Approval of Commission on Teaching Credential (“CTC”) Form CL-500 Declaration of Need (Emergency Permits)

Section: II. Consent Items
Item: A. Approval of Commission on Teaching Credential (“CTC”) Form CL-500 Declaration of Need (Emergency Permits)
Purpose: Vote
Submitted by:
Related Material: II_A_CTC_Form CL-500.pdf

Agenda Item:	II A: Consent Item
Date:	April 9, 2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools (“MPS”) Board of Directors (the “Board”)
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Fiorella Del Carpio, Chief People Officer
RE:	Approval of Commission on Teaching Credential (“CTC”) Form CL-500 Declaration of Need (Emergency Permits)

Action Proposed:

Staff recommends and moves that the Board approve the Commission on Teaching Credential (“CTC”) Form CL-500 Declaration of Need for all MPS schools in the counties of Los Angeles, San Diego, and Orange for the 2026-27 school year.

Background:

Public schools within California must complete and submit to the CTC-Commission on Teacher Credentialing the CL-500 form Declaration of Need. The purpose of this form is for schools to anticipate how many emergency permits they will need to cover teacher assignments for each school year.

Passage of AB1505 and AB1219 have changed how charter schools credential and monitor teacher assignments. As a result of the passage of these bills, charter schools must now submit form CL-500 to the CTC on an annual basis. School districts have always had to submit this form. This item will require an annual board approval each school year.

Approval of the attached Declaration of Need will cover all counties in which Magnolia Public Schools operates campuses. One declaration of need form per county will be submitted to the CTC. The number of permits listed on each county form may differ based on the need and number of schools in each county.

From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Dr. Brenda Olivares, Chief Impact Officer
RE:	April 2026 Enrollment Update

Action Proposed:

N/A

Purpose:

The purpose of this report is to update the MPS Board and community on the ongoing enrollment process toward meeting the 2026-27 Target Enrollment Goals across the Network.

Background:

We continue to see improvement collectively across systems across the network, and we are cautiously optimistic about the data indicating that improvement in the Student Recruitment and Enrollment (SRE) Infrastructure is promising. We are also aware that we are entering the final stretch of the enrollment cycle. April marks month nine of the 12-month cycle and another milestone post-Spring Break student persistence check-in.

The focus is on the re-enrollment campaign, capturing updated family commitments for returning in the upcoming school year. As previously mentioned, student persistence is the critical driver that makes us part of the enrollment collective goal. This month, we are focused on circling back to families who are still on the fence about committing to the upcoming school year, and to see if any family either did not respond to the fall intent-to-return request or marked that they would not be returning.

Following the SRE Retreat held in March with all school leaders and home office department leads, we identified critical metrics to support the ongoing efforts to decrease the number of students leaving Magnolia (attrition). We will focus on training all staff, explaining student persistence and why it matters in their classrooms and our community. We will also focus on the

strengths of the academic programs across our network and highlight through media stories and community outreach events why Magnolia is the top choice for families.

Magnolia’s 2026-27 Enrollment Targets are the following

Enrollment Target (Budget Driver)	First Day of School (FDOS) Target	Registration Target	Anticipated Returners	New Students Needed	Application Target (3/2:1)
3953	4431	5092	2764	2328	4438

Analysis:

At this phase in the enrollment cycle, every conversion from applicant to completed registration counts toward each school's registration target. It is not enough to meet the target application number; we must support all efforts to convert applications to completed registrations, which will eventually inform the registration-verified status for each student who shows up on the first day of school. Currently, we are monitoring enrollment numbers for each school and the anticipated returning students from those counts based on intent-to-return responses, as well as the formula used to calculate previous student persistence rates. We add the anticipated Registrations Verified (RV) counts and completed registrations (RCs) for the upcoming 2026-27 school year, and that informs the progress toward the goal for each school site and the network as displayed below.

The image below illustrates the current phase of the enrollment cycle by school site (MSA Santa Ana), understanding the persistence rate (intent to return) and completed registrations (conversion rate) that contribute to the percentage towards meeting the registration goal.

MSA Santa Ana is currently trending at 80% towards its registration goal, with enrollment at 591 and 95 registrations completed for the upcoming 26-27 school year.

State of Enrollment (SOE)

Looking at the second-to-last column on the chart below, as a network, we are just about halfway to meeting our monthly application target. We still have work to do; it is a work in progress, and all efforts are focused on continuous improvement. Digital marketing spend has increased across all school sites that are not meeting monthly targets. MSA 5, San Diego, Santa Ana, and MSA 7 are all on track towards meeting targets. MSA 1 has now surpassed last year's application progress, and current efforts are focused on improving conversion rates and outreach to increase the number of applications in the pipeline.

Impact:

For the 2026-27 recruitment cycle, we are seeing trends that could help increase enrollment targets at some school sites. We are currently evaluating the greenlight criteria and commitment metrics by school site to make such changes. We will present any adjustments to the board in the upcoming month.

RE:	Approval of Restated 2024-25 Annual Audit Report for all Magnolia Science Academy Schools and the Home Office

Action Proposed

Staff recommends and moves that the Board approve the FY 2024–25 Restated Audit Report.

Purpose:

The purpose of this item is to present the reissued and restated audited financial statements for fiscal year 2024–25. The restatement reflects updates to ensure the financial statements accurately present the organization’s financial position and comply fully with generally accepted accounting principles (GAAP).

Background:

Subsequent to the original issuance of the FY 2024–25 audited financial statements, additional information was identified that required revisions to the classification and presentation of certain balances. As a result, the financial statements were reissued and restated.

Importantly, this restatement was not the result of fraud or material errors impacting cash, fund balance, or the overall financial position of the organization. Instead, the updates reflect technical accounting adjustments made to improve the accuracy and transparency of financial reporting.

Analysis:

The restatement primarily relates to enhancements in the presentation of certain balance sheet and activity accounts, based on newly identified information and refined interpretation of applicable accounting guidance.

These updates were made to:

- Improve clarity and consistency in financial reporting
- Ensure comparability across reporting periods
- Achieve full compliance with GAAP

In aggregate, the restatement resulted in a net change of **\$1,559,906 to net assets** for FY 2024–25. This change is primarily associated with MSA-5, MSA-7, and the LLC entities and reflects:

- Overstatement of property and equipment
- Overstatement of notes payable and Proposition construction loan balances
- Understatement of intra-entity receivables and inter-entity payables

Following these adjustments, the financial statements now more accurately reflect the organization’s financial activity and position.

Management worked collaboratively with the external auditors to identify and resolve these matters promptly upon discovery, ensuring that the final audit report reflects the corrected and most accurate financial information.

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Magnolia Educational & Research Foundation (the Organization) (a California Nonprofit Public Benefit Corporation), which comprise the consolidated statement of financial position as of June 30, 2025 and 2024, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements referred to above present fairly, in all material respects, the financial position of Magnolia Educational & Research Foundation as of June 30, 2025 and 2024, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Restatement and Reissuance

As discussed in Note 13, subsequent to the issuance of the Organization's June 30, 2025 and 2024 financial statements and our report thereon dated January 15, 2026, we became aware that those financial statements were misstated due to errors in amounts reported for property and equipment, proposition construction loan, and improper inclusion of a note payable in the originally issued statements. In our original report we expressed an unmodified opinion on the 2025 and 2024 financial statements, and our opinion on the revised statements, as expressed herein, remains unmodified.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for one year after the date that the consolidated financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying supplementary information such as the consolidated Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. *Code of Federal Regulations (CFR)* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and other supplementary information on pages 32-57 are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the consolidated Schedule of Expenditures of Federal Awards and other supplementary information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Other Information

Management is responsible for the other information included in the consolidated financial statements. The other information comprises the Local Education Agency Organization Structure but does not include the consolidated financial statements and our auditor's report thereon. Our opinion on the consolidated financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the consolidated financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Report on Comparative Information

We have previously audited 2024 consolidated financial statements of the Organization, and we expressed an unmodified audit opinion on those audited consolidated financial statements in our report dated December 13, 2024. In our opinion, the comparative information presented herein as of and for the year ended June 30, 2024, is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 15, 2026 on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

Principles of Consolidation

The consolidated financial statements include the accounts of the Organization and the Subsidiaries, of which include MSA, MSA 2, MSA 3, MSA 4, MSA 5, MSA 6, MSA 7, MSA Bell, MSA Santa Ana, MSA San Diego, MPM, Inc., MPM Sherman Way, LLC, MPM Santa Ana, LLC, MPM San Diego, LLC, MPM Sherman Winnetka, LLC, MPM 16600 Vanowen Street, LLC, and MPM Carl Karcher Way, LLC. All significant intra-entity accounts and transactions have been eliminated in consolidation. Unless otherwise noted, these consolidated entities are hereinafter referred to as the Organization.

Comparative Financial Information

The accompanying consolidated financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America (GAAP). Accordingly, such information should be read in conjunction with the Organization's audited consolidated financial statements for the year ended June 30, 2024, from which the summarized information was derived.

Reclassification of Comparative Statements

Certain amounts in the prior period consolidated financial statements have been reclassified to conform to the presentation of the current period financial statements. These reclassifications had no effect on the previously reported net assets.

Basis of Accounting

The accompanying consolidated financial statements were prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as applicable to nonprofit organizations. Revenues are recognized as discussed below, and expenditures are recognized in the accounting period in which the liability is incurred.

Magnolia Educational & Research Foundation

Notes to Consolidated Financial Statements

June 30, 2025 and 2024

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor restrictions.

Net Assets with Donor Restrictions – Net assets subject to donor (or certain grantor) restrictions. Some donor imposed (or grantor) restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. The Organization did not have net assets with donor restrictions for the year ended June 30, 2025.

Cash and Cash Equivalents

The Organization considers all cash including cash in County Investment Pool and highly liquid financial instruments with original maturities of three months or less, and which are neither held for nor restricted by donors for long-term purposes, to be cash and cash equivalents. Cash and highly liquid financial instruments restricted to bond reserve funds or other long-term purposes are excluded from this definition.

Restricted Cash

Restricted cash in the amount of \$2,000,000 represents cash held in reserve related to the notes payable and is held as current to satisfy the notes payable obligation. Non-current restricted cash in the amount of \$1,817,082 relates to the debt service reserve requirements related to the Charter School Revenue Bonds and is held as non-current to satisfy the long-term obligation.

Concentration of Credit Risk

The Organization maintains its cash in bank deposit accounts which exceed federally insured limits. Accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per depositor, per insured bank, for each account ownership category. At June 30, 2025, the Organization had approximately \$46,485,160, in excess of FDIC-insured limits.

Investments

Investment purchases are recorded at cost, or if donated, at fair value on the date of donation. Thereafter, investments are reported at their fair values in the consolidated statement of financial position. Net investment return/(loss) is reported in the consolidated statement of activities and consists of dividend income, realized and unrealized capital gains and losses, less external and direct internal investment expenses.

Magnolia Educational & Research Foundation

Notes to Consolidated Financial Statements

June 30, 2025 and 2024

Receivables and Credit Policies

Receivables consist primarily of noninterest-bearing amounts due for educational programs. Management determines the allowance for uncollectable receivables based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Receivables are written off when deemed uncollectable. No allowance for doubtful accounts has been established, as the Organization deems all amounts to be fully collectible. Substantially all outstanding receivables as of June 30, 2025 are due from state and/or federal sources related to grant contributions and are expected to be collected within a period of less than one year.

Intra-Entity Transactions

Intra-entity transactions results from a net cumulative difference between resources provided by the home office account to each charter school and reimbursement for those resources from each charter school to the home office account. Intra-entity transfers include certain costs of shared liabilities and shared assets between the Organization.

Capital Contribution

MSA invested \$161,923 in a capital contribution to the MPM Sherman Way, LLC as an investment for the building improvement located at 18238 Sherman Way in the city of Reseda, CA 91335 for its campus location.

MSA Santa Ana invested \$75,554 in a capital contribution to the MPM Santa Ana, LLC as an investment for the building improvement located at 2840 West 1st Street in the city of Santa Ana, CA 92703 for its campus location.

MSA San Diego invested \$198,191 in a capital contribution to the MPM San Diego, LLC as an investment for the building improvement located at 6525 Estrella Avenue in the city of San Diego, CA 92120 for its campus location.

MSA 5 invested \$2,492,803 in a capital contribution to Magnolia Property Management, Inc. as an investment for capital interest and financing costs related to the charter school grant anticipation notes.

Property and Equipment

Property and equipment additions over \$5,000 are recorded at cost, or if donated, at fair value on the date of donation. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets ranging from 3 to 30 years, or in the case of capitalized leased assets or leasehold improvements, the lesser of the useful life of the asset or the lease term. When assets are sold or otherwise disposed of, the cost and related depreciation or amortization are removed from the accounts, and any remaining gain or loss is included in the statement of activities. Cost of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed currently.

The Organization reviews the carrying values of property and equipment for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired, an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the year ended June 30, 2025.

Magnolia Educational & Research Foundation

Notes to Consolidated Financial Statements

June 30, 2025 and 2024

Right-of-Use Leased Assets and Liabilities

Right-of-use leased assets and the related liabilities are recognized at the lease commencement date and represent the Organization's right-of-use an underlying asset and lease obligations for the lease term. Right-of-use leased assets are measured at the initial value of the lease liability plus any payments made to the lessor before the commencement of the lease term, less any lease incentives received from the lessor at or before the commencement of the lease term, plus any initial direct costs necessary to place the lease asset into service. Right-of-use leased assets are amortized over the shorter of the lease term or the useful life of the underlying asset using the straight-line method. The amortization period varies among the leases.

Revenue and Revenue Recognition

Operating funds for the Organization are derived principally from state and federal sources. The Organization receives state funding based on each of the enrolled student's average daily attendance (ADA) in its school. Contributions are recognized when cash or notification of an entitlement is received.

A portion of the Organization's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Organization has incurred expenditures in compliance with specific contract or grant provisions. Amounts received prior to incurring qualifying expenditures are reported as refundable advances in the consolidated statement of financial position. At June 30, 2025 conditional contributions approximating \$828,133, for which no amounts had been received in advance, have not been recognized in the accompanying consolidated financial statements.

Debt Issuance Costs

Debt issuance costs are amortized over the period the related obligation is outstanding using the straight-line method, which is a reasonable approximation of the effective interest method. Debt issuance costs are included within bonds payable in the consolidated statement of financial position. Amortization of debt issuance costs is included in interest expense in the accompanying consolidated financial statements.

Donated Services and In-Kind Contributions

Volunteers contribute significant amounts of time to program services, administration, and fundraising and development activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles. Contributed goods are recorded at fair value at the date of donation. Donated professional services are recorded at the respective fair values of the services received. No significant contributions of such goods or services were received during the year ended June 30, 2025.

Magnolia Educational & Research Foundation

Notes to Consolidated Financial Statements

June 30, 2025 and 2024

Functional Allocation of Expenses

The consolidated financial statements report categories of expenses that are attributed to program service activities or supporting services activities such as management and general activities and fundraising and development activities. The costs of program and supporting services activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on management's estimates. The expenses that are allocated include salaries, employee benefits, payroll taxes, office expenses, occupancy, and other expenses, which are allocated on the basis of estimates of time and effort.

Income Taxes

The Organization is organized as a California nonprofit corporation and has been recognized by the Internal Revenue Service (IRS) as exempt from federal income taxes under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3), and qualifies for the charitable contribution deduction under Section 170(b)(1)(A)(vi). It is also exempt from State franchise and income taxes under Section 23701(d) of the California Revenue and Taxation Code.

The Organization is annually required to file a Return of Organization Exempt from Income Tax (Form 990) with the IRS. In addition, the Organization is subject to income tax on net income that is derived from business activities that are unrelated to its exempt purposes. The Organization determined that it is not subject to unrelated business income tax and has not filed an Exempt Organization Business Income Tax Return (Form 990-T) with the IRS.

Management believes that the Organization has appropriate support for any tax positions taken affecting its annual filing requirements, and as such, does not have any uncertain tax positions that are material to the consolidated financial statements. The Organization would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

Estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Financial Instruments and Credit Risk

Deposit concentration risk is managed by placing cash, money market accounts, and certificates of deposit with financial institutions believed by management to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market mutual funds. To date, no losses have been experienced in any of these accounts. Credit risk associated with accounts receivable is considered to be limited due to high historical collection rates and because substantial portions of the outstanding amounts are due from governmental agencies supportive of the Organization's mission.

Notes to Consolidated Financial Statements

June 30, 2025 and 2024

Note 2 - Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

	<u>2025</u>	<u>2024</u>
Cash and cash equivalents	\$ 42,476,923	\$ 46,060,275
Receivables	<u>10,555,437</u>	<u>11,173,689</u>
Total	<u>\$ 53,032,360</u>	<u>\$ 57,233,964</u>

As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations become due.

Note 3 - Fair Value Measurements and Disclosures

The Organization has determined the fair value of certain assets in accordance with generally accepted accounting principles, which provides a framework for measuring fair value.

Fair value is defined as the exchange price that would be received for an asset in the most advantageous market for the asset in an orderly transaction between market participants on the measurement date. Valuation techniques should maximize the use of observable inputs and minimize the use of unobservable inputs. A fair value hierarchy has been established, which prioritizes the valuation inputs into three broad levels.

Level 1 inputs consist of quoted prices (unadjusted) in active markets for identical assets that can be accessed at the reporting date. Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the related asset, either directly or indirectly. These include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, inputs other than quoted prices that are observable for the asset and market corroborated inputs. Level 3 inputs are unobservable inputs related to the asset. In these situations, inputs are developed using the best information in the circumstances.

In some cases, the inputs used to measure the fair value of an asset might be categorized within different levels of the fair value hierarchy. In those cases, the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. Assessing the significance of a particular input to an entire measurement requires judgment, taking into account factors specific to the asset. The categorization of an asset within the hierarchy is based upon the pricing transparency of the asset and does not necessarily correspond to an assessment of the quality, risk, or liquidity profile of the asset.

Magnolia Educational & Research Foundation

Notes to Consolidated Financial Statements

June 30, 2025 and 2024

A significant portion of investments are classified within Level 1 because they are comprised of mutual funds with readily determinable fair values based on daily redemption values. Certain certificates of deposit are considered invested and traded in the financial markets. Those certificates of deposit, fixed income securities and other securities are valued by the custodians of the securities using pricing models based on credit quality, time to maturity, stated interest rates and market-rate assumptions, and are classified within Level 2.

Net asset value (NAV) per share, or its equivalent, such as member units or an ownership interest in partners' capital, is used to estimate the fair values of certain hedge funds, private equity funds, fund of funds, and limited partnerships which do not have readily determinable fair values. Investments that are measured at fair value using NAV per share as a practical expedient are not classified in the fair value hierarchy but are included in the table below to permit reconciliation to the accompanying consolidated statement of financial position.

The following table presents assets and liabilities measured at fair value on a recurring basis, as identified in the following, at June 30, 2025:

Note 8 - Leases

The Organization leases certain real property for the operations of the charter school and equipment at various terms under long-term non-cancelable operating lease and finance lease agreements. The leases expire at various dates through 2057 and provide for renewal options ranging from 1 year to 5 years. The Organization includes in the determination of the right-of-use assets and lease liabilities any renewal options reasonably certain to be exercised. The Organization's operating lease provides for increases in future minimum annual rental payments. Additionally, the operating lease agreement requires the Organization to pay real estate taxes, insurance, and repairs.

The weighted-average discount rate is based on the discount rate implicit in the lease. If the implicit rate is not readily determinable from the lease, the Organization estimates an applicable incremental borrowing rate. The incremental borrowing rate is estimated using the Organization's applicable borrowing rates and the contractual lease term.

Magnolia Educational & Research Foundation

Notes to Consolidated Financial Statements

June 30, 2025 and 2024

The lease agreements also require the Organization to comply with certain covenants and to maintain certain financial ratios. As of June 30, 2025, the Organization was in compliance with all ratios and covenants.

The Organization has elected the short-term lease exemption for all leases with a term of 12 months or less for both existing and ongoing operating leases to not recognize the asset and liability for these leases. Lease payments for short-term leases are recognized on straight-line basis.

The Organization elected the practical expedient to not separate lease and non-lease components for real property and equipment leases.

Total lease costs for the year ended June 30, 2025 were as follows:

	<u>2025</u>	<u>2024</u>
Operating lease cost	\$ 446,878	\$ 472,971

Note 10 - Employee Retirement Systems

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Academic employees are members of the California State Teachers' Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS).

The details of each plan are as follows:

California State Teachers' Retirement System (CalSTRS)**Plan Description**

The Organization contributes to the State Teachers Retirement Plan (STRP) administered by the California State Teachers' Retirement System (CalSTRS). STRP is a cost-sharing multiple-employer public employee retirement system defined benefit pension plan. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law. If a participating employer stops contribution to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers as all plan assets are held by the plan and all benefit obligations are borne by the STRP.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2023, annual actuarial valuation report, Defined Benefit Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at: <https://www.calstrs.com/forms-publications>.

Benefits Provided

The STRP provides retirement, disability and survivor benefits to beneficiaries. Benefits are based on members' final compensation, age and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0% of final compensation for each year of credited service.

The STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the State is the sponsor of the STRP and obligor of the trust. In addition, the State is both an employer and nonemployer contributing entity to the STRP.

The Organization contributes exclusively to the STRP Defined Benefit Program; thus, disclosures are not included for the other plans.

Required employer contribution rate	10.828%	10.828%
Required state contribution rate		

Contributions

Required member, the Organization, and State of California contributions rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contribution rates are expressed as a level percentage of payroll using the entry age normal actuarial method. In accordance with AB 1469, employer contributions into the CalSTRS will be increasing to a total of 19.1% of applicable member earnings phased over a seven-year period. The contribution rates for each plan for the year ended June 30, 2025, are presented above and the Organization's total contributions were \$4,775,264.

California Public Employees Retirement System (CalPERS)**Plan Description**

Qualified employees are eligible to participate in the School Employer Pool (SEP) under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Law. If a participating employer stops contribution to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers as all plan assets are held by the plan and all benefit obligations are borne by the STRP.

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of service credit, a benefit factor and the member's final compensation. Members hired on or before December 31, 2012, with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. Members hired on or after January 1, 2013, with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The Basic Death Benefit is paid to any member's beneficiary if the member dies while actively employed. An employee's eligible survivor may receive the 1957 Survivor Benefit if the member dies while actively employed, is at least age 50 (or 52 for members hired on or after January 1, 2013), and has at least five years of credited service. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The CalPERS provisions and benefits in effect at June 30, 2025, are summarized as follows:

	<u>School Employer Pool (CalPERS)</u>	
	On or before December 31, 2012	On or after January 1, 2013

Required employee contribution rate	7.00%	8.00%
Required employer contribution rate	27.050%	27.050%

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. Total plan contributions are calculated through the CalPERS annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The Organization is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The contributions rates are expressed as percentage of annual payroll. The contribution rates for each plan for the year ended June 30, 2025, are presented above and the total Organization's contributions were \$4,027,576.

On Behalf Payments

The State of California makes contributions to CalSTRS on behalf of the Organization. These payments consist of State General Fund contributions to CalSTRS in the amount of \$2,416,356 (10.828% of annual payroll). Under accounting principles generally accepted in the United States of America, these amounts are to be reported as revenues and expenditures. Accordingly, these amounts have been recorded in these financial statements.

Social Security

Public sector employees who are not members of their employer's existing retirement system (CalSTRS or CalPERS) are covered by social security or an alternative plan. The Organization has elected to use the social security as its alternative plan.

Note 11 - Contingencies, Risks, and Uncertainties

The Organization has received State and Federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate disallowances under terms of the grants, it is believed that any reimbursement, if required, would not be material.

The Organization applied for and received loan forgiveness from the SBA on its PPP loan of \$5,461,600. In accordance PPP loan requirements, the Organization is required to maintain PPP loan files and certain underlying supporting documents for periods ranging from three to six years. The Organization is also required to permit access to such files upon request by the SBA. Accordingly, there is potential the PPP loan could be subject to further review by the SBA and that previously recognized forgiveness could be reversed based on the outcome of this review.

The Organization's credit filings remain open for potential examination by the Internal Revenue Service through the statute of limitations, which has varying expiration dates extending through 2027. Any disallowed claims resulting from such examinations could be subject to repayment to the federal government.

Note 12 - Subsequent Events

The Organization's management has evaluated events or transactions that may occur for potential recognition or disclosure in the financial statements through January 15, 2026, which is the date the financial statements were available to be issued. Management has determined that there were no subsequent events or transactions that would have a material impact on the current year financial statements.

During 2025, the Organization was approved for an additional charter through Orange County Office of Education. Magnolia Science Academy – Orange County (Charter #2154) opened on August 11, 2025. The Magnolia Science Academy – Orange County is located at 412 West Carl Karcher Way, Anaheim, CA, and will serve grades kindergarten through 12.

During 2025, The Organization entered into an agreement to lease property located at 412 Carl Karcher Way, Anaheim, CA, 82801, for a commencement date starting July 1, 2025 and ending June 30, 2055.

Management has evaluated the financial impact of this expansion and determined that it does not affect the fiscal year ended June 30, 2025, but will be reflected in future periods. No adjustments to the current financial statements are necessary.

Debt Covenants

Year Ended June 30, 2025

On April 17, 2025, the Organization refunded \$26,455,000 of bonds originally subject to debt service coverage covenants. The refunding resulted in an economic gain of \$66,666 and eliminated prior covenant restrictions. The reacquisition price exceeded the net carrying amount of the old debt by \$1,221,729, which was recognized as a loss on extinguishment.

Notes to Supplementary Information

June 30, 2025 and 2024

Note 1 - Purpose of Supplementary Schedules**Consolidated Schedule of Expenditures of Federal Awards**Basis of Presentation

The accompanying consolidated schedule of expenditures of federal awards (the schedule) includes the federal award activity of the Organization under programs of the federal government for the year ended June 30, 2025. The information is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the Organization, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Organization.

Summary of Significant Accounting Policies

Expenditures reported in the schedule are reported on the accrual basis of accounting. When applicable, such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. No federal financial assistance has been provided to a subrecipient.

Indirect Cost Rate

The Organization has not elected to use the ten percent de minimis cost rate.

Schedule of Average Daily Attendance

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the Organization. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to local education agencies. This schedule provides information regarding the attendance of students at the Organization.

Schedule of Instructional Time

This schedule presents information on the amount of instructional time offered by the Organization and whether the Organization complied with the provisions of *Education Code* Sections 47612 and 47612.5, if applicable.

The Organization must maintain their instructional minutes at the 1986-87 requirements, as required by *California Education Code* Section 47612.5.

Reconciliation of Annual Financial Report with Audited Financial Statements

This schedule provides the information necessary to reconcile the net assets reported on the unaudited actual financial report to the audited financial statements.

Consolidating Statement of Financial Position and Consolidating Statement of Activities

The consolidating statement of financial position and consolidating statement of activities report the activities of the Organization and related entities and are presented on the accrual basis of accounting. Eliminating entries in the consolidating statement of financial position and consolidating statement of activities are for activities between the Organization and related entities.

Foundation Only Comparative Statements

The accompanying foundation only comparative financial statements report the individual program of Magnolia Education & Research Foundation and are presented on the accrual basis of accounting.

Debt Covenants

Some of the Organization's loan agreements are subject to covenant clauses, whereby the Organization is required to meet certain key financial ratios. This schedule provides information related to the debt covenant ratios and related information.

Consolidating Schedule of Property and Equipment

The accompanying consolidating schedule of property and equipment present the comparative balances for Organization and the Subsidiaries property and equipment.

ORGANIZATION

The Organization operates ten schools in California. Each school is operated on the same tax identification number as the Organization. Charters were granted for each school for up to five years, with an opportunity for renewal. Charters may be revoked by the charter authorizer for material violations of the charter, failure to meet or make progress toward student outcomes identified in the charter, failure to meet generally accepted standards of fiscal management, or violation of any provision of the law. As of June 30, 2025, the schools operated by the Organization were as follows:

Independent Auditor's Reports

Magnolia Educational & Research Foundation

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards (Reissued)

Governing Board
Magnolia Educational & Research Foundation
Los Angeles, California

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), the consolidated financial statements of Magnolia Educational & Research Foundation (the Organization), which comprise the consolidated statement of financial position as of June 30, 2025, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated January 15, 2026.

Restatement and Reissuance

As discussed in Note 13, subsequent to the issuance of the Organization's June 30, 2025 and 2024 financial statements and our report thereon dated January 15, 2026, we became aware that those financial statements were misstated due to errors in amounts reported for property and equipment, proposition construction loan, and improper inclusion of a note payable in the originally issued statements. In our original report we expressed an unmodified opinion on the 2025 and 2024 financial statements, and our opinion on the revised statements, as expressed herein, remains unmodified.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered the Organization's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's consolidated financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified a certain deficiency in internal control, described in the accompanying Schedule of Findings and Questioned Costs as item 2025-001 that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the consolidated financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Other Matter - Reissuance of Report

This report on internal control over financial reporting and the report on compliance and other matters replaces our previously issued reports dated January 15, 2026. Item 2025-001 has been revised to address the internal control deficiency related to the restatement and reissuance of the 2024 and 2025 financial statements.

The Organization's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Organization's response to the finding identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. The Organization's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for the Major Federal Program; Report on Internal Control over Compliance Required by the Uniform Guidance

Governing Board
Magnolia Public Schools
Los Angeles, California

Report on Compliance for the Major Federal Program

Opinion on the Major Federal Program

We have audited Magnolia Public Schools' (the Organization) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on the Organization's major federal program for the year ended June 30, 2025. The Organization's major federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the Organization complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2025.

Basis for Opinion on the Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the Organization's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Organization's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Organization's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Organization's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Organization's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Organization's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such

that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Compliance

Opinion on State Compliance

We have audited Magnolia Public Schools' (the Organization) compliance with the requirements specified in the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, applicable to the Organization's state program requirements identified below for the year ended June 30, 2025.

In our opinion, the Organization complied, in all material respects, with the compliance requirements referred to above that are applicable to the laws and regulations of the state programs noted in the table below for the year ended June 30, 2025.

Basis for Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), and the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the Organization's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Organization's state programs.

Auditor’s Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Organization’s compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Organization’s compliance with the requirements of the state programs as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Organization’s compliance with the compliance requirements referred to above and performing such other procedures as we consider necessary in the circumstances.
- Obtain an understanding of the Organization’s internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, but not for the purpose of expressing an opinion on the effectiveness of the Organization’s internal controls over compliance. Accordingly, we express no such opinion; and
- Select and test transactions and records to determine the Organization’s compliance with the state laws and regulations applicable to the following items:

The term “Not applicable” is used above to mean either the Organization did not offer the program during the current fiscal year, the Organization did not participate in the program during the current fiscal year, the program did not exceed the threshold for testing, or the program applies to a different type of local education agency.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance, which is described in the accompanying Schedule of Findings and Questioned Costs as item 2025-002. Our opinion on state compliance is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on the Organization's response to the noncompliance finding identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. The Organization's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as item 2025-002 to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the Organization's response to the internal control over compliance finding identified in our compliance audit described in the accompanying Schedule of Findings and Questioned Costs. The Organization's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Accordingly, this report is not suitable for any other purpose.

Financial Statement Findings

Year Ended June 30, 2025

The following finding represents a material weakness related to the financial statements that is required to be reported in accordance with *Government Auditing Standards*. This finding has been coded as follows:

Five Digit Code	AB 3627 Finding Type
30000	Internal Control

2025-001 30000 – Prior Period Restatement, Financial Statement Preparation, and Audit Adjustments as it Relates to the Title Transfer for the Newly Formed LLC (Material Weakness)

Criteria or Specific Requirements

Management is responsible for establishing and maintaining an effective system of internal control over financial reporting. This includes designing, implementing, and monitoring controls to ensure that financial statements are prepared in accordance with generally accepted accounting principles (GAAP) and are free from material misstatement, whether caused by error or fraud. As part of this responsibility, management ensures that accounting considerations related to complex or non-routine transactions, including those involving legal entity structure or ownership, are appropriately identified, documented, reviewed, and recorded prior to year-end close.

Condition

During the course of our engagement, we identified material misstatements of beginning balances presented within the consolidated financial position, as reported on the 2022-2023 audited financial statements. This prior period restatement due to errors resulted in an understatement of \$3,774,168. In addition, we identified adjustments related to cash and cash equivalents, property and equipment, notes payable, and the related revenues and expenditures. Specifically:

Magnolia Educational & Research Foundation

- Cash and cash equivalents were understated by \$2,000,000.
- Property and equipment were understated by \$7,600,000.
- Intra-entity receivable were overstated by \$1,308,807.
- Intra-entity payable were understated by \$427,630
- Interest payable was understated by \$307,131.
- Notes payable was understated by \$7,825,000.

Magnolia Science Academy 5

- Property and equipment were overstated by \$3,964,890.
- Intra-entity receivable were understated by \$1,081,742.
- Proposition construction loan were overstated by \$1,441,574.

Magnolia Educational & Research Foundation

Financial Statement Findings

Year Ended June 30, 2025

Magnolia Science Academy 7

- Property and equipment was overstated by \$1,736,437.
- Intra-entity receivable was understated by \$427,630.
- Intra-entity payable was overstated by \$1,308,807.

MPM, Inc. / LLC

- Notes receivable was understated by \$3,540,002
- Property and equipment were understated by \$1,081,742.
- Intra-entity payable were understated by \$1,081,742.

These adjustments resulted in an overall understatement of \$4,713,008 in Net Assets.

During the fiscal year 2024-2025, the Organization established MPM 18120 Sherman Way LLC to hold title to the property at 18120 Sherman Way. The purchase transaction was completed during the year; however, as of June 30, 2025, the formal transfer of title from MERF to the LLC had not yet been finalized.

Context

The condition identified was through inquiry with Organization personnel and through review of available Organization records related to balances reported in the Organization's cash and cash equivalents, property and equipment, interest payable, and notes payable.

Cause

The delay was due to administrative timing and coordination requirements associated with setting up the new legal entity and preparing the necessary transfer documentation, specifically to avoid triggering the Los Angeles City Measure ULA transfer tax.

Effect

The net effect of these errors resulted in misstatements that were not detected or prevented by the Organization's internal accounting control and review process.

Repeat Finding

No.

Recommendation

We recommend that management and those charged with governance continue to strengthen internal controls over financial reporting related to complex, non-routine transactions, including those involving legal entity formation, ownership, and timing considerations, to ensure that financial statements are free from material misstatement. Controls should enable management, in the normal course of performing assigned functions, to identify, document, and resolve accounting considerations on a timely basis. Specifically:

- Strengthen year-end reconciliation and review procedures for significant accounts.
- Enhance pre-year-end coordination and documentation review for transactions involving legal entity structure or ownership.
- Ensure timely identification, documentation, and recording of accounting judgments related to such transactions prior to financial statement issuance

Corrective Action Plan and Views of Responsible Officials

The Organization agrees that effective year-end review, documentation, and coordination are critical components of its internal control over financial reporting, particularly for complex or non-routine transactions involving legal entity formation or ownership. Management has implemented, and continues to implement and monitor, enhanced procedures to strengthen cross-functional coordination, pre-year-end readiness reviews, documentation of accounting judgments, and verification of legal ownership and entity structure prior to fiscal year-end. Management believes these actions will support timely identification and resolution of accounting considerations and reduce the risk of similar issues in future reporting periods.

 State Compliance Findings and Questioned Costs
 Year Ended June 30, 2025

The following finding represent a significant deficiency and instance of noncompliance including questioned costs that is required to be reported by the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. The finding has been coded as follows:

Five Digit Code	AB 3627 Finding Type
10000	Attendance

2025 -002 10000 – Attendance Reporting (Significant Deficiency in Internal Controls and Noncompliance)

Criteria

Pursuant to California *Education Code* Section 47612.5, the Annual Period Report of Attendance submitted to the CDE should reconcile to supporting documents to ensure that Average Daily Attendance (ADA) is reported accurately. Attendance report should be revised to reflect updates and corrections to attendance when they occur.

Condition

The ADA reported on the Annual Period Report of Attendance was inaccurate due to the Organization misclassifying classroom-based ADA and nonclassroom-based ADA. As a result, the Organization overstated classroom based ADA by 1.20 and underreported nonclassroom-based by 1.20 ADA on the Annual Report.

Cause

The misclassification appears to have resulted from an error in categorizing instructional setting for classroom-based and nonclassroom based ADA during annual reporting.

Effect

Magnolia Science Academy San Diego

The Organization over reported by 1.20 ADA for classroom-based and under reported by 1.20 ADA for nonclassroom-based on its Annual Period Report Attendance, resulting in an estimated fiscal impact as follows:

<u>Grade Span</u>	<u>(Over) Under Reported ADA</u>	<u>Derived Value of ADA by Grade Span</u>	<u>Penalty</u>
<i>Classroom-based</i>			
4-6	(0.38)	\$ 10,937.43	\$ (4,156.22)
7-8	(0.82)	11,260.92	(9,233.95)
Subtotal	(1.20)		(13,390.18)
<i>Nonclassroom-based</i>			
4-6	0.38	\$ 10,937.43	\$ 4,156.22
7-8	0.82	11,260.92	9,233.95
Subtotal	1.20		13,390.18
Total	-		\$ -

Questioned Costs

There was no questioned costs identified.

Repeat Finding

No.

Recommendation

The Organization should ensure the Annual Period Report of Attendance is accurately completed using the correct reports from the student information system.

Corrective Action Plan and Views of Responsible Officials

The Organization acknowledges the finding and agrees that ADA was misclassified. While the variance of 1.20 ADA does not result in a questioned cost, the school recognizes the importance of accurate reporting under California *Education Code* Section 47612.5.

The Organization concurs with the recommendation and has initiated steps to strengthen internal controls, update policies, and train staff to ensure future compliance.

Approval to Rename Cesar Chavez Day to Farmworkers Day in All MPS Policies, Practices, and Venues

Section: IV. Action Items
Item: B. Approval to Rename Cesar Chavez Day to Farmworkers Day in All
MPS Policies, Practices, and Venues
Purpose: Vote

Related Material: IV_B_Farmworkers Day Across MPS Policies .pdf

Agenda Item:	IV B: Action Item
Date:	April 9, 2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools (“MPS”) Board of Directors (the “Board”)
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Fiorella Del Carpio, Chief People Officer
RE:	Board Approval to Rename Cesar Chavez Day to Farmworkers Day in All MPS Policies, Practices, and Venues

Action Proposed:

Staff recommends that the Board approve renaming Cesar Chavez Day to *Farmworkers Day* across Magnolia Public Schools.

Purpose:

The purpose of this action is to ensure that MPS practices, observances, and naming conventions reflect the organization’s core values of integrity, dignity, student-centeredness, and community impact, while remaining responsive to emerging information and community sentiment.

Upon approval, staff will supersede and replace any reference to Cesar Chavez Day with Farmworkers Day across all organizational materials, including but not limited to:

- Employee Handbook
- Academic Calendars
- Board Policies
- School Communications
- Internal and external documents and platforms

This approach allows for consistent implementation without requiring additional Board approvals for each instance where the name appears.

Background:

Recent public statements and reporting, including from the Cesar Chavez Foundation, have brought forward serious and concerning allegations regarding Cesar Chavez.

The Cesar Chavez Foundation acknowledged these revelations as “shocking, incredibly disappointing, and deeply painful,” while affirming support for survivors and emphasizing that the broader movement was never about one individual, but about the people and communities who built it.

At the same time, local leaders, including Los Angeles city and county officials, have begun exploring actions to rename public spaces and observances to better reflect shared community values. The Los Angeles Unified School District (LAUSD) Board has also introduced agenda items to consider similar changes.

These developments reflect a broader shift toward centering community impact over individual recognition.

Analysis:

Magnolia Public Schools has an obligation to ensure that our practices align with our values and the expectations of the communities we serve.

This recommendation is grounded in the following considerations:

- **Values Alignment:** Renaming the day centers dignity, integrity, and community impact, and ensures our observances reflect the standards we uphold.
- **Student and Staff Voice:** This action reinforces that MPS takes concerns seriously and creates space for students and staff to engage, speak up, and be heard.
- **Community-Centered Recognition:** Shifting to *Farmworkers Day* honors the collective contributions of individuals and communities, rather than a single historical figure, and remains aligned with the original intent of recognizing labor, advocacy, and service.

Student, Staff, and Family Support

MPS remains committed to supporting the well-being of students, staff, and families. Resources are available through Care Solace, which provides confidential mental health care coordination services: <https://www.caresolace.com/site/mpsfamilies>

This resource is available to support anyone who may be impacted by these conversations or seeking additional support.

We also encourage students, staff, and families to speak up and seek support from a trusted adult, school leader, or the People & Culture Department if they have concerns or need guidance. Individuals may also reach out to appropriate external or local resources when needed. MPS is committed to fostering an environment where individuals feel safe raising concerns and where those concerns are heard and addressed with care.

Budget Implications

There are no significant budget implications associated with this change. Updates will be incorporated into existing operational processes, including routine updates to materials and communications.

Conclusion

Renaming Cesar Chavez Day to *Farmworkers Day* reflects Magnolia Public Schools' commitment to:

- Centering people and communities over individuals
- Upholding dignity, integrity, and accountability
- Responding thoughtfully to evolving information
- Empowering students and staff to engage in meaningful dialogue and advocacy

This action ensures that our organizational practices remain aligned with our mission and values.
