III. Action Items

A. Approval of 2024-25 Annual Audit Report and Corrective Actions for all Magnolia Science Academy Schools and the Home Office

S. Budhraja, Chief Financial Officer, reported on the annual audit each which consisted from July 1, 2024 to June 30, 2025. He reported that this was an unmodified report. He went over the financials inclusive of revenues and expenditures. Jonathan from Eide Bailly LLP was present to speak more on the details of the audit. It was reported that there were findings specific to attendance and financial reporting for complex transactions regarding the LLC. Corrective actions were taken and findings were addressed. Jonathan reported that overall the financial statements were unmodified which he stated was a clean opinion and all amounts were presented fairly. He provided details on the material weaknesses/findings and it being addressed. Board questions and comments were raised and staff addressed them. The Board made some notes to make the net impact clear and explicit for everyone who sees the report. The Board moved to add additional language to the motion.

S. Covarrubias arrived at 9:25 AM.
S. Orazov made a motion to amend the existing motion and instead approve the 2024-25 Annual Audit Report for Magnolia Educational & Research Foundation (MERF), alld Magnolia Science Academy (MSA) schools, and the Home Office. With such clarifications and changes that the Board reasonably requested and subject to final auditor approval.
M. Muhammedov seconded the motion.

B. Approval of MPS Policy Addressing Student Behavioral Health Referral Process

M. Wittek, Director of Student Services, stated that MPS already had referral processes and systems in place to support students with behavioral health needs. She reported that with the passage of SB153, an Education Code law was added that on or before January 31, 2026, all LEA's serving grades 7-12 must adopt a formal policy on referral protocols for students with behavioral health concerns including mental health needs, behavioral or emotional challenges, and substance abuse related needs. She reported that the policy addresses procedures for referring students to behavioral health professionals and support services. Additionally, the policy includes considerable considerations for high risk groups and trainings. She added the goal is to focus on early identification and equitable access to services for students with behavioral health needs.
D. Gonzalez made a motion to approve the MPS Policy Addressing Student Behavioral Health Referral Process.
S. Covarrubias seconded the motion.
The board **VOTED** to approve the motion.

C. Approval of Intra-Organization Loan from Magnolia Science Academy-Bell to Magnolia Educational & Research Foundation

S. Budhraja, Chief Financial Officer, reported that this is to extend the previously approved intra-organization loan balance of $1.31 million by modifying the repayment term to a 5-year schedule beginning July 2026, consistent with year-end reconciliation

and approved loan terms. He stated that the amount and interest rate would stay the same. Board requested for staff to bring the balances of all intra company loans as an informational item. Board questions were addressed by staff.
M. Muhammedov made a motion to approve the Resolution for the extension of the Intra-Organization Loan between Magnolia Science Academy – 8 (MSA-8) and Magnolia Educational & Research Foundation (MERF). This action extends the remaining authorized intra-organization loan balance of $1.31 million from its original 1-year term to a 5-year repayment term, with quarterly payments beginning in July 2026, under the same interest rate and repayment structure previously approved by the Board.
S. Dikbas seconded the motion.

D. Approval of Intra-Organization Loan from Magnolia Educational & Research Foundation to Magnolia Science Academy-7

S. Budhraja, Chief Financial Officer, reported that this is similar to the previous item. This is the second part of the previous transaction. Similar to the previous item, the purpose is to extend the previously approved intra-organization loan balance of $1.31 million by modifying the repayment term to a 5-year schedule beginning July 2026.
M. Muhammedov made a motion to approve the Resolution for the extension of the Intra-Organization Loan between Magnolia Science Academy – 7 (MSA-7) and Magnolia Educational & Research Foundation (MERF). The remaining authorized but undrawn loan balance of $1.31 million is being extended from its original 1-year term to a 5-year repayment term, with quarterly payments beginning in July 2026, under the same interest rate and repayment structure previously approved by the Board.
S. Orazov seconded the motion.
The board **VOTED** to approve the motion.

From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	David Yilmaz, Chief Accountability Officer
RE:	Approval of Charter School Annual Report to LACOE for MSA-1, 2, 3, and 5

Action Proposed:

Staff recommends and moves that the Board approve the Charter School Annual Report to the Los Angeles County Office of Education (LACOE) for Magnolia Science Academy (MSA)-1, 2, 3, and 5.

Purpose:

This is the required annual report for our LACOE-authorized schools. Schools are asked to report on their Measurable Pupil Outcomes (MPOs) and related performance data. The report template, provided by LACOE, serves multiple purposes, including reporting on MPO performance, fulfilling the LCAP Mid-Year Update requirement, and supporting LACOE CSO Renewal Readiness.

Background:

LACOE-authorized schools are required to submit an annual report to the Los Angeles County Board of Education detailing progress toward the Measurable Pupil Outcomes (MPOs) outlined in each school's charter petition.

To support charter renewal documentation and compliance with the LCAP mid-year reporting requirement, LACOE has provided a Mid-Year LCAP Review & LACOE CSO Renewal Readiness Template. This template is used to document progress toward adopted LCAP goals and actions and requires reporting on:

- Root cause analysis
- Available and verified student outcome data

- Effectiveness of actions and services implemented to date
- Adjustments made or proposed, including how educational partner input informed those changes, particularly for student groups with the greatest needs

Information provided through this template supports alignment with LCFF priorities, fulfills the LCAP mid-year review requirements pursuant to Education Code §52062, and supports the Charter School Office's oversight responsibilities under Education Code §§47606.2 and 47606.5, including renewal review and technical assistance, as applicable.

Analysis:

Attached are the annual reports submitted to LACOE for MSA-1, MSA-2, MSA-3, and MSA-5. These reports describe each school's progress toward desired outcomes as defined by their MPOs and LCAP metrics. While some targets have been met, others have not yet been achieved but demonstrate progress. For outcomes not fully met, schools have provided explanations and identified action steps to address identified gaps.

Impact:

Ongoing analysis of progress toward charter MPOs and LCAP metrics is essential for identifying strengths and areas for improvement. This process informs the continuous refinement of educational programs and directly supports the LCAP development cycle. Additionally, submission of this annual report is a mandatory requirement for schools authorized by LACOE.

Magnolia Science Academy 1
Mid-Year LCAP Update & LACOE CSO Renewal Readiness Report

Section A - Background

Purpose & Statutory Overview

Present the *LCAP Mid-Year Update & LACOE CSO Renewal Readiness Report* in compliance with LACOE requirements and Ed Code §52062, §47606.2, and §47606.5.

- **Charter School/LEA Name:** Magnolia Science Academy 1
- **CDS Code:** 19101996119945
- **Date Presented to Board:** February 12, 2026

Our LACOE-authorized schools are required to submit a report to the Los Angeles County Board of Education detailing progress on the Measurable Pupil Outcomes (MPOs) outlined in each school's charter petition.

To maintain a cohesive framework of goals and measurable outcomes, the majority of MPOs in our charter petitions align with the metrics in the school Local Control and Accountability Plan (LCAP). The LCAP establishes a Baseline and a Desired Outcome for Year 3 for each metric. During the mid-year LCAP update, schools report interim progress and available performance data for the current year to assess progress toward the Year 3 Desired Outcome. This mid-year review provides an opportunity to monitor implementation, identify trends, and make any necessary adjustments prior to the end of the academic year. In contrast, the charter petition sets annual desired outcomes for each year of the petition term. During charter renewal (every five years), we align the desired MPOs in the petition with the LCAP's desired outcomes.

In essence, the mid-year report to LACOE parallels the LCAP mid-year reflection process, with additional narrative detail. Schools describe their progress toward desired outcomes to date, indicate whether they are on track to meet annual targets, and outline any adjustments or action steps they will take during the remainder of the year to achieve these goals.

Section C - Goal # Progress (One for each goal)

Goals & Actions

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Total Funds Budgeted	Mid-Year Expenditures

1.1	Teacher assignments and credentials Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation	$50,509.00	$25,890.91
1.2	Instructional materials and technology Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: Technology and NonCapital Equipment. The following expenditures will be funded by federal Title funds: -NonCapEquip: Resource: Title IV, Part A; Amount: $2,891	No	Ongoing Implementation	$749,554.12	$395,459.76

1.3	Clean and safe facilities that support learning Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: Classified Support, Staff Benefits, Professional Services, Custodial Supplies, Rent & Leases, and building utilities and maintenance. The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation	$3,191,642.17	$1,589,951.85
1.4	Healthy and nutritious meals Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: Food and Office Supplies. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$60,561.00	$24,348.50
1.5	Well-orchestrated Home Office support services The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4. Expenditures associated with this action include the following: CMO Fees, Professional Services, Legal, Audit & CPA, Oversight fees, and Interest Expenses. 2.1	Broad course of study and standards based curriculum Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation	$3,216,090.58	$1,469,451.37
2.2	Professional development for high-quality instruction Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and Teacher Salaries. The following expenditures will be funded by federal Title funds: -Certified Pupil Support Salaries: Title I, Part A ESEA; Amount: $115,055.81 -Professional development expenses: Resource: Title II; Amount: $34,000	Yes	Ongoing Implementation	$186,244.31	$93,780.14

2.3	MTSS - Academic enrichment, intervention, and student support Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Educational Software, Staff benefits, Administrator and Teacher salaries. The following expenditures will be funded by federal Title funds: -Educational Software: Resource: Title I, Part A; Amount: $80,728.38 -Unemployment Insurance: Resource: Title I, Part A; Amount: $8501.52 -Health & Welfare Benefits: Resource: Title I, Part A; Amount: $18,718.15 -OASDI/Medicare: Resource: Title I, Part A; Amount: $1,454.41 -STRS: Resource: Title I, Part A; Amount: $19,158.06 -Teacher Salaries: Resource: Title I, Part A; Amount: $100,304 -Educational Software: Resource: Title IV: Amount $3,180 LREBG ACTION: The planned use of the unexpended LREBG funds aligns with Action 2.3, which focuses on implementing a Multi-Tiered System of Supports (MTSS) to deliver targeted academic and social-emotional interventions. Funds will support personnel costs associated with providing small group and one-on-one interventions, co-taught classes, extended learning opportunities, and collaborative support meetings to ensure student progress is consistently monitored and addressed.	Yes	Ongoing Implementation	$1,321,864.95	$655,370.13

2.4	Designated and integrated ELD programs and support for ELs Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: Professional Services. The following expenditures will be funded by federal Title funds: -Professional Services: Resource: Title III - LEP; Amount: $89,739 -2400 Clerical & Tech: Resource: 4201 Title III - Imm. Ed. 2.5	Support for students with disabilities Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. Goal # Action #	Action Title and Description	Contributing	Implementation Level	Total Funds Budgeted	Mid-Year Expenditures
3.1	College/Career readiness programs and activities Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Expenditures associated with this action include the following: Educational Software.. The following expenditures will be funded by federal Title funds: -Educational Software: Resource: Title I, Part A; Amount: $500	Yes	Ongoing Implementation	$399,687.17	$187,101.48
3.2	STEM and GATE programs Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. Expenditures associated with this action include the following: Educational Software. The following expenditures will be funded by federal Title funds: -Educational Software: Resource: Title I, Part A; Amount: $7,965.00	Yes	Ongoing Implementation	$7,965.00	$1,537.80

3.3	Digital literacy and citizenship programs Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity. Expenditures associated with this action include the following: Educational Software. The following expenditures will be funded by federal Title funds: -Educational Software: Resource: Title I, Part A; Amount: $3,000	Yes	Ongoing Implementation	$191,746.98	$132,667.47
3.4	Physical education, activity, and fitness Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE supplies expenses. The following expenditures will be funded by federal Title funds: -PE Supplies: Resource: Title IV, Part A; Amount: $15,000	Yes	Ongoing Implementation	$553,022.19	$246,806.50

3.5	Additional programs and activities that support well-rounded education To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$831,303.33	$403,824.83

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Total Funds Budgeted	Mid-Year Expenditures
4.1	Seeking family input for decision-making Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: 5940: Technology. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$275.00	$140.96

4.2	Building relationships and partnerships with families for student outcomes Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Professional Services, Unemployment Insurance, OASDI/Medicare, STRS, and Teacher Salaries. The following expenditures will be funded by federal Title funds: -Professional Services: Resource: Title I, Part A; Amount: $9,001 -Unemployment Insurance: Resource: Title I, Part A; Amount: $55 -OASDI/Medicare: Resource: Title I, Part A; Amount: $159.5 -STRS: Resource: Title I, Part A; Amount: $2,101 -Teacher Salaries: Resource: Title I, Part A; Amount: $11,000	Yes	Ongoing Implementation	$377,199.76	$191,166.31

4.3	MTSS - PBIS and SEL support Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Instructional Materials & Supplies. The following expenditures will be funded by federal Title funds: -Instructional Materials & Supplies: Resource: Title I, Part A; Amount: $5,000	Yes	Ongoing Implementation	$569,788.39	$313,257.24
4.4	Annual educational partner surveys Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Panorama Education survey fees. The following expenditures will be funded by federal Title funds: 5800 Professional Services 3010 Title I: $3,500	Yes	Planned	$3,500.00	$1,794.10

4.5	Community outreach and partnerships Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. Expenditures associated with this action include the following: Corresponding personnel salaries, Marketing expenditures, professional services, membership fees. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$629,125.72	$254,317.86

Section D(1) - Goal Narratives/Renewal Readiness

Goal 1:
BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned and high-quality instructional materials, and appropriately maintained school facilities.

A. Metrics, Outcomes, and Data Analysis:
Mid-year data show the school is partially on track for Goal 1. MSA-1 remains compliant with teacher assignment requirements. At present, 76% of teaching assignments have a monitoring outcome of "clear," which is below the target goal of 85%. Of the 33 teachers, 29 are fully credentialed, two are working toward a California Preliminary Teaching Credential, and two are interns. The teacher retention rate is 77%, which is slightly below the desired target goal of 80%.

Facilities meet the "good repair" standard. Improvements include the addition of a new gym, new PE equipment, and new fencing installed in the staff parking area. To address campus safety concerns, the school hired additional security personnel to support the safety of students and staff.

MSA-1 provides all students with access to high-quality, standards-aligned instructional materials for use at school and at home. In Language Arts, the StudySync curriculum supports instruction in literature and non fiction texts, writing, and speaking and listening. In Math, HMH curriculum is used to provide rigorous, standards-aligned instruction. In Social Studies and Science, McGraw Hill curriculum is utilized.

B. Planned Actions & Adjustments:
To address teacher assignment requirements, the administrative team will regularly collaborate with HR and the Credential Consultant to address questions and ensure appropriate class assignments. To support teacher retention, we hired an instructional coach who provides ongoing support and coaching to new teachers. Additionally, the admin conducts regular informal observations and meets with teachers to identify action steps and provide targeted feedback. Furthermore, based on classroom observations, we identify schoolwide areas of need and provide professional development focused on Universal Design for Learning (UDL), clear, measurable, and standards-aligned learning objectives, accommodations, and SDAIE strategies.

C. Engagement of Educational Partners:
Parent feedback regarding campus safety informed the decision to add additional security personnel. Staff input and observations informed the decision to hire an instructional coach to support new teachers with classroom management and instructional practices.

Goal 2:
EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Graduate Profile,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence.

A. Metrics, Outcomes, and Data Analysis:
Mid year data shows that MSA-1 is partially on track. All students have full access to instructional materials, academic programs, and services. Based on the mid-year data 63% of students received a grade of "C" or better during the Fall semester with a 3% increase from last year. 2025-26 Winter MAP data shows that MSA-1 met growth projections for Reading (67.8%) and math (55.8%). In addition, MSA-1's Winter MAP Testing CGI was positive for both Reading (0.78) and Math (0.14). However, 2025 SBAC and Distance from Standard (DFS) data is below State average for some sub groups. Root causes contributing to these outcomes are teacher vacancies for some subjects and inconsistent instructional practices and differentiation in the 2024-25 school year.

B. Planned Actions & Adjustments:
Based on mid-year data, MSA-1 team decided to provide additional academic interventions with targeted student groups for Power English, Power Math, and Saturday school. In addition, school will provide additional EL strategies and UDL training for its teachers. The school admin will do more class observations and provide constructive feedback for teachers to improve student engagement and learning.

C. Engagement of Educational Partners:
MSA-1 team focused on data analysis and academic intervention with staff and families in the beginning of the Spring semester. The school admin will increase data awareness among teachers with deep diving into SBAC, MAP and CA Dashboard data including student sub groups and will conduct root cause analysis sessions to receive teachers' feedback. The school will also seek stakeholder feedback during the PAC and Coffee with the admin meetings.

Goal 3:
INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.

A. Metrics, Outcomes, and Data Analysis:
Mid-year data show the school is on track toward Goal 3. Enrollment in accelerated and advanced mathematics increased to 12% and participation in computer science/blended learning and STEAM projects remains at 100%. Dual enrollment completion rose to 41.7%, and UC/CSU A–G completion reached 100%, both exceeding targets. Seal of Biliteracy (30.6%) and Golden State Seal Merit Diploma (34.7%) rates remain above desired outcomes. College acceptance increased to 97%, and the college-going rate climbed to 74%.

B. Planned Actions & Adjustments:
Based on mid-year data, the school will strengthen AP readiness supports and expand early monitoring of college-aligned benchmarks. The school will increase instructional coaching, provide targeted tutoring in ELA and mathematics, vertically align college-readiness skills across grades. These adjustments strengthen alignment between LCAP goals, MPOs, and charter commitments by reinforcing equitable access to rigorous coursework and postsecondary pathways. Resources will support professional development, pathway expansion, and academic interventions.

C. Engagement of Educational Partners:
Educational partners—including families, staff, and students—reviewed mid-year data through advisory committees, department meetings, and surveys. Partner input prioritized AP performance. This feedback informed mid-year adjustments by guiding tutoring expansion, pathway development, and family outreach on college-readiness options.

Goal 4:
CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.

A. Metrics, Outcomes, and Data Analysis:
Midyear data indicates that of the 26 measurable indicators, MSA-1 is currently on track in 12 areas and demonstrating progress in an additional six. To date, MSA-1 has hosted 25 Family Engagement Activities, significantly exceeding the target of 10. Average Daily Attendance (ADA) is trending at 93.9%, surpassing the LCAP goal by 2.02%. Graduation outcomes are projected at 100%, exceeding the LCAP goal by 5%.

The current suspension rate is 0.7%, which is 1.8% below the established target of 2.5%. Student retention has met the LCAP goal at 86%, exceeding the target by 1%. MSA-1 anticipates meeting the annual target for community partner meetings, including PAC and ELAC, by year's end. Increased participation in home visits is underway to close the remaining 8.9% gap toward the 15% goal. Additionally, chronic absenteeism is currently meeting the LCAP target of 20%, with ongoing efforts focused on continued improvement.

Finally, MSA-1 is actively preparing to measure Student, Family, and Staff Participation, Approval, and Satisfaction rates, which will be assessed through surveys administered in March.

B. Planned Actions and Adjustments:
MSA-1 will continue to hold regularly scheduled PAC and ELAC meetings and has begun allocating unrestricted funds toward student recognition incentives for maintaining or improving attendance. These efforts are intended to further strengthen ADA and reduce chronic absenteeism.

To support family engagement and attendance initiatives, additional time will be provided for staff to conduct home visits during Wednesday professional development days. MSA-1 will also continue using prior year survey data to guide planning and implementation strategies aimed at improving Student, Family, and Staff Approval and Satisfaction rates in advance of the Spring survey administration.

C. Engagement of Educational Partners:
LCAP data is consistently shared with educational partners through PAC meetings, Coffee with the Administration sessions, and weekly Wednesday staff meetings. Individual student data is reviewed during semester-based meetings held within SSR/Advisory periods. These engagement opportunities ensure that multiple community partners are informed and able to provide input. Feedback gathered through these forums serves as a key driver for programmatic adjustments and annual planning decisions.

Magnolia Science Academy 2
Mid-Year LCAP Update & LACOE CSO Renewal Readiness Report

Section A - Background

Purpose & Statutory Overview

Present the *LCAP Mid-Year Update & LACOE CSO Renewal Readiness Report* in compliance with LACOE requirements and Ed Code §52062, §47606.2, and §47606.5.

- **Charter School/LEA Name:** Magnolia Science Academy 2
- **CDS Code:** 19101990115212
- **Date Presented to Board:** February 12, 2026

Our LACOE-authorized schools are required to submit a report to the Los Angeles County Board of Education detailing progress on the Measurable Pupil Outcomes (MPOs) outlined in each school's charter petition.

To maintain a cohesive framework of goals and measurable outcomes, the majority of MPOs in our charter petitions align with the metrics in the school Local Control and Accountability Plan (LCAP). The LCAP establishes a Baseline and a Desired Outcome for Year 3 for each metric. During the mid-year LCAP update, schools report interim progress and available performance data for the current year to assess progress toward the Year 3 Desired Outcome. This mid-year review provides an opportunity to monitor implementation, identify trends, and make any necessary adjustments prior to the end of the academic year. In contrast, the charter petition sets annual desired outcomes for each year of the petition term. During charter renewal (every five years), we align the desired MPOs in the petition with the LCAP's desired outcomes.

In essence, the mid-year report to LACOE parallels the LCAP mid-year reflection process, with additional narrative detail. Schools describe their progress toward desired outcomes to date, indicate whether they are on track to meet annual targets, and outline any adjustments or action steps they will take during the remainder of the year to achieve these goals.

Section C - Goal # Progress (One for each goal)

Goals & Actions

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Total Funds Budgeted	Mid-Year Expenditures

1.1	Teacher assignments and credentials Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation	$30,502.00	$15,635.33
1.2	Instructional materials and technology Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: -Technology: Resource: Title IV, Part A ESEA (ESSA); Amount: $22,909	No	Ongoing Implementation	$494,584.35	$229,174.86

1.3	Clean and safe facilities that support learning Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation	$2,022,775.68	$1,035,342.99
1.4	Healthy and nutritious meals Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$19,126.00	$9,803.99
1.5	Well-orchestrated Home Office support services The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4. Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal	No	Ongoing Implementation	$1,222,013.00	$620,942.11

	fees (YM&C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.) The following expenditures will be funded by federal Title funds: N/A				

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Total Funds Budgeted	Mid-Year Expenditures
2.1	Broad course of study and standards based curriculum Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation	$1,861,109.78	$970,291.49
2.2	Professional development for high-quality instruction Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees. The following expenditures will be funded by federal Title funds: -Professional development - Resource: Title II; Amount: $4,500 -Professional development - other expenses: Resource: Title IV, Part A ESEA (ESSA); Amount: $26,145	Yes	Ongoing Implementation	$65,678.00	$33,666.54

2.3	MTSS - Academic enrichment, intervention, and student support Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Dean of Academics salary and benefits, Title-I coordinator salary and benefits, instructional aide salaries and benefits, intervention teacher salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Abre data visualization software fees, and evidence-based supplemental intervention/enrichment program fees (Edgenuity, ALEKS, IXL, Standards Plus, Quizizz, Padlet, BrainPOP, NextGenMath, Grammarly, Flocabulary, Nearpod, Newsela, and myON.) The following expenditures will be funded by federal Title funds: -Professional Services: Resource: Title I; Amount: $4,500 -Educational Software: Resource: Title IV, Part A ESEA (ESSA); Amount: $3,180 -Educational Software: Resource: Title I; Amount: $43,319.79 -Intervention Teacher & Cert. Admin salary and benefits: Resource: Title I; Amount: $91,635.55	Yes	Ongoing Implementation	$529,402.25	$277,961.50
2.4	Designated and integrated ELD programs and support for ELs Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits, and Rosetta Stone program fees.	Yes	Ongoing Implementation	$1,000.00	$512.60

	The following expenditures will be funded by federal Title funds: -Professional Services: Resource: Title I; Amount: $1,000				
2.5	Support for students with disabilities Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation	$1,112,943.77	$491,006.21

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Total Funds Budgeted	Mid-Year Expenditures
3.1	College/Career readiness programs and activities Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Expenditures associated with this action include the following: college counselor salary and benefits, AP teacher stipends, Naviance program fees, AP exam fees, AP course materials, and other college-related materials and activities. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$162,156.71	$107,073.87

3.2	STEM and GATE programs Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. Expenditures associated with this action include the following: supplemental STEM program fees. The following expenditures will be funded by federal Title funds: -Educational Software: Resource: Title I; Amount: $2,000 -Educational Software: Resource: Title IV, Part A ESEA (ESSA); Amount: $1,500	Yes	Ongoing Implementation	$3,500.00	$1,794.10
3.3	Digital literacy and citizenship programs Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity. Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$107,484.78	$35,525.45

3.4	Physical education, activity, and fitness Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$194,446.68	$109,431.35
3.5	Additional programs and activities that support well-rounded education To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$628,940.39	$298,784.61

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Total Funds Budgeted	Mid-Year Expenditures

4.1	Seeking family input for decision-making Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses, technology. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$275.00	$140.96
4.2	Building relationships and partnerships with families for student outcomes Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees,	Yes	Ongoing Implementation	$361,340.90	$148,963.23

	home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title funds: -Professional Services: Resource: Title I; Amount: $17,500				
4.3	MTSS - PBIS and SEL support Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform expenses, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. The following expenditures will be funded by federal Title funds: -Non-Instructional Student Supplies: Resource: Title III (Imm. Ed.); Amount: $2,866 -Instructional Materials and Supplies: Resource: Title I; Amount: $1,000 -Salary and benefits: Resource: Title I, Part A; Amount: $41,125.64	Yes	Ongoing Implementation	$608,211.51	$292,931.72

4.4	Annual educational partner surveys Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Panorama Education survey fees. The following expenditures will be funded by federal Title funds: 5800 Professional Services - 3010 Title I: $2,200	Yes	Planned	$2,200.00	$1,127.72
4.5	Community outreach and partnerships Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. The number of parent events, PAC, and ELAC meetings significantly increased, requiring additional staffing, translation services, and materials. The funds were used to pay the salaries and benefits of the community school liaison and community school coordinator based on student enrollment/school size. To strengthen attendance and engagement outcomes, we also invested more in support staff and extended hours for outreach teams. We highly value the efforts our families put in, so we set up celebratory events and send our coordinators to trainings to build a robust department and improve our school community. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$560,146.75	$221,818.42

Section D(1) - Goal Narratives/Renewal Readiness

Goal 1:
BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned and high-quality instructional materials, and appropriately maintained school facilities.
Part A: Metrics, Outcomes, and Data Analysis Mid-year data show the school is partially on track toward Goal 1. All students have full access to standards-aligned instructional materials, facilities remain in good repair, and teacher attendance and retention show modest improvement. While the percentage of teaching assignments with a “clear” assignment monitoring outcome remains below the long-term target, the school continues to improve this metric; all teachers are appropriately authorized and hold the required permits to teach their assigned courses. Root causes include teachers working with intern credentials or permits, working on getting their preliminary credentials, and continuing staff transitions during the year. **Part B: Planned Actions & Adjustments** Based on mid-year data, the school will strengthen credential monitoring and scheduling practices in collaboration with the Magnolia Public Schools Home Office. To address root causes, additional credential audits, targeted teacher support, and proactive recruitment strategies will be implemented. These adjustments strengthen alignment between LCAP goals, MPOs, and charter commitments by ensuring students are taught by appropriately credentialed teachers. **Part C: Engagement of Educational Partners** Educational partners, including administrators, teachers, and Home Office staff, reviewed staffing and compliance data related to Goal 1. Partner input identified credential alignment and staffing stability as priority needs. This feedback informed adjustments by emphasizing proactive monitoring and increased support for teachers completing credential requirements.

Goal 2:
EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Graduate Profile,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence.
Part A: Metrics, Outcomes, and Data Analysis Mid-year data show the school is partially on track toward Goal 2. Students continue to have equitable access to core programs, and MAP growth data indicate improving trends in English Language Arts and Mathematics. CAASPP results and Distance from Standard data show early recovery but remain below state averages for some student groups, particularly English Learners and students with disabilities. Root causes include inconsistent instructional implementation and the need for stronger alignment between core instruction and timely interventions. **Part B: Planned Actions & Adjustments** Based on mid-year data, the school will increase the frequency of instructional observations and refine MTSS intervention placement. To address root causes, targeted professional development will focus on instructional consistency, differentiation, and standards-aligned practices. **Part C: Engagement of Educational Partners** Educational partners, including teachers, instructional leaders, and support staff, reviewed academic and growth data during data meetings and professional learning sessions. Partner input identified instructional consistency and timely interventions as priority needs. This feedback informed adjustments to professional development and intervention structures.

Goal 3:
INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.

Part A: Metrics, Outcomes, and Data Analysis
Mid-year data show the school is on track toward Goal 3. Student participation in accelerated math, STEAM projects, technology courses, and blended learning meets or exceeds LCAP targets. College and career readiness indicators, including UC/CSU completion and college acceptance rates, remain strong. Variability in some college preparedness measures reflects the need for continued academic support within advanced pathways.
Part B: Planned Actions & Adjustments
Based on mid-year data, the school will continue current innovation-focused actions while strengthening support for students not yet meeting college readiness benchmarks. Targeted academic support will be expanded within advanced coursework and college readiness programs, such as AP programming and Dual Enrollment participation.
Part C: Engagement of Educational Partners
Educational partners, including students, staff, counselors, and families, reviewed college and career readiness data related to Goal 3. Partner input emphasized expanding access to advanced coursework and postsecondary guidance. This feedback informed refinements to pathway planning and student support.

Goal 4:
CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.

Part A: Metrics, Outcomes, and Data Analysis
Mid-year data show the school is on track toward Goal 4. Family engagement activities, advisory committee meetings, and school events are progressing toward annual targets. Attendance rates have improved, and chronic absenteeism continues to decline, while suspension and expulsion rates remain low. These outcomes reflect effective engagement, attendance, and SEL systems.
Part B: Planned Actions & Adjustments
Based on mid-year data, the school will increase targeted outreach to families and expand engagement efforts during the second half of the year. To address participation gaps, communication supports, translation services, and home visit efforts will be strengthened.
Part C: Engagement of Educational Partners
Educational partners, including families, students, staff, and community members, reviewed engagement and climate data through PAC, ELAC, and leadership meetings. Partner input identified communication, attendance, and connectedness as priority needs. This feedback informed adjustments to outreach strategies and engagement activities.

Goal 2:

EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our "Graduate Profile," including Literacy with a Learner's Mindset and Critical Thinking skills as they pursue academic excellence.

Goal 3:

INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.

Measurable Outcomes	School Reported Performance				Outcome Met?
	Group(s)	Year	Goal	Annual Report	
1. All students will have sufficient access to Accelerated and/or Advanced Math courses and/or Advanced Math clubs.	All Students	2023-24 (Baseline)	N/A	14.00%	N/A

Magnolia Science Academy 3
Mid-Year LCAP Update & LACOE CSO Renewal Readiness Report

Section A - Background

Purpose & Statutory Overview

Present the *LCAP Mid-Year Update & LACOE CSO Renewal Readiness Report* in compliance with LACOE requirements and Ed Code §52062, §47606.2, and §47606.5.

- **Charter School/LEA Name:** Magnolia Science Academy 3
- **CDS Code:** 19101990115030
- **Date Presented to Board:** February 12, 2026

Our LACOE-authorized schools are required to submit a report to the Los Angeles County Board of Education detailing progress on the Measurable Pupil Outcomes (MPOs) outlined in each school's charter petition.

To maintain a cohesive framework of goals and measurable outcomes, the majority of MPOs in our charter petitions align with the metrics in the school Local Control and Accountability Plan (LCAP). The LCAP establishes a Baseline and a Desired Outcome for Year 3 for each metric. During the mid-year LCAP update, schools report interim progress and available performance data for the current year to assess progress toward the Year 3 Desired Outcome. This mid-year review provides an opportunity to monitor implementation, identify trends, and make any necessary adjustments prior to the end of the academic year. In contrast, the charter petition sets annual desired outcomes for each year of the petition term. During charter renewal (every five years), we align the desired MPOs in the petition with the LCAP's desired outcomes.

In essence, the mid-year report to LACOE parallels the LCAP mid-year reflection process, with additional narrative detail. Schools describe their progress toward desired outcomes to date, indicate whether they are on track to meet annual targets, and outline any adjustments or action steps they will take during the remainder of the year to achieve these goals.

Section C - Goal # Progress (One for each goal)

Goals & Actions

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Total Funds Budgeted	Mid-Year Expenditures

1.1	Teacher assignments and credentials Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees. The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation	$29,999.00	$15,377.49
1.2	Instructional materials and technology Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: -Technology: Resource: Title IV, Part A ESEA (ESSA); Amount: $963.54	No	Fully Implemented	$388,822.42	$208,671.21

1.3	Clean and safe facilities that support learning Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, , maintenance and repair services, gas/electric, health and safety related expenses, and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A	No	Fully Implemented	$581,488.25	$311,032.54
1.4	Healthy and nutritious meals Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$10,508.00	$5,386.40
1.5	Well-orchestrated Home Office support services The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4. Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&C, etc.), and other back-office related expenses (Adaptive	No	Ongoing Implementation	$905,505.00	$487,113.02

	Insights, DataWorks, etc.) The following expenditures will be funded by federal Title funds: N/A				

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Total Funds Budgeted	Mid-Year Expenditures
2.1	Broad course of study and standards based curriculum Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: N/A	No	Fully Implemented	$1,715,577.96	$854,950.86
2.2	Professional development for high-quality instruction Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees. The following expenditures will be funded by federal Title funds: -Tuition reimbursement and other professional development: Resource: Title II, Part A; Amount: $12,000	Yes	Ongoing Implementation	$18,357.20	$9,409.90

2.3	MTSS - Academic enrichment, intervention, and student support Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Dean of Academics salary and benefits, instructional aide salaries and benefits, intervention teacher salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, and evidence-based supplemental intervention/enrichment program fees (IXL, MyON, BrainPOP, Flocabulary, and Nearpod) The following expenditures will be funded by federal Title funds: -Teacher & admin salaries and benefits Resource: Title I: $101,385.45 -Professional Services Resource: Title I: $3,180 -Educational Software Resource: Title I: $36,255.55 -Educational Software Resource: Title IV, part A: $3,370.8	Yes	Ongoing Implementation	$689,448.46	$377,803.37
2.4	Designated and integrated ELD programs and support for ELs Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$0.00	$0.00

2.5	Support for students with disabilities Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation	$764,286.53	$391,282.27

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Total Funds Budgeted	Mid-Year Expenditures
3.1	College/Career readiness programs and activities Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Expenditures associated with this action include the following: college counselor salary and benefits, AP teacher stipends, Naviance program fees, AP exam fees, AP course materials, and other college-related materials and activities. The following expenditures will be funded by federal Title funds: -Instructional Materials & Sups.: Title IV Part A; Amount: $3,180	Yes	Ongoing Implementation	$258,688.25	$136,401.70

3.2	STEM and GATE programs Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. Expenditures associated with this action include the following: supplemental STEM program fees. The following expenditures will be funded by federal Title funds: N/A	Yes	Planned	$0.00	$0.00
3.3	Digital literacy and citizenship programs Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity. Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$114,261.57	$59,957.21

3.4	Physical education, activity, and fitness Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal Title funds: -Title IV, Part A: Salary and Benefits Amount: $6,052.5	Yes	Ongoing Implementation	$177,720.35	$68,549.50
3.5	Additional programs and activities that support well-rounded education To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$468,955.23	$192,257.99

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Total Funds Budgeted	Mid-Year Expenditures

4.1	Seeking family input for decision-making Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$275.00	$140.96
4.2	Building relationships and partnerships with families for student outcomes Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees,	Yes	Ongoing Implementation	$149,316.04	$75,024.89

	home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title funds. -Stipends for home visits: Resource: Title I, Part A; Amount: $16,146.75				
4.3	MTSS - PBIS and SEL support Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform expenses, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. The following expenditures will be funded by federal Title funds: -Additional services, material, and supplies for homeless students: Resource: Title I; Amount: $4,129.76	Yes	Ongoing Implementation	$581,292.43	$308,256.56

4.4	Annual educational partner surveys Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Panorama Education survey fees. The following expenditures will be funded by federal Title funds: 5800 Professional Services: 3010 Title I: $1,696	Yes	Ongoing Implementation	$1,696.00	$869.37
4.5	Community outreach and partnerships Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. Expenditures associated with this action include the following: Community Schools Coordinator salary and benefits, membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$349,480.64	$159,077.78

Section D(1) - Goal Narratives/Renewal Readiness

Goal 1:
BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned and high-quality instructional materials, and appropriately maintained school facilities.
A. Metrics, Outcomes, and Data Analysis Mid-year data show MSA-3 is partially on track toward Goal 1. The school is meeting key basic-services indicators; students have access to standards-aligned instructional materials and facilities remain in good repair; supporting a safe, secure learning environment. Staffing indicators remain an area for continued attention, including improving the “clear” assignment monitoring rate for teaching assignments and strengthening retention and attendance trends to ensure consistent access to appropriately assigned educators. Consistent with our authorizer’s guidance, the school is prioritizing foundational systems that support equitable outcomes for all students and student groups. **B. Planned Actions & Adjustments** Based on mid-year results, MSA-3 will strengthen credential/assignment monitoring and staffing stability by increasing the cadence of internal checks and proactively coordinating with Home Office HR/credential supports to ensure correct authorizations, assignments, and timely resolution of gaps. The school will also continue regular facilities and materials checks to maintain strong basic-services conditions. These adjustments strengthen alignment between Goal 1, MPO expectations, and charter commitments by ensuring all students learn in safe, well-maintained environments with standards-aligned materials and appropriately authorized teachers. **C. Engagement of Educational Partners** Educational partners, including administrators, teachers, and Home Office/HR partners, reviewed mid-year Goal 1 indicators (credential/assignment status, retention and attendance trends, facilities conditions, and instructional materials access) to identify priority needs and shape mid-year adjustments. Partner input emphasized staffing stability and proactive monitoring as key levers to sustain a high-quality learning environment. In alignment with our authorizer’s guidance, the school will continue using inclusive language and monitoring conditions to ensure every student group is supported through strong foundational systems.

Goal 2:
EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Graduate Profile,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence.

A. Metrics, Outcomes, and Data Analysis
Mid-year data show MSA-3 is partially on track toward Goal 2. Students have sufficient access to academic programs and services, and state outcome indicators show MSA-3 is on track on the Dashboard Distance from Standard indicators in both ELA and Math, with CAASPP performance measures trending partially on track in ELA and on track in Math. Local growth indicators show stronger progress in Reading (on track on MAP year-to-year measures) with more mixed signals in Math growth, and implementation metrics indicate the school is not yet on track for completing the targeted observation cycle, while course performance ("C or better") is partially on track. Overall, the data point to steady progress with a clear need to strengthen instructional consistency, observation/feedback implementation, and targeted supports to accelerate achievement for all students and student groups.

B. Planned Actions & Adjustments
Based on mid-year data, MSA-3 will increase the consistency and impact of core instruction and interventions by tightening the observation/feedback cycle (calibrated walkthrough expectations, faster feedback loops, and trend-based coaching), strengthening MTSS placement and progress monitoring, and using verified data routines to identify priority standards and adjust instruction. The school will prioritize Math acceleration through clearer Tier 1 expectations and targeted small-group supports while maintaining Reading gains, ensuring instructional adjustments are consistent across classrooms and aligned to standards and Graduate Profile competencies.

C. Engagement of Educational Partners
Educational partners, including teachers, instructional leaders, support staff, and families through existing communication and meeting structures, reviewed mid-year academic and implementation data to identify strengths and priority needs for Goal 2. Staff input emphasized the need for consistent instructional practices, tighter use of data to drive interventions, and a more reliable observation/feedback routine; this feedback informed the mid-year adjustments to coaching, progress monitoring, and targeted academic supports.

Goal 3:

INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.

A. Metrics, Outcomes, and Data Analysis
Mid-year data show MSA-3 is partially on track toward Goal 3. Students have access to innovation-aligned experiences and opportunities, including accelerated/advanced math participation, computer/technology and blended learning experiences for the graduating class, and STEAM-focused projects, and the school is on track on key readiness indicators such as CCI Prepared, EAP ELA, and college coursework/dual enrollment completion. At the same time, several college- and career-readiness benchmarks are not yet on track, including EAP Math, AP performance indicators, UC/CSU a–g completion, and CTE pathway completion, indicating the need to strengthen supports so more students successfully meet these outcomes.

B. Planned Actions & Adjustments
Based on mid-year results, MSA-3 will maintain strong access to technology, blended learning, and STEAM while strengthening readiness supports in the areas not yet on track. The school will tighten progress monitoring for EAP, AP readiness, and a–g trajectory; expand targeted academic supports aligned to advanced coursework and college readiness; and strengthen student planning and advising routines so students are supported earlier and more consistently toward postsecondary goals, with particular attention to equitable access and success for all student groups.

C. Engagement of Educational Partners
Educational partners, including students, staff, counselors/college-advising supports, and families, reviewed mid-year college and career readiness indicators and local participation measures to identify priorities for Goal 3. Feedback emphasized clearer guidance and stronger academic supports connected to advanced pathways and college readiness benchmarks; this input informed adjustments to progress monitoring, targeted support structures, and communication/planning routines for students and families through spring.

Goal 4:

CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.

A. Metrics, Outcomes, and Data Analysis
Mid-year data show MSA-3 is partially on track toward Goal 4, with progress across engagement and school climate indicators but continued needs in attendance-related outcomes. MSA-3 is on track for holding PAC meetings, offering family engagement activities/events, maintaining ADA, and keeping student suspension and expulsion outcomes low; student retention is partially on track. Areas needing improvement include ELAC meeting completion (partially on track), home visits (partially on track), and chronic absenteeism (not on track). Consistent with the authorizer's renewal letter, chronic absenteeism is a key area for continued growth, while the suspension rate remains a relative strength compared to the state; the school will continue using inclusive language and monitoring outcomes for numerically significant student groups as part of the whole-child approach to connection and belonging.

B. Planned Actions & Adjustments
Based on mid-year results, MSA-3 will strengthen its attendance and engagement systems to address chronic absenteeism and improve connectedness. The school will tighten its attendance MTSS routines (regular attendance reviews, earlier outreach, and consistent documentation of actions), increase home-visit follow-through to remove barriers to attendance, and strengthen ELAC structures to ensure meetings and communication supports are consistently implemented. The school will also prioritize increasing family and staff participation in the spring school experience surveys (participation is currently not on track for families and staff) to ensure decisions reflect partner input and strengthen climate, belonging, and effective communication.

C. Engagement of Educational Partners
Educational partners, including families (through PAC/ELAC), staff, and school leadership teams, reviewed mid-year Goal 4 indicators (attendance, chronic absenteeism, engagement activities, discipline, retention, and survey participation) to identify strengths and priority needs. Partner input emphasized the need for stronger outreach and two-way communication to reduce absenteeism and increase participation in engagement opportunities and surveys. This feedback informed mid-year adjustments by prioritizing targeted attendance outreach, increased home-visit supports, strengthened ELAC planning, and intentional strategies to improve family and staff participation in spring feedback measures.

Goal 3:

INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.

Section A - Background

Purpose & Statutory Overview

Present the *LCAP Mid-Year Update & LACOE CSO Renewal Readiness Report* in compliance with LACOE requirements and Ed Code §52062, §47606.2, and §47606.5.

- **Charter School/LEA Name:** Magnolia Science Academy 5
- **CDS Code:** 19101990137679
- **Date Presented to Board:** February 12, 2026

Our LACOE-authorized schools are required to submit a report to the Los Angeles County Board of Education detailing progress on the Measurable Pupil Outcomes (MPOs) outlined in each school's charter petition.

To maintain a cohesive framework of goals and measurable outcomes, the majority of MPOs in our charter petitions align with the metrics in the school Local Control and Accountability Plan (LCAP). The LCAP establishes a Baseline and a Desired Outcome for Year 3 for each metric. During the mid-year LCAP update, schools report interim progress and available performance data for the current year to assess progress toward the Year 3 Desired Outcome. This mid-year review provides an opportunity to monitor implementation, identify trends, and make any necessary adjustments prior to the end of the academic year. In contrast, the charter petition sets annual desired outcomes for each year of the petition term. During charter renewal (every five years), we align the desired MPOs in the petition with the LCAP's desired outcomes.

In essence, the mid-year report to LACOE parallels the LCAP mid-year reflection process, with additional narrative detail. Schools describe their progress toward desired outcomes to date, indicate whether they are on track to meet annual targets, and outline any adjustments or action steps they will take during the remainder of the year to achieve these goals.

Section C - Goal # Progress (One for each goal)

Goals & Actions

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Total Funds Budgeted	Mid-Year Expenditures
1.1	Teacher assignments and credentials Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation	$18,439.00	$11,239.78
1.2	Instructional materials and technology Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation	$179,499.72	$83,491.12

1.3	Clean and safe facilities that support learning Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation	$365,848.08	$183,043.86
1.4	Healthy and nutritious meals Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$24,096.00	$13,840.20
1.5	Well-orchestrated Home Office support services The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4. Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal	No	Ongoing Implementation	$261,113.00	$133,846.52

	fees (YM&C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.) The following expenditures will be funded by federal Title funds: N/A				

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Total Funds Budgeted	Mid-Year Expenditures
2.1	Broad course of study and standards based curriculum Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation	$1,029,876.73	$526,223.80
2.2	Professional development for high-quality instruction Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees. The following expenditures will be funded by federal Title funds: -4035 Title II 5864 Prof Dev-Other $9,000	Yes	Ongoing Implementation	$32,976.00	$16,903.50

2.3	MTSS - Academic enrichment, intervention, and student support Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Dean of Academics salary and benefits, Title-I coordinator salary and benefits, instructional aide salaries and benefits, intervention teacher salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Illuminate DnA fees, and evidence-based supplemental intervention/enrichment program fees (Edgenuity, ALEKS, IXL, Accelerated Reader, Lexercise, ST Math, Standards Plus, Quizizz, Padlet, Grade Slam, Sumdog, BrainPOP, NextGenMath, Membean, Spelling City, Turnitin, Seesaw, Listenwise, Grammarly, Cambium Learning, ABC Mouse, Learning A-Z, Flocabulary, Alexandria Library, Nearpod, Newsela, and myON.) The following expenditures will be funded by federal Title funds: -4127 Title IV, Part A ESEA (ESSA) 4340 Education Software $9,158.05 -3010 Title I 4340 Education Software $11,665 -3010 Title I 3500 Unemployment Insurance $251.19 -3010 Title I 3300 OASDI/Medicare $728.45 -3010 Title I 3100 STRS $9,595.41 -3010 Title I 1100 Teacher Salaries $51,084 -3010 Title I 5800 Professional Services $5,300 LREBG ACTION: The planned use of the unexpended LREBG funds aligns with Action 2.3, which focuses on implementing a Multi-Tiered System of Supports (MTSS) to deliver targeted academic and social-emotional interventions. Funds will support personnel costs associated with providing small group and one-on-one interventions, co-taught classes, extended learning opportunities, and collaborative support meetings to ensure student progress is consistently monitored and addressed.	Yes	Ongoing Implementation	$441,352.89	$215,152.24

2.4	Designated and integrated ELD programs and support for ELs Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits, and Rosetta Stone program fees. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$90,197.48	$46,864.04
2.5	Support for students with disabilities Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: -4127 Title IV, Part A ESEA (ESSA) 5800 Professional Services $8,480	No	Ongoing Implementation	$418,701.10	$273,082.17

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Total Funds Budgeted	Mid-Year Expenditures

3.1	College/Career readiness programs and activities Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Expenditures associated with this action include the following: college counselor salary and benefits, AP teacher stipends, Naviance program fees, AP exam fees, AP course materials, and other college-related materials and activities. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$141,646.16	$100,654.02
3.2	STEM and GATE programs Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. Expenditures associated with this action include the following: supplemental STEM program fees. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$0.00	$0.00

3.3	Digital literacy and citizenship programs Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity. Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. The following expenditures will be funded by federal Title funds: N/A	Yes	Ongoing Implementation	$153,201.90	$61,499.81
3.4	Physical education, activity, and fitness Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal Titles: -4127 Title IV, Part A ESEA (ESSA) 4335 PE Supplies $18,713	Yes	Ongoing Implementation	$152,147.86	$69,896.33

3.5	Additional programs and activities that support well-rounded education To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: -4127 Title IV, Part A ESEA (ESSA) 4326 Arts &Music Supplies $10,385 -4127 Title IV Part A ESEA (ESEA) 5800 Professional Services $15,900	Yes	Ongoing Implementation	$232,980.86	$117,565.70

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Total Funds Budgeted	Mid-Year Expenditures
4.1	Seeking family input for decision-making "Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees. The following expenditures will be funded by federal Title funds: N/A"	Yes	Ongoing Implementation	$275.00	$140.96

4.2	Building relationships and partnerships with families for student outcomes "Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students‚Äô grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school‚Äôs EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title funds: -3010 Title I 5800 Professional Services $1,590 -3010 Title I 3500 Unemployment Insurance $90 -3010 Title I 3300 OASDI/Medicare $261 -3010 Title I 3100 STRS $3438 -3010 Title I 1100 Teacher Salaries $18,000"	Yes	Ongoing Implementation	$223,525.27	$103,718.71

4.3	MTSS - PBIS and SEL support "Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform expenses, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. The following expenditures will be funded by federal Title funds: -4201 Title III - Immigrant. Ed. 4345 Non-Instructional Student Supplies $4,317.38 -3010 Title I 4340 Educational Software $4,134 -3010 Title I Teacher salaries and benefits $8,362.13"	Yes	Ongoing Implementation	$355,768.90	$198,227.80
4.4	Annual educational partner surveys "Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Panorama Education survey fees. The following expenditures will be funded by federal Title funds:	Yes	Ongoing Implementation	$1,233.84	$632.47

	3010 Title I - 5800 Professional Services: $1,233.84"				
4.5	Community outreach and partnerships "Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. Section D(1) - Goal Narratives/Renewal Readiness

Goal 1:
BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned and high-quality instructional materials, and appropriately maintained school facilities.

A. Metrics, Outcomes, and Data Analysis
Midyear outcome data show that MSA-5 is on track for four of five Goal 1 indicators. All students continue to have access to their own standards-aligned instructional materials at school and at home (0% without access), and facility inspections have identified zero instances where the site does not meet the "good repair" standard. Teacher retention has increased to 86% (Fall 2024 to Fall 2025), above the 80% long-term target, and teacher attendance for first semester is 96.4%, above the 95% desired outcome, indicating improved stability and fewer disruptions to instruction. The remaining area of concern is the percentage of teaching assignments with an assignment monitoring outcome of "clear," which has not yet reached the target; this is largely attributable to a small group of teachers who are in progress toward preliminary or clear credentials and to a few hard-to-fill assignments where matching credential authorizations and master schedule needs has been complex.

B. Planned Actions & Adjustments (Midyear → Spring)
To address the remaining assignment-monitoring gap and strengthen basic services ahead of renewal, MSA-5 will:

Continue monthly credential audits in collaboration with the MPS Home Office HR team, with a specific focus on aligning the master schedule to credential authorizations and reducing any remaining "not clear" assignments.

Maintain targeted recruitment and onboarding for hard-to-staff positions, including use of signing incentives where appropriate and a rapid substitute/coverage plan that prevents misassignments.

Provide individualized credential counseling for staff, including clear pathways to obtaining preliminary and clear credentials, induction, added authorizations, and tuition reimbursement to remove financial barriers and accelerate completion.
These actions directly respond to LACOE's emphasis on fully credentialed staff and strong basic-services implementation as part of renewal eligibility.

C. Engagement of Educational Partners
Priority 1 local indicator data on credentials, instructional materials, and facilities have been reviewed with the administrative team, department leads, and operations staff and shared with PAC and ELAC. Educational partners affirmed the importance of staff stability, fully credentialed teachers, and safe, well-maintained facilities; this feedback has informed decisions about credential support, facility work-order priorities, and HR planning. The Home Office also regularly reviews these data with school leadership to ensure that progress on basic services is clearly documented for the Governing Board and in preparation for charter renewal.

Goal 2:
EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our "Graduate Profile," including Literacy with a Learner's Mindset and Critical Thinking skills as they pursue academic excellence.

A. Metrics, Outcomes, and Data Analysis
Midyear data indicate that MSA-5 is on track for the majority of Goal 2 indicators and has made notable academic gains. All students have sufficient access to programs and services, including those designed for unduplicated pupils and students with disabilities (100% access). As of January 28, 46% of the planned formal and informal observations have been completed, which is on pace but will require continued focus to reach the ≥85% year-end target. First-semester grades show that 73% of students earned a “C” or better in core subjects and electives, an improvement over 2023–24 and 2024–25, though still below the long-term goal of ≥80%.

On the 2025 CA School Dashboard, MSA-5’s Distance from Standard (DFS) in ELA improved to +9.8, significantly higher than the state average of –8.1 and moving overall performance from Orange to Green; Math DFS improved to –8.6 compared to the state average of –42.4, also moving to Green. All numerically significant student groups (EL, Hispanic, SED) outperformed state subgroup averages in both ELA and Math. At the same time, the English Learner Progress Indicator (ELPI) declined from the prior year even while remaining above the state average (53% vs. 46.4%), indicating that a smaller proportion of ELs made at least one performance-level gain or maintained PL4.

Root cause analysis: The improvement in ELA and Math appears tied to stronger core instruction, standards-aligned curriculum, and targeted intervention/MTSS supports, while the remaining gap in “C or better” course completion reflects uneven grading practices and persistent skill gaps for particular students and subgroups. The ELPI decline suggests that while many ELs are making progress, a subset—likely including newcomers and long-term ELs with more intensive needs—are not accelerating at the rate required, which will require sharper focus on designated and integrated ELD and progress monitoring.

B. Planned Actions & Adjustments (Midyear → Spring)
To sustain gains and address areas identified by LACOE (including the need for clear evidence of measurable academic growth and stronger EL progress), MSA-5 will:

Complete the remaining formal and informal observations with a focus on feedback tied to standards implementation, high-quality questioning, language development strategies (e.g., CHATS/SDAIE), and supports for unduplicated students and students with disabilities.

Strengthen course performance by using D/F lists every 2–3 weeks, coordinating targeted tutoring and office hours, and aligning MTSS Tier 2 supports to specific priority standards in ELA and Math.

Use MAP Reading and Math data more intentionally as “verified data” to monitor at least one year of growth for each student: teachers will set class-level growth targets, conduct interim checks, and adjust instruction and small-group supports accordingly, with particular attention to EL, SED, and SWD subgroups.

Refine designated and integrated ELD by aligning lesson planning and PLC collaboration to ELPI data, monitoring EL progress each term, and differentiating supports for newcomers, LTELs, and RFEPs at risk.

These steps are designed to maintain Green performance in ELA and Math, address the ELPI decline, and demonstrate measurable academic growth for all students and key student groups in line with the renewal criteria cited in the LACOE letter.

C. Engagement of Educational Partners
Academic outcomes and growth data (grades, Dashboard results, and MAP reports as available) are reviewed in PLCs, Instructional Leadership Team meetings, and with student services teams (SPED and EL). Findings and planned supports are communicated to families through report cards, parent-teacher conferences, advisory outreach, and PAC/ELAC meetings. PAC and ELAC feedback emphasizing clear communication about interventions and high expectations for college readiness has been used to refine the spring communication plan and to ensure that families understand how MTSS, ELD supports, and course interventions are being implemented.

Goal 3:
INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.

A. Metrics, Outcomes, and Data Analysis
Midyear outcome data show strong progress toward Goal 3. As of January 23, 20% of students are enrolled in an accelerated or advanced math course or math club, already surpassing the ≥10% long-term target. All students in the current graduating class have taken a computer/technology course and/or participated in blended learning, and 100% of students have created or demonstrated a STEAM-focused project, experiment, model, or demonstration this year, indicating robust access to innovation-aligned experiences.

On the 2025 Dashboard, 80.8% of graduates were “Prepared” on the College/Career Indicator, significantly higher than the statewide rate of 51.7%. AP and dual-enrollment metrics from 2024–25 also show improvement (increased AP pass rates and higher percentages of seniors completing college coursework with college credit), and UC/CSU a-g completion and college-acceptance rates remain strong. At the same time, metrics related to EAP (college readiness via CAASPP in grade 11) and CTE pathway completion remain below desired targets, highlighting the need to ensure that all students—not only those in AP/dual enrollment—are on track with foundational ELA and Math skills and access to coherent CTE pathways.

B. Planned Actions & Adjustments (Midyear → Spring)
To sustain high performance on college/career measures and address identified gaps, MSA-5 will:

Maintain and, as feasible, expand access to advanced math, AP, and dual-enrollment courses, while ensuring that entry criteria are equitable and that support structures (tutoring, office hours, Saturday sessions) are robust enough to keep students on track.

Explicitly connect 11th-grade ELA and Math instruction to EAP expectations by integrating performance-task practice, aligning benchmark assessments to CAASPP blueprints, and using data to identify and support students who are “nearly met.”

Strengthen early college and career advising in grades 9–12 (and exposure in middle school) so that all students build four-year graduation plans aligned to UC/CSU a-g, AP, dual enrollment, and—where available—CTE sequences.

Continue to monitor subgroup participation and success in AP, dual enrollment, and advanced math (particularly EL, SED, and SWD students) to ensure that opportunities for “Prepared” status on the CCI are equitably distributed.

These strategies respond directly to LACOE’s emphasis on using postsecondary outcomes as evidence of strong performance for renewal, while also broadening access to high-quality, innovation-aligned learning experiences.

C. Engagement of Educational Partners
College and career readiness data and programming are regularly discussed with counselors, teachers, and administrators and shared with families through college nights, FAFSA/CADAA workshops, senior meetings, and parent conferences. Students and families provide input on AP offerings, dual-enrollment options, and STEAM programs through surveys, PAC/ELAC, and individual advising sessions. This feedback has informed course scheduling, the design of advisory lessons, and the prioritization of partnerships (e.g., with local colleges and STEM organizations) that support sustained, high-quality college and career readiness outcomes.

Goal 4:
CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.

A. Metrics, Outcomes, and Data Analysis
Midyear data show mixed but improving results for Goal 4. Engagement structures are strong: by January 23, MSA-5 had already held four PAC meetings, two ELAC meetings, and 23 parent-engagement activities/events, exceeding the annual target for family events and on pace to meet or exceed meeting targets. Home visits have reached 21.5% of students so far, already above the 15% multi-year target. Average Daily Attendance for P-1 (months 1–5) is 94.15%, above the 92% goal, and chronic absenteeism has decreased to 19.2%, moving the school toward the Dashboard target of ≤20%.

However, the 2025 Dashboard chronic absenteeism rate of 26.1% remained higher than the state average (17.1%) and showed Orange performance levels for All Students, EL, Hispanic, and SED subgroups. Suspension rates are low overall (1.3% on the Dashboard; 1.0% year-to-date), but Hispanic, SED, and SWD subgroups remained at an Orange performance level, indicating disproportionality in discipline. Midyear data also show a preliminary middle school dropout rate of 18.5% and a high school dropout rate of 4.3%, along with an 82.1% graduation rate for the current cohort—lower than the prior year's 96.2%—which requires careful monitoring and continued cleanup of withdrawal and transfer coding.

Root cause analysis: Chronic absenteeism appears concentrated among specific student groups (EL, Hispanic, SED) and is often linked to health, transportation, housing instability, and family work schedules. Disciplinary disproportionality reflects the need for deeper implementation of PBIS and restorative practices and more staff training on culturally responsive classroom management. Dropout and graduation concerns are driven by a small number of students with high mobility, credit deficits, or significant social-emotional needs.

B. Planned Actions & Adjustments (Midyear → Spring)
To directly address the areas of concern highlighted in the LACOE letter—particularly chronic absenteeism and subgroup discipline outcomes—MSA-5 will:

Implement a more robust attendance MTSS: weekly attendance review meetings, early warning lists, tiered outreach (calls, texts, home visits), and SART/SARB referrals when needed, with specific focus on EL, Hispanic, and SED students. When appropriate, staff will consult LACOE's Child Welfare and Attendance unit for additional strategies and resources.

Strengthen PBIS and restorative practices by providing additional staff training, disaggregating suspension data monthly by subgroup, and monitoring implementation of alternatives to suspension (restorative conversations, reflection rooms, and check-in/check-out systems).

Conduct targeted credit-recovery, schedule adjustments, and individualized graduation plans for students who are off track, with proactive outreach to families when students show early signs of disengagement or potential dropout.

Continue expanding SEL supports (counseling, small-group sessions, and CORE SEL survey use) to address the underlying social-emotional and mental health needs that contribute to absenteeism and behavior incidents.

These steps are intended to bring chronic absenteeism and discipline indicators to or below state levels, ensure equitable outcomes for key student groups, and support stronger graduation and retention rates—core components of the renewal "whole-child" picture LACOE expects.

C. Engagement of Educational Partners
Family and community engagement is central to the Goal 4 plan. PAC, ELAC, Coffee with the Principal, and other events are used to share attendance, discipline, and graduation data and to gather input on barriers and solutions. Families of ELs, SED students, and students with disabilities are specifically invited to provide feedback on supports, and interpretation is offered to ensure accessibility. School experience surveys (students, families, and staff) will be administered in spring 2026, and results will be analyzed with the Governing Board and site teams to refine MTSS-PBIS, SEL, and family-engagement strategies in preparation for renewal.

From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Cafer Turan, Interim Chief Financial Officer
RE:	Revised 2025–26 Certification of Signatures Form and Resolution

Action Proposed:

Staff recommends and moves that the Board approve the revised 2025–26 Certification of Signatures Form for Charter School Funds Distribution Authorization, updating the authorized signatories for the remainder of the fiscal year. This revision will remain effective for the period July 1, 2025 through June 30, 2026, and will supersede the version previously approved in June 2025.

This updated certification removes the former Chief Financial Officer and adds Cafer Turan as the Interim Chief Financial Officer, along with the CEO/Superintendent, Deputy Superintendent, Chief Operations Officer, and MPS Governing Board Members.

Purpose:

The purpose of this form is to update the Los Angeles County Office of Education (LACOE) on the list of signers on behalf of MPS for the 2025-26 school year.

Background:

In accordance with Education Codes 35143, 42632, and 42633, the Certification of Signatures form is required to formalize the personnel authorized to sign orders for salary or commercial payments, notices of employment, and contracts. The current authorization remains effective through June 30, 2026, and this revision updates signatories mid-year

Analysis:

All projected federal funding has been included in the 2025–26 Adopted Budget in accordance with applicable California Education Code requirements. This revised Certification of Signatures Form

updates the authorized signatories to reflect current administrative leadership, including the addition of **Cafer Turan** as Interim Chief Financial Officer. This update represent changes from the prior year's approved certification.

RE:	Enrollment Update Post Winter Break

Action Proposed:

N/A

Purpose:

The purpose of this report is to update the MPS Board and community regarding our enrollment progress following the Winter Break.

Background:

Post-winter break is a milestone in the enrollment annual cycle (August 2025- August 2026). As mentioned in the previous regular board meeting, we continue to monitor network and site-level enrollment recruitment efforts, which we will update monthly with the board. As we continue recruitment efforts for the upcoming school year, we must also keep a pulse on student attrition data (students who leave our schools during the year). There were three key ranges in dates we analyzed to understand the Winter Melt impact on enrollment. First day of school to two weeks post winter break, Census day to two weeks post winter break, and the Friday before winter to two weeks post winter break. This analysis informs our student persistence rate and the impact it has on the triangulated enrollment targets.

Analysis:

As a reminder, our network's enrollment targets are the following

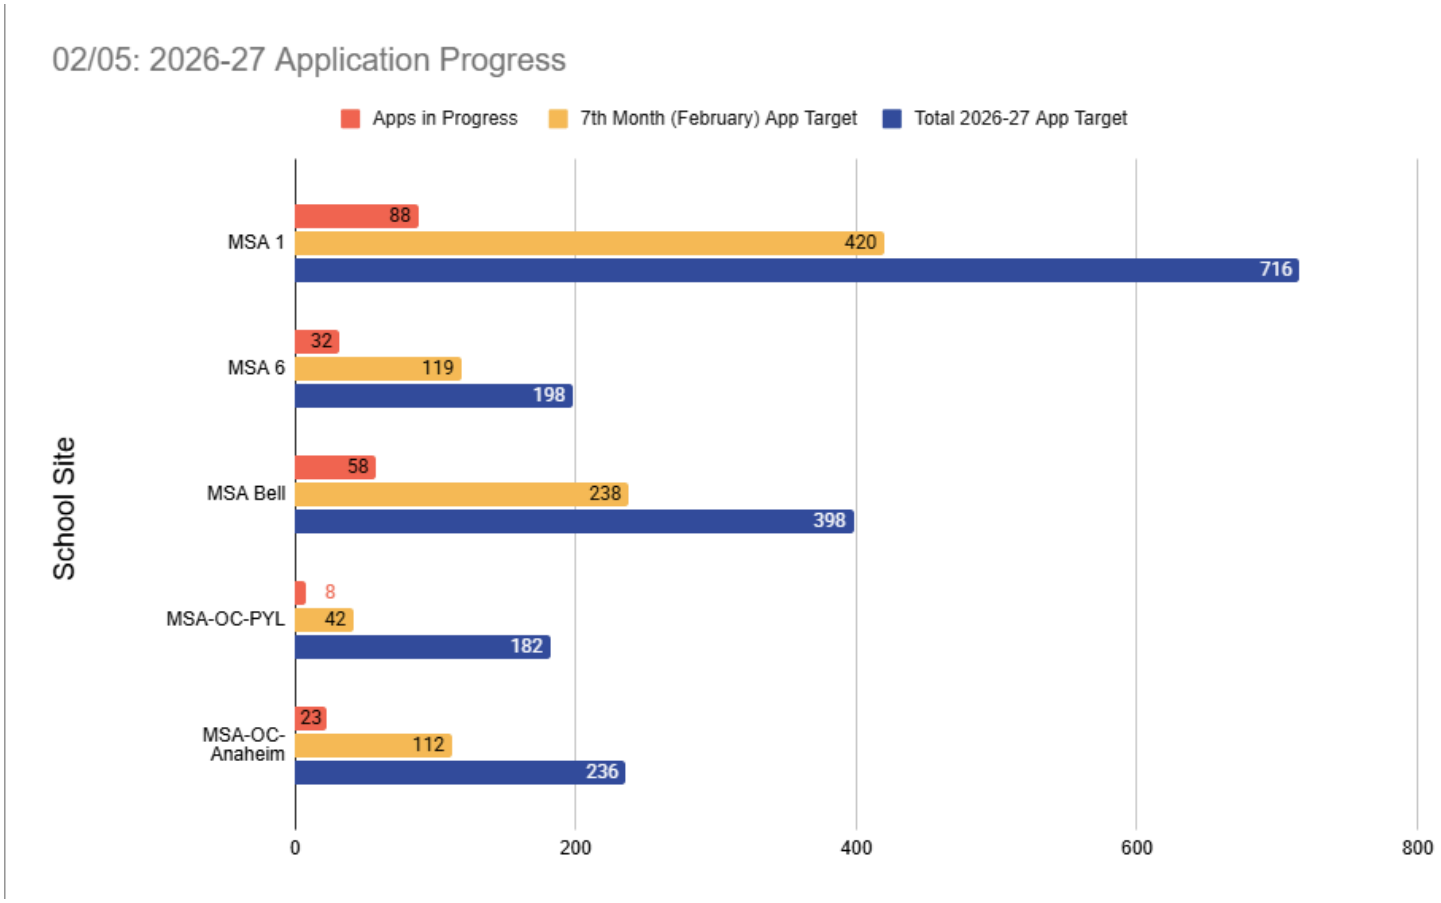
Enrollment Target (Budget Driver)	FDOS Target	Registration Target	Anticipated Returners	New Students Needed	Application Target (3/2:1)
3953	**4431**	**5092**	**2764**	**2328**	**4438**

We are currently 23% towards our annual goal. We have 980 applications in the enrollment pipeline as of February 5, 2026, of which 484 have converted into completed registrations. The conversion rate as a network from applications to enrollment currently stands at 49.39% pending completed applications have touch points with our Enrollment support leaders (FSCs).

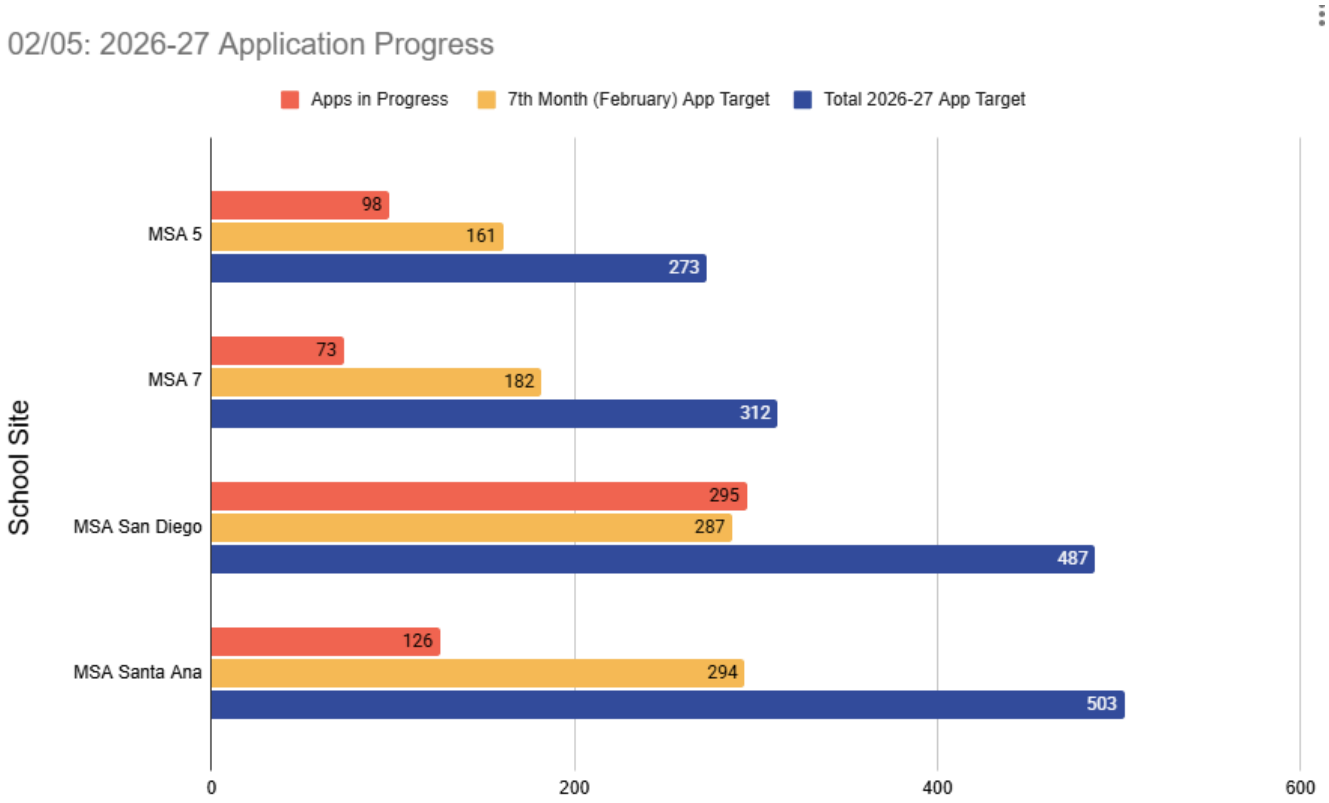
The following chart illustrates the schools with the highest conversion rates, as well as the highest application count in the enrollment pipeline. Additionally, the schools that are working toward their enrollment targets but are significantly off track to meet their enrollment targets are MSA 6, MSA Bell, MSA OC PYL, and Anaheim. MSA 1 has made improvements to field recruitment and outreach efforts, showing promise, but continues to be off track with monthly goals.

Intervention plans are in place to address gap to goal for schools not on track.

Schools listed below are not on track to meet enrollment goals, and are currently 20% or below of meeting their monthly application target for the enrollment cycle.



Schools on this chart are at 40% and above their monthly application goal in the enrollment cycle, they are also at 23% and above for annual application goal.



Our current Status of Enrollment (SOE)
Seven of our 12 schools are above the previous years enrollment applications submitted at this same time with MSA 5, MSA Santa Ana and MSA San Diego almost tripling submitted applications from the previous enrollment cycle.

Six schools are at or above census day counts with a total enrollment difference of 12 students from 3811 to 3799. Demonstrating the continued efforts to welcome students in the current school year and successfully onboard.

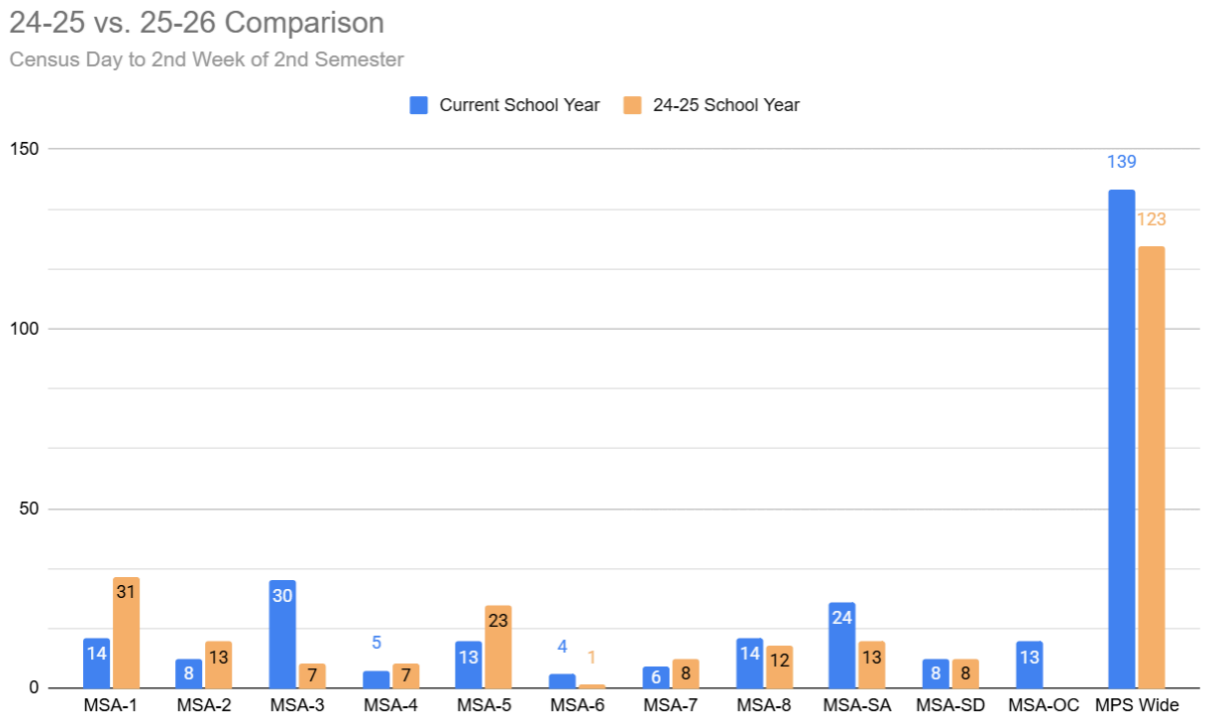
Totals	**4281**	**980**	**923**	**483**	**456**	**2527**	**38.78%**	**22.89%**

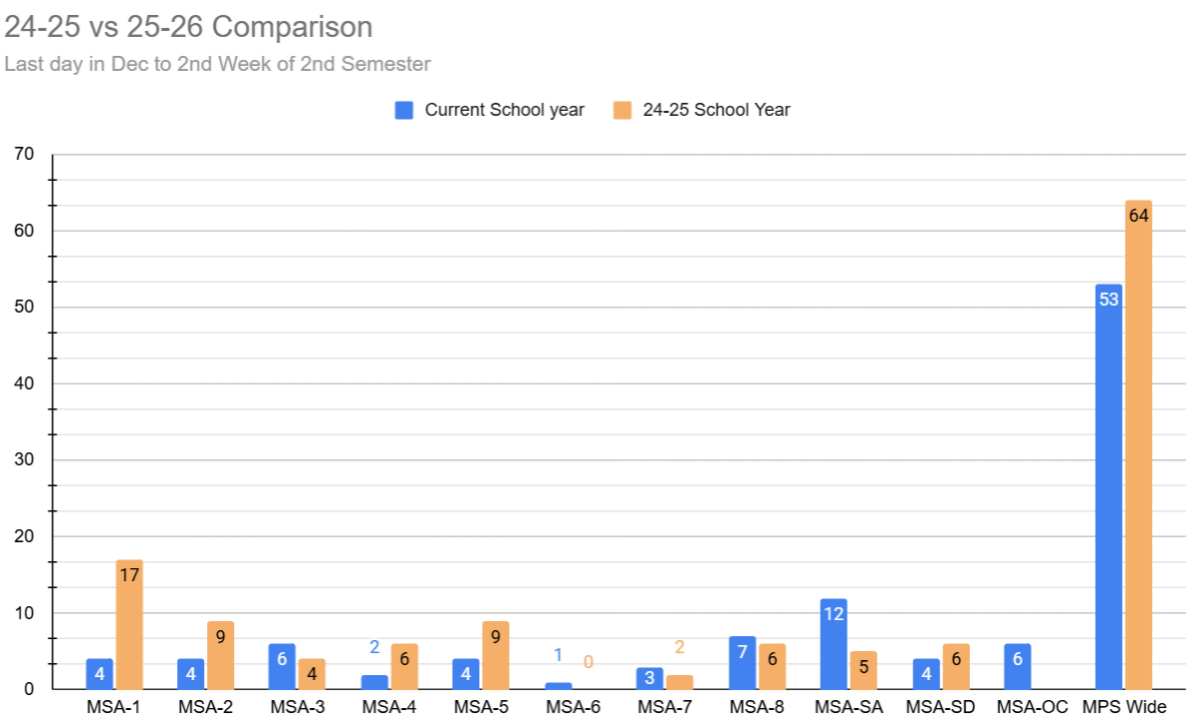
Below, you can see the analysis of Winter Melt across the network compared to the previous school year

As we continue to monitor the impact of Winter Melt, we are also mindful of backfilling efforts. MSA Santa Ana enrolled 11 students in just one week and is now at the Census Day count after being significantly impacted by student attrition due to the current immigration enforcement policies in the city of Santa Ana by the current U.S. Administration . MSA 1 is also showing increased numbers from census day, from 677 to 689.

When analyzing enrollment impact from Winter Melt MSA 1, as well as other schools, showed a decrease in student attrition compared to the previous 2024-25 school year from Census day to the two weeks following the return from winter break. As a network, we lost fewer students in the period starting winter break to the two weeks following the return from winter break, and we positively improved student persistence during this time period by 17.19%

Monitoring winter melt's impact informs strategy and also will inform if application targets must be adjusted based on the expected student returners.





Impact:

We will host a Student Recruitment and Enrollment study session retreat with school leaders and home office department leaders this month to dive deeper into the systematic pain points that persist impacting attrition rates across the network.

The outcomes of this retreat will also focus on working collaboratively to align in a shared definition of enrollment excellence, identify where enrollment infrastructures have improved and still need improvement, and identify system-level enrollment solutions for this school year ahead of summer break to increase student persistence.

Budget Implications:

Meeting enrollment targets is critical to budget projections, and we will continue to monitor to act on when and how to intervene and pivot strategy as needed.

Average Daily Attendance (ADA) Update

RE:	MPS Monthly Average Daily Attendance (ADA) Update

Action Proposed:

Non-Applicable. This item is for information only.

Purpose:

The purpose of this report is to provide the Board of Directors with the first of the monthly organizational Average Daily Attendance (ADA) updates, establishing a baseline view of attendance performance across Magnolia Public Schools. This baseline will serve as the foundation for future monthly ADA monitoring, trend analysis, and strategic decision-making.

Background:

Beginning in September, Magnolia Public Schools has implemented consistent, weekly monitoring of Average Daily Attendance at the school and organizational levels. School leaders have reviewed ADA data on a regular basis, submitted weekly reflections, and taken targeted actions to address emerging attendance concerns in real time. This ongoing monitoring structure has enabled early identification of attendance trends, timely interventions for chronically absent students, and alignment of site-level practices to MPS-wide attendance expectations. The monthly ADA update provided to the Board builds upon this established weekly monitoring process by synthesizing data and reflections into an organizational-level view.

Analysis:

The table below presents the MPS ADA Score Board, reflecting school-level and organizational ADA performance as of January 30. This data establishes the quantitative baseline for Magnolia Public Schools and highlights each site's cumulative ADA, target ADA, and distance from target, alongside recent weekly attendance trends.

MPS ADA Score Board

School Name	2024-25 P-1	2024-25 P-2	2024-25 Annual ADA	Target ADA	Cumulative ADA as of Jan 30	Distance from Target ADA	Jan 13-16	Jan 20-23	Jan 26-30

MSA-SA	95.30%	94.74%	94.61%	95%	94.70%	▼ -0.30%	95.11%	94.65%	94.08%
MSA-SD	95.30%	94.58%	94.46%	95.50%	95.82%	▲ 0.32%	95.09%	95.35%	94.68%
MSA-OC	-	-	-	94.15%	93.92%	▼ -0.23%	94.33%	95.33%	93.50%
MPS	93.95%	93.12%	93.09%	94.15%	94.16%	▲ 0.01%	95.32%	94.01%	92.48%

Overall, organizational ADA (94.16%) is effectively at target (94.15%), indicating systemwide stability at the midpoint of the school year. However, the data shows meaningful variation across school sites, with several schools exceeding target ADA and others remaining between 0.3% and 1.5% below target. Recent weekly data (January 13–30) also indicates short-term fluctuations, reinforcing the need for sustained, proactive attendance strategies rather than isolated interventions.

In response to attendance data, with guidance from Academic Department, school leaders have initiated the following actions aligned to Magnolia Public Schools' Attendance Improvement & Incentive Plan:

- **Early Identification and Monitoring**
    - Identification of chronically absent students on a bi-weekly basis
    - Review of individual student ADA rates and attendance patterns
    - Development and updating of targeted intervention plans
- **Family Outreach and Communication**
    - Direct communication with families through calls, meetings, and written notices
    - Attendance expectation messaging aligned to Attendance Awareness efforts
    - Family conferences to address barriers and offer attendance recovery options
- **Incentives and Recognition**
    - Classroom-, grade-level, and school-wide attendance incentives (e.g., raffles, recognition events, assemblies)
    - Recognition of students with perfect attendance and those demonstrating significant improvement
      Use of attendance celebrations to reinforce positive attendance behaviors
- **Schoolwide Engagement Strategies**
    - Attendance-focused assemblies and spirit events
      Strategic scheduling of events on historically low-attendance days
    - Integration of engagement strategies to support older students
- **Ongoing Review and Leadership Oversight**
    - Monthly review of ADA data at leadership team meetings
    - Use of ADA data to inform planning and continuous improvement efforts
    - Alignment of site practices to MPS-wide non-negotiable attendance expectations

Impact:

Establishing an organizational ADA baseline supports improved Board oversight, strengthens data-informed decision-making, and reinforces systemwide accountability for attendance outcomes. Improving ADA also has a direct and significant impact on student learning, instructional continuity, and overall student outcomes. Ongoing monthly updates will allow leadership and the Board to monitor progress, identify emerging risks, and adjust strategies to support consistent student attendance and improved academic success.

Budget Implications:

There are no immediate budget implications associated with this informational update as the current ADA is above the budgeted P-2 ADA from last year.. However, sustained improvements in ADA positively impact LCFF revenue, while declines in attendance may have future fiscal implications.

RE:	Data Presentation: 2025-26 MPS Demographics

Action Proposed:

N/A

Purpose:

To inform our educational partners about the **2025–26** MPS Demographics data submitted to CDE. Reviewing this data is essential to understanding trends, as it has both financial and academic implications.

Background:

The **California Longitudinal Pupil Achievement Data System (CALPADS)** is California's official longitudinal data system. It maintains **individual-level data** on student demographics, course enrollment, discipline, assessments, staff assignments, and other information used for state and federal reporting. Local Educational Agencies (LEAs) are required to submit and certify data in CALPADS throughout the year, according to a calendar established by the CDE. We intend to present our demographic data to the Academic Committee and/or the Board on an annual basis, around the time of the CALPADS Fall 1 submission in January.

Analysis:

Please see the attached analysis of our data and let us know if you have any questions regarding MPS's 2025–26 demographics. ***Note:*** UPP has declined in 2025–26 due to a combination of external and internal factors. External factors include changes made by the state to the application, which now requires parents to complete a longer (six-page) form, as well as

increased parent reluctance. Internal factors include challenges related to coordination among school staff in collecting forms. We anticipate UPP participation will increase in the next school year.

Historical Enrollment by UPP	Column 1	Column 2	Column 3	Column 4	Column 5

MSA-2	80.6%	89.0%	91.7%	93.0%	72.8%
MSA-3	78.7%	67.5%	71.5%	73.5%	58.0%
MSA-4	86.2%	96.1%	96.0%	90.9%	67.5%
MSA-5	92.3%	91.6%	92.7%	87.2%	73.7%
MSA-6	95.2%	95.6%	97.3%	95.3%	92.4%
MSA-7	81.1%	85.9%	87.5%	86.8%	77.9%

Impact:
MPS annually certifies its CALPADS Fall 1 submission around January. This submission provides the CDE with our official demographic data, which plays a critical role in determining school funding as well as the student group designations on the CA School Dashboard.

MPS has worked diligently to ensure our Free/Reduced-Price Meal (FRPM) rate is accurate. This rate directly affects our Unduplicated Pupil Percentage (UPP), which is used to determine the amount of Title funding for the following year as well as LCFF supplemental and concentration grant funding for the current year and the subsequent two years, due to the three-year rolling average.

MPS is a data-driven organization, with the Home Office and school leadership and office teams closely monitoring demographic and student achievement data. This information is regularly shared with and reviewed by school teams to support informed decision-making.

Budget Implications:
Our **Unduplicated Pupil Percentage (UPP)** is used to determine the amount of Title funding for the following year, as well as LCFF supplemental and concentration grant funding for the current year and the subsequent two years, due to the three-year rolling average of rates. Schools whose UPP is higher or lower than what was projected during budget adoption will see a corresponding budget impact.
The Home Office Finance team updates current-year funding projections based on the most recent enrollment, ADA, and UPP data.

CALPADS FALL 1 DATA

Fall 1 reports capture student data elements and enrollments on a specific date annually.

Census Day: 1st Wednesday each October

Fall 1 CALPADS Certification Protocol

The Fall 1 CALPADS submission reports student enrollment and data based on Census Day counts (first Wednesday in October).

Before district certification, site leaders with oversight of specific data elements conduct a thorough review of their respective reports and provide written approval to ensure data accuracy and compliance.

CALPADS FALL 1

CALPADS Submission	Census Day	Primary Data Submitted
Fall 1: Requires SELPA approval. All our MSA's certified in December to allow SELPA approvals before the State Deadline in December 2025.	*ONLY students enrolled on census day are captured in the data counts.* Wednesday, Oct 1st 2025	2025-26 (Census Day): • Enrollment counts • English language acquisition status • Immigrant Counts • Free/reduced-price meal-eligibility • Special Education 2024-25: • Dropouts

CENSUS DAY: Wednesday, October 1, 2025

Unduplicated Pupil Counts

UPP is calculated based on census day enrollment, defined as the first Wednesday in October. Students enrolling after census day do not contribute to UPP counts.

The California Longitudinal Pupil Achievement Data System (CALPADS) generates an Unduplicated Pupil Count (UPC) of students eligible for free or reduced-price meals (FRPM), English learners (EL), and/or foster youth. This unduplicated count determines the Unduplicated Pupil Percentage (UPP), which is used to calculate supplemental and concentration grants under the Local Control Funding Formula (LCFF).

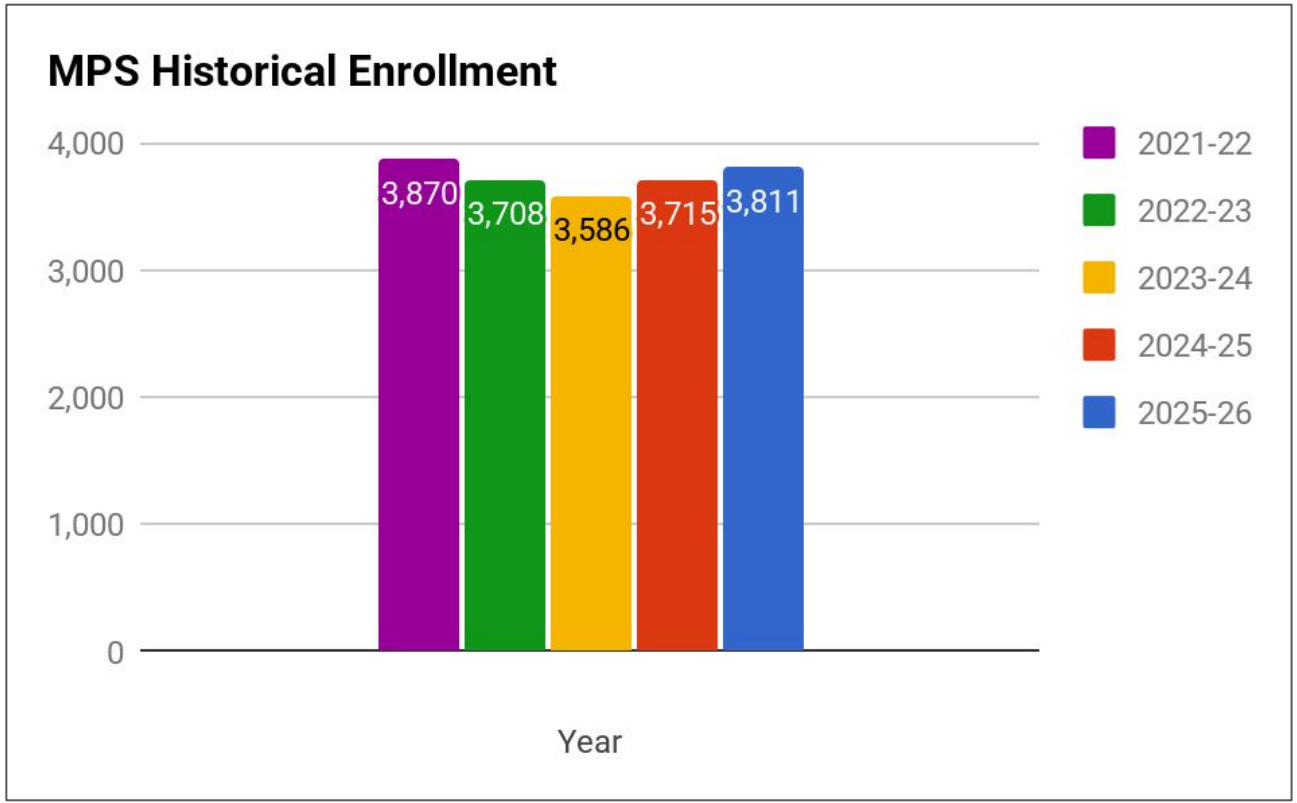
- Middle schools, MSA-7 and MSA-SA saw growth.
- Middle-high school span schools saw declined enrollments.

CALPADS Census Day (10/1/2025)



Overall Network Trend: Positive (+0.5%)
The total enrollment for the network increased by **18** students, indicating overall growth.

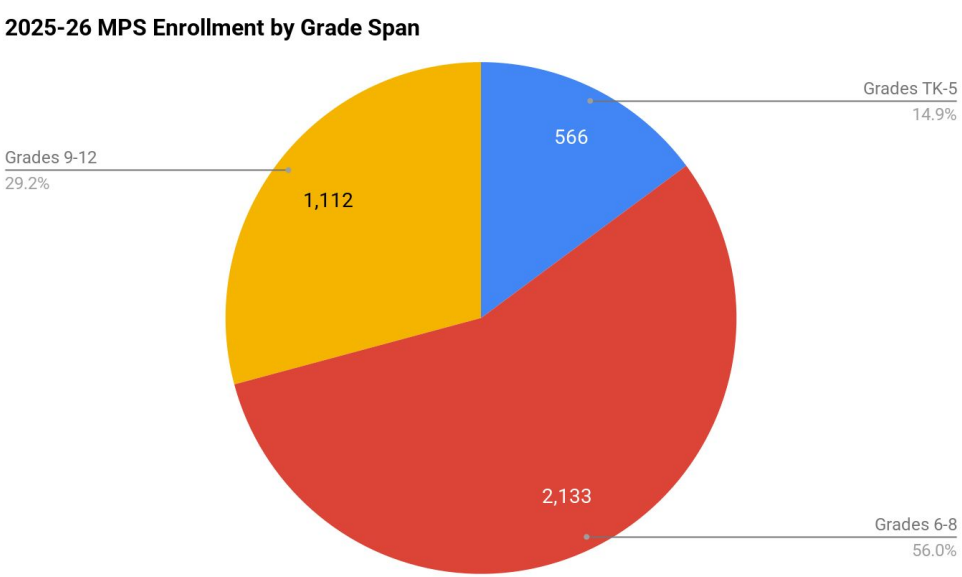
Enrollment by Grade Span

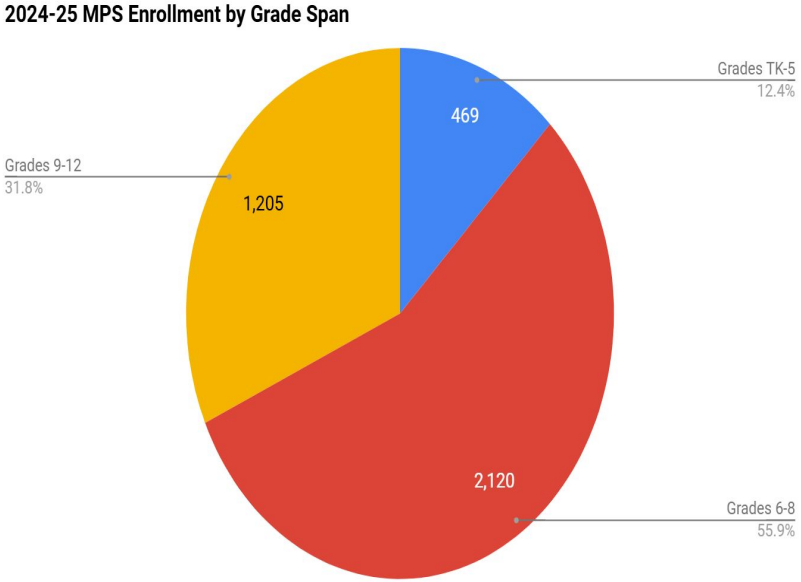
OVERALL TREND: Total enrollment remained flat (+18 students, +0.5%), but significant redistribution occurred across grade spans.

Elementary (TK-5): +97 students (+20.7%) – strongest growth segment, enrollment share increased from 12.4% to 14.9% (+2.5%)

Middle School (6-8): +13 students (+0.6%) – minimal change, enrollment share held steady at 56.0% (nearly identical to prior year)

High School (9-12): -93 students (-7.7%) – concerning decline, enrollment share decreased from 31.8% to 29.2% (-2.6%)





Enrollment Patterns by Grade

Early Elementary (TK-K):

- **Strong Expansion** – TK (+94%) and K (+73%) show substantial growth
- New OC sites: Added 79 new students by census day

Primary Elementary (1-5):

- **Varied Pattern** – Alternating gains and losses by grade
- Grades 1 & 4: Declining (-24% and -16%)
- Grades 2 & 3: Growing (+40% and +69%)
- Grade 5: Stable (+2%)

Middle School (6-8):

- **Upward Progression** – Each successive grade shows growth
- Grade 6: -9% | Grade 7: +2% | Grade 8: +9%

High School (9-12):

- **Decline Across All Grades** – Every high school grade excluding 10th lost enrollment
- Grade 9: -11% | Grade 10: +4% | Grade 11: -12% | Grade 12: -13%

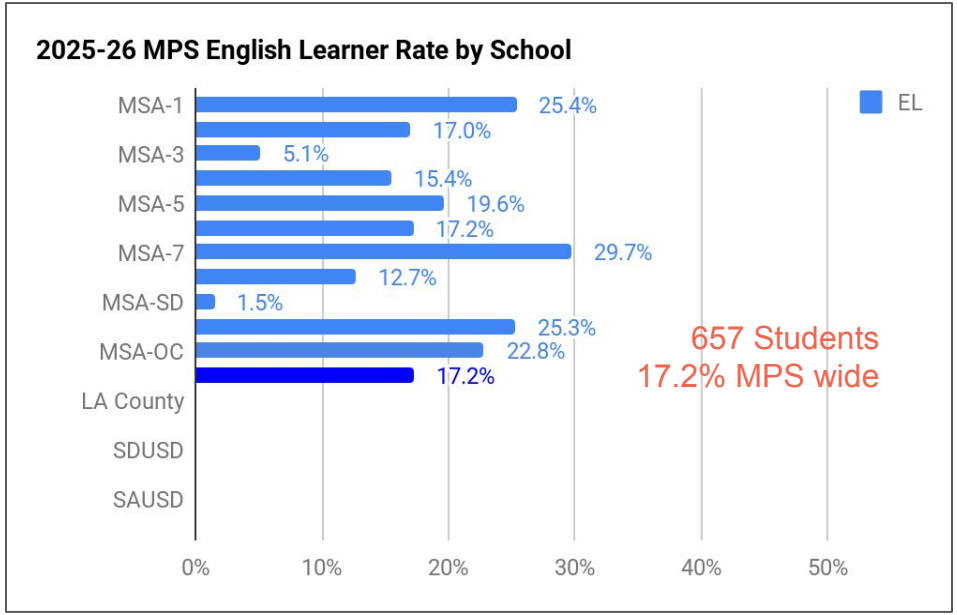
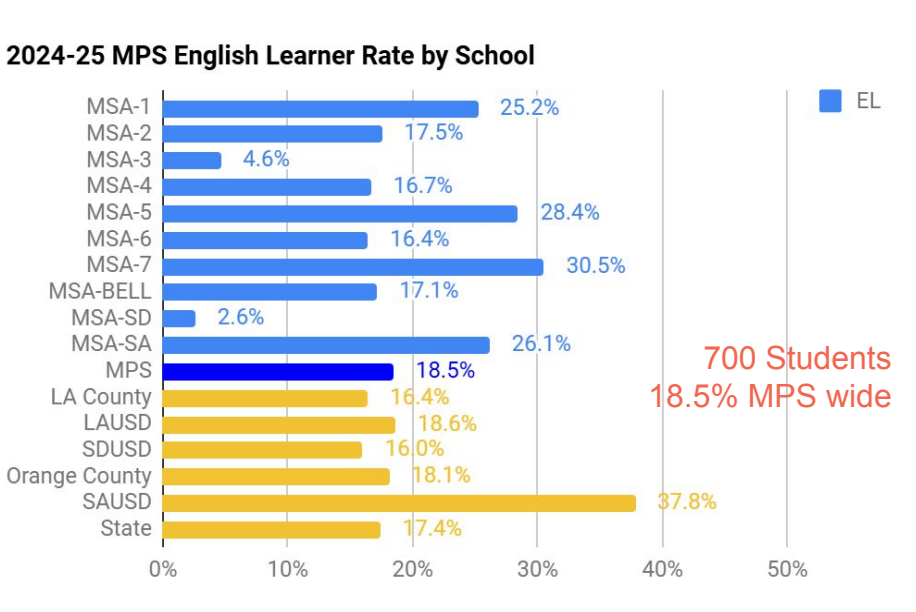
MPS Student with English Learner Code

- The overall decrease in EL enrollment (700 to 657) is minimal.
- The largest increases occurred at **MSA-Santa Ana** and **MSA-6**.
- The largest decreases were at **MSA-5, MSA-Bell**, **MSA-1** and **MSA-2**

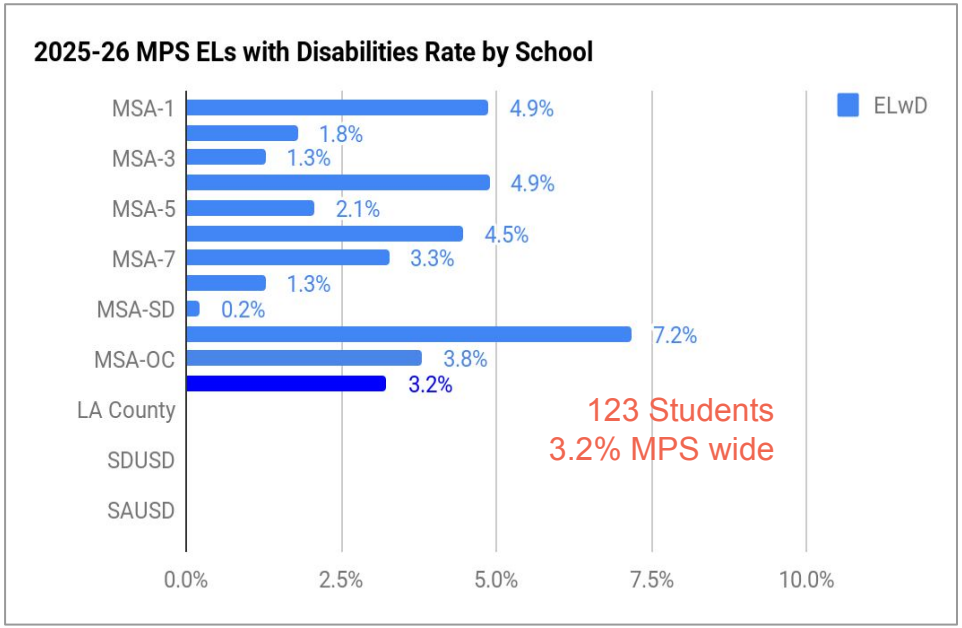


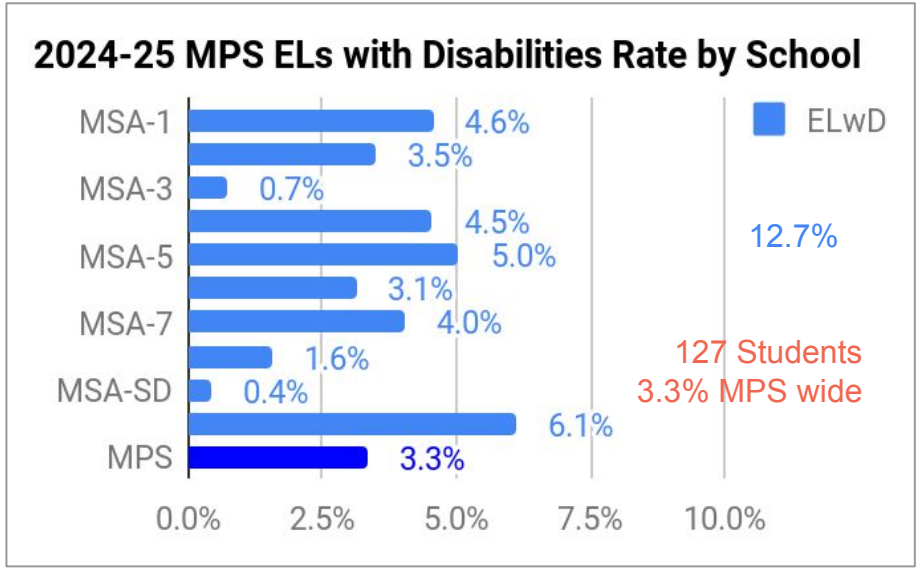


MPS Students with EL and Disability Rates

English Learner students with disabilities remained stable at 127 district-wide.

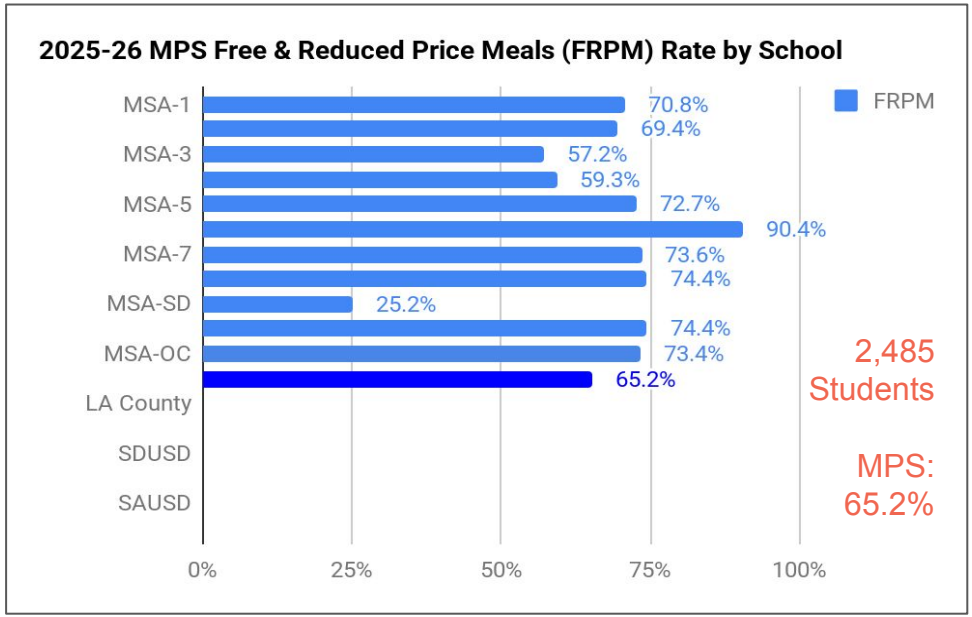
- **MSA-Santa Ana:** +10 students (largest increase)
- **MSA-2:** -10 students (largest decrease, 18 → 8)
- **MSA-5:** -7 students (11 → 4)

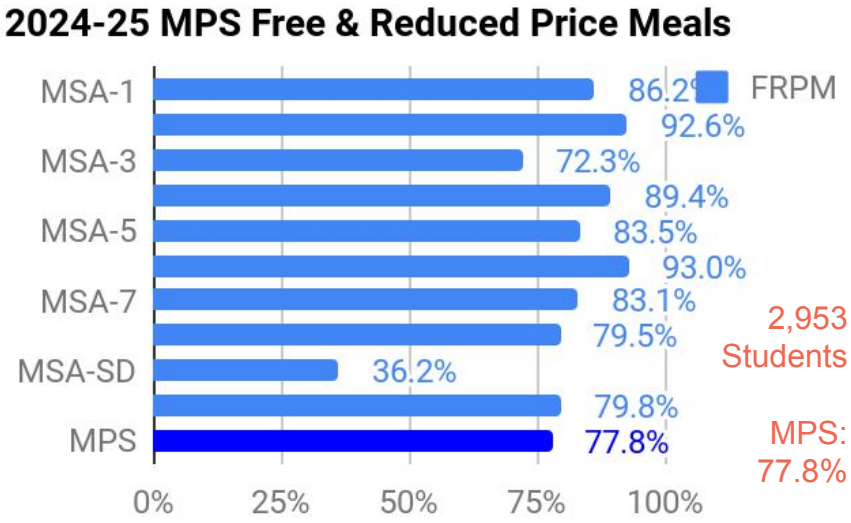




MPS Free/Reduced Meals Rates

- **Total FRPM Students:** Decreased by 468 students (-15.8%), from 2,953 to 2,485
- **FRPM Percentage:** Dropped 12.6 percentage points, from 77.8% to 65.2%
- **MSA-6:** +23 FRPM (with +29 enrollment)
- **MSA high schools:** Show FRPM losses ranging from 32% to 7%





MPS Unduplicated Pupil Counts

Unduplicated count of pupils meet at least one of the following and is only counted once.

- (1) are English learners, (2) meet income or categorical eligibility requirements for free or reduced- price meals under the National School Lunch Program or are(3) are foster youth
- Unduplicated rate MPS wide dropped compared to last school year.

Note:

UPP has declined in 2025–26 due to a combination of external and internal factors. External factors include changes made by the state to the application, which now requires parents to complete a longer (six-page) form, as well as increased parent reluctance. Internal factors include challenges related to coordination among school staff in collecting forms. We anticipate UPP participation will increase in the next school year.

RE:	Data Presentation: LCAP Mid-Year Update

Action Proposed:

N/A

Purpose:

A mid-year update to the Local Control and Accountability Plan (LCAP) and presentation of the report to the Board is a requirement for Local Educational Agencies (LEAs), as described in Education Code.

Background:

LCAP Mid-Year Update

Pursuant to Education Code §47606.5, charter schools are required to present a report on the **annual update to the LCAP** and the **Local Control Funding Formula (LCFF) Budget Overview for Parents** on or before **February 28** at a regularly scheduled meeting of the governing body. This report must include:

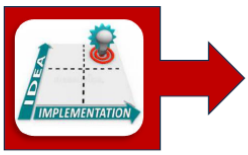
- **All available mid-year outcome data** related to the metrics identified in the current year's LCAP
- **All available mid-year expenditure and implementation data** for actions identified in the current year's LCAP

Report Requirements

The report shall include the following **from the current year's LCAP**:

All available mid-year **outcome** data (LCAP Metrics).

All available mid-year **expenditure** data (LCAP Expenditures)



All available mid-year **implementation** data (LCAP Actions)

Los Angeles County Office of Education

Final Considerations

LEAs are NOT required to use any specific template. Examples provided are for illustrative purposes only.

The Mid-Year Update is not *adopted* by the governing board/body but rather is an informational report.

The Mid-Year Update is not submitted to the County Office and is not part of the LCAP submission at the end of the year.

Compliance with this requirement will be through the annual fiscal audit.

Los Angeles County Office of Education

LCAP Development Process

The MPS Home Office collaborates closely with school leadership teams to ensure that each school's LCAP includes schoolwide goals, annual measurable outcomes, and specific actions aligned to the eight state priorities, and that schools meaningfully engage their educational partners throughout the process.

Throughout the year, the Home Office provides periodic updates on both LCAP outcome metrics and expenditure data to help schools monitor progress toward LCAP goals and actions, guide data-informed discussions, share best practices, and plan next steps. These updates are shared during monthly school leader meetings, and school leaders, in turn, share progress and plans with their educational partners.

Specifically, the Data & Accountability Department publishes **quarterly LCAP updates**, which compare schools' progress on LCAP metrics against their targets and provide an organization-wide snapshot of progress.

As part of the LCAP development process, schools also administer educational partner surveys to gather feedback on school experiences. School leadership teams analyze these results to identify areas of greatest progress, areas of greatest need, and opportunities for improvement. Reflections and findings are shared with educational partners through various forums, including presentations at Board meetings (typically in April/May).

Additionally, school leadership teams present CA School Dashboard results and other school performance data at PAC and ELAC meetings throughout the year. The MPS Board and Academic Committee also receive regular updates on SBAC, CA School Dashboard, NWEA, and other LCAP-related data, including each school's glows, grows, and priority action steps.

LCAP Public Hearing & Adoption

The public hearing for the LCAP and school budgets will be held at the June 11, 2026 Board meeting. Adoption of the LCAP, local indicators, and school budgets will take place at the subsequent Board meeting on June 25, 2026.

Analysis:

MPS follows a robust, structured LCAP timeline that supports three interconnected purposes:

1. Comprehensive Strategic Planning
2. Meaningful Educational Partner Engagement
3. Accountability and Compliance

This timeline includes scheduled activities such as LCAP metric progress updates, data analysis meetings, goal analysis sessions, PAC meetings, and other key milestones that support schools in developing and refining their LCAPs. The Data & Accountability Department, in collaboration with other Home Office departments, provides training, monitors implementation of the timeline, and coordinates LCAP activities organization-wide.

From a budgeting perspective, school leadership teams work closely with the Finance Department to complete the LCAP estimated actual expenditures and next year's budgeted expenditures. All expenditures are entered into Adaptive Insights and coded by LCAP goal and action.

The finalized LCAP mid-year reports for each school are attached for the Board's review. As noted, MPS tracks progress on LCAP metrics four times per year and provides schools with quarterly updates to help them focus on areas of greatest need and opportunities for improvement. In addition to the school-level mid-year reports, an accompanying **slide deck** is included to provide an organization-wide snapshot of progress on LCAP metrics.

Impact:

The processes described above are integral to MPS's continuous improvement cycle. State law requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP. The mid-year update provides an opportunity for school leaders and educational partners to reflect on implementation progress, assess the effectiveness of actions, and identify next steps.

This reflection directly informs the annual update and goal analysis of the current LCAP and supports thoughtful planning for the development of next year's LCAP.

Budget Implications:

N/A (All LCAP-related expenditures have been included in each school's approved budget.)

LCAP Mid-Year Report Requirements

LEAs shall present a report on the annual update to the local control and accountability plan and the local control funding formula budget overview for parents.

- **on or before February 28 of each year**
- at a **regularly scheduled meeting** of the governing board of the school district, governing body of the charter school or county board of education, as applicable.

Report Requirements

The report shall include the following **from the current year's LCAP**:

All available mid-year **outcome** data (LCAP Metrics).

All available mid-year **expenditure** data (LCAP Expenditures)

All available mid-year **implementation** data (LCAP Actions)

LCAP: Goals & Actions

Goals and Actions

Goal 1: BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned and high quality instructional materials, and appropriately maintained school facilities.	1. Teacher assignments and credentials 2. Instructional materials and technology 3. Clean and safe facilities that support learning 4. Healthy and nutritious meals 5. Well-orchestrated Home Office support services
Goal 2: EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our "Graduate Profile," including Literacy with a Learner's Mindset and Critical Thinking skills as they pursue academic excellence.	1. Broad course of study and standards-based curriculum 2. Professional development for high-quality instruction 3. MTSS - Academic enrichment, intervention, and student support 4. Designated and integrated ELD programs and support for ELs 5. Support for students with disabilities
Goal 3: INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.	1. College/Career readiness programs and activities 2. STEM and GATE programs 3. Digital literacy and citizenship programs 4. Physical education, activity, and fitness 5. Additional programs and activities that support well-rounded education
Goal 4: CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.	1. Seeking family input for decision making 2. Building relationships and partnerships with families for student outcomes 3. MTSS - PBIS and SEL support 4. Annual educational partner surveys 5. Community outreach and partnerships

5-Step LCAP Data Review & Goal Analysis Process

Data & Accountability Dept.

STEP 1 – ANALYZE Analyze data findings

Review Dashboard and local data to identify trends, patterns, and priority student groups.

STEP 2 – IDENTIFY Identify relevant LCAP actions

Determine which LCAP actions are connected to the data findings.

STEP 3 – ASSESS Assess implementation and resource use

Compare planned vs. actual implementation and note successes, challenges, and budget differences.

STEP 4 – EVALUATE Evaluate action effectiveness and determine needed changes

Assess whether the actions were effective and identify needed adjustments for next year.

STEP 5 – DOCUMENT Document findings, reflections, and next steps for the LCAP

Compile the summary needed for the LCAP Plan Summary and Goal Analysis sections.

STEP 1 – ANALYZE *Analyze data findings*

STEP 2 – IDENTIFY Identify relevant LCAP actions

Goal 2:	**EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our "Graduate Profile," including Literacy with a Learner's Mindset and Critical Thinking skills as they pursue academic excellence.**
Why?	Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

Actions

Action #	Title	Contributing	Scope	Unduplicated Student Group(s)	Location	Time Span	State Priority
1	Broad course of study and standards-based curriculum	no	n/a	n/a	n/a	ongoing	2, 7

Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule.

2	Professional development for high-quality instruction	yes	LEA-wide	EL, FY, LI	All Schools	ongoing	2

Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs.

3	MTSS - Academic enrichment, intervention, and student support	yes	LEA-wide	EL, FY, LI	All Schools	ongoing	2, 4, 8

Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at

5-Step LCAP Data Review & Goal Analysis Process

Data & Accountability Dept.

STEP 1 – ANALYZE Analyze data findings

Review Dashboard and local data to identify trends, patterns, and priority student groups.

STEP 2 – IDENTIFY Identify relevant LCAP actions

Determine which LCAP actions are connected to the data findings.

STEP 3 – ASSESS Assess implementation and resource use

Compare planned vs. actual implementation and note successes, challenges, and budget differences.

STEP 4 – EVALUATE Evaluate action effectiveness and determine needed changes

Assess whether the actions were effective and identify needed adjustments for next year.

STEP 5 – DOCUMENT Document findings, reflections, and next steps for the LCAP

Compile the summary needed for the LCAP Plan Summary and Goal Analysis sections.

Actions & Measuring and Reporting Results

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Mid-Year Outcome Data	Other Data/Evidence (qualitative, quantitative, artifacts)	Total Funds Budgeted	Mid-Year Expenditures
1.1	**Teacher assignments and credentials** Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation			$50,509.00	$25,890.91

	and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: Technology and NonCapital Equipment. The following expenditures will be funded by federal Title funds: -NonCapEquip: Resource: Title IV, Part A; Amount: $2,891						
1.3	**Clean and safe facilities that support learning** Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance	No	Ongoing Implementation			$3,191,642.17	$1,589,951.85

	and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: Classified Support, Staff Benefits, Professional Services, Custodial Supplies, Rent & Leases, and building utilities and maintenance. The following expenditures will be funded by federal Title funds: N/A						
1.4	**Healthy and nutritious meals** Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Expenditures associated with this action include the following: Food and Office Supplies. The following expenditures will be funded by federal Title funds: N/A						
1.5	**Well-orchestrated Home Office support services** The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4. 2.1	**Broad course of study and standards based curriculum** Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation			$3,216,090.58	$1,469,451.37

	professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and Teacher Salaries. The following expenditures will be funded by federal Title funds: -Certified Pupil Support Salaries: Title I, Part A ESEA; Amount: $115,055.81 -Professional development expenses: Resource: Title II; Amount: $34,000

	Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Educational Software, Staff benefits, Administrator and Teacher salaries. The following expenditures will be funded by federal Title funds: -Educational Software: Resource: Title I, Part A; Amount: $80,728.38 -Unemployment Insurance: Resource: Title I, Part A; Amount: $8501.52 -Health & Welfare Benefits: Resource: Title I, Part A; Amount: $18,718.15 -OASDI/Medicare: Resource: Title I, Part A; Amount: $1,454.41

Funds will support personnel costs associated with providing small group and one-on-one interventions, co-taught classes, extended learning opportunities, and collaborative support meetings to ensure student progress is consistently monitored and addressed.						
2.4	**Designated and integrated ELD programs and support for ELs** Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. 	Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. Goal 3

Goal Description
INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.

	community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: 5940: Technology. The following expenditures will be funded by federal Title funds: N/A

Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language

Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. 1.1	**Teacher assignments and credentials** Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A

The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A						
1.5	**Well-orchestrated Home Office support services** The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. Goal 2

Goal Description
EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our "Graduate Profile," including Literacy with a Learner's Mindset and Critical Thinking skills as they pursue academic excellence.

2.1	**Broad course of study and standards based curriculum** Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation			$1,861,109.78	$970,291.49
2.2	**Professional development for high-quality instruction** Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to	Yes	Ongoing Implementation			$65,678.00	$33,666.54

This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees. The following expenditures will be funded by federal Title funds: -Professional development - Resource: Title II; Amount: $4,500 -Professional development - other expenses: Resource: Title IV, Part A ESEA (ESSA); Amount: $26,145

	decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Dean of Academics salary and benefits, Title-I coordinator salary and benefits, instructional aide salaries and benefits, intervention teacher salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Abre data visualization software fees, and evidence-based supplemental intervention/enrichment program fees (Edgenuity, ALEKS, IXL, Standards Plus, Quizizz, Padlet, BrainPOP, NextGenMath, Grammarly, Flocabulary, Nearpod, Newsela, and myON.) 2.4	**Designated and integrated ELD programs and support for ELs** Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: N/A						

Goal 3

Goal Description
INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.

Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Expenditures associated with this action include the following: college counselor salary and benefits, AP teacher stipends, Naviance program fees, AP exam fees, AP course materials, and other college-related materials and activities. The following expenditures will be funded by federal Title funds: N/A						
3.2	**STEM and GATE programs** Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. 	composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses, technology. The following expenditures will be funded by federal Title funds: N/A						
4.2	**Building relationships and partnerships with families for student outcomes** Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. 	Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation,

Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. 1.1	**Teacher assignments and credentials** Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, , maintenance and repair services, gas/electric, health and safety related expenses, and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A						
1.4	**Healthy and nutritious meals** Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A						
1.5	**Well-orchestrated Home Office support services** The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4.	No	Ongoing Implementation			$905,505.00	$487,113.02

Goal 2

Goal Description
EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our "Graduate Profile," including Literacy with a Learner's Mindset and Critical Thinking skills as they pursue academic excellence.

Actions & Measuring and Reporting Results

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Mid-Year Outcome Data	Other Data/Evidence (qualitative, quantitative, artifacts)	Total Funds Budgeted	Mid-Year Expenditures
2.1	**Broad course of study and standards based curriculum** Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. 	The following expenditures will be funded by federal Title funds: N/A						
2.2	**Professional development for high-quality instruction** Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees. 2.3	**MTSS - Academic enrichment, intervention, and student support** Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Dean of Academics salary and benefits, instructional aide salaries	Yes	Ongoing Implementation			$689,448.46	$377,803.37

2.4	**Designated and integrated ELD programs and support for ELs** Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group	Yes	Ongoing Implementation				$0

	instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend. The following expenditures will be funded by federal Title funds: N/A						
2.5	**Support for students with disabilities** Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and	No	Ongoing Implementation			$764,286.53	$391,282.27

Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: N/A						

Goal 3

Goal Description
INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.

	composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees. The following expenditures will be funded by federal Title funds: N/A						
4.2	**Building relationships and partnerships with families for student outcomes** Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. 	Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation,

Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Goal 1

Goal Description
BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned and high-quality instructional materials, and appropriately maintained school facilities.

1.1	**Teacher assignments and credentials** Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation			$12,500.00	$8,893.61
1.2	**Instructional materials and technology** Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional,	No	Ongoing Implementation			$94,757.13	$56,243.56

	and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and copier fees. The following expenditures will be funded by federal Title funds: N/A						
1.3	**Clean and safe facilities that support learning** Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter	No	Fully Implemented			$388,280.00	$226,983.12

	School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with educational partners and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), insurance costs (workers compensation, CharterSAFE, etc.) , yearbook, and transportation expenses. The following expenditures will be funded by federal Title funds: N/A

The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A						
1.5	**Well-orchestrated Home Office support services** The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human	No	Fully Implemented			$217,004.00	$110,600.63

Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.) The following expenditures will be funded by federal Title funds: N/A						

Goal 2

Goal Description
EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our "Graduate Profile," including Literacy with a Learner's Mindset and Critical Thinking skills as they pursue academic excellence.

Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: N/A						
2.2	**Professional development for high-quality instruction** Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. 2.4	**Designated and integrated ELD programs and support for ELs** Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator stipend. The following expenditures will be funded by federal Title funds: N/A	Yes	Fully Implemented			$0.00	$0.00

2.5	**Support for students with disabilities** Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation			$186,579.06	$121,092.47

Goal 3

Goal Description
INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.

	composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees. The following expenditures will be funded by federal Title funds: N/A						
4.2	**Building relationships and partnerships with families for student outcomes** Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. 	Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation,

Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform expenses, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. 1.1	**Teacher assignments and credentials** Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation			$18,439.00	$11,239.78

	and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: N/A						
1.3	**Clean and safe facilities that support learning** Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality	No	Ongoing Implementation			$365,848.08	$183,043.86

	learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A						
1.4	**Healthy and nutritious meals** Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. 	will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A						
1.5	**Well-orchestrated Home Office support services** The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human	No	Ongoing Implementation			$261,113.00	$133,846.52

Goal 2

Goal Description
EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our "Graduate Profile," including Literacy with a Learner's Mindset and Critical Thinking skills as they pursue academic excellence.

Goal 3

Goal Description
INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.

	Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Expenditures associated with this action include the following: college counselor salary and benefits, AP teacher stipends, Naviance program fees, AP exam fees, AP course materials, and other college-related materials and activities. The following expenditures will be funded by federal Title funds: N/A						
3.2	**STEM and GATE programs** Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. 	composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees. The following expenditures will be funded by federal Title funds: N/A						
4.2	**Building relationships and partnerships with families for student outcomes** Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including	Yes	Ongoing Implementation			$223,525.27	$103,718.71

	Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation,

4.3	**MTSS - PBIS and SEL support** Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform expenses, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. 4.4	**Annual educational partner surveys** Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. 1.1	**Teacher assignments and credentials** Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. 	and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: N/A						
1.3	**Clean and safe facilities that support learning** Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. 	School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A						
1.4	**Healthy and nutritious meals** Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. 	guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A						
1.5	**Well-orchestrated Home Office support services** The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4.	No	Fully Implemented			$232,137.36	$121,643.24

Goal 2

Goal Description
EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our "Graduate Profile," including Literacy with a Learner's Mindset and Critical Thinking skills as they pursue academic excellence.

Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: N/A						
2.2	**Professional development for high-quality instruction** Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. 2.4	**Designated and integrated ELD programs and support for ELs** Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. 2.5	**Support for students with disabilities** Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. Goal 3

Goal Description
INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.

3.2	**STEM and GATE programs** Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. 3.3	**Digital literacy and citizenship programs** Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity. Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. 3.4	**Physical education, activity, and fitness** Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. 3.5	**Additional programs and activities that support well-rounded education** To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. 4.1	**Seeking family input for decision-making** Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. 4.2	**Building relationships and partnerships with families for student outcomes** Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. 	grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. 	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to

4.4	**Annual educational partner surveys** Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps.	Yes	Fully Implemented			$1,060.00	$543.36

1.1	**Teacher assignments and credentials** Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. 	and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: N/A						
1.3	**Clean and safe facilities that support learning** Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. 	School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A						
1.4	**Healthy and nutritious meals** Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A						
1.5	**Well-orchestrated Home Office support services** The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4.	No	Fully Implemented			$618,995.00	$316,680.18

Goal 2

Goal Description
EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our "Graduate Profile," including Literacy with a Learner's Mindset and Critical Thinking skills as they pursue academic excellence.

2.1	**Broad course of study and standards based curriculum** Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: N/A	No	Fully Implemented			$1,427,443.66	$772,733.77
2.2	**Professional development for high-quality instruction**	Yes	Fully Implemented			$34,141.08	$14,434.82

	Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees. The following expenditures will be funded by federal Title funds: -Tuition reimbursement for professional development: Resource: Title II, $5,000

2.3	**MTSS - Academic enrichment, intervention, and student support** Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Dean of Academics salary and benefits, Title-I coordinator salary and benefits, instructional aide salaries and benefits, intervention teacher salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Illuminate DnA fees and evidence-based supplemental intervention/enrichment program fees (IXL, Accelerated Reader, Standards Plus, Quizizz, BrainPOP, Spelling City, Cambium Learning,	Yes	Fully Implemented			$658,845.22	$308,841.87

	ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits. The following expenditures will be funded by federal Title funds: N/A						
2.5	**Support for students with disabilities** Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate	No	Fully Implemented			$947,199.60	$456,882.57

Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: N/A						

Goal 3

Goal Description
INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.

3.2	**STEM and GATE programs** Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. Expenditures associated with this action include the following: supplemental STEM program fees. 3.3	**Digital literacy and citizenship programs** Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity. Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. 3.4	**Physical education, activity, and fitness** Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal Title funds: N/A	Yes	Fully Implemented			$129,486.65	$66,174.95

3.5	**Additional programs and activities that support well-rounded education** To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: N/A	Yes	Fully Implemented			$654,965.70	$324,823.17

Goal 4

Goal Description
CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.

4.1	**Seeking family input for decision-making** Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement.	Yes	Fully Implemented			$1,043.00	$534.64

4.2	**Building relationships and partnerships with families for student outcomes** Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and

The following expenditures will be funded by federal Title funds: -Instructional Materials & Supplies: Resource: Title I, $4,540.32						
4.4	**Annual educational partner surveys** Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Panorama Education survey fees. 4.5	**Community outreach and partnerships** Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. Expenditures associated with this action include the following: Community Schools Coordinator salary and benefits, membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses. 1.1	**Teacher assignments and credentials** Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: Payroll fees, teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, and retirement service fees. The following expenditures will be funded by federal Title funds: N/A	No	Partially Implemented			$23,246.00	$13,489.58

	and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: Depreciation, technology, TelecomInternet, textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: N/A						
1.3	**Clean and safe facilities that support learning** Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality	No	Fully Implemented			$640,195.00	$351,183.29

	learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A						
1.4	**Healthy and nutritious meals** Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School	Yes	Fully Implemented			$21,930.00	$31,250.66

	will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, and water. The following expenditures will be funded by federal Title funds: N/A						
1.5	**Well-orchestrated Home Office support services** The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human	No	Fully Implemented			$880,525.00	$447,661.27

Goal 2

Goal Description
EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our "Graduate Profile," including Literacy with a Learner's Mindset and Critical Thinking skills as they pursue academic excellence.

	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. 2.4	**Designated and integrated ELD programs and support for ELs** Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. Goal 3

Goal Description
INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.

3.2	**STEM and GATE programs** Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. Expenditures associated with this action include the following: supplemental STEM program fees. 3.3	**Digital literacy and citizenship programs** Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity. Expenditures associated with this action include the following: computer teacher salary and benefits, and internet security program fees. 4.1	**Seeking family input for decision-making** Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. The following expenditures will be funded by federal Title funds: N/A						
4.2	**Building relationships and partnerships with families for student outcomes** Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. 	School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. 4.3	**MTSS - PBIS and SEL support** Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. 1.1	**Teacher assignments and credentials** Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: N/A	No	Ongoing Implementation			$40,858.00	$23,616.51

	and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: N/A						
1.3	**Clean and safe facilities that support learning** Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter	No	Ongoing Implementation			$581,984.38	$368,748.19

	School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A						
1.4	**Healthy and nutritious meals** Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A						
1.5	**Well-orchestrated Home Office support services** The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4.	No	Ongoing Implementation			$1,464,737.00	$783,876.12

Goal 2

Goal Description
EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our "Graduate Profile," including Literacy with a Learner's Mindset and Critical Thinking skills as they pursue academic excellence.

2.4	**Designated and integrated ELD programs and support for ELs** Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences.	Yes	Ongoing Implementation			$0.00	$0.00

2.5	**Support for students with disabilities** Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Goal 3

Goal Description
INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.

	composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses. The following expenditures will be funded by federal Title funds: N/A						
4.2	**Building relationships and partnerships with families for student outcomes** Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including	Yes	Ongoing Implementation			$340,571.13	$173,215.20

	Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation,

4.3	**MTSS - PBIS and SEL support** Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility	Yes	Ongoing Implementation			$519,095.63	$239,601.21

	and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform expenses, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. 4.4	**Annual educational partner surveys** Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Panorama Education survey fees. Actions & Measuring and Reporting Results

Goal # Action #	Action Title and Description	Contributing	Implementation Level	Mid-Year Outcome Data	Other Data/Evidence (qualitative, quantitative, artifacts)	Total Funds Budgeted	Mid-Year Expenditures
1.1	**Teacher assignments and credentials** Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees. The following expenditures will be funded by federal Title funds: N/A	No	Fully Implemented			$37,883.00	$21,409.76
1.2	**Instructional materials and technology** Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter	No	Fully Implemented			$481,601.27	$264,214.18

	School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: N/A						
1.3	**Clean and safe facilities that support learning** Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility	No	Fully Implemented			$1,251,346.54	$509,931.32

	inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A						
1.4	**Healthy and nutritious meals** Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales	Yes	Fully Implemented			$71,587.20	$37,630.05

	and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, refreshments and office supplies related to the Healthy and nutritious meals The following expenditures will be funded by federal Title funds: N/A						
1.5	**Well-orchestrated Home Office support services** The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4.	No	Fully Implemented			$562,524.97	$450,342.67

Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: • Teacher salary and benefits: Resource: Title I; Amount: $35,255.12						
2.2	**Professional development for high-quality instruction** Professional development will occur at the MPS organizational level and within the school. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Funds will support personnel costs associated with providing small group and one-on-one interventions, co-taught classes, extended learning opportunities, and collaborative support meetings to ensure student progress is consistently monitored and addressed.						
2.4	**Designated and integrated ELD programs and support for ELs** Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program	Yes	Fully Implemented			$0.00	$0.00

Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits, and Rosetta Stone program fees. The following expenditures will be funded by federal Title funds: N/A						
2.5	**Support for students with disabilities** Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be	No	Fully Implemented			$984,855.10	$476,731.26

Goal 3

Goal Description
INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.

3.2	**STEM and GATE programs** Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. Expenditures associated with this action include the following: supplemental STEM program fees. 3.3	**Digital literacy and citizenship programs** Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity. Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. 3.4	**Physical education, activity, and fitness** Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal Title funds: Physical activity, fitness, and equipment expenses: Resource: Title IV, Part A; Amount: $742	Yes	Fully Implemented			$268,748.52	$158,264.15

3.5	**Additional programs and activities that support well-rounded education** To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: N/A	Yes	Fully Implemented			$437,489.24	$208,819.45

Goal 4

Goal Description
CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.

4.1	**Seeking family input for decision-making** Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and	Yes	Fully Implemented			$2,172.00	$1,113.37

In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses. The following expenditures will be funded by federal Title funds: N/A						
4.2	**Building relationships and partnerships with families for student outcomes** Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below	Yes	Fully Implemented			$130,268.33	$69,709.11

	grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title funds: -Stipends for home visits and Professional Services: Resource: Title I, Part A; Amount: $6,207.31

4.3	**MTSS - PBIS and SEL support** Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure	Yes	Fully Implemented			$337,815.82	$166,088.67

1.1	**Teacher assignments and credentials** Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. 	and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: N/A						
1.3	**Clean and safe facilities that support learning** Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. 	School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A

The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A						
1.5	**Well-orchestrated Home Office support services** The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4.	No	Fully Implemented			$72,251	$37,035.86

Goal 2

Goal Description
EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our "Graduate Profile," including Literacy with a Learner's Mindset and Critical Thinking skills as they pursue academic excellence.

2.1	**Broad course of study and standards based curriculum** Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. 2.2	**Professional development for high-quality instruction** Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. 2.4	**Designated and integrated ELD programs and support for ELs** Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits. The following expenditures will be funded by federal Title funds: N/A						
2.5	**Support for students with disabilities** Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: N/A						

Goal 3

Goal Description
INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.

3.2	**STEM and GATE programs** Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. Expenditures associated with this action include the following: supplemental STEM program fees. 3.3	**Digital literacy and citizenship programs** Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity. Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. 3.4	**Physical education, activity, and fitness** Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. 3.5	**Additional programs and activities that support well-rounded education** To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. Goal 4

Goal Description
CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.

4.1	**Seeking family input for decision-making** Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement.	Yes	Ongoing Implementation			$0.00	$0.00

Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. 4.4	**Annual educational partner surveys** Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Alfredo Rubalcava, CEO & Superintendent Jennifer Lara, Board Secretary
RE:	Revised 2025-26 MPS Board Officers

Action Proposed:

Staff recommends and moves that the Board approve the appointment of Cafer Turan, Interim Chief Financial Officer, as the Acting Treasurer effective February 13, 2026, until a regular Chief Financial Officer is appointed, or the Board amends this decision, whichever occurs first.

Purpose:

At this time, the Chief Financial Officer role is not currently being actively served. Accordingly, staff is documenting the appointment of an Interim Chief Financial Officer and updating the Board Officer designation to reflect this individual as Acting Treasurer in order to ensure continuity of financial leadership, oversight, and compliance. This appointment would be short-term in nature and would change to the regular Chief Financial Officer once one is hired or if the Board changes the appointment. This appointment will retroactively revoke any prior Treasurer appointments.

Background:

This appointment is in compliance with Article X of the Magnolia Public Schools Bylaws, which states "*The officers of this corporation shall be a President, a Secretary, and the Chief Financial Officer, who shall be known as the 'Treasurer.*'" This action is consistent with the vacancy provisions set forth in Article X and the Board of Directors general authority to appoint officers. This action reflects the Board's responsibility to ensure required officer roles are actively designated and that financial authority and oversight are clearly established.

All other Board appointments that were approved on June 26, 2025 will remain the same.

Approval of 2026-27 School Safety Plans for all Magnolia Public Schools

Section: V. Action Items
Item: B. Approval of 2026-27 School Safety Plans for all Magnolia Public Schools
Purpose: Vote

From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Meagan Wittek, Director of Student Services
RE:	2026-27 School Safety Plans for all Magnolia Public Schools

Action Proposed:

Staff recommends that the Board motion to approve the 2026-27 School Safety Plans (SSP) for all Magnolia Public Schools:

- Magnolia Science Academy 1
- Magnolia Science Academy 2
- Magnolia Science Academy 3
- Magnolia Science Academy 4
- Magnolia Science Academy 5
- Magnolia Science Academy 6
- Magnolia Science Academy 7
- Magnolia Science Academy Bell
- Magnolia Science Academy Santa Ana
- Magnolia Science Academy San Diego
- Magnolia Science Academy Orange County - Anaheim
- Magnolia Science Academy Orange County – Placentia Yorba Linds (PYL)

Purpose:

In accordance with California Education Code 32280–32289.5, all public schools are required to maintain a School Safety Plan (SSP) that includes procedures for emergencies such as evacuation, lockdown, and crisis response. These plans are regularly reviewed and updated in collaboration with school-site partners. At Magnolia Public Schools (MPS), the Parent Advisory Committee (PAC) supports this work by engaging families and providing feedback to strengthen safety and emergency preparedness. For MPS schools co-located and authorized by Los Angeles

Unified School District, an Integrated Safe School Plan (ISSP) is also required to ensure coordinated safety practices across shared sites. The 2026–27 SSP reflects a flexible, responsive

approach, allowing school leaders to adjust practices as needed to meet the evolving needs of students and staff.

Background:

In accordance with California Education Code 32280–32289.5, all public schools are required to annually review and adopt a School Safety Plan. The 2026–27 School Safety Plans for all twelve Magnolia Public Schools have been developed in collaboration with school leadership and educational partner groups and include required procedures for emergency preparedness, crisis response, and campus safety. These plans reflect current best practices and are designed to support a safe and secure learning environment for students and staff across all Magnolia schools.

Impact:

Magnolia Public Schools (MPS) is committed to maintaining a safe learning environment in accordance with California Education Code 32280-32289.5. Our updated School Safety Plans (SSP) for 2025-26 include emergency procedures and incorporate feedback from the Parent Advisory Committee (PAC) to ensure continuous improvement.

For co-located campuses with Los Angeles Unified School District, MPS also adopts the Integrated Safe School Plan (ISSP) for coordinated safety efforts. By remaining flexible and responsive to the community's needs, MPS ensures that safety measures are practical, relevant, and effective for all students and staff.

Budget Implications:

The SSP includes a variety of measures aimed at improving school safety, such as providing training for school staff on emergency responses and crisis management, improving school infrastructure to make the building more secure, and acquiring equipment and supplies to ensure the school site can manage crises or emergencies. The costs for implementing a school site safety plan are projected to be approximately $8,000 -$15,000, depending on the school site and specific needs. The individual school sites' operations budget will pay for these costs.

Our Mission

Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to provide a high-quality, college preparatory STEAM educational experience in an environment that cultivates respect for self and others.

Our Vision

Graduates of Magnolia Public Schools commit to building a more peaceful and inclusive global society by transforming traditional ideas with creative thinking, effective communication, and the rigor of science.

About our School as a Safe Place to Learn

At Magnolia Public Schools, we envision a vibrant learning community where every student feels safe, nurtured, and respected. Through proactive efforts, we foster a positive and inclusive environment that empowers students to thrive academically, socially, and emotionally.

PURPOSE & PREPARATION

Statement of Purpose

The School Safety Plan is designed to foster a secure school environment, fostering an optimal learning experience and elevating student academic achievement. This plan is strategically implemented to safeguard the well-being of students and staff, offering a structured response to emergencies and a set of guidelines for preparedness. The primary objectives of this plan include:

1. Ensuring the safety and welfare of students and staff.
2. Providing a coordinated and effective response to emergency situations.
    - Encouraging collaboration among co-located schools for a unified emergency response. This collaborative effort encompasses comprehensive goals, activities, teams, and timelines, ensuring a collective commitment to the well-being of all individuals on campus.
3. Safeguarding the school's facilities and property.
4. Facilitating a swift restoration to normal conditions in the aftermath of an emergency, minimizing confusion.
5. Coordinating with local emergency services when necessary to enhance overall emergency response capabilities.

Plan Organization

Effectively managing emergencies demands a dual focus on thorough emergency preparedness and efficient emergency response capabilities. The School Safety Plan is organized into five essential components:

1. Purpose and Preparation: This component addresses anticipated threats and hazards to the school, emphasizing safety needs before, during, and after an incident. It serves as the proactive foundation for comprehensive emergency preparedness.
2. Prevention: Focused on education and awareness strategies, this component aims to empower members of the learning community with the knowledge and tools to prevent incidents. Proactive measures play a pivotal role in ensuring a secure environment.
3. Response: Strategies and procedures for drills and handling potential threats are outlined. This component ensures a swift and coordinated response during emergency situations, contributing to the preparedness of both students and staff.
4. Recovery: Post-incident, this component centers on establishing therapeutic rapport and utilizing school and community-based resources to address the emotional impact of the crisis. Recovery efforts are crucial for restoring a sense of normalcy within the learning community.
5. Quick Reference Guide: Serving as an internal tool, the Quick Reference Guide enables the rapid activation of the team and safety protocols specific to potential incidents within the learning community. This guide enhances the efficiency and coordination of emergency response efforts.

Safety Goals and Objectives

The emergency safety plans are carefully developed to address a range of potential crises, including natural disasters and fires. The school sites participate in regular disaster drills conducted throughout the academic year to ensure that students and staff are well-prepared for any emergency scenario. A crucial part of our planning process involves each MPS school site conducting a thorough review of school-specific data, leading to the identification of specific goals for the school year. This proactive approach ensures that our emergency preparedness measures are tailored to the unique needs and challenges of each school site, fostering a safe and secure learning environment for everyone in our community.

The committee reviewed the data and identified the appropriate strategies and programs that provide high-level school safety. Those programs and strategies include:

- Parent/Student Handbook
- School Safety Committee

- Discipline Committee
- Administration
- Local School Administration
- Parent Advisory Committee
- Parent Task Force
- Student Leadership
- Local Law Enforcement Collaboration

We will continue to review data in the upcoming academic year to continually revise and identify appropriate strategies and programs that provide/maintain a high level of school safety, both on and off campus.

- ## Component 1: School Climate

Goal(s): All employees will uphold and implement all stated policies and procedures as noted in the school-wide safety plan.

- Objective: Annually, all employees will review the policies and procedures as noted in the safe school plan.
- Related Activities: Review regularly during Professional Learning Sessions, completion of training through CharterSafe, committee meetings, and safety meetings.
- Resources needed: Safety plan
- Person(s) responsible for implementation: Designated Administrator, Safety Committee
- Budget: Refer to schools' annual budget
- Evaluation guidelines: Educational Partner Surveys

Component 2: Physical Environment

Goal(s):

- Objective: By the start of the 2026 school year, establish a Student and Parent Center that provides access to academic, social-emotional, and community resources, as well as a safe space for families and students to decompress, connect, and collaborate.
- Related Activities: Host recurring meetings for students and families, Offer workshops aligned to academic, wellness, and community needs, Partner with guest presenters and community resource organizations and Utilize the space for students who need a separate setting who can get their work done effectively.
- Resources needed: equipment, space, materials, personnel
- Person(s) responsible for implementation: Facilities, Admin, CSC
- Budget: Refer to school's annual budget
- Evaluation guidelines: Educational School Partner Survey,

Component 3: School's Social Climate

Goal(s):

- Objective: By the end of second semester, sense of belonging and connectedness will improve by 3% by creating more opportunities for connection and school driven initiatives.
- Related Activities: PBIS initiatives like student store, teacher incentives, Spring activities, Girl and Boy support groups, Restorative practices, Student council and student government, Schedule Free Dress Days and Spirit Wear Days to promote school pride and unity
- Resources needed: Incentives and rewards, Materials for activities and events, Staff time and professional development for restorative practices
- Person(s) responsible for implementation: Admin, Teachers, Student Leadership groups, SEL leaders, RISE Committee
- Budget: School's annual budget plan

Emergency Drill Evaluation

MPS Emergency Drill Evaluation (Google Form)

The MPS Emergency Drill Evaluation collects the following information:

- School site
- When did the emergency drill take place?
- Drill Type
- Date Conducted
- Time Started and Time Completion
- Alert Type
- Did everyone on campus participate?
- If parents/guardians participated, what were their roles?
- Rate students' performance of emergency procedures.
- Rate faculty's performance of emergency procedures.
- Rate emergency team performance of duties.
- Rate accounting for everyone.
- Rate alert system.
- Did the School Safety Committee and/or Emergency Team Leaders debrief after the drill?
- List the top lesson learned from this drill and how it will be addressed.
- What school-site training support would improve emergency drills and/or preparedness?

PREVENTION

Employee Preparedness

Our commitment to ensuring a safe and secure school environment involves comprehensive measures to prepare and empower our staff for effective response during emergencies. Here are the key components of our Employee Preparedness plan:

Ongoing Preparedness Measures:

- Regular review of the School Safety Plan and other emergency policies and procedures.
- Familiarization with each employee's role during emergency situations.
- Knowledge and evaluation of required drills, ensuring staff are well-versed in emergency response procedures.
- Familiarity with the layout of buildings, grounds, and all emergency procedures.
- Review of the locations of emergency exits, fire extinguishers, fire alarms, and emergency equipment and supplies.
- Attendance at updated training sessions covering first aid, CPR, the use of fire extinguishers, and search and rescue, as necessary.

Employee Skills

At the commencement of each school year, the School Principal or designee will seek input from instructional and non-instructional staff to identify individuals with special skills or experiences that could be beneficial during an emergency. These employees may be assigned specific emergency management roles, such as first aid, CPR, search & rescue, and fire extinguisher training and certification.

The instructional staff is responsible for the following:

- Presenting instruction to students about emergency preparedness plans and student responsibilities during major emergencies.

- Maintaining readily accessible attendance sheets for use during evacuations.
- Updating and storing classroom emergency kits in safe, accessible locations.
- Full participation in fire, earthquake, and evacuation drills.
- Developing planned activities for students during periods of confinement in emergencies.

The School Principal, or designee, is responsible for the following:

- Assigning employees to specific roles based on their skills, abilities, and normal functions.
- Ensuring that all employees are familiar with site maps, evacuation plans, and are trained in emergency response roles.
- Updating lists of employees trained in first aid, CPR, fire extinguisher use, and search and rescue, arranging for update training as necessary.
- Regularly updating site floor plans showing evacuation routes, assembly areas, emergency supplies, equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut-off valves.
- Posting emergency procedures in visible locations across the school.
- Updating the list of disabled students or employees, arranging for evacuation assistance or other special assistance as needed.
- Testing the site warning system and ensuring signal recognition by employees and students.
- Conducting an inventory of all emergency supplies and equipment, replacing used or outdated items.
- Maintaining a list of emergency phone numbers in readily accessible locations.

Employee/Student Special Needs

Employees and students with special needs are encouraged to self-identify their specific requirements during emergencies. At the beginning of each school year, parents are asked to provide written information and instructions concerning the specific needs of students. Areas of the school with employees and/or students with permanent mobility impairments should maintain any necessary evacuation devices on each floor where such individuals are located.

Emergency Onsite Personnel

Emergency phone contacts for staff will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc., will also be noted on a list kept at the school.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

Reporting the information regarding a case of possible child abuse or neglect to your supervisor, the School principal, a School counselor, coworker or other person shall not be a substitute for making a mandated report to Child Protective Services or law enforcement.

MPS will provide annual training on the mandated reporting requirements, using the online training module provided by MPS, to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the course of the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one-thousand dollars ($1,000), or by both.

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of employment.

Reportable Offenses

A mandated reporter is obligated to report whenever, in their professional capacity or within the scope of their employment, they have knowledge of or observe a child whom they know or reasonably suspect has been the victim of child abuse or neglect (Penal Code 11166).

Responsibility for Reporting

Mandated reporters must take immediate action whenever they have knowledge of or observe suspected child abuse or neglect within their professional capacity or employment scope (Penal Code 11166).

Reporting Procedures

1. **Initial Telephone Report**
   Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department (Penal Code 11165.9, 11166).

   - Los Angeles County 800-540-4000 or https://reportChildAbuseLA.org
   - Orange County 714-940-1000 or 800-207-4464 and Forms | County of Orange Social Services Agency
   - San Diego County 858-560-2191 or 800-344-6000
2. **Written Report**
   Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572) (Penal Code 11166, 11168).
3. **Confidentiality**
   Mandated reporters are assured that the reporting process is confidential, and their identity will be protected. Ensuring the safety of the child is the top priority, and the reporting process is designed to support this goal.

Investigation of Suspected Child Abuse or Neglect by Peace Officers - PC 11174.3

A suspected victim of child abuse or neglect may be interviewed during school hours, on school premises, by a representative of a governmental agency investigating the case, or by the State Department of Social Services when deemed necessary. The investigation is based on a report of suspected child abuse or neglect that occurred within the student's home or out-of-home care facility. The student must be given the option of being interviewed in private or selecting a member of the school staff, whether certificated or classified, to be present at the interview.

The selected staff's role is to provide support to the student and to help the student feel as comfortable as possible; it is not to participate in the interview and discuss the case with the student. The principal or the principal's designee should remind the staff member selected of the staff member's role and the requirement to maintain confidentiality prior to the interview. The staff member selected may decline the request to be present at the interview; however, if the staff member agrees to be present, the interview must take place during school hours.

Releasing a Student to a Peace Officer - EC 48906

When a minor student is released to a peace officer for the purpose of removing the student from the school premises, a school official must take immediate steps to notify the parent or responsible relative of the student of such removal and the place to which the student is being taken.

In the case where the student is being taken into custody as a victim of suspected child abuse, the school official must provide the peace officer with the address and contact information of the student's parent. It is the responsibility of the peace officer to contact the parent.

Procedures for Supervision and Protection of Children from Abuse, Neglect, and Sexual Offenses

In addition to strict compliance with the reporting policy above, the school shall implement the following procedures to minimize opportunities for abuse, neglect, or sexual offenses.

Procedure	Details
Two-Deep/Visible Supervision	No employee, volunteer, or contractor shall be alone with a single student behind a closed door or in an isolated area without another adult present or visible.
Line-of-Sight Supervision	Staff shall maintain visual contact with students during recess, transitions, restroom breaks, and after-school activities. High-risk areas (locker rooms, storage rooms, offices) shall be monitored or equipped with windows or open doors.
Private Electronic Communication Prohibited	Staff may not communicate privately with students via personal phone, text, social media, or apps. All school-related electronic communication must use school-approved platforms with at least one other adult copied or able to monitor.
Physical Contact Boundaries	Physical contact shall be limited to what is appropriate and necessary (e.g., high-fives, side hugs, brief comforting). Staff shall avoid lap-sitting, tickling, piggy-back rides, or any contact with private body areas.
Transportation & Off-Campus Activities	At least two adults must be present in any vehicle transporting students. One-to-one transportation of a single student by one adult is prohibited except in documented emergencies.
Visitor & Volunteer Screening	All visitors and regular volunteers shall sign in, wear identification, and be supervised at all times. Background checks are required for any adult with unsupervised student contact.
Restroom Policy (Elementary)	Adults may not enter student restrooms while occupied unless an emergency exists and another adult is present.
Annual Review of Physical Plant	The school shall annually identify and mitigate blind spots, inadequate lighting, or isolated areas.

The school strictly follows all applicable fingerprint background check requirements for employees, contractors, and volunteers.

Additional policies and procedures to prevent abuse, neglect, and sexual offenses are included in the school's Professional Boundaries policy, Visitor and Volunteer policies, and Employee Handbook.

Procedures for Safe Ingress and Egress from School

Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.

1. Availability of Maps: Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.
2. Visitor Protocol: Visitors and guests are welcome at the school, but reasonable precautions are taken to safeguard students and staff. Visitors should:
    - Report and sign in at the office.
    - Be provided with a visitor's badge.
    - Be prepared to provide identification to school personnel.
    - Respect school rules.
3. Exterior Door Management:
    - School personnel should ensure that all exterior doors are marked with a notice instructing visitors to report to the office first. Exterior doors, except those near the office, should remain locked to control access.
4. Staff Training:
    - School staff should receive training on how to greet visitors, with the first question being "May I help you?" Someone should greet every visitor.
5. Response to Intruders:
    - Any intruder found roaming the building without a visitor's badge or visible identification should be escorted to the office. School personnel in the office can then provide additional information or directions.
6. Progressive Response to Non-Compliance:
    - Visitors who fail to comply with school procedures should verbally be informed of the violation. If non-compliance persists:
        - Notify the office of the situation.
        - Follow the person if possible and continue to give notice of the violation of school rules.
        - Notify the police or call 911.
7. Building-Wide Notification Plan:
    - In case of an intruder(s), the office should activate a building-wide notification plan:
        - Make a PA announcement using predetermined code phrases.
        - Instruct classroom doors to be closed.
        - Advise students to remain in their current areas.

Social Climate: School and Physical Environment

At MPS, we firmly believe that safety and education are a shared responsibility among parents, teachers, and students. Our school's successful operation relies on the cooperation of everyone involved. Each group holds a responsibility to contribute, creating an environment where learning, safety, and play can harmoniously coexist. We

uphold the principle that every individual, regardless of color, race, gender, popularity, ability, religion, or nationality, has the right to feel safe, secure, and accepted.

Our vision is shared through the student-parent handbook, a tool that communicates our expectations to students and parents alike. MPS is a reflection of all of us, and our policies are crafted to provide a safe and orderly environment conducive to learning. Our dedicated faculty and staff eagerly anticipate sharing their expertise in academics, special programs, and extracurricular activities.

To make MPS a thriving community, we encourage active participation from students and parents. Explore our programs, activities, and schedule, and become an engaged participant in your education through classes, clubs, and various activities. We recognize that a school environment thrives when governed by clearly defined and implemented rules. To this end, MPS has compiled a comprehensive student-parent handbook, addressing the school's regulations and policies to set a standard for the entire school community.

Effective Communication

Open and effective communication is essential for addressing issues or concerns that may arise with teachers, staff members, or administrators. We encourage both students and parents to approach the person directly involved when faced with a situation of concern.

For Students: If a student encounters a challenge at school, we believe in empowering them to communicate and seek resolution. In cases involving classroom situations or issues with teachers, we recommend the following steps:

1. Talk with the Teacher - The student should be encouraged to express their concerns directly to the teacher. Open dialogue between students and teachers is the foundation for understanding and resolving issues.
2. Talk with an Administrator - If the issue persists or if the student is uncomfortable talking directly to the teacher, the student is encouraged to approach an administrator.
3. Parental Involvement - In instances where the student is reluctant to speak with the teacher or administrator, the parent may accompany the student and facilitate the conversation with the teacher.

It is crucial to demonstrate to children how to actively and constructively solve problems. If a concern is significant enough for a child to discuss, it is equally important for them to learn how to be part of the solution. Encouraging problem-solving skills empowers students to take an active role in creating a positive and solution-oriented school environment.

Parent Concern

Addressing concerns in a timely and effective manner is crucial for fostering a positive school environment. Parents are encouraged to follow these steps when dealing with concerns:

1. Initiate a Conversation with the Teacher. In the initial stages of any concern, it is recommended to talk directly with the teacher. Teachers can provide insights into classroom situations from both an adult and professional perspective, often resolving misunderstandings through open communication.
2. Follow up with the Teacher if Necessary. If the concern persists after an initial conversation, it is advisable to revisit the issue with the teacher. Open dialogue allows for continued communication and a more in-depth understanding of the situation.
3. Schedule an Appointment with the Administrator. If resolution is not achieved at the teacher level, parents are encouraged to make an appointment with the relevant administrator. Thai step ensures that concerns are elevated to the appropriate authority for further consideration.
4. MPS Home Office Communication. If concerns persist even after meeting with the Principal, the parent is encouraged to complete the appropriate form available in the MPS Student-Parent Handbook. The form should include details about the complaint and the steps taken to resolve it. Once completed, contact the MPS Home Office to ensure a thorough and documented review of the matter.
5. MPS Board Communication. If necessary, the next level of communication involves reaching out to the MPS Board. Parents may initiate this process by revising the form originally submitted. The MPS Board will

consider the matter at its next meeting, providing a transparent and structured approach to addressing concerns. In the event that the Board decides not to hear the complaint, the Superintendent's decision will be considered final.

Communication Channels. Teachers, staff, and administration are accessible through email, phone, in-person meetings, and by appointment. However, due to busy schedules, we request parents to schedule meetings in advance rather than dropping in. This ensures that everyone involved can allocate time for a focused and productive discussion.

Respectful and Constructive Communication. MPS emphasizes the importance of maintaining respectful and constructive communication. Parents are kindly requested not to "drop-in" for appointments and should avoid engaging with teachers, other parents, students, or administrators in a disrespectful or threatening manner.

Students Responsibilities

I am aware of my responsibilities and will do my best to satisfy my parents'/teachers' expectations at MPS because this will help me do better in the future. I agree to really try and do the following:

- I will come to school dressed in uniform every day and on time.
- I will be prepared for all my classes with all required materials.
- I will complete class work and homework on time.
- I will do all the homework assigned to me the best way I can and ask for help when needed.
- I will strive consistently to give my best, and to make my best academic progress.
- I will act responsibly and respectfully at all times and towards all members of the school community.
- I will follow all school rules.
- I will obey the School's Code of Conduct.
- I will respect my property, that of others, and that of the School.
- I will take good care of my books, and other materials the School allows me to use.
- I will serve my community.

Parent Responsibilities

I understand that my child's studies are very important and my participation in activities at MPS is a critical component of my child's educational success. Therefore, I agree to carry out the following responsibilities to the best of my ability:

- I will take a positive and active role in supporting my student's education.
- I will make certain my student attends school regularly and on time.
- I will notify school when child is absent and provide appropriate documentation.
- I will ensure that my student follows the school attendance policy and dress codes.
- I will ensure that my child come to school rested, clean, well-fed, and appropriately dressed (in student uniform).
- I will notify office immediately if there is a change of home address or phone number.
- I will set aside a specific time and place for my student to do homework.
- I will support my student in completing homework, including, if necessary, limiting time watching television, computer gaming, and recreational internet use.
- I will allow my student to attend remedial and other programs offered if requested by the school as is needed for individual improvement.
- I will set up a college-bound environment at home and support my student through the college admission and scholarship-finding process.
- I will emphasize my child adheres to the MPS Discipline Code at all times.
- I will enforce the School Code of Conduct with my child, including ensuring my child is wearing the uniform and promoting respect for teachers and all adults and students.
- I will follow through with any problem behaviors noted by the School.
- I will attend orientation meetings prior to the start of School.

- I will communicate regularly with my student's teachers to ensure his/her academic success (includes attending at least two conferences in a school year).
- I will review information and work sent home and/or posted online for parents and students via the school website and the online Student Information System and respond as necessary (computer access is available for parents at School if needed).
- I will review progress reports that are sent by the School and respond as necessary.
- I will encourage positive attitudes toward school.
- I will talk with my student about what he/she is learning.
- I will expect and encourage my student to be focused on learning.
- I will expect and support my student to strive consistently to give his/her best, and to make his/her best academic progress.
- I will assure that my child does not destroy materials (textbooks, equipment, etc.) and/or MPS property.
- I will pay for any damages to materials and/or property incurred by student.
- I will assure that students do not bring destructive materials to school (markers, paint, etc.)
- I will assure that all school materials loaned to students will be returned in the condition issued (textbooks, library books, etc.) I will pay for any lost or damaged books in CASH only.
- I understand that a student's bringing or possession of any weapon is grounds for expulsion from the Charter School.
- I will complete and return all necessary school forms and documents on time as requested by school officials.
- I will try to volunteer at School when requested. (Parents/guardians are not required to volunteer for MPS.)

School Responsibilities

- The School will provide a high-quality curriculum and instruction in a supportive and effective learning environment that enables all students to meet the State Core Curriculum Content Standards in all content areas through an aligned curriculum and rigorous assessment.
- The School will provide a variety of support programs to enhance instruction at all grade levels.
- The School will send frequent reports to parents on their child's progress.
- The School will hold parent-teacher conferences during which this Compact will be discussed as it relates to the individual student's achievement. Conference dates will be listed on the school calendar and additional dates will be sent through notification by the School.
- The School will grant parents reasonable access to staff by appointment through the office.
- The School will provide parents with the ability to observe classroom activities by appointment through the office.

Building Capacity for Engagement

Infinite Campus

MPS leverages the Infinite Campus online web portal to enhance efficient communication among parents, students, and teachers. Each teacher maintains a dedicated grade book for every class, providing a centralized hub for course-related information. Teachers regularly update and share course materials, homework assignments, projects, and course grade statistics, as well as detailed records of students' performance, including grades on quizzes, tests, class participation, and homework assignments. Access to these resources is secured through confidential passwords, ensuring a private and secure environment for students and parents to stay informed and engaged in their academic journey.

ParentSquare

MPS utilizes ParentSquare, a school-to-home engagement platform, to streamline communication between the school and parents. This dynamic platform facilitates automated messages tailored to individual students, delivering key information directly to parents. Utilizing ParentSquare, MPS communicates essential details such as attendance information, news updates, upcoming events, opportunities for parent and family engagement, surveys, resources for parent education, and more. With seamless integration into Infinite Campus, multilingual translation capabilities spanning over 100 languages, and versatile access through the app, email, text, voice, and

web portal, ParentSquare ensures inclusive and equitable communication, fostering strong connections between the school and all families.

Parent Advisory Committee (PAC)

In adherence to the Local Control and Accountability Plan (LCAP), the invaluable input of educational partners—including students, families, staff, and community members—is paramount. To fortify the collaborative relationship among these educational partners and review the LCAP along with its various components crucial to student success, schools will host PAC (Partnership Advisory Committee) meetings. PAC meetings will replace School Site Council (SSC) gatherings, streamlining efforts to enhance meeting effectiveness and efficiency.

Scheduled throughout the school year, PAC meetings will actively engage in:

- Planning, Reviewing, and Enhancing LCAP, Title I, and Part A Programs: The committee will play a pivotal role in evaluating and refining the LCAP, Title I, and Part A programs, ensuring alignment with the overarching goals of the LCAP.
- Primary Oversight of Parent and Family Engagement Policy: PAC will serve as the primary committee responsible for reviewing and shaping the parent and family engagement policy. Additionally, if applicable, the committee will extend its purview to other school program plans, fostering a comprehensive approach to school improvement.

Collaboration between school leadership and PAC will be integral to ensuring active parental involvement in the school improvement process. This strategic shift aims to promote effective communication and collective decision-making for the betterment of our educational community.

Parent Task Force (PTF)

Our Parent Association conducts annual elections to fill key positions including President, Vice President, Treasurer, and Secretary. A consistent 10% of our parents actively participate in monthly Parent-Teacher Fellowship (PTF) meetings, creating a dedicated forum for collaborative efforts. PTF meetings serve as a platform where parents take the lead, steering discussions and garnering support for ongoing fundraising initiatives, cultural events, and engagement opportunities designed for all families.

Led by elected PTF Committee Officers, chosen by families vested in supporting the success of all students at MPS, these meetings foster an environment of shared interest and collective dedication. Throughout these gatherings, parents collaborate, pooling their experiences and skills to strategically work towards common goals that propel student success. This approach ensures a dynamic partnership between parents and the school community, actively contributing to the holistic development and achievement of our students.

Professional Development

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive training on school-wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, training on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying-related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015.

Physical Environment

MPS is dedicated to providing a safe, healthy, and nurturing environment characterized by trust, care, and professionalism. To achieve this, we have implemented a comprehensive set of health, safety, and risk management policies that comply with all applicable state and local laws and regulations. The on-site school administration consistently monitors activities to ensure the safety and security of our students. Parents and

students are informed through the MPS Student-Parent Handbook about these policies, covering essential aspects of our commitment to safety.

MPS commitment extends to maintaining a drug-free, alcohol-free, and tobacco-free zone within the school premises, accompanied by a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyberbullying through school-wide assemblies and engaging guest speakers. All staff members are designated mandated reporters for cases of child abuse or violence, further reinforcing our commitment to student well-being.

In preparation for emergencies such as natural disasters and fires, we have developed and communicated emergency safety plans. Each classroom is equipped with these plans, and disaster drills are practiced regularly throughout the year. Our collective efforts create a secure and supportive environment that fosters the academic and personal growth of our students.

Instructional Continuity Plan for Site-Based Schools

INTRODUCTION

Pursuant to Senate Bill 153 and California Education Code section 32282, subdivision (a)(3)(A), Magnolia Public Schools ("MPS" or "Charter School") adopts the following Instructional Continuity Plan ("ICP") to establish communication with students and their families and provide instruction to students when in-person instruction is disrupted due to an emergency or a natural disaster.

The Instructional Continuity Plan ("ICP") states how MPS will:

1. Establish communication with students and families not later than five (5) calendar days after an emergency or natural disaster that disrupts in-person education, with the goal being to establish two-way communication and to identify and provide students with social-emotional, mental health, and academic supports; and
2. Establish access to alternative in-person instruction, remote instruction, or a hybrid model no more than ten instructional (10) days after an emergency or natural disaster disrupts in-person education.

DEFINITIONS

- "Remote Learning" means instruction in which the student and certificated teacher are in different locations and instruction shall be aligned with traditional independent study per Education Code 51745-51747.5. Instructional time shall be based on the time value of the learning tasks and assignments delegated by the teacher.
- "In-person instruction" means instruction under the immediate physical supervision and control of a certificated employee of the Charter School while engaged in educational activities required of the student.
- "Two-way communication" may include phone calls, email, or instant messaging through ParentSquare, the Charter School's portal.

- "Emergency or natural disaster" may include wildfires, earthquakes, severe weather, floods, landslides, tsunamis, pandemic, infectious disease outbreaks, chemical/hazardous materials spill or threat, etc.

STUDENT AND FAMILY ENGAGEMENT

To provide consistency during an emergency, the Charter School's primary mode of communication shall be through ParentSquare. This platform provides a secure environment to communicate with each student and their parent/guardian through instant messages, classroom postings, flyers, and embedded documents. In addition to ParentSquare, teachers will communicate with parents/guardians on a regular basis through traditional communication channels (i.e. phone calls, online classroom postings, Zoom, through Google Classroom etc.) regarding each student's academic progress, attendance/participation, behavior, and social-emotional well-being.

Initial Notification MPS shall:

Engage students and families as soon as practicable following an emergency or natural disaster that disrupts in-person learning. The initial communication establishing two-way communication with students and their families shall occur no later than five (5) calendar days following an emergency. This communication shall:

- Notify students and families that in-person instruction will be closed as a result of the emergency or natural disaster;
- Provide students and families with a status update, based on the most up-to-date and credible sources available, on the nature and extent of the emergency or natural disaster;
- Inform the Charter School community of the methods the school will use to communicate with students and families while in-person instruction is disrupted;
- Request that students and families check in and report their physical well-being, as well as any immediate social-emotional, mental health, and academic needs;
- Provide support for students' social-emotional, mental health, and academic needs by using internal resources to the extent available, and by referring families to any community-based or emergency-focused resources and services providers that may be available; and

Remote Instruction

Charter School shall provide access to in-person or remote instruction as soon as practicable, but no more than ten (10) instructional days following the emergency or natural disaster, which includes:

- If in-person instruction is not feasible, the Charter School will provide remote instruction pursuant to MPS's Independent Study Policy and procedures; and
- Provide access to instructional resources such as a laptop, internet, and instructional materials to participate in remote instruction as follows:

    - Students will have access to lessons via an online portal, such as Google Classroom.
    - If the online portal is not accessible due to unforeseen disruptions, students and families will be provided printed, weekly packets to ensure schoolwork from teachers related to assignments, instruction, and assessments is uninterrupted; or
    - If an emergency or natural disaster disrupts in-person learning and independent study is not feasible, a student may also be offered enrollment in or be temporarily reassigned to another site, school district, county

office of education, or charter school[1]. This information will be determined on a case-by-case basis and communicated to each impacted family.

Communication

MPS's communication platform is ParentSquare and all communications regarding an emergency or natural disaster will be posted on this platform, which is accessible to all students, parents/guardians, and MPS employees.

ParentSquare will also be used to provide instructions to the school community regarding how and when families will access instruction, academic supports, social-emotional resources, and important updates regarding when in-person instruction will resume.

Other forms of communication will be as follows:

- Questions regarding academic instruction, assessments, homework, etc. will occur through Google Classroom;
- Teachers will communicate with parents/guardians on a regular basis through traditional communication channels (i.e. email, phone calls, ParentSquare messages, or Google Classroom messages;
- The Charter School's website and ParentSquare will:
  - Identify whether instruction is in-person, remote, or hybrid;
  - Provide updates and solutions about the impact the emergency or natural disaster is having on providing in-person, remote, or hybrid instruction; and
  - Provide an outlook for when and how normal operations will resume. through the Charter School's ParentSquare, and when in-person instruction will resume.
- If the emergency or natural disaster has negatively impacted power or internet services, flyers will be posted at local community centers, libraries, and other publicly accessible locations.

This information will be provided upon the Charter School's emergency closure and updated every day.

INSTRUCTION AND ASSESSMENT

Independent Study Agreements

All students will be asked to sign an independent study agreement during the enrollment/re-enrollment period every year to ensure agreements are in place prior to an emergency or natural disaster that limits or prevents access to the school site.

Course Content

The Charter School shall provide content aligned to grade level standards that is substantially equivalent to in-person instruction. For high school grade levels this shall include access to all courses offered by the Charter School for graduation and approved by the UC or CSU as creditable under the A-G admissions criteria.

Assessments

Teachers will use the following assessment tools to check for student understanding: Teacher-created tests and assessments, Progress/Report Cards, Chapter/Unit Tests, Work Samples, Portfolios, State Standards testing, journals, presentations, quizzes, labs, interim assessments, and final examinations.

The Charter School will use multiple assessment tools to determine each student's areas of progress and growth including: reading difficulty screener (K-2), NWEA Measures of Academic Progress testing, and IXL.

Each student and their parent/guardian will receive confidential results of the above assessments through Google Classroom or Infinite Campus.

Academic Support

Students demonstrating the needs for additional support will be contacted by the school site's Academic Lead, to discuss remedial measures or to convene a Student Support Team ("SST"), Section 504, or Individualized Education Program ("IEP") Team meeting to review additional accommodations, services of support.

Teachers will maintain virtual office hours to provide students or a parent/guardian the opportunity to clarify assignments, request additional academic support, or address other areas of concern. Each teacher's office hours will be posted within their virtual classroom.

EQUITABLE ACCESS

The Charter School shall utilize its multi-tiered systems of support ("MTSS") to address the needs of pupils who are not performing at grade level, or who need support in other areas, such as English Learners, pupils in foster care or pupils who are experiencing homelessness, and/or pupils requiring mental health support. The Charter School complies with the Individuals with Disabilities Education Act ("IDEA") and is committed to meeting the needs of individuals with exceptional needs in order to be consistent with the pupil's individualized education program ("IEP"). Policies, procedures, and guidelines are in place to ensure that pupils are identified, assessed, and provided a free appropriate public education in the least restrictive environment. The school complies with Section 504 of the
federal Rehabilitation act of 1973 (29 U.S.C. Sec. 794) and is committed to providing equivalent access to and providing a free appropriate public education to all students with disabilities.

Students with Disabilities

The Charter School shall provide and maintain all accommodations and services in accordance with the emergency alternative plan outlined within each student's IEP and Section 504 Plan.

The Academic Lead or Special Education Coordinator will oversee the implementation of each student's IEP within the remote learning environment. All inquiries related to a student's IEP should be directed to the Director of Special Education at (213) 628-3634.

The Academic Lead will oversee the implementation of each student's Section 504 Plan within the remote learning environment. All inquiries related to a student's Section 504 Plan should be directed to the Director of Special Education at (213) 628-3634.

English Learners

All students who are English Learners ("EL") will receive English Language Development ("ELD") support while enrolled in remote learning. Each teacher will be responsive to each EL students' different strengths, needs and identities, and support the socio-emotional health and development of English learners through structured lessons that explicitly target language development skills in reading, writing, listening, and speaking, interactive activities, scaffolding, visual aids, and differentiated instruction to meet each student's unique needs.

The Academic Lead or EL Coordinator will oversee the implementation of designated and integrated ELD within the remote learning environment. All inquiries related to an EL should be directed to the Director of EL and ELA Programs at (213) 628-3634.

Homeless and Foster Students

A student in foster care or a student who is experiencing homelessness will be provided additional support through the Charter School's MTSS and may contact the Homeless Student Liaison or the Foster Student Liaison at (213) 628-3634 for additional support.

The National Center for Homeless Education's Helpline is also staffed Monday-Friday, 9:00 AM to 5:30 PM Eastern Time. Email: NCHE.helpline@safalpartners.com or phone: +1 305-306-8495.

Mental Health Needs

MPS recognizes that when an emergency or natural disaster occurs it can cause unidentified and unaddressed mental health challenges. Access to mental health services is not only critical to improving the physical and emotional safety of students and employees, but it also helps address barriers to learning and provides support so that all students can learn problem-solving skills and achieve in school and, ultimately, in life. The following resources are available to your child during an emergency:

Available through the Charter School: Students and families will continue to have access to counseling services to support their mental health and emotional well-being. School psychologists and counselors will be available through virtual platforms, phone calls, and email to provide counseling check-ins, crisis intervention, and resources tailored to individual needs. These services aim to ensure continuity of care and help families navigate any challenges they may face during this period.

Available in the Community:

- CareSolace is available to quickly connect the school community to available mental health providers, substance use treatment, and social services matched to their needs. CareSolace can be reached at:
  - Call 888-515-0595. Multilingual support is available 24/7/365
  - Visit www.caresolace.com/mpsfamilies and either search on your own OR click "Book Appointment" for assistance by video chat, email, or phone

Available Nationally:

- National Suicide Prevention Hotline - This organization provides confidential support for adults and youth in distress, including prevention and crisis resources. Available 24 hours at 988 or 1-800-273-8255.
- The Trevor Project - This organization provides suicide prevention and crisis intervention for LGBTQ youth between the ages of 13 and 24. **Available at 1-866-488-7386 or visit** https://www.thetrevorproject.org/**.**
- Big Brothers/Big Sisters of America – This organization is a community- based mentorship program. Community-specific program information can be found online at https://www.bbbs.org or by calling (813) 720-8778.

ADDITIONAL SUPPORT SERVICES

Meals

If meal service is disrupted at the school Magnolia Public Schools will work with our food service providers, following the National School Lunch program distribution meal program guidelines, so that all students are appropriately serviced. This includes but is not limited to curbside pick-up, delivery, or frozen multiple meal packages. Meal service times will be communicated with families via ParentSquare.

Expanded Learning Program

If the expanded learning program is interrupted, the Charter School will provide expanded learning opportunities, virtually. Virtual expanded learning opportunities will include an academic enrichment (homework help, tutoring, etc.) component and an educational enrichment (E-Sports, virtual field trips, STEAM clubs, etc.) component. If the Charter School's expanded learning program is sub-contracted to a third-party vendor, the Charter School will collaborate with the third party vendor to ensure the proper implementation of expanded learning programming that includes an academic enrichment component and educational enrichment component.

PROFESSIONAL LEARNING

Within a ten (10) day window of moving into remote learning, MPS will provide teachers with training on the tools, platforms, and strategies to be adept at online or paper packet lesson plan development, assessing students, and supporting diverse learners during remote learning. The Charter School will also provide professional development on virtual classroom management.

RETURN TO IN-PERSON LEARNING

The conditions to be met prior to returning to in-person learning may include, but are not limited to the following:

- Evacuation orders lifted
- Power and utilities functioning
- Healthy air quality
- Access to safe and clean water
- Campus free from debris and hazards

- Internet fiber lines connected and functioning
- Staff to cover those affected by the fires
- Kitchens up and running for meals

Multi-Tiered System of Response to Behavior

MPS maintains as a priority reinforcing positive behavior through intervention supports. Should students continue to make poor choices the administration team and school staff will create a plan with the parent/guardian to decrease unwanted behaviors and reinforce desired behaviors. Students and guardians have access to the school SIS as a means of staying informed on student progress. The student, family, and school connection is part of the Positive Behavioral Interventions & Supports (PBIS) model for our learning community and it takes collaboration with all educational partners.

All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words, MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption to the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the rights of students to lawful student expression, as outlined in the “MPS Student Freedom of Speech/Expression Policy” available in the office of each MPS school.

The following charts and tables delineate unacceptable types of behavior in three levels and possible interventions as part of MPS’ system of response to behavior.

Suspension and Expulsion Policy and Procedures

"The procedures by which pupils can be suspended or expelled." (Ed. Code § 47605(b)(5)(J).)

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and well-being of all students at Magnolia Public Schools ("MPS" or "Charter School"). In creating this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describes the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions, and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to an annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this policy and its procedures are available upon request at the Principal's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform the student, the student's parent/guardian, or educational rights holder of the basis for which the student is being involuntarily removed and the student's parent, guardian, or educational rights holder's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons

including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, reflection during and after school hours, use of alternative educational environments, suspension and expulsion.

Positive Behavioral Interventions & Supports (PBIS)

Positive Consequences:

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem-solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues in the school information system but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

Alternatives to Suspension and/or Expulsion

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and the progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Dean /Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

Reflection

Reflection will be held on the assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls, emails, or notes will be accepted for this request.

In School Suspension

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area, not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. The student is expected to complete their classroom assignments and school community service during ISS.

Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; or d) during, going to, or coming from a school-sponsored activity.

Enumerated Offenses

Discretionary Suspension Offenses: Students may be suspended when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

l) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

m) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

n) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

o) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

p) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is

officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

q) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

r) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

u) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
    i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
    ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.
    iii. Causing a reasonable student to experience substantial interference with their academic performance.
    iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
    i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:
(a) Posting to or creating a burn page. A “burn page” means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. “Credible impersonation” means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
(d) An act of cyber sexual bullying.
(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

v) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

w) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

Discretionary Expellable Offenses: Students may be recommended for expulsion when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

    1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

        i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

        ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.

        iii. Causing a reasonable student to experience substantial interference with their academic performance.

        iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

    2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

        i. A message, text, sound, video, or image.

        ii. A post on a social network Internet Web site including, but not limited to:

            (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

            (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Expellable Offenses: Students must be recommended for expulsion when it is determined pursuant to the procedures below that the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4..

If it is determined by the Administrative Panel that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

- The term “knife” means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.
- The term “firearm” means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.
- The term “destructive device” means any explosive, incendiary, or poison gas, including but not limited to: (A) bomb; (B) grenade; (C) rocket having a propellant charge of more than four ounces; (D) missile having an explosive or incendiary charge of more than one-quarter ounce; (E) mine; or (F) device similar to any of the devices described in the preceding clauses.

Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. **Conference**

   Suspension shall be preceded, if possible, by a conference conducted by the Principal or designee with the student and the student’s parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal or designee.

   The conference may be omitted if the Principal or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

   At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student’s parent/guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student’s parent/guardian at the conference.

2. **Notice to Parents/Guardians**

   At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. In addition, the notice may also state the time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. **Suspension Time Limits/Recommendation for Expulsion**

   Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Principal or designee, the student and the student’s parent/guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student’s parent/guardian, unless the student and the student’s parent/guardian fail to attend the conference.

This determination will be made by the Principal or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. **Homework Assignments During Suspension**

   In accordance with Education Code Section 48913.5, upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

   In accordance with Education Code Section 48913.5(b), if a homework assignment that is requested pursuant to Section 48913.5(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

5. **Suspension Appeals**

   Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made in writing to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will comprise of at least one school administrator (serves as procedural advisor), and at least two teachers, and may also include a non-certificated employee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final and will be delivered to the parent/guardian in a written response. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

   - Uphold the suspension
   - Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record or shared with anyone not directly involved in the proceedings.

Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled by a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the Student nor a member of the Charter School Board of Directors. The Administrative Panel shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.

It is preferable for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. The Administrative Panel may expel any student found to have committed an expellable offense.

Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the

Principal or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of MPS' disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Special Procedures for Expulsion Hearing Involving Sexual Assault or Battery Offenses

MPS may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) calendar days notice of their scheduled testimony; (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent/guardian or legal counsel; and (c) elect to have the hearing closed while testifying.
2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness

to the witness stand.

7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to their previous educational program.

The Administrative Panel may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Administrative Panel. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Administrative Panel may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Administrative Panel revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Administrative Panel shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Administrative Panel shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

Written Notice to Expel

The Principal or designee, following a decision of the Administrative Panel to expel, shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student and student's parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures

The Principal or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

Disciplinary Records

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the authorizer upon request.

Expulsion Appeals

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within fifteen (15) working days of receipt of a timely written request for an appeal. *(This timeline supersedes the timeline statement in the charter petition if different.)*

At the hearing on the appeal, the student shall have the right to present evidence. The Board will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and MPS. That decision shall be final.

Interim Placement

MPS shall be responsible for the appropriate interim placement of students during and pending the completion of the MPS's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

MPS shall work with the District for an interim placement or other alternative programs. Should MPS determine after the referral that the student will remain at MPS pending the expulsion hearing based on the best interest of

the student, or if MPS secures another alternative interim placement at another charter school or school within its CMO, if appropriate and aligned with applicable charter petitions, MPS will notify the District of such determination.

Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to the Charter School for readmission.

Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board of Directors following a meeting with the Principal or designee and the student and student's parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Principal or designee shall make a recommendation to the Board of Directors following the meeting regarding the Principal's or designee's determination. The Board shall then make a final decision regarding the readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Involuntary Removal for Truancy

As charter schools are schools of choice and as a charter school student who fails to attend school is potentially depriving another student of their opportunity to enroll, a student may be involuntarily removed as described within the Charter School's Board adopted Attendance Policy for truancy and only after the Charter School follows the requirements of the Attendance Policy and only in accordance with the policy described above which requires notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal. Students who are involuntarily removed for truancy will be given a rehabilitation plan and will be subject to the readmission procedures set forth herein.

Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. **Notification of SELPA/District**
   The Charter School shall immediately notify the SELPA/District and coordinate the procedures in this policy with the SELPA/ District of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. **Services During Suspension**
   Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as

appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
c. Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent/guardian and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to

others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.
c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Students with an IEP

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, according to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See above: Suspension and Expulsion Procedures for more information.

Procedures for Notifying Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

This notification will be provided on our school letterhead:

Title IX Policy Prohibiting Discrimination on the Basis of Sex

This Title IX Policy Prohibiting Discrimination on the Basis of Sex ("Policy") contains the policies and grievance procedures of Magnolia Public Schools ("MPS") to address sex discrimination, including but not limited to sexual harassment, occurring within MPS's education program or activity.

MPS does not discriminate on the basis of sex and prohibits any acts of sex discrimination in any education program or activity that it operates, as required by California law, Title IX (20 U.S.C. § 1681 et seq.) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.

This Policy applies to conduct occurring in MPS's education programs or activities including but not limited to incidents occurring on the school campus, during school-sponsored events and activities regardless of the location, and through school-owned technology, whether perpetrated by a student, parent/guardian, employee, volunteer, independent contractor or other person with whom MPS does business.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 (hereinafter collectively referred to as "Title IX") may be referred to the MPS Title IX Coordinator, the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

Definitions

Prohibited Sex Discrimination

Title IX and California law prohibit discrimination on the basis of sex, including sex-based harassment and differences in the treatment of similarly situated individuals on the basis of sex with regard to any aspect of services, benefits, or opportunities provided by MPS.

Prohibited Sexual Harassment

Under Title IX, "sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

- An employee of MPS conditioning the provision of an aid, benefit, or service of MPS on an individual's participation in unwelcome sexual conduct;
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to MPS's education program or activity; or

- "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

Under California Education Code section 212.5, sexual harassment consists of conduct on the basis of sex, including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through MPS.

Examples of conduct that may fall within the Title IX or the Education Code definition of sexual harassment, or both:

- Physical assaults of a sexual or sex-based nature, such as:

  o Rape, sexual battery, molestation or attempts to commit these assaults.

  o Intentional physical conduct that is sex-based or sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, poking another's body, violence, intentionally blocking normal movement or interfering with work or school because of sex.

- Unwanted sexual advances or propositions, derogatory sex-based comments, or other sex-based conduct, such as:

  o Sexually oriented or sex-based gestures, notices, epithets, slurs, remarks, jokes, or comments about a person's sexuality or sexual experience.

  o Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.

  o Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.

  o Retaliation against an individual who has articulated a good faith concern about sex-based harassment.

- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:

  o Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or

bringing or possessing any such material to read, display or view in the work or educational environment.

o Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.

o Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

Formal Complaint of Sexual Harassment means a written document filed and signed by a complainant who is participating in or attempting to participate in MPS's education program or activity or signed by the Coordinator alleging sexual harassment against a respondent and requesting that MPS investigate the allegation of sexual harassment. At the time of filing a formal complaint of sexual harassment, the complainant must be participating in or attempting to participate in MPS's education program or activity.

Party means a complainant or respondent.

Respondent means a person who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Supportive Measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to a party before or after the filing of a formal complaint of sexual harassment or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to MPS's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or MPS's educational environment, or deter sexual harassment.

Title IX Coordinator

The Board of Directors of MPS ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

Meagan Wittek

Director of Student Services

250 E 1st Street, Suite 1500

Los Angeles, CA, 90012

Office: (213) 628-3634 | Fax: (714) 362-9588

mwittek@magnoliapublicschools.org

In the event the above-named individual becomes unavailable or unable to serve as the Coordinator, the Board has designated the following employee to serve as a temporary or interim Coordinator:

Gokhan Serce

Chief Academic Officer

250 E 1st Street, Suite 1500, Los Angeles, CA, 90012 Office: (213) 628-3634 | Fax: (714) 362-9588

gserce@magnoliapublicschools.org

The Coordinator is responsible for coordinating MPS's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination, formal complaints of sexual harassment, and inquiries about the application of Title IX to MPS, coordinating the effective implementation of supportive measures, and taking other actions as required by this Policy. The Coordinator or designee may serve as the investigator for formal complaints of sexual harassment.

Reporting Sex Discrimination

All employees must promptly notify the Coordinator when the employee has knowledge of or notice of allegations of sex discrimination or sexual harassment occurring within MPS's education program or activity.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. MPS will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Privacy

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with

the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual.

Response to Sexual Harassment

MPS will respond promptly and in a manner that is not deliberately indifferent when it has actual knowledge, as defined in 34 C.F.R. § 106.30(a), of sexual harassment occurring in its education program or activity against a person in the United States.

MPS's response will treat complainants and respondents equitably by offering supportive measures to a complainant, and by following the grievance procedures for formal complaints of sexual harassment that are listed below before imposing any disciplinary sanctions or other actions that are not supportive measures on a respondent for sexual harassment under Title IX.

Supportive Measures

Once notified of sexual harassment or allegations of sexual harassment occurring in MPS's education program or activity against a person in the United States, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint of sexual harassment.

Supportive measures may include but are not limited to: counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; mutual restrictions on contact between the parties; changes in work or on-campus housing locations; leaves of absence; increased security and monitoring of certain areas of the campus; and other similar measures.

Supportive measures will not unreasonably burden either party or be imposed for punitive or disciplinary reasons. MPS will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair MPS's ability to provide the supportive measures. The Coordinator is responsible for coordinating the effective implementation of supportive measures.

Grievance Procedures

Scope and General Requirements

MPS has adopted and published grievance procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited under Title IX and a grievance process that complies with 34 C.F.R. § 106.45 for formal complaints of sexual harassment.

Complaints of misconduct prohibited by this Policy that do not constitute a formal complaint of sexual harassment will be addressed in accordance with MPS's Uniform Complaint Procedures, its employment discrimination complaint procedures, or the grievance procedures set forth in its Harassment, Intimidation, Discrimination, and Bullying Policy, as applicable. The following grievance procedures will apply to formal complaints of sexual harassment.

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

MPS requires that any Title IX Coordinator, investigator, decisionmaker, and any person designated by MPS to facilitate an informal resolution process not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

MPS will treat complainants and respondents equitably. MPS presumes that the respondent is not responsible for the alleged sexual harassment until a determination is made at the conclusion of its grievance procedures.

MPS may consolidate formal complaints of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, where the allegations of sexual harassment arise out of the same facts or circumstances.

MPS allows for the temporary delay of the grievance process or limited extension of timeframes on a case-by-case basis for good cause. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If the grievance process is temporarily delayed or a timeframe is temporarily extended by MPS, the Coordinator or designee will notify the parties of the reason for the delay or extension in writing.

MPS will objectively evaluate all evidence that is relevant and not otherwise impermissible, including both inculpatory and exculpatory evidence. Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

Dismissal

MPS must dismiss a formal complaint of sexual harassment for purposes of sexual harassment under Title IX if the conduct alleged:

- Would not constitute sexual harassment under Title IX even if proved;
- Did not occur in MPS's education program or activity; or
- Did not occur against a person in the United States.

MPS may dismiss a formal complaint of sexual harassment or any of the allegations therein if:

- The respondent is no longer enrolled or employed by MPS;
- A complainant notifies the Coordinator in writing that the complainant would like to withdraw the complaint or any allegations therein; or
- Specific circumstances prevent MPS from gathering sufficient evidence to reach a determination as to the complaint or allegations therein.

Upon dismissal, the Coordinator or designee will promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties. Dismissal under Title IX does not preclude action under another applicable MPS policy.

Notice of the Allegations

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will provide written notice of the allegations to the parties whose identities are known. The notice will include:

- MPS's grievance procedures and any informal resolution process;
- The allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details includes the identities of the parties involved in the incident(s), if known, the conduct allegedly constituting sexual harassment under Title IX, and the date(s) and location(s) of the alleged incident(s), if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and a determination regarding responsibility is made at the conclusion of the grievance process;
- A statement that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence; and
- A statement that MPS prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

Emergency Removal

MPS may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with MPS's policies.

MPS may remove a respondent from MPS's education program or activity on an emergency basis, in accordance with MPS's policies, provided that MPS undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any person arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Informal Resolution

At any time after a formal complaint of sexual harassment is filed and prior to determining whether sexual harassment occurred under MPS's Title IX grievance procedures, MPS may offer an informal resolution process to the parties. MPS will not offer or facilitate informal resolution to resolve allegations that an employee sexually harassed a student, or when such a process would conflict with Federal, State, or local law. Parties will not be required or pressured to agree to participate in the informal resolution process.

Before initiation of the informal resolution process, MPS will obtain the parties' voluntary, written consent to participate in the informal resolution and provide the parties with a written notice that explains:

- The allegations;
- The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint of sexual harassment arising from the same allegations;
- The right to withdraw and initiate or resume the grievance procedures at any time prior to agreeing to a resolution; and
- Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Investigation

In most cases, a thorough investigation will take no more than thirty (30) business days. MPS has the burden to conduct an investigation that gathers sufficient evidence to determine whether sexual harassment occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed, considered, or disclosed), regardless of whether they are relevant:

- A party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless MPS obtains that party's voluntary, written consent to do so for these grievance procedures; and

- Evidence about the complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview. The parties will not be prohibited from discussing the allegations under investigation or from gathering and presenting relevant evidence. A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.

Before the investigator completes the investigative report, MPS will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator to consider prior to completing the investigation report.

The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.

Determination of Responsibility

Before making a determination of responsibility, the decisionmaker must afford each party the opportunity to submit written, relevant questions that a party wants to ask of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decisionmaker must explain to the party proposing the questions any decision to exclude a question as not relevant.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within fifteen (15) business days after MPS sends the investigation report to the parties, the decisionmaker, who will not be the same person as the Coordinator or investigator, will simultaneously send the parties a written determination of whether sexual harassment occurred. The written determination will include:

- The allegations of sexual harassment;
- A description of the procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;

- The findings of facts supporting the determination;
- The conclusions regarding the application of MPS's code of conduct to the facts;
- The decision and rationale for each allegation;
- Any recommended disciplinary sanctions for the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
- The procedures and permissible bases for appeals.

The determination regarding responsibility becomes final either on the date that MPS provides the parties with the written appeal decision, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Appeals

Either party may, within five (5) business days of their receipt of MPS's written determination of responsibility or dismissal of a formal complaint of sexual harassment, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal.

The complainant and respondent may only appeal from a determination regarding responsibility or MPS's dismissal of a formal complaint of sexual harassment or any allegations therein, on one or more of the following bases:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; or
- The Coordinator, investigator(s), or decisionmaker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The decisionmaker for the appeal will not be the same person as the Coordinator, the investigator or the initial decisionmaker.

The decisionmaker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of notice of the appeal; and 4) within fifteen (15) business days of the appeal, provide a written decision simultaneously to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process, may be subject to disciplinary action up

to and including expulsion from MPS or termination of employment. If there is a determination that sexual harassment occurred, the Coordinator is responsible for effective implementation of any remedies ordered by MPS.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All Title IX Coordinators, investigators, decisionmakers, and any person who facilitates a Title IX informal resolution process will receive Title IX training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

MPS will maintain the following records for at least seven (7) years:

- Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent; and any remedies provided to the complainant;
- Records of any appeal of a formal complaint or sexual harassment and the results of that appeal;
- Records of any informal resolution of a formal complaint or sexual harassment and the results of that informal resolution;
- All materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process; and
- Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

Harassment, Intimidation, Discrimination, and Bullying Policy

Discrimination, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") prohibits any acts of discrimination, harassment, intimidation, and bullying altogether.

As used in this policy, discrimination, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locs, and twists), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, MPS will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. MPS school staff who witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

This policy applies to incidents occurring on the school campus, at school-sponsored events and activities regardless of the location, through school-owned technology, and through other electronic means, whether perpetrated by a student, employee, parent/guardian, volunteer, independent contractor or other person with whom MPS does business, and all acts of MPS's Board of Directors ("Board") in enacting policies and procedures that govern MPS.[1]

MPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

Definitions

Harassment means conduct based upon one or more of the protected characteristics listed above that is severe or pervasive, which unreasonably disrupts an individual's educational or work environment or that creates a hostile educational or work environment. Harassment includes, but is not limited to:

[1] This policy becomes effective on August 1, 2024. Conduct occurring before August 1, 2024 will be addressed in accordance with the former version of this policy, which was entitled "Title IX, Harassment, Intimidation, Discrimination and Bullying Policy."

- Verbal conduct such as epithets, derogatory jokes, comments or slurs.
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work or school based on any of the protected characteristics listed above.
- Retaliation for reporting or threatening to report harassment.
- Deferential or preferential treatment based on any of the protected characteristics listed above.

Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student or group of students that may constitute hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing a reasonable student [2] or students in fear of harm to that student's or those students' person or property.
- Causing a reasonable student to experience a substantially detrimental effect on the student's physical or mental health.
- Causing a reasonable student to experience a substantial interference with the student's academic performance.
- Causing a reasonable student to experience a substantial interference with the student's ability to participate in or benefit from the services, activities, or privileges provided by MPS.

Cyberbullying is an electronic act that includes the transmission of harassing communication, direct threats, or other harmful texts, sounds, video or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Electronic act means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- A message, text, sound, video, or image.
- A post on a social network Internet Web site including, but not limited to:
    - Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in the definition of "bullying," above.
    - Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in the definition of "bullying," above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
    - Creating a false profile for the purpose of having one or more of the effects listed in the definition of "bullying," above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
- An act of "Cyber sexual bullying" including, but not limited to:
    - The dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects

[2] "Reasonable student" is defined as a student, including, but not limited to, a student with exceptional needs, who exercises average care, skill and judgment in conduct for a person of the student's age, or for a person of the student's age with the student's exceptional needs.

described in definition of "bullying," above. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

- "Cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

- Notwithstanding the definitions of "bullying" and "electronic act" above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

Bullying and Cyberbullying Prevention Procedures

MPS has adopted the following procedures for preventing acts of bullying, including cyberbullying.

Cyberbullying Prevention Procedures

MPS advises students:

- To never share passwords, personal data, or private photos online.
- To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- To consider how it would feel receiving such comments before making comments about others online.

MPS informs its employees, students, and parents/guardians of MPS's policies regarding the use of technology in and out of the classroom. MPS encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

Education

MPS employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. MPS advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at MPS and encourages students to practice compassion and respect each other.

MPS educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

MPS's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

MPS informs MPS employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

Professional Development

MPS annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other MPS employees who have regular interaction with students.

MPS informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

MPS also informs certificated employees about the groups of students determined by MPS and available research to be at elevated risk for bullying and provides its certificated employees with information on existing school and community resources related to the support of these groups. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

MPS encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for MPS's students.

Complaint Procedures

Scope of the Complaint Procedures

MPS will comply with its Uniform Complaint Procedures ("UCP") policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person's association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- Are written and signed;
- Filed by an individual who alleges that they have personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying based on a protected characteristic, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- Submitted to the MPS UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

MPS will comply with its Title IX Policy when investigating and responding to complaints alleging sex discrimination, including sex-based harassment, in its education program or activity, as applicable.

The following procedures shall be utilized for complaints of misconduct prohibited by this Policy that do not fall within the scope of MPS's Title IX Policy or comply with the writing, timeline, or other formal filing requirements of the UCP. A copy of MPS's Title IX Policy and UCP is available in the main office and on MPS websites.

Submitting a Report or Complaint

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this Policy for reporting alleged acts of misconduct prohibited by this Policy.

Reports and complaints of misconduct prohibited by this Policy shall be submitted to the Principal (or the Chief Executive Officer and Superintendent if the complaint is against the Principal) as soon as possible after the incidents giving rise to the report or complaint.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, and MPS will investigate and respond to all oral and written reports of misconduct prohibited by this Policy, the reporting party is encouraged to submit a written report. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy and other verbal or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter and/or complainant confidential, as appropriate, except to the extent necessary to comply with applicable law, carry out the investigation and/or to resolve the issue, as determined by MPS on a case-by-case basis.

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments

of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy.

Investigation and Response

Upon receipt of a report or complaint of misconduct prohibited by this Policy, the Principal or designee will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days.

At the conclusion of the investigation, the Principal or designee will, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation and resolution of the incident/situation. However, the Principal or designee will not reveal confidential information related to other students or employees.

If the complaint is against the Principal, the Chief Executive Officer and Superintendent or designee will conduct a fact-finding investigation and provide the complainant with information about the investigation and resolution of the incident/situation.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from MPS or termination of employment.

Right of Appeal

Should a complainant find MPS's resolution unsatisfactory, for complaints within the scope of this Policy, the complainant may, within five (5) business days of notice of MPS's decision or resolution, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal will notify the complainant of the final decision.

Uniform Complaint Policy and Procedures

Uniform Complaint Procedures (UCP) Policies and Procedures

Magnolia Public Schools ("MPS" or "Charter School") complies with applicable federal and state laws and regulations. MPS is the local agency primarily responsible for compliance with federal and state laws and regulations governing educational programs. Pursuant to this policy, persons responsible for compliance and/or conducting investigations shall be knowledgeable about the laws and programs, which they are assigned to investigate.

Scope

This complaint procedure is adopted to provide a uniform system of complaint processing ("UCP") for the following types of complaints:

1. Complaints alleging unlawful discrimination, harassment, intimidation or bullying against any protected group on the basis of the actual or perceived characteristics of age, ancestry, color, mental disability, physical disability, ethnic group identification, immigration status, citizenship, gender expression, gender identity, gender, genetic information, nationality, national origin, race or ethnicity, religion, medical condition, marital status, sex, or sexual orientation, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any MPS program or activity.
2. Complaints alleging a violation of state or federal law or regulation governing the following programs:
   - Accommodations for Pregnant and Parenting Pupils;
   - Adult Education;
   - After School Education and Safety;
   - Career Technical Education;
   - Career Technical and Technical Training;
   - Child Care and Development;
   - Compensatory Education;
   - Consolidated Application;
   - Course Periods without Educational Content;
   - Education of Pupils in Foster Care, Pupils who Are Homeless, Migratory Pupils, former Juvenile Court Pupils now Enrolled in a public school and Children of Military Families;
   - Every Student Succeeds Act;
   - Local Control & Accountability Plans (LCAP)/LCFF;
   - Migrant Education;
   - Physical Education Instructional Minutes;
   - Pupil Fees;
   - Reasonable Accommodations to a Lactating Pupil;
   - Regional Occupational Centers and Programs;
   - School Plans for School Achievement;
   - School Safety Plans;
   - Schoolsite Councils.
3. Complaints alleging that a student enrolled in a public school was required to pay a pupil fee for participation in an educational activity as those terms are defined below.
   a. "Educational activity" means an activity offered by the charter school that constitutes an integral fundamental part of elementary and secondary education, including, but not limited to, curricular and extracurricular activities.

b. "Pupil fee" means a fee, deposit or other charge imposed on students, or a student's parents/guardians, in violation of Education Code section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees or request special waivers, as provided for in *Hartzell v. Connell* (1984) 35 Cal.3d 899. A pupil fee includes, but is not limited to, all of the following:

    i. A fee charged to a student as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory or is for credit.

    ii. A security deposit, or other payment, that a student is required to make to obtain a lock, locker, book, class apparatus, musical instrument, uniform or other materials or equipment.

    iii. A purchase that a student is required to make to obtain materials, supplies, equipment or uniforms associated with an educational activity.

c. A pupil fees complaint and complaints regarding local control and accountability plans ("LCAP") only, may be filed anonymously (without an identifying signature), if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with Education Code sections 52060 - 52077, including an allegation of a violation of Education Code sections 47606.5 or 47607.3, as referenced in Education Code section 52075, regarding local control and accountability plans.

d. If MPS finds merit in a pupil fees complaint, or the California Department of Education ("CDE") finds merit in an appeal, MPS shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by MPS to ensure full reimbursement to all affected students and parents/guardians, subject to procedures established through regulations adopted by the state board.

e. Nothing in this Policy shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or MPS and other entities from providing student prizes or other recognition for voluntarily participating in fundraising activities.

Complaints alleging noncompliance with the requirements governing the Local Control Funding Formula ("LCFF") or LCAP under Education Code sections 47606.5 and 47607.3, as applicable. If MPS adopts a School Plan for Student Achievement in addition to its LCAP, complaints of noncompliance with the requirements of the School Plan for Student Achievement under Education Code sections 64000, 64001, 65000, and 65001 shall also fall under this Policy.

Complaints alleging noncompliance regarding child nutrition programs established pursuant to Education Code sections 49490-49590 are governed by Title 7, Code of Federal Regulations ("C.F.R.") sections 210.19(a)(4), 215.1(a), 220.13(c), 225.11(b), 226.6(n), and 250.15(d) and Title 5, California Code of Regulations ("C.C.R.") sections 15580 - 15584.

Complaints alleging noncompliance regarding special education programs established pursuant to Education Code sections 56000-56865 and 59000-59300 are governed by the procedures set forth in 5 C.C.R. sections 3200-3205 and 34 C.F.R. sections 300.151-300.153.MPS acknowledges and respects every individual's rights to privacy. Unlawful discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects (to the greatest extent reasonably possible and as permitted by law) confidentiality of the parties, including but not limited to the identity of the complainant, and maintains the integrity of the process. MPS cannot guarantee anonymity of the complainant. This includes keeping the identity of the complainant confidential. However, MPS will attempt to do so as appropriate. MPS may find it necessary to disclose information regarding the complaint/complainant to the extent required by law or necessary to carry out the investigation or

proceedings, as determined by the CEO, MPS campus Principal, or designee on a case-by-case basis. MPS shall ensure that complainants are protected from retaliation.

Compliance Officer

The Board of Directors designates the following compliance officer(s) to receive and investigate complaints and to ensure MPS' compliance with law:

CEO and Superintendent
Magnolia Public Schools
250 E. 1st St STE 1500
Los Angeles, CA 90012
(213) 628-3634

Upon receipt of a complaint, the CEO will appropriately assign to the Principal of the MPS campus attended by the complainant. That Principal and/or designee shall investigate the complaint, with oversight by the CEO.

The CEO or designee shall ensure that the compliance officer(s) designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. The compliance officer may have access to legal counsel as determined by the CEO or designee.

Should a complaint be filed against the CEO, the compliance officer for that case shall be the President of the MPS Board of Directors.

Notifications

The CEO or designee shall make available copies of this Policy free of charge. The annual notice of this Policy will be made available on MPS' website.

MPS shall annually provide written notification of MPS' UCP to employees, students, parents/guardians, advisory committees, private school officials or representatives, and other interested parties as applicable.

The annual notice shall be in English. When necessary under Education Code section 48985, if fifteen (15) percent or more of the students enrolled in MPS speak a single primary language other than English, this annual notice will also be provided to the parent/guardian of any such students in their primary language.

The annual notice shall include the following:

1. A list of the types of complaints that fall under the scope of the UCP and the state and federal provisions that govern complaints regarding child nutrition programs and special education programs.
2. A statement clearly identifying any California State preschool programs that MPS is operating as exempt from licensing pursuant to Health and Safety Code section 1596.792(o) and corresponding Title 5 health and safety regulations, and any California State preschool programs that MPS is operating pursuant to Title 22 licensing requirements.
3. A statement that MPS is primarily responsible for compliance with federal and state laws and regulations.
4. A statement that a student enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.
5. A statement identifying the title of the compliance officer, and the identity(ies) of the person(s) currently occupying that position, if known.
6. A statement that if a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.
7. A statement that the complainant has a right to appeal MPS' decision to the CDE by filing a written appeal within thirty (30) calendar days of the date of MPS' decision, except if MPS has used its UCP to address a complaint that is not subject to the UCP requirements.
8. A statement that a complainant who appeals MPS' decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended

by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.

9. A statement that if MPS finds merit in a UCP complaint, or the CDE finds merit in an appeal, MPS shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.
10. A statement advising the complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to Education Code section 262.3.
11. A statement that copies of MPS' UCP shall be available free of charge.

Procedures

The following procedures shall be used to address all complaints which allege that MPS has violated federal or state laws or regulations enumerated in the section "Scope," above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, including a person's duly authorized representative or an interested third party, public agency, or organization may file a written complaint of alleged noncompliance or unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy.

A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the CEO, Principal, or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the CEO, Principal, or designee shall be made in writing. The period for filing may be extended by the CEO, Principal, or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The CEO, Principal, or designee shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the MPS Board of Directors approved the LCAP or the annual update was adopted by MPS.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, MPS staff shall assist the complainant in the filing of the complaint.

Step 2: Mediation

Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process. Before initiating the mediation of an unlawful discrimination, harassment,

intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information. If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint. The use of mediation shall not extend MPS' timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

Step 3: Investigation of Complaint
The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or a complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

MPS' refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

Step 4: Final Written Decision
MPS shall issue an investigation report (the "Decision") based on the evidence. MPS' Decision shall be in writing and sent to the complainant within sixty (60) calendar days of MPS' receipt unless the timeframe is extended with the written agreement of the complainant. MPS' Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion providing a clear determination for each allegation as to whether MPS is in compliance with the relevant law.
3. Corrective actions, if MPS finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal MPS' Decision within thirty (30) calendar days to the CDE, except when MPS has used its UCP to address a complaints that are not subject to the UCP requirements.
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of MPS' expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

Appeals to the CDE

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) calendar days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with MPS and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. MPS failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, MPS's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in MPS' Decision are not supported by substantial evidence.
4. The legal conclusion in MPS' Decision is inconsistent with the law.
5. In a case in which MPS' Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE that the complainant has appealed the Decision, the Principal or designee, under oversight by the CEO, shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.
4. A report of any action taken to resolve the complaint.
5. A copy of MPS' complaint procedures.
6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to MPS for resolution as a new complaint. If the CDE notifies MPS that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, MPS will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decision remains in effect and enforceable, unless stayed by a court. The CDE may directly intervene in the complaint without waiting for action by MPS when one of the conditions listed in 5 C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, MPS has not taken action within sixty (60) calendar days of the date the complaint was filed with MPS.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of MPS' complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if MPS has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

General Complaint Procedures

The ultimate purpose of this general complaint procedure is to encourage the growth and development of MPS as a healthy community. Conflict is often a part of any development or growth process and may arise in any community. An effective process for resolving conflict is therefore both consistent with the vision and mission of MPS, and an essential component of the communication model that our School has adopted.

MPS recognizes that effective communication is paramount in effective conflict resolution and therefore strongly encourages communication strategies that include: Taking personal responsibility for one's own feelings and needs; communication that mutually acknowledges the needs and concerns of one another; and demonstrating honesty and integrity in every interaction.

LEVEL 1: Direct Resolution

If reasonably possible, general complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the person directly using conflict resolution skills without the intervention of a supervisor or other School administrator. It is the hope of MPS that most disputes can be resolved informally by direct and healthy communication between individuals. Such attempts at informal resolution should be documented in writing to assist the Principal (or CEO & Superintendent) and/or Board of Directors to participate effectively in the conflict's resolution.

Examples:

- Pedagogical issues pertaining to anything that occurs in the classroom, i.e., teaching, curriculum, classroom management, or teacher-student relationships, should be addressed directly with the class teacher. Teachers can be contacted by email, written note or via appointment.
- Complaints/concerns about employees or supervisors that do not involve complaints of discrimination or harassment or violations of law should be first addressed with the employee or supervisor directly. If the person(s) involved are unable to resolve the conflict or complaint, the complainant should contact the immediate/appropriate supervisor in an effort to resolve the issue.

LEVEL 2: School Level Resolution

At this step, the complainant should be prepared to give details about the complaint and steps taken to resolve it. The immediate/appropriate supervisor will acknowledge receipt of the complaint in **three (3)** working days, investigate the complaint, a process which normally involves a discussion with the complainant, gathering of relevant facts and evidence, and respond to the complainant within **ten (10)** working days.

Examples:

- Pedagogical, academic or teacher related issues should be addressed with the Dean of Academics/Assistant Principal.
- Student behavior and discipline issues should be addressed with the Dean of Students/Assistant Principal.
- All other issues should be addressed with the Principal.

If the complainant is not satisfied with the response from the immediate/appropriate supervisor, e.g., Dean of Academics/Students or Assistant Principal or the complaint should be directly addressed with the Principal, the complainant should contact the Principal, who will respond within the same timeline. If the complainant is still dissatisfied, and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the CEO & Superintendent of MPS in an effort to resolve the issue.

LEVEL 3: MPS Home Office ("Home Office") Level Resolution

At this step, the complainant should fill out the attached **"General Complaint Procedures Form"** giving details about the complaint and steps taken to resolve it, and contact the CEO & Superintendent of MPS at:

CEO & Superintendent
Magnolia Public Schools
250 E. 1st St. Ste 1500
Los Angeles, CA 90012
(213) 628-3634

The CEO & Superintendent (designee) will acknowledge receipt of the written complaint in **five (5)** working days, attempt to identify a resolution that is acceptable to both parties, within **fifteen (15)** working days of the receipt of the written complaint.

If the complainant is not satisfied with the response from the CEO & Superintendent (designee), and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the MPS Board of Directors ("the Board.")

LEVEL 4: Board Level Resolution*

At this step, the complainant can file a written complaint with the Board through the Administrative Assistant at the MPS Home Office. *(Same contact information as in Level 3)* The complainant should update the "General Complaint Procedures Form" that was used in Level 3. The Administrative Assistant will acknowledge receipt of the written complaint in **five (5)** working days. The Board may consider the matter at its next regular Board meeting or at a special board meeting convened in order to meet the internal 60-day target within which MPS strives to answer the complaint. The Board may decide not to hear the complaint, in which case the CEO & Superintendent's decision will be final. If the Board hears the complaint, the Administrative Assistant will send the Board's decision to the complainant within **sixty (60)** days of the School's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. The decision of the Board shall be final.

> ***** For MSA-San Diego, MSA-San Diego Governance Committee will work with the Principal and the Home Office in following the General Complaint Procedures to resolve internal complaints and conflicts before they escalate to the MPS Board level.

The complainant has a right to appeal the Board's decision to the California Department of Education (CDE). In that case, the complainant needs to fill out a **"Uniform Complaint Procedure Form"** - provided in this handbook – and file it within **fifteen (15)** days of receiving the decision. The appeal must include a copy of the complaint filed with the School and a copy of the Board's decision. The appeal should be sent to:

California Department of Education
1430 N Street
Sacramento, CA 95814

Professional Boundaries: Staff/Student Interaction Policy

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Student Behavior

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with

students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Duty to Report Suspected Misconduct

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Examples of Specific Behaviors - Unacceptable Staff/Student Behavior (Violations of this Policy)

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.
- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Unacceptable Staff/Student Behavior without Parent and Supervisor Permission:

These behaviors should only be exercised when a staff member has parent and supervisor permission.

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Cautionary Staff/Student Behaviors

These behaviors should only be ex ercised when a reasonable and prudent person, acting as an educator, is prevented from using better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence.

- Remarks about the physical attributes or development of anyone;
- Excessive attention toward a particular student;
- Sending emails, text messages or letters to students if the content is not about school activities.

Acceptable and Recommended Staff/Student Behaviors

- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);
- Keeping the door open when alone with a student;
- Keeping reasonable space between you and your students;
- Stopping and correcting students if they cross your own personal boundaries;
- Keeping parents informed when a significant issue develops about a student;

- Keeping after-class discussions with a student professional and brief;
- Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries;
- Involving your supervisor if conflict arises with the student;
- Informing the Executive Director about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious situation later;
- Recognizing the responsibility to stop the unacceptable behavior of students or coworkers;
- Asking another staff member to be present if you will be alone with any type of special needs student;
- Asking another staff member to be present when you must be alone with a student after regular school hours;
- Giving students praise and recognition without touching them;
- Pats on the back, high fives and handshakes are acceptable;
- Keeping your professional conduct a high priority.

Dress Code/Uniforms

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. This uniform policy will be enforced from the very first day of school. Students shall cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on both student and parent/guardian support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that students follow these additional guidelines in terms of uniform appearance and personal appearance. **If any aspect of the uniform, including clothes, shoes, jewelry, cosmetics, or any type of body adornment, is not explicitly listed as acceptable in this handbook, then that item is not permitted to be worn when the student is at school or representing the school.** If you have any questions, please check with administration.

If a student is unable to wear the school uniform to school due to extenuating circumstances, please communicate with the school administration.

A Free MPS Uniform Set

MPS will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including a free uniform set.

MPS will make one uniform set of required MPS logo uniform pieces available to each student free of charge for the student's use during the school year. If parents/guardians or students want to purchase additional MPS logo pieces, they may do so through the school's uniform vendors.

Religious Head Coverings

Religious head coverings shall be permitted.

Free Dress & Theme Dress Days Code

Free Dress days are earned at the discretion of the administration. These days are granted at different times of the year for positive behavior and special occasions. Violation of this policy may result in loss of free dress privileges for the remainder of the school year.

- On free dress days, clothing must be in good taste and appropriate for school. Clothing should not be inappropriately tight, revealing, or transparent.

- The school's dress code is strictly enforced during free dress days as well. All students must follow the same guidelines with the exception of not wearing their uniform.
- T-shirts are acceptable; however, printing on clothing must be suitable for school - no suggestive, vulgar, or profane language or images are permitted, as well as clothing that promotes alcohol, drugs, tobacco, or other controlled substances.
- Mini-skirts, skirts, and shorts should be no shorter than your longest finger when standing with your hands by your sides. Jeans may be worn during free dress days but cannot be inappropriately tight or baggy; no tattered jeans are allowed.
- Visible undergarments (including boxer shorts, bras, etc.) are not allowed.
- Midriffs, backless or sideless shirts or dresses, halter tops, or tank tops with straps less than 1-inch strap in width are NOT allowed.
- Hats for sun protection must only be worn outside of the school building(s) and classrooms. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue.
- Gloves, bandanas, or sunglasses are not permitted to be worn in school, except for medical reasons. Head coverings worn for purposes of religious observance are permitted.
- Neatness and good grooming are required.

Notes

- If a student is unable to wear the school uniform to school due to extenuating circumstances, you need to check with your school’s administration
- Each individual MPS school may include site-specific amendments into the uniform policy addressing local issues

Immigration Enforcement Notification Procedures

Pursuant to SB 98 (2025), MPS shall ensure prompt notification to parents/guardians, pupils, teachers, administrators, and school personnel when federal immigration enforcement is confirmed to be present on or immediately adjacent to school grounds.

Definitions

- Immigration enforcement: Any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal civil or criminal immigration law. Immigration enforcement can be presumed to be occurring when carried out by any officer or agent from U.S. Immigration and Customs Enforcement (ICE), U.S. Customs and Border Protection (CBP), or other federal agency engaged in civil or criminal immigration enforcement.
- Confirmed presence: Visual sighting by staff, verbal acknowledgment by the agent, presentation of credentials, or other reliable evidence.

Mandatory Notification Procedure

Upon confirmation of immigration enforcement presence on or immediately adjacent to the school site, the site administrator or designee shall, as soon as possible and without unnecessary delay, direct the issuance of notifications to:

- All parents/guardians
- All pupils
- All teachers, administrators, and school personnel

Notifications shall be sent using the school-wide messaging platform of Parent Square. School staff will also receive a notification via email to inform them of the presence.

Notifications shall not include any personally identifiable information.

Required Notification Content

Notifications shall be provided in English and in all languages required under Education Code § 48985 and shall include, at minimum:

- Confirmation that immigration enforcement is occurring on or near campus
- Assurance that the school is monitoring the situation and prioritizing student safety
- Reminder that every child has the right to attend school regardless of immigration status
- Link or reference to school resources for immigrant families (if available)

MPS School Sponsored Field Trips & Cultural Excursions Policy

The Board of Directors of Magnolia Public Schools ("MPS" or the "Charter School") recognizes and supports the concept of connecting our students with the broader community, both locally and globally, by providing field trips, cultural and art experiences, community service opportunities, and environmental education to fulfill MPS's mission and philosophy. These activities help to promote tolerance, understanding, and acceptance of others, enrich the educational experiences of the students, as well as meet the Charter School's goal of creating passionate lifelong learners.

The safety and security of our students is a primary priority when planning or participating in field trips or excursions. These activities will be carried out appropriately to maximize and ensure student safety and to minimize the Charter School's legal liability and financial cost.

Definition

- A "field trip or cultural excursion" involves students leaving MPS grounds to participate in school-sponsored educational opportunities in connection with MPS's course of study or school-related social, educational, cultural, athletic, school band, or other extracurricular or co curricular activities.

Selection of Field Trips and Excursions

The teaching team will continue to research and provide enriching learning opportunities to share with their students both within the classroom and out in the broader community. The principal shall have the authority to approve all in and out of state day and overnight field trips and excursions with consultation of the MPS Academic and Finance Teams. Requests for out of country travel shall be brought before the Board of Directors for approval. The principal will initially receive all such requests and make a recommendation to the Board of Directors as to whether the request should be approved.

The principal will ensure that the following items will be adhered to for all MPS field trips and excursions:

1. The proposed field trip or cultural excursion relates to MPS's educational objectives.
2. The correct ratio of adults to students is met for supervision of the activity.
3. A means of transportation to and from the activity is provided.
4. Adequate restroom facilities, food and water will be available during the activity.

The principal shall not approve any activity that he/she considers to be inherently dangerous to students.

Permission Slips

Before a student can participate in a school-sponsored trip, the teacher shall obtain parent/guardian permission for the trip. Whenever a trip involves water activities, the parent/guardian shall provide specific permission for his/her child to participate in the water activities. The Charter School shall provide an alternative educational experience for students whose parents/guardians do not wish them to participate in a trip.

All persons who are not employees of Magnolia Public Schools making the field trip or excursion shall be deemed to have waived all claims against the Charter School or the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion. All adults taking out-of-state field

trips or excursions and all parents/guardians of students taking out-of-state field trips or excursions shall sign a statement waiving such claims.

Items that will be included on the permission slip are:

1. An emergency phone number for the student.
2. Any medications the student is required to take with the time and dosage required.
3. Any medications the student is allergic to.
4. Any other medical information necessary to ensure the student's safety.
5. Waiver as described above.

A copy of a completed and signed permission slip will be kept on the Charter School site and one copy will be given to the teacher or teachers to take on the field trip or excursion.

Voluntary Participation

The Charter School will provide alternative educational activities to those students who choose not to attend a specific field trip or excursion. Parents/guardians will have advance notice of any upcoming field trip or excursion and have the option to withdraw their permission for their child to attend that field trip or excursion.

Disciplinary Rules

Students are under the jurisdiction of the Charter School Board at all times during the field trip or excursion and all MPS policies continue to be enforced during field trips and excursions. Charter School disciplinary policies are to be adhered to at all times. (e.g. Horseplay, practical jokes, harassment, taunting, rough play, aggressive or violent behavior, profanity, viewing of pornographic material, and use of alcohol and/or controlled substances during the field trip or excursion are strictly prohibited.)

Except as otherwise required by law, a student may be excluded from the trip if their presence poses a safety or disciplinary risk.

Defraying Expenses of Field Trips and Excursions

The Charter School may charge a fee for field trips and excursions pursuant Education Code section 35330. However, the Charter School will endeavor to keep the costs of any field trips affordable for all students' families. In no event will a student be prevented from participating in the field trip or excursion due to lack of sufficient funds. In accordance with Education Code section 35330(b), the Charter School will coordinate the efforts of community service groups to supply funds for students in need.

Supervision of Field Trips and Excursions

The teacher who coordinated the field trip will be present to supervise the field trip or excursion, except in unusual circumstances when a replacement teacher is assigned because of an unexpected unavailability. The principal will be designated as the emergency contact for the group on the field trip or excursion. Any injuries or unusual incidents occurring during the field trip or excursion will be documented in writing by the coordinating teacher and given to the Charter School's Principal.

The principal shall ensure that the field trips and excursions have an adequate number of adults attending to safely supervise the student attending the field trip or excursion.

A first aid kit shall be in the possession of or immediately available to a teacher, employee, or agent of the school during the student field trip or excursion. Whenever trips are conducted in areas known to be infested with poisonous snakes, the first aid kit taken on the trip shall contain medically accepted snakebite remedies. In addition, a teacher, employee, or agent of the school who has completed a first aid course which is certified by the American Red Cross and which emphasizes the treatment of snakebites shall participate in the trip.

Charter School employees or volunteers shall not consume alcohol or use controlled substances (except for medications taken under a physician's orders) while accompanying and supervising students on a field trip or excursion.

Accident Insurance

The Charter School provides student accident insurance which covers medical expenses arising from their student injuries on campus or while participating in a Charter School sponsored off campus activity. The family's health insurance is primary, but if there is no health insurance, the Charter School's Student Accident Insurance becomes primary. Information and applications for student accident insurance are available from the principal.

Parent or Guardian Participation in Field Trips and Excursions

As field trips and excursions are an integral part of the Charter School learning experience, parents are encouraged to participate in an assisting role with students. The principal or the coordinating teacher will provide parents and guardians with specific supervisory guidelines prior to any Charter School group trip involving students. Topics to be included are safety regulations, emergency responses, responsibilities of the parent volunteers, and language or behavior requirements of all attendees.

To ensure student safety, any non-employee chaperones supervising students on a field trip must be a Certified Volunteer (C-Volunteer). All prospective chaperones must review the Magnolia Public Schools Volunteer, Visitation, Shadowing, and Removal Policy, complete the C-Volunteer Application Form, and agree to the Volunteer Commitment and Procedures. These forms must be submitted to the school office for processing. The office will provide confirmation once the volunteer clearance is approved. Only individuals who have completed this process and received clearance may serve as chaperones on any school field trips.

A participating parent or guardian will be assigned to a specific group of students to supervise and will be responsible for these students at all times during the field trip or excursion. Under no circumstances will a parent or guardian consume alcohol or use controlled substances (except for medications taken under a physician's orders) during a field trip or excursion. The parent or guardian will notify the coordinating teacher, in advance of the field trip or excursion, should he/she be under a physician's orders and using medications.

All persons who are not employees of Magnolia Public Schools taking in-state or out-of state field trips or excursions and all parents or guardians of pupils taking in-state or out of-state field trips or excursions are required to sign a statement waiving all claims against MPS, its employees, and the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion.

Transportation

At all times during the field trip or excursion, teachers, staff and parents will use the safest mode of transportation and the safest and most direct routes of travel. If vans are used, the vans cannot be manufactured to carry more than ten (10) occupants (including the driver). Simply removing seats or not

filling the occupancy does not meet the legal requirements. In addition, all speed notices must be strictly adhered to and students are to be seated with individual seatbelts at all times.

The Charter School shall take reasonable precautions to ensure that all employees and volunteers who transport students are responsible and capable operators of the vehicles to be used and ensure compliance with the Charter School Student Transportation Policy and Driver Requirements as follows:

Employee or volunteer drivers who offer to provide transportation for a field trip or excursion must provide a copy of the following:

1. Proof of liability insurance for their vehicle with a minimum of $100K/$300K coverage.

2. A copy of their Driver's License and Vehicle Registration.

3. A criminal background check conducted by the California Department of Justice ("DOJ"). Employees or volunteers whose DOJ report reveals a Driving Under the Influence conviction shall not be permitted to transport students or operate any vehicle on Charter School business for ten (10) years from the date of the conviction. Any employee or volunteer convicted of a felony shall not be permitted to transport Charter School students on Charter School business.

4. A Department of Motor Vehicles record. Employees or volunteers with driving records with two (2) points or more shall not be permitted to transport students or operate any vehicle for Charter School field trips and excursions.

5. The minimum age requirement to transport passengers is twenty-five years old.

Each of these items will be provided to the principal or coordinating teacher prior to driving on a field trip or excursion.

Under no circumstances shall students transport other students.

For the volunteer's safety and that of all the students in his/her car, the following rules apply:

1. All Charter School rules apply to students in the volunteer's car.

2. All California driving laws must be followed including child restraint laws: no texting or distracted driving, hands-free phone use only.

3. No movies may be shown in vehicles.

4. No side trips allowed.

5. Maps and directions from the teacher should be reviewed prior to leaving.

6. No purchases for students should be made on the field trip including food or treats for students in the car.

7. Call the Charter School office immediately if there is a problem.

RESPONSE

Disaster Response Procedures

The purpose of these procedures is designed to offer clear guidance and instructions for safety and emergency preparedness, aimed at safeguarding the well-being of both students and staff during critical situations. The subsequent sections outline specific procedures tailored to various emergency scenarios.

1. Ensuring the safety and welfare of students and staff.
2. Facilitating a secure and coordinated response to diverse emergency situations.
3. Safeguarding the school's facilities and property.
4. Efficiently restoring normal conditions with minimal confusion in the shortest time possible.
5. Establishing a seamless interface and coordination between the school and local authorities and resources.

Emergency and Crime Response

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency poses a serious threat to the safety and well-being of students and staff, evacuation will occur until any danger has passed. When necessary, the school may be dismissed by the School Principal or designee. The Home Office will also be informed using the Home Office Support Team (HOST) communication system (refer to HOST Crisis Communication). HOST will also collaborate with the Crisis Response Team and coordinate response as needed, particularly in the area of mental health support. In the event of the following scenarios, the principal or designee will communicate with stakeholders using the school's mass communication system.

Fire

In the event of a fire at our school, the following procedures will be promptly implemented:

- Discovery of Fire: Upon discovering a fire, teachers or staff members will immediately guide all occupants out of the building, activate the fire alarm, and promptly report the incident to the school administrator.
- Incident Command and Evacuation: The principal or designee will assume the role of the Incident Commander and initiate the Evacuate Building action. Staff and students will follow prescribed or safe routes to evacuate buildings, assembling at designated Assembly Areas.
- Emergency Services Notification: The school principal or designee will contact 911, providing precise details about the fire's location (e.g., building, room, area).
- Evacuation Accountability: During an evacuation, teachers will carry student rosters and any necessary emergency supplies, taking attendance at the Assembly Area to ensure accountability for all students. Special attention will be given to students with cognitive disabilities to ensure their understanding of directions. Teachers will promptly inform the Assembly Area Team of any missing students.
- Security Measures: The administrative team will secure the affected area to prevent unauthorized entry and maintain clear access roads for emergency vehicles.
- Utilities and Post-Incident Actions: The administrative team will notify the relevant utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will communicate with and update parents promptly via ParentSquare, ensuring transparent and timely information dissemination.

These procedures are designed to prioritize the safety and well-being of all occupants. Regular training and drills will reinforce these protocols, promoting a swift and coordinated response during an actual emergency.

Lockdown

This protocol is enacted in response to identified or directed threats of violence or gunfire by law enforcement, aiming to prevent perpetrators from entering any occupied campus areas. The purpose of a lockdown is to secure the school during police actions, campus intrusions, community incidents, or other real or perceived threats to the school's security.

Lockdown Procedures:

- Initiating Lockdown: Lockdown is declared when the threat of violence or gunfire is identified. All personnel must adhere to this protocol to ensure the safety of everyone on campus.
- Secure Classrooms or Designated Safe Locations: During Lockdown, students are required to remain in locked classrooms or designated safe locations. It is imperative to keep classroom doors locked at all times.
- Immediate Actions for Classes: Upon receiving the lockdown announcement:
    - Classes will remain in their rooms.
    - Redirect any students in hallways or outdoors into the nearest locked classroom.
    - Physical education classes will relocate to secure areas such as the gym, auditorium, or multi-purpose room.
- Safety Measures within Classrooms: Once in the secured location:
    - Move students to the most protected areas in the room and lock the door.
    - Instruct students to face away from windows, keeping their backs toward windows.
    - Close and lock all doors and windows.
    - If possible, cover windows by lowering blinds, closing slots, drawing curtains, or pulling shades.
- Lights and Power: Turn off lights, power equipment, appliances, and ensure cell phones are on silent mode. Maintain silence in the room to avoid detection.
- Attendance and Student Accountability: Take and report attendance as feasible. Teachers must account for any students with cognitive disabilities who may require additional assistance or may not have fully understood the directions.
- Remain in Secured Locations: All personnel must remain in the secured room until further instructions are received from official sources.

This Lockdown Procedure is designed to prioritize the safety of all individuals on campus. Regular drills and ongoing training will familiarize staff and students with these protocols, ensuring a swift and coordinated response during an actual emergency.

Lockdown Drill Guidelines

1. Lockdown drills shall not be “high-intensity” drills. This means they will not include simulations that mimic an active shooter or other armed assailant incident, and shall not, (i) use fake blood or theatrical makeup or other materials to give the impression of injury or death, (ii) shall not involve the use of actors or other individuals posing as armed assailants or victims, and (iii) shall not train students to actively resist an assailant by throwing objects, attaching, or swarming the assailant.

2. Lockdown drills shall not use real weapons, gunfire blanks, or explosions.

3. The school will ensure a trauma-informed approach to the design and implementation of the drill that ensures the drill process (i) is age and developmentally appropriate, (ii) is only conducted after advance notice of the drill and its expected length of time are given to all parents/guardians and school employees subject to the drill; (iii) provides an opportunity for parents/guardians to opt out their student out of the drill; (iv) is preceded by an announcement of the lockdown drill and is followed by a closing announcement; (v) is followed by a notice to parents/guardians after the drill has concluded; and (vi) provides contact information for community-based

resources to parents/guardians, students, and staff who are negatively impacted by the drills, which prioritizes school based resources.

Medical Emergency

Medical emergencies or accidents may occur unexpectedly, involving students or employees. Depending on the severity, some incidents may only require first aid, while others demand immediate medical attention. In any uncertainty, prioritize caution and promptly dial 911.

- Emergency Reporting: In the event of a medical emergency involving a student or employee, immediately report the incident to the School Principal or designated personnel. Dial 911 or instruct someone to do so. When reporting, provide the following essential information:
    - School name and phone number.
    - Building address, along with the nearest cross street(s).
    - Exact location within the building.
    - Your name and phone number.
    - Nature of the emergency.
      Stay on the line until advised to disconnect by the dispatcher.
- School Notification: Notify the school office about the injured individual and the initiation of an ambulance call. Request the dispatch of a first aid/CPR-trained employee to assist the victim.
- Assistance and Victim Care: Maintain composure during the emergency. Keep the victim warm with a coat or blanket.
- Avoid moving the victim unless there is a risk of further injury. Refrain from offering any food or drink to the victim.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Opioid Overdose Response Protocol

Administration of Naloxone (Narcan)
Provide emergency Naloxone (Narcan) or another opioid antagonist to trained school personnel, with designated volunteers receiving initial and annual refresher training for the storage and emergency use of these medications. Responding to medical emergencies, particularly opioid overdoses, and the safe administration of Naloxone within the school environment. This plan aims to ensure the well-being of students and staff and to provide timely and effective intervention in the event of an opioid-related emergency.

Identification of Potential Overdose Cases:

- Training is provided to school staff, including teachers, administrators, and support staff, on recognizing the signs of opioid overdose, such as respiratory distress, unconsciousness, or pinpoint pupils.

Naloxone Training:

- The school designates key personnel, such as school nurses and selected staff members, to undergo specialized training in the administration of Naloxone.
- Training includes recognizing signs of overdose, proper administration techniques, and post-administration procedures.

Emergency Response Protocol, in the event of a suspected opioid overdose

- Maintain accessible and strategically located Naloxone kits within the school, particularly in areas where medical emergencies are more likely to occur.
- Trained personnel authorized to administer Naloxone during emergencies, and trained to follow the outlined step-by-step process for administering Naloxone, emphasizing proper dosage, injection techniques, and post-administration monitoring.

- After administration of Naloxone, staff shall immediately call emergency services (911) to report the incident and request urgent medical assistance
- Establish a post-administration monitoring procedure to ensure the individual's vital signs are stable. If necessary, continue to provide supportive care until emergency medical services arrive.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Administration Procedure
This Medical Emergency Protocol is designed to ensure swift and organized responses in times of need. Regular training and drills will familiarize staff with these procedures, promoting a safe and supportive environment within our school community.

Earthquakes

Earthquakes can occur without warning, often followed by aftershocks that may persist for weeks or months. The impact on buildings varies, making it crucial to remain calm and act promptly during and after the shaking.

- Stay Calm and Assess: Keep calm during the shaking and remain in your current location. Assess the situation before taking action. Remember, injuries often result from flying or falling debris.
- Drop, Cover, and Hold On: Upon the first indication of an earthquake, teachers should instruct students to Drop, Cover, and Hold On.
- Move to Safety: Move away from windows and overhead hazards to avoid glass and falling objects.
- Students with Disabilities: Students with disabilities preventing them from seeking protection under furniture should:
    - Move away from unsecured items in the room.
    - Go to a structural corner away from cabinets, shelves, and windows.
    - Lock wheelchair wheels and protect their head and neck with their hands.

After the Earthquake

- Incident Commander Activation: When the shaking stops, the principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation Procedures: Staff and students will evacuate using prescribed or safe routes to the Assembly Area.
- Attendance and Student Accountability: Teachers will bring their student roster and emergency supplies, taking attendance at the Assembly Area. Special attention will be given to students with cognitive disabilities.
- Missing Students Notification: Teachers will notify the Assembly Area Team of missing students or any student left behind.
- Security Measures: The administrative team will secure the area to prevent unauthorized entry and ensure clear access roads for emergency vehicles.
- Utilities and All Clear: Notify the appropriate utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will notify and update parents promptly via ParentSquare.

This Earthquake Response Protocol is designed for the safety and well-being of all individuals on campus. Regular drills and training will reinforce these procedures, fostering a resilient and prepared school community.

Assaults

Assaults, involving acts of striking or inflicting injury on a person, are considered serious matters, demanding immediate attention and appropriate action. Any threat or assault on students or employees requires prompt

reporting to the School Principal or designated personnel. The decision to involve law enforcement officials will be determined by the School Principal or designee.

General Reporting Steps:

- Immediate Reporting: Report any threat or assault on students or employees promptly to the School Principal or designee.
- Law Enforcement Notification: The School Principal or designee will assess the severity and decide whether law enforcement officials should be notified.

In Case of Serious Assault:

- Emergency Services: Dial 911 immediately.
- Seek Medical Attention: Seek first aid or medical attention for any injuries sustained during the assault, if indicated.
- Document Injuries: Have photographs taken of any injuries as part of the documentation process.
- Assailant Description: Write down a detailed physical description of the assailant as soon as possible after the incident, including sex, age, height, weight, race, clothing, and any weapon used.
- Witness Information: Obtain names and telephone numbers of any witnesses present during the assault.
- Incident Report: Draft an incident report detailing the circumstances of the assault.
- Submission to School Principal: Submit the incident report to the School Principal or designee for review.
- Law Enforcement Involvement: The School Principal or designee will submit an incident report to local law enforcement if the assault is deemed serious.

This Assault Incident Protocol is designed to ensure a swift and comprehensive response to any assault situation. Regular training and awareness programs will support the school community in understanding and implementing these procedures effectively.

Biochemical/Hazardous Materials

A biological or chemical release involves the discharge of substances in solid, liquid, or gaseous states, with potential incidents ranging from chemical spills in school laboratories to hazardous material incidents adjacent to the school. Early detection and swift response are essential to ensure the safety of students and staff.

Indicators of Release:

- Multiple victims with symptoms such as watery eyes, twitching, choking, loss of coordination, trouble breathing.
- Presence of distressed animals or dead birds.

Response Procedures:

- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation and Isolation: Staff and students will use designated routes to the Assembly Area, upwind of the affected area. Those exposed to contaminants should be isolated from the rest of the school population.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details and the nature of the emergency.
- Area Isolation and Access Restriction: The administrative team, under the Incident Commander's instructions, will isolate and restrict access to potentially contaminated areas.
- Ventilation and Air Handling Measures: The Security/Utilities Team will turn off local fans, close windows and doors, and shut down the building’s air handling system.
- Parent Communication: The principal or designee will promptly notify and update parents via ParentSquare.

- Decontamination and Triage: Individuals in direct contact with hazardous substances should wash affected areas with soap and water. Outer clothing layers, potentially contaminated, should be removed and contained. The Triage Team will evaluate and monitor exposed individuals.
- Assembly Area Team Responsibilities: Prepare a list of all people in the affected or contaminated area, specifying those with actual contact. Provide the list to the Incident Commander and emergency responders.
- Crisis Team Activation: The Crisis Response Team will convene on-site, initiating counseling and recovery processes.
- Area Reopening: Affected areas will not reopen until clearance is provided by the appropriate agency, such as Los Angeles County HazMat, and the Incident Commander authorizes it.
- All Clear Activation: Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

These protocols ensure a comprehensive and coordinated response to biochemical/hazardous material incidents, prioritizing the safety and well-being of the school community. Regular drills and training will enhance preparedness and awareness.

Disorderly Conduct

Disorderly conduct, whether exhibited by a student, staff member, or visitor, can pose a threat to the safety and well-being of the school community. The following protocols are established to ensure a measured and effective response:

- Immediate Action: Upon witnessing disorderly conduct, staff should take immediate steps to calm and control the situation, prioritizing the safety of all individuals involved. If safe to do so, attempts should be made to isolate the perpetrator from other students and staff.
- Witness Statements: Witnesses are encouraged to provide written statements detailing the incident for follow-up by the school administrator and/or law enforcement agency.
- Notification to Principal: Staff witnessing disorderly conduct should promptly notify the principal or designee.
- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating appropriate emergency functions such as Lockdown, Evacuate Building, or Off-site Relocation.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details (e.g., building, room, area) of the incident.
- Immediate Threat Response: If an immediate threat is not evident, the Incident Commander or designated staff may attempt to defuse the situation. Approach the individual in a calm, nonconfrontational manner and request they leave the campus, avoiding hostile situations.
- Family Notification (if applicable): In the case of a student involved, every effort should be made to notify the family, as they may provide valuable insights on handling the situation.
- Parent Communication: The Incident Commander will promptly notify and update parents via ParentSquare, as necessary.
- Threat Assessment/Management Team Activation: The Incident Commander and team will assess whether activating the threat assessment/management team (Crisis Response Team) is warranted.
- All Clear Activation: Once the incident concludes, and the campus is determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are designed to address disorderly conduct swiftly and efficiently, prioritizing the safety of the school community and providing necessary support and communication channels. Regular training and drills will enhance preparedness and response capabilities.

Vandalism

In the event of school vandalism, the following procedures are to be adhered to for a comprehensive and effective response:

- Notification of School Authority: Promptly notify the school principal or designee of the vandalism incident.
- Building and Grounds Personnel Notification: Notify building and grounds maintenance personnel to assess and address the immediate physical impact.
- Assessment of Severity: The School Principal, or designee, will assess the seriousness of the situation, gauging the level of assistance required, which may involve engaging local law enforcement.
- Identification of Perpetrators: If possible, attempt to identify the individuals involved in the act of vandalism.
- Witness Interviews and Statements: Conduct interviews with witnesses and obtain written statements detailing the incident.
- Documentation Process: Document the incident promptly, preparing an incident report that includes any witness statements. Submit this report to the School Principal or designee.
- Parent/Guardian Notification: Notify parents or legal guardians of the affected students about the vandalism incident.
- Disciplinary Measures: Determine appropriate disciplinary measures in response to the act of vandalism.
- Restitution Assessment: Evaluate any monetary restitution issues arising from the vandalism and determine the applicable amounts.

These procedures are established to ensure a systematic response to vandalism incidents, address immediate concerns, identify responsible parties, and implement appropriate disciplinary and restitution measures. Regular communication with parents and legal guardians is crucial for maintaining transparency and fostering a sense of responsibility within the school community.

Loss or Failure of Utilities

In the event of a utility failure, encompassing the loss of water, power, or other essential utilities on school grounds, the following comprehensive procedures are to be followed:

- Immediate Action for Broken Utility Lines: In the case of a broken water or electrical line, make an immediate effort to shut off water or power to the affected area. Simultaneously, notify the school administrator without delay.
- Incident Commander Designation: Upon receiving notification of a utility loss, the principal or designee assumes the role of Incident Commander. The Incident Commander will initiate appropriate emergency functions, including potential actions like Shelter in Place or Evacuate Building.
- Communication with MPS General Counsel & Facilities Department: The Incident Commander, during business hours, will promptly notify the MPS General Counsel & Facilities Department, specifying the location and nature of the emergency. The preferred vendor list may be engaged based on the Incident Commander's discretion.
- Utility Company Coordination: MPS General Counsel & Facilities Department personnel, collaborating with the Incident Commander, will contact the affected utility company. This communication aims to ascertain the necessity of their assistance, recommended actions, and the anticipated duration of the service interruption.
- Evacuation Procedures: If the Evacuate Building action is warranted, teachers will evacuate with student rosters and essential classroom emergency supplies. Attendance will be taken in a safe location. Special consideration will be given to students with cognitive disabilities.
- Parent Notification via ParentSquare: The Incident Commander will inform and update parents promptly through ParentSquare.
- Utilization of Emergency Supplies: School emergency supplies will be deployed as needed to compensate for the utility loss.
- All Clear Action: Once the incident is concluded, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

- Specific Concern Protocols: In addition to the outlined procedures, the Incident Commander will implement specific protocols tailored to the nature of the utility concern (e.g., loss of water supply, power outage).

These procedures are established to ensure a swift, organized, and effective response to utility failures, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Bomb Threat/Suspicious Package

In response to the discovery of a suspicious package on campus grounds or the receipt of a threatening phone call indicating a potential explosion risk, the following procedures are implemented:

Response to Threatening Phone Calls:

- Immediate Action: The call taker aims to keep the caller on the line while alerting someone else to call 911. Simultaneously, the staff member calling 911 provides essential information to the operator:
  - Nature of threat on the phone line
  - School name
  - Phone number of the line receiving the threat
  - Name and contact information of the staff member
- Informing the Principal: The person answering the threat call informs the principal immediately and gathers and records information about the call, addressing bomb threat questions such as location, timing, appearance, motive, and contact details.
- Voice Analysis and Background Evaluation: Questions are complemented by evaluating the caller's voice and background noise for characteristics such as gender, age, accent, speech clarity, and background environment.
- Incident Commander Designation: The principal or designee assumes the role of the Incident Commander, advising the school. Law enforcement may instruct the school to wait for officers to arrive and conduct an investigation. The Incident Commander, in consultation with law enforcement, determines appropriate emergency functions, such as Drop, Cover and Hold On, Lockdown, Evacuate Building, or Relocation.

Discovery of Suspicious Packages or Objects:

- Cell Phone and Radio Precautions: If unusual or suspicious packages, boxes, or foreign objects are discovered, all cell phones and hand-held radios are turned off to prevent potential triggering by radio frequencies.
- Object Discovery Protocol: Report the discovery to the Incident Commander while securing the immediate area without touching or disturbing the object. No attempt should be made to investigate or examine a suspicious object.
- Parent Notification via ParentSquare: The Incident Commander notifies and updates parents through ParentSquare.

Evacuation Procedures:

- Incident Commander's Decision: The Incident Commander, consulting with law enforcement, may alter emergency functions based on the situation. In case of a confirmed threat or bomb discovery, the Evacuate Building action is issued.
- Safe Evacuation: Staff and students evacuate using safe routes to the Assembly Area.
- Attendance and Missing Students: Teachers bring student rosters, take attendance at the Assembly Area, and account for students. Special consideration is given to students with cognitive disabilities. Teachers notify the Assembly Area Team of missing students.

Post-Incident Actions:

- Crisis Response Team: The Crisis Response Team convenes on-site for counseling and recovery.
- Inspection and All Clear: School activities do not resume until proper authorities inspect affected buildings and declare them safe. The Incident Commander initiates the All Clear action after the incident concludes.
- Off-Site Relocation: The Incident Commander may initiate an off-site relocation if conditions warrant.

- Incident Report: Following the incident, the Incident Commander completes a comprehensive bomb threat report for analysis and reflection.

These procedures are established to ensure a swift, organized, and effective response to bomb threats and suspicious packages, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Explosions/Risk of Explosions

In the unfortunate event of an explosion or the risk of explosion at the school, the following procedures should be followed:

- Initiate Drop, Cover, and Hold On: In the event of an explosion, all individuals should immediately initiate the Drop, Cover, and Hold On protocol.
- Incident Commander and Emergency Services: The principal or designee becomes the Incident Commander and promptly calls 911 to provide precise details of the emergency, including the location (e.g., building, room, area) and the nature of the incident.
- Consultation and Emergency Functions: The Incident Commander will consult with available law enforcement and, considering the potential for another imminent explosion, determine appropriate emergency functions. Actions may include Shelter in Place, Evacuate Building, or Relocation. Evacuation may be required in some buildings on campus, with others serving as shelters.
- Evacuation Procedures: In the event of an evacuation, staff and students will use prescribed routes or other safe routes to proceed to the Assembly Area.
- Attendance and Notifications: During evacuation, teachers will bring the student roster and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are responsible for accounting for students with cognitive disabilities who may not have understood the directions, and they will notify the Assembly Area Team of missing students. The Incident Commander will promptly notify and update parents via ParentSquare.
- Medical Assistance: The Triage Team will promptly check for injuries and provide appropriate medical assistance.
- Utilities and Building Security: The Incident Commander will notify the appropriate utility company of any damages to water lines, sewers, power lines, and other utilities. The administrative team will secure the building entrance to prevent unauthorized persons from entering the school buildings.
- Search and Rescue Activities: If it is determined safe to enter affected areas, the Incident Commander will direct the administrative team to initiate search and rescue activities.
- Reopening and Clearance: Any areas affected by the explosion will not be reopened until the Los Angeles County HazMat or the appropriate agency provides clearance, and the Incident Commander authorizes such action.
- Relocation Procedures: The Incident Commander may initiate a Relocation if conditions warrant such a decision.
- All Clear and Conclusion: Once the incident has concluded, and the campus has been determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are established to ensure a swift, organized, and effective response to explosions or the risk of explosions at school, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Fighting or Riots

When dealing with a fight or the potential escalation to a riot, school staff should adhere to the following guidelines:

Fighting:

- Communication and Assistance: Utilize radio units or cell phones for communication. If not feasible, send a reliable student to the office to seek assistance. Speak loudly, demanding an immediate cessation of the behavior.

- Collaboration and Intervention: Seek assistance from other teachers to address the situation. If students begin to gather, work swiftly to disperse them.
- Identification and Intervention: Call out the names of involved students, if known, and inform them of their identification. For serious fights, especially those involving weapons, seek additional help from law enforcement personnel.
- Separation and De-escalation: Attempt to separate involved students using an assertive tone. Consider age, size, and personal safety before intervening physically. If successful in separating students, avoid further confrontational behavior. Allow students time to talk in a calm setting to gradually change the climate of the situation.

Riots:

- Prevention and Sensitivity: Encourage teachers and staff to be sensitive to the emotional climate and defuse tensions before problems escalate.
- Law Enforcement and Assessment: Notify local law enforcement of the disturbance and convene at a pre-designated site to evaluate the situation.
- Emergency Response Plans: Have a law enforcement officer assess and call for necessary resources, such as backup and emergency medical assistance.
- Activate emergency plans, including:
    - Instruct office staff to handle communications and initiate lockdown orders.
    - Notify transportation for appropriate buses for evacuation.
    - Assign staff to a temporary detention facility and log information.
    - Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Collaboration and Communication: Collaborate with the MPS Outreach & Communications Department to brief a representative for media interactions.
- Medical Treatment and Triage: Assign staff to a pre-designated medical treatment/triage facility.

Remember, these protocols are established to ensure a swift, organized, and effective response, prioritizing the safety and well-being of students and staff during such incidents.

Crisis Response

A school crisis is an unexpected critical incident that poses a safety threat or disrupts the school day, impacting teaching, learning, and overall well-being. Common reactions include shock, confusion, and fear. While each crisis may affect individuals differently, it can have a broad and immediate impact on students and adults. Examples include accidents, violent incidents, deaths, natural disasters, or acts of terrorism.

Multi-Tiered Crisis Response Team Model:

Tier I: School Site Crisis Response Team:

- Initiates crisis response, assesses needed services, and provides direct interventions.
- Determines the need for additional assistance from the Home Office.
- May be activated during emergencies or as a stand-alone team.

Tier II: Academic Department (Director of Special Education and Services; Director of Student Services):

- Contacted by the school site for support beyond the team's scope.
- Provides consultation, direct intervention, assistance with communications, and guidance for recovery/SEL support.

Tier III: MPS Home Office Crisis Response Team:

- Engaged based on collaboration between the Academic Department and the school site.
- Offers consultation, direct intervention, communication support, and recovery guidance.

Crisis Response Procedures:

- Activation and Assessment: The principal or designee, as the Incident Commander, activates the School Site Crisis Response Team. The team, in collaboration with the Incident Commander, assesses the impact and triages students, staff, and parents/guardians.

- Direct Intervention Services: The Crisis Response Team delivers crisis intervention services, including psychological first aid.
- Restoration of School Functions: Advises and assists the Incident Commander in restoring regular school functions efficiently and quickly.
- Limiting Exposure and Ongoing Assessment: Takes measures to limit exposure to scenes of trauma, injury, and death. Provides ongoing assessment of needs and follow-up services as required.

These protocols are designed to ensure a comprehensive, organized, and effective response to crises, prioritizing the well-being of students, staff, and the school community.

Active Shooter/Gunfire

In the event of a threat of violence on campus or the sound of gunfire, lockdown procedures should be immediately implemented. An Active Shooter on Campus is defined as an individual or individuals on school grounds armed with a firearm, having caused injury or death with the firearm and demonstrating continued threat.

Procedures for Staff:

- Upon the first indication of an active shooter, staff must promptly notify the principal or designee, who assumes the role of Incident Commander.
- The Incident Commander initiates a lockdown, the recommended emergency response.
- A call to 911 is made, providing precise details of the incident. A designated person should remain on the line with the police if safe.
- Establish communication with classrooms through school phones, email, cell phones, or radios to keep everyone informed.
- Notify MPS Home Office through the HOST channel and request assistance.
- Collaborate with the MPS Outreach & Communications Department to inform and update parents via ParentSquare.

Principal/Designee and Crisis Response Team Responsibilities:

- Secure perimeter gates and ensure all individuals are safely behind locked doors.
- Initiate the process of accounting for all students and staff.
- Calm and control students through regular announcements. If safe, maintain separation between students and the perpetrator.
- If imminent danger is identified with an active shooter on campus, Rapid Relocation may be initiated, ensuring students are not placed in the gunman's path.

Rapid Relocation Procedures:

- Encourage quick evacuation through any safe exit. If leaving campus, the preferred off-site relocation point is chosen if the route is safe.
- Inform local law enforcement of the decision to leave campus and the chosen destination. Keep them updated on students and staff not reaching the relocation point.
- Calm students, establish a perimeter for safety, and re-establish Incident Command teams with available staff.
- The Triage Team collaborates with first responders for medical attention to the injured.
- The Incident Commander prepares a verified list of the wounded and their transport locations, coordinating with the School Site Crisis Response Team for parent notifications.
- All media inquiries are directed to the MPS Home Office Outreach & Communications Department.
- Once the incident concludes and the campus is declared safe, the Incident Commander initiates the All Clear action.
- A debrief session with staff and school police officers is conducted by the Incident Commander.

These crisis response protocols are established with the paramount goal of ensuring the safety, well-being, and efficient recovery of students, staff, and the school community in the face of unforeseen critical incidents. The

collaboration between school personnel, law enforcement, and relevant agencies is crucial to swiftly and effectively address emergencies, minimize disruptions, and support the emotional and physical recovery of those affected. By adhering to these comprehensive procedures, we aim to create a secure and resilient environment conducive to the continued growth and success of our educational community.

Use of Facilities

In the event of disasters or emergencies, the school is committed to supporting the mandated emergency procedures established by law enforcement, government, or public safety agencies. This ensures that students and both certificated and classified staff follow necessary protocols, enabling the school to serve as a mass care and welfare shelter, to the extent necessary and appropriate.

Evacuation

In the event that community conditions or internal school circumstances necessitate a site evacuation, the following steps should be undertaken:

- The principal or designee assumes the role of Incident Commander and will communicate evacuation instructions via the PA system. If the PA system is unavailable, alternative communication methods, such as messengers, will be employed. The principal will convey a calm demeanor, offer reassuring comments, affirm that the situation is under control, and provide clear directions.
    - Example Statement: "Your attention, please. We need to evacuate all buildings. Teachers are to take their students and roll books to the assembly area and report to their designated area. Students are to remain with their teacher. Teachers need to close the classroom door when all the students have left."
- The Incident Commander will activate the fire alarm system as a signal to initiate the evacuation process.
- Designated emergency team members/staff will secure medications, related documents, and other essential medical supplies/equipment, such as First Aid Kit, CPR, AED, Epi-Pen, and Sharps container.
- Teachers will instruct students to evacuate the building using designated routes and assemble in their assigned Assembly Area.
- Teachers will bring student rosters and any classroom emergency supplies, take attendance once the class is assembled in a safe location, and account for students with cognitive disabilities who may not have fully understood the directions. Missing students will be listed on the Missing Persons Report.
- Once assembled, teachers and students will remain in place until further instructions are provided.
- The Incident Commander will make necessary notifications to the Home Office and parents.
- Upon the conclusion of the incident and confirmation of campus safety, the Incident Commander will initiate the All Clear action.

Procedures for Responding to Students Who Self-Injure

Self-injury, characterized by the deliberate act of harming one's own body, is often an unhealthy coping mechanism for emotional pain, intense anger, or frustration. While this behavior may lack suicidal intent, it can escalate the risk of suicide due to underlying emotional issues. Consequently, students exhibiting self-injurious behaviors should be assessed for suicide risk.

Signs and Symptoms of Self-Injury:

- Frequent or unexplained bruises, scars, cuts, or burns.
- Consistent, inappropriate use of clothing to conceal wounds.
- Possession of sharp objects such as razor blades, shards of glass, or thumbtacks.
- Evidence of self-injury in journals, drawings, social networking sites, etc.

Risk Factors of Self-Injury:

- Age, with a higher prevalence among teenagers and young adults.
- Influence of friends engaging in self-injury.
- Psychosocial factors, including neglect, abuse, or traumatic events.

- Mental health issues, such as depression, anxiety disorders, post-traumatic stress disorder, and eating disorders.
- Alcohol or drug abuse.

Protocol for Responding to Self-Injury:
- Respond immediately or as soon as practically possible.
- Supervise the student at all times.
- Seek medical attention as needed.
- Conduct an administrative search for access to means such as razor blades, shards of glass, other sharp instruments, or medications.
- Assess for suicide risk using appropriate protocols.
- Communicate with and involve the parent/guardian to address the self-injurious behavior promptly.

Awareness for Parents/Caregivers:
- Encourage appropriate coping and problem-solving skills.
- Listen calmly and empathetically, avoiding shaming reactions.
- Develop a safety plan with the student.
- Notify identified adults in the safety plan and provide information on the adult gatekeepers.

Self-Injury and Contagion:
- Respond immediately to identified students.
- Assess each student for suicide risk individually.
- Supervise students separately if identified as engaging in self-injurious behaviors.
- Consider making a mental health referral for students exhibiting self-injurious behaviors.

Response to Self-Injury and Contagion within the School Community:
- Address self-injury with students individually.
- Avoid discussing self-injurious behaviors in group settings.
- Conduct informational parent meetings, inviting all parents/guardians for psycho-education, awareness, and tools for addressing self-injurious behaviors.
- Supervise students and children during parent/guardian meetings.
- Consult with the Outreach & Communications Department for dissemination of information regarding parent/guardian meetings or other media matters.

These procedures are established to ensure a compassionate and effective response, prioritizing the well-being of students and fostering a safe and supportive school environment.

Procedures for Assessing and Responding to Reports of Dangerous, Violent, or Unlawful Activity

Magnolia takes its role in providing a safe and trusted learning environment very seriously. If any student, family member, or member of the school's extended community learns of any dangerous, violent, or unlawful activity that they believe has occurred, is occurring, or may occur at the school or at or near any school-sponsored or school-related event or location, they are strongly encouraged to report that activity—anonymously if necessary—to the Principal.

A report can be sent by a legible written note, by email, or by telephone to the following: bplonka@magnoliapublicschools.org, 818-609-0507. Reports should include place, time, the general nature of the activity being reported, whether any life-threatening activity or weapons are involved, and any other

important details. Any report of activity that imminently threatens or involves an imminent potential loss of life should first be made to 9-1-1, immediately.

Magnolia shall promptly review every report received as soon as possible, shall make a record of every report received, and shall make a reasonable inquiry into each, as necessary, to ensure to the greatest reasonable extent that no dangerous, violent, or unlawful act occurs at any school-related or school-sponsored event, or on school-provided transportation to any such event. The investigatory response taken by the school and actions taken will be logged as well.

Floor Plan

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate the outdoor assembly area(s) and evacuation route(s) from the site. (This item is stored with the plant manager and also located in the office of the School Principal)

A copy of the floor plan will be posted in each classroom at the school, in the school hallway, and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

Emergency Drills

The school shall conduct emergency drills on a regular basis to prepare for possible evacuation in case of an emergency. The School Principal, or designee, will specify the date and time of emergency drills. All students and staff are required to participate in these mandated drills.

The School Principal, or designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

School Safety Management Team and Operations

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching, and support staff may also be part of the team but may act only when assigned specific duties by the Principal or designee.

Guidelines for Handling the Media

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The School Principal should assign a school spokesperson to deal directly with the media.

- Develop a written statement for dissemination.
- Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- Appoint a spokesperson (usually the principal).
- Keep the staff informed through one person.
- Be proactive with the media.
- Contact the media before they contact the school.
- Set geographic and time limits.
- Explain restrictions.
- Hold the press accountable.
- Create positive relations with the media before an emergency crisis occurs.
- Stress-positive actions were taken by the school.

- Announce new changes made after the incident has passed.

Parental Notification

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick up their child in the event of an emergency. Schoolwide communication will be sent via ParentSquare.

Safety Supply/Equipment

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for ensuring the availability and delivery of adequate supplies and equipment during the course of an emergency. The team members should be familiar with emergency supplies cached in the emergency bin and any other campus location, such as classrooms.

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for directing team activities and keeping everyone informed of the overall status. Furthermore, responsible for assessing the adequacy of available water, food, sanitation, and other supplies and organizing the distribution of resources for immediate use. Specific duties may include

- Reporting equipment and supply needs
- Estimate the number of persons requiring food/shelter/care
- Work Incident Commander to determine the length of time care will be needed
- Inventory supplies on hand
- Distributing emergency water and food supplies
- Setting up and maintaining sanitation stations
- Confirming supply/equipment needs for any persons with special needs fulfilled
- Controlling conservation of water

Supplies and Equipment for the School Safety Management Team include:

- Hand-held two-way radio
- Keys
- Bullhorn
- Emergency water supplies - water carriers, cups, hand pumps, etc.
- Emergency food supplies
- Temporary power supplies
- Cell phones
- Sanitation supplies

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school. Emergency and first aid supplies should be kept in the school's central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- Blankets
- Matches
- Pillows
- Bottled Water
- Flashlights
- Paper Towels
- Batteries
- Wet Wipes
- Radio (battery operated)
- Sheets
- Candles

Suggested first aid items:

- Assorted Band-Aids
- Gauze
- Sterile Water (for burns)
- Tape
- Scissors
- Tweezers
- Bandages
- Instant Ice Packs
- Ace Bandages
- Package of Sewing Needles
- Slings
- Antibacterial salve
- Steri-strips or butterfly stitches
- Disposable gloves
- Face masks
- CPR (disposable mouthpieces)
- Current first aid book

In case of an emergency evacuation, staff will take this kit to the evacuation site, along with an attendance sheet.

Plant Inspections

The School Principal, or designee, with the assistance of local support personnel where necessary, will inspect and ensure that the school is clean, and secured, all paths of egress are open and well lit is essential to the safety and well-being of all students and staff members of Magnolia Public Schools.

Essential Checklist: Plant Inspections

- A walk-through will be performed at least twice annually by the principal and/or designee to ascertain any unsafe conditions that are hazardous to the staff or student's physical or mental well-being.
- The complete emergency routes used by all students to travel to and from the assembly area should be inspected. Ensure that there are no barriers to students with specific mobility needs.
- Within a month of the start of the new school year, the School Safety Committee will review the walk-through. A timeline for the completion of necessary corrections will be reviewed and assessed monthly.
- The School Principal and/or designee will be responsible for inspecting the campus regularly for the following conditions:
    - All non-structural hazards in classrooms and other sites where students are served will be eliminated. These hazards may include incompatible chemical storage; unsecured objects on high shelves; trees or shrubs that require pruning; trip hazards; exposed nails; screws or bolts; equipment in need of repair, or any other condition that could constitute a hazard.
    - All damaged fences will be reported and corrected as soon as possible.
    - Playground facilities and equipment will be inspected regularly for hazards. Repairs must be made as soon as possible.
    - All non-functioning lighting fixtures must be reported and corrected as soon as possible.

RECOVERY

Schools as Pillars of Support in Emergencies
Schools play a pivotal role in aiding members of the learning community in both preparing for and recovering from emergencies or disasters. Whether stemming from natural events like earthquakes, fires, and loss, or man-made events such as tragic incidents, student overdoses, or acts of terror, a school's approach to post-emergency support is most effective when it addresses diverse levels of need among students. The provision of varying degrees of support, including opportunities for smaller group meetings, becomes critical for those requiring more in-depth assistance, thereby complementing the general support offered to all students.

In the aftermath, the responsibility for implementing recovery strategies typically falls on the shoulders of school psychologists, counselors, social workers, and potential community mental health partners, all of whom may serve as members of the Crisis Response Team. Encouragingly, all adults involved are urged to contribute by modeling calm, caring, and thoughtful behavior.

Supporting Someone After a Crisis
When supporting someone after a crisis, it is important to be present and supportive. Use verbal, nonverbal, and paraverbal communication to convey your care and concern. Ask open-ended questions to identify how they are feeling and listen with empathy. Do not rush them to talk about the incident.

If you are feeling overwhelmed, take some time to gain your composure. Ask for a staff member to step in if you need to leave the room. Coordinate with other staff to address the immediate needs of the staff involved.

It is important to remember that you cannot provide effective support until you have reached physical and emotional calm.

Guiding Therapeutic Rapport through Time
1. Supporting in the Present - Helps rebuild relationships and build bridges of communication. The trust and relationship that you establish at this point are crucial to the de-escalation of a future crisis.
2. Understanding the Past - Allows the person to reflect on their actions and consider the impact on others. This helps to uncover what happened and identify any patterns and Precipitating Factors, which can help in planning for the future.
3. Planning for the Future - Results in learning and development of approaches by collaborating and problem-solving. Planning creates a sense of responsibility and ownership for the individual. It also helps staff prevent crisis behaviors and improve their approaches.

Therapeutic Rapport Considerations
When engaging with individuals in therapeutic settings, it is crucial to take into account several factors that significantly influence the dynamics of the counseling relationship:
- Age: An individual's age plays a pivotal role in shaping their ability to comprehend and actively participate in therapy. Consider the developmental stage, as younger children might struggle to express emotions or grasp complex concepts, while older adults bring different life experiences and concerns.
- Cognitive Functioning: Cognitive abilities vary among individuals, affecting their capacity to process information and follow instructions. Modify therapeutic approaches to accommodate diverse cognitive functioning levels and ensure effective communication.
- Culture: Cultural background deeply influences expectations about counseling and communication styles. Cultivate respect for individuals' cultural values and beliefs, recognizing the potential impact of cultural differences on the therapeutic relationship.
- Gender Identity: An individual's gender identity significantly shapes their experiences and interpersonal connections. Create an affirming and safe space that respects and acknowledges clients' gender identities, fostering an environment conducive to exploring gender expression.

- Previous Life Experiences: Past life experiences profoundly mold an individual's thoughts, emotions, and behaviors. Be attuned to the potential impact of these experiences on the therapeutic relationship, recognizing their role in shaping an individual's progress.

In acknowledging and adapting to these diverse factors, support staff can enhance the effectiveness of therapeutic interventions, fostering a more inclusive and supportive environment for all individuals seeking assistance.

Strategies for the Crisis Response Team: Supporting Students and Staff After a Crisis

1. Immediate Debriefing: Conduct immediate debriefing sessions to allow team members to share their experiences, feelings, and observations.
2. Provide Safe Spaces: Establish designated safe spaces within the school where students and staff can seek solace and support.
3. Structured Group Sessions: Organize structured group sessions led by mental health professionals to address collective concerns and promote a sense of community.
4. Resource Distribution: Distribute informational resources and support materials to students and staff, outlining available counseling services and coping mechanisms.
5. Collaborative Outreach: Collaborate with external mental health organizations to provide additional resources and expertise.
6. Peer Support Networks: Facilitate the creation of peer support networks among students and staff to encourage mutual assistance.
7. Long-Term Counseling Services: Ensure access to long-term counseling services for both students and staff members, recognizing that recovery is an ongoing process.

Strengthening Staff Responses and Fostering Resilience

To enhance staff responses to incidents, it is crucial to conduct an objective assessment of the current response. Take time to reflect on the incident and engage in open dialogue with fellow staff members who were involved. This collaborative process can uncover valuable insights and identify areas for improvement.

Managing a crisis is a challenging experience that can have a profound impact on everyone involved, including staff members. Recognizing the potential trauma of these situations is the first step toward building resilience. Taking care of one’s self during this time is essential for both physical and emotional well-being.

Building Resilience:

- **Reflect on the Experience: Acknowledge thoughts, feelings, and physical reactions to the incident.** Reflecting on the experience helps in processing emotions and developing effective coping mechanisms.
- Practice Self-Care: Prioritize self-care activities to maintain overall well-being. Ensure individuals get enough sleep, maintain a healthy diet, engage in regular exercise, and spend quality time with loved ones. Self-care provides the strength needed to cope with the challenges of crisis management.
- Seek Professional Support: If coping is challenging following the aftermath of a crisis, seeking professional support from a therapist or counselor can be immensely beneficial. A professional can assist in understanding emotions and developing healthy coping mechanisms tailored to your needs.

By fostering open dialogue, engaging in self-reflection, and prioritizing self-care, staff members can collectively navigate the aftermath of crises. Recognizing the trauma and proactively seeking support contribute to building resilience and fostering a supportive community within the school environment.

Our Mission

Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to provide a high-quality, college preparatory STEAM educational experience in an environment that cultivates respect for self and others.

Our Vision

Graduates of Magnolia Public Schools commit to building a more peaceful and inclusive global society by transforming traditional ideas with creative thinking, effective communication, and the rigor of science.

About our School as a Safe Place to Learn

At Magnolia Public Schools, we envision a vibrant learning community where every student feels safe, nurtured, and respected. Through proactive efforts, we foster a positive and inclusive environment that empowers students to thrive academically, socially, and emotionally. Graduates of MSA-2 commit to building a more peaceful and inclusive global society by being respectful, attentive, and dependable.

PURPOSE & PREPARATION

Statement of Purpose

The School Safety Plan is designed to foster a secure school environment, fostering an optimal learning experience and elevating student academic achievement. This plan is strategically implemented to safeguard the well-being of students and staff, offering a structured response to emergencies and a set of guidelines for preparedness. The primary objectives of this plan include:

1. Ensuring the safety and welfare of students and staff.
2. Providing a coordinated and effective response to emergency situations.
    - Encouraging collaboration among co-located schools for a unified emergency response. This collaborative effort encompasses comprehensive goals, activities, teams, and timelines, ensuring a collective commitment to the well-being of all individuals on campus.
3. Safeguarding the school's facilities and property.
4. Facilitating a swift restoration to normal conditions in the aftermath of an emergency, minimizing confusion.
5. Coordinating with local emergency services when necessary to enhance overall emergency response capabilities.

Plan Organization

Effectively managing emergencies demands a dual focus on thorough emergency preparedness and efficient emergency response capabilities. The School Safety Plan is organized into five essential components:

1. Purpose and Preparation: This component addresses anticipated threats and hazards to the school, emphasizing safety needs before, during, and after an incident. It serves as the proactive foundation for comprehensive emergency preparedness.
2. Prevention: Focused on education and awareness strategies, this component aims to empower members of the learning community with the knowledge and tools to prevent incidents. Proactive measures play a pivotal role in ensuring a secure environment.
3. Response: Strategies and procedures for drills and handling potential threats are outlined. This component ensures a swift and coordinated response during emergency situations, contributing to the preparedness of both students and staff.
4. Recovery: Post-incident, this component centers on establishing therapeutic rapport and utilizing school and community-based resources to address the emotional impact of the crisis. Recovery efforts are crucial for restoring a sense of normalcy within the learning community.
5. Quick Reference Guide: Serving as an internal tool, the Quick Reference Guide enables the rapid activation of the team and safety protocols specific to potential incidents within the learning community. This guide enhances the efficiency and coordination of emergency response efforts.

Safety Goals and Objectives

The emergency safety plans are carefully developed to address a range of potential crises, including natural disasters and fires. The school sites participate in regular disaster drills conducted throughout the academic year to ensure that students and staff are well-prepared for any emergency scenario. A crucial part of our planning process

involves each MPS school site conducting a thorough review of school-specific data, leading to the identification of specific goals for the school year. This proactive approach ensures that our emergency preparedness measures are tailored to the unique needs and challenges of each school site, fostering a safe and secure learning environment for everyone in our community.

Assessment of Data

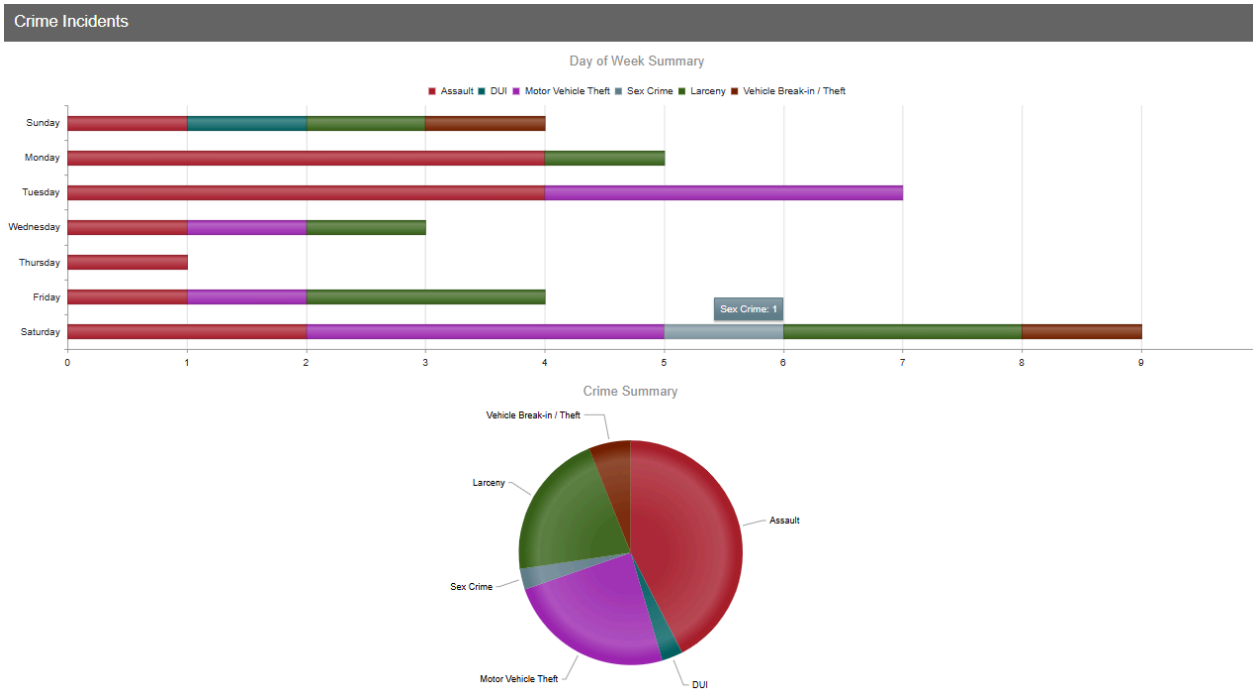
Local Crime Data

Data Source reviewed to develop statistical analysis was local Law Enforcement crime data via crimemapping.com

Crime Data will be revised at a later time. Issue with Crime Data website.

The top three crime violations in the area of 91406 from 5/2025 to 12/2025:

Type	Number
Total Crimes during time period	33
Top #1: Assault	14
#2: Motor Vehicle Theft	8
#3: Larceny	7



This data is represented by the following graphic pulled from source website: https://www.crimemapping.com/map/location/91406%2C%20Van%20Nuys%2C%20CA%2C%20USA?id=dHA9MCN0dj02MDQ0MDg1YyNsb2M9MTY5ODMyNyNsbmc9NDEjcGw9MTE3MjU1MiNsYnM9MTQ6NTQzMDc1NSNsbj1Xb3JsZA%3D%3D#

School-wide Data

Data regarding school community was compiled from Infinite Campus, local records, and logs. Data was reviewed on January 29, 2026. The following data was reviewed:

	2023-24	2024-25	2025-26	Currently as of 1/29/2026
Suspension Data Out-of-School	3	16	4	4
Suspension Data In-School	0	0	0	0
Expulsion Data	0	1	0	0
Office Discipline Referrals ODRs	44	33	16	16
Average Daily Attendance (ADA) Rate	92.99%	92.73%	96.64%	96.64%
Chronic Absenteeism Rate	20.7%	20%	17.1%	17.1%
Graduation Rate	97.7%	94.8%	n/a	n/a

The committee reviewed the data and identified the appropriate strategies and programs that provide high-level school safety. Those programs and strategies include:

- Parent/Student Handbook
- School Safety Committee
- Discipline Committee
- Administration
- Local School Administration
- Parent Advisory Committee
- Parent Task Force
- Student Leadership
- Local Law Enforcement Collaboration

We will continue to review data in the upcoming academic year to continually revise and identify appropriate strategies and programs that provide/maintain a high level of school safety, both on and off campus.

Component 1: School Climate

Goal(s): All employees will uphold and implement all stated policies and procedures as noted in the school-wide safety plan.

- Objective: Annually, all employees will review the policies and procedures as noted in the safe school plan.
- Related Activities: Review regularly during Professional Learning Sessions, completion of training through CharterSafe, committee meetings, and safety meetings.

- Resources needed: Safety plan
- Person(s) responsible for implementation: Designated Administrator, Safety Committee
- Budget: Refer to schools' annual budget
- Evaluation guidelines: Educational Partner Surveys

Component 2: Physical Environment

Goal(s): Create a safe, structured, and well-supervised physical environment by strengthening personnel systems and campus coverage to proactively support student behavior, safety, and engagement.

- Objective: By the end of the school year, ensure consistent adult presence across all high-traffic and high-need campus areas through clearly defined personnel roles, schedules, and accountability systems, resulting in a reduction in safety-related incidents and transitions-based behavioral concerns.
- Related Activities:
  - Establish clearly defined supervision zones for before school, passing periods, lunch, and dismissal
  - Develop and implement a rotating supervision schedule for personnel
  - Provide training for staff on active supervision strategies (visibility, proximity, positive interactions)
  - Conduct routine walkthroughs to assess supervision effectiveness and environmental needs
  - Adjust staffing assignments based on incident data and student flow patterns
- Resources needed:
  - Supervision schedules and coverage maps
  - Staff training materials on active supervision
  - Walkie-talkies and safety equipment (as applicable)
  - Incident and referral tracking tools
- Person(s) responsible for implementation:
  - Dean of Students, Assistant Principal, Campus Aides and Student Services Staff, Administrative Team
- Budget: Refer to school's annual budget.
- Evaluation guidelines: Educational Partner Surveys and all related metrics from California Schools Dashboard, CDE Data Quest, and internal MSA2 LCAP goal tracker data related to internal metrics.

Component 3: School's Social Climate

Goal(s): Foster a welcoming, inclusive, and affirming school climate that promotes a strong sense of belonging, recognition, and positive identity for all students.

- Objective: By the end of the school year, increase students' reported sense of belonging and connection to school through consistent recognition systems, relationship-centered practices, and intentional community-building structures.
- Related Activities:
  - Implement school-wide positive recognition systems (e.g., RAD Points, RAD Stars, positive calls home)
  - Facilitate regular student-led and staff-supported celebrations of achievement, growth, and positive behavior
  - Create welcoming routines for arrival, transitions, and student onboarding
  - Support clubs, student leadership, and community-building events that encourage student voice
  - Train staff on culturally responsive and relationship-centered practices
- Resources needed:
  - Recognition materials (certificates, incentives, signage)
  - Staff time for relationship-building activities and events
  - Data tools for tracking participation and recognition
  - Professional development resources focused on SEL and belonging
- Person(s) responsible for implementation:
  - Dean of Students, School Administrators, Student Services Team, MTSS PBIS Team, Reflection Committee, Teachers and Support Staff, Student Leadership Groups
- Budget: Refer to school's annual budget.
- Evaluation guidelines: Educational Partner Surveys and all related metrics from California Schools Dashboard, CDE Data Quest, and internal MSA2 LCAP goal tracker data related to internal metrics.

MPS Emergency Drill Evaluation (Google Form)

The MPS Emergency Drill Evaluation collects the following information:

- School site
- When did the emergency drill take place?
- Drill Type
- Date Conducted
- Time Started and Time Completion
- Alert Type
- Did everyone on campus participate?
- If parents/guardians participated, what were their roles?
- Rate students' performance of emergency procedures.
- Rate faculty's performance of emergency procedures.
- Rate emergency team performance of duties.
- Rate accounting for everyone.
- Rate alert system.
- Did the School Safety Committee and/or Emergency Team Leaders debrief after the drill?
- List the top lesson learned from this drill and how it will be addressed.
- What school-site training support would improve emergency drills and/or preparedness?

PREVENTION

Employee Preparedness

Our commitment to ensuring a safe and secure school environment involves comprehensive measures to prepare and empower our staff for effective response during emergencies. Here are the key components of our Employee Preparedness plan:

Ongoing Preparedness Measures:

- Regular review of the School Safety Plan and other emergency policies and procedures.
- Familiarization with each employee's role during emergency situations.
- Knowledge and evaluation of required drills, ensuring staff are well-versed in emergency response procedures.
- Familiarity with the layout of buildings, grounds, and all emergency procedures.
- Review of the locations of emergency exits, fire extinguishers, fire alarms, and emergency equipment and supplies.
- Attendance at updated training sessions covering first aid, CPR, the use of fire extinguishers, and search and rescue, as necessary.

Employee Skills

At the commencement of each school year, the School Principal or designee will seek input from instructional and non-instructional staff to identify individuals with special skills or experiences that could be beneficial during an emergency. These employees may be assigned specific emergency management roles, such as first aid, CPR, search & rescue, and fire extinguisher training and certification.

The instructional staff is responsible for the following:

- Presenting instruction to students about emergency preparedness plans and student responsibilities during major emergencies.
- Maintaining readily accessible attendance sheets for use during evacuations.
- Updating and storing classroom emergency kits in safe, accessible locations.
- Full participation in fire, earthquake, and evacuation drills.
- Developing planned activities for students during periods of confinement in emergencies.

The School Principal, or designee, is responsible for the following:

- Assigning employees to specific roles based on their skills, abilities, and normal functions.
- Ensuring that all employees are familiar with site maps, evacuation plans, and are trained in emergency response roles.
- Updating lists of employees trained in first aid, CPR, fire extinguisher use, and search and rescue, arranging for update training as necessary.

- Regularly updating site floor plans showing evacuation routes, assembly areas, emergency supplies, equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut-off valves.
- Posting emergency procedures in visible locations across the school.
- Updating the list of disabled students or employees, arranging for evacuation assistance or other special assistance as needed.
- Testing the site warning system and ensuring signal recognition by employees and students.
- Conducting an inventory of all emergency supplies and equipment, replacing used or outdated items.
- Maintaining a list of emergency phone numbers in readily accessible locations.

Employee/Student Special Needs

Employees and students with special needs are encouraged to self-identify their specific requirements during emergencies. At the beginning of each school year, parents are asked to provide written information and instructions concerning the specific needs of students. Areas of the school with employees and/or students with permanent mobility impairments should maintain any necessary evacuation devices on each floor where such individuals are located.

Emergency Onsite Personnel

Emergency phone contacts for staff will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc., will also be noted on a list kept at the school.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

Reporting the information regarding a case of possible child abuse or neglect to your supervisor, the School principal, a School counselor, coworker or other person shall not be a substitute for making a mandated report to Child Protective Services or law enforcement.

MPS will provide annual training on the mandated reporting requirements, using the online training module provided by MPS, to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the course of the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one-thousand dollars ($1,000), or by both.

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of employment.

Reportable Offenses

A mandated reporter is obligated to report whenever, in their professional capacity or within the scope of their employment, they have knowledge of or observe a child whom they know or reasonably suspect has been the victim of child abuse or neglect (Penal Code 11166).

Responsibility for Reporting

Mandated reporters must take immediate action whenever they have knowledge of or observe suspected child abuse or neglect within their professional capacity or employment scope (Penal Code 11166).

Reporting Procedures

1. **Initial Telephone Report**
   Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department (Penal Code 11165.9, 11166).

   - Los Angeles County 800-540-4000 or https://reportChildAbuseLA.org
   - Orange County 714-940-1000 or 800-207-4464 and Forms | County of Orange Social Services Agency
   - San Diego County 858-560-2191 or 800-344-6000
2. **Written Report**
   Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572) (Penal Code 11166, 11168).
3. **Confidentiality**
   Mandated reporters are assured that the reporting process is confidential, and their identity will be protected. Ensuring the safety of the child is the top priority, and the reporting process is designed to support this goal.

Investigation of Suspected Child Abuse or Neglect by Peace Officers - PC 11174.3

A suspected victim of child abuse or neglect may be interviewed during school hours, on school premises, by a representative of a governmental agency investigating the case, or by the State Department of Social Services when deemed necessary. The investigation is based on a report of suspected child abuse or neglect that occurred within the student's home or out-of-home care facility. The student must be given the option of being interviewed in private or selecting a member of the school staff, whether certificated or classified, to be present at the interview.

The selected staff's role is to provide support to the student and to help the student feel as comfortable as possible; it is not to participate in the interview and discuss the case with the student. The principal or the principal's designee should remind the staff member selected of the staff member's role and the requirement to maintain confidentiality prior to the interview. The staff member selected may decline the request to be present at the interview; however, if the staff member agrees to be present, the interview must take place during school hours.

Releasing a Student to a Peace Officer - EC 48906

When a minor student is released to a peace officer for the purpose of removing the student from the school premises, a school official must take immediate steps to notify the parent or responsible relative of the student of such removal and the place to which the student is being taken.

In the case where the student is being taken into custody as a victim of suspected child abuse, the school official must provide the peace officer with the address and contact information of the student's parent. It is the responsibility of the peace officer to contact the parent.

Procedures for Supervision and Protection of Children from Abuse, Neglect, and Sexual Offenses

In addition to strict compliance with the reporting policy above, the school shall implement the following procedures to minimize opportunities for abuse, neglect, or sexual offenses.

Procedure	Details
Two-Deep/Visible Supervision	No employee, volunteer, or contractor shall be alone with a single student behind a closed door or in an isolated area without another adult present or visible.
Line-of-Sight Supervision	Staff shall maintain visual contact with students during recess, transitions, restroom breaks, and after-school activities. High-risk areas (locker rooms, storage rooms, offices) shall be monitored or equipped with windows or open doors.
Private Electronic Communication Prohibited	Staff may not communicate privately with students via personal phone, text, social media, or apps. All school-related electronic communication must use school-approved platforms with at least one other adult copied or able to monitor.
Physical Contact Boundaries	Physical contact shall be limited to what is appropriate and necessary (e.g., high-fives, side hugs, brief comforting). Staff shall avoid lap-sitting, tickling, piggy-back rides, or any contact with private body areas.
Transportation & Off-Campus Activities	At least two adults must be present in any vehicle transporting students. One-to-one transportation of a single student by one adult is prohibited except in documented emergencies.
Visitor & Volunteer Screening	All visitors and regular volunteers shall sign in, wear identification, and be supervised at all times. Background checks are required for any adult with unsupervised student contact.
Restroom Policy (Elementary)	Adults may not enter student restrooms while occupied unless an emergency exists and another adult is present.
Annual Review of Physical Plant	The school shall annually identify and mitigate blind spots, inadequate lighting, or isolated areas.

The school strictly follows all applicable fingerprint background check requirements for employees, contractors, and volunteers.

Additional policies and procedures to prevent abuse, neglect, and sexual offenses are included in the school's Professional Boundaries policy, Visitor and Volunteer policies, and Employee Handbook.

Procedures for Safe Ingress and Egress from School

Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.

1. Availability of Maps: Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.
2. Visitor Protocol: Visitors and guests are welcome at the school, but reasonable precautions are taken to safeguard students and staff. Visitors should:
    - Report and sign in at the office.
    - Be provided with a visitor's badge.
    - Be prepared to provide identification to school personnel.
    - Respect school rules.
3. Exterior Door Management:
    - School personnel should ensure that all exterior doors are marked with a notice instructing visitors to report to the office first. Exterior doors, except those near the office, should remain locked to control access.
4. Staff Training:
    - School staff should receive training on how to greet visitors, with the first question being "May I help you?" Someone should greet every visitor.
5. Response to Intruders:
    - Any intruder found roaming the building without a visitor's badge or visible identification should be escorted to the office. School personnel in the office can then provide additional information or directions.
6. Progressive Response to Non-Compliance:
    - Visitors who fail to comply with school procedures should verbally be informed of the violation. If non-compliance persists:
        - Notify the office of the situation.
        - Follow the person if possible and continue to give notice of the violation of school rules.
        - Notify the police or call 911.
7. Building-Wide Notification Plan:
    - In case of an intruder(s), the office should activate a building-wide notification plan:
        - Make a PA announcement using predetermined code phrases.
        - Instruct classroom doors to be closed.
        - Advise students to remain in their current areas.

Social Climate: School and Physical Environment

At MPS, we firmly believe that safety and education are a shared responsibility among parents, teachers, and students. Our school's successful operation relies on the cooperation of everyone involved. Each group holds a responsibility to contribute, creating an environment where learning, safety, and play can harmoniously coexist. We uphold the principle that every individual, regardless of color, race, gender, popularity, ability, religion, or nationality, has the right to feel safe, secure, and accepted.

Our vision is shared through the student-parent handbook, a tool that communicates our expectations to students and parents alike. MPS is a reflection of all of us, and our policies are crafted to provide a safe and orderly environment conducive to learning. Our dedicated faculty and staff eagerly anticipate sharing their expertise in academics, special programs, and extracurricular activities.

To make MPS a thriving community, we encourage active participation from students and parents. Explore our programs, activities, and schedule, and become an engaged participant in your education through classes, clubs, and various activities. We recognize that a school environment thrives when governed by clearly defined and

implemented rules. To this end, MPS has compiled a comprehensive student-parent handbook, addressing the school's regulations and policies to set a standard for the entire school community.

Effective Communication

Open and effective communication is essential for addressing issues or concerns that may arise with teachers, staff members, or administrators. We encourage both students and parents to approach the person directly involved when faced with a situation of concern.

For Students: If a student encounters a challenge at school, we believe in empowering them to communicate and seek resolution. In cases involving classroom situations or issues with teachers, we recommend the following steps:

1. Talk with the Teacher - The student should be encouraged to express their concerns directly to the teacher. Open dialogue between students and teachers is the foundation for understanding and resolving issues.
2. Talk with an Administrator - If the issue persists or if the student is uncomfortable talking directly to the teacher, the student is encouraged to approach an administrator.
3. Parental Involvement - In instances where the student is reluctant to speak with the teacher or administrator, the parent may accompany the student and facilitate the conversation with the teacher.

It is crucial to demonstrate to children how to actively and constructively solve problems. If a concern is significant enough for a child to discuss, it is equally important for them to learn how to be part of the solution. Encouraging problem-solving skills empowers students to take an active role in creating a positive and solution-oriented school environment.

Parent Concern

Addressing concerns in a timely and effective manner is crucial for fostering a positive school environment. Parents are encouraged to follow these steps when dealing with concerns:

1. Initiate a Conversation with the Teacher. In the initial stages of any concern, it is recommended to talk directly with the teacher. Teachers can provide insights into classroom situations from both an adult and professional perspective, often resolving misunderstandings through open communication.
2. Follow up with the Teacher if Necessary. If the concern persists after an initial conversation, it is advisable to revisit the issue with the teacher. Open dialogue allows for continued communication and a more in-depth understanding of the situation.
3. Schedule an Appointment with the Administrator. If resolution is not achieved at the teacher level, parents are encouraged to make an appointment with the relevant administrator. Thai step ensures that concerns are elevated to the appropriate authority for further consideration.
4. MPS Home Office Communication. If concerns persist even after meeting with the Principal, the parent is encouraged to complete the appropriate form available in the MPS Student-Parent Handbook. The form should include details about the complaint and the steps taken to resolve it. Once completed, contact the MPS Home Office to ensure a thorough and documented review of the matter.
5. MPS Board Communcaiton. If necessary, the next level of communication involves reaching out to the MPS Board. Parents may initiate this process by revising the form originally submitted. The MPS Board will consider the matter at its next meeting, providing a transparent and structured approach to addressing concerns. In the event that the Board decides not to hear the complaint, the Superintendent's decision will be considered final.

Communication Channels. Teachers, staff, and administration are accessible through email, phone, in-person meetings, and by appointment. However, due to busy schedules, we request parents to schedule meetings in advance rather than dropping in. This ensures that everyone involved can allocate time for a focused and productive discussion.

Respectful and Constructive Communication. MPS emphasizes the importance of maintaining respectful and constructive communication. Parents are kindly requested not to "drop-in" for appointments and should avoid engaging with teachers, other parents, students, or administrators in a disrespectful or threatening manner.

Students Responsibilities

I am aware of my responsibilities and will do my best to satisfy my parents'/teachers' expectations at MPS because this will help me do better in the future. I agree to really try and do the following:

- I will come to school dressed in uniform every day and on time.
- I will be prepared for all my classes with all required materials.
- I will complete class work and homework on time.
- I will do all the homework assigned to me the best way I can and ask for help when needed.
- I will strive consistently to give my best, and to make my best academic progress.
- I will act responsibly and respectfully at all times and towards all members of the school community.
- I will follow all school rules.
- I will obey the School's Code of Conduct.
- I will respect my property, that of others, and that of the School.
- I will take good care of my books, and other materials the School allows me to use.
- I will serve my community.

Parent Responsibilities

I understand that my child's studies are very important and my participation in activities at MPS is a critical component of my child's educational success. Therefore, I agree to carry out the following responsibilities to the best of my ability:

- I will take a positive and active role in supporting my student's education.
- I will make certain my student attends school regularly and on time.
- I will notify school when child is absent and provide appropriate documentation.
- I will ensure that my student follows the school attendance policy and dress codes.
- I will ensure that my child come to school rested, clean, well-fed, and appropriately dressed (in student uniform).
- I will notify office immediately if there is a change of home address or phone number.
- I will set aside a specific time and place for my student to do homework.
- I will support my student in completing homework, including, if necessary, limiting time watching television, computer gaming, and recreational internet use.
- I will allow my student to attend remedial and other programs offered if requested by the school as is needed for individual improvement.
- I will set up a college-bound environment at home and support my student through the college admission and scholarship-finding process.
- I will emphasize my child adheres to the MPS Discipline Code at all times.
- I will enforce the School Code of Conduct with my child, including ensuring my child is wearing the uniform and promoting respect for teachers and all adults and students.
- I will follow through with any problem behaviors noted by the School.
- I will attend orientation meetings prior to the start of School.
- I will communicate regularly with my student's teachers to ensure his/her academic success (includes attending at least two conferences in a school year).
- I will review information and work sent home and/or posted online for parents and students via the school website and the online Student Information System and respond as necessary (computer access is available for parents at School if needed).
- I will review progress reports that are sent by the School and respond as necessary.
- I will encourage positive attitudes toward school.
- I will talk with my student about what he/she is learning.
- I will expect and encourage my student to be focused on learning.

- I will expect and support my student to strive consistently to give his/her best, and to make his/her best academic progress.
- I will assure that my child does not destroy materials (textbooks, equipment, etc.) and/or MPS property.
- I will pay for any damages to materials and/or property incurred by student.
- I will assure that students do not bring destructive materials to school (markers, paint, etc.)
- I will assure that all school materials loaned to students will be returned in the condition issued (textbooks, library books, etc.) I will pay for any lost or damaged books in CASH only.
- I understand that a student's bringing or possession of any weapon is grounds for expulsion from the Charter School.
- I will complete and return all necessary school forms and documents on time as requested by school officials.
- I will try to volunteer at School when requested. (Parents/guardians are not required to volunteer for MPS.)

School Responsibilities

- The School will provide a high-quality curriculum and instruction in a supportive and effective learning environment that enables all students to meet the State Core Curriculum Content Standards in all content areas through an aligned curriculum and rigorous assessment.
- The School will provide a variety of support programs to enhance instruction at all grade levels.
- The School will send frequent reports to parents on their child's progress.
- The School will hold parent-teacher conferences during which this Compact will be discussed as it relates to the individual student's achievement. Conference dates will be listed on the school calendar and additional dates will be sent through notification by the School.
- The School will grant parents reasonable access to staff by appointment through the office.
- The School will provide parents with the ability to observe classroom activities by appointment through the office.

Building Capacity for Engagement

Infinite Campus

MPS leverages the Infinite Campus online web portal to enhance efficient communication among parents, students, and teachers. Each teacher maintains a dedicated grade book for every class, providing a centralized hub for course-related information. Teachers regularly update and share course materials, homework assignments, projects, and course grade statistics, as well as detailed records of students' performance, including grades on quizzes, tests, class participation, and homework assignments. Access to these resources is secured through confidential passwords, ensuring a private and secure environment for students and parents to stay informed and engaged in their academic journey.

ParentSquare

MPS utilizes ParentSquare, a school-to-home engagement platform, to streamline communication between the school and parents. This dynamic platform facilitates automated messages tailored to individual students, delivering key information directly to parents. Utilizing ParentSquare, MPS communicates essential details such as attendance information, news updates, upcoming events, opportunities for parent and family engagement, surveys, resources for parent education, and more. With seamless integration into Infinite Campus, multilingual translation capabilities spanning over 100 languages, and versatile access through the app, email, text, voice, and web portal, ParentSquare ensures inclusive and equitable communication, fostering strong connections between the school and all families.

Parent Advisory Committee (PAC)

In adherence to the Local Control and Accountability Plan (LCAP), the invaluable input of educational partners—including students, families, staff, and community members—is paramount. To fortify the collaborative relationship among these educational partners and review the LCAP along with its various components crucial to student success, schools will host PAC (Partnership Advisory Committee) meetings. PAC meetings will replace School Site Council (SSC) gatherings, streamlining efforts to enhance meeting effectiveness and efficiency.

Scheduled throughout the school year, PAC meetings will actively engage in:

- Planning, Reviewing, and Enhancing LCAP, Title I, and Part A Programs: The committee will play a pivotal role in evaluating and refining the LCAP, Title I, and Part A programs, ensuring alignment with the overarching goals of the LCAP.
- Primary Oversight of Parent and Family Engagement Policy: PAC will serve as the primary committee responsible for reviewing and shaping the parent and family engagement policy. Additionally, if applicable, the committee will extend its purview to other school program plans, fostering a comprehensive approach to school improvement.

Collaboration between school leadership and PAC will be integral to ensuring active parental involvement in the school improvement process. This strategic shift aims to promote effective communication and collective decision-making for the betterment of our educational community.

Parent Task Force (PTF)

Our Parent Association conducts annual elections to fill key positions including President, Vice President, Treasurer, and Secretary. A consistent 10% of our parents actively participate in monthly Parent-Teacher Fellowship (PTF) meetings, creating a dedicated forum for collaborative efforts. PTF meetings serve as a platform where parents take the lead, steering discussions and garnering support for ongoing fundraising initiatives, cultural events, and engagement opportunities designed for all families.

Led by elected PTF Committee Officers, chosen by families vested in supporting the success of all students at MPS, these meetings foster an environment of shared interest and collective dedication. Throughout these gatherings, parents collaborate, pooling their experiences and skills to strategically work towards common goals that propel student success. This approach ensures a dynamic partnership between parents and the school community, actively contributing to the holistic development and achievement of our students.

Professional Development

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive training on school-wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, training on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying-related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015.

Physical Environment

MPS is dedicated to providing a safe, healthy, and nurturing environment characterized by trust, care, and professionalism. To achieve this, we have implemented a comprehensive set of health, safety, and risk management policies that comply with all applicable state and local laws and regulations. The on-site school administration consistently monitors activities to ensure the safety and security of our students. Parents and students are informed through the MPS Student-Parent Handbook about these policies, covering essential aspects of our commitment to safety.

MPS commitment extends to maintaining a drug-free, alcohol-free, and tobacco-free zone within the school premises, accompanied by a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyberbullying through school-wide assemblies and engaging guest speakers. All staff members are designated mandated reporters for cases of child abuse or violence, further reinforcing our commitment to student well-being.

In preparation for emergencies such as natural disasters and fires, we have developed and communicated emergency safety plans. Each classroom is equipped with these plans, and disaster drills are practiced regularly throughout the year. Our collective efforts create a secure and supportive environment that fosters the academic and personal growth of our students.

Instructional Continuity Plan for Site-Based Schools

INTRODUCTION

Pursuant to Senate Bill 153 and California Education Code section 32282, subdivision (a)(3)(A), Magnolia Public Schools ("MPS" or "Charter School") adopts the following Instructional Continuity Plan ("ICP") to establish communication with students and their families and provide instruction to students when in-person instruction is disrupted due to an emergency or a natural disaster.

The Instructional Continuity Plan ("ICP") states how MPS will:

1. Establish communication with students and families not later than five (5) calendar days after an emergency or natural disaster that disrupts in-person education, with the goal being to establish two-way communication and to identify and provide students with social-emotional, mental health, and academic supports; and
2. Establish access to alternative in-person instruction, remote instruction, or a hybrid model no more than ten instructional (10) days after an emergency or natural disaster disrupts in-person education.

DEFINITIONS

- "Remote Learning" means instruction in which the student and certificated teacher are in different locations and instruction shall be aligned with traditional independent study per Education Code 51745-51747.5. Instructional time shall be based on the time value of the learning tasks and assignments delegated by the teacher.
- "In-person instruction" means instruction under the immediate physical supervision and control of a certificated employee of the Charter School while engaged in educational activities required of the student.
- "Two-way communication" may include phone calls, email, or instant messaging through ParentSquare, the Charter School's portal.
- "Emergency or natural disaster" may include wildfires, earthquakes, severe weather, floods, landslides, tsunamis, pandemic, infectious disease outbreaks, chemical/hazardous materials spill or threat, etc.

STUDENT AND FAMILY ENGAGEMENT

To provide consistency during an emergency, the Charter School's primary mode of communication shall be through ParentSquare. This platform provides a secure environment to communicate with each student and their parent/guardian through instant messages, classroom postings, flyers, and embedded documents. In addition to ParentSquare, teachers will communicate with parents/guardians on a regular basis through traditional communication channels (i.e. phone calls, online classroom postings, Zoom, through Google Classroom etc.) regarding each student's academic progress, attendance/participation, behavior, and social-emotional well-being.

Initial Notification MPS shall:

Engage students and families as soon as practicable following an emergency or natural disaster that disrupts in-person learning. The initial communication establishing two-way communication with students and their families shall occur no later than five (5) calendar days following an emergency. This communication shall:

- Notify students and families that in-person instruction will be closed as a result of the emergency or natural disaster;
- Provide students and families with a status update, based on the most up-to-date and credible sources available, on the nature and extent of the emergency or natural disaster;
- Inform the Charter School community of the methods the school will use to communicate with students and families while in-person instruction is disrupted;
- Request that students and families check in and report their physical well-being, as well as any immediate social-emotional, mental health, and academic needs;
- Provide support for students' social-emotional, mental health, and academic needs by using internal resources to the extent available, and by referring families to any community-based or emergency-focused resources and services providers that may be available; and

Remote Instruction

Charter School shall provide access to in-person or remote instruction as soon as practicable, but no more than ten (10) instructional days following the emergency or natural disaster, which includes:

- If in-person instruction is not feasible, the Charter School will provide remote instruction pursuant to MPS's Independent Study Policy and procedures; and
- Provide access to instructional resources such as a laptop, internet, and instructional materials to participate in remote instruction as follows:

    - Students will have access to lessons via an online portal, such as Google Classroom.
    - If the online portal is not accessible due to unforeseen disruptions, students and families will be provided printed, weekly packets to ensure schoolwork from teachers related to assignments, instruction, and assessments is uninterrupted; or
    - If an emergency or natural disaster disrupts in-person learning and independent study is not feasible, a student may also be offered enrollment in or be temporarily reassigned to another site, school district, county office of education, or charter school[1]. This information will be determined on a case-by-case basis and communicated to each impacted family.

Communication

MPS's communication platform is ParentSquare and all communications regarding an emergency or natural disaster will be posted on this platform, which is accessible to all students, parents/guardians, and MPS employees.

ParentSquare will also be used to provide instructions to the school community regarding how and when families will access instruction, academic supports, social-emotional resources, and important updates regarding when in-person instruction will resume.

Other forms of communication will be as follows:

- Questions regarding academic instruction, assessments, homework, etc. will occur through Google Classroom;
- Teachers will communicate with parents/guardians on a regular basis through traditional communication channels (i.e. email, phone calls, ParentSquare messages, or Google Classroom messages;
- The Charter School's website and ParentSquare will:

    - Identify whether instruction is in-person, remote, or hybrid;
    - Provide updates and solutions about the impact the emergency or natural disaster is having on providing in-person, remote, or hybrid instruction; and
    - Provide an outlook for when and how normal operations will resume. through the Charter School's ParentSquare, and when in-person instruction will resume.

- If the emergency or natural disaster has negatively impacted power or internet services, flyers will be posted at local community centers, libraries, and other publicly accessible locations.

This information will be provided upon the Charter School's emergency closure and updated every day.

INSTRUCTION AND ASSESSMENT

Independent Study Agreements

All students will be asked to sign an independent study agreement during the enrollment/re-enrollment period every year to ensure agreements are in place prior to an emergency or natural disaster that limits or prevents access to the school site.

Course Content

The Charter School shall provide content aligned to grade level standards that is substantially equivalent to in-person instruction. For high school grade levels this shall include access to all courses offered by the Charter School for graduation and approved by the UC or CSU as creditable under the A-G admissions criteria.

Assessments

Teachers will use the following assessment tools to check for student understanding: Teacher-created tests and assessments, Progress/Report Cards, Chapter/Unit Tests, Work Samples, Portfolios, State Standards testing, journals, presentations, quizzes, labs, interim assessments, and final examinations.

The Charter School will use multiple assessment tools to determine each student's areas of progress and growth including: reading difficulty screener (K-2), NWEA Measures of Academic Progress testing, and IXL.

Each student and their parent/guardian will receive confidential results of the above assessments through Google Classroom or Infinite Campus.

Academic Support

Students demonstrating the needs for additional support will be contacted by the school site's Academic Lead, to discuss remedial measures or to convene a Student Support Team ("SST"), Section 504, or Individualized Education Program ("IEP") Team meeting to review additional accommodations, services of support.

Teachers will maintain virtual office hours to provide students or a parent/guardian the opportunity to clarify assignments, request additional academic support, or address other areas of concern. Each teacher's office hours will be posted within their virtual classroom.

EQUITABLE ACCESS

The Charter School shall utilize its multi-tiered systems of support ("MTSS") to address the needs of pupils who are not performing at grade level, or who need support in other areas, such as English Learners, pupils in foster care or pupils who are experiencing homelessness, and/or pupils requiring mental health support. The Charter School complies with the Individuals with Disabilities Education Act ("IDEA") and is committed to meeting the needs of individuals with exceptional needs in order to be consistent with the pupil's individualized education program ("IEP"). Policies, procedures, and guidelines are in place to ensure that pupils are identified, assessed, and provided a free appropriate public education in the least restrictive environment. The school complies with Section 504 of the
federal Rehabilitation act of 1973 (29 U.S.C. Sec. 794) and is committed to providing equivalent access to and providing a free appropriate public education to all students with disabilities.

Students with Disabilities

The Charter School shall provide and maintain all accommodations and services in accordance with the emergency alternative plan outlined within each student's IEP and Section 504 Plan.

The Academic Lead or Special Education Coordinator will oversee the implementation of each student's IEP within the remote learning environment. All inquiries related to a student's IEP should be directed to the Director of Special Education at (213) 628-3634.

The Academic Lead will oversee the implementation of each student's Section 504 Plan within the remote learning environment. All inquiries related to a student's Section 504 Plan should be directed to the Director of Special Education at (213) 628-3634.

English Learners

All students who are English Learners ("EL") will receive English Language Development ("ELD") support while enrolled in remote learning. Each teacher will be responsive to each EL students' different strengths, needs and identities, and support the socio-emotional health and development of English learners through structured lessons that explicitly target language development skills in reading, writing, listening, and speaking, interactive activities, scaffolding, visual aids, and differentiated instruction to meet each student's unique needs.

The Academic Lead or EL Coordinator will oversee the implementation of designated and integrated ELD within the remote learning environment. All inquiries related to an EL should be directed to the Director of EL and ELA Programs at (213) 628-3634.

Homeless and Foster Students

A student in foster care or a student who is experiencing homelessness will be provided additional support through the Charter School's MTSS and may contact the Homeless Student Liaison or the Foster Student Liaison at (213) 628-3634 for additional support.

The National Center for Homeless Education's Helpline is also staffed Monday-Friday, 9:00 AM to 5:30 PM Eastern Time. Email: NCHE.helpline@safalpartners.com or phone: +1 305-306-8495.

Mental Health Needs

MPS recognizes that when an emergency or natural disaster occurs it can cause unidentified and unaddressed mental health challenges. Access to mental health services is not only critical to improving the physical and emotional safety of students and employees, but it also helps address barriers to learning and provides support so that all students can learn problem-solving skills and achieve in school and, ultimately, in life. The following resources are available to your child during an emergency:

Available through the Charter School: Students and families will continue to have access to counseling services to support their mental health and emotional well-being. School psychologists and counselors will be available through virtual platforms, phone calls, and email to provide counseling check-ins, crisis intervention, and resources tailored to individual needs. These services aim to ensure continuity of care and help families navigate any challenges they may face during this period.

Available in the Community:

- CareSolace is available to quickly connect the school community to available mental health providers, substance use treatment, and social services matched to their needs. CareSolace can be reached at:
  - Call 888-515-0595. Multilingual support is available 24/7/365
  - Visit www.caresolace.com/mpsfamilies and either search on your own OR click "Book Appointment" for assistance by video chat, email, or phone

Available Nationally:

- National Suicide Prevention Hotline - This organization provides confidential support for adults and youth in distress, including prevention and crisis resources. Available 24 hours at 988 or 1-800-273-8255.
- The Trevor Project - This organization provides suicide prevention and crisis intervention for LGBTQ youth between the ages of 13 and 24. **Available at 1-866-488-7386 or visit** https://www.thetrevorproject.org/**.**
- Big Brothers/Big Sisters of America – This organization is a community- based mentorship program. Community-specific program information can be found online at https://www.bbbs.org or by calling (813) 720-8778.

ADDITIONAL SUPPORT SERVICES

Meals

If meal service is disrupted at the school Magnolia Public Schools will work with our food service providers, following the National School Lunch program distribution meal program guidelines, so that all students are appropriately serviced. This includes but is not limited to curbside pick-up, delivery, or frozen multiple meal packages. Meal service times will be communicated with families via ParentSquare.

Expanded Learning Program

If the expanded learning program is interrupted, the Charter School will provide expanded learning opportunities, virtually. Virtual expanded learning opportunities will include an academic enrichment (homework help, tutoring, etc.) component and an educational enrichment (E-Sports, virtual field trips, STEAM clubs, etc.) component. If the Charter School's expanded learning program is sub-contracted to a third-party vendor, the Charter School will collaborate with the third party vendor to ensure the proper implementation of expanded learning programming that includes an academic enrichment component and educational enrichment component.

PROFESSIONAL LEARNING

Within a ten (10) day window of moving into remote learning, MPS will provide teachers with training on the tools, platforms, and strategies to be adept at online or paper packet lesson plan development, assessing students, and supporting diverse learners during remote learning. The Charter School will also provide professional development on virtual classroom management.

RETURN TO IN-PERSON LEARNING

The conditions to be met prior to returning to in-person learning may include, but are not limited to the following:

- Evacuation orders lifted
- Power and utilities functioning
- Healthy air quality
- Access to safe and clean water
- Campus free from debris and hazards
- Internet fiber lines connected and functioning
- Staff to cover those affected by the fires
- Kitchens up and running for meals

Multi-Tiered System of Response to Behavior

MPS maintains as a priority reinforcing positive behavior through intervention supports. Should students continue to make poor choices the administration team and school staff will create a plan with the parent/guardian to decrease unwanted behaviors and reinforce desired behaviors. Students and guardians have access to the school SIS as a means of staying informed on student progress. The student, family, and school connection is part of the Positive Behavioral Interventions & Supports (PBIS) model for our learning community and it takes collaboration with all educational partners.

All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words, MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption to the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the rights of students to lawful student expression, as outlined in the “MPS Student Freedom of Speech/Expression Policy” available in the office of each MPS school.

The following charts and tables delineate unacceptable types of behavior in three levels and possible interventions as part of MPS’ system of response to behavior.

Suspension and Expulsion Policy and Procedures

"The procedures by which pupils can be suspended or expelled." (Ed. Code § 47605(b)(5)(J).)

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and well-being of all students at Magnolia Public Schools ("MPS" or "Charter School"). In creating this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describes the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions, and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to an annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this policy and its procedures are available upon request at the Principal's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform the student, the student's parent/guardian, or educational rights holder of the basis for which the student is being involuntarily removed and the student's parent, guardian, or educational rights holder's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons

including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, reflection during and after school hours, use of alternative educational environments, suspension and expulsion.

Positive Behavioral Interventions & Supports (PBIS)

Positive Consequences:

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem-solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues in the school information system but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

Alternatives to Suspension and/or Expulsion

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and the progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Dean /Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

Reflection

Reflection will be held on the assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls, emails, or notes will be accepted for this request.

In School Suspension

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area, not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. The student is expected to complete their classroom assignments and school community service during ISS.

Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; or d) during, going to, or coming from a school-sponsored activity.

Enumerated Offenses

Discretionary Suspension Offenses: Students may be suspended when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

l) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

m) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

n) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

o) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

p) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is

officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

q) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

r) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

u) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
    i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
    ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.
    iii. Causing a reasonable student to experience substantial interference with their academic performance.
    iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
    i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:
(a) Posting to or creating a burn page. A “burn page” means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. “Credible impersonation” means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
(d) An act of cyber sexual bullying.
(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

v) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

w) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

Discretionary Expellable Offenses: Students may be recommended for expulsion when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

    1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

        i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

        ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.

        iii. Causing a reasonable student to experience substantial interference with their academic performance.

        iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

    2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

        i. A message, text, sound, video, or image.

        ii. A post on a social network Internet Web site including, but not limited to:

            (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

            (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Expellable Offenses: Students must be recommended for expulsion when it is determined pursuant to the procedures below that the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4..

If it is determined by the Administrative Panel that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

- The term “knife” means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.
- The term “firearm” means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.
- The term “destructive device” means any explosive, incendiary, or poison gas, including but not limited to: (A) bomb; (B) grenade; (C) rocket having a propellant charge of more than four ounces; (D) missile having an explosive or incendiary charge of more than one-quarter ounce; (E) mine; or (F) device similar to any of the devices described in the preceding clauses.

Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. **Conference**

   Suspension shall be preceded, if possible, by a conference conducted by the Principal or designee with the student and the student’s parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal or designee.

   The conference may be omitted if the Principal or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

   At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student’s parent/guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student’s parent/guardian at the conference.

2. **Notice to Parents/Guardians**

   At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. In addition, the notice may also state the time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. **Suspension Time Limits/Recommendation for Expulsion**

   Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Principal or designee, the student and the student’s parent/guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student’s parent/guardian, unless the student and the student’s parent/guardian fail to attend the conference.

This determination will be made by the Principal or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. **Homework Assignments During Suspension**

   In accordance with Education Code Section 48913.5, upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

   In accordance with Education Code Section 48913.5(b), if a homework assignment that is requested pursuant to Section 48913.5(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

5. **Suspension Appeals**

   Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made in writing to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will comprise of at least one school administrator (serves as procedural advisor), and at least two teachers, and may also include a non-certificated employee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final and will be delivered to the parent/guardian in a written response. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

   - Uphold the suspension
   - Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record or shared with anyone not directly involved in the proceedings.

Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled by a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the Student nor a member of the Charter School Board of Directors. The Administrative Panel shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.

It is preferable for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. The Administrative Panel may expel any student found to have committed an expellable offense.

Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the

Principal or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of MPS' disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Special Procedures for Expulsion Hearing Involving Sexual Assault or Battery Offenses

MPS may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) calendar days notice of their scheduled testimony; (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent/guardian or legal counsel; and (c) elect to have the hearing closed while testifying.
2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness

to the witness stand.

7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to their previous educational program.

The Administrative Panel may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Administrative Panel. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Administrative Panel may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Administrative Panel revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Administrative Panel shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Administrative Panel shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

Written Notice to Expel

The Principal or designee, following a decision of the Administrative Panel to expel, shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student and student's parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures

The Principal or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

Disciplinary Records

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the authorizer upon request.

Expulsion Appeals

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within fifteen (15) working days of receipt of a timely written request for an appeal. *(This timeline supersedes the timeline statement in the charter petition if different.)*

At the hearing on the appeal, the student shall have the right to present evidence. The Board will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and MPS. That decision shall be final.

Interim Placement

MPS shall be responsible for the appropriate interim placement of students during and pending the completion of the MPS's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

MPS shall work with the District for an interim placement or other alternative programs. Should MPS determine after the referral that the student will remain at MPS pending the expulsion hearing based on the best interest of

the student, or if MPS secures another alternative interim placement at another charter school or school within its CMO, if appropriate and aligned with applicable charter petitions, MPS will notify the District of such determination.

Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to the Charter School for readmission.

Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board of Directors following a meeting with the Principal or designee and the student and student's parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Principal or designee shall make a recommendation to the Board of Directors following the meeting regarding the Principal's or designee's determination. The Board shall then make a final decision regarding the readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Involuntary Removal for Truancy

As charter schools are schools of choice and as a charter school student who fails to attend school is potentially depriving another student of their opportunity to enroll, a student may be involuntarily removed as described within the Charter School's Board adopted Attendance Policy for truancy and only after the Charter School follows the requirements of the Attendance Policy and only in accordance with the policy described above which requires notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal. Students who are involuntarily removed for truancy will be given a rehabilitation plan and will be subject to the readmission procedures set forth herein.

Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. **Notification of SELPA/District**
   The Charter School shall immediately notify the SELPA/District and coordinate the procedures in this policy with the SELPA/ District of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. **Services During Suspension**
   Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as

appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
c. Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent/guardian and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to

others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.
c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Students with an IEP

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, according to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See above: Suspension and Expulsion Procedures for more information.

Procedures for Notifying Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

This notification will be provided on our school letterhead:

Title IX Policy Prohibiting Discrimination on the Basis of Sex

This Title IX Policy Prohibiting Discrimination on the Basis of Sex ("Policy") contains the policies and grievance procedures of Magnolia Public Schools ("MPS") to address sex discrimination, including but not limited to sexual harassment, occurring within MPS's education program or activity.

MPS does not discriminate on the basis of sex and prohibits any acts of sex discrimination in any education program or activity that it operates, as required by California law, Title IX (20 U.S.C. § 1681 et seq.) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.

This Policy applies to conduct occurring in MPS's education programs or activities including but not limited to incidents occurring on the school campus, during school-sponsored events and activities regardless of the location, and through school-owned technology, whether perpetrated by a student, parent/guardian, employee, volunteer, independent contractor or other person with whom MPS does business.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 (hereinafter collectively referred to as "Title IX") may be referred to the MPS Title IX Coordinator, the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

Definitions

Prohibited Sex Discrimination

Title IX and California law prohibit discrimination on the basis of sex, including sex-based harassment and differences in the treatment of similarly situated individuals on the basis of sex with regard to any aspect of services, benefits, or opportunities provided by MPS.

Prohibited Sexual Harassment

Under Title IX, "sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

- An employee of MPS conditioning the provision of an aid, benefit, or service of MPS on an individual's participation in unwelcome sexual conduct;
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to MPS's education program or activity; or

- "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

Under California Education Code section 212.5, sexual harassment consists of conduct on the basis of sex, including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through MPS.

Examples of conduct that may fall within the Title IX or the Education Code definition of sexual harassment, or both:

- Physical assaults of a sexual or sex-based nature, such as:

  o Rape, sexual battery, molestation or attempts to commit these assaults.

  o Intentional physical conduct that is sex-based or sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, poking another's body, violence, intentionally blocking normal movement or interfering with work or school because of sex.

- Unwanted sexual advances or propositions, derogatory sex-based comments, or other sex-based conduct, such as:

  o Sexually oriented or sex-based gestures, notices, epithets, slurs, remarks, jokes, or comments about a person's sexuality or sexual experience.

  o Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.

  o Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.

  o Retaliation against an individual who has articulated a good faith concern about sex-based harassment.

- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:

  o Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or

bringing or possessing any such material to read, display or view in the work or educational environment.

o Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.

o Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

Formal Complaint of Sexual Harassment means a written document filed and signed by a complainant who is participating in or attempting to participate in MPS's education program or activity or signed by the Coordinator alleging sexual harassment against a respondent and requesting that MPS investigate the allegation of sexual harassment. At the time of filing a formal complaint of sexual harassment, the complainant must be participating in or attempting to participate in MPS's education program or activity.

Party means a complainant or respondent.

Respondent means a person who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Supportive Measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to a party before or after the filing of a formal complaint of sexual harassment or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to MPS's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or MPS's educational environment, or deter sexual harassment.

Title IX Coordinator

The Board of Directors of MPS ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

Meagan Wittek

Director of Student Services

250 E 1st Street, Suite 1500

Los Angeles, CA, 90012

Office: (213) 628-3634 | Fax: (714) 362-9588

mwittek@magnoliapublicschools.org

In the event the above-named individual becomes unavailable or unable to serve as the Coordinator, the Board has designated the following employee to serve as a temporary or interim Coordinator:

Gokhan Serce

Chief Academic Officer

250 E 1st Street, Suite 1500, Los Angeles, CA, 90012 Office: (213) 628-3634 | Fax: (714) 362-9588

gserce@magnoliapublicschools.org

The Coordinator is responsible for coordinating MPS's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination, formal complaints of sexual harassment, and inquiries about the application of Title IX to MPS, coordinating the effective implementation of supportive measures, and taking other actions as required by this Policy. The Coordinator or designee may serve as the investigator for formal complaints of sexual harassment.

Reporting Sex Discrimination

All employees must promptly notify the Coordinator when the employee has knowledge of or notice of allegations of sex discrimination or sexual harassment occurring within MPS's education program or activity.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. MPS will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Privacy

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with

the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual.

Response to Sexual Harassment

MPS will respond promptly and in a manner that is not deliberately indifferent when it has actual knowledge, as defined in 34 C.F.R. § 106.30(a), of sexual harassment occurring in its education program or activity against a person in the United States.

MPS's response will treat complainants and respondents equitably by offering supportive measures to a complainant, and by following the grievance procedures for formal complaints of sexual harassment that are listed below before imposing any disciplinary sanctions or other actions that are not supportive measures on a respondent for sexual harassment under Title IX.

Supportive Measures

Once notified of sexual harassment or allegations of sexual harassment occurring in MPS's education program or activity against a person in the United States, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint of sexual harassment.

Supportive measures may include but are not limited to: counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; mutual restrictions on contact between the parties; changes in work or on-campus housing locations; leaves of absence; increased security and monitoring of certain areas of the campus; and other similar measures.

Supportive measures will not unreasonably burden either party or be imposed for punitive or disciplinary reasons. MPS will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair MPS's ability to provide the supportive measures. The Coordinator is responsible for coordinating the effective implementation of supportive measures.

Grievance Procedures

Scope and General Requirements

MPS has adopted and published grievance procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited under Title IX and a grievance process that complies with 34 C.F.R. § 106.45 for formal complaints of sexual harassment.

Complaints of misconduct prohibited by this Policy that do not constitute a formal complaint of sexual harassment will be addressed in accordance with MPS's Uniform Complaint Procedures, its employment discrimination complaint procedures, or the grievance procedures set forth in its Harassment, Intimidation, Discrimination, and Bullying Policy, as applicable. The following grievance procedures will apply to formal complaints of sexual harassment.

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

MPS requires that any Title IX Coordinator, investigator, decisionmaker, and any person designated by MPS to facilitate an informal resolution process not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

MPS will treat complainants and respondents equitably. MPS presumes that the respondent is not responsible for the alleged sexual harassment until a determination is made at the conclusion of its grievance procedures.

MPS may consolidate formal complaints of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, where the allegations of sexual harassment arise out of the same facts or circumstances.

MPS allows for the temporary delay of the grievance process or limited extension of timeframes on a case-by-case basis for good cause. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If the grievance process is temporarily delayed or a timeframe is temporarily extended by MPS, the Coordinator or designee will notify the parties of the reason for the delay or extension in writing.

MPS will objectively evaluate all evidence that is relevant and not otherwise impermissible, including both inculpatory and exculpatory evidence. Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

Dismissal

MPS must dismiss a formal complaint of sexual harassment for purposes of sexual harassment under Title IX if the conduct alleged:

- Would not constitute sexual harassment under Title IX even if proved;
- Did not occur in MPS's education program or activity; or
- Did not occur against a person in the United States.

MPS may dismiss a formal complaint of sexual harassment or any of the allegations therein if:

- The respondent is no longer enrolled or employed by MPS;
- A complainant notifies the Coordinator in writing that the complainant would like to withdraw the complaint or any allegations therein; or
- Specific circumstances prevent MPS from gathering sufficient evidence to reach a determination as to the complaint or allegations therein.

Upon dismissal, the Coordinator or designee will promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties. Dismissal under Title IX does not preclude action under another applicable MPS policy.

Notice of the Allegations

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will provide written notice of the allegations to the parties whose identities are known. The notice will include:

- MPS's grievance procedures and any informal resolution process;
- The allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details includes the identities of the parties involved in the incident(s), if known, the conduct allegedly constituting sexual harassment under Title IX, and the date(s) and location(s) of the alleged incident(s), if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and a determination regarding responsibility is made at the conclusion of the grievance process;
- A statement that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence; and
- A statement that MPS prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

Emergency Removal

MPS may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with MPS's policies.

MPS may remove a respondent from MPS's education program or activity on an emergency basis, in accordance with MPS's policies, provided that MPS undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any person arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Informal Resolution

At any time after a formal complaint of sexual harassment is filed and prior to determining whether sexual harassment occurred under MPS's Title IX grievance procedures, MPS may offer an informal resolution process to the parties. MPS will not offer or facilitate informal resolution to resolve allegations that an employee sexually harassed a student, or when such a process would conflict with Federal, State, or local law. Parties will not be required or pressured to agree to participate in the informal resolution process.

Before initiation of the informal resolution process, MPS will obtain the parties' voluntary, written consent to participate in the informal resolution and provide the parties with a written notice that explains:

- The allegations;
- The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint of sexual harassment arising from the same allegations;
- The right to withdraw and initiate or resume the grievance procedures at any time prior to agreeing to a resolution; and
- Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Investigation

In most cases, a thorough investigation will take no more than thirty (30) business days. MPS has the burden to conduct an investigation that gathers sufficient evidence to determine whether sexual harassment occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed, considered, or disclosed), regardless of whether they are relevant:

- A party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless MPS obtains that party's voluntary, written consent to do so for these grievance procedures; and

- Evidence about the complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview. The parties will not be prohibited from discussing the allegations under investigation or from gathering and presenting relevant evidence. A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.

Before the investigator completes the investigative report, MPS will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator to consider prior to completing the investigation report.

The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.

Determination of Responsibility

Before making a determination of responsibility, the decisionmaker must afford each party the opportunity to submit written, relevant questions that a party wants to ask of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decisionmaker must explain to the party proposing the questions any decision to exclude a question as not relevant.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within fifteen (15) business days after MPS sends the investigation report to the parties, the decisionmaker, who will not be the same person as the Coordinator or investigator, will simultaneously send the parties a written determination of whether sexual harassment occurred. The written determination will include:

- The allegations of sexual harassment;
- A description of the procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;

- The findings of facts supporting the determination;
- The conclusions regarding the application of MPS's code of conduct to the facts;
- The decision and rationale for each allegation;
- Any recommended disciplinary sanctions for the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
- The procedures and permissible bases for appeals.

The determination regarding responsibility becomes final either on the date that MPS provides the parties with the written appeal decision, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Appeals

Either party may, within five (5) business days of their receipt of MPS's written determination of responsibility or dismissal of a formal complaint of sexual harassment, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal.

The complainant and respondent may only appeal from a determination regarding responsibility or MPS's dismissal of a formal complaint of sexual harassment or any allegations therein, on one or more of the following bases:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; or
- The Coordinator, investigator(s), or decisionmaker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The decisionmaker for the appeal will not be the same person as the Coordinator, the investigator or the initial decisionmaker.

The decisionmaker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of notice of the appeal; and 4) within fifteen (15) business days of the appeal, provide a written decision simultaneously to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process, may be subject to disciplinary action up

to and including expulsion from MPS or termination of employment. If there is a determination that sexual harassment occurred, the Coordinator is responsible for effective implementation of any remedies ordered by MPS.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All Title IX Coordinators, investigators, decisionmakers, and any person who facilitates a Title IX informal resolution process will receive Title IX training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

MPS will maintain the following records for at least seven (7) years:

- Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent; and any remedies provided to the complainant;
- Records of any appeal of a formal complaint or sexual harassment and the results of that appeal;
- Records of any informal resolution of a formal complaint or sexual harassment and the results of that informal resolution;
- All materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process; and
- Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

Harassment, Intimidation, Discrimination, and Bullying Policy

Discrimination, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") prohibits any acts of discrimination, harassment, intimidation, and bullying altogether.

As used in this policy, discrimination, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locs, and twists), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, MPS will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. MPS school staff who witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

This policy applies to incidents occurring on the school campus, at school-sponsored events and activities regardless of the location, through school-owned technology, and through other electronic means, whether perpetrated by a student, employee, parent/guardian, volunteer, independent contractor or other person with whom MPS does business, and all acts of MPS's Board of Directors ("Board") in enacting policies and procedures that govern MPS.[1]

MPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

Definitions

Harassment means conduct based upon one or more of the protected characteristics listed above that is severe or pervasive, which unreasonably disrupts an individual's educational or work environment or that creates a hostile educational or work environment. Harassment includes, but is not limited to:

[1] This policy becomes effective on August 1, 2024. Conduct occurring before August 1, 2024 will be addressed in accordance with the former version of this policy, which was entitled "Title IX, Harassment, Intimidation, Discrimination and Bullying Policy."

- Verbal conduct such as epithets, derogatory jokes, comments or slurs.
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work or school based on any of the protected characteristics listed above.
- Retaliation for reporting or threatening to report harassment.
- Deferential or preferential treatment based on any of the protected characteristics listed above.

Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student or group of students that may constitute hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing a reasonable student [2] or students in fear of harm to that student's or those students' person or property.
- Causing a reasonable student to experience a substantially detrimental effect on the student's physical or mental health.
- Causing a reasonable student to experience a substantial interference with the student's academic performance.
- Causing a reasonable student to experience a substantial interference with the student's ability to participate in or benefit from the services, activities, or privileges provided by MPS.

Cyberbullying is an electronic act that includes the transmission of harassing communication, direct threats, or other harmful texts, sounds, video or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Electronic act means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- A message, text, sound, video, or image.
- A post on a social network Internet Web site including, but not limited to:
    - Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in the definition of "bullying," above.
    - Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in the definition of "bullying," above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
    - Creating a false profile for the purpose of having one or more of the effects listed in the definition of "bullying," above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
- An act of "Cyber sexual bullying" including, but not limited to:
    - The dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects

[2] "Reasonable student" is defined as a student, including, but not limited to, a student with exceptional needs, who exercises average care, skill and judgment in conduct for a person of the student's age, or for a person of the student's age with the student's exceptional needs.

described in definition of "bullying," above. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

- "Cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

- Notwithstanding the definitions of "bullying" and "electronic act" above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

Bullying and Cyberbullying Prevention Procedures

MPS has adopted the following procedures for preventing acts of bullying, including cyberbullying.

Cyberbullying Prevention Procedures

MPS advises students:

- To never share passwords, personal data, or private photos online.
- To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- To consider how it would feel receiving such comments before making comments about others online.

MPS informs its employees, students, and parents/guardians of MPS's policies regarding the use of technology in and out of the classroom. MPS encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

Education

MPS employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. MPS advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at MPS and encourages students to practice compassion and respect each other.

MPS educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

MPS's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

MPS informs MPS employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

Professional Development

MPS annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other MPS employees who have regular interaction with students.

MPS informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

MPS also informs certificated employees about the groups of students determined by MPS and available research to be at elevated risk for bullying and provides its certificated employees with information on existing school and community resources related to the support of these groups. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

MPS encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for MPS's students.

Complaint Procedures

Scope of the Complaint Procedures

MPS will comply with its Uniform Complaint Procedures ("UCP") policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person's association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- Are written and signed;
- Filed by an individual who alleges that they have personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying based on a protected characteristic, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- Submitted to the MPS UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

MPS will comply with its Title IX Policy when investigating and responding to complaints alleging sex discrimination, including sex-based harassment, in its education program or activity, as applicable.

The following procedures shall be utilized for complaints of misconduct prohibited by this Policy that do not fall within the scope of MPS's Title IX Policy or comply with the writing, timeline, or other formal filing requirements of the UCP. A copy of MPS's Title IX Policy and UCP is available in the main office and on MPS websites.

Submitting a Report or Complaint

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this Policy for reporting alleged acts of misconduct prohibited by this Policy.

Reports and complaints of misconduct prohibited by this Policy shall be submitted to the Principal (or the Chief Executive Officer and Superintendent if the complaint is against the Principal) as soon as possible after the incidents giving rise to the report or complaint.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, and MPS will investigate and respond to all oral and written reports of misconduct prohibited by this Policy, the reporting party is encouraged to submit a written report. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy and other verbal or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter and/or complainant confidential, as appropriate, except to the extent necessary to comply with applicable law, carry out the investigation and/or to resolve the issue, as determined by MPS on a case-by-case basis.

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments

of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy.

Investigation and Response

Upon receipt of a report or complaint of misconduct prohibited by this Policy, the Principal or designee will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days.

At the conclusion of the investigation, the Principal or designee will, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation and resolution of the incident/situation. However, the Principal or designee will not reveal confidential information related to other students or employees.

If the complaint is against the Principal, the Chief Executive Officer and Superintendent or designee will conduct a fact-finding investigation and provide the complainant with information about the investigation and resolution of the incident/situation.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from MPS or termination of employment.

Right of Appeal

Should a complainant find MPS's resolution unsatisfactory, for complaints within the scope of this Policy, the complainant may, within five (5) business days of notice of MPS's decision or resolution, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal will notify the complainant of the final decision.

Uniform Complaint Policy and Procedures

Uniform Complaint Procedures (UCP) Policies and Procedures

Magnolia Public Schools ("MPS" or "Charter School") complies with applicable federal and state laws and regulations. MPS is the local agency primarily responsible for compliance with federal and state laws and regulations governing educational programs. Pursuant to this policy, persons responsible for compliance and/or conducting investigations shall be knowledgeable about the laws and programs, which they are assigned to investigate.

Scope

This complaint procedure is adopted to provide a uniform system of complaint processing ("UCP") for the following types of complaints:

1. Complaints alleging unlawful discrimination, harassment, intimidation or bullying against any protected group on the basis of the actual or perceived characteristics of age, ancestry, color, mental disability, physical disability, ethnic group identification, immigration status, citizenship, gender expression, gender identity, gender, genetic information, nationality, national origin, race or ethnicity, religion, medical condition, marital status, sex, or sexual orientation, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any MPS program or activity.
2. Complaints alleging a violation of state or federal law or regulation governing the following programs:
    - Accommodations for Pregnant and Parenting Pupils;
    - Adult Education;
    - After School Education and Safety;
    - Career Technical Education;
    - Career Technical and Technical Training;
    - Child Care and Development;
    - Compensatory Education;
    - Consolidated Application;
    - Course Periods without Educational Content;
    - Education of Pupils in Foster Care, Pupils who Are Homeless, Migratory Pupils, former Juvenile Court Pupils now Enrolled in a public school and Children of Military Families;
    - Every Student Succeeds Act;
    - Local Control & Accountability Plans (LCAP)/LCFF;
    - Migrant Education;
    - Physical Education Instructional Minutes;
    - Pupil Fees;
    - Reasonable Accommodations to a Lactating Pupil;
    - Regional Occupational Centers and Programs;
    - School Plans for School Achievement;
    - School Safety Plans;
    - Schoolsite Councils.
3. Complaints alleging that a student enrolled in a public school was required to pay a pupil fee for participation in an educational activity as those terms are defined below.
    a. "Educational activity" means an activity offered by the charter school that constitutes an integral fundamental part of elementary and secondary education, including, but not limited to, curricular and extracurricular activities.

b. "Pupil fee" means a fee, deposit or other charge imposed on students, or a student's parents/guardians, in violation of Education Code section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees or request special waivers, as provided for in *Hartzell v. Connell* (1984) 35 Cal.3d 899. A pupil fee includes, but is not limited to, all of the following:

    i. A fee charged to a student as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory or is for credit.

    ii. A security deposit, or other payment, that a student is required to make to obtain a lock, locker, book, class apparatus, musical instrument, uniform or other materials or equipment.

    iii. A purchase that a student is required to make to obtain materials, supplies, equipment or uniforms associated with an educational activity.

c. A pupil fees complaint and complaints regarding local control and accountability plans ("LCAP") only, may be filed anonymously (without an identifying signature), if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with Education Code sections 52060 - 52077, including an allegation of a violation of Education Code sections 47606.5 or 47607.3, as referenced in Education Code section 52075, regarding local control and accountability plans.

d. If MPS finds merit in a pupil fees complaint, or the California Department of Education ("CDE") finds merit in an appeal, MPS shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by MPS to ensure full reimbursement to all affected students and parents/guardians, subject to procedures established through regulations adopted by the state board.

e. Nothing in this Policy shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or MPS and other entities from providing student prizes or other recognition for voluntarily participating in fundraising activities.

Complaints alleging noncompliance with the requirements governing the Local Control Funding Formula ("LCFF") or LCAP under Education Code sections 47606.5 and 47607.3, as applicable. If MPS adopts a School Plan for Student Achievement in addition to its LCAP, complaints of noncompliance with the requirements of the School Plan for Student Achievement under Education Code sections 64000, 64001, 65000, and 65001 shall also fall under this Policy.

Complaints alleging noncompliance regarding child nutrition programs established pursuant to Education Code sections 49490-49590 are governed by Title 7, Code of Federal Regulations ("C.F.R.") sections 210.19(a)(4), 215.1(a), 220.13(c), 225.11(b), 226.6(n), and 250.15(d) and Title 5, California Code of Regulations ("C.C.R.") sections 15580 - 15584.

Complaints alleging noncompliance regarding special education programs established pursuant to Education Code sections 56000-56865 and 59000-59300 are governed by the procedures set forth in 5 C.C.R. sections 3200-3205 and 34 C.F.R. sections 300.151-300.153.MPS acknowledges and respects every individual's rights to privacy. Unlawful discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects (to the greatest extent reasonably possible and as permitted by law) confidentiality of the parties, including but not limited to the identity of the complainant, and maintains the integrity of the process. MPS cannot guarantee anonymity of the complainant. This includes keeping the identity of the complainant confidential. However, MPS will attempt to do so as appropriate. MPS may find it necessary to disclose information regarding the complaint/complainant to the extent required by law or necessary to carry out the investigation or

proceedings, as determined by the CEO, MPS campus Principal, or designee on a case-by-case basis. MPS shall ensure that complainants are protected from retaliation.

Compliance Officer

The Board of Directors designates the following compliance officer(s) to receive and investigate complaints and to ensure MPS' compliance with law:

CEO and Superintendent
Magnolia Public Schools
250 E. 1st St STE 1500
Los Angeles, CA 90012

Upon receipt of a complaint, the CEO will appropriately assign to the Principal of the MPS campus attended by the complainant. That Principal and/or designee shall investigate the complaint, with oversight by the CEO.

The CEO or designee shall ensure that the compliance officer(s) designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. The compliance officer may have access to legal counsel as determined by the CEO or designee.

Should a complaint be filed against the CEO, the compliance officer for that case shall be the President of the MPS Board of Directors.

Notifications

The CEO or designee shall make available copies of this Policy free of charge. The annual notice of this Policy will be made available on MPS' website.

MPS shall annually provide written notification of MPS' UCP to employees, students, parents/guardians, advisory committees, private school officials or representatives, and other interested parties as applicable.

The annual notice shall be in English. When necessary under Education Code section 48985, if fifteen (15) percent or more of the students enrolled in MPS speak a single primary language other than English, this annual notice will also be provided to the parent/guardian of any such students in their primary language.

The annual notice shall include the following:

1. A list of the types of complaints that fall under the scope of the UCP and the state and federal provisions that govern complaints regarding child nutrition programs and special education programs.
2. A statement clearly identifying any California State preschool programs that MPS is operating as exempt from licensing pursuant to Health and Safety Code section 1596.792(o) and corresponding Title 5 health and safety regulations, and any California State preschool programs that MPS is operating pursuant to Title 22 licensing requirements.
3. A statement that MPS is primarily responsible for compliance with federal and state laws and regulations.
4. A statement that a student enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.
5. A statement identifying the title of the compliance officer, and the identity(ies) of the person(s) currently occupying that position, if known.
6. A statement that if a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.
7. A statement that the complainant has a right to appeal MPS' decision to the CDE by filing a written appeal within thirty (30) calendar days of the date of MPS' decision, except if MPS has used its UCP to address a complaint that is not subject to the UCP requirements.
8. A statement that a complainant who appeals MPS' decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended

by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.

9. A statement that if MPS finds merit in a UCP complaint, or the CDE finds merit in an appeal, MPS shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.
10. A statement advising the complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to Education Code section 262.3.
11. A statement that copies of MPS' UCP shall be available free of charge.

Procedures

The following procedures shall be used to address all complaints which allege that MPS has violated federal or state laws or regulations enumerated in the section "Scope," above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, including a person's duly authorized representative or an interested third party, public agency, or organization may file a written complaint of alleged noncompliance or unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy.

A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the CEO, Principal, or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the CEO, Principal, or designee shall be made in writing. The period for filing may be extended by the CEO, Principal, or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The CEO, Principal, or designee shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the MPS Board of Directors approved the LCAP or the annual update was adopted by MPS.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, MPS staff shall assist the complainant in the filing of the complaint.

Step 2: Mediation

Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process. Before initiating the mediation of an unlawful discrimination, harassment,

intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information. If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint. The use of mediation shall not extend MPS' timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

Step 3: Investigation of Complaint
The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or a complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

MPS' refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

Step 4: Final Written Decision
MPS shall issue an investigation report (the "Decision") based on the evidence. MPS' Decision shall be in writing and sent to the complainant within sixty (60) calendar days of MPS' receipt unless the timeframe is extended with the written agreement of the complainant. MPS' Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion providing a clear determination for each allegation as to whether MPS is in compliance with the relevant law.
3. Corrective actions, if MPS finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal MPS' Decision within thirty (30) calendar days to the CDE, except when MPS has used its UCP to address a complaints that are not subject to the UCP requirements.
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of MPS' expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

Appeals to the CDE

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) calendar days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with MPS and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. MPS failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, MPS's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in MPS' Decision are not supported by substantial evidence.
4. The legal conclusion in MPS' Decision is inconsistent with the law.
5. In a case in which MPS' Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE that the complainant has appealed the Decision, the Principal or designee, under oversight by the CEO, shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.
4. A report of any action taken to resolve the complaint.
5. A copy of MPS' complaint procedures.
6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to MPS for resolution as a new complaint. If the CDE notifies MPS that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, MPS will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decision remains in effect and enforceable, unless stayed by a court. The CDE may directly intervene in the complaint without waiting for action by MPS when one of the conditions listed in 5 C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, MPS has not taken action within sixty (60) calendar days of the date the complaint was filed with MPS.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of MPS' complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if MPS has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

General Complaint Procedures

The ultimate purpose of this general complaint procedure is to encourage the growth and development of MPS as a healthy community. Conflict is often a part of any development or growth process and may arise in any community. An effective process for resolving conflict is therefore both consistent with the vision and mission of MPS, and an essential component of the communication model that our School has adopted.

MPS recognizes that effective communication is paramount in effective conflict resolution and therefore strongly encourages communication strategies that include: Taking personal responsibility for one's own feelings and needs; communication that mutually acknowledges the needs and concerns of one another; and demonstrating honesty and integrity in every interaction.

LEVEL 1: Direct Resolution

If reasonably possible, general complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the person directly using conflict resolution skills without the intervention of a supervisor or other School administrator. It is the hope of MPS that most disputes can be resolved informally by direct and healthy communication between individuals. Such attempts at informal resolution should be documented in writing to assist the Principal (or CEO & Superintendent) and/or Board of Directors to participate effectively in the conflict's resolution.

Examples:

- Pedagogical issues pertaining to anything that occurs in the classroom, i.e., teaching, curriculum, classroom management, or teacher-student relationships, should be addressed directly with the class teacher. Teachers can be contacted by email, written note or via appointment.
- Complaints/concerns about employees or supervisors that do not involve complaints of discrimination or harassment or violations of law should be first addressed with the employee or supervisor directly. If the person(s) involved are unable to resolve the conflict or complaint, the complainant should contact the immediate/appropriate supervisor in an effort to resolve the issue.

LEVEL 2: School Level Resolution

At this step, the complainant should be prepared to give details about the complaint and steps taken to resolve it. The immediate/appropriate supervisor will acknowledge receipt of the complaint in **three (3)** working days, investigate the complaint, a process which normally involves a discussion with the complainant, gathering of relevant facts and evidence, and respond to the complainant within **ten (10)** working days.

Examples:

- Pedagogical, academic or teacher related issues should be addressed with the Dean of Academics/Assistant Principal.
- Student behavior and discipline issues should be addressed with the Dean of Students/Assistant Principal.
- All other issues should be addressed with the Principal.

If the complainant is not satisfied with the response from the immediate/appropriate supervisor, e.g., Dean of Academics/Students or Assistant Principal or the complaint should be directly addressed with the Principal, the complainant should contact the Principal, who will respond within the same timeline. If the complainant is still dissatisfied, and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the CEO & Superintendent of MPS in an effort to resolve the issue.

LEVEL 3: MPS Home Office ("Home Office") Level Resolution

At this step, the complainant should fill out the attached **"General Complaint Procedures Form"** giving details about the complaint and steps taken to resolve it, and contact the CEO & Superintendent of MPS at:

CEO & Superintendent
Magnolia Public Schools
250 E. 1st St. Ste 1500
Los Angeles, CA 90012
(213) 628-3634

The CEO & Superintendent (designee) will acknowledge receipt of the written complaint in **five (5)** working days, attempt to identify a resolution that is acceptable to both parties, within **fifteen (15)** working days of the receipt of the written complaint.

If the complainant is not satisfied with the response from the CEO & Superintendent (designee), and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the MPS Board of Directors ("the Board.")

LEVEL 4: Board Level Resolution*

At this step, the complainant can file a written complaint with the Board through the Administrative Assistant at the MPS Home Office. *(Same contact information as in Level 3)* The complainant should update the "General Complaint Procedures Form" that was used in Level 3. The Administrative Assistant will acknowledge receipt of the written complaint in **five (5)** working days. The Board may consider the matter at its next regular Board meeting or at a special board meeting convened in order to meet the internal 60-day target within which MPS strives to answer the complaint. The Board may decide not to hear the complaint, in which case the CEO & Superintendent's decision will be final. If the Board hears the complaint, the Administrative Assistant will send the Board's decision to the complainant within **sixty (60)** days of the School's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. The decision of the Board shall be final.

> ***** For MSA-San Diego, MSA-San Diego Governance Committee will work with the Principal and the Home Office in following the General Complaint Procedures to resolve internal complaints and conflicts before they escalate to the MPS Board level.

The complainant has a right to appeal the Board's decision to the California Department of Education (CDE). In that case, the complainant needs to fill out a **"Uniform Complaint Procedure Form"** - provided in this handbook – and file it within **fifteen (15)** days of receiving the decision. The appeal must include a copy of the complaint filed with the School and a copy of the Board's decision. The appeal should be sent to:

California Department of Education
1430 N Street
Sacramento, CA 95814

Professional Boundaries: Staff/Student Interaction Policy

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Student Behavior

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with

students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Duty to Report Suspected Misconduct

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Examples of Specific Behaviors - Unacceptable Staff/Student Behavior (Violations of this Policy)

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.
- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Unacceptable Staff/Student Behavior without Parent and Supervisor Permission:

These behaviors should only be exercised when a staff member has parent and supervisor permission.

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Cautionary Staff/Student Behaviors

These behaviors should only be ex ercised when a reasonable and prudent person, acting as an educator, is prevented from using better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence.

- Remarks about the physical attributes or development of anyone;
- Excessive attention toward a particular student;
- Sending emails, text messages or letters to students if the content is not about school activities.

Acceptable and Recommended Staff/Student Behaviors

- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);
- Keeping the door open when alone with a student;
- Keeping reasonable space between you and your students;
- Stopping and correcting students if they cross your own personal boundaries;
- Keeping parents informed when a significant issue develops about a student;

- Keeping after-class discussions with a student professional and brief;
- Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries;
- Involving your supervisor if conflict arises with the student;
- Informing the Executive Director about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious situation later;
- Recognizing the responsibility to stop the unacceptable behavior of students or coworkers;
- Asking another staff member to be present if you will be alone with any type of special needs student;
- Asking another staff member to be present when you must be alone with a student after regular school hours;
- Giving students praise and recognition without touching them;
- Pats on the back, high fives and handshakes are acceptable;
- Keeping your professional conduct a high priority.

Dress Code/Uniforms

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. This uniform policy will be enforced from the very first day of school. Students shall cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on both student and parent/guardian support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that students follow these additional guidelines in terms of uniform appearance and personal appearance. **If any aspect of the uniform, including clothes, shoes, jewelry, cosmetics, or any type of body adornment, is not explicitly listed as acceptable in this handbook, then that item is not permitted to be worn when the student is at school or representing the school.** If you have any questions, please check with administration.

If a student is unable to wear the school uniform to school due to extenuating circumstances, please communicate with the school administration.

A Free MPS Uniform Set

MPS will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including a free uniform set.

MPS will make one uniform set of required MPS logo uniform pieces available to each student free of charge for the student's use during the school year. If parents/guardians or students want to purchase additional MPS logo pieces, they may do so through the school's uniform vendors.

Religious Head Coverings

Religious head coverings shall be permitted.

Free Dress & Theme Dress Days Code

Free Dress days are earned at the discretion of the administration. These days are granted at different times of the year for positive behavior and special occasions. Violation of this policy may result in loss of free dress privileges for the remainder of the school year.

- On free dress days, clothing must be in good taste and appropriate for school. Clothing should not be inappropriately tight, revealing, or transparent.

- The school's dress code is strictly enforced during free dress days as well. All students must follow the same guidelines with the exception of not wearing their uniform.
- T-shirts are acceptable; however, printing on clothing must be suitable for school - no suggestive, vulgar, or profane language or images are permitted, as well as clothing that promotes alcohol, drugs, tobacco, or other controlled substances.
- Mini-skirts, skirts, and shorts should be no shorter than your longest finger when standing with your hands by your sides. Jeans may be worn during free dress days but cannot be inappropriately tight or baggy; no tattered jeans are allowed.
- Visible undergarments (including boxer shorts, bras, etc.) are not allowed.
- Midriffs, backless or sideless shirts or dresses, halter tops, or tank tops with straps less than 1-inch strap in width are NOT allowed.
- Hats for sun protection must only be worn outside of the school building(s) and classrooms. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue.
- Gloves, bandanas, or sunglasses are not permitted to be worn in school, except for medical reasons. Head coverings worn for purposes of religious observance are permitted.
- Neatness and good grooming are required.

Notes

- If a student is unable to wear the school uniform to school due to extenuating circumstances, you need to check with your school’s administration
- Each individual MPS school may include site-specific amendments into the uniform policy addressing local issues

Immigration Enforcement Notification Procedures

Pursuant to SB 98 (2025), MPS shall ensure prompt notification to parents/guardians, pupils, teachers, administrators, and school personnel when federal immigration enforcement is confirmed to be present on or immediately adjacent to school grounds.

Definitions

- Immigration enforcement: Any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal civil or criminal immigration law. Immigration enforcement can be presumed to be occurring when carried out by any officer or agent from U.S. Immigration and Customs Enforcement (ICE), U.S. Customs and Border Protection (CBP), or other federal agency engaged in civil or criminal immigration enforcement.
- Confirmed presence: Visual sighting by staff, verbal acknowledgment by the agent, presentation of credentials, or other reliable evidence.

Mandatory Notification Procedure

Upon confirmation of immigration enforcement presence on or immediately adjacent to the school site, the site administrator or designee shall, as soon as possible and without unnecessary delay, direct the issuance of notifications to:

- All parents/guardians
- All pupils
- All teachers, administrators, and school personnel

Notifications shall be sent using the school-wide messaging platform of Parent Square. School staff will also receive a notification via email to inform them of the presence.

Notifications shall not include any personally identifiable information.

Required Notification Content

Notifications shall be provided in English and in all languages required under Education Code § 48985 and shall include, at minimum:

- Confirmation that immigration enforcement is occurring on or near campus
- Assurance that the school is monitoring the situation and prioritizing student safety
- Reminder that every child has the right to attend school regardless of immigration status
- Link or reference to school resources for immigrant families (if available)

MPS School Sponsored Field Trips & Cultural Excursions Policy

The Board of Directors of Magnolia Public Schools ("MPS" or the "Charter School") recognizes and supports the concept of connecting our students with the broader community, both locally and globally, by providing field trips, cultural and art experiences, community service opportunities, and environmental education to fulfill MPS's mission and philosophy. These activities help to promote tolerance, understanding, and acceptance of others, enrich the educational experiences of the students, as well as meet the Charter School's goal of creating passionate lifelong learners.

The safety and security of our students is a primary priority when planning or participating in field trips or excursions. These activities will be carried out appropriately to maximize and ensure student safety and to minimize the Charter School's legal liability and financial cost.

Definition

- A "field trip or cultural excursion" involves students leaving MPS grounds to participate in school-sponsored educational opportunities in connection with MPS's course of study or school-related social, educational, cultural, athletic, school band, or other extracurricular or co curricular activities.

Selection of Field Trips and Excursions

The teaching team will continue to research and provide enriching learning opportunities to share with their students both within the classroom and out in the broader community. The principal shall have the authority to approve all in and out of state day and overnight field trips and excursions with consultation of the MPS Academic and Finance Teams. Requests for out of country travel shall be brought before the Board of Directors for approval. The principal will initially receive all such requests and make a recommendation to the Board of Directors as to whether the request should be approved.

The principal will ensure that the following items will be adhered to for all MPS field trips and excursions:

1. The proposed field trip or cultural excursion relates to MPS's educational objectives.
2. The correct ratio of adults to students is met for supervision of the activity.
3. A means of transportation to and from the activity is provided.
4. Adequate restroom facilities, food and water will be available during the activity.

The principal shall not approve any activity that he/she considers to be inherently dangerous to students.

Permission Slips

Before a student can participate in a school-sponsored trip, the teacher shall obtain parent/guardian permission for the trip. Whenever a trip involves water activities, the parent/guardian shall provide specific permission for his/her child to participate in the water activities. The Charter School shall provide an alternative educational experience for students whose parents/guardians do not wish them to participate in a trip.

All persons who are not employees of Magnolia Public Schools making the field trip or excursion shall be deemed to have waived all claims against the Charter School or the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion. All adults taking out-of-state field

trips or excursions and all parents/guardians of students taking out-of-state field trips or excursions shall sign a statement waiving such claims.

Items that will be included on the permission slip are:

1. An emergency phone number for the student.
2. Any medications the student is required to take with the time and dosage required.
3. Any medications the student is allergic to.
4. Any other medical information necessary to ensure the student's safety.
5. Waiver as described above.

A copy of a completed and signed permission slip will be kept on the Charter School site and one copy will be given to the teacher or teachers to take on the field trip or excursion.

Voluntary Participation

The Charter School will provide alternative educational activities to those students who choose not to attend a specific field trip or excursion. Parents/guardians will have advance notice of any upcoming field trip or excursion and have the option to withdraw their permission for their child to attend that field trip or excursion.

Disciplinary Rules

Students are under the jurisdiction of the Charter School Board at all times during the field trip or excursion and all MPS policies continue to be enforced during field trips and excursions. Charter School disciplinary policies are to be adhered to at all times. (e.g. Horseplay, practical jokes, harassment, taunting, rough play, aggressive or violent behavior, profanity, viewing of pornographic material, and use of alcohol and/or controlled substances during the field trip or excursion are strictly prohibited.)

Except as otherwise required by law, a student may be excluded from the trip if their presence poses a safety or disciplinary risk.

Defraying Expenses of Field Trips and Excursions

The Charter School may charge a fee for field trips and excursions pursuant Education Code section 35330. However, the Charter School will endeavor to keep the costs of any field trips affordable for all students' families. In no event will a student be prevented from participating in the field trip or excursion due to lack of sufficient funds. In accordance with Education Code section 35330(b), the Charter School will coordinate the efforts of community service groups to supply funds for students in need.

Supervision of Field Trips and Excursions

The teacher who coordinated the field trip will be present to supervise the field trip or excursion, except in unusual circumstances when a replacement teacher is assigned because of an unexpected unavailability. The principal will be designated as the emergency contact for the group on the field trip or excursion. Any injuries or unusual incidents occurring during the field trip or excursion will be documented in writing by the coordinating teacher and given to the Charter School's Principal.

The principal shall ensure that the field trips and excursions have an adequate number of adults attending to safely supervise the student attending the field trip or excursion.

A first aid kit shall be in the possession of or immediately available to a teacher, employee, or agent of the school during the student field trip or excursion. Whenever trips are conducted in areas known to be infested with poisonous snakes, the first aid kit taken on the trip shall contain medically accepted snakebite remedies. In addition, a teacher, employee, or agent of the school who has completed a first aid course which is certified by the American Red Cross and which emphasizes the treatment of snakebites shall participate in the trip.

Charter School employees or volunteers shall not consume alcohol or use controlled substances (except for medications taken under a physician's orders) while accompanying and supervising students on a field trip or excursion.

Accident Insurance

The Charter School provides student accident insurance which covers medical expenses arising from their student injuries on campus or while participating in a Charter School sponsored off campus activity. The family's health insurance is primary, but if there is no health insurance, the Charter School's Student Accident Insurance becomes primary. Information and applications for student accident insurance are available from the principal.

Parent or Guardian Participation in Field Trips and Excursions

As field trips and excursions are an integral part of the Charter School learning experience, parents are encouraged to participate in an assisting role with students. The principal or the coordinating teacher will provide parents and guardians with specific supervisory guidelines prior to any Charter School group trip involving students. Topics to be included are safety regulations, emergency responses, responsibilities of the parent volunteers, and language or behavior requirements of all attendees.

To ensure student safety, any non-employee chaperones supervising students on a field trip must be a Certified Volunteer (C-Volunteer). All prospective chaperones must review the Magnolia Public Schools Volunteer, Visitation, Shadowing, and Removal Policy, complete the C-Volunteer Application Form, and agree to the Volunteer Commitment and Procedures. These forms must be submitted to the school office for processing. The office will provide confirmation once the volunteer clearance is approved. Only individuals who have completed this process and received clearance may serve as chaperones on any school field trips.

A participating parent or guardian will be assigned to a specific group of students to supervise and will be responsible for these students at all times during the field trip or excursion. Under no circumstances will a parent or guardian consume alcohol or use controlled substances (except for medications taken under a physician's orders) during a field trip or excursion. The parent or guardian will notify the coordinating teacher, in advance of the field trip or excursion, should he/she be under a physician's orders and using medications.

All persons who are not employees of Magnolia Public Schools taking in-state or out-of state field trips or excursions and all parents or guardians of pupils taking in-state or out of-state field trips or excursions are required to sign a statement waiving all claims against MPS, its employees, and the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion.

Transportation

At all times during the field trip or excursion, teachers, staff and parents will use the safest mode of transportation and the safest and most direct routes of travel. If vans are used, the vans cannot be manufactured to carry more than ten (10) occupants (including the driver). Simply removing seats or not

filling the occupancy does not meet the legal requirements. In addition, all speed notices must be strictly adhered to and students are to be seated with individual seatbelts at all times.

The Charter School shall take reasonable precautions to ensure that all employees and volunteers who transport students are responsible and capable operators of the vehicles to be used and ensure compliance with the Charter School Student Transportation Policy and Driver Requirements as follows:

Employee or volunteer drivers who offer to provide transportation for a field trip or excursion must provide a copy of the following:

1. Proof of liability insurance for their vehicle with a minimum of $100K/$300K coverage.

2. A copy of their Driver's License and Vehicle Registration.

3. A criminal background check conducted by the California Department of Justice ("DOJ"). Employees or volunteers whose DOJ report reveals a Driving Under the Influence conviction shall not be permitted to transport students or operate any vehicle on Charter School business for ten (10) years from the date of the conviction. Any employee or volunteer convicted of a felony shall not be permitted to transport Charter School students on Charter School business.

4. A Department of Motor Vehicles record. Employees or volunteers with driving records with two (2) points or more shall not be permitted to transport students or operate any vehicle for Charter School field trips and excursions.

5. The minimum age requirement to transport passengers is twenty-five years old.

Each of these items will be provided to the principal or coordinating teacher prior to driving on a field trip or excursion.

Under no circumstances shall students transport other students.

For the volunteer's safety and that of all the students in his/her car, the following rules apply:

1. All Charter School rules apply to students in the volunteer's car.

2. All California driving laws must be followed including child restraint laws: no texting or distracted driving, hands-free phone use only.

3. No movies may be shown in vehicles.

4. No side trips allowed.

5. Maps and directions from the teacher should be reviewed prior to leaving.

6. No purchases for students should be made on the field trip including food or treats for students in the car.

7. Call the Charter School office immediately if there is a problem.

RESPONSE

Disaster Response Procedures

The purpose of these procedures is designed to offer clear guidance and instructions for safety and emergency preparedness, aimed at safeguarding the well-being of both students and staff during critical situations. The subsequent sections outline specific procedures tailored to various emergency scenarios.

1. Ensuring the safety and welfare of students and staff.
2. Facilitating a secure and coordinated response to diverse emergency situations.
3. Safeguarding the school's facilities and property.
4. Efficiently restoring normal conditions with minimal confusion in the shortest time possible.
5. Establishing a seamless interface and coordination between the school and local authorities and resources.

Emergency and Crime Response

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency poses a serious threat to the safety and well-being of students and staff, evacuation will occur until any danger has passed. When necessary, the school may be dismissed by the School Principal or designee. The Home Office will also be informed using the Home Office Support Team (HOST) communication system (refer to HOST Crisis Communication). HOST will also collaborate with the Crisis Response Team and coordinate response as needed, particularly in the area of mental health support. In the event of the following scenarios, the principal or designee will communicate with stakeholders using the school's mass communication system.

Fire

In the event of a fire at our school, the following procedures will be promptly implemented:

- Discovery of Fire: Upon discovering a fire, teachers or staff members will immediately guide all occupants out of the building, activate the fire alarm, and promptly report the incident to the school administrator.
- Incident Command and Evacuation: The principal or designee will assume the role of the Incident Commander and initiate the Evacuate Building action. Staff and students will follow prescribed or safe routes to evacuate buildings, assembling at designated Assembly Areas.
- Emergency Services Notification: The school principal or designee will contact 911, providing precise details about the fire's location (e.g., building, room, area).
- Evacuation Accountability: During an evacuation, teachers will carry student rosters and any necessary emergency supplies, taking attendance at the Assembly Area to ensure accountability for all students. Special attention will be given to students with cognitive disabilities to ensure their understanding of directions. Teachers will promptly inform the Assembly Area Team of any missing students.
- Security Measures: The administrative team will secure the affected area to prevent unauthorized entry and maintain clear access roads for emergency vehicles.
- Utilities and Post-Incident Actions: The administrative team will notify the relevant utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will communicate with and update parents promptly via ParentSquare, ensuring transparent and timely information dissemination.

These procedures are designed to prioritize the safety and well-being of all occupants. Regular training and drills will reinforce these protocols, promoting a swift and coordinated response during an actual emergency.

Lockdown

This protocol is enacted in response to identified or directed threats of violence or gunfire by law enforcement, aiming to prevent perpetrators from entering any occupied campus areas. The purpose of a lockdown is to secure the school during police actions, campus intrusions, community incidents, or other real or perceived threats to the school's security.

Lockdown Procedures:

- Initiating Lockdown: Lockdown is declared when the threat of violence or gunfire is identified. All personnel must adhere to this protocol to ensure the safety of everyone on campus.
- Secure Classrooms or Designated Safe Locations: During Lockdown, students are required to remain in locked classrooms or designated safe locations. It is imperative to keep classroom doors locked at all times.
- Immediate Actions for Classes: Upon receiving the lockdown announcement:
    - Classes will remain in their rooms.
    - Redirect any students in hallways or outdoors into the nearest locked classroom.
    - Physical education classes will relocate to secure areas such as the gym, auditorium, or multi-purpose room.
- Safety Measures within Classrooms: Once in the secured location:
    - Move students to the most protected areas in the room and lock the door.
    - Instruct students to face away from windows, keeping their backs toward windows.
    - Close and lock all doors and windows.
    - If possible, cover windows by lowering blinds, closing slots, drawing curtains, or pulling shades.
- Lights and Power: Turn off lights, power equipment, appliances, and ensure cell phones are on silent mode. Maintain silence in the room to avoid detection.
- Attendance and Student Accountability: Take and report attendance as feasible. Teachers must account for any students with cognitive disabilities who may require additional assistance or may not have fully understood the directions.
- Remain in Secured Locations: All personnel must remain in the secured room until further instructions are received from official sources.

This Lockdown Procedure is designed to prioritize the safety of all individuals on campus. Regular drills and ongoing training will familiarize staff and students with these protocols, ensuring a swift and coordinated response during an actual emergency.

Lockdown Drill Guidelines

1. Lockdown drills shall not be “high-intensity” drills. This means they will not include simulations that mimic an active shooter or other armed assailant incident, and shall not, (i) use fake blood or theatrical makeup or other materials to give the impression of injury or death, (ii) shall not involve the use of actors or other individuals posing as armed assailants or victims, and (iii) shall not train students to actively resist an assailant by throwing objects, attaching, or swarming the assailant.

2. Lockdown drills shall not use real weapons, gunfire blanks, or explosions.

3. The school will ensure a trauma-informed approach to the design and implementation of the drill that ensures the drill process (i) is age and developmentally appropriate, (ii) is only conducted after advance notice of the drill and its expected length of time are given to all parents/guardians and school employees subject to the drill; (iii) provides an opportunity for parents/guardians to opt out their student out of the drill; (iv) is preceded by an announcement of the lockdown drill and is followed by a closing announcement; (v) is followed by a notice to parents/guardians after the drill has concluded; and (vi) provides contact information for community-based

resources to parents/guardians, students, and staff who are negatively impacted by the drills, which prioritizes school based resources.

Medical Emergency

Medical emergencies or accidents may occur unexpectedly, involving students or employees. Depending on the severity, some incidents may only require first aid, while others demand immediate medical attention. In any uncertainty, prioritize caution and promptly dial 911.

- Emergency Reporting: In the event of a medical emergency involving a student or employee, immediately report the incident to the School Principal or designated personnel. Dial 911 or instruct someone to do so. When reporting, provide the following essential information:
    - School name and phone number.
    - Building address, along with the nearest cross street(s).
    - Exact location within the building.
    - Your name and phone number.
    - Nature of the emergency.
      Stay on the line until advised to disconnect by the dispatcher.
- School Notification: Notify the school office about the injured individual and the initiation of an ambulance call. Request the dispatch of a first aid/CPR-trained employee to assist the victim.
- Assistance and Victim Care: Maintain composure during the emergency. Keep the victim warm with a coat or blanket.
- Avoid moving the victim unless there is a risk of further injury. Refrain from offering any food or drink to the victim.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Opioid Overdose Response Protocol

Administration of Naloxone (Narcan)
Provide emergency Naloxone (Narcan) or another opioid antagonist to trained school personnel, with designated volunteers receiving initial and annual refresher training for the storage and emergency use of these medications. Responding to medical emergencies, particularly opioid overdoses, and the safe administration of Naloxone within the school environment. This plan aims to ensure the well-being of students and staff and to provide timely and effective intervention in the event of an opioid-related emergency.

Identification of Potential Overdose Cases:

- Training is provided to school staff, including teachers, administrators, and support staff, on recognizing the signs of opioid overdose, such as respiratory distress, unconsciousness, or pinpoint pupils.

Naloxone Training:

- The school designates key personnel, such as school nurses and selected staff members, to undergo specialized training in the administration of Naloxone.
- Training includes recognizing signs of overdose, proper administration techniques, and post-administration procedures.

Emergency Response Protocol, in the event of a suspected opioid overdose

- Maintain accessible and strategically located Naloxone kits within the school, particularly in areas where medical emergencies are more likely to occur.
- Trained personnel authorized to administer Naloxone during emergencies, and trained to follow the outlined step-by-step process for administering Naloxone, emphasizing proper dosage, injection techniques, and post-administration monitoring.

- After administration of Naloxone, staff shall immediately call emergency services (911) to report the incident and request urgent medical assistance
- Establish a post-administration monitoring procedure to ensure the individual's vital signs are stable. If necessary, continue to provide supportive care until emergency medical services arrive.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Administration Procedure
This Medical Emergency Protocol is designed to ensure swift and organized responses in times of need. Regular training and drills will familiarize staff with these procedures, promoting a safe and supportive environment within our school community.

Earthquakes

Earthquakes can occur without warning, often followed by aftershocks that may persist for weeks or months. The impact on buildings varies, making it crucial to remain calm and act promptly during and after the shaking.

- Stay Calm and Assess: Keep calm during the shaking and remain in your current location. Assess the situation before taking action. Remember, injuries often result from flying or falling debris.
- Drop, Cover, and Hold On: Upon the first indication of an earthquake, teachers should instruct students to Drop, Cover, and Hold On.
- Move to Safety: Move away from windows and overhead hazards to avoid glass and falling objects.
- Students with Disabilities: Students with disabilities preventing them from seeking protection under furniture should:
    - Move away from unsecured items in the room.
    - Go to a structural corner away from cabinets, shelves, and windows.
    - Lock wheelchair wheels and protect their head and neck with their hands.

After the Earthquake
- Incident Commander Activation: When the shaking stops, the principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation Procedures: Staff and students will evacuate using prescribed or safe routes to the Assembly Area.
- Attendance and Student Accountability: Teachers will bring their student roster and emergency supplies, taking attendance at the Assembly Area. Special attention will be given to students with cognitive disabilities.
- Missing Students Notification: Teachers will notify the Assembly Area Team of missing students or any student left behind.
- Security Measures: The administrative team will secure the area to prevent unauthorized entry and ensure clear access roads for emergency vehicles.
- Utilities and All Clear: Notify the appropriate utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will notify and update parents promptly via ParentSquare.

This Earthquake Response Protocol is designed for the safety and well-being of all individuals on campus. Regular drills and training will reinforce these procedures, fostering a resilient and prepared school community.

Assaults

Assaults, involving acts of striking or inflicting injury on a person, are considered serious matters, demanding immediate attention and appropriate action. Any threat or assault on students or employees requires prompt

reporting to the School Principal or designated personnel. The decision to involve law enforcement officials will be determined by the School Principal or designee.

General Reporting Steps:

- Immediate Reporting: Report any threat or assault on students or employees promptly to the School Principal or designee.
- Law Enforcement Notification: The School Principal or designee will assess the severity and decide whether law enforcement officials should be notified.

In Case of Serious Assault:

- Emergency Services: Dial 911 immediately.
- Seek Medical Attention: Seek first aid or medical attention for any injuries sustained during the assault, if indicated.
- Document Injuries: Have photographs taken of any injuries as part of the documentation process.
- Assailant Description: Write down a detailed physical description of the assailant as soon as possible after the incident, including sex, age, height, weight, race, clothing, and any weapon used.
- Witness Information: Obtain names and telephone numbers of any witnesses present during the assault.
- Incident Report: Draft an incident report detailing the circumstances of the assault.
- Submission to School Principal: Submit the incident report to the School Principal or designee for review.
- Law Enforcement Involvement: The School Principal or designee will submit an incident report to local law enforcement if the assault is deemed serious.

This Assault Incident Protocol is designed to ensure a swift and comprehensive response to any assault situation. Regular training and awareness programs will support the school community in understanding and implementing these procedures effectively.

Biochemical/Hazardous Materials

A biological or chemical release involves the discharge of substances in solid, liquid, or gaseous states, with potential incidents ranging from chemical spills in school laboratories to hazardous material incidents adjacent to the school. Early detection and swift response are essential to ensure the safety of students and staff.

Indicators of Release:

- Multiple victims with symptoms such as watery eyes, twitching, choking, loss of coordination, trouble breathing.
- Presence of distressed animals or dead birds.

Response Procedures:

- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation and Isolation: Staff and students will use designated routes to the Assembly Area, upwind of the affected area. Those exposed to contaminants should be isolated from the rest of the school population.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details and the nature of the emergency.
- Area Isolation and Access Restriction: The administrative team, under the Incident Commander's instructions, will isolate and restrict access to potentially contaminated areas.
- Ventilation and Air Handling Measures: The Security/Utilities Team will turn off local fans, close windows and doors, and shut down the building’s air handling system.
- Parent Communication: The principal or designee will promptly notify and update parents via ParentSquare.

- Decontamination and Triage: Individuals in direct contact with hazardous substances should wash affected areas with soap and water. Outer clothing layers, potentially contaminated, should be removed and contained. The Triage Team will evaluate and monitor exposed individuals.
- Assembly Area Team Responsibilities: Prepare a list of all people in the affected or contaminated area, specifying those with actual contact. Provide the list to the Incident Commander and emergency responders.
- Crisis Team Activation: The Crisis Response Team will convene on-site, initiating counseling and recovery processes.
- Area Reopening: Affected areas will not reopen until clearance is provided by the appropriate agency, such as Los Angeles County HazMat, and the Incident Commander authorizes it.
- All Clear Activation: Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

These protocols ensure a comprehensive and coordinated response to biochemical/hazardous material incidents, prioritizing the safety and well-being of the school community. Regular drills and training will enhance preparedness and awareness.

Disorderly Conduct

Disorderly conduct, whether exhibited by a student, staff member, or visitor, can pose a threat to the safety and well-being of the school community. The following protocols are established to ensure a measured and effective response:

- Immediate Action: Upon witnessing disorderly conduct, staff should take immediate steps to calm and control the situation, prioritizing the safety of all individuals involved. If safe to do so, attempts should be made to isolate the perpetrator from other students and staff.
- Witness Statements: Witnesses are encouraged to provide written statements detailing the incident for follow-up by the school administrator and/or law enforcement agency.
- Notification to Principal: Staff witnessing disorderly conduct should promptly notify the principal or designee.
- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating appropriate emergency functions such as Lockdown, Evacuate Building, or Off-site Relocation.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details (e.g., building, room, area) of the incident.
- Immediate Threat Response: If an immediate threat is not evident, the Incident Commander or designated staff may attempt to defuse the situation. Approach the individual in a calm, nonconfrontational manner and request they leave the campus, avoiding hostile situations.
- Family Notification (if applicable): In the case of a student involved, every effort should be made to notify the family, as they may provide valuable insights on handling the situation.
- Parent Communication: The Incident Commander will promptly notify and update parents via ParentSquare, as necessary.
- Threat Assessment/Management Team Activation: The Incident Commander and team will assess whether activating the threat assessment/management team (Crisis Response Team) is warranted.
- All Clear Activation: Once the incident concludes, and the campus is determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are designed to address disorderly conduct swiftly and efficiently, prioritizing the safety of the school community and providing necessary support and communication channels. Regular training and drills will enhance preparedness and response capabilities.

Vandalism

In the event of school vandalism, the following procedures are to be adhered to for a comprehensive and effective response:

- Notification of School Authority: Promptly notify the school principal or designee of the vandalism incident.
- Building and Grounds Personnel Notification: Notify building and grounds maintenance personnel to assess and address the immediate physical impact.
- Assessment of Severity: The School Principal, or designee, will assess the seriousness of the situation, gauging the level of assistance required, which may involve engaging local law enforcement.
- Identification of Perpetrators: If possible, attempt to identify the individuals involved in the act of vandalism.
- Witness Interviews and Statements: Conduct interviews with witnesses and obtain written statements detailing the incident.
- Documentation Process: Document the incident promptly, preparing an incident report that includes any witness statements. Submit this report to the School Principal or designee.
- Parent/Guardian Notification: Notify parents or legal guardians of the affected students about the vandalism incident.
- Disciplinary Measures: Determine appropriate disciplinary measures in response to the act of vandalism.
- Restitution Assessment: Evaluate any monetary restitution issues arising from the vandalism and determine the applicable amounts.

These procedures are established to ensure a systematic response to vandalism incidents, address immediate concerns, identify responsible parties, and implement appropriate disciplinary and restitution measures. Regular communication with parents and legal guardians is crucial for maintaining transparency and fostering a sense of responsibility within the school community.

Loss or Failure of Utilities

In the event of a utility failure, encompassing the loss of water, power, or other essential utilities on school grounds, the following comprehensive procedures are to be followed:

- Immediate Action for Broken Utility Lines: In the case of a broken water or electrical line, make an immediate effort to shut off water or power to the affected area. Simultaneously, notify the school administrator without delay.
- Incident Commander Designation: Upon receiving notification of a utility loss, the principal or designee assumes the role of Incident Commander. The Incident Commander will initiate appropriate emergency functions, including potential actions like Shelter in Place or Evacuate Building.
- Communication with MPS General Counsel & Facilities Department: The Incident Commander, during business hours, will promptly notify the MPS General Counsel & Facilities Department, specifying the location and nature of the emergency. The preferred vendor list may be engaged based on the Incident Commander's discretion.
- Utility Company Coordination: MPS General Counsel & Facilities Department personnel, collaborating with the Incident Commander, will contact the affected utility company. This communication aims to ascertain the necessity of their assistance, recommended actions, and the anticipated duration of the service interruption.
- Evacuation Procedures: If the Evacuate Building action is warranted, teachers will evacuate with student rosters and essential classroom emergency supplies. Attendance will be taken in a safe location. Special consideration will be given to students with cognitive disabilities.
- Parent Notification via ParentSquare: The Incident Commander will inform and update parents promptly through ParentSquare.
- Utilization of Emergency Supplies: School emergency supplies will be deployed as needed to compensate for the utility loss.
- All Clear Action: Once the incident is concluded, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

- Specific Concern Protocols: In addition to the outlined procedures, the Incident Commander will implement specific protocols tailored to the nature of the utility concern (e.g., loss of water supply, power outage).

These procedures are established to ensure a swift, organized, and effective response to utility failures, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Bomb Threat/Suspicious Package

In response to the discovery of a suspicious package on campus grounds or the receipt of a threatening phone call indicating a potential explosion risk, the following procedures are implemented:

Response to Threatening Phone Calls:

- Immediate Action: The call taker aims to keep the caller on the line while alerting someone else to call 911. Simultaneously, the staff member calling 911 provides essential information to the operator:
  - Nature of threat on the phone line
  - School name
  - Phone number of the line receiving the threat
  - Name and contact information of the staff member
- Informing the Principal: The person answering the threat call informs the principal immediately and gathers and records information about the call, addressing bomb threat questions such as location, timing, appearance, motive, and contact details.
- Voice Analysis and Background Evaluation: Questions are complemented by evaluating the caller's voice and background noise for characteristics such as gender, age, accent, speech clarity, and background environment.
- Incident Commander Designation: The principal or designee assumes the role of the Incident Commander, advising the school. Law enforcement may instruct the school to wait for officers to arrive and conduct an investigation. The Incident Commander, in consultation with law enforcement, determines appropriate emergency functions, such as Drop, Cover and Hold On, Lockdown, Evacuate Building, or Relocation.

Discovery of Suspicious Packages or Objects:

- Cell Phone and Radio Precautions: If unusual or suspicious packages, boxes, or foreign objects are discovered, all cell phones and hand-held radios are turned off to prevent potential triggering by radio frequencies.
- Object Discovery Protocol: Report the discovery to the Incident Commander while securing the immediate area without touching or disturbing the object. No attempt should be made to investigate or examine a suspicious object.
- Parent Notification via ParentSquare: The Incident Commander notifies and updates parents through ParentSquare.

Evacuation Procedures:

- Incident Commander's Decision: The Incident Commander, consulting with law enforcement, may alter emergency functions based on the situation. In case of a confirmed threat or bomb discovery, the Evacuate Building action is issued.
- Safe Evacuation: Staff and students evacuate using safe routes to the Assembly Area.
- Attendance and Missing Students: Teachers bring student rosters, take attendance at the Assembly Area, and account for students. Special consideration is given to students with cognitive disabilities. Teachers notify the Assembly Area Team of missing students.

Post-Incident Actions:

- Crisis Response Team: The Crisis Response Team convenes on-site for counseling and recovery.
- Inspection and All Clear: School activities do not resume until proper authorities inspect affected buildings and declare them safe. The Incident Commander initiates the All Clear action after the incident concludes.
- Off-Site Relocation: The Incident Commander may initiate an off-site relocation if conditions warrant.

- Incident Report: Following the incident, the Incident Commander completes a comprehensive bomb threat report for analysis and reflection.

These procedures are established to ensure a swift, organized, and effective response to bomb threats and suspicious packages, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Explosions/Risk of Explosions

In the unfortunate event of an explosion or the risk of explosion at the school, the following procedures should be followed:

- Initiate Drop, Cover, and Hold On: In the event of an explosion, all individuals should immediately initiate the Drop, Cover, and Hold On protocol.
- Incident Commander and Emergency Services: The principal or designee becomes the Incident Commander and promptly calls 911 to provide precise details of the emergency, including the location (e.g., building, room, area) and the nature of the incident.
- Consultation and Emergency Functions: The Incident Commander will consult with available law enforcement and, considering the potential for another imminent explosion, determine appropriate emergency functions. Actions may include Shelter in Place, Evacuate Building, or Relocation. Evacuation may be required in some buildings on campus, with others serving as shelters.
- Evacuation Procedures: In the event of an evacuation, staff and students will use prescribed routes or other safe routes to proceed to the Assembly Area.
- Attendance and Notifications: During evacuation, teachers will bring the student roster and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are responsible for accounting for students with cognitive disabilities who may not have understood the directions, and they will notify the Assembly Area Team of missing students. The Incident Commander will promptly notify and update parents via ParentSquare.
- Medical Assistance: The Triage Team will promptly check for injuries and provide appropriate medical assistance.
- Utilities and Building Security: The Incident Commander will notify the appropriate utility company of any damages to water lines, sewers, power lines, and other utilities. The administrative team will secure the building entrance to prevent unauthorized persons from entering the school buildings.
- Search and Rescue Activities: If it is determined safe to enter affected areas, the Incident Commander will direct the administrative team to initiate search and rescue activities.
- Reopening and Clearance: Any areas affected by the explosion will not be reopened until the Los Angeles County HazMat or the appropriate agency provides clearance, and the Incident Commander authorizes such action.
- Relocation Procedures: The Incident Commander may initiate a Relocation if conditions warrant such a decision.
- All Clear and Conclusion: Once the incident has concluded, and the campus has been determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are established to ensure a swift, organized, and effective response to explosions or the risk of explosions at school, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Fighting or Riots

When dealing with a fight or the potential escalation to a riot, school staff should adhere to the following guidelines:

Fighting:

- Communication and Assistance: Utilize radio units or cell phones for communication. If not feasible, send a reliable student to the office to seek assistance. Speak loudly, demanding an immediate cessation of the behavior.

- Collaboration and Intervention: Seek assistance from other teachers to address the situation. If students begin to gather, work swiftly to disperse them.
- Identification and Intervention: Call out the names of involved students, if known, and inform them of their identification. For serious fights, especially those involving weapons, seek additional help from law enforcement personnel.
- Separation and De-escalation: Attempt to separate involved students using an assertive tone. Consider age, size, and personal safety before intervening physically. If successful in separating students, avoid further confrontational behavior. Allow students time to talk in a calm setting to gradually change the climate of the situation.

Riots:

- Prevention and Sensitivity: Encourage teachers and staff to be sensitive to the emotional climate and defuse tensions before problems escalate.
- Law Enforcement and Assessment: Notify local law enforcement of the disturbance and convene at a pre-designated site to evaluate the situation.
- Emergency Response Plans: Have a law enforcement officer assess and call for necessary resources, such as backup and emergency medical assistance.
- Activate emergency plans, including:
    - Instruct office staff to handle communications and initiate lockdown orders.
    - Notify transportation for appropriate buses for evacuation.
    - Assign staff to a temporary detention facility and log information.
    - Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Collaboration and Communication: Collaborate with the MPS Outreach & Communications Department to brief a representative for media interactions.
- Medical Treatment and Triage: Assign staff to a pre-designated medical treatment/triage facility.

Remember, these protocols are established to ensure a swift, organized, and effective response, prioritizing the safety and well-being of students and staff during such incidents.

Crisis Response

A school crisis is an unexpected critical incident that poses a safety threat or disrupts the school day, impacting teaching, learning, and overall well-being. Common reactions include shock, confusion, and fear. While each crisis may affect individuals differently, it can have a broad and immediate impact on students and adults. Examples include accidents, violent incidents, deaths, natural disasters, or acts of terrorism.

Multi-Tiered Crisis Response Team Model:

Tier I: School Site Crisis Response Team:

- Initiates crisis response, assesses needed services, and provides direct interventions.
- Determines the need for additional assistance from the Home Office.
- May be activated during emergencies or as a stand-alone team.

Tier II: Academic Department (Director of Special Education and Services; Director of Student Services):

- Contacted by the school site for support beyond the team's scope.
- Provides consultation, direct intervention, assistance with communications, and guidance for recovery/SEL support.

Tier III: MPS Home Office Crisis Response Team:

- Engaged based on collaboration between the Academic Department and the school site.
- Offers consultation, direct intervention, communication support, and recovery guidance.

Crisis Response Procedures:

- Activation and Assessment: The principal or designee, as the Incident Commander, activates the School Site Crisis Response Team. The team, in collaboration with the Incident Commander, assesses the impact and triages students, staff, and parents/guardians.

- Direct Intervention Services: The Crisis Response Team delivers crisis intervention services, including psychological first aid.
- Restoration of School Functions: Advises and assists the Incident Commander in restoring regular school functions efficiently and quickly.
- Limiting Exposure and Ongoing Assessment: Takes measures to limit exposure to scenes of trauma, injury, and death. Provides ongoing assessment of needs and follow-up services as required.

These protocols are designed to ensure a comprehensive, organized, and effective response to crises, prioritizing the well-being of students, staff, and the school community.

Active Shooter/Gunfire

In the event of a threat of violence on campus or the sound of gunfire, lockdown procedures should be immediately implemented. An Active Shooter on Campus is defined as an individual or individuals on school grounds armed with a firearm, having caused injury or death with the firearm and demonstrating continued threat.

Procedures for Staff:

- Upon the first indication of an active shooter, staff must promptly notify the principal or designee, who assumes the role of Incident Commander.
- The Incident Commander initiates a lockdown, the recommended emergency response.
- A call to 911 is made, providing precise details of the incident. A designated person should remain on the line with the police if safe.
- Establish communication with classrooms through school phones, email, cell phones, or radios to keep everyone informed.
- Notify MPS Home Office through the HOST channel and request assistance.
- Collaborate with the MPS Outreach & Communications Department to inform and update parents via ParentSquare.

Principal/Designee and Crisis Response Team Responsibilities:

- Secure perimeter gates and ensure all individuals are safely behind locked doors.
- Initiate the process of accounting for all students and staff.
- Calm and control students through regular announcements. If safe, maintain separation between students and the perpetrator.
- If imminent danger is identified with an active shooter on campus, Rapid Relocation may be initiated, ensuring students are not placed in the gunman's path.

Rapid Relocation Procedures:

- Encourage quick evacuation through any safe exit. If leaving campus, the preferred off-site relocation point is chosen if the route is safe.
- Inform local law enforcement of the decision to leave campus and the chosen destination. Keep them updated on students and staff not reaching the relocation point.
- Calm students, establish a perimeter for safety, and re-establish Incident Command teams with available staff.
- The Triage Team collaborates with first responders for medical attention to the injured.
- The Incident Commander prepares a verified list of the wounded and their transport locations, coordinating with the School Site Crisis Response Team for parent notifications.
- All media inquiries are directed to the MPS Home Office Outreach & Communications Department.
- Once the incident concludes and the campus is declared safe, the Incident Commander initiates the All Clear action.
- A debrief session with staff and school police officers is conducted by the Incident Commander.

These crisis response protocols are established with the paramount goal of ensuring the safety, well-being, and efficient recovery of students, staff, and the school community in the face of unforeseen critical incidents. The

collaboration between school personnel, law enforcement, and relevant agencies is crucial to swiftly and effectively address emergencies, minimize disruptions, and support the emotional and physical recovery of those affected. By adhering to these comprehensive procedures, we aim to create a secure and resilient environment conducive to the continued growth and success of our educational community.

Use of Facilities

In the event of disasters or emergencies, the school is committed to supporting the mandated emergency procedures established by law enforcement, government, or public safety agencies. This ensures that students and both certificated and classified staff follow necessary protocols, enabling the school to serve as a mass care and welfare shelter, to the extent necessary and appropriate.

Evacuation

In the event that community conditions or internal school circumstances necessitate a site evacuation, the following steps should be undertaken:

- The principal or designee assumes the role of Incident Commander and will communicate evacuation instructions via the PA system. If the PA system is unavailable, alternative communication methods, such as messengers, will be employed. The principal will convey a calm demeanor, offer reassuring comments, affirm that the situation is under control, and provide clear directions.
    - Example Statement: "Your attention, please. We need to evacuate all buildings. Teachers are to take their students and roll books to the assembly area and report to their designated area. Students are to remain with their teacher. Teachers need to close the classroom door when all the students have left."
- The Incident Commander will activate the fire alarm system as a signal to initiate the evacuation process.
- Designated emergency team members/staff will secure medications, related documents, and other essential medical supplies/equipment, such as First Aid Kit, CPR, AED, Epi-Pen, and Sharps container.
- Teachers will instruct students to evacuate the building using designated routes and assemble in their assigned Assembly Area.
- Teachers will bring student rosters and any classroom emergency supplies, take attendance once the class is assembled in a safe location, and account for students with cognitive disabilities who may not have fully understood the directions. Missing students will be listed on the Missing Persons Report.
- Once assembled, teachers and students will remain in place until further instructions are provided.
- The Incident Commander will make necessary notifications to the Home Office and parents.
- Upon the conclusion of the incident and confirmation of campus safety, the Incident Commander will initiate the All Clear action.

Procedures for Responding to Students Who Self-Injure

Self-injury, characterized by the deliberate act of harming one's own body, is often an unhealthy coping mechanism for emotional pain, intense anger, or frustration. While this behavior may lack suicidal intent, it can escalate the risk of suicide due to underlying emotional issues. Consequently, students exhibiting self-injurious behaviors should be assessed for suicide risk.

Signs and Symptoms of Self-Injury:

- Frequent or unexplained bruises, scars, cuts, or burns.
- Consistent, inappropriate use of clothing to conceal wounds.
- Possession of sharp objects such as razor blades, shards of glass, or thumbtacks.
- Evidence of self-injury in journals, drawings, social networking sites, etc.

Risk Factors of Self-Injury:

- Age, with a higher prevalence among teenagers and young adults.
- Influence of friends engaging in self-injury.
- Psychosocial factors, including neglect, abuse, or traumatic events.

- Mental health issues, such as depression, anxiety disorders, post-traumatic stress disorder, and eating disorders.
- Alcohol or drug abuse.

Protocol for Responding to Self-Injury:
- Respond immediately or as soon as practically possible.
- Supervise the student at all times.
- Seek medical attention as needed.
- Conduct an administrative search for access to means such as razor blades, shards of glass, other sharp instruments, or medications.
- Assess for suicide risk using appropriate protocols.
- Communicate with and involve the parent/guardian to address the self-injurious behavior promptly.

Awareness for Parents/Caregivers:
- Encourage appropriate coping and problem-solving skills.
- Listen calmly and empathetically, avoiding shaming reactions.
- Develop a safety plan with the student.
- Notify identified adults in the safety plan and provide information on the adult gatekeepers.

Self-Injury and Contagion:
- Respond immediately to identified students.
- Assess each student for suicide risk individually.
- Supervise students separately if identified as engaging in self-injurious behaviors.
- Consider making a mental health referral for students exhibiting self-injurious behaviors.

Response to Self-Injury and Contagion within the School Community:
- Address self-injury with students individually.
- Avoid discussing self-injurious behaviors in group settings.
- Conduct informational parent meetings, inviting all parents/guardians for psycho-education, awareness, and tools for addressing self-injurious behaviors.
- Supervise students and children during parent/guardian meetings.
- Consult with the Outreach & Communications Department for dissemination of information regarding parent/guardian meetings or other media matters.

These procedures are established to ensure a compassionate and effective response, prioritizing the well-being of students and fostering a safe and supportive school environment.

Procedures for Assessing and Responding to Reports of Dangerous, Violent, or Unlawful Activity

Magnolia takes its role in providing a safe and trusted learning environment very seriously. If any student, family member, or member of the school's extended community learns of any dangerous, violent, or unlawful activity that they believe has occurred, is occurring, or may occur at the school or at or near any school-sponsored or school-related event or location, they are strongly encouraged to report that activity—anonymously if necessary—to the Principal.

A report can be sent by a legible written note, by email, or by telephone to the following: igavi@magnoliapublicschools.org; (818) 758-0300. Reports should include place, time, the general nature of the activity being reported, whether any life-threatening activity or weapons are involved, and any other

important details. Any report of activity that imminently threatens or involves an imminent potential loss of life should first be made to 9-1-1, immediately.

Magnolia shall promptly review every report received as soon as possible, shall make a record of every report received, and shall make a reasonable inquiry into each, as necessary, to ensure to the greatest reasonable extent that no dangerous, violent, or unlawful act occurs at any school-related or school-sponsored event, or on school-provided transportation to any such event. The investigatory response taken by the school and actions taken will be logged as well.

Floor Plan

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate the outdoor assembly area(s) and evacuation route(s) from the site. (This item is stored with the plant manager and also located in the office of the School Principal)

A copy of the floor plan will be posted in each classroom at the school, in the school hallway, and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

Emergency Drills

The school shall conduct emergency drills on a regular basis to prepare for possible evacuation in case of an emergency. The School Principal, or designee, will specify the date and time of emergency drills. All students and staff are required to participate in these mandated drills.

The School Principal, or designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

School Safety Management Team and Operations

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching, and support staff may also be part of the team but may act only when assigned specific duties by the Principal or designee.

Guidelines for Handling the Media

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The School Principal should assign a school spokesperson to deal directly with the media.

- Develop a written statement for dissemination.
- Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- Appoint a spokesperson (usually the principal).
- Keep the staff informed through one person.
- Be proactive with the media.
- Contact the media before they contact the school.
- Set geographic and time limits.
- Explain restrictions.
- Hold the press accountable.
- Create positive relations with the media before an emergency crisis occurs.
- Stress-positive actions were taken by the school.

- Announce new changes made after the incident has passed.

Parental Notification

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick up their child in the event of an emergency. Schoolwide communication will be sent via ParentSquare.

Safety Supply/Equipment

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for ensuring the availability and delivery of adequate supplies and equipment during the course of an emergency. The team members should be familiar with emergency supplies cached in the emergency bin and any other campus location, such as classrooms.

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for directing team activities and keeping everyone informed of the overall status. Furthermore, responsible for assessing the adequacy of available water, food, sanitation, and other supplies and organizing the distribution of resources for immediate use. Specific duties may include

- Reporting equipment and supply needs
- Estimate the number of persons requiring food/shelter/care
- Work Incident Commander to determine the length of time care will be needed
- Inventory supplies on hand
- Distributing emergency water and food supplies
- Setting up and maintaining sanitation stations
- Confirming supply/equipment needs for any persons with special needs fulfilled
- Controlling conservation of water

Supplies and Equipment for the School Safety Management Team include:

- Hand-held two-way radio
- Keys
- Bullhorn
- Emergency water supplies - water carriers, cups, hand pumps, etc.
- Emergency food supplies
- Temporary power supplies
- Cell phones
- Sanitation supplies

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school. Emergency and first aid supplies should be kept in the school's central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- Blankets
- Matches
- Pillows
- Bottled Water
- Flashlights
- Paper Towels
- Batteries
- Wet Wipes
- Radio (battery operated)
- Sheets
- Candles

Suggested first aid items:

- Assorted Band-Aids
- Gauze
- Sterile Water (for burns)
- Tape
- Scissors
- Tweezers
- Bandages
- Instant Ice Packs
- Ace Bandages
- Package of Sewing Needles
- Slings
- Antibacterial salve
- Steri-strips or butterfly stitches
- Disposable gloves
- Face masks
- CPR (disposable mouthpieces)
- Current first aid book

In case of an emergency evacuation, staff will take this kit to the evacuation site, along with an attendance sheet.

Plant Inspections

The School Principal, or designee, with the assistance of local support personnel where necessary, will inspect and ensure that the school is clean, and secured, all paths of egress are open and well lit is essential to the safety and well-being of all students and staff members of Magnolia Public Schools.

Essential Checklist: Plant Inspections

- A walk-through will be performed at least twice annually by the principal and/or designee to ascertain any unsafe conditions that are hazardous to the staff or student's physical or mental well-being.
- The complete emergency routes used by all students to travel to and from the assembly area should be inspected. Ensure that there are no barriers to students with specific mobility needs.
- Within a month of the start of the new school year, the School Safety Committee will review the walk-through. A timeline for the completion of necessary corrections will be reviewed and assessed monthly.
- The School Principal and/or designee will be responsible for inspecting the campus regularly for the following conditions:
    - All non-structural hazards in classrooms and other sites where students are served will be eliminated. These hazards may include incompatible chemical storage; unsecured objects on high shelves; trees or shrubs that require pruning; trip hazards; exposed nails; screws or bolts; equipment in need of repair, or any other condition that could constitute a hazard.
    - All damaged fences will be reported and corrected as soon as possible.
    - Playground facilities and equipment will be inspected regularly for hazards. Repairs must be made as soon as possible.
    - All non-functioning lighting fixtures must be reported and corrected as soon as possible.

RECOVERY

Schools as Pillars of Support in Emergencies
Schools play a pivotal role in aiding members of the learning community in both preparing for and recovering from emergencies or disasters. Whether stemming from natural events like earthquakes, fires, and loss, or man-made events such as tragic incidents, student overdoses, or acts of terror, a school's approach to post-emergency support is most effective when it addresses diverse levels of need among students. The provision of varying degrees of support, including opportunities for smaller group meetings, becomes critical for those requiring more in-depth assistance, thereby complementing the general support offered to all students.

In the aftermath, the responsibility for implementing recovery strategies typically falls on the shoulders of school psychologists, counselors, social workers, and potential community mental health partners, all of whom may serve as members of the Crisis Response Team. Encouragingly, all adults involved are urged to contribute by modeling calm, caring, and thoughtful behavior.

Supporting Someone After a Crisis
When supporting someone after a crisis, it is important to be present and supportive. Use verbal, nonverbal, and paraverbal communication to convey your care and concern. Ask open-ended questions to identify how they are feeling and listen with empathy. Do not rush them to talk about the incident.

If you are feeling overwhelmed, take some time to gain your composure. Ask for a staff member to step in if you need to leave the room. Coordinate with other staff to address the immediate needs of the staff involved.

It is important to remember that you cannot provide effective support until you have reached physical and emotional calm.

Guiding Therapeutic Rapport through Time
1. Supporting in the Present - Helps rebuild relationships and build bridges of communication. The trust and relationship that you establish at this point are crucial to the de-escalation of a future crisis.
2. Understanding the Past - Allows the person to reflect on their actions and consider the impact on others. This helps to uncover what happened and identify any patterns and Precipitating Factors, which can help in planning for the future.
3. Planning for the Future - Results in learning and development of approaches by collaborating and problem-solving. Planning creates a sense of responsibility and ownership for the individual. It also helps staff prevent crisis behaviors and improve their approaches.

Therapeutic Rapport Considerations
When engaging with individuals in therapeutic settings, it is crucial to take into account several factors that significantly influence the dynamics of the counseling relationship:
- Age: An individual's age plays a pivotal role in shaping their ability to comprehend and actively participate in therapy. Consider the developmental stage, as younger children might struggle to express emotions or grasp complex concepts, while older adults bring different life experiences and concerns.
- Cognitive Functioning: Cognitive abilities vary among individuals, affecting their capacity to process information and follow instructions. Modify therapeutic approaches to accommodate diverse cognitive functioning levels and ensure effective communication.
- Culture: Cultural background deeply influences expectations about counseling and communication styles. Cultivate respect for individuals' cultural values and beliefs, recognizing the potential impact of cultural differences on the therapeutic relationship.
- Gender Identity: An individual's gender identity significantly shapes their experiences and interpersonal connections. Create an affirming and safe space that respects and acknowledges clients' gender identities, fostering an environment conducive to exploring gender expression.

- Previous Life Experiences: Past life experiences profoundly mold an individual's thoughts, emotions, and behaviors. Be attuned to the potential impact of these experiences on the therapeutic relationship, recognizing their role in shaping an individual's progress.

In acknowledging and adapting to these diverse factors, support staff can enhance the effectiveness of therapeutic interventions, fostering a more inclusive and supportive environment for all individuals seeking assistance.

Strategies for the Crisis Response Team: Supporting Students and Staff After a Crisis

1. Immediate Debriefing: Conduct immediate debriefing sessions to allow team members to share their experiences, feelings, and observations.
2. Provide Safe Spaces: Establish designated safe spaces within the school where students and staff can seek solace and support.
3. Structured Group Sessions: Organize structured group sessions led by mental health professionals to address collective concerns and promote a sense of community.
4. Resource Distribution: Distribute informational resources and support materials to students and staff, outlining available counseling services and coping mechanisms.
5. Collaborative Outreach: Collaborate with external mental health organizations to provide additional resources and expertise.
6. Peer Support Networks: Facilitate the creation of peer support networks among students and staff to encourage mutual assistance.
7. Long-Term Counseling Services: Ensure access to long-term counseling services for both students and staff members, recognizing that recovery is an ongoing process.

Strengthening Staff Responses and Fostering Resilience

To enhance staff responses to incidents, it is crucial to conduct an objective assessment of the current response. Take time to reflect on the incident and engage in open dialogue with fellow staff members who were involved. This collaborative process can uncover valuable insights and identify areas for improvement.

Managing a crisis is a challenging experience that can have a profound impact on everyone involved, including staff members. Recognizing the potential trauma of these situations is the first step toward building resilience. Taking care of one’s self during this time is essential for both physical and emotional well-being.

Building Resilience:

- **Reflect on the Experience: Acknowledge thoughts, feelings, and physical reactions to the incident.** Reflecting on the experience helps in processing emotions and developing effective coping mechanisms.
- Practice Self-Care: Prioritize self-care activities to maintain overall well-being. Ensure individuals get enough sleep, maintain a healthy diet, engage in regular exercise, and spend quality time with loved ones. Self-care provides the strength needed to cope with the challenges of crisis management.
- Seek Professional Support: If coping is challenging following the aftermath of a crisis, seeking professional support from a therapist or counselor can be immensely beneficial. A professional can assist in understanding emotions and developing healthy coping mechanisms tailored to your needs.

By fostering open dialogue, engaging in self-reflection, and prioritizing self-care, staff members can collectively navigate the aftermath of crises. Recognizing the trauma and proactively seeking support contribute to building resilience and fostering a supportive community within the school environment.

Our Mission

Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to provide a high-quality, college preparatory STEAM educational experience in an environment that cultivates respect for self and others.

Our Vision

Graduates of Magnolia Public Schools commit to building a more peaceful and inclusive global society by transforming traditional ideas with creative thinking, effective communication, and the rigor of science.

About our School as a Safe Place to Learn

At Magnolia Public Schools, we envision a vibrant learning community where every student feels safe, nurtured, and respected. Through proactive efforts, we foster a positive and inclusive environment that empowers students to thrive academically, socially, and emotionally.

PURPOSE & PREPARATION

Statement of Purpose

The School Safety Plan is designed to foster a secure school environment, fostering an optimal learning experience and elevating student academic achievement. This plan is strategically implemented to safeguard the well-being of students and staff, offering a structured response to emergencies and a set of guidelines for preparedness. The primary objectives of this plan include:

1. Ensuring the safety and welfare of students and staff.
2. Providing a coordinated and effective response to emergency situations.
    - Encouraging collaboration among co-located schools for a unified emergency response. This collaborative effort encompasses comprehensive goals, activities, teams, and timelines, ensuring a collective commitment to the well-being of all individuals on campus.
3. Safeguarding the school's facilities and property.
4. Facilitating a swift restoration to normal conditions in the aftermath of an emergency, minimizing confusion.
5. Coordinating with local emergency services when necessary to enhance overall emergency response capabilities.

Plan Organization

Effectively managing emergencies demands a dual focus on thorough emergency preparedness and efficient emergency response capabilities. The School Safety Plan is organized into five essential components:

1. Purpose and Preparation: This component addresses anticipated threats and hazards to the school, emphasizing safety needs before, during, and after an incident. It serves as the proactive foundation for comprehensive emergency preparedness.
2. Prevention: Focused on education and awareness strategies, this component aims to empower members of the learning community with the knowledge and tools to prevent incidents. Proactive measures play a pivotal role in ensuring a secure environment.
3. Response: Strategies and procedures for drills and handling potential threats are outlined. This component ensures a swift and coordinated response during emergency situations, contributing to the preparedness of both students and staff.
4. Recovery: Post-incident, this component centers on establishing therapeutic rapport and utilizing school and community-based resources to address the emotional impact of the crisis. Recovery efforts are crucial for restoring a sense of normalcy within the learning community.
5. Quick Reference Guide: Serving as an internal tool, the Quick Reference Guide enables the rapid activation of the team and safety protocols specific to potential incidents within the learning community. This guide enhances the efficiency and coordination of emergency response efforts.

Safety Goals and Objectives

The emergency safety plans are carefully developed to address a range of potential crises, including natural disasters and fires. The school sites participate in regular disaster drills conducted throughout the academic year to ensure that students and staff are well-prepared for any emergency scenario. A crucial part of our planning process involves each MPS school site conducting a thorough review of school-specific data, leading to the identification of specific goals for the school year. This proactive approach ensures that our emergency preparedness measures are tailored to the unique needs and challenges of each school site, fostering a safe and secure learning environment for everyone in our community.

Assessment of Data

Local Crime Data

Data Source reviewed to develop statistical analysis was local Law Enforcement crime data via crimemapping.com

The top three crime violations in the area of 90746 from 8/2025 to 1/2026:

Type	Number
Total Crimes during time period	166
Top #1 Larceny	48
#2 Assault	39
#3 Vehicle Break In / Theft	23

School-wide Data

Data regarding school community was compiled from Infinite Campus, local records, and logs. Data was reviewed on 1/20/26The following data was reviewed:

	2023-24	2024-25	2025-26	Currently as of SAME DATE AS ABOVE
Suspension Data Out-of-School	10	17	17	17
Suspension Data In-School	1	4	0	0
Expulsion Data	0	0	0	0
Office Discipline Referrals ODRs	50	50	25	25
Average Daily Attendance (ADA) Rate	91.98%	91.93%	92.85%	92.85%
Chronic Absenteeism Rate	27.3%	29.3%	25.7%	25.7%
Graduation Rate	93.8%	100%	N/A	N/A

The committee reviewed the data and identified the appropriate strategies and programs that provide high-level school safety. Those programs and strategies include:

- Parent/Student Handbook
- School Safety Committee
- Discipline Committee
- Administration
- Local School Administration
- Parent Advisory Committee
- Parent Task Force
- Student Leadership
- Local Law Enforcement Collaboration

We will continue to review data in the upcoming academic year to continually revise and identify appropriate strategies and programs that provide/maintain a high level of school safety, both on and off campus.

Component 1: School Climate

Goal(s): All employees will uphold and implement all stated policies and procedures as noted in the school-wide safety plan.

- Objective: Annually, all employees will review the policies and procedures as noted in the safe school plan.
- Related Activities: Review regularly during Professional Learning Sessions (CA-ISP LACOE), completion of training through CPI, committee meetings, and Curtiss safety meetings.
- Resources needed: Safety plan & Training dates
- Person(s) responsible for implementation: Designated Administrator, Safety Committee
- Budget: Refer to schools' annual budget
- Evaluation guidelines: Educational Partner Surveys

Component 2: All students will experience a safe and nurturing environment

Goal(s):

- Objective: Create a safe learning environment for students
- Related Activities: Promotion of school wide expectations, PBIS and SEL curriculum in all grade levels, Creating alternative to suspension plans
- Resources needed: Partnerships with outside organizations like Carson Sheriff (YAL & SRO)
- Person(s) responsible for implementation: Designated Administrator, Community Schools Team
- Budget: Refer to schools' annual budget
- Evaluation guidelines: Educational Partner Surveys, Suspension Rate, ODR rate

Component 3: Improve Chronic Absenteeism from 25% → 20%

Goal(s): Improve Chronic Absenteeism from 29% → 25% → 20%

- Objective: At the end of the year, the absenteeism rate will be significantly lower than the previous year
- Related Activities: Review regularly during Professional Learning Sessions, communication of attendance expectations to parents Rewards for students meeting expectations.
- Resources needed: Attendance Data (Infinite Campus)
- Person(s) responsible for implementation: Designated Administrator
- Budget: Refer to schools' annual budget
- Evaluation guidelines: California Dashboard

MPS Emergency Drill Evaluation (Google Form)

The MPS Emergency Drill Evaluation collects the following information:

- School site
- When did the emergency drill take place?
- Drill Type
- Date Conducted
- Time Started and Time Completion
- Alert Type
- Did everyone on campus participate?
- If parents/guardians participated, what were their roles?
- Rate students' performance of emergency procedures.
- Rate faculty's performance of emergency procedures.
- Rate emergency team performance of duties.
- Rate accounting for everyone.
- Rate alert system.
- Did the School Safety Committee and/or Emergency Team Leaders debrief after the drill?
- List the top lesson learned from this drill and how it will be addressed.
- What school-site training support would improve emergency drills and/or preparedness?

PREVENTION

Employee Preparedness

Our commitment to ensuring a safe and secure school environment involves comprehensive measures to prepare and empower our staff for effective response during emergencies. Here are the key components of our Employee Preparedness plan:

Ongoing Preparedness Measures:

- Regular review of the School Safety Plan and other emergency policies and procedures.
- Familiarization with each employee's role during emergency situations.
- Knowledge and evaluation of required drills, ensuring staff are well-versed in emergency response procedures.
- Familiarity with the layout of buildings, grounds, and all emergency procedures.
- Review of the locations of emergency exits, fire extinguishers, fire alarms, and emergency equipment and supplies.
- Attendance at updated training sessions covering first aid, CPR, the use of fire extinguishers, and search and rescue, as necessary.

Employee Skills

At the commencement of each school year, the School Principal or designee will seek input from instructional and non-instructional staff to identify individuals with special skills or experiences that could be beneficial during an emergency. These employees may be assigned specific emergency management roles, such as first aid, CPR, search & rescue, and fire extinguisher training and certification.

The instructional staff is responsible for the following:

- Presenting instruction to students about emergency preparedness plans and student responsibilities during major emergencies.
- Maintaining readily accessible attendance sheets for use during evacuations.
- Updating and storing classroom emergency kits in safe, accessible locations.
- Full participation in fire, earthquake, and evacuation drills.
- Developing planned activities for students during periods of confinement in emergencies.

The School Principal, or designee, is responsible for the following:

- Assigning employees to specific roles based on their skills, abilities, and normal functions.
- Ensuring that all employees are familiar with site maps, evacuation plans, and are trained in emergency response roles.
- Updating lists of employees trained in first aid, CPR, fire extinguisher use, and search and rescue, arranging for update training as necessary.
- Regularly updating site floor plans showing evacuation routes, assembly areas, emergency supplies, equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut-off valves.
- Posting emergency procedures in visible locations across the school.
- Updating the list of disabled students or employees, arranging for evacuation assistance or other special assistance as needed.
- Testing the site warning system and ensuring signal recognition by employees and students.
- Conducting an inventory of all emergency supplies and equipment, replacing used or outdated items.
- Maintaining a list of emergency phone numbers in readily accessible locations.

Employee/Student Special Needs

Employees and students with special needs are encouraged to self-identify their specific requirements during emergencies. At the beginning of each school year, parents are asked to provide written information and instructions concerning the specific needs of students. Areas of the school with employees and/or students with permanent mobility impairments should maintain any necessary evacuation devices on each floor where such individuals are located.

Emergency Onsite Personnel

Emergency phone contacts for staff will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc., will also be noted on a list kept at the school.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

Reporting the information regarding a case of possible child abuse or neglect to your supervisor, the School principal, a School counselor, coworker or other person shall not be a substitute for making a mandated report to Child Protective Services or law enforcement.

MPS will provide annual training on the mandated reporting requirements, using the online training module provided by MPS, to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the course of the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one-thousand dollars ($1,000), or by both.

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of employment.

Reportable Offenses

A mandated reporter is obligated to report whenever, in their professional capacity or within the scope of their employment, they have knowledge of or observe a child whom they know or reasonably suspect has been the victim of child abuse or neglect (Penal Code 11166).

Responsibility for Reporting

Mandated reporters must take immediate action whenever they have knowledge of or observe suspected child abuse or neglect within their professional capacity or employment scope (Penal Code 11166).

Reporting Procedures

1. **Initial Telephone Report**
   Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department (Penal Code 11165.9, 11166).

   - Los Angeles County 800-540-4000 or https://reportChildAbuseLA.org
   - Orange County 714-940-1000 or 800-207-4464 and Forms | County of Orange Social Services Agency
   - San Diego County 858-560-2191 or 800-344-6000
2. **Written Report**
   Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572) (Penal Code 11166, 11168).
3. **Confidentiality**
   Mandated reporters are assured that the reporting process is confidential, and their identity will be protected. Ensuring the safety of the child is the top priority, and the reporting process is designed to support this goal.

Investigation of Suspected Child Abuse or Neglect by Peace Officers - PC 11174.3

A suspected victim of child abuse or neglect may be interviewed during school hours, on school premises, by a representative of a governmental agency investigating the case, or by the State Department of Social Services when deemed necessary. The investigation is based on a report of suspected child abuse or neglect that occurred within the student's home or out-of-home care facility. The student must be given the option of being interviewed in private or selecting a member of the school staff, whether certificated or classified, to be present at the interview.

The selected staff's role is to provide support to the student and to help the student feel as comfortable as possible; it is not to participate in the interview and discuss the case with the student. The principal or the principal's designee should remind the staff member selected of the staff member's role and the requirement to maintain confidentiality prior to the interview. The staff member selected may decline the request to be present at the interview; however, if the staff member agrees to be present, the interview must take place during school hours.

Releasing a Student to a Peace Officer - EC 48906

When a minor student is released to a peace officer for the purpose of removing the student from the school premises, a school official must take immediate steps to notify the parent or responsible relative of the student of such removal and the place to which the student is being taken.

In the case where the student is being taken into custody as a victim of suspected child abuse, the school official must provide the peace officer with the address and contact information of the student's parent. It is the responsibility of the peace officer to contact the parent.

Procedures for Supervision and Protection of Children from Abuse, Neglect, and Sexual Offenses

In addition to strict compliance with the reporting policy above, the school shall implement the following procedures to minimize opportunities for abuse, neglect, or sexual offenses.

Procedure	Details
Two-Deep/Visible Supervision	No employee, volunteer, or contractor shall be alone with a single student behind a closed door or in an isolated area without another adult present or visible.
Line-of-Sight Supervision	Staff shall maintain visual contact with students during recess, transitions, restroom breaks, and after-school activities. High-risk areas (locker rooms, storage rooms, offices) shall be monitored or equipped with windows or open doors.
Private Electronic Communication Prohibited	Staff may not communicate privately with students via personal phone, text, social media, or apps. All school-related electronic communication must use school-approved platforms with at least one other adult copied or able to monitor.
Physical Contact Boundaries	Physical contact shall be limited to what is appropriate and necessary (e.g., high-fives, side hugs, brief comforting). Staff shall avoid lap-sitting, tickling, piggy-back rides, or any contact with private body areas.
Transportation & Off-Campus Activities	At least two adults must be present in any vehicle transporting students. One-to-one transportation of a single student by one adult is prohibited except in documented emergencies.
Visitor & Volunteer Screening	All visitors and regular volunteers shall sign in, wear identification, and be supervised at all times. Background checks are required for any adult with unsupervised student contact.
Restroom Policy (Elementary)	Adults may not enter student restrooms while occupied unless an emergency exists and another adult is present.
Annual Review of Physical Plant	The school shall annually identify and mitigate blind spots, inadequate lighting, or isolated areas.

The school strictly follows all applicable fingerprint background check requirements for employees, contractors, and volunteers.

Additional policies and procedures to prevent abuse, neglect, and sexual offenses are included in the school's Professional Boundaries policy, Visitor and Volunteer policies, and Employee Handbook.

Procedures for Safe Ingress and Egress from School

Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.

1. Availability of Maps: Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.
2. Visitor Protocol: Visitors and guests are welcome at the school, but reasonable precautions are taken to safeguard students and staff. Visitors should:
    - Report and sign in at the office.
    - Be provided with a visitor's badge.
    - Be prepared to provide identification to school personnel.
    - Respect school rules.
3. Exterior Door Management:
    - School personnel should ensure that all exterior doors are marked with a notice instructing visitors to report to the office first. Exterior doors, except those near the office, should remain locked to control access.
4. Staff Training:
    - School staff should receive training on how to greet visitors, with the first question being "May I help you?" Someone should greet every visitor.
5. Response to Intruders:
    - Any intruder found roaming the building without a visitor's badge or visible identification should be escorted to the office. School personnel in the office can then provide additional information or directions.
6. Progressive Response to Non-Compliance:
    - Visitors who fail to comply with school procedures should verbally be informed of the violation. If non-compliance persists:
        - Notify the office of the situation.
        - Follow the person if possible and continue to give notice of the violation of school rules.
        - Notify the police or call 911.
7. Building-Wide Notification Plan:
    - In case of an intruder(s), the office should activate a building-wide notification plan:
        - Make a PA announcement using predetermined code phrases.
        - Instruct classroom doors to be closed.
        - Advise students to remain in their current areas.

Social Climate: School and Physical Environment

At MPS, we firmly believe that safety and education are a shared responsibility among parents, teachers, and students. Our school's successful operation relies on the cooperation of everyone involved. Each group holds a responsibility to contribute, creating an environment where learning, safety, and play can harmoniously coexist. We uphold the principle that every individual, regardless of color, race, gender, popularity, ability, religion, or nationality, has the right to feel safe, secure, and accepted.

Our vision is shared through the student-parent handbook, a tool that communicates our expectations to students and parents alike. MPS is a reflection of all of us, and our policies are crafted to provide a safe and orderly environment conducive to learning. Our dedicated faculty and staff eagerly anticipate sharing their expertise in academics, special programs, and extracurricular activities.

To make MPS a thriving community, we encourage active participation from students and parents. Explore our programs, activities, and schedule, and become an engaged participant in your education through classes, clubs, and various activities. We recognize that a school environment thrives when governed by clearly defined and

implemented rules. To this end, MPS has compiled a comprehensive student-parent handbook, addressing the school's regulations and policies to set a standard for the entire school community.

Effective Communication

Open and effective communication is essential for addressing issues or concerns that may arise with teachers, staff members, or administrators. We encourage both students and parents to approach the person directly involved when faced with a situation of concern.

For Students: If a student encounters a challenge at school, we believe in empowering them to communicate and seek resolution. In cases involving classroom situations or issues with teachers, we recommend the following steps:

1. Talk with the Teacher - The student should be encouraged to express their concerns directly to the teacher. Open dialogue between students and teachers is the foundation for understanding and resolving issues.
2. Talk with an Administrator - If the issue persists or if the student is uncomfortable talking directly to the teacher, the student is encouraged to approach an administrator.
3. Parental Involvement - In instances where the student is reluctant to speak with the teacher or administrator, the parent may accompany the student and facilitate the conversation with the teacher.

It is crucial to demonstrate to children how to actively and constructively solve problems. If a concern is significant enough for a child to discuss, it is equally important for them to learn how to be part of the solution. Encouraging problem-solving skills empowers students to take an active role in creating a positive and solution-oriented school environment.

Parent Concern

Addressing concerns in a timely and effective manner is crucial for fostering a positive school environment. Parents are encouraged to follow these steps when dealing with concerns:

1. Initiate a Conversation with the Teacher. In the initial stages of any concern, it is recommended to talk directly with the teacher. Teachers can provide insights into classroom situations from both an adult and professional perspective, often resolving misunderstandings through open communication.
2. Follow up with the Teacher if Necessary. If the concern persists after an initial conversation, it is advisable to revisit the issue with the teacher. Open dialogue allows for continued communication and a more in-depth understanding of the situation.
3. Schedule an Appointment with the Administrator. If resolution is not achieved at the teacher level, parents are encouraged to make an appointment with the relevant administrator. Thai step ensures that concerns are elevated to the appropriate authority for further consideration.
4. MPS Home Office Communication. If concerns persist even after meeting with the Principal, the parent is encouraged to complete the appropriate form available in the MPS Student-Parent Handbook. The form should include details about the complaint and the steps taken to resolve it. Once completed, contact the MPS Home Office to ensure a thorough and documented review of the matter.
5. MPS Board Communcaiton. If necessary, the next level of communication involves reaching out to the MPS Board. Parents may initiate this process by revising the form originally submitted. The MPS Board will consider the matter at its next meeting, providing a transparent and structured approach to addressing concerns. In the event that the Board decides not to hear the complaint, the Superintendent's decision will be considered final.

Communication Channels. Teachers, staff, and administration are accessible through email, phone, in-person meetings, and by appointment. However, due to busy schedules, we request parents to schedule meetings in advance rather than dropping in. This ensures that everyone involved can allocate time for a focused and productive discussion.

Respectful and Constructive Communication. MPS emphasizes the importance of maintaining respectful and constructive communication. Parents are kindly requested not to "drop-in" for appointments and should avoid engaging with teachers, other parents, students, or administrators in a disrespectful or threatening manner.

Students Responsibilities

I am aware of my responsibilities and will do my best to satisfy my parents'/teachers' expectations at MPS because this will help me do better in the future. I agree to really try and do the following:

- I will come to school dressed in uniform every day and on time.
- I will be prepared for all my classes with all required materials.
- I will complete class work and homework on time.
- I will do all the homework assigned to me the best way I can and ask for help when needed.
- I will strive consistently to give my best, and to make my best academic progress.
- I will act responsibly and respectfully at all times and towards all members of the school community.
- I will follow all school rules.
- I will obey the School's Code of Conduct.
- I will respect my property, that of others, and that of the School.
- I will take good care of my books, and other materials the School allows me to use.
- I will serve my community.

Parent Responsibilities

I understand that my child's studies are very important and my participation in activities at MPS is a critical component of my child's educational success. Therefore, I agree to carry out the following responsibilities to the best of my ability:

- I will take a positive and active role in supporting my student's education.
- I will make certain my student attends school regularly and on time.
- I will notify school when child is absent and provide appropriate documentation.
- I will ensure that my student follows the school attendance policy and dress codes.
- I will ensure that my child come to school rested, clean, well-fed, and appropriately dressed (in student uniform).
- I will notify office immediately if there is a change of home address or phone number.
- I will set aside a specific time and place for my student to do homework.
- I will support my student in completing homework, including, if necessary, limiting time watching television, computer gaming, and recreational internet use.
- I will allow my student to attend remedial and other programs offered if requested by the school as is needed for individual improvement.
- I will set up a college-bound environment at home and support my student through the college admission and scholarship-finding process.
- I will emphasize my child adheres to the MPS Discipline Code at all times.
- I will enforce the School Code of Conduct with my child, including ensuring my child is wearing the uniform and promoting respect for teachers and all adults and students.
- I will follow through with any problem behaviors noted by the School.
- I will attend orientation meetings prior to the start of School.
- I will communicate regularly with my student's teachers to ensure his/her academic success (includes attending at least two conferences in a school year).
- I will review information and work sent home and/or posted online for parents and students via the school website and the online Student Information System and respond as necessary (computer access is available for parents at School if needed).
- I will review progress reports that are sent by the School and respond as necessary.
- I will encourage positive attitudes toward school.
- I will talk with my student about what he/she is learning.
- I will expect and encourage my student to be focused on learning.

- I will expect and support my student to strive consistently to give his/her best, and to make his/her best academic progress.
- I will assure that my child does not destroy materials (textbooks, equipment, etc.) and/or MPS property.
- I will pay for any damages to materials and/or property incurred by student.
- I will assure that students do not bring destructive materials to school (markers, paint, etc.)
- I will assure that all school materials loaned to students will be returned in the condition issued (textbooks, library books, etc.) I will pay for any lost or damaged books in CASH only.
- I understand that a student's bringing or possession of any weapon is grounds for expulsion from the Charter School.
- I will complete and return all necessary school forms and documents on time as requested by school officials.
- I will try to volunteer at School when requested. (Parents/guardians are not required to volunteer for MPS.)

School Responsibilities

- The School will provide a high-quality curriculum and instruction in a supportive and effective learning environment that enables all students to meet the State Core Curriculum Content Standards in all content areas through an aligned curriculum and rigorous assessment.
- The School will provide a variety of support programs to enhance instruction at all grade levels.
- The School will send frequent reports to parents on their child's progress.
- The School will hold parent-teacher conferences during which this Compact will be discussed as it relates to the individual student's achievement. Conference dates will be listed on the school calendar and additional dates will be sent through notification by the School.
- The School will grant parents reasonable access to staff by appointment through the office.
- The School will provide parents with the ability to observe classroom activities by appointment through the office.

Building Capacity for Engagement

Infinite Campus

MPS leverages the Infinite Campus online web portal to enhance efficient communication among parents, students, and teachers. Each teacher maintains a dedicated grade book for every class, providing a centralized hub for course-related information. Teachers regularly update and share course materials, homework assignments, projects, and course grade statistics, as well as detailed records of students' performance, including grades on quizzes, tests, class participation, and homework assignments. Access to these resources is secured through confidential passwords, ensuring a private and secure environment for students and parents to stay informed and engaged in their academic journey.

ParentSquare

MPS utilizes ParentSquare, a school-to-home engagement platform, to streamline communication between the school and parents. This dynamic platform facilitates automated messages tailored to individual students, delivering key information directly to parents. Utilizing ParentSquare, MPS communicates essential details such as attendance information, news updates, upcoming events, opportunities for parent and family engagement, surveys, resources for parent education, and more. With seamless integration into Infinite Campus, multilingual translation capabilities spanning over 100 languages, and versatile access through the app, email, text, voice, and web portal, ParentSquare ensures inclusive and equitable communication, fostering strong connections between the school and all families.

Parent Advisory Committee (PAC)

In adherence to the Local Control and Accountability Plan (LCAP), the invaluable input of educational partners—including students, families, staff, and community members—is paramount. To fortify the collaborative relationship among these educational partners and review the LCAP along with its various components crucial to student success, schools will host PAC (Partnership Advisory Committee) meetings. PAC meetings will replace School Site Council (SSC) gatherings, streamlining efforts to enhance meeting effectiveness and efficiency.

Scheduled throughout the school year, PAC meetings will actively engage in:

- Planning, Reviewing, and Enhancing LCAP, Title I, and Part A Programs: The committee will play a pivotal role in evaluating and refining the LCAP, Title I, and Part A programs, ensuring alignment with the overarching goals of the LCAP.
- Primary Oversight of Parent and Family Engagement Policy: PAC will serve as the primary committee responsible for reviewing and shaping the parent and family engagement policy. Additionally, if applicable, the committee will extend its purview to other school program plans, fostering a comprehensive approach to school improvement.

Collaboration between school leadership and PAC will be integral to ensuring active parental involvement in the school improvement process. This strategic shift aims to promote effective communication and collective decision-making for the betterment of our educational community.

Parent Task Force (PTF)

Our Parent Association conducts annual elections to fill key positions including President, Vice President, Treasurer, and Secretary. A consistent 10% of our parents actively participate in monthly Parent-Teacher Fellowship (PTF) meetings, creating a dedicated forum for collaborative efforts. PTF meetings serve as a platform where parents take the lead, steering discussions and garnering support for ongoing fundraising initiatives, cultural events, and engagement opportunities designed for all families.

Led by elected PTF Committee Officers, chosen by families vested in supporting the success of all students at MPS, these meetings foster an environment of shared interest and collective dedication. Throughout these gatherings, parents collaborate, pooling their experiences and skills to strategically work towards common goals that propel student success. This approach ensures a dynamic partnership between parents and the school community, actively contributing to the holistic development and achievement of our students.

Professional Development

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive training on school-wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, training on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying-related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015.

Physical Environment

MPS is dedicated to providing a safe, healthy, and nurturing environment characterized by trust, care, and professionalism. To achieve this, we have implemented a comprehensive set of health, safety, and risk management policies that comply with all applicable state and local laws and regulations. The on-site school administration consistently monitors activities to ensure the safety and security of our students. Parents and students are informed through the MPS Student-Parent Handbook about these policies, covering essential aspects of our commitment to safety.

MPS commitment extends to maintaining a drug-free, alcohol-free, and tobacco-free zone within the school premises, accompanied by a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyberbullying through school-wide assemblies and engaging guest speakers. All staff members are designated mandated reporters for cases of child abuse or violence, further reinforcing our commitment to student well-being.

In preparation for emergencies such as natural disasters and fires, we have developed and communicated emergency safety plans. Each classroom is equipped with these plans, and disaster drills are practiced regularly throughout the year. Our collective efforts create a secure and supportive environment that fosters the academic and personal growth of our students.

Instructional Continuity Plan for Site-Based Schools

INTRODUCTION

Pursuant to Senate Bill 153 and California Education Code section 32282, subdivision (a)(3)(A), Magnolia Public Schools ("MPS" or "Charter School") adopts the following Instructional Continuity Plan ("ICP") to establish communication with students and their families and provide instruction to students when in-person instruction is disrupted due to an emergency or a natural disaster.

The Instructional Continuity Plan ("ICP") states how MPS will:

1. Establish communication with students and families not later than five (5) calendar days after an emergency or natural disaster that disrupts in-person education, with the goal being to establish two-way communication and to identify and provide students with social-emotional, mental health, and academic supports; and
2. Establish access to alternative in-person instruction, remote instruction, or a hybrid model no more than ten instructional (10) days after an emergency or natural disaster disrupts in-person education.

DEFINITIONS

- "Remote Learning" means instruction in which the student and certificated teacher are in different locations and instruction shall be aligned with traditional independent study per Education Code 51745-51747.5. Instructional time shall be based on the time value of the learning tasks and assignments delegated by the teacher.
- "In-person instruction" means instruction under the immediate physical supervision and control of a certificated employee of the Charter School while engaged in educational activities required of the student.
- "Two-way communication" may include phone calls, email, or instant messaging through ParentSquare, the Charter School's portal.
- "Emergency or natural disaster" may include wildfires, earthquakes, severe weather, floods, landslides, tsunamis, pandemic, infectious disease outbreaks, chemical/hazardous materials spill or threat, etc.

STUDENT AND FAMILY ENGAGEMENT

To provide consistency during an emergency, the Charter School's primary mode of communication shall be through ParentSquare. This platform provides a secure environment to communicate with each student and their parent/guardian through instant messages, classroom postings, flyers, and embedded documents. In addition to ParentSquare, teachers will communicate with parents/guardians on a regular basis through traditional communication channels (i.e. phone calls, online

classroom postings, Zoom, through Google Classroom etc.) regarding each student's academic progress, attendance/participation, behavior, and social-emotional well-being.

Initial Notification MPS shall:

Engage students and families as soon as practicable following an emergency or natural disaster that disrupts in-person learning. The initial communication establishing two-way communication with students and their families shall occur no later than five (5) calendar days following an emergency. This communication shall:

- Notify students and families that in-person instruction will be closed as a result of the emergency or natural disaster;
- Provide students and families with a status update, based on the most up-to-date and credible sources available, on the nature and extent of the emergency or natural disaster;
- Inform the Charter School community of the methods the school will use to communicate with students and families while in-person instruction is disrupted;
- Request that students and families check in and report their physical well-being, as well as any immediate social-emotional, mental health, and academic needs;
- Provide support for students' social-emotional, mental health, and academic needs by using internal resources to the extent available, and by referring families to any community-based or emergency-focused resources and services providers that may be available; and

Remote Instruction

Charter School shall provide access to in-person or remote instruction as soon as practicable, but no more than ten (10) instructional days following the emergency or natural disaster, which includes:

- If in-person instruction is not feasible, the Charter School will provide remote instruction pursuant to MPS's Independent Study Policy and procedures; and
- Provide access to instructional resources such as a laptop, internet, and instructional materials to participate in remote instruction as follows:

    - Students will have access to lessons via an online portal, such as Google Classroom.
    - If the online portal is not accessible due to unforeseen disruptions, students and families will be provided printed, weekly packets to ensure schoolwork from teachers related to assignments, instruction, and assessments is uninterrupted; or
    - If an emergency or natural disaster disrupts in-person learning and independent study is not feasible, a student may also be offered enrollment in or be temporarily reassigned to another site, school district, county office of education, or charter school[1]. This information will be determined on a case-by-case basis and communicated to each impacted family.

Communication

MPS's communication platform is ParentSquare and all communications regarding an emergency or natural disaster will be posted on this platform, which is accessible to all students, parents/guardians, and MPS employees.

ParentSquare will also be used to provide instructions to the school community regarding how and when families will access instruction, academic supports, social-emotional resources, and important updates regarding when in-person instruction will resume.

Other forms of communication will be as follows:

- Questions regarding academic instruction, assessments, homework, etc. will occur through Google Classroom;
- Teachers will communicate with parents/guardians on a regular basis through traditional communication channels (i.e. email, phone calls, ParentSquare messages, or Google Classroom messages;
- The Charter School's website and ParentSquare will:
    - Identify whether instruction is in-person, remote, or hybrid;
    - Provide updates and solutions about the impact the emergency or natural disaster is having on providing in-person, remote, or hybrid instruction; and
    - Provide an outlook for when and how normal operations will resume. through the Charter School's ParentSquare, and when in-person instruction will resume.
- If the emergency or natural disaster has negatively impacted power or internet services, flyers will be posted at local community centers, libraries, and other publicly accessible locations.

This information will be provided upon the Charter School's emergency closure and updated every day.

INSTRUCTION AND ASSESSMENT

Independent Study Agreements

All students will be asked to sign an independent study agreement during the enrollment/re-enrollment period every year to ensure agreements are in place prior to an emergency or natural disaster that limits or prevents access to the school site.

Course Content

The Charter School shall provide content aligned to grade level standards that is substantially equivalent to in-person instruction. For high school grade levels this shall include access to all courses offered by the Charter School for graduation and approved by the UC or CSU as creditable under the A-G admissions criteria.

Assessments

Teachers will use the following assessment tools to check for student understanding: Teacher-created tests and assessments, Progress/Report Cards, Chapter/Unit Tests, Work Samples, Portfolios, State Standards testing, journals, presentations, quizzes, labs, interim assessments, and final examinations.

The Charter School will use multiple assessment tools to determine each student's areas of progress and growth including: reading difficulty screener (K-2), NWEA Measures of Academic Progress testing, and IXL.

Each student and their parent/guardian will receive confidential results of the above assessments through Google Classroom or Infinite Campus.

Academic Support

Students demonstrating the needs for additional support will be contacted by the school site's Academic Lead, to discuss remedial measures or to convene a Student Support Team ("SST"), Section 504, or Individualized Education Program ("IEP") Team meeting to review additional accommodations, services of support.

Teachers will maintain virtual office hours to provide students or a parent/guardian the opportunity to clarify assignments, request additional academic support, or address other areas of concern. Each teacher's office hours will be posted within their virtual classroom.

EQUITABLE ACCESS

The Charter School shall utilize its multi-tiered systems of support ("MTSS") to address the needs of pupils who are not performing at grade level, or who need support in other areas, such as English Learners, pupils in foster care or pupils who are experiencing homelessness, and/or pupils requiring mental health support. The Charter School complies with the Individuals with Disabilities Education Act ("IDEA") and is committed to meeting the needs of individuals with exceptional needs in order to be consistent with the pupil's individualized education program ("IEP"). Policies, procedures, and guidelines are in place to ensure that pupils are identified, assessed, and provided a free appropriate public education in the least restrictive environment. The school complies with Section 504 of the
federal Rehabilitation act of 1973 (29 U.S.C. Sec. 794) and is committed to providing equivalent access to and providing a free appropriate public education to all students with disabilities.

Students with Disabilities

The Charter School shall provide and maintain all accommodations and services in accordance with the emergency alternative plan outlined within each student's IEP and Section 504 Plan.

The Academic Lead or Special Education Coordinator will oversee the implementation of each student's IEP within the remote learning environment. All inquiries related to a student's IEP should be directed to the Director of Special Education at (213) 628-3634.

The Academic Lead will oversee the implementation of each student's Section 504 Plan within the remote learning environment. All inquiries related to a student's Section 504 Plan should be directed to the Director of Special Education at (213) 628-3634.

English Learners

All students who are English Learners ("EL") will receive English Language Development ("ELD") support while enrolled in remote learning. Each teacher will be responsive to each EL students' different strengths, needs and identities, and support the socio-emotional health and development of English learners through structured lessons that explicitly target language development skills in reading, writing, listening, and speaking, interactive activities, scaffolding, visual aids, and differentiated instruction to meet each student's unique needs.

The Academic Lead or EL Coordinator will oversee the implementation of designated and integrated ELD within the remote learning environment. All inquiries related to an EL should be directed to the Director of EL and ELA Programs at (213) 628-3634.

Homeless and Foster Students

A student in foster care or a student who is experiencing homelessness will be provided additional support through the Charter School's MTSS and may contact the Homeless Student Liaison or the Foster Student Liaison at (213) 628-3634 for additional support.

The National Center for Homeless Education's Helpline is also staffed Monday-Friday, 9:00 AM to 5:30 PM Eastern Time. Email: NCHE.helpline@safalpartners.com or phone: +1 305-306-8495.

Mental Health Needs

MPS recognizes that when an emergency or natural disaster occurs it can cause unidentified and unaddressed mental health challenges. Access to mental health services is not only critical to improving the physical and emotional safety of students and employees, but it also helps address barriers to learning and provides support so that all students can learn problem-solving skills and achieve in school and, ultimately, in life. The following resources are available to your child during an emergency:

Available through the Charter School: Students and families will continue to have access to counseling services to support their mental health and emotional well-being. School psychologists and counselors will be available through virtual platforms, phone calls, and email to provide counseling check-ins, crisis intervention, and resources tailored to individual needs. These services aim to ensure continuity of care and help families navigate any challenges they may face during this period.

Available in the Community:

- CareSolace is available to quickly connect the school community to available mental health providers, substance use treatment, and social services matched to their needs. CareSolace can be reached at:
  - Call 888-515-0595. Multilingual support is available 24/7/365
  - Visit www.caresolace.com/mpsfamilies and either search on your own OR click "Book Appointment" for assistance by video chat, email, or phone

Available Nationally:

- National Suicide Prevention Hotline - This organization provides confidential support for adults and youth in distress, including prevention and crisis resources. Available 24 hours at 988 or 1-800-273-8255.
- The Trevor Project - This organization provides suicide prevention and crisis intervention for LGBTQ youth between the ages of 13 and 24. **Available at 1-866-488-7386 or visit** https://www.thetrevorproject.org/**.**
- Big Brothers/Big Sisters of America – This organization is a community- based mentorship program. Community-specific program information can be found online at https://www.bbbs.org or by calling (813) 720-8778.

ADDITIONAL SUPPORT SERVICES

Meals

If meal service is disrupted at the school Magnolia Public Schools will work with our food service providers, following the National School Lunch program distribution meal program guidelines, so that all students are appropriately serviced. This includes but is not limited to curbside pick-up, delivery, or frozen multiple meal packages. Meal service times will be communicated with families via ParentSquare.

Expanded Learning Program

If the expanded learning program is interrupted, the Charter School will provide expanded learning opportunities, virtually. Virtual expanded learning opportunities will include an academic enrichment (homework help, tutoring, etc.) component and an educational enrichment (E-Sports, virtual field trips, STEAM clubs, etc.) component. If the Charter School's expanded learning program is sub-contracted to a third-party vendor, the Charter School will collaborate with the third party vendor to ensure the proper implementation of expanded learning programming that includes an academic enrichment component and educational enrichment component.

PROFESSIONAL LEARNING

Within a ten (10) day window of moving into remote learning, MPS will provide teachers with training on the tools, platforms, and strategies to be adept at online or paper packet lesson plan development, assessing students, and supporting diverse learners during remote learning. The Charter School will also provide professional development on virtual classroom management.

RETURN TO IN-PERSON LEARNING

The conditions to be met prior to returning to in-person learning may include, but are not limited to the following:

- Evacuation orders lifted
- Power and utilities functioning
- Healthy air quality
- Access to safe and clean water
- Campus free from debris and hazards
- Internet fiber lines connected and functioning
- Staff to cover those affected by the fires
- Kitchens up and running for meals

Multi-Tiered System of Response to Behavior

MPS maintains as a priority reinforcing positive behavior through intervention supports. Should students continue to make poor choices the administration team and school staff will create a plan with the parent/guardian to decrease unwanted behaviors and reinforce desired behaviors. Students and guardians have access to the school SIS as a means of staying informed on student progress. The student, family, and school connection is part of the Positive Behavioral Interventions & Supports (PBIS) model for our learning community and it takes collaboration with all educational partners.

All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words, MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption to the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the rights of students to lawful student expression, as outlined in the “MPS Student Freedom of Speech/Expression Policy” available in the office of each MPS school.

The following charts and tables delineate unacceptable types of behavior in three levels and possible interventions as part of MPS’ system of response to behavior.

Suspension and Expulsion Policy and Procedures

"The procedures by which pupils can be suspended or expelled." (Ed. Code § 47605(b)(5)(J).)

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and well-being of all students at Magnolia Public Schools ("MPS" or "Charter School"). In creating this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describes the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions, and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to an annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this policy and its procedures are available upon request at the Principal's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform the student, the student's parent/guardian, or educational rights holder of the basis for which the student is being involuntarily removed and the student's parent, guardian, or educational rights holder's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons

including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, reflection during and after school hours, use of alternative educational environments, suspension and expulsion.

Positive Behavioral Interventions & Supports (PBIS)

Positive Consequences:

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem-solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues in the school information system but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

Alternatives to Suspension and/or Expulsion

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and the progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Dean /Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

Reflection

Reflection will be held on the assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls, emails, or notes will be accepted for this request.

In School Suspension

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area, not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. The student is expected to complete their classroom assignments and school community service during ISS.

Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; or d) during, going to, or coming from a school-sponsored activity.

Enumerated Offenses

Discretionary Suspension Offenses: Students may be suspended when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

l) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

m) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

n) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

o) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

p) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is

officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

q) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

r) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

u) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
    i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
    ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.
    iii. Causing a reasonable student to experience substantial interference with their academic performance.
    iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
    i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:
(a) Posting to or creating a burn page. A “burn page” means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. “Credible impersonation” means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
(d) An act of cyber sexual bullying.
(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

v) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

w) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

Discretionary Expellable Offenses: Students may be recommended for expulsion when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

    1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

        i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

        ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.

        iii. Causing a reasonable student to experience substantial interference with their academic performance.

        iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

    2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

        i. A message, text, sound, video, or image.

        ii. A post on a social network Internet Web site including, but not limited to:

            (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

            (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Expellable Offenses: Students must be recommended for expulsion when it is determined pursuant to the procedures below that the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4..

If it is determined by the Administrative Panel that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

- The term “knife” means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.
- The term “firearm” means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.
- The term “destructive device” means any explosive, incendiary, or poison gas, including but not limited to: (A) bomb; (B) grenade; (C) rocket having a propellant charge of more than four ounces; (D) missile having an explosive or incendiary charge of more than one-quarter ounce; (E) mine; or (F) device similar to any of the devices described in the preceding clauses.

Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. **Conference**

   Suspension shall be preceded, if possible, by a conference conducted by the Principal or designee with the student and the student’s parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal or designee.

   The conference may be omitted if the Principal or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

   At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student’s parent/guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student’s parent/guardian at the conference.

2. **Notice to Parents/Guardians**

   At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. In addition, the notice may also state the time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. **Suspension Time Limits/Recommendation for Expulsion**

   Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Principal or designee, the student and the student’s parent/guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student’s parent/guardian, unless the student and the student’s parent/guardian fail to attend the conference.

This determination will be made by the Principal or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. **Homework Assignments During Suspension**

   In accordance with Education Code Section 48913.5, upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

   In accordance with Education Code Section 48913.5(b), if a homework assignment that is requested pursuant to Section 48913.5(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

5. **Suspension Appeals**

   Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made in writing to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will comprise of at least one school administrator (serves as procedural advisor), and at least two teachers, and may also include a non-certificated employee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final and will be delivered to the parent/guardian in a written response. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

   - Uphold the suspension
   - Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record or shared with anyone not directly involved in the proceedings.

Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled by a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the Student nor a member of the Charter School Board of Directors. The Administrative Panel shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.

It is preferable for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. The Administrative Panel may expel any student found to have committed an expellable offense.

Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the

Principal or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of MPS' disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Special Procedures for Expulsion Hearing Involving Sexual Assault or Battery Offenses

MPS may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) calendar days notice of their scheduled testimony; (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent/guardian or legal counsel; and (c) elect to have the hearing closed while testifying.
2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness

to the witness stand.

7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to their previous educational program.

The Administrative Panel may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Administrative Panel. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Administrative Panel may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Administrative Panel revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Administrative Panel shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Administrative Panel shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

Written Notice to Expel

The Principal or designee, following a decision of the Administrative Panel to expel, shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student and student's parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures

The Principal or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

Disciplinary Records

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the authorizer upon request.

Expulsion Appeals

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within fifteen (15) working days of receipt of a timely written request for an appeal. *(This timeline supersedes the timeline statement in the charter petition if different.)*

At the hearing on the appeal, the student shall have the right to present evidence. The Board will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and MPS. That decision shall be final.

Interim Placement

MPS shall be responsible for the appropriate interim placement of students during and pending the completion of the MPS's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

MPS shall work with the District for an interim placement or other alternative programs. Should MPS determine after the referral that the student will remain at MPS pending the expulsion hearing based on the best interest of

the student, or if MPS secures another alternative interim placement at another charter school or school within its CMO, if appropriate and aligned with applicable charter petitions, MPS will notify the District of such determination.

Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to the Charter School for readmission.

Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board of Directors following a meeting with the Principal or designee and the student and student's parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Principal or designee shall make a recommendation to the Board of Directors following the meeting regarding the Principal's or designee's determination. The Board shall then make a final decision regarding the readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Involuntary Removal for Truancy

As charter schools are schools of choice and as a charter school student who fails to attend school is potentially depriving another student of their opportunity to enroll, a student may be involuntarily removed as described within the Charter School's Board adopted Attendance Policy for truancy and only after the Charter School follows the requirements of the Attendance Policy and only in accordance with the policy described above which requires notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal. Students who are involuntarily removed for truancy will be given a rehabilitation plan and will be subject to the readmission procedures set forth herein.

Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. **Notification of SELPA/District**
   The Charter School shall immediately notify the SELPA/District and coordinate the procedures in this policy with the SELPA/ District of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. **Services During Suspension**
   Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as

appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
c. Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent/guardian and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to

others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.
c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Students with an IEP

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, according to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See above: Suspension and Expulsion Procedures for more information.

Procedures for Notifying Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

This notification will be provided on our school letterhead:

Title IX Policy Prohibiting Discrimination on the Basis of Sex

This Title IX Policy Prohibiting Discrimination on the Basis of Sex ("Policy") contains the policies and grievance procedures of Magnolia Public Schools ("MPS") to address sex discrimination, including but not limited to sexual harassment, occurring within MPS's education program or activity.

MPS does not discriminate on the basis of sex and prohibits any acts of sex discrimination in any education program or activity that it operates, as required by California law, Title IX (20 U.S.C. § 1681 et seq.) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.

This Policy applies to conduct occurring in MPS's education programs or activities including but not limited to incidents occurring on the school campus, during school-sponsored events and activities regardless of the location, and through school-owned technology, whether perpetrated by a student, parent/guardian, employee, volunteer, independent contractor or other person with whom MPS does business.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 (hereinafter collectively referred to as "Title IX") may be referred to the MPS Title IX Coordinator, the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

Definitions

Prohibited Sex Discrimination

Title IX and California law prohibit discrimination on the basis of sex, including sex-based harassment and differences in the treatment of similarly situated individuals on the basis of sex with regard to any aspect of services, benefits, or opportunities provided by MPS.

Prohibited Sexual Harassment

Under Title IX, "sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

- An employee of MPS conditioning the provision of an aid, benefit, or service of MPS on an individual's participation in unwelcome sexual conduct;
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to MPS's education program or activity; or

- "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

Under California Education Code section 212.5, sexual harassment consists of conduct on the basis of sex, including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through MPS.

Examples of conduct that may fall within the Title IX or the Education Code definition of sexual harassment, or both:

- Physical assaults of a sexual or sex-based nature, such as:

  o Rape, sexual battery, molestation or attempts to commit these assaults.

  o Intentional physical conduct that is sex-based or sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, poking another's body, violence, intentionally blocking normal movement or interfering with work or school because of sex.

- Unwanted sexual advances or propositions, derogatory sex-based comments, or other sex-based conduct, such as:

  o Sexually oriented or sex-based gestures, notices, epithets, slurs, remarks, jokes, or comments about a person's sexuality or sexual experience.

  o Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.

  o Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.

  o Retaliation against an individual who has articulated a good faith concern about sex-based harassment.

- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:

  o Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or

bringing or possessing any such material to read, display or view in the work or educational environment.

o Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.

o Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

Formal Complaint of Sexual Harassment means a written document filed and signed by a complainant who is participating in or attempting to participate in MPS's education program or activity or signed by the Coordinator alleging sexual harassment against a respondent and requesting that MPS investigate the allegation of sexual harassment. At the time of filing a formal complaint of sexual harassment, the complainant must be participating in or attempting to participate in MPS's education program or activity.

Party means a complainant or respondent.

Respondent means a person who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Supportive Measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to a party before or after the filing of a formal complaint of sexual harassment or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to MPS's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or MPS's educational environment, or deter sexual harassment.

Title IX Coordinator

The Board of Directors of MPS ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

Meagan Wittek

Director of Student Services

250 E 1st Street, Suite 1500

Los Angeles, CA, 90012

Office: (213) 628-3634 | Fax: (714) 362-9588

mwittek@magnoliapublicschools.org

In the event the above-named individual becomes unavailable or unable to serve as the Coordinator, the Board has designated the following employee to serve as a temporary or interim Coordinator:

Gokhan Serce

Chief Academic Officer

250 E 1st Street, Suite 1500, Los Angeles, CA, 90012 Office: (213) 628-3634 | Fax: (714) 362-9588

gserce@magnoliapublicschools.org

The Coordinator is responsible for coordinating MPS's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination, formal complaints of sexual harassment, and inquiries about the application of Title IX to MPS, coordinating the effective implementation of supportive measures, and taking other actions as required by this Policy. The Coordinator or designee may serve as the investigator for formal complaints of sexual harassment.

Reporting Sex Discrimination

All employees must promptly notify the Coordinator when the employee has knowledge of or notice of allegations of sex discrimination or sexual harassment occurring within MPS's education program or activity.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. MPS will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Privacy

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with

the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual.

Response to Sexual Harassment

MPS will respond promptly and in a manner that is not deliberately indifferent when it has actual knowledge, as defined in 34 C.F.R. § 106.30(a), of sexual harassment occurring in its education program or activity against a person in the United States.

MPS's response will treat complainants and respondents equitably by offering supportive measures to a complainant, and by following the grievance procedures for formal complaints of sexual harassment that are listed below before imposing any disciplinary sanctions or other actions that are not supportive measures on a respondent for sexual harassment under Title IX.

Supportive Measures

Once notified of sexual harassment or allegations of sexual harassment occurring in MPS's education program or activity against a person in the United States, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint of sexual harassment.

Supportive measures may include but are not limited to: counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; mutual restrictions on contact between the parties; changes in work or on-campus housing locations; leaves of absence; increased security and monitoring of certain areas of the campus; and other similar measures.

Supportive measures will not unreasonably burden either party or be imposed for punitive or disciplinary reasons. MPS will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair MPS's ability to provide the supportive measures. The Coordinator is responsible for coordinating the effective implementation of supportive measures.

Grievance Procedures

Scope and General Requirements

MPS has adopted and published grievance procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited under Title IX and a grievance process that complies with 34 C.F.R. § 106.45 for formal complaints of sexual harassment.

Complaints of misconduct prohibited by this Policy that do not constitute a formal complaint of sexual harassment will be addressed in accordance with MPS's Uniform Complaint Procedures, its employment discrimination complaint procedures, or the grievance procedures set forth in its Harassment, Intimidation, Discrimination, and Bullying Policy, as applicable. The following grievance procedures will apply to formal complaints of sexual harassment.

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

MPS requires that any Title IX Coordinator, investigator, decisionmaker, and any person designated by MPS to facilitate an informal resolution process not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

MPS will treat complainants and respondents equitably. MPS presumes that the respondent is not responsible for the alleged sexual harassment until a determination is made at the conclusion of its grievance procedures.

MPS may consolidate formal complaints of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, where the allegations of sexual harassment arise out of the same facts or circumstances.

MPS allows for the temporary delay of the grievance process or limited extension of timeframes on a case-by-case basis for good cause. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If the grievance process is temporarily delayed or a timeframe is temporarily extended by MPS, the Coordinator or designee will notify the parties of the reason for the delay or extension in writing.

MPS will objectively evaluate all evidence that is relevant and not otherwise impermissible, including both inculpatory and exculpatory evidence. Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

Dismissal

MPS must dismiss a formal complaint of sexual harassment for purposes of sexual harassment under Title IX if the conduct alleged:

- Would not constitute sexual harassment under Title IX even if proved;
- Did not occur in MPS's education program or activity; or
- Did not occur against a person in the United States.

MPS may dismiss a formal complaint of sexual harassment or any of the allegations therein if:

- The respondent is no longer enrolled or employed by MPS;
- A complainant notifies the Coordinator in writing that the complainant would like to withdraw the complaint or any allegations therein; or
- Specific circumstances prevent MPS from gathering sufficient evidence to reach a determination as to the complaint or allegations therein.

Upon dismissal, the Coordinator or designee will promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties. Dismissal under Title IX does not preclude action under another applicable MPS policy.

Notice of the Allegations

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will provide written notice of the allegations to the parties whose identities are known. The notice will include:

- MPS's grievance procedures and any informal resolution process;
- The allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details includes the identities of the parties involved in the incident(s), if known, the conduct allegedly constituting sexual harassment under Title IX, and the date(s) and location(s) of the alleged incident(s), if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and a determination regarding responsibility is made at the conclusion of the grievance process;
- A statement that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence; and
- A statement that MPS prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

Emergency Removal

MPS may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with MPS's policies.

MPS may remove a respondent from MPS's education program or activity on an emergency basis, in accordance with MPS's policies, provided that MPS undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any person arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Informal Resolution

At any time after a formal complaint of sexual harassment is filed and prior to determining whether sexual harassment occurred under MPS's Title IX grievance procedures, MPS may offer an informal resolution process to the parties. MPS will not offer or facilitate informal resolution to resolve allegations that an employee sexually harassed a student, or when such a process would conflict with Federal, State, or local law. Parties will not be required or pressured to agree to participate in the informal resolution process.

Before initiation of the informal resolution process, MPS will obtain the parties' voluntary, written consent to participate in the informal resolution and provide the parties with a written notice that explains:

- The allegations;
- The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint of sexual harassment arising from the same allegations;
- The right to withdraw and initiate or resume the grievance procedures at any time prior to agreeing to a resolution; and
- Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Investigation

In most cases, a thorough investigation will take no more than thirty (30) business days. MPS has the burden to conduct an investigation that gathers sufficient evidence to determine whether sexual harassment occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed, considered, or disclosed), regardless of whether they are relevant:

- A party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless MPS obtains that party's voluntary, written consent to do so for these grievance procedures; and

- Evidence about the complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview. The parties will not be prohibited from discussing the allegations under investigation or from gathering and presenting relevant evidence. A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.

Before the investigator completes the investigative report, MPS will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator to consider prior to completing the investigation report.

The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.

Determination of Responsibility

Before making a determination of responsibility, the decisionmaker must afford each party the opportunity to submit written, relevant questions that a party wants to ask of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decisionmaker must explain to the party proposing the questions any decision to exclude a question as not relevant.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within fifteen (15) business days after MPS sends the investigation report to the parties, the decisionmaker, who will not be the same person as the Coordinator or investigator, will simultaneously send the parties a written determination of whether sexual harassment occurred. The written determination will include:

- The allegations of sexual harassment;
- A description of the procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;

- The findings of facts supporting the determination;
- The conclusions regarding the application of MPS's code of conduct to the facts;
- The decision and rationale for each allegation;
- Any recommended disciplinary sanctions for the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
- The procedures and permissible bases for appeals.

The determination regarding responsibility becomes final either on the date that MPS provides the parties with the written appeal decision, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Appeals

Either party may, within five (5) business days of their receipt of MPS's written determination of responsibility or dismissal of a formal complaint of sexual harassment, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal.

The complainant and respondent may only appeal from a determination regarding responsibility or MPS's dismissal of a formal complaint of sexual harassment or any allegations therein, on one or more of the following bases:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; or
- The Coordinator, investigator(s), or decisionmaker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The decisionmaker for the appeal will not be the same person as the Coordinator, the investigator or the initial decisionmaker.

The decisionmaker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of notice of the appeal; and 4) within fifteen (15) business days of the appeal, provide a written decision simultaneously to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process, may be subject to disciplinary action up

to and including expulsion from MPS or termination of employment. If there is a determination that sexual harassment occurred, the Coordinator is responsible for effective implementation of any remedies ordered by MPS.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All Title IX Coordinators, investigators, decisionmakers, and any person who facilitates a Title IX informal resolution process will receive Title IX training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

MPS will maintain the following records for at least seven (7) years:

- Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent; and any remedies provided to the complainant;
- Records of any appeal of a formal complaint or sexual harassment and the results of that appeal;
- Records of any informal resolution of a formal complaint or sexual harassment and the results of that informal resolution;
- All materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process; and
- Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

Harassment, Intimidation, Discrimination, and Bullying Policy

Discrimination, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") prohibits any acts of discrimination, harassment, intimidation, and bullying altogether.

As used in this policy, discrimination, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locs, and twists), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, MPS will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. MPS school staff who witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

This policy applies to incidents occurring on the school campus, at school-sponsored events and activities regardless of the location, through school-owned technology, and through other electronic means, whether perpetrated by a student, employee, parent/guardian, volunteer, independent contractor or other person with whom MPS does business, and all acts of MPS's Board of Directors ("Board") in enacting policies and procedures that govern MPS.[1]

MPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

Definitions

Harassment means conduct based upon one or more of the protected characteristics listed above that is severe or pervasive, which unreasonably disrupts an individual's educational or work environment or that creates a hostile educational or work environment. Harassment includes, but is not limited to:

[1] This policy becomes effective on August 1, 2024. Conduct occurring before August 1, 2024 will be addressed in accordance with the former version of this policy, which was entitled "Title IX, Harassment, Intimidation, Discrimination and Bullying Policy."

- Verbal conduct such as epithets, derogatory jokes, comments or slurs.
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work or school based on any of the protected characteristics listed above.
- Retaliation for reporting or threatening to report harassment.
- Deferential or preferential treatment based on any of the protected characteristics listed above.

Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student or group of students that may constitute hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing a reasonable student [2] or students in fear of harm to that student's or those students' person or property.
- Causing a reasonable student to experience a substantially detrimental effect on the student's physical or mental health.
- Causing a reasonable student to experience a substantial interference with the student's academic performance.
- Causing a reasonable student to experience a substantial interference with the student's ability to participate in or benefit from the services, activities, or privileges provided by MPS.

Cyberbullying is an electronic act that includes the transmission of harassing communication, direct threats, or other harmful texts, sounds, video or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Electronic act means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- A message, text, sound, video, or image.
- A post on a social network Internet Web site including, but not limited to:
    - Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in the definition of "bullying," above.
    - Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in the definition of "bullying," above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
    - Creating a false profile for the purpose of having one or more of the effects listed in the definition of "bullying," above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
- An act of "Cyber sexual bullying" including, but not limited to:
    - The dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects

[2] "Reasonable student" is defined as a student, including, but not limited to, a student with exceptional needs, who exercises average care, skill and judgment in conduct for a person of the student's age, or for a person of the student's age with the student's exceptional needs.

described in definition of "bullying," above. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

- "Cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

- Notwithstanding the definitions of "bullying" and "electronic act" above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

Bullying and Cyberbullying Prevention Procedures

MPS has adopted the following procedures for preventing acts of bullying, including cyberbullying.

Cyberbullying Prevention Procedures

MPS advises students:

- To never share passwords, personal data, or private photos online.
- To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- To consider how it would feel receiving such comments before making comments about others online.

MPS informs its employees, students, and parents/guardians of MPS's policies regarding the use of technology in and out of the classroom. MPS encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

Education

MPS employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. MPS advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at MPS and encourages students to practice compassion and respect each other.

MPS educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

MPS's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

MPS informs MPS employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

Professional Development

MPS annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other MPS employees who have regular interaction with students.

MPS informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

MPS also informs certificated employees about the groups of students determined by MPS and available research to be at elevated risk for bullying and provides its certificated employees with information on existing school and community resources related to the support of these groups. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

MPS encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for MPS's students.

Complaint Procedures

Scope of the Complaint Procedures

MPS will comply with its Uniform Complaint Procedures ("UCP") policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person's association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- Are written and signed;
- Filed by an individual who alleges that they have personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying based on a protected characteristic, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- Submitted to the MPS UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

MPS will comply with its Title IX Policy when investigating and responding to complaints alleging sex discrimination, including sex-based harassment, in its education program or activity, as applicable.

The following procedures shall be utilized for complaints of misconduct prohibited by this Policy that do not fall within the scope of MPS's Title IX Policy or comply with the writing, timeline, or other formal filing requirements of the UCP. A copy of MPS's Title IX Policy and UCP is available in the main office and on MPS websites.

Submitting a Report or Complaint

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this Policy for reporting alleged acts of misconduct prohibited by this Policy.

Reports and complaints of misconduct prohibited by this Policy shall be submitted to the Principal (or the Chief Executive Officer and Superintendent if the complaint is against the Principal) as soon as possible after the incidents giving rise to the report or complaint.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, and MPS will investigate and respond to all oral and written reports of misconduct prohibited by this Policy, the reporting party is encouraged to submit a written report. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy and other verbal or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter and/or complainant confidential, as appropriate, except to the extent necessary to comply with applicable law, carry out the investigation and/or to resolve the issue, as determined by MPS on a case-by-case basis.
