Assembly Area Team Members

The members of the Assembly Area Team are responsible for performing the safe evacuation and accounting of students, staff, and visitors during an emergency. Specific duties of the members of the Assembly Area Team may include:

- Obtaining reports of missing students/adults from teachers or other personnel.
- Ensuring that students are orderly, stay with their class and are supervised so that they can be found quickly when parents arrive.
- Gathering Missing Persons Report from each teacher and other designated personnel and submitting forms to the Assembly Area Team Lead.
- Assisting the Reunion Gate Team as required.

Supplies and Equipment for Assembly Area Team

- Copy of Site Plot Plan and Vicinity Map showing designated on and off-site Assembly Areas
- Injury Reports and Missing Persons Reports
- Bullhorn
- Clipboard and pens for forms
- List of employees who were on campus (when incident took place)

3.10 Request and Reunion Gate Teams

Request Gate Team

The Request Gate Team is responsible for processing parent requests for student release during an emergency.

Request Gate Team Lead

The Request Gate Team Lead is responsible for directing team activities and periodically interacting with the Operations Section Lead to identify problems and report status, coordinates appropriate training, and ensures that order is maintained at the Request Gate. The Request Gate Team Lead will refer all outside requests for information to the Public Information Officer. Supplemental online training course STEPS 419 is offered through MyPLN.

Request Gate Team Members

The members of the Request Gate Team are responsible for greeting parents/guardians/ designees, providing them with the paperwork authorizing the holders to reunite with their students at the Reunion Gate, and checking identification. Specific duties of the members of the Request Gate Team may include:

- Greeting and quickly directing arriving parents, guardians, or designees to the Request Gate.
- Providing reassurance to parents, guardians, or designees and maintaining order. The use of large signs showing the school status and student pick up protocol in all languages is suggested.
- Checking identification of those requesting to pick up students.
- Directing parents or guardians to the Reunion Gate.
- Dispatching student runners to the Assembly Area to escort students whose parents have come to claim them.

Supplies and Equipment for Request Gate Teams

- Keys to the Request Gate
- Student lists
- Office supplies –pens, paper, clipboards, and summons forms, etc.
- Signage for parents specifying the process and information needed for pick-up in the languages appropriate for the school
- Sign-making materials, including zip ties and tape
- Bullhorn
- Reunification forms (blue slips)

- Yellow caution tape, student runner I.D. lanyards, extra school radios, chalk, etc.

Mass Reunion Planning

The Request and Reunion Gate Teams need to have an expansion plan for a massive influx of parents. The following activities should be part of every school's Request/Reunion Gate preparedness program:

- Cross-train other teams to assist. When the Search and Rescue Team members are done with their assignment, they may be reassigned by the Operations Section Lead to assist the Request or Reunion Gate Team.
- Ensure that there are enough supplies (pens, forms, clipboards, etc.) for the additional Request Gate Team members so that additional stations can be opened.
- Have a plan to re-organize the Request Gate to divide the parents into smaller groups. They can be organized by grade level, small learning community or any other criteria that makes sense for the school. Ensure that there are sign-making supplies to allow for reorganization.

Reunion Gate Team

The Reunion Gate Team is responsible for compassionately reuniting parents or guardians with students. Reunion gate personnel should have a plan in place to notify parents about injured or deceased students, a highly sensitive issue. The team checks identification and will keep accurate records of students leaving the campus. Members of the School Site Crisis Team and Security/Utilities Team may be asked to assist the Reunion Gate Team. If a child is injured, it is recommended that the parents be invited to a private or secluded location, away from others, to be informed of their child's condition. It is suggested that a member of the School Site Crisis team stay with the parent and assist them.

- Filing, maintaining, and securing cost accounting documentation.

Supplies and Equipment for the Cost Accounting position

- File boxes
- Paper, pens, clipboards, calculators
- Access to spreadsheet software and laptop
- Emergency supplies inventories

3.17 Emergency Supplies and Equipment

It is the responsibility of site administration to develop and implement plans to provide at school a minimum of a 72-hour supply of emergency water, food, first aid, search and rescue, sanitation, and other emergency supplies and equipment, as listed under each emergency team. Emergency supplies will be maintained in each classroom and in a centralized emergency container outdoors location: Handall courts

Emergency supply checklists are found in the ISSP appendices and the REF-5451 School Site Emergency/Disaster Supplies, which also includes guidance on procurement of emergency food supplies. Some recommendations regarding emergency food are available in the Food for School Disasters document. School administrators are responsible for ensuring emergency food is stocked at school sites; this function is separate from Food Services and the school cafeteria kitchen.

During an emergency, schools may not have access to electronic data and must instead refer to printed records. Schools should be prepared with critical printed materials; these are stored in the School Emergency Response Box (SERB) which is a central location for storing essential student records and other information needed to effectively manage a critical incident. It serves as a central portable emergency repository for critical information that can be easily accessed and used during an emergency or shared with first responders. (Note: The District shares the school's ISSP with local law enforcement agencies as per CA E.C. § 32281). Please access REF-5450 School Emergency Response Boxes for more details.

4. Training and Exercises

4.1 Training and Exercise Expectations

All school staff shall be trained on the plan (CA E.C. § 32280). Everyone involved in the plan needs to know their roles and responsibilities before, during, and after an emergency. The Training and Exercises section describes the critical training and exercise activities the school will use in support of the plan. This includes the core training objectives and frequency to ensure that all staff members, as well as students, parents, and community representatives understand emergency roles, responsibilities, and expectations. This section also establishes the expected frequency of exercises to be conducted by the school. Content may be influenced based on similar requirements at the District and/or local jurisdiction level. Exercises may range from basic fire and shelter in place drills to full-scale community-wide drills that realistically portray an emergency event and show the role the school plays in school District and municipal planning.

4.2 District Documents Concerning Emergencies

For additional context for school site trainings, access LAUSD documents relevant to school emergencies on the LAUSD Emergency Documents page of the Office of Emergency Management (OEM) website.

4.3 Emergency Drills

To be adequately prepared, emergency drills should be executed and then documented at https://www.lausd.org/edrilleval. Training for all emergency procedures can be found through the STEPS program on MyPLN. The REF-5803 Emergency Procedures, Drills and Districtwide Exercises has more information on emergency response actions and required emergency drills. Emergency procedures are also in the Emergency Classroom Quick Guide. The principal should ensure these are reviewed and posted in all classrooms, offices, and common areas.

Four types of emergency drills are required as indicated in the table below, along with the required frequencies by school level. Schools are encouraged to foster relationships with and invite first responders to participate in drills. Schools must also participate in the radio test described in 4.3.5 below.

Powered by BoardOnTrack

4. Training and Exercises

Drill Frequency Table:

Type	Elementary	Middle	Sr. High and Adult
Fire	First week of school until proficient, then once per month at minimum, including summer school.	First week of school until proficient, then once per month at minimum, including summer school.	First week of school until proficient, then once per semester at minimum, including summer school.
Lockdown	Within the first 30 days once per semester at minimum, including summer school.	Within the first 30 days once per semester at minimum, including summer school.	Within the first 30 days once per semester at minimum, including summer school.
Earthquake (Drop, Cover, Hold On)	Once per month at minimum, including summer school.	Once per month at minimum, including summer school.	Once per month at minimum, including summer school.
Shelter in Place	Oral review or drill once per semester at minimum, including summer school.	Oral review or drill once per semester at minimum, including summer school.	Oral review or drill once per semester at minimum, including summer school.

Note:
Schools in the Tsunami Inundation Zone should also orally review tsunami protocols.
Review with only staff once per semester, the Rapid Relocation procedures for active shooter incidents meeting the specific criteria in BUL-5469 Lockdown and Rapid Relocation Procedures For All Schools.

4.3.1 Fire Drill

Signal:

(Most sites) Series of three and one half second pulses of electronic emergency horns, followed by a short pause; sequence repeats for at least three minutes.

For most fires, there is no Public Address (PA) system announcement, but the following drill announcement may be used preceding the fire alarm:

"Your attention, please. This is a fire drill. We need to evacuate all buildings when you hear the alarm. Teachers are to take their students and rosters to the Assembly Area and report to their designated section. Students are to remain with their teacher. Teachers need to close the classroom door when all the students have exited."

Fire Drill Procedures

(Review additional courses of action taken during an actual emergency and which may be practiced during drills and are listed in Section 6, Functional Annexes. These include Accounting for All Persons, All Clear, Evacuate Building, Notifications and Student Reunification.)

4. Training and Exercises

Classroom Actions:

1. Please refer to the evacuation map in your classroom. If the room does not have a map, please contact the principal.
2. Familiarize yourself with the route your class will take before the drill begins.
3. When the signal is given, have students form a single line outside the classroom (form a double line for large classes).
4. Check to see that all students are out of the classroom. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Take student roster and close all doors to prevent the spread of smoke or fire.
5. Have students walk quietly in single file to the Assembly Area. Teachers should walk at the rear of the line.
6. Have students form a single or double line in the designated Assembly Area.
7. Take and report attendance.
8. Wait for the “all clear” announcement or other signal and then return quietly to your classroom in single file.

All other personnel (not assigned to any emergency team): Report to Assembly Area for further instructions.

4.3.2 Earthquake Drill

An earthquake drill is held to provide maximum protection in case of earthquake or other emergency where the risk of flying or falling debris is present. There is typically no advance warning or signal given. In practice drills, teachers should supervise students and be alert to the position of each student during the entire drill.

Signal:

The signal for the drill is the following PA announcement.

“Your attention, please. This is a drill. As you are aware, we are experiencing some seismic activity. For everyone’s protection, all students should immediately follow drop, cover, and hold on procedures, which means you should be in a protected position under a table or desk. Hold this position until the shaking stops or you are given further instructions. This is a drill.”

Indoor Earthquake Drill Procedures

Classroom Actions:

(Review additional courses of action taken during an actual emergency and which may be practiced during drills and are listed in Section 6, Functional Annexes. These include Accounting for All Persons, All Clear, Drop, Cover and Hold on, Evacuate Building, Notifications and Student Reunification.)

1. Initiate the DROP, COVER and HOLD ON action as described in Section 6.4.
2. Drop to knees facing away from any windows.
3. Get under desks or tables and hold on to the furniture where possible.
4. Fold body onto floor with arms close to knees.

4. Training and Exercises

5. Place head as far as is possible between knees and grasp furniture leg; cover the crown of the head with the other hand.
6. Stay in this position until shaking stops.
7. Students will evacuate using the safest route or evacuation routes practiced during the fire drill. The students are gathered in the Assembly Area and line up in the designated space. Teachers are to account for any students with a cognitive disability who may not have understood the directions.

Outdoor Earthquake Drill Procedures

1. Stay clear of buildings, power lines, light poles, etc.
2. Drop to the ground, cover head if possible and hold onto a stable object if available. If stable object is unavailable, place head as far as is possible between knees and cover crown of the head with hands.
3. Remain clear of obstacles and wait until the situation stabilizes and designated staff member gives all clear. Move to the Assembly Area. Teachers are to account for any students with a cognitive disability who may not have understood the directions.

If an earthquake occurs during non-classroom hours i.e., passing periods, recess, or lunch, all persons will proceed to the Assembly Area and line up in the designated space. Teachers are to account for any students with a cognitive disability who may not have understood the directions.

4.3.3 Lockdown Drill

This action is taken when the threat of violence or gunfire is identified or directed by law enforcement, and it is necessary to prevent the perpetrator from entering any occupied campus areas. This action is to secure the school during police actions, campus intrusions, community incidents, or other real or perceived threats to the security of the school.

During a lockdown, students are to always remain in the locked classrooms or designated safe locations.

Signal:

The signal for the drill is the following PA announcement.

“Your attention please. This is a drill. There is a threat to your safety near the school and we are implementing a lockdown. For everyone’s protection, all students should go into the nearest classroom and lock the door. You should be in a protected position, away from doors and windows and anything that can hurt you. Hold this position until you are given further instructions. This is a drill.”

Lockdown Drill Procedures

Classroom Actions:

4. Training and Exercises

1. (Review additional courses of action taken during an actual emergency and which may be practiced during drills and are listed in Section 6, Functional Annexes. These include Accounting for All Persons, All Clear, Lockdown and Notifications.)When the announcement has been given, all classes will remain in their rooms. Ensure that classroom doors are locked.
2. Redirect any students in hallways or outdoors into the nearest classroom.
3. Physical education classes will proceed into the gym, auditorium, or multi-purpose room and follow the lockdown actions described below.
4. Move students to the most protected areas in the room and lock the door.
5. Have students stay away from doors and windows and sit on the floor (in some instances).
6. Close and lock all doors and windows. If safe to do so, cover all windows, including those in the door or adjacent sidelights by lowering blinds, closing slots, drawing curtains, or covering with paper.
7. If safe to do so, turn off lights, power equipment, appliances, and silence cell phones. All personnel must remain in the classroom until further instructions are received from official sources.
8. Take and report attendance, as possible. Teachers are to account for any students with a cognitive disability who may not have understood the directions.
9. Remain in the secured room with all doors and windows locked, window blinds drawn, and lights off until further instructions are received from official sources.

4.3.4 Shelter In Place Drill

A Shelter in Place indicates an emergency that requires students and staff to remain inside and the ventilation needs to be turned off.

Signal:

The signal for the “Shelter in Place” drill is the following PA announcement.

“Your attention, please. This is a drill. Because we have received information regarding a hazard in the community, we are instituting shelter in place procedures. Remember, this means students and staff are to remain inside the building away from outside air with windows and doors securely closed and heating and air conditioning units turned off. Please cover any cracks under door or around the windows with towels. Cover any vents to the outside. All students and staff that are outside are to immediately move to the protection of an inside room. As soon as we have further information, we will share it with you. This is a drill.”

Shelter in Place Drill Procedures

1. When the announcement has been given, all classes will remain in their rooms.
2. Direct any students in hallways into the nearest classroom.
3. Physical education classes or other classes meeting outdoors will proceed into the gym, auditorium, or multi-purpose room.
4. Move students to the most protected areas in the room.
5. Have students face away from windows and keep their backs toward windows.

6. Close all doors and windows and move students away from any sources of outside air. If possible, cover windows by lowering blinds, closing slots, drawing curtains, or pulling shades.
7. Turn off Heating Ventilation and Air Conditioning units/systems if advised.
8. Cover any vents or holes with posters, paper, or plastic. Use wet paper towels to fill gaps under doors or windows. Block the exchange of air to the outside by putting laminated posters over vents.
9. Turn off gas, lights, power equipment, and appliances. All personnel must remain in the shelter area until further instructions are received from official sources.
10. Take and report attendance, as possible. Teachers are to account for any students with a cognitive disability who may not have understood the directions.

4.3.5 Radio Communications Test

Please see updates for the Districtwide Communications Test guidance on the Office of Emergency Management (https://www.lausd.org/drills) and the ITS-Radio Unit webpages. All District schools will have new handheld Emergency Radios in the 2025-2026 school year. All schools will have direct emergency radio contact with LA School Police Dispatch in emergencies when all other forms of electronic communications aren't available.

Please see updates on http://www.lausd.org/drills.

5. Authorities and References

This section contains a list of laws, statutes, ordinances, executive orders, regulations, and formal agreements relevant to emergencies. It provides for the succession of decision-making authority and operational control to ensure that critical emergency functions can be performed in the absence of the school administrator.

5.1 Legal Requirements

CA E. C. § 32280-32288. Requires a comprehensive school safety plan developed with first responder input, identifying appropriate safety strategies relevant to the needs and resources of the school. It requires specific representatives from the school and community to be involved in the planning process, an update of the plan annually, and the adoption of emergency procedures and policies. Requires that school safety plans include (among other items) disaster procedures and an earthquake procedure system including protective measures to be taken during an earthquake, and detailed “drop” procedures. Also requires training of school staff on the plan. Recent changes also require a review process to ensure adaptations (accommodations) for disaster procedures are in place for pupils with disabilities; establishing a procedure to identify appropriate refuge shelter in the event of an evacuation order and a communication and evacuation plan in the event of an early notice evacuation warning.

CA E. C. § 35295-35297. Specifies the components of the earthquake emergency procedure system for schools of more than 50 students, public and private: a school building disaster plan; a drop, cover, and hold on procedure; protective measures to be taken before, during, and after an earthquake; and a program for training students and staff in the adopted earthquake system.

CA E. C. § 32288. School safety plans may include an action plan with input from law enforcement and may determine the fiscal impact of implementing the plan. School safety plans are to be created using existing resources and are not to be developed with private consultants.

CA Code of Regulations § 560. School principals are to formulate the disaster preparedness plan and submit it annually to the Superintendent for approval. Schools are required to test the plan twice a year, not including fire drills.

5.2 Other Related Laws

CA Government Code § 3100 (Disaster Service Workers’ Act). All public personnel, including school District employees and charter school employees, can be declared Disaster Service Workers. As Disaster Service Workers, employees can be held at the work site and assigned disaster relief activities to perform until released during a disaster declared by the President or the Governor or proclaimed by the Mayor.

CA E. C. § 17280, CA E. C. § 81130. Specifies stricter building codes for and more frequent inspections of public-school buildings. It applies to new construction of school buildings and later was amended to include mandatory retrofitting of older, existing school buildings.

5. Authorities and References

CA E.C. § 32040. Requires each school to have a first aid kit.

CA E. C.§ 32001. Schools must have a fire alarm system and sound the alarm and conduct a fire drill at least once every calendar month at elementary schools, at least four times a year intermediate, and not less than twice a year at secondary schools.

CA E. C. § 215. Requires school districts to implement a pupil suicide prevention policy and develop a training for all District employees to increase awareness about suicide. The policy must address high-risk (vulnerable) students, including youth bereaved by suicide, youth with disabilities, youth with mental illness or substance disorders, youth experiencing homelessness or in out-of-home settings such as foster care, and lesbian, gay, bisexual, transgender, or questioning youth.

19 CCR § 1.02 Establishes minimum standards for the prevention of fire and for the protection of life and property against fire, explosion, and panic.

8 CCR § 3221 Sets forth the procedures for Fire Protection Systems.

24 CCR § 1 Adopts the California Fire Code as part of the Code of Regulations. Also referred to as the California Building Standards Code.

5.3 LAUSD Related Policy

LAUSD policies and guidance documents regarding emergencies can be found on the Office of Emergency Management website: LAUSD Emergency Documents.

6. Functional Annexes

Functional annexes focus on critical operational functions and the courses of action developed to carry them out, independent of the threat or hazard requiring response. While these functions should be described separately, it is important to remember that many functions will occur consecutively and that multiple functions may be performed concurrently. For example, during an evacuation, once students are safely out of the building, the accounting for students, staff, and visitors function will begin. The evacuation function, however, will still be in effect as staff or first responders work to locate and evacuate any persons not accounted for.

The REF-5803 Emergency Procedures, Drills and Districtwide Exercises contains detailed information on emergency response actions and required emergency drills.

Emergency procedures are also in the Emergency Classroom Quick Guide. The principal should ensure these are reviewed and posted in all classrooms, offices, and common areas.

Training for all emergency procedures can be found through the STEPS program on MyPLN. The LAUSD Staff/Responder Emergency Plan app is also available and includes 21 categories of emergency response procedures, all taken from the ISSP template.

School Closure: The Board has delegated the Superintendent of the Schools with the authority to close any LAUSD school due to concerns for the health and safety of students (Board Rule 1103).

To assist in planning for a school closure, schools can use the Essential Functions for Continuity of Service Form. Once the template has been filled out for all critical employees and functions, the form should be saved and printed out to go in the Integrated Safe School Plan binder.

Continuity of Service. The District is responsible for maintaining continuity of school functions during a prolonged school closure or during periods of increased absence of administrative staff and teachers. It must develop a continuity of operations system for essential central office functions, including payroll, custodial service, waste management, food service, transportation, and facility maintenance (including daily cleaning of student and staff restrooms, kitchen and dining areas, and classrooms). Each school, and all District offices, should have a Continuity of Service Plan in place and begin any necessary cross-training or information exchange in preparation for any possible emergency disrupting in-person instruction pursuant to CA E. C. § 41422 or CA E. C. § 46392. The District Continuity of Service Plan template for schools can be accessed here: Essential Functions for Continuity of Service at School.

Activate the school's Continuity of Service Plan in the event of an emergency disrupting in-person instruction Site administrators must consider how to carry on school operations without staff, for example, Payroll Clerk, Plant Manager, Cafeteria Manager, Coordinator, or Assistant Principal, as well as how school operations will change if students and staff are learning and working remotely. Every school should have a plan to make sure that important tasks normally performed by critical employees can still be completed when those employees are absent. School sites should have at least two people to fill in for missing critical coworkers.

6. Functional Annexes

Once the school's Continuity of Service Plan has been completed/updated for all critical employees and functions, the form should be saved and printed out to go in the Integrated Safe School Plan binder.

Continuity of instruction. When emergencies disrupt in-person instruction pursuant to CA E. C. § 41422 or CA E. C. § 46392, it is the District's responsibility to ensure continuity of instruction. During large-scale learning disruption, students may be absent for extended periods, sometimes weeks or longer. As a mitigation strategy, school dismissals, closures, or capacity limitations may be implemented.

The Division of Instruction (DOI) has established alternate modes of learning in the event of a large-scale learning disruption to the District's instructional services. The Division of Instruction will provide guidance to administrators and support the implementation of alternative learning processes.

Instruction may need to be delivered remotely or online. Schools and teachers should have lesson plans and assignments available on Schoology for students who are home for extended periods of time. Multiple methods of communicating lesson content to students and parents should be in place. Schools should ensure that students can:

- log on to Schoology and access class course(s) and assignments
- have necessary instructional materials
- access digital materials using Schoology, and
- use any other necessary technology.

Instructional delivery methods may include:

- using online learning tools, and District-purchased Digital applications
- allowing students to take home schoolbooks and class materials
- posting lessons with materials on school websites
- using Connect telephone messages
- broadcasting lessons via KLCS Channel 58
- utilizing approved education websites
- mailing printed materials to homes, as needed, and
- making printed materials available for families to pick up at school, if safe to do so

The Division of Instruction will provide updates and guidance to administrators. During emergencies, schools and families can visit https://www.lausd.org/learningcontinues for additional information. The Division of Instruction will also communicate with families through Connect, Schoology, and social media.

Attendance and Engagement: Refer to Attachment K, Pupil Services and Attendance: Tiered Attendance Intervention Strategies for Continuity of Services. These strategies include, but are not limited to, the following:

- Verify current contact information of the pupil.
- A plan for outreach from the school to determine the pupil's needs including connection

with health and social services

- Notify the Parent of lack of participation within one school day of the absence (non-attendance day) or lack of participation.
- Tiered reengagement strategies shall be documented in MiSiS.
    - For more information about tiered reengagement strategies, see Attachment K – Pupil Services and Attendance Tiered Attendance Intervention Strategies and or visit the Pupil Services website at https://www.lausd.org/pupilservices.

6.1 Accounting for all Persons

This action is taken to account for the whereabouts and well-being of all students, staff members, and visitors and is one of the first tasks that must be accomplished in any emergency.

Note: The below procedures are used to account for everyone after evacuating from school buildings. Schools should plan how to acquire this information, including accounting for visitors during a lockdown, shelter in place, or another emergency where everyone is inside. Methods may include MiSiS (for student attendance), email, calling the office via classroom phone, or hand-collected rosters/reports. Multiple methods should be planned for due to varied technology and safety factors in an emergency.

Accounting for all Persons Procedures

1. Teachers will take student rosters when leaving the building and account for their designated groups once the class is assembled in a safe location. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers are to list students/others as appropriate on attendance rosters and on the Missing Persons Report, Injury Report, and/or Supplemental Attendance Report.
2. Personnel working visitor check-in will take the visitor sign-in sheets and visitor stickers to the Assembly Area.
3. Assembly Area Team members will collect student rosters, Missing Persons Report, Injury Report, and Supplemental Attendance Report from teachers and submit them to the Assembly Area Team Lead.
4. The Assembly Area Team Lead will ensure that all visitors are accounted for, have a designated section of the Assembly Area away from students, and sign out when leaving campus.
5. The Assembly Area Team Lead will compile a master accounting of all persons on campus and make reports available to the Operations Section Lead and Incident Commander.

6.2 All Clear

This action is taken to notify staff and students that normal school operations can resume.

All Clear Procedures

1. The Incident Commander (principal or designee) will make the following announcement on the PA system, which signifies that the emergency is over. If the PA system is not

Powered by BoardOnTrack

available, the Incident Commander will use other means of communication, i.e., sending messengers to deliver instructions. “Your attention, please. You may now return to your classroom and resume usual activities. Thank you all for your cooperation.”

2. The Incident Commander will convene the School Site Crisis Team if the incident was traumatic to the school community.
3. The Incident Commander will make a final notification update to District offices and parents.
4. The Incident Commander will complete an iSTAR to document the incident, including follow-up actions.
5. If appropriate, teachers should immediately begin discussions and activities to address students’ fears, anxieties, and other concerns.

6.3 Crisis Response

A school crisis is a sudden, unexpected, or unanticipated critical incident that can pose a safety threat or disrupts the school day, interfering with teaching, learning, attendance, and behavior. Common reactions to a school crisis may include shock, confusion, and fear. Although individual students, staff, families, or other school community members may experience each crisis differently, school crises can have a broad and immediate impact on many students and adults.

Examples of crises that may impact schools include:

- An accident on or near the school grounds
- A violent incident at or near school
- The death of a student, staff or one of their family members by suicide or trauma
- The terminal illness of a student or staff member
- A natural disaster
- An act of terrorism

Because of such critical incidents and emergencies, students and staff may exhibit a variety of emotional reactions. As soon as the physical safety of those involved has been ensured, crisis responders can focus on addressing the social-emotional needs of students and staff. Online training about crisis events is available on MyPLN in STEPS courses 207 and 409.

OTHER IMPORTANT DEFINITIONS

Trauma

Trauma refers to an event or a situation where an individual fears for their life. In addition, they could have been seriously injured, witnessed violence, or tragically lost a loved one. Exposure to this type of trauma overwhelms the ability of that individual to cope.

Psychological First Aid (PFA)

PFA an evidence-informed supportive strategy to help children, adolescents, adults, and families in the immediate aftermath of traumatic events, disasters, and terrorism. PFA is designed to reduce the initial distress caused by these stressful events and to foster short-and long-term adaptive functioning and coping amongst students, staff, and parents/guardians.

MULTI-TIERED CRISIS RESPONSE TEAM MODEL

There are three tiers of crisis response: school site, Region, and District office. The basic structure of the multi-disciplinary support teams on all three tiers should be similar in their composition and incorporate District staff with experience in various areas of crisis. Crisis response begins at the school site level; the scope, severity and impact of an incident may activate the Region, District office, or a combination thereof.

Tier I: School Site Crisis Response

School site crisis teams are responsible for initiating crisis response, assessing the range of services needed, and providing direct intervention services. The School Site Crisis Team determines if there is a need for additional assistance from the Region crisis team. The School Site Crisis Team may be activated as part of the Incident Command System (ICS) Team during an emergency or disaster, or may be activated as a stand-alone team, depending on the incident.

Tier II: Region Crisis Response

The school site administrator/designee contacts the Region Operations Administrator(s) for support and assistance if the crisis response required is beyond the scope of what the School Site Crisis Team can provide. Assistance from the Region crisis response team includes consultation, providing direct intervention services, assistance with communications and memos, and guidance regarding strategies for recovery in the aftermath of the critical incident.

Tier III: District Office Crisis Response

In collaboration with the Region Operations Administrator(s), the school site administrator/designee determines if there is a need for support from the central crisis response team. Assistance from the District office crisis response team includes consultation, providing direct intervention services, assistance with communications and memos, and guidance regarding strategies for recovery in the aftermath of the critical incident.

Crisis Response Procedures

1. As the Incident Commander, the principal or designee or designee activates the school ICS Team, including the School Site Crisis Team, which has primary responsibility for addressing the social-emotional well-being and safety of students in the aftermath of a critical incident.
2. The Crisis Team Lead will work with the Incident Commander to assess the impact and triage students, staff, and parents/guardians, as needed.
3. The Crisis Team will provide direct crisis intervention services, including the implementation of PFA.
4. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator and request additional resources, as necessary.
5. The Incident Commander will direct the Planning and Intelligence Team Lead or other authorized user to open or update an iSTAR on the incident, documenting the actions of the Crisis Team.
6. The Crisis Team will advise and assist the Incident Commander to restore regular school functions as efficiently and quickly as possible.

Powered by BoardOnTrack

6. Functional Annexes

7. Crisis Team members will make every effort to limit exposure to scenes of trauma, injury, and death.
8. The Crisis Team will provide on-going assessment of needs and follow-up services as required.

School Site Crisis Response

Crises can impact various areas of the District. They can impact a school, multiple schools, offices and Regions, as well as departments within the District (e.g., Beyond the Bell Branch, Transportation Services Division, Food Services Division, Maintenance and Operations). The following are general preparedness, response, and recovery protocols for the administrator/designee to implement during any crisis in a school, District office, department, at District and school-related activities, and in all areas within the District's jurisdiction.

A. Preparedness
   1. Establish a Multidisciplinary School Site Crisis Team
   2. Schedule Regular Multidisciplinary Crisis Team Meetings
   3. Provide Opportunities for Training and Professional Development

B.
   The following are general procedures for the administrator/designee to respond to crisis situations.
   1. Ensure Campus/Office Safety
   2. Identify the Family Liaison(s)
   3. Determine the Facts
   4. Activate the Multidisciplinary Crisis Team
   5. Notify
   6. Assess the Crisis Response Need
   7. Develop a Response Plan

Psychological First Aid: Responding to Crisis Incidents

Psychological First Aid (PFA) is an evidence-informed approach for assisting children, adolescents, adults, and families in the immediate aftermath of a critical incident, disaster, act of violence, or terrorism. PFA is designed to reduce the initial distress caused by traumatic events and to foster short and long-term adaptive functioning.

For PFA handouts in multiple languages, visit School Mental Health.

1. **LISTEN** to what they say and how they act.
   - Address the feeling/behavior as soon as possible.
   - If a student wants to talk, be prepared to listen, and focus on what they say and how you can be of help.
   - Observe nonverbal communication. Remember that student may also show their feelings in nonverbal ways, such as increased behavioral problems or increased withdrawal.
   - Express compassion and calmness in your statements as well as nonverbal behaviors.
2. **PROTECT** by maintaining structure, stability, and consistency.

- Maintain daily routines, activities, and structure with clear expectations and consistent rules.
- Provide supervision and consistency to encourage successful outcomes.
- Give information that is accurate and age appropriate.
- Keep the environment free of anything that could re-traumatize the student.
- Validate the student's life experience.
- Maintain confidentiality as appropriate.

3. **CONNECT** through interaction, activities, and resources.
   - "Check in" with student on a regular basis.
   - Become familiar with learning support staff at your school (e.g., Psychiatric Social Worker, PSA Counselor, School Psychologist, Counselor, Nurse) and community health/mental health services. Make referrals to the appropriate resources who may offer support to student.
   - Encourage interactions, activities, team projects with friends and teachers.
   - Keep communication open with others involved in the students' lives (parents, other teachers, coaches etc.).

   Note: If you suspect child abuse and/or neglect, report to the appropriate child protective services agency, according to BUL-1347 Child Abuse and Neglect Reporting Requirements.
4. **MODEL** calm and optimistic behavior.
   - Model healthy responses by remaining calm, courteous, organized, and helpful.
   - Pay attention to your thoughts, feelings, and reactions about the event. Amid a crisis, students are often watching for verbal and nonverbal cues by the adults they are with, which may influence how students cope and behave.
   - Take constructive actions to assure safety.
   - Monitor conversations that students may engage in or hear.
   - Acknowledge the difficulty of the situation but demonstrate how people can come together to cope after such an event.
   - Practice self-care.
5. **TEACH** about normal changes that can occur when traumatized.
   - Student may have different reactions even to the same event.
   - Encourage students to identify and use positive coping strategies to help them after the event.
   - Help your students to problem solve to get through each day successfully.
   - Help students set small "doable" goals and share in these achievements as "wins." Note: With time and support, students generally do better. If they do not, they should be encouraged and taught to seek assistance from a parent/guardian or a school staff member.

6.4 Drop, Cover, and Hold On

This action is taken to protect students and staff from flying or falling debris and is commonly used during an earthquake or explosion.

Powered by BoardOnTrack

6. Functional Annexes

Drop, Cover, Hold On Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will make the following announcement on the PA system. If the PA system is not available, the principal may use other means of communication, such as broadcasting on the two-way radio. Classrooms should immediately implement Drop/Lock, Cover, and Hold On when they feel the shaking of an earthquake, even if there is no announcement or no ShakeAlert alert if your school is equipped with the ShakeAlert system which provides advance notice of an earthquake. The Incident Commander (principal or designee) should be calm, convey reassuring comments that the situation is under control, and give clear directions. “Your attention please. We are having an earthquake. Immediately Drop, Cover, and Hold On in a protected position under a table or desk. Hold this position until the shaking stops or you are given further instructions.”
2. If inside, teachers will instruct students to drop under their desks and cover their heads with their arms and hold onto the desk legs.
3. If outside, teachers will instruct students to drop to the ground, place their heads between their knees, and cover their heads with their arms and hands.
4. Teachers and students should try to be away from windows, but this should not delay anyone from implementing Drop, Cover, and Hold On.
5. Students with disabilities that do not allow them to get under furniture for protection should immediately Drop/Lock, Cover, and Hold On: lock the wheels on any wheelchairs and protect their head and neck with their hands.
6. The Incident Commander will follow Drop, Cover, and Hold On with evacuation to the assembly area (see section 6.5 Evacuate Building below) and notifications to the District and parents.
7. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

Online training about earthquakes is available on MyPLN in courses STEPS 202 and 402.

6.5 Evacuate Building

This action is taken after the decision is made that it is unsafe to remain in the building. It is most commonly used in response to a fire, after an earthquake (following Drop/Lock, Cover, and Hold On), or any emergency where the building and its contents are perceived to be a threat to student safety.

Evacuate Building Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS team, and will make the following announcement on the PA system. If the PA system is not available, the Incident Commander (principal or designee) will use other means of communication such as Connect mass notification. The principal or designee should calmly convey reassuring comments that the situation is under control, and give clear directions. “Your attention, please. We need to evacuate all buildings. Teachers are to take their students and roll book to the Assembly Area and report to their designated

area. Students are to remain with their teacher. Teachers need to close the classroom door when all the students have left."

2. The Incident Commander will activate the fire alarm system as a signal to evacuate.
3. Designated emergency team members/staff will take medications and related documents, as well as other medical supplies/equipment such as first aid kit, AED, EpiPen and sharps container.
4. Teachers will instruct students to evacuate the building, using designated routes, and assemble in their assigned Assembly Area.
5. Teachers will take student rosters and any classroom emergency supplies when leaving the building and take attendance once the class is assembled in a safe location. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers must list missing students on the Missing Persons Report and submit to the Assembly Area team.
6. Once assembled, teachers and students will stay in place until further instructions are given.
7. The Incident Commander will make appropriate notifications to the District and parents.
8. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

Online training that includes building evacuation is available on MyPLN in courses STEPS 201 and STEPS 401. Fire alarm system training is available on MyPLN in STEPS course 418.

6.6 Indoor Activities Schedule

At any time, a principal can implement an Indoor Activities Schedule to minimize outdoor student activity, to further protect school community from environmental discomforts, and for any reason, including weather-related, that meets the needs of the school.

Indoor Activity Schedules can be used during inclement weather. They can also be used during wildfires, when extra filtration provided when running the heating, ventilation, and air conditioning (HVAC) units is necessary.

Procedures

1. Close all doors and windows.

2. Run the air conditioner, as HVAC systems can improve air quality, due to better filtration than typical home systems.

The difference between Shelter in Place (see 6.11) and Indoor Activities Schedule is that the HVAC system should be on when implementing the Indoor Activities Schedule.

6.7 Lockdown

At any time, a principal can implement an Indoor Activities Schedule to minimize outdoor student activity, to further protect school community from environmental discomforts, and for any reason, including weather-related, that meets the needs of the school.

Powered by BoardOnTrack

Indoor Activity Schedules can be used during inclement weather. They can also be used during wildfires, when extra filtration provided when running the heating, ventilation, and air conditioning (HVAC) units is necessary.

Lockdown Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will make the following announcement on the PA system. If the PA system is not available, the Incident Commander (principal or designee) will use other means of communication, such as broadcasting on the two-way radio or using runners, if it is safe to do so. The principal or designee should be calm, convey reassuring comments that the situation is under control, and give clear directions. “Your attention, please. We have an emergency and need to implement a lockdown. Teachers are to lock classroom doors and keep all students inside the classroom until further notice. Do not open the door until notified by an administrator or law enforcement. If outside, students and staff are to proceed inside to the nearest building or classroom.”
2. If inside, teachers will instruct students to stay away from doors and windows, lock all doors and windows, and sit on the floor. Cover all windows, including those in the door or adjacent sidelights, by lowering blinds, closing slots, drawing curtains, or covering with paper.
3. If outside, teachers will direct students to proceed to their classrooms if it is safe to do so. If not, teachers or staff will direct students into nearby classrooms or school buildings (e.g., auditorium, library, cafeteria, and gymnasium) and follow the listed lockdown actions above. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers are to take roll and to notify the office the number of students in the room with them and their names.
4. If safe to do so, turn off lights, power equipment, appliances, and silence cell phones.
5. Teachers and students will remain in the classroom or secured area with all doors and windows locked, window blinds drawn, and lights off until further instructions are given by the principal or designee or law enforcement.
6. All entrances to the school are to be locked and no visitors other than appropriate law enforcement or emergency personnel are to be allowed on campus.
7. The Incident Commander will call the Los Angeles School Police Department Watch Commander’s Office at (213) 625-6631. The Watch Commander will provide advice and support for the School Incident Commander by interfacing with municipal police and fire departments and sending an LASPD officer to the school.
8. The Incident Commander will make appropriate notifications to the District and parents.
9. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

During an emergency, when the campus must be protected, parents/legal guardians will not be able to pick up their children until the school campus is declared to be safe by law enforcement. In these circumstances, students are sheltered in a secure location for their safety and will be released only when it is safe.

6. Functional Annexes

Supplemental online lockdown training courses STEPS 203, 302, and 403 are offered through MyPLN.

Details are available in BUL-5469 LAUSD Lockdown and Rapid Relocation Procedures for All Schools.

6.8 Notifications

Response actions should be accompanied by the following notifications:

- 911
- Los Angeles School Police Watch Commander's Office at (213) 625-6631
- Region Operations
- Connect messages to parents and/or staff
- Incident System Tracking Accountability Report (iSTAR)

6.9 Rapid Relocation (option ONLY for Active Shooter on Campus incidents)

More information is available in BUL-5469 LAUSD Lockdown and Rapid Relocation Procedures for All Schools. Active shooter training for LAUSD schools is available from LASPD; for inquiries and to schedule the training, please send your request to activeshootertraining@laschoolpolice.gov. If there is a threat of violence to campus or gunfire is heard in the area, implement lockdown procedures.

An Active Shooter on Campus involves one or more individuals on school grounds who is armed with a firearm and has already killed or wounded someone with the firearm AND at least one of the following applies:

- Continues to shoot others
- Actively seeks or attacks others
- Has access to additional victims

For suggested options for perimeter gate access during a Rapid Relocation, please access Attachment C in BUL-5469 LAUSD Lockdown and Rapid Relocation Procedures for All Schools.

Rapid Relocation Procedures

1. When the decision to perform a Rapid Relocation has been made, the School Incident Commander will:
    - Encourage students and staff to quickly leave by any safe and available exit. If leaving campus, the established off-site relocation point is the preferred destination, only if the route is safe. Teachers/staff are to account for any students with a cognitive disability who may not have understood the directions. Note that all students/staff including those with access and functional needs should use the same route, which should be accessible to all, for relocation.
    - Inform the LASPD Watch Commander at (213) 625-6631 of the decision to leave campus and the destination. Keep Watch Commander updated with information about any students and staff who do not arrive at the designated relocation point.

- Calm students, create a perimeter to separate the school population from others who may be present, and re-establish Incident Command teams with available staff.
- Refer to steps 6-10 below for additional Incident Commander actions.

2. In response to the school's notification, the LASPD Watch Commander will:
   - Research the nature of the event by contacting the area law enforcement agency, and LAFD . Some events may be easily explained to the School Incident Commander, others may be more complex.
   - Dispatch a field officer to the relocation point to advise and support the School Incident Commander.
   - Dispatch a field officer to the municipal Incident Command Post to interface with the municipal Incident Commander and gather intelligence for the schools.
   - Inform the School Incident Commander of what is known about the incident and provide the name and arrival time of the LASPD officers dispatched to the school.
   - Compile names and locations of those unable to get to the relocation point, and dispatch officers to facilitate rejoining the rest of the school population.
   - Provide point of contact for other District resources who need to know the location of the command post and open routes to the relocation point.
3. LASPD officers dispatched to the scene will:
   - Establish a liaison with the municipal Incident Commander and/or the Command Post/Unified Command/Watch Commander and determine the threat to the school and its immediate community.
   - Provide guidance to the School Incident Commander about the ongoing threat level to students and staff.
   - Maintain a perimeter at the off-site relocation point between the school population and others.
   - Patrol the area near the school to find students and staff who may have become separated from the group. Officers will communicate to the Watch Commander the names and locations of anyone found and assist in rejoining those separated with the rest of the school population.
4. The Region Operations Coordinator will:
   Connect with the School Incident Commander in person, by phone or radio and provide resources from the Region that might include the following:
   - Dispatch the Region Crisis Team to the school relocation point.
   - Arrange for transportation assets and a receiving school so the students can be moved to a safe location at another school.
   - Send out a Connect message to parents from the Region office with additional information.
   - Meet with parents at a safe staging location, outside the secured relocation point perimeter, and keep the parents informed using bilingual support staff from the Region office.
   - Assist with reunification.

Powered by BoardOnTrack

5. The Triage Team will work with first responders and local authorities to ensure wounded students and staff receive medical attention.
6. The School Incident Commander will prepare a verified list of any wounded, and the locations to which they were transported. The Incident Commander will confer with the School Site Crisis Team to ensure notification of parents and family members of the wounded.
7. All media inquiries will be referred to the designated Public Information Officer.
8. The School Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
9. Once the incident has concluded and the campus has been determined to be safe, the School Incident Commander will initiate the All-Clear action.
10. The School Incident Commander will debrief with staff and school police officers.

During an emergency, when the campus must be protected, parents/legal guardians will not be able to pick up their children until the school campus is declared to be safe by law enforcement. In these circumstances, students are sheltered in a secure location for their safety and will be released only when it is safe.

6.10 Relocation (Off-Site Evacuation)

This action is taken when authorities have determined that it is unsafe to remain on the campus and evacuation to an off-site relocation site is required. This may apply to situations, such as wildfire or tsunamis. These procedures do not apply during an active shooter incident or large hazardous materials release, all of which require more specialized procedures.

Note that all students/staff including those with access and functional needs should use the same route, which should be accessible to all, for relocation.

Relocation Procedures

1. The principal or designee becomes the Incident Commander and activates the school ICS Team. The Incident Commander will collaborate with the Region, LASPD, and local authorities to determine the safest method for evacuating the campus. This may include the use of school buses or simply walking to the designated off-site location. The required primary and back-up off-site relocation sites are indicated on the Vicinity Map in the online Integrated Safe School Plan and in the appendix of this plan. Teachers and students will stay together during the evacuation.
2. The Incident Commander will decide if it is more efficient to have classes systematically report first to a gathering point/staging area on campus, such as the auditorium, and evacuate everyone off the campus from that single location.
3. The Incident Commander will make the following announcement on the PA system. If the PA system is not available, the Incident Commander (principal or designee) will use other means. The principal or designee should be calm, convey reassuring comments that the situation is under control and give clear directions. “Your attention, please. We need to institute an off-site relocation. Teachers are to take their students, roll book, emergency supplies, and report to their designated off-site relocation point (or to the

Powered by BoardOnTrack

staging area, if evacuation will be by school bus instead of walking). Students are to remain with their teacher. Teachers are to lock the classroom after all students have exited."

4. If the site will be evacuating by school bus, the Incident Commander will activate the Transportation Support position to assist with planning and carrying out the evacuation, including the evacuation of necessary supplies, such as, water, first aid kit, medications and School Emergency Response Box, to support the school at the relocation site.
5. Teachers will take student rosters and any classroom emergency supplies when leaving the building and take attendance once the class is assembled. Teachers are to account for any students with a cognitive disability who may not have understood the directions.
6. The Incident Commander will appoint a team of available staff to sweep the campus and check every room/location to ensure that the entire campus is evacuated. Attendance for students and staff must be taken.
7. Once assembled off-site, teachers will take attendance again and students will stay in place with their teacher until further instructions are given.
8. The Incident Commander will make appropriate notifications to the District and parents, including signage on gates indicating the relocation destination.
9. Once clearance is received from appropriate agencies, the Incident Commander may authorize students and staff to return to the campus, or initiate Request/Reunion procedures from the off-site location.
10. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

6.11 Shelter in Place

This action is taken to place and/or keep students indoors to provide a greater level of protection from airborne contaminants in the outside air or other hazards. Shelter in Place is implemented when there is a need to isolate students and staff from the outdoor environment and includes the shutdown of classroom and/or building heating/air conditioning systems. During a Shelter in Place, no one should be exposed to the outside air.

The difference between Shelter in Place and Lockdown is that a Shelter in Place involves the shutdown of heating, ventilation, and air conditioning (HVAC) systems and allows for the free movement of students within a building. However, students in bungalows and buildings with exterior passageways will have to remain in the classroom.

The difference between Shelter in Place and Indoor Activities Schedule is that Shelter in Place requires turning off the HVAC system.

An example of when schools may need to implement a Shelter in Place is when a nearby chemical manufacturer or refinery has an upset which releases hazardous contaminants into the air.

Shelter in Place Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS team, and will make the following announcement on the PA system. If the PA system is

not available, the Incident Commander (principal or designee) will use other means of communication, i.e., sending messengers to deliver instructions. The principal or designee should be calm, convey reassuring comments that the situation is under control and give clear directions. “Your attention, please. We are implementing a Shelter in Place, due to an air quality issue. Students and staff are to remain inside the building away from the outside air with windows and doors securely closed and heating and air conditioning units turned off. Please cover any cracks under exterior doors and around the windows with towels. Cover any vents to the outside. All students and staff that are outside are to immediately move to the protection of an inside room. As soon as we have further information, we will share it with you.”

2. If inside, teachers will keep students in the classroom until further instructions are given.
3. If outside, teachers will direct students to proceed to their classrooms if it is safe to do so. If not, teachers or staff will direct students into the closest classrooms or school buildings (e.g., auditorium, library, cafeteria, or gymnasium). Teachers should consider the location and proximity of the identified hazard and, if necessary, proceed to an alternative indoor location. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers are to take roll and to notify the office of the number of students in the room with them, their names, and the names of any student who are not accounted for.
4. Teachers are responsible for securing individual classrooms and the Security/Utilities Team will assist in completing the procedures as needed: shut down the classroom/building HVAC system; turn off local fans in the area; close and lock doors and windows; seal gaps under doors and windows with wet towels or duct tape; seal vents with aluminum foil, plastic wrap, or laminated posters, if possible; and turn off any sources of ignition, such as pilot lights.
5. The Incident Commander will make appropriate notifications to the District and parents.
6. The Incident Commander will monitor news media for information about the incident.
7. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action. Online training about shelter in place is available on MyPLN in courses STEPS 204 and 404.

6.12 Student Reunification

Student reunification is implemented to reunite students with their custodial adult after a critical incident or disaster (a significant fire, natural disaster, violence, school bus accident, etc.) that prevents a normal school dismissal.

Reunification Procedures

1. The Incident Commander or designee will direct the Request and Reunion Gate Teams to activate and report to their posts once the decision to initiate reunification procedures has been made.
2. The Request Gate Team will greet parents/guardians, check identification, check student emergency cards for authorization to pick up students, provide reunification paperwork to parents, and direct them to the Reunion Gate.

3. The Request Gate should generally remain locked during the reunification process to help control access. The Request Gate Team can pass clipboards to parents through the gaps in the gate fencing.
4. Message runners will notify the Assembly Area Team of the student to be escorted to the Reunion Gate.
5. The Reunion Gate Team will check parent/guardian identification, confirm student identity, and keep accurate records of students leaving the campus.
6. Members of the School Site Crisis Team may be asked to assist the Reunion Gate Team. If a child is injured or otherwise unavailable, it is recommended that the parents be invited to a private or secluded location and be informed of their child's condition away from others. It is suggested that a member of the School Site Crisis Team then stay with the parents and assist them.
7. The Reunion Gate should remain locked when student reunifications are not actively taking place.
8. Members of other School Emergency teams may be asked to assist with crowd control, providing information, and calming parents at either gate once finished with their primary emergency assignment.

Powered by BoardOnTrack

7. Threat and Hazard-Specific Annexes

The threat and hazard-specific annexes describe the courses of action unique to particular threats and hazards. Courses of action already outlined in the functional annex need not be repeated in a threat or hazard-specific annex. These annexes were developed at the District level, based on risk analyses.

Use of Smartphones During Emergencies
During an emergency or perceived threat of danger, students will be able to access their smartphones when staff deem it safe for emergency use.

7.1 Active Shooter/Gunfire

More information is available in BUL-5469 Lockdown and Rapid Relocation Procedures for all Schools. Active shooter training for LAUSD school employees is available from LASPD. To request Active Shooter Training for LAUSD employees, please email activeshootertraining@laschoolpolice.gov. If there is a threat of violence to campus or gunfire is heard in the area, implement lockdown procedures.

An Active Shooter on Campus involves one or more individuals on school grounds who is armed with a firearm and has already killed or wounded someone with the firearm AND at least one of the following applies:

- Continues to shoot others
- Actively seeks or attacks others
- Has access to additional victims

7.1.1 Active Shooter Procedures

1. Upon first indication of an active shooter, personnel should immediately notify the principal or designee, who becomes the Incident Commander.
2. The School Incident Commander (principal/designee) will initiate a lockdown, the recommended appropriate emergency function.
3. The School Incident Commander will call 911 and School Police at (213) 625-6631 and provide the exact location and nature of the incident. The School Incident Commander should designate a person to remain on the phone line with police if safe to do so.
4. The School Incident Commander activates the Incident Command (ICS) Team.

The Planning and Intelligence Team Lead will:

- Notify the Region Administrator of Operations and/or Operations Coordinator and request assistance.
- Prepare a message for parents to be sent on Connect.
- Prepare to communicate with classrooms using school phones, email, cell phones, or radios. Establish a means of keeping all classrooms informed.

The Operations Team Lead will:

- Ensure that perimeter gates are secured and that all students, staff, and visitors are safely secured behind locked doors.
- Begin the process of accounting for all students and staff.
- Staff should take steps to calm and control students with regular PA announcements and if safe to do so, attempt to maintain separation between students and the perpetrator.
- If there is an active shooter on campus as defined above and students are in imminent danger, the Incident Commander may initiate Rapid Relocation if that does not place students in the path of the gunman. This action may apply to the entire campus, or just an affected portion.

7.1.2 Rapid Relocation Procedures

1. The School Incident Commander will:
    - Encourage students and staff to quickly leave by any safe and available exit. If leaving campus, the established off-site relocation point is the preferred destination, if the route is safe. Note that all students/staff including those with access and functional needs should use the same route, which should be accessible to all, for relocation.
    - Inform the LASPD Watch Commander at (213) 625-6631 of the decision to leave campus and the destination. Keep Watch Commander updated with information about any students and staff who do not arrive at the designated relocation point.
    - Calm students, create a perimeter to separate the school population from others who may be present, and re-establish Incident Command teams with available staff.
    - Refer to steps 6-10 below for additional Incident Commander actions.
2. In response to the school's notification, the LASPD Watch Commander will:
    - Research the nature of the event by contacting the area law enforcement agency, and LAFD. Some events may be easily explained to the School Incident Commander, others may be more complex.
    - Dispatch an officer to the relocation point to advise and support the School Incident Commander.
    - Dispatch a field officer to the municipal Incident Command Post to interface with the municipal Incident Commander and gather intelligence for the schools.
    - Inform the School Incident Commander of what is known about the incident and provide the name and arrival time of the LASPD officers dispatched to the school.
    - Compile names and locations of those unable to get to the relocation point, and dispatch officers to facilitate rejoining the rest of the school population.
    - Provide point of contact for other District resources who need to know the location of the command post and open routes to the relocation point.
3. LASPD officers dispatched to the scene will:
    - Establish a liaison with the municipal Incident Commander and/or the Command Post/Unified Command/Watch Commander and determine the threat to the school and its immediate community.

Powered by BoardOnTrack

- Provide guidance to the School Incident Commander about the ongoing threat level to students and staff.
- Maintain a perimeter at the off-site relocation point between the school population and others.
- Patrol the area near the school to find students and staff who may have become separated from the group. Officers will communicate to the Watch Commander the names and locations of anyone found and assist in rejoining those separated with the rest of the school population.

4. The Region Operations Coordinator will:
   - Connect with the School Incident Commander in person, by phone or radio and provide resources from the Region that might include the following:
     - Dispatch the Region Crisis Team to the school relocation point.
     - Arrange for transportation assets and a second (receiving) school so the students can be moved to a safe location at another school.
     - Send out a Connect message to parents from the Region office with additional information.
     - Meet with parents at a safe staging location, outside the secured relocation point perimeter, and keep the parents informed using bilingual support staff from the Region office.
     - Assist with reunification.
5. The Triage Team will work with first responders and local authorities to ensure injured students and staff receive medical attention.
6. The School Incident Commander will prepare a verified list of any wounded, and the locations to which they were transported. The Incident Commander will confer with the School Site Crisis Team to ensure notification of parents and family members of the wounded.
7. All media inquiries will be referred to the designated Public Information Officer.
8. The School Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
9. Once the incident has concluded and the campus has been determined to be safe, the School Incident Commander will initiate the All-Clear action.
10. The School Incident Commander will debrief with staff and school police officers.

7.2 Aircraft/Vehicle Crash

This procedure addresses an aircraft or motor vehicle crash on or near school property. If a crash results in a fuel or chemical spill on school property, refer to Section 7.4 Biochemical/Hazardous Materials as needed.

Aircraft/Vehicle Crash Procedures

1. The principal or designee acts as the Incident Commander, activates the Incident Command Team, and initiates appropriate emergency functions, which may include Drop, Cover and Hold On, Shelter in Place, Evacuate Building or Relocation.
2. If the Incident Commander issues the evacuate building action, staff and students will evacuate the buildings using prescribed routes or other safe routes to the Assembly Area.
3. In the event of an evacuation, teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
4. The Incident Commander will call 911 and School Police at (213) 625-6631 and provide the exact location (e.g., building or area) and nature of emergency.
5. If on school property, the Security/Utilities Team will secure the crash area to prevent unauthorized access. If the crash results in a fuel or chemical spill on school property, refer to Section 7.4 Biochemical/Hazardous Material.
6. If needed, the Fire Suppression/HazMat Team should suppress small fires with extinguishers for the protection of students and staff as it is safe to do so, until the Fire Department arrives.
7. The Triage Team will check for injuries and provide appropriate medical assistance.
8. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident. A Region representative will call the Region Public Information Officer with information on this situation as appropriate.
9. Any affected areas will not be reopened until the Los Angeles County Health HazMat or appropriate agency provides clearance and the Incident Commander issues authorization to reopen. Notify OEHS at 213-241-3199, if it is a fuel or chemical spill and M&O if building or site damage.
10. The School Site Crisis Team will convene onsite and begin the process of counseling and recovery as appropriate.
11. If it is unsafe to remain on campus, the Incident Commander will initiate an off-site relocation.
12. The Incident Commander will notify and update parents via Connect.
13. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
14. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

Powered by BoardOnTrack

7.3 Animal Disturbance

This procedure should be implemented when a dog, coyote, mountain lion, or other wild animal threatens the safety of students and staff.

Animal Disturbance Procedures

1. The principal or designee becomes the Incident Commander, activates the Incident Command Team, and initiates appropriate emergency functions, which may include Lockdown or Evacuate Building.
2. Upon discovery of an animal, staff members will attempt to isolate the animal from students, if it is safe to do so. If the animal is outside, students will be kept inside. If the animal is inside, students will remain outside in an area away from the animal. Closing doors or locking gates is one means to isolate the animal.
3. If additional outside assistance is needed, the Incident Commander will call 911, School Police (213) 625-6631, LA City Animal Services (888) 452-7381, and/or the Department of Fish and Game (888) 334-2258 and provide the location of the animal and nature of emergency.
4. If a student or staff member is injured, the school nurse or Triage Team will provide treatment and notify parents of the injured.
5. The Incident Commander will initiate an off-site relocation only if conditions are persistently dangerous at the school.
6. The Incident Commander will notify and update parents via Connect if necessary.
7. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
8. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.4 Biochemical/Hazardous Materials

A biological or chemical release involves the discharge of a biological or chemical substance in a solid, liquid, or gaseous state. Examples of releases within or adjacent to schools include the discharge of chemicals in a school laboratory, an overturned truck of hazardous materials in proximity to the school, or an explosion at a nearby oil refinery or other chemical plant.

The following indicators may suggest the release of a biological or chemical substance:

- Multiple victims suffering from watery eyes
- Twitching
- Choking
- Loss of coordination
- Trouble breathing
- Other indicators may include the presence of distressed animals or dead birds.

There are three sub-categories involving the release of biochemical substances. Determine which category applies and then implement the appropriate response procedures listed below.

Powered by BoardOnTrack

7.4.1 Substance Released Inside a Room or Building Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate the Evacuate Building action. Staff will use designated routes or alternate safe routes to the Assembly Area, located upwind of the affected room or building. Students and staff from rooms exposed to contaminants need to be isolated from the rest of the school population.
2. The Incident Commander will call 911, School Police at (213) 625-6631, and the Office of Environmental Health and Safety (OEHS) at (213) 241-3199 and will provide the exact location (e.g., building, room, area) and nature of emergency.
3. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
4. The Incident Commander will instruct the Security/Utilities Team to isolate and restrict access to potentially contaminated areas.
5. The Security/Utilities Team will turn off local fans in the area of the release, close the windows and doors, and shut down the building's air handling system.
6. The Incident Commander will notify and update parents via Connect.
7. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
8. Persons who have come into direct contact with hazardous substances should have affected areas washed with soap and water. Immediately remove and contain (in plastic bags) outer layer of clothing because it may be contaminated. You may use extra clothing or other items that you have on hand, such as, P.E. clothing, extra uniforms, and trash bags, to allow students to cover up. Do not use bleach or other disinfectants on potentially exposed skin. Students and staff whose skin touched the contaminant should be isolated from the rest of the school population. The Triage Team should evaluate and monitor exposed individuals.
9. The Assembly Area Team will prepare a list of all people in the affected room or contaminated area, specifying those who may have had actual contact with the substance. The team will provide the list to the Incident Commander and emergency responders.
10. The Incident Commander will complete the Biological and Chemical Release Response Checklist.
11. The School Site Crisis Team will convene on-site and begin the process of counseling and recovery.
12. Any affected areas will not be reopened until the Los Angeles County HazMat or appropriate agency provides clearance and the Incident Commander gives authorization to do so.
13. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.4.2 Substance Released Outdoors and Localized Procedures

1. The principal or designee becomes the Incident Commander, activates the ICS Team and will immediately direct staff to remove students from the affected areas to an area

Powered by BoardOnTrack

upwind from the release. The Incident Commander will, as necessary, initiate the Shelter in Place or Evacuate Building action.

2. The Security/Utilities Team will establish a safe perimeter around the affected area and ensure personnel do not reenter the area.
3. The Incident Commander will call 911, School Police at (213) 625-6631, and the Office of Environmental Health and Safety (OEHS) at (213) 241-3199 and will provide the exact location and nature of emergency.
4. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
5. The Security/Utilities Team will turn off local fans in the area of the release, close the windows and doors, and shut down the air handling systems of affected buildings.
6. The Incident Commander will notify and update parents via Connect.
7. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
8. Persons who had direct contact with hazardous substances should wash affected areas with soap and water. Immediately remove and contain (in plastic bags) outer layer of clothing because it may be contaminated. You may use extra clothing or other items that you have on hand, such as, P.E. uniforms, extra clothing, and trash bags, to allow students to cover up. Do not use bleach or other disinfectants on potentially exposed skin. Students and staff whose skin touched the contaminant should be isolated from the rest of the school population. The Triage Team should evacuate and monitor exposed individuals.
9. The Assembly Area Team will prepare a list of all people in areas of contamination, especially those who may have had actual contact with the substance. The team will provide the list to the Incident Commander and emergency responders.
10. The Incident Commander will complete the Biological and Chemical Release Response Checklist.
11. The School Site Crisis Team will convene on-site and begin the process of counseling and recovery.
12. Any affected areas will not be reopened until the Los Angeles County Health HazMat or appropriate agency provides clearance and the Incident Commander gives authorization to do so.
13. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

Online training about Shelter in Place is available on MyPLN in STEPS courses 204 and 404.

7.4.3 Substance Released in Surrounding Community Procedures

1. The principal or designee becomes the Incident Commander, activates the ICS team, and if they or local authorities determine that a potentially toxic airborne substance has been released, the Incident Commander will initiate a Shelter in Place.
2. Follow all Section 6.11 Shelter in Place procedures.
3. The Incident Commander will call the Office of Environmental Health and Safety (OEHS) at (213) 241-3199 and will provide the nature of emergency.

4. The Incident Commander will monitor local news for information about the incident and notify the South Coast Air Quality Management District (SCAQMD) at 1-800-CUT-SMOG or 1-800-288-7664.
5. The school will remain in Shelter in Place until the Los Angeles County HazMat or appropriate agency provides clearance, or staff is otherwise notified by the Incident Commander.
6. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

Online training about Shelter in Place is available on MyPLN in STEPS courses 204 and 404.

7.5 Bus Disaster

These procedures are for use by bus drivers and school administrators in the event of an earthquake, serious bus accident, or other emergency that occurs while students are on a school bus field trip or being transported to or from school. If there are no students on the bus, drivers should report to Bus Dispatch by radio or 1-800-LABUSES or the nearest school.

7.5.1 Bus Earthquake Procedures

1. The driver will initiate the Drop, Cover, Hold On action for all persons on the bus.
2. The driver will stop the bus away from power lines, bridges, overpasses, buildings, possible landslide conditions, overhanging trees, or other dangerous situations.
3. The driver will check for injuries and provide first aid as appropriate.
4. The driver will contact Bus Operation Dispatch to report the location and condition of students and the bus. Bus Operation Dispatch will contact and update the school principal and bus supervisors.
5. If it is safe, the driver will proceed to the nearest LAUSD school for possible shelter, upon arriving at the school, the driver is to notify the school principal or designee and remain with the children until further instructions are received from the principal or designee.
6. The principal or designee will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
7. The principal or designee will notify and update parents via Connect.
8. If instructed by the Bus Operations Dispatch or designee to continue the route, the driver will:
    - If enroute to school, continue to pick up students.
    - If dropping students off, continue to do so, provided there is a responsible adult at the bus stop to receive students in Pre-K through second grade and a designated adult for students with an IEP.
9. In all instances, the driver should not attempt to cross bridges, overpasses, or tunnels that may have been damaged.
10. The driver will account for all students and staff throughout the emergency.

7.5.2 Bus Flood/Flash Flood Procedures

1. The driver will NOT drive through flooded streets and/or roads.

2. The driver will take an alternate route or wait for public safety personnel to determine safety.
3. If the bus is disabled, the driver will stay in place until help arrives.
4. The driver will contact and update Bus Dispatch to report location and condition of students and the bus. Bus Operations will update the school principal or designee and bus supervisor.
5. The principal or designee will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
6. The principal or designee will notify and update parents via Connect.
7. In all instances, the driver will not attempt to cross damaged bridges or overpasses.
8. The driver will account for all students and staff throughout the emergency.

7.5.3 Serious Bus Crash or Bus Fire Procedures

1. The driver will park the bus in a safe location as directed by law enforcement or Transportation supervisor.
2. The driver will set the emergency brake and turn off the ignition.
3. The driver will initiate the Evacuation action for all persons on the bus in the event of a fire. Drivers should keep in mind:
   a. Bus fires can be controlled by using fire extinguishers.
   b. Most modern buses have an integrated fire suppression system to put out engine fires and can be activated by push of a button or automatically triggered by a fire.
4. When an accident occurs, the driver will check for injuries and provide appropriate first aid as deemed necessary prior to the arrival of emergency responders.
5. The driver will immediately notify School Bus Operations Dispatch if an accident has occurred. Injuries will be reported at that time as well as the exact location of the bus.
6. Upon notification of an accident with students on board a bus, School Bus Operations Dispatch will notify the California Highway Patrol (CHP) for assistance.
7. The driver will contact Bus Operations Dispatch to report any updates at the location and condition of the students. School Bus Operations Dispatch will then provide the necessary updates to District personnel.
8. The The principal or designee will notify the Region Administrator of Operations and/or the Operations Coordinator of the incident.
9. The principal or designee will notify and update parents via Connect.
10. The driver will stay with the disabled bus until help arrives.
11. The driver will account for all students and staff throughout the emergency.
12. The Bus Supervisor or other authorized user will open an iSTAR on the incident.

7.6 Demonstration/Walkout

A Demonstration/Walkout is any assemblage on or off campus by staff or students for the purpose of protest or demonstration. A demonstration or walkout that occurs without appropriate approvals is considered unauthorized and may be unlawful. Students are sometimes encouraged by protesters (in person or via social media) to participate in a demonstration as it passes by a school. Information is available in BUL-6320 Procedures for Handling Disturbances or Demonstrations on or Adjacent to School Sites.

Demonstration/Walkout Procedures: The principal or designee becomes the Incident Commander (IC), activates the school ICS Team, initiates the appropriate emergency function(s), and takes the following actions:

1. In anticipation of, or during a disturbance, disorder, or demonstration, key school personnel must be released and made available to assist the principal in class coverage and to implement the school emergency plans.
2. The principal (or designee) may contact other resources for additional assistance.
3. The principal shall contact the Region Operations Coordinator and determine what additional resources will be necessary to address the situation.
4. The Region Operations Coordinator, in consultation with the Division of District Operations, will contact additional District resources, such as: School Police, Office of Communications, Transportation, and/or Food Services.

The IC shall:

5. Inform students, in the presence of adult witnesses, that they should attend classes.
6. Students who voluntarily leave the school campus or the classroom during a demonstration will be directed to return to the campus or the classroom.
7. If students leave campus, school site administrators do not have a legal obligation to protect the safety and welfare of the students. If the student demonstration or walk-out causes a disruption to the general public, local law enforcement may respond to the situation. Los Angeles Unified has no control over how local law enforcement will handle the situation.
8. As soon as possible, prepare a letter to notify parents of what occurred.

It is the responsibility of the IC to maintain adequate safeguards to ensure the safety and welfare of students, school personnel, and school property. If necessary, the IC must ensure that the school initiates a lockdown and, if a lockdown is initiated, the IC should take the following steps as appropriate:

9. Designate only one entrance and one exit for all persons entering or leaving the school site. The Security/Utilities Team will immediately proceed to this one entrance and one exit to control ingress and egress.
10. Do not allow the public or any unauthorized individuals or groups, including parents, to enter the campus.
11. Require each person entering the campus to sign his/her name and record his/her address, telephone number, and the time entered and departed.
12. Remind teachers to keep classroom doors locked and not release students for any reason.
13. Assign staff members to receive and direct all telephone calls related to the emergency. Provide designated persons with a script containing all information to be released.
14. Communicate and update staff using the school public address system, email, Connect, or other means as appropriate.

Powered by BoardOnTrack

15. Provide written updates or utilize faculty meetings to keep staff informed of developments. Also, identify key faculty members to help keep staff informed.
16. Maintain a “log” to record the date, time, and nature of each incident, names of the persons involved, reliable witnesses to the event, and description of the action taken. The Planning and Intelligence Team's Documentation Unit should keep this log.
17. Make plans for the school schedule and supervision program for the following day.
18. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
19. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.7 Disorderly Conduct

Disorderly conduct may involve a student, staff member, or visitor exhibiting threatening or irrational behavior. If the individual is armed, refer to sections on Lockdown or Active Shooter on Campus as appropriate. Information is available in BUL-5798 Workplace Violence, Bullying and Threats (Adult-to-Adult) and BUL-5799 Threat Assessment and Management (Student-to-Student, Student-to-Adult, Student-to-School). Online training about threats is available on MyPLN in courses STEPS 208 and 408.

Disorderly Conduct Procedures

1. Upon witnessing disorderly conduct, staff should take steps to calm and control the situation and attempt to isolate the perpetrator from other students and staff, if it is safe to do so. Witnesses should provide written statements for follow-up by the school administrator and/or School Police.
2. Staff will immediately notify the principal or designee.
3. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate the appropriate emergency functions, which may include Lockdown, Evacuate Building, or Off-site Relocation.
4. The Incident Commander will call School Police at (213) 625-6631 and provide the exact location and nature of the incident. If determined to be appropriate, the Incident Commander will call 911.
5. If an immediate threat is not clearly evident, the Incident Commander or other staff member may attempt to diffuse the situation. Approach the individual in a calm, non-confrontational manner and request they leave the campus. Avoid any hostile situations.
6. If the individual is a student, every attempt should be made to notify the family (family members may provide useful information on handling the situation).
7. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
8. The Incident Commander will notify and update parents via Connect, as necessary.
9. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.

10. The Incident Commander and team will determine if activating the threat assessment/management team is warranted.
11. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.8 Earthquake

Earthquakes generally occur without warning and may cause minor to serious ground shaking, damage to buildings, and injuries. It is important to note that even a mild tremor can create a potentially hazardous situation. The below procedures should be implemented in response to all earthquakes, regardless of magnitude.

Online training about earthquakes is available on MyPLN in courses STEPS 202 and 402. Other resources are available through the OEM and STEPS websites.

7.8.1 Earthquake during School Hours Procedures

Note: Keep calm and remain where you are during the shaking. Assess the situation and then act. Remember, most injuries or deaths are caused by flying/falling debris.

1. Upon the first indication of an earthquake, teachers should direct students to immediately Drop, Cover, and Hold On. If your school is equipped with the ShakeAlert system which provides advance notice of an earthquake, you will immediately Drop, Cover and Hold On upon receiving an alert through PA system.
2. Students with disabilities that do not allow them to get under furniture for protection should immediately Drop/Lock, Cover and Hold On. They should lock the wheels on any wheelchairs and protect their head and neck with their hands.
3. When the shaking stops, the principal or designee becomes the Incident Commander, activates the school ICS Team, and initiates the Evacuate Building action. Staff and students will evacuate the buildings using prescribed routes or other safe routes to the Assembly Area.
4. In the event of an evacuation, teachers will bring their student roster and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students or any student that was left behind.
5. The Incident Commander will direct the Security/Utilities Team to post guards a safe distance away from building entrances to prevent access.
6. The Security/Utilities Team will notify school personnel of fallen electrical wires and instruct them to avoid touching the fallen wires.
7. The Triage Team will set up the triage stations, check for injuries and provide appropriate medical assistance.
8. The Incident Commander will direct the Planning and Intelligence Team to notify the appropriate utility company of damages (e.g., gas, power, water, or sewer).
9. If the area appears safe, the Search and Rescue Team will make an initial inspection of school buildings to identify any injured or trapped students or staff.

Powered by BoardOnTrack

10. The Incident Commander will contact the Region Administrator of Operations and/or Operations Coordinator to determine additional actions that may be necessary. If the School Emergency Status Report (SESR) is activated, school conditions will be reported through this tool. Region personnel will communicate conditions to the District's Emergency Operations Center.
11. If SESR is not being used or not functioning, the Planning and Intelligence Team will fill out a School/Site Preliminary Damage Report and transmit it to the School Police and Region Administrator of Operations.
12. The Incident Commander will contact the Area Facilities Director to ensure buildings are safe for re-occupancy. When safe to do so, the Fire Suppression and HazMat Team will conduct an inspection of school buildings. The Fire Suppression and HazMat Team will maintain a log of their findings, by building, and provide a periodic report to the Incident Commander.
13. Any damaged areas will not be reopened until the Area Facilities Team provides clearance and the Incident Commander gives authorization to do so.
14. The Incident Commander may initiate a Relocation if warranted by changes in conditions at the school.
15. The Incident Commander will direct the Planning and Intelligence Coordinator or another authorized user to open an iSTAR on the incident.
16. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.8.2 Earthquake during Non-School Hours Procedures

Note: These procedures should be followed only when some staff is on campus.

1. Upon the first indication of an earthquake, everyone on campus is to immediately Drop, Cover and Hold on. If your school is equipped with the ShakeAlert system which provides advance notice of an earthquake, you will immediately Drop, Cover and Hold On upon receiving an alert through PA system.
2. The principal or designee becomes the Incident Commander, activates the school ICS Team as necessary, and will assess damages as safe to do so with the plant manager, to determine any necessary corrective actions. The school administrator may direct the Fire Suppression/HazMat Team to participate in the assessment.
   Note: Assessments must be conducted by teams wearing appropriate safety gear. Do NOT conduct assessments alone or unprotected, due to danger from possible building damage and the potential for aftershocks. Notify the School Police Watch Commander's Office at (213) 625-6631 that you are on campus before beginning a site assessment.
3. The Incident Commander should confer with the Region Administrator of Operations and/or Operations Coordinator and Maintenance and Operations personnel to identify the extent of damages and determine if the school can be occupied.
4. If the school cannot be occupied, the Incident Commander and Region Administrator of Operations will determine an alternate location for affected buildings and programs, and the Incident Commander will notify staff members and parents via Connect.

Powered by BoardOnTrack

5. The Planning and Intelligence Team will fill out a School/Site Preliminary Damage Report and transmit it to the School Police and Region Administrator of Operations.

7.9 Explosion/Risk of Explosion

There are four distinct incident types involving an explosion or risk of explosion. Determine which incident type applies and then implement the appropriate response procedures.

7.9.1 Explosion on School Property Procedures

1. In the event of an explosion, all persons should initiate Drop, Cover and Hold On or Take Cover if outdoors in an open area.
2. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will call 911 and School Police at (213) 625- 6631 and OEHS at (213) 241-3199 to provide the exact location (e.g., building, room, area) and nature of emergency.
3. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident. The Region office will inform the Region Public Information Officer of the situation.
4. The Incident Commander will consult with available law enforcement and, considering the possibility of another imminent explosion, take appropriate emergency functions. Action may include Shelter in Place, Evacuate Building or Relocation. Evacuation may be warranted in some buildings on a campus, and other buildings may be used as shelter.
5. In the event of an evacuation, staff, and students will use prescribed routes or other safe routes and proceed to the Assembly Area.
6. In the event of an evacuation, teachers will bring student roster and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions Teachers will notify the Assembly Area Team of missing students.
7. The Incident Commander will notify and update parents via Connect.
8. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
9. The Triage Team will check for injuries and provide appropriate medical assistance.
10. If needed, the Fire Suppression/HazMat Team should suppress small fires with extinguishers for the protection of students and staff as it is safe to do so, until the Fire Department arrives.
11. The Planning and Intelligence Team Lead will notify the appropriate utility company of any damages to water lines, sewers, power lines, and other utilities.
12. The Security/Utilities Team will secure the building entrance to prevent persons entering the school buildings.
13. If it is determined safe to enter affected areas, the Incident Commander will direct the Search and Rescue Team to initiate search and rescue activities.
14. The Incident Commander will contact the Area Facilities Director to ensure buildings are safe for re-occupancy. When safe to do so, the Fire Suppression/HazMat Team will conduct an inspection of school buildings. The Fire Suppression and HazMat Team will

Powered by BoardOnTrack

maintain a log of their findings, by building, and provide a periodic report to the Incident Commander.

15. The Planning and Intelligence Team will complete a School/Site Preliminary Damage Report and transmit it to the School Police and Region Administrator of Operations.
16. Any areas affected by the explosion will not be reopened until the Los Angeles County HazMat or appropriate agency provides clearance and the Incident Commander gives authorization to do so.
17. The Incident Commander may initiate a Relocation if warranted by changes in conditions.
18. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.9.2 Risk of Explosion on School Property Procedures

1. If a school is notified by authorities of the risk of an explosion, the principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate appropriate emergency functions, which may include Drop, Cover and Hold On, Shelter in Place, Evacuate Building, or Relocation.
2. If the school administrator issues Evacuate Building action, staff, and students will evacuate the building using prescribed routes or other safe routes to the Assembly Area.
3. In the event of an evacuation, teachers will bring their student rosters and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
4. The school administrator will call 911 and School Police at (213) 625-6631 and will provide the exact location (e.g., building, room, area) and nature of emergency.
5. The school administrator will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
6. If needed, the Fire Suppression/HazMat Team should suppress small fires with extinguishers for the protection of students and staff as it is safe to do so, until the fire department arrives.
7. The Incident Commander will advise the Search and Rescue Team to initiate rescue operations.
8. The Security/Utilities Team Lead will notify the appropriate utility company of any damages to water lines, sewers, power lines, and other utilities.
9. The Incident Commander will notify and update parents via Connect.
10. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
11. All affected areas will not be reopened until the Los Angeles County HazMat or appropriate agency provides clearance and the school administrator issues authorization to do so.
12. The Planning and Intelligence Team will complete a School/Site Preliminary Damage Report and transmit it to School Police and the Region Administrator of Operations.

13. In the event of an explosion on campus, refer to procedures listed under Explosion on School Property.
14. The Incident Commander may initiate a Relocation, if warranted by changes in conditions.
15. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.9.3 Explosion or Risk of Explosion in Surrounding Area Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate the Shelter in Place response action.
2. The Incident Commander will notify 911 and School Police at (213) 625-6631 and provide the exact location (e.g., building, area) and nature of emergency.
3. The Incident Commander will take further actions as needed or advised by authorities.
4. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
5. The Incident Commander will notify and update parents via Connect.
6. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
7. The school will remain in a Shelter in Place condition until the Los Angeles County HazMat or appropriate agency provides clearance and the school administrator issues further instructions.
8. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.9.4 Nuclear Blast or Explosion Involving Radioactive Materials Procedures

A nuclear blast is characterized by a sequence of intense light and heat, air pressure waves, expanding fireball, and subsequent radioactive fallout. More information about incidents involving radioactive material is available in the resource In The Event of a Nuclear Incident: A Reference for Schools and on MyPLN in courses STEPS 205 and 405.

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate the Shelter in Place action.
2. When sheltering, personnel should try to establish adequate barriers or shielding (e.g., concrete walls, metal doors) between themselves and the source of the blast or explosion and should avoid sheltering near exterior windows.
3. The Incident Commander will notify 911 and School Police at (213) 625-6631 and provide details on the area and personnel affected at the school.
4. After the initial blast, ICS teams should provide medical assistance and extinguish small fires as needed.
5. The Incident Commander will ensure the prompt relocation of students from bungalow buildings and other non-permanent structures, upper floor(s), rooms with broken windows, and other damaged rooms without going outside if possible.
6. The Security/Utilities Team will turn off the school's main gas supply (refer to the Site Plot Plan in the ISSP for gas supply shut-off valve) and fans in the area; close and lock

exterior doors and windows; shut down all buildings' air handling systems; seal gaps under doors and windows with wet towels or duct tape; cover windows, seal vents with aluminum foil or plastic wrap, if available; and turn off sources of ignition, such as pilot lights.

7. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
8. The Incident Commander will notify and update parents via Connect.
9. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
10. The Incident Commander or Public Information Officer will monitor local news outlets and initiate further actions as appropriate.
11. At the Incident Commander's discretion, and only if safe to do so, designated personnel should attempt to distribute emergency supplies including food and water, without going outside.
12. The school will remain in Shelter in Place until the Los Angeles County Department of Public Health or other appropriate agency ends the Shelter in Place or issues relocation instructions. Authorities may advise relocation.
13. The Planning and Intelligence team will complete a School/Site Preliminary Damage Report and transmit it to School Police and the Region Administrator of Operations.
14. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.9.5 Explosive Device Threat/Suspicious Package

Response to an explosive device threat is initiated upon the discovery of a suspicious package on campus grounds or receipt of a threatening phone call, email, social media, or other means that may present a risk of an explosion. Information is available in the BUL-6460 Explosive Device Threats and Suspicious Devices.

7.9.6 Explosive Device Threat by Telephone Procedures

1. The call taker should attempt to keep the caller on the telephone as long as possible and alert someone else to call 911. The staff member calling 911 informs the operator of:
    - Nature of threat on phone line
    - Name of school
    - Phone number of line receiving threat
    - Name and contact information of staff member
2. The person answering the threat call should immediately inform the principal, and then use the Explosive Device Threat Form to gather and record information about the call.

Explosive Device Threat Form Questions include:

- Where is the explosive device (building, location)?
- When is it going to explode?
- What kind of explosive device is it? What does it look like?
- Who set the explosive device? Why was the explosive device set?
- What can we do for you to keep the explosive device from exploding?

- What is your name?
- How old are you?
- Where do you live?
- How can you be contacted?

In addition to the above questions, evaluate the caller's voice and background noise for characteristics such as:

- Caller Characteristics:
  - Gender
  - Age
  - Accent
  - Slurred/impaired speech
  - Recorded/disguised voice
  - Familiarity
  - Irrational/incoherent
- Background Noise:
  - Traffic
  - PA System
  - Typing
  - Other

3. The principal or designee becomes the Incident Commander, activates the school ICS team, and calls School Police at (213) 625-6631 who will advise the school. In most cases, School Police will direct the school to wait for officers to arrive and conduct an investigation. The Incident Commander, in consultation with School Police, will determine the appropriate emergency functions, which may include Drop, Cover and Hold On, Lockdown, Evacuate Building or Relocation.
4. If the school discovers unusual or suspicious packages, boxes or foreign objects, all cell phones and hand-held radios of searchers should be turned off, as many explosive devices can be triggered by radio frequencies. If a suspicious object is found, report the discovery to the Incident Commander while the remaining team members attempt to secure the immediate area without touching or disturbing the object.
5. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
6. No attempt should be made to investigate or examine a discovered suspicious object.
7. The Incident Commander will notify and update parents via Connect
8. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
9. After the search, the Incident Commander will consult with Law Enforcement to determine any alteration to the appropriate emergency function, which may include Drop, Cover and Hold On, Lockdown, Evacuate Building, or Relocation.
10. When a suspicious object or explosive device is found, or if advised by Law Enforcement, the Incident Commander shall issue the Evacuate Building action. Staff and students will evacuate the building using safe routes to the Assembly Area.

Powered by BoardOnTrack

11. In the event of an evacuation, teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
12. The School Site Crisis Team will convene on-site and begin the process of counseling and recovery.
13. Do not resume school activities until the affected buildings have been inspected by proper authorities and determined to be safe. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.
14. The Incident Commander may initiate an off-site relocation if warranted by changes in conditions.
15. After the incident is over, the Incident Commander will complete the Explosive Device Threat Report, submit a copy to LAUSD atwcoffice@laschoolpolice.gov, submit a copy to Region Operations, keep a copy at the school site, and upload it to the iSTAR created for the incident.

Explosive Device Threat – Other Means

If an explosive device threat is received via letter, email, social media, or other means, the principal will consult with LASPD to determine a course of action. The principal will make the appropriate notifications and take other actions as described above in Section II, Procedures for Explosive Device Threat – Telephone, D-P, as necessary.

7.9.7 Suspicious Package Procedures

1. If a suspicious package or other object is found on or adjacent to campus, the principal or designee should be immediately alerted.
2. The principal or designee becomes the Incident Commander, activates the school ICS team, and will direct volunteer members of the Security/Utilities Team to attempt to secure the immediate area without touching or disturbing the object. All cell phones and hand-held radios in the vicinity of the suspicious package should be turned off, as many explosive devices can be triggered by radio frequencies.
3. The Incident Commander will call 911 and School Police at (213) 625-6631 and provide the exact location (e.g., building, room, area) and description of the suspicious package.
4. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident.
5. No attempt should be made to investigate or examine the object.
6. The Incident Commander will notify and update parents via Connect.
7. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
8. The Incident Commander will consult with Law Enforcement and determine the appropriate emergency function, which may include Drop, Cover and Hold On, Lockdown, Evacuate Building or Relocation.

Powered by BoardOnTrack

9. If Evacuate Building is initiated, staff and students will evacuate buildings using the safest routes to the Assembly Area. Routes may be different than usual evacuation routes.
10. In the event of an evacuation, teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
11. The School Site Crisis Team will convene and begin the process of counseling and recovery.
12. Do not resume school activities until the affected buildings have been inspected by proper authorities and determined to be safe. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.
13. The Incident Commander may initiate an off-site relocation if warranted by changes in conditions.
14. After the incident is over, the Incident Commander will complete only section II (Report by Principal) of the Explosive Device Threat Report, submit a copy to LASPD at wcoffice@laschoolpolice.gov, submit a copy to Region Operations, keep a copy at the school site, and upload it to the iSTAR created for the incident.

7.10 Fire

A fire impacts a school if it occurs on campus or in an off-campus location near the school. Take appropriate Evacuate Building or Shelter in Place measures to protect students and staff.

7.10.1 Fire on School Grounds Procedures

This procedure addresses a fire discovered on school grounds. A quick response to this situation is very important to prevent injuries and further property damage. Online training about fires is available on MyPLN in courses STEPS 201 and 401. Online training about fire alarm systems is available on MyPLN in course STEPS 418.

1. Upon discovery of a fire, teachers or staff will direct all occupants out of the building, activate the fire alarm, and report the fire to the school administrator.
2. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will immediately initiate the Evacuate Building action. Staff and students will evacuate buildings using the prescribed routes or other safe routes to the Assembly Area.
3. The Incident Commander will call 911 and School Police at (213) 625-6631 and will provide the exact location (e.g., building, room, area) of the fire.
4. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the fire. Region personnel will contact the Region Public Information Officer with information on this situation.
5. Teachers will bring student rosters and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are to account for

any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.

6. If needed, the Fire Suppression/HazMat Team should suppress small fires with extinguishers for the protection of students and staff as it is safe to do so, until the Fire Department arrives.
7. The Security/Utilities Team will secure the area to prevent unauthorized entry and keep access roads clear for emergency vehicles.
8. The Security/Utilities Team will notify the appropriate utility company of damages.
9. The Incident Commander will notify OEHS at (213) 214-3199 that a fire occurred.
10. The Incident Commander will notify and update parents via Connect.
11. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
12. If needed, the Logistics Team Lead will notify Bus Dispatch 1-800-LABUSES to request buses for staff and student evacuation.
13. Any affected areas will not be reopened until the Los Angeles City or County Fire Department, or appropriate agency provides clearance, and the school administrator issues authorization to do so.
14. For fires during non-school hours, the Incident Commander and the Region Administrator of Operations will assist in the determination of whether the school opens the following day.
15. All fires that are extinguished by school personnel, regardless of their size, require a call to the Fire Department to indicate that the “fire is out.”
16. The Planning and Intelligence Team will complete a School/Site Preliminary Damage Report and transmit it to the School Police and Region Administrator of Operations.
17. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.10.2 Fire in Surrounding Area Procedures

This procedure addresses a fire discovered in an area adjoining the school or a wildfire that impacts the school. The initiated response actions should take into consideration the location and size of the fire, its proximity to the school and the likelihood that the fire may affect the school.

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate the appropriate emergency functions, which may include Shelter in Place, Evacuate Building or Relocation.
2. The Incident Commander will notify 911 and School Police at (213) 625-6631 and will provide the location and nature of emergency.
3. The Incident Commander will instruct the Security/Utilities Team to prevent students from approaching the fire and keep routes open for emergency vehicles.
4. The HazMat/Fire Team will contact the local Fire Department and will work with the Fire Department to determine if school grounds are threatened by the fire, smoke, or other hazardous conditions.

5. The principal may initiate an Indoor Activities Schedule to further protect school community from environmental discomforts. This is accomplished by closing all doors and windows and running the air conditioning, as HVAC systems can improve air quality, due to better filtration than typical home systems. For greater detail, refer to REF-5803 Emergency Procedures, Drills and Districtwide Exercises.
6. In addition, the principal can determine air quality by accessing the Los Angeles Unified Know Your Air Network. The network consists of over 200 air quality sensors deployed at school sites and facilities throughout the entire 710 square-mile District to show local conditions in real time. Every school in Los Angeles Unified has a network sensor nearby (within approximately 1.6 miles), allowing all schools to determine air quality by looking at the nearest sensors. The network can be accessed at https://www.lausd.org/knowyourairnetwork.
7. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the incident. Region personnel will call the Region Public Information Officer with information on this situation.
8. If the Incident Commander issues the Evacuate Building action, staff and students will evacuate the affected building(s) using prescribed routes or other safe routes to the Assembly Area.
9. The Incident Commander will notify OEHS at (213) 241-3199 of the fire.
10. In the event of an evacuation, teachers will bring student rosters and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
11. The Incident Commander or Public Information Officer will monitor local news outlets and initiate further actions as appropriate.
12. The Incident Commander will notify and update parents via Connect.
13. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
14. If needed, the Logistics Team Lead will notify Bus Dispatch 1-800-LABUSES to request buses for staff and student evacuation.
15. The Incident Commander will initiate a Relocation if warranted by changes in conditions.

Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will update the school community.

7.11 Food/Beverage/Water Contamination

This procedure should be followed if site personnel report suspected contamination of food or beverages served for the various food programs. This procedure applies where there is evidence of tampering with food packaging, observation of suspicious individuals in proximity to food or beverage supplies, or if notified of possible food contamination by Central District staff or local agencies. Indicators of contamination may include unusual odor, color, taste, or multiple employees or students with unexplained nausea, vomiting, or other illnesses. Online training about food safety is available on MyPLN in course STEPS 417.

Powered by BoardOnTrack

Note that the Food Services Division will support with the procedures related to food and beverages that they serve.

Suspected Contamination of Food/Beverage/Water Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will isolate and secure the suspected contaminated food/beverage/water to prevent consumption, and will restrict access to the area.
2. The Incident Commander will notify:
   - 911
   - School Police (213) 625-6631
   - County Department of Health Services (213) 974-1234
   - Office of Environmental Health and Safety (213) 241-3199
   - Food Services Division (213) 241-2993 or (213) 241-6419
   - District Nursing Services (213) 202-7580
   - Region Administrator of Operations and/or Operations Coordinator
3. The Planning and Intelligence Team Lead will make a list of all potentially affected students and staff and provide the list to responding authorities.
4. The Triage Team and/or school nurse will assess the need for medical attention and provide medical assistance as appropriate.
5. The Planning and Intelligence Team Lead will maintain a log of affected students and staff and their symptoms, the food/beverage/water suspected to be contaminated, the quantity and character of products consumed, and other pertinent information.
6. The Incident Commander will confer with the Los Angeles County Department of Health Services before resuming normal operations.
7. The Incident Commander will notify and update parents via Connect.
8. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
9. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

The Food Services Division will conduct their own investigation if the contaminated food/beverage originated from the cafeteria. A Quality Control Incident Form is completed by the cafeteria manager and submitted to a Nutrition Specialist at the Food Services Division central office within 24 hours. He/she reviews the form, notifies the vendor from which the contaminated food/beverage originated, and has a sample of it picked up from the school to undergo laboratory testing. The lab results take 2-5 working days. If tests show positive for food-borne illness, Food Services reports the findings through iSTAR and to OEHS for direction and follow-up.

For cases involving water contamination, as well as non-cafeteria food and beverage spoilage or contamination, OEHS will support the school with proper protocol.

7.12 Public Health Emergency

The District's pandemic strategic plan is available here: LAUSD COVID-19 Compensatory Education Plan.

A Public Health emergency involves an infectious disease outbreak or a pandemic which requires a large-scale emergency need for medical health care services. A pandemic is the worldwide spread of a new disease, according to the World Health Organization. A pandemic occurs when a new virus emerges for which there is little or no immunity in the human population, begins to cause serious illness, and then easily spreads person-to-person worldwide. A Public Health emergency is often due to an influenza outbreak or other infectious disease that affects a school community. These incidents can also be more local and contained such as a suspected tuberculosis or measles outbreak at a school. During a suspected Public Health emergency, the principal or designee will consult with District Nursing Services at (213) 202-7580 and Student Medical Services at (213) 202-7590. Online training about Public Health emergencies is available on MyPLN in course STEPS 416.

During a large-scale Public Health emergency, the District will mobilize designated staff for a uniform, systemic, and comprehensive response. Both District and local level Operations staff will serve a critical role in gathering and dissemination information and supporting schools. L.A. Unified recognizes the authority of the Los Angeles County Public Health Officer in matters related to a disease outbreak or other Public Health crises and will work cooperatively with the Health Officer to prevent, mitigate, and respond to cases. The Health Officer and Public Health disease control specialists will evaluate the local situation and determine actions necessary to control the disease outbreak in schools and in the community. Health Officer Orders, guidelines and instructions will be continually revised and updated as the outbreak is tracked in the county. Illness may spread rapidly or slowly, may vary among communities locally, nationally, and worldwide, and the outbreak may persist over several months or even years.

During Public Health emergencies, schools may be approached by parents, teachers, and staff who are concerned about the health and safety of students. Specific details and updates including mitigation efforts and County orders will be provided on an ongoing basis as events evolve and directives change. It is imperative that the most updated information be sought and implemented. These will be shared through multiple means, including email, Connect messaging, KLCS, official District social media, virtual town halls, or other forums.

In a disease outbreak or pandemic, information materials may include:

- Letters to parents, teachers, and staff with instructions and risk communication information as issued by the Public Health Department's Health Officer.
- Brochures, infographics, and other informational materials.
- Frequently Asked Questions (FAQs).
- District webpages, maintained with links and updated information as knowledge evolves about the pandemic.

Healthy Habits to Reduce Public Health Emergency Impact

Powered by BoardOnTrack

7. Threat and Hazard-Specific Annexes

Schools can reduce the impact and spread of an infection by reinforcing basic healthy habits. Follow and promote the below practices and be aware that additional specific measures may be required to address the circumstances of the public health emergency. These practices include:

- Wash hands often. Require that all employees and students wash their hands with soap and water for at least 20 seconds after visiting the restroom or changing diapers/toileting, before and after eating and after handling animals or animal waste. If soap and water are not available, schools can purchase approved sanitizer from the District Warehouse. Schools must stock adequate hand-washing supplies for all restrooms.
- Cover nose and mouth when coughing or sneezing. Germs are spread when people cough and sneeze. Require that students cough or sneeze into a tissue or, lacking that, into a sleeve or elbow. Classrooms should be stocked with tissue to facilitate this activity.
- Get vaccinated. Vaccination can drastically reduce the chance of contracting many diseases.
- Routinely clean and disinfect surfaces. Cleaning with soap and water removes dirt and most microorganisms. Using a disinfectant kills additional disease-causing germs. All common surfaces should be disinfected frequently with an approved product. A list of District-approved products is available through the LAUSD's Office of Environmental Health and Safety website.
- Stay at home if you are ill or have signs or symptoms of an infection. Students who become ill while at school should be sent home as quickly as possible. Note that for some infectious diseases, infected individuals may not present any symptoms or symptom manifestation may be delayed.
- Exclude from all school activities students and staff who are symptomatic. In the event of any Public Health outbreak, limit contact with people who are symptomatic. This means that students and staff who come to school with noticeable symptoms such as an elevated temperature, cough, runny nose, or other symptoms common for that outbreak, should be separated from the general school population and sent home until they recover. Students who develop these symptoms at school should be isolated to contain germs, and then sent home with a parent or guardian.
- Handle and prepare food properly. Buy and refrigerate perishable foods quickly. Store food properly. Wash hands, kitchen surfaces, and utensils while preparing food. Wash raw foods and vegetables.
- Avoid exposure to all blood and other body fluids. Use gloves and practice thorough and frequent handwashing.
- Waste Disposal: Schools should carefully dispose of waste. A container lined with a biohazardous bag marked with the international biohazardous symbol is recommended for disposal of waste containing blood or any bodily fluid spills that may contain blood. This waste should be double-bagged. If needles, syringes, or lancets are used in the school setting, arrange for an appropriate Sharps container. The container must have the proper Sharps waste label attached. Place intact needles and syringes in the

designated Sharps container. Do not bend or break needles. Do not recap needles. Once sharps containers are ¾ full, it needs to be closed and disposed of into a consolidated bin. On site medical staff are responsible for disposing sharps container(s) into labeled sharps consolidation bin. Contact Nursing Services for directions about disposal of these types of contaminated materials. Also reference OEHS' Disposal Procedures for Hazardous Waste and Universal Waste (REF-4149 Disposal Procedures for Hazardous)

Continuity of instruction. When emergencies disrupt in-person instruction pursuant to CA E. C. § 41422 or 46392, it is the District's responsibility to ensure continuity of instruction. During large-scale learning disruption, students may be absent for extended periods, sometimes weeks or longer. As a mitigation strategy, school dismissals, closures, or capacity limitations may be implemented.

The Division of Instruction (DOI) has established alternate modes of learning in the event of a large-scale learning disruption to the District's instructional services. The Division of Instruction will provide guidance to administrators and support the implementation of alternative learning processes.

Also, see School Closure in Section 6: Functional Annexes.

Reopening. When the risk subsides, the District will consider Public Health guidance, scientific research, and local-level factors to implement a partial, incremental, or total return to normal operations. Any such decisions will be communicated to and coordinated with regional leadership who will then communicate with school sites.

The District will work with local-level offices to provide guidance to schools such as: campus cleaning and other pandemic-related safety procedures; student academic assessment, academic intervention, and grading; mental health services for students and employees; assessing students with disabilities in reviewing, revising, or creating IEPs; remediation, if the school was used for emergency operations; and accounting for students who do not return to school.

Considerations for Emergency Preparedness

Based on the nature, scale, and duration of the pandemic, as well as whether any in-person instruction is/may be taking place, school administrators should plan for a potential need to address the following, as applicable:

- Schools are expected to conduct all required emergency drills with each campus cohort during hybrid learning. Schools that have groups of students rotating through campus will need to hold drills for each schedule. Drill frequency table is available at http://lausd.org/drills.
- Submit emergency drill evaluations separately for each cohort.
- Conduct an ISSP review to update staffing and ensure that everyone with an emergency role will be working in person.
- Develop contingency plans for handwashing during disasters or during a loss of water on campus. Identify any outdoor handwashing stations that may be used during a disaster.

- Evaluate any designated outdoor isolation/quarantine areas for potential use for the same purpose during emergencies requiring evacuation. Consider: distance from buildings (building damage/rubble), reasonable distance from assembly area, line of sight (preferable), and communication between areas. If the existing areas are not suitable, identify isolation and quarantine areas near the assembly area for any students or employees who present symptoms and need to be isolated or quarantined. Assign staff to monitor these areas as needed.
- Identify alternate indoor spaces to use during lockdowns and shelter-in-place incidents/drills for each outdoor isolation and quarantine area and for outdoor classrooms, if any.
- Evaluate current assembly area and determine potential need to redefine or expand it to accommodate appropriate physical distancing; if necessary, establish a larger assembly area that will allow for proper social distancing.
- Establish the expectation that teachers should bring classroom hand sanitizer when evacuating.
- Inventory current emergency supplies and evaluate supply needs in classrooms, offices, and the emergency bin, including those specifically needed due to the nature of the outbreak/pandemic, including PPE for any parents/guardians who show up to collect their child at the request/reunion gates.
- Ensure that all staff are aware of and practice revised emergency procedures.
- Discuss changed/additional emergency actions during professional development and parent meetings.
- Consider using various communications channels, such as email, text, or Connect, to share key details of the modified emergency plan with parents/guardians, including expectations at the request and reunion gates.
- Review with students the additional emergency actions they will need to take. If these measures are new to the emergency response process, teachers and support staff should monitor and support students as they follow these protocols to facilitate proper implementation.

Additional Considerations

The following can facilitate the prevention and/or mitigation of outbreaks/pandemics.

Health Education Messages: Health education materials are critical because the impact and spread of a virus can be reduced or eliminated by training and education. Health education will also mitigate fear and reduce behavior or actions that will be disruptive to school activities. Education is also important as knowledge and mitigation strategies can change when dealing with a novel virus. As knowledge evolves, schools must ensure proper updates are followed and shared. Everyone at school should follow and help reinforce safe and healthy hygiene practices with students and the rest of their school community.

Alternative Use of District Buildings: School administrators and employees shall be aware that the LACDPH or other government entity may ask to use schools as Points of Distribution (PODs) in response to an outbreak. They may use a large room, such as the gym, to vaccinate or

distribute medication to the community or they may use a school parking lot to distribute food or other basic necessities. If LACDPH asks to use schools as PODs, OEM and the Region will work with site administration at selected sites to coordinate the activity. The Superintendent may also decide to use our own facilities to provide similar services to our school families and community.

Additional Responsibility of School Administrators: Administrators should prepare to facilitate the following, depending on the nature and scale of an outbreak/pandemic:

- Collection and submission of data on the numbers of students who are ill with a given disease.
- Visitation by LACDPH, which may visit schools to evaluate the implementation of Health Officer Orders and guidelines.

They may use its emergency reporting platform, School Emergency Status Report (SESR) or other resources to help track and report staff and student attendance or other metrics. Schools must adhere to any temporary changes in attendance recording protocols to ensure proper reporting. During a pandemic, these systems can be used to help determine District absenteeism rates and inform decisions made by the District or Public Health Officer to strengthen, implement, maintain, or forecast protective measures.

7.13 Suicide Risk and Self-Injurious Behavior

Procedures for Responding to Students who Exhibit Suicidal Ideation/Behavior

The school administrator should ensure that all incidents of suicidal ideation and/or behaviors are properly assessed, in accordance with the guidelines and protocols indicated in the District's BUL-2637 Suicide Prevention, Intervention, and Postvention (Students).

Suicide is death caused by self-directed injurious behavior with the intent to die. Sometimes there may be a precipitating event, such as a break-up or recent death of a loved one, prior to the death by suicide. However, it is important to remember that suicide is a complex phenomenon that cannot be attributed to one single cause.

The primary purpose of a suicide risk assessment is to determine if a person of concern poses a risk to themselves. The following are general protocols and procedures for the administrator/designee, crisis team member, and/or STPL to respond to reports of students at risk for suicide.

There are four stages for the suicide risk assessment process:

- Stage I: Immediate Risk Reducing Interventions
- Stage II: Assess for Suicide Risk
- Stage III: Communicate with Parent/Guardian
- Stage IV: Implementing Action Plan

Within each stage, the urgency of the situation may dictate the order in which the subsequent protocols are followed and necessary.

For support and consultation, contact the Student and Family Wellness Resources Line at (213) 241-3840, Monday through Friday.

In case of an emergency, call 911. For law enforcement and/or after-hours response, contact the Los Angeles School Police Department (LASPD) at (213) 625-6631.

7.14 Threat to Others

The school administrator should ensure that all threats are properly assessed, in accordance with the guidelines and protocols indicated in the District's BUL-5799 Threat Assessment and Management (Student-to-Student, Student-to-Adult).

For support and consultation, contact the Student and Family Wellness Resources Line at (213) 241-3840, Monday through Friday.

In case of an emergency, call 911. For law enforcement and/or after-hours response, contact the Los Angeles School Police Department (LASPD) at (213) 625-6631.

Employees as Mandated Reporters of Student Threats or Perceived Threats

In accordance with CA E.C. § 49390-49395, all employees are mandated reporters of student threats or perceived threats to commit a homicidal act related to school or a school activity.

- An employee who is alerted to or observes any student threat or perceived threat to commit homicide, must immediately report the threat or perceived threat to the Los Angeles School Police Department (LASPD) at (213) 625-6631 or local law enforcement, as well as the site administrator.
- Upon receiving a report of a threat or perceived threat, the local law enforcement agency, with the support of the school site or local educational agency, shall immediately conduct an investigation.
- An investigation by law enforcement, including LASPD, is not a substitute for a multidisciplinary threat assessment team meeting.

Protocol for Responding to Threats of School Violence

A threat assessment should be conducted when there is a direct, clear, and plausible threat of serious physical violence toward another person or District site. Additionally, a threat assessment could be conducted if the totality of the circumstances warrants an assessment. In general, to evaluate a threat, the team should have as many details about the person of concern, including baseline behavior, worrisome behaviors, threats made, and relevant past behaviors. For example, information gathered can include specific details about the thoughts and planning of a specific threat. A lack of specific details may indicate that little thought has gone into the threat and the threat maker is just venting frustration or trying to frighten people. A threat that contains specific details about targets, weapons, locations, and motivation is much more likely to be carried out. The more detail contained in a threat, the more thought that has gone into the planning.

Powered by BoardOnTrack

The primary purpose of a threat assessment is to determine if a person of concern poses a risk of violence to the target(s) they have threatened. The following are general protocols and procedures for the administrator/ designee to respond to any reports of school violence or threats in schools, at District and school-related activities, and in areas within the District's jurisdiction.

There are four stages for the threat assessment and management process:

- Stage I: Immediate Risk Reducing Interventions
- Stage II: Information Gathering
- Stage III: Multidisciplinary Threat Assessment Team Meeting
- Stage IV: Implementing Action Plan

Within each stage, the urgency of the situation may dictate the order in which the subsequent protocols are followed and necessary.

7.15 Tsunami

A tsunami is a series of ocean waves that sends surges of water onto land. Waves sometimes reach heights of over 100 feet and can cause great destruction. Tsunamis are typically caused by large, undersea earthquakes, but may also be caused by underwater landslides or volcanic eruptions. Shaking events can generate a tsunami in the area where the shaking occurred with little warning time, or thousands of miles away, with several hours of warning time.

These procedures should be followed by the designated schools near the ocean or on field trips to or near the beach or when a distant or local shaking event has occurred and generated a tsunami. Schools located inside the known tsunami inundation area have a Tsunami Annex for their ISSP. All of the identified schools have been issued weather alert radios that send out tsunami advisories from the National Oceanic and Atmospheric Administration (NOAA). Information is available in the LAUSD REF 5435 NOAA Weather Radio All-Hazards Alerts.

Tsunami Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate appropriate emergency functions, which may include Shelter in Place, Evacuate Building, or Relocation. If on a field trip, this duty is a responsibility of the lead teacher or administrator in charge of the field trip. The specific action will depend on how close the school is to the ocean, and how much time there is to act.
2. The Incident Commander or school Public Information Officer will monitor local news outlets for information such as evacuation notices and initiate further actions as appropriate. Schools in the Tsunami Inundation Zone have a NOAA weather alert radio with battery back-up in the Main Office.
3. If the Incident Commander issues the Evacuate Building or Relocation action, staff and students will evacuate affected buildings using prescribed routes or other safe routes to the area identified in the school's tsunami annex. The evacuation destination for a field trip should be to land that is at least 100 feet above sea level. Evacuees should stay away from coastal and low-lying areas. Waves may continue for several hours and travel several times faster than walking, running, or driving.

Powered by BoardOnTrack

4. In the event of an evacuation, teachers will take students rosters and any classroom emergency supplies when leaving the building and take attendance once the class is assembled in a safe location. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
5. The Incident Commander will notify School Police at (213) 625-6631 and the Region Administrator of Operations and/or Operations Coordinator of the incident. Region staff will inform the Region Public Information Officer of the situation.

* The above procedures are also followed for field trips on or near the beach if there is a threat of a tsunami.

7.16 Utility Failure

A utility failure is a situation involving a loss of water, power, or other utilities on school grounds.

7.16.1 General Loss or Failure of Utilities Procedures

1. If water or an electrical line is broken, an effort should be made to turn off water or power to the affected area and to notify the school administrator immediately.
2. If a gas leak is suspected or the loss of utilities poses a risk of explosion, refer to Section 7.10 Explosion/Risk of Explosion on School Property.
3. Upon notice of loss of utilities, the principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate appropriate emergency functions, which may include Shelter in Place, or Evacuate Building.
4. The Incident Commander will notify the Area Maintenance and Operations (during business hours) or School Police at (213) 625-6631 (at all other days/hours) and will provide the location and nature of emergency. Other personnel will be notified at the discretion of the Incident Commander.
5. Area Maintenance personnel, working with the Incident Commander, will contact the affected utility company to determine whether their assistance is required, recommended actions, and the potential length of time service will be interrupted.
6. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the loss of utility service.
7. If the Evacuate Building action is initiated, teachers will take student rosters and any classroom emergency supplies when leaving the building and take attendance once the class is assembled in a safe location. Teachers are to account for any students with a cognitive disability who may not have understood the directions.
8. The Incident Commander will notify and update parents via Connect.
9. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
10. As needed, school emergency supplies will be utilized to compensate for the loss of a utility.
11. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

12. In addition to the procedures listed above, the Incident Commander will implement the protocols for specific concerns below as needed.

7.16.2 Loss of Water Supply Procedures

The following operational items apply at a school that has lost its water supply. Many issues can be easily solved if the school has adequate emergency supplies:

1. **Bathrooms** - School personnel can make a regular toilet work by pouring a half-bucket (about 2.5 gallons) of water into the toilet to provide the "flush." Water stored in emergency barrels can be used for this purpose. This method is often easier than setting up toileting stations of 5-gallon buckets with plastic bags in them. Standard toilets can also be lined with plastic bags. Bucket toilets and toilets lined with plastic bags generate bags of hazardous waste that need to be disposed of properly. One disposal method is to dump the contents of the bags into the standard toilets when they are returned to service. Be advised that this method is messy at best. Schools must also provide toilets that are accessible to students with specific needs.

   Health code requires that the students have a way of washing their hands after going to the bathroom. Water from the emergency supplies, waterless hand cleaner, or wipes will fulfill that requirement and should be stored with the other emergency supplies.

   If portable toilets are delivered, schools must make sure that there are also hand cleaning stations set up, as well as accessible toilets for students with specific needs. Mark at least two of the portable toilets for faculty use.

2. **Cafeteria** - To keep the cafeteria open, cafeteria staff must have clean water to wash hands and clean surfaces. Water can be pumped from the emergency water barrels into a plastic water carrier. The water carrier can be taken to the kitchen, and cafeteria staff can use the water at their sink. If the cafeteria staff needs hot water, they can heat it.

3. **Drinking Water** - Drinking water can be addressed in many ways. Water can be distributed in cups or individual bottles/pouches, depending on what was stored. Often the utility provider or Maintenance and Operations will obtain bottled water for the school.

   If schools are using water from the emergency water barrels, they must re-chlorinate the water 30 minutes before it is made available for consumption. Details are available in the REF-5451 School Site Emergency/Disaster Supplies.

4. **Fire Suppression** - The fire code requires that if the automatic fire sprinklers are disabled for any reason, schools must post a fire watch. For complete and specific instructions, please see REF-1909 Procedures for Fire Protection Systems. The law requires that someone must continuously patrol the entire campus every half hour and then log in the fact that no fire was seen. The person conducting the fire watch shall be knowledgeable of the fire watch procedures, should have a radio, be able to notify the fire department and alert and evacuate the building occupants. The fire department and

Powered by BoardOnTrack

the Office of Environmental Health and Safety at (213) 241-3199 must be notified. Logs must be kept, documenting who patrolled the building, where they went and when they made their rounds. Schools shall notify the fire department to request permission to implement the fire watch:

- Los Angeles City Fire Department (Valley) (818) 728-9922
- Los Angeles City Fire Department (Los Angeles) (213) 978-3800
- Los Angeles County Fire Department (323) 881-2455

Only the fire department can authorize a school to go off fire watch. Schools will need to save and document all contacts with the fire department to ensure they followed the Fire Code.

6. **Other Concerns** - At secondary schools, there may be a request to use the showers, which cannot be accommodated. The nurse may also ask for water to wash hands. They may be able to use waterless hand cleaner, but they will still need water for cleaning wounds, etc. Schools can pump the emergency water into a water carrier for the nurse to use at the sink in the Health Office or provide bottled water.

7.16.3 Loss of Power Procedures

The following are concerns that need to be addressed at a school that has lost electrical power.

1. **Lights** - Schools are built to take advantage of natural light. Classrooms often have one wall of windows, so there should still be visibility, even without electric lights. Classroom emergency kits typically include flashlights that can provide additional illumination. In many cases, the loss of electricity is minimally disruptive to instruction; it is common practice for students to remain in classrooms during a power outage.

   Almost all schools have emergency lights on battery back-up. These lights will allow students and staff to safely exit the building. These lights illuminate hallways, stairwells and exit signs. In most schools, emergency lighting operates on a series of large batteries and have the capacity to run for about an hour, so that everyone will have adequate time to exit the building. Some schools have hardwired emergency generators instead of batteries. These generators are sized to run emergency egress lighting only, and do not power other items such as elevators and air conditioning.

   Some schools have portable generators in the emergency supply bin that can power lighting in the assembly area, charge batteries on radios, and other power needs. Generators and rechargeable portable power stations are also used to supplement battery-powered medical devices for students with special needs.

   In a prolonged power outage, the Maintenance and Operations Branch provides a generator to power the cafeteria. The cafeteria has food that needs to be kept at specific temperatures to preserve safety. The generator will be used to run the refrigerators and freezer.

2. **Students on Ventilators** - The students who use ventilators are provided with a small, portable generator rechargeable portable power stations to keep the ventilator battery charged during a power outage. Typically, these students are dependent on medical devices to live. Schools that have students who use ventilators and do NOT have a generator should immediately contact the Office of Emergency Management at 213-241-3889.
3. **Fire Alarms and Suppression Systems** - During a power outage, fire alarms and notification systems will not work. The Fire Code requires that if the automatic fire alarms are disabled, schools must post a fire watch. For complete and specific instructions, see REF-1909 Procedures for Fire Protection Systems. The law requires that someone must continuously patrol the entire campus every half hour and then log in the fact that no fire was seen. The person conducting the fire watch shall be knowledgeable of the fire watch procedures, should have a radio, and be able to notify the fire department, and alert and evacuate the building occupants.

   The fire department and the Office of Environmental Health and Safety at (213) 241-3199 must be notified. Logs must document who patrolled the building, where they went and when they made their rounds. Schools shall notify the fire department to request permission to implement the fire watch:

   - Los Angeles City Fire Department (Valley) (818) 728-9922
   - Los Angeles City Fire Department (Los Angeles) (213) 978-3800
   - Los Angeles County Fire Department (323) 881-2455

   Only the fire department can authorize a school to go off fire watch. Schools will need to save and document all contacts with the fire department to ensure that they abided by the Fire Code.

4. **Food Service** - The cafeteria staff may not be able to heat food without electricity or gas. If the loss of power is expected to last through nutrition or lunch or other meals provided at school, immediately contact your Cafeteria Manager and your Area Food Services Supervisor. They can arrange for food to be brought in from an off-site location. In a prolonged power outage, the Maintenance and Operations Branch will provide a generator to power the cafeteria. The cafeteria has food that needs to be kept specific temperatures to preserve safety. The generator will be used to run the refrigerators and freezer or the food will be transported to a neighboring school or the Pico Rivera Foods Warehouse.

7.16.4 Loss of Communications Procedures

Schools regularly communicate with staff, parents, and other schools/offices using a variety of methods. Back-up methods of communicating must be identified for each system in case a primary communication system is not functioning. Communications systems may be inoperable or have intermittent service due to an issue that impacts only that system, result from an emergency or disaster that causes an outage of communications, or due to system overload

Powered by BoardOnTrack

when too many people try to use a system following a disaster. During some types of large emergencies/disasters, multiple communications systems may be down or unreliable.

A best practice is to send important communications by multiple methods (for example a voice message and a text or a newsletter that is emailed to parents and a hard copy sent home with students). It is essential to use multiple communications methods during a disaster to increase the likelihood that critical information is successfully received. The table below identifies some methods of communications commonly used by schools and which can be incorporated in a school's plan for loss of communication.

During a disaster, phone line and other communications systems use should be limited to essential information to minimize system congestion. Internet service and other data storage systems may also be unavailable during a disaster. Schools should maintain a list of key contacts downloaded onto devices and multiple copies of printed contact lists in the School Emergency Response Box.

Common School Communications Methods:

Communication Method	**Information Types**
Landline telephone	Live voice calls; recorded voice messages
Email	Written messages; digital print materials
Public address system	Live voice broadcast information to campus groups
Two-way radio	Live voice information to select campus group; emergency communications between designated schools and with LASPD; see the Emergency Radio Communications Reporting Tree for more details
Bull horn	Live voice information to campus group
Printed materials	Distributed in person
Runners/messengers	Live messages or distribution of printed materials
Cell phones	Live voice calls; recorded voice messages; text messages
LAUSD and school websites	Schedules and digital materials including policy, protocol, and other information
Connect	Automated outbound voice messaging, email, or text messaging to larger distribution groups
Social media	Written messages; digital print materials

Additional considerations for communications methods:

1. **Phone Systems** - School PBX phone systems have a battery back-up because they run on computers. This allows the phones to operate without electricity. In addition, each school has a fax machine on a separate, direct, outside analog phone line that does not go through the PBX. If the PBX system fails, the fax line will still work, and schools should keep a single-line phone handset that can be plugged into this line during a loss of power or loss of phone lines. In the event of a major disaster such as an earthquake,

Powered by BoardOnTrack

these phone lines have been listed with the phone company as “essential service lines” and will be restored first.

If a school must relocate off campus during an emergency, it can forward the main school number to an administrator’s cell phone if possible. This will allow the school to still receive incoming calls from the school’s landline phone.

An increasing number of schools have telephones that operate using Voice Over Internet Protocol (VOIP) systems. These phones, and other equipment that uses VOIP, may not function during a loss of internet service.

Additionally, schools may be able to use cloud-based telephone services using Amazon Connect, provided by the District. This allows the District to set up or forward critical phone numbers, including our schools’, to the cloud in the event of a local emergency or service disruption. School staff can take Amazon Connect calls from anywhere in the world using a computer or Chromebook with an internet service.

2. **Connect Mass Notification** - The Connect mass notification system is capable of sending voice, email and text messages during normal school operations. When a school experiences a loss of communication systems such as phones/internet, communications can still be sent through Connect.

   If only an internet connection is available, a Connect message can be created and sent. Email and text messages can be added to the message following the normal procedures. If a voice message is also desired, two options are available. The first is to utilize the text-to-speech function and to enter the script for the message into Connect. The system will then read the script when the message is delivered. This can be done for any of the languages. The second option is to record the audio message and to upload the file into the Connect message. If the audio can be recorded directly onto the device being used to set up the message (computer, tablet or smartphone), this will eliminate the need to transfer the audio file to a second device (e.g., recording the message on a smartphone and setting up the message on a computer requires that the audio file be transferred to the computer via email or text). Connect messages can be set up on a Smartphone with internet connectivity using the phone’s browser (www.finalsiteconnect.com).
   If no internet connection is available but access to any phone is available, a message can be sent out using the Connect Dial-In Messaging Card. Each Connect user account has the option to create a Dial-In Messaging Card with PIN security (Visit https://bbc.lausd.net and click on the “Dial-In Messaging Tutorial” FAQ for instructions on using the Dial-In Messaging Card.
3. **Two-Way Radios (Internal School Communications and External Emergency Communications)** - Each school has a two-way radio system that allows the school to communicate with people on that campus for daily, ongoing critical communications, and during emergencies with a neighboring campus, and directly or indirectly with School Police. Systemwide failure of the radio network is possible, but less likely to fail

in an emergency than landline or cellular phones. The radios are battery powered and will still operate during a power outage or when phone systems are down. As long as the radio batteries are charged and working, schools will be able to communicate within their campus or to a nearby campus or with School Police. Schools should keep extra radio batteries, a spare radio charger and a portable power pack with the school's emergency equipment.

7.17 Weather

Schools may implement general inclement weather procedures during heavy rain, flooding, hail, or high winds. More information is available in REF-5706 School Procedures During Inclement Weather, REF-5435 NOAA Weather Radio All-Hazards Alerts, and BUL-963 Guidelines for Preventing Heat Stress.

7.17.1 General Inclement Weather Procedures

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate appropriate emergency actions which may include Indoor Activities Schedule, Evacuate Building, or Relocation. NOTE: Inclement weather may block or impact routes to/from school and may necessitate an off-site evacuation even if the school itself is relatively unaffected. The principal may initiate an Indoor Activities Schedule to further protect school community from environmental discomforts. This is accomplished by closing all doors and windows and running the air conditioning, as HVAC systems can improve air quality, due to better filtration than typical home systems. For greater detail, refer to REF-5803 Emergency Procedures, Drills and Districtwide Emergency Exercises.
2. The Incident Commander will notify 911 and School Police at (213) 625-6631 and will describe the nature and extent of the incident.

3. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the emergency situation. Region personnel will call the Office of Communications with information on the situation.
4. The Incident Commander will direct the Security/Utilities Team or other available staff to secure any lightweight, unstable, or fragile items on campus and bring indoors any equipment that may become damaged by weather conditions.
5. The Incident Commander or school Public Information Officer will monitor local news outlets and NOAA weather alert radio and initiate further actions as appropriate.
6. If the Incident Commander issues the Evacuate Building or Relocation action, staff and students will evacuate affected buildings using prescribed routes or other safe routes to the Assembly Area.
7. In the event of an evacuation, teachers will bring student rosters and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers will notify the Assembly Area Team of missing students.
8. The Triage Team will monitor students who were exposed to adverse weather conditions (such as extreme cold, heat, or rain) as necessary.
9. The Planning and Intelligence Team will consider the impact of weather (including travel) on field trips and extracurricular activities and advise the Incident Commander if activities should be curtailed.
10. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
11. The Incident Commander will notify and update parents via Connect.
12. The Incident Commander will initiate a Relocation if warranted by changes in conditions.
13. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.17.2 Rain Procedures

Rain can cause sudden or gradual flooding, impede driving conditions, and/or be accompanied by lightning. Before every rainy season, school plant managers should be reminded to:

- Check all ground-level drains and drainage areas to make sure they are free of debris and work properly. Clogged drains should be reported for repair since they can cause flooding and building damage.
- Inspect roof scuppers and drains to make sure they work properly.
- Request sandbags and plastic sheeting from the operational area that can be used to divert water away from doors.

Flood/Flash Flood

A Flash Flood may accompany rain or may appear suddenly as a result of storm conditions elsewhere in Southern California and may impede driving.

Hail

Powered by BoardOnTrack

Hail can damage buildings and equipment, possibly injure students or adults (depending on the size of the hailstones) and may be accompanied by unusually cold weather.

Landslide/Debris Flow

Landslides can be caused by a variety of factors including earthquakes, storms, fire, and by human modification of land. Landslides can occur quickly, often with little notice. In a landslide, masses of rock, earth, or debris move down a slope.

Debris and mud flows are rivers of rock, earth, and other debris saturated with water and develop when water rapidly accumulates in the ground, during heavy rainfall or rapid snowmelt. They can flow rapidly, striking with little or no warning, and may travel several miles from their source, growing in size as they pick up trees, boulders, cars, and other materials.

Thunder/Lightning

All thunderstorms produce lightning and are dangerous. Stop all outdoor activities and move activities indoors if you hear thunder or see lightning. Wait 30 minutes after the storm to resume outdoor activities.

Wind

High winds can create power outages, knock down trees and utility lines, and remove exterior building materials (such as gutters and shingles). Caution should be taken in areas where pop-up canopies, dining table umbrellas, tree branches or other objects may become airborne and exposed to wind damage. Students and staff should be kept away from these areas while high winds are present.

7.17.3 Funnel Clouds/Tornado Procedures

Funnel clouds and tornadoes are possible in the Los Angeles area. If a funnel cloud is sighted or a tornado warning is issued, immediately move all students indoors. Basements offer the best protection. Schools without basements should use interior rooms and hallways on the lowest floor, away from windows and other sources of glass. Rooms with large roof spans (e.g., gymnasiums, cafeterias, and auditoriums) offer little or no protection from tornado-strength winds. Students should sit facing an interior wall, elbows to knees, with hands over the back of their heads, and remain in position until an all-clear is sounded.

1. The principal or designee becomes the Incident Commander, activates the school ICS Team, and will initiate the appropriate emergency function, Shelter in Place.
2. The Incident Commander makes the following announcement over the PA system or an alternate method of communication: “Your attention please. We are implementing an Indoor Activities Schedule, due to severe weather. Students and staff are to remain inside the building away from windows. Sit on the floor, face the wall, and protect your head with your arms. All students and staff that are outdoors are to immediately move to the protection of an inside room. As soon as we have further information, we will share it with you.” NOTE: The principal may initiate an Indoor Activities Schedule to further protect school community from environmental discomforts. This is accomplished

by closing all doors and windows and running the air conditioning, as HVAC systems can improve air quality, due to better filtration than typical home systems. For greater detail, refer to REF-5803 Emergency Procedures, Drills and Districtwide Emergency Exercises.

3. If indoors, teachers will keep students in the classroom until further instructions are given.
4. If outdoors, students will proceed to their classrooms if it is safe to do so. If not, teachers or staff will direct students into the closest classrooms or school buildings. Teachers are to account for any students with a cognitive disability who may not have understood the directions. Teachers are to take roll and to notify the office with the number and names of students in the room with them.
5. The Incident Commander will notify 911 and School Police at (213) 625-6631 and will describe the nature and extent of the incident.
6. The Incident Commander will notify the Region Administrator of Operations and/or Operations Coordinator of the emergency situation. Region personnel will call the Region Public Information Officer with information on the situation.
7. The Incident Commander or Public Information Officer will monitor local news outlets and NOAA weather alert radio and initiate further actions as appropriate.
8. Teachers will take attendance to account for students and notify the office of missing students.
9. The Incident Commander will direct the Planning and Intelligence Team Lead or another authorized user to open an iSTAR on the incident.
10. The Incident Commander will notify and update parents via Connect.
11. The Incident Commander will initiate a Relocation if warranted by changes in conditions.
12. Once the incident has concluded and the campus has been determined to be safe, the Incident Commander will initiate the All-Clear action.

7.17.4 Heat Procedures

The intensity of exercise activities must be limited or modified whenever the Heat Index is above 95°. Details are available in BUL-963 Guidelines for Preventing Heat Stress. A useful resource that calculates the heat index and offers heat safety tips is the OSHA smartphone app, the OSHA Heat Safety Tool. For information specifically geared towards employees, the California Division of Occupational Safety and Health provides a website with valuable information to help protect employees from heat-related illnesses at http://www.dir.ca.gov/DOSH/HeatIllnessInfo.html.

Modifying Athletic Activities During Excessive Heat

During times of excessive heat, the following precautions need to be taken for outdoor physical activity which includes recess, physical education, recreation, and competitive sports:

- Adequate water must be available. If adequate water is not available, physical activity must be modified. During the activity, periodic drinking of water every 15 to 30 minutes should be encouraged.
- Staff and all personnel supervising physical activities, including Youth Services personnel, should observe students during activity periods and modify activities.

Students known to have health problems should be closely observed and their activity modified or restricted.

Strategies for Preventing Heat Stress During the School Day

- A “cool room” should be established for use by students showing early signs of heat stress. This room should provide maximum coolness possible. During excessive heat the “cool room” should be available for use at all times during the school day.
- Hold events indoors with air conditioning when possible. Shade should be made available in outdoor areas.
- Use current medical health history to identify students susceptible to or at high risk for heat related injuries. Students identified as high risk should be removed from participation at a lower Heat Index. These would include:
  - Students with history of previous heat illness
  - Students with current illnesses and/or health sensitive medical conditions
  - Students who have experienced recent injuries

7.17.5 National Weather Service Hazardous Weather Alert Definitions and Procedures

The National Weather Service issues three distinct categories of hazardous weather alerts, covering all manner of weather events. Schools will receive weather alerts via NOAA weather radios or mass media outlets. More information is available in the REF-5435 NOAA Weather Radio All-Hazards Alerts and at https://www.lausd.org/noaa.

Watch - when the risk of hazardous weather has increased significantly, but its occurrence, location or timing is still uncertain. A “watch” is intended to provide enough lead-time to set emergency plans in motion. A watch means that hazardous weather is possible, and schools need to listen for later information and possible warnings. If a weather watch is issued, schools in the affected area should:

- Review the ISSP and confirm staff assignments for emergency positions
- Consider if field trips and extracurricular activities should be adjusted/cancelled
- Review Connect emergency contact lists for staff and students
- Monitor local weather via www.weather.gov and/or a NOAA weather radio
- Inspect the campus for conditions that could cause damage

Advisory - issued when a hazardous weather event is occurring, imminent or likely. Advisories are for less serious conditions than warnings that cause significant inconvenience. If caution is not exercised, conditions could lead to situations that may threaten life or property. If a weather advisory is issued, schools in the affected area should:

- Review the ISSP
- Check emergency supplies
- Consider if extracurricular activities, field trips, and after-school programs should be adjusted/cancelled
- Plan for a modified activity schedule
- Move outdoor equipment out of harm’s way
- Monitor local weather via www.weather.gov and/or a NOAA weather radio

- Check school site for hazards and exposures that can be mitigated
- Send a Connect message if extracurricular activities may be impacted

Warning - issued when a hazardous weather event is occurring, imminent or likely. A warning means weather conditions pose a threat to life or property. People in the path of the storm need to take protective action. If a weather warning is issued, schools in the affected area should:

- Activate ISSP
- Stage emergency supplies in a location protected from weather
- Send Connect message, update school website, and school social media accounts to notify parents
- Notify Region Operations of actions
- Take proactive steps to protect students and staff
- Cancel activities, field trips, and after-school programs if expedient to do so

Approval of Revised Teacher Evaluation Protocol

Section: V. Action Items
Item: C. Approval of Revised Teacher Evaluation Protocol
Purpose: Vote
Submitted by:
Related Material: V_C_Teacher Evaluation Protocol.pdf

Agenda Item:	V C: Action Item
Date:	February 12, 2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	David Yilmaz, Chief Accountability Officer
RE:	Approval of the Revised Teacher Evaluation Protocol

Action Proposed:

Staff recommends and moves that the Board approve the Revised Teacher Evaluation Protocol.

Purpose:

Board approval is requested to ensure the revised Teacher Evaluation Protocol is in place prior to school leaders conducting end-of-year teacher evaluations.

Background:

As part of the **MPS 2030 Strategic Plan**, MPS is implementing a new teacher observation and coaching model designed to strengthen instructional practice and support continuous professional growth.

As previously shared with the Board, MPS developed a new **Teacher Observation Rubric** and instructional coaching model in partnership with **inField** during the 2024–25 school year. This work was piloted at **MSA–Santa Ana** and informed refinements to both the rubric and the coaching approach.

Since spring 2025, the MPS Home Office Instructional Support Team has been training school leaders and teachers on the new rubric and coaching model. The model is currently being implemented across MPS schools. To support consistency and calibration, norming walks have been conducted for **Domains 1 and 2** of the rubric. **Domains 3 and 4** will be introduced for evaluation scoring in the 2026–27 school year, with additional training and norming planned.

Throughout the 2025–26 school year, principals, academic leads, and student services leads have participated in ongoing monthly professional learning focused on deepening understanding of the rubric, developing actionable feedback, practicing coaching conversations, and strengthening instructional leadership.

Analysis:

The attached **MPS Teacher Evaluation Protocol** reflects the updated observation rubric and clearly outlines the evaluation process, including the integration of coaching observations and multiple sources of evidence. Evaluation and observation forms have been developed within **Grow**, MPS's digital platform for observation, coaching, and evaluation.

In addition, metrics aligned to the **2030 Strategic Plan** have been developed to monitor the effectiveness of the new rubric and coaching model over time.

Impact:

The revised Teacher Evaluation Protocol, combined with frequent observations and targeted coaching, is designed to strengthen teacher professional growth and improve student outcomes across MPS.

TEACHER EVALUATION PROTOCOL

Last Updated: 2/12/26

MAGNOLIA PUBLIC SCHOOLS (MPS) TEACHER EVALUATION PROTOCOL

Introduction

The vision of Magnolia Public Schools (MPS) is that our graduates commit to building a more peaceful and inclusive global society by transforming traditional ideas through creative thinking, effective communication, and the rigor of science. It is MPS's mission to provide a safe and nurturing community using a whole-child approach to deliver a high-quality, college-preparatory STEAM education in an environment that cultivates respect for self and others.

All MPS teachers are expected to learn, grow, and embody the vision and mission of MPS in their daily practice. The successful work of MPS teachers depends on a culture grounded in learning, open and honest communication, collaboration, use of data, and mutual accountability. The MPS evaluation process is designed to support this culture and contribute to the organization's pursuit of excellence in education.

Purposes of the Evaluation

MPS firmly believes that teacher quality is the single most important school-based factor in increasing student achievement. The evaluation process is intended to support teachers in building on their strengths while identifying growth areas to become more effective and reflective practitioners. It facilitates open dialogue between the teacher and evaluator, enables the setting of meaningful goals, and outlines actionable next steps to support progress. In addition, the evaluation process provides documentation that may inform decisions related to transfer, promotion, reassignment, or disciplinary action.

The Evaluation Process

To ensure a fair and reliable teacher evaluation, MPS uses multiple measures of performance. These include the teacher's self-assessment and annual goals, which should align with both organizational priorities and the teacher's individual growth. Evaluators also consider progress on relevant Local Control and Accountability Plan (LCAP) metrics, lead indicators, and formative assessment data that reflect the teacher's impact on student learning. Additional sources—such as evidence of instructional practice, professional conduct, and feedback from students, families, and colleagues—are also considered to build a well-rounded picture of teacher performance. These and other relevant inputs help inform and supplement ratings across the four domains of the **MPS Teacher Observation Rubric**, along with a fifth domain focused on **Commitment to the School Community and Profession**.

The **MPS Teacher Observation Rubric** expresses a unified vision for high-quality instruction at Magnolia Public Schools. Its use promotes consistency and coherence in teaching practices across all MPS campuses while supporting improved student learning outcomes systemwide. Instructional coaches use the rubric to provide formative feedback that informs coaching and professional development. It also serves as the foundation for formal evaluation of instructional quality.

Each indicator in the rubric describes specific teacher and student behaviors that should be observable at four distinct performance levels. The goal for all teachers is to work toward a rating of **Proficient (Level 3)** or higher. To further support teacher development, each domain is followed by a section titled **Core Teaching Strategies**, which highlights effective practices that contribute to student success. While not evaluated directly, these strategies serve as a resource for teachers and coaches to guide professional growth.

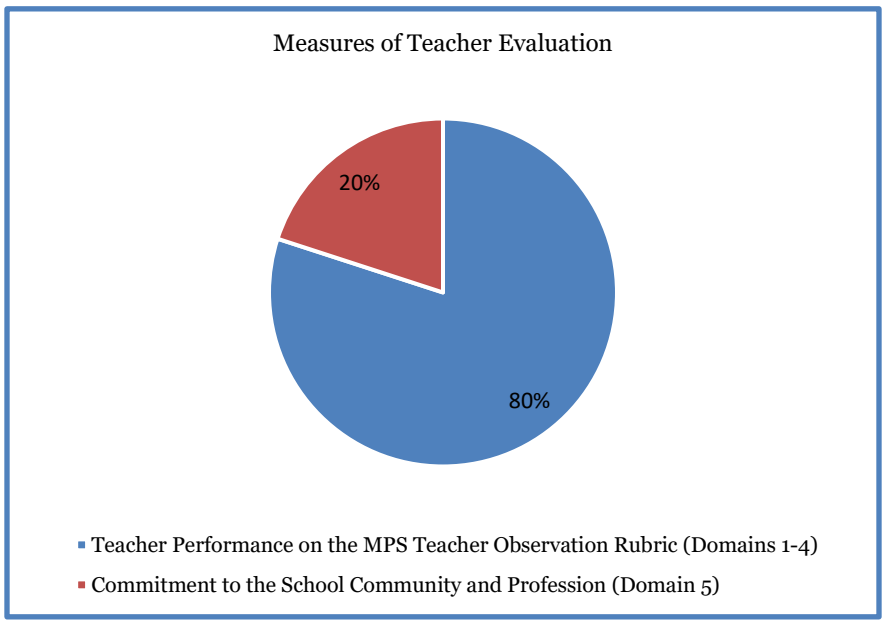
The rubric is designed to capture both instructional practices and observable student learning outcomes. It anchors a comprehensive evaluation process that includes frequent informal observations and feedback, a formal observation

cycle, evidence collection to support collaborative reflection, and ongoing goal setting and progress monitoring. This process is complemented by assessment of **the teacher's professionalism, ethical conduct, and contribution to the school community**—as reflected in the domain titled *Commitment to the School Community and Profession*—as well as student and family feedback and relevant data on student performance.

A strong body of research affirms that teacher quality is one of the most significant factors influencing student success. By incorporating evidence of **student outcomes**—both those observed during instruction and those reflected in broader **student performance data**—into the evaluation process, MPS aims to support meaningful, ongoing dialogue between teachers and their evaluators.

Evaluation Components and Weighting

Measure	Percentage
Teacher Performance on the MPS Teacher Observation Rubric (Domains 1-4)	80%
Commitment to the School Community and Profession (Domain 5)	20%
Additional evidence—such as teacher goals, relevant student, family, and staff feedback, formative assessment data, lead indicators, alignment to LCAP metrics, and progress toward school and organizational priorities—will be used to supplement and inform ratings in Domains 1–5.	Not assigned a separate percentage



While only Domains 1–5 receive weighted scores, a wide range of additional evidence is considered to ensure a fair, comprehensive, and contextually informed evaluation. These supplemental inputs help deepen understanding of teacher impact and growth and support meaningful conversations throughout the evaluation process.

Powered by BoardOnTrack

End-of-Year Overall Evaluation Rating

Evaluators will use the weighted measures described above to determine a teacher's final score on their end-of-year performance evaluation. Based on the overall score, the teacher will receive an overall evaluation rating on a four-point scale, as outlined below.

Overall Performance Score	Overall Evaluation Rating	Rating Descriptor
3.50 – 4.00	**4: Highly Effective (HE)**	The teacher **consistently** demonstrates practices that **exceed expectations** across the MPS Teacher Observation Rubric, including the domain on *Commitment to the School Community and Profession*. They **surpass established goals** for student learning outcomes and receive **strong feedback** from students, families, and colleagues. A Highly Effective rating reflects **excellence** in instruction, professionalism, and contribution to the school community. Teachers at this level are **top performers** whose growth areas lie in deepening impact and modeling innovation. **Specific evidence and commentary are required** to support this rating.
2.50 – 3.49	**3: Effective (E)**	The teacher **regularly** demonstrates **proficiency** across the domains of the MPS Teacher Observation Rubric and **meets expectations** for student learning, professional responsibilities, and feedback from educational partners. This rating reflects **strong, consistent performance** and a **positive contribution** to the school community. While opportunities for continued growth remain, an Effective rating indicates that the teacher is a **reliable and valued educator**.
1.50 – 2.49	**2: Developing (D)**	The teacher **sometimes** demonstrates expected practices across the rubric and **meets some, but not all, performance goals**. A Developing rating indicates **emerging proficiency and potential**, but also the need for **greater consistency and growth**. **Targeted support and coaching are needed** to improve performance across instructional and professional domains.
1.00 – 1.49	**1: Ineffective (I)**	The teacher **rarely** demonstrates expected practices outlined in the MPS Teacher Observation Rubric and **meets few established goals** for instruction, professional responsibilities, or student learning. An Ineffective rating signals that performance is **unsatisfactory** and requires **significant improvement**. **This rating must be supported with specific evidence and documentation**.

Evaluation Calendar

The following table outlines the steps of the evaluation process with a recommended timeline.

Timeline	Forms/Documents	Evaluation Steps
August	Evaluation Protocol MPS Teacher Observation Rubric	▪ Evaluators provide teachers with the evaluation protocol, MPS Teacher Observation Rubric, self-assessment and goal-setting forms, and planning documentation guidance.
August–September	Self-Assessment Form Goal-Setting & Progress Monitoring Form Classroom Observation Note-catcher	▪ Each teacher completes a self-assessment reflecting on the four instructional domains: • Caring Community of Learners • Essential Content and Rigor of Task • Student Thinking and Academic Ownership • Data-Informed Instruction and Feedback ▪ Teacher meets with evaluator to set one or two growth goals. ▪ Evaluator conducts one informal observation focusing on Domain 1: Caring Community of Learners**.**
October – November	Classroom Observation Note-catcher	▪ Evaluator conducts one informal observation focusing on **Domain 2: Essential Content and Rigor of Task**.
Mid-October – End of November	Planning & Preparation Evidence Form* Classroom Observation Note-catcher Post-Observation Reflection Form*	▪ Selected teachers submit unit plans and a sample lesson plan for formal observation. ▪ Evaluators schedule and complete the **Formal Observation Cycle**, which includes a pre-observation conference, classroom observation, and post-observation conference. ▪ Post-observation reflections and tentative rubric-aligned notes (not final ratings) are completed. ▪ If applicable, evaluators initiate support or improvement plans using the Goal-Setting & Progress Monitoring Form. ▪ Teachers in years 1–3 and a random sample with 4+ years are typically observed in the first semester.
Early December	Self-Assessment Form Goal-Setting & Progress Monitoring Form	▪ Teachers update their self-assessment and reflect on progress toward goals. ▪ Evaluators hold **mid-year goal review** meetings. Teachers may revise goals or set new ones for the remainder of the year.
By End of December		▪ For every teacher: • Self-assessment and goal-setting completed • Two informal observations conducted • At least one peer observation completed

		▪ For selected teachers: • One Formal Observation Cycle completed (tentative Domain 1–4 ratings)
December – Mid-February	Classroom Observation Note-catcher	▪ Evaluator conducts one informal observation focusing on **Domain 3: Student Thinking and Academic Ownership**. ▪ This observation may be scheduled before or after the mid-year goal review, depending on pacing and school needs.
January – Mid-March	Planning & Preparation Evidence Form* Classroom Observation Note-catcher Post-Observation Reflection Form*	▪ Evaluators conduct one or two informal observations, focusing on **Domain 4: Data-Informed Instruction and Feedback** or teacher-identified growth areas. ▪ Teachers not yet formally observed participate in the **Formal Observation Cycle** during this window. ▪ Teachers submit unit plans and a sample lesson plan for the formal observation. ▪ The cycle includes a pre-observation conference, observation, and post-observation conference. ▪ Post-observation reflections and tentative rubric-aligned notes (not final ratings) are completed.
Mid-March – April 1	Summative Assessment Form Commitment to School Community and Profession Form Teacher Evaluation Summary Page	▪ Evaluators assign final ratings across all five domains of the MPS Teacher Observation Rubric. ▪ All final evaluation forms are completed and shared with each teacher.
By **April 1**		▪ For every teacher: • Updated self-assessment • Goal progress documented • Four informal observations completed • Two peer observations completed • One Formal Observation Cycle completed • Summative evaluation submitted and shared
April-May	Classroom Observation Form	▪ (Recommended) Evaluators conduct one or two additional informal observations focused on identified growth areas or priority domains.
May-June	Goal-Setting & Progress Monitoring Form	▪ Teachers and evaluators meet to reflect on progress toward the year's goals.

Powered by BoardOnTrack

		▪ Teachers document final reflections and close out completed goals. ▪ Where appropriate, teachers begin drafting one or two preliminary goals for the following school year to revisit in the fall.

Professional Judgment and Flexibility

The timeline above is a recommended guide for MPS evaluators to support the timely and thoughtful completion of all steps in the teacher evaluation process. While consistency across schools is important, evaluators may exercise professional judgment and adjust the timing or sequencing of certain steps as needed—so long as the core design and intent of the evaluation process are maintained.

For example, depending on staff size and scheduling constraints, an evaluator may combine a post-observation conference with a mid-year goal review meeting for selected teachers. Similarly, some end-of-year goal-setting meetings may occur prior to final evaluations being shared.

Although a monthly focus on specific instructional domains is encouraged to support coherence across MPS, evaluators are expected to adapt observations, coaching, and feedback to respond to each teacher's unique strengths, needs, and growth areas throughout the year.

Any adjustments should preserve required evaluation components and ensure that teachers receive timely feedback and meaningful opportunities for reflection, coaching, and professional growth.

Measures of Teacher Evaluation:

(1) Teacher Performance on the MPS Teacher Observation Rubric

The **MPS Teacher Observation Rubric** expresses a unified vision for high-quality instruction at Magnolia Public Schools. Grounded in research on teaching and learning, the rubric outlines teacher and student behaviors across four instructional domains:

- **Domain 1:** Caring Community of Learners
- **Domain 2:** Essential Content and Rigor of Task
- **Domain 3:** Student Thinking and Academic Ownership
- **Domain 4:** Data-Informed Instruction and Feedback

The rubric anchors MPS's approach to both **coaching and evaluation**, ensuring shared language and expectations across all schools. It serves as the foundation for classroom observations, teacher feedback, goal-setting, and professional development planning.

To ensure a comprehensive and balanced understanding of teacher practice, the annual evaluation process includes:

- Frequent classroom observations (informal or coaching-based)
- At least one formal observation cycle per teacher
- Collection of supporting evidence and documentation
- Teacher self-assessment and collaborative goal setting
- Ongoing coaching (where applicable)
- Mid-year and end-of-year performance reviews

MPS uses an online tool to document observations, feedback, evidence, and evaluation forms. This tool is accessible to both teachers and evaluators. Teachers are also encouraged to conduct **peer observations** throughout the year.

Classroom Observations

Classroom observations are at the heart of teacher development and evaluation. When implemented well, they provide insight into instructional strengths and areas for growth. MPS uses two types of classroom observations that work in collaboration: informal observations (coaching visits) and formal observations.

Informal Observations / Coaching Visits:

- May be conducted by school administrators, instructional coaches, department chairs, MPS Home Office staff, or other trained professionals.
- Typically last **15–20 minutes**. While informal observations may be unannounced, those that are part of a coaching cycle are usually scheduled collaboratively between the coach and teacher.
- Focus on one or more indicators from the **MPS Teacher Observation Rubric**.

- Are intended to provide **formative, bite-sized feedback** that is constructive, actionable, and aligned to teacher goals.
- Should connect to the teacher's self-identified growth areas, coaching goals, or school-wide instructional priorities.
- Serve as a foundation for coaching conversations, including **ObsFeedback meetings**.
- May be accompanied by feedback in writing and/or through in-person meetings, **ideally within 48 hours of the observation**.
- Are recorded using the **Classroom Observation Note-Catcher**.
- Teachers are encouraged to conduct at least **two peer observations per year** as part of their professional growth.

MPS recommends a minimum of **four informal observations per year** for all teachers not receiving more frequent coaching.

Formal Observations:

- Formal observations are conducted at least once annually for each teacher, with additional observation cycles as appropriate based on teacher experience, instructional need, or support plans.
- Formal observations are typically scheduled in advance and may span a full class period. As coaching structures continue to strengthen, alternative observation lengths may be used when sufficient instructional evidence can be gathered.
- Each formal observation comprises three components:
    - **Pre-observation conference:** The teacher shares planning and preparation evidence, including relevant unit plan(s) and an exemplary lesson plan, to provide context for the observation.*
    - **Formal observation:** The evaluator gathers evidence of teacher and student actions aligned to the instructional domains and indicators of the MPS Teacher Observation Rubric.
    - **Post-observation conference:** The evaluator and teacher engage in a collaborative review of the lesson, evidence, and areas of strength and growth. Feedback, ratings (when applicable), and next steps are discussed.*
- The Formal Observation Cycle should ideally be completed within one week.
- Formal observations are documented using the Classroom Observation Note-Catcher and Post-Observation Reflection Form.*

* At the time of publication, the **MPS Teacher Planning & Preparation Evidence Form** and **MPS Teacher Post-Observation Reflection Form** are under development. In the interim, observers and observees may use existing meeting and observation tools within the online platform or other agreed-upon methods to share unit and lesson plans, reflections, feedback, and next steps. Once finalized, MPS forms will be adopted for use across schools to support consistency and alignment in the observation process.

Note on Formal Observations During the Coaching Transition:

As MPS strengthens and systematizes its instructional coaching structures, the reliance on formal full-period observations is expected to decrease. The long-term goal is to shift toward a model in which frequent, short observations—paired with high-quality coaching conversations—provide sufficient and ongoing evidence of instructional practice. Until this high-frequency coaching model is implemented consistently and with fidelity across schools, formal observations will remain a component of the teacher evaluation process.

For any given formal observation cycle, evaluators may prioritize specific domain(s) for scoring based on teacher experience, previous evaluation data, and instructional goals. Evidence is collected across all instructional domains, even when scoring is focused on a subset of domains for a particular observation cycle.

While all teachers will participate in **at least one formal observation cycle annually**, schools may determine that additional formal observations are appropriate based on teacher experience, prior performance, or support needs. The number of formal observations and the domains prioritized may vary across the year.

For example:

- Teachers who are new to the profession may participate in multiple formal observation cycles that prioritize **Domain 1 and Domain 2**, with the focus shifting over time as instructional practice develops.
- Teachers who are developing or who were rated below proficient in a prior evaluation may receive additional formal observations aligned to identified growth areas and beginning-of-year goals.
- Experienced or consistently proficient teachers may participate in a single formal observation focused on higher-leverage domains, such as **Domain 3 and/or Domain 4**, unless data indicates a need to prioritize other areas.
- Teachers on support or improvement plans may participate in multiple, targeted formal observations aligned to the goals of the plan.

Evidence from coaching observations, walkthroughs, and instructional artifacts may also be used to inform summative ratings across all domains.

Evidence Collection

High-quality evidence is the foundation of a fair, reliable, and growth-oriented observation and evaluation process. Whether during informal visits, coaching observations, or formal observations, evaluators and coaches should aim to capture **objective, specific, and relevant evidence** that aligns with the MPS Teacher Observation Rubric.

When collecting evidence during observations, evaluators should document what is **seen and heard**, not interpret or judge in the moment. The goal is to ground all feedback and ratings in observable teacher and student actions.

Key sources of evidence include:

- **Verbatim scripting** of teacher or student dialogue
- **Non-evaluative descriptions** of observed behaviors or interactions
- **Quantitative data** (e.g., time on task, student participation, use of strategies or materials)
- **Details about the environment** or context (e.g., grouping, displays, routines)

Evaluators should avoid drawing conclusions, summarizing practices, or including personal interpretations in their raw notes. Instead, they should focus on gathering **neutral, objective evidence** that can later be analyzed in relation to rubric indicators. This approach promotes transparency and trust and enables **collaborative reflection and coaching** with teachers.

Some key differences between evidence and opinion:

Evidence	Opinion
Describes what is seen or heard	Interprets or evaluates what is seen or heard
Objective, specific, and unambiguous	Subjective, judgmental, or inferred
Free of assumptions or conclusions	Draws conclusions or makes inferences
Supports collaborative analysis	May create confusion or defensiveness

Rating of Teacher Performance on the MPS Teacher Observation Rubric

The **MPS Teacher Observation Rubric** is the primary tool for assessing instructional performance at Magnolia Public Schools. The rubric is organized into four instructional domains, each of which includes four clearly defined indicators describing observable teacher and student behaviors. The domains are:

- **Domain 1: Caring Community of Learners**
- **Domain 2: Essential Content and Rigor of Task**
- **Domain 3: Student Thinking and Academic Ownership**
- **Domain 4: Data-Informed Instruction and Feedback**

Each indicator is scored holistically using one of four performance levels:

- **Level 1: Emerging**
- **Level 2: Approaching**
- **Level 3: Proficient**
- **Level 4: Exemplary**

The goal for all MPS teachers is to demonstrate performance at **Level 3 (Proficient)** or higher. Indicators are scored based on a preponderance of evidence collected from classroom observations, artifacts, and other relevant documentation.

Each of the four instructional domains carries **equal weight**, and the four indicators within each domain are **weighted equally** as well. At the end of the evaluation cycle, **indicator scores are averaged (to two decimal places) to produce a domain score**. These four domain scores are then used—alongside other evaluation components such as **Domain 5: Commitment to the School Community and Profession**—to inform the teacher's final end-of-year performance rating.

While Domains 1–4 are assessed using the instructional observation rubric described above, Domain 5 is evaluated separately and is not part of the classroom observation rubric. Domain 5 reflects a teacher's professionalism, ethical conduct, and contributions to the school community and is assessed holistically using a distinct set of qualitative indicators and sources of evidence.

Note on Observation and Coaching Structures During the Transition Year:

MPS is in the process of transitioning from a traditional evaluation model—characterized by a fixed number of informal observations and a single formal observation—toward a system that is deeply rooted in **high-impact instructional coaching**.

In the evolving model, educators are supported through regular, job-embedded coaching. Coaching is responsive to educator need and may include ObsFeedback meetings, data meetings, planning meetings, or other one-on-one protocols. Coaching cycles are aligned to the MPS Teacher Observation Rubric and are designed to target specific indicators, instructional practices, or professional growth priorities. Observations within coaching cycles typically include a **15–20 minute classroom visit**, followed by a feedback conversation ideally held within **48 hours**.

Educators who are new to MPS or identified as high-need may receive more frequent coaching support for a defined period of time. To support this structure, school leaders coordinate schedules, ensure consistent instructional leadership presence, and engage in regular walkthroughs and calibration conversations. Through a combination of coaching, observation, and professional learning, teachers receive frequent opportunities for development throughout the school year.

During this transition, not all teachers may be fully integrated into weekly coaching cycles. In those cases, evaluators should follow the baseline expectations outlined in this protocol, including a **minimum of four informal observations or coaching visits, at least one formal observation cycle, and structured reflection on progress toward professional goals**.

During the transition period, formal observations continue to be included in the evaluation process but are intended to function in coordination with coaching observations, walkthroughs, and other sources of evidence. Together, these sources support a more complete and balanced understanding of instructional practice while reinforcing the instructional coaching model.

The aim during this transition is to balance **equity, responsiveness, and alignment** as MPS builds a coherent system that supports continuous, embedded educator development.

Transition Year Adjustment (2025–26):

For the **2025–26 school year**, **Domain 1, Domain 2, and Domain 5** will be used to calculate the overall evaluation rating.

Evidence and scores from **Domain 3 and Domain 4** may be collected and documented to support coaching, feedback, and professional growth; however, these domains **will not contribute to the summative evaluation rating** during the 2025–26 school year.

This transition period allows teachers and leaders time to build shared understanding, calibration, and strong instructional practice in these domains prior to their inclusion in evaluation scoring.

Beginning in the **2026–27 school year**, all domains (**Domains 1–5**) will be fully included in evaluation scoring.

MPS Teacher Observation Rubric: Domains and Indicators

The MPS Teacher Observation Rubric articulates a unified vision for high-quality instruction across Magnolia Public Schools (MPS) through a single, cohesive tool. Its consistent use promotes alignment in instructional expectations and supports improved student learning outcomes across all MPS campuses. Instructional coaches use the rubric to provide formative feedback that drives teacher development and informs professional learning. The rubric also serves as the basis for evaluative feedback on instructional quality.

The table below outlines the four instructional domains, each accompanied by its essential question and four indicators. For detailed indicator descriptors, core teaching strategies, and other guidance, please refer to the attached **MPS Teacher Observation Rubric**.

Domain 1: Caring Community of Learners **Essential Question: Do the relationships and expectations create the conditions for powerful and engaged learning for all students?**
Indicator 1.1 Access to High Academic Expectations We learn best when expectations are high and everyone is supported and encouraged to reach them.
Indicator 1.2 Access to High Behavior Expectations We learn best when directions and rules are clear, and everyone strives to abide by them.
Indicator 1.3 Caring Community We learn best in community with others who care about us.
Indicator 1.4 Predictable Routines and Efficient Use of Time We learn best when meaningful routines and procedures are in place to maximize instructional time.
Domain 2: Essential Content and Rigor of Task **Essential Question: Are all students engaged in content aligned to the appropriate standards for their subject, grade and individual needs?**
Indicator 2.1 Lesson Objective(s) We learn best when we clearly understand what we are learning, why it matters, and how we will demonstrate our understanding.
Indicator 2.2 Lesson Rigor We learn best when we engage in productive struggle with high quality instructional materials from the MPS adopted curriculum.
Indicator 2.3 Lesson Alignment and Pacing We learn best from teachers who ensure we spend most of our time on the most important things.
Indicator 2.4 Differentiation

Powered by BoardOnTrack

We learn best when we have the accommodations and adaptations we need to advance our learning.
Domain 3: Student Thinking and Academic Ownership **Essential Question: Are all students empowered to actively think, engage and apply their knowledge?**
Indicator 3.1 Questioning We learn best when our teachers ask us to grapple with big questions, and we are required to explain our thinking.
Indicator 3.2 Heavy Lifting We learn best where students do most of the thinking, reading, writing, speaking and creating.
Indicator 3.3 Discussion We learn best when we engage with one another through discussion.
Indicator 3.4 Building Content Expertise in Students We learn best when instruction encourages deep learning that allows us to apply our knowledge to new situations.
Domain 4: Data-Informed Instruction and Feedback **Essential Question: Do all students demonstrate what they are learning, and does the teacher respond effectively to what their work shows?**
Indicator 4.1 Monitoring Classwork and Checking for Understanding We learn best when our early attempts at applying new content or skills occur in a low-stakes, supportive environment, allowing the teacher to assess everyone's progress.
Indicator 4.2 Data-Informed Reteaching We learn best when instructional decisions are directly connected to addressing student misconceptions.
Indicator 4.3 Individual Feedback We learn best when we receive targeted feedback that helps clarify our understanding and affirms what we are doing well.
Indicator 4.4 Mastery of Day's Lesson We learn best when we make incremental daily progress toward our big year-end goals.

Each indicator in the MPS Teacher Observation Rubric includes a set of descriptors that illustrate what teacher and student behaviors look like at each of the four performance levels: Emerging, Approaching, Proficient, and Exemplary. These descriptors provide observers with clear, concrete examples of practice at each level and help ensure consistent, evidence-based evaluation. Descriptions for each indicator can be found in the attachment: **MPS Teacher Observation Rubric**. Below is an example:

Indicator	Emerging – Level 1	Approaching – Level 2	Proficient – Level 3	Exemplary – Level 4
Indicator 1.1 Access to High Academic Expectations We learn best when expectations are high and everyone is supported and encouraged to reach them.	Teacher rarely demonstrates, models, or communicates high expectations for learning and achievement for all students and provides support matched to students' needs to help meet those expectations.	Teacher sometimes demonstrates, models, or communicates high expectations for learning and achievement for all students and provides support matched to students' needs to help meet those expectations.	Teacher almost always demonstrates, models, or communicates high expectations for learning and achievement for all students and provides support matched to students' needs to help meet those expectations.	Teacher always demonstrates, models, or communicates high expectations for learning and achievement for all students and provides support matched to students' needs to help meet those expectations.
	AND LESS THAN 70% of students attempt instructional tasks when directed, volunteer responses and/or ask relevant questions. (2) Domain 5: Commitment to the School Community and Profession

Essential Question:

Does the teacher model professionalism, equity, and collaboration in service of a thriving school community?

Focus:

Commitment to ethical conduct, collaboration, communication, and professional responsibilities.

MPS believes that a teacher's professional integrity, relationships, and commitment to growth are foundational to effective teaching and learning. While Domains 1–4 capture the instructional core, Domain 5 recognizes that how teachers conduct themselves—as colleagues, leaders, and contributors to the school community—matters deeply to student outcomes and school culture.

This domain reflects expectations related to ethics, responsibility, professionalism, and collaboration that may not be fully observable in classroom visits but are essential to the success of every school. Evaluators consider a range of evidence over time—including observations, communications, documentation, and professional interactions—when assessing this domain.

Example Indicators:

1. Demonstrates integrity, professionalism, and ethical conduct; maintains confidentiality and adheres to all laws, board policies, and professional expectations.
2. Upholds student safety, privacy, and wellbeing; follows schoolwide protocols and fulfills all required duties, including accurate record-keeping and timely use of attendance and communication systems.
3. Completes responsibilities in a timely, thorough, and reliable manner; produces high-quality work and meets deadlines with attention to detail.
4. Communicates clearly, respectfully, and professionally in all formats; responds to inquiries in a timely manner and keeps others informed.
5. Listens actively and maintains professionalism in challenging situations; accepts constructive feedback and uses it to improve practice.
6. Engages in professional reflection and learning; seeks out opportunities to grow and applies new learning to support student success.
7. Acknowledges and works to counter personal or systemic biases; promotes fairness, equity, and inclusive practices in all interactions.
8. Collaborates effectively with colleagues, families, and community members; contributes to a positive, inclusive, and culturally responsive school culture.
9. Maintains self-care and resilience practices that support professional well-being; helps foster a supportive and collegial work environment.
10. Accepts responsibility for both successes and setbacks; demonstrates flexibility, initiative, and a strong work ethic—including a willingness to take on additional responsibilities when needed.

Scoring and Use in Evaluation

Performance on Domain 5 is assessed holistically at the end of the year and assigned one overall domain rating. Evaluators consider the extent to which the teacher has demonstrated the above indicators over time, using evidence such as school responsibilities, communications, documentation, staff interactions, participation in the school community, and observed professionalism.

Each teacher will receive one of the following ratings:

Rating	Level	Descriptor
Exemplary	**4**	Teacher **consistently** demonstrates **all or nearly all** of the indicators outlined in Domain 5. Performance is **excellent** and serves as a **model for others**.
Proficient	**3**	Teacher demonstrates a **majority** of the indicators **most of the time**. Performance is **strong** and contributes **positively** to school culture, though some indicators may require further growth.
Approaching	**2**	Teacher **sometimes** demonstrates the indicators outlined in Domain 5. Performance is **inconsistent** and **improvement is needed** to build reliability across expectations.
Emerging	**1**	Teacher **rarely** demonstrates the indicators. Performance in this domain is **unsatisfactory** and requires **immediate attention** and **significant improvement**. **Specific evidence and comments are required** for this rating.

This domain affirms the importance of professionalism as a foundation for trust, collaboration, and continuous improvement. By cultivating a strong sense of responsibility and ethical commitment, MPS educators serve not only their students—but also their colleagues, families, and the broader community. Excellence in teaching begins with excellence in conduct.

(3) Overall Evaluation Rating

The final overall evaluation rating is determined using weighted measures (as detailed in the "Evaluation Measures and Weights" section of this protocol) and is expressed using a four-point scale:

- **4: Highly Effective**
- **3: Effective**
- **2: Developing**
- **1: Ineffective**

These overall ratings provide a clear summary of performance while supporting meaningful conversations about growth, development, and professional impact.

The following table outlines the overall evaluation rating breakdown.

Overall Evaluation Rating	Range for Overall Score
4 - Highly Effective (HE)	3.50 – 4.00
3 - Effective (E)	2.50 – 3.49
2 - Developing (D)	1.50 – 2.49
1 - Ineffective (I)	1.00 – 1.49

Teacher Observation Rubric

VISION OF USE

The MPS Teacher Observation Rubric expresses a unified vision for high quality instruction at Magnolia Public Schools (MPS) through a single rubric. Its use enhances the consistency of quality instruction while improving student learning outcomes across all MPS. Instructional coaches provide formative feedback based on the rubric to inform teacher coaching and professional development. They also use this tool to provide evaluative feedback to teachers on the quality of instruction.

Leaders will	Teachers will
• Norm their ratings before implementing the tool and revisit norming on a regular basis • Anchor classroom visit data collection to the rubric (walkthroughs, informal observations and formal observations) • Inform individual teacher coaching and group professional development based on data gathered • Prioritize certain domains and indicators at different times of the school year • Communicate the current priority domain and indicator during staff meetings and professional development • Communicate to individual teachers how their feedback connects to the rubric • Use student achievement data to inform teacher ratings	• Conduct a self-assessment using the rubric and set their annual goals aligned to the rubric • Anchor peer observations to the rubric • Anchor grade level and department collaboration to the rubric • Use the tool as a resource for lesson planning and instruction • Apply the feedback to enhance instruction to improve student learning outcomes • Select rubric-aligned strategies to continuously refine practice and develop professionally

RUBRIC DOMAINS

The rubric is structured by four Domains that describe the critical elements of an effective classroom. An Essential Question anchors each domain.

Domain		Essential Question
1	Caring Community of Learners	Do the relationships and expectations create the conditions for powerful and engaged learning for all students?
2	Essential Content and Rigor of Task	Are all students engaged in content aligned to the appropriate standards for their subject, grade and individual needs?
3	Student Thinking and Academic Ownership	Are all students empowered to actively think, engage and apply their knowledge?
4	Data-Informed Instruction and Feedback	Do all students demonstrate what they are learning, and does the teacher respond effectively to what their work shows?

ESSENTIAL QUESTIONS

Each Essential Question guides the observer to focus on the Indicators that describe the domain at four levels of performance. Each Indicator has several descriptors. These descriptors articulate the teacher and student behaviors that an observer would see in the classroom at each of four different performance levels. The goal for each teacher is to work towards a rating of “Proficient” or a “Level 3” or higher.
The language in the proficient column outlines the characteristics of a strong classroom in each Indicator.

CORE TEACHING STRATEGIES

Many teacher actions contribute to high quality teaching and learning. To recognize this important work, each Domain includes Core Teacher Strategies on the page that follows the Domain. Core Teaching Strategies are not evaluated. Rather, they serve as a guide to teachers and coaches as to how to support teacher growth and development.

RUBRIC INSPIRATION

To create this rubric, a cross-functional team of MPS staff drew from inspiring research backed rubrics like the TNTP Core Rubric as well as rubrics from peer organizations such as KIPP Foundation and Vista College Prep. They also used the tools previously implemented across MPS to inform the rubric and the Core Teaching Strategies.

Teacher Observation Rubric

MAGNOLIA PUBLIC SCHOOLS

Domain 1 Core Teaching Strategies

1.1 Access to High Academic Expectations

- Know all school-aligned academic expectations and establish them within your learning community
- Study or understand the full intent of the learning standards of your grade level
- Develop a deep understanding of the content for each lesson and identify aspects that will be relevant and exciting for students in your class
- Build academic excitement in the content through connecting content to prior lessons, background knowledge or student experience
- Set expectations that push students out of their comfort levels and reach for above grade level standards
- Prompt students to use complete sentences, correct grammar and academic language
- Praise student process and effort, in addition to problem solving and accurate answers
- Identify the students with exceptional learning needs in your classroom
- Develop an understanding of your exceptional students' strengths, challenges and goals
- Provide supplemental materials to support students and teach students how to use them
- Listen to students' interests and ideas so you are better able to make connections between the content and their interests
- Post high impact motivational messages that communicate high academic expectations, such as the MPS mission and vision, the Schoolwide Learner Goals (SLGs) and college pennants

1.2 Access to High Behavior Expectations

- Know all school-aligned behavior expectations (norms) and establish them within your learning community
- Post classroom "norms" or "expectations" stated in terms of what students "should do" and refer to them proactively and reactively
- Exhibit confident presence, posture and tone while maintaining eye contact with students
- Provide specific, concrete, sequential and observable directions
- Use as few words as possible (economy of language) to provide directions and guidance to students; preserve language for academics
- Scan the classroom to gain awareness of what students are doing and redirect as needed (e.g., least invasive intervention, proximity, whole-class reset, school-wide behavior system)
- Circulate the classroom with purpose, careful to do so in a manner that allows you to see all students
- Consistently narrate what students do well
- Move away from the student who is speaking and scan the class to ensure all students are listening
- Identify the students with exceptional behavioral needs in your classroom
- Develop an understanding of the strengths, challenges and goals of your students with exceptional behavioral needs
- Study or internalize the stages of development for children in your grade level
- Set expectations that push students out of their comfort levels, within the appropriate zone of development
- Maintain warm and firm tone when responding to breaches in expectations
- Redirect students who lose focus immediately and in a way that does not slow or disrupt lesson momentum
- Issue logical and appropriate consequences as needed without hesitation, such that consequences are successful in changing student behavior
- Hold individual conferences with students to better understand them and how to meet their needs
- Collaborate with families and outside providers to ensure you have the appropriate supports to match the needs of each student

1.3 Caring Community

- Include time in each class period or at the start/end of the day to intentionally build community (e.g., class greeting, threshold, SEL lessons)
- Use cultural and linguistic characteristics, experiences, and perspectives of diverse students to create culturally rich lessons
- Create opportunities for students to get to know one another and make personal connections.
- Develop clear, consistent procedures and processes for group work (e.g., clear roles and responsibilities for each team member)
- Include partner and group activities to deepen learning through social interactions, where applicable, in the curriculum
- Create dynamic groupings with diverse students, perspectives and ability levels to encourage collaboration and peer support
- Create a "culture of error" by highlighting and celebrating mistakes and errors that lead to increased learning and understanding
- Create a culture that encourages students to ask for help and advocate for their needs
- Use strategies like "cold-call," "warm-call," "equity sticks" and others to ensure equity of voice
- Integrate native language translations into classroom signage
- Affirm students for their contributions, ideas, effort, kindness and perseverance
- Use a reward system that celebrates student effort and contributions to the community
- Involve students in decision-making where appropriate
- Model and develop digital citizenship by using technology to engage students and promote digital citizenship

1.4 Predictable Routines and Efficient Use of Time

- Plan and script procedures for key transitions/routines (e.g. paper passing, lining up, getting Chromebooks)
- Explicitly teach and practice all transitions/routines with students
- Use countdowns and visible timers to motivate students to work swiftly and transition with purpose
- Modify routines and procedures as necessary to meet the needs of individual students
- Refine and improve execution of existing routines to maximize learning time bell to bell
- Create space for students to share their voices and input around classroom routines and procedures
- Ensure your teacher space is neat, well-organized and that materials are easily accessible
- Organize classroom furniture and seating arrangements to ensure swift transitions

Indicator 2.2 Lesson Rigor We learn best when we engage in productive struggle with high quality instructional materials from the MPS adopted curriculum.	The lesson does not center on content or tasks that address grade-level standards. Few or no materials used by students—such as texts, questions, problems, exercises, and assessments—are sourced from the adopted curriculum where applicable.	The lesson partially centers on content and tasks that address grade-level standards; however one or more of the tasks or questions is delivered in a way that reduces the rigor below the grade-level standard. Some materials used by students—such as texts, questions, problems, exercises, and assessments—are sourced from the adopted curriculum where applicable.	The lesson mostly centers on content and tasks that address grade-level standards. The majority of instructional materials used by students—such as texts, questions, problems, exercises, and assessments—are sourced from the adopted curriculum where applicable. Indicator 2.3 Lesson Alignment and Pacing We learn best from teachers who ensure we spend most of our time on the most important things.	Teacher evidences misunderstanding of the content or the lesson, OR student activities are not aligned with the stated or implied learning objectives.	Teacher demonstrates a mastery of the content, but exhibits some confusion with the lesson or includes some student activities that are not aligned to the stated or implied learning objectives.	Teacher demonstrates a mastery of the content and a deep understanding of the lesson, ensuring that most student activities are thoughtfully aligned with the stated learning objectives. Indicator 2.4 Differentiation We learn best when we have the accommodations and adaptations we need to advance our learning.	Teacher does not differentiate the content, process, product, or learning environment, as needed for students.	Teacher differentiates some of the following: the content, process, product, and/or learning environment, as needed for students to support learning based on student interest, need, and motivation. Domain 2 Core Teaching Strategies

2.1 Lesson Objectives

- Write objectives that match what students will learn and do in the lesson
- Write objectives that students can feasibly practice, complete or master in one lesson
- Write objectives that contain English Language Development foci as well as foci pertaining to content
- Write precise learning objectives that are "data-driven" (rooted in what students need to learn based on end-goal assessments and analysis of current results) and centered on enduring understandings of the unit
- Prepare to connect the learning to previous content and future content and connect it to why the content matters by scripting key statements
- Clearly communicate a curriculum and standards-aligned, student friendly and rigorous objective to describe the goal(s) of the lesson
- Activate prior knowledge or schema at the start of the lesson through a warm-up task or short discussion that connects to the objective
- Center the objective throughout the lesson–return to it throughout to help students connect what they are learning to the objective(s) of the lesson
- During the lesson, prompt students to make connections between current content and previously taught content
- Ask students to restate or share what they are learning and why

2.2 Lesson Rigor

- Use the MPS adopted curriculum where applicable
- Ensure all content included in lesson plans and communicated to students is factually accurate and aligned to grade level standards for the subject area
- Script or identify questions that will engage student thinking
- Intentionally design lessons to provide opportunities for students to do the thinking, writing or creating
- Develop and communicate clear explanations and exemplars to help students produce quality work
- Prepare the exemplar work product to guide instruction and set the bar for what students should produce by completing the work that students will be asked to do as though you were a student
- Consider how much scaffolding students need to access the content; start broad and rigorous and scaffold as necessary if students need extra support

2.3 Lesson Alignment and Pacing

- Study curricular materials to ensure you have the content expertise and background knowledge to teach the lesson
- Internalize the lesson plan by reading all corresponding materials and texts in advance
- Ensure that each activity in the lesson is aligned to the objective: the teacher's model, the partner or independent work and the end of lesson assessment (i.e. exit ticket)
- Plan and implement a consistent flow and structure of each lesson (i.e. entry prompt, introduction of new material, discourse, independent practice, exit ticket)
- Prioritize time for independent practice, discussion or creation in every lesson
- Pace yourself and your students throughout the lesson by time-stamping your lesson plan and using a visible timer in class
- Pre-identify the most essential aspects of the lesson and plan to spend more time on the concepts/tasks most aligned to the objective(s)
- Design an exit ticket aligned to the objective in order to assess student mastery of the lesson
- Prepare additional content or content from future lessons so that you have sufficient practice material and can extend the learning as needed
- When making instructional decisions during the lesson or responding to student inquiries, consider whether or not the question or idea is related to the objective of the current lesson

2.4 Differentiation

- Consider the content as an adult learner and identify ways that students may approach the content and the different ideas and perspectives students may bring
- Develop an understanding of your students' strengths and challenges
- Internalize 504 plans, IEPs, EL services and other accommodations as necessary
- Collaborate with other service providers, teachers and support team members to meet the needs of each student
- Craft or adapt goals for each student based on their skillset, current level of mastery and interests
- Pre-plan questions you will ask for different students based on their current level of mastery and needs
- Adapt and accommodate materials, as needed, beforehand so that all students can access the content during the lesson. Consider content, process, product and learning environment.
- Integrate ELD supports through the use of the CHATS framework (Content reading strategies, higher order thinking skills, assessment tools, total participation techniques, scaffolding strategies)
- Integrate technology to support student learning and access when possible
- Post resources to support student learning (e.g., current, high-quality student work, instructional signage, sentence frames, etc.)
- Use a strategic mix of heterogeneous and homogeneous skill level groupings

Domain 3 Core Teaching Strategies

3.1 Questioning

- Intentionally pre-plan and script questions you will ask during the lesson, including prompts that will support students who need additional support after an initial question is posed (scaffolds)
- Craft questions so that students can respond verbally, in writing or with computations
- Pose a variety of questions that require students to access all levels of Depth of Knowledge (DOK) - recall, reproduce, apply skills and concepts, think strategically and extend their thinking
- Pitch questions at the appropriate level of DOK based on the needs of the students and the level of familiarity with the concept
- Use wait time strategically to ensure students have time to think and/or write before sharing
- Prompt students to support their ideas with evidence in both speaking and writing
- Build a success criteria for verbal or written responses that includes citing evidence or explanation and make the success criteria visible to learners

3.2 Heavy Lifting

- Ask open-ended questions that invite students to do the thinking, speaking and creating
- Self-monitor the ratio of learner talk to teacher talk during the lesson
- Prioritize time for independent practice and discussion
- Prompt students to utilize appropriate resources to support their thinking
- Encourage students to track other students' thinking and prompt them to repeat or evaluate a classmate's thinking
- When presented with an inaccurate answer from a student, withhold providing the correct response and prompt students to evaluate the response instead
- Create opportunities for students to do the thinking, writing or creating (e.g. structured activities in P.E., playing instruments in music, painting in art)
- Model and develop digital literacy in students by using technology to engage students and support their learning

3.3 Discussion

- Construct a learning environment that allows students to speak to and look at one another (e.g., at tables facing one another, in a circle)
- Teach students the habits of discussion explicitly - teach them to speak and listen in turn and respond (e.g., agreeing, disagreeing, asking a follow up question, extending the idea)
- Select a strategic question to start the discussion
- Select a discussion format based on data and nature of task (e.g., take hands, cold call, turn and talk) to start the discussion
- Launch the discussion by clearly stating the question, the directions and discussion format (e.g., take hands, cold call, turn and talk) and provide batched feedback on a habit of discussion if necessary
- Hold students accountable to actively listening and tracking the ideas in the discussion
- Encourage students to build on and reply directly to each other's ideas
- Encourage students to respond to one another during discussion without jumping in after each student response to steer the conversation
- Prompt students to ask questions of one another, as necessary
- Post visual aids in the room and reference them during discussion to support students with habits of discussion

3.4 Building Content Expertise in Students

- Provide tasks that allow students to construct meaning/understanding on their own with teacher guidance and support
- Provide multiple opportunities for students to apply their learning to similar, but not the same, problems
- Prompt students to extend their thinking with questions like - how did you know that? Is that always true? Would that be true in this scenario?
- Model thinking steps for students by using a think-aloud
- Prompt students to identify a "conjecture," a "key takeaway" or a "stamp" to ensure that students can extend their learning beyond one problem or scenario
- Activate students' experience, knowledge, and background as resources for learning
- Post high quality, relevant student work around the classroom and on bulletin boards to support and celebrate student learning
- Incorporate current events and global issues into curriculum/instruction while respecting and embracing cultural diversity

4.1 Monitoring Classwork and Checking for Understanding We learn best when our early attempts at applying new content or skills occur in a low-stakes, supportive environment, allowing the teacher to assess everyone's progress. Domain 4 Core Teaching Strategies

4.1 Monitoring Classwork and Checking for Understanding

- Pre-plan total participation moments when you will assess progress toward the objective during the lesson
- Pre-plan a circulation pathway to follow when assessing student work in class.
- Strategically gather information from independent practice and discussions about what students know and don't know
- Consider every question/task as formative assessment
- Use a variety of checks for understanding (CFUs) (e.g., individual whiteboards, everybody writes, turn and talk, voting, circulating) to assess student understanding
- Use a variety of tools to gather data (e.g. trackers, pre-planned pathways)
- Collect work samples and study them to identify trends and plan for reteaching
- Identify trends in student understanding and misunderstandings
- Identify the highest priority misconception(s) evident in the classroom that need to be addressed

4.2 Data-Informed Reteaching

- Create a "culture of error" by highlighting mistakes and errors as opportunities to increase learning and understanding
- When more than half of students have a common error/misconception, address it by conducting a model/think-aloud that highlights the error
- When fewer than half of students share a common error/misconception, display student work that demonstrates accurate and inaccurate thinking, and probe students to identify the strengths and errors in the work (guided discourse/showcall)
- Facilitate or participate in daily/weekly data meetings to study student work and plan for reteaching

4.3 Individual Feedback

- Confer with students during independent and group work time to better understand their strengths and misconceptions, in order to provide relevant and precise feedback (Ask students questions about their work, etc.)
- Provide written and verbal feedback on work to meet the needs of individual students
- Ensure all feedback includes the what (the strength or gap), why (why the feedback is important), how (how specifically students can close the gap) and belief (genuine belief that the student can and will improve)
- Provide both corrective and affirming feedback
- Create feedback structures to ensure all students receive feedback consistently
- Provide feedback that is transferable to future, novel problems and situations
- Plan and implement multiple opportunities for students to practice the skills they are expected to master

4.4 Mastery of Day's Lesson

- Encourage students to reflect on their individual mastery of the day's lesson and objective
- Reinforce goals during discussion and independent practice
- Refer back to individual goals and/or lesson objective when providing coaching or feedback to students
- Administer and assess a daily formative assessment (i.e. exit ticket) that allows you to evaluate student mastery of the lesson's objective
- Keep track of student performance with the day's lesson through a written system, such as documenting tallies or initials on the teacher created exemplar for the lesson's most essential task
- Communicate with students how they, as individuals, performed and compare it to their individual goals and class goals
- Communicate with the class how they performed against the objective or goal

MAGNOLIA PUBLIC SCHOOLS

Appendix The purpose of the appendix is to provide additional rubric guidance for teachers and coaches	
Core Teaching Strategies	**The Core Teaching Strategies** are teacher strategies and behaviors that contribute to the student outcome in each indicator. They illuminate the "how" of the teacher descriptors of each indicator in the rubric. The intended use of this list is to support teachers and coaches in growth and development within each indicator. This list is non-exhaustive, meaning that coaches and teachers can work on other skills and use other resources to support the development of the teacher. Similarly, this list is not intended to be used as a checklist–every teacher is in a different place in their development and therefore coaches should use this list with discretion based on the needs of each individual teacher.
Coach Actions Before, During, & After Observations	**For optimal use, coaches should:** • familiarize themselves with the students in each classroom (especially exceptional learners and their needs and goals); • review lesson plans and lesson plan internalization work before entering classrooms; • observe for a minimum of 15 minutes with the lesson plan in hand; • engage with students during observations to ask them questions and see their work; • reflect on collected notes and recommended action steps for teachers immediately following each observation; • observe teachers in a variety of settings (e.g., different grade levels, courses, times of day, when applicable); • rate only on indicators for which they have sufficient evidence; coaches are not required to rate on every indicator every observation; • observe with other leaders, when possible
Content-Based Rubrics	In the future, some content areas may have their own coaching tools to support teacher growth and development. This rubric should be used in conjunction with other tools. When coaching, observations begin at a general content-agnostic lens, using this rubric, and narrow to more specific and targeted skills, using other content specific rubrics should they exist
*Domain 1 Student Descriptors	Domain 1 student descriptors have a higher expectation than in Domains 2-4. This is because Domain 1 establishes the foundation for strong learning, and we wish to hold an even higher bar for this domain. Some student descriptors in Domain 1 are indicated with an asterisk. For these indicators, if the class or group size is under 20 students, use 90% instead of 95% for the level 4 descriptors.
Ratings on the Rubric: Indicator vs. Domain	For purposes of coaching, coaches will give ratings and action steps during each semester at the Indicator level (e.g., Indicator 2.3 or Indicator 4.1). For purposes of evaluation, ratings will be made at the Domain level. Therefore, teachers will receive one rating on each Domain: Caring Community of Learners, Essential Content and Rigor of Task, Student Thinking and Academic Ownership, and Data-Informed Instruction and Feedback, for a total of 4 ratings during each evaluation conversation. To find the Domain rating, calculate the average of all indicators scored and round to the nearest hundredth.
Ratings on the Rubric: Rating Discrepancy Between Teacher and Student Actions	We value both the teacher actions and student impact in each Indicator. Both are important to a successful, excellent, and equitable learning environment. In order to support teachers in their growth and development, coaches should focus on the skills not yet mastered to improve performance in an Indicator. When ratings are within one point of another, take the lower rating. When ratings are within two points of one another (i.e. 1 and 3) take the middle rating (i.e. 2). And when ratings are 1 and 4, score the indicator as a 2.
Differentiating between an "N/A" and a Level 1	"**N/A**" is reserved for instances when an observer does not have enough evidence or information to rate. For example, an observer should not rate on "Indicator 3.3 - Discussion" if they are in a classroom when students are engaged in independent practice and the teacher is circulating and providing feedback. In this example, there is no evidence to support a rating on discussion facilitation and the observer would have no reason to coach around facilitating a discussion during this portion of the lesson.Level 1 is reserved for instances when an observer does have data and the data supports a level 1 rating. For example, an observer would rate a 1 on "Indicator 3.3 - Discussion" if they are in a classroom when students are to be engaged in discussion but are not speaking or listening to one another. The observer in this case would have reason to coach around facilitating a discussion.
Defining terms related to frequency	Throughout the rubric, you will find terms such as "almost always," "mostly," "rarely," or "consistently." When using this tool, consider those terms as to how they apply during the singular lesson being observed. In other words, each time one uses this tool, they are not considering past observations. Rather, they are considering only the frequency with which the teacher operates within the lesson currently being observed.
Low Inference Data	Observers should gather low inference data to support their ratings. It is recommended that observers use the low inference data gathering tools developed by MPS to align with each Domain. Low inference data refers to objective, specific, and observable evidence collected during an observation, without interpretation, judgment, or assumption. It captures exactly what was seen of heard, rather than what the observer thinks it means or implies. Examples of low inference data: "The teacher said, 'Let's review the steps to solve this equation together,' and then wrote the steps on the board while narrating each one." "During independent work, 22 of 26 students were writing in their notebooks; 4 students had their heads down." These are low inference because they: describe exact words or actions, include quantifiable behaviors, and avoid conclusions or evaluative language.

2.2 Lesson Rigor
We learn best when we engage in productive struggle with high quality instructional materials from the MPS adopted curriculum.

Teacher descriptor data

Time	Notes

Pre-observation data gathering
-Identify the standard(s) that match the lesson/student materials.
-Do the tasks presented to students match the rigor level of the grade-level standard?? (Yes/No)
-If there is an adopted curriculum for this course/subject, are the materials from the adopted curriculum? (Yes/No)

Domain 5: Commitment to the School Community and Profession

Essential Question:
Does the teacher model professionalism, equity, and collaboration in service of a thriving school community?

Focus: Commitment to ethical conduct, collaboration, communication, and professional responsibilities.

MPS believes that a teacher's professional integrity, relationships, and commitment to growth are foundational to effective teaching and learning. While Domains 1–4 capture the instructional core, Domain 5 recognizes that how teachers conduct themselves—as colleagues, leaders, and contributors to the school community—matters deeply to student outcomes and school culture.

This domain reflects expectations related to ethics, responsibility, professionalism, and collaboration that may not be fully observable in classroom visits but are essential to the success of every school. Evaluators consider a range of evidence over time—including observations, communications, documentation, and professional interactions—when assessing this domain.

Example Indicators:

1. Demonstrates integrity, professionalism, and ethical conduct; maintains confidentiality and adheres to all laws, board policies, and professional expectations. Maintains attire and personal electronic device use that reflect professionalism and align with MPS expectations.
2. Upholds student safety, privacy, and wellbeing; follows schoolwide protocols and fulfills all required duties, including accurate record-keeping and timely use of attendance and communication systems.
3. Completes responsibilities in a timely, thorough, and reliable manner; demonstrates reliable attendance and punctuality to class, meetings, and required duties. Produces high-quality work and meets deadlines with attention to detail, including the integrity of submitted lesson plans, pacing calendars, student reports, and other official documentation.
4. Communicates clearly, respectfully, and professionally in all formats; responds to inquiries in a timely manner and keeps others informed.
5. Listens actively and maintains professionalism in challenging situations; accepts constructive feedback and uses it to improve practice.
6. Engages in professional reflection and learning; seeks out opportunities to grow and applies new learning to support student success.
7. Acknowledges and works to counter personal or systemic biases; promotes fairness, equity, and inclusive practices in all interactions. Maintains fair, balanced, and timely grading practices aligned to MPS expectations.
8. Collaborates effectively with colleagues, families, and community members; contributes to a positive, inclusive, and culturally responsive school culture.
9. Maintains self-care and resilience practices that support professional well-being; helps foster a supportive and collegial work environment.

10. Accepts responsibility for both successes and setbacks; demonstrates flexibility, initiative, and a strong work ethic—including a willingness to take on additional responsibilities when needed.

Scoring and Use in Evaluation

Performance on Domain 5 is assessed holistically at the end of the year and assigned one overall domain rating. Evaluators consider the extent to which the teacher has demonstrated the above indicators over time, using evidence such as school responsibilities, communications, documentation, staff interactions, participation in the school community, and observed professionalism.

Each teacher will receive one of the following ratings:

Rating	Level	Descriptor
Exemplary	**4**	Teacher **consistently** demonstrates **all or nearly all** of the indicators outlined in Domain 5. Performance is **excellent** and serves as a **model for others**.
Proficient	**3**	Teacher demonstrates a **majority** of the indicators **most of the time**. Performance is **strong** and contributes **positively** to school culture, though some indicators may require further growth.
Approaching	**2**	Teacher **sometimes** demonstrates the indicators outlined in Domain 5. Performance is **inconsistent** and **improvement is needed** to build reliability across expectations.
Emerging	**1**	Teacher **rarely** demonstrates the indicators. Performance in this domain is **unsatisfactory** and requires **immediate attention** and **significant improvement**. **Specific evidence and comments are required** for this rating.

This domain affirms the importance of professionalism as a foundation for trust, collaboration, and continuous improvement. By cultivating a strong sense of responsibility and ethical commitment, MPS educators serve not only their students—but also their colleagues, families, and the broader community. Excellence in teaching begins with excellence in conduct.

MPS TEACHER SELF-ASSESSMENT FORM

Teacher Information:

Name: _____ School: _____

Present School Assignment: _____ Years at School: _____

Use this form for personal reflection on your professional practice to identify strengths and areas for improvement or refinement.

Draw on data from artifacts and other sources to evidence your strengths and highlight key areas for growth. Indicate the data sources used and describe any patterns or trends that support your reflections. This process will help guide the development of data-driven, targeted professional growth goals.

While we recommend updating this form at the **beginning**, **midpoint**, and **end** of the school year, it is a living document that can be revisited and revised at any time.

MPS TEACHER GOAL-SETTING & PROGRESS MONITORING FORM

Teacher Information:

Name: _____ School: _____

Present School Assignment: _____ Years at School: _____

Purpose of this Form:

This form is used to set professional growth goals and document progress toward achieving those goals. It should be used at three key points during the school year:

- **Beginning of the year** (e.g., August-September)
- **Mid-year** (e.g., December-January)
- **End of the year** (e.g., March through May)

Beginning of the Year: Goal Setting

Following the self-assessment process, the teacher will use this form to set one or two professional growth goals for the school year. These goals should be based on identified areas for improvement or refinement and informed by data from observations, artifacts, and other relevant sources.

For the beginning-of-year goal-setting meeting:

- MPS recommends that each goal focus on one (or two) indicators from the **MPS Teacher Observation Rubric**.
- Teachers new to the profession may choose to focus on **Domains 1 & 2**, while more experienced teachers may choose indicators from **Domains 3 & 4**.
- The evaluator may suggest additional goals as appropriate.

While not required, goals should ideally be aligned with an organizational or strategic priority (e.g., LCAP, WASC, or another schoolwide or network initiative).

Each goal should include:

- Activities planned to support goal attainment
- Outcomes and timeline for measuring progress
- Both **lag measures** (which reflect end results) and **lead measures** (which are predictive and influenceable, measuring progress and effort along the way)

The evaluator will review and approve the goals and action plans prior to implementation.

Mid-Year: Progress Check

At mid-year, the teacher and evaluator will meet to discuss progress toward the established goals. This meeting is an opportunity to:

- Review and reflect on current progress
- Make any necessary adjustments to action steps or focus areas
- Determine whether the teacher is making acceptable progress toward goal attainment

If a goal has already been met by mid-year, the teacher may set one or two new goals for the remainder of the year. These should continue to align with the MPS Teacher Observation Rubric.

End-of-Year: Reflection and Planning

The end-of-year meeting will focus on:

- Evaluating the extent to which each goal was accomplished
- Reflecting on professional growth
- Discussing possible focus areas and goals for the next school year

Legend:

- *N: Not progressing or level of progress is not acceptable*
- *P: Progress is at acceptable level*
- *A: Goal is accomplished.*

RE:	Approval of California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group – Issue No. 2), Series 2026A and Series 2026B (Taxable) and Adoption of Related Bond Resolutions (MSA-5 Project)

Action Proposed

I move that the Board approve the issuance by the California School Finance Authority ("CSFA") of its **Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group – Issue No. 2), Series 2026A and Series 2026B (Taxable)** (collectively, the "Series 2026 Bonds"), authorize Magnolia Educational & Research Foundation ("MERF") to enter into and perform all related financing documents, and adopt the related resolutions approving the transactions to finance the **Magnolia Science Academy-5 construction project**.

Purpose

To authorize the issuance of tax-exempt and taxable charter school revenue bonds through CSFA in order to finance and/or reimburse eligible costs of the **Magnolia Science Academy-5 ("MSA-5") project**, approve the associated loan, credit enhancement, and security arrangements, and authorize execution of all related documents in accordance with the Board resolutions.

Background

MERF plans to move operations of Magnolia Science Academy-5 to a permanent campus located at **7111 Winnetka Avenue, Winnetka, California**. MERF has entered into a **Charter School Facilities Program ("CSFP") Funding Agreement** with the State Allocation Board and

CSFA providing up to **$50,832,332** in state facilities funding for the acquisition and construction of the MSA-5 campus.

To complete the MSA-5 project, additional long-term financing is required beyond amounts already received under the CSFP and to be received under the CSFP as a final apportionment, and proceeds of the 2025 grant anticipation notes. As detailed in the attached resolutions, CSFA will make a loan to **Magnolia Properties Management, Inc.** (the "Borrower") funded from proceeds of the Series 2026 Bonds, which loan will be used to support the continued construction and completion of the MSA-5 campus.

Analysis

- The Board is authorizing the issuance of **CSFA Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group – Issue No. 2), Series 2026A and Series 2026B (Taxable)**, in an aggregate principal amount **not to exceed $23,000,000**, subject to project needs and final market conditions.
- Proceeds of the Series 2026 Bonds will be loaned by CSFA to the Borrower pursuant to a **2026 Loan Agreement** and used, directly or indirectly, **solely to finance and/or reimburse costs of the Magnolia Science Academy-5 project**, including acquisition, construction, expansion, renovation, furnishing and equipping of the campus, funding of a debt service reserve fund, capitalized interest, and costs of issuance, as permitted by law and described in the resolutions.
- The Series 2026 Bonds will be issued under an existing **Master Indenture** and secured by **Obligation No. 2** issued by the Borrower, supported by pledged revenues of the obligated group, applicable security interests, and an **Education Code Section 17199.4 state intercept of MSA-5 apportionments**.
- The financing may include participation in CSFA's **Charter School Facilities Credit Enhancement Grant Program**, with credit enhancement funds applied to the primary debt service reserve for the Series 2026 Bonds in lieu of issuing additional debt to fund the debt service reserve.
- Adoption of the resolutions authorizes designated officers to execute and deliver all financing documents, disclosure documents, tax certificates, credit enhancement agreements, and related instruments necessary to complete the transaction.

Impact

- Provides long-term, stable financing necessary to complete construction of the permanent MSA-5 campus.
- Supports MERF's facilities strategy and ensures continuity of educational operations at MSA-5.
- Aligns with previously approved state facilities funding and interim financing structures.

Budget Implications

- Debt service on the Series 2026 Bonds has been incorporated into MPS's long-term financial planning for the MSA-5 project.
- Bond proceeds are restricted to eligible project costs and related financing expenses in accordance with the financing documents.

Security for the Bonds

- **Revenue Pledge:** Gross Revenue Pledge of Obligated Group Members
  - Primary Revenue Source for OG members are the payments of rent or debt service pursuant to the leases or School Loan Agreement between the members and MERF
- **Rent/debt service on the leases/school loan are payable from all revenues of MERF/MPS**
  - However, no revenues are pledged under the leases/school loan agreement
  - Amounts due under the leases/school loan agreement are expected to be paid via State Intercept payment for MSA-1, MSA-5, MSA-SD, MSA-SA
  - In the event of a shortfall under the intercepts, MERF/MPS will be required to make payments directly to the trustee to make up for any shortfall
- **Real Estate:** Deed of Trust on the MSA-1
- Fee Simple interest in the MSA-1 Facilities
  - Personal Property Fixture Filing on the modular buildings at MSA-SD
- **Debt Service Reserve Fund:** Sized at maximum annual debt service (MADS) for each series; funded by CSFA grant
- **State Intercept Mechanism**: CSFA's CA State Intercept program will enable the Bond Trustee to receive direct payments from the State Controller for amounts due under the leases/loans (which will be used to pay debt service)
- **Insurance Coverage:** Property & casualty, 12 months business interruption, general liability, worker's compensation
- **Covenants (applied to MERF/MPS):**
  - **Liquidity:** 45 days of cash on hand
  - **Debt Service Coverage Ratio:** 1.10x

WHEREAS, MERF operates the public charter school known as Magnolia Science Academy – San Diego, CDS Code 37-68338-0109157 ("MSA San Diego" and, collectively with MSA-1 and MSA Santa Ana, the "Obligated Group Schools") in facilities (the "San Diego Facilities") owned by San Diego LLC, leased to MERF for use in the operation of MSA San Diego, and located on real property owned by the San Diego Unified School District, leased to MERF for use in the operation of MSA San Diego, located in the City of San Diego, County of San Diego, State of California, and commonly known as 6525 Estrella Avenue, San Diego, California 92120 (the "San Diego Campus");

WHEREAS, pursuant to the terms of a Loan Agreement dated as of April 1, 2025, (the "Refinancing Loan Agreement") by and between the California School Finance Authority (the "Authority") and the Borrower, the Authority made a loan (the "Refinancing Loan") to the Borrower, which loan was funded from the proceeds of the Authority's Charter School Revenue

Bonds (Magnolia Public Schools – Obligated Group) Series 2025A (the "Series 2025 Bonds ") in the par amount of $27,960,000 issued pursuant to the terms of an Indenture dated as of April 1, 2025, (the "2025 Bond Indenture") by and between the Authority and UMB Bank, National Association, as trustee thereunder (in such capacity, the "2025 Bond Trustee");

WHEREAS, the Borrower used the proceeds of the Refinancing Loan for, among other things, (i) to refund certain prior indebtedness and to otherwise finance and/or refinance the costs of the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and equipping of the MSA-1 Campus, the Santa Ana Campus, and the San Diego Facilities (collectively, the "Facilities"), (ii) to fund a debt service reserve fund with respect to the Series 2025 Bonds, and (iii) to pay certain costs of issuance of the Series 2025 Bonds;

WHEREAS, in connection with and to support the obligations of the Borrower under the Refinancing Loan Agreement, the Borrower, as the Obligated Group Representative, the Members, as the initial members of an obligated group (the "Obligated Group"), and UMB Bank, National Association, as master trustee (the "Master Trustee"), entered into a Master Indenture of Trust dated as of April 1, 2025, (as amended or supplemented the "Master Indenture") and a Supplemental Master Indenture for Obligation No. 1 dated as of April 1, 2025, ("Supplemental MTI No. 1") and that, pursuant to Supplemental MTI No. 1, the Obligated Group Representative issued its Obligation No. 1 in the principal amount of the Series 2025 Bonds in favor of the 2025 Bond Trustee;

WHEREAS, effective upon the issuance of the Series 2025 Bonds, each of Sherman Way LLC and San Diego LLC (collectively, the "Lessors") and MERF entered into one or more new or amended leases (collectively, the "Leases") pursuant to which the Lessor leased the Facilities owned by such Lessor to MERF for use in the operation of the applicable School operating at or in such Facilities;

WHEREAS, effective upon the issuance of the Series 2025 Bonds, Santa Ana LLC and MERF entered into a loan agreement (the "MSA-SA School Loan Agreement") pursuant to which Santa Ana LLC made a loan to MERF to refinance a prior loan made by Santa Ana LLC to MERF;

WHEREAS, the Borrower, the Members, and MERF have secured or supported the obligations of the Borrower under the Refinancing Loan Agreement, the Master Indenture, the Obligations issued pursuant to the Master Indenture and/or the obligations of MERF under the Leases and the MSA-SA School Loan Agreement by, among other things, (i) a pledge of the gross revenues of the Members, (ii) a deed of trust (the "Deed of Trust") executed by Sherman Way LLC encumbering its interests in the MSA-1 Campus and related personal property, (iii) a security agreement executed by San Diego LLC encumbering its interest in the San Diego Facilities, (iv) a security agreement executed by Santa Ana LLC encumbering its interest in MSA-SA School Loan Agreement and the loan made thereunder, and (v) intercepts of portions of the Obligated Group Schools' general purpose apportionments by the State Controller or another state agency of the State of California pursuant to Section 17199.4 of the Education Code of the State of California;

WHEREAS, MERF proposes to operate the public charter school known Magnolia Science Academy 5, CDS Code 19-10199-0137679 ("MSA-5") on real property owned by MERF, located in the City of Los Angeles, County of Los Angeles, State of California, and commonly known as 7111 Winnetka Avenue, Winnetka, California 91306 (the "MSA-5 Campus");

WHEREAS, MERF, as operator of MSA-5, has entered into a Charter School Facilities Program Funding Agreement dated as of June 23, 2023, (the "CSFP Funding Agreement") with the State Allocation Board and the Authority (collectively, the "State") pursuant to which the State has agreed to provide up to $50,832,332 in funding to MERF for the acquisition and construction of charter school facilities at the MSA-5 Campus (the "MSA-5 Project");

WHEREAS, pursuant to the CSFP Funding Agreement, the State has provided MERF with $3,952,733.20 in advanced funding for design costs and $9,880,000 in advanced funding for site acquisition costs, and MERF anticipates that the State will provide MERF with the remaining funding available to MERF under the CSFP Funding Agreement on or before December 1, 2027;

WHEREAS, pursuant to the terms of a Loan Agreement dated as of April 1, 2025, (the "Grant Anticipation Loan Agreement") by and between the Authority and the Borrower, the Authority made a loan (the "Grant Anticipation Loan") to the Borrower, which loan was funded from the proceeds of Authority's Charter School Grant Anticipation Notes (Magnolia Public Schools), Series 2025 (the "Notes") in the par amount of $29,500,000 issued pursuant to the terms of an Indenture dated as of April 1, 2025, (the "Note Indenture") between the Authority and UMB Bank, National Association, as Trustee (in such capacity, the "Notes Trustee");

WHEREAS, Borrower has used or will use the proceeds of the Grant Anticipation Loan to, among other things, to (i) finance certain costs of the acquisition, construction, expansion, remodeling, renovation, improvement, equipping and furnishing of the MSA-5 Campus; (ii) fund capitalized interest on a portion of the Notes; and (iii) pay the costs of issuance of the Notes;

WHEREAS, effective upon the issuance of the Notes, the Borrower entered into a loan agreement (the "2025 MSA-5 School Loan Agreement") pursuant to which the Borrower used the proceeds of the Grant Anticipation Loan to make a loan to MERF (the "2025 MSA-5 School Loan") to fund the MSA-5 Project;

WHEREAS, in order to complete the MSA-5 Project, MERF requires funds in addition to the proceeds of the CSFP Funding Agreement and the 2025 MSA-5 School Loan;

WHEREAS, MERF proposes that the Authority will make an additional loan (the "2026 Loan") to the Borrower in a maximum amount not to exceed $23,000,000 pursuant to a Loan Agreement (the "2026 Loan Agreement") between the Authority and the Borrower, which loan will be funded from the proceeds of tax-exempt and/or taxable bonds (collectively, the "Series 2026 Bonds") issued by the Authority pursuant to an Indenture (the "2026 Bond Indenture") between the Authority and UMB Bank, National Association, as Trustee (in such capacity, the "2026 Bond Trustee"), such bonds to be designated as California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026A and

California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026B (Taxable) or such other names as may be designated in the Bond Indenture;

WHEREAS, MERF proposes that the Borrower will use the proceeds of the 2026 Loan Agreement to, among other things, (i) finance and/or refinance the costs of the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and equipping of the MSA-5 Campus, (ii) fund a debt service reserve fund with respect to the Series 2026 Bonds, and (iii) pay certain costs of issuance of the Series 2026 Bonds;

WHEREAS, MERF proposes that, in connection with and to support the obligations of the Borrower under the 2026 Loan Agreement, MERF and/or the Borrower and the Authority will enter into one or more Program Agreements (collectively, the "Program Agreement") relating to the Authority's Charter School Facilities Credit Enhancement Grant Program or to any similar charter school credit enhancement programs (collectively, the "Credit Enhancement Program"), that, pursuant to the Program Agreement, the Authority will reserve funds from the Credit Enhancement Program for the Series 2026 Bonds on the terms and conditions contained in the Program Agreement, and that the Authority will apply or cause to be applied all funds designated thereunder to be disbursed directly to the 2026 Bond Trustee to be held by the 2026 Bond Trustee as part of the primary debt service reserve for the Series 2026 Bonds;

WHEREAS, MERF proposes that, in connection with and to support the obligations of the Borrower under the 2026 Loan Agreement, the Borrower, as the Obligated Group Representative, and the Master Trustee, will enter into a Supplemental Master Indenture for Obligation No. 2 ("Supplemental MTI No. 2") and that, pursuant to Supplemental MTI No. 2, the Obligated Group Representative will issue its Obligation No. 2 in the principal amount of the Series 2026 Bonds in favor of the 2026 Bond Trustee;

WHEREAS, MERF proposes that, effective upon the issuance of the Series 2026 Bonds, Santa Ana LLC and MERF will enter into a loan agreement (the "2026 MSA-5 School Loan Agreement") pursuant to which Santa Ana LLC will use the proceeds of the 2026 Loan to make a loan to MERF to fund the MSA-5 Project, and that the 2026 MSA-5 School Loan Agreement will provide for payment of loan payments in amounts sufficient to enable the Borrower to satisfy the Borrower's debt service on the Series 2026 Bonds and under Obligation No. 2 issued pursuant to the Master Indenture;

WHEREAS, MERF proposes that the Borrower, the Members, and MERF will secure or support the obligations of the Borrower under the 2026 Loan Agreement, the Master Indenture, and the Obligations issued pursuant to the Master Indenture and/or the obligations of MERF under the 2026 MSA-5 School Loan Agreement by, among other things, (i) a pledge of the gross revenues of the Members, (ii) a supplement to the Deed of Trust encumbering Sherman Way LLC's interests in the MSA-1 Campus and related personal property, (iii) the security agreement executed by San Diego LLC encumbering its interest in the San Diego Facilities, (iv) the security agreement executed by Santa Ana LLC encumbering its interest in MSA-SA School Loan Agreement and the loan made thereunder, (v) a security agreement executed by Santa Ana LLC encumbering its interest in the 2026 MSA-5 School Loan Agreement and the loan made thereunder, and (vi) an intercept of MSA-5's general purpose apportionments by the State

Controller or another state agency of the State of California pursuant to Section 17199.4 of the Education Code of the State of California (the "Intercept");

WHEREAS, MERF proposes that, in connection with the foregoing, (i) a Preliminary Limited Offering Memorandum (the "Preliminary Limited Offering Memorandum") and a Limited Offering Memorandum (the "Limited Offering Memorandum") will be prepared to furnish information with respect to the sale and delivery of the Series 2026 Bonds, (ii) pursuant to a Continuing Disclosure Agreement (the "Continuing Disclosure Agreement"), the Borrower and MERF will undertake to provide annual reports and notices of certain events relating to the Series 2026 Bonds, and (iii) pursuant to a Tax Certificate and Agreement or Tax Regulatory Agreement (the "Tax Certificate"), the Borrower and MERF will undertake certain obligations relevant to the tax treatment of the tax-exempt Series 2026 Bonds;

WHEREAS, MERF has adopted a written policy for post-issuance tax compliance applicable to the tax-exempt obligations, designating the Chief Financial Officer of MERF as the responsible officer thereunder;

WHEREAS, MERF and the Borrower propose to retain Stifel, Nicolaus, & Company, Inc. (the "Underwriter") to underwrite the Series 2026 Bonds pursuant to a Bond Purchase Agreement (the "Bond Purchase Agreement") by and among the Underwriter, the Authority, the Treasurer of the State of California, the Borrower, and MERF;

WHEREAS, MERF proposes that, following the sale of the Series 2026 Bonds, Stifel Capital Management, LLC (the "Investment Advisor") will initially serve as the SEC-registered investment advisor to the Borrower for the investment of the proceeds of the Series 2026 Bonds, with investment decisions made at the direction of an Authorized Representative initially and the Borrower will approve the Authorized Representative to execute (i) a Cash Account Application, (ii) an Entity Account Resolution, (iii) a FINRA 2111 Form, (iv) a Stifel Capital Management, LLC Investment Management Agreement, (v) a Client Risk Assessment, and (vi) any other documents necessary to engage the Investment Advisor (collectively, the "Investment Advisory Documents");

WHEREAS, MERF and the Borrower propose to make such loans, capital contributions, or lease payments to Santa Ana LLC as may be necessary or desirable to capitalize Santa Ana LLC for purposes of entering into and performing the transactions described above;

WHEREAS, the individuals listed on Schedule 1 attached hereto have been elected or appointed to the offices of the Corporation set forth after their names on Schedule 1, and such individuals are currently serving as such officers of the Corporation;

WHEREAS, the Borrower is a nonprofit, tax-exempt corporation which, as one of its primary purposes, supports the functions of the Board;

WHEREAS, each of the officers, directors, or employees of MERF listed on Schedule 3 attached hereto also serves as a non-compensated officer or director of the Borrower, and the interests of such persons in the Borrower and the Members have been disclosed to the Corporation and are hereby noted in the official records of the Corporation;

WHEREAS, the Board finds that the terms of the foregoing transactions and proposed transactions (collectively, the "Transactions"), including the 2026 MSA-5 School Loan Agreement, are fair and reasonable as to MERF, the Obligated Group Schools, MSA-5, the Borrower, and the Members, (each, a "Magnolia Company" and, collectively, the "Magnolia Companies") under the circumstances, in the best interest of the Magnolia Companies, and in furtherance of the charitable purposes of the Corporation; and

WHEREAS, the Board desires the Magnolia Companies to take all actions necessary or advisable to facilitate the Transactions;

WHEREAS, MERF and/or the Borrower reasonably expect to pay certain expenditures (the "Reimbursement Expenditures") in connection with the MSA-5 Project prior to the issuance of indebtedness on behalf of the Borrower represented by the 2026 Loan Agreement and the Series 2026 Bonds for the purpose of financing costs associated with the MSA-5 Project on a long- term basis; and

WHEREAS, MERF and the Borrower reasonably expect that debt obligations represented by the 2026 Loan Agreement and the Series 2026 Bonds will be issued by or on behalf of the Borrower in order to finance the MSA-5 Project and that certain of the proceeds of such debt obligations will be used to reimburse the Reimbursement Expenditures, up to approximately $12,500,000;

NOW, THEREFORE, BE IT RESOLVED, that the Board ratifies and confirms the election or appointment, as applicable, of the officers of the Corporation listed on Schedule 1;

RESOLVED FURTHER, that the Board ratifies and approves the applications of MERF and/or the Borrower to the Authority for the issuance of the Series 2026 Bonds and for an award under the Credit Enhancement Program in connection with the issuance of the Series 2026 Bonds;

RESOLVED FURTHER, that the Board ratifies and approves the Transactions and authorizes the execution, delivery and performance by each Magnolia Company of the documents and agreements listed on Schedule 2 attached hereto (collectively, the "Primary Transaction Documents") to which the Magnolia Company may be a party and all such other documents, instruments, and agreements as may be necessary or advisable to facilitate the Transactions (together with the Primary Transaction Documents, the "Transaction Documents");

RESOLVED FURTHER, that the Board appoints the officers of the Corporation, and each of them individually (each, an "Authorized Signatory"), acting alone, as authorized signatories of the Corporation for purposes of executing the Transaction Documents on behalf of such companies;

RESOLVED FURTHER, that the Board authorizes the Authorized Signatories, and each of them individually, acting alone, for and in the name and on behalf of the Corporation, to open such deposit accounts or other bank accounts and to contract for such banking services for the Corporation as such Authorized Signatories may deem necessary or advisable to carry out the Transactions and to execute, on behalf of the Corporation, all related standard form resolutions required by all banks, trust companies and financial institutions;

RESOLVED FURTHER, that each of the President, Chief Financial Officer, and Deputy Superintendent of the Corporation be and is hereby authorized to act as a signatory on the bank deposit accounts and other general or special accounts of the Corporation, to authorize the transfer or disbursement of funds from or to such accounts, to endorse checks, drafts or other evidences of indebtedness made payable to the Corporation, for the purpose of deposit, and to sign on the Corporation's behalf all checks, drafts, and other instruments of the Corporation to pay money;

RESOLVED FURTHER, that the Board authorizes the Authorized Signatories, and each of them individually, acting alone, for and in the name and on behalf of the Corporation, to execute, deliver, approve, and, as appropriate, declare final and authorize the distribution of the Transaction Documents, in such forms and with such amendments or modifications thereto as an Authorized Signatory may approve as necessary or advisable to facilitate the Transactions, and all such other bond purchase agreements, note purchase agreements, disclosure agreements, offering statements, offering memoranda, master indentures, supplements to master indentures, indentures, loan agreements, promissory notes, obligations, leases, subleases, deeds of trust, security agreements, deposit account or securities account control agreements, subordination, non-disturbance and attornment agreements, tax certificates, tax and regulatory compliance agreements, policies, or procedures, assignments, indemnification agreements, guaranties, subordination agreements, escrow agreements, agreements with underwriters, project managers, contractors, architects, engineers, consultants, or other persons, consents, letters of representation, notices, certificates, and other documents, agreements, or instruments or amendments to any of the foregoing, as an Authorized Signatory may approve as necessary or advisable to facilitate the Transactions, each with such additions, deletions or changes therein as the Authorized Signatory executing the same shall approve (the execution and delivery thereof by any such Authorized Signatory to be conclusive evidence of his or her approval of any such document, agreement, instrument, amendment, addition, deletion or change);

RESOLVED FURTHER, that, pursuant to Section 17199.4(a) of the Education Code of the State of California, the Corporation elects to participate in the Intercept to secure payment of the principal of and interest on the Series 2026 Bonds and that the Board authorizes the Authorized Signatories, and each of them individually, acting alone, for and in the name and on behalf of the Corporation and MSA-5, to provide notices (the "Intercept Notices") to the State Controller of the State of California or other applicable state agency of the State of California of such election of the Board;

RESOLVED FURTHER, that the Board ratifies and confirms the acts of the officers, agents or employees of the Corporation taken on behalf of the Corporation in connection with the Transactions;

RESOLVED FURTHER, that by the adoption of these resolutions, the Board reconfirms, ratifies, and adopts all prior actions of the Board which may have previously been taken in connection with the Transactions;

RESOLVED FURTHER, that all prior resolutions of the Board or any parts thereof in conflict with any of or all the foregoing resolutions are repealed to the extent of such conflict;

RESOLVED FURTHER, that these resolutions shall take effect and be in full force immediately after their adoption by the Board; and

RESOLVED FURTHER, that the Board authorizes the Authorized Signatories, and each of them individually, acting alone, for and in the name and on behalf of the Corporation, to approve, execute and deliver any and all documents, instruments and agreements, and to perform or cause to be performed any and all acts as may, in their judgment, be necessary or desirable to accomplish the purposes of the foregoing resolutions and the transactions contemplated thereby and by the agreements therein approved, and any such documents, instrument or agreements so executed and delivered or actions taken by them or any of them shall be conclusive evidence of their authority in so doing.

RESOLVED FURTHER, for purposes of establishing compliance with the requirements of Section 1.150-2 of the Treasury Regulations, the Board hereby declares its official intent to use proceeds of indebtedness to reimburse MERF and/or the Borrower for Reimbursement Expenditures. This declaration does not bind MERF or the Borrower to make any expenditure, incur any indebtedness, or proceed with the MSA-5 Project;

RESOLVED FURTHER, the Board hereby authorizes the payment of any expenses incurred in connection with the preparation of proceedings for the issuance of said indebtedness on behalf of the Borrower, including legal and financial consulting expenses; and

RESOLVED FURTHER, that these resolutions shall take effect from and after their adoption by the Board.

Certificate of Secretary

The undersigned certifies that the undersigned is the duly appointed and acting Secretary of Magnolia Educational & Research Foundation (the "Corporation"), a California nonprofit public benefit corporation, that the foregoing Resolutions were duly adopted by a majority vote of the members of the Board of Directors (the "Board") of the Corporation then in office at a meeting of the Board duly held on February 12, 2026, in compliance with the bylaws of the Corporation and in compliance with the notice, agenda and open meeting requirements of the Ralph M. Brown Act, and that a quorum of the Board was in attendance at the meeting at the time the resolutions were adopted.

IN WITNESS WHEREOF, I have hereunto set my hand as Secretary of the Corporation as of the ____ day of February, 2026.

MAGNOLIA PROPERTIES MANAGEMENT, INC.

RESOLUTIONS OF THE BOARD OF DIRECTORS

(APPROVAL OF BOND FINANCING)

The Board of Directors (the "Board") of Magnolia Properties Management, Inc., hereby adopts the following Resolutions:

WHEREAS, Magnolia Educational & Research Foundation, a California nonprofit public benefit corporation doing business as Magnolia Public Schools ("MERF" or the "Corporation"), is organized for charitable and public purposes;

WHEREAS, Magnolia Properties Management, Inc., a California nonprofit public benefit corporation (the "Borrower"), is organized for charitable purposes and is operated exclusively for the benefit of, to perform the functions of, and to carry out the purposes of MERF;

WHEREAS, the Borrower has formed and is the sole member and manager of each of MPM Sherman Way LLC ("Sherman Way LLC"), MPM Santa Ana LLC ("Santa Ana LLC"), and MPM San Diego LLC ("San Diego LLC" and, together with Sherman Way LLC and Santa Ana LLC, the "Members"), each of which is a California limited liability company;

WHEREAS, MERF operates the public charter school known as Magnolia Science Academy 1, CDS Code 19-10199-6119945 ("MSA-1") on real property owned by Sherman Way LLC, leased to MERF for use in the operation of MSA-1, located in the City of Los Angeles, County of Los Angeles, State of California, and commonly known as 18214, 18228, 18238, and 18242-18244 Sherman Way, Reseda, California 91335 (the "MSA-1 Campus");

WHEREAS, MERF operates the public charter school known as Magnolia Science Academy Santa Ana, CDS Code 30-76893-0130765 ("MSA Santa Ana") on real property owned by MERF, located in the City of Santa Ana, County of Orange, State of Californian, and commonly known as 2840 W. 1st Street, Santa Ana, California 92703 (the "Santa Ana Campus");

WHEREAS, MERF operates the public charter school known as Magnolia Science Academy – San Diego, CDS Code 37-68338-0109157 ("MSA San Diego" and, collectively with MSA-1 and MSA Santa Ana, the "Obligated Group Schools") in facilities (the "San Diego Facilities") owned by San Diego LLC, leased to MERF for use in the operation of MSA San Diego, and located on real property owned by the San Diego Unified School District, leased to MERF for use in the operation of MSA San Diego, located in the City of San Diego, County of San Diego, State of California, and commonly known as 6525 Estrella Avenue, San Diego, California 92120 (the "San Diego Campus");

WHEREAS, pursuant to the terms of a Loan Agreement dated as of April 1, 2025, (the "Refinancing Loan Agreement") by and between the California School Finance Authority (the "Authority") and the Borrower, the Authority made a loan (the "Refinancing Loan") to the Borrower, which loan was funded from the proceeds of the Authority's Charter School Revenue

Bonds (Magnolia Public Schools – Obligated Group) Series 2025A (the "Series 2025 Bonds ") in the par amount of $27,960,000 issued pursuant to the terms of an Indenture dated as of April 1, 2025, (the "2025 Bond Indenture") by and between the Authority and UMB Bank, National Association, as trustee thereunder (in such capacity, the "2025 Bond Trustee");

WHEREAS, the Borrower used the proceeds of the Refinancing Loan to, among other things, to refund certain prior indebtedness and to otherwise finance and/or refinance the costs of the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and equipping of the MSA-1 Campus, the Santa Ana Campus, and the San Diego Facilities (collectively, the "Facilities"), (v) to fund a debt service reserve fund with respect to the Series 2025 Bonds, and (vi) to pay certain costs of issuance of the Series 2025 Bonds;

WHEREAS, in connection with and to support the obligations of the Borrower under the Refinancing Loan Agreement, the Borrower, as the Obligated Group Representative, the Members, as the initial members of an obligated group (the "Obligated Group"), and UMB Bank, National Association, as master trustee (the "Master Trustee"), entered into a Master Indenture of Trust dated as of April 1, 2025, (as amended or supplemented, the "Master Indenture") and a Supplemental Master Indenture for Obligation No. 1 dated as of April 1, 2025, ("Supplemental MTI No. 1") and that, pursuant to Supplemental MTI No. 1, the Obligated Group Representative issued its Obligation No. 1 in the principal amount of the Series 2025 Bonds in favor of the 2025 Bond Trustee;

WHEREAS, effective upon the issuance of the Series 2025 Bonds, each of Sherman Way LLC and San Diego LLC (collectively, the "Lessors") and MERF entered into one or more new or amended leases (collectively, the "Leases") pursuant to which the Lessor leased the Facilities owned by such Lessor to MERF for use in the operation of the applicable School operating at or in such Facilities;

WHEREAS, effective upon the issuance of the Series 2025 Bonds, Santa Ana LLC and MERF entered into a loan agreement (the "MSA-SA School Loan Agreement") pursuant to which Santa Ana LLC made a loan to MERF to refinance a prior loan made by Santa Ana LLC to MERF;

WHEREAS, the Borrower, the Members, and MERF have secured or supported the obligations of the Borrower under the Refinancing Loan Agreement, the Master Indenture, the Obligations issued pursuant to the Master Indenture and/or the obligations of MERF under the Leases and the MSA-SA School Loan Agreement by, among other things, (i) a pledge of the gross revenues of the Members, (ii) a deed of trust (the "Deed of Trust") executed by Sherman Way LLC encumbering its interests in the MSA-1 Campus and related personal property, (iii) a security agreement executed by San Diego LLC encumbering its interest in the San Diego Facilities, (iv) a security agreement executed by Santa Ana LLC encumbering its interest in MSA-SA School Loan Agreement and the loan made thereunder, and (v) intercepts of portions of the Obligated Group Schools' general purpose apportionments by the State Controller or another state agency of the State of California pursuant to Section 17199.4 of the Education Code of the State of California;

WHEREAS, MERF proposes to operate the public charter school known Magnolia Science Academy 5, CDS Code 19-10199-0137679 ("MSA-5") on real property owned by MERF, located in the City of Los Angeles, County of Los Angeles, State of California, and commonly known as 7111 Winnetka Avenue, Winnetka, California 91306 (the "MSA-5 Campus");

WHEREAS, MERF, as operator of MSA-5, has entered into a Charter School Facilities Program Funding Agreement dated as of June 23, 2023, (the "CSFP Funding Agreement") with the State Allocation Board and the Authority (collectively, the "State") pursuant to which the State has agreed to provide up to $50,832,332 in funding to MERF for the acquisition and construction of charter school facilities at the MSA-5 Campus (the "MSA-5 Project");

WHEREAS, pursuant to the CSFP Funding Agreement, the State has provided MERF with $3,952,733.20 in advanced funding for design costs and $9,880,000 in advanced funding for site acquisition costs, and MERF anticipates that the State will provide MERF with the remaining funding available to MERF under the CSFP Funding Agreement on or before December 1, 2027;

WHEREAS, pursuant to the terms of a Loan Agreement dated as of April 1, 2025, (the "Grant Anticipation Loan Agreement") by and between the Authority and the Borrower, the Authority made a loan (the "Grant Anticipation Loan") to the Borrower, which loan was funded from the proceeds of Authority's Charter School Grant Anticipation Notes (Magnolia Public Schools), Series 2025 (the "Notes") in the par amount of $29,500,000 issued pursuant to the terms of an Indenture dated as of April 1, 2025, (the "Note Indenture") between the Authority and UMB Bank, National Association, as Trustee (in such capacity, the "Notes Trustee");

WHEREAS, Borrower has used or will use the proceeds of the Grant Anticipation Loan to, among other things, to (i) finance certain costs of the acquisition, construction, expansion, remodeling, renovation, improvement, equipping and furnishing of the MSA-5 Campus; (ii) fund capitalized interest on a portion of the Notes; and (iii) pay the costs of issuance of the Notes;

WHEREAS, effective upon the issuance of the Notes, the Borrower entered into a loan agreement (the "2025 MSA-5 School Loan Agreement") pursuant to which the Borrower used the proceeds of the Grant Anticipation Loan to make a loan to MERF (the "2025 MSA-5 School Loan") to fund the MSA-5 Project;

WHEREAS, in order to complete the MSA-5 Project, MERF requires funds in addition to the proceeds of the CSFP Funding Agreement and the 2025 MSA-5 School Loan;

WHEREAS, MERF proposes that the Authority will make an additional loan (the "2026 Loan") to the Borrower in a maximum amount not to exceed $23,000,000 pursuant to a Loan Agreement (the "2026 Loan Agreement") between the Authority and the Borrower, which loan will be funded from the proceeds of tax-exempt and/or taxable bonds (collectively, the "Series 2026 Bonds") issued by the Authority pursuant to an Indenture (the "2026 Bond Indenture") between the Authority and UMB Bank, National Association, as Trustee (in such capacity, the "2026 Bond Trustee"), such bonds to be designated as California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026A and

California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026B (Taxable) or such other names as may be designated in the Bond Indenture;

WHEREAS, MERF proposes that the Borrower will use the proceeds of the 2026 Loan Agreement to, among other things, (i) finance and/or refinance the costs of the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and equipping of the MSA-5 Campus, (ii) fund a debt service reserve fund with respect to the Series 2026 Bonds, and (iii) pay certain costs of issuance of the Series 2026 Bonds;

WHEREAS, MERF proposes that, in connection with and to support the obligations of the Borrower under the 2026 Loan Agreement, MERF and/or the Borrower and the Authority will enter into one or more Program Agreements (collectively, the "Program Agreement") relating to the Authority's Charter School Facilities Credit Enhancement Grant Program or to any similar charter school credit enhancement programs (collectively, the "Credit Enhancement Program"), that, pursuant to the Program Agreement, the Authority will reserve funds from the Credit Enhancement Program for the Series 2026 Bonds on the terms and conditions contained in the Program Agreement, and that the Authority will apply or cause to be applied all funds designated thereunder to be disbursed directly to the 2026 Bond Trustee to be held by the 2026 Bond Trustee as part of the primary debt service reserve for the Series 2026 Bonds;

WHEREAS, MERF proposes that, in connection with and to support the obligations of the Borrower under the 2026 Loan Agreement, the Borrower, as the Obligated Group Representative, and the Master Trustee, will enter into a Supplemental Master Indenture for Obligation No. 2 ("Supplemental MTI No. 2") and that, pursuant to Supplemental MTI No. 2, the Obligated Group Representative will issue its Obligation No. 2 in the principal amount of the Series 2026 Bonds in favor of the 2026 Bond Trustee;

WHEREAS, MERF proposes that, effective upon the issuance of the Series 2026 Bonds, Santa Ana LLC and MERF will enter into a loan agreement (the "2026 MSA-5 School Loan Agreement") pursuant to which Santa Ana LLC will use the proceeds of the 2026 Loan to make a loan to MERF to fund the MSA-5 Project, and that the 2026 MSA-5 School Loan Agreement will provide for payment of loan payments in amounts sufficient to enable the Borrower to satisfy the Borrower's debt service on the Series 2026 Bonds and under Obligation No. 2 issued pursuant to the Master Indenture;

WHEREAS, MERF proposes that the Borrower, the Members, and MERF will secure or support the obligations of the Borrower under the 2026 Loan Agreement, the Master Indenture, and the Obligations issued pursuant to the Master Indenture and/or the obligations of MERF under the 2026 MSA-5 School Loan Agreement by, among other things, (i) a pledge of the gross revenues of the Members, (ii) a supplement to the Deed of Trust encumbering Sherman Way LLC's interests in the MSA-1 Campus and related personal property, (iii) the security agreement executed by San Diego LLC encumbering its interest in the San Diego Facilities, (iv) the security agreement executed by Santa Ana LLC encumbering its interest in MSA-SA School Loan Agreement and the loan made thereunder, (v) a security agreement executed by Santa Ana LLC encumbering its interest in the 2026 MSA-5 School Loan Agreement and the loan made thereunder, and (vi) an intercept of MSA-5's general purpose apportionments by the State

Controller or another state agency of the State of California pursuant to Section 17199.4 of the Education Code of the State of California (the "Intercept");

WHEREAS, MERF proposes that, in connection with the foregoing, (i) a Preliminary Limited Offering Memorandum (the "Preliminary Limited Offering Memorandum") and a Limited Offering Memorandum (the "Limited Offering Memorandum") will be prepared to furnish information with respect to the sale and delivery of the Series 2026 Bonds, (ii) pursuant to a Continuing Disclosure Agreement (the "Continuing Disclosure Agreement"), the Borrower and MERF will undertake to provide annual reports and notices of certain events relating to the Series 2026 Bonds, and (iii) pursuant to a Tax Certificate and Agreement or Tax Regulatory Agreement (the "Tax Certificate"), the Borrower and MERF will undertake certain obligations relevant to the tax treatment of the tax-exempt Series 2026 Bonds;

WHEREAS, MERF has adopted a written policy for post-issuance tax compliance applicable to the tax-exempt obligations, designating the Chief Financial Officer of MERF as the responsible officer thereunder;

WHEREAS, MERF and the Borrower propose to retain Stifel, Nicolaus, & Company, Inc. (the "Underwriter") to underwrite the Series 2026 Bonds pursuant to a Bond Purchase Agreement (the "Bond Purchase Agreement") by and among the Underwriter, the Authority, the Treasurer of the State of California, the Borrower, and MERF;

WHEREAS, MERF proposes that, following the sale of the Series 2026 Bonds, Stifel Capital Management, LLC (the "Investment Advisor") will initially serve as the SEC-registered investment advisor to the Borrower for the investment of the proceeds of the Series 2026 Bonds, with investment decisions made at the direction of an Authorized Representative initially and the Borrower will approve the Authorized Representative to execute (i) a Cash Account Application, (ii) an Entity Account Resolution, (iii) a FINRA 2111 Form, (iv) a Stifel Capital Management, LLC Investment Management Agreement, (v) a Client Risk Assessment, and (vi) any other documents necessary to engage the Investment Advisor (collectively, the "Investment Advisory Documents");

WHEREAS, MERF and the Borrower propose to make such loans, capital contributions, or lease payments to Santa Ana LLC as may be necessary or desirable to capitalize Santa Ana LLC for purposes of entering into and performing the transactions described above;

WHEREAS, the individuals listed on Schedule 1 attached hereto have been elected or appointed to the offices of the Corporation set forth after their names on Schedule 1, and such individuals are currently serving as such officers of the Corporation;

WHEREAS, the Board finds that the terms of the foregoing transactions and proposed transactions (collectively, the "Transactions"), including the 2026 MSA-5 School Loan Agreement, are fair and reasonable as to MERF, the Obligated Group Schools, MSA-5, the Borrower, and the Members, (each, a "Magnolia Company" and, collectively, the "Magnolia Companies") under the circumstances, in the best interest of the Magnolia Companies, and in furtherance of the charitable purposes of the Corporation; and

WHEREAS, the Board desires the Magnolia Companies to take all actions necessary or advisable to facilitate the Transactions;

WHEREAS, MERF and/or the Borrower reasonably expect to pay certain expenditures (the "Reimbursement Expenditures") in connection with the MSA-5 Project prior to the issuance of indebtedness on behalf of the Borrower represented by the 2026 Loan Agreement and the Series 2026 Bonds for the purpose of financing costs associated with the MSA-5 Project on a long- term basis; and

WHEREAS, MERF and the Borrower reasonably expect that debt obligations represented by the 2026 Loan Agreement and the Series 2026 Bonds will be issued by or on behalf of the Borrower in order to finance the MSA-5 Project and that certain of the proceeds of such debt obligations will be used to reimburse the Reimbursement Expenditures, up to approximately $12,500,000;

NOW, THEREFORE, BE IT RESOLVED, that the Board ratifies and confirms the election or appointment, as applicable, of the officers of the Corporation listed on Schedule 1;

RESOLVED FURTHER, that the Board ratifies and approves the applications of MERF and/or the Borrower to the Authority for the issuance of the Bonds and for an award under the Credit Enhancement Program in connection with the issuance of the Bonds;

RESOLVED FURTHER, that the Board ratifies and approves the Transactions and authorizes the execution, delivery and performance by each Magnolia Company of the documents and agreements listed on Schedule 2 attached hereto (collectively, the "Primary Transaction Documents") to which the Magnolia Company may be a party and all such other documents, instruments, and agreements as may be necessary or advisable to facilitate the Transactions (together with the Primary Transaction Documents, the "Transaction Documents");

RESOLVED FURTHER, that the Board appoints the officers of the Corporation, and each of them individually (each, an "Authorized Signatory"), acting alone, as authorized signatories of the Corporation and the Members for purposes of executing the Transaction Documents on behalf of such companies;

RESOLVED FURTHER, that the Board authorizes the Authorized Signatories, and each of them individually, acting alone, for and in the name and on behalf of the Corporation, for itself and as the member and manager of the Members, to open such deposit accounts or other bank accounts and to contract for such banking services for the Corporation or the Members as such Authorized Signatories may deem necessary or advisable to carry out the Transactions and to execute, on behalf of the Corporation, and the Members, all related standard form resolutions required by all banks, trust companies and financial institutions;

RESOLVED FURTHER, that each of the President, Chief Financial Officer and Deputy Superintendent of the Corporation be and is hereby authorized to act as a signatory on the bank deposit accounts and other general or special accounts of the Corporation and the Members, to authorize the transfer or disbursement of funds from or to such accounts, to endorse checks, drafts or other evidences of indebtedness made payable to the Corporation or the Members, for

the purpose of deposit, and to sign on the Corporation's or a Member's behalf all checks, drafts, and other instruments of the Corporation or the Member to pay money;

RESOLVED FURTHER, that the Board authorizes the Authorized Signatories, and each of them individually, acting alone, for and in the name and on behalf of the Corporation, for itself and as the member and manager of the Members, to execute, deliver, approve, and, as appropriate, declare final and authorize the distribution of the Transaction Documents, in such forms and with such amendments or modifications thereto as an Authorized Signatory may approve as necessary or advisable to facilitate the Transactions, and all such other bond purchase agreements, note purchase agreements, disclosure agreements, offering statements, offering memoranda, master indentures, supplements to master indentures, indentures, loan agreements, promissory notes, obligations, leases, subleases, deeds of trust, security agreements, deposit account or securities account control agreements, subordination, non-disturbance and attornment agreements, tax certificates, tax and regulatory compliance agreements, policies, or procedures, assignments, indemnification agreements, guaranties, subordination agreements, escrow agreements, agreements with underwriters, project managers, contractors, architects, engineers, consultants, or other persons, consents, letters of representation, notices, certificates, and other documents, agreements, or instruments or amendments to any of the foregoing, as an Authorized Signatory may approve as necessary or advisable to facilitate the Transactions, each with such additions, deletions or changes therein as the Authorized Signatory executing the same shall approve (the execution and delivery thereof by any such Authorized Signatory to be conclusive evidence of his or her approval of any such document, agreement, instrument, amendment, addition, deletion or change);

RESOLVED FURTHER, that, pursuant to Section 17199.4(a) of the Education Code of the State of California, the Corporation elects to participate in the Intercept to secure payment of the principal of and interest on the Bonds and that the Board authorizes the Authorized Signatories, and each of them individually, acting alone, for and in the name and on behalf of the Corporation and the Schools, to provide notices (the "Intercept Notices") to the State Controller of the State of California or other applicable state agency of the State of California of such election of the Board;

RESOLVED FURTHER, that the Board ratifies and confirms the acts of the officers, agents or employees of the Corporation taken on behalf of the Corporation in connection with the Transactions;

RESOLVED FURTHER, that by the adoption of these resolutions, the Board reconfirms, ratifies, and adopts all prior actions of the Board which may have previously been taken in connection with the Transactions;

RESOLVED FURTHER, that all prior resolutions of the Board or any parts thereof in conflict with any of or all the foregoing resolutions are repealed to the extent of such conflict;

RESOLVED FURTHER, that these resolutions shall take effect and be in full force immediately after their adoption by the Board; and

RESOLVED FURTHER, that the Board authorizes the Authorized Signatories, and each of them individually, acting alone, for and in the name and on behalf of the Corporation, for itself and as the member and manager of the Members, to approve, execute and deliver any and all documents, instruments and agreements, and to perform or cause to be performed any and all acts as may, in their judgment, be necessary or desirable to accomplish the purposes of the foregoing resolutions and the transactions contemplated thereby and by the agreements therein approved, and any such documents, instrument or agreements so executed and delivered or actions taken by them or any of them shall be conclusive evidence of their authority in so doing.

RESOLVED FURTHER, for purposes of establishing compliance with the requirements of Section 1.150-2 of the Treasury Regulations, the Board hereby declares its official intent to use proceeds of indebtedness to reimburse MERF and/or the Borrower for Reimbursement Expenditures. This declaration does not bind MERF or the Borrower to make any expenditure, incur any indebtedness, or proceed with the MSA-5 Project;

RESOLVED FURTHER, the Board hereby authorizes the payment of any expenses incurred in connection with the preparation of proceedings for the issuance of said indebtedness on behalf of the Borrower and the lease of the Project, including legal and financial consulting expenses; and

RESOLVED FURTHER, that these resolutions shall take effect from and after their adoption by the Board.

Certificate of Secretary

The undersigned certifies that the undersigned is the duly appointed and acting Secretary of Magnolia Properties Management, Inc. In the opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the Authority, based upon an analysis of existing laws, regulations, rulings and court decisions and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Tax-Exempt Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the "Code"). In the further opinion of Bond Counsel, interest on the Tax-Exempt Bonds is not a specific preference item for purposes of the federal individual alternative minimum tax. Bond Counsel observes that interest on the Tax-Exempt Bonds included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. Bond Counsel observes that interest on the Taxable Bonds is not excluded from gross income for federal income tax purposes pursuant to Section 103 of the Code. Bond Counsel is also of the opinion that interest on the Bonds is exempt from State of California personal income taxes. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Bonds. See "TAX MATTERS."

Dated: Date of Delivery **Due: July 1 as shown on inside cover**

This cover page contains information for general reference only. It is not intended as a summary of these issues. Investors must read the entire Limited Offering Memorandum to obtain information essential to making an informed investment decision.

The California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026A, in the aggregate principal amount of $_____* (the "Series 2026A Bonds" or the "Tax-Exempt Bonds") and the California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026B (Taxable), in the aggregate principal amount of $_____* (the "Series 2026B Bonds" or the "Taxable Bonds" and, together with the Series 2026A Bonds, the "Bonds") will be issued by the California School Finance Authority (the "Authority") pursuant to an Indenture, dated as of March 1, 2026 (the "Bond Indenture"), by and between the Authority and UMB Bank, National Association, as trustee (the "Trustee"). The Authority will loan the proceeds of the Bonds to Magnolia Properties Management, Inc., a California nonprofit public benefit corporation (the "Borrower"), pursuant to a Loan Agreement, dated as of March 1, 2026 (the "Loan Agreement"), by and between the Authority and the Borrower and accepted by the Members (as defined herein) each of which is a California limited liability company the sole member of which is the Borrower. The Bonds and the interest thereon are payable solely out of certain revenues and income received by the Authority or the Trustee pursuant to the Loan Agreement and Obligation No. 2 relating to the Bonds ("Obligation No. 2") issued by the Borrower in an amount equal to the aggregate principal amount of the Bonds pursuant to a Master Indenture of Trust, dated as of April 1, 2025 (the "Master Indenture"), as supplemented, including by a Supplemental Master Indenture for Obligation No. 2, dated as of March 1, 2026 (the "Second Supplemental Master Indenture"), by and between the Borrower, as representative of the Obligated Group, and UMB Bank, National Association, as master trustee thereunder (the "Master Trustee").

The proceeds of the Bonds will be used to: (i) finance and/or refinance a portion of the costs of the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and/or equipping of certain public charter school facilities (as further defined herein, the "MSA-5 Facility"); (ii) fund a portion of a debt service reserve account; and (iii) pay the costs of issuance of the Bonds. See "ESTIMATED SOURCES AND USES OF FUNDS" and "THE PROJECT" herein. An additional deposit to a debt service reserve account for the Bonds in an amount of $_____* is expected to be funded by proceeds of a grant pursuant to the Authority's Charter School Facilities Credit Enhancement Program. The combined deposits to the debt service reserve account will be equal to the maximum annual debt service on the Bonds.* In connection with the issuance of the Bonds, Magnolia Educational & Research Foundation ("MERF" or the "Lessee"), a California nonprofit public benefit corporation and an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986 (the "Code"), will enter into a Loan Agreement, dated as of March 1, 2026 (the "Series 2026 School Loan Agreement"), pursuant to which proceeds of the Bonds will be loaned to MERF for purposes of the Project (as defined herein).

The Bonds are limited obligations of the Authority payable from Payments received under the Bond Indenture (including amounts payable under the Series 2026 Leases) and other amounts held in the funds established by the Bond Indenture (except the Rebate Fund) and payments to be made pursuant to Obligation No. 2. The obligations of the Borrower under the Loan Agreement are payable from the Gross Revenues (as defined herein) of the Obligated Group, or from any other legally available funds of the Borrower, required to be deposited with the Trustee pursuant to the Loan Agreement.

Interest on the Bonds will be payable semiannually on each January 1 and July 1, commencing July 1, 2026. The Bonds are being issued as fully registered bonds and initially will be registered in the name of Cede & Co., as nominee for The Depository Trust Company ("DTC"). DTC will act as securities depository for the Bonds. Purchases of beneficial interests in the Bonds will be made in book-entry-only form (without physical certificates) in initial minimum denominations of $25,000 and any integral multiple of $5,000 in excess thereof. For so long as DTC or its nominee, Cede & Co., is the registered owner of the Bonds, (i) payments of the principal of and premium, if any, and interest on such Bonds will be made directly to Cede & Co. for payment to DTC participants for subsequent disbursement to the beneficial owners, and (ii) all notices, including any notice of redemption will be mailed only to Cede & Co. See "APPENDIX G – BOOK-ENTRY SYSTEM" herein.

The Bonds are subject to optional, mandatory and extraordinary redemption prior to maturity as described under "THE BONDS – Redemption" herein.

THE PURCHASE AND HOLDING OF THE BONDS INVOLVE RISKS THAT MAY NOT BE APPROPRIATE FOR CERTAIN INVESTORS. THE BONDS ARE TO BE OFFERED AND SOLD (INCLUDING IN SECONDARY MARKET TRANSACTIONS) ONLY TO "QUALIFIED INSTITUTIONAL BUYERS" OR "ACCREDITED INVESTORS" (EACH AS DEFINED HEREIN). See "NOTICE TO INVESTORS" and "TRANSFER RESTRICTIONS" herein.

THE BONDS ARE NOT AND SHALL NOT BE DEEMED TO CONSTITUTE A DEBT OR LIABILITY OF THE STATE OF CALIFORNIA (THE "STATE") OR OF ANY POLITICAL SUBDIVISION THEREOF, OTHER THAN THE AUTHORITY, AND ARE NOT AND SHALL NOT BE DEEMED TO BE A PLEDGE OF THE FAITH AND CREDIT OF THE STATE, OR OF ANY POLITICAL SUBDIVISION THEREOF, BUT SHALL BE PAYABLE SOLELY FROM THE FUNDS PROVIDED THEREFOR UNDER THE BOND INDENTURE. NEITHER THE STATE NOR THE AUTHORITY SHALL BE OBLIGATED TO PAY THE PRINCIPAL OF THE BONDS, OR THE REDEMPTION PREMIUM, IF ANY, OR INTEREST THEREON, EXCEPT FROM THE FUNDS PROVIDED THEREFOR UNDER THE BOND INDENTURE. THE ISSUANCE OF THE BONDS SHALL NOT DIRECTLY, INDIRECTLY OR CONTINGENTLY OBLIGATE THE STATE OR ANY POLITICAL SUBDIVISION THEREOF TO LEVY OR TO PLEDGE ANY FORM OF TAXATION OR TO MAKE ANY APPROPRIATION FOR THEIR PAYMENT. THE AUTHORITY HAS NO TAXING POWER. NOTHING IN THE BOND INDENTURE, THE ACT OR OTHERWISE IS AN UNDERTAKING BY THE AUTHORITY OR THE STATE OR ANY POLITICAL SUBDIVISION THEREOF TO FUND THE TRANSFERS DESCRIBED IN THE INTERCEPT NOTICES (DEFINED HEREIN) OR TO MAKE FUNDS AVAILABLE TO THE SERIES 2026 SCHOOLS IN ANY AMOUNT OR AT ANY TIME.

The Authority furnished only the information contained under the captions "THE AUTHORITY" and "ABSENCE OF MATERIAL LITIGATION – The Authority." The Authority also confirmed the data in the table under the caption "STATE FUNDING OF EDUCATION – Allocation of State Funding to Charter Schools – Charter School Facility Grant Program Funding" and, except for such information, makes no representation as to the adequacy, completeness or accuracy of this Limited Offering Memorandum or the information contained herein. None of the Authority, the State or any of their respective independent contractors have furnished, reviewed, investigated or verified any other information contained in this Limited Offering Memorandum. The Authority does not, and will not in the future, monitor the financial condition of the Borrower or the Lessee.

The Bonds are offered when, as and if issued by the Authority and received by the Underwriter, subject to prior sale, modification or withdrawal of the offer without notice, and subject to the approval of legality by Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the Authority, the approval of certain matters for the Authority by the Honorable Rob Bonta, Attorney General of the State of California, the approval of certain matters for the Underwriter by Stradling Yocca Carlson & Rauth, a Professional Corporation, as Underwriter's Counsel and the approval of certain matters for the Borrower and relating to the Series 2026 Schools by Musick, Peeler & Garrett LLP, Los Angeles, California. It is expected that the Bonds in definitive form will be available for delivery through the facilities of The Depository Trust Company in New York, New York, on or about March __, 2026.*

This Limited Offering Memorandum does not constitute an offer to sell the Bonds or the solicitation of an offer to buy, nor shall there be any sale of the Bonds by any person in any state or other jurisdiction to any person to whom it is unlawful to make such offer, solicitation or sale in such state or jurisdiction. No dealer, salesperson or any other person has been authorized to give any information or to make any representation other than those contained herein in connection with the offering of the Bonds, and, if given or made, such information or representation must not be relied upon.

The Authority furnished only the information contained under the captions "THE AUTHORITY" and "ABSENCE OF MATERIAL LITIGATION – The Authority." The Authority also confirmed the data in the table under the caption "STATE FUNDING OF EDUCATION – Allocation of State Funding to Charter Schools – Charter School Facility Grant Program Funding" and, except for such information, makes no representation as to the adequacy, completeness or accuracy of this Limited Offering Memorandum or the information contained herein. None of the Authority, the State or any of their respective independent contractors have furnished, reviewed, investigated or verified any other information contained in this Limited Offering Memorandum. The Authority does not, and will not in the future, monitor the financial condition of the Borrower or the Lessee.

The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Limited Offering Memorandum, nor any sale made hereunder, shall under any circumstances create any implication that there has been no change in the affairs of the Authority, The Depository Trust Company or the Borrower since the date hereof.

Investors must read this entire Limited Offering Memorandum to obtain information essential to the making of an informed investment decision, and should give particular attention to the material under the caption "CERTAIN RISK FACTORS." No one factor should be considered more or less important than any other by reason of its position in this Limited Offering Memorandum. Where statutes, ordinances, reports or other documents are referred to in this Limited Offering Memorandum, reference should be made to those documents for more complete information regarding their subject matter.

The Underwriter has provided the following sentence for inclusion in this Limited Offering Memorandum. The Underwriter has reviewed the information in this Limited Offering Memorandum in accordance with, and as part of, its responsibilities to investors under the federal securities laws as applied to the facts and circumstances of these transactions, but the Underwriter does not guarantee the accuracy or completeness of this information.

IN CONNECTION WITH THE OFFERING OF THE BONDS, THE UNDERWRITER MAY OVER-ALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICE OF THE BONDS OFFERED HEREBY AT LEVELS ABOVE THOSE WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

CAUTIONARY STATEMENTS REGARDING FORWARD-LOOKING STATEMENTS IN THIS LIMITED OFFERING MEMORANDUM

Certain statements included or incorporated by reference in this Limited Offering Memorandum constitute "forward-looking statements." Such statements generally are identifiable by the terminology used such as "plan," "expect," "estimate," "budget" or other similar words. Such forward-looking statements include but are not limited to certain statements contained in the information under the headings "CERTAIN RISK FACTORS," "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" in this Limited Offering Memorandum. The achievement of certain results or other expectations contained in such forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements described to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Neither the Borrower nor MERF plans to issue any updates or revisions to those forward-looking statements if or when its expectations or events, conditions or circumstances on which such statements are based occur.

NOTICE TO INVESTORS

The Bonds are to be offered and sold (including in secondary market transactions) only to Qualified Institutional Buyers or Accredited Investors (each as defined herein). The Bond Indenture under which the Bonds will be issued contains provisions limiting transfers of the Bonds and beneficial ownership interests in the Bonds only to Qualified Institutional Buyers or Accredited Investors. In addition, the face of each Bond will contain a legend indicating that it is subject to transfer restrictions as set forth in the Bond Indenture.

Each purchaser of any Bond or ownership interest therein will be deemed to have acknowledged, represented, warranted, and agreed with and to the Authority, the Borrower, the Underwriter and the Trustee as follows:

1. That the Bonds are payable solely from certain revenues derived by the Authority under the Loan Agreement from amounts received by the Trustee pursuant to the Intercepts (as defined herein), and from certain funds and accounts established and maintained pursuant to the Bond Indenture;

2. That it is a Qualified Institutional Buyer or an Accredited Investor and that it is purchasing the Bonds for its own account and not with a view to, or for offer or sale in connection with any distribution thereof in violation of the Securities Act of 1933, as amended (the "Securities Act") or other applicable securities laws;

3. That the Bonds (a) have not been registered under the Securities Act and are not registered or otherwise qualified for sale under the "blue sky" laws and regulations of any state, (b) will not be listed on any stock or other securities exchange, and (c) may not be readily marketable;

4. That none of the Authority or any of its Board members, officers or employees takes any responsibility for, and the purchaser is not relying upon any such parties with respect to the information appearing anywhere in this Limited Offering Memorandum, other than the information under the headings "THE AUTHORITY," and "ABSENCE OF MATERIAL LITIGATION – The Authority" (collectively, the "Authority's Portion" of the Limited Offering Memorandum) and that none of such parties have participated in the preparation of this Limited Offering Memorandum;

5. That the Bonds and beneficial ownership interests therein may only be transferred to Qualified Institutional Buyers or Accredited Investors; and

6. That the Authority, the Borrower, MERF, the Trustee, the Underwriter and others will rely upon the truth and accuracy of the foregoing acknowledgments, representations and agreements.

Subsequent transferees of the Bonds are limited only to "Qualified Institutional Buyers" or "Accredited Investors." Each subsequent transferee of the Bonds will be deemed to have represented and warranted that it (i) is a Qualified Institutional Buyer or Accredited Investor, as applicable, and (ii) is acquiring such Bond for its own account or for the account of Qualified Institutional Buyer or an Accredited Investor, as the case may be, and not with a view to the further distribution thereof, though it may expressly reserve the right to re-sell such Bond.

See "TRANSFER RESTRICTIONS" herein.

INTRODUCTION

General

This Limited Offering Memorandum, including the cover page, the inside cover page, and Appendices hereto (the "Limited Offering Memorandum"), is provided to furnish information with respect to the sale and delivery of the California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026A, in the aggregate principal amount of $_____* (the "Series 2026A Bonds" or the "Tax-Exempt Bonds") and the California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026B (Taxable), in the aggregate principal amount of $_____[4] (the "Series 2026B Bonds" or the "Taxable Bonds" and, together with the Series 2026A Bonds, the "Bonds") issued by the California School Finance Authority (the "Authority").

Background

Magnolia Educational & Research Foundation ("MERF") is a California nonprofit public benefit corporation and an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986 (the "Code"). MERF holds the charters for ten public charter schools in southern California. Proceeds of the Bonds will be used to finance a portion of the costs of certain charter school facilities for the use of Magnolia Science Academy 5, a public charter school operated by MERF.

The Bonds

The Bonds will be issued pursuant to Chapter 18 (commencing with Section 17170) of Part 10 of Division 1 of Title 1 of the Education Code of the State of California (the "Act") and a Bond Indenture, dated as of March 1, 2026 (the "Bond Indenture"), by and between the Authority and UMB Bank, National Association, as trustee (the "Trustee"). Interest on the Bonds will be payable on January 1 and July 1 of each year, commencing July 1, 2026 (each such date, an "Interest Payment Date"). The Bonds will be subject to optional, mandatory and extraordinary redemption prior to maturity as described under the heading "THE BONDS – Redemption" herein. The proceeds of the Bonds will be loaned to Magnolia Properties Management, Inc., a California nonprofit public benefit corporation (the "Borrower"), pursuant to a Loan Agreement, dated as of March 1, 2026 (the "Loan Agreement"), by and between the Authority and the Borrower and accepted and acknowledged by MPM Santa Ana LLC ("MPM Santa Ana").

The Borrower was formed as a supporting organization for MERF, and the members of the Borrower's board of directors are appointed by the directors of MERF. Each of MPM Sherman Way, MPM San Diego and MPM Santa Ana is a California limited liability company, the sole member of which is the Borrower. For information regarding the MERF and the Borrower generally, see "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto.

The Bonds and the interest thereon are payable solely out of certain revenues and income received by the Authority or the Trustee pursuant to the Loan Agreement and Obligation No. 2 relating to the Bonds ("Obligation No. 2") issued by the Borrower in an amount equal to the aggregate principal amount of the Bonds pursuant to a Master Indenture of Trust, dated as of April 1, 2025 (the "Master Indenture"), as

SWDocID

supplemented by a Supplemental Master Indenture for Obligation No. 1, dated as of April 1, 2025 (the "First Supplemental Master Indenture"), and a Supplemental Master Indenture for Obligation No. 2, dated as of March 1, 2026 (the "Second Supplemental Master Indenture"), each by and between the Borrower, as representative of the Obligated Group, UMB Bank, National Association, as master trustee thereunder (the "Master Trustee"). The Members of the Obligated Group (each, a "Member") are MPM Sherman Way, MPM San Diego and MPM Santa Ana. See "THE BONDS" herein.

The facilities financed or refinanced with proceeds of the Bonds will be used by Magnolia Educational & Research Foundation ("MERF" or the "Lessee"), a California nonprofit public benefit corporation and an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986 (the "Code") for the operation of public charter schools. MERF will make payments to or at the direction of MPM Santa Ana pursuant to the Series 2026 School Loan Agreement (each as defined herein). For information regarding MERF generally, see "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto. For information regarding the facilities to be refinanced with proceeds of the Bonds, see "THE PROJECT" herein.

The Bonds will be issued in initial minimum denominations of $25,000 and any integral multiple of $5,000 in excess thereof, in fully registered form only and, when issued, will be registered in the name of Cede & Co., as nominee of The Depository Trust Company ("DTC"). Beneficial ownership interests in the Bonds are to be sold (including secondary market transactions) only to Qualified Institutional Buyers or Accredited Investors. Pursuant to the Bond Indenture, "Qualified Institutional Buyer" means a "qualified institutional buyer" as defined in Rule 144A promulgated under the Securities Act. Pursuant to the Bond Indenture, Accredited Investor means an "accredited investor" as defined in Regulation D promulgated under the Securities Act. The Bond Indenture and the Bonds contain provisions limiting transfers of the Bonds and beneficial ownership interests in the Bonds to Qualified Institutional Buyers or Accredited Investors. The face of each Bond will contain a legend indicating that such Bond is subject to the transfer restrictions set forth in the Bond Indenture. See "TRANSFER RESTRICTIONS" and "CERTAIN RISK FACTORS – Purchases and Transfers of Bonds Restricted to Qualified Institutional Buyers and Accredited Investors" herein.

Authority for Issuance

The Bonds will be issued by the Authority pursuant to the Act, a resolution of the Authority, and the Bond Indenture. See "THE AUTHORITY."

Use of Proceeds

The proceeds of the Bonds will be used to (i) finance and/or refinance a portion of the costs of the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and/or equipping of certain public charter school facilities located or to be located at 7111 Winnetka Avenue, in Winnetka, California 91306 (the "MSA-5 Facility"); (ii) fund a portion of a debt service reserve account; and (iii) pay the costs of issuance of the Bonds. An additional deposit in an amount of $_____[5] to the debt service reserve account for the Bonds is expected to be funded by proceeds of a grant pursuant to the Authority's Charter School Facilities Credit Enhancement Program. The combined deposits to the debt service reserve account will be equal to the maximum annual debt service on the Bonds.* See "ESTIMATED SOURCES AND USES OF FUNDS," "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Bond Indenture – Revenue Fund – Reserve Account" and "THE PROJECT" herein. A portion of the costs of the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and/or equipping of the MSA-5 Facility is being financed through grants and loans obtained through the State's Charter School Facilities Program, and through proceeds of the Authority's Charter Schol Grant Anticipation Notes (Magnolia Public Schools) Series 2025. See "INTRODUCTION – Grant Anticipation Note Financing."

[5] Preliminary, subject to change.

SWDocID

The MSA-5 Facility is to be used by MERF for the operation of MSA-5.

Security for the Bonds

The Bonds and the interest thereon are payable solely out of certain revenues and income received by the Authority or the Trustee pursuant to the Loan Agreement, the Intercepts (as defined below), and Obligation No. 2 issued by the Borrower in an amount equal to the aggregate principal amount of the Bonds pursuant to the Master Indenture, as supplemented by the Second Supplemental Master Indenture, each by and between the Borrower, as representative of the Obligated Group, the Members and the Master Trustee.

Pursuant to and to the extent described in the Bond Indenture, the Authority assigns to the Trustee certain of the Authority's rights under the Loan Agreement, including the right to receive payments thereunder, but excluding any deposits to the Rebate Fund. Pursuant to the Loan Agreement, the Borrower certifies that it will instruct or cause the Members to cause MERF (i) to make payments of Rent under the applicable Series 2025 Leases directly to the Master Trustee for deposit in the Gross Revenue Fund, except to the extent the applicable Rent is paid through the Intercepts (as defined herein), and (ii) to make loan repayments under the MSA-SA Loan Agreement directly to the Master Trustee for deposit in the Gross Revenue Fund, except to the extent the applicable loan repayments are paid through an Intercept.

Payment of management fees to third parties by MERF will be subordinated to the obligation to pay (i) Rent under the Series 2025 Leases and (ii) loan repayments under the MSA-SA Loan Agreement. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS" and "THE LEASES AND SCHOOL LOAN AGREEMENTS – Payment of Rent Under Series 2025 Leases" herein. In addition, pursuant to the Mortgage (as defined herein), MPM Sherman Way grants to the Master Trustee a first priority lien on its fee interest on the MSA-1 Facilities. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS" herein. Pursuant to a Security Agreement by and between MPM San Diego and the Master Trustee, MPM San Diego will grant the Master Trustee a security interest in the modular buildings that constitute the MSA-SD Facilities and in its interest in the MSA-SD Lease. Pursuant to a Security Agreement by and between MPM Santa Ana and the Master Trustee, MPM Santa Ana will grant the Master Trustee a security interest in its interest in the Series 2025 School Loan Agreement.

Parity Obligations; Prior Bonds. Obligation No. 2 is payable on parity with Obligation No. 1 previously issued pursuant to the Master Indenture in the aggregate principal amount of $_____ issued pursuant to the Master Indenture, as supplemented by the First Supplemental Master Indenture. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – The Master Indenture – Joint and Several Obligations of the Obligated Group but not MERF" and "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – The Master Indenture – Cross-Collateralization; Extraordinary Monthly Rent."

Obligation No. 1 was issued in connection with the California School Finance Authority Charter School Revenue Refunding Bonds (Magnolia Public Schools – Obligated Group) Series 2025A and Series 2025B (Taxable) (collectively, the "Prior Bonds"), of which an aggregate principal amount of $_____ is currently outstanding, issued by the Authority pursuant to an Indenture, dated as of April 1, 2025 (the "Series 2025 Indenture"), by and between the Authority and UMB Bank, National Association, as trustee thereunder. Proceeds of the Prior Bonds were loaned to the Borrower pursuant to a Loan Agreement, dated as of April 1, 2025 (the "Series 2025 Loan Agreement"), by and between the Authority and the Borrower, and acknowledged by MPM Sherman Way, MPM San Diego and MPM Santa Ana.

A portion of the proceeds of the Prior Bonds were used to (i) finance and/or refinance a portion of the costs of the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and/or equipping of certain public charter school facilities (a) located at 18220, 18224, and 18238 Sherman Way in Reseda, California 91335 (the "MSA-1 Main Campus"), (b) located at 6525 Estrella Avenue, San Diego, California 92120 (the "MSA-SD Facilities"), (c) located at 2840 West 1st Street, Santa Ana, California 92703 (the "MSA-SA Facilities"), and (d) located at 18242-18244 Sherman Way, Reseda, California 91335 (the

SWDocID

"MSA-1 Gym" and, together with the MSA-1 Main Campus, the "MSA-1 Facilities"); (ii) refinance all or a portion of a loan issued in connection with the MSA-1 Gym.

MPM Sherman Way leases the MSA-1 Facilities to MERF pursuant to a Lease Agreement, dated April 1, 2025 (the "MSA-1 Facilities Lease"). MPM San Diego leases the MSA-SD Facilities to MERF pursuant to a Lease Agreement, dated April 1, 2025 (the "MSA-SD Facilities Lease" and, collectively with the MSA-1 Facilities Lease, the "Series 2025 Leases"). MPM Santa Ana has loaned certain proceeds of the Bonds to MERF pursuant to a Loan Agreement, dated April 1, 2025 (the "Series 2025 School Loan Agreement" and, together with the Series 2026 School Loan Agreement, the "School Loan Agreements").

The MSA-1 Facilities are used by MERF for the operation of Magnolia Science Academy 1 ("MSA-1"). The MSA-SD Facilities are used by MERF for the operation of Magnolia Science Academy – San Diego ("MSA-SD"). The MSA-SA Facilities are used by MERF for the operation of Magnolia Science Academy – Santa Ana ("MSA-SA" and, together with MSA-1 MSA-SD and MSA-5, the "Series 2026 Schools").

The MSA-1 Facilities, the MSA-SD Facilities, and the MSA-SA Facilities are referred to herein as the "Prior Facilities" and, together with the MSA-5 Facility, the "Facilities."

State Intercept Program. As additional security for the Bonds, in connection with the issuance of the Bonds, MERF will provide instructions to the State Controller's Office (the "State Controller") to make apportionments (an "Intercept") to the Trustee with respect to MSA-5, in amounts and on dates provided in a written notice (the "Intercept Notice") which amounts are expected to be sufficient in the aggregate to repay the Bonds and pay necessary and incidental costs. Funds received by the Trustee pursuant to the Intercept will be held in trust and will be disbursed, allocated and applied solely for the uses and purposes set forth in the Bond Indenture, including if necessary, the payment of debt service on the Bonds. Under the laws of the State of California (the "State"), no party, including MERF, the Borrower or any of their respective creditors will have any claim to the money apportioned or to be apportioned to the Trustee by the State Controller pursuant to the Intercepts. Similar Intercepts with respect to each of MSA-1, MSA-SD, and MSA-SA were made in connection with the Prior Bonds. However, the Intercepts relating to MSA-5, MSA-SD and MSA-SA are effectively subordinate to similar intercepts previously implemented and related to the State's Charter School Facilities Program. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS," "CERTAIN RISK FACTORS – Charter School Facilities Program Intercepts" herein See also "CERTAIN RISK FACTORS – Bankruptcy" herein.

Limited Obligations. The Bonds are limited obligations of the Authority. The Authority is not obligated to advance any moneys derived from any source other than Payments (as defined below) and other assets pledged under the Bond Indenture, whether for the payment of the principal or redemption price of or interest on the Bonds. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS."

For information regarding the Borrower, see APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP attached hereto.

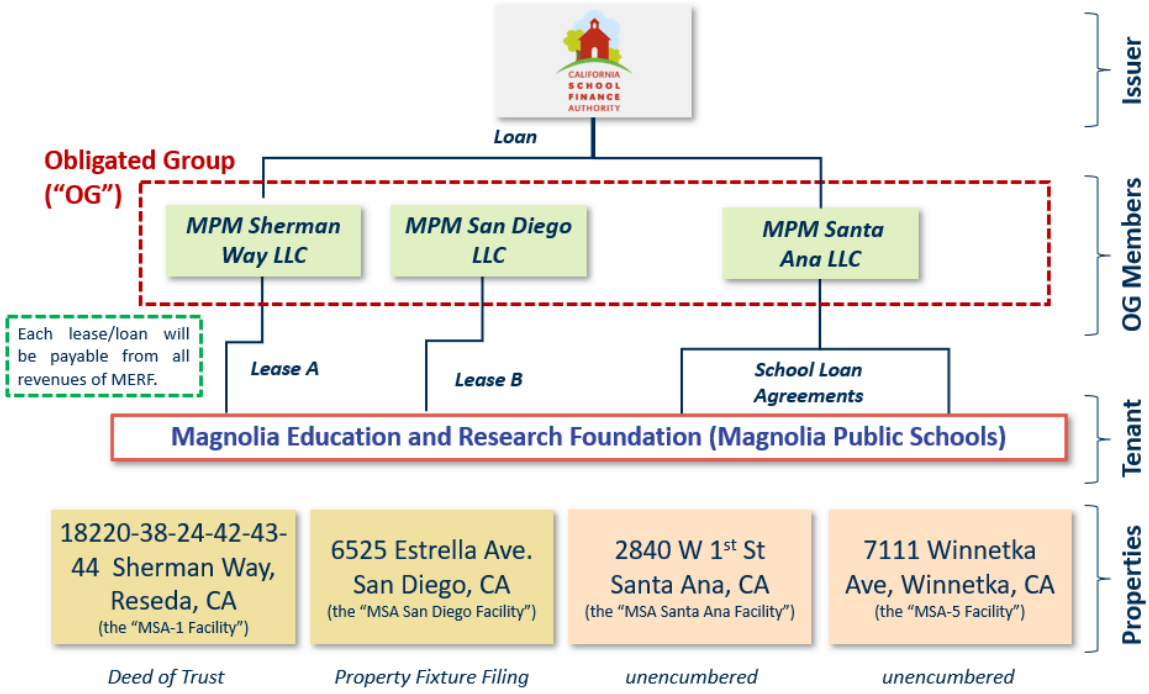
Obligated Group and Related Parties. As noted above, the Borrower was formed as a support organization for MERF. The Borrower is the sole member of each Member of the Obligated Group, and it is the Representative of the Obligated Group, but the Borrower is not itself a Member of the Obligated Group. As of the date of issuance of the Bonds, the only Members of the Obligated Group are MPM Sherman Way, MPM San Diego, and MPM Santa Ana.

The consolidated audited financial statements of MERF and its affiliates for the Fiscal Year ended June 30, 2025, are attached hereto as Appendix B, and they reflect the operations and finances of MERF, the

SWDocID

Borrower, and their respective affiliates, including the Members of the Obligated Group, on a consolidated basis.

The following diagram indicates the relationships between the Authority, the Members of the Obligated Group, MERF and the Facilities.



The following table provides an overview of the Series 2026 Schools, the location of the Facilities occupied or to be occupied by each Series 2026 School, and the related Members of the Obligated Group.

(1) The MSA-5 Facility will be owned by MERF and largely financed with State funding received under the Charter School Facilities Program. The MSA-5 Facility does not secure MPM Santa Ana's obligations under the Master Indenture and the Obligations issued pursuant thereto. See "CERTAIN RISK FACTORS – No Fee Interest in Certain Facilities."

(2) The MSA-SA Facilities are owned by MERF and were financed with State funding received under the Charter School Facilities Program. The MSA-SA Facilities do not secure MPM Santa Ana's obligations under the Master Indenture and the Obligations issued pursuant thereto. See "CERTAIN RISK FACTORS – No Fee Interest in Certain Facilities."

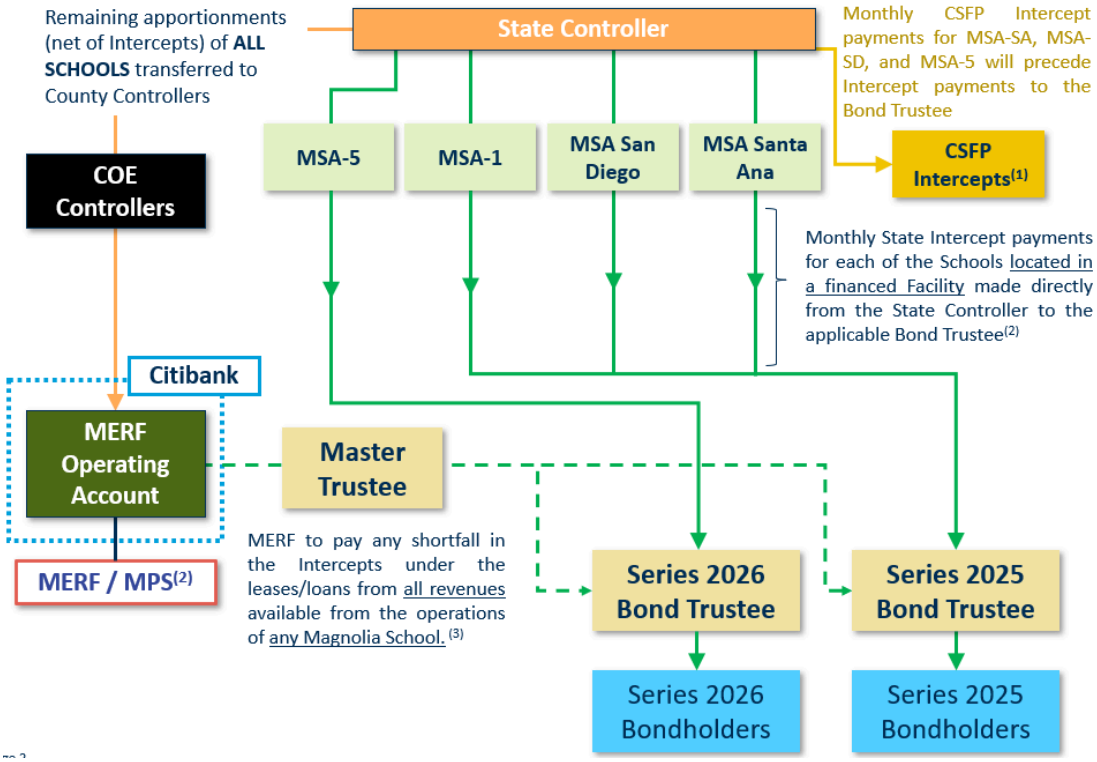
SWDocID

BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP attached hereto for more information on the Schools.

Flow of Funds

The following figure summarizes the sources of payment of Rent and loan repayments, respectively, under the Series 2025 Leases and the School Loan Agreements, and the sources of payment of Loan Repayments due under the Loan Agreement and the Series 2025 Loan Agreement, each representing the source of payment of debt service on the Bonds.

FLOW OF FUNDS



(1) Intercepts for repayment to the State of funding received under the Charter School Facilities Program have been established for both MSA-SA and MSA-SD and will be established for MSA-5. See "CERTAIN RISK FACTORS – Charter School Facilities Program Intercepts" herein.

(2) MERF holds the charters for each of the Series 2026 Schools and serves as the tenant under each Series 2025 Lease and the borrower under each School Loan Agreement. Rent under each Series 2025 Lease, and loan repayments under the School Loan Agreements, are payable from the revenues of MERF, generally. See "THE LEASES AND SCHOOL LOAN AGREEMENTS" herein.

(3) To the extent amounts received by the Trustee pursuant to the Intercepts are insufficient to satisfy MERF's scheduled obligations under (a) the Series 2025 Leases and the Series 2025 School Loan Agreement (which will cover debt service on the Prior Bonds), or (b) the Series 2026 School Loan Agreement (which will cover debt service on the Bonds), MERF will pay any shortfall from all revenues available from the operations of any Magnolia School.

(4) See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – The Master Indenture" and "THE LEASES AND SCHOOL LOAN AGREEMENTS" herein.

Facilities

The following table summarizes the Facilities. Note that the fee interest of MPM Sherman Way in the MSA-1 Facilities secures its obligations under the Master Indenture pursuant to a mortgage executed and delivered in connection with the Prior Bonds, while the obligations of MPM San Diego and MPM Santa Ana

SWDocID

under the Master Indenture are also secured by security agreements executed and delivered in connection with the Prior Bonds. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Mortgages and Security Agreements."

Grant Anticipation Note Financing

On April 17, 2025, the Authority issued its Charter School Grant Anticipation Notes (Magnolia Public Schools) Series 2025 (the "Grant Anticipation Notes"), in the principal amount of $29,500,000 pursuant to that certain Indenture, dated as of April 1, 2025 (the "Note Indenture"), by and between the Authority and UMB Bank, National Association, as trustee (the "Notes Trustee"). The proceeds of the sale of the Grant Anticipation Notes were loaned to the Borrower pursuant to that certain Loan Agreement, dated as of April 1, 2025 (the "Note Loan Agreement"), by and between the Authority and the Borrower, and such proceeds were loaned by the Borrower to MERF pursuant to a loan agreement, dated as of April 1, 2025 (the "Grant Anticipation Note Loan Agreement", in order to finance a portion of the costs of construction of the MSA-5 Facility.

The State Allocation Board has approved a preliminary apportionment for MERF in the amount of $50,832,322 from the State's Charter School Facility Program, for the purpose of financing a portion of the acquisition and construction of the MSA-5 Facility. To date, MERF has received the amount of $13,832,733 in the form of an advance apportionment. Upon satisfaction of the applicable requirements of the Charter School Facility Program, the Lessee expects to receive the remaining amount of the preliminary apportionment, in the amount of $36,999,589 (the "CSFP Award"). Of the total $50,832,322 to be received in respect of the Project, 50% will be in the form of a grant, and the remaining 50% will be in the form of a loan to be repaid to the State over a period of thirty years through the State Intercept Program. See "CERTAIN RISK FACTORS – Charter School Facilities Program Intercepts" and " – Additional Indebtedness and Additional School Indebtedness" herein.

The Grant Anticipation Notes and the interest thereon are payable solely out of certain revenues and income received by the Authority or the trustee for such Grant Anticipation Notes pursuant to the Note Loan Agreement. The Borrower's obligations under the Note Loan Agreement are payable only from certain

SWDocID

revenues it receives from MERF under the Grant Anticipation Note Loan Agreement, which consist solely of the CSFP Award. The CSFP Award is not a source of revenue for payment of the Bonds, the Borrower's obligations under the Loan Agreement, nor for the obligations of the Members under the Master Indenture or the Obligations issued pursuant thereto. See "APPENDIX E – CHARTER SCHOOL FACILITIES PROGRAM AND AWARD FUNDING."

Redemption

The Bonds will be subject to extraordinary optional redemption, optional redemption, extraordinary mandatory redemption, and mandatory sinking fund redemption as described below under "THE BONDS – Redemption" herein.

Certain Risk Factors

The Bonds may not be a suitable investment for all investors. Prospective purchasers of the Bonds should read this entire Limited Offering Memorandum, including the appendices and the information under the section "CERTAIN RISK FACTORS" before making an investment in the Bonds.

Limited Offering of Bonds

The Bonds are to be offered and sold (including in secondary market transactions) only to Qualified Institutional Buyers or Accredited Investors. The Bond Indenture under which the Bonds will be issued contains provisions limiting transfers of the Bonds and beneficial ownership interests in the Bonds only to Qualified Institutional Buyers or Accredited Investors. In addition, the face of each Bond will contain a legend indicating that it is subject to transfer restrictions as set forth in the Bond Indenture.

Each purchaser of any Bond or ownership interest therein will be deemed to have acknowledged, represented, warranted, and agreed with and to the Authority, the Borrower, the Underwriter and the Trustee as follows:

1. That the Bonds are payable solely from certain revenues derived by the Authority under the Loan Agreement from amounts received by the Trustee pursuant to the Intercepts, and from certain funds and accounts established and maintained pursuant to the Bond Indenture;

2. That it is a Qualified Institutional Buyer or an Accredited Investor and that it is purchasing the Bonds for its own account and not with a view to, or for offer or sale in connection with any distribution thereof in violation of the Securities Act or other applicable securities laws;

3. That the Bonds (a) have not been registered under the Securities Act and are not registered or otherwise qualified for sale under the "blue sky" laws and regulations of any state, (b) will not be listed on any stock or other securities exchange, and (c) may not be readily marketable;

4. That none of the Authority or any of its Board members, officers or employees takes any responsibility for, and the purchaser is not relying upon any such parties with respect to the information appearing anywhere in this Limited Offering Memorandum, other than the information under the headings "THE AUTHORITY," and "ABSENCE OF MATERIAL LITIGATION – The Authority," and that none of such parties have participated in the preparation of this Limited Offering Memorandum;

5. That the Bonds and beneficial ownership interests therein may only be transferred to Qualified Institutional Buyers or Accredited Investors; and

6. That the Authority, the Borrower, MERF, the Trustee, the Underwriter and others will rely upon the truth and accuracy of the foregoing acknowledgments, representations and agreements.

SWDocID

Subsequent transferees of the Bonds are limited only to "Qualified Institutional Buyers" or "Accredited Investors." Each subsequent transferee of the Bonds will be deemed to have represented and warranted that it (i) is a Qualified Institutional Buyer or Accredited Investor, as applicable, and (ii) is acquiring such Bond for its own account or for the account of Qualified Institutional Buyer or an Accredited Investor, as the case may be, and not with a view to the further distribution thereof, though it may expressly reserve the right to re-sell such Bond.

See "TRANSFER RESTRICTIONS" herein.

Miscellaneous

This Limited Offering Memorandum contains brief descriptions of, among other things, the Bonds, the Bond Indenture, the Loan Agreement, the Series 2025 Leases, the Master Indenture, the Second Supplemental Master Indenture, Obligation No. 2, the Borrower, the Members and the Schools. All references in this Limited Offering Memorandum to documents are qualified in their entirety by reference to such documents, and references to the Bonds are qualified in their entirety by reference to the form of the Bonds included in the Bond Indenture. MERF maintains a website and social media accounts providing additional information about itself and its operations. The information on such website and such social media accounts is not included as part of, or incorporated by any reference in, this Limited Offering Memorandum. Any capitalized terms in this Limited Offering Memorandum that are not defined herein will have such meaning as given to them in the Bond Indenture.

THE AUTHORITY

The Authority is a public instrumentality of the State of California created pursuant to provisions of the Act. The Authority is authorized to issue the Bonds under the Act and to make the loan contemplated by the Loan Agreement and to secure the Bonds by a pledge of the Payments and certain other funds and accounts as provided in the Bond Indenture.

THE BONDS

The following is a summary of certain provisions of the Bonds. Reference is made to the Bonds for the complete text thereof and to the Bond Indenture for all of the provisions relating to the Bonds. The discussion herein is qualified by such reference.

General

The Bonds are being issued pursuant to the Bond Indenture in the aggregate principal amount set forth on the cover of this Limited Offering Memorandum. The Bonds will initially be delivered as registered Bonds in minimum denominations of $25,000 and any integral multiple of $5,000 in excess thereof ("Authorized Denominations"), and will be transferable and exchangeable only as set forth in the Bond Indenture and as described herein. See "TRANSFER RESTRICTIONS" herein. The Bonds will be dated the date of issuance and will bear interest at the rates set forth on the inside cover page hereof from their dated date. Interest on the Bonds will be calculated on the basis of a 360-day year of twelve 30-day months and will be payable in arrears on each Interest Payment Date. The Bonds will mature in the amounts and in each of the years as set forth on the inside cover page hereof.

The Bonds, when issued, will be registered in the name of Cede & Co., as nominee of DTC, and will be evidenced by one Bond for each maturity of a series in the total aggregate principal amount of the Bonds of such maturity. Registered ownership of the Bonds, or any portion thereof, may not thereafter be transferred except as set forth in the Bond Indenture. So long as Cede & Co. is the registered owner of the Bonds, as nominee of DTC, references herein to the Bondholders, holders or registered owners will mean Cede & Co. as aforesaid and will not mean the "beneficial owners" of the Bonds.

SWDocID

The principal and redemption price of and interest on the Bonds will be payable in lawful money of the United States of America upon surrender at the principal corporate trust office of the Trustee. The interest on any Bond will be payable to the person whose name appears on the registration books of the Trustee as the registered owner thereof as of the close of business on the fifteenth day of the calendar month immediately preceding the Interest Payment Date (the "Record Date"), such interest to be paid by check mailed by first class mail, postage prepaid, on the Interest Payment Date, to the registered owner at his or her address as it appears on such registration books. Notwithstanding the foregoing, however, any Holder of $1,000,000 or more in an aggregate principal amount of the Bonds will be entitled to receive payments of interest on the Bonds held by it by wire transfer of immediately available funds to such bank or trust company located within the United States of America as such Holder will designate in writing to the Trustee by the applicable Record Date for such payment. So long as Cede & Co. is the registered owner of the Bonds, principal of and interest on the Bonds are payable in same day funds by the Trustee to Cede & Co., as nominee for DTC.

Any interest not punctually paid or duly provided for will thereafter cease to be payable to the Bondholder on such Record Date and will be paid to the person in whose name the Bond is registered at the close of business on the date established by the Trustee pursuant to the Bond Indenture as a record date for the payment of defaulted interest on the Bonds (the "Special Record Date"). The Special Record Date will be fixed by the Trustee, notice thereof being given to the Bondholders not less than 10 days prior to such Special Record Date.

Book-Entry Only System

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully registered securities without coupons in Authorized Denominations. The Bonds will be registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered Bond certificate will be issued for each maturity of a Series of Bonds set forth on the inside cover of this Limited Offering Memorandum, and will be deposited with DTC. For additional information regarding DTC and its book-entry only system, see "APPENDIX G – BOOK-ENTRY SYSTEM" herein.

Transfer of Bonds

Beneficial ownership interests in the Bonds may not be purchased by, or transferred to, any person except a Qualified Institutional Buyer or an Accredited Investor. The registration of any Bond may, in accordance with its terms, be transferred upon the books required to be kept by the Trustee, by the person in whose name it is registered, in person or by his or her duly authorized attorney, upon surrender of such Bond for cancellation, accompanied by delivery of a written instrument of transfer in a form acceptable to the Trustee, duly executed. The Trustee will require the Holder requesting such transfer to pay any tax or other governmental charge required to be paid with respect to such transfer, and there shall be no other charge to any Holder for any such transfer. The Trustee will not be required to register the transfer of any Bond which has been selected for redemption in whole or in part, from and after the day of mailing of a notice of redemption of such Bond selected for redemption in whole or in part as provided in the Bond Indenture or during the period established by the Trustee for selection of Bonds for redemption. The Bonds are subject to certain transfer restrictions under the Bond Indenture, as described herein under "TRANSFER RESTRICTIONS."

Exchange of Bonds

Bonds may be exchanged at the principal corporate trust office of the Trustee for a like series and aggregate principal amount of the Bonds of the same maturity of other Authorized Denominations. The Trustee will require the payment by the Holder requesting such exchange of any tax or other governmental charge required to be paid with respect to such exchange, and there will be no other charge to any Holder for any such exchange. No exchange of Bonds will be required to be made during the period established by the Trustee for selection of Bonds for redemption and after a Bond has been selected for redemption.

Redemption[6]

Optional Redemption. The Series 2025A Bonds maturing on or after July 1, 20__ are subject to redemption prior to their respective stated maturities, at the option of the Borrower, from any amounts in the Redemption Fund, in whole or in part on any date on or after July 1, 20__, at a redemption price equal to 100% of the principal amount of Series 2025A Bonds called for redemption, plus accrued interest to the date fixed for redemption, without premium. The Series 2025B Bonds are not subject to optional redemption prior to their respective stated maturities.

Extraordinary Optional Redemption from Insurance and Condemnation Proceeds. The Bonds are subject to redemption prior to their stated maturity, at the option of the Borrower, in whole or in part, on any date from moneys required to be transferred from the Insurance and Condemnation Proceeds Fund to the Special Redemption Account at a redemption price equal to the principal amount thereof, together with interest accrued thereon to the date fixed for redemption, plus an amount equal to the unamortized portion of the net original issue premium thereon interpolated on a straight-line basis.

Extraordinary Optional Redemption Relating to Revocation or Non-Renewal of School Charter. The Bonds are subject to redemption in part prior to their stated maturity, on any date, at the option of the Borrower, in the event the charter of any Series 2025 School is revoked or not renewed by its authorizer and such Series 2025 School has no further appeal rights, at a redemption price equal to the principal amount thereof together with interest accrued thereon to the date fixed for redemption, plus an amount equal to the unamortized portion of the net original issue premium thereon interpolated on a straight-line basis.

Extraordinary Mandatory Redemption Due to Prohibited Use. The Bonds are subject to redemption prior to their stated maturity, as a whole or in part, on any date from Loan prepayments made by the Borrower in the event the Project is used or operated in any manner that violates the provisions of the Act, at a redemption price equal to the principal amount thereof together with interest accrued thereon to the date fixed for redemption, plus an amount equal to the unamortized portion of the net original issue premium thereon interpolated on a straight-line basis, on the earliest date for which notice of redemption can reasonably be given in accordance with the Bond Indenture.

Mandatory Sinking Fund Redemption. The Bonds are subject to redemption prior to their respective stated maturities in part, by lot, from Mandatory Sinking Account Payments pursuant to the Bond Indenture. Subject to the terms and conditions set forth in the Bond Indenture, the Term Bonds will be redeemed (or paid at maturity, as the case may be) by application of Mandatory Sinking Account Payments in the following amounts and on the following dates:

Notice of Redemption. In connection with the redemption of Bonds (other than mandatory sinking fund redemption) the Borrower will give notice of redemption to the Trustee (with a copy to the Authority) not less than 35 days prior to the redemption date (or such shorter notice as the Trustee may approve). Notice of redemption of any Bonds will be given by the Trustee upon such written request of the Borrower. Notice of any redemption of Bonds will be mailed postage prepaid, by the Trustee not less than 30 nor more than 60 days prior to the redemption date by first class mail to the respective Holders thereof at the addresses appearing on the Bond registration books described in the Bond Indenture. Each notice of redemption will contain all of the following information: (a) the date of such notice; (b) the name of the Bonds and the date of issue of the Bonds; (c) the redemption date; (d) the redemption price; (e) the dates of maturity of the Bonds to be redeemed; (f) if less than all of the Bonds of any maturity are to be redeemed, the distinctive numbers of the Bonds of each maturity to be redeemed; (g) in the case of Bonds redeemed in part only, the respective portions

of the principal amount of the Bonds of each maturity to be redeemed; (h) the CUSIP number, if any, of each maturity of Bonds to be redeemed; (i) a statement that such Bonds must be surrendered by the Holders at the principal corporate trust office of the Trustee, or at such other place or places designated by the Trustee; (j) a statement that such redemption is conditioned upon the receipt by the Trustee, on or prior to the redemption date, of moneys sufficient to pay the redemption price or upon the happening of such other event as shall be specified therein, and if such moneys are not so received said notice will be rescinded and the redemption will be cancelled; (k) a statement that any such redemption notice can be rescinded as provided in the Bond Indenture; and (l) notice that further interest on such Bonds, if any, will not accrue from and after the designated redemption date.

Such redemption notices may state that no representation is made as to the accuracy or correctness of the CUSIP numbers provided therein or on the Bonds. If money is not received or if such other event has occurred or failed to occur (as the case may be) as described in clause (j) above, the Trustee, within a reasonable time after the date on which such redemption was to occur, is required to give notice to the persons and in the manner in which the notice of redemption was given, that such moneys were not so received and that there will be no redemption of the Bonds pursuant to the notice of redemption. Failure of the Trustee to give such notice of redemption or any defect therein will not in any way impair or affect the validity of the proceedings for redemption.

Effect of Notice. A certificate of the Trustee or the Borrower that notice of call and redemption has been given to Holders and as may be further required in the Continuing Disclosure Agreement as provided in the Bond Indenture will be conclusive as against all parties. The actual receipt by the Holder of any Bond or any other party of notice of redemption will not be a condition precedent to redemption, and failure to receive such notice, or any defect in the notice given, will not affect the validity of the proceedings for the redemption of such Bonds or the cessation of interest, if any, on the date fixed for redemption.

When notice of redemption has been given as provided for in the Bond Indenture, and when the redemption price of the Bonds called for redemption is on deposit or otherwise available to the Trustee, the Bonds designated for redemption will become due and payable on the specified redemption date and interest, if any, will cease to accrue thereon as of the redemption date, and upon presentation and surrender of such Bonds at the place specified in the notice of redemption, such Bonds will be redeemed and paid at the redemption price thereof out of the money provided therefor. The Holders of such Bonds so called for redemption after such redemption date will look for the payment of such Bonds and the redemption premium thereon, if any, only to the fund established for such purpose. All Bonds redeemed will be cancelled forthwith by the Trustee and will not be reissued.

Right to Rescind Notice. Upon written notice from the Borrower that the Borrower has cured the conditions that caused the Bonds to be subject to extraordinary redemption, the Borrower may rescind any extraordinary redemption and notice thereof on any date prior to the date fixed for redemption by causing the Trustee to send written notice of the rescission to the Holders of the Bonds so called for redemption. Notice of rescission of redemption is required to be given in the same manner in which notice of redemption was originally given. The actual receipt by the Holder of any Bond of notice of such rescission shall not be a condition precedent to rescission, and failure to receive such notice or any defect in such notice shall not affect the validity of the rescission.

Funds for Redemption. Prior to or on the redemption date of any Bonds there are required to be available in the Redemption Fund, or held in trust for such purpose as provided by law, monies for the purpose and sufficient to redeem, at the premiums payable as provided in the Bond Indenture, the Bonds designated in said notice of redemption. Such monies so set aside in the Redemption Fund or in the escrow fund established for such purpose are required to be applied on or after the redemption date solely for payment of principal of and premium, if any, on the Bonds to be redeemed upon presentation and surrender of such Bonds, provided that all monies in the Redemption Fund are required to be used for the purposes established and permitted by law. Any interest due on or prior to the redemption date is required to be paid from the Redemption Fund,

SWDocID

unless otherwise provided for to be paid from an escrow fund established for such purpose. If, after all of the Bonds have been redeemed and cancelled or paid and cancelled, there are monies remaining in the Redemption Fund or otherwise held in trust for the payment of redemption price of the Bonds, said monies are required to be held in or returned or transferred to the Redemption Fund for payment of any outstanding Bonds of the Borrower payable from said fund; provided, however, that if said monies are part of the proceeds of refunding Bonds of the Borrower, said monies are required to be transferred to the fund created for the payment of principal of and interest on such Bonds. If no such refunding Bonds of the Borrower are at such time outstanding, said monies are required to be transferred to the Borrower as provided and permitted by law.

Selection of Bonds for Redemption. When any redemption is made pursuant to any of the provisions of the Bond Indenture and less than all of the Outstanding Bonds are to be redeemed, the Trustee shall select the Bonds to be redeemed from the Outstanding Bonds not previously called for redemption, by lot within a maturity and, if from more than one maturity, in inverse order of maturity or in such other order of maturity as shall be specified in a request of the Borrower.

In no event shall Bonds be redeemed in amounts other than whole multiples of Authorized Denominations. For purposes of redeeming Bonds in denominations greater than minimum Authorized Denominations, the Trustee shall assign to such Bonds a distinctive number for each such principal amount and, in selecting Bonds for redemption by lot, shall treat such amounts as separate Bonds. The Trustee shall promptly notify the Authority and the Borrower in writing of the numbers of the Bonds selected for redemption.

"Outstanding" under the Bond Indenture means all Bonds theretofore, or thereupon being, authenticated and delivered by the Trustee under the Bond Indenture except (a) Bonds theretofore canceled by the Trustee or surrendered to the Trustee for cancellation; (b) Bonds with respect to which all liability of the Authority shall have been discharged in accordance with the Bond Indenture; and (c) Bonds for the transfer or exchange of which, or in lieu of or in substitution for which, other Bonds shall have been authenticated and delivered by the Trustee pursuant to the Bond Indenture.

Defeasance

Discharge of Bond Indenture. Bonds may be paid or caused to be paid in any of the following ways, provided that any other sums payable under the Bond Indenture have also been paid or caused to be paid: (a) by paying or causing to be paid the principal of and interest on the Bonds Outstanding as and when the same become due and payable; (b) by depositing with the Trustee, in trust, at or before maturity, money or securities in the necessary amount to pay or redeem Bonds Outstanding; or (c) by delivering to the Trustee, for cancellation by it, all Bonds Outstanding.

If all Bonds then Outstanding are paid or caused to be paid as provided above and all other sums payable under the Bond Indenture shall also be paid or caused to be paid, and if the Borrower has paid all Additional Payments and any indemnification owed to the Authority and any other fees and expenses payable to the Authority pursuant to the Loan Agreement, then and in that case, at the election of the Borrower (evidenced by a Certificate of the Borrower, filed with the Trustee, signifying the intention to discharge all such indebtedness and the Bond Indenture), and notwithstanding that any Bonds shall not have been surrendered for payment, the Bond Indenture and the pledge of Payments made under the Bond Indenture and all covenants, agreements and other obligations of the Authority under the Bond Indenture will cease, terminate, become void and be completely discharged and satisfied, except only as provided in the Bond Indenture. In such event, upon request of the Borrower, the Trustee is required to cause an accounting for such period or periods as may be requested by the Borrower to be prepared and filed with the Borrower and shall execute and deliver to the Borrower all such instruments as may be necessary or desirable to evidence such discharge and satisfaction, and the Trustee is required to pay over, transfer, assign or deliver to the Borrower all moneys or securities or other property held by it pursuant to the Bond Indenture which are not required for

SWDocID

the payment of Bonds not theretofore surrendered for such payment and which are not required for the payment of fees and expenses of the Trustee.

Discharge of Liability on Bonds. Upon the deposit with the Trustee, in trust, at or before maturity, of money or securities in the necessary amount to pay any Outstanding Bond, whether upon or prior to its maturity, then all liability in respect of such Bond will cease, terminate and be completely discharged, except only that thereafter the Holder thereof will be entitled to payment of the principal of and interest on such Bond, but only out of the money or securities deposited with the Trustee as aforesaid for its payment; provided further, however, that the provisions of " – Payment of Bonds after Discharge of Bond Indenture" hereinafter will apply in all events.

The Bonds may at any time be surrendered to the Trustee for cancellation by the Authority or the Borrower, which may have been acquired in any manner whatsoever, and such Bonds, upon such surrender and cancellation, will be deemed to be paid and retired.

Deposit of Money or Securities with Trustee. Whenever in the Bond Indenture it is provided or permitted that there be deposited with or held in trust by the Trustee money or securities in the amount necessary to pay any Bonds, such amount (which may include money or securities held by the Trustee in the funds established pursuant to the Bond Indenture) will be equal (taking into account income which will accrue from the investment thereof on the date of deposit of such funds but without taking into account any income from the subsequent reinvestment thereof) to the principal amount of such Bonds and all unpaid interest thereon to maturity, and will be: (a) lawful money of the United States of America; or (b) noncallable bonds, bills and bonds issued by the Department of the Treasury (including without limitation (1) obligations issued or held in book-entry form on the books of the Department of the Treasury and (2) the interest component of Resolution Funding Corporation strips for which separation of principal and interest is made by request to the Federal Reserve Bank of New York in book-entry form), United States Treasury Obligations State and Local Government Series and Zero Coupon United States Treasury Bonds; provided, in each case, that the Trustee will have been irrevocably instructed (by the terms of the Bond Indenture or by request of the Borrower or the Authority) to apply such money to the payment of such principal of and interest on such Bonds and provided, further, that the Authority and the Trustee will have received (i) an Opinion of Bond Counsel to the effect that such deposit will not cause interest on the Tax Exempt Bonds to be included in the gross income of the holder thereof for federal income tax purposes and that the Bonds to be discharged are no longer Outstanding; and (ii) a verification report of a firm of certified public accountants or other financial services firm acceptable to the Trustee verifying that the money or securities so deposited or held together with earnings thereon will be sufficient to make all payments of principal of and interest on the Bonds to be discharged to and including their maturity date.

Payment of Bonds after Discharge of Bond Indenture. Notwithstanding any provision of the Bond Indenture, and subject to applicable escheat laws, any moneys held by the Trustee in trust for the payment of the principal of or interest on any Bonds and remaining unclaimed for one year after the principal of all the Outstanding Bonds has become due and payable (whether at maturity or by declaration as provided in the Bond Indenture), if such moneys were so held at such date, or two years after the date of deposit of such moneys if deposited after said date when all of the Bonds became due and payable, will be repaid to the Borrower free from the trusts created by the Bond Indenture, and all liability of the Trustee with respect to such moneys will thereupon cease; provided, however, that before the repayment of such moneys to the Borrower as aforesaid, the Trustee may (at the expense of the Borrower) first mail to the holders of Bonds which have not yet been paid, at the addresses shown on the registration books maintained by the Trustee, a notice, in such form as may be deemed appropriate by the Trustee, with respect to the Bonds so payable and not presented and with respect to the provisions relating to the repayment to the Borrower of the moneys held for the payment thereof.

SWDocID

TRANSFER RESTRICTIONS

The Bonds are to be offered and sold (including in secondary market transactions) only to Qualified Institutional Buyers or Accredited Investors. The foregoing limitation will cease to apply (without notice to or consent of any Bondholder) upon and after receipt by the Trustee from the Borrower of a rating letter by Fitch, S&P or Moody's indicating that the Bonds are rated "A-" or "A3," as applicable, or better. The Trustee will as soon as practicable, but in no event more than ten calendar days after receipt by the Trustee of such information, notify each Bondholder that (i) the restrictions set forth in the Bond Indenture requiring that the Beneficial Owners of the Bonds be Qualified Institutional Buyers or Accredited Investors will be of no further force or effect and (ii) the Authorized Denominations of the Bonds will be $5,000 and any multiple in excess thereof. Pursuant to the Bond Indenture, "Qualified Institutional Buyer" means a "qualified institutional buyer" as defined in Rule 144A promulgated under the Securities Act. Pursuant to the Bond Indenture, "Accredited Investor" means an "accredited investor" as defined in Regulation D promulgated under the Securities Act.

In addition, the face of each Bond will contain a legend indicating that it is subject to transfer restrictions as set forth in the Bond Indenture. See "CERTAIN RISK FACTORS – Purchases and Transfers of Bonds Restricted to Qualified Institutional Buyers and Accredited Investors" herein.

MSA-5 Facility; (ii) fund a portion of a debt service reserve account; and (iii) pay the costs of issuance of the Bonds.

See "ESTIMATED SOURCES AND USES OF FUNDS" herein. An additional deposit of $_____* to a debt service reserve account for the Bonds is expected to be funded by proceeds of a grant pursuant to the Authority's Charter School Facilities Credit Enhancement Program. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Bond Indenture – Revenue Fund – Reserve Account" herein.

General

The MSA-5 Facility will be constructed on a site of 1.74 acres (the "MSA-5 Site") located at 7111 Winnetka Avenue, in Winnetka, California, which is located in the western portion of the San Fernando Valley. MERF purchased the MSA-5 site in May 2022, for approximately $9.45 million. The Project includes the financing of the acquisition of the MSA-5 Site, the demolition of an existing structure, and the construction, equipping and furnishing of a new school facility to accommodate students in grades 6 through 12, including a gymnasium (collectively, the MSA-5 Facility). The MSA-5 Facility will include three classrooms for grade six, six classrooms for grades seven to eight, and ten classrooms for grades nine to twelve, enabling MSA-5 to serve up to 500 students.

The Project comprises the following three phases or "increments": 1st increment, consisting of site work; 2nd increment, consisting of the academic building; and 3rd increment, consisting of the gymnasium.

The Project was designed by the architect of record, DLR Group Architects (the "Architect"), pursuant to AIA Document B101-2017, Standard Form of Agreement Between Owner and Architect, made as of January 19, 2023, between MERF and the Architect (the "Architect Agreement"). The Architect will be paid $1,815,500 for the Architect's services under the Architect Agreement. The Architect's basic services under the Architect Agreement include usual and customary structural, mechanical and electrical engineering services. In addition to these basic services, the Architect's duties will also include site evaluation and planning, civil engineering, a post-occupancy evaluation, coordination of MERF's consultants, telecommunications/data design, and security evaluation and planning.

From and after the issuance of the Bonds: (i) MERF will continue to hold fee title to the MSA-5 Facility, subject to the lien in favor of the State and the restrictive covenants described herein; and (ii) MERF will make payments to MPM Sant Ana in respect of the Series 2026 School Loan Agreement. See "THE LEASES AND SCHOOL LOAN AGREEMENTS" herein.

NO FEE OR LEASEHOLD INTEREST IN THE MSA-5 FACILITY SECURES MPM SANTA ANA'S OBLIGATIONS UNDER THE MASTER INDENTURE. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Mortgages and Security Agreements."

Construction Agreement

The 1st increment work, the plans for which were approved by the Division of the State Architect, is in process. For the 1st increment, MERF signed a Construction Agreement, dated January 17, 2025, with Pro-Craft Construction Inc. for $3,960,000 (the "1st Increment Construction Contract") following a public bid process and MERF Board approval. The 1st increment work was substantially completed by _____ __, 2025.

The 2nd increment portion of the Project was originally designed as a site built steel frame ground up construction. Due to construction cost escalations, MERF decided to redesign the Project using a modular factory fabrication construction process. Accordingly the Architect, subcontracted with a modular building contractor to provide a revised design for the Project based on the Architect's original design. While still in the design phase, MERF is considering switching to a design build project delivery method and has started the process for doing so by issuing a Request for Qualifications and a Request for Proposals. Under a design build

SWDocID

delivery, the selected vendor would be responsible for the design and construction of the Project. A design build delivery method will allow MERF to sign a contract and lock in a price in advance of final Division of the State Architect approval. However, no construction may be undertaken until final approval is received from the Division of the State Architect. MERF expects that the construction contract for the 2nd increment will be executed in the form of a guaranteed maximum price or stipulated sum construction contract.

Project Budget and Timeline

Table 6 below presents a summary of the estimated budget for the Project. The Project will not be fully funded from amounts received pursuant to the $50,832,332 Preliminary Apportionment under the Charter School Facilities Program. In addition, MERF expects to defer construction of the gymnasium portion of the MSA-5 Facility. Assuming deferral of the gymnasium, the funding shortfall to construct the remaining portions of the MSA-5 Facility is estimated at $10,347,054[10]. Costs of the MSA-5 Facility in excess of the Preliminary Apportionment are expected to be funded from the proceeds of the Bonds, from available cash reserves of MERF, or proceeds of philanthropy.

(1) Based on current estimates. MERF believes this cost may be reduced.
(2) Of this Preliminary Apportionment amount, Advance Apportionments of $13,832,733 have already been received.
(3) MERF does not anticipate that the gymnasium will be funded from proceeds of the Bonds, Grant Anticipation Notes or the Final Apportionment. As noted above, excess costs of the Project are expected to be paid from proceeds of philanthropy, available cash reserves of MERF or from the proceeds of additional debt financing. Figures shown above do not include financing costs for any such additional debt financing.

(5) Represents total estimated eligible costs for Increments No. 1 (site work) and No. 2 (academic building) alone.
(6) Represents total estimated ineligible costs, which include financing costs (e.g. capitalized interest and costs of issuance).

As set forth in Table 6 above, assuming receipt of the full Final Apportionment, contributions by MERF of approximately $5.2 million will be necessary to complete the 2nd increment and enable the opening of the MSA-5 Facility. The proceeds of the Notes are expected to enable MERF to proceed with the Project until receipt of the Final Apportionment. As reflected below in Table 7, receipt of the proceeds of the Bonds are expected to allow MERF to complete the MSA-5 Facility in time to open for the 2026-27 school year.

Table 7 below presents the estimated timeline for the Project. See also "APPENDIX E – CHARTER SCHOOL FACILITIES PROGRAM AND AWARD FUNDING – Allocation of State General Obligation Bond Proceeds" for additional information regarding the anticipated funding of the Project and related milestones. Appraisal

In connection with the Charter School Facilities Program, MERF obtained an appraisal of the real property comprising site of the MSA-5 Facility (the "Site") from BTI Appraisal (the "Appraiser"). In that connection, the Appraiser prepared a report regarding the as-is market value of the fee simple interest in the

SWDocID

Site, dated December 22, 2023 (the "Appraisal"). The Appraiser estimated that, as of December 15, 2023, the fair market value of the fee simple interest in the Site was $10,150,000.

The Appraisal employed only one approach to value, the cost approach, based on the principle of substitution, which states that no rational person would pay more for a property than the amount for which he can obtain, by purchase of a site and construction of improvements without undue delay, a property of equal desirability and utility.

Limitations. The summary of the Appraisal contained in this section is not meant to be exhaustive, and reference should be made to such report for a complete recital of its terms. The Appraisal was prepared for the use of MERF only. The value of the MSA-5 Facility as estimated in the Appraisal represents only the opinion of the Appraiser, and only as of the effective date. The Appraiser has not been engaged to update or revise the estimates contained in the Appraisal since its effective date. See "CERTAIN RISK FACTORS – Limitations of Appraisals" herein. Moreover, no interest in the Facility secures the Bonds, the Grant Anticipation Notes, nor any obligation of MERF or the Borrower related thereto.

SECURITY AND SOURCES OF PAYMENT FOR THE BONDS

Limited Obligations of the Authority

The Bonds and interest thereon constitute special, limited obligations of the Authority and are payable solely from certain revenues received under the Bond Indenture and from certain funds and accounts established and maintained under the Bond Indenture. The Authority is not obligated to advance any moneys derived from any source other than the Payments (as defined below) and other assets pledged under the Bond Indenture, whether for the payment of the principal or redemption price or interest with respect to the Bonds.

THE BONDS ARE NOT AND SHALL NOT BE DEEMED TO CONSTITUTE A DEBT OR LIABILITY OF THE STATE OR OF ANY POLITICAL SUBDIVISION THEREOF, OTHER THAN THE AUTHORITY, AND ARE NOT AND SHALL NOT BE DEEMED TO BE A PLEDGE OF THE FAITH AND CREDIT OF THE STATE, OR OF ANY POLITICAL SUBDIVISION THEREOF, BUT SHALL BE PAYABLE SOLELY FROM THE FUNDS PROVIDED THEREFOR UNDER THE BOND INDENTURE. NEITHER THE STATE NOR THE AUTHORITY SHALL BE OBLIGATED TO PAY THE PRINCIPAL OF THE BONDS, OR THE REDEMPTION PREMIUM, IF ANY, OR INTEREST THEREON, EXCEPT FROM THE FUNDS PROVIDED THEREFOR UNDER THE BOND INDENTURE. THE ISSUANCE OF THE BONDS SHALL NOT DIRECTLY, INDIRECTLY OR CONTINGENTLY OBLIGATE THE STATE OR ANY POLITICAL SUBDIVISION THEREOF TO LEVY OR TO PLEDGE ANY FORM OF TAXATION OR TO MAKE ANY APPROPRIATION FOR THEIR PAYMENT. THE AUTHORITY HAS NO TAXING POWER. NOTHING IN THE BOND INDENTURE, THE ACT OR OTHERWISE IS AN UNDERTAKING BY THE AUTHORITY OR THE STATE OR ANY POLITICAL SUBDIVISION THEREOF TO FUND THE TRANSFERS DESCRIBED IN THE INTERCEPT NOTICE OR TO MAKE FUNDS AVAILABLE TO THE SERIES 2026 SCHOOLS IN ANY AMOUNT OR AT ANY TIME.

Bond Indenture

Pledge of Payments and Other Amounts. The Authority has executed and delivered the Bond Indenture and, subject only to the provisions of the Bond Indenture permitting the application thereof for the purposes and on the terms and conditions set forth therein, has pledged to secure the payment of the principal of and interest on the Bonds, in accordance with their terms and the provisions of the Bond Indenture, all of the Payments (except Payments described in clause (i) of the definition thereof) and any other amounts (excluding proceeds of the sale of Bonds) held in any fund or account (other than the Rebate Fund) established pursuant to the Bond Indenture. Said pledge will constitute a lien on and security interest in such assets and will attach and be valid and binding from and after delivery of the Bonds, without any physical delivery thereof or further act.

"Payments," under the Bond Indenture, means (i) all moneys (except any money received to be used for the payment of Administrative Fees and Expenses) received by the Trustee with respect to the Intercept, (ii) all moneys, if any, received by the Trustee directly from, or on behalf of, the Borrower, pursuant to the Loan Agreement (excluding Additional Payments not directed to be deposited into any fund or account created and held under the Bond Indenture) or Obligation No. 2, and (iii) all income derived from the investment of any money in any fund or account established pursuant to the Bond Indenture. See "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – BOND INDENTURE" herein.

State Intercept Program. As additional security for the Bonds, in connection with the issuance of the Bonds, MERF will provide instructions to the State Controller to make the Intercepts to the Trustee with respect to MSA-5 in amounts and on the dates provided in the Intercept Notice, which amounts are expected to be sufficient in the aggregate to repay the Bonds and pay necessary and incidental costs. Funds received by the Trustee pursuant to the Intercept will be held in trust and will be disbursed, allocated and applied solely for the uses and purposes set forth in the Bond Indenture, including the payment of debt service on the Bonds. Under the laws of the State, no party, including MERF, the Borrower or any of their respective creditors will

SWDocID

have any claim to the money apportioned or to be apportioned to the Trustee by the State Controller pursuant to the Intercepts. Notwithstanding the foregoing, the Intercept for MSA-5 is effectively subordinate to a similar intercept to be implemented and related to the State's Charter School Facilities Program. Similarly, the Intercepts for MSA-SD and MSA-SA, executed and delivered in connection with the Prior Bonds, are effectively subordinate to intercepts previously implemented and related to the State's Charter School Facilities Program. See "CERTAIN Risk Factors – Charter School Facilities Program Intercepts" herein with respect to such CSFP Intercepts.

Assignment of Payments and Other Amounts and Loan Agreement. The Authority assigns to the Trustee, for the benefit of the Holders from time to time of the Bonds, (i) all of the Payments (except Payments described in clause (i) of the definition thereof) and other amounts pledged under " – Pledge of Payments and Other Amounts" above and (ii) all of the right, title and interest of the Authority in, to and under the Loan Agreement (except for the right to receive any Administrative Fees and Expenses and any Additional Payments, any right to be indemnified, held harmless or defended and rights to inspection and to receive information, reports, notices, certificates and opinions, express rights to give approvals, consents, or waivers under the Bond Indenture or the Loan Agreement, and the obligation of the Borrower to make deposits pursuant to the Tax Certificate). Obligation No. 2 will be registered in the name of the Trustee.

The Trustee will be entitled to and will receive all of such assigned Payments, and any such Payments collected or received by the Authority will be deemed to be held, and to have been collected or received, by the Authority as the agent of the Trustee and will forthwith be paid by the Authority to the Trustee. The Trustee also will be entitled to and will (subject to the provisions of the Bond Indenture) take all steps, actions and proceedings following any event of default under the Loan Agreement reasonably necessary in its judgment, or as directed by the Holder, to enforce, either jointly with the Authority or separately, all of the rights of the Authority assigned to the Trustee and all of the obligations of the Borrower under the Loan Agreement.

The Borrower will take all actions necessary for the Trustee to collect directly from the State Controller the amounts set forth in the Intercept Notice on the dates set forth in the Intercept Notices.

Revenue Fund. The Trustee will establish, maintain and hold in trust a special fund designated as the "Revenue Fund." All Payments will be promptly deposited by the Trustee upon receipt thereof into the Revenue Fund, and will be held in trust for the benefit of the Holders from time to time of the Bonds but will nevertheless be disbursed, allocated and applied solely for the uses and purposes set forth in the Bond Indenture. The Trustee will establish within the Revenue Fund an Interest Account, a Principal Account, and a Reserve Account for the payment of debt service on the Bonds.

Interest Account. All amounts in the Interest Account will be used and withdrawn by the Trustee solely for the purpose of paying interest on the Bonds as it becomes due and payable (including accrued interest on any Bonds purchased or redeemed prior to maturity pursuant to the Bond Indenture).

Principal Account. All amounts in the Principal Account will be used and withdrawn by the Trustee solely for the purpose of paying the principal or Mandatory Sinking Account Payments of the Bonds, as provided in the Bond Indenture with respect to Bonds

The Trustee will establish and maintain within the Principal Account a separate subaccount for the Bonds, designated as the "____ Sinking Account," inserting therein the series and maturity (if more than one such account is established) for each Term Bond. On or before July 1 in each year, the Trustee will transfer the amount deposited in the Principal Account on that date pursuant to the Bond Indenture, as described in " – Allocation of Revenues" below, from the Principal Account to the Sinking Account for the purpose of making a Mandatory Sinking Account Payment (if such deposit is required in such month). With respect to the Sinking Account, on each Mandatory Sinking Account Payment date established for the Sinking Account, the Trustee will transfer the amount deposited in the Principal Account pursuant to the Bond Indenture for the purpose of applying the Mandatory Sinking Account Payment required on that date to the redemption (or

SWDocID

payment at maturity, as the case may be) of Bonds, upon the notice and in the manner provided in the Bond Indenture; provided that, at any time prior to giving such notice of such redemption, the Trustee will apply such moneys to the purchase of Bonds at public or private sale, as and when and at such prices (including brokerage and other charges, but excluding accrued interest, which is payable from the Interest Account) as the Borrower may direct, in writing, except that the purchase price (excluding accrued interest) will not exceed the par amount of such Bonds. If, during the twelve-month period immediately preceding said Mandatory Sinking Account Payment date, the Trustee has purchased Bonds with moneys in the Sinking Account, or, during said period and prior to giving said notice of redemption, the Borrower has deposited Bonds with the Trustee, or Bonds were at any time purchased or redeemed by the Trustee from the Redemption Fund and allocable to said Mandatory Sinking Account Payment, such Bonds so purchased or deposited or redeemed will be applied, to the extent of the full principal amount thereof, to reduce said Mandatory Sinking Account Payment. All Bonds purchased or deposited pursuant to the provisions of the Bond Indenture summarized in this paragraph will be delivered to the Trustee and cancelled. Any amounts remaining in the Sinking Account when all of the Bonds are no longer Outstanding will be withdrawn by the Trustee and transferred to the Revenue Fund. All Bonds purchased from the Sinking Account or deposited by the Borrower with the Trustee will be allocated first to the next succeeding Mandatory Sinking Account Payment, then to the remaining Mandatory Sinking Account Payments as the Borrower directs in writing along with a revised sinking fund schedule giving effect to the purchase so completed.

The Term Bonds, which are Bonds payable on or before their specified maturity dates from Mandatory Sinking Account Payments, will be redeemed (or paid at maturity, as the case may be) by application of Mandatory Sinking Account Payments as set forth in "THE BONDS – Redemption – Mandatory Sinking Fund Redemption."

Reserve Account. Under the Bond Indenture, the Trustee will establish and maintain a reserve account (the "Reserve Account") within the Revenue Fund, and within the Reserve Account, the Bond Reserve Subaccount and the Grant-Funded Reserve Subaccount. All amounts in the Reserve Account will be used and withdrawn by the Trustee solely for the purpose of making up any deficiency in the Revenue Fund, Interest Account or Principal Account that exists on the date when monies on deposit in the Revenue Fund, Interest Account or Principal Account are required to be applied, as provided in the Bond Indenture, or (together with any other moneys available therefor) for the payment or redemption of all Bonds then Outstanding; provided, however, that monies and securities held by the Trustee in the Grant-Funded Reserve Subaccount shall not be used for the redemption of all Bonds then Outstanding pursuant to Bond Indenture. The Borrower shall have no right, title, or interest in any amounts on deposit in the Grant-Funded Reserve Subaccount, and the Trustee shall hold such amounts exclusively for the benefit of the Authority and the Bondholders. The Trustee will draw from the Bond Reserve Subaccount until exhausted prior to drawing from the Grant-Funded Reserve Subaccount. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS" herein.

Amounts on deposit in the Reserve Account will be valued by the Trustee at their fair market value each January 1 and July 1, and the Trustee will notify the Borrower of the results of such valuation. If the amount on deposit in the Reserve Account on the first Business Day following such valuation is less than one-hundred percent (100%) of the Reserve Account Requirement (as defined below), the Borrower has agreed in the Loan Agreement to make the deposits to the Reserve Account required by the Bond Indenture. If the amount on deposit in the Reserve Account on the first Business Day following such valuation is greater than the Reserve Account Requirement, then (x) the amount of money on deposit in the Grant-Funded Reserve Subaccount greater than $_____[12*] shall be paid to the Authority free and clear of the lien of the Bond Indenture and (y) any additional excess shall be withdrawn from the Bond Reserve Subaccount of the Reserve Account and transferred to, with respect to the valuations completed pursuant to the first sentence of this paragraph, the Revenue Fund. See "CERTAIN RISK FACTORS" herein. "Reserve Account Requirement" means as of any date of calculation, an amount which will be equal to the least of (i) 10% of the original principal amount of the Bonds, (ii) maximum annual debt service on the Bonds Outstanding,

[12*] Preliminary, subject to change.

(iii) 125% of average annual debt service with respect to the Bonds Outstanding, or (iv) for the last Bond Year only, the total debt service with respect to the Bonds Outstanding, net of amounts in the Reserve Account. Maximum annual debt service and average annual debt service will be calculated on the basis of twelve-month periods ending on [_____] 1 of any year in which Bonds are Outstanding.

On the date of issuance of the Bonds, $_____*, constituting the Reserve Account Requirement for the Bonds, will be deposited in the Reserve Account. Such deposit is expected to be partially funded by proceeds of a $_____* grant pursuant to the Authority's Charter School Facilities Credit Enhancement Program deposited into the Grant-Funded Reserve Subaccount, and the remainder is expected to be funded with proceeds of the Bonds. The Reserve Account Requirement is anticipated to be sized at maximum annual debt service.*

See "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – BOND INDENTURE" attached hereto.

Allocation of Revenues. Promptly upon receipt, the Trustee will deposit the Payments to the Revenue Fund. On or before June 25 and December 25 of each year, commencing June 25, 2026*, the Trustee will transfer from the Revenue Fund and deposit into the following respective accounts (each of which the Trustee will establish and maintain within the Revenue Fund) and then to the Rebate Fund, the following amounts, in the following order of priority, the requirements of each such account or fund (including the making up of any deficiencies in any such account resulting from lack of Payments sufficient to make any earlier required deposit) at the time of deposit to be satisfied before any transfer is made to any account or fund subsequent in priority; provided, however, no moneys deposited in the Revenue Fund pursuant to the Intercept shall be deposited to the Rebate Fund:

(1) To the Interest Account, the aggregate amount of interest becoming due and payable on the next succeeding Interest Payment Date on all Bonds then Outstanding, until the balance in said account is equal to said aggregate amount of interest;

(2) To the Principal Account, one-half of the aggregate amount of principal becoming due to and payable on the next succeeding Principal Payment Date, until the balance in said Principal Account is equal to said aggregate amount of such principal and Mandatory Sinking Account Payments; provided that from the date of delivery of the Bonds until the first Principal Payment Date with respect to the Bonds (if less than twelve months), transfers to the Principal Account shall be sufficient on a pro rata basis to pay the principal and Mandatory Sinking Account Payments becoming due and payable on said Principal Payment Date;

(3) To the Grant-Funded Reserve Subaccount of the Reserve Account, (A) the greater of (i) the amount designated for deposit to the Grant-Funded Reserve Subaccount of the Reserve Account in a written direction of the Borrower, and (ii) the aggregate amount of each prior withdrawal from the Grant-Funded Reserve Subaccount of the Reserve Account for the purpose of making up a deficiency in the Interest Account or the Principal Account (until deposits on account of such withdrawal are sufficient to fully restore the amount withdrawn), and (B) in the event the balance in said subaccount shall be less than the amount deposited in such subaccount pursuant to the Bond Indenture due to valuation of the Eligible Securities deposited therein in accordance with the Bond Indenture, the amount necessary to increase the balance in said account to an amount at least equal to the amount deposited in such subaccount pursuant to the Bond Indenture (until deposits on account of such valuation deficiency are sufficient to increase the balance in said account to said amount);

(4) To the Bond Reserve Subaccount of the Reserve Account, (a) the greater of (i) the amount designated for deposit to the Bond Reserve Subaccount of the Reserve Account in a written direction of the Borrower, and (ii) one-half of the aggregate amount of each prior withdrawal from the Reserve Account for the purpose of making up a deficiency in the Interest Account or Principal Account (until deposits on account of such withdrawal are sufficient to fully restore the amount withdrawn), provided that no deposit need be made

into the Bond Reserve Subaccount if the balance in the Reserve Account is at least equal to the Reserve Account Requirement, and (b) in the event the balance in said account shall be less than the Reserve Account Requirement due to valuation of the Eligible Securities deposited therein in accordance with the Bond Indenture, the amount necessary to increase the balance in said account to an amount at least equal to the Reserve Account Requirement (until deposits on account of such valuation deficiency are sufficient to increase the balance in said account to said amount);

(5) On June 25, 2026, $_____, and beginning December 25, 2026, to the Repair and Replacement Fund, (a) the greatest of (i) the amount designated for deposit in the Repair and Replacement Fund in a written direction of the Borrower, (ii) $_____[13], and (iii) one-third of the aggregate amount of each prior withdrawal from the Repair and Replacement Fund, provided that no deposit need be made into the Repair and Replacement Fund (x) in excess of one-fourth of the Repair and Replacement Fund Requirement or (y) if the balance in said account is at least equal to the Repair and Replacement Fund Requirement, and (b) in the event the balance in said account shall be less than the Repair and Replacement Fund Requirement due to valuation of the Eligible Securities deposited therein in accordance with the Bond Indenture, the amount necessary to increase the balance in said account to an amount at least equal to the Repair and Replacement Fund Requirement (until deposits on account of such valuation deficiency are sufficient to increase the balance in said account to said amount); and

(6) To the Rebate Fund, such amounts as are required to be deposited therein by written instruction from the Borrower given in accordance with the Bond Indenture (including the Tax Certificate).

Moneys remaining in the Revenue Fund after the foregoing transfers will be transferred on January 1 and July 1 of each year, commencing July 1, 2026, by the Trustee to the Borrower, free and clear of the lien of the Bond Indenture.

See "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – BOND INDENTURE" and "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – LOAN AGREEMENT" attached hereto.

For more information on the Project, the Schools, the Borrower and the Members of the Obligated Group, see "THE PROJECT" herein and "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto.

Repair and Replacement Fund. The Trustee will establish, maintain and hold in trust a separate fund designated as the "Repair and Replacement Fund," which shall be used solely for the purposes set forth in the Bond Indenture. Moneys in the Repair and Replacement Fund shall be withdrawn by the Trustee to pay for capital items not budgeted as ordinary maintenance and repair costs related to the Facilities.* Moneys in the Repair and Replacement Fund shall be disbursed upon receipt of a requisition of the Borrower, and the Trustee shall issue its checks or a wire transfer for each such disbursement upon receipt of such a requisition.

Amounts on deposit in the Repair and Replacement Fund will be valued by the Trustee at their fair market value each January 1 and July 1, and the Trustee will notify the Borrower of the results of such valuation in the form of its regular periodic statement. If the amount on deposit in the Repair and Replacement Fund on the first (1st) Business Day following such valuation is less than one hundred percent (100%) of the Repair and Replacement Fund Requirement, the Borrower has agreed in the Loan Agreement to make the deposits to the Repair and Replacement Fund required by the Bond Indenture. If the amount on deposit in the Repair and Replacement Fund on the first (1st) Business Day following such valuation is greater than the Repair and Replacement Fund Requirement, then any additional excess will be withdrawn from the Repair and Replacement Fund and transferred to the Revenue Fund.

[13] Preliminary, subject to change.

SWDocID

"Repair and Replacement Fund Requirement" means $_____[14]; provided that each such Repair and Replacement Requirement will initially be zero and will increase in equal semiannual amounts of $_____*, respectively, on each January 1 and July 1, commencing July 1, 2026.*

When (i) the amount of principal of, and premium, if any, and interest on the Outstanding Bonds is equal to or less than the sum of the balance of the Revenue Fund, the balance of the Reserve Account, the balance of the Redemption Fund and the balance of the Repair and Replacement Fund, and (ii) all other amounts owed under the Loan Agreement and the Bond Indenture have been paid, moneys held in the Repair and Replacement Fund may be deposited into the Revenue Fund and credited against payments of Loan Repayments required under the Loan Agreement.

The Loan Agreement

The Authority and the Borrower will execute the Loan Agreement to provide for the loan by the Authority to the Borrower of proceeds from the sale of the Bonds. Pursuant to the Loan Agreement, in consideration of the issuance of the Bonds by the Authority and the loan of the proceeds thereof to the Borrower, the Borrower agrees that, on or before June 25 and December 25 of each year and as long as any of the Bonds remain Outstanding, it will pay to the Bond Trustee for deposit in the Revenue Fund such amount as is required by the Bond Trustee to make the transfers and deposits required on such date by the Bond Indenture. Notwithstanding the foregoing, if five business days prior to any interest or principal payment date with respect to the Bonds, the aggregate amount in the Revenue Fund is for any reason insufficient or unavailable to make the required payments of principal (or Redemption Price) of or interest on the Bonds then becoming due (whether by maturity, redemption or acceleration), the Borrower will pay the amount of any such deficiency to the Bond Trustee. Each payment by the Borrower to the Bond Trustee under the Loan Agreement (the "Loan Repayments") will be in lawful money of the United States of America and paid to the Bond Trustee at its designated corporate trust office and held, invested, disbursed and applied as provided in the Bond Indenture. The Borrower certifies in the Loan Agreement that it will instruct or cause MPM-SA to instruct MERF to make payments under the Series 2026 School Loan Agreement directly to the Bond Trustee for deposit in the Revenue Fund. See "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – LOAN AGREEMENT" herein.

Pursuant to the Loan Agreement, the Borrower covenants to cause MERF to deliver the Intercept Notice to the State Controller. See "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – LOAN AGREEMENT" herein.

Additionally, in consideration of the issuance of the Bonds by the Authority and the application of the proceeds thereof as provided in the Bond Indenture, the Borrower agrees in the Loan Agreement to issue, or cause to be issued, and to cause to be authenticated and delivered to the Bond Trustee, pursuant to the Master Indenture of Trust and the Second Supplemental Master Indenture, concurrently with the issuance and delivery of the Bonds, Obligation No. 2. In addition to the loan repayments, the Borrower is also required to pay to the Authority or to the Bond Trustee, as the case may be, "Additional Payments," as described in "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – LOAN AGREEMENT" attached hereto.

MERF is not a party to, and is not liable under, the Loan Agreement. Under the Loan Agreement, the Borrower shall have the right, so long as all amounts which have become due under the Loan Agreement have been paid, at any time or from time to time, to prepay all or any part of its loan repayments. See "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – LOAN AGREEMENT" attached hereto.

The Master Indenture

Joint and Several Obligations of the Obligated Group but not MERF. Under the Master Indenture, each Member jointly and severally covenants and agrees (a) to pay or cause to be paid promptly all Required Payments at the place, on the dates and in the manner provided in the Master Indenture, in any Related Supplement, and each of the respective Obligations, including Obligation No. 2, and (b) to faithfully observe and perform all of the conditions, covenants and requirements of the Master Indenture, any Related Supplement, any Related Indebtedness, Related Loan Agreement, and any Obligation. Each Member acknowledges and agrees that the time of such payment and performance is of the essence of the obligations under the Master Indenture.

Initially, in connection with the issuance of the Bonds, the Series 2025 School Lender and the Series 2025 Landlords will be the only Members of the Obligated Group, the only Leases (as defined in the Master Indenture) will be the Series 2025 Leases, the only School Loan Agreements will be the Series 2025 School Loan Agreement, and the only Schools (as defined in the Master Indenture) will be the Series 2026 Schools. MERF, as the Lessee, is not a member of the Obligated Group, is not a party to the Master Indenture and is obligated solely as lessee under the Leases and borrower under the School Loan Agreements, in respect of payment from the sources specified therein relating to the Schools, and the Facilities, and is not responsible, party to or otherwise obligated under the Loan Agreement, the Bond Indenture, the Master Indenture or the Supplemental Master Indentures to make payments directly on the Loan, Obligation No. 2 or the Bonds.

Subject to the provisions of the Master Indenture permitting withdrawal from the Obligated Group, the obligation of each Member to make Required Payments is a continuing one and is to remain in effect until all Required Payments have been paid in full in accordance with the Master Indenture. All moneys from time to time received by the Obligated Group Representative or the Master Trustee to reduce liability on Obligations, whether from or on account of the Members or otherwise, will be regarded as payments in gross without any right on the part of any one or more of the Members to claim the benefit of any moneys so received until the whole of the amounts owing on Obligations has been paid or satisfied and so that in the event of any such Member's filing bankruptcy, the Obligated Group Representative or the Master Trustee will be entitled to prove up the total indebtedness or other liability on Obligations Outstanding as to which the liability of such Member has become fixed.

Each such Obligation will be a primary obligation of each Member of the Obligated Group and will not be treated as ancillary to or collateral with any other obligation and will be independent of any other security so that the covenants and agreements of each Member under the Master Indenture will be enforceable without first having recourse to any such security or source of payment and without first taking any steps or proceedings against any other Person. The Obligated Group Representative and the Master Trustee are each empowered to enforce each covenant and agreement of the Master Indenture, and to enforce the making of Required Payments. In the Master Indenture, each Member authorizes the Master Trustee to enforce or refrain from enforcing any covenant and agreement of the Members thereunder and to make any arrangement or compromise with any particular Member or Members as the Master Trustee may deem appropriate, consistent with the Master Indenture and any Related Supplement. Each Member also waives in favor of the Obligated Group Representative and the Master Trustee all rights against the Obligated Group Representative, the Master Trustee and any other Member, insofar as is necessary to give effect to any of the provisions described under this subheading.

Notwithstanding anything the Master Indenture to the contrary, the Master Trustee covenants that it will not take recourse against the Obligated Group Representative or any of the Members with respect to the failure by the Obligated Group Representative or any of the Members, to make any Required Payment under the Master Indenture and any Related Supplement, except recourse to the Gross Revenues and the amounts held in the funds and accounts created under the Related Indebtedness Indenture (except the Rebate Fund) or under the Master Indenture, or to such other security as may from time to time be given for the payment of obligations arising out of the Master Indenture, any Related Supplement or any other agreement securing the

SWDocID

obligations of the Obligated Group Representative or any of the Members with respect to the Related Indebtedness.

For a more detailed discussion of entry to or withdrawal from the Obligated Group, see "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – THE MASTER INDENTURE" attached hereto. All capitalized terms used and not defined herein have the meanings listed in "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – DEFINITIONS" attached hereto.

Gross Revenue Fund. Each Member of the Obligated Group agrees in the Master Indenture that, unless otherwise provided in a Related Supplement or unless such Related Indebtedness is payable in full from funds that are subject to the Intercept, so long as any of the Obligations remain Outstanding, all of the Gross Revenues of the Obligated Group will be deposited as soon as practicable upon receipt in a fund designated as the "Gross Revenue Fund" which the Members will establish and maintain, subject to the provisions of the Master Indenture, in one or more accounts at such banking institution or institutions as the Members will from time to time designate in writing to the Master Trustee for such purpose (the "Depository Bank(s)"). Subject only to the provisions of the Master Indenture permitting the application thereof for the purposes and on the terms and conditions set forth therein, each Member, respectively, pledges, and to the extent permitted by law grants a security interest to the Master Trustee in, the Gross Revenue Fund and all of the Gross Revenues of the Obligated Group to secure the payment of Required Payments and the performance by the Members of their other obligations under the Master Indenture. Each Member, respectively, will execute and cause to be filed Uniform Commercial Code financing statements, will execute and cause to be sent to each Depository Bank, if any, and to the Master Trustee a notice of the security interest granted under the Master Indenture and will execute and deliver such other documents (including, but not limited to, control agreements and continuation statements) as may be necessary or reasonably requested by the Master Trustee in order to perfect or maintain as perfected such security interest or give public notice thereof.

If a Gross Revenue Fund is established pursuant to the Master Indenture, the Members shall cause each Depository Bank to enter into an account control agreement with the Master Trustee entitling the Master Trustee, upon the giving of notice to the Depository Bank, to exercise exclusive control over the Gross Revenue Fund. Amounts in the Gross Revenue Fund may be used and withdrawn by any Member at any time for any lawful purpose, except as provided in the Master Indenture. In the event that any Member is delinquent for more than three business days in the payment of any Required Payment with respect to any Obligation issued pursuant to a Related Supplement, the Master Trustee, upon written notice from the Obligated Group Representative or a Responsible Officer of the Master Trustee's actual knowledge of such delinquency, will notify the Obligated Group Representative of such delinquency, and, unless such Required Payment is paid, or provision for payment is duly made, in a manner satisfactory to the Master Trustee, within three business days after receipt of such notice, the Master Trustee shall give notice to the Depository Bank(s) of the election of the Master Trustee to exercise exclusive control over the Gross Revenue Fund (a "Notice of Exclusive Control"). Upon obtaining exclusive control over the Gross Revenue Fund, the Master Trustee shall continue to exercise exclusive control over the Gross Revenue Fund for the benefit of the Holders until six months after the amounts on deposit in said fund are sufficient to pay in full, or have been used to pay in full, all Required Payments in default and all other Events of Default known to the Master Trustee will have been made good or cured to the satisfaction of the Master Trustee or provision for amount on deposit in the fund deemed by the Master Trustee to be adequate will have been made therefor, whereupon the Master Trustee shall give notice to each Depository Bank of the revocation of the Notice of Exclusive Control given to such Depository Bank, and thereafter amounts in the Gross Revenue Fund again may be used and withdrawn by any Member at any time for any lawful purpose, unless and until the Master Trustee gives a further Notice of Exclusive Control, as provided above, in the event of a subsequent delinquency in the payment of any Required Payment, whereupon the foregoing provisions regarding the Master Trustee's exercise and revocation of exclusive control over the Gross Revenue Fund shall apply. During any period that the Master Trustee holds exclusive control over the Gross Revenue Fund, the Master Trustee will use and withdraw amounts in said Fund from time to time (1) first, to pay Ground Rent directly to each respective lessor under each Ground Lease when and as due, in the amount designated in a written request of the lessor(s), (2) second, to make

Required Payments to Holders entitled thereto as such payments become due (whether by maturity, redemption, acceleration or otherwise), and, if such amounts will not be sufficient to pay in full all such payments due on any date, then to the payment of Required Payments ratably without any discrimination or preference, and (3) third, to such other payments and in such order, for which the Master Trustee shall receive written direction. During any period that the Master Trustee holds exclusive control over the Gross Revenue Fund, the Master Trustee, at its sole discretion upon the written request of the Members, may disburse funds from the Gross Revenue Fund for the payment of current or past due operating expenses of the Members. During any period that the Master Trustee holds exclusive control over the Gross Revenue Fund, upon the written request of the Members, the Master Trustee shall disburse to or at the direction of the Members, any amounts in the Gross Revenue Fund which such Members certify do not constitute Gross Revenues of the Obligated Group. Each Member agrees to execute and deliver all instruments as may be required to implement the Master Indenture. Each Member further agrees that a failure to comply with the terms of the Master Indenture will cause irreparable harm to the Holders and will entitle the Master Trustee, with or without notice, to take immediate action to compel the specific performance of the obligations of the Members as provided in the Master Indenture.

Limitations on Additional Indebtedness. Under the Master Indenture, each Member covenants and agrees that it will not incur any Additional Indebtedness after the date of issuance of the Bonds except as follows:

(a) Long-Term Indebtedness may be incurred if prior to the issuance of such Additional Indebtedness the following is satisfied:

(i) an Officer's Certificate is filed with the Master Trustee stating that, for the Obligated Group's most recently completed Fiscal Year, MERF has complied with all covenants set forth in its School Loan Agreements or Leases, as applicable; and

(ii) either

(1) an Independent Consultant selected by the Obligated Group Representative provides a written report setting forth projections which indicate that the Consolidated Base Rent Coverage Ratio for the three full Fiscal Years following completion of such Facility or Facilities financed with such Additional Indebtedness in which a Member of the Obligated Group will have scheduled payments of interest on or principal of the Additional Indebtedness to be issued for the payment of which provision has not been made as indicated in the report of such Independent Consultant from proceeds of such Additional Indebtedness, investment income thereon or from other appropriate sources (other than Consolidated Base Rent), provides for a Consolidated Base Rent Coverage Ratio, taking into account all Outstanding Long-Term Indebtedness and the Additional Indebtedness to be issued, of not less than 1.20:1.0. The report of the Independent Consultant shall take into account, when applicable, the audited results of operations and verified enrollment of the Related Schools for the most recently completed Fiscal Year and projected enrollment of the Related Schools and Gross Revenues at the completion of such Facility or Facilities financed with such Additional Indebtedness. In addition, the report of the Independent Consultant shall assume that the Long-Term Indebtedness then to be incurred shall have been Outstanding for the entire year; or

(2) an Officer's Certificate is filed with the Master Trustee demonstrating that, based on audited results of the operations for the most recently completed Fiscal Year, the Consolidated Base Rent Coverage Ratio, taking into account all Outstanding Long-Term Indebtedness and the Additional Indebtedness to be issued, is not less than 1.10.

SWDocID

(b) Long-Term Indebtedness may be incurred for the purpose of refunding or refinancing any Outstanding Indebtedness, if prior to the incurrence thereof, there is delivered to the Master Trustee an Officer's Certificate demonstrating that (i) the Maximum Annual Debt Service will not increase by more than 10% after the incurrence of such proposed refunding Long-Term Indebtedness and after giving effect to the disposition of the proceeds thereof; or (ii) the total Debt Service on the Indebtedness being refinanced will not increase by more than 10% after the incurrence of such proposed refunding Long-Term Indebtedness and after giving effect to the disposition of the proceeds thereof; or (iii) the requirements of subsection (a) above are met; provided that the foregoing will not apply to any refinancing with Balloon Indebtedness.

(c) Short-Term Indebtedness may be incurred by any Member as long as the Short-Term Indebtedness is made payable from such Member's Gross Revenues, and subject to any limitations imposed by the Related Indebtedness or Related Loan Agreement.

(d) So long as Obligation No. 2 is Outstanding, Non-Recourse Indebtedness may be incurred not to exceed thirty-five percent (35%) of Obligated Group Operating Expenses in the aggregate Outstanding among all Members of the Obligated Group as tested as of the end of each Fiscal Year and reported on the audited financial statement of the Members of the Obligated Group.

(e) Any Subordinated Indebtedness or Indebtedness consisting of purchase money obligations with respect to any item of equipment related to the Facilities may be incurred without limitation.

(f) Indebtedness consisting of leases which are considered operating leases under generally accepted accounting principles may be incurred without limitation.

"Central Office Management Fees" means any fee or charge, including any funds transfer recognized as an expenditure for accounting purposes, charged by Lessee for management services provided to the Schools, including pursuant to a Management Agreement, which fee shall be subordinate to the payment of Rent due under the Lease.

"Consolidated Base Rent Coverage Ratio" means the ratio determined by dividing Consolidated Net Program Operating Revenue for such period by the Consolidated Base Rent Payment Obligation.

"Consolidated Base Rent Payment Obligation" means the sum of all Lessee Base Rent Payment Obligations for all Facilities and proposed Facilities.

"Consolidated Net Program Operating Revenue" means the sum of all Net Program Operating Revenue for the Lessee of all Facilities and proposed Facilities as that computation would be applied to the operations of an existing or proposed Lessee of an existing or proposed Facility financed with Related Indebtedness or to be financed with Additional Indebtedness, and excluding therefrom the payment obligations associated with any loan or other indebtedness to be refinanced or retired from proceeds of the Long-Term Indebtedness then to be incurred.

"Base Rent" means, with respect to any Lease, the amount of Rent designated as such; provided however that, total Base Rent for all Leases equals an amount not less than (a) the debt service due and payable on all Related Indebtedness with respect to the Facilities plus (2) any Ground Rent on the Facilities.

"Independent Consultant" means, with respect to any Lease, a firm (but not an individual) that (1) does not have any direct financial interest or any material indirect financial interest in the Lessee or any Affiliate of the Lessee and (2) is not connected with the Lessee or any Affiliate thereof as an officer, employee, promoter, trustee, partner, director or Person performing similar functions, and designated by the Lessee, qualified to pass upon questions relating to the financial affairs of facilities of the type or types operated by the Lessee and having a favorable reputation for skill and experience in the financial affairs of such facilities.

SWDocID

"Lessee Base Rent Payment Obligation" means (a) that portion of the total lease payment obligation for any Lessee of any Facility or proposed Facility that is the Base Rent for such Facility, characterized as "Base Rent" plus (b) the repayment obligations for Lessee under any School Loan Agreement for the financing of Lessee's improvement or equipping of any Facility or proposed Facility, or portion of such Facility, characterized therein as "School Loan Repayments" plus (c) any Ground Rent on the Facilities.

"Lessee Indebtedness" means all obligations for borrowed money, installment sales and finance lease obligations (as such term is defined by the FASB Accounting Standards Codification Topic 842 Leases), incurred or assumed by the Lessee, including Guaranties, Obligated Group Program Long-Term Indebtedness, Obligated Group Program Short-Term Indebtedness or any other obligation for payments of principal and interest with respect to money borrowed.

"Management Agreement" means any agreement between Lessee and a charter school, including charter schools operated or managed by Lessee, pursuant to which Lessee provides management services.

"Net Program Operating Revenue" means Lessee's Program Revenues minus its Program Operating Expenses; provided, that no determination thereof will take into account: (a) any gain or loss resulting from either the early extinguishment or refinancing of Obligated Group Program Indebtedness or the sale, exchange or other disposition of capital assets not made in the ordinary course of business; (b) gifts, grants, bequests, donations or contributions, and income therefrom, to the extent specifically permanently restricted by the donor or by law to a particular purpose inconsistent with their use for the payment of Program Operating Expenses; (c) the net proceeds of insurance (other than business interruption insurance) and condemnation awards; (d) adjustments to the value of assets or liabilities resulting from changes in generally accepted accounting principles; (e) unrealized gains or losses that do not result in the receipt or expenditure of cash; and (f) nonrecurring items which involve the receipt, expenditure or transfer of assets.

"Obligated Group Program Interim Indebtedness" means all Obligated Group Program Indebtedness having an original maturity less than or equal to five years and not renewable at the option of the Lessee for a term greater than five years from the date of original incurrence or issuance.

"Obligated Group Program Long-Term Indebtedness" means all Obligated Group Program Indebtedness having an original maturity greater than one year or renewable at the option of the Lessee for a period greater than one year from the date of original incurrence or issuance thereof unless, by the terms of such Lessee Indebtedness, the Obligated Group Program Long-Term Indebtedness is not permitted to be outstanding thereunder for a period of at least 20 consecutive days during each calendar year.

"Obligated Group Program Short-Term Indebtedness" means all Obligated Group Program Indebtedness having an original maturity less than or equal to one year and not renewable at the option of the Lessee for a term greater than one year from the date of original incurrence or issuance, provided however, that any Obligated Group Program Short-Term Indebtedness that has been issued as revenue anticipation notes ("RANs") will not be included or counted as Obligated Group Program Short-Term Indebtedness to the extent that the RANs are secured by deferred state apportionment revenues expressly pledged and deposited in an intercept account to pay such RANs.

"Program Operating Expenses" means all reasonable and necessary current expenses of the Lessee relating solely and arising from the Related Projects, as a group; provided, however, "Program Operating Expenses" shall not include (i) any allowance for depreciation or amortization, (ii) expenses incurred in connection with capital improvements, (iii) expenses paid from any restricted grants from state, federal or local sources, or from any Person, which were excluded from Program Revenues, (iv) expenses incurred for MTI Base Rent and School Loan Repayments payable under the Lease and School Loan Agreements, respectively, (v) expenses incurred under any capitalized leases, (vi) payments of the Debt Service Requirement of the Lessee and (vii) Central Office Management Fees.

SWDocID

"Program Revenues" means all revenues, income, receipts and moneys derived by the Lessee from the Lessee's operation of the Schools, including from any applicable district or county or from the State pursuant to the Charter School Law from any categorical block grant, general purpose entitlement or revenue limit; provided, that "Program Revenues" shall not include: (i) any gains or losses resulting from the early extinguishment of Indebtedness, the sale, exchange or other disposition of Property not in the ordinary course of business, or the reappraisal, reevaluation or write-up of assets, or any other extraordinary gains or losses; (ii) net unrealized gain (losses) on investments on investments and Financial Products Agreements; (iii) proceeds of borrowing; and (iv) net insurance or condemnation proceeds received or payable to Lessee on account of damage or destruction of the other charter school or its property or other loss incurred by Lessee with respect to its operation of the other charter school or its property.

"Subordinate Lessee Indebtedness" means all Lessee Indebtedness the repayment of which is expressly subordinate to the repayment of (i) the obligations of the Lessee under all Leases and School Loan Agreements, and (ii) Lessee Indebtedness secured on parity with obligations of the Lessee under all Leases and School Loan Agreements.

"Subordinated Indebtedness" means Indebtedness, the repayment of which is on a priority that is subordinate to the repayment of (a) Indebtedness issued pursuant to this Master Indenture and (b) Indebtedness issued on a parity basis to Indebtedness issued pursuant to this Master Indenture, if any.

"Total Program Operating Expenses" means all reasonable and necessary current expenses of the Lessee; provided, however, "Total Program Operating Expenses" shall not include (i) any allowance for depreciation or amortization, (ii) expenses incurred in connection with capital improvements, (iii) expenses paid from grants from state, federal or local sources, or from any Person, which would generally be excluded under Program Revenues, (iv) expenses incurred for MTI Base Rent and School Loan Repayments payable under the Leases and School Loan Agreements, respectively, (v) expenses incurred under any capitalized leases, (vi) payments of the Debt Service Requirement of the Lessee and (vii) Central Office Management Fees.

Amendment of Leases or School Loan Agreements. There will be no amendment, modification or termination of any of the Leases or School Loan Agreements without (1) an Officer's Certificate delivered to the Master Trustee stating that the amendment, modification or termination of the Lease or School Loan Agreement contemplated will not have a material adverse effect on the financial position of the Obligated Group, or (2) the prior written consent of the Master Trustee, which written consent shall only be given if:

(a) if there are any Tax-Exempt Bonds outstanding, the Master Trustee receives an Opinion of Bond Counsel confirming such amendment is necessary to preserve the exclusion of interest on related Tax-Exempt Bonds from gross income for purposes of federal income taxation or the exemption of interest on the related Tax-Exempt Bonds from state income taxation;

(b) (1)(A) the Related Indebtedness Holders of a majority in principal amount of the Related Indebtedness then Outstanding consent in writing to such amendment, modification or termination or (B) the Master Trustee receives an Opinion of Counsel confirming such amendment, modification or termination will not materially adversely affect the interests of the Related Indebtedness Holders or result in any material impairment of the security given for the payment of the Related Indebtedness, and (2) the Master Trustee shall receive an Opinion of Bond Counsel substantially to the effect that such amendment, modification or termination will not, in and of itself, adversely affect any exclusion of interest on the Related Indebtedness from gross income for purposes of federal income taxation; or

(c) it has received a written representation from the Obligated Group Representative to the effect that such amendment or modification will not materially and adversely affect the interests of the Related Indebtedness Holders of the Related Indebtedness; provided that, in making a determination whether such amendment or modification will not materially and adversely affect the interests of the Related Indebtedness

SWDocID

Holders of the Related Indebtedness, the Master Trustee may conclusively rely on written representations of financial consultants or advisors or the opinion or advice of counsel.

Other Covenants. Each of the Members of the Obligated Group agrees to comply with other covenants set forth in the Master Indenture, including covenants to insure the Facilities against loss or damage. See "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – MASTER INDENTURE – Additional Covenants" and related definitions attached hereto.

Membership in Obligated Group. Additional Members may be added to the Obligated Group from time to time provided that prior to such addition the Master Trustee receives:

(a) a copy of a resolution of the Governing Body of the proposed new Member which authorizes the execution and delivery of a Related Supplement and compliance with the terms of the Master Indenture;

(b) a Related Supplement executed by the Obligated Group Representative, the new Member and the Master Trustee pursuant to which the proposed new Member (1) agrees to become a Member, (2) agrees to be bound by the terms and restrictions imposed by the Master Indenture and the Obligations, and (3) irrevocably appoints the Obligated Group Representative as its agent and attorney-in-fact and grants to the Obligated Group Representative full power to execute Related Supplements authorizing the issuance of Obligations and to execute and deliver Obligations;

(c) an Opinion of Counsel addressed to the Master Trustee to the effect that (i) the proposed new Member has taken all necessary action to become a Member, and upon execution of the Related Supplement, such proposed new Member will be bound by the terms of the Master Indenture and (ii) the addition of such Member will not cause the Master Indenture or any Obligations to be subject to registration under the Securities Act of 1933, as amended, or the Trust Indenture Act of 1939, as amended (or, that any such registration, if required, has occurred);

(d) an Independent Consultant's or Accountant's report, or an Officer's Certificate, as appropriate, to the effect that the condition described in paragraph (a) under "– Limitations on Additional Indebtedness" above would be met for the incurrence of one dollar of additional Long-Term Indebtedness immediately following the addition of such new Member;

(e) if there is any Related Indebtedness Outstanding that purports to be Tax-Exempt Bonds, an Opinion of Bond Counsel to the effect that the addition of such Member will not result in the inclusion of interest on any Related Bonds that purports to be a Tax-Exempt Bond in gross income for purposes of federal income taxation, nor cause the Master Indenture nor the Obligations issued under the Master Indenture to be subject to registration under the Securities Act of 1933, as amended or the Trust Indenture Act of 1939, as amended (or unless such registration, if required, has occurred);

(f) an Officer's Certificate to the effect that no Member, immediately after the addition of such new Member, would be in default in the performance or observance of any covenant or condition of the Master Indenture; and

(g) a duly executed and delivered Mortgage encumbering all Property, Plant and Equipment of such new Member, subject only to Permitted Liens.

Any certification or calculation made in accordance with this section may take into account the effect of the withdrawal of another Member or Members from the Obligated Group in connection with the addition of a Member to the Obligated Group contemplated in the Master Indenture.

SWDocID

Withdrawal from Obligated Group. Any Member may withdraw from the Obligated Group, and be released from further liability or obligation under the provisions of the Master Indenture, provided that prior to such withdrawal the Master Trustee receives:

(a) an Officer's Certificate to the effect that, immediately following withdrawal of such Member, no Member would be in default in the performance or observance of any covenant or condition of the Master Indenture;

(b) if there is any Related Indebtedness outstanding that purport to be Tax-Exempt Bonds, an Opinion of Bond Counsel to the effect that the withdrawal of such Member is in compliance with the conditions contained in this section, and such withdrawal will not result in the inclusion of interest on any Related Indebtedness that purports to be a Tax-Exempt Bond in gross income for purposes of federal income taxation, nor cause the Master Indenture nor the Obligations issued under the Master Indenture to be subject to registration under the Securities Act of 1933, as amended, or the Trust Indenture Act of 1939, as amended (or unless such registration, if required, has occurred); and

(c) either:

(i) an Officer's Certificate to the effect that the Related Indebtedness outstanding under the Master Indenture have been assigned a rating by at least one rating agency and the withdrawal of such Member will not cause a downgrade or withdrawal of such rating; or

(ii) an Independent Consultant's report stating that:

(1) (A) the forecasted Consolidated Base Rent Coverage Ratio for the two consecutive Fiscal Years immediately following such withdrawal, taking such withdrawal into account, is projected to be at least 1.10:1.00 in each Fiscal Year or would be greater than it would otherwise have been absent such withdrawal; and (B) such withdrawal will not lower the Consolidated Base Rent Coverage Ratio for the most recent Fiscal Year for which Obligated Group Financial Statements are available by more than twenty percent (20%); or

(2) the forecasted Debt Service Coverage Ratio for the two consecutive Fiscal Years immediately following such withdrawal, taking such withdrawal into account, is projected to be not less than 1.00:1.00 in each Fiscal Year or would be greater than it would otherwise have been absent such withdrawal.

Any certification or calculation made in accordance with this section may take into account the effect of the addition of another Member or Members to the Obligated Group in connection with the withdrawal of a Member from the Obligated Group contemplated in the Master Indenture.

Upon compliance with the conditions described above, the Master Trustee shall execute any documents reasonably requested by the withdrawing Member to evidence the termination of such Member's obligations under the Master Indenture (including without limitation termination of the pledge of such Member's Gross Revenues) under any Related Supplements and under all Obligations (including without limitation reconveyance of the Mortgage encumbering such Member's Property, Plant and Equipment for the benefit of the Master Trustee).

Mortgages and Security Agreements

Pursuant to the Master Indenture, unless expressly set forth in the Related Supplement, or unless project funds allocated to the financing of such Facility are escrowed until the filing of a Mortgage, each Member will enter into a mortgage, leasehold deed of trust, deed of trust, security agreement, assignment of

SWDocID

rents and leases and/or financing statement as provided therein (each, a "Mortgage") for the respective Facilities to secure the obligations of the Members under the Master Indenture and each Member, respectively, agrees to supplement such Mortgage or to execute and deliver such other deeds of trust or mortgages as may be necessary from time to grant to the Master Trustee a first priority lien on any Property, Plant and Equipment of the Member, subject to certain permitted liens.

In connection with the issuance of the Prior Bonds, MPM Sherman Way executed a Mortgage with respect to the MSA-1 Facilities (collectively, the "Series 2025 Mortgage"). The Series 2025 Mortgage created a current assignment in favor of the Master Trustee of the rents due under Series 2025 Lease relating to the MSA-1 Facilities.

Pursuant to the requirements of the CSFP Program, the Lessee's interests in the MSA-SA Facilities and the MSA-5 Facility are subject to (i) a recorded lien in favor of the State reflecting that the each of such Facilities is held in trust by the Lessee for the benefit of the State public school system, and (ii) certain restrictive covenants disclosed by recorded notice. See "CERTAIN RISK FACTORS – No Fee Interest in Certain Facilities – State Lien and Restrictive Covenants, Conditions and Restrictions on MSA-SA Facilities."

NO FEE OR LEASEHOLD INTEREST IN THE LAND ON WHICH THE MSA-SD FACILITIES OR MSA-5 FACILITY ARE LOCATED OR IN THE MSA-SA FACILITIES OR MSA-5 FACILITY THEMSELVES SECURES THE RESPECTIVE OBLIGATIONS OF MPM SAN DIEGO AND MPM SANTA ANA UNDER THE MASTER TRUST INDENTURE.

Pursuant to the Master Indenture and in connection with the execution and delivery of the Series 2025 Mortgage, MPM Sherman Way has covenanted to obtain or cause to be obtained, one or more ALTA policies of lender's title insurance on the MSA-1 Facilities in an aggregate amount not less than the aggregate principal amount of the Related Indebtedness, insuring the Master Trustee, for the benefit of the Holders of the Obligations, insuring the fee title interest of such Member in the applicable Facilities, subject only to Permitted Liens, issued by a title insurance company qualified to do business in the State. See "CERTAIN RISK FACTORS – Limitations on Value of the Applicable Facilities and to Remedies Under the Mortgages" herein.

Pursuant to a Security Agreement by and between MPM San Diego and the Master Trustee, MPM San Diego granted the Master Trustee a security interest in the modular buildings that constitute the MSA-SD Facilities and in its interest in the MSA-SD Lease. MPM San Diego documented such security interest by means of a fixture filing recorded in the official records of San Diego County. Pursuant to a Security Agreement by and between MPM Santa Ana and the Master Trustee, MPM Santa Ana granted the Master Trustee a security interest in its interest in the Series 2025 School Loan Agreement. In addition, pursuant to a Security Agreement by and between MPM Santa Ana and the Master Trustee, MPM Santa Ana will grant the Master Trustee a security interest in its interest in the Series 2026 School Loan Agreement.

Additional Leases and School Loan Agreements Governed by the Master Indenture

Under the Master Indenture, "Lease" is defined as each lease agreement pursuant to which the Lessee leases a Facility at which a Program (as defined in the Master Indenture) is operated from a Member of the Obligated Group; provided, however, a lease agreement or sublease agreement pursuant to which the Lessee leases a Facility for the benefit of a School whose students in attendance at the Facility constitute 25% or fewer students of all students in attendance at the Facility subject to such lease or sublease, is not be considered a Lease for purposes of the Master Indenture. "School Loan Agreement" is defined under the Master Indenture as any loan agreement pursuant to which the Lessee or a Member of the Obligated Group borrows money from a Member of the Obligated Group or the Lessee for the benefit of a Facility at which a School is located. Upon the issuance of the Series 2026 Bonds, the only Leases will be the Series 2025 Leases and the only School Loan Agreements will be the Series 2025 School Loan Agreement and the Series 2026 School Loan Agreement.

SWDocID

Pursuant to the Master Indenture, "Program" or "Obligated Group Program" means each public charter school or administrative facility operated by a Lessee and located at one or more Facilities from and after the date upon which the Member that is the lessor or Lender under such Lease or School Loan Agreement, as applicable, joins the Obligated Group, but excluding any public charter school or administrative office operated by a Lessee at premises that do not constitute a Facility or is owned or leased by a Member that withdraws from the Obligated Group to the extent permitted by and in accordance with the Master Indenture, from and after the date of such withdrawal. As of the date of the execution of the Master Indenture, the Programs will include the charter school known as Magnolia Science Academy 1, CDS #19-10199-6119945; Magnolia Science Academy-San Diego, CDS #37-68338-0109157; Magnolia Science Academy-Santa Ana, CDS #30-76893-0130765; and Magnolia Science Academy 5, CDS # 19-10199-0137679.

If a Member of the Obligated group enters into a Lease or a School Loan Agreement (each as defined in the Master Indenture), such Lease or School Loan Agreement, must contain the following provisions:

(a) A liquidity covenant substantially similar to the covenant described under the heading "THE LEASES AND SCHOOL LOAN AGREEMENTS – Certain Related Covenants – Liquidity Covenant" herein.

(b) A coverage ratio covenant substantially similar to the covenant described under the heading "THE LEASES AND SCHOOL LOAN AGREEMENTS – Certain Related Covenants – Consolidated Base Rent Coverage Ratio Covenant" herein.

(c) A subordination of Central Office Management Fees substantially as described in "APPENDIX D – SUMMARY OF THE LEASES AND THE SCHOOL LOAN AGREEMENTS" attached hereto; and

(d) Covenants substantially similar to those described under the heading "THE LEASES AND SCHOOL LOAN AGREEMENTS – Certain Related Covenants – Other Financial Covenants" herein.

Upon the issuance of the Bonds, the Series 2025 Landlords and MPM Santa Ana will be the only Members of the Obligated Group, the only Leases (as defined in the Master Indenture) will be the Series 2025 Leases, the only School Loan Agreements will be the Series 2025 School Loan Agreement and the Series 2026 School Loan Agreement, and the only Schools (as defined in the Master Indenture) will be the Series 2026 Schools. MERF and the Borrower provide no assurances that other members of the Obligated Group, schools or leases will be added and be subject to the provisions of the Master Indenture.

THE LEASES AND SCHOOL LOAN AGREEMENTS

The following section contains a brief description of the Series 2025 Leases and the School Loan Agreements. All references in this Limited Offering Memorandum to the Leases and School Loan Agreements are qualified in their entirety by reference to the Leases and School Loan Agreements, copies of which may be obtained by request to the Underwriter. See "APPENDIX D – SUMMARY OF THE LEASES AND THE SCHOOL LOAN AGREEMENTS" attached hereto.

General

The primary sources of Gross Revenues for the Members of the Obligated Group are (i) the payment of Rent received pursuant to the Leases, and (ii) the payment of School Loan Repayments under School Loan Agreements. Under the Leases, each Landlord leases to MERF, and MERF leases from each Landlord, a respective Facility. The provisions of each Lease are substantially similar except for the term of the Lease, the amount of rent payable and the Facility subject to each Lease.

SWDocID

For the Series 2025 Facilities, the Series 2025 Leases will have a term (the "Lease Term") of approximately 35 years, which are scheduled to expire on June 30, 2060. The term of the Series 2025 School Loan Agreement extends to July 1, 2055, while the term of the Series 2026 School Loan Agreement extends to July 1, 20__.

Payment of Rent Under Series 2025 Leases

Pursuant to each Series 2025 Lease, the Lessee will make monthly payments of Rent. "Rent," as defined under each Series 2025 Lease, comprises the following: (i) Base Rent (as defined in each Lease); (ii) Additional Rent (as defined in each Lease); and (iii) Expenses (as defined in each Lease), together with all other monetary obligations of the Lessee to the applicable lessor or to third parties arising under the terms of the Leases. See "APPENDIX D – SUMMARY OF THE LEASES AND THE SCHOOL LOAN AGREEMENTS" attached hereto.

The Lessee will cause all Rent payable to the Borrower under the Series 2025 Leases to be payable in lawful money of the United States on or before the day on which it is due, without offset or deduction. Notwithstanding the foregoing, the Lessee will receive a credit for Rent owed to the applicable lessor to the extent the Trustee receives monies on behalf of the Lessee under the Intercept for the School. The Lessee has covenanted to take such action as may be necessary to include all such payments of Rent due under the Leases in its annual budgets, to make, as necessary, annual appropriations for all such payments and to take such action annually as shall be required to provide funds in such year for such payments of Rent.

Lessee's obligation to pay the Rent shall be a general obligation of the Lessee, payable from any revenues of the Lessee legally available therefor. "APPENDIX D – SUMMARY OF THE LEASES AND THE SCHOOL LOAN AGREEMENTS" attached hereto.

Pursuant to the Series 2025 Leases, the Lessee covenants that payment of management fees to third parties will be subordinate to payments of Rent under the Series 2025 Leases. See " – Certain Related Covenants – Financial Covenants – Subordination of Management Fees" below.

Certain Related Covenants

General. The Leases and School Loan Agreements contain various covenants (including reporting covenants), representations and warranties made by the Lessee to applicable Member. Covenants include:

(i) restrictions on the use of the applicable Facilities to the operation of the applicable School;

(ii) compliance by Lessee with applicable laws, including all environmental laws and Applicable Requirements (as defined in such Lease or the School Loan Agreement);

(iii) sublease and assignment restrictions without a Landlord's consent under the Leases;

(iv) covenants to maintain insurance policy coverages required under the Master Indenture, as set forth in such Leases and School Loan Agreements;

(v) indemnification of the applicable Landlord or School Lender pursuant to the terms of the Leases and School Loan Agreements;

(vi) covenant to take all reasonable actions to maintain Lessee's Charters;

(vii) limitations on disposition of property, plant and equipment of the Lessee;

(viii) covenant not to incur further indebtedness; and

SWDocID

(ix) covenant not to take any action or omit to take any action that, if taken or omitted, would cause Lessee to lose status as an organization described under Section 501(c)(3) of the Code.

Liquidity Covenant. The Lessee covenants and agrees that its Days Cash on Hand shall be equal to or greater than 45 days beginning in the Fiscal Year ending June 30, 2026. The Lessee will provide a certificate to the applicable Member, the Trustee and the Master Trustee at the time of delivery of its financial statements for each Fiscal Year, commencing with the Fiscal Year ending June 30, 2026, certifying to the Days Cash on Hand as of the end of such Fiscal Year.

"Days Cash on Hand" means (a) the sum of the aggregate amount of (i) unrestricted cash and cash equivalents, (ii) unrestricted investments, each as shown on the Lessee's audited financial statements for each Fiscal Year, and (iii) any State payments accrued to such Fiscal Year and scheduled to be received within three months following the end of such Fiscal Year, divided by (b) the Total Program Operating Expenses for the applicable Fiscal Year divided by 365.

"Total Program Operating Expenses" means all reasonable and necessary current expenses of the Lessee; provided, however, "Total Program Operating Expenses" shall not include (i) any allowance for depreciation or amortization, (ii) expenses incurred in connection with capital improvements, (iii) expenses paid from grants from state, federal or local sources, or from any Person, which would generally be excluded under Program Revenues, (iv) expenses incurred for MTI Base Rent and School Loan Repayments payable under the Leases and School Loan Agreements, respectively, (v) expenses incurred under any capitalized leases, (vi) payments of the Debt Service Requirement of the Lessee and (vii) Central Office Management Fees.

"MTI Base Rent" means, with respect to any Lease, the amount of Rent designated as such; provided however that, total Base Rent for all Leases equals an amount not less than (a) the debt service due and payable on all Related Indebtedness with respect to Facilities plus (2) any Ground Rent on Facilities.

If the certificate indicates that the Days Cash on Hand as of such date was less than 45 days, it shall not constitute an event of default under the Lease or an Event of Default under the Master Indenture but Lessee covenants to retain an Independent Consultant at the expense of Lessee, on behalf of the Related Projects, within 45 days, to make recommendations to increase such balances in the then-current Fiscal Year to the required level or, if in the opinion of the Independent Consultant the attainment of such level is impracticable, to the highest level attainable in such Fiscal Year. The Independent Consultant selected and appointed by the Lessee may be rejected upon the written request of the Related Indebtedness Holders of not less than a majority in aggregate principal amount of the Related Indebtedness then Outstanding; if so rejected, the Lessee covenants to use its best efforts to appoint a new Independent Consultant within 45 days thereof. Any Independent Consultant will be required to submit its recommendations to the Lessor, the Related Lender/Bond Trustee and the Master Trustee within 90 days after being so retained. Upon submission of the Independent Consultant's report, the Lessee shall arrange for payment of the amount owed to the Independent Consultant and, within 30 days following receipt of the Independent Consultant's report, issue a written certificate to the Related Indebtedness Holders of the Outstanding Related Indebtedness, the Related Lender/Bond Trustee and the Master Trustee, and Lessor indicating the Lessee's acceptance or rejection of all or any material portion of the Independent Consultant's recommendations. Notwithstanding the foregoing, (x) the Related Indebtedness Holders of a majority of the Outstanding Related Indebtedness shall have the right, by written notice to the Lessee, to require the Lessee to comply with any recommendation of the Independent Consultant set forth in the Independent Consultant's report to the fullest extent practicable and allowed by law and (y) the failure of Lessee to comply with this covenant shall not constitute a Default or Breach unless Lessee fails to comply with the written direction of the Related Indebtedness Holders of a majority of the Outstanding Related Indebtedness to retain the Independent Consultant. Lessee will not be obligated to retain such an Independent Consultant more often than once during any 24-month period.

Consolidated Base Rent Coverage Ratio Covenant. The Lessee covenants and agrees to calculate for each Fiscal Year its Consolidated Base Rent Coverage Ratio based on its audited financial statements for such Fiscal Year, and to provide a copy of such calculation for such period to the Lessor and the Master Trustee annually commencing with the Fiscal Year ending June 30, 2026.

Lessee shall deliver to the Lessor, the Related Lender/Bond Trustee and the Master Trustee an officer's certificate executed by the Chief Executive Officer or Chief Financial Officer of the Lessee, no later than 180 days after the close of each Fiscal Year, commencing with the Fiscal Year ended June 30, 2026, setting forth the Consolidated Base Rent Coverage Ratio as of the FY End Calculation Date.

If the Consolidated Base Rent Coverage Ratio as of any FY End Calculation Date is below 1.10, but above 1.00, the Lessee, at the written direction of at least a majority of the Related Indebtedness Holders of the Outstanding Related Indebtedness, shall retain, at its expense, an Independent Consultant acceptable to such Related Indebtedness Holders. The Independent Consultant shall deliver a written report to the Lessor, the Lessee, the Related Lender/Bond Trustee, the Master Trustee and the Related Indebtedness Holders, within 90 days following the Lessee's engagement of the Independent Consultant, containing recommendations concerning the Lessee with respect to the Related Projects' operations, financing practices and activities, including use of Short-Term Indebtedness, lease financing and investment activities; management practices, including use of consultants, budgeting practices, and on-going financial systems and monitoring of the Lessee's financial condition with respect to the Related Projects; governance and administrative practices; and such other matters relevant to maintaining compliance with the requirements under this provision. Upon submission of the Independent Consultant's report, the Lessee shall arrange for payment of the amount owed to the Independent Consultant and, within 30 days following receipt of the Independent Consultant's report, issue a written certificate to the Related Indebtedness Holders of the Outstanding Related Indebtedness, the Related Lender/Bond Trustee, the Master Trustee and Lessor indicating the Lessee's acceptance or rejection of all or any material portion of the Independent Consultant's recommendations. Notwithstanding the foregoing, (x) the Related Indebtedness Holders of a majority of the Outstanding Related Indebtedness shall have the right, by written notice to the Lessee, to require the Lessee to comply with any recommendation of the Independent Consultant set forth in the Independent Consultant's report to the fullest extent practicable and allowed by law and (y) the failure of Lessee to comply with this covenant shall not constitute a Default or Breach unless Lessee fails to comply with the written direction of the Related Indebtedness Holders of a majority of the Outstanding Related Indebtedness to retain the Independent Consultant.

It shall be considered an Event of Default if the Consolidated Base Rent Coverage Ratio as of any FY End Calculation Date, commencing with the Fiscal Year ended June 30, 2026, is below 1.0.

"Consolidated Base Rent Coverage Ratio" means the ratio determined by dividing Consolidated Net Program Operating Revenue, for such period by the Consolidated Base Rent Payment Obligation.

"Consolidated Base Rent Payment Obligation" means the sum of all Lessee Base Rent Payment Obligations for all Facilities and proposed Facilities.

"FY End Calculation Date" means each of June 30 of each year.

"Program Operating Expenses" means all reasonable and necessary current expenses of the Lessee relating solely and arising from the Related Projects, as a group; provided, however, "Program Operating Expenses" shall not include (i) any allowance for depreciation or amortization, (ii) expenses incurred in connection with capital improvements, (iii) expenses paid from any restricted grants from state, federal or local sources, or from any Person, which were excluded from Program Revenues, (iv) expenses incurred for MTI Base Rent and School Loan Repayments payable under the Leases and School Loan Agreements, respectively, (v) expenses incurred under any capitalized leases, (vi) payments of the Debt Service Requirement of the Lessee and (vii) Central Office Management Fees.

SWDocID

Subordination of Management Fees. If Lessee enters into a Management Agreement for the payment of Central Office Management Fees to Lessee or any supporting organization of Lessee under Internal Revenue Code Section 509(a)(3), or any of their respective affiliates, with respect to the School, Lessee shall amend any such Management Agreement for the School such that, so long as Related Indebtedness remain outstanding: (i) the obligation of Lessee to pay Central Office Management Fees relating to the School shall be subordinate to its payment of operating expenses of the School, rent payments to Lessor under the Lease and/or School Loan Repayments under a School Loan Agreement; (ii) the obligation of Lessee to pay Central Office Management Fees relating to the School shall be suspended for any such time as the payment of Central Office Management Fees would cause Lessee to fail to meet any of the financial covenants contained in the applicable Lease or School Loan Agreement; and (iii) during any period of time when Central Office Management Fees remain unpaid, such fees shall accrue without interest. If Lessee has not engaged a separate manager with respect to the School, Lessee agrees that it shall not apply any Program Revenues to costs and expenses of management unless and until all Rent or School Loan Repayments, a applicable, is fully paid and the Master Indenture is not in default.

"Central Office Management Fees" means any fee or charge, including any funds transfer recognized as an expenditure for accounting purposes, charged by Lessee for management services provided to the Schools, including pursuant to a Management Agreement, which fee shall be subordinate to the payment of Rent due under the Lease and to payment of School Loan Repayments under the School Loan Agreement.

Limitation on Liens on Program Revenues. Pursuant to each Series 2025 Lease and Series 2025 School Loan Agreement, the Lessee covenants and agrees that, except for liens existing on the date of the agreements and liens in favor of the Authority or another agency of the State arising pursuant to Section 17199.4 of the Education Code and securing Lessee Indebtedness permitted thereunder it will not create, assume or suffer to exist any lien upon the Program Revenues and that, if a subordinate security interest is created or assumed upon the Program Revenues by the Lessee, the Lessee will make or cause to be made effective a provision whereby the obligations of the Lessee under such Series 2025 Lease or Series 2025 School Loan Agreement, as applicable, will be secured prior to any such indebtedness or other obligation secured by such security interest and that the revenues required by any related Intercept Notice to be deposited with a Related Bond Trustee will continue to be so deposited. The Lessee also covenants in each Series 2025 Lease and Series 2025 School Loan Agreement that, except for liens in favor of the Authority or another agency of the State arising pursuant to Section 17199.4 of the Education Code securing Lessee Indebtedness permitted thereunder, a security interest in the Program Revenues may only be created in connection with the issuance of Indebtedness under the Master Indenture.

Limitations on Obligated Group Program Indebtedness. The Lessee covenants that it will not incur, assume or guarantee ("incur") any Obligated Group Program Indebtedness (secured or unsecured), except Obligated Group Program Indebtedness with respect to purposes specifically benefiting the Lessee, and except as provided below.

(a) Short-Term Lessee Indebtedness. The Lessee may incur Obligated Group Program Short-Term Indebtedness (as defined below) for working capital purposes as in its judgment is deemed expedient, which may be secured on parity with the Lessee's obligations under the Leases and any School Loan Agreement, provided that in no event will the Lessee incur such Obligated Group Program Short-Term Indebtedness, together with Obligated Group Program Interim Indebtedness (as defined below), that is, on a combined basis, in excess of the greater of: (1) 35% of Operating Expenses in any Fiscal Year, or (2) the maximum amount of advance apportionment and principal apportionment due to the Project in any fiscal year that is deferred at any time or subject to deferral pursuant to Section 14041.6 of the Education Code or Sections 16325.5 and 16326 of the California Government Code, or any subsequent legislation authorizing additional deferrals of such apportionments (collectively "Maximum Deferred Apportionment").

"Obligated Group Program Short-Term Indebtedness" means all Obligated Group Program Indebtedness having an original maturity less than or equal to one year and not renewable at the option of the

SWDocID

Lessee for a term greater than one year from the date of original incurrence or issuance, provided however, that any Obligated Group Program Short-Term Indebtedness that has been issued as revenue anticipation notes ("RANs") will not be included or counted as Obligated Group Program Short-Term Indebtedness to the extent that the RANs are secured by deferred state apportionment revenues expressly pledged and deposited in an intercept account to pay such RANs.

(b) Interim Indebtedness. The Lessee may incur Obligated Group Program Interim Indebtedness (as defined below) to finance or refinance existing capital needs as in its judgment is deemed expedient, which may be secured on parity with the Lessee's obligations under the Leases and any School Loan Agreement, provided that in no event will the Lessee incur such Obligated Group Program Interim Indebtedness, together with outstanding Short-Term Lessee Indebtedness, on a combined basis, is in excess of the greater of: (1) 35% of Operating Expenses in any Fiscal Year, or (2) Maximum Deferred Apportionment.

"Obligated Group Program Interim Indebtedness" means all Obligated Group Program Indebtedness having an original maturity less than or equal to five years and not renewable at the option of the Lessee for a term greater than five years from the date of original incurrence or issuance.

(c) Obligated Group Program Long-Term Indebtedness. The Lessee may incur Obligated Group Program Long-Term Indebtedness (as defined below) if, prior to the issuance of such Obligated Group Program Long-Term Indebtedness, the Obligated Group Representative files the following certificates and report, as applicable, with the Master Trustee:

(i) an Officer's Certificate is filed with the Master Trustee demonstrating that, for the Obligated Group's most recently completed Fiscal Year, the Lessee has complied with all covenants set forth in its School Loan Agreement or Lease, as applicable, as provided therein; and

(ii) either

(A) an Independent Consultant selected by the Lessee provides a written report setting forth projections which indicate that the Consolidated Base Rent Coverage Ratio for the first three full Fiscal Years following completion of such Facility or Facilities financed with such Additional Indebtedness in which the Lessee will have scheduled payments of interest on or principal of the Additional Indebtedness to be issued for the payment of which provision has not been made as indicated in the report of such Independent Consultant from proceeds of such Additional Indebtedness, investment income thereon or from other appropriate sources (other than Consolidated Base Rent), provides for a Consolidated Base Rent Coverage Ratio, taking into account all Outstanding Long Term Indebtedness and the Additional Indebtedness to be issued, of not less than 1.20:1.0. The report of the Independent Consultant shall take into account, when applicable, the audited results of operations and verified enrollment of the Related Schools for the most recently completed Fiscal Year and projected enrollment of the Related Schools and Gross Revenues at the completion of such Facility or Facilities financed with such Additional Indebtedness. In addition, the report of the Independent Consultant shall assume that the Long Term Indebtedness then to be incurred shall have been Outstanding for the entire year; or

(B) an Officer's Certificate is filed with the Master Trustee demonstrating that, based on audited results of the operations for the most recently completed Fiscal Year, the Consolidated Base Rent Coverage Ratio, taking into account all Outstanding Long-Term Indebtedness and the Additional Indebtedness to be issued, is not less than 1.10.

Obligated Group Program Long Term Indebtedness may also be incurred for the purpose of refunding any Outstanding Obligated Group Program Indebtedness, if prior to the incurrence thereof, there is delivered to the Trustee an Officer's Certificate demonstrating that (i) the maximum annual debt service with respect to all

SWDocID

Obligated Group Program Long-Term Indebtedness will not increase by more than 10% after the incurrence of such proposed refunding of Obligated Group Program Long Term Lessee Indebtedness and after giving effect to the disposition of the proceeds thereof; (ii) the total debt service on the Obligated Group Program Long-Term Indebtedness being refinanced will not increase by more than 10% after the incurrence of such proposed refunding Obligated Group Program Long-Term Indebtedness and after giving effect to the disposition of the proceeds thereof; or (iii) the requirements of subsection (a)(1) above (regarding the Consolidated Base Rent Coverage Ratio) are met; provided that the foregoing shall not apply to any refinancing with Balloon Indebtedness.

"Obligated Group Program Long-Term Indebtedness" means all Obligated Group Program Indebtedness having an original maturity greater than one year or renewable at the option of the Lessee for a period greater than one year from the date of original incurrence or issuance thereof unless, by the terms of such Lessee Indebtedness, the Obligated Group Program Long-Term Indebtedness is not permitted to be outstanding thereunder for a period of at least 20 consecutive days during each calendar year.

(d) Facility Leases. Obligated Group Program Indebtedness consisting of leases for charter school facilities, the term of which do not exceed two years (including any term extension options), may be incurred without limitation.

A lease for a charter school or other facility with a term exceeding two years (including any term extension options) shall be considered Obligated Group Program Long-Term Indebtedness.

(f) Subordinate Lessee Indebtedness. Subordinate Lessee Indebtedness may be incurred without limitation.

"Subordinate Lessee Indebtedness" means all Lessee Indebtedness the repayment of which is expressly subordinate to the repayment of (i) the obligations of the Lessee under all Leases and School Loan Agreements, and (ii) Lessee Indebtedness secured on parity with obligations of the Lessee under all Leases and School Loan Agreements.

Other Financial Covenants. Additionally, the Lessee will make the following covenants in each Series 2025 Lease and Series 2025 School Loan Agreement relating to a Related Project financed by the Authority:

Use of Intercept Moneys. The Lessee covenants that all funds subject to an Intercept shall only be transferred to a Related Lender/Bond Trustee for Related Indebtedness issued by the Authority.

Use of Public Moneys. The Lessee covenants that it will not use any public money, assets, and funds for support of the public school system that it receives through apportionments from the State in a manner that conflicts with or constitutes on its part or on the part of the School a violation or breach of any California statute, rule or regulation governing the use of those moneys.

In addition, the Authority will be a third-party beneficiary with respect to the foregoing provisions under each Series 2025 Lease or Series 2025 School Loan Agreement.

Limitation on Disposition of Property, Plant and Equipment. Lessee covenants that, without the consent of the Master Trustee, it will not dispose or transfer any property, plant and equipment consisting of all or any part of the applicable Premises, including pursuant to any lease, except for dispositions or transfers:

(a) of property, plant and equipment no longer necessary for the operation of the Premises;

(b) of property, plant and equipment replaced by property, plant and equipment of similar type and/or of substantially equivalent function with a substantially equivalent value; or

SWDocID

(c) of property, plant and equipment sold or disposed of at a price equal to its fair market value.

See "CERTAIN RISK FACTORS – No Fee Interest in Certain Facilities – State Lien and Restrictive Covenants, Conditions and Restrictions on MSA-SA Facilities" for additional restrictions relating to the MSA-SA Facilities.

Financial Reporting. The Lessee agrees to provide the Borrower, and upon written request of the Trustee or Master Trustee, to the Trustee or Master Trustee, the following information:

(a) Quarterly unaudited financial information and operating data of the School not later than 60 days after the end of each quarter, commencing with the quarter ending June 30, 2025.

(b) Quarterly, not later than 60 days after the end of each quarter, commencing with the quarter ending December 31, 2025, a report of the School's quarterly enrollment data and waitlist data by grade for the previous fiscal quarter.

(c) Prior to the end of each fiscal year, a copy of the annual budget of the School for the subsequent Fiscal Year.

(d) Quarterly, not later than 60 days after the end of each quarter, commencing with the quarter ending December 31, 2025, a year to date comparison of the revenue and expenditures in the unaudited financial statements for such quarter to the annual budget for the applicable fiscal year.

(e) Quarterly, not later than 60 days after the end of each quarter, commencing with the quarter ending December 31, 2025, a copy of any recommendations of any Independent Consultant received in accordance with the Master Indenture pursuant to the Liquidity Covenant and Consolidated Base Rent Coverage Ratio covenant under the Lease described above.

(f) Annually, no later than six (6) months after the close of each fiscal year, commencing with the Fiscal Year ending June 30, 2025, copies of the audited financial statements of the Lessee and the School for the prior fiscal year prepared in accordance with generally accepted accounting principles applicable to nonprofit corporations from time to time, if available.

(g) Annually, no later than six (6) months after the close of each fiscal year, commencing with the Fiscal Year ending June 30, 2026, the certifications and calculations of the Consolidated Days Cash on Hand and the Consolidated Base Rent Coverage Ratio as described in the Liquidity Covenant and Consolidated Base Rent Coverage Ratio covenant under the Lease described above.

(h) Such other information as may be reasonably requested by the Borrower, the applicable Issuer, the Trustee or the Master Trustee.

See "APPENDIX D – SUMMARY OF THE LEASES AND THE SCHOOL LOAN AGREEMENTS" attached hereto.

CHARTER SCHOOLS

General

This section provides a brief overview of California's charter school law. Prospective purchasers of the Bonds should note that the overview contained in this section and the summary of relevant law noted by cross-reference in the sections that follow are provided for the convenience of prospective purchasers but are not and do not purport to be comprehensive. Additional information regarding various aspects of charter

school funding in California is available on numerous State-maintained websites and through other publicly available sources.

Under State Law, charter schools are largely independent schools operating as part of the public school system under the exclusive control of the officers of the public schools. A charter school is usually created or organized by a group of teachers, parents and community leaders, or a community-based organization, and is usually sponsored by an existing local public school district or county board of education. Specific goals and operating procedures for the charter school are detailed in a "charter" granted by the sponsoring board to the charter organizers.

A charter school is generally exempt from the laws governing school districts, except where specifically noted in the law. Charter schools in the State are created pursuant to Part 26.8 (beginning with Section 47600) of Division 4 of Title 2 of the Education Code (the "Charter School Law"). The law also requires that a public charter school be nonsectarian in its programs, admission policies, employment practices and all other operations, and prohibits the conversion of a private school to a charter school. Public charter schools may not charge tuition and may not discriminate against any pupil on the basis of ethnicity, national origin, gender or disability. State public charter schools are required to participate in the State Testing and Reporting Program.

According to the Charter School Law, the purpose of a charter school is to: (1) improve pupil learning; (2) increase learning opportunities for all pupils, with special emphasis on expanded learning experiences for pupils identified as academically low achieving; (3) encourage the use of different and innovative teaching methods; (4) create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site; (5) provide parents and students with expanded choices in the types of educational opportunities that are available within the public school system; (6) hold schools accountable for meeting measurable pupil outcomes and provide schools a way to shift from a rule-based to a performance-based system of accountability; and (7) provide vigorous competition within the public school system to stimulate continual improvements in all public schools.

Anyone may write a charter. However, for a new charter school (not conversion of an existing traditional public school), charter developers must present a petition to the governing board of the local school district (or other chartering authority) containing the signatures of either: (1) a number of teachers meaningfully interested in teaching at the school equal to at least 50 percent of the number of teachers the charter school estimates will be employed during the charter school's first year of operation, or (2) a number of parents or legal guardians representing at least 50 percent of the number of pupils expected to enroll at the school in its first year. For conversion schools, Charter School Law requires signatures of at least 50 percent of the permanent status teachers at the school to be converted. Pupils may not be required to attend a charter school nor may teachers be compelled to teach there. Charters are granted for a maximum term of five years, and may be renewed for new five-year terms without limitation upon satisfaction of certain criteria described below; provided, however, that under certain circumstances, high-performing charter schools may be renewed for a period of between five seven years.

Generally, each charter school is funded to its statutory entitlement after the local contribution is taken into account. Local funding comes from the chartering school district or other sponsoring local education agency in lieu of property taxes (generally funded from the school district's own property tax receipts), while the State funds the balance directly through the county office of education. The proportion coming from the State will vary from district to district depending on the amount of local property taxes collected. In addition, charter schools receive certain State funding and lottery funds based upon pupil attendance, and may be eligible for other special programmatic aid from State and federal grants. Charter schools are prohibited from charging tuition under the Charter School Law.

Chartering Authority

Under the Charter School Law, the local school district governing board serves as the primary chartering authority. A petitioner may seek approval of a charter from a county board of education if the pupils to be served are pupils that would normally be provided direct education and related services by the county office of education. A petitioner may also seek approval from a county board of education for a countywide charter school, which may be granted only if the county board finds that the proposed countywide charter school will offer services to a pupil population that will benefit from those services and that cannot be served as well by a charter school that operates only in one school district in the county. See " – Countywide Benefit Charter Schools" below. Petitioners may request the county board of education to review a charter petition if the petition has been previously denied by the local school district governing board.

If the governing board of a school district denies a petition and the county lacks an independent county board of education, the petitioner may elect to submit the petition for the establishment of a charter school to the state board. If the denial of a charter petition is reversed by the state board, the state board shall designate the governing board of the school district in which the charter school is located as the chartering authority.

If the county board of education denies a petition, the petitioner may appeal that denial to the state board. The state board shall either hear the appeal or summarily deny review of the appeal based on the documentary record. If the state board hears the appeal, the state board may affirm the determination of the governing board of the school district or the county board of education, or both of those determinations, or may reverse only upon a determination that there was an abuse of discretion. If the denial of a charter petition is reversed by the state board, the state board shall designate, in consultation with the petitioner, either the governing board of the school district or the county board of education in which the charter school is located as the chartering authority.

For information concerning the charters granted with respect to each of the Schools, see "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto.

Elements of a Charter Petition

Each charter petition, at a minimum, must contain reasonably comprehensive descriptions of each of sixteen required elements. They are:

1. A description of the educational program of the charter school.

2. The annual goals for the charter school for all pupils and for each subgroup of pupils, and specific annual actions to achieve those goals.

3. If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements.

4. The measurable pupil outcomes identified for use by the charter school.

5. The method by which pupil progress in meeting those pupil outcomes is to be measured.

SWDocID

6. The charter school's governance structure, including parental involvement.

7. The qualifications to be met by individuals employed by the charter school.

8. Procedures to ensure health and safety of pupils and staff. These procedures shall include: that each employee of the charter school furnish the charter school with a criminal record summary; the development of a school safety plan; and that the school safety plan be reviewed and updated by March 1 of every year by the charter school.

9. The means by which the charter school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, reflective of the general population residing in the chartering district.

10. Admission policies and procedures, consistent with the requirements in Education Code Section 47605(e).

11. The manner in which annual, independent financial audits will be conducted, and the manner in which audit exceptions and deficiencies will be resolved to the satisfaction of the chartering authority.

12. The procedures by which pupils may be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason.

13. Provisions for employee coverage under the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security.

14. The public school attendance alternatives for pupils residing within the district who choose not to attend charter schools.

15. A description of the rights of any employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.

16. The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter.

17. A declaration of whether or not the charter school will be deemed the exclusive public school employer of the employees of the charter school for purposes of the Educational Employment Relations Act.

18. A description of the procedures for closure of the school, including the disposition of assets and the maintenance and transfer of pupil records.

Under the accountability requirements of Assembly Bill 1137 ("AB 1137"), signed into law in October 2003, districts or other agencies that grant charter authority must identify a contact person for charter schools, visit each charter school at least once a year, and ensure that charter schools submit all required reports (including fiscal reports that must be sent four times a year to the district and local county office of education). In addition, the district must monitor the fiscal condition of its charter schools and notify the State Department of Education whenever a charter is granted, denied, revoked, or the charter school will cease operation. AB 1137 also required that charter schools show a certain level of academic performance to have their charters renewed.

SWDocID

Approval or Denial of Charter Petition

No later than 60 days after receiving a petition, the governing board of the school district will hold a public hearing on the provisions of the charter, at which time the governing board of the school district will consider the level of support for the petition by teachers employed by the school district, other employees of the school district, and parents. Following review of the petition and the public hearing, the governing board of the school district will either grant or deny the charter within 90 days of receipt of the petition, provided, however, that the date may be extended by an additional 30 days if both parties agree to the extension.

The governing board of the school district will publish all staff recommendations, including the recommended findings and, if applicable, the certification from the county superintendent of schools prepared pursuant to paragraph (8) below, regarding the petition at least 15 days before the public hearing at which the governing board of the school district will either grant or deny the charter. At the public hearing at which the governing board of the school district will either grant or deny the charter, petitioners will have equivalent time and procedures to present evidence and testimony to respond to the staff recommendations and findings.

In reviewing petitions for the establishment of charter schools authorized by a school district, the chartering authority will be guided by the intent of the State Legislature that charter schools are and should become an integral part of the California educational system and that the establishment of charter schools should be encouraged. The governing board of the school district will grant a charter for the operation of a school if it is satisfied that granting the charter is consistent with sound educational practice and with the interests of the community in which the school is proposing to locate. The governing board of the school district shall consider the academic needs of the pupils the school proposes to serve.

The governing board of the school district will not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

(1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school;

(2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition;

(3) The petition does not contain the number of required signatures;

(4) The petition does not contain an affirmation of each of the admission conditions described in Education Code Section 47605(e);

(5) The petition does not contain reasonably comprehensive descriptions of all of the elements described in " – Elements of a Charter Petition" herein; and

(6) The petition does not contain a declaration of whether or not the charter school will be deemed the exclusive public employer of the employees of the charter school for purposes of Chapter 10.7 of the Government Code.

(7) The charter school is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate. Analysis of this finding shall include consideration of the fiscal impact of the proposed charter school. A written factual finding under this paragraph shall detail specific facts and circumstances that analyze and consider the following factors:

SWDocID

(A) The extent to which the proposed charter school would substantially undermine existing services, academic offerings, or programmatic offerings.

(B) Whether the proposed charter school would duplicate a program currently offered within the school district and the existing program has sufficient capacity for the pupils proposed to be served within reasonable proximity to where the charter school intends to locate.

(8) The school district is not positioned to absorb the fiscal impact of the proposed charter school. A school district satisfies this paragraph if it has a qualified interim certification pursuant to Section 1240 of the Education Code and the county superintendent of schools, in consultation with the County Office Fiscal Crisis and Management Assistance Team, certifies that approving the charter school would result in the school district having a negative interim certification pursuant to Section 1240 of the Education Code, has a negative interim certification pursuant to Section 1240 of the Education Code, or is under state receivership. Charter schools proposed in a school district satisfying one of these conditions shall be subject to a rebuttable presumption of denial.

In reviewing petitions for the establishment of charter schools within the school district, the governing board of the school district will give preference to petitions that demonstrate the capability to provide comprehensive learning experiences to pupils identified by the petitioner or petitioners as academically low achieving pursuant to the standards established by the State Board of Education.

If the governing board of a school district denies a petition, the petitioner may elect to submit the petition for the establishment of a charter school to the county board of education. The county board of education will review the petition pursuant to the same process by which a school district reviews a charter school petition.

If the governing board of a school district denies a petition and the county board of education has jurisdiction over a single school district, the petition may elect to submit the petition for the establishment of a charter school to the state board. The state board will review the petition pursuant to the same process by which a school district reviews a charter school petition. If the denial of a charter petition is reversed by the state board, the state board shall designate the governing board of the school district in which the charter school is located as the chartering authority.

If the county board of education denies a petition, the petitioner may appeal that denial to the state board. The state board will either hear the appeal or summarily deny review of the appeal based on the documentary record. If the state board hears the appeal, the state board may affirm the determination of the governing board of the school district or the county board of education, or both of those determinations, or may reverse only upon a determination that there was an abuse of discretion. If the denial of a charter petition is reversed by the state board, the state board will designate, in consultation with the petitioner, either the governing board of the school district or the county board of education in which the charter school is located as the chartering authority.

If either the county board of education or the state board fails to act on a petition within 180 days of receipt, the decision of the governing board of the school district to deny the petition will be subject to judicial review.

Charter Renewal

A chartering authority may grant one or more renewals of a charter petition. Except as otherwise described herein, each renewal will be for a period of five years. Renewals and material revisions of charters are governed by the same standards and criteria as initial approvals of charter petitions, and will include, but

SWDocID

not be limited to, a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed.

AB 130 (as defined herein), which was signed into law by the Governor on July 9, 2021, automatically extends by two years the term of all existing charter schools whose term expires between January 1, 2022 and June 30, 2025, inclusive. See "– Amendments to the Charter School Law" below.

A charter school that, concurrently with its renewal, proposes to expand operations to one or more additional sites or grade levels must request a material revision to its charter, which may be made only with the approval of the chartering authority and is governed by the standards and criteria of an initial approval or denial of a charter petition. Paragraphs numbered (7) and (8) under the heading " – Approval or Denial of Charter Petition" above may not be used to deny a renewal of an existing charter school, but may be used to deny a proposed expansion constituting a material revision.

The chartering authority shall consider the schoolwide performance and performance of all subgroups of pupils served by the charter school on the state indicators included in the California School Dashboard and the performance of the charter school on the local indicators included in the California School Dashboard. The chartering authority shall provide greater weight to performance on measurements of academic performance in determining whether to grant a charter renewal. In addition to the state and local indicators, the chartering authority shall consider clear and convincing evidence, demonstrated by verified data, showing either of the following:

(A) The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.

(B) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.

The chartering authority may deny a charter renewal only upon making written findings, setting forth specific facts to support the findings, that the charter school has failed to meet or make sufficient progress toward meeting standards that provide a benefit to the pupils of the school, that closure of the charter school is in the best interest of pupils and, if applicable that its decision provided greater weight to performance on measurements of academic performance.

Authorizer Shall Renew. The chartering authority shall not deny renewal for a charter school if either of the following apply for two consecutive years immediately preceding the renewal decision; provided, however, that a charter school eligible for technical assistance shall not qualify for renewal under this provision:

(A) The charter school has received the two highest performance levels schoolwide on all the state indicators included in the California School Dashboard for which it receives performance levels; and

(B) For all measurements of academic performance, the charter school has received performance levels schoolwide that are the same or higher than the state average and, for a majority of subgroups performing statewide below the state average in each respective year, received performance levels that are higher than the state average.

The chartering authority that granted the charter may renew a charter pursuant to this paragraph for a period of between five and seven years.

Notwithstanding the above, the chartering authority may deny renewal of a charter school upon a finding that the school is demonstrably unlikely to successfully implement the program set forth in the petition due to

substantial fiscal or governance factors, or is not serving all pupils who wish to attend. The chartering authority may deny renewal of a charter school pursuant to this provision only after it has provided at least 30 days' notice to the charter school of the alleged violation and provided the charter school with a reasonable opportunity to cure the violation, including a corrective action plan proposed by the charter school.

Authorizer Shall Not Renew. The chartering authority shall not renew a charter if either of the following apply for two consecutive years immediately preceding the renewal decision:

(A) The charter school has received the two lowest performance levels schoolwide on all the state indicators included in the California School Dashboard for which it receives performance levels.

(B) For all measurements of academic performance, the charter school has received performance levels schoolwide that are the same or lower than the state average and, for a majority of subgroups performing statewide below the state average in each respective year, received performance levels that are lower than the state average.

The chartering authority shall consider the following factors, and may renew a charter that meets the criteria above only upon making both of the following written factual findings, specific to the particular petition, setting forth specific facts to support the findings:

(A) The charter school is taking meaningful steps to address the underlying cause or causes of low performance, and those steps are reflected, or will be reflected, in a written plan adopted by the governing body of the charter school.

(B) There is clear and convincing evidence showing either of the following:

(i) The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.

(ii) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.

For a charter renewed pursuant to this provision, the chartering authority may grant a renewal for a period of two years.

Countywide Benefit Charter Schools

Education Code Section 47605.6 provides for the creation of countywide benefit charter schools to operate at one or more sites within the geographic boundaries of a county and that provide instructional services that are not generally provided by a county office of education. A county board of education may approve a countywide charter only if it finds, in addition to the other requirements of the Charter School Law, that the educational services to be provided by the charter school will offer services to a pupil population that will benefit from those services and that cannot be served as well by a charter school that operates in only one school district in the county.

The provisions governing denial of a charter petition for school district governing boards also apply to the denial of a charter petition for countywide benefit charters. A county board of education will deny a petition if it finds one or more of the following: (i) the charter school presents an unsound educational program for the pupils to be enrolled in the charter school, (ii) petitioners are demonstrably unlikely to successfully implement the program set forth in the petition, (iii) the petition does not contain the number of required signatures, (iv) the petition does not contain an affirmation of each of the enumerated conditions described in Education Code Section 47605(e), (v) the petition does not contain reasonably comprehensive descriptions of

SWDocID

the educational program of the school, measurable pupil outcomes and certain other factors, as required by State law, (vi) the petition does not contain a declaration of whether or not the charter school will be deemed the exclusive public employer of the employees of the charter school for purposes of Chapter 10.7 of the Government Code, and (vii) any other basis that the county board of education finds justifies the denial of the petition. If a petition for a countywide benefit charter is denied, or the renewal of an existing countywide benefit charter is denied, the petition may not be submitted to the State Board of Education ("SBE") for review.

None of the Schools operates pursuant to a countywide benefit charter. See "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto.

Charter Management Organizations

As the number of charter schools operating pursuant to the Charter School Law has increased over time, nonprofit organizations have been established, referred to as charter management organizations ("CMOs"), to manage the operations of several charter schools for the purpose of achieving certain economic and operational efficiencies. CMOs centralize or share certain functions and resources among multiple charter schools, including but not limited to accounting, human resources, marketing, purchasing, property management and administration. CMOs may operate at the regional or statewide level. MERF functions as a CMO for the Schools. See "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto.

Charter Revocation

A charter may be revoked if the charter granting authority finds, based on substantial evidence, that a charter school (i) has committed a material violation any of the conditions, standards or procedures set forth in its charter, or (ii) has failed to meet or to pursue any of the student outcomes identified in its charter, or (iii) has failed to meet generally accepted accounting principles, or engages in fiscal mismanagement, or (iv) has violated any provision of law. Prior to revoking a charter, the charter granting authority must notify the charter school of the violation, afford the charter school a reasonable opportunity to remedy the violation (unless the authority determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils), and, upon failure to do so, give written notice of intent to revoke and notice of facts in support of revocation to the charter school and hold a public hearing on the matter. An adverse decision by a school district governing board may be appealed to the county board of education and an adverse decision by the county board, directly or on appeal, may be appealed to the SBE. See "CERTAIN RISK FACTORS – Specific Risks of Charter Schools – Non-Renewal or Revocation of Charters" herein.

In addition, the SBE may take action based on the recommendation of the State Superintendent of Public Instruction, including but not limited to revocation of a school's charter, upon a finding of (i) gross financial mismanagement that jeopardizes the financial stability of the charter school, (ii) illegal or substantially improper use of charter school funds for the personal benefit of any officer, director or fiduciary of the charter school, (iii) substantial and sustained departure from measurably successful practices such that continuing departure would jeopardize the educational development of the school's pupils, or (iv) failure to improve pupil outcomes across multiple state and school priorities identified in the charter. Regulations promulgated by the SBE require the California Department of Education to identify and notify the SBE of each charter school that is determined to warrant action pursuant to clause (iii) of the immediately preceding sentence by November 1 of each year. Under these regulations, charter schools so notified are required to be given an opportunity to submit written information as to why its charter should not be revoked. Any resulting action to revoke a charter is effective at the end of the fiscal year in which the action is taken, unless the SBE identifies departures at the school that are so significant as to be cause for immediate revocation and closure of the charter school. The regulations require the SBE to hold a public hearing to consider action including but

SWDocID

not limited to charter revocation not later than March 31. See "CERTAIN RISK FACTORS – Specific Risks of Charter Schools – Non-Renewal or Revocation of Charters" herein.

MERF has not received any notice from the SBE or the chartering authorities of any of the Schools regarding any violation or proposal to revoke any of the Schools' charters or of any other violation requiring corrective action. In addition, as noted above, any future adverse decision by the governing board of any authorizing entity may be appealed to the applicable county Board of Education and an adverse decision by such Board of Education, directly or on appeal, may be appealed to the SBE. See "APPENDIX A –CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto."

Amendments to the Charter School Law

The Legislature has amended the Charter School Law frequently since its initial adoption in 1992, and legislative and public attitudes are still evolving. Neither the Lessee nor any charter school has any control over State legislative or regulatory decision making that could affect the operations or ongoing funding sources for the Obligated Group Schools.

None of the Borrower or MERF makes any representation as to whether any proposed amendments to the Charter School Law will be enacted into law, or what, if any, impact such proposed amendments would have on the Borrower or MERF.

Growth in Charter Schools in California

California has the largest concentration of charter schools in the nation with approximately 727,723 students enrolled in charter schools for the 2024-25 school year (up approximately 15,525 students from the prior school year), which was approximately 12.5% of total state-wide enrollment in the 2024-25 school year up from approximately 12.2 percent of total state-wide enrollment in the prior school year). The table on the following page shows the total number of charter schools in California by year since 1998-99 of total state-wide the prior school year).

STATE FUNDING OF EDUCATION

General

The Charter School Law provides that the State legislature intended "each charter school be provided with operational funding that is equal to the total funding that would be available to a similar school district serving a similar pupil population . . ." As is true for school districts in the State, charter schools' revenue is derived primarily from two sources: a State portion funded from the State's general fund and a locally generated portion derived from each sponsoring school district's share of the local *ad valorem* property tax. Decreases in State revenues, or in the legislative appropriations made to fund education, may significantly affect charter schools' operations.

Adoption of Annual State Budget. According to the State Constitution, the Governor of the State is required to propose a budget to the State Legislature no later than January 10 of each year, and a final budget must be adopted by the State Legislature no later than June 15, although this deadline has been breached in previous years. Historically, the budget required a two-thirds vote of each house of the State Legislature for passage. However, on November 2, 2010, the State's voters approved Proposition 25, which amended the State Constitution to lower the vote requirement necessary for each house of the State Legislature to pass a budget bill and send it to the Governor. Specifically, the vote requirement was lowered from two-thirds to a simple majority (50% plus one) of each house of the State Legislature. This lower vote requirement also applies to trailer bills that appropriate funds and are identified by the State Legislature "as related to the budget in the budget bill." The budget becomes law upon the signature of the Governor, who may veto specific items of expenditure. Under Proposition 25, a two-thirds vote of the State Legislature is still required to override any veto by the Governor. School district budgets must generally be adopted by July 1, and revised by the school board within 45 days after the Governor signs the budget act to reflect any changes in budgeted revenues and expenditures made necessary by the adopted State budget. See " – 2024-25 State Budget" below

Failure by the State to adopt a budget may restrict the State Controller's ability to disburse State funds. Under the rule of White v. Davis (also referred to as Jarvis v. Connell), a State Court of Appeal decision reached in 2002 and later refined by a California Supreme Court decision in 2003, the State Controller may be able to disburse State funds after the beginning of the fiscal year prior to the adoption of the State budget bill or emergency appropriation if the expenditure, among other things, is (i) authorized by a continuing appropriation found in statute, (ii) mandated by the State Constitution (such as appropriations for salaries of elected state officers), or (iii) mandated by federal law (such as payments to State workers at no more than minimum wage). The State Controller has consistently stated that basic State funding for schools is continuously appropriated by statute, but that special and categorical funds may not be appropriated without an adopted budget. Should the State Legislature fail to pass a budget or emergency appropriation before the start of any fiscal year, the Lessee and the Borrower might experience delays in receiving certain expected revenues. See "CERTAIN RISK FACTORS" herein.

State income tax and other receipts can fluctuate significantly from year to year, depending on economic conditions in the State and the nation. Because funding for education is closely related to overall State income, as described in this section, funding levels can also vary significantly from year to year, even in

SWDocID

the absence of significant education policy changes. A brief description of the adopted State budget for the current fiscal year is included below; however, no prediction can be made as to how State income or State education funding will vary over the entire term to maturity of the Bonds, and neither the Borrower nor the Lessee takes any responsibility for informing Beneficial Owners of the Bonds as to any such annual fluctuations. Information about the State budget and State spending for education is regularly available at various State maintained websites. Text of proposed and adopted budgets may be found at the website of the Department of Finance, www.dof.ca.gov., under the heading "California Budget." An impartial analysis of the budget is posted by the Office of the Legislative Analyst at www.lao.ca.gov. In addition, various State of California official statements, many of which contain a summary of the current and past State budgets and the impact of those budgets on school districts in the State, may be found at the Electronic Municipal Market Access ("EMMA") website of the Municipal Securities Rulemaking Board, currently located at http://emma.msrb.org. Aggregate State Education Funding. Under Proposition 98, a constitutional and statutory amendment adopted by the State's voters in 1988 and amended by Proposition 111 in 1990 (now found at Article XVI, Sections 8 and 8.5 of the Constitution), a minimum level of funding is mandated for school districts, community college districts, and other State agencies that provide direct elementary and secondary instructional programs, including charter schools.

The Proposition 98 guaranteed amount for education is based on prior year funding, as adjusted through various formulas and tests that take into account State proceeds of taxes, local property tax proceeds, school enrollment, per capita personal income, and other factors. The State's share of the guaranteed amount is based on State general fund tax proceeds and is not based on the general fund in total or on the State budget. The local share of the guaranteed amount is funded from local property taxes. The total guaranteed amount varies from year to year and throughout the stages of any given fiscal year's budget, from the Governor's initial budget proposal to actual expenditures to post year end revisions, as additional information regarding the various factors becomes available. Over the long run, the guaranteed amount may increase as enrollment and per capita personal income grow.

If, at year end, the guaranteed amount is calculated to be higher than the amount actually appropriated in that year, the difference becomes an additional education funding obligation, referred to as "settle up." If the amount appropriated is higher than the guaranteed amount in any year, that higher funding level permanently increases the base guaranteed amount in future years. The Proposition 98 guaranteed amount is reduced in years when general fund revenue growth lags personal income growth, and may be suspended for one year at a time by enactment of an urgency statute. In either case, in subsequent years when State general fund revenues grow faster than personal income (or sooner, as the State Legislature may determine), the funding level must be restored to the guaranteed amount, the obligation to do so being referred to as "maintenance factor."

In recent years, the State's response to fiscal difficulties has had a significant impact on Proposition 98 funding and settle-up treatment. The State has sought to avoid or delay paying settle-up amounts when funding has lagged the mandated amount. In response, teachers' unions, the State Superintendent and others sued the State or Governor in 1995, 2005, 2009 and 2011 to force them to fund schools in the full amount required. The settlement of the 1995 and 2005 lawsuits has so far resulted in over $4 billion in accrued State settle-up obligations. However, legislation enacted to pay down the obligations through additional education funding over time, including the Quality Education Investment Act of 2006 (QEIA), have also become part of annual budget negotiations, resulting in repeated adjustments and deferrals of the settle-up amounts.

SWDocID

The State has also sought to preserve general fund cash while avoiding increases in the base guaranteed amount through various mechanisms: by treating any excess appropriations as advances against subsequent years' Proposition 98 minimum funding levels rather than current year increases; by temporarily deferring apportionments of Proposition 98 funds from one fiscal year to the next; by permanently deferring apportionments of Proposition 98 funds from one fiscal year to the next; by suspending Proposition 98, as the State did in fiscal years 2004-05, 2010-11, 2011-12 and 2012-13; and by proposing to amend the Constitution's definition of the guaranteed amount and settle up requirement under certain circumstances. The 2014-15 State Budget and 2015-16 State Budget reversed certain of these trends by, among other things, eliminating certain deferrals, authorizing payments of certain deferred amounts owed to schools subject to State General Fund Revenues and authorizing settle-up payments with respect to deferred apportionments of the Proposition 98 minimum guarantee.

2024-25 State Budget. On June 29, 2024, the Governor signed the State budget for fiscal year 2024-25 (the "2024-25 State Budget"). The following is drawn from the DOF summary of the 2024-25 State Budget.

The 2024-25 State Budget reported that, emerging from the COVID-19 pandemic, the State had experienced significant revenue volatility occasioned by unprecedented revenue growth that was quickly followed by a sharp correction back towards to historical trends, as well as federal and state income tax deadline delays which significantly clouded the State's revenue forecast. The 2024-25 State Budget estimated that the State was facing a budget shortfall in fiscal year 2024-25 of approximately $46.8 billion. The 2024-25 State Budget solved the projected deficit through a mix of broad-based measures, including:

- *Reductions* – $16 billion of reductions to various State programs and operations, including (i) a reduction to State operations of approximately 7.95% beginning in fiscal year 2024-25 to nearly all department budgets, (ii) a permanent reduction of $1.5 billion by reducing departmental budgets for vacant positions, (iii) an additional reduction of $358 million (for a total of $750 million) to the Department of Corrections and Rehabilitation in fiscal years 2022-23 through 2024-25, and (iv) various one-time and ongoing reductions to State programs, including the California Student Housing Loan Program, the Learning-Aligned Employment Program, the Middle Class Scholarship Program, affordable housing programs, healthcare workforce programs and State and local public health efforts.

- *Revenue and Internal Borrowing* – $13.6 billion in additional revenue sources and internal borrowings from special funds, including (i) suspension of the Net Operating Loss tax deduction for companies with over $1 million in taxable income and limits on business tax credits to $5 million in fiscal years 2024-25 through 2026-27, (ii) an increase to the managed care organization tax of $5.1 billion in fiscal year 2024-25, $4.6 billion in fiscal year 2025-26 and $4 billion in fiscal year 2026-27.

- *Reserves* – The 2024-25 State Budget withdrew $12.2 billion from the BSA over the next two fiscal years ($5.1 billion in fiscal year 2024-25 and $7.1 billion in fiscal year 2025-26), and $900 million from the Safety Net Reserve in fiscal year 2024-25. The 2024-25 State Budget also withdraws the full balance in the PSSSA ($5.3 billion) to support LCFF costs in fiscal year 2023-24. The 2024-25 State Budget also authorizes a discretionary payment to the PSSSA in fiscal year 2024-25 of $1.1 billion. As a result, school reserve caps are not projected to be triggered in fiscal year 2024-25 and 2025-26.

- *Fund Shifts* – The 2024-25 State Budget shifted $6.0 billion of expenditures from the State general fund to other funds, including (i) applying a prior CalPERS supplemental pension payment to the State's overall pension liability, reducing required employer contributions in fiscal year 2024-25 by $1.7 billion, and (ii) $3.9 billion from the State general fund to the

SWDocID

Greenhouse Gas Reduction Fund to support the Transit and Intercity Rail Capital Program as well as clean energy and other climate programs.

- *Delays and Pauses* – $3.1 billion of delays to avoid increases in future obligations and potential shortfalls, including (i) delaying for two years the expansion of the California Food Assistance Program, (ii) delaying for two years the implementation of increased pay to providers of assistance to individuals with developmental disabilities, (iii) delaying for two years the expansion of child care slots, and (iv) delaying funding to the Broadband Last Mile program, which provides funding for projects that increase internet access in low income communities, to fiscal year 2027-28.

- *Deferrals* – $2.1 billion of deferrals in certain State payments, including (i) a deferral of $3.2 billion (including $1.6 billion from the State general fund) for one month of State employees' payroll costs, and (ii) a multi-year deferral of $524 million for the University of California/California State University compact which advances several shared student goals. The 2024-25 State Budget also authorizes LCFF apportionment deferrals of $246 million from 2024-25 to 2025-26 (as further described herein).

For fiscal year 2023-24, the 2024-25 State Budget projected total general fund revenues and transfers of $189.4 billion and authorized expenditures of $223.1 billion. The State was projected to end the 2023-24 fiscal year with total reserves of $26.4 billion, including $22.6 billion in the BSA, $2.9 billion in the traditional general fund reserve, and $900 million in the Safety Net Reserve Fund. The 2024-25 State Budget also authorized the withdrawal of the full amount on deposit in the PSSSA, leaving a zero balance. For fiscal year 2024-25, the 2024-25 State Budget projected total general fund revenues and transfers of $212.1 billion and authorizes expenditures of $211.5 billion. The State was projected to end the 2024-25 fiscal year with total reserves of $22.2 billion, including $3.5 billion in the traditional general fund reserve, $17.6 billion in the BSA and $1.1 billion in the PSSSA. The Safety Net Reserve was projected to have a zero balance.

The 2024-25 State Budget set total funding for all K-12 education programs at $133.8 billion, including $81.5 billion from the State general fund and $52.3 billion from other sources. The minimum funding guarantee in fiscal year 2024-25 was set at $115.3 billion. The 2024-25 State Budget also made retroactive changes to the minimum funding guarantee in fiscal years 2022-23 and 2023-24, setting them at $103.7 billion and $98.5 billion, respectively. The 2024-25 State Budget suspended the minimum funding guarantee in fiscal year 2023-24, creating a maintenance factor obligation of approximately $8.3 billion in fiscal year 2023-24, and was projected to create a maintenance factor obligation of approximately $4.1 billion in fiscal year 2024-25, which would be paid in addition to the guarantee for fiscal year 2024-25. The 2024-25 State Budget projected Test 1 of the guarantee to be in effect in fiscal year 2024-25. To accommodate enrollment increases related to the expansion of Transitional Kindergarten, the 2024-25 State Budget rebenched the Test 1 percentage, from approximately 38.6% to 39.2%, to increase the percentage of State general fund revenues that count towards the minimum funding guarantee.

Other significant features relating to K-12 education funding include the following:

- *LCFF* – The 2024-25 State Budget included an LCFF COLA of 1.07%. When combined with population growth adjustments, this would result in an increase of roughly $983 million in discretionary funds for local educational agencies, as compared to the level set in the prior State budget. To fully fund the LCFF, the 2024-25 State Budget authorized the withdrawal of the full balance in the PSSSA to support ongoing LCFF costs in fiscal year 2023-24, and uses available reappropriation and reversion funding totaling $253.9 million to support ongoing LCFF costs in 2024-25. As a result, the adjusted Base Grants for fiscal year 2024-25 were as follows: (i) $3,077 for TK, (ii) $10,025 for grades K-3, (iii) $10,177 for grades 4-6, (iv) $10,478 for grades 7 and 8, and (v) $12,144 for grades 9-12. The 2024-25 State Budget also

SWDocID

provided $89.2 million in ongoing Proposition 98 funding to reflect a 1.07% COLA for specified categorical programs.

- *Deferrals* – The 2024-25 State Budget reflected LCFF apportionment deferrals from 2023-24 to 2024-25 of approximately $3.6 billion, and from 2024-25 to 2025-26 of approximately $246 million. Additionally, the 2024-25 State Budget reflected approximately $2.3 billion in categorical program deferrals from 2022-23 to 2023-24, with the deferral amount being repaid using funds on deposit in the PSSSA.

- *Teacher Preparation and Professional Development* – $25 million in one-time Proposition 98 funding to support training for educators to administer literacy screenings. The 2024-25 State Budget also provided $20 million in one-time Proposition 98 funding for county offices of education to develop and provided training for mathematics coaches and leaders to support the delivery of high-quality math instruction.

- *Transitional Kindergarten* – $988.7 million in Proposition 98 funding to support the second year (the 2023-24 school year) of expanded eligibility for TK, shifting age eligibility from all children turning five years old between September 2 and February 2 to all children turning such age between September 2 to April 2 (approximately 36,000 additional children). In connection with this expansion, the 2024-25 State Budget provided $390.2 million in Proposition 98 funding to support one additional certificated or classified staff person for every TK class. Additionally, the 2024-25 State Budget provided $1.5 billion in ongoing Proposition 98 funding to support the third year (the 2024-25 school year) of expanded eligibility for TK, shifting age eligibility for all children turning five years old between September 2 and April 2 to all children turning such age between September 2 and June 2 (approximately 38,000 additional children). In connection with this expansion, the 2024-25 State Budget provided $515.5 million in ongoing Proposition 98 funding to support one additional certificated or classified staff person for every TK class.

- *Facilities* – The 2024-25 State Budget delayed $550 million of funds approved as part of previous State budgets to support the construction of new school facilities or the retrofit of existing facilities for the purpose of providing TK, full-day kindergarten or preschool classrooms. The 2024-25 State Budget also forgoes a previously planned investment of $875 million in the State School Facilities Program.

- *Home-to-School Transportation* – The 2024-25 State Budget eliminated $500 million in previously planned one-time Proposition 98 funding to support the greening of school bus fleets.

- *Nutrition* – An increase of $179.4 million in ongoing Proposition 98 funding, and an additional $120.8 million in one-time Proposition 98 funding, to fully fund the universal school meals program in 2023-24 and 2024-25.

- *Employee Assistance* – $9 million in one-time Proposition 98 funding to provide supplemental pay for classified school staff during intersessional months when they are not employed.

- *Instruction* – $907.1 million to support Proposition 28, the Arts and Music in Schools Funding Guarantee and Accountability Act, in fiscal year 2024-25. The 2024-25 State Budget also provided $7 million in one-time Proposition 98 funding to support inquiry-based science instruction and assessment through the development of a bank of curriculum-embedded performance tasks. Finally, the 2024-25 State Budget provided $5

SWDocID

million in one-time Proposition 98 funding to support the California Teachers Collaborative for Holocaust and Genocide Education.

- *After School Programs* - $5 million in one-time State general fund support for after school programs in rural school districts.

- *Technology Support* – $3.4 million, of which $380,000 is ongoing, to support the replacement of critical computer servers, maintain warranty coverage for network infrastructure and refresh laptops, tablets and workstations for students and staff at State special schools and diagnostic centers. The 2024-25 State Budget also provided $3.2 million in ongoing Proposition 98 funding to support the K-12 High Speed Network program.

2025-26 Proposed State Budget. On January 10, 2025, the Governor released the proposed State budget for fiscal year 2025-26 (the "Proposed 2025-26 Budget"). The following is drawn from the DOF and LAO summaries of the Proposed 2025-26 Budget.

The Proposed 2025-26 Budget reports that the State begins 2025 in a stronger fiscal position than it has in recent years. The State experienced significant budget shortfalls in recent years due to the combination of extreme revenue volatility and an unprecedented federal tax filing delay. The economy has generally performed better than projected in the 2024-25 Budget. leading to an upgraded forecast in the near term and modest upward revisions in the long term. The stronger-than-anticipated performance of the economy, stock market, and cash receipts, combined with an improved economic outlook, have all contributed to the upgraded revenue forecast, with general fund revenues before accounting to transfers and tax policy proposals projected to be higher by approximately $16.5 billion in the three-year budget window. In its review of the Proposed 2025-26 Budget, the LAO notes that the Governor's revenue estimates exceed the LAO's by approximately $9 billion, owing largely to higher estimates of personal income and corporation taxes. The Proposed 2025-26 Budget recognizes several risk factors that could affect the economy and State revenues, including stock market and asset price volatility and declines, as well as geopolitical instability. Although the Proposed 2025-26 Budget anticipates shortfalls in subsequent fiscal years that are driven by expenditures exceeding revenues, additional decisions may be necessary at the May revision to maintain a balanced budget, not only in the coming year, but also on an ongoing basis.

The 2024-25 State Budget assumed withdrawals from the BSA of approximately $5.1 billion in 2024-25 and $7.1 billion in 2025-26 in order to provide for a balanced budget. The Proposed 2025-26 Budget maintains the $7.1 billion withdrawal from the BSA for 2025-26. In order to address revenue volatility and increase budget resiliency, the Proposed 2025-26 Budget proposes statutory changes to allow the State to save even more during economic upswings. The Proposed 2025-26 Budget proposes to increase the mandatory deposit level in the BSA from the current 10 percent to 20 percent of general fund revenues and exempt deposits into the BSA from the State appropriations limit. The Proposed 2025-26 Budget assumes that increased reserves would allow the State to weather future revenue volatility and avoid needing to make reductions, deferrals and funding delays during revenue downswings or other emergencies.

For fiscal year 2024-25, the Proposed 2025-26 State Budget projects total general fund revenues and transfers of $222.5 billion and authorizes expenditures of $232.1 billion. The State is projected to end the 2024-25 fiscal year with total reserves of approximately $27.4 billion, including $18.0 billion in the BSA, $8.3 billion in traditional general fund reserves and $1.2 billion in the PSSSA. For fiscal year 2025-26, the Proposed 2025-26 Budget projects total general fund revenues and transfers of $225.1 billion and authorizes expenditures of $228.9 billion. The State is projected to end the 2025-26 fiscal year with total reserves of approximately $16.9 billion, including $4.5 billion in the traditional general fund reserve, $10.9 billion in the

SWDocID

BSA and $1.5 billion in the PSSSA. The Safety Net Reserve is projected to have a zero balance across both fiscal years 2024-25 and 2025-26.

The Proposed 2025-26 Budget sets total funding in fiscal year 2025-26 for all TK-12 education programs at $137.1 billion, including $83.3 billion from the State general fund and $53.8 billion from other sources. TK-12 per-pupil funding totals $24,764, including $18,918 from Proposition 98 sources. The minimum funding guarantee in fiscal year 2025-26 is set at $118.9 billion. The Proposed 2025-26 Budget also makes retroactive changes to the minimum funding guarantee in fiscal years 2023-24 and 2024-25, setting them at $98.5 billion and $119.2 billion, respectively. The revisions to the minimum funding guarantee represent an increase of approximately $7.5 billion of the three-year period relative to the 2024-25 State Budget. For fiscal year 2024-25, the Proposed 2025-26 Budget appropriates $117.6 billion, instead of the currently calculated level of $119.2 billion, in order to mitigate the risk of potentially appropriating more resources to the minimum funding guarantee than are available in the final calculation for 2024-25. Potential adjustments will be evaluated at the May revision to the Proposed 2025-26 Budget and will not be final until the certification of the 2024-25 minimum funding guarantee. The Proposed 2025-26 Budget projects Test 1 of the guarantee to be in effect for fiscal years 2024-25 and 2025-26. To accommodate enrollment increases related to the expansion of Universal Transitional Kindergarten (further described below), the Proposed 2025-26 State Budget rebenches the Test 1 percentage, from approximately 39.2% to 39.6%, to increase the percentage of State general fund revenues that count towards the minimum funding guarantee.

Other significant features relating to TK-12 education funding include the following:

- *LCFF* – The Proposed 2025-26 Budget includes an LCFF COLA of 2.43%. When combined with population growth adjustments, this would result in an increase of roughly $2.5 billion in discretionary funds for local educational agencies. The Proposed 2025-26 Budget assumes that budgetary deferrals of $246.6 million are fully repaid in 2025-26. To fully fund the LCFF and maintain the level of past year principal apportionments, the Proposed 2025-26 Budget uses available reappropriation and reversion funding totaling $25.9 million to support ongoing LCFF costs in 2023-24 and deferring LCFF funding totaling $35.1 million from 2023-24 to 2024-25. This one-time deferral is fully repaid in 2024-25. The Proposed 2025-26 Budget also provides $204 million in ongoing Proposition 98 funding to reflect a 2.43% COLA for specific categorical programs and the LCFF Equity Multiplier. Finally, the Proposed 2025-26 Budget reflects $12.2 million in ongoing Proposition 98 funding to reflect ADA changes applicable to LCFF funding for county offices of education, as well as a 2.43% COLA.

- *Universal Transitional Kindergarten* – $2.4 billion in ongoing Proposition 98 funding to support the full implementation of universal transitional kindergarten so that all children who turn 4 years old by September 1 of the school year can enroll (providing access to roughly 60,000 additional children). The Proposed 2025-26 Budget also provides an additional $1.5 billion in ongoing Proposition 98 funding to support further lowering the average student-to-adult ratio from 12:1 to 10:1 in every transitional kindergarten classroom, and $10 million in one-time Proposition 98 funding to support the statewide use of English language proficiency screeners to support multilingual learnings in transitional kindergarten.

- *Before School, After School and Summer School* – $435 million in additional ongoing Proposition 98 funding for the Expanded Learning Opportunities Program, which seeks to implement before, after and summer school instruction and enrichment for students in grades K-6, with a focus on local educational agencies with the highest concentrations of EL/LI students.

- *Literacy Instruction* – The Proposed 2025-26 Budget provides one-time Proposition 98 funding of $500 million for TK-12 literacy and mathematics coaches and $40 million to

SWDocID

support necessary costs, including purchasing screening materials and training for educators, to administer literacy examinations. The one-time funds augment funds provided in previous budgets in support of implementing the State's English Language Arts/English Language ("ELA/ELD") Framework. The Proposed 2025-26 Budget also provides $5 million annually through 2029-30 to initiate follow-up adoption for instructional materials and to develop a curriculum guide and resources in personal finance.

- *Teacher Preparation and Professional Development* – $150 million in one-time Proposition 98 funding to provide financial assistance for teacher candidates and an additional $100 million in one-time Proposition 98 funding to extend the timeline of the existing National Board Certification Program to support the teaching and mentoring of other instructional staff in high poverty schools.

- *Student Support and Professional Development Discretionary Block Grant* – $1.8 billion in one-time Proposition 98 funds for a student support discretionary block grant. The funds will provide local educational agencies with additional fiscal support to address rising costs, as well as fund statewide priorities including: (i) professional development for teachers ELA/ELD Framework and the Literacy Roadmap; (ii) professional development for teachers on the Mathematics Framework; (iii) teacher recruitment and retention strategies; and (iv) career pathways and dual enrollment expansion efforts.

- *Learning Recovery Emergency Block Grant* – $378.6 million one-time Proposition 98 funding to support the Learning Recovery Emergency Block Grant, which supports local educational agencies in establishing learning recovery initiatives through the 2027-28 school year.

- *Nutrition* – An increase of $106.3 million in ongoing Proposition 98 funding to fully fund the universal school meals program in 2025-26.

- *Kitchen Infrastructure and Training* – $150 million in one-time Proposition 98 funding for specialized kitchen equipment, infrastructure, and training to support schools in providing more freshly prepared meals made with locally grown ingredients.

- *Local Property Tax Adjustments* – $150 million in one-time Proposition 98 funding for school districts and county offices of education in 2024-25, and a decrease of $1.5 billion ongoing Proposition 98 funding for school districts and county offices of education in 2025-26, resulting from increased offsetting property taxes.

- *TK-12 High Speed Network Support* – $3.5 million in one-time State general fund support for after school programs in rural school districts.

Future Actions and Events. Neither the Borrower nor MERF can predict what additional actions will be taken in the future by the State legislature and the Governor to address changing State revenues and expenditures. Neither the Borrower nor MERF also can predict the impact such actions will have on State revenues available in the current or future years for education. The State budget will be affected by national and State economic conditions and other factors over which the Borrower and MERF will have no control. Certain actions or results could produce a significant shortfall of revenue and cash, and could consequently impair the State's ability to fund schools. State budget shortfalls in future fiscal years may also have an adverse financial impact on the financial condition of the Borrower and MERF.

Prohibitions on Diverting Local Revenues for State Purposes. Beginning in 1992-93, the State satisfied a portion of its Proposition 98 obligations by shifting part of the property tax revenues otherwise belonging to cities, counties, special districts, and redevelopment agencies, to school and college districts through a local Educational Revenue Augmentation Fund ("ERAF") in each county. Local agencies, objecting to invasions of their local revenues by the State, sponsored a statewide ballot initiative intended to eliminate the practice. In response, the State Legislature proposed an amendment to the State Constitution, which the State's voters approved as Proposition 1A at the November 2004 election. That measure was generally superseded by the passage of a new initiative constitutional amendment at the November 2010 election, known as "Proposition 22."

The effect of Proposition 22 is to prohibit the State, even during a period of severe fiscal hardship, from delaying the distribution of tax revenues for transportation, redevelopment, or local government projects and services. It prevents the State from redirecting redevelopment agency property tax increment to any other local government, including school districts, or from temporarily shifting property taxes from cities, counties and special districts to schools, as in the ERAF program. This is intended to, among other things, stabilize local government revenue sources by restricting the State's control over local property taxes. One effect of this amendment will be to deprive the State of fuel tax revenues to pay debt service on most State bonds for transportation projects, reducing the amount of State general fund resources available for other purposes, including education.

Prior to the passage of Proposition 22, the State invoked Proposition 1A to divert $1.935 billion in local property tax revenues in 2009-10 from cities, counties, and special districts to the State to offset State general fund spending for education and other programs, and included another diversion in the adopted 2009-10 State budget of $1.7 billion in local property tax revenues from local redevelopment agencies, which local redevelopment agencies have now been dissolved. Redevelopment agencies had sued the State over this latter diversion. However, the lawsuit was decided against the California Redevelopment Association on May 4, 2010. Because Proposition 22 reduces the State's authority to use or shift certain revenue sources, fees and taxes for State general fund purposes, the State will have to take other actions to balance its budget in some years – such as reducing State spending or increasing State taxes, and school and community college districts that receive Proposition 98 or other funding from the State will be more directly dependent upon the State's general fund.

Allocation of State Funding to Charter Schools

General Purpose Entitlement. Under the Charter School Law, each charter school is calculated to have a "general purpose entitlement," which has in the past been based on the statewide average amount of State aid, local property taxes and other revenue received by school districts of similar type and serving similar pupil populations. The general purpose entitlement is calculated on a per student basis at each of four grade level ranges (grades K-3, grades 4-5, grades 6-8, and grades 9-12) and is multiplied by the charter school's Average Daily Attendance ("ADA") in each grade level range.

Each charter school's general purpose entitlement is funded from local funding in lieu of property taxes and, to the extent such funding is insufficient to fulfill the entire entitlement, from money appropriated by the State from the State's general fund for education. The local share, which must be transferred in monthly installments to the charter school by the sponsoring local educational agency in lieu of property taxes, is the average amount of property taxes per ADA received by the district, including charter school students, multiplied by the charter school's ADA.

Local Control Funding Formula. State Assembly Bill 97 (Stats. 2013, Chapter 47) ("AB 97"), enacted as part of the 2013-14 State budget, established the current system for funding school districts, charter schools and county offices of education. Certain provisions of AB 97 were amended and clarified by Senate Bill 91 (Stats. 2013, Chapter 49) ("SB 91").

SWDocID

Funding. The primary component of AB 97, as amended by SB 91, was the implementation of the Local Control Funding Formula ("LCFF"), which replaced the revenue limit funding system for determining State apportionments, as well as the majority of State categorical program funding. State allocations are now provided on the basis of target base funding grants per unit of ADA (a "Base Grant") assigned to each of four grade spans (identical to the grade spans previously used for charter school funding). Each Base Grant is subject to certain adjustments and add-ons, as discussed below. Full implementation of the LCFF occurred over a period of eight fiscal years, concluding with the adoption of the State budget for fiscal year 2018-19. During the implementation period of the LCFF, an annual transition adjustment was calculated for each charter school, equal to such charter school's proportionate share of appropriations included in the State budget to close the gap between the prior-year funding level and the target allocation following full implementation of the LCFF. In each year, charter schools had the same proportion of their respective funding gaps closed, with dollar amounts varying depending on the size of the charter school's respective funding gap.

Base Grant. The Base Grants per unit of ADA for each grade span as of the first year of the LCFF's implementation, were as follows: (i) $6,845 for grades K-3; (ii) $6,947 for grades 4-6; (iii) $7,154 for grades 7-8; and (iv) $8,289 for grades 9-12. For fiscal year 2023-24, the Base Grants per unit of ADA are as follows: (i) $9,919 for grades K-3; (ii) $10,069 for grades 4-6; (iii) $10,367 for grades 7-8; and (iv) $9,329 for grades 9-12. During the implementation period of the LCFF, Base Grants were required to be adjusted annually for cost-of-living increases by applying the implicit price deflator for government goods and services. The provision of COLAs is now subject to appropriation for such adjustment in the annual State budget. The differences among Base Grants are linked to differentials in statewide average revenue limit rates by district type, and are intended to recognize the generally higher costs of education at higher grade levels.

The Base Grants for grades K-3 and 9-12 are subject to adjustments of 10.4% and 2.6%, respectively, to cover the costs of class size reduction in early grades and the provision of career technical education in high schools. The LCFF also provides additional add-ons to charter schools that received categorical block grant funding pursuant to the Targeted Instructional Improvement and Home-to-School Transportation programs during fiscal year 2012-13.

The State budget for fiscal year 2021-22 also implemented a plan to expand the LCFF to include Transitional Kindergarten ("TK") to all four-year olds. This plan is expected to phase in cohorts of TK students over a four-year period, concluding in fiscal year 2025-26. As a result, school districts and charter schools that serve TK students will be eligible to receive an add-on equal to $2,813, multiplied by second principal reporting period ADA for TK students for the current fiscal year. Beginning in fiscal year 2023-24, this add-on is subject to COLA adjustments to the same degree as LCFF Base Grants.

Supplemental Grant. Charter schools that serve students of limited English proficiency ("EL" students), students from low income families that are eligible for free or reduced priced meals ("LI" students) and foster youth are eligible to receive additional funding grants. Enrollment counts are unduplicated, such that students may not be counted as both EL and LI. Foster youth automatically meet the eligibility requirements for free or reduced priced meals, and are therefore not discussed herein separately. The LCFF authorizes a supplemental grant add-on (each, a "Supplemental Grant") for charter schools that serve EL/LI students, equal to 20% of the applicable Base Grant multiplied by such charter schools' respective percentages of unduplicated EL/LI student enrollment.

Concentration Grant. Charter schools whose EL/LI populations exceed 55% of their total enrollment are eligible for a concentration grant add-on (each, a "Concentration Grant") equal to 50% of the applicable Base Grant multiplied by the percentage of such charter school's unduplicated EL/LI student enrollment in excess of the 55% threshold; provided that a charter school may not receive a Concentration Grant for a greater proportion of EL/LI than the highest percentage of any school district in which the charter school has a physical location.

SWDocID

For certain charter schools that would have received greater funding levels under the prior revenue limit system, the LCFF provides for a permanent economic recovery target ("ERT") add-on, equal to the difference between the general purpose funding such charter schools would have received under the prior system in fiscal year 2020-21, and the target LCFF allocations owed to such charter schools in the same year. To derive the projected funding levels, the LCFF assumes the discontinuance of deficit revenue limit funding, implementation of a 1.94% COLA in fiscal years 2014-15 through 2020-21, and restoration of categorical funding to pre-recession levels. The ERT add-on was paid incrementally over the eight-year LCFF implementation period.

The sum of a charter school's adjusted Base Grants, Supplemental Grants and Concentration Grants will be multiplied by the charter school's total current year ADA. This funding amount, together with any applicable ERT or categorical block grant add-ons, will yield a district's total LCFF allocation. Generally, the amount of annual State apportionments received by a school district or charter school will amount to the difference between such total LCFF allocation and such entity's share of applicable local property taxes. Most school districts and charter schools receive a significant portion of their funding from such State apportionments. As a result, decreases in State revenues may significantly affect appropriations made by the Legislature to school districts and charter schools.

Accountability. The SBE has adopted regulations regarding the expenditure of supplemental and concentration funding. These regulations include a requirement that school districts and charter schools increase or improve services for EL/LI students in proportion to the increase in funds apportioned to such districts/schools on the basis of the number and concentration of such EL/LI students, as well as the conditions under which school districts and charter schools can use supplemental or concentration funding on a school-wide or district-wide basis.

School districts and charter schools are also required to adopt local control and accountability plans ("LCAPs") disclosing annual goals for all students, as well as certain numerically significant student subgroups, to be achieved in eight areas of State priority. LCAPs may also specify additional local priorities. LCAPs must specify the actions to be taken to achieve each goal, including actions to correct identified deficiencies with regard to areas of State priority. Charter school LCAPs are required to be included in charter petitions and updated annually. School district and charter school LCAPs must be annually updated and posted on the district or charter school's website using a State-mandated standard reporting format.

Lottery Funding. Charter schools receive funding from the State Lottery Fund, which receives all proceeds from, among other sources, the sale of lottery tickets. Lottery funding is allocated to charter schools per unit of ADA. Lottery funds are distributed quarterly by the State Controller's Office. Funding is based on annual average ADA. Lottery funds are identified as either "Proposition 20" funds or "non-Proposition 20" funds. Proposition 20 lottery funds may only be used to purchase instructional materials. Non-Proposition 20 lottery funds are unrestricted, except that they may not be used for acquisition of property, construction of facilities, financing of research, or for other non-instructional purposes. Lottery funding is not included in the charter school categorical block grant. Lottery funding is approximately 2% of public school revenues and is estimated at $249 per unit of ADA for the 2023-24 fiscal year, of which approximately $177 is "non-Proposition 20" and $72 is "Proposition 20" funding.

Categorical Funding. Charter schools may apply for and receive categorical funds for many programs that are not included in general purpose entitlement funding, if otherwise eligible, but may not receive aid for programs exclusively or almost exclusively provided by a county office of education.

Charter School Facility Grant Program Funding. In fiscal year 2024-25, charter schools that meet certain criteria are eligible to receive additional funding per unit of ADA to reimburse an amount up to 75% of their annual facilities rent and lease costs from amounts appropriated under the annual Budget Act (as defined below) under the Charter School Facility Grant ("SB740") Program. This per-ADA amount may increase in future years based on cost of living adjustments. To be eligible for SB 740 benefits: (i) 55% or more of the

SWDocID

charter school's students must be eligible for free or reduced priced meals; or (ii) the charter school must be located in the attendance area of a public elementary school in which 55% or more of students are eligible for free or reduced priced meals and the charter school must give a preference in admissions to students who are currently enrolled in that public elementary school and to students who reside in the elementary school attendance area where the charter school is located. See "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto.

SB 740 facilities funding may be used for costs associated with facilities rents and leases (consistent with the definitions used in the California School Accounting Manual) ("Facility Rents"), and for costs associated with remodeling buildings, deferred maintenance, initially installing or extending service systems and other built-in equipment, and improving sites (collectively, "Other Costs"). SB 740 facilities funding is not included in the charter school categorical block grant.

SB 740 funding is subject to the annual Budget Act. In the event insufficient moneys are appropriated to the program, the available moneys are first used to reimburse for Facility Rents (on a pro rata basis if moneys are insufficient), and any remaining moneys are apportioned to reimburse for Other Costs on a pro rata basis. In addition to the risk of underfunding, should there be any changes to the free and reduced-price meal eligibility data, the amount of grant moneys, which is awarded in three disbursements, may be adjusted or transfer of moneys back to the Authority may be required.

The SB 740 program is administered by the Authority. In prior years, the program has been "undersubscribed," meaning that awards were not limited by the level of appropriation. However, the program was "oversubscribed" in fiscal years 2017-18 through 2021-22, with awards being reduced on a pro-rata basis.

Effective beginning fiscal year 2017-18, reimbursable costs under the SB 740 program are limited to either of the following conditions: (i) reimbursable facility rent or lease costs do not exceed the prior year's costs on file with CSFA as of fiscal year 2016–17, subject to a cost-of-living adjustment; or (ii) the rent or lease costs of new facility agreements are at or below market rate based on an independent appraisal paid for by the charter school. See "CERTAIN RISK FACTORS – SB 740 Funding" herein.

Set forth in the following table are historical data regarding SB 740 funding and awards for fiscal years 2018-19 through 2023-24.

(1) Figures are current estimates as of July 9, 2024, and subject to change.

(2) Moneys annually appropriated by the State Legislature toward SB 740 grant awards. For 2022-23 and 2023-24, an additional amount of $30 million was provided for the reimbursement of other facility related costs.

(3) Includes an additional approximately $21.1 million appropriated for fiscal year 2017-18 in the 2018-19 Budget.

(4) From fiscal years 2013-14 to 2016-17, the SB 740 Program had been undersubscribed. However, for fiscal year 2017-18, the SB 740 Program was oversubscribed. CSFA made SB 740 awards by first reimbursing lease costs, and then applying a pro-rata reduction in the award amount for applied-for "other costs" spread across all eligible applicants. In fiscal year 2017-18, lease costs were fully funded at 100%, and other costs were funded at a pro-rata rate of 73.01%. In fiscal year 2018-19, lease costs were fully funded at 100%, and other costs were funded at a pro-rata rate of 49%. In fiscal years 2019-20, 2020-21, and 2021-22, CSFA expected to fund lease costs at 97.47%, 92.61%, and 94.5%, respectively, and therefore was unable to fund other costs. The SB740 program was not oversubscribed in fiscal year 2022-23. There is not final information for CSFA to determine an estimated subscription rate for 2023-24, leaving the indicated range as the best estimation available. See "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto.

(5) Total ADA from all schools awarded in each fiscal year.

(6) Equal to the "Amount Awarded" divided by the "Total ADA." The Average Award Per ADA is lower than the Maximum Award Allowed Per ADA because a significant number of schools do not qualify for the maximum amount allowed; instead they are capped at 75% of actual rent. For 2023-24, figures are current estimates because SB 740 applications are still being received and final awards are being calculated.

(7) SB 740 Program grant awards are calculated at the lower of: (a) 75% of actual rent paid or (b) maximum award allowed per ADA by State law. From fiscal years 2012-13 to 2016-17, the maximum award allowed per ADA by State law was $750 per ADA. Pursuant to a change in State law passed by the Legislature in June 2017, the maximum award allowed by State law was increased from $750 per ADA to $1,117 per ADA, subject to cost of living adjustments. The maximum award for fiscal year 2023-24 was $1,421.

(8) Total ADA for fiscal year 2023-24 is provided through the California Department of Education's Certified 2023-24 Second Principal Apportionment Attendance Data.

CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING EDUCATION REVENUES AND APPROPRIATIONS

Limitations on Revenues

Article XIIIA of the California Constitution. Article XIIIA of the State Constitution, adopted and known as Proposition 13, was approved by the voters in June 1978. Section 1(a) of Article XIIIA limits the maximum ad valorem tax on real property to one percent of "full cash value," and provides that such tax will be collected by the counties and apportioned according to State law. Section 1(b) of Article XIIIA provides that the one-percent limitation does not apply to ad valorem taxes levied to pay interest and redemption charges on: (i) indebtedness approved by the voters prior to July 1, 1978, or (ii) bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978, by two-thirds of the votes cast on the proposition, or (iii) bonded indebtedness incurred by a school district or community college district for the construction, reconstruction, rehabilitation or replacement of school facilities or the acquisition or lease of real property for school facilities, approved by 55% of the voters of the district voting on the ballot proposition, but only if certain accountability measures are included in the bond proposition. Charter schools may not conduct bond elections or issue bonds payable from property taxes, but may benefit from the proceeds of bonds issued by the school district in which the charter school is located.

Section 2 of Article XIIIA defines "full cash value" to mean the county assessor's valuation of real property as shown on the Fiscal Year 1975-76 tax bill, or, thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred. The full cash value may be adjusted annually to reflect inflation at a rate not to exceed 2% per year, or to reflect a reduction in the consumer price index or comparable data for the area under taxing jurisdiction, or may be reduced in the event of declining property value caused by substantial damage, destruction or other factors. The Revenue and Taxation Code permits county assessors who have reduced the assessed valuation of a property as a result of natural disasters, economic downturns or other factors, to subsequently "recapture" such value (up to the pre decline value of the property) at an annual rate higher than 2%, depending on the assessor's measure of the restored value of the damaged property. The California courts have upheld the constitutionality of this procedure. Legislation enacted by the State Legislature to implement Article XIIIA provides that, notwithstanding any other law, local

SWDocID

agencies may not levy any *ad valorem* property tax except the 1% base tax levied by each County and taxes to pay debt service on indebtedness approved by the voters as described above.

Since its adoption, Article XIIIA has been amended a number of times. These amendments have created a number of exceptions to the requirement that property be reassessed when purchased, newly constructed or a change in ownership has occurred. These exceptions include certain transfers of real property between family members, certain purchases of replacement dwellings for persons over age 55 and by property owners whose original property has been destroyed in a declared disaster, and certain improvements to accommodate disabled persons and for seismic upgrades to property. These amendments have resulted in marginal reductions in the property tax revenues of local school districts.

Both the California State Supreme Court and the United States Supreme Court have upheld the validity of Article XIIIA.

Section 51 of the Revenue and Taxation Code permits county assessors who have reduced the assessed valuation of a property as a result of natural disasters, economic downturns or other factors, to subsequently "recapture" such value (up to the pre decline value of the property) at an annual rate higher than 2%, depending on the assessor's measure of the restoration of value of the damaged property. The constitutionality of this procedure was challenged in a lawsuit brought in 2001 in the Orange County Superior Court and in similar lawsuits brought in other counties, on the basis that the decrease in assessed value creates a new "base year value" for purposes of Proposition 13 and that subsequent increases in the assessed value of a property by more than 2% in a single year violate Article XIIIA. On appeal, the California Court of Appeal upheld the recapture practice in 2004, and the State Supreme Court declined to review the ruling, leaving the recapture law in place. Charter schools are not directly dependent on local property taxes. To the extent local property taxes fund the general purpose entitlement, losses in local property tax income are required to be made up by the State.

Proposition 30

On November 6, 2012, voters of the State of California approved the Temporary Taxes to Fund Education, Guaranteed Local Public Safety Funding, Initiative Constitutional Amendment (also known as "Proposition 30"), which temporarily increases the State Sales and Use Tax and personal income tax rates on higher incomes. Proposition 30 temporarily imposes an additional tax on all retailers, at the rate of 0.25% of gross receipts from the sale of all tangible personal property sold in the State from January 1, 2013 to December 31, 2016. Proposition 30 also imposes an additional excise tax on the storage, use, or other consumption in the State of tangible personal property purchased from a retailer on and after January 1, 2013 and before January 1, 2017, for storage, use, or other consumption in the State. This excise tax will be levied at a rate of 0.25% of the sales price of the property so purchased. For personal income taxes imposed beginning in the taxable year commencing January 1, 2012 and ending December 31, 2018, Proposition 30 increases the marginal personal income tax rate by: (i) 1% for taxable income over $250,000 but not over $300,000 for single filers (over $340,000 but not over $408,000 for joint filers), (ii) 2% for taxable income over $300,000 but not over $500,000 for single filers (over $408,000 but not over $680,000 for joint filers), and (iii) 3% for taxable income over $500,000 for single filers (over $680,000 for joint filers). The California Children's Education and Health Care Protection Act of 2016, also known as Proposition 55, is a constitutional amendment approved by the voters of the State on November 8, 2016. Proposition 55 extends through 2030 the increases to personal income tax rates for high-income taxpayers that were approved as part of Proposition 30. Proposition 55 did not extend the sales tax rate increase enacted under Proposition 30.

The revenues generated from the temporary tax increases will be included in the calculation of the Proposition 98 minimum funding guarantee for school districts and community college districts. From an accounting perspective, the revenues generated from the temporary tax increases will be deposited into the State account created pursuant to Proposition 30 called the Education Protection Account (the "EPA"). Pursuant to Proposition 30, funds in the EPA will be allocated quarterly, with 89% of such funds provided to

SWDocID

schools districts and 11% provided to community college districts. The funds will be distributed to school districts and community college districts in the same manner as existing unrestricted per-student funding, except that no school district will receive less than $200 per unit of ADA and no community college district will receive less than $100 per full time equivalent student. The governing board of each school district and community college district is granted sole authority to determine how the moneys received from the EPA are spent, provided that, the appropriate governing board is required to make these spending determinations in open session at a public meeting and such local governing boards are prohibited from using any funds from the EPA for salaries or benefits of administrators or any other administrative costs.

Proposition 2

On November 4, 2014, voters approved the Rainy Day Budget Stabilization Fund Act (also known as "Proposition 2"). Proposition 2 is a legislatively-referred constitutional amendment which makes certain changes to State budgeting practices, including substantially revising the conditions under which transfers are made to and from the State's Budget Stabilization Account (the "BSA") established by the California Balanced Budget Act of 2004 (also known as Proposition 58).

Under Proposition 2, and beginning in fiscal year 2015-16 and each fiscal year thereafter, the State will generally be required to annually transfer to the BSA an amount equal to 1.5% of estimated State general fund revenues (the "Annual BSA Transfer"). Supplemental transfers to the BSA (a "Supplemental BSA Transfer") are also required in any fiscal year in which the estimated State general fund revenues that are allocable to capital gains taxes exceed 8% of the total estimated general fund tax revenues. Such excess capital gains taxes—net of any portion thereof owed to K-14 school districts pursuant to Proposition 98—will be transferred to the BSA. Proposition 2 also increases the maximum size of the BSA to an amount equal to 10% of estimated State general fund revenues for any given fiscal year. In any fiscal year in which a required transfer to the BSA would result in an amount in excess of the 10% threshold, Proposition 2 requires such excess to be expended on State infrastructure, including deferred maintenance.

For the first 15-year period ending with the 2029-30 fiscal year, Proposition 2 provides that half of any required transfer to the BSA, either annual or supplemental, must be appropriated to reduce certain State liabilities, including making certain payments owed to K-14 school districts, repaying State interfund borrowing, reimbursing local governments for State mandated services, and reducing or prefunding accrued liabilities associated with State-level pension and retirement benefits. Following the initial 15-year period, the Governor and the State Legislature are given discretion to apply up to half of any required transfer to the BSA to the reduction of such State liabilities. Any amount not applied towards such reduction must be transferred to the BSA or applied to infrastructure, as described above.

Proposition 2 changes the conditions under which the Governor and the State Legislature may draw upon or reduce transfers to the BSA. The Governor does not retain unilateral discretion to suspend transfers to the BSA, nor does the State Legislature retain discretion to transfer funds from the BSA for any reason, as previously provided by law. Rather, the Governor must declare a "budget emergency," defined as an emergency within the meaning of Article XIIIB of the Constitution or a determination that estimated resources are inadequate to fund State general fund expenditures, for the current or ensuing fiscal year, at a level equal to the highest level of State spending within the three immediately preceding fiscal years. Any such declaration must be followed by a legislative bill providing for a reduction or transfer. Draws on the BSA are limited to the amount necessary to address the budget emergency, and no draw in any fiscal year may exceed 50% of the funds on deposit in the BSA unless a budget emergency was declared in the preceding fiscal year.

Proposition 2 also requires the creation of the Public School System Stabilization Account (the "PSSSA") into which transfers will be made in any fiscal year in which a Supplemental BSA Transfer is required (as described above). Such transfer will be equal to the portion of capital gains taxes above the 8% threshold that would otherwise be paid to K-14 school districts as part of the Minimum Funding Guarantee. A transfer to the PSSSA will only be made if certain additional conditions are met, as follows: (i) the Minimum

SWDocID

Funding Guarantee was not suspended in the immediately preceding fiscal year, (ii) the operative Proposition 98 formula for the fiscal year in which a PSSSA transfer might be made is "Test 1," (iii) no maintenance factor obligation is being created in the budgetary legislation for the fiscal year in which a PSSSA transfer might be made, (iv) all prior maintenance factor obligations have been fully repaid, and (v) the Minimum Funding Guarantee for the fiscal year in which a PSSSA transfer might be made is higher than the immediately preceding fiscal year, as adjusted for ADA growth and cost of living. Proposition 2 caps the size of the PSSSA at 10% of the estimated minimum guarantee in any fiscal year, and any excess funds must be paid to K-14 school districts. Reductions to any required transfer to the PSSSA, or draws on the PSSSA, are subject to the same budget emergency requirements described above. However, Proposition 2 also mandates draws on the PSSSA in any fiscal year in which the estimated Minimum Funding Guarantee is less than the prior year's funding level, as adjusted for ADA growth and cost of living.

2024 State School Facilities Bond

The Kindergarten Through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair and Safety Bond Act of 2024 (referred to herein as the "2024 State School Facilities Bond" was a ballot measure that was approved by State voters on November 5, 2024. The 2024 State School Facilities Bond authorizes the sale and issuance of $10 billion in State general obligation bonds for the repair, upgrade and construction of facilities at K-12 public schools, community colleges and career technical education programs, including the development of health and safety conditions.

K-12 School Facilities. The 2024 State School Facilities Bond includes $3.3 billion for the new construction of K-12 facilities and an additional $4 billion for the modernization of existing K-12 facilities. Up to $10 million of the allocation for new constructions will be reserved for small school districts with an enrollment of fewer than 2,501 students. Of the $4 billion assigned for modernization of existing K-12 facilities, up to $115 million will be allocated for the repairment of lead in water at school facilities. Generally, K-12 school districts will be required to pay for 50% of the new construction costs and 40% of the modernization costs with local revenues. However, some districts that have lower assessed property values and meet certain other socio-economic criteria will be required to pay as low as 45% and 35% of new construction costs and modernization costs, respectively. In addition, a total of $1.2 billion will be available for the modernization and new construction of charter school facilities ($600 million) and technical education facilities ($600 million). The State will award funds to technical education and charter school through an application process, and charter schools must be deemed financially sound before project approval.

Community College Facilities. The 2024 State School Facilities Bond includes $1.5 billion for community college district facility projects, including buying land, constructing new buildings, modernizing existing buildings, and purchasing equipment. The table below shows the expected use of bond funds under the 2024 State School Facilities Bond:

2024 STATE SCHOOL FACILITIES BOND
Use of Bond Funds
(In Millions)

K-12 Public School Facilities	
New construction	$3,300
Modernization	4,000
Career technical education facilities	600
Charter school facilities	600
Subtotal	$8,500
Community College Facilities	$1,500
Total	$10,000

Neither the Borrower nor the Lessee makes any representation or guarantees that they will either pursue or qualify for facilities funding under the 2024 State School Facilities Bond program.

Future Initiatives

Articles XIIIA, Proposition 98 and Proposition 30 were each adopted as measures that qualified for the ballot pursuant to the State's initiative process. From time to time, other initiative measures could be adopted, further affecting State and local revenues for education, and the ability or obligation of these government agencies to expend revenues for charter school purposes.

CERTAIN RISK FACTORS

Investment in the Bonds involves substantial risks. The following information should be considered by prospective investors in evaluating the Bonds. However, the following does not purport to be an exclusive listing of risks and other considerations which may be relevant to investing in the Bonds, and the order in which the following information is presented is not intended to reflect the relative importance of any such risks. Certain factors which could result in a reduction of revenues available to the Obligated Group and a corresponding reduction in payments made to the Authority are discussed herein.

A number of factors could have an adverse impact on the ability of MERF to generate revenues needed to meet its obligations under the Series 2025 Leases, which could, in turn, have an adverse effect on the ability of the Borrower and the Members of the Obligated Group to generate sufficient revenues to meet their respective obligations to make payments due under the Loan Agreement and Obligation No. 2. The ability of MERF to generate sufficient revenues to make payments under the Series 2025 Leases is dependent upon a number of elements, including State budget pressures, demand for charter schools, the ability of the Magnolia Schools to provide the educational services and classes demanded by parents or to attract students generally, changes in the level of confidence in the public school system in general or public charter schools in particular, competition, faculty recruitment, demographic changes, legislation, governmental regulations, changes in immigration policy, litigation and the Schools' ability to achieve enrollment and fundraising levels. This, in turn, is affected by numerous circumstances both within and outside the control of the Obligated Group and MERF, including a continuation of favorable governmental policies and programs with respect to public charter schools (see "CHARTER SCHOOLS" herein); the competitive appeal and perceived quality of the Magnolia Schools' curriculum; the ability and energy of the Magnolia Schools' respective faculties and administration; and the benevolence of the Magnolia Schools' supporters. There can be no assurance given that revenues of the Obligated Group or the revenues of MERF will not decrease. Any and all financial projections are only good faith estimates and are not intended as a representation or warranty as to the future financial condition of the members of the Obligated Group or MERF.

See "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP," and "APPENDIX B – CONSOLIDATED AUDITED FINANCIAL STATEMENTS OF MERF AND AFFILIATES FOR THE FISCAL YEAR ENDED JUNE 30, 2025" attached hereto.

Sufficiency of Revenues

The Bonds are payable primarily from Payments which are derived from payments received under the Loan Agreement and Obligation No. 2.

The Borrower's primary expected source of the revenues for payment of its obligations under the Loan Agreement will be the Rent payments and School Loan Repayments the Members of the Obligated receive from MERF pursuant to the Series 2025 Leases and the Series 2025 School Loan Agreement. Based on present circumstances, including the successful operating history of the Magnolia Schools, MERF believes it will generate a sufficient amount of such revenues to meet its payment obligations under the Series 2025

SWDocID

Leases and the Series 2025 School Loan Agreement representing the source of payment by the Borrower and the Members of the Obligated of debt service on the Bonds. However, any of the Magnolia Schools' charters may be terminated or not extended or renewed, or the basis of the assumptions utilized by MERF and the Borrower to formulate such beliefs may otherwise change. No representation or assurance can be made that the members of the Obligated Group generate or will continue to generate sufficient revenues to meet their obligations under the Loan Agreement and Obligation No. 2 with respect to the Bonds.

Moreover, although in addition to the property subject to the Series 2025 Leases, the Borrower and its affiliates own and lease other facilities through its affiliates to other charter schools, the obligations represented by the Loan Agreement and Obligation No. 2 are not secured generally by such properties of the Borrower's affiliates.

THE BONDS ARE NOT AND SHALL NOT BE DEEMED TO CONSTITUTE A DEBT OR LIABILITY OF THE STATE OR OF ANY POLITICAL SUBDIVISION THEREOF, OTHER THAN THE AUTHORITY, AND ARE NOT AND SHALL NOT BE DEEMED TO BE A PLEDGE OF THE FAITH AND CREDIT OF THE STATE, OR OF ANY POLITICAL SUBDIVISION THEREOF, BUT SHALL BE PAYABLE SOLELY FROM THE FUNDS PROVIDED THEREFOR UNDER THE BOND INDENTURE. NEITHER THE STATE NOR THE AUTHORITY SHALL BE OBLIGATED TO PAY THE PRINCIPAL OF THE BONDS, OR THE REDEMPTION PREMIUM, IF ANY, OR INTEREST THEREON, EXCEPT FROM THE FUNDS PROVIDED THEREFOR UNDER THE BOND INDENTURE. THE ISSUANCE OF THE BONDS SHALL NOT DIRECTLY, INDIRECTLY OR CONTINGENTLY OBLIGATE THE STATE OR ANY POLITICAL SUBDIVISION THEREOF TO LEVY OR TO PLEDGE ANY FORM OF TAXATION OR TO MAKE ANY APPROPRIATION FOR THEIR PAYMENT. THE AUTHORITY HAS NO TAXING POWER. NOTHING IN THE BOND INDENTURE, THE ACT OR OTHERWISE IS AN UNDERTAKING BY THE AUTHORITY OR THE STATE OR ANY POLITICAL SUBDIVISION THEREOF TO FUND THE TRANSFERS DESCRIBED IN THE INTERCEPT NOTICE OR TO MAKE FUNDS AVAILABLE TO THE SERIES 2026 SCHOOLS IN ANY AMOUNT OR AT ANY TIME.

Outbreak of Disease; Coronavirus

An outbreak of disease or similar public health threat, such as the coronavirus ("COVID-19") pandemic, or fear of such an event, could have an adverse impact on the financial condition and operating results of MERF and the Borrower.

The spread of COVID-19 had significant negative impacts throughout the world. The World Health Organization declared the COVID-19 outbreak to be a pandemic, and states of emergency were declared by the State and the United States. The purpose behind these declarations was to coordinate and formalize emergency actions and across federal, State and local governmental agencies, and to proactively prepare for the then-expected wider spread of the virus. Although the states of emergency declared by the State and the United States were subsequently ended, those declarations and actions taken in conjunction therewith had serious economic and financial consequences for businesses, public schools, and other institutions. No assurance can be made that future pandemics or outbreaks of disease will not have similar adverse effects on MERF or the Borrower.

Operating History; Reliance on Projections

See Appendix A for information regarding projected enrollment of each of the Magnolia Schools. No assurance is given that such projections will be met, or that the number of students attending the Magnolia Schools may not diminish in the future. The projections of revenues and expenses contained in Appendix A are based upon the number of students projected to be enrolled at the Series 2026 Schools and the other Magnolia Schools and were prepared by MERF for the Borrower and have not been independently verified by any party other than MERF.

SWDocID

No feasibility studies have been conducted with respect to operations of the Facilities pertinent to the Bonds. The projections are "forward-looking statements" and are subject to the general qualifications and limitations described herein. The Underwriter has not independently verified the Borrower's projections set forth in Appendix A or otherwise, and makes no representations nor gives any assurances that such projections, or the assumptions underlying them, are complete or correct. Further, the projections relate only to a limited number of fiscal years, and consequently do not cover the entire period that the Bonds will be outstanding.

THE LESSEE PREPARED THE PROJECTIONS BASED ON ASSUMPTIONS ABOUT FUTURE STATE FUNDING LEVELS AND FUTURE OPERATIONS OF ITS SCHOOLS, INCLUDING STUDENT ENROLLMENT AND EXPENSES. THERE CAN BE NO ASSURANCE THAT ACTUAL ENROLLMENT REVENUES AND EXPENSES WILL BE CONSISTENT WITH THE ASSUMPTIONS UNDERLYING SUCH PROJECTIONS. MOREOVER, NO GUARANTEE CAN BE MADE THAT THE PROJECTIONS OF REVENUES AND EXPENSES INCLUDED HEREIN WILL CORRESPOND WITH THE RESULTS ACTUALLY ACHIEVED IN THE FUTURE BECAUSE THERE CAN BE NO ASSURANCE THAT ACTUAL EVENTS WILL CORRESPOND WITH THE PROJECTIONS' UNDERLYING ASSUMPTIONS. ACTUAL OPERATING RESULTS MAY BE AFFECTED BY MANY FACTORS, INCLUDING, BUT NOT LIMITED TO, INCREASED COSTS, LOWER THAN ANTICIPATED REVENUES (AS A RESULT OF INSUFFICIENT ENROLLMENT, REDUCED STATE OR FEDERAL AID PAYMENTS, OR OTHERWISE), EMPLOYEE RELATIONS, CHANGES IN TAXES, CHANGES IN APPLICABLE GOVERNMENT REGULATIONS, CHANGES IN DEMOGRAPHIC TRENDS, CHANGES IN EDUCATION COMPETITION AND CHANGES IN LOCAL OR GENERAL ECONOMIC CONDITIONS. REFER TO APPENDIX A, ATTACHED HERETO, TO REVIEW THE PROJECTIONS, THEIR UNDERLYING ASSUMPTIONS, AND THE OTHER FACTORS THAT COULD CAUSE ACTUAL RESULTS TO DIFFER SIGNIFICANTLY FROM PROJECTED RESULTS. REFER TO "INTRODUCTION" ABOVE, FOR QUALIFICATION AND LIMITATIONS APPLICABLE TO FORWARD-LOOKING STATEMENTS.

Dependence on State Aid Payments that are Subject to Annual Appropriation and Political Factors

California charter schools such as the Lessee's Schools may not charge tuition and have no taxing authority. The primary source of revenue generated by charter schools is aid provided by the State for all public schools. The amount of State aid received with respect to any individual school is based on a variety of factors. The amount of aid available in any year to pay the per pupil allowance is subject to appropriation by the California Legislature. The Legislature bases its decisions about appropriations on many factors, including the State's economic performance. Moreover, because some public officials, their constituents, commentators and others have viewed charter schools as controversial, political factors may also come to bear on charter school funding. As a result, the Legislature may not appropriate funds, or may not appropriate funds in a sufficient amount, for the Schools to generate sufficient revenue to allow the Lessee to meet its obligations under the Series 2025 Leases and the Series 2025 School Loan Agreement representing debt service payments on the Bonds. No liability would accrue to the State in such event, and the State would not be obligated or liable for any future payments or any damages. If the State were to withhold State aid payments for any reason, even for a reason that is ultimately determined to be invalid or unlawful, any of the Lessee's Schools could be forced to cease operations.

Possible Offsets to State Apportionment

Section 41344 of the Education Code provides that if an audit or review requires any of the Lessee's Schools to repay prior year apportionments because of significant audit exceptions, including penalty payments ("Audit Exceptions"), the Superintendent of Public Instruction (the "Superintendent") and the Director of the Department of Finance (the "Director"), or their designees, will jointly establish a plan for the annual repayment of Audit Exceptions (the "Audit Repayment Plan"), which under certain circumstances can extend for a period of up to eight equal annual payments. The State Controller withholds from the State School Fund the amounts specified in the Audit Repayment Plan. If the Superintendent and the Director do

SWDocID

Powered by BoardOnTrack

not establish an Audit Repayment Plan, the State Controller withholds the entire amount of the Audit Exceptions from the next apportionment.

Included in the principal apportionment is the general-purpose entitlement for charter schools, which are the "funds subject to intercept" pursuant to Section 17199.4 of the Education Code ("Section 17199.4"). Specifically, the funds subject to intercept are funds apportioned for purposes of the charter school block grant or the local control funding formula (as described in Section 17199.4) with respect to the Lessee's Schools.

Because the apportionments are the sum of multiple program entitlement calculations as well as prior adjustments, the amount available may be more or less than the calculated amount of funds subject to intercept. The amount available for intercept is therefore the lesser of periodic calculated funds subject to intercept and the amount of cash provided to the Lessee with respect to the Schools by the State.

The State Controller may reduce the funding available in the payment schedules for these apportionments to offset for funds owing to the State. These offsets include, but are not limited to, the following: Charter School Revolving Loan (Education Code Section 41365), Class Size Reduction (Education Code Section 52124); Audit Repayment (Education Code Sections 41341, 41344); and Accounts Receivable (Government Code Section 12419.5), in addition to other possible authorized or required offsets, or additional offsets not yet authorized by legislation. None of the foregoing offsets is currently applicable to the Lessee's Schools.

Charter School Facilities Program Intercepts

As noted above, the Intercepts for MSA-SD and MSA-SA are effectively subordinate to the CSFP Intercepts (as defined below) previously implemented with respect to MSA-SD and MSA-SA and related to the State's Charter School Facilities Program.

MSA-SA. In May 2015, the State Allocation Board approved funding for the project located at MSA-SA in the amount of $17,413,956. Facilities funded pursuant to the Charter School Facilities Program are required to have a 50% Local Matching Share for site acquisition and new construction and the State funds in an amount not to exceed 50% of the total project cost. In connection with the project at the MSA-SA Facilities, the State allocated $8,706,978 in the form of a grant through Proposition 1D. In lieu of a lump sum Local Matching Share, MERF entered into the MSA-SA CSFP Loan on behalf of MSA-SA.

As security for the MSA-SA CSFP Loan and as a condition to establish MERF's financial soundness, MERF, on behalf of MSA-SA, agreed to cause funds necessary for the loan payments under the MSA-SA CSFP Loan to be funds subject to intercept under Section 17199.4 of the Education Code (a "CSFP Intercept"). Funds subject to the CSFP Intercept for MSA-SA by the Controller are limited to funding apportioned to MERF for purposes of the charter school block grant or the Local Control Funding Formula pursuant to the Education Code. The CSFP Intercept for MSA-SA preceded the Intercept approved for the Series 2026 Schools.

To the extent funds are due with respect to the CSFP Intercept for MSA-SA and the Intercept for the Bonds at or about the same time, MERF expects that the CSFP Intercept for MSA-SA will precede the application of the Intercept in connection with the Bonds.

MSA-SD. The State Allocation Board also previously approved funding for an earlier proposed facility to house MSA-SD. The Lessee received an advance apportionment for design and planning purposes, but the project was abandoned in 2016 after SDUSD offered the Lessee the use of the current site of the MSA-SD Facilities. The Lessee is in the process of repaying the State for the advance apportionment through a CSFP Intercept. The total amount outstanding $93,848, which is being repaid over a thirty year term, ending November 1, 2052.

SWDocID

To the extent funds are due with respect to the CSFP Intercept for MSA-SD and the Intercept for the Bonds at or about the same time, MERF expects that the CSFP Intercept for MSA-SD will precede the application of the Intercept in connection with the Bonds.

MSA-5. In addition, a CSFP Intercept with respect to MSA-5 will be established for repayment of a loan for MSA-5. See " – Additional Indebtedness and Additional School Indebtedness" below.

See also, "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP – OPERATING AND FINANCIAL INFORMATION – Outstanding Debt."

Default Under a Series 2025 Lease; No Assurance Regarding Subsequent Tenant

If there is a default by the Borrower under the Loan Agreement attributable to a default by the Lessee under a Series 2025 Lease, the Members of the Obligated Group will likely not have sufficient funds to satisfy their obligations under the Loan Agreement and Obligation No. 2, absent re-leasing – or in appropriate cases, selling – the applicable Facility. Were the Lessee to default under a Series 2025 Lease, there is no assurance that the applicable Member would be able to find a new tenant for the applicable Facility which could generate revenues in a sufficient amount to allow the Borrower and members of the Obligated Group to make payments under the Loan Agreement and Obligation No. 2 to satisfy debt service on the Bonds or a buyer that would purchase such Facility for a sufficient amount to allow the Borrower to repay principal and interest with respect to the Loan. This risk is heightened by the fact that each of the Facilities has been improved specifically for use as a charter school campus and may be legally restricted to that use.

Survival of Leases after a Bond Default and Foreclosure

The Borrower, MPM Sherman Way, the Lessee, and the Master Trustee will enter into a Subordination, Non-Disturbance and Attornment Agreement in connection with the MSA-1 Lease (the "SNDA"). The SNDA addresses the priority of the rights between the Lessee and the Master Trustee. The SNDA provided that the Lessee's rights under the MSA-1 Lease to the use, possession and enjoyment of the applicable MSA-1 Facilities will not be disturbed by the Master Trustee so long as no event of default exists under the MSA-1 Lease. The non-disturbance portion assures the Lessee that its rights to the MSA-1 Facilities will be preserved ("nondisturbed") on specified conditions within control of the Lessee if the Borrower defaults on its Loan with the Authority and the Master Trustee forecloses on the MSA-1 Facilities. The attornment component of the SNDA provides that the Lessee will continue its obligations under the MSA-1 Lease if a new landlord takes over such Lease.

Additional Indebtedness and Additional School Indebtedness

The Master Indenture permits the issuance of Additional Indebtedness on a parity basis with Obligation No. 2 if certain conditions are met. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – The Master Indenture – Limitations on Additional Indebtedness" herein. The Borrower expects to acquire, construct and equip additional charter schools in the future. If it does, or for certain other expenses, it may issue Additional Indebtedness which may or may not be on a parity basis with Obligation No. 1 and Obligation No. 2 and may or may not be issued through the Master Indenture. If secured on a parity basis, any such parity indebtedness would be entitled to share ratably with the holders of the Bonds and any other holder of parity debt in any moneys realized from the exercise of remedies in the event of a default by the Borrower to the extent provided in the Bond Documents. The amount of any such Additional Indebtedness is undetermined at this time. The issuance of Additional Indebtedness may adversely affect the investment security of the Bonds.

Under the Leases, the Lessee may also issue additional indebtedness, subject to certain conditions and limitations. See "THE LEASES AND SCHOOL LOAN AGREEMENTS – Certain Related Covenants –

SWDocID

Powered by BoardOnTrack

Financial Covenants – Limitation on Liens on Program Revenues" and " – Limitations on Obligated Group Program Indebtedness" herein. The issuance of such additional Lessee indebtedness may adversely affect the investment security of the Bonds.

Grant Anticipation Notes and Related Obligations. On April 17, 2025, the Authority issued its Grant Anticipation Notes, in a principal amount not to exceed $29,500,000 pursuant to that certain Indenture, dated as of April 1, 2025, by and between the Authority and the Notes Trustee. See "INTRODUCTION – Grant Anticipation Note Financing" herein. The proceeds of the sale of the Grant Anticipation Notes were loaned to the Borrower pursuant to the Note Loan Agreement. In turn, the Borrower loaned such proceeds of the Grant Anticipation Notes to the Lessee pursuant to the Grant Anticipation Note Loan Agreement, in order to finance a portion of the costs of construction of the MSA-5 Facility. The obligations of the Lessee under the Grant Anticipation Note Loan Agreement are not a general obligation of the Lessee; rather, such obligations are payable only from the proceeds of an award pursuant to the State's Charter School Facility Program.

The State Allocation Board has approved a preliminary apportionment for the Lessee in the amount of $50,832,322 (the "Preliminary Apportionment") from the State's Charter School Facility Program, for the purpose of financing a portion of the acquisition and construction of the MSA-5 Facility. Pursuant to the Charter School Facility Program, when and if received by the Lessee, 50% of the amounts of such Preliminary Apportionment will consist of a grant to the Lessee, while the remaining 50% of such amounts will consist of a loan (the "MSA-5 CSFP Loan") to the Lessee that will be repaid through an intercept of apportionment made by the State Controller. The MSA-5 CSFP Loan will constitute additional indebtedness of the Lessee.

Upon satisfaction of the applicable requirements of the Charter School Facility Program, the Lessee expects to receive the CSFP Award. The CSFP Award is expected to be wired directly to the Notes Trustee on behalf of the Lessee, and a portion of such award will be used to pay the obligations of the Lessee under the Grant Anticipation Note Loan Agreement, before any remaining amount of the CSFP Award is made available for payment of costs related to the MSA-5 Facility. See "APPENDIX E – CHARTER SCHOOL FACILITIES PROGRAM AND AWARD FUNDING."

Addition and Removal of Members

The Master Indenture permits the addition of Members under the Obligated Group, but it also permits the removal of Members, subject to certain conditions and limitations. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – The Master Indenture – Withdrawal from Obligated Group" herein. Any such withdrawal of Members from the Obligated Group may decrease the revenues available for payment of debt service on the Bonds and may adversely affect the investment security of the Bonds.

No Fee Interest in Certain Facilities

While MPM Sherman Way holds a fee interest in the land and improvements constituting the MSA-1 Facilities, MPM San Diego holds no interest in the land that is the site of the MSA-SD Facilities.

[The MSA-SD Ground Use License is coterminous with the MSA-SD charter term.] MSA-SD Ground Use License provides that it automatically and immediately terminates upon the effective date of any termination or revocation of the MSA-SD Charter. Although MPM San Diego has granted the Master Trustee a security interest in the modular buildings that constitute the MSA-SD Facilities, such modular buildings would have to be relocated in the event of a termination of the MSA-SD Ground Use License.

Under the Series 2025 Mortgage, MPM Sherman Way's interest in the MSA-1 Facilities secures its obligations under the Master Indenture. But, no such mortgage or deed of trust secures the obligations of MSA-SD or MSA-SA under the Master Indenture. Moreover, no Member of the Obligated Group will hold any interest in the MSA-SA Facility.

SWDocID

State Lien and Restrictive Covenants, Conditions and Restrictions on MSA-SA Facilities and MSA-5 Facility. Pursuant to the requirements of the CSFP Program, the Lessee's interest in each of the MSA-SA Facilities and the MSA-5 Facility is subject to (i) a recorded lien in favor of the State reflecting that each of such Facilities are held in trust by the Lessee for the benefit of the State public school system, and (ii) a recorded restrictive covenant providing as follows:

1. The applicable Facilities and any facilities constructed, rehabilitated, or retrofitted at the such Facilities using funds allocated pursuant to the CSFP Program shall be used only for public school purposes as authorized in the California Constitution and statute;

2. In the event the applicable Facilities are no longer needed for charter school purposes, title to such Facilities shall vest in the school district in which the property is physically located, which the school district shall hold in trust for benefit of the State public school system. The remainder interest provided in the restrictive covenant shall be triggered when the applicable Facilities are no longer needed for charter school purposes and shall then be subject to paragraphs (2) to (6) , inclusive, of subdivision (b) of Section 17078.62 of the Education Code;

3. In the event the applicable school district disclaims its interest in the Facilities, title shall vest in the State;

4. A successor charter school, qualified pursuant to Section 17078.62(b)(2) of the Education Code (the "Lessee's successor"), shall be permitted to meet its facilities needs by occupying the applicable Facilities, for the benefit of the State public school system, on equal terms as the Lessee, including, but not limited to, assumption of fee simple title to such Facilities; and

5. The restrictive covenant shall run with the land and shall be binding upon the Lessee, its successors, and all parties having or acquiring any right, title or interest in the applicable Facilities or any part thereof, and shall inure to the benefit of the State.

Reserve Account

The Bond Indenture establishes the Reserve Account within the Revenue Fund for payment of principal of and interest on the Bonds to the extent the Payments are insufficient to make such payments. Although the Borrower believes such reserve to be reasonable and anticipates that the Payments will be sufficient to cover the debt service on the Bonds, there is no assurance that funds on deposit in the Reserve Account and future Payments will be sufficient to cover debt service on the Bonds.

Purchases and Transfers of Bonds Restricted to Qualified Institutional Buyers and Accredited Investors

As described in the "NOTICE TO INVESTORS" that precedes the Table of Contents of this Limited Offering Memorandum, the Bonds are to be sold (including in secondary market transactions) only to Qualified Institutional Buyers or Accredited Investors. The Bond Indenture contains provisions limiting transfers of the Bonds and beneficial interests therein to Qualified Institutional Buyers or Accredited Investors. The face of each Bond will contain a legend indicating that the Bond is subject to transfer restrictions as set forth in the Bond Indenture. The Bonds will be issued in minimum denominations of $25,000 and any integral multiple of $5,000 in excess thereof (or the aggregate principal amount of any maturity of the Bonds Outstanding, if lower, in integral multiples of $5,000). In light of these restrictions, purchasers should not expect that there will be an active secondary market for the Bonds.

There can be no assurance that there will be a secondary market for the purchase or sale of the Bonds, and there may be no market for the Bonds depending upon prevailing market conditions, the financial condition or market position of firms who make up the secondary market and the financial position and results

SWDocID

of operations of the Borrower. The Underwriter is not obligated to create a secondary market for the purchase or sale of the Bonds.

Investors should be aware that they might be required to bear the financial risks of this investment for an indefinite period of time and/or that to the extent there is a secondary market for the Bonds, the secondary market price of the Bonds may be affected as a result of the restrictions. If a trading market for the Bonds develops, future trading prices of such Bonds will depend on many factors, including, among other things, prevailing interest rates and the market for similar instruments. Depending upon those and other factors, the Bonds may trade at a discount from their principal amount.

Tax Related Issues

Tax-Exempt Status of Interest on the Series 2025A Bonds. The Code imposes a number of requirements that must be satisfied for interest on state and local obligations, such as the Series 2025A Bonds, to be excludable from gross income for federal income tax purposes. These requirements include limitations on the use of Series 2025A Bond proceeds, limitations on the investment earnings of Series 2025A Bond proceeds prior to expenditure, a requirement that certain investment earnings on Series 2025A Bond proceeds be paid periodically to the United States and a requirement that the issuers file an information report with the Internal Revenue Service (the "IRS"). The Authority, the Borrower, and MERF have covenanted in certain of the documents referred to herein that they will comply with such requirements. Failure by any of the foregoing to comply with the requirements stated in the Code and related regulations, rulings and policies may result in the treatment of interest on the Series 2025A Bonds as taxable, retroactively to the date of issuance of the Series 2025A Bonds.

Existence and Maintenance of Tax-Exempt Status. The Lessee and the Borrower have been organized to provide various educational and philanthropic services. See "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP." The tax-exempt status of the Series 2025A Bonds depends upon the existence and maintenance by the Borrower and the Lessee of their respective statuses as organizations described in Section 501(c)(3) of the Code. The existence and maintenance of such status is contingent on compliance with general rules promulgated in the Code and related regulations regarding the organization and operation of organizations described in Section 501(c)(3) of the Code, including the operation for charitable and educational purposes and avoidance of transactions which may result in more than an insubstantial amount of unrelated business activity and/or cause the assets of either to inure to the benefit of private individuals.

In recent years, the IRS has increased the frequency and scope of its audit and other enforcement activity regarding tax-exempt organizations and, in particular, charter schools. As a result, tax-exempt organizations are increasingly subject to a greater degree of scrutiny. The primary penalty available to the IRS under the Code with respect to a tax-exempt entity engaged in unlawful private benefit or more than an insubstantial amount of unrelated business activity is the revocation of tax-exempt status. Although the IRS has not frequently revoked the Section 501(c)(3) status of nonprofit corporations, it could do so in the future. Loss of tax-exempt status by the Borrower or the Lessee could potentially result in loss of tax exemption of interest on the Series 2025A Bonds and of other existing and future tax-exempt debt of members of the Obligated Group, if any, and defaults in covenants regarding the Series 2025A Bonds and other existing and future tax-exempt debt, if any, would likely be triggered.

Less onerous sanctions have been enacted which enforce rules applicable to Section 501(c)(3) organizations, but these sanctions do not replace the other remedies available to the IRS as mentioned above.

State Income Tax Exemption. The loss by MERF or the Borrower of federal tax exemption might trigger a challenge to its State income tax exemption. Such event could be adverse and material.

SWDocID

Unrelated Business Income. In recent years, the IRS and state, county and local taxing authorities have been undertaking audits and reviews of the operations of tax-exempt organizations with respect to their exempt activities and the generation of unrelated business taxable income ("UBTI"). To the extent the Lessee or the Borrower do not properly account for and report UBTI, if any, an investigation or audit could lead to a challenge which could result in taxes, interest and penalties with respect to unreported UBTI (which might be substantial) and in some cases could ultimately affect the tax-exempt status of the Borrower or the Lessee, as well as the exclusion from gross income for federal income tax purposes of the interest on the Series 2025A Bonds.

Exemption from Property Taxes. In recent years, State, county and local taxing authorities have been undertaking audits and reviews of the operations of tax-exempt corporations with respect to their real property tax exemptions. The management of the Borrower and the Lessee believe that the Facilities are exempt from California real property taxation.

Factors That Could Affect the Security Interest in the Facilities; Superior Liens

The Master Trustee's security interest in the Facilities may be subordinated to the interest and claims of others in several instances. Some examples of cases of subordination of prior claims are (i) statutory liens, (ii) rights arising in favor of the United States of America or any agency thereof, (iii) present or future prohibitions against assignment in any statutes or regulations, (iv) constructive trusts, equitable liens or other rights impressed or conferred by any state or federal court in the exercise of its equitable jurisdiction, (v) federal or state bankruptcy or insolvency laws that may affect the enforceability of the Loan Agreement, (vi) rights of third parties in amounts not in the possession of the Trustee, (vii) claims that might arise if appropriate financing or continuation statements are not filed in accordance with the California Uniform Commercial Code as from time to time in effect, and (viii) mechanics liens.

No Appraisal

No appraisal has been obtained for the MSA-1 Facility. There can be no assurance that, should the Borrower default in the making of the payments due under the Loan Agreement or any Obligation, the MSA-1 Facility could be foreclosed upon and sold for the amounts owed under the Loan Agreement, Obligation No. 2, or any other future Obligations issued under the Master Indenture.

Limitations on Value of the Facilities and to Remedies Under the Mortgages

Maintenance of Value. The Facilities are located in a region that has experienced significant real property market volatility over the past several years. There can be no assurance made that, should the Members of the Obligated Group default in making the payments due under Obligation No. 2 or any of the Prior Obligations, including in the event MERF defaults in making the Rent payments due under the Leases, the Facilities could be foreclosed upon and sold for the amounts owed under the Obligations.

Hazardous Substances. While governmental taxes, assessments and charges are common claims against the value of property, other less common claims may be relevant. One of the most serious in terms of the potential reduction in the value that may be realized is a claim with regard to hazardous substances. In general, the Members may be required by law to remedy conditions of a Facility relating to release of hazardous substances. The federal Comprehensive Environmental Response, Compensation and Liability Act of 1980, sometimes referred to as "CERCLA" or the "Superfund Act," is the most well-known and widely applicable of these laws. California laws with regard to hazardous substances are stringent and similar to certain federal acts. Under many of these laws, the owner (or operator) is obligated to remedy a hazardous substance condition of property whether or not the owner (or operator) had or has anything to do with the creation or handling of the hazardous substance. The effect, therefore, should a Facility be affected by a hazardous substance, is generally to reduce the marketability and value of the parcel by the cost of remedying the condition. Further, such liabilities may arise not simply from the existence of a hazardous substance but

SWDocID

from the method of handling the hazardous substance. Any of these potentialities could significantly affect the value of the Project that would be realized upon a default and foreclosure.

See " – Environmental Risks and Prior Environmental Inspections" below for a description of certain environmental reports regarding the Facilities.

Foreclosure. There are two methods of foreclosing on a deed of trust or mortgage under California law, by nonjudicial sale and by judicial sale. Foreclosure under a deed of trust may be accomplished by a nonjudicial trustee's sale under the power of sale provision in the deed of trust. Prior to such sale, the trustee must record a notice of default and election to sell and send a copy to the trustor, to any person who has recorded a request for a copy of the notice of default and notice of sale, to any successor in interest of the trustor and to certain other parties discernable from the real property records. The trustee then must wait for the lapse of at least three months after the recording of the notice of default and election to sell before establishing the trustee's proposed sale date and giving a notice of sale (in a form mandated by California statutes). The notice of sale must be posted in a public place and published once a week for three consecutive calendar weeks, with the first such publication preceding the trustee's sale by at least 20 days. Such notice of sale must be posted on the property and sent, at least 20 days prior to the trustee's sale, to the trustor, to each person who has requested a copy, to any successor in interest of the trustor, to the beneficiary of any junior deed of trust and to certain other parties discernable from the real property records. In addition, the notice of sale must be recorded with the county recorder at least 14 days prior to the date of sale. The trustor, any successor in interest of the trustor in the trust property, or any person having a junior lien or encumbrance of record may, during the statutory reinstatement period, which extends to five days prior to the sale date, cure any monetary default by paying any delinquent installments of the debt then due under the terms of the deed of trust and certain other obligations secured thereby (exclusive of principal due by virtue of acceleration upon default) plus costs and expenses actually incurred in enforcing the obligation and certain statutorily limited attorneys' and trustees' fees. Following a nonjudicial sale, neither the trustor nor any junior lienholder has any right of redemption, and the beneficiary may not ordinarily obtain a deficiency judgment against the trustor.

Should foreclosure under a deed of trust be sought in the form of a judicial foreclosure, it is generally subject to most of the delays and expenses of other lawsuits, and may require several years to complete. The primary advantage of a judicial foreclosure is that the beneficiary is entitled, subject to other limitations, to obtain a deficiency judgment against the trustor to the extent that the amount of the debt is in excess of the fair market value of the property. Following a judicial foreclosure sale, the trustor or its successors in interest may redeem the property for a period of one year (or a period of only three months if the proceeds of sale are sufficient to satisfy the debt, plus interest and costs). In addition, in order to assure collection of any rents assigned as additional collateral under a Mortgage, a receiver for the applicable Facilities may be appointed by a court.

Damage, Destruction or Condemnation. Although the Borrower will be required to cause the Members to obtain certain insurance against damage or destruction as set forth in the Loan Agreement and the Series 2025 Mortgage related to the MSA-1 Facility, there can be no assurance that any portion of the Facilities will not suffer losses for which insurance cannot be or has not been obtained or that the amount of any such loss, or the period during which a Series 2025 Landlord, as a result of damage or destruction to the applicable Facilities, cannot generate revenues, will not exceed the coverage of such insurance policies.

If the Facilities, or any portion thereof, are damaged or destroyed, or are taken in a condemnation proceeding, the proceeds of insurance or any condemnation award for the Facilities, or any portion thereof, must be applied as provided in the Loan Agreement to restore or rebuild the Facilities or to redeem Bonds. There can be no assurance that the amount of revenues available to restore or rebuild the Facilities, or any portion thereof, or to redeem Bonds will be sufficient for that purpose, or that any remaining portion of the Facilities will generate revenues sufficient to pay the expenses of the Borrower and the Loan Repayments.

SWDocID

Seismic Activity. The Facilities are located in seismically active regions of California. The occurrence of severe seismic activity could result in substantial damage to any of such Facilities, which could adversely affect the ability of the Lessee to operate such Facilities or make payments due under the corresponding Series 2025 Lease or School Loan Agreement and/or the ability of the Borrower to make the Loan Repayments and could adversely affect the value of such Facilities. Neither the Borrower nor the Members are obligated by the Loan Agreement or Master Indenture to maintain earthquake insurance on any portion of the Facilities and there can be no assurance that the Borrower or the Members of the Obligated Group will obtain such coverage in the future.

None of the Facilities are located within an Alquist-Priolo Earthquake Fault Zone, which is an area in the vicinity of an active fault that constitutes a potential hazard to structures from surface faulting or fault creep as determined in accordance with applicable provisions of the State's Public Resources Code.

Flood. Under the Master Indenture, each Member covenants and agrees that it will maintain (or cause to be maintained) appropriate flood insurance as required under the National Flood Insurance Act of 1968, Flood Disaster Protection Act of 1973, or the National Flood Insurance Reform Act of 1994 as amended or as recommended by the Insurance Consultant if the applicable Facility is determined to be in a Special Flood Hazard Area. However, none of the Facilities are located in special flood hazard areas as designated by the Federal Emergency Management Agency.

Wildfires. Major wildfires have occurred in recent years in different regions of the State, including significant fires throughout the fall of 2020, the summer of 2021, and the winter of 2025. Serious and significant property damage has resulted in other areas of the State due to fire damage. The Governor has previously signed a number of measures into law intended to address a variety of issues related to mitigating the risk of wildfires, including forest management, mutual aid for fire departments, emergency alerts and other safety mandates.

Neither of the Borrower nor the Lessee can make any representation regarding the effects that future wildfires may have on their respective operations or finances, or to what extent any such wildfires could cause disruptions to economic activity in the vicinity of the Facilities.

Sea Level Rise. Various State and local agencies have produced reports or assessments in connection with planning for the potential effects of sea level rise, which increases the potential for severe flooding caused by the occurrence of coastal and inland flooding. Neither of the Borrower nor the Lessee are able to predict whether sea level rise, or associated impacts thereof, will occur, and if any such events occur, whether they will have a material adverse effect on their respective operations and financial condition, or more generally affect the region's economy.

Climate Change. In addition to the events described above, climate change caused by human activities may have adverse effects generally on the economy and communities surrounding the Facilities, and on the value of the Facilities themselves. As greenhouse gas emissions continue to accumulate in the atmosphere as a result of economic activity, many scientists expect that climate change will intensify, increasing the frequency, severity and timing of extreme weather events such as coastal storm surges, droughts, wildfires, floods, heat waves, and rising sea levels. Projections of the impact of global climate change are complex and depend on a variety of factors outside of the control of the Borrower and the Lessee. The various scientific studies that forecast the amount and timing of adverse impacts of climate change are based on assumptions contained in such studies, but actual events may vary materially. In addition, the scientific understanding of climate change and its effects continues to evolve. Accordingly, neither of the Borrower nor the Lessee is able to forecast with certainty when or if adverse impacts of climate change will occur or the extent of such impacts.

Environmental Risks. There are potential risks relating to liabilities for environmental hazards with respect to the ownership of any real property, including those described above under " – Hazardous

SWDocID

Substances." If hazardous substances are found to be located on a property, owners of such property may be held liable for costs and other liabilities related to the removal of such substances which costs and liabilities could exceed the value of the Facilities or any portion thereof.

Various environmental inspections have been performed for the MSA-1 Facilities in the past, as follows. The Lessee received from California Environmental Geologists & Engineers, Inc. ("California Environmental") an Environmental Site Assessment Report – Phase I dated October 13, 2016 (the "2016 MSA-1 Environmental Report"). California Environmental noted in its 2016 MSA-1 Environmental Report that no recognized environmental conditions ("RECs"), historical recognized environmental conditions ("HRECs"), or Controlled Recognized Environmental Conditions ("CRECs") were identified in connection with the MSA-1 Facilities. However, California Environmental cautioned that a dry cleaner operation, which is located at 18235 Sherman Way, is a potential source of volatile organize compounds ("VOCs") contamination that could impact the subject property subsurface. Accordingly, California Environmental recommended a limited soil-gas assessment to test for VOCs in shallow soil gas beneath the property. California Environmental noted that there were two additional properties within a one-quarter mile radius of the subject property that could have environmental concerns. However, California Environmental stated that, due to their distance from the subject property and their groundwater gradient, it is unlikely that either property would impact the subject property subsurface.

The 2016 MSA-1 Environmental Report did not find any indication of the following environmental factors at the Facilities, among others: surface drains, catch basins, sumps or standing water, past use, treatment, storage, disposal or generation of hazardous substances, significant hazardous substance use, existing aboveground or underground storage tanks, clarifiers, sumps, or grease interceptors, onsite disposal or landfill of solid waste material, wastewater treatment or disposal systems, or strong, pungent or noxious odors. The 2016 MSA-1 Environmental Report was prepared for the Lessee and intended for the purpose of determining site conditions through limited research and investigation and can in no way be considered a conclusive site characterization. No warranty, express or implied of any kind is made or intended in connection with the 2016 MSA-1 Environmental Report.

The Lessee also received from California Environmental an Environmental Site Assessment Report – Phase I Update and Screening Soil Evaluation – Phase II dated May 2017 (collectively, the "2017 MSA-1 Environmental Report"). California Environmental reports that the dry-cleaning and laundry business, which remains the nearest listed environmental concern site, is located approximately 150 feet to the northwest of the subject property. California Environmental indicated that no known solvent releases had been reported for the MSA-1 Facilities. The 2017 MSA-1 Environmental Report stated that the nearest listed contaminated site to the subject property was approximately 656 feet to the southwest and the listing related to a January 1984 gasoline release to soil. Due to the distance from the subject property and a southeasterly groundwater gradient, California Environmental stated that it was unlikely that this off-site release had impacted the MSA-1 Facilities subsurface. California Environmental noted that a second contaminated site was located approximately 798 feet east of the subject property. Due to the distance from MSA-1 Facilities and a southeasterly groundwater gradient, California Environmental found it unlikely for the off-site release to impact the MSA-1 Facilities subsurface.

The 2017 MSA-1 Environmental Report stated that no RECs, HRECs, or CRECs were identified at the MSA-1 Facilities. In addition, California Environmental conducted soil gas sampling at the subject property on May 10, 2017 to evaluate the presence of VOCs associated with the dry cleaners located at 18235 Sherman Way. Based on a review of all samples collected, California Environmental indicated that all such samples were below the applicable reporting threshold set forth by the Environmental Protection Agency. Accordingly, California Environmental stated that additional assessment was not recommended.

In May 2017, the Lessee received from California Environmental an Environmental Site Assessment – Phase I (the "MSA-SD Environmental Report") with respect to the MSA-SD Facility. California Environmental noted in its MSA-SD Environmental Report that it had found no evidence of RECs, HRECs, or

CRECs in connection with the property. California Environmental included a finding that the property is listed on a database related to the generation of asbestos containing waste produced in 2004. However, California Environmental stated that such asbestos waste was likely associated with remodeling or renovation activities and was not considered an environmental concern. Based on California Environmental's review of the surrounding area, the nearest listed contaminated site to the subject property had an unauthorized release of petroleum hydrocarbons in 1993. However, California Environmental stated that it is unlikely that such offsite release impacted the subject property due to the distance between the release and the site.

The MSA-SD Environmental Report did not find any indication of the following environmental factors at the MSA-SD Facility, among others: surface drains, catch basins, sumps or standing water, past use, treatment, storage, disposal or generation of hazardous substances, significant hazardous substance use, existing aboveground or underground storage tanks, clarifiers, sumps, or grease interceptors, onsite disposal or landfill of solid waste material, wastewater treatment or disposal systems, or strong, pungent or noxious odors. The MSA-SD Environmental Report was prepared for the Lessee and intended for the purpose of determining site conditions through limited research and investigation and can in no way be considered a conclusive site characterization. No warranty, express or implied of any kind is made or intended in connection with the MSA-SD Environmental Report.

The environmental reports described above speak only as of their respective dates and the provider of such reports has not been asked to perform any additional assessments with respect to the subject properties. Such environmental reports are subject to numerous limitations and disclaimers stated therein.

Bankruptcy

The rights and remedies of the Beneficial Owners of the Bonds are subject to various provisions of the Federal Bankruptcy Code (the "Bankruptcy Code"). If the Borrower, any Member or the Lessee were to become a debtor in a bankruptcy case, its revenues and certain of its accounts receivable and other property created or otherwise acquired after the filing of such petition and for up to 90 days prior to the filing of such petition may not be subject to the security interest created under the applicable Mortgage for the benefit of the Beneficial Owners of the Bonds. The filing would operate as an automatic stay of the commencement or continuation of any judicial or other proceeding against such entity, and its property, and as an automatic stay of any act or proceeding to enforce a lien upon or to otherwise exercise control over such property. If the bankruptcy court so ordered, the property of the Borrower or a Member, including accounts receivable and proceeds thereof, could be used for the financial rehabilitation of such entity despite the security interest of the Trustee therein. While the Bankruptcy Code requires that the interest of the Trustee as lien owner be adequately protected before the collateral may be used by the Borrower or a Member, such protection could take the form of a replacement lien on assets acquired or created after the bankruptcy petition is instituted. The rights of the Trustee to enforce liens and security interests against the Borrower's or Member's assets could be delayed during the pendency of the rehabilitation proceedings.

The Borrower or the Lessee could file a plan for the reorganization of its debts in any such proceeding which could include provisions modifying or altering the rights of creditors generally, or any class of them, secured or unsecured. The plan, when confirmed by a court, binds all creditors who had notice or knowledge of the plan and discharges all claims against the debtor provided for in the plan. No plan may be confirmed unless certain conditions are met, among which are that the plan is in the best interests of creditors, is feasible and has been accepted by each class of claims impaired thereunder. Each class of claims has accepted the plan if at least two thirds in dollar amount and more than one half in number of the class cast votes in its favor. Even if the plan is not so accepted, it may be confirmed if the court finds that the plan is fair and equitable with respect to each class of non-accepting creditors impaired thereunder and does not discriminate unfairly.

Factors Associated with the Magnolia Schools' Operations

General Factors. There are a number of factors affecting schools generally that could have an adverse effect on the Lessee's financial position and ability to operate the Facilities as charter schools and, consequently, on the Borrower's ability to make Loan Repayments necessary to make debt service payments on the Bonds. These factors include, but are not limited to: (i) failure to qualify for statutory reimbursement under state programs; (ii) increasing costs of compliance with federal, state or local laws or regulations, including, but not limited to, laws or regulations concerning environmental quality, work safety and accommodation of persons with disabilities; (iii) taxes or other charges imposed by federal, state or local governments; (iv) the ability to attract a sufficient number of students; (v) changes in existing statutes pertaining to the powers of the Magnolia Schools and disruption of such charter schools' operations by real or perceived threats against such charter schools, their staff members or students; and (vi) decline in the reputation of any such charter school or the ability of such a charter school and its management to provide educational services desired and accepted by the population it serves.

Changes in Law and Governmental Authorities. In the Summer of 2023, the Oklahoma Statewide Virtual Charter School Board (the "Oklahoma Authorizer Board") approved the nation's first openly religious public charter school, St. Isidore of Seville Virtual Catholic Charter School ("St. Isidore"). Subsequently, the Oklahoma Attorney General sued the Oklahoma Authorizer Board seeking the rescission of the St. Isidore charter on the basis that it violated the Oklahoma Constitution. After a June 2024 decision by the Oklahoma Supreme Court against St. Isidore, the Oklahoma Authorizer Board rescinded its charter. However, St. Isidore and its supporters argue that the rescission of the charter violates the free exercise clause of the First Amendment to the U.S. Constitution. In January 2024, the U.S. Supreme Court granted certiorari to two related cases regarding the St. Isidore matter. If the U.S. Supreme Court holds in favor of St. Isidore, the decision may open the door to allowing religious public charter schools in all states, including California. Such a decision could fundamentally change the landscape, funding and operations of public charter schools nationally. It could also allow current religious private schools to receive charter school funding, increasing competition for existing charter schools, including the Magnolia Schools, or result in other unknown consequences.

In addition, on January 27, 2025, the U.S. Office of Management and Budget ("OMB") issued a memorandum directing federal agencies to temporarily pause all activities related to the obligation or disbursement of federal financial assistance, and other relevant activities, that may be implicated by recent executive orders issued under the Trump Administration. On January 29, 2025, OMB rescinded the memorandum. Following the rescission, the White House press secretary noted that the recission of the memorandum was "[not] a recission of the federal funding freeze." The U.S. Department of Education released a letter, dated February 14, 2025, notifying schools and colleges to eliminate diversity, equity, and inclusion programs and initiatives by the end of the month or risk losing federal funding.

A portion of the Lessee's revenue is derived from federal funding, which may be further impacted by the executive order signed by President Trump on March 20, 2025, to begin dismantling the U.S. Department of Education. Neither the Lessee nor the Borrower are able to predict the extent of such impact at this time and whether any such impact will materially affect their finances and operations.

Potential purchasers should be aware that the Lessee faces constant competition for students and there can be no assurance that its charter schools will continue to attract and retain the number of students that are needed to generate revenues sufficient to make payments on the Series 2025 Leases and the Series 2025 School Loan Agreement that are the source of revenue to pay debt service on the Bonds. Neither the Borrower nor the Lessee can assess or predict the ultimate effect of the foregoing factors on their respective operations or financial results of their operations or on the ability of the Lessee to make payments required under the Series 2025 Leases and the Series 2025 School Loan Agreement, or on the ability of the Borrower and the Members to make payments required under the Loan Agreement and Obligation No. 2.

Dependency on State Finances

Charter schools, like all public schools, depend on revenues from the State for a large portion of their operating budgets. The availability of State funds for public education is a function of constitutional and statutory provisions affecting school district revenues and expenditures, the condition of the State economy (which affects total revenue available to the State School Fund) and the annual State budget process. Decreases in State revenues may adversely affect education appropriations made by the Legislature. As noted, the Legislature bases its decisions about appropriations on many factors, including the State's economic performance, and, because some public officials, their constituents, commentators and others have viewed charter schools as controversial, political factors may also come to bear on charter school funding. See "CERTAIN RISK FACTORS – Dependence on State Aid Payments that are Subject to Annual Appropriation and Political Factors" above.

The State has previously experienced severe financial difficulties. In prior years, the State's response to its financial difficulties has had a significant impact on Proposition 98 funding and settle-up treatment, as further described in "STATE FUNDING OF EDUCATION." In the past, the State has sought to avoid or delay paying settle-up amounts when funding has lagged the guaranteed amount. The State has also sought to avoid increases in the minimum guarantee through various mechanisms by treating any excess appropriations as advances against subsequent years' Proposition 98 minimum funding levels rather than current-year increases; by deferring State aid payments from one fiscal year to the next; and by suspending Proposition 98. Continued decreases in State revenues may adversely affect education appropriations made by the Legislature. None of the Borrower, the Lessee or any other party to the Bond transaction can predict how State income or State education funding will vary over the entire term of the Bonds. No party to the Bond transaction takes any responsibility for informing owners of the Bonds about any such changes.

Information about the financial condition of the State, as well as its budget and spending for education, is available and regularly updated on various State-maintained websites, including those of the LAO, the Department of Finance and the California State Controller. Such information is prepared by the respective State entity maintaining each such website and not by any of the parties to this transaction. The parties to this transaction take no responsibility for the accuracy, completeness or timeliness of such information or the continued accuracy of the internet addresses noted herein, and no such information is incorporated herein by these references.

Budget Delays and Restrictions on Disbursement of State Funds during a Budget Impasse

The State Constitution specifies that an annual budget will be proposed by the Governor by January 10 of each year for the next fiscal year (the "Governor's Budget"). Under State law, the annual proposed Governor's Budget cannot provide for projected expenditures in excess of projected revenues for the ensuing fiscal year. State law also requires the Governor to update the Governor's Budget projections and budgetary proposals by May 14 of each year (the "May Revision"). The May Revision is normally the basis for final negotiations between the Governor and Legislature to reach agreement on appropriations and other legislation to fund State government for the ensuing fiscal year (the "Budget Act").

The Budget Act must be approved by a majority vote of each House of the Legislature and must be in balance. The budget becomes law upon the signature of the Governor. Text of proposed and adopted budgets may be found at the website of the Department of Finance, www.dof.ca.gov, currently under the heading "California Budget." Analyses of budgets are prepared by the Legislative Analyst's Office at www.lao.ca.gov. Such information is prepared by the respective State entity maintaining each such website and not by any of the parties to this transaction. The parties to this transaction take no responsibility for the accuracy, completeness or timeliness of such information or the continued accuracy of the internet addresses noted herein, and no such information is incorporated herein by these references.

SWDocID

The State Legislature is required to approve a State Budget Act no later than June 15 of each year. The State Legislature has failed to approve the State Budget Act by the deadline therefor in a number of years. Failure by the State to adopt a Budget Act restricts the California State Controller's ability to disburse State funds after the beginning of the ensuing fiscal year. See "STATE FUNDING OF EDUCATION – General – Adoption of Annual State Budget" herein regarding the ability of the State Controller to disburse State funds in such situations. Any State budget delay would delay the State's appropriation of funds and could negatively impact the Lessee's ongoing viability and its ongoing ability to make payments under the Leases representing debt service on the Bonds.

Key Management

The creation of, and the philosophy of teaching in, charter schools generally initially may reflect the vision and commitment of a few key persons on the board of directors and/or the upper management of the charter school or its management organization ("Key Directors/Managers"). Loss of any such Key Directors/Managers, and the inability of the Borrower, the Lessee, or the Lessee to find comparable qualified replacements, could adversely affect their respective operations or financial results." See "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto for information regarding the management and leadership of the Borrower, the Lessee, the Series 2026 Schools, and the other Magnolia Schools.

Other Limitations on Enforceability of Remedies

There exists common law authority and authority under various state statutes pursuant to which courts may terminate the existence of a nonprofit corporation or undertake supervision of its affairs on various grounds, including a finding that the corporation has insufficient assets to carry out its stated charitable purposes or has taken some action which renders it unable to carry out such purposes. Such court action may arise on the court's own motion or pursuant to a petition of a state attorney general or other persons who have interests different from those of the general public, pursuant to the common law and statutory power to enforce charitable trusts and to see to the application of their funds to their intended charitable uses.

In addition to the foregoing, the realization of any rights under the Loan Agreement, the Bond Indenture and the Mortgages upon a default depends upon the exercise of various remedies specified in the Loan Agreement, the Bond Indenture and the Mortgages. These remedies may require judicial action which is often subject to discretion and delay. Under existing law, certain of the remedies specified in the Loan Agreement, the Bond Indenture and the Mortgages may not be readily available or may be limited. For example, a court may decide not to order the specific performance of the covenants contained in the Loan Agreement, the Bond Indenture or a Mortgage. Accordingly, the ability of the Authority, the Trustee or the Master Trustee to exercise remedies under the Loan Agreement, the Bond Indenture and the Mortgages, as applicable, upon an Event of Default could be impaired by the need for judicial or regulatory approval.

Amendment of Legal Documents; Minority Bondholder Risks

The Bond Indenture permits certain modifications to be made thereto with the consent of Holders of a majority in interest of the aggregate principal amount of the Bonds then outstanding; provided that, no such modification may (1) extend the fixed maturity of any Bonds or reduce the rate of interest thereon or extend the time of payment of interest, or reduce the amount of the principal thereof or (2) reduce the aforesaid percentage of Holders of Bonds whose consent is required for the execution of such supplemental indentures or (3) extend the time of payment or (4) permit the creation of any lien on the Payments or the assets pledged under the Bond Indenture prior to or on a parity with the lien of the Bond Indenture or (5) deprive the Holders of the Bonds of the lien created by the Bond Indenture upon the Payments or the assets pledged herein, without the consent of the Holders of at least 80% of the aggregate principal amount of the Bonds then outstanding.

SWDocID

The Loan Agreement permits certain modifications to be made thereto with the consent of the Holders of a majority in interest of the aggregate principal amount of the Bonds then outstanding; provided that, no such modification may reduce the amount of Loan Repayments payable to the applicable Issuer, or extend the time for making such payments, without the written consent of the Holders of at least 80% of the aggregate principal amount of the applicable Bonds then outstanding.

Similarly, the Master Indenture permits certain modifications to be made thereto with the consent of Related Indebtedness Holders holding a majority in interest of the Related Indebtedness then outstanding; provided that no such modification may (1) extend the stated maturity of or time for paying interest on any Obligation or reduce the principal amount of or the redemption premium or rate of interest or method of calculating interest payable on any Obligation without the consent of the Related Indebtedness Holders of at least 80% of the aggregate principal amount of the Related Indebtedness outstanding with respect to such Obligation, (2) modify, alter, amend, add to or rescind any of the terms relating to defaults under the Master Indenture so as to affect the right of the Holders of any Obligations in default as to payment to compel the Master Trustee to declare the principal of all Obligations to be due and payable, without the consent of the Related Indebtedness Holders of at least 80% of the aggregate principal amount of the Related Indebtedness then outstanding, or (3) reduce the aggregate Principal Amount of Obligations then outstanding the consent of the Related Indebtedness Holders of which is required to authorize such modification, without the consent of the Related Indebtedness Holders of at least 80% of the aggregate principal amount of the Related Indebtedness then outstanding.

Accordingly, significant modifications to the foregoing documents may affect the rights of Holders of the Bonds without their consent; and any holder of less than 20% in interest of the aggregate principal amount of the Related Indebtedness outstanding may be unable to prevent such modifications. See "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS" attached hereto.

Specific Risks of Charter Schools

Charter School Law. The Charter School Law is evolving. Amendments are made relatively frequently and legislative and public attitudes are still forming. Certain amendments have been described elsewhere in this Limited Offering Memorandum. It is likely that additional changes will be made in the future, some of which may be adverse to charter schools in general may affect the financial viability of the Schools.

Non-Renewal or Revocation of Charters. The Charter School Law enables charter authorizers to grant five-year charters which may be renewed after evaluation and can be revoked at any time because of either educational non-performance or fiscal mismanagement. See "CHARTER SCHOOLS" herein. In addition, the management of the Lessee believes that it has stable relationships with representatives on the State Board of Education, representatives of the governing boards of several school districts, and representatives of several county boards of education, each of which, under appropriate circumstances, is authorized to grant charters under the Charter School Law. See "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP – MISSION, EDUCATIONAL PHILOSOPHY AND APPROACH – Charter Renewal History" herein.

Legal Challenges. In addition to non-renewal or revocation, a charter may also be subject to challenge by an interested third-party. No assurance can be given that a Series 2025 School's charter will not be subjected to legal challenge. See "ABSENCE OF MATERIAL LITIGATION – The Borrower" herein and "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP – FINANCIAL INFORMATION AND CASH FLOWS – Litigation." Any failure of the Lessee to have a charter for each of its schools in place could well have a material adverse effect on the Members or the Borrower and their ability to generate

SWDocID

revenues necessary to make payments under the Loan Agreement and Obligation No. 2 which are expected to provide sufficient revenues to satisfy the debt service requirements for the Bonds.

Budgetary Constraints. Charter schools are funded primarily from State and local tax revenues and budgetary pressures at the State or local level may jeopardize future funding levels, which may adversely affect the ability of the Borrower and the Members of the Obligated Group to make payments under the Loan Agreement and Obligation No. 2. See "STATE FUNDING OF EDUCATION" above.

Enrollment Levels. The Lessee's revenues and financial strength will depend in part upon maintaining certain enrollment levels at its charter schools. A reduction in enrollment for any such charter school may have the result of reducing revenues available to pay amounts due under the Series 2025 Leases and the Series 2025 School Loan Agreement. See "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto.

Risk of Reduction in ADA Funding. Since the majority of funds for the Lessee's charter school operations come from the State on the basis of ADA, each such charter is subject to State funding reductions or restrictions that might affect all public school districts and charter schools. Among other such risks, over time the State may not increase ADA-based funding commensurate with increases in the cost of school operations, or the State may even decrease ADA-based funding.

ADA-based funding is determined by actual attendance, and not by student enrollment data. Regardless of the statewide level of ADA-based funding, the Magnolia Schools are subject to loss of revenue if enrollment should decrease, or if average daily attendance should decrease even if enrollment remains steady, whether due to student illness, truancy or other factors. Such a loss of revenues could adversely affect the ability of the Lessee to make payments due under the Series 2025 Leases and the Series 2025 School Loan Agreement and, consequently, the ability of the Borrower and the Members of the Obligated Group to make payments under the Loan Agreement and Obligation No. 2.

In addition, the Charter School Law prohibits a charter school from imposing fees or charges for its educational services. Therefore, the Lessee is dependent upon receipt of ADA-based funding, as well as philanthropic support. There is little the Lessee or the Borrower can do to increase revenues, other than for the Magnolia Schools to admit a larger number of students.

Compliance with the Elementary and Secondary Education Act. Prior to the adoption of the ESSA (defined below), the No Child Left Behind Act of 2001 (the "NCLB") served as the primary federal law with respect to K-12 education. NCLB employed the concept of Adequate Yearly Progress ("AYP") to measure and hold schools and school districts responsible for student achievement. In California, the NCLB subjected California schools to an annual AYP determination. AYP was calculated by using a formula set by the California Department of Education. It measured participation rates, math and reading performance, and graduation rate targets for the elementary, middle and high school levels. In connection with the adoption of ESSA, the federal government has repealed the AYP requirement.

Under California law, if a school received Title I funds and did not make AYP for two consecutive years, the school was placed on "Program Improvement" status and the school was required to develop a school improvement plan. If the school did not achieve AYP goals for a third year, "corrective action" was undertaken, which could include the provision of supplemental educational services for low-performing, low-income students. A school that continued to fail to make AYP was required to take corrective action and undergo restructuring plans. Failure to meet AYP for years subsequent to the second year carried further consequences under the NCLB. Under California law, the right to operate a charter school may be terminated if the school fails to make or meet reasonable progress toward achievement of goals, objectives, content standards, pupil performance standards or applicable federal requirements.

SWDocID

In March 2014, the State of California was granted a one-year waiver by the U.S. Department of Education from using test results of academic assessments to calculate AYP under the then-existing NCLB, in order to facilitate the state's transition to the new California Assessment of Student Performance and Progress ("CAASPP") system. In March 2015, the California State Board of Education requested another one-year waiver from the U.S. Department of Education. In May 2015, the U.S. Department of Education granted the additional one-year waiver, with certain conditions.

In December 2015, the Every Student Succeeds Act of 2015 ("ESSA") was passed by Congress and signed by the President in connection with the amendment and reauthorization of the Elementary and Secondary Education Act of 1965. With the passage of ESSA, states are no longer required to produce AYP, but were required to develop new accountability systems by 2017-18. See "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto. ESSA, among other things, prohibits officers and employees of the federal government from mandating, directing or controlling a state, local education agency or school's specific instructional content, academic standards and assessments, curriculum, or program of instruction, as a condition of eligibility to receive funds under ESSA.

State Retirement Systems. The Lessee is currently a member employer of the State's STRS and PERS retirement systems (see "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP – FINANCIAL INFORMATION AND CASH FLOWS – Retirement Systems" attached hereto). Although the Lessee does not anticipate withdrawing from or otherwise terminating its membership in STRS or PERS, there can be no assurance that State law or Federal law under the Code, including IRS rulings and other guidance, will permit charter schools to continue to participate in the STRS or PERS Governmental Plans (as defined in Section 414(d) of the Code).

The STRS and PERS retirement systems each have substantial system-wide unfunded liabilities. If the Lessee were to withdraw from STRS or PERS, voluntarily or otherwise, it could be liable for its share of the unfunded liabilities of the systems. Neither the Lessee nor the Underwriter can predict what liabilities, if any, would result if the Lessee's member employer status in the retirement systems were to terminate, or what impact any such a termination would have on the Lessee's finances and operations.

Claims and Insurance Coverage

Litigation could arise from the corporate and business activities of the Magnolia Schools or the Borrower. Such litigation may result as a result of either the Lessee's or the Borrower's status as an employer. Many of these risks are covered by insurance, but some are not. For example, claims arising from wrongful termination or sexual molestation claims and business disputes may not be covered by insurance or other sources. Such claims may, in whole or in part, constitute a significant liability of the Lessee or the Borrower if determined or settled adversely, as may any additional claims for other torts, accidents, or environmental enforcement actions, to the extent such claims exceed the limits of applicable insurance coverage.

The Borrower and the Lessee covenant and agree in the Loan Agreement, the Series 2025 Leases and the Series 2025 School Loan Agreement that they will maintain, or caused to be maintained, property, general liability and business interruption insurance with respect to the applicable Facilities at levels set forth therein. The Borrower and the Lessee are not obligated by the Loan Agreement or the Series 2025 Leases to maintain earthquake insurance and there can be no assurance that the Borrower or the Lessee will obtain such coverage in the future. See "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – LOAN AGREEMENT" herein.

SWDocID

Risk of Noncontinued Philanthropy or Grants

In the past, the Lessee has received some income from unrestricted gifts and donations or grants to supplement operating revenues to finance operations and capital needs. Gifts, grants and donations are expected to continue. However, there can be no assurance that projections of this non-operating revenue will be realized or will not decrease, adversely affecting the financial condition of the Lessee.

Failure to Provide Ongoing Disclosure

The Borrower and the Lessee will enter into a Continuing Disclosure Agreement with KNN Public Finance, LLC, as dissemination agent, pursuant to Securities and Exchange Commission Rule 15c2-12 (the "Rule") in connection with the issuance of the Bonds. Any material failure to comply with the Continuing Disclosure Agreement and the Rule in the future may adversely affect the liquidity of the affected Bonds and their market price in the secondary market.

Use of Facilities

No assurance can be given as to whether a challenge to the educational use of any of the Facilities brought would result in an interruption of the Series 2026 Schools' operations and have a material negative impact on the revenues of the Lessee. Any court order prohibiting the educational use of the MSA-1 Facilities would entitle the Master Trustee to submit a claim on the lender's title insurance policy. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Mortgages and Security Agreements" herein.

SB 740 Funding

Effective beginning the 2017-18 fiscal year, reimbursable costs under the SB 740 program are limited to either of the following conditions: (i) reimbursable facility rent or lease costs do not exceed the prior year's costs on file with the Authority as of the 2016–17 fiscal year, subject to a cost-of-living adjustment; or (ii) the rent or lease costs of new facility agreements are at or below market rate based on an independent appraisal paid for by the charter school.

In order to be eligible for the SB 740 program, a charter school must be in good standing with its chartering authority and be in compliance with the terms of its charter at the time of application submission, and without interruption throughout the term of the grant. The Authority relies on information from the chartering authority regarding a school's good standing and compliance with the terms of its charter.

The Lessee has received SB 740 funding in the past, and expects to continue receiving such funding relating to facilities costs of certain of its charter school facilities. However, there can be no assurances that the Lessee will continue to qualify for or receive SB 740 funding, or that such funding will not be reduced or eliminated by the State in the future. See "STATE FUNDING OF EDUCATION – SB 740 Facilities Grant Program Funding" and "CERTAIN RISK FACTORS – Specific Risks of Charter Schools" herein, and "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP – SB 740" attached hereto. The financial projections set forth in Appendix A attached hereto assume the receipt of SB 740 funding relating to certain of the Lessee's in fiscal year 2024-25 and future fiscal years, and a failure to receive such funding would negatively affect the Lessee's finances.

Cybersecurity

The Lessee, like many other public and private entities, relies on a technology environment to conduct its operations. As a recipient and provider of personal, private, or sensitive information, the Lessee is subject to multiple cyber threats including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. Entities or individuals may attempt to gain unauthorized

SWDocID

access to the Lessee's digital systems for the purposes of misappropriating assets or information or causing operational disruption and damage. No assurances can be given that the Lessee's efforts to manage cyber threats and attacks will be successful or that any such attack will not materially impact the operations or finances of the Lessee. The Lessee carries cybersecurity insurance.

ABSENCE OF MATERIAL LITIGATION

The Authority

To the knowledge of the Authority, there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, governmental agency, public board or body, pending or threatened against the Authority seeking to restrain or enjoin the sale or issuance of the Bonds, or in any way contesting or affecting any proceedings of the Authority taken concerning the sale thereof, the pledge or application of any moneys or security provided for the payment of the Bonds, the validity or enforceability of the documents executed by the Authority in connection with the Bonds, the completeness or accuracy of this Limited Offering Memorandum or the existence or powers of the Authority relating to the sale of the Bonds.

The Borrower

To the knowledge of the Borrower, there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, governmental agency, public board or body, pending against the Borrower seeking to restrain or enjoin the sale or issuance of the Bonds, or in any way contesting or affecting any proceedings of the Borrower taken concerning the sale thereof, the pledge or application of any moneys or security provided for the payment of the Bonds, the validity or enforceability of the documents executed by the Borrower in connection with the Bonds, the completeness or accuracy of this Limited Offering Memorandum or the existence or powers of the Borrower relating to the sale of the Bonds.

TAX MATTERS

Tax-Exempt Bonds

In the opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the Authority ("Bond Counsel"), based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Tax-Exempt Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Code. Bond Counsel is of the further opinion that interest on the Tax-Exempt Bonds is not a specific preference item for purposes of the federal individual alternative minimum tax. Bond Counsel observes that interest on the Tax-Exempt Bonds included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. Bond Counsel observes that interest on the Taxable Bonds is not excluded from gross income for federal income tax purposes. Bond Counsel is also of the opinion that interest on the Bonds is exempt from State of California personal income taxes. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Bonds. A complete copy of the proposed form of opinion of Bond Counsel is set forth in "APPENDIX H – FORM OF OPINION OF BOND COUNSEL" attached hereto.

The following discussion summarizes certain United States federal income tax considerations generally applicable to U.S. Holders (as defined in the Taxable Bonds discussion, below) of the Tax-Exempt Bonds that acquire their Tax-Exempt Bonds in the initial offering, and does not address tax considerations applicable to any investors in the Tax-Exempt Bonds other than investors that are U.S. Holders.

To the extent the issue price of any maturity of the Tax-Exempt Bonds is less than the amount to be paid at maturity of such Tax-Exempt Bonds (excluding amounts stated to be interest and payable at least

SWDocID

annually over the term of such Tax-Exempt Bonds), the difference constitutes "original issue discount," the accrual of which, to the extent properly allocable to each beneficial owner thereof, is treated as interest on the Tax-Exempt Bonds which is excluded from gross income for federal income tax purposes and State of California personal income taxes. For this purpose, the issue price of a particular maturity of the Tax-Exempt Bonds is the first price at which a substantial amount of such maturity of the Tax-Exempt Bonds is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The original issue discount with respect to any maturity of the Tax-Exempt Bonds accrues daily over the term to maturity of such Tax-Exempt Bonds on the basis of a constant interest rate compounded semiannually (with straight-line interpolations between compounding dates). The accruing original issue discount is added to the adjusted basis of such Tax-Exempt Bonds to determine taxable gain or loss upon disposition (including sale, redemption, or payment on maturity) of such Tax-Exempt Bonds. Beneficial owners of the Tax-Exempt Bonds should consult their own tax advisors with respect to the tax consequences of ownership of Tax-Exempt Bonds with original issue discount, including the treatment of beneficial owners who do not purchase such Tax-Exempt Bonds in the original offering to the public at the first price at which a substantial amount of such Tax-Exempt Bonds is sold to the public.

Tax-Exempt Bonds purchased, whether at original issuance or otherwise, for an amount higher than their principal amount payable at maturity (or, in some cases, at their earlier call date) ("Premium Bonds") will be treated as having amortizable bond premium. No deduction is allowable for the amortizable bond premium in the case of bonds, like the Premium Bonds, the interest on which is excluded from gross income for federal income tax purposes. However, the amount of tax-exempt interest received, and a beneficial owner's basis in a Premium Bond, will be reduced by the amount of amortizable bond premium properly allocable to such beneficial owner. Beneficial owners of Premium Bonds should consult their own tax advisors with respect to the proper treatment of amortizable bond premium in their particular circumstances.

The Code imposes various restrictions, conditions and requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Tax-Exempt Bonds. The Authority, the Borrower, and the Lessee have made certain representations and covenanted to comply with certain restrictions, conditions and requirements designed to ensure that interest on the Tax-Exempt Bonds will not be included in federal gross income. Inaccuracy of these representations or failure to comply with these covenants may result in interest on the Tax-Exempt Bonds being included in gross income for federal income tax purposes, possibly from the date of original issuance of the Tax-Exempt Bonds. The opinion of Bond Counsel assumes the accuracy of these representations and compliance with these covenants. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken), or events occurring (or not occurring), or any other matters coming to Bond Counsel's attention after the date of issuance of the Tax-Exempt Bonds may adversely affect the value of, or the tax status of interest on, the Tax-Exempt Bonds. Accordingly, the opinion of Bond Counsel is not intended to, and may not, be relied upon in connection with any such actions, events or matters.

In addition, Bond Counsel has relied on, among other things, the opinion of Musick, Peeler & Garrett LLP, counsel to the Borrower and the Lessee ("Borrower's Counsel"), regarding the current qualification of each of the Borrower and the Lessee as an organization described in Section 501(c)(3) of the Code and the intended operation of the facilities to be financed by the Tax-Exempt Bonds as substantially related to the Borrower's and Lessee's charitable purposes under Section 513(a) of the Code. Such opinion is subject to a number of qualifications and limitations. Furthermore, Borrower's Counsel cannot give and has not given any other opinion or assurance concerning Section 513(a) of the Code and neither Bond Counsel nor Borrower's Counsel can give or has given any other opinion or assurance about the future activities of the Lessee or the Borrower, or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof or changes in enforcement thereof by the IRS. Failure of the Lessee to be organized and operated in accordance with the IRS's requirements for the maintenance of its status as an organization described in Section 501(c)(3) of the Code, or to operate the facilities financed by the Tax-Exempt Bonds in a manner that is substantially related to the Lessee's charitable purposes under Section 513(a) of the Code, may result in

SWDocID

interest payable with respect to the Tax-Exempt Bonds being included in federal gross income, possibly from the date of the original issuance of the Tax-Exempt Bonds.

Although Bond Counsel is of the opinion that interest on the Tax-Exempt Bonds is excluded from gross income for federal income tax purposes and is exempt from State of California personal income taxes, the ownership or disposition of, or the accrual or receipt of amounts treated as interest on, the Tax-Exempt Bonds may otherwise affect a beneficial owner's federal, state or local tax liability. The nature and extent of these other tax consequences depends upon the particular tax status of the beneficial owner or the beneficial owner's other items of income or deduction. Bond Counsel expresses no opinion regarding any such other tax consequences.

Current and future legislative proposals, if enacted into law, clarification of the Code or court decisions may cause interest on the Tax-Exempt Bonds to be subject, directly or indirectly, in whole or in part, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent beneficial owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislative proposals or clarification of the Code or court decisions may also affect, perhaps significantly, the market price for or marketability of, the Tax-Exempt Bonds. Prospective purchasers of the Tax-Exempt Bonds should consult their own tax advisors regarding the potential impact of any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel is expresses no opinion.

The opinion of Bond Counsel is based on current legal authority, covers certain matters not directly addressed by such authorities, and represents Bond Counsel's judgment as to the proper treatment of the Tax-Exempt Bonds for federal income tax purposes. It is not binding on the IRS or the courts. Furthermore, Bond Counsel cannot give and has not given any opinion or assurance about the future activities of the Authority, the Borrower and the Lessee, or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof or the enforcement thereof by the IRS. The Authority, the Borrower and the Lessee have covenanted, however, to comply with the requirements of the Code.

Bond Counsel's engagement with respect to the Tax-Exempt Bonds ends with the issuance of the Tax-Exempt Bonds, and, unless separately engaged, Bond Counsel is not obligated to defend the Authority, the Borrower, the Lessee or the beneficial owners regarding the tax-exempt status of the Tax-Exempt Bonds in the event of an audit examination by the IRS. Under current procedures, Beneficial Owners would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit examination of tax-exempt bonds is difficult, obtaining an independent review of IRS positions with which the Authority, the Borrower or the Lessee legitimately disagrees, may not be practicable. Any action of the IRS, including but not limited to selection of the Tax-Exempt Bonds for audit, or the course or result of such audit, or an audit of bonds presenting similar tax issues, may affect the market price for, or the marketability of, the Tax-Exempt Bonds, and may cause the Authority, the Borrower, the Lessee or the beneficial owners to incur significant expense.

Payments on the Tax-Exempt Bonds generally will be subject to U.S. information reporting and possibly to "backup withholding." Under Section 3406 of the Code and applicable U.S. Treasury Regulations issued thereunder, a non-corporate Beneficial Owner of Tax-Exempt Bonds may be subject to backup withholding with respect to "reportable payments," which include interest paid on the Tax-Exempt Bonds and the gross proceeds of a sale, exchange, redemption, retirement or other disposition of the Tax-Exempt Bonds. The payor will be required to deduct and withhold the prescribed amounts if (i) the payee fails to furnish a U.S. taxpayer identification number ("TIN") to the payor in the manner required, (ii) the IRS notifies the payor that the TIN furnished by the payee is incorrect, (iii) there has been a "notified payee underreporting" described in Section 3406(c) of the Code or (iv) the payee fails to certify under penalty of perjury that the payee is not subject to withholding under Section 3406(a)(1)(C) of the Code. Amounts withheld under the backup withholding rules may be refunded or credited against a Beneficial Owner's federal income tax liability, if any, provided that the required information is timely furnished to the IRS. Certain Beneficial Owners (including

SWDocID

among others, corporations and certain tax-exempt organizations) are not subject to backup withholding. The failure to comply with the backup withholding rules may result in the imposition of penalties by the IRS.

Taxable Bonds

Bond Counsel observes that interest on the Taxable Bonds is not excluded from gross income for federal income tax purposes pursuant to Section 103 of the Code and is exempt from State of California personal income taxes. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Taxable Bonds.

The following discussion summarizes certain U.S. federal income tax considerations generally applicable to holders of the Taxable Bonds that acquire their Taxable Bonds in the initial offering. The discussion below is based upon laws, regulations, rulings, and decisions in effect and available on the date hereof, all of which are subject to change, possibly with retroactive effect. Prospective investors should note that no rulings have been or are expected to be sought from the U.S. Internal Revenue Service (the "IRS") with respect to any of the U.S. federal tax consequences discussed below, and no assurance can be given that the IRS will not take contrary positions. Further, the following discussion does not deal with U.S. tax consequences applicable to any given investor, nor does it address the U.S. tax considerations applicable to all categories of investors, some of which may be subject to special taxing rules (regardless of whether or not such investors constitute U.S. Holders), such as certain U.S. expatriates, banks, REITs, RICs, insurance companies, tax-exempt organizations, dealers or traders in securities or currencies, partnerships, S corporations, estates and trusts, investors that hold their Taxable Bonds as part of a hedge, straddle or an integrated or conversion transaction, investors whose "functional currency" is not the U.S. dollar, or certain taxpayers that are required to prepare certified financial statements or file financial statements with certain regulatory or governmental agencies. Furthermore, it does not address (i) alternative minimum tax consequences, (ii) the net investment income tax imposed under Section 1411 of the Code, or (iii) the indirect effects on persons who hold equity interests in a holder. This summary also does not consider the taxation of the Taxable Bonds under state, local or non-U.S. tax laws. In addition, this summary generally is limited to U.S. tax considerations applicable to investors that acquire their Taxable Bonds pursuant to this offering for the issue price that is applicable to such Taxable Bonds (i.e., the price at which a substantial amount of the Taxable Bonds are sold to the public) and who will hold their Taxable Bonds as "capital assets" within the meaning of Section 1221 of the Code.

As used herein, "U.S. Holder" means a beneficial owner of a Taxable Bond that for U.S. federal income tax purposes is an individual citizen or resident of the United States, a corporation or other entity taxable as a corporation created or organized in or under the laws of the United States or any state thereof (including the District of Columbia), an estate the income of which is subject to U.S. federal income taxation regardless of its source or a trust where a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons (as defined in the Code) have the authority to control all substantial decisions of the trust (or a trust that has made a valid election under U.S. Treasury Regulations to be treated as a domestic trust). As used herein, "Non-U.S. Holder" generally means a beneficial owner of a Taxable Bond (other than a partnership) that is not a U.S. Holder. If a partnership holds Taxable Bonds, the tax treatment of such partnership or a partner in such partnership generally will depend upon the status of the partner and upon the activities of the partnership. Partnerships holding Taxable Bonds, and partners in such partnerships, should consult their own tax advisors regarding the tax consequences of an investment in the Taxable Bonds (including their status as U.S. Holders or Non-U.S. Holders).

Prospective investors should consult their own tax advisors in determining the U.S. federal, state, local or non-U.S. tax consequences to them from the purchase, ownership and disposition of the Taxable Bonds in light of their particular circumstances.

SWDocID

For U.S. Holders of Taxable Bonds

Interest. Interest on the Taxable Bonds generally will be taxable to a U.S. Holder as ordinary interest income at the time such amounts are accrued or received, in accordance with the U.S. Holder's method of accounting for U.S. federal income tax purposes.

To the extent that the issue price of any maturity of the Taxable Bonds is less than the amount to be paid at maturity of such Taxable Bonds (excluding amounts stated to be interest and payable at least annually over the term of such Taxable Bonds) by more than a de minimis amount, the difference may constitute original issue discount ("OID"). U.S. Holders of Taxable Bonds will be required to include OID in income for U.S. federal income tax purposes as it accrues, in accordance with a constant yield method based on a compounding of interest (which may be before the receipt of cash payments attributable to such income). Under this method, U.S. Holders generally will be required to include in income increasingly greater amounts of OID in successive accrual periods.

Taxable Bonds purchased for an amount in excess of the principal amount payable at maturity (or, in some cases, at their earlier call date) will be treated as issued at a premium. A U.S. Holder of a Taxable Bond issued at a premium may make an election, applicable to all debt securities purchased at a premium by such U.S. Holder, to amortize such premium, using a constant yield method over the term of such Taxable Bond.

Sale or Other Taxable Disposition of the Taxable Bonds. Unless a nonrecognition provision of the Code applies, the sale, exchange, redemption, retirement (including pursuant to an offer by the Authority) or other disposition of a Taxable Bond will be a taxable event for U.S. federal income tax purposes. In such event, in general, a U.S. Holder of a Taxable Bond will recognize gain or loss equal to the difference between (i) the amount of cash plus the fair market value of property received (except to the extent attributable to accrued but unpaid interest on the Taxable Bond, which will be taxed in the manner described above) and (ii) the U.S. Holder's adjusted U.S. federal income tax basis in the Taxable Bond (generally, the purchase price paid by the U.S. Holder for the Taxable Bond, decreased by any amortized premium, and increased by the amount of any OID previously included in income by such U.S. Holder with respect to such Taxable Bond). Any such gain or loss generally will be capital gain or loss. In the case of a non-corporate U.S. Holder of the Taxable Bonds, the maximum marginal U.S. federal income tax rate applicable to any such gain will be lower than the maximum marginal U.S. federal income tax rate applicable to ordinary income if such U.S. holder's holding period for the Taxable Bonds exceeds one year. The deductibility of capital losses is subject to limitations.

Defeasance of the Taxable Bonds. If the Authority defeases any Taxable Bond, the Taxable Bond may be deemed to be retired for U.S. federal income tax purposes as a result of the defeasance. In that event, in general, a holder will recognize taxable gain or loss equal to the difference between (i) the amount realized from the deemed sale, exchange or retirement (less any accrued qualified stated interest which will be taxable as such) and (ii) the holder's adjusted U.S. federal income tax basis in the Taxable Bond.

Information Reporting and Backup Withholding. Payments on the Taxable Bonds generally will be subject to U.S. information reporting and possibly to "backup withholding." Under Section 3406 of the Code and applicable U.S. Treasury Regulations issued thereunder, a non-corporate U.S. Holder of the Taxable Bonds may be subject to backup withholding with respect to "reportable payments," which include interest paid on the Taxable Bonds and the gross proceeds of a sale, exchange, redemption, retirement or other disposition of the Taxable Bonds. The payor will be required to deduct and withhold the prescribed amounts if (i) the payee fails to furnish a U.S. taxpayer identification number ("TIN") to the payor in the manner required, (ii) the IRS notifies the payor that the TIN furnished by the payee is incorrect, (iii) there has been a "notified payee underreporting" described in Section 3406(c) of the Code or (iv) the payee fails to certify under penalty of perjury that the payee is not subject to withholding under Section 3406(a)(1)(C) of the Code. Amounts withheld under the backup withholding rules may be refunded or credited against the U.S. Holder's federal income tax liability, if any, provided that the required information is timely furnished to the IRS. Certain U.S.

SWDocID

Holders (including among others, corporations and certain tax-exempt organizations) are not subject to backup withholding. The failure to comply with the backup withholding rules may result in the imposition of penalties by the IRS.

For Non-U.S. Holders of Taxable Bonds

Interest. Subject to the discussions below under the headings "Information Reporting and Backup Withholding" and "Foreign Account Tax Compliance Act ("FATCA")—U.S. Holders and Non-U.S. Holders," payments of principal of, and interest on, any Taxable Bond to a Non-U.S. Holder, other than (1) a controlled foreign corporation described in Section 881(c)(3)(C) of the Code, and (2) a bank which acquires such Taxable Bond in consideration of an extension of credit made pursuant to a loan agreement entered into in the ordinary course of business, will not be subject to any U.S. federal withholding tax provided that the Beneficial Owner of the Taxable Bond provides a certification completed in compliance with applicable statutory and regulatory requirements, which requirements are discussed below under the heading "Information Reporting and Backup Withholding," or an exemption is otherwise established.

Disposition of the Taxable Bonds. Subject to the discussions below under the headings "Information Reporting and Backup Withholding" and "Foreign Account Tax Compliance Act ("FATCA,")—U.S. Holders and Non-U.S. Holders," any gain realized by a Non-U.S. Holder upon the sale, exchange, redemption, retirement (including pursuant to an offer by the Authority or a deemed retirement due to defeasance of the Taxable Bond) or other disposition of a Taxable Bond generally will not be subject to U.S. federal income tax, unless (i) such gain is effectively connected with the conduct by such Non-U.S. Holder of a trade or business within the United States; or (ii) in the case of any gain realized by an individual Non-U.S. Holder, such holder is present in the United States for 183 days or more in the taxable year of such sale, exchange, redemption, retirement (including pursuant to an offer by the Authority) or other disposition and certain other conditions are met.

Information Reporting and Backup Withholding. Subject to the discussion below under the heading "Foreign Account Tax Compliance Act ("FATCA")—U.S. Holders and Non-U.S. Holders," under current U.S. Treasury Regulations, payments of principal and interest on any Taxable Bonds to a holder that is not a United States person will not be subject to any backup withholding tax requirements if the Beneficial Owner of the Taxable Bond or a financial institution holding the Taxable Bond on behalf of the Beneficial Owner in the ordinary course of its trade or business provides an appropriate certification to the payor and the payor does not have actual knowledge that the certification is false. If a Beneficial Owner provides the certification, the certification must give the name and address of such owner, state that such owner is not a United States person, or, in the case of an individual, that such owner is neither a citizen nor a resident of the United States, and the owner must sign the certificate under penalties of perjury.

Foreign Account Tax Compliance Act ("FATCA")—U.S. Holders and Non-U.S. Holders of Taxable Bonds

Sections 1471 through 1474 of the Code impose a 30% withholding tax on certain types of payments made to foreign financial institutions, unless the foreign financial institution enters into an agreement with the U.S. Treasury to, among other things, undertake to identify accounts held by certain U.S. persons or U.S.-owned entities, annually report certain information about such accounts, and withhold 30% on payments to account holders whose actions prevent it from complying with these and other reporting requirements, or unless the foreign financial institution is otherwise exempt from those requirements. In addition, FATCA imposes a 30% withholding tax on the same types of payments to a non-financial foreign entity unless the entity certifies that it does not have any substantial U.S. owners or the entity furnishes identifying information regarding each substantial U.S. owner. Under current guidance, failure to comply with the additional certification, information reporting and other specified requirements imposed under FATCA could result in the 30% withholding tax being imposed on payments of interest on the Taxable Bonds. In general, withholding under FATCA currently applies to payments of U.S. source interest (including OID) and, under current

SWDocID

guidance, will apply to certain "passthru" payments no earlier than the date that is two years after publication of final U.S. Treasury Regulations defining the term "foreign passthru payments." Prospective investors should consult their own tax advisors regarding FATCA and its effect on them.

The foregoing summary is included herein for general information only and does not discuss all aspects of U.S. federal taxation that may be relevant to a particular holder of Taxable Bonds in light of the holder's particular circumstances and income tax situation. Prospective investors are urged to consult their own tax advisors as to any tax consequences to them from the purchase, ownership and disposition of Taxable Bonds, including the application and effect of state, local, non-U.S., and other tax laws.

APPROVAL OF LEGALITY

The validity of the Bonds and certain other legal matters are subject to the approving opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the Authority, the approval of certain matters for the Authority by the Honorable Rob Bonta, Attorney General of the State, the approval of certain matters for the Underwriter by Stradling Yocca Carlson & Rauth, a Professional Corporation, as Underwriter's counsel, and the approval of certain matters by Musick, Peeler & Garrett LLP, as counsel to the Borrower. Bond Counsel, the Underwriter and its counsel will receive compensation contingent upon the sale and delivery of the Bonds. A complete copy of the proposed form of Bond Counsel opinion is contained in Appendix H hereto. Neither Bond Counsel nor the Attorney General undertakes any responsibility for the accuracy, completeness or fairness of this Limited Offering Memorandum. Musick, Peeler & Garrett LLP will also render certain opinions pertaining to MERF as described herein under "TAX MATTERS."

RATING

Moody's Investors Service ("Moody's") has assigned the Bonds a rating of "_____" with a stable outlook. Such rating reflects only the views of Moody's and any explanation of the significance of the rating should be obtained from Moody's, at the following address: Moody's Investors Service, 7 World Trade Center at 250 Greenwich, New York, New York 10007.

Generally, rating agencies base their ratings on such information and materials and on investigations, studies and assumptions by the rating agencies. A rating is not a recommendation to buy, sell or hold securities. There is no assurance that any rating or outlook will continue for any given period of time or that it will not be revised downward or withdrawn entirely by Moody's if in its judgment circumstances so warrant. Any such downward revision or withdrawal of such rating may have an adverse effect on the market price for the Bonds.

The Borrower and MERF have covenanted in a Continuing Disclosure Agreement to file on the Electronic Municipal Market Access ("EMMA") website operated by the Municipal Securities Rulemaking Board notices of any rating changes on the Bonds. See "CONTINUING DISCLOSURE" herein and "APPENDIX F – FORM OF CONTINUING DISCLOSURE AGREEMENT" attached hereto. Notwithstanding such covenant, information relating to rating changes on the Bonds may be publicly available from the rating agency prior to such information being provided to the Borrower or MERF and prior to the date the Borrower and MERF are obligated to file a notice of rating change on EMMA. Purchasers of the Bonds are directed to the rating agency and its website and official media outlets for the most current rating changes with respect to the Bonds after the initial issuance of the Bonds.

LIMITED OFFERING OF BONDS

The Bonds are exempt from registration under federal securities law but are being offered only to a limited number of sophisticated investors and will be sold only to purchasers who are Qualified Institutional Buyers or Accredited Investors. By purchasing the Bonds, each investor is deemed to have made the

SWDocID

acknowledgments, representations, warranties and agreements set forth under the heading "TRANSFER RESTRICTIONS" herein.

CONTINUING DISCLOSURE

The Borrower, MERF and KNN Public Finance, LLC, as Dissemination Agent, will execute and deliver one or more Continuing Disclosure Agreements pursuant to which the Borrower and MERF will, for the benefit of the Beneficial Owners of the Bonds, periodically compile and deliver to the Trustee certain financial information and operating data relating to the operations of the Borrower, the Members of the Obligated Group, and the Schools, and provide notices of the occurrence of certain enumerated events. These covenants have been made to assist the Underwriter in complying with the Rule. A form of the Continuing Disclosure Agreement is attached hereto as Appendix F.

The Authority has determined that no financial or operating data concerning the Authority is material to an evaluation of the offering of the Bonds or to any decision to purchase, hold or sell Bonds and the Authority will not provide any such information. The Authority shall have no liability to the Holders of the Bonds or any other person with respect to the Rule.

Prior Undertakings. MERF and the Borrower previously entered into a continuing disclosure undertaking pursuant to the Rule in connection with the issuance of the 2017 Bonds, and MERF and MPM Sherman Way entered into a continuing disclosure undertaking pursuant to the Rule in connection with the issuance of the 2014 Bonds (collectively, the "Prior Undertakings"). Within the last five years, none of the Borrower, MERF, nor MPM Sherman Way have failed to file reports or material required under the Prior Undertakings. However, portions of the annual reports required under the Prior Undertakings for fiscal years 2020 and 2021 were filed 268 days and 92 days late, respectively. Portions of the annual reports for fiscal years 2019 and 2023 were filed one day late. In addition, quarterly reports due under the Prior Undertakings were filed late for four quarters during the last five years, ranging from one day to 46 days.

UNDERWRITING

The Bonds are being purchased by Stifel, Nicolaus & Company, Incorporated (the "Underwriter"). The Underwriter has agreed to purchase the Bonds at a price of $_____ (being the principal amount of the Bonds, plus/less aggregate net original issue premium/discount of $_____, less an Underwriter's discount of $_____). The Bond Purchase Agreement ("Bond Purchase Agreement") pursuant to which the Bonds are being purchased by the Underwriter provides that the Underwriter will purchase all of the Bonds if any are purchased. The obligation of the Underwriter to make such purchase is subject to certain terms and conditions set forth in the Bond Purchase Agreement. The Underwriter may offer and sell the Bonds to certain dealers, institutional investors, banks, and others at prices different from the prices stated on the inside cover page of this Limited Offering Memorandum. The offering prices may be changed from time to time by the Underwriter. The Underwriter is not obligated to create a secondary market for the purchase or sale of the Bonds and there may, in fact, be no market for the Bonds depending upon prevailing market conditions, the financial condition or market position of firms who make up the secondary market and the financial position and results of operations of the Borrower and MERF.

The Underwriter and its affiliates comprise a full service financial institution engaged in activities which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. The Underwriter and its affiliates may have provided, and may in the future provide, a variety of these services to the Authority, the Borrower or the Lessee and to persons and entities with relationships with the Authority, the Borrower or the Lessee, for which they received or will receive customary fees and expenses.

SWDocID

In the ordinary course of these business activities, the Underwriter and its affiliates may purchase, sell or hold a broad array of investments and actively trade securities, derivatives, loans and other financial instruments for their own account and for the accounts of their customers, and such investment and trading activities may involve or relate to assets, securities and/or instruments of the Authority or the Borrower (directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with the Authority, the Borrower or the Lessee.

The Underwriter and its affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire such assets, securities and instruments. Such investment and securities activities may involve securities and instruments of the Authority, the Borrower or the Lessee.

MUNICIPAL ADVISOR

Buck Financial Advisors LLC (the "Municipal Advisor") has acted as Municipal Advisor to MERF and the Borrower in conjunction with the issuance of the Bonds. The Municipal Advisor has assisted the Borrower in preparation of this Limited Offering Memorandum and in other matters related to the planning, structuring, and issuance of the Bonds. The Municipal Advisor will receive compensation contingent upon the sale and delivery of the Bonds.

The Municipal Advisor has not audited, authenticated or otherwise independently verified the information set forth in the Limited Offering Memorandum, or any other information related to the Bonds with respect to the accuracy or completeness of disclosure of such information. The Municipal Advisor makes no guaranty, warranty or other representation respecting the accuracy or completeness of this Limited Offering Memorandum or any other matter related to this Limited Offering Memorandum.

CHARTER SCHOOL FACILITIES PROGRAM AND AWARD FUNDING

Leroy F. Greene School Facilities Act of 1998

General. The State's Leroy F. Greene School Facilities Act of 1998 (the "Greene Act") established, among other things, funds in the State Treasury known as the 1998 State School Facilities Fund approved by Proposition 1A, the 2002 State School Facilities Fund approved by Proposition 47, the 2004 State School Facilities Fund approved by Proposition 55, the 2006 State School Facilities Fund approved by Proposition 1D, the 2016 State School Facilities Fund approved by Proposition 51, and the 2024 State School Facilities Fund approved by the voters of the State on November 5, 2024 (each, a "State School Facilities Fund"). Pursuant to the Greene Act, all money in each of the respective State School Facilities Funds, including any money deposited in such State School Facilities Fund from any source, is continuously appropriated without regard to fiscal years for expenditure pursuant to the Greene Code.

The following public agencies and bodies are involved in implementing portions of the Greene Act in connection with the State School Facilities Funds.

State Allocation Board. The State Allocation Board determines the allocation of State resources including, among other things, proceeds of general obligation bonds and other designated State funds for new construction and modernization of public school facilities. The State Allocation Board is authorized to make apportionments from amounts on deposit in the applicable State School Facilities Fund and any amount of bonds that the State School Building Finance Committee has authorized but the State Treasurer has not sold. The State Allocation Board is permitted to make disbursements pursuant to any apportionment made from any funds in the applicable State School Facilities Fund irrespective of whether there exists at the time of the disbursement an amount in such State School Facilities Fund sufficient to permit payment in full of all apportionments previously made.

Office of Public School Construction. The Office of Public School Construction (the "Office of Public School Construction") serves as staff to the State Allocation Board. The Office of Public School Construction verifies that all applicants meet specific criteria based on the type of eligibility of funding which is being requested and to work with applicants to assist them through the process.

Division of the State Architect. The Division of the State Architect (the "Division of the State Architect") reviews plans and specifications to ensure that they comply with the State's building codes, including, but not limited to, those relating to structural and seismic safety. The Division of the State Architect's approval is required prior to the execution of a construction contract for which the applicant seeks State funding.

School Facilities Planning Division. The California Department of Education's School Facilities Planning Division (the "School Facilities Planning Division") reviews and approves school district and public school sites and construction plans to ensure, among other things, the proposed facility is adequate for education and whether the needs of students and faculty will be met.

California School Finance Authority. With respect to charter schools, the Authority is required under the Greene Act to make a determination as to each applicant's financial soundness as a condition to eligibility for the program. See " – Charter School Facilities Program – Financial Soundness Requirement" herein.

State School Facilities Bonds

Proposition 47. The Class Size Reduction Kindergarten – University Public Education Facilities Bond Act of 2002 appeared on the November 5, 2002 ballot as Proposition 47 ("Proposition 47") and was approved by State voters. Proposition 47 authorized the sale and issuance of $13.05 billion in general obligation bonds by the State to fund construction and renovation of K-12 school facilities ($11.4 billion) and higher education facilities ($1.65 billion). Proposition 47 includes $6.35 billion for land acquisition and new construction. To be eligible for bond proceeds under Proposition 47, K-12 school districts are required to pay 50% of the costs for land acquisition and new construction with local revenues. Proposition 47 also provided that up to $100 million would be allocated for charter school facilities.

Proposition 55. The Kindergarten-University Public Education Facilities Bond Act of 2004 appeared on the March 2, 2004 ballot as Proposition 55 ("Proposition 55") and was approved by State voters. Proposition 55 authorizes the sale and issuance of $12.3 billion in general obligation bonds by the State for funding construction and renovation of public K-12 school facilities ($10 billion) and public higher education facilities ($2.3 billion). Under Proposition 55, a school district is required to provide a 50% matching share for new construction or a 60% matching share for modernization projects with local resources unless it qualifies for state hardship funding. Proposition 55 also allocates up to $300 million of new construction funds for charter school facilities.

Proposition 1D. The Kindergarten-University Public Education Facilities Bond Act of 2006 was approved by State voters at the November 7, 2006 ballot as Proposition 1D ("Proposition 1D"). Proposition 1D authorizes the sale and issuance of $10.4 billion in general obligation bonds by the State for funding the construction and renovation of public K-12 school facilities ($7.3 billion) and public higher education facilities ($3.1 billion). Proceeds of bonds issued by the State under Proposition 1D are required to be deposited in the 2006 State School Facilities Fund established in the State Treasury under the Greene Act and allocated by the State Allocation Board. Proposition 1D includes $1.9 billion for land acquisition and construction of new school buildings. Under Proposition 1D, a school district is required to pay for 50% of costs with local resources unless it qualifies for state hardship funding. Proposition 1D also allocates $500 million for charter school facilities.

Proposition 51. The Kindergarten Through Community College Public Education Facilities Bond Act of 2016 ("Proposition 51") was approved by voters of the State on November 8, 2016. Proposition 51 authorizes the sale and issuance of $9 billion in State general obligation bonds by the State for new construction and modernization of K-12 and community college facilities. Proceeds of bonds issued by the State under Proposition 51 are required to be deposited in the 2016 State School Facilities Fund established in the State Treasury under the Greene Act and allocated by the State Allocation Board. Proposition 51 includes $3 billion for the new construction of K-12 facilities and an additional $3 billion for the modernization of existing K-12 facilities. Proposition 51 allocates $500 million for charter school facilities.

2024 State School Facilities Bond. The Kindergarten Through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair and Safety Bond Act of 2024 (the "2024 State School Facilities Bond" was a ballot measure that was approved by State voters on November 5, 2024. The 2024 State School Facilities Bond authorizes the sale and issuance of $10 billion in State general obligation bonds for the repair, upgrade and construction of facilities at K-12 public schools, community colleges and career technical education programs, including the development of health and safety conditions. The 2024 State School Facilities Bond includes $3.3 billion for the new construction of K-12 facilities and an additional $4 billion for the modernization of existing K-12 facilities. A total of $600 million will be available for the modernization and new construction of charter school facilities. However, the Project is not eligible for funds related to the 2024 State School Facilities Bond, as only new applicants may receive such funds.

Charter School Facilities Program

This section describes the general process by which a charter school project may qualify for funding under the State's Charter School Facilities Program. For specific information on the current status of the funding for the MSA-5 Facility under the CSFP program, please see " – MSA-5 – Milestones Achieved and Current Status Under the Charter School Facilities Program" below.

The Charter School Facilities Program allows charter schools to access state facility funding for new construction and is jointly administered by (i) the Office of Public School Construction, on behalf of the State Allocation Board, and (ii) the Authority. Of awards under the Charter School Facilities Program in respect of an eligible project, 50% will be received in the form of a grant from the State, while the remaining 50%, constituting the Local Matching Share (defined herein), will be in the form of a loan that will be repaid to the State through level payments over 30 years. See " – MSA-5 – Milestones Achieved and Current Status Under the Charter School Facilities Program – Loan for Local Matching Share; Interest Rate."

Charter School Facilities Accounts. Although the Greene Act was approved in 1998 in conjunction with the passage of a State school facilities bond authorized as Proposition 1A, no funds were allocated for charter schools under Proposition 1A. It was only in 2002, with the passage of Proposition 47, that the Charter School Facilities Program (the "Charter School Facilities Program") was established to provide funding to qualifying entities for the purpose of establishing school facilities for charter school pupils. In accordance therewith, the Greene Act established a 2002 Charter School Facilities Account within the 2002 State School Facilities Fund, a 2004 Charter School Facilities Account within the 2004 State School Facilities Fund, a 2006 Charter School Facilities Account within the 2006 State School Facilities Fund, a 2016 Charter School Facilities Account within the 2016 State School Facilities Fund, and a 2024 Charter School Facilities Account within the 2024 State School Facilities Fund (each, a "Charter School Facilities Account"). Pursuant to the Greene Act, amounts on deposit in each Charter School Facilities Account are to be continuously appropriated for the purposes set forth in the Greene Act for charter schools.

Funding under the Charter School Facilities Program is available to school districts applying on behalf of charter schools that are physically within the boundaries of such school district and to charter schools, so long as the charter school has provided notice to the superintendent and governing board of the school district in whose boundaries the charter school is located.

Local Matching Share. Facilities funded pursuant to the Charter School Facilities Program are required to have a 50% local share matching obligation for site acquisition and new construction (the "Local Matching Share"). The State will fund an amount not to exceed 50% of the total project cost. Site acquisition costs may include up to 50% of the cost for the review, approval and oversight of the Phase I Environmental Site Assessment and the Preliminary Endangerment Assessment. The Local Matching Share can be provided through a lump sum payment or payments or through lease or loan payments to the State. If the applicant expects to receive a significant contribution from a third party, the applicant is required to provide information describing whether it proposes to use the contribution to cover costs which are in excess of the eligible costs as determined by the State Allocation Board or to meet the applicant's Local Matching Share or both. See " – MSA-5 – Local Matching Share" herein.

Governmental Approvals. Projects eligible to be funded under the Charter School Facilities Program are limited to new construction or rehabilitation of school facilities for charter school pupils and are required to comply with all requirements regarding public school construction, plan approvals, toxic substance review, site section and site approval, including regulations adopted by the Division of the State Architect. The approval granted by the Division of the State Architect must be current as of the time of submittal. In addition, all plans and specifications for new construction or rehabilitation of any school building require the Division of the State Architect's approval prior to signing a construction contract. In the event that the applicant enters into a contract for construction prior to receiving approval from the Division of the State Architect, the project may not be approved. See " – MSA-5 – Governmental Approvals" herein.

SWDocID

The Charter School Facilities Program requires any plans submitted to the Office of Public School Construction to have the approval of the California Department of Education (the "Department of Education"). The final plan approval letter from the Department of Education must accompany the funding application. If the proposed project site has not previously received the approval of the Department of Education, the Department of Education must approve the proposed site for any new construction project (the "CDE Site Approval"). In addition to the Department of Education's site approval letter, the Office of Public School Construction requires each applicant to provide an appraisal (an "Appraisal") dated within six months of the application submittal and an escrow closing statement or court order of condemnation proceedings.

The Government Code sets forth certain requirements with respect to hiring design professionals and standards. The applicant is required to adhere to regulations regarding procurement and prevailing wage rules. If the Office of Public School Construction determines that the applicant has not complied with such rules, the applicant is permitted to appeal to the State Allocation Board. However, the applicant may be penalized or lose the requested Apportionment in its entirety.

The application process requires the charter school to submit a Form SAB 50-09 and supporting documents, which provide the Office of Public School Construction with general project information to determine the future new construction or rehabilitation adjusted grant, the grade level of the project, and the number of pupils to be served by the project. Once the Office of Public School Construction receives the preliminary application, it will conduct an initial review to ensure that the pupil grants or rehabilitation square footage requested is commensurate with the project being built.

Financial Soundness Requirement. The Greene Act requires the Authority to make a determination for each applicant pursuant to the Greene Act (a "Financial Soundness Determination"). The Greene Act mandates that, in order to be eligible for the Charter School Facilities Program, a charter school demonstrate, over a period of time determined by the Authority, but not less than 24 months immediately preceding the submission of the application, that the applicant has operated as a financially capable concern in the State, as measured by criteria established by the Authority. A charter school that cannot demonstrate that it has been a financially capable concern for at least 24 months immediately preceding the submission of the application, due solely to not having operated as a charter school for at least 24 months, may meet the 24-month requirement if the charter school is managed by staff who have at least 24 months of documented experience, as measured by criteria established by the Authority and the charter school has an educational plan, financial resources, facilities expertise, management expertise, and has been a financially capable concern for at least 24 months, as established by the Authority. See " – MA-5 – Financial Soundness Requirement" herein.

A Financial Soundness Determination by the Authority is valid for twelve months. A valid Financial Soundness Determination is required for a Preliminary Apportionment, each Advance Apportionment, and for an Unfunded Approval. See " – Unfunded Approvals" below.

Preliminary Apportionment. The Charter School Facilities Program requires each applicant to submit a certification from the governing board of the district within which the charter school is physically located of the number of unhoused pupils for that district determined pursuant to the Greene Act that will be housed by the project for which the preliminary application has been submitted. The Authority is required to consider whether the applicant is financially sound and, if so, to make a Financial Soundness determination (defined herein) and to make a recommendation to the State Allocation Board. The State Allocation Board may approve the preliminary application and a Preliminary Apportionment for funding pursuant to the Greene Act. The term "Preliminary Apportionment" means an apportionment or reservation of funds made by resolution of the State Allocation Board for eligible applicants under the Charter School Facilities Program, in advance of full compliance with all of the application requirements otherwise required for an apportionment pursuant to Charter School Facilities Program. In addition, the State Allocation Board may authorize the release of funds for planning and site acquisition prior to the approval of the project by the Department of General Services pursuant to the Field Act. See " – MSA-5 – Preliminary Apportionment" herein.

SWDocID

Preliminary Apportionment Process. If the estimated total apportionment of applicants with a Financial Soundness Determination exceeds the funds available, the State Allocation Board will allocate Preliminary Apportionments or Final Apportionments by seeking to ensure that, when considered as a whole, the approved applications are fairly representative of (i) various geographical regions of the State, (ii) urban, rural, and suburban regions of the State, (iii) large, medium, and small charter schools throughout the State, and (iv) the various grade levels of the pupils served by charter school applications. Within each of the aforementioned categories, the State Allocation Board is required to give preference to charter schools in overcrowded school districts, charter schools in low-income areas, charter schools operated by nonprofit entities, and charter schools that use existing district facilities.

To the extent that the value of the eligible applications exceeds the amount that the State Allocation Board has available for providing Preliminary Apportionments or Final Apportionments, the Office of Public School Construction will use a process to determine the priority of each project (the "Priority Funding Process"). The preference point system allows applicants to receive up to 160 points, which includes 40 points for status as a nonprofit, 40 points for rehabilitation projects, a sliding scale of zero to 40 points for charter schools in low income areas, and a sliding scale of zero to 40 points for charter schools in overcrowded school districts.

The Preliminary Apportionment serves as a reservation of funds for a project during the period in which the applicant solicits approvals from the various State entities for such project.

The following diagram reflects the requirements and process to obtain a Preliminary Apportionment.

State Allocation Board Applications and Charter School Agreements. In order to receive an advance release of the Preliminary Apportionment (an "Advance Apportionment") or Final Apportionment for site acquisition, an applicant is required to submit an application to request authorization for fund release ("Form SAB 50-05"), have a current Financial Soundness Determination and execute each of the Charter School Agreements (defined herein) to the extent applicable. The agreement setting forth the terms of use of program funds and project facilities and identifying the respective roles and responsibilities of each party involved in

SWDocID

the project (the "Memorandum of Understanding"), the agreement describing the terms of payment of the Local Matching Share (the "Funding Agreement"), and the agreement between the school district/local government entity and the charter school pertaining to the use of the facility (the "Use Agreement") are, collectively, referred to herein as the "Charter School Agreements." In addition, the applicant must receive a CDE Site Approval, provide an Appraisal, and submit an application for Preliminary Apportionment ("Form SAB 50-09"). If the charter school holds title to the property, the charter school must also provide executed covenants, conditions, and restrictions, a preliminary title report, and an insurance policy.

Conversion and Unfunded Approvals. Eligible applicants for the Charter School Facilities Program have four years to convert their Preliminary Apportionments to an Unfunded Approval. Applicants are permitted to apply for a single one-year extension, which the State Allocation Board may grant at its discretion. If an extension is sought, the State Allocation Board requires applicants to provide evidence that the Department of Education has made a contingent or final CDE Site Approval of the proposed site and the Division of the State Architect has confirmed it has received the final project plans for review and approval, or other evidence satisfactory to the State Allocation Board justifying the extension.

To place a proposed project on the Unfunded List, an eligible applicant must complete the following steps pursuant to which a Preliminary Apportionment becomes eligible for conversion by the State Allocation Board to a Final Apportionment: (i) receipt of a Financial Soundness Determination from the Authority applicable to the Final Apportionment, (ii) entry into the Charter School Agreements described above, (iii) the Division of the State Architect approval of the applicant's project plans and specifications and issuance of a Notice to Proceed, (iv) applicant has filed Form SAB 50-04 Application for Funding with the California Department of General Services, Office of Public School Construction, and (v) compliance with all rules and regulations of the Charter School Facilities Program, now or hereafter created, applicable to applicant's Application or Applications (collectively, "Conversion").

Upon completion of the Conversion process by the applicant, and approval of the final project costs by the State Allocation Board, the applicant has an "Unfunded Approval," which means that the State Allocation Board has resolved to make a Final Apportionment in accordance with the Greene Act once funds are available in the State School Facilities Funds. In addition, the State Allocation Board will place the proposed project on the "Unfunded List."

To the extent that the State issues general obligation bonds, which include amounts allocable to the State School Facilities Bonds, amounts may be deposited in the State School Facilities Funds. The allocation of the Final Apportionment is subject to the ability of the State Allocation Board to apportion those funds. The approval of a project and the placement of such project on the Unfunded List do not constitute a guarantee or commitment of future State funding and may not be relied on in any manner as any kind of representation or indication of future State funding. Since the commencement of the Charter School Facilities Program, the State has appropriated funding for every project that has been listed on the Unfunded List (except that funding has not yet been appropriated for the projects listed as Unfunded Approvals on Table 3 below).

Final Apportionment. To receive a Final Apportionment, the applicant must submit a complete request within four years of the date of the Preliminary Apportionment unless the applicant has received approval of an extension pursuant to Section 1859.166.1 of Title 2 of the California Code of Regulations. If the request for Final Apportionment is equal to or less than the Preliminary Apportionment, the Final Apportionment will be funded entirely. The State Allocation Board will transfer the difference between the Final Apportionment and the Preliminary Apportionment to the Unrestricted Charter School Fund in the appropriate Charter School Facilities Account. The Final Apportionment will become the full and final apportionment for the project.

If the request for Final Apportionment is greater than the Preliminary Apportionment, the State Allocation Board has the authority to convert the Preliminary Apportionment to a Final Apportionment by either (a) funding the Final Apportionment entirely if the balance in the Unrestricted Charter School Fund in

SWDocID

the appropriate Charter School Facilities Account is greater than the difference in the Final Apportionment and the Preliminary Apportionment or (b) funding the Final Apportionment using any remaining balance in the Unrestricted Charter School Fund in the appropriate Charter School Facilities Account if the balance in the Unrestricted Charter School Fund in the appropriate Charter School Facilities Account is less than the difference in the Final Apportionment and the Preliminary Apportionment. In either case, such Final Apportionment will be the full and final apportionment for the project.

The amount of any Unfunded Approval will not exceed the funds on deposit in the applicable State School Facilities Fund together any amount of bonds which the State School Building Finance Committee has authorized but the State Treasurer has not yet sold. See " – Allocation of State General Obligation Bond Proceeds" and "CERTAIN RISK FACTORS" herein.

If the applicant fails to complete the request for a Final Apportionment in a timely manner, the State Allocation Board will rescind the applicant's Preliminary Apportionment, including any portion that has been released as an Advanced Release of funds as provided in Section 1859.164.2 of the California Code of Regulations. Such amounts will be transferred to the Unrestricted Charter School Fund within the appropriate Charter School Facility Account.

Historical Awards and Funding. To date, Final Apportionments under the Charter School Facilities Program have been received in response to 108 applications, funding facilities projects for 86 charter schools. Since the commencement of the Charter School Facilities Program, the State has appropriated funding for every project that has been listed on the Unfunded List (except that funding has not yet been appropriated for the projects listed as Unfunded Approvals on Table 3 below). To date, only six applicants that have received an Advance Apportionment later abandoned the applicable project without converting to a Final Apportionment. The following diagram reflects the requirements and process to obtain funding for a Final Apportionment.

MSA-5 – Milestones Achieved and Current Status Under the Charter School Facilities Program

This section describes the specific progress of MERF in seeking funding for the MSA-5 Facility under the Charter School Facilities Program requirements initially described above under " – Charter School Facilities Program."

The following timeline indicates the completion of various steps by MERF in seeking funding for the MSA-5 Facility under the Charter School Facilities Program. MERF is pursuing certain approvals and funding for the Project in three phases or "increments" as follows: the 1st increment, consisting of site work; the 2nd increment, consisting of construction of the academic building; and the 3rd increment, consisting of construction of the gymnasium.

Date	*Event/Description*
May 2022	**Application Submittal:** MERF submitted its initial application for a Preliminary Apportionment through the Charter School Facilities Program to the Office of Public School Construction in May 2022.
October 2022	**Financial Soundness Determination:** On October 24, 2022, the Authority adopted a resolution approving a Financial Soundness Determination for MERF which was applicable for a Preliminary Apportionment and an Advance Apportionment for the Project.

SWDocID

Date	*Event/Description*
October 2022	**Allocation of Preliminary Apportionment:** On October 26, 2022, the State Allocation Board allocated to MERF a Preliminary Apportionment in the amount of $50,832,332 for the acquisition and development of the MSA-5 Facility. MERF is currently in the process of Conversion to receive a Final Apportionment for the MSA-5 Facility.
March 2024	**Financial Soundness Determination:** On March 28, 2024, the Authority adopted a resolution approving a Financial Soundness Determination for MERF for the purpose of an Advance Apportionment.
June-July 2024	**Submission of Plans to DOE:** MERF submitted plans and specifications relating to the MSA-5 Facility to the Department of Education for final site approval in June 2024 and final plan approval in July 2024.
September 2024	**Site Approval:** The Department of Education provided to MERF its final site approval for the MSA-5 Facility on September 16, 2024.
September 2024	**Division of the State Architect Approval** – 1st Increment: The Division of the State Architect approved the Project plans and specifications for the 1st increment of the Project on September 25, 2024.
January 2025	**Plan Approval:** The Department of Education provided to MERF its final plan approval for the MSA-5 Facility on January 3, 2025.

For projected completion of remaining steps in the process to receive a Final Apportionment for the MSA-5 Facility, see " – Allocation of State General Obligation Bond Proceeds" below.

Funding to Date. Since the date of the Preliminary Apportionment, MERF has received approximately $13,832,733 from the State Allocation Board, which includes $3,952,733.20 for design costs and $9,880,000 for site acquisition and preparation costs. Pursuant to the Greene Act, MERF is required to effect the Conversion (defined herein) of the Preliminary Apportionment to a Final Apportionment by October 26, 2026; provided that, if an extension is approved, the deadline for the Conversion may be as late as October 26, 2027. See "CHARTER SCHOOL FACILITIES PROGRAM AND AWARD FUNDING – Charter School Facilities Program – Preliminary Apportionment" herein.

Loan for Local Matching Share; Interest Rate. Of the total funding received under the Charter School Facilities Program in respect of the MSA-5 Facility, 50% will be received in the form of a grant, while the remaining 50%, constituting the Local Matching Share, will be in the form of a loan that will be repaid to the State through level payments over 30 years. See " – Charter School Facilities Program – Local Matching Share" above. Given the Preliminary Apportionment for the MSA-5 Facility of $50,832,332, the loan for MERF's Local Matching Share would be in the amount of $25,416,166.

Pursuant to Education Code Section 17078.57, the interest rate in respect of this loan will be the lower of (i) the rate paid on moneys in the State's Pooled Money Investment Account as of the date of disbursement of the funding, or (ii) a rate equal to 50% of the interest rate paid by the State on the most recent sale of State general obligation bonds, in each case with such interest rate computed according to the true interest cost method.

Current Status of the Conversion Process by MERF

Financial Soundness Determination. Pursuant to the Charter School Facilities Program, MERF must receive a Financial Soundness Determination from the California School Finance Authority applicable to the Final Apportionment. MERF has received Financial Soundness Determinations in the past. However, the Authority's regulations for the Charter School Facilities Program provide that a Financial Soundness

SWDocID

Determination will be valid for a period of 12 months for purposes of the State Allocation Board's approval of an application for Final Apportionment. MERF's most recent Financial Soundness Determination expires [_____ __, 20__. Accordingly, another such determination by the Authority will be necessary in advance of MERF's completion of the Conversion process.]

Execution of the Charter School Agreements. In connection with the Unfunded Approval of a disbursement of the loan portion of the Final Apportionment, the Borrower is required to enter into Charter School Agreements to the extent applicable. See "– State Allocation Board Applications and Charter School Agreements." MERF executed the Funding Agreement, dated as of June 23, 2023, among the State Allocation Board, the Authority and MERF. The Borrower also executed the Memorandum of Understanding, dated as July 12, 2023, by and among the State Allocation Board, the Authority and MERF, as operator of MSA-5.

Approval by the California Department of Education. On April 24, 2023, the Department of Education provided to MERF its Initial CDE Evaluation. The Department of Education requires, among other things, approval of the MSA-5 Facility by the Department of Toxic Substances Control ("DTSC") in order to grant the CDE Site Approval. DTSC approved the Project in October 2023; and the Department of Education provided its final site approval for the MSA-5 Facility in September 2024. See "CHARTER SCHOOL FACILITIES PROGRAM AND AWARD FUNDING – Allocation of State General Obligation Bond Proceeds."

Approval by the Division of the State Architect. [As of the date hereof, the Division of the State Architect has received MERF's Project plans and specifications for all three increments of the Project and has issued plan approval for all three increments of the Project.] See "CHARTER SCHOOL FACILITIES PROGRAM AND AWARD FUNDING – Allocation of State General Obligation Bond Proceeds."

Execution of Binding Construction Contracts. MERF is required to execute binding contracts for at least 50% of the construction included in the plans and specifications applicable to the Project. Pursuant to the Charter School Facilities Program, the approval of the Division of the State Architect is a condition precedent to the execution of any construction contract. [MERF entered into a binding construction contract for the 2nd increment in _____ 2025, and such contracts with respect to the 1st increment and 2nd increment constitute greater than 50% of the construction included in the plans and specifications applicable to the Project.] Notwithstanding the foregoing, neither (i) execution of binding construction contracts for the entire Project, nor (ii) completion of construction of the 2nd increment are necessary to complete the Conversion process and to receive its Final Apportionment.

Filing of Form SAB 50-04. To complete the Conversion process, MERF is required to file Form SAB 50-04, the "Application for Funding," and submit such application to the State Allocation Board through the Office of Public School Construction. MERF submitted Form SAB 50-04 in February 2026, well in advance of the October 26, 2026 deadline. Form 50-04 includes, among other things, MERF's final requests for Project funding for the applicable increment, reflecting all adjustments and revisions to Project costs since the Preliminary Apportionment. See "CHARTER SCHOOL FACILITIES PROGRAM AND AWARD FUNDING – Allocation of State General Obligation Bond Proceeds."

MERF expects the Project to be placed on the Unfunded List and expects to participate in the Priority Funding Process prior to the receipt of a Final Apportionment. Since the commencement of the Charter School Facilities Program, the State has appropriated funding for every project that has been listed on the Unfunded List (except that funding has not yet been appropriated for the projects listed as Unfunded Approvals on Table 3 below).

Allocation of State General Obligation Bond Proceeds

This Limited Operating Memorandum sets forth the projected date of the Unfunded Approval and the Final Apportionment, other applicants to the Charter School Facilities Program and their Preliminary

SWDocID

Apportionments and current Conversion deadlines, and the State Allocation Board's remaining authorization for the Charter School Facilities Program as of the date hereof. The schedule by which MERF expects to receive its Unfunded Approval and the Final Apportionment for the Project involves known and unknown risks, uncertainties and other factors such as the completion of the Conversion process by other applicants and the State's issuance of general obligation bonds that may cause actual results, performance or achievements to be materially different from those projected in the Limited Offering Memorandum.

MERF expects the State to issue general obligation bonds in 2026. The State will use the proceeds of such general obligation bonds to finance grants to various programs including, it is anticipated, MSA-5. The following table sets forth the Borrower's projected schedule of events and tasks culminating in receipt of its Final Apportionment.

(1) The Project comprises the following three phases or "increments": 1st Increment, consisting of site work; 2nd increment, consisting of the academic building; and 3rd increment, consisting of the gymnasium.
(2) See "– Current Status of the Conversion Process by MERF" herein.
(3) Projected.
(4) To the extent the proceeds from the sale of State's general obligation bonds, which are expected to be issued in the Fall of 2026, are not sufficient to finance the Borrower's Final Apportionment, MERF is eligible to receive proceeds from a subsequent issuance of general obligation bonds. Neither MERF nor the Borrower can predict whether or when the State may issue State general obligation bonds.

To qualify for funding from proceeds of general obligation bonds, projects must be on the Unfunded List. In order to be placed on the Unfunded List, a project must receive a Preliminary Apportionment and complete the Conversion process. The following table sets forth the State Allocation Board's remaining

unallocated authority to provide Final Apportionments, the Unfunded Approvals under each State School Facility Bond, and the remaining authority to provide Final Apportionments less the Unfunded Approvals.

(1) Includes Unfunded Approvals and submitted applications for Unfunded Approvals (as reflected in Table 3 below), and current applicants (as reflected in Table 4 below).
(2) The State Allocation Board has not allocated the amounts set forth in the column titled "Remaining Unallocated Authority Including Unfunded Approvals" to any specific project.
(3) Includes $36,999,599 in respect of the Final Apportionment for the Project.
(4) The Project is not eligible for funding under the 2024 State School Facilities Fund. Only new applicants may qualify for such funding.
Source: Office of Public School Construction.

In the event that the proceeds available to finance grants under the Charter School Facilities Program are not sufficient to finance all projects on the Unfunded List, the State Allocation Board will fund projects in order of their State Allocation Board approval date and in order within each source of bonds. See "– State School Facilities Bonds."

On October 26, 2022, the Project received a Preliminary Apportionment from the State Allocation Board in the amount of $50,832,332, of which the State Allocation Board has disbursed $13,832,733. MERF expects that the Final Apportionment in the amount of $36,999,599 will be sufficient to pay principal of the Grant Anticipation Notes when due. This remaining amount of the Preliminary Apportionment is reserved for the Project until and unless MERF either fails to complete the Conversion process prior to the applicable deadline, or after having completed the Conversion process and with the Project placed on the Unfunded List, fails to timely submit a priority funding request.

The following table sets forth the aggregate amount of Final Apportionments approved by the State Allocation Board and aggregate amount of Preliminary Apportionments for applicants that have submitted Form SAB 50-04 to the State Allocation Board for approval.

As of _____ __, 2026, other than the three applicants noted in the second row of Table 3 above, there are 13 Preliminary Apportionments that are left to Convert and are eligible for an aggregate Final Apportionment of approximately $141.2 million once they Convert.

(1) Does not reflect _____ applicants that have submitted Form SAB 50-04 to the State Allocation Board, including MERF, as reflected above in the second row of Table 3.
(2) Such applicant is eligible for a one-time, one-year extension. However, neither MERF nor the Borrower can predict whether any or all of such applicants will complete the Conversion process prior to MERF.
Source: Office of Public School Construction.

[The sum of (i) the CSFP award allocation for current applicants without Unfunded Approvals shown in Table 4 above (approximately $141.2 million) and (ii) the total apportionment for current Unfunded Approvals (including applicants with Form SAB 50-04 Submissions) set forth in Table 3 above (approximately $55.4 million), equals $196.6 million, which does not exceed the remaining funding authority for the applicable State School Facilities Funds reflected in Table 2 ($211.3 million). Thus, the State Allocation Board has sufficient authority under the Charter School Facilities Program to fully fund the Project and to place the Project on the Unfunded List when MERF completes the Conversion process. The State had not yet issued general obligation bonds to fund any of the projects reflected in Table 3 or Table 4.]

SWDocID

While the voters in the State have approved the issuance of general obligation bonds to generate the necessary funds for the State Allocation Board to fund all of the current CSFP projects shown in Table 3 and Table 4 above, a number of additional procedural actions are required, including approval of the State School Building Finance Committee. MERF expects the Project to be placed on the Unfunded List upon the completion of the Conversion process and to receive a Final Apportionment from proceeds of general obligation bonds issued by the State in 2026 subject to availability of such funds. See "CHARTER SCHOOL FACILITIES PROGRAM – MSA-5 – Milestones Achieved and Current Status Under the Charter School Facilities Program."

History of Award Funding. As noted above, since the commencement of the Charter School Facilities Program, the State has appropriated funding for every project that has been listed on the Unfunded List (except that funding has not yet been appropriated for the projects listed as Unfunded Approvals on Table 3 above). No assurance can be made as to the date by which the State may issue general obligation bonds for the purpose of funding any award pursuant to the Charter School Facilities Program, including any award in respect of the MSA-5 Facility.

Issuance of State General Obligation Bonds. State general obligation bonds to fund awards under the Charter School Facilities Program are issued under the applicable voter approved bond act (see " – State School Facility Bonds" above) and a bond resolution approved by the State School Building Finance Committee. The timing of the bond sales is determined by the State Treasurer. The Public Finance Division of the State Treasurer's Office ("PFD") manages the State's debt portfolio, overseeing the issuance of debt, and monitors and services the State's outstanding debt. PFD also handles the sale of general obligation bonds and other forms of debt.

Generally, because of certain blackout periods, the State issues general obligation bonds (i) in the spring, from the beginning of March through mid-April, and (ii) in the fall, from late August through mid-November. As noted above, no assurance can be made as to the date by which the State may issue general obligation bonds for the purpose of funding any award pursuant to the Charter School Facilities Program, including any award in respect of the MSA-5 Facility. See "CERTAIN RISK FACTORS – Availability of State General Obligation Bond Proceeds."

Lien and Covenants, Conditions, and Restrictions pursuant to the Education Code

State Lien. The State has recorded a notice of lien pursuant to Section 17078.63(a) of the Education Code stating that the MSA-5 Facility is held in trust by MERF for the benefit of the State public school system.

Covenants, Conditions and Restrictions. MERF has recorded a restrictive covenant pursuant to Section 17078.63(a) of the Education Code that provides the following:

1. The MSA-5 Facility and any facilities constructed, rehabilitated, or retrofitted at the MSA-5 Facility using funds allocated pursuant to the Greene Act shall be used only for public school purposes as authorized in the California Constitution and statute;

2. In the event the MSA-5 Facility is no longer needed for charter school purposes, title to the MSA-5 Facility shall vest in the school district in which the property is physically located, which the school district shall hold in trust for benefit of the State public school system. The remainder interest provided in the restrictive covenant shall be triggered when the MSA-5 Facility is no longer needed for charter school purposes and shall then be subject to paragraphs (2) to (6) , inclusive, of subdivision (b) of Section 17078.62 of the Education Code;

3. In the event the District disclaims its interest in the Facilities, title shall vest in the State;

SWDocID

4. A successor charter school, qualified pursuant to Section 17078.62(b)(2) of the Education Code (the "MERF's successor"), shall be permitted to meet its facility needs by occupying the MSA-5 Facility, for the benefit of the State public school system, on equal terms as MERF, including, but not limited to, assumption of fee simple title to the MSA-5 Facility; and

5. The restrictive covenant shall run with the land and shall be binding upon MERF, MERF's successors, and all parties having or acquiring any right, title or interest in the MSA-5 Facility or any part thereof, and shall inure to the benefit of the State.

MERF does not expect the MSA-5 Facility to be developed in a manner sufficient for the operation of a charter school or a traditional public school until completion of the Project. MERF cannot predict whether the State, the District, or another charter school operator would accept the MSA-5 Facility in its present condition or if the Project were completed. If such entities decline to take possession of the MSA-5 Facility, it is possible that the MSA-5 Facility could be disposed in a manner that is applicable to the disposal of surplus public school sites. See "CERTAIN RISK FACTORS – Prior Lien on the MSA-5 Facility" herein.

As security for the payment of the Grant Anticipation Notes, the Authority in the Note Indenture assigns to the Trustee certain of the Authority's rights under the Note Loan Agreement, including the right to receive Payments under the Note Indenture, but excluding any deposits to the Rebate Fund; and the Borrower will assent to such assignment and agrees to make payments from Grant Anticipation Note Loan Agreement Revenues directly to the Trustee, without defense or set off by reason of any dispute between the Borrower and the Authority or the Trustee. By virtue of such assignment and certain obligations of the Borrower to the Trustee, the Trustee shall be a third-party beneficiary of the Note Loan Agreement and will have the right to enforce the obligations of the Borrower under the Note Loan Agreement, subject to the limitations hereof, including the limitations set forth in the Note Loan Agreement.

No lien on the MSA-5 Facility secures MERF's obligations under the Grant Anticipation Note Loan Agreement, or the Borrower's obligations under the Note Loan Agreement. See "CERTAIN RISK FACTORS – No Mortgage."

Limitation on Disposition of Property, Plant and Equipment and the Project. Pursuant to the Grant Anticipation Note Loan Agreement, MERF covenants and agrees that it will not sell or otherwise dispose, including any disposition by lease, of the property, plant and equipment consisting of all or any part of the MSA-5 Facility, except for disposition or transfers:(a) of property, plant and equipment no longer necessary for the operation of the MSA-5 Facility; (b) of property, plant and equipment replaced by property, plant and equipment of similar type and/or of substantially equivalent function with a substantially equivalent value; or (c) of property, plant and equipment sold or disposed of at a price equal to their fair market value.

Under the Note Loan Agreement, MERF may not cause or permit any portion of the MSA-5 Facility that is part of the Project to be used or operated in any manner except in conjunction with a school under the Charter School Law.

APPENDIX F

FORM OF CONTINUING DISCLOSURE AGREEMENT

This Continuing Disclosure Agreement (the "Disclosure Agreement"), dated as of March 1, 2026, is executed and delivered by and between Magnolia Properties Management, Inc., a California nonprofit public benefit corporation (the "Borrower"), Magnolia Educational & Research Foundation, a California nonprofit public benefit corporation ("MERF") and KNN Public Finance, LLC, as dissemination agent (the "Dissemination Agent") in connection with the issuance by the California School Finance Authority (the "Authority") of its (i) Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group) Series 2026A (the "Series 2026A Bonds") and (ii) Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group) Series 2026B (Taxable) (the "Series 2026B Bonds" and together with the Series 2026A Bonds, the "Bonds"). The Bonds are being issued pursuant to an Indenture dated as of March 1, 2026 (the "Bond Indenture") by and between the Authority and UMB Bank, National Association, as trustee (the "Trustee"). The proceeds of the Bonds are being loaned by the Authority to the Borrower pursuant to a Loan Agreement dated as of March 1, 2026 (the "Loan Agreement"). Pursuant to the Loan Agreement, the Borrower has covenanted and agreed to provide the continuing disclosure of certain financial information and operating data and timely notices of the occurrence of certain events.

Section 1. Purpose of Disclosure Agreement. This Disclosure Agreement is being executed and delivered by the Borrower and MERF for the benefit of the Registered Owners of the Bonds (for such purpose beneficial owners of the Bonds shall also be considered Registered Owners of the Bonds) and to assist Stifel, Nicolaus & Company, Incorporated (the "Participating Underwriter"), in complying with the Rule.

For purposes of the event identified in clause (x) above, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for MERF or the Borrower in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court of governmental authority has assumed jurisdiction over substantially all of the assets or business of MERF or the Borrower, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of MERF or the Borrower.

(c) Upon the occurrence of a Listed Event specified in Section 5(a), MERF shall as soon as possible determine if such event would be material. The Dissemination Agent shall have no responsibility for such determination.

(d) If MERF has determined that the occurrence of a Listed Event specified in Section 5(a) would be material, or upon the occurrence of a Listed Event specified in Section 5(b), MERF shall notify the Dissemination Agent in writing within three business days of the occurrence of such event in a format suitable for filing with the MSRB, with instructions to the Dissemination Agent to file a notice of the occurrence of such Listed Event pursuant to subsection (e).

(e) If the Dissemination Agent has been instructed in writing by MERF to report the occurrence of a Listed Event and has received a notice of the occurrence in a format suitable for filing with the MSRB, the Dissemination Agent shall file such notice with the MSRB with a copy to the Participating Underwriter and the Authority in a timely manner not in excess of ten business days after the occurrence of the event.

(f) The Borrower hereby agrees to provide to MERF notice of any events specified in this Section 5 of which it has actual notice within five (5) days of receipt of such notice by the Borrower.

Section 6. Provision of Quarterly Reports.

(a) MERF agrees to provide, or shall cause the Dissemination Agent to provide, to the MSRB, not later than 60 days after the end of each of MERF's fiscal quarters, commencing with the fiscal quarter ending December 31, 2025, a Quarterly Report which is consistent with the requirements of Section 7 of this Disclosure Agreement. The Quarterly Report may be submitted as a single document or as separate documents constituting a package, and may include by reference other information as provided in Section 7 of this Disclosure Agreement. The Borrower hereby agrees to provide to MERF any information required from the Borrower for the Quarterly Reports.

SWDocID

(b) MERF shall be responsible for the preparation of the Quarterly Report. Not later than five (5) business days prior to the date specified in subsection (a) for providing the Quarterly Report to the MSRB, MERF agrees to provide the Quarterly Report to the Dissemination Agent. If by such date, the Dissemination Agent has not received a copy of the Quarterly Report, the Dissemination Agent shall contact MERF to determine if MERF is or expects to be in compliance with the first sentence of subsection (a) above.

(c) The Dissemination Agent shall transmit the Quarterly Report to the MSRB in electronic format accompanies by identifying information as prescribed by the MSRB.

Section 7. Content of Quarterly Reports.

(a) MERF's Quarterly Report shall be in a format suitable for filing with the MSRB and shall contain or include by reference the following:

(i) For the Obligated Group, the Officer Certificate executed in connection with any addition or withdrawal of a Member pursuant to Sections 3.11 and 3.12, respectively, of the Master Trust Indenture, if applicable.

(ii) The unaudited financial statements and operating data for MERF for the previous fiscal quarter of the type and in the format provided in audited financial statements of MERF for the prior Fiscal Year.

(iii) For the Magnolia Schools, enrollment data by school for the previous quarter.

(iv) For the final fiscal quarter of each Fiscal Year, a copy of MERF's budget for the subsequent Fiscal Year.

(v) A year-to-date comparison of the revenues and expenditures in the unaudited financial statements to the annual budget for MERF.

(vi) Recommendations of any consultant received in accordance with the Master Trust Indenture during such fiscal quarter.

(vii) Notice of any threatened termination of any license, charter or other official approval or accreditation which is material to the activities of MERF or the Magnolia Schools, or of the commencement of any litigation or other governmental or judicial proceeding in which an outcome adverse to MERF could result in a judgment in excess of available insurance coverage or otherwise have a material adverse effect on the operations or financial condition of MERF, and any other event which reasonably could be expected to have a material adverse effect on the operations or financial condition of MERF.

(viii) Management discussion of any significant variance between budgeted and actual revenues and expenditures during the previous fiscal quarter.

(ix) Any change in Key Management Personnel for MERF's Executive Team as shown on pages A-34 through A-37 of Appendix A to the Limited Offering Memorandum.

(b) Any or all of the items listed in subsection (a) above may be included by specific reference to other documents, including any official statement or prospectus of debt issues for the benefit of MERF or related public entities, which have been submitted to each of the MSRB. If the document included by reference is a final official statement, it must be available from the Municipal Securities Rulemaking Board. MERF shall clearly identify each such other document so included by reference. MERF is solely responsible

SWDocID

for the content and format of the Quarterly Report, and the Dissemination Agent shall have no liability or responsibility for content, format, accuracy or completeness of such Quarterly Report.

Section 8. Use of EMMA. Any filings required to be made with or notices to be given to the MSRB under this Disclosure Agreement shall be effected by sending the filing or notice to EMMA at www.emma.msrb.org in an electronic format accompanied by identifying information as prescribed by the MSRB, or to such other entity and in such other format as may be designated under the Rule. The Dissemination Agent agrees to comply with the provisions of EMMA in making such filings and giving such notices under this Disclosure Agreement.

Section 9. Termination of Reporting Obligation. The obligations of MERF, the Borrower and the Dissemination Agent under this Disclosure Agreement shall terminate upon the legal defeasance, prior redemption, prepayment or payment in full of all of Bonds. If such termination occurs prior to the final maturity of Bonds, MERF shall give notice of such termination in the same manner as for a Listed Event under Section 5(d) hereof.

Section 10. Annual Conference Calls. MERF shall schedule annual conference calls (following the end of the 2024-25 Fiscal Year) for Beneficial Owners to be held during normal business hours (for both prevailing Eastern Time and prevailing Pacific Time), and shall provide the Dissemination Agent and the Participating Underwriter with a notice of date and time for such call and contact telephone information.

Section 11. Failure to File. If MERF does not provide to the Dissemination Agent a copy of an Annual Report or a Quarterly Report by the applicable dates required in Section 3(a) or Section 6(a) above, the Dissemination Agent in a timely manner shall send a notice to the Borrower, MERF and the Participating Underwriter in substantially the form attached as Exhibit B. If the Borrower or MERF files any report directly with MSRB, the Borrower or MERF shall promptly provide the Dissemination Agent with a confirmation or documentation reasonably required by the Dissemination Agent confirming that the filing of such report was made in a timely manner on or before the date required herein (or if not as of such date, specifying the date of filing) and that such filing contained the information required by this Disclosure Agreement.

Section 12. Dissemination Agent. MERF may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Agreement, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent shall not be responsible in any manner for the content of any notice or report prepared by MERF pursuant to this Disclosure Agreement. If at any time there is not any other designated Dissemination Agent, MERF shall be the Dissemination Agent. The initial Dissemination Agent shall be KNN Public Finance, LLC. Any person succeeding to all or substantially all of the Dissemination Agent's business shall be the successor to the Dissemination Agent hereunder without the execution or filing of any paper or any further act. The Dissemination Agent may resign its duties under this Disclosure Agreement upon 60 days prior written notice to MERF.

Section 13. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Agreement, MERF, the Borrower and the Dissemination Agent may amend this Disclosure Agreement, and any provision of this Disclosure Agreement may be waived, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 4, or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the

SWDocID

original execution and delivery of Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The proposed amendment or waiver either (i) is approved by the Holders of Bonds in the same manner as provided in the Bond Indenture for amendments to the Bond Indenture with the consent of Holders, or (ii) does not, in the opinion of nationally recognized bond counsel or another party unaffiliated with MERF, materially impair the interests of the Holders or Beneficial Owners of Bonds.

In the event of any amendment or waiver of a provision of this Disclosure Agreement, MERF shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or, in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by MERF. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, notice of such change shall be given in the same manner as for a Listed Event under Section 5(d).

Section 14. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent MERF from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Agreement. If MERF chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, MERF shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

Section 15. Default. In the event of a failure of MERF, the Borrower or the Dissemination Agent to comply with any provision of this Disclosure Agreement, the Dissemination Agent (at the written direction of the Holders of not less than 25% in aggregate principal amount of Bonds then outstanding and upon being indemnified to its satisfaction therefor, shall, or the Participating Underwriter or any Holder of Bonds may, take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause MERF or the Dissemination Agent, as the case may be, to comply with its obligations under this Disclosure Agreement. A default under this Disclosure Agreement shall not be deemed an event of default under Bonds, the Bond Indenture, or the Loan Agreement, and the sole remedy under this Disclosure Agreement in the event of any failure of MERF or the Dissemination Agent to comply with this Disclosure Agreement shall be an action to compel performance. The Dissemination Agent shall not be required to take any action whatsoever to cause MERF to comply with its obligations under this Dissemination Agreement other than those specifically set forth in Section 3 hereof.

Section 16. Duties, Immunities and Liabilities of Trustee and Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement, and no implied covenants or obligations of the Dissemination Agent shall arise in this Disclosure Agreement. MERF and the Borrower agree jointly and severally to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, fees, expenses and liabilities which it may incur arising out of the disclosure of information pursuant to this Disclosure Agreement or arising out of or in the exercise or performance of their powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct, as the case may be. The obligations of MERF under this Section shall survive resignation or removal of the Dissemination Agent, termination of this Disclosure Agreement and payment of Bonds. The Dissemination Agent shall have no liability for MERF's failure to report any event or any financial information or operating data as to which MERF has not provided an information report in format suitable for filing with the MSRB. The Dissemination Agent shall have no duty or obligation to review any information provided to it hereunder and shall not be deemed to be acting in a fiduciary capacity. The obligations of MERF under this Section shall survive resignation of the Dissemination Agent or the termination of this Dissemination Agreement. In the absence of bad faith on its part, the Dissemination Agent

SWDocID

may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Dissemination Agent by the Disclosure Representative and conforming to the requirements of this Disclosure Agreement. In the case of any Annual Reports or description of any Listed Events, or any opinions which by any provision hereof are specifically required to be furnished to the Dissemination Agent, the Dissemination Agent shall be under a duty to examine the same to determine whether or not they conform to the requirements of this Disclosure Agreement, but shall be under no duty to verify independently or investigate the accuracy or completeness of any information contained therein or the correctness of any opinion furnished hereunder. No provision of this Disclosure Agreement shall require the Dissemination Agent to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers. The Dissemination Agent may rely and shall be protected in acting or refraining from acting upon any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, or other paper or document believed by it to be genuine and to have been signed or presented by the Disclosure Representative. The Dissemination Agent may consult with counsel of its choice and the written advice of such counsel or any opinion of counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon, it being understood that for purposes of this provision, that such counsel may be counsel to MERF. MERF shall not be liable for the fees and expenses of any such counsel consulted by the Dissemination Agent without the prior consent of MERF. The Dissemination Agent shall not be bound to make any investigation into the facts or matters stated in and Annual Report or description of a Listed Event. To the extent not otherwise provided in this Disclosure Agreement, the Dissemination Agent shall be entitled to discharge its obligation hereunder in like manner as specified in the Bond Indenture for the discharge of the obligations of the Trustee thereunder.

BOOK-ENTRY SYSTEM

The Depository Trust Company ("DTC"), will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered Bond certificate will be issued for each maturity of each Series of Bonds, each in the aggregate principal amount of that maturity of Bonds, and will be deposited with DTC. If, however, the aggregate principal amount of any series and maturity exceeds $500 million, one certificate will be issued with respect to each $500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such series and maturity.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.6 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

SWDocID

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Authority or the Trustee, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee, or the Authority, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Authority or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Authority or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The Authority may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Borrower believes to be reliable, but neither the Authority nor the Borrower take responsibility for the accuracy thereof.

FORM OF OPINION OF BOND COUNSEL

Upon the delivery of the Bonds, Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the Authority, proposes to deliver its final approving opinion with respect to the Bonds in substantially the following form:

[Date of Delivery]

California School Finance Authority
Sacramento, California

California School Finance Authority Charter School Revenue Bonds
(Magnolia Public Schools – Obligated Group), Series 2026A

and

California School Finance Authority Charter School Revenue Bonds
(Magnolia Public Schools – Obligated Group), Series 2026B (Taxable)

(Final Opinion)

Ladies and Gentlemen:

We have acted as bond counsel to the California School Finance Authority (the "Authority") in connection with the issuance of $_____ aggregate principal amount of California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026A (the "Series 2026A Bonds") and $_____ aggregate principal amount of California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026B (Taxable) (the "Series 2026B Bonds" and, together with the Series 2026A Bonds, the "Bonds"), issued pursuant to an indenture, dated as of March 1, 2026 (the "Indenture"), between the Authority and UMB Bank, National Association, as trustee (the "Trustee"). The Indenture provides that the Bonds are issued for the stated purpose of making a loan of the proceeds thereof to Magnolia Properties Management, Inc. (the "Borrower"), a California nonprofit public benefit corporation, pursuant to a loan agreement, dated as of March 1, 2026 (the "Loan Agreement"), between the Authority and the Borrower. Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Indenture.

In such connection, we have reviewed the Indenture, the Loan Agreement, the Master Indenture of Trust, the Supplemental MTI for Obligation No. 2, the Intercept Notice, the Lease, the Tax Certificate, opinions of counsel to the Authority, the Trustee, the Borrower and Magnolia Educational & Research Foundation, a California nonprofit public benefit corporation (the "Lessee"), certificates of the Authority, the Trustee, the Borrower, the Lessee and others, and such other documents, opinions and matters to the extent we deemed necessary to render the opinions set forth herein.

We have assumed the correctness of the opinion of Musick, Peeler & Garrett LLP, Los Angeles, California, counsel to the Borrower and the Lessee, regarding, among other matters, the current qualification of the Borrower and the Lessee as organizations described in Section 501(c)(3) of the Internal Revenue Code of 1986 (the "Code"), the use of the facilities financed or refinanced with the proceeds of the Series 2026A Bonds in activities that are not considered unrelated trade or business activities of the Borrower and the Lessee within

SWDocID

the meaning of Section 513 of the Code, and the status of the Lessee as a charter school organized under the Charter School Law. We note that such opinion is subject to a number of qualifications and limitations. Failure of the Borrower or the Lessee to be organized and operated in accordance with the Internal Revenue Service's requirements for the maintenance of its respective status as an organization described in Section 501(c)(3) of the Code, or use of the bond-financed or refinanced facilities in activities that are considered unrelated trade or business activities of the Borrower and the Lessee within the meaning of Section 513 of the Code, may result in interest on the Series 2026A Bonds being included in gross income for federal income tax purposes, possibly from the date of issuance of the Series 2026A Bonds.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after the original delivery of the Bonds on the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after the original delivery of the Bonds on the date hereof. Accordingly, this letter speaks only as of its date and is not intended to, and may not, be relied upon or otherwise used in connection with any such actions, events or matters. Our engagement with respect to the Bonds has concluded with their issuance, and we disclaim any obligation to update this letter. We have assumed the genuineness of all documents and signatures provided to us and the due and legal execution and delivery of each such document by each party thereto other than the Authority and that each such document constitutes a valid and binding agreement of such party. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents, and of the legal conclusions contained in the opinions, referred to in the second and third paragraphs hereof. Furthermore, we have assumed compliance with all covenants and agreements contained in the Indenture, the Loan Agreement, the Master Indenture of Trust, the Supplemental MTI for Obligation No. 2, the Lease, the Intercept Notice and the Tax Certificate, including (without limitation) covenants and agreements compliance with which is necessary to assure that future actions, omissions or events will not cause interest on the Series 2026A Bonds to be included in gross income for federal income tax purposes. We call attention to the fact that the rights and obligations under the Bonds, the Indenture, the Master Indenture of Trust, the Supplemental MTI for Obligation No. 2, the Loan Agreement, the Lease, the Intercept Notice and the Tax Certificate, and their enforceability, may be subject to bankruptcy, insolvency, receivership, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases, and to the limitations on legal remedies against governmental entities such as the Authority in the State of California. We express no opinion with respect to any indemnification, contribution, liquidated damages, penalty (including any remedy deemed to constitute a penalty), right of set-off, arbitration, judicial reference, choice of law, choice of forum, choice of venue, non-exclusivity of remedies, waiver or severability provisions contained in the foregoing documents, nor do we express any opinion with respect to the state or quality of title to or interest in any of the real or personal property described in or as subject to the lien of the Indenture, the Loan Agreement, the Master Indenture of Trust, the Supplemental MTI for Obligation No. 2, or the Lease, or the accuracy or sufficiency of the description contained therein of, or the remedies available to enforce liens on, any such property. Our services did not include financial or other non-legal advice. Finally, we undertake no responsibility for the accuracy, completeness or fairness of the Limited Offering Memorandum, dated _____, 2025, relating to the Bonds, or other offering material relating to the Bonds and express no view with respect thereto.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Bonds constitute the valid and binding limited obligations of the Authority.

2. The Indenture has been duly executed and delivered by, and constitutes the valid and binding agreement of, the Authority. The Indenture creates a valid pledge, to secure the payment of the principal of and interest on the Bonds, of the Payments (except Payments pursuant to the Intercept Notice) and any other amounts (excluding proceeds of the sale of the Bonds) held by the Trustee in any fund or account established

SWDocID

pursuant to the Indenture (other than the Rebate Fund), subject to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth in the Indenture. The Bonds are further secured by apportionments from the State Controller, pursuant to Section 17199.4 of the Education Code and the Intercept Notice, of amounts specified in the Intercept Notice and paid directly to the Trustee.

3. The Loan Agreement has been duly executed and delivered by, and constitutes a valid and binding agreement of, the Authority.

4. Interest on the Series 2026A Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Code. Interest on the Series 2026A Bonds is not a specific preference item for purposes of the federal individual alternative minimum tax. We observe that interest on the Series 2026A Bonds included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. We observe that interest on the Series 2026B Bonds is not excluded from gross income under Section 103 of the Code. Interest on the Bonds is exempt from State of California personal income taxes. We express no opinion regarding other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Bonds.

Faithfully yours,

ORRICK, HERRINGTON & SUTCLIFFE LLP

SUPPLEMENTAL MASTER INDENTURE FOR OBLIGATION NO. 2

THIS SUPPLEMENTAL MASTER INDENTURE FOR OBLIGATION NO. 2, dated as of [March] 1, 2026 ("Supplement No. 2"), between MAGNOLIA PROPERTIES MANAGEMENT, INC., a California nonprofit public benefit corporation (the "Borrower"), as Obligated Group Representative pursuant to the Master Indenture of Trust, dated as of April 1, 2025 (as amended and supplemented, the "Master Indenture"), among the Borrower, the Initial Members (as defined therein) and UMB BANK, NATIONAL ASSOCIATION, a national banking association organized and existing under the laws of the United States of America, as master trustee (the "Master Trustee"), and the Master Trustee;

W I T N E S S E T H

WHEREAS, the Borrower and the Master Trustee have entered into the Master Indenture which provides for the issuance by the Obligated Group Representative of Obligations thereunder upon the Obligated Group Representative and the Master Trustee entering into an indenture supplemental to the Master Indenture;

WHEREAS, the Borrower has been appointed the Obligated Group Representative under the Master Indenture and has all requisite corporate power and is authorized under the terms of the Master Indenture to issue Obligations, which constitute the joint and several Obligations of the Members;

WHEREAS, the Borrower, as Obligated Group Representative, desires to issue an Obligation hereunder to secure the obligations arising under and pursuant to a loan agreement, dated as of [March] 1, 2026, between the California School Finance Authority and the Borrower; and

WHEREAS, all acts and things necessary to constitute this Supplement No. 2 a valid supplemental indenture and agreement according to its terms have been done and performed, and the Borrower, as Obligated Group Representative, has duly authorized the execution and delivery hereof and of the Obligation issued hereby;

NOW, THEREFORE, in consideration of the premises, of the acceptance by the Master Trustee of the trusts hereby created, and of the giving of consideration for and acceptance of the Obligation issued hereunder by the Holder thereof, the Borrower, as Obligated Group Representative, covenants and agrees with the Master Trustee for the benefit of the Holder from time to time of the Obligation issued hereby, as follows:

Definitions. Unless otherwise required by the context, all terms used herein which are defined in the Master Indenture shall have the meanings assigned to them therein, except as set forth below:

"Authority" means the California School Finance Authority and its successors or assigns.

"Obligation No. 2" means the Obligation issued pursuant hereto.

"Series 2026 Bond Indenture" means that certain bond indenture, dated as of [March] 1, 2026, between the Authority and the Series 2026 Bond Trustee, as originally executed and as it may from time to time be supplemented, modified or amended in accordance with the terms thereof.

"Series 2026 Bond Trustee" means UMB Bank, National Association, a national banking association duly organized and existing under the laws of the United States of America, in its capacity as trustee under the Series 2026 Bond Indenture, and any successor to its duties or co-trustee under the Series 2026 Bond Indenture.

"Series 2026 Bonds" means, collectively, the California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group) Series 2026A and California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group) Series 2026B (Taxable).

"Series 2026 Loan Agreement" means that certain loan agreement, dated as of [March] 1, 2026, between the Authority and the Borrower, as originally executed and as it may from time to time be supplemented, modified or amended in accordance with the terms thereof and of the Series 2026 Bond Indenture.

"Series 2026 Loan Repayments" means all of the payments so designated and required to be made by the Borrower pursuant to Section 3.02 of the Series 2026 Loan Agreement.

"Supplement No. 2" means this Supplemental Master Indenture for Obligation No. 2.

Issuance of Obligation No. 2. There is hereby created and authorized to be issued an Obligation in an aggregate principal amount of [_____] dollars ($[Aggregate Par]). This Obligation shall be dated as of [March] 1, 2026, shall be designated "Magnolia Public Schools Obligation No. 2" and shall be payable in such amounts, at such times and in such manner and shall have such other terms and provisions as are set forth in the form of Obligation No. 2 as provided in Section 11 hereof.

The aggregate principal amount of Obligation No. 2 is limited to [_____] dollars ($[Aggregate Par]), except for any Obligation No. 2 authenticated and delivered in lieu of another Obligation No. 2 (as provided in Section 7 hereof), with respect to any Obligation No. 2 mutilated, destroyed, lost or stolen or, subject to the provisions of Section 6 of this Supplement No. 2, upon transfer of registration of Obligation No. 2.

Purpose for Which Obligation No. 2 Is Being Issued. Obligation No. 2 is being issued to evidence the Members' obligation to ensure performance of the obligations of the Borrower arising under the Series 2026 Loan Agreement, including Additional Payments.

Payments on Obligation No. 2; Credits.

(a) Principal of and interest and any applicable redemption premium on Obligation No. 2 are payable in any coin or currency of the United States of America which on

the payment date is legal tender for the payment of public and private debts. Except as provided in subsection (b) of this Section with respect to credits, and Section 5 hereof regarding prepayment, payments on the principal of and premium, if any, and interest on Obligation No. 2 shall be made at the times and in the amounts specified in Obligation No. 2 by the Members (i) depositing the same with or to the account of the Series 2026 Bond Trustee at or prior to the opening of business on the day such payments shall become due or payable (or the next succeeding business day if such date is a Saturday, Sunday or bank holiday in the city in which the principal corporate trust office of the Series 2026 Bond Trustee is located), and (ii) giving notice to the Master Trustee and the Series 2026 Bond Trustee of each payment of principal, interest or premium on Obligation No. 2, specifying the amount paid and identifying such payment as a payment on Obligation No. 2.

(b) The Members shall receive credit for payment on Obligation No. 2, in addition to any credits resulting from payment or prepayment from other sources, as follows:

(i) On installments of interest on Obligation No. 2 in an amount equal to moneys deposited in the Interest Account created under the Series 2026 Bond Indenture which amounts are available to pay interest on the Bonds and to the extent such amounts have not previously been credited against payments on Obligation No. 2;

(ii) On installments of principal of Obligation No. 2 in an amount equal to moneys deposited in the Principal Account created under the Series 2026 Bond Indenture which amounts are available to pay principal of the Bonds and to the extent such amounts have not previously been credited against payments on Obligation No. 2;

(iii) On installments of principal and interest, respectively, on Obligation No. 2 in an amount equal to the principal amount of Bonds for the redemption or payment of which sufficient amounts (as determined by Section 10.03 of the Series 2026 Bond Indenture) in cash or securities are on deposit as provided in Section 10.03 of the Series 2026 Bond Indenture, to the extent such amounts have not previously been credited against such payments on Obligation No. 2, and the interest on such Bonds from and after the date fixed for payment at maturity or redemption thereof. Such credits shall be made against the installments of principal and interest on Obligation No. 2 which would have been used, but for such call for payment or redemption, to pay principal of and interest on such Bonds when due;

(iv) On installments of principal and interest, respectively, on Obligation No. 2 in an amount equal to the principal amount of Bonds acquired by any Member and surrendered to the Series 2026 Bond Trustee for cancellation or purchased by the Series 2026 Bond Trustee and canceled, and the interest on such Bonds from and after the date interest thereon has been paid prior to cancellation. Such credits shall be made against the installments of principal of and interest on Obligation No. 2 which would have been used, but for such cancellation, to pay principal of and interest on such Bonds when due; and

(v) On amounts deposited with the Series 2026 Bond Trustee to satisfy any other payment obligations under the Series 2026 Loan Agreement but not transferred

by the Series 2026 Bond Trustee to the Borrower pursuant to Section 5.02 of the Series 2026 Bond Indenture.

Prepayment of Obligation No. 2.

(a) So long as all amounts which have become due under Obligation No. 2 have been paid or credits for such payments have occurred, the Members shall have the right, at any time and from time to time, to pay in advance and in any order of due dates all or part of the amounts to become due under Obligation No. 2. Prepayments may be made by payments of cash or surrender of the Bonds, as contemplated by subsections 4(b)(iii) and (iv) hereof. All such prepayments (and the additional payment of any amount necessary to pay the applicable premium, if any, payable upon the redemption of the Bonds) shall be deposited and applied in the manner and subject to the terms and conditions set forth in the Series 2026 Bond Indenture. Notwithstanding any such redemption or surrender of the Bonds, as long as any Bonds remain Outstanding (as defined in the Series 2026 Bond Indenture) or any additional payments required to be made hereunder remain unpaid, the Members shall not be relieved of their obligations hereunder.

(b) Prepayments made under subsection (a) of this Section shall be credited against amounts to become due on Obligation No. 2 as provided in Section 4 hereof.

(c) The Members may also prepay all of their indebtedness under Obligation No. 2 by providing for the payment of Bonds in accordance with Article X of the Series 2026 Bond Indenture.

Registration, Number, Negotiability and Transfer of Obligation No. 2.

(a) Except as provided in subsection (b) of this Section, so long as any Bonds remain Outstanding, Obligation No. 2 shall consist of a single Obligation without coupons, registered as to principal and interest in the name of the Series 2026 Bond Trustee, and no transfer of Obligation No. 2 shall be permitted or shall be registered under the Master Indenture except for transfers to a successor Series 2026 Bond Trustee.

(b) Upon the principal of all Obligations then Outstanding being declared immediately due and payable upon and during the continuance of an Event of Default, Obligation No. 2 may be transferred, if and to the extent the Master Trustee requests that the restrictions of subsection (a) of this Section on transfers be terminated.

(c) Obligation No. 2 shall be registered on the register to be maintained by the Master Trustee as registrar for that purpose at the Corporate Trust Office of the Master Trustee and Obligation No. 2 shall be transferable only upon presentation of Obligation No. 2 at said Corporate Trust Office by the Holder or by the Holder's duly authorized attorney. Such transfer shall be without charge to the Holder thereof, but any taxes or other governmental charges required to be paid with respect to the same shall be paid by the Holder requesting such transfer as a condition precedent to the exercise of such privilege. Upon any such transfer, the Obligated Group Representative shall execute and the Master Trustee shall authenticate and deliver in exchange for Obligation No. 2 a new registered Obligation without coupons, registered in the name of the transferee.

(d) Prior to due presentment of Obligation No. 2 for registration of transfer, the Members, the Master Trustee, any paying agent and any registrar with respect to Obligation No. 2 may deem and treat the person in whose name Obligation No. 2 is registered as the absolute owner hereof for all purposes; and neither the Members, any paying agent, the Master Trustee nor any Obligation registrar shall be affected by any notice to the contrary. All payments made to the registered owner hereof shall be valid, and, to the extent of the sum or sums so paid, sufficient to satisfy and discharge the liability for moneys payable on Obligation No. 2.

Mutilation, Destruction, Loss and Theft of Obligation No. 2. If (a) Obligation No. 2 is surrendered to the Master Trustee in a mutilated condition, or the Obligated Group Representative and the Master Trustee receive evidence to their satisfaction of the destruction, loss or theft of Obligation No. 2, and (b) there is delivered to the Obligated Group Representative and the Master Trustee such security or indemnity as may be required by them to hold them harmless, then, in the absence of proof satisfactory to the Obligated Group Representative and the Master Trustee that Obligation No. 2 has been acquired by a bona fide purchaser and upon the Holder paying the reasonable expenses of the Obligated Group Representative and the Master Trustee, the Obligated Group Representative shall cause to be executed and the Master Trustee shall authenticate and deliver, in exchange for such mutilated Obligation No. 2 or in lieu of such destroyed, lost or stolen Obligation No. 2, a new Obligation No. 2 of like principal amount, date and tenor. If any such mutilated, destroyed, lost or stolen Obligation No. 2 has become or is about to become due and payable, Obligation No. 2 may be paid when due instead of delivering a new Obligation No. 2.

Execution and Authentication of Obligation No. 2. Obligation No. 2 shall be executed for and on behalf of the Obligated Group Representative by its Authorized Representative and attested by its secretary, an assistant secretary or another Authorized Representative. The signatures of either or both of such officers may be mechanically or photographically reproduced on Obligation No. 2. If any officer whose signature appears on Obligation No. 2 ceases to be such officer before delivery thereof, such signature shall remain valid and sufficient for all purposes as if such officer had remained in office until such delivery. Obligation No. 2 shall be manually authenticated by an authorized signatory of the Master Trustee, without which authentication Obligation No. 2 shall not be entitled to the benefits hereof.

Partial Prepayment of Obligation No. 2. Upon the selection and call for prepayment and the surrender of Obligation No. 2 for prepayment in part only, the Obligated Group Representative shall cause to be executed and the Master Trustee shall authenticate and deliver to, upon the written order of, the Holder thereof, at the expense of the Members, a new Obligation No. 2 in principal amount equal to the unredeemed portion of Obligation No. 2, which new Obligation No. 2 shall be a fully registered Obligation without coupons.

The Obligated Group Representative may agree with the Holder of Obligation No. 2 that such Holder may, in lieu of surrendering the Obligation for a new fully registered Obligation without coupons, endorse on the Obligation a notice of such partial prepayment, which notice shall set forth, over the signature of such Holder, the payment date, the principal amount redeemed and the principal amount remaining unpaid. Such partial prepayment shall be valid upon payment of the amount thereof to the registered owner of Obligation No. 2 and the

Members and the Master Trustee shall be fully released and discharged from all liability to the extent of such payment irrespective of whether such endorsement shall or shall not have been made upon the reverse of Obligation No. 2 by the Holder thereof and irrespective of any error or omission in such endorsement.

Effect of Prepayment. On the date cash or securities (as and to the extent permitted by the Series 2026 Bond Indenture), or both, are deposited with the Trustee (for a corresponding amount of Bonds with respect to the Bonds to be redeemed on the date fixed for redemption all as provided in the Series 2026 Bond Indenture), Obligation No. 2 shall be deemed paid (in an amount corresponding to the Bonds to be redeemed on the date fixed for redemption) and such corresponding amount of Obligation No. 2 shall be deemed not to be outstanding, as defined in the Master Indenture, and shall no longer be entitled to the benefits of the Master Indenture.

Form of Obligation No. 2. Obligation No. 2 shall be in substantially the form attached hereto as Exhibit A, with such necessary and appropriate omissions, insertions and variations as are permitted or required hereby or by the Master Indenture and are approved by those officers executing such Obligation on behalf of the Borrower and execution thereof by such officers shall constitute conclusive evidence of such approval.

Event of Default. The Borrower and the Master Trustee hereby covenant to exercise any and all remedies available under the School Loan Agreement upon an Event of Default provided that the Master Trustee shall only exercise remedies under the Mortgages described in clause (1) of the definition thereof, set forth in the Master Indenture for the benefit of Obligation No. 2.

Ratification of Master Indenture. As supplemented hereby, the Master Indenture is in all respects ratified and confirmed and the Master Indenture as so supplemented hereby shall be read, taken and construed as one and the same instrument.

Severability. If any provision of this Supplement No. 2 shall be held or deemed to be or shall, in fact, be inoperative or unenforceable as applied in any particular case and any jurisdiction or jurisdictions or in all jurisdictions, or in all cases, because it conflicts with any other provision or provisions hereof or any constitution, statute, rule or public policy, or for any other reason, such circumstances shall not have the effect of rendering the provision in question inoperative or unenforceable in any other case or circumstance, or of rendering any other provision or provisions herein contained invalid, inoperative or unenforceable to any extent whatever.

The invalidity of any one or more phrases, sentences, clauses, sections or subsections contained in this Supplement No. 2 shall not affect the remaining portions of this Supplement No. 2 or any part thereof.

Interpretation.

(a) Unless the context otherwise indicates, words expressed in the singular shall include the plural and vice versa and the use of the neuter, masculine, or feminine gender is

for convenience only and shall be deemed to mean and include the neuter, masculine or feminine gender, as appropriate.

(b) Headings of sections herein and the table of contents hereof are solely for convenience of reference, do not constitute a part hereof and shall not affect the meaning, construction or effect hereof.

Miscellaneous.

(a) No covenant or agreement contained in Obligation No. 2 or the Master Indenture shall be deemed to be a covenant or agreement of any officer, agent or employee of any Member or of the Master Trustee in an individual capacity, and no incorporator, member, officer or member of the governing board of any Member shall be liable personally on Obligation No. 2 or be subject to any personal liability or accountability by reason of the issuance of Obligation No. 2.

(b) The Master Trustee hereby acknowledges and agrees that the School Loan Agreement provides for payment directly to the Bond Trustee for deposit in the Gross Revenue Fund established in Section 3.14 of the Master Indenture, if required, and that only upon transfer of such funds by the Master Trustee to the Series 2026 Bond Trustee for deposit in the Revenue Fund established in the Series 2026 Bond Indenture shall such deposits constitute credits for purposes of Section 4 hereof.

(c) The Master Trustee hereby further acknowledges that the Members may approve amendments to the School Loan Agreement subject to the limitations of Section 3.06 of the Master Indenture.

(d) The Borrower shall file with the Master Trustee, no later than July 1 of each year, commencing July 1, 2031, a Certificate stating that the Borrower has complied with Section 3.03 of the Master Indenture. The Master Trustee is entitled to rely on such Certificate as to the Borrower's compliance with said Section 3.03, and the Master Trustee shall have no further duty to confirm the accuracy thereof.

(e) MPM Santa Ana LLC shall not be required to execute a Mortgage relating to the Facility to secure its respective obligations under the Master Indenture.

Counterparts. This Supplement No. 2 may be executed in several counterparts, each of which shall be an original and all of which shall constitute one instrument.

Transaction by Electronic Means. Each of the parties hereto agrees that the transaction consisting of this agreement may be conducted by electronic means. Each party agrees, and acknowledges that it is such party's intent, that if such party signs this agreement using an electronic signature, it is signing, adopting, and accepting this agreement and that signing this agreement using an electronic signature is the legal equivalent of having placed its handwritten signature on this agreement on paper. Each party acknowledges that it is being provided with an electronic or paper copy of this agreement in a usable format.

Governing Law. This Supplement No. 2 shall be construed in accordance with and governed by the laws of the State of California.

IN WITNESS WHEREOF, the Borrower, as Obligated Group Representative, has caused these presents to be signed in its name and on its behalf by an Authorized Representative and, to evidence its acceptance of the trusts hereby created, the Master Trustee has caused these presents to be signed in its name and on its behalf by a Responsible Officer, all as of the day and year first above written.

EXHIBIT A

FORM OF OBLIGATION NO. 2

MAGNOLIA PROPERTIES MANAGEMENT, INC.,
as Obligated Group Representative

Obligation No. 2

$[Aggregate Par]

KNOW ALL BY THESE PRESENTS that MAGNOLIA PROPERTIES MANAGEMENT, INC. (the "Borrower"), a nonprofit corporation organized and existing under the laws of the State of California, as Obligated Group Representative under the Master Indenture (as defined below), for value received hereby acknowledges itself and each Member of the Obligated Group (as such terms are defined in the Master Indenture) obligated to, and promises to pay to UMB Bank, National Association, as trustee (the "Series 2026 Bond Trustee") under the Series 2026 Bond Indenture dated as of [March] 1, 2026 (the "Series 2026 Bond Indenture"), between the Series 2026 Bond Trustee and the California School Finance Authority (the "Authority"), and any successor trustee under the Series 2026 Bond Indenture, or registered assigns, the principal sum of [_____] dollars ($[Aggregate Par]), and to pay interest on the unpaid balance of said sum from the date hereof on the dates and in the manner hereinafter described.

This Obligation No. 2 is a single Obligation limited to [_____] dollars ($[Aggregate Par]) in principal amount (except as provided in the Master Indenture), designated as "Magnolia Public Schools Obligation No. 2" ("Obligation No. 2" and, together with all other obligations issued under the Master Indenture hereinafter identified, "Obligations"), issued under and pursuant to the Supplemental Master Indenture for Obligation No. 2, dated as of [March] 1, 2026 (the "Supplemental Indenture"), supplementing the Master Indenture of Trust, dated as of [March] 1, 2026 and as may be further restated, supplemented or amended, between the Borrower, the Initial Members (as defined therein) and UMB Bank, National Association, as trustee (the "Master Trustee"). The Master Indenture of Trust, as supplemented and amended in accordance with its terms, is hereinafter called the "Master Indenture."

Principal hereof, interest hereon and any applicable redemption premium, are payable in any coin or currency of the United States of America which on the payment date is legal tender for the payment of public and private debts semiannually on [June] 25th and [December] 25th in an amount equal to the amount necessary for the Series 2026 Bond Trustee to make the transfers and deposits required pursuant to Section 5.02 of the Series 2026 Bond Indenture.

The Members shall receive credit for payment on Obligation No. 2, in addition to any credits resulting from payment or prepayment from other sources, as follows: (i) on

Powered by BoardOnTrack

installments of interest of Obligation No. 2 in an amount equal to moneys deposited in the Interest Account created under the Series 2026 Bond Indenture which amounts are available to pay interest on the Bonds and to the extent such amounts have not previously been credited against payments on Obligation No. 2; (ii) on installments of principal of Obligation No. 2 in an amount equal to moneys deposited in the Principal Account created under the Series 2026 Bond Indenture which amounts are available to pay principal on the Bonds and to the extent such amounts have not previously been credited against payments on Obligation No. 2; (iii) on installments of principal and interest, respectively, on Obligation No. 2 in an amount equal to the principal amount of Bonds for the redemption or payment of which sufficient amounts (as determined by Section 10.03 of the Series 2026 Bond Indenture) in cash or securities are on deposit as provided in Section 10.03 of the Series 2026 Bond Indenture, to the extent such amounts have not previously been credited against such payments on Obligation No. 2, and the interest on such Bonds from and after the date fixed for payment at maturity or redemption thereof. Such credits shall be made against the installments of principal and interest on Obligation No. 2 which would have been used, but for such call for payment or redemption, to pay principal of and interest on such Bonds when due; (iv) on installments of principal and interest, respectively, on Obligation No. 2 in an amount equal to the principal amount of Bonds acquired by any Member and surrendered to the Series 2026 Bond Trustee for cancellation or purchased by the Series 2026 Bond Trustee and canceled, and the interest on such Bonds from and after the date interest thereon has been paid prior to cancellation. Such credits shall be made against the installments of principal of and interest on Obligation No. 2 which would have been used, but for such cancellation, to pay principal of and interest on such Bonds when due; and (v) on amounts deposited with the Series 2026 Bond Trustee to satisfy any other payment obligations under the Series 2026 Loan Agreement.

The Borrower, as Obligated Group Representative, further acknowledges itself and the other Members obligated to, and promises to pay to the Authority, all amounts required to be paid by the Borrower to the Series 2026 Bond Trustee for deposit in the Bond Reserve Account established under the Series 2026 Bond Indenture. The Members shall receive credit for payment pursuant to this paragraph in an amount equal to moneys deposited with the Series 2026 Bond Trustee pursuant to the Series 2026 Bond Indenture.

Upon payment by the Members of a sum, in cash or securities (as specified in Article X of the Series 2026 Bond Indenture), or both, sufficient, together with any other cash and securities permitted by the Series 2026 Bond Indenture to be held by the Trustee and available for such purpose, to cause all outstanding Bonds to be deemed to have been paid within the meaning of Article X of the Series 2026 Bond Indenture and to pay all other amounts referred to in Article X of the Series 2026 Bond Indenture, accrued and to be accrued to the date of discharge of the Series 2026 Bond Indenture, Obligation No. 2 shall be deemed to have been paid and to be no longer outstanding under the Master Indenture.

Copies of the Master Indenture and the Supplemental Indenture are on file at the corporate trust office of the Master Trustee, in St. Louis, Missouri and reference is hereby made to the Master Indenture for the provisions, among others, with respect to the nature and extent of the rights of the holders of Obligations issued under the Master Indenture, the terms and conditions on which, and the purposes for which Obligations are to be issued and the rights,

duties and obligations of the Members and the Master Trustee under the Master Indenture, to all of which the holder hereof, by acceptance of this Obligation No. 2, assents.

The Master Indenture permits the issuance of additional Obligations under the Master Indenture to be secured by the provisions of the Master Indenture, all of which, regardless of the times of issue or maturity, are to be of equal rank without preference, priority or distinction of any Obligations issued under the Master Indenture over any other such Obligations except as expressly provided or permitted in the Master Indenture.

To the extent permitted by and as provided in the Master Indenture, modifications or changes to the Master Indenture, of any indenture supplemental thereto, and of the rights and obligations of the Members and of the holders of Obligations in any particular may be made by the execution and delivery of an indenture or indentures supplemental to the Master Indenture or any supplemental indenture. Certain modifications or changes that would affect the rights of the holder of this Obligation No. 2 may be made only with the consent of the holders of not less than a majority in aggregate principal amount of Obligations then outstanding under the Master Indenture. No modification or change shall be made which will (i) extend the stated maturity of or time for paying interest on any Obligation or reduce the principal amount of or the redemption premium or rate of interest payable on any Obligation without the consent of the holder of such Obligation; (ii) modify, alter, amend, add to or rescind any of the terms or provisions contained in Article IV of the Master Indenture in any manner which would materially and adversely affect the interests of holders of any Obligations in default as to payment to compel the Master Trustee to declare the principal of all Obligations to be due and payable, without the consent of the holders of all Obligations then outstanding; or (iii) reduce the aggregate principal amount of Obligations then outstanding the consent of the holders of which is required to authorize such modifications or changes without the consent of the holders of all Obligations then outstanding. Any such consent by the holder of this Obligation No. 2 shall be conclusive and binding upon such holder and all future holders and owners hereof irrespective of whether or not any notation of such consent is made upon this Obligation No. 2, unless such consent is revoked as provided in the Master Indenture.

Upon the occurrence of certain "Events of Default" (as defined in the Master Indenture), the principal of all Obligations then outstanding may be declared, and thereupon shall become, due and payable as provided in the Master Indenture.

The Holder of this Obligation No. 2 shall have no right to enforce the provisions of the Master Indenture, or to institute any action to enforce the covenants therein, or to take any action with respect to any default under the Master Indenture, or to institute, appear in or defend any suit or other proceeding with respect to any default under the Master Indenture, or to institute, appear in or defend any suit or other proceeding with respect thereto, except as provided in the Master Indenture.

Obligation No. 2 is issuable only as a registered Obligation without coupons.

Unless the principal of all Obligations then outstanding has been declared immediately due and payable, no transfer of this Obligation No. 2 shall be permitted except for transfers to a successor trustee under the Series 2026 Bond Indenture. This Obligation No. 2

shall be registered on the register to be maintained by the Master Trustee as registrar for the Members for that purpose at the principal corporate trust office of the Master Trustee and this Obligation No. 2 shall be transferable only upon presentation of this Obligation No. 2 at said office by the Holder or by the Holder's duly authorized attorney and subject to the limitations, if any, set forth in the Supplemental Indenture. Such transfer shall be without charge to the Holder hereof, but any taxes or other governmental charges required to be paid with respect to the same shall be paid by the holder requesting such transfer as a condition precedent to the exercise of such privilege. Upon any such transfer, the Borrower, as Obligated Group Representative, shall execute and the Master Trustee shall authenticate and deliver in exchange for this Obligation No. 2 a new registered Obligation without coupons, registered in the name of the transferee.

Prior to due presentment hereof for registration of transfer, the Members, the Master Trustee, any paying agent and any registrar with respect to this Obligation No. 2 may deem and treat the Person in whose name this Obligation No. 2 is registered as the absolute owner hereof for all purposes; and neither the Members, any paying agent, the Master Trustee nor any Obligation registrar shall be affected by any notice to the contrary. All payments made to the registered owner hereof shall be valid, and, to the extent of the sum or sums so paid, effectual to satisfy and discharge the liability for moneys payable on this Obligation No. 2.

No covenant or agreement contained in this Obligation No. 2 or the Master Indenture shall be deemed to be a covenant or agreement of any officer, agent or employee of any Member or of the Master Trustee in his individual capacity, and no incorporator, member, officer or member of the Governing Body of any Member shall be liable personally on this Obligation No. 2 or be subject to any personal liability or accountability by reason of the issuance of this Obligation No. 2.

This Obligation No. 2 shall not be entitled to any benefit under the Master Indenture, or be valid or become obligatory for any purpose, until this Obligation No. 2 shall have been manually authenticated by the execution by an authorized officer of the Master Trustee, or its successor as Master Trustee, of the Certificate of Authentication inscribed hereon.

IN WITNESS WHEREOF, the Borrower, as Obligated Group Representative, has caused this Obligation No. 2 to be executed in its name and on its behalf by the signature of an Authorized Representative on [Closing Date].

EXHIBIT C FORM OF REQUISITION FROM THE PROJECT FUND C-1

EXHIBIT D FORM OF REQUISITION FROM THE REPAIR AND REPLACEMENT FUND D-1

THIS INDENTURE, made and entered into as of [March] 1, 2026, by and between the **CALIFORNIA SCHOOL FINANCE AUTHORITY**, a public instrumentality of the State of California (as hereinafter in Section 1.01 further defined, the "Authority"), and **UMB BANK, NATIONAL ASSOCIATION**, a national banking association, being qualified to accept and administer the trusts hereby created (as hereinafter in Section 1.01 further defined, the "Bond Trustee").

W I T N E S S E T H:

WHEREAS, the Authority is a public instrumentality of the State of California, created by the California School Finance Authority Act (constituting Chapter 18 (commencing with Section 17170) of Part 10 of Division 1 of Title 1 of the Education Code of the State of California) (as hereinafter in Section 1.01 further defined, the "Act") and is authorized to issue bonds and loan the proceeds thereof for purposes of financing the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and equipping of educational facilities (as defined in the Act) to a participating party (as defined in the Act), including an entity that undertakes the financing or refinancing of a project (as defined in the Act) pursuant to the Act in conjunction with schools ("charter schools") established pursuant to the Charter Schools Act of 1992, as amended (constituting Part 26.8 of Division 4 of Title 2 of the Education Code) (the "Charter School Law");

WHEREAS, Magnolia Properties Management, Inc. (the "Borrower"), a California nonprofit public benefit corporation and an entity described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (the "Code"), has applied for a loan of proceeds of revenue bonds of the Authority to finance and refinance the Project (as defined herein) at the Facility (as defined herein);

WHEREAS, the Project consists of the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and/or equipping of the charter school educational facility to be located at 7111 Winnetka Avenue, Winnetka, CA 91305 (the "Facility") for use and occupancy by Magnolia Science Academy 5 (the "School");

WHEREAS, the Borrower will enter into a loan agreement, dated as of March 1, 2026 (the "School Loan Agreement") with Magnolia Educational and Research Foundation, a California nonprofit public benefit corporation ("MERF"), to finance the Project;

WHEREAS, during the term of the School Loan Agreement, the Facility will be used, occupied and operated in conjunction with the School;

WHEREAS, the Authority has entered into a loan agreement with the Borrower (the "Loan Agreement"), of even date herewith, specifying the terms and conditions of a loan by the Authority to the Borrower to finance and/or refinance the Project;

WHEREAS, the Authority has authorized the issuance of its California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026A and its California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026B (Taxable) (collectively, the "Bonds") in the aggregate principal amounts specified in Section 2.01 of this Indenture to fund

the loan to the Borrower under the Loan Agreement to (i) finance and/or refinance the Project, (ii) pay certain expenses incurred in connection with the issuance of the Bonds, [and (iii) fund a debt service reserve fund with respect to the Bonds];

WHEREAS, in order to provide for the authentication and delivery of the Bonds, to establish and declare the terms and conditions upon which the Bonds are to be issued and secured and to secure the payment of the principal thereof, redemption price, if any, and the interest thereon, the Authority has authorized the execution and delivery of this Indenture;

WHEREAS, the Bonds, the certificate of authentication and registration to be executed thereon and the form of assignment to appear thereon are to be in substantially the form set forth in Exhibit A hereto and made a part hereof with necessary or appropriate variations, omissions and insertions, as permitted or required by this Indenture; and

WHEREAS, the Authority has determined that all acts and proceedings required by law necessary to make the Bonds, when executed by the Authority, authenticated and delivered by the Bond Trustee and duly issued, the valid, binding, and legal limited obligations of the Authority, and to constitute this Indenture a valid and binding agreement for the uses and purposes herein set forth in accordance with its terms, have been done and taken, and the execution and delivery of this Indenture have been in all respects duly authorized;

NOW, THEREFORE, THIS INDENTURE WITNESSETH, that in order further to secure the payment of the principal of, redemption price, if any, and interest on, all Bonds at any time issued and Outstanding under this Indenture, according to their tenor, and to secure the performance and observance of all the covenants and conditions therein and herein set forth, and to declare the terms and conditions upon and subject to which the Bonds are to be issued and received, and in consideration of the premises and of the mutual covenants herein contained and of the purchase and acceptance of the Bonds by the Holders thereof, and for other valuable consideration, the receipt whereof is hereby acknowledged, the Authority does hereby covenant and agree with the Bond Trustee, for the equal and proportionate benefit of the Holders from time to time of the Bonds, as follows:

ARTICLE I

DEFINITIONS

Definitions. Unless the context otherwise requires, the terms defined in this Section 1.01 shall, for all purposes of this Indenture and of any indenture supplemental hereto, have the meanings herein specified, to be equally applicable to both the singular and plural forms of any of the terms herein defined.

*"**Accredited Investor**"* means an accredited investor as defined in Regulation D of the Securities Act of 1933.

*"**Act**"* means the California School Finance Authority Act, constituting Chapter 18 (commencing with Section 17170) of Part 10 of Division 1 of Title 1 of the Education Code of the State, as now in effect and as it may from time to time hereafter be amended or supplemented.

*"**Additional Payments**"* shall have the meaning given such term in Section 3.02(d) of the Loan Agreement.

*"**Administrative Fees and Expenses**"* means any application, commitment, financing or similar fee charged, or reimbursement for administrative or other expenses incurred, by the Authority or the Bond Trustee in connection with the Bonds, including Additional Payments.

*"**Authority**"* means the California School Finance Authority, a public instrumentality of the State established by the Act.

*"**Authorized Borrower Representative**"* means the Chief Financial Officer of the Borrower, President of the Borrower, or such other person as may be designated by any of such officials to sign for the Borrower, by written certificate furnished to the Authority and the Bond Trustee, as a person authorized to act on behalf of the Borrower. Such certificate shall contain the specimen signature of such person, shall be signed on behalf of the Borrower by any officer of the Borrower and may designate an alternate or alternates.

*"**Authorized Denominations**"* means $25,000 and any integral multiple of $5,000 in excess thereof, subject to Section 2.03 hereof.

*"**Authorized Signatory**"* means any member of the Authority and any other person as may be designated and authorized to sign on behalf of the Authority pursuant to a resolution adopted thereby.

Every certificate (other than the certificate provided for in Section 11.05 hereof) or opinion with respect to compliance with a condition or covenant provided for in this Indenture shall include (a) a statement that the person or persons making or giving such certificate or opinion have read such condition or covenant and the definitions herein relating thereto; (b) a brief statement as to the nature and scope of the examination or investigation upon which the statements or opinions contained in such certificate or opinion are based; (c) a statement that, in the opinion of the signers, they have made or caused to be made such examination or investigation as is necessary to enable them to express an informed opinion as to whether or not such condition or covenant has been complied with; and (d) a statement as to whether, in the opinion of the signers, such condition or covenant has been complied with.

Any such certificate or opinion made or given by a member or officer of the Authority may be based, insofar as it relates to legal matters, upon a certificate or opinion of or representations by counsel, unless such officer knows that the certificate or opinion or representations with respect to the matters upon which his or her certificate or opinion may be based as aforesaid are erroneous, or in the exercise of reasonable care should have known that the same were erroneous. Any such certificate or opinion made or given by counsel may be based, insofar as it relates to factual matters (with respect to which information is in the possession of the Authority) upon the certificate or opinion of or representations by a member or officer of the Authority, unless such counsel knows that the certificate or opinion or representations with respect to the matters upon which his or her opinion may be based as aforesaid are erroneous or in the exercise of reasonable care should have known that the same were erroneous.

Any written representation of the Authority or determination of the Bond Trustee given in accordance with Section 6.06 (regarding the amendment of the Loan Agreement) or Article IX (regarding amendment of the Indenture) may, at the option of such party, be based solely on the written representation of a financial consultant or advisor selected by such party and not objected to by the other such party.

Article and Section Headings and References. The headings or titles of the several Articles and Sections hereof, and any table of contents appended to copies hereof, shall be solely for convenience of reference and shall not affect the meaning, construction or effect of this Indenture.

All references herein to "Articles," "Sections" and other subdivisions are to the corresponding Articles, Sections or subdivisions of this Indenture; the words "herein," "hereof,"

"hereby," "hereunder" and other words of similar import refer to this Indenture as a whole and not to any particular Article, Section or subdivision hereof; and words of the masculine gender shall mean and include words of the feminine and neuter genders.

Construction. The parties hereto acknowledge that each such party and its respective counsel have participated in the drafting and revision of this Indenture. Accordingly, the parties agree that any rule of construction which disfavors the drafting party shall not apply in the interpretation of this Indenture or any amendment or supplement or exhibit hereto.

ARTICLE II

THE BONDS

Authorization of Bonds. There shall be issued under and secured by this Indenture an issue of bonds of the Authority constituting the Tax-Exempt Bonds. The Tax-Exempt Bonds are hereby authorized to be issued hereunder and designated generally as the "California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group) Series 2026A." The aggregate principal amount of the Tax-Exempt Bonds that may be issued under this Indenture shall not exceed [_____] dollars ($[Series 2026A Par]), exclusive of temporary Tax-Exempt Bonds executed and authenticated as provided in Section 2.08 hereof.

(a) There shall be issued under and secured by this Indenture an issue of bonds of the Authority constituting the Taxable Bonds. The Taxable Bonds are hereby authorized to be issued hereunder and designated generally as the "California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group) Series 2026B (Taxable)." The aggregate principal amount of the Taxable Bonds that may be issued under this Indenture shall not exceed [_____] dollars ($[Series 2026B Par]), exclusive of temporary Taxable Bonds executed and authenticated as provided in Section 2.08 hereof.

(b) This Indenture constitutes a continuing agreement with the Bond Trustee and the Holders of all of the Bonds Outstanding, subject to the covenants, agreements, provisions and conditions herein contained.

Terms of Bonds.

(a) *Terms of the Tax-Exempt Bonds*.

(i) The Tax-Exempt Bonds shall be issued as registered bonds in Authorized Denominations. The Tax-Exempt Bonds shall be dated their date of issuance. Each Beneficial Owner of the Tax-Exempt Bonds shall be an Accredited Investor or a Qualified Institutional Buyer. Interest on the Bonds shall be calculated on the basis of a 360-day year of twelve 30-day months and shall be payable in arrears on each Interest Payment Date.

(ii) The Tax-Exempt Bonds shall mature on July 1 in each of the years and in the principal amounts and shall bear interest at the rates as follows:

Maturity (July 1)	Principal Amount	Interest Rate
	$	%

* Term Bond

(b) *Terms of the Taxable Bonds*.

(i) The Taxable Bonds shall be issued as registered bonds in Authorized Denominations. The Taxable Bonds shall be dated their date of issuance. Each Beneficial Owner of the Taxable Bonds shall be an Accredited Investor or a Qualified Institutional Buyer. Interest on the Bonds shall be calculated on the basis of a 360-day year of twelve 30-day months and shall be payable in arrears on each Interest Payment Date.

(ii) The Taxable Bonds shall mature on July 1 in the year and in the principal amount and shall bear interest at the rate as follows:

Maturity (July 1)	Principal Amount	Interest Rate
	$	%

(c) *General Terms of the Bonds*.

(i) The Bonds, when issued, will be registered in the name of Cede & Co., as nominee of the Depository, and shall be evidenced by one Bond for each maturity of a series in the total aggregate principal amount of the Bonds of such maturity. Registered ownership of the Bonds, or any portion thereof, may not thereafter be transferred except as set forth in Section 2.10 hereof. So long as Cede & Co. is the registered owner of the Bonds, as nominee of the Depository, references herein to the Bondholders, holders or registered owners shall mean Cede & Co. as aforesaid and shall not mean the "beneficial owners" of the Bonds.

The principal and redemption price of and interest on the Bonds shall be payable in lawful money of the United States of America upon surrender at the Principal Corporate Trust Office. The interest on any Bond shall be payable to the person whose name appears on the registration books of the Bond Trustee as the registered owner thereof as of the close of business on the Record Date for the Interest Payment Date, such interest to be paid by check mailed by first class mail, postage prepaid, on the Interest Payment Date, to the registered owner at his or her address as it appears on such registration books. Notwithstanding the foregoing, however, any Holder of $1,000,000 or more in an aggregate principal amount of the Bonds shall be entitled to receive payments of interest on the Bonds held by it by wire transfer of immediately available funds to such bank or trust company located within the United States of America as such Holder shall designate in writing to the Bond Trustee by the applicable Record Date for such payment. So long as Cede & Co. is the registered owner of the Bonds, principal of and

interest on the Bonds are payable in same day funds by the Bond Trustee to Cede & Co., as nominee for the Depository.

(ii) Any such interest not so punctually paid or duly provided for shall forthwith cease to be payable to the Bondholder on such Record Date and shall be paid to the person in whose name the Bond is registered at the close of business on a Special Record Date for the payment of such defaulted interest. The Special Record Date shall be fixed by the Bond Trustee, notice thereof being given to the Bondholders not less than 10 days prior to such Special Record Date.

Restrictions on Registration and Transfer of the Bonds. Notwithstanding any other provision hereof, the Bonds may not be registered in the name of, or transferred to, and the Beneficial Owner cannot be, any person except an Accredited Investor or a Qualified Institutional Buyer; provided however, pursuant to Section 2.10, Bonds registered in the name of the Depository or its nominee shall be deemed to comply with this Section so long as each beneficial owner of the Bonds is an Accredited Investor or a Qualified Institutional Buyer. [Each initial Beneficial Owner shall provide to the Authority and the Bond Trustee an executed Investor Letter, substantially in the form attached hereto as Exhibit B.]

(a) The foregoing limitation shall cease to apply (without notice to or consent of any Bondholder) upon and after receipt by the Bond Trustee from the Borrower of a rating letter by Fitch, S&P or Moody's indicating that the Bonds are rated "A-" or "A3," as applicable, or better. The Bond Trustee shall as soon as practicable, but in no event more than ten calendar days after receipt by the Bond Trustee of such information, notify each Bondholder that (i) the restrictions set forth in this Indenture requiring that the Beneficial Owners of the Bonds be Qualified Institutional Buyers or Accredited Investors shall be of no further force or effect and (ii) the Authorized Denominations shall be $5,000 and any multiple in excess thereof.

(b) In the event the limitation set forth in clause (a) ceases to apply, the Bond Trustee shall provide, or to cause to be provided, to the Municipal Securities Rulemaking Board through its Electronic Municipal Market Access system (or such other electronic system designated by the Municipal Securities Rulemaking Board) and Bloomberg Municipal Repository in a timely manner not in excess of ten business days after the occurrence of such event a notice regarding such event.

Execution of Bonds. The Bonds shall be signed in the name and on behalf of the Authority with the manual or facsimile signature of its Chairperson. The Bonds shall then be delivered to the Bond Trustee for registration and authentication by it. In case any of the officers who shall have signed any of the Bonds shall cease to be such officer or officers before the Bonds so signed shall have been authenticated or delivered by the Bond Trustee or issued by the Authority, such Bonds may nevertheless be authenticated, delivered and issued and, upon such authentication, delivery and issue, shall be as binding upon the Authority as though those who signed and attested the same had continued to be such officers of the Authority. Also, any Bond may be signed on behalf of the Authority by such persons as on the actual date of the execution of such Bond shall be the proper officers although on the nominal date of such Bond any such person shall not have been such officer. Only such of the Bonds as shall bear thereon a certificate of authentication and registration in substantially the form set forth in Exhibit A

hereto, manually executed by the Bond Trustee, shall be valid or obligatory for any purpose or entitled to the benefits of this Indenture, and such certificate of the Bond Trustee shall be conclusive evidence that the Bonds so authenticated have been duly authenticated and delivered hereunder and are entitled to the benefits of this Indenture.

Transfer of Bonds. The registration of any Bond may, in accordance with its terms, be transferred, upon the books required to be kept pursuant to the provisions of Section 2.07 of this Indenture, by the person in whose name it is registered, in person or by his or her duly authorized attorney, upon surrender of such Bond for cancellation, accompanied by delivery of a written instrument of transfer in a form acceptable to the Bond Trustee, duly executed. The Bond Trustee shall require the payment by the Holder requesting such transfer of any tax or other governmental charge required to be paid with respect to such transfer, and there shall be no other charge to any Holder for any such transfer. The Bond Trustee shall not be required to register the transfer of any Bond which has been selected for redemption in whole or in part, from and after the day of mailing of a notice of redemption of such Bond selected for redemption in whole or in part as provided in Section 4.01 hereof or Section 4.02 hereof or during the period established by the Bond Trustee for selection of Bonds for redemption.

Exchange of Bonds. Bonds may be exchanged at the Principal Corporate Trust Office of the Bond Trustee for a like series and aggregate principal amount of the Bonds of the same maturity of other authorized denominations. The Bond Trustee shall require the payment by the Holder requesting such exchange of any tax or other governmental charge required to be paid with respect to such exchange, and there shall be no other charge to any Holder for any such exchange. No exchange of Bonds shall be required to be made during the period established by the Bond Trustee for selection of Bonds for redemption and after a Bond has been selected for redemption.

Bond Register. The Bond Trustee shall keep or cause to be kept, at its Principal Corporate Trust Office, sufficient books for the registration of transfer of the Bonds, which shall at all reasonable times during normal business hours upon reasonable notice be open to inspection by the Authority; and, upon presentation for such purpose, the Bond Trustee shall, under such reasonable regulations as it may prescribe, register the transfer or cause to be registered the transfer, on said books, of Bonds as hereinbefore provided.

Temporary Bonds. The Bonds may be initially issued in temporary form exchangeable for definitive Bonds when ready for delivery. The temporary Bonds may be printed, lithographed or typewritten, shall be of such denomination as may be determined by the Authority, shall be in registered form and may contain such reference to any of the provisions of this Indenture as may be appropriate. Every temporary Bond shall be executed by the Authority and authenticated by the Bond Trustee upon the same conditions and in substantially the same manner as the definitive Bonds. If the Authority issues temporary Bonds, it will execute and furnish definitive Bonds without delay, and thereupon the temporary Bonds may be surrendered, for cancellation, in exchange therefor at the Principal Corporate Trust Office of the Bond Trustee, and the Bond Trustee shall authenticate and deliver in exchange for such temporary Bonds an equal aggregate principal amount of definitive Bonds of authorized denominations, of the same maturity or maturities. Until so exchanged, the temporary Bonds shall be entitled to the same benefits under this Indenture as definitive Bonds authenticated and delivered hereunder.

Bonds Mutilated, Lost, Destroyed or Stolen. If any Bond shall become mutilated, the Authority, at the expense of the Holder of said Bond, shall execute, and the Bond Trustee shall thereupon authenticate and deliver, a new Bond of like tenor in exchange and substitution for the Bond so mutilated, but only upon surrender to the Bond Trustee of the Bond so mutilated. Every mutilated Bond so surrendered to the Bond Trustee shall be canceled by it and delivered to, or upon the order of, the Authority. If any Bond issued hereunder shall be lost, destroyed or stolen, evidence of such loss, destruction or theft may be submitted to the Bond Trustee and, if such evidence be satisfactory to it and indemnity satisfactory to it shall be given, the Authority, at the expense of the Holder, shall execute, and the Bond Trustee shall thereupon authenticate and deliver, a new Bond of like tenor in lieu of and in substitution for the Bond so lost, destroyed or stolen. If any Bond mutilated, lost, destroyed or stolen shall have matured, instead of issuing a substitute Bond the Bond Trustee may pay the same without surrender upon receipt of indemnity satisfactory to the Bond Trustee. The Authority may require payment from the Holder of a sum not exceeding the actual cost of preparing each new Bond issued under this Section and of the expenses which may be incurred by the Authority and the Bond Trustee. Any Bond issued under the provisions of this Section in lieu of any Bond alleged to be lost, destroyed or stolen shall constitute an original additional contractual obligation on the part of the Authority whether or not the Bond so alleged to be lost, destroyed or stolen be at any time enforceable by anyone, and shall be entitled to the benefits of this Indenture with all other Bonds secured by this Indenture.

Use of Depository. Notwithstanding any provision of this Indenture to the contrary:

(a) The Bonds initially shall be registered as provided in Section 2.02 hereof. Registered ownership of the Bonds, or any portion thereof, may not thereafter be transferred except:

(i) To any successor of the Depository or its nominee, or to any Substitute Depository designated pursuant to clause (ii) of this subsection (a) ("Substitute Depository"); provided that any successor of the Depository or Substitute Depository shall be qualified under any applicable laws to provide the service proposed to be provided by it;

(ii) To any Substitute Depository designated by the Authority (at the direction of the Borrower) and not objected to by the Bond Trustee, upon (1) the resignation of the Depository or its successor (or any Substitute Depository or its successor) from its functions as depository or (2) a determination by the Authority (at the direction of the Borrower) that the Depository or its successor (or any Substitute Depository or its successor) is no longer able to carry out its functions as depository; provided that any such Substitute Depository shall be qualified under any applicable laws to provide the services proposed to be provided by it; or

(iii) To any person as provided below, upon (1) the resignation of the Depository or its successor (or Substitute Depository or its successor) from its functions as depository; provided that no Substitute Depository which is not objected to by the Bond Trustee can be obtained or (2) a determination by the Authority (with the concurrence of the Borrower) that it is in the best interests of the Authority to remove the Depository or its successor (or any Substitute Depository or its successor) from its functions as depository.

(b) In the case of any transfer pursuant to clause (i) or clause (ii) of subsection (a) hereof, upon receipt of the Outstanding Bonds by the Bond Trustee, together with a Request of the Authority to the Bond Trustee, a single new Bond for each maturity shall be executed and delivered in the aggregate principal amount of the Bonds of such maturity then Outstanding, registered in the name of such successor or such Substitute Depository, or their nominees, as the case may be, all as specified in such Request of the Authority. In the case of any transfer pursuant to clause (iii) of subsection (a) hereof, upon receipt of the Outstanding Bonds by the Bond Trustee, new Bonds shall be executed and delivered in such denominations numbered in consecutive order from R-1 up and registered in the names of such persons as are requested in such a Request of the Authority, subject to the limitations of Section 2.02 hereof, provided the Bond Trustee shall not be required to deliver such new Bonds within a period less than sixty (60) days from the date of receipt of such a Request of the Authority.

(c) In the case of an advance refunding of the Bonds, if any, evidencing all or a portion of the principal amount then Outstanding, the Depository shall make an appropriate notation on the Bonds indicating the date and amounts of such reduction in principal.

(d) The Authority and the Bond Trustee shall be entitled to treat the person in whose name any Bond is registered as the Bondholder thereof for all purposes of the Indenture and any applicable laws, notwithstanding any notice to the contrary received by the Bond Trustee or the Authority; and the Authority and the Bond Trustee shall have no responsibility for transmitting payments to, communication with, notifying, or otherwise dealing with any beneficial owners of the Bonds. Neither the Authority nor the Bond Trustee shall have any responsibility or obligations, legal or otherwise, to the beneficial owners or to any other party including the Depository or its successor (or Substitute Depository or its successor), except for the Holder of any Bond.

(e) So long as the outstanding Bonds are registered in the name of Cede & Co. or its registered assigns, the Authority and the Bond Trustee shall cooperate with Cede & Co., as sole registered Bondholder, and its registered assigns in effecting payment of the principal of and interest on the Bonds by arranging for payment in such manner that funds for such payments are properly identified and are made immediately available on the date they are due.

Validity of Bonds. The validity of the authorization and issuance of the Bonds is not dependent on and shall not be affected in any way by any proceedings taken by the Authority or the Bond Trustee with respect to or in connection with the Loan Agreement. The recital contained in the Bonds that the same are issued pursuant to the Act and the Constitution and laws of the State shall be conclusive evidence of their validity and of compliance with the provisions of law in their issuance.

ARTICLE III

ISSUANCE OF BONDS; ESTABLISHMENT OF CERTAIN FUNDS AND APPLICATION OF PROCEEDS

Authentication and Delivery of Bonds. At any time after the execution of this Indenture, the Authority may execute the Bonds, and the Bond Trustee, upon the Order of the Authority, shall authenticate and deliver the Bonds in accordance with Article II of this Indenture, in each case exclusive of the Bonds executed and authenticated as provided in Section 2.08 hereof.

Application of Proceeds of Bonds and Certain Other Moneys. The Bond Trustee hereby agrees to establish and maintain hereunder, in trust, the funds described in Article V herein.

(a) [The Underwriter shall directly wire an amount of $[_____] (consisting of Project costs in the amount of $[_____] and title costs and fees in the amount of $[_____]) to the Title Company.]

(b) The Bond Trustee shall accept a portion of the proceeds received from the sale of the Tax-Exempt Bonds in the amount of $[_____], consisting of purchase price of the Tax-Exempt Bonds in the amount of $[Series 2026A Purchase Price] (consisting of the par amount of the Tax-Exempt Bonds of $[Series 2026A Par], less [net] original issuance [premium/discount] of $[Series 2026A Discount], less an Underwriter's discount of $[Series 2026A UW Discount]), [and less the amount wired pursuant to Section 3.02(b) above.

(c) The Bond Trustee shall accept a portion of the proceeds received from the sale of the Taxable Bonds in the amount of $[Series 2026B Purchase Price] (consisting of the par amount of the Taxable Bonds of $[Series 2026B Par], less an Underwriter's discount of $[Series 2026B UW Discount]).

(d) [The Bond Trustee shall accept the amount of $[Grant-Funded Reserve Deposit] from the Authority.]

(e) The Bond Trustee shall deposit the amounts received pursuant to Section 3.02(c), (d) and (e) hereof, in the following funds and accounts in the following amounts:

	Subsection (c) Funds	Subsection (d) Funds	Subsection (e) Funds	Total
Project Fund	$	$	$	$
Costs of Issuance Fund				
Grant-Funded Reserve Subaccount				

ARTICLE IV

REDEMPTION OF THE BONDS

SECTION IV.02. **Special Redemption**

(a) **Extraordinary Optional Redemption from Insurance and Condemnation Proceeds**. The Bonds are subject to redemption prior to their stated maturity, at the option of the Borrower, in whole or in part, on any date from moneys required to be transferred from the Insurance and Condemnation Proceeds Fund to the Special Redemption Account at a redemption price equal to the principal amount thereof, together with interest accrued thereon to the date fixed for redemption, plus an amount equal to the unamortized portion of the net original issue premium thereon interpolated on a straight-line basis.

(b) **Extraordinary Mandatory Redemption Due to Prohibited Use**. The Bonds are subject to redemption prior to their stated maturity, as a whole or in part, on any date from Loan prepayments made by the Borrower in the event the Project is used or operated in any manner that violates the provisions of the Act, at a redemption price equal to the principal amount thereof together with interest accrued thereon to the date fixed for redemption, plus an amount equal to the unamortized portion of the net original issue premium thereon interpolated on a straight-line basis, on the earliest date for which notice of redemption can reasonably be given in accordance with this Indenture.

(c) **Extraordinary Optional Redemption Relating to Revocation or Non-Renewal of School Charter.** The Bonds are subject to redemption in part prior to their stated maturity, on any date, at the option of the Borrower, in the event the charter of any School is revoked or not renewed by its authorizer and such School has no further appeal rights, at a redemption price equal to the principal amount thereof together with interest accrued thereon to the date fixed for redemption, plus an amount equal to the unamortized portion of the net original issue premium thereon interpolated on a straight-line basis.

Optional Redemption. The Tax-Exempt Bonds are also subject to redemption prior to their respective stated maturities, at the option of the Borrower, from any amounts in the Redemption Fund, in whole or in part on any date on or after July 1, 20[__], at a redemption price equal to 100% of the principal amount of Tax-Exempt Bonds called for redemption, plus accrued interest to the date fixed for redemption, without premium.

The Taxable Bonds are not subject to optional redemption prior to their respective stated maturities.

Mandatory Sinking Account Redemption. The Bonds are subject to redemption prior to their respective stated maturities in part, by lot, from Mandatory Sinking Account Payments pursuant to Section 5.04(c) hereof. In the event of a redemption pursuant to Section 4.01 and 4.02, the Borrower shall provide the Bond Trustee with a revised sinking fund schedule giving effect to the special, optional or mandatory redemption so completed.

Notice of Redemption. In connection with the redemption of the Bonds pursuant to Sections 4.01 and 4.02 herein, the Borrower shall give notice of redemption to the Bond Trustee (with a copy to the Authority) not less than thirty-five (35) days prior to the redemption date (or such shorter notice as the Bond Trustee may approve). Notice of redemption of any Bonds shall be given by the Bond Trustee upon such written request of the Borrower. Notice of any redemption of Bonds shall be mailed postage prepaid by the Bond Trustee not less than thirty (30) days nor more than sixty (60) days prior to the redemption date by first-class mail to the respective Holders thereof at the addresses appearing on the Bond registration books described in Sections 2.07. Each notice of redemption shall contain all of the following information:

(a) the date of such notice;

(b) the name of the Bonds and the date of issue of the Bonds;

(c) the redemption date;

(d) the redemption price;

(e) the dates of maturity of the Bonds to be redeemed;

(f) if less than all of the Bonds of any maturity are to be redeemed, the distinctive numbers of the Bonds of each maturity to be redeemed;

(g) in the case of Bonds redeemed in part only, the respective portions of the principal amount of the Bonds of each maturity to be redeemed;

(h) the CUSIP number, if any, of each maturity of Bonds to be redeemed;

(i) a statement that such Bonds must be surrendered by the Holders at the Principal Corporate Trust Office of the Bond Trustee, or at such other place or places designated by the Bond Trustee;

(j) a statement that such redemption is conditioned upon the receipt by the Bond Trustee, on or prior to the redemption date, of moneys sufficient to pay the redemption price or upon the happening of such other event as shall be specified therein, and if such moneys shall not have been so received said notice shall be rescinded and the redemption shall be cancelled;

(k) a statement that any such redemption notice can be rescinded as provided in the Indenture; and

(l) notice that further interest on such Bonds, if any, will not accrue from and after the designated redemption date.

Such redemption notices may state that no representation is made as to the accuracy or correctness of the CUSIP numbers provided therein or on the Bonds. If money is not received or if such other event has occurred or failed to occur (as the case may be) as described in Section 4.04(j), the Bond Trustee, within a reasonable time after the date on which such

redemption was to occur, shall give notice to the persons and in the manner in which the notice of redemption was given, that such moneys were not so received and that there will be no redemption of the Bonds pursuant to the notice of redemption. Failure of the Bond Trustee to give such notice of redemption or any defect therein shall not in any way impair or affect the validity of the proceedings for redemption.

Effect of Notice. A certificate of the Bond Trustee or the Borrower that notice of call and redemption has been given to Holders and as may be further required in the Continuing Disclosure Agreement as herein provided shall be conclusive as against all parties. The actual receipt by the Holder of any Bond or any other party of notice of redemption shall not be a condition precedent to redemption, and failure to receive such notice, or any defect in the notice given, shall not affect the validity of the proceedings for the redemption of such Bonds or the cessation of interest, if any, on the date fixed for redemption.

Notice of redemption having been given, and the redemption price of the Bonds called for redemption being on deposit or otherwise available to the Bond Trustee, the Bonds designated for redemption shall become due and payable on the specified redemption date and interest, if any, shall cease to accrue thereon as of the redemption date, and upon presentation and surrender of such Bonds at the place specified in the notice of redemption, such Bonds shall be redeemed and paid at the redemption price thereof out of the money provided therefor. The Holders of such Bonds so called for redemption after such redemption date shall look for the payment of such Bonds and the redemption premium thereon, if any, only to the fund established for such purpose. All Bonds redeemed shall be cancelled forthwith by the Bond Trustee and shall not be reissued.

Right to Rescind Notice. Upon written notice from the Borrower that the Borrower has cured the conditions that caused the Bonds to be subject to extraordinary redemption, the Borrower may rescind any extraordinary redemption and notice thereof on any date prior to the date fixed for redemption by causing the Bond Trustee to send written notice of the rescission to the Holders of the Bonds so called for redemption. Notice of rescission of redemption shall be given in the same manner in which notice of redemption was originally given. The actual receipt by the Holder of any Bond of notice of such rescission shall not be a condition precedent to rescission, and failure to receive such notice or any defect in such notice shall not affect the validity of the rescission.

Funds for Redemption. Prior to or on the redemption date of any Bonds there shall be available in the Redemption Fund, or held in trust for such purpose as provided by law, monies for the purpose and sufficient to redeem, at the premiums payable as in this Indenture provided, the Bonds designated in said notice of redemption. Such monies so set aside in the Redemption Fund or in the escrow fund established for such purpose shall be applied on or after the redemption date solely for payment of principal of and premium, if any, on the Bonds to be redeemed upon presentation and surrender of such Bonds, provided that all monies in the Redemption Fund shall be used for the purposes established and permitted by law. Any interest due on or prior to the redemption date shall be paid from the Redemption Fund, unless otherwise provided for to be paid from an escrow fund established for such purpose. If, after all of the Bonds have been redeemed and cancelled or paid and cancelled, there are monies remaining in the Redemption Fund or otherwise held in trust for the payment of redemption price of the

Bonds, said monies shall be held in or returned or transferred to the Redemption Fund for payment of any outstanding Bonds of the Borrower payable from said fund; provided, however, that if said monies are part of the proceeds of refunding Bonds of the Borrower, said monies shall be transferred to the fund created for the payment of principal of and interest on such Bonds. If no such refunding Bonds of the Borrower are at such time outstanding, said monies shall be transferred to the Borrower as provided and permitted by law.

Selection of Bonds for Redemption. When any redemption is made pursuant to any of the provisions of this Indenture and less than all of the Outstanding Bonds are to be redeemed, the Bond Trustee shall select the Bonds to be redeemed from the Outstanding Bonds not previously called for redemption, by lot within a maturity and, if from more than one maturity, in inverse order of maturity or in such other order of maturity as shall be specified in a Request of the Borrower. In no event shall Bonds be redeemed in amounts other than whole multiples of Authorized Denominations. For purposes of redeeming Bonds in denominations greater than minimum Authorized Denominations, the Bond Trustee shall assign to such Bonds a distinctive number for each such principal amount and, in selecting Bonds for redemption by lot, shall treat such amounts as separate Bonds. The Bond Trustee shall promptly notify the Authority and the Borrower in writing of the numbers of the Bonds selected for redemption.

ARTICLE V

PLEDGE AND ASSIGNMENT; ESTABLISHMENT AND APPLICATION OF FUNDS AND ACCOUNTS

Pledge and Assignment. Subject only to the provisions of this Indenture permitting the application thereof for the purposes and on the terms and conditions set forth herein, there are hereby pledged to secure the payment of the principal of and interest on the Bonds in accordance with their terms and the provisions of this Indenture, all of the Payments (except Payments described in clause (i) of the definition thereof) and any other amounts (excluding proceeds of the sale of Bonds) held in any fund or account (other than the Rebate Fund) established pursuant to this Indenture. Said pledge shall constitute a lien on and security interest in such assets and shall attach and be valid and binding from and after delivery of the Bonds, without any physical delivery thereof or further act.

(a) The Authority hereby assigns to the Bond Trustee, for the benefit of the Holders from time to time of the Bonds, all of the Payments (except Payments described in clause (i) of the definition thereof) and other amounts pledged in paragraph (a) of this Section and all of the right, title and interest of the Authority in, to and under the Loan Agreement (except for the Retained Rights). The Bond Trustee shall be entitled to and shall receive all of such assigned Payments, and any such Payments collected or received by the Authority shall be deemed to be held, and to have been collected or received, by the Authority as the agent of the Bond Trustee and shall forthwith be paid by the Authority to the Bond Trustee. The Bond Trustee also shall be entitled to and shall (subject to the provisions of this Indenture) take all steps, actions and proceedings following any event of default under the Loan Agreement reasonably necessary in its judgment, or as directed in writing by the Holder, to enforce, either jointly with the Authority or separately, all of the rights of the Authority assigned to the Bond Trustee and all of the obligations of the Borrower under the Loan Agreement.

(b) The Borrower shall take all actions necessary for the Bond Trustee to collect directly from the State Controller the amounts set forth in the Intercept Notice on the dates set forth in the Intercept Notice.

(c) All Payments shall be promptly deposited by the Bond Trustee upon receipt thereof in a special fund designated as the "Revenue Fund" which the Bond Trustee is hereby directed to establish, maintain and hold in trust. All Payments shall be held in trust for the benefit of the Holders from time to time of the Bonds but shall nevertheless be disbursed, allocated and applied solely for the uses and purposes hereinafter in this Article V set forth.

(d) The Bonds are not and shall not be deemed to constitute a debt or liability of the State, or any political subdivision thereof, and are not and shall not be deemed to be a pledge of the faith and credit of the State, or any political subdivision thereof, other than the Authority, which shall only be obligated to pay the Bonds solely from the Payments and funds herein provided therefor. The issuance of the Bonds shall not directly or indirectly or contingently obligate the State or any political subdivision thereof to levy or to pledge any form of taxation whatever for the Bonds or to make any appropriation for their payment. Nothing in this Indenture, the Act or otherwise is an undertaking by the Authority or the State or any political subdivision thereof to fund the transfers described in the Intercept Notice or to funds available to the School in any amount or at any time.

Allocation of Revenues. Promptly upon receipt, the Bond Trustee shall deposit the Payments to the Revenue Fund. On or before [June] 25th and [December] 25th of each year, commencing [June 25, 2026], the Bond Trustee shall transfer from the Revenue Fund and deposit into the following respective accounts (each of which the Bond Trustee shall establish and maintain within the Revenue Fund) and then to the Rebate Fund, the following amounts, in the following order of priority, the requirements of each such account or fund (including the making up of any deficiencies in any such account resulting from lack of Payments sufficient to make any earlier required deposit) at the time of deposit to be satisfied before any transfer is made to any account or fund subsequent in priority; provided, however, no moneys deposited in the Revenue Fund pursuant to the Intercept shall be deposited to the Rebate Fund:

(1) To the Interest Account, the aggregate amount of interest becoming due and payable on the next succeeding Interest Payment Date on all Bonds then Outstanding, until the balance in said account is equal to said aggregate amount of interest;

(2) To the Principal Account, one-half of the aggregate amount of principal becoming due to and payable on the next succeeding Principal Payment Date, until the balance in said Principal Account is equal to said aggregate amount of such principal and Mandatory Sinking Account Payments; provided that from the date of delivery of the Bonds until the first Principal Payment Date with respect to the Bonds (if less than twelve months), transfers to the Principal Account shall be sufficient on a pro rata basis to pay the principal and Mandatory Sinking Account Payments becoming due and payable on said Principal Payment Date;

(3) To the Grant-Funded Reserve Subaccount of the Reserve Account, (a) the greater of (i) the amount designated for deposit to the Grant-Funded Reserve Subaccount

of the Reserve Account in a written direction of the Borrower, and (ii) the aggregate amount of each prior withdrawal from the Grant-Funded Reserve Subaccount of the Reserve Account for the purpose of making up a deficiency in the Interest Account or the Principal Account (until deposits on account of such withdrawal are sufficient to fully restore the amount withdrawn), and (b) in the event the balance in said subaccount shall be less than the amount deposited in such subaccount pursuant to Section 3.02(f) hereof due to valuation of the Eligible Securities deposited therein in accordance with Section 5.06 hereof , the amount necessary to increase the balance in said account to an amount at least equal to the amount deposited in such subaccount pursuant to Section 3.02(f) hereof (until deposits on account of such valuation deficiency are sufficient to increase the balance in said account to said amount);

(4) To the Bond Reserve Subaccount of the Reserve Account, (a) the greater of (i) the amount designated for deposit to the Bond Reserve Subaccount of the Reserve Account in a written direction of the Borrower, and (ii) one-half of the aggregate amount of each prior withdrawal from the Reserve Account for the purpose of making up a deficiency in the Interest Account or Principal Account (until deposits on account of such withdrawal are sufficient to fully restore the amount withdrawn), provided that no deposit need be made into the Bond Reserve Subaccount if the balance in the Reserve Account is at least equal to the Reserve Account Requirement, and (b) in the event the balance in said account shall be less than the Reserve Account Requirement due to valuation of the Eligible Securities deposited therein in accordance with Section 5.06 hereof, the amount necessary to increase the balance in said account to an amount at least equal to the Reserve Account Requirement (until deposits on account of such valuation deficiency are sufficient to increase the balance in said account to said amount);

(5) [On June 25, 2026, $[_____], and beginning December 25, 2026, to the Repair and Replacement Fund, (a) the greatest of (i) the amount designated for deposit in the Repair and Replacement Fund in a written direction of the Borrower, (ii) $[_____], and (iii) one-third of the aggregate amount of each prior withdrawal from the Repair and Replacement Fund, provided that no deposit need be made into the Repair and Replacement Fund (x) in excess of one-fourth of the Repair and Replacement Fund Requirement or (y) if the balance in said account is at least equal to the Repair and Replacement Fund Requirement, and (b) in the event the balance in said account shall be less than the Repair and Replacement Fund Requirement due to valuation of the Eligible Securities deposited therein in accordance with Section 5.10, the amount necessary to increase the balance in said account to an amount at least equal to the Repair and Replacement Fund Requirement (until deposits on account of such valuation deficiency are sufficient to increase the balance in said account to said amount); and]

(6) To the Rebate Fund, such amounts as are required to be deposited therein by written instruction from the Borrower given in accordance with this Indenture (including the Tax Certificate).

Moneys remaining in the Revenue Fund after the foregoing transfers shall be transferred on January 1 and July 1 of each year, commencing [July 1, 2026], by the Bond Trustee to the Borrower, free and clear of the Lien of this Indenture.

Application of Interest Account. All amounts in the Interest Account shall be used and withdrawn by the Bond Trustee solely for the purpose of paying interest on the Bonds as it shall become due and payable (including accrued interest on any Bonds purchased or redeemed prior to maturity pursuant to this Indenture).

Application of Principal Account. All amounts in the Principal Account shall be used and withdrawn by the Bond Trustee solely for the purpose of paying the principal or Mandatory Sinking Account Payments of the Bonds, as provided herein with respect to Bonds.

(a) The Bond Trustee shall establish and maintain within the Principal Account a separate subaccount for the Bonds, designated as the "____ Sinking Account," inserting therein the Series and maturity (if more than one such account is established) for each Term Bond. On or before July 1 in each year, the Bond Trustee shall transfer the amount deposited in the Principal Account on that date pursuant to Section 5.02 from the Principal Account to the Sinking Account for the purpose of making a Mandatory Sinking Account Payment (if such deposit is required in such month). With respect to the Sinking Account, on each Mandatory Sinking Account Payment date established for the Sinking Account, the Bond Trustee shall transfer the amount deposited in the Principal Account pursuant to Section 5.02 for the purpose of applying the Mandatory Sinking Account Payment required on that date to the redemption (or payment at maturity, as the case may be) of Bonds, upon the notice and in the manner provided in Article IV; provided that, at any time prior to giving such notice of such redemption, the Bond Trustee shall apply such moneys to the purchase of Bonds at public or private sale, as and when and at such prices (including brokerage and other charges, but excluding accrued interest, which is payable from the Interest Account) as the Borrower may direct, in writing, except that the purchase price (excluding accrued interest) shall not exceed the par amount of such Bonds. If, during the twelve-month period immediately preceding said Mandatory Sinking Account Payment date, the Bond Trustee has purchased Bonds with moneys in the Sinking Account, or, during said period and prior to giving said notice of redemption, the Borrower has deposited Bonds with the Bond Trustee, or Bonds were at any time purchased or redeemed by the Bond Trustee from the Redemption Fund and allocable to said Mandatory Sinking Account Payment, such Bonds so purchased or deposited or redeemed shall be applied, to the extent of the full principal amount thereof, to reduce said Mandatory Sinking Account Payment. All Bonds purchased or deposited pursuant to this subsection shall be delivered to the Bond Trustee and cancelled. Any amounts remaining in the Sinking Account when all of the Bonds are no longer Outstanding shall be withdrawn by the Bond Trustee and transferred to the Revenue Fund. All Bonds purchased from the Sinking Account or deposited by the Borrower with the Bond Trustee shall be allocated first to the next succeeding Mandatory Sinking Account Payment, then to the remaining Mandatory Sinking Account Payments as the Borrower directs in writing along with a revised sinking fund schedule giving effect to the purchase so completed.

(b) Subject to the terms and conditions set forth in this Section and in Section 4.03, the Term Bonds shall be redeemed (or paid at maturity, as the case may be) by application of Mandatory Sinking Account Payments in the following amounts and on the following dates:

(i) The Tax-Exempt Term Bonds maturing July 1, 20[__] that are issued in an initial principal amount of $[_____]:

Establishment and Application of Project Fund. The moneys in the Project Fund shall be disbursed pursuant to Requisitions of the Borrower, which shall be substantially in the form of Exhibit C. Each such Requisition of the Borrower shall be sufficient evidence to the Bond Trustee of the facts stated therein and the Bond Trustee shall have no duty to confirm the accuracy of such facts. No moneys in the Project Fund shall be used to pay Costs of Issuance. The Bond Trustee shall accept moneys from the Borrower, or on behalf of the Borrower, for deposit in the Project Fund from time to time.

(b) Upon completion of the Project, the Borrower shall deliver a Completion Certificate to the Bond Trustee and make the final requisition of funds from the Project Fund. Any amounts thereafter remaining in such Project Fund shall be transferred by the Bond Trustee, at the direction of the Borrower (i) to the Revenue Fund for payment of principal of and/or interest on the Bonds, or (ii) to the Borrower upon delivery to the Trustee of (A) a written request of the Borrower and (B) if any amounts deposited into the Project Fund were proceeds of the Tax-Exempt Bonds, delivery of an Opinion of Bond Counsel to the effect that such transfer would not adversely affect the exclusion from gross income for federal income tax purposes of interest on the Tax-Exempt Bonds. Upon such transfer, the Project Fund shall be closed.

Application of Reserve Account. Within the Reserve Account, the Bond Trustee shall establish and maintain the Bond Reserve Subaccount and the Grant-Funded Reserve Subaccount. All amounts in the Reserve Account shall be used and withdrawn by the Bond Trustee, solely for the purpose of making up any deficiency in the Revenue Fund, Interest Account or Principal Account that exists on the date when monies on deposit in the Revenue Fund, Interest Account or Principal Account are required to be applied, as provided in Sections 5.03 and 5.04 hereof, or (together with any other moneys available therefor) for the payment or redemption of all Bonds then Outstanding; provided, however, that monies and securities held by the Bond Trustee in the Grant-Funded Reserve Subaccount shall not be used for the redemption of all Bonds then Outstanding pursuant to Section 4.01 or Section 4.02. The Borrower shall have no right, title, or interest in any amounts on deposit in the Grant-Funded Reserve Subaccount. The Trustee shall hold such amounts exclusively for the benefit of the Authority and the Bondholders. The Bond Trustee shall draw from the Bond Reserve Subaccount until exhausted prior to drawing from the Grant-Funded Reserve Subaccount.

(a) The Bond Trustee shall notify the Authority and the Borrower immediately of any withdrawal from the Reserve Account for the purpose of making up a deficiency in the Interest Account or Principal Account, which notice shall specify the amount of such withdrawal from each of the Bond Reserve Subaccount and the Grant-Funded Reserve Subaccount. The Bond Trustee shall notify the Authority immediately of the final maturity, earlier redemption in full of the Bonds or the date on which no Bonds are Outstanding hereunder (including as provided in Article X hereof).

(b) Immediately following the date on which no Bonds are Outstanding hereunder (including as provided in Article X hereof), the Bond Trustee shall transfer to the

Authority any amounts remaining on deposit in the Grant-Funded Reserve Subaccount. Thereafter the Bond Trustee shall close the Grant-Funded Reserve Subaccount.

(c) Amounts on deposit in the Reserve Account shall be valued by the Bond Trustee at their fair market value each January 1 and July 1, and the Bond Trustee shall notify the Borrower of the results of such valuation. If the amount on deposit in the Reserve Account on the first (1st) Business Day following such valuation is less than one hundred percent (100%) of the Reserve Account Requirement, the Borrower has agreed in the Loan Agreement to make the deposits to the Reserve Account required by Section 5.02. If the amount on deposit in the Reserve Account on the first (1st) Business Day following such valuation is greater than the Reserve Account Requirement, then (i) the amount of money on deposit in the Grant-Funded Reserve Subaccount greater than $[Grant-Funded Reserve Deposit] shall be paid to the Authority free and clear of the lien of the Indenture and (ii) any additional excess shall be withdrawn from the Bond Reserve Subaccount of the Reserve Account and transferred to the Revenue Fund.

Establishment and Application of Redemption Fund. The Bond Trustee shall, as and when needed, establish and maintain within the Redemption Fund a separate Optional Redemption Account and a separate Special Redemption Account. The Bond Trustee shall accept all moneys deposited for redemption and shall deposit such moneys into the Optional Redemption Account or the Special Redemption Account, as applicable. All amounts deposited in the Optional Redemption Account and in the Special Redemption Account shall be accepted and used and withdrawn by the Bond Trustee solely for the purpose of redeeming Bonds, in the manner and upon the terms and conditions specified in Article IV, at the next succeeding date of redemption for which notice has not been given and at the redemption prices then applicable to redemptions from the Optional Redemption Account and the Special Redemption Account, respectively; provided that, at any time prior to giving such notice of redemption, the Bond Trustee shall, upon written direction of the Borrower, apply such amounts to the purchase of Bonds at public or private sale, as and when and at such prices (including brokerage and other charges, but excluding accrued interest, which is payable from the Interest Account) as the Borrower may direct, except that the purchase price (exclusive of accrued interest) may not exceed the redemption price then applicable to such Bonds (or, if such Bonds are not then subject to redemption, the par value of such Bonds); and provided further that in the case of the Optional Redemption Account in lieu of redemption at such next succeeding date of redemption, or in combination therewith, amounts in such account may be transferred to the Revenue Fund and credited against Loan Repayments in order of their due date as set forth in a Request of the Borrower.

Rebate Fund. The Bond Trustee shall, as and when needed, establish and maintain, when required, a fund separate from any other fund established and maintained hereunder designated as the Rebate Fund. Within the Rebate Fund, the Bond Trustee shall maintain such accounts as shall be necessary to comply with instructions of the Borrower given pursuant to the terms and conditions of the Tax Certificate. Subject to the transfer provisions provided in paragraph (e) below, all money at any time deposited in the Rebate Fund shall be held by the Bond Trustee in trust, to the extent required to satisfy the Rebate Requirement (as defined in the Tax Certificate), for payment to the federal government of the United States of America. Neither the Authority, the Borrower nor the Holder of any Bonds shall have any rights in or claim to such money. All amounts deposited into or on deposit in the Rebate Fund shall be governed by this

Section, by Section 6.09 and by the Tax Certificate (which is incorporated herein by reference). The Bond Trustee shall be deemed conclusively to have complied with such provisions if it follows the directions of the Borrower including supplying all necessary information in the manner provided in the Tax Certificate, and shall have no liability or responsibility to enforce compliance by the Borrower or the Authority with the terms of the Tax Certificate or any other tax covenants contained herein. The Bond Trustee shall not be responsible for calculating rebate amounts or for the adequacy or correctness of any rebate report or rebate calculations. The Bond Trustee shall have no independent duty to review such calculations or enforce the compliance by the Borrower with such rebate requirements. The Bond Trustee shall have no duty or obligation to determine the applicability of the Code and shall only be obligated to act in accordance with written instructions provided by the Borrower.

(a) Upon the Borrower's written direction, an amount shall be deposited to the Rebate Fund by the Bond Trustee from deposits by the Borrower, if and to the extent required, so that the balance in the Rebate Fund shall equal the Rebate Requirement. Computations of the Rebate Requirement shall be furnished by or on behalf of the Borrower in accordance with the Tax Certificate. The Bond Trustee shall supply to the Borrower and/or the Authority all necessary information in its possession in the manner provided in the Tax Certificate to the extent such information is reasonably available to the Bond Trustee.

(b) The Bond Trustee shall have no obligation to rebate any amounts required to be rebated pursuant to this Section, other than from moneys held in the funds and accounts created under this Indenture or from other moneys provided to it by the Borrower.

(c) At the written direction of the Borrower, which direction shall comply with the requirements of the Tax Certificate, the Bond Trustee shall invest all amounts held in the Rebate Fund in Eligible Securities. Moneys shall not be transferred from the Rebate Fund except as provided in paragraph (e) below. The Bond Trustee shall not be liable for any consequences arising from such investment.

(d) Upon receipt of the Borrower's written directions, the Bond Trustee shall remit part or all of the balances in the Rebate Fund to the United States, as so directed. In addition, if the Borrower so directs, the Bond Trustee shall deposit money into or transfer money out of the Rebate Fund from or into such accounts or funds as directed by the Borrower's written directions; provided, however, only moneys in excess of the Rebate Requirement may, at the written direction of the Borrower or the Authority, be transferred out of the Rebate Fund to such other accounts or funds or to anyone other than the United States in satisfaction of the arbitrage rebate obligation. Any funds remaining in the Rebate Fund after each five year remission to the United States of America, redemption and payment of all of the Bonds and payment and satisfaction of any Rebate Requirement, or provision made therefor satisfactory to the Bond Trustee, shall be withdrawn and remitted to the Borrower.

(e) Notwithstanding any other provision of this Indenture, including in particular Article X, the obligation to remit the Rebate Requirement to the United States and to comply with all other requirements of this Section, Section 6.09 and the Tax Certificate shall survive the defeasance or payment in full of the Bonds.

Establishment and Application of Costs of Issuance Fund; Insurance and Condemnation Proceeds Fund. The Bond Trustee shall establish, maintain and hold in trust a separate fund designated as the "Costs of Issuance Fund." Moneys deposited in said fund shall be used and withdrawn by the Bond Trustee to pay the Costs of Issuance of the Bonds upon Requisition of the Borrower stating the person to whom payment is to be made, the amount to be paid, the purpose for which the obligation was incurred and that such payment is a proper charge against said fund, and including a copy of the invoice or statement evidencing the costs incurred. On the one hundred eightieth (180th) day following the initial issuance of the Bonds, or upon the earlier Request of the Borrower, amounts, if any, remaining in the Costs of Issuance Fund shall be transferred to the Revenue Fund.

(a) As and when needed, the Master Trustee shall establish, maintain and hold in trust a separate fund designated as the "Insurance and Condemnation Proceeds Fund," and administer said fund as set forth in Section 3.03 of the Master Indenture of Trust.

Establishment and Application of the Repair and Replacement Fund.

The Bond Trustee shall establish, maintain and hold in trust a separate fund designated as the "Repair and Replacement Fund," which shall be used solely for the purposes set forth in this Section 5.10.

(a) The Bond Trustee shall withdraw funds from the Repair and Replacement Fund to pay for capital items not budgeted as ordinary maintenance and repair costs related to the Facility.

(b) Moneys in the Repair and Replacement Fund to be used for the purpose described in the preceding paragraph subsection (b) shall be disbursed upon receipt of a Requisition of the Borrower for payment substantially in the form attached hereto as Exhibit D, which, by this reference thereto, is incorporated herein, executed by the Authorized Borrower Representative, and the Bond Trustee shall issue its checks or a wire transfer for each such disbursement upon receipt of such a requisition. The Bond Trustee may conclusively rely upon such Requisition and shall have no responsibility or duty to investigate any of the matters set forth therein.

(c) Amounts on deposit in the Repair and Replacement Fund shall be valued by the Bond Trustee at their fair market value each January 1 and July 1, and the Bond Trustee shall notify the Borrower of the results of such valuation in the form of its regular periodic statement. If the amount on deposit in the Repair and Replacement Fund on the first (1st) Business Day following such valuation is less than one hundred percent (100%) of the Repair and Replacement Fund Requirement, the Borrower has agreed in the Loan Agreement to make the deposits to the Repair and Replacement Fund required by Section 5.02. If the amount on deposit in the Repair and Replacement Fund on the first (1st) Business Day following such valuation is greater than the Repair and Replacement Fund Requirement, then any additional excess shall be withdrawn from the Repair and Replacement Fund and transferred to the Revenue Fund.

(d) When (i) the amount of principal of, and premium, if any, and interest on the Outstanding Bonds is equal to or less than the sum of the balance of the Revenue Fund, the balance of the Reserve Fund, the balance of the Redemption Fund and the balance of the Repair and Replacement Fund, and (ii) all other amounts owed under the Loan Agreement and this Indenture shall have been paid, moneys held in the Repair and Replacement Fund may be deposited into the Revenue Fund and credited against payments of Loan Repayments required under Section 3.02 of the Loan Agreement.

Investment of Moneys in Funds and Accounts. All moneys in any of the funds and accounts established pursuant to this Indenture, except the Grant-Funded Reserve Subaccount of the Reserve Account, shall be invested by the Bond Trustee solely in such Eligible Securities as are specified in a Request of the Borrower, provided, however, that, if the Borrower does not file such a Request with the Bond Trustee, the Bond Trustee shall invest to the extent practicable in investments described in clause (7) of the definition of the term "Eligible Securities" in Section 1.01 of this Indenture; provided, however, that any such investment shall be made by the Bond Trustee only if, prior to the date on which such investment is to be made, the Bond Trustee shall have received a Request of the Borrower specifying a specific money market fund and, if no such Request of the Borrower is so received, the Bond Trustee shall hold such moneys uninvested.

All moneys in the Grant-Funded Reserve Subaccount of the Reserve Account shall be invested by the Bond Trustee solely in such Grant-Funded Reserve Eligible Securities as are specified in a Request of the Borrower, provided, however, that, if the Borrower does not file such a Request with the Bond Trustee, the Bond Trustee shall invest to the extent practicable in investments described in clause five (5) of the definition of the term "Grant-Funded Reserve Eligible Securities" in Section 1.01 of this Indenture; provided, however, that any such investment shall be made by the Bond Trustee only if, prior to the date on which such investment is to be made, the Bond Trustee shall have received a Request of the Borrower specifying a specific money market fund and, if no such Request of the Borrower is so received, the Bond Trustee shall hold such moneys uninvested.

All interest, profits and other income received from the investment of moneys shall be deposited in the Revenue Fund; provided, however, all interest, profits and other income received from the investment of moneys in the Project Fund shall remain in the Project Fund; and provided, however, all interest, profits and other income received from the investment of moneys in the Bond Reserve Subaccount and the Grant-Funded Reserve Subaccount of the Reserve Account shall remain in such Subaccount.

Investments in any and all funds and accounts established pursuant to this Indenture may be commingled for purposes of making, holding and disposing of investments, notwithstanding provisions herein for transfer to or holding in a particular fund amounts received or held by the Bond Trustee hereunder, provided that the Bond Trustee shall at all times account for such investments strictly in accordance with the particular funds to which they are credited and otherwise as provided in this Indenture. The Bond Trustee may act as principal or agent in the making or disposing of any investment. To the extent Eligible Securities are registrable, such investments shall be registered in the name of the Bond Trustee. The Bond Trustee may sell or present for redemption, any securities so purchased whenever it shall be necessary to provide

moneys to meet any required payment, transfer, withdrawal or disbursement from the fund or account to which such securities are credited, and the Bond Trustee shall not be liable or responsible for any loss resulting from such investment. The Bond Trustee shall have no investment discretion. The Authority, the Borrower and all other parties in interest hereto acknowledge that the Bond Trustee is not providing investment supervision, recommendations, or advice.

The Bond Trustee is hereby authorized, in making or disposing of any investment permitted by this Section, to deal with itself (in its individual capacity) or with any one or more of its affiliates, whether it or such affiliate is acting as an agent of the Bond Trustee or for any third person or dealing as principal for its own account.

No float forward or forward purchase agreement or other arrangement, agreement or financial product may be utilized in connection with the Revenue Fund.

The Borrower acknowledges that to the extent regulations of the Comptroller of the Currency or other applicable regulatory entity grant the Borrower the right to receive brokerage confirmations of security transactions as they occur, the Borrower specifically waives receipt of such confirmations to the extent permitted by law. The Bond Trustee will furnish the Borrower periodic cash transaction statements which include detail for all investment transactions made by the Bond Trustee hereunder.

Amounts Remaining in Funds and Accounts. Any amounts remaining in the Revenue Fund or any other fund or account established hereunder after payments in full of the Bonds (or after provision for payment thereof as provided herein) and payment of the fees, charges and expenses of the Bond Trustee and the Authority, shall belong and be paid to the Borrower by the Bond Trustee.

ARTICLE VI

COVENANTS

Punctual Payment. The Authority shall punctually pay, but only out of Payments and pledged funds as herein provided, the principal and interest to become due in respect of every Bond issued hereunder at the times and places and in the manner provided herein and in the Bonds, according to the true intent and meaning thereof.

Extension of Payment of Bonds. The Authority shall not directly or indirectly extend or assent to the extension of the maturity of any of the Bonds or the time of payment of any of the claims for interest by the purchase or funding of such Bonds or claims for interest or by any other arrangement except with the written consent of the Bondholders and, if the maturity of any of the Bonds or the time of payment of any such claims for interest shall be extended without the written consent of the Bondholders, such Bonds or claims for interest shall not be entitled, in case of any default hereunder, to the benefits of this Indenture, except subject to the prior payment in full of the principal of all of the Bonds then Outstanding and of all claims for interest thereon which shall not have been so extended. Nothing in this Section shall be deemed to limit

the right of the Authority to issue Bonds for the purpose of refunding any Outstanding Bonds, and such issuance shall not be deemed to constitute an extension of maturity of Bonds.

Encumbrance Upon Payments. The Authority shall not create, or permit the creation of, any pledge, lien, charge or other encumbrance upon the Payments and other assets pledged or assigned under this Indenture while any of the Bonds are Outstanding, except the pledge and assignment created by this Indenture. Subject to this limitation, the Authority expressly reserves the right to enter into one or more other indentures for any of its corporate purposes, including other programs under the Act, and reserves the right to issue other obligations for such purposes.

Power to Issue Bonds and Make Pledge and Assignment. The Authority is duly authorized pursuant to law to issue the Bonds and to enter into this Indenture and to pledge and assign the Payments and other assets purported to be pledged and assigned, respectively, under this Indenture in the manner and to the extent provided in this Indenture. The Bonds and the provisions of this Indenture are and will be the valid and binding limited obligations of the Authority, and the Authority and Trustee shall at all times, to the extent permitted by law and subject to the provisions of this Indenture, be entitled to defend, preserve and protect said pledge and assignment of Payments and other assets and all the rights of the Bondholders under this Indenture against all claims and demands of all persons whomsoever.

Accounting Records and Financial Statements. The Bond Trustee shall at all times keep, or cause to be kept, proper books of record and account, prepared in accordance with the Bond Trustee's accounting practices for books of record and account relating to similar trust accounts and in accordance with the customary standards of the corporate trust industry for such books of record and account, in which complete and accurate entries shall be made of all transactions made by it relating to the proceeds of Bonds, the Payments, the Loan Agreement and all funds and accounts established pursuant to this Indenture. Such books of record and account shall be available for inspection by the Authority, the Borrower and any Bondholder, or his agent or representative duly authorized in writing, at reasonable hours, upon reasonable notice and under reasonable circumstances.

Other Covenants; Amendment of the Loan Agreement and the School Loan Agreement. Subject to the provisions of this Indenture, the Bond Trustee shall promptly collect all amounts due pursuant to the Loan Agreement and, upon an Event of Default, diligently enforce and take all steps, actions and proceedings reasonably necessary for the enforcement of all of the rights of the Authority under the Loan Agreement assigned to it pursuant to Section 5.01(b) hereof.

(a) The Authority shall not amend, modify or terminate any of the terms of the Loan Agreement or the School Loan Agreement, or consent to any such amendment, modification or termination, without the prior written consent of the Bond Trustee. The Bond Trustee shall give such written consent if but only if (1) it has received a written representation from the Borrower to the effect that such amendment or modification will not materially and adversely affect the interests of the Holders of the Bonds; provided that, if an Event of Default described in paragraph (a), (b) or (c) of Section 7.01 has occurred and is continuing, the Bond Trustee rather than the Borrower shall make a determination that such amendment or modification will not materially and adversely affect the interests of the Holders of the Bonds

(provided that, in making such determination, the Bond Trustee may conclusively rely on written representations of financial consultants or advisors or the opinion or advice of counsel), or (2) the Holders of a majority in aggregate principal amount of the Bonds then Outstanding consent in writing to such amendment, modification or termination, provided that no such amendment, modification or termination shall reduce the amount of Loan Repayments payable to the Authority, or extend the time for making such payments, without the written consent of all of the Holders of the Bonds then Outstanding.

(b) The Bond Trustee shall promptly collect all amounts due from the Borrower pursuant to the Loan Agreement and Obligation No. 2 shall, upon an Event of Default, diligently enforce, and take all steps, actions and proceedings reasonably necessary for the enforcement of, all of the rights of the Authority (other than the Retained Rights) and all of the obligations of the Borrower under the Loan Agreement and Obligation No. 2, subject to all rights and protections contained in this Indenture.

Further Assurances. The Authority will make, execute and deliver any and all such further indentures, instruments and assurances as may be reasonably necessary or proper to carry out the intention or to facilitate the performance of this Indenture and for the better assuring and confirming unto the Holders of the Bonds of the rights and benefits provided in this Indenture.

Continuing Disclosure. Pursuant to Section 4.06 of the Loan Agreement, the Borrower has undertaken all responsibility for compliance with continuing disclosure requirements pursuant to Securities and Exchange Commission Rule 15c2-12(b)(5), and the Authority shall have no liability to the Holders of the Bonds or any other person with respect to Securities and Exchange Commission Rule 15c2-12. The Dissemination Agent has covenanted under the Continuing Disclosure Agreement that it will comply with and carry out all of the provisions of the Continuing Disclosure Agreement and Section 4.06 of the Loan Agreement applicable to it. Notwithstanding any other provision of this Indenture, failure of the Borrower or the Dissemination Agent to comply with the Continuing Disclosure Agreement shall not be considered an Event of Default; however, the Bond Trustee at the written request of the Underwriter (as defined in the Continuing Disclosure Agreement) or the Holders of at least 25% aggregate principal amount of Outstanding Bonds, shall (but only to the extent the Bond Trustee has been tendered funds in an amount satisfactory to it or it has been otherwise indemnified from and against any loss, liability, cost or expense, including without limitation, fees and expenses of its counsel and agents and additional fees and charges of the Bond Trustee) or any Bondholder or Beneficial Owner may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Borrower to comply with its obligations under Section 4.06 of the Loan Agreement or, as to any Bondholder or Beneficial Owner, to cause the Bond Trustee to comply with its obligations under this Section. For purposes of this Section, "Beneficial Owner" means any person which (1) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries), or (2) is treated as the owner of any Bonds for federal income tax purposes.

Tax Covenants. The Authority covenants that it shall not take any action, or fail to take any action, if such action or failure to take such action would result in the interest on the Tax-Exempt Bonds not being excluded from gross income for federal income tax purposes under

Section 103 of the Code. Without limiting the generality of the foregoing, the Authority covenants that it will comply with the requirements of the Tax Certificate, which is incorporated herein as if fully set forth herein. This covenant shall survive the payment in full or the defeasance of the Tax-Exempt Bonds.

(a) In the event that at any time the Authority is of the opinion that for purposes of this Section it is necessary or helpful to restrict or limit the yield on the investment of any moneys held by the Bond Trustee under this Indenture, the Authority may so instruct the Bond Trustee in a Request of the Authority accompanied by a supporting Opinion of Bond Counsel, and the Bond Trustee shall take such action as may be directed in accordance with such instructions.

(b) Notwithstanding any provisions of this Section, if the Authority shall provide to the Bond Trustee an Opinion of Bond Counsel to the effect that any specified action required under this Section is no longer required or that some further or different action is required to maintain the exclusion from federal income tax of interest on the Tax-Exempt Bonds, the Bond Trustee may conclusively rely on such opinion in complying with the requirements of this Section and the Tax Certificate, and the covenants hereunder shall be deemed to be modified to that extent.

Intercept Covenants. The Bond Trustee shall, on each Interest Payment Date, each Principal Payment Date, or on any date which a transfer from the Controller to the Bond Trustee is scheduled pursuant to the Intercept Notice, notify the Authority and the Borrower of any shortfall in amounts received by the Bond Trustee from the Controller compared to the amounts set forth in the Intercept Notice for such date. If, subsequent to any shortfall for which the Bond Trustee has sent notice pursuant to the preceding sentence, the Bond Trustee shall receive payment of amounts sufficient to cure such shortfall, the Bond Trustee shall, within ten (10) Business Days thereof, notify the Authority and the Borrower of the receipt of such payment.

ARTICLE VII

EVENTS OF DEFAULT; REMEDIES ON DEFAULT

Events of Default; Waiver of Default. If one or more of the following events ("Events of Default") shall happen, that is to say-

(a) if default shall be made by the Authority in the due and punctual payment of the principal of any Bond as the same shall become due and payable (whether at maturity, by declaration or otherwise);

(b) if default shall be made by the Authority in the due and punctual payment of interest on any Bond when and as such interest shall become due and payable;

(c) if any occurrence and continuance of an "Event of Default" under the Loan Agreement; or

(d) if default shall be made by the Authority in the performance or observance of any other of the covenants, agreements or conditions on its part in this Indenture or in the

Bonds contained, and such default shall have continued for a period of sixty (60) days after written notice thereof, specifying such default and requiring the same to be remedied, shall have been given to the Authority by the Bond Trustee, or to the Authority, the Borrower and the Bond Trustee by the Holders of not less than a majority in aggregate principal amount of the Bonds at the time Outstanding, except that, in each case, if such failure can be remedied but not within such 60-day period, such failure shall not become an Event of Default for so long as the Authority shall diligently proceed to remedy the same In accordance and subject to any directions or limitations of time established by the Master Trustee;

then and in each and every such case during the continuance of such Event of Default, the provisions of Section 7.02 shall apply.

Institution of Legal Proceedings by Bond Trustee. If one or more of the Events of Default shall occur, the Bond Trustee in its discretion may, and upon the written request of the Holders of a majority in principal amount of the Bonds then Outstanding, and upon being indemnified to its satisfaction therefor, the Bond Trustee shall proceed to protect or enforce its rights or the rights of the holders of Bonds under this Indenture, the Loan Agreement, the School Loan Agreement, and Obligation No. 2, by a suit in equity or action at law, either for the specific performance of any covenant or agreement contained herein or therein, or in aid of the execution of any power herein or therein granted, or by mandamus or other appropriate proceeding for the enforcement of any other legal or equitable remedy as the Bond Trustee shall deem most effectual in support of any of its rights or duties hereunder, provided that any such request from the Bondholders shall not be in conflict with any rule of law or with this Indenture, expose the Bond Trustee to personal liability or be unduly prejudicial to Bondholders not joining therein.

(a) Notwithstanding anything to the contrary in this Indenture, the Authority shall have no obligation to, and instead the Bond Trustee may, without further direction from the Authority, take any and all steps, actions and proceedings, to enforce any or all rights of the Authority (other than those specifically retained by the Authority pursuant to Section 5.01 of this Indenture) under this Indenture or the Loan Agreement, including, without limitation, the rights to enforce the remedies upon the occurrence and continuation of an Event of Default and the obligations of the Borrower under the Loan Agreement.

Application of Moneys Collected by Bond Trustee. Any moneys collected by the Bond Trustee pursuant to Section 7.02 hereof and any other amounts then held by the Bond Trustee under this Indenture, shall be applied in the following order, at the date or dates fixed by the Bond Trustee and, in the case of distribution of such moneys on account of principal upon presentation of the Bonds, and stamping thereon the payment, if only partially paid, and upon surrender thereof, if fully paid:

First: To the payment of costs and expenses of collection and reasonable compensation to the Bond Trustee for its own services and for the services of counsel, agents and employees by it properly engaged and employed, and all other expenses and liabilities incurred, and for advances, together with interest on such advances at a rate per annum equal to the Bond yield plus two percent, made pursuant to the provisions of this Indenture.

Second: In case the principal of any of the Bonds shall have become due by declaration or otherwise and remains unpaid, first to the payment of interest in default, and then to the payment of the principal of all Bonds then due and unpaid, in every instance such payment to be made ratably to the persons entitled thereto without discrimination or preference.

Whenever moneys are to be applied pursuant to the provision of this Section, such moneys shall be applied at such times, and from time to time, as the Bond Trustee shall determine, having due regard to the amount of such moneys available for application and the likelihood of additional moneys becoming available for such application in the future. Whenever the Bond Trustee shall apply such funds, it shall fix the date (which shall be the Interest Payment Date unless the Bond Trustee shall deem another date more suitable) upon which such application is to be made and upon such date interest on the amounts of principal and past-due interest to be paid on such date shall cease to accrue.

Whenever all principal of and interest on all Bonds have been paid under the provisions of this Section and all fees, expenses and charges of the Bond Trustee (including without limitation those of its attorneys) have been paid, any balance remaining in the funds and accounts hereunder shall be paid to the Borrower.

Effect of Delay or Omission to Pursue Remedy. No delay or omission of the Bond Trustee or of any Holder of Bonds to exercise any right or power arising from any default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence therein, and every power and remedy given by this Article VII to the Bond Trustee or to the Holders of Bonds may be exercised from time to time, and as often as shall be deemed expedient. In case the Bond Trustee shall have proceeded to enforce any right under this Indenture, and such proceedings shall have been discontinued or abandoned because of waiver or for any other reason, or shall have been determined adversely to the Bond Trustee, then and in every such case the Authority and the Bond Trustee, and the Holders of the Bonds, severally and respectively, shall be restored to their former positions and rights hereunder in respect to the trust estate; and all remedies, rights and powers of the Authority, the Bond Trustee and the Holders of the Bonds shall continue as though no such proceedings had been taken.

Remedies Cumulative. No remedy herein conferred upon or reserved to the Bond Trustee or to any Holder of the Bonds is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity.

Covenant to Pay Bonds in Event of Default. The Authority covenants that, upon the happening of any Event of Default, the Authority shall pay, but only out of Payments, to the Bond Trustee, upon demand, for the benefit of the Holders of the Bonds, the whole amount then due and payable thereon (by declaration or otherwise) for interest and principal as the case may be, and all other sums which may be due hereunder or secured hereby, including reasonable compensation to the Bond Trustee and its agents and counsel and any expenses or liabilities incurred by the Bond Trustee hereunder and, its agents and counsel. In case the Authority shall fail to pay the same forthwith upon such demand, the Bond Trustee, in its own name and as trustee of an express trust, shall be entitled to institute proceedings at law or in equity in any court of competent jurisdiction to recover judgment for the whole amount due and unpaid,

together with costs and reasonable attorneys' fees, subject, however, to the condition that such judgment, if any, shall be limited to, and payable solely out of, Payments as herein provided and not otherwise. The Bond Trustee shall be entitled to recover such judgment as aforesaid, either before or after or during the pendency of any proceedings for the enforcement of this Indenture, and the right of the Bond Trustee to recover such judgment shall not be affected by the exercise of any other right, power or remedy for the enforcement of the provisions of this Indenture.

Bond Trustee Appointed Agent for Bondholders. The Bond Trustee is hereby appointed the agent and attorney-in-fact of the Holders of all Bonds Outstanding hereunder for the purpose of filing any claims relating to the Bonds.

Power of Bond Trustee to Control Proceedings. Subject to Section 7.09 hereof, in the event that the Bond Trustee, upon the happening of an Event of Default, shall have taken some action, by judicial proceedings or otherwise, pursuant to its duties hereunder, whether upon its own discretion or upon the request of the Holders of a majority in aggregate principal amount of the Bonds then Outstanding, it shall have full power, in the exercise of its discretion for the best interests of the Holders of the Bonds, with respect to the continuance, discontinuance, withdrawal, compromise, settlement or other disposal of such action; provided, however, that the Bond Trustee shall not, unless there no longer continues an Event of Default hereunder, discontinue, withdraw, compromise or settle, or otherwise dispose of any litigation pending at law or in equity, if at the time there has been filed with it a written request signed by the Holders of at least a majority in aggregate principal amount of the Bonds Outstanding hereunder opposing such discontinuance, withdrawal, compromise, settlement or other disposal of such litigation.

Limitation on Bondholders' Right to Sue. Notwithstanding any other provision hereof, no Holder of any Bond issued hereunder shall have the right to institute any suit, action or proceeding at law or in equity, for any remedy under or upon this Indenture, the Loan Agreement or Obligation No. 2, unless (a) such Holder shall have previously given to the Bond Trustee written notice of the occurrence of an Event of Default hereunder; (b) the Holders of at least a majority in aggregate principal amount of all the Bonds then Outstanding shall have made written request upon the Bond Trustee to exercise the powers hereinbefore granted or to institute such action, suit or proceeding in its own name; (c) said Holders shall have tendered to the Bond Trustee indemnity satisfactory to the Bond Trustee against the costs, expenses and liabilities to be incurred in compliance with such request; and (d) the Bond Trustee shall have refused or omitted to comply with such request for a period of sixty (60) days after such written request shall have been received by, and said tender of indemnity shall have been made to, the Bond Trustee.

Such notification, request, tender of indemnity and refusal or omission are hereby declared, in every case, to be conditions precedent to the exercise by any Holder of Bonds of any remedy hereunder; it being understood and intended that no one or more Holders of Bonds shall have any right in any manner whatever by his or their action to enforce any right under this Indenture, except in the manner herein provided, and that all proceedings at law or in equity to enforce any provision of this Indenture shall be instituted, had and maintained in the manner herein provided and for the equal benefit of all Holders of the Outstanding Bonds.

The right of any Holder of any Bond to receive payment of the principal of and interest on such Bond out of Payments and the funds pledged herein, as herein provided, on and after the respective due dates expressed in such Bond, or to institute suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such Holder, notwithstanding the foregoing provisions of this Section or Section 7.08 of this Indenture or any other provision of this Indenture.

Authority Retained Rights. Nothing in this Article shall limit in any respect the right of the Authority to enforce or waive any of its Retained Rights under the Loan Agreement.

ARTICLE VIII

THE BOND TRUSTEE

Duties, Immunities and Liabilities of Bond Trustee. The Bond Trustee shall, prior to an Event of Default, and after the curing of all Events of Default which may have occurred, perform such duties and only such duties as are specifically set forth in this Indenture. The Bond Trustee shall, during the existence of any Event of Default which has not been cured and no implied duties (including fiduciary duties) shall be imposed on the Bond Trustee, exercise such of the rights and powers vested in it by this Indenture, and use the same degree of care and skill in their exercise, as a prudent person would exercise or use under the circumstances in the conduct of his or her own affairs.

(a) The Authority may remove the Bond Trustee at any time unless an Event of Default shall have occurred and then be continuing, and shall remove the Bond Trustee if at any time requested to do so by the Borrower (unless an Event of Default shall have occurred and then be continuing) or at any time by an instrument or concurrent instruments in writing signed by the Holders of not less than a majority in aggregate principal amount of the Bonds then Outstanding (or their attorneys duly authorized in writing) or if at any time the Bond Trustee shall cease to be eligible in accordance with subsection (e) of this Section, or shall become incapable of acting, or shall be adjudged a bankrupt or insolvent, or a receiver of the Bond Trustee or its property shall be appointed, or any public officer shall take control or charge of the Bond Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation, in each case by giving written notice of such removal to the Bond Trustee, and thereupon shall appoint, with the written consent of the Borrower (unless an Event of Default has occurred and is continuing, at which time consent of the Borrower shall not be required) and Holders of not less than a majority in aggregate principal amount of the Bonds then Outstanding (or their attorneys duly authorized in writing), a successor Bond Trustee by an instrument in writing.

(b) The Bond Trustee may at any time resign and be discharged from its duties and obligations hereunder by giving written notice of such resignation to the Authority, and by giving the Bondholders notice of such resignation by posting an electronic notice of such resignation through the Depository. Upon receiving such notice of resignation, the Authority shall appoint, with the written consent of the Borrower (unless an Event of Default has occurred and is continuing, at which time consent of the Borrower shall not be required) and Holders of

not less than a majority in aggregate principal amount of the Bonds then Outstanding (or their attorneys duly authorized in writing), a successor Bond Trustee by an instrument in writing.

(c) Any removal or resignation of the Bond Trustee and appointment of a successor Bond Trustee shall become effective upon acceptance of appointment by the successor Bond Trustee. If no successor Bond Trustee shall have been appointed and have accepted appointment within thirty (30) days of giving notice of removal or notice of resignation as aforesaid, the resigning Bond Trustee shall be entitled (at the sole cost and expense of the Authority, including with respect to reasonable attorneys' fees and expenses), or any Bondholder (on behalf of himself and all other Bondholders) may petition any court of competent jurisdiction for the appointment of a successor Bond Trustee or for other appropriate relief, and such court may thereupon, after such notice (if any) as it may deem proper, appoint such successor Bond Trustee, and any such resulting appointment or relief shall be binding upon all of the parties in interest hereto. Any successor Bond Trustee appointed under this Indenture shall signify its acceptance of such appointment by executing and delivering to the Authority and to its predecessor Bond Trustee a written acceptance thereof, and thereupon such successor Bond Trustee, without any further act, deed or conveyance, shall become vested with all the moneys, estates, properties, rights, powers, trusts, duties and obligations of such predecessor Bond Trustee, with like effect as if originally named Trustee herein; but, nevertheless at the Request of the Authority or the request of the successor Bond Trustee, such predecessor Bond Trustee shall execute and deliver any and all instruments of conveyance or further assurance and do such other things as may reasonably be required for more fully and certainly vesting in and conveying to such successor Bond Trustee all the right, title and interest of such predecessor Bond Trustee in and to any property held by it under this Indenture and shall pay over, transfer, assign and deliver to the successor Bond Trustee any money or other property subject to the trusts and conditions herein set forth. Upon request of the successor Bond Trustee, the Authority shall execute and deliver any and all instruments as may be reasonably required for more fully and certainly vesting in and confirming to such successor Bond Trustee all such moneys, estates, properties, rights, powers, trusts, duties and obligations. Upon acceptance of appointment by a successor Bond Trustee as provided in this subsection, the Borrower shall mail a notice of the succession of such Bond Trustee to the trusts hereunder to the Bondholders at the addresses shown on the Bond registration books maintained by the Bond Trustee. If the Borrower fails to mail such notice within thirty (30) days after acceptance of appointment by the successor Bond Trustee, the successor Bond Trustee shall cause such notice to be mailed at the expense of the Borrower.

(d) Any Bond Trustee appointed under the provisions of this Indenture shall be a national banking association, a trust institution or banking institution having trust powers, doing business and having a principal corporate trust office in California or, if it shall not have a principal corporate trust office in California, having the power under California law to perform all the duties of the Bond Trustee hereunder as evidenced by an opinion of its counsel, having, or if it is a member of a bank holding company system its parent shall have, a combined capital (exclusive of borrowed capital) and surplus of at least $50,000,000 and subject to supervision or examination by State or federal authorities. In case at any time the Bond Trustee shall cease to be eligible in accordance with the provisions of this subsection (e), the Bond Trustee shall resign immediately in the manner and with the effect specified in this Section.

(e) Upon the occurrence and continuance of an Event of Default, before taking any foreclosure action or any action which may subject the Bond Trustee to liability under any Environmental Law, the Bond Trustee may require that a satisfactory indemnity bond, indemnity or environmental impairment insurance be furnished for the payment or reimbursement of all expenses to which it may be put and to protect it against all liability resulting from any claims, judgments, damages, losses, penalties, fines, liabilities (including strict liability) and expenses which may result from such foreclosure or other action. The term "Environmental Laws" shall mean all federal, state and local environmental, land use, zoning, health, chemical use, safety and sanitation laws, statutes, ordinances and codes relating to the protection of the environment or governing the use, storage, treatment, generation, transportation, processing, handling, production or disposal of Hazardous Substances and the rules, regulations, policies, guidelines, interpretations, decisions, orders and directives of federal, state and local governmental agencies and authorities with respect thereto.

Merger or Consolidation. Any company into which any successor Bond Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the successor Bond Trustee, if any, may sell or transfer all or substantially all of its corporate trust business, provided such company shall be eligible under subsection (e) of Section 8.01 hereof, shall be the successor to such successor Bond Trustee without the execution or filing of any paper or any further act, anything herein to the contrary notwithstanding.

Rights of Trustee. The recitals of facts herein and in the Bonds contained shall be taken as statements of the Authority, and the Bond Trustee does not assume any responsibility for the correctness of the same, or make any representations as to the validity or sufficiency of this Indenture, the Loan Agreement or the Bonds, or incur any responsibility in respect thereof, other than in connection with the duties or obligations herein or in the Bonds assigned to or imposed upon it. The Bond Trustee shall, however, be responsible for its representations contained in its certificate of authentication on the Bonds. The Bond Trustee shall not be liable in connection with the performance of its duties hereunder, except for its own negligence or willful misconduct.

(a) The Bond Trustee shall not be liable for any error of judgment made in good faith by a Responsible Officer, unless it shall be proved that the Bond Trustee was negligent in ascertaining the pertinent facts.

(b) The Bond Trustee shall not be liable with respect to any action taken or omitted to be taken by it in accordance with the direction of the Holders of not less than a majority in aggregate principal amount of the Bonds at the time Outstanding relating to the time, method and place of conducting any proceeding for any remedy available to the Bond Trustee, or exercising any trust or power conferred upon the Bond Trustee under this Indenture. The permissive right of the Bond Trustee to do things enumerated in this Indenture shall not be construed as a duty, and, with respect to such permissive rights, the Bond Trustee shall not be answerable for other than its negligence or willful misconduct. The Bond Trustee undertakes to perform such duties and only such duties as are specifically and expressly set forth in this Indenture. These duties shall be deemed purely ministerial in nature, and the Bond Trustee shall not be liable except for the performance of such duties, and no implied covenants or obligations

shall be read into this Indenture against the Bond Trustee. In no event shall the Bond Trustee be responsible or liable for special, indirect, punitive, incidental or consequential loss or damage of any kind whatsoever (including, but not limited to, loss of profit) irrespective of whether the Bond Trustee has been advised of the likelihood of such loss or damage and regardless of the form of action.

(c) The Bond Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request, order or direction of any of the Bondholders pursuant to the provisions of this Indenture unless such Bondholders shall have offered to the Bond Trustee reasonable security or indemnity against the costs, expenses and liabilities which may be incurred therein or thereby.

(d) The Bond Trustee shall not be deemed to have knowledge of any Event of Default other than an Event of Default under Section 7.01(a) or 7.01(b) hereof unless and until a Responsible Officer of the Bond Trustee shall have actual knowledge thereof, or shall have received written notice thereof, at its Principal Corporate Trust Office. Except as otherwise expressly provided herein, the Bond Trustee shall not be bound to ascertain or inquire as to, nor shall the Bond Trustee be responsible for or chargeable with, knowledge of, the performance or observance of any of the terms, conditions, covenants or agreements herein or of any of the instruments or documents executed in connection with the Bonds or as to the existence of an Event of Default hereunder. Neither the Bond Trustee nor any of its directors, officers, employees, agents or affiliates shall be responsible for nor have any duty to monitor the performance or any action of the Authority, Borrower, MERF, or any of their directors, members, officers, agents, affiliates or employee, nor shall it have any liability in connection with the malfeasance or nonfeasance by such party. The Bond Trustee may assume performance by all such Persons of their respective obligations. The Bond Trustee shall have no enforcement or notification obligations relating to breaches of representations or warranties of any other Person.

(e) No provision of this Indenture shall require the Bond Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder, or in the exercise of its rights or powers. The Bond Trustee has no obligation or liability to the Bondholders for the payment of interest or principal with respect to the Bonds. The Bond Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of the Authority pursuant to the provisions of this Indenture, unless the Authority shall have offered to the Bond Trustee security or indemnity (satisfactory to the Bond Trustee in its sole and absolute discretion) against the costs, expenses (including fees and expenses of its attorneys) and liabilities which may be incurred by it in compliance with such request or direction.

(f) The Bond Trustee shall not be bound to ascertain or inquire as to the validity or genuineness of any collateral given to or held by it. The Bond Trustee shall not be responsible for the recording or filing of any document relating to this Indenture or of financing statements (or continuation statements in connection therewith) or of any supplemental instruments or documents of further assurance as may be required by law in order to perfect the security interests in any collateral given to or held by it.

(g) The Bond Trustee shall not be concerned with or accountable to anyone for the subsequent use or application of any moneys which shall be released or withdrawn in accordance with the provisions hereof.

(h) The Bond Trustee agrees to accept and act upon instructions or directions pursuant to this Indenture sent by unsecured e-mail, facsimile transmission or other similar unsecured electronic methods, provided, however, that, the Bond Trustee shall have received an incumbency certificate listing persons designated to give such instructions or directions and containing specimen signatures of such designated persons, which such incumbency certificate shall be amended and replaced whenever a person is to be added or deleted from the listing. If the Borrower elect to give the Bond Trustee e-mail or facsimile instructions (or instructions by a similar electronic method) and the Bond Trustee in its discretion elects to act upon such instructions, the Bond Trustee's understanding of such instructions shall be deemed controlling. The Bond Trustee shall not be liable for any losses, costs or expenses arising directly or indirectly from the Bond Trustee's reliance upon and compliance with such instructions notwithstanding such instructions conflict or are inconsistent with a subsequent written instruction. The Borrower agrees to assume all risks arising out of the use of such electronic methods to submit instructions and directions to the Bond Trustee, including without limitation the risk of the Bond Trustee acting on unauthorized instructions, and the risk of interception and misuse by third parties.

(i) The Bond Trustee shall not be liable to the parties hereto or deemed in breach or default hereunder if and to the extent its performance hereunder is prevented by reason of force majeure. The term "force majeure" means an occurrence that is beyond the control of the Bond Trustee and could not have been avoided by exercising due care. Force majeure shall include but not be limited to acts of God, terrorism, war, riots, strikes, fire, floods, earthquakes, epidemics, quarantine restrictions or other similar occurrences.

(j) The Bond Trustee may execute any of the trusts or powers hereof and perform the duties required of it hereunder by or through attorneys, agents, affiliates, or receivers, and shall be entitled to conclusively rely on advice of counsel concerning all matters of trust and its duties hereunder, and the Bond Trustee shall not be answerable for the acts or omissions of any such attorneys, agents, or receivers selected by it with reasonable care.

(k) The Bond Trustee shall have no responsibility or liability with respect to any information, statements or recital in any offering memorandum or other disclosure material prepared or distributed with respect to the issuance of these Bonds.

(l) The Bond Trustee shall not be required to review or inspect, and shall not be deemed to have notice of, the contents of any financial statement delivered to the Bond Trustee, it being expressly understood that the Bond Trustee shall only receive and hold such documents as a repository for examination and copying by any Holder at such Holder's expense during business hours on Business Days with reasonable prior notice.

(m) Upon the occurrence and continuance of an Event of Default, before taking any foreclosure action or any action which may subject the Bond Trustee to liability under any Environmental Regulation, the Bond Trustee may require that a satisfactory indemnity

bond, indemnity or environmental impairment insurance be furnished for the payment or reimbursement of all expenses to which it may be put and to protect it against all liability resulting from any claims, judgments, damages, losses, penalties, fines, liabilities (including strict liability) and expenses which may result from such foreclosure or other action. The Bond Trustee shall not be required to take any foreclosure action if the approval of a government regulator shall be a condition precedent to taking such action.

(n) Whether or not therein expressly so provided, every provision of this Indenture, the Loan Agreement or related documents relating to the conduct or affecting the liability of or affording protection to the Bond Trustee shall be subject to the provisions of this Article.

(o) To the fullest extent permitted by law and notwithstanding anything in this Indenture to the contrary, the Bond Trustee shall not be personally liable for (i) special, consequential or punitive damages, however styled, including, without limitation, lost profits or (ii) the acts or omissions of any nominee, correspondent, clearing agency, or securities depository through which it holds securities or assets.

Right of Trustee to Rely on Documents. The Bond Trustee may, at the expense of Borrower, request, conclusively rely on and shall be protected in acting upon any notice, requisition, resolution, request, consent, order, certificate, report, opinion, Bond or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties. The Bond Trustee may consult with counsel, who may be counsel of or to the Authority, with regard to legal questions, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it hereunder in accordance therewith.

The Bond Trustee shall not be bound to recognize any person as the Holder of a Bond unless and until such Bond is submitted for inspection, if required, and his title thereto is satisfactorily established, if disputed.

Whenever in the administration of the trusts imposed upon it by this Indenture the Bond Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, such matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a Certificate of the Authority, and such Certificate shall be full warrant to the Bond Trustee for any action taken or suffered under the provisions of this Indenture in reliance upon such Certificate, but in its discretion the Bond Trustee may, in lieu thereof, accept other evidence of such matter or may require such additional evidence as it may deem reasonable.

Preservation and Inspection of Documents. All documents received by the Bond Trustee under the provisions of this Indenture shall be retained in its possession and shall be subject at all reasonable times to the inspection of the Authority and any Bondholder, and their agents and representatives duly authorized in writing, at reasonable hours, upon reasonable notice and under reasonable conditions.

Compensation and Indemnification of the Bond Trustee. The Authority (solely from payments received from the Borrower) shall from time to time, subject to any agreement between the Authority and the Bond Trustee then in force, pay to the Bond Trustee compensation for its services rendered by it in the execution of the trusts hereby created and in the exercise and performance of any of the powers and duties hereunder of the Bond Trustee, which compensation shall not be limited by any provision of law with respect to the compensation of a trustee of an express trust, and the Authority shall reimburse the Bond Trustee for all its advances (with interest on such advances at the maximum rate allowed by law) and expenditures, including but not limited to advances to and fees and expenses of independent accountants, counsel (including in-house counsel to the extent not duplicative of other counsel's work) and engineers or other experts employed by it, and reasonably required, in the exercise and performance of its powers and duties hereunder. The rights of the Bond Trustee to compensation for services and to payment or reimbursement for expenses, disbursements, liabilities and advances shall have a lien prior to the Bonds in respect of all property and funds held or collected by the Bond Trustee. The Authority covenants and agrees to indemnify the Bond Trustee (solely from Payments received from the Borrower) against any loss, expense and liability (other than those which are due to the Bond Trustee's negligence or willful misconduct) which it may incur arising out of or in the exercise and performance of its powers and duties hereunder, including the costs and expenses of defending against any claim of liability. The obligations of the Authority under this Section shall survive resignation or removal of the Bond Trustee hereunder and payment of the Bonds and discharge of this Indenture.

ARTICLE IX

MODIFICATION OF INDENTURE

Modification Without Consent of Bondholders. Subject to the conditions and restrictions contained in this Indenture, the Authority and the Bond Trustee, from time to time and at any time may enter into an indenture or indentures supplemental hereto, which indenture or indentures thereafter shall form a part hereof, including, without limitation, for one or more of the following purposes, provided that the Authority and the Bond Trustee shall have received an Opinion of Bond Counsel to the effect that such amendment or modification will not cause the interest on the Tax-Exempt Bonds to be included as gross income for federal income tax purposes and that such amendment or modification is permitted by this Indenture:

(a) to add to the covenants and agreements of the Authority contained in this Indenture, other covenants and agreements thereafter to be observed, or to assign or pledge additional security for the Bonds, or to surrender any right or power herein reserved to or conferred upon the Authority; provided such amendment or modification will not materially and adversely affect the interests of the Holders of the Bonds;

(b) to make such provisions for the purpose of curing any ambiguity, inconsistency or omission, or of curing, correcting or supplementing any defective provision, contained in this Indenture, or in regard to such matters or questions arising under this Indenture as the Authority may deem necessary or desirable and not inconsistent with this Indenture; provided such amendment or modification will not materially and adversely affect the interests of the Holders of the Bonds;

(c) to modify, amend or supplement this Indenture or any indenture supplemental hereto in such manner as to permit the qualification hereof or thereof under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect, and, if they so determine, to add to this Indenture or any indenture supplemental hereto such other terms, conditions and provisions as may be permitted by said Trust Indenture Act of 1939, as amended, or similar federal statute; provided such amendment or modification will not materially and adversely affect the interests of the Holders of the Bonds;

(d) in connection with an amendment of any agreement permitted by Section 6.06 hereof for the purpose of conforming the terms, conditions and covenants of this Indenture to the corresponding or related provisions of such amended agreement;

(e) to modify or amend the Project and Exhibit A of the Loan Agreement;

(f) to modify or eliminate the book-entry registration system for the Bonds; or

(g) to comply with requirements of a Rating Agency in order to obtain or maintain a rating on any Bonds.

Any supplemental indenture authorized by the provisions of this Section 9.01 may be executed by the Authority and the Bond Trustee without the consent of the Holders of any of the Bonds at the time Outstanding, notwithstanding any of the provisions of Section 9.02 hereof, but the Bond Trustee shall not be obligated to enter into any such supplemental indenture which affects the Bond Trustee's own rights, duties or immunities under this Indenture or otherwise.

The Bond Trustee shall mail an executed copy of a supplemental indenture authorized by this Section 9.01 and any document related thereto or executed in connection therewith to the Borrower and each Rating Agency then rating the Bonds promptly after execution by the Authority and the Bond Trustee.

Modification With Consent of Bondholders. With the consent of the Holders of not less than a majority in aggregate principal amount of the Bonds at the time Outstanding), the Authority and the Bond Trustee may from time to time and at any time, with an Opinion of Bond Counsel to the effect that such amendment or modification will not, in and of itself, cause the interest on the Tax-Exempt Bonds to be included as gross income for federal income tax purposes, enter into an indenture or indentures supplemental hereto for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of this Indenture or of any supplemental indenture; provided, however that no such supplemental indenture shall (1) extend the fixed maturity of any Bonds or reduce the rate of interest thereon or extend the time of payment of interest, or reduce the amount of the principal thereof without the consent of the Holders of such Bonds, or (2) reduce the aforesaid percentage of Holders of Bonds whose consent is required for the execution of such supplemental indentures or extend the time of payment or permit the creation of any lien on the Payments or the assets pledged herein prior to or on a parity with the lien of this Indenture or deprive the Holders of the Bonds of the lien created by this Indenture upon the Payments or the assets pledged herein, without the consent of the Holders of not less than eighty percent (80%) of the aggregate principal amount of the Bonds then Outstanding. Upon the filing with the Bond Trustee of evidence of the consent of required

Bondholders, as aforesaid, the Bond Trustee shall join with the Authority in the execution of such supplemental indenture unless such supplemental indenture affects the Bond Trustee's own rights, duties or immunities under this Indenture or otherwise, in which case the Bond Trustee may in its discretion, but shall not be obligated to, enter into such supplemental indenture.

It shall not be necessary for the consent of the Bondholders under this Section 9.02 to approve the particular form of any proposed supplemental indenture, but it shall be sufficient if such consent shall approve the substance thereof.

Promptly after the execution by the Authority and the Bond Trustee of any supplemental indenture pursuant to the provisions of this Section, the Bond Trustee shall mail notice to the Borrower and the Bondholders at the addresses shown on the Bond registration books maintained by the Bond Trustee, at the expense of the Borrower. Any failure of the Bond Trustee to give such notice, or any defect therein, shall not, however, in any way impair or affect the validity of any such supplemental indenture.

The Bond Trustee shall mail an executed copy of such supplemental indenture and any amendment of the Loan Agreement permitted under Section 6.06 hereof to the Borrower, each Rating Agency then rating the Bonds promptly after execution by the Authority, the Bond Trustee, and in the case of the Loan Agreement, the Borrower.

Effect of Supplemental Indenture. Upon the execution of any supplemental indenture pursuant to the provisions of this Article IX this Indenture shall be, and shall be deemed to be, modified and amended in accordance therewith, and the respective rights, duties and obligations under this Indenture of the Authority, the Bond Trustee and all Holders of Outstanding Bonds shall thereafter be determined, exercised and enforced hereunder subject in all respects to such modifications and amendments, and all the terms and conditions of any such supplemental indenture shall be part of the terms and conditions of this Indenture for any and all purposes.

Opinion of Counsel as to Supplemental Indenture. Subject to the provisions of Section 8.04 of this Indenture and the requirement in Sections 9.01 and 9.02 hereof for an Opinion of Bond Counsel, the Bond Trustee and the Authority may receive an Opinion of Counsel as conclusive evidence that any supplemental indenture executed pursuant to the provisions of this Article IX complies with the requirements of this Article IX and shall have no liability to Holders in excluding any Supplemental Indenture in reliance on an Opinion of Bond Counsel.

Notation of Modification on Bonds; Preparation of New Bonds. Bonds authenticated and delivered after the execution of any supplemental indenture pursuant to the provisions of this Article IX may bear a notation, in form approved by the Authority, as to any matter provided for in such supplemental indenture, and if such supplemental indenture shall so provide, new Bonds, so modified as to conform, in the opinion of the Authority, to any modification of this Indenture contained in any such supplemental indenture, may be prepared by the Authority, authenticated by the Bond Trustee and delivered without cost to the Holders of the Bonds then Outstanding, upon surrender for cancellation of such Bonds, in equal aggregate principal amounts.

ARTICLE X

DEFEASANCE

Discharge of Indenture. (a) Bonds may be paid or caused to be paid in any of the following ways, provided that any other sums payable hereunder have also been paid or caused to be paid:

(i) by paying or causing to be paid the principal of and interest on the Bonds Outstanding as and when the same become due and payable;

(ii) by depositing with the Bond Trustee, in trust, at or before maturity, money or securities in the necessary amount (as provided in Section 10.03 hereof) to pay or redeem Bonds Outstanding; or

(iii) by delivering to the Bond Trustee, for cancellation by it, all Bonds Outstanding.

(b) If all Bonds then Outstanding are paid or caused to be paid as provided above and all other sums payable hereunder shall also be paid or caused to be paid, and if the Borrower shall have paid all Additional Payments and any indemnification owed to the Authority and any other fees and expenses payable to the Authority pursuant to the Loan Agreement, then and in that case, at the election of the Borrower (evidenced by a Certificate of the Borrower, filed with the Bond Trustee, signifying the intention to discharge all such indebtedness and this Indenture), and notwithstanding that any Bonds shall not have been surrendered for payment, this Indenture and the pledge of Payments made under this Indenture and all covenants, agreements and other obligations of the Authority under this Indenture shall cease, terminate, become void and be completely discharged and satisfied, except only as provided in Section 10.02 hereof. In such event, upon request of the Borrower, the Bond Trustee shall cause an accounting for such period or periods as may be requested by the Borrower to be prepared and filed with the Borrower and shall execute and deliver to the Borrower all such instruments as may be necessary or desirable to evidence such discharge and satisfaction, and the Bond Trustee shall pay over, transfer, assign or deliver to the Borrower all moneys or securities or other property held by it pursuant to this Indenture which are not required for the payment of Bonds not theretofore surrendered for such payment and which are not required for the payment of fees and expenses of the Bond Trustee.

Discharge of Liability on Bonds. Upon the deposit with the Bond Trustee, in trust, at or before maturity, of money or securities in the necessary amount (as provided in Section 10.03 hereof) to pay any Outstanding Bond, whether upon or prior to its maturity, then all liability in respect of such Bond shall cease, terminate and be completely discharged, except only that thereafter the Holder thereof shall be entitled to payment of the principal of and interest on such Bond, but only out of the money or securities deposited with the Bond Trustee as aforesaid for its payment; provided further, however, that the provisions of Section 10.04 hereof shall apply in all events.

The Bonds may at any time be surrendered to the Bond Trustee for cancellation by the Authority or the Borrower, which may have been acquired in any manner whatsoever, and such Bonds, upon such surrender and cancellation, shall be deemed to be paid and retired.

Deposit of Money or Securities With Bond Trustee. Whenever in this Indenture it is provided or permitted that there be deposited with or held in trust by the Bond Trustee money or securities in the amount necessary to pay any Bonds, such amount (which may include money or securities held by the Bond Trustee in the funds established pursuant to this Indenture) shall be equal (taking into account income which will accrue from the investment thereof on the date of deposit of such funds but without taking into account any income from the subsequent reinvestment thereof) to the principal amount of such Bonds and all unpaid interest thereon to maturity, and shall be:

(a) lawful money of the United States of America; or

(b) noncallable bonds, bills and bonds issued by the Department of the Treasury (including without limitation (1) obligations issued or held in book-entry form on the books of the Department of the Treasury and (2) the interest component of Resolution Funding Corporation strips for which separation of principal and interest is made by request to the Federal Reserve Bank of New York in book-entry form), United States Treasury Obligations State and Local Government Series and Zero Coupon United States Treasury Bonds;

provided, in each case, that the Bond Trustee shall have been irrevocably instructed (by the terms of this Indenture or by Request of the Borrower or the Authority) to apply such money to the payment of such principal of and interest on such Bonds and provided, further, that the Authority and the Bond Trustee shall have received (i) an Opinion of Bond Counsel to the effect that such deposit shall not cause interest on the Tax-Exempt Bonds to be included in the gross income of the Holder thereof for federal income tax purposes and that the Bonds to be discharged are no longer Outstanding; and (ii) a verification report of a firm of certified public accountants or other financial services firm acceptable to the Bond Trustee verifying that the money or securities so deposited or held together with earnings thereon will be sufficient to make all payments of principal of and interest on the Bonds to be discharged to and including their maturity date.

Payment of Bonds After Discharge of Indenture. Notwithstanding any provision of this Indenture, and subject to applicable escheat laws, any moneys held by the Bond Trustee in trust for the payment of the principal of or interest on any Bonds and remaining unclaimed for one year after the principal of all the Outstanding Bonds has become due and payable (whether at maturity or by declaration as provided in this Indenture), if such moneys were so held at such date, or two years after the date of deposit of such moneys if deposited after said date when all of the Bonds became due and payable, shall be repaid to the Borrower free from the trusts created by this Indenture, and all liability of the Bond Trustee with respect to such moneys shall thereupon cease; provided, however, that before the repayment of such moneys to the Borrower as aforesaid, the Bond Trustee may (at the expense of the Borrower) first mail to the Holders of Bonds which have not yet been paid, at the addresses shown on the registration books maintained by the Bond Trustee, a notice, in such form as may be deemed appropriate by the Bond Trustee,

with respect to the Bonds so payable and not presented and with respect to the provisions relating to the repayment to the Borrower of the moneys held for the payment thereof.

ARTICLE XI

MISCELLANEOUS

Liability of Authority Limited to Payments. Principal of and interest on the Bonds is payable solely from Payments. Neither the State nor the Authority shall be obligated to pay the Bonds or the interest thereon except from certain Payments set forth herein, and neither the faith and credit nor the taxing power of the State or of any political subdivision thereof shall be pledged to the payment of the principal of or the interest on the Bonds. The issuance of the Bonds shall not directly or indirectly or contingently obligate the State or any political subdivision thereof to levy or to pledge any form of taxation whatever therefor or to make any appropriation for their payment. The Authority shall not be treated or deemed as having incurred any liability hereunder or by reason of or in connection with this Indenture, the Loan Agreement or any of the transactions contemplated by any thereof except to the extent payable from certain Payments set forth herein or other amounts available therefor under and pursuant to this Indenture. Nevertheless, the Authority may, but shall not be required to, advance for any of the purposes of this Indenture any funds of the Authority which may be made available to it for such purposes.

Successor Is Deemed Included in All References to Predecessor. Whenever in this Indenture either the Authority or the Bond Trustee is named or referred to, such reference shall be deemed to include the successors or assigns thereof, and all the covenants and agreements in this Indenture contained by or on behalf of the Authority or the Bond Trustee shall bind and inure to the benefit of the respective successors and assigns thereof whether so expressed or not.

Limitation of Rights to Parties, Borrower and Bondholders. Nothing in this Indenture or in the Bonds expressed or implied is intended or shall be construed to give to any person other than the Authority, the Bond Trustee, the Borrower and the Holders of the Bonds any legal or equitable right, remedy or claim under or in respect of this Indenture or any covenant, condition or provision therein or herein contained; and all such covenants, conditions and provisions are and shall be held to be for the sole and exclusive benefit of the Authority, the Bond Trustee, the Borrower and the Holders of the Bonds.

Waiver of Notice. Whenever in this Indenture the giving of notice by mail or otherwise is required, the giving of such notice may be waived in writing by the person entitled to receive such notice and in any such case the giving or receipt of such notice shall not be a condition precedent to the validity of any action taken in reliance upon such waiver.

Destruction of Bonds. Whenever in this Indenture provision is made for the cancellation by the Bond Trustee and the delivery to the Authority of any Bonds, the Bond Trustee shall, in lieu of such cancellation and delivery, destroy such Bonds and, at the request of the Authority deliver a certificate of such destruction to the Authority.

Severability of Invalid Provisions. If any one or more of the provisions contained in this Indenture or in the Bonds shall for any reason be held to be invalid, illegal or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions contained in this Indenture and such invalidity, illegality or unenforceability shall not affect any other provision of this Indenture, and this Indenture shall be construed as if such invalid or illegal or unenforceable provision had never been contained herein. The Authority hereby declares that it would have entered into this Indenture and each and every other Section, paragraph, sentence, clause or phrase hereof and authorized the issuance of the Bonds pursuant thereto irrespective of the fact that any one or more Sections, paragraphs, sentences, clauses or phrases of this Indenture may be held illegal, invalid or unenforceable.

Notices. Unless otherwise provided herein, all notices, certificates or other communications hereunder shall be sufficiently given and shall be deemed given (a) if hand delivered or delivered by courier, when delivered to the appropriate notice address, or (b) if mailed by first class mail, postage prepaid, six Business Days after deposit in the United States mail addressed to the appropriate notice address. Any telecopy or other electronic transmission received by any party after 4:00 p.m., local time, as evidenced by the time shown on such transmission, shall be deemed to have been received the following Business Day. The parties listed below may, by notice given hereunder, designate any further or different addresses to which subsequent notices, certificates or other communications shall be sent. Any notice required or permitted hereunder shall be directed to the following notice address:

As to the Authority:	California School Finance Authority State Treasurer's Office 300 South Spring Street, Suite 8500 Los Angeles, California 90013 Attention: Executive Director Telecopy: (213) 620-6309
As to the Borrower:	Magnolia Properties Management, Inc. 250 E. First Street, Suite 1500 Los Angeles, California 90012 Attention: Chief Executive Officer
As to Bond Trustee:	UMB Bank, National Association 2 South Broadway, Suite 600 St. Louis, Missouri 63102 Attention: Brian Krippner (314) 612-8480 Brian.krippner@umb.com

Evidence of Rights of Bondholders. Any request, consent or other instrument required or permitted by this Indenture to be signed and executed by Bondholders may be in any number of concurrent instruments of substantially similar tenor and shall be signed or executed by such Bondholders in person or by an agent or agents duly appointed in writing. Proof of the execution of any such request, consent or other instrument or of a writing appointing any such agent, or of the holding by any person of Bonds transferable by delivery, shall be sufficient for any purpose

of this Indenture and shall be conclusive in favor of the Bond Trustee and of the Authority if made in the manner provided in this Section.

The fact and date of the execution by any person of any such request, consent or other instrument or writing may be proved by the certificate of any notary public or other officer of any jurisdiction, authorized by the laws thereof to take acknowledgments of deeds, certifying that the person signing such request, consent or other instrument acknowledged the execution thereof, or by an affidavit of a witness of such execution duly sworn to before such notary public or other officer.

The ownership of Bonds shall be proved by the bond registration books held by the Bond Trustee.

Any request, consent, or other instrument or writing of the Holder of any Bond shall bind every future Holder of the same Bond and the Holder of every Bond issued in exchange therefor or in lieu thereof, in respect of anything done or suffered to be done by the Bond Trustee or the Authority in accordance therewith or reliance thereon.

Disqualified Bonds. In determining whether the Holders of the requisite aggregate principal amount of Bonds have concurred in any demand, request, direction, consent or waiver under this Indenture, Bonds which are owned or held by or for the account of the Authority or the Borrower or by any person directly or indirectly controlling or controlled by, or under direct or indirect common control with, the Authority or the Borrower shall be disregarded and deemed not to be Outstanding for the purpose of any such determination. Bonds so owned which have been pledged in good faith may be regarded as Outstanding for the purposes of this Section if the pledgee shall establish to the satisfaction of the Bond Trustee the pledgee's right to vote such Bonds and that the pledgee is not a person directly or indirectly controlling or controlled by, or under direct or indirect common control with, the Authority or the Borrower. In case of a dispute as to such right, any decision by the Bond Trustee taken upon the advice of counsel shall be full protection to the Bond Trustee. Upon request of the Bond Trustee, the Authority and the Borrower shall specify in a certificate to the Bond Trustee those Bonds disqualified pursuant to this Section and the Bond Trustee may conclusively rely on such certificate.

Money Held for Particular Bonds. The money held by the Bond Trustee for the payment of the interest, principal due on any date with respect to particular Bonds shall, on and after such date and pending such payment, be set aside on its books and held in trust by it for the Holders of the Bonds entitled thereto.

Funds and Accounts. Any fund required by this Indenture to be established and maintained by the Bond Trustee may be established and maintained in the accounting records of the Bond Trustee, either as a fund or an account, and may, for the purposes of such records, any audits thereof and any reports or statements with respect thereto, be treated either as a fund or as an account; but all such records with respect to all such funds shall at all times be maintained in accordance with customary standards of the corporate trust industry, to the extent practicable, and with due regard for the requirements of Sections 5.12 and 6.09 hereof (and the Tax Certificate) and for the protection of the security of the Bonds and the rights of every Holder thereof.

Waiver of Personal Liability. No member, officer, director, official, agent, attorney, or employee of the Authority shall be individually or personally liable for the payment of the principal (or redemption price) of or interest on the Bonds or any other sum hereunder or be subject to any personal liability or accountability by reason of the issuance thereof; but nothing herein contained shall relieve any such member, officer, director, official, agent, attorney, or employee from the performance of any official duty provided by law or by this Indenture.

Execution in Several Counterparts. This Indenture may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original; and all such counterparts, or as many of them as the Authority and the Bond Trustee shall preserve undestroyed, shall together constitute but one and the same instrument.

Governing Law; Venue. The laws of the State of California govern all matters arising out of or relating to this Indenture and the Bonds, including, without limitation, their validity, interpretation, construction, performance, and enforcement. Any party bringing a legal action or proceeding against any other party arising out of or relating to this Indenture shall bring the legal action or proceeding in Sacramento County Superior Court, Sacramento, California, unless the Authority waives this requirement in writing. Each party agrees that the exclusive (subject to waiver as set forth herein) choice of forum set forth in this section does not prohibit the enforcement of any judgment obtained in that forum or any other appropriate forum. Each party waives, to the fullest extent permitted by law, (a) any objection which may now or later have to the laying of venue of any legal action or proceeding arising out of or relating to this Indenture brought in the Sacramento County Superior Court, Sacramento, California, and (b) any claim that any such action or proceeding brought in such court has been brought in an inconvenient forum.

Complete Agreement. This Indenture represents the complete agreement between the parties with respect to the Bonds and related matters.

Transaction by Electronic Means. Each of the parties hereto agrees that the transaction consisting of this agreement may be conducted by electronic means. Each party agrees, and acknowledges that it is such party's intent, that if such party signs this agreement using an electronic signature, it is signing, adopting, and accepting this agreement and that signing this agreement using an electronic signature is the legal equivalent of having placed its handwritten signature on this agreement on paper. Each party acknowledges that it is being provided with an electronic or paper copy of this agreement in a usable format.

Action to Be Taken on Days Other Than Business Days. Except as otherwise provided herein, whenever this Indenture requires any action to be taken on a day which is not a Business Day, such action shall be taken on the next succeeding Business Day with the same force and effect as if taken on such day. If any payment is made on the next Business Day as aforesaid, no interest shall accrue for the intervening period.

IN WITNESS WHEREOF, the CALIFORNIA SCHOOL FINANCE AUTHORITY has caused this Indenture to be signed in its name by a Deputy Treasurer for the Chairperson and its Executive Director, and UMB Bank, National Association, in token of its acceptance of the trusts created hereunder, has caused this Indenture to be signed in its name by a deputy hereunto duly authorized, all as of the day and year first above written.

FORM OF BOND

THIS BOND IS SUBJECT TO TRANSFER RESTRICTIONS AS SET FORTH IN THE INDENTURE (DEFINED HEREIN). BY POSSESSION OF THIS BOND, THE HOLDER CERTIFIES THAT IT IS A QUALIFIED INSTITUTIONAL BUYER OR AN ACCREDITED INVESTOR AS DEFINED IN THE INDENTURE. THE HOLDER HEREOF, BY THE ACCEPTANCE OF THIS BOND, ACKNOWLEDGES THAT THIS BOND MAY ONLY BE REGISTERED IN THE NAME OF, OR TRANSFERRED TO, OR BENEFICIAL OWNERSHIP CAN ONLY BE HELD BY, A "QUALIFIED INSTITUTIONAL BUYER" OR AN "ACCREDITED INVESTOR." THE TRANSFER RESTRICTIONS HEREOF MAY BE REMOVED ONLY PURSUANT TO CERTAIN PROVISIONS OF THE INDENTURE. IN THE EVENT SUCH RESTRICTIONS ARE REMOVED, THE BOND TRUSTEE SHALL INFORM THE HOLDER OF THIS BOND.

THE BONDS ARE NOT AND SHALL NOT BE DEEMED TO CONSTITUTE A DEBT OR LIABILITY OF THE STATE OF CALIFORNIA OR OF ANY POLITICAL SUBDIVISION THEREOF, OTHER THAN THE CALIFORNIA SCHOOL FINANCE AUTHORITY, AND ARE NOT AND SHALL NOT BE DEEMED TO BE A PLEDGE OF THE FAITH AND CREDIT OF THE STATE, OR OF ANY POLITICAL SUBDIVISION THEREOF, BUT SHALL BE PAYABLE SOLELY FROM THE FUNDS PROVIDED THEREFOR. NEITHER THE STATE NOR THE AUTHORITY SHALL BE OBLIGATED TO PAY THE PRINCIPAL OF THE BONDS, OR THE REDEMPTION PREMIUM, IF ANY, OR INTEREST THEREON, EXCEPT FROM THE FUNDS PROVIDED THEREFOR UNDER THE INDENTURE. THE ISSUANCE OF THE BONDS SHALL NOT DIRECTLY, INDIRECTLY OR CONTINGENTLY OBLIGATE THE STATE OF CALIFORNIA OR ANY POLITICAL SUBDIVISION THEREOF TO LEVY OR TO PLEDGE ANY FORM OF TAXATION OR TO MAKE ANY APPROPRIATION FOR THEIR PAYMENT. THE AUTHORITY HAS NO TAXING POWER. NOTHING IN THE INDENTURE, THE ACT OR OTHERWISE IS AN UNDERTAKING BY THE AUTHORITY OR THE STATE OR ANY POLITICAL SUBDIVISION THEREOF TO FUND THE TRANSFERS DESCRIBED IN THE INTERCEPT NOTICE OR TO MAKE FUNDS AVAILABLE TO THE SCHOOL IN ANY AMOUNT OR AT ANY TIME.

Unless this certificate is presented by an authorized representative of The Depository Trust Company to the issuer or its agent for registration of transfer, exchange or payment, and any certificate issued is registered in the name of Cede & Co. or such other name as requested by an authorized representative of The Depository Trust Company and any payment is made to Cede & Co., ANY

TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL since the registered owner hereof, Cede & Co., has an interest herein.

CALIFORNIA SCHOOL FINANCE AUTHORITY, a public instrumentality of the State of California (the "Authority"), for value received, hereby promises to pay (but only out of the Payments and other assets pledged therefor as hereinafter mentioned) to CEDE & CO. or registered assigns, on the maturity date specified above (subject to any right of prior redemption hereinafter mentioned), the principal sum of _____ DOLLARS ($_____), in lawful money of the United States of America; and to pay interest thereon (but only from said Payments and other assets pledged therefor) in like lawful money from the date hereof until payment of such principal sum shall be discharged as provided in the Indenture hereinafter mentioned, at the rate stated above, payable on January 1 and July 1 of each year, commencing on [July 1, 2026]. The principal (or redemption price) hereof is payable at the Principal Corporate Trust Office (as defined in the Indenture) of UMB Bank, National Association (together with any successor Bond Trustee as provided in the Indenture, as defined below, the "Bond Trustee"). Interest hereon is payable by check mailed on each interest payment date to the registered owner hereof as of the fifteenth day of the month immediately preceding the month in which such interest payment date occurs (except with respect to defaulted interest) (the "Record Date") at the address appearing on the bond registration books maintained by the Bond Trustee; provided, however, that the holder of $1,000,000 or more in aggregate principal amount of Bonds may be paid by wire transfer to an account within the United States of America upon written request filed with the Bond Trustee by the applicable Record Date for such payment.

Principal of and interest on the Bonds is payable solely from Payments. Neither the State nor the Authority shall be obligated to pay the Bonds or the interest thereon except from certain Payments set forth in the Indenture, and neither the faith and credit nor the taxing power of the State or of any political subdivision thereof shall be pledged to the payment of the principal of or

the interest on the Bonds. The issuance of the Bonds shall not directly or indirectly or contingently obligate the State or any political subdivision thereof to levy or to pledge any form of taxation whatever therefor or to make any appropriation for their payment. The Authority shall not be treated or deemed as having incurred any liability under the Indenture or by reason of or in connection with the Indenture, the Loan Agreement or any of the transactions contemplated by any thereof except to the extent payable from certain Payments set forth in the Indenture or other amounts available therefor under and pursuant to the Indenture. Nevertheless, the Authority may, but shall not be required to, advance for any of the purposes of the Indenture any funds of the Authority which may be made available to it for such purposes. The Bonds are not a debt of the State of California and said State is not liable for payment thereof.

This Bond is entitled "California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group) Series 2026[A][B (Taxable)]" (herein called the "Bonds"), limited in aggregate principal amount _____ dollars ($_____) and issued pursuant to the provisions of the California School Finance Authority Act (constituting Chapter 18 (commencing with Section 17170) of Part 10 of Division 1 of Title 1 of the Education Code of the State of California) (herein called the "Act") and an indenture, dated as of [March] 1, 2026, between the Authority and the Bond Trustee (herein called the "Indenture").

The Bonds are issuable only as fully registered Bonds in denominations of $25,000 and any integral multiple of $5,000 in excess thereof. Subject to the limitations and upon payment of the charges, if any, provided in the Indenture, Bonds may be exchanged, at the Principal Corporate Trust Office, for a like aggregate principal amount of Bonds of other authorized denominations.

Reference is hereby made to the Indenture (a copy of which is on file at said Principal Corporate Trust Office) and all indentures supplemental thereto, to the Loan Agreement (a copy of which is on file at said Principal Corporate Trust Office) and to the Act for a description of the rights thereunder of the registered owners of the Bonds, of the nature and extent of the security, of the rights, duties and immunities of the Bond Trustee and of the rights and obligations of the Authority thereunder, to all the provisions of which Indenture and Loan Agreement the registered owner of this Bond, by acceptance hereof, assents and agrees.

The Bonds are secured by a pledge and assignment of Payments and of amounts held in the funds and accounts (other than the Rebate Fund) established pursuant to the Indenture, subject only to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth in the Indenture.

The Bonds are subject to redemption prior to their stated maturity, at the times and redemption prices, upon the notice and subject to the terms and conditions set forth in the Indenture. If this Bond is called for redemption and payment is duly provided therefor as specified in the Indenture, interest shall cease to accrue hereon from and after the date fixed for redemption.

This Bond is transferable by the registered owner hereof, in person or by such person's attorney duly authorized in writing, at the Principal Corporate Trust Office, but only in the

manner, subject to the limitations and upon payment of the charges, if any, provided in the Indenture, and upon surrender and cancellation of this Bond. Upon such transfer a Bond or Bonds, of authorized denomination or denominations and for the same aggregate principal amount, will be issued to the transferee in exchange therefor.

The Authority and the Bond Trustee may treat the registered owner hereof as the absolute owner hereof for all purposes, and the Authority and the Bond Trustee shall not be affected by any notice to the contrary.

It is hereby certified and recited that any and all conditions, things and acts required to exist, to have happened and to have been performed precedent to and in the issuance of this Bond do exist, have happened and have been performed in due time, form and manner as required by the provisions of the Act and by the Constitution and laws of the State of California, and that the amount of this Bond, together with all other indebtedness of the Authority, does not exceed any limit prescribed by the Act, or by the Constitution and laws of the State of California, and is not in excess of the amount of Bonds permitted to be issued under the Indenture.

This Bond shall not be entitled to any benefit under the Indenture, or become valid or obligatory for any purpose, until the certificate of authentication and registration hereon endorsed shall have been signed by the Bond Trustee.

This Bond shall be construed in accordance with and governed by the Constitution and the laws of the State of California applicable to contracts made and performed in the State of California.

IN WITNESS WHEREOF, the California School Finance Authority has caused this Bond to be executed in its name and on its behalf by the facsimile signature of its Chairperson, as of the Dated Date recited above.

Re: $[_____] California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group) Series 2026A and Series 2026B (Taxable)

Ladies and Gentlemen:

[The undersigned (the "Investor") hereby acknowledges that it is purchasing $[_____] aggregate principal amount of California School Finance Authority (the "Authority") Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group) [Series 2026A][Series 2026B (Taxable)] (the "Bonds"), issued pursuant to an Indenture, dated as of [March] 1, 2026 (the "Indenture"), between the Authority and UMB Bank, National Association (the "Trustee"). Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Indenture.

This letter is being provided pursuant to a Bond Purchase Agreement, dated [Sale Date] (the "Purchase Agreement"), among the Authority, the Treasurer of the State of California, as agent for sale on behalf of the Authority, and Stifel, Nicolaus & Company, Incorporated (the "Underwriter"), and approved by Magnolia Properties Management, Inc. (the "Borrower") and Magnolia Educational & Research Foundation, a California nonprofit public benefit corporation ("MERF").

The undersigned acknowledges that the Bonds are being delivered for the purpose of financing the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and/or equipping of the charter school educational facility known as Magnolia Science Academy 5 to be located at 7111 Winnetka Avenue, Winnetka, CA 91305 (the "Project") on behalf of the Borrower, as more particularly described in the Loan Agreement, dated as of [March] 1, 2026 (the "Loan Agreement"), by and between the Authority and the Borrower. The undersigned further acknowledges that a school loan agreement will be entered into between MPM Santa Ana LLC (the "School Lender") and MERF, dated as of [March] 1, 2026 (the "School Loan Agreement").

The Bonds and the interest thereon are payable solely out of certain revenues and income received by the Authority or the Trustee pursuant to the Loan Agreement and Obligation No. 2 relating to the Bonds ("Obligation No. 2") issued by the Obligated Group Representative in an amount equal to the aggregate principal amount of the Bonds pursuant to a Master Indenture of

Powered by BoardOnTrack

Trust, dated as of April 1, 2025 (the "Master Indenture"), as supplemented by a Supplemental Master Indenture for Obligation No. 2, dated as of [March] 1, 2026 (the "Supplemental Master Indenture"), each by and between the Obligated Group Representative and UMB Bank, National Association, as master trustee (the "Master Trustee"). The Indenture, the Loan Agreement, the School Loan Agreement, the Master Trust Indenture, and the Supplemental Master Indenture are referred to herein as the "Bond Documents."

In connection with the sale of the Bonds to the Investor, the Investor hereby makes the following representations upon which you may rely:

1. The Investor has authority and is duly authorized to purchase the Bonds and to execute this letter and any other instruments and documents required to be executed by the Investor in connection with the purchase of the Bonds.

2. The Investor is either (a) a "qualified institutional buyer" as defined in Rule 144A of the Securities Act of 1933, as amended (the "Act"), or (b) an "accredited investor" as defined in Section (a) of Rule 501 of Regulation D promulgated under the Act, and therefore has sufficient knowledge and experience in financial and business matters, including in the purchase and ownership of municipal obligations, to be able to evaluate the risks and merits of the investment represented by the Bonds.

3. The Bonds are being acquired by the Investor for investment and not with a current view to, or for resale in connection with, any distribution of the Bonds, and the Investor intends to hold the Bonds solely for its own account for investment purposes for an indefinite period of time, and does not intend at this time to dispose of all or any part of the Bonds. However, the Investor may sell, transfer, or otherwise dispose of all or any of the Bonds at any time the Investor deems appropriate, subject to the transfer restrictions set forth in the Bonds and in the Indenture. The Investor understands that it may need to bear the risks of this investment for an indefinite time, since a sale of the Bonds, or any portion thereof, prior to maturity may not be possible.

4. The Investor understands that the Bonds are not registered under the Act and that such registration is not legally required as of the date hereof and further understands that the Bonds (a) are not being registered or otherwise qualified for sale under the "Blue Sky" laws and regulations of any state, (b) will not be listed in any stock or other securities exchange, (c) will not carry a rating from any rating service and (d) will be delivered in a form which may not be readily marketable due to restrictions on transfer.

5. The Investor acknowledges that it has either been supplied with or been given access to information, including financial statements and other financial information, which it has requested from the Borrower and which the Investor believes to be significant in making investment decisions, which information is included in the Preliminary Limited Offering Memorandum, dated [_____], 2026 (the "Preliminary Limited Offering Memorandum"), and the Limited Offering Memorandum, dated as of [Sale Date] (the "Limited Offering Memorandum"), and the Investor has had the opportunity to ask questions and receive answers from knowledgeable individuals, including its own counsel, concerning the Borrower, the Project,

MERF, the Bond Documents and the Bonds and the security therefor so that the Investor has been able to make a decision to purchase the Bonds.

6. The Investor has received a copy of the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum. The Investor acknowledges that it has not relied upon any advice, counsel, representation or information of the Authority (other than the information in the Preliminary Limited Offering Memorandum and Limited Offering Memorandum under the headings ["THE AUTHORITY" and "ABSENCE OF MATERIAL LITIGATION – The Authority"]) in connection with the Investor's purchase of the Bonds.

7. The Investor acknowledges that the obligations of the Authority under the Indenture are special, limited obligations payable solely from amounts paid to the Authority or the Trustee from the Borrower pursuant to the Loan Agreement and Obligation No. 2 and the Authority shall not be directly or indirectly or contingently or morally obligated to use any other moneys or assets of the Authority to pay any portion of the costs of the Project, the Costs of Issuance, or any other costs or expense in connection with the Project, the Costs of Issuance, the Bonds or the Bond Documents. The Investor understands that the Bonds are not secured by any pledge of any moneys received or to be received from taxation by the Authority (which has no taxing power), the State of California or any political subdivision or taxing district thereof; that the Bonds will never represent or constitute a general obligation or a pledge of the faith and credit of the Authority, the State of California or any political subdivision thereof; that no right will exist to have taxes levied by the State of California or any political subdivision thereof for the payment of principal of or interest on the Bonds and that the liability of the Authority and the State of California with respect to the Bonds is subject to further limitations as set forth in the Bonds and the Indenture.

8. The Investor has made its own inquiry and analysis with respect to the Bonds and the security therefor, and other material factors affecting the security and payment of the Bonds. The Investor is aware that the business of the Borrower and MERF involves certain economic and regulatory variables and risks that could adversely affect the security for the Bonds. The Investor has reviewed the documents executed in conjunction with the issuance of the Bonds, or summaries thereof, including, without limitation, the Indenture, the Master Indenture, the Supplemental Master Indenture, the School Loan Agreement and the Loan Agreement.

9. The Investor acknowledges and agrees that the Authority takes no responsibility for, and makes no representation to the Investor, or any subsequent purchaser, with regard to, a sale, transfer or other disposition of the Bonds in violation of the provisions hereof, or any securities law or income tax law consequences thereof. The Investor also acknowledges that, with respect to the Authority's obligations and liabilities, the Investor is solely responsible for its compliance with the sales restrictions on the Bonds in connection with any subsequent transfer of the Bonds made by the Investor.

10. The Investor agrees that it is bound by and will abide by the provisions of the Indenture relating to transfer, the restrictions noted on the face of the Bonds and this Investor Letter. The Investor also covenants to comply with all applicable federal and state securities laws, rules and regulations in connection with any resale or transfer of the Bonds by the Investor.

11. The Investor acknowledges that the sale of the Bonds to the Investor is made in reliance upon the certifications, representations and warranties herein by the addressees hereto.

12. The Investor hereby waives any and all claims, actions, or causes of action which the Investor may have from and after the date hereof against the Authority, counsel to the Authority, and their respective members, officers, agents, and employees, growing out of any action (other than willful misconduct) which the Authority took or could have taken in connection with the authorization, execution, delivery, and sale of the Bonds or the purchase of the Bonds by the undersigned or in connection with any statements or representations which induced the undersigned to purchase the Bonds. This waiver does not go to the Borrower, the Underwriter, Bond Counsel, MERF, or their counsel, their respective members, officers, agents, or employees.

The interpretation of the provisions hereof shall be governed and construed in accordance with California law without regard to principles of conflicts of laws.]

Ladies and Gentlemen:

Stifel, Nicolaus & Company, Incorporated (the "Underwriter"), offers to enter into this Bond Purchase Agreement (the "Bond Purchase Agreement") with the California School Finance Authority (the "Authority"), the Honorable Fiona Ma, Treasurer of the State of California (the "State Treasurer"), as agent for sale on behalf of the Authority, Magnolia Properties Management, Inc. (the "Borrower"), a California nonprofit public benefit corporation, and Magnolia Educational & Research Foundation, a California nonprofit public benefit corporation (or the "Lessee"), operating charter schools established pursuant to the Charter Schools Act of 1992, as amended. Upon the State Treasurer's and the Authority's acceptance hereof, and approval by the Borrower and the Lessee, this offer will become binding upon the State Treasurer, the Authority, the Borrower, the Lessee and the Underwriter. This offer is made subject to the written acceptance by the State Treasurer and the Authority and approval by the Borrower and the Lessee by delivery of an executed counterpart hereof at or prior to 11:00 p.m., Pacific Time, on this date or on such later date as shall have been consented to by the Underwriter. Capitalized terms used in this Bond Purchase Agreement and not defined herein shall have the meanings ascribed thereto in the Bond Indenture, as defined below.

1. Sale of the Bonds.

(a) Upon the basis of the representations, warranties and agreements herein set forth and subject to the terms and conditions contained herein, the Underwriter hereby agrees to purchase from the State Treasurer, as agent for sale on behalf of the Authority, and the

State Treasurer, as agent for sale on behalf of the Authority, hereby agrees to sell and deliver to the Underwriter, all (but not less than all) of the California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group) Series 2026A, in the aggregate principal amount of $_____ (the "Series 2026A Bonds") and the California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group) Series 2026B (Taxable), in the aggregate principal amount of $_____ (the "Series 2026B Bonds" and together with the Series 2026A Bonds, the "Bonds").

The State Treasurer, the Authority, and the Underwriter acknowledge and agree that (i) the purchase and sale of the Bonds pursuant to this Bond Purchase Agreement is an arm's-length, commercial transaction among the State Treasurer, the Authority, and the Underwriter in which the Underwriter is acting solely as a principal and is not acting as an agent, advisor or fiduciary of the State Treasurer or the Authority; (ii) the Underwriter has not assumed any advisory or fiduciary responsibility to the State Treasurer or the Authority with respect to this Bond Purchase Agreement, the offering of the Bonds and the discussions, undertakings and procedures leading thereto (irrespective of whether the Underwriter, or any affiliate of the Underwriter, has provided other services or is currently providing other services to the State Treasurer or the Authority on other matters); (iii) the only contractual obligations the Underwriter has to the State Treasurer and the Authority with respect to the transactions contemplated hereby are those set forth in this Bond Purchase Agreement; (iv) the Underwriter has financial and other interests that differ from those of the State Treasurer and the Authority; and (v) the State Treasurer and the Authority have consulted with their own legal, accounting, tax, financial and other advisors, as applicable, to the extent they have deemed appropriate. Nothing in this paragraph is intended to limit the Underwriter's obligations of fair dealing under Rule G-17 promulgated by the Municipal Securities Rulemaking Board (the "MSRB").

The Borrower, the Lessee and the Underwriter acknowledge and agree that (i) the purchase and sale of the Bonds pursuant to this Bond Purchase Agreement is an arm's-length, commercial transaction among the Borrower, the Lessee and the Underwriter in which the Underwriter is acting solely as a principal and is not acting as an agent, advisor or fiduciary of the Borrower or the Lessee; (ii) the Underwriter has not assumed any advisory or fiduciary responsibility to the Borrower or the Lessee with respect to this Bond Purchase Agreement, the offering of the Bonds and the discussions, undertakings and procedures leading thereto (irrespective of whether the Underwriter, or any affiliate of the Underwriter, has provided other services or is currently providing other services to the Borrower or the Lessee on other matters), (iii) the only contractual obligations the Underwriter has to the Borrower or the Lessee with respect to the transactions contemplated hereby are those set forth in this Bond Purchase Agreement, (iv) the Underwriter has financial and other interests that differ from those of the Borrower and the Lessee, and (v) the Borrower and the Lessee have consulted with their own legal, accounting, tax, financial and other advisors, as applicable, to the extent they have deemed appropriate. Nothing in this paragraph is intended to limit the Underwriter's obligations of fair dealing under Rule G-17 promulgated by the MSRB.

The Underwriter will purchase the Bonds at a price of $_____ (being the aggregate principal amount of the Bonds of $_____, minus net original issue discount of $_____, less an Underwriter's discount of $_____). The Bonds will be issued pursuant to the Constitution and laws of the State of California (the

"State") and particularly under and pursuant to Chapter 18 (commencing with Section 17170) of Part 10 of Division 1 of Title 1 of the California Education Code (the "Act"), and an Indenture, dated as of March 1, 2026 (the "Bond Indenture"), by and between the Authority and UMB Bank, National Association, as trustee (the "Trustee"). The Bonds will mature in the amounts and on the dates, and bear interest at the rates per annum, and shall be subject to redemption prior to maturity as set forth in EXHIBIT A hereto.

The Authority will loan the proceeds of the sale of the Bonds (the "Loan") to the Borrower pursuant to a loan agreement, dated as of March 1, 2026 (the "Loan Agreement"), by and between the Authority and the Borrower and accepted and acknowledged by MPM Santa Ana LLC ("MPM Santa Ana"), which proceeds will be used to (i) finance and/or refinance the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and/or equipping of certain public charter school facilities located or to be located at 7111 Winnetka Avenue, in Winnetka, California 91306 (the "MSA-5 Facility"); (ii) fund a portion of a debt service reserve account; and (iii) pay the costs of issuance of the Bonds.

MPM Santa Ana will loan certain proceeds of the Bonds to the Lessee pursuant to a Loan Agreement, dated March 1, 2026 (the "Series 2026 School Loan Agreement").

The Bonds and the interest thereon are payable solely out of certain revenues and income received by the Authority or the Trustee pursuant to the Loan Agreement and Obligation No. 2 relating to the Bonds ("Obligation No. 2") issued by the Borrower in an amount equal to the aggregate principal amount of the Bonds pursuant to an Master Indenture of Trust, dated as of April 1, 2025 (the "Master Indenture"), as supplemented and amended, including by a Supplemental Master Indenture for Obligation No. 2, dated as of March 1, 2026 (the "Supplemental Master Indenture"), each by and between the Borrower, as representative of the Obligated Group, and UMB Bank, National Association, as master trustee (the "Master Trustee"). The Obligated Group comprises MPM Santa Ana, MPM Sherman Way LLC, MPM San Diego LLC (each, a "Member" and collectively, the "Members"), each of which is a California limited liability company, the sole member of each of which is the Borrower.

Pursuant to a Security Agreement (the "Security Agreement") by and between MPM Santa Ana and the Master Trustee, MPM Santa Ana will grant the Master Trustee a security interest in its interest in the Series 2026 School Loan Agreement.

Simultaneously with the issuance of the Bonds, the Lessee will provide to the Controller of the State of California (the "Controller"), a notice (the "Intercept Notice") with respect to Magnolia Science Academy 5 ("MSA-5"), including schedules of transfers to the Trustee for amounts to become due and payable on the Bonds to intercept certain amounts apportioned by the State (the "Intercept") pursuant to Section 17199.4 of the Act.

To ensure compliance with the requirements of Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended ("Rule 15c2-12"), the Borrower, the Lessee and KNN Public Finance, LLC, as dissemination agent, will execute and deliver a continuing disclosure agreement (the "Continuing Disclosure Agreement") pursuant to which the Lessee will annually prepare and provide audited financial statements and specified other information, as well as provide notices of certain enumerated events.

The Authority approved the issuance of the Bonds and certain related matters pursuant to Resolution No. 26-__ adopted on February 26, 2026 (the "Resolution").

(b) The Borrower and the Lessee have cooperated in the preparation and delivery to the Underwriter of the Limited Offering Memorandum, dated the date hereof, substantially in the form of the Preliminary Limited Offering Memorandum relating to the Bonds, dated February __, 2026 (the "Preliminary Limited Offering Memorandum"), with only such changes therein as have been accepted by the Underwriter (the Preliminary Limited Offering Memorandum with such changes, and including the cover page and all appendices, exhibits, reports and statements included therein or attached thereto, the "Limited Offering Memorandum"), executed by the Borrower and the Lessee in such quantities as the Underwriter shall reasonably request. The Borrower, on behalf of itself and the Lessee, hereby confirms its authorization to the Underwriter to use the Preliminary Limited Offering Memorandum and Limited Offering Memorandum in connection with the sale of the Bonds.

(c) At 9:00 A.M., Pacific Time, on March __, 2026, or at such other time or on such earlier or later date as we may mutually agree upon (the "Closing Date"), the Authority will deliver or cause to be delivered to such place as we may mutually agree upon, the Bonds, bearing proper CUSIP numbers, duly executed, and the other documents hereinafter mentioned at the offices of Orrick, Herrington & Sutcliffe LLP ("Bond Counsel") in San Francisco, California; and, subject to the conditions of this Bond Purchase Agreement, the Underwriter will cause payment to be made of the purchase price thereof as set forth in paragraph (a) of this Section by federal funds wire payable to the order of the Trustee (such delivery and payment being herein referred to as the "Closing"). Upon initial issuance, the ownership of the Bonds will be registered in such names and in such denominations as the Underwriter shall specify.

(d) Not later than ten calendar days after the Closing Date, the Underwriter shall submit to the Authority the report referenced by Section 1899.532 of Article 4 of Subchapter 4 of Chapter 4, Division 2 of Title 2 of the California Code of Regulations.

(e) The Underwriter has entered into this Bond Purchase Agreement in reliance upon (i) the representations and warranties of the Authority contained herein, (ii) the representations and warranties of the Borrower and the Lessee contained herein, (iii) the certificates of the Authority, the Borrower, the Lessee and the Trustee to be delivered pursuant hereto and (iv) the opinions of Bond Counsel, counsel to the Authority, counsel to the Trustee, and counsel to the Borrower and the Lessee required to be delivered hereby.

The Bond Indenture, the Loan Agreement and this Bond Purchase Agreement are sometimes collectively referred to herein as the "Authority Documents."

The Loan Agreement, this Bond Purchase Agreement, the Continuing Disclosure Agreement, the Master Indenture, the Supplemental Master Indenture, Obligation No. 2, and the Tax Certificate and Agreement (the "Tax Certificate"), dated the Closing Date, by and among the Authority, the Borrower and the Lessee relating to the Series 2026A Bonds, are sometimes collectively referred to herein as the "Borrower Documents."

The Loan Agreement, this Bond Purchase Agreement, the Master Indenture, the Supplemental Master Indenture, the Series 2026 School Loan Agreement, and the Security Agreement, are sometimes referred to herein as the "Member Documents."

The Series 2026 School Loan Agreement, this Bond Purchase Agreement, the Continuing Disclosure Agreement and the Tax Certificate are sometimes referred to herein as the "Lessee Documents."

(f) The Underwriter acknowledges the restrictions on registration and transfer of the Bonds described in Section 2.03 of the Bond Indenture.

2. Establishment of Issue Price.

(a) The Underwriter agrees to assist the Borrower and the Authority in establishing the issue price of the Series 2026A Bonds and shall execute and deliver to the Borrower and the Authority at Closing an "issue price" or similar certificate, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as EXHIBIT E, with such modifications as may be appropriate or necessary, in the reasonable judgment of the Borrower, the Underwriter, the Authority and Bond Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Series 2026A Bonds.

(b) The Borrower and the Authority will treat the first price at which 10% of each maturity of the Series 2026A Bonds (the "10% test") is sold to the public as the issue price of that maturity. At or promptly after the execution of this Bond Purchase Agreement, the Underwriter shall report to the Borrower and the Authority, with a copy to the State Treasurer, the price or prices at which it has sold to the public each maturity of Series 2026A Bonds. If at that time the 10% test has not been satisfied as to any maturity of the Series 2026A Bonds, the Underwriter agrees to promptly report to the Borrower and the Authority, with a copy to the State Treasurer, the prices at which it sells the unsold Series 2026A Bonds of that maturity to the public. That reporting obligation shall continue, whether or not the Closing Date has occurred, until either (i) the Underwriter has sold all Series 2026A Bonds of that maturity or (ii) the 10% test has been satisfied as to the Series 2026A Bonds of that maturity, provided that, the Underwriter's reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the Borrower, the Authority or bond counsel. For purposes of this Section, if Series 2026A Bonds mature on the same date but have different interest rates, each separate CUSIP number within that maturity will be treated as a separate maturity of the Series 2026A Bonds.

(c) The Underwriter confirms that:

(i) any selling group agreement and any third-party distribution agreement relating to the initial sale of the Series 2026A Bonds to the public, together with the related pricing wires, contains or will contain language obligating each dealer who is a member of the selling group and each broker-dealer that is a party to such third-party distribution agreement, as applicable:

(A) (i) to report the prices at which it sells to the public the unsold Series 2026A Bonds of each maturity allocated to it, whether or not the

Closing Date has occurred, until either all Series 2026A Bonds of that maturity allocated to it have been sold or it is notified by the Underwriter that the 10% test has been satisfied as to the Series 2026A Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the Underwriter, and (ii) to comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Underwriter,

(B) to promptly notify the Underwriter of any sales of Series 2026A Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Series 2026A Bonds to the public (each such term being used as defined below), and

(C) to acknowledge that, unless otherwise advised by the dealer or broker-dealer, the Underwriter shall assume that each order submitted by the dealer or broker-dealer is a sale to the public.

(ii) any selling group agreement relating to the initial sale of the Series 2026A Bonds to the public, together with the related pricing wires, contains or will contain language obligating each dealer that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Series 2026A Bonds to the public to require each broker-dealer that is a party to such third-party distribution agreement to (A) report the prices at which it sells to the public the unsold Series 2026A Bonds of each maturity allocated to it, whether or not the Closing Date has occurred, until either all Series 2026A of that maturity allocated to it have been sold or it is notified by the Underwriter or the dealer that the 10% test has been satisfied as to the Series 2026A Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the Underwriter or the dealer, and (B) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Underwriter or the dealer and as set forth in the related pricing wires.

(d) The Borrower and the Authority acknowledge that, in making the representations set forth in this Section, the Underwriter will rely on (i) in the event a selling group has been created in connection with the initial sale of the Series 2026A Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the Series 2026A Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Series 2026A Bonds, as set forth in a selling group agreement and the related pricing wires, and (ii) in the event that a third-party distribution agreement was employed in connection with the initial sale of the Series 2026A Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing issue price of the Series 2026A Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Series 2026A Bonds, as set forth in the third-party distribution agreement and the related pricing wires. The Borrower and the Authority further acknowledge that the Underwriter shall not be liable for the failure of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement, to comply with its corresponding agreement

to comply with the requirements for establishing issue price of the Series 2026A Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Series 2026A Bonds.

(e) The Underwriter acknowledges that sales of any Series 2026A Bonds to any person that is a related party to an underwriter participating in the initial sale of the Series 2026A Bonds to the public (each such term being used as defined below) shall not constitute sales to the public for purposes of this Section. Further, for purposes of this Section:

(i) "public" means any person other than an underwriter or a related party,

(ii) "underwriter" means (A) any person that agrees pursuant to a written contract with the Authority (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Series 2026A Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Series 2026A Bonds to the public (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the Series 2026A Bonds to the public),

(iii) a purchaser of any of the Series 2026A Bonds is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and

(iv) "sale date" means the date of execution of this Bond Purchase Agreement by all parties.

3. Representations and Agreements of the Authority. The Authority represents and warrants to and agrees with the Underwriter and the Borrower that:

(a) The Authority is a public instrumentality validly existing under the Constitution and laws of the State of California, has full power and authority to issue the Bonds, to adopt the Resolution, to enter into the Bond Indenture, the Loan Agreement and this Bond Purchase Agreement and to perform its obligations under the Authority Documents, and when executed and delivered by the respective parties hereto and thereto, the Authority Documents will constitute the valid and binding obligations of the Authority enforceable in accordance with their respective terms, except as the enforcement thereof may be limited by bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium, or other laws related to or affecting the enforcement of creditors' rights

generally and by the application of equitable principles as the court having jurisdiction may impose, regardless of whether such proceeding is considered in a proceeding in equity or at law, and to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against governmental entities in California;

(b) By official action of the Authority prior to or concurrently with the acceptance hereof, the Authority has authorized and approved the distribution of the Preliminary Limited Offering Memorandum, has deemed the Authority Information (as defined herein) in the Preliminary Limited Offering Memorandum "final" for purposes of Rule 15c2-12, the distribution of the Limited Offering Memorandum, and the execution and delivery of, and the performance by the Authority of the obligations on its part contained in, the Bonds and the Authority Documents and the consummation by the Authority of all other financing transactions on its part contemplated by the Limited Offering Memorandum and this Bond Purchase Agreement;

(c) There is no action, suit or proceeding, at law or in equity, before or by any court pending (with service of process having been accomplished against the Authority) or any action, suit, proceeding, inquiry or investigation before any court, governmental agency, public board or body known to the Authority to be threatened against the Authority seeking to restrain or enjoin the issuance, sale, execution or delivery of the Bonds, or contesting any proceedings of the Authority taken concerning the issuance or sale thereof, the pledge or application of any moneys or security provided for the payment of the Bonds, in any way contesting the validity or enforceability of the Bonds or the Authority Documents or contesting in any way the completeness or accuracy of the information under the headings "THE AUTHORITY" or "ABSENCE OF MATERIAL LITIGATION – The Authority" (collectively, the "Authority Information") in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum or the existence or powers of the Authority relating to the issuance of the Bonds;

(d) As of the date thereof and as of the date hereof, the statements and information contained in the Authority Information in the Preliminary Limited Offering Memorandum and Limited Offering Memorandum are true and correct in all material respects, and do not contain an untrue statement of a material fact or omit to state a material fact necessary to make the statements and information therein, in the light of the circumstances under which they were made, not misleading, it being further understood that the Authority makes no representation or warranty regarding any other statement or information in or omissions from the Preliminary Limited Offering Memorandum and Limited Offering Memorandum;

(e) The Authority will furnish such information, execute such instruments and take such other action in cooperation with the Underwriter as the Underwriter may reasonably request in endeavoring (i) to qualify the Bonds for offer and sale under the Blue Sky or other securities laws and regulations of such states and other jurisdictions of the United States as the Underwriter may designate and (ii) to determine the eligibility of the Bonds for investment under the laws of such states and other jurisdictions, and, subject to Section 8 and Section 11 hereof, will use its best efforts to continue such qualification in effect so long as required for distribution of the Bonds; provided, however, that in no event shall the Authority be required to qualify as a foreign corporation in any such state or take

any action that would subject it to general, special or unlimited service of process in any jurisdiction in which it is now not so subject;

(f) To the best knowledge of the Authority, the execution and delivery by the Authority of the Bonds and Authority Documents, and compliance with the provisions on the Authority's part contained therein, will not in any material respect conflict with or constitute, on the part of the Authority, a breach of or default under any law, administrative regulation, court order, judgment, decree, loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the Authority is a party or is otherwise subject, which breach or default would have a material adverse effect on the Authority's ability to perform its obligations under the Authority Documents;

(g) The Authority is not in material breach of or in material default under any applicable law or administrative regulation of the State or the United States or any applicable material judgment or material decree or any loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the Authority is a party or is otherwise subject, which breach or default would have a material adverse effect on the Authority's ability to perform its obligations under the Authority Documents and no event has occurred and is continuing which, with the passage of time or the giving of notice, or both, would constitute a material breach of or a material default or a material event of default under any such instrument, which breach or default would have a material adverse effect on the Authority's ability to perform its obligations under the Authority Documents;

(h) The Authority agrees to provide the Underwriter, at the expense of the Borrower, with a reasonable number of additional copies of the Authority Documents, as the Underwriter shall request. The Authority authorizes the distribution of the Authority Documents in connection with the offering, sale and distribution of the Bonds;

(i) Any certificate executed by an authorized officer of the Authority and delivered to the Underwriter shall be deemed a representation and warranty by the Authority to the Underwriter as to the statements made therein, and not a representation and warranty of the individual officer executing the same;

(j) If between the date of this Bond Purchase Agreement and up to and including the 25th day following the "end of the underwriting period" (as such term is defined in Rule 15c2-12) an event occurs, of which the Authority has knowledge, which might or would cause the information in the Authority Information contained in the Limited Offering Memorandum, to contain an untrue statement of a material fact or to omit to state a material fact required to be stated therein or necessary to make such information therein, in the light of the circumstances under which they were made, not misleading, or if the Authority is notified by a Borrower pursuant to the provisions of this Bond Purchase Agreement or otherwise requested to amend, supplement or otherwise change the Limited Offering Memorandum, the Authority will notify the Underwriter and the Borrower, and if in the reasonable opinion of the Underwriter such event requires the preparation and publication of a supplement or amendment to the Limited Offering Memorandum, the Authority will cooperate in the amendment or supplementing of the Limited Offering Memorandum in a form and in a manner approved by the Underwriter and counsel to the Authority, provided that all expenses thereby incurred will be paid by the Borrower pursuant hereto and provided further that, for purposes of this provision, the end of the underwriting period shall be the Closing Date

unless the Underwriter on or prior to the Closing provides written notice to the contrary to the Authority and the Borrower;

(k) For twenty-five (25) days from the date of the end of the underwriting period, the Authority will not participate in the issuance of any amendment of or supplement to the Limited Offering Memorandum to which, after being furnished with a copy, the Borrower, the Trustee or the Underwriter shall reasonably object in writing or which shall be disapproved by any of their respective counsel; and

(l) The execution and delivery of this Bond Purchase Agreement by the Authority shall constitute a representation by the Authority to the Underwriter that the representations, warranties and agreements contained in this Section 3 are true as of the date hereof; provided, that as to information furnished by the Borrower or the Lessee pursuant to this Bond Purchase Agreement or otherwise and in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum, the Authority is relying on such information in making the Authority's representations, warranties and agreements; as to all matters of law, other than federal tax and securities laws, the Authority is relying on the advice of counsel to the Authority; and as to matters of federal tax law and securities laws, the Authority is relying on the advice of Bond Counsel; and provided further, that no member of the governing body of the Authority or officer, employee or agent of the Authority shall be individually liable for the breach of any representation, warranty or agreement contained herein.

4. Representations, Warranties, and Agreements of the Borrower. The Borrower hereby represents and warrants to and agrees with each of the Authority and the Underwriter as follows**:**

(a) The Borrower is a nonprofit public benefit corporation duly organized, validly existing and in good standing under the laws of the State of California. The Borrower has and, at the Closing Date will, have requisite corporate power and authority (i) to execute and deliver this Bond Purchase Agreement, (ii) to enter into, execute and deliver the Borrower Documents, (iii) to cause MPM Santa Ana to enter into the Member Documents and to execute and deliver on behalf of MPM Santa Ana each of such documents, (iv) to execute the Limited Offering Memorandum and to carry out and consummate all transactions contemplated by the Borrower Documents and the Limited Offering Memorandum and by proper corporate action has duly authorized the execution and delivery of the Borrower Documents and the Limited Offering Memorandum, and the distribution of the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum, and the execution and delivery on behalf of MPM Santa Ana of the Member Documents.

(b) No portion of the proceeds of the Bonds will be used to finance or refinance any facility used or to be used for sectarian instruction or as a place for religious worship or any facility used or to be used primarily in connection with any part of the program of a school or department of divinity.

(c) The officers or other designees of the Borrower executing the Borrower Documents and the Limited Offering Memorandum and executing, on behalf of MPM Santa Ana, the Member Documents are duly and properly in office and authorized to execute and approve the same.

SWDocID 4922-0565-3381/200356-0699

(d) As of the date hereof, (i) this Bond Purchase Agreement has been duly executed and delivered by the Borrower and, at the Closing Date, (ii) the Borrower Documents will be legal, valid and binding obligations of the Borrower enforceable against the Borrower in accordance with their terms, and (ii) the Member Documents, the Master Indenture and the Supplemental Master Indenture will be legal, valid and binding obligations of the Members enforceable against the Members in accordance with their respective terms, except as enforcement of each of such documents may be limited by bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium or other laws affecting the enforcement of creditors' rights generally and by the application of equitable principles if equitable remedies are sought.

(e) The Borrower and the Members are not (i) in violation of any applicable law or administrative regulation of the State of California or the United States or any applicable judgment or decree, which violation would materially adversely affect the financial position or operations of the Borrower or any Member, or (ii) in default under any loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the Borrower or any Member is a party or is otherwise subject, and no event has occurred and is continuing which, with the passage of time or the giving of notice or both, would constitute an event of default under any such instrument, which default would materially adversely affect the financial position or operations of the Borrower or any Member.

(f) The execution and delivery of the Borrower Documents and approval of the Limited Offering Memorandum by the Borrower, the execution and delivery of the Member Documents, on behalf of MPM Santa Ana by the Borrower, the consummation by the Borrower and the Members of the transactions herein and therein contemplated and the Borrower's and the Members' fulfillment of or compliance with the terms and conditions thereof will not (i) conflict with or constitute a violation or breach of or default (with due notice or the passage of time or both) under (A) the articles of incorporation or bylaws of the Borrower or the operating agreement of any Member, (B) any indenture, mortgage, deed of trust, loan agreement, contract, lease or other agreement or instrument to which the Borrower or any Member is a party or by which it or its properties are otherwise subject or bound or (C) any law or administrative rule or regulation or any court or administrative decree or order applicable to the Borrower or any Member; or (ii) result in the creation or imposition of any prohibited lien, charge or encumbrance of any nature whatsoever upon any of the property or assets of the Borrower or any Member (except for the liens or pledges created by the Borrower Documents or the Security Agreement), which conflict, violation, breach, default, lien, charge or encumbrance could reasonably be expected to have consequences that would materially and adversely affect the consummation of the transactions contemplated by the Borrower Documents, the Member Documents, and the Limited Offering Memorandum or the financial condition, assets, properties or operations of the Borrower or any Member.

(g) No consent or approval of any trustee or holder of any indebtedness of the Borrower or any Member and no consent, permission, authorization, order or license of, or filing or registration with, any governmental authority (except the approval of the Authority for the execution and delivery of the Bonds and in connection with Blue Sky proceedings) is necessary in connection with the execution and delivery of this Bond Purchase Agreement, the execution and delivery of the other Borrower Documents and the Member Documents at the Closing, the approval of the Limited Offering Memorandum, or the consummation of any

transaction therein contemplated, except in all such cases as have been or will be obtained or made and as are or will be in full force and effect.

(h) There are no actions, suits or proceedings which have been served on the Borrower or any Member or, to the best of the knowledge of the Borrower, are otherwise pending or threatened against the Borrower or any Member:

(i) seeking to restrain or enjoin the execution or delivery of any of the Bonds, the pledge under the Loan Agreement, or the pledge under the Master Indenture and Supplemental Master Indenture, or any payments to be made by the Borrower pursuant to the Loan Agreement or any payments to be made by the Members pursuant to Obligation No. 2;

(ii) in any way contesting or affecting the authority for the execution or delivery of the Bonds or the Limited Offering Memorandum or the validity when executed and delivered of the Borrower Documents or the Member Documents or the collection and pledge of any Payments under the Bond Indenture or any payments to be made by Members pursuant to Obligation No. 2;

(iii) in any way contesting the existence or powers of the Borrower or any Member;

(iv) which, if determined adversely to the Borrower or any Member, could reasonably be expected to materially adversely affect the consummation of the transactions contemplated by the Borrower Documents, the Member Documents, and the Limited Offering Memorandum or the financial condition, assets or properties of the Borrower or any Member;

(v) contesting or affecting the Borrower's status as a an organization described in Section 501 (c)(3) of the Internal Revenue Code of 1986, as amended (the "Code"), or which would subject any income of the Borrower to federal income taxation to such extent as would result in loss of the exclusion from gross income for federal income tax purposes of interest evidenced and represented by any of the Bonds under Section 103 of the Code; or

(vi) contesting or affecting the status of any Member as a disregarded entity of the Borrower.

(i) The information in the Preliminary Limited Offering Memorandum as of its date and as of the date hereof (excluding any information permitted by Rule 15c2-12 to be omitted therefrom) and the Limited Offering Memorandum as of its date (excluding any information with respect to DTC and the book-entry only system, the Underwriter and the Authority Information) is true and correct in all material respects, and the information in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum does not contain any misstatement of any material fact and does not omit any statement necessary to make the statements, in the light of the circumstances in which such statements were made, not misleading.

(j) The Borrower will deliver, or cause to be delivered, to the Underwriter, within seven (7) business days after acceptance hereof, but not later than the Closing Date, copies of the Limited Offering Memorandum substantially in the form of the Preliminary Limited Offering Memorandum, with only such changes therein as have been accepted by the Underwriter, signed on behalf of the Borrower by an authorized officer of Borrower (or such other officer as is acceptable to the Underwriter), in such quantities as the Underwriter shall request. The Preliminary Limited Offering Memorandum has been deemed "final" within the meaning of Rule 15c2-12. The Limited Offering Memorandum, as amended or supplemented pursuant to the Bond Purchase Agreement, if applicable, will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(k) The Borrower and the Members have all necessary power and authority to conduct the business now being conducted by each of them and as contemplated by the Borrower Documents, the Member Documents, and the Limited Offering Memorandum.

(l) If between the date hereof and up to and including the 25th day following the Closing, any event shall occur which might or would cause the Limited Offering Memorandum, as then supplemented or amended, to contain an untrue statement of a material fact or to omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the Borrower shall notify the Authority and the Underwriter; and, if in the opinion of the Borrower, the Lessee, the Authority or the Underwriter such event requires the preparation and publication of a supplement or amendment to the Limited Offering Memorandum, the Borrower will request the Authority to cooperate with the Borrower to cause the Limited Offering Memorandum to be amended or supplemented in a form and in a manner approved by the Underwriter, provided all expenses thereby incurred will be paid by the Borrower or the Lessee.

(m) During the period described in the preceding paragraph, (i) the Borrower will not participate in the issuance of any amendment of or supplement to the Limited Offering Memorandum to which, after being furnished with a copy, either of the Underwriter or the Authority shall reasonably object in writing or which shall be disapproved by their respective counsels and (ii) if any event relating to or affecting the Authority or the Borrower, its operations and financial position or its present or proposed facilities shall occur as a result of which it is necessary, in the opinion of counsel for the Underwriter or the Authority, to amend or supplement the Limited Offering Memorandum in order to make the Limited Offering Memorandum not misleading in the light of the circumstances existing at the time it is delivered to a purchaser, the Borrower will forthwith prepare and furnish to the Underwriter and the Authority (at the expense of the Borrower or the Lessee) a reasonable number of copies of an amendment of or supplement to the Limited Offering Memorandum (in form and substance satisfactory to counsel for the Underwriter and counsel to the Authority) which will amend or supplement the Limited Offering Memorandum so that it will not contain an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances existing at the time the Limited Offering Memorandum, as so amended or supplemented is delivered to a purchaser, not misleading. For the purposes of this subsection, the Borrower will furnish such information with respect

to itself and its present and proposed facilities as any of you may from time to time reasonably request.

(n) To the extent permitted by law, the Borrower agrees to indemnify and hold harmless the Authority, the State Treasurer, the Underwriter and each person, if any, who controls (as such term is defined in Section 15 of the Securities Act of 1933, as amended (the "Securities Act")) any of the Underwriter and the members, officers, agents and employees of the State Treasurer and the Authority (collectively, the "Indemnified Persons," and individually, an "Indemnified Person") from and against any and all judgments, losses, claims, damages or liabilities, joint or several, to which any Indemnified Person may become subject insofar as such judgments, losses, claims, damages or liabilities (or actions in respect thereof) arise out of, or are based upon any untrue statement or alleged untrue statement of a material fact contained in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum (or any supplement or amendment thereto), or that arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, and will reimburse each Indemnified Person for any legal or other expenses incurred by such Indemnified Person in connection with investigating, defending or preparing to defend any such loss, claim, damage, liability, penalty or any action in respect thereof; provided, however, that the Borrower shall not be liable to the Authority for the information provided by the Authority in the Authority Information of the Preliminary Limited Offering Memorandum or Limited Offering Memorandum. On the date of delivery of the Bonds, the Borrower will deliver a certificate to the effect that the Limited Offering Memorandum (except for the information provided by the Authority in the Authority Information and the information provided by the Underwriter in the "UNDERWRITING" portion of the Limited Offering Memorandum) does not contain a misstatement of a material fact or omit to state a material fact required to be stated therein in order to make the statements therein not misleading.

In case any claim shall be made or action brought against any Indemnified Person based upon the Limited Offering Memorandum, in respect of which indemnity may be sought against the Borrower, the Borrower shall be promptly notified in writing setting forth the particulars of such claim or action and the Borrower shall assume the investigation and defense thereof including the retaining of counsel selected by the Indemnified Person and the payment of all expenses related thereto, with full power to litigate, compromise or settle the same in its sole discretion; provided that the Indemnified Person shall have the right to review and approve or disapprove any such compromise or settlement. Any Indemnified Person shall have the right to retain separate counsel in any such action and to participate in the investigation and defense thereof but shall bear the fees and expenses of such counsel unless: (i) the Borrower shall have specifically authorized the retaining of such counsel and has consented to pay the fees and expenses thereof, such consent not to be unreasonably withheld; or (ii) the parties to such suit include said Indemnified Person, and the Borrower and such Indemnified Person or Persons have been advised by such counsel that one or more legal defenses may be available to said Indemnified Person or Persons which may not be available to the Borrower; (iii) in the judgment of such Indemnified Person, a conflict of interest exists by reason of common representation or if all parties commonly represented do not agree as to an action (or inaction) of counsel; (iv) the Authority or the State Treasurer, or any Indemnified Person thereof, engages the Attorney General of the State as separate counsel; or (v) the Borrower has failed to assume the defense and employ counsel reasonably acceptable to the Indemnified Person.

(o) The Borrower hereby agrees to pay the fees and expenses described as payable by the Borrower in Section 8 of this Bond Purchase Agreement and to pay any expenses incurred in amending or supplementing the Limited Offering Memorandum pursuant to this Bond Purchase Agreement.

(p) The Borrower is a corporation described in Section 501(c)(3) of the Code and each Member is a disregarded entity treated as a 501(c)(3) corporation for federal income tax purposes.

(q) The Borrower and each Member:

(i) is in material compliance with all laws, ordinances, governmental rules and regulations to which it is subject and which are material to its properties, operations, finances or status as an organization, or disregarded entity treated as an organization, described in Section 501(c)(3) of the Code;

(ii) has obtained all licenses, permits, franchises or other governmental authorizations necessary and material to the conduct of its activities, agrees to obtain all permits and approvals or other governmental authorizations that are required and necessary for construction and operation of newly acquired facilities for the Members and agrees to obtain all such licenses, permits, franchises or other governmental authorizations as may be required in the future for operations in all cases where failure to obtain such licenses, permits, franchises or other governmental authorizations could reasonably be expected to materially and adversely affect its condition (financial or otherwise) or its ability to perform its obligations under the Borrower Documents or the Member Documents, as applicable; and

(iii) is in material compliance with all provisions of the Borrower Documents and Member Documents applicable to it.

(r) The Project constitutes a "project" as such term is defined in the Act, and the Borrower is a "participating party" as such terms are defined in Section 17173, subdivision (i), paragraph (1), of the Act.

(s) Between the date hereof and the Closing, without the prior written consent of the Underwriter, neither the Borrower nor any Member will have issued, and no other person will have issued in the name and on behalf of the Borrower or any Member, any bonds, notes or other obligations for borrowed money except for such borrowings as may be described in or contemplated by the Limited Offering Memorandum or otherwise consented to in writing by the Underwriter.

(t) The Borrower has complied with, shall continue to comply with, and shall cause the Lessee to comply with, all provisions of that certain Program Agreement, between the Borrower and the Authority (the "Credit Enhancement Grant Agreement"), relating to a grant made by the Authority to the Borrower pursuant to the Charter School Facilities Credit Enhancement Grant Program (the "Reserve Grant"), and all State and federal laws and regulations relating to and applicable to the Reserve Grant.

(u) The Project shall comply with Article 2 of Chapter 1 of Part 7 of Division 2 of the California Labor Code.

(v) The representations, warranties, agreements and indemnities herein shall survive the Closing and any investigation made by or on behalf of either of the Authority, the State Treasurer, or the Underwriter or any person who controls such parties of any matters described in or related to the transactions contemplated hereby and by the Borrower Documents, the Member Documents, or the Limited Offering Memorandum.

5. Representations, Warranties, and Agreements of the Lessee. the Lessee hereby represents and warrants to and agrees with each of the Authority and the Underwriter as follows:

(a) the Lessee is a nonprofit public benefit corporation duly organized, validly existing and in good standing under the laws of the State of California. The Lessee has and at the Closing Date will have requisite corporate power and authority (i) to execute and deliver this Bond Purchase Agreement, (ii) to enter into the Lessee Documents, (iii) to execute the Limited Offering Memorandum, and (iv) to carry out and consummate all transactions contemplated by the Lessee Documents and the Limited Offering Memorandum, and by proper corporate action has duly authorized the execution and delivery of the Lessee Documents and the Limited Offering Memorandum, and the distribution of the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum.

(b) the Lessee is an institution for elementary and secondary school public education, situated within the State of California, which, by virtue of law or charter, is a nonprofit educational institution empowered to provide a program of public education at the elementary and secondary school levels.

(c) The Lessee neither restricts entry on gender, racial or religious grounds nor requires students gaining admission to receive instruction in the tenets of a particular faith.

(d) No portion of the Facilities used by the Lessee will be used for sectarian instruction or as a place for religious worship or any facility used or to be used primarily in connection with any part of the program of a school or department of divinity.

(e) The officers or other designees of the Lessee executing the Lessee Documents are duly and properly in office and authorized to execute and approve the same.

(f) As of the date hereof, this Bond Purchase Agreement has been duly executed and delivered by the Lessee and, at the Closing Date, the Lessee Documents will be duly executed and delivered by the Lessee and will constitute legal, valid and binding obligations of the Lessee enforceable against the Lessee in accordance with their respective terms; except as enforcement of each of the Lessee Documents may be limited by bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium or other laws affecting the enforcement of creditors' rights generally and by the application of equitable principles if equitable remedies are sought.

(g) The Lessee is not (i) in violation of any applicable law or administrative regulation of the State of California or the United States or any applicable judgment or

decree, which violation would materially adversely affect the financial position or operations of the Lessee or (ii) in default under any loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the Lessee is a party or is otherwise subject, and no event has occurred and is continuing which, with the passage of time or the giving of notice or both, would constitute an event of default under any such instrument, which default would materially adversely affect the financial position or operations of the Lessee.

(h) The execution and delivery of the Lessee Documents and approval of the Limited Offering Memorandum by the Lessee, the consummation by the Lessee of the transactions herein and therein contemplated, and the Lessee's fulfillment of or compliance with the terms and conditions thereof will not (i) conflict with or constitute a violation or breach of or default (with due notice or the passage of time or both) under (A) the articles of incorporation of the Lessee, (B) the bylaws of the Lessee, (C) any indenture, mortgage, deed of trust, loan agreement, contract, lease or other agreement or instrument to which the Lessee is a party or by which it or its properties are otherwise subject or bound, or (D) any law or administrative rule or regulation or any court or administrative decree or order applicable to the Lessee, or (ii) result in the creation or imposition of any prohibited lien, charge or encumbrance of any nature whatsoever upon any of the property or assets of the Lessee, except for the liens or pledges created by the Lessee Documents, which conflict, violation, breach, default, lien, charge or encumbrance could reasonably be expected to have consequences that would materially and adversely affect the consummation of the transactions contemplated by the Lessee Documents, the Limited Offering Memorandum or the financial condition, assets, properties or operations of the Lessee.

(i) No consent or approval of any trustee or holder of any indebtedness of the Lessee, and no consent, permission, authorization, order or license of, or filing or registration with, any governmental authority (except the approval of the Authority for the execution and delivery of the Bonds and in connection with Blue Sky proceedings) is necessary in connection with the execution and delivery of this Bond Purchase Agreement, the execution and delivery of the other Lessee Documents at the Closing, the approval of the Limited Offering Memorandum, or the consummation of any transaction therein contemplated, except in all such cases as have been or will be obtained or made and as are or will be in full force and effect.

(j) The Lessee's charters for the Schools (the "Charters") operating or to be operated in the Facilities comply with the Charter School Law and are valid and in full force and effect. The Lessee is in material compliance with the provisions of the Charters. The Lessee has the right to renew or extend such Charters, has not received oral or written notice from any Person to the contrary and will use all reasonable efforts to renew the Charters. The Lessee expects to qualify to apply for fiscal year 2025-26 funding under California Education Code Section 47614.5 for the Schools that qualify for such funding when operated at the Facilities pursuant to a Lease, and will seek funding for such Schools thereunder each year to the maximum extent available or will seek funding under more favorable state or federal programs if available.

(k) There are no actions, suits or proceedings which have been served on the Lessee or, to the best of the knowledge of the Lessee, are otherwise pending or threatened against the Lessee:

(i) seeking to restrain or enjoin the execution or delivery of any of the Bonds or the pledge or collection of the Rent or any payments to be made by the Lessee pursuant to the Series 2026 School Loan Agreement;

(ii) in any way contesting or affecting the authority for the execution or delivery of Lessee Documents, the Limited Offering Memorandum or the Intercept to be delivered in connection therewith;

(iii) in any way contesting the corporate existence or powers of the Lessee;

(iv) which, if determined adversely to it, could reasonably be expected to materially adversely affect the consummation of the transactions contemplated by the Lessee Documents or the Limited Offering Memorandum or the financial condition, assets or properties of the Lessee; or

(v) contesting or affecting the Lessee's status as an organization described in Section 501 (c)(3) of the Code or which would subject any income of the Lessee to federal income taxation to such extent as would result in loss of the exclusion from gross income for federal income tax purposes of interest evidenced and represented by any of the Bonds under Section 103 of the Code.

(l) The information in the Preliminary Limited Offering Memorandum as of its date and as of the date hereof and the Limited Offering Memorandum as of its date (excluding any information with respect to DTC and the book-entry only system, the Underwriter and the Authority Information) is true and correct in all material respects, and the information in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum does not contain any misstatement of any material fact and does not omit any statement necessary to make the statements, in the light of the circumstances in which such statements were made, not misleading.

(m) The Lessee will deliver, or cause to be delivered, to the Underwriter, within seven (7) business days after acceptance hereof, but not later than the Closing, copies of the Limited Offering Memorandum substantially in the form of the Preliminary Limited Offering Memorandum, with only such changes therein as have been accepted by the Underwriter, signed on behalf of the Lessee by an authorized officer of the Lessee (or such other officer as is acceptable to the Underwriter), in such quantities as the Underwriter shall request. The Preliminary Limited Offering Memorandum has been deemed "final" within the meaning of Rule 15c2-12. The Limited Offering Memorandum, as amended or supplemented pursuant to the Bond Purchase Agreement, if applicable, will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(n) The Lessee has all necessary power and authority to conduct the business now being conducted by it and as contemplated by the Lessee Documents and the Limited Offering Memorandum.

(o) If between the date hereof and up to and including the 25th day following the Closing, any event shall occur which might or would cause the Limited Offering Memorandum, as then supplemented or amended, to contain an untrue statement of a material fact or to omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the Lessee shall notify the Authority and the Underwriter; and, if in the opinion of the Lessee, the Borrower, the Authority or the Underwriter such event requires the preparation and publication of a supplement or amendment to the Limited Offering Memorandum, the Lessee will request the Authority to cooperate with the Lessee to cause the Limited Offering Memorandum to be amended or supplemented in a form and in a manner approved by the Underwriter, provided all expenses thereby incurred will be paid by the Lessee or the Borrower.

During the period described in the preceding paragraph, (i) the Lessee will not participate in the issuance of any amendment of or supplement to the Limited Offering Memorandum to which, after being furnished with a copy, either of the Underwriter or the Authority shall reasonably object in writing or which shall be disapproved by their respective counsels and (ii) if any event relating to or affecting the Authority or the the Lessee, its operations and financial position or its present or proposed facilities shall occur as a result of which it is necessary, in the opinion of counsel for the Underwriter or the Authority, to amend or supplement the Limited Offering Memorandum in order to make the Limited Offering Memorandum not misleading in the light of the circumstances existing at the time it is delivered to a purchaser, the Lessee will forthwith prepare and furnish to the Underwriter and the Authority (at the expense of the Lessee or the Borrower) a reasonable number of copies of an amendment of or supplement to the Limited Offering Memorandum (in form and substance satisfactory to counsel for the Underwriter and counsel to the Authority) which will amend or supplement the Limited Offering Memorandum so that it will not contain an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances existing at the time the Limited Offering Memorandum, as so amended or supplemented is delivered to a purchaser, not misleading. For the purposes of this subsection, the Lessee will furnish such information with respect to itself and its present and proposed facilities as any of you may from time to time reasonably request.

(p) The Lessee is an organization described in Section 501(c)(3) of the Code and is exempt from federal income tax under Section 501(a) of the Code, except with respect to any unrelated business income of the Lessee, which income is not expected to result from the consummation of any transaction contemplated by the Lessee Documents. The Lessee is not a private foundation within the meaning of Section 509(a) of the Code; and the Lessee at all times will maintain its status as an organization described in Section 501(c)(3) of the Code and its exemption from federal income tax under Section 501(a) of the Code or corresponding provisions of future federal income tax laws. To the best of the Lessee's knowledge, the facts and circumstances which formed the basis of the Lessee's status as an organization described in Section 501(c)(3) of the Code as represented to the Internal Revenue Service continue substantially to exist.

(q) The audited balance sheet of the Lessee as of June 30, 2025, presents fairly, in all material respects, the financial position of the Lessee as of June 30, 2025, and there have not been any material adverse change in the assets, operations or financial condition of the

Lessee since June 30, 2025, which is not described in the Limited Offering Memorandum, whether or not arising from transactions in the ordinary course of business.

(r) The Lessee:

(i) is in material compliance with all laws, ordinances, governmental rules and regulations to which it is subject and which are material to its properties, operations, finances or status as an organization described in Section 501(c)(3) of the Code;

(ii) has obtained all licenses, permits, franchises or other governmental authorizations necessary and material to the ownership of its property or to the conduct of its activities, agrees to obtain all permits and approvals or other governmental authorizations that are required and necessary for construction and operation of newly acquired facilities for the Lessee and agrees to obtain all such licenses, permits, franchises or other governmental authorizations as may be required in the future for its operations in all cases where failure to obtain such licenses, permits, franchises or other governmental authorizations could reasonably be expected to materially and adversely affect the condition (financial or otherwise) of the Lessee or its ability to perform its obligations under the Lessee Documents; and

(iii) is in material compliance with all provisions of the Lessee Documents applicable to the Lessee including, but not limited to, the requirements of the Series 2026 School Loan Agreement that the Lessee maintain certain insurance policies or programs.

(s) To the extent permitted by law, the Lessee agrees to indemnify and hold harmless each of the Indemnified Persons from and against any and all judgments, losses, claims, damages or liabilities, joint or several, to which any Indemnified Person may become subject insofar as such judgments, losses, claims, damages or liabilities (or actions in respect thereof) arise out of, or are based upon any untrue statement or alleged untrue statement of a material fact contained in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum (or any supplement or amendment thereto) or that arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, and will reimburse each Indemnified Person for any legal or other expenses incurred by such Indemnified Person in connection with investigating, defending or preparing to defend any such loss, claim, damage, liability or any action in respect thereof; provided, however, that the Lessee shall not be liable to the Authority for the information in the Authority Information of the Preliminary Limited Offering Memorandum or Limited Offering Memorandum. The Limited Offering Memorandum (except for the information provided by the Authority in the Authority Information and the information provided by the Underwriter in the "UNDERWRITING" portion of the Limited Offering Memorandum) does not contain a misstatement of material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. On the date of delivery of the Bonds, the Lessee will deliver a certificate to the effect that the Limited Offering Memorandum (except for the information provided by the

Authority in the Authority Information and the information provided by the Underwriter in the "UNDERWRITING" portion of the Limited Offering Memorandum) does not contain a misstatement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

In case any claim shall be made or action brought against any Indemnified Person based upon the Limited Offering Memorandum, in respect of which indemnity may be sought against the Lessee, such Indemnified Person shall promptly notify the Lessee in writing setting forth the particulars of such claim or action and the Lessee shall assume the investigation and defense thereof including the retaining of counsel and the payment of all expenses, with full power to litigate, compromise or settle the same in its sole discretion; provided that the Indemnified Person shall have the right to review and approve or disapprove any such compromise or settlement. Any Indemnified Person shall have the right to retain separate counsel in any such action and to participate in the investigation and defense thereof but shall bear the fees and expenses of such counsel unless: (i) the Lessee shall have specifically authorized the retaining of such counsel and has consented to pay the fees and expenses thereof, such consent not to be unreasonably withheld; (ii) the parties to such suit include said Indemnified Person, and the Lessee and such Indemnified Person or Persons have been advised by such counsel that one or more legal defenses may be available to said Indemnified Person or Persons which may not be available to the Lessee, in which case the Lessee shall not be entitled to assume the defense of such suit notwithstanding its obligation to bear the fees and expenses of such counsel; (iii) in the judgment of such Indemnified Person, a conflict of interest exists by reason of common representation or if all parties commonly represented do not agree as to an action (or inaction) of counsel; (iv) the Authority or the State Treasurer, or any Indemnified Person thereof, engages the Attorney General of the State as separate counsel; or (v) the Lessee has failed to assume the defense and employ counsel reasonably acceptable to the Indemnitee.

(t) Between the date hereof and the Closing, without the prior written consent of the Underwriter, the Lessee will not have issued, and no other person will have issued in the name and on behalf of the Lessee, any bonds, notes or other obligations for borrowed money except for such borrowings as may be described in or contemplated by the Limited Offering Memorandum or otherwise consented to in writing by the Underwriter.

(u) The Lessee has complied with, shall continue to comply with, all provisions of the Credit Enhancement Grant Agreement relating to the Reserve Grant, and all State and federal laws and regulations relating to and applicable to the Reserve Grant.

(v) The Project shall comply with Article 2 of Chapter 1 of Part 7 of Division 2 of the California Labor Code.

(w) The representations, warranties, agreements and indemnities herein shall survive the Closing and any investigation made by or on behalf of either of the Underwriter or the Authority or any person who controls either of such parties of any matters described in or related to the transactions contemplated hereby and by the Lessee Documents or the Limited Offering Memorandum.

6. Conditions to the Obligations of the Underwriter. The obligation of the Underwriter to cause payment of the purchase price for the Bonds on the Closing Date shall be subject to the accuracy in all material respects of the representations, warranties and agreements on the part of the Authority and the Borrower contained herein as of the date hereof and as of the Closing Date, to the accuracy in all material respects of the statements of the officers, members, agents and other officials of the Authority, the Borrower and the Lessee made in any certificates or other documents furnished pursuant to the provisions hereof, and to the performance by the Authority and the Borrower of their obligations to be performed hereunder at or prior to the Closing Date and to the following additional conditions:

(a) At the time of Closing, the Authority Documents, the Borrower Documents, the Member Documents, and the Lessee Documents shall be in full force and effect as valid, binding and enforceable agreements between or among the various parties thereto, and the Authority Documents, the Borrower Documents, the Member Documents, the Lessee Documents and the Limited Offering Memorandum shall not have been amended, modified or supplemented, except as described herein or as may otherwise have been agreed to in writing by the Underwriter, and there shall have been taken therewith, with the execution and delivery of the Bonds and with the transactions contemplated by this Bond Purchase Agreement, all such actions as, in the opinion of Bond Counsel, shall be necessary and appropriate;

(b) Between the date hereof and the Closing Date, none of the following shall have occurred:

(i) legislation enacted or introduced in the Congress or in the legislature of the State of California or recommended for passage by the President of the United States or the Governor of the State of California, as the case may be, or a decision rendered by a court established under Article III of the Constitution of the United States or under the Constitution of the State of California, as the case may be, or by the Tax Court of the United States, or an order, ruling, regulation (final, temporary or proposed) or official or staff statement issued or made:

(A) by or on behalf of the Treasury Department of the United States or the Internal Revenue Service, or any agency, commission or instrumentality of the State of California, with the purpose or effect, directly or indirectly, of imposing federal income taxation upon the interest as would be received by the holders of the Series 2026A Bonds or obligations of the general character of the Series 2026A Bonds, or State of California personal income taxation upon the interest as would be received by the holders of the Bonds or obligations of the general character of the Bonds, or

(B) by or on behalf of the Securities and Exchange Commission, or any other governmental agency having jurisdiction of the subject matter, to the effect that obligations of the general character of the Bonds or the Bonds are not exempt from registration under the Securities Act of 1933, as amended (the "Securities Act"), or that the Bond Indenture is not exempt from qualification under the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act"),

which, in either case, in the reasonable judgment of the Underwriter, would have a material and adverse effect on the market price or marketability of the Bonds; or

(C) which, in the reasonable judgment of the Underwriter, could have a material and adverse effect on the revenues of charter schools in California in general or the Lessee in particular;

(ii) the declaration of war or the outbreak or escalation of military hostilities involving the United States or the occurrence of any other national emergency or calamity relating to the effective operation of the government of or the financial community in the United States which, in the reasonable judgment of the Underwriter, would have a material and adverse effect on the market price or marketability of the Bonds;

(iii) the declaration of a general banking moratorium by federal, New York or California authorities, or the general suspension of trading on any national securities exchange or other securities exchange as may be applicable;

(iv) the imposition by the New York Stock Exchange or other national securities exchange or any governmental authority, of any material restrictions not now in force with respect to the Bonds or obligations of the general character of the Bonds or securities generally, or the material increase of any such restrictions now in force, including those relating to the extension of credit by, or the charge to the net capital requirements of, underwriters;

(v) an order, decree or injunction of any court of competent jurisdiction, or order, ruling, regulation or official or staff statement by the Securities and Exchange Commission, or any other governmental agency having jurisdiction of the subject matter, issued or made to the effect that the issuance, offering or sale of obligations of the general character of the Bonds, or the delivery, offering or sale of the Bonds, including any or all underlying obligations, as contemplated hereby or by the Limited Offering Memorandum, is or would be in violation of the federal securities laws as amended and then in effect;

(vi) any event occurring, or information becoming known which, in the judgment of the Underwriter, would have a material and adverse effect on the market price or marketability of the Bonds, because it makes untrue in any material respect any statement or information contained in the Limited Offering Memorandum, or has the effect that the Limited Offering Memorandum contains any untrue statement of material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading;

(vii) any legislation is passed by the legislature of the State of California or recommended for passage by the Governor of the State of California which would have the effect of amending the Charter Schools Act of 1992, as amended (constituting Part 26.8 of Division 4 of Title 2 of the California Education Code) and

which, in the reasonable judgment of the Underwriter, would have a material and adverse effect on the market price or marketability of the Bonds;;

(viii) any adverse event occurs with respect to the affairs or financial condition of the Authority, the Borrower, the Lessee, the Master Trustee or the Trustee, which, in the reasonable judgment of the Underwriter, would have a material and adverse effect on the market price or marketability of the Bonds.

(c) At or prior to the Closing Date, the Underwriter shall have received the following documents, in each case satisfactory in form and substance to the Underwriter:

(i) The Authority Documents, the Borrower Documents, the Member Documents, and the Lessee Documents, each duly executed and delivered by the respective parties;

(ii) Three copies of the Limited Offering Memorandum executed by the Borrower and the Lessee;

(iii) An approving opinion, dated the Closing Date and addressed to the Authority, of Bond Counsel, in substantially the form attached to the Limited Offering Memorandum as Appendix H, and a supplemental opinion in a form acceptable to the Authority and the Underwriter, dated the Closing Date, in substantially the form attached hereto as EXHIBIT B;

(iv) An opinion of Musick, Peeler & Garrett LLP, counsel to the Borrower, the Members, and the Lessee, dated the Closing Date and addressed to the Authority, Bond Counsel and the Underwriter, in substantially the form attached hereto as EXHIBIT C with such changes as may be agreed to by Bond Counsel and counsel to the Underwriter;

(v) An opinion of Counsel to the Underwriter;

(vi) A certificate of an authorized official of the Authority as is acceptable to the Underwriter, dated the Closing Date, to the effect that:

(A) the Authority has fulfilled or performed each of its obligations contained in the Bond Indenture, the Loan Agreement and this Bond Purchase Agreement required to be fulfilled or performed by it as of the Closing Date;

(B) the Bonds have been duly authorized, executed, issued and delivered, and assuming due authentication by the Trustee, constitute valid and binding limited obligations of the Authority, enforceable in accordance with their terms, in conformity with, and entitled to the benefit and security of the Bond Indenture; and

(C) to the best of such official's knowledge, the representations and warranties made by the Authority in the Bond Purchase Agreement are true and correct in all material respects on

(xx) An opinion of counsel to the Trustee and the Master Trustee, and addressed to the Authority, in form and substance satisfactory to the Authority and Underwriter;

(xxi) "Deemed final" certificates of the Borrower, the Lessee, and the Authority, in form and substance satisfactory to the Underwriter;

(xxii) evidence satisfactory to the Underwriter that the Bonds have been rated "_____" with a stable outlook by Moody's Investor Service, and that such rating is in effect as of the Closing;

(xxiii) A copy of the Intercept Notice;

(xxiv) Evidence of the filing of any UCC Financing Statement necessary to perfect security interests granted by the Borrower, any Member or Lessee under the Borrower Documents, Member Documents or Lessee Documents;

(xxv) Letters from the authorizers thereof to the effect that the Charter for each of the Schools is in effect and in good standing;

(xxvi) Executed copies of the Credit Enhancement Grant Agreement and evidence of the receipt of the Reserve Grant by the Trustee;

(xxvii) A copy of a completed Policy Statement 103 Application for Exemption, executed by the Authority for submission to the State of New York Department of Law; and

(xxviii) Such additional legal opinions, certificates, proceedings, instruments and other documents as the Underwriter, the Authority or Bond Counsel may reasonably request to evidence compliance by the Authority, and the Borrower and the Lessee with legal requirements, the truth and accuracy, as of the Closing Date, of the representations (A) of the Authority contained herein, (B) of the Borrower contained herein and in the other Borrower Documents, (C) of the Lessee contained herein and in the other Lessee Documents, and (D) of MPM Santa Ana contained in the Member Documents, and the due performance or satisfaction by the Authority and the Borrower at or prior to such time of all agreements then to be performed and all conditions then to be satisfied by the Authority and the Borrower.

If the Authority shall be unable to satisfy the conditions to the Underwriter's obligations contained in this Bond Purchase Agreement or if the Underwriter's obligations shall be terminated for any reason permitted herein, this Bond Purchase Agreement shall terminate, and neither the Underwriter nor the Authority nor the State Treasurer shall have any further obligation hereunder. The obligations of the Borrower set forth in Section 4(o) and Section 8 and the Lessee set forth in Section 5(s) shall survive any termination of this Bond Purchase Agreement.

7. Conditions to Obligations of the Authority. The obligations of the Authority hereunder and under the Bond Indenture to cause the preparation, execution and delivery of the Bonds on the Closing Date shall be subject to the performance by the Underwriter of its obligations to be performed hereunder at or prior to the Closing Date and to the following additional conditions:

(a) The Authority Documents shall have been executed by the other parties thereto;

(b) No order, decree, injunction, ruling or regulation of any court, regulatory agency, public board or body shall have been issued, nor shall any legislation have been enacted, with the purpose or effect, directly or indirectly, of prohibiting the offering, sale or execution and delivery of the Bonds as contemplated hereby or by the Limited Offering Memorandum;

(c) The documents contemplated by Section 6(c) shall have been delivered substantially in the forms set forth herein or, as the case may be, in form and substance satisfactory to Bond Counsel and to the Authority; and

(d) The Authority shall have received evidence of payment or provision for payment of the fees of the Authority and the State Treasurer as agent for sale of the Bonds.

Each of the State Treasurer and the Authority, acting alone, may terminate this Bond Purchase Agreement if the Underwriter or the Borrower shall fail, by the Closing, to perform its obligations contained herein, upon written notice of such termination given to the Underwriter.

8. Fees and Expenses.

(a) The Borrower shall pay, or cause to be paid, all expenses and costs incident to the authorization, execution, sale and delivery of the Bonds to the Underwriter, including: (1) the costs of preparing, printing and delivering the Bonds and the Limited Offering Memorandum (including any supplements or amendments thereto); (2) fees and expenses of the Trustee, accountants, financial advisors or other consultants retained by the Authority, the State Treasurer or the Borrower; (3) fees for the title insurance; (4) expenses (included in the expense component of the spread) incurred on behalf of the employees or officers of the Borrower or the Lessee that are incidental to implementing this Bond Purchase Agreement, including, but not limited to, meals related to travel, transportation and lodging of such employees or officers; (5) any out-of-pocket disbursements of the Authority and the State Treasurer, fees and expenses of each of Bond Counsel, Counsel to the Authority, Underwriter's Counsel and the State Treasurer; and (6) any other expenses and costs of the Authority, the State Treasurer and the Borrower incident to the performance of their respective obligations in connection with the authorization, execution, sale and delivery of the Bonds, including out-of-pocket expenses and regulatory expenses, and any other expenses agreed to by the parties. All fees and expenses to be paid by the Borrower pursuant to this Bond Purchase Agreement may be paid from Bond proceeds to the extent permitted by the Bond Indenture.

(b) The Underwriter shall pay from the expense component of the Underwriter's spread all expenses incurred by it in connection with the public offering and distribution of the Bonds including, without limitation: (1) all advertising expenses in connection with the offering of the Bonds; and (2) all reasonable out-of-pocket disbursements and expenses incurred by the Underwriter in connection with the offering and distribution of the Bonds (excluding the fees and expenses of its counsel) including, CUSIP Bureau and California Debt and Investment Advisory Commission fees, if any, except as provided in subsection (a) above or as otherwise agreed to by the Underwriter, the Authority, and the Borrower.

9. Termination. This Bond Purchase Agreement may be terminated by the Underwriter if any of the conditions specified herein shall not have been fulfilled by the Closing upon written notice of such termination to the Authority and the Borrower. The Underwriter may also terminate this Bond Purchase Agreement prior to the delivery of and payment for the Bonds if, subsequent to the date hereof, there shall have occurred any event described pursuant to Section 6(b) hereof. The Authority and the Borrower may terminate this Bond Purchase Agreement if the Underwriter shall fail, by the Closing, to perform its obligations contained herein, upon written notice of such termination to the Underwriter.

Any notice of termination pursuant to this Section shall be given in the manner provided in the following section hereof. If this Bond Purchase Agreement shall be terminated as provided in the first paragraph of this Section, such termination shall be without any liability of the State Treasurer, the Authority, the Underwriter or the Borrower; provided, that the obligations of the Borrower set forth in Section 4(n) hereof and Section 8 hereof shall survive any such termination.

10. Notices. Any notice or other communication to be given to the Authority, the State Treasurer, the Lessee or the Borrower may be given by delivering the same to the address indicated on the first page hereof, any such notice or other communication to be given to the Underwriter may be given by delivering the same to Stifel, Nicolaus & Company, Incorporated, 2121 Avenue of the Stars, Suite 2150, Los Angeles, California 90067, Attention: John Kim.

11. Limitation of Liability of Authority and State Treasurer. Neither the Authority nor the State Treasurer shall be directly, indirectly, contingently or otherwise liable for any costs, expenses, losses, damages, claims or actions of any conceivable kind under any conceivable theory under this Bond Purchase Agreement or any document or instrument referred to herein or by reason of or in connection with this Bond Purchase Agreement or other document or instrument, except to the extent it receives amounts from the Borrower available for such purpose.

12. Indemnification.

(a) The Underwriter agrees to indemnify and hold harmless the Authority and the State Treasurer and the members, officers, agents and employees of the State Treasurer and the Authority against any losses, claims, damages or liabilities to which any of them may become subject, under federal securities laws, or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon any untrue statement or alleged untrue statement of a material fact contained in the "UNDERWRITING" section of the Preliminary Limited Offering Memorandum or Limited Offering Memorandum, or any amendment or supplement thereto, or arise out of or are based upon the omission or alleged omission to state therein a material fact necessary to make the statements therein not misleading, in each case to the extent, but only to the extent, that such untrue

statement or omission or alleged omission was made in the "UNDERWRITING" section of the Preliminary Limited Offering Memorandum or Limited Offering Memorandum or any such amendment or supplement in reliance upon and in conformity with written information furnished to the Authority by the Underwriter expressly for use therein or reviewed without comment by the Underwriter; and will reimburse such indemnified parties for any legal or other expenses reasonably incurred thereby in connection with investigating or defending any such action or claim.

(b) Promptly after receipt by an indemnified party pursuant to subsection (a) above of notice of the commencement of any action, such indemnified party shall, if a claim in respect thereof is to be made against the indemnifying party under such subsection, notify in writing of the commencement thereof; but the omission so to notify the indemnifying party shall not relieve it from any liability which it may have to any indemnified party otherwise than under such subsection. In case any such action shall be brought against any indemnified party and it shall notify of the commencement thereof, and shall be entitled to participate therein and to assume the defense thereof, with counsel satisfactory to such indemnified party (who shall not, except with the consent of the indemnified party, be counsel to the indemnifying party or shall otherwise have an actual or potential conflict in such representation), and, after notice to such indemnified party of its election so to assume the defense thereof, shall not be liable to such indemnified party under such subsection for any legal expenses or other counsel or any other expenses, in each case subsequently incurred by such indemnified party, in connection with the defense thereof other than costs of investigation; provided, however, that each indemnified party shall have the right to employ separate counsel in any such action or proceeding and participate in the investigation and defense thereof, and the Underwriter shall pay the fees and expenses of such separate counsel; provided further, however, that such indemnified party may only employ separate counsel at the expense of the Underwriter if (1) the indemnified party engages the of the State as separate counsel, (2) in the judgment of such indemnified party a conflict of interest exists by reason of common representation, (3) if all parties commonly represented do not agree as to the action (or inaction) of counsel, (4) if substantially different or additional defenses apply to such indemnified party, or (5) the Underwriter has failed to assume the defense and employ counsel reasonably acceptable to the indemnified party.

13. Parties in Interest. This Bond Purchase Agreement as heretofore specified shall constitute the entire agreement between us with respect to the subject matter of this Bond Purchase Agreement and supersedes all prior agreements and understandings, both written and oral, with respect to the subject matter of this Bond Purchase Agreement. This Bond Purchase Agreement is made solely for the benefit of the Authority, the State Treasurer, the Borrower, the Lessee (including the successors of the Authority, the State Treasurer, the Borrower, and the Lessee) and the Underwriter (including successors or assigns of the Underwriter) and no other person shall acquire or have any right hereunder or by virtue hereof. This Bond Purchase Agreement may not be assigned by the Authority, the State Treasurer, the Borrower or the Lessee. All of the representations, warranties and agreements contained in this Bond Purchase Agreement shall remain operative and in full force and effect, regardless of (i) any investigations made by or on behalf of the Underwriter, the State Treasurer or the Authority; and (ii) delivery of and payment for the Bonds pursuant to this Bond Purchase Agreement.

14. Governing Law; Venue. The laws of the State of California govern all matters arising out of or relating to this Bond Purchase Agreement, including, without limitation, its validity,

interpretation, construction, performance, and enforcement. Any party bringing a legal action or proceeding against any other party arising out of or relating to this Bond Purchase Agreement shall bring the legal action or proceeding in the Sacramento County Superior Court, Sacramento, California, unless the Authority waives this requirement in writing. Each party agrees that the exclusive (subject to waiver as set forth herein) choice of forum set forth in this section does not prohibit the enforcement of any judgment obtained in that forum or any other appropriate forum. Each party waives, to the fullest extent permitted by law, (a) any objection which it may now or later have to the laying of venue of any legal action or proceeding arising out of or relating to this Bond Purchase Agreement brought in the Sacramento County Superior Court, Sacramento, California, and (b) any claim that any such action or proceeding brought in such court has been brought in an inconvenient forum.

15. Section Headings. Section headings have been inserted in this Bond Purchase Agreement as a matter of convenience of reference only, and it is agreed that such section headings are not a part of this Bond Purchase Agreement and will not be used in the interpretation of any provisions of this Bond Purchase Agreement.

16. Counterparts. This Bond Purchase Agreement may be executed in several counterparts each of which shall be regarded as an original (with the same effect as if the signatures thereto and hereto were upon the same document) and all of which shall constitute one and the same document.

17. Electronic Signatures. Each of the parties hereto agrees that the transaction consisting of this Bond Purchase Agreement may be conducted by electronic means. Each party agrees, and acknowledges that it is such party's intent, that if such party signs this Bond Purchase Agreement using an electronic signature, it is signing, adopting, and accepting this agreement and that signing this Bond Purchase Agreement using an electronic signature is the legal equivalent of having placed its handwritten signature on this Bond Purchase Agreement on paper. Each party acknowledges that it is being provided with an electronic or paper copy of this Bond Purchase Agreement in a usable format.

18. Rules of Construction. The parties hereto acknowledge that each such party and their respective counsel have participated in the drafting and revision of this Bond Purchase Agreement. Accordingly, the parties agree that any rule of construction that disfavors the drafting party shall not apply in the interpretation of this Bond Purchase Agreement or any amendment or supplement or exhibit hereto or thereto.

(Supplemental Opinion)

Ladies and Gentlemen:

This letter is provided pursuant to Section 6(c)(iii) of the Bond Purchase Agreement, dated March __, 2026 (the "Purchase Contract"), among Stifel, Nicolaus & Company, Incorporated (the "Underwriter"), the California School Finance Authority (the "Authority"), the Treasurer of the State of California, as agent for sale on behalf of the Authority, Magnolia Properties Management, Inc., a California nonprofit public benefit corporation (the "Borrower"), and Magnolia Educational & Research Foundation, a California nonprofit public benefit corporation ("MERF"), providing for the purchase by the Underwriter of $_____ aggregate principal amount of California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026A (the "Series 2026A Bonds") and $_____ aggregate principal amount of California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026B (Taxable) (the "Series 2026B Bonds" and, together with the Series 2026A Bonds, the "Bonds"). The Bonds are being issued pursuant to an indenture, dated as of March 1, 2026 (the "Bond Indenture"), between the Authority and UMB Bank, National Association, as trustee (the "Trustee"), for the stated purpose of making a loan of the proceeds thereof to the Borrower. Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Bond Indenture or, if not defined in the Bond Indenture, in the Purchase Contract.

SWDocID 4922-0565-3381/200356-0699

We have delivered our final legal opinion (the "Bond Opinion") as bond counsel to the Authority concerning the validity of the Bonds and certain other matters, dated the date hereof and addressed to the Authority. You may rely on such opinion as though the same were addressed to you.

In connection with our role as bond counsel to the Authority, we have reviewed the Purchase Contract, the Bond Indenture, the Loan Agreement, the Master Indenture of Trust, the Supplemental MTI for Obligation No. 2, the Tax Certificate, opinions of counsel to the Authority, the Trustee, the Borrower and MERF, certificates of the Authority, the Trustee, the Borrower, MERF and others, and such other documents, opinions and matters to the extent we deemed necessary to render the opinions set forth herein. We have assumed the correctness of the opinion of Musick, Peeler & Garrett LLP, counsel to the Borrower and MERF, regarding, among other matters, the current qualifications of the Borrower and MERF as organizations described in Section 501(c)(3) of the Internal Revenue Code of 1986 (the "Code"). We note that such opinion is subject to a number of qualifications and limitations. We have also assumed the correctness of representations of the Borrower and MERF regarding the use of the facilities financed or refinanced with the proceeds of the Bonds in activities that are not considered unrelated trade or business activities of the Borrower and MERF within the meaning of Section 513 of the Code. Failure of the Borrower or MERF to be organized and operated in accordance with the Internal Revenue Service's requirements for the maintenance of its status as an organization described in Section 501(c)(3) of the Code, or use of the bond-financed or refinanced facilities in activities that are considered unrelated trade or business activities of the Borrower and MERF within the meaning of Section 513 of the Code, could negatively affect several of the opinions set forth below.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after the original delivery of the Bonds on the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after the original delivery of the Bonds on the date hereof. We have assumed the genuineness of all documents and signatures provided to us and the due and legal execution and delivery of each such document by each party thereto other than the Authority and that each such document constitutes a valid and binding agreement of such party. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents, and of the legal conclusions contained in the opinions, referred to in the third paragraph hereof. We have further assumed compliance with all covenants and agreements contained in such documents. In addition, we call attention to the fact that the rights and obligations under the Bonds, the Bond Indenture, the Loan Agreement, the Tax Certificate and the Purchase Contract and their enforceability may be subject to bankruptcy, insolvency, receivership, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against governmental entities such as the Authority in the State of California. We express no opinion with respect to any indemnification, contribution, liquidated damages, penalty (including any remedy deemed to constitute a penalty), right of set-off, arbitration, judicial reference, choice of law, choice of forum, choice of venue, non-exclusivity of remedies, waiver or severability

SWDocID 4922-0565-3381/200356-0699

provisions contained in the foregoing documents, nor do we express any opinions with respect to the state or quality of title to or interest in any real or personal property described in or as subject to the lien of the Bond Indenture or the Loan Agreement or the accuracy or sufficiency of the description contained therein of, or the remedies available to enforce liens on, any such property. Finally, we undertake no responsibility for the accuracy, except as expressly set forth in numbered paragraph 3 below, completeness or fairness of the Limited Offering Memorandum, dated March __, 2026 (the "Limited Offering Memorandum") or other offering material relating to the Bonds and express no view with respect thereto.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Bonds are not subject to the registration requirements of the Securities Act of 1933, as amended, and the Bond Indenture is exempt from qualification pursuant to the Trust Indenture Act of 1939, as amended.

2. The Purchase Contract has been duly executed and delivered by, and constitutes a valid and binding agreement of, the Authority.

3. The statements contained in the Limited Offering Memorandum under the captions "THE BONDS" (excluding information relating to the book-entry system, DTC and securities depositories), "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS," "TAX MATTERS," and "Appendix C – "SUMMARY OF PRINCIPAL BOND DOCUMENTS," excluding any material that may be treated as included under such captions by cross-reference or reference to other documents or sources, insofar as such statements expressly summarize certain provisions of the Bond Indenture, the Loan Agreement, the Master Indenture of Trust, the Supplemental MTI for Obligation No. 2, and the form and content of the Bond Opinion, are accurate in all material respects.

This letter is furnished by us as bond counsel to the Authority. No attorney-client relationship has existed or exists between our firm and the Underwriter in connection with the Bonds or by virtue of this letter. We disclaim any obligation to update this letter. This letter is delivered to you as Underwriter of the Bonds and the Authority, is solely for your benefit in these respective capacities in connection with the original delivery of the Bonds on the date hereof, and is not to be used, circulated, quoted or otherwise referred to or relied upon for any other purpose or by any other person. This letter is not intended to, and may not, be relied upon by owners of the Bonds or by any other party to whom it is not specifically addressed.

Very truly yours,

FORM OF OPINION OF COUNSEL TO THE AUTHORITY

March __, 2026

California School Finance Authority
Sacramento, California

Re: California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group) Series 2026A and

California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group) Series 2026B (Taxable)

Ladies and Gentlemen:

We have acted as counsel to the California School Finance Authority (the "Authority") in connection with the issuance of the above-referenced bonds (the "Bonds"). This opinion is delivered to you pursuant to Section 6(c)(xv) of the Bond Purchase Agreement, dated March __, 2026 (the "Purchase Agreement"), among the Authority, the Treasurer of the State of California, as agent for sale on behalf of the Authority, and Stifel, Nicolaus & Company, Incorporated, as underwriter, and approved by Magnolia Properties Management, Inc. (the "Borrower") and Magnolia Educational & Research Foundation.

The Bonds are authorized to be issued pursuant to the provisions of the California School Finance Authority Act, constituting Chapter 18 (commencing with Section 17170) of Part 10 of Division 1 of Title 1 of the Education Code of the State of California. The Bonds are being issued under a bond indenture, dated as of March 1, 2026 (the "Bond Indenture"), between the Authority and UMB bank, National Association, as bond trustee (the "Bond Trustee"). The proceeds of the Bonds are being loaned by the Authority to the Borrower pursuant to a loan agreement, dated as of March 1, 2026 (the "Loan Agreement"), between the Authority and the Borrower. Capitalized terms used herein and not otherwise defined shall have the meanings given such terms in the Bond Indenture.

The Authority's only source of payment for the principal of, premium, if any, or interest on the Bonds are revenues from payments by the Borrower and from certain other limited sources provided for and described in the Bond Indenture. The Authority is not obligated to pay the principal of, premium, if any, or interest on the Bonds except from such revenues and certain other limited sources provided for and described in the Bond Indenture. Neither the faith and credit nor the taxing power of the State of California or any subdivision thereof, or any local agency, is pledged to the payment of the principal of, premium, if any, or interest on the Bonds. The Authority has no taxing power with which to provide for payment of the principal of, premium, if any, or interest on the Bonds, nor does it have the power to commit the faith and credit or the taxing power of the State of California or any subdivision thereof, or any local agency, to the payment of the principal of, premium, if any, or interest on the Bonds.

SWDocID 4922-0565-3381/200356-0699

As to questions of fact material to this opinion, we have relied upon representations contained in the Indenture, the Loan Agreement, and the Purchase Agreement] (the "Authority Documents") and in certain certificates, documents, records, statements, and opinions furnished by, or on behalf of, the Authority and the Borrower, without undertaking to verify such facts by independent investigation. We have reviewed the Authority Documents, certificates of the Authority and others, information in the Limited Offering Memorandum dated as of [date] relating to the Bonds (the "Limited Offering Memorandum") under the captions "THE AUTHORITY" and "ABSENCE OF MATERIAL LITIGATION – The Authority," and such other documents, opinions, and matters to the extent deemed necessary to render the opinions set forth herein. In addition, we have assumed compliance with the covenants and agreements contained in the Authority Documents.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings, and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after the date hereof, and we disclaim any obligation to update this opinion. We have assumed the genuineness of all documents and signatures presented to us (whether as originals or as copies) and the due and legal execution and delivery thereof by, and validity against, any parties other than the Authority. We have not undertaken to verify independently, and have assumed, the accuracy of the factual matters represented, warranted, or certified in the documents, and of the legal conclusions contained in the opinions, referred to in the immediately preceding paragraph hereof.

We express no opinion as to whether interest on the Bonds is excluded from gross income for federal income tax purposes or exempt from State of California personal income taxes or as to any other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the Bonds. Although one or more Authority Documents may reference or incorporate the [Tax Certificate/Agreement], we express no opinion regarding the [Tax Certificate/Agreement]. We take no responsibility for the accuracy, completeness, or fairness of the Limited Offering Memorandum or other offering material relating to the Bonds and express no opinion with respect thereto, except as expressly set forth in numbered paragraph (2) below.

Based upon and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the opinion that:

1. The Authority is a public instrumentality validly existing under the Constitution and laws of the State of California.

2. The Limited Offering Memorandum has been duly authorized by the Authority, and the information contained in the Limited Offering Memorandum under the captions "THE AUTHORITY" and "ABSENCE OF MATERIAL LITIGATION – The Authority" is true and correct.

3. Resolution No. 26-__, adopted on February 26, 2026, approving and authorizing the execution and delivery of the Authority Documents, the Bonds, and the Limited Offering Memorandum, was duly adopted at a meeting of the governing body of the Authority which was called and held pursuant to law and with all public notice required by law and at which a quorum was present and acting throughout.

SWDocID 4922-0565-3381/200356-0699

4. There is no action, suit, or proceeding pending (with service of process against the Authority having been accomplished) or any action, suit, proceeding, inquiry, or investigation before any court, governmental agency, or public board or body to our knowledge threatened against the Authority to restrain or enjoin the issuance or delivery of the Bonds, the collection of revenues pledged under the Bond Indenture, the assignment of the Loan Agreement under the Indenture, or the loaning of the proceeds of the Bonds to the Borrower under the Loan Agreement, or contesting any authority for the issuance of the Bonds, the validity of the Bonds, or the Authority Documents, or contesting the existence or powers of the Authority with respect to the issuance of the Bonds or the security therefor, wherein an unfavorable decision, ruling, or finding would materially adversely affect the transactions contemplated by the Authority Documents or the validity of the Bonds (it being understood that we have made no docket search of state or federal courts nor any other similar inquiry regarding such matters).

5. The execution and delivery of the Bonds and the Authority Documents and compliance with the provisions thereof under the circumstances contemplated thereby do not and will not in any material respect conflict with or constitute on the part of the Authority a breach of or default under any agreement or other instrument known to us to which the Authority is a party or by which it is bound or any existing law, regulation, court order, or consent decree to which the Authority is subject, which would, in any such case, materially adversely affect the Authority's ability to perform its obligations under the Authority Documents; provided that no representation is made regarding compliance with any federal or state securities or "blue sky" laws.

6. The Authority Documents have been duly authorized, executed, and delivered by the Authority and, assuming due authorization, execution, and delivery by the other parties thereto, are valid and binding obligations of the Authority, and the Bonds have been duly authorized, executed, and delivered by the Authority and, assuming proper authentication by the Bond Trustee, constitute valid and binding limited obligations of the Authority, payable only from revenues and from certain other specified funds in accordance with their terms and secured as provided in the Indenture, in each case enforceable in accordance with their respective terms, subject to the laws relating to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium, and other similar laws related to or affecting creditors' rights generally, to the application of equitable principles as the court having jurisdiction may impose, regardless of whether such enforceability is considered in a proceeding in equity or law, to the exercise of judicial discretion in appropriate cases, and to the limitations on legal remedies against governmental entities in the State of California. We express no opinion with respect to any indemnification, contribution, penalty, choice of law, choice of forum, choice of venue, severability, or waiver provisions contained in the Authority Documents.

We are furnishing this letter to you as your counsel. It is being delivered to you as issuer of the Bonds, is solely for your benefit as such issuer, and is not to be used, circulated, quoted, or otherwise referred to or relied upon for any other purpose or by any other person. This letter is not intended to, and may not, be relied upon by owners of the Bonds or by any other party to whom it is not specifically addressed.

Respectfully submitted,

FORM OF ISSUE PRICE CERTIFICATE

$_____
CALIFORNIA SCHOOL FINANCE AUTHORITY
CHARTER SCHOOL REVENUE BONDS
(MAGNOLIA PUBLIC SCHOOLS – OBLIGATED GROUP)
SERIES 2026A

The undersigned, on behalf of Stifel, Nicolaus & Company, Incorporated ("Stifel") hereby certifies as set forth below with respect to the sale and issuance of the above-captioned bonds (the "Bonds").

1. ***Sale of the Bonds***. As of the date of this certificate, for each Maturity of the Bonds, the first price at which at least 10% of such Maturity was sold to the Public is the respective prices listed in Schedule I.

2. ***Defined Terms***.

(a) *Issuer* means the California School Finance Authority.

(b) *Maturity* means Bonds with the same credit and payment terms. Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate maturities.

(c) *Public* means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term "related party" for purposes of this certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

(d) *Sale Date* means the first day on which there is a binding contract in writing for the sale of a Maturity of the Bonds. The Sale Date of the Bonds is March __, 2026.

(e) *Underwriter* means (i) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents Stifel's interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the Issuer with respect to certain of the representations set forth in the Tax Certificate to which this certificate is included as Exhibit B thereto and with respect to compliance with the federal income tax rules affecting the Bonds, and by Orrick, Herrington & Sutcliffe LLP in connection with rendering its opinion that the interest on the Bonds is excludable from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038, and other federal income tax advice that it may give to the Issuer from time to time relating to the Bonds.

All capitalized terms in this Appendix A that are not defined herein will have such meaning as given to them in the forepart of this Limited Offering Memorandum.

THE LESSEE

Magnolia Educational & Research Foundation, doing business as Magnolia Public Schools (the "Lessee" or "MERF") is a California nonprofit public benefit corporation and an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986. MERF operates as a nonprofit charter management organization headquartered in Los Angeles, California, that operates a network of charter schools throughout the State, including Magnolia Science Academy ("MSA-1"), Magnolia Science Academy 5 ("MSA-5"), Magnolia Science Academy-San Diego ("MSA-SD"), and Magnolia Science Academy-Santa Ana ("MSA-SA" and together with MSA-1, MSA-5 and MSA-SD, the "Series 2026 Schools"). MERF currently operates eleven charter schools (collectively referred to herein as the "Magnolia Schools"), most recently opening Magnolia Science Academy-Orange County ("MSA-OC"), in the fall of 2025. While each Magnolia School has its own charter, MERF operates all of the Magnolia Schools as a single California nonprofit corporation. MERF was incorporated on August 28, 1997.

MERF is dedicated to inspiring students to choose career paths in science, technology, engineering, arts, and mathematics ("STEAM"), while providing a robust, standards-based education program within a supportive culture that strives toward excellence. MERF's "culture of excellence" is based on (1) core values, (2) the cultivation of college aspirations, and (3) a dedicated, highly trained faculty that implements a comprehensive educational approach.

MERF's central office (the "Central Office") executes the decisions and policies set by the Board of Directors of MERF (the "Board") and manages business operations in the Magnolia Schools. The responsibilities of the Central Office include overseeing operations for compliance with charter agreements, hiring school principals, managing payroll, purchasing, budgeting and auditing, community outreach, public relations, data management, information technology and facilities, and serving as a point of contact for the chartering agency.

About the Lessee

History. In 1998, MERF began its first project of providing volunteer tutors for middle and high school students, especially for math, science and computer technology assistance, utilizing its connections to major research universities throughout southern California. In 1999, MERF organized and implemented a joint program with the Culver City Unified School District to provide tutoring for district students. It also started a free tutoring program in the Sherman Oaks/Van Nuys Area of the San Fernando Valley. These programs resulted from cooperative partnerships with school districts to support educational initiatives.

In the fall of 2002, MERF established its first charter school, MSA-1, in the San Fernando Valley of southern California. Since then, MERF has grown in size and sophistication, establishing ten other charter schools in the State of California (the "State"), while maintaining the goal of providing an innovative, high-quality education to students. MERF is the largest STEAM-focused charter management organization in the State.

Charter Schools Operated by the Lessee

MERF currently operates eleven Magnolia Schools under five different charter authorizers. MERF opened its eleventh Magnolia School, MSA-OC, in the fall of 2025. MERF has completed more than 20 initial charter authorizations and/or renewals with charter authorizers. Magnolia Schools serves approximately 3,811

students in TK through grade 12 in school year 2025-26. The following table summarizes the Magnolia Schools currently operated by the Lessee.

(6) Orange County Office of Education.
(7) Charter renewal submitted on November 21, 2025.
(8) In 2024, MERF received authorization from the OCDE to open MSA-OC - a countywide benefit charter - which will operate four new school sites, ultimately serving students in TK-12, in underserved communities across Orange County. This milestone reinforces MERF's commitment to providing high-quality STEAM education and expands its footprint in Placentia-Yorba Linda Unified School District, Orange Unified School District, Irvine Unified School District and Saddleback Unified School District.

Management Services Provided to Magnolia Schools

The Lessee provides administrative services similar to those that might be provided by a school district's central office. These functions include:

Academics

- Academic standards, assessment, compliance, and evaluation
- Curriculum
- Professional development and coaching
- Special Education support
- English Learner support
- Gifted and Talented and special programs support
- Science and blended learning advisory

Operations

- Governance support
- Finance and accounting
- Purchasing and contract compliance
- Policies and procedures management
- Legal
- Facilities
- Risk management
- Information technology and data management
- Auditing and compliance
- Regional school site operational support

Talent

- Human resources operations
- Recruitment and hiring
- Credentials and qualifications oversight
- Leadership development and career path support

External Relations

- Family and community engagement
- Facilitation of school site stakeholder groups and Local Control and Accountability Plan management
- Development
- Communications

As required by the Master Trust Indenture, payment of management fees by MERF for the provision of services to the Magnolia Schools, as covenanted by the Lessee, will be subordinated to the obligation to pay Rent under the Leases [and loan repayments under the Loan Agreement]. See "THE LEASES" in the forepart of this Limited Offering Memorandum.

Recognition, Grants and Awards

National, Statewide and Local Awards. MERF and the Magnolia Schools have been awarded the following national, statewide and local awards and grants:

- USDOE Charter Schools Program Grants to CMOs:
  - Recipient of an $11.3 million award;
  - 1 of 17 awardees in 2024
  - Highest applicant score in 2024, 2nd highest since 2010.
- California Distinguished School: MSA-2 and MSA-SD recognized as 2024 CA Distinguished Schools.
- California Department of Education Community Schools Planning & Implementation Grants: All ten Magnolia Schools were awarded this grant totaling over $14 million.

- California Department of Education Early College Program Grants: Awarded $1.5 million through the College and Career Access Pathways and Middle College and Early College Grants to enhance Early College Programs.
- CCSA Hart Vision Equity & Innovation Awards: 2024 School of the Year.
- Charter School Growth Fund: Charter School Growth Fund ("CSGF") has invested over $5 million in MERF. CSGF is a nationally-renowned, non-profit social venture capital fund that makes multi-year philanthropic investments in the highest-performing charter school networks nationwide to help their expansion and growth. CSGF solicits and aggregates philanthropy from large national and regional foundations, charities and other social investors that invest heavily in public education reform and works diligently to invest these philanthropic funds into high-impact, high-performing charter school networks in order to maximize the "social return" on investment (i.e. create the maximum number of new seats at high-quality charter schools to accommodate more student enrollment and/or develop new educational practices/approaches that have the potential to improve academic outcomes in public educational systems).CGSF is funded by the largest charter school philanthropists in the country including the Bill & Melinda Gates Foundation, Walton Family Foundation, Broad Foundation, and many others.
- US News & World Report:
  - MSA-1 ranked among top 6% of high schools in CA.
  - MSA-SA ranked #2 high school in Santa Ana, #7 in OC, #49 in CA, #358 national (2023).
- America's Healthiest Schools Award: MSA-3, MSA-6, MSA-SA recognized for outstanding family and community engagement in 2024.
- CA PBIS Implementation Award
  - MSA-2 and MSA- SD received the Platinum Implementation Award (in 2024 and 2023 & 2024, respectively).
  - MSA-SA, MSA-4 & MSA-5 received the Gold Implementation Award (2023).
- Advanced Placement Access Award: MSA-SA was recognized by the College Board for equitable AP participation (2023).
- AP Computer Science Female Diversity Award: MSA-3 (2020) and MSA-5 (2022) were recognized by the College Board for attaining equal female representation in their AP Computer Science class, among only 3% of schools nationwide.
- Athletic Championships
  - MSA-1: CIF City Section Div. 5 Girls Soccer Championship ('24).
  - MSA-2: FIYA Girls Volleyball Div. 1 Valley League Champions ('24).
  - MSA-2: CIF City Section Div. 5 Boys HS Volleyball Champions ('24).
  - MSA-5: FIYA Basketball Valley League Champions ('23).
  - MSA-SD: Archery State Champions (Team 1st Place in '15, '19, '24).
- National Competition Awards: Magnolia Schools students have won hundreds of awards in nationwide math, computer, science competitions and science fairs including: USA Computer Olympiad, American Computer Science League, American Mathematics Competitions, and the Los Angeles, Orange County, and San Diego County Science Fairs.

Mission and Vision

Mission. The mission of Magnolia Schools is to provide a safe and nurturing community using a whole-child approach to provide a high-quality, college preparatory STEAM educational experience in an environment that cultivates respect for self and others.

Vision. The vision of Magnolia Schools is that graduates of Magnolia Schools commit to building a more peaceful and inclusive global society by transforming traditional ideas with creative thinking, effective communication, and the rigor of science.

CURRICULUM AND EDUCATIONAL PROGRAMS

Instructional Model

MERF's journey began with a strong emphasis on STEM/STEAM education, grounded in project-based learning, engaging instructional programs, and enrichment activities. This foundation was further fortified through strategic partnerships with higher education institutions, resulting in a robust STEAM-focused curriculum emphasizing hands-on learning and real-world applications.

As MERF's educational model evolved, MERF expanded its commitment to student success by introducing Early College Education. By integrating dual enrollment opportunities with colleges and universities, MERF created new pathways for students to earn college credits while still in high school. This initiative not only facilitates their transition to higher education but also equips them with the skills and confidence necessary for academic and career success. See "MAGNOLIA SCHOOLS – College Readiness and Outcomes – Dual Enrollment Participation" herein.

Combining STEAM-focused education with Early College opportunities, MERF provides a comprehensive framework designed to prepare students for the challenges of higher education and beyond. Additionally, MERF introduced the Community Schools model to enhance its educational approach further. This model prioritizes individualized student supports, family and community engagement, collaborative leadership, and extended learning opportunities, fostering a nurturing environment where students can flourish academically, socially, and emotionally.

Student Learning Outcomes

MERF uses student learning outcomes ("SLOs") as measurable schoolwide goals that every student is expected to achieve upon graduation from a Magnolia School. MERF embeds SLOs within the curriculum of each Magnolia School, including the Life Skills program, instructional practice, core values, and daily culture of the Magnolia School. The following chart sets forth MERF's current SLOs.

SCHOLARS who:	• Think critically. • Develop academic plans and goals to guide in their pursuit towards a college degree and career choices (planning). • Apply, analyze, identify, synthesize and evaluate information and experiences. • Connect the skills and content learned across the curriculum and evaluate multiple points of view.

- Use the Inquiry Process to address a problem, hypothesize, analyze, and draw conclusions as they investigate an issue/problem.
- Utilize problem-solving techniques during conflict resolution and to compromise.

INDEPENDENT SCHOLARS who:

- Exhibit the ability to integrate technology as an effective tool in their daily lives.
- Use technology effectively to access, organize, research, and present information.
- Demonstrate effective oral and written communication skills through the use of academic language at school, with peers and in the community.
- Demonstrate content area and grade level achievement in Reading, Writing, Mathematics, History and Science.
- Are self-directed.
- Meaningfully engage in learning activities.
- Make informed decisions on their learning pathways.
- Know their readiness levels, interests, and backgrounds.
- Understand their own learning styles and intelligence preferences.
- Reflect on their learning.
- Accept and integrate feedback.
- Adapt to change.

COMMUNITY FOCUSED CITIZENS who:

- Embrace and respect cultural diversity through the understanding of our Global World.
- Demonstrate knowledge and understanding of American and World History and the values of different cultures.
- Contribute to the improvement of life in their school and local community through Leadership skills and participation in Community Projects.
- Demonstrate knowledge of proper nutrition, exercise and physical health and its impact on daily life.
- Collaborate, work effectively, and manage interpersonal relationships within diverse groups and settings.
- Develop their ability to affect change in the world.
- Understand and reflect on connections between their community and global connectedness and how it affects the broader world through global awareness.
- Understand that outreach is a responsibility.
- Realize that agitation is a mechanism to activism.

Curriculum and Instruction

Guiding Principles. MERF has established goals for its students to ensure that they are academically achieving, technologically fearless, creatively empowered, and socially and civically engaged. In accordance therewith, MERF's curriculum and instruction model follows the belief that (1) all students are brilliant and are capable of growing academically and emotionally, (2) it is responsible, as educators, to provide scholars with the tools and contexts they need to accomplish their goals; and (3) all students bring a unique set of skills and talents to the school community.

In addition, MERF follows research and experience, which indicate that learning best occurs when students are engaged and actively involved in the learning experience, have multiple opportunities to make interpersonal connections with the world, and relate their experiences to what they are learning in school. Accordingly, MERF strives to facilitate student learning.

MERF believes that individual needs are intrinsically motivating. Accordingly, MERF allows students to assess their unique learning needs and styles, and MERF teaches students how to articulate those needs through effective communication. MERF believes that this process helps guide educators in the development of personalized curriculum which is aligned to each student's needs. In addition, MERF collects and disaggregates data in order to monitor and measure student growth and to provide immediate feedback.

MERF uses an educational program based on, among other things, the Common Core standards. Students are expected to participate in inquiry and project-based activities to help in the acquisition of core academic knowledge, problem-solving skills, and critical thinking skills. MERF and the faculty of each Magnolia School design curriculum to be relevant to the applicable student demographic and to allow students to explore and connect to the world.

Teachers at each Magnolia School follow a model pursuant to which students have multiple opportunities to work collaboratively in teams. Accordingly, teachers are expected to assume the role of facilitators of meaningful learning experiences rather than transmitters of knowledge. MERF believes that this model allows students to build on their existing knowledge as guided experiences to help them discover and develop the underlying ideas and concepts.

In addition to the teachers, MERF seeks to incorporate parents as integral participants in successful student learning. MERF believes that the involvement of all stakeholders helps to develop a school's culture and its identity as a family and a community. Further, MERF believes that students whose parents are involved in their learning are likely to experience higher academic achievement, better attendance, higher graduation rates, and a better chance of continuing with their education beyond high school.

Core Values. MERF has identified the following core values, which are reinforced through the Life Skills curriculum, SLOs, and all school activities:

Academic Excellence. Academic Excellence is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. MERF fosters academic excellence through project-based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing. Scholars learn where and how to access the needed information to advance their academic pursuits and societal contributions.

Innovation. Students have the freedom to choose how and what they learn. Individualized scheduling, early identification of learning styles, personalities, interest and career plans support students' college and career readiness. This core value includes student participation in their four-year plans,

after-school enrichment programs, STEAM program choice options, adaptive assessments and blended learning strategies, differentiated instruction and differentiated and adaptive assessments.

Connection. School communities are integrated partnerships with the school site staff, families, students, and all other stakeholders. MERF believes that this model creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internship, and promote unity and better decision making through the implementation of restorative justice practices. In addition, community cultivates identity and gives each member a sense of belonging and pride. MERF utilizes home visits, student surveys, field trips, life skills classes and coaching to support overall community-based goals. Each Magnolia School works with community partners to establish mentoring relationships and other social capital to support students' development of personal and academic networks for long-term resilience and connection.

The following diagram sets forth the core values incorporated into MERF's model for student instruction and development.

Source: The Lessee.

STEAM is the platform by which MERF enhances instruction, increases intrinsic motivation, and makes learning relevant through real life connections. MERF plans to use the latest and most innovative tools to maximize personalization and customization for a superior, personalized academic program for students through which a lifelong passion for learning can be created. The following chart sets forth key elements contained within each of the three core values.

Academic Excellence (Scientific Thinkers)	***Innovation (Intrinsically Driven and Self-Motivated)***	***Connection (Socially Responsible Global Citizens)***

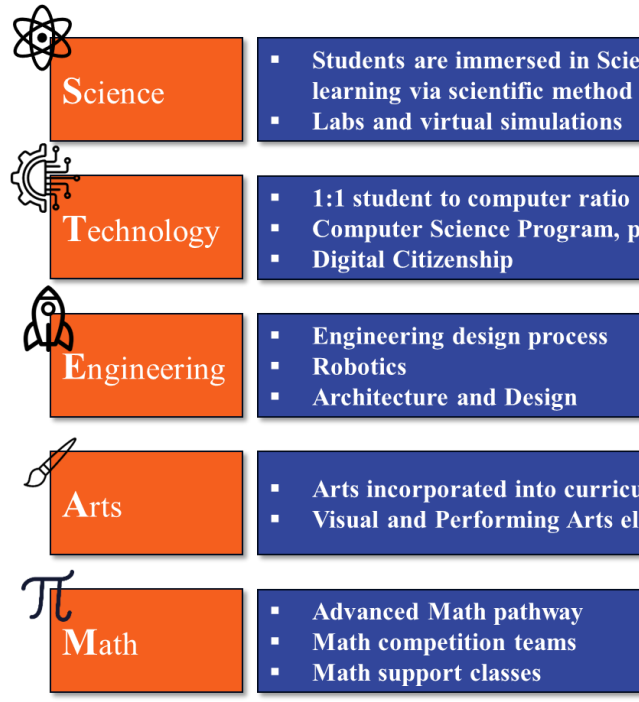
STEAM Focus. MERF provides a college preparatory curriculum with a STEAM emphasis. Science courses use the scientific method and encourage students to use the applicable technology to plan and organize projects, hypothesize, analyze data, and draw conclusions from experiments, which they choose and create based on their interests. Science classes employ technology in laboratory explorations and experimentation. In addition, computer simulations are used to expand the number of lab opportunities in all grade levels. A computer science program supports technology skills development, including programming and sequencing. All courses and at all grades incorporate engineering design processes as part of the emphasis on the Next Generation Science Standards, which are standards promulgated by a consortium of states, the National Research Council, the National Science Teachers Association, the American Association for the Advancement of Science, among others. Arts instruction focuses on the development of students' creativity, imagination, discipline, and self-expression through drawing and fine arts, music, drama and improvisation, and dance. Each Magnolia School assesses its students to determine their current knowledge and skill level in mathematics and placement in the most appropriate class.



Source: The Lessee.

Effectively Integrating Technology into Teaching and Learning. Each Magnolia School features a technology program (the "Technology Program") with highly trained faculty leading instruction. The Technology Program enables students to personalize learning practices and integrate all subjects in project-based learning in a fun and meaningful way. In addition, the Technology Program includes, among other things, technology courses and curriculum and core class integration projects. MERF believes that the technology courses provide technology tools and help students develop critical skills necessary to gain acceptance to and graduate from a four-year college or university with a STEAM-related major. In addition, the core class integration projects require higher-order learning and help students improve their critical thinking skills.

STEAM-Related Competitions. Students and faculty organize and participate in numerous STEAM competitions. In addition, competition days are targeted events which generate student interest and allow students to further celebrate the success of their peers. Each Magnolia School offers a variety of after-school clubs to students to stimulate interest in and extend knowledge of various subjects covered in the classroom. The clubs available to students include, among others, Computer Applications, MathCounts, Robotics, and Science Olympiad clubs. After-school programs and activities are often facilitated by parents and guardians.

Life-Long Learning. Based on Delors's (1996) four 'pillars' of education for the future, MERF believes lifelong learning may be broadly defined as: learning that is flexible, diverse, and available at different times and in different places. Further, MERF believes that lifelong learning crosses sectors, promoting learning beyond traditional schooling and throughout adult life (i.e., post-compulsory education). MERF seeks to develop diverse learning habits in its students:

(1) Learning to know – mastering learning tools rather than acquisition of structured knowledge;

(2) Learning to do – equipping people for the types of work needed now and in the future including innovation and adaptation of learning to future work environments;

(3) Learning to live together, and with others – peacefully resolving conflict, discovering other people and their cultures, fostering community capability, individual competence and capacity, economic resilience, and social inclusion; and

(4) Learning to be – education contributing to a person's complete development: mind and body, intelligence, sensitivity, aesthetic appreciation, and spirituality.

Data-Driven Instruction. Teachers and students at each Magnolia School use data to make informed decisions. Teachers receive regular professional development and coaching about positive academic intervention, teaching strategies for all learners, and differentiated instruction. Academic, informal, and formal information is taken from the following areas: diagnostic data from the Measures of Academic Progress ("MAP"), Smarter Balanced Assessment Consortium ("SBAC") interim formative and summative data, student survey, and grade point averages. In addition, digital, mastery-based core academic content permits data-driven intervention by local teachers, coaches, and English learner and remediation specialists.

MERF uses online curriculum and real time assessments to permit continuous and individualized pacing as well as flexibility in the number of courses students are offered. MERF's system generates reports that show profiles of the content and the skills that students are learning and tracks their progress. MERF combines its data system with diagnostic MAP assessments to provide data necessary to build personalized, realistic, and productive learning plans on a weekly basis for every Magnolia School student. MERF believes that current data and information are essential to the academic and social foundation of each Magnolia School and that personalized learning plans benefit low-performing students.

Periodic Benchmark Tests. Magnolia Schools uses computer-adapted tests produced by the Northwest Evaluation Association, which are known as the MAP assessments, to evaluate student learning and to differentiate instruction to meet student needs. These campus-wide tests are used to measure individual levels of student performance reflected in the Common Core (defined herein). The MAP assessments measure various skills, such as analytic ability, critical thinking, and synthesis. MERF does not use the MAP assessments as a basis for student promotion. However, MERF uses MAP assessments as a resource to identify students in need of remediation, intervention, and acceleration.

MERF administers the MAP assessments in the fall and spring of every academic year in reading, language usage, mathematics, and science. The MAP assessments provide feedback with respect to student performance based on a norm reference group of more than two million students. The MAP assessments are designed to adapt to the student's ability and measure what a student knows and needs to learn. The MAP assessment is also designed to measure academic growth over time, independent of grade level or age. In addition, MERF uses the results of MAP assessments to identify the skills and concepts that individual students have learned, diagnose instructional needs, monitor academic growth over time, make data-driven decisions, and place new students into appropriate courses.

After-school Tutoring. Each Magnolia School offers free after-school and Saturday tutoring (the "After-school Tutoring Program") to all students. The After-school Tutoring Program provides students with a small-group environment in which they can receive personalized attention from their teachers and access to resources to complete assignments. Each Magnolia School offers individual and small group tutoring and homework clubs.

To the extent a student has been identified as low-achieving, the Magnolia Schools offer intensive, obligatory after-school programs tailored towards such student's needs. MERF believes this strategy provides

an opportunity for such students to master the relevant subject's content standards. In addition, MERF uses quantitative measurements to track the progress of low-achieving students through the use of the MAP assessments and accelerated reader and accelerated math tests.

The following chart sets forth the resources available to students through the After-school Tutoring Program.

Students in need of English Language Development support	***Students in need of core class support***	***All students***

Students that demonstrate adequate improvement can advance to a satisfactory level where they are provided moderate tutoring sessions and various fun opportunities, such as recreational clubs and community trips. In the event an under-achieving student does not positively respond to this teaching method, the homeroom teachers may decide to include such a student in different recreational activities to promote the student's interest in learning.

College Pathways Program. MERF has established a college preparatory program (the "College Pathways Program") to provide students with the emotional and instrumental support to graduate from college and prepare for a career. By providing timely information and guiding students through the college application process, college advisors play an integral role in nurturing college aspirations, supporting college preparation activities, finding best-fit colleges, universities and career programs, and advising students seeking to make a successful transitions from high school to their colleges of choice.

The College Pathways Program includes active participation by students to develop and design future academic plans. MERF's advisors work individually with parents and students on a four-year plan that outlines graduation requirements, tracks extracurricular activities and volunteer activities, and builds resumes. MERF offers special programming to students who want to develop interests and build the skills necessary for credentialing and certification for specific trades.

The College Pathways Program includes regular visits from college recruiters, student visits to college campuses, admission requirements research, and exploration of financial aid and scholarship options. College advisors and their teams track completion of the University of California/California State University A-G requirements, credits completed towards graduation, scholarship eligibility, scholarship applications, personal statements, and progress towards college application submission.

MERF monitors the progress of its graduates to understand the transfer, persistence, and completion trends of former students after they have enrolled in four-year universities, two-year colleges, trade/technical schools, and the military. MERF's alumni network includes, among others, former students who have returned as tutors, mentors, and contributors to the Magnolia Schools.

Community Service and Outreach. Students are expected to be continuously and actively involved in various community outreach endeavors. Magnolia School students engage in community service to develop and demonstrate life skills. MERF's model incorporates "real life" projects that are aligned with the curriculum and provide students with opportunities to work within their home community. In addition, students are expected to gain "real life" experience and develop responsibility, caring, and respect for others. Students are required to earn forty hours (or the equivalent of ten hours per each year of enrollment) of community service for an advanced or honors diploma. Students may begin to earn these hours once they complete their eighth grade year.

Life Skills Program. Life Skills is an enrichment program that provides students with skills to support academic excellence and social skill development, and includes topics on social and emotional learning, study skills, environmental issues, conflict resolution, making responsible choices, self-discipline, college and career awareness, and character education. Students participate in activities and projects to demonstrate their understanding of the values/lessons. Guest speakers and various forms of technology also engage students in the course content. Life Skills themes are integrated into broader school-wide activities such as assemblies, field trips, displays, announcements, and into the general curriculum. Schools regularly inform parents of students regarding the Life Skills topics to support the Magnolia Schools' efforts to inspire positive principles of conduct in future leaders. The Life Skills program is designed to enable all students, including "at-risk" students, to have a vision and to develop specific goals to be successful at school and during their life.

Field Trips and Guest Speakers. Students have the ability to attend field trips, which are intended to allow students to gain insight, information, or knowledge that cannot be adequately developed through regular classroom instruction. Field trips are an integral part of the curriculum and, since not all children learn in the same way, field trips allow students the opportunity to expand their intelligence in ways different from those typically available inside the classroom.

In order to motivate students, students receive the opportunity to visit a research laboratory (e.g., Jet Propulsion Lab), a university campus (e.g., UCLA, USC, Caltech, UC Irvine, and California State University, Long Beach), and meet with scientists during these field trips or through guest speakers on campus. MERF believes that, when some of the guest speakers or people that students meet during the field trips share the same culture with students, students may find new role models. While most field trips are directly related to specific academic curricula, field trips also may address the need for intrapersonal and interpersonal growth in children. Accordingly, MERF believes that field trips may be designed to promote social and emotional development and to provide for the development of the "whole" child. Recent speakers have included: Michele Judd, Managing Director of the Keck Institute for Space Studies, a joint institute of the Jet Propulsion Laboratory and Caltech; and Dr. Christine Mann, renowned NASA aerospace engineer and mathematician immortalized in the film Hidden Figures.

Home Visits. Based on research that indicates that personal connections with students inside and outside of school is one key to successful teaching and schooling, teachers at each Magnolia School are encouraged to know students' outside interests, families, and home routines. MERF advises teachers to use this information to connect in meaningful, individualized ways. MERF believes that family visits offer invaluable insights about students and can provide a new understanding about a student's learning styles. In addition, MERF understands that visits may also reveal the emotional and social needs and behaviors of students. It is helpful to know if they react to problems with tears, anger, or withdrawal, and how they socialize with peers. In addition, each Magnolia School uses home visits as an important feature of its education program to improve student and school performance and to identify and intervene early with low-achieving students.

Partnership with the Mount Wilson Observatory Institute and the Carnegie Institute for Science. Beginning in the 2015-16 school year, MERF became the first K-12 educational organization to have access to the Mount Wilson Observatory Institute. MERF has piloted the first field trips for students in grades five through twelve at the Mount Wilson Observatory in Los Angeles County, California. Located on Mount Wilson, a 5,710-foot peak in the San Gabriel Mountains, the Mount Wilson Observatory contains several historically important telescopes, the Hooker telescope, the Hale telescope, the Snow solar telescope, and the CHARA array, which was the largest optical interferometer in the world at its completion. These are the telescopes with which scientists made a significant number of the major astrophysics discoveries of the 20th century.

CalTech/Carnegie Astronomers engage MERF's students in the actual experiments and scientific discoveries made using the Mount Wilson equipment. In addition, MERF science teachers have helped to develop piloted lessons, which are aligned with the Next Generation Science Standards, such as "The Scale of Space" and "Spectroscopy: Science through Rainbows." Students participate in developing technologies and learn the ways in which science and innovation have changed the world. In addition, students have the opportunity to confer with the scientists from around the world who source research data using equipment at the Mount Wilson Observatory and are currently engaged in more cutting edge science of telescopes from Hawaii to Chile.

Organizational Structure and Leadership Team

The Lessee is led by a Chief Executive Officer & Superintendent with the assistance of a Deputy Superintendent, Chief Financial Officer, Chief Academic Officer, Chief Accountability Officer and Chief Operations Officer. The Lessee employs a team to operate the systems and supports necessary for the Lessee to operate successfully.

The Lessee currently employs approximately 464 personnel, including staff and faculty. Approximately 46 employees of the Lessee serve in an administrative or support function to Magnolia Schools.

The organization chart on the following page shows the relationship of the Lessee's Board of Directors, the Lessee's executive leadership and leadership at Magnolia Schools within the Lessee organization. At the top of the organization chart is the Board of Directors, which governs the Lessee as a whole. See "– the Lessee Board of Directors" below. Below the Board is the Chief Executive Officer, who is the chief executive of the entire the Lessee organization.

accountability among families and schools. Dr. Olivares has successfully served the roles of teacher, after-school coordinator, Dean of Academics, Dean of Students, and Dean of Culture at the secondary level. She joined the Magnolia Central Office team in 2018 as the Director of Student Services and currently serves as the Chief External Officer (CXO). She earned her doctorate in Educational Leadership with a concentration in Educational Psychology from the University of Southern California and holds a Master's degree in Teaching of Social Studies from Teachers College, Columbia University, and her Bachelor's degree in history with a secondary teaching credential from Mount Saint Mary's University. Most recently, she completed a Family Engagement in Education: Creating Effective Home and School Partnerships Summer Program with the Harvard Graduate School of Education.

Fiorella Del Carpio, Chief People Officer. Fiorella Del Carpio leads Magnolia Schools' vision and strategy for people, talent, culture, and equity, centering students, families, and communities in her work. Under her leadership, Magnolia is transitioning from a traditional Human Resources model to a comprehensive Total People Strategy. Fiorella brings a decade of leadership experience, with eight years focused on Human Capital. Most recently, she served as Managing Director of Human Capital at the California Charter Schools Association, where she oversaw HR policies, programs, and procedures, while spearheading initiatives related to company culture, talent, diversity, equity, and inclusion. Her dedication to social justice began during her time as a community liaison at Crystal Stairs, advocating for early education. Originally from Peru, Fiorella has lived in Los Angeles County since immigrating to the United States. She is a first-generation college graduate, holding a Bachelor of Science in Business Administration with a Minor in Economics from California State University, Los Angeles. Fiorella also completed Cornell Certificate Program: Diversity, Equity, and Inclusion for HR - 2021

Patrick Anton C. Ontiveros, Esq., General Counsel & Director of Facilities. Patrick Ontiveros has spent over a decade in a dual role as in-house legal counsel and project director for real estate acquisitions and development, successfully managing project scope, process resources, and professional teams through the entire development cycle, from acquisition or ground leasing to opening/ribbon-cutting. A successful track record of ensuring cohesion between multiple parties to guarantee on-time, on-budget project delivery, executing an effective balance of diplomacy and determination in leading diverse teams of architects, engineers, contractors, attorneys, environmental consultants, municipalities and project managers. Patrick has extensive experience in counselling both for-profit and non-profit clients on a variety of corporate and securities matters. Patrick holds a B.A. from Yale University and a J.D. from Columbia University.

Corri Tate Ravare, Chief Schools Officer. Corri Tate Ravare is a dedicated education leader and Chief Schools Officer at Magnolia Schools, with a career spanning charter school leadership, advocacy, and policy. She previously served as Executive Director and Chief Talent Officer at College Achieve Public Schools and as COO at Extera Public Schools. Mekan Muhammedov, Chair. Mr. Muhammedov is a real estate investor and entrepreneur with a passion for optimizing business operations. Prior to joining the Board, Mr. Muhammedov served as executive director of GG Construction in Dubai. He has a long history with Magnolia, having been employed by the organization between 2005 and 2014.

Sandra Covarrubias, Vice-Chair. Ms. Covarrubias is a retired nurse who joined the Board in 2017. Ms. Covarrubias has eight years of professional experience as a Vocational Nurse at NorthEast Valley Health Corporation, Amity Home Health Majesty Hospice and All Saints HealthCare as a pediatric nurse. She became one of the first active parent volunteers for Magnolia Science Academy-2 & 7 and went on to become President of the Parent Task Force (PTF) for Magnolia Science Academy-2. Under her responsibilities she organized special events, coordinated parent volunteers in classrooms/school activities, aided in fundraising efforts through events and programs, and was involved in actively supporting community outreach and networking and building reliable communication networks among parents and teachers. Ms. Covarrubias graduated from Casa Loma College for Licensed Vocational Nursing.

Ümit Yapanel, Ph.D., Member. Dr. Ümit Yapanel has over two decades of experience in education. Dr. Yapanel served as the Board President from October 2012 to June 2018, where he successfully navigated the organization through significant growth and external challenges. Dr. Yapanel founded Lotus School for Excellence (LSE) and was pivotal in transforming LSE into a leading STEAM school in Colorado. Currently, Dr. Yapanel leads two major EdTech projects: atom.live, a multilingual & interactive online book platform designed to break down language barriers for children globally and Elegant AI Academy that equips students in grades 4-12 with AI skills essential for the future AI-driven world. His past roles include innovating in children's speech development at www.lena.org, leading the development of audio and speech processing algorithms at TDK, Inc., and serving as a key figure in speech recognition and enhancement at Audience Inc. Additionally, Dr. Yapanel worked at McDonald's Corp. - Tech Labs (2019-2021), as Senior Manager of the Conversational AI Group and at DeGirum, Corp. Dr. Yapanel has also served as an adjunct faculty member at the University of Colorado at Boulder, teaching Digital Signal Processing. Dr. Yapanel holds a BSc and MS in Electrical and Computer Engineering, and a PhD in Artificial Intelligence from the University of Colorado at Boulder.

Salih Dikbas, Ph.D., Member. Dr. Dikbas currently works at Qualcomm Inc., as a Staff Engineer. Dr. Dikbas joined Qualcomm Inc. in 2013. Prior to Qualcomm Inc., Dr. Dikbas was a System Engineer for Texas Instruments Inc. and helped develop a frame noise algorithm, and co-authored the proposal of TI for the

next-generation video standards. Dr. Dikbas received his degree from Middle East Technical University, an M.S. from Clemson University, and a Ph.D. from Georgia Institute of Technology.

Diane Gonzalez, Member. Ms. Gonzalez has been serving on the Board of Directors since 2014. Ms. Gonzalez retired from the Federal Bureau of Investigation after 57 years of service. She also served as a mentor with Pennylane which is a group home for at-risk girls, a mediator with Centinela Valley Juvenile Diversion Program and is also a member with the Los Angeles InfarGard Alliance and a member of Alcohol, Tobacco, Firearms and Explosives (ATF) Citizen's Academy. Ms. Gonzalez also created a reading program at the Bessie Pregerson Child Development Center, created and implemented a Community Relations Executive Seminar Training Program (CREST); and, created a Multi-Cultural Advisory Committee.

Sofia Perez, Student Member. Sofia Perez is a junior at MSA-1, where she began her journey with Magnolia Schools in 6th grade.

MAGNOLIA SCHOOLS

Accreditation

Magnolia Schools have been accredited by the Western Association of Schools and Colleges ("WASC"). Courses offered by Magnolia Schools that are WASC accredited may be considered to be transferable to other public high schools. Courses approved by the University of California or California State University as satisfying their prerequisites for admission may be considered as meeting college entrance requirements. While accreditation by WASC provides certain advantages for a high school and its graduating students, many California elementary schools do not seek accreditation.

School Leadership

The daily operations of each Magnolia School are managed by a Principal. All Magnolia Schools have at least one Assistant Principal or Dean as part of the school leadership team. Larger schools have additional Assistant Principals or Deans based on size and need.

Admissions, Enrollment, Attendance, Demographics and Student Retention

Student Admissions. Magnolia Schools shall admit all students who wish to attend as outlined in the California Education Code. No test or assessment is administered to students prior to acceptance and enrollment into the Magnolia Schools and they have no specific admissions requirements. Magnolia Schools shall not discriminate against any student on the basis of race, disability, gender, or immigration status. Magnolia Schools adheres to all state and federal laws establishing the minimum and maximum age of students for public school attendance in public schools.

Intent to Enroll. In order for students to be enrolled at one of the Magnolia Schools, they must submit a pre-enrollment application online or drop off a printed application to the school office. Families who turn in pre-enrollment forms by a certain date each year will be notified if they are included in the random enrollment lottery. Applications shall be counted to determine whether any grade level has received more forms than availability. If there are less application forms than availability for any grade levels, a lottery for that grade level is not necessary. Should the amount of pupils that wish to attend exceed the capacity of the

applicable Magnolia School during the enrollment period, a public random lottery will take place to determine the enrollment in accordance with the California Education Code.

Lottery Procedures and Preferences. Following the open enrollment period each year, and after accounting for existing students who are guaranteed enrollment in the following school year, applications are counted to determine whether the applicable Magnolia School has received more applications than availability. If the number of students applying for enrollment exceeds the applicable Magnolia School's capacity, admission shall be determined by random public drawing (lottery) in accordance with the California Education Code. Families will be notified of lottery results via U.S. Mail and e-mail, if available, informing families whether or not their student was accepted or placed on waitlist. This letter will be sent home within 14 days of the date of the lottery.

Each Magnolia School may grant priority in admissions as set forth in the charter for each school and in accordance with law.

Waitlist. All names drawn after reaching capacity will be placed on a waitlist, in order in which they are drawn, except that homeless and foster care pupils will be moved to the top of the waiting list to provide priority placement. This waitlist will allow students the option of enrolling in the case of an opening during the current school year. The wait list from a prior year does not roll over to the next year. As of November 18, 2025, 78 students were on the Magnolia Schools waitlist.

Enrollment. The table below shows historical and current enrollment for each of the Magnolia Schools in the years 2020-21 through 2025-26, as well as projected enrollment by each of the Magnolia Schools through the 2029-30 school year.

(1) For 2020-2 through 2024-25, reflects ADA as of the second principal reporting period ("P-2 ADA"), ending on or before the last attendance month prior to April 15 of each school year. An attendance month is equal to each four week period of instruction beginning on the first day of school.

(2) Due to the COVID-19 pandemic, the State implemented a hold harmless provision for 2020-21 to ensure public schools do not receive less state funding than in the prior year. As such, ADA for 2020-21 was based on the prior year except when ADA has increased since the prior year for a school.

Academic Outcomes for Magnolia Schools

CAASPP. Academic Performance Index ("API") scores have, in the past, been calculated using results of the State's STAR program and, for high school students, the California High School Exit Examination ("CAHSEE"). Changes to the Education Code enacted in 2013 deleted certain provisions of State law establishing the STAR program and replaced them with the California Assessment of Student Performance and Progress program ("CAASPP"), effective July 1, 2014. As a means to assess certain elementary and secondary pupils, CAASPP comprises:

(a) the State's Smarter Balanced Assessments, composed of (i) summative assessments in English language arts ("ELA") and mathematics for grades 3 to 8 inclusive, and grade 11, (ii) interim assessments to monitor student progress toward mastery of the Common Core State Standards in ELA and mathematics, and (iii) a "Digital Library" consisting of tools and practices designed to help teachers utilize formative assessment processes for improved teaching and learning;

(b) alternate assessments for ELA and mathematics in grades 3 through 8 and 11, that are based on alternate achievement standards and aligned with the Common Core State Standards for students with significant cognitive disabilities;

(c) science assessments in grades 5, 8, and 10, measuring specified content standards, currently composed of (i) the California Standards Test ("CST") for students in public schools, (ii) the California Modified Assessment ("CMA") for students with an individualized education program, and the (iii) California Alternate Performance Assessment ("CAPA") for students with significant cognitive disabilities; and

(d) the Standards-based Tests in Spanish ("STS"), which are multiple-choice tests that allow Spanish-speaking English learners in grades 2 through 11 to demonstrate their knowledge of California content standards by taking a reading/language arts ("RLA") assessment in their primary language.

The following figures summarize the performance of the listed Series 2025 School students on CAASPP Smarter Balanced Assessments for ELA and mathematics in 2023-24, compared against averages for students in the school district in which the applicable Series 2025 School is located, and the State.

California School Dashboard. During the 2016-17 school year, the California State Board of Education ("SBE") approved a new integrated accountability and continuous improvement system (the "Accountability System") that is used to evaluate local education agency ("LEA") and school performance in areas critical to students' preparedness for college and career. The Accountability System is aligned to both (i) the LCFF priority areas, as required under State law, and (ii) accountability measures required under the provisions of the federal Every Student Succeeds Act. Performance by individual LEAs and schools under the Accountability System is reported through the State's California School Dashboard (the "Dashboard").

The Accountability System measures performance in the following priority areas using various state and local indicators:

Priority Areas	State Indicator	Local Indicator
Basic Services or Basic Condition at schools	N/A	Appropriately assigned teachers, access to curriculum-aligned instructional materials, and safe, clean and functional school facilities
Implementation of State Academic Standards	N/A	Progress in implementing state academic standards
Parent Engagement	N/A	Progress in seeking input from parents in decision making and promoting parental participation in programs
Student Achievement	● Academic Performance (Grades 3-8 and Grade 11); ● English Learners Progress	N/A
Student Engagement	● Graduation Rate; ● Chronic Absenteeism	N/A
School Climate	Suspension Rate	Administration of a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness to students in at least one grade within the grade span(s) that the LEA serves (e.g., K-5, 6-8, 9-12)
Access to a Broad Course of Study	N/A	Annually measures progress on the extent students have access to, and are enrolled in, a broad course of study
Outcomes in a Broad Course of Study	College/Career	N/A

Source: California Department of Education.

State Indicators. The Accountability System measures performance on state indicators through a combination of current performance ("Status") and improvement over time ("Change"). Both Status and Change are weighted equally, and scores approved by SBE serve as performance standards based on the state-wide distribution of Status and Change for each indicator. For each state indicator, a school or LEA will be assigned (i) a Status level of Very High, High, Medium, Low or Very Low; and (ii) a Change level of Increased Significantly, Increased, Maintained, Declined or Declined Significantly. For each state indicator, the combination of Status level and Change level yields a performance level of Blue, Green, Yellow, Orange or Red, with Blue representing the highest performance and Red indicating the lowest performance. Any performance level below Green indicates that improvement is needed.

Local Indicators. The local indicators require LEAs (including individual charter schools) to determine whether they have Met, Not Met, or Not Met for More than Two Years the standards for each local indicator. For each local indicator, LEAs (and charter schools) must (i) measure their progress using locally available information, (ii) report the results at a regularly scheduled public meeting of the LEA's (or charter school's) local governing board, and (iii) upload the results to the public through the Dashboard.

School Performance Overview. Each LEA and school's School Performance Overview provides the performance level for all students on state and local indicators.

(1) A chartering authority shall not renew a charter if for two consecutive years immediately preceding the renewal decision, the charter school has received the two lowest performance levels schoolwide on all the state indicators included in the California School Dashboard for which it receives performance levels. See "CHARTER SCHOOLS – Charter Renewal" in the forepart of this Limited Offering Memorandum.

(2) Change level is based on the difference between data for the 2024-25 and 2023-24 school years

(3) Chronic Absenteeism Status level is based on the number of students absent for 10% or more of instructional days within the 2024-25 school year.

(4) Suspension Rate Status level is based on the unduplicated number of students suspended within the 2024-25 school year.

(5) English Learner Progress Status level is based on the percentage of English Language Proficiency Assessments for California ("ELPAC") test takers scoring at a proficient level in the 2024-25 school year.

(6) English Language Arts ("ELA") and Mathematics Status levels are based on the sum of all grades 3-8 and 11 students' distance from the minimum score qualifying a student for "Standards Met" on the ELA or Math 2024-25 Smarter Balanced Assessment, divided by the total number of 2024-25 Smarter Balanced Assessment ELA or Math test takers.

(7) Percentage of students who received a high school diploma within four or five years of entering ninth grade or completed their graduation requirements at an alternative school.

(8) Determination of whether high school students are prepared for success after graduation based on measures like graduation rate, performance on state tests, and college credit courses. For additional College/Career information, see " – College Readiness and Outcomes" herein.

Dual Enrollment Participation. By integrating dual enrollment opportunities with colleges and universities, MERF created new pathways for students to earn college credits while still in high school. The following figure shows the percentage of students in all high school grades who participated in the dual enrollment courses and the number of courses taken per year during each of the last four years at Magnolia Schools.

College/Career Indicator. The College/Career Indicator ("CCI") is an indicator on the Dashboard that is given to districts and schools that serve students in grade twelve receive. This indicator looks at how well local educational agencies and schools are preparing graduates for college and/or career. Graduates who meet specific CCI "prepared" criteria are included in the calculations of the CCI rate. Criteria for College Readiness and Career Readiness are summarized below.

College Readiness	Career Readiness
• Smarter Balanced Summative Assessments	• Leadership/Military Service
• Advanced Placement Exams	• Career Technical Education Pathway
• International Baccalaureate Exams	• Registered Pre-Apprenticeship
• College Credit Courses	• State and Federal Job Programs
• State Seal of Biliteracy	• Transition Classroom and Work-Based Learning Experiences
• UC/CSU Requirements (A-G)	

The CCI measures the percentage of grade 12 students that are considered prepared under the above criteria. While students may qualify as prepared under multiple criteria, they are only counted once. The following figure shows the 2025 percentage of grade 12 students who are considered prepared at the listed Magnolia Schools, LAUSD, SAUSD and the State.

Budget Process and Policies

The Magnolia Schools' budgets are developed by school site principals and the organization-wide budget is prepared by the Chief Financial Officer. Development of Magnolia Schools and organizational wide budgets are supported by a back-office provider. All proposed budget information is collected along with a narrative explanation of the sources and uses of funds explaining material fluctuations and the first draft of the budget will be prepared. After appropriate revisions and a compilation of all Magnolia Schools' budgets by the back-office provider, a draft of school site budgets and the organizational wide budget are presented to the Chief Financial Officer for discussion, revision, and preliminary approval. The Chief Executive Officer is responsible for the final approval of all budgets. The final budget is then submitted by the Chief Financial Officer to the Board for adoption. It is the policy of MERF to adopt a final annual operating budget at least 60 days before the beginning of each fiscal year. Reclassifications of budgeted expense amounts may be made by the back-office provider, with approval from the Chief Financial Officer or his designee.

MERF maintains fiscal and governance policies to guide the Board and management in the fulfillment of their duties. The policies include governance of conflicts of interests, finances and budgeting, investments and reserves.

[To be updated] Management Discussion & Analysis – Lessee – Statement of Activities. From 2019-20 to 2023-24 the Lessee has increased Total Support and Revenues by $29M (56.8%). The increase in Total Support and Revenues can primarily be attributed to increases in state funding and federal funding during and after the COVID-19 pandemic. The primary source of revenues has been state revenues (comprised of Local Control Funding Formula revenues and Other State Revenues), which has typically comprised 79% to 92% of Total Support and Revenues. In recent years, Federal Revenue comprised a larger percentage of Total Support and Revenues (peaking at 32% in 2021-22) as a result of federal COVID-19 related funding, however has subsided to 9% for 2023-24 and the Lessee projects Federal Revenues to stabilize at around 5% to 6% of Total Support and Revenues for 2024-25 and beyond. Since 2019-20, the Lessee has consistently produced positive operating results, with annual changes in net assets ranging from $2.8M to $12.7M, representing 5.5% to 20.1% of Total Support and Revenues.

Financial Statements

The audited financial statements of the Lessee for the fiscal year ended June 30, 2025 (the "2024-25 Audit") are set forth in "APPENDIX B – AUDITED FINANCIAL STATEMENTS OF LESSEE FOR THE FISCAL YEAR ENDED JUNE 30, 2025" attached to this Limited Offering Memorandum.

Eide Bailly LLP, the Lessee's auditor for the fiscal year ending June 30, 2025, has not been engaged to perform and has not performed, since the dates of the 2024-25 Audit, any procedures on the financial statements addressed in the 2024-25 Audit. Eide Bailly LLP also has not performed any procedures relating to this Limited Offering Memorandum.

Eide Bailly LLP is serving as the Lessee's auditor for the fiscal year ended June 30, 2026. Pursuant to the Continuing Disclosure Agreement (as defined in the forepart of this Limited Offering Memorandum), the Lessee will covenant to provide the audited financial statements of the Lessee and the Magnolia Schools to the EMMA website once they are finalized and available.

Retirement Systems

The Lessee participates in the California State Teachers Retirement System (STRS) and the California Public Employees Retirement System (PERS).

The information set forth below regarding the STRS and PERS programs, other than the information provided by MERF regarding its annual contributions thereto, has been obtained from publicly available sources which are believed to be reliable but are not guaranteed as to accuracy or completeness, and should not to be construed as a representation by either the MERF or the Underwriter

STRS. All full-time certificated employees, as well as certain classified employees, are members of the California State Teachers' Retirement System ("STRS"). STRS provides retirement, disability and survivor benefits to plan members and beneficiaries under a defined benefit program (the "STRS Defined Benefit Program"). The STRS Defined Benefit Program is funded through a combination of investment earnings and statutorily set contributions from three sources: employees, employers, and the State. Benefit provisions and contribution amounts are established by State statutes, as legislatively amended from time to time.

Prior to fiscal year 2014-15, and unlike typical defined benefit programs, none of the employee, employer nor State contribution rates to the STRS Defined Benefit Program varied annually to make up funding shortfalls or assess credits for actuarial surpluses. Previously, the combined employer, employee and State contributions to the STRS Defined Benefit Program have not been sufficient to pay actuarially required amounts. As a result, and due to significant investment losses, the unfunded actuarial liability of the STRS Defined Benefit Program increased significantly prior to the implementation of AB 1469 (defined below). In September 2013, STRS projected that the STRS Defined Benefit Program would be depleted in 31 years assuming existing contribution rates continued, and other significant actuarial assumptions were realized. In an effort to reduce the unfunded actuarial liability of the STRS Defined Benefit Program, the State passed the legislation described below to increase contribution rates.

Powered by BoardOnTrack

Prior to July 1, 2014, K-14 school districts were required by such statutes to contribute 8.25% of eligible salary expenditures, while participants contributed 8% of their respective salaries. On June 24, 2014, the Governor signed AB 1469 ("AB 1469") into law as a part of the State's fiscal year 2014-15 budget. AB 1469 seeks to fully fund the unfunded actuarial obligation with respect to service credited to members of the STRS Defined Benefit Program before July 1, 2014 (the "2014 Liability"), within 32 years, by increasing member, K-14 school district and State contributions to STRS. Commencing July 1, 2014, the employee contribution rate increased over a three-year phase-in period in accordance with the following schedule:

MEMBER CONTRIBUTION RATES
STRS (Defined Benefit Program)

Effective Date	STRS Members Hired Prior to January 1, 2013	STRS Members Hired After January 1, 2013
July 1, 2014	8.150%	8.150%
July 1, 2015	9.200	8.560
July 1, 2016	10.250	9.205

Source: AB 1469.

Pursuant to the Reform Act (defined below), the contribution rates for members ("PEPRA Members") hired after the Implementation Date (defined below) will be adjusted if the normal cost increases by more than 1% since the last time the member contribution was set. The contribution rate for employees ("Classic Members") hired before the Implementation Date (defined below) increased from 9.205% of creditable compensation for fiscal year commencing July 1, 2017 to 10.205% of creditable compensation effective July 1, 2018. For fiscal year commencing July 1, 2021, the contribution rate was 10.250% for Classic Members and 10.205% for PEPRA Members. For fiscal year commencing July 1, 2022, the contribution rate is 10.250% for Classic Members and 10.205% for PEPRA Members. For fiscal year commencing July 1, 2023, the contribution rate is 10.250% for Classic Members and 10.205% for PEPRA Members. For fiscal year commencing July 1, 2024, the contribution rate is 10.250% for Classic Members and 10.205% for PEPRA Members. For fiscal year commencing July 1, 2025, the contribution rate will be 10.250% for Classic Members and 10.205% for PEPRA Members.

Pursuant to AB 1469, K-14 school districts' contribution rate increased over a seven-year phase-in period in accordance with the following schedule:

K-14 SCHOOL DISTRICT CONTRIBUTION RATES
STRS (Defined Benefit Program)

Effective Date	K-14 school districts
July 1, 2014	8.88%
July 1, 2015	10.73
July 1, 2016	12.58
July 1, 2017	14.43
July 1, 2018	16.28
July 1, 2019	18.13
July 1, 2020	19.10

Based upon the recommendation from its actuary, for fiscal year 2021-22 and each fiscal year thereafter the STRS Teachers' Retirement Board (the "STRS Board"), is required to increase or decrease the K-14 school districts' contribution rate to reflect the contribution required to eliminate the remaining 2014 Liability by June 30, 2046; provided that the rate cannot change in any fiscal year by more than 1% of creditable compensation upon which members' contributions to the STRS Defined Benefit Program are based;

Powered by BoardOnTrack

and provided further that such contribution rate cannot exceed a maximum of 20.25%. In addition to the increased contribution rates discussed above, AB 1469 also requires the STRS Board to report to the State Legislature every five years (commencing with a report due on or before July 1, 2019) on the fiscal health of the STRS Defined Benefit Program and the unfunded actuarial obligation with respect to service credited to members of that program before July 1, 2014. The reports are also required to identify adjustments required in contribution rates for K-14 school districts and the State in order to eliminate the 2014 Liability.

On June 27, 2019, the Governor signed SB 90 ("SB 90") into law as a part of the 2019-20 Budget. Pursuant to SB 90, the State Legislature appropriated $2.246 billion to be transferred to the Teacher's Retirement Fund for the STRS Defined Benefit Program to pay in advance, on behalf of employers, part of the contributions required for fiscal years 2019-20 and 2020-21, resulting in K-14 school districts having to contribute 1.03% less in fiscal year 2019-20 and 0.70% less in fiscal year 2020-21, resulting in employer contribution rates of 17.1% in fiscal year 2019-20 and 18.4% in fiscal year 2020-21. In addition, the State made a contribution of $1.117 billion to be allocated to reduce the employer's share of the unfunded actuarial obligation determined by the STRS Board upon recommendation from its actuary. This additional payment was reflected in the June 30, 2020 actuarial valuation. Subsequently, the State's 2020-21 Budget redirected $2.3 billion previously appropriated to STRS and PERS pursuant to SB 90 for long-term unfunded liabilities to further reduce the employer contribution rates in fiscal year 2020-21 and 2021-22. As a result, the effective employer contribution rate was 16.15% in fiscal year 2020-21 and 16.92% in fiscal year 2021-22. The employer contribution rate was 19.1% in fiscal year 2022-23, 19.1% in fiscal year 2023-24, 19.1% in fiscal year 2024-25 and will be 19.1% in fiscal year 2025-26.

MERF's contributions to STRS were $3,480,813 in fiscal year 2021-22, $4,146,658 in fiscal year 2022-23, $4,466,557 in fiscal year 2023-24 and $[_____] in fiscal year 2024-25. MERF has budgeted $[_____] for its contribution to STRS for fiscal year 2025-26.

The State also contributes to STRS, currently in an amount equal to 8.328% for fiscal year 2024-25 and 8.328% for fiscal year 2025-26. The State's contribution reflects a base contribution rate of 2.017%, and a supplemental contribution rate that will vary from year to year based on statutory criteria. Based upon the recommendation from its actuary, for fiscal year 2017-18 and each fiscal year thereafter, the STRS Board is required, with certain limitations, to increase or decrease the State's contribution rates to reflect the contribution required to eliminate the unfunded actuarial accrued liability attributed to benefits in effect before July 1, 1990. However, the maximum increase or decrease in a given year is limited to 0.5% of payroll under the STRS valuation policy. Once the State has eliminated its share of the STRS' unfunded actuarial obligation, the State contribution will be immediately reduced to the base contribution rate of 2.017% of payroll.

In addition, the State is currently required to make an annual general fund contribution up to 2.5% of the fiscal year covered STRS member payroll to the Supplemental Benefit Protection Account (the "SBPA"), which was established by statute to provide supplemental payments to beneficiaries whose purchasing power has fallen below 85% of the purchasing power of their initial allowance.

PERS. Classified employees working four or more hours per day are members of the California Public Employees' Retirement System ("PERS"). PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the State statutes, as legislatively amended from time to time. PERS operates a number of retirement plans including the Public Employees Retirement Fund ("PERF"). PERF is a multiple-employer defined benefit retirement plan. In addition to the State, employer participants at June 30, 2024 included 1,600 public agencies and 1,336 K-14 school districts and charter schools. PERS acts as the common investment and administrative agent for the member agencies. The State and K-14 school districts (for "classified employees," which generally consist of school employees other than teachers) are required by law to participate in PERF. Employees participating in PERF generally become fully vested in their retirement benefits earned to date after five years of credited service. One of the plans operated by PERS is for K-14 school districts throughout the State (the "Schools Pool").

Contributions by employers to the Schools Pool are based upon an actuarial rate determined annually and contributions by plan members vary based upon their date of hire. Pursuant to SB 90, the State Legislature appropriated $904 million to the Schools Pool, including transfers in fiscal years 2019-20 and 2020-21 to the Public Employees Retirement Fund to pay, in advance on behalf of K-14 school district employers, part of the contributions required for K-14 school district employers for such fiscal years, as well as additional amounts to be applied toward certain unfunded liabilities for K-14 school district employers. In June 2020, SB 90 was amended by Assembly Bill 84/Senate Bill 111 ("AB 84"). Under AB 84, $144 million of the State contribution under SB 90 was deemed to satisfy a portion of the State's required contribution in fiscal year 2019-20, and the amounts previously allocated toward future liabilities were redirected such that, $430 million will satisfy a portion of the employer contribution rate in fiscal year 2020-21, and $330 million will satisfy a portion of the employer contribution rate in fiscal year 2021-22. As a result of the payments made by the State pursuant to SB 90, as amended by AB 84, the employer contribution rate was 19.721% for fiscal year 2019-20, 20.7% in fiscal year 2020-21, and 22.91% for fiscal year 2021-22. The employer contribution rate was 25.37% in fiscal year 2022-23, 26.68% in fiscal year 2023-24, 27.05% in fiscal year 2024-25, and will be 26.81% in fiscal year 2025-26. Classic Members contribute at a rate established by statute, which is 7% in fiscal year 2023-24, 7% in fiscal year 2024-25 and 7% in fiscal year 2025-26, while PEPRA Members contribute at an actuarially determined rate, which was 8% in both fiscal years 2023-24 and 2024-25. For the Schools Pool Actuarial Valuation as of June 30, 2024 (the "2024 PERS Actuarial Valuation"), the total normal cost did not change by more than 1% relative to the basis currently in effect, therefore the PEPRA Member contribution rate will remain 8% in fiscal year 2025-26. See "—California Public Employees' Pension Reform Act of 2013" herein.

MERF's contributions to PERS were $1,145,131 in fiscal year 2021-22, $1,571,974 in fiscal year 2022-23 and $1,809,191 in fiscal year 2023-24 and $[_____] in 2024-25. MERF has budgeted $[_____] for its contribution to PERS for fiscal year 2025-26.

State Pension Trusts. Each of STRS and PERS issues a separate comprehensive financial report that includes financial statements and required supplemental information. Copies of such financial reports may be obtained from each of STRS and PERS as follows: (i) STRS, P.O. Box 15275, Sacramento, California 95851-0275; (ii) PERS, P.O. Box 942703, Sacramento, California 94229-2703. Moreover, each of STRS and PERS maintains a website, as follows: (i) STRS: www.calstrs.com; (ii) PERS: www.calpers.ca.gov. However, the information presented in such financial reports or on such websites is not incorporated into this Official Statement by any reference.

Both STRS and PERS have substantial statewide unfunded liabilities. The amount of these unfunded liabilities will vary depending on actuarial assumptions, returns on investments, salary scales and participant contributions. The following table summarizes information regarding the actuarially-determined accrued liability for both STRS and PERS. Actuarial assessments are "forward-looking" information that reflect the judgment of the fiduciaries of the pension plans, and are based upon a variety of assumptions, one or more of which may not materialize or be changed in the future. Actuarial assessments will change with the future experience of the pension plans.

(1) Amounts may not add due to rounding.

(2) Reflects market value of assets, including the assets allocated to the SBPA reserve. Since the benefits provided through the SBPA are not a part of the projected benefits included in the actuarial valuations summarized above, the SBPA reserve is subtracted from the STRS Defined Benefit Program assets to arrive at the value of assets available to support benefits included in the respective actuarial valuations.

(3) Reflects actuarial value of assets.

(4) Effective for the June 30, 2014 actuarial valuation, PERS no longer uses an actuarial value of assets.

(5) For the fiscal year 2020-21 actuarially determined contribution, the additional $430 million State contribution made pursuant to AB 84 did not directly impact the actuarially determined contribution as it was not yet in the Schools Pool by the June 30, 2019 actuarial valuation date. The additional State contribution was treated as an advance payment toward the unfunded accrued liability contribution with required employer contribution rate correspondingly reduced.

(6) For the fiscal year 2021-22 actuarially required contribution, the impact of the additional $330 million State contribution made pursuant to AB 84 is directly reflected in the actuarially determined contribution, because the additional payment was in the Schools Pool as of the June 30, 2020 actuarial valuation date, which served to reduce the required employer contribution rate by 2.16% of payroll.

(7) On April 14, 2025, the PERS Board (defined below) approved the K-14 school district contribution rate for fiscal year 2025-26 and released certain actuarial information to be incorporated into the 2024 PERS Actuarial Valuation to be released in the latter half of 2025.

The STRS Board has sole authority to determine the actuarial assumptions and methods used for the valuation of the STRS Defined Benefit Program. Based on the multi-year CalSTRS Experience Analysis (spanning from July 1, 2010, through June 30, 2015) (the "2017 Experience Analysis"), on February 1, 2017, the STRS Board adopted a new set of actuarial assumptions that reflect member's increasing life expectancies and current economic trends. These new assumptions were first reflected in the STRS Defined Benefit Program Actuarial Valuation, as of June 30, 2016 (the "2016 STRS Actuarial Valuation"). The new actuarial assumptions include, but are not limited to: (i) adopting a generational mortality methodology to reflect past improvements in life expectancies and provide a more dynamic assessment of future life spans, (ii) decreasing the investment rate of return (net of investment and administrative expenses) to 7.25% for the 2016 STRS Actuarial Valuation and 7.00% for the June 30, 2017 actuarial evaluation, and (iii) decreasing the projected wage growth to 3.50% and the projected inflation rate to 2.75%.

Based on the multi-year CalSTRS Experience Analysis (spanning from July 1, 2007, through June 30, 2022) (the "2024 Experience Analysis"), on January 10, 2024, the STRS Board adopted a new set of actuarial assumptions that will be first reflected in the STRS Defined Benefit Program Actuarial Valuation, as of June 30, 2023. The payroll growth assumption was decreased to 3.25% from 3.50% due to the projected need for fewer teachers due to projected declining enrollment in the State over the next 20 years, while the following actuarial assumptions remained unchanged since the CalSTRS Experience Analysis (spanning July 1, 2015 through July 1, 2018) (the "2020 Experience Analysis"): long-term investment return (7.0%), (ii) price inflation (2.75%), and (iii) wage growth (3.50%). Certain demographic assumptions were also updated, including changing the assumed life expectancy of STRS retirees to more closely reflect recent trends. The 2024 STRS Actuarial Valuation (defined below) continues using the Entry Age Normal Actuarial Cost Method.

The STRS Defined Benefit Program Actuarial Valuation, as of June 30, 2024 (the "2024 STRS Actuarial Valuation") reports that, based on an actuarial value of assets, the unfunded actuarial obligation increased by approximately $2.1 billion since the 2023 STRS Actuarial Valuation and the funded ratio increased by 0.8% to 76.7% over such time period. This increase in unfunded actuarial obligation was primarily due to salary increases that exceeded those assumed in the valuation, which resulted in a larger-than expected increase in the actuarial obligation. The funded ratio continued to increase primarily due to the required contributions made by employers and the State in fiscal year 2023-24 to eliminate their share of the unfunded actuarial obligation by 2046. The STRS Board has no authority to adjust rates to pay down the portion of the unfunded actuarial obligation related to service accrued on or after July 1, 2014 for member benefits adopted after 1990 (the "Unallocated UAO"). There was a decrease in the surplus (a negative unfunded actuarial obligation) for the Unallocated UAO from $356 million as of June 30, 2023 to $140 million as of June 30, 2024.

According to the 2024 STRS Actuarial Valuation, the future revenues from contributions and appropriations for the STRS Defined Benefit Program are projected to be approximately sufficient to finance its obligations with a projected ending funded ratio in fiscal year ending June 30, 2043 of 100.7%. This finding assumes adjustments to contribution rates in line with the funding plan and STRS Board policies, the future recognition of the currently deferred asset gains, and is based on the valuation assumptions and valuation policy adopted by the STRS Board, including a 7.00% investment rate of return assumption.

On November 13, 2025, STRS released its 2025 Review of Funding Levels and Risks (the "STRS 2025 Review of Funding Levels and Risks"), which is based on the 2024 STRS Actuarial Valuation. The STRS 2025 Review of Funding Levels and Risks notes that funding projections have improved slightly since the completion of the June 30, 2023 actuarial valuation that was presented to the STRS Board in May 2025 in part due to the investment return earned by STRS in fiscal year 2024-25. Full funding is now projected to occur in 2043, three years ahead of schedule.

The key results and findings noted in the STRS 2024 Review of Funding Levels and Risks were that (i) current contribution rates for the State and employers are still projected to be sufficient to allow both the

state and employers to eliminate their share of the STRS unfunded actuarial obligation by 2046 and contribution rate increases are not expected to be needed for fiscal year 2026–27, (ii) the state remains well ahead of schedule to eliminate its share of the STRS unfunded actuarial obligation (currently projected to be eliminated in 2027) and the State's share of the unfunded actuarial obligation could quickly increase if STRS were to experience a year in which the investment return is significantly below the assumed rate of return, (iii) the largest risk facing STRS' ability to reach full funding remains investment-related risk, especially considering the STRS Defined Benefit Program continues to mature, which will increase the system's sensitivity to investment experience, (iv) the risk that a negative investment return might impact STRS' ability to reach full funding is expected to increase once the state fully eliminates its share of STRS' unfunded actuarial obligation because of a trigger that will require the state contribution rate to immediately drop to 2.017%, potentially limiting STRS' ability to react to changing conditions because, once this occurs, the STRS Board would only be able to raise the State contribution rate by 0.5% each year, taking 12 years to simply return to the State contribution rate in place in the prior fiscal year, potentially resulting in a situation where the State can no longer eliminate its share of the unfunded liability by 2046, and (v) STRS' ability to reach full funding is dependent on meeting its current actuarial assumptions over the long term and uncertain investment markets and a potential decline in the number of teachers could put pressure on STRS' ability to meet some of its long-term actuarial assumptions and impact its ability to reach full funding.

The STRS 2025 Review of Funding Levels and Risks notes highlighted risks associated with longevity, the size of active membership and investments. STRS performs an in-depth study of mortality every four years as part of the experience analysis. The most recent analysis was completed in January 2024, at which time the STRS Board adopted new mortality assumptions. The STRS 2025 review of Funding Levels and Risks notes that, overall, STRS experienced greater mortality than projected under the previous assumptions. The analysis included data that was impacted by the COVID-19 pandemic, and it remains uncertain whether the COVID-19 virus will continue to impact mortality levels over the long term. The STRS Board adopted mortality rates that were slightly lower than what the data indicated, essentially not fully reflecting the impact of the pandemic. Regardless, the assumptions adopted did result in a slight decrease in life expectancy compared with the previous assumptions. To mitigate longevity risk, STRS uses a technique known as generational mortality. This technique anticipates future improvements in life expectancy in the funding of the system, recognizing potential improvements in mortality ahead of time.

In January 2024, the STRS Board adopted a change to the rate at which the payroll is assumed to increase, from 3.5% per year down to 3.25% per year. With this change, STRS now assumes that the population of active teachers will decline slowly over time. This assumption is key in determining contribution rates and whether the funding plan will successfully eliminate the current unfunded actuarial obligation by 2046 since STRS collects contributions as a percentage of payroll. If the active membership declines faster than anticipated and the payroll fails to grow as assumed, STRS' ability to make progress toward full funding could be at risk. Retirements from active teachers are expected to increase significantly over the next 10 years. Although an increase in retirements does not necessarily impact long-term funding, if schools do not replace the teachers who retire in the future, that could result in a reduction in the overall number of teachers and impact STRS' ability to reach full funding by 2046. With the anticipated decline in the number of children enrolled in K–12 public schools, the risk that the number of teachers may go down in the future is real and was one of the considerations when the STRS Board lowered the payroll growth assumption in January 2024.

After being fairly steady between 2010 and 2020, California experienced a significant decline in enrollment in both K–12 public schools and community colleges starting in 2020–21. Total enrollment in K–12 public schools in California dropped by approximately 310,000, or a 5% reduction, between 2019–20 and 2022–23. At the same time, the number of students enrolled at community colleges dropped by 310,000, or a 20% reduction, between the fall of 2019 and the fall of 2021. Since then, enrollment has rebounded by almost 200,000 from the fall of 2021 to the fall of 2024. Still, enrollment in community colleges is down more than 7%, or about 115,000, since 2019. In November 2024, the State updated its projection of K–12 enrollments. The updated projection assumes the number of children enrolled in K–12 public schools will continue to decline for the next 20 years. The most recent projection anticipates a decline of approximately

10% over the next 10 years and approximately 16% over the next 20 years. If the anticipated reduction in enrollment results in a need for fewer teachers in California, it would impact the number of active teachers who participate in the STRS Defined Benefit Program and ultimately the growth in payroll. The situation could intensify if school districts were to face budget issues and rely either on layoffs or hiring freezes, leaving positions vacant as teachers leave or retire to reduce budget pressure. One countervailing force that could potentially offset some of the factors listed above would be reductions in class sizes.

The STRS 2025 Review of Funding Levels and Risks notes that investment volatility and the risk that STRS may not be able to meet its assumed investment return over the long-term remains the greatest risk facing STRS today. The combination of a maturing system and the decreasing timeframe of the funding plan only serves to increase this risk. STRS 2024 Review of Funding Levels and Risks notes that (i) when investment returns are below expectations, the unfunded actuarial obligation increases, requiring additional contributions to bridge the gap; however, the funding plan provides the STRS Board limited authority to increase contribution rates for both the state and employers through 2046 for this purpose; (ii) the State bears the greatest risk when it comes to investment volatility due to rules set in the funding plan that allocate the largest share of the assets to the State which results in its share of the unfunded actuarial obligation being the most sensitive to investment volatility; (iii) the specific restrictions the funding plan places on contribution rate increases for both the State and employers limit STRS' ability to respond to investment volatility, and (iv) since the funding plan expires in 2046, after which the STRS Board's authority to adjust contribution rates terminates, the time period over which to fund an existing and new unfunded actuarial obligation is declining each year.

On July 30, 2025, STRS reported a net return on investments of 8.5% for fiscal year 2024-25, ending with the total fund value of $367.7 billion as of June 30, 2025. The 2024-25 return keeps STRS on track long term, as the 5-,10-, 20-, and 30-year returns, including the 9.4% 5-year return, all surpass the actuarial assumption of 7.0%, despite inflation, rising interest rates and geopolitical uncertainty. In its news release reporting the fiscal year 2024-25 investment return, STRS noted that it is ahead of schedule in reaching full funding by 2046.

In recent years, the PERS Board of Administration (the "PERS Board") has taken several steps, as described below, intended to reduce the amount of the unfunded accrued actuarial liability of its plans, including the Schools Pool.

On March 14, 2012, the PERS Board voted to lower the PERS' rate of expected price inflation and its investment rate of return (net of administrative expenses) (the "PERS Discount Rate") from 7.75% to 7.5%. On February 18, 2014, the PERS Board voted to keep the PERS Discount Rate unchanged at 7.5%. On November 17, 2015, the PERS Board approved a new funding risk mitigation policy to incrementally lower the PERS Discount Rate by establishing a mechanism whereby such rate is reduced by a minimum of 0.05% to a maximum of 0.25% in years when investment returns outperform the existing PERS Discount Rate by at least four percentage points (revised to two percentage points in 2017). On December 21, 2016, the PERS Board voted to lower the PERS Discount Rate to 7.0% over a three year phase-in period in accordance with the following schedule: 7.375% for the June 30, 2017 actuarial valuation, 7.25% for the June 30, 2018 actuarial valuation and 7.00% for the June 30, 2019 actuarial valuation. The new discount rate went into effect July 1, 2017 for the State and July 1, 2018 for K-14 school districts and other public agencies. Lowering the PERS Discount Rate means employers that contract with PERS to administer their pension plans will see increases in their normal costs and unfunded actuarial liabilities. Active members hired after January 1, 2013, under the Reform Act (defined below) will also see their contribution rates rise. The PERS Funding Risk Mitigation Policy recently triggered an automatic decrease of 0.2% in the PERS Discount Rate due to the investment return in fiscal year 2020-21, lowering such rate to 6.8%. On April 15, 2024, the PERS Board removed the automatic mechanism to reduce the discount rate and added a provision to the Funding Risk Mitigation Policy to bring an agenda item to the PERS Board for discussion if a funding risk mitigation event occurs.

On April 17, 2013, the PERS Board approved new actuarial policies aimed at returning PERS to fully-funded status within 30 years. The policies included a rate smoothing method with a 30-year fixed amortization period for gains and losses, a five-year increase of public agency contribution rates, including the contribution rate at the onset of such amortization period, and a five year reduction of public agency contribution rates at the end of such amortization period. The new actuarial policies were first included in the June 30, 2014 actuarial valuation and were implemented with respect the State, K-14 school districts and all other public agencies in fiscal year 2015-16.

Also, on February 20, 2014, the PERS Board approved new demographic assumptions reflecting (i) expected longer life spans of public agency employees and related increases in costs for the PERS system and (ii) trends of higher rates of retirement for certain public agency employee classes, including police officers and firefighters. The new actuarial assumptions were first reflected in the Schools Pool in the June 30, 2015 actuarial valuation. The increase in liability due to the new assumptions will be amortized over 20 years with increases phased in over five years, beginning with the contribution requirement for fiscal year 2016-17. The new demographic assumptions affect the State, K-14 school districts and all other public agencies.

On February 14, 2018, the PERS Board approved a new actuarial amortization policy with an effective date for actuarial valuations beginning on or after June 30, 2019, which includes (i) shortening the period over which actuarial gains and losses are amortized from 30 years to 20 years, (ii) requiring that amortization payments for all unfunded accrued liability bases established after the effective date be computed to remain a level dollar amount throughout the amortization period, (iii) removing the 5-year ramp-up and ramp-down on unfunded accrued liability bases attributable to assumptions changes and non-investment gains/losses established on or after the effective date and (iv) removing the 5-year ramp-down on investment gains/losses established after the effective date. While PERS expects that reducing the amortization period for certain sources of unfunded liability will increase future average funding ratios, provide faster recovery of funded status following market downturns, decrease expected cumulative contributions, and mitigate concerns over intergenerational equity, such changes may result in increases in future employer contribution rates.

The PERS Board is required to undertake an experience study every four years under its Actuarial Assumptions Policy and State law. As a result of the most recent experience study, on November 17, 2021 (the "2021 Experience Study"), the PERS Board approved new actuarial assumptions, including (i) lowering the inflation rate to 2.30% per year, (ii) increasing the assumed real wage inflation assumption to 0.5%, which results in a total wage inflation of 2.80%, (iii) increasing the payroll growth rate to 2.80%, and (iv) certain changes to demographic assumptions relating to modifications to the mortality rates, retirement rates, and disability rates (both work and non-work related), and rates of salary increases due to seniority and promotion. These actuarial assumptions were incorporated into the actuarial valuation for fiscal year ending June 30, 2021 and first impacted contribution rates for school districts in fiscal year 2022-23. Based on the timing of the study, the member data used in the analysis, which runs through June 30, 2019, does not include the impacts of COVID-19. Preliminary analysis of the system experience since the beginning of the pandemic has shown demographic experience (e.g. retirements, deaths, etc.) did differ from the current actuarial assumptions in some areas, which will be more precisely quantified in future actuarial valuations.

On November 15, 2021, the PERS Board selected a new asset allocation mix through its periodic Asset Liability Management Study that will guide the fund's investment portfolio for the next four years, retained the current 6.8% discount rate and approved adding 5% leverage to increase diversification. The new asset allocation took effect July 1, 2022 and impacted contribution rates for employers and PEPRA employees beginning in fiscal year 2022-23.

In November 2024, PERS released its 2024 Annual Review of Funding Levels and Risk (the "2024 PERS Funding Levels and Risk Report"), which provided a summary of the current funding levels of the system, the near-term outlook for required contributions and risks faced by the system in the near and long-term. The 2024 PERS Funding Levels and Risk Report notes that over the next several years there is the potential for various factors to either further increase required contributions or add additional financial strain

Powered by BoardOnTrack

on employers and their ability to make required contributions, including inflation and near-term economic turmoil. The 2024 PERS Funding Levels and Risk Report notes that over the last few years, price inflation has been significantly higher than the PERS long-term assumption of 2.3%, which can affect liability measures and investment returns in several ways and which can be difficult to quantify. The most direct impact of high inflation is that retirees can receive higher than expected cost-of-living adjustments and active employees can receive higher than expected salary increases, which could increase actuarial losses in the future. The 2024 PERS Funding Levels and Risk report concludes that, as of June 30, 2023, the PERS Retirement System had experienced a couple of years of investment returns below the expected return of 6.8%, and actuarial losses primarily due to high inflation which resulted in unexpected cost of living adjustments for retires and higher than expected member pay increases, which resulted in increased employer contributions along with further increases forecasted for the near future. Despite the strong investment return for the fiscal year ending June 30, 2024, the 2024 PERS Funding Levels and Risk Report notes that employer contributions are currently at relatively high levels due to large amounts of unfunded accrued liability and uncertainty within the economy suggests possible economic turmoil in the near future. The 2024 PERS Funding Levels and Risk Report concludes that the ability of employers to continue making required contributions to the system is the area of greatest concern.

On April 14, 2025, the PERS Board established the employer contribution rates for fiscal year 2025-26 and released information from the 2024 PERS Actuarial Valuation, ahead of its release date in the latter half of 2025. From June 30, 2023 to June 30, 2024, the funded status of the Schools Pool increased by 2.1% (from 67.5% to 69.6%) and the unfunded accrued liability increased by approximately $0.2 billion. The chief drivers of improvement were incoming contributions and investment return greater than expected, which were partially offset by greater-than-expected salary increases. Based on the June 30, 2024 assets as described in PERS Annual Comprehensive Financial Report, the money weighted investment return for fiscal year 2023-24 was 9.5%, generating an actuarial investment gain of $2.2 billion, which will be amortized over 20 years with a five-year ramp, decreasing the employer contribution rate in fiscal year 2025-26 by 0.23% of pay. Due to the 5-year ramp, this impact will escalate each year until it reaches an estimated reduction of 1.05% of pay in fiscal year 2029-30. Non-investment experience during fiscal year 2023-24, which includes both demographic experience and economic experience other than from investments, produced an actuarial loss of $2.8 billion, which will be amortized over 20 years, increasing the employer contribution rate by 1.12% in fiscal year 2025-26. Combined with a 0.21% decrease of the employer normal cost rate, the net effect of non-investment experience is an increase of 0.91% in the employer rate. The most significant source of non-investment experience was salary increase for active members, which generated an actuarial experience loss. The average salary increase was 9.7% for members actively employed during the entire year ending June 30, 2024. Total payroll in fiscal year 2023-24 increased by 12.6% over the prior year, compared with 2.8% expected. This change, driven by a combination of active headcount growth and salary increases, served to reduce the employer contribution rate for fiscal year 2025-26 by 1.58% of pay as the dollar amount of the unfunded liability contribution is divided by a larger payroll number.

Assuming all actuarial assumptions are realized, including an assumed investment return of 6.80%, and no changes to assumptions, methods or benefits will occur during the projection period, along with the expected reductions in normal cost due to the continuing transition of active members from Classic Members to PEPRA Members, the projected contribution rate for fiscal year 2026-27 is 26.9%, 27.8% in fiscal year 2027-28, 27.4% in fiscal year 2028-29, 27.0% in fiscal year 2029-30, and 26.2% in fiscal year 2030-31. The actual investment return for fiscal year 2024-25 was not known at the time these projections were made. The projections above assume the investment return for that year will be 6.8%. If the actual investment return differs from 6.80%, the actual contribution requirements for the projected years will differ from those shown above.

On July 14, 2025, PERS reported a preliminary net return on investment of 11.6% for PERF for the 12-month period ending June 30, 2025, bringing the PERF total assets under management to approximately $556.2 billion. Preliminary total fund annualized returns for the five-year period ending June 30, 2025, stood at 8%; the 10-year period at 7.1%; the 20-year period at 6.7%; and the 30-year period at 7.6%. The ending

value of the PERF for fiscal year 2024-25 will be based on additional factors beyond investment returns, including employer and employee contributions, monthly payments to retirees, and various investment fees. PERS will review the portfolio's performance in the subsequent few months to determine the final fiscal year returns for 2024-25. Once finalized, the fiscal year-end market value of PERS' assets is used to set contribution rates for the State and school districts in the 2026-27 fiscal year.

MERF can make no representations regarding the future program liabilities of STRS, or whether MERF will be required to make additional contributions to STRS in the future above those amounts required under AB 1469. MERF can also provide no assurances that MERF's required contributions to PERS will not increase in the future.

California Public Employees' Pension Reform Act of 2013. On September 12, 2012, the Governor signed into law the California Public Employees' Pension Reform Act of 2013 (the "Reform Act"), which makes changes to both STRS and PERS, most substantially affecting new employees hired after January 1, 2013 (the "Implementation Date"). For PEPRA Members, the Reform Act changes the normal retirement age by increasing the eligibility for the 2% age factor (the age factor is the percent of final compensation to which an employee is entitled for each year of service) from age 60 to 62 and increasing the eligibility of the maximum age factor of 2.4% from age 63 to 65. Similarly, for non-safety PERS participants hired after the Implementation Date, the Reform Act changes the normal retirement age by increasing the eligibility for the 2% age factor from age 55 to 62 and increases the eligibility requirement for the maximum age factor of 2.5% to age 67. Among the other changes to PERS and STRS, the Reform Act also: (i) requires all new participants enrolled in PERS and STRS after the Implementation Date to contribute at least 50% of the total annual normal cost of their pension benefit each year as determined by an actuary, (ii) requires STRS and PERS to determine the final compensation amount for employees based upon the highest annual compensation earnable averaged over a consecutive 36-month period as the basis for calculating retirement benefits for new participants enrolled after the Implementation Date (previously 12 months for STRS members who retire with 25 years of service), and (iii) caps "pensionable compensation" for new participants enrolled after the Implementation Date at 100% of the federal Social Security contribution (to be adjusted annually based on changes to the Consumer Price Index for all Urban Consumers) and benefit base for members participating in Social Security or 120% for members not participating in social security (to be adjusted annually based on changes to the Consumer Price Index for all Urban Consumers), while excluding previously allowed forms of compensation under the formula such as payments for unused vacation, annual leave, personal leave, sick leave, or compensatory time off.

GASB Statement Nos. 67 and 68. On June 25, 2012, GASB approved Statements Nos. 67 and 68 ("Statements") with respect to pension accounting and financial reporting standards for state and local governments and pension plans. The new Statements, No. 67 and No. 68, replace GASB Statement No. 27 and most of Statements No. 25 and No. 50. The changes impact the accounting treatment of pension plans in which state and local governments participate. Major changes include: (1) the inclusion of unfunded pension liabilities on the government's balance sheet (previously, such unfunded liabilities are typically included as notes to the government's financial statements); (2) more components of full pension costs being shown as expenses regardless of actual contribution levels; (3) lower actuarial discount rates being required to be used for underfunded plans in certain cases for purposes of the financial statements; (4) closed amortization periods for unfunded liabilities being required to be used for certain purposes of the financial statements; and (5) the difference between expected and actual investment returns being recognized over a closed five-year smoothing period. In addition, according to GASB, Statement No. 68 means that, for pensions within the scope of the Statement, a cost-sharing employer that does not have a special funding situation is required to recognize a net pension liability, deferred outflows of resources, deferred inflows of resources related to pensions and pension expense based on its proportionate share of the net pension liability for benefits provided through the pension plan. Because the accounting standards do not require changes in funding policies, the full extent of the effect of the new standards on MERF is not known at this time. The reporting requirements for pension plans took effect for the fiscal year beginning July 1, 2013 and the reporting requirements for government employers, including MERF, took effect for the fiscal year beginning July 1, 2014.

- On April 4, 2025, the Authority is issued its Charter School Grant Anticipation Notes (Magnolia Public Schools) Series 2025 (the "Grant Anticipation Notes"), in the principal amount of $29,500,000 pursuant to that certain Indenture, dated as of April 1, 2025, by and between the Authority and UMB Bank, National Association, as trustee. The proceeds of the sale of the Grant Anticipation Notes were loaned to the Borrower pursuant to that certain Loan Agreement, dated as of April 1, 2025, by and between the Authority and the Borrower pursuant to a loan agreement, dated as of April 1, 2025 in order to finance a portion of the costs of construction of a facility to be owned by MERF and used for the operation of MSA-5. The Grant Anticipation Notes are secured by CSFP Award Revenues. The Grant Anticipation Notes were outstanding in the principal amount of $29,500,000 as of January 1, 2026.

- The Authority issued its Charter School Revenue Refunding Bonds (Magnolia Public Schools – Obligated Group), Series 2025A and Series 2025B (Taxable) (collectively, the "Series 2025 Bonds") in the aggregate principal amount of $27,960,000 on April 17, 2025. Proceeds of the Series 2025 Bonds were loaned to the Borrower in order to refinance certain prior indebtedness of the Borrower. The Series 2025 Bonds were issued by the Authority pursuant to an Indenture, dated as of April 1, 2025, by and between the Authority and UMB Bank, National Association, as trustee. The Authority loaned the proceeds of the Series 2025 Bonds to the Borrower pursuant to a Loan Agreement, dated as of April 1, 2025, by and between the Authority and the Borrower. The Series 2025 Bonds are secured by a Mortgage on the MSA-1 Facilities and are payable from Gross Revenues of the Obligated Group. The Series 2025 Bonds were outstanding in the principal amount of $27,960,000 as of January 1, 2026.

- MSA-SA was approved by the State of California's Charter School Facilities Program ("CCSFP") for $17,413,956 for constructing a new facility. The State funded 100% of the total amount of $17,413,956; the State funded 50% of the total project cost through a loan in the amount of $8,706,990 and the other 50% through a grant in the amount of $8,706,978. The loan is secured by a lien on the MSA-SA Facilities and a state intercept on MSA-SA's revenues. See "CERTAIN RISK FACTORS – Charter School Facilities Program Intercepts" in the forepart of this Limited Offering Memorandum. The loan has an annual interest rate of 3.00% and matures on September 1, 2046. The remaining balance of the loan as of January 1, 2026 was $[_____].

- MSA-5 was approved by the CCSFP for $50,832,322 for constructing a new facility, which will cost the same amount. The State will fund 50% of the total amount of $50,832,322; the State will fund 50% of the total project cost through a loan in the amount of $25,416,161 and the other 50% through a grant in the amount of $25,416,161. The loan is secured by a lien on the MSA-5 Facilities and a state intercept on MSA-5's revenues. See "CERTAIN RISK FACTORS – Charter School Facilities Program Intercepts" in the forepart of this Limited Offering Memorandum. The loan matures 30 years after the completion of the project. MERF has received approximately $[13,832,733] as an Advance Apportionment.

- A CCSFP note payable outstanding, as of January 1, 2026, in the principal amount of $[_____], due in annual installments of $4,420 principal and interest at 2%, secured by the intercept on MSA-SD revenues and maturing November 1, 2052. The project this note financed was abandoned by MERF in February 2016, due to the land that was going to be the site of the financed improvement was sold by SDUSD to a third party. The majority of proceeds expended were for design services.

- Note payable to CLI Capital ("CLI") by MPM 16600 Vanowen Street LLC, outstanding, as of January 1, 2026, in the principal amount of $[_____], bearing interest at the Prime Rate plus 1.50% per annum, maturing February 1, 2028, secured by property located at 16600 Vanowen Street, Van Nuys, California and assignment of all rents, leases and contracts concerning the property (the "16600 Note").

- Note payable outstanding, as of January 1, 2026, in the principal amount of $[_____], bearing interest at the Prime Rate plus 1.50% per annum, maturing on [February 1, 2027], upon satisfaction of certain conditions. This Note is secured by property at 18120 Sherman Way, Reseda, California, the rents of the property, revenues generated by the operation of the property, and $2,000,000 held in a reserve account. The Note is cross-defaulted to the 16600 Note.

Future Projects

MSA-2. MSA-2 currently operates at a district facility located at 17125 Victory Boulevard in Van Nuys, for $424,332/year. MSA-2 plans to relocate to a private facility located at 16600 Vanowen Street. MPM 16600 Vanowen Street LLC has obtained a $12 million acquisition loan from CLI to purchase the Vanowen Street property. MERF and the Borrower plan to issue future debt secured under the Master Indenture to refinance the acquisition loan at the beginning of fiscal year 2025-26. The total development costs (including acquisition, predevelopment, and construction costs) are expected to be about $31 million. While MERF is endeavoring to complete this project in time for a fall 2026 occupation by MSA-2, the project will be completed by no later than the fall of 2027, in time for the 2027-28 school year.

MSA-7. MSA-7 currently operates at a leased church facility located at 18355 Roscoe Boulevard in Los Angeles, for $360,413/year. MSA-7 plans to relocate to a private facility located at 18120 Sherman Way in Reseda. MERF has obtained a $7.8 million acquisition loan from CLI to purchase the Sherman Way property. MERF and the Borrower plan to issue future debt secured under the Master Indenture to refinance the acquisition loan, which is expected to occur in early [July 2025]. The total development cost (including acquisition, soft costs and construction costs) is expected to be between $19 million and $20 million. This project is expected to be completed by no later than the fall of 2027 for the 2027-28 school year.

MSA-5. MSA-5 is currently co-located with MSA-1 at the MSA-1 Facilities. MSA-5 plans to relocate to a private facility located at 7111 Winnetka Avenue in Los Angeles. MERF has obtained a $50.8 million commitment from the State's Charter School Facilities Program to finance the project. The program is structured as 50% grant and 50% loan. To acquire the Winnetka Ave property, MERF previously obtained a $10 million acquisition loan from CLI Capital. The acquisition loan was paid off with a Preliminary Apportionment received from the State pursuant the program. As of September 2025, MERF has received [$13.4] million in Preliminary Apportionments, and expects to receive the Final Apportionment of $37 million in Spring 2026. MERF issued Grant Anticipation Notes in April 2025 to bridge the timing gap between April 2025 and when they expect to receive the Final Apportionment. The GANs are only secured by a pledge of the Final Apportionment and will be non-recourse to MERF. The new facility is expected to be completed by fall 2026 for the 2026-27 school year and have the capacity to serve up to 453 students.

SB 740

The Lessee is currently eligible to receive funding under the California law referred to herein as SB 740, which provides for reimbursement of facilities lease costs of 75% of the actual lease cost to the extent funded by the State up to a limit of $1,421 per unit of classroom based ADA for the 2023-24 school year. This per-ADA amount may increase in future years based on cost of living adjustments. See "STATE FUNDING OF EDUCATION – Allocation of State Funding to Charter Schools – Charter School Facility Grant Program Funding" in the forepart of this Limited Offering Memorandum. To be eligible for SB 740 reimbursement, a charter school must serve a student population with at least 55% of its student population eligible for free or reduced lunch, or be located in a public elementary school attendance area with such composition.

As of the 2025-26 school year, the percentage of the Network's student populations eligible for free or reduced lunch is [___]%. "MAGNOLIA SCHOOLS – Admissions, Enrollment, Attendance, Demographics and Student Retention" herein.

The Lessee was awarded $1,162,093 in SB 740 funding for the 2022-23 fiscal year and $1,288,355 in SB 740 funding for the 2023-24 fiscal year and $[_____] in SB 740 funding for the 2024-25 fiscal year. The Lessee has budgeted to receive $[_____] in SB 740 funding for the 2025-26 fiscal year.

There can be no assurance that any particular level of SB 740 funding will be available in fiscal year 2025-26, or any future year, or that any Magnolia School will remain eligible for such funding. See "CERTAIN RISK FACTORS – Dependence on State Aid Payments that are Subject to Annual Appropriation and Political Factors," "– Specific Risks of Charter Schools – Charter School Law" and "– SB 740 Funding" in the forepart of this Limited Offering Memorandum.

Philanthropy

The Lessee has historically raised funding for its programs through donation solicitation and other philanthropic fundraising events. In the past, donations have been received from individuals, foundations and corporations. Some donations have been and may be in the future restricted by the donor for use by the Lessee for certain programs. In fiscal year 2023-24, the Lessee received a total of approximately $285,284 and in fiscal year 2024-25, the Lessee received a total of approximately $[_____], in such contributions, none of which was restricted to specific programs run by the Lessee. See "CERTAIN RISK FACTORS – Risk of Noncontinued Philanthropy or Grants" in the forepart of this Limited Offering Memorandum.

No Material Litigation

No action, suit, proceeding or investigation at law or in equity, before or by any court, governmental agency or public board or body is pending or, to the knowledge of the Lessee or the Borrower, threatened, affecting the validity of the Lease or the Bonds or contesting the corporate existence of the Borrower or the Lessee, or the authority of the Lessee to operate pursuant to its charters.

The Lessee is subject to lawsuits and claims in the ordinary course of its operations. In the opinion of the management of the Lessee, the aggregate amount of the uninsured liabilities for such lawsuits and claims will not materially affect the finances of the Lessee or its operation of the Magnolia Schools.

PROJECTIONS AND COVERAGE RATIOS

Notwithstanding the Lessee's history of performance with respect to its existing charter schools, future financial performance of MERF may not equal or exceed the projections set forth in this Limited Offering Memorandum. No assurance is given that such projections will be met, or that the number of students attending the Magnolia Schools may not diminish in the future. The projections of revenue and expenses for MERF contained in this Appendix A are based upon the number of students projected to be enrolled at

Magnolia Schools and were prepared by the Lessee for the Borrower and have not been independently verified by any party other than the Lessee. See "MAGNOLIA SCHOOLS – Admissions, Enrollment, Attendance, Demographics and Student Retention" herein for information regarding current and projected enrollment of the Magnolia Schools.

No feasibility studies have been conducted with respect to operations of the Series 2026 Facilities pertinent to the Bonds. The projections are "forward-looking statements" and are subject to the general qualifications and limitations described herein. The Underwriter has not independently verified the Lessee's projections set forth in Appendix A or otherwise, and makes no representations nor gives any assurances that such projections, or the assumptions underlying them, are complete or correct. Further, the projections relate only to a limited number of fiscal years, and consequently do not cover the entire period that the Bonds will be outstanding.

THE LESSEE PREPARED THE PROJECTIONS BASED ON ASSUMPTIONS ABOUT FUTURE STATE FUNDING LEVELS AND FUTURE OPERATIONS OF MAGNOLIA SCHOOLS, INCLUDING STUDENT ENROLLMENT AND EXPENSES. THERE CAN BE NO ASSURANCE THAT ACTUAL ENROLLMENT REVENUES AND EXPENSES WILL BE CONSISTENT WITH THE ASSUMPTIONS UNDERLYING SUCH PROJECTIONS. MOREOVER, NO GUARANTEE CAN BE MADE THAT THE PROJECTIONS OF REVENUES AND EXPENSES INCLUDED HEREIN WILL CORRESPOND WITH THE RESULTS ACTUALLY ACHIEVED IN THE FUTURE BECAUSE THERE CAN BE NO ASSURANCE THAT ACTUAL EVENTS WILL CORRESPOND WITH THE PROJECTIONS' UNDERLYING ASSUMPTIONS. ACTUAL OPERATING RESULTS MAY BE AFFECTED BY MANY FACTORS, INCLUDING, BUT NOT LIMITED TO, INCREASED COSTS, LOWER THAN ANTICIPATED REVENUES (AS A RESULT OF INSUFFICIENT ENROLLMENT, REDUCED STATE OR FEDERAL AID PAYMENTS, OR OTHERWISE), EMPLOYEE RELATIONS, CHANGES IN TAXES, CHANGES IN APPLICABLE GOVERNMENT REGULATIONS, CHANGES IN DEMOGRAPHIC TRENDS, CHANGES IN EDUCATION COMPETITION AND CHANGES IN LOCAL OR GENERAL ECONOMIC CONDITIONS. REFER TO "INTRODUCTION" IN THE FOREPART OF THIS LIMITED OFFERING MEMORANDUM FOR QUALIFICATION AND LIMITATIONS APPLICABLE TO FORWARD-LOOKING STATEMENTS.

Projected Consolidated Base Rent Coverage Ratio and Consolidated Days Cash on Hand

Table 24 sets forth the Projected Consolidated Base Rent Coverage Ratio and Consolidated Days Cash on Hand of Magnolia Schools and the non-charter school business activities of the Lessee for the fiscal years ending June 30, 2026 through June 30, 2030. See "CERTAIN RISK FACTORS" in the Limited Offering Memorandum.

The Borrower and the obligated group

General

The Borrower, a California nonprofit public benefit corporation and organization described in Section 501(c)(3) of the Code, was formed in 2012, in part for the purpose of providing support to MERF with respect to the acquisition, development, lease and operation of real property, charter school facilities situated on such property and related charter school operations, all for and on behalf of MERF, including for the use and benefits of the Magnolia Schools. The Borrower has no members and is managed by its Board of Directors (the "Borrower Board") selected by the MERF's Board. The Borrower Board consists of not less than three directors nor more than seven directors, and is currently comprised of three directors. No more than 49 percent of the persons serving on the Borrower Board may be interested persons. An interested person is (a) any person currently being compensated by the Borrower for services rendered to it within the previous 12 months, whether as a full-time or part-time employee, independent contractor, or otherwise, excluding any reasonable compensation paid to a director as a director on the Borrower Board, and (b) any brother, sister, ancestor,

descendant, spouse, brother-in-law, sister-in-law, son in-law, daughter-in-law, mother-in-law, or father-in-law of such a person. Each director on the Borrower Board serves for a term as is designated by MERF.

The roster of current Borrower Board members, along with each member's current position on the Board, the start and end of their term, is set forth below. Brief biographies of the members of the Borrower Board follow.

Sandra Covarrubias, Member. See "CURRICULUM AND EDUCATIONAL PROGRAMS – The Lessee Board of Directors" above for Sandra Covarrubias's biography.

Haim Beliak, Member. Bernhard "Haim Dov" Beliak has taught and lectured since 1985 at multiple colleges and universities. A great number of his lectures were to undergraduate classes on the Jewish perspective on philosophy, literature, history, political science, law, medical ethics, human sexuality from a Jewish perspective, and the Jew in drama. He was also a guest lecturer at the Federation Young Leadership Development Community Relation Committee where he spoke to ORT, Hadassah, Occidental College, UCLA, Open College, Alumni and Student Conferences. In the absence of a Jewish studies department, Beliak developed a large number of lecture sequences on Jewish topics. He was an important proponent of creating a bridge between faculty and students where students were advised throughout their academic and other endeavors. He also has experience as a Board Member of Progressive Jewish Alliance, Executive Director of Mifgash, Marriage and Family Preparation Counseling, and Executive Officer of Office of Chaplain. He has many publications, some of which are "The Earth and Humanity: A Jewish Response," "Acts of Memory for Creative a Jewish Identity: Learning to Play Countermelody While Developing the 'Weapons of the Strong,'" and numerous other newspaper articles. He graduated from Occidental College with an A.B. in Philosophy and Urban Geology. He also has degrees from Hebrew University's School of Education and Claremont Graduate School- where he attained his ABD in Higher Education Administration.

The affairs of the Borrower are managed by a President, a Secretary, a Chief Financial Officer and such other officers as the Borrower Board determines. The President, Secretary, and Chief Financial Officer of the Borrower are set forth below. Brief biographies of each of the officers are available above under the heading "CURRICULUM AND EDUCATIONAL PROGRAMS – Organizational Structure and Leadership Team – *Executive Team*".

Role in the Financing

Upon the issuance of the Bonds, the proceeds of the Bonds will be loaned to the Borrower pursuant to a Loan Agreement. In addition, the Borrower is a party to the Master Indenture of Trust, as supplemented by a First Supplemental Master Indenture.

The Series 2026 Facilities (as defined in the forepart of this Limited Offering Memorandum) are leased to the Lessee from the Borrower, pursuant to the Series 2025 Leases. See "INTRODUCTION – The Bonds" and "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS" in the forepart of this Limited Offering Memorandum.

SECTION 8.14 SURVIVAL OF COVENANTS **28**

EXHIBIT A THE PROJECT A-1

THIS LOAN AGREEMENT (this "Loan Agreement"), dated as of [March] 1, 2026, is by and among the **CALIFORNIA SCHOOL FINANCE AUTHORITY** (the "Authority"), a public instrumentality of the State of California, and **MAGNOLIA PROPERTIES MANAGEMENT, INC.** (the "Borrower"), a California nonprofit public benefit corporation, and an entity described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (the "Code"), and accepted and acknowledged by **MPM SANTA ANA LLC** ("MPM Santa Ana" or the "Member of the Obligated Group").

W I T N E S S E T H:

WHEREAS, the Authority is a public instrumentality of the State of California, created by the California School Finance Authority Act (constituting Chapter 18 (commencing with Section 17170) of Part 10 of Division 1 of Title 1 of the Education Code of the State of California) (the "Act") and is authorized to issue bonds and loan the proceeds thereof for purposes of financing and refinancing the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and equipping of educational facilities (as defined in the Act) to a participating party (as defined in the Act), including an entity that undertakes the financing or refinancing of a project (as defined in the Act) pursuant to the Act in conjunction with schools ("charter schools") established pursuant to the Charter Schools Act of 1992, as amended (constituting Part 26.8 of Division 4 of Title 2 of the Education Code) (the "Charter School Law");

WHEREAS, the Borrower has applied for a loan of proceeds of revenue bonds of the Authority to finance and refinance the Project (as defined herein) at the Facility (as defined in the Bond Indenture);

WHEREAS, the Authority proposes to issue its California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group) Series 2026A and its California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group) Series 2026B (Taxable) (collectively, the "Bonds") in the aggregate principal amount of $[Aggregate Par] pursuant to an Indenture, dated as of [March] 1, 2026 (the "Bond Indenture"), by and between the Authority and UMB Bank, National Association (the "Bond Trustee");

WHEREAS, proceeds of the Bonds will be applied to fund a loan to the Borrower (i) to refinance the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and/or equipping of certain charter school facilities as described in Exhibit A hereto (as set forth in Exhibit A, the "Project"), to be used or operated in conjunction with charter schools, (ii) to pay certain costs of issuance of the Bonds, [and (iii) fund a debt service reserve fund with respect to the Bonds];

WHEREAS, the Authority and the Borrower desire to enter into this Loan Agreement to specify the terms and conditions of the loan by the Authority to the Borrower of the proceeds of the Bonds;

WHEREAS, under this Loan Agreement, the Borrower is required to make Loan Repayments (defined herein) sufficient to pay when due the principal of, and premium, if any, and interest on, the Bonds;

WHEREAS, each of the Authority and the Borrower has duly authorized the execution, delivery and performance of this Loan Agreement;

WHEREAS, the Borrower, will enter into the School Loan Agreement (as defined in the Indenture) with Magnolia Educational and Research Foundation, a California nonprofit public benefit corporation ("MERF"), to finance the Project;

WHEREAS, during the term of the School Loan Agreement, the Facility will be used, occupied and operated in conjunction with the School;

WHEREAS, the School has elected to provide for School Loan Repayments (as defined in the Bond Indenture), and in turn, payment on the Bonds pursuant to and in accordance with Section 17199.4 of the California Education Code;

WHEREAS, the Authority has determined that all acts and proceedings required by law necessary to constitute this Loan Agreement a valid and binding legal agreement of the Authority for the uses and purposes herein set forth, in accordance with its terms, have been done and taken, and the execution and delivery of this Loan Agreement by the Authority have been in all respects duly authorized;

NOW, **THEREFORE**, for and in consideration of the premises and the mutual covenants hereinafter contained, the parties hereto agree as follows:

Article I

DEFINITIONS

Definitions. Unless the context otherwise requires, all capitalized terms used herein but not defined shall have the meanings assigned to such terms in Section 1.01 of the Bond Indenture.

Interpretation. In this Loan Agreement, unless the context otherwise requires:

(a) The terms "hereby," "hereof," "herein," "hereunder," "hereinafter" and any similar terms as used in this Loan Agreement, refer to this Loan Agreement as a whole and not to a particular section or provision of this Loan Agreement, and the term "heretofore" shall mean before, and the term "hereafter" shall mean after, the effective date of this Loan Agreement.

(b) Words of the masculine gender shall mean and include correlative words of the feminine and neuter genders, and words importing the singular number shall mean and include the plural number, and vice versa.

(c) Words importing persons shall include firms, associations, partnerships (including limited partnerships), trusts, corporations, limited liability companies and other legal entities, including public bodies, as well as natural persons.

(d) Any headings or titles preceding the texts of the several Articles and Sections of this Loan Agreement, and any table of contents appended to copies hereof, shall be solely for convenience of reference and shall neither constitute a part of this Loan Agreement nor affect its meaning, construction or effect.

(e) Any certificates, letters or opinions required to be given pursuant to this Loan Agreement shall mean a signed document attesting to or acknowledging the circumstances, representations, opinions of law or other matters therein stated or set forth or setting forth matters to be determined pursuant to this Loan Agreement.

(f) Every "request," "order," "demand," "application," "notice," "statement," "certificate," "consent," "instruction," or similar action hereunder shall, unless the form thereof is specifically provided herein, be in writing, and in the case of the Authority or the Borrower, signed by an Authorized Representative of the Authority or the Borrower, as the case may be.

(g) The parties hereto acknowledge that each such party and their respective counsel have participated in the drafting and revision of this Loan Agreement and the Bond Indenture. Accordingly, the parties agree that any rule of construction that disfavors the drafting party shall not apply in the interpretation of this Loan Agreement or the Bond Indenture or any amendment or supplement or exhibit hereto or thereto.

Article II

FINDINGS, REPRESENTATIONS, COVENANTS AND WARRANTIES

Findings by the Authority. The Authority hereby finds and determines, based upon the representations, warranties and agreements of the Borrower and such other information as the Authority deems necessary, that (i) the Borrower using proceeds of the Bonds is a "participating party" as such term is defined in the Act; (ii) the Loan to be made hereunder with proceeds of the Bonds will promote the purposes of the Act by providing funds to pay the costs of a "project" as defined in the Act; (iii) said Loan is in the public interest, serves a public purpose and meets the requirements of the Act; and (iv) the amount of the Loan (corresponding to the portion of the proceeds of the Bonds allocated under the Bond Indenture to the funding of the Project) does not exceed the costs of the Project as determined by the Borrower.

Representations and Warranties of the Borrower. The Borrower, on behalf of itself and as Obligated Group Representative on behalf of the Members of the Obligated Group, represents and warrants to the Authority that, as of the date of execution of this Loan Agreement and as of the date of delivery of the Bonds to the initial purchasers thereof (such representations and warranties to remain operative and in full force and effect regardless of the issuance of the Bonds or any investigations by or on behalf of the Authority or the results thereof):

(a) The Borrower is a California nonprofit public benefit corporation, duly organized and in good standing under the laws of the State, and has full legal right, power and

authority to enter into the Borrower Documents, and to carry out all of its obligations under and consummate all transactions contemplated hereby and by the Borrower Documents, and by proper corporate action has duly authorized the execution, delivery and performance of the Borrower Documents.

(b) The officers of the Borrower executing the Borrower Documents are duly and properly in office and fully authorized to execute the same.

(c) The Borrower Documents have been duly authorized, executed and delivered by the Borrower.

(d) The Borrower Documents, when assigned to the Bond Trustee pursuant to the Bond Indenture, will constitute the legal, valid and binding agreements of the Borrower enforceable against the Borrower by the Bond Trustee in accordance with their terms for the benefit of the Holders of the Bonds, and any rights of the Authority and obligations of the Borrower not so assigned to the Bond Trustee constitute the legal, valid, and binding agreements of the Borrower enforceable against the Borrower by the Authority in accordance with their terms; except in each case as enforcement may be limited by bankruptcy, insolvency or other laws affecting the enforcement of creditors' rights generally, by the application of equitable principles regardless of whether enforcement is sought in a proceeding at law or in equity and by public policy.

(e) The execution and delivery of the Borrower Documents, the consummation of the transactions herein and therein contemplated and the fulfillment of or compliance with the terms and conditions hereof and thereof, will not conflict with or constitute a violation or breach of or default (with due notice or the passage of time or both) under the articles of organization of the Borrower, its operating agreement, any applicable law or administrative rule or regulation, or any applicable court or administrative decree or order, or any indenture, mortgage, deed of trust, loan agreement, lease, contract or other agreement or instrument to which the Borrower is a party or by which it or its properties are otherwise subject or bound, or result in the creation or imposition of any lien, charge or encumbrance of any nature whatsoever upon any of the property or assets of the Borrower, which conflict, violation, breach, default, lien, charge or encumbrance might have consequences that would materially and adversely affect the consummation of the transactions contemplated by the Borrower Documents, or the financial condition, assets, properties or operations of the Borrower or Members of the Obligated Group.

(f) No consent or approval of any trustee or holder of any indebtedness of the Borrower or any guarantor of indebtedness of or other provider of credit or liquidity of the corporation, and no consent, permission, authorization, order or license of, or filing or registration with, any governmental authority (except with respect to any state securities or "blue sky" laws) is necessary in connection with the execution and delivery of the Borrower Documents, or the consummation of any transaction herein or therein contemplated, or the fulfillment of or compliance with the terms and conditions hereof or thereof, except as have been obtained or made and as are in full force and effect.

(g) There is no action, suit, proceeding, inquiry or investigation, before or by any court or federal, state, municipal or other governmental authority, pending, or to the knowledge of the Borrower, after reasonable investigation, threatened, against or affecting the Borrower or the assets, properties or operations of the Borrower which, if determined adversely to the Borrower or its interests, would have a material adverse effect upon the consummation of the transactions contemplated by, or the validity of, the Borrower Documents, or upon the financial condition, assets, properties or operations of the Borrower or Members of the Obligated Group, and the Borrower is not in default (and no event has occurred and is continuing which with the giving of notice or the passage of time or both could constitute a default) with respect to any order or decree of any court or any order, regulation or demand of any federal, state, municipal or other governmental authority, which default might have consequences that would materially and adversely affect the consummation of the transactions contemplated by the Borrower Documents, or the financial condition, assets, properties or operations of the Borrower or Members of the Obligated Group. All tax returns (federal, state and local) required to be filed by or on behalf of the Borrower have been filed, and all taxes shown thereon to be due, including interest and penalties, except such, if any, as are being actively contested by the Borrower in good faith, have been paid or adequate reserves have been made for the payment thereof which reserves, if any, are reflected in the audited financial statements described therein. The Borrower enjoys the peaceful and undisturbed possession of the Facility, subject to the School Loan Agreement.

(h) No written information, exhibit or report furnished to the Authority by the Borrower in connection with the negotiation of the Borrower Documents contains any untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, however, that the Borrower has not made any independent investigation or inquiry into the truth, accuracy or completeness of any report written or provided by any third party.

(i) The Borrower is an organization described in Section 501(c)(3) of the Code and is exempt from federal income tax under Section 501(a) of the Code, except for unrelated business taxable income under Section 511 of the Code, and is not a private foundation as described in Section 509(a) of the Code.

(j) The Loan will be used by the Borrower solely to satisfy one or more of the Borrower's charitable purposes, which have been previously recognized by the Internal Revenue Service as bona fide charitable purposes. The Borrower has full power and authority to carry on its business as now being conducted and to enter into the Borrower Documents and the transactions contemplated therein.

(k) MERF will have good and marketable title to the Facility free and clear from all encumbrances other than Permitted Liens.

(l) MERF's audited consolidated balance sheets at June 30, 2025 and June 30, 2024, and the related consolidated statements of income and consolidated statements of cash flows for the years ended June 30, 2025 and June 30, 2024 (copies of which have been furnished to the Authority) fairly present the financial position of MERF at such date, respectively, and the

results of operations for the years ended on such dates, and since June 30, 2025 there has been no material adverse change in the financial condition or results of operations of MERF.

(m) The Borrower's purposes, character, activities, and methods of operation have not changed since its organization and are not different from the purposes, character, activities and methods of operation contemplated at the time of its determination by the Internal Revenue Service to be an organization described in Section 501(c)(3) of the Code; the Borrower has not and will not divert any part of its corpus or income for a purpose or purposes other than the purpose or purposes for which it is organized or operated; the Borrower has not operated, and will not operate, in a manner that would result in it being classified as an "action" organization within the meaning of Section 1.501(c)(3)-(1)(c)(3) of the Regulations, including, but not limited to, promoting or attempting to influence legislation by propaganda or otherwise as a substantial part of its activities; none of its directors, officers, or any related Persons, or any other Person having a private or professional interest in the Borrower's activities has acquired or received, nor will such Persons be allowed to acquire or receive, directly or indirectly, any of the Borrower's goods, services, income or assets, without fair compensation or consideration received in exchange therefor; it has not received any indication or notice to the effect that its exemption from federal income taxation under Section 501(c)(3) of the Code has been revoked or modified, or that the Internal Revenue Service is considering revoking or modifying such exemption, and such exemption is still in full force and effect; the Borrower has not devoted and will not devote more than an insubstantial part of its activities in furtherance of a purpose other than an exempt purpose within the meaning of Section 501(c)(3) of the Code; and the Borrower has not taken any action, nor knows of any action that any other Person has taken, nor knows of the existence of any condition that would cause the Borrower to lose its exemption from federal income taxation under Section 501(c)(3) of the Code or cause interest on the Bonds to be includable in the income of the recipients thereof for federal income tax purposes. As long as the Bonds are Outstanding, the Borrower will not take, permit to be taken, fail to take, or permit to fail to be taken, any action that would cause the interest on the Bonds to become includable in the gross income of the owners of the Bonds for federal income tax purposes.

(n) The Borrower shall not use (or permit the use of) any proceeds of the Bonds, or any income from the investment thereof or any property financed or refinanced with such proceeds or income, in any trade or business carried on by any Person that is not an Exempt Person or in any unrelated trade or business, as defined in Section 513(a) of the Code, of an Exempt Person or permit the direct or indirect loan of any such proceeds, income, or property to any Person other than an Exempt Person or to any Person that is an Exempt Person for use in an unrelated trade or business, as defined in Section 513(a) of the Code, if the amount of such proceeds, income, or property so used or loaned or portions thereof so used in the aggregate, when added to the cost of issuance financed directly or indirectly with the Bond proceeds, exceeds 5% of the proceeds of the Bonds.

(o) Except as provided in the Bond Indenture and this Loan Agreement, the Borrower shall not pledge or otherwise encumber, or permit the pledge or encumbrance of, any money, investment, or investment property as security for payment of any amounts due under this Loan Agreement and shall not establish any segregated reserve or similar fund for such purpose and shall not prepay any such amounts in advance of the redemption date of an equal principal amount of the Bonds.

(p) The Borrower has made and shall continue to make all required contributions to all employee benefit plans, if any, and Borrower has no knowledge of any material liability which has been incurred by the Borrower and remains unsatisfied for any taxes or penalties with respect to any employee benefit plan or any multi-employer plan, and each such plan has been administered in compliance with its terms and the applicable provisions of ERISA and any other federal or state law.

(q) The Borrower has no known material contingent liabilities, and has no material financial obligation under any indenture, mortgage, deed of trust, loan agreement or other agreement or instrument to which the Borrower is a party or by which the Borrower is otherwise bound, other than (x) obligations being refinanced with the proceeds of the Loan, (y) obligations outstanding under the loan agreement related to Obligation No. 2 pursuant to the Master Indenture of Trust, and (z) obligations incurred in connection with the ownership and operation of the Facility incurred in the ordinary course of business, none of which constitutes indebtedness for borrowed money.

(r) The Borrower has not entered into this transaction or any Borrower Document with the actual intent to hinder, delay, or defraud any creditor and the Borrower has received reasonably equivalent value in exchange for its obligations under the Borrower Documents. Giving effect to the transactions contemplated by the Borrower Documents, the fair saleable value of the Borrower's assets exceeds and will, immediately following the execution and delivery of the Borrower Documents, exceed the Borrower's total liabilities, including, without limitation, subordinated, unliquidated, disputed or contingent liabilities. The fair saleable value of the Borrower's assets is and will, immediately following the execution and delivery of the Borrower Documents, be greater than the Borrower's probable liabilities, including the maximum amount of its contingent liabilities or its debts as such debts become absolute and matured. The Borrower does not intend to, and does not believe that it will, incur debts and liabilities (including, without limitation, contingent liabilities and other commitments) beyond its ability to pay such debts as they mature (taking into account the timing and amounts to be payable on or in respect of obligations of the Borrower).

(s) The Borrower is not (1) an "investment company" or a company "controlled" by an "investment company," within the meaning of the Investment Company Act of 1940, as amended; (2) a "holding company" or a "subsidiary company" of a "holding company" or an "affiliate" of either a "holding company" or a "subsidiary company" within the meaning of the Public Utility Holding Company Act of 1935, as amended; or (3) subject to any other federal or state law or regulation which purports to restrict or regulate its ability to borrow money.

(t) The Borrower reasonably believes that the Gross Revenues will be sufficient (without any other borrowing) during the term of the Loan to pay the principal of, prepayment premium, if any, and interest on the Loan.

(u) All representations, warranties and certifications made by MERF or the Borrower in connection with the delivery of the Bonds on the Closing Date, including, but not limited to, those representations, warranties and certifications contained in any certificate or agreement concerning the exclusion of interest on the Tax-Exempt Bonds from gross income for

purposes of federal income taxation executed by the Borrower, are true, correct, and complete in all material respects as of the Closing Date.

(v) The Borrower is a "participating party" as defined in the Act, and the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and equipping of the Project is a "project" as defined in the Act. The Borrower shall use the Loan to refinance the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and equipping of the Project.

(w) The Borrower acknowledges, represents and warrants that it understands the nature and structure of the transactions relating to the financing or refinancing of the Project; that it is familiar with the provisions of all of the documents and instruments relating to such financing to it is a party or of which it is a beneficiary; that it understands the risks inherent in such transactions; and that it has not relied on the Authority for any guidance or expertise in analyzing the financial or other consequences of the transactions contemplated by the Loan Agreement and the Bond Indenture or otherwise relied on the Authority for any advice.

(x) The Project and the Facility are not in violation of any federal, state or local Environmental Regulations. None of the Borrower, the Members of the Obligated Group, or the Facility is the subject of a federal, state or local investigation evaluating whether any remedial action is needed to respond to any alleged violation of or condition regulated by Environmental Regulations or to respond to a release of any Hazardous Substances into the environment.

(y) The Borrower or the Member of the Obligated Group have and will have title or leasehold possession to the Facility sufficient to carry out the purposes of this Loan Agreement and the School Loan Agreement.

(z) The Project and the Facility are not in violation of any federal, state or local Environmental Regulations. None of the Borrower, the Member of the Obligated Group, or the Facility are the subject of a federal, state or local investigation evaluating whether any remedial action is needed to respond to any alleged violation of or condition regulated by Environmental Regulations or to respond to a release of any Hazardous Substances into the environment.

(aa) Neither the Borrower nor the Member of the Obligated Group has any material contingent liability in connection with any release of any Hazardous Substances into the environment.

Representations and Warranties of the Members of the Obligated Group. Each Member of the Obligated Group represents and warrants to the Authority that, as of the date of execution of this Loan Agreement and as of the date of delivery of the Bonds to the initial purchasers thereof (such representations and warranties to remain operative and in full force and effect regardless of the issuance of the Bonds or any investigations by or on behalf of the Authority or the results thereof):

(a) The Member of the Obligated Group is a duly organized limited liability company in good standing under the laws of the State, and has full legal right, power and

authority to accept and acknowledge this Loan Agreement, and to carry out all of its obligations under and consummate all transactions contemplated by this Loan Agreement, and by proper corporate action has duly authorized the execution, delivery and performance of this Loan Agreement.

(b) The officers of the Member of the Obligated Group, or of the sole member of the Member of the Obligated Group, as the case may be, are duly and properly in office and are fully authorized to execute this Loan Agreement.

(c) This Loan Agreement has been duly authorized, executed and delivered by the Member of the Obligated Group.

(d) This Loan Agreement, when assigned to the Bond Trustee pursuant to the Indenture, will constitute the legal, valid and binding agreement of the Member of the Obligated Group enforceable against the Member of the Obligated Group by the Bond Trustee in accordance with its terms for the benefit of the Holders of the Bonds, and any rights of the Authority and obligations of the Member of the Obligated Group not so assigned to the Bond Trustee constitute the legal, valid, and binding agreements of the Member of the Obligated Group enforceable against the Member of the Obligated Group by the Authority in accordance with their terms; except in each case as enforcement may be limited by bankruptcy, insolvency or other laws affecting the enforcement of creditors' rights generally, by the application of equitable principles regardless of whether enforcement is sought in a proceeding at law or in equity and by public policy, or the exercise of judicial discretion in appropriate cases.

(e) The execution and delivery of this Loan Agreement, the consummation of the transactions herein contemplated and the fulfillment of or compliance with the terms and conditions hereof, will not conflict with or constitute a violation or breach of or default (with due notice or the passage of time or both) under the articles of organization of the Member of the Obligated Group, its operating agreements, any applicable law or administrative rule or regulation, or any applicable court or administrative decree or order, or any indenture, mortgage, deed of trust, loan agreement, lease, contract or other agreement or instrument to which the Member of the Obligated Group is a party or by which the Member of the Obligated Group or its properties are otherwise subject or bound, or result in the creation or imposition of any lien, charge or encumbrance of any nature whatsoever upon any of the property or assets of the Member of the Obligated Group, which conflict, violation, breach, default, lien, charge or encumbrance might have consequences that would materially and adversely affect the consummation of the transactions contemplated by this Loan Agreement, or the financial condition, assets, properties or operations of the Member of the Obligated Group.

(f) There is no action, suit, proceeding, inquiry or investigation, before or by any court or federal, state, municipal or other governmental authority, pending, or to the knowledge of the Member of the Obligated Group, after reasonable investigation, threatened, against or affecting the Member of the Obligated Group or the assets, properties or operations of the Member of the Obligated Group which, if determined adversely to the Member of the Obligated Group or its interests, would have a material adverse effect upon the consummation of the transactions contemplated by, or the validity of, this Loan Agreement, or upon the financial condition, assets, properties or operations of the Member of the Obligated Group, and Member

of the Obligated Group is not in default (and no event has occurred and is continuing which with the giving of notice or the passage of time or both could constitute a default) with respect to any order or decree of any court or any order, regulation or demand of any federal, state, municipal or other governmental authority, which default might have consequences that would materially and adversely affect the consummation of the transactions contemplated by this Loan Agreement, or the financial condition, assets, properties or operations of the Member of the Obligated Group. All tax returns (federal, state and local) required to be filed by or on behalf of the Member of the Obligated Group have been filed, and all taxes shown thereon to be due, including interest and penalties, except such, if any, as are being actively contested by the Member of the Obligated Group in good faith, have been paid or adequate reserves have been made for the payment thereof which reserves, if any, are reflected in the audited financial statements described therein.

(g) The Member of the Obligated Group has full power and authority to carry on its business as now being conducted and to enter into this Loan Agreement and the transactions contemplated therein.

(h) All representations, warranties and certifications made by the Member of the Obligated Group in connection with the delivery of the Bonds on the Closing Date, are true, correct, and complete in all material respects as of the Closing Date.

(i) The Project and the Facility are not in violation of any federal, state or local Environmental Regulations. Neither the Member of the Obligated Group nor the Facility is the subject of a federal, state or local investigation evaluating whether any remedial action is needed to respond to any alleged violation of or condition regulated by Environmental Regulations or to respond to a release of any Hazardous Substances into the environment.

(j) The Member of the Obligated Group does not have any material contingent liability in connection with any release of any Hazardous Substances into the environment.

(k) The Member of the Obligated Group acknowledges, represents and warrants that it understands the nature and structure of the transactions relating to the financing or refinancing of the Project; that it is familiar with the provisions of all of the documents and instruments relating to such financing to it is a party or of which it is a beneficiary; that it understands the risks inherent in such transactions; and that it has not relied on the Authority for any guidance or expertise in analyzing the financial or other consequences of the transactions contemplated by the Loan Agreement and the Indenture or otherwise relied on the Authority for any advice.

Article III

LOAN FINANCING; LOAN REPAYMENTS; INDEMNIFICATION

Agreement to Issue Bonds and Application of Bond Proceeds.

(a) In order to fund the Loan and for the other purposes set forth in the Bond Indenture, the Authority, concurrently with the execution of this Loan Agreement, has issued, sold and delivered the Bonds and directed the proceeds thereof to be deposited with the Bond

Trustee and applied as provided in Article III of the Bond Indenture. The Borrower hereby agrees that the proceeds of the Bonds shall be applied solely in accordance with the Bond Indenture.

(b) The Borrower hereby approves the terms and provisions of the Bond Indenture and, to the extent applicable, agrees to be bound by such terms.

(c) In consideration of the issuance of the Bonds by the Authority and the application of the proceeds thereof as provided in the Bond Indenture, the Borrower agrees to issue, or cause to be issued, and to cause to be authenticated and delivered to the Bond Trustee, pursuant to the Master Indenture of Trust and the Supplemental MTI for Obligation No. 2, concurrently with the issuance and delivery of the Bonds, Obligation No. 2 in substantially the form set forth in Section [11] of the Supplemental MTI for Obligation No. 2. The Borrower agrees that the aggregate principal amount of Obligation No. 2 shall be limited to [_____] dollars ($[Aggregate Par]), except for any Obligation No. 2 authenticated and delivered in lieu of another Obligation No. 2 as provided in Section [7] of the Supplemental MTI for Obligation No. 2 with respect to the mutilation, destruction, loss or theft of Obligation No. 2 or, subject to the provisions of Section [6] of the Supplemental MTI for Obligation No. 2, upon transfer of registration of Obligation No. 2. Issuance and delivery of the Bonds by the Authority shall be a condition of the issuance and delivery of Obligation No. 2.

(d) The Borrower agrees that, except as otherwise provided in this Section 3.01(d), so long as any Bond remains Outstanding, Obligation No. 2 shall be issuable only as a single obligation without coupons, registered as to principal and interest in the name of the Bond Trustee, and no transfer of Obligation No. 2 shall be registered under the Master Indenture of Trust or be recognized by the Borrower except for transfers to a successor Bond Trustee. Upon the principal of Obligation No. 2 being declared immediately due and payable, Obligation No. 2 may be transferred if and to the extent that the Bond Trustee requests that the aforementioned restrictions on transfers of this Section 3.01(d) be terminated.

The Loan; Loan Repayments; Intercept; Additional Payments.

(a) The Loan. The Authority agrees, upon the terms and conditions herein specified, to loan to the Borrower the proceeds received by the Authority from the sale of the Bonds by causing such proceeds to be deposited with the Bond Trustee for disposition as provided in the Bond Indenture. The obligation of the Authority to make the Loan is limited solely to such sale proceeds of the Bonds received by the Authority and shall be deemed fully discharged upon the deposit of the proceeds of the Bonds with the Bond Trustee pursuant hereto.

(b) Loan Repayments. In consideration of the issuance of the Bonds by the Authority and the loan of the proceeds thereof to the Borrower, the Borrower agrees that, on or before [June] 25th and [December] 25th of each year and as long as any of the Bonds remain Outstanding, it shall pay to the Bond Trustee for deposit in the Revenue Fund such amount as is required by the Bond Trustee to make the transfers and deposits required on such date by Section 5.02 of the Bond Indenture, including amounts necessary for deposit into the Repair and Replacement Fund. Notwithstanding the foregoing, if five business days prior to any interest or principal payment date with respect to the Bonds, the aggregate amount in the Revenue Fund is

for any reason insufficient or unavailable to make the required payments of principal (or Redemption Price) of or interest on the Bonds then becoming due (whether by maturity, redemption or acceleration), the Borrower shall forthwith pay the amount of any such deficiency to the Bond Trustee. Each payment by the Borrower to the Bond Trustee hereunder (the "Loan Repayments") shall be in lawful money of the United States of America and paid to the Bond Trustee at its designated corporate trust office and held, invested, disbursed and applied as provided in the Bond Indenture. Notwithstanding anything to the contrary herein, the Borrower hereby certifies that it will instruct or cause the Member to instruct MERF to pay School Loan Payments directly to the Bond Trustee for deposit in the Revenue Fund.

(c) Intercept. Simultaneously with the execution and delivery of the Bonds, the Borrower shall cause MERF to deliver the Intercept Notice to the State Controller.

The Borrower may revise the Intercept Notice and cause such revision to be delivered to the State Controller from time to time as necessary or appropriate (including without limitation as a result of redemption prior to maturity) to specify transfers to the Bond Trustee necessary to pay the amounts due under this Loan Agreement and other costs necessary or incidental to the financing pursuant to the Act relating to the Bonds, as the same become due, and to cure any delinquency in payment of such amounts. The Borrower shall, and shall cause MERF to, cooperate with the Bond Trustee in any manner the Bond Trustee may request in connection with revising the Intercept Notice. If at any time the Intercept Notice is revised for any reason, the Borrower shall cause MERF to promptly provide to the Authority, the Department of Education and the Bond Trustee a copy of such revised Intercept Notice. The Intercept Notice may provide additional amounts payable to the Bond Trustee for purposes set forth in the Bond Indenture; provided that pursuant to the terms of the School Loan Agreement, MERF shall not grant preference or any prior right of funding access or security in respect of any payment indicated in the Intercept Notice or any other notice delivered pursuant to Section 17199.4 of the Education Code or any successor provision. The Borrower agrees and acknowledges that any revision to the Intercept Notice may take up to 60 days for the State Controller to process.

All deposits of moneys derived from the Intercept hereunder shall be made at the corporate trust office of the Bond Trustee set forth in the Intercept Notice. The Borrower shall cause MERF to timely revise the Intercept Notice to require transfers to such other location as shall be designated in writing by the Bond Trustee.

(d) Additional Payments. In addition to the Loan Repayments, the Borrower shall also pay to the Authority or to the Bond Trustee, as the case may be, "Additional Payments," as follows:

(i) All taxes and assessments of any type or character charged to the Authority or to the Bond Trustee affecting the amount available to the Authority or the Bond Trustee from payments to be received hereunder or in any way arising due to the transactions contemplated hereby (including taxes and assessments assessed or levied by any public agency or governmental authority of whatsoever character having power to levy taxes or assessments) but excluding franchise taxes based upon the capital and/or income of the Bond Trustee and taxes based upon or measured by the net income of the

Bond Trustee; provided, however, that the Borrower shall have the right to protest any such taxes or assessments and to require the Authority or the Bond Trustee, as the case may be, at the Borrower's expense, to protest and contest any such taxes or assessments assessed or levied upon them and that the Borrower shall have the right to withhold payment of any such taxes or assessments pending disposition of any such protest or contest unless such withholding, protest or contest would adversely affect the rights or interests of the Authority or the Bond Trustee;

(ii) All reasonable fees, charges and expenses of the Bond Trustee for services rendered under the Bond Indenture and all amounts referred to in Section 8.06 of the Bond Indenture, as and when the same become due and payable;

(iii) The reasonable fees and expenses of such accountants, consultants, attorneys and other experts as may be engaged by the Authority or the Bond Trustee to prepare audits, financial statements, reports, opinions or provide such other services required under this Loan Agreement, the other Borrower Documents or the Bond Indenture;

(iv) All fees and expenses of the Rating Agency and the Rebate Analyst, and if a deposit is required to be made to the Rebate Fund as a result of any calculation made pursuant to Section 5.07 of the Bond Indenture, the amount of such deposit, which shall be deposited in the Rebate Fund not later than the tenth day of the calendar month immediately following the date on which such calculation was made pursuant to Section 5.07 of the Bond Indenture;

(v) The annual fee of the Authority and the fees and expenses of the Authority or any agent or attorney selected by the Authority to act on its behalf in connection with this Loan Agreement, the other Borrower Documents, the Bonds or the Bond Indenture, including, without limitation, any and all expenses incurred in connection with the authorization, issuance, sale and delivery of any such Bonds or in connection with any litigation, investigation, inquiry or other proceeding which may at any time be instituted involving this Loan Agreement, the other Borrower Documents, the Bonds or the Bond Indenture or any of the other documents contemplated thereby, or in connection with the supervision or inspection of the Borrower, its properties, assets or operations or otherwise in connection with the administration of this Loan Agreement and the other Borrower Documents; and

(vi) The amount necessary to replenish any fund established under the Bond Indenture, but only to the extent then required under Section 5.02 of the Bond Indenture.

All such payments shall be made by the Borrower from the Gross Revenues for payment to the Person or Persons entitled to such payments or for deposit to the appropriate fund or account held by the Bond Trustee under the Bond Indenture.

(e) Failure to Make Payments. In the event the Borrower shall fail to deposit, or fail to cause to be deposited, with the Bond Trustee any Loan Repayments or Additional

Payments as required by this Section 3.02, the Loan Repayments, Additional Payments or other payments required hereunder not paid from such Gross Revenues shall continue as an obligation hereunder of the Borrower until the amount in default shall have been fully paid.

(f) Obligations of Borrower Unconditional; Non-Recourse Obligations.

(i) The Borrower shall pay to or upon the order of the Authority, at or before the time when payable by the Authority, all costs and liabilities incurred by the Authority, including without limitation fees and expenses of counsel to the Authority, in connection with the issuance of the Bonds and the making of the Loan to the Borrower herein, or otherwise as a result of the transactions contemplated by the Borrower Documents or the Bond Indenture.

(ii) Subject to the provisions of Section 3.02(f)(iii), the obligation of the Borrower to make the payments as required in this Section 3.02, and to perform and observe any and all of the other covenants and agreements on its part contained herein, shall be absolute and unconditional irrespective of any defense or any rights of setoff, recoupment, or counterclaim which the Borrower may otherwise have against the Authority. The Borrower shall not: (1) suspend, discontinue, or abate any payment required by this Section 3.02 (except as expressly provided herein); (2) fail to observe any of its other covenants or agreements in this Loan Agreement; or (3) terminate this Loan Agreement for any cause whatsoever (except as provided in Section 7.01 hereof), including without limiting the generality of the foregoing, any declaration or finding that the Bonds, the Bond Indenture, or any portion of this Loan Agreement are invalid or unenforceable, and, any failure of the Authority to perform and observe any agreement, whether expressed or implied, or any duty, liability, or obligation, arising out of or in connection with this Loan Agreement or otherwise.

(iii) Notwithstanding anything in this Loan Agreement to the contrary, the liability of the Borrower under this Loan Agreement to any person or entity, including, but not limited to, the Bond Trustee or the Authority and their respective successors and assigns, is limited to the Gross Revenues and the amounts held in the funds and accounts created under the Bond Indenture (except the Rebate Fund) or hereunder, and such persons and entities shall look exclusively thereto, or to such other security as may from time to time be given for the payment of obligations arising out of this Loan Agreement or any other agreement securing the obligations of the Borrower with respect to the Loan or the Bonds.

(iv) The Authority covenants that it shall not take recourse against the Borrower or any of its Affiliates with respect to the failure by the Borrower or any of its Affiliates to make any payment under this Loan Agreement or the Bonds except recourse to the Gross Revenues and the amounts held in the funds and accounts created under the Bond Indenture (except the Rebate Fund) or hereunder, or to such other security as may from time to time be given for the payment of obligations arising out of this Loan Agreement or any other agreement securing the obligations of the Borrower with respect to the Loan or the Bonds.

Costs of Issuance and Other Expenses. In addition to the payments required to be paid by the Borrower under Section 3.02 hereof, the Borrower agrees that it shall pay from the proceeds of the Bonds or Gross Revenues or other legally available funds of the Borrower, all Costs of Issuance of the Bonds. The Borrower agrees that it also shall pay all expenses incurred by it, including the expenses of its counsel. The Borrower shall also pay the costs of filing any financing statement(s) pursuant to Section 3.02 hereof.

The Borrower acknowledges that certain provisions of the Bond Indenture set forth Administrative Fees and Expenses of the Bond Trustee as the amount of annual compensation and reimbursement payable from funds held under the Bond Indenture to the Bond Trustee. In the event that the Bond Trustee incurs fees and expenses in the course of performing its duties in excess of Administrative Fees and Expenses or in excess of the funds available for the payment thereof under the Bond Indenture, the Borrower agrees to compensate and reimburse the Bond Trustee from Gross Revenues or other funds of the Borrower, for Administrative Fees and Expenses and for any extraordinary fees and expenses, which compensation to the Bond Trustee shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust.

The Borrower covenants and agrees to pay and indemnify the Authority, the State Treasurer and the Bond Trustee against all fees, costs and charges, including fees and expenses of attorneys, accountants, consultants and other experts, incurred in good faith (and with respect to the Bond Trustee, without negligence) and arising out of or in connection with the Borrower Documents, the Bonds or the Bond Indenture. These obligations and those in Section 3.04 hereof shall remain valid and in effect notwithstanding repayment of the Loan hereunder or the Bonds or termination of this Loan Agreement or the Bond Indenture or resignation or removal of the Bond Trustee.

Indemnification. To the fullest extent permitted by law, the Borrower agrees to indemnify, hold harmless and defend the Authority, the State Treasurer, the Bond Trustee, and each of their respective officers, governing members, directors, officials, employees, attorneys and agents (collectively, the "Indemnified Parties"), against any and all losses, damages, claims, actions, suits, liabilities, costs and expenses of any conceivable nature, kind or character (including, without limitation, attorneys' fees, litigation and court costs, amounts paid in settlement and amounts paid to discharge judgments) to which the Indemnified Parties, or any of them, may become subject under any statutory law (including federal or state securities laws) or at common law or otherwise, arising out of or based upon or in any way relating to:

(i) the Bonds, the Bond Indenture, the Borrower Documents or the Tax Certificate or the execution or amendment hereof or thereof or in connection with transactions contemplated hereby or thereby, including the issuance, sale or resale of the Bonds;

(ii) any act or omission of the Borrower or MERF or any of their agents, contractors, servants, employees or licensees in connection with the Loan, the Facility, the Project, the School Loan Agreement, the operation of the Facility or the condition, environmental or otherwise, occupancy, use, possession, conduct or

management of work done in or about, or from the planning, design, acquisition, installation or construction of, the Facility, including the Project, or any part thereof;

(iii) any lien or charge upon payments by the Borrower or MERF to the Authority or the Bond Trustee, as the case may be, hereunder or under the School Loan Agreement, or any taxes (including, without limitation, all ad valorem taxes and sales taxes), assessments, impositions and other charges imposed on the Authority or the Bond Trustee in respect of any portion of the Project or the Facility;

(iv) any violation of any Environmental Regulations with respect to, or the release of any Hazardous Substances at, on or under the Facility or any part thereof;

(v) any defeasance and/or redemption, in whole or in part, of the Bonds;

(vi) any untrue statement or misleading statement or alleged untrue statement or alleged misleading statement of a material fact contained in any offering or disclosure document or disclosure or continuing disclosure document for the Bonds or any of the documents relating to the Bonds, or any omission or alleged omission from any offering or disclosure document or disclosure or continuing disclosure document for the Bonds of any material fact necessary to be stated therein in order to make the statements made therein, in the light of the circumstances under which they were made, not misleading, or any failure to timely file any continuing disclosure document in connection with the Bonds required by any undertaking or by any applicable law, rule or regulation;

(vii) any declaration that the interest on the Tax-Exempt Bonds is included in gross income for federal income tax purposes, or allegations that interest on the Tax-Exempt Bonds is included in gross income for federal income tax purposes or any regulatory audit or inquiry regarding whether interest on the Tax-Exempt Bonds is included in gross income for federal income tax purposes; and

(viii) the Bond Trustee's acceptance or administration of the trust of the Bond Indenture, or the exercise or performance of any of its powers or duties thereunder or under any of the documents relating to the Bonds to which it is a party;

except (A) in the case of the foregoing indemnification of the Bond Trustee or any of its respective officers, members, directors, officials, employees, attorneys and agents, to the extent such damages are caused by the negligence or willful misconduct of such Indemnified Party; or (B) in the case of the foregoing indemnification of the Authority or the State Treasurer or any of their officers, members, directors, officials, employees, attorneys and agents, to the extent such damages are caused by the willful misconduct of such Indemnified Party. In the event that any action or proceeding is brought against any Indemnified Party with respect to which indemnity may be sought hereunder, the Borrower, upon written notice from the Indemnified Party, shall assume the investigation and defense thereof, including the employment of counsel selected by the Indemnified Party, and shall assume the payment of all expenses related thereto, with full power to litigate, compromise or settle the same in its sole discretion; provided that the

Indemnified Party shall have the right to review and approve or disapprove any such compromise or settlement. Each Indemnified Party shall have the right to employ separate counsel in any such action or proceeding and participate in the investigation and defense thereof, and the Borrower shall pay the fees and expenses of such separate counsel; provided, however, that such Indemnified Party may only employ separate counsel at the expense of the Borrower if in the judgment of such Indemnified Party a conflict of interest exists by reason of common representation or if all parties commonly represented do not agree as to the action (or inaction) of counsel, or in the case of the Authority or the State Treasurer or any of its officers, members, directors, employees, attorneys and agents, such Indemnified Party engages the Attorney General of the State as separate counsel.

The rights of any persons to indemnity hereunder and rights to payment of fees and reimbursement of expenses pursuant to Sections 3.02 and 3.03 hereof and this Section 3.04 shall survive the final payment or defeasance of the Bonds and in the case of the Bond Trustee any resignation or removal. The provisions of this Section 3.04 shall survive the termination of this Loan Agreement.

Article IV

ADDITIONAL COVENANTS AND AGREEMENTS OF BORROWER

Inspection of Books.

(a) The Authority and the Bond Trustee shall have the right, but not obligation, upon reasonable notice, during business hours, to inspect the Facility, to examine and audit any and all of the Borrower's records or accounts pertaining to the Loan, the School Loan Agreement, the Bond Indenture, the Intercept, Obligation No. 2, and this Loan Agreement.

(b) Upon written notice to the Borrower delivered at least five Business Days in advance of an inquiry, the Borrower shall make its management personnel available for periodic inquiries from the Authority; provided that the Borrower shall not be obligated to incur any material out-of-pocket costs in connection with such meetings or inquiries.

Reports and Information.

(a) At the request of the Authority or the Bond Trustee, their agents, employees or attorneys, the Borrower shall furnish to the Authority and the Bond Trustee, such information as may be reasonably requested in writing from time to time relative to compliance by the Borrower with the provisions of this Loan Agreement, including, without limitation, the most recently prepared consolidated financial statements of the Borrower or Members of the Obligated Group.

(b) On or before the earlier of September 1 of each year or within sixty (60) days of the Authority's request, which request is to be made on or about July 1 of each year (commencing July 1, [2026]), the Borrower shall provide information to the Authority needed for the Authority to comply with the reporting requirements contained in California Government Code Section 8855(k)(1). The covenant contained in this Section 4.02(b) shall remain in effect

until the later of the date (i) the Bonds are no longer Outstanding or (ii) the proceeds of the Bonds have been fully spent.

Notice. Promptly following obtaining knowledge of an Event of Default under any Borrower Document, the Borrower hereby agrees to provide to the Bond Trustee and to the Authority notice of such Event of Default (such notice to include a description of the nature of such event and what steps are being taken to remedy such Event of Default).

Reliance. The Borrower hereby recognizes and agrees that the representations and covenants set forth in this Loan Agreement may be relied upon by all Persons interested in the legality and validity of the Bonds and in the exemption from federal income taxation of the interest on the Tax-Exempt Bonds including, without limitation, the Bond Trustee for the benefit of the Owners of the Bonds. In performing its duties and obligations hereunder, the Bond Trustee may rely upon statements and certificates of the Borrower believed in good faith to be genuine and upon audits of the books and records of the Borrower pertaining to the Loan. The Bond Trustee, in its name or as assignee of the Authority, may, for and on behalf of the Bondholders, enforce all rights of the Authority which have been assigned to and are held by the Bond Trustee and all obligations of the Borrower under and pursuant to this Loan Agreement, whether or not the Authority has pursued or attempted to enforce any of such rights and obligations. In addition, the Authority and the Bond Trustee may consult with counsel, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by the Authority or the Bond Trustee hereunder in good faith and in conformity with the opinion of such counsel. In determining whether any default or lack of compliance by the Borrower exists under this Loan Agreement, none of the Bond Trustee or the Authority shall be required to conduct any investigation into or review of the operations or records of the Borrower and may rely solely upon any notice or certificate delivered to the Bond Trustee by the Borrower with respect to the occurrence or absence of a default.

Tax Covenants.

(a) It is the intention of the Borrower that interest on the Tax-Exempt Bonds shall be and remain excluded from the gross income of the owners thereof for federal income tax purposes, and to that end the covenants and agreements of the Borrower in this Section and in the Tax Certificate are for the benefit of the Bond Trustee on behalf of and for each and every owner of the Bonds.

(b) The Borrower covenants and agrees that it will not use or permit the use of any of the funds provided by the Authority hereunder or any other funds of the Borrower, directly or indirectly, or direct the Bond Trustee to invest any funds held by it hereunder or under the Bond Indenture, in such manner as would, or enter into, or allow any "related person" (as defined in Section 147(a)(2) of the Code) to enter into, any arrangement, formal or informal, for the purchase of the Tax-Exempt Bonds that would, or take or omit to take any other action that would cause any Tax-Exempt Bond to be an "arbitrage bond" within the meaning of Section 148 of the Code or "federally guaranteed" within the meaning of Section 149(b) of the Code and applicable regulations promulgated from time to time thereunder.

(c) In the event that at any time the Borrower is of the opinion or becomes otherwise aware, including from MERF, that for purposes of this Section or Section 6.09 of the Bond Indenture it is necessary to restrict or to limit the yield on the investment of any moneys held by the Bond Trustee under the Bond Indenture, the Borrower shall determine the limitations and so instruct the Bond Trustee in writing and cause the Bond Trustee to comply with those limitations under the Bond Indenture. The Borrower will take such action or actions as may be reasonably necessary in the opinion of Bond Counsel, or of which it otherwise becomes aware, to comply fully with Section 148 of the Code.

(d) The Borrower shall not, pursuant to an arrangement, formal or informal, purchase Tax-Exempt Bonds in an amount related to the amount of the Loan, except as otherwise permitted under the Bond Indenture.

(e) In order to maintain the exclusion of interest on the Tax-Exempt Bonds from the gross income of the owners thereof for federal income purposes and to assure compliance with the laws of the State, the Borrower hereby agrees that it shall, concurrently with or before the execution and delivery of the Tax-Exempt Bonds, execute and deliver the Tax Certificate, and shall comply with every term of the Tax Certificate. The Borrower covenants with the Authority, for the benefit of the Owners of the Tax-Exempt Bonds from time to time outstanding, that so long as any Tax-Exempt Bonds remain Outstanding, moneys on deposit in any fund, or account in connection with the Tax-Exempt Bonds, whether or not such moneys were derived from the proceeds of the sale of the Tax-Exempt Bonds or from any other sources, and moneys pledged directly or indirectly to the payment or for the securing of the Tax-Exempt Bonds, will not be used by or for the Borrower in a manner that will cause the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code. The Borrower expressly recognizes that, to the extent required by Section 148 of the Code, "proceeds" of the Tax-Exempt Bonds (including investment proceeds and "replacement" proceeds) may be required to be invested at a yield not exceeding the yield on the Tax-Exempt Bonds in order to comply with this Section. In furtherance of the covenant in this Section, the Borrower agrees that it will not direct any investments or reinvestments that would contravene either the investment representations made by the Authority in the Tax Certificate or any investment directions provided by the Authority and deemed reasonably necessary in the opinion of Bond Counsel to preserve the exclusion from gross income of interest on the Tax-Exempt Bonds for federal income tax purposes.

(f) In the event of any conflict between the terms of this Loan Agreement and the requirements of the Tax Certificate, the Tax Certificate shall control.

Continuing Disclosure. The Borrower hereby covenants and agrees that it shall comply with and carry out all of the provisions of the Continuing Disclosure Agreement, and, in addition, shall provide any material event notice disseminated thereunder to the Authority. Notwithstanding any other provision of this Loan Agreement or the Bond Indenture, failure of the Borrower or the Dissemination Agent (as defined in the Continuing Disclosure Agreement) to comply with the Continuing Disclosure Agreement shall not be considered an Event of Default hereunder or under the Bond Indenture.

Warranty of Truth. The Borrower covenants that no information, certificate, statement in writing or report required by this Loan Agreement, any other Borrower Documents or otherwise furnished by the Borrower to the Authority or the Bond Trustee shall contain any untrue statement of a material fact or omit a material fact necessary to make such information, certificate, statement or report not misleading as it relates to the Borrower.

Prohibited Uses. No portion of the proceeds of the Bonds shall be used to finance or refinance any facility, place or building to be used (1) primarily for sectarian instruction or study or as a place for devotional activities or religious worship or (2) by a person that is not a 501(c)(3) Organization or a Governmental Unit or by a 501(c)(3) Organization (including the Borrower) in an "unrelated trade or business" (as set forth in Section 513(a) of the Code), in such a manner or to such extent as would result in any of the Bonds being treated as an obligation not described in Section 103(a) of the Code. The Borrower may not cause or permit any portion of the Facility that are part of the Project to be used or operated in any manner except in conjunction with a school under the Charter School Law.

Facilities Consultant Report. No later than July 1, 2031 and each fifth anniversary thereafter, the Borrower shall engage an Independent Facilities Consultant who shall, within 60 days of engagement, and each fifth anniversary thereafter, as applicable, provide to the Borrower (copies of which shall be provided to the Bond Trustee and the Master Trustee) a Facilities Consultant Report. Within fourteen Business Days of its receipt of the Facilities Consultant Report, the Borrower shall either (i) accept the recommendations of the initial Independent Facilities Consultant or (ii) engage and immediately accept the recommendations (which shall be made within 60 days of such engagement) of a different Independent Facilities Consultant in the event the recommendations outlined in the initial Facilities Consultant Report are deemed by the Borrower to be unreasonable or inconsistent with the respective School's operation and maintenance practices.

Indenture Provisions. The execution and delivery of this Loan Agreement shall constitute conclusive evidence of approval of the Bond Indenture by the Borrower. Whenever the Bond Indenture by its terms imposes a duty or obligation upon the Borrower, such duty or obligation shall be binding upon the Borrower to the same extent as if the Borrower were an express party to the Bond Indenture, and the Borrower shall carry out and perform all of its obligations under the Bond Indenture as fully as if the Borrower were a party to the Bond Indenture.

Amendment of School Loan Agreement. If any Bonds are Outstanding, the Borrower may not voluntarily amend the School Loan Agreement to result in a reduction of principal or interest payable thereunder; provided that nothing in this section limits the exercise of or the remedies provided in the School Loan Agreement in the event of default by MERF.

Post-Issuance Compliance. The Borrower acknowledges that the Internal Revenue Service mandates certain filing requirements with respect to post-issuance tax compliance, private use and/or unrelated trade or business use, including the proper method for computing whether any such use has occurred under Section 145 of the Code. The Borrower covenants that it will undertake to determine (or have determined on its behalf) the information required to be reported on the IRS Form 990 (Schedule K) Supplemental Information on Tax-Exempt Bonds on

an annual basis and will undertake to comply with the aforementioned filing requirements and any related requirements that may be applicable to the Bonds (collectively, the "Post-Issuance Requirements"). Further, the Borrower covenants that it has adopted, or, if not, will promptly adopt, management practices and procedures to ensure the Borrower complies with the Post-Issuance Requirements with respect to the Bonds.

The Borrower initially has designated [Steve Budhraja, Chief Financial Officer] of the Borrower, to be responsible for providing certain post-issuance tax compliance services that may be required from time to time with respect to the Bonds.

Article V

ADDITIONAL COVENANTS AND AGREEMENTS OF MEMBERS OF THE OBLIGATED GROUP

Section V.01 Inspection of Books.

(a) The Authority and the Bond Trustee shall have the right, but not obligation, upon reasonable notice, during business hours, to examine and audit any and all of the Member of the Obligated Group's records or accounts pertaining to the Loan, the School Loan Agreement, and this Loan Agreement.

(b) Upon written notice to a Member of the Obligated Group delivered at least five Business Days in advance of an inquiry, such Member of the Obligated Group shall make its management personnel available for periodic inquiries from the Authority; provided that the Member of the Obligated Group shall not be obligated to incur any material out-of-pocket costs in connection with such meetings or inquiries.

Reports and Information. At the request of the Authority or the Bond Trustee, their agents, employees or attorneys, the Member of the Obligated Group shall furnish to the Authority and the Bond Trustee, such information as may be reasonably requested in writing from time to time relative to compliance by the Member of the Obligated Group with the provisions of this Loan Agreement.

Reliance. The Member of the Obligated Group hereby recognizes and agrees that the representations and covenants set forth in this Loan Agreement may be relied upon by all Persons interested in the legality and validity of the Bonds and in the exemption from federal income taxation of the interest on the Tax-Exempt Bonds including, without limitation, the Bond Trustee for the benefit of the Beneficial Owners of the Bonds. The Bond Trustee may rely upon statements and certificates of the Member of the Obligated Group believed in good faith to be genuine and upon audits of the books and records of the Member of the Obligated Group pertaining to the School Loan Agreement. The Bond Trustee, in its name or as assignee of the Authority, may, for and on behalf of the Bondholders, enforce all rights of the Authority which have been assigned to and are held by the Bond Trustee and all obligations of the Member of the Obligated Group under and pursuant to this Loan Agreement, whether or not the Authority has pursued or attempted to enforce any of such rights and obligations. In addition, the Authority and the Bond Trustee may consult with counsel of their selection, and the opinion of such

counsel shall be full and complete authorization and protection in respect of any action taken or suffered by the Authority or the Bond Trustee hereunder in good faith and in conformity with the opinion of such counsel. In determining whether any default or lack of compliance by the Member of the Obligated Group exists under this Loan Agreement, neither the Bond Trustee nor the Authority shall be required to conduct any investigation into or review of the operations or records of the Member of the Obligated Group and may rely solely upon any notice or certificate delivered to the Bond Trustee by the Member of the Obligated Group with respect to the occurrence or absence of a default.

Warranty of Truth. The Member of the Obligated Group covenants that no information, certificate, statement in writing or report required by this Loan Agreement or otherwise furnished by the Member of the Obligated Group to the Authority or the Bond Trustee shall contain any untrue statement of a material fact or omit a material fact necessary to make such information, certificate, statement or report not misleading as it relates to the Member of the Obligated Group or the School Loan Agreement.

Prohibited Uses. The Member of the Obligated Group may not cause or permit any portion of its Facility that are part of the Project to be used (1) primarily for sectarian instruction or study or as a place for devotional activities or religious worship or (2) by a person that is not a 501(c)(3) Organization or a Governmental Unit or by a 501(c)(3) Organization in an "unrelated trade or business" (as set forth in Section 513(a) of the Code), in such a manner or to such extent as would result in any of the Bonds being treated as an obligation not described in Section 103(a) of the Code or (3) in any manner except in conjunction with a school under the Charter School Law.

Term of School Loan Agreement. If any Bonds are Outstanding, Member of the Obligated Group may not voluntarily terminate the School Loan Agreement before completion of its stated term nor amend the School Loan Agreement to result in an earlier end of its stated term; provided that nothing in this section limits the exercise of or the remedies provided in the School Loan Agreement in the event of default.

Article VI

DEFAULTS AND REMEDIES

Events of Default. Any one of the following which occurs and continues shall constitute an Event of Default hereunder:

(a) failure by the Borrower to pay or cause to be paid any interest on the Loan when due and payable, and such failure continues for five (5) calendar days or more; or

(b) failure by the Borrower to pay or cause to be paid principal of, or premium, if any, on the Loan; or

(c) failure by the Borrower to pay or cause to be paid when due any other amounts required to be paid under this Loan Agreement and continuation of such failure to pay for ten (10) Business Days following the giving of written notice thereof to the Borrower; or

(d) failure of the Borrower to observe and perform any covenant, condition or agreement on its part to be observed or performed hereunder (other than failure by the Borrower to pay the amounts required to be paid hereunder, as referred to in Section 6.01(a), (b), or (c) above, and other than as provided in subparagraph (e) below) after the Borrower shall have been given 60 days' written notice specifying such default and requesting it be remedied, except that, if the failure is unable to be remedied within 60 days, such failure shall not be an Event of Default for so long as the Borrower or any Member of the Obligated Group diligently proceeds to remedy the default; or

(e) voluntary initiation by the Borrower or any Member of the Obligated Group of any proceeding under any federal or state law relating to bankruptcy, insolvency, arrangement, reorganization, readjustment of debt or any other form of debtor relief, or the initiation against the Borrower or any Member of the Obligated Group of any such proceeding that shall remain undismissed for 60 calendar days, or failure by the Borrower or any Member of the Obligated Group to promptly have discharged any execution, garnishment or attachment of such consequence as would impair the ability of the Borrower or any Member of the Obligated Group to carry on its operations, or assignment by the Borrower for the benefit of creditors, or the entry by the Borrower or any Member of the Obligated Group into an agreement of composition with creditors or the failure generally by the Borrower or any Member of the Obligated Group to pay its debts as they become due; or

(f) occurrence and continuance of an "Event of Default" under the Bond Indenture or the Master Indenture of Trust, provided, however, that an Event of Default under the Bond Indenture arising solely from the actions or inactions of the Authority or the Bond Trustee shall not be an Event of Default hereunder; or

(g) any representation or warranty made herein or any statement or representation made by the Borrower in any certificate, report, opinion, financial statement or other instrument furnished in connection with the Loan or any of the Borrower Documents proves to be false or misleading in any material respect when made.

Remedies.

(a) Upon the occurrence of an Event of Default pursuant to Section 6.01 hereof and at any time thereafter during the continuance of such Event of Default, the Bond Trustee may take one or more or any combination of the following remedial steps:

(i) By written notice to the Borrower, declare the unpaid indebtedness on the Bonds and all amounts then due and payable hereunder, whether by acceleration of maturity or otherwise, to be immediately due and payable, whereupon the same shall become immediately due and payable; and

(ii) Take whatever action at law or in equity may appear necessary or desirable to collect the amounts then due and thereafter to become due hereunder, or to enforce performance and observance of any obligation, agreement or covenant of the Borrower under this Loan Agreement, the Bonds or any other Borrower Document.

Any amounts collected pursuant to action taken by the Bond Trustee under this Section 6.02(a) shall be applied in accordance with provisions of the Bond Indenture. Notwithstanding anything herein to the contrary, the indebtedness of the Borrower under this Loan Agreement may be separately and independently accelerated with or without an acceleration of the Bonds.

(b) If the Bond Trustee shall have proceeded to enforce the rights of the Authority under this Loan Agreement and such proceedings shall have been discontinued or abandoned for any reason or shall have been determined adversely to the Bond Trustee or the Authority, then the Borrower, the Bond Trustee and the Authority shall be restored respectively to their several positions and rights hereunder, and all rights, remedies and powers of the Borrower, the Authority and the Bond Trustee shall continue as though no such proceedings had taken place.

Additional Remedies. In addition to the above remedies, if an Event of Default occurs hereunder, the Authority and the Bond Trustee shall have the right and remedy, without posting bond or other security, to have the provisions of this Loan Agreement specifically enforced by any court having equity jurisdiction, it being acknowledged and agreed that any such breach will cause irreparable injury to the Bond Trustee or the Authority and that money damages will not provide an adequate remedy thereto.

No Remedy Exclusive. No remedy herein conferred upon or reserved to the Authority is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Loan Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Bond Trustee or the Authority to exercise any remedy reserved to it in this Article VI, it shall not be necessary to give notice, other than such notice as may be required in this Article VI. Such rights and remedies as are given the Authority hereunder shall also extend to Trustee on behalf of the Holders of the Bonds, who shall be entitled to the benefit of all covenants and agreements herein contained.

No Additional Waiver Implied by One Waiver. In the event any agreement or covenant contained in this Loan Agreement should be breached by the Borrower and thereafter waived by the Authority or the Bond Trustee, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

Agreement to Pay Fees and Expenses Upon Default. In the event the Borrower is in default under any provision of this Loan Agreement or causes an event of default under the other Borrower Documents, the Borrower shall be liable to, and upon demand shall pay to, the Bond Trustee all reasonable fees and disbursements of such Persons and its agents (including attorneys' fees and expenses) that are reasonably connected therewith or incidental thereto, except with respect to the Bond Trustee, such payment obligation shall be reduced to the extent such fees and disbursements are paid to the Bond Trustee from money available therefor under the Bond Indenture.

Article VII

PREPAYMENT

Prepayment of the Loan.

(a) *General*. As further described below, the Borrower shall have the right, so long as all amounts which have become due hereunder have been paid, at any time or from time to time to prepay all or any part of its Loan Repayments and the Authority agrees that the Bond Trustee shall accept such prepayments when the same are tendered. Prepayments may be made by payments of cash or surrender of Bonds. All such prepayments (and the additional payment of any amount necessary to pay the applicable redemption price, if any, payable upon the redemption of Bonds) shall be deposited upon receipt in the applicable account of the Redemption Fund and, at the request of and as determined by the Borrower, credited against payments due hereunder or used for the redemption of Outstanding Bonds in the manner and subject to the terms and conditions set forth in Section 4.01 or Section 4.02 of the Bond Indenture. The Borrower also shall have the right to surrender Bonds acquired by it in any manner whatsoever to the Bond Trustee for cancellation, and such Bonds, upon such surrender and cancellation, shall be deemed to be paid and retired. Notwithstanding any such prepayment or surrender of Bonds, as long as any Bonds remain Outstanding or any Additional Payments required to be made hereunder remain unpaid, the Borrower shall not be relieved of its obligations hereunder.

(b) *Prepayment in Whole or in Part*. The Loan may be prepaid in whole or in part at any time by delivering to the Bond Trustee amounts sufficient to defease a like principal amount of Bonds to their optional redemption date pursuant to Section 4.02 and Article X of the Bond Indenture.

(c) *Prepayment in Whole or in Part from Amounts Transferred from Insurance and Condemnation Proceeds Fund.* The Loan may be prepaid in whole or in part at any time in a principal amount corresponding to amounts transferred from the Insurance and Condemnation Proceeds Fund pursuant to the Bond Indenture and used to redeem Bonds at the option of the Borrower pursuant to the Bond Indenture.

(d) *Prepayment in Full from Amounts Deposited with Trustee in connection with School Charter Revocation.* The Loan may be prepaid in full at any time proceeds to be used to redeem Bonds at the option of the Borrower pursuant to Section 4.01(c) of the Bond Indenture.

Redemption of Bonds Upon Prepayment. Upon prepayment of the Loan as provided in Section 7.01, the Bond Trustee shall do any of the following, as applicable: (1) call all or part of the Bonds for redemption, as required by the Bond Indenture in the respective amounts set forth in the applicable paragraph of Section 4.01 or Section 4.02 of the Bond Indenture and (2) provide for the defeasance of Bonds pursuant to Article X of the Bond Indenture.

Amount of Prepayment. In the event of any prepayment pursuant to Section 7.01, the amount of the Loan deemed to be prepaid shall be equal to the principal amount of Bonds

defeased or redeemed as described in Section 4.01 or Section 4.02 of the Bond Indenture. In the case of prepayment of the Loan in full, the Borrower shall pay to the Bond Trustee an amount sufficient, together with other funds held by the Bond Trustee and available for such purpose, to pay all reasonable and necessary fees and expenses (including attorneys' fees) of the Authority, the Bond Trustee and any paying agent accrued and to accrue through final payment of the Bonds and all other liabilities of the Borrower accrued and to accrue under this Loan Agreement and shall pay to the Authority an amount required by Section 3.02(d). In the case of partial prepayment of the Loan, the Borrower shall pay or cause to be paid to the Bond Trustee an amount sufficient, together with other funds held by the Bond Trustee and available for such purpose, to pay expenses of redemption of the Bonds to be redeemed upon such prepayment.

The Borrower agrees that it will not prepay the Loan or any part thereof, except in amounts sufficient to redeem Bonds in Authorized Denominations.

Article VIII

MISCELLANEOUS

Notice. All notices, certificates or other communications hereunder shall be sufficiently given and shall be deemed given when delivered or mailed by registered or certified mail, postage prepaid, or by messenger or overnight delivery service or by Electronic Notice, to the notice addresses set forth in the Bond Indenture.

A duplicate copy of each notice, certificate or other communication given hereunder by the Authority or the Borrower shall also be given to the Bond Trustee. The Authority, the Borrower and the Bond Trustee may, by notice given hereunder, designate any further or different addresses to which subsequent notices, certificates or other communications shall be sent.

Concerning Successors and Assigns. All covenants, agreements, representations and warranties made herein and in the certificates delivered pursuant hereto shall survive the execution and delivery of this Loan Agreement by the Authority and the Borrower. Whenever in this Loan Agreement any of the parties hereto is referred to, such reference shall be deemed to include the successors and assigns of such party; and all covenants, promises and agreements by or on behalf of the Borrower that are contained in this Loan Agreement shall bind its successors and assigns and inure to the benefit of the successors and assigns of the Authority.

Governing Law; Venue. This Loan Agreement is a contract made under the laws of the State of California, and shall be governed by and construed in accordance with the Constitution and the laws applicable to contracts made and performed in said State. This Loan Agreement shall be enforceable in the State of California, and any action arising out of this Loan Agreement shall be filed and maintained in the Sacramento County Superior Court, Sacramento, California, unless the Authority waives this requirement.

Amendments; Modifications in Writing. Except as otherwise provided in this Loan Agreement or the Bond Indenture, subsequent to the initial issuance of Bonds and prior to their payment in full, or provision for such payment having been made as provided in the Bond

Indenture, this Loan Agreement may be effectively amended, changed, modified, altered or terminated only as permitted under the Bond Indenture, by written instrument executed by the parties hereto. The Authority hereby agrees that it will not consent to an amendment of the Bond Indenture without the approval of the Borrower.

Captions. The section headings contained herein are for reference purposes only and shall not in any way affect the meaning or interpretation of this Loan Agreement.

Severability. In the event any provision of this Loan Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

Counterparts. This Loan Agreement may be signed in any number of counterparts with the same effect as if the signatures thereto and hereto were upon the same instrument.

Effective Date and Term. This Loan Agreement shall become effective upon its execution and delivery by the Parties hereto, shall remain in full force from the date thereof and, subject to the provisions hereof, shall continue in effect as long as any of the Bonds are outstanding or the Bond Trustee holds any money under the Bond Indenture.

Non-Liability of Authority. The Authority shall not be obligated to pay the principal (or redemption price) of or interest on the Bonds, except from certain Payments. Neither the faith and credit nor the taxing power of the State or any political subdivision thereof, nor the faith and credit of the Authority or any member is pledged to the payment of the principal (or redemption price) or interest on the Bonds. Neither the Authority nor its members, officers, directors, officials, agents, attorneys, or employees shall be liable for any costs, expenses, losses, damages, claims or actions, of any conceivable kind on any conceivable theory, under or by reason of or in connection with this Loan Agreement, the Bonds or the Bond Indenture, except only to the extent amounts are received for the payment thereof from the Borrower under this Loan Agreement.

The Borrower hereby acknowledges that the Authority's sole source of moneys to repay the Bonds will be provided by the payments made by the Borrower to the Bond Trustee pursuant to this Loan Agreement, together with other amounts received by the Bond Trustee pursuant to the Bond Indenture and investment income on certain funds and accounts held by the Bond Trustee under the Bond Indenture, and hereby agrees that if such amounts shall ever prove insufficient to pay all principal (or redemption price) and interest on the Bonds as the same shall become due (whether by maturity, redemption, acceleration or otherwise), then upon notice from the Bond Trustee, the Borrower shall pay such amounts as are required from time to time to prevent any deficiency or default in the payment of such principal (or redemption price) or interest, including, but not limited to, any deficiency caused by acts, omissions, nonfeasance or malfeasance on the part of the Bond Trustee, the Borrower, the Authority or any third party, subject to any right of reimbursement from the Bond Trustee, the Authority or any such third party, as the case may be, therefor.

Waiver of Personal Liability. No member, officer, director, official, agent, attorney, or employee of the Borrower, the Member of the Obligated Group, MERF, the School or of the

Authority shall be individually or personally liable for the payment of any principal (or redemption price) or interest on the Bonds or any other sum hereunder or be subject to any personal liability or accountability by reason of the execution and delivery of this Loan Agreement; but nothing herein contained shall relieve any such member, director, officer, agent or employee from the performance of any official duty provided by law or by this Loan Agreement.

No Prevailing Party Provision. Nothing in this Loan Agreement shall be construed to provide for award of attorneys' fees and costs to the Authority or the Borrower for the enforcement of this Loan Agreement as described in Section 1717 of the Civil Code. Nothing in this Section affects the rights of the Bond Trustee provided herein.

Transaction by Electronic Means. Each of the parties hereto agrees that the transaction consisting of this agreement may be conducted by electronic means. Each party agrees, and acknowledges that it is such party's intent, that if such party signs this agreement using an electronic signature, it is signing, adopting, and accepting this agreement and that signing this agreement using an electronic signature is the legal equivalent of having placed its handwritten signature on this agreement on paper. Each party acknowledges that it is being provided with an electronic or paper copy of this agreement in a usable format.

Binding Effect. This Loan Agreement shall inure to the benefit of and shall be binding upon the Authority, the Bond Trustee, the Borrower and their respective successors and assigns, subject, however, to the limitations contained in Section 8.02 hereof.

Survival of Covenants. Notwithstanding the payment in full of the Bonds, the discharge of the Bond Indenture, and the termination or expiration of this Loan Agreement, all provisions in this Loan Agreement concerning (a) the tax-exempt status of the Tax-Exempt Bonds (including, but not limited to provisions concerning rebate), (b) the interpretation of this Loan Agreement in Section 1.02 hereof, (c) the governing law and venue in Section 8.03 hereof, (d) the Authority's right to rely on facts or certificates, (e) the nonliability of Authority in Section 8.09, (f) the immunity of the Authority's members, directors, officers, directors, officials, employees, attorneys and agents in Section 8.10 hereof, and (g) indemnification in Section 3.04, shall survive and remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have executed this Loan Agreement as of the date stated above.
