3. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

1. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.

2. The parent has requested an evaluation of the child.

3. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

ADDITIONAL PROVISIONS

BULLYING

Bullying is listed as an offense for which a student may be suspended or expelled. The Charter School shall comply with all applicable requirements of the Safe Place to Learn Act, Education Code Section 234 et seq. MPS' policy on bullying prohibits discrimination, harassment, intimidation, and bullying on the basis of the characteristics listed in Education Code Section 220 (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, including immigration status, or association with an individual who has any of the aforementioned characteristics.. MPS' process for receiving and investigating complaints includes complaints of discrimination, harassment, intimidation, and bullying based on these characteristics and a requirement that Charter School personnel who witness such acts take immediate steps to intervene when safe to do so, a timeline to investigate and resolve complaints, and an appeal process.

ELEMENT 11: EMPLOYEE RETIREMENT SYSTEMS

"The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security." Ed. Code § 47605(b)(5)(K).

CERTIFICATED STAFF MEMBERS

All certificated staff members who are eligible, including, but not limited to, administrators, counselors, school psychologists, special education program administrators, and teaching employees will participate in, the California State Teachers' Retirement System ("STRS").

CLASSIFIED STAFF MEMBERS

All full-time classified staff members, including, but not limited to, office staff and instructional aides are eligible to participate in the California Public Employees' Retirement System ("PERS"). MERF acknowledges that the Charter School must continue such participation for the duration of the Charter School's existence under the same County-District-School Code.

Charter School employees in PERS also qualify for Social Security.

MSA-Santa Ana employees participate either in PERS or STRS according to their eligibility. Staff members who leave MSA-Santa Ana to work for the MERF Home Office have the option of retaining their PERS or STRS status, if eligible.

OVERSIGHT OF BENEFITS

The Human Resources Department, specifically the Human Resources Director, alongside the Finance Department at the MERF Home Office are responsible for monitoring the appropriate administration of benefits and ensuring appropriate arrangements for retirement coverage are made for all employees. The Charter School will make any contribution that is legally required of the employer, including STRS, PERS, social security, workers compensation, and other payroll obligations. All withholdings from employees and the Charter School will be forwarded to the STRS and PERS funds as required. Employees will accumulate service credit years in the same manner as all other members of STRS and PERS. The Charter School will submit all retirement data and will comply with all policies and procedures for payroll reporting. The Charter School assures that it will provide retirement information in a format required by the SBE.

ELEMENT 12: PUBLIC SCHOOL ATTENDANCE ALTERNATIVES

"The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools." Ed. Code § 47605(b)(5)(L).

MSA-Santa Ana is a school of choice and no students shall be required to attend. Students who reside within the District who choose not to attend MSA-Santa Ana may attend school within the District according to District policy or at another school district or school within the District through the District's intra- and inter-district transfer policies.

Parents and guardians of each student enrolled in the charter school will be informed on admissions forms that the students have no right to admission in a particular school of a local education agency as a consequence of enrollment in MSA-Santa Ana, except to the extent that such a right is extended by the local education agency.

ELEMENT 13: RIGHTS OF DISTRICT EMPLOYEES

"The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school." Ed. Code § 47605(b)(5)(M).

No public school district employee shall be required to work at MSA-Santa Ana. Employees of the District who choose to leave the employment of the District to work at MSA-Santa Ana will have no automatic rights of return to the District after employment by MSA-Santa Ana unless specifically granted by the District through a leave of absence or other agreement. MSA-Santa Ana employees shall have any right upon leaving the District to work in MSA-Santa Ana that the District may specify, any rights of return to employment in a school district after employment in MSA-Santa Ana that the school district may specify, and any other rights upon leaving employment to work in MSA-Santa Ana that the District determines to be reasonable and not in conflict with any law.

Sick or vacation leave or years of service credit at the District or any other school district will not be transferred to MSA-Santa Ana. Employment by MSA-Santa Ana provides no rights of employment at any other entity, including any rights in the case of closure of MSA-Santa Ana.

ELEMENT 14: DISPUTE RESOLUTION

"The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter." Ed. Code § 47605(b)(5)(N).

DISPUTES BETWEEN THE CHARTER SCHOOL AND THE SBE

MSA-Santa Ana and the SBE will always attempt to resolve any disputes between them amicably and reasonably without resorting to formal procedures.

If the SBE determines that a violation of the Charter or law may have occurred or a problem has arisen related to the operation of MSA-Santa Ana or the SBE's oversight obligations, or a dispute otherwise arises between the SBE and MSA-Santa Ana, the following procedures shall be followed to resolve the dispute:

(1) Should the SBE determine in writing that the violation or issue in question constitutes a severe and imminent threat to the health or safety of the pupils, it shall not be bound by any portion of this dispute resolution process and may commence revocation proceedings immediately in accordance with Education Code Section 47607 and its implementing regulations, or take action as it deems necessary.

(2) In the event that the SBE believes that the dispute relates to an issue that could lead to revocation of the Charter under Education Code Section 47607, participation in the dispute resolution procedures outlined herein by the SBE shall be entirely voluntary and shall not be interpreted to impede or act as a pre-requisite to the SBE's ability to proceed with revocation in accordance with Education Code Section 47607 and its implementing regulations. Rather, the SBE may choose, in its sole discretion, to proceed directly with the revocation procedures in accordance with Education Code Section 47607 and its implementing regulations, or may choose to participate in all or part of the dispute resolution procedures set forth below.

(3) If the violation or issue in question does not constitute a severe and imminent threat and the SBE has not decided to commence revocation procedures, either party shall provide written notification of the violation or issue ("Dispute Statement") and refer the issue to the SBE Superintendent and Charter School Principal, or their respective designees. The date that this written notice is provided or sent shall be the "Dispute Statement Date." Upon issuance of the Dispute Statement, a meeting will be scheduled to discuss and possibly resolve the dispute. Both parties must have representatives present at this meeting and the meeting shall be held within ten (10) calendar days after the Dispute Statement Date. The SBE representative at the meeting will be the Superintendent or the Superintendent's designee, and the MSA-Santa Ana representative will be MSA-Santa Ana's Principal or the Principal's designee. If the dispute is not resolved at this meeting, or in strict accordance with any plan for resolution agreed upon at this meeting, the parties may proceed to Step 4 or the parties may take other action as they deem appropriate in response to the dispute.

(4) If the dispute is not resolved in accordance with the procedures through Step 3 above, either party may pursue any alternative legal options for resolution, including the SBE may commence

revocation of the Charter and/or other appropriate action in accordance with Education Code Section 47607 and its implementing regulations, or applicable law.

MSA-Santa Ana recognizes that, because it is not an LEA, the SBE may choose to resolve a dispute directly instead of pursuing the dispute resolution process specified in the charter, provided that if the SBE intends to resolve a dispute directly instead of pursuing the dispute resolution process specified in the charter, it must first hold a public hearing to consider arguments for and against the direct resolution of the dispute instead of pursuing the dispute resolution process specified in the charter.

If the substance of a dispute is a matter that could result in the taking of appropriate action, including, but not limited to, revocation of the charter in accordance with EC Section 47604.5, the matter will be addressed at the SBE's discretion in accordance with that provision of law and any regulations pertaining thereto.

The charter school recognizes that the SBE cannot be pre-bound to a contractual obligation to split the costs of mediation or agree to mediation to resolve disputes.

INTERNAL DISPUTES

MSA-Santa Ana shall have an internal dispute resolution process to be used for all internal disputes related to the Charter School's operations. MSA-Santa Ana shall also maintain a Uniform Complaint Policy and Procedures as required by state law. Parents, students, Board members, volunteers, and staff at MSA-Santa Ana shall be provided with a copy of MSA-Santa Ana's policies and internal dispute resolution process.

The SBE will refer all disputes or complaints it receives not related to a possible violation of the Charter or other agreement between the SBE and MSA-Santa Ana or law or to the operation of the Charter School or the SBE's oversight obligations to MSA-Santa Ana's Principal for resolution according to MSA-Santa Ana's internal dispute resolution process. The SBE may choose to submit disputes that are related to possible violations of the Charter or other agreement between the SBE and MSA-Santa Ana or the law or to the operation of the Charter School or the SBE's oversight obligations to MSA-Santa Ana's Principal for resolution according to MSA-Santa Ana's internal dispute resolution process. Should the SBE receive a complaint regarding MSA-Santa Ana that is referred to MSA-Santa Ana for investigation and/or resolution, MSA-Santa Ana shall provide the SBE with updates regarding MSA-Santa Ana's investigation and resolution of the matter upon written request of the SBE and upon resolution of the complaint or issue. In the event that MSA-Santa Ana's adopted policies and processes fail to resolve the dispute, the SBE agrees not to intervene in the dispute without the consent of MPS's Board of Directors unless the matter relates to a possible violation of the Charter or other agreement between the SBE and MSA-Santa Ana or law or to the operation of MSA-Santa Ana or the SBE's oversight obligations.

ELEMENT 15: CHARTER SCHOOL CLOSURE PROCEDURES

"The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records." Ed. Code § 47605(b)(5)(O).

The following procedures shall constitute the "Closure Protocol" and shall apply in the event MSA-Santa Ana ceases to be a charter school or otherwise closes for any reason.

Any decision to close MSA-Santa Ana as a charter school operating pursuant to this Charter shall be documented by official action of the MSA-Santa Ana Board ("Closure Action"), and will identify the person or entity responsible for all closure-related activities and actions. Each notice required as part of the closure procedure shall include information on the responsible person or entity and contact information for the person(s) to whom reasonable inquiries regarding the closure may be made. The action will identify the reason for closure (e.g., decision not to renew as a charter school). The Closure Action shall be deemed to have been automatically made if any of the following occur: the charter is revoked or non-renewed and MSA-Santa Ana has exhausted all appeal procedures to County and State Boards of Education, the MSA-Santa Ana governing body votes to close MSA-Santa Ana, or the charter lapses. In the event of a Closure Action, the following steps shall be implemented, which follow the procedures and requirements set forth in Education Code section 47605(b)(5)(O) and Title 5 California Code of Regulations sections 11962 and 11962.1.

MSA-Santa Ana governing body will notify the authorizer in writing of the determination of the Closure Action and of the effective date of the closure as a charter school within 72 hours of the Closure Action.

MSA-Santa Ana will provide written notification to the districts of residence of the list of enrolled students within 72 hours of the determination of the Closure Action.

MSA-Santa Ana will notify within 120 hours parents and students of MSA-Santa Ana, the Santa Ana Office of Education, MSA-Santa Ana's SELPA, the retirement systems in which MSA-Santa Ana's employees participate (e.g., State Teachers' Retirement System, Public Employees' Retirement System and federal social security), and the California Department of Education of the closure as well as the effective date of the closure. This notice will also include the name(s) of and contact information for the person(s) to whom reasonable inquiries may be made regarding the closure; the pupils' school districts of residence; and the manner in which parents/guardians may obtain copies of pupil records, including specific information on completed courses and credits that meet graduation requirements, grade reports, discipline records, and immunization records.

MSA-Santa Ana will ensure that the notification to the parents and students of the Charter School of the closure provides information to assist parents and students in locating suitable alternative programs. This notice will be provided promptly following the Board's decision to close MSA-Santa Ana.

MSA-Santa Ana will also develop a list of pupils in each grade level and the classes they have completed, together with information on the pupils' districts of residence, which they will provide to the entity responsible for closure-related activities.

As applicable, MSA-Santa Ana will provide parents, students, the receiving school districts and the County with copies of all appropriate student records within seven calendar days from the determination of the Closure Action or within seven calendar days of the last student attendance day at MSA-Santa Ana if MSA-Santa Ana is to remain open as a charter school beyond the date a Closure Action is determined, and will otherwise assist students in transferring to other schools. All transfers of student records will be made in compliance with the Family Educational Rights and Privacy Act ("FERPA"), 20 USC §1232g. MSA-Santa Ana will ask the SBE to store as necessary original records of Charter School students. All student records of MSA-Santa Ana shall be transferred to the SBE upon school closure. If the SBE will not or cannot store the records, MSA-Santa Ana shall work with the Orange County Department of Education to determine a suitable alternative location for storage.

As soon as is reasonably practical, but no later than 60 days after the latter of the Closure Action or the effective date of the closure, MSA-Santa Ana will prepare final financial records. MSA-Santa Ana will also have an independent audit (which may also serve as the annual audit) completed by an independent auditor who meets the qualifications to perform MSA-Santa Ana's annual audits as soon as is reasonably practical, but in no case later than six months after closure and provide the audit report to the SBE within seven days of its completion. The audit shall comply with all of the requirements for Charter School's annual audit and must include at least the following (i) All information required in an annual audit; (ii) An accounting of all assets, including cash and accounts receivable and an inventory of property, equipment and supplies; (iii) An accounting of the liabilities, including accounts payable and any reduction in apportionments as a result of audit findings or other investigations, loans and unpaid staff compensation; (iv) An assessment of the disposition of any restricted funds received by or due to MSA-Santa Ana, and (v) A delineation of the disposition of all assets and liabilities. In the case that MSA-Santa Ana either does not pay for or have an independent audit completed within the six-month timeline, the SBE may, at its option, pay for an audit to be completed and subtract such payment from any funds due to MSA-Santa Ana. Any costs for the audit incurred by the MSA-Santa Ana shall remain a liability of MSA-Santa Ana until repaid in full. Any liability or debt incurred by MSA-Santa Ana shall be the responsibility of MSA-Santa Ana and not the SBE. Any unused monies at the time of the audit will be returned to the appropriate funding source. The Charter School understands and acknowledges that only unrestricted funds will be used to pay creditors. MSA-Santa Ana understands and acknowledges that MSA-Santa Ana will cover the outstanding debts or liabilities of MSA-Santa Ana. Any unused special education related funds will be returned to the SBE or SELPA, as appropriate, and other categorical funds will be returned to the source of funds as required by applicable law.

Notwithstanding any rule, regulation, Charter provision, corporate Bylaw or document to the contrary, on closure of MSA-Santa Ana, all assets of MSA-Santa Ana – including but not limited to all leaseholds, personal property, intellectual property , and all ADA apportionments and other revenues generated by students attending the Charter School – which have been determined to have been generated exclusively through state and federal apportionment funds for Charter School students, after payment of all debts and liabilities and refunds to applicable agencies, shall be distributed to a California public school or school district. Any assets acquired from the SBE or SBE property will be promptly returned to the SBE upon MSA-Santa Ana's closure. The distribution shall include the return of any donated materials and property in accordance with any conditions established when the donation of such materials or property was accepted. All remaining assets of MSA-Santa Ana will be liquidated and all creditors will be paid first.

On closure of MSA-Santa Ana, any remaining assets of MSA-Santa Ana not addressed in the preceding paragraph, including but not limited to all leaseholds, personal property, intellectual property, remain the sole property of the nonprofit public benefit corporation. Upon either closure of the Charter School or the winding up and dissolution of the corporation if the corporation is to be dissolved as a result of the closure of the Charter School, after paying or adequately providing for the debts and obligations of the corporation (including any obligations requiring the return of any grant funds and restricted categorical funds to their source in accordance with the terms of the grant or state and federal law, as appropriate, which may include submission of final expenditure reports for entitlement grants and the filing of any required Final Expenditure Reports and Final Performance Reports, as well as the return of any donated materials and property in accordance with any conditions established when the donation of such materials or property was accepted), any capital assets, including facilities or property, purchased in whole or part with public funds will be distributed to the SBE or another California public school, school district, or county office of education. Upon the winding up and dissolution of the corporation, any remaining assets of the corporation shall be distributed to another public school that meets the requirements of Section III.A of IRS Notice 2015-07 for participation in a governmental plan under Section 414(d) of the Internal Revenue Code, or shall be distributed to the State of California, a political subdivision of the State, or an agency or instrumentality of the State or of a political subdivision of the State.

On closure, MSA-Santa Ana shall remain solely responsible for all liabilities arising from the operation of MSA-Santa Ana.

As MSA-Santa Ana is operated as a non-profit public benefit corporation, the Board will follow the procedures set forth in the California Corporations Code for the dissolution of a non-profit public benefit corporation and file all necessary filings with the appropriate state and federal agencies.

For a minimum of six calendar months from the date of the Closure Action or effective date of the closure, whichever comes first, sufficient staff will maintain employment to take care of all necessary tasks and procedures required for smooth closing of MSA-Santa Ana and student transfers.

In addition to the final audit, MSA-Santa Ana shall also submit any required year-end financial reports to the California Department of Education and the Orange County Superintendent of Schools, in the form and timeframe required, including, but not limited to, those required by Education Code Section 47604.33.

This Closure Protocol shall survive the revocation, expiration, termination, or cancellation of this Charter or any other agreement between the SBE and MSA-Santa Ana or any other act or event that would end MSA-Santa Ana's right to operate as a charter school pursuant to the Charter or cause MSA-Santa Ana to cease operation. MSA-Santa Ana and the SBE agree that, due to the nature of the property and activities that are the subject of this petition, the SBE and public shall suffer irreparable harm should MSA-Santa Ana breach any obligation under its Closure Protocol. The SBE, therefore, shall have the right to seek equitable relief to enforce any right arising under the Closure Protocol or any provision of the Closure Protocol or to prevent or cure any breach of any obligation undertaken, without in any way prejudicing any other legal remedy available to the SBE. Such legal relief shall include, without limitation, the seeking of a temporary or permanent injunction, restraining order, or order for specific performance, and may be sought in any appropriate court.

MSA-Santa Ana shall use budget reserves normally maintained for contingencies and emergencies to fund closure proceedings.

In the event that the Charter School closes, the CEO will serve as the Charter School's closure entity.

ADDITIONAL PROVISIONS

FACILITIES

The facilities to be utilized by the charter school. The description of the facilities to be used by the charter school shall specify where the charter school intends to locate." Education Code Section 47605(g).

As part of Charter School Facilities Program Proposition 1D program - a government program whereby the State of California sells bonds that are used to fund school construction for charter schools, MSA-Santa Ana was awarded bonds totaling $17.4 million.

During 2015-2016 school year, MSA-Santa Ana designed and built a two-story facility totaling 48,353 square feet with 34 classrooms on a lot of 2.68 Acres at 2840 W 1st Street in the City of Santa Ana in Orange County. The new two-story facility can house up to 1,100 students in grades TK through 12th. The design incorporates 34 standard classrooms, science lab and computer labs, library, conference rooms, offices and administration areas. MSA- Santa Ana Campus also include a-6,509 square feet gym with cafeteria, shade structures and a playground.

ADMINISTRATIVE SERVICES

"The manner in which administrative services of the charter school are to be provided." Education Code Section 47605(g).

MSA-Santa Ana will procure its own administrative services through an appropriately qualified third-party contractor. MSA-Santa Ana currently contracts with DMS for back-office services including, but not limited to, the following:

- Accounting
- Budgeting
- Accounts Payable/Receivable
- Budget
- Board Reporting
- Financial reporting and forecasting
- Accounting and bookkeeping services
- Cash management
- Compliance and data management services

MSA-Santa Ana will ensure that all contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders. MSA-Santa Ana shall approve only responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement, and in compliance with conflict of interest laws referenced herein. Consideration will be given to matters such as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

CIVIL LIABILITY IMPACT

"Potential civil liability effects, if any, upon the charter school and upon the school district." Education Code Section 47605(g).

MSA-Santa Ana shall be operated as a California non-profit public benefit corporation. This corporation is organized and operated exclusively for charitable purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code and California Revenue and Taxation Code Section 23701(d).

Pursuant to Education Code Section 47604(c), an entity that grants a charter to a charter school operated by or as a non-profit public benefit corporation shall not be liable for the debts or obligations of the charter school or for claims arising from the performance of acts, errors or omissions by the charter school if the authority has complied with all oversight responsibilities required by law. MSA-Santa Ana shall work diligently to assist the SBE in meeting any and all oversight obligations under the law, including monthly meetings, reporting, or other SBE-requested protocol to ensure the SBE shall not be liable for the operation of MSA-Santa Ana.

Further, MSA-Santa Ana intends to enter into a memorandum of understanding with the SBE, wherein MSA-Santa Ana shall indemnify the SBE for the actions of MSA-Santa Ana under this Charter and MSA-Santa Ana shall comply with the indemnification, defense and hold harmless provisions set forth in this Charter.

The corporate bylaws of MSA-Santa Ana shall provide for indemnification of the MSA-Santa Ana Board, officers, agents, and employees, and MSA-Santa Ana will purchase general liability insurance, Board Members and Officers insurance, and fidelity bonding to secure against financial risks.

Insurance amounts and types will be, at a minimum as specified below, and shall be increased or added to (but shall not be reduced) as necessary based on recommendation of the SBE and MSA-Santa Ana's insurance company for schools of similar size, location, and student population. The SBE shall be named an additional insured on the general liability insurance of MSA-Santa Ana.

The MSA-Santa Ana Board will institute appropriate risk management practices as discussed herein, including screening of employees, establishing codes of conduct for students, and dispute resolution.

FINANCIAL PLANNING, REPORTING AND ACCOUNTABILITY

Attached, as Appendix C, please find the following documents:

- A five-year projected budget with three-year monthly cash flow projections
- A budget narrative
- MPS' Fiscal Policies & Procedures

MSA-Santa Ana shall provide reports to the SBE and the County Superintendent of Schools as follows in accordance with Education Code Section 47604.33, and shall provide additional fiscal reports as requested by the County:

- By July 1, a preliminary budget for the current fiscal year. For a charter school in its first year of operation, financial statements submitted with the charter petition pursuant to Education Code 47605(g) will satisfy this requirement.
- By July 1, a local control and accountability plan and an annual update to the local control and accountability plan required pursuant to Education Code Section 47606.5.
- By December 15, an interim financial report for the current fiscal year reflecting changes through October 31. Additionally, on December 15, a copy of the Charter School's annual,

independent financial audit report for the preceding fiscal year shall be delivered to the SBE, the County Superintendent of Schools, State Controller, and California Department of Education.

- By March 15, a second interim financial report for the current fiscal year reflecting changes through January 31.
- By September 15, a final unaudited report for the full prior year. The report submitted to the SBE shall include an annual statement of all the Charter School's receipts and expenditures for the preceding fiscal year.

MSA-Santa Ana shall provide reporting to the SBE as required by law and as requested by the SBE including, but not limited to, the following: California Basic Educational Data System ("CBEDS"), actual Average Daily Attendance reports, all financial reports required by Education Code Sections 47604.33 and 47605(m), the School Accountability Report Card ("SARC"), and the LCAP.

MSA-Santa Ana agrees to and submits to the right of the SBE to make random visits and inspections in order to carry out its statutorily required oversight in accordance with Education Code Sections 47604.32 and 47607.

Pursuant to Education Code Section 47604.3, MSA-Santa Ana shall promptly respond to all reasonable inquiries including, but not limited to, inquiries regarding its financial records from the SBE. MSA-Santa Ana agrees to permit the SBE to inspect and receive copies of all records relating to the operation of MSA-Santa Ana. MSA-Santa Ana is subject to the California Public Records Act, however, the SBE's right to inspect and receive records is not based on the Public Records Act, but rather on the SBE's oversight role.

INSURANCE

Prior to the start of the charter term, the Charter School will submit documentation of adequate insurance coverage, including liability insurance, which shall be based on the type and amount of insurance coverage maintained in similar settings, and consistent with any memorandum of understanding between the Charter School and the SBE and CDE. Additionally, the Charter School will provide a document stating that the District will hold harmless, defend, and indemnify the SBE and the CDE, their officers and employees, from every liability, claim, or demand that may be made by reason of: (1) any injury to volunteer; and (2) any injury to person or property sustained by any person, firm, or corporation caused by any act, neglect, or default, or omission of the Charter School, its officers, employees, or agents. In cases of such liabilities, claims, or demands, the Charter School at its own expense and risk will defend all legal proceedings that may be brought against it and/or the SBE or the CDE, their officers and employees, and satisfy any resulting judgments up to the required amounts that may be rendered against any of the parties.

INDEMNIFICATION

To the fullest extent permitted by law, MSA-Santa Ana agrees to promptly, fully and completely indemnify, defend through counsel reasonably acceptable to SBE and hold harmless the SBE, the SBE Board, Superintendent, Board members, officers, Board- or Superintendent-appointed groups, committees, boards, and any other Board- or Superintendent-appointed body, and administrators, employees and attorneys, agents, representatives, volunteers, successors, and assigns (collectively hereinafter the "SBE and the SBE Personnel") (collectively "Indemnitees") from and against any and all claims, demands, actions, causes of action, suits, losses, expenses, costs, penalties, obligations, or

liabilities of whatever nature or kind, including, but not limited to, attorney's fees and litigation costs, that in any way arise out of or relate to any actual or alleged act or omission on the part of MSA-Santa Ana, and/or on the part of the board of directors, officers, board appointed groups, committees, boards, and any other MSA-Santa Ana appointed body, and administrators, employees, attorneys, agents, representatives, volunteers, subcontractors, invitees, successors, and/or assigns of MSA-Santa Ana in any way related to the performance of and/or to the failure to perform in whole or in part any obligation under this Charter and/or any Memorandum of Understanding or other agreement between MSA-Santa Ana and the SBE and/or in any way related to the operation or operations of MSA-Santa Ana or of any other facility, program, or activity.

The obligations of MSA-Santa Ana to defend the SBE and the other Indemnitees identified herein is not contingent upon there being an acknowledgement of or a determination of the merit of any claim, demand, action, cause of action, or suit, and those obligations will be deemed to be triggered immediately upon the assertion of any claim, demands, actions, cause of action, or suit within the scope of this paragraph. However, nothing in this paragraph shall be constructed to obligate MSA-Santa Ana to indemnify Indemnitees for any claims, demands, actions, causes of action, suits, losses, expenses, costs, penalties, obligations, or liabilities resulting from an Indemnitee's sole negligence or from an Indemnitee's willful misconduct where such sole negligence or willful misconduct has been adjudged by the final and binding findings of a court of competent jurisdiction; except, in instances where the sole negligence or willful misconduct of an Indemnitee accounts for only part of the loss(es) involved, the indemnity obligations of MSA-Santa Ana shall be for that portion of the loss(es) not due to the sole negligence or the willful misconduct of such Indemnitee(s).

MSA-Santa Ana further specifies that its indemnification, defense, and hold harmless obligations pursuant to this Charter extend to indemnify, defend, and hold the Indemnitees harmless from any and all financial obligations in the event of an unbalanced budget.

MSA-Santa Ana's obligation to indemnify, defend, and hold harmless the Indemnitees, as set forth in this section of the Charter, shall survive the revocation, expiration, termination, or cancellation of this Charter and/or any Memorandum of Understanding or other agreement between MSA-Santa Ana and the SBE or any other act or event that would end MSA-Santa Ana's right to operate as a charter school pursuant to its Charter or cause MSA-Santa Ana to cease operations.

Pursuant to Education Code Section 47604(c), an entity that grants a charter to a charter school operated by or as a non-profit public benefit corporation shall not be liable for the debts or obligations of the charter school, or for claims arising from the performance of acts, errors, or omissions by the charter school, if the authorizing entity has complied with all oversight responsibilities required by law.

MSA-Santa Ana shall at all times be operated by or as a nonprofit public benefit corporation and shall provide to the SBE proof of its federal and state tax exempt status on or before July 1 following approval of this Charter, or as soon as such tax exempt status is approved by the IRS, and shall maintain its tax exempt status throughout the term of the Charter. Nothing in this paragraph shall serve to reduce or excuse MSA-Santa Ana's obligations to obtain and maintain the insurance required by this Charter and/or its obligation to indemnify, defend, and hold harmless the Indemnitees, as set forth in this Charter.

TRANSPORTATION

MSA-Santa Ana is not required to provide transportation to and from school, except as required by law, including but not limited to the IDEA and the McKinney-Vento Homeless Assistance Act.

Business and Operations Management

MSA-Santa Ana is being operated as a nonprofit public benefit corporation and shall at all times operate as a distinct and separate LEA and shall maintain its own set of financial records, distinct from any other school(s) or entities that may be operated by related individuals or entities, including any existing charter schools or additional or new charter schools that may be approved after the effective date of this Charter. MSA-Santa Ana shall also maintain its own separate and distinct financial records and account code(s) (i.e. Site Code).

At all times MSA-Santa Ana shall submit financial reports for the Charter School as a distinct LEA and have audits performed on the financial statements of the Charter School. In areas where overlap in purchasing or resource allocation might occur between MSA-Santa Ana and any other entity, the Charter School shall maintain Financial Policies and Procedures describing how allocations will occur between distinct LEAs and entities and provide the Financial Policies and Procedures to the SBE prior to any such overlap or sharing. In no event shall MSA-Santa Ana develop or revise such Financial Policies and Procedures or its practices in any manner which would be inconsistent or in conflict with the terms of its Charter or other agreement between MSA-Santa Ana and the SBE. The Financial Policies and Procedures shall specify whether there will be shared costs, resources, services, staff, etc., and the methodology that will be used to ensure a fair and appropriate distribution of services and costs. Such financial policies shall include a means of ensuring that all funds generated by and attributable to MSA-Santa Ana authorized pursuant to this Charter will be maintained and expended for the educational benefit of the students at this Charter School.

Should any related entity obtain approval of or otherwise open another charter school or any other entity with which MSA-Santa Ana will share expenses or services, prior to such other school/entity commencing operation and prior to the commencement of each fiscal year thereafter, MSA-Santa Ana shall provide to the SBE, if applicable, a calculation of all costs projected to be shared between MSA-Santa Ana and any such related entity-operated school(s)/entity(ies), including the factual and fiscal basis on which the projected cost share has been calculated. Should there be a significant deviation from the projections during the fiscal year, MSA-Santa Ana shall immediately provide the SBE with an updated calculation, including the factual and fiscal basis for the revisions. Any shared costs shall be clearly accounted for in MSA-Santa Ana's financial records and reviewed as part of MSA-Santa Ana's annual fiscal audit.

Should the SBE or FCMAT seek records or information related to MSA-Santa Ana's operations, including its finances, which records or information are held by any other entity – including but not limited to an educational management organization, charter management organization, back office or administrative services provider, or any other contractor or consultant – MSA-Santa Ana shall make every effort promptly to obtain from such entity and provide to the SBE and/or FCMAT all such requested records or information.

Free Schools

MSA-Santa Ana shall at all times comply with the terms and requirements of the free schools guarantee of the California Constitution, Article IX, Section 5, Education Code Section 49010-49013, and California

Code of Regulations, Title 5, Section 350, in all aspects of the MSA-Santa Ana program. Under no circumstances shall any student be adversely impacted by MSA-Santa Ana, in any manner, in admission, registration, offers of course credit or educational activities for financial reasons, including without limitation a failure to make a financial contribution of any kind or for failure to make donations of goods or services, including in-kind or volunteer services, to MSA-Santa Ana, nor shall any course credit or privileges related to MSA-Santa Ana education activities be provided in exchange for money or donations of goods or services, including in-kind and/or volunteer services. Any and all volunteer policies, documents, or other communications requesting or encouraging parents/guardians to volunteer shall clearly specify that any such volunteering or making of donations is purely optional and not required as a condition of admission, continued enrollment, or any other privilege offered by MSA-Santa Ana. Any complaints alleging unlawful pupil fees shall be processed by MSA-Santa Ana in accordance with Education Code Section 49013 and the Uniform Complaint Procedures.

Annually, MSA-Santa Ana shall send a notice to all parents/guardians informing them that parental involvement is not a requirement for acceptance to, or continued enrollment at, MSA-Santa Ana.

SUPERVISORIAL OVERSIGHT FEE

The SBE may charge for the actual cost of supervisory oversight of MSA-Santa Ana, up to any maximum permitted by law (currently described and limited in Education Code Section 47613). MSA-Santa Ana acknowledges that the SBE's actual costs in conducting its oversight obligations will meet or exceed the maximum percentage permitted by law and the SBE shall not be required to submit documentation of its actual oversight costs.

OTHER SERVICES FEES

MSA-Santa Ana may opt to seek to contract with the SBE for additional services for a fee, including Financial Services, STRS Enrollment and Report Preparation, Library Resources, Payroll Processing, Professional Development, and Program Evaluation. Whether to provide such services upon request shall be in the SBE's sole discretion. The terms for the provision and cost of such services shall be set forth in a separate written agreement(s).

ENROLLMENT

The Charter School shall obtain a CDS code number from the CDE and shall complete and submit enrollment and other necessary demographic information to the SBE, to the California Longitudinal Pupil Achievement Data System (CALPADS), and to the California Basic Education Data System (CBEDS) consistent with State timelines and requirements.

REPORTING TO PUBLIC AGENCIES

MSA-Santa Ana shall submit to the SBE a copy of all reports or other documents that MSA-Santa Ana is required to submit to the State or other public agency in the State, including, but not limited to:

- P-1 Attendance Report to be submitted to the State each January 15th and reflecting attendance through the last full school month ending prior to December 31;

- P-2 Attendance Report to be submitted to the State each May 1st and reflecting attendance through the last full school month ending prior to April 15;

- Annual P-3 Attendance Report to be submitted to the State each July 15th and reflecting the entire fiscal year's attendance (July 1 – June 30).

Such reports will be submitted to the SBE concurrently with submittal to the State or other public agency.

Notification to SBE Regarding Governing Body Composition

As part of the annual oversight process, the Charter School shall send to the SBE a list of its directors and officers annually, at any time the composition changes, and at any other time upon request.

School Calendar and Schedules

MSA-Santa Ana shall provide to the SBE by July l of each year the school calendar and bell schedule for the following school year, including calculation of instructional minutes. If summer school, extended day or intersession is offered, MSA-Santa Ana shall include calendars and bell schedules for such programs.

Performance Assessments

MSA-Santa Ana shall forward results, excepting individual student results, from all statewide assessments, to the SBE promptly upon receipt by the Charter School, but in no event later than thirty (30) days after such receipt, except that results of the ELPAC shall be submitted to the SBE no later than two (2) weeks after receipt of test results. MSA-Santa Ana shall post the School Accountability Report Card (SARC) to its website by February 1st and submit an electronic copy of the SARC to the SBE simultaneously.

Cash Flow and Reserve

MSA-Santa Ana shall maintain an end-of-year reserve of four percent (4%) or greater of expenditures in each respective fiscal year or, in the event MSA-Santa Ana projects a lower reserve amount given the fully inclusive educational program offered by MSA-Santa Ana, as otherwise mutually agreed upon in writing following good faith discussion(s) between MSA-Santa Ana and the SBE.

Banking Arrangements

MSA-Santa Ana will reconcile the ledger(s) with its bank accounts or accounts in the SBE Treasury on a monthly basis and prepare a balance sheet. A cash flow statement will be submitted using the same time frame as the SBE. MSA-Santa Ana will deposit all funds received as soon as practical upon receipt. A petty cash fund, not to exceed five hundred dollars ($500), may be established with an appropriate ledger to be reconciled quarterly.

Property Inventory

MSA-Santa Ana's Principal or designee shall establish and maintain an inventory of all MSA-Santa Ana non-consumable goods and equipment according to a policy established by MSA-Santa Ana's Board of Directors board that shall comport with all relevant statutory requirements.

PAYROLL

MSA-Santa Ana or its payroll service provider will prepare payroll checks, tax and retirement withholdings, tax statements and perform other payroll support functions in coordination with MPS Payroll staff. MSA-Santa Ana's Principal or designee will establish and oversee a system to prepare time and attendance reports and submit payroll check requests. MSA-Santa Ana's Principal or designee and home office payroll and human resources personnel will review payroll statements monthly to ensure that (1) the salaries are consistent with staff contracts and personnel policies and (2) the proper tax, retirement, disability, and other withholdings have been deducted and forwarded to the appropriate authority. All staff expense reimbursements will be on checks separate from payroll checks. Upon hiring of staff, a personnel file will be established with all appropriate payroll-related documentation including a federal I-9 form, tax withholding forms, retirement data and use of sick leave.

BUSINESS SERVICES

MSA-Santa Ana shall engage the services of a Business/Financial Professional to carry out the business and fiscal functions of MSA-Santa Ana. Such services may be provided either by an employee of MSA-Santa Ana by MPS staff or a third-party service provider hired by MSA-Santa Ana. Any such employee or consultant (or consultant group) shall have a minimum of three years of experience serving a California public school (charter or non-charter) in the capacity of business manager or similar, or providing the services of a Chief Financial Officer or similar to a California public school (charter or non-charter) in a consultant capacity.

LITIGATION

MSA-Santa Ana shall notify the SBE of any pending litigation or legal action taken by any party against MSA-Santa Ana or any employee, including any Special Education complaint, or due process hearing within 30 calendar days of MSA-Santa Ana's receiving said notice.

SCHOOL NAME

MSA-Santa Ana shall be known as Magnolia Science Academy – Santa Ana. MSA-Santa Ana may not change its name, nor operate under any other name, without the prior express written approval of the SBE.

TERM, RENEWAL AND MATERIAL REVISION

MSA-Santa Ana may submit a request for renewal of its charter unless otherwise agreed with the SBE, and only after MSA-Santa Ana is able to provide to the authorizer the statewide testing results for the fourth year of its current term, which are necessary in order for the authorizer to consider MSA-Santa Ana's academic performance, specifically including any increases in pupil academic achievement both schoolwide and for numerically significant pupil subgroups, as required by law. Furthermore, MSA-Santa Ana shall not submit its request for renewal at a time that would result in the period for the authorizer's consideration and action on the renewal request to include the authorizer's winter break as any such submittal would improperly and unnecessarily limit the authorizer's ability fully to evaluate and act on the renewal request.

MSA-Santa Ana understands and agrees that only after all renewal documentation, specifically including formal documentation of compliance with the applicable academic performance requirements (from a source such as CDE, not solely created internally by MSA-Santa Ana) and the documents specified below, has been submitted to the authorizer, receipt of the Charter renewal will be placed on the next regular authorizer Board meeting agenda for which meeting the agenda deadline has not passed, and only such receipt by the authorizer's Board shall commence the timelines for action on the renewal request. MSA-Santa Ana further acknowledges the SBE's agenda deadlines for Board meetings, and understands that receipt of the renewal request will be placed on a Board agenda in accordance with the authorizer's normal agenda deadline requirements, and MSA-Santa Ana may obtain specific agenda deadline information promptly from the authorizer's Superintendent or designee prior to submittal.

Any renewal or material revision request shall include all of the following materials:

1. At least 12 hard copies (in notebook or otherwise bound) of the entire renewal/materially revised Charter, with the entire document (including any appendices, exhibits, or attachments) sequentially numbered from the first through the last page (including any appendices, exhibits, or attachments), and also including a table of contents which includes references to all appendices/exhibits/attachments;

2. A redline comparing the renewal/materially revised Charter to the current Charter included in the notebook;

3. An electronic (Word) version of both the clean and redline versions of the renewal/materially revised Charter along with all updated appendices.

4. An electronic (Excel) version of the Budget with all supporting calculations (i.e., LCFF calculator, etc.)

The renewal and material revision process shall be governed by the provisions of Education Code Sections 47605 and 47607 and California Code of Regulations, Title 5, Section 11966.4, or the provisions of law that may supersede, modify, amend, or succeed those provisions. Each renewal of the Charter shall be for the time period specified by law applicable at the time of the renewal.

MSA-Santa Ana is encouraged to consult with the authorizer regarding submittal of a draft of the renewal request prior to the formal submittal of any renewal request in order to provide additional time for authorizer review and comment, and for the parties to work cooperatively on any outstanding issues relative to MSA-Santa Ana's operations or the Charter document. Any review of or comment on the proposed renewal Charter prior to the formal submittal will be at the authorizer's sole discretion.

The authorizer's Board delegates to the Superintendent or designee and the MSA-Santa Ana Board of Directors delegates to the Principal or designee authority to waive or extend the timelines in this Charter, law, or applicable regulation for consideration or action on material revisions and/or renewals of the Charter.

MSA-Santa Ana shall at all times maintain clean Word copies of each version of the Charter that is approved by the authorizer. If a material revision or renewal request is submitted to the authorizer, MSA-Santa Ana shall maintain both the prior approved version(s) of the Charter and the revised version in electronic Word format and make any and all such versions available to the authorizer upon request.

Debts and Obligations

MSA-Santa Ana shall be solely responsible for all costs and expenses related to the Charter and its operation, including, but not limited to, costs of insurance, reserves, staff and operations.

MSA-Santa Ana shall have no authority to enter contracts for or on behalf of the authorizer. Any contracts, purchase orders, or other documents to which the authorizer is not a party and/or which are not approved or ratified by the authorizer Board as required by law, shall be unenforceable against the authorizer and shall be MSA-Santa Ana's sole responsibility.

To the extent practicable, MSA-Santa Ana shall include the following language in any contracts it enters into:

> MSA-Santa Ana shall have no authority to enter contracts for or on behalf of the authorizer. The parties to this agreement understand, acknowledge, and agree that any contracts, purchase orders, or other documents to which the authorizer is not a specific party and/or which are not approved or ratified by the authorizer's Governing Board, as required by law, shall be unenforceable against the authorizer's Board of Education and shall be MSA-Santa Ana's sole responsibility.

Independent Entity

MSA-Santa Ana and its officers, board members, employees and volunteers, shall operate and provide the school services pursuant to this Charter as a wholly independent entity. MSA-Santa Ana and the authorizer shall not in any way or for any purpose become or be deemed to be agents, partners, joint venturers, or a joint enterprise. The authorizer shall not be liable for the actions or liabilities of Charter School.

Compliance with Laws

MSA-Santa Ana agrees to comply at all times with federal or state laws (which may be amended from time to time), as applicable to charter schools, including but not limited to the following:

- The Brown Act (Cal. Gov. Code, § 54950 *et seq*.);
- The Public Records Act (Cal. Gov. Code, § 6250 *et seq*.);
- The Political Reform Act (Gov. Code, § 87100 *et seq*.) and MSA-Santa Ana has agreed by the terms of this Charter to follow the rules set forth in Government Code Section 1090 *et seq*. irrespective of any arguments about the applicability generally of that provision to charter schools.
- The Child Abuse and Neglect Reporting Act (Cal. Penal Code, § 11164 *et seq*.);
- The Individuals with Disabilities Education Act ("IDEA") (20 U.S.C. § 1400 *et seq*.);
- The Americans with Disabilities Acts (42 U.S.C. § 12101 *et seq*.).
- The U.S. Civil Rights Acts, including Title VII of the 1964 Civil Rights Act;

- The California Fair Employment and Housing Act ("FEHA") Cal. Gov. Code, § 12900 *et seq*.);
- Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. §§ 794 *et seq*.);
- The Uniform Complaint Procedure (5 Cal. Code Regs., tit. 5, § 4600 *et seq*.);
- The Family Educational Rights and Privacy Act ("FERPA") (20 U.S.C. § 1232g *et seq*.); and
- The Elementary and Secondary Education Act ("ESEA") as reauthorized and amended by the Every Student Succeeds Act ("ESSA").

NOTIFICATIONS

All notices, requests, and other communications under this Charter shall be in writing and mailed to the proper addresses as follows:

To the Superintendent at:
Superintendent
State Board of Education
1601 East Chestnut Ave.
Santa Ana, CA 92701

To the Charter School at:
CEO & Superintendent
Magnolia Public Schools
250 E. 1st St. Suite 1500
Los Angeles, CA 90012

ATTACHMENTS, EXHIBITS, AND APPENDICES

All of the attachments, exhibits, and appendices to this Charter are hereby incorporated herein and made a part hereof by this reference.

RESOLUTION OF THE
BOARD OF DIRECTORS OF
MAGNOLIA EDUCATIONAL & RESEARCH FOUNDATION

Approval of Revisions to Charter Petition (Santa Ana)
(CalSTRS Dissolution Compliance)

WHEREAS, Magnolia Educational & Research Foundation (the "Corporation") operates Magnolia Science Academy – Santa Ana (the "Charter School"), whose eligible employees participate in the California State Teachers' Retirement System ("CalSTRS");

WHEREAS, to obtain CalSTRS certification on Form 0765, the Corporation's governing documents, including the charter petitions, must provide that, upon dissolution or final liquidation, net assets be distributed only to a public school that meets the requirements of IRS Notice 2015-07 § III.A, or to the State of California or a political subdivision, agency, or instrumentality of the State, as required by Form 0765 subdivision (f);

WHEREAS, the charter petition for Magnolia Science Academy – Santa Ana does not presently conform to that requirement, and revisions to the dissolution and asset-distribution provisions of the petition (the "Charter Revisions") have been prepared to conform; and

WHEREAS, the Board of Directors (the "Board") has reviewed the Charter Revisions, which are limited to the dissolution and asset-distribution provisions of the petition and are made to comply with the CalSTRS certification requirements;

NOW, THEREFORE, BE IT RESOLVED, that the Charter Revisions to the Magnolia Science Academy – Santa Ana charter petition, in the form presented to the Board, are approved and adopted to conform the dissolution and asset-distribution provisions of the petition to the CalSTRS certification requirements; and

RESOLVED FURTHER, that the staff and officers of the Corporation are authorized and directed to submit the Charter Revisions to the Charter School's chartering authority to the extent required, and to take any and all further steps and to execute and deliver any and all documents as they deem necessary or appropriate to carry out the intent of this resolution.

Coversheet

Approval of Board Resolution Regarding Authorization to Submit CalSTRS Certification Form 0765 On Behalf of Charter Schools

Section: VII. Action Items
Item: G. Approval of Board Resolution Regarding Authorization to Submit CalSTRS Certification Form 0765 On Behalf of Charter Schools
Purpose: Vote
Submitted by:
Related Material:
VII.G - Board Resolution Regarding Authorization to Submit CalSTRS Certification Form 0765 On Behalf of Charter Schools_Final.pdf

Agenda Item:	VII.G - Action Item
Date:	June 17th, 2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	David Yilmaz, Chief Accountability Officer Andrew Zarnich, Director of Charter Petitions and Reporting
RE:	Board Resolution Regarding Amendment to Magnolia Science Academy – San Diego Charter

Action Proposed:

Staff recommends and moves that the Board approve the Board Resolution Regarding Authorization to Submit CalSTRS Certification Form 0765 On Behalf of Charter Schools, which authorizes the administration to complete, execute, and submit the CalSTRS Charter School/Nonprofit Public Benefit Corporation Certification Form 0765 on behalf of Magnolia Educational & Research Foundation and its applicable charter schools.

Purpose:

The purpose of this item is to authorize MPS administration to complete, execute, and submit CalSTRS Certification Form 0765 in order to certify compliance with CalSTRS requirements for charter schools and nonprofit public benefit corporations whose eligible employees participate in CalSTRS.

Approval of this item supports continued CalSTRS participation for eligible MPS charter school employees by authorizing the appropriate officer or representative to submit the Certification after the governing documents have been reviewed and conformed as necessary.

Background:

CalSTRS Certification Form 0765 is a formal certification required for charter schools that offer CalSTRS, including those operated by nonprofit public benefit corporations. Through the Certification, the charter school and/or nonprofit public benefit corporation certifies that it meets and will comply with the applicable requirements of IRS Notice 2015-07 and related legal requirements.

Analysis:
Approval of this Resolution would authorize the administration to complete the CalSTRS Certification Form 0765 and authorize the appropriate officer of Magnolia Educational & Research Foundation to execute and submit the Certification on behalf of the Corporation.

This item is connected to the accompanying Board actions regarding amendments to the Articles of Incorporation, bylaws, and applicable charter petitions. Together, these actions are intended to ensure that MPS's governing documents support the representations required by the Certification, including the requirement that net assets, upon dissolution or final liquidation, be distributed only to a qualifying public school, the State of California, a political subdivision of the State, or another qualifying governmental agency or instrumentality.

Approval of the Resolution also authorizes officers and administration to take further steps and execute any documents necessary or appropriate to complete the Certification process and carry out the intent of the Resolution.

Impact:
Approval of this item supports continued CalSTRS access for eligible MPS charter school employees and helps ensure timely submission of the required Certification.

The proposed action is not expected to affect educational programs, instructional services, student services, staffing structures, or day-to-day school operations. The impact is primarily governance, compliance, and retirement-system eligibility-related.

Budget Implications: N/A

Exhibits:
- Board Resolution Regarding Authorization to Submit CalSTRS Certification Form 0765 On Behalf of Charter Schools
- CalSTRS Charter School/Nonprofit Public Benefit Corporation Certification Form 0765 for each MPS school

RESOLUTION OF THE
BOARD OF DIRECTORS OF
MAGNOLIA EDUCATIONAL & RESEARCH FOUNDATION
Authorization to Complete and Execute CalSTRS Certification (Form 0765)

WHEREAS, Magnolia Educational & Research Foundation operates one or more California charter schools whose eligible employees participate in the California State Teachers' Retirement System ("CalSTRS");

WHEREAS, CalSTRS has issued recent guidance, CalSTRS Directive 2026-1 (Feb. 2, 2026), and requires each charter school nonprofit public benefit corporation to complete and submit the CalSTRS Charter School Certification (Form 0765), by which the Corporation certifies that its governing documents satisfy the dissolution and asset-distribution requirements of IRS Notice 2015-07 § III.A, as incorporated into Form 0765 subdivision (f);

WHEREAS, this requirement triggers the need to review the Corporation's governing documents and, where they do not conform, to amend the articles of incorporation, the bylaws, and in some cases the charter petitions, so that net assets are distributed upon dissolution only to a qualifying public school or to the State of California or a political subdivision, agency, or instrumentality of the State, as the CalSTRS directive requires; and

WHEREAS, the Board of Directors (the "Board") has determined that completing the CalSTRS certification and conforming the governing documents is needed to maintain access to CalSTRS for the charter school employees;

NOW, THEREFORE, BE IT RESOLVED, that the administration is authorized and directed to complete the CalSTRS Charter School Certification (Form 0765), and that the appropriate officer of the Corporation is authorized to execute Form 0765 and submit it to CalSTRS on behalf of the Corporation; and

RESOLVED FURTHER, that the officers and administration of the Corporation are authorized and directed to take any and all further steps, and to execute and deliver any and all documents, as they deem necessary or appropriate to complete the CalSTRS certification and to carry out the intent of this resolution.

CALSTRS
HOW WILL YOU SPEND YOUR FUTURE?

CalSTRS Charter School/Nonprofit Public Benefit Corporation Certification (IRS Notice 2015-07)

Section 1: Charter School Identification

CHARTER SCHOOL NAME Magnolia Science Academy 1
CHARTER SCHOOL COUNTY-DISTRICT-SCHOOL (CDS) CODE 19101996119945
NPBC NAME Magnolia Educational and Research Foundation
NPBC MAILING ADDRESS 250 E 1st Street, Suite 1500, Los Angeles, CA 90012

Pursuant to Notice 2015-07, *Relief for Certain Participants in Section 414(d) Governmental Plans* (Notice 2015-07), the Internal Revenue Service (IRS) and the United States Treasury Department are expected to issue final regulations permitting a state or local retirement system to provide benefits for charter school employees and continue to qualify as an Internal Revenue Code section 414(d) governmental plan, provided that certain requirements are met. The IRS and the United States Treasury Department have identified those requirements in Section III.A of Notice 2015-07.

CalSTRS is permitting employees of the NPBC to be covered under CalSTRS in reliance on the certifications in Section 2 that the NPBC meets and will fully comply with the requirements of, all modifications to, amendments to, expansions of, or other changes to the requirements of Notice 2015-07, as of the date the 26 USC section 414(d) regulations go into effect.

Consistent with Section 47604 of the Education Code, and in accordance with their approved charter petition, the charter school identified in this section has elected to operate as, or be operated by, the nonprofit public benefit corporation (NPBC) identified above; and has elected to participate in CalSTRS or continue to participate in CalSTRS to provide benefits under the Teachers' Retirement Law for its employees who perform creditable service for a charter school which is eligible to receive state apportionment.

Section 2: Certification

Check one:

☐ I certify the charter school has publicly available written contractual agreements with each employee to perform creditable service under the

Teachers' Retirement Law, specifying which charter school the service is being performed at. A true and correct copy of all written contractual agreements for eligible employees will be updated and maintained by the charter school. The charter school will furnish copies of any written contractual agreements at any time upon CalSTRS request.

☑ I certify the NPBC meets the following requirements from Notice 2015-07 and further requirements imposed by the Teachers' Retirement Law:

(a) NPBC is a nonsectarian independent public school that serves a governmental purpose by providing tuition-free elementary or secondary education, or both.

(b) NPBC is established and operates a charter school in accordance with the Charter Schools Act of 1992, as amended, authorizing NPBC to create or establish one or more independent public schools.

(c) Participation in CalSTRS for NPBC's employees is contingent on each employee having a written contract to perform creditable service under the Teachers' Retirement Law and only for those employees who actually perform creditable service activities under that contract. A true and correct copy of all written contracts for eligible employees will be updated and maintained by NPBC. NPBC will furnish copies of any written contracts at any time upon the request of CalSTRS.

(d) NPBC satisfies either of the following:

(1) NPBC's governing board or body is controlled by the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision. NPBC confirms that the state or political subdivision has the power to nominate, appoint, remove, and replace a majority of the members of the NPBC's governing board or board, or a majority of the members of the NPBC's governing board or body are publicly nominated and elected under state law.

(2) NPBC satisfies all of the following requirements:

(i) The primary source of NPBC's funding is from the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision.

(ii) The rights of NPBC's employees to their accrued benefits under CalSTRS are not dependent on whether NPBC continues to

Powered by BoardOnTrack

participate in CalSTRS, and in the event NPBC ceases participation in CalSTRS, a governmental entity in the State of California has responsibility for the accrued benefits of NPBC's employees, including the continued funding of the accrued benefits, to no lesser extent than a governmental entity has responsibility for the continued funding of the accrued benefits of the employees of any other participating employer of CalSTRS in the event that other employer were to cease to be a participating employer under CalSTRS.

(iii) NPBC is part of a local educational agency, as defined in 20 U.S.C. 7801(26) (or is its own local educational agency), and is subject to the significant regulatory control and oversight by the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision of the state as further described in Section IIIA, paragraphs (d)(2)(iii)(1) and (d)(2)(iii)(2), of Notice 2015-07.

(e) All financial interests of ownership in NPBC are held by the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision of the state. The State of California, a political subdivision of the state, or an agency or instrumentality of the state are entitled to NPBC's net assets upon dissolution or final liquidation of NPBC, or those net assets will be transferred to another public school that satisfies the requirement in Section III.A of Notice 2015-07.

(f) NPBC has governing documents that require its net assets, upon dissolution or final liquidation of NPBC, to be distributed to either a public school that meets the requirement of Section III.A of Notice 2015-07 or that its net assets will be transferred to the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision. A true and correct copy of all such documents will be updated and maintained by NPBC. NPBC will furnish copies of any such documents at any time upon the request of CalSTRS.

NPBC certifies and acknowledges its employees' participation in CalSTRS is conditioned on the promises and representations above. NPBC further understands that CalSTRS will be obligated to comply with the final regulations issued pursuant to 26 USC section 414(d). Should NPBC fail to timely comply with any and all applicable requirements of Notice 2015-07 and final regulations issued under 26 USC section 414(d), CalSTRS may be required to terminate NPBC's participation in CalSTRS, including cancellation of all benefits and any service credit accrued for employees and retirees of NPBC.

Section 3: Required Signature

The undersigned is the duly appointed representative and is authorized to sign on behalf of the charter school, the NPBC or both.

By signing below, the undersigned represents under penalty of perjury under the laws of the State of California and further subject to the criminal penalties described in Section 22010 of the Education Code that all the information on this form is true and correct. The undersigned further acknowledges that if any information on this form is incorrect, CalSTRS reserves the right to refer the undersigned's and NPBC's or charter school's conduct to state, local and federal law enforcement and to take all actions authorized under the Teachers' Retirement Law, including, but not limited to, cancelling benefits for NPBC's or charter school's employees and NPBC's or charter school's continued participation in CalSTRS.

I hereby declare under penalty of perjury under the laws of the State of California and further subject to the penalties described in Section 22010 of the Education Code that all the information provided above is true and correct, and I hereby declare that the NPBC operating the charter school is complying with the requirements of Notice 2015-07 as of the date the 26 USC section 414(d) regulations go into effect.

CALSTRS
HOW WILL YOU SPEND YOUR FUTURE?

CalSTRS Charter School/Nonprofit Public Benefit Corporation Certification (IRS Notice 2015-07)

Section 1: Charter School Identification

CHARTER SCHOOL NAME Magnolia Science Academy 2
CHARTER SCHOOL COUNTY-DISTRICT-SCHOOL (CDS) CODE 19101990115212
NPBC NAME Magnolia Educational and Research Foundation
NPBC MAILING ADDRESS 250 E 1st Street, Suite 1500, Los Angeles, CA 90012

Pursuant to Notice 2015-07, *Relief for Certain Participants in Section 414(d) Governmental Plans* (Notice 2015-07), the Internal Revenue Service (IRS) and the United States Treasury Department are expected to issue final regulations permitting a state or local retirement system to provide benefits for charter school employees and continue to qualify as an Internal Revenue Code section 414(d) governmental plan, provided that certain requirements are met. The IRS and the United States Treasury Department have identified those requirements in Section III.A of Notice 2015-07.

CalSTRS is permitting employees of the NPBC to be covered under CalSTRS in reliance on the certifications in Section 2 that the NPBC meets and will fully comply with the requirements of, all modifications to, amendments to, expansions of, or other changes to the requirements of Notice 2015-07, as of the date the 26 USC section 414(d) regulations go into effect.

Consistent with Section 47604 of the Education Code, and in accordance with their approved charter petition, the charter school identified in this section has elected to operate as, or be operated by, the nonprofit public benefit corporation (NPBC) identified above; and has elected to participate in CalSTRS or continue to participate in CalSTRS to provide benefits under the Teachers' Retirement Law for its employees who perform creditable service for a charter school which is eligible to receive state apportionment.

Section 2: Certification

Check one:

☐ I certify the charter school has publicly available written contractual agreements with each employee to perform creditable service under the

Teachers' Retirement Law, specifying which charter school the service is being performed at. A true and correct copy of all written contractual agreements for eligible employees will be updated and maintained by the charter school. The charter school will furnish copies of any written contractual agreements at any time upon CalSTRS request.

☑ I certify the NPBC meets the following requirements from Notice 2015-07 and further requirements imposed by the Teachers' Retirement Law:

(a) NPBC is a nonsectarian independent public school that serves a governmental purpose by providing tuition-free elementary or secondary education, or both.

(b) NPBC is established and operates a charter school in accordance with the Charter Schools Act of 1992, as amended, authorizing NPBC to create or establish one or more independent public schools.

(c) Participation in CalSTRS for NPBC's employees is contingent on each employee having a written contract to perform creditable service under the Teachers' Retirement Law and only for those employees who actually perform creditable service activities under that contract. A true and correct copy of all written contracts for eligible employees will be updated and maintained by NPBC. NPBC will furnish copies of any written contracts at any time upon the request of CalSTRS.

(d) NPBC satisfies either of the following:

(1) NPBC's governing board or body is controlled by the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision. NPBC confirms that the state or political subdivision has the power to nominate, appoint, remove, and replace a majority of the members of the NPBC's governing board or board, or a majority of the members of the NPBC's governing board or body are publicly nominated and elected under state law.

(2) NPBC satisfies all of the following requirements:

(i) The primary source of NPBC's funding is from the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision.

(ii) The rights of NPBC's employees to their accrued benefits under CalSTRS are not dependent on whether NPBC continues to

Powered by BoardOnTrack

participate in CalSTRS, and in the event NPBC ceases participation in CalSTRS, a governmental entity in the State of California has responsibility for the accrued benefits of NPBC's employees, including the continued funding of the accrued benefits, to no lesser extent than a governmental entity has responsibility for the continued funding of the accrued benefits of the employees of any other participating employer of CalSTRS in the event that other employer were to cease to be a participating employer under CalSTRS.

(iii) NPBC is part of a local educational agency, as defined in 20 U.S.C. 7801(26) (or is its own local educational agency), and is subject to the significant regulatory control and oversight by the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision of the state as further described in Section IIIA, paragraphs (d)(2)(iii)(1) and (d)(2)(iii)(2), of Notice 2015-07.

(e) All financial interests of ownership in NPBC are held by the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision of the state. The State of California, a political subdivision of the state, or an agency or instrumentality of the state are entitled to NPBC's net assets upon dissolution or final liquidation of NPBC, or those net assets will be transferred to another public school that satisfies the requirement in Section III.A of Notice 2015-07.

(f) NPBC has governing documents that require its net assets, upon dissolution or final liquidation of NPBC, to be distributed to either a public school that meets the requirement of Section III.A of Notice 2015-07 or that its net assets will be transferred to the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision. A true and correct copy of all such documents will be updated and maintained by NPBC. NPBC will furnish copies of any such documents at any time upon the request of CalSTRS.

NPBC certifies and acknowledges its employees' participation in CalSTRS is conditioned on the promises and representations above. NPBC further understands that CalSTRS will be obligated to comply with the final regulations issued pursuant to 26 USC section 414(d). Should NPBC fail to timely comply with any and all applicable requirements of Notice 2015-07 and final regulations issued under 26 USC section 414(d), CalSTRS may be required to terminate NPBC's participation in CalSTRS, including cancellation of all benefits and any service credit accrued for employees and retirees of NPBC.

Section 3: Required Signature

The undersigned is the duly appointed representative and is authorized to sign on behalf of the charter school, the NPBC or both.

By signing below, the undersigned represents under penalty of perjury under the laws of the State of California and further subject to the criminal penalties described in Section 22010 of the Education Code that all the information on this form is true and correct. The undersigned further acknowledges that if any information on this form is incorrect, CalSTRS reserves the right to refer the undersigned's and NPBC's or charter school's conduct to state, local and federal law enforcement and to take all actions authorized under the Teachers' Retirement Law, including, but not limited to, cancelling benefits for NPBC's or charter school's employees and NPBC's or charter school's continued participation in CalSTRS.

I hereby declare under penalty of perjury under the laws of the State of California and further subject to the penalties described in Section 22010 of the Education Code that all the information provided above is true and correct, and I hereby declare that the NPBC operating the charter school is complying with the requirements of Notice 2015-07 as of the date the 26 USC section 414(d) regulations go into effect.

CalSTRS Charter School/Nonprofit Public Benefit Corporation Certification
(IRS Notice 2015-07)

Section 1: Charter School Identification

CHARTER SCHOOL NAME Magnolia Science Academy 6
CHARTER SCHOOL COUNTY-DISTRICT-SCHOOL (CDS) CODE 19647330117648
NPBC NAME Magnolia Educational and Research Foundation
NPBC MAILING ADDRESS 250 E 1st Street, Suite 1500, Los Angeles, CA 90012

Pursuant to Notice 2015-07, *Relief for Certain Participants in Section 414(d) Governmental Plans* (Notice 2015-07), the Internal Revenue Service (IRS) and the United States Treasury Department are expected to issue final regulations permitting a state or local retirement system to provide benefits for charter school employees and continue to qualify as an Internal Revenue Code section 414(d) governmental plan, provided that certain requirements are met. The IRS and the United States Treasury Department have identified those requirements in Section III.A of Notice 2015-07.

CalSTRS is permitting employees of the NPBC to be covered under CalSTRS in reliance on the certifications in Section 2 that the NPBC meets and will fully comply with the requirements of, all modifications to, amendments to, expansions of, or other changes to the requirements of Notice 2015-07, as of the date the 26 USC section 414(d) regulations go into effect.

Consistent with Section 47604 of the Education Code, and in accordance with their approved charter petition, the charter school identified in this section has elected to operate as, or be operated by, the nonprofit public benefit corporation (NPBC) identified above; and has elected to participate in CalSTRS or continue to participate in CalSTRS to provide benefits under the Teachers' Retirement Law for its employees who perform creditable service for a charter school which is eligible to receive state apportionment.

Section 2: Certification

Check one:

☐ I certify the charter school has publicly available written contractual agreements with each employee to perform creditable service under the

Teachers' Retirement Law, specifying which charter school the service is being performed at. A true and correct copy of all written contractual agreements for eligible employees will be updated and maintained by the charter school. The charter school will furnish copies of any written contractual agreements at any time upon CalSTRS request.

☑ I certify the NPBC meets the following requirements from Notice 2015-07 and further requirements imposed by the Teachers' Retirement Law:

(a) NPBC is a nonsectarian independent public school that serves a governmental purpose by providing tuition-free elementary or secondary education, or both.

(b) NPBC is established and operates a charter school in accordance with the Charter Schools Act of 1992, as amended, authorizing NPBC to create or establish one or more independent public schools.

(c) Participation in CalSTRS for NPBC's employees is contingent on each employee having a written contract to perform creditable service under the Teachers' Retirement Law and only for those employees who actually perform creditable service activities under that contract. A true and correct copy of all written contracts for eligible employees will be updated and maintained by NPBC. NPBC will furnish copies of any written contracts at any time upon the request of CalSTRS.

(d) NPBC satisfies either of the following:

(1) NPBC's governing board or body is controlled by the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision. NPBC confirms that the state or political subdivision has the power to nominate, appoint, remove, and replace a majority of the members of the NPBC's governing board or board, or a majority of the members of the NPBC's governing board or body are publicly nominated and elected under state law.

(2) NPBC satisfies all of the following requirements:

(i) The primary source of NPBC's funding is from the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision.

(ii) The rights of NPBC's employees to their accrued benefits under CalSTRS are not dependent on whether NPBC continues to

Powered by BoardOnTrack

participate in CalSTRS, and in the event NPBC ceases participation in CalSTRS, a governmental entity in the State of California has responsibility for the accrued benefits of NPBC's employees, including the continued funding of the accrued benefits, to no lesser extent than a governmental entity has responsibility for the continued funding of the accrued benefits of the employees of any other participating employer of CalSTRS in the event that other employer were to cease to be a participating employer under CalSTRS.

(iii) NPBC is part of a local educational agency, as defined in 20 U.S.C. 7801(26) (or is its own local educational agency), and is subject to the significant regulatory control and oversight by the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision of the state as further described in Section IIIA, paragraphs (d)(2)(iii)(1) and (d)(2)(iii)(2), of Notice 2015-07.

(e) All financial interests of ownership in NPBC are held by the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision of the state. The State of California, a political subdivision of the state, or an agency or instrumentality of the state are entitled to NPBC's net assets upon dissolution or final liquidation of NPBC, or those net assets will be transferred to another public school that satisfies the requirement in Section III.A of Notice 2015-07.

(f) NPBC has governing documents that require its net assets, upon dissolution or final liquidation of NPBC, to be distributed to either a public school that meets the requirement of Section III.A of Notice 2015-07 or that its net assets will be transferred to the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision. A true and correct copy of all such documents will be updated and maintained by NPBC. NPBC will furnish copies of any such documents at any time upon the request of CalSTRS.

NPBC certifies and acknowledges its employees' participation in CalSTRS is conditioned on the promises and representations above. NPBC further understands that CalSTRS will be obligated to comply with the final regulations issued pursuant to 26 USC section 414(d). Should NPBC fail to timely comply with any and all applicable requirements of Notice 2015-07 and final regulations issued under 26 USC section 414(d), CalSTRS may be required to terminate NPBC's participation in CalSTRS, including cancellation of all benefits and any service credit accrued for employees and retirees of NPBC.

Section 3: Required Signature

The undersigned is the duly appointed representative and is authorized to sign on behalf of the charter school, the NPBC or both.

By signing below, the undersigned represents under penalty of perjury under the laws of the State of California and further subject to the criminal penalties described in Section 22010 of the Education Code that all the information on this form is true and correct. The undersigned further acknowledges that if any information on this form is incorrect, CalSTRS reserves the right to refer the undersigned's and NPBC's or charter school's conduct to state, local and federal law enforcement and to take all actions authorized under the Teachers' Retirement Law, including, but not limited to, cancelling benefits for NPBC's or charter school's employees and NPBC's or charter school's continued participation in CalSTRS.

I hereby declare under penalty of perjury under the laws of the State of California and further subject to the penalties described in Section 22010 of the Education Code that all the information provided above is true and correct, and I hereby declare that the NPBC operating the charter school is complying with the requirements of Notice 2015-07 as of the date the 26 USC section 414(d) regulations go into effect.

The IRS and the United States Treasury Department have identified those requirements in Section III.A of Notice 2015-07.

CalSTRS is permitting employees of the NPBC to be covered under CalSTRS in reliance on the certifications in Section 2 that the NPBC meets and will fully comply with the requirements of, all modifications to, amendments to, expansions of, or other changes to the requirements of Notice 2015-07, as of the date the 26 USC section 414(d) regulations go into effect.

Consistent with Section 47604 of the Education Code, and in accordance with their approved charter petition, the charter school identified in this section has elected to operate as, or be operated by, the nonprofit public benefit corporation (NPBC) identified above; and has elected to participate in CalSTRS or continue to participate in CalSTRS to provide benefits under the Teachers' Retirement Law for its employees who perform creditable service for a charter school which is eligible to receive state apportionment.

Section 2: Certification

Check one:

☐ I certify the charter school has publicly available written contractual agreements with each employee to perform creditable service under the

Teachers' Retirement Law, specifying which charter school the service is being performed at. A true and correct copy of all written contractual agreements for eligible employees will be updated and maintained by the charter school. The charter school will furnish copies of any written contractual agreements at any time upon CalSTRS request.

☑ I certify the NPBC meets the following requirements from Notice 2015-07 and further requirements imposed by the Teachers' Retirement Law:

(a) NPBC is a nonsectarian independent public school that serves a governmental purpose by providing tuition-free elementary or secondary education, or both.

(b) NPBC is established and operates a charter school in accordance with the Charter Schools Act of 1992, as amended, authorizing NPBC to create or establish one or more independent public schools.

(c) Participation in CalSTRS for NPBC's employees is contingent on each employee having a written contract to perform creditable service under the Teachers' Retirement Law and only for those employees who actually perform creditable service activities under that contract. A true and correct copy of all written contracts for eligible employees will be updated and maintained by NPBC. NPBC will furnish copies of any written contracts at any time upon the request of CalSTRS.

(d) NPBC satisfies either of the following:

(1) NPBC's governing board or body is controlled by the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision. NPBC confirms that the state or political subdivision has the power to nominate, appoint, remove, and replace a majority of the members of the NPBC's governing board or board, or a majority of the members of the NPBC's governing board or body are publicly nominated and elected under state law.

(2) NPBC satisfies all of the following requirements:

(i) The primary source of NPBC's funding is from the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision.

(ii) The rights of NPBC's employees to their accrued benefits under CalSTRS are not dependent on whether NPBC continues to

Powered by BoardOnTrack

participate in CalSTRS, and in the event NPBC ceases participation in CalSTRS, a governmental entity in the State of California has responsibility for the accrued benefits of NPBC's employees, including the continued funding of the accrued benefits, to no lesser extent than a governmental entity has responsibility for the continued funding of the accrued benefits of the employees of any other participating employer of CalSTRS in the event that other employer were to cease to be a participating employer under CalSTRS.

(iii) NPBC is part of a local educational agency, as defined in 20 U.S.C. 7801(26) (or is its own local educational agency), and is subject to the significant regulatory control and oversight by the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision of the state as further described in Section IIIA, paragraphs (d)(2)(iii)(1) and (d)(2)(iii)(2), of Notice 2015-07.

(e) All financial interests of ownership in NPBC are held by the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision of the state. The State of California, a political subdivision of the state, or an agency or instrumentality of the state are entitled to NPBC's net assets upon dissolution or final liquidation of NPBC, or those net assets will be transferred to another public school that satisfies the requirement in Section III.A of Notice 2015-07.

(f) NPBC has governing documents that require its net assets, upon dissolution or final liquidation of NPBC, to be distributed to either a public school that meets the requirement of Section III.A of Notice 2015-07 or that its net assets will be transferred to the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision. A true and correct copy of all such documents will be updated and maintained by NPBC. NPBC will furnish copies of any such documents at any time upon the request of CalSTRS.

NPBC certifies and acknowledges its employees' participation in CalSTRS is conditioned on the promises and representations above. NPBC further understands that CalSTRS will be obligated to comply with the final regulations issued pursuant to 26 USC section 414(d). Should NPBC fail to timely comply with any and all applicable requirements of Notice 2015-07 and final regulations issued under 26 USC section 414(d), CalSTRS may be required to terminate NPBC's participation in CalSTRS, including cancellation of all benefits and any service credit accrued for employees and retirees of NPBC.

Section 3: Required Signature

The undersigned is the duly appointed representative and is authorized to sign on behalf of the charter school, the NPBC or both.

By signing below, the undersigned represents under penalty of perjury under the laws of the State of California and further subject to the criminal penalties described in Section 22010 of the Education Code that all the information on this form is true and correct. The undersigned further acknowledges that if any information on this form is incorrect, CalSTRS reserves the right to refer the undersigned's and NPBC's or charter school's conduct to state, local and federal law enforcement and to take all actions authorized under the Teachers' Retirement Law, including, but not limited to, cancelling benefits for NPBC's or charter school's employees and NPBC's or charter school's continued participation in CalSTRS.

I hereby declare under penalty of perjury under the laws of the State of California and further subject to the penalties described in Section 22010 of the Education Code that all the information provided above is true and correct, and I hereby declare that the NPBC operating the charter school is complying with the requirements of Notice 2015-07 as of the date the 26 USC section 414(d) regulations go into effect.

CALSTRS
HOW WILL YOU SPEND YOUR FUTURE?

CalSTRS Charter School/Nonprofit Public Benefit Corporation Certification (IRS Notice 2015-07)

Section 1: Charter School Identification

CHARTER SCHOOL NAME Magnolia Science Academy San Diego
CHARTER SCHOOL COUNTY-DISTRICT-SCHOOL (CDS) CODE 37683380109157
NPBC NAME Magnolia Educational and Research Foundation
NPBC MAILING ADDRESS 250 E 1st Street, Suite 1500, Los Angeles, CA 90012

Pursuant to Notice 2015-07, *Relief for Certain Participants in Section 414(d) Governmental Plans* (Notice 2015-07), the Internal Revenue Service (IRS) and the United States Treasury Department are expected to issue final regulations permitting a state or local retirement system to provide benefits for charter school employees and continue to qualify as an Internal Revenue Code section 414(d) governmental plan, provided that certain requirements are met. The IRS and the United States Treasury Department have identified those requirements in Section III.A of Notice 2015-07.

CalSTRS is permitting employees of the NPBC to be covered under CalSTRS in reliance on the certifications in Section 2 that the NPBC meets and will fully comply with the requirements of, all modifications to, amendments to, expansions of, or other changes to the requirements of Notice 2015-07, as of the date the 26 USC section 414(d) regulations go into effect.

Consistent with Section 47604 of the Education Code, and in accordance with their approved charter petition, the charter school identified in this section has elected to operate as, or be operated by, the nonprofit public benefit corporation (NPBC) identified above; and has elected to participate in CalSTRS or continue to participate in CalSTRS to provide benefits under the Teachers' Retirement Law for its employees who perform creditable service for a charter school which is eligible to receive state apportionment.

Section 2: Certification

Check one:

☐ I certify the charter school has publicly available written contractual agreements with each employee to perform creditable service under the

Teachers' Retirement Law, specifying which charter school the service is being performed at. A true and correct copy of all written contractual agreements for eligible employees will be updated and maintained by the charter school. The charter school will furnish copies of any written contractual agreements at any time upon CalSTRS request.

☑ I certify the NPBC meets the following requirements from Notice 2015-07 and further requirements imposed by the Teachers' Retirement Law:

(a) NPBC is a nonsectarian independent public school that serves a governmental purpose by providing tuition-free elementary or secondary education, or both.

(b) NPBC is established and operates a charter school in accordance with the Charter Schools Act of 1992, as amended, authorizing NPBC to create or establish one or more independent public schools.

(c) Participation in CalSTRS for NPBC's employees is contingent on each employee having a written contract to perform creditable service under the Teachers' Retirement Law and only for those employees who actually perform creditable service activities under that contract. A true and correct copy of all written contracts for eligible employees will be updated and maintained by NPBC. NPBC will furnish copies of any written contracts at any time upon the request of CalSTRS.

(d) NPBC satisfies either of the following:

(1) NPBC's governing board or body is controlled by the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision. NPBC confirms that the state or political subdivision has the power to nominate, appoint, remove, and replace a majority of the members of the NPBC's governing board or board, or a majority of the members of the NPBC's governing board or body are publicly nominated and elected under state law.

(2) NPBC satisfies all of the following requirements:

(i) The primary source of NPBC's funding is from the State of California, a political subdivision of the state, or an agency or instrumentality of the state or political subdivision.

(ii) The rights of NPBC's employees to their accrued benefits under CalSTRS are not dependent on whether NPBC continues to

Approval of 2026-27 MPS Employee Handbook

Section:	VII. Action Items
Item:	H. Approval of 2026-27 MPS Employee Handbook
Purpose:	Vote
Submitted by:	
Related Material:	VII.H - Approval of the 2026-27 Employee Handbook_FINAL.pdf

Agenda Item:	VII.H - Action Item
Date:	June 17, 2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Fiorella Del Carpio, Chief People Officer
RE:	Approval of the 2026-27 MPS Employee Handbook

Action Proposed:

Staff recommends the approval of the 2026-27 MPS Employee Handbook as presented with an effective date of July 1, 2026.

Background:

The MPS People and Culture Department worked with legal counsel, Rosenberg Cassady LLP to update the handbook to be compliant with labor codes and regulations.

Analysis:

Below is the summary of changes in the employee handbook.

- Update language under reasonable accommodations.
- Child abuse and neglect reporting: Adding further language–mandated reporters include all School employees, all members of the School's governing board, volunteers who are over 18 years of age and who interact with pupils outside of the immediate supervision of a School employee, and contractors whose duties require contact with or supervision of pupils.
- Emergency Contact: Employees may designate an emergency contact, and make updates to their existing information in the HRIS system.
- Addition of the employee/parent role professional boundary policy.
- Artificial intelligence policy: Employees of MPS are prohibited from using wearable recording devices, including but not limited to AI-enabled glasses, smartwatches with recording capabilities, body cameras, or any other device capable of capturing audio, video, or images, in the workplace or during work-related activities without prior written authorization from MPS.
- Attendance policy: additional language– In addition to notifying a supervisor, all absences must be recorded in the HRIS system regardless of whether the employee has accrued leave available, so the employee's status is properly documented. Failure to properly record an absence is a violation of the attendance policy.
- Time off request is changed to 30 minutes increments.
- Sick leave buy back: Schools may offer to buy back up to 40 hours of unused paid sick leave days at the end of the school year and remaining unused hours will be rolled over up to the maximum cap of 80 hours per school year.
- Pregnancy disability leave: MPS provides pregnant employees with up to 14 weeks of pay per pregnancy during pregnancy disability leave. The receipt of pay during leave does not extend the length of pregnancy disability leave as it is only a form of wage replacement benefits, not a form of leave time off.
- Funeral/bereavement leave: Eligible employees will be allowed up to 5 paid working days off within 3 months of the bereavement event. The policy eligibility now includes registered domestic partners.

Budget Implications: N/A

EMPLOYEE HANDBOOK
2026-2027

ACKNOWLEDGMENT OF RECEIPT OF EMPLOYEE HANDBOOK

PLEASE READ THE EMPLOYEE HANDBOOK AND SUBMIT A SIGNED COPY OF THIS STATEMENT TO THE PRINCIPAL.

EMPLOYEE NAME:

I ACKNOWLEDGE that I have received a copy of the Employee Handbook. I have read and understood the contents of the Handbook, and I agree to abide by its directions and procedures. I have been given the opportunity to ask any questions I might have about the policies in the Handbook. I understand that it is my responsibility to read and familiarize myself with the policies and procedures contained in the Handbook. I also understand that if I am ever unclear on any language, or policies and procedures in this Handbook, it is my responsibility to seek clarification from the School.

I understand that the statements contained in the Handbook are guidelines for employees concerning some of the School's policies and benefits and are not intended to create any contractual or other legal obligations or to alter the at-will nature of my employment with the School. In the event I do have an employment contract which expressly alters the at-will relationship, I agree to the foregoing except with reference to an at-will employment status.

I understand that except for employment at-will status, any and all policies or practices can be changed at any time by the School.

I understand that other than the CEO or the CEO designee, no person has authority to enter into any agreement, express or implied, for employment for any specific period of time, or to make any agreement for employment other than at-will. Only the CEO has the authority to make any such agreement and then only in writing.

Employee's Signature: Date:

Please review this Handbook carefully and acknowledge your receipt and understanding of it in the Human Resources Information System.

Magnolia Public Schools

The Vision

Graduates of Magnolia Public Schools ("MPS") are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

The Mission

MPS provides a college preparatory educational program emphasizing science, technology, engineering, arts, and math (STEAM) in a safe environment that cultivates respect for self and others.

Core Values

MPS has identified the following core values which are reinforced through its Life Skills curriculum, student learning outcomes (SLOs), and all school activities:

- Excellence
- Innovation
- Connection

INTRODUCTION

This Handbook summarizes the Magnolia Public Schools' (hereinafter referred to as "MPS" or "School") personnel policies applicable to all employees. Please review these policies carefully. If employees have any questions about the policies outlined in this Handbook, or if they have any other personnel related questions, whether related to policies specifically addressed in this Handbook or not, please consult the **MPS Home Office ("MERF") People and Culture ("P&C") Department**.

This Handbook is intended only as a guide to the School's personnel policies, outlining and highlighting those policies and practices. It is not, therefore, intended to create any expectations of continued employment, or an employment contract, express or implied. This Handbook supersedes any previously issued handbooks, policies, benefit statements and/or memoranda, whether written or verbal, including those that are inconsistent with the policies described herein.

With the exception of the at-will employment status of its employees, the School reserves the right to alter, modify, amend, delete and/or supplement any employment policy or practice (including, but not limited to, areas involving hiring policies and procedures, general workplace policies, hours of work, overtime and attendance, standards of conduct, employee benefits, employment evaluation and separation) with or without notice to you. Only **the Chief Executive Officer ("CEO") of MPS**, with the express written approval of the Board of Directors, may alter the at-will employment status of any of its employees.

After reviewing this Handbook, please e-sign the employee acknowledgement form **in the Human Resource Management System Employee Self Service Portal.** This signed acknowledgement demonstrates to the School that the employee has read, understood and agrees to comply with the policies outlined in the Handbook.

CONDITIONS OF EMPLOYMENT

Equal Employment Opportunity Policy

MPS is an equal opportunity employer. It is the policy of the School to afford equal employment and advancement opportunity to all qualified individuals without regard to:

- Race (including traits associated with race, such as hair texture and hairstyle, including but not limited to braids, locks, and twists);
- Color;
- Gender (including gender identity, gender expression, and transgender identity, whether or not the employee is transitioning or has transitioned);
- Sex (including reproductive health decision-making, pregnancy, childbirth, breastfeeding, and medical conditions related to such);
- Sex stereotype (including an assumption about a person's appearance or behavior, gender roles, gender expression, or gender identity, or about an individual's ability or inability to perform certain kinds of work based on a myth, social expectation, or generalization about the individual's sex);
- Religious creed (including religious dress and grooming practices);
- Marital/registered domestic partner status;
- Age (forty (40) and over);
- National origin or ancestry (including native language spoken and possession of a driver's license issued to persons unable to prove their presence in the U.S. is authorized by federal law);
- Physical or mental disability (including HIV and AIDS);
- Medical condition (including cancer and genetic characteristics);
- Taking of a leave of absence pursuant to the Family Medical Leave Act ("FMLA"), Pregnancy Disability Leave ("PDL") law, Americans with Disabilities Act ("ADA"), California Family Rights Act ("CFRA"), or the Fair Employment and Housing Act ("FEHA"), or laws related to domestic violence, sexual assault and stalking;
- Genetic information;
- Sexual orientation;
- Military and veteran status; or
- Any other consideration made unlawful by federal, state, or local laws.

This policy protects qualified individuals based on the perception that the individual has any of these characteristics or any combination of these characteristics, or is associated with an individual who has, or is perceived to have, any of these characteristics or a combination of these characteristics.

This policy extends to all job applicants and employees and to all aspects of the employment relationship, including the hiring of new employees and the training, transfer, promotion, discipline, termination, compensation and benefits of existing employees.

Reasonable Accommodations

The School is committed to providing equal employment opportunity to qualified applicants and employees and will provide reasonable accommodation for the known physical or mental disability of an

otherwise qualified applicant or employee, or for an employee's sincerely held religious creed, observance, or practice, unless doing so would impose an undue hardship on School operations or otherwise is not required by law.

Any applicant or employee who believes they need an accommodation to participate in the application process, perform the essential functions of the job, or enjoy equal benefits and privileges of employment should notify People & Culture as soon as practicable.

Upon receiving a request for accommodation, or when the School otherwise becomes aware of a possible need for accommodation, the School will engage in a timely, good-faith, interactive process with the applicant or employee to determine the nature of the limitation or conflict, the essential job duties involved, and what reasonable accommodation, if any, may be effective. This process will include an individualized assessment based on the particular job and the individual's specific circumstances.

The School may request reasonable supporting information or documentation when the disability, medical condition, or need for accommodation is not obvious. The School will consider the individual's preferred accommodation, but may select and implement an effective accommodation that is less burdensome or otherwise more appropriate for operational needs. The School is not required to provide the specific accommodation requested, eliminate essential job functions, create a new position, displace another employee, lower performance or conduct standards that are job-related and consistent with business necessity, or provide an accommodation that would create an undue hardship or pose a direct threat to health or safety that cannot be eliminated by reasonable accommodation.

At-Will Employment

Except if stated expressly otherwise by employment contract, it is the policy of the School that all employees are considered "at-will" employees of the School. Accordingly, either the School or the employee can terminate this relationship at any time, for any reason, with or without cause, and with or without advance notice. Additionally, MPS may restructure, reorganize, alter, or eliminate job positions as needed.

Nothing contained in this Handbook, employment applications, School memoranda or other materials provided to employees in connection with their employment shall require the School to have "cause" to terminate an employee or otherwise restrict the School's right to release an employee from their at-will employment with the School. Statements of specific grounds for termination set forth in this Handbook or elsewhere are not all- inclusive and are not intended to restrict the School's right to terminate at-will. No School representative, other than the Board of Directors or its designee, is authorized to modify this policy for any employee or to make any representations to employees or applicants concerning the terms or conditions of employment with the School that are not consistent with the School's policy regarding "at-will" employment.

This policy shall not be modified by any statements contained in this Handbook or employee applications, School memoranda, or any other materials provided to employees in connection with their employment. Further, none of those documents, whether singly or combined, or any employment practices shall create an express or implied contract of employment for a definite period, nor an express

or implied contract concerning any terms or conditions of employment.

It is the policy of MPS that disputes with employees be resolved through arbitration to the extent authorized by law, consistent with MPS's Employee Arbitration Agreement. The Employee Arbitration Agreement is provided to employees at the start of employment.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who, within the scope of his or her employment or service, has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

For purposes of this policy, and consistent with California law, mandated reporters include all School employees, all members of the School's governing board, volunteers who are over 18 years of age and who interact with pupils outside of the immediate supervision of a School employee, and contractors whose duties require contact with or supervision of pupils.

Reporting the information regarding a case of possible child abuse or neglect to your supervisor, the School principal, a School counselor, coworker or other person shall not be a substitute for making a mandated report to Child Protective Services or law enforcement.

MPS will provide annual training on the mandated reporting requirements to employees, Board members, and volunteers, using the online training module provided by MPS at the time of hire, and annually thereafter. Contractors receive the same required training at the same intervals through their direct employer and must submit proof of training upon request.

Mandated reporter training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one-thousand dollars ($1,000), or by both.

All individuals who are required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of the start of each school year or within the first six (6) weeks of the start of service.

By acknowledging receipt of this Handbook, the employee acknowledges he/she is a childcare custodian and is certifying that he/she has knowledge of California Penal Code section 11166 and will comply with its provisions.

Criminal Background Checks & Employment Verification

All classified and certificated job applicants must undergo a comprehensive verification of prior school employment through which each of the applicant's prior employers will be contacted. Applicants must

disclose each prior school employer regardless of the amount of time that has passed. MPS will inquire with each prior school employer and may disqualify a candidate at any time based on the results of the inquiry. By applying for employment with MPS, the applicant consents to MPS making an employment verification inquiry into the applicant's work history.

Further, as required by law, all individuals working or volunteering at the School will be required to submit to a criminal background check with the California Department of Justice and the Federal Bureau of Investigations. Applicants must truthfully disclose past convictions during the application process if/when asked to do so. MPS will not clear an applicant who may compromise the School's commitment to the safety and the well-being of students. Conditions that preclude working at the School include conviction of a controlled substance or sex offense, or a serious or violent felony. Similarly, convictions involving crimes of moral turpitude (e.g., fraud), child abuse or neglect, violence, or any offense which may make the applicant or employee unsuitable/undesirable to work around students, and may also serve as a bar to employment at the School. Additionally, should an employee be arrested for, charged with, or convicted of any offense during their employment with the School, the employee must immediately report as much to a supervisor within one (1) workday.

Emergency Contact

Employees are entitled to choose an emergency contact to be contacted by MPS in case of emergency. MPS will notify an employee's designated emergency contact if the employee is arrested or detained at work but only if the employee has designated an emergency contact for this purpose, and only if MPS has actual knowledge of the arrest. Employees may designate an emergency contact, and make updates to their existing emergency contact in the HRIS system.

Tuberculosis Testing

All prospective employees and continuing employees must provide proof of clearance from active tuberculosis (TB) from a healthcare provider. Applicants must provide proof in the form of a clear Risk Assessment, TB test, skin test, or chest x-ray of the lungs. Risk Assessment Forms must be verified by a qualified healthcare provider. If a Risk Assessment Form indicates TB risk factors have been identified, the individual must undergo a TB examination.

The examination for TB consists of an approved TB test, which, if positive, will be followed by an x-ray of the lungs, or in the absence of skin testing, an x-ray of the lungs. All employees will be required to provide proof of TB clearance at least once every four (4) years. Volunteers are required to provide proof of TB clearance if they interact with students. TB clearance is a condition of initial and continuing employment and volunteer service with the School.

Food handlers may be required to have annual TB exams. Documentation of employee and volunteer compliance with TB risk assessments and examinations will be kept on file in the office. This requirement also includes contract food handlers, substitute teachers, and student teachers serving under the supervision of an educator.

Any entity providing student services to the School will be contractually required to ensure that all contract workers have had TB testing that shows them to be free of active TB prior to conducting work

with School students.

The employee will not be required to submit a new TB exam if the employee can produce a current certificate showing they were found free of infectious tuberculosis within sixty (60) days of initial hire. The cost of the examination required of existing and new-hire employees shall be a reimbursable expense. Employees should follow the MPS Purchase Policies & Procedures Manual while making their reimbursement requests.

Immigration Compliance

MPS will comply with applicable immigration law, including the Immigration Reform and Control Act of 1986 and the Immigration Act of 1990. As a condition of employment, every individual must provide satisfactory evidence of his or her identity and legal authority to work in the United States. However, MPS will not check the employment authorization status of current employees or applicants who were not offered positions with the School unless required to do so by law.

The School shall not discharge an employee or in any manner discriminate, retaliate, or take any adverse action (*e.g.*, threatening to report the suspected citizenship or immigration status of an employee or a member of the employee's family) against any employee or applicant for employment because the employee or applicant exercised a right protected under applicable law. Further, the School shall not discriminate against any individual because he or she holds or presents a driver's license issued per Vehicle Code § 12801.9 to persons who have not established their federally-authorized presence in the United States. Finally, in compliance with the Immigrant Worker Protection Act, the School shall not allow a federal immigration enforcement agent to enter any nonpublic areas of the School without a judicial warrant, or voluntarily give consent to an agent to access, review or obtain employee records without a subpoena or judicial warrant. If a search of employee records is authorized by a valid subpoena or judicial warrant, the School will give employees notice of the inspection both before and after it has occurred as required by law.

If the employee has any questions or needs more information on immigration compliance issues, they should contact the Principal.

Professional Boundaries: Staff/Student Interaction Policy

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible. This policy is available on MPS's website at link.

Corporal Punishment:

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent

damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring a student on an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Student Behavior:

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of them and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask, "Would I be engaged in this conduct if my family or colleagues, including someone from my People and Culture Department, were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by an adult while interacting with a student, whether during school hours or outside of school hours, including through social media platforms, text messaging, and other forms of communication that do not otherwise include a student's parent/guardian. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Professional boundaries apply not only between students and staff, volunteers, and contractors, and Board members, but also among and between students, and among and between adults employed, volunteering, or under contract with the School. All members of the School community are expected to maintain professional conduct that models appropriate behavior and fosters a safe and respectful learning

environment. Additionally, all facilities/areas under School control shall be effectively supervised to promote a safe environment for students and individuals performing services on behalf of the School.

Some activities may seem innocent from an adult's perspective but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Adults must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Transportation-related interactions require special attention. To maintain clarity and consistency across policies, MPS does not encourage employees to transport students in personal vehicles, nor to drive students to school events or activities. Any travel involving students must follow the MPS Transportation Policy and Field Trip Policy and may only occur if it has been approved in advance by a supervisor and the student's parent or guardian. This ensures that everyone understands the purpose, expectations, and safety considerations of the trip. Employees shall not offer or provide transportation to students in personal vehicles outside of the processes described in the School's Transportation and Field Trip Policies, even if the student or family requests such assistance, except where required by law and expressly authorized in writing by the School.

Professional Boundaries with Social Media

Employees are at particular risk of a professional boundary violation when interacting with students on social media. It is prohibited for employees to discuss or share information about, or images of, students on social media.

Duty to Report Suspected Misconduct

When any employee reasonably suspects or believes that another staff member may have crossed the boundaries specified in this policy, they must immediately report the matter to a school administrator. All reports shall be as confidential as possible under the circumstances. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse, child abuse, or neglect.

Examples of Specific Behaviors

The following examples are not an exhaustive list:

Unacceptable Staff/Student Behaviors (Violations of this Policy):

- Giving gifts to an individual student that are of a personal and intimate nature;

- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior;
- Communication with students via an employee's personal accounts such as email, and/or social media.
- Insulting students, calling students names, using swear words, or making intimidating gestures or comments.

Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission:
(These behaviors should only be exercised when a staff member has parent and supervisor permission.)

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Cautionary Staff/Student Behaviors:
(These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence).

- Remarks about the physical attributes or development of anyone
- Excessive attention toward a particular student;
- Send emails, text messages or letters to students if the content is not about school activities.

Acceptable and Recommended Staff/Student Behaviors:

- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;
- Emails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);
- Keeping the door open when alone with a student;
- Keeping reasonable space between you and your students;
- Stopping and correcting students if they cross your own personal boundaries;
- Keeping parents informed when a significant issue develops about a student;
- Keeping after-class discussions with a student professional and brief;
- Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries;

- Involving your supervisor if a conflict arises with a student;
- Informing the Superintendent about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious situation later;
- Recognizing the responsibility to stop unacceptable behavior of students or coworkers;
- Asking another staff member to be present if you will be alone with any type of special needs student;
- Asking another staff member to be present when you must be alone with a student after regular school hours;
- Giving students praise and recognition without touching them;
- Fist bumps, high fives and handshakes are acceptable;
- Keeping your professional conduct, a high priority;
- Asking yourself if your actions are worth your job and career.

Professional Boundaries:Employee/Parent Role Policy

Purpose

Magnolia Public Schools values the dedication of employees who also choose MPS for their children's education. We recognize the unique perspective employee-parents bring to our community. At the same time, holding dual roles requires clear professional boundaries to ensure equity, confidentiality, and a safe, respectful working environment for all staff and families.

This policy establishes expectations for employees who are also parents or guardians of students enrolled at MPS.

Separation of Roles

Employees must clearly distinguish between their role as an MPS employee and their role as a parent/guardian.

An employee's position, authority, access, or internal relationships may not be used to influence decisions regarding their child's education, placement, discipline, services, or extracurricular participation.

When addressing matters concerning their child, employees must participate solely in their role as a parent.

Equity of Access & Communication Expectations

To ensure fairness across our school community:

- Employee-parents must follow the same communication and meeting procedures required of all families.
- Meetings with teachers, administrators, or service providers must be formally scheduled through standard parent-facing channels.

- Informal discussions about their child during work hours or in professional settings should be avoided unless appropriately scheduled.
- Employee-parents may not bypass established site or network structures due to internal relationships or access.

No employee shall receive preferential treatment in matters concerning their child.

Confidentiality & System Access

- Employees may not access their child's academic, behavioral, health, disciplinary, special education, or 504 records through internal systems unless required for job duties unrelated to their child.
- Accessing student records for personal reasons is strictly prohibited.
- FERPA and all applicable student privacy laws apply equally to employee-parents.

Unauthorized access or misuse of student information may result in disciplinary action, up to and including termination.

Conflict of Interest & Recusal

Employees must avoid actual or perceived conflicts of interest.

An employee may not:

- Participate in decisions regarding their child's classroom placement, discipline outcomes, evaluation, or service determination.
- Supervise, evaluate, or formally direct staff members who directly serve their child.
- Serve on committees or leadership bodies making determinations that directly affect their child.

If a potential conflict arises, the employee must disclose it to their supervisor and People & Culture immediately.

Special Education (SPED) & Section 504 Considerations

Magnolia Public Schools is committed to protecting the procedural safeguards afforded under IDEA and Section 504.

Employees who are parents/guardians of students receiving special education or 504 services must:

- Participate in IEP or 504 meetings solely in their role as parent/guardian.
- Refrain from directing, coaching, or supervising service providers outside of formal meetings.
- Follow the same procedural safeguards, dispute resolution pathways, and communication protocols available to all families.

- Avoid accessing draft documents, internal notes, or service records outside of the formal parent-sharing process.

Employees may not use professional expertise, positional authority, or internal access to circumvent special education procedures or influence service delivery outside established processes.

Workplace Conduct Expectations

Staff members must not feel pressured, intimidated, or influenced due to a colleague's role as both employee and parent.

Concerns regarding boundary violations may be reported to a site leader or People & Culture without fear of retaliation.

Violations of Policy

Failure to comply with this policy may result in disciplinary action, up to and including termination of employment.

Certification and Licensure of Instructional Staff

All teachers are required to hold a current California teaching credential, certificate, permit or other document equivalent to that which a teacher in other public schools would be required to hold. MPS complies with all requirements of the authorizers regarding the certification and licensure of instructional staff. Paraprofessional staff may also be required to provide documentation proving that they meet the requirements of paraprofessional staff. It is the responsibility and a condition of continued employment for all instructional staff, including teachers and paraprofessionals to provide any necessary licensure to a **direct supervisor** no later than the close of business prior to the first day the employee reports for duty. If an instructional staff employee believes that they are assigned to teach in a subject in which they do not have subject matter competence, the employee should immediately report the same to **their direct supervisor**. Staff who are required to possess state and federal certification, expertise, and related requirements must timely maintain such qualifications as a condition of employment at the School. Failure to maintain the appropriate credential/certification required of the position may result in disciplinary action, up to and including release from at-will employment.

Policy Prohibiting Unlawful Harassment, Discrimination and Retaliation

MPS is committed to providing a work and educational atmosphere that is free of unlawful harassment, discrimination, and retaliation. MPS's policy prohibits unlawful harassment, discrimination, and retaliation based upon: race (including traits associated with race, such as hair texture and hairstyle, including but not limited to braids, locks, and twists); color; gender (including gender identity, gender expression, and transgender identity, whether or not the employee is transitioning or has transitioned); sex (including reproductive health decision making, pregnancy, childbirth, breastfeeding, and related medical conditions); sex stereotype (including an assumption about a person's appearance or behavior, gender roles, gender expression, or gender identity, or about an individual's ability or inability to perform certain kinds of work based on a myth, social expectation, or generalization about the individual's sex); religious creed (including religious dress and grooming practices); marital/registered domestic partner

status; age (forty (40) and over); national origin or ancestry (including native language spoken and possession of a driver's license issued to persons unable to prove their presence in the U.S. is authorized by federal law); physical or mental disability (including HIV and AIDS); medical condition (including cancer and genetic characteristics); taking a leave of absence authorized by law; genetic information; sexual orientation; military and veteran status; or any other consideration made unlawful by federal, state, or local laws.

This policy protects qualified individuals based on the perception that the individual has any of these characteristics or any combination of these characteristics, or is associated with an individual who has, or is perceived to have, any of these characteristics or a combination of these characteristics.

Employees, volunteers, unpaid interns, individuals in apprenticeship programs, and independent contractors shall not be harassed, discriminated against, or retaliated against by the School, based upon the characteristics noted above. These individuals are entitled to bring a complaint to the School under this policy.

MPS does not condone and will not tolerate unlawful harassment, discrimination, or retaliation on the part of any employee (including supervisors and managers) or third party (including independent contractors or other persons with which the School does business). Supervisors and managers are to forward any complaints of unlawful harassment to their Supervisor or designee.

When MPS receives allegations of unlawful harassment, discrimination, or retaliation, the Board (if a complaint is about the CEO), the Principal (if the complaint is about a school site employee), or the CEO or designee (if the complaint is about a Home Office employee), will review the allegations, the facts, and circumstances, and may conduct an investigation if appropriate. Any investigation must be fair, timely and thorough and provide all parties with an appropriate process and reach reasonable conclusions based on the evidence collected. The investigation will be handled in as confidential a manner as possible, although complete confidentiality cannot be guaranteed. Complainants and witnesses shall not be subject to retaliation for making complaints in good faith or participating in an investigation. MPS is committed to remediating any instance where investigation findings demonstrate unlawful harassment, discrimination, or retaliation has occurred.

Prohibited Unlawful Harassment

The following examples are not an exhaustive list:

- Verbal conduct such as epithets, derogatory jokes or comments or slurs;
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement, or interfering with work because of sex, race or any other protected basis;
- Retaliation for reporting or threatening to report harassment; or
- Disparate treatment is based on any of the protected classes above.

Prohibited Unlawful Sexual Harassment

MPS is committed to providing a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending

employee.

Sexual harassment consists of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when: (1) submission to the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; and/or (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive a minimum of two (2) hours of sexual harassment prevention training within six (6) weeks of hire or their assumption of a supervisory position and every year thereafter. All other employees will receive between one (1) and two (2) hours of sexual harassment prevention training within six (6) weeks of hire or start of the new school year for continuing employees. Such training will address all legally required topics, including information about the negative effects that abusive conduct has on both the victim of the conduct and others in the workplace, as well as methods to prevent abusive conduct undertaken with malice a reasonable person would find hostile, offensive, and unrelated to an employer's legitimate business interests. Abusive conduct includes but is not limited to repeated infliction of verbal abuse, such as the use of derogatory remarks, insults, and epithets, verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating, or the gratuitous sabotage or undermining of a person's work performance. Supervisors shall also be trained in how to appropriately respond when the supervisor becomes aware that an employee is the target of unlawful harassment. Other staff will receive sexual harassment prevention training as required by law.

Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Principal. See Appendix A for the "Harassment/Discrimination/Retaliation Complaint Form." See Appendix B for the general "Internal Complaint Form."

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:
  - Rape, sexual battery, molestation or attempts to commit these assaults and
  - Intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.

- Unwanted sexual advances, propositions or other sexual comments, such as:
  - Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.
  - Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in

sexual activity for compensation or reward or disparate treatment for rejecting sexual conduct.
    - Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.

- Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:
    - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work;
    - Publicly reading, viewing, or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and
    - Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities. As such, consensual relationships in the workplace may violate MPS policy.

Reporting

Each employee has the responsibility to maintain a workplace free from any form of sexual harassment, discrimination, and retaliation. Consequently, should any individual, particularly those with supervisory responsibilities, become aware of any conduct that may constitute a violation of this policy or any other prohibited behavior, they must take immediate action to address such conduct. Any employee who believes they have been harassed, discriminated against, or retaliated against, or who has witnessed such conduct, is encouraged to immediately report it to the Principal, the CEO, or the Board, as indicated above. See **Appendix A** for the "Harassment / Discrimination / Retaliation Complaint Form." See **Appendix B** for the general "Internal Complaint Form." See the MPS website for the "Title IX Complaint Policy."

Dispute Resolution through Arbitration

Employees of MPS agree, as a condition of employment, to resolve workplace concerns internally to the extent possible, and through binding and mandatory arbitration, where it cannot be handled internally. See **Appendix C** for the "Arbitration Agreement."

Title IX Notice of Nondiscrimination

MPS does not discriminate on the basis of sex and prohibits any acts of sex discrimination including sex-based harassment in any education program or activity that it operates, as required by California law,

Title IX (20 U.S.C. § 1681 *et seq.*) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 may be referred to the Charter School Title IX Coordinator, the Office for Civil Rights of the U.S. Department of Education, or both.

All complaints and reports of conduct that may constitute sex discrimination including sex-based harassment should be submitted to our Title IX Coordinator, Meagan Wittek, Director of Student Services who can be reached at mwittek@magnoliapublicschools.org.

A copy of MPS's Title IX Policy, which includes the specific rules and procedures for reporting sex discrimination and sex-based harassment occurring within MPS's education program or activities and for pursuing available remedies, is available on the MPS's website.

Whistleblower Policy

MPS requires its directors, officers, employees, and volunteers to observe high standards of ethics in the conduct of their duties and responsibilities within the School. As representatives of the School, such individuals must practice honesty and integrity in fulfilling all responsibilities and must comply with all applicable laws and regulations. The purpose of this policy is to create an ethical and open work environment, to ensure that the School has a governance and accountability structure that supports its mission, and to encourage and enable directors, officers, employees, and volunteers of the School to raise serious concerns about the occurrence of illegal or unethical actions within the School before turning to outside parties for resolution.

All directors, officers, employees, and volunteers of the School have a responsibility to report any action or suspected action taken within the School that is illegal, unethical or violates any adopted policy of the School, or local rule or regulation to their direct supervisor or to the MPS P&C Department if the concern is about the Supervisor. If the concern is being brought by a non-employee, it should be reported to the school site Principal. Anyone reporting a violation must act in good faith, without malice to the School or any individual at the School and have reasonable grounds for believing that the information shared in the report indicates that a violation has occurred. A person who makes a report does not have to prove that a violation has occurred. However, any report which the reporter has made maliciously or any report which the reporter has good reason to believe is false will be viewed as a serious disciplinary offense. No one who in good faith reports a violation, or who, in good faith, cooperates in the investigation of a violation shall suffer harassment, retaliation, or adverse employment action. Further, no one who in good faith discloses, who may disclose, or who the School believes disclosed or may disclose information regarding alleged violations to a person with authority over the employee or another employee who had responsibility for investigating, discovering or correcting the purported violation shall suffer harassment, retaliation, or adverse employment action.

Drug- and Alcohol-Free Workplace

MPS is committed to providing a drug and alcohol-free workplace and to promoting safety in the workplace, employee health and well-being, stakeholder confidence and a work environment that is conducive to attaining high work standards. The use of drugs and alcohol by employees, whether on or

off the job, volunteers, and independent contractors, jeopardizes these goals, since it adversely affects health and safety, security, productivity, and public confidence and trust. Drug or alcohol use in the workplace or during the performance of job duties is extremely harmful to employees and to other MPS stakeholders.

The bringing to the workplace, possession or use of intoxicating beverages or drugs on any School premises or during the performance of work duties is prohibited and will result in disciplinary action up to and including termination.

Employees involved in an accident or injury in relation to their work may be subject to mandatory drug or alcohol testing. If MPS assigns post-incident drug or alcohol testing, the employee must agree to submit to the testing for the safety of the workplace, or they may be subject to discipline for failing to comply with a necessary safety protocol.

This policy does not prohibit an employee's use of cannabis off the job and away from the workplace where expressly protected by California law unless the use impacts the work environment.

Confidential Information

All personnel information and information relating to students, including personal information, schools attended, addresses, contact numbers and progress information is confidential in nature, and may not be shared with or distributed to unauthorized parties or email addresses (including a private employee email). All records concerning special education pupils shall be kept strictly confidential and maintained in separate files. Failure to maintain confidentiality may result in disciplinary action, up to and including release from at-will employment.

Employees at the worksite and teleworking must ensure confidential information is maintained in a secure location restricted from access by unauthorized third parties.

Conflict of Interest

All employees are expected to avoid situations that involve or may appear to involve an actual or potential conflict of interest. A conflict of interest arises when personal, financial, or professional relationships or activities interfere with, or have the potential to interfere with, the employee's responsibilities to MPS.

Disclosure Obligation

Employees must immediately and fully disclose any relationships, activities, or circumstances that may constitute a potential or actual conflict of interest. Disclosure should be made to the employee's immediate supervisor or any other appropriate supervisor. This allows MPS to assess the situation and determine whether a conflict exists.

Failure to disclose facts related to a potential or actual conflict of interest may result in disciplinary action, up to and including termination of employment.

Priority of Organizational Work

Employees must prioritize their duties and responsibilities to MPS. While involvement in external activities or organizations is encouraged, such participation must not interfere with work responsibilities. Employees are expected to ensure that their primary focus remains on fulfilling their organizational commitments.

Personal Beliefs and Advocacy

Employees are entitled to their personal beliefs, opinions, and affiliations. However, it is important that these remain personal and do not conflict with or appear to conflict with MPS's organizational values, policies, or public standpoint. Employees must not use their role at MPS to advocate for political, social, or other causes that could misrepresent the organization's stance or affect its reputation.

Any expression of personal beliefs during work hours, in MPS communication channels, or while representing the organization must align with MPS's mission, values, and policies. Employees are expected to maintain professional boundaries to ensure that their personal beliefs do not interfere with their responsibilities or create a perception of organizational endorsement.

Time Off for External Activities

If an employee needs to engage in any external activities or meetings during regular work hours, they must submit a time-off request in advance. All time-off requests must comply with MPS's attendance policy and must honor blackout and gray-out periods on the organizational calendar. This ensures absences are properly documented and managed.

No External Work During Work Hours

Engaging in external activities or volunteer work during regular work hours is not permitted. Such activities must be conducted outside of scheduled work hours to avoid conflicts with work obligations.

Relationships between Employees

While the School's policies do not permit discrimination based on an individual's marital status, the individual's relations to another School employee or their lawful off duty conduct, some situations can create conflicts of interest requiring the School to take the employee's relationship with another employee into account.

An employee should not be in a supervisory role with another employee who is a relative (i.e., sibling, parent, spouse, domestic partner, etc.). Supervisors should avoid situations that result in actual or perceived conflicts of interest with supervised employees and avoid situations of favoritism.

A supervisor should avoid forming special social relationships or dating employees under their direct supervision, or with other employees that would create actual or perceived conflicts of interest and situations of favoritism. If such a relationship arises, both employees should notify the School so that appropriate measures can be taken to prevent actual or perceived conflicts of interest or favoritism.

The School reserves the right to take appropriate action if employee relationships interfere with the safety, morale or security of the School, or if the relationships create an actual or perceived conflict of interest or favoritism.

No Smoking

It is the policy of MPS to prohibit smoking and vaping on all School premises and at off-campus School-sponsored events. Additionally, smoking is prohibited within 250 feet of any facility or park where a School sports event is taking place.

GENERAL WORKPLACE POLICIES

Workplace Violence

The School takes the safety and security of its employees seriously and therefore maintains a comprehensive Workplace Violence Prevention Plan. Employees receive annual training on workplace violence prevention consistent with California law. The School does not tolerate acts or threats of physical violence, including but not limited to intimidation, harassment and/or coercion, that involve or affect the School or that occur, or are likely to occur, on School property. Any act or threat of violence must be immediately reported as required by the Workplace Violence Prevention Plan, including to **the Principal for school site concerns and to the MPS P&C Department for Home Office concerns.** This policy also addresses workplace hazards and related safety procedures. Concerns about the safety of the work environment or an assignment must be immediately reported to **the Principal for school site concerns and to the MPS P&C Department for Home Office concerns.**

Health, Safety and Security Policies

The School is committed to providing and maintaining a healthy and safe work environment for all employees. Accordingly, the School has instituted an Injury and Illness Prevention Program designed to protect the health and safety of all personnel. Every employee will receive a copy of the Injury and Illness Prevention Program, which is kept by **the Principal** and is available for your review. Additionally, the School has adopted a reopening plan to address the safe reopening and operating of MPS schools following the school closure due to COVID-19.

Employees must carefully review and comply with the reopening plan for which they will receive training and further instruction during Professional Development training and as needed.

Employees are required to know and comply with the School's general safety rules and to follow safe and healthy work practices at all times. Any potential health or safety hazards and all injuries or accidents must be immediately reported to a supervisor. Employees must support campus safety by not bringing visitors to campus without express supervisor approval, including the employees own children, if not students of MPS. In compliance with Proposition 65, the School will inform all employees of any known exposure to a chemical known to cause cancer or reproductive toxicity.

Security Protocols

MPS has developed guidelines to help maintain a secure workplace. Employees are encouraged to be aware of their surroundings and be on the lookout at all times for any unusual circumstances, such as unknown people loitering in parking areas, walkways, entrances and exits and service areas. Report any suspicious people or activities to **the Principal (or MERF P&C Department for MERF employees)**. Employee desks and offices should be secured at the end of the day. When an employee is called away from their work area for an extended length of time, valuable or personal articles should not be left around a workstation that may be accessible. The security of facilities as well as the welfare of employees depends upon the alertness and sensitivity of every individual to potential security risks. Employees should immediately notify **the Principal (or MERF P&C Department for MERF employees)** when keys are missing or if security access codes or passes have been breached.

Occupational Safety

MPS is committed to the safety of its employees, vendors, contractors and the public and to providing a clear safety goal for management.

The prevention of accidents is the responsibility of every School employee and supervisor. It is also the duty of all employees to accept and promote the established safety regulations and procedures. Every effort will be made to provide adequate safety training. If an employee is ever in doubt how to perform a job or task safely, the employee should request assistance from a supervisor. Unsafe conditions must be reported immediately.

Employees shall be observant of any workplace conditions that may be a cause or contributor to the spread of illness caused by virus and disease, including unclean surfaces, personal illness or the possible illness of others, or work conditions that may seem unsanitary or in violation of any active public health or government order.

To maintain occupational safety, the School may adopt and enforce any government or agency approved measures for evaluating and enforcing employee health and wellness, including health screenings, assessments, or checks.

It is the policy of the School that accident prevention shall be considered of primary importance in all phases of operation and administration. MPS's management is required to provide safe and healthy working conditions for all employees and to establish and require the use of safe practices at all times.

Failure to comply with or enforce School safety and health rules, practices and procedures could result in disciplinary action up to and including possible termination.

Accident/Incident Reporting

It is the duty of every employee to immediately or as soon as is practical report any accident, injury, or possible cause of COVID-19 occurring during work or on School premises so that arrangements can be made for medical or first aid treatment, as well as for investigation and follow-up purposes.

Reporting Fires and Emergencies

It is the duty of every employee to know how to report fires and other emergencies quickly and accurately. Employees should report any such emergency by calling management. In addition, all employees should know the local emergency numbers such as 911.

School Property Inspections

The School is committed to providing a work environment that is safe and free of illegal drugs, alcohol, firearms, explosives and other improper materials. Additionally, the School provides property and facilities to its employees to carry out business on behalf of the School. Accordingly, employees do not have a reasonable expectation of privacy when using any School property or facilities. All School facilities and property, including all items contained therein, may be inspected by the School at any time, with or without prior notice to the employee or employee permission. School property includes all desks, electronic devices, storage areas, workstations, lockers, file cabinets, computers, telephone systems, email systems and other storage devices.

The School reserves the right to deny entry to the School property to any person, including those who refuse to cooperate with any inspections by the School. Any employee who fails to cooperate with inspections may be subject to disciplinary action, up to and including dismissal.

Soliciting/Conducting Personal Business While on Duty

Employees are not permitted to conduct personal business or solicit personal business for any cause or organization while on-duty, or when the employee being solicited is supposed to be working. This prohibition includes distributing literature and other material. Distribution of materials is also against the School's policy if it interferes with access to facility premises, if it results in litter, or if it is conducted in areas where other employees are working. Solicitation during non-work time, e.g., paid breaks, lunch periods or other such non-work periods, is permissible. Entry on the School premises by non-employees is not permitted, unless related to official School business. Solicitation or distribution of written materials by non-employees is strictly prohibited.

Use of School Communication Equipment and Technology

All School owned communications equipment and technology, including computers, electronic mail systems, individual emails, voicemail systems, internet access, software, telephone systems, document transmission systems and handheld data processing systems remain the property of the School and are provided to the employee to carry out business on behalf of the School, unless previously authorized for nonbusiness use.

Employees have no expectation of privacy in any communications made using School owned equipment and technology. Communications (including any attached message or data) made using School owned communications equipment and technology are subject to review, inspection and monitoring by the School. Employees are prohibited from forwarding files, emails, or school owned resources to their personal email accounts or any reason or outside the MPS network for non-School use.

Employees should not use personal devices or email accounts for MPS-related communications. Such communications should only take place using MPS-issued devices and via the employee's MPS email account. **Employees are required to promptly respond to work emails and communications. Exempt and nonexempt employees must respond within one (1) business day.**

Additionally, the School uses technology protection measures that protect against internet access (by both minors and adults) to visual depictions that are obscene, pornographic, and/or harmful to minors. These measures may include, but are not limited to, using a spam filter, installing a blocking system to block specific internet sites, setting internet browsers to block access to adult sites, using a filtering system that will filter all internet traffic and report potential instances of misuse to the School.

Passwords used in connection with the School's communications equipment and technology are intended to restrict unauthorized use only, not to restrict access of authorized School employees. Therefore, employees are required to provide **the I.T. Coordinator** with all passwords used in connection with the School's communications equipment and technology any time the employee's passwords are created or changed. In addition, employees are required to safeguard their passwords to limit unauthorized use of computers by minors in accordance with the Student Internet Use Policy and Agreement. Employees that do not safeguard their passwords from unauthorized student use, or that allow a student to access computers in violation of the Student Internet Use Policy and Agreement, will be subject to discipline, up to and including termination.

Internet use is for business purposes only. All employees using the internet through the School's communications equipment and technology must respect all copyright laws. Employees are not permitted to copy, retrieve, modify, or forward copyrighted materials unless authorized by law or with express written permission of the owner of the copyright.

Employees are not permitted to use the School's communications equipment and technology to view content or images that are obscene, pornographic, and/or harmful to minors. The email system and internet access are not to be used in any way that may be disruptive, harassing or offensive to others, illegal or harmful to morale. For example, sexually explicit images, ethnic slurs, racial epithets or anything else that may be construed as harassment or disparagement of others based on their race, national origin, gender, sexual orientation, age, religious beliefs or political beliefs with little or no educational value may not be displayed or transmitted. The e- mail system and internet access are not to be used in any manner that is against the policies of the School, contrary to the best interest of the School or for personal gain or profit of the employee against the interests of the School. Employees must not use the School's communications equipment and technology for the unauthorized disclosure, use and dissemination of personal information regarding students.

Artificial Intelligence Policy

Introduction

Magnolia Public Schools ("School") is a forward-thinking educational organization that is dedicated to creating a transformative learning environment where Artificial Intelligence ("AI") technologies—ranging from generative models to predictive analytics, adaptive learning systems, and intelligent tutoring applications—enhance education. These tools foster a more inclusive, innovative, and equitable

experience for students by supporting differentiated instruction, improving access to personalized resources, and driving data-informed decisions that elevate student outcomes.

The School supports the ethical and responsible use of AI to elevate traditional teaching methods by offering personalized learning experiences, targeted interventions, and operational efficiencies. The School is committed to continuously evaluating AI's impact to ensure alignment with our core values of equity, student-centered learning, and academic excellence.

Definition

AI refers to the technology that enables machines to perform complex tasks typically requiring human intelligence. These tasks include learning, reasoning, problem-solving, perception, and language understanding. AI combines algorithms, data, and computational power allowing them to recognize patterns, make original decisions and improve over time through learning and adaptation. AI tools such as Bard, Bing Chat, Chat GPT, and Dall-E ("AI platforms") can produce new content and replicate existing content, such as text, images, or music, based on patterns recognized from training data. AI predicts likely outcomes but cannot guarantee accuracy or reliability. AI output can be inaccurate, misleading, or incomplete and must be used with caution. Content created by AI is intended to be a starting-point and must never be utilized as a final product due to the risk of inaccuracy or even infringement of rights of content owners.

Integrity and Avoidance of Plagiarism

"Plagiarism" is the unauthorized use or close imitation of the language and thoughts of another author and the representation of them as one's own original work. This includes claiming products generated by AI as one's own work. Pupils must not represent AI-generated content as their own original work. It can serve as a tool to stimulate their ideas and enrich their assignments while upholding the values of honesty and integrity.

Prohibited Use of AI

Utilizing an AI platform to access, create, or display content that is harmful, inappropriate, threatening, obscene, disruptive, or sexually explicit is prohibited. This also includes content that could be seen as harassment or bullying, or that disparages others based on their race, ethnicity, national origin, sex, gender, sexual orientation, age, disability, religion, or political beliefs.

Employees of MPS are prohibited from using wearable recording devices, including but not limited to AI-enabled glasses, smartwatches with recording capabilities, body cameras, or any other device capable of capturing audio, video, or images, in the workplace or during work-related activities without prior written authorization from MPS. This prohibition applies in all work settings, including classrooms, offices, staff meetings, and school events, whether on or off campus. Employees who observe unauthorized recording device use should report it to P & C promptly. Unauthorized recordings that capture the image or voice of another student may implicate the privacy rights of that student and their family under FERPA and California law, and the School reserves the right to require deletion of any such recording and to report the conduct to appropriate authorities where warranted. Violations may result in disciplinary action, up to and including termination. Nothing in this policy is intended to limit

employees' rights under applicable law.

Protection of Personally Identifiable Information (PII)

Disclosing or inputting confidential or personally identifiable information into AI platforms is strictly prohibited. Personally identifiable information encompasses, but is not limited to, a person's full name, image, email address, phone number, Social Security number, medical information, or any other information, including AI generated images, that can be used to identify someone. Employees and students must never enter or upload PII of students, employees, or other individuals into any AI platform, even in secure or private settings. This includes both direct identifiers and indirect information that could reasonably be used to determine an individual's identity. AI platforms are not secure repositories for sensitive information, and any inputted PII may be stored, analyzed, or shared in ways beyond the control of the user or the School. Violations of this policy may result in disciplinary action, up to and including termination of employment.

Telework Policy

Purpose

From time to time, in its discretion, MPS may assign certain staff members to telework based on the needs of the organization. If telework is assigned, or otherwise authorized, employees will comply with the requirements of this telework policy.

Definition

Teleworking allows employees to work at home or in an approved remote location for all or part of their regular workweek. Teleworking is not an entitlement, nor is it a Magnolia-wide benefit. This arrangement in no way alters or changes the terms and conditions of employment with Magnolia, and the promulgation of this Policy creates no employee rights in relation to teleworking. Furthermore, Magnolia has the right to refuse to make telework available to an employee and to terminate a telework assignment without cause at any time in its sole discretion based on organizational needs.

General Requirements

MPS will designate at the beginning of employment whether a position is on-site, fully remote, or a hybrid of on- site and remote (also known as telework). Employees with telework assignments shall make arrangements with their supervisor and co-workers to address on-site job demands that arise, including returning to the work site to perform certain job duties as needed or as directed by their supervisor. Employees shall be responsible for following all Magnolia policies and procedures when teleworking, including all of the foregoing set forth in Magnolia's most recent Employee Handbook. Employees shall also be solely responsible for the performance of their telework duties; assistance from third parties is strictly prohibited.

Nonexempt employees will be required to (1) record all hours worked as assigned by Magnolia and (2) take and document applicable meal/rest periods. Nonexempt employees must also receive prior written approval from a supervisor prior to working additional hours or overtime. Failure to comply with

timekeeping and work hours requirements may result in disciplinary action, up to and including termination from employment.

Eligibility Considerations

Consideration will be given to employees who work in positions adaptable for telework assignments, particularly those who have demonstrated work habits and performance well-suited to successful teleworking. In the sole discretion of Magnolia and its management, the following eligibility factors will be considered:

- The employee has a position where effective communication can be accommodated electronically;
- The employee's telework assignment will not be detrimental to the productivity or work quality of other employees or the effective operation of Magnolia;
- The employee must be able to perform work from home or an approved remote location without distractions or unnecessary risk to the security of Magnolia data, records, networks, or confidentiality generally;
- The employee's equipment and software must meet Magnolia's guidelines/standards, and the employee's needs for Information Technology ("IT") support must be minimal;
- Telework sites must be in California;
- The employee must be effective at working independently for extended periods of time;
- The employee has demonstrated or can demonstrate effective time-management skills by completing tasks efficiently and within any required deadlines;
- The employee must maintain connections with work groups or teams from their remote work location; and
- The employee has no recent or pending corrective or disciplinary actions. Supervisor Responsibilities

Supervisors managing employees who have been permitted to telework must effectively:

- Implement the telework policy/guidelines;
- Conduct remote supervision;
- Understand the technology and tools necessary for successful remote supervision; and
- Establish communication protocols with telework employees, including making continued efforts to involve teleworking employees in office/department events, meetings, messages, etc., as applicable, to preserve teamwork.

Supervisors will assess each employee's progress on a telework assignment periodically to ensure the employee's compliance with telework requirements, and address any work-related issues, including completing evaluations and other performance management as appropriate.
Communication and Accessibility

Employees and supervisors must determine how communication between the teleworking employee, the worksite, and/or other employees also teleworking will be handled. Employees shall keep their supervisor and, as needed, their co-workers or other Magnolia stakeholders (e.g., students and/or

parents), informed of their availability so these individuals know how and when to reach the employee during the employee's telework assignment.

Employees must be accessible by phone and email at all times to their supervisor, co-workers, Magnolia stakeholders, and Magnolia generally during assigned work hours. Employees must notify their supervisors if they leave their telework site during agreed upon hours, aside from applicable meal and rest periods. Employees must post their telework schedule on their calendar, including applicable meal and rest periods. Employees must also remain flexible in their scheduling and shall be available to attend staff meetings and other meetings as required by their supervisor.

Safety

Telework space is considered an extension of Magnolia's worksite. Employees will have the same responsibility for safe practices, accident prevention, and accident/injury reporting as in the regular worksite. In case of injury, accident, theft, loss, or tort liability related to telework, the employee must immediately report the event to their supervisor and allow Magnolia or its authorized agent to investigate and/or inspect the telework site as needed. Employees are responsible for establishing and maintaining a designated, adequate workspace at their telework location. When the telework location is the employee's home, the employee is responsible for ensuring the location is safe (free from hazards and other dangers to the employee or equipment), clean, professional, and free of distractions (e.g., children, pets, electronic devices, etc.).

Supplies, Equipment, And Furniture

Magnolia will determine, with information supplied by the employee and supervisor, the appropriate equipment needs for each telework assignment. Magnolia will not provide office furniture for the workspace at home; employees' home workspaces must be minimally equipped to serve as a remote workspace.

Magnolia-provided equipment (e.g., laptops, hotspots) must be used for work purposes only, remains Magnolia property, and must be returned at the end of a telework assignment. Employees shall not be entitled to reimbursement for use of Magnolia property and may be held liable for negligent damage or loss.

Employees may provide their own technology for Magnolia-related work with prior approval and may be eligible for reimbursement under this policy. Magnolia accepts no responsibility for damage or repairs to employee-owned equipment.

Reimbursement

Magnolia shall reimburse employees for actual and necessary business expenses when expressly authorized and preapproved. Employees seeking reimbursement above standardized amounts must submit documentation (e.g., internet or phone bills), which may be redacted for confidentiality.

Information Security And Confidentiality

Employees must never provide third parties access to Magnolia systems or share network passwords. Teleworking employees must ensure that confidential or sensitive work remains secure and inaccessible to family members, guests, or other unauthorized individuals.

Performance Standards

Employees must maintain the same or an improved level of productivity and work quality while teleworking. If productivity and/or work quality decline, the telework assignment may be reevaluated to determine whether changes or termination of the assignment are warranted.

Professional Boundaries

Employees must maintain appropriate professionalism when interacting remotely with students and/or families. Violations of professional boundaries may result in disciplinary action, up to and including termination.

Evaluation & Duration

Evaluation of performance during a telework assignment may include daily or periodic communication via video, phone, and/or email, as well as scheduled meetings to discuss progress and issues.
Magnolia may modify or terminate telework assignments at any time, with or without cause or advance notice. Although not required, Magnolia will endeavor to provide seven (7) days' notice of modification or termination whenever possible.

All telework assignments remain subject to ongoing review and may be continued, modified, or discontinued based on organizational needs.

Use of Personal Property

Employees are not encouraged to bring personal property or materials for use in the School setting. If an employee wishes to bring a personal item for School use, they must first obtain approval from MPS. MPS will not be responsible or liable for any personal property brought to the School, and the employee assumes all liability for any damage or injury related to the item.
The employee may be subject to discipline for violating this policy. The School will not be liable for lost, stolen, or damaged personal property items, and such items are brought to the workplace at the employee's own risk.
Employees are solely responsible for transporting, storing, and moving their personal belongings. If an employee is reassigned, transferred, or relocated to a different classroom or workspace, MPS will not provide assistance or resources for moving the employee's personal items. This limitation does not apply to School-provided equipment or materials, which will be handled according to standard procedures.

Security Cameras on Campus

MPS has authorized the use of security cameras in public areas where there is no reasonable expectation of privacy, including in and around School buildings and on School property. The purpose of this program is to promote and maintain a safe, secure, and healthy environment for students and staff, and to protect

the community's investment in School owned or leased property and facilities.

Public areas may include school buses, building entrances, hallways, parking lots, front offices where students, employees, and parents come and go, break rooms, gymnasiums during public activities, cafeterias, and supply rooms. Private areas of campus, such as private employee offices (unless consent by the office owner is given), restrooms, and locker rooms will not be subject to security camera recording. Additionally, MPS will post signage indicating the areas of campus where security cameras are in use.

The precise location of security cameras should be determined by MPS or by the School-site principal with the approval of the CEO. Input from employees may be sought to determine the most beneficial locations for security cameras. A diagram showing the wiring of the local server for the security cameras at the school sites shall be shared with the Board prior to the installation of the security monitoring system.

Security cameras will not be used to record audio or live footage, and footage will be kept private and destroyed after thirty (30) days, unless the preservation of the footage is otherwise needed. Authorized personnel may view the security camera footage by accessing the pre-recorded footage saved to a digital file. While MPS will not use the security camera footage to evaluate employee performance, it may be used by MPS or law enforcement in cases of suspected illegal or inappropriate conduct. In such cases, MPS cannot guarantee that security camera footage will be kept private.

Under no circumstances will employees make unauthorized copies or duplicates of security camera footage.

Employees are prohibited from tampering with the MPS's security cameras, systems, and/or footage. "Tampering" includes any unauthorized use, access, or physical damage, or any attempt to interfere, block or prevent the security camera from recording footage. Any employee found to have tampered with MPS security monitoring system may be disciplined, up to and including termination, and they may also be liable for any damage to the system.

Social Media

If an employee decides to post information on the Internet (i.e., TikTok, Snapchat Facebook, Instagram, etc.) that discusses any aspect of their workplace activities, the following restrictions apply:

- School equipment, including its computers and electronics systems, may not be used for these purposes;
  - Employees may not use or post images of students or student information or work;

- Student and employee confidentiality policies must be adhered to;
  - Employees must make clear that the views expressed are their own and not those of the School;
  - Employees may not use the School's logos, trademarks and/or copyrighted material and are not authorized to speak on the School's behalf;
  - Employees are not authorized to publish any confidential information maintained by the

School;
- Employees are prohibited from making discriminatory, defamatory, libelous or slanderous comments when discussing the School, the employee's supervisors, co-workers and competitors;
- Employees must comply with all School policies, including, but not limited to, rules against sexual harassment and retaliation.

The School reserves the right to take disciplinary action against any employee whose social media postings are disruptive to the School or violate this or other School policies.

Intellectual Property Rights

Any intellectual property, such as trademarks, copyrights and patents, and any work created by an employee in the course of employment at the School shall be the property of the School and deemed a work made for hire and the employee is deemed to have waived all rights in favor of the School. Work, for the purpose of this policy refers to written, creative or media work. All source material used in presentation or written documents must be acknowledged by the author or owner.

Media Contacts

All media inquiries regarding the School and its operations must be referred to the **Chief Impact Officer or designee**. Only the Chief Impact Officer or designee is authorized to make or approve public statements pertaining to the School or its operations, although public employees do not lose the right to speak on matters of public importance. No employee, unless specifically designated by the **Chief Impact Officer** or designee, is authorized to make statements to the media on behalf of the School. Any employee who would like to write and/or publish an article, paper, or other publication on behalf of the School must obtain approval from the Chief Impact Officer or designee before publication.

Personnel Files and Record Keeping Protocols

At the time of employment, a personnel file is established for each employee. It is each employee's responsibility to keep **the Principal (or MERF P&C Department for MERF employees)** advised of changes that should be reflected in their personnel file by making the changes in the Human Resources Information System Employee Self Service Portal. Such changes include change in name, address, telephone number, personal information if required for insurance purposes (e.g., marital/domestic partnership status, number of dependents) and person(s) to notify in case of emergency. Prompt notification of these changes is essential and will enable the School to contact an employee should the change affect their other records.

Employees have the right to inspect documents in their personnel file, as provided by law, in the presence of a School representative, at a mutually convenient time. Employees also have the right to obtain a copy of their personnel file as provided by law. Employees may add comments to any disputed item in the file. MPS will restrict disclosure of personnel files to authorized individuals within the School. A request for information contained in the personnel file must be directed to **the Principal (or MERF P&C Department for MERF employees)**. Only **the Principal and MERF P&C Department** or designee is authorized to release information about current or former employees. Disclosure of

information to outside sources will be limited. However, the School will cooperate with requests from authorized law enforcement, or local, state or federal agencies conducting official investigations or as otherwise legally required. Credible complaints of substantiated investigations into or discipline for egregious misconduct will not be expunged from an employee's personnel file unless the complaint is heard by an arbitrator, administrative law judge, or the Board and the complaint is deemed to be false, not credible, unsubstantiated or a determination was made that discipline was not warranted.

HOURS OF WORK, OVERTIME AND ATTENDANCE

Employee Classifications

An employee's salary and benefits depend on a wide range of factors, including base scale, qualifications, additional duties, and performance. Employees who have any questions about their salary, should speak to the Principal or the P&C Department for more details.

Classification Type	Definition	Eligible Benefits
Full-Time Salaried	Employed on a regularly scheduled **30+ hours per week** basis for a non-specified period.	- STRS/PERS/401K Retirement Plan - Personal Necessity/Sick Leave/Floating Holiday - 100% Health Benefits Coverage (including family members) - Life insurance Plan - Vacation Hours (12-months employees only) - Tuition Reimbursement Program
Full-Time Hourly	Employed on a regularly scheduled **30+ hours per week** basis for a non-specified period.	- STRS/PERS/401K Retirement Plan - Personal Necessity/Sick Leave Hours/Floating Holiday - 100% Health Benefits Coverage (including family members) - Life insurance Plan - Vacation Hours (12-months employees only) - Tuition Reimbursement
Part-Time Hourly	Employed on a regularly scheduled basis of **20.00 to 29.99 hours per week** for a non-specified time.	- STRS/PERS Sick Leave

Powered by BoardOnTrack

Part-Time Hourly	Employed on a regularly scheduled basis of **19.99 or less hours per week** for a non-specified time.	- Sick Leave - Not eligible for any other benefits
Temporary/ Seasonal Full-Time	Employed on a regularly scheduled basis of **30+ hour per workweek for a finite period of time** (though they are still at will employees).	- Sick Leave - Some full-time temporary and seasonal employees may also be eligible for employer-sponsored health benefits, as required by law.
Temporary/ Seasonal Part-Time	Employed on a regularly scheduled basis of **29 or less hours per week for a finite period of time** (though they are still at-will employees)**.**	- While this position may be eligible for Sick Leave, it is not eligible for any benefits.
Independent Contractor	Independent Contractors are non-employees.	Not eligible for any benefits.

Work Hours and Schedules

The School's normal operating hours are from ***7:30 a.m. to 4:00 p.m.**, Monday through Friday. The work schedule for hourly nonexempt employees may vary. Each employee will be assigned a work schedule by their supervisor. *Typical working hours for hourly nonexempt employees may be as follows:

REGULAR WORKING HOURS*	
School Level: Full-time office staff	7:30 a.m. – 4:00 p.m. (may include a meal break for thirty (30) minutes and two ten (10) minute breaks)
School Level: All other full-time employees	7:45 a.m. – 4:00 p.m. (may include a meal break for thirty (30) minutes and two ten (10) minute breaks)
CMO Level: All full-time MERF employees	8:30 a.m. – 5:00 p.m. (may include a meal break for thirty (30) minutes and two ten (10) -minute breaks)

* Working hours may vary from one School site to another.

Powered by BoardOnTrack

Employee work schedules and pay may fluctuate depending on the workload:

- Employees may have to work hours beyond their normal schedules as work demands require.
- Hourly employees will only be paid for the hours worked unless accrued paid leave is used or during a paid holiday for eligible employees.
- Employees are expected to attend weekly staff meetings and other mandatory training and meetings.
- Full-time teachers may be required to supplement regular curricular activities through after school programs, including tutoring and clubs. Each full-time teacher is expected to offer at least two after school programs per week.
- As directed by the Principal, employees may be required to conduct home visits to develop a positive school-home relationship that supports student achievement.
- As directed by the Principal, employees may also be required to attend school events and activities, including but not limited to, parent conferences, student/parent orientation, back-to-school nights, parent/community meetings, and any other school events and activities that occur during or outside of the normal school day, as indicated in the work year calendar. This required work is distinguishable from the employee's involvement in non-work volunteer activities, which are not required by the employee's employment.
- Employees are expected to perform other duties as requested by their direct supervisor.

Overtime

Whether an employee is exempt from or subject to overtime pay will be determined on a case by-case basis. Generally, teachers and administrators are exempt from earning overtime pay. Exempt employees may have to work hours beyond their normal schedules as work demands require, thus, no overtime compensation will be paid to exempt employees. Nonexempt employees may be eligible to earn overtime if required to work beyond the regularly scheduled workday or workweek. Only actual hours worked in a given workday or workweek can apply in calculating overtime for nonexempt employees. MPS will attempt to distribute overtime evenly and accommodate individual schedules, however, the operational needs of the School are paramount. All overtime work must be previously authorized in writing by **the Principal (or MERF P&C Department for MERF employees.)** MPS provides compensation for all overtime hours worked by nonexempt employees in accordance with state and federal law.

Make Up Time

A nonexempt employee may make a written request to make up work time that is or would be lost as a result of another scheduled absence. It is at the sole discretion of the School to approve or reject the request. The hours of that make-up work may only be performed in the same workweek in which the work time was lost and may not result in the employee earning overtime. The makeup time must not exceed eleven (11) hours of work in one day or forty (40) hours of work in one week. The employee is responsible for recording the time worked and taking all applicable rest and meal breaks during make-up time. Make up time is not encouraged and is based on the availability of work.

Employees who are called to work on a scheduled day off, such as a holiday, may be provided a makeup

day off during the same workweek, schedule permitting and with supervisor approval.

Wage Attachments and Garnishments

Under normal circumstances, the School will not assist creditors in the collection of personal debts from its employees. However, creditors may resort to certain legal procedures such as garnishments, levies or judgments that require the School, by law, to withhold part of an employee's earnings in their favor. The School will comply with such legal procedures.

Employees are strongly encouraged to avoid such wage attachments and garnishments.

Meal and Rest Periods

All employees working at least five (5) hours are provided with a thirty (30) minute unpaid meal period, to be taken approximately in the middle of the workday, but by no later than the end of the fifth (5^{th}) hour of work. An employee may waive this meal period if the day's work will be completed in no more than six (6) hours, provided the employee and MPS mutually consent to the waiver in writing.

Nonexempt employees are also provided with a ten (10) minute rest period for every four (4) hours worked or major fraction thereof, which should be scheduled towards the middle of the four (4) hour work period as practicable. Employees are prohibited from combining meal and rest period time. An employee's supervisor must be aware of and approve scheduled meal and rest periods. Employees must immediately inform their supervisor if they are prevented from taking their meal and/or rest periods. Employees are expected to observe assigned working hours and the time allowed for meal and rest periods.

Lactation Accommodation

MPS accommodates lactating employees by providing a reasonable amount of break time to any employee who desires to express breast milk for an infant child. The break time shall, if possible, run concurrently with any break time already provided to the employee. Any break time provided to express breast milk that does not run concurrently with break time already provided to the nonexempt employee shall be unpaid.

MPS will make reasonable efforts to provide employees who need lactation accommodation with the use of a room or other private location that is clean and located close to the employee's work area. Such a room/location shall not be a bathroom or contain toxic or hazardous materials, and shall have electricity, a surface to place a breast pump, and a place to sit. Employees shall also be given access to a sink with running water and a refrigerator. Employees with private offices will be required to use their offices to express breast milk.

Employees who desire lactation accommodation should contact their supervisor to request accommodations.

Pay Days

Paydays are scheduled twice per month for **all employees**. The pay periods run from the 1st of the month to the 15th of the month (with paychecks available on the 20th of the month) and the 16th of the month to the end of the month (with paychecks available on the 5th of the following month). For 12-month employees, the School pays up to twenty-four (24) pay periods. For 11-month employees, the School pays up to twenty-two (22) pay periods.

The total number of pay periods may vary depending on the starting and ending date of employment, and whether the employee performed work, used time from the accrued leave (paid sick leave, vacation leave, PTO), or is eligible for a paid holiday during the pay period. The last pay period of the school year ends on June 30th. Each paycheck will include earnings for all reported work performed through the end of the payroll period and is subject to regular withholdings. In the event that a regularly scheduled payday falls on a weekend or holiday, employees will receive their pay no later than the next day of work after the day(s) off.

Employees should promptly notify **the Principal (or MERF P&C Department for MERF employees)** with questions regarding the calculations of their paycheck. Any corrections will be noted and will appear on the following payroll check.

Payroll Withholdings

As required by law, the School shall make all required withholdings, including:

- Federal Income Tax Withholding: The amount varies with the number of exemptions the employee claims and the gross pay amount.

- State Income Tax Withholding: The amount varies with the number of exemptions the employee claims and the gross pay amount.

- Social Security (FICA): The Federal Insurance Contribution Act requires that a certain percentage of employee earnings be deducted and forwarded to the federal government, together with an equal amount contributed by the School.

- State Disability Insurance (SDI): This state fund is used to provide benefits to those out of work because of illness or disability. These contributions also cover Paid Family Leave (PFL) benefits to those out of work to care for a seriously ill family member/designated person or bond with a new child. SFI and PFL benefits are managed by California Employment Development Department (EDD) and are not determined by the School.

- CalSTRS and CalPERS Contributions: The School participates in the California State Teachers Retirement (CalSTRS) and the California Public Employee Retirement System (CalPERS), which are pension programs that provide defined benefits to qualifying members in retirement. Employees will have a percentage of their pay withheld to contribute to the CalSTRS and CalPERS, and the school will also make a monthly contribution on the employee's behalf.

Employees may also have deductions made to their paychecks when a wage overpayment occurs. The School will provide the employee with a written notice which describes the wage overpayment and will afford the employee an opportunity to respond before commencing any recoupment action. If the employee disputes the wage overpayment, the School shall initiate a legal action to validate the overpayment before proceeding with recoupment. The School may require the employee to reimburse an overpayment through a mutually agreeable method, including through cash repayment or a deduction of the employee's payroll check, among other options. An employee who is separated from employment before full repayment of the overpayment amount shall have any remaining amounts withheld from their final check. The School also reserves the right to exercise any and all other legal means to recover any additional amounts owed. The School shall provide employees with advance written notice of the deduction prior to the pay period where it will go into effect.

Every payroll deduction is explained on the check voucher. Employees are directed to contact Human Resources with questions.

Employees may change the number of withholding allowances claimed for Federal Income Tax purposes at any time by filling out a new W-4 form and submitting it to **the Principal (or MERF P&C Department for MERF employees) and by updating the Human Resources Information System Employee Self Service Portal**. The P&C Department also maintains a supply of forms.

It is the employee's responsibility to report any changes in filing status to **the Principal (or MERF P&C Department for MERF employees)** by updating his/her Human Resource Management System Employee Self Service Portal.

At the end of the calendar year, a "withholding statement" (W-2) will be prepared and forwarded to each employee for use in connection with preparation of income tax returns. The W-2 shows Social Security information, taxes withheld and total wages.

The School offers programs and benefits beyond those required by law. Employees who wish to participate in these programs may voluntarily authorize deductions from their paychecks.

Salary Compensation for Partial Pay Period

Salary payments to employees who are employed for less than a full pay period because of leave without pay, separation from employment for any reason, or employment at dates other than the beginning or the end of the pay period are computed on the basis of actual working days in the month. For this purpose, working days are considered to be forty (40) hours Monday through Friday unless otherwise specified.

For teaching staff, the actual working days start on the first day of summer teacher in-service and end on the last day of school or on the end-of-year school wrap-up day, whichever is later.

Pay Rate Schedule

Pay is primarily determined by the work classification, employee qualifications, years of service, and individual performance. The School uses the Board approved employee pay

raise scales to determine the salaries for full- time teaching staff and non-classroom based academic personnel and school leaders**. MERF employees and classified employees pay are determined by the MPS Board approved salary band. Please refer to the scales for details. For school level classified employees, the pay is primarily determined by the work classification and individual performance.**

Attendance Policy

Regular and reliable attendance is essential to supporting MPS's mission and ensuring strong student outcomes. With 180 instructional days each year, every employee plays a critical role in maintaining continuity of learning and school operations. Being present—not just physically, but as a prepared and punctual professional—directly impacts student success, team effectiveness, and the overall functioning of our schools.

Employees are expected to adhere to their assigned work schedules, to report to work on time, and to remain at work for their full scheduled shift unless an appropriate and approved absence occurs. School-organized In-Service days, Professional Development days, and all regular workdays are considered required workdays.

If an employee must be absent or late, they are required to notify their **direct supervisor** as early as possible and, when feasible, arrange absences in advance. If advance arrangement is not possible, employees must notify their **direct supervisor** no later than one-half (½) hour before the start of the workday. Employees who are absent for more than one day must keep their supervisor sufficiently informed of their status. Teachers must also maintain a substitute folder and ensure lesson plans and essential materials are accessible to support instructional continuity during an absence.

In addition to notifying a supervisor, all absences must be recorded in the HRIS system regardless of whether the employee has accrued leave available, so the employee's status is properly documented. Failure to properly record an absence is a violation of the attendance policy.

Excessive Absenteeism and Tardiness

Consistent attendance is a core professional responsibility. Excessive or unexcused absenteeism or tardiness disrupts school operations and student learning and will result in corrective action under the School's **Discipline Policy**.

Absences must comply with applicable leave laws, the Employee Handbook, and School procedures. Absence for more than three (3) consecutive days without notifying the Principal will be considered a voluntary resignation from employment, except in verified emergencies or circumstances protected by law.

Time missed due to tardiness may be deducted from available leave balances. Once all sick leave or vacation is exhausted, time missed will be unpaid.

CHART OF CONSEQUENCES FOR TARDINESS AND ABSENCES

	OCCURRENCES/DAYS	STEP AND ACTION
TARDINESS	1 -2 occurrences	Verbal Warning + documented coaching
	3rd occurrence	Written Warning
	4th occurrence	Improvement Plan (PIP) + monitoring period
	5th occurrence	Final Written Warning
	6th occurrence	Disciplinary action up to and including termination
ABSENCES	After all sick leave/vacation days are used	Exempt: full day of pay deducted; Nonexempt: unpaid time; attendance expectations reviewe
UNEXCUSED ABSENCE	1st occurrence	Written Warning
	2nd occurrence	Final Written Warning
	3rd occurrence	Disciplinary action up to and including termination
NO CALL/NO SHOW	3 consecutive days	Considered job abandonment, which can lead to termination

Timecards and Records

By law, MPS is obligated to keep accurate records of the time worked by nonexempt employees. Such employees shall be required to utilize the School's timecard system.

Nonexempt employees must accurately clock in and out of their shifts as this is the only way the payroll

department knows how many hours each employee has worked and how much each employee is owed. The timecard indicates when the employee arrived and when the employee departed. All nonexempt employees must clock in and out for arrival and departure, along with lunch and for absences like doctor or dentist appointments. All employees are required to keep the office advised of their departures from and returns to the school premises during the workday.

Nonexempt employees are solely responsible for ensuring accurate information on their time cards and remembering to record time worked. If an employee forgets to mark their time card or makes an error on the time card, the employee must contact the Principal within the same pay period to make the correction and such correction request must be approved by the Principal.

Nonexempt employees are prohibited from performing off-the-clock work, including but not limited to checking emails before/after work hours, performing work in the morning before logging in, and running School errands after logging out.

No one may record hours worked on another's timecard. Any employee who violates any aspect of this policy may be subject to disciplinary action, up to and including release from at-will employment with the School.

Mandatory Training and Meetings

As a professional learning organization committed to 180 days of strong instructional outcomes, MPS requires all employees to fully participate in scheduled mandatory trainings and meetings. These events—including summer in-services, professional development days, the All-Staff Symposium, and weekly staff meetings—are essential to building shared practices, ensuring consistency across schools, and supporting student achievement. **Attendance is not optional for mandatory events.**

Why This Matters

At Magnolia, we believe that every student deserves access to high-quality, aligned instruction and a unified, mission-driven school experience. Our mandatory gatherings—especially the All-Staff Symposium—are critical opportunities for:

- Building shared expectations and instructional alignment across all schools
- Strengthening organizational culture and connection
- Ensuring consistent practices that directly impact student success
- Equipping staff with tools and professional learning needed for the school year
- Creating space for collaboration, innovation, and collective problem-solving

These shared moments reaffirm our purpose and allow us to operate as **one team**, providing students with a cohesive educational experience regardless of campus.
For these reasons, staff are expected to prioritize attendance at all mandatory events and make personal arrangements (including childcare or transportation) well in advance to ensure participation.

Attendance Expectations

Employees must request an exception **in advance** from their direct supervisor if an unavoidable, documented extenuating circumstance arises. Personal preference, childcare issues, or travel

inconvenience do not qualify as automatic exemptions and must still be formally reviewed and approved before the event.

Nonexempt employees will be compensated for mandatory training, lectures, and meetings occurring outside regular work hours, including applicable travel time and mileage in accordance with the MPS Reimbursement Policy.

Mandatory trainings and meetings will be clearly identified as such. Employees unsure whether an event is mandatory must clarify with their supervisor **before the scheduled date**.

All nonexempt employees must record all hours spent attending mandatory trainings and meetings on their timecards.

Failure to attend a required training or meeting without prior approval may result in corrective or disciplinary action under the Progressive Discipline Policy, up to and including written warnings, an Improvement Plan, or further disciplinary steps.

Expense Reimbursements

The School may reimburse employees for certain reasonably necessary expenses incurred in the furtherance of School business, including, but not limited to, fingerprint processing fees, TB test fees, First Aid & CPR fees, fees of exams that lead to professional certification (CSET, CBEST, RICA, CTEL, CLAD, CPACE, etc.,) and other approved School business and profession related expenses. During the onboarding process for a new hire, fingerprint processing fees and TB test fees may be reimbursed up to 2 (two) fees upon the supervisor and/or the P&C Department's request and approval. Credential fees, university entrance exam fees, and US Constitution exam fees are not reimbursable. Please refer to the MPS Tuition Reimbursement policy for professional development opportunities and certification programs reimbursed by the School.

In order to be eligible for reimbursement, employees must follow the protocol set forth in the MERF's policy regarding expenditures, a copy of which may be obtained from the **Principal (or MERF P&C Department for MERF employees)**.

MERF Purchase Policies and Procedures Manual requires all employee expense or purchase plans to be pre- approved by his/her supervisor.

All new and continuing tuition reimbursement requests must be pre-approved annually by the employee's supervisor as stated in the MPS Tuition Policy.

STANDARDS OF CONDUCT

Personal Appearance/Standards of Dress

MPS employees serve as role models to the School's students. All employees should therefore maintain professional standards of dress and grooming. Just as overall attitude and instructional competency contribute to a productive learning environment, so do appropriate dress and grooming.

Employees are encouraged to wear clothing that will add dignity to the educational profession, will present an image consistent with their job responsibilities, and will not interfere with the learning process. Accordingly, all employees shall adhere to the following standards of dress:

1. Clothing and jewelry must be safe and appropriate to the educational environment. All clothing must be clean and in good repair. Slits or tears in pants or other articles of clothing are not permitted except for modest slits in dresses or skirts that are no higher than three (3) inches above the knee.

2. Head coverings, including hats of any kind, except those worn for religious or safety reasons, are not to be worn inside school buildings including assemblies, classrooms, labs and offices. Hats may be worn outside for sun protection. All hats are to be removed upon entering school buildings. For exceptions to this policy, prior approval must be granted by the Principal.

3. Slacks and shorts are to be worn on the waist with no portion of an undergarment showing.

4. Shorts should be modest in length and should be no higher than three (3) inches above the knee.

5. Skirts and dresses should be no higher than three (3) inches above the knee.

6. All tops must be appropriate to the work environment, and should be clean, neat, and provide proper coverage.

7. For safety purposes, earrings must not dangle more than one (1) inch below the ear.

8. Clothing or jewelry with logos that depict and/or promote gangs, drugs, alcohol, tobacco, sex, violence, illegal activities, profanity, or obscenity are not permitted.

9. Apparel of a controversial nature which is likely to be divisive or disruptive to students or interfere with MPS's neutral viewpoint work environment.

10. Due to safety concerns, appropriate shoes must be worn at all times. For example; flip flops are not appropriate foot wear.

11. If an employee has a tattoo that is visible, it is the employee's responsibility to ensure that it is not visible during working hours.

12. Supervisors will inform employees of any specific dress requirements for their position.

Prohibited Conduct

The School expects that all employees will conduct themselves in a professional and courteous manner while on duty. Employees who behave with a disregard for school rules, mission, or vision will be disciplined accordingly. This includes employees who behave with a lack of courtesy and civility toward

others, who do not prioritize their commitment to MPS, and who undermine or act against School programs, rules, and policies. MPS wishes to provide students with the best quality of education by committed school leaders with a student-centric mindset.

MPS understands that not every person values and prioritizes a charter school education with the same level of commitment, and that is the prerogative of the individual. However, it is MPS's prerogative in an at-will employment relationship to seek to surround our students with committed advocates, and to end employment relationships with individuals who do not carry out the School's mission. Employees who are not committed to carrying out MPS's school mission, or who behave in a manner that is contrary to the goals of the School, may be deemed not a good fit for MPS and released from at-will employment on that basis. Similarly, employees who violate the spirit of this section, or the expressly written rules of conduct, may be released from at-will employment. The following is a list of conduct that is prohibited by the School. This list is not exhaustive and is intended only to provide examples of the type of conduct that will not be tolerated by the School. The specification of this list of conduct in no way alters the employment relationship the employee has with the School nor does it prevent the School from releasing employees for any or no reason at all, consistent with the at- will employment relationship.

- Insubordination – willfully or negligently failing to perform a task or duty assigned or act in accordance with instructions provided by the School;
- Unprofessional conduct.
- Inefficiency - including willful or negligent restriction of output, carelessness or unnecessary wastes of time or material, neglect of job duties or responsibilities;
- Unacceptable or poor job performance;
- Privacy violations or release of confidential information without authorization;
- Violations of the attendance policy or other unexcused/unreported absence and/or lack of punctuality;
- Improper use or abuse of leave;
- Working unauthorized overtime or refusing to work assigned overtime;
- Misuse of School property or funds;
- Improper use of School equipment, materials, time or property;
- Damaging, defacing, unauthorized removal, destruction or theft of another employee's property or of School property.
- Failure to maintain a required license, certification or permit current and in good standing;
- Horseplay or other unnecessary or inappropriate physical contact;
- Sleeping, loitering, or malingering on the job;
- Refusal to communicate with students, parents, supervisors, or other employees;
- Conducting personal business during business hours and/or unauthorized use of School property for non- School reasons;
- Posting any notices on School premises without prior written approval of management unless posting is on a School bulletin board designated for employee postings and is otherwise non offensive and appropriate for the workplace;
- Unauthorized soliciting, collecting of contributions, distribution of literature, written or printed matter, is strictly prohibited on School property by non-employees and by employees. This rule does not cover periods of time when employees are off their jobs such as lunch periods and break times. However, employees properly off their jobs are prohibited from such activity with other employees who are performing their work tasks;

- Failure to comply with the School's safety procedures;
- Failure to report a job-related accident to the employee's manager or failure to take or follow prescribed tests, procedures or treatment;
- Immoral or indecent conduct;
- Fighting or instigating a fight on School premises;
- Gambling on school premises;
- Use of profane, abusive or threatening language in conversations with other employees and/or intimidating or interfering with other employees;
- Possession of alcohol or illegal drugs and controlled substances at work, or reporting to work while under the influence of the same;
- Dishonesty;
- Falsification, fraud or omission of pertinent information when applying for a position;
- Recording the work time of any other employee, or allowing any other employee to record time on your time record or falsifying any time record;
- Theft or embezzlement;
- Willful destruction of School property;
- Conviction of a crime making the employee unfit for the position, or failure to report a criminal charge or conviction to the School;
- Possession of firearms, or any other dangerous weapon, while on campus or while working for the School;
- Violation of the discrimination, harassment or retaliation policy;
- Engaging in sabotage or espionage (industrial or otherwise);
- Any willful act that endangers the safety, health or wellbeing of another individual;
- Any act of sufficient magnitude to cause disruption of work or gross discredit to the school;
- Failure to follow any known policy or procedure of the School or gross negligence that results in a loss to the School; and
- Failure to respond to work-related communications within 1 day for exempt employees and 1 business day for nonexempt employees.
- Violations of federal, state or local laws affecting the organization or the employee's employment with the organization.
- Failure to disclose a pending action against the employee's credential by the California Commission on Teacher Credentialing.
- Failure to adequately supervise (e.g. employees must be free from distraction and are prohibited from personal cell phones while on supervision duty).
- Allowing a visitor onto campus without prior authorization and without the appropriate clearances.

Off-Duty Conduct

While the School does not seek to interfere with the lawful off-duty and personal conduct of its employees, certain types of off-duty conduct may interfere with the School's legitimate business interests. For this reason, employees are expected to conduct their personal affairs in a manner that does not adversely affect the School or its own integrity, reputation, or credibility. Illegal or immoral off-duty conduct by an employee that adversely affects the School's legitimate business interests or the employee's ability to perform his or her work will not be tolerated.

While employed by the School, employees are expected to devote their energies to their jobs with the School. For this reason, second jobs are strongly discouraged. The following types of additional employment elsewhere are strictly prohibited:

- Additional employment that conflicts with an employee's work schedule, duties, and responsibilities at the School;
- Additional employment that creates a conflict of interest or is incompatible with the employee's position with the School;
- Additional employment that impairs or has a detrimental effect on the employee's work performance with the School;
- Additional employment that requires the employee to conduct work or related activities on the School's property during the employer's working hours or using our School's facilities and/or equipment; and
- Additional employment that directly or indirectly competes with the business or the interests of the School.

Employees who wish to engage in additional employment must submit a written request to the School explaining the details of the additional employment. The School will advise the employee of whether a conflict appears to exist based on the information provided. The School assumes no responsibility for this determination or the employee's other employment. MPS shall not provide workers' compensation coverage or any other benefit for injuries occurring from or arising out of the additional employment. Authorization to engage in additional employment can be revoked at any time if a conflict is suspected.

EMPLOYEE BENEFITS

Holidays and Vacations School Holidays

The School recognizes the following holidays. All exempt and nonexempt **full-time** employees will receive the following paid holidays in 2026-2027:

School Holidays	Dates
Independence Day	**July 3, 2026 (Friday)** ***(for 12month employees)***
Labor Day	**September 7, 2026 (Monday)**
Veterans Day	**November 11, 2026 (Wednesday)**
Thanksgiving Day*	**November 26, 2026 (Thursday)**
Day after Thanksgiving*	**November 27, 2026 (Friday)**
Winter Break Holiday**	**December 23, 2026 (Wednesday)**
Winter Break Holiday**	**December 24, 2026 (Thursday)**
Christmas Holiday**	**December 25, 2026 (Friday)**
New Year's Holiday**	**December 31, 2026 (Thursday)**
New Year's Holiday**	**January 1, 2027 (Friday)**
M. L. King Day	**January 18, 2027 (Monday)**

Presidents' Day	**February 12, 2027 (Friday) (Only MSA-SA, Anaheim, SD)** **February 15, 2027 (Monday) (All MPS & HO)**
Farmworkers Day	**March 31, 2027 (Friday) (All MPS & HO Except SD)**
Spring Break Holiday* **	**March 24, 2027 (Wednesday) (HO &, 1-8, Anaheim)** **March 31, 2027 (Wednesday) (SD)** **April 7, 2027 (Wednesday) (SA)**
Spring Break Holiday* **	**March 25, 2027 (Thursday) (HO &, 1-8, Anaheim)** **April 1, 2027 (Thursday) (SD)** **April 8, 2027 (Thursday) (SA)**
Memorial Day	**May 31, 2027 (Monday)**
Juneteenth Holiday	**June 18, 2027 (Friday)**

* Falls during Thanksgiving Break
** Falls during Winter Break
*** Falls during Spring Break

School Breaks

All **full-time** exempt employees who are not in "leave status" will receive the following paid school breaks (which may include, and are not in addition to, the School Holiday Schedule above):

- Thanksgiving Break (including Thanksgiving Day and the Day after Thanksgiving)
- Winter Break (including the Christmas Day, Winter Break Holiday, and New Year's Day)
- Spring Break (including Spring Break Holiday)

Part-time, temporary, and seasonal employees, and independent contractors, are not compensated during School breaks.

Full-time **education specialists, school psychologists, college counselors, athletic directors, and school social workers** at the school sites will be treated as teaching staff for the purpose of holidays and vacation. If employees have any questions about their employment classification, they should consult with **MERF People and Culture Department.**.

SCHOOL BREAKS	DATES
Full-time teaching staff:	
Thanksgiving Break	**November 23 (Mon) - November 27 (Fri), 2026** (All MPS Schools & HO)

Powered by BoardOnTrack

Winter Break	**December 21, 2026 (Mon) – January 8, 2027 (Fri)** (Only HO, MSA1-4, 6-8, SA, Anaheim) **December 21, 2026 (Mon) – January 1, 2027 (Fri)** (Only MSA 5, SD)
Spring Break	**March 22, 2027 (Mon) - March 26, 2027 (Fri)** (HO&,1-8,Anaheim) **March 29, 2027 (Mon) - April 2, 2027 (Fri)** (MSA-San Diego) **April 5, 2027 (Mon) - April 9, 2027 (Fri)** (MSA-Santa Ana)
School administrators, classified exempt 12 month employees, and MERF employees:	
Thanksgiving Break	**November 25 (Wed)-November 27 (Fri), 2026** (All MPS Schools & HO)
Winter Break	**December 23, 2026 (Wed)–January 8, 2027 (Fri)** (Only HO, MSA1-4, 6-8, SA, Anaheim) **December 23, 2026 (Wed)–January 1, 2027 (Fri)** (Only MSA 5, SD)
Spring Break	**March 24, 2027 (Wed) - March 26, 2027 (Fri)** (HO, 1-8, Anaheim) **March 31, 2027 (Wed) - April 2, 2027 (Fri)** (MSA-San Diego) **April 7, 2027 (Wed) - April 9, 2027 (Fri)** (MSA-Santa Ana)

If a school site has a different schedule of breaks and/or additional breaks other than those listed above, such as fall break, Presidents' week, etc., the general rule of thumb is that fulltime teaching staff will take the whole break off in the school calendar while the School administrators and MERF employees will have two (2) days less off. Full-time, hourly classified staff are only eligible for pay according to the School Holiday Schedule above.

Floating Holidays

All full-time MPS Employees are eligible to receive two (2) floating days each school year. Floating Holidays are not vacation days, and cannot be paid out, cashed out, and cannot be rolled over. Floating holidays are provided at the start of each school year.

Vacation

The School provides vacation benefits to eligible employees to enable them to take paid time off for rest and recreation. Vacation is provided to prevent overworking. The School believes that this time is valuable for employees in order to enhance their productivity and to make their work experience with the School personally satisfying.

All **full-time 12-month** employees accrue vacation from the date of hire at the following accrual rates:

*ELIGIBLE EMPLOYEES	VACATION ACCRUAL	MAX CAP
School Administrators	Hours will accrue per pay period up to 160 hours (8 hours per pay period) per year	240 hours

Powered by BoardOnTrack

School Classified Employees	Hours will accrue per pay period up to 120 hours (6 hours per pay period) per year	200 hours
MERF Employees	Hours will accrue per pay period up to 160 hours (8 hours per pay period) per year	240 hours

As a benefit to employees, eligible employees will accrue the maximum vacation time prior to the end of the year to facilitate their use of vacation time before the end of the year. This accelerated accrual does not entitle eligible employees to vacation time above and beyond their yearly accrual, as indicated in the chart above. Vacation time may not be utilized before it is earned. Vacation is rolled over from year to year and is capped at 240 hours for administrators and MERF employees, and 200 hours for full-time classified employees. There is no retroactive grant of vacation compensation for the period of time the accrued vacation compensation was at the cap.

Employees who have non-sick related partial or full day absences will have vacation time deducted from their vacation bank commensurate with their time off.

No vacation accrues during any unpaid leave of absence or while on disability salary continuation. Vacation accruals recommence when the employee returns to work.

On termination of employment, the eligible employee is paid all accrued, unused vacation at the employee's base rate of pay at the time of his or her separation from employment.

All vacations must be approved in advance by **the direct supervisor of the employee**, who will make reasonable efforts to accommodate employee requests. Vacation requests must be made at least two (2) weeks prior to the desired vacation time. Job requirements will always have precedence over vacation schedules. The School may attempt to have some of its employees stagger vacations in an effort to avoid affecting services.

11 month employees, including non-classroom based academic employees and teaching staff, do not accrue vacation.

For full-time teaching staff, the actual working days start on the first day of summer teacher in-service and end on the last day of school or on the end-of-year school wrap-up day, whichever is later.

Any accrued but unused vacation will not be paid out at the end of the school year. Nonetheless, all employees are entitled to have their unused vacation time paid out upon separation from the School**.**

Sick Leave

To help prevent loss of earnings that may be caused by accident or illness, or by other emergencies, MPS offers paid sick leave to its employees. Sick leave may be taken to receive preventive care (including annual physicals or flu shots) or to diagnose, treat, or care for an existing health condition. Additionally, employees may use sick leave during public health emergencies resulting in the closure of MPS, the employee's child care provider, or the school of the employee's child. Employees may also use sick leave to assist a family member (i.e., children, parents, spouses/domestic partners, grandparents,

grandchildren, siblings), or a designated person (i.e., one who is designated by the employee at the time the leave is requested) who must receive preventative care or a diagnosis, treatment, or care for an existing health condition. Employees limited to one (1) designated person per twelve (12) month period. Employees may also take paid sick leave while on jury duty or when appearing as a witness during judicial proceedings, or to receive medical care or other assistance in relation to being the victim of domestic violence, sexual assault, or stalking.

All full-time and part-time staff will be credited with forty-eight (48) hours of sick leave at the start of the school year. In addition to the credited forty-eight (48) hours, all 11 and 12-month full-time employees will accrue two (2) sick leave hours per pay period. The maximum accrued sick leave is eighty (80) hours per year. Paid sick leave can be used by all MPS employees who work for at least thirty (30) days within the span of a single calendar year from the commencement of employment.

Employees may roll over up to eighty (80) hours of paid sick leave from year to year.

MPS EMPLOYEE SICK HOURS			
	BEGINNING	**ACCRUAL**	**MAXIMUM ACCRUAL**
11-MONTHS FULL-TIME	48 hours	2 hours per pay period	80 hours
12-MONTHS FULL-TIME	48 hours	2 hours per pay period	80 hours
PART-TIME	48 hours	X	N/A
SEASONAL/TEMPORARY	0	1 hour for every 30 hours worked	80 hours

Employees cannot use paid sick leave until the thirtieth (30th) calendar day following the employee's start date. Sick leave must be taken by eligible employees in increments of thirty (30) minutes.

Sick leave is intended to be used only for the qualifying purposes stated above. MPS will not tolerate abuse or misuse of sick leave. If an employee is absent longer than five (5) days due to illness, medical evidence of the illness and/or medical certification of the employee's fitness to return to work may be required.

It is integral to the operation of MPS programs, and the education of students, that MPS receive proper advance notice of paid sick leave absences. Unless the delay in reporting was unavoidable, employees must make advance requests for paid sick leave so coverage can be provided for their role, and student programs are not unnecessarily disrupted by a sudden absence. An employee who has an authorized reason for an absence, but no justifiable reason for failing to report it in advance as required by the attendance policy, may be subject to discipline for violation of this section. Employees who are absent for a paid sick leave related reason must request paid sick leave, as supervisors will not assume sick leave is appropriate and enter it on the employee's behalf.

Employees must exhaust all available paid sick leave prior to utilizing unpaid leave unless otherwise allowed by law. Once an employee has exhausted sick leave, the employee may continue on an unpaid leave, if eligible under applicable leave law, depending upon the facts and circumstances of the employee's

basis for leave beyond the accrued sick leave. If an employee is not eligible for any applicable medical leave and has exhausted all paid sick leave, the employee will not be paid for time not worked. Employee requests for unpaid leave must be approved in advance by the School.

From time to time, the School may offer to buy back up to forty (40) hours of unused paid sick leave days at $250 per day by the end of June, with employee consent. If the employee does not participate, paid sick leave will roll over up to the maximum cap. To be eligible for the buy-back, employees must work for the School for at least ninety (90) days of their work year before they may be eligible for the School to buy back their paid sick leave. For employees who do not complete ninety (90) days by June 30 and are therefore ineligible for the buy back, their paid sick leave will roll over up to the maximum cap. The School will not buy back any paid sick leave from new or continuing employees who (1) fail to work for the School for ninety (90) consecutive days of the new work year, or (2) are separated from the School based on misconduct, unprofessionalism, or suspicion of the same. The School does not buy back sick leave from temporary or seasonal employees, such as summer school employees.

Personal Necessity Leave:

A full-time employee may elect to use up to five (5) days of accumulated sick leave each school year for personal necessity including any of the following specific reasons:

- Death or serious illness of a member of his/her immediate family (this is in addition to normal bereavement leave);
- Accident involving his/her person or property or the person or property of a member of his/her immediate family;
- Appearance in court as a litigant, or as a witness under official order;
- Adoption of a child;
- The birth of a child making it necessary for an employee who is the parent of the child to be absent from his/her position during the work hours;
- Business matters which cannot reasonably be conducted outside the workday (does not include vacations or similar voluntary activities).

Employees must request personal necessity leave at least one (1) day in advance, unless an emergency situation occurs. Personal necessity leave is not vacation but rather part of the sick leave policy. Personal necessity leave does not carry over from school year to school year.

Temporary/seasonal employees may be eligible for health benefits and sick leave depending on the length of the assignment and the hours worked, as specified in the Health Benefits section and Paid Sick Leave section of this Handbook.

INSURANCE BENEFITS

Health Insurance

Full-time employees are entitled to health insurance benefits in accordance with applicable law and the School's health insurance plan. The School will cover one-hundred (**100%**) percent of the premium for employees who chose the HMO option and one-hundred (**100%**) percent of the premium to enroll legal dependents in the same program. The employee's portion of monthly premiums will be deducted from the employee's paycheck for employees who select the PPO selection or a greater amount of insurance coverage. The School may provide the employee a stipend payment at the rate of $150 per month if employee is enrolled in a separate health insurance benefit program *and declines all employer-sponsored health insurance benefits* (i.e. medical, vision, and dental) in writing by no later than within the month of August of each year. MPS will not provide a stipend to employees who will receive or have employer sponsored health insurance coverage through an actively working partner spouse of MPS.

After the end of the open enrollment or once the employee selects a plan, employees may not cancel or convert from HMO to PPO or vice versa until the next open enrollment unless there is a qualifying event such as birth of a child, loss of coverage, marital status.

Part-time, and temporary/seasonal employees working less than 30 hours per week are not entitled to health benefits provided by the School. Independent contractors, consultants and leased employees (i.e., those working for an employment agency) are not employees of the School and are not eligible for benefits provided by the School.

If medical insurance premium rates increase, employees may be required to contribute to the cost of increased premiums to retain coverage. Unless otherwise mandated by law, employees on a leave of absence are responsible for selecting continuing health coverage and paying the premium for such coverage. Failure to timely request and pay for such coverage will result in the loss of coverage.

Eligibility Coverage Start Date

Subject to health insurance carrier approval, employee coverage will begin on the first day of employment or if hired mid-month it will start on the first day of the next month. The employee is responsible for logging into MPS's Human Resources Information System and properly enrolling in any selected plans within the first thirty
(30) days of their start date.

Disability Insurance

All employees are enrolled in California State Disability Insurance (SDI), which is a partial wage

replacement insurance plan for California workers. Employees may be eligible for SDI when they are out of work related to an injury, subject to SDI eligibility requirements. The employee must contact SDI for specific rules and regulations relating to SDI eligibility, and the **MERF P&C Department** may be available to assist.

Family Leave Insurance

Employees covered by the SDI may also be covered by the California Paid Family Leave Insurance program. Eligible employees are entitled to receive up to eight (8) weeks of wage replacement benefits from the State of California when they suffer a wage loss for taking time off to care for a seriously ill or injured qualifying family member or to bond with a new child within one (1) year of birth or placement of the child with the employee.

Specific rules and regulations relating to Family Leave Insurance are available from SDI, and the **MERF P&C Department** may be able to assist.

Life Insurance

Employee life insurance is provided by MERF. All full-time employees will be covered upon hire, subject to program eligibility requirements. Employees should contact the P&C Department for coverage details.

Workers' Compensation Insurance

Eligible employees are entitled to Workers' Compensation Insurance benefits when suffering from an occupational illness or injury. This benefit is provided at no cost to the employee. See below for a further description of making a claim for Workers' Compensation Insurance benefits.

COBRA Benefits

Continuation of Benefits:

When coverage under the School's medical and/or dental plans ends, employees or their dependents can continue coverage for eighteen (18) or thirty-six (36) months, depending upon the reason benefits ended. To continue coverage, an employee must pay the full cost of coverage – the employee contribution and the School's previous contribution plus a possible administrative charge.

Medical coverage for an employee, his/her spouse, and eligible dependent children can continue for up to eighteen (18) months if coverage ends because:

- Employment ends, voluntarily or involuntarily, for any reason other than gross misconduct; or
- Hours of employment are reduced below the amount required to be considered a full-time employee or part- time, making the employee ineligible for the plan.

This eighteen (18)-month period may be extended an additional eleven (11) months in cases of disability subject to certain requirements. This eighteen (18)-month period also may be extended an additional eighteen (18) months if other events (such as a divorce or death) occur subject to certain requirements.

An employee's partner and eligible dependents can continue their health coverage for up to thirty-six (36) months if coverage ends because:

- The employee dies while covered by the plan;
- The employee and their partner become divorced or legally separated;
- The employee becomes eligible for Medicare coverage, but the employee's partner has not yet reached age sixty-five (65); or
- The employee's dependent child reaches an age which makes him or her ineligible for coverage under the plan.

Rights similar to those described above may apply to retirees, partners and dependents if the employer commences a bankruptcy proceeding and those individuals lose coverage.

MPS will notify employees or their dependents if coverage ends due to termination or a reduction in work hours. If an employee becomes eligible for Medicare, divorced or legally separated, dies, or when a dependent child no longer meets the eligibility requirements, the employee or a family member are responsible for notifying the School within thirty (30) days of the event. MPS will then notify the employee or dependents of the employee's rights.

Health coverage continuation must be elected within sixty (60) days after receiving notice of the end of coverage, or within sixty (60) days after the event causing the loss, whichever is later.

There are certain circumstances under which coverage will end automatically. This happens if: Premiums for continued coverage are not paid within thirty (30) days of the due date;

- The employee (or their partner or child) become covered under another group health plan which does not contain any exclusion or limitation with respect to any pre-existing condition the employee (or their partner or child, as applicable) may have;
- MPS stops providing group health benefits;
- The employee (or their partner or child) become entitled to Medicare; or
- The employee extended coverage for up to twenty-nine (29)-months due to disability and there has been a final determination that the employee is no longer disabled.

LEAVES OF ABSENCE

Family Care and Medical Leave

This policy explains how the School complies with the federal Family and Medical Leave Act ("FMLA") and the California Family Rights Act ("CFRA"), both of which require the School to permit each eligible employee to take up to twelve (12) workweeks (or twenty-six (26) workweeks where indicated) of FMLA/CFRA leave in any twelve (12) month period for the purposes enumerated below.

Employee Eligibility Criteria:

To be eligible for FMLA/CFRA leave, the employee must have been employed by the School for a total of at least twelve (12) months, worked at least 1,250 hours during the twelve (12) month period immediately preceding commencement of the leave, and work at a location where the School has at least fifty (50) employees within seventy-five (75) miles, (except for purposes of CFRA where the School must only have at least five (5) employees).

Events that may Entitle an Employee to FMLA/CFRA Leave:

The twelve (12) week (or twenty-six (26) workweeks where indicated) FMLA/CFRA allowance includes any time taken (with or without pay) for any of the following reasons:

- To care for the employee's newborn child or a child placed with the employee for adoption or foster care. Leaves for this purpose must conclude twelve (12) months after the birth, adoption, or placement. If both parents (or legal guardians) are employed by the School, they each will be entitled to a separate twelve (12) weeks of leave for this purpose, which cannot be loaned or otherwise assigned from one employee to the other.

- Because of the employee's own serious health condition (including a serious health condition resulting from an on-the-job illness or injury) that makes the employee unable to perform any one or more of the essential functions of their job (other than a disability caused by pregnancy, childbirth, or related medical conditions, which is covered by the School's separate pregnancy disability policy);

    - A "serious health condition" is an illness, injury (including, but not limited to on-the-job injuries), impairment, or physical or mental condition of the employee or a child, parent, or partner of the employee that involves either inpatient care or continuing treatment, including, but not limited to, treatment for substance abuse.

    - "Inpatient care" means a stay in a hospital, hospice, or residential health care facility, any subsequent treatment in connection with such inpatient care, or any period of incapacity. A person is considered an "inpatient" when a health care facility formally admits them to the facility with the expectation that he/she will remain at least overnight and occupy a bed, even if it later develops that such person can be discharged or transferred to another facility and does not actually remain overnight.

    - Incapacity" means the inability to work, attend school, or perform other regular daily activities due to a serious health condition, its treatment, or the recovery that it requires.

    - Continuing treatment" means ongoing medical treatment or supervision by a health care provider.

- To care for a partner, domestic partner, child, or parent with a serious health condition. A qualifying family member may also include a parent-in-law, grandparent, grandchild, sibling, or designated person for CFRA purposes. "Designated person" refers to any individual related by blood or whose association with the employee is the equivalent to a family relationship. Employees are limited to one (1) designated person per twelve (12) month period.

- When an employee is providing care to a partner, child, parent, or next of kin who is a covered Armed Forces service member with a serious injury or illness, the employee may take a maximum of twenty-six (26) weeks of additional FMLA leave in a single twelve (12) month period to provide said care. CFRA does not provide leave specific to caring for a service member.

- For any "qualifying exigency" because the employee is the partner, child, or parent of an individual on active military duty, or an individual notified of an impending call or order to active duty, in the Armed Forces. For CFRA purposes, this may also include a domestic partner.

Amount of FMLA/CFRA Leave Which May Be Taken:

- FMLA/CFRA leave can be taken in one (1) or more periods, but may not exceed twelve (12) workweeks total for any purpose in any twelve (12) month period, as described below, for any one, or combination of the above-described situations. "Twelve workweeks" means the equivalent of twelve (12) of the employee's normally scheduled workweeks. For a full-time employee who works five (5) eight-hour days per week, "twelve workweeks" means sixty (60) working and/or paid eight (8) hour days.

- In addition to the twelve (12) workweeks of FMLA/CFRA leave that may be taken, an employee who is the partner, child, parent, or next of kin of a covered Armed Forces service member may also be entitled to a total of twenty-six (26) workweeks of FMLA leave during a twelve (12) month period to care for the service member.

- The "twelve-month period" in which twelve (12) weeks of FMLA and CFRA leave may be taken is the twelve (12) month period immediately preceding the commencement of any FMLA/CFRA leave.

- If a holiday falls within a week taken as FMLA/CFRA leave, the week is nevertheless counted as a week of FMLA/CFRA leave. If, however, the School's business activity has temporarily ceased for some reason and employees are generally not expected to report for work for one or more weeks, such as the Winter Break, Spring Break, or Summer Vacation, the days the School's activities have ceased do not count against the employee's FMLA or CFRA leave entitlement. Similarly, if an employee uses FMLA/CFRA leave in increments of less than one (1) week, the fact that a holiday may occur within a week in which an employee partially takes leave does not count against the employee's leave entitlement unless the employee was otherwise scheduled and expected to work during the holiday.

Pay during FMLA/CFRA Leave:

- FMLA and CFRA leave are unpaid by MPS. An employee on FMLA/CFRA leave may use all accrued paid sick leave at the beginning of any otherwise unpaid FMLA/CFRA leave period. If an employee is receiving a partial wage replacement benefit during the FMLA/CFRA leave, the School and the employee may agree to have School-provided paid leave, such as vacation or sick time, supplement the partial wage replacement benefit unless otherwise prohibited by law.

- An employee on FMLA/CFRA leave for baby-bonding or to care for a qualifying family member with a serious health condition may use any or all accrued sick leave at the beginning of any otherwise unpaid FMLA/CFRA leave.

- Employees on leave are unpaid in "leave status." To be eligible for pay on the established "School Holidays" or "School Breaks" (see list), the employee must work the day workday before the paid day off, unless paid sick leave is used.

- If an employee has exhausted his/her sick leave, leave taken under FMLA/CFRA shall be unpaid leave. If the employee's leave coincides with a paid holiday, the employee must have returned to work prior to the start of the paid holiday to be eligible for holiday pay.

- The receipt of sick leave pay or State Disability Insurance and/or Paid Family Leave benefits will not extend the length of the FMLA or CFRA leave. Sick pay accrues during any period of unpaid FMLA or CFRA leave only until the end of the month in which unpaid leave began.

Health Benefits:

The provisions of the School's various employee benefit plans govern continuing eligibility during FMLA/CFRA leave, and these provisions may change from time to time. The health benefits of employees on FMLA/CFRA leave will be paid by the School during the leave at the same level and under the same conditions as coverage would have been provided if the employee had been continuously employed during the leave period. When a request for FMLA/CFRA leave is granted, the School will give the employee written confirmation of the arrangements made for the payment of insurance premiums during the leave period.

If an employee is required to pay premiums for any part of their group health coverage, the School will provide the employee with advance written notice of the terms and conditions under which premium payments must be made.

MPS may recover the health benefit costs paid on behalf of an employee during his/her FMLA/CFRA leave if:

- The employee fails to return from leave after the period of leave to which the employee is entitled has expired. An employee is deemed to have "failed to return from leave" if employee works less than thirty (30) days after returning from FMLA/CFRA leave; and

- The employee's failure to return from leave is for a reason other than the continuation, recurrence, or onset of a serious health condition that entitles the employee to FMLA/CFRA leave, or other circumstances beyond the control of the employee.

Seniority:

An employee on FMLA/CFRA leave remains an employee and the leave will not constitute a break in service. An employee who returns from FMLA/CFRA leave will return with the same seniority they had

when the leave commenced. An employee who was absent from work while fulfilling their covered service obligation under the Uniformed Services Employment and Reemployment Rights Act (USERRA) shall be credited, upon their return to the School, with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA covered service.

Medical Certifications:

- An employee requesting FMLA/CFRA leave because of their own or a relative's serious health condition must provide medical certification from the appropriate health care provider. MPS will provide a medical certification form for this purpose. Absent extenuating circumstances, failure to provide the required certification in a timely manner (within fifteen (15) days of the School's request for certification) may result in denial of the leave request until such certification is provided.

- The School will notify the employee in writing if the certification is incomplete or insufficient, and will advise the employee what additional information is necessary in order to make the certification complete and sufficient. The School may contact the employee's health care provider to authenticate a certification as needed.

- If the School has reason to doubt the medical certification supporting a leave because of the employee's own serious health condition, the School may request a second opinion by a health care provider of its choice (paid for by the School). If the second opinion differs from the first one, the School will pay for a third, mutually agreeable, health care provider to provide a final and binding opinion.

- Recertifications are required if leave is sought after expiration of the time estimated by the health care provider. Failure to submit required recertification can result in termination of the leave.

Procedures for Requesting and Scheduling FMLA/CFRA Leave:

- An employee should request FMLA/CFRA leave by completing a Request for Leave form and submitting it to the Principal (or MERF Human Resources for MERF employees). An employee asking for a Request for Leave form will be given a copy of the School's then-current FMLA/CFRA leave policy.
- Employees should provide not less than thirty (30) days' notice for foreseeable childbirth, placement, or any planned medical treatment for the employee or their qualifying family member. Failure to provide such notice is grounds for denial of a leave request, except if the need for FMLA/CFRA leave was an emergency or was otherwise unforeseeable.
- Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt the School's operations.
- If FMLA/CFRA leave is taken because of the employee's own serious health condition or the serious health condition of the employee's qualifying family member, the leave may be taken intermittently or on a reduced leave schedule when medically necessary, as determined by the health care provider of the person with the serious health condition.
- If FMLA/CFRA leave is taken because of the birth of the employee's child or the placement of a

child with the employee for adoption or foster care, the minimum duration of leave is two (2) weeks, except that the School will grant a request for FMLA/CFRA leave for this purpose of at least one day but less than two (2) weeks' duration on any two (2) occasions.

- If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment for the employee or a family member, the employee may be transferred temporarily to an available alternative position for which he or she is qualified that has equivalent pay and benefits and that better accommodates recurring periods of leave than the employee's regular position.
- The School will respond to an FMLA/CFRA leave request no later than five (5) business days of receiving the request. If an FMLA/CFRA leave request is granted, the School will notify the employee in writing that the leave will be counted against the employee's FMLA/CFRA leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them.

Return to Work:

- Upon timely return at the expiration of the FMLA/CFRA leave period, an employee is entitled to the same or a comparable position with the same or similar duties and virtually identical pay, benefits, and other terms and conditions of employment unless the same position and any comparable position(s) have ceased to exist because of legitimate business reasons unrelated to the employee's FMLA/CFRA leave.
- When a request for FMLA/CFRA leave is granted to an employee, the School will give the employee a written guarantee of reinstatement at the termination of the leave (with the limitations explained above).
- Before an employee will be permitted to return from FMLA/CFRA leave taken because of their own serious health condition, the employee must obtain a certification from their health care provider that they are able to resume work.
- If an employee can return to work with limitations, the School will evaluate those limitations and, if possible, will accommodate the employee as required by law. If accommodation cannot be made, the employee will be medically separated from the School.

Employment during Leave:

No employee on leave, including employees on FMLA/CFRA leave, may accept employment with any other employer without the School's written permission. An employee who accepts such employment without the School's written permission will be deemed to have resigned from employment at the School.

Pregnancy Disability Leave

This policy explains how the School complies with the California Pregnancy Disability Act, which requires the School to give each female employee an unpaid leave of absence of up to four (4) months per pregnancy, as needed, for the period(s) of time a woman is actually disabled by pregnancy, childbirth, or related medical conditions.

Employee Eligibility Criteria:

To be eligible for pregnancy disability leave, the employee must be disabled by pregnancy, childbirth, or a related medical condition and must provide appropriate medical certification concerning the disability.

Events That May Entitle an Employee to Pregnancy Disability Leave:

The four (4) month pregnancy disability leave allowance includes any time taken (with or without pay) for any of the following reasons:

- The employee is unable to work at all or is unable to perform any one or more of the essential functions of their job without undue risk to themselves, the successful completion of the pregnancy, or to other persons because of pregnancy or childbirth, or because of any medically recognized physical or mental condition that is related to pregnancy or childbirth (including severe morning sickness); or
- The employee needs to take time off for prenatal care.

Duration of Pregnancy Disability Leave:

Pregnancy disability leave may be taken in one or more periods, but not to exceed four months total. "Four months" means the number of days the employee would normally work within four months. For a full-time employee who works five (5) eight (8) hour days per week, four (4) months means 693 hours of leave (40 hours per week times 17 1/3 weeks).

For employees who work more or less than forty (40) hours per week, or who work on variable work schedules, the number of working days that constitutes four (4) months is calculated on a pro rata or proportional basis. For example, for an employee who works twenty (20) hours per week, "four months" means 346.5 hours of leave entitlement (20 hours per week times 17 1/3 weeks). For an employee who normally works forty-eight (48) hours per week, "four months" means 832 hours of leave entitlement (48 hours per week times 17 1/3 weeks).

At the end or depletion of an employee's pregnancy disability leave, an employee who has a physical or mental disability (which may or may not be due to pregnancy, childbirth, or related medical conditions) may be entitled to reasonable accommodation. Entitlement to additional leave must be determined on a case-by case basis, taking into account a number of considerations such as whether an extended leave is likely to be effective in allowing the employee to return to work at the end of the leave, with or without further reasonable accommodation, and whether or not additional leave would create an undue hardship for the School. The School is not required to provide an indefinite leave of absence as a reasonable accommodation.

Pay During Pregnancy Disability Leave:

- MPS provides pregnant employees with up to fourteen (14) weeks of pay per pregnancy during pregnancy disability leave. An employee on pregnancy disability leave is expected to apply for State Disability Insurance (SDI) at the beginning of their absence to maximize their pay during their leave. MPS will coordinate the receipt of pay with SDI to ensure the employee receives the full benefit of both programs.

- The receipt of pay during leave does not extend the length of pregnancy disability leave as it is only a form of wage replacement benefits, not a form of leave time off.
- Vacation and sick pay accrues during any period of unpaid pregnancy disability leave only until the end of the month in which the unpaid leave began.
- Employees on leave are in "inactive" or "leave status." To be eligible for pay on the established "School Holidays" or "School Breaks" (see list), the employee must work the workday before the paid day off (except when receiving 14 weeks of pregnancy disability leave or using accrued leave).

Health Benefits:

MPS shall provide continued health insurance coverage while an employee is on pregnancy disability leave consistent with applicable law. The continuation of health benefits is for a maximum of four (4) months in a twelve (12)-month period. MPS can recover premiums that it already paid on behalf of an employee if both of the following conditions are met:

- The employee fails to return from leave after the designated leave period expires.

- The employee's failure to return from leave is for a reason other than the following:
  - The employee is taking leave under the California Family Rights Act.
  - There is a continuation, recurrence or onset of a health condition that entitles the employee to pregnancy disability leave.
  - There is a non-pregnancy related medical condition requiring further leave.
  - Any other circumstance beyond the control of the employee.

Seniority:

Employees on pregnancy disability leave remain an employee of the School and a leave will not constitute a break in service. When employees return from pregnancy disability leave, they will return with the same seniority they had when the leave commenced.

Medical Certifications:

- An employee requesting a pregnancy disability leave must provide medical certification from their healthcare provider on a form supplied by the School. Failure to provide the required certification in a timely manner (within fifteen (15) days of the leave request) may result in a denial of the leave request until such certification is provided.
- Recertifications are required if leave is sought after expiration of the time estimated by the healthcare provider. Failure to submit required recertifications can result in termination of the leave.

Requesting and Scheduling Pregnancy Disability Leave:

- An employee should request pregnancy disability leave by completing a Request for Leave form and submitting it to the Principal (and MERF P&C Department for MERF employees). An employee asking for a Request for Leave form will be referred to the School's then current

Powered by BoardOnTrack

pregnancy disability leave policy.

- Employees should provide not less than thirty (30) days' notice or as soon as is practicable, if the need for the leave is foreseeable. Failure to provide such notice is grounds for denial of the leave request, except if the need for pregnancy disability leave was an emergency and was otherwise unforeseeable.
- Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt the School's operations.
- Pregnancy disability leave may be taken intermittently or on a reduced leave schedule when medically advisable, as determined by the employee's healthcare provider.
- If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment, the employee may be transferred temporarily to an available alternative position for which they are qualified that has equivalent pay and benefits that better accommodates recurring periods of leave than the employee's regular position.
- The School will respond to a pregnancy disability leave request within ten (10) days of receiving the request. If a pregnancy disability leave request is granted, the School will notify the employee in writing and leave will be counted against the employee's pregnancy disability leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them.

Return to Work:

- Upon timely return at the expiration of the pregnancy disability leave period, an employee is entitled to the same position unless the employee would not otherwise have been employed in the same position at the time reinstatement is requested. If the employee is not reinstated to the same position, they must be reinstated to a comparable position unless one of the following is applicable:

    - The employer would not have offered a comparable position to the employee if they would have been continuously at work during the pregnancy disability leave.

    - There is no comparable position available, to which the employee is either qualified or entitled, on the employee's scheduled date of reinstatement or within sixty (60) calendar days thereafter. The School will take reasonable steps to provide notice to the employee if and when comparable positions become available during the sixty (60) day period.

      A "comparable" position is a position that involves the same or similar duties and responsibilities and is virtually identical to the employee's original position in terms of pay, benefits, and working conditions.

- When a request for pregnancy disability leave is granted to an employee, the School will give the employee a written guarantee of reinstatement at the end of the leave (with the limitations explained above)
- In accordance with MPS policy, before an employee will be permitted to return from a pregnancy disability leave of five (5) days or more, the employee must obtain a certification from the healthcare provider that the employee is able to resume work.
- If the employee can return to work with limitations, the School will evaluate those limitations

and, if possible, will accommodate the employee as required by law. If accommodation cannot be made, the employee will be medically separated from the School.

Employment during Leave:

No employee, including employees on pregnancy disability leave, may accept or perform new employment for another employer without the School's written permission. An employee who accepts or performs such employment without written permission will be deemed to have resigned from employment.

Unpaid Leave of Absence

MPS recognizes that special situations may arise where an employee must leave their job temporarily. At its discretion, the School may grant employees leaves of absence. Any unpaid leave of absence must be approved in advance by the School.

The granting of a leave of absence always presumes the employee will return to active work by a designated date or within a specific period.

During a Family and Medical Leave Act, California Family Rights Act leave, and/or Pregnancy Disability Leave, the employee's medical and dental benefits will remain in force, provided the employee pays the appropriate premiums. Otherwise, benefits are terminated the month any other type of leave begins. If an employee fails to return from a leave and is subsequently terminated, the employee is entitled to all earned but unused vacation pay, provided that the vacation pay was earned prior to the commencement of leave. No vacation time is accrued during any type of unpaid leave of absence.

Funeral/Bereavement Leave

All MPS employees excluding temporary/seasonal employees will be allowed up to **five (5)** paid working days off within three (3) months of the bereavement event to arrange and attend the funeral of an immediate family member. For purposes of this policy, an employee's immediate family member includes a parent, spouse/registered domestic partner, children, siblings, parents-in-law, grandparents (and grandparents-in-law), grandchild, sister/brother-in-law, and son/daughter-in-law. "In-laws" includes families of registered domestic partners. All other employees who have worked for at least thirty (30) days, such as seasonal and temporary employees, are entitled to up to five (5) days of unpaid bereavement leave within three (3) months of the bereavement event for the death of an immediate family member. Employees should contact the Principal or the P&C department to request bereavement leave. All bereavement requests should be in writing to the Principal and P&C department.

If any employee requires more than **five (5)** days off for bereavement leave, the employee may request to use accrued sick days, request additional unpaid leave or may request the opportunity to use any accrued vacation time, which may be granted at the discretion of the School. Bereavement pay will not be used in computing overtime pay.

Reproductive Loss Leave

All employees who have worked for the School for at least thirty (30) days shall be eligible to take up to five (5) days of leave upon the employee experiencing a reproductive loss event. A reproductive loss event includes any failed adoption, failed surrogacy, miscarriage, stillbirth, or unsuccessful assisted reproduction. Reproductive loss leave must be used within three (3) months of a reproductive loss event. Employees may take up to twenty (20) days of leave due to qualifying reproductive loss events within a twelve (12) month period. Reproductive loss leave shall be unpaid unless the employee elects to use available accrued/unused paid leave. Reproductive loss leave shall not be used in computing overtime pay.

Military and Military Spousal Leave of Absence

MPS shall grant a military leave of absence to any employee who must be absent from work due to service in the uniformed services in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA"). All employees requesting military leave must provide advance written notice of the need for such leave, unless prevented from doing so by military necessity or if providing notice would be impossible or unreasonable.

If military leave is for thirty (30) or fewer days, the School shall continue the employee's health benefits. For service of more than thirty (30) days, employees shall be permitted to continue their health benefits at their option through COBRA. Employees are entitled to use accrued vacation or paid time off as wage replacement during time served, provided such vacation/paid time off accrued prior to the leave.

Except for employees serving in the National Guard, MPS will reinstate those employees returning from military leave to their same position or one of comparable seniority, status, and pay if they have a certificate of satisfactory completion of service and apply within ninety (90) days after release from active duty or within such extended period, if any, as required by law. For those employees serving in the National Guard, if he or she left a full-time position, the employee must apply for reemployment within forty (40) days of being released from active duty, and if he or she left part-time employment, the employee must apply for reemployment within five (5) days of being released from active duty.

An employee who was absent from work while fulfilling his or her covered service obligation under the USERRA or California law shall be credited, upon his or her return to the School, with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-covered service.

Exceptions to this policy will occur wherever necessary to comply with applicable laws.

MPS shall grant up to ten (10) days of unpaid leave to employees who work more than twenty (20) hours per week and who are spouses of deployed military servicemen and servicewomen. The leave may be taken when the military spouse is on leave from deployment during a time of military conflict. To be eligible for leave, an employee must provide the School with (1) notice of intention to take military partner leave within two (2) business days of receiving official notice that the employee's military partner will be on leave from deployment, and (2) documentation certifying that the employee's military partner will be on leave from deployment during the time that the employee requests leave.

Advance notice of leave is required. Please inform **the Principal (or MERF P&C Department for MERF employees)** of anticipated military leave time as far in advance as possible. Accrued vacation will be paid during military leave at the employees request and health plan coverage continuance can be arranged for up to twenty- four (24) months during military leave if required premium payments are made by the employee. As with other leaves of absence, failure to return to work or to reapply within applicable time limits may result in termination of employment.

Drug and Alcohol Rehabilitation Leave

The School will reasonably accommodate an employee who voluntarily enters and participates in an alcohol or drug rehabilitation program, including potentially providing unpaid leave to participate in the program. The School will not pay for the costs incurred in attending a rehabilitation program. An employee who wishes to identify themselves as an individual in need of the assistance of an alcohol or drug rehabilitation program may contact **MERF P&C Department.** The School will take all reasonable steps necessary to maintain the employee's privacy in this situation. The employee may use accrued sick leave or accrued vacation time, if any, during requested leave.

Nothing in this policy shall prohibit the School from refusing to hire or discharge an employee who, because of their current use of alcohol or drugs, is unable to perform their duties or cannot perform the duties in a manner that would not endanger their health or safety or the health or safety of others.

Time Off for Adult Literacy Programs

The School will reasonably accommodate and assist any employee who reveals a problem of illiteracy and requests employer assistance in enrolling in an adult literacy education program. Employees will be required to bear the cost associated with enrollment in an adult literacy education program, but the School will assist the employee by providing the locations of local literacy education programs. The School may also arrange for a literacy education provider to visit the School.

An employee who wishes to reveal a problem of illiteracy and request School assistance should contact **MERF P&C Department**. The School will take all reasonable steps to safeguard the employee's privacy. Nonexempt employees may use accrued vacation pay if available to make up for the work that is missed to attend literacy classes.

School Appearance and Activities Leave

As required by law, MPS will permit an employee who is a parent or guardian (including a stepparent, foster parent, or grandparent) of school children, from kindergarten through grade twelve (12), or a child enrolled with a licensed child care provider or enrolled in any postsecondary or college-level institution, up to forty (40) hours of unpaid time off per child per school year (up to eight (8) hours in any calendar month of the school year) to participate in activities of a child's school or child care. If more than one (1) parent or guardian is an employee of MPS, the employee that first provides the leave request will be given the requested time off. Where necessary, additional time off will also be permitted where the school requires the employee(s) appearance.

The employee requesting school leave must provide reasonable advanced notice of the planned absence. The employee must use accrued but unused paid leave (e.g., vacation or sick leave) to be paid during the absence.

When requesting time off for school activities, the employee must provide verification of participation in an activity as soon as practicable. When requesting time off for a required appearance, the employee(s) must provide a copy of the notice from the child's school requesting the presence of the employee.

Time Off to Serve as Election Official

Any employee who serves as an election official is eligible for unpaid leave on election day for purposes of service. Employees must notify **the Principal (or MERF P&C Department for MERF employees)** of their commitment to act as an election official as far in advance as possible.

Time Off for Jury and Witness Duty

The School will provide employees unpaid leave to serve as required by law, on a jury or grand jury if the employee provides reasonable advance notice. The School will also provide employees unpaid leave to appear in court or other judicial proceedings as a witness, as permitted by law, to comply with a valid subpoena or other court order. The employee must notify **the Principal (or MERF P&C Department for MERF employees)** of their commitment to serve on a jury or as a witness as far in advance as possible.

Victims of Abuse Leave

MPS provides reasonable and necessary unpaid leave and other reasonable accommodations to employees who are victims of domestic violence, sexual assault, stalking or other crimes. Such leave may be taken to attend legal proceedings or to obtain or attempt to obtain any relief necessary, including a restraining order, to ensure the employee's own health, safety or welfare, or that of the employee's child or children or when a person whose immediate family member is deceased as the direct result of a crime. A crime includes a crime or public offense that would constitute a misdemeanor or felony if the crime had been committed in California by a competent adult, an act of terrorism against a resident of California (whether or not such act occurs within the state), and regardless of whether any person is arrested for, prosecuted for, or convicted of, committing the crime. Employees may also request unpaid leave for the following purposes:

- Seek medical attention for injuries caused by domestic violence, sexual assault, or stalking.
- Obtain services from a domestic violence shelter, program, or rape crisis center.
- Obtain psychological counseling for the domestic violence, sexual assault, or stalking.
- Participate in safety planning, such as relocation, to protect against future domestic violence, sexual assault, or stalking.

To request leave under this policy, an employee should provide MPS with as much advance notice as practicable under the circumstances. If advance notice is not possible, the employee requesting leave under this policy should provide MERF P&C Department one (1) of the following certifications upon returning back to work:

1. A police report indicating that the employee was a victim of domestic violence, sexual assault, or stalking.
2. A court order protecting the employee from the perpetrator or other evidence from the court or prosecuting attorney that the employee appeared in court.
3. Documentation from a licensed medical professional, domestic violence or sexual assault counselor, licensed health care provider, or counselor showing that the employee's absence was due to treatment for injuries or abuse from domestic violence, sexual assault, or stalking.
4. Any other form of documentation that reasonably verifies that the crime or abuse occurred, including but not limited to, a written statement signed by the employee, or an individual acting on the employee's behalf, certifying that the absence is for a purpose authorized under the law.

Employees requesting leave under this policy may choose to use accrued paid leave. In addition, MPS will provide reasonable accommodations to employees who are victims of domestic violence, sexual assault or stalking for the employees' safety while at work. To request accommodation under this policy, an employee should contact **MERF Human Resources**.

Time Off for Volunteer Firefighters

Employees who perform emergency duties as volunteer firefighters, reserve peace officers or emergency rescue personnel will be given reasonable time off from work in accordance with the law. Employees are requested to alert **the Principal (or MERF P&C Department for MERF employees)** of their status as volunteer firefighters, reserve peace officers or emergency rescue personnel so that the School will have advanced notice of the employee's potential need to leave the School in the event of an emergency. Any time an employee must perform emergency duties, he/she must notify **the Principal (or MERF P&C Department for MERF employees)** before leaving the School's premises.

Time Off for Voting

Employees who do not have sufficient time outside of their regular working hours to vote in a statewide election may request time off to vote. If possible, employees should make their request at least two days in advance of the election. Up to two (2) hours of paid time off will be provided, at the beginning or the end of the employee's regular shift, whichever will allow the most free time for voting and the least time off work. Please contact **the Principal (or MERF P&C Department for MERF employees)** to request and schedule time off to vote.

Industrial Injury Leave (Workers' Compensation)

MPS, in accordance with State law, provides insurance coverage for employees in case of work-related injuries. The workers' compensation benefits provided to injured employees may include:

- Medical care;
- Cash benefits, tax-free to replace lost wages; and
- Vocational rehabilitation to help qualified injured employees return to suitable employment.

To ensure the employee receives any worker's compensation benefits to which they may be entitled, employees will need to:

- Immediately report any work-related injury to the Principal;
- Seek medical treatment and follow-up care if required;
- Complete a written Employee's Claim Form (DWC Form 1) and return it to the Principal; and
- Provide the School with a certification from a health care provider regarding the need for workers' compensation disability leave as well as the employee's eventual ability to return to work from the leave.

It is the School's policy that when there is a job-related injury, the first priority is to ensure that the injured employee receives appropriate medical attention. MPS, with the help of its insurance carrier, has selected medical centers to meet this need. Each medical center was selected for its ability to meet anticipated needs with high quality medical service and a location that is convenient to the School's operation.

- If an employee is injured on the job, they will go or be taken to the approved medical center for treatment. If injuries are such that they require the use of emergency medical systems ("EMS") such as an ambulance, the choice by the EMS personnel for the most appropriate medical center or hospital for treatment will be recognized as an approved center.
- All accidents and injuries must be reported to the Principal and to the individual responsible for reporting to the School's insurance carrier. Failure by an employee to report a work-related injury by the end of their could result in loss of insurance coverage for the employee. An employee may choose to be treated by their personal physician at their own expense, but they are still required to go to the School's approved medical center for evaluation. All job related injuries must be reported to the appropriate State Workers' Compensation Bureau and the insurance carrier.
- When there is a job-related injury that results in lost time, the employee must have a medical release from the School's approved medical facility before returning to work.
- Any time there is a job-related injury, the School's policy requires drug/alcohol testing along with any medical treatment provided to the employee.

Bone Marrow and Organ Donor Leave

As required by law, eligible employees who require time off to donate bone marrow to another person may receive up to five (5) workdays off in a 12-month period. Eligible employees who require time off to donate an organ to another person may receive up to sixty (60) workdays off in a twelve (12) month period.

To be eligible for bone marrow or organ donation leave ("Donor Leave"), the employee must have been employed by the School for at least ninety (90) days immediately preceding the Donor Leave.

An employee requesting Donor Leave must provide written verification to the School that they are a donor and that there is a medical necessity for the donation of the organ or bone marrow.

Up to five (5) days of leave for bone marrow donation, and up to thirty (30) days of leave for organ donation, may be paid provided the employee first uses five (5) days of accrued paid leave for bone marrow donation and two (2) weeks of accrued paid leave for organ donation. If the employee has an insufficient number of paid leave days available, the leave will otherwise be paid.

Employees returning from Donor Leave will be reinstated to the position held before the leave began, or to a position with equivalent status, benefits, pay and other terms and conditions of employment. The School may refuse to reinstate an employee if the reason is unrelated to taking a Donor Leave. A Donor Leave is not permitted to be taken concurrently with an FMLA/CFRA Leave.

Returning from Leave of Absence

Employees cannot return from a medical leave of absence without first providing a sufficient doctor's return to work authorization.

When business considerations require, the job of an employee on leave may be filled by a temporary or regular replacement. An employee should give **the Principal (or MERF P&C Department for MERF employees)** thirty (30) days' notice before returning from leave. Whenever the School is notified of an employee's intent to return from a leave, the School will attempt to place the employee in their former position or in a comparable position with regard to salary and other terms and conditions for which the employee is qualified. However, re employment cannot always be guaranteed. If employees need further information regarding Leaves of Absence, they should consult the MERF **P&C Department.**

RETIREMENT

Certificated Staff Members

All certificated staff members who are eligible, including, but not limited to, administrators, counselors, school psychologists, special education program administrators, and teaching employees will participate in the State Teachers' Retirement System (STRS).

Classified Staff Members

All full-time non-certificated staff members, including, but not limited to, office staff and instructional aides, are eligible to participate in the Public Employees' Retirement System (PERS).

All part-time non-certificated employees hired to work six months or more become eligible to participate in PERS on the date of hire. For part-time employees, they become PERS members the first day of the next pay period after completion of 1,000 hours or 125 days in a fiscal year.

All non-credentialed employees also contribute to Social Security.

MPS Home Office Staff Members

Full-time Home Office staff members may be eligible to participate in the Public Employees' Retirement System (PERS), the State Teachers' Retirement System (STRS) or 403(b) Retirement Plan.

Oversight of Benefits

The P&C Department and the Finance Department at the MPS Home Office are responsible for monitoring the appropriate administration of benefits and ensuring appropriate arrangements for retirement coverage are made for all employees. MERF will make any contribution that is legally required of the employer, including STRS, PERS, Social Security, workers' compensation, and other payroll obligations.

All withholdings from employees and the MERF will be forwarded to the STRS and PERS funds as required. Employees will accumulate service credit years in the same manner as all other members of STRS and PERS. MERF will submit all retirement data and will comply with all policies and procedures for payroll reporting. MERF assures that it will provide retirement information in a format required by the Counties.

EMPLOYMENT EVALUATION AND SEPARATION

Employee Reviews and Evaluations

Each employee will receive periodic performance reviews conducted by their **direct supervisor.** MERF may utilize a secure online staff evaluation platform to evaluate staff performances. Performance evaluations will be conducted annually. The frequency of performance evaluations may vary depending upon length of service, job position, past performance, changes in job duties or recurring performance problems.

Performance evaluations may review factors such as the quality and quantity of the work performed, knowledge of the job, initiative, work attitude, and attitude toward others. The performance evaluations are intended to make employees aware of their progress, areas for improvement and objectives or goals for future work performance.
Favorable performance evaluations do not guarantee increases in salary or promotions or job retention. Salary increases and promotions are solely within the discretion of the School and depend upon many factors in addition to performance. After the review, employees will be required to sign the evaluation report simply to acknowledge that it has been presented to them, that the employee discussed it with their **direct supervisor**, and that they are aware of its contents. Employees may also acknowledge receipt of performance evaluations through the online platform provided by MERF. The evaluation system or any failure to evaluate an employee in no way alters the at-will employment relationship.

Newly hired employees may have their performance goals reviewed by **their direct supervisor** within the first **ninety** (**90)** days of employment.

Discipline and Involuntary Termination

Violation of the School's policies and rules may warrant disciplinary action, which may take multiple forms, including verbal warnings, written warnings, suspensions and/or termination. The School's disciplinary system is informal and the School may, in its sole discretion, utilize any form of discipline it deems appropriate under the circumstances, up to and including termination of employment upon the first offense.

The disciplinary process will be determined by the School in light of the facts and circumstances of each case. Each situation will be considered in light of a variety of factors including, but not limited to, the seriousness of the situation, the employee's past conduct and length of service, and the nature of the employee's previous performance or incidents involving the employee. These policies apply to all employees of the School and apply to all job-related activities of such employees.

Violations of the Employee Handbook, employment agreement, MPS charter, or applicable law are all independently and collectively considered misconduct and will result in disciplinary action up to and including release from at-will employment.

Voluntary Termination

Except if stated expressly otherwise by employment contract, either the employee or the School may terminate the at-will employment relationship at any time, with or without notice and with or without cause. While it is not required, the School requests that at-will employees electing to resign give as much advance notice as possible (preferably two weeks) to allow the School to plan for your departure.

An exit interview may be scheduled by **your direct supervisor or the P&C Department**. The purposes of the exit interview is to review eligibility for benefit conversion, to ensure that all necessary forms are completed, to collect any School property (including keys, equipment, documents and records) that may be in the employee's possession, to review the employee's obligations regarding confidential information, and to provide the employee with the opportunity to make any constructive comments and suggestions on improving the working environment at the School. The School appreciates receiving candid opinions of the employee's employment.

Pay at Time of Separation

Employees separated from employment will be paid for time worked according to applicable laws. For full-time employees who are employed for less than a full pay period in their last month, salary payments are computed on the basis of actual working days in the month. For this purpose, working days are considered to be forty (40) hours Monday through Friday unless otherwise specified.

The School will buy back up to forty (40) hours of unused sick leave days from employees at the rate of $250 per day. The School will not buy back any paid sick leave from new or continuing employees who fail to work for the School for ninety
(90) days of the new work year. Additionally, employees who are terminated based on misconduct or unprofessionalism, or who resign under suspicion of misconduct or unprofessionalism, are not eligible to have paid sick leave paid to them upon their separation from employment. The School does not buy

back sick leave from temporary or seasonal employees, such as summer school employees.

Pay for earned but unused vacation time will be provided to full-time employees at time of separation at the employee's current rate of pay.

Final pay, including pay for any earned but unused sick leave days and vacation time, and if applicable, pay for summer holdback for full-time teaching staff, will be provided in accordance with applicable law. Only employees who are not terminated for misconduct or other related conduct are eligible to be paid for sick leave under the policy.

Employment References/Verifications

All requests for references and employment verifications must be promptly directed to the employee's **direct supervisor and/or the P&C Department**. When contacted for an employment verification, the School will provide information concerning dates of employment, the title of the last position held and length of service. MPS will promptly report to the CTC whenever a credentialed employee is found to have committed egregious misconduct as defined by law. When contacted by a prospective educational employer, MPS will disclose any findings of egregious misconduct that were reported to the CTC and provide all relevant information upon request. All certificated applicants must provide a list of their prior educational employers, and MPS will contact those employers to inquire about any reportable misconduct. Failure by any applicant for any position to successfully complete the pre-hire process, including providing accurate employment history or authorizations, or other dishonesty or lack of transparency during the hiring process, may result in the withdrawal of a job offer or termination of employment. Other employees may not provide any employment verifications or provide a professional reference on behalf of the School for another employee. MPS strongly advises supervisors not to provide letters of recommendation on MPS letterhead.

INTERNAL COMPLAINT REVIEW & OPEN DOOR

Open Door Policy

The School wishes to provide the most positive and productive work environment possible. To that end, it has an open door policy where it welcomes employee questions, suggestions or complaints relating to work, conditions of employment, the School or the treatment of employees. Other than in situations involving harassment (as outlined and described above), the employee must contact **the Principal (or MERF P&C Department for MERF employees)** with questions or concerns. If the situation is not satisfactorily resolved, the employee should contact **MERF P&C Department**, preferably in writing, who may further review the issue.

Internal Complaint Review

The purpose of the "Internal Complaint Review Policy" is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to **the CEO** or **Board of Directors** to express their work-related concerns.

Specific complaints of unlawful harassment, discrimination, and retaliation are addressed under the School's "Policy Prohibiting Unlawful Harassment, Discrimination, and Retaliation."

Internal Complaints:
(Complaints by Employees against Employees)

This section of the policy is for use when a School employee raises a complaint or concern about a coworker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the employee's **direct supervisor**. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by **the Principal (or the Chief People Officer (or designee) for MERF employees):**

- If the complaint is about the CEO, the complainant may file his or her complaint in a signed writing to **the** Chief People Officer and **President of the School's Board of Directors**, who will then confer with the Board and may conduct a fact-finding or authorize a third-party investigator on behalf of the Board. **The Board President or investigator** will report their findings to the Board for review and action, if necessary.

Policy for Complaints Against Employees:
(Complaints by Third Parties against Employees)

This section of the policy is for use when a non-employee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of **the Principal or the** Chief People Officer (if the complaint concerns the Principal and/or Home Office employees) or **the Board President** (if the complaint concerns the CEO) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, **the Principal (or the Chief People Officer, Board President, or designee)** shall abide by the following process:

- The person charged with handling the complaint shall use their best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint.
- In the event that the investigator finds that a complaint against an employee is valid, the matter may be referred to the employee's supervisor for appropriate disciplinary action, if the supervisor determines it is appropriate.
- The decision of the person charged with handling the complaint shall be final.

General Requirements:

- Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible,

Powered by BoardOnTrack

but in some circumstances absolute confidentiality cannot be assured.

- Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.
- Resolution: The Board (if a complaint is about the CEO) or the Chief People Officer (if a complaint is about the Principal or MERF employees) or the Principal or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

AMENDMENT TO EMPLOYEE HANDBOOK

This Employee Handbook contains the employment policies and practices of the School in effect at the time of publication.

MPS reserves the right to amend, delete or otherwise modify this Handbook at any time provided that such modifications are in writing and duly approved by the employer. Any modification replaces any pre-existing policies and Handbooks to the extent they are in conflict.

Any written changes to the Handbook will be distributed to all employees. No oral statements can in any way alter the provisions of this Handbook.

APPENDIX A
HARASSMENT/DISCRIMINATION/RETALIATION COMPLAINT FORM

It is the policy of the School that all of its employees be free from harassment, discrimination, and retaliation. This form is provided for you to report what you believe to be harassment, discrimination, or retaliation so that the School may investigate and take appropriate disciplinary or ***other action when the facts show that there has been harassment, discrimination, or retaliation.***
If you are an employee of the School, you may file this form with the Chief People Officer, Principal, MERF Human Resources, or Board President.
Please review the School's policies concerning harassment, discrimination, and retaliation for a definition of such unlawful conduct and a description of the types of conduct that are considered unlawful.
MPS will undertake every effort to handle the investigation of your complaint in a confidential manner. In that regard, the School will disclose the contents of your complaint only to those persons having a need to know. For example, to conduct its investigation, the School will need to disclose portions of your factual allegations to potential witnesses, including anyone you have identified as having knowledge of the facts on which you are basing your complaint, as well as the alleged offender.
In signing this form below, you authorize the School to disclose to others the information you have provided herein, and information you may provide in the future. Please note that the more detailed information you provide, the more likely it is that the School will be able to address your complaint to your satisfaction.
Charges of harassment, discrimination, and retaliation are taken very seriously by the School both because of the harm caused by such unlawful conduct, and because of the potential sanctions that may be taken against the offender. It is therefore very important that you report the facts as accurately and completely as possible and that you cooperate fully with the person or persons designated to investigate your complaint.

Approval of Board Resolution for Creation and Elimination of Positions Across MPS Network for the 2026-27 School Year

Section: VII. Action Items
Item: I. Approval of Board Resolution for Creation and Elimination of Positions Across MPS Network for the 2026-27 School Year
Purpose: Vote
Submitted by:
Related Material:
VII.I - Approval of Board Resolution for Creation and Elimination of Positions.pdf

Agenda Item:	VII.I – Action Item
Date:	June 17, 2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Fiorella Del Carpio, Chief People Officer Erdinc Acar, Deputy Superintendent Gokhan Serce, Chief Academic Officer
RE:	Approval of Board Resolution for Creation and Elimination of Positions Across MPS Network for the 2026-27 School Year

Action Proposed:

Staff recommends approval of the resolution for creation and elimination of positions across MPS network effective July 1, 2026, in support of educational programs, student achievement, efficiency, and long-term sustainability.

Background:

As Magnolia Public Schools ("MPS") continues planning and preparation for the 2026–27 school year, leadership has conducted ongoing reviews of staffing needs across both school sites and the Home Office to ensure alignment with student needs, instructional and programmatic priorities, scheduling, operational requirements, organizational effectiveness, and budgetary considerations.

At its May 2026 meeting, the Board approved a restructuring of school-site positions as part of MPS's broader fiscal stabilization efforts. As communicated in that Board report, MPS anticipated a subsequent phase of organizational restructuring focused on Home Office staffing, which was expected to be presented separately to the Board following completion of additional organizational review and planning.

Since the May Board action, MPS leadership has continued collaborating with principals and Home Office department leaders to evaluate enrollment projections, staffing allocations, programmatic needs, compliance requirements, workload distribution, organizational capacity, and budget alignment. These discussions included reviews of school-site needs, Home Office

support structures, operational workflows, and resource allocation to ensure MPS is positioned to effectively serve students, families, and employees in the upcoming school year.

As part of this continued review process, MPS identified the need to reinstate two positions that were previously eliminated through the May 2026 Board-approved restructuring. Following further evaluation of student needs, instructional and programmatic priorities, scheduling requirements, operational demands, and organizational support needs for the 2026–27 school year, leadership determined that these positions remain necessary to effectively support school operations and student services. The reinstatement of these positions reflects MPS's commitment to carefully reviewing staffing decisions and making adjustments when necessary to meet organizational and student needs.

In addition, MPS completed its review of Home Office staffing structures as part of its broader fiscal stabilization and 2026–27 budget development process and identified organizational changes necessary to strengthen support for schools and improve operational effectiveness.

MPS also identified limited additional school-site staffing adjustments within the network to better align staffing allocations with enrollment, operational needs, and programmatic priorities. These changes include the realignment and elimination of certain positions, as reflected in the accompanying organizational charts and resolution exhibits.

The proposed restructuring reflects MPS's commitment to ensuring that staffing resources are strategically aligned with organizational priorities while maintaining the flexibility and capacity necessary to support schools and students effectively. These recommendations are intended to enhance collaboration, improve operational efficiency, strengthen service delivery, and ensure that schools receive the support necessary to meet student and community needs.

Purpose of the Restructuring

The restructuring aims to:

- Align staffing structures with student, school, operational, and organizational needs
- Implement the Home Office restructuring previously identified during the May 2026 Board-approved restructuring process

- Reinstate two positions previously eliminated through the May 2026 Board-approved restructuring based on continued review of student, instructional, operational, and programmatic needs
- Implement targeted school-site staffing adjustments to align resources with enrollment, programmatic priorities, and operational needs
- Strengthen service delivery, communication, accountability, and support for schools across the network
- Support the long-term success and sustainability of Magnolia Public Schools

This restructuring reflects a strategic and proactive approach to organizational planning. Staffing decisions were made thoughtfully and with consideration for students, employees, school operations, and the long-term success of MPS.

Support for Impacted Staff

MPS is deeply committed to supporting employees through this transition. Employees whose positions are impacted by this restructuring will be guaranteed a first-round interview for any vacant role within MPS for which they qualify. MPS will also continue to provide guidance and support regarding available opportunities, timelines, and transition resources through the People & Culture Department.

This process reflects MPS's commitment to treating all employees with dignity, professionalism, and respect throughout this transition.

Closing Statement

This resolution reflects MPS's commitment to responsible stewardship and thoughtful planning during a period of fiscal stabilization. While these decisions are difficult, they are necessary to ensure MPS remains financially stable and well-positioned to continue serving students and families across the network.

By restructuring with intention and care, MPS continues to strategically align resources, protect academic quality, and strengthen the organization for the future.

Budget Implications:

The proposed resolution is projected to generate net ongoing personnel cost savings for the 2026–27 fiscal year by eliminating selected Home Office and school-site positions, offset by the reinstatement of two previously eliminated positions.

These savings will support the adopted 2026–27 budget, MPS's fiscal stabilization efforts, and long-term financial sustainability. Actual savings may vary based on final staffing assignments, vacancies, employee transitions, benefit costs, and any required replacement staffing.

Resolution #20260617-01

MAGNOLIA EDUCATIONAL & RESEARCH FOUNDATION

RESOLUTION

FOR CREATION AND ELIMINATION OF POSITION(S) ACROSS MPS NETWORK FOR THE 2026-27 SCHOOL YEAR

WHEREAS, Magnolia Public Schools ("MPS") is a non-profit organization operating public charter schools in Southern California; and

WHEREAS, Magnolia Public Schools ("MPS") is committed to maintaining high-quality educational programs and services while ensuring responsible stewardship of public resources; and

WHEREAS, MPS leadership has conducted ongoing reviews of staffing needs across both school sites and the Home Office to ensure alignment with student needs, instructional and programmatic priorities, scheduling requirements, operational effectiveness, organizational capacity, and budgetary considerations; and

WHEREAS, the restructuring will include role modifications, eliminations, additions, reinstatements of positions as reflected in the organizational charts and adjustments such as shortening or extending lunch breaks, provided employees receive at least a thirty (30) minute lunch break to ensure optimal use of personnel and alignment with the mission and vision of MPS;

WHEREAS, the proposed staffing changes are intended to enhance service delivery, improve operational efficiency, strengthen accountability, support student achievement, and position MPS to effectively meet the needs of students, families, and employees during the 2026–27 school year;

WHEREAS, the Board recognizes the collaborative process undertaken by school leaders, the Home Office, and the Finance and People & Culture teams to ensure that every decision was made thoughtfully, equitably, and in alignment with MPS's mission and values; and

WHEREAS, MPS is deeply committed to supporting employees affected by this restructuring by ensuring they are guaranteed a first-round interview for any vacant role within the organization for which they qualify and apply, demonstrating MPS's ongoing commitment to fairness, dignity, and respect; and

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of Magnolia Public Schools hereby approves the proposed creation, reinstatement, realignment, and elimination of positions across the Magnolia Public Schools network as reflected in the organizational charts.

BE IT FURTHER RESOLVED that the Superintendent and designees are authorized to take the necessary steps to implement the restructuring, including staff communications, position reassignments, work hours/schedule adjustments, and any required notifications to the California Commission on Teacher Credentialing (CTC) or other entities as appropriate;

BE IT FURTHER RESOLVED that all approved restructuring actions shall be effective **July 1, 2026**, allowing sufficient time for planning, communication, and implementation to ensure a smooth transition for all schools and staff; and

BE IT FINALLY RESOLVED that this resolution be entered into the official minutes of the Board of Directors and shall take effect immediately upon approval.

PASSED AND ADOPTED by the Board this 17 day of June, 2026, by the following vote:

AYES:

NOES:

RECUSE:

ABSENT:

The undersigned Board Chair does hereby certify that the foregoing is a full, true, and correct copy of a resolution adopted by the said Board at its meeting on the above date and by the vote above stated, which resolution is on file in the office of MERF.

Approval of Local Control and Accountability Plans (LCAP) for All MPS

Section:	VII. Action Items
Item:	J. Approval of Local Control and Accountability Plans (LCAP) for All MPS
Purpose:	Vote
Submitted by:	
Related Material:	VII.J - Approval of LCAP for All MPS.pdf

Agenda Item:	VII.J – Action Item
Date:	June 17, 2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	David Yilmaz, Chief Accountability Officer
RE:	Approval of the Local Control and Accountability Plans (LCAP) for All MPS

Action Proposed:

Staff recommends and moves that the Board approve the LCAPs for all MPS.

Purpose:

Board approval of LCAP is a requirement for LEAs as described in the Ed Code.

Background:

LCAP Development Process

As a critical component of the LCFF law, every charter school must engage parents and community to create a Local Control and Accountability Plan (LCAP). The LCAP is intended to be a comprehensive planning tool. Each plan must describe:

- School-wide goals, as well as specific actions to be taken to achieve the goals for all students, including specific subgroups of students, in each of the eight state priority areas, plus any locally identified priority areas.
- Expected progress toward meeting the goals—and as part of a school's required annual update of the plan, the school must describe actual progress made toward meeting the goals and describe any adjustments to be made.
- Expenditures required to implement each of the goals and actions, including a description of how additional funds provided for low-income students, English learners and foster youth will be used to increase or improve services for these students.
- The process used to involve parents, students, community members, school employees and other educational partners in developing, reviewing, and supporting implementation of the

LCAP.

The MPS Home Office has collaborated with the school leadership teams in ensuring that all school LCAPs have school-wide goals, annual measurable outcomes and specific actions aligned to the eight state priorities and that the schools have meaningfully engaged their educational partners in the development of their LCAP.

As part of the LCAP development process our schools have conducted educational partners surveys to engage our educational partners in the evaluation of their experience at MPS. School leadership teams have shared their reflection on the survey results and findings that identify their greatest progress, greatest needs, and ways to improve so that we can maintain and improve educational quality of our schools on an ongoing basis. The teams have completed their reflections and presented them to their educational partners in various settings, including presentations at regular meetings of the Board.

School leadership teams have also presented their CA School Dashboard results and findings as well as other school performance data to their educational partners at their PAC and ELAC meetings throughout the year. During the year, the MPS Board and the Academic Committee have been presented SBAC, CA School Dashboard, NWEA, and other LCAP progress data as well as each MSA's glows, grows, and priorities with next action steps.

LCAP Public Hearing

The public hearing of LCAP is a requirement for LEAs as described in the Ed Code. Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

MPS held a public hearing for our LCAPs and a public hearing for the school budgets at the regular meeting of the Board on June 17, 2026. For the public hearing, the LCAPs were uploaded to the school websites under Accountability for easy public access. The invitation to the public hearing was shared with educational partners via our ParentSquare messaging system as well as how the public could share their feedback. The public hearing for the school budgets led by the finance department took place after the public hearing for the LCAPs.

Local Indicators, LCAP Adoption, and Budget Adoption

Besides the public hearing requirement for the LCAP and the budget, the LCAP adoption process also requires adoption of the LCAP at the same meeting as the budget adoption, LCAP before the budget, as well as sharing of the local indicators with the board and the public at the same meeting. Therefore, the June 17, 2026 Board agenda includes an information item on the local indicators, followed by two approval items, i.e., the LCAP and the budget.

Analysis:

MPS has a robust timeline for completing the LCAP and the planning process that serves three distinct, but related functions: Comprehensive Strategic Planning, Meaningful Educational Partners Engagement, and Accountability and Compliance. The timeline has a calendar of activities, including LCAP metric progress updates, data analysis meetings, LCAP goal analysis sessions, PAC meetings, and many more activities that help our schools develop their LCAP. The accountability department collaborates with other departments in training our school leadership teams and ensuring the timeline of activities is implemented. The Director of State and Federal Programs (SFP) oversees the org-wide coordination of LCAP activities.

In terms of funds and budgeting, the school leadership teams have worked with the MPS finance department for the annual update of their LCAP estimated actual expenditures and next year's budgeted expenditures. As part of the budgeting process, all expenditures have been entered in the budgeting software, Adaptive Insights, and coded by LCAP goal and action. The reports produced from Adaptive Insights have been used by the principals to update the required fields in the LCAP templates. Since MPS chooses to use the LCAP as SPSA, the expenditures funded by the federal Title funds have been specifically outlined in the LCAP action descriptions. Any substantive changes to Title fund expenditures during the year are shared with the PAC and ELAC and their feedback was sought.

The finalized LCAPs are attached for the Board's approval.

Impact:

The processes described in the above sections are all part of our LCAP development and continuous improvement cycle. Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. We shared the draft LCAP with, and requested input from, schoolsite-level advisory groups. With thorough support from the Home Office, each MSA school leadership team developed a successful, compliant LCAP document that serves as a comprehensive strategic planning tool for the school.

Budget Implications:

N/A. All LCAP expenditures are budgeted in each school's budget.

Committee Recommendations:

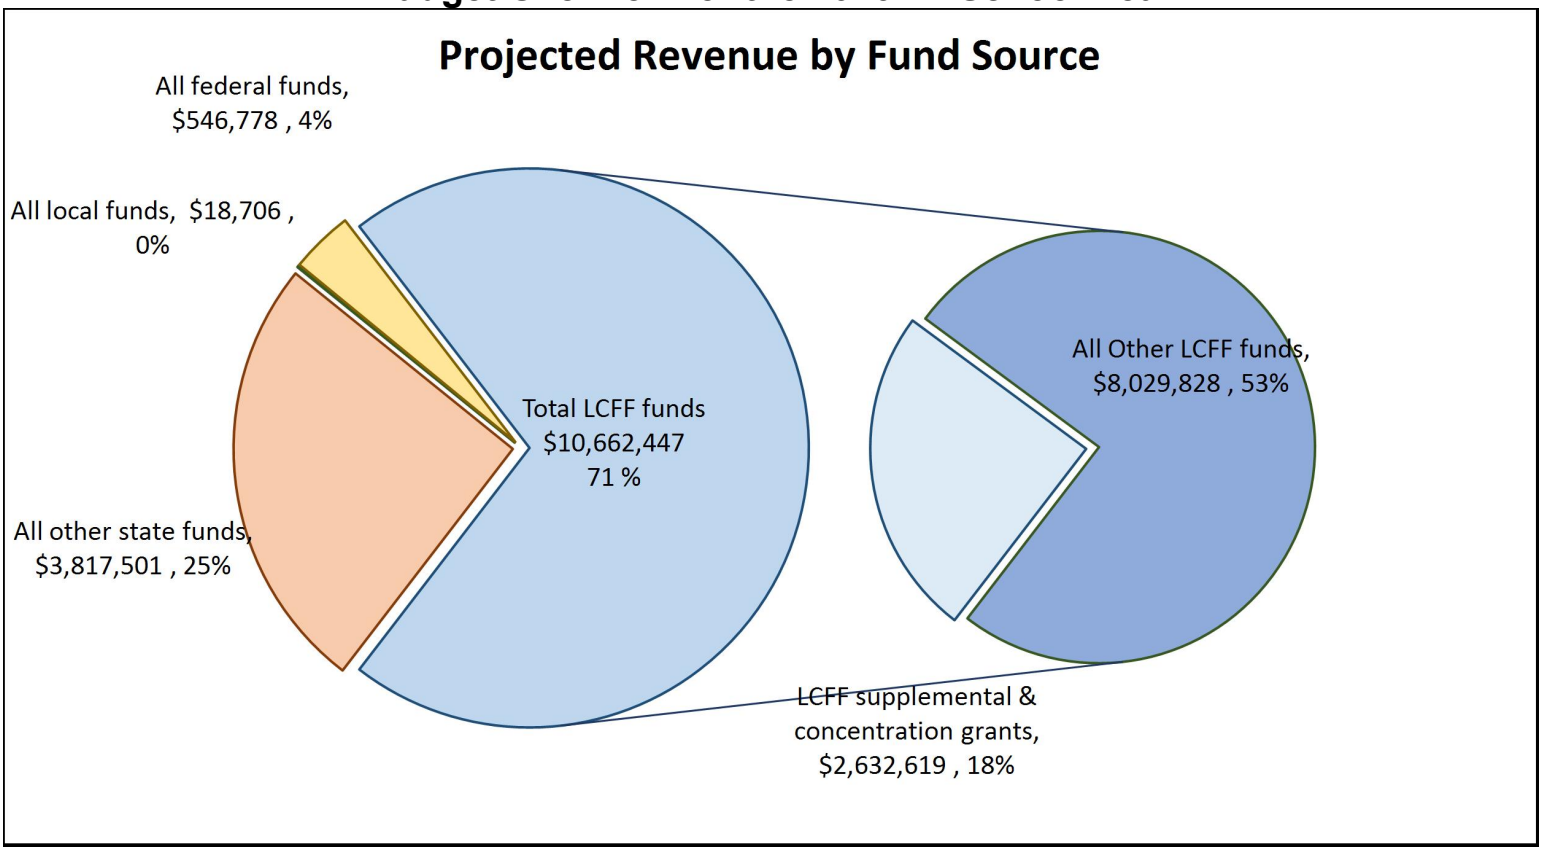
LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy-1
CDS Code: 19-10199-6119945
School Year: 2026-27
LEA contact information:
Brad Plonka
Principal
bplonka@magnoliapublicschools.org
(818) 609-0507

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (Foster Youth, English learners, and low-income students).

Budget Overview for the 2026-27 School Year

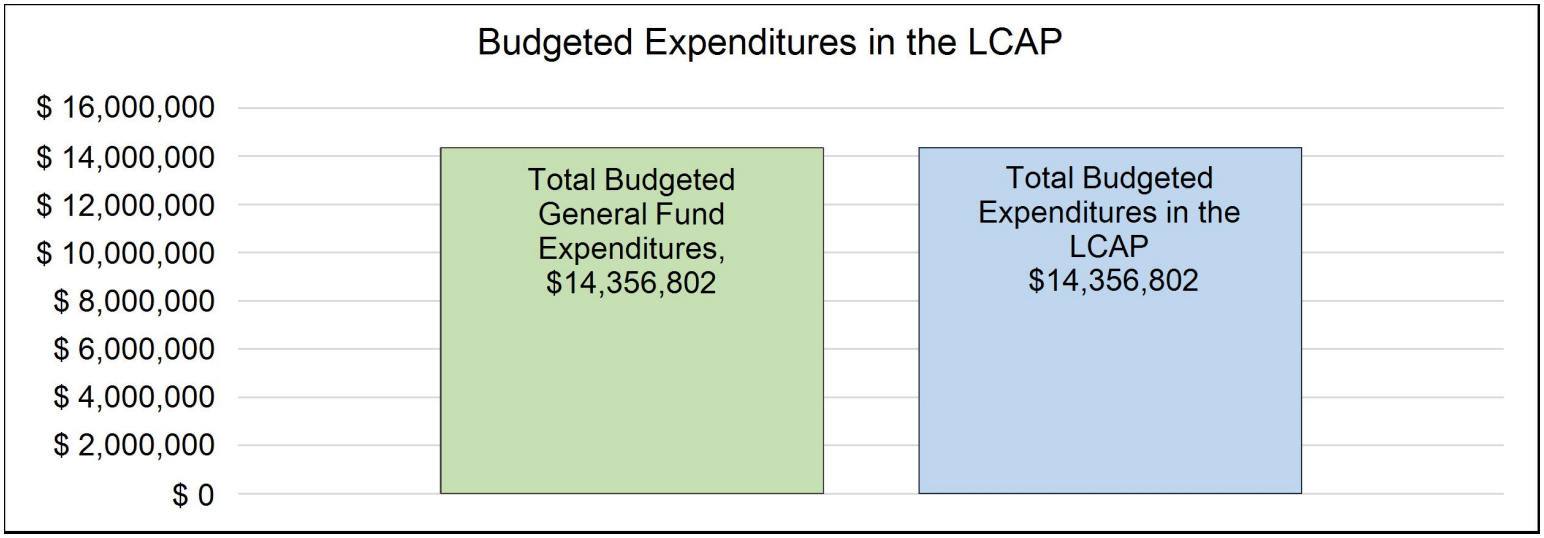


This chart shows the total general purpose revenue Magnolia Science Academy-1 expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy-1 is $15,045,432, of which $10,662,447 is Local Control Funding Formula (LCFF), $3,817,501 is other state funds, $18,706 is local funds, and $546,778 is federal funds. Of the $10,662,447 in LCFF Funds, $2,632,619 is generated based on the enrollment of high needs students (Foster Youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.



This chart provides a quick summary of how much Magnolia Science Academy-1 plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy-1 plans to spend $14,356,802 for the 2026-27 school year. Of that amount, $14,356,802 is tied to actions/services in the LCAP and $0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

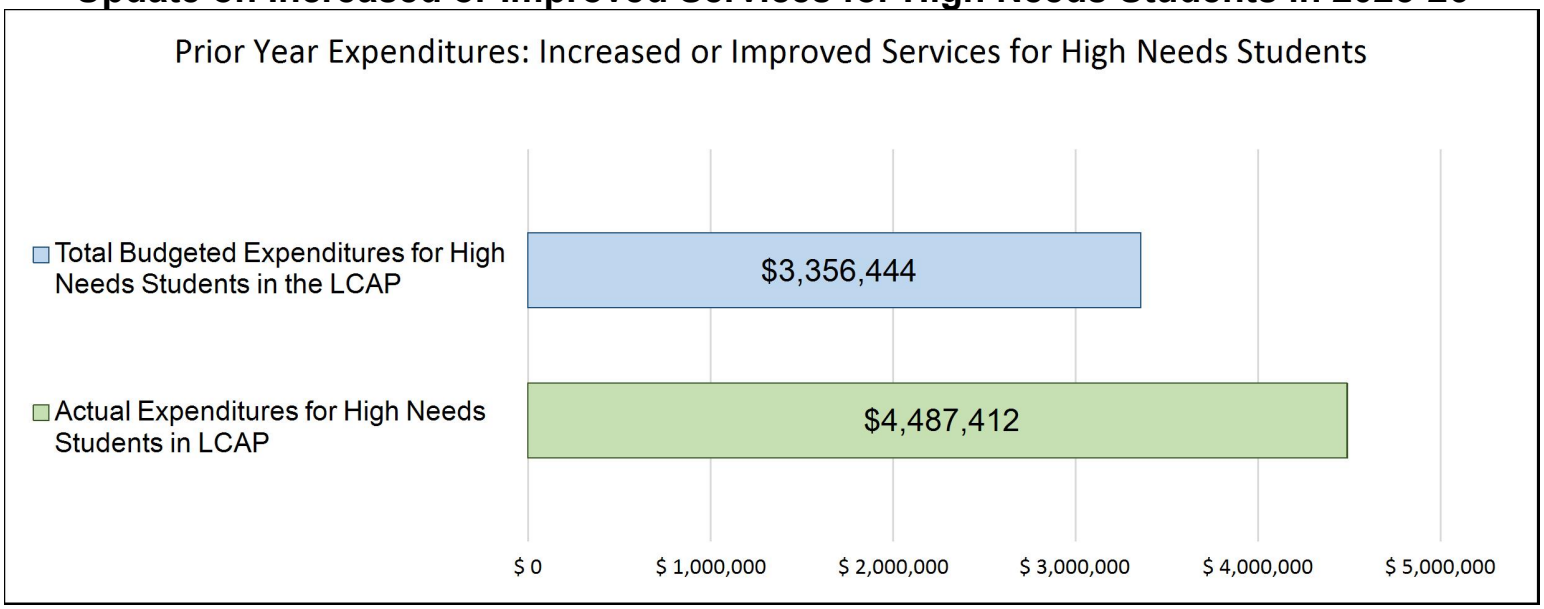
N/A

Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Magnolia Science Academy-1 is projecting it will receive $2,632,619 based on the enrollment of Foster Youth, English learner, and low-income students. Magnolia Science Academy-1 must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy-1 plans to spend $2,813,982 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2025-26



This chart compares what Magnolia Science Academy-1 budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy-1 estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, Magnolia Science Academy-1's LCAP budgeted $3,356,444 for planned actions to increase or improve services for high needs students. Magnolia Science Academy-1 actually spent $4,487,412 for actions to increase or improve services for high needs students in 2025-26.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone

Plan Summary [2026-27]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Magnolia Science Academy (MSA-1 or Charter School) is a classroom-based charter school serving grades 6–12 with a curriculum emphasizing science, technology, engineering, arts, and math (STEAM). Originally founded in 2002, MSA-1's mission is to provide a college preparatory educational program emphasizing STEAM in a safe environment that cultivates respect for self and others.

MSA-1 currently has 688 students in grades 6-12 and mainly draws enrollment from Reseda, CA, and neighboring communities. The neighborhoods that MSA-1 serves are heavily immigrant, with languages other than English spoken at home. A high concentration of the families MSA-1 serves face economic challenges. MSA-1 has a diverse enrollment, including 89% Hispanic/Latino, 4% White, 4% Asian, 1% African American, 75% Socioeconomically Disadvantaged, 17% Special Education, and 24% English Learner population.

MSA-1 strives to graduate students from historically underserved neighborhoods as scientific thinkers who contribute to the global community as socially responsible and educated members of society. We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundation skills presented in relevant and inspiring ways for our students. Tutoring, after-school programs, and school-to-university links supplement classroom instruction at MSA-1.

Magnolia Science Academy 1
Address: 18238 Sherman Way, Reseda, CA, 91335
Phone: 818-609-0507
Email: bplonka@magnoliapublicschools.org

Our History
Magnolia Science Academy – 1 (MSA-1) opened its doors to serve the community of Reseda in the Fall of 2002 for grades 6th through 12th grade. The school provides an academically rigorous standards-based curriculum.

Our Mission
Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to provide a high-quality, college-preparatory STEAM Educational experience in an environment that cultivates respect for self and others.

Our Vision
Graduates of Magnolia Public Schools commit to building a more peaceful and inclusive global society by transforming traditional ideas with creative thinking, effective communication, and the rigor of Science.

Beyond our mission and vision, MPS has long identified Excellence, Innovation, and Connection as our anchor core values, which permeate all school activities.

INNOVATION
Students have the freedom to choose how and what they learn. Individualized scheduling, early identification of learning styles, personalities, interests, and career plans support students' college and career readiness. Students experience hands-on learning through robotics, computer science, and arts to promote imagination, creativity, and invention.

CONNECTION
School communities are integrated partnerships among the school site staff, families, students, and all other stakeholders. Connection creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internships, promote unity and better decision-making through the implementation of restorative justice practices.

EXCELLENCE
Academic Excellence is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster academic excellence through project-based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

As part of our commitment to continuous improvement, Magnolia Science Academy-1 regularly reviews local data and outcomes from the California School Dashboard to evaluate the effectiveness of our programs. The following reflections highlight our key achievements and areas of growth over the past school year. By analyzing these trends, we can better align our resources, refine our instructional practices, and ensure equitable support for all student groups.

SBAC English Language Arts (ELA) & Math Achievement: Academic growth declined, with a 10.9-point decrease in ELA and a 21.8-point decrease in Math on the SBAC assessments. These drops primarily reflect systemic challenges with teacher retention and unfilled teaching positions throughout the school year.

Suspension Rate: Our overall suspension rate increased by 2.5%, indicating a need for renewed focus on restorative practices and campus-wide positive behavior interventions.

College/Career Indicator (CCI): We are proud of our CCI score, which reached 71.3%. This achievement reflects the school's continuous, intentional focus on postsecondary and workforce readiness.

Graduation Rate: Our graduation rate declined slightly to 96.1%, but is still 8.3 percentage points higher than the state. Exceeding the state average is a direct testament to the dedication of our college counselors and instructional staff who tirelessly support students in meeting their graduation goals.

Chronic Absenteeism: The chronic absenteeism rate saw a minor increase of 1.1%. In response, we are continuously collaborating with families, English Learners, and Students with Disabilities to implement personalized, targeted supports that promote and incentivize consistent school attendance.

Family Engagement: We continue to provide robust opportunities for community involvement, hosting over 40 events this past year—including resource fairs, cultural food festivals, and open houses—to foster deep partnerships with our families.

Average Daily Attendance (ADA): Our ADA increased by 1.24%, driven by the successful introduction of new campus programs designed to enhance student connectedness and improve the overall school environment.

Learning Recovery Emergency Block Grant (LREBG)

Magnolia Science Academy 1 currently has $544,000 in unexpended Learning Recovery Emergency Block Grant (LREBG) funds. In alignment with Education Code Section 32526(c)(2), the school plans to utilize these funds within the next three years, with a primary focus on personnel costs to support allowable uses of the grant. Specifically, the school intends to invest in staffing to reduce staff-to-pupil ratios, expand evidence-based learning supports such as small-group or one-on-one tutoring, and enhance instructional time through intersessional programs. These planned actions are designed to address pupil learning needs, accelerate academic recovery, and support equitable access to instructional services.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents	Our information and input sessions include Parent Task Force (PTF) meetings, Parent Advisory Council (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Admin meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on our PTF and PAC also serve as our parent advisory committee for the LCAP. Along with ELAC, these committees ensure representation for students in need, including those who are low-income, English learners, and foster youth. Feedback from our parent advisory committee and ELAC provides valuable input for the new LCAP. Additionally, the Charter School conducts surveys for parents, and staff members make home visits. These efforts help inform, educate, and gather input and feedback from all critical educational partners.
Students	Student representatives are integral to our Parent Advisory Council (PAC), ensuring student voices are included in discussions and decision-making processes. In addition to their involvement in the PAC, we have a dedicated student government where cabinet members meet weekly with school leadership to address various school-related matters, including the Local Control and Accountability Plan (LCAP). Furthermore, to gather comprehensive feedback, the Charter School conducts surveys involving the students.
Teachers	The Charter School holds weekly meetings every Wednesday, during which the LCAP is periodically discussed to provide and receive feedback from teachers. Additionally, the school forms committees and utilizes grade-level and department meetings to address LCAP-

Educational Partner(s)	Process for Engagement
	related topics. The Charter School also conducts surveys to gather input from teachers.
School administrators	The administrative team meets several times a week, in addition to participating in meetings with parents, students, and staff to discuss the LCAP process. They are actively involved in collecting, interpreting, and finalizing the LCAP, ensuring comprehensive input from all community partners.
Other school personnel	The Charter School holds weekly meetings every Wednesday, during which the LCAP is periodically discussed to provide and receive feedback from staff. Additionally, the school forms committees meetings to address LCAP-related topics. The Charter School also conducts surveys to gather input from staff.
SELPA	The Charter School involves the SELPA in the LCAP process, especially during the CCEIS phase. Additionally, the SELPA provides valuable consultation on matters pertaining to our SPED community.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The adopted LCAP for Magnolia Science Academy-1 was shaped by comprehensive feedback from educational partners, resulting in several targeted initiatives. These include bolstering support for Social-Emotional Learning (SEL) to aid students still grappling with the lingering effects of the pandemic. To enhance campus safety and supervision, the plan includes hiring additional campus aides. The school also aims to engage families and community members more effectively by offering a variety of workshops. Additionally, Magnolia Science Academy-1 will introduce more resources to the school, such as mobile clinics, to address students' health and wellness needs. Lastly, the plan focuses on improving communication strategies to ensure all community partners are aligned with the school's charter petition, fostering a cohesive and supportive educational environment.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned and high-quality instructional materials, and appropriately maintained school facilities.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	The percentage of teaching assignments that have an assignment monitoring outcome of "clear" (Source: Local Indicator Priority 1, CDE DataQuest TAMO by FTE Report)	2021-22: 74.1%	2022-23: 71.4%	2023-24: 76.4%	2024-25: > 85%	+2.3 percentage points

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The overall implementation of Goal 1 during the 2025–26 school year was largely successful, with most planned metrics executed as intended and resulting in measurable progress toward maintaining a high-quality learning environment. However, one area—proper teacher assignment—presented a notable challenge that marked a substantive difference between the plan and its implementation.

Planned Metrics Implemented Successfully
Several planned metrics were implemented with high fidelity:

Instructional Materials (Metric 1.2): All students had access to their standards-aligned instructional materials for use at school and home, resulting in a 0% deficiency rate, which fully met the expected target and regulatory compliance.

Facilities Maintenance (Metric 1.3): The school reported 0 instances where facilities failed to meet the “good repair” standard, indicating that facilities management practices were well-executed and aligned with planned preventative maintenance and inspection schedules.

Teacher Attendance (Metric 1.5): Teachers maintained a strong attendance rate of 95.5%, meeting the 95% target and supporting instructional continuity.

These successes demonstrate the school’s strong operational systems and consistent focus on creating a safe and well-resourced instructional setting.

Substantive Difference in Implementation – Assignment Monitoring
A notable challenge arose in Metric 1.1: only 76.4% of teaching assignments were evaluated as “Clear” during assignment monitoring, falling short of the 85% goal. Though we saw an increase from last year, this still reflects a substantive gap between planned expectations and actual implementation. While efforts were made to staff classrooms with appropriately credentialed teachers, challenges such as late hiring, credential processing delays, or misassignments may have contributed to this shortfall.

Addressing this issue will require improved credential tracking systems, earlier hiring timelines, and expanded onboarding supports to ensure that all teaching staff meet state requirements for assignment clarity.

Teacher Retention (Metric 1.4): The teacher retention rate was 77%, falling below the established goal of 80%. This decline appears to be influenced by teachers leaving for higher-paying positions in neighboring districts as well as pursuing career advancement opportunities outside of the education field. Continued efforts to improve retention will focus on strengthening employee support, professional growth opportunities, and competitive compensation strategies.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1 Metric 1
Budgeted: $50,509.00
Actual: $73,873.00
Explanation: There was a material difference between the budgeted expenditures and the estimated actual expenditures for Goal 1, Metric 1. Actual expenditures exceeded the budgeted amount primarily due to higher-than-anticipated payroll-related fees incurred during the year. Increased payroll processing and associated personnel costs resulted in expenditures that were greater than originally projected. These expenses were necessary to support staffing and program implementation aligned with the goals and services outlined in the LCAP.

Goal 1 Metric 2
Budgeted: $749,554.12
Actual: $853,478.27

Explanation: There was a material difference between the budgeted expenditures and the estimated actual expenditures for Goal 1, Metric 2. The variance was primarily due to the need to purchase additional instructional technology and instructional materials to better support student learning and program implementation throughout the year. In addition, depreciation expenses were higher than originally projected, resulting in increased overall expenditures. These adjustments were necessary to ensure students had access to appropriate educational resources and technology to support academic achievement.

Goal 1 Metric 3
Budgeted: $3,191,642.17
Actual: $2,686,549.12
Explanation: There was a material difference between the budgeted expenditures and the estimated actual expenditures for Goal 1, Metric 3. Actual expenditures were lower than budgeted due to staff restructuring implemented in response to lower-than-anticipated student enrollment. As staffing levels were adjusted to better align with enrollment and program needs, personnel-related costs were reduced, resulting in expenditures that were below the original budget projections while continuing to support the goals and services outlined in the LCAP.

Goal 1 Metric 4
Budgeted: $60,561.00
Actual: $50,500.00
Explanation: The material difference was having more of our teachers finishing their induction or intern programs to clear their credentials or go from having a permit to a preliminary credential.

Goal 1 Metric 5
Budgeted: $1,284,225.00
Actual: $1,428,177.70
Explanation: There was a material difference between the budgeted expenditures and the estimated actual expenditures for Goal 1, Metric 5. Actual expenditures exceeded the budgeted amount primarily due to higher-than-anticipated Charter Management Organization (CMO) fees incurred during the year. These increased costs were necessary to support operational, administrative, and programmatic services provided by the CMO, resulting in expenditures that were higher than originally projected.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Overall, the implementation of Goal 1 metrics during the 2025-26 school year was largely effective, with four out of five metrics meeting or exceeding their respective targets. However, one area—teacher assignment monitoring—did not achieve the expected outcome and presents a key area for further attention.

Ineffective or Partially Effective Metric
Metric 1.1 – Appropriately Assigned Teachers

Only 76.4% of teaching assignments received an assignment monitoring outcome of “Clear”, falling short of the 85% goal. This indicates a gap in the number of teachers with credentials or assignment alignment and highlights the need for improved HR systems, credential audits, and ongoing teacher placement oversight. This outcome suggests that more robust credential tracking and early intervention strategies are needed to ensure that all teachers are appropriately assigned.

Effective Metrics
Metric 1.2 – Access to Instructional Materials
0% of students lacked access to standards-aligned instructional materials for both school and home use, fully meeting the goal. This reflects a well-maintained materials adoption and distribution system that ensures curricular equity and compliance.

Metric 1.3 – Facilities in Good Repair
There were 0 identified instances where school facilities failed to meet the “good repair” standard, meeting the goal exactly. This indicates strong performance by facilities management teams and consistent compliance with state facility standards.

Metric 1.4 – Teacher Retention
The teacher retention rate was 77%, 3% below the target of 80%. These results indicate an opportunity to enhance teacher support and engagement initiatives to improve retention and encourage educators to view the school as a place for long-term professional growth and career development.

Metric 1.5 – Teacher Attendance
The teacher attendance rate was 95.5%, exceeding the 95% goal, reflecting reliable staff presence and commitment. This outcome is effective due to its minimal variance and strong daily instructional continuity.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Following a review of 2025–26 outcomes and implementation practices, several strategic adjustments have been made to improve the effectiveness of Goal 1 in ensuring all students have access to high-quality learning environments.

Changes to Metrics and Implementation Supports
Improved Monitoring of Teacher Assignments (Metric 1.1)
The outcome for teacher assignment monitoring—76.4% “Clear” assignments compared to the 85% goal—revealed a continued need for stronger systems to ensure appropriately assigned and credentialed staff. In response:

The school will adopt an earlier internal audit cycle for credential alignment before the start of each semester, coaching and training will be offered to school leaders on assignment compliance and misassignment prevention, and while the goal of 85% remains in place for continuity, the supports and expectations around implementation have been strengthened.

Metrics and Monitoring Enhancements
All metrics will remain consistent to ensure year-over-year comparability. Mid-year progress reviews will be continued to help identify and address issues in real-time—especially for facilities maintenance and teacher assignment metrics.

Sustained and Expanded Effective Practices
Since the school achieved 100% access to instructional materials (Metric 1.2) and 0 instances of facilities not meeting “good repair” standards (Metric 1.3), no changes to these metrics or goals are necessary. These metrics will be sustained through:

Continued investment in up-to-date curriculum materials and routine quarterly facilities inspections and repair logging.

Teacher Retention (77%) and Attendance (95.5%) were close to or met targets and will continue to be monitored using the same benchmarks. However, based on stakeholder feedback and retention trends, the school will expand:

Continued teacher induction supports, mentoring/coaching structures, and leadership development pipelines to retain high-quality staff

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers’ credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus,	$50,509.00	No

Action #	Title	Description	Total Funds	Contributing
		livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: N/A		
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: Technology and NonCapital Equipment. The following expenditures will be funded by federal Title funds:N/A	$864,202.35	No
1.3	Clean and safe facilities that support learning	Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct	$2,355,890.47	No

Action #	Title	Description	Total Funds	Contributing
		necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: Classified Support, Staff Benefits, Professional Services, Custodial Supplies, Rent & Leases, and building utilities and maintenance. The following expenditures will be funded by federal Title funds: N/A		
1.4	Healthy and nutritious meals	Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: Food and Office Supplies. The following expenditures will be funded by federal Title funds: N/A	$47,500.00	Yes
1.5	Well-orchestrated Home Office support services	The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools,	$1,764,991.47	No

Action #	Title	Description	Total Funds	Contributing
		which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4. Expenditures associated with this action include the following: CMO Fees, Professional Services, Legal, Audit & CPA, Oversight fees, and Interest Expenses. The following expenditures will be funded by federal Title funds: N/A		

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Graduate Profile,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence.	Broad Goal

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

Measuring and Reporting Results

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

During the 2025-26 school year, MSA-1 made significant progress toward implementing the planned actions under Goal 2, which focuses on ensuring access to high-quality instruction and academic growth for all students. Overall, the planned actions were implemented largely as intended, though some challenges emerged in execution fidelity, particularly in instructional monitoring and academic support structures.

Successful Implementation Areas
The majority of actions were implemented effectively, with outcomes either meeting or exceeding the stated goals. Notably:

State Standards Implementation (Metric 2.1) reached 100%, confirming that all instructional content was aligned with California Content Standards as planned.

Assessment outcomes in Science (21.61%) maintained close to our 23-24 data.

Student growth measures were a particular strength:

MAP Reading Growth (68.5%) and MAP Math Growth (63.2%) exceeded the 50% benchmark, indicating high relative growth, affirming the effectiveness of intervention strategies and instructional time.

These successes highlight strong academic systems in curriculum delivery, use of data to inform instruction, and strategic supports for student achievement.

Implementation Challenges and Substantive Differences
Despite these gains, there were some substantive differences between planned metrics and actual implementation:

CAASPP performance declined in both English Language Arts (ELA) and Mathematics, with ELA proficiency decreasing to 34.42% (-3.92 percentage points) and Math proficiency decreasing to 23.27% (-1.46 percentage points). These results highlight the need to strengthen instructional systems and supports to ensure consistent, high-quality implementation of the curriculum and improve student achievement across both content areas.

Observation Completion by School Administration (Metric 2.2) was significantly below target, with only 46% of teachers receiving the full suite of observations (one formal and four informal), compared to the goal of 85%. This discrepancy indicates a systemic challenge in leadership capacity or scheduling, which affected teacher feedback loops and instructional coaching fidelity.

Course Grades (Metric 2.3) revealed that only 63% of students earned a grade of “C” or better in core and elective classes, falling short of the 80% goal. This suggests a need for increased academic supports, such as tutoring, scaffolding, or intervention programs, to ensure all students can access grade-level material.

English Learner Progress (Metric 2.12) was also a key challenge area. Just 40.7% of English Learners advanced at least one ELPI level or maintained Level 4, though a 17.4% increase from the year prior; we are still not meeting the target of 50%. This result calls for a deeper evaluation of the current ELD curriculum and instructional approaches to better meet the language development needs of EL students.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 2 Metric 1
Budgeted: $3,216,090.58
Actual: $2,836,750.82
Explanation: The projected expenses are not within the budgeted amount and are primarily attributable to challenges in ensuring consistent access across all student groups. Factors contributing to this variance include staffing shortages, scheduling constraints, and delays in implementing targeted supports and services. Additionally, changes in student enrollment and the growing complexity of academic, social-emotional, and specialized service needs impacted the school's ability to provide all students with the intended level of access to programs and interventions.

Goal 2 Metric 2
Budgeted: $186,244.31
Actual: $218,199.94
Explanation: There was a material difference between the budgeted expenditures and the estimated actual expenditures for Goal 2, Metric 2. Actual expenditures exceeded the budgeted amount primarily due to higher-than-anticipated tuition reimbursement costs resulting from an increased number of teachers participating in an induction program. Supporting teacher credentialing and professional growth through

induction programs led to additional reimbursement expenses beyond the original budget projections, resulting in higher overall expenditures for this metric.

Goal 2 Metric 3
Budgeted: $1,321,864.95
Actual: $1,265,783.37
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 2 Metric 4
Budgeted: $186,068.41
Actual: $83,849.79
Explanation: There was a material difference between the budgeted expenditures and the estimated actual expenditures for Goal 2, Metric 4. Actual expenditures differed from the budgeted amount due to the restructuring of staff salaries and benefits during the year. Adjustments to staffing assignments, compensation, and related benefit costs were made to better align resources with organizational and programmatic needs. As a result, personnel-related expenditures varied from the original budget projections.

Goal 2 Metric 5
Budgeted: $1,916,607.09
Actual: $2,263,653.74
Explanation: There was a material difference between the budgeted expenditures and the estimated actual expenditures for Goal 2, Metric 5. Actual expenditures exceeded the budgeted amount due to increased costs associated with supporting the needs of students with Individualized Education Programs (IEPs). Additional services, resources, and specialized supports were provided to ensure that students received the accommodations and interventions required to meet their educational needs. As a result, expenditures were higher than originally projected.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Overall, the implementation of Goal 2 metrics showed a mixed level of effectiveness, with several indicators meeting or exceeding targets, while others fell short, highlighting key areas for continued improvement and targeted support.

Effective Metric
Metric 2.1 – Implementation of State Standards
Achieved 100% implementation across all classrooms, fully meeting the target. This reflects a strong foundation in standards-based instruction schoolwide.

Metric 2.6 – MAP Reading Growth
68.5% of students met or exceeded growth targets, exceeding the 50% goal, demonstrating strong reading development across grade levels.

Metric 2.7 – MAP Reading CGI
Students achieved a CGI of 0.94, meeting expectations for conditional growth and signaling positive momentum.

Metric 2.10 – MAP Math Growth
63.2% of students met or exceeded growth targets, significantly exceeding the 50% benchmark.

Metric 2.11 – MAP Math CGI
A Conditional Growth Index (CGI) of 0.52 was achieved, above the expected growth threshold, showing math gains.

Metric 2.14 – CAASPP-Science Proficiency
21.61% of students met or exceeded standards, maintaining effective science instruction from the previous year.

Ineffective or Partially Effective Metrics
Metric 2.2 – Observation Completion
Only 46% of required observations (one formal, four informal per teacher) were completed by school administration, falling significantly short of the 85% target. This indicates a need for stronger systems to monitor and support teacher performance consistently.

Metric 2.3 – Course Grades (C or Better)
60% of students earned a grade of “C” or better in core and elective classes, underperforming relative to the 80% target. This points to a need for more differentiated instruction and academic supports, especially for struggling learners.

Metric 2.4 - CAASPP-ELA Proficiency
Students scored 34.42% meeting or exceeding the standard, falling short of the goal of 40%.

Metric 2.5 – CA Dashboard ELA Performance
Students scored 42.3 points below standard, underperforming the goal of 38.0 points below, requiring more targeted instruction to improve English Language Arts.

Metric 2.8 – CAASPP-Math Proficiency
23.27% of students met or exceeded standards, falling short of the 28%, requiring more Math instructional support.

Metric 2.9 – CA Dashboard Math Performance
Students scored 95.7 points below standard, declining 17.2 points, indicating more supports in math performance.

Metric 2.12 – English Learner Progress (ELPI)
Only 40.7% of EL students advanced at least one ELPI level or maintained Level 4, below the 50% goal. Though an improvement from the year prior, the same targeted strategies will be implemented to meet the goal.

Metric 2.13 – ELs Reclassified to Fluent English Proficient (RFEP)

7.4% of EL students were reclassified. This falls short of the 10% goal, requiring more supports for our ELs to increase the number of students being reclassified.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on analysis of the 2025–26 outcomes, no substantive changes were made to Goal 2; however, several actions and implementation strategies have been refined to better address areas where performance did not meet established targets. While the school demonstrated success in standards implementation, MAP Reading and Math growth, and Science proficiency, student outcomes in English Language Arts, Mathematics, course performance, English Learner progress, and teacher observation completion indicate a need for increased support and monitoring.

As a result, the school will strengthen instructional coaching and classroom observation systems to ensure administrators complete required observations and provide timely feedback to teachers. Additional professional development and coaching will focus on differentiated instruction, standards-aligned instructional practices, and data-driven decision-making to improve student achievement in ELA and Mathematics.

To address lower-than-expected performance among English Learners, the school will continue and expand targeted language development supports, progress monitoring, and interventions designed to increase ELPI performance and reclassification rates. Academic intervention programs will be enhanced to provide more intensive support for students performing below grade level, with a particular emphasis on literacy and mathematics.

Target outcomes for several metrics have been maintained to reinforce the school's commitment to achieving long-term student success; however, implementation strategies and monitoring processes have been revised to ensure greater accountability, equitable access to supports, and improved student outcomes. These adjustments reflect lessons learned from prior practice and are intended to accelerate progress toward meeting Goal 2 objectives.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will	$2,800,335.30	No

Action #	Title	Description	Total Funds	Contributing
		design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: • TeacherSalaries: Title I; Amount: $90,728 • STRS: Title I; Amount: $18,844.44 • OASDI/Medicare: Title I; Amount: $1,430.60 • Unemployment Insurance: Title I; Amount: $493.31		
2.2	Professional development for high-quality instruction	Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs.	$199,456.84	Yes

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: professional development, tuition reimbursement, and Teacher Salaries. The following expenditures will be funded by federal Title funds: • Certified Pupil Support Salaries: Title I; Amount: $99,770 • STRS: Title I; Amount: $20,285.73 • OASDI/Medicare: Title I; Amount: $1,540.02 • Health & Welfare Benefits: Title I; Amount: $8,141.56 • Unemployment Insurance: Title I; Amount: $531.04 • Prof Developmnt: Title II; Amount: $15,000 • Prof Dev-Other: Title II; Amount: $19,000		
2.3	MTSS - Academic enrichment, intervention, and student support	Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Educational Software, Staff benefits, Administrator and Teacher salaries. The following expenditures will be funded by federal Title funds: • TeacherSalaries: Title I; Amount: $88,044 • STRS: Title I; Amount: $16,816.40	$1,019,728.86	Yes

Action #	Title	Description	Total Funds	Contributing
		• OASD/Medicare: Title I; Amount: $1,276.64 • Health & Welfare Benefits: Title I; Amount: $13,039.06 • Unemployment Insurance: Title I; Amount: $440.22 • Educat Software: Title I; Amount: $55,915.88 • Educat Software: Title IV, Part A ESEA (ESSA); Amount: $3,180 LREBG ACTION: The planned use of the unexpended LREBG funds aligns with Action 2.3, which focuses on implementing a Multi-Tiered System of Supports (MTSS) to deliver targeted academic and social-emotional interventions. Funds will support personnel costs associated with providing small group and one-on-one interventions, co-taught classes, extended learning opportunities, and collaborative support meetings to ensure student progress is consistently monitored and addressed.		
2.4	Designated and integrated ELD programs and support for ELs	Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This	$83,849.79	Yes

Action #	Title	Description	Total Funds	Contributing
		notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: Professional Services. The following expenditures will be funded by federal Title funds: -Clerical & Tech: Resource: Title III - Imm. Ed.; Amount: $69,264.67 -STRS: Resource: Title III - Imm. Ed.; Amount: $13,234.01 -OASDI/Medicare: Resource: Title III - Imm. Ed.; Amount: $1,004.68 -Unemployment Insurance: Title III - Imm. Ed.; Amount: $346.44		
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology.	$2,208,308.56	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.	Broad Goal

State Priorities addressed by this goal.

Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 9.0%	2024-25: (As of 6/5/25) 9.0%	2025-26 (As of 5/22/26): 12%	2026-27: >= 10%	+3.0 percentage points

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The implementation of Goal 3 during the 2025–26 school year was largely successful, with the vast majority of actions executed as planned and resulting in strong student outcomes. The school met or exceeded performance targets for most indicators related to college readiness, advanced coursework, and STEAM engagement. However, several substantive differences between planned and actual implementation emerged, particularly in areas involving dual enrollment access, ELA college readiness, and integration of career technical education (CTE) pathways.

Implementation Successes
Many of the school's planned actions for Goal 3 were implemented effectively and led to measurable success:

Advanced Math Enrollment (Metric 3.1):
12% of students participated in accelerated or advanced math coursework or clubs, just above the 10% goal. This signals an improvement in the number of students showing growth in math.

Technology and STEAM Access (Metrics 3.2 & 3.3):
All graduating students engaged in technology-infused learning and demonstrated STEAM-related projects, affirming full implementation of innovation-focused learning strategies.

College and Career Indicator (Metric 3.4):
The school surpassed its CCI preparedness target (77.9% vs. 55% goal), reflecting successful alignment with state-defined readiness metrics.

Math Readiness and Achievement (Metrics 3.6, 3.7, 3.8):
The school either exceeded or remained close to the targets in CAASPP-Math EAP performance, AP exam performance, and AP pass rates among seniors, suggesting that math instruction and exam preparation programs were executed with fidelity and had a positive impact on student outcomes.

Postsecondary Preparedness (Metrics 3.10, 3.13, 3.16, & 3.17):
High rates of A-G course completion (92.6%), Seal of Biliteracy (27.9%), and college acceptance (94% overall; 72% to 4-year institutions) reflect deep integration of college readiness supports across multiple grade levels.

The percentage of students earning the Golden State Seal Merit Diploma (25%) and the Advanced or Honors MPS Diploma (44.1%) fell below the established targets of 30% and 50%, respectively. These results indicate a need to strengthen college and career readiness planning by identifying eligible students earlier and increasing ongoing academic counseling and monitoring throughout high school. To improve outcomes, the school will implement earlier and more frequent student advisement meetings, enhance progress monitoring systems, and provide targeted support to ensure students remain on track to meet the requirements for these distinguished diploma pathways.

College-Going Rate (Metric 3.18):
While 97% of graduates were accepted to college, 74% enrolled—exceeding the 60% goal. This suggests our supports, or post-graduation follow-up, ensured students follow through on their college plans.

These successes indicate that core instructional, advising, and assessment preparation practices were implemented consistently and with high impact.

Challenges and Implementation Gaps
Several actions did not reach their expected outcomes, revealing gaps between planning and execution:

ELA Readiness on CAASPP (Metric 3.5):
55.35% of students demonstrated college readiness in ELA, just above the 55% target. This suggests a continued need for strong literacy support in Grades 10–11 and continued targeted interventions for struggling students.

Dual Enrollment Completion (Metric 3.9):
Only 33.8% of students completed two semesters of college coursework with a grade of C– or better, versus a goal of 35%. This gap may be due to enrollment capacity, course availability, or students' readiness for college-level rigor.

CTE + A-G Integration (Metric 3.11 & 3.12):
A significant implementation gap occurred here, with 0% of students completing both CTE and A-G sequences—well below the 10% target. This reflects a lack of alignment between academic and CTE tracks, possibly due to scheduling constraints or underdeveloped pathway options.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3 Metric 1
Budgeted: $399,687.17
Actual: $370,504.83
Explanation: The actual expenditures exceeded the budgeted amount due to higher-than-anticipated participation in college and career readiness activities. Additional funding was allocated to support:

Expanded college field trips, increased access to AP exam preparation and fee assistance, and college and career fairs.
These expansions were in response to elevated student interest and the school's effort to exceed College/Career Indicator (CCI) goals, resulting in a purposeful over-investment to enhance student preparedness.

Goal 3 Metric 2

Budgeted: $7,965.00
Actual: $3,000.00
Explanation: Actual expenditures exceeded projected expenditures due to an increased need for academic intervention services and supports. Additional resources were allocated to provide targeted instructional interventions, supplemental learning opportunities, and student support services designed to address learning gaps and accelerate academic growth. These expenditures were necessary to meet the evolving needs of students and support progress toward the school's academic achievement goals.

Goal 3 Metric 3
Budgeted: $191,746.98
Actual: $258,812.85
Explanation: This over-expenditure resulted from needs in educational software for our online curriculum programs.

Goal 3 Metric 4
Budgeted: $553,022.19
Actual: $421,979.71
Explanation: There was a material difference between the budgeted expenditures and the estimated actual expenditures for Goal 3, Metric 4. Actual expenditures were lower than budgeted due to reduced equipment needs, as major equipment purchases had been completed in prior years and existing resources continued to adequately support program operations. In addition, transportation costs for athletic activities were lower than anticipated because the school was able to utilize its own gymnasium rather than renting off-site facilities, significantly reducing the need for student transportation. As a result, total expenditures for this metric were below the original budget projections.

Goal 3 Metric 5
Budgeted: $831,303.33
Actual: $742,001.47
Explanation: The variance is primarily attributed to unfilled enrichment staffing positions and conservative program scaling in the arts, music, and electives. Some after-school and extracurricular programs were staffed by existing faculty or provided by our after-school program.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The specific actions implemented under this goal have been largely effective in making progress toward improving college and career readiness, increasing access to rigorous coursework, and strengthening student preparation for postsecondary success. Several metrics met or exceeded their intended targets, indicating that core instructional, advising, technology, STEAM, and college readiness supports were implemented consistently and had a positive impact on student outcomes.

The school exceeded the target for advanced math participation, with 12% of students enrolled in accelerated or advanced math coursework or clubs, surpassing the 10% goal. In addition, all graduating students participated in technology-infused learning and completed STEAM-

related projects, demonstrating full implementation of innovation-focused learning opportunities. The College and Career Indicator also exceeded the target, with 77.9% of students prepared compared to the 55% goal, reflecting the effectiveness of college and career readiness systems.

Additional areas of strength included math readiness and achievement, A-G completion, Seal of Biliteracy attainment, Golden State Seal attainment, Honors/Advanced Diploma completion, college acceptance, and college enrollment. These outcomes suggest that instructional supports, assessment preparation, academic counseling, and postsecondary planning actions were effective in supporting students toward graduation and college readiness.

However, several actions were partially effective or ineffective and require continued refinement. Although ELA readiness on CAASPP slightly exceeded the target, performance remains an area for continued attention, particularly in Grades 10–11 and for students needing targeted literacy intervention. Dual enrollment completion fell slightly below the goal, indicating a need to strengthen student access, readiness, and support for college-level coursework.

A significant area of need remains the integration of CTE and A-G pathways, as 0% of students completed both CTE and A-G sequences, falling well below the 10% target. This indicates that current pathway structures, scheduling practices, and course sequencing have not yet provided students with sufficient access to complete both requirements. Additionally, the percentage of students earning the Golden State Seal Merit Diploma and Advanced or Honors MPS Diploma fell below targets, demonstrating a need for earlier identification of eligible students, more frequent academic advisement, and improved progress monitoring throughout high school.

Overall, the actions under this goal were effective in many key areas, particularly in college readiness, math growth, STEAM access, and postsecondary outcomes. Moving forward, the school will maintain the successful practices that contributed to strong outcomes while refining actions related to literacy support, dual enrollment access, CTE pathway alignment, and early academic counseling to ensure that more students remain on track for advanced diploma pathways and postsecondary success.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on reflections from the 2025-26 school year, no significant changes were made to Goal 3; however, several actions and implementation strategies have been refined to address areas where outcomes did not meet expectations. Analysis of student performance data demonstrated strong results in college and career readiness, advanced coursework participation, technology integration, postsecondary enrollment, and mathematics achievement. As a result, the school will continue to implement the successful practices that contributed to these outcomes.

To address identified areas of need, the school will strengthen literacy supports and targeted interventions for students who are not yet demonstrating college readiness in English Language Arts. Additional academic support and progress monitoring will be provided to increase student success in dual enrollment courses and improve completion rates.

In response to the lack of students completing both CTE and A-G pathways, the school will review course sequencing, scheduling practices, and pathway alignment to expand opportunities for students to participate in both college preparatory and career technical education programs. Increased collaboration between counseling, administration, and instructional staff will support the development of clearer pathways that allow students to meet both requirements.

Additionally, the school will enhance college and career readiness planning by identifying students eligible for the Golden State Seal Merit Diploma and Advanced or Honors MPS Diploma earlier in their high school experience. More frequent academic advisement meetings, progress monitoring, and family outreach will be implemented to ensure students remain on track to meet diploma requirements and other postsecondary readiness milestones.

Target outcomes for the coming year have largely been maintained to reinforce high expectations and continuous improvement. The refined actions and monitoring systems are intended to increase student access to rigorous coursework, strengthen pathway completion, improve postsecondary readiness outcomes, and ensure that all students are prepared for success in college, career, and civic life.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Expenditures associated with this action include the following: Educational Software..	$303,509.87	Yes

Action #	Title	Description	Total Funds	Contributing
		The following expenditures will be funded by federal Title funds: -Educat Software: Title I; Amount: $500.00		
3.2	STEM and GATE programs	Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. Expenditures associated with this action include the following: Educational Software. The following expenditures will be funded by federal Title funds: -Educat Software: Title I; Amount: $3,000.00	$3,000.00	Yes
3.3	Digital literacy and citizenship programs	Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they	$258,167.04	Yes

Action #	Title	Description	Total Funds	Contributing
		will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity. Expenditures associated with this action include the following: Educational Software. The following expenditures will be funded by federal Title funds: -Educat Software: Title I; Amount: $3,000		
3.4	Physical education, activity, and fitness	Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE supplies expenses.	$409,118.81	Yes

Action #	Title	Description	Total Funds	Contributing
		The following expenditures will be funded by federal Title funds: -PE Supplies: Title IV, Part A ESEA (ESSA); Amount: $10,000.00		
3.5	Additional programs and activities that support well-rounded education	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: N/A	$748,165.21	Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
4	CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

School communities are integrated partnerships with the school site staff, families, students and all other educational partners. This sense of connection creates a safe place for all learners and educational partners to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and educational partner surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
4.1	Number of Parent Advisory Committee (PAC) meetings per year (Source: Local Indicator Priority 3)	2023-24: 5	2024-25: (As of 6/5/25) 8	2025-26 (As of 5/15/26): 10	2026-27: >= 8	+5
4.2	Number of English Learner Advisory Committee (ELAC)	2023-24: 3	2024-25: (As of 6/5/25) 2	2025-26 (As of 5/15/26): 4	2026-27: >= 4	+1

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Implementation of Goal 4 during the 2025–26 school year demonstrated a blend of strong execution and key implementation challenges, particularly in the areas of stakeholder satisfaction, chronic absenteeism, and outreach to English Learner families. While many planned metrics were delivered as intended and yielded measurable success, some fell short of expectations due to structural or capacity-related barriers.

Successful Implementation Areas

Several metrics were carried out as planned and met or exceeded their performance targets:

Family Engagement and Participation Events:
The school hosted 44 parent engagement activities (far exceeding the goal of 10), and conducted 10 PAC meetings, fully meeting expectations for structured family involvement in school governance and events. These efforts reflect the school's strong organizational capacity to provide opportunities for families to connect with school life.

Student Outcomes and Safety:
The school achieved a 100% graduation rate, maintained a 0% high school dropout rate, and kept expulsions at 0%, all of which suggest that academic and behavioral support systems were effectively implemented. Additionally, ADA was 93.63%, slightly above the goal of 92%, reflecting continued efforts to keep students engaged in day-to-day learning.

Student Suspension Rate:
Suspension rate was 1.9% (goal: =2.5%). These results signal persistent practices of applying more effective interventions and supports to address behavior concerns.

Student Retention:
The student retention rate was 86%, meeting the goal of 85% and demonstrating the effectiveness of staff support and retention strategies.

Middle School Dropout Rate:
At 0.8%, the middle school dropout rate achieved the goal of 2%, representing a significant improvement over last year's 2.4%.

Implementation Gaps and Challenges
However, several substantive differences emerged between planned and actual implementation, particularly in the following areas:

ELAC Participation and EL Family Engagement:

Teacher Home Visits:
Only 8.8% of students received a teacher home visit. Though it was a small increase from last year, it is still well below the 15% target. This gap suggests capacity constraints and competing staff priorities, highlighting a need for more coordinated planning and incentives for teacher outreach.

Chronic Absenteeism and Discipline:
The chronic absenteeism rate decreased to 20.8%, but still did not meet our goal (goal = 20%).

Stakeholder Survey Participation and Satisfaction:
The participation rate was low among families (57.5%), missing the 75% target, and satisfaction rates were below goals among students (63%) and staff (48%). These trends point to a disconnect between school efforts and stakeholder experience, potentially linked to communication gaps, staff workload, or limited responsiveness to feedback.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 4 Metric 1
Budgeted: $275.00
Actual: $275.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 4 Metric 2
Budgeted: $377,199.76
Actual: $382,949.86
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 4 Metric 3
Budgeted: $569,788.39
Actual: $593,114.39
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 4 Metric 4
Budgeted: $3,500.00
Actual: $3,500.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 4 Metric 5
Budgeted: $629,125.72
Actual: $504,133.15
Explanation: Actual expenditures were lower than projected expenditures due to declining student enrollment and corresponding reductions in staffing. As enrollment decreased, staffing allocations and associated personnel costs were adjusted to align with student needs and available funding. These adjustments resulted in expenditures that were below the originally budgeted amount while maintaining the programs and services necessary to support student success.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions implemented under Goal 4 were largely effective in promoting student engagement, family involvement, school connectedness, and positive student outcomes. Several metrics met or exceeded their established targets, demonstrating the successful implementation of key programs and services designed to support a positive school climate and strengthen partnerships with families.

Family engagement efforts were particularly successful, with the school hosting 44 parent engagement activities, significantly exceeding the goal of 10 events, and conducting all planned Parent Advisory Committee (PAC) meetings. These activities provided meaningful opportunities for families to participate in school programs, governance, and decision-making processes. Additionally, the school maintained strong student outcomes, including a 100% graduation rate, a 0% high school dropout rate, and a 0% expulsion rate. Average Daily Attendance (ADA) exceeded the established goal, and the student suspension rate remained below the target, indicating that behavioral supports, intervention strategies, and student engagement efforts were effective. The student retention rate also met the established goal, reflecting the school's ability to foster a supportive educational environment that encourages students to remain enrolled and engaged.

Despite these successes, several actions were only partially effective and highlight areas for continued improvement. Teacher home visits fell below the established target, indicating challenges related to staff capacity, competing priorities, and the need for a more structured outreach system. While chronic absenteeism improved from the prior year, the rate remained above the desired target, suggesting that additional attendance interventions and family engagement strategies are needed to address barriers to consistent attendance.

Stakeholder engagement also presented challenges. Family and staff participation rates in stakeholder surveys fell below expectations, and student and staff satisfaction levels did not meet established goals. These results suggest a need to strengthen communication systems, increase opportunities for meaningful stakeholder input, and ensure that feedback is incorporated into school improvement efforts. Additionally, the middle school dropout rate slightly exceeded the target, indicating a need for earlier academic, behavioral, and social-emotional interventions to support at-risk students before they disengage from school.

Overall, the actions associated with Goal 4 were effective in maintaining a positive school climate, supporting student success, and promoting family engagement. However, the school will continue refining strategies related to attendance, stakeholder engagement, family outreach, and middle school student support to ensure greater progress toward all identified outcomes.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Following a review of Year 1 outcomes for Goal 4—focused on strengthening school climate, student engagement, and stakeholder participation—several strategic adjustments have been made for the 2025–26 school year. These changes respond to implementation gaps, unmet participation and satisfaction targets, and emerging priorities related to chronic absenteeism and school connectedness.

Changes to Actions and Supports
Increase ELAC Meeting Frequency and Family Outreach (Metric 4.2)
With only 2 ELAC meetings conducted (goal: 4), the school will implement a monthly standing ELAC schedule and improve communication through multilingual outreach, parent liaisons, and childcare availability. This aims to better engage English Learner families and amplify their voice in school planning.

Revise and Incentivize Teacher Home Visit Program (Metric 4.4)
The 6.7% home visit rate (goal: 15%) revealed low staff participation, prompting changes to include:

Streamlined tracking tools, flexible home visit formats (virtual or in-person) and times, and protected planning time for visits.

Strengthen Chronic Absenteeism Interventions (Metric 4.6)
With a 20.8% rate, slightly above the 20% goal, the school will:

Establish site-based attendance teams for weekly monitoring, continue to expand tiered re-engagement strategies, including attendance contracts, parent conferencing, and wellness checks, and increase partnerships with mental health and community support services

Improve Restorative Practices and Suspension Alternatives (Metrics 4.10)
The suspension rate of 4.7% (goal: 2.5%) highlights a need to:

Provide staff-wide restorative practices training, strengthen the implementation of re-entry plan protocol post-suspension, and create more alternatives such as peer mediation and reflection spaces

Revised Stakeholder Survey Approach (Metrics 4.12–4.14)
Participation and satisfaction rates were low among students, staff, and families. As a result:

Actionable results will be shared with stakeholders in transparent, solution-oriented forums, and more incentives to complete the surveys.

Metrics and Target Refinements
While the core goal remains unchanged, select metrics and targets will be recalibrated to better reflect ambitious but achievable benchmarks:

Stakeholder satisfaction targets will remain, but interim progress indicators will be added to monitor climate and engagement throughout the year.

Chronic absenteeism interventions will be tracked using monthly attendance recovery metrics

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision-making	Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school	$275.00	Yes

Action #	Title	Description	Total Funds	Contributing
		community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: 5940: Technology. The following expenditures will be funded by federal Title funds: N/A		
4.2	Building relationships and partnerships with families for student outcomes	Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School	$384,120.05	Yes

Action #	Title	Description	Total Funds	Contributing
		will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Professional Services, Unemployment Insurance, OASDI/Medicare, STRS, and Teacher Salaries. The following expenditures will be funded by federal Title funds: -Teacher Salaries: Title I; Amount: $6,000.00 -STRS: Title I; Amount: $1,146.00 -OASDI/Medicare: Title I; Amount: $87.00 -Unemployment Insurance: Title I; Amount: $30.00 -Professional Services: Title I; Amount: $9,000.00		
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives	$453,495.08	Yes

Action #	Title	Description	Total Funds	Contributing
		to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Instructional Materials & Supplies. The following expenditures will be funded by federal Title funds: -Instructional Materials & Supplies: Title I; Amount: $5,000.00		
4.4	Annual educational partner surveys	Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will	$3,500.00	Yes

Action #	Title	Description	Total Funds	Contributing
		analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Panorama Education survey fees. The following expenditures will be funded by federal Title funds: Professional Services: Title I; Amount: $3,500.00		
4.5	Community outreach and partnerships	Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. Expenditures associated with this action include the following: Corresponding personnel salaries, Marketing expenditures, professional services, membership fees. The following expenditures will be funded by federal Title funds: N/A	$398,678.66	Yes

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2026-27]

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.4	**Action:** Healthy and nutritious meals **Need:** Low-income students do not have sufficient or consistent access to nutritious meals and they develop poor eating habits. As a result, they experience poor health and academic outcomes, including, but not limited to, obesity, chronic absenteeism and lower grades. There	MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	is a need to provide all our students with healthy and nutritious meals. **Scope:** LEA-wide	consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. We will provide two school meals free of charge during each schoolday to any student who requests a meal without consideration of the student's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary	• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	
2.2	**Action:** Professional development for high-quality instruction **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners. **Scope:** LEA-wide	With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost/SchoolMint Grow software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded

2.3	**Action:** MTSS - Academic enrichment, intervention, and student support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion. Students struggle with access to materials,	Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2,

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention. **Scope:** LEA-wide	English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.	TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading

2.4	**Action:** Designated and integrated ELD programs and support for ELs **Need:**	Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers	Goal 2: For all students, but particularly for the EL and LTEL student groups: • Percentage of students who

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	The majority of Charter School's student population consists of English Learners (EL), including long-term ELs (LTELs), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction. **Scope:** LEA-wide	with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated ELD instruction, will be provided for all students.	have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring (Source: NWEA MAP)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		RFEP students, students with disabilities, and all other student groups will benefit from this schoolwide action. We expect that this action will result in increased academic achievement of our student groups, particularly of our ELs and LTELs, on the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and EL reclassification rates as identified in our LCAP metrics in Goal 2.	• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP) • Percentage of students who have met or exceeded standard on the CAASPP-Mathematics assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-Mathematics assessments (Source: CA School Dashboard) • Percentage of students who

3.1	**Action:** College/Career readiness programs and activities **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. A college-going, supportive culture at the school is necessary for our students' college/career readiness. **Scope:** LEA-wide	With the needs of our unduplicated students in mind, Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Unduplicated students will receive improved services through our Naviance program and increased support with AP exam fees, AP	Goal 3: • Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard) • Percentage of all AP exam takers in the current year with a score of 3 or higher (Source: College Board) • Percentage of seniors who have passed an AP exam with a score of 3 or higher during their high school

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		course materials, and other college-related materials and activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increases in CCI prepared rate, AP passing rate, A-G rate, diploma seals, college acceptance, and college-going rates as identified in our LCAP metrics in Goal 3.	years (Source: College Board) • Percentage of seniors who have completed at least two semesters of college coursework with a grade of C minus or better in academic/CTE subjects where college credit is awarded (Source: CA School Dashboard, SIS) • Percentage of cohort graduates who have successfully completed courses that satisfy the requirements for entrance to the UC/CSU (Source: CA School Dashboard, CDE DataQuest, CALPADS) • Percentage of cohort graduates who have successfully completed

			• College-Going Rate (Source: CDE DataQuest)
3.2	**Action:** STEM and GATE programs **Need:** Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of everchanging technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEM curricula. **Scope:** LEA-wide	Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning.	Goal 3: • Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS) • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS) • Percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.	the current year (Source: Local Indicator Priority 7, SIS)
3.3	**Action:** Digital literacy and citizenship programs **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way. **Scope:**	With the needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications; digital footprint, privacy,	Goal 3: • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	LEA-wide	and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.	
3.4	**Action:** Physical education, activity, and fitness **Need:** Low-income students do not have sufficient or consistent access to physical activities/sports and fitness education. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. **Scope:** LEA-wide	MPS is committed to the optimal development of every student. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We expect that this action will result in increased attendance and grades as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)
3.5	**Action:** Additional programs and activities that support well-rounded education **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem solving, communication, and management of time and resources that contribute to lifelong learning and career skills. Our low-income students come from underserved communities	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math,	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 3: • Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	that do not have adequate resources and access to experiential learning opportunities. **Scope:** LEA-wide	academic competitions, journalism, college mentorship, and other areas. These well-rounded programs and activities will result in increased and improved services for our unduplicated students. With the needs of our unduplicated students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help our scholars become independent and innovative scholars. We also expect that this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2, increases in CCI prepared rate, AP passing rate, A-G rate, diploma seals, college acceptance, and college-going rates as identified in our LCAP metrics in Goal 3, as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	• Percentage of all AP exam takers in the current year with a score of 3 or higher (Source: College Board) • Percentage of seniors who have passed an AP exam with a score of 3 or higher during their high school years (Source: College Board) • Percentage of seniors who have completed at least two semesters of college coursework with a grade of C minus or better in academic/CTE subjects where college credit is awarded (Source: CA School Dashboard, SIS) • Percentage of cohort graduates who have successfully completed

			knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students and families to the question, "Overall, I am satisfied and would recommend this school to other students/families. " (Source: Local Indicator Priority 6, Panorama Education)
4.1	**Action:** Seeking family input for decision-making **Need:** It is important that parents are engaged in the development of all school plans, including, but	Considering the needs of our unduplicated students and their families, Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory	Goal 4: • Number of Parent Advisory Committee (PAC) meetings per year (Source:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making. **Scope:** LEA-wide	Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision	Local Indicator Priority 3) • Number of English Learner Advisory Committee (ELAC) meetings per year (Source: Local Indicator Priority 3) • School experience survey "average approval rates" based on the responses of our families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates"

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing Community School strategies to reach and seek input from any underrepresented groups in the school community. We also expect that this action will result in increased parent satisfaction as measured by the annual educational partner surveys in Goal 4: Action 4.	based on the responses of our families to the question, "Overall, I am satisfied and would recommend this school to other families." (Source: Local Indicator Priority 6, Panorama Education)
4.2	**Action:** Building relationships and partnerships with families for student outcomes **Need:** Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The	In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4: • Number of activities/events for parent involvement per year (Source: Local Indicator Priority 3) • Percentage of students who have been home-visited by the

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. **Scope:** LEA-wide	include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way communication between families and educators using language that is understandable and accessible to families, and providing families with information and resources to support student learning and development in the home. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased home visit rate, ADA rate, and graduation rate, and decreased chronic absenteeism rate, dropout	teachers per year (Source: Local Indicator Priority 3, SIS) • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS) • High School Dropout Rate (Source: CDE DataQuest, CALPADS) • Graduation Rate (Source: CALPADS, CA School Dashboard) • Student Suspension Rate (Source: CA School Dashboard, CALPADS) • Student Expulsion Rate (Source:

			"Overall, I am satisfied and would recommend this school to other students/families/ educators." (Source: Local Indicator Priority 6, Panorama Education)
4.3	**Action:** MTSS - PBIS and SEL support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. These student groups also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English	Considering the needs of our vulnerable student groups in mind, Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental,	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. **Scope:** LEA-wide	restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students. With the needs of our vulnerable students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect that this action will help provide a foundation for safe and positive learning, and enhance students' mental health and abilities to succeed in school, careers, and life. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate and graduation rate, and decreased	• High School Dropout Rate (Source: CDE DataQuest, CALPADS) • Graduation Rate (Source: CALPADS, CA School Dashboard) • Student Suspension Rate (Source: CA School Dashboard, CALPADS) • Student Expulsion Rate (Source: CDE DataQuest, CALPADS) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of

		chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual educational partner surveys in Goal 4: Action 4.	discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students, families, and staff to the question, "Overall, I am satisfied and would recommend this school to other students/families/ educators." (Source: Local Indicator Priority 6, Panorama Education)
4.4	**Action:** Annual educational partner surveys **Need:** It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP,	Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school	Goal 4: • School experience survey "participation rates" by students, families, and staff

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Educational partner voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage educational partners in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage educational partners in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. **Scope:** LEA-wide	leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide valuable feedback for school improvement. We also expect that this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.	(Source: Local Indicator Priority 6, Panorama Education) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students,

4.5	**Action:** Community outreach and partnerships **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. They also have lower ADA	Considering the needs of our vulnerable student groups in mind, Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities will result in increased and improved resources for our unduplicated students and will be particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. With the needs of our unduplicated students and their families in mind, this action will be provided	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 3: • Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard) • Percentage of seniors who have

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Similar to the current academic year, MSA-1 will utilize the concentration grant add-on funds ($200,659) in the following manner:

MSA-1 is using the concentration grant add-on funds received in a manner which is consistent with California Education Code Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

By adding these faculty/staff members, we aim to strengthen our ability to address the diverse needs of our student population and provide targeted support where it is most needed. This strategic allocation of funds will help create a more conducive learning environment and contribute to our student's overall growth and achievement.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

Powered by BoardOnTrack

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

Powered by BoardOnTrack

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

Powered by BoardOnTrack

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

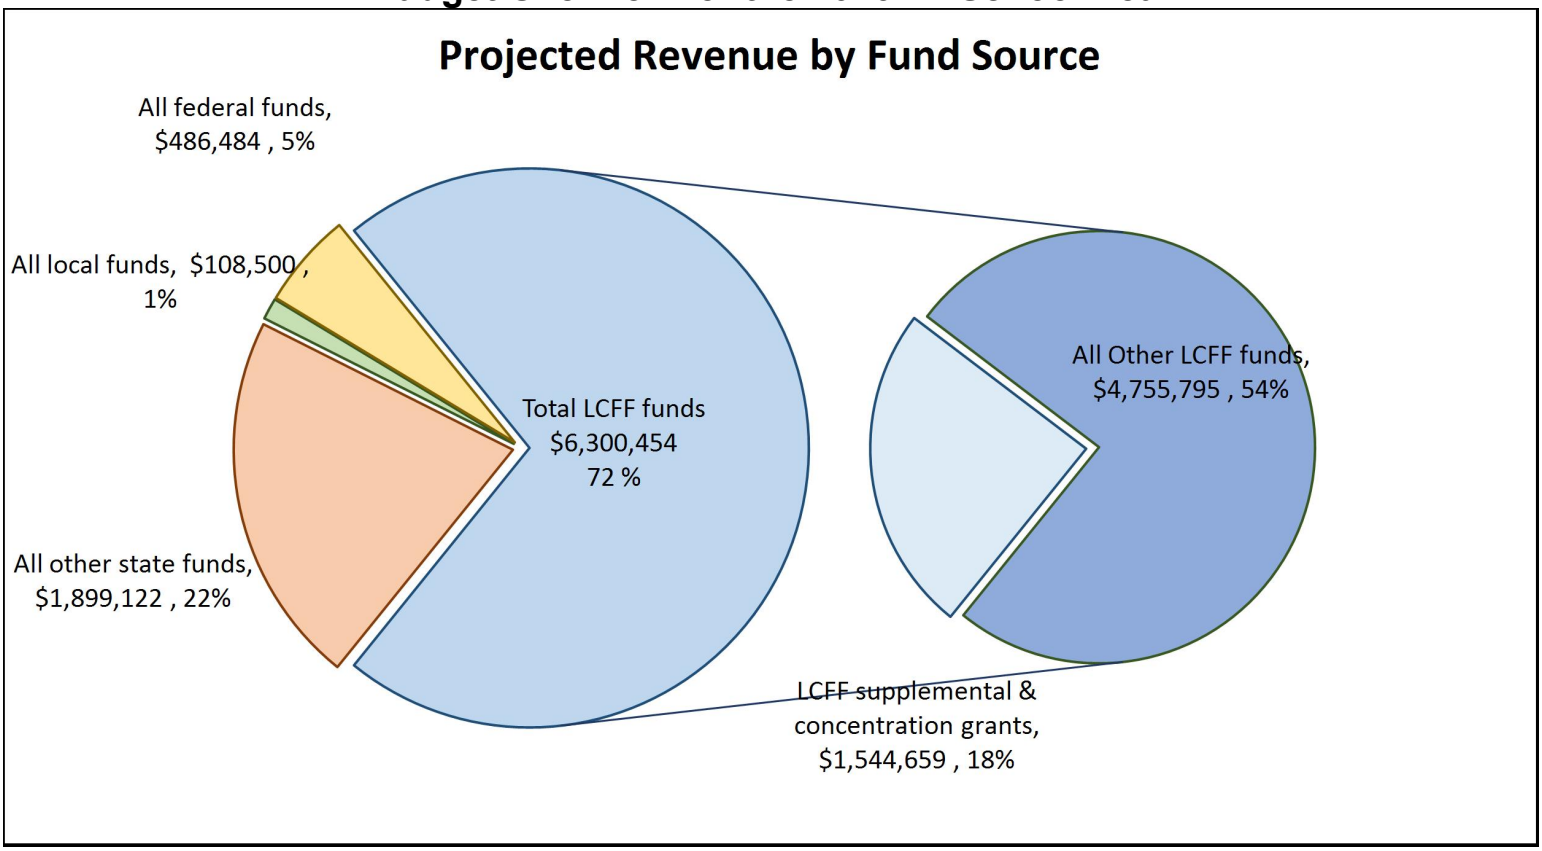
California Department of Education
November 2024

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy 2
CDS Code: 19-10199-0115212
School Year: 2026-27
LEA contact information:
Irene Gavi
Principal
igavi@magnoliapublicschools.org
(818) 758-0300

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (Foster Youth, English learners, and low-income students).

Budget Overview for the 2026-27 School Year

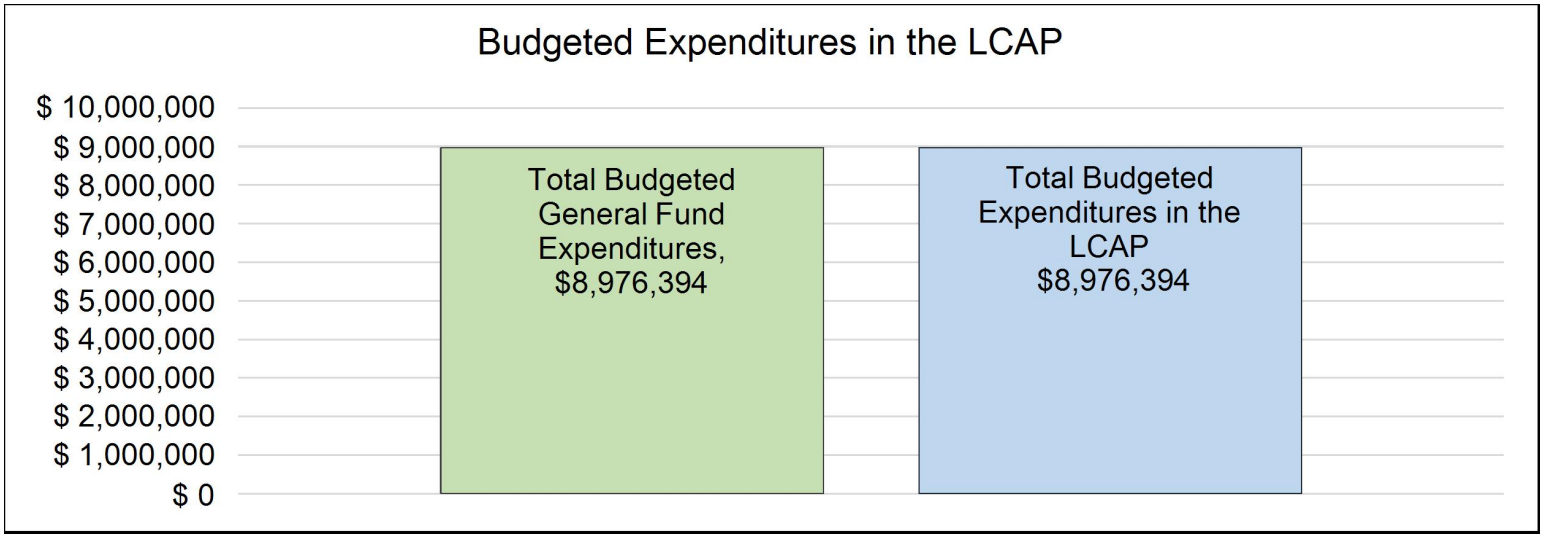


This chart shows the total general purpose revenue Magnolia Science Academy 2 expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy 2 is $8,794,560, of which $6,300,454 is Local Control Funding Formula (LCFF), $1,899,122 is other state funds, $108,500 is local funds, and $486,484 is federal funds. Of the $6,300,454 in LCFF Funds, $1,544,659 is generated based on the enrollment of high needs students (Foster Youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.



This chart provides a quick summary of how much Magnolia Science Academy 2 plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy 2 plans to spend $8,976,394 for the 2026-27 school year. Of that amount, $8,976,394 is tied to actions/services in the LCAP and $0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

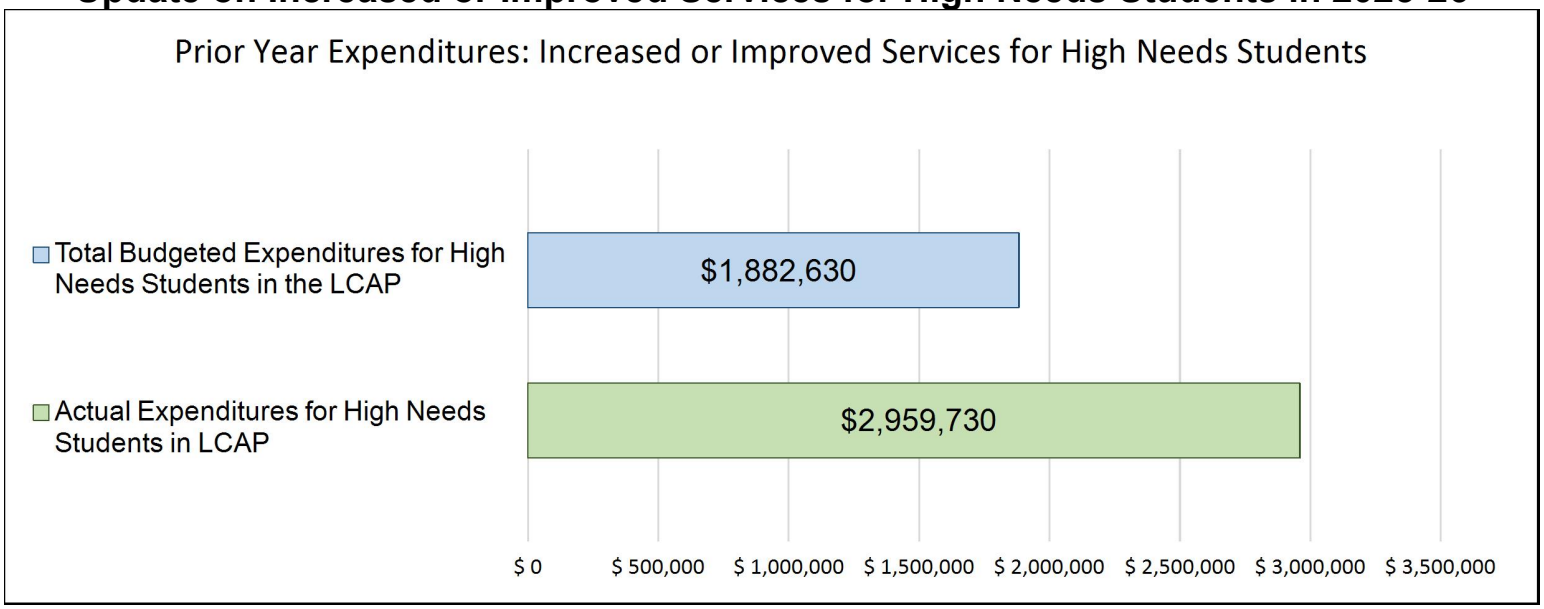
N/A

Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Magnolia Science Academy 2 is projecting it will receive $1,544,659 based on the enrollment of Foster Youth, English learner, and low-income students. Magnolia Science Academy 2 must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy 2 plans to spend $1,851,870 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2025-26



This chart compares what Magnolia Science Academy 2 budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy 2 estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, Magnolia Science Academy 2's LCAP budgeted $1,882,630 for planned actions to increase or improve services for high needs students. Magnolia Science Academy 2 actually spent $2,959,730 for actions to increase or improve services for high needs students in 2025-26.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy 2	Irene Gavi Principal	IGavi@magnoliapublicschools.org (818) 758-0300

Plan Summary [2026-27]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Magnolia Science Academy-2 (MSA-2 Charter School), is a classroom-based charter school serving grades 6–12 with a curriculum emphasis on science, technology, engineering, arts and math (STEAM). Originally founded in 2008, MSA-2's mission is to provide "a college preparatory educational program emphasizing STEAM in a safe environment that cultivates respect for self and others."

MPS strives to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundational skills presented in ways that are relevant and inspiring for our students. MSA-2 adopted the Gates Model of providing its students with a small school environment, staffed with high quality educators and dedicated professionals whose sole purpose is to educate and prepare each child for higher education. Classroom instruction at MSA-2 is supplemented by tutoring, after-school programs, Saturday school enrichment, morning school support, and school-to-university pathways.

MSA-2 currently has 448 students in grades 6-12, and mainly draws enrollment from Van Nuys, CA, and neighboring communities. The neighborhoods that MSA-2 serves are heavily immigrant with a language other than English spoken at home. A high concentration of the families MSA-2 serves face economic challenges. MSA-2 has a diverse enrollment, including 91.7% Hispanic / Latino, 2.0% Asian / Pacific Islander, 3.1% White, 1.8 % Black / African American, .9% Filipino, 75.7% Socioeconomically Disadvantaged, 18.8% Special Education, and 17% English Learner population, GATE 8.5% population. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

Magnolia Science Academy 2
Address: 17125 Victory Blvd., Lake Balboa, CA, 91406-5455
Phone: 818-758-0300
Email: msa2@magnoliapublicschools.org

Our History
Magnolia Science Academy – 2 (MSA-2) opened its doors to serve the community of Reseda in the Fall of 2008 for the grades 6th through 12th grade. In 2010, the school site moved to Lake Balboa. The school provides an academically rigorous standards-based curriculum.

Our Mission
Magnolia Public Schools provides a college preparatory educational program emphasizing science, technology, engineering, and math (STEAM) in a safe environment that cultivates respect for self and others.

Our Vision
Graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

INNOVATION
Students have the freedom to choose how and what they learn. Individualized scheduling, early identification of learning styles, personalities, interest, and career plans support students' college and career readiness. Students experience hands-on learning through robotics, computer science, and arts to promote imagination, creativity, and invention.

CONNECTION
School communities are integrated partnerships among the school site staff, families, students, and all other stakeholders. Connection creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internships, promote unity and better decision making through the implementation of restorative justice practices.

EXCELLENCE
Academic Excellence is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster academic excellence through project-based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Successes

A review of the 2025 California School Dashboard and local data identified several areas of success for MSA-2. English Language Arts performance improved, with 35.82% of students meeting or exceeding standards on the CAASPP ELA assessment. Distance from Standard (DFS) in ELA also improved for all students and key student groups, including socioeconomically disadvantaged students, students with disabilities, and Hispanic students, indicating progress toward grade-level standards.

Local NWEA MAP Reading data reflected strong student growth. Overall, 61.8% of students met their reading growth targets, while English Learners (76.6%), students with disabilities (66.1%), socioeconomically disadvantaged students (59.8%), and Hispanic students (61.9%) all exceeded the school's growth target. Reading growth percentiles also exceeded national norms for multiple student groups.

English Learner outcomes showed meaningful progress during the year. The percentage of English Learners making progress toward English proficiency increased to 41.9%, and the reclassification rate increased to 13.8%, exceeding the school's target. These results demonstrate the positive impact of targeted language development supports and interventions.

MSA-2 also demonstrated success in implementing instructional improvement systems. Classroom observation completion increased to 94%, exceeding the established target and providing greater opportunities for instructional coaching, feedback, and support.

Challenges

Despite these successes, mathematics remains an area of need. While NWEA MAP Mathematics data showed that 51.3% of students met their growth targets and overall growth remained above national norms, only 13.18% of students met or exceeded standards on the CAASPP Mathematics assessment. Mathematics performance among English Learners, students with disabilities, and other student groups continues to require targeted intervention and support.

Science achievement also remains a challenge. Only 18.88% of students met or exceeded standards on the CAASPP Science assessment, which remains below the school's target. Performance among student groups, particularly English Learners and students with disabilities, indicates a continued need for additional instructional support and access to rigorous science learning opportunities.

Another area of concern is overall course performance. The percentage of students earning a grade of C or better in core subjects and electives was 46%, indicating a need to strengthen academic interventions, progress monitoring, and student support systems to improve classroom achievement and mastery of grade-level content.

MSA-2 will continue to utilize Dashboard and local data to strengthen instructional practices, expand intervention supports, and improve outcomes for all student groups, with a particular focus on mathematics achievement, science performance, and overall academic success.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

N/A

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents	In order to engage parents as educational partners, MSA-2 utilizes multiple systems and structures designed to gather input, encourage participation, and strengthen collaboration between families and the school community. Parents are provided opportunities to contribute feedback and participate in school improvement efforts, including the development of the Local Control and Accountability Plan (LCAP). MSA-2 gathers parent input through a variety of channels, including Parent Task Force (PTF) meetings, Community Advisory Council (CAC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, Board of Directors meetings, parent engagement events, surveys, newsletters, and ongoing communication through ParentSquare and other communication platforms. Parents who participate in the PTF and ELAC also serve on the Community Advisory Council (CAC), ensuring representation from key student groups, including English learners, low-income students, and other unduplicated student populations. Throughout the school year, MSA-2 held monthly PTF meetings, monthly CAC meetings, quarterly ELAC meetings, weekly Coffee with the Principal meetings, and numerous parent engagement activities. These meetings provided opportunities for parents to learn about school programs, review student achievement data, discuss school priorities, and provide input regarding the development of the LCAP. MSA-2 also administered the Kelvin School Experience Survey to gather parent feedback regarding school safety, school connectedness, communication, academic support, and overall

Educational Partner(s)	Process for Engagement
	satisfaction. Survey results, along with feedback collected during advisory committee meetings and parent events, were reviewed and considered during the development of the LCAP and the identification of school priorities. As a charter school with measurable student outcomes outlined in its charter petition and a WASC action plan focused on continuous improvement, MSA-2 utilizes the LCAP as a comprehensive planning tool that aligns state priorities, local priorities, and educational partner feedback. Parent input plays an important role in identifying areas of strength, areas for growth, and the allocation of resources to support student success. To ensure effective communication and broad stakeholder participation, MSA-2 disseminates information through ParentSquare, monthly newsletters, the school website, email, phone calls, social media platforms, Google Classroom, Illuminate, Google Forms, and other communication tools. These systems help maintain ongoing communication with families and provide multiple opportunities for meaningful parent engagement throughout the year.
Students	In order to engage students as educational partners, MSA-2 utilizes multiple systems and structures designed to gather student voice, encourage participation in school decision-making, and support continuous school improvement. Students are provided opportunities to share feedback regarding their educational experiences, school climate, academic programs, and school priorities, including the development of the Local Control and Accountability Plan (LCAP). MSA-2 gathers student input through Community Advisory Council (CAC) meetings, Student Council meetings, Coffee with the Principal meetings, student leadership opportunities, school events, Board of Directors meetings, and student surveys. Student representatives participate in the Community Advisory Council (CAC), ensuring that student perspectives are considered during discussions related to school improvement, resource allocation, and LCAP development. Throughout the school year, MSA-2 held regular CAC meetings, Student Council meetings, Coffee with the Principal meetings, and a variety of student activities and leadership opportunities. These

Educational Partner(s)	Process for Engagement
	forums provided students with opportunities to discuss school programs, academic supports, school culture, safety, and other topics important to the student experience. Student feedback was reviewed and considered as part of the LCAP development process. MSA-2 also administered the Kelvin School Experience Survey to gather student feedback regarding school safety, school connectedness, teaching and learning, student engagement, and overall school climate. Survey results provided valuable information regarding student perceptions and were used to identify strengths, areas for growth, and priorities for continuous improvement. As a charter school committed to continuous improvement, MSA-2 values student voice as an important component of the planning process. Student feedback gathered through advisory committees, surveys, leadership groups, and school events helped inform decisions regarding school programs, services, and priorities included in the LCAP. To ensure effective communication and broad student engagement, MSA-2 utilizes a variety of communication tools, including ParentSquare, monthly newsletters, the school website, email, social media platforms, Google Classroom, and other digital communication platforms. These tools help keep students informed and provide ongoing opportunities for participation and feedback throughout the school year.
Teachers	In order to engage teachers as educational partners, MSA-2 utilizes multiple systems and structures designed to gather teacher input, encourage collaboration, and support continuous school improvement. Teachers play a critical role in identifying student needs, evaluating program effectiveness, and providing feedback regarding instructional practices, resource allocation, and school priorities, including the development of the Local Control and Accountability Plan (LCAP).

Educational Partner(s)	Process for Engagement
	MSA-2 gathers teacher input through Community Advisory Council (CAC) meetings, staff meetings, professional development sessions, department meetings, grade-level meetings, MTSS committee meetings, PBIS committee meetings, Title I meetings, and Coffee with the Principal meetings. Teacher representatives participate in the Community Advisory Council (CAC) and provide feedback on school programs, student outcomes, and priorities for improvement. Throughout the school year, teachers participated in weekly professional development meetings, monthly department and grade-level meetings, MTSS and PBIS committee meetings, and Title I planning meetings. These meetings provided opportunities for teachers to review student achievement data, discuss instructional strategies, evaluate intervention programs, and provide recommendations regarding school improvement efforts and resource allocation. MSA-2 also administered the Kelvin Staff Experience Survey to gather teacher feedback regarding school climate, safety, communication, professional development, leadership support, and overall job satisfaction. Survey results were reviewed alongside other stakeholder feedback and student achievement data to help inform the development of the LCAP and identify areas of strength and opportunities for growth. As a charter school committed to continuous improvement, MSA-2 values teacher voice as an essential component of the planning process. Teacher feedback gathered through meetings, committees, surveys, and ongoing collaboration with school leadership helped inform decisions regarding instructional programs, student supports, professional development, and the allocation of resources included in the LCAP. To ensure effective communication and ongoing collaboration, MSA-2 utilizes ParentSquare, email, staff meetings, professional development sessions, newsletters, the school website, Google Classroom, and other communication tools to share information and

Powered by BoardOnTrack

Educational Partner(s)	Process for Engagement
	provide opportunities for teacher engagement throughout the school year.
School administrators	In order to engage school administrators as educational partners, MSA-2 utilizes multiple systems and structures designed to support collaborative decision-making, continuous improvement, and effective implementation of school programs. Administrators play a key role in reviewing student achievement data, evaluating program effectiveness, gathering stakeholder input, and developing priorities for the Local Control and Accountability Plan (LCAP). MSA-2 administrators regularly participate in leadership meetings, Community Advisory Council (CAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, Board of Directors meetings, Coffee with the Principal meetings, and schoolwide planning meetings. Through these forums, administrators gather feedback from students, families, teachers, and other educational partners regarding school programs, student outcomes, school climate, and areas for improvement. Throughout the school year, administrators participated in weekly leadership meetings, weekly administrative meetings, monthly principal meetings with the central office, monthly academic and student services administrator meetings, MTSS committee meetings, PBIS committee meetings, Title I planning meetings, and other program-specific meetings. These meetings provided opportunities to review academic, attendance, behavior, and school climate data and to identify priorities for continuous improvement. MSA-2 also reviewed feedback collected through the Kelvin School Experience Surveys administered to students, families, and staff. Survey results, along with local assessment data, California School Dashboard data, and stakeholder feedback gathered through advisory committees and school events, informed the development of the LCAP and the identification of schoolwide priorities.

Educational Partner(s)	Process for Engagement
	As a charter school committed to continuous improvement, MSA-2 utilizes its charter petition, WASC action plan, California School Dashboard data, local assessment data, and educational partner feedback to guide decision-making. Administrators use this information to evaluate programs, allocate resources, monitor progress toward goals, and ensure that the LCAP reflects the needs and priorities of the school community. To support ongoing communication and collaboration, administrators utilize ParentSquare, email, newsletters, the school website, staff meetings, committee meetings, and other communication tools to share information and gather input throughout the school year.
Other school personnel	In order to engage other school personnel as educational partners, MSA-2 utilizes multiple systems and structures designed to gather input, encourage collaboration, and support continuous school improvement. Other school personnel, including paraprofessionals, office staff, custodial staff, campus supervisors, and other support staff, play an important role in supporting student success and providing valuable perspectives regarding school programs, operations, safety, and school climate. MSA-2 gathers input from other school personnel through Community Advisory Council (CAC) meetings, staff meetings, Coffee with the Principal meetings, committee meetings, professional development activities, and schoolwide events. Other school personnel are encouraged to participate in discussions related to school improvement, student support programs, school climate, and the development of the Local Control and Accountability Plan (LCAP). Throughout the school year, other school personnel participated in staff meetings, MTSS and PBIS committee meetings, Title I meetings, and other schoolwide planning activities. These meetings provided opportunities for staff to share feedback regarding student needs, school operations, safety procedures, attendance supports, family engagement efforts, and other school improvement initiatives.

Educational Partner(s)	Process for Engagement
	MSA-2 also administered the Kelvin Staff Experience Survey to gather feedback regarding school climate, communication, workplace culture, safety, and overall satisfaction. Feedback collected through surveys, meetings, and ongoing communication with school leadership was reviewed as part of the LCAP development process and helped inform school priorities and resource allocation decisions. To support effective communication and collaboration, MSA-2 utilizes ParentSquare, email, newsletters, the school website, staff meetings, and other communication tools to share information and provide opportunities for meaningful engagement throughout the school year.
SELPA	MPS Home office staff and MSA2 school administrators attend meetings led by SELPA as well as trainings. Further, SELPA is required to review and provide feedback to various submissions related to SPED students and more. As such, SELPA feedback is required to be incorporated into all official plans and submissions, where applicable, prior to finalizing and publishing public reports and official accountability documents related to MSA2 each year.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Feedback from parents, students, teachers, administrators, and other school personnel played an important role in the development of the 2025-26 LCAP. Input was gathered through Community Advisory Council (CAC) meetings, Parent Task Force (PTF) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, staff meetings, student leadership groups, and the Kelvin School Experience Surveys administered to students, families, and staff.

Several common themes emerged from stakeholder feedback, including a desire to strengthen school culture and student belonging, improve communication between the school and families, enhance facilities and student spaces, increase student engagement opportunities, and provide additional support for student behavior and social-emotional development.

As a result of this feedback, MSA-2 incorporated actions and services within the LCAP that focus on improving school connectedness, student engagement, and educational partner involvement. The school continued to support student leadership opportunities through Student Council and expanded student activities designed to increase student belonging and school pride. Feedback regarding school culture and student relationships also informed continued investments in PBIS, social-emotional learning, restorative practices, and programs focused on bullying prevention and positive school climate.

Family feedback regarding communication resulted in continued efforts to strengthen communication systems through ParentSquare, parent meetings, newsletters, and other outreach strategies. Staff feedback regarding school culture, student behavior, and support for diverse

learners informed ongoing professional development, MTSS implementation, PBIS supports, and instructional interventions for English Learners and other student groups.

Educational partners also emphasized the importance of maintaining safe, welcoming, and well-maintained learning environments. As a result, the adopted LCAP continues to prioritize facility improvements, student supervision, school safety, and programs that promote positive relationships among students, families, and staff.

Overall, stakeholder feedback helped validate existing priorities while guiding refinements to actions and services designed to improve student achievement, school climate, communication, student engagement, and school connectedness.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned and high-quality instructional materials, and appropriately maintained school facilities.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	The percentage of teaching assignments that have an assignment monitoring outcome of "clear" (Source: Local Indicator Priority 1, CDE DataQuest TAMO by FTE Report)	2021-22: 72.5%	2022-23: 63.2%	2023-24: 63.9%	2024-25: > 85%	-8.6 percentage points
1.2	Percentage of students without access to their	2023-24: 0%	2024-25 (As of 6/5/25):	2025-26 (As of 5/22/26):	2026-27: 0%	0 percentage points

1.5	Teacher attendance rate (Source: HRIS)	2023-24: (As of 5/15/24) 93.4%	2024-25: (As of 5/31/25) 93.7%	2025-26 (As of 5/15/26): 94.2%	2026-27: >= 95.0%	+0.8 percentage points

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Overall, the school successfully implemented most actions associated with this goal and maintained a safe, secure, and high-quality learning environment for students and staff. All students continued to have access to standards-aligned instructional materials for use at school and at home, and the school maintained facilities in good repair throughout the year. The school also successfully completed a Williams monitoring visit conducted by LACOE, which confirmed compliance with instructional materials and facility requirements.

The school experienced staffing challenges that impacted implementation of some actions. A vacancy in the science teacher position proved difficult to fill despite extensive recruitment efforts, and a qualified credentialed science teacher was not secured during the year. In addition, the computer teacher position experienced two staff turnovers, resulting in interruptions to instruction. To ensure continuity of learning, these positions were covered by long-term substitute teachers who were supported by the administrative team, including credentialed administrators who provided instructional guidance and oversight.

The school continued efforts to improve instructional quality through ongoing review of assignments, lesson planning, and classroom support. As a result, the percentage of teaching assignments receiving a "clear" monitoring outcome increased slightly from 63.2% to 63.9%. While improvement remains an area of focus, the school maintained systems to support instructional effectiveness and student learning.

The school maintained a 0% rate of students without access to standards-aligned instructional materials and reported zero identified facilities deficiencies that failed to meet the "good repair" standard. Teacher retention improved from 75% to 79%, and teacher attendance increased from 93.7% to 94.2%, reflecting increased staffing stability and continued staff commitment to supporting students. Despite challenges in filling specialized teaching positions, the school successfully maintained essential services and instructional access for students throughout the year.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1 Action 1
Budgeted: $30,502.00
Actual: $34,870.00
Explanation: Actual expenditures exceeded the budgeted amount due to higher-than-anticipated costs associated with employee onboarding and personnel services, including Livescan fingerprinting, payroll processing fees, and related human resources service expenses. These additional costs were necessary to support staffing needs and maintain compliance with employment requirements during the school year.

Goal 1 Action 2
Budgeted: $494,584.35
Actual: $456,583.23
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 1 Action 3
Budgeted: $2,022,775.68
Actual: $2,027,290.34
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 1 Action 4
Budgeted: $19,126.00
Actual: $19,126.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 1 Action 5
Budgeted: $1,222,013.00

Actual: $1,090,489.21
Explanation: Actual expenditures were lower than budgeted due to reduced costs for contracted professional services and organizational support during the year. All planned services and supports were provided, and the action was implemented as intended with no significant impact on program effectiveness.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Overall, the actions associated with Goal 1 were largely effective in maintaining the basic services necessary to support a high-quality learning environment. The school successfully maintained student access to standards-aligned instructional materials, ensured facilities remained in good repair, and improved both teacher retention and teacher attendance rates. While staffing challenges continued to impact some outcomes, the actions implemented helped minimize disruptions to student learning and maintain essential services.

Action 1.1: This action was moderately effective in supporting the recruitment, retention, and development of qualified staff. Teacher retention increased from 75% to 79%, and teacher attendance improved from 93.7% to 94.2%. However, the school continued to experience challenges filling specialized teaching positions. A science teacher vacancy remained difficult to fill despite extensive recruitment efforts, and the computer teacher position experienced two staff turnovers during the year. To maintain instructional continuity, long-term substitute teachers were utilized and supported by the administrative team. While the percentage of teaching assignments receiving a "clear" monitoring outcome increased slightly from 63.2% to 63.9%, improving credential alignment and assignment monitoring will remain an area of focus.

Actions 1.2 and 1.3: These actions were highly effective. The school maintained a 100% rate of students with access to standards-aligned instructional materials both at school and at home. In addition, the school reported zero facilities deficiencies that failed to meet the "good repair" standard. The successful completion of the Williams monitoring visit conducted by LACOE further validated the effectiveness of these actions, confirming compliance with instructional materials and facility requirements. Students and staff continued to benefit from a safe, maintained learning environment and access to high-quality instructional resources.

Action 1.4: This action was effective in ensuring students had access to nutrition services. While participation in the meal program remained lower than anticipated, eligible students continued to have access to breakfast and lunch services throughout the year. The school will continue to explore strategies to increase student participation and encourage healthier meal choices while maintaining compliance with program requirements.

Action 1.5: This action was effective in providing operational, financial, human resources, technology, and compliance support necessary to maintain school operations. Administrative and organizational supports enabled the school to address staffing challenges, maintain facility standards, ensure compliance requirements were met, and provide ongoing support to instructional staff. These services contributed to the school's ability to sustain core programs and services despite personnel challenges experienced during the year.

Collective Effectiveness: Collectively, the actions associated with Goal 1 were effective in maintaining the foundational conditions necessary for student success. The school sustained full access to instructional materials, maintained safe and well-functioning facilities, improved teacher retention and attendance rates, and ensured continuity of instruction despite staffing vacancies. Future efforts will continue to focus

on recruiting and retaining fully credentialed teachers, improving assignment monitoring outcomes, and strengthening staffing stability in hard-to-fill subject areas.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on the analysis of implementation and outcomes, no changes were made to the overall goal, metrics, or desired outcomes. However, adjustments will be made to strengthen implementation of certain actions based on reflections on the 2025-26 school year.

Action 1.1: The school will continue to prioritize recruitment, credential monitoring, assignment review, and teacher support to ensure students are taught by appropriately credentialed and qualified staff. Reflection on implementation demonstrated that vacancies in specialized subject areas remained difficult to fill, particularly in science. In addition, turnover in the computer teacher position resulted in instructional disruptions during the school year. As a result, the school will strengthen recruitment efforts for hard-to-fill positions, continue regular credential and assignment reviews, and provide ongoing support and oversight to teachers through the administrative team.

Primary reason for refinement: Staffing vacancies and turnover in specialized teaching positions created challenges in maintaining instructional continuity and contributed to lower-than-desired assignment monitoring outcomes.

How the changes will strengthen the approach: Increased focus on recruitment, retention, and administrative support will improve staffing stability, strengthen instructional continuity, and support continued improvement in credential alignment and assignment monitoring outcomes.

Actions 1.2 and 1.3: No changes were made to these actions. The school maintained a 0% rate of students without access to standards-aligned instructional materials and reported no facilities deficiencies that failed to meet the good repair standard. The successful Williams monitoring visit confirmed the effectiveness of current practices, which will continue in the coming year.

Action 1.4: Minor refinements will be made to continue promoting participation in the school meal program and encouraging healthy food choices. The school will continue to provide information about available nutrition services to students and families and maintain practices that support student health and wellness.

Primary reason for refinement: Student participation in school meal programs remains an area for continued improvement.

How the changes will strengthen the approach: Increased awareness of available meal services and continued promotion of healthy eating habits will support student wellness and readiness to learn.

Action 1.5: No changes were made to this action. The school will continue utilizing organizational support services to maintain effective operations, compliance, human resources, technology systems, and fiscal oversight.

Overall, reflections on prior practice indicate that the existing actions remain appropriate for achieving this goal. Future efforts will focus on strengthening implementation of staffing-related actions while maintaining the successful systems already in place for instructional materials, facilities maintenance, nutrition services, and operational support.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: N/A	$30,502.00	No
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and	$350,546.22	No

Action #	Title	Description	Total Funds	Contributing
		corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: -Technology: Title IV, Part A ESEA (ESSA); Amount: $909.00		
1.3	Clean and safe facilities that support learning	Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school.	$2,004,188.04	No

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A		
1.4	Healthy and nutritious meals	Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A	$19,126.00	Yes
1.5	Well-orchestrated Home Office support services	The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and	$980,824.50	No

		accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4. Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.) The following expenditures will be funded by federal funds: -Clerical & Tech: Federal CSP; Amount: $25,431.21 -STRS: Federal CSP; Amount: $4,859.04 -OASDI/Medicare: Federal CSP; Amount: $368.88 -Health & Welfare Benefits: Federal CSP; Amount: $4,652.63 -Unemployment Insurance: Federal CSP; Amount: $127.20		

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Graduate Profile,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence.	Broad Goal

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Goal: Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

To achieve the goal described above, we sought to ensure that robust interventions were provided inside of the classroom during regularly scheduled class time in core classes, such as ELA and Math, as well as during intervention time, which is called Learning Lab. In each of those sections, we sought to utilize tools such as NoRedInk and IXL, but we found that there were limits to the use cases; while the internet remained strong --for the most part-- on our campus, we also saw a lack of engagement with the content on each of the sites. Students did not see the need to complete the work with earnest effort, leading to inconsistent data to refer to in classes.

Furthermore, we also sought to better utilize data to inform our instruction over the past year: with the review of internal benchmark data from MAP scores, IABs, and ICAs, teachers sought to improve their practices within the classroom by targeting specific content and reviewing it with students such that the fundamental base of their knowledge was stronger in curricular courses; however, a challenge to this was successfully implementing all of the areas of review, as data was diverse in each classroom, and differentiated structures, such as station teaching, were not often utilized to their fullest extent.

We also sought to increase the number of observations in the classroom to better assist teacher and to cultivate an environment of continued learning; however, despite the implementation of a pilot coaching program, per MPS adopted protocol, we only saw limited progress-- much of this can be attributed to the inconsistent nature of the coaching (as there were periods of numerous observations, as well as periods whereby very few observations were done). To grow in this regard would be to ensure that we are focusing our attention on building scheduled, regular visits to the classroom and adopting a systemized way of coaching each teacher on our campus.

Lastly, we sought to differentiate instruction through varied instructional style PDs that were conducted throughout the year in our regularly scheduled Wednesday PDs. While there was limited interaction during these sessions despite deliverables and use case reflections being asked for, we saw growth in the classes that did implement these different styles into their classroom design.

Overall, we saw the effects of motivation (student and teacher) and the impact it has on the classroom. In the motivated case (the MAP growth data), we saw student growth as they strove for reclassification or to meet the barometers for the following year's AP and Honors courses. On the teacher side, we saw implementation of varied practices and consistent use of intervention tools when they felt fully

supported by the admin team, primarily in the shape of fully fleshed out coaching sessions, or the lack thereof. Countless things can be considered comorbid in terms of academic achievement this year, as we noticed a lack of motivation from both teachers and students from a lack of a fully-staffed instructional team, as well as a reduction in the number of service providers (ranging from the resource team to the student services team); all in all, we anticipate that our academic data will fall below the predicted thresholds for year three, with the vast majority of the focus for the coming year to be focused on continued growth mindset from the instructional staff, as well as a more robust implementation of differentiated interventions -- not only done through online platforms, but also through the instructional styles and practices within the classroom.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 2 Action 1
Budgeted: $1,861,109.78
Actual: $1,870,797.57
Explanation: We ran above budget on action 1, which is linked to our expenses (teacher related). In the year prior, we had cut down on the number of subs we had called for; however, this year, we ran above budget due to the number of long-term subs on campus (one of which ran the duration of the year), as well as the large number of teacher callout days. This is largest reason as to why we ran above our budgeted amount.

Goal 2 Action 2
Budgeted: $65,678.00
Actual: $65,678.00
Explanation: We met our budget projections exactly this year. This is due, in large part, to the number of in-house PDs we ran, along with the cut to our instructional coach.

Goal 2 Action 3
Budgeted: $529,402.25
Actual: $542,258.10
Explanation: We slightly exceeded our budget for action 3, which is linked, in large part, to our interventions provided for students during Saturday School and Enrichment program fees. While we had maintained a robust number of Saturday School days (ranging from Saturday Academy, which was our former Saturday School programming, to Attendance Recovery as well) . We also maintained our expenditure on academic programming, with most of our expenditure resting on IXL and NoRedInk.

Goal 2 Action 4
Budgeted: $1,000.00
Actual: $1,000.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 2 Action 5

Budgeted: $1,112,943.77
Actual: $967,756.37
Explanation: Part of the reason as to why we fell short in terms of our budgeted amount here is due to the reduction of paraprofessionals. We had 4 paraprofessionals at the start of the year, but, by mid year, we were down to 2 paraprofessionals. This would account for some of the discrepancies in planned budget that we see here. Additionally, we saw a number of services that were previously outsourced (such as counseling) being redirected to internally provided services from our School Social Worker.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Overall, we did very well in applying all of our budgetary needs towards actualizing the goal. Our goal reads: "EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Graduate Profile,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence", and we have continued to drive forward this program with all of the action steps to differing results; we found less success across the board in terms of academic programming, with decreases across the board for all actions (save for some small maintenance in terms of actions 2.4 and 2.5.

We found some limited success (however, it is more realistic to describe it as maintenance) for actions 2.4 and 2.5. We continued to offer robust ELD services in class, which allowed us to see relatively stable RFEP reclassification rates, and we also attempted the inclusion of a co-teaching model the in classrooms, but this was met with budgetary challenges; ultimately, we saw a decrease in rates of performance on both the CAASPP and MAP assessments. Reasonings for the lack of movement (both positive and negative) can be attributed to action 2.1, as there was relative stability in ELD service providers, but a lack of continuity in terms of resource providers.

We found less success for actions steps 2.1 , 2.2, and 2.3, especially as it relates to the same data-- we had inconsistency in staffing this year, with numerous long-term substitute teachers and a reduction in resource staff. Staff inconsistency in our 7th grade science role, as well as instability in our Computer Science, Spanish, 6th grade science, and 8th grade history roles allowed for inconsistent implementation of professional development practices (action 2.2) and a lack of high quality instruction (action 2.1). We also saw inconsistency in the resource department as we operated with one less resource teacher for the duration of the first semester; thereafter, we saw a reduction in staffing of paraprofessionals, reducing down from 4 to 2. For action step 2.2, we saw budget stability, but a lack of efficacy in creating a growth mindset for our staff-- there were issues with accountability in implementation with fidelity in most of the professional development practices discussed in our PD cycles. We will continue to offer our educators opportunities to attend professional learning, with most of the services being held in house for the time being. Ultimately, many of the shortcomings we saw with the implementation of the actions steps can be attributed to a less stable instructional structure (with rotating teacher absences, both in the short and long term); key to the coming year is the hiring of high quality instructors and maintaining staffing consistency.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on the analysis of all of these metrics, it would seem that adjustments need to be made for all of the action steps. Below are the action steps (with revisions), along with the rationale for the inefficacy and how the new step will strengthen our approach.

Action 2.1 Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule.

Reason for inefficacy: Staffing is ultimately the biggest reason as to why there was inefficiency in this action; staffing as inconsistent or non-existent throughout the year, and, even when provided with grade level appropriate content for the classes in which a long-term substitute teacher was included, a lack of rapport between the students and the substitute teachers existed as there were concerns over permanence. This caused less rigorous curriculum to be instructed within the classroom, as well as faltering performance towards the content standards in the classroom.

Changes that will result in a new or strengthened approach: The foremost change would be to spend the duration of the summer on hiring for vacancies and consistent check-ins on returning staff to reaffirm connection to the courses they will instruct in the coming year. However, an additional change that can be made to the existing action step would be to strengthen connection between current teachers and the courses they teach by requesting advanced deliverables of curriculum maps and strengthening new teacher institute practices.

Action 2.2: Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, learning walks, coaching practices, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs; further, instructional leaders will guide coaching meetings for all teachers under the revised MPS Classroom teacher Observation Rubric and Coaching Framework.

Reason for inefficacy: While this was more efficient than last year, this could be strengthened through continuous processes and continued support from the top down.

Changes that will result in a new or strengthened approach: The alteration on instructional practice, whereby the instructional leaders will coach teachers, is the biggest change to this action step and is what will yield more efficacy as we push towards this goal. We also need consistency in implementation of coaching rotations amongst the entire admin team to better include more touch points with instructional staff on how to better their practices in the classroom.

Action 2.3: Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and review progress towards targets on a monthly basis. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels through the use of instructional software. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Learning Lab Intervention classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.)

Reason for inefficacy: One of the shortcomings was the lack of implementation of data-driven practices. While teacher did complete IABs and regular MAP testing, teachers struggled with implementing data-driven practices into the classroom to support diverse learners; this was further exacerbated by the presence of numerous long-term substitute teachers on campus who could not regularly attend PD sessions and implement the strategies with any level of fidelity. While evidence-based supplemental intervention/enrichment materials were used to support learning in the classroom, co-teaching structures proved difficult due to the effects of staffing (noted in action 2.1), and tutoring sessions attendance faltered.

Changes that will result in a new or strengthened approach: The change to this goal will be to adjust professional development practices to focus on instructional strategies, which then coincide with accountability tools (such as submission of lessons plans based on that instructional practice), as well as coaching sessions surrounding the implementation of the practices. Co-teaching will be removed from actionable steps and will be replaced with twice-a-month collaboration time between the resource department and the general education staff.

Action 2.4: Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, enhanced program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences.

Reason for inefficacy: While we addressed all portions of the previous action step, we are seeking to improve the program support and services through the word enhanced. We can always improve, and finding additional supports for our EL population needs to be addressed directly, both through improved use of evidence-based instructional material (E3D by HMH, as well as NoRedInk). We will also seek to

enhance our communication with our EL parents by being more consistent with formal and informal check-ins (including, but not limited to, ELAC meetings and emails home to parents to communicate progress in the class).

Changes that will result in a new or strengthened approach: We are hoping to get all staff readied and working through the E3D program by HMH in greater fidelity. Additionally, we will be implementing more check-ins between the teacher, student, and parents to better communicate progress.

Action 2.5: Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA.

Reason for inefficacy: The primary reason for inefficacy is related to action 2.1; we had a resource teacher leave at the beginning of the year, which left the remaining resource teachers to take over the caseload. Once a new resource teacher was hired, we also lost support in the resource department, as we had to eliminate 2 paraprofessional roles.

Changes that will result in a new or strengthened approach: The changes that will result in a new approach will be the consistency on having a fully staffed team of 4 resource teachers and 2 paraprofessionals. We will remove co-teaching and, instead, focus on collaborative working between the instructional staff to ensure that there is alignment. Resource teachers will meet and co-plan with instructional staff to ensure alignment.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student	$1,707,670.75	No

Action #	Title	Description	Total Funds	Contributing
		groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: N/A		
2.2	Professional development for high-quality instruction	Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees. The following expenditures will be funded by federal funds:	$38,627.00	Yes

Action #	Title	Description	Total Funds	Contributing
		-Prof Development: Title II; Amount: $19,500.00 -Prof Dev-Other: Title II; Amount: $11,000.00		
2.3	MTSS - Academic enrichment, intervention, and student support	Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Dean of Academics salary and benefits, Title-I coordinator salary and benefits, instructional aide salaries and benefits, intervention teacher salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Abre data visualization software fees, and evidence-based supplemental intervention/enrichment program fees (Edgenuity, ALEKS, IXL, Standards Plus, Quizizz, Padlet, BrainPOP, NextGenMath, Grammarly, Flocabulary, Nearpod, Newsela, and myON.) The following expenditures will be funded by federal Title funds: -Educational Software: Title I; Amount: $43,319.79 -Educational Software: Title IV, Part A ESEA (ESSA); Amount: $3,180 -TeacherSalaries: Title I; Amount: $64,064.00 -STRS: Title I; Amount: $12,239.42 -OASDI/Medicare: Title I; Amount: $929.17 -Health & Welfare Benefits: Title I; Amount: $8,141.56	$521,952.78	Yes

Action #	Title	Description	Total Funds	Contributing
		-Unemployment Insurance: Title I; Amount: $320.40		
2.4	Designated and integrated ELD programs and support for ELs	Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits, and Rosetta Stone program fees. The following expenditures will be funded by federal Title funds: N/A		Yes
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide	$975,416.45	No

Action #	Title	Description	Total Funds	Contributing
		assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal funds: -SpEd Ctrct Inst: IDEA SPED; Amount: $120,000.00 -SPED Fees (incl Encroachment): IDEA SPED; Amount: $8,000.00		

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.	Broad Goal

State Priorities addressed by this goal.

Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 14%	2024-25: (As of 6/5/25) 16.0%	2025-26 (As of 5/22/26): 14%	2026-27: >= 10%	0 percentage points

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.2	Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 100%	2024-25: (As of 6/5/25) 100%	2025-26 (As of 5/22/26): 100%	2026-27: >= 90%	0 percentage points
3.3	Percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 99%	2024-25: (As of 6/5/25) 100%	2025-26 (As of 5/22/26): 100%	2026-27: >= 80%	+1 percentage point
3.4	Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard)	2022-23: (2023 Dashboard) 81.6%	2023-24 (2024 Dashboard): 76.7%	2024-25 (2025 Dashboard): 65.5% 2025-26 (As of 5/22/26): 66.7%	2025-26: (2026 Dashboard) >= 55.0%	-16.1 percentage points
3.5	Percentage of students who have demonstrated college preparedness pursuant to the Early Assessment Program (EAP), as measured by meeting or exceeding standard on the CAASPP-ELA/Literacy assessments in Grade 11 (Source: CDE DataQuest)	2022-23: 74.47%	2023-24: 52.63%	2024-25: 61.90% 2025-26 (As of 5/22/26): 52.17%	2025-26: >= 55.00%	-12.57 percentage points

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.6	Percentage of students who have demonstrated college preparedness pursuant to the Early Assessment Program (EAP), as measured by meeting or exceeding standard on the CAASPP-Mathematics assessments in Grade 11 (Source: CDE DataQuest)	2022-23: 51.06%	2023-24: 15.79%	2024-25: 14.63% 2025-26 (As of 5/22/26): 55.83%	2025-26: >= 35.00%	-36.43 percentage points
3.7	Percentage of all AP exam takers in the current year with a score of 3 or higher (Source: College Board)	2022-23: 84.6%	2023-24: 72.7%	2024-25: 66.7%	2025-26: >= 55.0%	-17.9 percentage points
3.8	Percentage of seniors who have passed an AP exam with a score of 3 or higher during their high school years (Source: College Board)	2022-23: 17.0%	2023-24: 37.8%	2024-25: 44.6%	2025-26: >= 55.0%	+27.6 percentage points
3.9	Percentage of seniors who have completed at least two semesters of college coursework with a grade of C minus or better in academic/CTE subjects where college credit is awarded (Source: CA School Dashboard, SIS)	2022-23: (2023 Dashboard) 59.2%	2023-24: (2024 Dashboard) 51.2%	2024-25 (2025 Dashboard): 63.2% 2025-26 (As of 5/22/26): 40.5%	2025-26: (2026 Dashboard) >= 35.0%	+4.0 percentage points
3.10	Percentage of cohort graduates who have successfully completed	2022-23 (CDE DataQuest): 91.8%	2023-24: (2024 Dashboard) 93.3%	2024-25 (2025 Dashboard): 100.0%	2025-26: (2026 Dashboard) >= 90.0%	+8.2 percentage points

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	courses that satisfy the requirements for entrance to the UC/CSU (Source: CA School Dashboard, CDE DataQuest, CALPADS)			2025-26 (As of 5/22/26): 92.9%		
3.11	Percentage of cohort graduates who have successfully completed courses that satisfy the requirements for CTE sequences or programs of study that align with state board-approved CTE standards and frameworks (Source: CA School Dashboard, CALPADS)	2022-23: (2023 Dashboard) 0.00%	2023-24: (2024 Dashboard) 0.0%	2024-25 (2025 Dashboard): 0.0% 2025-26 (As of 5/22/26): 0.0%	2025-26: (2026 Dashboard) >= 10.0%	0 percentage points
3.12	Percentage of cohort graduates who have successfully completed both types of courses: courses that satisfy the requirements for entrance to the UC/CSU and courses that satisfy the requirements for CTE sequences or programs of study that align with state board-approved CTE standards and frameworks (Source: CA School Dashboard, CALPADS)	2022-23: (2023 Dashboard) 0.00%	2023-24: (2024 Dashboard) 0.0%	2024-25 (2025 Dashboard): 0.0% 2025-26 (As of 5/22/26): 0.0%	2025-26: (2026 Dashboard) >= 10.0%	0 percentage points

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	Biliteracy (Source: CDE DataQuest, CALPADS)			2025-26 (As of 6/10/26): 38%		
3.14	Percentage of cohort graduates who have earned a Golden State Seal Merit Diploma (Source: CDE DataQuest, CALPADS)	2022-23 (CDE DataQuest): 55.3%	2023-24 (CDE DataQuest): 50.0%	2024-25 (CDE DataQuest): 34.5% 2025-26 (As of 5/22/26): 23.8%	2025-26: (CDE DataQuest) >= 30.0%	-20.8 percentage points
3.15	Percentage of cohort graduates who have earned an Advanced or Honors MPS Diploma (Source: SIS)	2023-24: 47.7%	2024-25: (As of 5/23/25) 39.3%	2025-26 (As of 5/22/26): 35.7%	2026-27: >= 50.0%	-12.0 percentage points
3.16	Percentage of high school completers who have been accepted to a 4-year or 2-year college (Source: Naviance)	2023-24: 100%	2024-25: (As of 5/23/25) 84%	2025-26 (As of 5/22/26): 93%	2026-27: >= 90%	-7.0 percentage points
3.17	Percentage of high school completers who have been accepted to a 4-year college (Source: Naviance)	2023-24: 82%	2024-25: (As of 5/23/25) 55%	2025-26 (As of 5/22/26): 81%	2026-27: >= 60%	-1.0 percentage point
3.18	College-Going Rate (Source: CDE DataQuest)	Class of 2021: 51.2%	Class of 2022: 39.0%	Class of 2023: 72.3%	Class of 2024: >= 60%	+21.1 percentage points

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Overall, MSA-2 successfully implemented the actions associated with Goal 3 and continued to provide students with access to a well-rounded, innovative educational program that supports college and career readiness. Students were provided opportunities to engage in advanced coursework, dual enrollment, technology-based learning, STEAM projects, and college and career exploration experiences.

MSA-2 continued to individualize student graduation plans through four-year plans and ongoing college and career advising. Through the continued partnership with Pierce College, students had access to dual enrollment opportunities, and MSA-2 expanded college and career readiness options through the Business Certification Pathway. MSA-2 also continued its participation in the Aviation Academy partnership with Van Nuys Airport, providing students with hands-on exposure to career pathways in aviation and related industries.

MSA-2 successfully implemented STEAM-related programming throughout the year. All students participated in STEAM projects, experiments, models, or demonstrations, and students represented MSA-2 at the MPS STEAM Expo, earning multiple medals for their work. In addition, all graduating students completed a computer technology course as part of their program of study.

Student outcomes reflected the effectiveness of these efforts.

The percentage of graduates completing A-G requirements increased to 93%. The percentage of students accepted to a two-year or four-year college increased from 84% to 93%, while acceptance to four-year colleges increased substantially from 55% to 81%. The college-going rate also increased significantly from 39.0% to 72.3%. Additionally, the percentage of graduates earning the Seal of Biliteracy increased from 23.8% to 38%.

While some college and career readiness indicators remained areas for continued growth, including the College/Career Indicator and Advanced Placement performance metrics, MSA-2 continued to provide students with meaningful opportunities to engage in rigorous coursework, college experiences, and innovative learning opportunities. Overall, implementation of Goal 3 actions resulted in strong progress toward preparing students for success in college, careers, and an increasingly global and technology-driven world.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3 Action 1
Budgeted: $162,156.71
Actual: $203,883.86
Explanation: Actual expenditures exceeded the budgeted amount due to higher-than-anticipated personnel costs associated with college and career readiness services, including salaries, benefits, retirement contributions, and related support staff expenses. These additional expenditures supported the implementation of college counseling, student support services, and postsecondary readiness activities throughout the school year.

Goal 3 Action 2
Budgeted: $3,500.00
Actual: $3,500.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 3 Action 3
Budgeted: $107,484.78
Actual: $48,010.75
Explanation: Actual expenditures were lower than budgeted because fewer technology-based programs and software resources were purchased than originally anticipated. Existing instructional resources and teacher-developed curriculum were utilized to support computer science and digital literacy instruction, resulting in lower software and program costs while still providing students with access to technology-related learning opportunities.

Goal 3 Action 4
Budgeted: $194,446.68
Actual: $197,982.92
Explanation: Actual expenditures were slightly higher than budgeted due to additional purchases of physical education equipment, supplies, and materials needed to support student participation and program activities. The variance was minimal, and all planned services and activities were implemented as intended.

Goal 3 Action 5
Budgeted: $628,940.39
Actual: $580,706.64
Explanation: Actual expenditures were lower than budgeted due to reduced personnel and program costs associated with enrichment and extracurricular activities. While arts, music, field trips, after-school programs, and other student enrichment opportunities were provided as planned, certain activities and related staffing costs were lower than originally projected, resulting in overall expenditures below the budgeted amount.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Overall, the actions associated with Goal 3 were effective in making progress toward increasing student access to innovative learning experiences and preparing students for college and career success. MSA-2 continued to provide students with opportunities to engage in advanced coursework, dual enrollment, career exploration programs, technology-based learning, STEAM activities, and college readiness supports, resulting in strong outcomes across multiple indicators.

Action 3.1: This action was effective in supporting college and career readiness. MSA-2 continued to provide individualized four-year planning, college counseling services, Advanced Placement coursework, dual enrollment opportunities through Pierce College, and participation in the Business Certification Pathway. The addition of a new college counselor strengthened student access to postsecondary

planning and support. These efforts contributed to strong outcomes, including a 92.9% A-G completion rate, increased college acceptance rates, and a substantial increase in the college-going rate.

Action 3.2: This action was partially effective. MSA-2 continued to provide students with opportunities to participate in STEAM-related activities and successfully participated in the MPS STEAM Expo, where students earned multiple medals for their projects and presentations. However, the school did not implement a robotics program during the year, limiting opportunities in that specific area of innovation and engineering. Despite this challenge, students continued to demonstrate strong engagement in STEAM learning experiences.

Action 3.3: This action was moderately effective. All graduating students completed a computer technology course or blended learning experience, supporting the school's commitment to technology integration and 21st-century learning skills. Students continued to engage in technology-based learning experiences and computer coursework throughout the year. However, planned expenditures for additional technology-based programs and supplemental platforms were lower than anticipated because many instructional activities were delivered through teacher-developed curriculum and existing resources. Despite lower expenditures, students maintained strong participation in technology-related coursework and learning experiences.

Action 3.4: This action was effective in providing students with access to physical education and wellness opportunities that support the development of well-rounded learners. MSA-2 successfully maintained its physical education program and provided students with opportunities to engage in healthy lifestyles and physical activity throughout the year.

Action 3.5: This action was highly effective. MSA-2 continued to provide students with a broad range of enrichment opportunities, including music, STEAM programming, college and career exploration activities, dual enrollment opportunities, the Business Certification Pathway, and participation in the Aviation Academy partnership with Van Nuys Airport. These experiences supported student engagement, creativity, and career awareness while contributing to strong college and career readiness outcomes.

Collective Effectiveness: Collectively, the Goal 3 actions were effective in advancing the school's Innovation goal. Students demonstrated strong outcomes in college acceptance, college-going rates, A-G completion, Seal of Biliteracy attainment, technology participation, and STEAM engagement. While opportunities remain to strengthen robotics programming and expand technology-based learning resources, MSA-2 successfully provided students with innovative learning experiences that supported their readiness for college, careers, and participation in an increasingly global and technology-driven world.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on the analysis of implementation and outcomes, no changes were made to the overall goal, metrics, or desired outcomes. However, refinements were made to several actions to better align with successful practices and areas identified for continued growth.
Action 3.1: MSA-2 will continue to offer individual graduation plans, college and career advising, dual enrollment opportunities, college readiness activities, and Advanced Placement coursework based on student needs and interests. MSA-2 will continue to strengthen its partnership with Pierce College, expand participation in the Business Certification Pathway, and provide students with opportunities to explore career pathways through programs such as the Aviation Academy partnership with Van Nuys Airport.

Reason for refinement: Student outcomes demonstrated significant growth in A-G completion, college acceptance rates, and college-going rates. Participation in dual enrollment and career pathway opportunities contributed positively to these outcomes.
How the changes will strengthen the approach: Continued expansion of dual enrollment, career exploration, and industry-recognized certification opportunities will provide students with additional pathways to college and career readiness while supporting the development of real-world skills.
Action 3.2: MSA-2 will continue to provide STEAM, GATE, and advanced learning opportunities through classroom instruction, projects, competitions, and enrichment activities. Students will continue to participate in STEAM projects, experiments, models, and demonstrations, with opportunities to showcase their work through events such as the MPS STEAM Expo. The school will continue exploring opportunities to expand engineering and technology-based extracurricular activities as student interest and resources allow.
Reason for refinement: Students demonstrated strong participation in STEAM learning experiences and earned recognition at the MPS STEAM Expo. However, some planned engineering-focused opportunities were not implemented during the year.
How the changes will strengthen the approach: Continued emphasis on project-based learning, innovation, and STEAM engagement will further develop students' critical thinking, creativity, and problem-solving skills.
Action 3.3: MSA-2 will continue to provide computer science, digital literacy, and technology-based learning opportunities that promote responsible and effective use of technology. Teachers across content areas will continue incorporating digital tools into instruction, including opportunities for students to utilize technology for research, communication, collaboration, presentations, and project-based learning. Digital citizenship, media literacy, and responsible use of emerging technologies, including artificial intelligence, will remain areas of emphasis.
Reason for refinement: Reflection on implementation indicated that students continue to benefit from additional opportunities to develop practical digital literacy skills and apply technology in authentic learning experiences.
How the changes will strengthen the approach: Increased integration of technology across content areas will strengthen students' digital literacy, communication, and problem-solving skills while preparing them for postsecondary education and future careers.
Overall, reflections on prior practice indicate that the current actions remain appropriate and effective. Future efforts will focus on expanding successful college and career readiness opportunities, maintaining strong STEAM programming, and increasing opportunities for students to develop technology and digital literacy skills.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will	$285,177.92	Yes

Action #	Title	Description	Total Funds	Contributing
		provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Expenditures associated with this action include the following: college counselor salary and benefits, AP teacher stipends, Naviance program fees, AP exam fees, AP course materials, and other college-related materials and activities. The following expenditures will be funded by federal Title funds: -Clerical & Tech: Federal CSP; Amount: $43,253.76 -STRS: Federal CSP; Amount: $6,399.26 -OASDI/Medicare: Federal CSP; Amount: $485.81 -Health & Welfare Benefits: Federal CSP; Amount: $2,714.40 -Unemployment Insurance: Federal CSP; Amount: $167.52		
3.2	STEM and GATE programs	Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking,	$3,500.00	Yes

Action #	Title	Description	Total Funds	Contributing
		and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. Expenditures associated with this action include the following: supplemental STEM program fees. The following expenditures will be funded by federal Title funds: -Educational Software: Title I; Amount: $2,000 -Educational Software: Part A ESEA (ESSA); Amount: $1,500		
3.3	Digital literacy and citizenship programs	Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity. Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. The following expenditures will be funded by federal Title funds: N/A	$225,702.90	Yes

Action #	Title	Description	Total Funds	Contributing
3.4	Physical education, activity, and fitness	Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal Title funds: N/A	$194,338.11	Yes
3.5	Additional programs and activities that support well-rounded education	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics,	$552,130.53	Yes

Action #	Title	Description	Total Funds	Contributing
		advanced math, academic competitions, journalism, college mentorship, and other areas. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: N/A		

Goals and Actions

Goal

Goal #	Description	Type of Goal
4	CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

School communities are integrated partnerships with the school site staff, families, students and all other educational partners. This sense of connection creates a safe place for all learners and educational partners to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and educational partner surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

During the 2025-26 school year, MSA-2 continued to implement the actions associated with Goal 4 to strengthen connections among students, families, staff, and educational partners. Overall, implementation remained aligned with planned actions and resulted in improvements in attendance, chronic absenteeism, graduation outcomes, stakeholder participation, and family engagement structures. At the same time, several school climate and perception measures identified areas for continued growth.

Parent and Family Engagement

MSA-2 successfully maintained regular opportunities for family participation and input. The school held 10 Parent Advisory Committee (PAC) meetings and 4 English Learner Advisory Committee (ELAC) meetings, meeting or exceeding established targets. Parent engagement

activities remained robust, with 41 events offered during the school year. Although this represented a slight decrease from the previous year, families continued to have numerous opportunities to engage with the school community. Home visits increased from 0.2% to 1.3% of students; however, this metric remains below the desired target due to scheduling constraints and limited staff capacity.

Attendance and Student Outcomes

Attendance initiatives continued to produce positive results. Average Daily Attendance increased from 93.26% to 94.22%, exceeding the established target. Chronic absenteeism improved from 20.7% to 17.0%, reflecting the effectiveness of attendance monitoring, family outreach, and intervention efforts. MSA-2 also maintained a 0% middle school dropout rate. The high school dropout rate decreased significantly from 5.2% to 0.0%, and the graduation rate increased from 94.9% to 97.6%, demonstrating the effectiveness of academic counseling, student support services, and credit recovery efforts.

School Climate and Safety

MSA-2 continued to prioritize student safety and school connectedness through restorative practices, student support systems, and proactive communication with families. The expulsion rate improved from 0.18% to 0.0%. While the suspension rate increased from 2.2% to 4.0%, the school remained committed to maintaining a safe and orderly learning environment while providing behavioral interventions and supports for students in need.

School Experience and Satisfaction

One notable success was the significant increase in Panorama survey participation rates. Student participation increased from 99.2% to 99.8%, family participation increased from 30.4% to 78.9%, and staff participation increased from 70.4% to 95.5%. These improvements provided the school with more representative feedback from educational partners.

At the same time, survey results indicated challenges related to stakeholder perceptions. Approval and satisfaction ratings declined among students, families, and staff in several areas, including school climate, connectedness, and overall satisfaction. While increased participation may have provided a more comprehensive representation of stakeholder perspectives, the results indicate a need for continued focus on communication, school culture, and stakeholder engagement. MSA-2 will continue to analyze survey feedback and work collaboratively with students, families, and staff to strengthen school connectedness and improve overall satisfaction.

Overall, MSA-2 successfully implemented the majority of planned actions associated with Goal 4 and demonstrated strong progress in attendance, graduation outcomes, stakeholder participation, and family engagement opportunities. Future efforts will focus on improving school climate perceptions, increasing student retention, strengthening behavioral supports, and deepening meaningful engagement among all educational partners.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 4 Action 1

Budgeted: $275.00
Actual: $275.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 4 Action 2
Budgeted: $361,340.90
Actual: $290,603.26
Explanation: Actual expenditures were lower than budgeted due to reduced costs for contracted services, technology-related expenses, and support personnel during the year. Despite the lower expenditures, attendance monitoring, family outreach, communication systems, and student support services were implemented as planned and continued to support improved attendance and student engagement outcomes.

Goal 4 Action 3
Budgeted: $608,211.51
Actual: $571,773.01
Explanation: The actual expenditures for Goal 4, Action 3 were lower than budgeted, primarily due to staffing vacancies and delayed hiring for key support positions such as the Dean of Students and discipline coordinator. Additionally, some planned professional development sessions on classroom management, PBIS, and SEL were either postponed or delivered in-house at a reduced cost. Uniform costs were also lower than anticipated due to bulk purchasing discounts and lower-than-expected enrollment. Finally, a portion of SEL services and materials were covered using federal Title funds, reducing the need to use general fund resources.

Goal 4 Action 4
Budgeted: $2,200.00
Actual: $2,200.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 4 Action 5
Budgeted: $560,146.75
Actual: $432,731.99
Explanation: Actual expenditures were lower than budgeted primarily due to staffing vacancies and reductions in force that resulted in lower personnel and benefit costs than originally projected. Despite the lower expenditures, MSA-2 continued to implement family engagement activities, communication efforts, and outreach programs, including support for PAC, ELAC, and other educational partner engagement opportunities.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Overall, the actions associated with Goal 4 were effective in promoting student engagement, family involvement, attendance, and school connectedness. MSA-2 successfully maintained opportunities for educational partner engagement, improved attendance outcomes,

increased survey participation, and sustained strong graduation and retention supports. While several school climate and satisfaction indicators remain areas for improvement, the actions implemented during the year contributed positively to many key outcomes.

Action 4.1: This action was effective in supporting meaningful educational partner engagement and communication. MSA-2 successfully held 10 Parent Advisory Committee (PAC) meetings and 4 English Learner Advisory Committee (ELAC) meetings, meeting or exceeding established targets. Families were provided multiple opportunities to participate in school decision-making processes and provide input on programs and services. These efforts contributed to a substantial increase in family participation in school experience surveys.

Action 4.2: This action was effective in supporting student attendance and engagement. Average Daily Attendance improved from 93.26% to 94.22%, while chronic absenteeism decreased from 20.7% to 17.0%. The school continued to implement attendance monitoring, outreach, and intervention strategies that helped improve student participation and reduce chronic absenteeism. While student retention remained below the established target, the school maintained a strong focus on student engagement and attendance supports.

Action 4.3: This action was moderately effective in supporting school climate, safety, and student behavior. MSA-2 maintained a 0.0% expulsion rate and achieved a significant reduction in the high school dropout rate from 5.2% to 0.0%. The graduation rate also increased from 94.9% to 97.6%. However, the student suspension rate increased from 2.2% to 4.0%, indicating a continued need to strengthen behavioral interventions, restorative practices, and social-emotional supports. Despite staffing challenges and vacancies in student support positions during portions of the year, the school continued implementing programs designed to foster a safe and supportive learning environment.

Action 4.4: This action was effective in promoting student leadership, school culture, and educational partner engagement. Students were provided opportunities to participate in school activities and events that supported school connectedness and strengthened relationships among students, staff, and families.

Action 4.5: This action was effective in expanding family engagement and strengthening communication between the school and educational partners. MSA-2 hosted numerous family engagement events and continued outreach efforts through school staff and support personnel. These efforts contributed to significant increases in Panorama survey participation rates, including increases in family participation from 30.4% to 78.9% and staff participation from 70.4% to 95.5%.

Collective Effectiveness: Collectively, the Goal 4 actions were effective in advancing the school's Connection goal. The school demonstrated strong results in attendance, chronic absenteeism reduction, graduation rates, dropout prevention, stakeholder participation, and family engagement opportunities. Survey participation increased substantially, providing a more representative understanding of stakeholder perspectives. While approval and satisfaction ratings, student retention, and suspension rates remain areas for continued growth, MSA-2 successfully implemented the majority of planned actions and maintained a strong focus on fostering meaningful connections among students, families, staff, and the broader school community.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Planned Changes for the Coming Year Based on Reflection of Prior Practice – Goal 4

Based on analysis of implementation, expenditures, and outcome data for Goal 4, several refinements will be made to strengthen implementation and improve educational partner experiences during the coming year.

1. School Climate and Student Support (Action 4.3)

MSA-2 will continue to prioritize social-emotional learning, restorative practices, PBIS implementation, and student support services. Reflection on the 2025-26 school year indicated that while graduation rates improved, dropout rates decreased, and expulsion rates were eliminated, student suspension rates increased and stakeholder perceptions of school climate declined. The school will continue strengthening behavioral interventions, restorative practices, and proactive student support systems to improve student connectedness and reduce behavioral incidents.

Reason for refinement: Suspension rates increased during the year, and student, family, and staff approval and satisfaction ratings declined despite increased participation in school climate surveys.

How the changes will strengthen the approach: Increased focus on relationship-building, student support, restorative practices, and social-emotional learning will help strengthen school climate, improve stakeholder experiences, and foster a stronger sense of belonging among students and families.

2. Family and Educational Partner Engagement (Actions 4.1 and 4.5)

MSA-2 will continue to provide multiple opportunities for family engagement through PAC meetings, ELAC meetings, parent education workshops, school events, and ongoing communication with educational partners. The school will also continue utilizing survey feedback to inform school improvement efforts and strengthen communication regarding how stakeholder input is used in decision-making.

Reason for refinement: Survey participation increased substantially among families and staff, providing more representative feedback from educational partners. However, approval and satisfaction ratings indicate a need for stronger communication and engagement efforts.

How the changes will strengthen the approach: Increased transparency, communication, and opportunities for educational partner involvement will help strengthen trust, improve satisfaction, and deepen school connectedness.

3. Attendance and Student Retention (Action 4.2)

MSA-2 will continue implementing attendance monitoring, family outreach, intervention strategies, and student engagement activities to maintain strong attendance rates and reduce chronic absenteeism. Additional attention will be given to student retention efforts through proactive outreach and individualized support for students and families.

Reason for refinement: Attendance and chronic absenteeism outcomes improved significantly; however, student retention remained below the established target.

How the changes will strengthen the approach: Continued attendance interventions and retention-focused supports will help ensure students remain connected to the school community and persist toward graduation.

4. Goal Metrics and Outcome Alignment

No changes are being made to the overall goal statement. Existing metrics will continue to be monitored to ensure alignment with the Connection pillar and the school's commitment to fostering meaningful relationships among students, families, staff, and educational partners.

Overall, reflections on prior practice indicate that the current actions remain appropriate and effective. Future efforts will focus on strengthening school climate, improving stakeholder satisfaction, increasing student retention, and continuing the successful attendance and engagement practices that contributed to positive outcomes during the 2025-26 school year.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision-making	Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities,	$275.00	Yes

Action #	Title	Description	Total Funds	Contributing
		etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses, technology. The following expenditures will be funded by federal Title funds: N/A		
4.2	Building relationships and partnerships with families for student outcomes	Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and	$208,758.16	Yes

Action #	Title	Description	Total Funds	Contributing
		family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title funds: N/A		
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional	$552,334.96	Yes

Action #	Title	Description	Total Funds	Contributing
		competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform expenses, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. The following expenditures will be funded by federal Title funds: -Ins Mats & Sups: Title I; Amount: $1,000 -Cert Admins I; Amount: $33,528.00 -STRS: Title I; Amount: $6,403.85 -OASDI/Medicare: Title I; Amount: $486.16 -Health & Welfare Benefits: Title I; Amount: $540.00 -Unemployment Insurance: Title I; Amount: $167.64 -NonInstStdntSup: Title III; Amount: $2,866.00		
4.4	Annual educational partner surveys	Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps.		Yes

		Expenditures associated with this action include the following: Panorama Education survey fees. The following expenditures will be funded by federal Title funds: N/A		
4.5	Community outreach and partnerships	Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. The number of parent events, PAC, and ELAC meetings significantly increased, requiring additional staffing, translation services, and materials. The funds were used to pay the salaries and benefits of the community school liaison and community school coordinator based on student enrollment/school size. To strengthen attendance and engagement outcomes, we also invested more in support staff and extended hours for outreach teams. We highly value the efforts our families put in, so we set up celebratory events and send our coordinators to trainings to build a robust department and improve our school community. The following expenditures will be funded by federal Title funds: -Classified Support: Federal CSP; Amount: $72,177.36 -Clerical & Tech: Federal CSP; Amount: $21,755.28 -PERS: Federal CSP; Amount: $19,354.68 -OASDI/Medicare: Federal CSP; Amount: $7,187.94 -Health & Welfare Benefits: Federal CSP; Amount: $9,769.87 -Unemployment Insurance: Federal CSP; Amount: $360.96 -Other Benefits: Federal CSP; Amount: $2,176.80	$325,322.75	Yes

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.4	**Action:** Healthy and nutritious meals **Need:** Low-income students do not have sufficient or consistent access to nutritious meals and they develop poor eating habits. As a result, they experience poor health and academic outcomes, including, but not limited to, obesity, chronic absenteeism and lower grades. There	MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	is a need to provide all our students with healthy and nutritious meals. **Scope:** LEA-wide	consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. We will provide two school meals free of charge during each schoolday to any student who requests a meal without consideration of the student's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary	• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	
2.2	**Action:** Professional development for high-quality instruction **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners. **Scope:** LEA-wide	With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost/SchoolMint Grow software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		the CA School Dashboard, CAASPP assessments, MAP assessments, and student grades as identified in our LCAP metrics in Goal 2.	standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring (Source: NWEA MAP) • Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Reading

			• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)
2.3	**Action:** MTSS - Academic enrichment, intervention, and student support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion. Students struggle with access to materials,	Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2,

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention. **Scope:** LEA-wide	English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.	TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading

			School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring (Source: NWEA MAP) • Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)
2.4	**Action:** Designated and integrated ELD programs and support for ELs **Need:**	Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers	Goal 2: For all students, but particularly for the EL and LTEL student groups: • Percentage of students who

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	The majority of Charter School's student population consists of English Learners (EL), including long-term ELs (LTELs), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction. **Scope:** LEA-wide	with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated ELD instruction, will be provided for all students.	have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring (Source: NWEA MAP)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		RFEP students, students with disabilities, and all other student groups will benefit from this schoolwide action. We expect that this action will result in increased academic achievement of our student groups, particularly of our ELs and LTELs, on the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and EL reclassification rates as identified in our LCAP metrics in Goal 2.	• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP) • Percentage of students who have met or exceeded standard on the CAASPP-Mathematics assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-Mathematics assessments (Source: CA School Dashboard) • Percentage of students who

3.1	**Action:** College/Career readiness programs and activities **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. A college-going, supportive culture at the school is necessary for our students' college/career readiness. **Scope:** LEA-wide	With the needs of our unduplicated students in mind, Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Unduplicated students will receive improved services through our Naviance program and increased support with AP exam fees, AP	Goal 3: • Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard) • Percentage of all AP exam takers in the current year with a score of 3 or higher (Source: College Board) • Percentage of seniors who have passed an AP exam with a score of 3 or higher during their high school

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		course materials, and other college-related materials and activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increases in CCI prepared rate, AP passing rate, A-G rate, diploma seals, college acceptance, and college-going rates as identified in our LCAP metrics in Goal 3.	years (Source: College Board) • Percentage of seniors who have completed at least two semesters of college coursework with a grade of C minus or better in academic/CTE subjects where college credit is awarded (Source: CA School Dashboard, SIS) • Percentage of cohort graduates who have successfully completed courses that satisfy the requirements for entrance to the UC/CSU (Source: CA School Dashboard, CDE DataQuest, CALPADS) • Percentage of cohort graduates who have successfully completed

			• College-Going Rate (Source: CDE DataQuest)
3.2	**Action:** STEM and GATE programs **Need:** Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of everchanging technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEM curricula. **Scope:** LEA-wide	Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning.	Goal 3: • Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS) • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS) • Percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.	the current year (Source: Local Indicator Priority 7, SIS)
3.3	**Action:** Digital literacy and citizenship programs **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way. **Scope:**	With the needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications; digital footprint, privacy,	Goal 3: • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	LEA-wide	and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.	
3.4	**Action:** Physical education, activity, and fitness **Need:** Low-income students do not have sufficient or consistent access to physical activities/sports and fitness education. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. **Scope:** LEA-wide	MPS is committed to the optimal development of every student. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We expect that this action will result in increased attendance and grades as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)
3.5	**Action:** Additional programs and activities that support well-rounded education **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem solving, communication, and management of time and resources that contribute to lifelong learning and career skills. Our low-income students come from underserved communities	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math,	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 3: • Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	that do not have adequate resources and access to experiential learning opportunities. **Scope:** LEA-wide	academic competitions, journalism, college mentorship, and other areas. These well-rounded programs and activities will result in increased and improved services for our unduplicated students. With the needs of our unduplicated students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help our scholars become independent and innovative scholars. We also expect that this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2, increases in CCI prepared rate, AP passing rate, A-G rate, diploma seals, college acceptance, and college-going rates as identified in our LCAP metrics in Goal 3, as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	• Percentage of all AP exam takers in the current year with a score of 3 or higher (Source: College Board) • Percentage of seniors who have passed an AP exam with a score of 3 or higher during their high school years (Source: College Board) • Percentage of seniors who have completed at least two semesters of college coursework with a grade of C minus or better in academic/CTE subjects where college credit is awarded (Source: CA School Dashboard, SIS) • Percentage of cohort graduates who have successfully completed

4.1	**Action:** Seeking family input for decision-making **Need:** It is important that parents are engaged in the development of all school plans, including, but	Considering the needs of our unduplicated students and their families, Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory	Goal 4: • Number of Parent Advisory Committee (PAC) meetings per year (Source:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making. **Scope:** LEA-wide	Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision	Local Indicator Priority 3) • Number of English Learner Advisory Committee (ELAC) meetings per year (Source: Local Indicator Priority 3) • School experience survey "average approval rates" based on the responses of our families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates"

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing Community School strategies to reach and seek input from any underrepresented groups in the school community. We also expect that this action will result in increased parent satisfaction as measured by the annual educational partner surveys in Goal 4: Action 4.	based on the responses of our families to the question, "Overall, I am satisfied and would recommend this school to other families." (Source: Local Indicator Priority 6, Panorama Education)
4.2	**Action:** Building relationships and partnerships with families for student outcomes **Need:** Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The	In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4: • Number of activities/events for parent involvement per year (Source: Local Indicator Priority 3) • Percentage of students who have been home-visited by the

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. **Scope:** LEA-wide	include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way communication between families and educators using language that is understandable and accessible to families, and providing families with information and resources to support student learning and development in the home. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased home visit rate, ADA rate, and graduation rate, and decreased chronic absenteeism rate, dropout	teachers per year (Source: Local Indicator Priority 3, SIS) • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS) • High School Dropout Rate (Source: CDE DataQuest, CALPADS) • Graduation Rate (Source: CALPADS, CA School Dashboard) • Student Suspension Rate (Source: CA School Dashboard, CALPADS) • Student Expulsion Rate (Source:

4.3	**Action:** MTSS - PBIS and SEL support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. These student groups also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English	Considering the needs of our vulnerable student groups in mind, Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental,	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. **Scope:** LEA-wide	restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students. With the needs of our vulnerable students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect that this action will help provide a foundation for safe and positive learning, and enhance students' mental health and abilities to succeed in school, careers, and life. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate and graduation rate, and decreased	• High School Dropout Rate (Source: CDE DataQuest, CALPADS) • Graduation Rate (Source: CALPADS, CA School Dashboard) • Student Suspension Rate (Source: CA School Dashboard, CALPADS) • Student Expulsion Rate (Source: CDE DataQuest, CALPADS) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of

4.4	**Action:** Annual educational partner surveys **Need:** It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP,	Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school	Goal 4: • School experience survey "participation rates" by students, families, and staff

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Educational partner voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage educational partners in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage educational partners in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. **Scope:** LEA-wide	leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide valuable feedback for school improvement. We also expect that this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.	(Source: Local Indicator Priority 6, Panorama Education) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students,

4.5	**Action:** Community outreach and partnerships **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. They also have lower ADA	Considering the needs of our vulnerable student groups in mind, Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities will result in increased and improved resources for our unduplicated students and will be particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. With the needs of our unduplicated students and their families in mind, this action will be provided	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 3: • Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard) • Percentage of seniors who have

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Similar to the current academic year, MSA-2 will utilize the concentration grant add-on funds ($117,174) in the following manner:

MSA-2 is using the concentration grant add-on funds received in a manner which is consistent with California Education Code Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

By adding these faculty/staff members, we aim to strengthen our ability to address the diverse needs of our student population and provide targeted support where it is most needed. This strategic allocation of funds will help create a more conducive learning environment and contribute to our student's overall growth and achievement.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

Powered by BoardOnTrack

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

Powered by BoardOnTrack

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.

- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.

- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.

    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:

    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or

    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.

    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

Powered by BoardOnTrack

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26**. Leave blank until then.	Enter information in this box when completing the LCAP for **2026–27**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26** and **2026–27**. Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

Powered by BoardOnTrack

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

Powered by BoardOnTrack

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

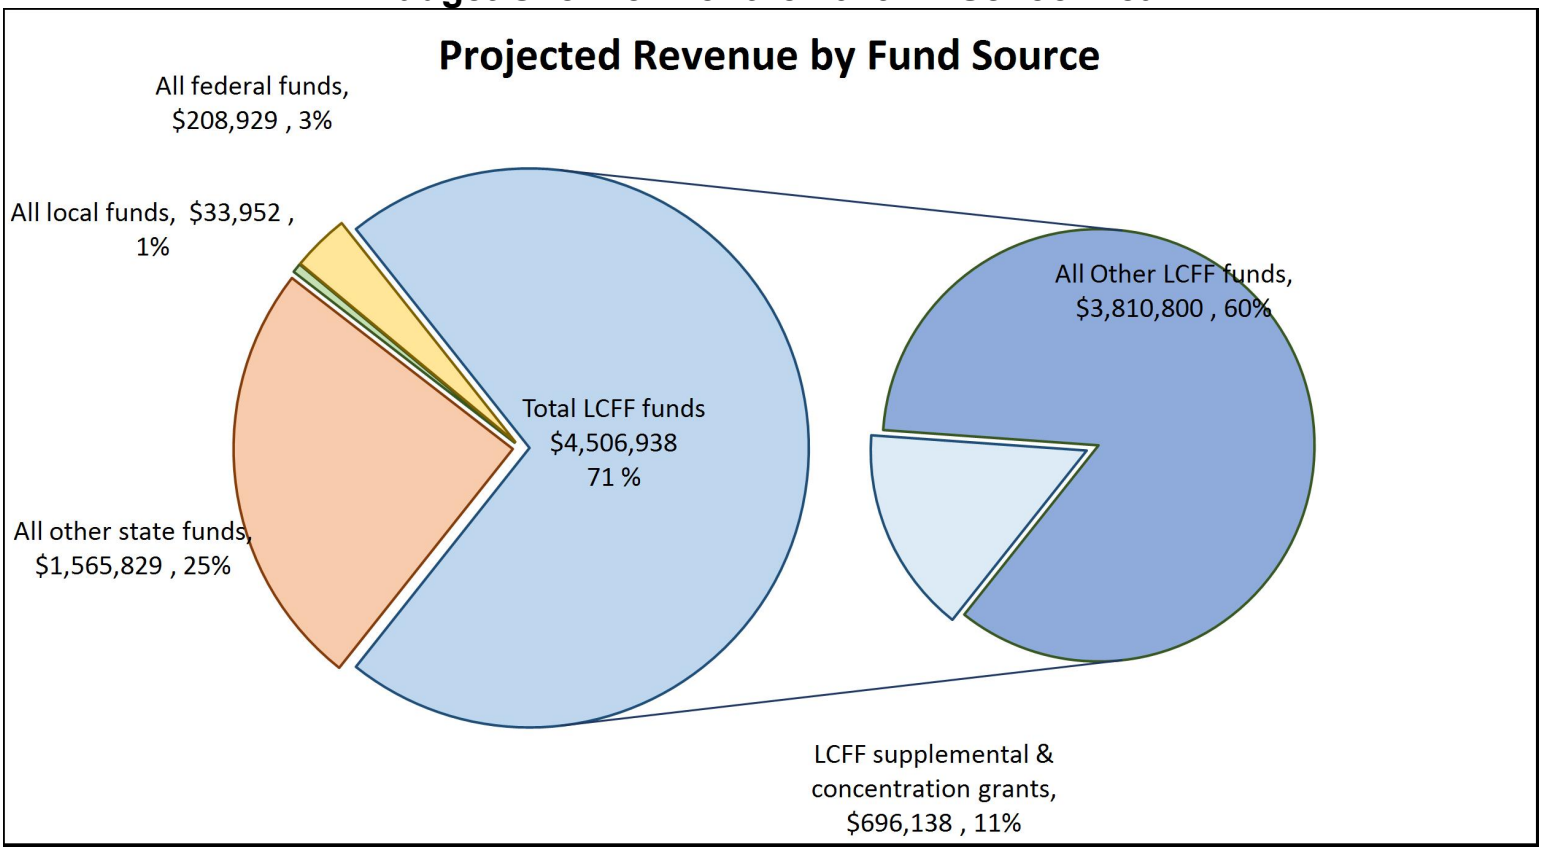
California Department of Education
November 2024

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy-3
CDS Code: 19-10199-0115030
School Year: 2026-27
LEA contact information:
Elizabeth Rizzuto
Principal
erizzuto@magnoliapublicschools.org
310-637-3806

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (Foster Youth, English learners, and low-income students).

Budget Overview for the 2026-27 School Year

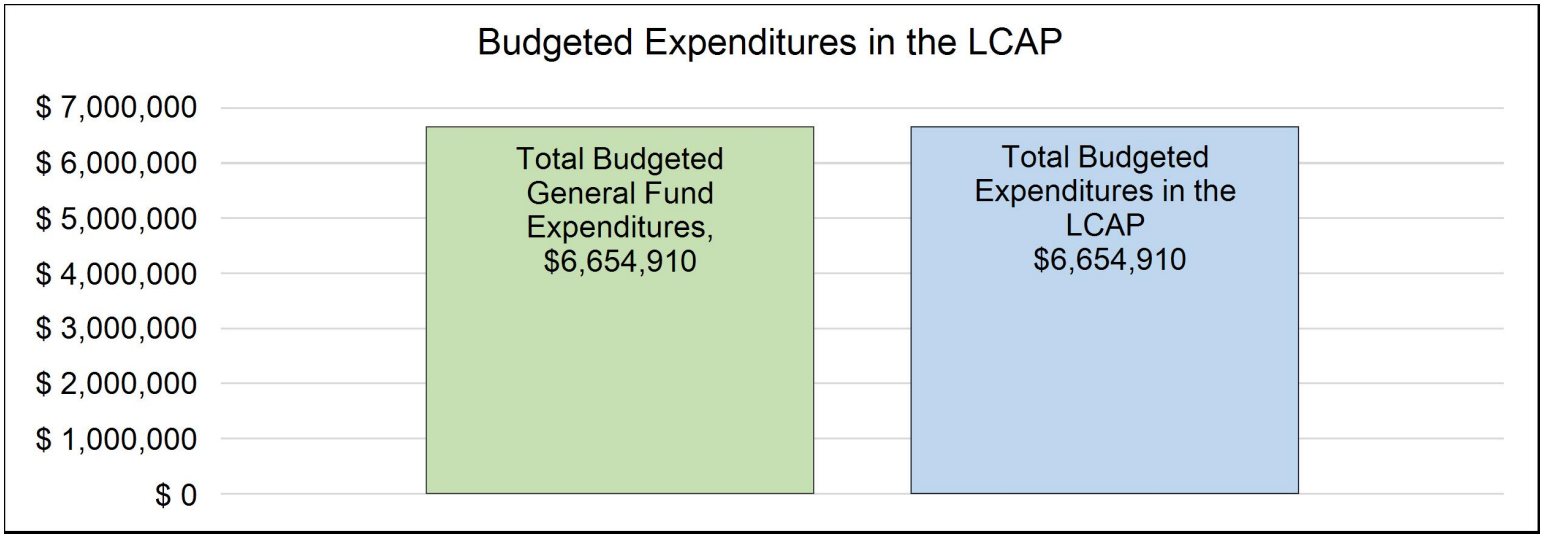


This chart shows the total general purpose revenue Magnolia Science Academy-3 expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy-3 is $6,315,649, of which $4,506,938 is Local Control Funding Formula (LCFF), $1,565,829 is other state funds, $33,952 is local funds, and $208,929 is federal funds. Of the $4,506,938 in LCFF Funds, $696,138 is generated based on the enrollment of high needs students (Foster Youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.



This chart provides a quick summary of how much Magnolia Science Academy-3 plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy-3 plans to spend $6,654,910 for the 2026-27 school year. Of that amount, $6,654,910 is tied to actions/services in the LCAP and $0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

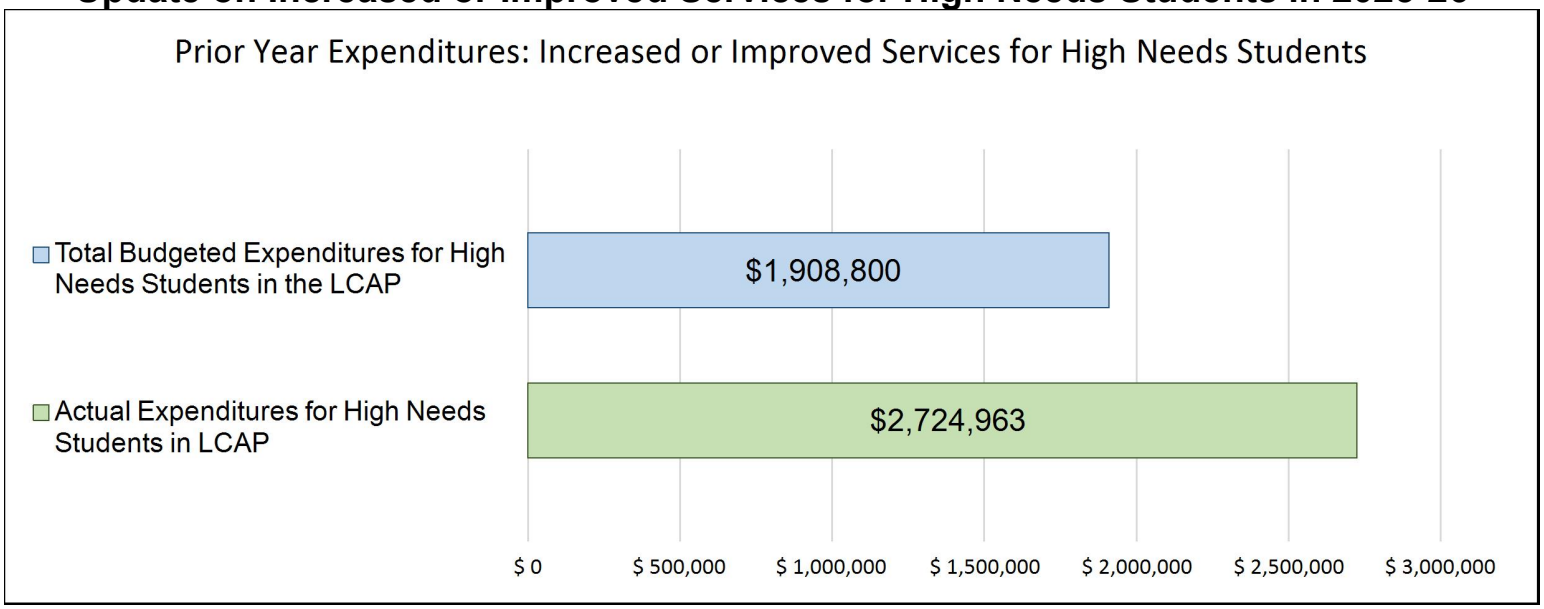
N/A

Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Magnolia Science Academy-3 is projecting it will receive $696,138 based on the enrollment of Foster Youth, English learner, and low-income students. Magnolia Science Academy-3 must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy-3 plans to spend $1,397,615 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2025-26



This chart compares what Magnolia Science Academy-3 budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy-3 estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, Magnolia Science Academy-3's LCAP budgeted $$1,908,800 for planned actions to increase or improve services for high needs students. Magnolia Science Academy-3 actually spent $$2,724,963 for actions to increase or improve services for high needs students in 2025-26.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone

Plan Summary [2026-27]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Magnolia Science Academy 3-Carson

Magnolia Science Academy 3-Carson, also known as MSA-3, is a public charter school serving students in grades 6 through 12 in Carson, California. MSA-3 is part of Magnolia Public Schools and is authorized by the Los Angeles County Office of Education. The school is located at 1254 East Helmick Street, Carson, CA 90746, and can be reached by phone at (310) 637-3806.

MSA-3 provides a rigorous, STEAM-based, college-preparatory educational program designed to support students academically, socially, and emotionally. The school's instructional program emphasizes access to standards-aligned curriculum, technology integration, hands-on learning, college and career readiness, and targeted supports for English Learners, Students with Disabilities, and students performing below grade level.

For the 2025–26 school year, MSA-3 serves approximately 379 students. The student population reflects the diversity of the Carson and surrounding communities. Current enrollment includes 187 Hispanic students, 181 Black or African American students, 5 Asian students, 4 students identified as two or more races, and 2 Native Hawaiian or Other Pacific Islander students. The school's gender distribution includes 196 female students and 183 male students. Approximately 39% of students are identified as qualifying for free or reduced-price lunch.

MSA-3 serves students across grades 6–12, with current enrollment by grade level as follows: 47 students in grade 6, 73 students in grade 7, 62 students in grade 8, 46 students in grade 9, 54 students in grade 10, 42 students in grade 11, and 55 students in grade 12. The school

also serves a range of student groups and programs, including 16 English Learners, 5 Foster Youth, 13 students with 504 plans, 17 students identified as Gifted and Talented, and 83 students receiving special education services.

Educational Program

MSA-3's academic program is grounded in Magnolia Public Schools' mission to provide a college-preparatory educational experience with a focus on STEAM in a safe learning environment that fosters respect for self and others. The school supports students through a broad course of study that includes core academic subjects, electives, digital learning opportunities, college readiness programming, intervention, special education services, and English Learner supports.

Students have access to technology-based instructional tools and digital learning platforms that support classroom instruction, assignment completion, collaboration, and intervention. The school continues to focus on preparing students for college, career, and life through academic rigor, student support systems, and opportunities for students to demonstrate learning through projects, presentations, and real-world application.

Mission

Magnolia Public Schools provides a college-preparatory educational program with a focus on STEAM in a safe environment that cultivates respect for self and others.

Vision

Graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

Core Values

Innovation: Students are supported in becoming independent, creative, and adaptable learners. MSA-3 promotes innovation through STEAM instruction, technology integration, project-based learning, college and career planning, and opportunities for students to apply their learning in meaningful ways.

Connection: MSA-3 values strong relationships among students, families, staff, and community partners. The school works to create a safe and supportive environment where students feel known, families are engaged, and all educational partners contribute to student success.

Excellence: MSA-3 promotes academic excellence through standards-aligned instruction, high expectations, data-driven support, intervention, college readiness programming, and opportunities for students to develop critical thinking, communication, and problem-solving skills.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Successes

During the 2025–26 school year, Magnolia Science Academy 3 continued to demonstrate important areas of strength across college and career readiness, access to learning opportunities, family engagement, and student completion outcomes. Based on local data and LCAP performance indicators, MSA-3 maintained a strong foundation for student success while also identifying priority areas for continued improvement.

One of the school's strongest areas of annual performance was college and career readiness. MSA-3 maintained a high graduation rate of 98.2%, exceeding the target of 95.0%. The middle school dropout rate remained at 0.0%, and the high school dropout rate was 0.0%, both meeting target expectations. In addition, 74.5% of students earned "Prepared" status on the College/Career Indicator, exceeding the 55.0% target. Seniors also demonstrated strong participation in college coursework, with 74.1% completing at least two semesters of college coursework with a grade of C- or better. The percentage of high school completers accepted to a 4-year college was 66%, exceeding the 60.0% target. These outcomes reflect the school's continued commitment to college readiness, dual enrollment, academic planning, and postsecondary access.

MSA-3 also showed meaningful success in STEAM, innovation, and access to a well-rounded instructional program. The percentage of students enrolled in Accelerated and/or Advanced Math courses or Advanced Math club increased to 22%, exceeding the target of 10.0%. Additionally, 93% of students in the graduating class completed a Computer/Technology course and/or participated in blended learning, exceeding the 90.0% target. The school also maintained 100% student participation in STEAM-focused projects, experiments, models, or demonstrations. These results demonstrate that students continued to have access to project-based learning, technology integration, and hands-on academic experiences that support Magnolia's Innovation pillar.

Basic conditions for learning remained strong. MSA-3 reported 0% of students without access to standards-aligned instructional materials and 0 identified facility deficiencies. This indicates that students had access to the materials and learning conditions needed to participate in a high-quality instructional program. Teacher attendance was also strong at 95.7%, exceeding the target of 95.0%, which supported instructional continuity and schoolwide stability.

The school also demonstrated strength in family engagement and community connection. MSA-3 held 8 Parent Advisory Committee meetings and 4 English Learner Advisory Committee meetings, meeting both targets. The school also reported 92 parent engagement activities, far exceeding the target of 10. These opportunities supported ongoing communication with families, expanded access to school events, and strengthened the connection between school and home. Student retention also met the target at 85%, demonstrating continued stability in the school community.

Attendance and student persistence outcomes reflected additional areas of success. The P-2 ADA rate was 92.82%, exceeding the target of 92.0%. The school also maintained a 0.0% expulsion rate. These outcomes indicate that MSA-3 continued to support student attendance, persistence, and access to a safe learning environment.

Challenges

While MSA-3 demonstrated several important successes, annual performance data also identifies areas requiring continued improvement. The school will prioritize academic achievement, instructional monitoring, English Learner progress, outcomes for Students with Disabilities, chronic absenteeism, suspension reduction, staff retention, and stakeholder satisfaction.

Academic achievement continues to be a key area of need. The percentage of students earning a grade of C or better in core subjects and electives was 73%, below the 80.0% target. CAASPP ELA results showed 37.95% of students meeting or exceeding standard, which reflects progress but remains slightly below the 40.0% target. CAASPP Mathematics remained a significant area for improvement, with 17.41% of all students meeting or exceeding standard, below the 20.0% target. Science proficiency was 11.32%, also below the 20.0% target. These results show that although students continue to access core academic programs and interventions, additional work is needed to increase standards mastery and accelerate proficiency.

Subgroup performance remains an equity priority. Students with Disabilities showed some progress in mathematics, reaching 7.14% proficiency and meeting the math target for that subgroup; however, they remained below target in ELA and Science. Students with Disabilities reached 14.28% proficiency in ELA, below the 20.0% target, and 0.0% proficiency in Science, below the 8.0% target. English Learner outcomes also require significant attention. Only 11.8% of English Learners increased at least one English Learner Progress Indicator performance level or maintained ELPI Level 4, which was well below the 50.0% target. The reclassification rate was 4.8%, below the 10.0% target. These results indicate a need to strengthen designated ELD, integrated ELD, reclassification monitoring, targeted language development, and academic supports for dually identified students.

Instructional monitoring was a significant implementation challenge. The teacher observation completion rate was 4%, far below the target of 85.0%. This limited the school’s ability to consistently provide teachers with formal feedback, monitor implementation of state standards, and support instructional growth. Teacher retention was also below target at 65%, compared to the target of 80.0%. These data points indicate the need for stronger onboarding, coaching, observation cycles, leadership support, and retention strategies.

Attendance and school climate data show mixed results. Although ADA exceeded the target, chronic absenteeism remained high at 27.1%, above the target of 20.0% or lower. This indicates that a significant group of students continued to experience persistent attendance barriers. The suspension rate also increased to 3.9%, above the target of 2.5% or lower. While the expulsion rate remained at 0.0%, the increased suspension rate shows a need to strengthen MTSS, PBIS, restorative practices, classroom behavior supports, and early intervention systems.

Student, family, and staff survey results also identify challenges related to connection and satisfaction. Student survey participation was 86.4%, family participation was 59.7%, and staff participation was 83.8%, all below target. Average approval rates were 64% for students, 86% for families, and 61% for staff. Overall satisfaction rates were 56% for students, 69% for families, and 53% for staff, all below target. These outcomes indicate that while the school increased family engagement opportunities, MSA-3 must continue strengthening the quality of communication, trust, belonging, and responsiveness to feedback, particularly for staff and students.

College and career readiness also showed specific areas for improvement. Although the College/Career Indicator Prepared rate and dual enrollment outcomes were strong, A-G completion was 53.7%, below the 90.0% target. CTE pathway completion remained at 0.0%, and

0.0% of students completed both A-G and CTE pathway requirements. The Seal of Biliteracy rate was 7.4%, below the 20.0% target, and the Golden State Seal Merit Diploma rate was 14.8%, below the 30.0% target. These outcomes indicate a need for stronger transcript monitoring, earlier student tracking, expanded pathway development, and improved systems for identifying students eligible for state seals and recognitions.

In response to these successes and challenges, MSA-3 will continue to build on strengths in graduation, college readiness, STEAM access, family engagement, attendance, and safe facilities. At the same time, the school will strengthen academic interventions, classroom observation systems, teacher support and retention, English Learner services, supports for Students with Disabilities, chronic absenteeism interventions, restorative behavior systems, survey participation, and stakeholder satisfaction. These priorities will guide the continued development of the LCAP and the school's efforts to ensure that all students are supported academically, socially, and emotionally.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

N/A

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents	MSA-3 engaged parents and families through multiple opportunities for input throughout the school year. The school held Parent Advisory Committee (PAC) meetings and Coffee with Admin sessions to share school updates, review student outcome data, discuss school priorities, and gather feedback on programs, services, and areas of need. Families were also invited to participate in English Learner Advisory Committee (ELAC) meetings, parent workshops, school events, and other engagement opportunities connected to student achievement, attendance, school climate, and family support. In addition, families were provided the annual educational partner survey, and feedback from the Community School Initiative Assets and Needs Assessment was reviewed to better understand family priorities and barriers to engagement.
Students	MSA-3 engaged students through the annual educational partner survey, school experience surveys, informal feedback opportunities, student activities, classroom discussions, and schoolwide engagement efforts. Student feedback was used to better understand students' experiences related to academic support, school safety, belonging, extracurricular opportunities, communication, and overall satisfaction. Input gathered through surveys and student engagement activities helped inform school priorities connected to academic intervention, college and career readiness, school climate, student wellness, and enrichment opportunities.
Teachers	MSA-3 engaged teachers through the annual educational partner survey, weekly Wednesday professional development meetings,

Educational Partner(s)	Process for Engagement
	grade-level and department collaboration, instructional planning conversations, and schoolwide data reflection. Teachers provided input regarding instructional needs, professional development priorities, intervention structures, student academic progress, classroom supports, and school climate. Feedback from teachers was also gathered through staff discussions, leadership check-ins, and implementation reflections connected to curriculum, assessments, MTSS, ELD, special education supports, and student engagement.
School administrators	School administrators participated in the LCAP development process through ongoing review of student achievement data, attendance data, discipline data, college and career readiness indicators, survey results, and local performance measures. Administrators met regularly to discuss school operations, instruction, attendance, behavior, family engagement, staffing, student supports, and progress toward LCAP goals. These discussions helped identify successes, areas of need, and priorities for continued improvement across academic achievement, school climate, family engagement, and operational systems.
Other school personnel	Other school personnel, including classified staff, support staff, office staff, counseling/support staff, and community school staff, were engaged through the annual educational partner survey, staff meetings, professional development opportunities, operational check-ins, and feedback connected to the Community School Initiative Assets and Needs Assessment. Their input helped identify needs related to student support, attendance, family communication, school climate, supervision, operations, and community partnerships. This feedback was important in understanding the needs of students and families beyond the classroom and in identifying additional supports needed to strengthen school connectedness.
SELPA	MSA-3 consulted with special education leadership and SELPA-related support through ongoing communication with the MPS Home Office Special Education team, school-based special education staff, and related service providers. Special education coordinators and support staff provided input on student needs, IEP implementation, service delivery, inclusive practices, intervention supports, staffing needs, and professional development priorities. Feedback from special education partners helped inform LCAP actions related to

Educational Partner(s)	Process for Engagement
	supports for Students with Disabilities, MTSS, academic intervention, mental health, and access to the least restrictive and most supportive learning environment.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The adopted LCAP was influenced by feedback gathered from families, students, teachers, administrators, other school personnel, and special education partners, as well as by a review of local data, California School Dashboard data, educational partner survey results, and the Community School Initiative Assets and Needs Assessment.

Educational partner feedback and school data confirmed the need to continue strengthening academic achievement, instructional support, student wellness, family engagement, and school connectedness. As a result, the LCAP continues to prioritize academic intervention, standards-aligned instruction, teacher support, MTSS, PBIS, ELD support, services for Students with Disabilities, college and career readiness, and expanded engagement opportunities for families and students.

Feedback from students and families highlighted the importance of maintaining strong college and career readiness supports, including dual enrollment, college counseling, A-G monitoring, and postsecondary planning. In response, the LCAP continues to include actions focused on college readiness, access to college coursework, academic planning, and support for students as they prepare for graduation and postsecondary pathways.

Feedback from staff and administrators emphasized the need for stronger instructional monitoring, professional development, intervention alignment, and support for teachers. This influenced the continued inclusion of actions related to professional development, classroom observations, instructional coaching, MTSS, and data-driven academic supports.

Feedback from families and school personnel also highlighted the importance of improving communication, engagement, and access to resources. In response, the LCAP continues to include actions related to PAC, ELAC, Coffee with Admin, parent workshops, home visits, schoolwide communication tools, and community partnerships.

School climate and survey data also influenced the LCAP by identifying a continued need to improve student belonging, staff satisfaction, attendance, and behavior supports. As a result, the LCAP maintains a focus on MTSS/PBIS, SEL supports, restorative practices, attendance intervention, family outreach, and community resources that support student well-being.

Input from special education staff and SELPA-related partners reinforced the need to strengthen supports for Students with Disabilities, including IEP implementation, academic intervention, inclusive practices, related services, and collaboration between general education and special education staff. These priorities are reflected in the continued LCAP actions connected to special education services, intervention, and student support systems.

Overall, educational partner feedback directly influenced the adopted LCAP by helping MSA-3 identify priorities for continued improvement, sustain effective practices, and align resources to the areas of greatest need. The feedback reinforced the importance of maintaining strong family engagement and college readiness systems while strengthening academic achievement, attendance, school climate, staff support, and targeted services for student groups.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned and high-quality instructional materials, and appropriately maintained school facilities.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	The percentage of teaching assignments that have an assignment monitoring outcome of "clear" (Source: Local Indicator Priority 1, CDE DataQuest TAMO by FTE Report)	2021-22: 77.5%	2022-23: 77.9%	2023-24: 77.4%	2024-25: > 85%	-0.1 percentage points
1.2	Percentage of students without access to their	2023-24: 0%	2024-25 (As of 6/5/25): 	2025-26 (As of 5/22/26): 	2026-27: 0%	0 percentage points

1.5	Teacher attendance rate (Source: HRIS)	2023-24: (As of 5/15/24) 92.2%	2024-25: (As of 5/31/25) 91.4%	2025-26 (As of 5/15/26): 95.7%	2026-27: >= 95.0%	+3.5 percentage points

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The overall implementation of Goal 1 during the 2025–26 school year at MSA-3 was partially successful. The school continued to maintain several core conditions for a high-quality learning environment, including full access to standards-aligned instructional materials, properly maintained facilities, and strong teacher attendance. These areas demonstrate continued operational strength and alignment with the goal of providing students and staff with a safe, secure, healthy, and well-resourced learning environment.

Several planned actions were implemented effectively. All students had access to their own copies of standards-aligned instructional materials for use at school and at home, resulting in a 0% deficiency rate. Facilities also continued to meet the “good repair” standard, with 0 identified instances of deficiencies or extreme deficiencies. Teacher attendance improved to 95.7%, exceeding the 2026–27 target of at least 95.0%, which contributed to instructional continuity and schoolwide stability.

However, implementation challenges remained in the areas of teacher assignment monitoring and teacher retention. The percentage of teaching assignments with an assignment monitoring outcome of “clear” was 77.4%, which remained below the target of greater than 85%. This reflects an ongoing need to strengthen credential monitoring, assignment review processes, and proactive hiring systems. Additionally, teacher retention declined to 65%, which is below the target of at least 80%. This represents a significant challenge and indicates the need for more intentional retention strategies, including stronger onboarding, coaching, staff support, and leadership development.

Overall, while MSA-3 successfully implemented actions related to instructional materials, facilities, and teacher attendance, additional attention is needed to improve teacher assignment alignment and staff retention.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1 Action 1
Budgeted: $29,999.00
Actual: $39,999.00
Explanation: The actual expenditure exceeded the budgeted amount by more than 10%. This variance was due to increased needs related to teacher credentialing, recruitment, and staffing support. Additional expenses were necessary to support hiring, onboarding, and credential monitoring efforts connected to ensuring appropriately assigned teachers.

Goal 1 Action 2
Budgeted: $388,822.42
Actual: $407,335.91
Explanation: The difference between budgeted and actual expenditures was less than 10%; therefore, no material difference is noted.

Goal 1 Action 3
Budgeted: $581,488.25
Actual: $635,983.56
Explanation: The difference between budgeted and actual expenditures was slightly under 10%; therefore, no material difference is noted. The increase was primarily related to facilities, maintenance, repair, and safety-related costs necessary to maintain a clean and safe learning environment.

Goal 1 Action 4
Budgeted: $10,508.00
Actual: $15,628.00
Explanation: The actual expenditure exceeded the budgeted amount by more than 10%. The increase was due to higher-than-anticipated costs related to student meals, refreshments, and wellness-related supports. These additional costs supported continued access to healthy and nutritious meals for students.

Goal 1 Action 5
Budgeted: $905,505.00

Actual: $871,852.40
Explanation: The difference between budgeted and actual expenditures was less than 10%; therefore, no material difference is noted.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions connected to Goal 1 were effective in several areas and partially effective in others.

Actions related to instructional materials and technology were effective. MSA-3 maintained a 0% rate of students without access to their own copies of standards-aligned instructional materials for use at school and at home. This indicates that systems for ordering, distributing, and monitoring instructional materials were implemented successfully and supported equitable access to learning resources.

Actions related to clean and safe facilities were also effective. The school reported 0 identified instances where facilities did not meet the “good repair” standard. This demonstrates that facilities monitoring, maintenance practices, and safety procedures were effective in supporting a safe and appropriate learning environment.

Actions related to teacher attendance were effective. Teacher attendance reached 95.7%, exceeding the target of at least 95.0%. This outcome supported instructional consistency and reduced disruption to student learning.

Actions related to teacher assignments and credentials were partially effective. While the school continued to monitor teacher assignments and credentialing requirements, the percentage of teaching assignments with a “clear” assignment monitoring outcome was 77.4%, below the target of greater than 85%. This indicates that additional systems are needed to strengthen credential alignment, assignment monitoring, and early identification of potential misassignments.

Actions related to teacher retention were not fully effective. Teacher retention declined to 65%, which is below the target of at least 80%. This suggests that additional support is needed to improve staff retention, including stronger onboarding, mentorship, coaching, professional growth pathways, and ongoing staff engagement practices.

Overall, Goal 1 actions were effective in maintaining instructional materials access, facilities, and teacher attendance; however, teacher assignment monitoring and teacher retention require strengthened systems and targeted follow-up.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on reflection on 2025–26 outcomes, MSA-3 will continue the current Goal 1 metrics to maintain year-over-year comparability, while strengthening implementation systems in the areas that did not meet targets.

For teacher assignments and credentials, MSA-3 will strengthen internal credential and assignment monitoring by conducting earlier reviews before the start of each semester, increasing communication between site leadership and the MPS Human Resources team, and monitoring

assignment alignment throughout the school year. These adjustments are intended to improve the percentage of teaching assignments with a “clear” assignment monitoring outcome.

For teacher retention, MSA-3 will increase focus on staff support and retention strategies. This will include stronger onboarding for new staff, more intentional coaching and mentorship, consistent administrator check-ins, professional growth opportunities, and continued efforts to strengthen school culture and staff belonging. These changes are intended to improve retention and support progress toward the target of at least 80%.

No major changes are needed for instructional materials access or facilities maintenance, as both areas continued to meet expectations with 0% instructional materials deficiency and 0 facilities deficiencies. MSA-3 will sustain these practices through ongoing inventory review, timely replenishment of materials, routine facility inspections, and prompt follow-up on maintenance needs.

Teacher attendance exceeded the target; therefore, the school will continue current attendance monitoring practices while maintaining support systems that promote staff well-being and instructional consistency.

Overall, the coming year will focus on sustaining effective practices in instructional materials, facilities, and attendance, while strengthening credential monitoring and staff retention systems.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers’ credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters.	$29,999.00	No

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees. The following expenditures will be funded by federal Title funds: N/A		
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: -Technology: Resource: Title IV, Part A ESEA (ESSA); Amount: $963.54	$396,657.84	No
1.3	Clean and safe facilities that support learning	Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security	$568,183.20	No

Action #	Title	Description	Total Funds	Contributing
		and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, , maintenance and repair services, gas/electric, health and safety related expenses, and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A		
1.4	Healthy and nutritious meals	Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments.	$15,628.00	Yes

Action #	Title	Description	Total Funds	Contributing
		The following expenditures will be funded by federal Title funds: N/A		
1.5	Well-orchestrated Home Office support services	The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4. Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.) The following expenditures will be funded by federal Title funds: N/A	$738,099.38	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Graduate Profile,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence.	Broad Goal

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.1	Percentage of students who have sufficient access to all programs and services, as applicable, including the programs and services	2023-24: 100%	2024-25: (As of 6/5/25) 100%	2025-26 (As of 5/22/26): 100%	2026-27: 100%	0 percentage points

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The overall implementation of Goal 2 during the 2025–26 school year at MSA-3 was partially successful. MSA-3 continued to provide all students with access to a broad course of study, academic programs, intervention supports, and services for student groups, including English Learners, socioeconomically disadvantaged students, and students with disabilities. Metric 2.1 remained at 100%, confirming that students had sufficient access to programs and services.

However, several implementation challenges impacted the school's progress toward academic excellence. One significant challenge was the completion of classroom observations. Based on the updated completion of 14 formal observations and 5 informal observations, MSA-3 completed 19 of the 70 required observations, resulting in an updated observation completion rate of 27%. This remains below the target of at least 85% and represents an implementation gap in the school's instructional monitoring and feedback system. The limited completion of observations reduced opportunities for timely coaching, feedback, and support connected to standards-aligned instruction.

Powered by BoardOnTrack

Student course performance also declined. The percentage of students earning a grade of “C” or better in core subjects and electives decreased to 73%, compared to 76% in the prior year and below the target of at least 80%. This indicates the need for stronger academic monitoring, intervention follow-up, grade checks, and classroom-based supports to ensure students remain on track throughout the semester.

CAASPP outcomes show mixed progress. In ELA, the percentage of students meeting or exceeding standard increased to 37.95%, with socioeconomically disadvantaged students at 37.98% and Hispanic students at 43.52%. However, Students with Disabilities remained below target at 14.28%. ELA Distance from Standard improved for All Students to 31.9 points below standard and for Students with Disabilities to 85.4 points below standard, though English Learners remained significantly below standard at 103.6 points below.

In mathematics, the percentage of students meeting or exceeding standard remained low at 17.41%, below the 20% target for All Students. Students with Disabilities improved to 7.14%, meeting the 2025–26 target of at least 7%, while Hispanic students reached 20.56%, meeting the 20% target. Math Distance from Standard remained an area of concern, with All Students at 94.2 points below standard, English Learners at 162.9 points below standard, and Students with Disabilities at 159.3 points below standard.

English Learner outcomes require significant attention. The percentage of English Learners increasing at least one ELPI performance level or maintaining ELPI Level 4 was 11.8%, well below the target of 50%. The RFEP rate was 4.8% as of June 10, 2026, below the target of at least 10%. These outcomes indicate a need to strengthen designated and integrated ELD instruction, progress monitoring, and reclassification readiness systems.

Science performance showed 11.32% of All Students meeting or exceeding standard, short of the 20% target. African American students exceeded the target at 16.28%, compared to the 15% target. However, socioeconomically disadvantaged students, Hispanic students, and Students with Disabilities remained below target, with Students with Disabilities at 0%.

Overall, Goal 2 was implemented with success in maintaining program access and some academic growth indicators, but implementation was limited by insufficient observation completion, declining course grades, persistent CAASPP proficiency gaps, and low English Learner progress and reclassification outcomes.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 2 Action 1
Budgeted: $1,715,577.96
Actual: $1,757,615.85
Explanation: The difference between budgeted and actual expenditures was less than 10%; therefore, no material difference is noted.

Goal 2 Action 2
Budgeted: $18,357.20
Actual: $34,357.20

Explanation: The actual expenditure exceeded the budgeted amount by more than 10%. This increase was primarily due to additional professional development, instructional support, and/or platform-related costs needed to support high-quality instruction. Given the low observation completion rate and continued academic gaps, additional resources were needed to support instructional improvement, standards alignment, and staff development.

Goal 2 Action 3
Budgeted: $689,448.46
Actual: $714,071.81
Explanation: The difference between budgeted and actual expenditures was less than 10%; therefore, no material difference is noted.

Goal 2 Action 4
Budgeted: $0
Actual: $0
Explanation: No expenditures were budgeted or recorded for this action; therefore, no material difference is noted.

Goal 2 Action 5
Budgeted: $764,286.53
Actual: $984,452.35
Explanation: The actual expenditure exceeded the budgeted amount by more than 10%. This increase was due to additional costs connected to special education services, paraprofessional support, contracted service needs, and required supports to ensure students with disabilities received services outlined in their IEPs. These additional expenditures were necessary to maintain access to individualized supports and provide services in alignment with student needs.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions implemented under Goal 2 were partially effective in making progress toward the goal of ensuring all students have equitable access to high-quality instruction and academic progress aligned to California content standards.

Action 2.1, broad course of study and standards-based curriculum, was effective in ensuring access. MSA-3 maintained 100% access to all programs and services for students, including unduplicated students and students with disabilities. This demonstrates that the master schedule, course offerings, and academic program access were implemented as planned. However, student grade outcomes show that access alone did not fully translate into academic success, as only 73% of students earned a “C” or better in core subjects and electives.

Action 2.2, professional development for high-quality instruction, was not fully effective. Based on the updated completion of 14 formal observations and 5 informal observations, MSA-3 completed 19 of the 70 required observations, resulting in an updated observation completion rate of 27%. This remains significantly below the target of at least 85%. The limited observation completion reduced the school’s ability to provide consistent instructional feedback, monitor standards implementation, and support teacher growth. The low observation completion rate likely contributed to continued gaps in instructional consistency, academic performance, and subgroup outcomes.

Action 2.3, MTSS academic enrichment, intervention, and student support, was partially effective. MSA-3 maintained academic intervention structures and student support systems; however, course grades and CAASPP proficiency data indicate that additional refinement is needed. Only 73% of students earned a “C” or better, and CAASPP math proficiency remained low at 17.41% for All Students. While some student groups showed progress, including Hispanic students meeting the math proficiency target at 20.56% and Students with Disabilities meeting the math target at 7.14%, overall achievement data indicate a need to better align intervention supports to grade-level standards and CAASPP expectations.

Action 2.4, designated and integrated ELD programs and support for English Learners, was not fully effective based on current outcomes. English Learner progress declined, with only 11.8% of ELs increasing at least one ELPI performance level or maintaining ELPI Level 4, and the RFEP rate was 4.8% as of June 10, 2026, below the target of at least 10%. These results indicate the need for stronger implementation of designated ELD, integrated ELD across content areas, EL progress monitoring, and reclassification readiness supports.

Action 2.5, support for students with disabilities, was partially effective. Students with Disabilities met the math proficiency target at 7.14%; however, outcomes remained low in ELA and Science. Students with Disabilities reached 14.28% proficiency in ELA, below the 20% target, and 0% proficiency in Science, below the 8% target. These results show that while services were provided, the academic impact of supports must be strengthened through improved IEP implementation fidelity, inclusive instructional practices, co-planning, targeted intervention, and progress monitoring.

Overall, Goal 2 actions were effective in maintaining access to programs and services but only partially effective in producing strong academic outcomes. The greatest needs moving forward are improved instructional observation and feedback systems, stronger MTSS implementation, focused ELD support, and more targeted academic supports for Students with Disabilities and English Learners.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on the 2025–26 outcomes, MSA-3 will continue the Goal 2 metrics to maintain year-over-year comparability while strengthening implementation systems in the areas that did not meet targets.

The school will prioritize completing classroom observations and instructional feedback cycles. Given that only 27% of required observations were completed, MSA-3 will establish a clear observation calendar, assign observation responsibilities to school administrators and instructional leaders, and monitor completion monthly. Walkthroughs and formal observations will be connected to actionable feedback, coaching, and professional development aligned to standards-based instruction.

To address the decline in students earning a “C” or better, MSA-3 will strengthen academic monitoring systems. This will include more frequent grade checks, targeted student support meetings, earlier communication with families, intervention plans for students at risk of failing, and stronger coordination among teachers, counselors, special education staff, and administration.

MTSS and intervention systems will be refined to more directly support grade-level standards and CAASPP readiness. Interventions will include increased use of formative assessment data, targeted small-group instruction, CAASPP-style questions and performance tasks, and progress monitoring for students who are below standard in ELA, math, and science.

English Learner supports will be strengthened due to low ELPI progress and RFEP outcomes. MSA-3 will increase monitoring of EL progress, review reclassification readiness more frequently, support teachers with integrated ELD strategies, and ensure designated ELD instruction is implemented with fidelity. ELAC, family communication, and progress updates will continue to be used to support family awareness and engagement.

Supports for Students with Disabilities will also be strengthened. MSA-3 will focus on IEP goal progress monitoring, inclusive instructional practices, co-planning between general education and special education staff, and targeted academic intervention aligned to students' present levels and grade-level standards. Science achievement for Students with Disabilities will be an area of particular focus due to 0% proficiency.

No major changes are needed to the goal statement itself, as the goal remains aligned to MSA-3's academic priorities. However, implementation of the actions will be strengthened through more consistent monitoring, clearer accountability structures, and targeted support for student groups with the greatest need.

Overall, the coming year will focus on moving from access to measurable academic improvement by strengthening instructional monitoring, intervention alignment, English Learner progress systems, and supports for Students with Disabilities.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule.	$1,630,392.72	No

		Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: N/A		
2.2	Professional development for high-quality instruction	Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees. The following expenditures will be funded by federal Title funds: -Prof Developmnt: Title II; Amount: $8,000.00 -Prof Dev-Other: : Title II; Amount: $10,000.00	$21,686.00	Yes
2.3	MTSS - Academic enrichment,	Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision	$455,764.19	Yes

Action #	Title	Description	Total Funds	Contributing
	intervention, and student support	making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Dean of Academics salary and benefits, instructional aide salaries and benefits, intervention teacher salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, and evidence-based supplemental intervention/enrichment program fees (IXL, MyON, BrainPOP, Flocabulary, and Nearpod) The following expenditures will be funded by federal Title funds: -Educat Software: Title I; Amount: $32,669.55 -Educat Software: Title IV, Pâr? A ESEA (ESSA); Amount: $3,370.80 -TeacherSalaries: Title I; Amount: $64,972.00 -Cert Adminis: Title I; Amount: $9,000.00 -STRS: Title I; Amount: $14,143.93 -OASDI/Medicare: Title I; Amount: $1,073.75 -Health & Welfare Benefits: Title I; Amount: $1,628.31 -Unemployment Insurance: Title I; Amount: $370.26		
2.4	Designated and integrated ELD programs and support for ELs	Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our		Yes

Action #	Title	Description	Total Funds	Contributing
		teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend. The following expenditures will be funded by federal Title funds: N/A		
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their	$1,042,168.81	No

Action #	Title	Description	Total Funds	Contributing
		eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: -SpEd Ctrct Inst: IDEA SPED; Amount: $300,000.00		

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.	Broad Goal

State Priorities addressed by this goal.

Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 9%	2024-25: (As of 6/5/25) 7.0%	2025-26 (As of 5/22/26): 22%	2026-27: >= 10%	+13 percentage points

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The overall implementation of Goal 3 during the 2025–26 school year at MSA-3 was generally successful, with several key indicators demonstrating strong access to innovative, well-rounded, and college/career preparatory learning opportunities. MSA-3 continued to provide students with access to STEAM learning, blended learning, college readiness supports, dual enrollment opportunities, and advanced coursework aligned to the school's Innovation pillar.

Several planned actions were implemented effectively. The percentage of students enrolled in an Accelerated and/or Advanced Math course or Advanced Math club increased significantly to 22%, exceeding the 2026–27 target of at least 10%. This reflects meaningful growth in student access to advanced math opportunities. Additionally, 93% of students in the graduating class completed a Computer/Technology course and/or experienced blended learning, exceeding the target of at least 90%. STEAM participation remained a strength, with 100% of students creating or demonstrating a STEAM-focused project, experiment, model, or demo, exceeding the target of at least 80%.

College and career readiness indicators also showed several areas of success. The percentage of students earning "Prepared" on the College Career Indicator was 74.5%, exceeding the target of at least 55%. EAP Math preparedness increased to 54.29%, exceeding the target of at least 35%, and the percentage of seniors completing at least two semesters of college coursework with a grade of C- or better was 74.1%, exceeding the target of at least 35%. The percentage of high school completers accepted to a 4-year college was 66%, exceeding the target of at least 60%.

However, some challenges remained. EAP ELA preparedness was 53.57%, slightly below the target of at least 55%. A-G completion was 53.7%, below the target of at least 90%, indicating a need for stronger course completion tracking, intervention, and academic planning. CTE pathway completion remained at 0%, which did not meet the target of at least 10%, and no students completed both A-G and CTE pathway requirements. The percentage of students earning the Seal of Biliteracy was 7.4%, below the target of 20%, and the Golden State Seal Merit Diploma rate was 14.8%, below the target of 30%. The percentage of cohort graduates earning an Advanced or Honors MPS Diploma increased to 40.7%, which reflects progress but remains below the 50% target. The percentage of high school completers accepted to a 4-year or 2-year college was 44.1%, below the target of 90%, though the 4-year acceptance rate exceeded target, suggesting that documentation and reporting of 2-year college acceptance may need additional follow-up.

Overall, Goal 3 implementation was effective in expanding access to advanced math, STEAM projects, blended learning, dual enrollment, CCI preparedness, and 4-year college acceptance. Continued improvement is needed in A-G completion, CTE pathway development, Seal of Biliteracy, Golden State Seal Merit Diploma attainment, AP exam outcomes, and college acceptance documentation.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3 Action 1
Budgeted: $258,688.25

Actual: $266,097.73
Explanation: The difference between budgeted and actual expenditures was less than 10%; therefore, no material difference is noted.

Goal 3 Action 2
Budgeted: $0.00
Actual: $0.00
Explanation: No expenditures were budgeted or recorded for this action; therefore, no material difference is noted.

Goal 3 Action 3
Budgeted: $114,261.57
Actual: $116,966.86
Explanation: The difference between budgeted and actual expenditures was less than 10%; therefore, no material difference is noted.

Goal 3 Action 4
Budgeted: $177,720.35
Actual: $133,729.04
Explanation: The actual expenditure was more than 10% below the budgeted amount. This variance may be attributed to lower-than-anticipated costs related to physical education, activity, fitness equipment, or related staffing and program expenses. While the action continued to support student access to physical education and wellness-related programming, some planned expenditures were not fully utilized.

Goal 3 Action 5
Budgeted: $468,955.23
Actual: $382,297.36
Explanation: The actual expenditure was more than 10% below the budgeted amount. This variance may be attributed to lower-than-anticipated costs for additional programs and activities supporting well-rounded education, including elective programming, clubs, field trips, enrichment activities, or contracted services. Some planned programming may have been implemented at a lower cost or deferred, contributing to the lower actual expenditure.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions implemented under Goal 3 were effective in several areas and partially effective in others. Overall, MSA-3 made strong progress in providing students with access to innovative, well-rounded, college-preparatory, and STEAM-focused learning experiences.

Action 3.1, College/Career Readiness Programs and Activities, was partially effective. MSA-3 exceeded the CCI Prepared target, with 74.5% of students earning Prepared status compared to the target of at least 55%. Dual enrollment and college coursework outcomes were also strong, with 74.1% of seniors completing at least two semesters of college coursework with a C- or better, exceeding the target of 35%. The 4-year college acceptance rate was 66%, exceeding the target of 60%. However, A-G completion was 53.7%, below the 90% target, and overall 2-year or 4-year college acceptance was 44.1%, below the 90% target. These results indicate that college readiness supports were

effective in several areas, but additional systems are needed for A-G monitoring, documentation of college acceptances, and targeted support for students at risk of not meeting college readiness indicators.

Action 3.2, STEM and GATE Programs, was effective. The percentage of students enrolled in Accelerated and/or Advanced Math or Advanced Math club increased to 22%, exceeding the target of at least 10%. Additionally, 100% of students created or demonstrated a STEAM-focused project, experiment, model, or demo, exceeding the target of at least 80%. These outcomes show strong implementation of STEAM access and advanced math opportunities.

Action 3.3, Digital Literacy and Citizenship Programs, was effective. The percentage of students in the graduating class who completed a Computer/Technology course and/or experienced blended learning was 93%, exceeding the target of at least 90%. This indicates that students continued to have meaningful access to technology-based learning experiences that support digital literacy and 21st century skill development.

Action 3.4, Physical Education, Activity, and Fitness, supported the school's broader goal of providing a well-rounded education. While this action is not directly measured by a single Goal 3 metric in the same way as STEAM or college readiness, it contributed to student wellness, access to physical education, and the development of lifelong healthy habits. The lower-than-budgeted actual expenditure indicates that implementation may have occurred at a reduced cost or with fewer purchased supports than planned.

Action 3.5, Additional Programs and Activities that Support Well-Rounded Education, was partially effective. MSA-3 provided students with access to enrichment, electives, and well-rounded learning opportunities, and several outcomes improved, including the Advanced or Honors MPS Diploma rate, which rose to 40.7%. However, CTE pathway completion remained at 0%, and 0% of students completed both A-G and CTE pathway requirements, indicating that CTE pathway development remains an area for significant improvement. Seal of Biliteracy and Golden State Seal Merit Diploma outcomes also remained below target, showing the need for earlier tracking and more intentional student support.

Overall, Goal 3 actions were effective in expanding STEAM, advanced math, blended learning, dual enrollment, and CCI preparedness. They were less effective in ensuring A-G completion, CTE pathway completion, AP success tracking, Seal of Biliteracy attainment, Golden State Seal Merit Diploma attainment, and overall college acceptance documentation.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on the 2025–26 outcomes, MSA-3 will continue the Goal 3 metrics to maintain year-over-year comparability, while strengthening implementation in areas that did not meet targets.

MSA-3 will continue to expand and sustain advanced math opportunities, as the school exceeded the target with 22% of students enrolled in Accelerated and/or Advanced Math or Advanced Math club. The school will continue identifying students who are ready for advanced math pathways and will provide additional support to ensure access is equitable across student groups.

STEAM project implementation will continue as a schoolwide strength, with 100% of students participating in a STEAM-focused project, experiment, model, or demo. MSA-3 will sustain this practice through continued integration of project-based learning, science and engineering design practices, technology integration, and student demonstrations of learning.

Digital literacy and blended learning will also continue, as 93% of graduates completed a Computer/Technology course and/or experienced blended learning. The school will continue supporting responsible technology use, digital citizenship, and technology-based learning experiences.

College and career readiness systems will be strengthened. Although CCI Prepared and dual enrollment outcomes exceeded targets, A-G completion was below target. MSA-3 will implement more frequent transcript audits, earlier identification of students at risk of not completing A-G requirements, stronger communication with students and families, and targeted credit recovery options. College acceptance documentation will also be strengthened to ensure all 2-year and 4-year acceptances are accurately collected and entered into Naviance or the appropriate tracking system.

CTE pathway development will be a priority for the coming year. Because CTE pathway completion and combined A-G/CTE completion remained at 0%, MSA-3 will review available CTE options, identify feasible pathway opportunities aligned to student interest and staffing capacity, and strengthen CALPADS and course sequence tracking.

MSA-3 will also strengthen systems for recognizing student achievement. The school will begin earlier tracking for Seal of Biliteracy, Golden State Seal Merit Diploma, and Advanced or Honors MPS Diploma eligibility. Counselors and academic leaders will monitor student progress toward these recognitions beginning earlier in high school and provide targeted communication to students and families about requirements.

AP outcomes will continue to be monitored once current-year College Board data becomes available. To strengthen AP success, MSA-3 will review AP course access, exam preparation supports, student readiness, and teacher support structures.

Overall, the coming year will focus on sustaining strong implementation in STEAM, advanced math, digital learning, dual enrollment, and CCI preparedness, while strengthening A-G completion systems, CTE pathway development, AP readiness, student recognition tracking, and college acceptance documentation.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely	$269,305.18	Yes

Action #	Title	Description	Total Funds	Contributing
		high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Expenditures associated with this action include the following: college counselor salary and benefits, AP teacher stipends, Naviance program fees, AP exam fees, AP course materials, and other college-related materials and activities. The following expenditures will be funded by federal Title funds: -Instructional Materials & Sups.: Title IV Part A; Amount: $3,180		
3.2	STEM and GATE programs	Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking,	$0.00	Yes

Action #	Title	Description	Total Funds	Contributing
		and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. Expenditures associated with this action include the following: supplemental STEM program fees. The following expenditures will be funded by federal Title funds: N/A		
3.3	Digital literacy and citizenship programs	Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity. Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. The following expenditures will be funded by federal Title funds: N/A	$115,166.17	Yes

Action #	Title	Description	Total Funds	Contributing
3.4	Physical education, activity, and fitness	Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal Title funds: N/A	$140,692.11	Yes
3.5	Additional programs and activities that support well-rounded education	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics,	$299,116.37	Yes

Action #	Title	Description	Total Funds	Contributing
		advanced math, academic competitions, journalism, college mentorship, and other areas. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: N/A		

Goals and Actions

Goal

Goal #	Description	Type of Goal
4	CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

School communities are integrated partnerships with the school site staff, families, students and all other educational partners. This sense of connection creates a safe place for all learners and educational partners to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and educational partner surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The overall implementation of Goal 4 during the 2025–26 school year at MSA-3 was partially successful, with strong progress in family engagement opportunities, advisory committee meetings, home visits, student attendance, graduation, dropout prevention, expulsion prevention, and student retention. MSA-3 continued to prioritize Connection by providing students, families, staff, and educational partners with opportunities to engage with the school community in a safe and nurturing environment.

Several planned actions were implemented effectively. MSA-3 held 8 Parent Advisory Committee meetings, meeting the 2026–27 target of at least 8 meetings. The school also held 4 English Learner Advisory Committee meetings, meeting the target of at least 4 meetings. Parent engagement activities increased significantly to 92 events, far exceeding the target of at least 10 events. This reflects a strong effort to

provide families with multiple opportunities to participate in school activities, receive information, and remain connected to the school community.

MSA-3 also showed improvement in personalized family outreach. The percentage of students receiving home visits increased to 15.4%, meeting the target of at least 15.0%. This represents a meaningful improvement from the prior year and demonstrates stronger implementation of home visits as a strategy to build relationships with families, strengthen communication, and support student outcomes.

Attendance and completion outcomes also showed areas of strength. The P-2 ADA rate was 92.82%, exceeding the target of at least 92.00%. The middle school dropout rate was 1.6%, meeting the target of 2.0% or lower. The high school dropout rate was 0.0%, also meeting the target of 2.0% or lower. The graduation rate remained strong at 98.2%, exceeding the target of at least 95.0%. The expulsion rate remained at 0.0%, meeting the target of 0.50% or lower. Student retention was 85%, meeting the target of at least 85%.

However, some implementation challenges remained. Chronic absenteeism was 27.1%, which reflects improvement from the prior year but remains above the target of 20.0% or lower. The suspension rate increased to 3.9%, exceeding the target of 2.5% or lower, indicating a need to strengthen restorative practices, classroom management supports, early intervention systems, and MTSS/PBIS implementation.

School experience survey results also show areas requiring additional attention. Student survey participation was 86.4%, family participation was 59.7%, and staff participation was 83.8%, all below the 2026–27 targets. Average approval rates were 64% for students, 86% for families, and 61% for staff. Student approval was close to the 65% target, but family and staff approval remained below target. Overall satisfaction rates were 56% for students, 69% for families, and 53% for staff, all below target. These results indicate a need to strengthen student, family, and staff connection, communication, trust, and sense of belonging.

Overall, Goal 4 implementation was successful in expanding family engagement opportunities, increasing home visits, and maintaining strong ADA, graduation, dropout, expulsion, and student retention outcomes. Continued improvement is needed in chronic absenteeism, suspension reduction, survey participation, and student/family/staff satisfaction.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 4 Action 1
Budgeted: $275.00
Actual: $275.00
Explanation: Expenditures for this action matched the budgeted amount exactly; therefore, no material difference is noted.

Goal 4 Action 2
Budgeted: $149,316.04
Actual: $146,361.48
Explanation: The difference between budgeted and actual expenditures was less than 10%; therefore, no material difference is noted.

Goal 4 Action 3

Budgeted: $581,292.43
Actual: $592,343.69
Explanation: The difference between budgeted and actual expenditures was less than 10%; therefore, no material difference is noted.

Goal 4 Action 4
Budgeted: $1,696.00
Actual: $1,696.00
Explanation: Expenditures for this action matched the budgeted amount exactly; therefore, no material difference is noted.

Goal 4 Action 5
Budgeted: $349,480.64
Actual: $322,835.12
Explanation: The difference between budgeted and actual expenditures was less than 10%; therefore, no material difference is noted.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions implemented under Goal 4 were effective in several areas and partially effective in others. Overall, MSA-3 made meaningful progress in family engagement, home visits, attendance, graduation, dropout prevention, expulsion prevention, and student retention. However, the actions were less effective in reducing chronic absenteeism, lowering suspension rates, increasing survey participation, and improving overall satisfaction.

Action 4.1, Seeking Family Input for Decision-Making, was effective. MSA-3 held 8 PAC meetings and 4 ELAC meetings, meeting both annual targets. These meetings provided families, including families of English Learners, low-income students, and students with disabilities, opportunities to provide input and participate in school decision-making.

Action 4.2, Building Relationships and Partnerships with Families for Student Outcomes, was effective. Parent engagement activities increased to 92 events, far exceeding the target of at least 10. This demonstrates a strong schoolwide effort to connect with families through events, meetings, and outreach opportunities. The home visit rate was 15.4%, meeting the 15.0% target. This indicates that MSA-3 strengthened personalized family outreach and improved implementation of home visits as a strategy to support family-school partnerships.

Action 4.3, MTSS, PBIS, and SEL Support, was partially effective. The school maintained a strong ADA rate of 92.82%, a graduation rate of 98.2%, a middle school dropout rate of 1.6%, a high school dropout rate of 0.0%, and an expulsion rate of 0.0%. These outcomes demonstrate that student support systems contributed to school persistence and completion. However, chronic absenteeism remained high at 27.1%, above the target of 20.0% or lower, and the suspension rate increased to 3.9%, above the target of 2.5% or lower. These outcomes indicate that MTSS/PBIS systems need further refinement, particularly in prevention, restorative practices, early attendance intervention, and behavior support.

Action 4.4, Annual Educational Partner Surveys, was partially effective. The school successfully administered surveys to students, families, and staff and collected important feedback. Survey participation improved for families and staff compared to the prior year, with family participation increasing to 59.7% and staff participation increasing to 83.8%. However, student participation decreased to 86.4%, and all participation rates remained below the 2026–27 targets. Average approval and overall satisfaction rates also remained below target, especially for staff and families. These results show that surveys were implemented but that additional action is needed to respond to feedback and improve educational partner experience.

Action 4.5, Community Outreach and Partnerships, was effective in supporting parent engagement and student retention. The school maintained an 85% student retention rate, meeting the target, and offered a high number of family engagement events. However, survey satisfaction and staff approval outcomes indicate that the school should continue strengthening communication, partnership structures, and follow-through on feedback from educational partners.

Overall, Goal 4 actions were effective in maintaining strong engagement structures, increasing home visits, and supporting attendance, graduation, dropout prevention, expulsion prevention, and student retention. They were partially effective in improving chronic absenteeism, suspension reduction, survey participation, and overall satisfaction among students, families, and staff.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on the 2025–26 outcomes, MSA-3 will continue the Goal 4 metrics to maintain year-over-year comparability, while strengthening implementation in areas that did not meet targets.

MSA-3 will continue to maintain strong PAC and ELAC implementation, as both targets were met. The school will also continue offering multiple family engagement events, while ensuring that events are aligned to family needs, student academic progress, school climate, and meaningful two-way communication.

MSA-3 will also sustain its improved home visit implementation. Because the home visit rate increased to 15.4% and met the 15.0% target, the school will continue using home visits as a strategy to strengthen personalized family outreach, build trust, and support students. To maintain this progress, MSA-3 will continue tracking home visits more consistently and will encourage staff to complete and document visits throughout the year rather than waiting until the end of the school year.

To reduce chronic absenteeism, MSA-3 will strengthen attendance intervention systems. This will include earlier identification of students with attendance concerns, more frequent family outreach, attendance team meetings, student support plans, and coordination with community resources when barriers to attendance are identified. Although ADA exceeded the target, chronic absenteeism remains above target and will require focused support.

To address the increased suspension rate, MSA-3 will strengthen MTSS, PBIS, and restorative practices. This will include clearer behavior expectations, consistent classroom management supports, restorative responses when appropriate, student reflection and re-entry practices, and data review to identify patterns by grade level, subgroup, location, and incident type. The school will also continue to monitor expulsion prevention and alternatives to exclusionary discipline.

To improve survey participation, MSA-3 will use a more structured survey administration plan for students, families, and staff. This may include designated completion windows, reminders, family communication, staff meeting time, and student advisory or homeroom time for survey completion. The school will also communicate how survey feedback is reviewed and used so educational partners understand the value of participating.

To improve student, family, and staff approval and satisfaction, MSA-3 will review survey results by stakeholder group and identify specific areas of need related to academic support, discipline fairness, safety, sense of belonging, communication, and staff morale. Staff connectedness and satisfaction will be a priority area, as staff approval and overall satisfaction remain below target. The school will identify opportunities to improve communication, shared decision-making, recognition, workload clarity, and staff culture.

Overall, the coming year will focus on sustaining effective family engagement, home visit implementation, and completion outcomes while strengthening chronic absenteeism interventions, restorative behavior supports, survey participation, and student, family, and staff satisfaction.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision-making	Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to	$275.00	Yes

Action #	Title	Description	Total Funds	Contributing
		utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees. The following expenditures will be funded by federal Title funds: N/A		
4.2	Building relationships and partnerships with families for student outcomes	Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and	$141,527.67	Yes

Action #	Title	Description	Total Funds	Contributing
		accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title funds. -TeacherSalaries: Title I; Amount: $11,500.00 -STRS: Title I; Amount: $2,196.50 -OASDI/Medicare: Title I; Amount: $166,75 -Unemployment Insurance: Title I; Amount: $57.50		
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School	$476,679.97	Yes

Powered by BoardOnTrack

Action #	Title	Description	Total Funds	Contributing
		will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform expenses, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. The following expenditures will be funded by federal Title funds: -Ins Mats & Sups: Title I; Amount: $4,129.76		
4.4	Annual educational partner surveys	Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Panorama Education survey fees. The following expenditures will be funded by federal Title funds:	$0.00	Yes

		5800 Professional Services: 3010 Title I: $1,696		
4.5	Community outreach and partnerships	Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. Expenditures associated with this action include the following: Community Schools Coordinator salary and benefits, membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses. The following expenditures will be funded by federal Title funds: N/A	$313,568.35	Yes

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.4	**Action:** Healthy and nutritious meals **Need:** Low-income students do not have sufficient or consistent access to nutritious meals and they develop poor eating habits. As a result, they experience poor health and academic outcomes, including, but not limited to, obesity, chronic absenteeism and lower grades. There	MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	is a need to provide all our students with healthy and nutritious meals. **Scope:** LEA-wide	consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. We will provide two school meals free of charge during each schoolday to any student who requests a meal without consideration of the student's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary	• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	
2.2	**Action:** Professional development for high-quality instruction **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners. **Scope:** LEA-wide	With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost/SchoolMint Grow software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		the CA School Dashboard, CAASPP assessments, MAP assessments, and student grades as identified in our LCAP metrics in Goal 2.	standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring (Source: NWEA MAP) • Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Reading

			• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)
2.3	**Action:** MTSS - Academic enrichment, intervention, and student support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion. Students struggle with access to materials,	Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2,

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention. **Scope:** LEA-wide	English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.	TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading

			School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring (Source: NWEA MAP) • Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)
2.4	**Action:** Designated and integrated ELD programs and support for ELs **Need:**	Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers	Goal 2: For all students, but particularly for the EL and LTEL student groups: • Percentage of students who

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	The majority of Charter School's student population consists of English Learners (EL), including long-term ELs (LTELs), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction. **Scope:** LEA-wide	with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated ELD instruction, will be provided for all students.	have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring (Source: NWEA MAP)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		RFEP students, students with disabilities, and all other student groups will benefit from this schoolwide action. We expect that this action will result in increased academic achievement of our student groups, particularly of our ELs and LTELs, on the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and EL reclassification rates as identified in our LCAP metrics in Goal 2.	• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP) • Percentage of students who have met or exceeded standard on the CAASPP-Mathematics assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-Mathematics assessments (Source: CA School Dashboard) • Percentage of students who

3.1	**Action:** College/Career readiness programs and activities **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. A college-going, supportive culture at the school is necessary for our students' college/career readiness. **Scope:** LEA-wide	With the needs of our unduplicated students in mind, Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Unduplicated students will receive improved services through our Naviance program and increased support with AP exam fees, AP	Goal 3: • Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard) • Percentage of all AP exam takers in the current year with a score of 3 or higher (Source: College Board) • Percentage of seniors who have passed an AP exam with a score of 3 or higher during their high school

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		course materials, and other college-related materials and activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increases in CCI prepared rate, AP passing rate, A-G rate, diploma seals, college acceptance, and college-going rates as identified in our LCAP metrics in Goal 3.	years (Source: College Board) • Percentage of seniors who have completed at least two semesters of college coursework with a grade of C minus or better in academic/CTE subjects where college credit is awarded (Source: CA School Dashboard, SIS) • Percentage of cohort graduates who have successfully completed courses that satisfy the requirements for entrance to the UC/CSU (Source: CA School Dashboard, CDE DataQuest, CALPADS) • Percentage of cohort graduates who have successfully completed

			• College-Going Rate (Source: CDE DataQuest)
3.2	**Action:** STEM and GATE programs **Need:** Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of everchanging technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEM curricula. **Scope:** LEA-wide	Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning.	Goal 3: • Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS) • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS) • Percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.	the current year (Source: Local Indicator Priority 7, SIS)
3.3	**Action:** Digital literacy and citizenship programs **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way. **Scope:**	With the needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications; digital footprint, privacy,	Goal 3: • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	LEA-wide	and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.	
3.4	**Action:** Physical education, activity, and fitness **Need:** Low-income students do not have sufficient or consistent access to physical activities/sports and fitness education. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. **Scope:** LEA-wide	MPS is committed to the optimal development of every student. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the

		sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We expect that this action will result in increased attendance and grades as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)
3.5	**Action:** Additional programs and activities that support well-rounded education **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem solving, communication, and management of time and resources that contribute to lifelong learning and career skills. Our low-income students come from underserved communities	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math,	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 3: • Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	that do not have adequate resources and access to experiential learning opportunities. **Scope:** LEA-wide	academic competitions, journalism, college mentorship, and other areas. These well-rounded programs and activities will result in increased and improved services for our unduplicated students. With the needs of our unduplicated students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help our scholars become independent and innovative scholars. We also expect that this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2, increases in CCI prepared rate, AP passing rate, A-G rate, diploma seals, college acceptance, and college-going rates as identified in our LCAP metrics in Goal 3, as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	• Percentage of all AP exam takers in the current year with a score of 3 or higher (Source: College Board) • Percentage of seniors who have passed an AP exam with a score of 3 or higher during their high school years (Source: College Board) • Percentage of seniors who have completed at least two semesters of college coursework with a grade of C minus or better in academic/CTE subjects where college credit is awarded (Source: CA School Dashboard, SIS) • Percentage of cohort graduates who have successfully completed

			knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students and families to the question, "Overall, I am satisfied and would recommend this school to other students/families. " (Source: Local Indicator Priority 6, Panorama Education)
4.1	**Action:** Seeking family input for decision-making **Need:** It is important that parents are engaged in the development of all school plans, including, but	Considering the needs of our unduplicated students and their families, Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory	Goal 4: • Number of Parent Advisory Committee (PAC) meetings per year (Source:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making. **Scope:** LEA-wide	Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision	Local Indicator Priority 3) • Number of English Learner Advisory Committee (ELAC) meetings per year (Source: Local Indicator Priority 3) • School experience survey "average approval rates" based on the responses of our families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates"

		making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing Community School strategies to reach and seek input from any underrepresented groups in the school community. We also expect that this action will result in increased parent satisfaction as measured by the annual educational partner surveys in Goal 4: Action 4.	based on the responses of our families to the question, "Overall, I am satisfied and would recommend this school to other families." (Source: Local Indicator Priority 6, Panorama Education)
4.2	**Action:** Building relationships and partnerships with families for student outcomes **Need:** Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The	In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4: • Number of activities/events for parent involvement per year (Source: Local Indicator Priority 3) • Percentage of students who have been home-visited by the

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. **Scope:** LEA-wide	include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way communication between families and educators using language that is understandable and accessible to families, and providing families with information and resources to support student learning and development in the home. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased home visit rate, ADA rate, and graduation rate, and decreased chronic absenteeism rate, dropout	teachers per year (Source: Local Indicator Priority 3, SIS) • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS) • High School Dropout Rate (Source: CDE DataQuest, CALPADS) • Graduation Rate (Source: CALPADS, CA School Dashboard) • Student Suspension Rate (Source: CA School Dashboard, CALPADS) • Student Expulsion Rate (Source:

4.3	**Action:** MTSS - PBIS and SEL support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. These student groups also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English	Considering the needs of our vulnerable student groups in mind, Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental,	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. **Scope:** LEA-wide	restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students. With the needs of our vulnerable students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect that this action will help provide a foundation for safe and positive learning, and enhance students' mental health and abilities to succeed in school, careers, and life. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate and graduation rate, and decreased	• High School Dropout Rate (Source: CDE DataQuest, CALPADS) • Graduation Rate (Source: CALPADS, CA School Dashboard) • Student Suspension Rate (Source: CA School Dashboard, CALPADS) • Student Expulsion Rate (Source: CDE DataQuest, CALPADS) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of

		chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual educational partner surveys in Goal 4: Action 4.	discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students, families, and staff to the question, "Overall, I am satisfied and would recommend this school to other students/families/ educators." (Source: Local Indicator Priority 6, Panorama Education)
4.4	**Action:** Annual educational partner surveys **Need:** It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP,	Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school	Goal 4: • School experience survey "participation rates" by students, families, and staff

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Educational partner voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage educational partners in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage educational partners in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. **Scope:** LEA-wide	leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide valuable feedback for school improvement. We also expect that this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.	(Source: Local Indicator Priority 6, Panorama Education) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students,

4.5	**Action:** Community outreach and partnerships **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. They also have lower ADA	Considering the needs of our vulnerable student groups in mind, Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities will result in increased and improved resources for our unduplicated students and will be particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. With the needs of our unduplicated students and their families in mind, this action will be provided	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 3: • Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard) • Percentage of seniors who have

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Similar to the current academic year, MSA-3 will utilize the concentration grant add-on funds ($31,768) in the following manner:

MSA-3 is using the concentration grant add-on funds received in a manner which is consistent with California Education Code Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

By adding these faculty/staff members, we aim to strengthen our ability to address the diverse needs of our student population and provide targeted support where it is most needed. This strategic allocation of funds will help create a more conducive learning environment and contribute to our student's overall growth and achievement.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

Powered by BoardOnTrack

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

Powered by BoardOnTrack

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

Powered by BoardOnTrack

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Powered by BoardOnTrack

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

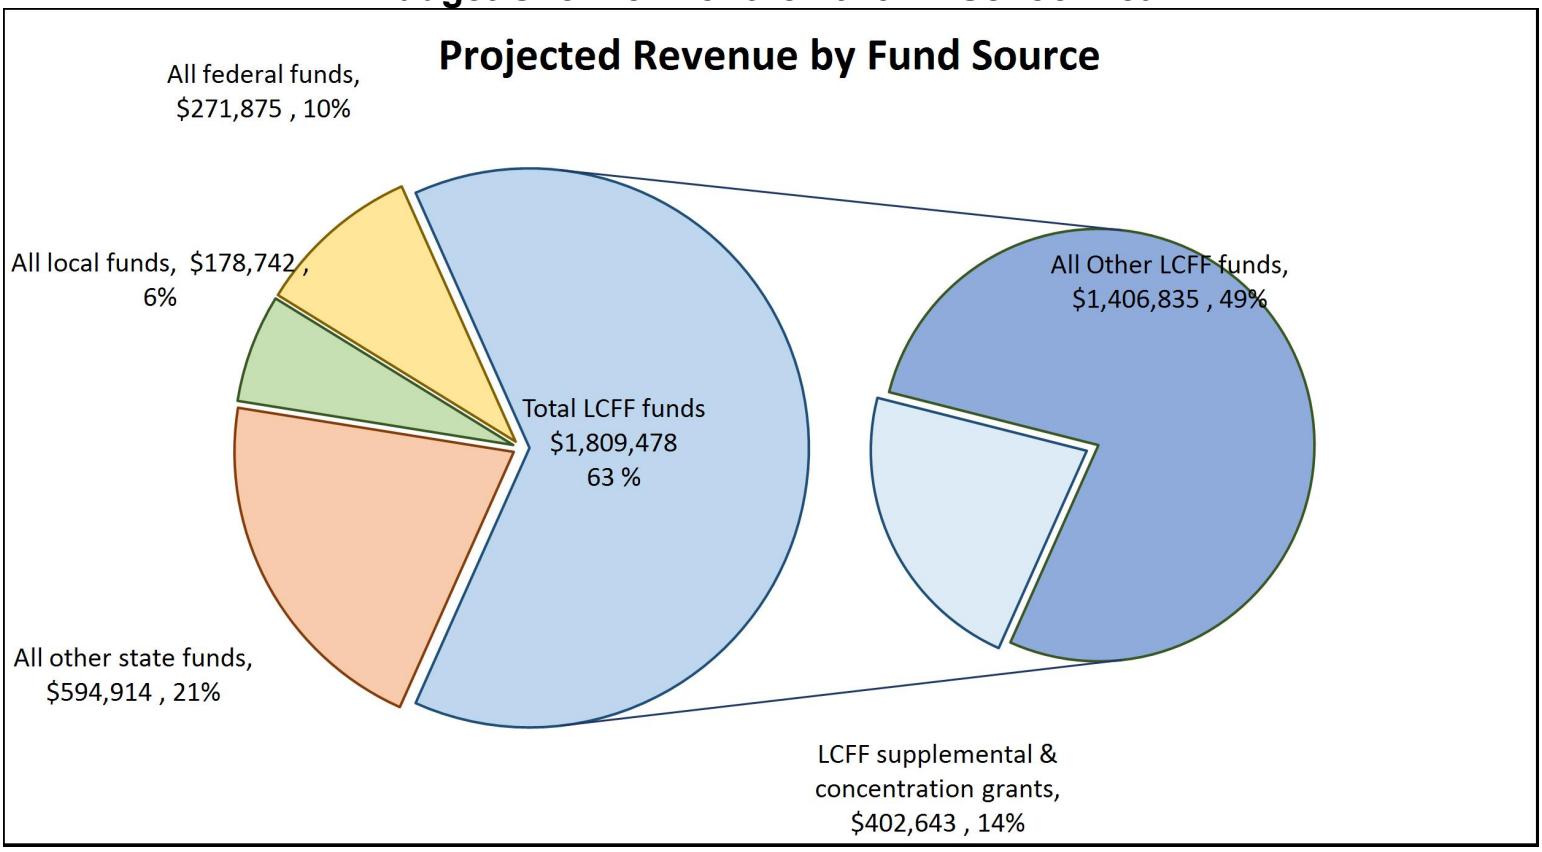
California Department of Education
November 2024

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy-4
CDS Code: 19-64733-0117622
School Year: 2026-27
LEA contact information:
Jacob Theis
Principal
jtheis@magnoliapublicschools.org
(310) 473-2464

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (Foster Youth, English learners, and low-income students).

Budget Overview for the 2026-27 School Year

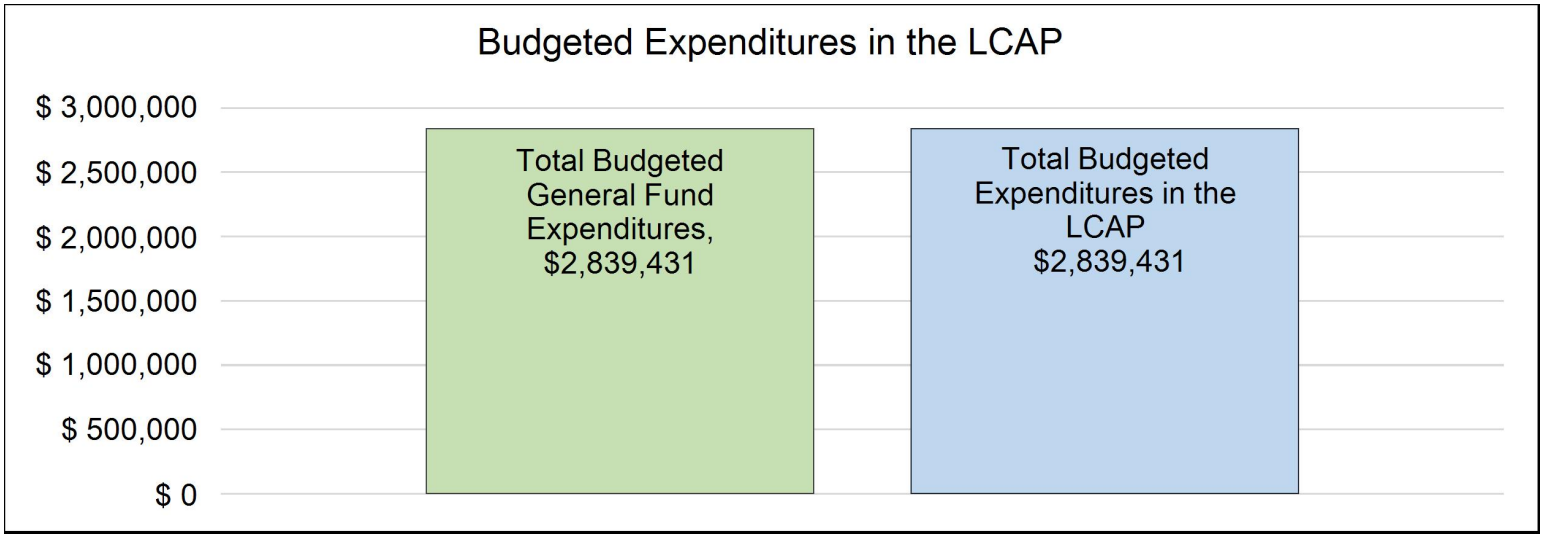


This chart shows the total general purpose revenue Magnolia Science Academy-4 expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy-4 is $2,855,009, of which $1,809,478 is Local Control Funding Formula (LCFF), $594,914 is other state funds, $178,742 is local funds, and $271,875 is federal funds. Of the $1,809,478 in LCFF Funds, $402,643 is generated based on the enrollment of high needs students (Foster Youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.



This chart provides a quick summary of how much Magnolia Science Academy-4 plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy-4 plans to spend $2,839,431 for the 2026-27 school year. Of that amount, $2,839,431 is tied to actions/services in the LCAP and $0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

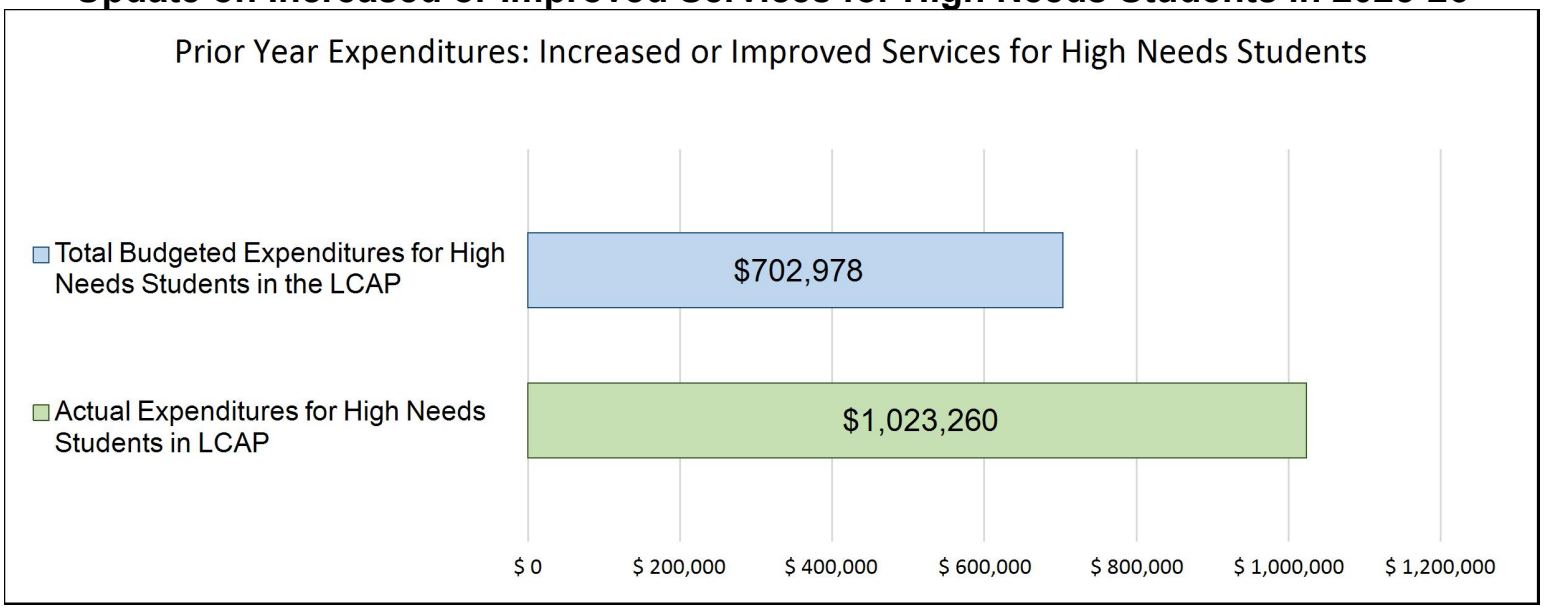
N/A

Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Magnolia Science Academy-4 is projecting it will receive $402,643 based on the enrollment of Foster Youth, English learner, and low-income students. Magnolia Science Academy-4 must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy-4 plans to spend $512,968 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2025-26



This chart compares what Magnolia Science Academy-4 budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy-4 estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, Magnolia Science Academy-4's LCAP budgeted $702,978 for planned actions to increase or improve services for high needs students. Magnolia Science Academy-4 actually spent $1,023,260 for actions to increase or improve services for high needs students in 2025-26.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy-4	Jacob Theis Principal	jtheis@magnoliapublicschools.org (310) 473-2464

Plan Summary [2026-27]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Magnolia Science Academy 4 (MSA-4) is a STEAM-focused state-authorized charter school in Los Angeles, CA, serving students in grades 6-12. MPS opened Magnolia Science Academy 4 (MSA-4) in the fall of 2008. MSA-4 operates as a site based school that is designed to meet the needs of the students within the boundaries of Los Angeles Unified School District (LAUSD), the school has achieved an increasing trend of academic success and demonstrated organizational and financial stability. The Board of MPS consistently strives to ensure that MSA-4 offers a successful educational model with fidelity.

Magnolia Public Schools (MPS) formerly known as the Magnolia Educational & Research Foundation, is a non-profit organization established in 1997. The founders, a group of active community members and educators in Southern California, aspired to improve educational opportunities in underserved communities. The vision of the Foundation was to inspire students to pursue career paths in science, mathematics, and technology.

In 1998, MPS began organizing volunteer tutors for middle and high schools in math, science, and technology through their partnerships with local universities in Southern California. In 1999, it organized and implemented a joint program with the Culver City Unified School District to provide tutoring for students throughout the city and later expanded the program to include the San Fernando Valley. These programs resulted in a collaborative effort with school districts to develop partnerships to support educational initiatives. In the fall of 2002, MPS established its first charter school, Magnolia Science Academy -1 Reseda (MSA 1) in the San Fernando Valley. Since then, MPS has established or acquired eleven successful charter schools throughout California that provide innovative and high-quality STEAM education, predominately serving low-income neighborhoods.

MSA-4 strives to provide its students with a rigorous, Common Core Standards-based educational program within a culture that embraces diversity and innovation. Classroom instruction at MSA-4 is supplemented by tutoring, peer mentoring, after-school programs, and school-to-university connections. MSA-4 has created a supportive and caring environment with small classes with strong student, parent, and teacher communication, improving students' knowledge and skills in core subjects. This approach aims at increasing students' objective and critical thinking skills and their chances of success in higher education settings and beyond. The school provides students with a comprehensive educational program that cultivates multiple opportunities for students to develop into successful contributing members of society, fulfilling the intent of the California Charter Schools Act.

Our Mission
Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to provide a high-quality, college-preparatory STEAM educational experience in an environment that cultivates respect for self and others.

Our Vision
Graduates of Magnolia Public Schools commit to building a more peaceful and inclusive global society by transforming traditional ideas with creative thinking, effective communication, and the rigor of science.

Our Goals
Our objective through 2027 is to increase students' opportunities and potential for success. It is directly tied to MSA-4's academic and professional development with teachers and strives to empower our students with choice and voice.

By 2027 Magnolia Science Academy-4's graduates will be productive, innovative, and responsible individuals who pursue their passions and educational opportunities and are poised to be change agents within their communities.

In order to promote learning and provide a more positive learning experience for our students, Magnolia Science Academy-4 has established a culture of gathering input from parents, students, teachers, staff, and community members through multiple channels, including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all educational partners are invited to be involved in the school review and improvement process, including the development of our annual LCAP. Informational and input sessions include Parent Task Force (PTF) meetings, Parent Advisory Committee (PAC) meetings, English Language Advisory Committee (ELAC), Coffee with the Principal meetings, Board of Directors meetings, Principal meetings, Admin Team meetings, Staff Meetings, Department Meetings, Grade Level Meetings, and Home Visits. In addition, the school conducts surveys for parents, students, and teachers. Therefore, the LCAP is received by our community as a comprehensive planning tool.

Magnolia Science Academy-4 went through a thorough analysis of the data at hand (SBAC scores, MAP Scores, and teacher feedback based on class data) in an effort to target the areas of need to support growth. The Admin team, staff, and Parent Advisory Committee (PAC) all participate in developing the school-wide areas of the target for this school year. The team devised three goals, and under each goal, all eight state priorities were identified. The three overarching goals are (1) All students will pursue academic excellence and be college/career ready, (2) All students will become independent, innovative scholars, and (3) All students, families, staff, and other educational partners will feel a sense of community and connectedness.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

During the 2025–2026 school year, Magnolia Science Academy 4 demonstrated significant progress in academic achievement, instructional systems, and school culture. The school's most notable accomplishment was being recognized as a 2026 California Distinguished School, a first in the school's history and a reflection of sustained academic growth and organizational improvement.

Academically, MSA 4 continued an upward trajectory in student achievement. CAASPP ELA proficiency increased from 47.45% in 2024 to 56.92% in 2025, representing a gain of nearly 10 percentage points. This growth reflects the effectiveness of the school's literacy initiatives, intervention systems, and instructional coaching efforts.

The school also strengthened instructional coherence through a comprehensive coaching model that included formal observations, goal-setting conferences, biweekly teacher support meetings, PLC collaboration, and curriculum alignment efforts. The implementation of intervention periods, study hour supports, and additional math coursework provided students with increased access to targeted academic assistance.

Student growth data remained a strength. During the previous reporting cycle, students exceeded expected growth rates on MAP assessments, with Reading CGI reaching 1.62 and Math CGI reaching 1.73. These outcomes suggest that instructional systems implemented during 2025–2026 continued to build upon a strong foundation of accelerated student growth.

School culture and climate also improved through the expansion of restorative practices, PBIS initiatives, advisory programming, community circles, and student recognition systems such as Eagle Olympics. These efforts increased student engagement, strengthened relationships, and reinforced schoolwide behavioral expectations.

Family engagement remained a priority through attendance campaigns, regular communication, parent outreach efforts, and community-building events. Despite enrollment challenges affecting many schools across California, MSA 4 maintained a small-school environment with strong family satisfaction and personalized support structures.
While MSA 4 experienced significant successes during 2025–2026, several challenges remained. Chronic absenteeism continued to be an area of concern, with attendance rates remaining below the school's 95% goal. This challenge disproportionately affected English Learners, Students with Disabilities, and other historically underserved student groups.

Mathematics achievement, although improving through intervention efforts and expanded course offerings, remained below desired performance levels. Historical CAASPP data indicate that math proficiency has not yet reached the levels achieved in English Language Arts, suggesting a continued need for intensive Tier I instruction, intervention supports, and data-driven instructional planning.

The school also faced the challenge of sustaining instructional consistency across classrooms. Internal monitoring data previously identified variability in assignment clarity and implementation fidelity, highlighting the need for ongoing coaching, walkthroughs, and accountability systems to ensure a consistently rigorous instructional experience for all students.

Additionally, MSA 4 continued to serve a student population with significant academic and social-emotional needs while operating within the constraints of a small-school model. Supporting English Learners, Students with Disabilities, attendance improvement efforts, and restorative discipline implementation required substantial staff capacity and resource allocation.

Overall, the 2025–2026 school year can be characterized as a year of strong academic progress, recognition, and systems development. The California Distinguished School designation, significant ELA gains, positive student growth outcomes, and strengthened culture initiatives demonstrate meaningful success, while attendance, mathematics achievement, and instructional consistency remain important priorities for future improvement.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

N/A

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents	At MSA-4, engaging parents in school decision-making, particularly the LCAP process, remains a top priority. To ensure diverse representation, our Parent Advisory Committee (PAC) includes parents of students with disabilities, English Learners, and socioeconomically disadvantaged students. Throughout the school year, MSA-4 held five PAC meetings where families engaged in data review, goal-setting conversations, and the evaluation of schoolwide programs. These meetings served as critical forums for parent voice and ensured that community needs directly shaped our goals and budgetary decisions. In addition to PAC, parents participated in our English Learner Advisory Committee (ELAC), where they contributed feedback specific to the needs of our English Learner population. ELAC input helped shape our designated ELD course offerings and informed family engagement strategies outlined in Goal 3 of our LCAP. To expand accessibility and build capacity, meetings and communications were offered in English and Spanish. Beyond advisory committees, MSA-4 strengthened its family engagement this year through targeted workshops and schoolwide events. Parents had the opportunity to join monthly workshops from the Los Angeles Department of Mental Health to bolster their understanding of trauma, stress, and other psychological stimuli to better understand the implications they may have on school life,

Educational Partner(s)	Process for Engagement
	parent life, and learning. Parents also had several opportunities to join workshops from Mentors for Change, a community organization that educated families on the college-going process for their high school students. MSA 4 held over 20 parent and community facing events, meetings, and workshops in an effort to create a consistency in opportunities for family to have voice and understanding on schoolwide operations that inform the LCAP.
Students	Student involvement was central to our LCAP development process this year. Students participated as representatives in PAC meetings, providing insight on school climate, academic supports, and the effectiveness of instructional practices from their perspective. This direct involvement ensured that student voices—particularly those of English Learners and students from underserved groups—were integrated into goal setting and progress monitoring. In addition to in-person engagement, MSA-4 gathered feedback from students through KELVIN, a platform used to conduct surveys addressing both academic experience and social-emotional learning (SEL) needs. These surveys were administered multiple times throughout the year, allowing the leadership team to identify areas where students felt disconnected, unsupported, or in need of additional resources. Results were reviewed in LCAP planning sessions and used to refine programs such as advisory curriculum, peer mentoring, and mental health services.
Teachers	Teachers were active contributors to the LCAP process through their involvement in weekly staff meetings, professional development sessions, and instructional leadership team gatherings. These settings provided space for reflection on student data, analysis of instructional practices, and collaborative planning to enhance academic outcomes. Teachers regularly reviewed Dashboard and MAP Growth data, disaggregated by subgroup, and offered recommendations on how to best support struggling learners. As mentioned with regard to the parents and students, Teacher input during PAC meetings was critical in shaping the decisions and actions that the school was working on throughout the year. Each PAC meeting was attended by at least 1 MSA 4 teacher, who would

Educational Partner(s)	Process for Engagement
	provide input on adopted partnerships, expenditures, plans, and data review. Teacher voice was especially important in shaping strategies around inclusive instruction, intervention systems, and English Learner supports. Many teachers also participated in ELAC meetings, sharing classroom-based insights that informed ELD implementation and the development of culturally responsive practices.
School administrators	The school's administrative team played a pivotal role in coordinating all educational partner engagement and guiding the LCAP development process. Administrators led PAC and ELAC meetings, facilitated teacher collaboration, and supported the design and execution of educational partner surveys and focus groups. LCAP planning was a standing item during weekly administrative meetings, allowing the leadership team to monitor implementation, assess progress toward metrics, and plan for continuous improvement.
Other school personnel	Classified staff and other school personnel were included in the engagement process through department meetings and collaborative planning sessions. These team members—ranging from office staff to instructional aides and support personnel—provided vital insight into operational and instructional systems. Their perspectives on safety, student supervision, midday routines, and intervention logistics informed improvements to our campus culture and Tier 2 academic supports.
SELPA	MSA-4 continued to engage in meaningful collaboration with the El Dorado Charter SELPA to ensure that the academic and social-emotional needs of students with disabilities were embedded in our LCAP. SELPA representatives worked closely with our Education Specialist and school leaders to review compliance data, program delivery, and instructional supports. Their input was shared during administrative meetings and staff development days, where they offered expertise on improving inclusive practices and differentiated instruction. This collaboration resulted in targeted LCAP actions related to professional development in Universal Design for Learning (UDL), paraprofessional staffing, and enhanced monitoring of IEP goals.

Educational Partner(s)	Process for Engagement
LACOE CA-ISP	MSA-4 has had an ongoing partnership with the Los Angeles County of Education's support team for the California Integrated Supports program. In the 25-26 school year, a series of 3 professional development days centered around MSA 4's positive behavior intervention supports (PBIS) in which the school site evaluated data as a team to determine the effectiveness of our PBIS systems and to create action steps that would improve it. Partnering with LACOE in the development of these systems has a direct influence on the development of the site's LCAP, which calls for action around safe, supported school environments.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The adopted LCAP was significantly influenced by feedback gathered from a broad range of educational partners, including parents, students, teachers, classified staff, administrators, and community organizations. Parent engagement was facilitated through five Parent Advisory Committee (PAC) meetings and ongoing participation in the English Learner Advisory Committee (ELAC), where families reviewed student achievement data, evaluated school programs, and provided input on priorities for improvement. Feedback from parents, including families of English Learners, students with disabilities, and socioeconomically disadvantaged students, directly informed LCAP goals and actions related to academic support, family engagement, and student wellness. Input from ELAC specifically helped shape designated English Language Development (ELD) offerings and family outreach strategies. Additionally, feedback gathered through more than 20 parent workshops, meetings, and community events reinforced the importance of strengthening communication, mental health awareness, and college readiness supports for students and families.

Student voice played a critical role in shaping the adopted LCAP. Students participated in PAC meetings and provided direct feedback regarding school climate, academic interventions, instructional practices, and social-emotional supports. The school also utilized the KELVIN survey platform multiple times throughout the year to gather student perspectives on their academic experiences and social-emotional well-being. Survey results highlighted areas where students desired stronger connections, additional academic assistance, and enhanced mental health resources. As a result, the school refined several actions within the LCAP, including improvements to advisory programming, peer mentoring opportunities, and mental health services. Student feedback also reinforced the need for continued investments in creating safe, supportive, and inclusive learning environments for all students.

Teacher, classified staff, administrator, and community partner feedback further influenced the development of the LCAP. Teachers contributed through staff meetings, instructional leadership discussions, PAC participation, and ELAC collaboration, providing recommendations regarding intervention systems, inclusive instructional practices, and English Learner supports. Classified staff offered valuable insight into campus operations, student supervision, safety procedures, and intervention logistics, helping shape actions related to school climate and Tier 2 supports. School leaders regularly reviewed implementation data and educational partner feedback to guide continuous improvement efforts. Collaboration with the El Dorado Charter SELPA informed actions related to Universal Design for Learning (UDL), paraprofessional staffing, and monitoring of IEP goals, while partnership with the Los Angeles County Office of Education through the

California Integrated Supports initiative helped refine Positive Behavioral Interventions and Supports (PBIS) systems. Collectively, this feedback ensured that the adopted LCAP reflects the priorities, needs, and experiences of the school community and supports improved outcomes for all student groups.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned and high-quality instructional materials, and appropriately maintained school facilities.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	The percentage of teaching assignments that have an assignment monitoring outcome of "clear" (Source: Local Indicator Priority 1, CDE DataQuest TAMO by FTE Report)	2021-22: 93.8%	2022-23: 79.6%	2023-24: 68.2%	2024-25: > 85%	-25.6 percentage points
1.2	Percentage of students without access to their	2023-24: 0%	2024-25 (As of 6/5/25):	2025-26 (As of 5/22/26):	2026-27: 0%	0 percentage points

1.5	Teacher attendance rate (Source: HRIS)	2023-24: (As of 5/15/24) 97.0%	2024-25: (As of 5/31/25) 95.1%	2025-26 (As of 5/15/26): 95.7%	2026-27: >= 95.0%	-1.3 percentage points

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

During the 2025–26 academic year, Magnolia Science Academy-4 (MSA-4) made progress toward the successful implementation of Goal 1, ensuring that all students and staff had access to the fundamental components of a high-quality learning and working environment. The school remains committed to providing fully credentialed teachers, standards-aligned instructional materials, and safe, well-maintained facilities in alignment with State Priority 1 (Basic Conditions of Learning), while also addressing related priorities around student achievement, engagement, and parental involvement.

Furthermore, MSA-4 continued to work closely with the Magnolia Public Schools (MPS) Home Office to ensure compliance and consistency in operational supports. The MPS Home Office provided ongoing assistance in areas such as human resources, IT, facilities, academics, and accountability, allowing school leaders to monitor key indicators and respond effectively to emerging needs. The collaboration supported the Charter School in maintaining compliance with relevant state regulations while pursuing excellence in day-to-day service delivery.

MSA 4 emphasized instructional coherence and accountability during the 25-26 school year by using the new MPS teacher rubric with fidelity. Improvements in teacher retention in subsequent years also suggest that the school is developing greater organizational stability, which may positively impact instructional consistency moving forward. The data indicates a continued need for strengthened instructional coaching, calibration of assignment expectations across classrooms, more frequent walkthroughs and feedback cycles, and ongoing professional development focused on standards-aligned instruction and effective assignment design. Staff attendance also rose which reflects teacher's growing ownership of their classroom communities.

Instructional materials access remained a key strength at MSA-4. As of May 2026, 0% of students were without their own copies of standards-aligned instructional materials for both classroom and home use. This result met our target and reflected strong inventory systems and timely ordering practices by the school's operations team, ensuring equitable access to resources across all grade levels.

In summary, the actions under Goal 1 were implemented as planned, with no substantive deviations, and they yielded positive outcomes across most metrics. These basic services continue to serve as the essential foundation for high academic performance, positive student engagement, and staff satisfaction. As we move into the next year, we will continue to strengthen staffing systems, invest in instructional quality, and ensure our facilities remain conducive to both teaching and learning.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1 Action 1
Budgeted: $12,500.00
Actual: $18,350.00
Explanation. The funds were used as planned to support school safety systems and facility compliance measures, including site inspections, emergency supplies, and wellness resources to ensure a high-quality learning environment.

Goal 1 Action 2
Budgeted: $94,757.13
Actual: $99,322.13
Explanation: The increase in actual expenditures is due to additional facility-related costs incurred under Prop 39. These expenses were not fully anticipated at the time of budgeting but were necessary to fulfill the requirements and final obligations tied to the Prop 39 funding during the 2025–26 school year.

Goal 1 Action 3
Budgeted: $388,280.00
Actual: $490,307.50
Explanation: This action, which supports the cost of providing fully credentialed teachers, experienced a material increase in expenditures due to hiring and salary adjustments required to attract and retain qualified staff. In a competitive labor market, MSA-4 needed to secure credentialed math teachers. Additionally, the school invested in supplemental coaching and onboarding support for new staff, which increased personnel-related costs beyond the initial projection.

Goal 1 Action 4
Budgeted: $3,800.00
Actual: $5,000.00
Explanation: This variance was due to increased investment in the ELD curiculum-two levels were purchased this year.

Goal 1 Action 5
Budgeted: $217,004.00
Actual: $232,084.10
Explanation: The variance in this action is due to changes in staff retention that occurred at the beginning of the year. While the budget had accounted for full staffing for classified support and wellness services, a few positions experienced brief vacancies before being filled (both math positions)

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Overall, the actions implemented under Goal 1 have been largely effective in supporting Magnolia Science Academy-4's commitment to providing a high-quality, safe, and well-resourced learning environment. The school made meaningful progress toward meeting key metrics, with improvements in teacher retention, sustained access to standards-aligned instructional materials, and consistently well-maintained facilities.

Action 1, which supports compliance and school safety systems, was fully implemented and achieved its intended impact. Regular inspections and the alignment of facilities procedures with compliance requirements helped ensure that the campus remained safe, clean, and conducive to learning. No instances were reported where the facilities fell below the "good repair" standard for the second consecutive year, indicating the continued success of this action.

Action 2 showed mixed but generally positive effectiveness. Although expenditures exceeded the original budget due to unanticipated Prop 39-related costs, the school was able to maintain high standards for campus operations and meet reporting obligations. The flexibility to address these facility needs helped prevent disruptions to learning and supported a healthy physical environment, which aligns directly with the goal's intent.

Action 3, which focused on staffing fully credentialed teachers, was highly impactful. The teacher retention rate decreased from 70% to 63%, as we onboarded 2 new positions that are in the process of clearing their credential. However, the overall percentage of teachers with a "clear" assignment outcome is continuing to progress as several returning teachers have been able to clear their credential while working at MSA 4 and at least two others are in process of doing the same.

Action 4, which provided for the acquisition of standards-aligned instructional materials, was fully implemented and effective. With 0% of students lacking access to instructional materials at school or at home, this action successfully ensured that all learners were equipped with the necessary tools for academic success.

Action 5, aimed at staffing support roles and improving wellness and operational systems, also yielded positive results, although slightly under budget. Even with brief staffing vacancies, the school maintained core services and redirected duties as needed to ensure student support was not interrupted. The action contributed to a strong teacher attendance rate of 95.7% and indicates that the staff support infrastructure remains stable and effective.

In conclusion, the specific actions under Goal 1 have been largely effective in advancing MSA-4's commitment to maintaining high-quality basic services. Improvements in staffing, consistent availability of learning materials, and facility upkeep have contributed to a solid foundation for student learning. Continued attention to credentialing, recruitment, and facility funding will be necessary to sustain and build upon these gains in future years.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

As part of its annual cycle of evaluation and continuous improvement, Magnolia Science Academy-4 reviewed the implementation and effectiveness of Goal 1 during the 2025–26 school year to assess progress and identify opportunities to strengthen the delivery of high-quality basic services. This review considered staffing, instructional materials, facilities, and operational systems during a year marked by significant organizational transition due to the planned closure of the school at the conclusion of the academic year.

The school successfully maintained full student access to standards-aligned instructional materials and continued to provide a safe and functional learning environment throughout the year. As a result, the core goal and associated metrics related to instructional materials and facilities remain unchanged. However, the school strengthened internal monitoring processes through more frequent site inspections, inventory reviews, and compliance checks to ensure that resources remained available and facility needs were addressed promptly during the closure transition process.

A key area of focus during the 2025–26 school year was staffing stability and instructional continuity. While teacher retention improved compared to previous years, the school continued to experience challenges related to teacher credentialing and assignment monitoring. To address these challenges, additional support was provided to teachers holding intern or preliminary credentials through coaching, mentoring, professional development opportunities, and ongoing monitoring of credential progress. These efforts helped maintain instructional quality while supporting teachers in meeting credentialing requirements.

Staff wellness and engagement remained a priority throughout the year. School leadership regularly sought staff feedback regarding professional learning, school operations, and workplace supports in an effort to maintain morale and promote a positive working environment during a period of significant change. These efforts contributed to maintaining stability and continuity for students and families during the school's final year.

Overall, the review of Goal 1 implementation during the 2025–26 school year indicates that MSA-4 successfully maintained access to qualified staff, instructional materials, and safe facilities despite the challenges associated with school closure. The refinements made during the year strengthened monitoring systems, supported staff effectiveness, and ensured that students continued to receive high-quality educational services through the conclusion of the school's operation.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: N/A	$17,350.00	No
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based	$92,722.13	No

Action #	Title	Description	Total Funds	Contributing
		resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and copier fees. The following expenditures will be funded by federal Title funds: N/A		
1.3	Clean and safe facilities that support learning	Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with educational partners and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.),	$458,807.50	No

Action #	Title	Description	Total Funds	Contributing
		insurance costs (workers compensation, CharterSAFE, etc.) , yearbook, and transportation expenses. The following expenditures will be funded by federal Title funds: N/A		
1.4	Healthy and nutritious meals	Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A	$5,000.00	Yes
1.5	Well-orchestrated Home Office support services	The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4.	$162,476.78	No

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.) The following expenditures will be funded by federal Title funds: N/A		

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Graduate Profile,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence.	Broad Goal

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

MSA-4 substantially implemented the actions outlined in Goal 2 to ensure all students had access to a high-quality instructional program and opportunities for academic growth. The school successfully maintained 100% access to all programs and services for students, consistent with prior years, ensuring that English Learners, students with disabilities, and other student groups received the supports and interventions described in the LCAP. Planned actions related to standards-aligned instruction, intervention programs, progress monitoring, English Language Development, and data analysis cycles were implemented throughout the year. However, one substantive difference between planned and actual implementation occurred with classroom observations. While administrators continued conducting formal and informal

observations and providing instructional feedback, observation completion declined from 97% in 2024-25 to 76% in 2025-26 due to competing administrative priorities and operational demands, resulting in the school falling short of its target for this metric.

Several metrics highlighted areas requiring continued improvement. The percentage of students earning a grade of "C" or better declined from 77% to 64%, indicating that classroom performance and course completion outcomes did not improve at the same rate as standardized assessment results. Additionally, while English Learner services were implemented as planned, the English Learner Progress Indicator declined from 63.6% to 50.0%, and the reclassification rate decreased from 22.7% to 4.3%. Growth indicators in both reading and mathematics remained exceptionally strong compared to national norms, but Conditional Growth Index scores declined slightly from the prior year, suggesting an opportunity to further strengthen instructional acceleration efforts. Overall, MSA-4 successfully implemented the majority of Goal 2 actions and experienced notable gains in academic achievement and student growth; however, challenges related to observation completion, course performance, and English Learner outcomes will inform future refinements and continuous improvement efforts during the 2026-27 school year.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 2 Action 1
Budgeted: $747,640.89
Actual: $839,378.07
Explanation: Budgeted amount was exceeded by ~10% as a result of increased expenditures for substitute personnel.

Goal 2 Action 2
Budgeted: $28,484.00
Actual: $12,631.00
Explanation: The funds were used for instructional software licenses and academic subscriptions that supported standards-based instruction were not as high an expense for site this year.

Goal 2 Action 3
Budgeted: $236,719.80
Actual: $265,540.60
Explanation: The difference in actual versus budgeted spending is minimal, which does not constitute a material variance under LCAP reporting thresholds. Slight underspending was due to efficiencies in instructional supply procurement and reductions in training travel expenses as more sessions were conducted virtually or locally. Since the difference does not exceed 10%, it is not considered material under state reporting criteria.

Goal 2 Action 4
Budgeted: $0.00
Actual: $0.00
Explanation: There were no planned or actual expenditures for this action and no variance occurred.

Goal 2 Action 5
Budgeted: $186,579.06
Actual: $236,231.90
Explanation: The actual expenditures were above the budget amounts due to higher costs for SPED related services and IEP case management.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

During the 2025–26 school year, the actions implemented under Goal 2 were generally effective in supporting student access to rigorous, standards-aligned instruction and maintaining academic progress despite the challenges associated with the school's final year of operation. The actions collectively contributed to sustaining high-quality learning opportunities for all students, including English Learners, socioeconomically disadvantaged students, and students with disabilities, while ensuring continuity of instruction during a period of organizational transition.

Action 1, which supported the core instructional program through staffing, teacher coaching, and classroom observations, played a critical role in maintaining instructional consistency and academic expectations. School leadership conducted regular classroom observations, instructional walkthroughs, and coaching cycles focused on effective instructional practices, differentiation, and student engagement. These efforts helped strengthen instructional quality across grade levels and supported teachers in meeting the diverse academic needs of students.

Action 2, which funded academic enrichment resources and instructional materials, continued to provide students with access to standards-aligned digital programs and supplemental learning tools. Resources such as IXL, benchmark IAB assessments, and literacy supports (Study Sync) were utilized to reinforce classroom instruction and provide targeted practice opportunities. These resources were particularly valuable in supporting intervention efforts and providing students with additional opportunities to engage with grade-level content.

Action 3, which focused on professional learning and instructional development, remained an important component of the school's academic program. Professional development activities emphasized data-driven instruction, differentiation, assessment practices, and strategies to support multilingual learners and students with disabilities. Ongoing coaching and collaborative planning opportunities allowed teachers to refine instructional practices and respond to emerging student needs throughout the year.

Action 4 was not funded during the 2025–26 school year and therefore was not implemented. Existing instructional programs and resources were sufficient to support the school's academic priorities, and the absence of this action did not adversely affect student access to instruction or academic supports.

Action 5, which provided intervention services and supplemental academic support opportunities, continued to serve students requiring additional assistance in meeting grade-level expectations. Study Hour, tutoring opportunities, targeted intervention classes, academic monitoring, and credit recovery supports were utilized to address learning gaps and support student success. While these interventions provided meaningful assistance for many students, achievement data indicate that additional supports will continue to be needed, particularly in mathematics and for historically underperforming student groups.

Overall, the actions associated with Goal 2 were effective in maintaining instructional continuity, supporting student learning, and promoting academic growth during a year of significant transition. Continued strengths included strong instructional monitoring systems, ongoing teacher development, access to standards-aligned instructional resources, and targeted interventions for struggling students. Future efforts should continue to focus on strengthening mathematics achievement, expanding differentiated supports for English Learners and students with disabilities, and utilizing student performance data to refine intervention practices and accelerate learning outcomes.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Following a thorough review of academic outcomes, subgroup performance data, implementation evidence, and stakeholder feedback from the 2025–26 school year, Magnolia Science Academy-4 identified several refinements to Goal 2 that will inform future implementation efforts. While the core goal remains unchanged—ensuring equitable access to rigorous, standards-aligned instruction for all students—the school's reflection process highlighted opportunities to strengthen instructional practices, intervention systems, and supports for student groups that continue to experience achievement gaps.

Analysis of student achievement data revealed continued areas of need in mathematics, particularly among English Learners, students with disabilities, and socioeconomically disadvantaged students. Although students benefited from intervention services and supplemental academic supports throughout the year, subgroup performance data indicate that additional targeted supports and differentiated instructional strategies will be necessary to accelerate learning and close persistent achievement gaps. As a result, the school plans to strengthen mathematics intervention structures through increased opportunities for small-group instruction, more intentional progress monitoring, and expanded use of scaffolding strategies within core content areas.

The school will continue utilizing its current academic metrics, including CAASPP performance, IAB data, MAP Growth data, and course completion rates ("Fail List"), as these measures provide a comprehensive picture of both achievement and student growth. However, greater emphasis will be placed on the regular analysis of subgroup growth data to ensure that intervention efforts are effectively supporting students furthest from meeting grade-level standards. Leadership teams and PLCs will continue to review student performance data throughout the year to inform instructional decisions and resource allocation.

Professional development will remain a key component of Goal 2 implementation. Based on feedback from classroom observations and teacher input, future professional learning opportunities will focus on differentiated instruction, academic discourse, vocabulary development, data-driven instruction, and effective strategies for supporting English Learners and students with disabilities. Increased collaboration through coaching cycles, lesson study, and professional learning communities will further support instructional consistency across classrooms.

The school also identified opportunities to strengthen family engagement in academic support programs. While parent communication remained a priority throughout the year, staff recognized the value of providing families with more frequent updates regarding student progress, intervention participation, and academic goals. Increased communication and collaboration with families will help reinforce academic expectations and support student success both at school and at home.

Powered by BoardOnTrack

Finally, reflections from the 2025–26 school year reinforced the importance of student ownership of learning. The school will continue to expand opportunities for students to engage in academic goal-setting, progress monitoring, and self-reflection activities that help students understand their performance data and take an active role in their academic growth.

These reflections and planned refinements are intended to strengthen the impact of existing instructional systems while ensuring that students who require additional support receive timely, targeted interventions. By using implementation data and student outcomes to guide decision-making, Magnolia Science Academy-4 remains committed to advancing academic achievement and promoting equitable outcomes for all students.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: N/A	$873,362.42	No
2.2	Professional development for high-quality instruction	Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS,	$11,131.00	Yes

Action #	Title	Description	Total Funds	Contributing
		NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees. The following expenditures will be funded by federal Title funds: -Prof Developmnt: Title II; Amount: $5,000.00 -Prof Dev-Other: Title II; Amount: $5,131.00		
2.3	MTSS - Academic enrichment, intervention, and student support	Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study	$266,887.48	Yes

Action #	Title	Description	Total Funds	Contributing
		Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Assistant Principal salary and benefits, instructional aide salaries and benefits, intervention teacher salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Illuminate DnA fees, and evidence-based supplemental intervention/enrichment program fees (Edgenuity, IXL, and myON.) The following expenditures will be funded by federal Title funds: -Educat Software: Title I; Amount: $18.644.00 -TeacherSalaries: Title I; Amount: $43,732.00 -Cert Adminis: Title I; Amount: $5,000.00 -STRS: Title I; Amount: $9,407.81 -OASDI/Medicare: Title I; Amount: $706.61 -Health & Welfare Benefits: Title I; Amount: $2,442.47 -Unemployment Insurance: Title I; Amount: $243.66		
2.4	Designated and integrated ELD programs and support for ELs	Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on	$0.00	Yes

Action #	Title	Description	Total Funds	Contributing
		ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator stipend. The following expenditures will be funded by federal Title funds: N/A		
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology.	$214,131.86	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.	Broad Goal

State Priorities addressed by this goal.

Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 13%	2024-25: (As of 6/5/25) 2.0%	2025-26 (As of 5/22/26): 15%	2026-27: >= 10%	+2 percentage points

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.2	Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 100%	2024-25: (As of 6/5/25) 100.0%	2025-26 (As of 5/22/26): 100%	2026-27: >= 90%	0 percentage points
3.3	Percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 90%	2024-25: (As of 6/5/25) 100.0%	2025-26 (As of 5/22/26): 100%	2026-27: >= 80%	+10 percentage points
3.4	Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard)	2022-23: (2023 Dashboard) 72.0%	2023-24 (2024 Dashboard): 68.8%	2024-25 (2025 Dashboard): 90.6% 2025-26 (As of 5/22/26): 96.2%	2025-26: (2026 Dashboard) >= 55.0%	+18.6 percentage points
3.5	Percentage of students who have demonstrated college preparedness pursuant to the Early Assessment Program (EAP), as measured by meeting or exceeding standard on the CAASPP-ELA/Literacy assessments in Grade 11 (Source: CDE DataQuest)	2022-23: 44.44%	2023-24: 48.39%	2024-25: 62.96% 2025-26 (As of 5/22/26): 65.63%	2025-26: >= 55.00%	+18.52 percentage points

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.6	Percentage of students who have demonstrated college preparedness pursuant to the Early Assessment Program (EAP), as measured by meeting or exceeding standard on the CAASPP-Mathematics assessments in Grade 11 (Source: CDE DataQuest)	2022-23: 11.11%	2023-24: 16.13%	2024-25: 18.52% 2025-26 (As of 5/22/26): 48.48%	2025-26: >= 35.00%	+7.41 percentage points
3.7	Percentage of all AP exam takers in the current year with a score of 3 or higher (Source: College Board)	2022-23: 58.3%	2023-24: 35.7%	2024-25: 57.1%	2025-26: >= 55.0%	-1.2 percentage points
3.8	Percentage of seniors who have passed an AP exam with a score of 3 or higher during their high school years (Source: College Board)	2022-23: 16.0%	2023-24: 12.5%	2024-25: 18.8%	2025-26: >= 55.0%	+2.8 percentage points
3.9	Percentage of seniors who have completed at least two semesters of college coursework with a grade of C minus or better in academic/CTE subjects where college credit is awarded (Source: CA School Dashboard, SIS)	2022-23: (2023 Dashboard) 36.0%	2023-24: (2024 Dashboard) 50.0%	2024-25 (2025 Dashboard): 86.2% 2025-26 (As of 5/22/26): 84.6%	2025-26: (2026 Dashboard) >= 35.0%	+50.2 percentage points
3.10	Percentage of cohort graduates who have successfully completed	2022-23 (2023 Dashboard): 96.0%	2023-24 (2024 Dashboard): 93.8%	2024-25 (2025 Dashboard): 100.0%	2025-26: (2026 Dashboard) >= 90.0%	+4.0 percentage points

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	courses that satisfy the requirements for entrance to the UC/CSU (Source: CA School Dashboard, CDE DataQuest, CALPADS)			2025-26 (As of 5/22/26): 96.2%		
3.11	Percentage of cohort graduates who have successfully completed courses that satisfy the requirements for CTE sequences or programs of study that align with state board-approved CTE standards and frameworks (Source: CA School Dashboard, CALPADS)	2022-23: (2023 Dashboard) 0.0%	2023-24 (2024 Dashboard): 0.0%	2024-25 (2025 Dashboard): 0.0% 2025-26 (As of 5/22/26): 0.0%	2025-26: (2026 Dashboard) >= 10.0%	0 percentage points
3.12	Percentage of cohort graduates who have successfully completed both types of courses: courses that satisfy the requirements for entrance to the UC/CSU and courses that satisfy the requirements for CTE sequences or programs of study that align with state board-approved CTE standards and frameworks (Source: CA School Dashboard, CALPADS)	2022-23: (2023 Dashboard) 0.0%	2023-24 (2024 Dashboard): 0.00%	2024-25 (2025 Dashboard): 0.0% 2025-26 (As of 5/22/26): 0.0%	2025-26: (2026 Dashboard) >= 10.0%	0 percentage points
3.13	Percentage of cohort graduates who have earned a Seal of	2022-23 (CDE DataQuest): 0.0%	2023-24 (CDE DataQuest): 13.3%	2024-25 (CDE DataQuest): 15.6%	2025-26: (CDE DataQuest) >= 20.0%	+15.6 percentage points

3.18	College-Going Rate (Source: CDE DataQuest)	Class of 2021: 52.2%	Class of 2022: 73.1%	Class of 2023: 70.8%	Class of 2024: >= 60%	+18.6 percentage points

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Based on the 2025–26 (Year 3) data, Goal 3 demonstrated strong implementation success in preparing students for college and career readiness while expanding access to advanced coursework and STEAM learning opportunities. Several indicators substantially exceeded their targets and showed notable improvement over prior years.

The strongest area of performance was the College and Career Indicator (CCI), which increased to 96.2% of students earning Prepared status, representing a significant improvement from 90.6% the previous year and far exceeding the goal of 55%. This indicates that nearly all graduates met one or more rigorous college and career readiness measures.

The school also demonstrated substantial growth in college preparedness as measured by the Early Assessment Program (EAP). Grade 11 students meeting or exceeding standards on CAASPP-ELA increased to 65.63%, while CAASPP-Mathematics college readiness increased dramatically to 48.48%, nearly tripling from 18.52% the previous year. These gains suggest that instructional supports and academic programming effectively prepared students for postsecondary expectations.

STEAM implementation remained a clear strength. One hundred percent of students participated in a STEAM-focused project, experiment, model, or demonstration, maintaining the strong performance established in the prior year. Additionally, 100% of graduating students completed a Computer Science, Technology, or blended learning experience, demonstrating sustained access to technology-rich learning opportunities.

College access outcomes remained exceptionally strong. Ninety-six percent of graduates were accepted to a two- or four-year college, while 64% were accepted to a four-year institution, both exceeding established targets. The percentage of graduates completing UC/CSU A-G requirements remained high at 96.2%, demonstrating continued success in maintaining rigorous graduation pathways.

Additional successes included growth in recognition programs. The percentage of graduates earning the Seal of Biliteracy increased to 19.2%, nearly meeting the 20% target, while the percentage earning a Golden State Seal Merit Diploma increased to 36.4%, exceeding the goal of 30%.

Several indicators suggest opportunities for continued growth. Participation in Advanced Math courses or clubs increased to 15%, exceeding the target, but overall participation remains relatively low, indicating that more students could benefit from access to advanced mathematics opportunities earlier in their academic career

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3 Action 1
Budgeted: $129,008.78

Actual: $148,795.08
Explanation: There was no material difference between budgeted and actual expenditures for this action. The minor variance was due to routine adjustments in technology procurement and service contract renewals. All planned innovation-related instructional supports and digital tools were implemented as intended.

Goal 3 Action 2
Budgeted: $0.00
Actual: $0.00
Explanation: No expenditures were planned or incurred for this action in 2024–25. As such, no variance or adjustment was necessary.

Goal 3 Action 3
Budgeted: $0.00
Actual: $0.00
Explanation: This action was not activated during the reporting year, and no funds were allocated or expended. No change or variance occurred.

Goal 3 Action 4
Budgeted: $18,980.00
Actual: $30,085.00
Explanation: During the 2025–26 school year, over 30% of students at MSA-4 were identified with IEPs or 504 Plans. To meet service requirements, an additional case manager and substitutes were hired. These costs were not initially budgeted, resulting in a variance. The staffing adjustments ensured all students had equitable access to the school's innovation-focused academic programs.

Goal 3 Action 5
Budgeted: $293,943.04
Actual: $216,274.28
Explanation: The variance between budgeted and actual expenditures is due to lower-than-anticipated costs associated with programs and services under this action. While all planned supports were implemented, actual spending was less than projected, due to adjusted service levels, participation rates, or staffing configurations during the year.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions implemented under Goal 3 during the 2025–26 school year were largely effective in increasing college and career readiness, expanding access to rigorous coursework, and providing students with meaningful STEAM learning experiences. The evidence suggests that the academic supports, and enrichment opportunities contributed positively to student outcomes across multiple indicators.

Actions focused on college readiness and academic rigor were particularly effective. The percentage of students earning a "Prepared" status on the College and Career Indicator (CCI) increased to 96.2%, substantially exceeding the established target and demonstrating that students were successfully completing rigorous academic pathways. Similarly, college preparedness as measured by the Early Assessment Program (EAP) improved in both English Language Arts and Mathematics, with Grade 11 proficiency increasing to 65.63% in ELA and

48.48% in Mathematics. These outcomes indicate that instructional supports, advanced coursework opportunities, and college readiness initiatives successfully prepared students for postsecondary expectations.

STEAM-related actions were also highly effective. One hundred percent of students participated in a STEAM-focused project, experiment, model, or demonstration, and all graduating students completed a technology or blended-learning experience as part of their educational program. These results demonstrate successful implementation of opportunities that promote problem solving, critical thinking, and application of real-world skills.

Actions supporting college access and postsecondary planning produced strong outcomes as well. Ninety-six percent of graduates were accepted to a two- or four-year college, while 64% were accepted to a four-year institution. In addition, 96.2% of graduates completed UC/CSU A-G requirements, reflecting the effectiveness of academic counseling, course planning, and student support systems.

While the overall effectiveness of Goal 3 actions was strong, several areas indicate opportunities for improvement. Participation in Advanced Mathematics coursework increased to 15%, exceeding the target; however, the overall percentage of students participating in advanced mathematics opportunities remains relatively low. Additionally, the percentage of students completing Career Technical Education (CTE) pathways remained at 0%, indicating that actions designed to expand career pathway opportunities were not effective in producing measurable outcomes. The percentage of students completing both A-G and CTE pathways also remained at 0%, highlighting a continued need to strengthen career readiness programming.

Overall, the actions associated with Goal 3 have been effective in advancing college readiness, increasing access to rigorous coursework, and promoting STEAM learning opportunities. The strongest outcomes were observed in college preparedness, college acceptance, and College and Career Indicator performance. Future efforts should focus on expanding CTE opportunities and increasing participation in advanced academic pathways to ensure students are prepared for both college and career options after graduation.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on a review of outcomes and implementation data from the 2025–26 school year, several refinements will be incorporated into Goal 3 to strengthen college and career readiness opportunities for all students. While the overall goal remains unchanged, the school has identified specific areas where additional focus and resources are needed to build upon current successes and address areas of limited growth.

One area of emphasis will be expanding access to advanced academic opportunities. Although participation in Advanced Mathematics courses and clubs increased to 15%, the school recognizes the need to increase participation among a broader group of students. Efforts will focus on identifying students earlier, providing academic supports to ensure readiness for advanced coursework, and increasing awareness of available opportunities.

The school will also prioritize the expansion of Career Technical Education (CTE) opportunities. While college readiness indicators, A-G completion rates, and college acceptance rates remained strong, no students completed an approved CTE pathway during the 2025–26 school year. As a result, the school will explore opportunities to strengthen career pathway programming, increase student awareness of

available options, and provide greater access to career-connected learning experiences that complement existing college-preparatory programs.

Finally, the school will maintain its commitment to providing inclusive access to STEAM, technology, and college-preparatory experiences for all students, including English Learners, students with disabilities, and other student groups requiring additional support. Through continued collaboration among general education teachers, specialized staff, counselors, and intervention personnel, the school will work to ensure that all students can fully participate in innovative learning experiences and rigorous academic pathways.

These refinements are informed by student outcome data and stakeholder feedback and are intended to strengthen the implementation of Goal 3 while preserving its core purpose: preparing all students for success in college, career, and civic life through rigorous, innovative, and equitable educational opportunities.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Expenditures associated with this action include the following: college counselor salary and benefits, AP teacher stipends, Naviance program fees, AP exam fees, AP course materials, and other college-related materials and activities.	$163,160.84	Yes

Action #	Title	Description	Total Funds	Contributing
		The following expenditures will be funded by federal Title funds: -Certified Pupil Support Salaries: Title IV, Part A ESEA (ESSA); Amount: $11,088.00 -PERS: Title IV, Part A ESEA (ESSA); Amount: $2,972.69		
3.2	STEM and GATE programs	Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. Expenditures associated with this action include the following: supplemental STEM program fees. The following expenditures will be funded by federal Title funds: N/A	$0.00	Yes
3.3	Digital literacy and citizenship programs	Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their	$0.00	Yes

Action #	Title	Description	Total Funds	Contributing
		literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity. Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. The following expenditures will be funded by federal Title funds: N/A		
3.4	Physical education, activity, and fitness	Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness.	$17,105.00	Yes

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal Title funds: N/A		
3.5	Additional programs and activities that support well-rounded education	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: N/A	$246,509.62	Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
4	CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

School communities are integrated partnerships with the school site staff, families, students and all other educational partners. This sense of connection creates a safe place for all learners and educational partners to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and educational partner surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

Measuring and Reporting Results

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The strongest area of performance during Year 3 was student completion and graduation outcomes. The school achieved a 100% graduation rate, exceeding the target of 95% and representing the highest performance level in the reporting period. Additionally, the expulsion rate remained at 0%, demonstrating the school's continued commitment to maintaining safe learning environments while utilizing alternatives to exclusionary discipline practices.

Attendance outcomes also showed positive progress. Average Daily Attendance (ADA) increased to 92.19%, surpassing the school's target of 92% and continuing an upward trend from previous years. Parent engagement activities remained a significant strength, with the school hosting 33 parent engagement events, the highest number in the three-year period and well above the established target. The school also

maintained required parent advisory structures by conducting five PAC meetings and four ELAC meetings, ensuring opportunities for stakeholder participation in school decision-making.

Student retention remained stable at 88%, exceeding the target of 85%, while student survey participation remained strong at 100%, indicating continued student engagement in providing school climate feedback.

Several indicators suggest areas requiring targeted attention. The most significant concern is the increase in student disengagement measures. The high school dropout was 3.8%, substantially above the target of 2%, indicating a need for stronger student retention and intervention systems. Although graduation outcomes remained strong for students who persisted to completion, these dropout data suggest that some students may require earlier identification and support.

Attendance remains another area for continued improvement. While ADA improved, the chronic absenteeism rate increased to 34.6%, reversing gains made in the previous year and remaining significantly above the target of 20%. This indicates that a subset of students continues to miss substantial amounts of instructional time despite overall attendance gains.

School climate indicators also warrant attention. The student suspension rate increased to 4.2%, exceeding the target of 2.5% and representing a notable increase from the prior year. Additionally, stakeholder perception data declined across several measures. Overall satisfaction rates fell to 66% for students, 76% for families, and 69% for staff, while approval ratings related to school climate, safety, belonging, and support also declined for all stakeholder groups. Family and staff survey participation rates decreased as well, suggesting an opportunity to strengthen stakeholder engagement and communication efforts.

Home visitation efforts remained limited, with only 9.4% of students receiving a home visit, falling below the target of 15%. Given the increases in absenteeism, dropout rates, and declining satisfaction measures, expanding personalized outreach strategies may help strengthen school-family partnerships and improve student engagement.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 4 Action 1
Budgeted: $275.00
Actual: $0.00
Explanation: Anticipated expenditures did not take place.The full scope of activities was implemented as planned.

Goal 4 Action 2
Budgeted: $130,556.27
Actual: $85,227.96
Explanation: Actual expenditures were slightly lower than budgeted due to minor cost savings in materials, services, or scheduling efficiency. The full scope of activities was implemented as planned.

Goal 4 Action 3

Budgeted: $153,332.71
Actual: $150,004.14
Explanation: Actual expenditures were slightly lower than budgeted due to minor cost savings in materials, services, or scheduling efficiency. The full scope of activities was implemented as planned.

Goal 4 Action 4
Budgeted: $500.00
Actual: $500.00
Explanation: Spending met the original allocation with no variance.

Goal 4 Action 5
Budgeted: $113,237.32
Actual: $109,202.45
Explanation: Actual expenditures were slightly lower than budgeted due to minor cost savings in materials, services, or scheduling efficiency. The full scope of activities was implemented as planned.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions implemented under Goal 4 during the 2025–26 school year demonstrated mixed effectiveness in promoting student engagement, family involvement, school connectedness, and positive school culture. While several actions resulted in strong outcomes related to parent engagement, graduation, attendance, and student retention, other indicators suggest that additional efforts are needed to improve school climate, reduce absenteeism, and strengthen stakeholder satisfaction.

Actions designed to increase family engagement were generally effective. The school hosted 33 parent engagement activities during the year, exceeding both prior-year performance and the established target. Parent advisory structures remained active, with five Parent Advisory Committee (PAC) meetings and four English Learner Advisory Committee (ELAC) meetings conducted throughout the year. These efforts provided families with opportunities to participate in school decision-making and remain informed about school programs and student supports.

Attendance-focused actions demonstrated partial effectiveness. Average Daily Attendance (ADA) increased to 92.19%, surpassing the school's target and continuing a positive trend from previous years. However, chronic absenteeism remained a significant challenge, increasing to 34.6% and remaining substantially above the target of 20%. While attendance initiatives successfully improved overall attendance rates, additional interventions are needed to address the needs of students experiencing persistent absenteeism.

Actions intended to support student success and school completion were effective for students who remained enrolled. The school achieved a 100% graduation rate, exceeding the established goal and reflecting successful academic counseling, credit monitoring, and graduation support systems. Student retention also remained strong at 88%, exceeding the target of 85%. However, an increase in high school dropout rates indicates that additional strategies are needed to identify and support students at risk of disengagement before they leave school.

School climate and behavior support actions demonstrated mixed results. The school maintained a 0% expulsion rate, reflecting successful use of restorative practices and alternative disciplinary approaches. However, the suspension rate increased to 4.2%, exceeding the target and indicating a need for additional proactive behavior supports and interventions. Survey results also suggest that stakeholder perceptions of school climate declined during the year. Student, family, and staff satisfaction rates all decreased compared to prior years, and approval ratings related to safety, belonging, academic support, and school culture showed similar declines.

Home visitation and personalized outreach efforts showed limited effectiveness. Only 9.4% of students received a home visit during the year, falling below the established target. Expanding individualized outreach strategies may help strengthen family partnerships, improve attendance, and increase student engagement.

Overall, the actions associated with Goal 4 were effective in promoting family involvement, supporting graduation outcomes, maintaining student retention, and increasing overall attendance. However, the increases in chronic absenteeism, dropout rates, suspension rates, and declines in stakeholder satisfaction indicate that additional attention is needed to strengthen school connectedness, improve school climate, and ensure students remain engaged and supported throughout their educational experience.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on a review of implementation outcomes and stakeholder feedback from the 2025–26 school year, several refinements will be made to Goal 4 to strengthen student engagement, improve school climate, and increase family participation. While the overall goal remains unchanged, the school has identified specific areas requiring additional focus to address persistent challenges related to absenteeism, student connectedness, and stakeholder satisfaction.

One significant area of focus will be attendance improvement. Although Average Daily Attendance exceeded the school's target, chronic absenteeism remained elevated. As a result, the school will strengthen attendance monitoring systems, increase individualized outreach to families of chronically absent students, and expand interventions designed to improve student attendance and engagement. Greater emphasis will be placed on early identification of attendance concerns and timely implementation of support strategies.

The school will also refine efforts to improve student retention and reduce dropout rates. Given the increase in both middle school and high school dropout rates during the 2025–26 school year, school staff will implement more proactive monitoring of at-risk students, strengthen academic and social-emotional supports, and increase communication with families when early warning indicators are identified. These efforts are intended to improve student persistence and ensure students remain connected to school.

Additionally, stakeholder survey results indicate a need to strengthen school climate and community engagement efforts. Future actions will focus on increasing opportunities for meaningful student voice, enhancing communication with families and staff, and expanding activities that promote school connectedness and belonging. The school will also continue to evaluate feedback from students, families, and staff to inform decision-making and improve the overall educational experience.

Family engagement remains a priority, and the school will continue to provide Parent Advisory Committee (PAC), English Learner Advisory Committee (ELAC), and parent education opportunities while expanding outreach efforts to increase participation among families who may

be less connected to the school community. Increased emphasis will also be placed on personalized outreach strategies, including conferences, home visits, and targeted family engagement activities.

Finally, the school will continue implementing restorative practices and positive behavior supports to strengthen school culture and reduce disciplinary incidents. Additional professional development and student support systems will be utilized to address behavioral concerns proactively and promote positive relationships among students, staff, and families.

These refinements are informed by implementation data, student outcomes, and stakeholder feedback and are intended to strengthen the effectiveness of Goal 4 while maintaining the school's commitment to fostering a safe, supportive, and engaging learning environment for all students.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision-making	Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In		Yes

Action #	Title	Description	Total Funds	Contributing
		addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees. The following expenditures will be funded by federal Title funds: N/A		
4.2	Building relationships and partnerships with families for student outcomes	Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable.	$143,191.05	Yes

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title funds: -TeacherSalaries: Title I; Amount: $3,500 -STRS: Title I; Amount: $668.50 -OASDI/Medicare: Title I; Amount: $50.75 -Unemployment Insurance: Title I; Amount: $17.50		
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and	$82,765.27	Yes

Action #	Title	Description	Total Funds	Contributing
		support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform expenses, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. The following expenditures will be funded by federal Title funds: -Educational Software: Title I; Amount: $1,145.00		
4.4	Annual educational partner surveys	Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Panorama Education survey fees. The following expenditures will be funded by federal Title funds: N/A		Yes
4.5	Community outreach and partnerships	Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school.	$84,830.14	Yes

Action #	Title	Description	Total Funds	Contributing
		School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. Expenditures associated with this action include the following: Community Schools Coordinator salary and benefits, membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses. The following expenditures will be funded by federal Title funds: N/A

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.4	**Action:** Healthy and nutritious meals **Need:** Low-income students do not have sufficient or consistent access to nutritious meals and they develop poor eating habits. As a result, they experience poor health and academic outcomes, including, but not limited to, obesity, chronic absenteeism and lower grades. There	MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	is a need to provide all our students with healthy and nutritious meals. **Scope:** LEA-wide	consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. We will provide two school meals free of charge during each schoolday to any student who requests a meal without consideration of the student's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary	• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	
2.2	**Action:** Professional development for high-quality instruction **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners. **Scope:** LEA-wide	With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost/SchoolMint Grow software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded

			• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)
2.3	**Action:** MTSS - Academic enrichment, intervention, and student support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion. Students struggle with access to materials,	Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2,

2.4	**Action:** Designated and integrated ELD programs and support for ELs **Need:**	Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers	Goal 2: For all students, but particularly for the EL and LTEL student groups: • Percentage of students who

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	The majority of Charter School's student population consists of English Learners (EL), including long-term ELs (LTELs), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction. **Scope:** LEA-wide	with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated ELD instruction, will be provided for all students.	have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring (Source: NWEA MAP)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		RFEP students, students with disabilities, and all other student groups will benefit from this schoolwide action. We expect that this action will result in increased academic achievement of our student groups, particularly of our ELs and LTELs, on the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and EL reclassification rates as identified in our LCAP metrics in Goal 2.	• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP) • Percentage of students who have met or exceeded standard on the CAASPP-Mathematics assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-Mathematics assessments (Source: CA School Dashboard) • Percentage of students who

3.1	**Action:** College/Career readiness programs and activities **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. A college-going, supportive culture at the school is necessary for our students' college/career readiness. **Scope:** LEA-wide	With the needs of our unduplicated students in mind, Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Unduplicated students will receive improved services through our Naviance program and increased support with AP exam fees, AP	Goal 3: • Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard) • Percentage of all AP exam takers in the current year with a score of 3 or higher (Source: College Board) • Percentage of seniors who have passed an AP exam with a score of 3 or higher during their high school

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		course materials, and other college-related materials and activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increases in CCI prepared rate, AP passing rate, A-G rate, diploma seals, college acceptance, and college-going rates as identified in our LCAP metrics in Goal 3.	years (Source: College Board) • Percentage of seniors who have completed at least two semesters of college coursework with a grade of C minus or better in academic/CTE subjects where college credit is awarded (Source: CA School Dashboard, SIS) • Percentage of cohort graduates who have successfully completed courses that satisfy the requirements for entrance to the UC/CSU (Source: CA School Dashboard, CDE DataQuest, CALPADS) • Percentage of cohort graduates who have successfully completed

			• College-Going Rate (Source: CDE DataQuest)
3.2	**Action:** STEM and GATE programs **Need:** Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of everchanging technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEM curricula. **Scope:** LEA-wide	Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning.	Goal 3: • Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS) • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS) • Percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.	the current year (Source: Local Indicator Priority 7, SIS)
3.3	**Action:** Digital literacy and citizenship programs **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way. **Scope:**	With the needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications; digital footprint, privacy,	Goal 3: • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	LEA-wide	and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.	
3.4	**Action:** Physical education, activity, and fitness **Need:** Low-income students do not have sufficient or consistent access to physical activities/sports and fitness education. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. **Scope:** LEA-wide	MPS is committed to the optimal development of every student. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We expect that this action will result in increased attendance and grades as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)
3.5	**Action:** Additional programs and activities that support well-rounded education **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem solving, communication, and management of time and resources that contribute to lifelong learning and career skills. Our low-income students come from underserved communities	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math,	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 3: • Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	that do not have adequate resources and access to experiential learning opportunities. **Scope:** LEA-wide	academic competitions, journalism, college mentorship, and other areas. These well-rounded programs and activities will result in increased and improved services for our unduplicated students. With the needs of our unduplicated students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help our scholars become independent and innovative scholars. We also expect that this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2, increases in CCI prepared rate, AP passing rate, A-G rate, diploma seals, college acceptance, and college-going rates as identified in our LCAP metrics in Goal 3, as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	• Percentage of all AP exam takers in the current year with a score of 3 or higher (Source: College Board) • Percentage of seniors who have passed an AP exam with a score of 3 or higher during their high school years (Source: College Board) • Percentage of seniors who have completed at least two semesters of college coursework with a grade of C minus or better in academic/CTE subjects where college credit is awarded (Source: CA School Dashboard, SIS) • Percentage of cohort graduates who have successfully completed

			knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students and families to the question, "Overall, I am satisfied and would recommend this school to other students/families. " (Source: Local Indicator Priority 6, Panorama Education)
4.1	**Action:** Seeking family input for decision-making **Need:** It is important that parents are engaged in the development of all school plans, including, but	Considering the needs of our unduplicated students and their families, Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory	Goal 4: • Number of Parent Advisory Committee (PAC) meetings per year (Source:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making. **Scope:** LEA-wide	Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision	Local Indicator Priority 3) • Number of English Learner Advisory Committee (ELAC) meetings per year (Source: Local Indicator Priority 3) • School experience survey "average approval rates" based on the responses of our families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates"

		making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing Community School strategies to reach and seek input from any underrepresented groups in the school community. We also expect that this action will result in increased parent satisfaction as measured by the annual educational partner surveys in Goal 4: Action 4.	based on the responses of our families to the question, "Overall, I am satisfied and would recommend this school to other families." (Source: Local Indicator Priority 6, Panorama Education)
4.2	**Action:** Building relationships and partnerships with families for student outcomes **Need:** Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The	In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4: • Number of activities/events for parent involvement per year (Source: Local Indicator Priority 3) • Percentage of students who have been home-visited by the

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. **Scope:** LEA-wide	include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way communication between families and educators using language that is understandable and accessible to families, and providing families with information and resources to support student learning and development in the home. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased home visit rate, ADA rate, and graduation rate, and decreased chronic absenteeism rate, dropout	teachers per year (Source: Local Indicator Priority 3, SIS) • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS) • High School Dropout Rate (Source: CDE DataQuest, CALPADS) • Graduation Rate (Source: CALPADS, CA School Dashboard) • Student Suspension Rate (Source: CA School Dashboard, CALPADS) • Student Expulsion Rate (Source:

4.3	**Action:** MTSS - PBIS and SEL support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. These student groups also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English	Considering the needs of our vulnerable student groups in mind, Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental,	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS)

	learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. **Scope:** LEA-wide	restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students. With the needs of our vulnerable students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect that this action will help provide a foundation for safe and positive learning, and enhance students' mental health and abilities to succeed in school, careers, and life. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate and graduation rate, and decreased	• High School Dropout Rate (Source: CDE DataQuest, CALPADS) • Graduation Rate (Source: CALPADS, CA School Dashboard) • Student Suspension Rate (Source: CA School Dashboard, CALPADS) • Student Expulsion Rate (Source: CDE DataQuest, CALPADS) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of

		chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual educational partner surveys in Goal 4: Action 4.	discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students, families, and staff to the question, "Overall, I am satisfied and would recommend this school to other students/families/ educators." (Source: Local Indicator Priority 6, Panorama Education)
4.4	**Action:** Annual educational partner surveys **Need:** It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP,	Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school	Goal 4: • School experience survey "participation rates" by students, families, and staff

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Educational partner voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage educational partners in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage educational partners in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. **Scope:** LEA-wide	leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide valuable feedback for school improvement. We also expect that this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.	(Source: Local Indicator Priority 6, Panorama Education) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students,

			families, and staff to the question, "Overall, I am satisfied and would recommend this school to other students/parents/ educators." (Source: Local Indicator Priority 6, Panorama Education)
4.5	**Action:** Community outreach and partnerships **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. They also have lower ADA	Considering the needs of our vulnerable student groups in mind, Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities will result in increased and improved resources for our unduplicated students and will be particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. With the needs of our unduplicated students and their families in mind, this action will be provided	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 3: • Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard) • Percentage of seniors who have

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Similar to the current academic year, MSA-4 will utilize the concentration grant add-on funds ($28,435) in the following manner:

MSA-4 is using the concentration grant add-on funds received in a manner which is consistent with California Education Code Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

By adding these faculty/staff members, we aim to strengthen our ability to address the diverse needs of our student population and provide targeted support where it is most needed. This strategic allocation of funds will help create a more conducive learning environment and contribute to our student's overall growth and achievement.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

Powered by BoardOnTrack

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

Powered by BoardOnTrack

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26**. Leave blank until then.	Enter information in this box when completing the LCAP for **2026–27**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26** and **2026–27**. Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

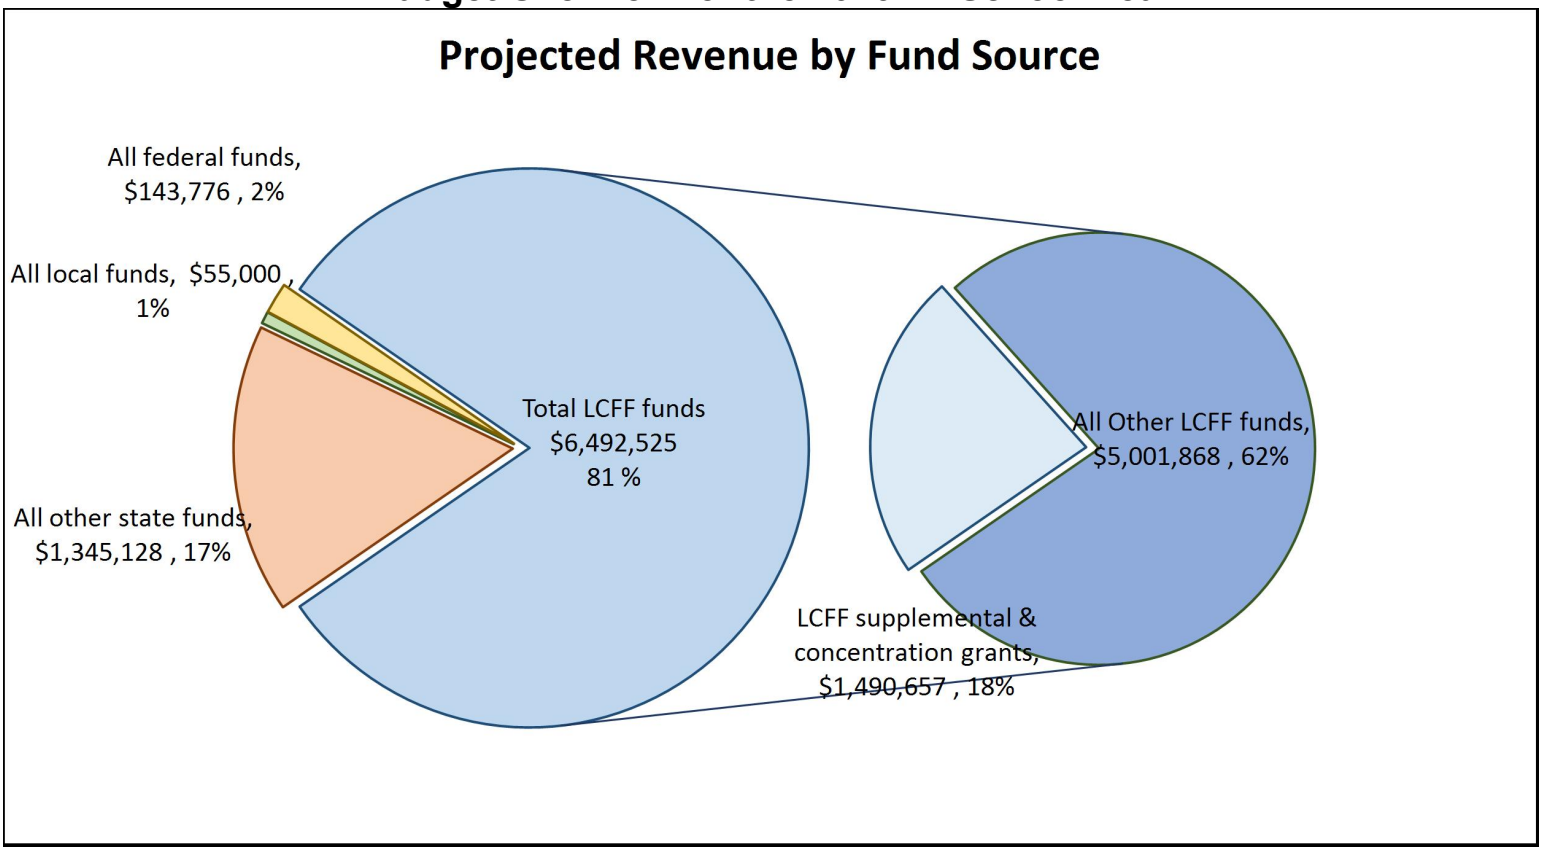
California Department of Education
November 2024

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy 5
CDS Code: 19-10199-0137679
School Year: 2026-27
LEA contact information:
Ali Kaplan
Principal
akaplan@magnoliapublicschools.org
(818) 705-5676

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (Foster Youth, English learners, and low-income students).

Budget Overview for the 2026-27 School Year

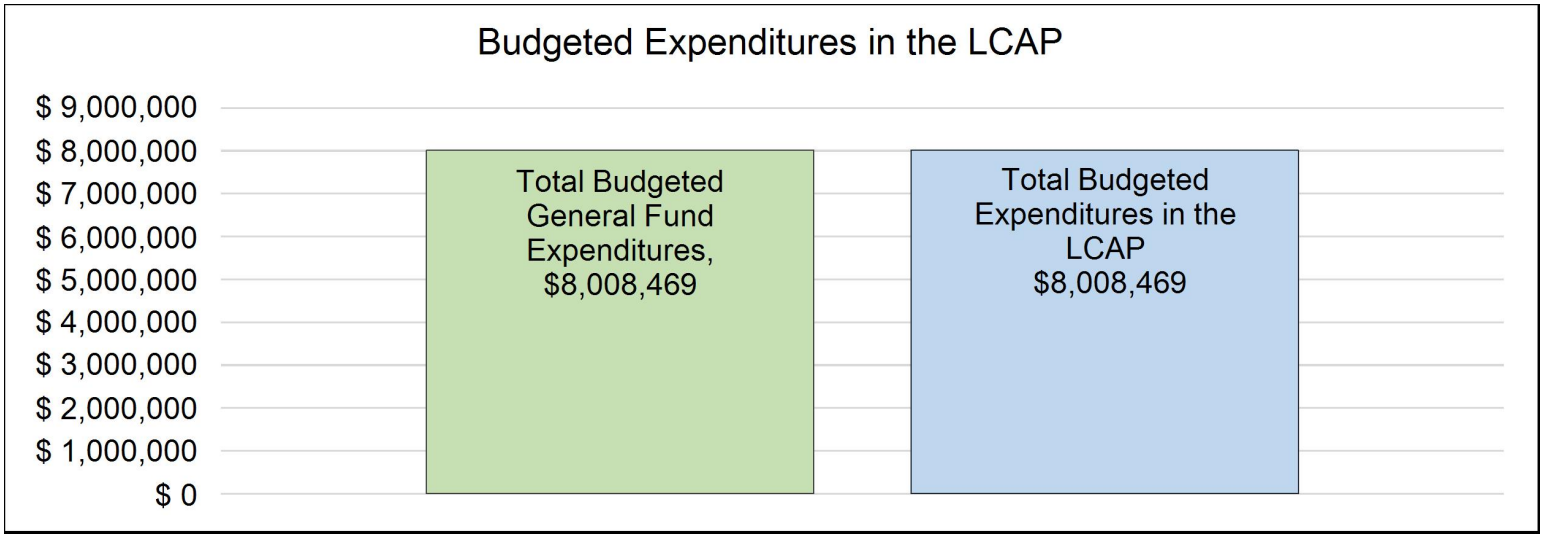


This chart shows the total general purpose revenue Magnolia Science Academy 5 expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy 5 is $8,036,429, of which $6,492,525 is Local Control Funding Formula (LCFF), $1,345,128 is other state funds, $55,000 is local funds, and $143,776 is federal funds. Of the $6,492,525 in LCFF Funds, $1,490,657 is generated based on the enrollment of high needs students (Foster Youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.



This chart provides a quick summary of how much Magnolia Science Academy 5 plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy 5 plans to spend $8,008,469 for the 2026-27 school year. Of that amount, $8,008,469 is tied to actions/services in the LCAP and $0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

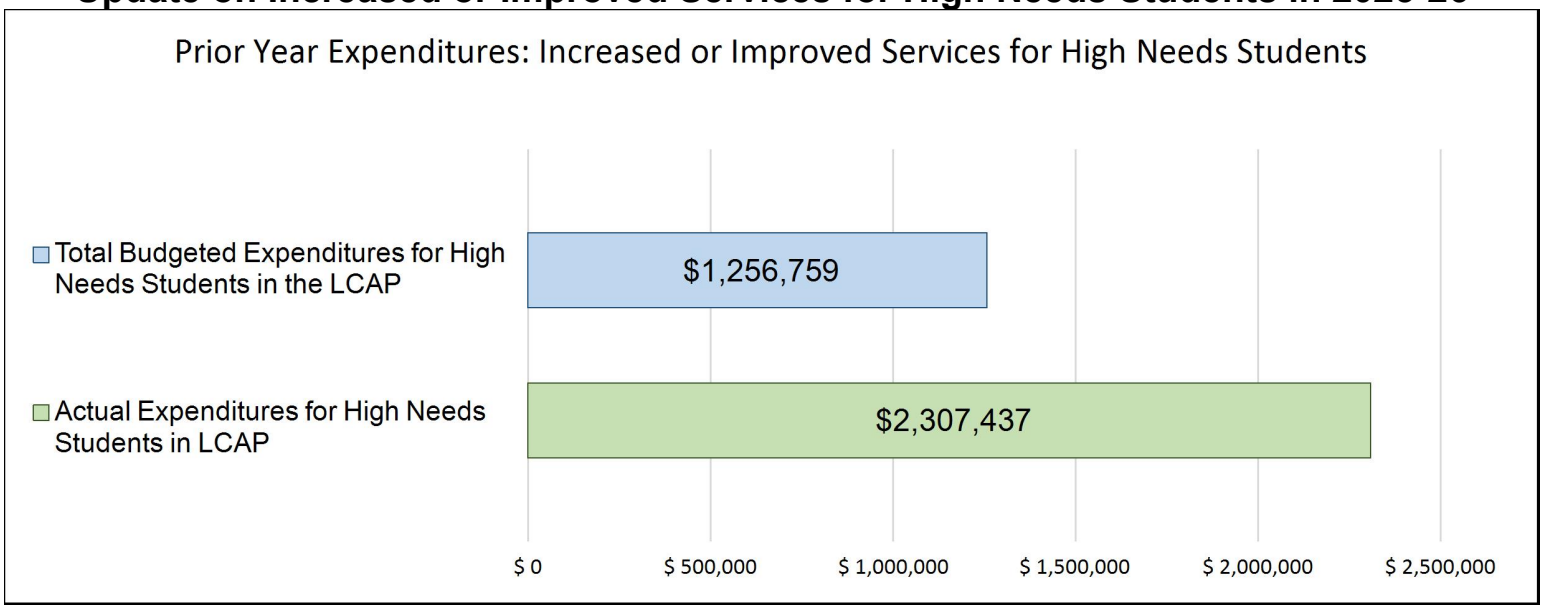
N/A

Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Magnolia Science Academy 5 is projecting it will receive $1,490,657 based on the enrollment of Foster Youth, English learner, and low-income students. Magnolia Science Academy 5 must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy 5 plans to spend $1,520,559 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2025-26



This chart compares what Magnolia Science Academy 5 budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy 5 estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, Magnolia Science Academy 5's LCAP budgeted $1,256,759 for planned actions to increase or improve services for high needs students. Magnolia Science Academy 5 actually spent $2,307,437 for actions to increase or improve services for high needs students in 2025-26.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Plan Summary [2026-27]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Magnolia Science Academy-5 (MSA-5) is a CA Distinguished School award-winning, tuition-free public charter school serving students in grades 6–12 since 2008. A Los Angeles County–authorized school and proud member of the Magnolia Public Schools network, MSA-5 was honored in 2024 with the California Charter Schools Association's Hart Vision Equity & Innovation Award. Families choose MSA-5 the Lobos for its safe, college-preparatory STEAM program, small class sizes, and hands-on learning that builds real skills; students enjoy leadership opportunities, frequent local and overnight field trips, and targeted supports that drive strong academic outcomes, including recognition from U.S. News & World Report.

The Lobos consistently demonstrated strong SBAC results in both math and language arts outperforming many San Fernando Valley schools while our campus culture has earned California PBIS Gold recognition for exemplary school-wide behavior systems.

As a true community school, MSA-5 offers extensive family resources, shared decision-making with families and staff, and many community partnerships and events that support student success. Thanks to state Charter School Facilities Program (CSFP) funding, we will open a new state-of-the-art campus at 7111 Winnetka Ave, Winnetka, CA 91306 in Summer 2026 and welcome students for the 2026–27 school year; bringing expanded instructional space, science labs, arts studios, and more opportunities for our students and families.

If you're looking for a welcoming, rigorous school that prepares young people for college, careers, and civic life, MSA-5 is ready to partner with your family.

Magnolia Science Academy 5 (2025-26)
Address: 18238 Sherman Way, Reseda, CA, 91335
Phone: 818-705-5676
Email: akaplan@magnoliapublicschools.org

Our Mission
Magnolia Public Schools provides a college preparatory educational program emphasizing science, technology, engineering, and math (STEAM) in a safe environment that cultivates respect for self and others.

Our Vision
Graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

INNOVATION
Students have the freedom to choose how and what they learn. Individualized scheduling, early identification of learning styles, personalities, interest, and career plans support students' college and career readiness. Students experience hands-on learning through robotics, computer science, and arts to promote imagination, creativity, and invention.

CONNECTION
School communities are integrated partnerships among the school site staff, families, students, and all other stakeholders. Connection creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internships, promote unity and better decision making through the implementation of restorative justice practices.

EXCELLENCE
Academic Excellence is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster academic excellence through project-based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Magnolia Science Academy 5 serves students in grades 6–12. The 2025 California School Dashboard and local indicator data show that the school made strong academic progress, especially in English Language Arts, Mathematics growth, and English Learner progress. At the same time, the data identify important areas for continued improvement, especially chronic absenteeism, student sense of belonging, staff climate, suspension trends, and subgroup outcomes for students with disabilities, English learners, and socioeconomically disadvantaged students.

Magnolia Science Academy 5 enrolled 218 students. Based on a review of the California School Dashboard and local data, Magnolia Science Academy 5 demonstrated strong academic progress during the most recent reporting year while also identifying clear areas for continued improvement. The school serves 218 students in grades 6–12, including a high percentage of socioeconomically disadvantaged students at 83.0% and English learners at 28.4%. This context is important because the school's results reflect both academic growth and the ongoing need for targeted supports for students with greater needs.

Overall academic performance was a strength. In English Language Arts, the school earned a Green performance level, with students performing 9.7 points above standard and improving by 37.6 points from the prior year. This reflects significant progress in literacy and indicates that instructional efforts, standards-aligned curriculum, and academic supports are having a positive impact. ELA growth was also strong, with 88.6% of students improving their score from the prior year. However, the data also show that English learners and students with disabilities continue to need additional support, as English learners performed 12.6 points below standard and students with disabilities performed 33.1 points below standard in ELA.

Mathematics also showed major improvement. The school earned a Green performance level in Mathematics, with students improving by 70.9 points from the prior year. Although students remained 8.6 points below standard overall, the size of the improvement shows meaningful academic recovery and growth. Mathematics growth data further supports this positive trend, with 82.3% of students improving their score from the prior year. At the same time, math remains an area for continued focus, especially for students with disabilities, who were 43.2 points below standard, socioeconomically disadvantaged students, who were 19.3 points below standard, and English learners, who were 14.6 points below standard.

English Learner progress was one of the strongest areas in the Dashboard results. The school earned a Blue performance level, with 79.6% of English learners making progress toward English language proficiency. This was an increase of 26.6 percentage points from the prior year. ELPAC data also show that 67.3% of English learners progressed at least one ELPI level, 12.2% maintained ELPI Level 4, and 0.0% decreased at least one ELPI level. These results show that English learners are making strong language development progress. The next step is to ensure that this language growth leads to stronger academic outcomes in ELA, Mathematics, and Science.

High school outcomes were also strong. The graduation rate was 94.7%, which remains high despite a small decline from the prior year. The school's college and career readiness data were especially positive, with 89.5% of graduates identified as Prepared. This represents continued improvement from 80.8% in 2024 and 60.5% in 2023. These results suggest that the school's college-preparatory program, counseling supports, dual enrollment opportunities, AP coursework, four-year academic planning, and graduation monitoring are supporting students effectively as they prepare for postsecondary options.

Chronic absenteeism remains a significant area for improvement. The school's chronic absenteeism rate was 24.5%, placing the school in Orange. While this was an improvement from 26.1% in 2024 and 30.8% in 2023, the rate remains much higher than the 2019 rate of 7.4%. Subgroup data show that students with disabilities had the highest chronic absenteeism rate at 34.6%, followed by English learners at 27.8%, socioeconomically disadvantaged students at 26.7%, and Hispanic students at 25.6%. These data show the need for continued family outreach, early attendance interventions, case management, student engagement strategies, and supports that address barriers to regular attendance.

The suspension rate also requires continued attention. The school's suspension rate was 2.4%, placing the school in Yellow and reflecting an increase of 1.2 percentage points from the prior year. Students with disabilities had the highest suspension rate at 6.1%, followed by Hispanic students at 3.0% and socioeconomically disadvantaged students at 2.9%. These results suggest the need to strengthen restorative practices, behavior intervention systems, classroom management supports, and proactive social-emotional learning. Reducing suspensions, especially for students with disabilities, should remain a priority.

Science performance was generally positive but still identified as an area for improvement. Students scored 54.0 points above standard in Science, which was slightly above the statewide result of 52.6 points above standard. However, the school's Science indicator was Yellow, and subgroup data show the need to continue strengthening NGSS-aligned instruction, hands-on learning, academic vocabulary, and supports for English learners and socioeconomically disadvantaged students.

Local indicator data show that the school met the standards for implementation of academic standards, parent and family engagement, local climate survey, access to a broad course of study, and basics such as instructional materials and facilities. The school reported that students have access to a broad course of study that includes core academic classes, intervention supports, ELD instruction, electives, AP courses, dual enrollment opportunities with Los Angeles Pierce College, advisory, counseling, four-year academic plans, and graduation tracking. These are important strengths that support both academic achievement and college/career readiness.

At the same time, local data identify several challenges. The school operates on a shared campus, which creates facility constraints and limits the expansion of electives, lab-based courses, and career technical education opportunities. Career Technical Education was reported at the initial implementation level, showing that this is an area for future growth. Teacher assignment data also show a need for continued staffing attention, with 61.8% of teaching FTE reported as clear, below the statewide average of 82.5%. Strengthening staffing stability and instructional capacity will be important for sustaining academic gains.

The local climate survey provides important insight into the experiences of students, families, and staff. Participation was strong, with 96.4% student participation, 79.8% family participation, and 75.0% staff participation. Families reported very high levels of satisfaction, with favorable ratings of 99% for climate of support, 86% for safety, 96% for discipline, rules, and norms, and 99% for sense of belonging. Student responses were more mixed, with 82% favorable for academic support, 65% for safety, 76% for discipline, and 78% for sense of belonging. Staff responses also showed concern, with 92% favorable for academic support, 77% for safety, 87% for discipline, and 79% for sense of belonging. These results show that while families feel highly connected to the school, student and staff belonging must be strengthened.

In summary, Magnolia Science Academy 5 is showing strong academic growth and positive high school outcomes. The school made significant gains in ELA and Mathematics, achieved exceptional growth results, demonstrated strong English Learner progress, maintained a high graduation rate, and showed strong college and career readiness. These results reflect the school's commitment to standards-based instruction, intervention, English learner support, college preparation, and family engagement.

The major areas for continued improvement are chronic absenteeism, suspension rates, student and staff sense of belonging, mathematics proficiency, subgroup gaps, staffing stability, and expansion of career and enrichment opportunities. Moving forward, the school will continue to use Dashboard and local data to strengthen instruction, improve attendance, support English learners and students with disabilities, expand restorative and social-emotional supports, increase student connectedness, and ensure that all students are prepared for graduation, college, career, and lifelong success.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents	MSA-5 actively involves parents in the development of the LCAP through multiple engagement channels. These include Parent Task Force (PTF) meetings, Parent Advisory Committee (PAC) meetings, and Coffee with the Principal meetings. Parents provide valuable feedback during these sessions, which helps shape the LCAP. Additionally, parent surveys are conducted to gather their perspectives on school improvement and ensure their voices are considered in decision-making processes. Regular updates and information sessions are held to keep parents informed and engaged in the school's planning and improvement efforts .
Students	Students are engaged through surveys and participation in school committees. Their feedback on school culture, safety, and academic programs is crucial for developing a student-centered LCAP. Student input is gathered through regular meetings and surveys, ensuring their needs and preferences are reflected in the LCAP goals and actions. This engagement helps in creating a supportive and inclusive learning environment .
Teachers	Teachers are consulted through staff meetings and professional development sessions. Their insights on instructional practices, curriculum, and student needs are integral to the LCAP development process. Teachers participate in regular meetings, providing feedback on existing programs and suggesting improvements. This collaboration ensures that the LCAP includes effective strategies for enhancing teaching and learning outcomes .

Educational Partner(s)	Process for Engagement
School administrators	School administrators play a key role in the LCAP development by coordinating the engagement process and integrating feedback from all educational partners. They facilitate meetings, analyze data, and ensure that the LCAP aligns with both state priorities and local needs. Administrators work closely with the Parent Advisory Committee, English Learner Advisory Committee (ELAC), and other school committees to incorporate diverse perspectives into the LCAP .
Other school personnel	Other school personnel, including support staff and paraprofessionals, are involved in the LCAP development through regular staff meetings and surveys. Their feedback on operational and support aspects of the school environment is essential for addressing the holistic needs of students. These personnel contribute to discussions on improving school safety, student support services, and extracurricular activities .
SELPA	SELPA representatives are engaged to ensure the needs of students with disabilities are adequately addressed in the LCAP. Regular consultations and feedback sessions are held to discuss the effectiveness of special education programs and identify areas for improvement. This collaboration helps in developing targeted actions to support students with disabilities, ensuring they receive equitable and effective education . By actively seeking input from these educational partners, MSA-5 ensures that the LCAP is a comprehensive plan that reflects the community's needs and priorities. This collaborative approach not only enhances the quality of the LCAP but also fosters a sense of ownership and commitment among all stakeholders.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Magnolia Science Academy 5’s adopted LCAP was directly influenced by feedback gathered from educational partners, including students, families, staff, school leadership, advisory committees, and community partners. Throughout the year, MSA-5 used multiple opportunities to gather input, including Parent Advisory Committee meetings, English Learner Advisory Committee meetings, Parent Task Force meetings, Community Engagement Initiative Sessions, Coffee with the Principal sessions, schoolwide events, family workshops, home visits, staff meetings, student forums, and school climate surveys. These engagement opportunities allowed educational partners to review school data, discuss student needs, identify barriers, and recommend priorities for the upcoming year.

Feedback from educational partners confirmed that families continue to value MSA-5’s academic program, college-going culture, communication efforts, and student support systems. Family survey results were especially strong, with families reporting high levels of

satisfaction in school support, safety, discipline, and sense of belonging. This feedback influenced the LCAP by continuing investments in family communication, parent workshops, advisory committees, home-school partnerships, and the Family Success Coordinator role. The LCAP also continues to support multilingual outreach, parent portal access, and flexible opportunities for families to participate in decision-making.

Student and staff feedback also had a significant impact on the adopted LCAP. Local climate survey data showed that while students recognized academic support at the school, student sense of belonging remained an area of need, with only 53% favorable responses. Staff feedback also showed concerns related to sense of belonging, communication, workload, morale, and school culture, with staff sense of belonging at 51% favorable. As a result, the LCAP was influenced to include stronger actions related to student connectedness, social-emotional learning, restorative practices, staff collaboration, staff wellness, recognition, and improved communication systems. These actions are intended to create a more positive, inclusive, and supportive school climate for both students and adults.

Educational partner feedback also aligned with Dashboard data showing that chronic absenteeism and suspension rates remain areas for improvement. The school's chronic absenteeism rate was 24.5%, with higher rates among students with disabilities, English learners, Hispanic students, and socioeconomically disadvantaged students. The suspension rate increased to 2.4%, with students with disabilities experiencing the highest suspension rate. In response, the adopted LCAP prioritizes attendance intervention, early outreach to families, case management, positive behavior supports, restorative practices, and targeted supports for student groups with the greatest needs. These actions reflect feedback from families and staff about the need for stronger engagement, safety, belonging, and consistent behavior systems.

Academic feedback also influenced the LCAP. Dashboard results showed strong growth in English Language Arts and Mathematics, with ELA performance at 9.7 points above standard and Mathematics improving by 70.9 points from the prior year. However, educational partners also reviewed data showing continued academic gaps for English learners, current English learners, students with disabilities, and socioeconomically disadvantaged students. Based on this feedback, the LCAP continues to emphasize data-driven instruction, targeted intervention, English learner support, math acceleration, special education support, professional development, and progress monitoring. The LCAP also maintains a focus on standards-aligned curriculum, PLC collaboration, formative assessment practices, and differentiated instruction to ensure that academic growth continues and that subgroup gaps are reduced.

Feedback from students, families, and staff also influenced actions related to college and career readiness. Educational partners expressed the importance of maintaining a strong college-preparatory program while expanding opportunities for real-world learning, electives, career exploration, AP courses, and dual enrollment. This was supported by Dashboard data showing that 89.5% of graduates were prepared on the College/Career Indicator and that the graduation rate remained high at 94.7%. As a result, the adopted LCAP continues support for four-year academic planning, counseling, dual enrollment with Los Angeles Pierce College, AP access, college and career advising, and expanded enrichment opportunities. The plan also reflects the need to further develop career technical education and experiential learning opportunities.

Educational partner feedback regarding facilities and course access also shaped the LCAP. Stakeholders identified that the shared-campus setting limits the school's ability to expand electives, lab-based science opportunities, career technical education, visual and performing arts, and other enrichment programs. In response, the LCAP includes continued planning for expanded course access, creative scheduling, community partnerships, and long-term facility solutions. These actions are intended to ensure that all students, including English learners, socioeconomically disadvantaged students, and students with disabilities, continue to have access to a broad course of study.

Overall, the adopted LCAP reflects the priorities identified through educational partner engagement and data review. Feedback from families reinforced the importance of strong communication, parent involvement, and college readiness. Feedback from students elevated the need to improve belonging, safety, and student voice. Feedback from staff highlighted the need for stronger collaboration, morale, consistency, and support. Dashboard and local data confirmed the need to address chronic absenteeism, suspension rates, subgroup achievement gaps, math proficiency, English learner academic progress, and school climate. As a result, the adopted LCAP was shaped to focus on academic achievement, equitable student supports, attendance improvement, positive school climate, family engagement, staff capacity, and expanded college and career opportunities for all students.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned and high-quality instructional materials, and appropriately maintained school facilities.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	The percentage of teaching assignments that have an assignment monitoring outcome of "clear" (Source: Local Indicator Priority 1, CDE DataQuest TAMO by FTE Report)	2021-22: 62.7%	2022-23: 59.3%	2023-24: 61.8%	2024-25: > 85%	-0.9 percentage points
1.2	Percentage of students without access to their	2023-24: 0%	2024-25 (As of 6/5/25):	2025-26 (As of 5/22/26):	2026-27: 0%	0 percentage points

1.3	Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies) (Source: Local Indicator Priority 1)	2023-24: 0	2024-25 (As of 6/5/25): 0	2025-26 (As of 5/22/26): 0	2026-27: 0	0
1.4	Teacher retention rate (Source: HRIS)	2023-24: (Fall 2022 to Fall 2023) 60%	2024-25: (Fall 2023 to Fall 2024) 71%	2025-26 (Fall 2024 to Fall 2025): 86%	2026-27: (Fall 2025 to Fall 2026) >= 80%	+26 percentage points
1.5	Teacher attendance rate (Source: HRIS)	2023-24: (As of 5/15/24) 93.1%	2024-25: (As of 5/31/25) 95.4%	2025-26 (As of 5/15/26): 95.6%	2026-27: >= 95.0%	+2.5 percentage points

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Implementation Overview

Goal 1 focused on ensuring access to a safe, secure, and high-quality learning environment with essential services such as credentialed teachers, aligned instructional materials, and well-maintained facilities. The implementation largely adhered to the original plan, with all five designated actions (credential verification, instructional materials and technology, facilities maintenance, school meal programs, and Home Office support) being carried out. We are able to coordinate the physical relocation to the new campus facility at 7111 Winnetka Ave, including moving logistics, procurement of classroom/office furniture, and the setup of essential technology infrastructure (Wi-Fi, smartboards, security systems) to ensure the site is fully operational and safe for the first day of school

Substantive Differences and Challenges

There were minimal deviations from planned actions. The expenditures across most actions closely mirrored budgeted amounts, indicating accurate forecasting and consistent execution. A few minor discrepancies in spending (e.g., Action 2 was slightly over budget, while Action 5 was under) were not explained in the document, suggesting they were not materially significant.

The primary challenge noted was the improvement of teacher assignment accuracy, which still fell below the 85% target in 2024-25, although it did improve compared to the prior year.

Successes: The school saw significant successes in staff stability and basic conditions. Teacher attendance rose to 95.6% (surpassing the 95% target), and teacher retention improved significantly to 86% (surpassing the 80% target). Additionally, 100% of students had access to standards-aligned instructional materials, and no deficiencies were identified in facilities inspections.
Challenges: The primary challenge continues to be teacher assignment accuracy. The percentage of teaching assignments with a "clear" monitoring outcome was 61.8%, which falls short of the target of >85%

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1 Action 1
Budgeted: $18,439.00
Actual: $21,927.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 1 Action 2
Budgeted: $179,499.72
Actual: $166,127.72
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 1 Action 3
Budgeted: $365,848.08
Actual: $360,089.08
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 1 Action 4
Budgeted: $24,096.00
Actual: $27,000.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 1 Action 5
Budgeted: $261,113.00
Actual: $536,546.99
Explanation: The actual expenditures significantly exceeded the budget by over 100%. This material difference is primarily driven by an unbudgeted interest expense of $250,000 related to a $17M bond for the new site construction. Additionally, there were minor unbudgeted costs for professional services (Adaptive Insights, Data Works), legal fees (YMC), and Audit & CPA fees, while standard CMO and oversight fees remained relatively close to their initial projections.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Effective Actions: Action 1.2 (Instructional Materials & Technology) and Action 1.3 (Facilities) were highly effective, resulting in 100% material access and consistently "good repair" standard facilities. The actions aimed at teacher support were also effective in boosting morale and stability, evidenced by the 86% teacher retention rate and 95.6% attendance rate. For 2025-26 SY, we are working on conducting facility preparation, deep cleaning, safety compliance inspections, and aesthetic branding/signage installation to create an inviting, high-quality learning environment that meets all state 'good repair' standards for the new school site.

Mixed Results: Action 1.1 (Teacher assignments and credentials) has shown mixed results. While retention improved, the percentage of appropriately credentialed teacher assignments is at 61.8%, indicating that the action was less effective than intended in reaching the >85% target outcome.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

The broad objectives, metrics, and targets for Goal 1 will remain consistent for the coming year, as maintaining basic services and high standards for facilities and materials continues to be a priority. However, based on the persistent challenge of reaching our target for "clear" teacher assignment monitoring outcomes, we will place a heavier emphasis on refining the implementation of Action 1.1. This will include tighter verification processes and increased credentialing support for current staff to ensure we close the gap toward our 85% target. All other actions will continue as planned.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are	$21,927.00	No

Action #	Title	Description	Total Funds	Contributing
		properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: N/A		
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology	$2,259,034.00	No

Action #	Title	Description	Total Funds	Contributing
		equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: N/A		
1.3	Clean and safe facilities that support learning	Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A	$558,751.39	No
1.4	Healthy and nutritious meals	Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious	$27,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A		
1.5	Well-orchestrated Home Office support services	The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4. Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.) The following expenditures will be funded by federal Title funds: -Clerical & Tech: Federal CSP; Amount: $25,431.21 -STRS: Federal CSP; Amount: $4,859.04 -OASDI/Medicare: Federal CSP; Amount: $368.88	$397,485.21	No

Action #	Title	Description	Total Funds	Contributing
		-Health & Welfare Benefits: Federal CSP; Amount: $4,652.63 -Unemployment Insurance: Federal CSP; Amount: $127.20		

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Graduate Profile,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence.	Broad Goal

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Goal 2 showed significant progress in student academic achievement based on CAASPP results from the 2023–24 to 2024–25 school year. The California School Dashboard data indicate that Magnolia Science Academy 5 made strong gains in both English Language Arts and Mathematics, demonstrating that the school's instructional focus, intervention systems, data-driven planning, and standards-aligned supports had a positive impact on student outcomes.

In English Language Arts, students improved from 27.9 points below standard in 2023–24 to 9.7 points above standard in 2024–25. This represents an increase of 37.6 points and moved the school's ELA performance to the Green level on the Dashboard. This improvement reflects meaningful growth in literacy and suggests that the school's focus on standards-based instruction, academic intervention, progress monitoring, and support for reading and writing skills contributed to stronger student performance. ELA growth data also showed that 88.6% of students improved their score from the prior year, which was rated as Exceptional.

Mathematics showed even greater year-to-year improvement. Students improved from 79.6 points below standard in 2023–24 to 8.6 points below standard in 2024–25, an increase of 70.9 points. This moved Mathematics performance to the Green level on the Dashboard. Although students remain slightly below standard overall in Mathematics, the level of growth demonstrates substantial academic recovery and progress. Math growth data further confirms this progress, with 82.3% of students improving their score from the prior year, also rated as Exceptional.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 2 Action 1
Budgeted: $1,029,876.73
Actual: $986,198.68
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 2 Action 2
Budgeted: $32,976.00
Actual: $43,525.00
Explanation: Expanded staff participation in external standard-alignment workshops and unexpected induction program costs

Goal 2 Action 3
Budgeted: $441,352.89
Actual: $424,727.34

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 2 Action 4
Budgeted: $90,197.48
Actual: $91,424.19
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 2 Action 5
Budgeted: $418,701.10
Actual: $537,541.76
Explanation: Unbudgeted contractual Special Education staffing costs or expanded legal/CPA oversight associated with program delivery

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The specific actions implemented under Goal 2 have been effective in making progress toward improving student academic achievement. Current CAASPP data show strong growth from 2023–24 to 2024–25 in both English Language Arts and Mathematics. In ELA, the percentage of students who met or exceeded standard increased from 37.98% to 53.39%, exceeding the 2024–25 target of 39%. ELA Distance from Standard also improved from 27.9 points below standard to 9.7 points above standard, exceeding the Year 2 desired outcome.

Mathematics also showed significant improvement. The percentage of students who met or exceeded standard increased from 22.83% to 49.15%, exceeding the 2024–25 target of 26.5%. Math Distance from Standard improved from 79.6 points below standard to 8.6 points below standard. Although students remain slightly below standard overall in Mathematics, the growth shows that intervention, data-driven instruction, teacher collaboration, and differentiated supports are having a positive impact.

Science results were mixed. The percentage of students meeting or exceeding standard was 27.5%, which exceeded the 2024–25 target of 20%; however, this was a decrease from 30.88% in 2023–24. This indicates that Science will need additional focus through stronger NGSS-aligned instruction, hands-on learning, and targeted academic support.

Overall, Goal 2 actions have been effective, especially in ELA and Mathematics. Moving forward, MSA-5 will continue the strategies that led to growth while strengthening supports in Mathematics, Science, and targeted intervention for students with the greatest academic needs.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on reflections on prior practice and current Goal 2 data, MSA-5 will keep the planned goal and core metrics in place because they continue to align with the school’s focus on academic excellence, standards-based instruction, and equitable student access to a high-quality instructional program. Current results show that the existing goal remains appropriate, as students made strong progress in both English Language Arts and Mathematics.

No major changes will be made to the overall goal or metrics for the coming year. However, planned actions will be refined based on current outcomes. Since ELA performance exceeded the target and improved substantially, MSA-5 will continue the instructional strategies that supported this growth, including standards-aligned instruction, data-driven planning, differentiated support, academic intervention, and progress monitoring.

Mathematics will remain a priority area for continued action. Although Math performance improved significantly and exceeded the proficiency target, students are still slightly below standard overall based on Distance from Standard data. As a result, MSA-5 will strengthen math actions by increasing targeted intervention, small-group instruction, conceptual understanding, problem-solving practice, academic vocabulary support, and regular review of assessment data.

Science actions will also be strengthened for the coming year. Although the school met the Science target, the percentage of students meeting or exceeding standard declined from the prior year. In response, MSA-5 will increase focus on NGSS-aligned instruction, hands-on and lab-based learning, science vocabulary development, and targeted support for students who need additional help applying scientific concepts.

In addition, MSA-5 will continue to refine supports for English learners, socioeconomically disadvantaged students, and students with disabilities to address remaining achievement gaps. Actions will include targeted intervention, teacher collaboration, progress monitoring, and professional development focused on differentiated instruction and access to grade-level standards.

Overall, the goal, metrics, and target outcomes will remain consistent, while actions will be adjusted to sustain strong ELA growth, continue accelerating Math achievement, improve Science outcomes, and provide more targeted academic support for student groups with the greatest needs.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and	$1,540,889.38	No

Action #	Title	Description	Total Funds	Contributing
		career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: N/A		
2.2	Professional development for high-quality instruction	Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees. The following expenditures will be funded by federal funds: -Prof Developmnt: Federal CSP; Amount: $13,000.00 -Prof Dev-Other: Federal CSP; Amount: $9,000.00	$35,386.00	Yes

Action #	Title	Description	Total Funds	Contributing
2.3	MTSS - Academic enrichment, intervention, and student support	Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Dean of Academics salary and benefits, Title-I coordinator salary and benefits, instructional aide salaries and benefits, intervention teacher salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Illuminate DnA fees, and evidence-based supplemental intervention/enrichment program fees (Edgenuity, ALEKS, IXL, Accelerated Reader, Lexercise, ST Math, Standards Plus, Quizizz, Padlet, Grade Slam, Sumdog, BrainPOP, NextGenMath, Membean, Spelling City, Turnitin, Seesaw, Listenwise, Grammarly, Cambium Learning, ABC Mouse, Learning A-Z, Flocabulary, Alexandria Library, Nearpod, Newsela, and myON.) The following expenditures will be funded by federal funds: -Educat Software: Title I; Amount: $14,571.00 -TeacherSalaries: Title I; Amount: $52,998.00 -STRS: Title I; Amount: $10,122.62 -OASDI/Medicare: Title I; Amount: $768.47 -Health & Welfare Benefits: Title I; Amount: $12,232.84 -Unemployment Insurance: Title I; Amount: $264.99	$399,016.91	Yes

Action #	Title	Description	Total Funds	Contributing
		-Educat Software: Title IV, Part A ESEA (ESSA); Amount: $17.674.05		
2.4	Designated and integrated ELD programs and support for ELs	Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits, and Rosetta Stone program fees. The following expenditures will be funded by federal Title funds: N/A	$184,750.83	Yes
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement	$898,379.93	No

Action #	Title	Description	Total Funds	Contributing
		gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: -SpEd Ctrct Inst: IDEA SPED; Amount: $170,000.00		

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.	Broad Goal

State Priorities addressed by this goal.

Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Goal 3 focused on providing a well-rounded, 21st-century education with a heavy emphasis on innovation, STEAM integration, and college/career readiness. The implementation spanned five distinct core areas: College/Career Readiness Programs (3.1), STEM and GATE Programs (3.2), Digital Literacy and Citizenship (3.3), Physical Education and Fitness (3.4), and Additional Well-Rounded Enrichment Programs (3.5).

Successes: The 2025-26 school year saw massive rebounds in academic rigor and college preparedness. Enrollment in Accelerated/Advanced Math courses surged to 20% (surpassing the 10% target). Furthermore, 11th-grade EAP CAASPP performance saw extraordinary growth, with Math proficiency skyrocketing from 18.1% to 76.8%, and ELA improving to 66.2%. The AP pass rate also increased to 58.8%, and A-G completion remained exceptionally strong at 95.7%. 100% of students continued to participate in STEAM and technology-focused courses.

Challenges: Despite academic successes, there were sharp declines in specific alternative college-readiness markers. Dual enrollment completion dropped significantly from 61.5% to 39.1%. Additionally, the attainment of state diploma seals fell drastically: the Golden State Seal Merit Diploma dropped to 0%, and the Seal of Biliteracy dropped to 21.7%. CTE pathway completion remains an ongoing systemic challenge, stagnating at 0%.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3 Action 1
Budgeted: $141,646.16
Actual: $124,976.21
Explanation: Lower than anticipated costs for field trips.

Goal 3 Action 2
Budgeted: $1.00
Actual: $0.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 3 Action 3
Budgeted: $153,201.90
Actual: $124,976.21
Explanation: Cost savings from consolidated educational software licenses.

Goal 3 Action 4
Budgeted: $152,147.86
Actual: $136,356.48
Explanation: Unused physical education equipment budgets due to lower enrollment and long term staffing vacancies.

Goal 3 Action 5
Budgeted: $232,980.86
Actual: $229,351.75
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Effective Actions: Action 3.2 (STEM & GATE Programs) proved highly effective this year, directly correlating with the massive spike in EAP Math proficiency (76.8%) and the successful recruitment of students into Accelerated Math (20%). Action 3.1 (College/Career Readiness) was highly effective in supporting core academic indicators, resulting in high AP exam pass rates (58.8%) and sustained A-G completion (95.7%).

Ineffective Actions / Areas of Concern: Certain elements of Action 3.1 require reevaluation. The mechanisms supporting Dual Enrollment and State Diploma Seals (Golden State Seal and Seal of Biliteracy) were ineffective this year, resulting in sharp participation and attainment drop-offs. Furthermore, the CTE exploration aspect of Action 3.1 continues to be ineffective at producing measurable pathway completions.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

The core metrics and overarching goals will remain intact, but specific operational pivots will be made for the coming year based on our data:

Revitalizing Dual Enrollment and Diploma Seals: We will restructure the counseling and advisory components of Action 3.1 to aggressively track and promote dual enrollment opportunities earlier in the semester. We will also audit our transcript evaluation process to ensure students are being properly identified and supported to earn the Golden State Seal and Seal of Biliteracy.

CTE Strategy: Recognizing the ongoing limitations of establishing full standalone CTE pathways for our student demographic, we will shift our focus toward integrating career-technical elements into our successful STEAM/PLTW courses (Action 3.2).

Sustaining Math Growth: Given the massive success in EAP Math and Advanced Math enrollment, we will maintain and protect our current funding and instructional models for Action 3.2 to ensure these gains are permanent.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Expenditures associated with this action include the following: college counselor salary and benefits, AP teacher stipends, Naviance program fees, AP exam fees, AP course materials, and other college-related materials and activities. The following expenditures will be funded by federal funds: -Clerical & Tech: Federal CSP; Amount: $33,145.28 -STRS: Federal CSP; Amount: $6,335.09 -OASDI/Medicare: Federal CSP; Amount: $480.94 -Health & Welfare Benefits: Federal CSP; Amount: $2,686.71 -Unemployment Insurance: Federal CSP; Amount: $165.84	$196,075.59	Yes
3.2	STEM and GATE programs	Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design,	$5,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. Expenditures associated with this action include the following: supplemental STEM program fees. The following expenditures will be funded by federal Title funds: N/A		
3.3	Digital literacy and citizenship programs	Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity.	$143,301.65	Yes

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. The following expenditures will be funded by federal Title funds: -Educat Software: Title IV, Part A ESEA (ESSA); Amount: $5,000.00		
3.4	Physical education, activity, and fitness	Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal title funds: -PE Supplies: Title IV, Part A ESEA (ESSA); Amount: $25,000.00	$165,154.80	Yes
3.5	Additional programs and activities that support well-rounded education	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential	$244,951.84	Yes

Action #	Title	Description	Total Funds	Contributing
		learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: -ProfessServices: Title IV, Part A ESEA (ESSA); Amount: $15,900.00		

Goals and Actions

Goal

Goal #	Description	Type of Goal
4	CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

School communities are integrated partnerships with the school site staff, families, students and all other educational partners. This sense of connection creates a safe place for all learners and educational partners to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and educational partner surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

Measuring and Reporting Results

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Goal 4 focused on cultivating a strong sense of connection among students, families, staff, and community partners. The goal was carried out through five major actions: Seeking Family Input (4.1), Building Relationships (4.2), MTSS/PBIS and SEL Support (4.3), Educational Partner Surveys (4.4), and Community Outreach (4.5). All actions were implemented to foster effective communication and a nurturing, safe school environment.

Successes: The 2025-26 school year saw massive improvements in school climate and family engagement. The number of parent engagement events surged to 41 (shattering the target of 10). Furthermore, targeted MTSS and attendance interventions were highly successful: Average Daily Attendance (ADA) increased to 93.91%, Chronic Absenteeism plummeted to 20.7% (nearly hitting the 20% target), and the student suspension rate fell to just 1.8%. Student retention also successfully met the 85% target.

Challenges: Despite a stronger overall campus climate, high school completion metrics suffered. The graduation rate dropped significantly from 96.1% to 88.5%, missing our targets, though the high school dropout rate remained steady at 0.0%. Additionally, staff survey participation dropped to 75% (missing the 95% target), indicating a need to improve staff engagement. Lastly, while home visits (20.8%) remained above the 15% target, this was a sharp decline from the prior year's 47% rate.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 4 Action 1
Budgeted: $275.00
Actual: $275.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 4 Action 2
Budgeted: $223,525.27
Actual: $202,338.49
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 4 Action 3
Budgeted: $355,768.90
Actual: $389,710.49
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 4 Action 4
Budgeted: $1,233.84
Actual: $1,233.84
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 4 Action 5
Budgeted: $523,423.72
Actual: $440,158.05
Explanation: Delayed hiring of community liaisons, open staff vacancies, or lower-than-expected costs for community outreach materials

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Effective Actions: Action 4.1 (Family Input) and Action 4.2 (Building Relationships) were highly effective at mobilizing our community, resulting in an unprecedented 41 parent engagement events and sustained PAC/ELAC participation. Action 4.3 (MTSS/PBIS) was incredibly effective at stabilizing school climate, serving as the primary driver for our drops in chronic absenteeism (20.7%) and suspensions (1.8%), while boosting ADA (93.91%).

Ineffective Actions / Areas of Concern: The supports implemented under Action 4.3 and 4.5 for older students were ineffective at curbing high school dropout rates and maintaining graduation rates, as both metrics slipped heavily this year. Furthermore, internal communication and relationship-building strategies (Action 4.2) were ineffective regarding staff engagement, as reflected by the drop in staff survey participation and satisfaction.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

The broad objectives and metrics for Goal 4 will remain in place, but we will make targeted operational changes to address the gaps revealed in this year's data:

High School Retention Focus: We will refocus elements of our MTSS/PBIS framework (Action 4.3) and Community Outreach (Action 4.5) to specifically target at-risk high school seniors. This will include targeted mentorship and wraparound services to reverse the decline in the graduation rate.

Staff Engagement Initiatives: To address the decline in staff survey participation and morale, we will utilize components of Action 4.2 to establish more robust internal feedback loops and collaborative decision-making opportunities for teachers and classified staff.
To execute a targeted student recruitment and marketing campaign for the new school site at 7111 Winnetka Ave. This includes local neighborhood outreach, distributing multi-lingual informational flyers, digital marketing, and hosting community information sessions to boost enrollment.

Revitalizing Home Visits: We will re-evaluate our home-visit scheduling and teacher compensation structures to boost the home visit rate back toward the 40%+ range we achieved in Year 1.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision-making	Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making.		Yes

Action #	Title	Description	Total Funds	Contributing
		Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees. The following expenditures will be funded by federal Title funds: N/A		
4.2	Building relationships and partnerships with families for student outcomes	Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to	$196,417.51	Yes

Action #	Title	Description	Total Funds	Contributing
		support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title funds: -TeacherSalaries: Title I; Amount: $12,000.00 -STRS: Title I; Amount: $2,292.00 -OASDI/Medicare: Title I; Amount: $174.00 -Unemployment Insurance: Title I; Amount: $60.00		
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our	$490,371.15	Yes

Action #	Title	Description	Total Funds	Contributing
		supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform expenses, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. The following expenditures will be funded by federal Title funds: -Educational Software: Title I; Amount: $4,134.00 -Non-Instructional Student Support: Title III - Immigrant Education; Amount: $4,317.38 -Teacher Salaries: Title I; Amount: $6710.00 -STRS: Title I; Amount: $1,281.61 -OASDI/Medicare: Title I; Amount: $97.30		

Action #	Title	Description	Total Funds	Contributing
		-Unemployment Insurance: Title I; Amount: $33.55		
4.4	Annual educational partner surveys	Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Kelvin survey fees. The following expenditures will be funded by federal Title funds: N/A		Yes
4.5	Community outreach and partnerships	Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. Expenditures associated with this action include the following: Community Schools Coordinator salary and benefits, membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses.	$244,576.19	Yes

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.4	**Action:** Healthy and nutritious meals **Need:** Low-income students do not have sufficient or consistent access to nutritious meals and they develop poor eating habits. As a result, they experience poor health and academic outcomes, including, but not limited to, obesity, chronic absenteeism and lower grades. There	MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	is a need to provide all our students with healthy and nutritious meals. **Scope:** LEA-wide	consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. We will provide two school meals free of charge during each schoolday to any student who requests a meal without consideration of the student's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary	• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	
2.2	**Action:** Professional development for high-quality instruction **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners. **Scope:** LEA-wide	With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost/SchoolMint Grow software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded

			• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)
2.3	**Action:** MTSS - Academic enrichment, intervention, and student support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion. Students struggle with access to materials,	Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2,

	technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention. **Scope:** LEA-wide	English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.	TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading

2.4	**Action:** Designated and integrated ELD programs and support for ELs **Need:**	Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers	Goal 2: For all students, but particularly for the EL and LTEL student groups: • Percentage of students who

Powered by BoardOnTrack

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	The majority of Charter School's student population consists of English Learners (EL), including long-term ELs (LTELs), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction. **Scope:** LEA-wide	with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated ELD instruction, will be provided for all students.	have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring (Source: NWEA MAP)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		RFEP students, students with disabilities, and all other student groups will benefit from this schoolwide action. We expect that this action will result in increased academic achievement of our student groups, particularly of our ELs and LTELs, on the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and EL reclassification rates as identified in our LCAP metrics in Goal 2.	• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP) • Percentage of students who have met or exceeded standard on the CAASPP-Mathematics assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-Mathematics assessments (Source: CA School Dashboard) • Percentage of students who

3.1	**Action:** College/Career readiness programs and activities **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. A college-going, supportive culture at the school is necessary for our students' college/career readiness. **Scope:** LEA-wide	With the needs of our unduplicated students in mind, Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Unduplicated students will receive improved services through our Naviance program and increased support with AP exam fees, AP	Goal 3: • Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard) • Percentage of all AP exam takers in the current year with a score of 3 or higher (Source: College Board) • Percentage of seniors who have passed an AP exam with a score of 3 or higher during their high school

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		course materials, and other college-related materials and activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increases in CCI prepared rate, AP passing rate, A-G rate, diploma seals, college acceptance, and college-going rates as identified in our LCAP metrics in Goal 3.	years (Source: College Board) • Percentage of seniors who have completed at least two semesters of college coursework with a grade of C minus or better in academic/CTE subjects where college credit is awarded (Source: CA School Dashboard, SIS) • Percentage of cohort graduates who have successfully completed courses that satisfy the requirements for entrance to the UC/CSU (Source: CA School Dashboard, CDE DataQuest, CALPADS) • Percentage of cohort graduates who have successfully completed

			• College-Going Rate (Source: CDE DataQuest)
3.2	**Action:** STEM and GATE programs **Need:** Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of everchanging technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEM curricula. **Scope:** LEA-wide	Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning.	Goal 3: • Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS) • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS) • Percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.	the current year (Source: Local Indicator Priority 7, SIS)
3.3	**Action:** Digital literacy and citizenship programs **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way. **Scope:**	With the needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications; digital footprint, privacy,	Goal 3: • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	LEA-wide	and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.	
3.4	**Action:** Physical education, activity, and fitness **Need:** Low-income students do not have sufficient or consistent access to physical activities/sports and fitness education. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. **Scope:** LEA-wide	MPS is committed to the optimal development of every student. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We expect that this action will result in increased attendance and grades as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)
3.5	**Action:** Additional programs and activities that support well-rounded education **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem solving, communication, and management of time and resources that contribute to lifelong learning and career skills. Our low-income students come from underserved communities	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math,	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 3: • Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	that do not have adequate resources and access to experiential learning opportunities. **Scope:** LEA-wide	academic competitions, journalism, college mentorship, and other areas. These well-rounded programs and activities will result in increased and improved services for our unduplicated students. With the needs of our unduplicated students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help our scholars become independent and innovative scholars. We also expect that this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2, increases in CCI prepared rate, AP passing rate, A-G rate, diploma seals, college acceptance, and college-going rates as identified in our LCAP metrics in Goal 3, as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	• Percentage of all AP exam takers in the current year with a score of 3 or higher (Source: College Board) • Percentage of seniors who have passed an AP exam with a score of 3 or higher during their high school years (Source: College Board) • Percentage of seniors who have completed at least two semesters of college coursework with a grade of C minus or better in academic/CTE subjects where college credit is awarded (Source: CA School Dashboard, SIS) • Percentage of cohort graduates who have successfully completed

4.1	**Action:** Seeking family input for decision-making **Need:** It is important that parents are engaged in the development of all school plans, including, but	Considering the needs of our unduplicated students and their families, Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory	Goal 4: • Number of Parent Advisory Committee (PAC) meetings per year (Source:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making. **Scope:** LEA-wide	Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision	Local Indicator Priority 3) • Number of English Learner Advisory Committee (ELAC) meetings per year (Source: Local Indicator Priority 3) • School experience survey "average approval rates" based on the responses of our families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates"

		making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing Community School strategies to reach and seek input from any underrepresented groups in the school community. We also expect that this action will result in increased parent satisfaction as measured by the annual educational partner surveys in Goal 4: Action 4.	based on the responses of our families to the question, "Overall, I am satisfied and would recommend this school to other families." (Source: Local Indicator Priority 6, Panorama Education)
4.2	**Action:** Building relationships and partnerships with families for student outcomes **Need:** Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The	In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4: • Number of activities/events for parent involvement per year (Source: Local Indicator Priority 3) • Percentage of students who have been home-visited by the

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. **Scope:** LEA-wide	include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way communication between families and educators using language that is understandable and accessible to families, and providing families with information and resources to support student learning and development in the home. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased home visit rate, ADA rate, and graduation rate, and decreased chronic absenteeism rate, dropout	teachers per year (Source: Local Indicator Priority 3, SIS) • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS) • High School Dropout Rate (Source: CDE DataQuest, CALPADS) • Graduation Rate (Source: CALPADS, CA School Dashboard) • Student Suspension Rate (Source: CA School Dashboard, CALPADS) • Student Expulsion Rate (Source:

4.3	**Action:** MTSS - PBIS and SEL support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. These student groups also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English	Considering the needs of our vulnerable student groups in mind, Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental,	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. **Scope:** LEA-wide	restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students. With the needs of our vulnerable students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect that this action will help provide a foundation for safe and positive learning, and enhance students' mental health and abilities to succeed in school, careers, and life. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate and graduation rate, and decreased	• High School Dropout Rate (Source: CDE DataQuest, CALPADS) • Graduation Rate (Source: CALPADS, CA School Dashboard) • Student Suspension Rate (Source: CA School Dashboard, CALPADS) • Student Expulsion Rate (Source: CDE DataQuest, CALPADS) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of

		chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual educational partner surveys in Goal 4: Action 4.	discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students, families, and staff to the question, "Overall, I am satisfied and would recommend this school to other students/families/ educators." (Source: Local Indicator Priority 6, Panorama Education)
4.4	**Action:** Annual educational partner surveys **Need:** It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP,	Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school	Goal 4: • School experience survey "participation rates" by students, families, and staff

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Educational partner voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage educational partners in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage educational partners in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. **Scope:** LEA-wide	leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide valuable feedback for school improvement. We also expect that this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.	(Source: Local Indicator Priority 6, Panorama Education) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students,

4.5	**Action:** Community outreach and partnerships **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. They also have lower ADA	Considering the needs of our vulnerable student groups in mind, Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities will result in increased and improved resources for our unduplicated students and will be particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. With the needs of our unduplicated students and their families in mind, this action will be provided	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 3: • Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard) • Percentage of seniors who have

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Similar to the current academic year, MSA-5 will utilize the concentration grant add-on funds ($107,875) in the following manner:

MSA-5 is using the concentration grant add-on funds received in a manner which is consistent with California Education Code Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

By adding these faculty/staff members, we aim to strengthen our ability to address the diverse needs of our student population and provide targeted support where it is most needed. This strategic allocation of funds will help create a more conducive learning environment and contribute to our student's overall growth and achievement.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

Powered by BoardOnTrack

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

Powered by BoardOnTrack

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
    - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
    - Inclusion of metrics other than the statutorily required metrics
    - Determination of the target outcome on one or more metrics
    - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
    - Inclusion of action(s) or a group of actions
    - Elimination of action(s) or group of actions
    - Changes to the level of proposed expenditures for one or more actions
    - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
    - Analysis of effectiveness of the specific actions to achieve the goal
    - Analysis of material differences in expenditures
    - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
    - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26**. Leave blank until then.	Enter information in this box when completing the LCAP for **2026–27**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26** and **2026–27**. Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

Powered by BoardOnTrack

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

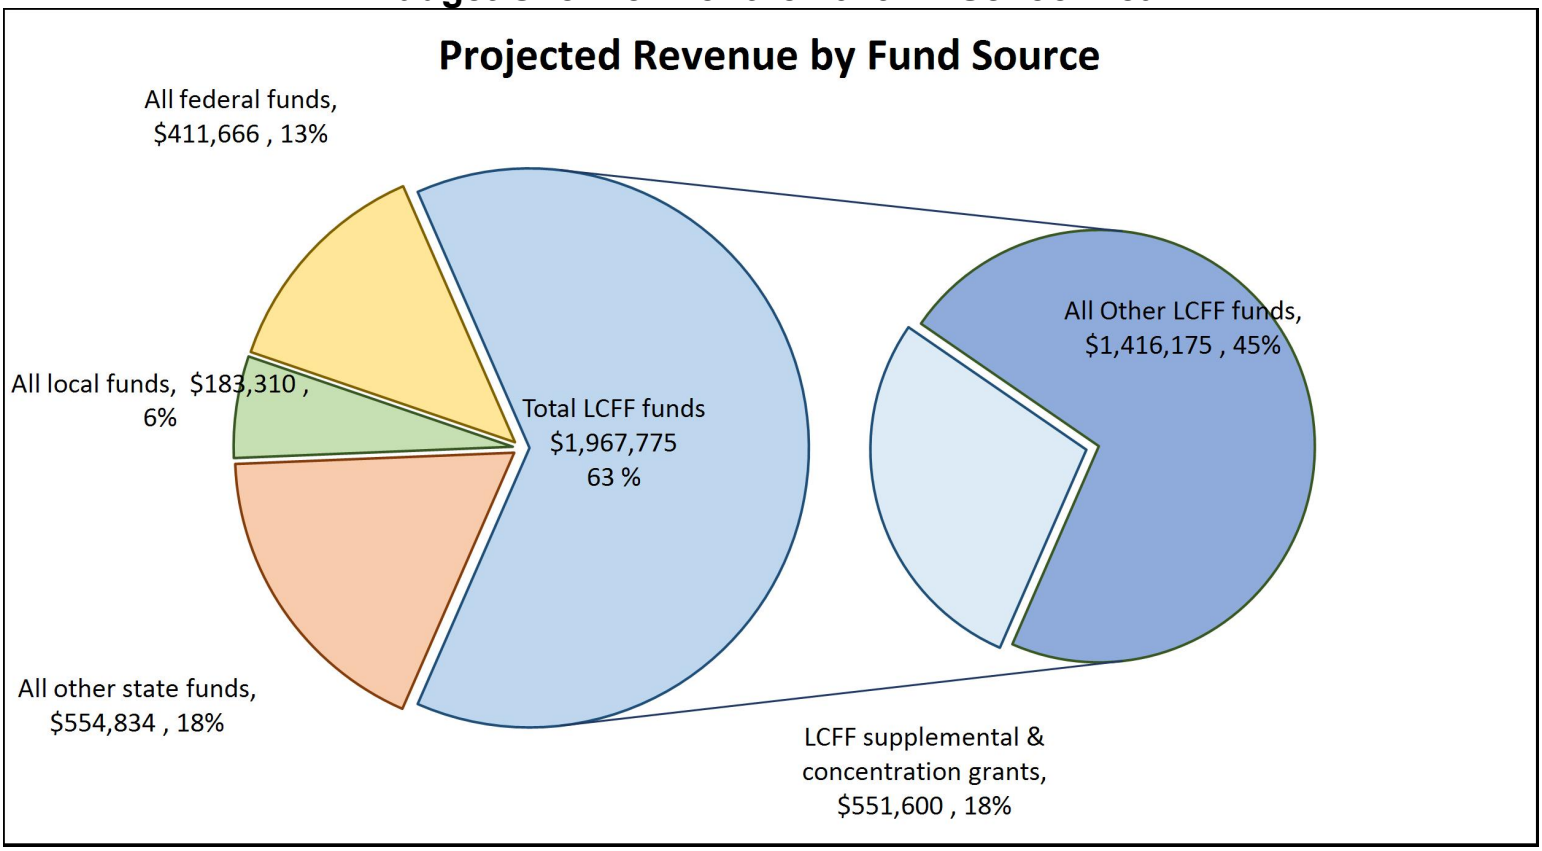
California Department of Education
November 2024

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy 6
CDS Code: 19-64733-0117648
School Year: 2026-27
LEA contact information:
James Choe
Principal
jchoe@magnoliapublicschools.org
(310) 842-8555

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (Foster Youth, English learners, and low-income students).

Budget Overview for the 2026-27 School Year

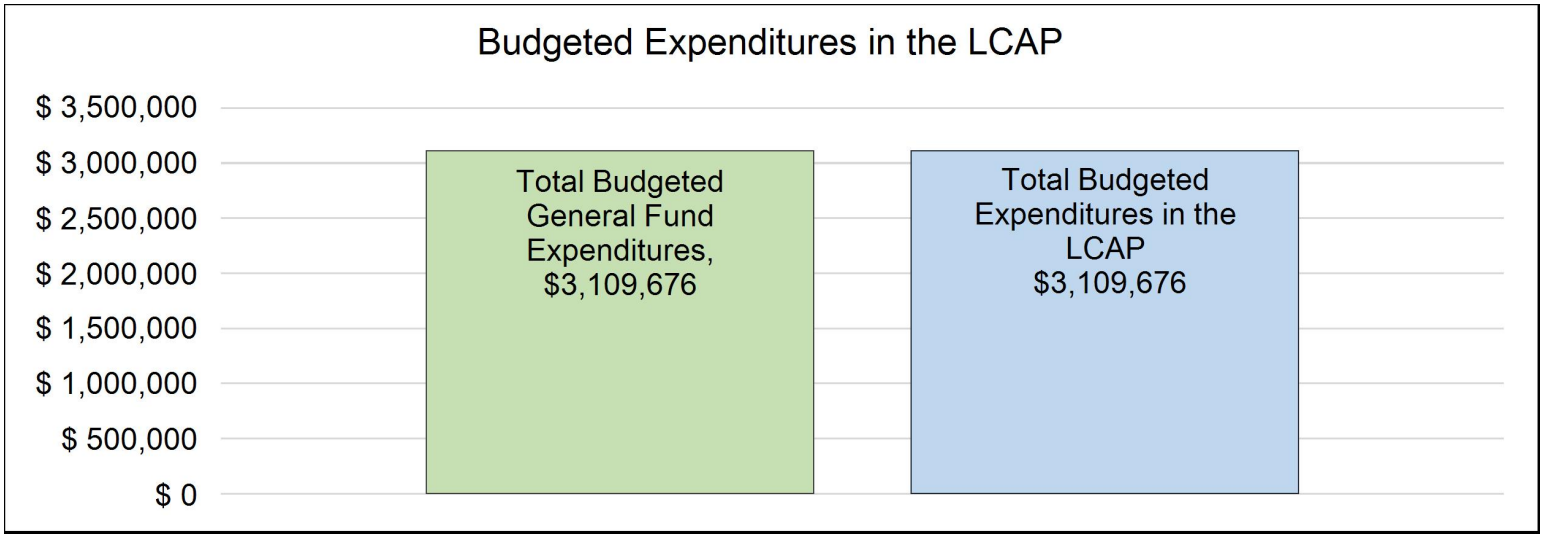


This chart shows the total general purpose revenue Magnolia Science Academy 6 expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy 6 is $3,117,585, of which $1,967,775 is Local Control Funding Formula (LCFF), $554,834 is other state funds, $183,310 is local funds, and $411,666 is federal funds. Of the $1,967,775 in LCFF Funds, $551,600 is generated based on the enrollment of high needs students (Foster Youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.



This chart provides a quick summary of how much Magnolia Science Academy 6 plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy 6 plans to spend $3,109,676 for the 2026-27 school year. Of that amount, $3,109,676 is tied to actions/services in the LCAP and $0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

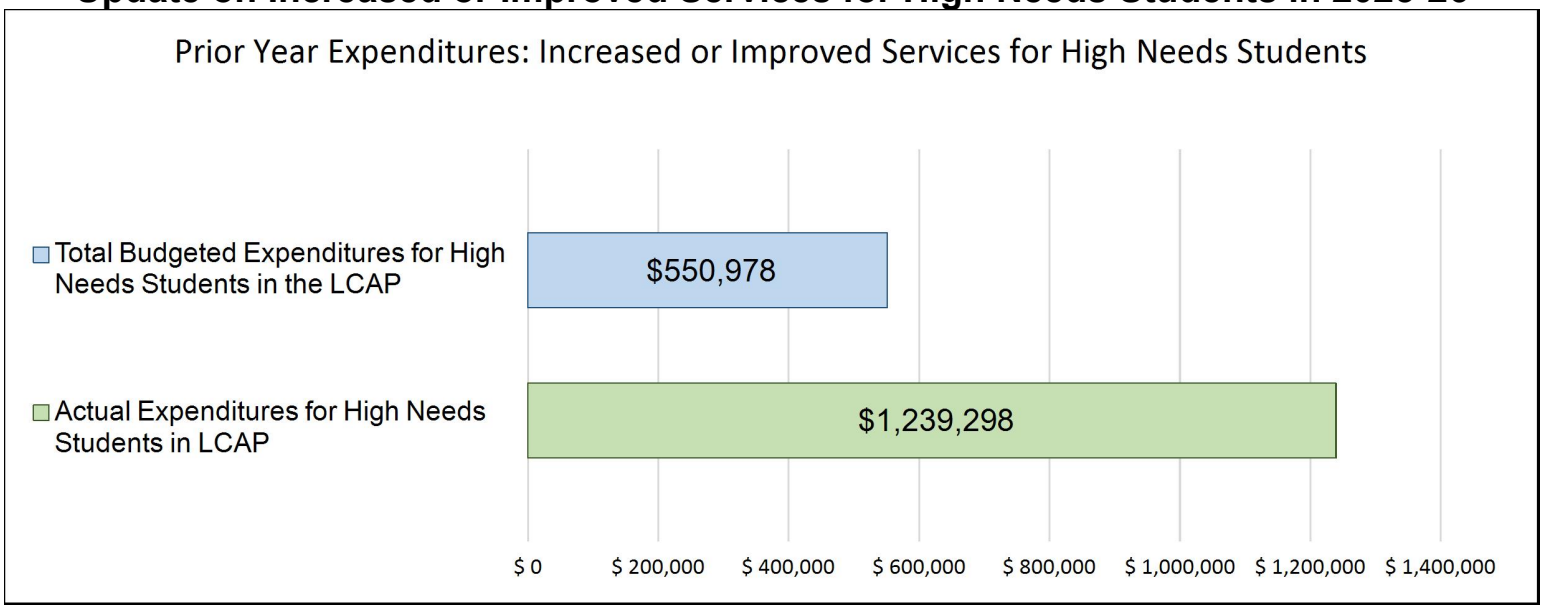
N/A

Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Magnolia Science Academy 6 is projecting it will receive $551,600 based on the enrollment of Foster Youth, English learner, and low-income students. Magnolia Science Academy 6 must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy 6 plans to spend $558,003 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2025-26



This chart compares what Magnolia Science Academy 6 budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy 6 estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, Magnolia Science Academy 6's LCAP budgeted $550,978 for planned actions to increase or improve services for high needs students. Magnolia Science Academy 6 actually spent $1,239,298 for actions to increase or improve services for high needs students in 2025-26.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Plan Summary [2026-27]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Magnolia Science Academy (MSA-6 or Charter School), is a classroom-based charter school serving grades 6-8 with a curriculum emphasis on science, technology, engineering, arts and math (STEAM). Originally founded in 2009, MSA-6's mission is to provide a college preparatory educational program emphasizing STEAM in a safe environment that cultivates respect for self and others.

MSA-6 currently has 160 students in grades 6-8, and mainly draws enrollment from Palms, Koreatown, and Mid-city, CA and its neighboring communities. The neighborhoods that MSA-6 serves are heavily immigrant with a language other than English spoken at home. A high concentration of the families MSA-6 serves faces economic challenges. MSA-6 has a diverse enrollment, including around 86% Hispanic/Latino, around 9% African American, and around 5% White. We are around 92% Socioeconomically Disadvantaged, 20% Special Education, and 20% English Learner population.

MSA-6 strives to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundation skills presented in ways that are relevant and inspiring for our students. Classroom instruction at MSA-6 is supplemented by its clubs and after-school programs and with its ASES program with Think Together that runs until 6 pm.

Magnolia Science Academy 6
Address: 4049 W. 8th St., Los Angeles, CA, 90005

Phone: 310-842-8555
Email: jchoe@magnoliapublicschools.org

Our Mission
Magnolia Public Schools provides a college preparatory educational program emphasizing science, technology, engineering, and math (STEAM) in a safe environment that cultivates respect for self and others.

Our Vision
Graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

INNOVATION
Students have the freedom to choose how and what they learn. Individualized scheduling, early identification of learning styles, personalities, interest, and career plans support students' college and career readiness. Students experience hands-on learning through robotics, computer science, and arts to promote imagination, creativity, and invention.

CONNECTION
School communities are integrated partnerships among the school site staff, families, students, and all other stakeholders. Connection creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internships, promote unity and better decision making through the implementation of restorative justice practices.

EXCELLENCE
Academic Excellence is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster academic excellence through project-based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

SUCCESSES

Magnolia Science Academy 6 demonstrated strong overall performance on the 2025 California School Dashboard and continued to make progress in several key areas connected to academic achievement, student engagement, school climate, and local indicators.

A major success was academic performance. The school earned a Green performance level in both English Language Arts and Mathematics. In English Language Arts, all students performed 16.2 points above standard and increased by 11.6 points from the prior year. In Mathematics, all students performed 17.0 points below standard but increased by 31.5 points, showing significant growth from the prior year. Student growth data were also very strong. English Language Arts Growth was rated Exceptional, with 80.0% of students improving

their score from the prior year. Mathematics Growth was also rated Exceptional, with 78.8% of students improving their score from the prior year.

Science performance was another area of strength. The school earned a Blue performance level in Science, with all students performing 60.3 points above standard and increasing by 7.5 points. Socioeconomically disadvantaged students also earned a Blue performance level in Science, performing 59.2 points above standard.

The school also showed positive progress in English Learner Progress. Although the Dashboard did not assign a color performance level for this indicator, 57.1% of English Learners made progress toward English language proficiency, which was higher than the statewide rate of 46.4%. In addition, 52.4% of English Learners progressed at least one ELPI level on the Summative ELPAC.

Attendance and school climate also showed improvement. Chronic absenteeism declined to 15.9%, a decrease of 4.6 percentage points from the prior year. The suspension rate declined to 3.7%, a decrease of 1.3 percentage points, and the school earned a Green performance level for Suspension Rate. Socioeconomically disadvantaged students had a suspension rate of 2.4%, which was also Green and declined by 2.9 percentage points. Students with disabilities had a 0.0% suspension rate, reflecting positive progress in behavior support and school climate.

All local indicators were marked Standard Met, including Basics: Teachers, Instructional Materials, Facilities; Implementation of Academic Standards; Parent and Family Engagement; Local Climate Survey; and Access to a Broad Course of Study. The school reported 89.5% clear teaching assignments, 0% of students without access to standards-aligned instructional materials, and 0 instances where facilities did not meet the good repair standard.

These results reflect the school’s continued use of data-driven instruction, intervention, MAP data, ICA/IAB data, afterschool tutoring, Saturday school, PBIS supports, teacher collaboration, and communication between general education and special education staff to support student progress.

CHALLENGES

While the school demonstrated many areas of strength, the Dashboard and local data also identify areas needing continued focus.

The lowest schoolwide performance level on state indicators was Yellow for Chronic Absenteeism. Although chronic absenteeism improved from the prior year, 15.9% of students were still chronically absent. Student groups with Yellow performance in Chronic Absenteeism included Hispanic students at 16.1% and socioeconomically disadvantaged students at 16.1%. Students with disabilities had a chronic absenteeism rate of 26.3%, but the Dashboard displayed this student group as Gray due to student group size or reporting rules. Because attendance directly affects academic achievement, student engagement, and connection to school, chronic absenteeism will remain a major area for continued monitoring and support.

English Learners also require targeted academic support. English Learners were Yellow in English Language Arts, performing 33.2 points below standard, and Yellow in Mathematics, performing 57.9 points below standard. Although English Learners improved in both ELA and

Math, they continue to perform below standard and need continued support in designated ELD, integrated ELD, academic vocabulary, reading comprehension, writing, and access to grade-level content.

Long-Term English Learners also require close attention. Long-Term English Learners performed 88.7 points below standard in ELA and 112.2 points below standard in Mathematics. Although the Dashboard displayed this group as Gray rather than assigning a performance color, the data show that LTELs need targeted intervention, language development, and academic supports.

Students with disabilities also remain an area for improvement. Students with disabilities performed 47.8 points below standard in ELA and 92.5 points below standard in Mathematics. Although this student group showed growth from the prior year and had a 0.0% suspension rate, academic performance data indicate the need for continued targeted instruction, accommodations, modifications, progress monitoring, and collaboration between general education and special education staff.

Mathematics remains an area for continued focus even though the school earned a Green performance level and made strong growth. All students were still 17.0 points below standard in Mathematics, and several student groups remained below standard, including English Learners, socioeconomically disadvantaged students, Hispanic students, Long-Term English Learners, and students with disabilities. The school will continue strengthening math instruction, intervention, data analysis, academic vocabulary, and foundational skills support.

Local climate survey data also indicate areas for growth. Students reported lower approval in sense of belonging and discipline, rules, and norms. The school will continue strengthening PBIS implementation, classroom expectations, restorative practices, student voice, and communication around behavior systems so students experience school discipline as fair, clear, and consistent.

As part of this reflection, Magnolia Science Academy 6 reviewed whether the school or any student group received the lowest performance level on one or more state indicators. No schoolwide state indicator was Red or Orange on the 2025 Dashboard. The lowest schoolwide color was Yellow for Chronic Absenteeism. No student group shown with a color performance level was Red or Orange. Student groups receiving Yellow performance levels included English Learners in English Language Arts and Mathematics, and Hispanic and socioeconomically disadvantaged students in Chronic Absenteeism. These areas will remain priorities in the LCAP through targeted academic intervention, English Learner supports, attendance monitoring, family outreach, PBIS/SEL supports, and progress monitoring.

Moving forward, Magnolia Science Academy 6 will continue to use Dashboard data, MAP data, ICA/IAB results, ELPAC data, course grades, attendance data, suspension data, survey results, and teacher input to identify student needs and refine supports. The school will continue strengthening early identification of students who are struggling academically, providing intervention before the end of the semester, expanding academic supports such as tutoring and Saturday school, improving attendance outreach, supporting English Learners and students with disabilities, and using PBIS and SEL strategies to improve school climate and belonging.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents	Magnolia Science Academy 6 engaged parents and families throughout the year through multiple opportunities for input, including Parent Advisory Committee meetings, Coffee with the Principal/Cafecito with the Admin, Parent Task Force meetings, ELAC meetings, Title I meetings, parent workshops, Parent College Program sessions, school events, surveys, home visits, and direct communication through ParentSquare, ClassDojo, Infinite Campus, phone calls, emails, and the school website. These engagement opportunities were offered in accessible formats, including virtual and in-person options, and translation support was provided as needed. During parent meetings, school leaders reviewed academic, attendance, school climate, and Dashboard data in a format intended to be understandable and accessible to families. Topics included progress in English Language Arts, Mathematics, Science, English Learner progress, chronic absenteeism, suspension rate, local indicators, school climate survey results, and LCAP goals and actions. Families were invited to ask questions, provide feedback, identify needs, and share priorities related to student learning, attendance, school climate, family communication, enrichment opportunities, and student support. Parent feedback helped the school identify continued priorities, including strengthening academic intervention, improving attendance outreach, supporting English Learners and students with disabilities,

Educational Partner(s)	Process for Engagement
	expanding family engagement opportunities, improving communication, strengthening PBIS and discipline consistency, and increasing students' sense of belonging. Families also provided input on school programs, parent engagement activities, community resources, and ways to make meetings and events more accessible for underrepresented families.
Students	Magnolia Science Academy 6 engaged students through school experience surveys, classroom discussions, student participation in PAC-related discussions when appropriate, advisory activities, informal feedback opportunities, and student input connected to school climate, academic support, extracurricular activities, safety, discipline, and sense of belonging. Student feedback was especially important in reviewing the school climate survey results and identifying areas of strength and areas for improvement. Students provided feedback on academic learning support, discipline rules and norms, safety, and sense of belonging. Student survey data showed strengths in academic support and safety, while also identifying areas for improvement in discipline fairness, belonging, student life, outdoor spaces, lunch options, clubs, and access to academic tools and supports. Students also expressed interest in expanded extracurricular opportunities such as sports, running, gaming, skateboarding, and other clubs. Student feedback was used to inform school priorities related to PBIS implementation, discipline consistency, student belonging, enrichment opportunities, school climate, academic intervention, and facilities/student life improvements. The school will continue to use student voice to guide continuous improvement and ensure that the LCAP reflects student needs and experiences.
Teachers	Teachers were engaged in the LCAP development process through staff meetings, professional development sessions, grade-level and department collaboration, data analysis meetings, instructional planning, MTSS conversations, IEP collaboration, and feedback opportunities related to LCAP goals, actions, and metrics. Teachers reviewed student achievement data, MAP data, ICA/IAB results, CAASPP/Dashboard outcomes, attendance patterns, course grade

Educational Partner(s)	Process for Engagement
	data, English Learner needs, and outcomes for students with disabilities. Teacher input helped the school identify academic and instructional priorities, including the need for earlier identification of students at risk of failing, stronger intervention systems, improved foundational skills support for incoming students, continued use of data-driven instruction, vocabulary and language supports for English Learners, cross-curricular academic strategies, and ongoing collaboration between general education and special education staff. Teachers also provided feedback on professional development, classroom observation and feedback systems, PBIS practices, school climate, academic interventions, tutoring, Saturday school, and strategies to strengthen student engagement. Their input influenced continued LCAP actions related to standards-aligned instruction, MTSS, professional development, English Learner supports, supports for students with disabilities, PBIS/SEL, and academic intervention.
School administrators	School administrators engaged in ongoing review and development of the LCAP through leadership meetings, data reviews, reflection on Dashboard and local data, budget review, staffing discussions, implementation monitoring, and collaboration with the MPS Home Office. Administrators reviewed academic performance, ELA and math growth, Science results, English Learner progress, chronic absenteeism, suspension data, local indicators, family engagement data, survey results, staffing needs, and progress toward LCAP goals. The administrative team analyzed areas of success, including Green performance in ELA and Mathematics, Blue performance in Science, Exceptional growth in ELA and Mathematics, improved chronic absenteeism, decreased suspension rates, and all local indicators marked Standard Met. Administrators also identified areas requiring continued attention, including chronic absenteeism, English Learner achievement, Long-Term English Learner outcomes, students with disabilities, math performance, staff and student belonging, and discipline consistency.

Educational Partner(s)	Process for Engagement
	Administrator input helped determine which LCAP actions should continue, which areas needed refinement, and how resources should be aligned to student needs. The administrative team also considered feedback from families, students, teachers, other staff, SELPA partners, surveys, and school performance data before finalizing priorities for the LCAP.
SELPA Partners	Magnolia Science Academy 6 engaged SELPA partners and special education support providers to ensure that the needs of students with disabilities were considered in the development of the LCAP. Consultation and collaboration occurred through special education program review, IEP-related discussions, service delivery planning, compliance monitoring, and conversations about how to improve academic access, accommodations, modifications, and support for students with disabilities. SELPA-related feedback helped the school review the effectiveness of supports for students with disabilities, including access to grade-level instruction, collaboration between general education and special education staff, progress monitoring, academic intervention, behavioral supports, and appropriate implementation of IEP services. Dashboard and local data showed that students with disabilities continue to need targeted academic support in ELA and Mathematics, even as suspension outcomes improved. This input informed continued LCAP actions related to services for students with disabilities, MTSS, academic intervention, PBIS/SEL supports, staff collaboration, progress monitoring, and ensuring that students with disabilities receive equitable access to programs and services.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The adopted LCAP was influenced by feedback from parents, students, teachers, school administrators, other school personnel, SELPA partners, school surveys, Dashboard data, and local performance data. Educational partner input confirmed that Magnolia Science Academy 6 should continue actions that are showing positive results while refining areas that need additional support.

Feedback and data supported continuing the school's focus on basic services, safe and well-maintained facilities, access to standards-aligned instructional materials, appropriately assigned teachers, and Home Office support. Educational partners also supported continued

emphasis on academic excellence, including data-driven instruction, MTSS, intervention, tutoring, Saturday school, English Learner supports, and supports for students with disabilities.

Educational partner feedback also influenced the school's focus on improving chronic absenteeism, increasing family engagement, strengthening home visits, improving student belonging, clarifying discipline expectations, expanding PBIS and SEL supports, and providing more enrichment and extracurricular opportunities. Families and students identified the importance of communication, school climate, safety, belonging, and access to academic and social-emotional support. Teachers and staff emphasized the need for earlier identification of struggling students, stronger intervention systems, and continued collaboration across general education, special education, and support staff.

As a result, the LCAP continues and refines actions related to instructional quality, academic intervention, ELD, special education supports, family engagement, attendance outreach, PBIS/SEL, school climate, student voice, community partnerships, and well-rounded learning opportunities. The final LCAP reflects both the school's performance data and the priorities shared by educational partners throughout the engagement process.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned and high-quality instructional materials, and appropriately maintained school facilities.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	The percentage of teaching assignments that have an assignment monitoring outcome of "clear" (Source: Local Indicator Priority 1, CDE DataQuest TAMO by FTE Report)	2021-22: 100.0%	2022-23: 87.0%	2023-24: 89.5%	2024-25: > 85%	-10.5 percentage points
1.2	Percentage of students without access to their	2023-24: 0%	2024-25 (As of 6/5/25):	2025-26 (As of 5/22/26):	2026-27: 0%	1.2

1.5	Teacher attendance rate (Source: HRIS)	2023-24: (As of 5/15/24) 95.6%	2024-25: (As of 5/31/25) 94.2%	2025-26 (As of 5/15/26): 95.2%	2026-27: >= 95.0%	-0.4 percentage points

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Overall, Goal 1 was implemented with fidelity during the 2025–26 school year. Magnolia Science Academy 6 continued to provide students and staff with access to the basic services necessary for a safe, secure, healthy, and high-quality learning and working environment. The school maintained standards-aligned instructional materials for all students, monitored facility conditions, supported teacher credentialing and assignment monitoring, provided access to healthy meals, and received ongoing operational and compliance support from the MPS Home Office.

Implementation of the planned actions was largely consistent with the LCAP. Students continued to have access to their own copies of standards-aligned instructional materials for use at school and at home, with 0% of students lacking access. Facilities were maintained in good repair, with 0 identified instances of deficiencies or extreme deficiencies. Teacher attendance remained strong at 95.2%, meeting the annual target of at least 95.0%.

Teacher retention was an area of continued focus. The 2025–26 teacher retention rate was 75%, which was below the 2024–25 outcome of 86% and below the 2026–27 target of at least 80%. This indicates a need to continue strengthening staff support, onboarding, professional development, and retention strategies. Assignment monitoring and credential compliance also remain important areas for continued oversight to ensure all teachers are appropriately assigned and properly credentialed.

Key successes included full access to standards-aligned instructional materials, facilities maintained in good repair, and strong teacher attendance. Key challenges included improving teacher retention and continuing proactive systems for credential monitoring, assignment monitoring, and staffing stability.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1 Action 1
Budgeted: $12,569.00
Estimated Actual: $18,730.00
Explanation: Estimated actual expenditures were higher than budgeted due to increased costs related to teacher assignments, credentialing, recruitment, and human resources support. The difference did not substantially change implementation of the action.

Goal 1 Action 2
Budgeted: $110,772.43
Estimated Actual: $161,539.46
Explanation: Estimated actual expenditures exceeded the budgeted amount due to additional spending on instructional materials, textbooks, technology, and related resources needed to support student access to standards-aligned instructional materials and technology-based learning resources.

Goal 1 Action 3
Budgeted: $401,070.00
Estimated Actual: $367,974.00
Explanation: Estimated actual expenditures were lower than budgeted. The difference did not substantially affect implementation, as the school continued to maintain clean, safe, and well-maintained facilities with 0 identified instances of facilities not meeting the good repair standard.

Goal 1 Action 4
Budgeted: $4,240.00
Estimated Actual: $6,800.00
Explanation: Estimated actual expenditures were higher than budgeted due to increased costs associated with providing healthy and nutritious meals, water, refreshments, and related student wellness supports. The difference did not substantially change implementation of the action.

Goal 1 Action 5

Budgeted: $232,137.36
Estimated Actual: $236,475.53
Explanation: Estimated actual expenditures were slightly higher than budgeted due to increased Home Office support and back-office service costs. The difference did not substantially change implementation of the action.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions implemented under Goal 1 were generally effective in supporting progress toward a safe, well-maintained, and high-quality learning environment.

Action 1.1, Teacher assignments and credentials, was partially effective. The school continued to work with the MPS Human Resources team to review credentials, background clearances, TB clearances, teacher assignments, and HRIS documentation. These systems supported compliance and appropriate staffing. However, teacher retention declined to 75%, indicating that additional attention is needed to strengthen staff retention and support systems.

Action 1.2, Instructional materials and technology, was effective. The school maintained 0% of students without access to standards-aligned instructional materials for use at school and at home. Additional expenditures for instructional materials, textbooks, technology, and related resources supported implementation and helped ensure students had the tools needed to access instruction.

Action 1.3, Clean and safe facilities that support learning, was effective. The school maintained facilities in good repair, with 0 identified instances of deficiencies or extreme deficiencies. Ongoing inspections, maintenance, cleaning, safety planning, and repairs supported a safe and functional learning environment for students and staff.

Action 1.4, Healthy and nutritious meals, was effective. The school continued to provide access to healthy and nutritious meals, particularly in support of low-income students. This action helped address student wellness, readiness to learn, attendance, and overall engagement.

Action 1.5, Well-orchestrated Home Office support services, was effective. MPS Home Office services supported the school in areas such as academics, accountability, operations, IT, facilities, finance, human resources, external relations, and compliance. These services helped reduce administrative burden and supported the school’s ability to maintain basic services and meet charter and LCAP expectations.

Overall, the actions were effective in maintaining instructional materials, facilities, teacher attendance, meals, and operational support. Teacher retention remains the primary area requiring continued refinement and targeted support.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on reflection on 2025–26 implementation and outcomes, the school will continue the planned Goal 1 actions with targeted refinements rather than major changes. The overall goal remains appropriate because students and staff continue to need access to basic services, safe facilities, high-quality instructional materials, appropriately assigned and credentialed teachers, healthy meals, and coordinated Home Office support.

For teacher assignments and credentials, the school will continue earlier and more frequent credential reviews, master schedule checks, and coordination with MPS Human Resources. The school will also continue supporting teachers with credentialing requirements and maintaining timely documentation.

For teacher retention, the school will strengthen onboarding, mentorship, professional development, staff recognition, and administrator support in order to improve retention toward the target of at least 80%. Retention will be monitored closely throughout the year so that support can be provided earlier when concerns arise.

For teacher attendance, the school will continue current practices because the 2025–26 outcome of 95.2% met the target of at least 95.0%. The school will continue monitoring attendance and promoting staff wellness to sustain this progress.

No major changes are needed for instructional materials or facilities because the school met expectations in both areas, with 0% of students lacking access to standards-aligned materials and 0 identified facility deficiencies. These areas will continue to be monitored to ensure sustained compliance.

The healthy meals action will continue because it supports student wellness, readiness to learn, and access for low-income students. The school will continue implementing the MPS Wellness Policy and encouraging participation in school meal programs.

The Home Office support action will also continue because it provides essential operational, compliance, fiscal, human resources, facilities, IT, academic, accountability, and external relations support that helps the school maintain effective systems and meet LCAP and charter goals.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	Magnolia Science Academy 6 (Charter School) and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Magnolia Science Academy 6 will support our teachers' credentialing needs. Magnolia Science Academy 6 will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Magnolia Science Academy 6 uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides	$14,108.00	No

Action #	Title	Description	Total Funds	Contributing
		administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: N/A		
1.2	Instructional materials and technology	Magnolia Science Academy 6 will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Magnolia Science Academy 6 will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Magnolia Science Academy 6 will annually review budgets and plans to ensure adequate budget for instructional materials. Magnolia Science Academy 6 will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Magnolia Science Academy 6 will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: N/A	$138,053.22	No

Action #	Title	Description	Total Funds	Contributing
1.3	Clean and safe facilities that support learning	Magnolia Science Academy 6 will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Magnolia Science Academy 6will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Magnolia Science Academy 6 will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Magnolia Science Academy 6custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Magnolia Science Academy 6 will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Magnolia Science Academy 6 will procure and maintain necessary safety/emergency supplies, equipment and items. Magnolia Science Academy 6 will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A	$356,616.00	No
1.4	Healthy and nutritious meals	Magnolia Science Academy 6will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Magnolia Science Academy 6will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the	$5,240.00	Yes

Action #	Title	Description	Total Funds	Contributing
		development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Magnolia Science Academy 6 will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A		
1.5	Well-orchestrated Home Office support services	The MPS Home Office provides services to the Magnolia Science Academy 6, supports and holds accountable the Magnolia Science Academy 6 for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Magnolia Science Academy 6's administration and enables the Magnolia Science Academy 6 to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4. Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.) The following expenditures will be funded by federal Title funds: -Clerical & Tech: Federal CSP; Amount: $25,431.21 -STRS: Federal CSP; Amount: $4,859.04 -OASDI/Medicare: Federal CSP; Amount: $368.88 -Health & Welfare Benefits: Federal CSP; Amount: $4,652.63 -Unemployment Insurance: Federal CSP; Amount: $127.20	$328,785.07	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Graduate Profile,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence.	Broad Goal

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Magnolia Science Academy 6 desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Magnolia Science Academy 6 will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high quality differentiated environment where students are supported to engage at their optimal levels. Magnolia Science Academy 6 will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Magnolia Science Academy 6 will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.1	Percentage of students who have sufficient access to all programs and services, as applicable, including the programs and services	2023-24: 100%	2024-25: (As of 6/5/25) 100%	2025-26 (As of 5/22/26): 100%	2026-27: 100%	0 percentage points

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	developed and provided to unduplicated students and to individuals with exceptional needs, and the programs that are provided to benefit these students (Source: Local Indicator Priority 7, SIS)					
2.2	Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow)	2023-24: (As of 5/24/24) 100%	2024-25: (As of 5/29/25) 88%	2025-26 (As of 6/10/26): 60%	2026-27: >= 85%	-40 percentage points
2.3	Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS)	2023-24: (First semester) 90%	2024-25: (First semester) 94%	2025-26 (First semester): 70%	2026-27: (First semester) >= 80%	-20 percentage points
2.4	Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest)	2022-23: -All Students: 60.22% -English Learners: 7.69% -Socioeconomically Disadvantaged: 61.37% -Students with Disabilities: 25.00% -Asian: * -Hispanic: 59.77%	2023-24: -All Students: 55.35% -English Learners: 0.00% -Socioeconomically Disadvantaged: 56.08%	2024-25: -All Students: 53.17% -English Learners: 0.00% -Socioeconomically Disadvantaged: 53.88%	2025-26: -All Students: >= 55.00% -English Learners: >= 10.00% -Socioeconomically Disadvantaged: >= 55.00% -Students with	-All Students: -7.05 percentage points -English Learners: -7.69 percentage points -Socioeconomically Disadvantaged: -7.49 percentage points
