation, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any MPS program or activity.
2. Complaints alleging a violation of state or federal law or regulation governing the following programs:
    - Accommodations for Pregnant and Parenting Pupils;
    - Adult Education;
    - After School Education and Safety;
    - Career Technical Education;
    - Career Technical and Technical Training;
    - Child Care and Development;
    - Compensatory Education;
    - Consolidated Application;
    - Course Periods without Educational Content;
    - Education of Pupils in Foster Care, Pupils who Are Homeless, Migratory Pupils, former Juvenile Court Pupils now Enrolled in a public school and Children of Military Families;
    - Every Student Succeeds Act;
    - Local Control & Accountability Plans (LCAP)/LCFF;
    - Migrant Education;
    - Physical Education Instructional Minutes;
    - Pupil Fees;
    - Reasonable Accommodations to a Lactating Pupil;
    - Regional Occupational Centers and Programs;
    - School Plans for School Achievement;
    - School Safety Plans;
    - Schoolsite Councils.
3. Complaints alleging that a student enrolled in a public school was required to pay a pupil fee for participation in an educational activity as those terms are defined below.
    a. "Educational activity" means an activity offered by the charter school that constitutes an integral fundamental part of elementary and secondary education, including, but not limited to, curricular and extracurricular activities.

b. "Pupil fee" means a fee, deposit or other charge imposed on students, or a student's parents/guardians, in violation of Education Code section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees or request special waivers, as provided for in *Hartzell v. Connell* (1984) 35 Cal.3d 899. A pupil fee includes, but is not limited to, all of the following:

    i. A fee charged to a student as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory or is for credit.

    ii. A security deposit, or other payment, that a student is required to make to obtain a lock, locker, book, class apparatus, musical instrument, uniform or other materials or equipment.

    iii. A purchase that a student is required to make to obtain materials, supplies, equipment or uniforms associated with an educational activity.

c. A pupil fees complaint and complaints regarding local control and accountability plans ("LCAP") only, may be filed anonymously (without an identifying signature), if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with Education Code sections 52060 - 52077, including an allegation of a violation of Education Code sections 47606.5 or 47607.3, as referenced in Education Code section 52075, regarding local control and accountability plans.

d. If MPS finds merit in a pupil fees complaint, or the California Department of Education ("CDE") finds merit in an appeal, MPS shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by MPS to ensure full reimbursement to all affected students and parents/guardians, subject to procedures established through regulations adopted by the state board.

e. Nothing in this Policy shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or MPS and other entities from providing student prizes or other recognition for voluntarily participating in fundraising activities.

Complaints alleging noncompliance with the requirements governing the Local Control Funding Formula ("LCFF") or LCAP under Education Code sections 47606.5 and 47607.3, as applicable. If MPS adopts a School Plan for Student Achievement in addition to its LCAP, complaints of noncompliance with the requirements of the School Plan for Student Achievement under Education Code sections 64000, 64001, 65000, and 65001 shall also fall under this Policy.

Complaints alleging noncompliance regarding child nutrition programs established pursuant to Education Code sections 49490-49590 are governed by Title 7, Code of Federal Regulations ("C.F.R.") sections 210.19(a)(4), 215.1(a), 220.13(c), 225.11(b), 226.6(n), and 250.15(d) and Title 5, California Code of Regulations ("C.C.R.") sections 15580 - 15584.

Complaints alleging noncompliance regarding special education programs established pursuant to Education Code sections 56000-56865 and 59000-59300 are governed by the procedures set forth in 5 C.C.R. sections 3200-3205 and 34 C.F.R. sections 300.151-300.153.MPS acknowledges and respects every individual's rights to privacy. Unlawful discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects (to the greatest extent reasonably possible and as permitted by law) confidentiality of the parties, including but not limited to the identity of the complainant, and maintains the integrity of the process. MPS cannot guarantee anonymity of the complainant. This includes keeping the identity of the complainant confidential. However, MPS will attempt to do so as appropriate. MPS may find it necessary to disclose information regarding the complaint/complainant to the extent required by law or necessary to carry out the investigation or

proceedings, as determined by the CEO, MPS campus Principal, or designee on a case-by-case basis. MPS shall ensure that complainants are protected from retaliation.

Compliance Officer

The Board of Directors designates the following compliance officer(s) to receive and investigate complaints and to ensure MPS' compliance with law:

CEO and Superintendent
Magnolia Public Schools
250 E. 1st St STE 1500
Los Angeles, CA 90012
(213) 628-3634

Upon receipt of a complaint, the CEO will appropriately assign to the Principal of the MPS campus attended by the complainant. That Principal and/or designee shall investigate the complaint, with oversight by the CEO.

The CEO or designee shall ensure that the compliance officer(s) designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. The compliance officer may have access to legal counsel as determined by the CEO or designee.

Should a complaint be filed against the CEO, the compliance officer for that case shall be the President of the MPS Board of Directors.

Notifications

The CEO or designee shall make available copies of this Policy free of charge. The annual notice of this Policy will be made available on MPS' website.

MPS shall annually provide written notification of MPS' UCP to employees, students, parents/guardians, advisory committees, private school officials or representatives, and other interested parties as applicable.

The annual notice shall be in English. When necessary under Education Code section 48985, if fifteen (15) percent or more of the students enrolled in MPS speak a single primary language other than English, this annual notice will also be provided to the parent/guardian of any such students in their primary language.

The annual notice shall include the following:

1. A list of the types of complaints that fall under the scope of the UCP and the state and federal provisions that govern complaints regarding child nutrition programs and special education programs.
2. A statement clearly identifying any California State preschool programs that MPS is operating as exempt from licensing pursuant to Health and Safety Code section 1596.792(o) and corresponding Title 5 health and safety regulations, and any California State preschool programs that MPS is operating pursuant to Title 22 licensing requirements.
3. A statement that MPS is primarily responsible for compliance with federal and state laws and regulations.
4. A statement that a student enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.
5. A statement identifying the title of the compliance officer, and the identity(ies) of the person(s) currently occupying that position, if known.
6. A statement that if a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.
7. A statement that the complainant has a right to appeal MPS' decision to the CDE by filing a written appeal within thirty (30) calendar days of the date of MPS' decision, except if MPS has used its UCP to address a complaint that is not subject to the UCP requirements.
8. A statement that a complainant who appeals MPS' decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended

by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.

9. A statement that if MPS finds merit in a UCP complaint, or the CDE finds merit in an appeal, MPS shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.
10. A statement advising the complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to Education Code section 262.3.
11. A statement that copies of MPS' UCP shall be available free of charge.

Procedures

The following procedures shall be used to address all complaints which allege that MPS has violated federal or state laws or regulations enumerated in the section "Scope," above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, including a person's duly authorized representative or an interested third party, public agency, or organization may file a written complaint of alleged noncompliance or unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy.

A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the CEO, Principal, or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the CEO, Principal, or designee shall be made in writing. The period for filing may be extended by the CEO, Principal, or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The CEO, Principal, or designee shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the MPS Board of Directors approved the LCAP or the annual update was adopted by MPS.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, MPS staff shall assist the complainant in the filing of the complaint.

Step 2: Mediation

Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process. Before initiating the mediation of an unlawful discrimination, harassment,

intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information. If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint. The use of mediation shall not extend MPS' timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

Step 3: Investigation of Complaint
The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or a complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

MPS' refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

Step 4: Final Written Decision
MPS shall issue an investigation report (the "Decision") based on the evidence. MPS' Decision shall be in writing and sent to the complainant within sixty (60) calendar days of MPS' receipt unless the timeframe is extended with the written agreement of the complainant. MPS' Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion providing a clear determination for each allegation as to whether MPS is in compliance with the relevant law.
3. Corrective actions, if MPS finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal MPS' Decision within thirty (30) calendar days to the CDE, except when MPS has used its UCP to address a complaints that are not subject to the UCP requirements.
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of MPS' expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

Appeals to the CDE

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) calendar days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with MPS and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. MPS failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, MPS's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in MPS' Decision are not supported by substantial evidence.
4. The legal conclusion in MPS' Decision is inconsistent with the law.
5. In a case in which MPS' Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE that the complainant has appealed the Decision, the Principal or designee, under oversight by the CEO, shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.
4. A report of any action taken to resolve the complaint.
5. A copy of MPS' complaint procedures.
6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to MPS for resolution as a new complaint. If the CDE notifies MPS that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, MPS will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decision remains in effect and enforceable, unless stayed by a court. The CDE may directly intervene in the complaint without waiting for action by MPS when one of the conditions listed in 5 C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, MPS has not taken action within sixty (60) calendar days of the date the complaint was filed with MPS.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of MPS' complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if MPS has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

General Complaint Procedures

The ultimate purpose of this general complaint procedure is to encourage the growth and development of MPS as a healthy community. Conflict is often a part of any development or growth process and may arise in any community. An effective process for resolving conflict is therefore both consistent with the vision and mission of MPS, and an essential component of the communication model that our School has adopted.

MPS recognizes that effective communication is paramount in effective conflict resolution and therefore strongly encourages communication strategies that include: Taking personal responsibility for one's own feelings and needs; communication that mutually acknowledges the needs and concerns of one another; and demonstrating honesty and integrity in every interaction.

LEVEL 1: Direct Resolution

If reasonably possible, general complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the person directly using conflict resolution skills without the intervention of a supervisor or other School administrator. It is the hope of MPS that most disputes can be resolved informally by direct and healthy communication between individuals. Such attempts at informal resolution should be documented in writing to assist the Principal (or CEO & Superintendent) and/or Board of Directors to participate effectively in the conflict's resolution.

Examples:

- Pedagogical issues pertaining to anything that occurs in the classroom, i.e., teaching, curriculum, classroom management, or teacher-student relationships, should be addressed directly with the class teacher. Teachers can be contacted by email, written note or via appointment.
- Complaints/concerns about employees or supervisors that do not involve complaints of discrimination or harassment or violations of law should be first addressed with the employee or supervisor directly. If the person(s) involved are unable to resolve the conflict or complaint, the complainant should contact the immediate/appropriate supervisor in an effort to resolve the issue.

LEVEL 2: School Level Resolution

At this step, the complainant should be prepared to give details about the complaint and steps taken to resolve it. The immediate/appropriate supervisor will acknowledge receipt of the complaint in **three (3)** working days, investigate the complaint, a process which normally involves a discussion with the complainant, gathering of relevant facts and evidence, and respond to the complainant within **ten (10)** working days.

Examples:

- Pedagogical, academic or teacher related issues should be addressed with the Dean of Academics/Assistant Principal.
- Student behavior and discipline issues should be addressed with the Dean of Students/Assistant Principal.
- All other issues should be addressed with the Principal.

If the complainant is not satisfied with the response from the immediate/appropriate supervisor, e.g., Dean of Academics/Students or Assistant Principal or the complaint should be directly addressed with the Principal, the complainant should contact the Principal, who will respond within the same timeline. If the complainant is still dissatisfied, and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the CEO & Superintendent of MPS in an effort to resolve the issue.

LEVEL 3: MPS Home Office ("Home Office") Level Resolution

At this step, the complainant should fill out the attached **"General Complaint Procedures Form"** giving details about the complaint and steps taken to resolve it, and contact the CEO & Superintendent of MPS at:

CEO & Superintendent
Magnolia Public Schools
250 E. 1st St. Ste 1500
Los Angeles, CA 90012
(213) 628-3634

The CEO & Superintendent (designee) will acknowledge receipt of the written complaint in **five (5)** working days, attempt to identify a resolution that is acceptable to both parties, within **fifteen (15)** working days of the receipt of the written complaint.

If the complainant is not satisfied with the response from the CEO & Superintendent (designee), and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the MPS Board of Directors ("the Board.")

LEVEL 4: Board Level Resolution*

At this step, the complainant can file a written complaint with the Board through the Administrative Assistant at the MPS Home Office. *(Same contact information as in Level 3)* The complainant should update the "General Complaint Procedures Form" that was used in Level 3. The Administrative Assistant will acknowledge receipt of the written complaint in **five (5)** working days. The Board may consider the matter at its next regular Board meeting or at a special board meeting convened in order to meet the internal 60-day target within which MPS strives to answer the complaint. The Board may decide not to hear the complaint, in which case the CEO & Superintendent's decision will be final. If the Board hears the complaint, the Administrative Assistant will send the Board's decision to the complainant within **sixty (60)** days of the School's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. The decision of the Board shall be final.

> ***** For MSA-San Diego, MSA-San Diego Governance Committee will work with the Principal and the Home Office in following the General Complaint Procedures to resolve internal complaints and conflicts before they escalate to the MPS Board level.

The complainant has a right to appeal the Board's decision to the California Department of Education (CDE). In that case, the complainant needs to fill out a **"Uniform Complaint Procedure Form"** - provided in this handbook – and file it within **fifteen (15)** days of receiving the decision. The appeal must include a copy of the complaint filed with the School and a copy of the Board's decision. The appeal should be sent to:

> California Department of Education
> 1430 N Street
> Sacramento, CA 95814

Professional Boundaries: Staff/Student Interaction Policy

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Student Behavior

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with

students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Duty to Report Suspected Misconduct

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Examples of Specific Behaviors - Unacceptable Staff/Student Behavior (Violations of this Policy)

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.
- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Unacceptable Staff/Student Behavior without Parent and Supervisor Permission:

These behaviors should only be exercised when a staff member has parent and supervisor permission.

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Cautionary Staff/Student Behaviors

These behaviors should only be ex ercised when a reasonable and prudent person, acting as an educator, is prevented from using better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence.

- Remarks about the physical attributes or development of anyone;
- Excessive attention toward a particular student;
- Sending emails, text messages or letters to students if the content is not about school activities.

Acceptable and Recommended Staff/Student Behaviors

- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);
- Keeping the door open when alone with a student;
- Keeping reasonable space between you and your students;
- Stopping and correcting students if they cross your own personal boundaries;
- Keeping parents informed when a significant issue develops about a student;

- Keeping after-class discussions with a student professional and brief;
- Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries;
- Involving your supervisor if conflict arises with the student;
- Informing the Executive Director about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious situation later;
- Recognizing the responsibility to stop the unacceptable behavior of students or coworkers;
- Asking another staff member to be present if you will be alone with any type of special needs student;
- Asking another staff member to be present when you must be alone with a student after regular school hours;
- Giving students praise and recognition without touching them;
- Pats on the back, high fives and handshakes are acceptable;
- Keeping your professional conduct a high priority.

Dress Code/Uniforms

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. This uniform policy will be enforced from the very first day of school. Students shall cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on both student and parent/guardian support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that students follow these additional guidelines in terms of uniform appearance and personal appearance. **If any aspect of the uniform, including clothes, shoes, jewelry, cosmetics, or any type of body adornment, is not explicitly listed as acceptable in this handbook, then that item is not permitted to be worn when the student is at school or representing the school.** If you have any questions, please check with administration.

If a student is unable to wear the school uniform to school due to extenuating circumstances, please communicate with the school administration.

A Free MPS Uniform Set

MPS will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including a free uniform set.

MPS will make one uniform set of required MPS logo uniform pieces available to each student free of charge for the student's use during the school year. If parents/guardians or students want to purchase additional MPS logo pieces, they may do so through the school's uniform vendors.

Religious Head Coverings

Religious head coverings shall be permitted.

Free Dress & Theme Dress Days Code

Free Dress days are earned at the discretion of the administration. These days are granted at different times of the year for positive behavior and special occasions. Violation of this policy may result in loss of free dress privileges for the remainder of the school year.

- On free dress days, clothing must be in good taste and appropriate for school. Clothing should not be inappropriately tight, revealing, or transparent.

- The school's dress code is strictly enforced during free dress days as well. All students must follow the same guidelines with the exception of not wearing their uniform.
- T-shirts are acceptable; however, printing on clothing must be suitable for school - no suggestive, vulgar, or profane language or images are permitted, as well as clothing that promotes alcohol, drugs, tobacco, or other controlled substances.
- Mini-skirts, skirts, and shorts should be no shorter than your longest finger when standing with your hands by your sides. Jeans may be worn during free dress days but cannot be inappropriately tight or baggy; no tattered jeans are allowed.
- Visible undergarments (including boxer shorts, bras, etc.) are not allowed.
- Midriffs, backless or sideless shirts or dresses, halter tops, or tank tops with straps less than 1-inch strap in width are NOT allowed.
- Hats for sun protection must only be worn outside of the school building(s) and classrooms. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue.
- Gloves, bandanas, or sunglasses are not permitted to be worn in school, except for medical reasons. Head coverings worn for purposes of religious observance are permitted.
- Neatness and good grooming are required.

MPS Student Uniform Policy

O
M</td>
<td>

Pants, shorts, skirts, skorts, or capris are acceptable.
Skirts, pants, shorts, skorts, or capris must be either khaki color, black or navy blue.

<u>Belts</u> (required for all variations of dress uniform)

Smooth, straight edge, all black, all blue or all brown belts no wider than 1½ inches with a plain, unadorned buckle (no mesh, rope, or all metal).
The buckle may only have one catch.
Belt must be of correct waist size, so that there is minimal excess length (less than five inches).
Any excess length of belt must be tucked through a belt loop and may not hang down.

</td>
<td>
<u>Pants/Skirts/Skorts/Shorts</u>

May not be baggy or inappropriately tight. May not be rolled at waist. Top of garment must be at or above hip bone.
Skorts/shorts should be no shorter than your longest finger when standing with your hands by your sides.
Skirts that are above the top of the kneecap should be worn with leggings/tights and must be no shorter than the longest fingertip.
Pants may not be made from legging or jegging material.
Pants must touch the top of the shoes when the student is standing, but not be long enough to bunch up around the ankle. Socks may not be worn over pants.
Rubber bands are not allowed on the bottom of pants or ankles.
No jean/denim style pants
No Cargo pants/shorts.
Must have a built-in pocket not a sewn-on pocket.

</td>
</tr>
<tr>
<td>T
O
P</td>
<td>

White, gray, black or navy-blue polo or woven shirts must have the school logo. They may be either short or long sleeved.
Hoods may not be worn at school.
Top of garment must be at or above hipbone when student is standing up.

</td>
<td>
<u>Undergarments</u>

All undergarments, including bras, boxer shorts, etc., should not be visible

<u>Other Guidelines</u>

Woven shirt or polo shirt must be tucked in neatly at the waist at all times. These shirts may not be inappropriately tight or baggy.
Undershirts must be short-sleeved if worn.
The student may choose to button, or not button, the top button of the woven shirt. All other buttons of the woven shirt must be buttoned.
Under shirt may not hang out of sleeves.

</td>
</tr>
</table>

<table>
<tr>
<td>FOOTWEAR</td>
<td>

For all footwear including “athletic” footwear, the majority of the shoe must be a solid color that aligns with the school's neutral dress code. Acceptable colors include black, brown, white, or gray. Small to no logos are preferred. (Shoes must be closed toe.)
Plain, unadorned socks must always be worn, tights are also acceptable. Color of the socks or tights: Solid black, dark brown, navy blue or white.
No sandals, boots, clogs, mules, slippers, flip flops, high heels, platform shoes or shoes with wheels.

</td>
<td rowspan="3">
<u>Shoes</u>

Acceptable athletic shoes must be low-profile with minimal design. They must be modest and not attract attention. Shoelaces must match shoes and be in solid color.

<u>Jewelry and Accessories/Cosmetics</u>

Should be modest, appropriate for school, and not attract undue attention.
Necklaces: If worn must be underneath uniform. If visible through an open collar, it must be tasteful and formal (no leather or string). Pendants must not be large or attract attention. Must be tucked in collar of shirt.
No “glitter”, decorations, or drawing of any kind should be visible on the skin, hair, body, or uniform,
Facial, tongue, and body piercing are not allowed.
Bracelets: Must be tasteful and not attract undo attention.
Visible tattoos are not acceptable. Permanent visible tattoos must be covered by a flesh-tone bandage while at school or representing the school.
Cosmetics must be appropriate for school and not attract undue attention.

No brightly colored or glitter eye shadow, or blush.
Mascara and eyeliner should be minimal.
Lipstick should be a natural color.
Earrings must be studs or one (1) inch hoops and worn on earlobe.

</td>
</tr>
<tr>
<td>PE UNIFORM</td>
<td>

<u>Top:</u> Students will wear a solid gray t-shirt, preferably with the MPS logo. Solid white, gray, black, or navy blue sweatshirts with or without the MPS logo may also be worn during PE.
<u>Bottom:</u> Properly fitting navy shorts. Waist size of shorts must be appropriate to student’s waist size (i.e. not inappropriately tight or baggy). Shorts should be no shorter than your longest finger when standing with your hands by your sides <u>Footwear:</u> Any athletic shoes suitable for basketball, tennis, and field sports. The majority of the shoe must be a solid color that aligns with the school's neutral dress code. Acceptable colors include black, brown, white, or gray. Small to no logos are preferred. (Shoes must be closed toe.)

</td>
</tr>
<tr>
<td>OUTERWEAR</td>
<td>

Hats, hoods, caps, and other headgear may not be worn in school buildings, except for purposes of religious observance. No gloves or finger lacing of any sort are allowed. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue.

<u>For colder weather</u>

Crew-neck and zip v-neck sweatshirt and jackets are permitted, with or without the MPS logo.
Sweatshirts and jackets must be solid white, gray, black, or navy-blue.

</td>
</tr>
</table>

Notes

- If a student is unable to wear the school uniform to school due to extenuating circumstances, you need to check with your school’s administration
- Each individual MPS school may include site-specific amendments into the uniform policy addressing local issues

Immigration Enforcement Notification Procedures

Pursuant to SB 98 (2025), MPS shall ensure prompt notification to parents/guardians, pupils, teachers, administrators, and school personnel when federal immigration enforcement is confirmed to be present on or immediately adjacent to school grounds.

Definitions

- Immigration enforcement: Any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal civil or criminal immigration law. Immigration enforcement can be presumed to be occurring when carried out by any officer or agent from U.S. Immigration and Customs Enforcement (ICE), U.S. Customs and Border Protection (CBP), or other federal agency engaged in civil or criminal immigration enforcement.
- Confirmed presence: Visual sighting by staff, verbal acknowledgment by the agent, presentation of credentials, or other reliable evidence.

Mandatory Notification Procedure

Upon confirmation of immigration enforcement presence on or immediately adjacent to the school site, the site administrator or designee shall, as soon as possible and without unnecessary delay, direct the issuance of notifications to:

- All parents/guardians
- All pupils
- All teachers, administrators, and school personnel

Notifications shall be sent using the school-wide messaging platform of Parent Square. School staff will also receive a notification via email to inform them of the presence.

Notifications shall not include any personally identifiable information.

Required Notification Content

Notifications shall be provided in English and in all languages required under Education Code § 48985 and shall include, at minimum:

- Confirmation that immigration enforcement is occurring on or near campus
- Assurance that the school is monitoring the situation and prioritizing student safety
- Reminder that every child has the right to attend school regardless of immigration status
- Link or reference to school resources for immigrant families (if available)

Sample Notification Language (to be translated):

NEARBY ICE ACTIVITY

Release Date: ASAP, timed response
Platform: ParentSquare (**Magnolia Science Academy** Families & Staff)
Subject: Notification of Nearby ICE Activity

Dear Magnolia Families,

We have been made aware of the presence of Federal Immigration and Customs Enforcement (ICE) activity near our school campus.

We understand that this may cause concern for families, and we want to reassure you that the safety and well-being of our students and staff remain our top priority. **At this time, no action is required, and normal school operations are continuing.**

Please remember that no immigration enforcement actions are permitted in classrooms or student areas without a valid judicial warrant.

Thank you for your continued support and understanding. If you have any questions, don't hesitate to call the main office.

Sincerely,

Principal Name
Name of School

ICE ON CAMPUS

Release Date: ASAP, timed response
Platform: ParentSquare (**Magnolia Science Academy** Families & Staff)
Subject: Urgent: ICE on Campus

Dear Magnolia Families,

We're writing to let you know that Federal Immigration and Customs Enforcement (ICE) personnel are currently on our campus.

We are actively monitoring the situation and following all established protocols to protect our students and staff. **Please note that no immigration enforcement actions are permitted in classrooms or student areas without a valid judicial warrant.**

We will continue to provide updates. If you have concerns, contact the front office.

Sincerely,

Principal Name
Name of School

Follow-Up Notification

As soon as immigration enforcement efforts have ceased or the agents have departed the campus or immediate area, an “all-clear” notification shall be sent using the same methods.

FOLLOW-UP NOTIFICATION

Release Date: ASAP, timed response
Platform: ParentSquare (**Magnolia Science Academy** Families & Staff)
Subject: Urgent: All Clear

Dear Magnolia Families,

We are writing to inform you that ICE activity in the area has concluded.

All students and staff are safe, and regular campus operations have resumed. Thank you for your patience and trust as we worked to ensure the safety of our school community.

Sincerely,

Principal Name
Name of School

MPS School Sponsored Field Trips & Cultural Excursions Policy

The Board of Directors of Magnolia Public Schools ("MPS" or the "Charter School") recognizes and supports the concept of connecting our students with the broader community, both locally and globally, by providing field trips, cultural and art experiences, community service opportunities, and environmental education to fulfill MPS's mission and philosophy. These activities help to promote tolerance, understanding, and acceptance of others, enrich the educational experiences of the students, as well as meet the Charter School's goal of creating passionate lifelong learners.

The safety and security of our students is a primary priority when planning or participating in field trips or excursions. These activities will be carried out appropriately to maximize and ensure student safety and to minimize the Charter School's legal liability and financial cost.

Definition

- A "field trip or cultural excursion" involves students leaving MPS grounds to participate in school-sponsored educational opportunities in connection with MPS's course of study or school-related social, educational, cultural, athletic, school band, or other extracurricular or co curricular activities.

Selection of Field Trips and Excursions

The teaching team will continue to research and provide enriching learning opportunities to share with their students both within the classroom and out in the broader community. The principal shall have the authority to approve all in and out of state day and overnight field trips and excursions with consultation of the MPS Academic and Finance Teams. Requests for out of country travel shall be brought before the Board of Directors for approval. The principal will initially receive all such requests and make a recommendation to the Board of Directors as to whether the request should be approved.

The principal will ensure that the following items will be adhered to for all MPS field trips and excursions:

1. The proposed field trip or cultural excursion relates to MPS's educational objectives.
2. The correct ratio of adults to students is met for supervision of the activity.
3. A means of transportation to and from the activity is provided.
4. Adequate restroom facilities, food and water will be available during the activity.

The principal shall not approve any activity that he/she considers to be inherently dangerous to students.

Permission Slips

Before a student can participate in a school-sponsored trip, the teacher shall obtain parent/guardian permission for the trip. Whenever a trip involves water activities, the parent/guardian shall provide specific permission for his/her child to participate in the water activities. The Charter School shall provide an alternative educational experience for students whose parents/guardians do not wish them to participate in a trip.

All persons who are not employees of Magnolia Public Schools making the field trip or excursion shall be deemed to have waived all claims against the Charter School or the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion. All adults taking out-of-state field

trips or excursions and all parents/guardians of students taking out-of-state field trips or excursions shall sign a statement waiving such claims.

Items that will be included on the permission slip are:

1. An emergency phone number for the student.
2. Any medications the student is required to take with the time and dosage required.
3. Any medications the student is allergic to.
4. Any other medical information necessary to ensure the student's safety.
5. Waiver as described above.

A copy of a completed and signed permission slip will be kept on the Charter School site and one copy will be given to the teacher or teachers to take on the field trip or excursion.

Voluntary Participation

The Charter School will provide alternative educational activities to those students who choose not to attend a specific field trip or excursion. Parents/guardians will have advance notice of any upcoming field trip or excursion and have the option to withdraw their permission for their child to attend that field trip or excursion.

Disciplinary Rules

Students are under the jurisdiction of the Charter School Board at all times during the field trip or excursion and all MPS policies continue to be enforced during field trips and excursions. Charter School disciplinary policies are to be adhered to at all times. (e.g. Horseplay, practical jokes, harassment, taunting, rough play, aggressive or violent behavior, profanity, viewing of pornographic material, and use of alcohol and/or controlled substances during the field trip or excursion are strictly prohibited.)

Except as otherwise required by law, a student may be excluded from the trip if their presence poses a safety or disciplinary risk.

Defraying Expenses of Field Trips and Excursions

The Charter School may charge a fee for field trips and excursions pursuant Education Code section 35330. However, the Charter School will endeavor to keep the costs of any field trips affordable for all students' families. In no event will a student be prevented from participating in the field trip or excursion due to lack of sufficient funds. In accordance with Education Code section 35330(b), the Charter School will coordinate the efforts of community service groups to supply funds for students in need.

Supervision of Field Trips and Excursions

The teacher who coordinated the field trip will be present to supervise the field trip or excursion, except in unusual circumstances when a replacement teacher is assigned because of an unexpected unavailability. The principal will be designated as the emergency contact for the group on the field trip or excursion. Any injuries or unusual incidents occurring during the field trip or excursion will be documented in writing by the coordinating teacher and given to the Charter School's Principal.

The principal shall ensure that the field trips and excursions have an adequate number of adults attending to safely supervise the student attending the field trip or excursion.

A first aid kit shall be in the possession of or immediately available to a teacher, employee, or agent of the school during the student field trip or excursion. Whenever trips are conducted in areas known to be infested with poisonous snakes, the first aid kit taken on the trip shall contain medically accepted snakebite remedies. In addition, a teacher, employee, or agent of the school who has completed a first aid course which is certified by the American Red Cross and which emphasizes the treatment of snakebites shall participate in the trip.

Charter School employees or volunteers shall not consume alcohol or use controlled substances (except for medications taken under a physician's orders) while accompanying and supervising students on a field trip or excursion.

Accident Insurance

The Charter School provides student accident insurance which covers medical expenses arising from their student injuries on campus or while participating in a Charter School sponsored off campus activity. The family's health insurance is primary, but if there is no health insurance, the Charter School's Student Accident Insurance becomes primary. Information and applications for student accident insurance are available from the principal.

Parent or Guardian Participation in Field Trips and Excursions

As field trips and excursions are an integral part of the Charter School learning experience, parents are encouraged to participate in an assisting role with students. The principal or the coordinating teacher will provide parents and guardians with specific supervisory guidelines prior to any Charter School group trip involving students. Topics to be included are safety regulations, emergency responses, responsibilities of the parent volunteers, and language or behavior requirements of all attendees.

To ensure student safety, any non-employee chaperones supervising students on a field trip must be a Certified Volunteer (C-Volunteer). All prospective chaperones must review the Magnolia Public Schools Volunteer, Visitation, Shadowing, and Removal Policy, complete the C-Volunteer Application Form, and agree to the Volunteer Commitment and Procedures. These forms must be submitted to the school office for processing. The office will provide confirmation once the volunteer clearance is approved. Only individuals who have completed this process and received clearance may serve as chaperones on any school field trips.

A participating parent or guardian will be assigned to a specific group of students to supervise and will be responsible for these students at all times during the field trip or excursion. Under no circumstances will a parent or guardian consume alcohol or use controlled substances (except for medications taken under a physician's orders) during a field trip or excursion. The parent or guardian will notify the coordinating teacher, in advance of the field trip or excursion, should he/she be under a physician's orders and using medications.

All persons who are not employees of Magnolia Public Schools taking in-state or out-of state field trips or excursions and all parents or guardians of pupils taking in-state or out of-state field trips or excursions are required to sign a statement waiving all claims against MPS, its employees, and the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion.

Transportation

At all times during the field trip or excursion, teachers, staff and parents will use the safest mode of transportation and the safest and most direct routes of travel. If vans are used, the vans cannot be manufactured to carry more than ten (10) occupants (including the driver). Simply removing seats or not

filling the occupancy does not meet the legal requirements. In addition, all speed notices must be strictly adhered to and students are to be seated with individual seatbelts at all times.

The Charter School shall take reasonable precautions to ensure that all employees and volunteers who transport students are responsible and capable operators of the vehicles to be used and ensure compliance with the Charter School Student Transportation Policy and Driver Requirements as follows:

Employee or volunteer drivers who offer to provide transportation for a field trip or excursion must provide a copy of the following:

1. Proof of liability insurance for their vehicle with a minimum of $100K/$300K coverage.

2. A copy of their Driver's License and Vehicle Registration.

3. A criminal background check conducted by the California Department of Justice ("DOJ"). Employees or volunteers whose DOJ report reveals a Driving Under the Influence conviction shall not be permitted to transport students or operate any vehicle on Charter School business for ten (10) years from the date of the conviction. Any employee or volunteer convicted of a felony shall not be permitted to transport Charter School students on Charter School business.

4. A Department of Motor Vehicles record. Employees or volunteers with driving records with two (2) points or more shall not be permitted to transport students or operate any vehicle for Charter School field trips and excursions.

5. The minimum age requirement to transport passengers is twenty-five years old.

Each of these items will be provided to the principal or coordinating teacher prior to driving on a field trip or excursion.

Under no circumstances shall students transport other students.

For the volunteer's safety and that of all the students in his/her car, the following rules apply:

1. All Charter School rules apply to students in the volunteer's car.

2. All California driving laws must be followed including child restraint laws: no texting or distracted driving, hands-free phone use only.

3. No movies may be shown in vehicles.

4. No side trips allowed.

5. Maps and directions from the teacher should be reviewed prior to leaving.

6. No purchases for students should be made on the field trip including food or treats for students in the car.

7. Call the Charter School office immediately if there is a problem.

RESPONSE

Disaster Response Procedures

The purpose of these procedures is designed to offer clear guidance and instructions for safety and emergency preparedness, aimed at safeguarding the well-being of both students and staff during critical situations. The subsequent sections outline specific procedures tailored to various emergency scenarios.

1. Ensuring the safety and welfare of students and staff.
2. Facilitating a secure and coordinated response to diverse emergency situations.
3. Safeguarding the school's facilities and property.
4. Efficiently restoring normal conditions with minimal confusion in the shortest time possible.
5. Establishing a seamless interface and coordination between the school and local authorities and resources.

Emergency and Crime Response

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency poses a serious threat to the safety and well-being of students and staff, evacuation will occur until any danger has passed. When necessary, the school may be dismissed by the School Principal or designee. The Home Office will also be informed using the Home Office Support Team (HOST) communication system (refer to HOST Crisis Communication). HOST will also collaborate with the Crisis Response Team and coordinate response as needed, particularly in the area of mental health support. In the event of the following scenarios, the principal or designee will communicate with stakeholders using the school's mass communication system.

Fire

In the event of a fire at our school, the following procedures will be promptly implemented:

- Discovery of Fire: Upon discovering a fire, teachers or staff members will immediately guide all occupants out of the building, activate the fire alarm, and promptly report the incident to the school administrator.
- Incident Command and Evacuation: The principal or designee will assume the role of the Incident Commander and initiate the Evacuate Building action. Staff and students will follow prescribed or safe routes to evacuate buildings, assembling at designated Assembly Areas.
- Emergency Services Notification: The school principal or designee will contact 911, providing precise details about the fire's location (e.g., building, room, area).
- Evacuation Accountability: During an evacuation, teachers will carry student rosters and any necessary emergency supplies, taking attendance at the Assembly Area to ensure accountability for all students. Special attention will be given to students with cognitive disabilities to ensure their understanding of directions. Teachers will promptly inform the Assembly Area Team of any missing students.
- Security Measures: The administrative team will secure the affected area to prevent unauthorized entry and maintain clear access roads for emergency vehicles.
- Utilities and Post-Incident Actions: The administrative team will notify the relevant utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will communicate with and update parents promptly via ParentSquare, ensuring transparent and timely information dissemination.

These procedures are designed to prioritize the safety and well-being of all occupants. Regular training and drills will reinforce these protocols, promoting a swift and coordinated response during an actual emergency.

Lockdown

This protocol is enacted in response to identified or directed threats of violence or gunfire by law enforcement, aiming to prevent perpetrators from entering any occupied campus areas. The purpose of a lockdown is to secure the school during police actions, campus intrusions, community incidents, or other real or perceived threats to the school's security.

Lockdown Procedures:

- Initiating Lockdown: Lockdown is declared when the threat of violence or gunfire is identified. All personnel must adhere to this protocol to ensure the safety of everyone on campus.
- Secure Classrooms or Designated Safe Locations: During Lockdown, students are required to remain in locked classrooms or designated safe locations. It is imperative to keep classroom doors locked at all times.
- Immediate Actions for Classes: Upon receiving the lockdown announcement:
    - Classes will remain in their rooms.
    - Redirect any students in hallways or outdoors into the nearest locked classroom.
    - Physical education classes will relocate to secure areas such as the gym, auditorium, or multi-purpose room.
- Safety Measures within Classrooms: Once in the secured location:
    - Move students to the most protected areas in the room and lock the door.
    - Instruct students to face away from windows, keeping their backs toward windows.
    - Close and lock all doors and windows.
    - If possible, cover windows by lowering blinds, closing slots, drawing curtains, or pulling shades.
- Lights and Power: Turn off lights, power equipment, appliances, and ensure cell phones are on silent mode. Maintain silence in the room to avoid detection.
- Attendance and Student Accountability: Take and report attendance as feasible. Teachers must account for any students with cognitive disabilities who may require additional assistance or may not have fully understood the directions.
- Remain in Secured Locations: All personnel must remain in the secured room until further instructions are received from official sources.

This Lockdown Procedure is designed to prioritize the safety of all individuals on campus. Regular drills and ongoing training will familiarize staff and students with these protocols, ensuring a swift and coordinated response during an actual emergency.

Lockdown Drill Guidelines

1. Lockdown drills shall not be “high-intensity” drills. This means they will not include simulations that mimic an active shooter or other armed assailant incident, and shall not, (i) use fake blood or theatrical makeup or other materials to give the impression of injury or death, (ii) shall not involve the use of actors or other individuals posing as armed assailants or victims, and (iii) shall not train students to actively resist an assailant by throwing objects, attaching, or swarming the assailant.

2. Lockdown drills shall not use real weapons, gunfire blanks, or explosions.

3. The school will ensure a trauma-informed approach to the design and implementation of the drill that ensures the drill process (i) is age and developmentally appropriate, (ii) is only conducted after advance notice of the drill and its expected length of time are given to all parents/guardians and school employees subject to the drill; (iii) provides an opportunity for parents/guardians to opt out their student out of the drill; (iv) is preceded by an announcement of the lockdown drill and is followed by a closing announcement; (v) is followed by a notice to parents/guardians after the drill has concluded; and (vi) provides contact information for community-based

resources to parents/guardians, students, and staff who are negatively impacted by the drills, which prioritizes school based resources.

Medical Emergency

Medical emergencies or accidents may occur unexpectedly, involving students or employees. Depending on the severity, some incidents may only require first aid, while others demand immediate medical attention. In any uncertainty, prioritize caution and promptly dial 911.

- Emergency Reporting: In the event of a medical emergency involving a student or employee, immediately report the incident to the School Principal or designated personnel. Dial 911 or instruct someone to do so. When reporting, provide the following essential information:
    - School name and phone number.
    - Building address, along with the nearest cross street(s).
    - Exact location within the building.
    - Your name and phone number.
    - Nature of the emergency.
      Stay on the line until advised to disconnect by the dispatcher.
- School Notification: Notify the school office about the injured individual and the initiation of an ambulance call. Request the dispatch of a first aid/CPR-trained employee to assist the victim.
- Assistance and Victim Care: Maintain composure during the emergency. Keep the victim warm with a coat or blanket.
- Avoid moving the victim unless there is a risk of further injury. Refrain from offering any food or drink to the victim.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Opioid Overdose Response Protocol

Administration of Naloxone (Narcan)
Provide emergency Naloxone (Narcan) or another opioid antagonist to trained school personnel, with designated volunteers receiving initial and annual refresher training for the storage and emergency use of these medications. Responding to medical emergencies, particularly opioid overdoses, and the safe administration of Naloxone within the school environment. This plan aims to ensure the well-being of students and staff and to provide timely and effective intervention in the event of an opioid-related emergency.

Identification of Potential Overdose Cases:

- Training is provided to school staff, including teachers, administrators, and support staff, on recognizing the signs of opioid overdose, such as respiratory distress, unconsciousness, or pinpoint pupils.

Naloxone Training:

- The school designates key personnel, such as school nurses and selected staff members, to undergo specialized training in the administration of Naloxone.
- Training includes recognizing signs of overdose, proper administration techniques, and post-administration procedures.

Emergency Response Protocol, in the event of a suspected opioid overdose

- Maintain accessible and strategically located Naloxone kits within the school, particularly in areas where medical emergencies are more likely to occur.
- Trained personnel authorized to administer Naloxone during emergencies, and trained to follow the outlined step-by-step process for administering Naloxone, emphasizing proper dosage, injection techniques, and post-administration monitoring.

- After administration of Naloxone, staff shall immediately call emergency services (911) to report the incident and request urgent medical assistance
- Establish a post-administration monitoring procedure to ensure the individual's vital signs are stable. If necessary, continue to provide supportive care until emergency medical services arrive.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Administration Procedure
This Medical Emergency Protocol is designed to ensure swift and organized responses in times of need. Regular training and drills will familiarize staff with these procedures, promoting a safe and supportive environment within our school community.

Earthquakes

Earthquakes can occur without warning, often followed by aftershocks that may persist for weeks or months. The impact on buildings varies, making it crucial to remain calm and act promptly during and after the shaking.

- Stay Calm and Assess: Keep calm during the shaking and remain in your current location. Assess the situation before taking action. Remember, injuries often result from flying or falling debris.
- Drop, Cover, and Hold On: Upon the first indication of an earthquake, teachers should instruct students to Drop, Cover, and Hold On.
- Move to Safety: Move away from windows and overhead hazards to avoid glass and falling objects.
- Students with Disabilities: Students with disabilities preventing them from seeking protection under furniture should:
    - Move away from unsecured items in the room.
    - Go to a structural corner away from cabinets, shelves, and windows.
    - Lock wheelchair wheels and protect their head and neck with their hands.

After the Earthquake
- Incident Commander Activation: When the shaking stops, the principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation Procedures: Staff and students will evacuate using prescribed or safe routes to the Assembly Area.
- Attendance and Student Accountability: Teachers will bring their student roster and emergency supplies, taking attendance at the Assembly Area. Special attention will be given to students with cognitive disabilities.
- Missing Students Notification: Teachers will notify the Assembly Area Team of missing students or any student left behind.
- Security Measures: The administrative team will secure the area to prevent unauthorized entry and ensure clear access roads for emergency vehicles.
- Utilities and All Clear: Notify the appropriate utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will notify and update parents promptly via ParentSquare.

This Earthquake Response Protocol is designed for the safety and well-being of all individuals on campus. Regular drills and training will reinforce these procedures, fostering a resilient and prepared school community.

Assaults

Assaults, involving acts of striking or inflicting injury on a person, are considered serious matters, demanding immediate attention and appropriate action. Any threat or assault on students or employees requires prompt

reporting to the School Principal or designated personnel. The decision to involve law enforcement officials will be determined by the School Principal or designee.

General Reporting Steps:

- Immediate Reporting: Report any threat or assault on students or employees promptly to the School Principal or designee.
- Law Enforcement Notification: The School Principal or designee will assess the severity and decide whether law enforcement officials should be notified.

In Case of Serious Assault:

- Emergency Services: Dial 911 immediately.
- Seek Medical Attention: Seek first aid or medical attention for any injuries sustained during the assault, if indicated.
- Document Injuries: Have photographs taken of any injuries as part of the documentation process.
- Assailant Description: Write down a detailed physical description of the assailant as soon as possible after the incident, including sex, age, height, weight, race, clothing, and any weapon used.
- Witness Information: Obtain names and telephone numbers of any witnesses present during the assault.
- Incident Report: Draft an incident report detailing the circumstances of the assault.
- Submission to School Principal: Submit the incident report to the School Principal or designee for review.
- Law Enforcement Involvement: The School Principal or designee will submit an incident report to local law enforcement if the assault is deemed serious.

This Assault Incident Protocol is designed to ensure a swift and comprehensive response to any assault situation. Regular training and awareness programs will support the school community in understanding and implementing these procedures effectively.

Biochemical/Hazardous Materials

A biological or chemical release involves the discharge of substances in solid, liquid, or gaseous states, with potential incidents ranging from chemical spills in school laboratories to hazardous material incidents adjacent to the school. Early detection and swift response are essential to ensure the safety of students and staff.

Indicators of Release:

- Multiple victims with symptoms such as watery eyes, twitching, choking, loss of coordination, trouble breathing.
- Presence of distressed animals or dead birds.

Response Procedures:

- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation and Isolation: Staff and students will use designated routes to the Assembly Area, upwind of the affected area. Those exposed to contaminants should be isolated from the rest of the school population.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details and the nature of the emergency.
- Area Isolation and Access Restriction: The administrative team, under the Incident Commander's instructions, will isolate and restrict access to potentially contaminated areas.
- Ventilation and Air Handling Measures: The Security/Utilities Team will turn off local fans, close windows and doors, and shut down the building’s air handling system.
- Parent Communication: The principal or designee will promptly notify and update parents via ParentSquare.

- Decontamination and Triage: Individuals in direct contact with hazardous substances should wash affected areas with soap and water. Outer clothing layers, potentially contaminated, should be removed and contained. The Triage Team will evaluate and monitor exposed individuals.
- Assembly Area Team Responsibilities: Prepare a list of all people in the affected or contaminated area, specifying those with actual contact. Provide the list to the Incident Commander and emergency responders.
- Crisis Team Activation: The Crisis Response Team will convene on-site, initiating counseling and recovery processes.
- Area Reopening: Affected areas will not reopen until clearance is provided by the appropriate agency, such as Los Angeles County HazMat, and the Incident Commander authorizes it.
- All Clear Activation: Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

These protocols ensure a comprehensive and coordinated response to biochemical/hazardous material incidents, prioritizing the safety and well-being of the school community. Regular drills and training will enhance preparedness and awareness.

Disorderly Conduct

Disorderly conduct, whether exhibited by a student, staff member, or visitor, can pose a threat to the safety and well-being of the school community. The following protocols are established to ensure a measured and effective response:

- Immediate Action: Upon witnessing disorderly conduct, staff should take immediate steps to calm and control the situation, prioritizing the safety of all individuals involved. If safe to do so, attempts should be made to isolate the perpetrator from other students and staff.
- Witness Statements: Witnesses are encouraged to provide written statements detailing the incident for follow-up by the school administrator and/or law enforcement agency.
- Notification to Principal: Staff witnessing disorderly conduct should promptly notify the principal or designee.
- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating appropriate emergency functions such as Lockdown, Evacuate Building, or Off-site Relocation.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details (e.g., building, room, area) of the incident.
- Immediate Threat Response: If an immediate threat is not evident, the Incident Commander or designated staff may attempt to defuse the situation. Approach the individual in a calm, nonconfrontational manner and request they leave the campus, avoiding hostile situations.
- Family Notification (if applicable): In the case of a student involved, every effort should be made to notify the family, as they may provide valuable insights on handling the situation.
- Parent Communication: The Incident Commander will promptly notify and update parents via ParentSquare, as necessary.
- Threat Assessment/Management Team Activation: The Incident Commander and team will assess whether activating the threat assessment/management team (Crisis Response Team) is warranted.
- All Clear Activation: Once the incident concludes, and the campus is determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are designed to address disorderly conduct swiftly and efficiently, prioritizing the safety of the school community and providing necessary support and communication channels. Regular training and drills will enhance preparedness and response capabilities.

Vandalism

In the event of school vandalism, the following procedures are to be adhered to for a comprehensive and effective response:

- Notification of School Authority: Promptly notify the school principal or designee of the vandalism incident.
- Building and Grounds Personnel Notification: Notify building and grounds maintenance personnel to assess and address the immediate physical impact.
- Assessment of Severity: The School Principal, or designee, will assess the seriousness of the situation, gauging the level of assistance required, which may involve engaging local law enforcement.
- Identification of Perpetrators: If possible, attempt to identify the individuals involved in the act of vandalism.
- Witness Interviews and Statements: Conduct interviews with witnesses and obtain written statements detailing the incident.
- Documentation Process: Document the incident promptly, preparing an incident report that includes any witness statements. Submit this report to the School Principal or designee.
- Parent/Guardian Notification: Notify parents or legal guardians of the affected students about the vandalism incident.
- Disciplinary Measures: Determine appropriate disciplinary measures in response to the act of vandalism.
- Restitution Assessment: Evaluate any monetary restitution issues arising from the vandalism and determine the applicable amounts.

These procedures are established to ensure a systematic response to vandalism incidents, address immediate concerns, identify responsible parties, and implement appropriate disciplinary and restitution measures. Regular communication with parents and legal guardians is crucial for maintaining transparency and fostering a sense of responsibility within the school community.

Loss or Failure of Utilities

In the event of a utility failure, encompassing the loss of water, power, or other essential utilities on school grounds, the following comprehensive procedures are to be followed:

- Immediate Action for Broken Utility Lines: In the case of a broken water or electrical line, make an immediate effort to shut off water or power to the affected area. Simultaneously, notify the school administrator without delay.
- Incident Commander Designation: Upon receiving notification of a utility loss, the principal or designee assumes the role of Incident Commander. The Incident Commander will initiate appropriate emergency functions, including potential actions like Shelter in Place or Evacuate Building.
- Communication with MPS General Counsel & Facilities Department: The Incident Commander, during business hours, will promptly notify the MPS General Counsel & Facilities Department, specifying the location and nature of the emergency. The preferred vendor list may be engaged based on the Incident Commander's discretion.
- Utility Company Coordination: MPS General Counsel & Facilities Department personnel, collaborating with the Incident Commander, will contact the affected utility company. This communication aims to ascertain the necessity of their assistance, recommended actions, and the anticipated duration of the service interruption.
- Evacuation Procedures: If the Evacuate Building action is warranted, teachers will evacuate with student rosters and essential classroom emergency supplies. Attendance will be taken in a safe location. Special consideration will be given to students with cognitive disabilities.
- Parent Notification via ParentSquare: The Incident Commander will inform and update parents promptly through ParentSquare.
- Utilization of Emergency Supplies: School emergency supplies will be deployed as needed to compensate for the utility loss.
- All Clear Action: Once the incident is concluded, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

- Specific Concern Protocols: In addition to the outlined procedures, the Incident Commander will implement specific protocols tailored to the nature of the utility concern (e.g., loss of water supply, power outage).

These procedures are established to ensure a swift, organized, and effective response to utility failures, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Bomb Threat/Suspicious Package

In response to the discovery of a suspicious package on campus grounds or the receipt of a threatening phone call indicating a potential explosion risk, the following procedures are implemented:

Response to Threatening Phone Calls:

- Immediate Action: The call taker aims to keep the caller on the line while alerting someone else to call 911. Simultaneously, the staff member calling 911 provides essential information to the operator:
  - Nature of threat on the phone line
  - School name
  - Phone number of the line receiving the threat
  - Name and contact information of the staff member
- Informing the Principal: The person answering the threat call informs the principal immediately and gathers and records information about the call, addressing bomb threat questions such as location, timing, appearance, motive, and contact details.
- Voice Analysis and Background Evaluation: Questions are complemented by evaluating the caller's voice and background noise for characteristics such as gender, age, accent, speech clarity, and background environment.
- Incident Commander Designation: The principal or designee assumes the role of the Incident Commander, advising the school. Law enforcement may instruct the school to wait for officers to arrive and conduct an investigation. The Incident Commander, in consultation with law enforcement, determines appropriate emergency functions, such as Drop, Cover and Hold On, Lockdown, Evacuate Building, or Relocation.

Discovery of Suspicious Packages or Objects:

- Cell Phone and Radio Precautions: If unusual or suspicious packages, boxes, or foreign objects are discovered, all cell phones and hand-held radios are turned off to prevent potential triggering by radio frequencies.
- Object Discovery Protocol: Report the discovery to the Incident Commander while securing the immediate area without touching or disturbing the object. No attempt should be made to investigate or examine a suspicious object.
- Parent Notification via ParentSquare: The Incident Commander notifies and updates parents through ParentSquare.

Evacuation Procedures:

- Incident Commander's Decision: The Incident Commander, consulting with law enforcement, may alter emergency functions based on the situation. In case of a confirmed threat or bomb discovery, the Evacuate Building action is issued.
- Safe Evacuation: Staff and students evacuate using safe routes to the Assembly Area.
- Attendance and Missing Students: Teachers bring student rosters, take attendance at the Assembly Area, and account for students. Special consideration is given to students with cognitive disabilities. Teachers notify the Assembly Area Team of missing students.

Post-Incident Actions:

- Crisis Response Team: The Crisis Response Team convenes on-site for counseling and recovery.
- Inspection and All Clear: School activities do not resume until proper authorities inspect affected buildings and declare them safe. The Incident Commander initiates the All Clear action after the incident concludes.
- Off-Site Relocation: The Incident Commander may initiate an off-site relocation if conditions warrant.

- Incident Report: Following the incident, the Incident Commander completes a comprehensive bomb threat report for analysis and reflection.

These procedures are established to ensure a swift, organized, and effective response to bomb threats and suspicious packages, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Explosions/Risk of Explosions

In the unfortunate event of an explosion or the risk of explosion at the school, the following procedures should be followed:

- Initiate Drop, Cover, and Hold On: In the event of an explosion, all individuals should immediately initiate the Drop, Cover, and Hold On protocol.
- Incident Commander and Emergency Services: The principal or designee becomes the Incident Commander and promptly calls 911 to provide precise details of the emergency, including the location (e.g., building, room, area) and the nature of the incident.
- Consultation and Emergency Functions: The Incident Commander will consult with available law enforcement and, considering the potential for another imminent explosion, determine appropriate emergency functions. Actions may include Shelter in Place, Evacuate Building, or Relocation. Evacuation may be required in some buildings on campus, with others serving as shelters.
- Evacuation Procedures: In the event of an evacuation, staff and students will use prescribed routes or other safe routes to proceed to the Assembly Area.
- Attendance and Notifications: During evacuation, teachers will bring the student roster and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are responsible for accounting for students with cognitive disabilities who may not have understood the directions, and they will notify the Assembly Area Team of missing students. The Incident Commander will promptly notify and update parents via ParentSquare.
- Medical Assistance: The Triage Team will promptly check for injuries and provide appropriate medical assistance.
- Utilities and Building Security: The Incident Commander will notify the appropriate utility company of any damages to water lines, sewers, power lines, and other utilities. The administrative team will secure the building entrance to prevent unauthorized persons from entering the school buildings.
- Search and Rescue Activities: If it is determined safe to enter affected areas, the Incident Commander will direct the administrative team to initiate search and rescue activities.
- Reopening and Clearance: Any areas affected by the explosion will not be reopened until the Los Angeles County HazMat or the appropriate agency provides clearance, and the Incident Commander authorizes such action.
- Relocation Procedures: The Incident Commander may initiate a Relocation if conditions warrant such a decision.
- All Clear and Conclusion: Once the incident has concluded, and the campus has been determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are established to ensure a swift, organized, and effective response to explosions or the risk of explosions at school, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Fighting or Riots

When dealing with a fight or the potential escalation to a riot, school staff should adhere to the following guidelines:

Fighting:

- Communication and Assistance: Utilize radio units or cell phones for communication. If not feasible, send a reliable student to the office to seek assistance. Speak loudly, demanding an immediate cessation of the behavior.

- Collaboration and Intervention: Seek assistance from other teachers to address the situation. If students begin to gather, work swiftly to disperse them.
- Identification and Intervention: Call out the names of involved students, if known, and inform them of their identification. For serious fights, especially those involving weapons, seek additional help from law enforcement personnel.
- Separation and De-escalation: Attempt to separate involved students using an assertive tone. Consider age, size, and personal safety before intervening physically. If successful in separating students, avoid further confrontational behavior. Allow students time to talk in a calm setting to gradually change the climate of the situation.

Riots:

- Prevention and Sensitivity: Encourage teachers and staff to be sensitive to the emotional climate and defuse tensions before problems escalate.
- Law Enforcement and Assessment: Notify local law enforcement of the disturbance and convene at a pre-designated site to evaluate the situation.
- Emergency Response Plans: Have a law enforcement officer assess and call for necessary resources, such as backup and emergency medical assistance.
- Activate emergency plans, including:
    - Instruct office staff to handle communications and initiate lockdown orders.
    - Notify transportation for appropriate buses for evacuation.
    - Assign staff to a temporary detention facility and log information.
    - Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Collaboration and Communication: Collaborate with the MPS Outreach & Communications Department to brief a representative for media interactions.
- Medical Treatment and Triage: Assign staff to a pre-designated medical treatment/triage facility.

Remember, these protocols are established to ensure a swift, organized, and effective response, prioritizing the safety and well-being of students and staff during such incidents.

Crisis Response

A school crisis is an unexpected critical incident that poses a safety threat or disrupts the school day, impacting teaching, learning, and overall well-being. Common reactions include shock, confusion, and fear. While each crisis may affect individuals differently, it can have a broad and immediate impact on students and adults. Examples include accidents, violent incidents, deaths, natural disasters, or acts of terrorism.

Multi-Tiered Crisis Response Team Model:

Tier I: School Site Crisis Response Team:

- Initiates crisis response, assesses needed services, and provides direct interventions.
- Determines the need for additional assistance from the Home Office.
- May be activated during emergencies or as a stand-alone team.

Tier II: Academic Department (Director of Special Education and Services; Director of Student Services):

- Contacted by the school site for support beyond the team's scope.
- Provides consultation, direct intervention, assistance with communications, and guidance for recovery/SEL support.

Tier III: MPS Home Office Crisis Response Team:

- Engaged based on collaboration between the Academic Department and the school site.
- Offers consultation, direct intervention, communication support, and recovery guidance.

Crisis Response Procedures:

- Activation and Assessment: The principal or designee, as the Incident Commander, activates the School Site Crisis Response Team. The team, in collaboration with the Incident Commander, assesses the impact and triages students, staff, and parents/guardians.

- Direct Intervention Services: The Crisis Response Team delivers crisis intervention services, including psychological first aid.
- Restoration of School Functions: Advises and assists the Incident Commander in restoring regular school functions efficiently and quickly.
- Limiting Exposure and Ongoing Assessment: Takes measures to limit exposure to scenes of trauma, injury, and death. Provides ongoing assessment of needs and follow-up services as required.

These protocols are designed to ensure a comprehensive, organized, and effective response to crises, prioritizing the well-being of students, staff, and the school community.

Active Shooter/Gunfire

In the event of a threat of violence on campus or the sound of gunfire, lockdown procedures should be immediately implemented. An Active Shooter on Campus is defined as an individual or individuals on school grounds armed with a firearm, having caused injury or death with the firearm and demonstrating continued threat.

Procedures for Staff:

- Upon the first indication of an active shooter, staff must promptly notify the principal or designee, who assumes the role of Incident Commander.
- The Incident Commander initiates a lockdown, the recommended emergency response.
- A call to 911 is made, providing precise details of the incident. A designated person should remain on the line with the police if safe.
- Establish communication with classrooms through school phones, email, cell phones, or radios to keep everyone informed.
- Notify MPS Home Office through the HOST channel and request assistance.
- Collaborate with the MPS Outreach & Communications Department to inform and update parents via ParentSquare.

Principal/Designee and Crisis Response Team Responsibilities:

- Secure perimeter gates and ensure all individuals are safely behind locked doors.
- Initiate the process of accounting for all students and staff.
- Calm and control students through regular announcements. If safe, maintain separation between students and the perpetrator.
- If imminent danger is identified with an active shooter on campus, Rapid Relocation may be initiated, ensuring students are not placed in the gunman's path.

Rapid Relocation Procedures:

- Encourage quick evacuation through any safe exit. If leaving campus, the preferred off-site relocation point is chosen if the route is safe.
- Inform local law enforcement of the decision to leave campus and the chosen destination. Keep them updated on students and staff not reaching the relocation point.
- Calm students, establish a perimeter for safety, and re-establish Incident Command teams with available staff.
- The Triage Team collaborates with first responders for medical attention to the injured.
- The Incident Commander prepares a verified list of the wounded and their transport locations, coordinating with the School Site Crisis Response Team for parent notifications.
- All media inquiries are directed to the MPS Home Office Outreach & Communications Department.
- Once the incident concludes and the campus is declared safe, the Incident Commander initiates the All Clear action.
- A debrief session with staff and school police officers is conducted by the Incident Commander.

These crisis response protocols are established with the paramount goal of ensuring the safety, well-being, and efficient recovery of students, staff, and the school community in the face of unforeseen critical incidents. The

collaboration between school personnel, law enforcement, and relevant agencies is crucial to swiftly and effectively address emergencies, minimize disruptions, and support the emotional and physical recovery of those affected. By adhering to these comprehensive procedures, we aim to create a secure and resilient environment conducive to the continued growth and success of our educational community.

Use of Facilities

In the event of disasters or emergencies, the school is committed to supporting the mandated emergency procedures established by law enforcement, government, or public safety agencies. This ensures that students and both certificated and classified staff follow necessary protocols, enabling the school to serve as a mass care and welfare shelter, to the extent necessary and appropriate.

Evacuation

In the event that community conditions or internal school circumstances necessitate a site evacuation, the following steps should be undertaken:

- The principal or designee assumes the role of Incident Commander and will communicate evacuation instructions via the PA system. If the PA system is unavailable, alternative communication methods, such as messengers, will be employed. The principal will convey a calm demeanor, offer reassuring comments, affirm that the situation is under control, and provide clear directions.
    - Example Statement: "Your attention, please. We need to evacuate all buildings. Teachers are to take their students and roll books to the assembly area and report to their designated area. Students are to remain with their teacher. Teachers need to close the classroom door when all the students have left."
- The Incident Commander will activate the fire alarm system as a signal to initiate the evacuation process.
- Designated emergency team members/staff will secure medications, related documents, and other essential medical supplies/equipment, such as First Aid Kit, CPR, AED, Epi-Pen, and Sharps container.
- Teachers will instruct students to evacuate the building using designated routes and assemble in their assigned Assembly Area.
- Teachers will bring student rosters and any classroom emergency supplies, take attendance once the class is assembled in a safe location, and account for students with cognitive disabilities who may not have fully understood the directions. Missing students will be listed on the Missing Persons Report.
- Once assembled, teachers and students will remain in place until further instructions are provided.
- The Incident Commander will make necessary notifications to the Home Office and parents.
- Upon the conclusion of the incident and confirmation of campus safety, the Incident Commander will initiate the All Clear action.

Procedures for Responding to Students Who Self-Injure

Self-injury, characterized by the deliberate act of harming one's own body, is often an unhealthy coping mechanism for emotional pain, intense anger, or frustration. While this behavior may lack suicidal intent, it can escalate the risk of suicide due to underlying emotional issues. Consequently, students exhibiting self-injurious behaviors should be assessed for suicide risk.

Signs and Symptoms of Self-Injury:

- Frequent or unexplained bruises, scars, cuts, or burns.
- Consistent, inappropriate use of clothing to conceal wounds.
- Possession of sharp objects such as razor blades, shards of glass, or thumbtacks.
- Evidence of self-injury in journals, drawings, social networking sites, etc.

Risk Factors of Self-Injury:

- Age, with a higher prevalence among teenagers and young adults.
- Influence of friends engaging in self-injury.
- Psychosocial factors, including neglect, abuse, or traumatic events.

- Mental health issues, such as depression, anxiety disorders, post-traumatic stress disorder, and eating disorders.
- Alcohol or drug abuse.

Protocol for Responding to Self-Injury:
- Respond immediately or as soon as practically possible.
- Supervise the student at all times.
- Seek medical attention as needed.
- Conduct an administrative search for access to means such as razor blades, shards of glass, other sharp instruments, or medications.
- Assess for suicide risk using appropriate protocols.
- Communicate with and involve the parent/guardian to address the self-injurious behavior promptly.

Awareness for Parents/Caregivers:
- Encourage appropriate coping and problem-solving skills.
- Listen calmly and empathetically, avoiding shaming reactions.
- Develop a safety plan with the student.
- Notify identified adults in the safety plan and provide information on the adult gatekeepers.

Self-Injury and Contagion:
- Respond immediately to identified students.
- Assess each student for suicide risk individually.
- Supervise students separately if identified as engaging in self-injurious behaviors.
- Consider making a mental health referral for students exhibiting self-injurious behaviors.

Response to Self-Injury and Contagion within the School Community:
- Address self-injury with students individually.
- Avoid discussing self-injurious behaviors in group settings.
- Conduct informational parent meetings, inviting all parents/guardians for psycho-education, awareness, and tools for addressing self-injurious behaviors.
- Supervise students and children during parent/guardian meetings.
- Consult with the Outreach & Communications Department for dissemination of information regarding parent/guardian meetings or other media matters.

These procedures are established to ensure a compassionate and effective response, prioritizing the well-being of students and fostering a safe and supportive school environment.

Procedures for Assessing and Responding to Reports of Dangerous, Violent, or Unlawful Activity

Magnolia takes its role in providing a safe and trusted learning environment very seriously. If any student, family member, or member of the school's extended community learns of any dangerous, violent, or unlawful activity that they believe has occurred, is occurring, or may occur at the school or at or near any school-sponsored or school-related event or location, they are strongly encouraged to report that activity—anonymously if necessary—to the Principal.

A report can be sent by a legible written note, by email, or by telephone to the following: mrowell@magnoliapublicschools.org or (714)452-2440. Reports should include place, time, the general nature of the activity being reported, whether any life-threatening activity or weapons are involved, and any

other important details. Any report of activity that imminently threatens or involves an imminent potential loss of life should first be made to 9-1-1, immediately.

Magnolia shall promptly review every report received as soon as possible, shall make a record of every report received, and shall make a reasonable inquiry into each, as necessary, to ensure to the greatest reasonable extent that no dangerous, violent, or unlawful act occurs at any school-related or school-sponsored event, or on school-provided transportation to any such event. The investigatory response taken by the school and actions taken will be logged as well.

Floor Plan

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate the outdoor assembly area(s) and evacuation route(s) from the site. (This item is stored with the plant manager and also located in the office of the School Principal)

A copy of the floor plan will be posted in each classroom at the school, in the school hallway, and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

Emergency Drills

The school shall conduct emergency drills on a regular basis to prepare for possible evacuation in case of an emergency. The School Principal, or designee, will specify the date and time of emergency drills. All students and staff are required to participate in these mandated drills.

The School Principal, or designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

School Safety Management Team and Operations

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching, and support staff may also be part of the team but may act only when assigned specific duties by the Principal or designee.

Guidelines for Handling the Media

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The School Principal should assign a school spokesperson to deal directly with the media.

- Develop a written statement for dissemination.
- Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- Appoint a spokesperson (usually the principal).
- Keep the staff informed through one person.
- Be proactive with the media.
- Contact the media before they contact the school.
- Set geographic and time limits.
- Explain restrictions.
- Hold the press accountable.
- Create positive relations with the media before an emergency crisis occurs.
- Stress-positive actions were taken by the school.

- Announce new changes made after the incident has passed.

Parental Notification

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick up their child in the event of an emergency. Schoolwide communication will be sent via ParentSquare.

Safety Supply/Equipment

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for ensuring the availability and delivery of adequate supplies and equipment during the course of an emergency. The team members should be familiar with emergency supplies cached in the emergency bin and any other campus location, such as classrooms.

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for directing team activities and keeping everyone informed of the overall status. Furthermore, responsible for assessing the adequacy of available water, food, sanitation, and other supplies and organizing the distribution of resources for immediate use. Specific duties may include

- Reporting equipment and supply needs
- Estimate the number of persons requiring food/shelter/care
- Work Incident Commander to determine the length of time care will be needed
- Inventory supplies on hand
- Distributing emergency water and food supplies
- Setting up and maintaining sanitation stations
- Confirming supply/equipment needs for any persons with special needs fulfilled
- Controlling conservation of water

Supplies and Equipment for the School Safety Management Team include:

- Hand-held two-way radio
- Keys
- Bullhorn
- Emergency water supplies - water carriers, cups, hand pumps, etc.
- Emergency food supplies
- Temporary power supplies
- Cell phones
- Sanitation supplies

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school. Emergency and first aid supplies should be kept in the school's central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- Blankets
- Matches
- Pillows
- Bottled Water
- Flashlights
- Paper Towels
- Batteries
- Wet Wipes
- Radio (battery operated)
- Sheets
- Candles

Suggested first aid items:

- Assorted Band-Aids
- Gauze
- Sterile Water (for burns)
- Tape
- Scissors
- Tweezers
- Bandages
- Instant Ice Packs
- Ace Bandages
- Package of Sewing Needles
- Slings
- Antibacterial salve
- Steri-strips or butterfly stitches
- Disposable gloves
- Face masks
- CPR (disposable mouthpieces)
- Current first aid book

In case of an emergency evacuation, staff will take this kit to the evacuation site, along with an attendance sheet.

Plant Inspections

The School Principal, or designee, with the assistance of local support personnel where necessary, will inspect and ensure that the school is clean, and secured, all paths of egress are open and well lit is essential to the safety and well-being of all students and staff members of Magnolia Public Schools.

Essential Checklist: Plant Inspections

- A walk-through will be performed at least twice annually by the principal and/or designee to ascertain any unsafe conditions that are hazardous to the staff or student's physical or mental well-being.
- The complete emergency routes used by all students to travel to and from the assembly area should be inspected. Ensure that there are no barriers to students with specific mobility needs.
- Within a month of the start of the new school year, the School Safety Committee will review the walk-through. A timeline for the completion of necessary corrections will be reviewed and assessed monthly.
- The School Principal and/or designee will be responsible for inspecting the campus regularly for the following conditions:
    - All non-structural hazards in classrooms and other sites where students are served will be eliminated. These hazards may include incompatible chemical storage; unsecured objects on high shelves; trees or shrubs that require pruning; trip hazards; exposed nails; screws or bolts; equipment in need of repair, or any other condition that could constitute a hazard.
    - All damaged fences will be reported and corrected as soon as possible.
    - Playground facilities and equipment will be inspected regularly for hazards. Repairs must be made as soon as possible.
    - All non-functioning lighting fixtures must be reported and corrected as soon as possible.

RECOVERY

Schools as Pillars of Support in Emergencies
Schools play a pivotal role in aiding members of the learning community in both preparing for and recovering from emergencies or disasters. Whether stemming from natural events like earthquakes, fires, and loss, or man-made events such as tragic incidents, student overdoses, or acts of terror, a school's approach to post-emergency support is most effective when it addresses diverse levels of need among students. The provision of varying degrees of support, including opportunities for smaller group meetings, becomes critical for those requiring more in-depth assistance, thereby complementing the general support offered to all students.

In the aftermath, the responsibility for implementing recovery strategies typically falls on the shoulders of school psychologists, counselors, social workers, and potential community mental health partners, all of whom may serve as members of the Crisis Response Team. Encouragingly, all adults involved are urged to contribute by modeling calm, caring, and thoughtful behavior.

Supporting Someone After a Crisis
When supporting someone after a crisis, it is important to be present and supportive. Use verbal, nonverbal, and paraverbal communication to convey your care and concern. Ask open-ended questions to identify how they are feeling and listen with empathy. Do not rush them to talk about the incident.

If you are feeling overwhelmed, take some time to gain your composure. Ask for a staff member to step in if you need to leave the room. Coordinate with other staff to address the immediate needs of the staff involved.

It is important to remember that you cannot provide effective support until you have reached physical and emotional calm.

Guiding Therapeutic Rapport through Time

1. Supporting in the Present - Helps rebuild relationships and build bridges of communication. The trust and relationship that you establish at this point are crucial to the de-escalation of a future crisis.
2. Understanding the Past - Allows the person to reflect on their actions and consider the impact on others. This helps to uncover what happened and identify any patterns and Precipitating Factors, which can help in planning for the future.
3. Planning for the Future - Results in learning and development of approaches by collaborating and problem-solving. Planning creates a sense of responsibility and ownership for the individual. It also helps staff prevent crisis behaviors and improve their approaches.

Therapeutic Rapport Considerations
When engaging with individuals in therapeutic settings, it is crucial to take into account several factors that significantly influence the dynamics of the counseling relationship:

- Age: An individual's age plays a pivotal role in shaping their ability to comprehend and actively participate in therapy. Consider the developmental stage, as younger children might struggle to express emotions or grasp complex concepts, while older adults bring different life experiences and concerns.
- Cognitive Functioning: Cognitive abilities vary among individuals, affecting their capacity to process information and follow instructions. Modify therapeutic approaches to accommodate diverse cognitive functioning levels and ensure effective communication.
- Culture: Cultural background deeply influences expectations about counseling and communication styles. Cultivate respect for individuals' cultural values and beliefs, recognizing the potential impact of cultural differences on the therapeutic relationship.
- Gender Identity: An individual's gender identity significantly shapes their experiences and interpersonal connections. Create an affirming and safe space that respects and acknowledges clients' gender identities, fostering an environment conducive to exploring gender expression.

- Previous Life Experiences: Past life experiences profoundly mold an individual's thoughts, emotions, and behaviors. Be attuned to the potential impact of these experiences on the therapeutic relationship, recognizing their role in shaping an individual's progress.

In acknowledging and adapting to these diverse factors, support staff can enhance the effectiveness of therapeutic interventions, fostering a more inclusive and supportive environment for all individuals seeking assistance.

Strategies for the Crisis Response Team: Supporting Students and Staff After a Crisis

1. Immediate Debriefing: Conduct immediate debriefing sessions to allow team members to share their experiences, feelings, and observations.
2. Provide Safe Spaces: Establish designated safe spaces within the school where students and staff can seek solace and support.
3. Structured Group Sessions: Organize structured group sessions led by mental health professionals to address collective concerns and promote a sense of community.
4. Resource Distribution: Distribute informational resources and support materials to students and staff, outlining available counseling services and coping mechanisms.
5. Collaborative Outreach: Collaborate with external mental health organizations to provide additional resources and expertise.
6. Peer Support Networks: Facilitate the creation of peer support networks among students and staff to encourage mutual assistance.
7. Long-Term Counseling Services: Ensure access to long-term counseling services for both students and staff members, recognizing that recovery is an ongoing process.

Strengthening Staff Responses and Fostering Resilience

To enhance staff responses to incidents, it is crucial to conduct an objective assessment of the current response. Take time to reflect on the incident and engage in open dialogue with fellow staff members who were involved. This collaborative process can uncover valuable insights and identify areas for improvement.

Managing a crisis is a challenging experience that can have a profound impact on everyone involved, including staff members. Recognizing the potential trauma of these situations is the first step toward building resilience. Taking care of one’s self during this time is essential for both physical and emotional well-being.

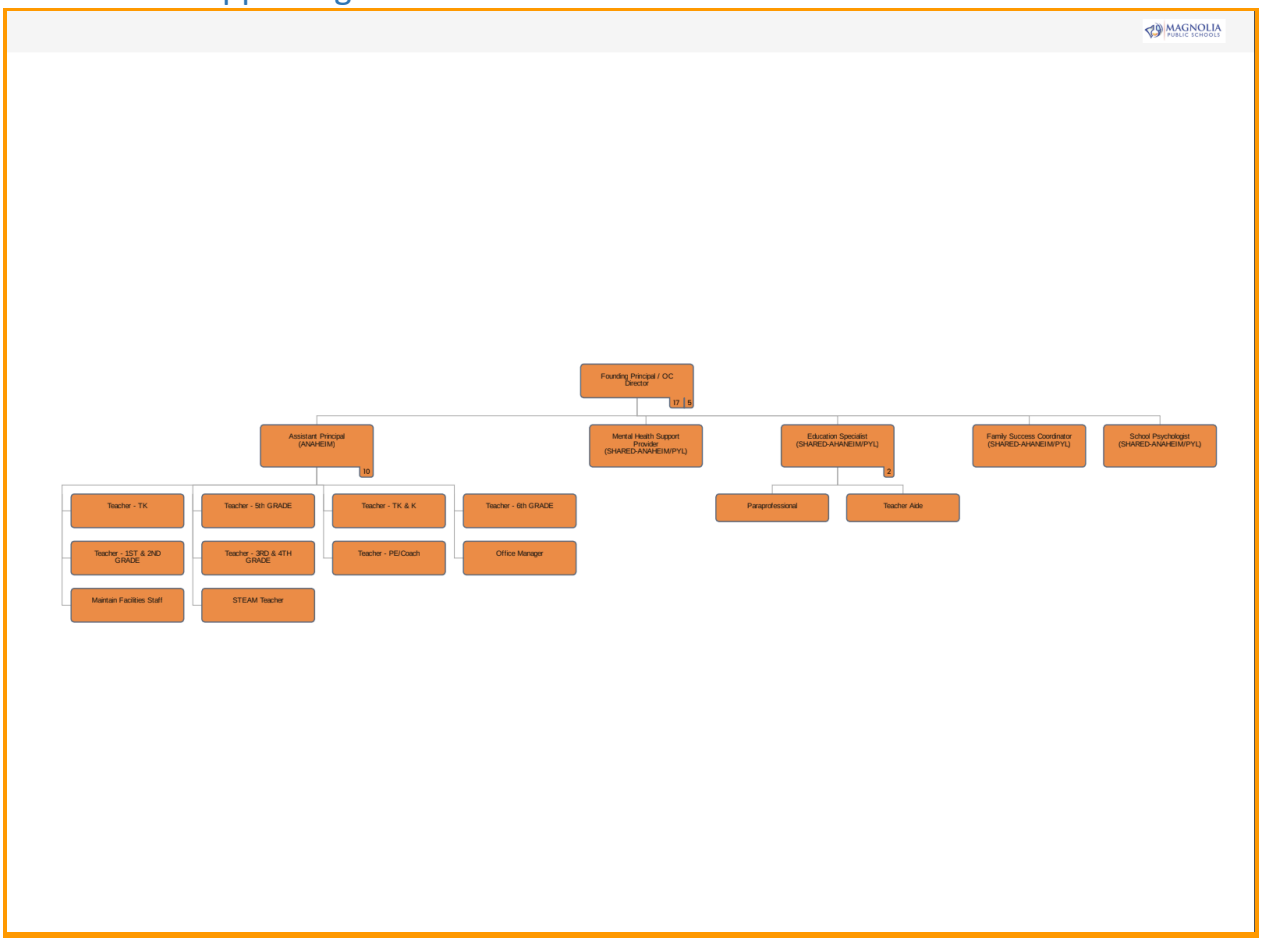
Building Resilience:

- **Reflect on the Experience: Acknowledge thoughts, feelings, and physical reactions to the incident.** Reflecting on the experience helps in processing emotions and developing effective coping mechanisms.
- Practice Self-Care: Prioritize self-care activities to maintain overall well-being. Ensure individuals get enough sleep, maintain a healthy diet, engage in regular exercise, and spend quality time with loved ones. Self-care provides the strength needed to cope with the challenges of crisis management.
- Seek Professional Support: If coping is challenging following the aftermath of a crisis, seeking professional support from a therapist or counselor can be immensely beneficial. A professional can assist in understanding emotions and developing healthy coping mechanisms tailored to your needs.

By fostering open dialogue, engaging in self-reflection, and prioritizing self-care, staff members can collectively navigate the aftermath of crises. Recognizing the trauma and proactively seeking support contribute to building resilience and fostering a supportive community within the school environment.

Recovery information is adopted from: Crisis Prevention Institute (2023). Nonviolent crisis intervention training. 3rd Edition.

Schoolwide Supporting Documents



Glossary

MPS = Magnolia Public Schools

CMO = Charter Management Organization

PBIS = Positive Behavioral Interventions & Supports

SEL = Social-Emotional Learning

ISS = In School Suspension

ODR = Office Discipline Referral

ADA = Average Daily Attendance

LCAP = Local Control and Accountability Plan

PAC = Parent Advisory Committee

PTF = Parent Task Force

UCP = Uniform Complaint Procedures

CDE = California Department of Education

IDEA = Individuals with Disabilities Education Act

IEP = Individualized Education Program

504 = Section 504 of the Rehabilitation Act of 1973

SSPT = Student Services and Programs Team

HOST = Home Office Support Team

School Safety Plan (SSP): A detailed school emergency preparedness plan that covers prevention, response, and recovery procedures.

Incident Commander: The person responsible for directing emergency operations during a crisis.

Assembly Area: A designated safe location where students and staff gather during building evacuations to facilitate attendance taking.

Lockdown: An emergency protocol that secures school buildings and grounds during situations involving threats of violence.

ParentSquare: A school-to-home engagement platform used by the school to communicate essential information to parents/guardians.

Emergency Supplies: Resources like first aid kits, flashlights, batteries, blankets, and food/water that are critical for dealing with crises.

All Clear: An announcement made by the Incident Commander indicating that a crisis or emergency has ended and normal school operations can resume.

Crisis Response Team: A multidisciplinary school team trained in crisis preparedness, intervention, and recovery strategies to support the school community during and after critical incidents.

Recovery: The process of assisting students, staff, families and the greater school community in healing and overcoming trauma in the aftermath of a crisis/emergency.

Our Mission

Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to provide a high-quality, college preparatory STEAM educational experience in an environment that cultivates respect for self and others.

Our Vision

Graduates of Magnolia Public Schools commit to building a more peaceful and inclusive global society by transforming traditional ideas with creative thinking, effective communication, and the rigor of science.

About our School as a Safe Place to Learn

At Magnolia Public Schools, we envision a vibrant learning community where every student feels safe, nurtured, and respected. Through proactive efforts, we foster a positive and inclusive environment that empowers students to thrive academically, socially, and emotionally.

PURPOSE & PREPARATION

Statement of Purpose

The School Safety Plan is designed to foster a secure school environment, fostering an optimal learning experience and elevating student academic achievement. This plan is strategically implemented to safeguard the well-being of students and staff, offering a structured response to emergencies and a set of guidelines for preparedness. The primary objectives of this plan include:

1. Ensuring the safety and welfare of students and staff.
2. Providing a coordinated and effective response to emergency situations.
    - Encouraging collaboration among co-located schools for a unified emergency response. This collaborative effort encompasses comprehensive goals, activities, teams, and timelines, ensuring a collective commitment to the well-being of all individuals on campus.
3. Safeguarding the school's facilities and property.
4. Facilitating a swift restoration to normal conditions in the aftermath of an emergency, minimizing confusion.
5. Coordinating with local emergency services when necessary to enhance overall emergency response capabilities.

Plan Organization

Effectively managing emergencies demands a dual focus on thorough emergency preparedness and efficient emergency response capabilities. The School Safety Plan is organized into five essential components:

1. Purpose and Preparation: This component addresses anticipated threats and hazards to the school, emphasizing safety needs before, during, and after an incident. It serves as the proactive foundation for comprehensive emergency preparedness.
2. Prevention: Focused on education and awareness strategies, this component aims to empower members of the learning community with the knowledge and tools to prevent incidents. Proactive measures play a pivotal role in ensuring a secure environment.
3. Response: Strategies and procedures for drills and handling potential threats are outlined. This component ensures a swift and coordinated response during emergency situations, contributing to the preparedness of both students and staff.
4. Recovery: Post-incident, this component centers on establishing therapeutic rapport and utilizing school and community-based resources to address the emotional impact of the crisis. Recovery efforts are crucial for restoring a sense of normalcy within the learning community.
5. Quick Reference Guide: Serving as an internal tool, the Quick Reference Guide enables the rapid activation of the team and safety protocols specific to potential incidents within the learning community. This guide enhances the efficiency and coordination of emergency response efforts.

Safety Goals and Objectives

The emergency safety plans are carefully developed to address a range of potential crises, including natural disasters and fires. The school sites participate in regular disaster drills conducted throughout the academic year to ensure that students and staff are well-prepared for any emergency scenario. A crucial part of our planning process involves each MPS school site conducting a thorough review of school-specific data, leading to the identification of specific goals for the school year. This proactive approach ensures that our emergency preparedness measures are

tailored to the unique needs and challenges of each school site, fostering a safe and secure learning environment for everyone in our community.

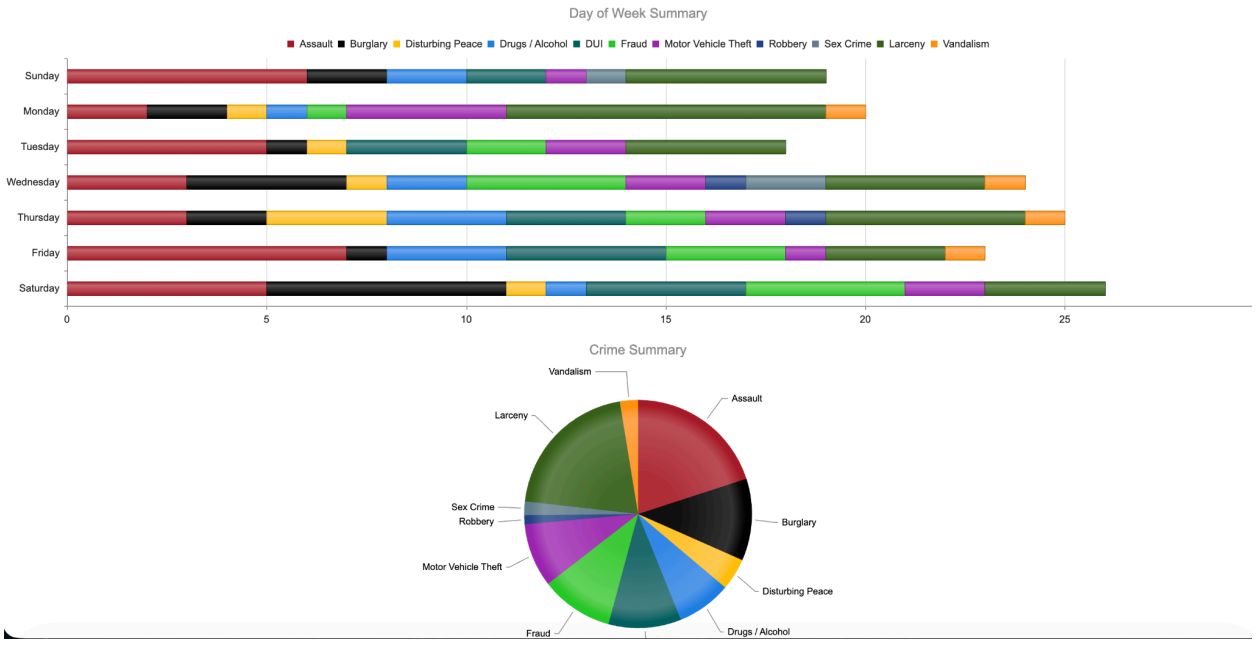
Assessment of Data

Local Crime Data

Data Source reviewed to develop statistical analysis was local Law Enforcement crime data via crimemapping.com

The top three crime violations in the area of 92807 from 5/2025 to 12/2025:

Type	Number
Total Crimes during time period	155
Top #1 - Larceny	32
#2 - Assault	31
#3 - Burglary	18



This data is represented by the following graphic pulled from source website: https://www.crimemapping.com/map/location/92807?id=#

School-wide Data

Data regarding school community was compiled from Infinite Campus, local records, and logs. Data was reviewed on 1/26/26 The following data was reviewed:

	2023-24	2024-25	2025-26	Currently as of 1/26
Suspension Data Out-of-School	N/A	N/A	0	0
Suspension Data In-School	N/A	N/A	0	0
Expulsion Data	N/A	N/A	0	0
Office Discipline Referrals ODRs	N/A	N/A	0	0
Average Daily Attendance (ADA) Rate	N/A	N/A	96.05%	96.05%
Chronic Absenteeism Rate	N/A	N/A	3.95%	3.95%
Graduation Rate	N/A	N/A	N/A	N/A

The committee reviewed the data and identified the appropriate strategies and programs that provide high-level school safety. Those programs and strategies include:

- Parent/Student Handbook
- School Safety Committee
- Discipline Committee
- Administration
- Local School Administration
- Parent Advisory Committee
- Parent Task Force
- Student Leadership
- Local Law Enforcement Collaboration

We will continue to review data in the upcoming academic year to continually revise and identify appropriate strategies and programs that provide/maintain a high level of school safety, both on and off campus.

Component 1: School ClimateGoal(s): All employees will uphold and implement all stated policies and procedures as noted in the school-wide safety plan.

- Objective: Annually, all employees will review the policies and procedures as noted in the safe school plan.
- Related Activities: Review regularly during Professional Learning Sessions, completion of training through CharterSafe, committee meetings, and safety meetings.
- Resources needed: Safety plan
- Person(s) responsible for implementation: Designated Administrator, Safety Committee
- Budget: Refer to schools' annual budget
- Evaluation guidelines: Educational Partner Surveys

How to make school campus safer? How are scholars lining up? Anything that has to do with physical school environment

Component 2: Physical Environment

Goal(s):

- Objective: Annually, Ensure a streamline and safe valet system in shared parking lot w/ Esperanza High School
- Related Activities: Collaboration w/ Esperanza staff, procedure for pick up / drop off
- Resources needed: Walkies, safety cones
- Person(s) responsible for implementation: Jason Huynh, Eunice Miranda
- Budget: Refer to schools' annual budget
- Evaluation guidelines: Educational staff survey, staff / parent feedback

Component 3: School's Social Climate

Goal(s): Implement a Multi-Tiered System of Response to Behavior to support all student behavior and social-emotional health.

- Objective: Maintaining and reinforcing positive behavior through intervention supports.
- Related Activities: Conduct SSPT and PBIS Meetings monthly or when needed
- Resources needed: MTSS Referral Form, Multi-Tiered support, and Intervention Charts
- Person(s) responsible for implementation: Designated Administrator, MTSS Coordinator, Teacher & Staff. PBIS Team
- Budget: Refer to schools' annual budget
- Evaluation guidelines: PBIS Data Tracker, Office Referrals, Infinite Campus Behavior Management Logs

Emergency Drill Evaluation

MPS Emergency Drill Evaluation (Google Form)

The MPS Emergency Drill Evaluation collects the following information:

- School site
- When did the emergency drill take place?
- Drill Type
- Date Conducted
- Time Started and Time Completion
- Alert Type
- Did everyone on campus participate?
- If parents/guardians participated, what were their roles?
- Rate students' performance of emergency procedures.
- Rate faculty's performance of emergency procedures.
- Rate emergency team performance of duties.
- Rate accounting for everyone.
- Rate alert system.
- Did the School Safety Committee and/or Emergency Team Leaders debrief after the drill?
- List the top lesson learned from this drill and how it will be addressed.
- What school-site training support would improve emergency drills and/or preparedness?

Emergency Drill Calendar

2026-2027

H.O.S.T. Crisis Communication

1.

PREVENTION

Employee Preparedness

Our commitment to ensuring a safe and secure school environment involves comprehensive measures to prepare and empower our staff for effective response during emergencies. Here are the key components of our Employee Preparedness plan:

Ongoing Preparedness Measures:

- Regular review of the School Safety Plan and other emergency policies and procedures.
- Familiarization with each employee's role during emergency situations.
- Knowledge and evaluation of required drills, ensuring staff are well-versed in emergency response procedures.
- Familiarity with the layout of buildings, grounds, and all emergency procedures.
- Review of the locations of emergency exits, fire extinguishers, fire alarms, and emergency equipment and supplies.
- Attendance at updated training sessions covering first aid, CPR, the use of fire extinguishers, and search and rescue, as necessary.

Employee Skills

At the commencement of each school year, the School Principal or designee will seek input from instructional and non-instructional staff to identify individuals with special skills or experiences that could be beneficial during an emergency. These employees may be assigned specific emergency management roles, such as first aid, CPR, search & rescue, and fire extinguisher training and certification.

The instructional staff is responsible for the following:

- Presenting instruction to students about emergency preparedness plans and student responsibilities during major emergencies.
- Maintaining readily accessible attendance sheets for use during evacuations.
- Updating and storing classroom emergency kits in safe, accessible locations.
- Full participation in fire, earthquake, and evacuation drills.
- Developing planned activities for students during periods of confinement in emergencies.

The School Principal, or designee, is responsible for the following:

- Assigning employees to specific roles based on their skills, abilities, and normal functions.
- Ensuring that all employees are familiar with site maps, evacuation plans, and are trained in emergency response roles.
- Updating lists of employees trained in first aid, CPR, fire extinguisher use, and search and rescue, arranging for update training as necessary.
- Regularly updating site floor plans showing evacuation routes, assembly areas, emergency supplies, equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut-off valves.
- Posting emergency procedures in visible locations across the school.
- Updating the list of disabled students or employees, arranging for evacuation assistance or other special assistance as needed.
- Testing the site warning system and ensuring signal recognition by employees and students.
- Conducting an inventory of all emergency supplies and equipment, replacing used or outdated items.
- Maintaining a list of emergency phone numbers in readily accessible locations.

Employee/Student Special Needs

Employees and students with special needs are encouraged to self-identify their specific requirements during emergencies. At the beginning of each school year, parents are asked to provide written information and instructions concerning the specific needs of students. Areas of the school with employees and/or students with permanent mobility impairments should maintain any necessary evacuation devices on each floor where such individuals are located.

Emergency Onsite Personnel

Emergency phone contacts for staff will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc., will also be noted on a list kept at the school.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

Reporting the information regarding a case of possible child abuse or neglect to your supervisor, the School principal, a School counselor, coworker or other person shall not be a substitute for making a mandated report to Child Protective Services or law enforcement.

MPS will provide annual training on the mandated reporting requirements, using the online training module provided by MPS, to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the course of the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one-thousand dollars ($1,000), or by both.

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of employment.

Reportable Offenses

A mandated reporter is obligated to report whenever, in their professional capacity or within the scope of their employment, they have knowledge of or observe a child whom they know or reasonably suspect has been the victim of child abuse or neglect (Penal Code 11166).

Responsibility for Reporting

Mandated reporters must take immediate action whenever they have knowledge of or observe suspected child abuse or neglect within their professional capacity or employment scope (Penal Code 11166).

Reporting Procedures

1. **Initial Telephone Report**
   Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department (Penal Code 11165.9, 11166).

   - Los Angeles County 800-540-4000 or https://reportChildAbuseLA.org

- Orange County 714-940-1000 or 800-207-4464 and Forms | County of Orange Social Services Agency
- San Diego County 858-560-2191 or 800-344-6000

2. **Written Report**
   Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572) (Penal Code 11166, 11168).
3. **Confidentiality**
   Mandated reporters are assured that the reporting process is confidential, and their identity will be protected. Ensuring the safety of the child is the top priority, and the reporting process is designed to support this goal.

Investigation of Suspected Child Abuse or Neglect by Peace Officers - PC 11174.3

A suspected victim of child abuse or neglect may be interviewed during school hours, on school premises, by a representative of a governmental agency investigating the case, or by the State Department of Social Services when deemed necessary. The investigation is based on a report of suspected child abuse or neglect that occurred within the student's home or out-of-home care facility. The student must be given the option of being interviewed in private or selecting a member of the school staff, whether certificated or classified, to be present at the interview.

The selected staff's role is to provide support to the student and to help the student feel as comfortable as possible; it is not to participate in the interview and discuss the case with the student. The principal or the principal's designee should remind the staff member selected of the staff member's role and the requirement to maintain confidentiality prior to the interview. The staff member selected may decline the request to be present at the interview; however, if the staff member agrees to be present, the interview must take place during school hours.

Releasing a Student to a Peace Officer - EC 48906

When a minor student is released to a peace officer for the purpose of removing the student from the school premises, a school official must take immediate steps to notify the parent or responsible relative of the student of such removal and the place to which the student is being taken.

In the case where the student is being taken into custody as a victim of suspected child abuse, the school official must provide the peace officer with the address and contact information of the student's parent. It is the responsibility of the peace officer to contact the parent.

Procedures for Supervision and Protection of Children from Abuse, Neglect, and Sexual Offenses

In addition to strict compliance with the reporting policy above, the school shall implement the following procedures to minimize opportunities for abuse, neglect, or sexual offenses.

Procedure	Details
Two-Deep/Visible Supervision	No employee, volunteer, or contractor shall be alone with a single student behind a closed door or in an isolated area without another adult present or visible.
Line-of-Sight Supervision	Staff shall maintain visual contact with students during recess,

	transitions, restroom breaks, and after-school activities. High-risk areas (locker rooms, storage rooms, offices) shall be monitored or equipped with windows or open doors.
Private Electronic Communication Prohibited	Staff may not communicate privately with students via personal phone, text, social media, or apps. All school-related electronic communication must use school-approved platforms with at least one other adult copied or able to monitor.
Physical Contact Boundaries	Physical contact shall be limited to what is appropriate and necessary (e.g., high-fives, side hugs, brief comforting). Staff shall avoid lap-sitting, tickling, piggy-back rides, or any contact with private body areas.
Transportation & Off-Campus Activities	At least two adults must be present in any vehicle transporting students. One-to-one transportation of a single student by one adult is prohibited except in documented emergencies.
Visitor & Volunteer Screening	All visitors and regular volunteers shall sign in, wear identification, and be supervised at all times. Background checks are required for any adult with unsupervised student contact.
Restroom Policy (Elementary)	Adults may not enter student restrooms while occupied unless an emergency exists and another adult is present.
Annual Review of Physical Plant	The school shall annually identify and mitigate blind spots, inadequate lighting, or isolated areas.

The school strictly follows all applicable fingerprint background check requirements for employees, contractors, and volunteers.

Additional policies and procedures to prevent abuse, neglect, and sexual offenses are included in the school's Professional Boundaries policy, Visitor and Volunteer policies, and Employee Handbook.

Procedures for Safe Ingress and Egress from School

Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.

1. Availability of Maps: Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.
2. Visitor Protocol: Visitors and guests are welcome at the school, but reasonable precautions are taken to safeguard students and staff. Visitors should:
    - Report and sign in at the office.
    - Be provided with a visitor's badge.
    - Be prepared to provide identification to school personnel.
    - Respect school rules.
3. Exterior Door Management:

- School personnel should ensure that all exterior doors are marked with a notice instructing visitors to report to the office first. Exterior doors, except those near the office, should remain locked to control access.

4. Staff Training:
    - School staff should receive training on how to greet visitors, with the first question being "May I help you?" Someone should greet every visitor.
5. Response to Intruders:
    - Any intruder found roaming the building without a visitor's badge or visible identification should be escorted to the office. School personnel in the office can then provide additional information or directions.
6. Progressive Response to Non-Compliance:
    - Visitors who fail to comply with school procedures should verbally be informed of the violation. If non-compliance persists:
        - Notify the office of the situation.
        - Follow the person if possible and continue to give notice of the violation of school rules.
        - Notify the police or call 911.
7. Building-Wide Notification Plan:
    - In case of an intruder(s), the office should activate a building-wide notification plan:
        - Make a PA announcement using predetermined code phrases.
        - Instruct classroom doors to be closed.
        - Advise students to remain in their current areas.

Social Climate: School and Physical Environment

At MPS, we firmly believe that safety and education are a shared responsibility among parents, teachers, and students. Our school's successful operation relies on the cooperation of everyone involved. Each group holds a responsibility to contribute, creating an environment where learning, safety, and play can harmoniously coexist. We uphold the principle that every individual, regardless of color, race, gender, popularity, ability, religion, or nationality, has the right to feel safe, secure, and accepted.

Our vision is shared through the student-parent handbook, a tool that communicates our expectations to students and parents alike. MPS is a reflection of all of us, and our policies are crafted to provide a safe and orderly environment conducive to learning. Our dedicated faculty and staff eagerly anticipate sharing their expertise in academics, special programs, and extracurricular activities.

To make MPS a thriving community, we encourage active participation from students and parents. Explore our programs, activities, and schedule, and become an engaged participant in your education through classes, clubs, and various activities. We recognize that a school environment thrives when governed by clearly defined and implemented rules. To this end, MPS has compiled a comprehensive student-parent handbook, addressing the school's regulations and policies to set a standard for the entire school community.

Effective Communication

Open and effective communication is essential for addressing issues or concerns that may arise with teachers, staff members, or administrators. We encourage both students and parents to approach the person directly involved when faced with a situation of concern.

For Students: If a student encounters a challenge at school, we believe in empowering them to communicate and seek resolution. In cases involving classroom situations or issues with teachers, we recommend the following steps:

1. Talk with the Teacher - The student should be encouraged to express their concerns directly to the teacher. Open dialogue between students and teachers is the foundation for understanding and resolving issues.
2. Talk with an Administrator - If the issue persists or if the student is uncomfortable talking directly to the teacher, the student is encouraged to approach an administrator.

3. Parental Involvement - In instances where the student is reluctant to speak with the teacher or administrator, the parent may accompany the student and facilitate the conversation with the teacher.

It is crucial to demonstrate to children how to actively and constructively solve problems. If a concern is significant enough for a child to discuss, it is equally important for them to learn how to be part of the solution. Encouraging problem-solving skills empowers students to take an active role in creating a positive and solution-oriented school environment.

Parent Concern

Addressing concerns in a timely and effective manner is crucial for fostering a positive school environment. Parents are encouraged to follow these steps when dealing with concerns:

1. Initiate a Conversation with the Teacher. In the initial stages of any concern, it is recommended to talk directly with the teacher. Teachers can provide insights into classroom situations from both an adult and professional perspective, often resolving misunderstandings through open communication.
2. Follow up with the Teacher if Necessary. If the concern persists after an initial conversation, it is advisable to revisit the issue with the teacher. Open dialogue allows for continued communication and a more in-depth understanding of the situation.
3. Schedule an Appointment with the Administrator. If resolution is not achieved at the teacher level, parents are encouraged to make an appointment with the relevant administrator. Thai step ensures that concerns are elevated to the appropriate authority for further consideration.
4. MPS Home Office Communication. If concerns persist even after meeting with the Principal, the parent is encouraged to complete the appropriate form available in the MPS Student-Parent Handbook. The form should include details about the complaint and the steps taken to resolve it. Once completed, contact the MPS Home Office to ensure a thorough and documented review of the matter.
5. MPS Board Communcaiton. If necessary, the next level of communication involves reaching out to the MPS Board. Parents may initiate this process by revising the form originally submitted. The MPS Board will consider the matter at its next meeting, providing a transparent and structured approach to addressing concerns. In the event that the Board decides not to hear the complaint, the Superintendent's decision will be considered final.

Communication Channels. Teachers, staff, and administration are accessible through email, phone, in-person meetings, and by appointment. However, due to busy schedules, we request parents to schedule meetings in advance rather than dropping in. This ensures that everyone involved can allocate time for a focused and productive discussion.

Respectful and Constructive Communication. MPS emphasizes the importance of maintaining respectful and constructive communication. Parents are kindly requested not to "drop-in" for appointments and should avoid engaging with teachers, other parents, students, or administrators in a disrespectful or threatening manner.

Students Responsibilities

I am aware of my responsibilities and will do my best to satisfy my parents'/teachers' expectations at MPS because this will help me do better in the future. I agree to really try and do the following:

- I will come to school dressed in uniform every day and on time.
- I will be prepared for all my classes with all required materials.
- I will complete class work and homework on time.
- I will do all the homework assigned to me the best way I can and ask for help when needed.
- I will strive consistently to give my best, and to make my best academic progress.
- I will act responsibly and respectfully at all times and towards all members of the school community.
- I will follow all school rules.
- I will obey the School's Code of Conduct.

- I will respect my property, that of others, and that of the School.
- I will take good care of my books, and other materials the School allows me to use.
- I will serve my community.

Parent Responsibilities

I understand that my child's studies are very important and my participation in activities at MPS is a critical component of my child's educational success. Therefore, I agree to carry out the following responsibilities to the best of my ability:

- I will take a positive and active role in supporting my student's education.
- I will make certain my student attends school regularly and on time.
- I will notify school when child is absent and provide appropriate documentation.
- I will ensure that my student follows the school attendance policy and dress codes.
- I will ensure that my child come to school rested, clean, well-fed, and appropriately dressed (in student uniform).
- I will notify office immediately if there is a change of home address or phone number.
- I will set aside a specific time and place for my student to do homework.
- I will support my student in completing homework, including, if necessary, limiting time watching television, computer gaming, and recreational internet use.
- I will allow my student to attend remedial and other programs offered if requested by the school as is needed for individual improvement.
- I will set up a college-bound environment at home and support my student through the college admission and scholarship-finding process.
- I will emphasize my child adheres to the MPS Discipline Code at all times.
- I will enforce the School Code of Conduct with my child, including ensuring my child is wearing the uniform and promoting respect for teachers and all adults and students.
- I will follow through with any problem behaviors noted by the School.
- I will attend orientation meetings prior to the start of School.
- I will communicate regularly with my student's teachers to ensure his/her academic success (includes attending at least two conferences in a school year).
- I will review information and work sent home and/or posted online for parents and students via the school website and the online Student Information System and respond as necessary (computer access is available for parents at School if needed).
- I will review progress reports that are sent by the School and respond as necessary.
- I will encourage positive attitudes toward school.
- I will talk with my student about what he/she is learning.
- I will expect and encourage my student to be focused on learning.
- I will expect and support my student to strive consistently to give his/her best, and to make his/her best academic progress.
- I will assure that my child does not destroy materials (textbooks, equipment, etc.) and/or MPS property.
- I will pay for any damages to materials and/or property incurred by student.
- I will assure that students do not bring destructive materials to school (markers, paint, etc.)
- I will assure that all school materials loaned to students will be returned in the condition issued (textbooks, library books, etc.) I will pay for any lost or damaged books in CASH only.
- I understand that a student's bringing or possession of any weapon is grounds for expulsion from the Charter School.
- I will complete and return all necessary school forms and documents on time as requested by school officials.
- I will try to volunteer at School when requested. (Parents/guardians are not required to volunteer for MPS.)

School Responsibilities

- The School will provide a high-quality curriculum and instruction in a supportive and effective learning environment that enables all students to meet the State Core Curriculum Content Standards in all content areas through an aligned curriculum and rigorous assessment.
- The School will provide a variety of support programs to enhance instruction at all grade levels.
- The School will send frequent reports to parents on their child's progress.
- The School will hold parent-teacher conferences during which this Compact will be discussed as it relates to the individual student's achievement. Conference dates will be listed on the school calendar and additional dates will be sent through notification by the School.
- The School will grant parents reasonable access to staff by appointment through the office.
- The School will provide parents with the ability to observe classroom activities by appointment through the office.

Building Capacity for Engagement

Infinite Campus

MPS leverages the Infinite Campus online web portal to enhance efficient communication among parents, students, and teachers. Each teacher maintains a dedicated grade book for every class, providing a centralized hub for course-related information. Teachers regularly update and share course materials, homework assignments, projects, and course grade statistics, as well as detailed records of students' performance, including grades on quizzes, tests, class participation, and homework assignments. Access to these resources is secured through confidential passwords, ensuring a private and secure environment for students and parents to stay informed and engaged in their academic journey.

ParentSquare

MPS utilizes ParentSquare, a school-to-home engagement platform, to streamline communication between the school and parents. This dynamic platform facilitates automated messages tailored to individual students, delivering key information directly to parents. Utilizing ParentSquare, MPS communicates essential details such as attendance information, news updates, upcoming events, opportunities for parent and family engagement, surveys, resources for parent education, and more. With seamless integration into Infinite Campus, multilingual translation capabilities spanning over 100 languages, and versatile access through the app, email, text, voice, and web portal, ParentSquare ensures inclusive and equitable communication, fostering strong connections between the school and all families.

Parent Advisory Committee (PAC)

In adherence to the Local Control and Accountability Plan (LCAP), the invaluable input of educational partners—including students, families, staff, and community members—is paramount. To fortify the collaborative relationship among these educational partners and review the LCAP along with its various components crucial to student success, schools will host PAC (Partnership Advisory Committee) meetings. PAC meetings will replace School Site Council (SSC) gatherings, streamlining efforts to enhance meeting effectiveness and efficiency.

Scheduled throughout the school year, PAC meetings will actively engage in:

- Planning, Reviewing, and Enhancing LCAP, Title I, and Part A Programs: The committee will play a pivotal role in evaluating and refining the LCAP, Title I, and Part A programs, ensuring alignment with the overarching goals of the LCAP.
- Primary Oversight of Parent and Family Engagement Policy: PAC will serve as the primary committee responsible for reviewing and shaping the parent and family engagement policy. Additionally, if applicable, the committee will extend its purview to other school program plans, fostering a comprehensive approach to school improvement.

Collaboration between school leadership and PAC will be integral to ensuring active parental involvement in the school improvement process. This strategic shift aims to promote effective communication and collective decision-making for the betterment of our educational community.

Parent Task Force (PTF)

Our Parent Association conducts annual elections to fill key positions including President, Vice President, Treasurer, and Secretary. A consistent 10% of our parents actively participate in monthly Parent-Teacher Fellowship (PTF) meetings, creating a dedicated forum for collaborative efforts. PTF meetings serve as a platform where parents take the lead, steering discussions and garnering support for ongoing fundraising initiatives, cultural events, and engagement opportunities designed for all families.

Led by elected PTF Committee Officers, chosen by families vested in supporting the success of all students at MPS, these meetings foster an environment of shared interest and collective dedication. Throughout these gatherings, parents collaborate, pooling their experiences and skills to strategically work towards common goals that propel student success. This approach ensures a dynamic partnership between parents and the school community, actively contributing to the holistic development and achievement of our students.

Professional Development

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive training on school-wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, training on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying-related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015.

Physical Environment

MPS is dedicated to providing a safe, healthy, and nurturing environment characterized by trust, care, and professionalism. To achieve this, we have implemented a comprehensive set of health, safety, and risk management policies that comply with all applicable state and local laws and regulations. The on-site school administration consistently monitors activities to ensure the safety and security of our students. Parents and students are informed through the MPS Student-Parent Handbook about these policies, covering essential aspects of our commitment to safety.

MPS commitment extends to maintaining a drug-free, alcohol-free, and tobacco-free zone within the school premises, accompanied by a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyberbullying through school-wide assemblies and engaging guest speakers. All staff members are designated mandated reporters for cases of child abuse or violence, further reinforcing our commitment to student well-being.

In preparation for emergencies such as natural disasters and fires, we have developed and communicated emergency safety plans. Each classroom is equipped with these plans, and disaster drills are practiced regularly throughout the year. Our collective efforts create a secure and supportive environment that fosters the academic and personal growth of our students.

Instructional Continuity Plan for Site-Based Schools

INTRODUCTION

Pursuant to Senate Bill 153 and California Education Code section 32282, subdivision (a)(3)(A), Magnolia Public Schools ("MPS" or "Charter School") adopts the following Instructional Continuity Plan ("ICP") to establish communication with students and their families and provide instruction to students when in-person instruction is disrupted due to an emergency or a natural disaster.

The Instructional Continuity Plan ("ICP") states how MPS will:

1. Establish communication with students and families not later than five (5) calendar days after an emergency or natural disaster that disrupts in-person education, with the goal being to establish two-way communication and to identify and provide students with social-emotional, mental health, and academic supports; and
2. Establish access to alternative in-person instruction, remote instruction, or a hybrid model no more than ten instructional (10) days after an emergency or natural disaster disrupts in-person education.

DEFINITIONS

- "Remote Learning" means instruction in which the student and certificated teacher are in different locations and instruction shall be aligned with traditional independent study per Education Code 51745-51747.5. Instructional time shall be based on the time value of the learning tasks and assignments delegated by the teacher.
- "In-person instruction" means instruction under the immediate physical supervision and control of a certificated employee of the Charter School while engaged in educational activities required of the student.
- "Two-way communication" may include phone calls, email, or instant messaging through ParentSquare, the Charter School's portal.
- "Emergency or natural disaster" may include wildfires, earthquakes, severe weather, floods, landslides, tsunamis, pandemic, infectious disease outbreaks, chemical/hazardous materials spill or threat, etc.

STUDENT AND FAMILY ENGAGEMENT

To provide consistency during an emergency, the Charter School's primary mode of communication shall be through ParentSquare. This platform provides a secure environment to communicate with each student and their parent/guardian through instant messages, classroom postings, flyers, and embedded documents. In addition to ParentSquare, teachers will communicate with parents/guardians on a regular basis through traditional communication channels (i.e. phone calls, online classroom postings, Zoom, through Google Classroom etc.) regarding each student's academic progress, attendance/participation, behavior, and social-emotional well-being.

Initial Notification MPS shall:

Engage students and families as soon as practicable following an emergency or natural disaster that disrupts in-person learning. The initial communication establishing two-way communication with students and their families shall occur no later than five (5) calendar days following an emergency. This communication shall:

- Notify students and families that in-person instruction will be closed as a result of the emergency or natural disaster;
- Provide students and families with a status update, based on the most up-to-date and credible sources available, on the nature and extent of the emergency or natural disaster;
- Inform the Charter School community of the methods the school will use to communicate with students and families while in-person instruction is disrupted;
- Request that students and families check in and report their physical well-being, as well as any immediate social-emotional, mental health, and academic needs;
- Provide support for students' social-emotional, mental health, and academic needs by using internal resources to the extent available, and by referring families to any community-based or emergency-focused resources and services providers that may be available; and

Remote Instruction

Charter School shall provide access to in-person or remote instruction as soon as practicable, but no more than ten (10) instructional days following the emergency or natural disaster, which includes:

- If in-person instruction is not feasible, the Charter School will provide remote instruction pursuant to MPS's Independent Study Policy and procedures; and
- Provide access to instructional resources such as a laptop, internet, and instructional materials to participate in remote instruction as follows:

    - Students will have access to lessons via an online portal, such as Google Classroom.
    - If the online portal is not accessible due to unforeseen disruptions, students and families will be provided printed, weekly packets to ensure schoolwork from teachers related to assignments, instruction, and assessments is uninterrupted; or
    - If an emergency or natural disaster disrupts in-person learning and independent study is not feasible, a student may also be offered enrollment in or be temporarily reassigned to another site, school district, county office of education, or charter school[1]. This information will be determined on a case-by-case basis and communicated to each impacted family.

Communication

MPS's communication platform is ParentSquare and all communications regarding an emergency or natural disaster will be posted on this platform, which is accessible to all students, parents/guardians, and MPS employees.

ParentSquare will also be used to provide instructions to the school community regarding how and when families will access instruction, academic supports, social-emotional resources, and important updates regarding when in-person instruction will resume.

Other forms of communication will be as follows:

- Questions regarding academic instruction, assessments, homework, etc. will occur through Google Classroom;
- Teachers will communicate with parents/guardians on a regular basis through traditional communication channels (i.e. email, phone calls, ParentSquare messages, or Google Classroom messages;

- The Charter School's website and ParentSquare will:

  - Identify whether instruction is in-person, remote, or hybrid;
  - Provide updates and solutions about the impact the emergency or natural disaster is having on providing in-person, remote, or hybrid instruction; and
  - Provide an outlook for when and how normal operations will resume. through the Charter School's ParentSquare, and when in-person instruction will resume.

- If the emergency or natural disaster has negatively impacted power or internet services, flyers will be posted at local community centers, libraries, and other publicly accessible locations.

This information will be provided upon the Charter School's emergency closure and updated every day.

INSTRUCTION AND ASSESSMENT

Independent Study Agreements

All students will be asked to sign an independent study agreement during the enrollment/re-enrollment period every year to ensure agreements are in place prior to an emergency or natural disaster that limits or prevents access to the school site.

Course Content

The Charter School shall provide content aligned to grade level standards that is substantially equivalent to in-person instruction. For high school grade levels this shall include access to all courses offered by the Charter School for graduation and approved by the UC or CSU as creditable under the A-G admissions criteria.

Assessments

Teachers will use the following assessment tools to check for student understanding: Teacher-created tests and assessments, Progress/Report Cards, Chapter/Unit Tests, Work Samples, Portfolios, State Standards testing, journals, presentations, quizzes, labs, interim assessments, and final examinations.

The Charter School will use multiple assessment tools to determine each student's areas of progress and growth including: reading difficulty screener (K-2), NWEA Measures of Academic Progress testing, and IXL.

Each student and their parent/guardian will receive confidential results of the above assessments through Google Classroom or Infinite Campus.

Academic Support

Students demonstrating the needs for additional support will be contacted by the school site's Academic Lead, to discuss remedial measures or to convene a Student Support Team ("SST"), Section 504, or Individualized Education Program ("IEP") Team meeting to review additional accommodations, services of support.

Teachers will maintain virtual office hours to provide students or a parent/guardian the opportunity to clarify assignments, request additional academic support, or address other areas of concern. Each teacher's office hours will be posted within their virtual classroom.

EQUITABLE ACCESS

The Charter School shall utilize its multi-tiered systems of support ("MTSS") to address the needs of pupils who are not performing at grade level, or who need support in other areas, such as English Learners, pupils in foster care or pupils who are experiencing homelessness, and/or pupils requiring mental health support. The Charter School complies with the Individuals with Disabilities Education Act ("IDEA") and is committed to meeting the needs of individuals with exceptional needs in order to be consistent with the pupil's individualized education program ("IEP"). Policies, procedures, and guidelines are in place to ensure that pupils are identified, assessed, and provided a free appropriate public education in the least restrictive environment. The school complies with Section 504 of the
federal Rehabilitation act of 1973 (29 U.S.C. Sec. 794) and is committed to providing equivalent access to and providing a free appropriate public education to all students with disabilities.

Students with Disabilities

The Charter School shall provide and maintain all accommodations and services in accordance with the emergency alternative plan outlined within each student's IEP and Section 504 Plan.

The Academic Lead or Special Education Coordinator will oversee the implementation of each student's IEP within the remote learning environment. All inquiries related to a student's IEP should be directed to the Director of Special Education at (213) 628-3634.

The Academic Lead will oversee the implementation of each student's Section 504 Plan within the remote learning environment. All inquiries related to a student's Section 504 Plan should be directed to the Director of Special Education at (213) 628-3634.

English Learners

All students who are English Learners ("EL") will receive English Language Development ("ELD") support while enrolled in remote learning. Each teacher will be responsive to each EL students' different strengths, needs and identities, and support the socio-emotional health and development of English learners through structured lessons that explicitly target language development skills in reading, writing, listening, and speaking, interactive activities, scaffolding, visual aids, and differentiated instruction to meet each student's unique needs.

The Academic Lead or EL Coordinator will oversee the implementation of designated and integrated ELD within the remote learning environment. All inquiries related to an EL should be directed to the Director of EL and ELA Programs at (213) 628-3634.

Homeless and Foster Students

A student in foster care or a student who is experiencing homelessness will be provided additional support through the Charter School's MTSS and may contact the Homeless Student Liaison or the Foster Student Liaison at (213) 628-3634 for additional support.

The National Center for Homeless Education's Helpline is also staffed Monday-Friday, 9:00 AM to 5:30 PM Eastern Time. Email: NCHE.helpline@safalpartners.com or phone: +1 305-306-8495.

Mental Health Needs

MPS recognizes that when an emergency or natural disaster occurs it can cause unidentified and unaddressed mental health challenges. Access to mental health services is not only critical to improving the physical and emotional safety of students and employees, but it also helps address barriers to learning and provides support so that all students can learn problem-solving skills and achieve in school and, ultimately, in life. The following resources are available to your child during an emergency:

Available through the Charter School: Students and families will continue to have access to counseling services to support their mental health and emotional well-being. School psychologists and counselors will be available through virtual platforms, phone calls, and email to provide counseling check-ins, crisis intervention, and resources tailored to individual needs. These services aim to ensure continuity of care and help families navigate any challenges they may face during this period.

Available in the Community:

- CareSolace is available to quickly connect the school community to available mental health providers, substance use treatment, and social services matched to their needs. CareSolace can be reached at:
  - Call 888-515-0595. Multilingual support is available 24/7/365
  - Visit www.caresolace.com/mpsfamilies and either search on your own OR click "Book Appointment" for assistance by video chat, email, or phone

Available Nationally:

- National Suicide Prevention Hotline - This organization provides confidential support for adults and youth in distress, including prevention and crisis resources. Available 24 hours at 988 or 1-800-273-8255.
- The Trevor Project - This organization provides suicide prevention and crisis intervention for LGBTQ youth between the ages of 13 and 24. **Available at 1-866-488-7386 or visit** https://www.thetrevorproject.org/**.**
- Big Brothers/Big Sisters of America – This organization is a community- based mentorship program. Community-specific program information can be found online at https://www.bbbs.org or by calling (813) 720-8778.

ADDITIONAL SUPPORT SERVICES

Meals

If meal service is disrupted at the school Magnolia Public Schools will work with our food service providers, following the National School Lunch program distribution meal program guidelines, so that all students are appropriately serviced. This

includes but is not limited to curbside pick-up, delivery, or frozen multiple meal packages. Meal service times will be communicated with families via ParentSquare.

Expanded Learning Program

If the expanded learning program is interrupted, the Charter School will provide expanded learning opportunities, virtually. Virtual expanded learning opportunities will include an academic enrichment (homework help, tutoring, etc.) component and an educational enrichment (E-Sports, virtual field trips, STEAM clubs, etc.) component. If the Charter School's expanded learning program is sub-contracted to a third-party vendor, the Charter School will collaborate with the third party vendor to ensure the proper implementation of expanded learning programming that includes an academic enrichment component and educational enrichment component.

PROFESSIONAL LEARNING

Within a ten (10) day window of moving into remote learning, MPS will provide teachers with training on the tools, platforms, and strategies to be adept at online or paper packet lesson plan development, assessing students, and supporting diverse learners during remote learning. The Charter School will also provide professional development on virtual classroom management.

RETURN TO IN-PERSON LEARNING

The conditions to be met prior to returning to in-person learning may include, but are not limited to the following:

- Evacuation orders lifted
- Power and utilities functioning
- Healthy air quality
- Access to safe and clean water
- Campus free from debris and hazards
- Internet fiber lines connected and functioning
- Staff to cover those affected by the fires
- Kitchens up and running for meals

Multi-Tiered System of Response to Behavior

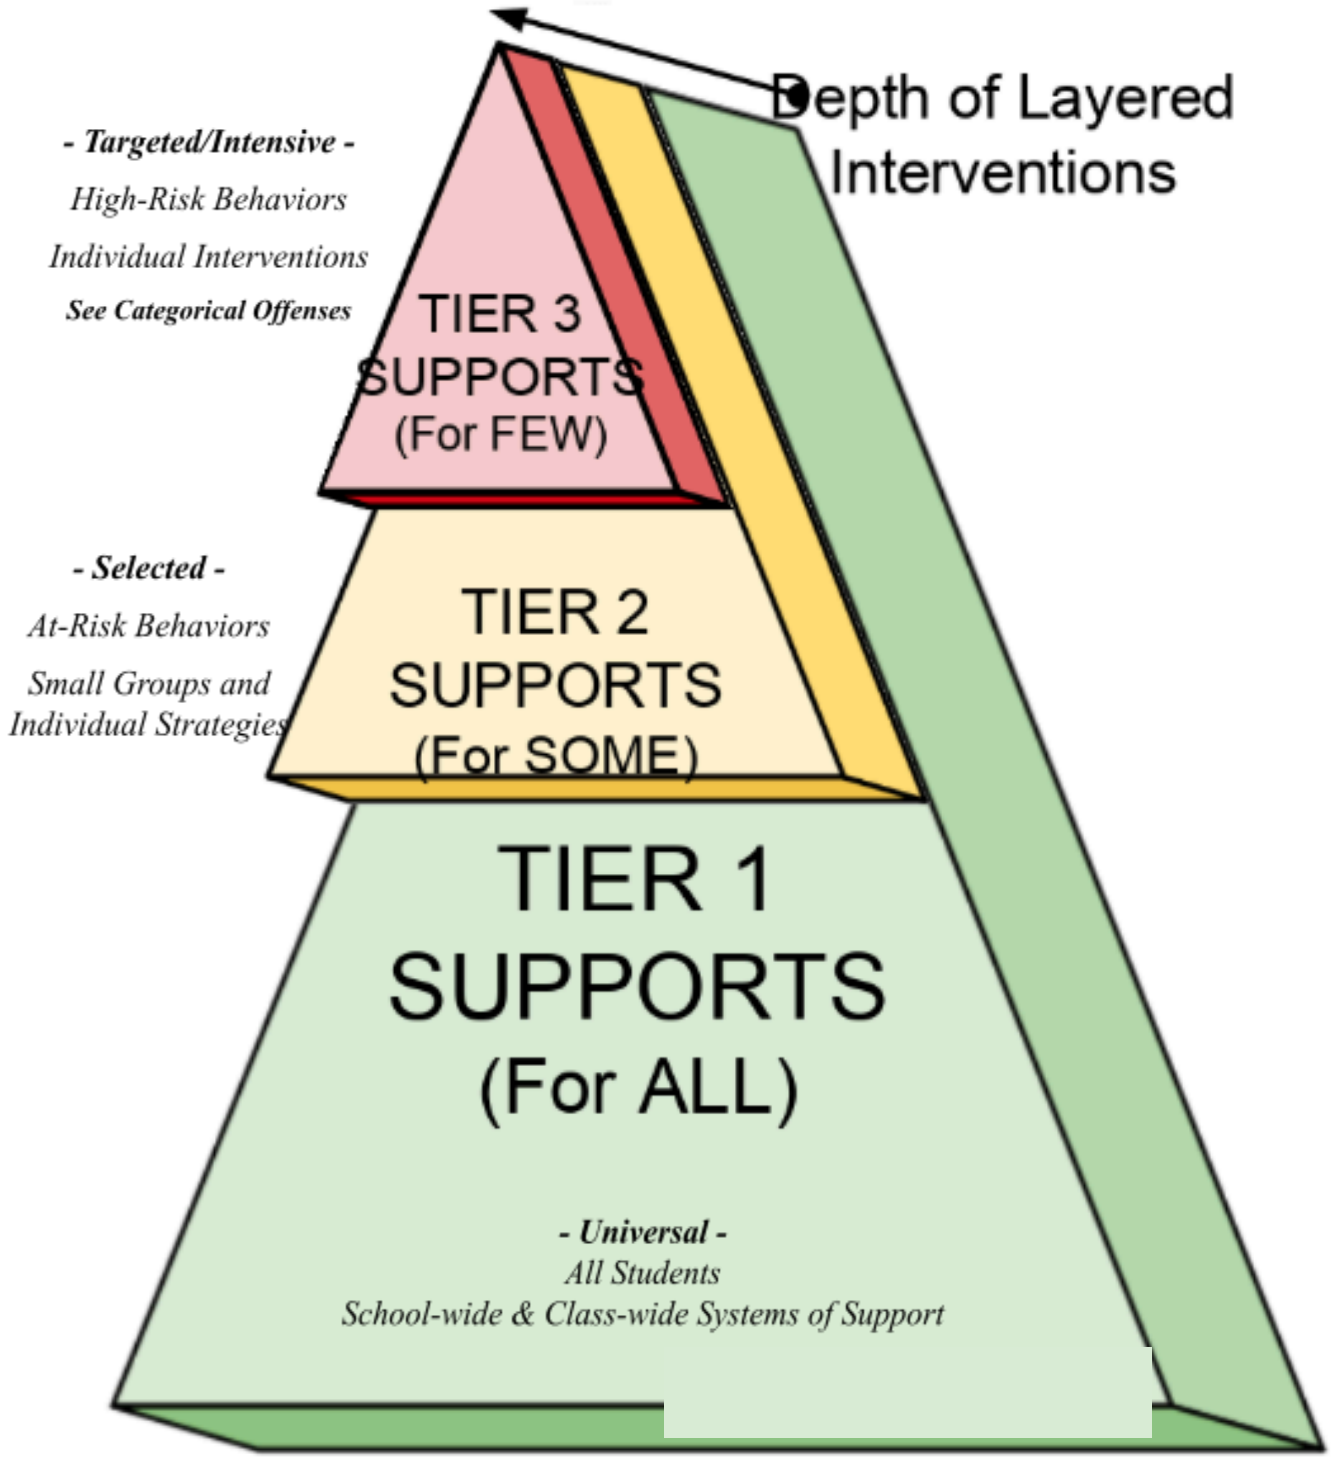
MPS maintains as a priority reinforcing positive behavior through intervention supports. Should students continue to make poor choices the administration team and school staff will create a plan with the parent/guardian to decrease unwanted behaviors and reinforce desired behaviors. Students and guardians have access to the school SIS as a means of staying informed on student progress. The student, family, and school connection is part of the Positive Behavioral Interventions & Supports (PBIS) model for our learning community and it takes collaboration with all educational partners.

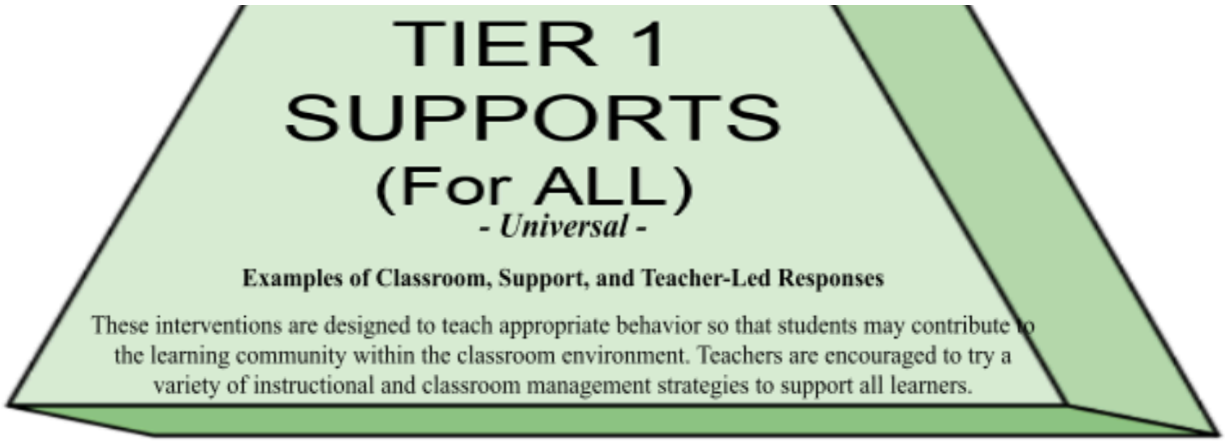
All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words, MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption to the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the rights of students to lawful student expression, as outlined in the “MPS Student Freedom of Speech/Expression Policy” available in the office of each MPS school.

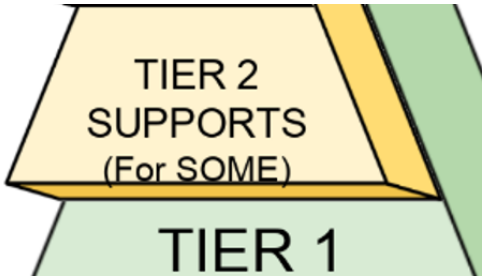
The following charts and tables delineate unacceptable types of behavior in three levels and possible interventions as part of MPS’ system of response to behavior.

Multi-Tiered System of Response to Behavior





Level 1 Infractions	Interventions
• Invading personal space • Antagonizing others • Violation of school/class rules • Horseplaying • Violating off-limits/restricted area • Habitually tardy and/or not being in assigned location • Disrupting the learning environment/Off task • Littering • Not having proper materials, supplies, and/or equipment for class participation • Inappropriate use of electronic devices • Dress code violation • Inappropriate language/actions (hurtful, vulgar, gossip, etc.) • Passive participation in hurtful acts/words against others • Lewd or inappropriate displays of affection • Refusing to cooperate and comply with school rules/personnel	✔ School-wide PBIS ✔ Social-emotional learning program ✔ Proactive classroom management ✔ Regular, preemptive communication with families ✔ Classroom incentives ✔ Seating, assignment, behavioral accommodations ✔ Conferencing with student(s) and parents ✔ Verbal correction and redirection ✔ Reminders, role-play, daily progress sheet ✔ Loss of classroom privileges ✔ Written and/or verbal reflection

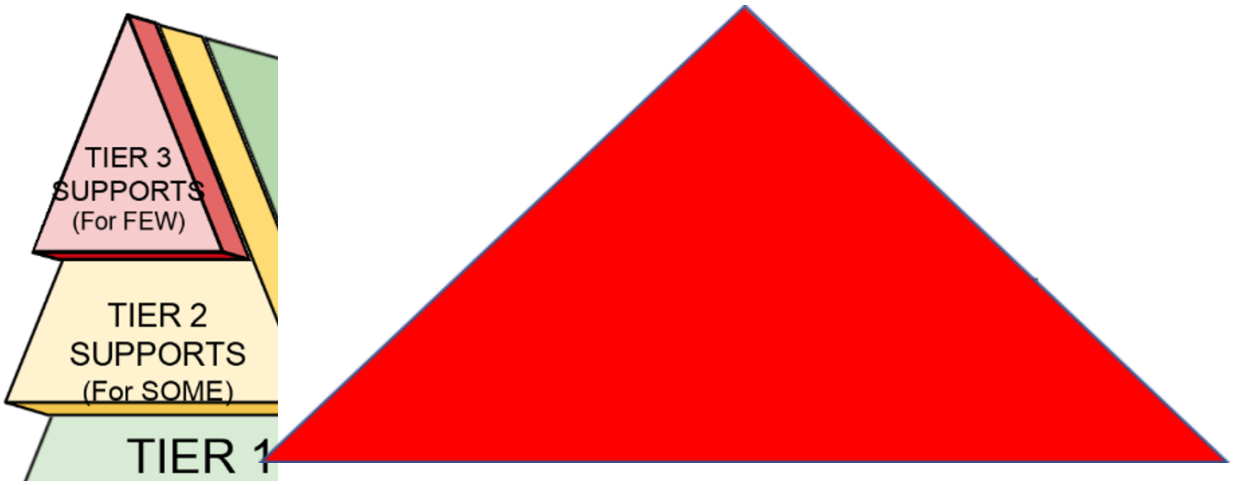


- Selected -

Examples of Support, Removal and Administrative Responses

These responses engage the students' support system to ensure successful learning and to alter conditions that are inappropriate or disruptive.

Level 2 Infractions	Interventions
• Using/possessing tobacco and/or lighter • Violating traffic or safety regulations • Encouraging other students to violate school rules • Leaving school and/or school bus without permission • Fighting and/or arranging altercations • Using objects inappropriately (i.e., the use of an object to harm others or damage property) • Physical assault without serious bodily injury (i.e., pushing with intent, kicking, hitting, pinching, spitting) • Defacing and/or vandalism of school property • Plagiarism/academic dishonesty • Leaving school or classroom without permission (truancy) • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding district filter, etc.) • Stealing and/or possessing stolen property • Failure to attend to/complete assigned restorative action • Gambling or Extortion • Habitual violations of school/class rules • Forgery of signatures • Sexually explicit behavior • Planning and/or arranging actions with malicious intent • Writing or drawing obscene /profane language/pictures • Harassment (i.e., physical, verbal, and sexual) • Bullying/cyberbullying • Violation of personal boundaries • Refusing to cooperate and comply with school rules/personnel	✔ Behavioral contract ✔ Self-monitoring ✔ School-home communication ✔ Adult or peer mentorship ✔ Utilize check-in and check-out system ✔ Intensive academic and/or social support ✔ Reflection (lunch, after school, Saturday, etc.) ✔ Refer student to SSPT ✔ Loss of privileges ✔ Counseling ✔ Temporary removal from class ✔ Extended school day ✔ Suspension and/or expulsion



Level 3 Infractions	Interventions
• Physically assaulting with serious bodily injury • Conduct or habits injurious to others (peers/authority) • Using/possessing controlled and/or dangerous substances and/or paraphernalia • Bullying (harassing, intimidating, cyberbullying) • Fighting and/or arranging altercations • Using/possessing weapons and/or weapon paraphernalia including but not limited to those prohibited under federal law • Harassment (i.e., physical, verbal, and sexual) • Arson, attempting to commit arson and/or possession of explosives/fireworks (i.e., smoke bombs, sink bombs, etc.) • Causing a false fire alarm • Making a bomb/explosive threat • Encouraging other students to violate school rules • Student hazing • Using gang and/or secret society symbols/acts • Inappropriate use of electronic devices • Public displays of sexually explicit behavior • Defacing and/or vandalism of school property • Gambling • Habitual violations of school/class rules • Forgery of signatures • Stealing and/or possessing stolen property • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding school filter, etc.) • Sexual explicit behavior, Lewd Conduct, Writing or drawing obscene /profane language/pictures	✔ All Tier 1 and Tier 2 interventions ✔ FBA-based behavior intervention plans ✔ Teaching replacement behavior ✔ Home and community supports ✔ Self-management program ✔ Restricted access ✔ In-school reflection and/or suspension ✔ Short-term out-of-school suspension ✔ Extended out-of-school suspension ✔ Request for alternate educational setting ✔ Suspension and/or expulsion

Suspension and Expulsion Policy and Procedures

"The procedures by which pupils can be suspended or expelled." (Ed. Code § 47605(b)(5)(J).)

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and well-being of all students at Magnolia Public Schools ("MPS" or "Charter School"). In creating this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describes the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions, and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to an annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this policy and its procedures are available upon request at the Principal's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform the student, the student's parent/guardian, or educational rights holder of the basis for which the student is being involuntarily removed and the student's parent, guardian, or educational rights holder's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons

including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, reflection during and after school hours, use of alternative educational environments, suspension and expulsion.

Positive Behavioral Interventions & Supports (PBIS)

Positive Consequences:

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem-solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues in the school information system but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

Alternatives to Suspension and/or Expulsion

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and the progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Dean /Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

Reflection

Reflection will be held on the assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls, emails, or notes will be accepted for this request.

In School Suspension

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area, not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. The student is expected to complete their classroom assignments and school community service during ISS.

Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; or d) during, going to, or coming from a school-sponsored activity.

Enumerated Offenses

Discretionary Suspension Offenses: Students may be suspended when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

l) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

m) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

n) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

o) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

p) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is

officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

q) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

r) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

u) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
    i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
    ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.
    iii. Causing a reasonable student to experience substantial interference with their academic performance.
    iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
    i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:
(a) Posting to or creating a burn page. A “burn page” means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. “Credible impersonation” means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
(d) An act of cyber sexual bullying.
(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

v) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

w) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

Discretionary Expellable Offenses: Students may be recommended for expulsion when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

    1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

        i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

        ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.

        iii. Causing a reasonable student to experience substantial interference with their academic performance.

        iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

    2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

        i. A message, text, sound, video, or image.

        ii. A post on a social network Internet Web site including, but not limited to:

            (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

            (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Expellable Offenses: Students must be recommended for expulsion when it is determined pursuant to the procedures below that the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4..

If it is determined by the Administrative Panel that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

- The term “knife” means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.
- The term “firearm” means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.
- The term “destructive device” means any explosive, incendiary, or poison gas, including but not limited to: (A) bomb; (B) grenade; (C) rocket having a propellant charge of more than four ounces; (D) missile having an explosive or incendiary charge of more than one-quarter ounce; (E) mine; or (F) device similar to any of the devices described in the preceding clauses.

Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. **Conference**

   Suspension shall be preceded, if possible, by a conference conducted by the Principal or designee with the student and the student’s parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal or designee.

   The conference may be omitted if the Principal or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

   At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student’s parent/guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student’s parent/guardian at the conference.

2. **Notice to Parents/Guardians**

   At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. In addition, the notice may also state the time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. **Suspension Time Limits/Recommendation for Expulsion**

   Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Principal or designee, the student and the student’s parent/guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student’s parent/guardian, unless the student and the student’s parent/guardian fail to attend the conference.

This determination will be made by the Principal or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. **Homework Assignments During Suspension**

   In accordance with Education Code Section 48913.5, upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

   In accordance with Education Code Section 48913.5(b), if a homework assignment that is requested pursuant to Section 48913.5(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

5. **Suspension Appeals**

   Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made in writing to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will comprise of at least one school administrator (serves as procedural advisor), and at least two teachers, and may also include a non-certificated employee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final and will be delivered to the parent/guardian in a written response. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

   - Uphold the suspension
   - Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record or shared with anyone not directly involved in the proceedings.

Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled by a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the Student nor a member of the Charter School Board of Directors. The Administrative Panel shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.

It is preferable for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. The Administrative Panel may expel any student found to have committed an expellable offense.

Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the

Principal or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of MPS' disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Special Procedures for Expulsion Hearing Involving Sexual Assault or Battery Offenses

MPS may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) calendar days notice of their scheduled testimony; (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent/guardian or legal counsel; and (c) elect to have the hearing closed while testifying.
2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness

to the witness stand.

7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to their previous educational program.

The Administrative Panel may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Administrative Panel. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Administrative Panel may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Administrative Panel revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Administrative Panel shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Administrative Panel shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

Written Notice to Expel

The Principal or designee, following a decision of the Administrative Panel to expel, shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student and student's parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures

The Principal or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

Disciplinary Records

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the authorizer upon request.

Expulsion Appeals

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within fifteen (15) working days of receipt of a timely written request for an appeal. *(This timeline supersedes the timeline statement in the charter petition if different.)*

At the hearing on the appeal, the student shall have the right to present evidence. The Board will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and MPS. That decision shall be final.

Interim Placement

MPS shall be responsible for the appropriate interim placement of students during and pending the completion of the MPS's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

MPS shall work with the District for an interim placement or other alternative programs. Should MPS determine after the referral that the student will remain at MPS pending the expulsion hearing based on the best interest of

the student, or if MPS secures another alternative interim placement at another charter school or school within its CMO, if appropriate and aligned with applicable charter petitions, MPS will notify the District of such determination.

Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to the Charter School for readmission.

Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board of Directors following a meeting with the Principal or designee and the student and student's parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Principal or designee shall make a recommendation to the Board of Directors following the meeting regarding the Principal's or designee's determination. The Board shall then make a final decision regarding the readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Involuntary Removal for Truancy

As charter schools are schools of choice and as a charter school student who fails to attend school is potentially depriving another student of their opportunity to enroll, a student may be involuntarily removed as described within the Charter School's Board adopted Attendance Policy for truancy and only after the Charter School follows the requirements of the Attendance Policy and only in accordance with the policy described above which requires notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal. Students who are involuntarily removed for truancy will be given a rehabilitation plan and will be subject to the readmission procedures set forth herein.

Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. **Notification of SELPA/District**
   The Charter School shall immediately notify the SELPA/District and coordinate the procedures in this policy with the SELPA/ District of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. **Services During Suspension**
   Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as

appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
c. Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent/guardian and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to

others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.
c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Students with an IEP

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, according to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See above: Suspension and Expulsion Procedures for more information.

Procedures for Notifying Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

This notification will be provided on our school letterhead:

To: ALL CERTIFICATED STAFF
From: **Admin**
Re: Student Suspension Information

Education Code 49079 and Welfare and Institutions Code 827 require that teachers be notified of the reason(s) a student has been suspended. We have incorporated this notification into the existing "Attendance Reporting screen". On the daily attendance report, when a student is suspended, it will show in Infinite Campus. *The information provided is for the student's current teachers only. All information regarding suspension and expulsion is **CONFIDENTIAL**, and is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it.*
The following are examples of Ed. Code 48900 and 48915 violations that may appear on your report.
E.C. 48900

- a(1) Cause, attempted to cause, or threatened to cause physical injury to another person
- a(2) Willfully used force or violence upon the person of another, except in self-defense
- (b) Possessed, sold or otherwise furnished any firearm, knife, explosive or other dangerous object
- (c) Unlawfully possessed, used, sold or otherwise furnished, or been under the influence of, a controlled substance, alcoholic beverage, or an intoxicant of any kind
- (d) Unlawfully offered, arranged or negotiated to sell a controlled substance, alcoholic beverage, or an intoxicant of any kind, and either sold, delivered, or otherwise furnished to a person an imitation
- (e) Committed or attempted to commit robbery or extortion
- (f) Caused or attempted to cause damage to school or private property
- (g) Stolen or attempted to steal school or private property
- (h) Possessed or used tobacco, or products containing tobacco or nicotine products
- (i) Committed an obscene act or engaged in habitual profanity or vulgarity
- (j) Unlawfully possessed or unlawful offered, arranged, or negotiated to sell drug paraphernalia
- (k) Disrupted school activities or winfully defied the valid authority of school personnel (Grades 9-12 only)
- (i) Knowingly received stolen school or private property
- (n) Committed or attempted to commit a sexual assault or committed a sexual battery
- (o) Harassed, threatened, or intimidated a pupil who is a complaining witness or witness in a school disciplinary proceeding
- (p) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma
- (r) Engaged in an act of bullying
- (t) Aided and abetted the infliction or attempted infliction of physical injury or serious bodily injury to another person
- .2 Committed sexual harassment (Grades 4-12 only)
- .3 Caused, attempted to cause, threatened to cause, or participated in an act of, hate violence (Grades 4-12 onry)
- .4 Intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils (Grades 4-12 only)
- .7 Made terroristic threats against school officials or school property, or both

E.C. 48915(a)(1)

- A. Causing serious physical injury to another person, except in self-defense
- B. Possession of a knife or other dangerous object.
- C. Unlawful possession of any controlled substance.
- D. Robbery or extortion.
- E. Assault or battery upon a school employee.

E.C. 48915(c)

- 1. Possessing, sefling or otherwise furnishing a firearm.
- 2. Brandishing a knife at another person.
- 3. Unlawfully selling a controlled substance.
- 4. Committing or attempting to comm.it a sexual assault or committing a sexual battery
- 5. Possession of an explosive

Title IX Policy Prohibiting Discrimination on the Basis of Sex

This Title IX Policy Prohibiting Discrimination on the Basis of Sex ("Policy") contains the policies and grievance procedures of Magnolia Public Schools ("MPS") to address sex discrimination, including but not limited to sexual harassment, occurring within MPS's education program or activity.

MPS does not discriminate on the basis of sex and prohibits any acts of sex discrimination in any education program or activity that it operates, as required by California law, Title IX (20 U.S.C. § 1681 et seq.) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.

This Policy applies to conduct occurring in MPS's education programs or activities including but not limited to incidents occurring on the school campus, during school-sponsored events and activities regardless of the location, and through school-owned technology, whether perpetrated by a student, parent/guardian, employee, volunteer, independent contractor or other person with whom MPS does business.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 (hereinafter collectively referred to as "Title IX") may be referred to the MPS Title IX Coordinator, the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

Definitions

Prohibited Sex Discrimination

Title IX and California law prohibit discrimination on the basis of sex, including sex-based harassment and differences in the treatment of similarly situated individuals on the basis of sex with regard to any aspect of services, benefits, or opportunities provided by MPS.

Prohibited Sexual Harassment

Under Title IX, "sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

- An employee of MPS conditioning the provision of an aid, benefit, or service of MPS on an individual's participation in unwelcome sexual conduct;
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to MPS's education program or activity; or

- "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

Under California Education Code section 212.5, sexual harassment consists of conduct on the basis of sex, including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through MPS.

Examples of conduct that may fall within the Title IX or the Education Code definition of sexual harassment, or both:

- Physical assaults of a sexual or sex-based nature, such as:

  o Rape, sexual battery, molestation or attempts to commit these assaults.

  o Intentional physical conduct that is sex-based or sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, poking another's body, violence, intentionally blocking normal movement or interfering with work or school because of sex.

- Unwanted sexual advances or propositions, derogatory sex-based comments, or other sex-based conduct, such as:

  o Sexually oriented or sex-based gestures, notices, epithets, slurs, remarks, jokes, or comments about a person's sexuality or sexual experience.

  o Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.

  o Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.

  o Retaliation against an individual who has articulated a good faith concern about sex-based harassment.

- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:

  o Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or

bringing or possessing any such material to read, display or view in the work or educational environment.

o Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.

o Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

Formal Complaint of Sexual Harassment means a written document filed and signed by a complainant who is participating in or attempting to participate in MPS's education program or activity or signed by the Coordinator alleging sexual harassment against a respondent and requesting that MPS investigate the allegation of sexual harassment. At the time of filing a formal complaint of sexual harassment, the complainant must be participating in or attempting to participate in MPS's education program or activity.

Party means a complainant or respondent.

Respondent means a person who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Supportive Measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to a party before or after the filing of a formal complaint of sexual harassment or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to MPS's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or MPS's educational environment, or deter sexual harassment.

Title IX Coordinator

The Board of Directors of MPS ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

Meagan Wittek

Director of Student Services

250 E 1st Street, Suite 1500

Los Angeles, CA, 90012

Office: (213) 628-3634 | Fax: (714) 362-9588

mwittek@magnoliapublicschools.org

In the event the above-named individual becomes unavailable or unable to serve as the Coordinator, the Board has designated the following employee to serve as a temporary or interim Coordinator:

Gokhan Serce

Chief Academic Officer

250 E 1st Street, Suite 1500, Los Angeles, CA, 90012 Office: (213) 628-3634 | Fax: (714) 362-9588

gserce@magnoliapublicschools.org

The Coordinator is responsible for coordinating MPS's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination, formal complaints of sexual harassment, and inquiries about the application of Title IX to MPS, coordinating the effective implementation of supportive measures, and taking other actions as required by this Policy. The Coordinator or designee may serve as the investigator for formal complaints of sexual harassment.

Reporting Sex Discrimination

All employees must promptly notify the Coordinator when the employee has knowledge of or notice of allegations of sex discrimination or sexual harassment occurring within MPS's education program or activity.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. MPS will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Privacy

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with

the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual.

Response to Sexual Harassment

MPS will respond promptly and in a manner that is not deliberately indifferent when it has actual knowledge, as defined in 34 C.F.R. § 106.30(a), of sexual harassment occurring in its education program or activity against a person in the United States.

MPS's response will treat complainants and respondents equitably by offering supportive measures to a complainant, and by following the grievance procedures for formal complaints of sexual harassment that are listed below before imposing any disciplinary sanctions or other actions that are not supportive measures on a respondent for sexual harassment under Title IX.

Supportive Measures

Once notified of sexual harassment or allegations of sexual harassment occurring in MPS's education program or activity against a person in the United States, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint of sexual harassment.

Supportive measures may include but are not limited to: counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; mutual restrictions on contact between the parties; changes in work or on-campus housing locations; leaves of absence; increased security and monitoring of certain areas of the campus; and other similar measures.

Supportive measures will not unreasonably burden either party or be imposed for punitive or disciplinary reasons. MPS will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair MPS's ability to provide the supportive measures. The Coordinator is responsible for coordinating the effective implementation of supportive measures.

Grievance Procedures

Scope and General Requirements

MPS has adopted and published grievance procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited under Title IX and a grievance process that complies with 34 C.F.R. § 106.45 for formal complaints of sexual harassment.

Complaints of misconduct prohibited by this Policy that do not constitute a formal complaint of sexual harassment will be addressed in accordance with MPS's Uniform Complaint Procedures, its employment discrimination complaint procedures, or the grievance procedures set forth in its Harassment, Intimidation, Discrimination, and Bullying Policy, as applicable. The following grievance procedures will apply to formal complaints of sexual harassment.

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

MPS requires that any Title IX Coordinator, investigator, decisionmaker, and any person designated by MPS to facilitate an informal resolution process not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

MPS will treat complainants and respondents equitably. MPS presumes that the respondent is not responsible for the alleged sexual harassment until a determination is made at the conclusion of its grievance procedures.

MPS may consolidate formal complaints of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, where the allegations of sexual harassment arise out of the same facts or circumstances.

MPS allows for the temporary delay of the grievance process or limited extension of timeframes on a case-by-case basis for good cause. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If the grievance process is temporarily delayed or a timeframe is temporarily extended by MPS, the Coordinator or designee will notify the parties of the reason for the delay or extension in writing.

MPS will objectively evaluate all evidence that is relevant and not otherwise impermissible, including both inculpatory and exculpatory evidence. Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

Dismissal

MPS must dismiss a formal complaint of sexual harassment for purposes of sexual harassment under Title IX if the conduct alleged:

- Would not constitute sexual harassment under Title IX even if proved;
- Did not occur in MPS's education program or activity; or
- Did not occur against a person in the United States.

MPS may dismiss a formal complaint of sexual harassment or any of the allegations therein if:

- The respondent is no longer enrolled or employed by MPS;
- A complainant notifies the Coordinator in writing that the complainant would like to withdraw the complaint or any allegations therein; or
- Specific circumstances prevent MPS from gathering sufficient evidence to reach a determination as to the complaint or allegations therein.

Upon dismissal, the Coordinator or designee will promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties. Dismissal under Title IX does not preclude action under another applicable MPS policy.

Notice of the Allegations

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will provide written notice of the allegations to the parties whose identities are known. The notice will include:

- MPS's grievance procedures and any informal resolution process;
- The allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details includes the identities of the parties involved in the incident(s), if known, the conduct allegedly constituting sexual harassment under Title IX, and the date(s) and location(s) of the alleged incident(s), if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and a determination regarding responsibility is made at the conclusion of the grievance process;
- A statement that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence; and
- A statement that MPS prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

Emergency Removal

MPS may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with MPS's policies.

MPS may remove a respondent from MPS's education program or activity on an emergency basis, in accordance with MPS's policies, provided that MPS undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any person arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Informal Resolution

At any time after a formal complaint of sexual harassment is filed and prior to determining whether sexual harassment occurred under MPS's Title IX grievance procedures, MPS may offer an informal resolution process to the parties. MPS will not offer or facilitate informal resolution to resolve allegations that an employee sexually harassed a student, or when such a process would conflict with Federal, State, or local law. Parties will not be required or pressured to agree to participate in the informal resolution process.

Before initiation of the informal resolution process, MPS will obtain the parties' voluntary, written consent to participate in the informal resolution and provide the parties with a written notice that explains:

- The allegations;
- The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint of sexual harassment arising from the same allegations;
- The right to withdraw and initiate or resume the grievance procedures at any time prior to agreeing to a resolution; and
- Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Investigation

In most cases, a thorough investigation will take no more than thirty (30) business days. MPS has the burden to conduct an investigation that gathers sufficient evidence to determine whether sexual harassment occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed, considered, or disclosed), regardless of whether they are relevant:

- A party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless MPS obtains that party's voluntary, written consent to do so for these grievance procedures; and

- Evidence about the complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview. The parties will not be prohibited from discussing the allegations under investigation or from gathering and presenting relevant evidence. A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.

Before the investigator completes the investigative report, MPS will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator to consider prior to completing the investigation report.

The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.

Determination of Responsibility

Before making a determination of responsibility, the decisionmaker must afford each party the opportunity to submit written, relevant questions that a party wants to ask of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decisionmaker must explain to the party proposing the questions any decision to exclude a question as not relevant.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within fifteen (15) business days after MPS sends the investigation report to the parties, the decisionmaker, who will not be the same person as the Coordinator or investigator, will simultaneously send the parties a written determination of whether sexual harassment occurred. The written determination will include:

- The allegations of sexual harassment;
- A description of the procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;

- The findings of facts supporting the determination;
- The conclusions regarding the application of MPS's code of conduct to the facts;
- The decision and rationale for each allegation;
- Any recommended disciplinary sanctions for the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
- The procedures and permissible bases for appeals.

The determination regarding responsibility becomes final either on the date that MPS provides the parties with the written appeal decision, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Appeals

Either party may, within five (5) business days of their receipt of MPS's written determination of responsibility or dismissal of a formal complaint of sexual harassment, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal.

The complainant and respondent may only appeal from a determination regarding responsibility or MPS's dismissal of a formal complaint of sexual harassment or any allegations therein, on one or more of the following bases:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; or
- The Coordinator, investigator(s), or decisionmaker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The decisionmaker for the appeal will not be the same person as the Coordinator, the investigator or the initial decisionmaker.

The decisionmaker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of notice of the appeal; and 4) within fifteen (15) business days of the appeal, provide a written decision simultaneously to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process, may be subject to disciplinary action up

to and including expulsion from MPS or termination of employment. If there is a determination that sexual harassment occurred, the Coordinator is responsible for effective implementation of any remedies ordered by MPS.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All Title IX Coordinators, investigators, decisionmakers, and any person who facilitates a Title IX informal resolution process will receive Title IX training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

MPS will maintain the following records for at least seven (7) years:

- Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent; and any remedies provided to the complainant;
- Records of any appeal of a formal complaint or sexual harassment and the results of that appeal;
- Records of any informal resolution of a formal complaint or sexual harassment and the results of that informal resolution;
- All materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process; and
- Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

TITLE IX SEX DISCRIMINATION AND HARASSMENT COMPLAINT FORM

Your Name: _____ Date: _____

Email Address: _____

Date of Alleged Incident(s): _____

Name of Person(s) you have a complaint against: _____

List any witnesses that were present: _____

Where did the incident(s) occur? _____

Please describe the events or conduct that are the basis of your complaint by providing as much factual detail as possible (i.e., specific statements and conduct; what, if any, physical contact was involved; any verbal statements etc.) (Attach additional pages, if needed):

_____
_____
_____
_____

I hereby authorize MPS to disclose the information I have provided as it finds necessary in pursuing its investigation. Harassment, Intimidation, Discrimination, and Bullying Policy

Discrimination, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") prohibits any acts of discrimination, harassment, intimidation, and bullying altogether.

As used in this policy, discrimination, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locs, and twists), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, MPS will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. MPS school staff who witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

This policy applies to incidents occurring on the school campus, at school-sponsored events and activities regardless of the location, through school-owned technology, and through other electronic means, whether perpetrated by a student, employee, parent/guardian, volunteer, independent contractor or other person with whom MPS does business, and all acts of MPS's Board of Directors ("Board") in enacting policies and procedures that govern MPS.[1]

MPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

Definitions

Harassment means conduct based upon one or more of the protected characteristics listed above that is severe or pervasive, which unreasonably disrupts an individual's educational or work environment or that creates a hostile educational or work environment. Harassment includes, but is not limited to:

[1] This policy becomes effective on August 1, 2024. Conduct occurring before August 1, 2024 will be addressed in accordance with the former version of this policy, which was entitled "Title IX, Harassment, Intimidation, Discrimination and Bullying Policy."

- Verbal conduct such as epithets, derogatory jokes, comments or slurs.
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work or school based on any of the protected characteristics listed above.
- Retaliation for reporting or threatening to report harassment.
- Deferential or preferential treatment based on any of the protected characteristics listed above.

Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student or group of students that may constitute hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing a reasonable student [2] or students in fear of harm to that student's or those students' person or property.
- Causing a reasonable student to experience a substantially detrimental effect on the student's physical or mental health.
- Causing a reasonable student to experience a substantial interference with the student's academic performance.
- Causing a reasonable student to experience a substantial interference with the student's ability to participate in or benefit from the services, activities, or privileges provided by MPS.

Cyberbullying is an electronic act that includes the transmission of harassing communication, direct threats, or other harmful texts, sounds, video or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Electronic act means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- A message, text, sound, video, or image.
- A post on a social network Internet Web site including, but not limited to:
    - Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in the definition of "bullying," above.
    - Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in the definition of "bullying," above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
    - Creating a false profile for the purpose of having one or more of the effects listed in the definition of "bullying," above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
- An act of "Cyber sexual bullying" including, but not limited to:
    - The dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects

[2] "Reasonable student" is defined as a student, including, but not limited to, a student with exceptional needs, who exercises average care, skill and judgment in conduct for a person of the student's age, or for a person of the student's age with the student's exceptional needs.

described in definition of "bullying," above. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

- "Cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

- Notwithstanding the definitions of "bullying" and "electronic act" above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

Bullying and Cyberbullying Prevention Procedures

MPS has adopted the following procedures for preventing acts of bullying, including cyberbullying.

Cyberbullying Prevention Procedures

MPS advises students:

- To never share passwords, personal data, or private photos online.
- To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- To consider how it would feel receiving such comments before making comments about others online.

MPS informs its employees, students, and parents/guardians of MPS's policies regarding the use of technology in and out of the classroom. MPS encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

Education

MPS employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. MPS advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at MPS and encourages students to practice compassion and respect each other.

MPS educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

MPS's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

MPS informs MPS employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

Professional Development

MPS annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other MPS employees who have regular interaction with students.

MPS informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

MPS also informs certificated employees about the groups of students determined by MPS and available research to be at elevated risk for bullying and provides its certificated employees with information on existing school and community resources related to the support of these groups. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

MPS encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for MPS's students.

Complaint Procedures

Scope of the Complaint Procedures

MPS will comply with its Uniform Complaint Procedures ("UCP") policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person's association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- Are written and signed;
- Filed by an individual who alleges that they have personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying based on a protected characteristic, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- Submitted to the MPS UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

MPS will comply with its Title IX Policy when investigating and responding to complaints alleging sex discrimination, including sex-based harassment, in its education program or activity, as applicable.

The following procedures shall be utilized for complaints of misconduct prohibited by this Policy that do not fall within the scope of MPS's Title IX Policy or comply with the writing, timeline, or other formal filing requirements of the UCP. A copy of MPS's Title IX Policy and UCP is available in the main office and on MPS websites.

Submitting a Report or Complaint

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this Policy for reporting alleged acts of misconduct prohibited by this Policy.

Reports and complaints of misconduct prohibited by this Policy shall be submitted to the Principal (or the Chief Executive Officer and Superintendent if the complaint is against the Principal) as soon as possible after the incidents giving rise to the report or complaint.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, and MPS will investigate and respond to all oral and written reports of misconduct prohibited by this Policy, the reporting party is encouraged to submit a written report. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy and other verbal or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter and/or complainant confidential, as appropriate, except to the extent necessary to comply with applicable law, carry out the investigation and/or to resolve the issue, as determined by MPS on a case-by-case basis.

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments

of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy.

Investigation and Response

Upon receipt of a report or complaint of misconduct prohibited by this Policy, the Principal or designee will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days.

At the conclusion of the investigation, the Principal or designee will, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation and resolution of the incident/situation. However, the Principal or designee will not reveal confidential information related to other students or employees.

If the complaint is against the Principal, the Chief Executive Officer and Superintendent or designee will conduct a fact-finding investigation and provide the complainant with information about the investigation and resolution of the incident/situation.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from MPS or termination of employment.

Right of Appeal

Should a complainant find MPS's resolution unsatisfactory, for complaints within the scope of this Policy, the complainant may, within five (5) business days of notice of MPS's decision or resolution, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal will notify the complainant of the final decision.

Uniform Complaint Policy and Procedures

Uniform Complaint Procedures (UCP) Policies and Procedures

Magnolia Public Schools ("MPS" or "Charter School") complies with applicable federal and state laws and regulations. MPS is the local agency primarily responsible for compliance with federal and state laws and regulations governing educational programs. Pursuant to this policy, persons responsible for compliance and/or conducting investigations shall be knowledgeable about the laws and programs, which they are assigned to investigate.

Scope

This complaint procedure is adopted to provide a uniform system of complaint processing ("UCP") for the following types of complaints:

1. Complaints alleging unlawful discrimination, harassment, intimidation or bullying against any protected group on the basis of the actual or perceived characteristics of age, ancestry, color, mental disability, physical disability, ethnic group identification, immigration status, citizenship, gender expression, gender identity, gender, genetic information, nationality, national origin, race or ethnicity, religion, medical condition, marital status, sex, or sexual orientation, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any MPS program or activity.
2. Complaints alleging a violation of state or federal law or regulation governing the following programs:
    - Accommodations for Pregnant and Parenting Pupils;
    - Adult Education;
    - After School Education and Safety;
    - Career Technical Education;
    - Career Technical and Technical Training;
    - Child Care and Development;
    - Compensatory Education;
    - Consolidated Application;
    - Course Periods without Educational Content;
    - Education of Pupils in Foster Care, Pupils who Are Homeless, Migratory Pupils, former Juvenile Court Pupils now Enrolled in a public school and Children of Military Families;
    - Every Student Succeeds Act;
    - Local Control & Accountability Plans (LCAP)/LCFF;
    - Migrant Education;
    - Physical Education Instructional Minutes;
    - Pupil Fees;
    - Reasonable Accommodations to a Lactating Pupil;
    - Regional Occupational Centers and Programs;
    - School Plans for School Achievement;
    - School Safety Plans;
    - Schoolsite Councils.
3. Complaints alleging that a student enrolled in a public school was required to pay a pupil fee for participation in an educational activity as those terms are defined below.
    a. "Educational activity" means an activity offered by the charter school that constitutes an integral fundamental part of elementary and secondary education, including, but not limited to, curricular and extracurricular activities.

b. "Pupil fee" means a fee, deposit or other charge imposed on students, or a student's parents/guardians, in violation of Education Code section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees or request special waivers, as provided for in *Hartzell v. Connell* (1984) 35 Cal.3d 899. A pupil fee includes, but is not limited to, all of the following:

    i. A fee charged to a student as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory or is for credit.

    ii. A security deposit, or other payment, that a student is required to make to obtain a lock, locker, book, class apparatus, musical instrument, uniform or other materials or equipment.

    iii. A purchase that a student is required to make to obtain materials, supplies, equipment or uniforms associated with an educational activity.

c. A pupil fees complaint and complaints regarding local control and accountability plans ("LCAP") only, may be filed anonymously (without an identifying signature), if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with Education Code sections 52060 - 52077, including an allegation of a violation of Education Code sections 47606.5 or 47607.3, as referenced in Education Code section 52075, regarding local control and accountability plans.

d. If MPS finds merit in a pupil fees complaint, or the California Department of Education ("CDE") finds merit in an appeal, MPS shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by MPS to ensure full reimbursement to all affected students and parents/guardians, subject to procedures established through regulations adopted by the state board.

e. Nothing in this Policy shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or MPS and other entities from providing student prizes or other recognition for voluntarily participating in fundraising activities.

Complaints alleging noncompliance with the requirements governing the Local Control Funding Formula ("LCFF") or LCAP under Education Code sections 47606.5 and 47607.3, as applicable. If MPS adopts a School Plan for Student Achievement in addition to its LCAP, complaints of noncompliance with the requirements of the School Plan for Student Achievement under Education Code sections 64000, 64001, 65000, and 65001 shall also fall under this Policy.

Complaints alleging noncompliance regarding child nutrition programs established pursuant to Education Code sections 49490-49590 are governed by Title 7, Code of Federal Regulations ("C.F.R.") sections 210.19(a)(4), 215.1(a), 220.13(c), 225.11(b), 226.6(n), and 250.15(d) and Title 5, California Code of Regulations ("C.C.R.") sections 15580 - 15584.

Complaints alleging noncompliance regarding special education programs established pursuant to Education Code sections 56000-56865 and 59000-59300 are governed by the procedures set forth in 5 C.C.R. sections 3200-3205 and 34 C.F.R. sections 300.151-300.153.MPS acknowledges and respects every individual's rights to privacy. Unlawful discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects (to the greatest extent reasonably possible and as permitted by law) confidentiality of the parties, including but not limited to the identity of the complainant, and maintains the integrity of the process. MPS cannot guarantee anonymity of the complainant. This includes keeping the identity of the complainant confidential. However, MPS will attempt to do so as appropriate. MPS may find it necessary to disclose information regarding the complaint/complainant to the extent required by law or necessary to carry out the investigation or

proceedings, as determined by the CEO, MPS campus Principal, or designee on a case-by-case basis. MPS shall ensure that complainants are protected from retaliation.

Compliance Officer

The Board of Directors designates the following compliance officer(s) to receive and investigate complaints and to ensure MPS' compliance with law:

CEO and Superintendent
Magnolia Public Schools
250 E. 1st St STE 1500
Los Angeles, CA 90012
(213) 628-3634

Upon receipt of a complaint, the CEO will appropriately assign to the Principal of the MPS campus attended by the complainant. That Principal and/or designee shall investigate the complaint, with oversight by the CEO.

The CEO or designee shall ensure that the compliance officer(s) designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. The compliance officer may have access to legal counsel as determined by the CEO or designee.

Should a complaint be filed against the CEO, the compliance officer for that case shall be the President of the MPS Board of Directors.

Notifications

The CEO or designee shall make available copies of this Policy free of charge. The annual notice of this Policy will be made available on MPS' website.

MPS shall annually provide written notification of MPS' UCP to employees, students, parents/guardians, advisory committees, private school officials or representatives, and other interested parties as applicable.

The annual notice shall be in English. When necessary under Education Code section 48985, if fifteen (15) percent or more of the students enrolled in MPS speak a single primary language other than English, this annual notice will also be provided to the parent/guardian of any such students in their primary language.

The annual notice shall include the following:

1. A list of the types of complaints that fall under the scope of the UCP and the state and federal provisions that govern complaints regarding child nutrition programs and special education programs.
2. A statement clearly identifying any California State preschool programs that MPS is operating as exempt from licensing pursuant to Health and Safety Code section 1596.792(o) and corresponding Title 5 health and safety regulations, and any California State preschool programs that MPS is operating pursuant to Title 22 licensing requirements.
3. A statement that MPS is primarily responsible for compliance with federal and state laws and regulations.
4. A statement that a student enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.
5. A statement identifying the title of the compliance officer, and the identity(ies) of the person(s) currently occupying that position, if known.
6. A statement that if a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.
7. A statement that the complainant has a right to appeal MPS' decision to the CDE by filing a written appeal within thirty (30) calendar days of the date of MPS' decision, except if MPS has used its UCP to address a complaint that is not subject to the UCP requirements.
8. A statement that a complainant who appeals MPS' decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended

by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.

9. A statement that if MPS finds merit in a UCP complaint, or the CDE finds merit in an appeal, MPS shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.
10. A statement advising the complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to Education Code section 262.3.
11. A statement that copies of MPS' UCP shall be available free of charge.

Procedures

The following procedures shall be used to address all complaints which allege that MPS has violated federal or state laws or regulations enumerated in the section "Scope," above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, including a person's duly authorized representative or an interested third party, public agency, or organization may file a written complaint of alleged noncompliance or unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy.

A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the CEO, Principal, or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the CEO, Principal, or designee shall be made in writing. The period for filing may be extended by the CEO, Principal, or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The CEO, Principal, or designee shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the MPS Board of Directors approved the LCAP or the annual update was adopted by MPS.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, MPS staff shall assist the complainant in the filing of the complaint.

Step 2: Mediation

Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process. Before initiating the mediation of an unlawful discrimination, harassment,

intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information. If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint. The use of mediation shall not extend MPS' timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

Step 3: Investigation of Complaint
The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or a complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

MPS' refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

Step 4: Final Written Decision
MPS shall issue an investigation report (the "Decision") based on the evidence. MPS' Decision shall be in writing and sent to the complainant within sixty (60) calendar days of MPS' receipt unless the timeframe is extended with the written agreement of the complainant. MPS' Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion providing a clear determination for each allegation as to whether MPS is in compliance with the relevant law.
3. Corrective actions, if MPS finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal MPS' Decision within thirty (30) calendar days to the CDE, except when MPS has used its UCP to address a complaints that are not subject to the UCP requirements.
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of MPS' expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

Appeals to the CDE

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) calendar days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with MPS and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. MPS failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, MPS's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in MPS' Decision are not supported by substantial evidence.
4. The legal conclusion in MPS' Decision is inconsistent with the law.
5. In a case in which MPS' Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE that the complainant has appealed the Decision, the Principal or designee, under oversight by the CEO, shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.
4. A report of any action taken to resolve the complaint.
5. A copy of MPS' complaint procedures.
6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to MPS for resolution as a new complaint. If the CDE notifies MPS that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, MPS will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decision remains in effect and enforceable, unless stayed by a court. The CDE may directly intervene in the complaint without waiting for action by MPS when one of the conditions listed in 5 C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, MPS has not taken action within sixty (60) calendar days of the date the complaint was filed with MPS.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of MPS' complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if MPS has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

General Complaint Procedures

The ultimate purpose of this general complaint procedure is to encourage the growth and development of MPS as a healthy community. Conflict is often a part of any development or growth process and may arise in any community. An effective process for resolving conflict is therefore both consistent with the vision and mission of MPS, and an essential component of the communication model that our School has adopted.

MPS recognizes that effective communication is paramount in effective conflict resolution and therefore strongly encourages communication strategies that include: Taking personal responsibility for one's own feelings and needs; communication that mutually acknowledges the needs and concerns of one another; and demonstrating honesty and integrity in every interaction.

LEVEL 1: Direct Resolution

If reasonably possible, general complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the person directly using conflict resolution skills without the intervention of a supervisor or other School administrator. It is the hope of MPS that most disputes can be resolved informally by direct and healthy communication between individuals. Such attempts at informal resolution should be documented in writing to assist the Principal (or CEO & Superintendent) and/or Board of Directors to participate effectively in the conflict's resolution.

Examples:

- Pedagogical issues pertaining to anything that occurs in the classroom, i.e., teaching, curriculum, classroom management, or teacher-student relationships, should be addressed directly with the class teacher. Teachers can be contacted by email, written note or via appointment.
- Complaints/concerns about employees or supervisors that do not involve complaints of discrimination or harassment or violations of law should be first addressed with the employee or supervisor directly. If the person(s) involved are unable to resolve the conflict or complaint, the complainant should contact the immediate/appropriate supervisor in an effort to resolve the issue.

LEVEL 2: School Level Resolution

At this step, the complainant should be prepared to give details about the complaint and steps taken to resolve it. The immediate/appropriate supervisor will acknowledge receipt of the complaint in **three (3)** working days, investigate the complaint, a process which normally involves a discussion with the complainant, gathering of relevant facts and evidence, and respond to the complainant within **ten (10)** working days.

Examples:

- Pedagogical, academic or teacher related issues should be addressed with the Dean of Academics/Assistant Principal.
- Student behavior and discipline issues should be addressed with the Dean of Students/Assistant Principal.
- All other issues should be addressed with the Principal.

If the complainant is not satisfied with the response from the immediate/appropriate supervisor, e.g., Dean of Academics/Students or Assistant Principal or the complaint should be directly addressed with the Principal, the complainant should contact the Principal, who will respond within the same timeline. If the complainant is still dissatisfied, and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the CEO & Superintendent of MPS in an effort to resolve the issue.

LEVEL 3: MPS Home Office ("Home Office") Level Resolution

At this step, the complainant should fill out the attached **"General Complaint Procedures Form"** giving details about the complaint and steps taken to resolve it, and contact the CEO & Superintendent of MPS at:

CEO & Superintendent
Magnolia Public Schools
250 E. 1st St. Ste 1500
Los Angeles, CA 90012
(213) 628-3634

The CEO & Superintendent (designee) will acknowledge receipt of the written complaint in **five (5)** working days, attempt to identify a resolution that is acceptable to both parties, within **fifteen (15)** working days of the receipt of the written complaint.

If the complainant is not satisfied with the response from the CEO & Superintendent (designee), and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the MPS Board of Directors ("the Board.")

LEVEL 4: Board Level Resolution*

At this step, the complainant can file a written complaint with the Board through the Administrative Assistant at the MPS Home Office. *(Same contact information as in Level 3)* The complainant should update the "General Complaint Procedures Form" that was used in Level 3. The Administrative Assistant will acknowledge receipt of the written complaint in **five (5)** working days. The Board may consider the matter at its next regular Board meeting or at a special board meeting convened in order to meet the internal 60-day target within which MPS strives to answer the complaint. The Board may decide not to hear the complaint, in which case the CEO & Superintendent's decision will be final. If the Board hears the complaint, the Administrative Assistant will send the Board's decision to the complainant within **sixty (60)** days of the School's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. The decision of the Board shall be final.

> ***** For MSA-San Diego, MSA-San Diego Governance Committee will work with the Principal and the Home Office in following the General Complaint Procedures to resolve internal complaints and conflicts before they escalate to the MPS Board level.

The complainant has a right to appeal the Board's decision to the California Department of Education (CDE). In that case, the complainant needs to fill out a **"Uniform Complaint Procedure Form"** - provided in this handbook – and file it within **fifteen (15)** days of receiving the decision. The appeal must include a copy of the complaint filed with the School and a copy of the Board's decision. The appeal should be sent to:

California Department of Education
1430 N Street
Sacramento, CA 95814

Professional Boundaries: Staff/Student Interaction Policy

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Student Behavior

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with

students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Duty to Report Suspected Misconduct

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Examples of Specific Behaviors - Unacceptable Staff/Student Behavior (Violations of this Policy)

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.
- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Unacceptable Staff/Student Behavior without Parent and Supervisor Permission:

These behaviors should only be exercised when a staff member has parent and supervisor permission.

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Cautionary Staff/Student Behaviors

These behaviors should only be ex ercised when a reasonable and prudent person, acting as an educator, is prevented from using better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence.

- Remarks about the physical attributes or development of anyone;
- Excessive attention toward a particular student;
- Sending emails, text messages or letters to students if the content is not about school activities.

Acceptable and Recommended Staff/Student Behaviors

- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);
- Keeping the door open when alone with a student;
- Keeping reasonable space between you and your students;
- Stopping and correcting students if they cross your own personal boundaries;
- Keeping parents informed when a significant issue develops about a student;

- Keeping after-class discussions with a student professional and brief;
- Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries;
- Involving your supervisor if conflict arises with the student;
- Informing the Executive Director about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious situation later;
- Recognizing the responsibility to stop the unacceptable behavior of students or coworkers;
- Asking another staff member to be present if you will be alone with any type of special needs student;
- Asking another staff member to be present when you must be alone with a student after regular school hours;
- Giving students praise and recognition without touching them;
- Pats on the back, high fives and handshakes are acceptable;
- Keeping your professional conduct a high priority.

Dress Code/Uniforms

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. This uniform policy will be enforced from the very first day of school. Students shall cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on both student and parent/guardian support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that students follow these additional guidelines in terms of uniform appearance and personal appearance. **If any aspect of the uniform, including clothes, shoes, jewelry, cosmetics, or any type of body adornment, is not explicitly listed as acceptable in this handbook, then that item is not permitted to be worn when the student is at school or representing the school.** If you have any questions, please check with administration.

If a student is unable to wear the school uniform to school due to extenuating circumstances, please communicate with the school administration.

A Free MPS Uniform Set

MPS will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including a free uniform set.

MPS will make one uniform set of required MPS logo uniform pieces available to each student free of charge for the student's use during the school year. If parents/guardians or students want to purchase additional MPS logo pieces, they may do so through the school's uniform vendors.

Religious Head Coverings

Religious head coverings shall be permitted.

Free Dress & Theme Dress Days Code

Free Dress days are earned at the discretion of the administration. These days are granted at different times of the year for positive behavior and special occasions. Violation of this policy may result in loss of free dress privileges for the remainder of the school year.

- On free dress days, clothing must be in good taste and appropriate for school. Clothing should not be inappropriately tight, revealing, or transparent.

- The school's dress code is strictly enforced during free dress days as well. All students must follow the same guidelines with the exception of not wearing their uniform.
- T-shirts are acceptable; however, printing on clothing must be suitable for school - no suggestive, vulgar, or profane language or images are permitted, as well as clothing that promotes alcohol, drugs, tobacco, or other controlled substances.
- Mini-skirts, skirts, and shorts should be no shorter than your longest finger when standing with your hands by your sides. Jeans may be worn during free dress days but cannot be inappropriately tight or baggy; no tattered jeans are allowed.
- Visible undergarments (including boxer shorts, bras, etc.) are not allowed.
- Midriffs, backless or sideless shirts or dresses, halter tops, or tank tops with straps less than 1-inch strap in width are NOT allowed.
- Hats for sun protection must only be worn outside of the school building(s) and classrooms. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue.
- Gloves, bandanas, or sunglasses are not permitted to be worn in school, except for medical reasons. Head coverings worn for purposes of religious observance are permitted.
- Neatness and good grooming are required.

O
T
T
O
M</td>
<td>

Pants, shorts, skirts, skorts, or capris are acceptable.
Skirts, pants, shorts, skorts, or capris must be either khaki color, black or navy blue.

<u>Belts</u> (required for all variations of dress uniform)

Smooth, straight edge, all black, all blue or all brown belts no wider than 1½ inches with a plain, unadorned buckle (no mesh, rope, or all metal).
The buckle may only have one catch.
Belt must be of correct waist size, so that there is minimal excess length (less than five inches).
Any excess length of belt must be tucked through a belt loop and may not hang down.

</td>
<td>
<u>Pants/Skirts/Skorts/Shorts</u>

May not be baggy or inappropriately tight. May not be rolled at waist. Top of garment must be at or above hip bone.
Skorts/shorts should be no shorter than your longest finger when standing with your hands by your sides.
Skirts that are above the top of the kneecap should be worn with leggings/tights and must be no shorter than the longest fingertip.
Pants may not be made from legging or jegging material.
Pants must touch the top of the shoes when the student is standing, but not be long enough to bunch up around the ankle. Socks may not be worn over pants.
Rubber bands are not allowed on the bottom of pants or ankles.
No jean/denim style pants
No Cargo pants/shorts.
Must have a built-in pocket not a sewn-on pocket.

</td>
</tr>
<tr>
<td>T
O
P</td>
<td>

White, gray, black or navy-blue polo or woven shirts must have the school logo. They may be either short or long sleeved.
Hoods may not be worn at school.
Top of garment must be at or above hipbone when student is standing up.

</td>
<td>
<u>Undergarments</u>

All undergarments, including bras, boxer shorts, etc., should not be visible

<u>Other Guidelines</u>

Woven shirt or polo shirt must be tucked in neatly at the waist at all times. These shirts may not be inappropriately tight or baggy.
Undershirts must be short-sleeved if worn.
The student may choose to button, or not button, the top button of the woven shirt. All other buttons of the woven shirt must be buttoned.
Under shirt may not hang out of sleeves.

</td>
</tr>
</table>

<table>
<tr>
<td>FOOTWEAR</td>
<td>

For all footwear including “athletic” footwear, the majority of the shoe must be a solid color that aligns with the school's neutral dress code. Acceptable colors include black, brown, white, or gray. Small to no logos are preferred. (Shoes must be closed toe.)
Plain, unadorned socks must always be worn, tights are also acceptable. Color of the socks or tights: Solid black, dark brown, navy blue or white.
No sandals, boots, clogs, mules, slippers, flip flops, high heels, platform shoes or shoes with wheels.

</td>
<td rowspan="3">
<u>Shoes</u>

Acceptable athletic shoes must be low-profile with minimal design. They must be modest and not attract attention. Shoelaces must match shoes and be in solid color.

<u>Jewelry and Accessories/Cosmetics</u>

Should be modest, appropriate for school, and not attract undue attention.
Necklaces: If worn must be underneath uniform. If visible through an open collar, it must be tasteful and formal (no leather or string). Pendants must not be large or attract attention. Must be tucked in collar of shirt.
No “glitter”, decorations, or drawing of any kind should be visible on the skin, hair, body, or uniform,
Facial, tongue, and body piercing are not allowed.
Bracelets: Must be tasteful and not attract undo attention.
Visible tattoos are not acceptable. Permanent visible tattoos must be covered by a flesh-tone bandage while at school or representing the school.
Cosmetics must be appropriate for school and not attract undue attention.

No brightly colored or glitter eye shadow, or blush.
Mascara and eyeliner should be minimal.
Lipstick should be a natural color.
Earrings must be studs or one (1) inch hoops and worn on earlobe.

</td>
</tr>
<tr>
<td>PE UNIFORM</td>
<td>

<u>Top:</u> Students will wear a solid gray t-shirt, preferably with the MPS logo. Solid white, gray, black, or navy blue sweatshirts with or without the MPS logo may also be worn during PE.
<u>Bottom:</u> Properly fitting navy shorts. Waist size of shorts must be appropriate to student’s waist size (i.e. not inappropriately tight or baggy). Shorts should be no shorter than your longest finger when standing with your hands by your sides <u>Footwear:</u> Any athletic shoes suitable for basketball, tennis, and field sports. The majority of the shoe must be a solid color that aligns with the school's neutral dress code. Acceptable colors include black, brown, white, or gray. Small to no logos are preferred. (Shoes must be closed toe.)

</td>
</tr>
<tr>
<td>OUTERWEAR</td>
<td>

Hats, hoods, caps, and other headgear may not be worn in school buildings, except for purposes of religious observance. No gloves or finger lacing of any sort are allowed. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue.

<u>For colder weather</u>

Crew-neck and zip v-neck sweatshirt and jackets are permitted, with or without the MPS logo.
Sweatshirts and jackets must be solid white, gray, black, or navy-blue.

</td>
</tr>
</table>

Notes

- If a student is unable to wear the school uniform to school due to extenuating circumstances, you need to check with your school’s administration
- Each individual MPS school may include site-specific amendments into the uniform policy addressing local issues

Immigration Enforcement Notification Procedures

Pursuant to SB 98 (2025), MPS shall ensure prompt notification to parents/guardians, pupils, teachers, administrators, and school personnel when federal immigration enforcement is confirmed to be present on or immediately adjacent to school grounds.

Definitions

- Immigration enforcement: Any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal civil or criminal immigration law. Immigration enforcement can be presumed to be occurring when carried out by any officer or agent from U.S. Immigration and Customs Enforcement (ICE), U.S. Customs and Border Protection (CBP), or other federal agency engaged in civil or criminal immigration enforcement.
- Confirmed presence: Visual sighting by staff, verbal acknowledgment by the agent, presentation of credentials, or other reliable evidence.

Mandatory Notification Procedure

Upon confirmation of immigration enforcement presence on or immediately adjacent to the school site, the site administrator or designee shall, as soon as possible and without unnecessary delay, direct the issuance of notifications to:

- All parents/guardians
- All pupils
- All teachers, administrators, and school personnel

Notifications shall be sent using the school-wide messaging platform of Parent Square. School staff will also receive a notification via email to inform them of the presence.

Notifications shall not include any personally identifiable information.

Required Notification Content

Notifications shall be provided in English and in all languages required under Education Code § 48985 and shall include, at minimum:

- Confirmation that immigration enforcement is occurring on or near campus
- Assurance that the school is monitoring the situation and prioritizing student safety
- Reminder that every child has the right to attend school regardless of immigration status
- Link or reference to school resources for immigrant families (if available)

Immigration Enforcement Notification Procedures

Pursuant to SB 98 (2025), MPS shall ensure prompt notification to parents/guardians, pupils, teachers, administrators, and school personnel when federal immigration enforcement is confirmed to be present on or immediately adjacent to school grounds.

NEARBY ICE ACTIVITY

Release Date: ASAP, timed response
Platform: ParentSquare (MSA-PYL Families & Staff)
Subject: Notification of Nearby ICE Activity

Dear Magnolia Families,

We have been made aware of the presence of Federal Immigration and Customs Enforcement (ICE) activity near our school campus.

We understand that this may cause concern for families, and we want to reassure you that the safety and well-being of our students and staff remain our top priority. **At this time, no action is required, and normal school operations are continuing.**

Please remember that no immigration enforcement actions are permitted in classrooms or student areas without a valid judicial warrant.

Thank you for your continued support and understanding. If you have any questions, don't hesitate to call the main office.

Sincerely,

Principal Name
Name of School

ICE ON CAMPUS

Release Date: ASAP, timed response
Platform: ParentSquare (**MSA-PYL** Families & Staff)
Subject: Urgent: ICE on Campus

Dear Magnolia Families,

We're writing to let you know that Federal Immigration and Customs Enforcement (ICE) personnel are currently on our campus.

We are actively monitoring the situation and following all established protocols to protect our students and staff. **Please note that no immigration enforcement actions are permitted in classrooms or student areas without a valid judicial warrant.**

We will continue to provide updates. If you have concerns, contact the front office.

Sincerely,

Principal Name
Name of School

Follow-Up Notification

As soon as immigration enforcement efforts have ceased or the agents have departed the campus or immediate area, an “all-clear” notification shall be sent using the same methods.

FOLLOW-UP NOTIFICATION

Release Date: ASAP, timed response
Platform: ParentSquare (**MSA-PYL** Families & Staff)
Subject: Urgent: All Clear

Dear Magnolia Families,

We are writing to inform you that ICE activity in the area has concluded.

All students and staff are safe, and regular campus operations have resumed. Thank you for your patience and trust as we worked to ensure the safety of our school community.

Sincerely,

Principal Name
Name of School

MPS School Sponsored Field Trips & Cultural Excursions Policy

The Board of Directors of Magnolia Public Schools ("MPS" or the "Charter School") recognizes and supports the concept of connecting our students with the broader community, both locally and globally, by providing field trips, cultural and art experiences, community service opportunities, and environmental education to fulfill MPS's mission and philosophy. These activities help to promote tolerance, understanding, and acceptance of others, enrich the educational experiences of the students, as well as meet the Charter School's goal of creating passionate lifelong learners.

The safety and security of our students is a primary priority when planning or participating in field trips or excursions. These activities will be carried out appropriately to maximize and ensure student safety and to minimize the Charter School's legal liability and financial cost.

Definition

- A "field trip or cultural excursion" involves students leaving MPS grounds to participate in school-sponsored educational opportunities in connection with MPS's course of study or school-related social, educational, cultural, athletic, school band, or other extracurricular or co curricular activities.

Selection of Field Trips and Excursions

The teaching team will continue to research and provide enriching learning opportunities to share with their students both within the classroom and out in the broader community. The principal shall have the authority to approve all in and out of state day and overnight field trips and excursions with consultation of the MPS Academic and Finance Teams. Requests for out of country travel shall be brought before the Board of Directors for approval. The principal will initially receive all such requests and make a recommendation to the Board of Directors as to whether the request should be approved.

The principal will ensure that the following items will be adhered to for all MPS field trips and excursions:

1. The proposed field trip or cultural excursion relates to MPS's educational objectives.
2. The correct ratio of adults to students is met for supervision of the activity.
3. A means of transportation to and from the activity is provided.
4. Adequate restroom facilities, food and water will be available during the activity.

The principal shall not approve any activity that he/she considers to be inherently dangerous to students.

Permission Slips

Before a student can participate in a school-sponsored trip, the teacher shall obtain parent/guardian permission for the trip. Whenever a trip involves water activities, the parent/guardian shall provide specific permission for his/her child to participate in the water activities. The Charter School shall provide an alternative educational experience for students whose parents/guardians do not wish them to participate in a trip.

All persons who are not employees of Magnolia Public Schools making the field trip or excursion shall be deemed to have waived all claims against the Charter School or the State of California for injury, accident,

illness, or death occurring during or by reason of the field trip or excursion. All adults taking out-of-state field trips or excursions and all parents/guardians of students taking out-of-state field trips or excursions shall sign a statement waiving such claims.

Items that will be included on the permission slip are:

1. An emergency phone number for the student.
2. Any medications the student is required to take with the time and dosage required.
3. Any medications the student is allergic to.
4. Any other medical information necessary to ensure the student's safety.
5. Waiver as described above.

A copy of a completed and signed permission slip will be kept on the Charter School site and one copy will be given to the teacher or teachers to take on the field trip or excursion.

Voluntary Participation

The Charter School will provide alternative educational activities to those students who choose not to attend a specific field trip or excursion. Parents/guardians will have advance notice of any upcoming field trip or excursion and have the option to withdraw their permission for their child to attend that field trip or excursion.

Disciplinary Rules

Students are under the jurisdiction of the Charter School Board at all times during the field trip or excursion and all MPS policies continue to be enforced during field trips and excursions. Charter School disciplinary policies are to be adhered to at all times. (e.g. Horseplay, practical jokes, harassment, taunting, rough play, aggressive or violent behavior, profanity, viewing of pornographic material, and use of alcohol and/or controlled substances during the field trip or excursion are strictly prohibited.)

Except as otherwise required by law, a student may be excluded from the trip if their presence poses a safety or disciplinary risk.

Defraying Expenses of Field Trips and Excursions

The Charter School may charge a fee for field trips and excursions pursuant Education Code section 35330. However, the Charter School will endeavor to keep the costs of any field trips affordable for all students' families. In no event will a student be prevented from participating in the field trip or excursion due to lack of sufficient funds. In accordance with Education Code section 35330(b), the Charter School will coordinate the efforts of community service groups to supply funds for students in need.

Supervision of Field Trips and Excursions

The teacher who coordinated the field trip will be present to supervise the field trip or excursion, except in unusual circumstances when a replacement teacher is assigned because of an unexpected unavailability. The principal will be designated as the emergency contact for the group on the field trip or excursion. Any injuries or unusual incidents occurring during the field trip or excursion will be documented in writing by the coordinating teacher and given to the Charter School's Principal.

The principal shall ensure that the field trips and excursions have an adequate number of adults attending to safely supervise the student attending the field trip or excursion.

A first aid kit shall be in the possession of or immediately available to a teacher, employee, or agent of the school during the student field trip or excursion. Whenever trips are conducted in areas known to be infested with poisonous snakes, the first aid kit taken on the trip shall contain medically accepted snakebite remedies. In addition, a teacher, employee, or agent of the school who has completed a first aid course which is certified by the American Red Cross and which emphasizes the treatment of snakebites shall participate in the trip.

Charter School employees or volunteers shall not consume alcohol or use controlled substances (except for medications taken under a physician's orders) while accompanying and supervising students on a field trip or excursion.

Accident Insurance

The Charter School provides student accident insurance which covers medical expenses arising from their student injuries on campus or while participating in a Charter School sponsored off campus activity. The family's health insurance is primary, but if there is no health insurance, the Charter School's Student Accident Insurance becomes primary. Information and applications for student accident insurance are available from the principal.

Parent or Guardian Participation in Field Trips and Excursions

As field trips and excursions are an integral part of the Charter School learning experience, parents are encouraged to participate in an assisting role with students. The principal or the coordinating teacher will provide parents and guardians with specific supervisory guidelines prior to any Charter School group trip involving students. Topics to be included are safety regulations, emergency responses, responsibilities of the parent volunteers, and language or behavior requirements of all attendees.

To ensure student safety, any non-employee chaperones supervising students on a field trip must be a Certified Volunteer (C-Volunteer). All prospective chaperones must review the Magnolia Public Schools Volunteer, Visitation, Shadowing, and Removal Policy, complete the C-Volunteer Application Form, and agree to the Volunteer Commitment and Procedures. These forms must be submitted to the school office for processing. The office will provide confirmation once the volunteer clearance is approved. Only individuals who have completed this process and received clearance may serve as chaperones on any school field trips.

A participating parent or guardian will be assigned to a specific group of students to supervise and will be responsible for these students at all times during the field trip or excursion. Under no circumstances will a parent or guardian consume alcohol or use controlled substances (except for medications taken under a physician's orders) during a field trip or excursion. The parent or guardian will notify the coordinating teacher, in advance of the field trip or excursion, should he/she be under a physician's orders and using medications.

All persons who are not employees of Magnolia Public Schools taking in-state or out-of state field trips or excursions and all parents or guardians of pupils taking in-state or out of-state field trips or excursions are required to sign a statement waiving all claims against MPS, its employees, and the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion.

Transportation

At all times during the field trip or excursion, teachers, staff and parents will use the safest mode of transportation and the safest and most direct routes of travel. If vans are used, the vans cannot be manufactured to carry more than ten (10) occupants (including the driver). Simply removing seats or not filling the occupancy does not meet the legal requirements. In addition, all speed notices must be strictly adhered to and students are to be seated with individual seatbelts at all times.

The Charter School shall take reasonable precautions to ensure that all employees and volunteers who transport students are responsible and capable operators of the vehicles to be used and ensure compliance with the Charter School Student Transportation Policy and Driver Requirements as follows:

Employee or volunteer drivers who offer to provide transportation for a field trip or excursion must provide a copy of the following:

1. Proof of liability insurance for their vehicle with a minimum of $100K/$300K coverage.

2. A copy of their Driver's License and Vehicle Registration.

3. A criminal background check conducted by the California Department of Justice ("DOJ"). Employees or volunteers whose DOJ report reveals a Driving Under the Influence conviction shall not be permitted to transport students or operate any vehicle on Charter School business for ten (10) years from the date of the conviction. Any employee or volunteer convicted of a felony shall not be permitted to transport Charter School students on Charter School business.

4. A Department of Motor Vehicles record. Employees or volunteers with driving records with two (2) points or more shall not be permitted to transport students or operate any vehicle for Charter School field trips and excursions.

5. The minimum age requirement to transport passengers is twenty-five years old.

Each of these items will be provided to the principal or coordinating teacher prior to driving on a field trip or excursion.

Under no circumstances shall students transport other students.

For the volunteer's safety and that of all the students in his/her car, the following rules apply:

1. All Charter School rules apply to students in the volunteer's car.

2. All California driving laws must be followed including child restraint laws: no texting or distracted driving, hands-free phone use only.

3. No movies may be shown in vehicles.

4. No side trips allowed.

5. Maps and directions from the teacher should be reviewed prior to leaving.

6. No purchases for students should be made on the field trip including food or treats for students in the car.

7. Call the Charter School office immediately if there is a problem.

RESPONSE

Disaster Response Procedures

The purpose of these procedures is designed to offer clear guidance and instructions for safety and emergency preparedness, aimed at safeguarding the well-being of both students and staff during critical situations. The subsequent sections outline specific procedures tailored to various emergency scenarios.

1. Ensuring the safety and welfare of students and staff.
2. Facilitating a secure and coordinated response to diverse emergency situations.
3. Safeguarding the school's facilities and property.
4. Efficiently restoring normal conditions with minimal confusion in the shortest time possible.
5. Establishing a seamless interface and coordination between the school and local authorities and resources.

Emergency and Crime Response

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency poses a serious threat to the safety and well-being of students and staff, evacuation will occur until any danger has passed. When necessary, the school may be dismissed by the School Principal or designee. The Home Office will also be informed using the Home Office Support Team (HOST) communication system (refer to HOST Crisis Communication). HOST will also collaborate with the Crisis Response Team and coordinate response as needed, particularly in the area of mental health support. In the event of the following scenarios, the principal or designee will communicate with stakeholders using the school's mass communication system.

Fire

In the event of a fire at our school, the following procedures will be promptly implemented:

- Discovery of Fire: Upon discovering a fire, teachers or staff members will immediately guide all occupants out of the building, activate the fire alarm, and promptly report the incident to the school administrator.
- Incident Command and Evacuation: The principal or designee will assume the role of the Incident Commander and initiate the Evacuate Building action. Staff and students will follow prescribed or safe routes to evacuate buildings, assembling at designated Assembly Areas.
- Emergency Services Notification: The school principal or designee will contact 911, providing precise details about the fire's location (e.g., building, room, area).
- Evacuation Accountability: During an evacuation, teachers will carry student rosters and any necessary emergency supplies, taking attendance at the Assembly Area to ensure accountability for all students. Special attention will be given to students with cognitive disabilities to ensure their understanding of directions. Teachers will promptly inform the Assembly Area Team of any missing students.
- Security Measures: The administrative team will secure the affected area to prevent unauthorized entry and maintain clear access roads for emergency vehicles.
- Utilities and Post-Incident Actions: The administrative team will notify the relevant utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will communicate with and update parents promptly via ParentSquare, ensuring transparent and timely information dissemination.

These procedures are designed to prioritize the safety and well-being of all occupants. Regular training and drills will reinforce these protocols, promoting a swift and coordinated response during an actual emergency.

Lockdown

This protocol is enacted in response to identified or directed threats of violence or gunfire by law enforcement, aiming to prevent perpetrators from entering any occupied campus areas. The purpose of a lockdown is to secure the school during police actions, campus intrusions, community incidents, or other real or perceived threats to the school's security.

Lockdown Procedures:

- Initiating Lockdown: Lockdown is declared when the threat of violence or gunfire is identified. All personnel must adhere to this protocol to ensure the safety of everyone on campus.
- Secure Classrooms or Designated Safe Locations: During Lockdown, students are required to remain in locked classrooms or designated safe locations. It is imperative to keep classroom doors locked at all times.
- Immediate Actions for Classes: Upon receiving the lockdown announcement:
    - Classes will remain in their rooms.
    - Redirect any students in hallways or outdoors into the nearest locked classroom.
    - Physical education classes will relocate to secure areas such as the gym, auditorium, or multi-purpose room.
- Safety Measures within Classrooms: Once in the secured location:
    - Move students to the most protected areas in the room and lock the door.
    - Instruct students to face away from windows, keeping their backs toward windows.
    - Close and lock all doors and windows.
    - If possible, cover windows by lowering blinds, closing slots, drawing curtains, or pulling shades.
- Lights and Power: Turn off lights, power equipment, appliances, and ensure cell phones are on silent mode. Maintain silence in the room to avoid detection.
- Attendance and Student Accountability: Take and report attendance as feasible. Teachers must account for any students with cognitive disabilities who may require additional assistance or may not have fully understood the directions.
- Remain in Secured Locations: All personnel must remain in the secured room until further instructions are received from official sources.

This Lockdown Procedure is designed to prioritize the safety of all individuals on campus. Regular drills and ongoing training will familiarize staff and students with these protocols, ensuring a swift and coordinated response during an actual emergency.

Lockdown Drill Guidelines

1. Lockdown drills shall not be “high-intensity” drills. This means they will not include simulations that mimic an active shooter or other armed assailant incident, and shall not, (i) use fake blood or theatrical makeup or other materials to give the impression of injury or death, (ii) shall not involve the use of actors or other individuals posing as armed assailants or victims, and (iii) shall not train students to actively resist an assailant by throwing objects, attaching, or swarming the assailant.

2. Lockdown drills shall not use real weapons, gunfire blanks, or explosions.

3. The school will ensure a trauma-informed approach to the design and implementation of the drill that ensures the drill process (i) is age and developmentally appropriate, (ii) is only conducted after advance notice of the drill and its expected length of time are given to all parents/guardians and school employees subject to the drill; (iii) provides an opportunity for parents/guardians to opt out their student out of the drill; (iv) is preceded by an announcement of the lockdown drill and is followed by a closing announcement; (v) is followed by a notice to parents/guardians after the drill has concluded; and (vi) provides contact information for community-based

resources to parents/guardians, students, and staff who are negatively impacted by the drills, which prioritizes school based resources.

Medical Emergency

Medical emergencies or accidents may occur unexpectedly, involving students or employees. Depending on the severity, some incidents may only require first aid, while others demand immediate medical attention. In any uncertainty, prioritize caution and promptly dial 911.

- Emergency Reporting: In the event of a medical emergency involving a student or employee, immediately report the incident to the School Principal or designated personnel. Dial 911 or instruct someone to do so. When reporting, provide the following essential information:
    - School name and phone number.
    - Building address, along with the nearest cross street(s).
    - Exact location within the building.
    - Your name and phone number.
    - Nature of the emergency.
      Stay on the line until advised to disconnect by the dispatcher.
- School Notification: Notify the school office about the injured individual and the initiation of an ambulance call. Request the dispatch of a first aid/CPR-trained employee to assist the victim.
- Assistance and Victim Care: Maintain composure during the emergency. Keep the victim warm with a coat or blanket.
- Avoid moving the victim unless there is a risk of further injury. Refrain from offering any food or drink to the victim.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Opioid Overdose Response Protocol

Administration of Naloxone (Narcan)
Provide emergency Naloxone (Narcan) or another opioid antagonist to trained school personnel, with designated volunteers receiving initial and annual refresher training for the storage and emergency use of these medications. Responding to medical emergencies, particularly opioid overdoses, and the safe administration of Naloxone within the school environment. This plan aims to ensure the well-being of students and staff and to provide timely and effective intervention in the event of an opioid-related emergency.

Identification of Potential Overdose Cases:

- Training is provided to school staff, including teachers, administrators, and support staff, on recognizing the signs of opioid overdose, such as respiratory distress, unconsciousness, or pinpoint pupils.

Naloxone Training:

- The school designates key personnel, such as school nurses and selected staff members, to undergo specialized training in the administration of Naloxone.
- Training includes recognizing signs of overdose, proper administration techniques, and post-administration procedures.

Emergency Response Protocol, in the event of a suspected opioid overdose

- Maintain accessible and strategically located Naloxone kits within the school, particularly in areas where medical emergencies are more likely to occur.
- Trained personnel authorized to administer Naloxone during emergencies, and trained to follow the outlined step-by-step process for administering Naloxone, emphasizing proper dosage, injection techniques, and post-administration monitoring.

- After administration of Naloxone, staff shall immediately call emergency services (911) to report the incident and request urgent medical assistance
- Establish a post-administration monitoring procedure to ensure the individual's vital signs are stable. If necessary, continue to provide supportive care until emergency medical services arrive.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Administration Procedure
This Medical Emergency Protocol is designed to ensure swift and organized responses in times of need. Regular training and drills will familiarize staff with these procedures, promoting a safe and supportive environment within our school community.

Earthquakes

Earthquakes can occur without warning, often followed by aftershocks that may persist for weeks or months. The impact on buildings varies, making it crucial to remain calm and act promptly during and after the shaking.

- Stay Calm and Assess: Keep calm during the shaking and remain in your current location. Assess the situation before taking action. Remember, injuries often result from flying or falling debris.
- Drop, Cover, and Hold On: Upon the first indication of an earthquake, teachers should instruct students to Drop, Cover, and Hold On.
- Move to Safety: Move away from windows and overhead hazards to avoid glass and falling objects.
- Students with Disabilities: Students with disabilities preventing them from seeking protection under furniture should:
    - Move away from unsecured items in the room.
    - Go to a structural corner away from cabinets, shelves, and windows.
    - Lock wheelchair wheels and protect their head and neck with their hands.

After the Earthquake
- Incident Commander Activation: When the shaking stops, the principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation Procedures: Staff and students will evacuate using prescribed or safe routes to the Assembly Area.
- Attendance and Student Accountability: Teachers will bring their student roster and emergency supplies, taking attendance at the Assembly Area. Special attention will be given to students with cognitive disabilities.
- Missing Students Notification: Teachers will notify the Assembly Area Team of missing students or any student left behind.
- Security Measures: The administrative team will secure the area to prevent unauthorized entry and ensure clear access roads for emergency vehicles.
- Utilities and All Clear: Notify the appropriate utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will notify and update parents promptly via ParentSquare.

This Earthquake Response Protocol is designed for the safety and well-being of all individuals on campus. Regular drills and training will reinforce these procedures, fostering a resilient and prepared school community.

Assaults

Assaults, involving acts of striking or inflicting injury on a person, are considered serious matters, demanding immediate attention and appropriate action. Any threat or assault on students or employees requires prompt

reporting to the School Principal or designated personnel. The decision to involve law enforcement officials will be determined by the School Principal or designee.

General Reporting Steps:

- Immediate Reporting: Report any threat or assault on students or employees promptly to the School Principal or designee.
- Law Enforcement Notification: The School Principal or designee will assess the severity and decide whether law enforcement officials should be notified.

In Case of Serious Assault:

- Emergency Services: Dial 911 immediately.
- Seek Medical Attention: Seek first aid or medical attention for any injuries sustained during the assault, if indicated.
- Document Injuries: Have photographs taken of any injuries as part of the documentation process.
- Assailant Description: Write down a detailed physical description of the assailant as soon as possible after the incident, including sex, age, height, weight, race, clothing, and any weapon used.
- Witness Information: Obtain names and telephone numbers of any witnesses present during the assault.
- Incident Report: Draft an incident report detailing the circumstances of the assault.
- Submission to School Principal: Submit the incident report to the School Principal or designee for review.
- Law Enforcement Involvement: The School Principal or designee will submit an incident report to local law enforcement if the assault is deemed serious.

This Assault Incident Protocol is designed to ensure a swift and comprehensive response to any assault situation. Regular training and awareness programs will support the school community in understanding and implementing these procedures effectively.

Biochemical/Hazardous Materials

A biological or chemical release involves the discharge of substances in solid, liquid, or gaseous states, with potential incidents ranging from chemical spills in school laboratories to hazardous material incidents adjacent to the school. Early detection and swift response are essential to ensure the safety of students and staff.

Indicators of Release:

- Multiple victims with symptoms such as watery eyes, twitching, choking, loss of coordination, trouble breathing.
- Presence of distressed animals or dead birds.

Response Procedures:

- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation and Isolation: Staff and students will use designated routes to the Assembly Area, upwind of the affected area. Those exposed to contaminants should be isolated from the rest of the school population.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details and the nature of the emergency.
- Area Isolation and Access Restriction: The administrative team, under the Incident Commander's instructions, will isolate and restrict access to potentially contaminated areas.
- Ventilation and Air Handling Measures: The Security/Utilities Team will turn off local fans, close windows and doors, and shut down the building’s air handling system.
- Parent Communication: The principal or designee will promptly notify and update parents via ParentSquare.

- Decontamination and Triage: Individuals in direct contact with hazardous substances should wash affected areas with soap and water. Outer clothing layers, potentially contaminated, should be removed and contained. The Triage Team will evaluate and monitor exposed individuals.
- Assembly Area Team Responsibilities: Prepare a list of all people in the affected or contaminated area, specifying those with actual contact. Provide the list to the Incident Commander and emergency responders.
- Crisis Team Activation: The Crisis Response Team will convene on-site, initiating counseling and recovery processes.
- Area Reopening: Affected areas will not reopen until clearance is provided by the appropriate agency, such as Los Angeles County HazMat, and the Incident Commander authorizes it.
- All Clear Activation: Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

These protocols ensure a comprehensive and coordinated response to biochemical/hazardous material incidents, prioritizing the safety and well-being of the school community. Regular drills and training will enhance preparedness and awareness.

Disorderly Conduct

Disorderly conduct, whether exhibited by a student, staff member, or visitor, can pose a threat to the safety and well-being of the school community. The following protocols are established to ensure a measured and effective response:

- Immediate Action: Upon witnessing disorderly conduct, staff should take immediate steps to calm and control the situation, prioritizing the safety of all individuals involved. If safe to do so, attempts should be made to isolate the perpetrator from other students and staff.
- Witness Statements: Witnesses are encouraged to provide written statements detailing the incident for follow-up by the school administrator and/or law enforcement agency.
- Notification to Principal: Staff witnessing disorderly conduct should promptly notify the principal or designee.
- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating appropriate emergency functions such as Lockdown, Evacuate Building, or Off-site Relocation.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details (e.g., building, room, area) of the incident.
- Immediate Threat Response: If an immediate threat is not evident, the Incident Commander or designated staff may attempt to defuse the situation. Approach the individual in a calm, nonconfrontational manner and request they leave the campus, avoiding hostile situations.
- Family Notification (if applicable): In the case of a student involved, every effort should be made to notify the family, as they may provide valuable insights on handling the situation.
- Parent Communication: The Incident Commander will promptly notify and update parents via ParentSquare, as necessary.
- Threat Assessment/Management Team Activation: The Incident Commander and team will assess whether activating the threat assessment/management team (Crisis Response Team) is warranted.
- All Clear Activation: Once the incident concludes, and the campus is determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are designed to address disorderly conduct swiftly and efficiently, prioritizing the safety of the school community and providing necessary support and communication channels. Regular training and drills will enhance preparedness and response capabilities.

Vandalism

In the event of school vandalism, the following procedures are to be adhered to for a comprehensive and effective response:

- Notification of School Authority: Promptly notify the school principal or designee of the vandalism incident.
- Building and Grounds Personnel Notification: Notify building and grounds maintenance personnel to assess and address the immediate physical impact.
- Assessment of Severity: The School Principal, or designee, will assess the seriousness of the situation, gauging the level of assistance required, which may involve engaging local law enforcement.
- Identification of Perpetrators: If possible, attempt to identify the individuals involved in the act of vandalism.
- Witness Interviews and Statements: Conduct interviews with witnesses and obtain written statements detailing the incident.
- Documentation Process: Document the incident promptly, preparing an incident report that includes any witness statements. Submit this report to the School Principal or designee.
- Parent/Guardian Notification: Notify parents or legal guardians of the affected students about the vandalism incident.
- Disciplinary Measures: Determine appropriate disciplinary measures in response to the act of vandalism.
- Restitution Assessment: Evaluate any monetary restitution issues arising from the vandalism and determine the applicable amounts.

These procedures are established to ensure a systematic response to vandalism incidents, address immediate concerns, identify responsible parties, and implement appropriate disciplinary and restitution measures. Regular communication with parents and legal guardians is crucial for maintaining transparency and fostering a sense of responsibility within the school community.

Loss or Failure of Utilities

In the event of a utility failure, encompassing the loss of water, power, or other essential utilities on school grounds, the following comprehensive procedures are to be followed:

- Immediate Action for Broken Utility Lines: In the case of a broken water or electrical line, make an immediate effort to shut off water or power to the affected area. Simultaneously, notify the school administrator without delay.
- Incident Commander Designation: Upon receiving notification of a utility loss, the principal or designee assumes the role of Incident Commander. The Incident Commander will initiate appropriate emergency functions, including potential actions like Shelter in Place or Evacuate Building.
- Communication with MPS General Counsel & Facilities Department: The Incident Commander, during business hours, will promptly notify the MPS General Counsel & Facilities Department, specifying the location and nature of the emergency. The preferred vendor list may be engaged based on the Incident Commander's discretion.
- Utility Company Coordination: MPS General Counsel & Facilities Department personnel, collaborating with the Incident Commander, will contact the affected utility company. This communication aims to ascertain the necessity of their assistance, recommended actions, and the anticipated duration of the service interruption.
- Evacuation Procedures: If the Evacuate Building action is warranted, teachers will evacuate with student rosters and essential classroom emergency supplies. Attendance will be taken in a safe location. Special consideration will be given to students with cognitive disabilities.
- Parent Notification via ParentSquare: The Incident Commander will inform and update parents promptly through ParentSquare.
- Utilization of Emergency Supplies: School emergency supplies will be deployed as needed to compensate for the utility loss.
- All Clear Action: Once the incident is concluded, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

- Specific Concern Protocols: In addition to the outlined procedures, the Incident Commander will implement specific protocols tailored to the nature of the utility concern (e.g., loss of water supply, power outage).

These procedures are established to ensure a swift, organized, and effective response to utility failures, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Bomb Threat/Suspicious Package

In response to the discovery of a suspicious package on campus grounds or the receipt of a threatening phone call indicating a potential explosion risk, the following procedures are implemented:

Response to Threatening Phone Calls:

- Immediate Action: The call taker aims to keep the caller on the line while alerting someone else to call 911. Simultaneously, the staff member calling 911 provides essential information to the operator:
  - Nature of threat on the phone line
  - School name
  - Phone number of the line receiving the threat
  - Name and contact information of the staff member
- Informing the Principal: The person answering the threat call informs the principal immediately and gathers and records information about the call, addressing bomb threat questions such as location, timing, appearance, motive, and contact details.
- Voice Analysis and Background Evaluation: Questions are complemented by evaluating the caller's voice and background noise for characteristics such as gender, age, accent, speech clarity, and background environment.
- Incident Commander Designation: The principal or designee assumes the role of the Incident Commander, advising the school. Law enforcement may instruct the school to wait for officers to arrive and conduct an investigation. The Incident Commander, in consultation with law enforcement, determines appropriate emergency functions, such as Drop, Cover and Hold On, Lockdown, Evacuate Building, or Relocation.

Discovery of Suspicious Packages or Objects:

- Cell Phone and Radio Precautions: If unusual or suspicious packages, boxes, or foreign objects are discovered, all cell phones and hand-held radios are turned off to prevent potential triggering by radio frequencies.
- Object Discovery Protocol: Report the discovery to the Incident Commander while securing the immediate area without touching or disturbing the object. No attempt should be made to investigate or examine a suspicious object.
- Parent Notification via ParentSquare: The Incident Commander notifies and updates parents through ParentSquare.

Evacuation Procedures:

- Incident Commander's Decision: The Incident Commander, consulting with law enforcement, may alter emergency functions based on the situation. In case of a confirmed threat or bomb discovery, the Evacuate Building action is issued.
- Safe Evacuation: Staff and students evacuate using safe routes to the Assembly Area.
- Attendance and Missing Students: Teachers bring student rosters, take attendance at the Assembly Area, and account for students. Special consideration is given to students with cognitive disabilities. Teachers notify the Assembly Area Team of missing students.

Post-Incident Actions:

- Crisis Response Team: The Crisis Response Team convenes on-site for counseling and recovery.
- Inspection and All Clear: School activities do not resume until proper authorities inspect affected buildings and declare them safe. The Incident Commander initiates the All Clear action after the incident concludes.
- Off-Site Relocation: The Incident Commander may initiate an off-site relocation if conditions warrant.

- Incident Report: Following the incident, the Incident Commander completes a comprehensive bomb threat report for analysis and reflection.

These procedures are established to ensure a swift, organized, and effective response to bomb threats and suspicious packages, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Explosions/Risk of Explosions

In the unfortunate event of an explosion or the risk of explosion at the school, the following procedures should be followed:

- Initiate Drop, Cover, and Hold On: In the event of an explosion, all individuals should immediately initiate the Drop, Cover, and Hold On protocol.
- Incident Commander and Emergency Services: The principal or designee becomes the Incident Commander and promptly calls 911 to provide precise details of the emergency, including the location (e.g., building, room, area) and the nature of the incident.
- Consultation and Emergency Functions: The Incident Commander will consult with available law enforcement and, considering the potential for another imminent explosion, determine appropriate emergency functions. Actions may include Shelter in Place, Evacuate Building, or Relocation. Evacuation may be required in some buildings on campus, with others serving as shelters.
- Evacuation Procedures: In the event of an evacuation, staff and students will use prescribed routes or other safe routes to proceed to the Assembly Area.
- Attendance and Notifications: During evacuation, teachers will bring the student roster and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are responsible for accounting for students with cognitive disabilities who may not have understood the directions, and they will notify the Assembly Area Team of missing students. The Incident Commander will promptly notify and update parents via ParentSquare.
- Medical Assistance: The Triage Team will promptly check for injuries and provide appropriate medical assistance.
- Utilities and Building Security: The Incident Commander will notify the appropriate utility company of any damages to water lines, sewers, power lines, and other utilities. The administrative team will secure the building entrance to prevent unauthorized persons from entering the school buildings.
- Search and Rescue Activities: If it is determined safe to enter affected areas, the Incident Commander will direct the administrative team to initiate search and rescue activities.
- Reopening and Clearance: Any areas affected by the explosion will not be reopened until the Los Angeles County HazMat or the appropriate agency provides clearance, and the Incident Commander authorizes such action.
- Relocation Procedures: The Incident Commander may initiate a Relocation if conditions warrant such a decision.
- All Clear and Conclusion: Once the incident has concluded, and the campus has been determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are established to ensure a swift, organized, and effective response to explosions or the risk of explosions at school, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Fighting or Riots

When dealing with a fight or the potential escalation to a riot, school staff should adhere to the following guidelines:

Fighting:

- Communication and Assistance: Utilize radio units or cell phones for communication. If not feasible, send a reliable student to the office to seek assistance. Speak loudly, demanding an immediate cessation of the behavior.

- Collaboration and Intervention: Seek assistance from other teachers to address the situation. If students begin to gather, work swiftly to disperse them.
- Identification and Intervention: Call out the names of involved students, if known, and inform them of their identification. For serious fights, especially those involving weapons, seek additional help from law enforcement personnel.
- Separation and De-escalation: Attempt to separate involved students using an assertive tone. Consider age, size, and personal safety before intervening physically. If successful in separating students, avoid further confrontational behavior. Allow students time to talk in a calm setting to gradually change the climate of the situation.

Riots:

- Prevention and Sensitivity: Encourage teachers and staff to be sensitive to the emotional climate and defuse tensions before problems escalate.
- Law Enforcement and Assessment: Notify local law enforcement of the disturbance and convene at a pre-designated site to evaluate the situation.
- Emergency Response Plans: Have a law enforcement officer assess and call for necessary resources, such as backup and emergency medical assistance.
- Activate emergency plans, including:
    - Instruct office staff to handle communications and initiate lockdown orders.
    - Notify transportation for appropriate buses for evacuation.
    - Assign staff to a temporary detention facility and log information.
    - Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Collaboration and Communication: Collaborate with the MPS Outreach & Communications Department to brief a representative for media interactions.
- Medical Treatment and Triage: Assign staff to a pre-designated medical treatment/triage facility.

Remember, these protocols are established to ensure a swift, organized, and effective response, prioritizing the safety and well-being of students and staff during such incidents.

Crisis Response

A school crisis is an unexpected critical incident that poses a safety threat or disrupts the school day, impacting teaching, learning, and overall well-being. Common reactions include shock, confusion, and fear. While each crisis may affect individuals differently, it can have a broad and immediate impact on students and adults. Examples include accidents, violent incidents, deaths, natural disasters, or acts of terrorism.

Multi-Tiered Crisis Response Team Model:

Tier I: School Site Crisis Response Team:

- Initiates crisis response, assesses needed services, and provides direct interventions.
- Determines the need for additional assistance from the Home Office.
- May be activated during emergencies or as a stand-alone team.

Tier II: Academic Department (Director of Special Education and Services; Director of Student Services):

- Contacted by the school site for support beyond the team's scope.
- Provides consultation, direct intervention, assistance with communications, and guidance for recovery/SEL support.

Tier III: MPS Home Office Crisis Response Team:

- Engaged based on collaboration between the Academic Department and the school site.
- Offers consultation, direct intervention, communication support, and recovery guidance.

Crisis Response Procedures:

- Activation and Assessment: The principal or designee, as the Incident Commander, activates the School Site Crisis Response Team. The team, in collaboration with the Incident Commander, assesses the impact and triages students, staff, and parents/guardians.

- Direct Intervention Services: The Crisis Response Team delivers crisis intervention services, including psychological first aid.
- Restoration of School Functions: Advises and assists the Incident Commander in restoring regular school functions efficiently and quickly.
- Limiting Exposure and Ongoing Assessment: Takes measures to limit exposure to scenes of trauma, injury, and death. Provides ongoing assessment of needs and follow-up services as required.

These protocols are designed to ensure a comprehensive, organized, and effective response to crises, prioritizing the well-being of students, staff, and the school community.

Active Shooter/Gunfire

In the event of a threat of violence on campus or the sound of gunfire, lockdown procedures should be immediately implemented. An Active Shooter on Campus is defined as an individual or individuals on school grounds armed with a firearm, having caused injury or death with the firearm and demonstrating continued threat.

Procedures for Staff:

- Upon the first indication of an active shooter, staff must promptly notify the principal or designee, who assumes the role of Incident Commander.
- The Incident Commander initiates a lockdown, the recommended emergency response.
- A call to 911 is made, providing precise details of the incident. A designated person should remain on the line with the police if safe.
- Establish communication with classrooms through school phones, email, cell phones, or radios to keep everyone informed.
- Notify MPS Home Office through the HOST channel and request assistance.
- Collaborate with the MPS Outreach & Communications Department to inform and update parents via ParentSquare.

Principal/Designee and Crisis Response Team Responsibilities:

- Secure perimeter gates and ensure all individuals are safely behind locked doors.
- Initiate the process of accounting for all students and staff.
- Calm and control students through regular announcements. If safe, maintain separation between students and the perpetrator.
- If imminent danger is identified with an active shooter on campus, Rapid Relocation may be initiated, ensuring students are not placed in the gunman's path.

Rapid Relocation Procedures:

- Encourage quick evacuation through any safe exit. If leaving campus, the preferred off-site relocation point is chosen if the route is safe.
- Inform local law enforcement of the decision to leave campus and the chosen destination. Keep them updated on students and staff not reaching the relocation point.
- Calm students, establish a perimeter for safety, and re-establish Incident Command teams with available staff.
- The Triage Team collaborates with first responders for medical attention to the injured.
- The Incident Commander prepares a verified list of the wounded and their transport locations, coordinating with the School Site Crisis Response Team for parent notifications.
- All media inquiries are directed to the MPS Home Office Outreach & Communications Department.
- Once the incident concludes and the campus is declared safe, the Incident Commander initiates the All Clear action.
- A debrief session with staff and school police officers is conducted by the Incident Commander.

These crisis response protocols are established with the paramount goal of ensuring the safety, well-being, and efficient recovery of students, staff, and the school community in the face of unforeseen critical incidents. The

collaboration between school personnel, law enforcement, and relevant agencies is crucial to swiftly and effectively address emergencies, minimize disruptions, and support the emotional and physical recovery of those affected. By adhering to these comprehensive procedures, we aim to create a secure and resilient environment conducive to the continued growth and success of our educational community.

Use of Facilities

In the event of disasters or emergencies, the school is committed to supporting the mandated emergency procedures established by law enforcement, government, or public safety agencies. This ensures that students and both certificated and classified staff follow necessary protocols, enabling the school to serve as a mass care and welfare shelter, to the extent necessary and appropriate.

Evacuation

In the event that community conditions or internal school circumstances necessitate a site evacuation, the following steps should be undertaken:

- The principal or designee assumes the role of Incident Commander and will communicate evacuation instructions via the PA system. If the PA system is unavailable, alternative communication methods, such as messengers, will be employed. The principal will convey a calm demeanor, offer reassuring comments, affirm that the situation is under control, and provide clear directions.
    - Example Statement: "Your attention, please. We need to evacuate all buildings. Teachers are to take their students and roll books to the assembly area and report to their designated area. Students are to remain with their teacher. Teachers need to close the classroom door when all the students have left."
- The Incident Commander will activate the fire alarm system as a signal to initiate the evacuation process.
- Designated emergency team members/staff will secure medications, related documents, and other essential medical supplies/equipment, such as First Aid Kit, CPR, AED, Epi-Pen, and Sharps container.
- Teachers will instruct students to evacuate the building using designated routes and assemble in their assigned Assembly Area.
- Teachers will bring student rosters and any classroom emergency supplies, take attendance once the class is assembled in a safe location, and account for students with cognitive disabilities who may not have fully understood the directions. Missing students will be listed on the Missing Persons Report.
- Once assembled, teachers and students will remain in place until further instructions are provided.
- The Incident Commander will make necessary notifications to the Home Office and parents.
- Upon the conclusion of the incident and confirmation of campus safety, the Incident Commander will initiate the All Clear action.

Procedures for Responding to Students Who Self-Injure

Self-injury, characterized by the deliberate act of harming one's own body, is often an unhealthy coping mechanism for emotional pain, intense anger, or frustration. While this behavior may lack suicidal intent, it can escalate the risk of suicide due to underlying emotional issues. Consequently, students exhibiting self-injurious behaviors should be assessed for suicide risk.

Signs and Symptoms of Self-Injury:

- Frequent or unexplained bruises, scars, cuts, or burns.
- Consistent, inappropriate use of clothing to conceal wounds.
- Possession of sharp objects such as razor blades, shards of glass, or thumbtacks.
- Evidence of self-injury in journals, drawings, social networking sites, etc.

Risk Factors of Self-Injury:

- Age, with a higher prevalence among teenagers and young adults.
- Influence of friends engaging in self-injury.
- Psychosocial factors, including neglect, abuse, or traumatic events.

- Mental health issues, such as depression, anxiety disorders, post-traumatic stress disorder, and eating disorders.
- Alcohol or drug abuse.

Protocol for Responding to Self-Injury:
- Respond immediately or as soon as practically possible.
- Supervise the student at all times.
- Seek medical attention as needed.
- Conduct an administrative search for access to means such as razor blades, shards of glass, other sharp instruments, or medications.
- Assess for suicide risk using appropriate protocols.
- Communicate with and involve the parent/guardian to address the self-injurious behavior promptly.

Awareness for Parents/Caregivers:
- Encourage appropriate coping and problem-solving skills.
- Listen calmly and empathetically, avoiding shaming reactions.
- Develop a safety plan with the student.
- Notify identified adults in the safety plan and provide information on the adult gatekeepers.

Self-Injury and Contagion:
- Respond immediately to identified students.
- Assess each student for suicide risk individually.
- Supervise students separately if identified as engaging in self-injurious behaviors.
- Consider making a mental health referral for students exhibiting self-injurious behaviors.

Response to Self-Injury and Contagion within the School Community:
- Address self-injury with students individually.
- Avoid discussing self-injurious behaviors in group settings.
- Conduct informational parent meetings, inviting all parents/guardians for psycho-education, awareness, and tools for addressing self-injurious behaviors.
- Supervise students and children during parent/guardian meetings.
- Consult with the Outreach & Communications Department for dissemination of information regarding parent/guardian meetings or other media matters.

These procedures are established to ensure a compassionate and effective response, prioritizing the well-being of students and fostering a safe and supportive school environment.

Procedures for Assessing and Responding to Reports of Dangerous, Violent, or Unlawful Activity

Magnolia takes its role in providing a safe and trusted learning environment very seriously. If any student, family member, or member of the school's extended community learns of any dangerous, violent, or unlawful activity that they believe has occurred, is occurring, or may occur at the school or at or near any school-sponsored or school-related event or location, they are strongly encouraged to report that activity—anonymously if necessary—to the Principal.

A report can be sent by a legible written note, by email, or by telephone to the following: mrowell@magnoliapublicschools.org; (657) 207 - 3969. Reports should include place, time, the general nature of the activity being reported, whether any life-threatening activity or weapons are involved, and any

other important details. Any report of activity that imminently threatens or involves an imminent potential loss of life should first be made to 9-1-1, immediately.

Magnolia shall promptly review every report received as soon as possible, shall make a record of every report received, and shall make a reasonable inquiry into each, as necessary, to ensure to the greatest reasonable extent that no dangerous, violent, or unlawful act occurs at any school-related or school-sponsored event, or on school-provided transportation to any such event. The investigatory response taken by the school and actions taken will be logged as well.

Floor Plan

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate the outdoor assembly area(s) and evacuation route(s) from the site. (This item is stored with the plant manager and also located in the office of the School Principal)

A copy of the floor plan will be posted in each classroom at the school, in the school hallway, and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

Emergency Drills

The school shall conduct emergency drills on a regular basis to prepare for possible evacuation in case of an emergency. The School Principal, or designee, will specify the date and time of emergency drills. All students and staff are required to participate in these mandated drills.

The School Principal, or designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

School Safety Management Team and Operations

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching, and support staff may also be part of the team but may act only when assigned specific duties by the Principal or designee.

Guidelines for Handling the Media

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The School Principal should assign a school spokesperson to deal directly with the media.

- Develop a written statement for dissemination.
- Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- Appoint a spokesperson (usually the principal).
- Keep the staff informed through one person.
- Be proactive with the media.
- Contact the media before they contact the school.
- Set geographic and time limits.
- Explain restrictions.
- Hold the press accountable.
- Create positive relations with the media before an emergency crisis occurs.
- Stress-positive actions were taken by the school.

- Announce new changes made after the incident has passed.

Parental Notification

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick up their child in the event of an emergency. Schoolwide communication will be sent via ParentSquare.

Safety Supply/Equipment

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for ensuring the availability and delivery of adequate supplies and equipment during the course of an emergency. The team members should be familiar with emergency supplies cached in the emergency bin and any other campus location, such as classrooms.

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for directing team activities and keeping everyone informed of the overall status. Furthermore, responsible for assessing the adequacy of available water, food, sanitation, and other supplies and organizing the distribution of resources for immediate use. Specific duties may include

- Reporting equipment and supply needs
- Estimate the number of persons requiring food/shelter/care
- Work Incident Commander to determine the length of time care will be needed
- Inventory supplies on hand
- Distributing emergency water and food supplies
- Setting up and maintaining sanitation stations
- Confirming supply/equipment needs for any persons with special needs fulfilled
- Controlling conservation of water

Supplies and Equipment for the School Safety Management Team include:

- Hand-held two-way radio
- Keys
- Bullhorn
- Emergency water supplies - water carriers, cups, hand pumps, etc.
- Emergency food supplies
- Temporary power supplies
- Cell phones
- Sanitation supplies

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school. Emergency and first aid supplies should be kept in the school's central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- Blankets
- Matches
- Pillows
- Bottled Water
- Flashlights
- Paper Towels
- Batteries
- Wet Wipes
- Radio (battery operated)
- Sheets
- Candles

Suggested first aid items:

- Assorted Band-Aids
- Gauze
- Sterile Water (for burns)
- Tape
- Scissors
- Tweezers
- Bandages
- Instant Ice Packs
- Ace Bandages
- Package of Sewing Needles
- Slings
- Antibacterial salve
- Steri-strips or butterfly stitches
- Disposable gloves
- Face masks
- CPR (disposable mouthpieces)
- Current first aid book

In case of an emergency evacuation, staff will take this kit to the evacuation site, along with an attendance sheet.

Plant Inspections

The School Principal, or designee, with the assistance of local support personnel where necessary, will inspect and ensure that the school is clean, and secured, all paths of egress are open and well lit is essential to the safety and well-being of all students and staff members of Magnolia Public Schools.

Essential Checklist: Plant Inspections

- A walk-through will be performed at least twice annually by the principal and/or designee to ascertain any unsafe conditions that are hazardous to the staff or student's physical or mental well-being.
- The complete emergency routes used by all students to travel to and from the assembly area should be inspected. Ensure that there are no barriers to students with specific mobility needs.
- Within a month of the start of the new school year, the School Safety Committee will review the walk-through. A timeline for the completion of necessary corrections will be reviewed and assessed monthly.
- The School Principal and/or designee will be responsible for inspecting the campus regularly for the following conditions:
    - All non-structural hazards in classrooms and other sites where students are served will be eliminated. These hazards may include incompatible chemical storage; unsecured objects on high shelves; trees or shrubs that require pruning; trip hazards; exposed nails; screws or bolts; equipment in need of repair, or any other condition that could constitute a hazard.
    - All damaged fences will be reported and corrected as soon as possible.
    - Playground facilities and equipment will be inspected regularly for hazards. Repairs must be made as soon as possible.
    - All non-functioning lighting fixtures must be reported and corrected as soon as possible.

RECOVERY

Schools as Pillars of Support in Emergencies
Schools play a pivotal role in aiding members of the learning community in both preparing for and recovering from emergencies or disasters. Whether stemming from natural events like earthquakes, fires, and loss, or man-made events such as tragic incidents, student overdoses, or acts of terror, a school's approach to post-emergency support is most effective when it addresses diverse levels of need among students. The provision of varying degrees of support, including opportunities for smaller group meetings, becomes critical for those requiring more in-depth assistance, thereby complementing the general support offered to all students.

In the aftermath, the responsibility for implementing recovery strategies typically falls on the shoulders of school psychologists, counselors, social workers, and potential community mental health partners, all of whom may serve as members of the Crisis Response Team. Encouragingly, all adults involved are urged to contribute by modeling calm, caring, and thoughtful behavior.

Supporting Someone After a Crisis
When supporting someone after a crisis, it is important to be present and supportive. Use verbal, nonverbal, and paraverbal communication to convey your care and concern. Ask open-ended questions to identify how they are feeling and listen with empathy. Do not rush them to talk about the incident.

If you are feeling overwhelmed, take some time to gain your composure. Ask for a staff member to step in if you need to leave the room. Coordinate with other staff to address the immediate needs of the staff involved.

It is important to remember that you cannot provide effective support until you have reached physical and emotional calm.

Guiding Therapeutic Rapport through Time
1. Supporting in the Present - Helps rebuild relationships and build bridges of communication. The trust and relationship that you establish at this point are crucial to the de-escalation of a future crisis.
2. Understanding the Past - Allows the person to reflect on their actions and consider the impact on others. This helps to uncover what happened and identify any patterns and Precipitating Factors, which can help in planning for the future.
3. Planning for the Future - Results in learning and development of approaches by collaborating and problem-solving. Planning creates a sense of responsibility and ownership for the individual. It also helps staff prevent crisis behaviors and improve their approaches.

Therapeutic Rapport Considerations
When engaging with individuals in therapeutic settings, it is crucial to take into account several factors that significantly influence the dynamics of the counseling relationship:
- Age: An individual's age plays a pivotal role in shaping their ability to comprehend and actively participate in therapy. Consider the developmental stage, as younger children might struggle to express emotions or grasp complex concepts, while older adults bring different life experiences and concerns.
- Cognitive Functioning: Cognitive abilities vary among individuals, affecting their capacity to process information and follow instructions. Modify therapeutic approaches to accommodate diverse cognitive functioning levels and ensure effective communication.
- Culture: Cultural background deeply influences expectations about counseling and communication styles. Cultivate respect for individuals' cultural values and beliefs, recognizing the potential impact of cultural differences on the therapeutic relationship.
- Gender Identity: An individual's gender identity significantly shapes their experiences and interpersonal connections. Create an affirming and safe space that respects and acknowledges clients' gender identities, fostering an environment conducive to exploring gender expression.

- Previous Life Experiences: Past life experiences profoundly mold an individual's thoughts, emotions, and behaviors. Be attuned to the potential impact of these experiences on the therapeutic relationship, recognizing their role in shaping an individual's progress.

In acknowledging and adapting to these diverse factors, support staff can enhance the effectiveness of therapeutic interventions, fostering a more inclusive and supportive environment for all individuals seeking assistance.

Strategies for the Crisis Response Team: Supporting Students and Staff After a Crisis

1. Immediate Debriefing: Conduct immediate debriefing sessions to allow team members to share their experiences, feelings, and observations.
2. Provide Safe Spaces: Establish designated safe spaces within the school where students and staff can seek solace and support.
3. Structured Group Sessions: Organize structured group sessions led by mental health professionals to address collective concerns and promote a sense of community.
4. Resource Distribution: Distribute informational resources and support materials to students and staff, outlining available counseling services and coping mechanisms.
5. Collaborative Outreach: Collaborate with external mental health organizations to provide additional resources and expertise.
6. Peer Support Networks: Facilitate the creation of peer support networks among students and staff to encourage mutual assistance.
7. Long-Term Counseling Services: Ensure access to long-term counseling services for both students and staff members, recognizing that recovery is an ongoing process.

Strengthening Staff Responses and Fostering Resilience

To enhance staff responses to incidents, it is crucial to conduct an objective assessment of the current response. Take time to reflect on the incident and engage in open dialogue with fellow staff members who were involved. This collaborative process can uncover valuable insights and identify areas for improvement.

Managing a crisis is a challenging experience that can have a profound impact on everyone involved, including staff members. Recognizing the potential trauma of these situations is the first step toward building resilience. Taking care of one’s self during this time is essential for both physical and emotional well-being.

Building Resilience:

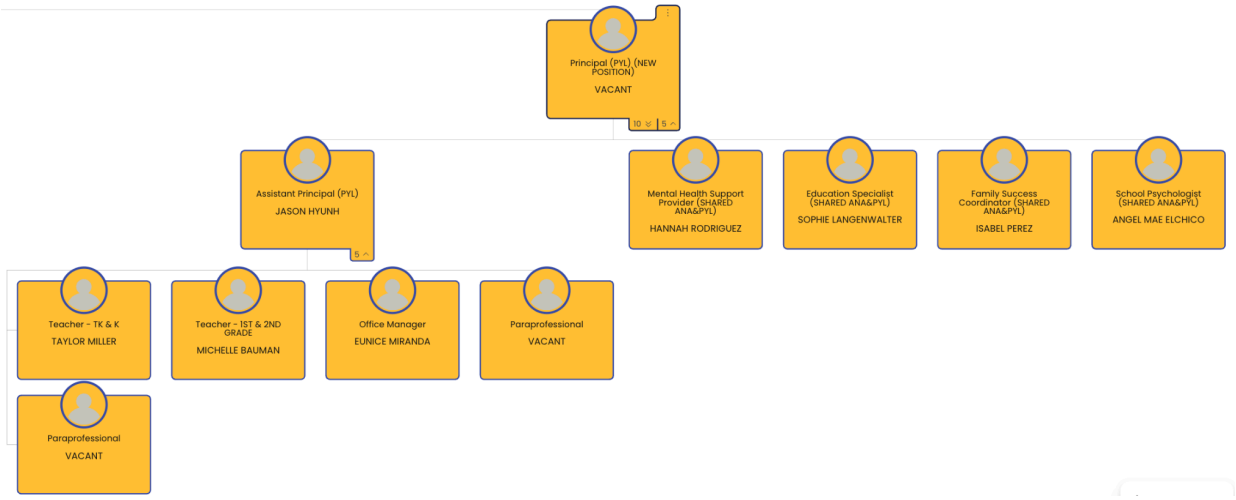
- **Reflect on the Experience: Acknowledge thoughts, feelings, and physical reactions to the incident.** Reflecting on the experience helps in processing emotions and developing effective coping mechanisms.
- Practice Self-Care: Prioritize self-care activities to maintain overall well-being. Ensure individuals get enough sleep, maintain a healthy diet, engage in regular exercise, and spend quality time with loved ones. Self-care provides the strength needed to cope with the challenges of crisis management.
- Seek Professional Support: If coping is challenging following the aftermath of a crisis, seeking professional support from a therapist or counselor can be immensely beneficial. A professional can assist in understanding emotions and developing healthy coping mechanisms tailored to your needs.

By fostering open dialogue, engaging in self-reflection, and prioritizing self-care, staff members can collectively navigate the aftermath of crises. Recognizing the trauma and proactively seeking support contribute to building resilience and fostering a supportive community within the school environment.

Recovery information is adopted from: Crisis Prevention Institute (2023). Nonviolent crisis intervention training. 3rd Edition.

Schoolwide Supporting Documents

Magnolia Science Academy - Placenta Yorba-Linda Organization Chart:



Glossary

MPS = Magnolia Public Schools

CMO = Charter Management Organization

PBIS = Positive Behavioral Interventions & Supports

SEL = Social-Emotional Learning

ISS = In School Suspension

ODR = Office Discipline Referral

ADA = Average Daily Attendance

LCAP = Local Control and Accountability Plan

PAC = Parent Advisory Committee

PTF = Parent Task Force

UCP = Uniform Complaint Procedures

CDE = California Department of Education

IDEA = Individuals with Disabilities Education Act

IEP = Individualized Education Program

504 = Section 504 of the Rehabilitation Act of 1973

SSPT = Student Services and Programs Team

HOST = Home Office Support Team

School Safety Plan (SSP): A detailed school emergency preparedness plan that covers prevention, response, and recovery procedures.

Incident Commander: The person responsible for directing emergency operations during a crisis.

Assembly Area: A designated safe location where students and staff gather during building evacuations to facilitate attendance taking.

Lockdown: An emergency protocol that secures school buildings and grounds during situations involving threats of violence.

ParentSquare: A school-to-home engagement platform used by the school to communicate essential information to parents/guardians.

Emergency Supplies: Resources like first aid kits, flashlights, batteries, blankets, and food/water that are critical for dealing with crises.

All Clear: An announcement made by the Incident Commander indicating that a crisis or emergency has ended and normal school operations can resume.

Crisis Response Team: A multidisciplinary school team trained in crisis preparedness, intervention, and recovery strategies to support the school community during and after critical incidents.

Recovery: The process of assisting students, staff, families and the greater school community in healing and overcoming trauma in the aftermath of a crisis/emergency.

1.2 Record of Changes

Change Number	Date of Change	Name	Summary of Change

1.3 Overview

National preparedness efforts, including planning, are informed by Presidential Policy Directive (PPD) 8, which was signed by the President in March 2011 and describes the nation's approach to preparedness. This directive represents an evolution in our collective understanding of national preparedness, based on the lessons learned from terrorist attacks, hurricanes, school incidents, and other experiences.

PPD-8 defines preparedness around five mission areas: Prevention, Protection, Mitigation, Response, and Recovery.

Prevention means the capabilities necessary to avoid, deter, or stop an imminent crime or threatened or actual mass casualty incident. Prevention is the action schools take to prevent a threatened or actual incident from occurring.

Protection means the capabilities to secure schools against acts of violence and manmade or natural disasters. Protection focuses on ongoing actions that protect students, teachers, staff, visitors, networks, and property from a threat or hazard and the capabilities necessary to avoid, deter, or stop an imminent crime or threatened or actual mass casualty incident.

Mitigation means the capabilities necessary to eliminate or reduce the loss of life and property damage by lessening the impact of an event or emergency and reducing the likelihood that threats and hazards will happen.

Response means the capabilities necessary to stabilize an emergency once it has already happened or is certain to happen in an unpreventable way; establish a safe and secure environment; save lives and property; and facilitate the transition to recovery.

Recovery means the capabilities necessary to assist schools affected by an event or emergency in restoring the learning environment.

Recovery planning begins at the preparedness phase of crisis response. The effectiveness of recovery efforts depends on pre-planning and developing partnerships with community agencies that can provide follow-up services as needed. Recovery entails planning for the structural, business/fiscal, academic, psychological, and physical needs of the school community. The goal of social-emotional recovery is to promote coping and resiliency for students, staff, and parents/guardians.

The ongoing recovery phase is designed to assist students, staff, and their families in the healing process and to restore educational operations in school. As the initial effects of a crisis subsides, it is important for the School Site Crisis Team to continue to assess the ongoing effects of the crisis and modify the plan accordingly.

There are short-term and long-term recovery activities to consider in the aftermath of a crisis situation. In the short-term (days to weeks), the school may focus on restoring regular school functions and routines as efficiently and promptly as possible. In the long-term (weeks to months), the school may focus on individuals who require more intensive services and on systemic changes to restore the school's safe and healthy learning environment.

Access BUL-5800 Crisis Preparedness, Response and Recovery for more information.

California law requires that schools develop a comprehensive school safety plan that addresses the safety concerns identified through a systematic planning process and that all school staff be trained on said plan. To assist schools in complying with these requirements, the LAUSD developed the Integrated Safe School Plan as a template for preparing emergency procedures for each LAUSD school. Emergency management teams and procedures outlined in this plan are consistent with the National Incident Management System (NIMS) and the Standardized Emergency Management System (SEMS) developed by the State of California. This plan presents specific procedures using Incident Command System (ICS) principles to prepare for, and respond to school emergencies.

1.4 Goals

As part of the planning process, each LAUSD school reviews school-specific data and identifies several goals for the school year. This year's Integrated Safe School Plan goals are:

People and Programs Goal #1: The PBIS/RP team will meet monthly starting in September 2025 to review data to better service the students.

People and Programs Goal #2: 64% or more of students will attend school at least 96% of the time or better during the 25-26 year.

12% of students or less will be "chronically" absent during the 25-26 school year, we will attempt to decrease this percentage.

Threat / Hazard: Earthquake

Threat / Hazard Goal: We will conduct earthquake drills on a regular basis as required by District policy..

Emergency Function: Drop Cover and Hold On

Emergency Goal: Students and staff will safely follow procedures for behavior during the Drop/Cover/old - Earthquake with 100% accuracy.

1.5 Plan Organization and Concept of Operations

The effective management of emergencies requires both adequate emergency preparedness and emergency response capabilities. This plan is a critical resource to support schools with reaching such adequacy. In order to provide robust emergency and other safety protocols for schools, the District's Office of Emergency Management facilitates an annual, comprehensive review process of all ISSP components, including the online platform contents, in collaboration with over 20 District offices. Staff from these offices review and update the content of the plan, which is also informed by the CA. Education Code and District policy. As needed, new sections of the plan are introduced to ensure greater relevance and comprehensiveness. After all recommended updates are implemented and new programming components are tested, the revised template is provided through the online platform to schools. Each school then updates and creates their specific plan before the October 1 submission deadline every year.

This plan is organized into eight sections:

- Sections 1-2 give a plan overview and cover the mitigation and prevention activities that schools can implement before an emergency.
- Sections 3-4 focus on emergency preparedness, identify the school's emergency response teams, and define the roles and responsibilities of team members.
- Sections 5-6 present laws and other guidance for determining the nature and extent of an emergency, as well as a series of initial response actions to be taken in an emergency.
- Section 7 describes the detailed emergency response procedures that will be used for the many types of emergencies that may be encountered in a school setting.
- Section 8 provides a series of appendices of supplemental emergency information, including contact information and supply lists. Standard forms, site maps and other supporting information are also contained in the appendices.

2. Plan Development

2.1 School Site Council and School Safety Planning Committee

LAUSD recognizes that everyone, from the administration and staff to the parents and the community, has a role in helping schools create safe environments. The template for the Integrated Safe School Plan is reviewed and updated annually by the District with input from subject matter experts. For all schools receiving Title I funds, the School Site Council (SSC) shall write and develop a comprehensive school safety plan relevant to the needs and resources of that particular school (CA E.C. § 32281) and its composition must comply with CA E.C. § 65000. For all schools not receiving Title I funds, the School Safety Planning Committee will develop the ISSP.

For all schools receiving Title I funds, the SSC may delegate this responsibility to the School Safety Planning Committee made up of members as outlined below (CA E.C. § 32281). This SSC delegation should take place yearly in the spring semester prior to the fall ISSP development. The school should retain the meeting minutes, agenda, and meeting sign-in and/or Zoom usage report indicating that this action was taken by the SSC in the spring semester. If the SSC delegates this responsibility or this school does not receive Title I funds, the School Safety Planning Committee is responsible for writing, implementing, monitoring, and evaluating the comprehensive, integrated plan based on the District template and unique to the school's safety needs. If the authority is not delegated to the School Safety Planning Committee, then the SSC shall develop the ISSP in the fall by October 1.

The School Safety Planning Committee, if the SSC delegates to this body or this school does not receive Title I funds, or the School Site Council should present the updated ISSP at a public meeting at the school site and include discussion and space on the agenda for the public to offer comments (CA E.C. § 32288). At schools receiving Title I funding, the School Safety Planning Committee, if the SSC delegates to this body, should also present the ISSP to the SSC by December. Approval from the SSC is not necessary since the ISSP is a pre-approved District template and the SSC delegated authority to the School Safety Planning Committee. The School Safety Planning Committee, or SSC if the committee does not exist, should notify, in writing, the following persons and entities, if available, of the public meeting to be held to review the updated ISSP: local officials; representative of the local school employee organization; representative of each parent organization at the school site, including the parent teacher association and parent teacher clubs; representative of each teacher organization at the school site; representative of the student body government; and all persons who have indicated they want to be notified (CA E.C. § 32288). **Note that the District will fulfill the requirement on behalf of all schools of notifying the local mayor.**

The uploaded document should include a dated meeting agenda and supporting documents and communications. The District shares the school’s ISSP with local first responder agencies as

per CA E.C. § 32281 and the school should make every effort to engage local first responders in preparedness and other activities that enhance emergency response.

District employees must be aware of and comply with District, state, and federal safety policies.

Schools will complete **one** of the two below tables, SSC or School Safety Planning Committee, to identify the members who developed the ISSP.

School Site Council (SSC)- Only applies to schools receiving Title I funds and whose SSC did not delegate authority to the School Safety Planning Committee

Note: The composition of the SSC must comply with CA E.C. § 65000. If necessary, please add fields for School Site Council members based on the composition of your School Site Council for this year.

2.2 Mitigation and Preparation

To effectively prepare for emergencies, a series of assessments are presented in this section regarding mitigation and preparation.

2.3 School Safety Planning Committee/School Site Council Checklist

The principal should ensure the following:

- ☐ If the School Site Council delegates to the School Safety Planning Committee, this committee is established and contains a broad representation of all stakeholder groups (students, parents, staff, and community).
- ☐ Schedule and publish the meeting dates for School Safety Planning Committee or the School Site Council.
- ☐ Send out a survey to staff to ascertain who has the training, skills, interest, and aptitude for each assignment in the Integrated Safe School Plan. Access lausd.org/ISSP and check the "Resources" section for the School Emergency Team Skills Survey.
- ☐ Assign staff to emergency roles in the Integrated Safe School Plan (ISSP) based on the results of the survey, recommendations from the School Safety Planning Committee or School Site Council if the SSC did not delegate ISSP authority, and consultation with the principal.
- ☐ If practical, the School Safety Planning Committee, or School Site Council if the SSC did not delegate ISSP authority, consults, cooperates and coordinates with other school site councils or school safety planning committees (CA E.C. § 32282).
- ☐ Prior to adoption, the revised ISSP is reviewed and discussed by the School Safety Planning Committee or School Site Council if the SSC did not delegate ISSP authority, and the administrative staff.
- ☐ A current copy of the ISSP (redacting sensitive information such as all school maps) is available for public review in the Main Office (CA E.C. § 32282). To maintain confidentiality and integrity of the ISSP, copies are not provided to the public or posted online. Additional copies are in the emergency bin and School Emergency Response Box (SERB). (See Subsection 3.17 Emergency Supplies and Equipment for some details regarding the SERB.)
- ☐ Staff members are made aware of how to access the Integrated Safe School Plan online (http://issp.lausd.net), their emergency roles in the plan, and how to print it.
- ☐ All employees are reminded of their role and responsibilities as disaster service workers. (See Section 5.)
- ☐ Verification of the ISSP public meeting is on file at the school, is uploaded into the online ISSP, and includes the meeting announcement, meeting agenda reflecting space for the public to offer comments, and sign-in sheet.
- ☐ The ISSP is evaluated and amended as needed by the School Safety Planning Committee, or School Site Council if the SSC did not delegate ISSP authority, no less than once a year to ensure that the comprehensive school safety plan is properly implemented [CA E.C. §

32282].

- [ ] Check all emergency supplies in the emergency bin, Health Office, classrooms, and School Emergency Response Box. Check for expired or obsolete supplies. Order replacement supplies from the LAUSD Stores Warehouse. Note that each year you will need to certify through the online Administrator Certification process (as described in the current version of MEM-6128.13 Administrator Certification Online System 2023-2024 for School Sites and Offices) that the school's emergency bin is stocked in adequate amounts, organized, in good working order, and within applicable expiration guidelines.
- [ ] Establish a Continuity of Service Plan (also known as a Continuity of Operations Plan). Which functions are essential? Which functions must be conducted on site? Who will replace critical staff if they are absent for a prolonged period of time? Make sure the replacement staff has keys and job descriptions for their new duties. For the school continuity plan template, see the Office of Emergency Management web site: Essential Functions for Continuity of Service at School.
- [ ] Check all school radios and contact the ITD Radio Unit at (323) 224-2411 with any functionality issues. Visit https://www.lausd.org/radiounit for additional radio information.
- [ ] Have faculty identify their neighboring classroom "buddy" to mutually check on during an evacuation. Create a list to make sure no one is omitted.
- [ ] Create/update the staff cell phone contact list and add it to the ISSP appendices.
- [ ] Check your school's emergency contact phone list of District offices and support personnel to make sure it is current and accurate, supplementing the Emergency Contacts appendix and the Additional Contacts data in Step 4 of the online ISSP.
- [ ] Schedule all emergency drills on the school's master calendar, checking the drill calendar at 2025-26 SY Emergency Drill Calendar.
- [ ] Ensure that the school's emergency response box contains current and accurate information.
- [ ] Review the school's emergency response procedures with clerical, custodial, and support staff. Make sure they are prepared, understand their roles and have the supplies they need.
- [ ] Review the school's emergency response procedures with Beyond the Bell, L.A.'s Best, Youth Services, and any other before or after-school staff. Make sure they are prepared and know how to respond to an emergency. Make sure they have access to any and all emergency supplies. Print copies of the ISSP and all contact lists for them.
- [ ] Direct staff to https://www.lausd.org/steps for online emergency training information. Administrators can also use the STEPS website to access online Emergency Management classes from Federal Emergency Management Agency (FEMA).
- [ ] Conduct a Vulnerability Assessment using the template provided on the Office of Emergency Management website. Take STEPS class 406, "Conducting a Vulnerability

Assessment," to learn more.

Powered by BoardOnTrack

2.4 Plant Inspections

Plant inspections are critical to ensuring that all schools are clean, secured, all paths of egress are open and well-lit and are essential to the safety and well-being of all students and employees of the Los Angeles Unified School District.

Plant Inspections

- ☐ Walk-through will be performed on a biannual basis by the principal and plant manager to identify any unsafe conditions.
- ☐ Emergency routes and paths of travel used to and from assembly areas shall be inspected for ADA compliance.
- ☐ Within a month of the start of the new school year, the School Safety Planning Committee will review the walk-through. A timeline for completion of necessary corrections will be reviewed and assessed monthly.
- ☐ HIGUERA AVILA, ADRIANA will be responsible for inspecting the campus regularly for the following conditions:
    - All non-structural hazards in classrooms and other sites where students are served. These hazards may include: improper chemical storage; unsecured objects on high shelves; trees or shrubs that require pruning; trip hazards; exposed nails, screws or bolts; equipment in need of repair, or any other condition that could constitute a hazard (See the Common Safety Violations in School Classrooms guide).
    - Damaged fencing.
    - Playground facilities and equipment hazards.
    - Non-functioning lighting fixtures and burnt-out bulbs.
    - Non-functioning heating and ventilation.

Powered by BoardOnTrack

2.5 Hazards in the Community – Vulnerability Assessment

An LAUSD Vulnerability Assessment for schools to self-evaluate hazards on and off-campus is available to schools on the Administrators Corner of the OEM website and is designed to be completed by the School Safety Planning Committee or School Site Council if the SSC did not delegate ISSP authority. Completing this assessment provides additional information that will help the committee create a robust and informed Integrated Safe School Plan.

School administration should be aware of potential environmental concerns in the community that can impact the school during an emergency. For example, knowing the location of a nearby facility that uses toxic chemicals will assist in planning evacuation routes. The LAUSD Office of Environmental Health and Safety (OEHS) periodically conducts surveys to identify potential environmental concerns near schools. Site Administrators can access school specific surveys here. Maps are currently being created to identify where the hazards are located in relation to the school campus. The maps will be uploaded as they are completed. To search for a school's survey, click the "Select a School" button below and type the school name in the search box or select the school from the drop-down list. Note potential environmental concerns near the campus, include:

- Facilities containing toxic chemicals or radioactive materials
- High voltage power lines and transformers
- Transportation routes of vehicles carrying hazardous materials (truck routes or railroad right–of–way)
- Underground gas or oil pipelines
    - Schools with pipelines may also be notified by the pipeline operator who can provide additional guidance and safety measures.
- Water towers or tanks
- Unique site-specific considerations

Site administrators can meet with an LASPD officer and walk the neighborhood to be familiar with potential hazards in the community that could impact the school. These findings can be recorded on Form A - Emergency Hazard Assessment Summary.

Site administrators should visit the CalEPA website and insert the address of their school to see a list of environmentally regulated sites and facilities near their campus. The website provides an overview of regulated activities of environmental programs in California. These activities include hazardous materials and waste, state, and federal cleanups, impacted ground and surface waters, and toxic materials. Site administrators should print out the map of their school community that shows the exact location of these facilities. These sites may also be listed on OEHS' potential environmental concerns survey under CalEPA Regulated Sites of Concern within 500 ft (see above).

The map should be retained with the Integrated Safe School Plan and be a reference during emergencies and evacuations.

Federal Emergency Management Agency (FEMA) offers a comprehensive, multiple-natural hazard-based, community-level risk index which is searchable by neighborhood. Coastal flooding, earthquake, hail, heat wave, landslide, lightning, strong wind, tsunami, and wildfire are among the 18 natural hazards included.

The database can be accessed here. This index takes into consideration the risk level of experiencing the natural hazards; population vulnerability based on factors such as, age, income and living conditions cross-referenced with available community resources such as, hospitals and fire stations; and historical data on natural disasters.

2.6 Preparation and Mitigation for Students with Disabilities

Additional information is available in the MyPLN STEPS courses 210 and 410.

Addressing Concerns: As per CA E. C. § 32282, after review by a school employee, a pupil's parent, guardian, or educational rights holder, or a pupil, any concern about appropriate adaptations and a pupil's ability to access disaster safety procedures described in this plan should be directed to the school principal.

Procedures are outlined in Attachment A of REF-5511 Completing and Updating the Integrated Safe School Plan.

School staff members need to be aware of adaptations/accommodations for students with whom they work. Schools are required to establish adaptations/accommodations for students and employees with disabilities to ensure safety and implementation of any necessary documentation during any emergency (CA E. C. § 32282). In collaboration with appropriate staff, the School Safety Planning Committee or School Site Council, if the SSC did not delegate ISSP authority, should consider what additional steps and resources the school will use for students and adults with access and functional needs, disabilities, and other special needs. All emergency planning and preparation must consider the requirements of students with disabilities and other specific needs. Some students may need additional assistance during an emergency. It is crucial to prepare for the needs of these students and provide the necessary materials, resources, and personnel. Specific needs can be categorized into several, general groups:

- Mobility
- Visual
- Hearing
- Communication
- Cognitive
- Special Healthcare Needs
- Behavioral

The needs of students must be analyzed to accommodate student needs during emergencies, including procedures for emergency notification, evacuation, and sheltering.

Employees who will assist students with disabilities need to be identified before the emergency, and practice techniques for assisting these students. Staff will need to understand the capabilities and limitations of the population that they support during emergency situations. They should rehearse their role at every emergency drill so that they and the student they assist will have familiarity with the process. Participating in all emergency drills enables the students with disabilities and the employees who assist them to become familiar with one another and address any concerns before an emergency occurs.

An administrator/designee shall be identified as the primary contact for ensuring adaptations for students and others on campus with disabilities are considered throughout the ongoing development of the plan. MUSCHAMP, MARION This administrator and an alternate comprise the Access and Functional Needs Position (see Section 3.6).

Identification of Students with Disabilities

The School Safety Planning Committee or the School Site Council, if the SSC did not delegate ISSP authority, and other stakeholders should compile a list of students with specific needs. The list should include students with temporary physical challenges as well as students with injuries or needs that may not qualify for special education services, but who will need additional assistance during or immediately after an emergency. Knowing the most fragile and dependent members of the school population will allow the school to prepare for the challenges and be successful during an emergency.

Information about students with disabilities who need adaptations or accommodations for disaster procedures can be gathered from many sources, including:

- School Nurse/Health Care Assistants
- Parents
- Teachers/Related Service Providers
- Paraprofessionals
- Special Education Personnel
- LRE Counselors
- Students
- 504 Plans
- 504 Designees
- Counselors
- Meeting Documents/Data [e.g., Student Success Progress Team (SSPT), Interim Behavior Response Plan (IBRP), Safety Plan]

The list of students with disabilities who need accommodations or adaptations for disaster procedures can be entered in the "Alerts" module (under the student's Record Navigator) of the Welligent system that stores LAUSD student medical condition information. Specific

Powered by BoardOnTrack

equipment and supplies needed to care for each student should be listed there as well. Periodically, the site administrator can print out an updated list. Details on using the “Alerts” module in Welligent are in the online MyPLN course STEPS.

The Administrator/Designee for Access and Functional Needs should ensure that all students who have specific emergency needs have been identified and that the list of these students and their needs are available in the School Emergency Response Box (see REF-5450 School Emergency Response Boxes). Before an emergency occurs, this list should be shared with the Operations Section Lead, who oversees the Search and Rescue Teams and the Triage Teams. Both teams need to know the names and adaptations/accommodations in place for these students, as it directly impacts the response actions of those teams. This information should be shared with the Logistics Section Lead to ensure that needed supplies are available (e.g., diapers, wheelchair, specialized equipment). The Logistics Section should also be aware of the approximate number of individuals with adaptations/accommodations for disaster procedures, in the event that they need to order resources (e.g., buses). The following items should be stored in the School Emergency Response Box in folders marked “Confidential”:

- Class schedules for students with disabilities who have adaptations/accommodations for disaster procedures, so that Search and Rescue Teams will know where to look for students.
- Emergency contact information for each identified student.
- Welligent (Student Face Sheet) printouts for students with disabilities who have adaptations/accommodations for disaster procedures who may require special or additional support from the Search and Rescue and Triage Teams.

The leaders of the Search and Rescue Teams, Triage Team, and the Logistics Team should know where to get copies of these items during an emergency so that their sections can adequately address the needs of students with specific emergency needs.

Emergency Notification for Students with Disabilities with Adaptations/Accommodations for Disaster Procedures

Administration must ensure that emergency notification systems at the school site are functional for all students in all locations on campus. Conduct regular emergency drills that incorporate emergency notification systems, such as the fire alarm system and PA system, into all emergency drills to test the system and identify any non-functional elements. Drilling with the school’s emergency notification systems also creates familiarity with the sounds and lights associated with emergencies for students with disabilities who have adaptations/accommodations for disaster procedure. Supplemental online alarm systems training courses STEPS 411 and 418 are offered through MyPLN.

The Administrator/Designee for Access and Functional Needs should ensure the following are in place:

Powered by BoardOnTrack

- All students are familiar with the sound of emergency alert systems, as well as the location of alarms and lights.
- All students, including students with communication challenges, are aware of the procedures used to report an emergency.
- All students, as appropriate for their age and ability, know the emergency actions to take associated with each emergency alert system or emergency PA announcement.
- Appropriate alternate emergency notification systems should be in place for students who cannot hear, including alternatives to emergency PA announcements (such as a lockdown).

Administration should make sure that all alarm systems, PA systems, and telephone systems are functional as part of the regular campus inspection process. Back-up plans, such as a cell phone list, should note individuals with adaptations/accommodations for disaster procedures.

Evacuation Concerns for Students with Adaptations/Accommodations for Disaster Procedures

As part of their planning process, schools will need to consider how they will assist students who cannot evacuate the building on their own, including students who cannot walk down a flight of stairs. In almost all situations, students can be assisted with a special evacuation device or carried down by two to four adults on the Search and Rescue Team. All multiple-story schools have been trained on how to operate an Evac+ Chair and have at least one device on campus. If you need additional support, contact the Office of Emergency Management at oem@lausd.net. Rescue technique training is available online through MyPLN course STEPS 210.

On an ordinary school day, students with mobility issues attend classes on the upper floors of buildings and use the elevator to travel from one floor to another. If there is an emergency that includes a power failure or activation of the fire alarm system, the elevator will not function, and these students will need assistance getting to the ground floor. These students will also need assistance after an earthquake, as elevators should not be used. In addition, disaster debris or damage may be disorienting to others who normally use the stairs, such as students who are blind or have visual impairments. Relocating students from upstairs classrooms with significant evacuation challenges to the ground floor should be considered for student safety.

Teachers are to use the ‘buddy system’ during evacuation, so that one teacher can take two or more classes to the Assembly Area, while the second teacher or designated adult assists or waits with students who cannot evacuate on their own.

During an emergency, Search and Rescue Teams may need to rescue students who are trapped and cannot evacuate the building on their own accord. As they search buildings, the Search and Rescue Teams need to check for any students who cannot walk down a flight of stairs.

To make sure that these students, identified assistants, and Search and Rescue Team members are familiar with each other, all students must take part in campus emergency drills. It will only be through practice that team members become familiar with the students and will be able to

Powered by BoardOnTrack

implement adaptations/accommodations for disaster procedures. Drills should also pose a variety of challenges to practice, such as blocked stairways and compromised access to direct exits, so that students and staff learn alternate routes to the Assembly Area. Information is available in the REF-5803 Emergency Procedures, Drills and Districtwide Exercises.

All students with disabilities who have adaptations/accommodations for disaster procedures must be identified and know:

- Their accessible evacuation routes (to the Assembly Area, as well as off-site)
- What route they will take for both building evacuation (to the On-Site Assembly Area) and Off-Site relocation
- For building evacuation to the On-Site Assembly Area, alternate routes can be established to ensure accessible, safe, and efficient evacuation for individuals with access and functional needs (Note that all students/staff should use the same route, which should be accessible to all, for off-site relocation.)
- Who will assist them during an emergency
- How they will be assisted/rescued during an emergency
- Where students should wait, only if necessary and if there is a designated location
- What equipment will be used (e.g., Rescue-Seat, Evac+ Chair)
- Where assistive evacuation equipment is kept

All staff members responsible for assisting students during evacuations should be familiar with the evacuation buddy system and applicable assistive rescue devices and techniques.

A critical part of daily campus inspections is making sure that all access to the Assembly Area is open. All doors and exits should be open and work the way they were designed. Paved surfaces should be free of any obstruction. Blockages that are easily maneuvered by many can become overwhelming impediments to people with mobility challenges. All routes should be inspected to make sure they will service everyone on campus. This is especially true around construction sites, holiday decorations, and inclement weather.

Any person using a wheelchair who can travel without additional assistance proceeds directly to the school site Assembly Area. This school’s specific plans for evacuation assistance includes:

STUDENTS ON THE 100'S SIDE WILL WALK BETWEEN THE BUILDINGS AND WALK TO THE BLACKTOP. THE STUDENTS/STAFF ON THE 200'S WILL WALK TOWARDS REGION WEST PARKING LOT AND WALK IN/OUT OF THE SCHOOL TO GO TO THE BLACKTOP.

Preparing to Shelter and Care for Students with Disabilities Who Have Adaptations/Accommodations for Disaster Procedures

Once students with disabilities with related accommodations have been evacuated from the building, schools should take steps to maintain their physical and emotional safety until they can be reunited with a custodial adult.

Powered by BoardOnTrack

Before an emergency, identify what specific supplies or materials are needed to provide ongoing care for students with healthcare needs. The greater the student's needs, the more supplies that may need to be stored for emergency use.

School staff can create a backpack "go kit" with the necessary supplies and tag it with the student's name. The backpack should contain all materials needed to support that student, as well as any documentation that may be needed by first responders or outside support agencies such as paramedics or hospitals. The bag can be stored in the classroom with the teacher or in the emergency bin if none of the supplies can be damaged by heat. Whenever the students evacuate the building, classroom employees must bring the backpacks with them. The school's specific plans for disaster assistance for students with specific needs includes:

WE HAVE ONE STUDENT ON A WHEEL CHAIR AND HE WILL HAVE ACCESS TO MANUVER TO THE BLACKTOP.

For more tips and information on supporting students with access and functional needs, access LAUSD Emergency Preparedness for Students with Disabilities Tips and Checklist.

2.7 Public Disaster Shelters

Public disaster shelters are managed by the American Red Cross (Red Cross), and all shelter operations are coordinated through the Office of Emergency Management (OEM) in adherence to pre-established agreements. Any requests from the Red Cross for shelters should be directed to OEM at 213-241-3889 or the LASPD Watch Command at 213-625-6631 prior to any agreement being made to use a school as a shelter. More information is available in BUL-6084 LAUSD Use of School Facilities in an Emergency or Disaster Situation.

2.8 Assessments

The school ensures that appropriate stakeholders participate in the annual self-assessment process.

Twelve self-assessments are completed online as part of Step 2 of the Integrated Safe School Plan process. They contain critical elements of safe and healthy school planning that must be completed for compliance with federal law, state law, and District policy and procedures. Results can be used to further facilitate the development of the school's ISSP and enhance overall health and safety at the school.

The most successful assessments are conducted by a broad array of individuals at a school, including support staff and first responders. Students and parents, including students and parents with disabilities, or access and functional needs, should be included to the maximum extent appropriate. These individuals will reflect on the school's practices, progress and challenges based on the prior year's data to complete the assessments.

2.8.1 Health and Nutrition

Health services are provided by a school nurse to meet the health needs of students consistent with applicable state and federal laws. The school ensures access to medications, special diets, treatments, and emergency care consistent with law and District policy.

Responding to an Individual Experiencing a Sudden Cardiac Arrest or a Similar Life-Threatening Medical Emergency While on School Grounds

Sudden Cardiac Arrest (SCA) is the sudden, unexpected loss of heart function, breathing, and consciousness. SCA usually results from an electrical disturbance in the heart that disrupts its pumping action, stopping blood flow to the rest of the body. SCA is a medical emergency. If not treated immediately, it causes sudden cardiac death. The treatment of SCA is an immediate shock to the heart using an Automated External Defibrillator (AED) that may stop the fatal rhythm and allo'w a normal heart rhythm to return, along with the performance of cardio-pulmonary resuscitation (CPR). And as with any other serious injury or illness where life-threatening situations are suspected:

- Phone 9-1-1
- Notify the school administrator, school nurse, and the parent/legal guardian

If there is an interest to take an American Heart Association CPR/AED and/or First Aid course to become certified, click on the link below for more information and registration.

Acquisition and Use of an Automated External Defibrillator (AED)

For more details, access BUL-4480 Policy and Procedure for the Acquisition and Use of Automated External Defibrillators (AEDs).

The CA Health and Safety Code § 1797.196 (c) states when an AED is placed in a public or private K-12 school, the principal shall ensure that the school administrators and staff annually receive information that describes sudden cardiac arrest, the school's emergency response plan, and the proper use of the AED. The principal shall also ensure that instructions, in no less than 14-point type, on how to use the AED are posted next to every AED. The principal shall, at least annually, notify school employees as to the location of all AED units on campus.

CA E.C. § 35179.6 (b) states commencing July 1, 2019, if a school district or charter school elect to offer any interscholastic athletic program, the school district or the charter school shall acquire at least one AED for each school within the school district or the charter school. The school district or the charter school is encouraged to ensure that the AED or AEDs are available for the purpose of rendering emergency care or treatment within a recommended three to five minutes of sudden cardiac arrest to pupils, spectators, and any other individuals in attendance at the athletic programs on campus activities or events and shall ensure that the AED or AEDs are available to athletic trainers and coaches and authorized persons at these activities or events.

2. Plan Development

Responsibilities of the Administrator:

As described in BUL-4480 Policy and Procedure for the Acquisition and Use of Automated External Defibrillators (AEDs).

- Ensure that all school staff annually receive information on the following:
  - The school's CPR/AED Emergency Response Site Plan and AEDs' Placement, (the device's physical location on campus or in administrative office); and that the Site Plans are completed each year by October 15 (Attachment A).
  - AED Program Tri-Fold Information Pamphlet (Attachment B).
- Ensure that the use instructions and appropriate signage are posted next to every AED. AED signage must be visible with clear instructions that are no less than 14-point type (Attachment C).

Ensure that the following occur:

- Perform equipment maintenance of AEDs' essential supplies batteries and electrode pads, including spare batteries and electrode pads; and first responder kits.
- Complete mandatory readiness check test on each AED assigned to the school or administrative office on the 1st through 10th of every month in District's Vendor platform.
- Monitor AED Wi-Fi connection status and check device expiration dates periodically.
- Report any irregularities, (i.e., chronic malfunction, damage or theft) to the Branch.

Action items above include but are not limited to the following:

a. Report AED maintenance checks on the District-approved online platform via online login (Attachment D) or QR Code Scan (Attachment E).
b. Reorder outdated or damaged AED equipment supplies, as necessary.
c. Allow school site employees the opportunity to obtain CPR/AED certification that complies with the regulations adopted by the California Emergency Medical Services
    a. Authority (EMSA) and standards of the American Heart Association (AHA) or the
    b. American Red Cross (ARC).
d. Designate volunteer emergency site responders as described in BUL-4480 Policy and Procedure for the Acquisition and Use of Automated External Defibrillators (AEDs) and maintain responder training records on the cloud-based device management system (Attachment F) and CPR/AED Emergency Response Site Plan form (Attachment A).
e. Report the AED usage event on the cloud-based device management system and complete both the Incident Report in the Confidential Report of AED Incident Response form (Attachment I) and the Incident System Tracking Accountability Report (iSTAR). Additionally, comply with post-usage event processes from the District-approved vendor.
f. Comply with District-approved Vendor's platform AED post-usage event process; and execute the Branch's AED post-usage event instructions.

Requirements when administering CPR and the use of an AED:

1. Call 911.
2. Call parent/guardian/emergency contacts.
3. Ensure that the individual who received CPR and the application of the AED is transported in an emergency vehicle to a hospital for further treatment and observation.

Administration of Naloxone (Narcan)/Protocol for Opioid Overdose Treatment

CA E.C. § 49414.3 authorizes school districts to:

- Provide emergency naloxone or another opioid antagonist to school nurses or trained personnel who have volunteered.
- Use naloxone or another opioid antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering from an opioid overdose.
- Designate one or more volunteers to receive initial and annual refresher training, based on standards regarding the storage and emergency use of naloxone or another opioid antagonist from the school nurse or other qualified person designated by an authorizing physician and surgeon.

Based on this authorization, LAUSD nurses and other designated personnel will have access to and training in the use of naloxone (Narcan). At this time, LAUSD provides staff training through MyPLN with completion certificates filed within each employee's personnel file. Further supplemental training is also conducted by a credentialed school nurse.

Responsibilities of the Administrator:

- Review the information contained in BUL-133120 Administration of Naloxone (Narcan) Nasal Spray.
- Discuss the naloxone nasal spray and reporting policy with employees, and parents/guardians.
- Ensure that school nurses, designated staff, school police (LASPD), local police, and other emergency responders (fire department or LAFD or 911-deployed responders), can access naloxone supply when needed.
- Maintain an annually updated Naloxone (Narcan) Emergency Response Site Plan on the premises where the naloxone nasal spray is stored. This plan shall be accessible to Emergency Personnel, such as school nurses, designated staff, school police (LASPD), local police and other emergency responders (fire department or, 911-deployed responders).
- Ensure confidentiality of all naloxone nasal spray uses and its reports.
- Report all instances of naloxone nasal spray usage by completing an iSTAR.
- Treat the report of naloxone administration as a confidential report for use by LAUSD attorneys and the Office of Risk Management. No copies of the report shall be furnished to anyone including employees, students, or parents without permission from the Office of the General Counsel.

Powered by BoardOnTrack

- Ensure proper procedures correlating to the storage, restocking, and emergency use of naloxone nasal spray as an opioid antagonist are being followed.
- Coordinate with designated staff to keep the naloxone and monthly checklists stored in a secure location.
- All schools must maintain records for seven (7) years.

Requirements when Administering naloxone (Narcan):

1. Call 911.
2. Call parent/guardian/emergency contacts.
3. Ensure that the individual who received naloxone is transported in an emergency vehicle to a hospital for further treatment and observation.

Access to and Administration of Epinephrine

For more details including the administration of epinephrine, please access BUL-114500 Administration of Epinephrine Auto-Injectors.

The CA E.C. § 49414 requires school districts to provide emergency epinephrine auto-injectors to school nurses, or trained personnel who have volunteered, to provide emergency medical aid to persons suffering or reasonably believed to be suffering from an anaphylactic reaction. The intent is to protect not only persons with previously diagnosed allergies, but also persons who do not know they are allergic and who therefore may not have been prescribed epinephrine. In addition, Section 49414 requires a school district, county office of education, or charter school to annually distribute a notice and description of volunteer training.

In the event of a major disaster which requires evacuation, it is recommended that the emergency epinephrine auto-injectors be transported to the First Aid Station and turned over to the designated lead of the First Aid Station.

Food Services

School menus, Café-LA programs, and other pertinent food services and nutritional information can be found on the Food Services Division website at https://lausd.org/cafela.

Under California's Universal Meals Program, every school must serve breakfast and lunch daily without exception, including minimum and shortened days. 20-minute meal period for students to access and consume their meals is a state, federal, and School Board requirement. Schools that have an after-school program offer healthy snacks or supper meals provided by the Food Services Division.

For more information, access Board Resolution "Improving Food and Nutrition Policy," December 11, 2012.

Powered by BoardOnTrack

2.8.2 Positive Safe School Environment

2.8.2.1 Reporting and Notifications

Suspected Child Abuse and Neglect Reporting Requirements

Administrator Responsibilities:

- Review child abuse reporting policies with all employees twice a year (e.g., beginning of each semester), and assist or designate another administrator to assist employees seeking assistance in meeting their mandated child abuse reporting responsibilities.
- An employee who successfully completes the Child Abuse Awareness Training (CAAT) training will have certified the Employee Acknowledgement, and the supervisor may maintain a file of CAAT training completion certificates but is not required to do so. Additionally, while not mandatory, an administrator may request that employees under their supervision annually sign the Employee Acknowledgement of Suspected Child Abuse Reporting District Policy and Legal Requirements in the BUL-1347 Child Abuse and Neglect Reporting Requirements.
- Ensure all employees are auto enrolled and have completed the annual fall online CAAT and passed the assessment by the September due date of each school year.

Employee Responsibilities:

- Review and pass the online CAAT.
- An employee suspecting child abuse or neglect must file a Suspected Child Abuse Report (SCAR):

  A. If the employee has an emergent (urgent) SCAR to make (e.g., immediate risk of abuse, neglect, or exploitation or that the child is in imminent danger of harm or death), the employee must: (1) telephone report immediately or as soon as practically possible to a child protective agency; and (2) file a written report with the same agency within 36 hours of receiving the incident information.

  B. If the employee has a non-emergent (urgent) SCAR to make (e.g., non-life threatening and non-emergency), the employee has an option to report to the Department of Children and Family Services (DCFS) by immediately or as soon as practically possible using the one-step online Child Abuse Reporting Electronic System (CARES) offered by the DCFS: https://reportchildabusela.org.
- The employee reporting suspected child abuse should not attempt to verify the suspicion or prove that abuse or neglect has occurred.
- Investigation (questioning witnesses, obtaining written statements), notification (family, alleged perpetrator), counseling, and family intervention are the responsibilities of the child protective agency.

The employee must know the requirements to report known or suspected instances of child abuse and neglect and comply with such requirements. The employee must view the CAAT

training, pass the CAAT assessment, and get their-training completion certificate. Summary guidelines for Child Abuse and Neglect Reporting:

- Reportable victims include persons under the age of 18.
- Child abuse includes physical abuse, sexual abuse, neglect, willful cruelty, unjustifiable punishment, life endangerment, mental suffering, and emotional abuse.
- If a District employee reasonably suspects child abuse or neglect, a report must be made immediately or as soon as practically possible and should not be delayed until the end of the school day. School procedures may not require the reporter to disclose their identity to school personnel prior to or after making a report.
- A child abuse report should only be made to one child protective agency (e.g., DFCS, law enforcement agency). School Police is not a child protective agency, and reports made to School Police are not a means of complying with the law.
- Child abuse reports are confidential.
- The law enforcement officer or DCFS social worker, who are Child Protective Services Agency representatives for this purpose, who receive a report of suspected child abuse or neglect determine the course of action and have specific legal authority and responsibilities. The official may interview school personnel as part of the investigation and may take the alleged child victim into protective custody.
- Any person mandated by the California Penal Code who fails to report any instance of child abuse, which they know or reasonably suspect to exist, may incur criminal, civil, and/or professional liability.
- No employee mandated under the provisions of the California Penal Code shall be civilly or criminally liable for reporting suspected child abuse or neglect in good faith.

Note: See BUL-2449.0 for reporting procedures for suspected abuse or neglect involving potential victims who are 18 years of age or older and who are dependent upon others for care.

Incident Reporting

Responsibilities of the Administrator:

- Inform all staff of the reporting/notification process.
- Identify and manage the users who have access to the online iSTAR system.
- Report all incidents using the iSTAR System. Reports should be timely and thorough.
- Follow incident reporting procedures in BUL-5269 Incident System Tracking Accountability Report (iSTAR).
- Report incidents also to Region Operations for appropriate follow-up.
- Regularly review incident reports for trends, particularly those incidents involving crimes, to identify and implement prevention strategies.

Incident Reporting Guidelines:

An iSTAR is to be completed when there is an interruption to the operational and/ or instructional activities, such as but not limited to the following types of incidents:

- Any threat, including explosive device and terrorist threats, to the school, individual student, or staff.
- Student or staff member injured or missing.
- An assault or battery on a staff member.
- Serious infraction by a staff member.
- Any event involving police or fire departments.
- Life-threatening incidents and safety hazards.
- Serious campus disturbances (major fight, demonstration).
- Natural disaster.
- Evacuations, lockdowns, shelter in place actions.
- Utility outage.
- Construction problem preventing access.
- Unplanned media or social media coverage.
- Harassment/discrimination.

The Los Angeles Schools Anonymous Reporting (LASAR)

The Los Angeles Schools Anonymous Reporting (LASAR) mobile app is designed to report non-emergency incidents anonymously. It is available for free download in the Apple and Android app Stores. School community members may report school related incidents involving:

- Threats of planned school attacks/violence
- Drugs
- Mental health crisis/self-harm
- School/Safety threat
- Weapons/Dangerous objects
- Property damage/vandalism
- Suspicious/criminal activity
- Human Trafficking

LASAR is operated by the Los Angeles School Police Department. It is an App for students, parents/legal guardians, and the public to report non-emergency incidents or crimes that may impact school safety. Emergencies or safety concerns that are actively occurring, should be reported to 911 or the Los Angeles School Police Communications Center at (213) 625-6631.

Emergency Alert Mobile App

Designed for District staff to notify LASPD and the site administrator, in real-time, in the event of an active assailant situation on school premises. The app is designed to work only within LA Unified school and office locations and automatically identifies the school/office location when

the emergency alert is triggered. This app is available for free download in the Apple and Android App Stores.

Notification in Parent-Student Handbook

Responsibilities of the Administrator:

- Discuss the contents of the *Parent-Student Handbook* with all staff members.
- Require that each parent/student return a signed receipt indicating that they have received and read the *Parent-Student Handbook*.
- Implement a school-site system for collecting and maintaining a signed return receipt from each parent/student.

2.8.2.2 Campus Security

Student and Employee Security

Suggested options for perimeter gate access during a Rapid Relocation, as well as Rapid Relocation procedures, are provided in BUL-5469 Lockdown and Rapid Relocation Procedures for all Schools. Also, see Section 6.8 Rapid Relocation of this plan.

Responsibilities of the Administrator:

- Assess and respond to reports of any dangerous, violent, or unlawful activity that is being conducted at the school, at an activity sponsored by the school, or on a school bus serving the school. This response includes immediately notifying School Police at (213) 625-6631 or the local law enforcement agency.
- Review the information contained in BUL-5721 Student and Employee Security, with the students and staff at the school.
- Assign custodial personnel to check the campus for loiterers and trespassers, especially restroom areas, when opening and closing the building and grounds.
- Call School Police at (213) 625-6631 when assistance is needed on or adjacent to the campus.
- Develop classroom-to-office emergency communication plans in the event that regular means of communication are unavailable.
- Support the implementation of a neighborhood school-watch program. Request residents to report any unusual activities on campus to the principal during regular business hours and to School Police or the local law enforcement agency during nights, weekends, and holidays.
- Develop strategies to control rumors concerning school or community incidents.
- Support the organization, under the supervision of appropriate school personnel, of a team of volunteer parents, other community residents, and staff members to patrol the campus and the perimeter.

- Enforce dress code that prohibits the wearing of gang apparel or the use of gang-related symbols.
- Consult with School Police, local law enforcement and the School Safety Planning Committee to review crime data for the area surrounding your school. Assess the current status of crime committed on school campuses, at school-related functions, and in the neighborhood surrounding your school (CA E. C. § 32282). A website that maps crime data by address, such as http://www.crimemapping.com, is a very useful tool. The following information can also be reviewed: office referrals, attendance rates/School Attendance Review Board data, suspension/expulsion data, California Healthy Kids Survey, School Plan for Student Achievement, School Experience Survey, local law enforcement juvenile crime data and property damage data.

Responsibilities of Staff:

- Report to the Main Office or other designated office prior to proceeding to assigned classrooms or work areas.
- Lock classroom doors when working alone before or after school hours.
- Establish and maintain a 'buddy system' when working in isolated areas or traveling to and from parking areas at the start and close of school.
- Exercise stringent control of assigned school keys and secure all personal valuables.
- Report any person loitering in or adjacent to parking areas, etc., or sitting in a parked car.
- Instruct students to avoid strangers and provide strategies for avoiding contact with strangers. Utilize the following resources as appropriate: LAUSD crime prevention programs, drug resistance programs, child abuse, and traffic safety bulletins.

Campus Supervision

Responsibilities of the Administrator:

- Maintain a current supervision plan and schedules for supervision staff.
- Provide training regarding campus safety and campus supervision and schedule meetings for campus supervision updates.
- Inform all staff, students, and parents of the campus supervision plan.
- Have custodial personnel check the campus for loiterers and/or trespassers, especially restroom areas when opening and closing the buildings and grounds.
- Review and post at all utilized entrances appropriate signs regarding weapons, visitors, trespassing, loitering, etc.
- Monitor or prohibit student access to cars during school hours.
- Review with campus supervision personnel procedures related to the proper use, maintenance, and security of issued hand-held and base radios. See "REF-6343 School-Based Radio System," or call the Radio Unit at (323) 224-2456.

- See that the school adheres to the District policy on closed campuses. All exit gates, except the main gate, will be locked after the start of school. Student exit gates will be unlocked prior to dismissal time.

Locked Campus Policy

Responsibilities of the Administrator:

- Assign a school staff member, volunteer parent, or similar, to monitor the main entrance during the school day and assist visitors with signing in and reporting to the Main Office upon entry.
- Assign available school staff to monitor the campus perimeter, known trouble spots, and all building and gate entrances during the school day.
- Inform all students and parents/guardians that schools are closed campuses and that students are not allowed to leave the campus during the school day without the permission of the principal and the parent/guardian.

Visitors to School Campuses

Responsibilities of the Administrator:

- Schools must develop and post a visitor's policy. The policy must not set arbitrary time limits regarding frequency and duration of visits and must be distributed to parents and staff annually.
- Inform parents in advance of the procedures for visiting the school.
- Have all visitors report to the Main Office upon arrival. Visitors must wear a visitor pass and return the pass upon departure.
- Conduct a review to ensure that the appropriate and approved signs are posted regarding visitors, trespassing, loitering, and other requirements at all utilized entrances. Report persons loitering or trespassing on or adjacent to the campus to LASPD.

Administrators have the authority under the California Penal Code, Los Angeles Municipal Code, and the Education Code to report to the appropriate police agency visitors who fail to adhere to the posted "Visitor's Policy."

Responsibilities of the Parents/Visitors:

- All campus visitors must have the consent and approval of the principal/designee within a reasonable period of time after making a request to visit the school.
- Parents have the right to observe in the classroom in which their child is enrolled within a reasonable period of time after making a request.
- Visitors are not to converse with the students, teacher, or instructional aides during the visitation.

Powered by BoardOnTrack

- Visitors are to keep the frequency of classroom observations reasonable (to be determined by the activity being observed).
- Parents do not have the right to willfully interfere with the discipline, order, or conduct in any school classroom or activity with the intent to disrupt, obstruct, or cause substantial disorder in a place where a school employee is required to perform his or her duties.

School Police/Local Law Enforcement

Responsibilities of the Administrator:

- Meet with a School Police Officer or Area Sergeant to share and discuss information related to campus activity and the site's security operations and service needs.
- Review with staff the appropriate notification and protocol for reporting campus crime and incidents.
- Review with staff, on an ongoing basis, procedures related to the proper use and security of issued hand-held and base radios, with the assistance of LASPD, as necessary.
- Alert appropriate law enforcement agencies near school campuses and the respective Region about incidents and events that may have repercussions at other locations.
- Provide to staff safety bulletins and available information regarding incidents or situations that might impact personal safety or the school's education environment.
- Solicit community support to assist with student safety to and from school.
- Provide appropriate law enforcement telephone numbers to area residents and businesses and solicit their support in reporting unusual activities on and around the campus to School Police and the local law enforcement agency during nights, weekends, and holidays.
- If a local law enforcement agency notifies a site administrator with a request to disseminate information pertaining to a sex offender, contact the School Police Watch Commander at (213) 625- 6631 and advise them of the material received. LASPD will serve as the District's liaison with the agency to determine the expectations for the information, distribution, and the scope of the disclosure.

Procedures When Calling for Service from Law Enforcement Agencies:

- Identify yourself and your location. Give callback numbers (office or cell) where you can be reached most easily.
- Summarize the nature of the problem or incident.
- Give the location of the problem incident.
- Request medical assistance, if needed (if not already requested through 911).
- Describe the person or suspect involved: Provide a physical description (gender, ethnicity, age, height, weight, hair color and style, color of eyes, and clothing worn) and

other known information (i.e., student, staff member, nonstudent, parent, other known or suspected gang affiliation, etc.).

- Describe weapon involved, if any: Type, location (on person, in vehicle, etc.), and manner used (actual use, threat, etc.).
- Describe method of transportation used by person or suspect involved and last known direction of travel. Indicate motor vehicle, motorcycle, bicycle, bus, skateboard, skates, etc., (if motor vehicle, give color, year, make, model, and license plate number) and any other information (i.e., number of passengers in the vehicle).
- Advise School Police if another law enforcement agency has also been contacted.

Responsibilities of the Los Angeles School Police Department (LASPD)

As peace officers, School Police Officers are expected to take appropriate steps to discourage potential law violations and head off potentially threatening situation. Their primary responsibility is to “keep the peace” by protecting students and staff from physical assault and school property from theft and destruction. LASPD officers will be available to support school-site administrators, students, staff, community members, and local agencies to create a safe and secure school learning environment. LASPD will also provide support through the Youth Diversion program to address safety issues and criminal conduct. Safe Passages and other specialized units will work to support LASPD officers assigned to support schools to ensure safety around the campus, enforcing all applicable laws fairly and impartially, and maintaining presence in safe passages areas. Minor violations will be addressed with the “spirit of the law” posture rather than a “letter of the law” posture in enforcement efforts.

School Police Officers will:

- Respond to the school for the protection of pupils and District personnel, the security of District property, and the prevention of theft and malicious mischief to cars and other personal property of school personnel on campus.
- Develop and maintain a positive, professional, and ongoing working relationship with the school-site administrators, students, staff, school community members, and outside local and law enforcement agencies, to address and problem-solve crime and safety issues and to meet the school’s safety objectives and goals as established.
- Follow all procedures consistent with the District-established policies and School Police directives.
- Act in an advisory capacity regarding the need to involve local law enforcement agencies.
- Assist with preparing, evaluating, and updating the Integrated Safe School Plan.
- Serve as a member of the school’s Crisis Team and School Threat Management Team.

Responsibilities of Law Enforcement (School Police/Local Agencies):

Powered by BoardOnTrack

- In instances where law enforcement statutory requirements apply, the appropriate legal decisions are made by the police officer. While in most cases the situations will be obvious, in other less obvious instances, the legal decision will be made by the involved police officer, consistent with current Police Department and District directives and policies and in consultation with an LASPD supervisor.
- A lockdown of the campus is called by either a law enforcement agency or a site administrator to secure the school during police actions, campus intrusions, community incidents, or other real or perceived threats to the security of the school. The site administrator terminates the lockdown after consulting with law enforcement.
- Properly identified law enforcement officer are allowed to interview a student “in the presence of the principal or a teacher.”
- Properly identified law enforcement officers may remove a student from a school. Responsibility for parent notification of a student’s removal by law enforcement personnel rests with the school administration. The involved officer is also obligated to make parent notification.
- The difficult task of delivering death notifications to next of kin is the responsibility of law enforcement personnel or the Los Angeles County Coroner’s Office personnel, who have been provided with the training and resources necessary to carry out such notifications. If a death has occurred on campus and a member of the victim’s family arrives at the school prior to being notified of the death by law enforcement, the family member should be escorted to a private comfortable setting until law enforcement personnel arrive. If a member of the victim’s family calls the school prior to notification by law enforcement, they should be asked to come to the school.

Role of Law Enforcement Personnel When a School Becomes a Crime Scene:

- Law Enforcement personnel will establish a crime scene at any time when it is necessary to preserve evidence of a crime, or an investigation of a crime is in progress, including but not limited to: murder, suicide, death due to suspicious circumstances, or for other serious crimes involving students, staff, or others (crimes that include, but not limited to, vandalism, burglary, or arson). Only authorized law enforcement and fire department personnel are allowed inside the designated crime-scene area.
- The first police officer to arrive on scene will have specific duties to perform to ensure the protection of the crime scene and to assure that the crime is investigated properly. Despite the sometimes-chaotic nature that characterizes many crime scenes, the police must be permitted to do their job according to established procedures.
- A police supervisor or police officer will serve as the liaison with the school’s administration.
- The law enforcement officer in charge will determine if and when crisis team members or other support personnel from outside the school can enter the campus to begin their intervention assessments and follow-up activities.

- Once potential witnesses have been identified, it is essential to keep witnesses separate to maintain and preserve the integrity, clarity, and objectivity of each person's account. Therefore, school administrators may be asked to provide multiple locations on campus to isolate witnesses for questioning by law enforcement personnel.

2.8.2.3 Violence Prevention and Interpersonal Relations

Cybersecurity

- As the largest K-12 computing network in the United States, users of the LAUSD computing environment have a responsibility to do all they can to protect themselves, their accounts, the systems they use, and the secure data they deal with.
- Many District employees have regular access to sensitive information, which is protected with multiple layers of security. Employees are the first of these layers to protect District data, but they are also the most vulnerable. Most data breaches start with an attacker exploiting the human nature of employees in various social contexts to gain access to sensitive information. Employees may not realize they are a target and may be unsure how to prevent, identify, or report cybersecurity threats. It is critical to follow all District cybersecurity measures including those referenced in this section.
- The District has implemented an Information Security Training and Awareness (ISTA) program with the purpose of achieving the following strategic goals:

    1. Improve the District's resilience to cybersecurity threats.
    2. Establish a strong security-minded culture and integrate it into day-to-day District operations and decision-making.
    3. Improve compliance with external regulatory and contractual requirements that require mandatory training and awareness (e.g. HIPAA).
    4. Minimize the frequency and impact of security incidents.
- All employees must complete the online annual IT Cyber Security Awareness Training.
- To report a concern about a potential data breach or compromised machine or account to IT Security, employees should call the ITD Helpdesk at (213) 241-5200 or send an email to information.security@lausd.net.

All employees are encouraged to follow Cyber Safety tips on the ITS website: https://www.lausd.org/cybersafety. Additional details regarding the responsible use policy are also available at this site.

Digital Citizenship

Responsibilities of the Administrator:

- Provide staff with professional learning opportunities offered by the Instructional Technology Initiative within the Division of Instruction to deepen digital citizenship knowledge and practices: https://www.lausd.org/digcit

- Review with staff the following bulletins to understand the implications of digital engagement in creating a safe school environment:
  - BUL-999 Responsible Use Policy for District Computer and Network System
  - BUL-6399 Social Media Policy for Students
  - BUL-5688 Social Media Policy for Employees and Associated Persons
  - Parent/Guardian Publicity Authorization and Release Forms

- Provide parent workshop sessions regarding digital citizenship practices of proactive engagement, safety, and security online: https://www.lausd.org/Page/16676
- Ensure that staff integrate digital citizenship instruction across content areas, leveraging District-adopted digital citizenship curriculum: https://www.lausd.org/Page/16689
- Establish a digital presence with purpose in alignment with District policies to maintain open communication with school community and model promising practices.

Code of Conduct with Students

- Provide a copy of the "Code of Conduct with Students" to each employee and any individual working with students on an annual basis at the beginning of each school year or when the employee reports to the site/work location if the school year has already begun.
- Post the "Code of Conduct with Students" in staff lounges and other prominent locations where notices are regularly posted regarding rules, regulations, procedures, or standards of conduct.
- Include the "Code of Conduct with Students" in the location's employee handbook, school's Safe School Plan, and in the substitute folder that is provided to substitute teachers who report to school sites.
- Remind employees/individuals to be mindful of the fine line drawn between being sensitive to and supportive of students' needs and a possible or perceived breach of responsible, ethical behavior.
- Encourage employees/individuals to use good judgment and caution them to avoid the situations indicated in the document.
- Reaffirm with employees and individuals of the duty to protect students and provide a safe and secure learning environment.

Sexual Grooming, Abuse, and Misconduct with Students

- Grooming is the deliberate process by which offenders gradually initiate and maintain sexual relationships with victims in secrecy.
- Over 90% of offenders are a family member or another adult in the victim's circle of trust, including those who work in schools, and who normally and regularly interact with the victim.
- Offenders in schools may be popular with students, admired by colleagues, recognized as valuable members of the school community, and appreciated by parents.

Powered by BoardOnTrack

- The grooming process begins with the offender establishing a bond with their victim by behaviors such as spending time together, sharing secrets, providing gifts, and giving them special attention. Some behaviors may appear to be normal interaction between an adult and a student.
- Grooming that results in sexual conduct with a victim (e.g., sexual abuse, exploitation, and child pornography) is a crime and must be investigated by law enforcement.
- The "Code of Conduct with Students" serves as the District's policy for appropriate and professional interaction with students of all ages. Administrators must take prompt action to address any behavior that violates the Code of Conduct even when not deemed a crime by law enforcement.
- Students can also be suspected of abusing other students.

Administrator Responsibilities:

- Understand and recognize potential grooming behaviors.
- Present sexual grooming awareness training to employees.
- Complete the Administrator Certification page by the designated due date.
- Respond to reports of potential grooming of a student by an employee, a school-related adult, or another student.
- Contact Region Operations immediately after reporting suspected abuse to law enforcement in cases where the accused perpetrator is a District employee, a school-related adult, volunteer, or another student.

Employee Responsibilities:

- Report suspected child abuse as outlined in BUL-1347 Child Abuse and Neglect Reporting Requirements.
- For students over 18 years of age who are considered dependent adults, report suspected dependent/elder adult abuse as outlined in BUL-2449 Dependent/Elder Adult Abuse and Neglect Reporting Requirements.
- Mandated reporters must report suspected child abuse to a child protective agency. If the suspected perpetrator of the abuse of a student is a District employee, school-related adult, volunteer, or student, the mandated reporter is strongly encouraged to make the mandated child abuse report to local law enforcement (as opposed to DCFS). LASPD is not a child protective agency.
- Notify a Site Administrator of the misconduct immediately after making the child abuse report when a District employee, school-related adult, volunteer, or another student is suspected of abusing a student.
- Students can also be suspected of abusing other students. Mandated reporters must follow the same suspected child abuse reporting procedures.

Administrative Searches

School officials have the right to conduct searches of students under limited circumstances.

If a student has engaged in conduct that causes an administrator to have reasonable suspicion that the search will turn up evidence that the student has committed a crime, is about to commit a crime, or has violated applicable laws, regulations, or school rules, the administrator may conduct a search of that student.

The administrator must:

- Be able to articulate the reason for the suspicion and the facts and/or circumstances surrounding a specific incident;
- Be able to reasonably connect the student to a specific incident, crime, rule, or statute violation;
- Have recent, credible information from personal knowledge and/or other witnesses;
- Ensure that a search based on reasonable suspicion is not excessively intrusive in light of the student's age, gender, and the nature of the offense.

When conducting a student search based on reasonable suspicion, school officials must adhere to the following practices:

- Conduct the search only if there are clear and specific reasons for suspicion and there are facts that connect the student to a specific incident of misconduct;
- Jackets, purses, pockets, backpacks, bags, and containers in the student's possession may be searched to the extent reasonably necessary;
- Under no circumstances may a body or strip search be conducted;
- Whenever possible school officials of the same gender as the student being searched may conduct the search;
- Searches based on reasonable suspicion should be conducted in a private area where the search will not be visible to other students or staff (except for a school administrator or designee witness);
- A student search should be conducted with more than one staff member present.

For more information, please see BUL-162111.

Gun Violence Prevention

Responsibilities of the Administrator:

- Distribute to families annually the Parent Legal Duties to Safely Store Firearms letter in the LAUSD Student/Parent Handbook, as required per CA E.C. § 49392 and Board Resolution 046-18/19 "Protecting Our Children from Preventable Gun Violence," June 18, 2019.
- Make gun violence prevention resources available to your parent/guardian community.

Safe School Collaborative

Responsibilities of the Administrator:

- Identify key community stakeholders in relation to safety, including but not limited to: law enforcement, probation, city attorney's office, city, and county human relations.
- Identify key LAUSD central and Region personnel to provide consultation and support, such as: Region Operations, Organization Facilitators, Human Relations, Crisis Counseling, etc.
- Identify a multidisciplinary school safety team composed of members such as, administrators, parents, teachers, school police officers, health, and mental health professionals (i.e., PSW, PSAC, School Psychologist, or School Counselor), after-school staff, etc.
- Identify a designated chair to convene the meetings, establish a needs assessment for the school and community related to safety concerns, identify goals and objectives, and assign roles and responsibilities.
- Work towards the development of safe passage to and from school for students.

Gang Risk Intervention

Key Elements:

- Become familiar with gang groups, related activities, graffiti, apparel, etc.
- Provide staff development regarding gang prevention and intervention strategies.
- Provide parent in-service training regarding gang membership and activities.
- Consult with Region Operations on the development of a forum for discussion that brings together influential students ("natural leaders") who represent all segments of the student population, including selected gang members.
- Collect information from law enforcement, probation, community-based organizations, and others to understand the scope of the school/community gang problem.
- Contact law enforcement agencies, gang experts, and formal/informal counselors to obtain strategies and related information. Probation officers can assist with students who are on probation.

Bullying & Hazing Policy

CA E. C. § 48900 (r) defines bullying as:

- "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a pupil or group of pupils as defined in Section 48900.2, 48900.3, or 48900.4, directed toward one or more pupils that has or can be reasonably predicted to have the effect of one or more of the following:
- Placing a reasonable pupil or pupils in fear of harm to that pupil's or those pupils' person or property.
- Causing a reasonable pupil to experience a substantially detrimental effect on the pupil's physical or mental health.

- Causing a reasonable pupil to experience substantial interference with the pupil's academic performance.
- Causing a reasonable pupil to experience substantial interference with the pupil's ability to participate in or benefit from the services, activities, or privileges provided by a school. For additional guidance, including investigative steps, access BUL-5212 Bullying and Hazing Policy (Student-to-Student).

Responsibilities of the Administrator:

- Ensure that bullying and cyberbullying training are available to employees who have regular interaction with students.
- Investigate allegations of bullying thoroughly and maintain confidentiality throughout the investigation.
- Respond to allegations whether the involved parties are students or employees. (For incidents between employees, refer to the BUL-5798 Workplace Violence, Bullying and Threats [Adult-to-Adult].)
- Take appropriate actions to resolve the situation.
- Document the investigation, interventions, and resolution.

Responsibilities of Staff and Student Rights:

- Schools must discuss relevant aspects of the Bullying & Hazing Policy with their students.
- Personnel are responsible for taking corrective action to prevent bullying in school, at school events, and to and from school.
- Any person has the right to report an allegation of bullying without reprisal or retaliation.

Hate-Motivated Incidents

For more details, access BUL-2047 Hate-Motivated Incidents and Crimes - Response and Reporting.

Responsibilities of the Administrator:

- Respond quickly to reported incidents, whether the victims are students, staff, or community members, and take action to stop the conduct, prevent recurrence and eliminate effects on the environment.
- Ensure the physical safety of the target and other affected parties by offering assistance, as appropriate.
- Investigate the incident, provide interim safety/emotional support measures, and take appropriate disciplinary action. If necessary, involve law enforcement and preserve evidence.

- Report the hate-motivated incident/hate crime to School Police and implement educational programs and activities that foster human relations skills and combat behaviors of name-calling, harassment, discrimination, hate, and bigotry.
- Review with employees and students and post nondiscrimination notices in all schools/offices, including staff lounges, student government meeting rooms, the main administration building, or other prominent locations where notices are regularly posted regarding rules, regulations, procedures, or standards of conduct.

Sexual Harassment Prevention Policy

Key Elements:

- All allegations of sexual harassment are to be treated seriously and responded to in manner that respects the privacy and dignity of all parties involved.
- All reported incidents of sexual harassment should be investigated and addressed to prevent recurrence, consistent with applicable federal and state laws. Depending on the nature of the conduct, complaints may be investigated under Title IX (34 C.F.R. Part 106), the Uniform Complaint Procedures (UCP), or resolved through an informal resolution process.
- Several attachments in BUL-2521 Title IX Policy/Nondiscrimination Complaint Procedures (Including for Sex Discrimination and Sexual Harassment) may be used to document the complaint, provide required notices, ensure parties are afforded all applicable rights, and support appropriate decision-making under the correct grievance process.
- The Sexual Harassment Prevention poster must be reviewed with students and employees and posted in all schools and offices, including staff lounges, student government meeting rooms, administrative buildings, each student restroom and locker room, and other locations where rules, policies, and expectations are displayed.
- Supportive measures must be offered equitably to both parties, regardless of whether a formal complaint is filed, and parties must be informed of any remedial or corrective actions taken following the resolution of the complaint.
- Sexual harassment complaints are often sensitive and complex; appropriate steps must be taken to ensure a prompt, thorough, and impartial investigation.
- For detailed procedures related to Title IX, UCP, or informal resolution processes, consult BUL-2521 Title IX Policy/Nondiscrimination Complaint Procedures (Including for Sex Discrimination and Sexual Harassment.

For procedures regarding employee-to-employee complaints of sexual harassment refer to District BUL-6612 Non-Discrimination And Anti-Harassment (Including Sexual Harassment) Policy and Complaint Procedure

Title IX and California Gender Equity Protections

Key Elements:

- Students are entitled to equal access and participation in all school programs and activities, including academic courses, extracurricular opportunities, clubs, and recognition programs, without discrimination based on sex (federal Title IX) or gender, gender identity, gender expression, sexual orientation, pregnancy or related conditions (California Education Code §§ 200, 220, 221.5).
- No student may be excluded from enrollment in a course or program, or otherwise treated unfavorably, on the basis of actual or perceived sex, sexual orientation, gender identity, gender expression, pregnancy, childbirth, lactation, or related medical conditions.
- All students must receive equitable access to academic counseling, instructional programs, extracurricular activities, and disciplinary practices, consistent with both Title IX (34 C.F.R. § 106.31) and California Education Code § 221.5.
- Sexual harassment committed by or against students or staff is prohibited and, depending on the context, may constitute sex discrimination under federal Title IX or gender discrimination under California law.
- Students and/or parents/guardians who file a complaint must be informed of the outcome of the investigation, in accordance with applicable grievance procedures.
- Schools must ensure equal opportunities for students of all genders to participate in physical education and athletic programs.
- Equal athletic opportunity includes access to equipment, supplies, practice and game schedules, facilities, coaching, travel allowances, publicity, and budgetary resources, as outlined in BUL-2521.
- Enrollment decisions must not be based on any protected category, including sex, gender, or sexual orientation.
- All complaints of sex- or gender-based discrimination must be handled confidentially, and retaliation against any participant in a complaint process is strictly prohibited.
- Schools must regularly review relevant data (e.g., complaints, participation rates, outcomes) to identify patterns and support efforts to increase campus safety and equity.
- Procedures for filing and investigating complaints, whether under Title IX, UCP, or informal processes, are detailed in BUL-2521 Title IX Policy/Nondiscrimination Complaint Procedures.

Intergroup Relations

Responsibilities of the Administrator:

- Take proactive steps to build and maintain safe, healthy, welcoming, and affirming learning and working environments, where students, staff, and families' identities and voices are represented, recognized, and valued.
- Provide activities for meaningful interactions between student, staff, and parent groups to promote an appreciation of diversity and a supportive school climate. Trainings,

activities, and resources are available from the Office of Human Relations, Diversity and Equity.

- Make a concerted effort to engage all students, including students in protected categories in the District's nondiscrimination statements (MEM-5818).
- Support schoolwide efforts to reduce misconduct and bullying by promoting pro-social behaviors.
- Follow the guidelines of BUL-5212 Bullying and Hazing Policy (Student-to-Student) for responding to allegations of bullying.
- Designate a point person for overseeing the school climate, bullying prevention efforts, and procedures for managing peaceful resolutions of conflicts (e.g., Restorative Practices and Peace Builders).

School Site Crisis Team

Responsibilities of the Administrator/Designee:

- Establish a safe, civil, and secure school environment.
- Establish a multi-disciplinary School Site Crisis Team, in accordance with the Integrated Safe School Plan.
- Ensure that the BUL-5800 Crisis Preparedness, Response and Recovery policy and all applicable protocols are implemented.

Suicide Prevention, Intervention and Postvention

Responsibilities of the Administrator:

- Designate Crisis Team Members/Suicide/Threat Prevention Liaisons (STPLs) in the ISSP's School Site Suicide/Threat Assessment Team.
- STPLs only assess students, not employees. For assessments of non-students, see BUL-5798 Workplace Violence, Bullying and Threats (Adult-to-Adult).
- Respond to reports of students at risk for suicide or exhibiting self-injurious behaviors immediately or as soon as practically possible.
- Monitor and follow-up to ensure that the risk has been mitigated through support and resources.
- Ensure that the Suicide Prevention, Intervention, and Postvention (SPIP) policy is implemented.
- Provide follow-up to relevant staff such as Region Operations, as needed.
- Report incidents in Incident System Tracking Accountability Report (iSTAR) as appropriate and update as needed.

Responsibility of all District employees:

- All District employees must complete the online Suicide Prevention and Awareness Training annually. The training certifies that employees know the warning signs and risk factors for suicide, as well as what to do if they are concerned about a student who might be suicidal. (See MEM-6910 Annual Suicide Prevention and Awareness Training.) If you have questions or concerns regarding the training, please contact your administrator.
- Inform the school site administrator/designee and/or STPL immediately or as soon as practically possible of concerns, reports, or behaviors relating to students who might be suicidal and/or engaging in self-injury.
- Adhere to the Suicide Prevention, Intervention, and Postvention (SPIP) policy.

Student Threat Assessment and Management

Responsibilities of the Administrator/Designee:

- Designate STPL in the ISSP's *School Site Suicide/Threat Assessment Team*.
- STPLs only assess students, not employees. For assessments of non-students, see BUL-5798 Workplace Violence, Bullying and Threats (Adult-to-Adult).
- Establish a multidisciplinary school site threat assessment team, in accordance with the ISSP *School Site Suicide/Threat Assessment Team*.
- Respond to reports of students exhibiting worrisome behaviors or making threats immediately or as soon as practically possible.
- Ensure that the Threat Assessment and Management (TAM) policy is implemented.
- Provide follow-up to relevant staff such as Region Operations, as needed.
- Report incident in iSTAR as appropriate and update, as needed.

Responsibilities of all District employees:

- Adhere to the TAM policy and act in accordance with the policy.
- Report any worrisome behaviors or suspected threats to the school site administrator/designee and/or STPL immediately or as soon as practically possible.
- Cooperate in any investigation by providing accurate, relevant information.

Employee or Associated Adult Workplace Violence, Bullying, and Threats

Responsibilities of the Administrator/Designee:

- Establish a safe and respectful school or workplace environment.
- Ensure that the BUL-5798 Workplace Violence, Bullying and Threats (Adult-to-Adult) is implemented.
- Investigate and respond to any verbal or written reports of violence or threatening behavior.
- Monitor and follow-up to ensure that the behavior has stopped.

- Report incident on required form (see BUL-5798) and in iSTAR as appropriate and update, as needed.

Responsibilities of all District employees:

- Adhere to the BUL-5798 Workplace Violence, Bullying and Threats (Adult-to-Adult) and act in accordance with the policy.
- Promptly report any suspected workplace violence behaviors to the site administrator or designee.
- Cooperate in the investigation of employee workplace violence complaints by providing relevant information.

Student Dress Code/Uniform Policy

Key Elements:

- Representatives from stakeholder groups will review the school's dress code yearly to ensure it complies with guidelines and gender neutrality enumerated in BUL-6494 Student Dress Codes and Uniforms.
- All students shall show proper attention to personal safety and suitability of clothing for school activities. Specialized school programs and classes, such as physical education, science lab, wood shop, or culinary arts, may require specialized attire or unique restrictions.
- The school may prohibit attire or paraphernalia with language or images that are vulgar, sexually explicit, discriminatory, libelous, promote illegal or violent content, or which could reasonably be foreseen to create a hostile environment among rival gangs, individuals, or groups.
- Urban fashion in and of itself is not "gang-related" apparel.
- Students may wear jewelry or attire representative of an established religious faith, including, but not limited to a crucifix, yarmulke, headscarf, or turban.
- Students may wear sun-protective clothing outdoors.
- Hair, sideburns, mustaches, and beards may be worn at any length or in any style, and clothing may be of any fashion, style, or design.
- Parents must be advised of uniform policies prior to the beginning of the academic year (or upon enrollment), informed that uniforms are voluntary, and, if needed, be assisted in securing financial assistance to obtain desired uniforms.
- School uniform policies are voluntary. A student's parent/guardian must be notified annually and may exercise the right to opt out of the school uniform policy, though the student must adhere to the student dress code. Students shall not be penalized academically, subject to any disciplinary action or disparaging treatment or denied attendance to school or participation in school activities for opting out of the uniform.
- Schools must identify financial resources for students who are not able to comply with the school uniform policy due to financial hardship; this includes provision of physical

education uniforms at no cost if failure to have or wear appropriate apparel arises from circumstances beyond the control of the student.

2.8.2.4 Behavior Support and Formal Discipline

Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP)

Access resources at https://www.lausd.org/PBIS_RP

Responsibilities of School Administrator:

- Cultivate a safe, healthy, welcoming, and affirming learning and working environment in each classroom and schoolwide through the development of an integrated, trauma and resilience informed Multi-Tiered Systems of Support framework to support the implementation of Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP), including community and relationship building.
- Ensure a focus on prevention, common values, and shared accountabilities among school community members.
- Ensure that PBIS/RP are achieved through good first teaching, as well as differentiation and personalization of learning.
- Assume a leadership role in the Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP) Team. Everyone has a stake in responsible, respectful, and safe behavior at school. This forms a foundation and an atmosphere that promotes learning and instruction. Administrative leadership is an essential ingredient of that foundation.
- Establish the Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP) Team and ensure that the team meets regularly; support and monitor the team's implementation of the Schoolwide Discipline Plan; evaluate the outcomes; and modify strategies as needed; ensure that the team completes the Tiered Fidelity Inventory two times a year including scores and goals.
- Ensure school procedures effectively support the collection of data that accurately reflects schoolwide, classroom, and individual student social-emotional development and behavioral needs.
- Inform all students and parents/guardians at the beginning of each academic year or as students enroll about the school’s behavioral expectations, responsibilities, and procedures.
- Ensure that students, parents/guardians, and staff have access to copies of the Schoolwide Discipline Plan, that all stakeholders understand their responsibilities in learning the behavioral expectations, and the reinforcement and corrective procedures.
- Provide staff development on strategies, methods, and tools of implementing the school-discipline plan through a multi-tiered system of support including positive

Powered by BoardOnTrack

behavior interventions and supports, restorative practices, social emotional learning, and trauma-resilience informed strategies.

Responsibilities of School Staff:

- Develop healthy, positive relationships with students, staff, and families.
- Use a multi-tiered system of support with a focus on prevention.
- Identify, teach, model, and reinforce schoolwide and classroom behavioral expectations and correct misbehavior with an emphasis on teaching.
- Establish structure and a sense of safety and belonging by developing predictable routines, using effective management strategies, co-regulation, community building, and trauma-resilience informed approaches, as well as the active teaching of pro-social and stress reduction behaviors and strategies.
- Utilize student discipline referral data, Tiered Fidelity Inventory (TFI) scores and goals, School Experience Survey data, and other school climate and discipline data to identify professional development needs, organize support systems for staff and students, and to analyze effectiveness of instruction on behavioral expectations.
- Utilize school resources including, but not limited to, SSPT, Section 504 Plan or IEPs to develop behavior plans for students who exhibit behavioral challenges and implement these behavior plans.
- Partner with parent/guardian and engage in parent education and support, as necessary to support appropriate student behavior.

Formal Discipline

Responsibilities of the Principal/Principal's Administrative Designee:

- Ensure that the District's policy and procedures regarding student suspension and expulsion are fully implemented.
- Designate discipline staff and provide training focusing on investigation of student misconduct and school-site procedures of formal student discipline, including student suspension and expulsion.
- Ensure that recommendations for expulsion are made when students violate CA E.C. § 48915(c) except for sexual misconduct that requires Title IX procedures prior to student discipline. For detailed information regarding Title IX procedures, refer to BUL-2521 Title IX Policy/Nondiscrimination Complaint Procedures (Including for Sex Discrimination and Sexual Harassment).
- The school principal will ensure that the school follows District policy and procedures regarding formal student discipline and fulfills responsibilities to attend or send an administrative designee who has first-hand information to present an expulsion case as well as appropriate witness(es) to testify during the expulsion hearing. Conduct a thorough investigation, collaborate with other school staff and law enforcement, when necessary, and determine whether formal discipline is appropriate.

- Notify the parent/guardian/education rights holder (ERH) in a timely manner whenever their child is referred for disciplinary action.
- Enter all suspension information (school suspension, in-school suspension, and class suspension) into MiSiS accurately and record all other means of correction. Refer to BUL-5808 Documentation of Student Misconduct as Defined in Education Code in My Integrated Student Information System (MiSiS).
- Advise the parent/guardian/ERH regarding the appeal process whenever the parent/guardian/ERH disagrees with the administrator's decision to suspend.
- Prohibit the use of "informal suspension" (e.g., telling a parent to keep a child home without an official suspension notice, or sending a student home without an official Pupil Suspension Notice); refer to BUL-5655 Guidelines for Student Suspension.

Responsibilities of Designated Discipline Staff:

- Conduct a thorough investigation, collaborate with other school staff and law enforcement, when necessary, and provide evidence to the school principal/designee for a decision on the formal discipline.
- Notify the parent/guardian/education rights holder (ERH) in a timely manner whenever their child is referred for disciplinary action.
- Enter all suspension information (school suspension, in-school suspension, and class suspension) into MiSiS accurately and record all other means of correction. Refer to BUL-5808 Documentation of Student Misconduct as Defined in Education Code in My Integrated Student Information System (MiSiS).
- Advise the parent/guardian/ERH regarding the appeal process whenever the parent/guardian/ERH disagrees with the administrator's decision to suspend.
- Prohibit the use of "informal suspension" (e.g., telling a parent to keep a child home without an official suspension notice, or sending a student home without an official Pupil Suspension Notice); refer to BUL-5655 Guidelines for Student Suspension.

Suspension Guidelines:

Refer to BUL-5655 Guidelines for Student Suspension.

- Students are only to be suspended from school when they have committed an act listed under CA E.C. § 48900, CA E.C. § 48900.2, CA E.C. § 48900.3, CA E.C. § 48900.4, CA E.C. § 48900.7, or CA E.C. § 48915.
- Students enrolled in kindergarten and grades 1 to 3 shall not be suspended or expelled due to disruption [CA E.C. § 48900 (k)(1)] sexual harassment (CA E.C. § 48900.2), an act of hate violence (CA E.C. § 48900.3), or threats and intimidation against District personnel or pupils (CA E.C. § 48900.4).
- Students may not be suspended from school for any reasons, for more than five (5) consecutive school days.

- "Informal suspension" is prohibited. (e.g., telling parent to keep child at home without an official Pupil Suspension Notice or sending a student home without an official Pupil Suspension Notice).
- Extending suspension due to the parent's failure to attend a conference with school officials is prohibited.
- Suspending in absentia (when a student is suspended without being afforded an opportunity to discuss the alleged misconduct) is a violation of the student's due process rights, unless an emergency situation is determined. (Refer to Section V. D of BUL-5655)
- Students in general education shall not be suspended for more than 20 school days in any school year (30 days if student transfers to another school). For students with disabilities who have a Section 504 plan or who is regarded as possibly needing a Section 504 plan, if the misconduct is directly linked to the student's disability, and/or directly results from the District's failure to implement the student's Section 504 plan, the school shall not suspend more than 10 days or make a disciplinary change of placement. The team should consider updating plan accommodations/services and reviewing implementation strategies.
- Students in special education shall not be suspended for more than **10** school days in any school year. Refer to the LAUSD Special Education Electronic Policy and Procedures Manual (e-PPM).
- Problems with truancy, tardiness, and/or other attendance-related issues cannot be grounds for suspension.
- Once a student has been issued a school or in-school suspension, the suspension can only be overturned by the Region Administrator of Operations (AOO) through an appeal process. Refer to BUL-5655 Guidelines for Student Suspension.
- Appeal of a class suspension shall be handled by the principal. A parent may appeal a class suspension by teacher to the school principal. Only the principal can rescind a class suspension.

A teacher may suspend a student from class for any of the acts enumerated in CA E.C. § 48900 except for the student misconduct of willful defiance as described in CA E.C. § 48900 (k)(1).

1. A teacher may suspend a student from class for any of the acts enumerated in E.C. 48900, except for the student misconduct of willful defiance as described in E.C. Section 48900 (k)(1), per District policy.
2. A teacher should report the suspension to the principal and send the student to the principal/designee for appropriate action, which includes appropriate supervision. Refer to BUL-5655 Guidelines for Student Suspension and CA E.C. § 48910.
3. A student shall not be placed in another regular class during the period of suspension.
4. The student shall not return to the class during the period of suspension without the concurrence of the principal and the teacher. If the student is assigned to more than

one class per day, the student must attend the classes from which the student was not suspended. Refer to CA E.C. § 48910.

5. A student can be suspended from class for the remainder of that day (elementary) or period (secondary) and for the following day or period when the class meets. Refer to CA E.C. § 48910.
6. School staff may assign a student who was suspended for any of the reasons enumerated in CA E.C. § 48900 and CA E.C. § 48900.2 to a supervised suspension classroom for the entire period of suspension if the student poses no imminent danger or threat to the campus, students, or staff, or if an action to expel the student has not been initiated. Refer to CA E.C. § 48911.1.

Opportunity Transfer Guidelines:

Refer to BUL-6362 Opportunity Transfer (O.T.) – Policy and Procedures.

- An Opportunity Transfer (O.T.) is a carefully planned school- or District-initiated transfer of a student within LAUSD schools for corrective reasons. It is issued as an alternative measure to address student misconduct after other means of correction have failed to bring about proper conduct or when the student's continued enrollment at the current school presents a safety risk to others. The purpose of an O.T. is to minimize factors that interrupt the student's academic progress, and thus to create a school climate that is safe and conducive to learning for all. To minimize disruption to the academic process, an O.T. may not be issued or terminated within the last six weeks of each academic term (semester, trimester, quarter). All student transfers shall be recorded and documented in the District's My Integrated Student Information System (MiSiS).
- An O.T. may not exceed one calendar year unless both the parent/legal guardian/ERH and the school agree.
- An O.T. may only be issued once during the student's matriculation through elementary school, twice during middle school, and twice during high school.
- To cancel an O.T., the principal must submit the Request for O.T. Cancellation to the Region AOO and obtain written approval.
- The O.T. process does not apply to students with an Individualized Education Program (IEP). An O.T. also may not be issued to a student who is not yet eligible for special education and related services (i.e., a general education student) if the District has knowledge that the child was a student with disability before the behavior that precipitated the disciplinary action occurred. For more information about this process, please contact your Region Special Education Administrator and the Division of Special Education Behavior Support Department via email: SPEDBehaviorSupport@lausd.net.
- For students with disabilities who have a Section 504 Plan.
    - With the exception to drug or alcohol related offenses, students eligible for nondiscrimination protections under Section 504 or students with a Section 504

Powered by BoardOnTrack

Plan may not be transferred through the O.T. process until a manifestation determination meeting has been held and the team determined that: (1) the conduct in question was not caused by, or had a direct and substantial relationship to, the child's disability; or (2) the conduct was not the direct result of the District's failure to implement the Section 504 Plan. Following this, the student may be considered for an O.T. with the assurance of full implementation of the Section 504 protections or applicable Section 504 Plan at the receiving school. For detailed guidelines, refer to BUL-4692 Section 504 of the Rehabilitation Act of 1973.

Expulsion Guidelines:

Refer to BUL-6050 Expulsion of Students - Policy and Procedures

- School principals are required to recommend the expulsion of any student who engages in behavior described in CA E.C. § 48915(c).
- A student who is recommended for expulsion is entitled to an educational placement the day following the last day of their suspension (e.g., day six of a five-day suspension).
- For a student with an IEP, a comprehensive Expulsion Analysis IEP meeting must be conducted, which includes an MDA, prior to recommending the student for expulsion.
- With the exception to drug or alcohol related offenses, students with disabilities served under Section 504 must have an MDA conducted and any appropriate updates to their Section 504 plans (as warranted) must be considered, prior to recommending the student for expulsion.
- No student can be expelled by the Board of Education unless direct evidence, in the form of oral testimony, is presented at the District's administrative Expulsion Review Committee (ERC) hearing.
- There are specific legal requirements for Local Educational Agencies (LEAs) for discipline notifications regarding a student in foster care in the following situations: (Refer to BUL-6050.3, Attachment M)
    - Suspension (includes an in-school suspension)
    - Expulsion
    - IEP meeting when a Manifestation Determination takes place
    - Involuntary Transfer to a continuation school
- For required notification of expulsion recommendation for students experiencing homelessness, refer to BUL-6050.3, Attachment N.

Additional Notifications

There are specific legal requirements for discipline notifications regarding a student in foster care in the following situations: (Refer to BUL-6050.3, Attachment M)

- Suspension (includes an in-school suspension)

- Expulsion
- IEP meeting when a Manifestation Determination takes place
- Involuntary Transfer to a continuation school

For required notification of expulsion recommendation for students experiencing homelessness, refer to BUL-6050.3, Attachment N.

Maintenance of CA E.C. § 49079 Information:

Refer to BUL-3927 Mandated Reporting of Certain Behavior.

- Pursuant to CA E.C. § 49079 (a), a school district shall inform the teacher of each pupil who has engaged in, or is reasonably suspected to have engaged in, any of the acts described in any of the subdivisions, except subdivision (h), of CA E.C. § 48900 or in CA E.C. § 48900.2, 48900.3, 48900.4, or 48900.7.
- The District shall provide the information to the teacher based upon any records that the District maintains in its ordinary course of business, or received from a law enforcement agency, regarding a pupil described in this section.
- Any information received by a teacher pursuant to this section shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher.
- Each teacher informed of CA E.C. § 49079 students shall be advised of the opportunity to review the student's records and shall be admonished regarding the confidentiality of information.
- Any information referring to CA E.C. § 48900 et seq. offenses shall be made available to each student's teacher from the current school year and three previous school years through MiSiS. After this time frame, access to a student's record will not be available to the teacher, consistent with CA E.C. § 49079.
- In MiSiS, all discipline offenses except for "3.6 - Possessed or used tobacco" trigger a CA E.C. § 49079 "D" Alert on the corresponding student's profile. To view a comprehensive list of students with an CA E.C. § 49079 alert, generate the Student Referral Report. In the report parameters, select "none" for Counseling Referral Reason, and deselect "3.6 - Possessed or used tobacco" from the Discipline Referral Reason. Refer to BUL-5808 Documentation of Student Misconduct as Defined in Education Code in My Integrated Student Information System (MiSiS).
- The MiSiS Attendance Roster List view displays a "D" on the Alerts Column for students with a discipline file, consistent with CA E.C. § 49079. Teachers can click on the student profile and view any discipline by clicking on Support > Referrals, which will display discipline from the current school year and three previous years.

Guidelines When a Student Described in CA E.C. §49079 Is Transferred to Another LAUSD School:

When a student transfers between LAUSD schools, the receiving principal/designee will have access to the MiSiS discipline referral offenses noted in CA E.C. § 49079. Refer to BUL-3927 Mandated Reporting of Certain Behavior.

Responsibilities of Juvenile Courts:

- Welfare and Institutions Code (W.I.C.) Section 827 (b)(2) mandates that the Juvenile Courts submit to the superintendent of the district of attendance written notice whenever a minor who is enrolled in any of grades K through 12 has been found by the court to have committed any of certain specified offenses.
- The information furnished by the Juvenile Court shall be expeditiously transmitted to the principal at the school of attendance. The principal must expeditiously disseminate the information to those counselors directly supervising or reporting on the behavior or progress of the student. In addition, the principal shall disseminate the information to any teacher or administrator directly supervising or reporting on the behavior or progress of the student whom the principal believes needs the information to work with the student in an appropriate fashion to avoid being needlessly vulnerable or to protect others from needless vulnerability.
- If a notice from the juvenile court is received by a school, the school should contact Student Health and Human Services, Student Support Programs, for assistance.
- Any information received by a teacher, counselor, or administrator shall be confidential and used only for the limited purpose noted above, and may not be further disseminated.

2.8.2.5 Facilities-Related

Key Control

Responsibilities of the Administrator:

- Maintain in writing current records of the distribution of all keys.
- Maintain a key safe or school vault in which keys that have not been issued are to be stored every night. Ensure that when not in the possession of authorized school staff, all keys, including custodial keys, are to be kept in a locked key safe or vault.
- Arrange to have all exterior doors of buildings opened and closed, as necessary.

Key Distribution:

- Master Keys: It is important to keep the number of master and specialized keys to a minimum to maintain site security. Master keys (“A” and “K”) shall be issued only to the plant manager and administrative staff. In addition, a maximum of five master keys may be requested for use by disaster emergency teams. These shall be maintained on a single ring at the site (in the key safe or vault) for emergency use only and are not to be used for other purposes.

Powered by BoardOnTrack

- Sub-master Keys: Sub-master keys are to be issued only to school personnel who absolutely need them in the daily course of their responsibilities. They shall be returned to the key safe or vault nightly.
- Classroom Teacher Keys: Classroom teachers are to be issued only the keys to their classroom, storeroom, and cabinets and will be responsible for said keys. At no time shall a classroom teacher be issued a master key.
- Substitute Teacher Keys: Keys issued to substitute teachers and other District employees (maintenance, etc.) shall be returned daily.
- Alarm Keys: Three alarm keys will be issued to the site administrator who will be responsible for these keys. The administrator will designate the keys accordingly. No site will be issued more than three intrusion alarm keys without approval of the School Police Chief.

Key Control Guidelines:

- Staff members shall be notified that unauthorized possession by any person, including employees, of any site key is a misdemeanor (CA PEN § 469).
- Keys are never to be kept in classroom cupboards, filing cabinets, in or on teachers' desks, offices, or in staff mailboxes.
- Keys are never to be in the possession of students without the expressed written permission of the site key administrator. Keys are not to be loaned to students to open doors or gates.
- Staff is to be advised that prior to leaving any room, office, or work location, it is the employees' responsibility to double check that all doors and windows are closed shut and locked.
- Authorized personnel needing keys for the weekend or holiday activities will be issued keys which limit access to the room or area necessary for the weekend assignment. Prior written approval by the site key administrator must be obtained.
- At sites equipped with intrusion alarm systems, the School Police must be notified the week before the weekend or holiday that authorized personnel are scheduled to enter the site.
- All keys shall be checked and left with the site key administrator at the end of the school year or in the event of an assignment change.

Loss or Theft of Keys

The loss or theft of keys shall be reported to the Region Office and School Police (at 213-625-6631). In addition, the Maintenance and Operations Central Shops Lock Department shall be notified by creating an emergency service call. The Lock Department will immediately rekey sensitive areas (such as the library, computer lab, cum room, etc.) only.

Plant Inspections

Powered by BoardOnTrack

Responsibilities of the Designee for Inspecting the Campus Regularly:

Inspect the campus regularly for the following conditions and heed the following:

- All nonstructural hazards in classrooms and other sites where students are served will be eliminated.
- All damage to fences will be reported and corrected as soon as possible.
- All graffiti must be removed as soon as possible (take photographs if necessary).
- All litter must be removed as soon as possible.
- Playground facilities and equipment will be inspected regularly for hazards. Repairs must be made as soon as possible.
- All nonfunctioning lighting fixtures must be reported and corrected as soon as possible.
- Ensure that the following signs are posted, visible, and legible: Visitors' policy, a drug, tobacco, weapon and violence-free school, and nondiscrimination and sexual harassment prevention policies.
- The designated person shall be responsible for contacting the appropriate Maintenance and Operation department or District Unit responsible for correcting or repairing any hazardous or unsafe element on the school campus.

Restroom Cleanliness

Responsibilities of the Administrator:

- Site plans for each secondary school are to specify where student restrooms are located and when they will be open each day, and that they are adequate to serve student needs.
- Provide adequate supervision of restroom areas throughout the school day.
- Announce and encourage all students, including student leadership, to prevent vandalism and keep restroom areas clean.
- Involve parents in setting behavior standards to maintain clean, functioning restrooms on campus.
- Post notices to stakeholders, "Important Information About Your Complaint Rights Williams Legislation" in each classroom visible to stakeholders.
- Maintain Williams' complaint forms in the school or District office.

Responsibilities of the Plant Manager:

- Randomly monitor restrooms daily, conduct daily observation Emergency routes and paths of travel used to and from of any fixtures needing repair, and place a "trouble call" to report needed repairs.
- At secondary schools, supervise and monitor restroom attendant personnel.
- Before students arrive at school each day, inspect student restrooms to ensure that overnight crews have cleaned and stocked each restroom with paper and soap supplies.

Powered by BoardOnTrack

- Assign restroom attendant or custodial staff so that, at a minimum of twice during each day, restrooms are spot-cleaned, cleared of trash, restocked with soap and paper supplies, and have floors that are dry and hazard-free.
- Schedule with the appropriate Maintenance and Operations department the “deep cleaning” of all restrooms three times per year.
- Complete and maintain daily restroom service logs at a disclosed site on the school campus.

Inventory/Marking of School Equipment/Property/Record Retention

Responsibilities of the Administrator:

- Responsibility for all school property rests with the principal.
- Teachers and other employees are held responsible for the care of all school property in their control.
- The principal ensures that District equipment are not loaned to any District employee, group, or other persons for personal use.
- Property is to be inventoried, marked as required and records must be maintained in accordance with the District’s record retention policy.

For more detailed instructions regarding equipment inventory, please refer to the following bulletins and reference guide:

- BUL-953 Control of Site Equipment, CA E.C. § 35168. This bulletin and education code requires school districts to maintain inventory records of equipment whose current market value exceeds $500. These records must contain a description of the equipment, manufacturer’s name, identification numbers, original cost, date of acquisition, the location of use, and the date and method of disposal, if applicable.
- BUL-3508 Inventory Requirements for Equipment Purchased with Categorical Program Funds. This policy bulletin outlines federal and state guidelines for requiring an inventory for equipment purchased with categorical funds at school sites and offices, including equipment previously purchased through the Imprest fund or with the Procurement Card (P-Card). P-Card and Imprest purchases are not allowable with Title I funds. The equipment must be maintained and readily available for examination. Equipment inventories are subject to review at any time by federal and state auditors for equipment costing a total of $500 or more.)
- BUL-1158 Accounting for Supplies and Equipment Purchases. The California School Accounting Manual states that expenditures are required to be classified by “objects” to provide consistency in financial reporting among school districts. Additionally, the District is required to adhere to Government Accounting Standards Board Statement No. 34 to separately account for all fixed assets (land, buildings, equipment, etc.) and report depreciation on those assets accordingly.

- REF-71300 Record Retention for School Sites. This reference guide provides details for managing records at school sites and retention schedule listing records typically found at school sites.

2.8.2.6 School Arrival/Departure Plans

Traffic Patterns and Drop-off/Pick-up Points

Responsibilities of the Administrator:

- Work with OEHS or School Police to develop an appropriate drop-off and pick-up plan.
- Ensure through daily monitoring by designated staff that loading and unloading areas are “curbside” and designated to minimize student proximity to moving vehicles and that these areas are readily accessible to students.
- Confer with School Police as necessary to establish traffic patterns, and drop-off and pick-up points that ensure student safety and minimize traffic congestion.

Safe Passage To and From School

Responsibilities of the Administrator:

- Collaborate with the Office of Environmental Health and Safety (OEHS) to assess traffic, warning signs, school bus and parent loading zones, crossing guards, crosswalks, traffic signals, stop signs, etc. OEHS may be reached at (213) 241-3199 or OEHSQuestions@lausd.net.
- Work with the Safe School Collaborative on safe passage and attend local law enforcement agencies Safety Collaborative meetings. For more information, please contact Division of School Operations at (213) 241-7921.
- At elementary schools, encourage parents to walk their children to school.
- Visit the OEHS Safe School Traffic Program webpage for current documents and resources. The Principal should ensure that teachers incorporate pedestrian and bicycle safety into classroom curricula.
- Inform students, staff, and parents of designated student drop-off and pickup points, and safety procedures to be observed whenever there are moving vehicles in or around the school. This information should include bike helmet usage and should be distributed in a brochure to students and parents at the start of the school year.
- Report continuing traffic noncompliance problems to School Police at (213) 625-6631 or local enforcement agency.
- Ensure bus loading areas are designated and that loading and unloading of passengers takes place only within these areas.

2.8.3 Attendance/Engagement and Dropout Prevention

Responsible Administrator: LOPEZ, OSCAR

2. Plan Development

LAUSD Strategic Plan: Pillar 2D: Outstanding Attendance

Ensure outstanding attendance to support in-class learning

Responsibilities of the Administrator:

- Implement and supervise all state and District attendance policies and procedures,
- Ensure appropriate attendance, enrollment and withdrawal procedures are in place. Review the following resources:
    - MyPLN Training: Tools to Support Accurate Attendance and Withdrawal Procedures
    - Presentation: Tools to Support Accurate Attendance and Withdrawal Procedures.
- Track, monitor and regularly share attendance/engagement data with stakeholders.
- For a comprehensive list of activities, resources, and materials of the iAttend attendance initiative, visit the Pupil Services website and Enrollment, Attendance, and Withdrawal Resources Schoology group (Access Code: D4GT-DTTH-59Z3V).

Truancy/Tardiness Abatement

Responsibilities of the Administrator:

- Implement and supervise all state and District attendance policies and procedures.
- Ensure that students and parents are informed of the school attendance and tardy policy, as well as all applicable laws relating to compulsory attendance.
- Ensure that the attendance team and school staff including the Pupil Services and Attendance Counselor are coordinating efforts on attendance expectations and outreach.

Responsibilities of the Teacher:

- Conduct outreach to build relationships with students and caregivers throughout the year, as appropriate, to support engagement and establish rapport/connections.
- Ensure that personal phone calls to home are made (by teacher and/or other designated staff) when students are absent.
- Ensure that attendance is submitted within the first 15 minutes of each class or period (or as required in alignment with current distance learning attendance taking guidelines, if applicable).
- Ensure that all absence reason codes, and times (if applicable) are entered.

CA E.C. § 48200 Compulsory Attendance Law:

Each person between the ages of 6 and 18 years, not exempted, shall attend the public full-time day school or continuation school or classes for the full time designated as the length of the school day by the governing board of the school district in which the residency of either the parent or legal guardian is located and each parent, guardian, or other person having control or

charge of the pupil shall send the pupil to the public full time day school or continuation school or classes for the full-time designated as the length of the school day by the governing board of the school district in which the residence of either the parent or legal guardian is located.

Intervention for At-Promise Students

Responsibilities of the Administrator:

Administrators should ensure that

- At-Promise Students are immediately enrolled, even if they are missing academic and medical records, immunization records, proof of residency, a school uniform, or if they owe fees or materials to their prior school.
- The Pupil Services and Attendance (PSA) Counselor or a designated staff member is assigned to coordinate school attendance, dropout prevention, and recovery efforts.
- An Attendance Team/Multidisciplinary is in place to provide outreach and support for students who have disengaged.
- School staff support attendance and dropout prevention efforts.
- Coordination of services and supports with the A-G Diploma Program Counselor (select secondary schools only), Specialized Student Services Counselor, Pupil Services Attendance Counselor, and other designated staff.
- All school staff have read and follow:
    - BUL-4926 Enrollment, Attendance, and Withdrawal Policies and Procedures
    - BUL-6718 Educational Rights and Guidelines for Youth in Foster Care, Experiencing Homelessness and/or Involved in the Juvenile Justice System
    - BUL-6231 Discipline Foundation Policy
    - BUL-6730 A Multi-Tiered System of Support Framework for the Student Support and Progress Team
    - REF-43782 Implementing a Multi-Tiered System of Supports Framework
    - Pupil Services and Attendance SharePoint - Due Diligence Efforts- Steps to Follow Prior to Withdrawing Students Quick Guide.pdf
- Schools implement a tiered system of support to address student attendance.
- School staff are trained and have access to LAUSD student information systems such as MyData, MiSiS, Focus, and Elevate, as well as classroom referrals to help identify and monitor/track at-promise students.
- Transition programs are in place to support incoming students and matriculating students as they adjust to their new classroom and school environments.
- The school climate welcomes and invites parent involvement through a parent center, parent conferences, parent meetings, personalized phone calls to parents, and that selected staff makes home visits when necessary to engage parents in their student's educational needs.

- There is a multidisciplinary team that looks at student and school data on attendance, withdrawal, and dropout information to make decisions at the school regarding student intervention programs and policies.
- The multidisciplinary team consists of appropriate non-classroom personnel, such as, Pupil Services and Attendance Counselor, Psychiatric Social Worker, deans, and APSCS and other designated staff.

Responsibilities of the Multidisciplinary Team/Attendance Team:

- Meet regularly to review attendance/engagement data and coordinate services and supports.
- Meet regularly to ensure the implementation and monitoring of a multi-tiered system of support for student attendance.
- Assess student, student subgroup and schoolwide data, establish a uniform referral process, and provide consistent follow-up on referrals.

Responsibilities of Staff:

- Staff is trained and aware of District mandates and procedures with respect to school attendance, withdrawals, dropout prevention, and recovery.
- School staff identifies and monitors students who are not making progress and coordinates with instructional staff to make needed adjustments to support student academic progress.
- Collaborate in the delivery of services to students.
- Be aware of and utilize resources both within the school and in the community.
- School staff systematically monitors, updates, and reviews student records.
- System for personalized interventions for students at risk of dropping out of school or who have recently left school.

Responsibilities of the Administrator:

- Create a school culture that reflects mutual support, caring, and safety for everyone.
- Ensure that selected school staff are trained on all District and non-district educational alternative placement options and that there is a process in place for referring at-promise students for educational supports and, when appropriate, to educational alternative placements, such as, but not limited to, community college classes, continuation schools, AC^{2}T, or Division of Adult and Career Education.
- Ensure that school staff are trained to work with at-promise students and utilize available resources to assist those students, such as, training on how to complete accurate enrollments and checkouts in MiSiS, how to identify at-promise students based on multiple risk factors (using reports such as those in MyData/FOCUS), how to create a welcoming, safe, and supportive school culture for all students, and how to link

students/families up to necessary resources (academic, food, clothing, tutoring, etc.) to help students achieve their high school diplomas.

- Ensure that their school has a variety of academic programs in place to meet the individual needs of students at-risk for school failure or dropout, concurrent enrollment in ROP classes, online courses, summer school, tutoring, other credit recovery options and community resources.
- Ensure that student records are accurate. This includes ensuring that school clerical staff are trained on how to accurately enter student data into MiSiS upon enrollment and withdrawal (i.e., correct leave/enrollment codes are being used, upon every withdrawal, and student records are sent to the next school of enrollment in a timely manner).
- Students who are transferring between LAUSD schools should be auto-withdrawn in MiSiS by the receiving school; when the transfer is out of LAUSD, a school may only withdraw upon receipt of valid documentation to support the withdrawal. School personnel should document as much information as possible, including a destination, school, address, phone number and contact information. The school should also attempt to collect the “Parent Assurance Letter.”
- Schools should document all records requests in MiSiS: MiSiS Enrollment Job Aids. (Select “Entering Student Record Request” under “Withdrawal/No Show.”)
- The school has partnerships and collaborates with community agencies that can provide resources and options to students who are at risk of school failure and dropping out of school.

Responsibilities of School Staff:

- Work with parents/guardians and students to systematically monitor and follow-up with students regarding the supports/interventions and referrals provided to ensure access and effectiveness.
- School staff reviews student-level data to identify which students require supplemental educational services (i.e., tutoring, online courses, etc.,) and link those students and parents to the educational resources they need.
- All staff work collaboratively to identify students in need of prevention/intervention.

System to Recover, Enroll, or Provide Alternative Education Referrals

Responsibilities of the Administrator:

- Assign a multidisciplinary team of school staff to work collaboratively on clearing/locating and recovering students listed as lost transfers and whereabouts unknown (L8’s).
- Ensure that staff is trained and follow all bulletins, memos, and reference guides regarding LAUSD policy for non-grads and 5th year seniors, and provisions for students continuing beyond their fourth year of high school (e.g., students who are homeless, in foster care, English Learners, students with IEPs).

- Ensure that school staff knows how to re-enroll or provide educational alternative options to students who may have left school for a period of time but have chosen to return to school and work towards their high school diploma.
- Students matriculating and/or transferring within LAUSD shall provide updates through the required annually disseminated forms. Schools shall not require matriculating students to complete a new Student Enrollment Form or to provide additional documentation for address verification (with specific exceptions related to charter schools).
- Require appropriate staff to run/review monthly reports on all withdrawals each month and ensure that designated staff follows up to find out if students are currently enrolled.
- Communicate to staff the importance of accurate record-keeping and tracking.
- Ensure that all due diligence efforts have been made prior to withdrawing students; for students whose whereabouts are known and are not attending, schools are to contact the Region PSA Administrator for Resource Panel/SARB referral.

Responsibility of Staff:

- Staff clearly defines their role in recovering dropout students to avoid duplication of services.
- School support staff and clerical staff stay up to date on all new District bulletins, reference guides, and memoranda relating to the input of student information into MiSiS.
- Staff provides parents/guardians and students with information about their educational rights and options available to help them be successful in school.

2.8.4 Parent and Community Engagement

Parents are encouraged to provide a healthy diet, promote physical activity, and ensure overall good physical and mental health and wellness for their child. Parents are also encouraged to participate in the planning for their child's academic progress and success.

Physical and Mental Health Supports

The Medical Services Division (MSD) is committed to providing equitable healthcare to our school communities so that all students thrive academically, are engaged, successful and ready for the world.

Families are encouraged to visit the resources available through MSD Offices by visiting the website lausd.org/msd, where you can learn more about the following Offices:

- District Nursing Services
- Healthy Emergency Response and Support
- Student Medical Services and Medi-Cal Programs
- Student Mental Health and Wellness Services

Powered by BoardOnTrack

Community members can also request support by calling the Student and Family Wellness Resource line at (213) 241-3840 (Monday through Friday, 8AM – 4:30PM). District mental health and wellness staff are available to support with referrals for services such as mental health, immunizations, health insurance, food and housing, enrollment, and more.

Engaging families in topics aligned to safety, wellness, and other topics of focus for the District is foundational to accelerating student outcomes and overall family wellness. A bundle of modules with content for school leadership to engage families in training and learning about safety topics, including Substance Use and Fentanyl Awareness, are available for download by visiting lausd.org/sface and in the Principal's Portal. A LAUSD Single Sign On is required to access family engagement content.

The Office of Student, Family and Community Engagement also assists families by linking them to resources, workshops, and courses in the areas of the councils and committees, school volunteers, Parent Portal, understanding data and school budgeting, for example. Families may visit https://www.lausd.org/sface or email families@lausd.net for more information.

Powered by BoardOnTrack

3. Incident Command System

3.1 Incident Command

The Incident Command System (ICS) is used by first responders, government agencies, private sector business and non-profit groups to manage emergencies, crises, and disasters nationwide, as well as planned events. LAUSD also uses ICS, which is a system that groups people by functions according to aptitude and skills, instead of rank/title. Every position reports to someone (see the School ICS Incident Command Team Chart in this section), which greatly facilitates the flow of information and resources among the multiple teams participating in response to an emergency. ICS consists of the following five functions:

- Command (Management in the LAUSD EOC)
- Operations
- Planning & Intelligence
- Logistics
- Finance & Administration

The organization depicted on the School ICS Organization Chart can be expanded or abridged to meet the scope of the emergency/planned event. Not every emergency/planned event will require (activate) all of the teams or positions listed on the chart.

ICS can be adapted for schools with limited personnel. If no one is assigned to an ICS position, it is understood that the person who manages that position is performing the responsibilities of the unfilled position. For example, in some emergencies/planned events, the Incident Commander may not assign a person to oversee finance. In that case, the Incident Commander is still responsible for all applicable Finance and Administration responsibilities, such as financial documentation for potential recovery. Note that to optimally fulfill some of the emergency team duties, members should have training, preparation opportunities, and practice through drills.

Region Operations Centers (ROC): During some emergencies, crises or planned events, the ROC may be activated to provide immediate support to the schools. In such cases, the school is expected to maintain open and ongoing communications with the ROC, typically through their Operations Coordinator. Refer to the LAUSD Region Operations Center (ROC) Guide for more information.

Emergency Operations Center (EOC): When the emergency or crisis or planned event impacts a great geographical portion of the District and/or has numerous significant operational impacts beyond a school's or ROC's ability to manage, the L.A. Unified (EOC) may be activated. The EOC is responsible for coordinating resources and maintaining situational awareness Districtwide. For more information regarding the EOC, access the LAUSD EOP Handbook for Emergency Operations Center Responders. The school's Incident Commander will keep the EOC updated, in most cases through their Region and/or through the School Emergency Status Report (SESR).

3. Incident Command System

Schools will be notified if the SESR is activated and if schools are expected to update their status through the SESR. More information regarding SESR can be found at: https://sesr.lausd.net through the Principal's Portal.

It is recommended that team members and other District employees take Community Emergency Response Team (CERT) training. This hands-on disaster training is offered by local fire departments. LAUSD personnel can learn more about ICS by taking online video training courses STEPS 400, 420 and 421, available through MyPLN. Additional online emergency management classes appropriate for District employees are offered by the Federal Emergency Management Agency (FEMA) and are linked at https://www.lausd.org/fema.

Incident Command BELL, TASHA; LOPEZ, OSCAR

During an emergency, the Incident Commander (IC) is responsible for setting the response objectives and directing activities from a designated Command Post. All functions report to the IC. To effectively direct response actions, the IC must constantly assess the situation and develop and implement appropriate strategies. The IC must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response. At a school, these functions are typically directed by the principal or designee as the Incident Commander. The principal is assisted in carrying out this role by a Public Information Officer and Safety Coordinator, as needed. The IC should use “management by objectives” by setting specific goals and objectives for the total response. The objectives should be SMART, which is an acronym for Specific, Measurable, Achievable, Relevant and Timely.

Planning/Intelligence Section BELL, TASHA; LOPEZ, OSCAR

During an emergency, the ICS Planning and Intelligence section uses various methods and resources to efficiently gather information, analyze and document the information for significance, and actively assess the status of the emergency. This understanding and knowledge about the situation at hand is vital to the effective management of a response. Under ICS, this function is supported by a Documentation/Communication position, who reports directly to the Incident Commander if a Planning/Intelligence Lead is not assigned. The ICS Planning and Intelligence Section also predicts future needs, observes trends, and constantly answers the following questions regarding the emergency:

- How big is this problem?
- Who is affected?
- What are we going to need in the next hour, day, or week?

Operations Section LOPEZ, OSCAR; COX, CHRISTOPHER

Under ICS, all tactics for the emergency response are implemented under the Operations function. Many school site emergencies are complex enough for the Incident Commander to

assign an Operations Section Lead. This function is supported by staff reporting to the Operations Lead who have responsibilities such as rendering medical assistance, crisis intervention, search and rescue, site security, damage assessment, evacuations, access and functional needs support, and the release of students to parents. Within LAUSD, these activities are performed by the following teams:

- Triage Team
- School Site Crisis Team
- Search and Rescue Teams
- Access and Functional Needs Position
- Security/Utilities Team
- Fire Suppression/HazMat Team
- Assembly Area Team
- Request Gate Team
- Reunion Gate Team

Logistics Section KLAPPROTH, DANIELLE; HURTADO, JAZMIN

The Logistics section manages resources and provides all incident support needs such as facilities, transportation, communications, and supplies/equipment. Logistics supports emergency operations by coordinating personnel; assembling and deploying volunteer teams; and providing supplies, resources, equipment, and services, including food service and adjusting meal schedules and menus, as needed. Within LAUSD, these activities are performed by Supply/Equipment Team, Hygiene Team, and Transportation Support Team if activated and they report to the Logistics Section Lead. When the Operations Section needs something, they get it from the Logistics Section. Logistics works closely with the Planning and Intelligence Section to develop resources for future needs.

Finance/Administration BELL, TASHA; ALTON, NATALIA

The Finance/Administration function of ICS involves the purchasing of all necessary materials, tracking financial records, timekeeping for school site and responding District staff, and recovering school records after an emergency. They keep track of personnel time and costs, which are sometimes divided into two positions reporting to a Finance Section Lead.

3.2 Command Team

The Command Team is responsible for directing school emergency response activities. The Command Team is led by the principal or designee, who is the Incident Commander. The Command Team includes the school's Public Information Officer, the Safety Coordinator, and the Team Leads for each of the other four functions (Operations, Planning & Intelligence, Logistics, and Finance & Administration). The Incident Commander sets goals and objectives for the activities of all other teams.

Team Assembly Location

Inside: MAIN OFFICE

Powered by BoardOnTrack

Outside: BLACKTOP

3.2.1 Incident Commander BELL, TASHA; LOPEZ, OSCAR

The Incident Commander (IC), principal or designee, is responsible for directing emergency operations and shall remain at the Command Post to observe and direct all operations. The only role of this person is to make decisions. Specific duties of the Incident Commander may include:

- Setting goals and objectives for the response team as a whole
- Assessing the situation periodically
- Directing the Command Team
- Determining the need for, and requesting, outside assistance
- Communicating with the Region Administrator of Operations and central office staff
- Working with the Region regarding any messaging about the incident to internal and external stakeholders

3.2.2 Public Information Officer BELL, TASHA; LOPEZ, OSCAR

The Public Information Officer (PIO) is the official spokesperson for the school site in an emergency and is responsible for communicating with the media and delivering public announcements. Specific duties of the PIO may include:

- Receiving updates and official statements periodically from the Incident Commander
- Posting approved messages to parents via Connect
- Maintaining a log of PIO actions and all school-site-based communications
- Updating/consulting with the Region PIO or central Communications office
- Interacting periodically with the media (with prior review/approval from the Region/District Communications Office)
- Under the guidance of the Office of Communications, preparing statements for dissemination to the public
- Ensuring announcements and other public information are translated into other languages as needed
- Monitoring news broadcasts about the incident and alerting the Region PIO and Office of Communications of any misinformation
- Monitoring social media for rumor control and misinformation (may be supported by PIO)

3.2.3 Safety Coordinator LOPEZ, OSCAR; COX, CHRISTOPHER

The Safety Coordinator is responsible for ensuring that all emergency activities are conducted in as safe a manner as possible. Specific duties of the Safety Coordinator may include:

- Checking periodically with the Incident Commander for situation briefings and updates
- Maintaining all records and documentation as assigned by the Incident Commander
- Monitoring drills, exercises, and emergency response activities for safety
- Identifying and addressing safety hazards

- Ensuring that team members use appropriate safety equipment

Supplies and Equipment for Command Team

- School Emergency Response Boxes (REF-5450 School Emergency Response Boxes)
- Copy of the Integrated Safe School Plan and contact information
- Campus maps
- Staff cell phone lists
- Staff email lists
- Master keys (Note: Keys must be kept in a very secure location or with specific authorized individuals.)

Copies of staff and student rosters

- Hand-held two-way radios
- Bullhorn
- Battery-operated AM/FM radio
- First Aid kit for Command Team
- Clipboard, paper, pens
- Hard hat for each team member
- Vest or other position identifier
- Large campus map

3.3 Triage Team

The members of the Triage Team are responsible for:

- Performing triage/disaster aid in the event of large-scale emergency impacting the school community
- Assessing injuries and administering necessary medical assistance as indicated
- Ensuring that first aid supplies are available
- Ensuring that designated school site staff are trained in the administration of medical measures, as appropriate
- Setting up triage area and temporary morgue
- Keeping accurate records of care given and triage tagging each of the injured with name, address, injury, and any treatment rendered
- Reporting critical injuries or deaths immediately to Triage Team Lead
- Recording information on transport to hospital by first responders

Assignments

Triage Team Lead: GOSS, CHISA

Backup Team Lead: MCEACHERN, KELLEY

Triage Team Member:

Triage Team Member:

School Nurse: GOSS, CHISA

Team Assembly Location

Inside: HEALTH OFFICE

Outside: PE BLACKTOP (NEAR SAFETY BIN)

Triage Team Lead

The Triage Team Lead is responsible for oversight and communication related to triage and disaster first aid training, preparation, and planning. The Triage Team Lead will also direct team activities and, in the event of a large-scale emergency impacting the school community, periodically interact with the Operations Section Lead to determine medical needs and planned actions.

Specific duties of the Triage Team Lead may include:

1) Ensuring triage areas are set up
2) Supporting team members to ensure adequate triaging of the injured
3) Ensuring all medical supplies are available for the team
4) Ensuring Triage Team performs secondary assessments and appropriate disaster medical care after triage is complete
5) Periodically keeping Operations Section Lead informed of overall status
6) Ensuring designated school site staff are trained in triage and disaster first aid techniques and priorities

Triage Team Members (Triage, Disaster Medical Assistance)

The members of the Triage Team are responsible for:

- Designating and setting up triage areas, including access for emergency vehicles
- Assessing injuries/performing triage and administering necessary disaster medical aid during a large-scale emergency impacting the school community
- Ensuring that disaster first aid supplies are available
- Setting up triage stations and the temporary morgue, ensuring that all medical supplies/equipment are accessible, including taking these items out during evacuations
- Keeping accurate records of care given and triage tagging each of the injured with name, address, injury, and any treatment rendered
- Reporting critical injuries or deaths immediately to Triage Team Lead
- Recording ambulance transport to hospital information
- Completing the Injury Report

In a large-scale disaster/emergency, it may be a while before patients can be transported for medical care. When possible, have students transported to the nearest emergency department approved for pediatrics (up to age 22) as listed in Step 4, under Additional Contacts of the online ISSP. It is best to have a staff member accompany each transported student; during an incident with many injuries, that may not be possible. Always note the name and transport destination for each person when they are transported.

Supplies and Equipment for the Triage Team

3. Incident Command System

Note: Staff/team members cannot re-enter buildings to retrieve supplies/equipment that are not stored in the emergency bin. Ensure that equipment is evacuated.

- Vest or position identifier
- First aid supplies
- Non-latex disposable exam gloves
- Triage tags
- Hand-held two-way radios
- Stretchers
- Blankets
- Wheelchairs
- Ground covers, tarps
- Patient record forms
- Site map
- Injury Report
- Automated External Defibrillators (AED)
- Epi-Pen
- Biohazard bag
- Sharps container
- Student medication

Related Training and Resources

- It is recommended that all Triage Team members have first aid, cardiopulmonary resuscitation (CPR)/AED, and epinephrine administration training. More details on AED and epinephrine administration policy are available in BUL-4480 Policy and Procedure for the Acquisition and Use of Automated External Defibrillators (AEDs) and BUL-114500 Administration of Epinephrine Auto-Injectors.
- Online training course STEPS 213, offered through MyPLN.
- Training information regarding CPR/AED and EpiPen is also available from the school nurse. Some CPR/AED information can also be found at lausd.org/CPR/AED; First Aid (and CPR) information is also available.
- The District is creating a Stop the Bleed training program. Details and updates are available here.

3.4 School Site Crisis Team

The School Site Crisis Team is responsible for addressing the mental health needs and social-emotional well-being of all students on campus during an emergency by providing Psychological First Aid (PFA) as needed, in the immediate aftermath of a critical incident or emergency, pursuant to the District's BUL-5800 Crisis Preparedness, Response and Recovery policy. PFA is an evidence-informed approach for assisting children, adolescents, adults, and families in the immediate aftermath of a critical incident, disaster, or act of terrorism. PFA is designed to reduce the initial distress caused by traumatic events and to foster short and long-term adaptive functioning.

Assignments

Crisis Team Lead: LARA, CHRISTIAN

Backup Team Lead: CALAVAN LUZANO, LAUREN

3. Incident Command System

Psychological First Aid Team Member (Primary): LARA, CHRISTIAN

Psychological First Aid Team Member (Backup): CALAVAN LUZANO, LAUREN

Team Assembly Location

Inside: MAIN OFFICE

Outside: BLACKTOP

Crisis Team Lead

The Team Lead is responsible for directing crisis responders and periodically interacting with the Operations Section Lead to identify concerns and report status. The Crisis Team Lead is also responsible for assigning personnel as needed, such as the Psychological First Aid Team Members, and ensuring appropriate training is provided. Supplemental online training courses STEPS 212 and 409 are offered through MyPLN.

Psychological First Aid Team Members

The members of the Psychological First Aid Team, with the guidance of the Crisis Team Lead, are responsible for monitoring the social-emotional safety and well-being of the students and staff in designated areas, such as the Assembly Area and Triage Area. Specific duties of the members of the Psychological First Aid members may include:

- Assessing needs and providing Psychological First Aid
- Providing reassurance and support to students
- Updating the number of students and staff in need of support
- Documenting students or staff who may need additional support in the days to weeks following the incident
- Coordinating with Logistics to provide water and food to students and staff when necessary
- Supporting other teams, as needed

Supplies and Equipment for the Psychological First Aid Team Members

- Vest or position identifier
- Hand-held two-way radio
- Ground cover and tarps
- First aid kit
- Paper, pens/pencils

3.5 Search and Rescue Team

The Search and Rescue (SAR) Team is responsible for preparing and performing search and rescue operations during an emergency when the fire department is delayed due to the nature of the disaster. There may be two or more SAR teams at a school, depending on the size and layout of the site. Each team must have four members, as they work in pairs for safety reasons. Supplemental online training course STEPS 214 is offered through MyPLN.

3. Incident Command System

Assignments

Search and Rescue (SAR) Teams Coordinator: LOPEZ, OSCAR

Backup SAR Teams Coordinator: BELL, TASHA

SAR Team 1 Members: SANCHEZ, JAVIER; COX, CHRISTOPHER; JONES, KAREN; LOPEZ, OSCAR

SAR Team 2 Members: BARRETT, WILLIAM; JOHNSON, BRYAN; ROBERTSON, JAMES; JOYCE, REBECCA

SAR Team 3 Members: ; ; ;

SAR Team 4 Members: ; ; ;

Team Assembly Location

Inside: MAIN OFFICE

Outside: BLACKTOP

Search and Rescue Teams Coordinator

The Search and Rescue Teams Coordinator assigns each SAR team their specific areas and duties, records findings on maps and in logs, keeps the Operations Section Lead informed of overall status, and coordinates appropriate training. Specific duties of the Search and Rescue Teams Coordinator may include:

- Ensuring that each responding SAR team has four members and that those four members work in pairs for safety reasons
- Obtaining briefings from the Operations Section Lead, and the Assembly Area Team, noting missing students, identified damage and site hazards, and any other situations requiring SAR response
- Assigning and recording SAR teams based on available team members, maintaining four persons per team
- Updating teams' reports on site map and recording exact location of damage and triage tally

Search and Rescue Team Leads

Each Search and Rescue Team Lead is responsible for directing the activities of their assigned SAR team and apprises the SAR Teams Coordinator of the team's status and their findings throughout the search and rescue process. Specific duties of the Search and Rescue Team Leads may include:

- Obtaining briefings from the SAR Coordinator
- Directing search and rescue operations for their assigned team
- Reporting findings to the SAR Teams Coordinator during search and rescue operations.

3. Incident Command System

Search and Rescue Team Members

The members of the Search and Rescue Team are responsible for performing search and rescue operations during an emergency. Specific duties of the members of the SAR Team may include:

- Searching assigned area
- Reporting gas leaks, fires, or structural damage to SAR Team Lead upon discovery
- Rescuing trapped survivors on campus, if it is safe to do so
- Evacuating survivors who need assistance
- Working with the Security/Utilities Team and Fire Suppression/Hazmat Team to shut off gas or extinguish fires as necessary
- Reporting periodically to the Team Lead the location, number, and status/condition of injured or missing survivors
- Conducting pre-established search and rescue patterns, checking each classroom, office, storage room, auditorium and other rooms and outdoor areas which may have survivors
- Sealing off and posting areas where hazardous conditions exist
- Contacting Security/Utilities Team to secure the building from reentry after the search

Supplies and Equipment for Search and Rescue Teams

- Vest or position identifier
- Hard hat
- Work and non-latex gloves
- Eye protection
- Dust mask
- Whistle with master keys on neck lanyard
- Hand-held two-way radio
- Clipboard with job duties
- Map indicating search plan
- Fire extinguisher
- Water bib key
- Blankets
- Bolt cutters (for cutting security screens from around windows)
- Shovel
- Rope
- Triage tags
- Bucket or duffel bag
- Flashlight
- Pry bar
- Grease pencil
- Pencils
- Duct tape
- Caution tape
- Masking tape
- First aid backpack/fanny pack (one team member wears it)
- Evacuation Chair (applies to multiple story schools and not to be stored in emergency bin)

Many of these materials are found in the search and rescue kit, which can be purchased through the LAUSD Warehouse.

3. Incident Command System

3.6 Access and Functional Needs Position

Access and Functional Needs (AFN) position is responsible for ensuring that the needs of students and others on campus who have disabilities or other access or functional needs are considered throughout the ongoing development and execution of this plan. This includes ensuring existing procedures include adaptations for pupils with disabilities in accordance with the federal Individuals with Disabilities Education Act and Section 504 of the federal Rehabilitation Act of 1973 and the annual evaluation of the ISSP to ensure appropriate adaptations for pupils with disabilities. The role also supports the principal if a school employee, a pupil's parent, guardian, or educational rights holder, or a pupil, after an ISSP evaluation is conducted brings concerns about an individual pupil's ability to access disaster safety procedures described in the ISSP.

The AFN Team will coordinate activities with the Operations Section as needed. Planning efforts by this team include ensuring the availability of any necessary supplies and equipment and sharing plans and equipment locations with emergency teams and other staff who will further support the individuals with these needs during an emergency. Resources to support this team's work are available at: http://lausd.org/afn.

Assignments

Access and Functional Needs (AFN) Team Member: MUSCHAMP, MARION

Backup Access and Functional Needs Position: LOPEZ, OSCAR

Assembly Location

Inside: MAIN OFFICE

Outside: BLACKTOP

Roles and Responsibilities

The AFN position is responsible for ensuring the safety of students and adults with access and functional needs during drills and emergencies and facilitates the planning and preparation for appropriate support. The AFN position directs assistance activities and coordinates with the Operations Section to identify specific disabilities or access and functional needs of the school population, and also considers the potential needs of visitors. The position is responsible for ensuring that these individuals are safely evacuated and supported during drills and emergencies including by ensuring necessary adaptations are in place and by supporting the evaluation and ISSP modification process, as necessary. Related procedures are outlined in REF-5511 Completing and Updating the Integrated Safe School Plan.

Support:

For more tips and information on supporting students with access and functional needs, access LAUSD Emergency Preparedness for Students with Disabilities Tips and Checklist.

3. Incident Command System

Contact your Region's Special Education Administrator or the Office of Americans with Disabilities Act Compliance.

3.7 Security/Utilities Team

The Security/Utilities Team is responsible for the security of the school site and its population during an emergency. The Security/Utilities Team will coordinate activities with the Operations Section as needed. The Security/Utilities Team shuts down heating and air conditioning units, gas, power, and water utilities as necessary to protect students and staff and to minimize damage to school facilities. The team must also coordinate closely with the Reunion Gate Team for gate access to safely reunite students with their parents or lawful guardians. This team may include campus aides, and members of the custodial and cafeteria staff.

Assignments

Security/Utilities Team Lead: HIGUERA AVILA, ADRIANA

Backup Team Lead: HENDERSON, GEORGETTE

Security/Utilities Team Member:

Security/Utilities Team Member:

Team Assembly Location

Inside: MAIN OFFICE

Outside: BLACKTOP

Security/Utilities Team Lead

The Security/Utilities Team Lead is responsible for directing team activities and interacting with the Operations Section Lead to identify problems and report status and coordinates appropriate training. The Security/Utilities Team Lead is also responsible for checking with the Operations Lead to ensure that local utility companies (water, electricity, gas, and sewer) are notified of outages and issues as needed.

Security/Utilities Team Members

The members of the Security/Utilities Team are responsible for securing the school and reporting that the campus is secured. They are also responsible for surveying all utilities and taking appropriate actions to shut off utilities, as needed. Specific duties of the members of the Security/Utilities Team may include:

- Locking all external gates and doors; unlocking some gates when appropriate
- Stationing one team member at the main entrance to the school to direct emergency vehicles to area(s) of need and to greet parents
- Keeping students and staff out of buildings, as necessary

- Assisting at Reunion Gate, as appropriate
- Assessing and reporting damage to school facilities
- Checking water lines and shutting down water supply lines if leaking
- Checking gas meter/lines and, if gas is leaking, shutting down gas supply
- Shutting down electricity only if building has clear structural damage or advised to do so by Command Post

Supplies and Equipment for Security/Utilities Team

- Vest or position identifier
- Hard hat, gloves, and any personal protective equipment
- Master keys
- Hand-held two-way radio
- Copy of the school's emergency procedures
- Large durable signs for providing direction and information
- Utility shut-off tools
- Site maps
- Diagrams of shut-off valves and switches

3.8 Fire Suppression/Hazmat Team

The Fire Suppression and Hazardous Materials (HazMat) Team is responsible for extinguishing small fires and evaluating the potential release of chemicals during an emergency. It is also responsible for evaluating the damages to school property in an emergency. This team will coordinate with the Operations Section. Team members complete the School/Site Preliminary Damage Report. Operating a fire extinguisher is covered in STEPS 201, available on MyPLN, and is strongly recommended training for this team.

Assignments

Fire Suppression and HazMat Team Lead: HIGUERA AVILA, ADRIANA

Backup Team Lead: HENDERSON, GEORGETTE

Fire Suppression and HazMat Team Member:

Fire Suppression and HazMat Team Member:

Team Assembly Location

Inside: MAIN OFFICE

Outside: BLACKTOP

Fire Suppression and HazMat Team Lead

The Fire Suppression and HazMat Team Lead is responsible for directing team activities and periodically interacting with Operations to identify problems and report status. The Fire Suppression and HazMat Team Lead is also responsible for gathering the School/Site

Powered by BoardOnTrack

Preliminary Damage Reports from the Team Members and having forms readily available to Operations.

Fire Suppression and HazMat Team Members

The members of the Fire Suppression and HazMat Team are responsible for extinguishing small fires, evaluating the potential release of chemicals during an emergency, observing the campus for damage and hazardous conditions, logging and reporting any damage by radio to the Command Post during an emergency. Copies of the School/Site Preliminary Damage Reports will be submitted to the Team Lead. Specific duties of the members of the Fire Suppression/HazMat Team may include:

- Evaluating potential release of chemicals.
- Maintaining list of chemicals on site with map/storage location specifics.
- Identifying damaged areas on the School/Site Preliminary Damage Report. Reporting will be supplemented by pictures if appropriate.
- Locating and extinguishing small fires, as necessary. Use the proper extinguisher for the type of fire:
    1. Class A, B or C for ordinary combustibles
    2. Class B or C for fires involving flammable liquids
    3. Class C only for fires involving electrical equipment
- Posting yellow caution tape around damaged or hazardous areas

Supplies and Equipment for the Fire Suppression/HazMat Team

- Vest or position identifier
- Hard hat, work gloves and personal protective equipment
- Fire extinguishers and other fire-fighting equipment
- Hand-held two-way radios
- Master keys on lanyard
- Clipboard with job duties and School/Site Preliminary Damage Report
- Carry bucket or duffel bag with eye protection, flashlight, dust masks, yellow caution tape, and utility shut-off tools
- Site maps
- Absorbent materials
- Broom
- Dustpan
- Neutralizer
- Hazardous waste labels

3.9 Assembly Area Team

The Assembly Area Team is responsible for the safe evacuation and accounting of all students and staff during an emergency. The team is also responsible for reporting missing persons to the Operations Section Lead. Operations will then relay reports of missing students to the Search and Rescue Team.

3. Incident Command System

Assignments

Assembly Area Team Lead: BELL, TASHA

Backup Team Lead: LOPEZ, OSCAR

Assembly Area Team Member:

Assembly Area Team Member:

Team Assembly Location

Inside: MAIN OFFICE

Outside: BLACKTOP

Assembly Area Team Lead

The Assembly Area Team Lead is responsible for directing team activities and periodically interacting with Operations to identify problems and report status. The Assembly Area Team Lead is also responsible for collecting the Missing Persons Report from team members and providing the report to the Incident Commander.

Assembly Area Team Members

The members of the Assembly Area Team are responsible for performing the safe evacuation and accounting of students, staff, and visitors during an emergency. Specific duties of the members of the Assembly Area Team may include:

- Obtaining reports of missing students/adults from teachers or other personnel.
- Ensuring that students are orderly, stay with their class and are supervised so that they can be found quickly when parents arrive.
- Gathering Missing Persons Report from each teacher and other designated personnel and submitting forms to the Assembly Area Team Lead.
- Assisting the Reunion Gate Team as required.

Supplies and Equipment for Assembly Area Team

- Copy of Site Plot Plan and Vicinity Map showing designated on and off-site Assembly Areas
- Injury Reports and Missing Persons Reports
- Bullhorn
- Clipboard and pens for forms
- List of employees who were on campus (when incident took place)

3.10 Request and Reunion Gate Teams

Request Gate Team

The Request Gate Team is responsible for processing parent requests for student release during an emergency.

3. Incident Command System

Assignments

Request Gate Team Lead: ALTON, NATALIA

Backup Team Lead: RODRIGUEZ, YOLANDA

Request Gate Team Member:

Request Gate Team Member:

Team Assembly Location

Outside: ACCESS ROAD GATE NEAR REGION WEST SIDE

Request Gate Team Lead

The Request Gate Team Lead is responsible for directing team activities and periodically interacting with the Operations Section Lead to identify problems and report status, coordinates appropriate training, and ensures that order is maintained at the Request Gate. The Request Gate Team Lead will refer all outside requests for information to the Public Information Officer. Supplemental online training course STEPS 419 is offered through MyPLN.

Request Gate Team Members

The members of the Request Gate Team are responsible for greeting parents/guardians/ designees, providing them with the paperwork authorizing the holders to reunite with their students at the Reunion Gate, and checking identification. Specific duties of the members of the Request Gate Team may include:

- Greeting and quickly directing arriving parents, guardians, or designees to the Request Gate.
- Providing reassurance to parents, guardians, or designees and maintaining order. The use of large signs showing the school status and student pick up protocol in all languages is suggested.
- Checking identification of those requesting to pick up students.
- Directing parents or guardians to the Reunion Gate.
- Dispatching student runners to the Assembly Area to escort students whose parents have come to claim them.

Supplies and Equipment for Request Gate Teams

- Keys to the Request Gate
- Student lists
- Office supplies –pens, paper, clipboards, and summons forms, etc.
- Signage for parents specifying the process and information needed for pick-up in the languages appropriate for the school
- Sign-making materials, including zip ties and tape
- Bullhorn
- Reunification forms (blue slips)

- Yellow caution tape, student runner I.D. lanyards, extra school radios, chalk, etc.

Mass Reunion Planning

The Request and Reunion Gate Teams need to have an expansion plan for a massive influx of parents. The following activities should be part of every school's Request/Reunion Gate preparedness program:

- Cross-train other teams to assist. When the Search and Rescue Team members are done with their assignment, they may be reassigned by the Operations Section Lead to assist the Request or Reunion Gate Team.
- Ensure that there are enough supplies (pens, forms, clipboards, etc.) for the additional Request Gate Team members so that additional stations can be opened.
- Have a plan to re-organize the Request Gate to divide the parents into smaller groups. They can be organized by grade level, small learning community or any other criteria that makes sense for the school. Ensure that there are sign-making supplies to allow for reorganization.

Reunion Gate Team

The Reunion Gate Team is responsible for compassionately reuniting parents or guardians with students. Reunion gate personnel should have a plan in place to notify parents about injured or deceased students, a highly sensitive issue. The team checks identification and will keep accurate records of students leaving the campus. Members of the School Site Crisis Team and Security/Utilities Team may be asked to assist the Reunion Gate Team. If a child is injured, it is recommended that the parents be invited to a private or secluded location, away from others, to be informed of their child's condition. It is suggested that a member of the School Site Crisis team stay with the parent and assist them.

Assignments

Reunion Gate Team Lead: ALTON, NATALIA

Backup Team Lead: RODRIGUEZ, YOLANDA

Reunion Gate Team Member:

Reunion Gate Team Member:

Team Assembly Location

interacting with the Operations Section to identify problems, request additional personnel, report status, and ensure order is maintained at the Reunion Gate. The Reunion Gate Team Lead will refer all media or other outside requests for information to the Public Information Officer. The Reunion Gate Team Lead is also responsible for collecting the Student Release Log from the Team Members and should have the forms readily available to Operations.

Reunion Gate Team Members

The members of the Reunion Gate Team are responsible for greeting parents, guardians, or designees and reuniting them with their students at the designated Reunion Gate. Specific duties of the members of the Reunion Gate Team may include:

- Greeting parents, guardians, or designees at the Reunion Gate and maintaining order.
- Verifying identification and authenticity of reunification forms.
- Verifying parent/guardian/designee is listed on the student's Student Emergency Information Form (student emergency card)
- Confirming students recognize the authorized adults who come for them and requiring adult to sign student out of school.
- Completing Student Release Log and submitting them to the Reunion Gate Team Lead.

Supplies and Equipment for Supply/Equipment Team

- Hand-held two-way radios
- Tables and chairs
- Office supplies –pens, paper, clipboards, release forms, yellow tape, hanging clips, etc.
- Student rosters with class schedules
- Flashlights
- Keys to the Reunion Gate
- Student Release Log
- Student Emergency Information Forms (student emergency cards)

3.11 Supply/Equipment Team

The Supply/Equipment Team is responsible for ensuring the availability and delivery of adequate supplies and equipment during an emergency. The team members should be familiar with emergency supplies cached in the emergency bin and any other campus location.

Assignments

Supply/Equipment Team Lead: HIGUERA AVILA, ADRIANA

Backup Team Lead: HENDERSON, GEORGETTE

Supply/Equipment Team Member:

Supply/Equipment Team Member:

Team Assembly Location

Powered by BoardOnTrack

3. Incident Command System

Outside: BLACKTOP

Supply/Equipment Team Lead

The Supply/Equipment Team Lead is responsible for directing team activities and keeping the Logistics Coordinator informed of overall status. Specific duties of the Supply/Equipment Team Lead may include:

- Distributing emergency water and food supplies.
- Supporting the hygiene team as necessary, to set up and maintain sanitation stations.
- Confirming supply/equipment needs for any persons with disabilities, access and functional needs fulfilled.
- Controlling conservation of water.

Supplies and Equipment for Supply/Equipment Team

- Hand-held two-way radio
- Keys
- Bullhorn
- Emergency water supplies - water carriers, cups, hand pumps, etc.
- Emergency food supplies
- Temporary power supplies
- Sanitation supplies
- Care and shelter supplies, including mylar blankets and pop-up canopies

Supply/Equipment Team Members

The members of the Supply/Equipment Team are responsible for assessing the adequacy of available water, food, sanitation, and other supplies and organizing the distribution of resources for immediate use. Specific duties of the members of the Supply/Equipment Team may include:

- Distributing emergency water and food supplies
- Supporting the hygiene team as necessary, to set up and maintain sanitation stations
- Confirming supply/equipment needs for any persons with disabilities, access and functional needs fulfilled.
- Controlling conservation of water.

Supplies and Equipment for Supply/Equipment Team

- Hand-held two-way radio
- Keys
- Bullhorn
- Emergency water supplies - water carriers, cups, hand pumps, etc.
- Emergency food supplies
- Temporary power supplies
- Sanitation supplies
- Care and shelter supplies, including mylar blankets and pop-up canopies

3. Incident Command System

3.12 Hygiene Team

The Hygiene Team works under the Logistics Section Lead and is responsible for providing all necessary sanitation-related support.

Assignments

Hygiene Team Member: HIGUERA AVILA, ADRIANA

Backup Team Lead: HENDERSON, GEORGETTE

Hygiene Team Member:

Hygiene Team Member:

Team Assembly Location

Inside: MAIN OFFICE

Outside: BLACKTOP

Roles and Responsibilities

The Hygiene Team will oversee and maintain overall cleanliness during emergencies. Specific duties may include:

- Monitor and resupply handwashing stations
- Emptying and cleaning bucket toilets
- Disinfecting equipment

3.13 Transportation Support Position

The Transportation Support position works under the Logistics Section Lead and is responsible for coordinating bus transportation needs from the school if an off-site relocation or other transportation is necessary. Region Operations may also assist with this task. The position needs to also coordinate with the receiving site.

Assignments

Transportation Support Staff Member: BELL, TASHA
Backup Transportation Support Staff Member: LOPEZ, OSCAR

Assembly Location: Command Post

Roles and Responsibilities

The Transportation Support position is responsible for coordinating transportation assets and planning for an off-site relocation from the school. Specific duties may include:

- Periodically communicating with the Logistics Section Lead to provide updates as needed.
- Communicating to the Transportation Division the total number of students and staff to transport, number of people needing wheelchair tie-downs, lifts, or other specialized

support, if space is needed to transport necessary supplies and the exact pick-up and drop-off locations.
- Working with the receiving site and providing details about the number of people relocating and any assistance needed with supplies and services that the evacuating school cannot provide.
- Acquiring from the receiving site the specific location on campus where the evacuated school will be housed, where buses should drop off, and what gate will be used for reunification.
- Ensuring that a plan is in place and carried out to transport the School Emergency Response Box containing emergency cards and other essential records, first aid kits, food from the cafeteria, and other necessary items.
- Assist with the plan for systematic loading and unloading of students and supplies.
- Assist with clearing the campus as needed.
- Maintaining documents related to off-site evacuation.

Supplies and Equipment for the Transportation Support position

- Landline and/or cell phone
- Handheld two-way radio
- Map of area showing school and off-site relocation site(s)
- Student rosters showing attendance, classes and emergency information assigned to a bus number

3.14 Documentation/Communications Position

The Documentation/ Communications Position works under the Planning and Intelligence Section Lead and is responsible for maintaining a log of all emergency developments and response actions, and other necessary documentation. These records are extremely important to document what actions were taken by the school in response to the emergency.

Assignments

Documentation Staff Member: BELL, TASHA
Backup Documentation Staff Member: LOPEZ, OSCAR

Assembly Location: Command Post

Roles and Responsibilities

The Documentation/Communication position will maintain a log of the incident, noting all actions and reports, and filing them for reference. This position will also collect, organize, and analyze situation information and provide periodic updates. Specific duties may include:

- Periodically communicating with the Planning and Intelligence Section Lead for updates.
- Documenting all communications with the Region Operations Center (ROC) and outside agencies.

Powered by BoardOnTrack

- Recording the number of students, staff, and others on campus and updating it periodically.
- Reporting missing persons, and documenting site damage, injuries, and medical needs with the Incident Commander.
- Ensuring that accurate records are kept of all staff members, indicating hours worked.
- Supporting the Incident Commander in making any purchases and keeping track of the cost.
- Filing, maintaining, and securing all emergency documentation.
- Monitoring email, internet, radio, and television news (as available) for general information about the emergency.
- Monitoring social media for information, including rumor control and misinformation.
- Sending Connect messages to parents and staff.
- Sending updates on social media accounts maintained by the school.
- Updating site maps as reports and other information are received.
- Preserving maps as legal documents.
- Using area map to record information on major incidents such as road closures, utility outages, etc. that may impact the campus.
- Developing situation reports for the Incident Command Team.

Supplies and Equipment for the Documentation/Communications Position

- Hand-held two-way radios
- File boxes
- Paper, pens, markers
- Chart paper and/or mobile white board
- AM-FM battery/solar radios
- School/Site Preliminary Damage Report
- Maps of event by the hour
- Access to Connect, internet, cell phones, etc.
- Laptop. Tablet, and/or cell phone with internet access
- Large site map of campus, laminated or covered with plastic
- Map of county or local area

3.15 Staff Accounting Position

The Staff Accounting position works under the Finance & Administration Section Lead and is responsible for maintaining accurate emergency time records for all site-based and itinerant employees. These records are extremely important to accurately portray costs of the disaster and for potential financial recovery documentation.

Assignments

Staff Accounting Staff Member: BELL, TASHA
Backup Staff Accounting Staff Member: LOPEZ, OSCAR

Assembly Location: Command Post

Roles and Responsibilities

Powered by BoardOnTrack

The Staff Accounting position will maintain time records for site-based and itinerant employees and file them for reference. Specific duties may include:

- Periodically communicating with the Finance and Administration Section Lead to provide updates as needed.
- Keeping accurate time records of all staff members, indicating employee name, employee number, and hours/times worked specifically to address the disaster.
- Ensuring that District employees who are on site but do not usually time report to the school are accurately accounted for.
- Periodically communicating with Reunion Gate staff for records of all staff leaving or returning to campus.
- Filing, maintaining, and securing staff accounting documentation.

Supplies and Equipment for the Staff Accounting position

- File boxes
- Paper, pens, clipboards
- Employee timecards
- Blank timecards for certificated and classified staff
- Staff off-campus sign-in/out log
- Supplemental Attendance Report forms
- Time Reporting Instructions for Emergency Work
- List of Disaster Overtime Program Codes

3.16 Cost Accounting Position

The Cost Accounting position works under the Finance & Administration Section Lead and is responsible for maintaining a fiscal record of all school expenditures related to the disaster. Records include any supplies and equipment used, purchased, or rented by the school during the disaster as well as donations to the school during the disaster.

Assignments

Cost Accounting Staff Member: BELL, TASHA
Backup Cost Accounting Staff Member: LOPEZ, OSCAR

Assembly Location: Command Post

Roles and Responsibilities

The Cost Accounting position will maintain records for supplies and equipment site-based and itinerant employees and file them for reference. Specific duties may include:

- Periodically communicating with the Finance and Administration Section Lead to provide updates as needed.
- Maintaining cumulative site disaster cost records.
- Collecting and recording all cost data.
- Ensuring that inventory of expended emergency supplies is maintained.

- Periodically communicating with the Supply/Equipment Team and Cafeteria Manager for updated inventory.
- Maintaining inventory and receipts of all items donated to the school during the disaster.
- Filing, maintaining, and securing cost accounting documentation.

Supplies and Equipment for the Cost Accounting position

- File boxes
- Paper, pens, clipboards, calculators
- Access to spreadsheet software and laptop
- Emergency supplies inventories

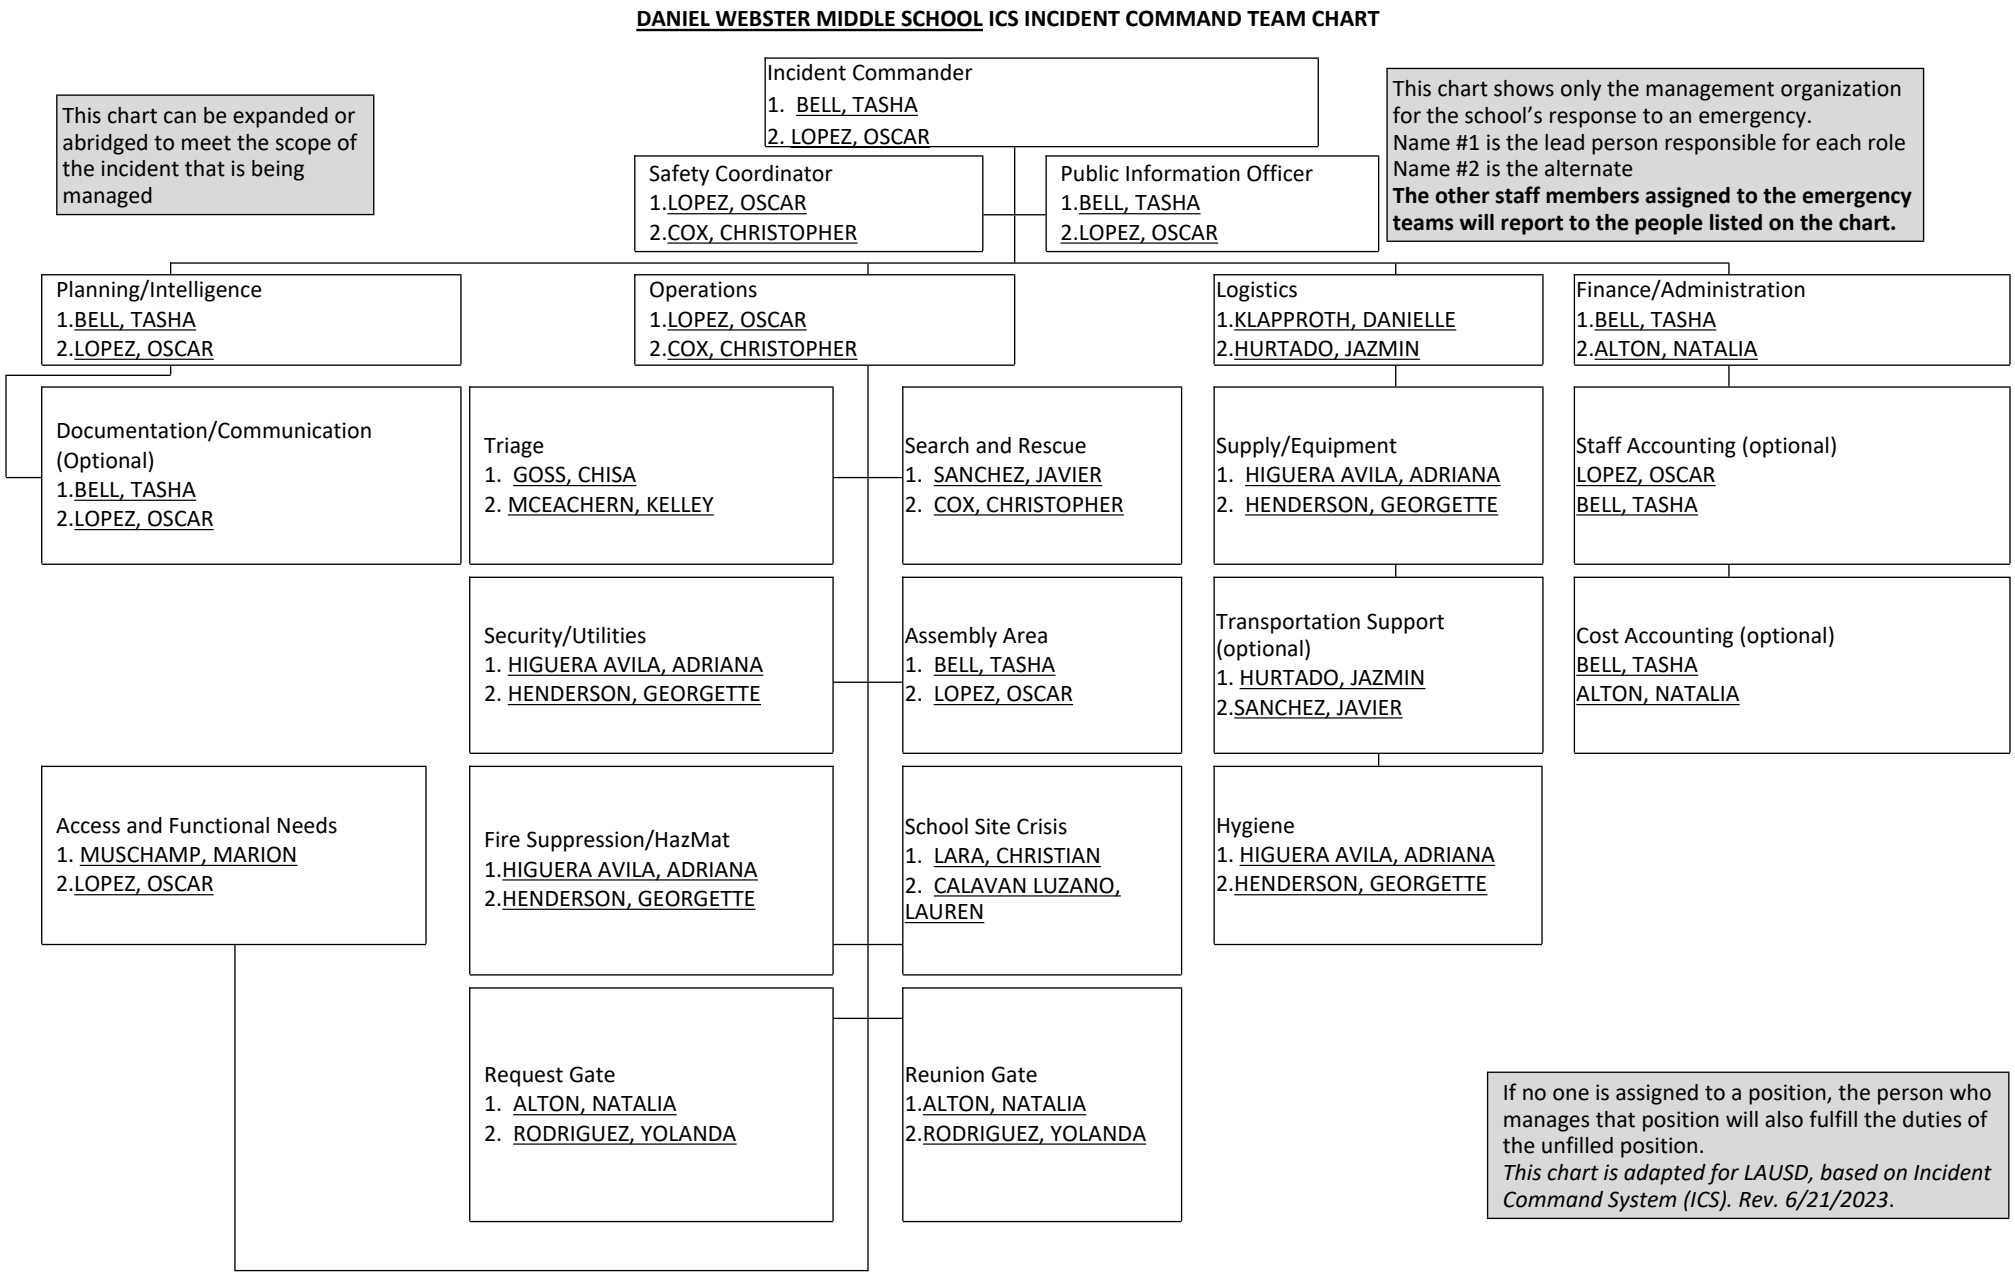
3.17 Emergency Supplies and Equipment

It is the responsibility of site administration to develop and implement plans to provide at school a minimum of a 72-hour supply of emergency water, food, first aid, search and rescue, sanitation, and other emergency supplies and equipment, as listed under each emergency team. Emergency supplies will be maintained in each classroom and in a centralized emergency container outdoors location: BLACKTOP

Emergency supply checklists are found in the ISSP appendices and the REF-5451 School Site Emergency/Disaster Supplies, which also includes guidance on procurement of emergency food supplies. Some recommendations regarding emergency food are available in the Food for School Disasters document. School administrators are responsible for ensuring emergency food is stocked at school sites; this function is separate from Food Services and the school cafeteria kitchen.

During an emergency, schools may not have access to electronic data and must instead refer to printed records. Schools should be prepared with critical printed materials; these are stored in the School Emergency Response Box (SERB) which is a central location for storing essential student records and other information needed to effectively manage a critical incident. It serves as a central portable emergency repository for critical information that can be easily accessed and used during an emergency or shared with first responders. (Note: The District shares the school's ISSP with local law enforcement agencies as per CA E.C. § 32281). Please access REF-5450 School Emergency Response Boxes for more details.

3.18 School ICS Incident Command Team Chart



3. Incident Command System

3.19 School Site Crisis Team Chart

This chart shows the School Site Crisis Team organization, with positions, roles and responsibilities. Backup staff are to be identified for each team member in the event of an absence.

POSITION	ROLES & RESPONSIBILITIES	LEAD	BACKUP
Incident Commander	During a crisis, directs all crisis operations, verifies facts, contacts Region, and coordinates all crisis response & intervention services.	BELL, TASHA	LOPEZ, OSCAR
Crisis Team Lead	Coordinates all crisis team response, including triage, assessment, and crisis counseling for students, staff, & parents.	LARA, CHRISTIAN	CALAVAN LUZANO, LAUREN
Public Information Officer (PIO)	School spokesperson for an incident. Includes preparing Connect and other communications for staff and parents, identification of media locations and updates.	BELL, TASHA	LOPEZ, OSCAR
Psychological First Aid	Provides psychological/emotional support and crisis counseling for students, staff, & parents.	LARA, CHRISTIAN	CALAVAN LUZANO, LAUREN
Triage	Ensures supplies are accessible, evacuates and stages supplies, performs triage and provides medical assistance.	GOSS, CHISA	MCEACHERN, KELLEY
Security/Utilities	Ensures school site security, secures gates, and performs short-term repairs and shutoff of utilities, as necessary.	HIGUERA AVILA, ADRIANA	HENDERSON, GEORGETTE
Request Gate	Processes requests for student pick-up.	ALTON, NATALIA	RODRIGUEZ, YOLANDA
Reunion Gate	Reunites students and parents at Reunion Gate.	ALTON, NATALIA	RODRIGUEZ, YOLANDA
Logistics	Provides all incident support needs such as facilities, transportation, communications, supplies/equipment, and food services; includes adjusting schedules and menus, as needed.	KLAPPROTH, DANIELLE	HURTADO, JAZMIN
Documentation/Communications	Maintains log of incident actions and all documents associated with the emergency; maintains status board of incident actions, monitors phone calls, television, radio, and social media for information.	BELL, TASHA	LOPEZ, OSCAR

***The designated Crisis Team Lead and PIO should maintain ongoing communication and collaboration with the Incident Commander throughout the crisis response.**

3. Incident Command System

3.20 School Site Suicide/Threat Assessment Team Chart

This chart identifies the members of the suicide/threat assessment team and their responsibilities at the school site. Backup staff are to be identified for each team member in the event of an absence.

POSITION	ROLES & RESPONSIBILITIES	LEAD	BACKUP
Administrator	Takes charge of the suicide/threat risk incident, convenes the Suicide/Threat Assessment Team, designates specific roles to team members (securing campus safety, assessment, gathering information, documentation, etc.). Coordinates all information, referrals, safety planning, and monitoring. The Administrator may include the Principal, Assistant Principal, or Administrative Designee.	BELL, TASHA	LOPEZ, OSCAR
Suicide/Threat Prevention Liaison (STPL)	This behavioral health professional for student risk assessments supports gathering background information, including interviews and statements with the person(s) of concern, intended target(s), and witnesses. They provide mental health and trauma expertise in working with students and families. The Suicide/Threat Prevention Liaison may include Mental Health Consultant, Psychiatric Social Worker, Pupil Services and Attendance Counselor, Student Support Services Counselor, Psychologist, School Counselor, System of Supports Advisor, Nurse, or other appropriately credentialed behavioral health staff.	LARA, CHRISTIAN	CALAVAN LUZANO, LAUREN
Behavioral Health Professional for Adults	This behavioral health professional for employee risk assessments supports gathering background information, including interviews and statements with the person(s) of concern, intended target(s), and witnesses. If the person of concern is a certificated employee, the behavioral health professional should be a LAUSD SHHS, Counseling,	LARA, CHRISTIAN	CALAVAN LUZANO, LAUREN

3. Incident Command System

	Nursing, or Psychologist Administrator. If the person of concern is a classified employee, associated adult, parent/caregiver, or community member the behavioral health professional may be a Mental Health Consultant, Psychiatric Social Worker, Pupil Services and Attendance Counselor, Student Support Services Counselor, Psychologist, School Counselor, System of Supports Advisor, Nurse, or other appropriately credentialed behavioral health staff.		
LASPD Officer/Law Enforcement	Responds to situations of risk of violence to self or others. Provides technical support and consultation for assessments prior to and during the Multidisciplinary Threat Assessment Team meeting.	OFFICER GLEN KIM	LAUSD SCHOOL POLICE DEPARTMENT

3. Incident Command System

3.21 School Emergency Contacts Chart

This chart provides Emergency Team Contact information used by School Police to contact school site administrators and key staff in the event of an emergency:

TITLE	NAME	WORK NUMBER
Principal	BELL, TASHA	(323) 290-6300
Assistant Principal 1		
Assistant Principal 2	LOPEZ, OSCAR	(310) 235-4686
Assistant Principal 3		
Assistant Principal 4		
Administrative Assistant	ALTON, NATALIA	(310) 235-4622
Cafeteria Manager	TOMA, NADEN	(310) 235-4600
Financial Manager	KALUTHANTHIRI, KITHSIRI	(310) 234-3100
Plant Manager	HIGUERA AVILA, ADRIANA	(213) 503-3024(213) 480-4508
Custodian	JEFFERSON, ANTHONY	(310) 253-7635
Custodian Closest to Site	HIGUERA AVILA, ADRIANA	(213) 503-3024(213) 480-4508
First Person on Campus in AM	HIGUERA AVILA, ADRIANA	(213) 503-3024(213) 480-4508
Last Person on Campus in PM	HENDERSON, GEORGETTE	(310) 235-4600

3. Incident Command System

3.22 School ICS and Emergency Teams

Details of team roles and responsibilities are located in the Emergency Teams section of the Online Integrated Safe School Plan.

POSITION	ROLES & RESPONSIBILITIES	SECTION LEAD	BACKUP
Incident Commander	Directs all emergency operations, verifies facts, contacts Region, and coordinates all response actions.	BELL, TASHA	LOPEZ, OSCAR
Safety Coordinator	Ensures that all emergency operations are conducted safely.	LOPEZ, OSCAR	COX, CHRISTOPHER
Public Information Officer (PIO)	Official spokesperson for an incident. Prepares Connect and other communications for staff and parents, identifies media locations and updates.	BELL, TASHA	LOPEZ, OSCAR
Operations Section Lead	Manages all tactical operations at an incident.	LOPEZ, OSCAR	COX, CHRISTOPHER
Planning Section Lead	Collects and evaluates information, analyzing for impact to school.	BELL, TASHA	LOPEZ, OSCAR
Logistics Section Lead	Provides all incident support needs such as transportation, communications, supplies/equipment, and food services.	KLAPPROTH, DANIELLE	HURTADO, JAZMIN
Finance/Administration Section Lead	Manages all financial aspects and documentation of an incident.	BELL, TASHA	ALTON, NATALIA

4. Training and Exercises

4.1 Training and Exercise Expectations

All school staff shall be trained on the plan (CA E.C. § 32280). Everyone involved in the plan needs to know their roles and responsibilities before, during, and after an emergency. The Training and Exercises section describes the critical training and exercise activities the school will use in support of the plan. This includes the core training objectives and frequency to ensure that all staff members, as well as students, parents, and community representatives understand emergency roles, responsibilities, and expectations. This section also establishes the expected frequency of exercises to be conducted by the school. Content may be influenced based on similar requirements at the District and/or local jurisdiction level. Exercises may range from basic fire and shelter in place drills to full-scale community-wide drills that realistically portray an emergency event and show the role the school plays in school District and municipal planning.

Powered by BoardOnTrack

4. Training and Exercises

4.1.2 *Every School Safe*: Training Certification Table

This school year, our school has conducted the following mandated safety training modules:

Training Module Topic	Audience	Enter Training Date	Resources	Contact
Creating Welcoming Environments **Due 9/25/25**	All school employees	8/13/2025	Principal's Portal	Division of School Operations 213-241-5337 schooloperations@lausd.net
	Parents	8/22/2025		
	Students	9/16/2025		
Suicide Awareness and Prevention **Due 10/24/25**	All school employees	8/13/2025	Principal's Portal	Division of School Operations 213-241-5337 schooloperations@lausd.net
	Parents	9/26/2025

4.2 District Documents Concerning Emergencies

For additional context for school site trainings, access LAUSD documents relevant to school emergencies on the LAUSD Emergency Documents page of the Office of Emergency Management (OEM) website.

4.3 Emergency Drills

To be adequately prepared, emergency drills should be executed and then documented at https://www.lausd.org/edrilleval. Training for all emergency procedures can be found through the STEPS program on MyPLN. The REF-5803 Emergency Procedures, Drills and Districtwide Exercises has more information on emergency response actions and required emergency drills. Emergency procedures are also in the Emergency Classroom Quick Guide. The principal should ensure these are reviewed and posted in all classrooms, offices, and common areas.

Four types of emergency drills are required as indicated in the table below, along with the required frequencies by school level. Schools are encouraged to foster relationships with and invite first responders to participate in drills. Schools must also participate in the radio test described in 4.3.5 below.

Powered by BoardOnTrack

4. Training and Exercises

Drill Frequency Table:

Type	Elementary	Middle	Sr. High and Adult
Fire	First week of school until proficient, then once per month at minimum, including summer school.	First week of school until proficient, then once per month at minimum, including summer school.	First week of school until proficient, then once per semester at minimum, including summer school.
Lockdown	Within the first 30 days once per semester at minimum, including summer school.	Within the first 30 days once per semester at minimum, including summer school.	Within the first 30 days once per semester at minimum, including summer school.
Earthquake (Drop, Cover, Hold On)	Once per month at minimum, including summer school.	Once per month at minimum, including summer school.	Once per month at minimum, including summer school.
Shelter in Place	Oral review or drill once per semester at minimum, including summer school.	Oral review or drill once per semester at minimum, including summer school.	Oral review or drill once per semester at minimum, including summer school.

Note:
Schools in the Tsunami Inundation Zone should also orally review tsunami protocols.
Review with only staff once per semester, the Rapid Relocation procedures for active shooter incidents meeting the specific criteria in BUL-5469 Lockdown and Rapid Relocation Procedures For All Schools.

4.3.1 Fire Drill

Signal:

(Most sites) Series of three and one half second pulses of electronic emergency horns, followed by a short pause; sequence repeats for at least three minutes.

For most fires, there is no Public Address (PA) system announcement, but the following drill announcement may be used preceding the fire alarm:

"Your attention, please. This is a fire drill. We need to evacuate all buildings when you hear the alarm. Teachers are to take their students and rosters to the Assembly Area and report to their designated section. Students are to remain with their teacher. Teachers need to close the classroom door when all the students have exited."

Fire Drill Procedures

(Review additional courses of action taken during an actual emergency and which may be practiced during drills and are listed in Section 6, Functional Annexes. These include Accounting for All Persons, All Clear, Evacuate Building, Notifications and Student Reunification.)

4. Training and Exercises

Classroom Actions:

1. Please refer to the evacuation map in your classroom. If the room does not have a map, please contact the principal.
2. Familiarize yourself with the route your class will take before the drill begins.
3. When the signal is given, have students form a single line outside the classroom (form a double line for large classes).
4. Check to see that all students are out of the classroom. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Take student roster and close all doors to prevent the spread of smoke or fire.
5. Have students walk quietly in single file to the Assembly Area. Teachers should walk at the rear of the line.
6. Have students form a single or double line in the designated Assembly Area.
7. Take and report attendance.
8. Wait for the “all clear” announcement or other signal and then return quietly to your classroom in single file.

All other personnel (not assigned to any emergency team): Report to Assembly Area for further instructions.

4.3.2 Earthquake Drill

An earthquake drill is held to provide maximum protection in case of earthquake or other emergency where the risk of flying or falling debris is present. There is typically no advance warning or signal given. In practice drills, teachers should supervise students and be alert to the position of each student during the entire drill.

Signal:

The signal for the drill is the following PA announcement.

“Your attention, please. This is a drill. As you are aware, we are experiencing some seismic activity. For everyone’s protection, all students should immediately follow drop, cover, and hold on procedures, which means you should be in a protected position under a table or desk. Hold this position until the shaking stops or you are given further instructions. This is a drill.”

Indoor Earthquake Drill Procedures

Classroom Actions:

(Review additional courses of action taken during an actual emergency and which may be practiced during drills and are listed in Section 6, Functional Annexes. These include Accounting for All Persons, All Clear, Drop, Cover and Hold on, Evacuate Building, Notifications and Student Reunification.)

1. Initiate the DROP, COVER and HOLD ON action as described in Section 6.4.
2. Drop to knees facing away from any windows.
3. Get under desks or tables and hold on to the furniture where possible.
4. Fold body onto floor with arms close to knees.

5. Place head as far as is possible between knees and grasp furniture leg; cover the crown of the head with the other hand.
6. Stay in this position until shaking stops.
7. Students will evacuate using the safest route or evacuation routes practiced during the fire drill. The students are gathered in the Assembly Area and line up in the designated space. Teachers are to account for any students with a cognitive disability who may not have understood the directions.

Outdoor Earthquake Drill Procedures

1. Stay clear of buildings, power lines, light poles, etc.
2. Drop to the ground, cover head if possible and hold onto a stable object if available. If stable object is unavailable, place head as far as is possible between knees and cover crown of the head with hands.
3. Remain clear of obstacles and wait until the situation stabilizes and designated staff member gives all clear. Move to the Assembly Area. Teachers are to account for any students with a cognitive disability who may not have understood the directions.

If an earthquake occurs during non-classroom hours i.e., passing periods, recess, or lunch, all persons will proceed to the Assembly Area and line up in the designated space. Teachers are to account for any students with a cognitive disability who may not have understood the directions.

4.3.3 Lockdown Drill

This action is taken when the threat of violence or gunfire is identified or directed by law enforcement, and it is necessary to prevent the perpetrator from entering any occupied campus areas. This action is to secure the school during police actions, campus intrusions, community incidents, or other real or perceived threats to the security of the school.

During a lockdown, students are to always remain in the locked classrooms or designated safe locations.

Signal:

The signal for the drill is the following PA announcement.

“Your attention please. This is a drill. There is a threat to your safety near the school and we are implementing a lockdown. For everyone’s protection, all students should go into the nearest classroom and lock the door. You should be in a protected position, away from doors and windows and anything that can hurt you. Hold this position until you are given further instructions. This is a drill.”

Lockdown Drill Procedures

Classroom Actions:

Powered by BoardOnTrack

4. Training and Exercises

1. (Review additional courses of action taken during an actual emergency and which may be practiced during drills and are listed in Section 6, Functional Annexes. These include Accounting for All Persons, All Clear, Lockdown and Notifications.)When the announcement has been given, all classes will remain in their rooms. Ensure that classroom doors are locked.
2. Redirect any students in hallways or outdoors into the nearest classroom.
3. Physical education classes will proceed into the gym, auditorium, or multi-purpose room and follow the lockdown actions described below.
4. Move students to the most protected areas in the room and lock the door.
5. Have students stay away from doors and windows and sit on the floor (in some instances).
6. Close and lock all doors and windows. If safe to do so, cover all windows, including those in the door or adjacent sidelights by lowering blinds, closing slots, drawing curtains, or covering with paper.
7. If safe to do so, turn off lights, power equipment, appliances, and silence cell phones. All personnel must remain in the classroom until further instructions are received from official sources.
8. Take and report attendance, as possible. Teachers are to account for any students with a cognitive disability who may not have understood the directions.
9. Remain in the secured room with all doors and windows locked, window blinds drawn, and lights off until further instructions are received from official sources.

4.3.4 Shelter In Place Drill

A Shelter in Place indicates an emergency that requires students and staff to remain inside and the ventilation needs to be turned off.

Signal:

The signal for the “Shelter in Place” drill is the following PA announcement.

“Your attention, please. This is a drill. Because we have received information regarding a hazard in the community, we are instituting shelter in place procedures. Remember, this means students and staff are to remain inside the building away from outside air with windows and doors securely closed and heating and air conditioning units turned off. Please cover any cracks under door or around the windows with towels. Cover any vents to the outside. All students and staff that are outside are to immediately move to the protection of an inside room. As soon as we have further information, we will share it with you. This is a drill.”

Shelter in Place Drill Procedures

1. When the announcement has been given, all classes will remain in their rooms.
2. Direct any students in hallways into the nearest classroom.
3. Physical education classes or other classes meeting outdoors will proceed into the gym, auditorium, or multi-purpose room.
4. Move students to the most protected areas in the room.
5. Have students face away from windows and keep their backs toward windows.

6. Close all doors and windows and move students away from any sources of outside air. If possible, cover windows by lowering blinds, closing slots, drawing curtains, or pulling shades.
7. Turn off Heating Ventilation and Air Conditioning units/systems if advised.
8. Cover any vents or holes with posters, paper, or plastic. Use wet paper towels to fill gaps under doors or windows. Block the exchange of air to the outside by putting laminated posters over vents.
9. Turn off gas, lights, power equipment, and appliances. All personnel must remain in the shelter area until further instructions are received from official sources.
10. Take and report attendance, as possible. Teachers are to account for any students with a cognitive disability who may not have understood the directions.

4.3.5 Radio Communications Test

Please see updates for the Districtwide Communications Test guidance on the Office of Emergency Management (https://www.lausd.org/drills) and the ITS-Radio Unit webpages. All District schools will have new handheld Emergency Radios in the 2025-2026 school year. All schools will have direct emergency radio contact with LA School Police Dispatch in emergencies when all other forms of electronic communications aren't available.

Please see updates on http://www.lausd.org/drills.

Powered by BoardOnTrack

5. Authorities and References

This section contains a list of laws, statutes, ordinances, executive orders, regulations, and formal agreements relevant to emergencies. It provides for the succession of decision-making authority and operational control to ensure that critical emergency functions can be performed in the absence of the school administrator.

5.1 Legal Requirements

CA E. C. § 32280-32288. Requires a comprehensive school safety plan developed with first responder input, identifying appropriate safety strategies relevant to the needs and resources of the school. It requires specific representatives from the school and community to be involved in the planning process, an update of the plan annually, and the adoption of emergency procedures and policies. Requires that school safety plans include (among other items) disaster procedures and an earthquake procedure system including protective measures to be taken during an earthquake, and detailed “drop” procedures. Also requires training of school staff on the plan. Recent changes also require a review process to ensure adaptations (accommodations) for disaster procedures are in place for pupils with disabilities; establishing a procedure to identify appropriate refuge shelter in the event of an evacuation order and a communication and evacuation plan in the event of an early notice evacuation warning.

CA E. C. § 35295-35297. Specifies the components of the earthquake emergency procedure system for schools of more than 50 students, public and private: a school building disaster plan; a drop, cover, and hold on procedure; protective measures to be taken before, during, and after an earthquake; and a program for training students and staff in the adopted earthquake system.

CA E. C. § 32288. School safety plans may include an action plan with input from law enforcement and may determine the fiscal impact of implementing the plan. School safety plans are to be created using existing resources and are not to be developed with private consultants.

CA Code of Regulations § 560. School principals are to formulate the disaster preparedness plan and submit it annually to the Superintendent for approval. Schools are required to test the plan twice a year, not including fire drills.

5.2 Other Related Laws

CA Government Code § 3100 (Disaster Service Workers’ Act). All public personnel, including school District employees and charter school employees, can be declared Disaster Service Workers. As Disaster Service Workers, employees can be held at the work site and assigned disaster relief activities to perform until released during a disaster declared by the President or the Governor or proclaimed by the Mayor.

CA E. C. § 17280, CA E. C. § 81130. Specifies stricter building codes for and more frequent inspections of public-school buildings. It applies to new construction of school buildings and later was amended to include mandatory retrofitting of older, existing school buildings.

5. Authorities and References

CA E.C. § 32040. Requires each school to have a first aid kit.

CA E. C.§ 32001. Schools must have a fire alarm system and sound the alarm and conduct a fire drill at least once every calendar month at elementary schools, at least four times a year intermediate, and not less than twice a year at secondary schools.

CA E. C. § 215. Requires school districts to implement a pupil suicide prevention policy and develop a training for all District employees to increase awareness about suicide. The policy must address high-risk (vulnerable) students, including youth bereaved by suicide, youth with disabilities, youth with mental illness or substance disorders, youth experiencing homelessness or in out-of-home settings such as foster care, and lesbian, gay, bisexual, transgender, or questioning youth.

19 CCR § 1.02 Establishes minimum standards for the prevention of fire and for the protection of life and property against fire, explosion, and panic.

8 CCR § 3221 Sets forth the procedures for Fire Protection Systems.

24 CCR § 1 Adopts the California Fire Code as part of the Code of Regulations. Also referred to as the California Building Standards Code.

5.3 LAUSD Related Policy

LAUSD policies and guidance documents regarding emergencies can be found on the Office of Emergency Management website: LAUSD Emergency Documents.

6. Functional Annexes

Functional annexes focus on critical operational functions and the courses of action developed to carry them out, independent of the threat or hazard requiring response. While these functions should be described separately, it is important to remember that many functions will occur consecutively and that multiple functions may be performed concurrently. For example, during an evacuation, once students are safely out of the building, the accounting for students, staff, and visitors function will begin. The evacuation function, however, will still be in effect as staff or first responders work to locate and evacuate any persons not accounted for.

The REF-5803 Emergency Procedures, Drills and Districtwide Exercises contains detailed information on emergency response actions and required emergency drills.

Emergency procedures are also in the Emergency Classroom Quick Guide. The principal should ensure these are reviewed and posted in all classrooms, offices, and common areas.

Training for all emergency procedures can be found through the STEPS program on MyPLN. The LAUSD Staff/Responder Emergency Plan app is also available and includes 21 categories of emergency response procedures, all taken from the ISSP template.

School Closure: The Board has delegated the Superintendent of the Schools with the authority to close any LAUSD school due to concerns for the health and safety of students (Board Rule 1103).

To assist in planning for a school closure, schools can use the Essential Functions for Continuity of Service Form. Once the template has been filled out for all critical employees and functions, the form should be saved and printed out to go in the Integrated Safe School Plan binder.

Continuity of Service. The District is responsible for maintaining continuity of school functions during a prolonged school closure or during periods of increased absence of administrative staff and teachers. It must develop a continuity of operations system for essential central office functions, including payroll, custodial service, waste management, food service, transportation, and facility maintenance (including daily cleaning of student and staff restrooms, kitchen and dining areas, and classrooms). Each school, and all District offices, should have a Continuity of Service Plan in place and begin any necessary cross-training or information exchange in preparation for any possible emergency disrupting in-person instruction pursuant to CA E. C. § 41422 or CA E. C. § 46392. The District Continuity of Service Plan template for schools can be accessed here: Essential Functions for Continuity of Service at School.

Activate the school's Continuity of Service Plan in the event of an emergency disrupting in-person instruction Site administrators must consider how to carry on school operations without staff, for example, Payroll Clerk, Plant Manager, Cafeteria Manager, Coordinator, or Assistant Principal, as well as how school operations will change if students and staff are learning and working remotely. Every school should have a plan to make sure that important tasks normally performed by critical employees can still be completed when those employees are absent. School sites should have at least two people to fill in for missing critical coworkers.

Powered by BoardOnTrack

6. Functional Annexes

Once the school's Continuity of Service Plan has been completed/updated for all critical employees and functions, the form should be saved and printed out to go in the Integrated Safe School Plan binder.

Continuity of instruction. When emergencies disrupt in-person instruction pursuant to CA E. C. § 41422 or CA E. C. § 46392, it is the District's responsibility to ensure continuity of instruction. During large-scale learning disruption, students may be absent for extended periods, sometimes weeks or longer. As a mitigation strategy, school dismissals, closures, or capacity limitations may be implemented.

The Division of Instruction (DOI) has established alternate modes of learning in the event of a large-scale learning disruption to the District's instructional services. The Division of Instruction will provide guidance to administrators and support the implementation of alternative learning processes.

Instruction may need to be delivered remotely or online. Schools and teachers should have lesson plans and assignments available on Schoology for students who are home for extended periods of time. Multiple methods of communicating lesson content to students and parents should be in place. Schools should ensure that students can:

- log on to Schoology and access class course(s) and assignments
- have necessary instructional materials
- access digital materials using Schoology, and
- use any other necessary technology.

Instructional delivery methods may include:

- using online learning tools, and District-purchased Digital applications
- allowing students to take home schoolbooks and class materials
- posting lessons with materials on school websites
- using Connect telephone messages
- broadcasting lessons via KLCS Channel 58
- utilizing approved education websites
- mailing printed materials to homes, as needed, and
- making printed materials available for families to pick up at school, if safe to do so

The Division of Instruction will provide updates and guidance to administrators. During emergencies, schools and families can visit https://www.lausd.org/learningcontinues for additional information. The Division of Instruction will also communicate with families through Connect, Schoology, and social media.

Attendance and Engagement: Refer to Attachment K, Pupil Services and Attendance: Tiered Attendance Intervention Strategies for Continuity of Services. These strategies include, but are not limited to, the following:

- Verify current contact information of the pupil.
- A plan for outreach from the school to determine the pupil's needs including connection

with health and social services

- Notify the Parent of lack of participation within one school day of the absence (non-attendance day) or lack of participation.
- Tiered reengagement strategies shall be documented in MiSiS.
    - For more information about tiered reengagement strategies, see Attachment K – Pupil Services and Attendance Tiered Attendance Intervention Strategies and or visit the Pupil Services website at https://www.lausd.org/pupilservices.

6.1 Accounting for all Persons

This action is taken to account for the whereabouts and well-being of all students, staff members, and visitors and is one of the first tasks that must be accomplished in any emergency.

Note: The below procedures are used to account for everyone after evacuating from school buildings. Schools should plan how to acquire this information, including accounting for visitors during a lockdown, shelter in place, or another emergency where everyone is inside. Methods may include MiSiS (for student attendance), email, calling the office via classroom phone, or hand-collected rosters/reports. Multiple methods should be planned for due to varied technology and safety factors in an emergency.

Accounting for all Persons Procedures

1. Teachers will take student rosters when leaving the building and account for their designated groups once the class is assembled in a safe location. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers are to list students/others as appropriate on attendance rosters and on the Missing Persons Report, Injury Report, and/or Supplemental Attendance Report.
2. Personnel working visitor check-in will take the visitor sign-in sheets and visitor stickers to the Assembly Area.
3. Assembly Area Team members will collect student rosters, Missing Persons Report, Injury Report, and Supplemental Attendance Report from teachers and submit them to the Assembly Area Team Lead.
4. The Assembly Area Team Lead will ensure that all visitors are accounted for, have a designated section of the Assembly Area away from students, and sign out when leaving campus.
5. The Assembly Area Team Lead will compile a master accounting of all persons on campus and make reports available to the Operations Section Lead and Incident Commander.

6.2 All Clear

This action is taken to notify staff and students that normal school operations can resume.

All Clear Procedures

1. The Incident Commander (principal or designee) will make the following announcement on the PA system, which signifies that the emergency is over. If the PA system is not

available, the Incident Commander will use other means of communication, i.e., sending messengers to deliver instructions. “Your attention, please. You may now return to your classroom and resume usual activities. Thank you all for your cooperation.”

2. The Incident Commander will convene the School Site Crisis Team if the incident was traumatic to the school community.
3. The Incident Commander will make a final notification update to District offices and parents.
4. The Incident Commander will complete an iSTAR to document the incident, including follow-up actions.
5. If appropriate, teachers should immediately begin discussions and activities to address students’ fears, anxieties, and other concerns.

6.3 Crisis Response

A school crisis is a sudden, unexpected, or unanticipated critical incident that can pose a safety threat or disrupts the school day, interfering with teaching, learning, attendance, and behavior. Common reactions to a school crisis may include shock, confusion, and fear. Although individual students, staff, families, or other school community members may experience each crisis differently, school crises can have a broad and immediate impact on many students and adults.

Examples of crises that may impact schools include:

- An accident on or near the school grounds
- A violent incident at or near school
- The death of a student, staff or one of their family members by suicide or trauma
- The terminal illness of a student or staff member
- A natural disaster
- An act of terrorism

Because of such critical incidents and emergencies, students and staff may exhibit a variety of emotional reactions. As soon as the physical safety of those involved has been ensured, crisis responders can focus on addressing the social-emotional needs of students and staff. Online training about crisis events is available on MyPLN in STEPS courses 207 and 409.

OTHER IMPORTANT DEFINITIONS

Trauma

Trauma refers to an event or a situation where an individual fears for their life. In addition, they could have been seriously injured, witnessed violence, or tragically lost a loved one. Exposure to this type of trauma overwhelms the ability of that individual to cope.

Psychological First Aid (PFA)

PFA an evidence-informed supportive strategy to help children, adolescents, adults, and families in the immediate aftermath of traumatic events, disasters, and terrorism. PFA is designed to reduce the initial distress caused by these stressful events and to foster short-and long-term adaptive functioning and coping amongst students, staff, and parents/guardians.

6. Functional Annexes

MULTI-TIERED CRISIS RESPONSE TEAM MODEL

There are three tiers of crisis response: school site, Region, and District office. The basic structure of the multi-disciplinary support teams on all three tiers should be similar in their composition and incorporate District staff with experience in various areas of crisis. Crisis response begins at the school site level; the scope, severity and impact of an incident may activate the Region, District office, or a combination thereof.

Tier I: School Site Crisis Response

School site crisis teams are responsible for initiating crisis response, assessing the range of services needed, and providing direct intervention services. The School Site Crisis Team determines if there is a need for additional assistance from the Region crisis team. The School Site Crisis Team may be activated as part of the Incident Command System (ICS) Team during an emergency or disaster, or may be activated as a stand-alone team, depending on the incident.

Tier II: Region Crisis Response

The school site administrator/designee contacts the Region Operations Administrator(s) for support and assistance if the crisis response required is beyond the scope of what the School Site Crisis Team can provide. Assistance from the Region crisis response team includes consultation, providing direct intervention services, assistance with communications and memos, and guidance regarding strategies for recovery in the aftermath of the critical incident.

Tier III: District Office Crisis Response

In collaboration with the Region Operations Administrator(s), the school site administrator/designee determines if there is a need for support from the central crisis response team. Assistance from the District office crisis response team includes consultation, providing direct intervention services, assistance with communications and memos, and guidance regarding strategies for recovery in the aftermath of the critical incident.

Crisis Response Procedures

1. As the Incident Commander, the principal or designee or designee activates the school ICS Team, including the School Site Crisis Team, which has primary responsibility for addressing the social-emotional well-being and safety of students in the aftermath of a critical incident.
2. The Crisis Team Lead will work with the Incident Commander to assess the impact and triage students, staff, and parents/guardians, as needed.
3. The Crisis Team will provide direct crisis intervention services, including the implementation of PFA.
4. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator and request additional resources, as necessary.
5. The Incident Commander will direct the Planning and Intelligence Team Lead or other authorized user to open or update an iSTAR on the incident, documenting the actions of the Crisis Team.
6. The Crisis Team will advise and assist the Incident Commander to restore regular school functions as efficiently and quickly as possible.

6. Functional Annexes

7. Crisis Team members will make every effort to limit exposure to scenes of trauma, injury, and death.
8. The Crisis Team will provide on-going assessment of needs and follow-up services as required.

School Site Crisis Response

Crises can impact various areas of the District. They can impact a school, multiple schools, offices and Regions, as well as departments within the District (e.g., Beyond the Bell Branch, Transportation Services Division, Food Services Division, Maintenance and Operations). The following are general preparedness, response, and recovery protocols for the administrator/designee to implement during any crisis in a school, District office, department, at District and school-related activities, and in all areas within the District's jurisdiction.

A. Preparedness
   1. Establish a Multidisciplinary School Site Crisis Team
   2. Schedule Regular Multidisciplinary Crisis Team Meetings
   3. Provide Opportunities for Training and Professional Development

B.
   The following are general procedures for the administrator/designee to respond to crisis situations.
   1. Ensure Campus/Office Safety
   2. Identify the Family Liaison(s)
   3. Determine the Facts
   4. Activate the Multidisciplinary Crisis Team
   5. Notify
   6. Assess the Crisis Response Need
   7. Develop a Response Plan

Psychological First Aid: Responding to Crisis Incidents

Psychological First Aid (PFA) is an evidence-informed approach for assisting children, adolescents, adults, and families in the immediate aftermath of a critical incident, disaster, act of violence, or terrorism. PFA is designed to reduce the initial distress caused by traumatic events and to foster short and long-term adaptive functioning.

For PFA handouts in multiple languages, visit School Mental Health.

1. **LISTEN** to what they say and how they act.
   - Address the feeling/behavior as soon as possible.
   - If a student wants to talk, be prepared to listen, and focus on what they say and how you can be of help.
   - Observe nonverbal communication. Remember that student may also show their feelings in nonverbal ways, such as increased behavioral problems or increased withdrawal.
   - Express compassion and calmness in your statements as well as nonverbal behaviors.
2. **PROTECT** by maintaining structure, stability, and consistency.

- Maintain daily routines, activities, and structure with clear expectations and consistent rules.
- Provide supervision and consistency to encourage successful outcomes.
- Give information that is accurate and age appropriate.
- Keep the environment free of anything that could re-traumatize the student.
- Validate the student's life experience.
- Maintain confidentiality as appropriate.

3. **CONNECT** through interaction, activities, and resources.
   - "Check in" with student on a regular basis.
   - Become familiar with learning support staff at your school (e.g., Psychiatric Social Worker, PSA Counselor, School Psychologist, Counselor, Nurse) and community health/mental health services. Make referrals to the appropriate resources who may offer support to student.
   - Encourage interactions, activities, team projects with friends and teachers.
   - Keep communication open with others involved in the students' lives (parents, other teachers, coaches etc.).

   Note: If you suspect child abuse and/or neglect, report to the appropriate child protective services agency, according to BUL-1347 Child Abuse and Neglect Reporting Requirements.
4. **MODEL** calm and optimistic behavior.
   - Model healthy responses by remaining calm, courteous, organized, and helpful.
   - Pay attention to your thoughts, feelings, and reactions about the event. Amid a crisis, students are often watching for verbal and nonverbal cues by the adults they are with, which may influence how students cope and behave.
   - Take constructive actions to assure safety.
   - Monitor conversations that students may engage in or hear.
   - Acknowledge the difficulty of the situation but demonstrate how people can come together to cope after such an event.
   - Practice self-care.
5. **TEACH** about normal changes that can occur when traumatized.
   - Student may have different reactions even to the same event.
   - Encourage students to identify and use positive coping strategies to help them after the event.
   - Help your students to problem solve to get through each day successfully.
   - Help students set small "doable" goals and share in these achievements as "wins." Note: With time and support, students generally do better. If they do not, they should be encouraged and taught to seek assistance from a parent/guardian or a school staff member.

6.4 Drop, Cover, and Hold On

This action is taken to protect students and staff from flying or falling debris and is commonly used during an earthquake or explosion.

Powered by BoardOnTrack

6. Functional Annexes

Drop, Cover, Hold On Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will make the following announcement on the PA system. If the PA system is not available, the principal may use other means of communication, such as broadcasting on the two-way radio. Classrooms should immediately implement Drop/Lock, Cover, and Hold On when they feel the shaking of an earthquake, even if there is no announcement or no ShakeAlert alert if your school is equipped with the ShakeAlert system which provides advance notice of an earthquake. The Incident Commander (principal or designee) should be calm, convey reassuring comments that the situation is under control, and give clear directions. “Your attention please. We are having an earthquake. Immediately Drop, Cover, and Hold On in a protected position under a table or desk. Hold this position until the shaking stops or you are given further instructions.”
2. If inside, teachers will instruct students to drop under their desks and cover their heads with their arms and hold onto the desk legs.
3. If outside, teachers will instruct students to drop to the ground, place their heads between their knees, and cover their heads with their arms and hands.
4. Teachers and students should try to be away from windows, but this should not delay anyone from implementing Drop, Cover, and Hold On.
5. Students with disabilities that do not allow them to get under furniture for protection should immediately Drop/Lock, Cover, and Hold On: lock the wheels on any wheelchairs and protect their head and neck with their hands.
6. The Incident Commander will follow Drop, Cover, and Hold On with evacuation to the assembly area (see section 6.5 Evacuate Building below) and notifications to the District and parents.
7. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

Online training about earthquakes is available on MyPLN in courses STEPS 202 and 402.

6.5 Evacuate Building

This action is taken after the decision is made that it is unsafe to remain in the building. It is most commonly used in response to a fire, after an earthquake (following Drop/Lock, Cover, and Hold On), or any emergency where the building and its contents are perceived to be a threat to student safety.

Evacuate Building Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS team, and will make the following announcement on the PA system. If the PA system is not available, the Incident Commander (principal or designee) will use other means of communication such as Connect mass notification. The principal or designee should calmly convey reassuring comments that the situation is under control, and give clear directions. “Your attention, please. We need to evacuate all buildings. Teachers are to take their students and roll book to the Assembly Area and report to their designated

area. Students are to remain with their teacher. Teachers need to close the classroom door when all the students have left."

2. The Incident Commander will activate the fire alarm system as a signal to evacuate.
3. Designated emergency team members/staff will take medications and related documents, as well as other medical supplies/equipment such as first aid kit, AED, EpiPen and sharps container.
4. Teachers will instruct students to evacuate the building, using designated routes, and assemble in their assigned Assembly Area.
5. Teachers will take student rosters and any classroom emergency supplies when leaving the building and take attendance once the class is assembled in a safe location. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers must list missing students on the Missing Persons Report and submit to the Assembly Area team.
6. Once assembled, teachers and students will stay in place until further instructions are given.
7. The Incident Commander will make appropriate notifications to the District and parents.
8. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

Online training that includes building evacuation is available on MyPLN in courses STEPS 201 and STEPS 401. Fire alarm system training is available on MyPLN in STEPS course 418.

6.6 Indoor Activities Schedule

At any time, a principal can implement an Indoor Activities Schedule to minimize outdoor student activity, to further protect school community from environmental discomforts, and for any reason, including weather-related, that meets the needs of the school.

Indoor Activity Schedules can be used during inclement weather. They can also be used during wildfires, when extra filtration provided when running the heating, ventilation, and air conditioning (HVAC) units is necessary.

Procedures

1. Close all doors and windows.

2. Run the air conditioner, as HVAC systems can improve air quality, due to better filtration than typical home systems.

The difference between Shelter in Place (see 6.11) and Indoor Activities Schedule is that the HVAC system should be on when implementing the Indoor Activities Schedule.

6.7 Lockdown

At any time, a principal can implement an Indoor Activities Schedule to minimize outdoor student activity, to further protect school community from environmental discomforts, and for any reason, including weather-related, that meets the needs of the school.

Powered by BoardOnTrack

Indoor Activity Schedules can be used during inclement weather. They can also be used during wildfires, when extra filtration provided when running the heating, ventilation, and air conditioning (HVAC) units is necessary.

Lockdown Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will make the following announcement on the PA system. If the PA system is not available, the Incident Commander (principal or designee) will use other means of communication, such as broadcasting on the two-way radio or using runners, if it is safe to do so. The principal or designee should be calm, convey reassuring comments that the situation is under control, and give clear directions. “Your attention, please. We have an emergency and need to implement a lockdown. Teachers are to lock classroom doors and keep all students inside the classroom until further notice. Do not open the door until notified by an administrator or law enforcement. If outside, students and staff are to proceed inside to the nearest building or classroom.”
2. If inside, teachers will instruct students to stay away from doors and windows, lock all doors and windows, and sit on the floor. Cover all windows, including those in the door or adjacent sidelights, by lowering blinds, closing slots, drawing curtains, or covering with paper.
3. If outside, teachers will direct students to proceed to their classrooms if it is safe to do so. If not, teachers or staff will direct students into nearby classrooms or school buildings (e.g., auditorium, library, cafeteria, and gymnasium) and follow the listed lockdown actions above. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers are to take roll and to notify the office the number of students in the room with them and their names.
4. If safe to do so, turn off lights, power equipment, appliances, and silence cell phones.
5. Teachers and students will remain in the classroom or secured area with all doors and windows locked, window blinds drawn, and lights off until further instructions are given by the principal or designee or law enforcement.
6. All entrances to the school are to be locked and no visitors other than appropriate law enforcement or emergency personnel are to be allowed on campus.
7. The Incident Commander will call the Los Angeles School Police Department Watch Commander’s Office at (213) 625-6631. The Watch Commander will provide advice and support for the School Incident Commander by interfacing with municipal police and fire departments and sending an LASPD officer to the school.
8. The Incident Commander will make appropriate notifications to the District and parents.
9. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

During an emergency, when the campus must be protected, parents/legal guardians will not be able to pick up their children until the school campus is declared to be safe by law enforcement. In these circumstances, students are sheltered in a secure location for their safety and will be released only when it is safe.

Powered by BoardOnTrack

6. Functional Annexes

Supplemental online lockdown training courses STEPS 203, 302, and 403 are offered through MyPLN.

Details are available in BUL-5469 LAUSD Lockdown and Rapid Relocation Procedures for All Schools.

6.8 Notifications

Response actions should be accompanied by the following notifications:

- 911
- Los Angeles School Police Watch Commander's Office at (213) 625-6631
- Region Operations
- Connect messages to parents and/or staff
- Incident System Tracking Accountability Report (iSTAR)

6.9 Rapid Relocation (option ONLY for Active Shooter on Campus incidents)

More information is available in BUL-5469 LAUSD Lockdown and Rapid Relocation Procedures for All Schools. Active shooter training for LAUSD schools is available from LASPD; for inquiries and to schedule the training, please send your request to activeshootertraining@laschoolpolice.gov. If there is a threat of violence to campus or gunfire is heard in the area, implement lockdown procedures.

An Active Shooter on Campus involves one or more individuals on school grounds who is armed with a firearm and has already killed or wounded someone with the firearm AND at least one of the following applies:

- Continues to shoot others
- Actively seeks or attacks others
- Has access to additional victims

For suggested options for perimeter gate access during a Rapid Relocation, please access Attachment C in BUL-5469 LAUSD Lockdown and Rapid Relocation Procedures for All Schools.

Rapid Relocation Procedures

1. When the decision to perform a Rapid Relocation has been made, the School Incident Commander will:
    - Encourage students and staff to quickly leave by any safe and available exit. If leaving campus, the established off-site relocation point is the preferred destination, only if the route is safe. Teachers/staff are to account for any students with a cognitive disability who may not have understood the directions. Note that all students/staff including those with access and functional needs should use the same route, which should be accessible to all, for relocation.
    - Inform the LASPD Watch Commander at (213) 625-6631 of the decision to leave campus and the destination. Keep Watch Commander updated with information about any students and staff who do not arrive at the designated relocation point.

- Calm students, create a perimeter to separate the school population from others who may be present, and re-establish Incident Command teams with available staff.
- Refer to steps 6-10 below for additional Incident Commander actions.

2. In response to the school's notification, the LASPD Watch Commander will:
   - Research the nature of the event by contacting the area law enforcement agency, and LAFD . Some events may be easily explained to the School Incident Commander, others may be more complex.
   - Dispatch a field officer to the relocation point to advise and support the School Incident Commander.
   - Dispatch a field officer to the municipal Incident Command Post to interface with the municipal Incident Commander and gather intelligence for the schools.
   - Inform the School Incident Commander of what is known about the incident and provide the name and arrival time of the LASPD officers dispatched to the school.
   - Compile names and locations of those unable to get to the relocation point, and dispatch officers to facilitate rejoining the rest of the school population.
   - Provide point of contact for other District resources who need to know the location of the command post and open routes to the relocation point.
3. LASPD officers dispatched to the scene will:
   - Establish a liaison with the municipal Incident Commander and/or the Command Post/Unified Command/Watch Commander and determine the threat to the school and its immediate community.
   - Provide guidance to the School Incident Commander about the ongoing threat level to students and staff.
   - Maintain a perimeter at the off-site relocation point between the school population and others.
   - Patrol the area near the school to find students and staff who may have become separated from the group. Officers will communicate to the Watch Commander the names and locations of anyone found and assist in rejoining those separated with the rest of the school population.
4. The Region Operations Coordinator will:
   Connect with the School Incident Commander in person, by phone or radio and provide resources from the Region that might include the following:
   - Dispatch the Region Crisis Team to the school relocation point.
   - Arrange for transportation assets and a receiving school so the students can be moved to a safe location at another school.
   - Send out a Connect message to parents from the Region office with additional information.
   - Meet with parents at a safe staging location, outside the secured relocation point perimeter, and keep the parents informed using bilingual support staff from the Region office.
   - Assist with reunification.

Powered by BoardOnTrack

5. The Triage Team will work with first responders and local authorities to ensure wounded students and staff receive medical attention.
6. The School Incident Commander will prepare a verified list of any wounded, and the locations to which they were transported. The Incident Commander will confer with the School Site Crisis Team to ensure notification of parents and family members of the wounded.
7. All media inquiries will be referred to the designated Public Information Officer.
8. The School Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
9. Once the incident has concluded and the campus has been determined to be safe, the School Incident Commander will initiate the All-Clear action.
10. The School Incident Commander will debrief with staff and school police officers.

During an emergency, when the campus must be protected, parents/legal guardians will not be able to pick up their children until the school campus is declared to be safe by law enforcement. In these circumstances, students are sheltered in a secure location for their safety and will be released only when it is safe.

6.10 Relocation (Off-Site Evacuation)

This action is taken when authorities have determined that it is unsafe to remain on the campus and evacuation to an off-site relocation site is required. This may apply to situations, such as wildfire or tsunamis. These procedures do not apply during an active shooter incident or large hazardous materials release, all of which require more specialized procedures.

Note that all students/staff including those with access and functional needs should use the same route, which should be accessible to all, for relocation.

Relocation Procedures

1. The principal or designee becomes the Incident Commander and activates the school ICS Team. The Incident Commander will collaborate with the Region, LASPD, and local authorities to determine the safest method for evacuating the campus. This may include the use of school buses or simply walking to the designated off-site location. The required primary and back-up off-site relocation sites are indicated on the Vicinity Map in the online Integrated Safe School Plan and in the appendix of this plan. Teachers and students will stay together during the evacuation.
2. The Incident Commander will decide if it is more efficient to have classes systematically report first to a gathering point/staging area on campus, such as the auditorium, and evacuate everyone off the campus from that single location.
3. The Incident Commander will make the following announcement on the PA system. If the PA system is not available, the Incident Commander (principal or designee) will use other means. The principal or designee should be calm, convey reassuring comments that the situation is under control and give clear directions. “Your attention, please. We need to institute an off-site relocation. Teachers are to take their students, roll book, emergency supplies, and report to their designated off-site relocation point (or to the

staging area, if evacuation will be by school bus instead of walking). Students are to remain with their teacher. Teachers are to lock the classroom after all students have exited."

4. If the site will be evacuating by school bus, the Incident Commander will activate the Transportation Support position to assist with planning and carrying out the evacuation, including the evacuation of necessary supplies, such as, water, first aid kit, medications and School Emergency Response Box, to support the school at the relocation site.
5. Teachers will take student rosters and any classroom emergency supplies when leaving the building and take attendance once the class is assembled. Teachers are to account for any students with a cognitive disability who may not have understood the directions.
6. The Incident Commander will appoint a team of available staff to sweep the campus and check every room/location to ensure that the entire campus is evacuated. Attendance for students and staff must be taken.
7. Once assembled off-site, teachers will take attendance again and students will stay in place with their teacher until further instructions are given.
8. The Incident Commander will make appropriate notifications to the District and parents, including signage on gates indicating the relocation destination.
9. Once clearance is received from appropriate agencies, the Incident Commander may authorize students and staff to return to the campus, or initiate Request/Reunion procedures from the off-site location.
10. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

6.11 Shelter in Place

This action is taken to place and/or keep students indoors to provide a greater level of protection from airborne contaminants in the outside air or other hazards. Shelter in Place is implemented when there is a need to isolate students and staff from the outdoor environment and includes the shutdown of classroom and/or building heating/air conditioning systems. During a Shelter in Place, no one should be exposed to the outside air.

The difference between Shelter in Place and Lockdown is that a Shelter in Place involves the shutdown of heating, ventilation, and air conditioning (HVAC) systems and allows for the free movement of students within a building. However, students in bungalows and buildings with exterior passageways will have to remain in the classroom.

The difference between Shelter in Place and Indoor Activities Schedule is that Shelter in Place requires turning off the HVAC system.

An example of when schools may need to implement a Shelter in Place is when a nearby chemical manufacturer or refinery has an upset which releases hazardous contaminants into the air.

Shelter in Place Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS team, and will make the following announcement on the PA system. If the PA system is

not available, the Incident Commander (principal or designee) will use other means of communication, i.e., sending messengers to deliver instructions. The principal or designee should be calm, convey reassuring comments that the situation is under control and give clear directions. “Your attention, please. We are implementing a Shelter in Place, due to an air quality issue. Students and staff are to remain inside the building away from the outside air with windows and doors securely closed and heating and air conditioning units turned off. Please cover any cracks under exterior doors and around the windows with towels. Cover any vents to the outside. All students and staff that are outside are to immediately move to the protection of an inside room. As soon as we have further information, we will share it with you.”

2. If inside, teachers will keep students in the classroom until further instructions are given.
3. If outside, teachers will direct students to proceed to their classrooms if it is safe to do so. If not, teachers or staff will direct students into the closest classrooms or school buildings (e.g., auditorium, library, cafeteria, or gymnasium). Teachers should consider the location and proximity of the identified hazard and, if necessary, proceed to an alternative indoor location. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers are to take roll and to notify the office of the number of students in the room with them, their names, and the names of any student who are not accounted for.
4. Teachers are responsible for securing individual classrooms and the Security/Utilities Team will assist in completing the procedures as needed: shut down the classroom/building HVAC system; turn off local fans in the area; close and lock doors and windows; seal gaps under doors and windows with wet towels or duct tape; seal vents with aluminum foil, plastic wrap, or laminated posters, if possible; and turn off any sources of ignition, such as pilot lights.
5. The Incident Commander will make appropriate notifications to the District and parents.
6. The Incident Commander will monitor news media for information about the incident.
7. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action. Online training about shelter in place is available on MyPLN in courses STEPS 204 and 404.

6.12 Student Reunification

Student reunification is implemented to reunite students with their custodial adult after a critical incident or disaster (a significant fire, natural disaster, violence, school bus accident, etc.) that prevents a normal school dismissal.

Reunification Procedures

1. The Incident Commander or designee will direct the Request and Reunion Gate Teams to activate and report to their posts once the decision to initiate reunification procedures has been made.
2. The Request Gate Team will greet parents/guardians, check identification, check student emergency cards for authorization to pick up students, provide reunification paperwork to parents, and direct them to the Reunion Gate.

Powered by BoardOnTrack

3. The Request Gate should generally remain locked during the reunification process to help control access. The Request Gate Team can pass clipboards to parents through the gaps in the gate fencing.
4. Message runners will notify the Assembly Area Team of the student to be escorted to the Reunion Gate.
5. The Reunion Gate Team will check parent/guardian identification, confirm student identity, and keep accurate records of students leaving the campus.
6. Members of the School Site Crisis Team may be asked to assist the Reunion Gate Team. If a child is injured or otherwise unavailable, it is recommended that the parents be invited to a private or secluded location and be informed of their child's condition away from others. It is suggested that a member of the School Site Crisis Team then stay with the parents and assist them.
7. The Reunion Gate should remain locked when student reunifications are not actively taking place.
8. Members of other School Emergency teams may be asked to assist with crowd control, providing information, and calming parents at either gate once finished with their primary emergency assignment.

Powered by BoardOnTrack

7. Threat and Hazard-Specific Annexes

The threat and hazard-specific annexes describe the courses of action unique to particular threats and hazards. Courses of action already outlined in the functional annex need not be repeated in a threat or hazard-specific annex. These annexes were developed at the District level, based on risk analyses.

Use of Smartphones During Emergencies
During an emergency or perceived threat of danger, students will be able to access their smartphones when staff deem it safe for emergency use.

7.1 Active Shooter/Gunfire

More information is available in BUL-5469 Lockdown and Rapid Relocation Procedures for all Schools. Active shooter training for LAUSD school employees is available from LASPD. To request Active Shooter Training for LAUSD employees, please email activeshootertraining@laschoolpolice.gov. If there is a threat of violence to campus or gunfire is heard in the area, implement lockdown procedures.

An Active Shooter on Campus involves one or more individuals on school grounds who is armed with a firearm and has already killed or wounded someone with the firearm AND at least one of the following applies:

- Continues to shoot others
- Actively seeks or attacks others
- Has access to additional victims

7.1.1 Active Shooter Procedures

1. Upon first indication of an active shooter, personnel should immediately notify the principal or designee, who becomes the Incident Commander.
2. The School Incident Commander (principal/designee) will initiate a lockdown, the recommended appropriate emergency function.
3. The School Incident Commander will call 911 and School Police at (213) 625-6631 and provide the exact location and nature of the incident. The School Incident Commander should designate a person to remain on the phone line with police if safe to do so.
4. The School Incident Commander activates the Incident Command (ICS) Team.

The Planning and Intelligence Team Lead will:

- Notify the Region Administrator of Operations and/or Operations Coordinator and request assistance.
- Prepare a message for parents to be sent on Connect.
- Prepare to communicate with classrooms using school phones, email, cell phones, or radios. Establish a means of keeping all classrooms informed.

The Operations Team Lead will:

- Ensure that perimeter gates are secured and that all students, staff, and visitors are safely secured behind locked doors.
- Begin the process of accounting for all students and staff.
- Staff should take steps to calm and control students with regular PA announcements and if safe to do so, attempt to maintain separation between students and the perpetrator.
- If there is an active shooter on campus as defined above and students are in imminent danger, the Incident Commander may initiate Rapid Relocation if that does not place students in the path of the gunman. This action may apply to the entire campus, or just an affected portion.

7.1.2 Rapid Relocation Procedures

1. The School Incident Commander will:
    - Encourage students and staff to quickly leave by any safe and available exit. If leaving campus, the established off-site relocation point is the preferred destination, if the route is safe. Note that all students/staff including those with access and functional needs should use the same route, which should be accessible to all, for relocation.
    - Inform the LASPD Watch Commander at (213) 625-6631 of the decision to leave campus and the destination. Keep Watch Commander updated with information about any students and staff who do not arrive at the designated relocation point.
    - Calm students, create a perimeter to separate the school population from others who may be present, and re-establish Incident Command teams with available staff.
    - Refer to steps 6-10 below for additional Incident Commander actions.
2. In response to the school's notification, the LASPD Watch Commander will:
    - Research the nature of the event by contacting the area law enforcement agency, and LAFD. Some events may be easily explained to the School Incident Commander, others may be more complex.
    - Dispatch an officer to the relocation point to advise and support the School Incident Commander.
    - Dispatch a field officer to the municipal Incident Command Post to interface with the municipal Incident Commander and gather intelligence for the schools.
    - Inform the School Incident Commander of what is known about the incident and provide the name and arrival time of the LASPD officers dispatched to the school.
    - Compile names and locations of those unable to get to the relocation point, and dispatch officers to facilitate rejoining the rest of the school population.
    - Provide point of contact for other District resources who need to know the location of the command post and open routes to the relocation point.
3. LASPD officers dispatched to the scene will:
    - Establish a liaison with the municipal Incident Commander and/or the Command Post/Unified Command/Watch Commander and determine the threat to the school and its immediate community.

Powered by BoardOnTrack

- Provide guidance to the School Incident Commander about the ongoing threat level to students and staff.
- Maintain a perimeter at the off-site relocation point between the school population and others.
- Patrol the area near the school to find students and staff who may have become separated from the group. Officers will communicate to the Watch Commander the names and locations of anyone found and assist in rejoining those separated with the rest of the school population.

4. The Region Operations Coordinator will:
   - Connect with the School Incident Commander in person, by phone or radio and provide resources from the Region that might include the following:
     - Dispatch the Region Crisis Team to the school relocation point.
     - Arrange for transportation assets and a second (receiving) school so the students can be moved to a safe location at another school.
     - Send out a Connect message to parents from the Region office with additional information.
     - Meet with parents at a safe staging location, outside the secured relocation point perimeter, and keep the parents informed using bilingual support staff from the Region office.
     - Assist with reunification.
5. The Triage Team will work with first responders and local authorities to ensure injured students and staff receive medical attention.
6. The School Incident Commander will prepare a verified list of any wounded, and the locations to which they were transported. The Incident Commander will confer with the School Site Crisis Team to ensure notification of parents and family members of the wounded.
7. All media inquiries will be referred to the designated Public Information Officer.
8. The School Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
9. Once the incident has concluded and the campus has been determined to be safe, the School Incident Commander will initiate the All-Clear action.
10. The School Incident Commander will debrief with staff and school police officers.

Powered by BoardOnTrack

7.2 Aircraft/Vehicle Crash

This procedure addresses an aircraft or motor vehicle crash on or near school property. If a crash results in a fuel or chemical spill on school property, refer to Section 7.4 Biochemical/Hazardous Materials as needed.

Aircraft/Vehicle Crash Procedures

1. The principal or designee acts as the Incident Commander, activates the Incident Command Team, and initiates appropriate emergency functions, which may include Drop, Cover and Hold On, Shelter in Place, Evacuate Building or Relocation.
2. If the Incident Commander issues the evacuate building action, staff and students will evacuate the buildings using prescribed routes or other safe routes to the Assembly Area.
3. In the event of an evacuation, teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
4. The Incident Commander will call 911 and School Police at (213) 625-6631 and provide the exact location (e.g., building or area) and nature of emergency.
5. If on school property, the Security/Utilities Team will secure the crash area to prevent unauthorized access. If the crash results in a fuel or chemical spill on school property, refer to Section 7.4 Biochemical/Hazardous Material.
6. If needed, the Fire Suppression/HazMat Team should suppress small fires with extinguishers for the protection of students and staff as it is safe to do so, until the Fire Department arrives.
7. The Triage Team will check for injuries and provide appropriate medical assistance.
8. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident. A Region representative will call the Region Public Information Officer with information on this situation as appropriate.
9. Any affected areas will not be reopened until the Los Angeles County Health HazMat or appropriate agency provides clearance and the Incident Commander issues authorization to reopen. Notify OEHS at 213-241-3199, if it is a fuel or chemical spill and M&O if building or site damage.
10. The School Site Crisis Team will convene onsite and begin the process of counseling and recovery as appropriate.
11. If it is unsafe to remain on campus, the Incident Commander will initiate an off-site relocation.
12. The Incident Commander will notify and update parents via Connect.
13. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
14. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

Powered by BoardOnTrack

7.3 Animal Disturbance

This procedure should be implemented when a dog, coyote, mountain lion, or other wild animal threatens the safety of students and staff.

Animal Disturbance Procedures

1. The principal or designee becomes the Incident Commander, activates the Incident Command Team, and initiates appropriate emergency functions, which may include Lockdown or Evacuate Building.
2. Upon discovery of an animal, staff members will attempt to isolate the animal from students, if it is safe to do so. If the animal is outside, students will be kept inside. If the animal is inside, students will remain outside in an area away from the animal. Closing doors or locking gates is one means to isolate the animal.
3. If additional outside assistance is needed, the Incident Commander will call 911, School Police (213) 625-6631, LA City Animal Services (888) 452-7381, and/or the Department of Fish and Game (888) 334-2258 and provide the location of the animal and nature of emergency.
4. If a student or staff member is injured, the school nurse or Triage Team will provide treatment and notify parents of the injured.
5. The Incident Commander will initiate an off-site relocation only if conditions are persistently dangerous at the school.
6. The Incident Commander will notify and update parents via Connect if necessary.
7. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
8. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.4 Biochemical/Hazardous Materials

A biological or chemical release involves the discharge of a biological or chemical substance in a solid, liquid, or gaseous state. Examples of releases within or adjacent to schools include the discharge of chemicals in a school laboratory, an overturned truck of hazardous materials in proximity to the school, or an explosion at a nearby oil refinery or other chemical plant.

The following indicators may suggest the release of a biological or chemical substance:

- Multiple victims suffering from watery eyes
- Twitching
- Choking
- Loss of coordination
- Trouble breathing
- Other indicators may include the presence of distressed animals or dead birds.

There are three sub-categories involving the release of biochemical substances. Determine which category applies and then implement the appropriate response procedures listed below.

Powered by BoardOnTrack

7.4.1 Substance Released Inside a Room or Building Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate the Evacuate Building action. Staff will use designated routes or alternate safe routes to the Assembly Area, located upwind of the affected room or building. Students and staff from rooms exposed to contaminants need to be isolated from the rest of the school population.
2. The Incident Commander will call 911, School Police at (213) 625-6631, and the Office of Environmental Health and Safety (OEHS) at (213) 241-3199 and will provide the exact location (e.g., building, room, area) and nature of emergency.
3. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
4. The Incident Commander will instruct the Security/Utilities Team to isolate and restrict access to potentially contaminated areas.
5. The Security/Utilities Team will turn off local fans in the area of the release, close the windows and doors, and shut down the building's air handling system.
6. The Incident Commander will notify and update parents via Connect.
7. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
8. Persons who have come into direct contact with hazardous substances should have affected areas washed with soap and water. Immediately remove and contain (in plastic bags) outer layer of clothing because it may be contaminated. You may use extra clothing or other items that you have on hand, such as, P.E. clothing, extra uniforms, and trash bags, to allow students to cover up. Do not use bleach or other disinfectants on potentially exposed skin. Students and staff whose skin touched the contaminant should be isolated from the rest of the school population. The Triage Team should evaluate and monitor exposed individuals.
9. The Assembly Area Team will prepare a list of all people in the affected room or contaminated area, specifying those who may have had actual contact with the substance. The team will provide the list to the Incident Commander and emergency responders.
10. The Incident Commander will complete the Biological and Chemical Release Response Checklist.
11. The School Site Crisis Team will convene on-site and begin the process of counseling and recovery.
12. Any affected areas will not be reopened until the Los Angeles County HazMat or appropriate agency provides clearance and the Incident Commander gives authorization to do so.
13. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.4.2 Substance Released Outdoors and Localized Procedures

1. The principal or designee becomes the Incident Commander, activates the ICS Team and will immediately direct staff to remove students from the affected areas to an area

Powered by BoardOnTrack

upwind from the release. The Incident Commander will, as necessary, initiate the Shelter in Place or Evacuate Building action.
2. The Security/Utilities Team will establish a safe perimeter around the affected area and ensure personnel do not reenter the area.
3. The Incident Commander will call 911, School Police at (213) 625-6631, and the Office of Environmental Health and Safety (OEHS) at (213) 241-3199 and will provide the exact location and nature of emergency.
4. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
5. The Security/Utilities Team will turn off local fans in the area of the release, close the windows and doors, and shut down the air handling systems of affected buildings.
6. The Incident Commander will notify and update parents via Connect.
7. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
8. Persons who had direct contact with hazardous substances should wash affected areas with soap and water. Immediately remove and contain (in plastic bags) outer layer of clothing because it may be contaminated. You may use extra clothing or other items that you have on hand, such as, P.E. uniforms, extra clothing, and trash bags, to allow students to cover up. Do not use bleach or other disinfectants on potentially exposed skin. Students and staff whose skin touched the contaminant should be isolated from the rest of the school population. The Triage Team should evacuate and monitor exposed individuals.
9. The Assembly Area Team will prepare a list of all people in areas of contamination, especially those who may have had actual contact with the substance. The team will provide the list to the Incident Commander and emergency responders.
10. The Incident Commander will complete the Biological and Chemical Release Response Checklist.
11. The School Site Crisis Team will convene on-site and begin the process of counseling and recovery.
12. Any affected areas will not be reopened until the Los Angeles County Health HazMat or appropriate agency provides clearance and the Incident Commander gives authorization to do so.
13. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

Online training about Shelter in Place is available on MyPLN in STEPS courses 204 and 404.

7.4.3 Substance Released in Surrounding Community Procedures

1. The principal or designee becomes the Incident Commander, activates the ICS team, and if they or local authorities determine that a potentially toxic airborne substance has been released, the Incident Commander will initiate a Shelter in Place.
2. Follow all Section 6.11 Shelter in Place procedures.
3. The Incident Commander will call the Office of Environmental Health and Safety (OEHS) at (213) 241-3199 and will provide the nature of emergency.

Powered by BoardOnTrack

4. The Incident Commander will monitor local news for information about the incident and notify the South Coast Air Quality Management District (SCAQMD) at 1-800-CUT-SMOG or 1-800-288-7664.
5. The school will remain in Shelter in Place until the Los Angeles County HazMat or appropriate agency provides clearance, or staff is otherwise notified by the Incident Commander.
6. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

Online training about Shelter in Place is available on MyPLN in STEPS courses 204 and 404.

7.5 Bus Disaster

These procedures are for use by bus drivers and school administrators in the event of an earthquake, serious bus accident, or other emergency that occurs while students are on a school bus field trip or being transported to or from school. If there are no students on the bus, drivers should report to Bus Dispatch by radio or 1-800-LABUSES or the nearest school.

7.5.1 Bus Earthquake Procedures

1. The driver will initiate the Drop, Cover, Hold On action for all persons on the bus.
2. The driver will stop the bus away from power lines, bridges, overpasses, buildings, possible landslide conditions, overhanging trees, or other dangerous situations.
3. The driver will check for injuries and provide first aid as appropriate.
4. The driver will contact Bus Operation Dispatch to report the location and condition of students and the bus. Bus Operation Dispatch will contact and update the school principal and bus supervisors.
5. If it is safe, the driver will proceed to the nearest LAUSD school for possible shelter, upon arriving at the school, the driver is to notify the school principal or designee and remain with the children until further instructions are received from the principal or designee.
6. The principal or designee will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
7. The principal or designee will notify and update parents via Connect.
8. If instructed by the Bus Operations Dispatch or designee to continue the route, the driver will:
    - If enroute to school, continue to pick up students.
    - If dropping students off, continue to do so, provided there is a responsible adult at the bus stop to receive students in Pre-K through second grade and a designated adult for students with an IEP.
9. In all instances, the driver should not attempt to cross bridges, overpasses, or tunnels that may have been damaged.
10. The driver will account for all students and staff throughout the emergency.

7.5.2 Bus Flood/Flash Flood Procedures

1. The driver will NOT drive through flooded streets and/or roads.

Powered by BoardOnTrack

2. The driver will take an alternate route or wait for public safety personnel to determine safety.
3. If the bus is disabled, the driver will stay in place until help arrives.
4. The driver will contact and update Bus Dispatch to report location and condition of students and the bus. Bus Operations will update the school principal or designee and bus supervisor.
5. The principal or designee will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
6. The principal or designee will notify and update parents via Connect.
7. In all instances, the driver will not attempt to cross damaged bridges or overpasses.
8. The driver will account for all students and staff throughout the emergency.

7.5.3 Serious Bus Crash or Bus Fire Procedures

1. The driver will park the bus in a safe location as directed by law enforcement or Transportation supervisor.
2. The driver will set the emergency brake and turn off the ignition.
3. The driver will initiate the Evacuation action for all persons on the bus in the event of a fire. Drivers should keep in mind:
   a. Bus fires can be controlled by using fire extinguishers.
   b. Most modern buses have an integrated fire suppression system to put out engine fires and can be activated by push of a button or automatically triggered by a fire.
4. When an accident occurs, the driver will check for injuries and provide appropriate first aid as deemed necessary prior to the arrival of emergency responders.
5. The driver will immediately notify School Bus Operations Dispatch if an accident has occurred. Injuries will be reported at that time as well as the exact location of the bus.
6. Upon notification of an accident with students on board a bus, School Bus Operations Dispatch will notify the California Highway Patrol (CHP) for assistance.
7. The driver will contact Bus Operations Dispatch to report any updates at the location and condition of the students. School Bus Operations Dispatch will then provide the necessary updates to District personnel.
8. The The principal or designee will notify the Region Administrator of Operations and/or the Operations Coordinator of the incident.
9. The principal or designee will notify and update parents via Connect.
10. The driver will stay with the disabled bus until help arrives.
11. The driver will account for all students and staff throughout the emergency.
12. The Bus Supervisor or other authorized user will open an iSTAR on the incident.

7.6 Demonstration/Walkout

A Demonstration/Walkout is any assemblage on or off campus by staff or students for the purpose of protest or demonstration. A demonstration or walkout that occurs without appropriate approvals is considered unauthorized and may be unlawful. Students are sometimes encouraged by protesters (in person or via social media) to participate in a demonstration as it passes by a school. Information is available in BUL-6320 Procedures for Handling Disturbances or Demonstrations on or Adjacent to School Sites.

Demonstration/Walkout Procedures: The principal or designee becomes the Incident Commander (IC), activates the school ICS Team, initiates the appropriate emergency function(s), and takes the following actions:

1. In anticipation of, or during a disturbance, disorder, or demonstration, key school personnel must be released and made available to assist the principal in class coverage and to implement the school emergency plans.
2. The principal (or designee) may contact other resources for additional assistance.
3. The principal shall contact the Region Operations Coordinator and determine what additional resources will be necessary to address the situation.
4. The Region Operations Coordinator, in consultation with the Division of District Operations, will contact additional District resources, such as: School Police, Office of Communications, Transportation, and/or Food Services.

The IC shall:

5. Inform students, in the presence of adult witnesses, that they should attend classes.
6. Students who voluntarily leave the school campus or the classroom during a demonstration will be directed to return to the campus or the classroom.
7. If students leave campus, school site administrators do not have a legal obligation to protect the safety and welfare of the students. If the student demonstration or walk-out causes a disruption to the general public, local law enforcement may respond to the situation. Los Angeles Unified has no control over how local law enforcement will handle the situation.
8. As soon as possible, prepare a letter to notify parents of what occurred.

It is the responsibility of the IC to maintain adequate safeguards to ensure the safety and welfare of students, school personnel, and school property. If necessary, the IC must ensure that the school initiates a lockdown and, if a lockdown is initiated, the IC should take the following steps as appropriate:

9. Designate only one entrance and one exit for all persons entering or leaving the school site. The Security/Utilities Team will immediately proceed to this one entrance and one exit to control ingress and egress.
10. Do not allow the public or any unauthorized individuals or groups, including parents, to enter the campus.
11. Require each person entering the campus to sign his/her name and record his/her address, telephone number, and the time entered and departed.
12. Remind teachers to keep classroom doors locked and not release students for any reason.
13. Assign staff members to receive and direct all telephone calls related to the emergency. Provide designated persons with a script containing all information to be released.
14. Communicate and update staff using the school public address system, email, Connect, or other means as appropriate.

Powered by BoardOnTrack

15. Provide written updates or utilize faculty meetings to keep staff informed of developments. Also, identify key faculty members to help keep staff informed.
16. Maintain a “log” to record the date, time, and nature of each incident, names of the persons involved, reliable witnesses to the event, and description of the action taken. The Planning and Intelligence Team's Documentation Unit should keep this log.
17. Make plans for the school schedule and supervision program for the following day.
18. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
19. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.7 Disorderly Conduct

Disorderly conduct may involve a student, staff member, or visitor exhibiting threatening or irrational behavior. If the individual is armed, refer to sections on Lockdown or Active Shooter on Campus as appropriate. Information is available in BUL-5798 Workplace Violence, Bullying and Threats (Adult-to-Adult) and BUL-5799 Threat Assessment and Management (Student-to-Student, Student-to-Adult, Student-to-School). Online training about threats is available on MyPLN in courses STEPS 208 and 408.

Disorderly Conduct Procedures

1. Upon witnessing disorderly conduct, staff should take steps to calm and control the situation and attempt to isolate the perpetrator from other students and staff, if it is safe to do so. Witnesses should provide written statements for follow-up by the school administrator and/or School Police.
2. Staff will immediately notify the principal or designee.
3. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate the appropriate emergency functions, which may include Lockdown, Evacuate Building, or Off-site Relocation.
4. The Incident Commander will call School Police at (213) 625-6631 and provide the exact location and nature of the incident. If determined to be appropriate, the Incident Commander will call 911.
5. If an immediate threat is not clearly evident, the Incident Commander or other staff member may attempt to diffuse the situation. Approach the individual in a calm, non-confrontational manner and request they leave the campus. Avoid any hostile situations.
6. If the individual is a student, every attempt should be made to notify the family (family members may provide useful information on handling the situation).
7. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
8. The Incident Commander will notify and update parents via Connect, as necessary.
9. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.

Powered by BoardOnTrack

10. The Incident Commander and team will determine if activating the threat assessment/management team is warranted.
11. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.8 Earthquake

Earthquakes generally occur without warning and may cause minor to serious ground shaking, damage to buildings, and injuries. It is important to note that even a mild tremor can create a potentially hazardous situation. The below procedures should be implemented in response to all earthquakes, regardless of magnitude.

Online training about earthquakes is available on MyPLN in courses STEPS 202 and 402. Other resources are available through the OEM and STEPS websites.

7.8.1 Earthquake during School Hours Procedures

Note: Keep calm and remain where you are during the shaking. Assess the situation and then act. Remember, most injuries or deaths are caused by flying/falling debris.

1. Upon the first indication of an earthquake, teachers should direct students to immediately Drop, Cover, and Hold On. If your school is equipped with the ShakeAlert system which provides advance notice of an earthquake, you will immediately Drop, Cover and Hold On upon receiving an alert through PA system.
2. Students with disabilities that do not allow them to get under furniture for protection should immediately Drop/Lock, Cover and Hold On. They should lock the wheels on any wheelchairs and protect their head and neck with their hands.
3. When the shaking stops, the principal or designee becomes the Incident Commander, activates the school ICS Team, and initiates the Evacuate Building action. Staff and students will evacuate the buildings using prescribed routes or other safe routes to the Assembly Area.
4. In the event of an evacuation, teachers will bring their student roster and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students or any student that was left behind.
5. The Incident Commander will direct the Security/Utilities Team to post guards a safe distance away from building entrances to prevent access.
6. The Security/Utilities Team will notify school personnel of fallen electrical wires and instruct them to avoid touching the fallen wires.
7. The Triage Team will set up the triage stations, check for injuries and provide appropriate medical assistance.
8. The Incident Commander will direct the Planning and Intelligence Team to notify the appropriate utility company of damages (e.g., gas, power, water, or sewer).
9. If the area appears safe, the Search and Rescue Team will make an initial inspection of school buildings to identify any injured or trapped students or staff.

Powered by BoardOnTrack

10. The Incident Commander will contact the Region Administrator of Operations and/or Operations Coordinator to determine additional actions that may be necessary. If the School Emergency Status Report (SESR) is activated, school conditions will be reported through this tool. Region personnel will communicate conditions to the District's Emergency Operations Center.
11. If SESR is not being used or not functioning, the Planning and Intelligence Team will fill out a School/Site Preliminary Damage Report and transmit it to the School Police and Region Administrator of Operations.
12. The Incident Commander will contact the Area Facilities Director to ensure buildings are safe for re-occupancy. When safe to do so, the Fire Suppression and HazMat Team will conduct an inspection of school buildings. The Fire Suppression and HazMat Team will maintain a log of their findings, by building, and provide a periodic report to the Incident Commander.
13. Any damaged areas will not be reopened until the Area Facilities Team provides clearance and the Incident Commander gives authorization to do so.
14. The Incident Commander may initiate a Relocation if warranted by changes in conditions at the school.
15. The Incident Commander will direct the Planning and Intelligence Coordinator or another authorized user to open an iSTAR on the incident.
16. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.8.2 Earthquake during Non-School Hours Procedures

Note: These procedures should be followed only when some staff is on campus.

1. Upon the first indication of an earthquake, everyone on campus is to immediately Drop, Cover and Hold on. If your school is equipped with the ShakeAlert system which provides advance notice of an earthquake, you will immediately Drop, Cover and Hold On upon receiving an alert through PA system.
2. The principal or designee becomes the Incident Commander, activates the school ICS Team as necessary, and will assess damages as safe to do so with the plant manager, to determine any necessary corrective actions. The school administrator may direct the Fire Suppression/HazMat Team to participate in the assessment.
   Note: Assessments must be conducted by teams wearing appropriate safety gear. Do NOT conduct assessments alone or unprotected, due to danger from possible building damage and the potential for aftershocks. Notify the School Police Watch Commander's Office at (213) 625-6631 that you are on campus before beginning a site assessment.
3. The Incident Commander should confer with the Region Administrator of Operations and/or Operations Coordinator and Maintenance and Operations personnel to identify the extent of damages and determine if the school can be occupied.
4. If the school cannot be occupied, the Incident Commander and Region Administrator of Operations will determine an alternate location for affected buildings and programs, and the Incident Commander will notify staff members and parents via Connect.

Powered by BoardOnTrack

5. The Planning and Intelligence Team will fill out a School/Site Preliminary Damage Report and transmit it to the School Police and Region Administrator of Operations.

7.9 Explosion/Risk of Explosion

There are four distinct incident types involving an explosion or risk of explosion. Determine which incident type applies and then implement the appropriate response procedures.

7.9.1 Explosion on School Property Procedures

1. In the event of an explosion, all persons should initiate Drop, Cover and Hold On or Take Cover if outdoors in an open area.
2. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will call 911 and School Police at (213) 625- 6631 and OEHS at (213) 241-3199 to provide the exact location (e.g., building, room, area) and nature of emergency.
3. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident. The Region office will inform the Region Public Information Officer of the situation.
4. The Incident Commander will consult with available law enforcement and, considering the possibility of another imminent explosion, take appropriate emergency functions. Action may include Shelter in Place, Evacuate Building or Relocation. Evacuation may be warranted in some buildings on a campus, and other buildings may be used as shelter.
5. In the event of an evacuation, staff, and students will use prescribed routes or other safe routes and proceed to the Assembly Area.
6. In the event of an evacuation, teachers will bring student roster and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions Teachers will notify the Assembly Area Team of missing students.
7. The Incident Commander will notify and update parents via Connect.
8. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
9. The Triage Team will check for injuries and provide appropriate medical assistance.
10. If needed, the Fire Suppression/HazMat Team should suppress small fires with extinguishers for the protection of students and staff as it is safe to do so, until the Fire Department arrives.
11. The Planning and Intelligence Team Lead will notify the appropriate utility company of any damages to water lines, sewers, power lines, and other utilities.
12. The Security/Utilities Team will secure the building entrance to prevent persons entering the school buildings.
13. If it is determined safe to enter affected areas, the Incident Commander will direct the Search and Rescue Team to initiate search and rescue activities.
14. The Incident Commander will contact the Area Facilities Director to ensure buildings are safe for re-occupancy. When safe to do so, the Fire Suppression/HazMat Team will conduct an inspection of school buildings. The Fire Suppression and HazMat Team will

Powered by BoardOnTrack

maintain a log of their findings, by building, and provide a periodic report to the Incident Commander.

15. The Planning and Intelligence Team will complete a School/Site Preliminary Damage Report and transmit it to the School Police and Region Administrator of Operations.
16. Any areas affected by the explosion will not be reopened until the Los Angeles County HazMat or appropriate agency provides clearance and the Incident Commander gives authorization to do so.
17. The Incident Commander may initiate a Relocation if warranted by changes in conditions.
18. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.9.2 Risk of Explosion on School Property Procedures

1. If a school is notified by authorities of the risk of an explosion, the principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate appropriate emergency functions, which may include Drop, Cover and Hold On, Shelter in Place, Evacuate Building, or Relocation.
2. If the school administrator issues Evacuate Building action, staff, and students will evacuate the building using prescribed routes or other safe routes to the Assembly Area.
3. In the event of an evacuation, teachers will bring their student rosters and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
4. The school administrator will call 911 and School Police at (213) 625-6631 and will provide the exact location (e.g., building, room, area) and nature of emergency.
5. The school administrator will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
6. If needed, the Fire Suppression/HazMat Team should suppress small fires with extinguishers for the protection of students and staff as it is safe to do so, until the fire department arrives.
7. The Incident Commander will advise the Search and Rescue Team to initiate rescue operations.
8. The Security/Utilities Team Lead will notify the appropriate utility company of any damages to water lines, sewers, power lines, and other utilities.
9. The Incident Commander will notify and update parents via Connect.
10. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
11. All affected areas will not be reopened until the Los Angeles County HazMat or appropriate agency provides clearance and the school administrator issues authorization to do so.
12. The Planning and Intelligence Team will complete a School/Site Preliminary Damage Report and transmit it to School Police and the Region Administrator of Operations.

13. In the event of an explosion on campus, refer to procedures listed under Explosion on School Property.
14. The Incident Commander may initiate a Relocation, if warranted by changes in conditions.
15. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.9.3 Explosion or Risk of Explosion in Surrounding Area Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate the Shelter in Place response action.
2. The Incident Commander will notify 911 and School Police at (213) 625-6631 and provide the exact location (e.g., building, area) and nature of emergency.
3. The Incident Commander will take further actions as needed or advised by authorities.
4. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
5. The Incident Commander will notify and update parents via Connect.
6. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
7. The school will remain in a Shelter in Place condition until the Los Angeles County HazMat or appropriate agency provides clearance and the school administrator issues further instructions.
8. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.9.4 Nuclear Blast or Explosion Involving Radioactive Materials Procedures

A nuclear blast is characterized by a sequence of intense light and heat, air pressure waves, expanding fireball, and subsequent radioactive fallout. More information about incidents involving radioactive material is available in the resource In The Event of a Nuclear Incident: A Reference for Schools and on MyPLN in courses STEPS 205 and 405.

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate the Shelter in Place action.
2. When sheltering, personnel should try to establish adequate barriers or shielding (e.g., concrete walls, metal doors) between themselves and the source of the blast or explosion and should avoid sheltering near exterior windows.
3. The Incident Commander will notify 911 and School Police at (213) 625-6631 and provide details on the area and personnel affected at the school.
4. After the initial blast, ICS teams should provide medical assistance and extinguish small fires as needed.
5. The Incident Commander will ensure the prompt relocation of students from bungalow buildings and other non-permanent structures, upper floor(s), rooms with broken windows, and other damaged rooms without going outside if possible.
6. The Security/Utilities Team will turn off the school's main gas supply (refer to the Site Plot Plan in the ISSP for gas supply shut-off valve) and fans in the area; close and lock

Powered by BoardOnTrack

exterior doors and windows; shut down all buildings' air handling systems; seal gaps under doors and windows with wet towels or duct tape; cover windows, seal vents with aluminum foil or plastic wrap, if available; and turn off sources of ignition, such as pilot lights.

7. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
8. The Incident Commander will notify and update parents via Connect.
9. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
10. The Incident Commander or Public Information Officer will monitor local news outlets and initiate further actions as appropriate.
11. At the Incident Commander's discretion, and only if safe to do so, designated personnel should attempt to distribute emergency supplies including food and water, without going outside.
12. The school will remain in Shelter in Place until the Los Angeles County Department of Public Health or other appropriate agency ends the Shelter in Place or issues relocation instructions. Authorities may advise relocation.
13. The Planning and Intelligence team will complete a School/Site Preliminary Damage Report and transmit it to School Police and the Region Administrator of Operations.
14. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.9.5 Explosive Device Threat/Suspicious Package

Response to an explosive device threat is initiated upon the discovery of a suspicious package on campus grounds or receipt of a threatening phone call, email, social media, or other means that may present a risk of an explosion. Information is available in the BUL-6460 Explosive Device Threats and Suspicious Devices.

7.9.6 Explosive Device Threat by Telephone Procedures

1. The call taker should attempt to keep the caller on the telephone as long as possible and alert someone else to call 911. The staff member calling 911 informs the operator of:
    - Nature of threat on phone line
    - Name of school
    - Phone number of line receiving threat
    - Name and contact information of staff member
2. The person answering the threat call should immediately inform the principal, and then use the Explosive Device Threat Form to gather and record information about the call.

Explosive Device Threat Form Questions include:

- Where is the explosive device (building, location)?
- When is it going to explode?
- What kind of explosive device is it? What does it look like?
- Who set the explosive device? Why was the explosive device set?
- What can we do for you to keep the explosive device from exploding?

- What is your name?
- How old are you?
- Where do you live?
- How can you be contacted?

In addition to the above questions, evaluate the caller's voice and background noise for characteristics such as:

- Caller Characteristics:
  - Gender
  - Age
  - Accent
  - Slurred/impaired speech
  - Recorded/disguised voice
  - Familiarity
  - Irrational/incoherent
- Background Noise:
  - Traffic
  - PA System
  - Typing
  - Other

3. The principal or designee becomes the Incident Commander, activates the school ICS team, and calls School Police at (213) 625-6631 who will advise the school. In most cases, School Police will direct the school to wait for officers to arrive and conduct an investigation. The Incident Commander, in consultation with School Police, will determine the appropriate emergency functions, which may include Drop, Cover and Hold On, Lockdown, Evacuate Building or Relocation.
4. If the school discovers unusual or suspicious packages, boxes or foreign objects, all cell phones and hand-held radios of searchers should be turned off, as many explosive devices can be triggered by radio frequencies. If a suspicious object is found, report the discovery to the Incident Commander while the remaining team members attempt to secure the immediate area without touching or disturbing the object.
5. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
6. No attempt should be made to investigate or examine a discovered suspicious object.
7. The Incident Commander will notify and update parents via Connect
8. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
9. After the search, the Incident Commander will consult with Law Enforcement to determine any alteration to the appropriate emergency function, which may include Drop, Cover and Hold On, Lockdown, Evacuate Building, or Relocation.
10. When a suspicious object or explosive device is found, or if advised by Law Enforcement, the Incident Commander shall issue the Evacuate Building action. Staff and students will evacuate the building using safe routes to the Assembly Area.

Powered by BoardOnTrack

11. In the event of an evacuation, teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
12. The School Site Crisis Team will convene on-site and begin the process of counseling and recovery.
13. Do not resume school activities until the affected buildings have been inspected by proper authorities and determined to be safe. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.
14. The Incident Commander may initiate an off-site relocation if warranted by changes in conditions.
15. After the incident is over, the Incident Commander will complete the Explosive Device Threat Report, submit a copy to LAUSD atwcoffice@laschoolpolice.gov, submit a copy to Region Operations, keep a copy at the school site, and upload it to the iSTAR created for the incident.

Explosive Device Threat – Other Means

If an explosive device threat is received via letter, email, social media, or other means, the principal will consult with LASPD to determine a course of action. The principal will make the appropriate notifications and take other actions as described above in Section II, Procedures for Explosive Device Threat – Telephone, D-P, as necessary.

7.9.7 Suspicious Package Procedures

1. If a suspicious package or other object is found on or adjacent to campus, the principal or designee should be immediately alerted.
2. The principal or designee becomes the Incident Commander, activates the school ICS team, and will direct volunteer members of the Security/Utilities Team to attempt to secure the immediate area without touching or disturbing the object. All cell phones and hand-held radios in the vicinity of the suspicious package should be turned off, as many explosive devices can be triggered by radio frequencies.
3. The Incident Commander will call 911 and School Police at (213) 625-6631 and provide the exact location (e.g., building, room, area) and description of the suspicious package.
4. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
5. No attempt should be made to investigate or examine the object.
6. The Incident Commander will notify and update parents via Connect.
7. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
8. The Incident Commander will consult with Law Enforcement and determine the appropriate emergency function, which may include Drop, Cover and Hold On, Lockdown, Evacuate Building or Relocation.

Powered by BoardOnTrack

9. If Evacuate Building is initiated, staff and students will evacuate buildings using the safest routes to the Assembly Area. Routes may be different than usual evacuation routes.
10. In the event of an evacuation, teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
11. The School Site Crisis Team will convene and begin the process of counseling and recovery.
12. Do not resume school activities until the affected buildings have been inspected by proper authorities and determined to be safe. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.
13. The Incident Commander may initiate an off-site relocation if warranted by changes in conditions.
14. After the incident is over, the Incident Commander will complete only section II (Report by Principal) of the Explosive Device Threat Report, submit a copy to LASPD at wcoffice@laschoolpolice.gov, submit a copy to Region Operations, keep a copy at the school site, and upload it to the iSTAR created for the incident.

7.10 Fire

A fire impacts a school if it occurs on campus or in an off-campus location near the school. Take appropriate Evacuate Building or Shelter in Place measures to protect students and staff.

7.10.1 Fire on School Grounds Procedures

This procedure addresses a fire discovered on school grounds. A quick response to this situation is very important to prevent injuries and further property damage. Online training about fires is available on MyPLN in courses STEPS 201 and 401. Online training about fire alarm systems is available on MyPLN in course STEPS 418.

1. Upon discovery of a fire, teachers or staff will direct all occupants out of the building, activate the fire alarm, and report the fire to the school administrator.
2. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will immediately initiate the Evacuate Building action. Staff and students will evacuate buildings using the prescribed routes or other safe routes to the Assembly Area.
3. The Incident Commander will call 911 and School Police at (213) 625-6631 and will provide the exact location (e.g., building, room, area) of the fire.
4. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the fire. Region personnel will contact the Region Public Information Officer with information on this situation.
5. Teachers will bring student rosters and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are to account for

Powered by BoardOnTrack

any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.

6. If needed, the Fire Suppression/HazMat Team should suppress small fires with extinguishers for the protection of students and staff as it is safe to do so, until the Fire Department arrives.
7. The Security/Utilities Team will secure the area to prevent unauthorized entry and keep access roads clear for emergency vehicles.
8. The Security/Utilities Team will notify the appropriate utility company of damages.
9. The Incident Commander will notify OEHS at (213) 214-3199 that a fire occurred.
10. The Incident Commander will notify and update parents via Connect.
11. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
12. If needed, the Logistics Team Lead will notify Bus Dispatch 1-800-LABUSES to request buses for staff and student evacuation.
13. Any affected areas will not be reopened until the Los Angeles City or County Fire Department, or appropriate agency provides clearance, and the school administrator issues authorization to do so.
14. For fires during non-school hours, the Incident Commander and the Region Administrator of Operations will assist in the determination of whether the school opens the following day.
15. All fires that are extinguished by school personnel, regardless of their size, require a call to the Fire Department to indicate that the “fire is out.”
16. The Planning and Intelligence Team will complete a School/Site Preliminary Damage Report and transmit it to the School Police and Region Administrator of Operations.
17. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.10.2 Fire in Surrounding Area Procedures

This procedure addresses a fire discovered in an area adjoining the school or a wildfire that impacts the school. The initiated response actions should take into consideration the location and size of the fire, its proximity to the school and the likelihood that the fire may affect the school.

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate the appropriate emergency functions, which may include Shelter in Place, Evacuate Building or Relocation.
2. The Incident Commander will notify 911 and School Police at (213) 625-6631 and will provide the location and nature of emergency.
3. The Incident Commander will instruct the Security/Utilities Team to prevent students from approaching the fire and keep routes open for emergency vehicles.
4. The HazMat/Fire Team will contact the local Fire Department and will work with the Fire Department to determine if school grounds are threatened by the fire, smoke, or other hazardous conditions.

5. The principal may initiate an Indoor Activities Schedule to further protect school community from environmental discomforts. This is accomplished by closing all doors and windows and running the air conditioning, as HVAC systems can improve air quality, due to better filtration than typical home systems. For greater detail, refer to REF-5803 Emergency Procedures, Drills and Districtwide Exercises.
6. In addition, the principal can determine air quality by accessing the Los Angeles Unified Know Your Air Network. The network consists of over 200 air quality sensors deployed at school sites and facilities throughout the entire 710 square-mile District to show local conditions in real time. Every school in Los Angeles Unified has a network sensor nearby (within approximately 1.6 miles), allowing all schools to determine air quality by looking at the nearest sensors. The network can be accessed at https://www.lausd.org/knowyourairnetwork.
7. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident. Region personnel will call the Region Public Information Officer with information on this situation.
8. If the Incident Commander issues the Evacuate Building action, staff and students will evacuate the affected building(s) using prescribed routes or other safe routes to the Assembly Area.
9. The Incident Commander will notify OEHS at (213) 241-3199 of the fire.
10. In the event of an evacuation, teachers will bring student rosters and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
11. The Incident Commander or Public Information Officer will monitor local news outlets and initiate further actions as appropriate.
12. The Incident Commander will notify and update parents via Connect.
13. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
14. If needed, the Logistics Team Lead will notify Bus Dispatch 1-800-LABUSES to request buses for staff and student evacuation.
15. The Incident Commander will initiate a Relocation if warranted by changes in conditions.

Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will update the school community.

7.11 Food/Beverage/Water Contamination

This procedure should be followed if site personnel report suspected contamination of food or beverages served for the various food programs. This procedure applies where there is evidence of tampering with food packaging, observation of suspicious individuals in proximity to food or beverage supplies, or if notified of possible food contamination by Central District staff or local agencies. Indicators of contamination may include unusual odor, color, taste, or multiple employees or students with unexplained nausea, vomiting, or other illnesses. Online training about food safety is available on MyPLN in course STEPS 417.

Note that the Food Services Division will support with the procedures related to food and beverages that they serve.

Suspected Contamination of Food/Beverage/Water Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will isolate and secure the suspected contaminated food/beverage/water to prevent consumption, and will restrict access to the area.
2. The Incident Commander will notify:
   - 911
   - School Police (213) 625-6631
   - County Department of Health Services (213) 974-1234
   - Office of Environmental Health and Safety (213) 241-3199
   - Food Services Division (213) 241-2993 or (213) 241-6419
   - District Nursing Services (213) 202-7580
   - Region Administrator of Operations and/or Operations Coordinator
3. The Planning and Intelligence Team Lead will make a list of all potentially affected students and staff and provide the list to responding authorities.
4. The Triage Team and/or school nurse will assess the need for medical attention and provide medical assistance as appropriate.
5. The Planning and Intelligence Team Lead will maintain a log of affected students and staff and their symptoms, the food/beverage/water suspected to be contaminated, the quantity and character of products consumed, and other pertinent information.
6. The Incident Commander will confer with the Los Angeles County Department of Health Services before resuming normal operations.
7. The Incident Commander will notify and update parents via Connect.
8. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
9. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

The Food Services Division will conduct their own investigation if the contaminated food/beverage originated from the cafeteria. A Quality Control Incident Form is completed by the cafeteria manager and submitted to a Nutrition Specialist at the Food Services Division central office within 24 hours. He/she reviews the form, notifies the vendor from which the contaminated food/beverage originated, and has a sample of it picked up from the school to undergo laboratory testing. The lab results take 2-5 working days. If tests show positive for food-borne illness, Food Services reports the findings through iSTAR and to OEHS for direction and follow-up.

For cases involving water contamination, as well as non-cafeteria food and beverage spoilage or contamination, OEHS will support the school with proper protocol.

Powered by BoardOnTrack

7.12 Public Health Emergency

The District's pandemic strategic plan is available here: LAUSD COVID-19 Compensatory Education Plan.

A Public Health emergency involves an infectious disease outbreak or a pandemic which requires a large-scale emergency need for medical health care services. A pandemic is the worldwide spread of a new disease, according to the World Health Organization. A pandemic occurs when a new virus emerges for which there is little or no immunity in the human population, begins to cause serious illness, and then easily spreads person-to-person worldwide. A Public Health emergency is often due to an influenza outbreak or other infectious disease that affects a school community. These incidents can also be more local and contained such as a suspected tuberculosis or measles outbreak at a school. During a suspected Public Health emergency, the principal or designee will consult with District Nursing Services at (213) 202-7580 and Student Medical Services at (213) 202-7590. Online training about Public Health emergencies is available on MyPLN in course STEPS 416.

During a large-scale Public Health emergency, the District will mobilize designated staff for a uniform, systemic, and comprehensive response. Both District and local level Operations staff will serve a critical role in gathering and dissemination information and supporting schools. L.A. Unified recognizes the authority of the Los Angeles County Public Health Officer in matters related to a disease outbreak or other Public Health crises and will work cooperatively with the Health Officer to prevent, mitigate, and respond to cases. The Health Officer and Public Health disease control specialists will evaluate the local situation and determine actions necessary to control the disease outbreak in schools and in the community. Health Officer Orders, guidelines and instructions will be continually revised and updated as the outbreak is tracked in the county. Illness may spread rapidly or slowly, may vary among communities locally, nationally, and worldwide, and the outbreak may persist over several months or even years.

During Public Health emergencies, schools may be approached by parents, teachers, and staff who are concerned about the health and safety of students. Specific details and updates including mitigation efforts and County orders will be provided on an ongoing basis as events evolve and directives change. It is imperative that the most updated information be sought and implemented. These will be shared through multiple means, including email, Connect messaging, KLCS, official District social media, virtual town halls, or other forums.

In a disease outbreak or pandemic, information materials may include:

- Letters to parents, teachers, and staff with instructions and risk communication information as issued by the Public Health Department's Health Officer.
- Brochures, infographics, and other informational materials.
- Frequently Asked Questions (FAQs).
- District webpages, maintained with links and updated information as knowledge evolves about the pandemic.

Healthy Habits to Reduce Public Health Emergency Impact

7. Threat and Hazard-Specific Annexes

Schools can reduce the impact and spread of an infection by reinforcing basic healthy habits. Follow and promote the below practices and be aware that additional specific measures may be required to address the circumstances of the public health emergency. These practices include:

- Wash hands often. Require that all employees and students wash their hands with soap and water for at least 20 seconds after visiting the restroom or changing diapers/toileting, before and after eating and after handling animals or animal waste. If soap and water are not available, schools can purchase approved sanitizer from the District Warehouse. Schools must stock adequate hand-washing supplies for all restrooms.
- Cover nose and mouth when coughing or sneezing. Germs are spread when people cough and sneeze. Require that students cough or sneeze into a tissue or, lacking that, into a sleeve or elbow. Classrooms should be stocked with tissue to facilitate this activity.
- Get vaccinated. Vaccination can drastically reduce the chance of contracting many diseases.
- Routinely clean and disinfect surfaces. Cleaning with soap and water removes dirt and most microorganisms. Using a disinfectant kills additional disease-causing germs. All common surfaces should be disinfected frequently with an approved product. A list of District-approved products is available through the LAUSD's Office of Environmental Health and Safety website.
- Stay at home if you are ill or have signs or symptoms of an infection. Students who become ill while at school should be sent home as quickly as possible. Note that for some infectious diseases, infected individuals may not present any symptoms or symptom manifestation may be delayed.
- Exclude from all school activities students and staff who are symptomatic. In the event of any Public Health outbreak, limit contact with people who are symptomatic. This means that students and staff who come to school with noticeable symptoms such as an elevated temperature, cough, runny nose, or other symptoms common for that outbreak, should be separated from the general school population and sent home until they recover. Students who develop these symptoms at school should be isolated to contain germs, and then sent home with a parent or guardian.
- Handle and prepare food properly. Buy and refrigerate perishable foods quickly. Store food properly. Wash hands, kitchen surfaces, and utensils while preparing food. Wash raw foods and vegetables.
- Avoid exposure to all blood and other body fluids. Use gloves and practice thorough and frequent handwashing.
- Waste Disposal: Schools should carefully dispose of waste. A container lined with a biohazardous bag marked with the international biohazardous symbol is recommended for disposal of waste containing blood or any bodily fluid spills that may contain blood. This waste should be double-bagged. If needles, syringes, or lancets are used in the school setting, arrange for an appropriate Sharps container. The container must have the proper Sharps waste label attached. Place intact needles and syringes in the

designated Sharps container. Do not bend or break needles. Do not recap needles. Once sharps containers are ¾ full, it needs to be closed and disposed of into a consolidated bin. On site medical staff are responsible for disposing sharps container(s) into labeled sharps consolidation bin. Contact Nursing Services for directions about disposal of these types of contaminated materials. Also reference OEHS' Disposal Procedures for Hazardous Waste and Universal Waste (REF-4149 Disposal Procedures for Hazardous)

Continuity of instruction. When emergencies disrupt in-person instruction pursuant to CA E. C. § 41422 or 46392, it is the District's responsibility to ensure continuity of instruction. During large-scale learning disruption, students may be absent for extended periods, sometimes weeks or longer. As a mitigation strategy, school dismissals, closures, or capacity limitations may be implemented.

The Division of Instruction (DOI) has established alternate modes of learning in the event of a large-scale learning disruption to the District's instructional services. The Division of Instruction will provide guidance to administrators and support the implementation of alternative learning processes.

Also, see School Closure in Section 6: Functional Annexes.

Reopening. When the risk subsides, the District will consider Public Health guidance, scientific research, and local-level factors to implement a partial, incremental, or total return to normal operations. Any such decisions will be communicated to and coordinated with regional leadership who will then communicate with school sites.

The District will work with local-level offices to provide guidance to schools such as: campus cleaning and other pandemic-related safety procedures; student academic assessment, academic intervention, and grading; mental health services for students and employees; assessing students with disabilities in reviewing, revising, or creating IEPs; remediation, if the school was used for emergency operations; and accounting for students who do not return to school.

Considerations for Emergency Preparedness

Based on the nature, scale, and duration of the pandemic, as well as whether any in-person instruction is/may be taking place, school administrators should plan for a potential need to address the following, as applicable:

- Schools are expected to conduct all required emergency drills with each campus cohort during hybrid learning. Schools that have groups of students rotating through campus will need to hold drills for each schedule. Drill frequency table is available at http://lausd.org/drills.
- Submit emergency drill evaluations separately for each cohort.
- Conduct an ISSP review to update staffing and ensure that everyone with an emergency role will be working in person.
- Develop contingency plans for handwashing during disasters or during a loss of water on campus. Identify any outdoor handwashing stations that may be used during a disaster.

- Evaluate any designated outdoor isolation/quarantine areas for potential use for the same purpose during emergencies requiring evacuation. Consider: distance from buildings (building damage/rubble), reasonable distance from assembly area, line of sight (preferable), and communication between areas. If the existing areas are not suitable, identify isolation and quarantine areas near the assembly area for any students or employees who present symptoms and need to be isolated or quarantined. Assign staff to monitor these areas as needed.
- Identify alternate indoor spaces to use during lockdowns and shelter-in-place incidents/drills for each outdoor isolation and quarantine area and for outdoor classrooms, if any.
- Evaluate current assembly area and determine potential need to redefine or expand it to accommodate appropriate physical distancing; if necessary, establish a larger assembly area that will allow for proper social distancing.
- Establish the expectation that teachers should bring classroom hand sanitizer when evacuating.
- Inventory current emergency supplies and evaluate supply needs in classrooms, offices, and the emergency bin, including those specifically needed due to the nature of the outbreak/pandemic, including PPE for any parents/guardians who show up to collect their child at the request/reunion gates.
- Ensure that all staff are aware of and practice revised emergency procedures.
- Discuss changed/additional emergency actions during professional development and parent meetings.
- Consider using various communications channels, such as email, text, or Connect, to share key details of the modified emergency plan with parents/guardians, including expectations at the request and reunion gates.
- Review with students the additional emergency actions they will need to take. If these measures are new to the emergency response process, teachers and support staff should monitor and support students as they follow these protocols to facilitate proper implementation.

Additional Considerations

The following can facilitate the prevention and/or mitigation of outbreaks/pandemics.

Health Education Messages: Health education materials are critical because the impact and spread of a virus can be reduced or eliminated by training and education. Health education will also mitigate fear and reduce behavior or actions that will be disruptive to school activities. Education is also important as knowledge and mitigation strategies can change when dealing with a novel virus. As knowledge evolves, schools must ensure proper updates are followed and shared. Everyone at school should follow and help reinforce safe and healthy hygiene practices with students and the rest of their school community.

Alternative Use of District Buildings: School administrators and employees shall be aware that the LACDPH or other government entity may ask to use schools as Points of Distribution (PODs) in response to an outbreak. They may use a large room, such as the gym, to vaccinate or

Powered by BoardOnTrack

distribute medication to the community or they may use a school parking lot to distribute food or other basic necessities. If LACDPH asks to use schools as PODs, OEM and the Region will work with site administration at selected sites to coordinate the activity. The Superintendent may also decide to use our own facilities to provide similar services to our school families and community.

Additional Responsibility of School Administrators: Administrators should prepare to facilitate the following, depending on the nature and scale of an outbreak/pandemic:

- Collection and submission of data on the numbers of students who are ill with a given disease.
- Visitation by LACDPH, which may visit schools to evaluate the implementation of Health Officer Orders and guidelines.

They may use its emergency reporting platform, School Emergency Status Report (SESR) or other resources to help track and report staff and student attendance or other metrics. Schools must adhere to any temporary changes in attendance recording protocols to ensure proper reporting. During a pandemic, these systems can be used to help determine District absenteeism rates and inform decisions made by the District or Public Health Officer to strengthen, implement, maintain, or forecast protective measures.

7.13 Suicide Risk and Self-Injurious Behavior

Procedures for Responding to Students who Exhibit Suicidal Ideation/Behavior

The school administrator should ensure that all incidents of suicidal ideation and/or behaviors are properly assessed, in accordance with the guidelines and protocols indicated in the District's BUL-2637 Suicide Prevention, Intervention, and Postvention (Students).

Suicide is death caused by self-directed injurious behavior with the intent to die. Sometimes there may be a precipitating event, such as a break-up or recent death of a loved one, prior to the death by suicide. However, it is important to remember that suicide is a complex phenomenon that cannot be attributed to one single cause.

The primary purpose of a suicide risk assessment is to determine if a person of concern poses a risk to themselves. The following are general protocols and procedures for the administrator/designee, crisis team member, and/or STPL to respond to reports of students at risk for suicide.

There are four stages for the suicide risk assessment process:

- Stage I: Immediate Risk Reducing Interventions
- Stage II: Assess for Suicide Risk
- Stage III: Communicate with Parent/Guardian
- Stage IV: Implementing Action Plan

Within each stage, the urgency of the situation may dictate the order in which the subsequent protocols are followed and necessary.

For support and consultation, contact the Student and Family Wellness Resources Line at (213) 241-3840, Monday through Friday.

In case of an emergency, call 911. For law enforcement and/or after-hours response, contact the Los Angeles School Police Department (LASPD) at (213) 625-6631.

7.14 Threat to Others

The school administrator should ensure that all threats are properly assessed, in accordance with the guidelines and protocols indicated in the District's BUL-5799 Threat Assessment and Management (Student-to-Student, Student-to-Adult).

For support and consultation, contact the Student and Family Wellness Resources Line at (213) 241-3840, Monday through Friday.

In case of an emergency, call 911. For law enforcement and/or after-hours response, contact the Los Angeles School Police Department (LASPD) at (213) 625-6631.

Employees as Mandated Reporters of Student Threats or Perceived Threats

In accordance with CA E.C. § 49390-49395, all employees are mandated reporters of student threats or perceived threats to commit a homicidal act related to school or a school activity.

- An employee who is alerted to or observes any student threat or perceived threat to commit homicide, must immediately report the threat or perceived threat to the Los Angeles School Police Department (LASPD) at (213) 625-6631 or local law enforcement, as well as the site administrator.
- Upon receiving a report of a threat or perceived threat, the local law enforcement agency, with the support of the school site or local educational agency, shall immediately conduct an investigation.
- An investigation by law enforcement, including LASPD, is not a substitute for a multidisciplinary threat assessment team meeting.

Protocol for Responding to Threats of School Violence

A threat assessment should be conducted when there is a direct, clear, and plausible threat of serious physical violence toward another person or District site. Additionally, a threat assessment could be conducted if the totality of the circumstances warrants an assessment. In general, to evaluate a threat, the team should have as many details about the person of concern, including baseline behavior, worrisome behaviors, threats made, and relevant past behaviors. For example, information gathered can include specific details about the thoughts and planning of a specific threat. A lack of specific details may indicate that little thought has gone into the threat and the threat maker is just venting frustration or trying to frighten people. A threat that contains specific details about targets, weapons, locations, and motivation is much more likely to be carried out. The more detail contained in a threat, the more thought that has gone into the planning.

Powered by BoardOnTrack

7. Threat and Hazard-Specific Annexes

The primary purpose of a threat assessment is to determine if a person of concern poses a risk of violence to the target(s) they have threatened. The following are general protocols and procedures for the administrator/ designee to respond to any reports of school violence or threats in schools, at District and school-related activities, and in areas within the District's jurisdiction.

There are four stages for the threat assessment and management process:

- Stage I: Immediate Risk Reducing Interventions
- Stage II: Information Gathering
- Stage III: Multidisciplinary Threat Assessment Team Meeting
- Stage IV: Implementing Action Plan

Within each stage, the urgency of the situation may dictate the order in which the subsequent protocols are followed and necessary.

7.15 Tsunami

A tsunami is a series of ocean waves that sends surges of water onto land. Waves sometimes reach heights of over 100 feet and can cause great destruction. Tsunamis are typically caused by large, undersea earthquakes, but may also be caused by underwater landslides or volcanic eruptions. Shaking events can generate a tsunami in the area where the shaking occurred with little warning time, or thousands of miles away, with several hours of warning time.

These procedures should be followed by the designated schools near the ocean or on field trips to or near the beach or when a distant or local shaking event has occurred and generated a tsunami. Schools located inside the known tsunami inundation area have a Tsunami Annex for their ISSP. All of the identified schools have been issued weather alert radios that send out tsunami advisories from the National Oceanic and Atmospheric Administration (NOAA). Information is available in the LAUSD REF 5435 NOAA Weather Radio All-Hazards Alerts.

Tsunami Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate appropriate emergency functions, which may include Shelter in Place, Evacuate Building, or Relocation. If on a field trip, this duty is a responsibility of the lead teacher or administrator in charge of the field trip. The specific action will depend on how close the school is to the ocean, and how much time there is to act.
2. The Incident Commander or school Public Information Officer will monitor local news outlets for information such as evacuation notices and initiate further actions as appropriate. Schools in the Tsunami Inundation Zone have a NOAA weather alert radio with battery back-up in the Main Office.
3. If the Incident Commander issues the Evacuate Building or Relocation action, staff and students will evacuate affected buildings using prescribed routes or other safe routes to the area identified in the school's tsunami annex. The evacuation destination for a field trip should be to land that is at least 100 feet above sea level. Evacuees should stay away from coastal and low-lying areas. Waves may continue for several hours and travel several times faster than walking, running, or driving.

4. In the event of an evacuation, teachers will take students rosters and any classroom emergency supplies when leaving the building and take attendance once the class is assembled in a safe location. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
5. The Incident Commander will notify School Police at (213) 625-6631 and the Region Administrator of Operations and/or Operations Coordinator of the incident. Region staff will inform the Region Public Information Officer of the situation.

* The above procedures are also followed for field trips on or near the beach if there is a threat of a tsunami.

7.16 Utility Failure

A utility failure is a situation involving a loss of water, power, or other utilities on school grounds.

7.16.1 General Loss or Failure of Utilities Procedures

1. If water or an electrical line is broken, an effort should be made to turn off water or power to the affected area and to notify the school administrator immediately.
2. If a gas leak is suspected or the loss of utilities poses a risk of explosion, refer to Section 7.10 Explosion/Risk of Explosion on School Property.
3. Upon notice of loss of utilities, the principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate appropriate emergency functions, which may include Shelter in Place, or Evacuate Building.
4. The Incident Commander will notify the Area Maintenance and Operations (during business hours) or School Police at (213) 625-6631 (at all other days/hours) and will provide the location and nature of emergency. Other personnel will be notified at the discretion of the Incident Commander.
5. Area Maintenance personnel, working with the Incident Commander, will contact the affected utility company to determine whether their assistance is required, recommended actions, and the potential length of time service will be interrupted.
6. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the loss of utility service.
7. If the Evacuate Building action is initiated, teachers will take student rosters and any classroom emergency supplies when leaving the building and take attendance once the class is assembled in a safe location. Teachers are to account for any students with a cognitive disability who may not have understood the directions.
8. The Incident Commander will notify and update parents via Connect.
9. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
10. As needed, school emergency supplies will be utilized to compensate for the loss of a utility.
11. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

Powered by BoardOnTrack

12. In addition to the procedures listed above, the Incident Commander will implement the protocols for specific concerns below as needed.

7.16.2 Loss of Water Supply Procedures

The following operational items apply at a school that has lost its water supply. Many issues can be easily solved if the school has adequate emergency supplies:

1. **Bathrooms** - School personnel can make a regular toilet work by pouring a half-bucket (about 2.5 gallons) of water into the toilet to provide the “flush.” Water stored in emergency barrels can be used for this purpose. This method is often easier than setting up toileting stations of 5-gallon buckets with plastic bags in them. Standard toilets can also be lined with plastic bags. Bucket toilets and toilets lined with plastic bags generate bags of hazardous waste that need to be disposed of properly. One disposal method is to dump the contents of the bags into the standard toilets when they are returned to service. Be advised that this method is messy at best. Schools must also provide toilets that are accessible to students with specific needs.

   Health code requires that the students have a way of washing their hands after going to the bathroom. Water from the emergency supplies, waterless hand cleaner, or wipes will fulfill that requirement and should be stored with the other emergency supplies.

   If portable toilets are delivered, schools must make sure that there are also hand cleaning stations set up, as well as accessible toilets for students with specific needs. Mark at least two of the portable toilets for faculty use.

2. **Cafeteria** - To keep the cafeteria open, cafeteria staff must have clean water to wash hands and clean surfaces. Water can be pumped from the emergency water barrels into a plastic water carrier. The water carrier can be taken to the kitchen, and cafeteria staff can use the water at their sink. If the cafeteria staff needs hot water, they can heat it.

3. **Drinking Water** - Drinking water can be addressed in many ways. Water can be distributed in cups or individual bottles/pouches, depending on what was stored. Often the utility provider or Maintenance and Operations will obtain bottled water for the school.

   If schools are using water from the emergency water barrels, they must re-chlorinate the water 30 minutes before it is made available for consumption. Details are available in the REF-5451 School Site Emergency/Disaster Supplies.

4. **Fire Suppression** - The fire code requires that if the automatic fire sprinklers are disabled for any reason, schools must post a fire watch. For complete and specific instructions, please see REF-1909 Procedures for Fire Protection Systems. The law requires that someone must continuously patrol the entire campus every half hour and then log in the fact that no fire was seen. The person conducting the fire watch shall be knowledgeable of the fire watch procedures, should have a radio, be able to notify the fire department and alert and evacuate the building occupants. The fire department and

Powered by BoardOnTrack

the Office of Environmental Health and Safety at (213) 241-3199 must be notified. Logs must be kept, documenting who patrolled the building, where they went and when they made their rounds. Schools shall notify the fire department to request permission to implement the fire watch:

- Los Angeles City Fire Department (Valley) (818) 728-9922
- Los Angeles City Fire Department (Los Angeles) (213) 978-3800
- Los Angeles County Fire Department (323) 881-2455

Only the fire department can authorize a school to go off fire watch. Schools will need to save and document all contacts with the fire department to ensure they followed the Fire Code.

6. **Other Concerns** - At secondary schools, there may be a request to use the showers, which cannot be accommodated. The nurse may also ask for water to wash hands. They may be able to use waterless hand cleaner, but they will still need water for cleaning wounds, etc. Schools can pump the emergency water into a water carrier for the nurse to use at the sink in the Health Office or provide bottled water.

7.16.3 Loss of Power Procedures

The following are concerns that need to be addressed at a school that has lost electrical power.

1. **Lights** - Schools are built to take advantage of natural light. Classrooms often have one wall of windows, so there should still be visibility, even without electric lights. Classroom emergency kits typically include flashlights that can provide additional illumination. In many cases, the loss of electricity is minimally disruptive to instruction; it is common practice for students to remain in classrooms during a power outage.

   Almost all schools have emergency lights on battery back-up. These lights will allow students and staff to safely exit the building. These lights illuminate hallways, stairwells and exit signs. In most schools, emergency lighting operates on a series of large batteries and have the capacity to run for about an hour, so that everyone will have adequate time to exit the building. Some schools have hardwired emergency generators instead of batteries. These generators are sized to run emergency egress lighting only, and do not power other items such as elevators and air conditioning.

   Some schools have portable generators in the emergency supply bin that can power lighting in the assembly area, charge batteries on radios, and other power needs. Generators and rechargeable portable power stations are also used to supplement battery-powered medical devices for students with special needs.

   In a prolonged power outage, the Maintenance and Operations Branch provides a generator to power the cafeteria. The cafeteria has food that needs to be kept at specific temperatures to preserve safety. The generator will be used to run the refrigerators and freezer.

2. **Students on Ventilators** - The students who use ventilators are provided with a small, portable generator rechargeable portable power stations to keep the ventilator battery charged during a power outage. Typically, these students are dependent on medical devices to live. Schools that have students who use ventilators and do NOT have a generator should immediately contact the Office of Emergency Management at 213-241-3889.
3. **Fire Alarms and Suppression Systems** - During a power outage, fire alarms and notification systems will not work. The Fire Code requires that if the automatic fire alarms are disabled, schools must post a fire watch. For complete and specific instructions, see REF-1909 Procedures for Fire Protection Systems. The law requires that someone must continuously patrol the entire campus every half hour and then log in the fact that no fire was seen. The person conducting the fire watch shall be knowledgeable of the fire watch procedures, should have a radio, and be able to notify the fire department, and alert and evacuate the building occupants.

   The fire department and the Office of Environmental Health and Safety at (213) 241-3199 must be notified. Logs must document who patrolled the building, where they went and when they made their rounds. Schools shall notify the fire department to request permission to implement the fire watch:

   - Los Angeles City Fire Department (Valley) (818) 728-9922
   - Los Angeles City Fire Department (Los Angeles) (213) 978-3800
   - Los Angeles County Fire Department (323) 881-2455

   Only the fire department can authorize a school to go off fire watch. Schools will need to save and document all contacts with the fire department to ensure that they abided by the Fire Code.

4. **Food Service** - The cafeteria staff may not be able to heat food without electricity or gas. If the loss of power is expected to last through nutrition or lunch or other meals provided at school, immediately contact your Cafeteria Manager and your Area Food Services Supervisor. They can arrange for food to be brought in from an off-site location. In a prolonged power outage, the Maintenance and Operations Branch will provide a generator to power the cafeteria. The cafeteria has food that needs to be kept specific temperatures to preserve safety. The generator will be used to run the refrigerators and freezer or the food will be transported to a neighboring school or the Pico Rivera Foods Warehouse.

7.16.4 Loss of Communications Procedures

Schools regularly communicate with staff, parents, and other schools/offices using a variety of methods. Back-up methods of communicating must be identified for each system in case a primary communication system is not functioning. Communications systems may be inoperable or have intermittent service due to an issue that impacts only that system, result from an emergency or disaster that causes an outage of communications, or due to system overload

Powered by BoardOnTrack

when too many people try to use a system following a disaster. During some types of large emergencies/disasters, multiple communications systems may be down or unreliable.

A best practice is to send important communications by multiple methods (for example a voice message and a text or a newsletter that is emailed to parents and a hard copy sent home with students). It is essential to use multiple communications methods during a disaster to increase the likelihood that critical information is successfully received. The table below identifies some methods of communications commonly used by schools and which can be incorporated in a school's plan for loss of communication.

During a disaster, phone line and other communications systems use should be limited to essential information to minimize system congestion. Internet service and other data storage systems may also be unavailable during a disaster. Schools should maintain a list of key contacts downloaded onto devices and multiple copies of printed contact lists in the School Emergency Response Box.

Common School Communications Methods:

Communication Method	**Information Types**
Landline telephone	Live voice calls; recorded voice messages
Email	Written messages; digital print materials
Public address system	Live voice broadcast information to campus groups
Two-way radio	Live voice information to select campus group; emergency communications between designated schools and with LASPD; see the Emergency Radio Communications Reporting Tree for more details
Bull horn	Live voice information to campus group
Printed materials	Distributed in person
Runners/messengers	Live messages or distribution of printed materials
Cell phones	Live voice calls; recorded voice messages; text messages
LAUSD and school websites	Schedules and digital materials including policy, protocol, and other information
Connect	Automated outbound voice messaging, email, or text messaging to larger distribution groups
Social media	Written messages; digital print materials

Additional considerations for communications methods:

1. **Phone Systems** - School PBX phone systems have a battery back-up because they run on computers. This allows the phones to operate without electricity. In addition, each school has a fax machine on a separate, direct, outside analog phone line that does not go through the PBX. If the PBX system fails, the fax line will still work, and schools should keep a single-line phone handset that can be plugged into this line during a loss of power or loss of phone lines. In the event of a major disaster such as an earthquake,

Powered by BoardOnTrack

these phone lines have been listed with the phone company as “essential service lines” and will be restored first.

If a school must relocate off campus during an emergency, it can forward the main school number to an administrator’s cell phone if possible. This will allow the school to still receive incoming calls from the school’s landline phone.

An increasing number of schools have telephones that operate using Voice Over Internet Protocol (VOIP) systems. These phones, and other equipment that uses VOIP, may not function during a loss of internet service.

Additionally, schools may be able to use cloud-based telephone services using Amazon Connect, provided by the District. This allows the District to set up or forward critical phone numbers, including our schools’, to the cloud in the event of a local emergency or service disruption. School staff can take Amazon Connect calls from anywhere in the world using a computer or Chromebook with an internet service.

2. **Connect Mass Notification** - The Connect mass notification system is capable of sending voice, email and text messages during normal school operations. When a school experiences a loss of communication systems such as phones/internet, communications can still be sent through Connect.

   If only an internet connection is available, a Connect message can be created and sent. Email and text messages can be added to the message following the normal procedures. If a voice message is also desired, two options are available. The first is to utilize the text-to-speech function and to enter the script for the message into Connect. The system will then read the script when the message is delivered. This can be done for any of the languages. The second option is to record the audio message and to upload the file into the Connect message. If the audio can be recorded directly onto the device being used to set up the message (computer, tablet or smartphone), this will eliminate the need to transfer the audio file to a second device (e.g., recording the message on a smartphone and setting up the message on a computer requires that the audio file be transferred to the computer via email or text). Connect messages can be set up on a Smartphone with internet connectivity using the phone’s browser (www.finalsiteconnect.com).
   If no internet connection is available but access to any phone is available, a message can be sent out using the Connect Dial-In Messaging Card. Each Connect user account has the option to create a Dial-In Messaging Card with PIN security (Visit https://bbc.lausd.net and click on the “Dial-In Messaging Tutorial” FAQ for instructions on using the Dial-In Messaging Card.
3. **Two-Way Radios (Internal School Communications and External Emergency Communications)** - Each school has a two-way radio system that allows the school to communicate with people on that campus for daily, ongoing critical communications, and during emergencies with a neighboring campus, and directly or indirectly with School Police. Systemwide failure of the radio network is possible, but less likely to fail

in an emergency than landline or cellular phones. The radios are battery powered and will still operate during a power outage or when phone systems are down. As long as the radio batteries are charged and working, schools will be able to communicate within their campus or to a nearby campus or with School Police. Schools should keep extra radio batteries, a spare radio charger and a portable power pack with the school's emergency equipment.

Plan for a Loss of Water:
Toilets: STUDENT CAN USE THE GARDEN FOR PRIVACY, THE GARDEN IS NEXT TO THE BLACKTOP.
Drinking Water: INSIDE THE SAFETY BIN
Food Service: INSIDE THE SAFETY BIN
Fire Suppression System (if applicable): INSIDE THE SAFETY BIN

Plan for a Loss of Electricity:
Ventilation: HAVE THE STAFF OPEN WINDOWS/DOORS TO CLASSROMS, OFFFICES, AND BUILDINGS. STUDENTS CAN ALSO BE MOVED TO OPEN AREAS LIKE THE BLACKTOP.
Electric Lights: HAVE THE STAFF OPEN THE BLINDS TO THE WINDOWS AND OPEN DOORS TO LET THE LIGHT INSIDE THE BUILDING. IF THE SCHOOL HAS ELECTRICAL GENERATORS, WE WILL USE THEM.

Plan for a Loss of Natural Gas:
Food Service: PROVIDE STUDENTS WITH ROOM TEMPERATURE FOOD THAT DON'T REQUIRE GAS FOR IT TO BE COOKED.

Plan for a Loss of Communication:
Telephone Service: initiate their pre-established emergency communication plan to inform staff and parents, use alternative communication channels like cell phones, radio, or parent notification systems, and document the issue to prevent future outages and ensure a reliable system is put in place.
Intercom: immediately activate alternative communication methods, such as phone trees for staff and parents, text alerts, or the use of personal electronic devices, while simultaneously working to diagnose and repair the intercom system.

7.17 Weather

Schools may implement general inclement weather procedures during heavy rain, flooding, hail, or high winds. More information is available in REF-5706 School Procedures During Inclement Weather, REF-5435 NOAA Weather Radio All-Hazards Alerts, and BUL-963 Guidelines for Preventing Heat Stress.

7.17.1 General Inclement Weather Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate appropriate emergency actions which may include Indoor

Activities Schedule, Evacuate Building, or Relocation. NOTE: Inclement weather may block or impact routes to/from school and may necessitate an off-site evacuation even if the school itself is relatively unaffected. The principal may initiate an Indoor Activities Schedule to further protect school community from environmental discomforts. This is accomplished by closing all doors and windows and running the air conditioning, as HVAC systems can improve air quality, due to better filtration than typical home systems. For greater detail, refer to REF-5803 Emergency Procedures, Drills and Districtwide Emergency Exercises.

2. The Incident Commander will notify 911 and School Police at (213) 625-6631 and will describe the nature and extent of the incident.
3. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the emergency situation. Region personnel will call the Office of Communications with information on the situation.
4. The Incident Commander will direct the Security/Utilities Team or other available staff to secure any lightweight, unstable, or fragile items on campus and bring indoors any equipment that may become damaged by weather conditions.
5. The Incident Commander or school Public Information Officer will monitor local news outlets and NOAA weather alert radio and initiate further actions as appropriate.
6. If the Incident Commander issues the Evacuate Building or Relocation action, staff and students will evacuate affected buildings using prescribed routes or other safe routes to the Assembly Area.
7. In the event of an evacuation, teachers will bring student rosters and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
8. The Triage Team will monitor students who were exposed to adverse weather conditions (such as extreme cold, heat, or rain) as necessary.
9. The Planning and Intelligence Team will consider the impact of weather (including travel) on field trips and extracurricular activities and advise the Incident Commander if activities should be curtailed.
10. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
11. The Incident Commander will notify and update parents via Connect.
12. The Incident Commander will initiate a Relocation if warranted by changes in conditions.
13. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.17.2 Rain Procedures

Rain can cause sudden or gradual flooding, impede driving conditions, and/or be accompanied by lightning. Before every rainy season, school plant managers should be reminded to:

- Check all ground-level drains and drainage areas to make sure they are free of debris and work properly. Clogged drains should be reported for repair since they can cause flooding and building damage.
- Inspect roof scuppers and drains to make sure they work properly.
- Request sandbags and plastic sheeting from the operational area that can be used to divert water away from doors.

Flood/Flash Flood

A Flash Flood may accompany rain or may appear suddenly as a result of storm conditions elsewhere in Southern California and may impede driving.

Hail

Hail can damage buildings and equipment, possibly injure students or adults (depending on the size of the hailstones) and may be accompanied by unusually cold weather.

Landslide/Debris Flow

Landslides can be caused by a variety of factors including earthquakes, storms, fire, and by human modification of land. Landslides can occur quickly, often with little notice. In a landslide, masses of rock, earth, or debris move down a slope.

Debris and mud flows are rivers of rock, earth, and other debris saturated with water and develop when water rapidly accumulates in the ground, during heavy rainfall or rapid snowmelt. They can flow rapidly, striking with little or no warning, and may travel several miles from their source, growing in size as they pick up trees, boulders, cars, and other materials.

Thunder/Lightning

All thunderstorms produce lightning and are dangerous. Stop all outdoor activities and move activities indoors if you hear thunder or see lightning. Wait 30 minutes after the storm to resume outdoor activities.

Wind

High winds can create power outages, knock down trees and utility lines, and remove exterior building materials (such as gutters and shingles). Caution should be taken in areas where pop-up canopies, dining table umbrellas, tree branches or other objects may become airborne and exposed to wind damage. Students and staff should be kept away from these areas while high winds are present.

7.17.3 Funnel Clouds/Tornado Procedures

Funnel clouds and tornadoes are possible in the Los Angeles area. If a funnel cloud is sighted or a tornado warning is issued, immediately move all students indoors. Basements offer the best protection. Schools without basements should use interior rooms and hallways on the lowest floor, away from windows and other sources of glass. Rooms with large roof spans (e.g., gymnasiums, cafeterias, and auditoriums) offer little or no protection from tornado-strength

winds. Students should sit facing an interior wall, elbows to knees, with hands over the back of their heads, and remain in position until an all-clear is sounded.

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate the appropriate emergency function, Shelter in Place.
2. The Incident Commander makes the following announcement over the PA system or an alternate method of communication: “Your attention please. We are implementing an Indoor Activities Schedule, due to severe weather. Students and staff are to remain inside the building away from windows. Sit on the floor, face the wall, and protect your head with your arms. All students and staff that are outdoors are to immediately move to the protection of an inside room. As soon as we have further information, we will share it with you.” NOTE: The principal may initiate an Indoor Activities Schedule to further protect school community from environmental discomforts. This is accomplished by closing all doors and windows and running the air conditioning, as HVAC systems can improve air quality, due to better filtration than typical home systems. For greater detail, refer to REF-5803 Emergency Procedures, Drills and Districtwide Emergency Exercises.
3. If indoors, teachers will keep students in the classroom until further instructions are given.
4. If outdoors, students will proceed to their classrooms if it is safe to do so. If not, teachers or staff will direct students into the closest classrooms or school buildings. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers are to take roll and to notify the office with the number and names of students in the room with them.
5. The Incident Commander will notify 911 and School Police at (213) 625-6631 and will describe the nature and extent of the incident.
6. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the emergency situation. Region personnel will call the Region Public Information Officer with information on the situation.
7. The Incident Commander or Public Information Officer will monitor local news outlets and NOAA weather alert radio and initiate further actions as appropriate.
8. Teachers will take attendance to account for students and notify the office of missing students.
9. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
10. The Incident Commander will notify and update parents via Connect.
11. The Incident Commander will initiate a Relocation if warranted by changes in conditions.
12. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.17.4 Heat Procedures

The intensity of exercise activities must be limited or modified whenever the Heat Index is above 95°. Details are available in BUL-963 Guidelines for Preventing Heat Stress. A useful resource that calculates the heat index and offers heat safety tips is the OSHA smartphone app,

the OSHA Heat Safety Tool. For information specifically geared towards employees, the California Division of Occupational Safety and Health provides a website with valuable information to help protect employees from heat-related illnesses at http://www.dir.ca.gov/DOSH/HeatIllnessInfo.html.

Modifying Athletic Activities During Excessive Heat

During times of excessive heat, the following precautions need to be taken for outdoor physical activity which includes recess, physical education, recreation, and competitive sports:

- Adequate water must be available. If adequate water is not available, physical activity must be modified. During the activity, periodic drinking of water every 15 to 30 minutes should be encouraged.
- Staff and all personnel supervising physical activities, including Youth Services personnel, should observe students during activity periods and modify activities. Students known to have health problems should be closely observed and their activity modified or restricted.

Strategies for Preventing Heat Stress During the School Day

- A “cool room” should be established for use by students showing early signs of heat stress. This room should provide maximum coolness possible. During excessive heat the “cool room” should be available for use at all times during the school day.
- Hold events indoors with air conditioning when possible. Shade should be made available in outdoor areas.
- Use current medical health history to identify students susceptible to or at high risk for heat related injuries. Students identified as high risk should be removed from participation at a lower Heat Index. These would include:
  - Students with history of previous heat illness
  - Students with current illnesses and/or health sensitive medical conditions
  - Students who have experienced recent injuries

7.17.5 National Weather Service Hazardous Weather Alert Definitions and Procedures

The National Weather Service issues three distinct categories of hazardous weather alerts, covering all manner of weather events. Schools will receive weather alerts via NOAA weather radios or mass media outlets. More information is available in the REF-5435 NOAA Weather Radio All-Hazards Alerts and at https://www.lausd.org/noaa.

Watch - when the risk of hazardous weather has increased significantly, but its occurrence, location or timing is still uncertain. A “watch” is intended to provide enough lead-time to set emergency plans in motion. A watch means that hazardous weather is possible, and schools need to listen for later information and possible warnings. If a weather watch is issued, schools in the affected area should:

- Review the ISSP and confirm staff assignments for emergency positions
- Consider if field trips and extracurricular activities should be adjusted/cancelled
- Review Connect emergency contact lists for staff and students
- Monitor local weather via www.weather.gov and/or a NOAA weather radio

Powered by BoardOnTrack

- Inspect the campus for conditions that could cause damage

Advisory - issued when a hazardous weather event is occurring, imminent or likely. Advisories are for less serious conditions than warnings that cause significant inconvenience. If caution is not exercised, conditions could lead to situations that may threaten life or property. If a weather advisory is issued, schools in the affected area should:

- Review the ISSP
- Check emergency supplies
- Consider if extracurricular activities, field trips, and after-school programs should be adjusted/cancelled
- Plan for a modified activity schedule
- Move outdoor equipment out of harm's way
- Monitor local weather via www.weather.gov and/or a NOAA weather radio
- Check school site for hazards and exposures that can be mitigated
- Send a Connect message if extracurricular activities may be impacted

Warning - issued when a hazardous weather event is occurring, imminent or likely. A warning means weather conditions pose a threat to life or property. People in the path of the storm need to take protective action. If a weather warning is issued, schools in the affected area should:

- Activate ISSP
- Stage emergency supplies in a location protected from weather
- Send Connect message, update school website, and school social media accounts to notify parents
- Notify Region Operations of actions
- Take proactive steps to protect students and staff
- Cancel activities, field trips, and after-school programs if expedient to do so

ICS Definitions for Schools

Incident Command Team:

Incident Commander - responsible for directing emergency operations

Public Information Officer (PIO) - official spokesperson for an incident

Safety Coordinator - ensures that emergency operations are conducted safely

Planning/Intelligence Lead - responsible for collecting and evaluating information

Operations Lead - responsible for managing all tactical operations at an incident

Logistics Lead - provides all incident support needs, such as, facilities, transportation, communications, supplies/equipment, and food services

Finance/Administration Section Lead - responsible for managing all financial aspects and paperwork of an incident

Emergency Teams:

Triage Team - performs triage and provides medical assistance, ensures supplies are accessible, and evacuates and stages supplies

School Site Crisis Team - provides psychological/emotional support for students and staff

Search and Rescue Team - performs search and rescue operations

Access and Functional Needs Position - ensures the safety of students and adults with access and functional needs during drills and emergencies

Security/Utilities Team - ensures school site security and performs short-term repairs and shutoff of utilities

Fire Suppression/Hazmat Team - extinguishes small fires and evaluates chemical spills

Assembly Area Team - ensures safe evacuation and accounting for all students, staff, and visitors

Request Gate Team - processes requests for student pick-up

Reunion Gate Team - reunites students and parents at Reunion Gate

Supply/Equipment Team - ensures adequate equipment and supplies

Hygiene Team - provides all necessary sanitation-related support

Transportation Support Position - coordinates transportation assets and plans, such as, for an off-site relocation from the school

8. Appendices

Documentation/Communications Position - maintains emergency log, analyzes situation, and updates Incident Commander

Cost/Staff Accounting Position - maintains accurate emergency time records for all site-based and itinerant employees

LAUSD Explosive Device Threat Report

School: _____

Date of Call: _____

Person Receiving Call: _____

Time of Call: _____

Incoming Phone No.:_____

I. REPORT OF PERSON RECEIVING CALL

Keep the caller on the line as long as possible (ask caller to repeat statements, ask more questions) and signal to another person to call police.

Questions for Caller

Ask the caller the following questions and write answers in the spaces below:

Explosive Device Information:

Where is the explosive device? (Get most specific information as possible.)

_____

When is it going to explode?_____

What kind of explosive device is it? _____

What does it look like? _____

Who set the explosive device?_____

Why was the explosive device set?_____

What can we do for you to keep the device from exploding? _____

_____

Caller Information:

What is your name? _____

How old are you? _____

Where do you live? _____

(If voice youthful) Are you making this threat to avoid taking a test/final? _____

Are you a member of a terrorist organization? Which one?

_____

How can you be contacted? _____

Call Characteristics Evaluation Check and describe the noted characteristics in the spaces provided below.

_____

_____

_____

_____

_____

Message Details: (Use the caller's exact language where possible.)

Caller's Voice:

List other issues: _____

List assistance requested: _____

Emergency Drill Evaluation Worksheet

All emergency drill evaluations must be submitted at http://emergencydrills.lausd.net. Schools are expected to submit an evaluation after each emergency drill and radio test. **For best results, complete the emergency drill evaluation online using a cell phone during the drill.** Responses may also be entered on this form and then transferred to the online drill evaluation system after the drill using a desktop computer, tablet, or cell phone. Questions with an * require a response.

*School**: _____

*Today's Date**: _____

First Name: Last Name**: _____

*Email Address (use lausd.net)**: _____

1) Drill Type*:

- ☐ Fire
- ☐ Earthquake
- ☐ Lockdown
- ☐ Shelter in place
- ☐ Take cover

2) Select One*:

- ☐ New drill submission
- ☐ Drill resubmission
- ☐ Actual emergency

3) Date Conducted*: _____

4) Time Started*: _____

5) Time Completed (including accounting for everyone)*: _____

6) Alert Type*:

- ☐ Bell/tone
- ☐ PA system
- ☐ Megaphone
- ☐ Whistle
- ☐ Other

7) How many minutes did evacuation take? If no evacuation, respond "0."*:

8) Did everyone on campus participate?*: Yes / No

9) If parents/guardians participated, what were their roles?:

_____

_____

_____

10) How were parents/guardians notified about the drill?*:

- ☐ Letter Sent Home
- ☐ Connect
- ☐ Newsletter
- ☐ Sign at Marquee/Entrance
- ☐ School Website/Calendar
- ☐ No Notification
- ☐ Other:

11) Was an Incident Command Post established?*: Yes / No

12) Did an employee take the School Emergency Response Box to the assembly area/command post?*: Yes / No

13) How was the school's Integrated Safe School Plan (ISSP) used for the drill?* (Mark all that apply):

- ☐ During the planning of the drill
- ☐ During the execution of the drill
- ☐ After the drill
- ☐ Did not use the ISSP

14) Comments regarding the

ISSP:_____

_____

15) Rate each of the below aspects of the drill. Five is the highest.

a) Student performance of emergency procedures*

- 5
- 4
- 3
- 2
- 1
- n/a

b) Employee performance of emergency duties and procedures*

- 5
- 4
- 3
- 2
- 1
- n/a

c) Emergency team(s) performance of duties*

- 5
- 4
- 3
- 2
- 1
- n/a

d) Accounting For everyone*

- 5
- 4
- 3
- 2
- 1
- n/a

e) Alert system*

- 5
- 4
- 3
- 2
- 1
- n/a

16) Did the School Safety Planning Committee and/or Emergency Team Leads debrief after the drill?*: Yes / No

17) List the top lesson learned from this drill and how it will be addressed:

_____

18) What District training support would improve emergency drills and/or preparedness?:

_____

A drill certificate of completion will be emailed upon submitting this evaluation online. Emails containing drill and radio test certificates and response summaries should be archived. Drill certificates should be printed and retained in the emergency drill logbook for proof of compliance during inspections. Questions can be directed to oem@lausd.net or 213-241-3889.

Biological and Chemical Release Response Checklist

School: _____

Location Code: _____

Location of Release: _____

Name: _____

Position: _____

Date: _____

	Check when complete	Notes
Have unexposed students, staff and others been evacuated from area of contamination?		
Have staff, students, or others who came in contact with the area of contamination been isolated and quarantined in a safe and separate location and cleaned their hands with soap and water?		
Have all students and staff been accounted for?		
Has the area of contamination been cordoned off and secured?		
Has the area of contamination been affixed with conspicuous signs reading: “DO NOT ENTER”?		

Have the doors and windows to the area of contamination been closed and locked?		
Have fans and ventilation systems serving the area of contamination been turned off?		
Has the Office of Environmental Health & Safety (Phone # 213-241-3199) been notified?

1.3 Overview

National preparedness efforts, including planning, are informed by Presidential Policy Directive (PPD) 8, which was signed by the President in March 2011 and describes the nation's approach to preparedness. This directive represents an evolution in our collective understanding of national preparedness, based on the lessons learned from terrorist attacks, hurricanes, school incidents, and other experiences.

PPD-8 defines preparedness around five mission areas: Prevention, Protection, Mitigation, Response, and Recovery.

Prevention means the capabilities necessary to avoid, deter, or stop an imminent crime or threatened or actual mass casualty incident. Prevention is the action schools take to prevent a threatened or actual incident from occurring.

Protection means the capabilities to secure schools against acts of violence and manmade or natural disasters. Protection focuses on ongoing actions that protect students, teachers, staff, visitors, networks, and property from a threat or hazard and the capabilities necessary to avoid, deter, or stop an imminent crime or threatened or actual mass casualty incident.

Mitigation means the capabilities necessary to eliminate or reduce the loss of life and property damage by lessening the impact of an event or emergency and reducing the likelihood that threats and hazards will happen.

Response means the capabilities necessary to stabilize an emergency once it has already happened or is certain to happen in an unpreventable way; establish a safe and secure environment; save lives and property; and facilitate the transition to recovery.

Recovery means the capabilities necessary to assist schools affected by an event or emergency in restoring the learning environment.

Recovery planning begins at the preparedness phase of crisis response. The effectiveness of recovery efforts depends on pre-planning and developing partnerships with community agencies that can provide follow-up services as needed. Recovery entails planning for the structural, business/fiscal, academic, psychological, and physical needs of the school community. The goal of social-emotional recovery is to promote coping and resiliency for students, staff, and parents/guardians.

The ongoing recovery phase is designed to assist students, staff, and their families in the healing process and to restore educational operations in school. As the initial effects of a crisis subsides, it is important for the School Site Crisis Team to continue to assess the ongoing effects of the crisis and modify the plan accordingly.

There are short-term and long-term recovery activities to consider in the aftermath of a crisis situation. In the short-term (days to weeks), the school may focus on restoring regular school functions and routines as efficiently and promptly as possible. In the long-term (weeks to months), the school may focus on individuals who require more intensive services and on systemic changes to restore the school's safe and healthy learning environment.

Access BUL-5800 Crisis Preparedness, Response and Recovery for more information.

California law requires that schools develop a comprehensive school safety plan that addresses the safety concerns identified through a systematic planning process and that all school staff be trained on said plan. To assist schools in complying with these requirements, the LAUSD developed the Integrated Safe School Plan as a template for preparing emergency procedures for each LAUSD school. Emergency management teams and procedures outlined in this plan are consistent with the National Incident Management System (NIMS) and the Standardized Emergency Management System (SEMS) developed by the State of California. This plan presents specific procedures using Incident Command System (ICS) principles to prepare for, and respond to school emergencies.

1.4 Goals

As part of the planning process, each LAUSD school reviews school-specific data and identifies several goals for the school year. This year's Integrated Safe School Plan goals are:

People and Programs Goal #1: The Wilton Leader Team will review the School wide Positive Behavior Intervention Supports Plan to view our Discipline Plan. We will review the plan with all stakeholders and improve discipline referrals by 5%. The family will receive the Handbook to review the School Discipline Policies in multiple ways. There will be opportunities during Coffee with the Principal, at Back to School Night and other Family Workshops to explain our PBIS and Leader In Me plan for the 2025-2026 school year. Professional Development will be given to the teachers on the Leader In Me comprehensive program.

People and Programs Goal #2: Our goal is to improve our Perfect and Good Attendance by 5% and decrease our Chronic Absenteeism by 6%. We will meet monthly to plan spirit weeks to encourage

Powered by BoardOnTrack

students to come to school. We will have Award Attendance Assemblies where parents and families will be invited,

Threat / Hazard: Psychological Trauma / Crisis

Threat / Hazard Goal: Our goal is to improve our Staff and Parent knowledge of Trauma and Crisis and what to do. We will increase our Workshops around the topic by 5%. We will meet monthly to plan these meetings. We will connect with outside Mental Health Providers to present at our Staff and Parent Workshops,

Emergency Function: Accounting for Students/Staff

Emergency Goal: Our goal is to improve our Accounting for Students and Staff during our Drills. We will meet monthly to plan how to account for Students and Staff in a more rapid way.

1.5 Plan Organization and Concept of Operations

The effective management of emergencies requires both adequate emergency preparedness and emergency response capabilities. This plan is a critical resource to support schools with reaching such adequacy. In order to provide robust emergency and other safety protocols for schools, the District's Office of Emergency Management facilitates an annual, comprehensive review process of all ISSP components, including the online platform contents, in collaboration with over 20 District offices. Staff from these offices review and update the content of the plan, which is also informed by the CA. Education Code and District policy. As needed, new sections of the plan are introduced to ensure greater relevance and comprehensiveness. After all recommended updates are implemented and new programming components are tested, the revised template is provided through the online platform to schools. Each school then updates and creates their specific plan before the October 1 submission deadline every year.

This plan is organized into eight sections:

- Sections 1-2 give a plan overview and cover the mitigation and prevention activities that schools can implement before an emergency.
- Sections 3-4 focus on emergency preparedness, identify the school's emergency response teams, and define the roles and responsibilities of team members.
- Sections 5-6 present laws and other guidance for determining the nature and extent of an emergency, as well as a series of initial response actions to be taken in an emergency.
- Section 7 describes the detailed emergency response procedures that will be used for the many types of emergencies that may be encountered in a school setting.
- Section 8 provides a series of appendices of supplemental emergency information, including contact information and supply lists. Standard forms, site maps and other supporting information are also contained in the appendices.

2. Plan Development

2.1 School Site Council and School Safety Planning Committee

LAUSD recognizes that everyone, from the administration and staff to the parents and the community, has a role in helping schools create safe environments. The template for the Integrated Safe School Plan is reviewed and updated annually by the District with input from subject matter experts. For all schools receiving Title I funds, the School Site Council (SSC) shall write and develop a comprehensive school safety plan relevant to the needs and resources of that particular school (CA E.C. § 32281) and its composition must comply with CA E.C. § 65000. For all schools not receiving Title I funds, the School Safety Planning Committee will develop the ISSP.

For all schools receiving Title I funds, the SSC may delegate this responsibility to the School Safety Planning Committee made up of members as outlined below (CA E.C. § 32281). This SSC delegation should take place yearly in the spring semester prior to the fall ISSP development. The school should retain the meeting minutes, agenda, and meeting sign-in and/or Zoom usage report indicating that this action was taken by the SSC in the spring semester. If the SSC delegates this responsibility or this school does not receive Title I funds, the School Safety Planning Committee is responsible for writing, implementing, monitoring, and evaluating the comprehensive, integrated plan based on the District template and unique to the school's safety needs. If the authority is not delegated to the School Safety Planning Committee, then the SSC shall develop the ISSP in the fall by October 1.

The School Safety Planning Committee, if the SSC delegates to this body or this school does not receive Title I funds, or the School Site Council should present the updated ISSP at a public meeting at the school site and include discussion and space on the agenda for the public to offer comments (CA E.C. § 32288). At schools receiving Title I funding, the School Safety Planning Committee, if the SSC delegates to this body, should also present the ISSP to the SSC by December. Approval from the SSC is not necessary since the ISSP is a pre-approved District template and the SSC delegated authority to the School Safety Planning Committee. The School Safety Planning Committee, or SSC if the committee does not exist, should notify, in writing, the following persons and entities, if available, of the public meeting to be held to review the updated ISSP: local officials; representative of the local school employee organization; representative of each parent organization at the school site, including the parent teacher association and parent teacher clubs; representative of each teacher organization at the school site; representative of the student body government; and all persons who have indicated they want to be notified (CA E.C. § 32288). **Note that the District will fulfill the requirement on behalf of all schools of notifying the local mayor.**

The uploaded document should include a dated meeting agenda and supporting documents and communications. The District shares the school’s ISSP with local first responder agencies as

per CA E.C. § 32281 and the school should make every effort to engage local first responders in preparedness and other activities that enhance emergency response.

District employees must be aware of and comply with District, state, and federal safety policies.

Schools will complete **one** of the two below tables, SSC or School Safety Planning Committee, to identify the members who developed the ISSP.

School Site Council (SSC)- Only applies to schools receiving Title I funds and whose SSC did not delegate authority to the School Safety Planning Committee

Note: The composition of the SSC must comply with CA E.C. § 65000. If necessary, please add fields for School Site Council members based on the composition of your School Site Council for this year.

2.2 Mitigation and Preparation

To effectively prepare for emergencies, a series of assessments are presented in this section regarding mitigation and preparation.

2.3 School Safety Planning Committee/School Site Council Checklist

The principal should ensure the following:

- ☐ If the School Site Council delegates to the School Safety Planning Committee, this committee is established and contains a broad representation of all stakeholder groups (students, parents, staff, and community).
- ☐ Schedule and publish the meeting dates for School Safety Planning Committee or the School Site Council.
- ☐ Send out a survey to staff to ascertain who has the training, skills, interest, and aptitude for each assignment in the Integrated Safe School Plan. Access lausd.org/ISSP and check the "Resources" section for the School Emergency Team Skills Survey.
- ☐ Assign staff to emergency roles in the Integrated Safe School Plan (ISSP) based on the results of the survey, recommendations from the School Safety Planning Committee or School Site Council if the SSC did not delegate ISSP authority, and consultation with the principal.
- ☐ If practical, the School Safety Planning Committee, or School Site Council if the SSC did not delegate ISSP authority, consults, cooperates and coordinates with other school site councils or school safety planning committees (CA E.C. § 32282).
- ☐ Prior to adoption, the revised ISSP is reviewed and discussed by the School Safety Planning Committee or School Site Council if the SSC did not delegate ISSP authority, and the administrative staff.
- ☐ A current copy of the ISSP (redacting sensitive information such as all school maps) is available for public review in the Main Office (CA E.C. § 32282). To maintain confidentiality and integrity of the ISSP, copies are not provided to the public or posted online. Additional copies are in the emergency bin and School Emergency Response Box (SERB). (See Subsection 3.17 Emergency Supplies and Equipment for some details regarding the SERB.)
- ☐ Staff members are made aware of how to access the Integrated Safe School Plan online (http://issp.lausd.net), their emergency roles in the plan, and how to print it.
- ☐ All employees are reminded of their role and responsibilities as disaster service workers. (See Section 5.)
- ☐ Verification of the ISSP public meeting is on file at the school, is uploaded into the online ISSP, and includes the meeting announcement, meeting agenda reflecting space for the public to offer comments, and sign-in sheet.
- ☐ The ISSP is evaluated and amended as needed by the School Safety Planning Committee, or School Site Council if the SSC did not delegate ISSP authority, no less than once a year to ensure that the comprehensive school safety plan is properly implemented [CA E.C. §

32282].

- [ ] Check all emergency supplies in the emergency bin, Health Office, classrooms, and School Emergency Response Box. Check for expired or obsolete supplies. Order replacement supplies from the LAUSD Stores Warehouse. Note that each year you will need to certify through the online Administrator Certification process (as described in the current version of MEM-6128.13 Administrator Certification Online System 2023-2024 for School Sites and Offices) that the school's emergency bin is stocked in adequate amounts, organized, in good working order, and within applicable expiration guidelines.
- [ ] Establish a Continuity of Service Plan (also known as a Continuity of Operations Plan). Which functions are essential? Which functions must be conducted on site? Who will replace critical staff if they are absent for a prolonged period of time? Make sure the replacement staff has keys and job descriptions for their new duties. For the school continuity plan template, see the Office of Emergency Management web site: Essential Functions for Continuity of Service at School.
- [ ] Check all school radios and contact the ITD Radio Unit at (323) 224-2411 with any functionality issues. Visit https://www.lausd.org/radiounit for additional radio information.
- [ ] Have faculty identify their neighboring classroom "buddy" to mutually check on during an evacuation. Create a list to make sure no one is omitted.
- [ ] Create/update the staff cell phone contact list and add it to the ISSP appendices.
- [ ] Check your school's emergency contact phone list of District offices and support personnel to make sure it is current and accurate, supplementing the Emergency Contacts appendix and the Additional Contacts data in Step 4 of the online ISSP.
- [ ] Schedule all emergency drills on the school's master calendar, checking the drill calendar at 2025-26 SY Emergency Drill Calendar.
- [ ] Ensure that the school's emergency response box contains current and accurate information.
- [ ] Review the school's emergency response procedures with clerical, custodial, and support staff. Make sure they are prepared, understand their roles and have the supplies they need.
- [ ] Review the school's emergency response procedures with Beyond the Bell, L.A.'s Best, Youth Services, and any other before or after-school staff. Make sure they are prepared and know how to respond to an emergency. Make sure they have access to any and all emergency supplies. Print copies of the ISSP and all contact lists for them.
- [ ] Direct staff to https://www.lausd.org/steps for online emergency training information. Administrators can also use the STEPS website to access online Emergency Management classes from Federal Emergency Management Agency (FEMA).
- [ ] Conduct a Vulnerability Assessment using the template provided on the Office of Emergency Management website. Take STEPS class 406, "Conducting a Vulnerability

Assessment," to learn more.

Powered by BoardOnTrack

2.4 Plant Inspections

Plant inspections are critical to ensuring that all schools are clean, secured, all paths of egress are open and well-lit and are essential to the safety and well-being of all students and employees of the Los Angeles Unified School District.

Plant Inspections

- ☐ Walk-through will be performed on a biannual basis by the principal and plant manager to identify any unsafe conditions.
- ☐ Emergency routes and paths of travel used to and from assembly areas shall be inspected for ADA compliance.
- ☐ Within a month of the start of the new school year, the School Safety Planning Committee will review the walk-through. A timeline for completion of necessary corrections will be reviewed and assessed monthly.
- ☐ PEREZ, JOSE will be responsible for inspecting the campus regularly for the following conditions:
    - All non-structural hazards in classrooms and other sites where students are served. These hazards may include: improper chemical storage; unsecured objects on high shelves; trees or shrubs that require pruning; trip hazards; exposed nails, screws or bolts; equipment in need of repair, or any other condition that could constitute a hazard (See the Common Safety Violations in School Classrooms guide).
    - Damaged fencing.
    - Playground facilities and equipment hazards.
    - Non-functioning lighting fixtures and burnt-out bulbs.
    - Non-functioning heating and ventilation.

Powered by BoardOnTrack

2.5 Hazards in the Community – Vulnerability Assessment

An LAUSD Vulnerability Assessment for schools to self-evaluate hazards on and off-campus is available to schools on the Administrators Corner of the OEM website and is designed to be completed by the School Safety Planning Committee or School Site Council if the SSC did not delegate ISSP authority. Completing this assessment provides additional information that will help the committee create a robust and informed Integrated Safe School Plan.

School administration should be aware of potential environmental concerns in the community that can impact the school during an emergency. For example, knowing the location of a nearby facility that uses toxic chemicals will assist in planning evacuation routes. The LAUSD Office of Environmental Health and Safety (OEHS) periodically conducts surveys to identify potential environmental concerns near schools. Site Administrators can access school specific surveys here. Maps are currently being created to identify where the hazards are located in relation to the school campus. The maps will be uploaded as they are completed. To search for a school's survey, click the "Select a School" button below and type the school name in the search box or select the school from the drop-down list. Note potential environmental concerns near the campus, include:

- Facilities containing toxic chemicals or radioactive materials
- High voltage power lines and transformers
- Transportation routes of vehicles carrying hazardous materials (truck routes or railroad right–of–way)
- Underground gas or oil pipelines
    - Schools with pipelines may also be notified by the pipeline operator who can provide additional guidance and safety measures.
- Water towers or tanks
- Unique site-specific considerations

Site administrators can meet with an LASPD officer and walk the neighborhood to be familiar with potential hazards in the community that could impact the school. These findings can be recorded on Form A - Emergency Hazard Assessment Summary.

Site administrators should visit the CalEPA website and insert the address of their school to see a list of environmentally regulated sites and facilities near their campus. The website provides an overview of regulated activities of environmental programs in California. These activities include hazardous materials and waste, state, and federal cleanups, impacted ground and surface waters, and toxic materials. Site administrators should print out the map of their school community that shows the exact location of these facilities. These sites may also be listed on OEHS' potential environmental concerns survey under CalEPA Regulated Sites of Concern within 500 ft (see above).

The map should be retained with the Integrated Safe School Plan and be a reference during emergencies and evacuations.

Federal Emergency Management Agency (FEMA) offers a comprehensive, multiple-natural hazard-based, community-level risk index which is searchable by neighborhood. Coastal flooding, earthquake, hail, heat wave, landslide, lightning, strong wind, tsunami, and wildfire are among the 18 natural hazards included.

The database can be accessed here. This index takes into consideration the risk level of experiencing the natural hazards; population vulnerability based on factors such as, age, income and living conditions cross-referenced with available community resources such as, hospitals and fire stations; and historical data on natural disasters.

2.6 Preparation and Mitigation for Students with Disabilities

Additional information is available in the MyPLN STEPS courses 210 and 410.

Addressing Concerns: As per CA E. C. § 32282, after review by a school employee, a pupil's parent, guardian, or educational rights holder, or a pupil, any concern about appropriate adaptations and a pupil's ability to access disaster safety procedures described in this plan should be directed to the school principal.

Procedures are outlined in Attachment A of REF-5511 Completing and Updating the Integrated Safe School Plan.

School staff members need to be aware of adaptations/accommodations for students with whom they work. Schools are required to establish adaptations/accommodations for students and employees with disabilities to ensure safety and implementation of any necessary documentation during any emergency (CA E. C. § 32282). In collaboration with appropriate staff, the School Safety Planning Committee or School Site Council, if the SSC did not delegate ISSP authority, should consider what additional steps and resources the school will use for students and adults with access and functional needs, disabilities, and other special needs. All emergency planning and preparation must consider the requirements of students with disabilities and other specific needs. Some students may need additional assistance during an emergency. It is crucial to prepare for the needs of these students and provide the necessary materials, resources, and personnel. Specific needs can be categorized into several, general groups:

- Mobility
- Visual
- Hearing
- Communication
- Cognitive
- Special Healthcare Needs
- Behavioral

The needs of students must be analyzed to accommodate student needs during emergencies, including procedures for emergency notification, evacuation, and sheltering.

Employees who will assist students with disabilities need to be identified before the emergency, and practice techniques for assisting these students. Staff will need to understand the capabilities and limitations of the population that they support during emergency situations. They should rehearse their role at every emergency drill so that they and the student they assist will have familiarity with the process. Participating in all emergency drills enables the students with disabilities and the employees who assist them to become familiar with one another and address any concerns before an emergency occurs.

An administrator/designee shall be identified as the primary contact for ensuring adaptations for students and others on campus with disabilities are considered throughout the ongoing development of the plan. ALVARADO, JANET This administrator and an alternate comprise the Access and Functional Needs Position (see Section 3.6).

Identification of Students with Disabilities

The School Safety Planning Committee or the School Site Council, if the SSC did not delegate ISSP authority, and other stakeholders should compile a list of students with specific needs. The list should include students with temporary physical challenges as well as students with injuries or needs that may not qualify for special education services, but who will need additional assistance during or immediately after an emergency. Knowing the most fragile and dependent members of the school population will allow the school to prepare for the challenges and be successful during an emergency.

Information about students with disabilities who need adaptations or accommodations for disaster procedures can be gathered from many sources, including:

- School Nurse/Health Care Assistants
- Parents
- Teachers/Related Service Providers
- Paraprofessionals
- Special Education Personnel
- LRE Counselors
- Students
- 504 Plans
- 504 Designees
- Counselors
- Meeting Documents/Data [e.g., Student Success Progress Team (SSPT), Interim Behavior Response Plan (IBRP), Safety Plan]

The list of students with disabilities who need accommodations or adaptations for disaster procedures can be entered in the "Alerts" module (under the student's Record Navigator) of the Welligent system that stores LAUSD student medical condition information. Specific

Powered by BoardOnTrack

equipment and supplies needed to care for each student should be listed there as well. Periodically, the site administrator can print out an updated list. Details on using the “Alerts” module in Welligent are in the online MyPLN course STEPS.

The Administrator/Designee for Access and Functional Needs should ensure that all students who have specific emergency needs have been identified and that the list of these students and their needs are available in the School Emergency Response Box (see REF-5450 School Emergency Response Boxes). Before an emergency occurs, this list should be shared with the Operations Section Lead, who oversees the Search and Rescue Teams and the Triage Teams. Both teams need to know the names and adaptations/accommodations in place for these students, as it directly impacts the response actions of those teams. This information should be shared with the Logistics Section Lead to ensure that needed supplies are available (e.g., diapers, wheelchair, specialized equipment). The Logistics Section should also be aware of the approximate number of individuals with adaptations/accommodations for disaster procedures, in the event that they need to order resources (e.g., buses). The following items should be stored in the School Emergency Response Box in folders marked “Confidential”:

- Class schedules for students with disabilities who have adaptations/accommodations for disaster procedures, so that Search and Rescue Teams will know where to look for students.
- Emergency contact information for each identified student.
- Welligent (Student Face Sheet) printouts for students with disabilities who have adaptations/accommodations for disaster procedures who may require special or additional support from the Search and Rescue and Triage Teams.

The leaders of the Search and Rescue Teams, Triage Team, and the Logistics Team should know where to get copies of these items during an emergency so that their sections can adequately address the needs of students with specific emergency needs.

Emergency Notification for Students with Disabilities with Adaptations/Accommodations for Disaster Procedures

Administration must ensure that emergency notification systems at the school site are functional for all students in all locations on campus. Conduct regular emergency drills that incorporate emergency notification systems, such as the fire alarm system and PA system, into all emergency drills to test the system and identify any non-functional elements. Drilling with the school’s emergency notification systems also creates familiarity with the sounds and lights associated with emergencies for students with disabilities who have adaptations/accommodations for disaster procedure. Supplemental online alarm systems training courses STEPS 411 and 418 are offered through MyPLN.

The Administrator/Designee for Access and Functional Needs should ensure the following are in place:

- All students are familiar with the sound of emergency alert systems, as well as the location of alarms and lights.
- All students, including students with communication challenges, are aware of the procedures used to report an emergency.
- All students, as appropriate for their age and ability, know the emergency actions to take associated with each emergency alert system or emergency PA announcement.
- Appropriate alternate emergency notification systems should be in place for students who cannot hear, including alternatives to emergency PA announcements (such as a lockdown).

Administration should make sure that all alarm systems, PA systems, and telephone systems are functional as part of the regular campus inspection process. Back-up plans, such as a cell phone list, should note individuals with adaptations/accommodations for disaster procedures.

Evacuation Concerns for Students with Adaptations/Accommodations for Disaster Procedures

As part of their planning process, schools will need to consider how they will assist students who cannot evacuate the building on their own, including students who cannot walk down a flight of stairs. In almost all situations, students can be assisted with a special evacuation device or carried down by two to four adults on the Search and Rescue Team. All multiple-story schools have been trained on how to operate an Evac+ Chair and have at least one device on campus. If you need additional support, contact the Office of Emergency Management at oem@lausd.net. Rescue technique training is available online through MyPLN course STEPS 210.

On an ordinary school day, students with mobility issues attend classes on the upper floors of buildings and use the elevator to travel from one floor to another. If there is an emergency that includes a power failure or activation of the fire alarm system, the elevator will not function, and these students will need assistance getting to the ground floor. These students will also need assistance after an earthquake, as elevators should not be used. In addition, disaster debris or damage may be disorienting to others who normally use the stairs, such as students who are blind or have visual impairments. Relocating students from upstairs classrooms with significant evacuation challenges to the ground floor should be considered for student safety.

Teachers are to use the ‘buddy system’ during evacuation, so that one teacher can take two or more classes to the Assembly Area, while the second teacher or designated adult assists or waits with students who cannot evacuate on their own.

During an emergency, Search and Rescue Teams may need to rescue students who are trapped and cannot evacuate the building on their own accord. As they search buildings, the Search and Rescue Teams need to check for any students who cannot walk down a flight of stairs.

To make sure that these students, identified assistants, and Search and Rescue Team members are familiar with each other, all students must take part in campus emergency drills. It will only be through practice that team members become familiar with the students and will be able to

Powered by BoardOnTrack

implement adaptations/accommodations for disaster procedures. Drills should also pose a variety of challenges to practice, such as blocked stairways and compromised access to direct exits, so that students and staff learn alternate routes to the Assembly Area. Information is available in the REF-5803 Emergency Procedures, Drills and Districtwide Exercises.

All students with disabilities who have adaptations/accommodations for disaster procedures must be identified and know:

- Their accessible evacuation routes (to the Assembly Area, as well as off-site)
- What route they will take for both building evacuation (to the On-Site Assembly Area) and Off-Site relocation
- For building evacuation to the On-Site Assembly Area, alternate routes can be established to ensure accessible, safe, and efficient evacuation for individuals with access and functional needs (Note that all students/staff should use the same route, which should be accessible to all, for off-site relocation.)
- Who will assist them during an emergency
- How they will be assisted/rescued during an emergency
- Where students should wait, only if necessary and if there is a designated location
- What equipment will be used (e.g., Rescue-Seat, Evac+ Chair)
- Where assistive evacuation equipment is kept

All staff members responsible for assisting students during evacuations should be familiar with the evacuation buddy system and applicable assistive rescue devices and techniques.

A critical part of daily campus inspections is making sure that all access to the Assembly Area is open. All doors and exits should be open and work the way they were designed. Paved surfaces should be free of any obstruction. Blockages that are easily maneuvered by many can become overwhelming impediments to people with mobility challenges. All routes should be inspected to make sure they will service everyone on campus. This is especially true around construction sites, holiday decorations, and inclement weather.

Any person using a wheelchair who can travel without additional assistance proceeds directly to the school site Assembly Area. This school's specific plans for evacuation assistance includes:

We would relocate to Wilshire Park ES.

Preparing to Shelter and Care for Students with Disabilities Who Have Adaptations/Accommodations for Disaster Procedures

Once students with disabilities with related accommodations have been evacuated from the building, schools should take steps to maintain their physical and emotional safety until they can be reunited with a custodial adult.

Before an emergency, identify what specific supplies or materials are needed to provide ongoing care for students with healthcare needs. The greater the student's needs, the more supplies that may need to be stored for emergency use.

Powered by BoardOnTrack

School staff can create a backpack “go kit” with the necessary supplies and tag it with the student’s name. The backpack should contain all materials needed to support that student, as well as any documentation that may be needed by first responders or outside support agencies such as paramedics or hospitals. The bag can be stored in the classroom with the teacher or in the emergency bin if none of the supplies can be damaged by heat. Whenever the students evacuate the building, classroom employees must bring the backpacks with them. The school’s specific plans for disaster assistance for students with specific needs includes:

Student Walkers and oxygen Talk will be transported with a dolley.

For more tips and information on supporting students with access and functional needs, access LAUSD Emergency Preparedness for Students with Disabilities Tips and Checklist.

2.7 Public Disaster Shelters

Public disaster shelters are managed by the American Red Cross (Red Cross), and all shelter operations are coordinated through the Office of Emergency Management (OEM) in adherence to pre-established agreements. Any requests from the Red Cross for shelters should be directed to OEM at 213-241-3889 or the LASPD Watch Command at 213-625-6631 prior to any agreement being made to use a school as a shelter. More information is available in BUL-6084 LAUSD Use of School Facilities in an Emergency or Disaster Situation.

2.8 Assessments

The school ensures that appropriate stakeholders participate in the annual self-assessment process.

Twelve self-assessments are completed online as part of Step 2 of the Integrated Safe School Plan process. They contain critical elements of safe and healthy school planning that must be completed for compliance with federal law, state law, and District policy and procedures. Results can be used to further facilitate the development of the school’s ISSP and enhance overall health and safety at the school.

The most successful assessments are conducted by a broad array of individuals at a school, including support staff and first responders. Students and parents, including students and parents with disabilities, or access and functional needs, should be included to the maximum extent appropriate. These individuals will reflect on the school’s practices, progress and challenges based on the prior year’s data to complete the assessments.

2.8.1 Health and Nutrition

Health services are provided by a school nurse to meet the health needs of students consistent with applicable state and federal laws. The school ensures access to medications, special diets, treatments, and emergency care consistent with law and District policy.

Responding to an Individual Experiencing a Sudden Cardiac Arrest or a Similar Life-Threatening Medical Emergency While on School Grounds

2. Plan Development

Sudden Cardiac Arrest (SCA) is the sudden, unexpected loss of heart function, breathing, and consciousness. SCA usually results from an electrical disturbance in the heart that disrupts its pumping action, stopping blood flow to the rest of the body. SCA is a medical emergency. If not treated immediately, it causes sudden cardiac death. The treatment of SCA is an immediate shock to the heart using an Automated External Defibrillator (AED) that may stop the fatal rhythm and allo'w a normal heart rhythm to return, along with the performance of cardio-pulmonary resuscitation (CPR). And as with any other serious injury or illness where life-threatening situations are suspected:

- Phone 9-1-1
- Notify the school administrator, school nurse, and the parent/legal guardian

If there is an interest to take an American Heart Association CPR/AED and/or First Aid course to become certified, click on the link below for more information and registration.

Acquisition and Use of an Automated External Defibrillator (AED)

For more details, access BUL-4480 Policy and Procedure for the Acquisition and Use of Automated External Defibrillators (AEDs).

The CA Health and Safety Code § 1797.196 (c) states when an AED is placed in a public or private K-12 school, the principal shall ensure that the school administrators and staff annually receive information that describes sudden cardiac arrest, the school's emergency response plan, and the proper use of the AED. The principal shall also ensure that instructions, in no less than 14-point type, on how to use the AED are posted next to every AED. The principal shall, at least annually, notify school employees as to the location of all AED units on campus.

CA E.C. § 35179.6 (b) states commencing July 1, 2019, if a school district or charter school elect to offer any interscholastic athletic program, the school district or the charter school shall acquire at least one AED for each school within the school district or the charter school. The school district or the charter school is encouraged to ensure that the AED or AEDs are available for the purpose of rendering emergency care or treatment within a recommended three to five minutes of sudden cardiac arrest to pupils, spectators, and any other individuals in attendance at the athletic programs on campus activities or events and shall ensure that the AED or AEDs are available to athletic trainers and coaches and authorized persons at these activities or events.

Responsibilities of the Administrator:

As described in BUL-4480 Policy and Procedure for the Acquisition and Use of Automated External Defibrillators (AEDs).

- Ensure that all school staff annually receive information on the following:

  - The school's CPR/AED Emergency Response Site Plan and AEDs' Placement, (the device's physical location on campus or in administrative office); and that the Site Plans are completed each year by October 15 (Attachment A).
  - AED Program Tri-Fold Information Pamphlet (Attachment B).
- Ensure that the use instructions and appropriate signage are posted next to every AED. AED signage must be visible with clear instructions that are no less than 14-point type (Attachment C).

Ensure that the following occur:

- Perform equipment maintenance of AEDs' essential supplies batteries and electrode pads, including spare batteries and electrode pads; and first responder kits.
- Complete mandatory readiness check test on each AED assigned to the school or administrative office on the 1st through 10th of every month in District's Vendor platform.
- Monitor AED Wi-Fi connection status and check device expiration dates periodically.
- Report any irregularities, (i.e., chronic malfunction, damage or theft) to the Branch.

Action items above include but are not limited to the following:

a. Report AED maintenance checks on the District-approved online platform via online login (Attachment D) or QR Code Scan (Attachment E).
b. Reorder outdated or damaged AED equipment supplies, as necessary.
c. Allow school site employees the opportunity to obtain CPR/AED certification that complies with the regulations adopted by the California Emergency Medical Services
    a. Authority (EMSA) and standards of the American Heart Association (AHA) or the
    b. American Red Cross (ARC).
d. Designate volunteer emergency site responders as described in BUL-4480 Policy and Procedure for the Acquisition and Use of Automated External Defibrillators (AEDs) and maintain responder training records on the cloud-based device management system (Attachment F) and CPR/AED Emergency Response Site Plan form (Attachment A).
e. Report the AED usage event on the cloud-based device management system and complete both the Incident Report in the Confidential Report of AED Incident Response form (Attachment I) and the Incident System Tracking Accountability Report (iSTAR). Additionally, comply with post-usage event processes from the District-approved vendor.
f. Comply with District-approved Vendor's platform AED post-usage event process; and execute the Branch's AED post-usage event instructions.

Requirements when administering CPR and the use of an AED:

1. Call 911.
2. Call parent/guardian/emergency contacts.

3. Ensure that the individual who received CPR and the application of the AED is transported in an emergency vehicle to a hospital for further treatment and observation.

Administration of Naloxone (Narcan)/Protocol for Opioid Overdose Treatment

CA E.C. § 49414.3 authorizes school districts to:

- Provide emergency naloxone or another opioid antagonist to school nurses or trained personnel who have volunteered.
- Use naloxone or another opioid antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering from an opioid overdose.
- Designate one or more volunteers to receive initial and annual refresher training, based on standards regarding the storage and emergency use of naloxone or another opioid antagonist from the school nurse or other qualified person designated by an authorizing physician and surgeon.

Based on this authorization, LAUSD nurses and other designated personnel will have access to and training in the use of naloxone (Narcan). At this time, LAUSD provides staff training through MyPLN with completion certificates filed within each employee's personnel file. Further supplemental training is also conducted by a credentialed school nurse.

Responsibilities of the Administrator:

- Review the information contained in BUL-133120 Administration of Naloxone (Narcan) Nasal Spray.
- Discuss the naloxone nasal spray and reporting policy with employees, and parents/guardians.
- Ensure that school nurses, designated staff, school police (LASPD), local police, and other emergency responders (fire department or LAFD or 911-deployed responders), can access naloxone supply when needed.
- Maintain an annually updated Naloxone (Narcan) Emergency Response Site Plan on the premises where the naloxone nasal spray is stored. This plan shall be accessible to Emergency Personnel, such as school nurses, designated staff, school police (LASPD), local police and other emergency responders (fire department or, 911-deployed responders).
- Ensure confidentiality of all naloxone nasal spray uses and its reports.
- Report all instances of naloxone nasal spray usage by completing an iSTAR.
- Treat the report of naloxone administration as a confidential report for use by LAUSD attorneys and the Office of Risk Management. No copies of the report shall be furnished to anyone including employees, students, or parents without permission from the Office of the General Counsel.
- Ensure proper procedures correlating to the storage, restocking, and emergency use of naloxone nasal spray as an opioid antagonist are being followed.

Powered by BoardOnTrack

- Coordinate with designated staff to keep the naloxone and monthly checklists stored in a secure location.
- All schools must maintain records for seven (7) years.

Requirements when Administering naloxone (Narcan):

1. Call 911.
2. Call parent/guardian/emergency contacts.
3. Ensure that the individual who received naloxone is transported in an emergency vehicle to a hospital for further treatment and observation.

Access to and Administration of Epinephrine

For more details including the administration of epinephrine, please access BUL-114500 Administration of Epinephrine Auto-Injectors.

The CA E.C. § 49414 requires school districts to provide emergency epinephrine auto-injectors to school nurses, or trained personnel who have volunteered, to provide emergency medical aid to persons suffering or reasonably believed to be suffering from an anaphylactic reaction. The intent is to protect not only persons with previously diagnosed allergies, but also persons who do not know they are allergic and who therefore may not have been prescribed epinephrine. In addition, Section 49414 requires a school district, county office of education, or charter school to annually distribute a notice and description of volunteer training.

In the event of a major disaster which requires evacuation, it is recommended that the emergency epinephrine auto-injectors be transported to the First Aid Station and turned over to the designated lead of the First Aid Station.

Food Services

School menus, Café-LA programs, and other pertinent food services and nutritional information can be found on the Food Services Division website at https://lausd.org/cafela.

Under California's Universal Meals Program, every school must serve breakfast and lunch daily without exception, including minimum and shortened days. 20-minute meal period for students to access and consume their meals is a state, federal, and School Board requirement. Schools that have an after-school program offer healthy snacks or supper meals provided by the Food Services Division.

For more information, access Board Resolution "Improving Food and Nutrition Policy," December 11, 2012.

Powered by BoardOnTrack

2.8.2 Positive Safe School Environment

2.8.2.1 Reporting and Notifications

Suspected Child Abuse and Neglect Reporting Requirements

Administrator Responsibilities:

- Review child abuse reporting policies with all employees twice a year (e.g., beginning of each semester), and assist or designate another administrator to assist employees seeking assistance in meeting their mandated child abuse reporting responsibilities.
- An employee who successfully completes the Child Abuse Awareness Training (CAAT) training will have certified the Employee Acknowledgement, and the supervisor may maintain a file of CAAT training completion certificates but is not required to do so. Additionally, while not mandatory, an administrator may request that employees under their supervision annually sign the Employee Acknowledgement of Suspected Child Abuse Reporting District Policy and Legal Requirements in the BUL-1347 Child Abuse and Neglect Reporting Requirements.
- Ensure all employees are auto enrolled and have completed the annual fall online CAAT and passed the assessment by the September due date of each school year.

Employee Responsibilities:

- Review and pass the online CAAT.
- An employee suspecting child abuse or neglect must file a Suspected Child Abuse Report (SCAR):

  A. If the employee has an emergent (urgent) SCAR to make (e.g., immediate risk of abuse, neglect, or exploitation or that the child is in imminent danger of harm or death), the employee must: (1) telephone report immediately or as soon as practically possible to a child protective agency; and (2) file a written report with the same agency within 36 hours of receiving the incident information.

  B. If the employee has a non-emergent (urgent) SCAR to make (e.g., non-life threatening and non-emergency), the employee has an option to report to the Department of Children and Family Services (DCFS) by immediately or as soon as practically possible using the one-step online Child Abuse Reporting Electronic System (CARES) offered by the DCFS: https://reportchildabusela.org.
- The employee reporting suspected child abuse should not attempt to verify the suspicion or prove that abuse or neglect has occurred.
- Investigation (questioning witnesses, obtaining written statements), notification (family, alleged perpetrator), counseling, and family intervention are the responsibilities of the child protective agency.

The employee must know the requirements to report known or suspected instances of child abuse and neglect and comply with such requirements. The employee must view the CAAT

Powered by BoardOnTrack

training, pass the CAAT assessment, and get their-training completion certificate. Summary guidelines for Child Abuse and Neglect Reporting:

- Reportable victims include persons under the age of 18.
- Child abuse includes physical abuse, sexual abuse, neglect, willful cruelty, unjustifiable punishment, life endangerment, mental suffering, and emotional abuse.
- If a District employee reasonably suspects child abuse or neglect, a report must be made immediately or as soon as practically possible and should not be delayed until the end of the school day. School procedures may not require the reporter to disclose their identity to school personnel prior to or after making a report.
- A child abuse report should only be made to one child protective agency (e.g., DFCS, law enforcement agency). School Police is not a child protective agency, and reports made to School Police are not a means of complying with the law.
- Child abuse reports are confidential.
- The law enforcement officer or DCFS social worker, who are Child Protective Services Agency representatives for this purpose, who receive a report of suspected child abuse or neglect determine the course of action and have specific legal authority and responsibilities. The official may interview school personnel as part of the investigation and may take the alleged child victim into protective custody.
- Any person mandated by the California Penal Code who fails to report any instance of child abuse, which they know or reasonably suspect to exist, may incur criminal, civil, and/or professional liability.
- No employee mandated under the provisions of the California Penal Code shall be civilly or criminally liable for reporting suspected child abuse or neglect in good faith.

Note: See BUL-2449.0 for reporting procedures for suspected abuse or neglect involving potential victims who are 18 years of age or older and who are dependent upon others for care.

Incident Reporting

Responsibilities of the Administrator:

- Inform all staff of the reporting/notification process.
- Identify and manage the users who have access to the online iSTAR system.
- Report all incidents using the iSTAR System. Reports should be timely and thorough.
- Follow incident reporting procedures in BUL-5269 Incident System Tracking Accountability Report (iSTAR).
- Report incidents also to Region Operations for appropriate follow-up.
- Regularly review incident reports for trends, particularly those incidents involving crimes, to identify and implement prevention strategies.

Incident Reporting Guidelines:

Powered by BoardOnTrack

An iSTAR is to be completed when there is an interruption to the operational and/ or instructional activities, such as but not limited to the following types of incidents:

- Any threat, including explosive device and terrorist threats, to the school, individual student, or staff.
- Student or staff member injured or missing.
- An assault or battery on a staff member.
- Serious infraction by a staff member.
- Any event involving police or fire departments.
- Life-threatening incidents and safety hazards.
- Serious campus disturbances (major fight, demonstration).
- Natural disaster.
- Evacuations, lockdowns, shelter in place actions.
- Utility outage.
- Construction problem preventing access.
- Unplanned media or social media coverage.
- Harassment/discrimination.

The Los Angeles Schools Anonymous Reporting (LASAR)

The Los Angeles Schools Anonymous Reporting (LASAR) mobile app is designed to report non-emergency incidents anonymously. It is available for free download in the Apple and Android app Stores. School community members may report school related incidents involving:

- Threats of planned school attacks/violence
- Drugs
- Mental health crisis/self-harm
- School/Safety threat
- Weapons/Dangerous objects
- Property damage/vandalism
- Suspicious/criminal activity
- Human Trafficking

LASAR is operated by the Los Angeles School Police Department. It is an App for students, parents/legal guardians, and the public to report non-emergency incidents or crimes that may impact school safety. Emergencies or safety concerns that are actively occurring, should be reported to 911 or the Los Angeles School Police Communications Center at (213) 625-6631.

Emergency Alert Mobile App

Designed for District staff to notify LASPD and the site administrator, in real-time, in the event of an active assailant situation on school premises. The app is designed to work only within LA Unified school and office locations and automatically identifies the school/office location when

Powered by BoardOnTrack

the emergency alert is triggered. This app is available for free download in the Apple and Android App Stores.

Notification in Parent-Student Handbook

Responsibilities of the Administrator:

- Discuss the contents of the *Parent-Student Handbook* with all staff members.
- Require that each parent/student return a signed receipt indicating that they have received and read the *Parent-Student Handbook*.
- Implement a school-site system for collecting and maintaining a signed return receipt from each parent/student.

2.8.2.2 Campus Security

Student and Employee Security

Suggested options for perimeter gate access during a Rapid Relocation, as well as Rapid Relocation procedures, are provided in BUL-5469 Lockdown and Rapid Relocation Procedures for all Schools. Also, see Section 6.8 Rapid Relocation of this plan.

Responsibilities of the Administrator:

- Assess and respond to reports of any dangerous, violent, or unlawful activity that is being conducted at the school, at an activity sponsored by the school, or on a school bus serving the school. This response includes immediately notifying School Police at (213) 625-6631 or the local law enforcement agency.
- Review the information contained in BUL-5721 Student and Employee Security, with the students and staff at the school.
- Assign custodial personnel to check the campus for loiterers and trespassers, especially restroom areas, when opening and closing the building and grounds.
- Call School Police at (213) 625-6631 when assistance is needed on or adjacent to the campus.
- Develop classroom-to-office emergency communication plans in the event that regular means of communication are unavailable.
- Support the implementation of a neighborhood school-watch program. Request residents to report any unusual activities on campus to the principal during regular business hours and to School Police or the local law enforcement agency during nights, weekends, and holidays.
- Develop strategies to control rumors concerning school or community incidents.
- Support the organization, under the supervision of appropriate school personnel, of a team of volunteer parents, other community residents, and staff members to patrol the campus and the perimeter.

- Enforce dress code that prohibits the wearing of gang apparel or the use of gang-related symbols.
- Consult with School Police, local law enforcement and the School Safety Planning Committee to review crime data for the area surrounding your school. Assess the current status of crime committed on school campuses, at school-related functions, and in the neighborhood surrounding your school (CA E. C. § 32282). A website that maps crime data by address, such as http://www.crimemapping.com, is a very useful tool. The following information can also be reviewed: office referrals, attendance rates/School Attendance Review Board data, suspension/expulsion data, California Healthy Kids Survey, School Plan for Student Achievement, School Experience Survey, local law enforcement juvenile crime data and property damage data.

Responsibilities of Staff:

- Report to the Main Office or other designated office prior to proceeding to assigned classrooms or work areas.
- Lock classroom doors when working alone before or after school hours.
- Establish and maintain a 'buddy system' when working in isolated areas or traveling to and from parking areas at the start and close of school.
- Exercise stringent control of assigned school keys and secure all personal valuables.
- Report any person loitering in or adjacent to parking areas, etc., or sitting in a parked car.
- Instruct students to avoid strangers and provide strategies for avoiding contact with strangers. Utilize the following resources as appropriate: LAUSD crime prevention programs, drug resistance programs, child abuse, and traffic safety bulletins.

Campus Supervision

Responsibilities of the Administrator:

- Maintain a current supervision plan and schedules for supervision staff.
- Provide training regarding campus safety and campus supervision and schedule meetings for campus supervision updates.
- Inform all staff, students, and parents of the campus supervision plan.
- Have custodial personnel check the campus for loiterers and/or trespassers, especially restroom areas when opening and closing the buildings and grounds.
- Review and post at all utilized entrances appropriate signs regarding weapons, visitors, trespassing, loitering, etc.
- Monitor or prohibit student access to cars during school hours.
- Review with campus supervision personnel procedures related to the proper use, maintenance, and security of issued hand-held and base radios. See "REF-6343 School-Based Radio System," or call the Radio Unit at (323) 224-2456.

Powered by BoardOnTrack

- See that the school adheres to the District policy on closed campuses. All exit gates, except the main gate, will be locked after the start of school. Student exit gates will be unlocked prior to dismissal time.

Locked Campus Policy

Responsibilities of the Administrator:

- Assign a school staff member, volunteer parent, or similar, to monitor the main entrance during the school day and assist visitors with signing in and reporting to the Main Office upon entry.
- Assign available school staff to monitor the campus perimeter, known trouble spots, and all building and gate entrances during the school day.
- Inform all students and parents/guardians that schools are closed campuses and that students are not allowed to leave the campus during the school day without the permission of the principal and the parent/guardian.

Visitors to School Campuses

Responsibilities of the Administrator:

- Schools must develop and post a visitor's policy. The policy must not set arbitrary time limits regarding frequency and duration of visits and must be distributed to parents and staff annually.
- Inform parents in advance of the procedures for visiting the school.
- Have all visitors report to the Main Office upon arrival. Visitors must wear a visitor pass and return the pass upon departure.
- Conduct a review to ensure that the appropriate and approved signs are posted regarding visitors, trespassing, loitering, and other requirements at all utilized entrances. Report persons loitering or trespassing on or adjacent to the campus to LASPD.

Administrators have the authority under the California Penal Code, Los Angeles Municipal Code, and the Education Code to report to the appropriate police agency visitors who fail to adhere to the posted "Visitor's Policy."

Responsibilities of the Parents/Visitors:

- All campus visitors must have the consent and approval of the principal/designee within a reasonable period of time after making a request to visit the school.
- Parents have the right to observe in the classroom in which their child is enrolled within a reasonable period of time after making a request.
- Visitors are not to converse with the students, teacher, or instructional aides during the visitation.

Powered by BoardOnTrack

- Visitors are to keep the frequency of classroom observations reasonable (to be determined by the activity being observed).
- Parents do not have the right to willfully interfere with the discipline, order, or conduct in any school classroom or activity with the intent to disrupt, obstruct, or cause substantial disorder in a place where a school employee is required to perform his or her duties.

School Police/Local Law Enforcement

Responsibilities of the Administrator:

- Meet with a School Police Officer or Area Sergeant to share and discuss information related to campus activity and the site's security operations and service needs.
- Review with staff the appropriate notification and protocol for reporting campus crime and incidents.
- Review with staff, on an ongoing basis, procedures related to the proper use and security of issued hand-held and base radios, with the assistance of LASPD, as necessary.
- Alert appropriate law enforcement agencies near school campuses and the respective Region about incidents and events that may have repercussions at other locations.
- Provide to staff safety bulletins and available information regarding incidents or situations that might impact personal safety or the school's education environment.
- Solicit community support to assist with student safety to and from school.
- Provide appropriate law enforcement telephone numbers to area residents and businesses and solicit their support in reporting unusual activities on and around the campus to School Police and the local law enforcement agency during nights, weekends, and holidays.
- If a local law enforcement agency notifies a site administrator with a request to disseminate information pertaining to a sex offender, contact the School Police Watch Commander at (213) 625- 6631 and advise them of the material received. LASPD will serve as the District's liaison with the agency to determine the expectations for the information, distribution, and the scope of the disclosure.

Procedures When Calling for Service from Law Enforcement Agencies:

- Identify yourself and your location. Give callback numbers (office or cell) where you can be reached most easily.
- Summarize the nature of the problem or incident.
- Give the location of the problem incident.
- Request medical assistance, if needed (if not already requested through 911).
- Describe the person or suspect involved: Provide a physical description (gender, ethnicity, age, height, weight, hair color and style, color of eyes, and clothing worn) and

Powered by BoardOnTrack

other known information (i.e., student, staff member, nonstudent, parent, other known or suspected gang affiliation, etc.).
- Describe weapon involved, if any: Type, location (on person, in vehicle, etc.), and manner used (actual use, threat, etc.).
- Describe method of transportation used by person or suspect involved and last known direction of travel. Indicate motor vehicle, motorcycle, bicycle, bus, skateboard, skates, etc., (if motor vehicle, give color, year, make, model, and license plate number) and any other information (i.e., number of passengers in the vehicle).
- Advise School Police if another law enforcement agency has also been contacted.

Responsibilities of the Los Angeles School Police Department (LASPD)

As peace officers, School Police Officers are expected to take appropriate steps to discourage potential law violations and head off potentially threatening situation. Their primary responsibility is to “keep the peace” by protecting students and staff from physical assault and school property from theft and destruction. LASPD officers will be available to support school-site administrators, students, staff, community members, and local agencies to create a safe and secure school learning environment. LASPD will also provide support through the Youth Diversion program to address safety issues and criminal conduct. Safe Passages and other specialized units will work to support LASPD officers assigned to support schools to ensure safety around the campus, enforcing all applicable laws fairly and impartially, and maintaining presence in safe passages areas. Minor violations will be addressed with the “spirit of the law” posture rather than a “letter of the law” posture in enforcement efforts.

School Police Officers will:

- Respond to the school for the protection of pupils and District personnel, the security of District property, and the prevention of theft and malicious mischief to cars and other personal property of school personnel on campus.
- Develop and maintain a positive, professional, and ongoing working relationship with the school-site administrators, students, staff, school community members, and outside local and law enforcement agencies, to address and problem-solve crime and safety issues and to meet the school’s safety objectives and goals as established.
- Follow all procedures consistent with the District-established policies and School Police directives.
- Act in an advisory capacity regarding the need to involve local law enforcement agencies.
- Assist with preparing, evaluating, and updating the Integrated Safe School Plan.
- Serve as a member of the school’s Crisis Team and School Threat Management Team.

Responsibilities of Law Enforcement (School Police/Local Agencies):

- In instances where law enforcement statutory requirements apply, the appropriate legal decisions are made by the police officer. While in most cases the situations will be obvious, in other less obvious instances, the legal decision will be made by the involved police officer, consistent with current Police Department and District directives and policies and in consultation with an LASPD supervisor.
- A lockdown of the campus is called by either a law enforcement agency or a site administrator to secure the school during police actions, campus intrusions, community incidents, or other real or perceived threats to the security of the school. The site administrator terminates the lockdown after consulting with law enforcement.
- Properly identified law enforcement officer are allowed to interview a student “in the presence of the principal or a teacher.”
- Properly identified law enforcement officers may remove a student from a school. Responsibility for parent notification of a student’s removal by law enforcement personnel rests with the school administration. The involved officer is also obligated to make parent notification.
- The difficult task of delivering death notifications to next of kin is the responsibility of law enforcement personnel or the Los Angeles County Coroner’s Office personnel, who have been provided with the training and resources necessary to carry out such notifications. If a death has occurred on campus and a member of the victim’s family arrives at the school prior to being notified of the death by law enforcement, the family member should be escorted to a private comfortable setting until law enforcement personnel arrive. If a member of the victim’s family calls the school prior to notification by law enforcement, they should be asked to come to the school.

Role of Law Enforcement Personnel When a School Becomes a Crime Scene:

- Law Enforcement personnel will establish a crime scene at any time when it is necessary to preserve evidence of a crime, or an investigation of a crime is in progress, including but not limited to: murder, suicide, death due to suspicious circumstances, or for other serious crimes involving students, staff, or others (crimes that include, but not limited to, vandalism, burglary, or arson). Only authorized law enforcement and fire department personnel are allowed inside the designated crime-scene area.
- The first police officer to arrive on scene will have specific duties to perform to ensure the protection of the crime scene and to assure that the crime is investigated properly. Despite the sometimes-chaotic nature that characterizes many crime scenes, the police must be permitted to do their job according to established procedures.
- A police supervisor or police officer will serve as the liaison with the school’s administration.
- The law enforcement officer in charge will determine if and when crisis team members or other support personnel from outside the school can enter the campus to begin their intervention assessments and follow-up activities.

- Once potential witnesses have been identified, it is essential to keep witnesses separate to maintain and preserve the integrity, clarity, and objectivity of each person's account. Therefore, school administrators may be asked to provide multiple locations on campus to isolate witnesses for questioning by law enforcement personnel.

2.8.2.3 Violence Prevention and Interpersonal Relations

Cybersecurity

- As the largest K-12 computing network in the United States, users of the LAUSD computing environment have a responsibility to do all they can to protect themselves, their accounts, the systems they use, and the secure data they deal with.
- Many District employees have regular access to sensitive information, which is protected with multiple layers of security. Employees are the first of these layers to protect District data, but they are also the most vulnerable. Most data breaches start with an attacker exploiting the human nature of employees in various social contexts to gain access to sensitive information. Employees may not realize they are a target and may be unsure how to prevent, identify, or report cybersecurity threats. It is critical to follow all District cybersecurity measures including those referenced in this section.
- The District has implemented an Information Security Training and Awareness (ISTA) program with the purpose of achieving the following strategic goals:

    1. Improve the District's resilience to cybersecurity threats.
    2. Establish a strong security-minded culture and integrate it into day-to-day District operations and decision-making.
    3. Improve compliance with external regulatory and contractual requirements that require mandatory training and awareness (e.g. HIPAA).
    4. Minimize the frequency and impact of security incidents.
- All employees must complete the online annual IT Cyber Security Awareness Training.
- To report a concern about a potential data breach or compromised machine or account to IT Security, employees should call the ITD Helpdesk at (213) 241-5200 or send an email to information.security@lausd.net.

All employees are encouraged to follow Cyber Safety tips on the ITS website: https://www.lausd.org/cybersafety. Additional details regarding the responsible use policy are also available at this site.

Digital Citizenship

Responsibilities of the Administrator:

- Provide staff with professional learning opportunities offered by the Instructional Technology Initiative within the Division of Instruction to deepen digital citizenship knowledge and practices: https://www.lausd.org/digcit

Powered by BoardOnTrack

- Review with staff the following bulletins to understand the implications of digital engagement in creating a safe school environment:
  - BUL-999 Responsible Use Policy for District Computer and Network System
  - BUL-6399 Social Media Policy for Students
  - BUL-5688 Social Media Policy for Employees and Associated Persons
  - Parent/Guardian Publicity Authorization and Release Forms

- Provide parent workshop sessions regarding digital citizenship practices of proactive engagement, safety, and security online: https://www.lausd.org/Page/16676
- Ensure that staff integrate digital citizenship instruction across content areas, leveraging District-adopted digital citizenship curriculum: https://www.lausd.org/Page/16689
- Establish a digital presence with purpose in alignment with District policies to maintain open communication with school community and model promising practices.

Code of Conduct with Students

- Provide a copy of the "Code of Conduct with Students" to each employee and any individual working with students on an annual basis at the beginning of each school year or when the employee reports to the site/work location if the school year has already begun.
- Post the "Code of Conduct with Students" in staff lounges and other prominent locations where notices are regularly posted regarding rules, regulations, procedures, or standards of conduct.
- Include the "Code of Conduct with Students" in the location's employee handbook, school's Safe School Plan, and in the substitute folder that is provided to substitute teachers who report to school sites.
- Remind employees/individuals to be mindful of the fine line drawn between being sensitive to and supportive of students' needs and a possible or perceived breach of responsible, ethical behavior.
- Encourage employees/individuals to use good judgment and caution them to avoid the situations indicated in the document.
- Reaffirm with employees and individuals of the duty to protect students and provide a safe and secure learning environment.

Sexual Grooming, Abuse, and Misconduct with Students

- Grooming is the deliberate process by which offenders gradually initiate and maintain sexual relationships with victims in secrecy.
- Over 90% of offenders are a family member or another adult in the victim's circle of trust, including those who work in schools, and who normally and regularly interact with the victim.
- Offenders in schools may be popular with students, admired by colleagues, recognized as valuable members of the school community, and appreciated by parents.

- The grooming process begins with the offender establishing a bond with their victim by behaviors such as spending time together, sharing secrets, providing gifts, and giving them special attention. Some behaviors may appear to be normal interaction between an adult and a student.
- Grooming that results in sexual conduct with a victim (e.g., sexual abuse, exploitation, and child pornography) is a crime and must be investigated by law enforcement.
- The "Code of Conduct with Students" serves as the District's policy for appropriate and professional interaction with students of all ages. Administrators must take prompt action to address any behavior that violates the Code of Conduct even when not deemed a crime by law enforcement.
- Students can also be suspected of abusing other students.

Administrator Responsibilities:

- Understand and recognize potential grooming behaviors.
- Present sexual grooming awareness training to employees.
- Complete the Administrator Certification page by the designated due date.
- Respond to reports of potential grooming of a student by an employee, a school-related adult, or another student.
- Contact Region Operations immediately after reporting suspected abuse to law enforcement in cases where the accused perpetrator is a District employee, a school-related adult, volunteer, or another student.

Employee Responsibilities:

- Report suspected child abuse as outlined in BUL-1347 Child Abuse and Neglect Reporting Requirements.
- For students over 18 years of age who are considered dependent adults, report suspected dependent/elder adult abuse as outlined in BUL-2449 Dependent/Elder Adult Abuse and Neglect Reporting Requirements.
- Mandated reporters must report suspected child abuse to a child protective agency. If the suspected perpetrator of the abuse of a student is a District employee, school-related adult, volunteer, or student, the mandated reporter is strongly encouraged to make the mandated child abuse report to local law enforcement (as opposed to DCFS). LASPD is not a child protective agency.
- Notify a Site Administrator of the misconduct immediately after making the child abuse report when a District employee, school-related adult, volunteer, or another student is suspected of abusing a student.
- Students can also be suspected of abusing other students. Mandated reporters must follow the same suspected child abuse reporting procedures.

Administrative Searches

School officials have the right to conduct searches of students under limited circumstances.

If a student has engaged in conduct that causes an administrator to have reasonable suspicion that the search will turn up evidence that the student has committed a crime, is about to commit a crime, or has violated applicable laws, regulations, or school rules, the administrator may conduct a search of that student.

The administrator must:

- Be able to articulate the reason for the suspicion and the facts and/or circumstances surrounding a specific incident;
- Be able to reasonably connect the student to a specific incident, crime, rule, or statute violation;
- Have recent, credible information from personal knowledge and/or other witnesses;
- Ensure that a search based on reasonable suspicion is not excessively intrusive in light of the student's age, gender, and the nature of the offense.

When conducting a student search based on reasonable suspicion, school officials must adhere to the following practices:

- Conduct the search only if there are clear and specific reasons for suspicion and there are facts that connect the student to a specific incident of misconduct;
- Jackets, purses, pockets, backpacks, bags, and containers in the student's possession may be searched to the extent reasonably necessary;
- Under no circumstances may a body or strip search be conducted;
- Whenever possible school officials of the same gender as the student being searched may conduct the search;
- Searches based on reasonable suspicion should be conducted in a private area where the search will not be visible to other students or staff (except for a school administrator or designee witness);
- A student search should be conducted with more than one staff member present.

For more information, please see BUL-162111.

Gun Violence Prevention

Responsibilities of the Administrator:

- Distribute to families annually the Parent Legal Duties to Safely Store Firearms letter in the LAUSD Student/Parent Handbook, as required per CA E.C. § 49392 and Board Resolution 046-18/19 "Protecting Our Children from Preventable Gun Violence," June 18, 2019.
- Make gun violence prevention resources available to your parent/guardian community.

Safe School Collaborative

Responsibilities of the Administrator:

- Identify key community stakeholders in relation to safety, including but not limited to: law enforcement, probation, city attorney's office, city, and county human relations.
- Identify key LAUSD central and Region personnel to provide consultation and support, such as: Region Operations, Organization Facilitators, Human Relations, Crisis Counseling, etc.
- Identify a multidisciplinary school safety team composed of members such as, administrators, parents, teachers, school police officers, health, and mental health professionals (i.e., PSW, PSAC, School Psychologist, or School Counselor), after-school staff, etc.
- Identify a designated chair to convene the meetings, establish a needs assessment for the school and community related to safety concerns, identify goals and objectives, and assign roles and responsibilities.
- Work towards the development of safe passage to and from school for students.

Gang Risk Intervention

Key Elements:

- Become familiar with gang groups, related activities, graffiti, apparel, etc.
- Provide staff development regarding gang prevention and intervention strategies.
- Provide parent in-service training regarding gang membership and activities.
- Consult with Region Operations on the development of a forum for discussion that brings together influential students ("natural leaders") who represent all segments of the student population, including selected gang members.
- Collect information from law enforcement, probation, community-based organizations, and others to understand the scope of the school/community gang problem.
- Contact law enforcement agencies, gang experts, and formal/informal counselors to obtain strategies and related information. Probation officers can assist with students who are on probation.

Bullying & Hazing Policy

CA E. C. § 48900 (r) defines bullying as:

- "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a pupil or group of pupils as defined in Section 48900.2, 48900.3, or 48900.4, directed toward one or more pupils that has or can be reasonably predicted to have the effect of one or more of the following:
- Placing a reasonable pupil or pupils in fear of harm to that pupil's or those pupils' person or property.
- Causing a reasonable pupil to experience a substantially detrimental effect on the pupil's physical or mental health.

- Causing a reasonable pupil to experience substantial interference with the pupil's academic performance.
- Causing a reasonable pupil to experience substantial interference with the pupil's ability to participate in or benefit from the services, activities, or privileges provided by a school. For additional guidance, including investigative steps, access BUL-5212 Bullying and Hazing Policy (Student-to-Student).

Responsibilities of the Administrator:

- Ensure that bullying and cyberbullying training are available to employees who have regular interaction with students.
- Investigate allegations of bullying thoroughly and maintain confidentiality throughout the investigation.
- Respond to allegations whether the involved parties are students or employees. (For incidents between employees, refer to the BUL-5798 Workplace Violence, Bullying and Threats [Adult-to-Adult].)
- Take appropriate actions to resolve the situation.
- Document the investigation, interventions, and resolution.

Responsibilities of Staff and Student Rights:

- Schools must discuss relevant aspects of the Bullying & Hazing Policy with their students.
- Personnel are responsible for taking corrective action to prevent bullying in school, at school events, and to and from school.
- Any person has the right to report an allegation of bullying without reprisal or retaliation.

Hate-Motivated Incidents

For more details, access BUL-2047 Hate-Motivated Incidents and Crimes - Response and Reporting.

Responsibilities of the Administrator:

- Respond quickly to reported incidents, whether the victims are students, staff, or community members, and take action to stop the conduct, prevent recurrence and eliminate effects on the environment.
- Ensure the physical safety of the target and other affected parties by offering assistance, as appropriate.
- Investigate the incident, provide interim safety/emotional support measures, and take appropriate disciplinary action. If necessary, involve law enforcement and preserve evidence.

- Report the hate-motivated incident/hate crime to School Police and implement educational programs and activities that foster human relations skills and combat behaviors of name-calling, harassment, discrimination, hate, and bigotry.
- Review with employees and students and post nondiscrimination notices in all schools/offices, including staff lounges, student government meeting rooms, the main administration building, or other prominent locations where notices are regularly posted regarding rules, regulations, procedures, or standards of conduct.

Sexual Harassment Prevention Policy

Key Elements:

- All allegations of sexual harassment are to be treated seriously and responded to in manner that respects the privacy and dignity of all parties involved.
- All reported incidents of sexual harassment should be investigated and addressed to prevent recurrence, consistent with applicable federal and state laws. Depending on the nature of the conduct, complaints may be investigated under Title IX (34 C.F.R. Part 106), the Uniform Complaint Procedures (UCP), or resolved through an informal resolution process.
- Several attachments in BUL-2521 Title IX Policy/Nondiscrimination Complaint Procedures (Including for Sex Discrimination and Sexual Harassment) may be used to document the complaint, provide required notices, ensure parties are afforded all applicable rights, and support appropriate decision-making under the correct grievance process.
- The Sexual Harassment Prevention poster must be reviewed with students and employees and posted in all schools and offices, including staff lounges, student government meeting rooms, administrative buildings, each student restroom and locker room, and other locations where rules, policies, and expectations are displayed.
- Supportive measures must be offered equitably to both parties, regardless of whether a formal complaint is filed, and parties must be informed of any remedial or corrective actions taken following the resolution of the complaint.
- Sexual harassment complaints are often sensitive and complex; appropriate steps must be taken to ensure a prompt, thorough, and impartial investigation.
- For detailed procedures related to Title IX, UCP, or informal resolution processes, consult BUL-2521 Title IX Policy/Nondiscrimination Complaint Procedures (Including for Sex Discrimination and Sexual Harassment.

For procedures regarding employee-to-employee complaints of sexual harassment refer to District BUL-6612 Non-Discrimination And Anti-Harassment (Including Sexual Harassment) Policy and Complaint Procedure

Title IX and California Gender Equity Protections

Key Elements:

Powered by BoardOnTrack

- Students are entitled to equal access and participation in all school programs and activities, including academic courses, extracurricular opportunities, clubs, and recognition programs, without discrimination based on sex (federal Title IX) or gender, gender identity, gender expression, sexual orientation, pregnancy or related conditions (California Education Code §§ 200, 220, 221.5).
- No student may be excluded from enrollment in a course or program, or otherwise treated unfavorably, on the basis of actual or perceived sex, sexual orientation, gender identity, gender expression, pregnancy, childbirth, lactation, or related medical conditions.
- All students must receive equitable access to academic counseling, instructional programs, extracurricular activities, and disciplinary practices, consistent with both Title IX (34 C.F.R. § 106.31) and California Education Code § 221.5.
- Sexual harassment committed by or against students or staff is prohibited and, depending on the context, may constitute sex discrimination under federal Title IX or gender discrimination under California law.
- Students and/or parents/guardians who file a complaint must be informed of the outcome of the investigation, in accordance with applicable grievance procedures.
- Schools must ensure equal opportunities for students of all genders to participate in physical education and athletic programs.
- Equal athletic opportunity includes access to equipment, supplies, practice and game schedules, facilities, coaching, travel allowances, publicity, and budgetary resources, as outlined in BUL-2521.
- Enrollment decisions must not be based on any protected category, including sex, gender, or sexual orientation.
- All complaints of sex- or gender-based discrimination must be handled confidentially, and retaliation against any participant in a complaint process is strictly prohibited.
- Schools must regularly review relevant data (e.g., complaints, participation rates, outcomes) to identify patterns and support efforts to increase campus safety and equity.
- Procedures for filing and investigating complaints, whether under Title IX, UCP, or informal processes, are detailed in BUL-2521 Title IX Policy/Nondiscrimination Complaint Procedures.

Intergroup Relations

Responsibilities of the Administrator:

- Take proactive steps to build and maintain safe, healthy, welcoming, and affirming learning and working environments, where students, staff, and families' identities and voices are represented, recognized, and valued.
- Provide activities for meaningful interactions between student, staff, and parent groups to promote an appreciation of diversity and a supportive school climate. Trainings,

Powered by BoardOnTrack

activities, and resources are available from the Office of Human Relations, Diversity and Equity.

- Make a concerted effort to engage all students, including students in protected categories in the District's nondiscrimination statements (MEM-5818).
- Support schoolwide efforts to reduce misconduct and bullying by promoting pro-social behaviors.
- Follow the guidelines of BUL-5212 Bullying and Hazing Policy (Student-to-Student) for responding to allegations of bullying.
- Designate a point person for overseeing the school climate, bullying prevention efforts, and procedures for managing peaceful resolutions of conflicts (e.g., Restorative Practices and Peace Builders).

School Site Crisis Team

Responsibilities of the Administrator/Designee:

- Establish a safe, civil, and secure school environment.
- Establish a multi-disciplinary School Site Crisis Team, in accordance with the Integrated Safe School Plan.
- Ensure that the BUL-5800 Crisis Preparedness, Response and Recovery policy and all applicable protocols are implemented.

Suicide Prevention, Intervention and Postvention

Responsibilities of the Administrator:

- Designate Crisis Team Members/Suicide/Threat Prevention Liaisons (STPLs) in the ISSP's School Site Suicide/Threat Assessment Team.
- STPLs only assess students, not employees. For assessments of non-students, see BUL-5798 Workplace Violence, Bullying and Threats (Adult-to-Adult).
- Respond to reports of students at risk for suicide or exhibiting self-injurious behaviors immediately or as soon as practically possible.
- Monitor and follow-up to ensure that the risk has been mitigated through support and resources.
- Ensure that the Suicide Prevention, Intervention, and Postvention (SPIP) policy is implemented.
- Provide follow-up to relevant staff such as Region Operations, as needed.
- Report incidents in Incident System Tracking Accountability Report (iSTAR) as appropriate and update as needed.

Responsibility of all District employees:

- All District employees must complete the online Suicide Prevention and Awareness Training annually. The training certifies that employees know the warning signs and risk factors for suicide, as well as what to do if they are concerned about a student who might be suicidal. (See MEM-6910 Annual Suicide Prevention and Awareness Training.) If you have questions or concerns regarding the training, please contact your administrator.
- Inform the school site administrator/designee and/or STPL immediately or as soon as practically possible of concerns, reports, or behaviors relating to students who might be suicidal and/or engaging in self-injury.
- Adhere to the Suicide Prevention, Intervention, and Postvention (SPIP) policy.

Student Threat Assessment and Management

Responsibilities of the Administrator/Designee:

- Designate STPL in the ISSP's *School Site Suicide/Threat Assessment Team*.
- STPLs only assess students, not employees. For assessments of non-students, see BUL-5798 Workplace Violence, Bullying and Threats (Adult-to-Adult).
- Establish a multidisciplinary school site threat assessment team, in accordance with the ISSP *School Site Suicide/Threat Assessment Team*.
- Respond to reports of students exhibiting worrisome behaviors or making threats immediately or as soon as practically possible.
- Ensure that the Threat Assessment and Management (TAM) policy is implemented.
- Provide follow-up to relevant staff such as Region Operations, as needed.
- Report incident in iSTAR as appropriate and update, as needed.

Responsibilities of all District employees:

- Adhere to the TAM policy and act in accordance with the policy.
- Report any worrisome behaviors or suspected threats to the school site administrator/designee and/or STPL immediately or as soon as practically possible.
- Cooperate in any investigation by providing accurate, relevant information.

Employee or Associated Adult Workplace Violence, Bullying, and Threats

Responsibilities of the Administrator/Designee:

- Establish a safe and respectful school or workplace environment.
- Ensure that the BUL-5798 Workplace Violence, Bullying and Threats (Adult-to-Adult) is implemented.
- Investigate and respond to any verbal or written reports of violence or threatening behavior.
- Monitor and follow-up to ensure that the behavior has stopped.

Powered by BoardOnTrack

- Report incident on required form (see BUL-5798) and in iSTAR as appropriate and update, as needed.

Responsibilities of all District employees:

- Adhere to the BUL-5798 Workplace Violence, Bullying and Threats (Adult-to-Adult) and act in accordance with the policy.
- Promptly report any suspected workplace violence behaviors to the site administrator or designee.
- Cooperate in the investigation of employee workplace violence complaints by providing relevant information.

Student Dress Code/Uniform Policy

Key Elements:

- Representatives from stakeholder groups will review the school's dress code yearly to ensure it complies with guidelines and gender neutrality enumerated in BUL-6494 Student Dress Codes and Uniforms.
- All students shall show proper attention to personal safety and suitability of clothing for school activities. Specialized school programs and classes, such as physical education, science lab, wood shop, or culinary arts, may require specialized attire or unique restrictions.
- The school may prohibit attire or paraphernalia with language or images that are vulgar, sexually explicit, discriminatory, libelous, promote illegal or violent content, or which could reasonably be foreseen to create a hostile environment among rival gangs, individuals, or groups.
- Urban fashion in and of itself is not "gang-related" apparel.
- Students may wear jewelry or attire representative of an established religious faith, including, but not limited to a crucifix, yarmulke, headscarf, or turban.
- Students may wear sun-protective clothing outdoors.
- Hair, sideburns, mustaches, and beards may be worn at any length or in any style, and clothing may be of any fashion, style, or design.
- Parents must be advised of uniform policies prior to the beginning of the academic year (or upon enrollment), informed that uniforms are voluntary, and, if needed, be assisted in securing financial assistance to obtain desired uniforms.
- School uniform policies are voluntary. A student's parent/guardian must be notified annually and may exercise the right to opt out of the school uniform policy, though the student must adhere to the student dress code. Students shall not be penalized academically, subject to any disciplinary action or disparaging treatment or denied attendance to school or participation in school activities for opting out of the uniform.
- Schools must identify financial resources for students who are not able to comply with the school uniform policy due to financial hardship; this includes provision of physical

education uniforms at no cost if failure to have or wear appropriate apparel arises from circumstances beyond the control of the student.

2.8.2.4 Behavior Support and Formal Discipline

Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP)

Access resources at https://www.lausd.org/PBIS_RP

Responsibilities of School Administrator:

- Cultivate a safe, healthy, welcoming, and affirming learning and working environment in each classroom and schoolwide through the development of an integrated, trauma and resilience informed Multi-Tiered Systems of Support framework to support the implementation of Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP), including community and relationship building.
- Ensure a focus on prevention, common values, and shared accountabilities among school community members.
- Ensure that PBIS/RP are achieved through good first teaching, as well as differentiation and personalization of learning.
- Assume a leadership role in the Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP) Team. Everyone has a stake in responsible, respectful, and safe behavior at school. This forms a foundation and an atmosphere that promotes learning and instruction. Administrative leadership is an essential ingredient of that foundation.
- Establish the Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP) Team and ensure that the team meets regularly; support and monitor the team's implementation of the Schoolwide Discipline Plan; evaluate the outcomes; and modify strategies as needed; ensure that the team completes the Tiered Fidelity Inventory two times a year including scores and goals.
- Ensure school procedures effectively support the collection of data that accurately reflects schoolwide, classroom, and individual student social-emotional development and behavioral needs.
- Inform all students and parents/guardians at the beginning of each academic year or as students enroll about the school’s behavioral expectations, responsibilities, and procedures.
- Ensure that students, parents/guardians, and staff have access to copies of the Schoolwide Discipline Plan, that all stakeholders understand their responsibilities in learning the behavioral expectations, and the reinforcement and corrective procedures.
- Provide staff development on strategies, methods, and tools of implementing the school-discipline plan through a multi-tiered system of support including positive

Powered by BoardOnTrack

behavior interventions and supports, restorative practices, social emotional learning, and trauma-resilience informed strategies.

Responsibilities of School Staff:

- Develop healthy, positive relationships with students, staff, and families.
- Use a multi-tiered system of support with a focus on prevention.
- Identify, teach, model, and reinforce schoolwide and classroom behavioral expectations and correct misbehavior with an emphasis on teaching.
- Establish structure and a sense of safety and belonging by developing predictable routines, using effective management strategies, co-regulation, community building, and trauma-resilience informed approaches, as well as the active teaching of pro-social and stress reduction behaviors and strategies.
- Utilize student discipline referral data, Tiered Fidelity Inventory (TFI) scores and goals, School Experience Survey data, and other school climate and discipline data to identify professional development needs, organize support systems for staff and students, and to analyze effectiveness of instruction on behavioral expectations.
- Utilize school resources including, but not limited to, SSPT, Section 504 Plan or IEPs to develop behavior plans for students who exhibit behavioral challenges and implement these behavior plans.
- Partner with parent/guardian and engage in parent education and support, as necessary to support appropriate student behavior.

Formal Discipline

Responsibilities of the Principal/Principal's Administrative Designee:

- Ensure that the District's policy and procedures regarding student suspension and expulsion are fully implemented.
- Designate discipline staff and provide training focusing on investigation of student misconduct and school-site procedures of formal student discipline, including student suspension and expulsion.
- Ensure that recommendations for expulsion are made when students violate CA E.C. § 48915(c) except for sexual misconduct that requires Title IX procedures prior to student discipline. For detailed information regarding Title IX procedures, refer to BUL-2521 Title IX Policy/Nondiscrimination Complaint Procedures (Including for Sex Discrimination and Sexual Harassment).
- The school principal will ensure that the school follows District policy and procedures regarding formal student discipline and fulfills responsibilities to attend or send an administrative designee who has first-hand information to present an expulsion case as well as appropriate witness(es) to testify during the expulsion hearing. Conduct a thorough investigation, collaborate with other school staff and law enforcement, when necessary, and determine whether formal discipline is appropriate.

Powered by BoardOnTrack

- Notify the parent/guardian/education rights holder (ERH) in a timely manner whenever their child is referred for disciplinary action.
- Enter all suspension information (school suspension, in-school suspension, and class suspension) into MiSiS accurately and record all other means of correction. Refer to BUL-5808 Documentation of Student Misconduct as Defined in Education Code in My Integrated Student Information System (MiSiS).
- Advise the parent/guardian/ERH regarding the appeal process whenever the parent/guardian/ERH disagrees with the administrator's decision to suspend.
- Prohibit the use of "informal suspension" (e.g., telling a parent to keep a child home without an official suspension notice, or sending a student home without an official Pupil Suspension Notice); refer to BUL-5655 Guidelines for Student Suspension.

Responsibilities of Designated Discipline Staff:

- Conduct a thorough investigation, collaborate with other school staff and law enforcement, when necessary, and provide evidence to the school principal/designee for a decision on the formal discipline.
- Notify the parent/guardian/education rights holder (ERH) in a timely manner whenever their child is referred for disciplinary action.
- Enter all suspension information (school suspension, in-school suspension, and class suspension) into MiSiS accurately and record all other means of correction. Refer to BUL-5808 Documentation of Student Misconduct as Defined in Education Code in My Integrated Student Information System (MiSiS).
- Advise the parent/guardian/ERH regarding the appeal process whenever the parent/guardian/ERH disagrees with the administrator's decision to suspend.
- Prohibit the use of "informal suspension" (e.g., telling a parent to keep a child home without an official suspension notice, or sending a student home without an official Pupil Suspension Notice); refer to BUL-5655 Guidelines for Student Suspension.

Suspension Guidelines:

Refer to BUL-5655 Guidelines for Student Suspension.

- Students are only to be suspended from school when they have committed an act listed under CA E.C. § 48900, CA E.C. § 48900.2, CA E.C. § 48900.3, CA E.C. § 48900.4, CA E.C. § 48900.7, or CA E.C. § 48915.
- Students enrolled in kindergarten and grades 1 to 3 shall not be suspended or expelled due to disruption [CA E.C. § 48900 (k)(1)] sexual harassment (CA E.C. § 48900.2), an act of hate violence (CA E.C. § 48900.3), or threats and intimidation against District personnel or pupils (CA E.C. § 48900.4).
- Students may not be suspended from school for any reasons, for more than five (5) consecutive school days.

- "Informal suspension" is prohibited. (e.g., telling parent to keep child at home without an official Pupil Suspension Notice or sending a student home without an official Pupil Suspension Notice).
- Extending suspension due to the parent's failure to attend a conference with school officials is prohibited.
- Suspending in absentia (when a student is suspended without being afforded an opportunity to discuss the alleged misconduct) is a violation of the student's due process rights, unless an emergency situation is determined. (Refer to Section V. D of BUL-5655)
- Students in general education shall not be suspended for more than 20 school days in any school year (30 days if student transfers to another school). For students with disabilities who have a Section 504 plan or who is regarded as possibly needing a Section 504 plan, if the misconduct is directly linked to the student's disability, and/or directly results from the District's failure to implement the student's Section 504 plan, the school shall not suspend more than 10 days or make a disciplinary change of placement. The team should consider updating plan accommodations/services and reviewing implementation strategies.
- Students in special education shall not be suspended for more than **10** school days in any school year. Refer to the LAUSD Special Education Electronic Policy and Procedures Manual (e-PPM).
- Problems with truancy, tardiness, and/or other attendance-related issues cannot be grounds for suspension.
- Once a student has been issued a school or in-school suspension, the suspension can only be overturned by the Region Administrator of Operations (AOO) through an appeal process. Refer to BUL-5655 Guidelines for Student Suspension.
- Appeal of a class suspension shall be handled by the principal. A parent may appeal a class suspension by teacher to the school principal. Only the principal can rescind a class suspension.

A teacher may suspend a student from class for any of the acts enumerated in CA E.C. § 48900 except for the student misconduct of willful defiance as described in CA E.C. § 48900 (k)(1).

1. A teacher may suspend a student from class for any of the acts enumerated in E.C. 48900, except for the student misconduct of willful defiance as described in E.C. Section 48900 (k)(1), per District policy.
2. A teacher should report the suspension to the principal and send the student to the principal/designee for appropriate action, which includes appropriate supervision. Refer to BUL-5655 Guidelines for Student Suspension and CA E.C. § 48910.
3. A student shall not be placed in another regular class during the period of suspension.
4. The student shall not return to the class during the period of suspension without the concurrence of the principal and the teacher. If the student is assigned to more than

one class per day, the student must attend the classes from which the student was not suspended. Refer to CA E.C. § 48910.

5. A student can be suspended from class for the remainder of that day (elementary) or period (secondary) and for the following day or period when the class meets. Refer to CA E.C. § 48910.
6. School staff may assign a student who was suspended for any of the reasons enumerated in CA E.C. § 48900 and CA E.C. § 48900.2 to a supervised suspension classroom for the entire period of suspension if the student poses no imminent danger or threat to the campus, students, or staff, or if an action to expel the student has not been initiated. Refer to CA E.C. § 48911.1.

Opportunity Transfer Guidelines:

Refer to BUL-6362 Opportunity Transfer (O.T.) – Policy and Procedures.

- An Opportunity Transfer (O.T.) is a carefully planned school- or District-initiated transfer of a student within LAUSD schools for corrective reasons. It is issued as an alternative measure to address student misconduct after other means of correction have failed to bring about proper conduct or when the student's continued enrollment at the current school presents a safety risk to others. The purpose of an O.T. is to minimize factors that interrupt the student's academic progress, and thus to create a school climate that is safe and conducive to learning for all. To minimize disruption to the academic process, an O.T. may not be issued or terminated within the last six weeks of each academic term (semester, trimester, quarter). All student transfers shall be recorded and documented in the District's My Integrated Student Information System (MiSiS).
- An O.T. may not exceed one calendar year unless both the parent/legal guardian/ERH and the school agree.
- An O.T. may only be issued once during the student's matriculation through elementary school, twice during middle school, and twice during high school.
- To cancel an O.T., the principal must submit the Request for O.T. Cancellation to the Region AOO and obtain written approval.
- The O.T. process does not apply to students with an Individualized Education Program (IEP). An O.T. also may not be issued to a student who is not yet eligible for special education and related services (i.e., a general education student) if the District has knowledge that the child was a student with disability before the behavior that precipitated the disciplinary action occurred. For more information about this process, please contact your Region Special Education Administrator and the Division of Special Education Behavior Support Department via email: SPEDBehaviorSupport@lausd.net.
- For students with disabilities who have a Section 504 Plan.
    - With the exception to drug or alcohol related offenses, students eligible for nondiscrimination protections under Section 504 or students with a Section 504

Powered by BoardOnTrack

Plan may not be transferred through the O.T. process until a manifestation determination meeting has been held and the team determined that: (1) the conduct in question was not caused by, or had a direct and substantial relationship to, the child's disability; or (2) the conduct was not the direct result of the District's failure to implement the Section 504 Plan. Following this, the student may be considered for an O.T. with the assurance of full implementation of the Section 504 protections or applicable Section 504 Plan at the receiving school. For detailed guidelines, refer to BUL-4692 Section 504 of the Rehabilitation Act of 1973.

Expulsion Guidelines:

Refer to BUL-6050 Expulsion of Students - Policy and Procedures

- School principals are required to recommend the expulsion of any student who engages in behavior described in CA E.C. § 48915(c).
- A student who is recommended for expulsion is entitled to an educational placement the day following the last day of their suspension (e.g., day six of a five-day suspension).
- For a student with an IEP, a comprehensive Expulsion Analysis IEP meeting must be conducted, which includes an MDA, prior to recommending the student for expulsion.
- With the exception to drug or alcohol related offenses, students with disabilities served under Section 504 must have an MDA conducted and any appropriate updates to their Section 504 plans (as warranted) must be considered, prior to recommending the student for expulsion.
- No student can be expelled by the Board of Education unless direct evidence, in the form of oral testimony, is presented at the District's administrative Expulsion Review Committee (ERC) hearing.
- There are specific legal requirements for Local Educational Agencies (LEAs) for discipline notifications regarding a student in foster care in the following situations: (Refer to BUL-6050.3, Attachment M)
    - Suspension (includes an in-school suspension)
    - Expulsion
    - IEP meeting when a Manifestation Determination takes place
    - Involuntary Transfer to a continuation school
- For required notification of expulsion recommendation for students experiencing homelessness, refer to BUL-6050.3, Attachment N.

Additional Notifications

There are specific legal requirements for discipline notifications regarding a student in foster care in the following situations: (Refer to BUL-6050.3, Attachment M)

- Suspension (includes an in-school suspension)

Powered by BoardOnTrack

- Expulsion
- IEP meeting when a Manifestation Determination takes place
- Involuntary Transfer to a continuation school

For required notification of expulsion recommendation for students experiencing homelessness, refer to BUL-6050.3, Attachment N.

Maintenance of CA E.C. § 49079 Information:

Refer to BUL-3927 Mandated Reporting of Certain Behavior.

- Pursuant to CA E.C. § 49079 (a), a school district shall inform the teacher of each pupil who has engaged in, or is reasonably suspected to have engaged in, any of the acts described in any of the subdivisions, except subdivision (h), of CA E.C. § 48900 or in CA E.C. § 48900.2, 48900.3, 48900.4, or 48900.7.
- The District shall provide the information to the teacher based upon any records that the District maintains in its ordinary course of business, or received from a law enforcement agency, regarding a pupil described in this section.
- Any information received by a teacher pursuant to this section shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher.
- Each teacher informed of CA E.C. § 49079 students shall be advised of the opportunity to review the student's records and shall be admonished regarding the confidentiality of information.
- Any information referring to CA E.C. § 48900 et seq. offenses shall be made available to each student's teacher from the current school year and three previous school years through MiSiS. After this time frame, access to a student's record will not be available to the teacher, consistent with CA E.C. § 49079.
- In MiSiS, all discipline offenses except for "3.6 - Possessed or used tobacco" trigger a CA E.C. § 49079 "D" Alert on the corresponding student's profile. To view a comprehensive list of students with an CA E.C. § 49079 alert, generate the Student Referral Report. In the report parameters, select "none" for Counseling Referral Reason, and deselect "3.6 - Possessed or used tobacco" from the Discipline Referral Reason. Refer to BUL-5808 Documentation of Student Misconduct as Defined in Education Code in My Integrated Student Information System (MiSiS).
- The MiSiS Attendance Roster List view displays a "D" on the Alerts Column for students with a discipline file, consistent with CA E.C. § 49079. Teachers can click on the student profile and view any discipline by clicking on Support > Referrals, which will display discipline from the current school year and three previous years.

Guidelines When a Student Described in CA E.C. §49079 Is Transferred to Another LAUSD School:

When a student transfers between LAUSD schools, the receiving principal/designee will have access to the MiSiS discipline referral offenses noted in CA E.C. § 49079. Refer to BUL-3927 Mandated Reporting of Certain Behavior.

Responsibilities of Juvenile Courts:

- Welfare and Institutions Code (W.I.C.) Section 827 (b)(2) mandates that the Juvenile Courts submit to the superintendent of the district of attendance written notice whenever a minor who is enrolled in any of grades K through 12 has been found by the court to have committed any of certain specified offenses.
- The information furnished by the Juvenile Court shall be expeditiously transmitted to the principal at the school of attendance. The principal must expeditiously disseminate the information to those counselors directly supervising or reporting on the behavior or progress of the student. In addition, the principal shall disseminate the information to any teacher or administrator directly supervising or reporting on the behavior or progress of the student whom the principal believes needs the information to work with the student in an appropriate fashion to avoid being needlessly vulnerable or to protect others from needless vulnerability.
- If a notice from the juvenile court is received by a school, the school should contact Student Health and Human Services, Student Support Programs, for assistance.
- Any information received by a teacher, counselor, or administrator shall be confidential and used only for the limited purpose noted above, and may not be further disseminated.

2.8.2.5 Facilities-Related

Key Control

Responsibilities of the Administrator:

- Maintain in writing current records of the distribution of all keys.
- Maintain a key safe or school vault in which keys that have not been issued are to be stored every night. Ensure that when not in the possession of authorized school staff, all keys, including custodial keys, are to be kept in a locked key safe or vault.
- Arrange to have all exterior doors of buildings opened and closed, as necessary.

Key Distribution:

- Master Keys: It is important to keep the number of master and specialized keys to a minimum to maintain site security. Master keys (“A” and “K”) shall be issued only to the plant manager and administrative staff. In addition, a maximum of five master keys may be requested for use by disaster emergency teams. These shall be maintained on a single ring at the site (in the key safe or vault) for emergency use only and are not to be used for other purposes.

- Sub-master Keys: Sub-master keys are to be issued only to school personnel who absolutely need them in the daily course of their responsibilities. They shall be returned to the key safe or vault nightly.
- Classroom Teacher Keys: Classroom teachers are to be issued only the keys to their classroom, storeroom, and cabinets and will be responsible for said keys. At no time shall a classroom teacher be issued a master key.
- Substitute Teacher Keys: Keys issued to substitute teachers and other District employees (maintenance, etc.) shall be returned daily.
- Alarm Keys: Three alarm keys will be issued to the site administrator who will be responsible for these keys. The administrator will designate the keys accordingly. No site will be issued more than three intrusion alarm keys without approval of the School Police Chief.

Key Control Guidelines:

- Staff members shall be notified that unauthorized possession by any person, including employees, of any site key is a misdemeanor (CA PEN § 469).
- Keys are never to be kept in classroom cupboards, filing cabinets, in or on teachers' desks, offices, or in staff mailboxes.
- Keys are never to be in the possession of students without the expressed written permission of the site key administrator. Keys are not to be loaned to students to open doors or gates.
- Staff is to be advised that prior to leaving any room, office, or work location, it is the employees' responsibility to double check that all doors and windows are closed shut and locked.
- Authorized personnel needing keys for the weekend or holiday activities will be issued keys which limit access to the room or area necessary for the weekend assignment. Prior written approval by the site key administrator must be obtained.
- At sites equipped with intrusion alarm systems, the School Police must be notified the week before the weekend or holiday that authorized personnel are scheduled to enter the site.
- All keys shall be checked and left with the site key administrator at the end of the school year or in the event of an assignment change.

Loss or Theft of Keys

The loss or theft of keys shall be reported to the Region Office and School Police (at 213-625-6631). In addition, the Maintenance and Operations Central Shops Lock Department shall be notified by creating an emergency service call. The Lock Department will immediately rekey sensitive areas (such as the library, computer lab, cum room, etc.) only.

Plant Inspections

Powered by BoardOnTrack

Responsibilities of the Designee for Inspecting the Campus Regularly:

Inspect the campus regularly for the following conditions and heed the following:

- All nonstructural hazards in classrooms and other sites where students are served will be eliminated.
- All damage to fences will be reported and corrected as soon as possible.
- All graffiti must be removed as soon as possible (take photographs if necessary).
- All litter must be removed as soon as possible.
- Playground facilities and equipment will be inspected regularly for hazards. Repairs must be made as soon as possible.
- All nonfunctioning lighting fixtures must be reported and corrected as soon as possible.
- Ensure that the following signs are posted, visible, and legible: Visitors' policy, a drug, tobacco, weapon and violence-free school, and nondiscrimination and sexual harassment prevention policies.
- The designated person shall be responsible for contacting the appropriate Maintenance and Operation department or District Unit responsible for correcting or repairing any hazardous or unsafe element on the school campus.

Restroom Cleanliness

Responsibilities of the Administrator:

- Site plans for each secondary school are to specify where student restrooms are located and when they will be open each day, and that they are adequate to serve student needs.
- Provide adequate supervision of restroom areas throughout the school day.
- Announce and encourage all students, including student leadership, to prevent vandalism and keep restroom areas clean.
- Involve parents in setting behavior standards to maintain clean, functioning restrooms on campus.
- Post notices to stakeholders, "Important Information About Your Complaint Rights Williams Legislation" in each classroom visible to stakeholders.
- Maintain Williams' complaint forms in the school or District office.

Responsibilities of the Plant Manager:

- Randomly monitor restrooms daily, conduct daily observation Emergency routes and paths of travel used to and from of any fixtures needing repair, and place a "trouble call" to report needed repairs.
- At secondary schools, supervise and monitor restroom attendant personnel.
- Before students arrive at school each day, inspect student restrooms to ensure that overnight crews have cleaned and stocked each restroom with paper and soap supplies.

Powered by BoardOnTrack

- Assign restroom attendant or custodial staff so that, at a minimum of twice during each day, restrooms are spot-cleaned, cleared of trash, restocked with soap and paper supplies, and have floors that are dry and hazard-free.
- Schedule with the appropriate Maintenance and Operations department the “deep cleaning” of all restrooms three times per year.
- Complete and maintain daily restroom service logs at a disclosed site on the school campus.

Inventory/Marking of School Equipment/Property/Record Retention

Responsibilities of the Administrator:

- Responsibility for all school property rests with the principal.
- Teachers and other employees are held responsible for the care of all school property in their control.
- The principal ensures that District equipment are not loaned to any District employee, group, or other persons for personal use.
- Property is to be inventoried, marked as required and records must be maintained in accordance with the District’s record retention policy.

For more detailed instructions regarding equipment inventory, please refer to the following bulletins and reference guide:

- BUL-953 Control of Site Equipment, CA E.C. § 35168. This bulletin and education code requires school districts to maintain inventory records of equipment whose current market value exceeds $500. These records must contain a description of the equipment, manufacturer’s name, identification numbers, original cost, date of acquisition, the location of use, and the date and method of disposal, if applicable.
- BUL-3508 Inventory Requirements for Equipment Purchased with Categorical Program Funds. This policy bulletin outlines federal and state guidelines for requiring an inventory for equipment purchased with categorical funds at school sites and offices, including equipment previously purchased through the Imprest fund or with the Procurement Card (P-Card). P-Card and Imprest purchases are not allowable with Title I funds. The equipment must be maintained and readily available for examination. Equipment inventories are subject to review at any time by federal and state auditors for equipment costing a total of $500 or more.)
- BUL-1158 Accounting for Supplies and Equipment Purchases. The California School Accounting Manual states that expenditures are required to be classified by “objects” to provide consistency in financial reporting among school districts. Additionally, the District is required to adhere to Government Accounting Standards Board Statement No. 34 to separately account for all fixed assets (land, buildings, equipment, etc.) and report depreciation on those assets accordingly.

Powered by BoardOnTrack

- REF-71300 Record Retention for School Sites. This reference guide provides details for managing records at school sites and retention schedule listing records typically found at school sites.

2.8.2.6 School Arrival/Departure Plans

Traffic Patterns and Drop-off/Pick-up Points

Responsibilities of the Administrator:

- Work with OEHS or School Police to develop an appropriate drop-off and pick-up plan.
- Ensure through daily monitoring by designated staff that loading and unloading areas are “curbside” and designated to minimize student proximity to moving vehicles and that these areas are readily accessible to students.
- Confer with School Police as necessary to establish traffic patterns, and drop-off and pick-up points that ensure student safety and minimize traffic congestion.

Safe Passage To and From School

Responsibilities of the Administrator:

- Collaborate with the Office of Environmental Health and Safety (OEHS) to assess traffic, warning signs, school bus and parent loading zones, crossing guards, crosswalks, traffic signals, stop signs, etc. OEHS may be reached at (213) 241-3199 or OEHSQuestions@lausd.net.
- Work with the Safe School Collaborative on safe passage and attend local law enforcement agencies Safety Collaborative meetings. For more information, please contact Division of School Operations at (213) 241-7921.
- At elementary schools, encourage parents to walk their children to school.
- Visit the OEHS Safe School Traffic Program webpage for current documents and resources. The Principal should ensure that teachers incorporate pedestrian and bicycle safety into classroom curricula.
- Inform students, staff, and parents of designated student drop-off and pickup points, and safety procedures to be observed whenever there are moving vehicles in or around the school. This information should include bike helmet usage and should be distributed in a brochure to students and parents at the start of the school year.
- Report continuing traffic noncompliance problems to School Police at (213) 625-6631 or local enforcement agency.
- Ensure bus loading areas are designated and that loading and unloading of passengers takes place only within these areas.

2.8.3 Attendance/Engagement and Dropout Prevention

Responsible Administrator:

2. Plan Development

LAUSD Strategic Plan: Pillar 2D: Outstanding Attendance

Ensure outstanding attendance to support in-class learning

Responsibilities of the Administrator:

- Implement and supervise all state and District attendance policies and procedures,
- Ensure appropriate attendance, enrollment and withdrawal procedures are in place. Review the following resources:
    - MyPLN Training: Tools to Support Accurate Attendance and Withdrawal Procedures
    - Presentation: Tools to Support Accurate Attendance and Withdrawal Procedures.
- Track, monitor and regularly share attendance/engagement data with stakeholders.
- For a comprehensive list of activities, resources, and materials of the iAttend attendance initiative, visit the Pupil Services website and Enrollment, Attendance, and Withdrawal Resources Schoology group (Access Code: D4GT-DTTH-59Z3V).

Truancy/Tardiness Abatement

Responsibilities of the Administrator:

- Implement and supervise all state and District attendance policies and procedures.
- Ensure that students and parents are informed of the school attendance and tardy policy, as well as all applicable laws relating to compulsory attendance.
- Ensure that the attendance team and school staff including the Pupil Services and Attendance Counselor are coordinating efforts on attendance expectations and outreach.

Responsibilities of the Teacher:

- Conduct outreach to build relationships with students and caregivers throughout the year, as appropriate, to support engagement and establish rapport/connections.
- Ensure that personal phone calls to home are made (by teacher and/or other designated staff) when students are absent.
- Ensure that attendance is submitted within the first 15 minutes of each class or period (or as required in alignment with current distance learning attendance taking guidelines, if applicable).
- Ensure that all absence reason codes, and times (if applicable) are entered.

CA E.C. § 48200 Compulsory Attendance Law:

Each person between the ages of 6 and 18 years, not exempted, shall attend the public full-time day school or continuation school or classes for the full time designated as the length of the school day by the governing board of the school district in which the residency of either the parent or legal guardian is located and each parent, guardian, or other person having control or

charge of the pupil shall send the pupil to the public full time day school or continuation school or classes for the full-time designated as the length of the school day by the governing board of the school district in which the residence of either the parent or legal guardian is located.

Intervention for At-Promise Students

Responsibilities of the Administrator:

Administrators should ensure that

- At-Promise Students are immediately enrolled, even if they are missing academic and medical records, immunization records, proof of residency, a school uniform, or if they owe fees or materials to their prior school.
- The Pupil Services and Attendance (PSA) Counselor or a designated staff member is assigned to coordinate school attendance, dropout prevention, and recovery efforts.
- An Attendance Team/Multidisciplinary is in place to provide outreach and support for students who have disengaged.
- School staff support attendance and dropout prevention efforts.
- Coordination of services and supports with the A-G Diploma Program Counselor (select secondary schools only), Specialized Student Services Counselor, Pupil Services Attendance Counselor, and other designated staff.
- All school staff have read and follow:
    - BUL-4926 Enrollment, Attendance, and Withdrawal Policies and Procedures
    - BUL-6718 Educational Rights and Guidelines for Youth in Foster Care, Experiencing Homelessness and/or Involved in the Juvenile Justice System
    - BUL-6231 Discipline Foundation Policy
    - BUL-6730 A Multi-Tiered System of Support Framework for the Student Support and Progress Team
    - REF-43782 Implementing a Multi-Tiered System of Supports Framework
    - Pupil Services and Attendance SharePoint - Due Diligence Efforts- Steps to Follow Prior to Withdrawing Students Quick Guide.pdf
- Schools implement a tiered system of support to address student attendance.
- School staff are trained and have access to LAUSD student information systems such as MyData, MiSiS, Focus, and Elevate, as well as classroom referrals to help identify and monitor/track at-promise students.
- Transition programs are in place to support incoming students and matriculating students as they adjust to their new classroom and school environments.
- The school climate welcomes and invites parent involvement through a parent center, parent conferences, parent meetings, personalized phone calls to parents, and that selected staff makes home visits when necessary to engage parents in their student's educational needs.

- There is a multidisciplinary team that looks at student and school data on attendance, withdrawal, and dropout information to make decisions at the school regarding student intervention programs and policies.
- The multidisciplinary team consists of appropriate non-classroom personnel, such as, Pupil Services and Attendance Counselor, Psychiatric Social Worker, deans, and APSCS and other designated staff.

Responsibilities of the Multidisciplinary Team/Attendance Team:

- Meet regularly to review attendance/engagement data and coordinate services and supports.
- Meet regularly to ensure the implementation and monitoring of a multi-tiered system of support for student attendance.
- Assess student, student subgroup and schoolwide data, establish a uniform referral process, and provide consistent follow-up on referrals.

Responsibilities of Staff:

- Staff is trained and aware of District mandates and procedures with respect to school attendance, withdrawals, dropout prevention, and recovery.
- School staff identifies and monitors students who are not making progress and coordinates with instructional staff to make needed adjustments to support student academic progress.
- Collaborate in the delivery of services to students.
- Be aware of and utilize resources both within the school and in the community.
- School staff systematically monitors, updates, and reviews student records.
- System for personalized interventions for students at risk of dropping out of school or who have recently left school.

Responsibilities of the Administrator:

- Create a school culture that reflects mutual support, caring, and safety for everyone.
- Ensure that selected school staff are trained on all District and non-district educational alternative placement options and that there is a process in place for referring at-promise students for educational supports and, when appropriate, to educational alternative placements, such as, but not limited to, community college classes, continuation schools, AC^{2}T, or Division of Adult and Career Education.
- Ensure that school staff are trained to work with at-promise students and utilize available resources to assist those students, such as, training on how to complete accurate enrollments and checkouts in MiSiS, how to identify at-promise students based on multiple risk factors (using reports such as those in MyData/FOCUS), how to create a welcoming, safe, and supportive school culture for all students, and how to link

Powered by BoardOnTrack

students/families up to necessary resources (academic, food, clothing, tutoring, etc.) to help students achieve their high school diplomas.

- Ensure that their school has a variety of academic programs in place to meet the individual needs of students at-risk for school failure or dropout, concurrent enrollment in ROP classes, online courses, summer school, tutoring, other credit recovery options and community resources.
- Ensure that student records are accurate. This includes ensuring that school clerical staff are trained on how to accurately enter student data into MiSiS upon enrollment and withdrawal (i.e., correct leave/enrollment codes are being used, upon every withdrawal, and student records are sent to the next school of enrollment in a timely manner).
- Students who are transferring between LAUSD schools should be auto-withdrawn in MiSiS by the receiving school; when the transfer is out of LAUSD, a school may only withdraw upon receipt of valid documentation to support the withdrawal. School personnel should document as much information as possible, including a destination, school, address, phone number and contact information. The school should also attempt to collect the “Parent Assurance Letter.”
- Schools should document all records requests in MiSiS: MiSiS Enrollment Job Aids. (Select “Entering Student Record Request” under “Withdrawal/No Show.”)
- The school has partnerships and collaborates with community agencies that can provide resources and options to students who are at risk of school failure and dropping out of school.

Responsibilities of School Staff:

- Work with parents/guardians and students to systematically monitor and follow-up with students regarding the supports/interventions and referrals provided to ensure access and effectiveness.
- School staff reviews student-level data to identify which students require supplemental educational services (i.e., tutoring, online courses, etc.,) and link those students and parents to the educational resources they need.
- All staff work collaboratively to identify students in need of prevention/intervention.

System to Recover, Enroll, or Provide Alternative Education Referrals

Responsibilities of the Administrator:

- Assign a multidisciplinary team of school staff to work collaboratively on clearing/locating and recovering students listed as lost transfers and whereabouts unknown (L8’s).
- Ensure that staff is trained and follow all bulletins, memos, and reference guides regarding LAUSD policy for non-grads and 5th year seniors, and provisions for students continuing beyond their fourth year of high school (e.g., students who are homeless, in foster care, English Learners, students with IEPs).

- Ensure that school staff knows how to re-enroll or provide educational alternative options to students who may have left school for a period of time but have chosen to return to school and work towards their high school diploma.
- Students matriculating and/or transferring within LAUSD shall provide updates through the required annually disseminated forms. Schools shall not require matriculating students to complete a new Student Enrollment Form or to provide additional documentation for address verification (with specific exceptions related to charter schools).
- Require appropriate staff to run/review monthly reports on all withdrawals each month and ensure that designated staff follows up to find out if students are currently enrolled.
- Communicate to staff the importance of accurate record-keeping and tracking.
- Ensure that all due diligence efforts have been made prior to withdrawing students; for students whose whereabouts are known and are not attending, schools are to contact the Region PSA Administrator for Resource Panel/SARB referral.

Responsibility of Staff:

- Staff clearly defines their role in recovering dropout students to avoid duplication of services.
- School support staff and clerical staff stay up to date on all new District bulletins, reference guides, and memoranda relating to the input of student information into MiSiS.
- Staff provides parents/guardians and students with information about their educational rights and options available to help them be successful in school.

2.8.4 Parent and Community Engagement

Parents are encouraged to provide a healthy diet, promote physical activity, and ensure overall good physical and mental health and wellness for their child. Parents are also encouraged to participate in the planning for their child's academic progress and success.

Physical and Mental Health Supports

The Medical Services Division (MSD) is committed to providing equitable healthcare to our school communities so that all students thrive academically, are engaged, successful and ready for the world.

Families are encouraged to visit the resources available through MSD Offices by visiting the website lausd.org/msd, where you can learn more about the following Offices:

- District Nursing Services
- Healthy Emergency Response and Support
- Student Medical Services and Medi-Cal Programs
- Student Mental Health and Wellness Services

Powered by BoardOnTrack

2. Plan Development

Community members can also request support by calling the Student and Family Wellness Resource line at (213) 241-3840 (Monday through Friday, 8AM – 4:30PM). District mental health and wellness staff are available to support with referrals for services such as mental health, immunizations, health insurance, food and housing, enrollment, and more.

Engaging families in topics aligned to safety, wellness, and other topics of focus for the District is foundational to accelerating student outcomes and overall family wellness. A bundle of modules with content for school leadership to engage families in training and learning about safety topics, including Substance Use and Fentanyl Awareness, are available for download by visiting lausd.org/sface and in the Principal's Portal. A LAUSD Single Sign On is required to access family engagement content.

The Office of Student, Family and Community Engagement also assists families by linking them to resources, workshops, and courses in the areas of the councils and committees, school volunteers, Parent Portal, understanding data and school budgeting, for example. Families may visit https://www.lausd.org/sface or email families@lausd.net for more information.

3. Incident Command System

3.1 Incident Command

The Incident Command System (ICS) is used by first responders, government agencies, private sector business and non-profit groups to manage emergencies, crises, and disasters nationwide, as well as planned events. LAUSD also uses ICS, which is a system that groups people by functions according to aptitude and skills, instead of rank/title. Every position reports to someone (see the School ICS Incident Command Team Chart in this section), which greatly facilitates the flow of information and resources among the multiple teams participating in response to an emergency. ICS consists of the following five functions:

- Command (Management in the LAUSD EOC)
- Operations
- Planning & Intelligence
- Logistics
- Finance & Administration

The organization depicted on the School ICS Organization Chart can be expanded or abridged to meet the scope of the emergency/planned event. Not every emergency/planned event will require (activate) all of the teams or positions listed on the chart.

ICS can be adapted for schools with limited personnel. If no one is assigned to an ICS position, it is understood that the person who manages that position is performing the responsibilities of the unfilled position. For example, in some emergencies/planned events, the Incident Commander may not assign a person to oversee finance. In that case, the Incident Commander is still responsible for all applicable Finance and Administration responsibilities, such as financial documentation for potential recovery. Note that to optimally fulfill some of the emergency team duties, members should have training, preparation opportunities, and practice through drills.

Region Operations Centers (ROC): During some emergencies, crises or planned events, the ROC may be activated to provide immediate support to the schools. In such cases, the school is expected to maintain open and ongoing communications with the ROC, typically through their Operations Coordinator. Refer to the LAUSD Region Operations Center (ROC) Guide for more information.

Emergency Operations Center (EOC): When the emergency or crisis or planned event impacts a great geographical portion of the District and/or has numerous significant operational impacts beyond a school's or ROC's ability to manage, the L.A. Unified (EOC) may be activated. The EOC is responsible for coordinating resources and maintaining situational awareness Districtwide. For more information regarding the EOC, access the LAUSD EOP Handbook for Emergency Operations Center Responders. The school's Incident Commander will keep the EOC updated, in most cases through their Region and/or through the School Emergency Status Report (SESR).

3. Incident Command System

Schools will be notified if the SESR is activated and if schools are expected to update their status through the SESR. More information regarding SESR can be found at: https://sesr.lausd.net through the Principal's Portal.

It is recommended that team members and other District employees take Community Emergency Response Team (CERT) training. This hands-on disaster training is offered by local fire departments. LAUSD personnel can learn more about ICS by taking online video training courses STEPS 400, 420 and 421, available through MyPLN. Additional online emergency management classes appropriate for District employees are offered by the Federal Emergency Management Agency (FEMA) and are linked at https://www.lausd.org/fema.

Incident Command RALLION, MARIE FRANCE; LANGLEY, SHARON

During an emergency, the Incident Commander (IC) is responsible for setting the response objectives and directing activities from a designated Command Post. All functions report to the IC. To effectively direct response actions, the IC must constantly assess the situation and develop and implement appropriate strategies. The IC must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response. At a school, these functions are typically directed by the principal or designee as the Incident Commander. The principal is assisted in carrying out this role by a Public Information Officer and Safety Coordinator, as needed. The IC should use “management by objectives” by setting specific goals and objectives for the total response. The objectives should be SMART, which is an acronym for Specific, Measurable, Achievable, Relevant and Timely.

Planning/Intelligence Section GONZALEZ DE TORRES, BERNICE; HORTON-HODGE, LISA

During an emergency, the ICS Planning and Intelligence section uses various methods and resources to efficiently gather information, analyze and document the information for significance, and actively assess the status of the emergency. This understanding and knowledge about the situation at hand is vital to the effective management of a response. Under ICS, this function is supported by a Documentation/Communication position, who reports directly to the Incident Commander if a Planning/Intelligence Lead is not assigned. The ICS Planning and Intelligence Section also predicts future needs, observes trends, and constantly answers the following questions regarding the emergency:

- How big is this problem?
- Who is affected?
- What are we going to need in the next hour, day, or week?

Operations Section RALLION, MARIE FRANCE; LIM, RICKY

Under ICS, all tactics for the emergency response are implemented under the Operations function. Many school site emergencies are complex enough for the Incident Commander to

assign an Operations Section Lead. This function is supported by staff reporting to the Operations Lead who have responsibilities such as rendering medical assistance, crisis intervention, search and rescue, site security, damage assessment, evacuations, access and functional needs support, and the release of students to parents. Within LAUSD, these activities are performed by the following teams:

- Triage Team
- School Site Crisis Team
- Search and Rescue Teams
- Access and Functional Needs Position
- Security/Utilities Team
- Fire Suppression/HazMat Team
- Assembly Area Team
- Request Gate Team
- Reunion Gate Team

Logistics Section ALVARADO, JANET; CHOI, SUNG

The Logistics section manages resources and provides all incident support needs such as facilities, transportation, communications, and supplies/equipment. Logistics supports emergency operations by coordinating personnel; assembling and deploying volunteer teams; and providing supplies, resources, equipment, and services, including food service and adjusting meal schedules and menus, as needed. Within LAUSD, these activities are performed by Supply/Equipment Team, Hygiene Team, and Transportation Support Team if activated and they report to the Logistics Section Lead. When the Operations Section needs something, they get it from the Logistics Section. Logistics works closely with the Planning and Intelligence Section to develop resources for future needs.

Finance/Administration RALLION, MARIE FRANCE; LANGLEY, SHARON

The Finance/Administration function of ICS involves the purchasing of all necessary materials, tracking financial records, timekeeping for school site and responding District staff, and recovering school records after an emergency. They keep track of personnel time and costs, which are sometimes divided into two positions reporting to a Finance Section Lead.

3.2 Command Team

The Command Team is responsible for directing school emergency response activities. The Command Team is led by the principal or designee, who is the Incident Commander. The Command Team includes the school's Public Information Officer, the Safety Coordinator, and the Team Leads for each of the other four functions (Operations, Planning & Intelligence, Logistics, and Finance & Administration). The Incident Commander sets goals and objectives for the activities of all other teams.

Team Assembly Location

Inside: MPR

Powered by BoardOnTrack

Outside: Playground

3.2.1 Incident Commander RALLION, MARIE FRANCE; LANGLEY, SHARON

The Incident Commander (IC), principal or designee, is responsible for directing emergency operations and shall remain at the Command Post to observe and direct all operations. The only role of this person is to make decisions. Specific duties of the Incident Commander may include:

- Setting goals and objectives for the response team as a whole
- Assessing the situation periodically
- Directing the Command Team
- Determining the need for, and requesting, outside assistance
- Communicating with the Region Administrator of Operations and central office staff
- Working with the Region regarding any messaging about the incident to internal and external stakeholders

3.2.2 Public Information Officer YOO, HYON DOUK; HONG, ELIZABETH

The Public Information Officer (PIO) is the official spokesperson for the school site in an emergency and is responsible for communicating with the media and delivering public announcements. Specific duties of the PIO may include:

- Receiving updates and official statements periodically from the Incident Commander
- Posting approved messages to parents via Connect
- Maintaining a log of PIO actions and all school-site-based communications
- Updating/consulting with the Region PIO or central Communications office
- Interacting periodically with the media (with prior review/approval from the Region/District Communications Office)
- Under the guidance of the Office of Communications, preparing statements for dissemination to the public
- Ensuring announcements and other public information are translated into other languages as needed
- Monitoring news broadcasts about the incident and alerting the Region PIO and Office of Communications of any misinformation
- Monitoring social media for rumor control and misinformation (may be supported by PIO)

3.2.3 Safety Coordinator LEMUS-RODRIGUEZ, JASMINE; ARGUETA, HENRY

The Safety Coordinator is responsible for ensuring that all emergency activities are conducted in as safe a manner as possible. Specific duties of the Safety Coordinator may include:

- Checking periodically with the Incident Commander for situation briefings and updates
- Maintaining all records and documentation as assigned by the Incident Commander
- Monitoring drills, exercises, and emergency response activities for safety
- Identifying and addressing safety hazards

Powered by BoardOnTrack

- Ensuring that team members use appropriate safety equipment

Supplies and Equipment for Command Team

- School Emergency Response Boxes (REF-5450 School Emergency Response Boxes)
- Copy of the Integrated Safe School Plan and contact information
- Campus maps
- Staff cell phone lists
- Staff email lists
- Master keys (Note: Keys must be kept in a very secure location or with specific authorized individuals.)

Copies of staff and student rosters

- Hand-held two-way radios
- Bullhorn
- Battery-operated AM/FM radio
- First Aid kit for Command Team
- Clipboard, paper, pens
- Hard hat for each team member
- Vest or other position identifier
- Large campus map

3.3 Triage Team

The members of the Triage Team are responsible for:

- Performing triage/disaster aid in the event of large-scale emergency impacting the school community
- Assessing injuries and administering necessary medical assistance as indicated
- Ensuring that first aid supplies are available
- Ensuring that designated school site staff are trained in the administration of medical measures, as appropriate
- Setting up triage area and temporary morgue
- Keeping accurate records of care given and triage tagging each of the injured with name, address, injury, and any treatment rendered
- Reporting critical injuries or deaths immediately to Triage Team Lead
- Recording information on transport to hospital by first responders

Assignments

Triage Team Lead: KIM, AMAZINGGRACE

Backup Team Lead: CARDENAS, MARTHA

Triage Team Member:

Triage Team Member:

School Nurse: KIM, AMAZINGGRACE

Team Assembly Location

Inside: Tent

Powered by BoardOnTrack

Outside: Playground

Triage Team Lead

The Triage Team Lead is responsible for oversight and communication related to triage and disaster first aid training, preparation, and planning. The Triage Team Lead will also direct team activities and, in the event of a large-scale emergency impacting the school community, periodically interact with the Operations Section Lead to determine medical needs and planned actions.

Specific duties of the Triage Team Lead may include:

1) Ensuring triage areas are set up
2) Supporting team members to ensure adequate triaging of the injured
3) Ensuring all medical supplies are available for the team
4) Ensuring Triage Team performs secondary assessments and appropriate disaster medical care after triage is complete
5) Periodically keeping Operations Section Lead informed of overall status
6) Ensuring designated school site staff are trained in triage and disaster first aid techniques and priorities

Triage Team Members (Triage, Disaster Medical Assistance)

The members of the Triage Team are responsible for:

- Designating and setting up triage areas, including access for emergency vehicles
- Assessing injuries/performing triage and administering necessary disaster medical aid during a large-scale emergency impacting the school community
- Ensuring that disaster first aid supplies are available
- Setting up triage stations and the temporary morgue, ensuring that all medical supplies/equipment are accessible, including taking these items out during evacuations
- Keeping accurate records of care given and triage tagging each of the injured with name, address, injury, and any treatment rendered
- Reporting critical injuries or deaths immediately to Triage Team Lead
- Recording ambulance transport to hospital information
- Completing the Injury Report

In a large-scale disaster/emergency, it may be a while before patients can be transported for medical care. When possible, have students transported to the nearest emergency department approved for pediatrics (up to age 22) as listed in Step 4, under Additional Contacts of the online ISSP. It is best to have a staff member accompany each transported student; during an incident with many injuries, that may not be possible. Always note the name and transport destination for each person when they are transported.

Supplies and Equipment for the Triage Team

3. Incident Command System

Note: Staff/team members cannot re-enter buildings to retrieve supplies/equipment that are not stored in the emergency bin. Ensure that equipment is evacuated.

- Vest or position identifier
- First aid supplies
- Non-latex disposable exam gloves
- Triage tags
- Hand-held two-way radios
- Stretchers
- Blankets
- Wheelchairs
- Ground covers, tarps
- Patient record forms
- Site map
- Injury Report
- Automated External Defibrillators (AED)
- Epi-Pen
- Biohazard bag
- Sharps container
- Student medication

Related Training and Resources

- It is recommended that all Triage Team members have first aid, cardiopulmonary resuscitation (CPR)/AED, and epinephrine administration training. More details on AED and epinephrine administration policy are available in BUL-4480 Policy and Procedure for the Acquisition and Use of Automated External Defibrillators (AEDs) and BUL-114500 Administration of Epinephrine Auto-Injectors.
- Online training course STEPS 213, offered through MyPLN.
- Training information regarding CPR/AED and EpiPen is also available from the school nurse. Some CPR/AED information can also be found at lausd.org/CPR/AED; First Aid (and CPR) information is also available.
- The District is creating a Stop the Bleed training program. Details and updates are available here.

3.4 School Site Crisis Team

The School Site Crisis Team is responsible for addressing the mental health needs and social-emotional well-being of all students on campus during an emergency by providing Psychological First Aid (PFA) as needed, in the immediate aftermath of a critical incident or emergency, pursuant to the District's BUL-5800 Crisis Preparedness, Response and Recovery policy. PFA is an evidence-informed approach for assisting children, adolescents, adults, and families in the immediate aftermath of a critical incident, disaster, or act of terrorism. PFA is designed to reduce the initial distress caused by traumatic events and to foster short and long-term adaptive functioning.

Assignments

Crisis Team Lead: CHOI, SUNG

Backup Team Lead: LEMUS-RODRIGUEZ, JASMINE

3. Incident Command System

Psychological First Aid Team Member (Primary): PETERS, MADELINE

Psychological First Aid Team Member (Backup): RALLION, MARIE FRANCE

Team Assembly Location

Inside: MPR

Outside: Playground

Crisis Team Lead

The Team Lead is responsible for directing crisis responders and periodically interacting with the Operations Section Lead to identify concerns and report status. The Crisis Team Lead is also responsible for assigning personnel as needed, such as the Psychological First Aid Team Members, and ensuring appropriate training is provided. Supplemental online training courses STEPS 212 and 409 are offered through MyPLN.

Psychological First Aid Team Members

The members of the Psychological First Aid Team, with the guidance of the Crisis Team Lead, are responsible for monitoring the social-emotional safety and well-being of the students and staff in designated areas, such as the Assembly Area and Triage Area. Specific duties of the members of the Psychological First Aid members may include:

- Assessing needs and providing Psychological First Aid
- Providing reassurance and support to students
- Updating the number of students and staff in need of support
- Documenting students or staff who may need additional support in the days to weeks following the incident
- Coordinating with Logistics to provide water and food to students and staff when necessary
- Supporting other teams, as needed

Supplies and Equipment for the Psychological First Aid Team Members

- Vest or position identifier
- Hand-held two-way radio
- Ground cover and tarps
- First aid kit
- Paper, pens/pencils

3.5 Search and Rescue Team

The Search and Rescue (SAR) Team is responsible for preparing and performing search and rescue operations during an emergency when the fire department is delayed due to the nature of the disaster. There may be two or more SAR teams at a school, depending on the size and layout of the site. Each team must have four members, as they work in pairs for safety reasons. Supplemental online training course STEPS 214 is offered through MyPLN.

3. Incident Command System

Assignments

Search and Rescue (SAR) Teams Coordinator: HORTON-HODGE, LISA

Backup SAR Teams Coordinator: LEMUS-RODRIGUEZ, JASMINE

SAR Team 1 Members: CHOI, SUNG; LEMUS-RODRIGUEZ, JASMINE; RECINOS, JENNIFER; CARRILLO, SONYA

SAR Team 2 Members: KIM, JOANA; KIM, HYOSUN; KIM, EDWARD; RENDEROS, MILI

SAR Team 3 Members: LUIZAGA, HAROLD; MOTA, LUISA; CORTEZ SAMAYOA, JUAN; PACAS, JONATHAN

SAR Team 4 Members: CHO, HYUN JIN; MENDOZA-VELAZQUEZ, MARY; RUIZ, LETICIA; REGNIER, LUZ

Team Assembly Location

Inside: MPR

Outside: Playground

Search and Rescue Teams Coordinator

The Search and Rescue Teams Coordinator assigns each SAR team their specific areas and duties, records findings on maps and in logs, keeps the Operations Section Lead informed of overall status, and coordinates appropriate training. Specific duties of the Search and Rescue Teams Coordinator may include:

- Ensuring that each responding SAR team has four members and that those four members work in pairs for safety reasons
- Obtaining briefings from the Operations Section Lead, and the Assembly Area Team, noting missing students, identified damage and site hazards, and any other situations requiring SAR response
- Assigning and recording SAR teams based on available team members, maintaining four persons per team
- Updating teams' reports on site map and recording exact location of damage and triage tally

Search and Rescue Team Leads

Each Search and Rescue Team Lead is responsible for directing the activities of their assigned SAR team and apprises the SAR Teams Coordinator of the team's status and their findings throughout the search and rescue process. Specific duties of the Search and Rescue Team Leads may include:

- Obtaining briefings from the SAR Coordinator

- Directing search and rescue operations for their assigned team
- Reporting findings to the SAR Teams Coordinator during search and rescue operations.

Search and Rescue Team Members

The members of the Search and Rescue Team are responsible for performing search and rescue operations during an emergency. Specific duties of the members of the SAR Team may include:

- Searching assigned area
- Reporting gas leaks, fires, or structural damage to SAR Team Lead upon discovery
- Rescuing trapped survivors on campus, if it is safe to do so
- Evacuating survivors who need assistance
- Working with the Security/Utilities Team and Fire Suppression/Hazmat Team to shut off gas or extinguish fires as necessary
- Reporting periodically to the Team Lead the location, number, and status/condition of injured or missing survivors
- Conducting pre-established search and rescue patterns, checking each classroom, office, storage room, auditorium and other rooms and outdoor areas which may have survivors
- Sealing off and posting areas where hazardous conditions exist
- Contacting Security/Utilities Team to secure the building from reentry after the search

Supplies and Equipment for Search and Rescue Teams

- Vest or position identifier
- Hard hat
- Work and non-latex gloves
- Eye protection
- Dust mask
- Whistle with master keys on neck lanyard
- Hand-held two-way radio
- Clipboard with job duties
- Map indicating search plan
- Fire extinguisher
- Water bib key
- Blankets
- Bolt cutters (for cutting security screens from around windows)
- Shovel
- Rope
- Triage tags
- Bucket or duffel bag
- Flashlight
- Pry bar
- Grease pencil
- Pencils
- Duct tape
- Caution tape
- Masking tape
- First aid backpack/fanny pack (one team member wears it)
- Evacuation Chair (applies to multiple story schools and not to be stored in emergency bin)

Many of these materials are found in the search and rescue kit, which can be purchased through the LAUSD Warehouse.

Powered by BoardOnTrack

3. Incident Command System

3.6 Access and Functional Needs Position

Access and Functional Needs (AFN) position is responsible for ensuring that the needs of students and others on campus who have disabilities or other access or functional needs are considered throughout the ongoing development and execution of this plan. This includes ensuring existing procedures include adaptations for pupils with disabilities in accordance with the federal Individuals with Disabilities Education Act and Section 504 of the federal Rehabilitation Act of 1973 and the annual evaluation of the ISSP to ensure appropriate adaptations for pupils with disabilities. The role also supports the principal if a school employee, a pupil's parent, guardian, or educational rights holder, or a pupil, after an ISSP evaluation is conducted brings concerns about an individual pupil's ability to access disaster safety procedures described in the ISSP.

The AFN Team will coordinate activities with the Operations Section as needed. Planning efforts by this team include ensuring the availability of any necessary supplies and equipment and sharing plans and equipment locations with emergency teams and other staff who will further support the individuals with these needs during an emergency. Resources to support this team's work are available at: http://lausd.org/afn.

Assignments

Access and Functional Needs (AFN) Team Member: ALVARADO, JANET

Backup Access and Functional Needs Position: YUN, MI YOUNG

Assembly Location

Inside: MPR

Outside: Playground

Roles and Responsibilities

The AFN position is responsible for ensuring the safety of students and adults with access and functional needs during drills and emergencies and facilitates the planning and preparation for appropriate support. The AFN position directs assistance activities and coordinates with the Operations Section to identify specific disabilities or access and functional needs of the school population, and also considers the potential needs of visitors. The position is responsible for ensuring that these individuals are safely evacuated and supported during drills and emergencies including by ensuring necessary adaptations are in place and by supporting the evaluation and ISSP modification process, as necessary. Related procedures are outlined in REF-5511 Completing and Updating the Integrated Safe School Plan.

Support:

For more tips and information on supporting students with access and functional needs, access LAUSD Emergency Preparedness for Students with Disabilities Tips and Checklist.

3. Incident Command System

Contact your Region's Special Education Administrator or the Office of Americans with Disabilities Act Compliance.

3.7 Security/Utilities Team

The Security/Utilities Team is responsible for the security of the school site and its population during an emergency. The Security/Utilities Team will coordinate activities with the Operations Section as needed. The Security/Utilities Team shuts down heating and air conditioning units, gas, power, and water utilities as necessary to protect students and staff and to minimize damage to school facilities. The team must also coordinate closely with the Reunion Gate Team for gate access to safely reunite students with their parents or lawful guardians. This team may include campus aides, and members of the custodial and cafeteria staff.

Assignments

Security/Utilities Team Lead: AYALA, ERICK

Backup Team Lead: ARGUETA, HENRY

Security/Utilities Team Member:

Security/Utilities Team Member:

Team Assembly Location

Inside: MPR

Outside: Playground

Security/Utilities Team Lead

The Security/Utilities Team Lead is responsible for directing team activities and interacting with the Operations Section Lead to identify problems and report status and coordinates appropriate training. The Security/Utilities Team Lead is also responsible for checking with the Operations Lead to ensure that local utility companies (water, electricity, gas, and sewer) are notified of outages and issues as needed.

Security/Utilities Team Members

The members of the Security/Utilities Team are responsible for securing the school and reporting that the campus is secured. They are also responsible for surveying all utilities and taking appropriate actions to shut off utilities, as needed. Specific duties of the members of the Security/Utilities Team may include:

- Locking all external gates and doors; unlocking some gates when appropriate
- Stationing one team member at the main entrance to the school to direct emergency vehicles to area(s) of need and to greet parents
- Keeping students and staff out of buildings, as necessary

- Assisting at Reunion Gate, as appropriate
- Assessing and reporting damage to school facilities
- Checking water lines and shutting down water supply lines if leaking
- Checking gas meter/lines and, if gas is leaking, shutting down gas supply
- Shutting down electricity only if building has clear structural damage or advised to do so by Command Post

Supplies and Equipment for Security/Utilities Team

- Vest or position identifier
- Hard hat, gloves, and any personal protective equipment
- Master keys
- Hand-held two-way radio
- Copy of the school's emergency procedures
- Large durable signs for providing direction and information
- Utility shut-off tools
- Site maps
- Diagrams of shut-off valves and switches

3.8 Fire Suppression/Hazmat Team

The Fire Suppression and Hazardous Materials (HazMat) Team is responsible for extinguishing small fires and evaluating the potential release of chemicals during an emergency. It is also responsible for evaluating the damages to school property in an emergency. This team will coordinate with the Operations Section. Team members complete the School/Site Preliminary Damage Report. Operating a fire extinguisher is covered in STEPS 201, available on MyPLN, and is strongly recommended training for this team.

Assignments

Fire Suppression and HazMat Team Lead: PEREZ, JOSE

Backup Team Lead: ARMAS CARCAMO, BESSIE

Fire Suppression and HazMat Team Member:

Fire Suppression and HazMat Team Member:

Team Assembly Location

Inside: MPR

Outside: Playground

Fire Suppression and HazMat Team Lead

The Fire Suppression and HazMat Team Lead is responsible for directing team activities and periodically interacting with Operations to identify problems and report status. The Fire Suppression and HazMat Team Lead is also responsible for gathering the School/Site

Powered by BoardOnTrack

Preliminary Damage Reports from the Team Members and having forms readily available to Operations.

Fire Suppression and HazMat Team Members

The members of the Fire Suppression and HazMat Team are responsible for extinguishing small fires, evaluating the potential release of chemicals during an emergency, observing the campus for damage and hazardous conditions, logging and reporting any damage by radio to the Command Post during an emergency. Copies of the School/Site Preliminary Damage Reports will be submitted to the Team Lead. Specific duties of the members of the Fire Suppression/HazMat Team may include:

- Evaluating potential release of chemicals.
- Maintaining list of chemicals on site with map/storage location specifics.
- Identifying damaged areas on the School/Site Preliminary Damage Report. Reporting will be supplemented by pictures if appropriate.
- Locating and extinguishing small fires, as necessary. Use the proper extinguisher for the type of fire:
    1. Class A, B or C for ordinary combustibles
    2. Class B or C for fires involving flammable liquids
    3. Class C only for fires involving electrical equipment
- Posting yellow caution tape around damaged or hazardous areas

Supplies and Equipment for the Fire Suppression/HazMat Team

- Vest or position identifier
- Hard hat, work gloves and personal protective equipment
- Fire extinguishers and other fire-fighting equipment
- Hand-held two-way radios
- Master keys on lanyard
- Clipboard with job duties and School/Site Preliminary Damage Report
- Carry bucket or duffel bag with eye protection, flashlight, dust masks, yellow caution tape, and utility shut-off tools
- Site maps
- Absorbent materials
- Broom
- Dustpan
- Neutralizer
- Hazardous waste labels

3.9 Assembly Area Team

The Assembly Area Team is responsible for the safe evacuation and accounting of all students and staff during an emergency. The team is also responsible for reporting missing persons to the Operations Section Lead. Operations will then relay reports of missing students to the Search and Rescue Team.

3. Incident Command System

Assignments

Assembly Area Team Lead: RALLION, MARIE FRANCE

Backup Team Lead: LANGLEY, SHARON

Assembly Area Team Member:

Assembly Area Team Member:

Team Assembly Location

Inside: MPR

Outside: Playground

Assembly Area Team Lead

The Assembly Area Team Lead is responsible for directing team activities and periodically interacting with Operations to identify problems and report status. The Assembly Area Team Lead is also responsible for collecting the Missing Persons Report from team members and providing the report to the Incident Commander.

Assembly Area Team Members

The members of the Assembly Area Team are responsible for performing the safe evacuation and accounting of students, staff, and visitors during an emergency. Specific duties of the members of the Assembly Area Team may include:

- Obtaining reports of missing students/adults from teachers or other personnel.
- Ensuring that students are orderly, stay with their class and are supervised so that they can be found quickly when parents arrive.
- Gathering Missing Persons Report from each teacher and other designated personnel and submitting forms to the Assembly Area Team Lead.
- Assisting the Reunion Gate Team as required.

Supplies and Equipment for Assembly Area Team

- Copy of Site Plot Plan and Vicinity Map showing designated on and off-site Assembly Areas
- Injury Reports and Missing Persons Reports
- Bullhorn
- Clipboard and pens for forms
- List of employees who were on campus (when incident took place)

3.10 Request and Reunion Gate Teams

Request Gate Team

The Request Gate Team is responsible for processing parent requests for student release during an emergency.

3. Incident Command System

Assignments

Request Gate Team Lead: YOO, HYON DOUK

Backup Team Lead: HONG, ELIZABETH

Request Gate Team Member:

Request Gate Team Member:

Team Assembly Location

Outside: Gate

Request Gate Team Lead

The Request Gate Team Lead is responsible for directing team activities and periodically interacting with the Operations Section Lead to identify problems and report status, coordinates appropriate training, and ensures that order is maintained at the Request Gate. The Request Gate Team Lead will refer all outside requests for information to the Public Information Officer. Supplemental online training course STEPS 419 is offered through MyPLN.

Request Gate Team Members

The members of the Request Gate Team are responsible for greeting parents/guardians/ designees, providing them with the paperwork authorizing the holders to reunite with their students at the Reunion Gate, and checking identification. Specific duties of the members of the Request Gate Team may include:

- Greeting and quickly directing arriving parents, guardians, or designees to the Request Gate.
- Providing reassurance to parents, guardians, or designees and maintaining order. The use of large signs showing the school status and student pick up protocol in all languages is suggested.
- Checking identification of those requesting to pick up students.
- Directing parents or guardians to the Reunion Gate.
- Dispatching student runners to the Assembly Area to escort students whose parents have come to claim them.

Supplies and Equipment for Request Gate Teams

- Keys to the Request Gate
- Student lists
- Office supplies –pens, paper, clipboards, and summons forms, etc.
- Signage for parents specifying the process and information needed for pick-up in the languages appropriate for the school
- Sign-making materials, including zip ties and tape
- Bullhorn
- Reunification forms (blue slips)

- Yellow caution tape, student runner I.D. lanyards, extra school radios, chalk, etc.

Mass Reunion Planning

The Request and Reunion Gate Teams need to have an expansion plan for a massive influx of parents. The following activities should be part of every school's Request/Reunion Gate preparedness program:

- Cross-train other teams to assist. When the Search and Rescue Team members are done with their assignment, they may be reassigned by the Operations Section Lead to assist the Request or Reunion Gate Team.
- Ensure that there are enough supplies (pens, forms, clipboards, etc.) for the additional Request Gate Team members so that additional stations can be opened.
- Have a plan to re-organize the Request Gate to divide the parents into smaller groups. They can be organized by grade level, small learning community or any other criteria that makes sense for the school. Ensure that there are sign-making supplies to allow for reorganization.

Reunion Gate Team

The Reunion Gate Team is responsible for compassionately reuniting parents or guardians with students. Reunion gate personnel should have a plan in place to notify parents about injured or deceased students, a highly sensitive issue. The team checks identification and will keep accurate records of students leaving the campus. Members of the School Site Crisis Team and Security/Utilities Team may be asked to assist the Reunion Gate Team. If a child is injured, it is recommended that the parents be invited to a private or secluded location, away from others, to be informed of their child's condition. It is suggested that a member of the School Site Crisis team stay with the parent and assist them.

Assignments

Reunion Gate Team Lead: CHOI, CHUNG

Backup Team Lead: GRANADOS, FLOR

Reunion Gate Team Member:

Reunion Gate Team Member:

Team Assembly Location

Outside: Gate

Reunion Gate Team Lead

The Reunion Gate Team Lead is responsible for directing team activities and periodically

Powered by BoardOnTrack

interacting with the Operations Section to identify problems, request additional personnel, report status, and ensure order is maintained at the Reunion Gate. The Reunion Gate Team Lead will refer all media or other outside requests for information to the Public Information Officer. The Reunion Gate Team Lead is also responsible for collecting the Student Release Log from the Team Members and should have the forms readily available to Operations.

Reunion Gate Team Members

The members of the Reunion Gate Team are responsible for greeting parents, guardians, or designees and reuniting them with their students at the designated Reunion Gate. Specific duties of the members of the Reunion Gate Team may include:

- Greeting parents, guardians, or designees at the Reunion Gate and maintaining order.
- Verifying identification and authenticity of reunification forms.
- Verifying parent/guardian/designee is listed on the student's Student Emergency Information Form (student emergency card)
- Confirming students recognize the authorized adults who come for them and requiring adult to sign student out of school.
- Completing Student Release Log and submitting them to the Reunion Gate Team Lead.

Supplies and Equipment for Supply/Equipment Team

- Hand-held two-way radios
- Tables and chairs
- Office supplies –pens, paper, clipboards, release forms, yellow tape, hanging clips, etc.
- Student rosters with class schedules
- Flashlights
- Keys to the Reunion Gate
- Student Release Log
- Student Emergency Information Forms (student emergency cards)

3.11 Supply/Equipment Team

The Supply/Equipment Team is responsible for ensuring the availability and delivery of adequate supplies and equipment during an emergency. The team members should be familiar with emergency supplies cached in the emergency bin and any other campus location.

Assignments

Supply/Equipment Team Lead: MENZIES, SCOTT

Backup Team Lead: CHARLIE, CHRISTINE

Supply/Equipment Team Member:

Supply/Equipment Team Member:

Team Assembly Location

Inside: Lunch area

Powered by BoardOnTrack

Outside: By the bins

Supply/Equipment Team Lead

The Supply/Equipment Team Lead is responsible for directing team activities and keeping the Logistics Coordinator informed of overall status. Specific duties of the Supply/Equipment Team Lead may include:

- Distributing emergency water and food supplies.
- Supporting the hygiene team as necessary, to set up and maintain sanitation stations.
- Confirming supply/equipment needs for any persons with disabilities, access and functional needs fulfilled.
- Controlling conservation of water.

Supplies and Equipment for Supply/Equipment Team

- Hand-held two-way radio
- Keys
- Bullhorn
- Emergency water supplies - water carriers, cups, hand pumps, etc.
- Emergency food supplies
- Temporary power supplies
- Sanitation supplies
- Care and shelter supplies, including mylar blankets and pop-up canopies

Supply/Equipment Team Members

The members of the Supply/Equipment Team are responsible for assessing the adequacy of available water, food, sanitation, and other supplies and organizing the distribution of resources for immediate use. Specific duties of the members of the Supply/Equipment Team may include:

- Distributing emergency water and food supplies
- Supporting the hygiene team as necessary, to set up and maintain sanitation stations
- Confirming supply/equipment needs for any persons with disabilities, access and functional needs fulfilled.
- Controlling conservation of water.

Supplies and Equipment for Supply/Equipment Team

- Hand-held two-way radio
- Keys
- Bullhorn
- Emergency water supplies - water carriers, cups, hand pumps, etc.
- Emergency food supplies
- Temporary power supplies
- Sanitation supplies
- Care and shelter supplies, including mylar blankets and pop-up canopies

Powered by BoardOnTrack

3.12 Hygiene Team

The Hygiene Team works under the Logistics Section Lead and is responsible for providing all necessary sanitation-related support.

Assignments

Hygiene Team Member: PEREZ, JOSE

Backup Team Lead: ARMAS CARCAMO, BESSIE

Hygiene Team Member:

Hygiene Team Member:

Team Assembly Location

Inside:

Outside:

Roles and Responsibilities

The Hygiene Team will oversee and maintain overall cleanliness during emergencies. Specific duties may include:

- Monitor and resupply handwashing stations
- Emptying and cleaning bucket toilets
- Disinfecting equipment

3.13 Transportation Support Position

The Transportation Support position works under the Logistics Section Lead and is responsible for coordinating bus transportation needs from the school if an off-site relocation or other transportation is necessary. Region Operations may also assist with this task. The position needs to also coordinate with the receiving site.

Assignments

Transportation Support Staff Member: YOO, HYON DOUK
Backup Transportation Support Staff Member: HONG, ELIZABETH

Assembly Location: Command Post

Roles and Responsibilities

The Transportation Support position is responsible for coordinating transportation assets and planning for an off-site relocation from the school. Specific duties may include:

- Periodically communicating with the Logistics Section Lead to provide updates as needed.
- Communicating to the Transportation Division the total number of students and staff to transport, number of people needing wheelchair tie-downs, lifts, or other specialized

support, if space is needed to transport necessary supplies and the exact pick-up and drop-off locations.
- Working with the receiving site and providing details about the number of people relocating and any assistance needed with supplies and services that the evacuating school cannot provide.
- Acquiring from the receiving site the specific location on campus where the evacuated school will be housed, where buses should drop off, and what gate will be used for reunification.
- Ensuring that a plan is in place and carried out to transport the School Emergency Response Box containing emergency cards and other essential records, first aid kits, food from the cafeteria, and other necessary items.
- Assist with the plan for systematic loading and unloading of students and supplies.
- Assist with clearing the campus as needed.
- Maintaining documents related to off-site evacuation.

Supplies and Equipment for the Transportation Support position

- Landline and/or cell phone
- Handheld two-way radio
- Map of area showing school and off-site relocation site(s)
- Student rosters showing attendance, classes and emergency information assigned to a bus number

3.14 Documentation/Communications Position

The Documentation/ Communications Position works under the Planning and Intelligence Section Lead and is responsible for maintaining a log of all emergency developments and response actions, and other necessary documentation. These records are extremely important to document what actions were taken by the school in response to the emergency.

Assignments

Documentation Staff Member: YOO, HYON DOUK
Backup Documentation Staff Member: HONG, ELIZABETH

Assembly Location: Command Post

Roles and Responsibilities

The Documentation/Communication position will maintain a log of the incident, noting all actions and reports, and filing them for reference. This position will also collect, organize, and analyze situation information and provide periodic updates. Specific duties may include:

- Periodically communicating with the Planning and Intelligence Section Lead for updates.
- Documenting all communications with the Region Operations Center (ROC) and outside agencies.

- Recording the number of students, staff, and others on campus and updating it periodically.
- Reporting missing persons, and documenting site damage, injuries, and medical needs with the Incident Commander.
- Ensuring that accurate records are kept of all staff members, indicating hours worked.
- Supporting the Incident Commander in making any purchases and keeping track of the cost.
- Filing, maintaining, and securing all emergency documentation.
- Monitoring email, internet, radio, and television news (as available) for general information about the emergency.
- Monitoring social media for information, including rumor control and misinformation.
- Sending Connect messages to parents and staff.
- Sending updates on social media accounts maintained by the school.
- Updating site maps as reports and other information are received.
- Preserving maps as legal documents.
- Using area map to record information on major incidents such as road closures, utility outages, etc. that may impact the campus.
- Developing situation reports for the Incident Command Team.

Supplies and Equipment for the Documentation/Communications Position

- Hand-held two-way radios
- File boxes
- Paper, pens, markers
- Chart paper and/or mobile white board
- AM-FM battery/solar radios
- School/Site Preliminary Damage Report
- Maps of event by the hour
- Access to Connect, internet, cell phones, etc.
- Laptop. Tablet, and/or cell phone with internet access
- Large site map of campus, laminated or covered with plastic
- Map of county or local area

3.15 Staff Accounting Position

The Staff Accounting position works under the Finance & Administration Section Lead and is responsible for maintaining accurate emergency time records for all site-based and itinerant employees. These records are extremely important to accurately portray costs of the disaster and for potential financial recovery documentation.

Assignments

Staff Accounting Staff Member: YOO, HYON DOUK
Backup Staff Accounting Staff Member: HONG, ELIZABETH

Assembly Location: Command Post

Roles and Responsibilities

The Staff Accounting position will maintain time records for site-based and itinerant employees and file them for reference. Specific duties may include:

- Periodically communicating with the Finance and Administration Section Lead to provide updates as needed.
- Keeping accurate time records of all staff members, indicating employee name, employee number, and hours/times worked specifically to address the disaster.
- Ensuring that District employees who are on site but do not usually time report to the school are accurately accounted for.
- Periodically communicating with Reunion Gate staff for records of all staff leaving or returning to campus.
- Filing, maintaining, and securing staff accounting documentation.

Supplies and Equipment for the Staff Accounting position

- File boxes
- Paper, pens, clipboards
- Employee timecards
- Blank timecards for certificated and classified staff
- Staff off-campus sign-in/out log
- Supplemental Attendance Report forms
- Time Reporting Instructions for Emergency Work
- List of Disaster Overtime Program Codes

3.16 Cost Accounting Position

The Cost Accounting position works under the Finance & Administration Section Lead and is responsible for maintaining a fiscal record of all school expenditures related to the disaster. Records include any supplies and equipment used, purchased, or rented by the school during the disaster as well as donations to the school during the disaster.

Assignments

Cost Accounting Staff Member: YOO, HYON DOUK
Backup Cost Accounting Staff Member: HONG, ELIZABETH

Assembly Location: Command Post

Roles and Responsibilities

The Cost Accounting position will maintain records for supplies and equipment site-based and itinerant employees and file them for reference. Specific duties may include:

- Periodically communicating with the Finance and Administration Section Lead to provide updates as needed.
- Maintaining cumulative site disaster cost records.
- Collecting and recording all cost data.
- Ensuring that inventory of expended emergency supplies is maintained.

Powered by BoardOnTrack

- Periodically communicating with the Supply/Equipment Team and Cafeteria Manager for updated inventory.
- Maintaining inventory and receipts of all items donated to the school during the disaster.
- Filing, maintaining, and securing cost accounting documentation.

Supplies and Equipment for the Cost Accounting position

- File boxes
- Paper, pens, clipboards, calculators
- Access to spreadsheet software and laptop
- Emergency supplies inventories

3.17 Emergency Supplies and Equipment

It is the responsibility of site administration to develop and implement plans to provide at school a minimum of a 72-hour supply of emergency water, food, first aid, search and rescue, sanitation, and other emergency supplies and equipment, as listed under each emergency team. Emergency supplies will be maintained in each classroom and in a centralized emergency container outdoors location: Near Wilton Early Education Center

Emergency supply checklists are found in the ISSP appendices and the REF-5451 School Site Emergency/Disaster Supplies, which also includes guidance on procurement of emergency food supplies. Some recommendations regarding emergency food are available in the Food for School Disasters document. School administrators are responsible for ensuring emergency food is stocked at school sites; this function is separate from Food Services and the school cafeteria kitchen.

During an emergency, schools may not have access to electronic data and must instead refer to printed records. Schools should be prepared with critical printed materials; these are stored in the School Emergency Response Box (SERB) which is a central location for storing essential student records and other information needed to effectively manage a critical incident. It serves as a central portable emergency repository for critical information that can be easily accessed and used during an emergency or shared with first responders. (Note: The District shares the school's ISSP with local law enforcement agencies as per CA E.C. § 32281). Please access REF-5450 School Emergency Response Boxes for more details.

2.ARMAS CARCAMO, BESSIE

Request Gate
1. YOO, HYON DOUK
2. HONG, ELIZABETH

Reunion Gate
1.CHOI, CHUNG
2.GRANADOS, FLOR

If no one is assigned to a position, the person who manages that position will also fulfill the duties of the unfilled position.
This chart is adapted for LAUSD, based on Incident Command System (ICS). Rev. 6/21/2023.

3. Incident Command System

3.19 School Site Crisis Team Chart

This chart shows the School Site Crisis Team organization, with positions, roles and responsibilities. Backup staff are to be identified for each team member in the event of an absence.

POSITION	ROLES & RESPONSIBILITIES	LEAD	BACKUP
Incident Commander	During a crisis, directs all crisis operations, verifies facts, contacts Region, and coordinates all crisis response & intervention services.	RALLION, MARIE FRANCE	LANGLEY, SHARON
Crisis Team Lead	Coordinates all crisis team response, including triage, assessment, and crisis counseling for students, staff, & parents.	CHOI, SUNG	LEMUS-RODRIGUEZ, JASMINE
Public Information Officer (PIO)	School spokesperson for an incident. Includes preparing Connect and other communications for staff and parents, identification of media locations and updates.	YOO, HYON DOUK	HONG, ELIZABETH
Psychological First Aid	Provides psychological/emotional support and crisis counseling for students, staff, & parents.	PETERS, MADELINE	RALLION, MARIE FRANCE
Triage	Ensures supplies are accessible, evacuates and stages supplies, performs triage and provides medical assistance.	KIM, AMAZINGGRACE	CARDENAS, MARTHA
Security/Utilities	Ensures school site security, secures gates, and performs short-term repairs and shutoff of utilities, as necessary.	AYALA, ERICK	ARGUETA, HENRY
Request Gate	Processes requests for student pick-up.	YOO, HYON DOUK	HONG, ELIZABETH
Reunion Gate	Reunites students and parents at Reunion Gate.	CHOI, CHUNG	GRANADOS, FLOR
Logistics	Provides all incident support needs such as facilities, transportation, communications, supplies/equipment, and food services; includes adjusting schedules and menus, as needed.	ALVARADO, JANET	CHOI, SUNG
Documentation/Communications	Maintains log of incident actions and all documents associated with the emergency; maintains status board of incident actions, monitors phone calls, television, radio, and social media for information.	YOO, HYON DOUK	HONG, ELIZABETH

***The designated Crisis Team Lead and PIO should maintain ongoing communication and collaboration with the Incident Commander throughout the crisis response.**

3. Incident Command System

3.20 School Site Suicide/Threat Assessment Team Chart

This chart identifies the members of the suicide/threat assessment team and their responsibilities at the school site. Backup staff are to be identified for each team member in the event of an absence.

POSITION	ROLES & RESPONSIBILITIES	LEAD	BACKUP
Administrator	Takes charge of the suicide/threat risk incident, convenes the Suicide/Threat Assessment Team, designates specific roles to team members (securing campus safety, assessment, gathering information, documentation, etc.). Coordinates all information, referrals, safety planning, and monitoring. The Administrator may include the Principal, Assistant Principal, or Administrative Designee.	RALLION, MARIE FRANCE	LANGLEY, SHARON
Suicide/Threat Prevention Liaison (STPL)	This behavioral health professional for student risk assessments supports gathering background information, including interviews and statements with the person(s) of concern, intended target(s), and witnesses. They provide mental health and trauma expertise in working with students and families. The Suicide/Threat Prevention Liaison may include Mental Health Consultant, Psychiatric Social Worker, Pupil Services and Attendance Counselor, Student Support Services Counselor, Psychologist, School Counselor, System of Supports Advisor, Nurse, or other appropriately credentialed behavioral health staff.	PETERS, MADELINE	LANGLEY, SHARON
Behavioral Health Professional for Adults	This behavioral health professional for employee risk assessments supports gathering background information, including interviews and statements with the person(s) of concern, intended target(s), and witnesses. If the person of concern is a certificated employee, the behavioral health professional should be a LAUSD SHHS, Counseling,	PETERS, MADELINE	LANGLEY, SHARON

3. Incident Command System

	Nursing, or Psychologist Administrator. If the person of concern is a classified employee, associated adult, parent/caregiver, or community member the behavioral health professional may be a Mental Health Consultant, Psychiatric Social Worker, Pupil Services and Attendance Counselor, Student Support Services Counselor, Psychologist, School Counselor, System of Supports Advisor, Nurse, or other appropriately credentialed behavioral health staff.		
LASPD Officer/Law Enforcement	Responds to situations of risk of violence to self or others. Provides technical support and consultation for assessments prior to and during the Multidisciplinary Threat Assessment Team meeting.	Jay Aguallo	Officer Herrera

3. Incident Command System

3.21 School Emergency Contacts Chart

This chart provides Emergency Team Contact information used by School Police to contact school site administrators and key staff in the event of an emergency:

TITLE	NAME	WORK NUMBER
Principal	RALLION, MARIE FRANCE	(213) 389-1181
Assistant Principal 1	LANGLEY, SHARON	(323) 851-0020
Assistant Principal 2		
Assistant Principal 3		
Assistant Principal 4		
Administrative Assistant	YOO, HYON DOUK	(213) 389-1181
Cafeteria Manager	GHAZOUANI, NAJET	(323) 654-1966
Financial Manager	RALLION, MARIE FRANCE	(213) 389-1181
Plant Manager	PEREZ, JOSE	(818) 340-6677
Custodian	PEREZ, JOSE	(818) 340-6677
Custodian Closest to Site	PEREZ, JOSE	(818) 340-6677
First Person on Campus in AM	PEREZ, JOSE	(818) 340-6677
Last Person on Campus in PM	PEREZ, JOSE	(818) 340-6677

3. Incident Command System

3.22 School ICS and Emergency Teams

Details of team roles and responsibilities are located in the Emergency Teams section of the Online Integrated Safe School Plan.

POSITION	ROLES & RESPONSIBILITIES	SECTION LEAD	BACKUP
Incident Commander	Directs all emergency operations, verifies facts, contacts Region, and coordinates all response actions.	RALLION, MARIE FRANCE	LANGLEY, SHARON
Safety Coordinator	Ensures that all emergency operations are conducted safely.	LEMUS-RODRIGUEZ, JASMINE	ARGUETA, HENRY
Public Information Officer (PIO)	Official spokesperson for an incident. Prepares Connect and other communications for staff and parents, identifies media locations and updates.	YOO, HYON DOUK	HONG, ELIZABETH
Operations Section Lead	Manages all tactical operations at an incident.	RALLION, MARIE FRANCE	LIM, RICKY
Planning Section Lead	Collects and evaluates information, analyzing for impact to school.	GONZALEZ DE TORRES, BERNICE	HORTON-HODGE, LISA
Logistics Section Lead	Provides all incident support needs such as transportation, communications, supplies/equipment, and food services.	ALVARADO, JANET	CHOI, SUNG

4. Training and Exercises

4.1 Training and Exercise Expectations

All school staff shall be trained on the plan (CA E.C. § 32280). Everyone involved in the plan needs to know their roles and responsibilities before, during, and after an emergency. The Training and Exercises section describes the critical training and exercise activities the school will use in support of the plan. This includes the core training objectives and frequency to ensure that all staff members, as well as students, parents, and community representatives understand emergency roles, responsibilities, and expectations. This section also establishes the expected frequency of exercises to be conducted by the school. Content may be influenced based on similar requirements at the District and/or local jurisdiction level. Exercises may range from basic fire and shelter in place drills to full-scale community-wide drills that realistically portray an emergency event and show the role the school plays in school District and municipal planning.

4.2 District Documents Concerning Emergencies

For additional context for school site trainings, access LAUSD documents relevant to school emergencies on the LAUSD Emergency Documents page of the Office of Emergency Management (OEM) website.

4.3 Emergency Drills

To be adequately prepared, emergency drills should be executed and then documented at https://www.lausd.org/edrilleval. Training for all emergency procedures can be found through the STEPS program on MyPLN. The REF-5803 Emergency Procedures, Drills and Districtwide Exercises has more information on emergency response actions and required emergency drills. Emergency procedures are also in the Emergency Classroom Quick Guide. The principal should ensure these are reviewed and posted in all classrooms, offices, and common areas.

Four types of emergency drills are required as indicated in the table below, along with the required frequencies by school level. Schools are encouraged to foster relationships with and invite first responders to participate in drills. Schools must also participate in the radio test described in 4.3.5 below.

Powered by BoardOnTrack

4. Training and Exercises

Drill Frequency Table:

Type	Elementary	Middle	Sr. High and Adult
Fire	First week of school until proficient, then once per month at minimum, including summer school.	First week of school until proficient, then once per month at minimum, including summer school.	First week of school until proficient, then once per semester at minimum, including summer school.
Lockdown	Within the first 30 days once per semester at minimum, including summer school.	Within the first 30 days once per semester at minimum, including summer school.	Within the first 30 days once per semester at minimum, including summer school.
Earthquake (Drop, Cover, Hold On)	Once per month at minimum, including summer school.	Once per month at minimum, including summer school.	Once per month at minimum, including summer school.
Shelter in Place	Oral review or drill once per semester at minimum, including summer school.	Oral review or drill once per semester at minimum, including summer school.	Oral review or drill once per semester at minimum, including summer school.

Note:
Schools in the Tsunami Inundation Zone should also orally review tsunami protocols.
Review with only staff once per semester, the Rapid Relocation procedures for active shooter incidents meeting the specific criteria in BUL-5469 Lockdown and Rapid Relocation Procedures For All Schools.

4.3.1 Fire Drill

Signal:

(Most sites) Series of three and one half second pulses of electronic emergency horns, followed by a short pause; sequence repeats for at least three minutes.

For most fires, there is no Public Address (PA) system announcement, but the following drill announcement may be used preceding the fire alarm:

"Your attention, please. This is a fire drill. We need to evacuate all buildings when you hear the alarm. Teachers are to take their students and rosters to the Assembly Area and report to their designated section. Students are to remain with their teacher. Teachers need to close the classroom door when all the students have exited."

Fire Drill Procedures

(Review additional courses of action taken during an actual emergency and which may be practiced during drills and are listed in Section 6, Functional Annexes. These include Accounting for All Persons, All Clear, Evacuate Building, Notifications and Student Reunification.)

4. Training and Exercises

Classroom Actions:

1. Please refer to the evacuation map in your classroom. If the room does not have a map, please contact the principal.
2. Familiarize yourself with the route your class will take before the drill begins.
3. When the signal is given, have students form a single line outside the classroom (form a double line for large classes).
4. Check to see that all students are out of the classroom. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Take student roster and close all doors to prevent the spread of smoke or fire.
5. Have students walk quietly in single file to the Assembly Area. Teachers should walk at the rear of the line.
6. Have students form a single or double line in the designated Assembly Area.
7. Take and report attendance.
8. Wait for the “all clear” announcement or other signal and then return quietly to your classroom in single file.

All other personnel (not assigned to any emergency team): Report to Assembly Area for further instructions.

4.3.2 Earthquake Drill

An earthquake drill is held to provide maximum protection in case of earthquake or other emergency where the risk of flying or falling debris is present. There is typically no advance warning or signal given. In practice drills, teachers should supervise students and be alert to the position of each student during the entire drill.

Signal:

The signal for the drill is the following PA announcement.

“Your attention, please. This is a drill. As you are aware, we are experiencing some seismic activity. For everyone’s protection, all students should immediately follow drop, cover, and hold on procedures, which means you should be in a protected position under a table or desk. Hold this position until the shaking stops or you are given further instructions. This is a drill.”

Indoor Earthquake Drill Procedures

Classroom Actions:

(Review additional courses of action taken during an actual emergency and which may be practiced during drills and are listed in Section 6, Functional Annexes. These include Accounting for All Persons, All Clear, Drop, Cover and Hold on, Evacuate Building, Notifications and Student Reunification.)

1. Initiate the DROP, COVER and HOLD ON action as described in Section 6.4.
2. Drop to knees facing away from any windows.
3. Get under desks or tables and hold on to the furniture where possible.
4. Fold body onto floor with arms close to knees.

4. Training and Exercises

5. Place head as far as is possible between knees and grasp furniture leg; cover the crown of the head with the other hand.
6. Stay in this position until shaking stops.
7. Students will evacuate using the safest route or evacuation routes practiced during the fire drill. The students are gathered in the Assembly Area and line up in the designated space. Teachers are to account for any students with a cognitive disability who may not have understood the directions.

Outdoor Earthquake Drill Procedures

1. Stay clear of buildings, power lines, light poles, etc.
2. Drop to the ground, cover head if possible and hold onto a stable object if available. If stable object is unavailable, place head as far as is possible between knees and cover crown of the head with hands.
3. Remain clear of obstacles and wait until the situation stabilizes and designated staff member gives all clear. Move to the Assembly Area. Teachers are to account for any students with a cognitive disability who may not have understood the directions.

If an earthquake occurs during non-classroom hours i.e., passing periods, recess, or lunch, all persons will proceed to the Assembly Area and line up in the designated space. Teachers are to account for any students with a cognitive disability who may not have understood the directions.

4.3.3 Lockdown Drill

This action is taken when the threat of violence or gunfire is identified or directed by law enforcement, and it is necessary to prevent the perpetrator from entering any occupied campus areas. This action is to secure the school during police actions, campus intrusions, community incidents, or other real or perceived threats to the security of the school.

During a lockdown, students are to always remain in the locked classrooms or designated safe locations.

Signal:

The signal for the drill is the following PA announcement.

“Your attention please. This is a drill. There is a threat to your safety near the school and we are implementing a lockdown. For everyone’s protection, all students should go into the nearest classroom and lock the door. You should be in a protected position, away from doors and windows and anything that can hurt you. Hold this position until you are given further instructions. This is a drill.”

Lockdown Drill Procedures

Classroom Actions:

4. Training and Exercises

1. (Review additional courses of action taken during an actual emergency and which may be practiced during drills and are listed in Section 6, Functional Annexes. These include Accounting for All Persons, All Clear, Lockdown and Notifications.)When the announcement has been given, all classes will remain in their rooms. Ensure that classroom doors are locked.
2. Redirect any students in hallways or outdoors into the nearest classroom.
3. Physical education classes will proceed into the gym, auditorium, or multi-purpose room and follow the lockdown actions described below.
4. Move students to the most protected areas in the room and lock the door.
5. Have students stay away from doors and windows and sit on the floor (in some instances).
6. Close and lock all doors and windows. If safe to do so, cover all windows, including those in the door or adjacent sidelights by lowering blinds, closing slots, drawing curtains, or covering with paper.
7. If safe to do so, turn off lights, power equipment, appliances, and silence cell phones. All personnel must remain in the classroom until further instructions are received from official sources.
8. Take and report attendance, as possible. Teachers are to account for any students with a cognitive disability who may not have understood the directions.
9. Remain in the secured room with all doors and windows locked, window blinds drawn, and lights off until further instructions are received from official sources.

4.3.4 Shelter In Place Drill

A Shelter in Place indicates an emergency that requires students and staff to remain inside and the ventilation needs to be turned off.

Signal:

The signal for the “Shelter in Place” drill is the following PA announcement.

“Your attention, please. This is a drill. Because we have received information regarding a hazard in the community, we are instituting shelter in place procedures. Remember, this means students and staff are to remain inside the building away from outside air with windows and doors securely closed and heating and air conditioning units turned off. Please cover any cracks under door or around the windows with towels. Cover any vents to the outside. All students and staff that are outside are to immediately move to the protection of an inside room. As soon as we have further information, we will share it with you. This is a drill.”

Shelter in Place Drill Procedures

1. When the announcement has been given, all classes will remain in their rooms.
2. Direct any students in hallways into the nearest classroom.
3. Physical education classes or other classes meeting outdoors will proceed into the gym, auditorium, or multi-purpose room.
4. Move students to the most protected areas in the room.
5. Have students face away from windows and keep their backs toward windows.

6. Close all doors and windows and move students away from any sources of outside air. If possible, cover windows by lowering blinds, closing slots, drawing curtains, or pulling shades.
7. Turn off Heating Ventilation and Air Conditioning units/systems if advised.
8. Cover any vents or holes with posters, paper, or plastic. Use wet paper towels to fill gaps under doors or windows. Block the exchange of air to the outside by putting laminated posters over vents.
9. Turn off gas, lights, power equipment, and appliances. All personnel must remain in the shelter area until further instructions are received from official sources.
10. Take and report attendance, as possible. Teachers are to account for any students with a cognitive disability who may not have understood the directions.

4.3.5 Radio Communications Test

Please see updates for the Districtwide Communications Test guidance on the Office of Emergency Management (https://www.lausd.org/drills) and the ITS-Radio Unit webpages. All District schools will have new handheld Emergency Radios in the 2025-2026 school year. All schools will have direct emergency radio contact with LA School Police Dispatch in emergencies when all other forms of electronic communications aren't available.

Please see updates on http://www.lausd.org/drills.

Powered by BoardOnTrack

5. Authorities and References

This section contains a list of laws, statutes, ordinances, executive orders, regulations, and formal agreements relevant to emergencies. It provides for the succession of decision-making authority and operational control to ensure that critical emergency functions can be performed in the absence of the school administrator.

5.1 Legal Requirements

CA E. C. § 32280-32288. Requires a comprehensive school safety plan developed with first responder input, identifying appropriate safety strategies relevant to the needs and resources of the school. It requires specific representatives from the school and community to be involved in the planning process, an update of the plan annually, and the adoption of emergency procedures and policies. Requires that school safety plans include (among other items) disaster procedures and an earthquake procedure system including protective measures to be taken during an earthquake, and detailed “drop” procedures. Also requires training of school staff on the plan. Recent changes also require a review process to ensure adaptations (accommodations) for disaster procedures are in place for pupils with disabilities; establishing a procedure to identify appropriate refuge shelter in the event of an evacuation order and a communication and evacuation plan in the event of an early notice evacuation warning.

CA E. C. § 35295-35297. Specifies the components of the earthquake emergency procedure system for schools of more than 50 students, public and private: a school building disaster plan; a drop, cover, and hold on procedure; protective measures to be taken before, during, and after an earthquake; and a program for training students and staff in the adopted earthquake system.

CA E. C. § 32288. School safety plans may include an action plan with input from law enforcement and may determine the fiscal impact of implementing the plan. School safety plans are to be created using existing resources and are not to be developed with private consultants.

CA Code of Regulations § 560. School principals are to formulate the disaster preparedness plan and submit it annually to the Superintendent for approval. Schools are required to test the plan twice a year, not including fire drills.

5.2 Other Related Laws

CA Government Code § 3100 (Disaster Service Workers’ Act). All public personnel, including school District employees and charter school employees, can be declared Disaster Service Workers. As Disaster Service Workers, employees can be held at the work site and assigned disaster relief activities to perform until released during a disaster declared by the President or the Governor or proclaimed by the Mayor.

CA E. C. § 17280, CA E. C. § 81130. Specifies stricter building codes for and more frequent inspections of public-school buildings. It applies to new construction of school buildings and later was amended to include mandatory retrofitting of older, existing school buildings.

5. Authorities and References

CA E.C. § 32040. Requires each school to have a first aid kit.

CA E. C.§ 32001. Schools must have a fire alarm system and sound the alarm and conduct a fire drill at least once every calendar month at elementary schools, at least four times a year intermediate, and not less than twice a year at secondary schools.

CA E. C. § 215. Requires school districts to implement a pupil suicide prevention policy and develop a training for all District employees to increase awareness about suicide. The policy must address high-risk (vulnerable) students, including youth bereaved by suicide, youth with disabilities, youth with mental illness or substance disorders, youth experiencing homelessness or in out-of-home settings such as foster care, and lesbian, gay, bisexual, transgender, or questioning youth.

19 CCR § 1.02 Establishes minimum standards for the prevention of fire and for the protection of life and property against fire, explosion, and panic.

8 CCR § 3221 Sets forth the procedures for Fire Protection Systems.

24 CCR § 1 Adopts the California Fire Code as part of the Code of Regulations. Also referred to as the California Building Standards Code.

5.3 LAUSD Related Policy

LAUSD policies and guidance documents regarding emergencies can be found on the Office of Emergency Management website: LAUSD Emergency Documents.

6. Functional Annexes

Functional annexes focus on critical operational functions and the courses of action developed to carry them out, independent of the threat or hazard requiring response. While these functions should be described separately, it is important to remember that many functions will occur consecutively and that multiple functions may be performed concurrently. For example, during an evacuation, once students are safely out of the building, the accounting for students, staff, and visitors function will begin. The evacuation function, however, will still be in effect as staff or first responders work to locate and evacuate any persons not accounted for.

The REF-5803 Emergency Procedures, Drills and Districtwide Exercises contains detailed information on emergency response actions and required emergency drills.

Emergency procedures are also in the Emergency Classroom Quick Guide. The principal should ensure these are reviewed and posted in all classrooms, offices, and common areas.

Training for all emergency procedures can be found through the STEPS program on MyPLN. The LAUSD Staff/Responder Emergency Plan app is also available and includes 21 categories of emergency response procedures, all taken from the ISSP template.

School Closure: The Board has delegated the Superintendent of the Schools with the authority to close any LAUSD school due to concerns for the health and safety of students (Board Rule 1103).

To assist in planning for a school closure, schools can use the Essential Functions for Continuity of Service Form. Once the template has been filled out for all critical employees and functions, the form should be saved and printed out to go in the Integrated Safe School Plan binder.

Continuity of Service. The District is responsible for maintaining continuity of school functions during a prolonged school closure or during periods of increased absence of administrative staff and teachers. It must develop a continuity of operations system for essential central office functions, including payroll, custodial service, waste management, food service, transportation, and facility maintenance (including daily cleaning of student and staff restrooms, kitchen and dining areas, and classrooms). Each school, and all District offices, should have a Continuity of Service Plan in place and begin any necessary cross-training or information exchange in preparation for any possible emergency disrupting in-person instruction pursuant to CA E. C. § 41422 or CA E. C. § 46392. The District Continuity of Service Plan template for schools can be accessed here: Essential Functions for Continuity of Service at School.

Activate the school's Continuity of Service Plan in the event of an emergency disrupting in-person instruction Site administrators must consider how to carry on school operations without staff, for example, Payroll Clerk, Plant Manager, Cafeteria Manager, Coordinator, or Assistant Principal, as well as how school operations will change if students and staff are learning and working remotely. Every school should have a plan to make sure that important tasks normally performed by critical employees can still be completed when those employees are absent. School sites should have at least two people to fill in for missing critical coworkers.

6. Functional Annexes

Once the school's Continuity of Service Plan has been completed/updated for all critical employees and functions, the form should be saved and printed out to go in the Integrated Safe School Plan binder.

Continuity of instruction. When emergencies disrupt in-person instruction pursuant to CA E. C. § 41422 or CA E. C. § 46392, it is the District's responsibility to ensure continuity of instruction. During large-scale learning disruption, students may be absent for extended periods, sometimes weeks or longer. As a mitigation strategy, school dismissals, closures, or capacity limitations may be implemented.

The Division of Instruction (DOI) has established alternate modes of learning in the event of a large-scale learning disruption to the District's instructional services. The Division of Instruction will provide guidance to administrators and support the implementation of alternative learning processes.

Instruction may need to be delivered remotely or online. Schools and teachers should have lesson plans and assignments available on Schoology for students who are home for extended periods of time. Multiple methods of communicating lesson content to students and parents should be in place. Schools should ensure that students can:

- log on to Schoology and access class course(s) and assignments
- have necessary instructional materials
- access digital materials using Schoology, and
- use any other necessary technology.

Instructional delivery methods may include:

- using online learning tools, and District-purchased Digital applications
- allowing students to take home schoolbooks and class materials
- posting lessons with materials on school websites
- using Connect telephone messages
- broadcasting lessons via KLCS Channel 58
- utilizing approved education websites
- mailing printed materials to homes, as needed, and
- making printed materials available for families to pick up at school, if safe to do so

The Division of Instruction will provide updates and guidance to administrators. During emergencies, schools and families can visit https://www.lausd.org/learningcontinues for additional information. The Division of Instruction will also communicate with families through Connect, Schoology, and social media.

Attendance and Engagement: Refer to Attachment K, Pupil Services and Attendance: Tiered Attendance Intervention Strategies for Continuity of Services. These strategies include, but are not limited to, the following:

- Verify current contact information of the pupil.
- A plan for outreach from the school to determine the pupil's needs including connection

with health and social services

- Notify the Parent of lack of participation within one school day of the absence (non-attendance day) or lack of participation.
- Tiered reengagement strategies shall be documented in MiSiS.
    - For more information about tiered reengagement strategies, see Attachment K – Pupil Services and Attendance Tiered Attendance Intervention Strategies and or visit the Pupil Services website at https://www.lausd.org/pupilservices.

6.1 Accounting for all Persons

This action is taken to account for the whereabouts and well-being of all students, staff members, and visitors and is one of the first tasks that must be accomplished in any emergency.

Note: The below procedures are used to account for everyone after evacuating from school buildings. Schools should plan how to acquire this information, including accounting for visitors during a lockdown, shelter in place, or another emergency where everyone is inside. Methods may include MiSiS (for student attendance), email, calling the office via classroom phone, or hand-collected rosters/reports. Multiple methods should be planned for due to varied technology and safety factors in an emergency.

Accounting for all Persons Procedures

1. Teachers will take student rosters when leaving the building and account for their designated groups once the class is assembled in a safe location. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers are to list students/others as appropriate on attendance rosters and on the Missing Persons Report, Injury Report, and/or Supplemental Attendance Report.
2. Personnel working visitor check-in will take the visitor sign-in sheets and visitor stickers to the Assembly Area.
3. Assembly Area Team members will collect student rosters, Missing Persons Report, Injury Report, and Supplemental Attendance Report from teachers and submit them to the Assembly Area Team Lead.
4. The Assembly Area Team Lead will ensure that all visitors are accounted for, have a designated section of the Assembly Area away from students, and sign out when leaving campus.
5. The Assembly Area Team Lead will compile a master accounting of all persons on campus and make reports available to the Operations Section Lead and Incident Commander.

6.2 All Clear

This action is taken to notify staff and students that normal school operations can resume.

All Clear Procedures

1. The Incident Commander (principal or designee) will make the following announcement on the PA system, which signifies that the emergency is over. If the PA system is not

Powered by BoardOnTrack

available, the Incident Commander will use other means of communication, i.e., sending messengers to deliver instructions. “Your attention, please. You may now return to your classroom and resume usual activities. Thank you all for your cooperation.”

2. The Incident Commander will convene the School Site Crisis Team if the incident was traumatic to the school community.
3. The Incident Commander will make a final notification update to District offices and parents.
4. The Incident Commander will complete an iSTAR to document the incident, including follow-up actions.
5. If appropriate, teachers should immediately begin discussions and activities to address students’ fears, anxieties, and other concerns.

6.3 Crisis Response

A school crisis is a sudden, unexpected, or unanticipated critical incident that can pose a safety threat or disrupts the school day, interfering with teaching, learning, attendance, and behavior. Common reactions to a school crisis may include shock, confusion, and fear. Although individual students, staff, families, or other school community members may experience each crisis differently, school crises can have a broad and immediate impact on many students and adults.

Examples of crises that may impact schools include:

- An accident on or near the school grounds
- A violent incident at or near school
- The death of a student, staff or one of their family members by suicide or trauma
- The terminal illness of a student or staff member
- A natural disaster
- An act of terrorism

Because of such critical incidents and emergencies, students and staff may exhibit a variety of emotional reactions. As soon as the physical safety of those involved has been ensured, crisis responders can focus on addressing the social-emotional needs of students and staff. Online training about crisis events is available on MyPLN in STEPS courses 207 and 409.

OTHER IMPORTANT DEFINITIONS

Trauma

Trauma refers to an event or a situation where an individual fears for their life. In addition, they could have been seriously injured, witnessed violence, or tragically lost a loved one. Exposure to this type of trauma overwhelms the ability of that individual to cope.

Psychological First Aid (PFA)

PFA an evidence-informed supportive strategy to help children, adolescents, adults, and families in the immediate aftermath of traumatic events, disasters, and terrorism. PFA is designed to reduce the initial distress caused by these stressful events and to foster short-and long-term adaptive functioning and coping amongst students, staff, and parents/guardians.

6. Functional Annexes

MULTI-TIERED CRISIS RESPONSE TEAM MODEL

There are three tiers of crisis response: school site, Region, and District office. The basic structure of the multi-disciplinary support teams on all three tiers should be similar in their composition and incorporate District staff with experience in various areas of crisis. Crisis response begins at the school site level; the scope, severity and impact of an incident may activate the Region, District office, or a combination thereof.

Tier I: School Site Crisis Response

School site crisis teams are responsible for initiating crisis response, assessing the range of services needed, and providing direct intervention services. The School Site Crisis Team determines if there is a need for additional assistance from the Region crisis team. The School Site Crisis Team may be activated as part of the Incident Command System (ICS) Team during an emergency or disaster, or may be activated as a stand-alone team, depending on the incident.

Tier II: Region Crisis Response

The school site administrator/designee contacts the Region Operations Administrator(s) for support and assistance if the crisis response required is beyond the scope of what the School Site Crisis Team can provide. Assistance from the Region crisis response team includes consultation, providing direct intervention services, assistance with communications and memos, and guidance regarding strategies for recovery in the aftermath of the critical incident.

Tier III: District Office Crisis Response

In collaboration with the Region Operations Administrator(s), the school site administrator/designee determines if there is a need for support from the central crisis response team. Assistance from the District office crisis response team includes consultation, providing direct intervention services, assistance with communications and memos, and guidance regarding strategies for recovery in the aftermath of the critical incident.

Crisis Response Procedures

1. As the Incident Commander, the principal or designee or designee activates the school ICS Team, including the School Site Crisis Team, which has primary responsibility for addressing the social-emotional well-being and safety of students in the aftermath of a critical incident.
2. The Crisis Team Lead will work with the Incident Commander to assess the impact and triage students, staff, and parents/guardians, as needed.
3. The Crisis Team will provide direct crisis intervention services, including the implementation of PFA.
4. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator and request additional resources, as necessary.
5. The Incident Commander will direct the Planning and Intelligence Team Lead or other authorized user to open or update an iSTAR on the incident, documenting the actions of the Crisis Team.
6. The Crisis Team will advise and assist the Incident Commander to restore regular school functions as efficiently and quickly as possible.

6. Functional Annexes

7. Crisis Team members will make every effort to limit exposure to scenes of trauma, injury, and death.
8. The Crisis Team will provide on-going assessment of needs and follow-up services as required.

School Site Crisis Response

Crises can impact various areas of the District. They can impact a school, multiple schools, offices and Regions, as well as departments within the District (e.g., Beyond the Bell Branch, Transportation Services Division, Food Services Division, Maintenance and Operations). The following are general preparedness, response, and recovery protocols for the administrator/designee to implement during any crisis in a school, District office, department, at District and school-related activities, and in all areas within the District's jurisdiction.

A. Preparedness
   1. Establish a Multidisciplinary School Site Crisis Team
   2. Schedule Regular Multidisciplinary Crisis Team Meetings
   3. Provide Opportunities for Training and Professional Development

B.

   The following are general procedures for the administrator/designee to respond to crisis situations.
   1. Ensure Campus/Office Safety
   2. Identify the Family Liaison(s)
   3. Determine the Facts
   4. Activate the Multidisciplinary Crisis Team
   5. Notify
   6. Assess the Crisis Response Need
   7. Develop a Response Plan

Psychological First Aid: Responding to Crisis Incidents

Psychological First Aid (PFA) is an evidence-informed approach for assisting children, adolescents, adults, and families in the immediate aftermath of a critical incident, disaster, act of violence, or terrorism. PFA is designed to reduce the initial distress caused by traumatic events and to foster short and long-term adaptive functioning.

For PFA handouts in multiple languages, visit School Mental Health.

1. **LISTEN** to what they say and how they act.
   - Address the feeling/behavior as soon as possible.
   - If a student wants to talk, be prepared to listen, and focus on what they say and how you can be of help.
   - Observe nonverbal communication. Remember that student may also show their feelings in nonverbal ways, such as increased behavioral problems or increased withdrawal.
   - Express compassion and calmness in your statements as well as nonverbal behaviors.
2. **PROTECT** by maintaining structure, stability, and consistency.

- Maintain daily routines, activities, and structure with clear expectations and consistent rules.
- Provide supervision and consistency to encourage successful outcomes.
- Give information that is accurate and age appropriate.
- Keep the environment free of anything that could re-traumatize the student.
- Validate the student's life experience.
- Maintain confidentiality as appropriate.

3. **CONNECT** through interaction, activities, and resources.
   - "Check in" with student on a regular basis.
   - Become familiar with learning support staff at your school (e.g., Psychiatric Social Worker, PSA Counselor, School Psychologist, Counselor, Nurse) and community health/mental health services. Make referrals to the appropriate resources who may offer support to student.
   - Encourage interactions, activities, team projects with friends and teachers.
   - Keep communication open with others involved in the students' lives (parents, other teachers, coaches etc.).

   Note: If you suspect child abuse and/or neglect, report to the appropriate child protective services agency, according to BUL-1347 Child Abuse and Neglect Reporting Requirements.
4. **MODEL** calm and optimistic behavior.
   - Model healthy responses by remaining calm, courteous, organized, and helpful.
   - Pay attention to your thoughts, feelings, and reactions about the event. Amid a crisis, students are often watching for verbal and nonverbal cues by the adults they are with, which may influence how students cope and behave.
   - Take constructive actions to assure safety.
   - Monitor conversations that students may engage in or hear.
   - Acknowledge the difficulty of the situation but demonstrate how people can come together to cope after such an event.
   - Practice self-care.
5. **TEACH** about normal changes that can occur when traumatized.
   - Student may have different reactions even to the same event.
   - Encourage students to identify and use positive coping strategies to help them after the event.
   - Help your students to problem solve to get through each day successfully.
   - Help students set small "doable" goals and share in these achievements as "wins." Note: With time and support, students generally do better. If they do not, they should be encouraged and taught to seek assistance from a parent/guardian or a school staff member.

6.4 Drop, Cover, and Hold On

This action is taken to protect students and staff from flying or falling debris and is commonly used during an earthquake or explosion.

Powered by BoardOnTrack

6. Functional Annexes

Drop, Cover, Hold On Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will make the following announcement on the PA system. If the PA system is not available, the principal may use other means of communication, such as broadcasting on the two-way radio. Classrooms should immediately implement Drop/Lock, Cover, and Hold On when they feel the shaking of an earthquake, even if there is no announcement or no ShakeAlert alert if your school is equipped with the ShakeAlert system which provides advance notice of an earthquake. The Incident Commander (principal or designee) should be calm, convey reassuring comments that the situation is under control, and give clear directions. “Your attention please. We are having an earthquake. Immediately Drop, Cover, and Hold On in a protected position under a table or desk. Hold this position until the shaking stops or you are given further instructions.”
2. If inside, teachers will instruct students to drop under their desks and cover their heads with their arms and hold onto the desk legs.
3. If outside, teachers will instruct students to drop to the ground, place their heads between their knees, and cover their heads with their arms and hands.
4. Teachers and students should try to be away from windows, but this should not delay anyone from implementing Drop, Cover, and Hold On.
5. Students with disabilities that do not allow them to get under furniture for protection should immediately Drop/Lock, Cover, and Hold On: lock the wheels on any wheelchairs and protect their head and neck with their hands.
6. The Incident Commander will follow Drop, Cover, and Hold On with evacuation to the assembly area (see section 6.5 Evacuate Building below) and notifications to the District and parents.
7. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

Online training about earthquakes is available on MyPLN in courses STEPS 202 and 402.

6.5 Evacuate Building

This action is taken after the decision is made that it is unsafe to remain in the building. It is most commonly used in response to a fire, after an earthquake (following Drop/Lock, Cover, and Hold On), or any emergency where the building and its contents are perceived to be a threat to student safety.

Evacuate Building Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS team, and will make the following announcement on the PA system. If the PA system is not available, the Incident Commander (principal or designee) will use other means of communication such as Connect mass notification. The principal or designee should calmly convey reassuring comments that the situation is under control, and give clear directions. “Your attention, please. We need to evacuate all buildings. Teachers are to take their students and roll book to the Assembly Area and report to their designated

area. Students are to remain with their teacher. Teachers need to close the classroom door when all the students have left."

2. The Incident Commander will activate the fire alarm system as a signal to evacuate.
3. Designated emergency team members/staff will take medications and related documents, as well as other medical supplies/equipment such as first aid kit, AED, EpiPen and sharps container.
4. Teachers will instruct students to evacuate the building, using designated routes, and assemble in their assigned Assembly Area.
5. Teachers will take student rosters and any classroom emergency supplies when leaving the building and take attendance once the class is assembled in a safe location. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers must list missing students on the Missing Persons Report and submit to the Assembly Area team.
6. Once assembled, teachers and students will stay in place until further instructions are given.
7. The Incident Commander will make appropriate notifications to the District and parents.
8. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

Online training that includes building evacuation is available on MyPLN in courses STEPS 201 and STEPS 401. Fire alarm system training is available on MyPLN in STEPS course 418.

6.6 Indoor Activities Schedule

At any time, a principal can implement an Indoor Activities Schedule to minimize outdoor student activity, to further protect school community from environmental discomforts, and for any reason, including weather-related, that meets the needs of the school.

Indoor Activity Schedules can be used during inclement weather. They can also be used during wildfires, when extra filtration provided when running the heating, ventilation, and air conditioning (HVAC) units is necessary.

Procedures

1. Close all doors and windows.

2. Run the air conditioner, as HVAC systems can improve air quality, due to better filtration than typical home systems.

The difference between Shelter in Place (see 6.11) and Indoor Activities Schedule is that the HVAC system should be on when implementing the Indoor Activities Schedule.

6.7 Lockdown

At any time, a principal can implement an Indoor Activities Schedule to minimize outdoor student activity, to further protect school community from environmental discomforts, and for any reason, including weather-related, that meets the needs of the school.

Powered by BoardOnTrack

Indoor Activity Schedules can be used during inclement weather. They can also be used during wildfires, when extra filtration provided when running the heating, ventilation, and air conditioning (HVAC) units is necessary.

Lockdown Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will make the following announcement on the PA system. If the PA system is not available, the Incident Commander (principal or designee) will use other means of communication, such as broadcasting on the two-way radio or using runners, if it is safe to do so. The principal or designee should be calm, convey reassuring comments that the situation is under control, and give clear directions. “Your attention, please. We have an emergency and need to implement a lockdown. Teachers are to lock classroom doors and keep all students inside the classroom until further notice. Do not open the door until notified by an administrator or law enforcement. If outside, students and staff are to proceed inside to the nearest building or classroom.”
2. If inside, teachers will instruct students to stay away from doors and windows, lock all doors and windows, and sit on the floor. Cover all windows, including those in the door or adjacent sidelights, by lowering blinds, closing slots, drawing curtains, or covering with paper.
3. If outside, teachers will direct students to proceed to their classrooms if it is safe to do so. If not, teachers or staff will direct students into nearby classrooms or school buildings (e.g., auditorium, library, cafeteria, and gymnasium) and follow the listed lockdown actions above. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers are to take roll and to notify the office the number of students in the room with them and their names.
4. If safe to do so, turn off lights, power equipment, appliances, and silence cell phones.
5. Teachers and students will remain in the classroom or secured area with all doors and windows locked, window blinds drawn, and lights off until further instructions are given by the principal or designee or law enforcement.
6. All entrances to the school are to be locked and no visitors other than appropriate law enforcement or emergency personnel are to be allowed on campus.
7. The Incident Commander will call the Los Angeles School Police Department Watch Commander’s Office at (213) 625-6631. The Watch Commander will provide advice and support for the School Incident Commander by interfacing with municipal police and fire departments and sending an LASPD officer to the school.
8. The Incident Commander will make appropriate notifications to the District and parents.
9. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

During an emergency, when the campus must be protected, parents/legal guardians will not be able to pick up their children until the school campus is declared to be safe by law enforcement. In these circumstances, students are sheltered in a secure location for their safety and will be released only when it is safe.

Powered by BoardOnTrack

6. Functional Annexes

Supplemental online lockdown training courses STEPS 203, 302, and 403 are offered through MyPLN.

Details are available in BUL-5469 LAUSD Lockdown and Rapid Relocation Procedures for All Schools.

6.8 Notifications

Response actions should be accompanied by the following notifications:

- 911
- Los Angeles School Police Watch Commander's Office at (213) 625-6631
- Region Operations
- Connect messages to parents and/or staff
- Incident System Tracking Accountability Report (iSTAR)

6.9 Rapid Relocation (option ONLY for Active Shooter on Campus incidents)

More information is available in BUL-5469 LAUSD Lockdown and Rapid Relocation Procedures for All Schools. Active shooter training for LAUSD schools is available from LASPD; for inquiries and to schedule the training, please send your request to activeshootertraining@laschoolpolice.gov. If there is a threat of violence to campus or gunfire is heard in the area, implement lockdown procedures.

An Active Shooter on Campus involves one or more individuals on school grounds who is armed with a firearm and has already killed or wounded someone with the firearm AND at least one of the following applies:

- Continues to shoot others
- Actively seeks or attacks others
- Has access to additional victims

For suggested options for perimeter gate access during a Rapid Relocation, please access Attachment C in BUL-5469 LAUSD Lockdown and Rapid Relocation Procedures for All Schools.

Rapid Relocation Procedures

1. When the decision to perform a Rapid Relocation has been made, the School Incident Commander will:
    - Encourage students and staff to quickly leave by any safe and available exit. If leaving campus, the established off-site relocation point is the preferred destination, only if the route is safe. Teachers/staff are to account for any students with a cognitive disability who may not have understood the directions. Note that all students/staff including those with access and functional needs should use the same route, which should be accessible to all, for relocation.
    - Inform the LASPD Watch Commander at (213) 625-6631 of the decision to leave campus and the destination. Keep Watch Commander updated with information about any students and staff who do not arrive at the designated relocation point.

- Calm students, create a perimeter to separate the school population from others who may be present, and re-establish Incident Command teams with available staff.
- Refer to steps 6-10 below for additional Incident Commander actions.

2. In response to the school's notification, the LASPD Watch Commander will:
   - Research the nature of the event by contacting the area law enforcement agency, and LAFD . Some events may be easily explained to the School Incident Commander, others may be more complex.
   - Dispatch a field officer to the relocation point to advise and support the School Incident Commander.
   - Dispatch a field officer to the municipal Incident Command Post to interface with the municipal Incident Commander and gather intelligence for the schools.
   - Inform the School Incident Commander of what is known about the incident and provide the name and arrival time of the LASPD officers dispatched to the school.
   - Compile names and locations of those unable to get to the relocation point, and dispatch officers to facilitate rejoining the rest of the school population.
   - Provide point of contact for other District resources who need to know the location of the command post and open routes to the relocation point.
3. LASPD officers dispatched to the scene will:
   - Establish a liaison with the municipal Incident Commander and/or the Command Post/Unified Command/Watch Commander and determine the threat to the school and its immediate community.
   - Provide guidance to the School Incident Commander about the ongoing threat level to students and staff.
   - Maintain a perimeter at the off-site relocation point between the school population and others.
   - Patrol the area near the school to find students and staff who may have become separated from the group. Officers will communicate to the Watch Commander the names and locations of anyone found and assist in rejoining those separated with the rest of the school population.
4. The Region Operations Coordinator will:
   Connect with the School Incident Commander in person, by phone or radio and provide resources from the Region that might include the following:
   - Dispatch the Region Crisis Team to the school relocation point.
   - Arrange for transportation assets and a receiving school so the students can be moved to a safe location at another school.
   - Send out a Connect message to parents from the Region office with additional information.
   - Meet with parents at a safe staging location, outside the secured relocation point perimeter, and keep the parents informed using bilingual support staff from the Region office.
   - Assist with reunification.

Powered by BoardOnTrack

5. The Triage Team will work with first responders and local authorities to ensure wounded students and staff receive medical attention.
6. The School Incident Commander will prepare a verified list of any wounded, and the locations to which they were transported. The Incident Commander will confer with the School Site Crisis Team to ensure notification of parents and family members of the wounded.
7. All media inquiries will be referred to the designated Public Information Officer.
8. The School Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
9. Once the incident has concluded and the campus has been determined to be safe, the School Incident Commander will initiate the All-Clear action.
10. The School Incident Commander will debrief with staff and school police officers.

During an emergency, when the campus must be protected, parents/legal guardians will not be able to pick up their children until the school campus is declared to be safe by law enforcement. In these circumstances, students are sheltered in a secure location for their safety and will be released only when it is safe.

6.10 Relocation (Off-Site Evacuation)

This action is taken when authorities have determined that it is unsafe to remain on the campus and evacuation to an off-site relocation site is required. This may apply to situations, such as wildfire or tsunamis. These procedures do not apply during an active shooter incident or large hazardous materials release, all of which require more specialized procedures.

Note that all students/staff including those with access and functional needs should use the same route, which should be accessible to all, for relocation.

Relocation Procedures

1. The principal or designee becomes the Incident Commander and activates the school ICS Team. The Incident Commander will collaborate with the Region, LASPD, and local authorities to determine the safest method for evacuating the campus. This may include the use of school buses or simply walking to the designated off-site location. The required primary and back-up off-site relocation sites are indicated on the Vicinity Map in the online Integrated Safe School Plan and in the appendix of this plan. Teachers and students will stay together during the evacuation.
2. The Incident Commander will decide if it is more efficient to have classes systematically report first to a gathering point/staging area on campus, such as the auditorium, and evacuate everyone off the campus from that single location.
3. The Incident Commander will make the following announcement on the PA system. If the PA system is not available, the Incident Commander (principal or designee) will use other means. The principal or designee should be calm, convey reassuring comments that the situation is under control and give clear directions. “Your attention, please. We need to institute an off-site relocation. Teachers are to take their students, roll book, emergency supplies, and report to their designated off-site relocation point (or to the

Powered by BoardOnTrack

staging area, if evacuation will be by school bus instead of walking). Students are to remain with their teacher. Teachers are to lock the classroom after all students have exited."

4. If the site will be evacuating by school bus, the Incident Commander will activate the Transportation Support position to assist with planning and carrying out the evacuation, including the evacuation of necessary supplies, such as, water, first aid kit, medications and School Emergency Response Box, to support the school at the relocation site.
5. Teachers will take student rosters and any classroom emergency supplies when leaving the building and take attendance once the class is assembled. Teachers are to account for any students with a cognitive disability who may not have understood the directions.
6. The Incident Commander will appoint a team of available staff to sweep the campus and check every room/location to ensure that the entire campus is evacuated. Attendance for students and staff must be taken.
7. Once assembled off-site, teachers will take attendance again and students will stay in place with their teacher until further instructions are given.
8. The Incident Commander will make appropriate notifications to the District and parents, including signage on gates indicating the relocation destination.
9. Once clearance is received from appropriate agencies, the Incident Commander may authorize students and staff to return to the campus, or initiate Request/Reunion procedures from the off-site location.
10. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

6.11 Shelter in Place

This action is taken to place and/or keep students indoors to provide a greater level of protection from airborne contaminants in the outside air or other hazards. Shelter in Place is implemented when there is a need to isolate students and staff from the outdoor environment and includes the shutdown of classroom and/or building heating/air conditioning systems. During a Shelter in Place, no one should be exposed to the outside air.

The difference between Shelter in Place and Lockdown is that a Shelter in Place involves the shutdown of heating, ventilation, and air conditioning (HVAC) systems and allows for the free movement of students within a building. However, students in bungalows and buildings with exterior passageways will have to remain in the classroom.

The difference between Shelter in Place and Indoor Activities Schedule is that Shelter in Place requires turning off the HVAC system.

An example of when schools may need to implement a Shelter in Place is when a nearby chemical manufacturer or refinery has an upset which releases hazardous contaminants into the air.

Shelter in Place Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS team, and will make the following announcement on the PA system. If the PA system is

not available, the Incident Commander (principal or designee) will use other means of communication, i.e., sending messengers to deliver instructions. The principal or designee should be calm, convey reassuring comments that the situation is under control and give clear directions. “Your attention, please. We are implementing a Shelter in Place, due to an air quality issue. Students and staff are to remain inside the building away from the outside air with windows and doors securely closed and heating and air conditioning units turned off. Please cover any cracks under exterior doors and around the windows with towels. Cover any vents to the outside. All students and staff that are outside are to immediately move to the protection of an inside room. As soon as we have further information, we will share it with you.”

2. If inside, teachers will keep students in the classroom until further instructions are given.
3. If outside, teachers will direct students to proceed to their classrooms if it is safe to do so. If not, teachers or staff will direct students into the closest classrooms or school buildings (e.g., auditorium, library, cafeteria, or gymnasium). Teachers should consider the location and proximity of the identified hazard and, if necessary, proceed to an alternative indoor location. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers are to take roll and to notify the office of the number of students in the room with them, their names, and the names of any student who are not accounted for.
4. Teachers are responsible for securing individual classrooms and the Security/Utilities Team will assist in completing the procedures as needed: shut down the classroom/building HVAC system; turn off local fans in the area; close and lock doors and windows; seal gaps under doors and windows with wet towels or duct tape; seal vents with aluminum foil, plastic wrap, or laminated posters, if possible; and turn off any sources of ignition, such as pilot lights.
5. The Incident Commander will make appropriate notifications to the District and parents.
6. The Incident Commander will monitor news media for information about the incident.
7. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action. Online training about shelter in place is available on MyPLN in courses STEPS 204 and 404.

6.12 Student Reunification

Student reunification is implemented to reunite students with their custodial adult after a critical incident or disaster (a significant fire, natural disaster, violence, school bus accident, etc.) that prevents a normal school dismissal.

Reunification Procedures

1. The Incident Commander or designee will direct the Request and Reunion Gate Teams to activate and report to their posts once the decision to initiate reunification procedures has been made.
2. The Request Gate Team will greet parents/guardians, check identification, check student emergency cards for authorization to pick up students, provide reunification paperwork to parents, and direct them to the Reunion Gate.

3. The Request Gate should generally remain locked during the reunification process to help control access. The Request Gate Team can pass clipboards to parents through the gaps in the gate fencing.
4. Message runners will notify the Assembly Area Team of the student to be escorted to the Reunion Gate.
5. The Reunion Gate Team will check parent/guardian identification, confirm student identity, and keep accurate records of students leaving the campus.
6. Members of the School Site Crisis Team may be asked to assist the Reunion Gate Team. If a child is injured or otherwise unavailable, it is recommended that the parents be invited to a private or secluded location and be informed of their child's condition away from others. It is suggested that a member of the School Site Crisis Team then stay with the parents and assist them.
7. The Reunion Gate should remain locked when student reunifications are not actively taking place.
8. Members of other School Emergency teams may be asked to assist with crowd control, providing information, and calming parents at either gate once finished with their primary emergency assignment.

Powered by BoardOnTrack

7. Threat and Hazard-Specific Annexes

The threat and hazard-specific annexes describe the courses of action unique to particular threats and hazards. Courses of action already outlined in the functional annex need not be repeated in a threat or hazard-specific annex. These annexes were developed at the District level, based on risk analyses.

Use of Smartphones During Emergencies
During an emergency or perceived threat of danger, students will be able to access their smartphones when staff deem it safe for emergency use.

7.1 Active Shooter/Gunfire

More information is available in BUL-5469 Lockdown and Rapid Relocation Procedures for all Schools. Active shooter training for LAUSD school employees is available from LASPD. To request Active Shooter Training for LAUSD employees, please email activeshootertraining@laschoolpolice.gov. If there is a threat of violence to campus or gunfire is heard in the area, implement lockdown procedures.

An Active Shooter on Campus involves one or more individuals on school grounds who is armed with a firearm and has already killed or wounded someone with the firearm AND at least one of the following applies:

- Continues to shoot others
- Actively seeks or attacks others
- Has access to additional victims

7.1.1 Active Shooter Procedures

1. Upon first indication of an active shooter, personnel should immediately notify the principal or designee, who becomes the Incident Commander.
2. The School Incident Commander (principal/designee) will initiate a lockdown, the recommended appropriate emergency function.
3. The School Incident Commander will call 911 and School Police at (213) 625-6631 and provide the exact location and nature of the incident. The School Incident Commander should designate a person to remain on the phone line with police if safe to do so.
4. The School Incident Commander activates the Incident Command (ICS) Team.

The Planning and Intelligence Team Lead will:

- Notify the Region Administrator of Operations and/or Operations Coordinator and request assistance.
- Prepare a message for parents to be sent on Connect.
- Prepare to communicate with classrooms using school phones, email, cell phones, or radios. Establish a means of keeping all classrooms informed.

The Operations Team Lead will:

- Ensure that perimeter gates are secured and that all students, staff, and visitors are safely secured behind locked doors.
- Begin the process of accounting for all students and staff.
- Staff should take steps to calm and control students with regular PA announcements and if safe to do so, attempt to maintain separation between students and the perpetrator.
- If there is an active shooter on campus as defined above and students are in imminent danger, the Incident Commander may initiate Rapid Relocation if that does not place students in the path of the gunman. This action may apply to the entire campus, or just an affected portion.

7.1.2 Rapid Relocation Procedures

1. The School Incident Commander will:
    - Encourage students and staff to quickly leave by any safe and available exit. If leaving campus, the established off-site relocation point is the preferred destination, if the route is safe. Note that all students/staff including those with access and functional needs should use the same route, which should be accessible to all, for relocation.
    - Inform the LASPD Watch Commander at (213) 625-6631 of the decision to leave campus and the destination. Keep Watch Commander updated with information about any students and staff who do not arrive at the designated relocation point.
    - Calm students, create a perimeter to separate the school population from others who may be present, and re-establish Incident Command teams with available staff.
    - Refer to steps 6-10 below for additional Incident Commander actions.
2. In response to the school's notification, the LASPD Watch Commander will:
    - Research the nature of the event by contacting the area law enforcement agency, and LAFD. Some events may be easily explained to the School Incident Commander, others may be more complex.
    - Dispatch an officer to the relocation point to advise and support the School Incident Commander.
    - Dispatch a field officer to the municipal Incident Command Post to interface with the municipal Incident Commander and gather intelligence for the schools.
    - Inform the School Incident Commander of what is known about the incident and provide the name and arrival time of the LASPD officers dispatched to the school.
    - Compile names and locations of those unable to get to the relocation point, and dispatch officers to facilitate rejoining the rest of the school population.
    - Provide point of contact for other District resources who need to know the location of the command post and open routes to the relocation point.
3. LASPD officers dispatched to the scene will:
    - Establish a liaison with the municipal Incident Commander and/or the Command Post/Unified Command/Watch Commander and determine the threat to the school and its immediate community.

Powered by BoardOnTrack

- Provide guidance to the School Incident Commander about the ongoing threat level to students and staff.
- Maintain a perimeter at the off-site relocation point between the school population and others.
- Patrol the area near the school to find students and staff who may have become separated from the group. Officers will communicate to the Watch Commander the names and locations of anyone found and assist in rejoining those separated with the rest of the school population.

4. The Region Operations Coordinator will:
   - Connect with the School Incident Commander in person, by phone or radio and provide resources from the Region that might include the following:
     - Dispatch the Region Crisis Team to the school relocation point.
     - Arrange for transportation assets and a second (receiving) school so the students can be moved to a safe location at another school.
     - Send out a Connect message to parents from the Region office with additional information.
     - Meet with parents at a safe staging location, outside the secured relocation point perimeter, and keep the parents informed using bilingual support staff from the Region office.
     - Assist with reunification.
5. The Triage Team will work with first responders and local authorities to ensure injured students and staff receive medical attention.
6. The School Incident Commander will prepare a verified list of any wounded, and the locations to which they were transported. The Incident Commander will confer with the School Site Crisis Team to ensure notification of parents and family members of the wounded.
7. All media inquiries will be referred to the designated Public Information Officer.
8. The School Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
9. Once the incident has concluded and the campus has been determined to be safe, the School Incident Commander will initiate the All-Clear action.
10. The School Incident Commander will debrief with staff and school police officers.

Powered by BoardOnTrack

7.2 Aircraft/Vehicle Crash

This procedure addresses an aircraft or motor vehicle crash on or near school property. If a crash results in a fuel or chemical spill on school property, refer to Section 7.4 Biochemical/Hazardous Materials as needed.

Aircraft/Vehicle Crash Procedures

1. The principal or designee acts as the Incident Commander, activates the Incident Command Team, and initiates appropriate emergency functions, which may include Drop, Cover and Hold On, Shelter in Place, Evacuate Building or Relocation.
2. If the Incident Commander issues the evacuate building action, staff and students will evacuate the buildings using prescribed routes or other safe routes to the Assembly Area.
3. In the event of an evacuation, teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
4. The Incident Commander will call 911 and School Police at (213) 625-6631 and provide the exact location (e.g., building or area) and nature of emergency.
5. If on school property, the Security/Utilities Team will secure the crash area to prevent unauthorized access. If the crash results in a fuel or chemical spill on school property, refer to Section 7.4 Biochemical/Hazardous Material.
6. If needed, the Fire Suppression/HazMat Team should suppress small fires with extinguishers for the protection of students and staff as it is safe to do so, until the Fire Department arrives.
7. The Triage Team will check for injuries and provide appropriate medical assistance.
8. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident. A Region representative will call the Region Public Information Officer with information on this situation as appropriate.
9. Any affected areas will not be reopened until the Los Angeles County Health HazMat or appropriate agency provides clearance and the Incident Commander issues authorization to reopen. Notify OEHS at 213-241-3199, if it is a fuel or chemical spill and M&O if building or site damage.
10. The School Site Crisis Team will convene onsite and begin the process of counseling and recovery as appropriate.
11. If it is unsafe to remain on campus, the Incident Commander will initiate an off-site relocation.
12. The Incident Commander will notify and update parents via Connect.
13. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
14. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

Powered by BoardOnTrack

7.3 Animal Disturbance

This procedure should be implemented when a dog, coyote, mountain lion, or other wild animal threatens the safety of students and staff.

Animal Disturbance Procedures

1. The principal or designee becomes the Incident Commander, activates the Incident Command Team, and initiates appropriate emergency functions, which may include Lockdown or Evacuate Building.
2. Upon discovery of an animal, staff members will attempt to isolate the animal from students, if it is safe to do so. If the animal is outside, students will be kept inside. If the animal is inside, students will remain outside in an area away from the animal. Closing doors or locking gates is one means to isolate the animal.
3. If additional outside assistance is needed, the Incident Commander will call 911, School Police (213) 625-6631, LA City Animal Services (888) 452-7381, and/or the Department of Fish and Game (888) 334-2258 and provide the location of the animal and nature of emergency.
4. If a student or staff member is injured, the school nurse or Triage Team will provide treatment and notify parents of the injured.
5. The Incident Commander will initiate an off-site relocation only if conditions are persistently dangerous at the school.
6. The Incident Commander will notify and update parents via Connect if necessary.
7. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
8. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.4 Biochemical/Hazardous Materials

A biological or chemical release involves the discharge of a biological or chemical substance in a solid, liquid, or gaseous state. Examples of releases within or adjacent to schools include the discharge of chemicals in a school laboratory, an overturned truck of hazardous materials in proximity to the school, or an explosion at a nearby oil refinery or other chemical plant.

The following indicators may suggest the release of a biological or chemical substance:

- Multiple victims suffering from watery eyes
- Twitching
- Choking
- Loss of coordination
- Trouble breathing
- Other indicators may include the presence of distressed animals or dead birds.

There are three sub-categories involving the release of biochemical substances. Determine which category applies and then implement the appropriate response procedures listed below.

Powered by BoardOnTrack

7. Threat and Hazard-Specific Annexes

7.4.1 Substance Released Inside a Room or Building Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate the Evacuate Building action. Staff will use designated routes or alternate safe routes to the Assembly Area, located upwind of the affected room or building. Students and staff from rooms exposed to contaminants need to be isolated from the rest of the school population.
2. The Incident Commander will call 911, School Police at (213) 625-6631, and the Office of Environmental Health and Safety (OEHS) at (213) 241-3199 and will provide the exact location (e.g., building, room, area) and nature of emergency.
3. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
4. The Incident Commander will instruct the Security/Utilities Team to isolate and restrict access to potentially contaminated areas.
5. The Security/Utilities Team will turn off local fans in the area of the release, close the windows and doors, and shut down the building's air handling system.
6. The Incident Commander will notify and update parents via Connect.
7. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
8. Persons who have come into direct contact with hazardous substances should have affected areas washed with soap and water. Immediately remove and contain (in plastic bags) outer layer of clothing because it may be contaminated. You may use extra clothing or other items that you have on hand, such as, P.E. clothing, extra uniforms, and trash bags, to allow students to cover up. Do not use bleach or other disinfectants on potentially exposed skin. Students and staff whose skin touched the contaminant should be isolated from the rest of the school population. The Triage Team should evaluate and monitor exposed individuals.
9. The Assembly Area Team will prepare a list of all people in the affected room or contaminated area, specifying those who may have had actual contact with the substance. The team will provide the list to the Incident Commander and emergency responders.
10. The Incident Commander will complete the Biological and Chemical Release Response Checklist.
11. The School Site Crisis Team will convene on-site and begin the process of counseling and recovery.
12. Any affected areas will not be reopened until the Los Angeles County HazMat or appropriate agency provides clearance and the Incident Commander gives authorization to do so.
13. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.4.2 Substance Released Outdoors and Localized Procedures

1. The principal or designee becomes the Incident Commander, activates the ICS Team and will immediately direct staff to remove students from the affected areas to an area

upwind from the release. The Incident Commander will, as necessary, initiate the Shelter in Place or Evacuate Building action.

2. The Security/Utilities Team will establish a safe perimeter around the affected area and ensure personnel do not reenter the area.
3. The Incident Commander will call 911, School Police at (213) 625-6631, and the Office of Environmental Health and Safety (OEHS) at (213) 241-3199 and will provide the exact location and nature of emergency.
4. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
5. The Security/Utilities Team will turn off local fans in the area of the release, close the windows and doors, and shut down the air handling systems of affected buildings.
6. The Incident Commander will notify and update parents via Connect.
7. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
8. Persons who had direct contact with hazardous substances should wash affected areas with soap and water. Immediately remove and contain (in plastic bags) outer layer of clothing because it may be contaminated. You may use extra clothing or other items that you have on hand, such as, P.E. uniforms, extra clothing, and trash bags, to allow students to cover up. Do not use bleach or other disinfectants on potentially exposed skin. Students and staff whose skin touched the contaminant should be isolated from the rest of the school population. The Triage Team should evacuate and monitor exposed individuals.
9. The Assembly Area Team will prepare a list of all people in areas of contamination, especially those who may have had actual contact with the substance. The team will provide the list to the Incident Commander and emergency responders.
10. The Incident Commander will complete the Biological and Chemical Release Response Checklist.
11. The School Site Crisis Team will convene on-site and begin the process of counseling and recovery.
12. Any affected areas will not be reopened until the Los Angeles County Health HazMat or appropriate agency provides clearance and the Incident Commander gives authorization to do so.
13. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

Online training about Shelter in Place is available on MyPLN in STEPS courses 204 and 404.

7.4.3 Substance Released in Surrounding Community Procedures

1. The principal or designee becomes the Incident Commander, activates the ICS team, and if they or local authorities determine that a potentially toxic airborne substance has been released, the Incident Commander will initiate a Shelter in Place.
2. Follow all Section 6.11 Shelter in Place procedures.
3. The Incident Commander will call the Office of Environmental Health and Safety (OEHS) at (213) 241-3199 and will provide the nature of emergency.

4. The Incident Commander will monitor local news for information about the incident and notify the South Coast Air Quality Management District (SCAQMD) at 1-800-CUT-SMOG or 1-800-288-7664.
5. The school will remain in Shelter in Place until the Los Angeles County HazMat or appropriate agency provides clearance, or staff is otherwise notified by the Incident Commander.
6. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

Online training about Shelter in Place is available on MyPLN in STEPS courses 204 and 404.

7.5 Bus Disaster

These procedures are for use by bus drivers and school administrators in the event of an earthquake, serious bus accident, or other emergency that occurs while students are on a school bus field trip or being transported to or from school. If there are no students on the bus, drivers should report to Bus Dispatch by radio or 1-800-LABUSES or the nearest school.

7.5.1 Bus Earthquake Procedures

1. The driver will initiate the Drop, Cover, Hold On action for all persons on the bus.
2. The driver will stop the bus away from power lines, bridges, overpasses, buildings, possible landslide conditions, overhanging trees, or other dangerous situations.
3. The driver will check for injuries and provide first aid as appropriate.
4. The driver will contact Bus Operation Dispatch to report the location and condition of students and the bus. Bus Operation Dispatch will contact and update the school principal and bus supervisors.
5. If it is safe, the driver will proceed to the nearest LAUSD school for possible shelter, upon arriving at the school, the driver is to notify the school principal or designee and remain with the children until further instructions are received from the principal or designee.
6. The principal or designee will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
7. The principal or designee will notify and update parents via Connect.
8. If instructed by the Bus Operations Dispatch or designee to continue the route, the driver will:
    - If enroute to school, continue to pick up students.
    - If dropping students off, continue to do so, provided there is a responsible adult at the bus stop to receive students in Pre-K through second grade and a designated adult for students with an IEP.
9. In all instances, the driver should not attempt to cross bridges, overpasses, or tunnels that may have been damaged.
10. The driver will account for all students and staff throughout the emergency.

7.5.2 Bus Flood/Flash Flood Procedures

1. The driver will NOT drive through flooded streets and/or roads.

Powered by BoardOnTrack

2. The driver will take an alternate route or wait for public safety personnel to determine safety.
3. If the bus is disabled, the driver will stay in place until help arrives.
4. The driver will contact and update Bus Dispatch to report location and condition of students and the bus. Bus Operations will update the school principal or designee and bus supervisor.
5. The principal or designee will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
6. The principal or designee will notify and update parents via Connect.
7. In all instances, the driver will not attempt to cross damaged bridges or overpasses.
8. The driver will account for all students and staff throughout the emergency.

7.5.3 Serious Bus Crash or Bus Fire Procedures

1. The driver will park the bus in a safe location as directed by law enforcement or Transportation supervisor.
2. The driver will set the emergency brake and turn off the ignition.
3. The driver will initiate the Evacuation action for all persons on the bus in the event of a fire. Drivers should keep in mind:
   a. Bus fires can be controlled by using fire extinguishers.
   b. Most modern buses have an integrated fire suppression system to put out engine fires and can be activated by push of a button or automatically triggered by a fire.
4. When an accident occurs, the driver will check for injuries and provide appropriate first aid as deemed necessary prior to the arrival of emergency responders.
5. The driver will immediately notify School Bus Operations Dispatch if an accident has occurred. Injuries will be reported at that time as well as the exact location of the bus.
6. Upon notification of an accident with students on board a bus, School Bus Operations Dispatch will notify the California Highway Patrol (CHP) for assistance.
7. The driver will contact Bus Operations Dispatch to report any updates at the location and condition of the students. School Bus Operations Dispatch will then provide the necessary updates to District personnel.
8. The The principal or designee will notify the Region Administrator of Operations and/or the Operations Coordinator of the incident.
9. The principal or designee will notify and update parents via Connect.
10. The driver will stay with the disabled bus until help arrives.
11. The driver will account for all students and staff throughout the emergency.
12. The Bus Supervisor or other authorized user will open an iSTAR on the incident.

7.6 Demonstration/Walkout

A Demonstration/Walkout is any assemblage on or off campus by staff or students for the purpose of protest or demonstration. A demonstration or walkout that occurs without appropriate approvals is considered unauthorized and may be unlawful. Students are sometimes encouraged by protesters (in person or via social media) to participate in a demonstration as it passes by a school. Information is available in BUL-6320 Procedures for Handling Disturbances or Demonstrations on or Adjacent to School Sites.

Demonstration/Walkout Procedures: The principal or designee becomes the Incident Commander (IC), activates the school ICS Team, initiates the appropriate emergency function(s), and takes the following actions:

1. In anticipation of, or during a disturbance, disorder, or demonstration, key school personnel must be released and made available to assist the principal in class coverage and to implement the school emergency plans.
2. The principal (or designee) may contact other resources for additional assistance.
3. The principal shall contact the Region Operations Coordinator and determine what additional resources will be necessary to address the situation.
4. The Region Operations Coordinator, in consultation with the Division of District Operations, will contact additional District resources, such as: School Police, Office of Communications, Transportation, and/or Food Services.

The IC shall:

5. Inform students, in the presence of adult witnesses, that they should attend classes.
6. Students who voluntarily leave the school campus or the classroom during a demonstration will be directed to return to the campus or the classroom.
7. If students leave campus, school site administrators do not have a legal obligation to protect the safety and welfare of the students. If the student demonstration or walk-out causes a disruption to the general public, local law enforcement may respond to the situation. Los Angeles Unified has no control over how local law enforcement will handle the situation.
8. As soon as possible, prepare a letter to notify parents of what occurred.

It is the responsibility of the IC to maintain adequate safeguards to ensure the safety and welfare of students, school personnel, and school property. If necessary, the IC must ensure that the school initiates a lockdown and, if a lockdown is initiated, the IC should take the following steps as appropriate:

9. Designate only one entrance and one exit for all persons entering or leaving the school site. The Security/Utilities Team will immediately proceed to this one entrance and one exit to control ingress and egress.
10. Do not allow the public or any unauthorized individuals or groups, including parents, to enter the campus.
11. Require each person entering the campus to sign his/her name and record his/her address, telephone number, and the time entered and departed.
12. Remind teachers to keep classroom doors locked and not release students for any reason.
13. Assign staff members to receive and direct all telephone calls related to the emergency. Provide designated persons with a script containing all information to be released.
14. Communicate and update staff using the school public address system, email, Connect, or other means as appropriate.

Powered by BoardOnTrack

15. Provide written updates or utilize faculty meetings to keep staff informed of developments. Also, identify key faculty members to help keep staff informed.
16. Maintain a “log” to record the date, time, and nature of each incident, names of the persons involved, reliable witnesses to the event, and description of the action taken. The Planning and Intelligence Team's Documentation Unit should keep this log.
17. Make plans for the school schedule and supervision program for the following day.
18. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
19. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.7 Disorderly Conduct

Disorderly conduct may involve a student, staff member, or visitor exhibiting threatening or irrational behavior. If the individual is armed, refer to sections on Lockdown or Active Shooter on Campus as appropriate. Information is available in BUL-5798 Workplace Violence, Bullying and Threats (Adult-to-Adult) and BUL-5799 Threat Assessment and Management (Student-to-Student, Student-to-Adult, Student-to-School). Online training about threats is available on MyPLN in courses STEPS 208 and 408.

Disorderly Conduct Procedures

1. Upon witnessing disorderly conduct, staff should take steps to calm and control the situation and attempt to isolate the perpetrator from other students and staff, if it is safe to do so. Witnesses should provide written statements for follow-up by the school administrator and/or School Police.
2. Staff will immediately notify the principal or designee.
3. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate the appropriate emergency functions, which may include Lockdown, Evacuate Building, or Off-site Relocation.
4. The Incident Commander will call School Police at (213) 625-6631 and provide the exact location and nature of the incident. If determined to be appropriate, the Incident Commander will call 911.
5. If an immediate threat is not clearly evident, the Incident Commander or other staff member may attempt to diffuse the situation. Approach the individual in a calm, non-confrontational manner and request they leave the campus. Avoid any hostile situations.
6. If the individual is a student, every attempt should be made to notify the family (family members may provide useful information on handling the situation).
7. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
8. The Incident Commander will notify and update parents via Connect, as necessary.
9. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.

Powered by BoardOnTrack

10. The Incident Commander and team will determine if activating the threat assessment/management team is warranted.
11. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.8 Earthquake

Earthquakes generally occur without warning and may cause minor to serious ground shaking, damage to buildings, and injuries. It is important to note that even a mild tremor can create a potentially hazardous situation. The below procedures should be implemented in response to all earthquakes, regardless of magnitude.

Online training about earthquakes is available on MyPLN in courses STEPS 202 and 402. Other resources are available through the OEM and STEPS websites.

7.8.1 Earthquake during School Hours Procedures

Note: Keep calm and remain where you are during the shaking. Assess the situation and then act. Remember, most injuries or deaths are caused by flying/falling debris.

1. Upon the first indication of an earthquake, teachers should direct students to immediately Drop, Cover, and Hold On. If your school is equipped with the ShakeAlert system which provides advance notice of an earthquake, you will immediately Drop, Cover and Hold On upon receiving an alert through PA system.
2. Students with disabilities that do not allow them to get under furniture for protection should immediately Drop/Lock, Cover and Hold On. They should lock the wheels on any wheelchairs and protect their head and neck with their hands.
3. When the shaking stops, the principal or designee becomes the Incident Commander, activates the school ICS Team, and initiates the Evacuate Building action. Staff and students will evacuate the buildings using prescribed routes or other safe routes to the Assembly Area.
4. In the event of an evacuation, teachers will bring their student roster and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students or any student that was left behind.
5. The Incident Commander will direct the Security/Utilities Team to post guards a safe distance away from building entrances to prevent access.
6. The Security/Utilities Team will notify school personnel of fallen electrical wires and instruct them to avoid touching the fallen wires.
7. The Triage Team will set up the triage stations, check for injuries and provide appropriate medical assistance.
8. The Incident Commander will direct the Planning and Intelligence Team to notify the appropriate utility company of damages (e.g., gas, power, water, or sewer).
9. If the area appears safe, the Search and Rescue Team will make an initial inspection of school buildings to identify any injured or trapped students or staff.

Powered by BoardOnTrack

10. The Incident Commander will contact the Region Administrator of Operations and/or Operations Coordinator to determine additional actions that may be necessary. If the School Emergency Status Report (SESR) is activated, school conditions will be reported through this tool. Region personnel will communicate conditions to the District's Emergency Operations Center.
11. If SESR is not being used or not functioning, the Planning and Intelligence Team will fill out a School/Site Preliminary Damage Report and transmit it to the School Police and Region Administrator of Operations.
12. The Incident Commander will contact the Area Facilities Director to ensure buildings are safe for re-occupancy. When safe to do so, the Fire Suppression and HazMat Team will conduct an inspection of school buildings. The Fire Suppression and HazMat Team will maintain a log of their findings, by building, and provide a periodic report to the Incident Commander.
13. Any damaged areas will not be reopened until the Area Facilities Team provides clearance and the Incident Commander gives authorization to do so.
14. The Incident Commander may initiate a Relocation if warranted by changes in conditions at the school.
15. The Incident Commander will direct the Planning and Intelligence Coordinator or another authorized user to open an iSTAR on the incident.
16. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.8.2 Earthquake during Non-School Hours Procedures

Note: These procedures should be followed only when some staff is on campus.

1. Upon the first indication of an earthquake, everyone on campus is to immediately Drop, Cover and Hold on. If your school is equipped with the ShakeAlert system which provides advance notice of an earthquake, you will immediately Drop, Cover and Hold On upon receiving an alert through PA system.
2. The principal or designee becomes the Incident Commander, activates the school ICS Team as necessary, and will assess damages as safe to do so with the plant manager, to determine any necessary corrective actions. The school administrator may direct the Fire Suppression/HazMat Team to participate in the assessment.
   Note: Assessments must be conducted by teams wearing appropriate safety gear. Do NOT conduct assessments alone or unprotected, due to danger from possible building damage and the potential for aftershocks. Notify the School Police Watch Commander's Office at (213) 625-6631 that you are on campus before beginning a site assessment.
3. The Incident Commander should confer with the Region Administrator of Operations and/or Operations Coordinator and Maintenance and Operations personnel to identify the extent of damages and determine if the school can be occupied.
4. If the school cannot be occupied, the Incident Commander and Region Administrator of Operations will determine an alternate location for affected buildings and programs, and the Incident Commander will notify staff members and parents via Connect.

Powered by BoardOnTrack

5. The Planning and Intelligence Team will fill out a School/Site Preliminary Damage Report and transmit it to the School Police and Region Administrator of Operations.

7.9 Explosion/Risk of Explosion

There are four distinct incident types involving an explosion or risk of explosion. Determine which incident type applies and then implement the appropriate response procedures.

7.9.1 Explosion on School Property Procedures

1. In the event of an explosion, all persons should initiate Drop, Cover and Hold On or Take Cover if outdoors in an open area.
2. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will call 911 and School Police at (213) 625- 6631 and OEHS at (213) 241-3199 to provide the exact location (e.g., building, room, area) and nature of emergency.
3. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident. The Region office will inform the Region Public Information Officer of the situation.
4. The Incident Commander will consult with available law enforcement and, considering the possibility of another imminent explosion, take appropriate emergency functions. Action may include Shelter in Place, Evacuate Building or Relocation. Evacuation may be warranted in some buildings on a campus, and other buildings may be used as shelter.
5. In the event of an evacuation, staff, and students will use prescribed routes or other safe routes and proceed to the Assembly Area.
6. In the event of an evacuation, teachers will bring student roster and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions Teachers will notify the Assembly Area Team of missing students.
7. The Incident Commander will notify and update parents via Connect.
8. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
9. The Triage Team will check for injuries and provide appropriate medical assistance.
10. If needed, the Fire Suppression/HazMat Team should suppress small fires with extinguishers for the protection of students and staff as it is safe to do so, until the Fire Department arrives.
11. The Planning and Intelligence Team Lead will notify the appropriate utility company of any damages to water lines, sewers, power lines, and other utilities.
12. The Security/Utilities Team will secure the building entrance to prevent persons entering the school buildings.
13. If it is determined safe to enter affected areas, the Incident Commander will direct the Search and Rescue Team to initiate search and rescue activities.
14. The Incident Commander will contact the Area Facilities Director to ensure buildings are safe for re-occupancy. When safe to do so, the Fire Suppression/HazMat Team will conduct an inspection of school buildings. The Fire Suppression and HazMat Team will

Powered by BoardOnTrack

maintain a log of their findings, by building, and provide a periodic report to the Incident Commander.

15. The Planning and Intelligence Team will complete a School/Site Preliminary Damage Report and transmit it to the School Police and Region Administrator of Operations.
16. Any areas affected by the explosion will not be reopened until the Los Angeles County HazMat or appropriate agency provides clearance and the Incident Commander gives authorization to do so.
17. The Incident Commander may initiate a Relocation if warranted by changes in conditions.
18. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.9.2 Risk of Explosion on School Property Procedures

1. If a school is notified by authorities of the risk of an explosion, the principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate appropriate emergency functions, which may include Drop, Cover and Hold On, Shelter in Place, Evacuate Building, or Relocation.
2. If the school administrator issues Evacuate Building action, staff, and students will evacuate the building using prescribed routes or other safe routes to the Assembly Area.
3. In the event of an evacuation, teachers will bring their student rosters and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
4. The school administrator will call 911 and School Police at (213) 625-6631 and will provide the exact location (e.g., building, room, area) and nature of emergency.
5. The school administrator will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
6. If needed, the Fire Suppression/HazMat Team should suppress small fires with extinguishers for the protection of students and staff as it is safe to do so, until the fire department arrives.
7. The Incident Commander will advise the Search and Rescue Team to initiate rescue operations.
8. The Security/Utilities Team Lead will notify the appropriate utility company of any damages to water lines, sewers, power lines, and other utilities.
9. The Incident Commander will notify and update parents via Connect.
10. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
11. All affected areas will not be reopened until the Los Angeles County HazMat or appropriate agency provides clearance and the school administrator issues authorization to do so.
12. The Planning and Intelligence Team will complete a School/Site Preliminary Damage Report and transmit it to School Police and the Region Administrator of Operations.

13. In the event of an explosion on campus, refer to procedures listed under Explosion on School Property.
14. The Incident Commander may initiate a Relocation, if warranted by changes in conditions.
15. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.9.3 Explosion or Risk of Explosion in Surrounding Area Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate the Shelter in Place response action.
2. The Incident Commander will notify 911 and School Police at (213) 625-6631 and provide the exact location (e.g., building, area) and nature of emergency.
3. The Incident Commander will take further actions as needed or advised by authorities.
4. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
5. The Incident Commander will notify and update parents via Connect.
6. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
7. The school will remain in a Shelter in Place condition until the Los Angeles County HazMat or appropriate agency provides clearance and the school administrator issues further instructions.
8. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.9.4 Nuclear Blast or Explosion Involving Radioactive Materials Procedures

A nuclear blast is characterized by a sequence of intense light and heat, air pressure waves, expanding fireball, and subsequent radioactive fallout. More information about incidents involving radioactive material is available in the resource In The Event of a Nuclear Incident: A Reference for Schools and on MyPLN in courses STEPS 205 and 405.

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate the Shelter in Place action.
2. When sheltering, personnel should try to establish adequate barriers or shielding (e.g., concrete walls, metal doors) between themselves and the source of the blast or explosion and should avoid sheltering near exterior windows.
3. The Incident Commander will notify 911 and School Police at (213) 625-6631 and provide details on the area and personnel affected at the school.
4. After the initial blast, ICS teams should provide medical assistance and extinguish small fires as needed.
5. The Incident Commander will ensure the prompt relocation of students from bungalow buildings and other non-permanent structures, upper floor(s), rooms with broken windows, and other damaged rooms without going outside if possible.
6. The Security/Utilities Team will turn off the school's main gas supply (refer to the Site Plot Plan in the ISSP for gas supply shut-off valve) and fans in the area; close and lock

Powered by BoardOnTrack

exterior doors and windows; shut down all buildings' air handling systems; seal gaps under doors and windows with wet towels or duct tape; cover windows, seal vents with aluminum foil or plastic wrap, if available; and turn off sources of ignition, such as pilot lights.

7. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
8. The Incident Commander will notify and update parents via Connect.
9. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
10. The Incident Commander or Public Information Officer will monitor local news outlets and initiate further actions as appropriate.
11. At the Incident Commander's discretion, and only if safe to do so, designated personnel should attempt to distribute emergency supplies including food and water, without going outside.
12. The school will remain in Shelter in Place until the Los Angeles County Department of Public Health or other appropriate agency ends the Shelter in Place or issues relocation instructions. Authorities may advise relocation.
13. The Planning and Intelligence team will complete a School/Site Preliminary Damage Report and transmit it to School Police and the Region Administrator of Operations.
14. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.9.5 Explosive Device Threat/Suspicious Package

Response to an explosive device threat is initiated upon the discovery of a suspicious package on campus grounds or receipt of a threatening phone call, email, social media, or other means that may present a risk of an explosion. Information is available in the BUL-6460 Explosive Device Threats and Suspicious Devices.

7.9.6 Explosive Device Threat by Telephone Procedures

1. The call taker should attempt to keep the caller on the telephone as long as possible and alert someone else to call 911. The staff member calling 911 informs the operator of:
    - Nature of threat on phone line
    - Name of school
    - Phone number of line receiving threat
    - Name and contact information of staff member
2. The person answering the threat call should immediately inform the principal, and then use the Explosive Device Threat Form to gather and record information about the call.

Explosive Device Threat Form Questions include:

- Where is the explosive device (building, location)?
- When is it going to explode?
- What kind of explosive device is it? What does it look like?
- Who set the explosive device? Why was the explosive device set?
- What can we do for you to keep the explosive device from exploding?

- What is your name?
- How old are you?
- Where do you live?
- How can you be contacted?

In addition to the above questions, evaluate the caller's voice and background noise for characteristics such as:

- Caller Characteristics:
  - Gender
  - Age
  - Accent
  - Slurred/impaired speech
  - Recorded/disguised voice
  - Familiarity
  - Irrational/incoherent
- Background Noise:
  - Traffic
  - PA System
  - Typing
  - Other

3. The principal or designee becomes the Incident Commander, activates the school ICS team, and calls School Police at (213) 625-6631 who will advise the school. In most cases, School Police will direct the school to wait for officers to arrive and conduct an investigation. The Incident Commander, in consultation with School Police, will determine the appropriate emergency functions, which may include Drop, Cover and Hold On, Lockdown, Evacuate Building or Relocation.
4. If the school discovers unusual or suspicious packages, boxes or foreign objects, all cell phones and hand-held radios of searchers should be turned off, as many explosive devices can be triggered by radio frequencies. If a suspicious object is found, report the discovery to the Incident Commander while the remaining team members attempt to secure the immediate area without touching or disturbing the object.
5. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
6. No attempt should be made to investigate or examine a discovered suspicious object.
7. The Incident Commander will notify and update parents via Connect
8. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
9. After the search, the Incident Commander will consult with Law Enforcement to determine any alteration to the appropriate emergency function, which may include Drop, Cover and Hold On, Lockdown, Evacuate Building, or Relocation.
10. When a suspicious object or explosive device is found, or if advised by Law Enforcement, the Incident Commander shall issue the Evacuate Building action. Staff and students will evacuate the building using safe routes to the Assembly Area.

Powered by BoardOnTrack

11. In the event of an evacuation, teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
12. The School Site Crisis Team will convene on-site and begin the process of counseling and recovery.
13. Do not resume school activities until the affected buildings have been inspected by proper authorities and determined to be safe. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.
14. The Incident Commander may initiate an off-site relocation if warranted by changes in conditions.
15. After the incident is over, the Incident Commander will complete the Explosive Device Threat Report, submit a copy to LAUSD atwcoffice@laschoolpolice.gov, submit a copy to Region Operations, keep a copy at the school site, and upload it to the iSTAR created for the incident.

Explosive Device Threat – Other Means

If an explosive device threat is received via letter, email, social media, or other means, the principal will consult with LASPD to determine a course of action. The principal will make the appropriate notifications and take other actions as described above in Section II, Procedures for Explosive Device Threat – Telephone, D-P, as necessary.

7.9.7 Suspicious Package Procedures

1. If a suspicious package or other object is found on or adjacent to campus, the principal or designee should be immediately alerted.
2. The principal or designee becomes the Incident Commander, activates the school ICS team, and will direct volunteer members of the Security/Utilities Team to attempt to secure the immediate area without touching or disturbing the object. All cell phones and hand-held radios in the vicinity of the suspicious package should be turned off, as many explosive devices can be triggered by radio frequencies.
3. The Incident Commander will call 911 and School Police at (213) 625-6631 and provide the exact location (e.g., building, room, area) and description of the suspicious package.
4. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
5. No attempt should be made to investigate or examine the object.
6. The Incident Commander will notify and update parents via Connect.
7. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
8. The Incident Commander will consult with Law Enforcement and determine the appropriate emergency function, which may include Drop, Cover and Hold On, Lockdown, Evacuate Building or Relocation.

Powered by BoardOnTrack

9. If Evacuate Building is initiated, staff and students will evacuate buildings using the safest routes to the Assembly Area. Routes may be different than usual evacuation routes.
10. In the event of an evacuation, teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
11. The School Site Crisis Team will convene and begin the process of counseling and recovery.
12. Do not resume school activities until the affected buildings have been inspected by proper authorities and determined to be safe. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.
13. The Incident Commander may initiate an off-site relocation if warranted by changes in conditions.
14. After the incident is over, the Incident Commander will complete only section II (Report by Principal) of the Explosive Device Threat Report, submit a copy to LASPD at wcoffice@laschoolpolice.gov, submit a copy to Region Operations, keep a copy at the school site, and upload it to the iSTAR created for the incident.

7.10 Fire

A fire impacts a school if it occurs on campus or in an off-campus location near the school. Take appropriate Evacuate Building or Shelter in Place measures to protect students and staff.

7.10.1 Fire on School Grounds Procedures

This procedure addresses a fire discovered on school grounds. A quick response to this situation is very important to prevent injuries and further property damage. Online training about fires is available on MyPLN in courses STEPS 201 and 401. Online training about fire alarm systems is available on MyPLN in course STEPS 418.

1. Upon discovery of a fire, teachers or staff will direct all occupants out of the building, activate the fire alarm, and report the fire to the school administrator.
2. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will immediately initiate the Evacuate Building action. Staff and students will evacuate buildings using the prescribed routes or other safe routes to the Assembly Area.
3. The Incident Commander will call 911 and School Police at (213) 625-6631 and will provide the exact location (e.g., building, room, area) of the fire.
4. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the fire. Region personnel will contact the Region Public Information Officer with information on this situation.
5. Teachers will bring student rosters and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are to account for

any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.

6. If needed, the Fire Suppression/HazMat Team should suppress small fires with extinguishers for the protection of students and staff as it is safe to do so, until the Fire Department arrives.
7. The Security/Utilities Team will secure the area to prevent unauthorized entry and keep access roads clear for emergency vehicles.
8. The Security/Utilities Team will notify the appropriate utility company of damages.
9. The Incident Commander will notify OEHS at (213) 214-3199 that a fire occurred.
10. The Incident Commander will notify and update parents via Connect.
11. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
12. If needed, the Logistics Team Lead will notify Bus Dispatch 1-800-LABUSES to request buses for staff and student evacuation.
13. Any affected areas will not be reopened until the Los Angeles City or County Fire Department, or appropriate agency provides clearance, and the school administrator issues authorization to do so.
14. For fires during non-school hours, the Incident Commander and the Region Administrator of Operations will assist in the determination of whether the school opens the following day.
15. All fires that are extinguished by school personnel, regardless of their size, require a call to the Fire Department to indicate that the “fire is out.”
16. The Planning and Intelligence Team will complete a School/Site Preliminary Damage Report and transmit it to the School Police and Region Administrator of Operations.
17. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.10.2 Fire in Surrounding Area Procedures

This procedure addresses a fire discovered in an area adjoining the school or a wildfire that impacts the school. The initiated response actions should take into consideration the location and size of the fire, its proximity to the school and the likelihood that the fire may affect the school.

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate the appropriate emergency functions, which may include Shelter in Place, Evacuate Building or Relocation.
2. The Incident Commander will notify 911 and School Police at (213) 625-6631 and will provide the location and nature of emergency.
3. The Incident Commander will instruct the Security/Utilities Team to prevent students from approaching the fire and keep routes open for emergency vehicles.
4. The HazMat/Fire Team will contact the local Fire Department and will work with the Fire Department to determine if school grounds are threatened by the fire, smoke, or other hazardous conditions.

5. The principal may initiate an Indoor Activities Schedule to further protect school community from environmental discomforts. This is accomplished by closing all doors and windows and running the air conditioning, as HVAC systems can improve air quality, due to better filtration than typical home systems. For greater detail, refer to REF-5803 Emergency Procedures, Drills and Districtwide Exercises.
6. In addition, the principal can determine air quality by accessing the Los Angeles Unified Know Your Air Network. The network consists of over 200 air quality sensors deployed at school sites and facilities throughout the entire 710 square-mile District to show local conditions in real time. Every school in Los Angeles Unified has a network sensor nearby (within approximately 1.6 miles), allowing all schools to determine air quality by looking at the nearest sensors. The network can be accessed at https://www.lausd.org/knowyourairnetwork.
7. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident. Region personnel will call the Region Public Information Officer with information on this situation.
8. If the Incident Commander issues the Evacuate Building action, staff and students will evacuate the affected building(s) using prescribed routes or other safe routes to the Assembly Area.
9. The Incident Commander will notify OEHS at (213) 241-3199 of the fire.
10. In the event of an evacuation, teachers will bring student rosters and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
11. The Incident Commander or Public Information Officer will monitor local news outlets and initiate further actions as appropriate.
12. The Incident Commander will notify and update parents via Connect.
13. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
14. If needed, the Logistics Team Lead will notify Bus Dispatch 1-800-LABUSES to request buses for staff and student evacuation.
15. The Incident Commander will initiate a Relocation if warranted by changes in conditions.

Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will update the school community.

7.11 Food/Beverage/Water Contamination

This procedure should be followed if site personnel report suspected contamination of food or beverages served for the various food programs. This procedure applies where there is evidence of tampering with food packaging, observation of suspicious individuals in proximity to food or beverage supplies, or if notified of possible food contamination by Central District staff or local agencies. Indicators of contamination may include unusual odor, color, taste, or multiple employees or students with unexplained nausea, vomiting, or other illnesses. Online training about food safety is available on MyPLN in course STEPS 417.

Powered by BoardOnTrack

Note that the Food Services Division will support with the procedures related to food and beverages that they serve.

Suspected Contamination of Food/Beverage/Water Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will isolate and secure the suspected contaminated food/beverage/water to prevent consumption, and will restrict access to the area.
2. The Incident Commander will notify:
   - 911
   - School Police (213) 625-6631
   - County Department of Health Services (213) 974-1234
   - Office of Environmental Health and Safety (213) 241-3199
   - Food Services Division (213) 241-2993 or (213) 241-6419
   - District Nursing Services (213) 202-7580
   - Region Administrator of Operations and/or Operations Coordinator
3. The Planning and Intelligence Team Lead will make a list of all potentially affected students and staff and provide the list to responding authorities.
4. The Triage Team and/or school nurse will assess the need for medical attention and provide medical assistance as appropriate.
5. The Planning and Intelligence Team Lead will maintain a log of affected students and staff and their symptoms, the food/beverage/water suspected to be contaminated, the quantity and character of products consumed, and other pertinent information.
6. The Incident Commander will confer with the Los Angeles County Department of Health Services before resuming normal operations.
7. The Incident Commander will notify and update parents via Connect.
8. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
9. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

The Food Services Division will conduct their own investigation if the contaminated food/beverage originated from the cafeteria. A Quality Control Incident Form is completed by the cafeteria manager and submitted to a Nutrition Specialist at the Food Services Division central office within 24 hours. He/she reviews the form, notifies the vendor from which the contaminated food/beverage originated, and has a sample of it picked up from the school to undergo laboratory testing. The lab results take 2-5 working days. If tests show positive for food-borne illness, Food Services reports the findings through iSTAR and to OEHS for direction and follow-up.

For cases involving water contamination, as well as non-cafeteria food and beverage spoilage or contamination, OEHS will support the school with proper protocol.

Powered by BoardOnTrack

7.12 Public Health Emergency

The District's pandemic strategic plan is available here: LAUSD COVID-19 Compensatory Education Plan.

A Public Health emergency involves an infectious disease outbreak or a pandemic which requires a large-scale emergency need for medical health care services. A pandemic is the worldwide spread of a new disease, according to the World Health Organization. A pandemic occurs when a new virus emerges for which there is little or no immunity in the human population, begins to cause serious illness, and then easily spreads person-to-person worldwide. A Public Health emergency is often due to an influenza outbreak or other infectious disease that affects a school community. These incidents can also be more local and contained such as a suspected tuberculosis or measles outbreak at a school. During a suspected Public Health emergency, the principal or designee will consult with District Nursing Services at (213) 202-7580 and Student Medical Services at (213) 202-7590. Online training about Public Health emergencies is available on MyPLN in course STEPS 416.

During a large-scale Public Health emergency, the District will mobilize designated staff for a uniform, systemic, and comprehensive response. Both District and local level Operations staff will serve a critical role in gathering and dissemination information and supporting schools. L.A. Unified recognizes the authority of the Los Angeles County Public Health Officer in matters related to a disease outbreak or other Public Health crises and will work cooperatively with the Health Officer to prevent, mitigate, and respond to cases. The Health Officer and Public Health disease control specialists will evaluate the local situation and determine actions necessary to control the disease outbreak in schools and in the community. Health Officer Orders, guidelines and instructions will be continually revised and updated as the outbreak is tracked in the county. Illness may spread rapidly or slowly, may vary among communities locally, nationally, and worldwide, and the outbreak may persist over several months or even years.

During Public Health emergencies, schools may be approached by parents, teachers, and staff who are concerned about the health and safety of students. Specific details and updates including mitigation efforts and County orders will be provided on an ongoing basis as events evolve and directives change. It is imperative that the most updated information be sought and implemented. These will be shared through multiple means, including email, Connect messaging, KLCS, official District social media, virtual town halls, or other forums.

In a disease outbreak or pandemic, information materials may include:

- Letters to parents, teachers, and staff with instructions and risk communication information as issued by the Public Health Department's Health Officer.
- Brochures, infographics, and other informational materials.
- Frequently Asked Questions (FAQs).
- District webpages, maintained with links and updated information as knowledge evolves about the pandemic.

Healthy Habits to Reduce Public Health Emergency Impact

Powered by BoardOnTrack

7. Threat and Hazard-Specific Annexes

Schools can reduce the impact and spread of an infection by reinforcing basic healthy habits. Follow and promote the below practices and be aware that additional specific measures may be required to address the circumstances of the public health emergency. These practices include:

- Wash hands often. Require that all employees and students wash their hands with soap and water for at least 20 seconds after visiting the restroom or changing diapers/toileting, before and after eating and after handling animals or animal waste. If soap and water are not available, schools can purchase approved sanitizer from the District Warehouse. Schools must stock adequate hand-washing supplies for all restrooms.
- Cover nose and mouth when coughing or sneezing. Germs are spread when people cough and sneeze. Require that students cough or sneeze into a tissue or, lacking that, into a sleeve or elbow. Classrooms should be stocked with tissue to facilitate this activity.
- Get vaccinated. Vaccination can drastically reduce the chance of contracting many diseases.
- Routinely clean and disinfect surfaces. Cleaning with soap and water removes dirt and most microorganisms. Using a disinfectant kills additional disease-causing germs. All common surfaces should be disinfected frequently with an approved product. A list of District-approved products is available through the LAUSD's Office of Environmental Health and Safety website.
- Stay at home if you are ill or have signs or symptoms of an infection. Students who become ill while at school should be sent home as quickly as possible. Note that for some infectious diseases, infected individuals may not present any symptoms or symptom manifestation may be delayed.
- Exclude from all school activities students and staff who are symptomatic. In the event of any Public Health outbreak, limit contact with people who are symptomatic. This means that students and staff who come to school with noticeable symptoms such as an elevated temperature, cough, runny nose, or other symptoms common for that outbreak, should be separated from the general school population and sent home until they recover. Students who develop these symptoms at school should be isolated to contain germs, and then sent home with a parent or guardian.
- Handle and prepare food properly. Buy and refrigerate perishable foods quickly. Store food properly. Wash hands, kitchen surfaces, and utensils while preparing food. Wash raw foods and vegetables.
- Avoid exposure to all blood and other body fluids. Use gloves and practice thorough and frequent handwashing.
- Waste Disposal: Schools should carefully dispose of waste. A container lined with a biohazardous bag marked with the international biohazardous symbol is recommended for disposal of waste containing blood or any bodily fluid spills that may contain blood. This waste should be double-bagged. If needles, syringes, or lancets are used in the school setting, arrange for an appropriate Sharps container. The container must have the proper Sharps waste label attached. Place intact needles and syringes in the

designated Sharps container. Do not bend or break needles. Do not recap needles. Once sharps containers are ¾ full, it needs to be closed and disposed of into a consolidated bin. On site medical staff are responsible for disposing sharps container(s) into labeled sharps consolidation bin. Contact Nursing Services for directions about disposal of these types of contaminated materials. Also reference OEHS' Disposal Procedures for Hazardous Waste and Universal Waste (REF-4149 Disposal Procedures for Hazardous)

Continuity of instruction. When emergencies disrupt in-person instruction pursuant to CA E. C. § 41422 or 46392, it is the District's responsibility to ensure continuity of instruction. During large-scale learning disruption, students may be absent for extended periods, sometimes weeks or longer. As a mitigation strategy, school dismissals, closures, or capacity limitations may be implemented.

The Division of Instruction (DOI) has established alternate modes of learning in the event of a large-scale learning disruption to the District's instructional services. The Division of Instruction will provide guidance to administrators and support the implementation of alternative learning processes.

Also, see School Closure in Section 6: Functional Annexes.

Reopening. When the risk subsides, the District will consider Public Health guidance, scientific research, and local-level factors to implement a partial, incremental, or total return to normal operations. Any such decisions will be communicated to and coordinated with regional leadership who will then communicate with school sites.

The District will work with local-level offices to provide guidance to schools such as: campus cleaning and other pandemic-related safety procedures; student academic assessment, academic intervention, and grading; mental health services for students and employees; assessing students with disabilities in reviewing, revising, or creating IEPs; remediation, if the school was used for emergency operations; and accounting for students who do not return to school.

Considerations for Emergency Preparedness

Based on the nature, scale, and duration of the pandemic, as well as whether any in-person instruction is/may be taking place, school administrators should plan for a potential need to address the following, as applicable:

- Schools are expected to conduct all required emergency drills with each campus cohort during hybrid learning. Schools that have groups of students rotating through campus will need to hold drills for each schedule. Drill frequency table is available at http://lausd.org/drills.
- Submit emergency drill evaluations separately for each cohort.
- Conduct an ISSP review to update staffing and ensure that everyone with an emergency role will be working in person.
- Develop contingency plans for handwashing during disasters or during a loss of water on campus. Identify any outdoor handwashing stations that may be used during a disaster.

- Evaluate any designated outdoor isolation/quarantine areas for potential use for the same purpose during emergencies requiring evacuation. Consider: distance from buildings (building damage/rubble), reasonable distance from assembly area, line of sight (preferable), and communication between areas. If the existing areas are not suitable, identify isolation and quarantine areas near the assembly area for any students or employees who present symptoms and need to be isolated or quarantined. Assign staff to monitor these areas as needed.
- Identify alternate indoor spaces to use during lockdowns and shelter-in-place incidents/drills for each outdoor isolation and quarantine area and for outdoor classrooms, if any.
- Evaluate current assembly area and determine potential need to redefine or expand it to accommodate appropriate physical distancing; if necessary, establish a larger assembly area that will allow for proper social distancing.
- Establish the expectation that teachers should bring classroom hand sanitizer when evacuating.
- Inventory current emergency supplies and evaluate supply needs in classrooms, offices, and the emergency bin, including those specifically needed due to the nature of the outbreak/pandemic, including PPE for any parents/guardians who show up to collect their child at the request/reunion gates.
- Ensure that all staff are aware of and practice revised emergency procedures.
- Discuss changed/additional emergency actions during professional development and parent meetings.
- Consider using various communications channels, such as email, text, or Connect, to share key details of the modified emergency plan with parents/guardians, including expectations at the request and reunion gates.
- Review with students the additional emergency actions they will need to take. If these measures are new to the emergency response process, teachers and support staff should monitor and support students as they follow these protocols to facilitate proper implementation.

Additional Considerations

The following can facilitate the prevention and/or mitigation of outbreaks/pandemics.

Health Education Messages: Health education materials are critical because the impact and spread of a virus can be reduced or eliminated by training and education. Health education will also mitigate fear and reduce behavior or actions that will be disruptive to school activities. Education is also important as knowledge and mitigation strategies can change when dealing with a novel virus. As knowledge evolves, schools must ensure proper updates are followed and shared. Everyone at school should follow and help reinforce safe and healthy hygiene practices with students and the rest of their school community.

Alternative Use of District Buildings: School administrators and employees shall be aware that the LACDPH or other government entity may ask to use schools as Points of Distribution (PODs) in response to an outbreak. They may use a large room, such as the gym, to vaccinate or

distribute medication to the community or they may use a school parking lot to distribute food or other basic necessities. If LACDPH asks to use schools as PODs, OEM and the Region will work with site administration at selected sites to coordinate the activity. The Superintendent may also decide to use our own facilities to provide similar services to our school families and community.

Additional Responsibility of School Administrators: Administrators should prepare to facilitate the following, depending on the nature and scale of an outbreak/pandemic:

- Collection and submission of data on the numbers of students who are ill with a given disease.
- Visitation by LACDPH, which may visit schools to evaluate the implementation of Health Officer Orders and guidelines.

They may use its emergency reporting platform, School Emergency Status Report (SESR) or other resources to help track and report staff and student attendance or other metrics. Schools must adhere to any temporary changes in attendance recording protocols to ensure proper reporting. During a pandemic, these systems can be used to help determine District absenteeism rates and inform decisions made by the District or Public Health Officer to strengthen, implement, maintain, or forecast protective measures.

7.13 Suicide Risk and Self-Injurious Behavior

Procedures for Responding to Students who Exhibit Suicidal Ideation/Behavior

The school administrator should ensure that all incidents of suicidal ideation and/or behaviors are properly assessed, in accordance with the guidelines and protocols indicated in the District's BUL-2637 Suicide Prevention, Intervention, and Postvention (Students).

Suicide is death caused by self-directed injurious behavior with the intent to die. Sometimes there may be a precipitating event, such as a break-up or recent death of a loved one, prior to the death by suicide. However, it is important to remember that suicide is a complex phenomenon that cannot be attributed to one single cause.

The primary purpose of a suicide risk assessment is to determine if a person of concern poses a risk to themselves. The following are general protocols and procedures for the administrator/designee, crisis team member, and/or STPL to respond to reports of students at risk for suicide.

There are four stages for the suicide risk assessment process:

- Stage I: Immediate Risk Reducing Interventions
- Stage II: Assess for Suicide Risk
- Stage III: Communicate with Parent/Guardian
- Stage IV: Implementing Action Plan

Within each stage, the urgency of the situation may dictate the order in which the subsequent protocols are followed and necessary.

For support and consultation, contact the Student and Family Wellness Resources Line at (213) 241-3840, Monday through Friday.

In case of an emergency, call 911. For law enforcement and/or after-hours response, contact the Los Angeles School Police Department (LASPD) at (213) 625-6631.

7.14 Threat to Others

The school administrator should ensure that all threats are properly assessed, in accordance with the guidelines and protocols indicated in the District's BUL-5799 Threat Assessment and Management (Student-to-Student, Student-to-Adult).

For support and consultation, contact the Student and Family Wellness Resources Line at (213) 241-3840, Monday through Friday.

In case of an emergency, call 911. For law enforcement and/or after-hours response, contact the Los Angeles School Police Department (LASPD) at (213) 625-6631.

Employees as Mandated Reporters of Student Threats or Perceived Threats

In accordance with CA E.C. § 49390-49395, all employees are mandated reporters of student threats or perceived threats to commit a homicidal act related to school or a school activity.

- An employee who is alerted to or observes any student threat or perceived threat to commit homicide, must immediately report the threat or perceived threat to the Los Angeles School Police Department (LASPD) at (213) 625-6631 or local law enforcement, as well as the site administrator.
- Upon receiving a report of a threat or perceived threat, the local law enforcement agency, with the support of the school site or local educational agency, shall immediately conduct an investigation.
- An investigation by law enforcement, including LASPD, is not a substitute for a multidisciplinary threat assessment team meeting.

Protocol for Responding to Threats of School Violence

A threat assessment should be conducted when there is a direct, clear, and plausible threat of serious physical violence toward another person or District site. Additionally, a threat assessment could be conducted if the totality of the circumstances warrants an assessment. In general, to evaluate a threat, the team should have as many details about the person of concern, including baseline behavior, worrisome behaviors, threats made, and relevant past behaviors. For example, information gathered can include specific details about the thoughts and planning of a specific threat. A lack of specific details may indicate that little thought has gone into the threat and the threat maker is just venting frustration or trying to frighten people. A threat that contains specific details about targets, weapons, locations, and motivation is much more likely to be carried out. The more detail contained in a threat, the more thought that has gone into the planning.

Powered by BoardOnTrack

7. Threat and Hazard-Specific Annexes

The primary purpose of a threat assessment is to determine if a person of concern poses a risk of violence to the target(s) they have threatened. The following are general protocols and procedures for the administrator/ designee to respond to any reports of school violence or threats in schools, at District and school-related activities, and in areas within the District's jurisdiction.

There are four stages for the threat assessment and management process:

- Stage I: Immediate Risk Reducing Interventions
- Stage II: Information Gathering
- Stage III: Multidisciplinary Threat Assessment Team Meeting
- Stage IV: Implementing Action Plan

Within each stage, the urgency of the situation may dictate the order in which the subsequent protocols are followed and necessary.

7.15 Tsunami

A tsunami is a series of ocean waves that sends surges of water onto land. Waves sometimes reach heights of over 100 feet and can cause great destruction. Tsunamis are typically caused by large, undersea earthquakes, but may also be caused by underwater landslides or volcanic eruptions. Shaking events can generate a tsunami in the area where the shaking occurred with little warning time, or thousands of miles away, with several hours of warning time.

These procedures should be followed by the designated schools near the ocean or on field trips to or near the beach or when a distant or local shaking event has occurred and generated a tsunami. Schools located inside the known tsunami inundation area have a Tsunami Annex for their ISSP. All of the identified schools have been issued weather alert radios that send out tsunami advisories from the National Oceanic and Atmospheric Administration (NOAA). Information is available in the LAUSD REF 5435 NOAA Weather Radio All-Hazards Alerts.

Tsunami Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate appropriate emergency functions, which may include Shelter in Place, Evacuate Building, or Relocation. If on a field trip, this duty is a responsibility of the lead teacher or administrator in charge of the field trip. The specific action will depend on how close the school is to the ocean, and how much time there is to act.
2. The Incident Commander or school Public Information Officer will monitor local news outlets for information such as evacuation notices and initiate further actions as appropriate. Schools in the Tsunami Inundation Zone have a NOAA weather alert radio with battery back-up in the Main Office.
3. If the Incident Commander issues the Evacuate Building or Relocation action, staff and students will evacuate affected buildings using prescribed routes or other safe routes to the area identified in the school's tsunami annex. The evacuation destination for a field trip should be to land that is at least 100 feet above sea level. Evacuees should stay away from coastal and low-lying areas. Waves may continue for several hours and travel several times faster than walking, running, or driving.

4. In the event of an evacuation, teachers will take students rosters and any classroom emergency supplies when leaving the building and take attendance once the class is assembled in a safe location. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
5. The Incident Commander will notify School Police at (213) 625-6631 and the Region Administrator of Operations and/or Operations Coordinator of the incident. Region staff will inform the Region Public Information Officer of the situation.

* The above procedures are also followed for field trips on or near the beach if there is a threat of a tsunami.

7.16 Utility Failure

A utility failure is a situation involving a loss of water, power, or other utilities on school grounds.

7.16.1 General Loss or Failure of Utilities Procedures

1. If water or an electrical line is broken, an effort should be made to turn off water or power to the affected area and to notify the school administrator immediately.
2. If a gas leak is suspected or the loss of utilities poses a risk of explosion, refer to Section 7.10 Explosion/Risk of Explosion on School Property.
3. Upon notice of loss of utilities, the principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate appropriate emergency functions, which may include Shelter in Place, or Evacuate Building.
4. The Incident Commander will notify the Area Maintenance and Operations (during business hours) or School Police at (213) 625-6631 (at all other days/hours) and will provide the location and nature of emergency. Other personnel will be notified at the discretion of the Incident Commander.
5. Area Maintenance personnel, working with the Incident Commander, will contact the affected utility company to determine whether their assistance is required, recommended actions, and the potential length of time service will be interrupted.
6. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the loss of utility service.
7. If the Evacuate Building action is initiated, teachers will take student rosters and any classroom emergency supplies when leaving the building and take attendance once the class is assembled in a safe location. Teachers are to account for any students with a cognitive disability who may not have understood the directions.
8. The Incident Commander will notify and update parents via Connect.
9. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
10. As needed, school emergency supplies will be utilized to compensate for the loss of a utility.
11. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

12. In addition to the procedures listed above, the Incident Commander will implement the protocols for specific concerns below as needed.

7.16.2 Loss of Water Supply Procedures

The following operational items apply at a school that has lost its water supply. Many issues can be easily solved if the school has adequate emergency supplies:

1. **Bathrooms** - School personnel can make a regular toilet work by pouring a half-bucket (about 2.5 gallons) of water into the toilet to provide the "flush." Water stored in emergency barrels can be used for this purpose. This method is often easier than setting up toileting stations of 5-gallon buckets with plastic bags in them. Standard toilets can also be lined with plastic bags. Bucket toilets and toilets lined with plastic bags generate bags of hazardous waste that need to be disposed of properly. One disposal method is to dump the contents of the bags into the standard toilets when they are returned to service. Be advised that this method is messy at best. Schools must also provide toilets that are accessible to students with specific needs.

   Health code requires that the students have a way of washing their hands after going to the bathroom. Water from the emergency supplies, waterless hand cleaner, or wipes will fulfill that requirement and should be stored with the other emergency supplies.

   If portable toilets are delivered, schools must make sure that there are also hand cleaning stations set up, as well as accessible toilets for students with specific needs. Mark at least two of the portable toilets for faculty use.

2. **Cafeteria** - To keep the cafeteria open, cafeteria staff must have clean water to wash hands and clean surfaces. Water can be pumped from the emergency water barrels into a plastic water carrier. The water carrier can be taken to the kitchen, and cafeteria staff can use the water at their sink. If the cafeteria staff needs hot water, they can heat it.

3. **Drinking Water** - Drinking water can be addressed in many ways. Water can be distributed in cups or individual bottles/pouches, depending on what was stored. Often the utility provider or Maintenance and Operations will obtain bottled water for the school.

   If schools are using water from the emergency water barrels, they must re-chlorinate the water 30 minutes before it is made available for consumption. Details are available in the REF-5451 School Site Emergency/Disaster Supplies.

4. **Fire Suppression** - The fire code requires that if the automatic fire sprinklers are disabled for any reason, schools must post a fire watch. For complete and specific instructions, please see REF-1909 Procedures for Fire Protection Systems. The law requires that someone must continuously patrol the entire campus every half hour and then log in the fact that no fire was seen. The person conducting the fire watch shall be knowledgeable of the fire watch procedures, should have a radio, be able to notify the fire department and alert and evacuate the building occupants. The fire department and

Powered by BoardOnTrack

the Office of Environmental Health and Safety at (213) 241-3199 must be notified. Logs must be kept, documenting who patrolled the building, where they went and when they made their rounds. Schools shall notify the fire department to request permission to implement the fire watch:

- Los Angeles City Fire Department (Valley) (818) 728-9922
- Los Angeles City Fire Department (Los Angeles) (213) 978-3800
- Los Angeles County Fire Department (323) 881-2455

Only the fire department can authorize a school to go off fire watch. Schools will need to save and document all contacts with the fire department to ensure they followed the Fire Code.

6. **Other Concerns** - At secondary schools, there may be a request to use the showers, which cannot be accommodated. The nurse may also ask for water to wash hands. They may be able to use waterless hand cleaner, but they will still need water for cleaning wounds, etc. Schools can pump the emergency water into a water carrier for the nurse to use at the sink in the Health Office or provide bottled water.

7.16.3 Loss of Power Procedures

The following are concerns that need to be addressed at a school that has lost electrical power.

1. **Lights** - Schools are built to take advantage of natural light. Classrooms often have one wall of windows, so there should still be visibility, even without electric lights. Classroom emergency kits typically include flashlights that can provide additional illumination. In many cases, the loss of electricity is minimally disruptive to instruction; it is common practice for students to remain in classrooms during a power outage.

   Almost all schools have emergency lights on battery back-up. These lights will allow students and staff to safely exit the building. These lights illuminate hallways, stairwells and exit signs. In most schools, emergency lighting operates on a series of large batteries and have the capacity to run for about an hour, so that everyone will have adequate time to exit the building. Some schools have hardwired emergency generators instead of batteries. These generators are sized to run emergency egress lighting only, and do not power other items such as elevators and air conditioning.

   Some schools have portable generators in the emergency supply bin that can power lighting in the assembly area, charge batteries on radios, and other power needs. Generators and rechargeable portable power stations are also used to supplement battery-powered medical devices for students with special needs.

   In a prolonged power outage, the Maintenance and Operations Branch provides a generator to power the cafeteria. The cafeteria has food that needs to be kept at specific temperatures to preserve safety. The generator will be used to run the refrigerators and freezer.

2. **Students on Ventilators** - The students who use ventilators are provided with a small, portable generator rechargeable portable power stations to keep the ventilator battery charged during a power outage. Typically, these students are dependent on medical devices to live. Schools that have students who use ventilators and do NOT have a generator should immediately contact the Office of Emergency Management at 213-241-3889.
3. **Fire Alarms and Suppression Systems** - During a power outage, fire alarms and notification systems will not work. The Fire Code requires that if the automatic fire alarms are disabled, schools must post a fire watch. For complete and specific instructions, see REF-1909 Procedures for Fire Protection Systems. The law requires that someone must continuously patrol the entire campus every half hour and then log in the fact that no fire was seen. The person conducting the fire watch shall be knowledgeable of the fire watch procedures, should have a radio, and be able to notify the fire department, and alert and evacuate the building occupants.

   The fire department and the Office of Environmental Health and Safety at (213) 241-3199 must be notified. Logs must document who patrolled the building, where they went and when they made their rounds. Schools shall notify the fire department to request permission to implement the fire watch:

   - Los Angeles City Fire Department (Valley) (818) 728-9922
   - Los Angeles City Fire Department (Los Angeles) (213) 978-3800
   - Los Angeles County Fire Department (323) 881-2455

   Only the fire department can authorize a school to go off fire watch. Schools will need to save and document all contacts with the fire department to ensure that they abided by the Fire Code.

4. **Food Service** - The cafeteria staff may not be able to heat food without electricity or gas. If the loss of power is expected to last through nutrition or lunch or other meals provided at school, immediately contact your Cafeteria Manager and your Area Food Services Supervisor. They can arrange for food to be brought in from an off-site location. In a prolonged power outage, the Maintenance and Operations Branch will provide a generator to power the cafeteria. The cafeteria has food that needs to be kept specific temperatures to preserve safety. The generator will be used to run the refrigerators and freezer or the food will be transported to a neighboring school or the Pico Rivera Foods Warehouse.

7.16.4 Loss of Communications Procedures

Schools regularly communicate with staff, parents, and other schools/offices using a variety of methods. Back-up methods of communicating must be identified for each system in case a primary communication system is not functioning. Communications systems may be inoperable or have intermittent service due to an issue that impacts only that system, result from an emergency or disaster that causes an outage of communications, or due to system overload

Powered by BoardOnTrack

when too many people try to use a system following a disaster. During some types of large emergencies/disasters, multiple communications systems may be down or unreliable.

A best practice is to send important communications by multiple methods (for example a voice message and a text or a newsletter that is emailed to parents and a hard copy sent home with students). It is essential to use multiple communications methods during a disaster to increase the likelihood that critical information is successfully received. The table below identifies some methods of communications commonly used by schools and which can be incorporated in a school's plan for loss of communication.

During a disaster, phone line and other communications systems use should be limited to essential information to minimize system congestion. Internet service and other data storage systems may also be unavailable during a disaster. Schools should maintain a list of key contacts downloaded onto devices and multiple copies of printed contact lists in the School Emergency Response Box.

Common School Communications Methods:

Communication Method	**Information Types**
Landline telephone	Live voice calls; recorded voice messages
Email	Written messages; digital print materials
Public address system	Live voice broadcast information to campus groups
Two-way radio	Live voice information to select campus group; emergency communications between designated schools and with LASPD; see the Emergency Radio Communications Reporting Tree for more details
Bull horn	Live voice information to campus group
Printed materials	Distributed in person
Runners/messengers	Live messages or distribution of printed materials
Cell phones	Live voice calls; recorded voice messages; text messages
LAUSD and school websites	Schedules and digital materials including policy, protocol, and other information
Connect	Automated outbound voice messaging, email, or text messaging to larger distribution groups
Social media	Written messages; digital print materials

Additional considerations for communications methods:

1. **Phone Systems** - School PBX phone systems have a battery back-up because they run on computers. This allows the phones to operate without electricity. In addition, each school has a fax machine on a separate, direct, outside analog phone line that does not go through the PBX. If the PBX system fails, the fax line will still work, and schools should keep a single-line phone handset that can be plugged into this line during a loss of power or loss of phone lines. In the event of a major disaster such as an earthquake,

Powered by BoardOnTrack

these phone lines have been listed with the phone company as “essential service lines” and will be restored first.

If a school must relocate off campus during an emergency, it can forward the main school number to an administrator’s cell phone if possible. This will allow the school to still receive incoming calls from the school’s landline phone.

An increasing number of schools have telephones that operate using Voice Over Internet Protocol (VOIP) systems. These phones, and other equipment that uses VOIP, may not function during a loss of internet service.

Additionally, schools may be able to use cloud-based telephone services using Amazon Connect, provided by the District. This allows the District to set up or forward critical phone numbers, including our schools’, to the cloud in the event of a local emergency or service disruption. School staff can take Amazon Connect calls from anywhere in the world using a computer or Chromebook with an internet service.

2. **Connect Mass Notification** - The Connect mass notification system is capable of sending voice, email and text messages during normal school operations. When a school experiences a loss of communication systems such as phones/internet, communications can still be sent through Connect.

   If only an internet connection is available, a Connect message can be created and sent. Email and text messages can be added to the message following the normal procedures. If a voice message is also desired, two options are available. The first is to utilize the text-to-speech function and to enter the script for the message into Connect. The system will then read the script when the message is delivered. This can be done for any of the languages. The second option is to record the audio message and to upload the file into the Connect message. If the audio can be recorded directly onto the device being used to set up the message (computer, tablet or smartphone), this will eliminate the need to transfer the audio file to a second device (e.g., recording the message on a smartphone and setting up the message on a computer requires that the audio file be transferred to the computer via email or text). Connect messages can be set up on a Smartphone with internet connectivity using the phone’s browser (www.finalsiteconnect.com).
   If no internet connection is available but access to any phone is available, a message can be sent out using the Connect Dial-In Messaging Card. Each Connect user account has the option to create a Dial-In Messaging Card with PIN security (Visit https://bbc.lausd.net and click on the “Dial-In Messaging Tutorial” FAQ for instructions on using the Dial-In Messaging Card.
3. **Two-Way Radios (Internal School Communications and External Emergency Communications)** - Each school has a two-way radio system that allows the school to communicate with people on that campus for daily, ongoing critical communications, and during emergencies with a neighboring campus, and directly or indirectly with School Police. Systemwide failure of the radio network is possible, but less likely to fail

in an emergency than landline or cellular phones. The radios are battery powered and will still operate during a power outage or when phone systems are down. As long as the radio batteries are charged and working, schools will be able to communicate within their campus or to a nearby campus or with School Police. Schools should keep extra radio batteries, a spare radio charger and a portable power pack with the school's emergency equipment.

Plan for a Loss of Water:
Toilets: Portable potties
Drinking Water: Water Tanks
Food Service: Cafeteria Manager-Najet
Fire Suppression System (if applicable): Plant Manager-Jose Perez

Plan for a Loss of Electricity:
Ventilation: LADWP
Electric Lights: Solar Lights

Plan for a Loss of Natural Gas:
Food Service: LA Cafe

Plan for a Loss of Communication:
Telephone Service: Cell phone
Intercom: Portable Megaphones

7.17 Weather

Schools may implement general inclement weather procedures during heavy rain, flooding, hail, or high winds. More information is available in REF-5706 School Procedures During Inclement Weather, REF-5435 NOAA Weather Radio All-Hazards Alerts, and BUL-963 Guidelines for Preventing Heat Stress.

7.17.1 General Inclement Weather Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate appropriate emergency actions which may include Indoor Activities Schedule, Evacuate Building, or Relocation. NOTE: Inclement weather may block or impact routes to/from school and may necessitate an off-site evacuation even if the school itself is relatively unaffected. The principal may initiate an Indoor Activities Schedule to further protect school community from environmental discomforts. This is accomplished by closing all doors and windows and running the air conditioning, as HVAC systems can improve air quality, due to better filtration than typical home systems. For greater detail, refer to REF-5803 Emergency Procedures, Drills and Districtwide Emergency Exercises.
2. The Incident Commander will notify 911 and School Police at (213) 625-6631 and will describe the nature and extent of the incident.

3. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the emergency situation. Region personnel will call the Office of Communications with information on the situation.
4. The Incident Commander will direct the Security/Utilities Team or other available staff to secure any lightweight, unstable, or fragile items on campus and bring indoors any equipment that may become damaged by weather conditions.
5. The Incident Commander or school Public Information Officer will monitor local news outlets and NOAA weather alert radio and initiate further actions as appropriate.
6. If the Incident Commander issues the Evacuate Building or Relocation action, staff and students will evacuate affected buildings using prescribed routes or other safe routes to the Assembly Area.
7. In the event of an evacuation, teachers will bring student rosters and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
8. The Triage Team will monitor students who were exposed to adverse weather conditions (such as extreme cold, heat, or rain) as necessary.
9. The Planning and Intelligence Team will consider the impact of weather (including travel) on field trips and extracurricular activities and advise the Incident Commander if activities should be curtailed.
10. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
11. The Incident Commander will notify and update parents via Connect.
12. The Incident Commander will initiate a Relocation if warranted by changes in conditions.
13. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.17.2 Rain Procedures

Rain can cause sudden or gradual flooding, impede driving conditions, and/or be accompanied by lightning. Before every rainy season, school plant managers should be reminded to:

- Check all ground-level drains and drainage areas to make sure they are free of debris and work properly. Clogged drains should be reported for repair since they can cause flooding and building damage.
- Inspect roof scuppers and drains to make sure they work properly.
- Request sandbags and plastic sheeting from the operational area that can be used to divert water away from doors.

Flood/Flash Flood

A Flash Flood may accompany rain or may appear suddenly as a result of storm conditions elsewhere in Southern California and may impede driving.

Hail

Powered by BoardOnTrack

Hail can damage buildings and equipment, possibly injure students or adults (depending on the size of the hailstones) and may be accompanied by unusually cold weather.

Landslide/Debris Flow

Landslides can be caused by a variety of factors including earthquakes, storms, fire, and by human modification of land. Landslides can occur quickly, often with little notice. In a landslide, masses of rock, earth, or debris move down a slope.

Debris and mud flows are rivers of rock, earth, and other debris saturated with water and develop when water rapidly accumulates in the ground, during heavy rainfall or rapid snowmelt. They can flow rapidly, striking with little or no warning, and may travel several miles from their source, growing in size as they pick up trees, boulders, cars, and other materials.

Thunder/Lightning

All thunderstorms produce lightning and are dangerous. Stop all outdoor activities and move activities indoors if you hear thunder or see lightning. Wait 30 minutes after the storm to resume outdoor activities.

Wind

High winds can create power outages, knock down trees and utility lines, and remove exterior building materials (such as gutters and shingles). Caution should be taken in areas where pop-up canopies, dining table umbrellas, tree branches or other objects may become airborne and exposed to wind damage. Students and staff should be kept away from these areas while high winds are present.

7.17.3 Funnel Clouds/Tornado Procedures

Funnel clouds and tornadoes are possible in the Los Angeles area. If a funnel cloud is sighted or a tornado warning is issued, immediately move all students indoors. Basements offer the best protection. Schools without basements should use interior rooms and hallways on the lowest floor, away from windows and other sources of glass. Rooms with large roof spans (e.g., gymnasiums, cafeterias, and auditoriums) offer little or no protection from tornado-strength winds. Students should sit facing an interior wall, elbows to knees, with hands over the back of their heads, and remain in position until an all-clear is sounded.

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate the appropriate emergency function, Shelter in Place.
2. The Incident Commander makes the following announcement over the PA system or an alternate method of communication: “Your attention please. We are implementing an Indoor Activities Schedule, due to severe weather. Students and staff are to remain inside the building away from windows. Sit on the floor, face the wall, and protect your head with your arms. All students and staff that are outdoors are to immediately move to the protection of an inside room. As soon as we have further information, we will share it with you.” NOTE: The principal may initiate an Indoor Activities Schedule to further protect school community from environmental discomforts. This is accomplished

by closing all doors and windows and running the air conditioning, as HVAC systems can improve air quality, due to better filtration than typical home systems. For greater detail, refer to REF-5803 Emergency Procedures, Drills and Districtwide Emergency Exercises.

3. If indoors, teachers will keep students in the classroom until further instructions are given.
4. If outdoors, students will proceed to their classrooms if it is safe to do so. If not, teachers or staff will direct students into the closest classrooms or school buildings. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers are to take roll and to notify the office with the number and names of students in the room with them.
5. The Incident Commander will notify 911 and School Police at (213) 625-6631 and will describe the nature and extent of the incident.
6. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the emergency situation. Region personnel will call the Region Public Information Officer with information on the situation.
7. The Incident Commander or Public Information Officer will monitor local news outlets and NOAA weather alert radio and initiate further actions as appropriate.
8. Teachers will take attendance to account for students and notify the office of missing students.
9. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
10. The Incident Commander will notify and update parents via Connect.
11. The Incident Commander will initiate a Relocation if warranted by changes in conditions.
12. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.17.4 Heat Procedures

The intensity of exercise activities must be limited or modified whenever the Heat Index is above 95°. Details are available in BUL-963 Guidelines for Preventing Heat Stress. A useful resource that calculates the heat index and offers heat safety tips is the OSHA smartphone app, the OSHA Heat Safety Tool. For information specifically geared towards employees, the California Division of Occupational Safety and Health provides a website with valuable information to help protect employees from heat-related illnesses at http://www.dir.ca.gov/DOSH/HeatIllnessInfo.html.

Modifying Athletic Activities During Excessive Heat

During times of excessive heat, the following precautions need to be taken for outdoor physical activity which includes recess, physical education, recreation, and competitive sports:

- Adequate water must be available. If adequate water is not available, physical activity must be modified. During the activity, periodic drinking of water every 15 to 30 minutes should be encouraged.
- Staff and all personnel supervising physical activities, including Youth Services personnel, should observe students during activity periods and modify activities.

Students known to have health problems should be closely observed and their activity modified or restricted.

Strategies for Preventing Heat Stress During the School Day

- A “cool room” should be established for use by students showing early signs of heat stress. This room should provide maximum coolness possible. During excessive heat the “cool room” should be available for use at all times during the school day.
- Hold events indoors with air conditioning when possible. Shade should be made available in outdoor areas.
- Use current medical health history to identify students susceptible to or at high risk for heat related injuries. Students identified as high risk should be removed from participation at a lower Heat Index. These would include:
  - Students with history of previous heat illness
  - Students with current illnesses and/or health sensitive medical conditions
  - Students who have experienced recent injuries

7.17.5 National Weather Service Hazardous Weather Alert Definitions and Procedures

The National Weather Service issues three distinct categories of hazardous weather alerts, covering all manner of weather events. Schools will receive weather alerts via NOAA weather radios or mass media outlets. More information is available in the REF-5435 NOAA Weather Radio All-Hazards Alerts and at https://www.lausd.org/noaa.

Watch - when the risk of hazardous weather has increased significantly, but its occurrence, location or timing is still uncertain. A “watch” is intended to provide enough lead-time to set emergency plans in motion. A watch means that hazardous weather is possible, and schools need to listen for later information and possible warnings. If a weather watch is issued, schools in the affected area should:

- Review the ISSP and confirm staff assignments for emergency positions
- Consider if field trips and extracurricular activities should be adjusted/cancelled
- Review Connect emergency contact lists for staff and students
- Monitor local weather via www.weather.gov and/or a NOAA weather radio
- Inspect the campus for conditions that could cause damage

Advisory - issued when a hazardous weather event is occurring, imminent or likely. Advisories are for less serious conditions than warnings that cause significant inconvenience. If caution is not exercised, conditions could lead to situations that may threaten life or property. If a weather advisory is issued, schools in the affected area should:

- Review the ISSP
- Check emergency supplies
- Consider if extracurricular activities, field trips, and after-school programs should be adjusted/cancelled
- Plan for a modified activity schedule
- Move outdoor equipment out of harm’s way
- Monitor local weather via www.weather.gov and/or a NOAA weather radio

Powered by BoardOnTrack

- Check school site for hazards and exposures that can be mitigated
- Send a Connect message if extracurricular activities may be impacted

Warning - issued when a hazardous weather event is occurring, imminent or likely. A warning means weather conditions pose a threat to life or property. People in the path of the storm need to take protective action. If a weather warning is issued, schools in the affected area should:

- Activate ISSP
- Stage emergency supplies in a location protected from weather
- Send Connect message, update school website, and school social media accounts to notify parents
- Notify Region Operations of actions
- Take proactive steps to protect students and staff
- Cancel activities, field trips, and after-school programs if expedient to do so

ICS Definitions for Schools

Incident Command Team:

Incident Commander - responsible for directing emergency operations

Public Information Officer (PIO) - official spokesperson for an incident

Safety Coordinator - ensures that emergency operations are conducted safely

Planning/Intelligence Lead - responsible for collecting and evaluating information

Operations Lead - responsible for managing all tactical operations at an incident

Logistics Lead - provides all incident support needs, such as, facilities, transportation, communications, supplies/equipment, and food services

Finance/Administration Section Lead - responsible for managing all financial aspects and paperwork of an incident

Emergency Teams:

Triage Team - performs triage and provides medical assistance, ensures supplies are accessible, and evacuates and stages supplies

School Site Crisis Team - provides psychological/emotional support for students and staff

Search and Rescue Team - performs search and rescue operations

Access and Functional Needs Position - ensures the safety of students and adults with access and functional needs during drills and emergencies

Security/Utilities Team - ensures school site security and performs short-term repairs and shutoff of utilities

Fire Suppression/Hazmat Team - extinguishes small fires and evaluates chemical spills

Assembly Area Team - ensures safe evacuation and accounting for all students, staff, and visitors

Request Gate Team - processes requests for student pick-up

Reunion Gate Team - reunites students and parents at Reunion Gate

Supply/Equipment Team - ensures adequate equipment and supplies

Hygiene Team - provides all necessary sanitation-related support

Transportation Support Position - coordinates transportation assets and plans, such as, for an off-site relocation from the school

8. Appendices

Documentation/Communications Position - maintains emergency log, analyzes situation, and updates Incident Commander

Cost/Staff Accounting Position - maintains accurate emergency time records for all site-based and itinerant employees

LAUSD Explosive Device Threat Report

School: _____

Date of Call: _____

Person Receiving Call: _____

Time of Call: _____

Incoming Phone No.:_____

I. REPORT OF PERSON RECEIVING CALL

Keep the caller on the line as long as possible (ask caller to repeat statements, ask more questions) and signal to another person to call police.

Questions for Caller

Ask the caller the following questions and write answers in the spaces below:

Explosive Device Information:

Where is the explosive device? (Get most specific information as possible.)

_____

When is it going to explode?_____

What kind of explosive device is it? _____

What does it look like? _____

Who set the explosive device?_____

Why was the explosive device set?_____

What can we do for you to keep the device from exploding? _____

_____

Caller Information:

What is your name? _____

How old are you? _____

Where do you live? _____

(If voice youthful) Are you making this threat to avoid taking a test/final? _____

Are you a member of a terrorist organization? Which one?

_____

How can you be contacted? _____

Call Characteristics Evaluation Check and describe the noted characteristics in the spaces provided below.

_____

_____

_____

_____

_____

Message Details: (Use the caller's exact language where possible.)

Caller's Voice:

Male_____ | Female _____

Child: Yes / No

Age: _____

Intoxicated:_____

Speech Impairment: _____

Accent: _____

Type: _____

Whispers/inappropriate language:_____

Angry:_____

Foul/Nasal:_____

Educated:_____

Irrational: _____

Incoherent: _____

Voice disguised/Altered: _____

Recorded threat message: _____

Read from script: _____

Is the voice familiar? _____

Who does it sound like? _____

Background Noise:

Music: _____

Babies/Children: _____

Conversation: _____

Playground/School: _____

Airplanes: _____

Traffic:_____

Animals: _____

PA System: _____

Machines: _____

Typing: _____

Other _____

II. REPORT BY PRINCIPAL

Name of school employee contacting police:

Date police contacted: _____

Time: _____

Name of police department call taker: _____

Name of responding officer: _____

Name of responding police agency: _____

Was a search for the explosive device conducted? Yes / No

Details of search: _____

Was a school evacuation conducted? Yes / No

Full evacuation: Yes / No

Partial evacuation: Yes / No

Buildings or areas evacuated: _____

Send one copy of this completed form to the Region Operations Coordinator, send one copy to School Police at wtoffice@laschoolpolice.gov, and keep one copy in school records. Please also upload a copy to the iSTAR submitted on the incident.

Injury Report

Emergency Drill Evaluation Worksheet

All emergency drill evaluations must be submitted at http://emergencydrills.lausd.net. Schools are expected to submit an evaluation after each emergency drill and radio test. **For best results, complete the emergency drill evaluation online using a cell phone during the drill.** Responses may also be entered on this form and then transferred to the online drill evaluation system after the drill using a desktop computer, tablet, or cell phone. Questions with an * require a response.

*School**: _____

*Today's Date**: _____

*First Name**: *Last Name**: _____

*Email Address (use lausd.net)**: _____

1) Drill Type*:

- ☐ Fire
- ☐ Earthquake
- ☐ Lockdown
- ☐ Shelter in place
- ☐ Take cover

2) Select One*:

- ☐ New drill submission
- ☐ Drill resubmission
- ☐ Actual emergency

3) Date Conducted*: _____

4) Time Started*: _____

5) Time Completed (including accounting for everyone)*: _____

6) Alert Type*:

- ☐ Bell/tone
- ☐ PA system
- ☐ Megaphone
- ☐ Whistle
- ☐ Other

7) How many minutes did evacuation take? If no evacuation, respond "0."*:

8) Did everyone on campus participate?*: Yes / No

9) If parents/guardians participated, what were their roles?:

_____

_____

_____

10) How were parents/guardians notified about the drill?*:

- ☐ Letter Sent Home
- ☐ Connect
- ☐ Newsletter
- ☐ Sign at Marquee/Entrance
- ☐ School Website/Calendar
- ☐ No Notification
- ☐ Other:

11) Was an Incident Command Post established?*: Yes / No

12) Did an employee take the School Emergency Response Box to the assembly area/command post?*: Yes / No

13) How was the school's Integrated Safe School Plan (ISSP) used for the drill?* (Mark all that apply):

- ☐ During the planning of the drill
- ☐ During the execution of the drill
- ☐ After the drill
- ☐ Did not use the ISSP

14) Comments regarding the

ISSP:_____

_____

15) Rate each of the below aspects of the drill. Five is the highest.

a) Student performance of emergency procedures*

- 5
- 4
- 3
- 2
- 1
- n/a

b) Employee performance of emergency duties and procedures*

- 5
- 4
- 3
- 2
- 1
- n/a

c) Emergency team(s) performance of duties*

- 5
- 4
- 3
- 2
- 1
- n/a

d) Accounting For everyone*

- 5
- 4
- 3
- 2
- 1
- n/a

e) Alert system*

- 5
- 4
- 3
- 2
- 1
- n/a

16) Did the School Safety Planning Committee and/or Emergency Team Leads debrief after the drill?*: Yes / No

17) List the top lesson learned from this drill and how it will be addressed:

_____

18) What District training support would improve emergency drills and/or preparedness?:

_____

A drill certificate of completion will be emailed upon submitting this evaluation online. Emails containing drill and radio test certificates and response summaries should be archived. Drill certificates should be printed and retained in the emergency drill logbook for proof of compliance during inspections. Questions can be directed to oem@lausd.net or 213-241-3889.

Biological and Chemical Release Response Checklist

School: _____

Location Code: _____

Location of Release: _____

Name: _____

Position: _____

Date: _____

	Check when complete	Notes
Have unexposed students, staff and others been evacuated from area of contamination?		
Have staff, students, or others who came in contact with the area of contamination been isolated and quarantined in a safe and separate location and cleaned their hands with soap and water?		
Have all students and staff been accounted for?		
Has the area of contamination been cordoned off and secured?		
Has the area of contamination been affixed with conspicuous signs reading: “DO NOT ENTER”?		

Have the doors and windows to the area of contamination been closed and locked?		
Have fans and ventilation systems serving the area of contamination been turned off?		
Has the Office of Environmental Health & Safety (Phone # 213-241-3199) been notified?

1.2 Record of Changes

Change Number	Date of Change	Name	Summary of Change

1.3 Overview

National preparedness efforts, including planning, are informed by Presidential Policy Directive (PPD) 8, which was signed by the President in March 2011 and describes the nation's approach to preparedness. This directive represents an evolution in our collective understanding of national preparedness, based on the lessons learned from terrorist attacks, hurricanes, school incidents, and other experiences.

PPD-8 defines preparedness around five mission areas: Prevention, Protection, Mitigation, Response, and Recovery.

Prevention means the capabilities necessary to avoid, deter, or stop an imminent crime or threatened or actual mass casualty incident. Prevention is the action schools take to prevent a threatened or actual incident from occurring.

Protection means the capabilities to secure schools against acts of violence and manmade or natural disasters. Protection focuses on ongoing actions that protect students, teachers, staff, visitors, networks, and property from a threat or hazard and the capabilities necessary to avoid, deter, or stop an imminent crime or threatened or actual mass casualty incident.

Mitigation means the capabilities necessary to eliminate or reduce the loss of life and property damage by lessening the impact of an event or emergency and reducing the likelihood that threats and hazards will happen.

Response means the capabilities necessary to stabilize an emergency once it has already happened or is certain to happen in an unpreventable way; establish a safe and secure environment; save lives and property; and facilitate the transition to recovery.

Recovery means the capabilities necessary to assist schools affected by an event or emergency in restoring the learning environment.

Powered by BoardOnTrack

Recovery planning begins at the preparedness phase of crisis response. The effectiveness of recovery efforts depends on pre-planning and developing partnerships with community agencies that can provide follow-up services as needed. Recovery entails planning for the structural, business/fiscal, academic, psychological, and physical needs of the school community. The goal of social-emotional recovery is to promote coping and resiliency for students, staff, and parents/guardians.

The ongoing recovery phase is designed to assist students, staff, and their families in the healing process and to restore educational operations in school. As the initial effects of a crisis subsides, it is important for the School Site Crisis Team to continue to assess the ongoing effects of the crisis and modify the plan accordingly.

There are short-term and long-term recovery activities to consider in the aftermath of a crisis situation. In the short-term (days to weeks), the school may focus on restoring regular school functions and routines as efficiently and promptly as possible. In the long-term (weeks to months), the school may focus on individuals who require more intensive services and on systemic changes to restore the school's safe and healthy learning environment.

Access BUL-5800 Crisis Preparedness, Response and Recovery for more information.

California law requires that schools develop a comprehensive school safety plan that addresses the safety concerns identified through a systematic planning process and that all school staff be trained on said plan. To assist schools in complying with these requirements, the LAUSD developed the Integrated Safe School Plan as a template for preparing emergency procedures for each LAUSD school. Emergency management teams and procedures outlined in this plan are consistent with the National Incident Management System (NIMS) and the Standardized Emergency Management System (SEMS) developed by the State of California. This plan presents specific procedures using Incident Command System (ICS) principles to prepare for, and respond to school emergencies.

1.4 Goals

As part of the planning process, each LAUSD school reviews school-specific data and identifies several goals for the school year. This year's Integrated Safe School Plan goals are:

People and Programs Goal #1: By June 2026, students that agree or strongly agree with the following statement: "Kids at this school are kind to each other" will increase 5%, from 26% to 29%, as measured by the School Experience Survey.

People and Programs Goal #2: By June 2026, we will reduce chronic absenteeism from 27% to 21% by fostering school pride through community-building events and by creating a welcoming environment led by our PSA Counselor in collaboration with all staff.

Threat / Hazard: Active Shooter / Gunfire

Threat / Hazard Goal: As a school site we will practice a shelter in place/lockdown drill to ensure that students and staff know what to do in case of a threat or emergency.

Emergency Function: Lockdown

Emergency Goal: As a school site we will have an "Lockdown" drill at a minimum of every other month.

1.5 Plan Organization and Concept of Operations

The effective management of emergencies requires both adequate emergency preparedness and emergency response capabilities. This plan is a critical resource to support schools with reaching such adequacy. In order to provide robust emergency and other safety protocols for schools, the District's Office of Emergency Management facilitates an annual, comprehensive review process of all ISSP components, including the online platform contents, in collaboration with over 20 District offices. Staff from these offices review and update the content of the plan, which is also informed by the CA. Education Code and District policy. As needed, new sections of the plan are introduced to ensure greater relevance and comprehensiveness. After all recommended updates are implemented and new programming components are tested, the revised template is provided through the online platform to schools. Each school then updates and creates their specific plan before the October 1 submission deadline every year.

This plan is organized into eight sections:

- Sections 1-2 give a plan overview and cover the mitigation and prevention activities that schools can implement before an emergency.
- Sections 3-4 focus on emergency preparedness, identify the school's emergency response teams, and define the roles and responsibilities of team members.
- Sections 5-6 present laws and other guidance for determining the nature and extent of an emergency, as well as a series of initial response actions to be taken in an emergency.
- Section 7 describes the detailed emergency response procedures that will be used for the many types of emergencies that may be encountered in a school setting.
- Section 8 provides a series of appendices of supplemental emergency information, including contact information and supply lists. Standard forms, site maps and other supporting information are also contained in the appendices.

Powered by BoardOnTrack

2. Plan Development

2.1 School Site Council and School Safety Planning Committee

LAUSD recognizes that everyone, from the administration and staff to the parents and the community, has a role in helping schools create safe environments. The template for the Integrated Safe School Plan is reviewed and updated annually by the District with input from subject matter experts. For all schools receiving Title I funds, the School Site Council (SSC) shall write and develop a comprehensive school safety plan relevant to the needs and resources of that particular school (CA E.C. § 32281) and its composition must comply with CA E.C. § 65000. For all schools not receiving Title I funds, the School Safety Planning Committee will develop the ISSP.

For all schools receiving Title I funds, the SSC may delegate this responsibility to the School Safety Planning Committee made up of members as outlined below (CA E.C. § 32281). This SSC delegation should take place yearly in the spring semester prior to the fall ISSP development. The school should retain the meeting minutes, agenda, and meeting sign-in and/or Zoom usage report indicating that this action was taken by the SSC in the spring semester. If the SSC delegates this responsibility or this school does not receive Title I funds, the School Safety Planning Committee is responsible for writing, implementing, monitoring, and evaluating the comprehensive, integrated plan based on the District template and unique to the school's safety needs. If the authority is not delegated to the School Safety Planning Committee, then the SSC shall develop the ISSP in the fall by October 1.

The School Safety Planning Committee, if the SSC delegates to this body or this school does not receive Title I funds, or the School Site Council should present the updated ISSP at a public meeting at the school site and include discussion and space on the agenda for the public to offer comments (CA E.C. § 32288). At schools receiving Title I funding, the School Safety Planning Committee, if the SSC delegates to this body, should also present the ISSP to the SSC by December. Approval from the SSC is not necessary since the ISSP is a pre-approved District template and the SSC delegated authority to the School Safety Planning Committee. The School Safety Planning Committee, or SSC if the committee does not exist, should notify, in writing, the following persons and entities, if available, of the public meeting to be held to review the updated ISSP: local officials; representative of the local school employee organization; representative of each parent organization at the school site, including the parent teacher association and parent teacher clubs; representative of each teacher organization at the school site; representative of the student body government; and all persons who have indicated they want to be notified (CA E.C. § 32288). **Note that the District will fulfill the requirement on behalf of all schools of notifying the local mayor.**

The uploaded document should include a dated meeting agenda and supporting documents and communications. The District shares the school’s ISSP with local first responder agencies as

per CA E.C. § 32281 and the school should make every effort to engage local first responders in preparedness and other activities that enhance emergency response.

District employees must be aware of and comply with District, state, and federal safety policies.

Schools will complete **one** of the two below tables, SSC or School Safety Planning Committee, to identify the members who developed the ISSP.

School Site Council (SSC)- Only applies to schools receiving Title I funds and whose SSC did not delegate authority to the School Safety Planning Committee

Note: The composition of the SSC must comply with CA E.C. § 65000. If necessary, please add fields for School Site Council members based on the composition of your School Site Council for this year.

2.2 Mitigation and Preparation

To effectively prepare for emergencies, a series of assessments are presented in this section regarding mitigation and preparation.

2.3 School Safety Planning Committee/School Site Council Checklist

The principal should ensure the following:

- ☐ If the School Site Council delegates to the School Safety Planning Committee, this committee is established and contains a broad representation of all stakeholder groups (students, parents, staff, and community).
- ☐ Schedule and publish the meeting dates for School Safety Planning Committee or the School Site Council.
- ☐ Send out a survey to staff to ascertain who has the training, skills, interest, and aptitude for each assignment in the Integrated Safe School Plan. Access lausd.org/ISSP and check the "Resources" section for the School Emergency Team Skills Survey.
- ☐ Assign staff to emergency roles in the Integrated Safe School Plan (ISSP) based on the results of the survey, recommendations from the School Safety Planning Committee or School Site Council if the SSC did not delegate ISSP authority, and consultation with the principal.
- ☐ If practical, the School Safety Planning Committee, or School Site Council if the SSC did not delegate ISSP authority, consults, cooperates and coordinates with other school site councils or school safety planning committees (CA E.C. § 32282).
- ☐ Prior to adoption, the revised ISSP is reviewed and discussed by the School Safety Planning Committee or School Site Council if the SSC did not delegate ISSP authority, and the administrative staff.
- ☐ A current copy of the ISSP (redacting sensitive information such as all school maps) is available for public review in the Main Office (CA E.C. § 32282). To maintain confidentiality and integrity of the ISSP, copies are not provided to the public or posted online. Additional copies are in the emergency bin and School Emergency Response Box (SERB). (See Subsection 3.17 Emergency Supplies and Equipment for some details regarding the SERB.)
- ☐ Staff members are made aware of how to access the Integrated Safe School Plan online (http://issp.lausd.net), their emergency roles in the plan, and how to print it.
- ☐ All employees are reminded of their role and responsibilities as disaster service workers. (See Section 5.)
- ☐ Verification of the ISSP public meeting is on file at the school, is uploaded into the online ISSP, and includes the meeting announcement, meeting agenda reflecting space for the public to offer comments, and sign-in sheet.
- ☐ The ISSP is evaluated and amended as needed by the School Safety Planning Committee, or School Site Council if the SSC did not delegate ISSP authority, no less than once a year to ensure that the comprehensive school safety plan is properly implemented [CA E.C. §

32282].

- [ ] Check all emergency supplies in the emergency bin, Health Office, classrooms, and School Emergency Response Box. Check for expired or obsolete supplies. Order replacement supplies from the LAUSD Stores Warehouse. Note that each year you will need to certify through the online Administrator Certification process (as described in the current version of MEM-6128.13 Administrator Certification Online System 2023-2024 for School Sites and Offices) that the school's emergency bin is stocked in adequate amounts, organized, in good working order, and within applicable expiration guidelines.
- [ ] Establish a Continuity of Service Plan (also known as a Continuity of Operations Plan). Which functions are essential? Which functions must be conducted on site? Who will replace critical staff if they are absent for a prolonged period of time? Make sure the replacement staff has keys and job descriptions for their new duties. For the school continuity plan template, see the Office of Emergency Management web site: Essential Functions for Continuity of Service at School.
- [ ] Check all school radios and contact the ITD Radio Unit at (323) 224-2411 with any functionality issues. Visit https://www.lausd.org/radiounit for additional radio information.
- [ ] Have faculty identify their neighboring classroom "buddy" to mutually check on during an evacuation. Create a list to make sure no one is omitted.
- [ ] Create/update the staff cell phone contact list and add it to the ISSP appendices.
- [ ] Check your school's emergency contact phone list of District offices and support personnel to make sure it is current and accurate, supplementing the Emergency Contacts appendix and the Additional Contacts data in Step 4 of the online ISSP.
- [ ] Schedule all emergency drills on the school's master calendar, checking the drill calendar at 2025-26 SY Emergency Drill Calendar.
- [ ] Ensure that the school's emergency response box contains current and accurate information.
- [ ] Review the school's emergency response procedures with clerical, custodial, and support staff. Make sure they are prepared, understand their roles and have the supplies they need.
- [ ] Review the school's emergency response procedures with Beyond the Bell, L.A.'s Best, Youth Services, and any other before or after-school staff. Make sure they are prepared and know how to respond to an emergency. Make sure they have access to any and all emergency supplies. Print copies of the ISSP and all contact lists for them.
- [ ] Direct staff to https://www.lausd.org/steps for online emergency training information. Administrators can also use the STEPS website to access online Emergency Management classes from Federal Emergency Management Agency (FEMA).
- [ ] Conduct a Vulnerability Assessment using the template provided on the Office of Emergency Management website. Take STEPS class 406, "Conducting a Vulnerability

Powered by BoardOnTrack

Assessment," to learn more.

Powered by BoardOnTrack

2.4 Plant Inspections

Plant inspections are critical to ensuring that all schools are clean, secured, all paths of egress are open and well-lit and are essential to the safety and well-being of all students and employees of the Los Angeles Unified School District.

Plant Inspections

- ☐ Walk-through will be performed on a biannual basis by the principal and plant manager to identify any unsafe conditions.
- ☐ Emergency routes and paths of travel used to and from assembly areas shall be inspected for ADA compliance.
- ☐ Within a month of the start of the new school year, the School Safety Planning Committee will review the walk-through. A timeline for completion of necessary corrections will be reviewed and assessed monthly.
- ☐ ESCARZAGA, JAIME will be responsible for inspecting the campus regularly for the following conditions:
    - All non-structural hazards in classrooms and other sites where students are served. These hazards may include: improper chemical storage; unsecured objects on high shelves; trees or shrubs that require pruning; trip hazards; exposed nails, screws or bolts; equipment in need of repair, or any other condition that could constitute a hazard (See the Common Safety Violations in School Classrooms guide).
    - Damaged fencing.
    - Playground facilities and equipment hazards.
    - Non-functioning lighting fixtures and burnt-out bulbs.
    - Non-functioning heating and ventilation.

Powered by BoardOnTrack

2.5 Hazards in the Community – Vulnerability Assessment

An LAUSD Vulnerability Assessment for schools to self-evaluate hazards on and off-campus is available to schools on the Administrators Corner of the OEM website and is designed to be completed by the School Safety Planning Committee or School Site Council if the SSC did not delegate ISSP authority. Completing this assessment provides additional information that will help the committee create a robust and informed Integrated Safe School Plan.

School administration should be aware of potential environmental concerns in the community that can impact the school during an emergency. For example, knowing the location of a nearby facility that uses toxic chemicals will assist in planning evacuation routes. The LAUSD Office of Environmental Health and Safety (OEHS) periodically conducts surveys to identify potential environmental concerns near schools. Site Administrators can access school specific surveys here. Maps are currently being created to identify where the hazards are located in relation to the school campus. The maps will be uploaded as they are completed. To search for a school's survey, click the "Select a School" button below and type the school name in the search box or select the school from the drop-down list. Note potential environmental concerns near the campus, include:

- Facilities containing toxic chemicals or radioactive materials
- High voltage power lines and transformers
- Transportation routes of vehicles carrying hazardous materials (truck routes or railroad right–of–way)
- Underground gas or oil pipelines
    - Schools with pipelines may also be notified by the pipeline operator who can provide additional guidance and safety measures.
- Water towers or tanks
- Unique site-specific considerations

Site administrators can meet with an LASPD officer and walk the neighborhood to be familiar with potential hazards in the community that could impact the school. These findings can be recorded on Form A - Emergency Hazard Assessment Summary.

Site administrators should visit the CalEPA website and insert the address of their school to see a list of environmentally regulated sites and facilities near their campus. The website provides an overview of regulated activities of environmental programs in California. These activities include hazardous materials and waste, state, and federal cleanups, impacted ground and surface waters, and toxic materials. Site administrators should print out the map of their school community that shows the exact location of these facilities. These sites may also be listed on OEHS' potential environmental concerns survey under CalEPA Regulated Sites of Concern within 500 ft (see above).

The map should be retained with the Integrated Safe School Plan and be a reference during emergencies and evacuations.

Federal Emergency Management Agency (FEMA) offers a comprehensive, multiple-natural hazard-based, community-level risk index which is searchable by neighborhood. Coastal flooding, earthquake, hail, heat wave, landslide, lightning, strong wind, tsunami, and wildfire are among the 18 natural hazards included.

The database can be accessed here. This index takes into consideration the risk level of experiencing the natural hazards; population vulnerability based on factors such as, age, income and living conditions cross-referenced with available community resources such as, hospitals and fire stations; and historical data on natural disasters.

2.6 Preparation and Mitigation for Students with Disabilities

Additional information is available in the MyPLN STEPS courses 210 and 410.

Addressing Concerns: As per CA E. C. § 32282, after review by a school employee, a pupil's parent, guardian, or educational rights holder, or a pupil, any concern about appropriate adaptations and a pupil's ability to access disaster safety procedures described in this plan should be directed to the school principal.

Procedures are outlined in Attachment A of REF-5511 Completing and Updating the Integrated Safe School Plan.

School staff members need to be aware of adaptations/accommodations for students with whom they work. Schools are required to establish adaptations/accommodations for students and employees with disabilities to ensure safety and implementation of any necessary documentation during any emergency (CA E. C. § 32282). In collaboration with appropriate staff, the School Safety Planning Committee or School Site Council, if the SSC did not delegate ISSP authority, should consider what additional steps and resources the school will use for students and adults with access and functional needs, disabilities, and other special needs. All emergency planning and preparation must consider the requirements of students with disabilities and other specific needs. Some students may need additional assistance during an emergency. It is crucial to prepare for the needs of these students and provide the necessary materials, resources, and personnel. Specific needs can be categorized into several, general groups:

- Mobility
- Visual
- Hearing
- Communication
- Cognitive
- Special Healthcare Needs
- Behavioral

Powered by BoardOnTrack

The needs of students must be analyzed to accommodate student needs during emergencies, including procedures for emergency notification, evacuation, and sheltering.

Employees who will assist students with disabilities need to be identified before the emergency, and practice techniques for assisting these students. Staff will need to understand the capabilities and limitations of the population that they support during emergency situations. They should rehearse their role at every emergency drill so that they and the student they assist will have familiarity with the process. Participating in all emergency drills enables the students with disabilities and the employees who assist them to become familiar with one another and address any concerns before an emergency occurs.

An administrator/designee shall be identified as the primary contact for ensuring adaptations for students and others on campus with disabilities are considered throughout the ongoing development of the plan. FLORES, ANGELICA This administrator and an alternate comprise the Access and Functional Needs Position (see Section 3.6).

Identification of Students with Disabilities

The School Safety Planning Committee or the School Site Council, if the SSC did not delegate ISSP authority, and other stakeholders should compile a list of students with specific needs. The list should include students with temporary physical challenges as well as students with injuries or needs that may not qualify for special education services, but who will need additional assistance during or immediately after an emergency. Knowing the most fragile and dependent members of the school population will allow the school to prepare for the challenges and be successful during an emergency.

Information about students with disabilities who need adaptations or accommodations for disaster procedures can be gathered from many sources, including:

- School Nurse/Health Care Assistants
- Parents
- Teachers/Related Service Providers
- Paraprofessionals
- Special Education Personnel
- LRE Counselors
- Students
- 504 Plans
- 504 Designees
- Counselors
- Meeting Documents/Data [e.g., Student Success Progress Team (SSPT), Interim Behavior Response Plan (IBRP), Safety Plan]

The list of students with disabilities who need accommodations or adaptations for disaster procedures can be entered in the "Alerts" module (under the student's Record Navigator) of the Welligent system that stores LAUSD student medical condition information. Specific

Powered by BoardOnTrack

equipment and supplies needed to care for each student should be listed there as well. Periodically, the site administrator can print out an updated list. Details on using the “Alerts” module in Welligent are in the online MyPLN course STEPS.

The Administrator/Designee for Access and Functional Needs should ensure that all students who have specific emergency needs have been identified and that the list of these students and their needs are available in the School Emergency Response Box (see REF-5450 School Emergency Response Boxes). Before an emergency occurs, this list should be shared with the Operations Section Lead, who oversees the Search and Rescue Teams and the Triage Teams. Both teams need to know the names and adaptations/accommodations in place for these students, as it directly impacts the response actions of those teams. This information should be shared with the Logistics Section Lead to ensure that needed supplies are available (e.g., diapers, wheelchair, specialized equipment). The Logistics Section should also be aware of the approximate number of individuals with adaptations/accommodations for disaster procedures, in the event that they need to order resources (e.g., buses). The following items should be stored in the School Emergency Response Box in folders marked “Confidential”:

- Class schedules for students with disabilities who have adaptations/accommodations for disaster procedures, so that Search and Rescue Teams will know where to look for students.
- Emergency contact information for each identified student.
- Welligent (Student Face Sheet) printouts for students with disabilities who have adaptations/accommodations for disaster procedures who may require special or additional support from the Search and Rescue and Triage Teams.

The leaders of the Search and Rescue Teams, Triage Team, and the Logistics Team should know where to get copies of these items during an emergency so that their sections can adequately address the needs of students with specific emergency needs.

Emergency Notification for Students with Disabilities with Adaptations/Accommodations for Disaster Procedures

Administration must ensure that emergency notification systems at the school site are functional for all students in all locations on campus. Conduct regular emergency drills that incorporate emergency notification systems, such as the fire alarm system and PA system, into all emergency drills to test the system and identify any non-functional elements. Drilling with the school’s emergency notification systems also creates familiarity with the sounds and lights associated with emergencies for students with disabilities who have adaptations/accommodations for disaster procedure. Supplemental online alarm systems training courses STEPS 411 and 418 are offered through MyPLN.

The Administrator/Designee for Access and Functional Needs should ensure the following are in place:

Powered by BoardOnTrack

- All students are familiar with the sound of emergency alert systems, as well as the location of alarms and lights.
- All students, including students with communication challenges, are aware of the procedures used to report an emergency.
- All students, as appropriate for their age and ability, know the emergency actions to take associated with each emergency alert system or emergency PA announcement.
- Appropriate alternate emergency notification systems should be in place for students who cannot hear, including alternatives to emergency PA announcements (such as a lockdown).

Administration should make sure that all alarm systems, PA systems, and telephone systems are functional as part of the regular campus inspection process. Back-up plans, such as a cell phone list, should note individuals with adaptations/accommodations for disaster procedures.

Evacuation Concerns for Students with Adaptations/Accommodations for Disaster Procedures

As part of their planning process, schools will need to consider how they will assist students who cannot evacuate the building on their own, including students who cannot walk down a flight of stairs. In almost all situations, students can be assisted with a special evacuation device or carried down by two to four adults on the Search and Rescue Team. All multiple-story schools have been trained on how to operate an Evac+ Chair and have at least one device on campus. If you need additional support, contact the Office of Emergency Management at oem@lausd.net. Rescue technique training is available online through MyPLN course STEPS 210.

On an ordinary school day, students with mobility issues attend classes on the upper floors of buildings and use the elevator to travel from one floor to another. If there is an emergency that includes a power failure or activation of the fire alarm system, the elevator will not function, and these students will need assistance getting to the ground floor. These students will also need assistance after an earthquake, as elevators should not be used. In addition, disaster debris or damage may be disorienting to others who normally use the stairs, such as students who are blind or have visual impairments. Relocating students from upstairs classrooms with significant evacuation challenges to the ground floor should be considered for student safety.

Teachers are to use the ‘buddy system’ during evacuation, so that one teacher can take two or more classes to the Assembly Area, while the second teacher or designated adult assists or waits with students who cannot evacuate on their own.

During an emergency, Search and Rescue Teams may need to rescue students who are trapped and cannot evacuate the building on their own accord. As they search buildings, the Search and Rescue Teams need to check for any students who cannot walk down a flight of stairs.

To make sure that these students, identified assistants, and Search and Rescue Team members are familiar with each other, all students must take part in campus emergency drills. It will only be through practice that team members become familiar with the students and will be able to

implement adaptations/accommodations for disaster procedures. Drills should also pose a variety of challenges to practice, such as blocked stairways and compromised access to direct exits, so that students and staff learn alternate routes to the Assembly Area. Information is available in the REF-5803 Emergency Procedures, Drills and Districtwide Exercises.

All students with disabilities who have adaptations/accommodations for disaster procedures must be identified and know:

- Their accessible evacuation routes (to the Assembly Area, as well as off-site)
- What route they will take for both building evacuation (to the On-Site Assembly Area) and Off-Site relocation
- For building evacuation to the On-Site Assembly Area, alternate routes can be established to ensure accessible, safe, and efficient evacuation for individuals with access and functional needs (Note that all students/staff should use the same route, which should be accessible to all, for off-site relocation.)
- Who will assist them during an emergency
- How they will be assisted/rescued during an emergency
- Where students should wait, only if necessary and if there is a designated location
- What equipment will be used (e.g., Rescue-Seat, Evac+ Chair)
- Where assistive evacuation equipment is kept

All staff members responsible for assisting students during evacuations should be familiar with the evacuation buddy system and applicable assistive rescue devices and techniques.

A critical part of daily campus inspections is making sure that all access to the Assembly Area is open. All doors and exits should be open and work the way they were designed. Paved surfaces should be free of any obstruction. Blockages that are easily maneuvered by many can become overwhelming impediments to people with mobility challenges. All routes should be inspected to make sure they will service everyone on campus. This is especially true around construction sites, holiday decorations, and inclement weather.

Any person using a wheelchair who can travel without additional assistance proceeds directly to the school site Assembly Area. This school's specific plans for evacuation assistance includes:

Emergency chairs available

Preparing to Shelter and Care for Students with Disabilities Who Have Adaptations/Accommodations for Disaster Procedures

Once students with disabilities with related accommodations have been evacuated from the building, schools should take steps to maintain their physical and emotional safety until they can be reunited with a custodial adult.

Before an emergency, identify what specific supplies or materials are needed to provide ongoing care for students with healthcare needs. The greater the student's needs, the more supplies that may need to be stored for emergency use.

School staff can create a backpack “go kit” with the necessary supplies and tag it with the student’s name. The backpack should contain all materials needed to support that student, as well as any documentation that may be needed by first responders or outside support agencies such as paramedics or hospitals. The bag can be stored in the classroom with the teacher or in the emergency bin if none of the supplies can be damaged by heat. Whenever the students evacuate the building, classroom employees must bring the backpacks with them. The school’s specific plans for disaster assistance for students with specific needs includes:

NA

For more tips and information on supporting students with access and functional needs, access LAUSD Emergency Preparedness for Students with Disabilities Tips and Checklist.

2.7 Public Disaster Shelters

Public disaster shelters are managed by the American Red Cross (Red Cross), and all shelter operations are coordinated through the Office of Emergency Management (OEM) in adherence to pre-established agreements. Any requests from the Red Cross for shelters should be directed to OEM at 213-241-3889 or the LASPD Watch Command at 213-625-6631 prior to any agreement being made to use a school as a shelter. More information is available in BUL-6084 LAUSD Use of School Facilities in an Emergency or Disaster Situation.

2.8 Assessments

The school ensures that appropriate stakeholders participate in the annual self-assessment process.

Twelve self-assessments are completed online as part of Step 2 of the Integrated Safe School Plan process. They contain critical elements of safe and healthy school planning that must be completed for compliance with federal law, state law, and District policy and procedures. Results can be used to further facilitate the development of the school’s ISSP and enhance overall health and safety at the school.

The most successful assessments are conducted by a broad array of individuals at a school, including support staff and first responders. Students and parents, including students and parents with disabilities, or access and functional needs, should be included to the maximum extent appropriate. These individuals will reflect on the school’s practices, progress and challenges based on the prior year’s data to complete the assessments.

2.8.1 Health and Nutrition

Health services are provided by a school nurse to meet the health needs of students consistent with applicable state and federal laws. The school ensures access to medications, special diets, treatments, and emergency care consistent with law and District policy.

Responding to an Individual Experiencing a Sudden Cardiac Arrest or a Similar Life-Threatening Medical Emergency While on School Grounds

2. Plan Development

Sudden Cardiac Arrest (SCA) is the sudden, unexpected loss of heart function, breathing, and consciousness. SCA usually results from an electrical disturbance in the heart that disrupts its pumping action, stopping blood flow to the rest of the body. SCA is a medical emergency. If not treated immediately, it causes sudden cardiac death. The treatment of SCA is an immediate shock to the heart using an Automated External Defibrillator (AED) that may stop the fatal rhythm and allo'w a normal heart rhythm to return, along with the performance of cardio-pulmonary resuscitation (CPR). And as with any other serious injury or illness where life-threatening situations are suspected:

- Phone 9-1-1
- Notify the school administrator, school nurse, and the parent/legal guardian

If there is an interest to take an American Heart Association CPR/AED and/or First Aid course to become certified, click on the link below for more information and registration.

Acquisition and Use of an Automated External Defibrillator (AED)

For more details, access BUL-4480 Policy and Procedure for the Acquisition and Use of Automated External Defibrillators (AEDs).

The CA Health and Safety Code § 1797.196 (c) states when an AED is placed in a public or private K-12 school, the principal shall ensure that the school administrators and staff annually receive information that describes sudden cardiac arrest, the school's emergency response plan, and the proper use of the AED. The principal shall also ensure that instructions, in no less than 14-point type, on how to use the AED are posted next to every AED. The principal shall, at least annually, notify school employees as to the location of all AED units on campus.

CA E.C. § 35179.6 (b) states commencing July 1, 2019, if a school district or charter school elect to offer any interscholastic athletic program, the school district or the charter school shall acquire at least one AED for each school within the school district or the charter school. The school district or the charter school is encouraged to ensure that the AED or AEDs are available for the purpose of rendering emergency care or treatment within a recommended three to five minutes of sudden cardiac arrest to pupils, spectators, and any other individuals in attendance at the athletic programs on campus activities or events and shall ensure that the AED or AEDs are available to athletic trainers and coaches and authorized persons at these activities or events.

Responsibilities of the Administrator:

As described in BUL-4480 Policy and Procedure for the Acquisition and Use of Automated External Defibrillators (AEDs).

- Ensure that all school staff annually receive information on the following:

  - The school's CPR/AED Emergency Response Site Plan and AEDs' Placement, (the device's physical location on campus or in administrative office); and that the Site Plans are completed each year by October 15 (Attachment A).
  - AED Program Tri-Fold Information Pamphlet (Attachment B).
- Ensure that the use instructions and appropriate signage are posted next to every AED. AED signage must be visible with clear instructions that are no less than 14-point type (Attachment C).

Ensure that the following occur:

- Perform equipment maintenance of AEDs' essential supplies batteries and electrode pads, including spare batteries and electrode pads; and first responder kits.
- Complete mandatory readiness check test on each AED assigned to the school or administrative office on the 1st through 10th of every month in District's Vendor platform.
- Monitor AED Wi-Fi connection status and check device expiration dates periodically.
- Report any irregularities, (i.e., chronic malfunction, damage or theft) to the Branch.

Action items above include but are not limited to the following:

a. Report AED maintenance checks on the District-approved online platform via online login (Attachment D) or QR Code Scan (Attachment E).
b. Reorder outdated or damaged AED equipment supplies, as necessary.
c. Allow school site employees the opportunity to obtain CPR/AED certification that complies with the regulations adopted by the California Emergency Medical Services
    a. Authority (EMSA) and standards of the American Heart Association (AHA) or the
    b. American Red Cross (ARC).
d. Designate volunteer emergency site responders as described in BUL-4480 Policy and Procedure for the Acquisition and Use of Automated External Defibrillators (AEDs) and maintain responder training records on the cloud-based device management system (Attachment F) and CPR/AED Emergency Response Site Plan form (Attachment A).
e. Report the AED usage event on the cloud-based device management system and complete both the Incident Report in the Confidential Report of AED Incident Response form (Attachment I) and the Incident System Tracking Accountability Report (iSTAR). Additionally, comply with post-usage event processes from the District-approved vendor.
f. Comply with District-approved Vendor's platform AED post-usage event process; and execute the Branch's AED post-usage event instructions.

Requirements when administering CPR and the use of an AED:

1. Call 911.
2. Call parent/guardian/emergency contacts.

Powered by BoardOnTrack

3. Ensure that the individual who received CPR and the application of the AED is transported in an emergency vehicle to a hospital for further treatment and observation.

Administration of Naloxone (Narcan)/Protocol for Opioid Overdose Treatment

CA E.C. § 49414.3 authorizes school districts to:

- Provide emergency naloxone or another opioid antagonist to school nurses or trained personnel who have volunteered.
- Use naloxone or another opioid antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering from an opioid overdose.
- Designate one or more volunteers to receive initial and annual refresher training, based on standards regarding the storage and emergency use of naloxone or another opioid antagonist from the school nurse or other qualified person designated by an authorizing physician and surgeon.

Based on this authorization, LAUSD nurses and other designated personnel will have access to and training in the use of naloxone (Narcan). At this time, LAUSD provides staff training through MyPLN with completion certificates filed within each employee's personnel file. Further supplemental training is also conducted by a credentialed school nurse.

Responsibilities of the Administrator:

- Review the information contained in BUL-133120 Administration of Naloxone (Narcan) Nasal Spray.
- Discuss the naloxone nasal spray and reporting policy with employees, and parents/guardians.
- Ensure that school nurses, designated staff, school police (LASPD), local police, and other emergency responders (fire department or LAFD or 911-deployed responders), can access naloxone supply when needed.
- Maintain an annually updated Naloxone (Narcan) Emergency Response Site Plan on the premises where the naloxone nasal spray is stored. This plan shall be accessible to Emergency Personnel, such as school nurses, designated staff, school police (LASPD), local police and other emergency responders (fire department or, 911-deployed responders).
- Ensure confidentiality of all naloxone nasal spray uses and its reports.
- Report all instances of naloxone nasal spray usage by completing an iSTAR.
- Treat the report of naloxone administration as a confidential report for use by LAUSD attorneys and the Office of Risk Management. No copies of the report shall be furnished to anyone including employees, students, or parents without permission from the Office of the General Counsel.
- Ensure proper procedures correlating to the storage, restocking, and emergency use of naloxone nasal spray as an opioid antagonist are being followed.

Powered by BoardOnTrack

- Coordinate with designated staff to keep the naloxone and monthly checklists stored in a secure location.
- All schools must maintain records for seven (7) years.

Requirements when Administering naloxone (Narcan):

1. Call 911.
2. Call parent/guardian/emergency contacts.
3. Ensure that the individual who received naloxone is transported in an emergency vehicle to a hospital for further treatment and observation.

Access to and Administration of Epinephrine

For more details including the administration of epinephrine, please access BUL-114500 Administration of Epinephrine Auto-Injectors.

The CA E.C. § 49414 requires school districts to provide emergency epinephrine auto-injectors to school nurses, or trained personnel who have volunteered, to provide emergency medical aid to persons suffering or reasonably believed to be suffering from an anaphylactic reaction. The intent is to protect not only persons with previously diagnosed allergies, but also persons who do not know they are allergic and who therefore may not have been prescribed epinephrine. In addition, Section 49414 requires a school district, county office of education, or charter school to annually distribute a notice and description of volunteer training.

In the event of a major disaster which requires evacuation, it is recommended that the emergency epinephrine auto-injectors be transported to the First Aid Station and turned over to the designated lead of the First Aid Station.

Food Services

School menus, Café-LA programs, and other pertinent food services and nutritional information can be found on the Food Services Division website at https://lausd.org/cafela.

Under California's Universal Meals Program, every school must serve breakfast and lunch daily without exception, including minimum and shortened days. 20-minute meal period for students to access and consume their meals is a state, federal, and School Board requirement. Schools that have an after-school program offer healthy snacks or supper meals provided by the Food Services Division.

For more information, access Board Resolution "Improving Food and Nutrition Policy," December 11, 2012.

Powered by BoardOnTrack

2.8.2 Positive Safe School Environment

2.8.2.1 Reporting and Notifications

Suspected Child Abuse and Neglect Reporting Requirements

Administrator Responsibilities:

- Review child abuse reporting policies with all employees twice a year (e.g., beginning of each semester), and assist or designate another administrator to assist employees seeking assistance in meeting their mandated child abuse reporting responsibilities.
- An employee who successfully completes the Child Abuse Awareness Training (CAAT) training will have certified the Employee Acknowledgement, and the supervisor may maintain a file of CAAT training completion certificates but is not required to do so. Additionally, while not mandatory, an administrator may request that employees under their supervision annually sign the Employee Acknowledgement of Suspected Child Abuse Reporting District Policy and Legal Requirements in the BUL-1347 Child Abuse and Neglect Reporting Requirements.
- Ensure all employees are auto enrolled and have completed the annual fall online CAAT and passed the assessment by the September due date of each school year.

Employee Responsibilities:

- Review and pass the online CAAT.
- An employee suspecting child abuse or neglect must file a Suspected Child Abuse Report (SCAR):

  A. If the employee has an emergent (urgent) SCAR to make (e.g., immediate risk of abuse, neglect, or exploitation or that the child is in imminent danger of harm or death), the employee must: (1) telephone report immediately or as soon as practically possible to a child protective agency; and (2) file a written report with the same agency within 36 hours of receiving the incident information.

  B. If the employee has a non-emergent (urgent) SCAR to make (e.g., non-life threatening and non-emergency), the employee has an option to report to the Department of Children and Family Services (DCFS) by immediately or as soon as practically possible using the one-step online Child Abuse Reporting Electronic System (CARES) offered by the DCFS: https://reportchildabusela.org.
- The employee reporting suspected child abuse should not attempt to verify the suspicion or prove that abuse or neglect has occurred.
- Investigation (questioning witnesses, obtaining written statements), notification (family, alleged perpetrator), counseling, and family intervention are the responsibilities of the child protective agency.

The employee must know the requirements to report known or suspected instances of child abuse and neglect and comply with such requirements. The employee must view the CAAT

Powered by BoardOnTrack

training, pass the CAAT assessment, and get their-training completion certificate. Summary guidelines for Child Abuse and Neglect Reporting:

- Reportable victims include persons under the age of 18.
- Child abuse includes physical abuse, sexual abuse, neglect, willful cruelty, unjustifiable punishment, life endangerment, mental suffering, and emotional abuse.
- If a District employee reasonably suspects child abuse or neglect, a report must be made immediately or as soon as practically possible and should not be delayed until the end of the school day. School procedures may not require the reporter to disclose their identity to school personnel prior to or after making a report.
- A child abuse report should only be made to one child protective agency (e.g., DFCS, law enforcement agency). School Police is not a child protective agency, and reports made to School Police are not a means of complying with the law.
- Child abuse reports are confidential.
- The law enforcement officer or DCFS social worker, who are Child Protective Services Agency representatives for this purpose, who receive a report of suspected child abuse or neglect determine the course of action and have specific legal authority and responsibilities. The official may interview school personnel as part of the investigation and may take the alleged child victim into protective custody.
- Any person mandated by the California Penal Code who fails to report any instance of child abuse, which they know or reasonably suspect to exist, may incur criminal, civil, and/or professional liability.
- No employee mandated under the provisions of the California Penal Code shall be civilly or criminally liable for reporting suspected child abuse or neglect in good faith.

Note: See BUL-2449.0 for reporting procedures for suspected abuse or neglect involving potential victims who are 18 years of age or older and who are dependent upon others for care.

Incident Reporting

Responsibilities of the Administrator:

- Inform all staff of the reporting/notification process.
- Identify and manage the users who have access to the online iSTAR system.
- Report all incidents using the iSTAR System. Reports should be timely and thorough.
- Follow incident reporting procedures in BUL-5269 Incident System Tracking Accountability Report (iSTAR).
- Report incidents also to Region Operations for appropriate follow-up.
- Regularly review incident reports for trends, particularly those incidents involving crimes, to identify and implement prevention strategies.

Incident Reporting Guidelines:

Powered by BoardOnTrack

An iSTAR is to be completed when there is an interruption to the operational and/ or instructional activities, such as but not limited to the following types of incidents:

- Any threat, including explosive device and terrorist threats, to the school, individual student, or staff.
- Student or staff member injured or missing.
- An assault or battery on a staff member.
- Serious infraction by a staff member.
- Any event involving police or fire departments.
- Life-threatening incidents and safety hazards.
- Serious campus disturbances (major fight, demonstration).
- Natural disaster.
- Evacuations, lockdowns, shelter in place actions.
- Utility outage.
- Construction problem preventing access.
- Unplanned media or social media coverage.
- Harassment/discrimination.

The Los Angeles Schools Anonymous Reporting (LASAR)

The Los Angeles Schools Anonymous Reporting (LASAR) mobile app is designed to report non-emergency incidents anonymously. It is available for free download in the Apple and Android app Stores. School community members may report school related incidents involving:

- Threats of planned school attacks/violence
- Drugs
- Mental health crisis/self-harm
- School/Safety threat
- Weapons/Dangerous objects
- Property damage/vandalism
- Suspicious/criminal activity
- Human Trafficking

LASAR is operated by the Los Angeles School Police Department. It is an App for students, parents/legal guardians, and the public to report non-emergency incidents or crimes that may impact school safety. Emergencies or safety concerns that are actively occurring, should be reported to 911 or the Los Angeles School Police Communications Center at (213) 625-6631.

Emergency Alert Mobile App

Designed for District staff to notify LASPD and the site administrator, in real-time, in the event of an active assailant situation on school premises. The app is designed to work only within LA Unified school and office locations and automatically identifies the school/office location when

Powered by BoardOnTrack

the emergency alert is triggered. This app is available for free download in the Apple and Android App Stores.

Notification in Parent-Student Handbook

Responsibilities of the Administrator:

- Discuss the contents of the *Parent-Student Handbook* with all staff members.
- Require that each parent/student return a signed receipt indicating that they have received and read the *Parent-Student Handbook*.
- Implement a school-site system for collecting and maintaining a signed return receipt from each parent/student.

2.8.2.2 Campus Security

Student and Employee Security

Suggested options for perimeter gate access during a Rapid Relocation, as well as Rapid Relocation procedures, are provided in BUL-5469 Lockdown and Rapid Relocation Procedures for all Schools. Also, see Section 6.8 Rapid Relocation of this plan.

Responsibilities of the Administrator:

- Assess and respond to reports of any dangerous, violent, or unlawful activity that is being conducted at the school, at an activity sponsored by the school, or on a school bus serving the school. This response includes immediately notifying School Police at (213) 625-6631 or the local law enforcement agency.
- Review the information contained in BUL-5721 Student and Employee Security, with the students and staff at the school.
- Assign custodial personnel to check the campus for loiterers and trespassers, especially restroom areas, when opening and closing the building and grounds.
- Call School Police at (213) 625-6631 when assistance is needed on or adjacent to the campus.
- Develop classroom-to-office emergency communication plans in the event that regular means of communication are unavailable.
- Support the implementation of a neighborhood school-watch program. Request residents to report any unusual activities on campus to the principal during regular business hours and to School Police or the local law enforcement agency during nights, weekends, and holidays.
- Develop strategies to control rumors concerning school or community incidents.
- Support the organization, under the supervision of appropriate school personnel, of a team of volunteer parents, other community residents, and staff members to patrol the campus and the perimeter.

- Enforce dress code that prohibits the wearing of gang apparel or the use of gang-related symbols.
- Consult with School Police, local law enforcement and the School Safety Planning Committee to review crime data for the area surrounding your school. Assess the current status of crime committed on school campuses, at school-related functions, and in the neighborhood surrounding your school (CA E. C. § 32282). A website that maps crime data by address, such as http://www.crimemapping.com, is a very useful tool. The following information can also be reviewed: office referrals, attendance rates/School Attendance Review Board data, suspension/expulsion data, California Healthy Kids Survey, School Plan for Student Achievement, School Experience Survey, local law enforcement juvenile crime data and property damage data.

Responsibilities of Staff:

- Report to the Main Office or other designated office prior to proceeding to assigned classrooms or work areas.
- Lock classroom doors when working alone before or after school hours.
- Establish and maintain a 'buddy system' when working in isolated areas or traveling to and from parking areas at the start and close of school.
- Exercise stringent control of assigned school keys and secure all personal valuables.
- Report any person loitering in or adjacent to parking areas, etc., or sitting in a parked car.
- Instruct students to avoid strangers and provide strategies for avoiding contact with strangers. Utilize the following resources as appropriate: LAUSD crime prevention programs, drug resistance programs, child abuse, and traffic safety bulletins.

Campus Supervision

Responsibilities of the Administrator:

- Maintain a current supervision plan and schedules for supervision staff.
- Provide training regarding campus safety and campus supervision and schedule meetings for campus supervision updates.
- Inform all staff, students, and parents of the campus supervision plan.
- Have custodial personnel check the campus for loiterers and/or trespassers, especially restroom areas when opening and closing the buildings and grounds.
- Review and post at all utilized entrances appropriate signs regarding weapons, visitors, trespassing, loitering, etc.
- Monitor or prohibit student access to cars during school hours.
- Review with campus supervision personnel procedures related to the proper use, maintenance, and security of issued hand-held and base radios. See "REF-6343 School-Based Radio System," or call the Radio Unit at (323) 224-2456.

Powered by BoardOnTrack

- See that the school adheres to the District policy on closed campuses. All exit gates, except the main gate, will be locked after the start of school. Student exit gates will be unlocked prior to dismissal time.

Locked Campus Policy

Responsibilities of the Administrator:

- Assign a school staff member, volunteer parent, or similar, to monitor the main entrance during the school day and assist visitors with signing in and reporting to the Main Office upon entry.
- Assign available school staff to monitor the campus perimeter, known trouble spots, and all building and gate entrances during the school day.
- Inform all students and parents/guardians that schools are closed campuses and that students are not allowed to leave the campus during the school day without the permission of the principal and the parent/guardian.

Visitors to School Campuses

Responsibilities of the Administrator:

- Schools must develop and post a visitor's policy. The policy must not set arbitrary time limits regarding frequency and duration of visits and must be distributed to parents and staff annually.
- Inform parents in advance of the procedures for visiting the school.
- Have all visitors report to the Main Office upon arrival. Visitors must wear a visitor pass and return the pass upon departure.
- Conduct a review to ensure that the appropriate and approved signs are posted regarding visitors, trespassing, loitering, and other requirements at all utilized entrances. Report persons loitering or trespassing on or adjacent to the campus to LASPD.

Administrators have the authority under the California Penal Code, Los Angeles Municipal Code, and the Education Code to report to the appropriate police agency visitors who fail to adhere to the posted "Visitor's Policy."

Responsibilities of the Parents/Visitors:

- All campus visitors must have the consent and approval of the principal/designee within a reasonable period of time after making a request to visit the school.
- Parents have the right to observe in the classroom in which their child is enrolled within a reasonable period of time after making a request.
- Visitors are not to converse with the students, teacher, or instructional aides during the visitation.

Powered by BoardOnTrack

- Visitors are to keep the frequency of classroom observations reasonable (to be determined by the activity being observed).
- Parents do not have the right to willfully interfere with the discipline, order, or conduct in any school classroom or activity with the intent to disrupt, obstruct, or cause substantial disorder in a place where a school employee is required to perform his or her duties.

School Police/Local Law Enforcement

Responsibilities of the Administrator:

- Meet with a School Police Officer or Area Sergeant to share and discuss information related to campus activity and the site's security operations and service needs.
- Review with staff the appropriate notification and protocol for reporting campus crime and incidents.
- Review with staff, on an ongoing basis, procedures related to the proper use and security of issued hand-held and base radios, with the assistance of LASPD, as necessary.
- Alert appropriate law enforcement agencies near school campuses and the respective Region about incidents and events that may have repercussions at other locations.
- Provide to staff safety bulletins and available information regarding incidents or situations that might impact personal safety or the school's education environment.
- Solicit community support to assist with student safety to and from school.
- Provide appropriate law enforcement telephone numbers to area residents and businesses and solicit their support in reporting unusual activities on and around the campus to School Police and the local law enforcement agency during nights, weekends, and holidays.
- If a local law enforcement agency notifies a site administrator with a request to disseminate information pertaining to a sex offender, contact the School Police Watch Commander at (213) 625- 6631 and advise them of the material received. LASPD will serve as the District's liaison with the agency to determine the expectations for the information, distribution, and the scope of the disclosure.

Procedures When Calling for Service from Law Enforcement Agencies:

- Identify yourself and your location. Give callback numbers (office or cell) where you can be reached most easily.
- Summarize the nature of the problem or incident.
- Give the location of the problem incident.
- Request medical assistance, if needed (if not already requested through 911).
- Describe the person or suspect involved: Provide a physical description (gender, ethnicity, age, height, weight, hair color and style, color of eyes, and clothing worn) and

Powered by BoardOnTrack

other known information (i.e., student, staff member, nonstudent, parent, other known or suspected gang affiliation, etc.).
- Describe weapon involved, if any: Type, location (on person, in vehicle, etc.), and manner used (actual use, threat, etc.).
- Describe method of transportation used by person or suspect involved and last known direction of travel. Indicate motor vehicle, motorcycle, bicycle, bus, skateboard, skates, etc., (if motor vehicle, give color, year, make, model, and license plate number) and any other information (i.e., number of passengers in the vehicle).
- Advise School Police if another law enforcement agency has also been contacted.

Responsibilities of the Los Angeles School Police Department (LASPD)

As peace officers, School Police Officers are expected to take appropriate steps to discourage potential law violations and head off potentially threatening situation. Their primary responsibility is to “keep the peace” by protecting students and staff from physical assault and school property from theft and destruction. LASPD officers will be available to support school-site administrators, students, staff, community members, and local agencies to create a safe and secure school learning environment. LASPD will also provide support through the Youth Diversion program to address safety issues and criminal conduct. Safe Passages and other specialized units will work to support LASPD officers assigned to support schools to ensure safety around the campus, enforcing all applicable laws fairly and impartially, and maintaining presence in safe passages areas. Minor violations will be addressed with the “spirit of the law” posture rather than a “letter of the law” posture in enforcement efforts.

School Police Officers will:

- Respond to the school for the protection of pupils and District personnel, the security of District property, and the prevention of theft and malicious mischief to cars and other personal property of school personnel on campus.
- Develop and maintain a positive, professional, and ongoing working relationship with the school-site administrators, students, staff, school community members, and outside local and law enforcement agencies, to address and problem-solve crime and safety issues and to meet the school’s safety objectives and goals as established.
- Follow all procedures consistent with the District-established policies and School Police directives.
- Act in an advisory capacity regarding the need to involve local law enforcement agencies.
- Assist with preparing, evaluating, and updating the Integrated Safe School Plan.
- Serve as a member of the school’s Crisis Team and School Threat Management Team.

Responsibilities of Law Enforcement (School Police/Local Agencies):

Powered by BoardOnTrack

- In instances where law enforcement statutory requirements apply, the appropriate legal decisions are made by the police officer. While in most cases the situations will be obvious, in other less obvious instances, the legal decision will be made by the involved police officer, consistent with current Police Department and District directives and policies and in consultation with an LASPD supervisor.
- A lockdown of the campus is called by either a law enforcement agency or a site administrator to secure the school during police actions, campus intrusions, community incidents, or other real or perceived threats to the security of the school. The site administrator terminates the lockdown after consulting with law enforcement.
- Properly identified law enforcement officer are allowed to interview a student “in the presence of the principal or a teacher.”
- Properly identified law enforcement officers may remove a student from a school. Responsibility for parent notification of a student’s removal by law enforcement personnel rests with the school administration. The involved officer is also obligated to make parent notification.
- The difficult task of delivering death notifications to next of kin is the responsibility of law enforcement personnel or the Los Angeles County Coroner’s Office personnel, who have been provided with the training and resources necessary to carry out such notifications. If a death has occurred on campus and a member of the victim’s family arrives at the school prior to being notified of the death by law enforcement, the family member should be escorted to a private comfortable setting until law enforcement personnel arrive. If a member of the victim’s family calls the school prior to notification by law enforcement, they should be asked to come to the school.

Role of Law Enforcement Personnel When a School Becomes a Crime Scene:

- Law Enforcement personnel will establish a crime scene at any time when it is necessary to preserve evidence of a crime, or an investigation of a crime is in progress, including but not limited to: murder, suicide, death due to suspicious circumstances, or for other serious crimes involving students, staff, or others (crimes that include, but not limited to, vandalism, burglary, or arson). Only authorized law enforcement and fire department personnel are allowed inside the designated crime-scene area.
- The first police officer to arrive on scene will have specific duties to perform to ensure the protection of the crime scene and to assure that the crime is investigated properly. Despite the sometimes-chaotic nature that characterizes many crime scenes, the police must be permitted to do their job according to established procedures.
- A police supervisor or police officer will serve as the liaison with the school’s administration.
- The law enforcement officer in charge will determine if and when crisis team members or other support personnel from outside the school can enter the campus to begin their intervention assessments and follow-up activities.

- Once potential witnesses have been identified, it is essential to keep witnesses separate to maintain and preserve the integrity, clarity, and objectivity of each person's account. Therefore, school administrators may be asked to provide multiple locations on campus to isolate witnesses for questioning by law enforcement personnel.

2.8.2.3 Violence Prevention and Interpersonal Relations

Cybersecurity

- As the largest K-12 computing network in the United States, users of the LAUSD computing environment have a responsibility to do all they can to protect themselves, their accounts, the systems they use, and the secure data they deal with.
- Many District employees have regular access to sensitive information, which is protected with multiple layers of security. Employees are the first of these layers to protect District data, but they are also the most vulnerable. Most data breaches start with an attacker exploiting the human nature of employees in various social contexts to gain access to sensitive information. Employees may not realize they are a target and may be unsure how to prevent, identify, or report cybersecurity threats. It is critical to follow all District cybersecurity measures including those referenced in this section.
- The District has implemented an Information Security Training and Awareness (ISTA) program with the purpose of achieving the following strategic goals:

    1. Improve the District's resilience to cybersecurity threats.
    2. Establish a strong security-minded culture and integrate it into day-to-day District operations and decision-making.
    3. Improve compliance with external regulatory and contractual requirements that require mandatory training and awareness (e.g. HIPAA).
    4. Minimize the frequency and impact of security incidents.
- All employees must complete the online annual IT Cyber Security Awareness Training.
- To report a concern about a potential data breach or compromised machine or account to IT Security, employees should call the ITD Helpdesk at (213) 241-5200 or send an email to information.security@lausd.net.

All employees are encouraged to follow Cyber Safety tips on the ITS website: https://www.lausd.org/cybersafety. Additional details regarding the responsible use policy are also available at this site.

Digital Citizenship

Responsibilities of the Administrator:

- Provide staff with professional learning opportunities offered by the Instructional Technology Initiative within the Division of Instruction to deepen digital citizenship knowledge and practices: https://www.lausd.org/digcit

Powered by BoardOnTrack

- Review with staff the following bulletins to understand the implications of digital engagement in creating a safe school environment:
  - BUL-999 Responsible Use Policy for District Computer and Network System
  - BUL-6399 Social Media Policy for Students
  - BUL-5688 Social Media Policy for Employees and Associated Persons
  - Parent/Guardian Publicity Authorization and Release Forms

- Provide parent workshop sessions regarding digital citizenship practices of proactive engagement, safety, and security online: https://www.lausd.org/Page/16676
- Ensure that staff integrate digital citizenship instruction across content areas, leveraging District-adopted digital citizenship curriculum: https://www.lausd.org/Page/16689
- Establish a digital presence with purpose in alignment with District policies to maintain open communication with school community and model promising practices.

Code of Conduct with Students

- Provide a copy of the "Code of Conduct with Students" to each employee and any individual working with students on an annual basis at the beginning of each school year or when the employee reports to the site/work location if the school year has already begun.
- Post the "Code of Conduct with Students" in staff lounges and other prominent locations where notices are regularly posted regarding rules, regulations, procedures, or standards of conduct.
- Include the "Code of Conduct with Students" in the location's employee handbook, school's Safe School Plan, and in the substitute folder that is provided to substitute teachers who report to school sites.
- Remind employees/individuals to be mindful of the fine line drawn between being sensitive to and supportive of students' needs and a possible or perceived breach of responsible, ethical behavior.
- Encourage employees/individuals to use good judgment and caution them to avoid the situations indicated in the document.
- Reaffirm with employees and individuals of the duty to protect students and provide a safe and secure learning environment.

Sexual Grooming, Abuse, and Misconduct with Students

- Grooming is the deliberate process by which offenders gradually initiate and maintain sexual relationships with victims in secrecy.
- Over 90% of offenders are a family member or another adult in the victim's circle of trust, including those who work in schools, and who normally and regularly interact with the victim.
- Offenders in schools may be popular with students, admired by colleagues, recognized as valuable members of the school community, and appreciated by parents.

Powered by BoardOnTrack

- The grooming process begins with the offender establishing a bond with their victim by behaviors such as spending time together, sharing secrets, providing gifts, and giving them special attention. Some behaviors may appear to be normal interaction between an adult and a student.
- Grooming that results in sexual conduct with a victim (e.g., sexual abuse, exploitation, and child pornography) is a crime and must be investigated by law enforcement.
- The "Code of Conduct with Students" serves as the District's policy for appropriate and professional interaction with students of all ages. Administrators must take prompt action to address any behavior that violates the Code of Conduct even when not deemed a crime by law enforcement.
- Students can also be suspected of abusing other students.

Administrator Responsibilities:

- Understand and recognize potential grooming behaviors.
- Present sexual grooming awareness training to employees.
- Complete the Administrator Certification page by the designated due date.
- Respond to reports of potential grooming of a student by an employee, a school-related adult, or another student.
- Contact Region Operations immediately after reporting suspected abuse to law enforcement in cases where the accused perpetrator is a District employee, a school-related adult, volunteer, or another student.

Employee Responsibilities:

- Report suspected child abuse as outlined in BUL-1347 Child Abuse and Neglect Reporting Requirements.
- For students over 18 years of age who are considered dependent adults, report suspected dependent/elder adult abuse as outlined in BUL-2449 Dependent/Elder Adult Abuse and Neglect Reporting Requirements.
- Mandated reporters must report suspected child abuse to a child protective agency. If the suspected perpetrator of the abuse of a student is a District employee, school-related adult, volunteer, or student, the mandated reporter is strongly encouraged to make the mandated child abuse report to local law enforcement (as opposed to DCFS). LASPD is not a child protective agency.
- Notify a Site Administrator of the misconduct immediately after making the child abuse report when a District employee, school-related adult, volunteer, or another student is suspected of abusing a student.
- Students can also be suspected of abusing other students. Mandated reporters must follow the same suspected child abuse reporting procedures.

Administrative Searches

Powered by BoardOnTrack

School officials have the right to conduct searches of students under limited circumstances.

If a student has engaged in conduct that causes an administrator to have reasonable suspicion that the search will turn up evidence that the student has committed a crime, is about to commit a crime, or has violated applicable laws, regulations, or school rules, the administrator may conduct a search of that student.

The administrator must:

- Be able to articulate the reason for the suspicion and the facts and/or circumstances surrounding a specific incident;
- Be able to reasonably connect the student to a specific incident, crime, rule, or statute violation;
- Have recent, credible information from personal knowledge and/or other witnesses;
- Ensure that a search based on reasonable suspicion is not excessively intrusive in light of the student's age, gender, and the nature of the offense.

When conducting a student search based on reasonable suspicion, school officials must adhere to the following practices:

- Conduct the search only if there are clear and specific reasons for suspicion and there are facts that connect the student to a specific incident of misconduct;
- Jackets, purses, pockets, backpacks, bags, and containers in the student's possession may be searched to the extent reasonably necessary;
- Under no circumstances may a body or strip search be conducted;
- Whenever possible school officials of the same gender as the student being searched may conduct the search;
- Searches based on reasonable suspicion should be conducted in a private area where the search will not be visible to other students or staff (except for a school administrator or designee witness);
- A student search should be conducted with more than one staff member present.

For more information, please see BUL-162111.

Gun Violence Prevention

Responsibilities of the Administrator:

- Distribute to families annually the Parent Legal Duties to Safely Store Firearms letter in the LAUSD Student/Parent Handbook, as required per CA E.C. § 49392 and Board Resolution 046-18/19 "Protecting Our Children from Preventable Gun Violence," June 18, 2019.
- Make gun violence prevention resources available to your parent/guardian community.

Safe School Collaborative

Responsibilities of the Administrator:

Powered by BoardOnTrack

- Identify key community stakeholders in relation to safety, including but not limited to: law enforcement, probation, city attorney's office, city, and county human relations.
- Identify key LAUSD central and Region personnel to provide consultation and support, such as: Region Operations, Organization Facilitators, Human Relations, Crisis Counseling, etc.
- Identify a multidisciplinary school safety team composed of members such as, administrators, parents, teachers, school police officers, health, and mental health professionals (i.e., PSW, PSAC, School Psychologist, or School Counselor), after-school staff, etc.
- Identify a designated chair to convene the meetings, establish a needs assessment for the school and community related to safety concerns, identify goals and objectives, and assign roles and responsibilities.
- Work towards the development of safe passage to and from school for students.

Gang Risk Intervention

Key Elements:

- Become familiar with gang groups, related activities, graffiti, apparel, etc.
- Provide staff development regarding gang prevention and intervention strategies.
- Provide parent in-service training regarding gang membership and activities.
- Consult with Region Operations on the development of a forum for discussion that brings together influential students ("natural leaders") who represent all segments of the student population, including selected gang members.
- Collect information from law enforcement, probation, community-based organizations, and others to understand the scope of the school/community gang problem.
- Contact law enforcement agencies, gang experts, and formal/informal counselors to obtain strategies and related information. Probation officers can assist with students who are on probation.

Bullying & Hazing Policy

CA E. C. § 48900 (r) defines bullying as:

- "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a pupil or group of pupils as defined in Section 48900.2, 48900.3, or 48900.4, directed toward one or more pupils that has or can be reasonably predicted to have the effect of one or more of the following:
- Placing a reasonable pupil or pupils in fear of harm to that pupil's or those pupils' person or property.
- Causing a reasonable pupil to experience a substantially detrimental effect on the pupil's physical or mental health.

Powered by BoardOnTrack

- Causing a reasonable pupil to experience substantial interference with the pupil's academic performance.
- Causing a reasonable pupil to experience substantial interference with the pupil's ability to participate in or benefit from the services, activities, or privileges provided by a school. For additional guidance, including investigative steps, access BUL-5212 Bullying and Hazing Policy (Student-to-Student).

Responsibilities of the Administrator:

- Ensure that bullying and cyberbullying training are available to employees who have regular interaction with students.
- Investigate allegations of bullying thoroughly and maintain confidentiality throughout the investigation.
- Respond to allegations whether the involved parties are students or employees. (For incidents between employees, refer to the BUL-5798 Workplace Violence, Bullying and Threats [Adult-to-Adult].)
- Take appropriate actions to resolve the situation.
- Document the investigation, interventions, and resolution.

Responsibilities of Staff and Student Rights:

- Schools must discuss relevant aspects of the Bullying & Hazing Policy with their students.
- Personnel are responsible for taking corrective action to prevent bullying in school, at school events, and to and from school.
- Any person has the right to report an allegation of bullying without reprisal or retaliation.

Hate-Motivated Incidents

For more details, access BUL-2047 Hate-Motivated Incidents and Crimes - Response and Reporting.

Responsibilities of the Administrator:

- Respond quickly to reported incidents, whether the victims are students, staff, or community members, and take action to stop the conduct, prevent recurrence and eliminate effects on the environment.
- Ensure the physical safety of the target and other affected parties by offering assistance, as appropriate.
- Investigate the incident, provide interim safety/emotional support measures, and take appropriate disciplinary action. If necessary, involve law enforcement and preserve evidence.

Powered by BoardOnTrack

- Report the hate-motivated incident/hate crime to School Police and implement educational programs and activities that foster human relations skills and combat behaviors of name-calling, harassment, discrimination, hate, and bigotry.
- Review with employees and students and post nondiscrimination notices in all schools/offices, including staff lounges, student government meeting rooms, the main administration building, or other prominent locations where notices are regularly posted regarding rules, regulations, procedures, or standards of conduct.

Sexual Harassment Prevention Policy

Key Elements:

- All allegations of sexual harassment are to be treated seriously and responded to in manner that respects the privacy and dignity of all parties involved.
- All reported incidents of sexual harassment should be investigated and addressed to prevent recurrence, consistent with applicable federal and state laws. Depending on the nature of the conduct, complaints may be investigated under Title IX (34 C.F.R. Part 106), the Uniform Complaint Procedures (UCP), or resolved through an informal resolution process.
- Several attachments in BUL-2521 Title IX Policy/Nondiscrimination Complaint Procedures (Including for Sex Discrimination and Sexual Harassment) may be used to document the complaint, provide required notices, ensure parties are afforded all applicable rights, and support appropriate decision-making under the correct grievance process.
- The Sexual Harassment Prevention poster must be reviewed with students and employees and posted in all schools and offices, including staff lounges, student government meeting rooms, administrative buildings, each student restroom and locker room, and other locations where rules, policies, and expectations are displayed.
- Supportive measures must be offered equitably to both parties, regardless of whether a formal complaint is filed, and parties must be informed of any remedial or corrective actions taken following the resolution of the complaint.
- Sexual harassment complaints are often sensitive and complex; appropriate steps must be taken to ensure a prompt, thorough, and impartial investigation.
- For detailed procedures related to Title IX, UCP, or informal resolution processes, consult BUL-2521 Title IX Policy/Nondiscrimination Complaint Procedures (Including for Sex Discrimination and Sexual Harassment.

For procedures regarding employee-to-employee complaints of sexual harassment refer to District BUL-6612 Non-Discrimination And Anti-Harassment (Including Sexual Harassment) Policy and Complaint Procedure

Title IX and California Gender Equity Protections

Key Elements:

- Students are entitled to equal access and participation in all school programs and activities, including academic courses, extracurricular opportunities, clubs, and recognition programs, without discrimination based on sex (federal Title IX) or gender, gender identity, gender expression, sexual orientation, pregnancy or related conditions (California Education Code §§ 200, 220, 221.5).
- No student may be excluded from enrollment in a course or program, or otherwise treated unfavorably, on the basis of actual or perceived sex, sexual orientation, gender identity, gender expression, pregnancy, childbirth, lactation, or related medical conditions.
- All students must receive equitable access to academic counseling, instructional programs, extracurricular activities, and disciplinary practices, consistent with both Title IX (34 C.F.R. § 106.31) and California Education Code § 221.5.
- Sexual harassment committed by or against students or staff is prohibited and, depending on the context, may constitute sex discrimination under federal Title IX or gender discrimination under California law.
- Students and/or parents/guardians who file a complaint must be informed of the outcome of the investigation, in accordance with applicable grievance procedures.
- Schools must ensure equal opportunities for students of all genders to participate in physical education and athletic programs.
- Equal athletic opportunity includes access to equipment, supplies, practice and game schedules, facilities, coaching, travel allowances, publicity, and budgetary resources, as outlined in BUL-2521.
- Enrollment decisions must not be based on any protected category, including sex, gender, or sexual orientation.
- All complaints of sex- or gender-based discrimination must be handled confidentially, and retaliation against any participant in a complaint process is strictly prohibited.
- Schools must regularly review relevant data (e.g., complaints, participation rates, outcomes) to identify patterns and support efforts to increase campus safety and equity.
- Procedures for filing and investigating complaints, whether under Title IX, UCP, or informal processes, are detailed in BUL-2521 Title IX Policy/Nondiscrimination Complaint Procedures.

Intergroup Relations

Responsibilities of the Administrator:

- Take proactive steps to build and maintain safe, healthy, welcoming, and affirming learning and working environments, where students, staff, and families' identities and voices are represented, recognized, and valued.
- Provide activities for meaningful interactions between student, staff, and parent groups to promote an appreciation of diversity and a supportive school climate. Trainings,

activities, and resources are available from the Office of Human Relations, Diversity and Equity.

- Make a concerted effort to engage all students, including students in protected categories in the District's nondiscrimination statements (MEM-5818).
- Support schoolwide efforts to reduce misconduct and bullying by promoting pro-social behaviors.
- Follow the guidelines of BUL-5212 Bullying and Hazing Policy (Student-to-Student) for responding to allegations of bullying.
- Designate a point person for overseeing the school climate, bullying prevention efforts, and procedures for managing peaceful resolutions of conflicts (e.g., Restorative Practices and Peace Builders).

School Site Crisis Team

Responsibilities of the Administrator/Designee:

- Establish a safe, civil, and secure school environment.
- Establish a multi-disciplinary School Site Crisis Team, in accordance with the Integrated Safe School Plan.
- Ensure that the BUL-5800 Crisis Preparedness, Response and Recovery policy and all applicable protocols are implemented.

Suicide Prevention, Intervention and Postvention

Responsibilities of the Administrator:

- Designate Crisis Team Members/Suicide/Threat Prevention Liaisons (STPLs) in the ISSP's School Site Suicide/Threat Assessment Team.
- STPLs only assess students, not employees. For assessments of non-students, see BUL-5798 Workplace Violence, Bullying and Threats (Adult-to-Adult).
- Respond to reports of students at risk for suicide or exhibiting self-injurious behaviors immediately or as soon as practically possible.
- Monitor and follow-up to ensure that the risk has been mitigated through support and resources.
- Ensure that the Suicide Prevention, Intervention, and Postvention (SPIP) policy is implemented.
- Provide follow-up to relevant staff such as Region Operations, as needed.
- Report incidents in Incident System Tracking Accountability Report (iSTAR) as appropriate and update as needed.

Responsibility of all District employees:

- All District employees must complete the online Suicide Prevention and Awareness Training annually. The training certifies that employees know the warning signs and risk factors for suicide, as well as what to do if they are concerned about a student who might be suicidal. (See MEM-6910 Annual Suicide Prevention and Awareness Training.) If you have questions or concerns regarding the training, please contact your administrator.
- Inform the school site administrator/designee and/or STPL immediately or as soon as practically possible of concerns, reports, or behaviors relating to students who might be suicidal and/or engaging in self-injury.
- Adhere to the Suicide Prevention, Intervention, and Postvention (SPIP) policy.

Student Threat Assessment and Management

Responsibilities of the Administrator/Designee:

- Designate STPL in the ISSP's *School Site Suicide/Threat Assessment Team*.
- STPLs only assess students, not employees. For assessments of non-students, see BUL-5798 Workplace Violence, Bullying and Threats (Adult-to-Adult).
- Establish a multidisciplinary school site threat assessment team, in accordance with the ISSP *School Site Suicide/Threat Assessment Team*.
- Respond to reports of students exhibiting worrisome behaviors or making threats immediately or as soon as practically possible.
- Ensure that the Threat Assessment and Management (TAM) policy is implemented.
- Provide follow-up to relevant staff such as Region Operations, as needed.
- Report incident in iSTAR as appropriate and update, as needed.

Responsibilities of all District employees:

- Adhere to the TAM policy and act in accordance with the policy.
- Report any worrisome behaviors or suspected threats to the school site administrator/designee and/or STPL immediately or as soon as practically possible.
- Cooperate in any investigation by providing accurate, relevant information.

Employee or Associated Adult Workplace Violence, Bullying, and Threats

Responsibilities of the Administrator/Designee:

- Establish a safe and respectful school or workplace environment.
- Ensure that the BUL-5798 Workplace Violence, Bullying and Threats (Adult-to-Adult) is implemented.
- Investigate and respond to any verbal or written reports of violence or threatening behavior.
- Monitor and follow-up to ensure that the behavior has stopped.

Powered by BoardOnTrack

- Report incident on required form (see BUL-5798) and in iSTAR as appropriate and update, as needed.

Responsibilities of all District employees:

- Adhere to the BUL-5798 Workplace Violence, Bullying and Threats (Adult-to-Adult) and act in accordance with the policy.
- Promptly report any suspected workplace violence behaviors to the site administrator or designee.
- Cooperate in the investigation of employee workplace violence complaints by providing relevant information.

Student Dress Code/Uniform Policy

Key Elements:

- Representatives from stakeholder groups will review the school's dress code yearly to ensure it complies with guidelines and gender neutrality enumerated in BUL-6494 Student Dress Codes and Uniforms.
- All students shall show proper attention to personal safety and suitability of clothing for school activities. Specialized school programs and classes, such as physical education, science lab, wood shop, or culinary arts, may require specialized attire or unique restrictions.
- The school may prohibit attire or paraphernalia with language or images that are vulgar, sexually explicit, discriminatory, libelous, promote illegal or violent content, or which could reasonably be foreseen to create a hostile environment among rival gangs, individuals, or groups.
- Urban fashion in and of itself is not "gang-related" apparel.
- Students may wear jewelry or attire representative of an established religious faith, including, but not limited to a crucifix, yarmulke, headscarf, or turban.
- Students may wear sun-protective clothing outdoors.
- Hair, sideburns, mustaches, and beards may be worn at any length or in any style, and clothing may be of any fashion, style, or design.
- Parents must be advised of uniform policies prior to the beginning of the academic year (or upon enrollment), informed that uniforms are voluntary, and, if needed, be assisted in securing financial assistance to obtain desired uniforms.
- School uniform policies are voluntary. A student's parent/guardian must be notified annually and may exercise the right to opt out of the school uniform policy, though the student must adhere to the student dress code. Students shall not be penalized academically, subject to any disciplinary action or disparaging treatment or denied attendance to school or participation in school activities for opting out of the uniform.
- Schools must identify financial resources for students who are not able to comply with the school uniform policy due to financial hardship; this includes provision of physical

Powered by BoardOnTrack

education uniforms at no cost if failure to have or wear appropriate apparel arises from circumstances beyond the control of the student.

2.8.2.4 Behavior Support and Formal Discipline

Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP)

Access resources at https://www.lausd.org/PBIS_RP

Responsibilities of School Administrator:

- Cultivate a safe, healthy, welcoming, and affirming learning and working environment in each classroom and schoolwide through the development of an integrated, trauma and resilience informed Multi-Tiered Systems of Support framework to support the implementation of Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP), including community and relationship building.
- Ensure a focus on prevention, common values, and shared accountabilities among school community members.
- Ensure that PBIS/RP are achieved through good first teaching, as well as differentiation and personalization of learning.
- Assume a leadership role in the Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP) Team. Everyone has a stake in responsible, respectful, and safe behavior at school. This forms a foundation and an atmosphere that promotes learning and instruction. Administrative leadership is an essential ingredient of that foundation.
- Establish the Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP) Team and ensure that the team meets regularly; support and monitor the team's implementation of the Schoolwide Discipline Plan; evaluate the outcomes; and modify strategies as needed; ensure that the team completes the Tiered Fidelity Inventory two times a year including scores and goals.
- Ensure school procedures effectively support the collection of data that accurately reflects schoolwide, classroom, and individual student social-emotional development and behavioral needs.
- Inform all students and parents/guardians at the beginning of each academic year or as students enroll about the school’s behavioral expectations, responsibilities, and procedures.
- Ensure that students, parents/guardians, and staff have access to copies of the Schoolwide Discipline Plan, that all stakeholders understand their responsibilities in learning the behavioral expectations, and the reinforcement and corrective procedures.
- Provide staff development on strategies, methods, and tools of implementing the school-discipline plan through a multi-tiered system of support including positive

behavior interventions and supports, restorative practices, social emotional learning, and trauma-resilience informed strategies.

Responsibilities of School Staff:

- Develop healthy, positive relationships with students, staff, and families.
- Use a multi-tiered system of support with a focus on prevention.
- Identify, teach, model, and reinforce schoolwide and classroom behavioral expectations and correct misbehavior with an emphasis on teaching.
- Establish structure and a sense of safety and belonging by developing predictable routines, using effective management strategies, co-regulation, community building, and trauma-resilience informed approaches, as well as the active teaching of pro-social and stress reduction behaviors and strategies.
- Utilize student discipline referral data, Tiered Fidelity Inventory (TFI) scores and goals, School Experience Survey data, and other school climate and discipline data to identify professional development needs, organize support systems for staff and students, and to analyze effectiveness of instruction on behavioral expectations.
- Utilize school resources including, but not limited to, SSPT, Section 504 Plan or IEPs to develop behavior plans for students who exhibit behavioral challenges and implement these behavior plans.
- Partner with parent/guardian and engage in parent education and support, as necessary to support appropriate student behavior.

Formal Discipline

Responsibilities of the Principal/Principal's Administrative Designee:

- Ensure that the District's policy and procedures regarding student suspension and expulsion are fully implemented.
- Designate discipline staff and provide training focusing on investigation of student misconduct and school-site procedures of formal student discipline, including student suspension and expulsion.
- Ensure that recommendations for expulsion are made when students violate CA E.C. § 48915(c) except for sexual misconduct that requires Title IX procedures prior to student discipline. For detailed information regarding Title IX procedures, refer to BUL-2521 Title IX Policy/Nondiscrimination Complaint Procedures (Including for Sex Discrimination and Sexual Harassment).
- The school principal will ensure that the school follows District policy and procedures regarding formal student discipline and fulfills responsibilities to attend or send an administrative designee who has first-hand information to present an expulsion case as well as appropriate witness(es) to testify during the expulsion hearing. Conduct a thorough investigation, collaborate with other school staff and law enforcement, when necessary, and determine whether formal discipline is appropriate.

Powered by BoardOnTrack

- Notify the parent/guardian/education rights holder (ERH) in a timely manner whenever their child is referred for disciplinary action.
- Enter all suspension information (school suspension, in-school suspension, and class suspension) into MiSiS accurately and record all other means of correction. Refer to BUL-5808 Documentation of Student Misconduct as Defined in Education Code in My Integrated Student Information System (MiSiS).
- Advise the parent/guardian/ERH regarding the appeal process whenever the parent/guardian/ERH disagrees with the administrator's decision to suspend.
- Prohibit the use of "informal suspension" (e.g., telling a parent to keep a child home without an official suspension notice, or sending a student home without an official Pupil Suspension Notice); refer to BUL-5655 Guidelines for Student Suspension.

Responsibilities of Designated Discipline Staff:

- Conduct a thorough investigation, collaborate with other school staff and law enforcement, when necessary, and provide evidence to the school principal/designee for a decision on the formal discipline.
- Notify the parent/guardian/education rights holder (ERH) in a timely manner whenever their child is referred for disciplinary action.
- Enter all suspension information (school suspension, in-school suspension, and class suspension) into MiSiS accurately and record all other means of correction. Refer to BUL-5808 Documentation of Student Misconduct as Defined in Education Code in My Integrated Student Information System (MiSiS).
- Advise the parent/guardian/ERH regarding the appeal process whenever the parent/guardian/ERH disagrees with the administrator's decision to suspend.
- Prohibit the use of "informal suspension" (e.g., telling a parent to keep a child home without an official suspension notice, or sending a student home without an official Pupil Suspension Notice); refer to BUL-5655 Guidelines for Student Suspension.

Suspension Guidelines:

Refer to BUL-5655 Guidelines for Student Suspension.

- Students are only to be suspended from school when they have committed an act listed under CA E.C. § 48900, CA E.C. § 48900.2, CA E.C. § 48900.3, CA E.C. § 48900.4, CA E.C. § 48900.7, or CA E.C. § 48915.
- Students enrolled in kindergarten and grades 1 to 3 shall not be suspended or expelled due to disruption [CA E.C. § 48900 (k)(1)] sexual harassment (CA E.C. § 48900.2), an act of hate violence (CA E.C. § 48900.3), or threats and intimidation against District personnel or pupils (CA E.C. § 48900.4).
- Students may not be suspended from school for any reasons, for more than five (5) consecutive school days.

- "Informal suspension" is prohibited. (e.g., telling parent to keep child at home without an official Pupil Suspension Notice or sending a student home without an official Pupil Suspension Notice).
- Extending suspension due to the parent's failure to attend a conference with school officials is prohibited.
- Suspending in absentia (when a student is suspended without being afforded an opportunity to discuss the alleged misconduct) is a violation of the student's due process rights, unless an emergency situation is determined. (Refer to Section V. D of BUL-5655)
- Students in general education shall not be suspended for more than 20 school days in any school year (30 days if student transfers to another school). For students with disabilities who have a Section 504 plan or who is regarded as possibly needing a Section 504 plan, if the misconduct is directly linked to the student's disability, and/or directly results from the District's failure to implement the student's Section 504 plan, the school shall not suspend more than 10 days or make a disciplinary change of placement. The team should consider updating plan accommodations/services and reviewing implementation strategies.
- Students in special education shall not be suspended for more than **10** school days in any school year. Refer to the LAUSD Special Education Electronic Policy and Procedures Manual (e-PPM).
- Problems with truancy, tardiness, and/or other attendance-related issues cannot be grounds for suspension.
- Once a student has been issued a school or in-school suspension, the suspension can only be overturned by the Region Administrator of Operations (AOO) through an appeal process. Refer to BUL-5655 Guidelines for Student Suspension.
- Appeal of a class suspension shall be handled by the principal. A parent may appeal a class suspension by teacher to the school principal. Only the principal can rescind a class suspension.

A teacher may suspend a student from class for any of the acts enumerated in CA E.C. § 48900 except for the student misconduct of willful defiance as described in CA E.C. § 48900 (k)(1).

1. A teacher may suspend a student from class for any of the acts enumerated in E.C. 48900, except for the student misconduct of willful defiance as described in E.C. Section 48900 (k)(1), per District policy.
2. A teacher should report the suspension to the principal and send the student to the principal/designee for appropriate action, which includes appropriate supervision. Refer to BUL-5655 Guidelines for Student Suspension and CA E.C. § 48910.
3. A student shall not be placed in another regular class during the period of suspension.
4. The student shall not return to the class during the period of suspension without the concurrence of the principal and the teacher. If the student is assigned to more than

one class per day, the student must attend the classes from which the student was not suspended. Refer to CA E.C. § 48910.

5. A student can be suspended from class for the remainder of that day (elementary) or period (secondary) and for the following day or period when the class meets. Refer to CA E.C. § 48910.
6. School staff may assign a student who was suspended for any of the reasons enumerated in CA E.C. § 48900 and CA E.C. § 48900.2 to a supervised suspension classroom for the entire period of suspension if the student poses no imminent danger or threat to the campus, students, or staff, or if an action to expel the student has not been initiated. Refer to CA E.C. § 48911.1.

Opportunity Transfer Guidelines:

Refer to BUL-6362 Opportunity Transfer (O.T.) – Policy and Procedures.

- An Opportunity Transfer (O.T.) is a carefully planned school- or District-initiated transfer of a student within LAUSD schools for corrective reasons. It is issued as an alternative measure to address student misconduct after other means of correction have failed to bring about proper conduct or when the student's continued enrollment at the current school presents a safety risk to others. The purpose of an O.T. is to minimize factors that interrupt the student's academic progress, and thus to create a school climate that is safe and conducive to learning for all. To minimize disruption to the academic process, an O.T. may not be issued or terminated within the last six weeks of each academic term (semester, trimester, quarter). All student transfers shall be recorded and documented in the District's My Integrated Student Information System (MiSiS).
- An O.T. may not exceed one calendar year unless both the parent/legal guardian/ERH and the school agree.
- An O.T. may only be issued once during the student's matriculation through elementary school, twice during middle school, and twice during high school.
- To cancel an O.T., the principal must submit the Request for O.T. Cancellation to the Region AOO and obtain written approval.
- The O.T. process does not apply to students with an Individualized Education Program (IEP). An O.T. also may not be issued to a student who is not yet eligible for special education and related services (i.e., a general education student) if the District has knowledge that the child was a student with disability before the behavior that precipitated the disciplinary action occurred. For more information about this process, please contact your Region Special Education Administrator and the Division of Special Education Behavior Support Department via email: SPEDBehaviorSupport@lausd.net.
- For students with disabilities who have a Section 504 Plan.
    - With the exception to drug or alcohol related offenses, students eligible for nondiscrimination protections under Section 504 or students with a Section 504

Powered by BoardOnTrack

Plan may not be transferred through the O.T. process until a manifestation determination meeting has been held and the team determined that: (1) the conduct in question was not caused by, or had a direct and substantial relationship to, the child's disability; or (2) the conduct was not the direct result of the District's failure to implement the Section 504 Plan. Following this, the student may be considered for an O.T. with the assurance of full implementation of the Section 504 protections or applicable Section 504 Plan at the receiving school. For detailed guidelines, refer to BUL-4692 Section 504 of the Rehabilitation Act of 1973.

Expulsion Guidelines:

Refer to BUL-6050 Expulsion of Students - Policy and Procedures

- School principals are required to recommend the expulsion of any student who engages in behavior described in CA E.C. § 48915(c).
- A student who is recommended for expulsion is entitled to an educational placement the day following the last day of their suspension (e.g., day six of a five-day suspension).
- For a student with an IEP, a comprehensive Expulsion Analysis IEP meeting must be conducted, which includes an MDA, prior to recommending the student for expulsion.
- With the exception to drug or alcohol related offenses, students with disabilities served under Section 504 must have an MDA conducted and any appropriate updates to their Section 504 plans (as warranted) must be considered, prior to recommending the student for expulsion.
- No student can be expelled by the Board of Education unless direct evidence, in the form of oral testimony, is presented at the District's administrative Expulsion Review Committee (ERC) hearing.
- There are specific legal requirements for Local Educational Agencies (LEAs) for discipline notifications regarding a student in foster care in the following situations: (Refer to BUL-6050.3, Attachment M)
    - Suspension (includes an in-school suspension)
    - Expulsion
    - IEP meeting when a Manifestation Determination takes place
    - Involuntary Transfer to a continuation school
- For required notification of expulsion recommendation for students experiencing homelessness, refer to BUL-6050.3, Attachment N.

Additional Notifications

There are specific legal requirements for discipline notifications regarding a student in foster care in the following situations: (Refer to BUL-6050.3, Attachment M)

- Suspension (includes an in-school suspension)

Powered by BoardOnTrack

- Expulsion
- IEP meeting when a Manifestation Determination takes place
- Involuntary Transfer to a continuation school

For required notification of expulsion recommendation for students experiencing homelessness, refer to BUL-6050.3, Attachment N.

Maintenance of CA E.C. § 49079 Information:

Refer to BUL-3927 Mandated Reporting of Certain Behavior.

- Pursuant to CA E.C. § 49079 (a), a school district shall inform the teacher of each pupil who has engaged in, or is reasonably suspected to have engaged in, any of the acts described in any of the subdivisions, except subdivision (h), of CA E.C. § 48900 or in CA E.C. § 48900.2, 48900.3, 48900.4, or 48900.7.
- The District shall provide the information to the teacher based upon any records that the District maintains in its ordinary course of business, or received from a law enforcement agency, regarding a pupil described in this section.
- Any information received by a teacher pursuant to this section shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher.
- Each teacher informed of CA E.C. § 49079 students shall be advised of the opportunity to review the student's records and shall be admonished regarding the confidentiality of information.
- Any information referring to CA E.C. § 48900 et seq. offenses shall be made available to each student's teacher from the current school year and three previous school years through MiSiS. After this time frame, access to a student's record will not be available to the teacher, consistent with CA E.C. § 49079.
- In MiSiS, all discipline offenses except for "3.6 - Possessed or used tobacco" trigger a CA E.C. § 49079 "D" Alert on the corresponding student's profile. To view a comprehensive list of students with an CA E.C. § 49079 alert, generate the Student Referral Report. In the report parameters, select "none" for Counseling Referral Reason, and deselect "3.6 - Possessed or used tobacco" from the Discipline Referral Reason. Refer to BUL-5808 Documentation of Student Misconduct as Defined in Education Code in My Integrated Student Information System (MiSiS).
- The MiSiS Attendance Roster List view displays a "D" on the Alerts Column for students with a discipline file, consistent with CA E.C. § 49079. Teachers can click on the student profile and view any discipline by clicking on Support > Referrals, which will display discipline from the current school year and three previous years.

Guidelines When a Student Described in CA E.C. §49079 Is Transferred to Another LAUSD School:

When a student transfers between LAUSD schools, the receiving principal/designee will have access to the MiSiS discipline referral offenses noted in CA E.C. § 49079. Refer to BUL-3927 Mandated Reporting of Certain Behavior.

Responsibilities of Juvenile Courts:

- Welfare and Institutions Code (W.I.C.) Section 827 (b)(2) mandates that the Juvenile Courts submit to the superintendent of the district of attendance written notice whenever a minor who is enrolled in any of grades K through 12 has been found by the court to have committed any of certain specified offenses.
- The information furnished by the Juvenile Court shall be expeditiously transmitted to the principal at the school of attendance. The principal must expeditiously disseminate the information to those counselors directly supervising or reporting on the behavior or progress of the student. In addition, the principal shall disseminate the information to any teacher or administrator directly supervising or reporting on the behavior or progress of the student whom the principal believes needs the information to work with the student in an appropriate fashion to avoid being needlessly vulnerable or to protect others from needless vulnerability.
- If a notice from the juvenile court is received by a school, the school should contact Student Health and Human Services, Student Support Programs, for assistance.
- Any information received by a teacher, counselor, or administrator shall be confidential and used only for the limited purpose noted above, and may not be further disseminated.

2.8.2.5 Facilities-Related

Key Control

Responsibilities of the Administrator:

- Maintain in writing current records of the distribution of all keys.
- Maintain a key safe or school vault in which keys that have not been issued are to be stored every night. Ensure that when not in the possession of authorized school staff, all keys, including custodial keys, are to be kept in a locked key safe or vault.
- Arrange to have all exterior doors of buildings opened and closed, as necessary.

Key Distribution:

- Master Keys: It is important to keep the number of master and specialized keys to a minimum to maintain site security. Master keys (“A” and “K”) shall be issued only to the plant manager and administrative staff. In addition, a maximum of five master keys may be requested for use by disaster emergency teams. These shall be maintained on a single ring at the site (in the key safe or vault) for emergency use only and are not to be used for other purposes.

Powered by BoardOnTrack

- Sub-master Keys: Sub-master keys are to be issued only to school personnel who absolutely need them in the daily course of their responsibilities. They shall be returned to the key safe or vault nightly.
- Classroom Teacher Keys: Classroom teachers are to be issued only the keys to their classroom, storeroom, and cabinets and will be responsible for said keys. At no time shall a classroom teacher be issued a master key.
- Substitute Teacher Keys: Keys issued to substitute teachers and other District employees (maintenance, etc.) shall be returned daily.
- Alarm Keys: Three alarm keys will be issued to the site administrator who will be responsible for these keys. The administrator will designate the keys accordingly. No site will be issued more than three intrusion alarm keys without approval of the School Police Chief.

Key Control Guidelines:

- Staff members shall be notified that unauthorized possession by any person, including employees, of any site key is a misdemeanor (CA PEN § 469).
- Keys are never to be kept in classroom cupboards, filing cabinets, in or on teachers' desks, offices, or in staff mailboxes.
- Keys are never to be in the possession of students without the expressed written permission of the site key administrator. Keys are not to be loaned to students to open doors or gates.
- Staff is to be advised that prior to leaving any room, office, or work location, it is the employees' responsibility to double check that all doors and windows are closed shut and locked.
- Authorized personnel needing keys for the weekend or holiday activities will be issued keys which limit access to the room or area necessary for the weekend assignment. Prior written approval by the site key administrator must be obtained.
- At sites equipped with intrusion alarm systems, the School Police must be notified the week before the weekend or holiday that authorized personnel are scheduled to enter the site.
- All keys shall be checked and left with the site key administrator at the end of the school year or in the event of an assignment change.

Loss or Theft of Keys

The loss or theft of keys shall be reported to the Region Office and School Police (at 213-625-6631). In addition, the Maintenance and Operations Central Shops Lock Department shall be notified by creating an emergency service call. The Lock Department will immediately rekey sensitive areas (such as the library, computer lab, cum room, etc.) only.

Plant Inspections

Powered by BoardOnTrack

Responsibilities of the Designee for Inspecting the Campus Regularly:

Inspect the campus regularly for the following conditions and heed the following:

- All nonstructural hazards in classrooms and other sites where students are served will be eliminated.
- All damage to fences will be reported and corrected as soon as possible.
- All graffiti must be removed as soon as possible (take photographs if necessary).
- All litter must be removed as soon as possible.
- Playground facilities and equipment will be inspected regularly for hazards. Repairs must be made as soon as possible.
- All nonfunctioning lighting fixtures must be reported and corrected as soon as possible.
- Ensure that the following signs are posted, visible, and legible: Visitors' policy, a drug, tobacco, weapon and violence-free school, and nondiscrimination and sexual harassment prevention policies.
- The designated person shall be responsible for contacting the appropriate Maintenance and Operation department or District Unit responsible for correcting or repairing any hazardous or unsafe element on the school campus.

Restroom Cleanliness

Responsibilities of the Administrator:

- Site plans for each secondary school are to specify where student restrooms are located and when they will be open each day, and that they are adequate to serve student needs.
- Provide adequate supervision of restroom areas throughout the school day.
- Announce and encourage all students, including student leadership, to prevent vandalism and keep restroom areas clean.
- Involve parents in setting behavior standards to maintain clean, functioning restrooms on campus.
- Post notices to stakeholders, "Important Information About Your Complaint Rights Williams Legislation" in each classroom visible to stakeholders.
- Maintain Williams' complaint forms in the school or District office.

Responsibilities of the Plant Manager:

- Randomly monitor restrooms daily, conduct daily observation Emergency routes and paths of travel used to and from of any fixtures needing repair, and place a "trouble call" to report needed repairs.
- At secondary schools, supervise and monitor restroom attendant personnel.
- Before students arrive at school each day, inspect student restrooms to ensure that overnight crews have cleaned and stocked each restroom with paper and soap supplies.

Powered by BoardOnTrack

- Assign restroom attendant or custodial staff so that, at a minimum of twice during each day, restrooms are spot-cleaned, cleared of trash, restocked with soap and paper supplies, and have floors that are dry and hazard-free.
- Schedule with the appropriate Maintenance and Operations department the “deep cleaning” of all restrooms three times per year.
- Complete and maintain daily restroom service logs at a disclosed site on the school campus.

Inventory/Marking of School Equipment/Property/Record Retention

Responsibilities of the Administrator:

- Responsibility for all school property rests with the principal.
- Teachers and other employees are held responsible for the care of all school property in their control.
- The principal ensures that District equipment are not loaned to any District employee, group, or other persons for personal use.
- Property is to be inventoried, marked as required and records must be maintained in accordance with the District’s record retention policy.

For more detailed instructions regarding equipment inventory, please refer to the following bulletins and reference guide:

- BUL-953 Control of Site Equipment, CA E.C. § 35168. This bulletin and education code requires school districts to maintain inventory records of equipment whose current market value exceeds $500. These records must contain a description of the equipment, manufacturer’s name, identification numbers, original cost, date of acquisition, the location of use, and the date and method of disposal, if applicable.
- BUL-3508 Inventory Requirements for Equipment Purchased with Categorical Program Funds. This policy bulletin outlines federal and state guidelines for requiring an inventory for equipment purchased with categorical funds at school sites and offices, including equipment previously purchased through the Imprest fund or with the Procurement Card (P-Card). P-Card and Imprest purchases are not allowable with Title I funds. The equipment must be maintained and readily available for examination. Equipment inventories are subject to review at any time by federal and state auditors for equipment costing a total of $500 or more.)
- BUL-1158 Accounting for Supplies and Equipment Purchases. The California School Accounting Manual states that expenditures are required to be classified by “objects” to provide consistency in financial reporting among school districts. Additionally, the District is required to adhere to Government Accounting Standards Board Statement No. 34 to separately account for all fixed assets (land, buildings, equipment, etc.) and report depreciation on those assets accordingly.

- REF-71300 Record Retention for School Sites. This reference guide provides details for managing records at school sites and retention schedule listing records typically found at school sites.

2.8.2.6 School Arrival/Departure Plans

Traffic Patterns and Drop-off/Pick-up Points

Responsibilities of the Administrator:

- Work with OEHS or School Police to develop an appropriate drop-off and pick-up plan.
- Ensure through daily monitoring by designated staff that loading and unloading areas are “curbside” and designated to minimize student proximity to moving vehicles and that these areas are readily accessible to students.
- Confer with School Police as necessary to establish traffic patterns, and drop-off and pick-up points that ensure student safety and minimize traffic congestion.

Safe Passage To and From School

Responsibilities of the Administrator:

- Collaborate with the Office of Environmental Health and Safety (OEHS) to assess traffic, warning signs, school bus and parent loading zones, crossing guards, crosswalks, traffic signals, stop signs, etc. OEHS may be reached at (213) 241-3199 or OEHSQuestions@lausd.net.
- Work with the Safe School Collaborative on safe passage and attend local law enforcement agencies Safety Collaborative meetings. For more information, please contact Division of School Operations at (213) 241-7921.
- At elementary schools, encourage parents to walk their children to school.
- Visit the OEHS Safe School Traffic Program webpage for current documents and resources. The Principal should ensure that teachers incorporate pedestrian and bicycle safety into classroom curricula.
- Inform students, staff, and parents of designated student drop-off and pickup points, and safety procedures to be observed whenever there are moving vehicles in or around the school. This information should include bike helmet usage and should be distributed in a brochure to students and parents at the start of the school year.
- Report continuing traffic noncompliance problems to School Police at (213) 625-6631 or local enforcement agency.
- Ensure bus loading areas are designated and that loading and unloading of passengers takes place only within these areas.

2.8.3 Attendance/Engagement and Dropout Prevention

Responsible Administrator:

2. Plan Development

LAUSD Strategic Plan: Pillar 2D: Outstanding Attendance

Ensure outstanding attendance to support in-class learning

Responsibilities of the Administrator:

- Implement and supervise all state and District attendance policies and procedures,
- Ensure appropriate attendance, enrollment and withdrawal procedures are in place. Review the following resources:
    - MyPLN Training: Tools to Support Accurate Attendance and Withdrawal Procedures
    - Presentation: Tools to Support Accurate Attendance and Withdrawal Procedures.
- Track, monitor and regularly share attendance/engagement data with stakeholders.
- For a comprehensive list of activities, resources, and materials of the iAttend attendance initiative, visit the Pupil Services website and Enrollment, Attendance, and Withdrawal Resources Schoology group (Access Code: D4GT-DTTH-59Z3V).

Truancy/Tardiness Abatement

Responsibilities of the Administrator:

- Implement and supervise all state and District attendance policies and procedures.
- Ensure that students and parents are informed of the school attendance and tardy policy, as well as all applicable laws relating to compulsory attendance.
- Ensure that the attendance team and school staff including the Pupil Services and Attendance Counselor are coordinating efforts on attendance expectations and outreach.

Responsibilities of the Teacher:

- Conduct outreach to build relationships with students and caregivers throughout the year, as appropriate, to support engagement and establish rapport/connections.
- Ensure that personal phone calls to home are made (by teacher and/or other designated staff) when students are absent.
- Ensure that attendance is submitted within the first 15 minutes of each class or period (or as required in alignment with current distance learning attendance taking guidelines, if applicable).
- Ensure that all absence reason codes, and times (if applicable) are entered.

CA E.C. § 48200 Compulsory Attendance Law:

Each person between the ages of 6 and 18 years, not exempted, shall attend the public full-time day school or continuation school or classes for the full time designated as the length of the school day by the governing board of the school district in which the residency of either the parent or legal guardian is located and each parent, guardian, or other person having control or

charge of the pupil shall send the pupil to the public full time day school or continuation school or classes for the full-time designated as the length of the school day by the governing board of the school district in which the residence of either the parent or legal guardian is located.

Intervention for At-Promise Students

Responsibilities of the Administrator:

Administrators should ensure that

- At-Promise Students are immediately enrolled, even if they are missing academic and medical records, immunization records, proof of residency, a school uniform, or if they owe fees or materials to their prior school.
- The Pupil Services and Attendance (PSA) Counselor or a designated staff member is assigned to coordinate school attendance, dropout prevention, and recovery efforts.
- An Attendance Team/Multidisciplinary is in place to provide outreach and support for students who have disengaged.
- School staff support attendance and dropout prevention efforts.
- Coordination of services and supports with the A-G Diploma Program Counselor (select secondary schools only), Specialized Student Services Counselor, Pupil Services Attendance Counselor, and other designated staff.
- All school staff have read and follow:
    - BUL-4926 Enrollment, Attendance, and Withdrawal Policies and Procedures
    - BUL-6718 Educational Rights and Guidelines for Youth in Foster Care, Experiencing Homelessness and/or Involved in the Juvenile Justice System
    - BUL-6231 Discipline Foundation Policy
    - BUL-6730 A Multi-Tiered System of Support Framework for the Student Support and Progress Team
    - REF-43782 Implementing a Multi-Tiered System of Supports Framework
    - Pupil Services and Attendance SharePoint - Due Diligence Efforts- Steps to Follow Prior to Withdrawing Students Quick Guide.pdf
- Schools implement a tiered system of support to address student attendance.
- School staff are trained and have access to LAUSD student information systems such as MyData, MiSiS, Focus, and Elevate, as well as classroom referrals to help identify and monitor/track at-promise students.
- Transition programs are in place to support incoming students and matriculating students as they adjust to their new classroom and school environments.
- The school climate welcomes and invites parent involvement through a parent center, parent conferences, parent meetings, personalized phone calls to parents, and that selected staff makes home visits when necessary to engage parents in their student's educational needs.

Powered by BoardOnTrack

- There is a multidisciplinary team that looks at student and school data on attendance, withdrawal, and dropout information to make decisions at the school regarding student intervention programs and policies.
- The multidisciplinary team consists of appropriate non-classroom personnel, such as, Pupil Services and Attendance Counselor, Psychiatric Social Worker, deans, and APSCS and other designated staff.

Responsibilities of the Multidisciplinary Team/Attendance Team:

- Meet regularly to review attendance/engagement data and coordinate services and supports.
- Meet regularly to ensure the implementation and monitoring of a multi-tiered system of support for student attendance.
- Assess student, student subgroup and schoolwide data, establish a uniform referral process, and provide consistent follow-up on referrals.

Responsibilities of Staff:

- Staff is trained and aware of District mandates and procedures with respect to school attendance, withdrawals, dropout prevention, and recovery.
- School staff identifies and monitors students who are not making progress and coordinates with instructional staff to make needed adjustments to support student academic progress.
- Collaborate in the delivery of services to students.
- Be aware of and utilize resources both within the school and in the community.
- School staff systematically monitors, updates, and reviews student records.
- System for personalized interventions for students at risk of dropping out of school or who have recently left school.

Responsibilities of the Administrator:

- Create a school culture that reflects mutual support, caring, and safety for everyone.
- Ensure that selected school staff are trained on all District and non-district educational alternative placement options and that there is a process in place for referring at-promise students for educational supports and, when appropriate, to educational alternative placements, such as, but not limited to, community college classes, continuation schools, AC^{2}T, or Division of Adult and Career Education.
- Ensure that school staff are trained to work with at-promise students and utilize available resources to assist those students, such as, training on how to complete accurate enrollments and checkouts in MiSiS, how to identify at-promise students based on multiple risk factors (using reports such as those in MyData/FOCUS), how to create a welcoming, safe, and supportive school culture for all students, and how to link

Powered by BoardOnTrack

students/families up to necessary resources (academic, food, clothing, tutoring, etc.) to help students achieve their high school diplomas.

- Ensure that their school has a variety of academic programs in place to meet the individual needs of students at-risk for school failure or dropout, concurrent enrollment in ROP classes, online courses, summer school, tutoring, other credit recovery options and community resources.
- Ensure that student records are accurate. This includes ensuring that school clerical staff are trained on how to accurately enter student data into MiSiS upon enrollment and withdrawal (i.e., correct leave/enrollment codes are being used, upon every withdrawal, and student records are sent to the next school of enrollment in a timely manner).
- Students who are transferring between LAUSD schools should be auto-withdrawn in MiSiS by the receiving school; when the transfer is out of LAUSD, a school may only withdraw upon receipt of valid documentation to support the withdrawal. School personnel should document as much information as possible, including a destination, school, address, phone number and contact information. The school should also attempt to collect the “Parent Assurance Letter.”
- Schools should document all records requests in MiSiS: MiSiS Enrollment Job Aids. (Select “Entering Student Record Request” under “Withdrawal/No Show.”)
- The school has partnerships and collaborates with community agencies that can provide resources and options to students who are at risk of school failure and dropping out of school.

Responsibilities of School Staff:

- Work with parents/guardians and students to systematically monitor and follow-up with students regarding the supports/interventions and referrals provided to ensure access and effectiveness.
- School staff reviews student-level data to identify which students require supplemental educational services (i.e., tutoring, online courses, etc.,) and link those students and parents to the educational resources they need.
- All staff work collaboratively to identify students in need of prevention/intervention.

System to Recover, Enroll, or Provide Alternative Education Referrals

Responsibilities of the Administrator:

- Assign a multidisciplinary team of school staff to work collaboratively on clearing/locating and recovering students listed as lost transfers and whereabouts unknown (L8’s).
- Ensure that staff is trained and follow all bulletins, memos, and reference guides regarding LAUSD policy for non-grads and 5th year seniors, and provisions for students continuing beyond their fourth year of high school (e.g., students who are homeless, in foster care, English Learners, students with IEPs).

- Ensure that school staff knows how to re-enroll or provide educational alternative options to students who may have left school for a period of time but have chosen to return to school and work towards their high school diploma.
- Students matriculating and/or transferring within LAUSD shall provide updates through the required annually disseminated forms. Schools shall not require matriculating students to complete a new Student Enrollment Form or to provide additional documentation for address verification (with specific exceptions related to charter schools).
- Require appropriate staff to run/review monthly reports on all withdrawals each month and ensure that designated staff follows up to find out if students are currently enrolled.
- Communicate to staff the importance of accurate record-keeping and tracking.
- Ensure that all due diligence efforts have been made prior to withdrawing students; for students whose whereabouts are known and are not attending, schools are to contact the Region PSA Administrator for Resource Panel/SARB referral.

Responsibility of Staff:

- Staff clearly defines their role in recovering dropout students to avoid duplication of services.
- School support staff and clerical staff stay up to date on all new District bulletins, reference guides, and memoranda relating to the input of student information into MiSiS.
- Staff provides parents/guardians and students with information about their educational rights and options available to help them be successful in school.

2.8.4 Parent and Community Engagement

Parents are encouraged to provide a healthy diet, promote physical activity, and ensure overall good physical and mental health and wellness for their child. Parents are also encouraged to participate in the planning for their child's academic progress and success.

Physical and Mental Health Supports

The Medical Services Division (MSD) is committed to providing equitable healthcare to our school communities so that all students thrive academically, are engaged, successful and ready for the world.

Families are encouraged to visit the resources available through MSD Offices by visiting the website lausd.org/msd, where you can learn more about the following Offices:

- District Nursing Services
- Healthy Emergency Response and Support
- Student Medical Services and Medi-Cal Programs
- Student Mental Health and Wellness Services

Powered by BoardOnTrack

2. Plan Development

Community members can also request support by calling the Student and Family Wellness Resource line at (213) 241-3840 (Monday through Friday, 8AM – 4:30PM). District mental health and wellness staff are available to support with referrals for services such as mental health, immunizations, health insurance, food and housing, enrollment, and more.

Engaging families in topics aligned to safety, wellness, and other topics of focus for the District is foundational to accelerating student outcomes and overall family wellness. A bundle of modules with content for school leadership to engage families in training and learning about safety topics, including Substance Use and Fentanyl Awareness, are available for download by visiting lausd.org/sface and in the Principal's Portal. A LAUSD Single Sign On is required to access family engagement content.

The Office of Student, Family and Community Engagement also assists families by linking them to resources, workshops, and courses in the areas of the councils and committees, school volunteers, Parent Portal, understanding data and school budgeting, for example. Families may visit https://www.lausd.org/sface or email families@lausd.net for more information.

3. Incident Command System

3.1 Incident Command

The Incident Command System (ICS) is used by first responders, government agencies, private sector business and non-profit groups to manage emergencies, crises, and disasters nationwide, as well as planned events. LAUSD also uses ICS, which is a system that groups people by functions according to aptitude and skills, instead of rank/title. Every position reports to someone (see the School ICS Incident Command Team Chart in this section), which greatly facilitates the flow of information and resources among the multiple teams participating in response to an emergency. ICS consists of the following five functions:

- Command (Management in the LAUSD EOC)
- Operations
- Planning & Intelligence
- Logistics
- Finance & Administration

The organization depicted on the School ICS Organization Chart can be expanded or abridged to meet the scope of the emergency/planned event. Not every emergency/planned event will require (activate) all of the teams or positions listed on the chart.

ICS can be adapted for schools with limited personnel. If no one is assigned to an ICS position, it is understood that the person who manages that position is performing the responsibilities of the unfilled position. For example, in some emergencies/planned events, the Incident Commander may not assign a person to oversee finance. In that case, the Incident Commander is still responsible for all applicable Finance and Administration responsibilities, such as financial documentation for potential recovery. Note that to optimally fulfill some of the emergency team duties, members should have training, preparation opportunities, and practice through drills.

Region Operations Centers (ROC): During some emergencies, crises or planned events, the ROC may be activated to provide immediate support to the schools. In such cases, the school is expected to maintain open and ongoing communications with the ROC, typically through their Operations Coordinator. Refer to the LAUSD Region Operations Center (ROC) Guide for more information.

Emergency Operations Center (EOC): When the emergency or crisis or planned event impacts a great geographical portion of the District and/or has numerous significant operational impacts beyond a school's or ROC's ability to manage, the L.A. Unified (EOC) may be activated. The EOC is responsible for coordinating resources and maintaining situational awareness Districtwide. For more information regarding the EOC, access the LAUSD EOP Handbook for Emergency Operations Center Responders. The school's Incident Commander will keep the EOC updated, in most cases through their Region and/or through the School Emergency Status Report (SESR).

3. Incident Command System

Schools will be notified if the SESR is activated and if schools are expected to update their status through the SESR. More information regarding SESR can be found at: https://sesr.lausd.net through the Principal's Portal.

It is recommended that team members and other District employees take Community Emergency Response Team (CERT) training. This hands-on disaster training is offered by local fire departments. LAUSD personnel can learn more about ICS by taking online video training courses STEPS 400, 420 and 421, available through MyPLN. Additional online emergency management classes appropriate for District employees are offered by the Federal Emergency Management Agency (FEMA) and are linked at https://www.lausd.org/fema.

Incident Command SEQUEIRA, WANDA; MEZA, NOVA

During an emergency, the Incident Commander (IC) is responsible for setting the response objectives and directing activities from a designated Command Post. All functions report to the IC. To effectively direct response actions, the IC must constantly assess the situation and develop and implement appropriate strategies. The IC must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response. At a school, these functions are typically directed by the principal or designee as the Incident Commander. The principal is assisted in carrying out this role by a Public Information Officer and Safety Coordinator, as needed. The IC should use “management by objectives” by setting specific goals and objectives for the total response. The objectives should be SMART, which is an acronym for Specific, Measurable, Achievable, Relevant and Timely.

Planning/Intelligence Section CHAVEZ, MANUEL; GURUBEL, JAZMIN

During an emergency, the ICS Planning and Intelligence section uses various methods and resources to efficiently gather information, analyze and document the information for significance, and actively assess the status of the emergency. This understanding and knowledge about the situation at hand is vital to the effective management of a response. Under ICS, this function is supported by a Documentation/Communication position, who reports directly to the Incident Commander if a Planning/Intelligence Lead is not assigned. The ICS Planning and Intelligence Section also predicts future needs, observes trends, and constantly answers the following questions regarding the emergency:

- How big is this problem?
- Who is affected?
- What are we going to need in the next hour, day, or week?

Operations Section PRADO, ARTURO; ESCARZAGA, JAIME

Under ICS, all tactics for the emergency response are implemented under the Operations function. Many school site emergencies are complex enough for the Incident Commander to

assign an Operations Section Lead. This function is supported by staff reporting to the Operations Lead who have responsibilities such as rendering medical assistance, crisis intervention, search and rescue, site security, damage assessment, evacuations, access and functional needs support, and the release of students to parents. Within LAUSD, these activities are performed by the following teams:

- Triage Team
- School Site Crisis Team
- Search and Rescue Teams
- Access and Functional Needs Position
- Security/Utilities Team
- Fire Suppression/HazMat Team
- Assembly Area Team
- Request Gate Team
- Reunion Gate Team

Logistics Section GURUBEL, JAZMIN; KONTOLEFAS, CHRISTINA

The Logistics section manages resources and provides all incident support needs such as facilities, transportation, communications, and supplies/equipment. Logistics supports emergency operations by coordinating personnel; assembling and deploying volunteer teams; and providing supplies, resources, equipment, and services, including food service and adjusting meal schedules and menus, as needed. Within LAUSD, these activities are performed by Supply/Equipment Team, Hygiene Team, and Transportation Support Team if activated and they report to the Logistics Section Lead. When the Operations Section needs something, they get it from the Logistics Section. Logistics works closely with the Planning and Intelligence Section to develop resources for future needs.

Finance/Administration SEQUEIRA, WANDA; MEZA, NOVA

The Finance/Administration function of ICS involves the purchasing of all necessary materials, tracking financial records, timekeeping for school site and responding District staff, and recovering school records after an emergency. They keep track of personnel time and costs, which are sometimes divided into two positions reporting to a Finance Section Lead.

3.2 Command Team

The Command Team is responsible for directing school emergency response activities. The Command Team is led by the principal or designee, who is the Incident Commander. The Command Team includes the school's Public Information Officer, the Safety Coordinator, and the Team Leads for each of the other four functions (Operations, Planning & Intelligence, Logistics, and Finance & Administration). The Incident Commander sets goals and objectives for the activities of all other teams.

Team Assembly Location

Inside: MPR

Powered by BoardOnTrack

Outside: Basketball Courts

3.2.1 Incident Commander SEQUEIRA, WANDA; MEZA, NOVA

The Incident Commander (IC), principal or designee, is responsible for directing emergency operations and shall remain at the Command Post to observe and direct all operations. The only role of this person is to make decisions. Specific duties of the Incident Commander may include:

- Setting goals and objectives for the response team as a whole
- Assessing the situation periodically
- Directing the Command Team
- Determining the need for, and requesting, outside assistance
- Communicating with the Region Administrator of Operations and central office staff
- Working with the Region regarding any messaging about the incident to internal and external stakeholders

3.2.2 Public Information Officer SEQUEIRA, WANDA; MEZA, NOVA

The Public Information Officer (PIO) is the official spokesperson for the school site in an emergency and is responsible for communicating with the media and delivering public announcements. Specific duties of the PIO may include:

- Receiving updates and official statements periodically from the Incident Commander
- Posting approved messages to parents via Connect
- Maintaining a log of PIO actions and all school-site-based communications
- Updating/consulting with the Region PIO or central Communications office
- Interacting periodically with the media (with prior review/approval from the Region/District Communications Office)
- Under the guidance of the Office of Communications, preparing statements for dissemination to the public
- Ensuring announcements and other public information are translated into other languages as needed
- Monitoring news broadcasts about the incident and alerting the Region PIO and Office of Communications of any misinformation
- Monitoring social media for rumor control and misinformation (may be supported by PIO)

3.2.3 Safety Coordinator KONTOLEFAS, CHRISTINA; PRADO, ARTURO

The Safety Coordinator is responsible for ensuring that all emergency activities are conducted in as safe a manner as possible. Specific duties of the Safety Coordinator may include:

- Checking periodically with the Incident Commander for situation briefings and updates
- Maintaining all records and documentation as assigned by the Incident Commander
- Monitoring drills, exercises, and emergency response activities for safety
- Identifying and addressing safety hazards

Powered by BoardOnTrack

- Ensuring that team members use appropriate safety equipment

Supplies and Equipment for Command Team

- School Emergency Response Boxes (REF-5450 School Emergency Response Boxes)
- Copy of the Integrated Safe School Plan and contact information
- Campus maps
- Staff cell phone lists
- Staff email lists
- Master keys (Note: Keys must be kept in a very secure location or with specific authorized individuals.)

Copies of staff and student rosters

- Hand-held two-way radios
- Bullhorn
- Battery-operated AM/FM radio
- First Aid kit for Command Team
- Clipboard, paper, pens
- Hard hat for each team member
- Vest or other position identifier
- Large campus map

3.3 Triage Team

The members of the Triage Team are responsible for:

- Performing triage/disaster aid in the event of large-scale emergency impacting the school community
- Assessing injuries and administering necessary medical assistance as indicated
- Ensuring that first aid supplies are available
- Ensuring that designated school site staff are trained in the administration of medical measures, as appropriate
- Setting up triage area and temporary morgue
- Keeping accurate records of care given and triage tagging each of the injured with name, address, injury, and any treatment rendered
- Reporting critical injuries or deaths immediately to Triage Team Lead
- Recording information on transport to hospital by first responders

Assignments

Triage Team Lead: MIRANDA, JESSICA

Backup Team Lead: HUFFMAN, SHEA

Triage Team Member:

Triage Team Member:

School Nurse: MIRANDA, JESSICA

Team Assembly Location

Inside: Conference Room

Powered by BoardOnTrack

3. Incident Command System

Outside: Handball Courts

Triage Team Lead

The Triage Team Lead is responsible for oversight and communication related to triage and disaster first aid training, preparation, and planning. The Triage Team Lead will also direct team activities and, in the event of a large-scale emergency impacting the school community, periodically interact with the Operations Section Lead to determine medical needs and planned actions.

Specific duties of the Triage Team Lead may include:

1) Ensuring triage areas are set up
2) Supporting team members to ensure adequate triaging of the injured
3) Ensuring all medical supplies are available for the team
4) Ensuring Triage Team performs secondary assessments and appropriate disaster medical care after triage is complete
5) Periodically keeping Operations Section Lead informed of overall status
6) Ensuring designated school site staff are trained in triage and disaster first aid techniques and priorities

Triage Team Members (Triage, Disaster Medical Assistance)

The members of the Triage Team are responsible for:

- Designating and setting up triage areas, including access for emergency vehicles
- Assessing injuries/performing triage and administering necessary disaster medical aid during a large-scale emergency impacting the school community
- Ensuring that disaster first aid supplies are available
- Setting up triage stations and the temporary morgue, ensuring that all medical supplies/equipment are accessible, including taking these items out during evacuations
- Keeping accurate records of care given and triage tagging each of the injured with name, address, injury, and any treatment rendered
- Reporting critical injuries or deaths immediately to Triage Team Lead
- Recording ambulance transport to hospital information
- Completing the Injury Report

In a large-scale disaster/emergency, it may be a while before patients can be transported for medical care. When possible, have students transported to the nearest emergency department approved for pediatrics (up to age 22) as listed in Step 4, under Additional Contacts of the online ISSP. It is best to have a staff member accompany each transported student; during an incident with many injuries, that may not be possible. Always note the name and transport destination for each person when they are transported.

Supplies and Equipment for the Triage Team

3. Incident Command System

Note: Staff/team members cannot re-enter buildings to retrieve supplies/equipment that are not stored in the emergency bin. Ensure that equipment is evacuated.

- Vest or position identifier
- First aid supplies
- Non-latex disposable exam gloves
- Triage tags
- Hand-held two-way radios
- Stretchers
- Blankets
- Wheelchairs
- Ground covers, tarps
- Patient record forms
- Site map
- Injury Report
- Automated External Defibrillators (AED)
- Epi-Pen
- Biohazard bag
- Sharps container
- Student medication

Related Training and Resources

- It is recommended that all Triage Team members have first aid, cardiopulmonary resuscitation (CPR)/AED, and epinephrine administration training. More details on AED and epinephrine administration policy are available in BUL-4480 Policy and Procedure for the Acquisition and Use of Automated External Defibrillators (AEDs) and BUL-114500 Administration of Epinephrine Auto-Injectors.
- Online training course STEPS 213, offered through MyPLN.
- Training information regarding CPR/AED and EpiPen is also available from the school nurse. Some CPR/AED information can also be found at lausd.org/CPR/AED; First Aid (and CPR) information is also available.
- The District is creating a Stop the Bleed training program. Details and updates are available here.

3.4 School Site Crisis Team

The School Site Crisis Team is responsible for addressing the mental health needs and social-emotional well-being of all students on campus during an emergency by providing Psychological First Aid (PFA) as needed, in the immediate aftermath of a critical incident or emergency, pursuant to the District's BUL-5800 Crisis Preparedness, Response and Recovery policy. PFA is an evidence-informed approach for assisting children, adolescents, adults, and families in the immediate aftermath of a critical incident, disaster, or act of terrorism. PFA is designed to reduce the initial distress caused by traumatic events and to foster short and long-term adaptive functioning.

Assignments

Crisis Team Lead: GOMEZ VASQUEZ, YAJAIRA

Backup Team Lead: LLAMAS-MENESES, MELINA

3. Incident Command System

Psychological First Aid Team Member (Primary): GOMEZ VASQUEZ, YAJAIRA

Psychological First Aid Team Member (Backup): LLAMAS-MENESES, MELINA

Team Assembly Location

Inside: Conference Room

Outside: Triage

Crisis Team Lead

The Team Lead is responsible for directing crisis responders and periodically interacting with the Operations Section Lead to identify concerns and report status. The Crisis Team Lead is also responsible for assigning personnel as needed, such as the Psychological First Aid Team Members, and ensuring appropriate training is provided. Supplemental online training courses STEPS 212 and 409 are offered through MyPLN.

Psychological First Aid Team Members

The members of the Psychological First Aid Team, with the guidance of the Crisis Team Lead, are responsible for monitoring the social-emotional safety and well-being of the students and staff in designated areas, such as the Assembly Area and Triage Area. Specific duties of the members of the Psychological First Aid members may include:

- Assessing needs and providing Psychological First Aid
- Providing reassurance and support to students
- Updating the number of students and staff in need of support
- Documenting students or staff who may need additional support in the days to weeks following the incident
- Coordinating with Logistics to provide water and food to students and staff when necessary
- Supporting other teams, as needed

Supplies and Equipment for the Psychological First Aid Team Members

- Vest or position identifier
- Hand-held two-way radio
- Ground cover and tarps
- First aid kit
- Paper, pens/pencils

3.5 Search and Rescue Team

The Search and Rescue (SAR) Team is responsible for preparing and performing search and rescue operations during an emergency when the fire department is delayed due to the nature of the disaster. There may be two or more SAR teams at a school, depending on the size and layout of the site. Each team must have four members, as they work in pairs for safety reasons. Supplemental online training course STEPS 214 is offered through MyPLN.

3. Incident Command System

Assignments

Search and Rescue (SAR) Teams Coordinator: CHAVEZ, MANUEL

Backup SAR Teams Coordinator: GURUBEL, JAZMIN

SAR Team 1 Members: HOUGH, MARCUS; BRAVO, MARICELA; ACOSTA, RICARDO; GOMEZ, MARGA

SAR Team 2 Members: MEDEL, MIGUEL; LAWLER, MARCELLA; MAGANA, GUSTAVO; ANGUIANO, SANDRA

SAR Team 3 Members: ; ; ;

SAR Team 4 Members: ; ; ;

Team Assembly Location

Inside: Conference Room

Outside: Emergency Bin

Search and Rescue Teams Coordinator

The Search and Rescue Teams Coordinator assigns each SAR team their specific areas and duties, records findings on maps and in logs, keeps the Operations Section Lead informed of overall status, and coordinates appropriate training. Specific duties of the Search and Rescue Teams Coordinator may include:

- Ensuring that each responding SAR team has four members and that those four members work in pairs for safety reasons
- Obtaining briefings from the Operations Section Lead, and the Assembly Area Team, noting missing students, identified damage and site hazards, and any other situations requiring SAR response
- Assigning and recording SAR teams based on available team members, maintaining four persons per team
- Updating teams' reports on site map and recording exact location of damage and triage tally

Search and Rescue Team Leads

Each Search and Rescue Team Lead is responsible for directing the activities of their assigned SAR team and apprises the SAR Teams Coordinator of the team's status and their findings throughout the search and rescue process. Specific duties of the Search and Rescue Team Leads may include:

- Obtaining briefings from the SAR Coordinator
- Directing search and rescue operations for their assigned team

- Reporting findings to the SAR Teams Coordinator during search and rescue operations.

Search and Rescue Team Members

The members of the Search and Rescue Team are responsible for performing search and rescue operations during an emergency. Specific duties of the members of the SAR Team may include:

- Searching assigned area
- Reporting gas leaks, fires, or structural damage to SAR Team Lead upon discovery
- Rescuing trapped survivors on campus, if it is safe to do so
- Evacuating survivors who need assistance
- Working with the Security/Utilities Team and Fire Suppression/Hazmat Team to shut off gas or extinguish fires as necessary
- Reporting periodically to the Team Lead the location, number, and status/condition of injured or missing survivors
- Conducting pre-established search and rescue patterns, checking each classroom, office, storage room, auditorium and other rooms and outdoor areas which may have survivors
- Sealing off and posting areas where hazardous conditions exist
- Contacting Security/Utilities Team to secure the building from reentry after the search

Supplies and Equipment for Search and Rescue Teams

- Vest or position identifier
- Hard hat
- Work and non-latex gloves
- Eye protection
- Dust mask
- Whistle with master keys on neck lanyard
- Hand-held two-way radio
- Clipboard with job duties
- Map indicating search plan
- Fire extinguisher
- Water bib key
- Blankets
- Bolt cutters (for cutting security screens from around windows)
- Shovel
- Rope
- Triage tags
- Bucket or duffel bag
- Flashlight
- Pry bar
- Grease pencil
- Pencils
- Duct tape
- Caution tape
- Masking tape
- First aid backpack/fanny pack (one team member wears it)
- Evacuation Chair (applies to multiple story schools and not to be stored in emergency bin)

Many of these materials are found in the search and rescue kit, which can be purchased through the LAUSD Warehouse.

3. Incident Command System

3.6 Access and Functional Needs Position

Access and Functional Needs (AFN) position is responsible for ensuring that the needs of students and others on campus who have disabilities or other access or functional needs are considered throughout the ongoing development and execution of this plan. This includes ensuring existing procedures include adaptations for pupils with disabilities in accordance with the federal Individuals with Disabilities Education Act and Section 504 of the federal Rehabilitation Act of 1973 and the annual evaluation of the ISSP to ensure appropriate adaptations for pupils with disabilities. The role also supports the principal if a school employee, a pupil's parent, guardian, or educational rights holder, or a pupil, after an ISSP evaluation is conducted brings concerns about an individual pupil's ability to access disaster safety procedures described in the ISSP.

The AFN Team will coordinate activities with the Operations Section as needed. Planning efforts by this team include ensuring the availability of any necessary supplies and equipment and sharing plans and equipment locations with emergency teams and other staff who will further support the individuals with these needs during an emergency. Resources to support this team's work are available at: http://lausd.org/afn.

Assignments

Access and Functional Needs (AFN) Team Member: FLORES, ANGELICA

Backup Access and Functional Needs Position: GURUBEL, JAZMIN

Assembly Location

Inside: 2nd floor outside of Office area

Outside: Basketball Blacktop (designated area)

Roles and Responsibilities

The AFN position is responsible for ensuring the safety of students and adults with access and functional needs during drills and emergencies and facilitates the planning and preparation for appropriate support. The AFN position directs assistance activities and coordinates with the Operations Section to identify specific disabilities or access and functional needs of the school population, and also considers the potential needs of visitors. The position is responsible for ensuring that these individuals are safely evacuated and supported during drills and emergencies including by ensuring necessary adaptations are in place and by supporting the evaluation and ISSP modification process, as necessary. Related procedures are outlined in REF-5511 Completing and Updating the Integrated Safe School Plan.

Support:

For more tips and information on supporting students with access and functional needs, access LAUSD Emergency Preparedness for Students with Disabilities Tips and Checklist.

3. Incident Command System

Contact your Region's Special Education Administrator or the Office of Americans with Disabilities Act Compliance.

3.7 Security/Utilities Team

The Security/Utilities Team is responsible for the security of the school site and its population during an emergency. The Security/Utilities Team will coordinate activities with the Operations Section as needed. The Security/Utilities Team shuts down heating and air conditioning units, gas, power, and water utilities as necessary to protect students and staff and to minimize damage to school facilities. The team must also coordinate closely with the Reunion Gate Team for gate access to safely reunite students with their parents or lawful guardians. This team may include campus aides, and members of the custodial and cafeteria staff.

Assignments

Security/Utilities Team Lead: ESCARZAGA, JAIME

Backup Team Lead: ALMANZA, JESSICA

Security/Utilities Team Member:

Security/Utilities Team Member:

Team Assembly Location

Inside: Conference Room

Outside: Traige

Security/Utilities Team Lead

The Security/Utilities Team Lead is responsible for directing team activities and interacting with the Operations Section Lead to identify problems and report status and coordinates appropriate training. The Security/Utilities Team Lead is also responsible for checking with the Operations Lead to ensure that local utility companies (water, electricity, gas, and sewer) are notified of outages and issues as needed.

Security/Utilities Team Members

The members of the Security/Utilities Team are responsible for securing the school and reporting that the campus is secured. They are also responsible for surveying all utilities and taking appropriate actions to shut off utilities, as needed. Specific duties of the members of the Security/Utilities Team may include:

- Locking all external gates and doors; unlocking some gates when appropriate
- Stationing one team member at the main entrance to the school to direct emergency vehicles to area(s) of need and to greet parents
- Keeping students and staff out of buildings, as necessary

- Assisting at Reunion Gate, as appropriate
- Assessing and reporting damage to school facilities
- Checking water lines and shutting down water supply lines if leaking
- Checking gas meter/lines and, if gas is leaking, shutting down gas supply
- Shutting down electricity only if building has clear structural damage or advised to do so by Command Post

Supplies and Equipment for Security/Utilities Team

- Vest or position identifier
- Hard hat, gloves, and any personal protective equipment
- Master keys
- Hand-held two-way radio
- Copy of the school's emergency procedures
- Large durable signs for providing direction and information
- Utility shut-off tools
- Site maps
- Diagrams of shut-off valves and switches

3.8 Fire Suppression/Hazmat Team

The Fire Suppression and Hazardous Materials (HazMat) Team is responsible for extinguishing small fires and evaluating the potential release of chemicals during an emergency. It is also responsible for evaluating the damages to school property in an emergency. This team will coordinate with the Operations Section. Team members complete the School/Site Preliminary Damage Report. Operating a fire extinguisher is covered in STEPS 201, available on MyPLN, and is strongly recommended training for this team.

Assignments

Fire Suppression and HazMat Team Lead: ESCARZAGA, JAIME

Backup Team Lead: ALMANZA, JESSICA

Fire Suppression and HazMat Team Member:

Fire Suppression and HazMat Team Member:

Team Assembly Location

Inside: Conference Room

Outside: Emergency Bin

Fire Suppression and HazMat Team Lead

The Fire Suppression and HazMat Team Lead is responsible for directing team activities and periodically interacting with Operations to identify problems and report status. The Fire Suppression and HazMat Team Lead is also responsible for gathering the School/Site

Powered by BoardOnTrack

Preliminary Damage Reports from the Team Members and having forms readily available to Operations.

Fire Suppression and HazMat Team Members

The members of the Fire Suppression and HazMat Team are responsible for extinguishing small fires, evaluating the potential release of chemicals during an emergency, observing the campus for damage and hazardous conditions, logging and reporting any damage by radio to the Command Post during an emergency. Copies of the School/Site Preliminary Damage Reports will be submitted to the Team Lead. Specific duties of the members of the Fire Suppression/HazMat Team may include:

- Evaluating potential release of chemicals.
- Maintaining list of chemicals on site with map/storage location specifics.
- Identifying damaged areas on the School/Site Preliminary Damage Report. Reporting will be supplemented by pictures if appropriate.
- Locating and extinguishing small fires, as necessary. Use the proper extinguisher for the type of fire:
    1. Class A, B or C for ordinary combustibles
    2. Class B or C for fires involving flammable liquids
    3. Class C only for fires involving electrical equipment
- Posting yellow caution tape around damaged or hazardous areas

Supplies and Equipment for the Fire Suppression/HazMat Team

- Vest or position identifier
- Hard hat, work gloves and personal protective equipment
- Fire extinguishers and other fire-fighting equipment
- Hand-held two-way radios
- Master keys on lanyard
- Clipboard with job duties and School/Site Preliminary Damage Report
- Carry bucket or duffel bag with eye protection, flashlight, dust masks, yellow caution tape, and utility shut-off tools
- Site maps
- Absorbent materials
- Broom
- Dustpan
- Neutralizer
- Hazardous waste labels

3.9 Assembly Area Team

The Assembly Area Team is responsible for the safe evacuation and accounting of all students and staff during an emergency. The team is also responsible for reporting missing persons to the Operations Section Lead. Operations will then relay reports of missing students to the Search and Rescue Team.

Powered by BoardOnTrack

3. Incident Command System

Assignments

Assembly Area Team Lead: ACOSTA, RICARDO

Backup Team Lead: MAGANA, GUSTAVO

Assembly Area Team Member:

Assembly Area Team Member:

Team Assembly Location

Inside: MPR

Outside: Basketball Courts

Assembly Area Team Lead

The Assembly Area Team Lead is responsible for directing team activities and periodically interacting with Operations to identify problems and report status. The Assembly Area Team Lead is also responsible for collecting the Missing Persons Report from team members and providing the report to the Incident Commander.
