Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Overall, Goal 2 was implemented with a continued focus on academic excellence, equitable access to a broad course of study, standards-aligned instruction, professional development, MTSS academic supports, English Learner services, and supports for students with disabilities. Magnolia Science Academy 6 continued to provide students with access to a high-quality core curricular and instructional program aligned to California content standards and the school's Graduate Profile competencies, including literacy, a learner's mindset, and critical thinking.

The school maintained strong implementation in access-related areas. The percentage of students with sufficient access to all programs and services, including services for unduplicated students and students with exceptional needs, remained at 100%. This indicates that the school continued to provide equitable access to the academic program and related supports.

Several academic and instructional implementation indicators show areas of strength and areas needing improvement. Classroom observation completion was 60%, below the 2026–27 target of at least 85%. This indicates a need to strengthen systems for completing formal and informal classroom observations and ensuring that teachers receive timely instructional feedback. The percentage of students earning a grade of "C" or better in core subjects and electives was 70%, below the target of at least 80%, indicating a need for earlier academic monitoring and intervention for students at risk of earning D or F grades.

ELA outcomes were mixed. The percentage of all students meeting or exceeding standards in ELA/Literacy was 53.17%, which was slightly below the target of at least 55.00%. English Learners remained at 0.00% meeting or exceeding standard in ELA, indicating a continued need for targeted language development, literacy intervention, designated ELD, and integrated ELD supports. At the same time, ELA Distance from Standard improved for all students to 16.2 points above standard and improved for several student groups. English Learners improved but remained 33.2 points below standard, and students with disabilities improved but remained 47.8 points below standard.

Mathematics outcomes showed stronger progress. The percentage of all students meeting or exceeding standards in Mathematics increased to 42.40%, exceeding the target of at least 37.00%. English Learners also exceeded the target in Mathematics, with 26.32% meeting or exceeding standards. Mathematics Distance from Standard improved for all students to 17.0 points below standard, reflecting significant progress from the prior year, though continued support is needed because all students and several student groups remain below standard.

MAP Reading results showed positive growth from fall to spring. Across grades 6–8, 96 of 148 students met their MAP Reading growth projection, or approximately 64.9%. Grade 6 had 67% of students meet growth, Grade 7 had 53%, and Grade 8 had 75%. Student group results also showed progress: English Learners had approximately 59.1% meet Reading growth, socioeconomically disadvantaged students had approximately 64.7%, students with disabilities had 60.0%, Hispanic students had approximately 63.5%, and Asian students had approximately 71.4%. Reading Conditional Growth results were also strong, with the overall weighted CGI above 0 and the weighted CGP above the 50th percentile.

MAP Mathematics results also showed positive growth, though results varied by grade and subgroup. Across grades 6–8, 83 of 149 students met their MAP Mathematics growth projection, or approximately 55.7%. Grade 6 had 63% of students meet growth, Grade 7 had 40%, and Grade 8 had 65%. Student group results included approximately 59.1% of English Learners meeting Mathematics growth, approximately 56.9% of socioeconomically disadvantaged students, 64.0% of students with disabilities, approximately 52.0% of Hispanic students, and approximately 85.7% of Asian students. The overall Mathematics weighted CGI was above 0 and the weighted CGP was above the 50th percentile, indicating growth above national growth norms overall.

Key successes included maintaining 100% access to academic programs and services, improving Mathematics achievement and Distance from Standard, demonstrating positive MAP Reading and Mathematics growth overall, and showing strong MAP Reading and Mathematics growth in several student groups. Key challenges included classroom observation completion, course grade performance, ELA proficiency for English Learners, continued Mathematics performance below standard for several groups, and ensuring that academic interventions are targeted early enough to improve course grades and standards-based outcomes.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 2 Action 1
Budgeted: $705,694.24
Estimated Actual: $747,208.41
Explanation: This increase was primarily due to final staffing and instructional costs coming in higher than originally projected. The action was implemented as planned to support standards-aligned instruction, core academic programming, curriculum, instructional materials, and related staffing. The higher estimated actual expenditures did not change the purpose of the action and continued to support improved student academic outcomes.

Goal 2 Action 2
Budgeted: $25,696.00
Estimated Actual: $37,914.00
Explanation: This increase was due to greater-than-budgeted costs associated with professional development, training, coaching, and staff learning opportunities. The additional expenditures supported continued implementation of professional learning aligned to instructional improvement, student achievement, and effective classroom practices.

Goal 2 Action 3
Budgeted: $222,090.17
Estimated Actual: $191,005.27
Explanation: This decrease was primarily due to final costs for MTSS, academic intervention, academic enrichment, and student support services coming in below the original projection. The action was still implemented to support students through targeted academic supports, intervention, enrichment opportunities, and monitoring of student progress. The lower estimated actual expenditure did not prevent implementation of the planned supports.

Goal 2 Action 4

Budgeted: $116,507.62
Estimated Actual: $82,233.26
Explanation: This decrease was related to final costs for designated and integrated ELD supports coming in lower than originally projected. The action continued to support English Learners through ELD instruction, language development supports, instructional strategies, and related services. The lower estimated actual expenditure did not significantly change the implementation of the action.

Goal 2 Action 5
Budgeted: $287,112.62
Estimated Actual: $394,319.28
Explanation: This increase was due to higher-than-budgeted costs associated with supports and services for students with disabilities, including specialized staffing, services, accommodations, and related student support needs. The increased expenditures supported the school's ability to provide required and appropriate services to students with disabilities and maintain access to academic programs and supports.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions implemented under Goal 2 were partially effective in making progress toward academic excellence. The school maintained strong access to programs and services and continued to provide core academic instruction, professional development, academic interventions, English Learner supports, and services for students with disabilities. MAP Reading and Mathematics growth results show that many students made measurable academic growth from fall to spring, while course grades, classroom observation completion, and CAASPP ELA outcomes indicate that several actions still need refinement.

Action 2.1, Broad course of study and standards, was generally effective in maintaining equitable access. The school maintained 100% student access to applicable programs and services, including services for unduplicated students and students with exceptional needs. This action supported access to a broad, standards-aligned instructional program. However, the percentage of students earning C or better in core subjects and electives was 70%, below the target of at least 80%, indicating a need to strengthen academic progress monitoring and course-based interventions.

Action 2.2, Professional development for high-quality instruction, was partially effective. Professional development continued to support standards-aligned instruction, differentiation, and instructional improvement. However, classroom observation completion was 60%, below the target of at least 85%. This suggests that the instructional coaching and observation cycle should be strengthened so teachers receive more consistent feedback and support throughout the year. Continued professional development should also focus on using MAP, CAASPP, course grade, and classroom assessment data to adjust instruction and provide targeted support.

Action 2.3, MTSS academic enrichment and intervention, was partially effective. MAP data show that MTSS and intervention supports contributed to academic growth for many students. Approximately 64.9% of students met MAP Reading growth projections, and approximately 55.7% met MAP Mathematics growth projections. English Learners, socioeconomically disadvantaged students, students with disabilities, and Hispanic students also showed measurable MAP growth in both Reading and Mathematics. However, course grade outcomes and CAASPP ELA proficiency results indicate that MTSS should be refined to identify students earlier, provide targeted interventions more consistently, monitor response to intervention, and adjust supports when progress is limited.

Action 2.4, Designated and integrated ELD, was partially effective but remains an area of significant need. English Learners demonstrated positive MAP growth, with approximately 59.1% meeting MAP Reading growth projections and approximately 59.1% meeting MAP Mathematics growth projections. English Learners also showed a positive Reading CGI and Mathematics CGI. However, English Learners remained at 0.00% meeting or exceeding standard on CAASPP ELA/Literacy and continued to perform below standard on both ELA and Mathematics Distance from Standard. This indicates that designated and integrated ELD should continue and be strengthened, with an emphasis on academic vocabulary, language production, reading comprehension, writing, and access to grade-level content.

Action 2.5, Support for students with disabilities, was partially effective. Students with disabilities demonstrated MAP growth, with 60.0% meeting MAP Reading growth projections and 64.0% meeting MAP Mathematics growth projections. However, students with disabilities continued to perform below standard on CAASPP ELA and Mathematics Distance from Standard. This indicates a continued need for targeted academic support, progress monitoring, collaboration between general education and special education staff, accommodations, modifications, and interventions aligned to IEP goals.

Overall, Goal 2 actions supported continued access and academic growth, particularly as reflected in MAP Reading and Mathematics growth data. Additional refinement is needed to improve classroom observation completion, course pass rates, ELA achievement, English Learner outcomes, Mathematics performance for students below standard, and outcomes for students with disabilities.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

For action 2.1, the school will continue providing a broad course of study and standards-aligned instruction for all students. The school will strengthen academic monitoring systems to improve the percentage of students earning a C or better in core subjects and electives. Staff will identify students at risk of earning D or F grades earlier in the semester and provide targeted support through tutoring, intervention, teacher communication, family outreach, and progress monitoring.

For Action 2.2, the school will strengthen the classroom observation and feedback cycle. Since observation completion was 60%, administrators will use a clearer observation calendar, monitor completion regularly, and ensure that formal and informal observations are completed throughout the year. Feedback from observations will be connected to professional development, coaching, instructional priorities, and student performance data, including MAP Reading and Mathematics results.

For Action 2.3, the school will refine MTSS implementation to provide earlier and more targeted academic support. MAP data show that students made growth overall, but results varied by grade level and student group. The school will continue using MAP Reading, MAP Mathematics, CAASPP, course grade, classroom assessment, and teacher referral data to identify students for intervention. Greater attention will be placed on monitoring whether students respond to interventions and adjusting supports when progress is limited.

For Action 2.4, the school will strengthen designated and integrated ELD. English Learners showed positive MAP growth, but CAASPP ELA proficiency and Distance from Standard results indicate the need for continued focus on language development, academic vocabulary, reading comprehension, writing, and structured academic discourse. Teachers will continue to receive support in integrating language

objectives and scaffolds into core instruction, while English Learners will receive targeted support based on proficiency level and assessment data.

For Action 2.5, the school will continue providing services and supports for students with disabilities in alignment with IEPs. Students with disabilities showed positive MAP growth in both Reading and Mathematics, but continued below-standard CAASPP performance indicates the need for ongoing targeted support. The school will strengthen collaboration between special education and general education staff, monitor progress toward IEP goals, and use student performance data to adjust supports. Additional attention will be given to improving access to grade-level instruction while providing accommodations, modifications, and interventions as needed.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: N/A	$796,295.84	No
2.2	Professional development for high-quality instruction	Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS,	$25,791.00	Yes

Action #	Title	Description	Total Funds	Contributing
		NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees. The following expenditures will be funded by federal Title funds: -Professional Development: Title II; Amount: $16,000.00 -Prof Dev-Other: Title II; Amount: $6,000.00		
2.3	MTSS - Academic enrichment, intervention, and student support	Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study	$207,379.58	Yes

Action #	Title	Description	Total Funds	Contributing
		Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Dean of Academics salary and benefits, Title-I coordinator salary and benefits, instructional aide salaries and benefits, intervention teacher salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Abre data visualization software fees, and evidence-based supplemental intervention/enrichment program fees (Edgenuity, ALEKS, IXL, Standards Plus, Quizizz, Padlet, BrainPOP, NextGenMath, Grammarly, Flocabulary, Nearpod, Newsela, and myON.) The following expenditures will be funded by federal Title funds: -Educational Software: Title I; Amount: $12,195.80 -Educational Software: Title IV, Part A ESEA (ESSA); Amount: $4,554.38 -Teacher Salaries: Title I; Amount: $34,552.00 -STRS: Title I; Amount: $4,689.43 -OASDI/Medicare: Title I; Amount: $356.00 -Health & Wellness Benefits: Title I; Amount: $1,953.97 -Unemployment Insurance: Title I; Amount: $122.76		
2.4	Designated and integrated ELD programs and support for ELs	Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable	$82,163.56	Yes

Powered by BoardOnTrack

Action #	Title	Description	Total Funds	Contributing
		students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits, and Rosetta Stone program fees. The following expenditures will be funded by federal Title funds: N/A		
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries	$280,030.92	No

Action #	Title	Description	Total Funds	Contributing
		and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: -SpEd Ctrct Inst: IDEA SPED; Amount: $71,000.00		

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.	Broad Goal

State Priorities addressed by this goal.

Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 2.0%	2024-25: (As of 6/5/25) 4.0%	2025-26 (As of 5/22/26):3%	2026-27: >= 10%	+1 percentage point

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.2	Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 100%	2024-25: (As of 6/5/25) 100.0%	2025-26 (As of 5/22/26): 100%	2026-27: >= 90%	0 percentage points
3.3	Percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 92.0%	2024-25: (As of 6/5/25) 100.0%	2025-26 (As of 5/22/26): 98%	2026-27: >= 80%	+6 percentage points

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Overall, Goal 3 was implemented with a continued focus on innovation, college and career readiness, STEAM learning, digital literacy, physical education, and well-rounded enrichment opportunities. Magnolia Science Academy 6 continued to provide students with access to learning experiences that support creativity, adaptability, technology use, critical thinking, and readiness for college, careers, and the global world.

Implementation was strongest in technology integration and STEAM participation. The percentage of students in the current graduating class who took a Computer/Technology course and/or experienced blended learning remained at 100%, exceeding the 2026–27 target of at least 90%. This indicates that technology and blended learning opportunities continue to be embedded effectively in the instructional program.

STEAM project participation also remained strong. In 2025–26, 98% of students created or demonstrated a STEAM-focused project, experiment, model, or demo. Although this was slightly lower than the 2024–25 outcome of 100%, it remained well above the 2026–27 target of at least 80% and demonstrates continued schoolwide emphasis on STEAM learning, project-based learning, and student demonstration of learning.

The primary area for improvement is participation in Accelerated and/or Advanced Math courses or clubs. In 2025–26, 3% of students were enrolled in an Accelerated/Advanced Math course and/or Advanced Math club. This was slightly lower than the 2024–25 outcome of 4% and remains below the 2026–27 target of at least 10%. This indicates the need to strengthen recruitment, scheduling, student identification, and academic preparation pathways so that more students can access advanced math opportunities.

Key successes included sustained universal access to technology or blended learning experiences and continued high participation in STEAM projects. Key challenges included increasing student participation in advanced math opportunities and ensuring that enrichment programs are accessible, visible, and supported across grade levels.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3 Action 1
Budgeted: $0.00
Estimated Actual: $0.00
Explanation: There were no substantial differences between budgeted and estimated actual expenditures.

Goal 3 Action 2
Budgeted: $1,590.00
Estimated Actual: $1,590.00
Explanation: There were no substantial differences between budgeted and estimated actual expenditures.

Goal 3 Action 3
Budgeted: $318.00
Estimated Actual: $318.00
Explanation: There were no substantial differences between budgeted and estimated actual expenditures.

Goal 3 Action 4
Budgeted: $107,539.65
Estimated Actual: $104,244.91
Explanation: Estimated actual expenditures were slightly lower than budgeted. The difference did not substantially change implementation of the action, and the school continued to provide physical education, activity, and fitness opportunities for students.

Goal 3 Action 5
Budgeted: $99,210.06
Estimated Actual: $120,764.37
Explanation: Estimated actual expenditures were higher than budgeted due to additional costs associated with well-rounded educational programs and activities, including enrichment opportunities, supplemental materials, field trips, clubs, afterschool programming, and related supports. The difference helped enhance implementation of the action. Inflation has been a contributing factor when it comes to all of the programs that we use to help keep a well-rounded school.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions implemented under Goal 3 were generally effective in supporting innovation, STEAM engagement, technology integration, physical education, and well-rounded student learning opportunities. However, actions related to expanding accelerated and advanced math participation were only partially effective and require additional attention.

Action 3.1, College/Career readiness programs and activities, was generally effective in supporting a college-going culture and exposing students to college and career pathways. While this action does not have a separate stand-alone metric in Goal 3, it supports broader student engagement, academic motivation, and readiness for future opportunities, particularly for unduplicated students who may need additional guidance and exposure to college and career options. That said, we run a few events that help encourage college/career readiness with things like High School fairs, Career fairs, and alumni days.

Action 3.2, STEAM and GATE programs, was partially effective. The action was effective in supporting STEAM project participation, with 98% of students creating or demonstrating a STEAM-focused project, experiment, model, or demo. This indicates strong schoolwide engagement in STEAM activities. However, the advanced math participation rate was 3%, which remains below the target of at least 10%. This suggests that the school should strengthen early identification of students, outreach to families, scheduling options, and academic supports that prepare students to participate in advanced math courses or clubs.

Action 3.3, Digital literacy and citizenship programs, was effective. The school maintained 100% participation among students in the current graduating class who took a Computer/Technology course and/or experienced blended learning. This demonstrates that digital literacy, technology access, and blended learning opportunities are well integrated into the student experience. Continued attention to digital citizenship, responsible technology use, Artificial Intelligence, online safety, privacy, and digital communication will further strengthen this action.

Action 3.4, Physical education, activity, and fitness, was effective in supporting the school’s goal of providing a well-rounded education and promoting healthy, active lifestyles. While the metrics in Goal 3 focus primarily on STEAM, advanced math, and technology, this action remains an important part of the broader innovation goal by supporting student wellness, physical activity, and readiness to learn.

Action 3.5, Additional programs and activities that support well-rounded education, was generally effective in expanding student access to enrichment opportunities beyond the core academic program. Dance, arts, music, clubs, field trips, afterschool programs, and ELO-P enrichment opportunities support creativity, adaptability, student engagement, and the development of well-rounded learners. Continued monitoring of participation and access will help ensure these opportunities benefit all student groups.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on reflection on 2025–26 implementation and outcomes, Magnolia Science Academy 6 will continue the Goal 3 actions with targeted refinements rather than major changes to the overall goal. The goal remains appropriate because students continue to need access to innovative, well-rounded, STEAM-focused, technology-rich learning experiences that prepare them for college, careers, and the global world.

For Action 3.1, the school will continue promoting a college-going culture through college and career activities, materials, and opportunities for exploration. The school will continue to prioritize access for unduplicated students and students who may be the first in their families to pursue college.

For Action 3.2, the school will strengthen efforts to increase participation in Accelerated and/or Advanced Math courses and clubs. Since the 2025–26 outcome was 3%, below the target of at least 10%, the school will focus on early identification of eligible students, targeted outreach to students and families, expanded promotion of math clubs, and academic supports that help students feel prepared for advanced math opportunities. The school will also review scheduling and staffing barriers that may limit participation.

For Action 3.3, the school will continue digital literacy and citizenship programming because technology and blended learning participation remained at 100%. The school will continue to provide students with opportunities to use technology for research, communication, presentation, problem-solving, data analysis, digital creation, and responsible use of Artificial Intelligence and other emerging technologies.

For Action 3.4, the school will continue providing physical education, physical activity, and fitness opportunities to support student wellness and a well-rounded educational experience. The school will continue aligning physical education with state standards and supporting healthy habits that contribute to readiness to learn.

For Action 3.5, the school will continue offering additional programs and activities such as electives, arts, music, civics, languages other than English, clubs, field trips, afterschool programs, and summer enrichment opportunities. These programs will continue to support creativity, adaptability, student engagement, experiential learning, and the development of well-rounded learners.

No major changes are recommended to the Goal 3 metrics at this time. However, the school should continue monitoring whether the advanced math participation target is realistic based on staffing, student readiness, and scheduling, while still maintaining high expectations for expanding access. The school should also continue sustaining strong technology and STEAM participation outcomes while ensuring equitable access for all student groups.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	Charter School will promote a college-going culture through college visits, college/career days, and other college/career related activities. Expenditures associated with this action include the following: college/career-related materials and activities. The following expenditures will be funded by federal Title funds: N/A	$0.00	Yes

Action #	Title	Description	Total Funds	Contributing
3.2	STEM and GATE programs	Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. Expenditures associated with this action include the following: supplemental STEM program fees. The following expenditures will be funded by federal Title funds: N/A	$1,590.00	Yes
3.3	Digital literacy and citizenship programs	Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital	$318.00	Yes

Action #	Title	Description	Total Funds	Contributing
		rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity. Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. The following expenditures will be funded by federal Title funds: Educational Software: Title IV, Part A ESEA (ESSA); Amount: $318.00		
3.4	Physical education, activity, and fitness	Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal Title funds: PE supplies: Title IV, Part A ESEA (ESSA); Amount: $1,153.00	$120,018.28	Yes

Action #	Title	Description	Total Funds	Contributing
3.5	Additional programs and activities that support well-rounded education	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: -Arts & Music Supplies: Title IV, Part A ESEA (ESSA); Amount: $7,615.00	$116,615.00	Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
4	CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

School communities are integrated partnerships with the school site staff, families, students and all other educational partners. This sense of connection creates a safe place for all learners and educational partners to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and educational partner surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Overall, Goal 4 was implemented with a continued focus on connection, family engagement, attendance, school climate, student support, educational partner feedback, and community partnerships. Magnolia Science Academy 6 continued to provide opportunities for students, families, staff, and other educational partners to feel connected to the school community through advisory meetings, parent engagement events, surveys, home-school communication, MTSS/PBIS supports, SEL supports, and community outreach.

Family engagement remained a strength. The school held 9 Parent Advisory Committee meetings, exceeding the target of at least 8. The school also held 21 parent engagement activities/events, exceeding the target of at least 10. These outcomes indicate that the school continued to provide meaningful opportunities for families to participate, receive information, and provide input.

Attendance outcomes were also strong. The P-2 ADA rate was 95.10%, exceeding the target of at least 92.00%. This suggests that attendance monitoring, family communication, and student support efforts contributed to strong daily attendance.

Some areas require continued attention. ELAC meetings totaled 3, which was below the target of at least 4. Home visits reached 13.8%, slightly below the target of at least 15.0%. These results indicate a need to strengthen outreach to families of English Learners and improve planning, tracking, and completion of home visits.

The 2025–26 results for chronic absenteeism our percentage was at 16.5%, slightly higher than our 15.9% from the previous year. Our dropout rate was at 0% while it was at 5% last year. Our suspension rate was at 2.4% vs last years 3.7%. Our expulsion rate is at 0%, while school experience survey showed satisfaction of 82% from students, 95% from families, and 47% from staff. An area of growth being with the staff, while the students and families are relatively constant.

Key successes included strong PAC participation, parent engagement events, and ADA. Key challenges included increasing ELAC participation, improving home visit completion, and ensuring that all remaining school climate, discipline, survey, and retention data are entered and reviewed for continuous improvement.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 4 Action 1
Budgeted: $275.00
Estimated Actual: $275.00
Explanation: Capturing our parents, staff, and students thoughts through programs like parentsquare, meetings, and surveys had a minimal cost on our school with impactful benefits. The estimated actual and the budgeted amount was identical when implementing this action.

Goal 4 Action 2
Budgeted: $141,931.53
Estimated Actual: $135,751.77
Explanation: This difference was not material in relation to the overall action budget. The action was implemented substantially as planned, including family communication systems, parent engagement activities, home-school outreach, parent support, and related staffing. The lower estimated actual cost was primarily due to final personnel and non-personnel costs coming in slightly below the original projection.

Goal 4 Action 3
Budgeted: $138,243.00
Estimated Actual: $150,323.17
Explanation: This increase reflects greater-than-budgeted costs associated with student support, attendance support, school climate, PBIS/SEL implementation, and related staffing or services. The additional expenditures supported the continued implementation of MTSS, PBIS, SEL, attendance monitoring, and student support systems. Although costs exceeded the original budget, the action remained aligned with the intended purpose of improving student engagement, connection, and school climate.

Goal 4 Action 4
Budgeted: $1,060.00
Estimated Actual: $1,060.00
Explanation: The cost of the of the programs that we use, like panorama survey and or GPSN help us roll out surveys to help us build a community driven school. These surveys are done anonymously and gives the school insight on what the school needs based on the communities survey results. The survey does cost money, which gives the administration, and all who are interested, insight and analytics for us to process.

Goal 4 Action 5
Budgeted: $437,277.40
Estimated Actual: $407,019.17
Explanation: This decrease was related to final costs for community outreach, partnerships, staffing, enrollment support, marketing, branding, and related services being lower than originally projected. The action was still implemented to support community connection, outreach, partnerships, family engagement, and student access to resources. The lower estimated actual expenditure did not prevent implementation of the planned action.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions implemented under Goal 4 were generally effective in supporting family engagement, attendance, school connection, and student support. However, results related to ELAC meetings and home visits indicate that additional refinements are needed.

Action 4.1, Seeking family input for decision-making, was effective overall. The school held 9 PAC meetings, exceeding the annual target of at least 8. This indicates that families had regular opportunities to provide input and participate in school decision-making. However, ELAC meetings totaled 3, below the target of at least 4, so the school should strengthen scheduling, outreach, reminders, and participation supports for families of English Learners.

Action 4.2, Building relationships and partnerships with families for student outcomes, was effective overall but needs continued refinement. The school held 21 parent engagement activities/events, exceeding the annual target of at least 10. ADA was also strong at 95.10%, exceeding the target of at least 92.00%. These outcomes suggest that family engagement, communication systems, parent events, and student support efforts contributed positively to attendance and family-school connection. However, home visits reached 13.8%, slightly below the 15.0% target, so the school should strengthen systems for planning, tracking, and completing home visits.

Action 4.3, MTSS, PBIS, and SEL support, was generally effective in supporting student engagement, attendance, and school climate. The P-2 ADA rate increased to 95.10%, exceeding the target of at least 92.00%. Chronic absenteeism was 16.5%, which met the target of 20.0% or lower, although it increased slightly from 15.9% the prior year. The middle school dropout rate improved to 0.0%, meeting the target of 2.0% or lower. The suspension rate decreased to 2.4%, meeting the target of 2.5% or lower, and the expulsion rate remained at 0.0%, meeting the target of 0.50% or lower. These outcomes suggest that MTSS, PBIS, SEL, restorative practices, attendance interventions, and other student support systems contributed positively to student connection, behavior, and attendance. Continued attention should be given to reducing chronic absenteeism further and sustaining low discipline and dropout rates.

Action 4.4, Annual educational partner surveys, was partially effective. Student survey participation was 100%, exceeding the target of at least 95%, and family participation was 77.1%, exceeding the target of at least 75%. Staff participation improved to 88.2%, but remained below the target of at least 95%. Average approval rates met the student target at 73% and the family target at 96%, but staff approval was 69%, below the target of 80%. Overall satisfaction remained strong for students at 82% and families at 95%, meeting their respective targets; however, staff satisfaction was 47%, below the target of 85%. These results indicate that students and families continue to report generally positive experiences, while staff climate, engagement, and satisfaction should be a priority area for improvement.

Action 4.5, Community outreach and partnerships, was generally aligned to the goal of strengthening connection and support for students and families. The action supported attendance, outreach, enrollment, family communication, community partnerships, and access to resources. The strong ADA rate, continued parent engagement opportunities, and sustained student and family satisfaction suggest that outreach and partnership efforts contributed positively to school connection. Moving forward, the school should continue evaluating how community partnerships support attendance, family engagement, student support, and overall school climate.

Overall, Goal 4 actions were effective in sustaining strong family engagement, ADA, student retention, and positive student and family survey outcomes. Key strengths included 9 PAC meetings, 21 parent engagement activities, 95.10% ADA, a 0.0% dropout rate, a 2.4% suspension rate, a 0.0% expulsion rate, and strong student and family satisfaction. The primary areas requiring focused improvement are ELAC participation, home visit completion, chronic absenteeism reduction, staff survey participation, staff approval, and staff satisfaction.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on reflection on 2025–26 implementation and outcomes, Magnolia Science Academy 6 will continue the Goal 4 actions with targeted refinements rather than major changes to the overall goal. The goal remains appropriate because students, families, staff, and educational partners continue to need meaningful engagement opportunities, strong communication, and a safe and nurturing school environment.

For Action 4.1, the school will continue holding PAC, ELAC, PTF, Coffee with the Principal, and other input sessions. Since ELAC meetings fell below the annual target, the school will strengthen outreach to families of English Learners, provide earlier meeting calendars, increase reminders, and consider additional supports such as translation, flexible meeting times, and personal invitations to improve attendance and participation.

For Action 4.2, the school will continue family engagement events, communication through SIS and parent communication platforms, parent workshops, conferences, and home-school outreach. Since home visits were slightly below target, the school will establish clearer home visit timelines, assign responsibilities, monitor progress throughout the year, and prioritize home visits for students with attendance, academic, social-emotional, or engagement needs.

For Action 4.3, the school will continue MTSS, PBIS, SEL, restorative practices, attendance interventions, and student support systems. The school will continue using attendance, behavior, SEL, and school climate data to identify needs and adjust supports. Once chronic absenteeism, dropout, suspension, and expulsion data are updated, the school will use those outcomes to refine student support strategies for the coming year.

For Action 4.4, the school will continue administering annual educational partner surveys to students, families, and staff. Once survey participation, approval, and satisfaction data are entered, the school will review results and identify follow-up actions. Particular attention should be given to staff voice, student belonging, family satisfaction, and school climate indicators.

For Action 4.5, the school will continue community outreach and partnership efforts to support attendance, enrollment, family outreach, student connection, and access to community resources. The school will monitor the effectiveness of outreach and partnership efforts and refine strategies based on student and family needs.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision-making	Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making.	$275.00	Yes

Action #	Title	Description	Total Funds	Contributing
		Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees. The following expenditures will be funded by federal Title funds: N/A		
4.2	Building relationships and partnerships with families for student outcomes	Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to	$136,854.12	Yes

Action #	Title	Description	Total Funds	Contributing
		support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title funds: -Professional Services: Title I; Amount: $1,060.00 -Teacher Salaries: Title I; Amount: $1,500.00		
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic	$153,073.02	Yes

Action #	Title	Description	Total Funds	Contributing
		excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform expenses, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. The following expenditures will be funded by federal Title funds: -Ins. Mats and Supplies: Title I; Amount: $716.00		
4.4	Annual educational partner surveys	Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms;	$1,060.00	Yes

Action #	Title	Description	Total Funds	Contributing
		safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Panorama Education survey fees. The following expenditures will be funded by federal Title funds: -Professional Services: Title I; Amount: $1,060.00		
4.5	Community outreach and partnerships	Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. Expenditures associated with this action include the following: Community Schools Coordinator salary and benefits, membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses. The following expenditures will be funded by federal funds: -Certified Pupil Support Salaries: Federal CSP; Amount: $82,060.00 -Classified Support: Federal CSP; Amount: $72,177.12 -Clerical & Tech: Federal CSP; Amount: $21,755.28 -STRS: Federal CSP; Amount: $17,378.14 -PERS: Federal CSP; Amount: $19,354.68 -OASDI/Medicare: Federal CSP; Amount: $8,507.22	$345,409.16	Yes

Action #	Title	Description	Total Funds	Contributing
		-Health & Welfare Benefits: Federal CSP; Amount: $17,911.43 -Unemployment Insurance: Federal CSP; Amount: $815.89 -Other Benefits: Federal CSP; Amount: $2,176.80

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.4	**Action:** Healthy and nutritious meals **Need:** Low-income students do not have sufficient or consistent access to nutritious meals and they develop poor eating habits. As a result, they experience poor health and academic outcomes, including, but not limited to, obesity, chronic absenteeism and lower grades. There	MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	is a need to provide all our students with healthy and nutritious meals. **Scope:** LEA-wide	consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Magnolia Science Academy 6 will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. We will provide two school meals free of charge during each schoolday to any student who requests a meal without consideration of the student's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Magnolia Science Academy 6 will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Magnolia Science Academy 6 will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support	• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		healthy choices while accommodating cultural food preferences and special dietary needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	
2.2	**Action:** Professional development for high-quality instruction **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners. **Scope:** LEA-wide	With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost/SchoolMint Grow software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who

2.3	**Action:** MTSS - Academic enrichment, intervention, and student support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may	Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	experience feelings of anxiety and confusion. Students struggle with access to materials, technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention. **Scope:** LEA-wide	intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.	2, TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-

2.4	**Action:** Designated and integrated ELD programs and support for ELs **Need:**	Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD	Goal 2: For all students, but particularly for the EL and LTEL student groups:

Powered by BoardOnTrack

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	The majority of Charter School's student population consists of English Learners (EL), including long-term ELs (LTELs), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction. **Scope:** LEA-wide	instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated	• Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring

3.1	**Action:** College/Career readiness programs and activities **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. A college-going, supportive culture at the school is necessary for our students' college/career readiness. **Scope:** LEA-wide	With the needs of our unduplicated students in mind, Charter School will promote a college-going culture through college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Unduplicated students will receive improved services through college-related materials and activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. This action was found effective in the current school year and will be continued in the coming school year. We expect that this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2 as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am

			satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)
3.2	**Action:** STEM and GATE programs **Need:** Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of everchanging technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEM curricula. **Scope:**	Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEM programs and activities. Gifted and talented students and students	Goal 3: • Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS) • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS) • Percentage of students who

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	LEA-wide	achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.	have created or demonstrated a STEAM focused project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)
3.3	**Action:** Digital literacy and citizenship programs **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great	With the needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in	Goal 3: • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	need to learn ways to utilize technology in an effective and responsible way. **Scope:** LEA-wide	data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.	
3.4	**Action:** Physical education, activity, and fitness **Need:** Low-income students do not have sufficient or consistent access to physical activities/sports and fitness education. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. **Scope:**	MPS is committed to the optimal development of every student. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	LEA-wide	active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We expect that this action will result in increased attendance and grades as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	• School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)
3.5	**Action:** Additional programs and activities that support well-rounded education **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts,	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	competencies and creative skills in problem solving, communication, and management of time and resources that contribute to lifelong learning and career skills. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. **Scope:** LEA-wide	community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas. These well-rounded programs and activities will result in increased and improved services for our unduplicated students. With the needs of our unduplicated students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help our scholars become independent and innovative scholars. We expect this action will help our scholars become independent and innovative scholars. We also expect that this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2 as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	• School experience survey "average approval rates" based on the responses of our students and families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students and families to the question, "Overall, I am satisfied and would

			recommend this school to other students/families. " (Source: Local Indicator Priority 6, Panorama Education)
4.1	**Action:** Seeking family input for decision-making **Need:** It is important that parents are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making.	Considering the needs of our unduplicated students and their families, Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. These activities	Goal 4: • Number of Parent Advisory Committee (PAC) meetings per year (Source: Local Indicator Priority 3) • Number of English Learner Advisory Committee (ELAC) meetings per year (Source: Local Indicator Priority 3) • School experience survey "average approval rates" based on the responses of our families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Scope: LEA-wide	will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing Community School strategies to reach and seek input from any underrepresented groups in the school community. We also expect that this action will result in increased parent satisfaction as measured by the annual educational partner surveys in Goal 4: Action 4.	discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our families to the question, "Overall, I am satisfied and would recommend this school to other families." (Source: Local Indicator Priority 6, Panorama Education)
4.2	**Action:** Building relationships and partnerships with families for student outcomes **Need:** Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to	In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. **Scope:** LEA-wide	parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in	Goal 4: • Number of activities/events for parent involvement per year (Source: Local Indicator Priority 3) • Percentage of students who have been home-visited by the teachers per year (Source: Local Indicator Priority 3, SIS) • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS) • High School Dropout Rate (Source: CDE DataQuest, CALPADS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way communication between families and educators using language that is understandable and accessible to families, and providing families with information and resources to support student learning and development in the home. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased home visit rate, ADA rate, and graduation rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual educational partner surveys in Goal 4: Action 4.	• Graduation Rate (Source: CALPADS, CA School Dashboard) • Student Suspension Rate (Source: CA School Dashboard, CALPADS) • Student Expulsion Rate (Source: CDE DataQuest, CALPADS) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school

(Source: Local Indicator Priority 6, Panorama Education)
4.3	**Action:** MTSS - PBIS and SEL support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP	Considering the needs of our vulnerable student groups in mind, Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	results, and other available data. These student groups also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. **Scope:** LEA-wide	students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for	• Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS) • Student Suspension Rate (Source: CA School Dashboard, CALPADS) • Student Expulsion Rate (Source: CDE DataQuest, CALPADS) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic

4.4	**Action:** Annual educational partner surveys **Need:**	Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their	Goal 4: • School experience survey "participation

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Educational partner voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage educational partners in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage educational partners in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. **Scope:** LEA-wide	perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide valuable feedback for school improvement. We also expect that this action will	rates" by students, families, and staff (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates"

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Similar to the current academic year, MSA-6 will utilize the concentration grant add-on funds ($43,080) in the following manner:

MSA-6 is using the concentration grant add-on funds received in a manner which is consistent with California Education Code Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

By adding these faculty/staff members, we aim to strengthen our ability to address the diverse needs of our student population and provide targeted support where it is most needed. This strategic allocation of funds will help create a more conducive learning environment and contribute to our student's overall growth and achievement.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

Powered by BoardOnTrack

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

Powered by BoardOnTrack

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Powered by BoardOnTrack

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26**. Leave blank until then.	Enter information in this box when completing the LCAP for **2026–27**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26** and **2026–27**. Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Powered by BoardOnTrack

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

Powered by BoardOnTrack

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

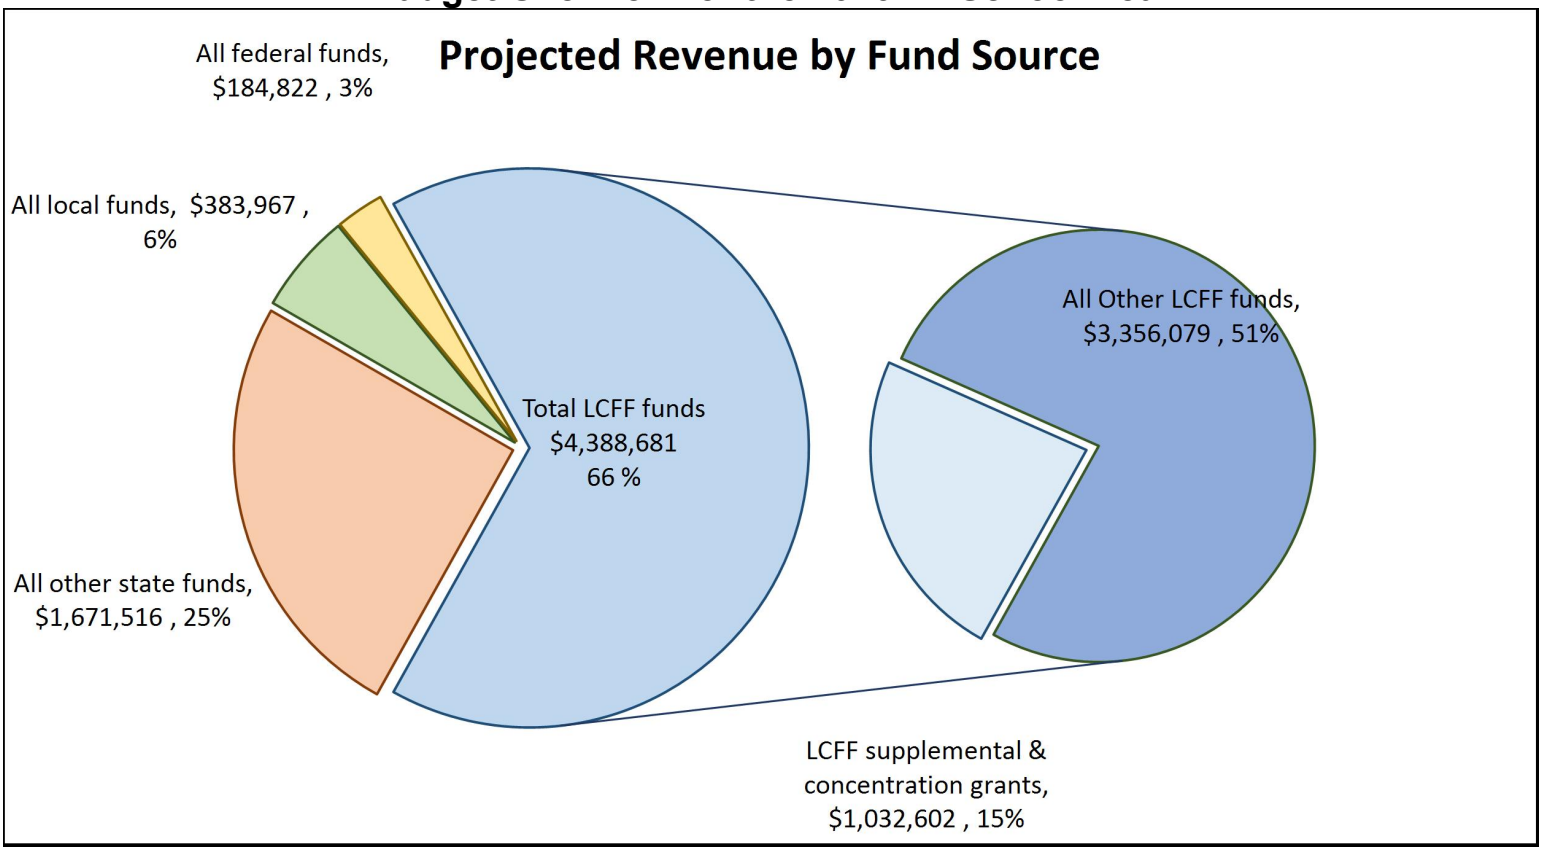
California Department of Education
November 2024

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy 7
CDS Code: 19-64733-0117655
School Year: 2026-27
LEA contact information:
Musa Avsar
Principal
mavsar@magnoliapublicschools.org
(818) 886-0585

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (Foster Youth, English learners, and low-income students).

Budget Overview for the 2026-27 School Year

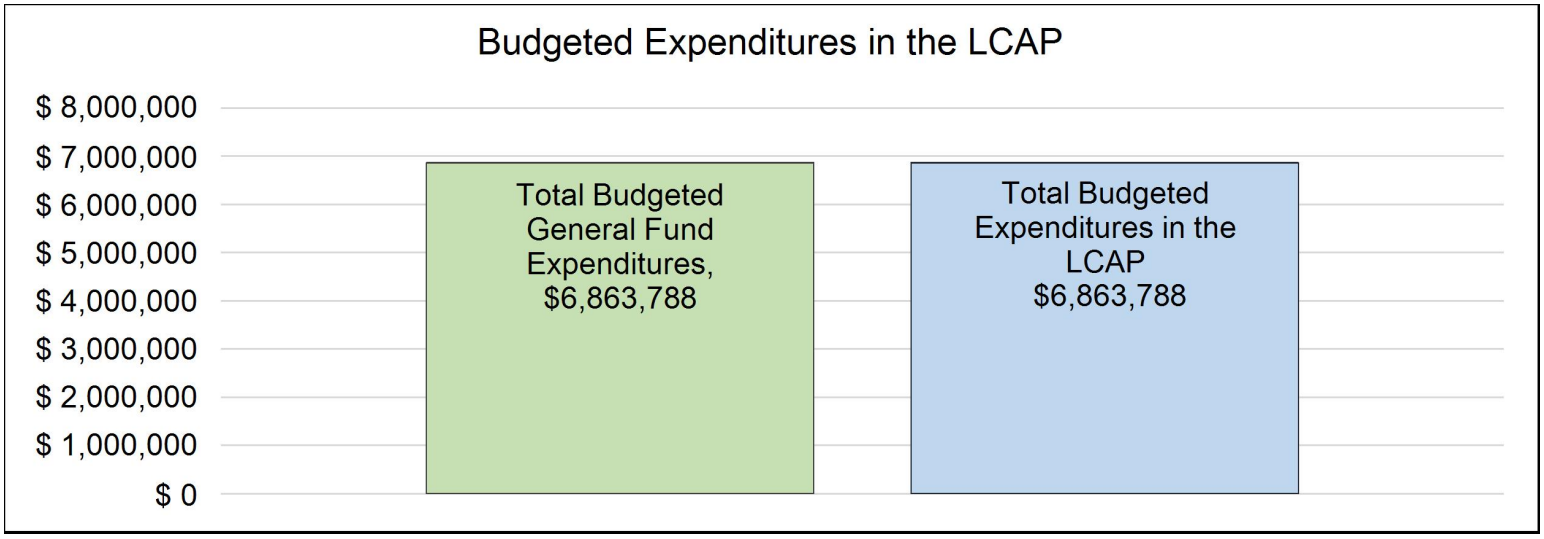


This chart shows the total general purpose revenue Magnolia Science Academy 7 expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy 7 is $6,628,986, of which $4,388,681 is Local Control Funding Formula (LCFF), $1,671,516 is other state funds, $383,967 is local funds, and $184,822 is federal funds. Of the $4,388,681 in LCFF Funds, $1,032,602 is generated based on the enrollment of high needs students (Foster Youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.



This chart provides a quick summary of how much Magnolia Science Academy 7 plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy 7 plans to spend $6,863,788 for the 2026-27 school year. Of that amount, $6,863,788 is tied to actions/services in the LCAP and $0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

N/A

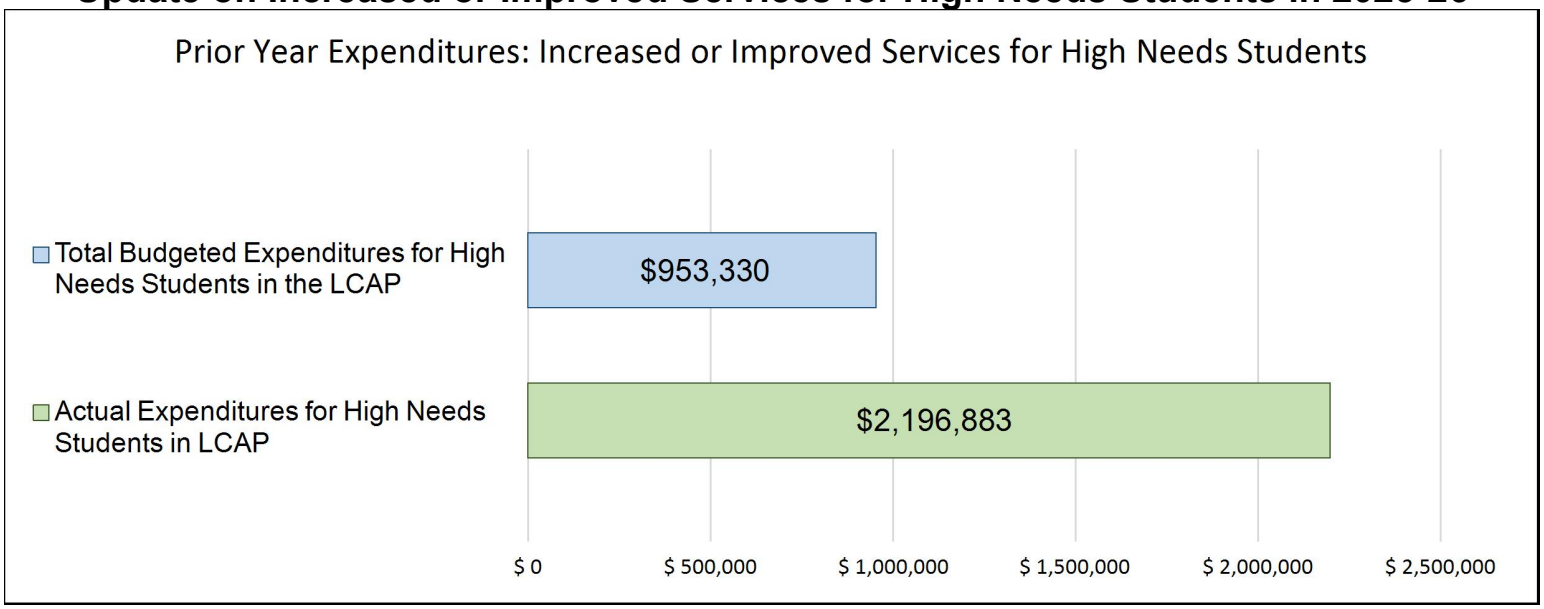
Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Magnolia Science Academy 7 is projecting it will receive $1,032,602 based on the enrollment of Foster Youth, English learner, and low-income students. Magnolia Science Academy 7 must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy 7 plans to spend $$1,027,987 towards meeting this requirement, as described in the LCAP.

The difference is minimal. In some cases, services that benefit unduplicated students are funded with federal resources before LCFF supplemental and concentration funds are used. As a result, not all services provided to unduplicated pupils are reflected in the LCFF-funded amount shown above. Unduplicated students continue to receive the full range of services described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2025-26



This chart compares what Magnolia Science Academy 7 budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy 7 estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, Magnolia Science Academy 7's LCAP budgeted $$953,330 for planned actions to increase or improve services for high needs students. Magnolia Science Academy 7 actually spent $$2,196,883 for actions to increase or improve services for high needs students in 2025-26.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy 7	Musa Avsar Principal	mavsar@magnoliapublicschools.org (818) 886-0585

Plan Summary [2026-27]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Magnolia Science Academy 7 (MSA-7) is a classroom-based public charter school serving grades TK–5, with a strong emphasis on science, technology, engineering, arts, and mathematics (STEAM). Established in 2009, MSA-7's mission is to provide a college-preparatory, STEAM-focused educational program within a safe and nurturing environment that promotes respect for self and others.

Located in Northridge, California, MSA-7 currently serves 276 students and primarily draws its enrollment from Northridge, Reseda, and surrounding communities. The school serves a linguistically and culturally diverse population, with many families speaking a language other than English at home and facing significant economic challenges. MSA-7's student demographics reflect this diversity: 67% Hispanic/Latino, 15.6% White, 5.4% Asian, and 4.0% Black. Additionally, 73.2% of students are classified as socioeconomically disadvantaged, 29.7% are English Learners, and 12.7% receive special education services.

As part of the Magnolia Public Schools (MPS) network, MSA-7 is committed to graduating students from historically underserved communities as scientifically-minded, socially responsible, and globally aware citizens. The school delivers a rich and engaging educational experience that meets the unique needs of its learners through high-quality, site-based instruction and hands-on learning opportunities. Core instruction is reinforced with academic interventions such as tutoring, after-school programs, and strong connections to external learning resources.

Contact Information:
Magnolia Science Academy 7

18355 Roscoe Blvd, Northridge, CA 91325
Phone: (818) 886-0585
Email: mavsar@magnoliapublicschools.org

Our Mission
Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to deliver a high-quality, college-preparatory STEAM education in an environment that cultivates respect for self and others.

Our Vision
Graduates of Magnolia Public Schools are committed to building a more peaceful and inclusive global society by transforming traditional ideas through creative thinking, effective communication, and the discipline of scientific inquiry.

Core Values:

INNOVATION
Students are empowered to direct their learning through personalized scheduling, early identification of learning styles, interests, and career goals. A variety of hands-on opportunities—ranging from robotics and computer science to the visual and performing arts—foster imagination, creativity, and innovation.

CONNECTION
MSA-7 cultivates strong relationships among students, families, staff, and the wider community. Through integrated partnerships, students experience a supportive environment where individual strengths are recognized, character is celebrated, and academic support is bolstered through mentorships, internships, and restorative justice practices.

EXCELLENCE
Academic excellence is achieved through a rigorous, student-centered learning model that includes project-based learning, performance portfolios, formative and summative assessments, and academic discourse. Students are encouraged to pursue knowledge deeply and contribute original ideas across diverse academic settings.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

A review of the 2025 California School Dashboard and 2025–26 local data indicates that Magnolia Science Academy-7 continues to make strong progress toward achieving its LCAP goals while maintaining a focus on continuous improvement and equitable outcomes for all students. Overall, the data reflect significant strengths in academic achievement, student growth, school climate, family engagement, and basic services, while also identifying student attendance as an area requiring continued attention.

Under State Priority 1 (Basic Services), the school successfully maintained the conditions necessary to support student learning. Local data show that 91.7% of teaching assignments were appropriately credentialed and monitored, 100% of students had access to standards-aligned instructional materials, and no facilities deficiencies were identified. Teacher retention remained strong at 87%, and teacher attendance was maintained at 96.7%, demonstrating the school's ability to provide a stable, safe, and high-quality learning environment.

Under State Priority 2 (Implementation of State Standards), Magnolia Science Academy-7 continued to fully implement California State Standards through professional development, instructional coaching, classroom observations, and curriculum alignment. Local data indicate that 100% of students had access to programs and services, while administrators completed 91% of required classroom observations, exceeding the established target and supporting continuous improvement in instructional practices.

Under State Priority 3 (Parent Involvement), the school maintained strong engagement with families and educational partners. During the 2025–26 school year, the school conducted eight Parent Advisory Committee meetings, four English Learner Advisory Committee meetings, and twenty-two parent engagement activities. In addition, teacher home visits reached 32.6% of students, exceeding the established target and strengthening relationships between families and the school community.

Under State Priority 4 (Pupil Achievement), both Dashboard and local data demonstrate substantial academic growth. The 2025 Dashboard reported that students improved from 21.3 points below standard to 3.5 points above standard in English Language Arts and from 42.0 points below standard to 9.7 points below standard in Mathematics. Local data further showed that 50.0% of students met or exceeded standards in English Language Arts and 45.8% met or exceeded standards in Mathematics. Student growth measures also remained strong, with 59.6% of students meeting MAP Reading growth targets and 65.2% meeting MAP Mathematics growth targets. English Learner outcomes improved as well, with 41.8% of English Learners increasing at least one proficiency level on the English Learner Progress Indicator and the English Learner Reclassification Rate increasing to 13.1%, exceeding the established target.

Under State Priority 5 (Pupil Engagement), the school maintained an Average Daily Attendance (ADA) rate of 93.57% and a student retention rate of 93%. However, attendance continues to be the school's greatest area of need. The 2025 California School Dashboard identified Chronic Absenteeism as a Red indicator, with a rate of 27.3%. Several student groups, including English Learners, Students with Disabilities (SWD), Socioeconomically Disadvantaged students, and Hispanic students, also received Red performance levels. Additionally, the school was identified for Targeted Support and Improvement (TSI) due to the high rate of chronic absenteeism among Students with Disabilities. In response, the school implemented a High-Impact Tutoring program and other targeted attendance interventions to increase student engagement, strengthen academic support, and improve school connectedness for this student group. The school also expanded family outreach efforts and attendance monitoring practices.
Local data collected during the 2025–26 school year indicate encouraging progress, with the overall chronic absenteeism rate decreasing to 20.3%. Students with Disabilities also demonstrated improvement in attendance outcomes. These results suggest that the school's targeted interventions, including High-Impact Tutoring and increased family engagement, are beginning to have a positive impact. The school will continue to prioritize attendance improvement efforts to ensure all student groups are regularly engaged in learning and positioned for academic success.

Under State Priority 6 (School Climate), Magnolia Science Academy-7 continued to foster a safe and supportive learning environment. The school maintained a 0% suspension rate and a 0% expulsion rate, resulting in strong Dashboard performance for school climate measures.

Survey results also reflected positive perceptions among students, families, and staff regarding safety, connectedness, and support. Student approval and satisfaction ratings met or exceeded established targets, while family approval ratings remained exceptionally high.

Under State Priority 7 (Course Access), students continued to have access to a broad and rigorous course of study. Local data indicate that 100% of students participated in technology or blended learning experiences, 100% completed a STEAM-focused project, and participation in accelerated or advanced mathematics opportunities increased from 0% to 11%, exceeding the established target.

Under State Priority 8 (Other Pupil Outcomes), local measures demonstrated continued growth beyond state assessments. MAP Reading and Mathematics growth indices exceeded national norms for many student groups, and students continued to demonstrate strong participation in innovative learning opportunities aligned with the school's mission of preparing students for college, career, and lifelong success.

Based on the 2025 Dashboard, Magnolia Science Academy-7 did not receive the lowest performance level on multiple state indicators and was not identified for Comprehensive Support and Improvement. However, the school and several student groups did receive the lowest performance level on the Chronic Absenteeism Indicator, making attendance a continued focus area for improvement. Overall, the combined Dashboard and local data indicate that Magnolia Science Academy-7 is effectively implementing its LCAP actions and making meaningful progress toward its goals while continuing to address attendance challenges and promote equitable outcomes for all students.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents	MSA-7 actively engages its educational partners through a variety of input and information-sharing sessions, including Parent Task Force (PTF) meetings, Parent Advisory Council (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Admin sessions, Board of Directors meetings, Principal meetings, and regular staff meetings. Parents who serve on the PAC also function as the official parent advisory group for the LCAP. Together with ELAC, these committees ensure representation of key student groups, including low-income students, English Learners, and foster youth. The feedback gathered from PAC and ELAC members provides meaningful and actionable input that helps shape and refine the development of the new LCAP. Additionally, MSA-7 administers annual educational partner surveys to parents, students, and staff to gather broader community input. Staff members also conduct home visits, further strengthening communication and collaboration with families. These collective efforts ensure that all critical educational partners are informed, engaged, and given opportunities to contribute to the continuous improvement of the school's programs and services.
Students	All students in grades 3 through 5 participate annually in an educational partner survey, which provides a structured opportunity to share their perspectives on key aspects of their school experience, including school climate, safety, engagement, and academic support. In addition to the survey, the Student Council plays an active role in providing ongoing feedback to school leadership. Through regular meetings and discussions, Student Council members represent their

Educational Partner(s)	Process for Engagement
	peers and offer valuable insights that help inform schoolwide decisions and improvement efforts. Together, these channels ensure that student voice remains an integral part of the school's planning and development process.
Teachers	Staff and teachers receive regular updates on the LCAP during monthly staff meetings, ensuring they remain informed and engaged in the school's progress toward its goals. In addition, all staff members are invited to participate in an annual educational partner survey, where they can provide feedback on key aspects of school operations, culture, and student support. The results of these surveys are reviewed and shared with all educational partners to promote transparency and collective reflection. Staff and teachers also serve as active members of both the English Learner Advisory Committee (ELAC) and the Parent Advisory Council (PAC), where their professional insights contribute meaningfully to discussions and planning related to student success and school improvement. This inclusive approach ensures that staff voice is consistently integrated into decision-making processes at all levels.
School administrators	The school administrative team meets weekly, with the LCAP included as a standing agenda item to ensure continuous monitoring and alignment with school goals. During these meetings, relevant data is reviewed to assess progress toward LCAP metrics, evaluate the effectiveness of actions, and guide adjustments to implementation plans as needed. In addition, the home office team provides monthly progress updates to school principals, offering insights and support related to each school's advancement toward meeting its LCAP goals and performance indicators. This ongoing collaboration ensures that both site-level and network-level efforts remain focused, data-informed, and responsive to student and community needs.
Other school personnel	Staff and teachers receive regular LCAP updates during monthly staff meetings, ensuring they remain informed and engaged in the school's goals, progress, and improvement strategies. Additionally, all staff are invited to participate in an annual educational partner survey, providing them with a meaningful opportunity to share feedback on key aspects of the school, including instruction, climate, and professional support. Once the surveys are completed, the results are reviewed and shared with educational partners to promote

Educational Partner(s)	Process for Engagement
	transparency, reflection, and shared ownership of the school's continuous improvement efforts.
SELPA	Reviewed during annual oversight visit.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The adopted LCAP was meaningfully influenced by the feedback provided by educational partners through a variety of engagement opportunities designed to foster inclusive dialogue and collaboration. Feedback was collected from parents, students, staff, and community stakeholders via Parent Advisory Council (PAC) and English Learner Advisory Committee (ELAC) meetings, Student Council discussions, educational partner surveys, staff meetings, and open forums such as Coffee with the Admin sessions. In addition, MSA-7 maintains an open-door policy that encourages ongoing, informal input from parents, students, and staff, further strengthening the school's culture of transparency and responsiveness.

Insights gathered through these channels played a critical role in shaping the final LCAP. For instance, feedback from families and PAC members emphasized the need for stronger reading support and English Learner services, leading to the inclusion of small-group reading interventions and enhanced ELD strategies in Goal 2. Staff input, shared during meetings and surveys, highlighted the importance of instructional coaching and professional development, which guided the allocation of resources for educator support and training. Student feedback—collected through both surveys and Student Council—helped prioritize efforts to improve school climate and expand student voice opportunities.

Additionally, parent requests for more academic enrichment opportunities influenced the launch of advanced math clubs for lower grade students, while the need for expanded STEAM programming led to the addition of a second STEAM coordinator to support project-based learning across all grade levels. Across all goals, the LCAP reflects the voices of educational partners, ensuring that planning and resource allocation are directly aligned with the needs and priorities of the MSA-7 community. This ongoing, multi-layered feedback process underscores the school's commitment to equity, shared leadership, and continuous improvement.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned and high-quality instructional materials, and appropriately maintained school facilities.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

During the 2025-26 school year, Magnolia Science Academy-7 successfully implemented the actions and services outlined in Goal 1 to ensure students had access to qualified staff, standards-aligned instructional materials, and safe, well-maintained learning environments. Implementation efforts focused on recruiting and retaining highly qualified teachers, supporting staff attendance, maintaining instructional resources for all students, and ensuring facilities met the "good repair" standard.

Magnolia Science Academy-7 experienced several successes during implementation. Teacher retention increased to 87%, exceeding the target of 80%, demonstrating the effectiveness of staff support, professional development, and retention strategies. Teacher attendance remained strong at 96.7%, well above the target of 95%, contributing to instructional continuity and student learning. Additionally, 0% of students lacked access to standards-aligned instructional materials, ensuring equitable access to curriculum resources both at school and at home. Magnolia Science Academy-7 also maintained all facilities in good repair, with zero identified deficiencies or extreme deficiencies, supporting a safe and effective learning environment for students and staff.

The school also maintained a high percentage of appropriately monitored teaching assignments, continuing progress from prior years and exceeding established targets. These outcomes reflect the successful implementation of staffing, instructional, and facilities-related actions throughout the year.

No substantive changes were made to the planned actions, and all major actions were implemented as described in the adopted LCAP. Overall, Magnolia Science Academy-7 effectively executed the planned strategies, resulting in positive outcomes across staffing, instructional access, and facility maintenance indicators.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1 Action 2
Budgeted: $226,367.98 | Actual: $276,463.84
Actual expenditures exceeded budgeted amounts due to higher-than-anticipated personnel and program implementation costs necessary to support the action and meet student needs.

Goal 1 Action 3
Budgeted: $763,948.37 | Actual: $1,443,210.10
Actual expenditures exceeded budgeted amounts due to additional staffing costs, salary and benefit adjustments, and expanded investments in instructional and student support services.

Goal 1 Action 4
Budgeted: $11,480.00 | Actual: $12,000.00
There was no significant material difference in spending; actual expenditures aligned closely with the budget as planned.

Goal 1 Action 5
Budgeted: $618,995.00 | Actual: $602,184.30
There was no significant material difference in spending; actual expenditures aligned closely with the budget as planned.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

During Year 2 (2025–26), the actions implemented under Goal 1 were effective in advancing the goal of providing students with access to qualified staff, high-quality instructional resources, and safe learning environments. Continued investments in employee support, instructional resources, and facility maintenance contributed to positive outcomes and sustained progress across all measured areas. Overall, Magnolia Science Academy-7 successfully implemented the planned actions during Year 2, and the results indicate that these strategies are supporting student learning and school effectiveness.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on Year 2 results, no significant changes were made to Goal 1, its metrics, target outcomes, or actions for the coming year. Magnolia Science Academy-7 will continue implementing the current strategies, as the data indicate that the existing actions are effectively supporting access to qualified staff, instructional materials, and safe learning environments. Minor adjustments may be made to strengthen implementation and maintain progress, but no substantive revisions were deemed necessary.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: N/A	$21,200.00	No

Action #	Title	Description	Total Funds	Contributing
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: N/A	$247,977.04	No
1.3	Clean and safe facilities that support learning	Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management	$1,988,312.88	No

Action #	Title	Description	Total Funds	Contributing
		procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A		
1.4	Healthy and nutritious meals	Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A	$12,000.00	Yes
1.5	Well-orchestrated Home Office support services	The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools,	$76,386.81	No

Action #	Title	Description	Total Funds	Contributing
		which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4. Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.) The following expenditures will be funded by federal Title funds: N/A		

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Graduate Profile,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence.	Broad Goal

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

During the 2025–26 school year, Magnolia Science Academy-7 successfully implemented the actions and services outlined in Goal 2 to improve academic achievement and equitable outcomes for all student groups. Overall, implementation occurred largely as planned, with no substantive differences between planned actions and actual implementation.

Several notable successes were achieved. The school maintained 100% access to programs and services for all students, including unduplicated pupils and students with exceptional needs. Classroom observation goals were exceeded, with administrators completing observations at a rate of 91%, surpassing the target of 85%. Student academic performance showed continued growth, with 50.0% of students meeting or exceeding standards in English Language Arts and 45.8% meeting or exceeding standards in Mathematics, both exceeding established targets. Additionally, student growth on the Measures of Academic Progress (MAP) assessments improved in both Reading and Mathematics, with multiple student groups meeting or exceeding growth targets.

English Learner outcomes also demonstrated progress. The percentage of English Learners increasing at least one level on the English Learner Progress Indicator (ELPI) increased to 41.8%, and the English Learner Reclassification Rate increased to 13.1%, exceeding the established target.

The school experienced some challenges related to performance variability among student groups. While overall outcomes improved, achievement gaps remain for certain student populations, particularly English Learners and students with disabilities in some state assessment measures. In response, the school will continue to strengthen targeted interventions, differentiated instruction, and academic support services.

Overall, the successful implementation of Goal 2 actions contributed to strong academic outcomes, improved student growth, and continued progress toward preparing all students for college and career readiness.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 2 Action 1
Budgeted: $1,544,535.29 | Actual: $1,427,443.66
There was no significant material difference in spending. Actual expenditures were slightly lower than budgeted due to staffing and program cost adjustments while maintaining planned services.

Goal 2 Action 2
Budgeted: $29,160.00 | Actual: $34,141.08
There was no significant material difference in spending. Actual expenditures were slightly higher than budgeted due to increased program implementation costs.

Goal 2 Action 3
Budgeted: $606,796.79 | Actual: $658,845.22
Actual expenditures exceeded budgeted amounts due to higher personnel and program implementation costs needed to support student achievement initiatives.

Goal 2 Action 4
Budgeted: $132,854.96 | Actual: $128,519.94
There was no significant material difference in spending; actual expenditures aligned closely with the budget as planned.

Goal 2 Action 5
Budgeted: $990,458.67 | Actual: $947,199.60
There was no significant material difference in spending; actual expenditures aligned closely with the budget as planned.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions implemented under Goal 2 have been effective in making progress toward the goal of improving academic achievement and equitable outcomes for all students. Evidence of effectiveness is demonstrated through both academic performance and growth measures.

Student achievement increased in several key areas. The percentage of students meeting or exceeding standards on the CAASPP increased to 50.0% in English Language Arts and 45.8% in Mathematics, exceeding the established targets. Distance from Standard (DFS) measures also improved significantly in both ELA and Mathematics for the all-student group and several student groups.

Measures of Academic Progress (MAP) data indicate that the actions supporting instruction, intervention, and progress monitoring were effective. In Reading, 59.6% of students met their growth targets, and in Mathematics, 65.2% met their growth targets, exceeding the established goal. Growth percentile data also showed students performing above national growth norms, with the all-student group achieving a Conditional Growth Percentile above the 50th percentile in both Reading and Mathematics.

Actions supporting English Learners demonstrated positive results. The percentage of English Learners increasing at least one proficiency level on the English Learner Progress Indicator increased to 41.8%, while the English Learner Reclassification Rate increased to 13.1%, exceeding the target of 10%.

Although the actions have been effective overall, some student groups continue to perform below desired levels on state assessments, indicating a need for continued targeted support and intervention. The school will continue refining instructional strategies and support systems to address achievement gaps and accelerate learning for identified student groups.

Overall, the available data indicate that the actions and services associated with Goal 2 have been effective in advancing student achievement, academic growth, and English Learner outcomes.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on a review of implementation and student outcome data, no significant changes were made to the overall goal for the coming year. The goal, metrics, and actions remain largely unchanged because current data demonstrate that the actions are contributing to positive academic outcomes and progress toward established targets.

Minor adjustments were made to target outcomes where appropriate to promote continuous improvement and maintain high expectations for student achievement. The school will continue to implement evidence-based instructional practices, academic interventions, progress monitoring systems, and supports for English Learners and other student groups requiring additional assistance.

Reflections on prior practice highlighted the need to continue strengthening targeted supports for student groups that continue to perform below desired levels on state assessments. As a result, the school will maintain its focus on differentiated instruction, intervention services, English Learner supports, and data-driven decision-making to further improve student achievement and close performance gaps.

Overall, the continued implementation of existing actions reflects the school's determination that the current strategies are effective and should be sustained to build on the positive outcomes achieved during the 2025–26 school year.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and	$1,589,498.83	No

Action #	Title	Description	Total Funds	Contributing
		services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: N/A		
2.2	Professional development for high-quality instruction	Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs.	$27,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees. The following expenditures will be funded by federal Title funds: -Prof Dev-Other: Title II; Amount: $5,000.00		
2.3	MTSS - Academic enrichment, intervention, and student support	Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Dean of Academics salary and benefits, Title-I coordinator salary and benefits, instructional aide salaries and benefits, intervention teacher salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Illuminate DnA fees and evidence-based supplemental intervention/enrichment program fees (IXL, Accelerated Reader, Standards Plus, Quizizz, BrainPOP, Spelling City, Cambium Learning, Learning A-Z, Alexandria Library, Mystery Science and myON.) The following expenditures will be funded by federal Title funds: -Educational Software: Title I; Amount: $15,591.24 -Instructional Aides: Title I; Amount: $57,048.75	$612,498.84	Yes

Action #	Title	Description	Total Funds	Contributing
		-PERS: Title I; Amount: $13,267.08 -OASDI/Medicare: Title I; Amount: $3,785.65 -Unemployment Insurance: Title I; Amount: $247.43 -Educational Software: Title IV, Part A ESEA (ESSA); Amount: $3,033.00		
2.4	Designated and integrated ELD programs and support for ELs	Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits. The following expenditures will be funded by federal Title funds: N/A	$131,490.86	Yes
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they	$946,906.45	No

Action #	Title	Description	Total Funds	Contributing
		receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: -SpEd Ctrct Inst: IDEA SPED; Amount: $83,000.00		

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.	Broad Goal

State Priorities addressed by this goal.

Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 0%	2024-25: (As of 6/5/25) 10%	2025-26 (As of 5/22/26): 11%	2026-27: >= 10%	+11 percentage points

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.2	Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 93%	2024-25: (As of 6/5/25) 98%	2025-26 (As of 5/22/26): 100%	2026-27: >= 90%	+7 percentage points

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

During Year 2 (2025–26), Magnolia Science Academy-7 successfully implemented the actions and services outlined in Goal 3 to expand access to advanced coursework, computer science and technology experiences, and STEAM-based learning opportunities. Students continued to participate in accelerated and advanced coursework, technology-integrated learning experiences, and project-based STEAM activities. The school experienced success in increasing student participation in advanced learning opportunities while maintaining strong implementation of career and college readiness initiatives. No substantive differences were identified between the planned actions and the actual implementation of Goal 3 actions during the year.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3 Action 1
Budgeted: $0.00 | Actual: $0.00
This action was implemented using existing staff, programs, and resources and did not require a dedicated budget allocation. As a result, there was no expenditure associated with this action.

Goal 3 Action 2
Budgeted: $1,296.00 | Actual: $3,390.00
Actual expenditures exceeded budgeted amounts due to additional costs associated with expanding student access to college and career readiness opportunities.

Goal 3 Action 3
Budgeted: $0.00 | Actual: $0.00
This action was implemented using existing staff, programs, and resources and did not require a dedicated budget allocation. As a result, there was no expenditure associated with this action.

Goal 3 Action 4
Budgeted: $129,486.65 | Actual: $129,096.67
There was no significant material difference in spending; actual expenditures aligned closely with the budget as planned.

Goal 3 Action 5
Budgeted: $654,965.70 | Actual: $678,677.67
There was no significant material difference in spending; actual expenditures aligned closely with the budget as planned.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

During Year 2 (2025–26), the actions implemented under Goal 3 were effective in increasing student access to advanced coursework, technology-based learning experiences, and STEAM opportunities. Continued implementation of advanced academic programs, technology integration, and project-based learning supported student engagement and college and career readiness. The results demonstrate that the planned actions are successfully providing students with meaningful opportunities to develop critical thinking, problem-solving, and 21st-century skills.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on Year 2 results, no significant changes were made to Goal 3, its metrics, target outcomes, or actions for the coming year. Magnolia Science Academy-7 will continue implementing the current strategies to expand advanced coursework, technology experiences, and STEAM learning opportunities. The strong outcomes indicate that the existing actions are effectively supporting student success and preparation for college and career pathways.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	Charter School will promote a college-going culture through college visits, college/career days, and other college/career related activities. Expenditures associated with this action include the following: college/career-related materials and activities. The following expenditures will be funded by federal Title funds: N/A	$0.00	Yes
3.2	STEM and GATE programs	Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. Expenditures associated with this action include the following: supplemental STEM program fees. The following expenditures will be funded by federal Title funds: -Educational Software: Title I; Amount: $3,390.00	$3,390.00	Yes
3.3	Digital literacy and citizenship programs	Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate		Yes

		technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity. Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. The following expenditures will be funded by federal Title funds: N/A		
3.4	Physical education, activity, and fitness	Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness.	$127,732.58	Yes

		Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal Title funds: N/A		
3.5	Additional programs and activities that support well-rounded education	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: N/A	$539,033.00	Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
4	CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

School communities are integrated partnerships with the school site staff, families, students and all other educational partners. This sense of connection creates a safe place for all learners and educational partners to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and educational partner surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

During Year 2 (2025–26), Magnolia Science Academy-7 implemented the actions and services outlined in Goal 4 to strengthen family engagement, improve school climate, support student attendance, and promote a positive and safe learning environment. The school conducted PAC and ELAC meetings, organized parent engagement activities, completed home visits, monitored attendance and chronic absenteeism, implemented behavior and wellness supports, administered stakeholder surveys, and maintained student retention efforts. These actions supported progress across all twelve metrics related to family engagement, attendance, student behavior, school climate, stakeholder participation, stakeholder satisfaction, and student retention. No substantive differences were identified between the planned actions and their actual implementation during the year.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 4 Action 1
Budgeted: $1,043.00 | Actual: $1,043.00
There was no variance between the budgeted and actual expenditures, indicating that implementation proceeded exactly as planned for this action.

Goal 4 Action 2
Budgeted: $142,251.18 | Actual: $137,242.57
There was no significant material difference in spending; actual expenditures aligned closely with the budget as planned.

Goal 4 Action 3
Budgeted: $129,476.23 | Actual: $126,629.68
There was no significant material difference in spending; actual expenditures aligned closely with the budget as planned.

Goal 4 Action 4
Budgeted: $1,620.00 | Actual: $1,620.00

There was no variance between the budgeted and actual expenditures, indicating that implementation proceeded exactly as planned for this action.

Goal 4 Action 5
Budgeted: $401,116.12 | Actual: $338,371.41
There was no significant material difference in spending; actual expenditures aligned closely with the budget as planned.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

During Year 2 (2025–26), the actions implemented under Goal 4 were effective in making progress toward the goal. Family engagement efforts supported strong participation in PAC and ELAC meetings, parent engagement activities, and home visits. Attendance initiatives helped maintain Average Daily Attendance above the established target, while chronic absenteeism improved from baseline levels and remains an area of continued focus.

School climate and behavior supports contributed to maintaining suspension and expulsion rates well below target levels. Stakeholder survey participation remained strong, with student participation at 99.2%, family participation at 79.4%, and staff participation at 80.6%, meeting or exceeding participation targets. School experience survey results also reflected positive perceptions among students and families regarding academic support, school safety, school connectedness, and overall satisfaction. Student approval ratings exceeded established targets for students and families, while staff responses indicate an opportunity for continued improvement in school climate and organizational support. Overall satisfaction survey results similarly demonstrated strong student and family satisfaction, with staff satisfaction identified as an area for further growth. Student retention remained above target, indicating that students and families continue to value their educational experience at Magnolia Science Academy-7.

Overall, the results across all twelve metrics demonstrate that the actions and services implemented under Goal 4 have been effective in strengthening family engagement, supporting student attendance, maintaining a positive school climate, and promoting student success.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on the Year 2 outcomes across all twelve Goal 4 metrics, no significant changes were made to the goal, metrics, target outcomes, or actions for the coming year. Magnolia Science Academy-7 will continue implementing its current strategies for family engagement, attendance improvement, positive school climate, behavior supports, stakeholder engagement, and student retention. The school will continue monitoring chronic absenteeism and staff survey results to identify opportunities for improvement while maintaining the successful practices that have contributed to strong outcomes in family engagement, attendance, student behavior, school connectedness, stakeholder satisfaction, and student retention.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision-making	Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees. The following expenditures will be funded by federal Title funds: N/A	$1,043.00	Yes
4.2	Building relationships and partnerships with families for student outcomes	Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off	$133,746.37	Yes

Action #	Title	Description	Total Funds	Contributing
		and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title I funds: -Teacher Salaries: Title I; Amount: $8,000.00 -STRS: Title I; Amount: $1,528.00 -OASDI/Medicare: Title I; Amount: $116.00 -Unemployment Insurance: Title I; Amount: $40.00		
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as	$79,640.88	Yes

Action #	Title	Description	Total Funds	Contributing
		instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform expenses, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. The following expenditures will be funded by federal Title funds: -Instructional Materials & Supplies: Title I; Amount: $4,540.32		

Action #	Title	Description	Total Funds	Contributing
4.4	Annual educational partner surveys	Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Panorama Education survey fees. The following expenditures will be funded by federal Title funds: N/A		Yes
4.5	Community outreach and partnerships	Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. Expenditures associated with this action include the following: Community Schools Coordinator salary and benefits, membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses. The following expenditures will be funded by federal Title funds: N/A	$325,930.21	Yes

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.4	**Action:** Healthy and nutritious meals **Need:** Low-income students do not have sufficient or consistent access to nutritious meals and they develop poor eating habits. As a result, they experience poor health and academic outcomes, including, but not limited to, obesity, chronic absenteeism and lower grades. There	MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	is a need to provide all our students with healthy and nutritious meals. **Scope:** LEA-wide	consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. We will provide two school meals free of charge during each schoolday to any student who requests a meal without consideration of the student's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary	• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	
2.2	**Action:** Professional development for high-quality instruction **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners. **Scope:** LEA-wide	With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost/SchoolMint Grow software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded

			• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)
2.3	**Action:** MTSS - Academic enrichment, intervention, and student support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion. Students struggle with access to materials,	Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2,

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention. **Scope:** LEA-wide	English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.	TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading

2.4	**Action:** Designated and integrated ELD programs and support for ELs **Need:**	Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers	Goal 2: For all students, but particularly for the EL and LTEL student groups: • Percentage of students who

Powered by BoardOnTrack

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	The majority of Charter School's student population consists of English Learners (EL), including long-term ELs (LTELs), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction. **Scope:** LEA-wide	with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated ELD instruction, will be provided for all students.	have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring (Source: NWEA MAP)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		RFEP students, students with disabilities, and all other student groups will benefit from this schoolwide action. We expect that this action will result in increased academic achievement of our student groups, particularly of our ELs and LTELs, on the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and EL reclassification rates as identified in our LCAP metrics in Goal 2.	• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP) • Percentage of students who have met or exceeded standard on the CAASPP-Mathematics assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-Mathematics assessments (Source: CA School Dashboard) • Percentage of students who

3.1	**Action:** College/Career readiness programs and activities **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. A college-going, supportive culture at the school is necessary for our students' college/career readiness. **Scope:** LEA-wide	With the needs of our unduplicated students in mind, Charter School will promote a college-going culture through college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Unduplicated students will receive improved services through college-related materials and activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. This action was found effective in the current school year and will be continued in the coming school year. We expect that this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2 as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would

			recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)
3.2	**Action:** STEM and GATE programs **Need:** Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of everchanging technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEM curricula. **Scope:** LEA-wide	Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum	Goal 3: • Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS) • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS) • Percentage of students who have created or demonstrated a

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.	STEAM focused project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)
3.3	**Action:** Digital literacy and citizenship programs **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way.	With the needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and	Goal 3: • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Scope: LEA-wide	model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.	
3.4	**Action:** Physical education, activity, and fitness **Need:** Low-income students do not have sufficient or consistent access to physical activities/sports and fitness education. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. **Scope:** LEA-wide	MPS is committed to the optimal development of every student. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates"

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We expect that this action will result in increased attendance and grades as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)
3.5	**Action:** Additional programs and activities that support well-rounded education **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem solving, communication, and management of	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "average approval rates"

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	time and resources that contribute to lifelong learning and career skills. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. **Scope:** LEA-wide	Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas. These well-rounded programs and activities will result in increased and improved services for our unduplicated students. With the needs of our unduplicated students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help our scholars become independent and innovative scholars. We also expect that this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2 as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	based on the responses of our students and families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students and families to the question, "Overall, I am satisfied and would recommend this school to other students/families.

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
			" (Source: Local Indicator Priority 6, Panorama Education)
4.1	**Action:** Seeking family input for decision-making **Need:** It is important that parents are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making. **Scope:** LEA-wide	Considering the needs of our unduplicated students and their families, Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their	Goal 4: • Number of Parent Advisory Committee (PAC) meetings per year (Source: Local Indicator Priority 3) • Number of English Learner Advisory Committee (ELAC) meetings per year (Source: Local Indicator Priority 3) • School experience survey "average approval rates" based on the responses of our families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing Community School strategies to reach and seek input from any underrepresented groups in the school community. We also expect that this action will result in increased parent satisfaction as measured by the annual educational partner surveys in Goal 4: Action 4.	of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our families to the question, "Overall, I am satisfied and would recommend this school to other families." (Source: Local Indicator Priority 6, Panorama Education)
4.2	**Action:** Building relationships and partnerships with families for student outcomes **Need:** Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved	In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students'	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. **Scope:** LEA-wide	grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way	• Number of activities/events for parent involvement per year (Source: Local Indicator Priority 3) • Percentage of students who have been home-visited by the teachers per year (Source: Local Indicator Priority 3, SIS) • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS) • High School Dropout Rate (Source: CDE DataQuest, CALPADS) • Graduation Rate (Source: CALPADS, CA

			6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students, families, and staff to the question, "Overall, I am satisfied and would recommend this school to other students/families/ educators." (Source: Local Indicator Priority 6, Panorama Education)
4.3	**Action:** MTSS - PBIS and SEL support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. These student groups also have lower ADA rates while they have higher chronic absenteeism	Considering the needs of our vulnerable student groups in mind, Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Average Daily Attendance (ADA) Rate (Source: SIS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. **Scope:** LEA-wide	and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students. With the needs of our vulnerable students and their families in mind, this action will be provided on a schoolwide	• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Student Suspension Rate (Source: CA School Dashboard, CALPADS) • Student Expulsion Rate (Source: CDE DataQuest, CALPADS) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school

		basis. It was found effective in the current school year and will be continued in the coming school year. We expect that this action will help provide a foundation for safe and positive learning, and enhance students' mental health and abilities to succeed in school, careers, and life. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate and graduation rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual educational partner surveys in Goal 4: Action 4.	connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students, families, and staff to the question, "Overall, I am satisfied and would recommend this school to other students/families/ educators." (Source: Local Indicator Priority 6, Panorama Education)
4.4	**Action:** Annual educational partner surveys **Need:** It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of	Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students,	Goal 4: • School experience survey "participation rates" by students, families, and staff (Source: Local Indicator Priority 6, Panorama Education)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Educational partner voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage educational partners in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage educational partners in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. **Scope:** LEA-wide	parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide valuable feedback for school improvement. We also expect that this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.	• School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students, families, and staff to the question, "Overall, I am satisfied and

			would recommend this school to other students/parents/ educators." (Source: Local Indicator Priority 6, Panorama Education)
4.5	**Action:** Community outreach and partnerships **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. They also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including	Considering the needs of our vulnerable student groups in mind, Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities will result in increased and improved resources for our unduplicated students and will be particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will provide students and families with information and	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Student Suspension Rate (Source: CA School Dashboard, CALPADS)

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Similar to the current academic year, MSA-7 will utilize the concentration grant add-on funds ($79,063) in the following manner:

MSA-7 is using the concentration grant add-on funds received in a manner which is consistent with California Education Code Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

By adding these faculty/staff members, we aim to strengthen our ability to address the diverse needs of our student population and provide targeted support where it is most needed. This strategic allocation of funds will help create a more conducive learning environment and contribute to our student's overall growth and achievement.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

Powered by BoardOnTrack

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

Powered by BoardOnTrack

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

Powered by BoardOnTrack

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26**. Leave blank until then.	Enter information in this box when completing the LCAP for **2026–27**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26** and **2026–27**. Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

Powered by BoardOnTrack

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Powered by BoardOnTrack

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

Powered by BoardOnTrack

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Powered by BoardOnTrack

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

Powered by BoardOnTrack

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

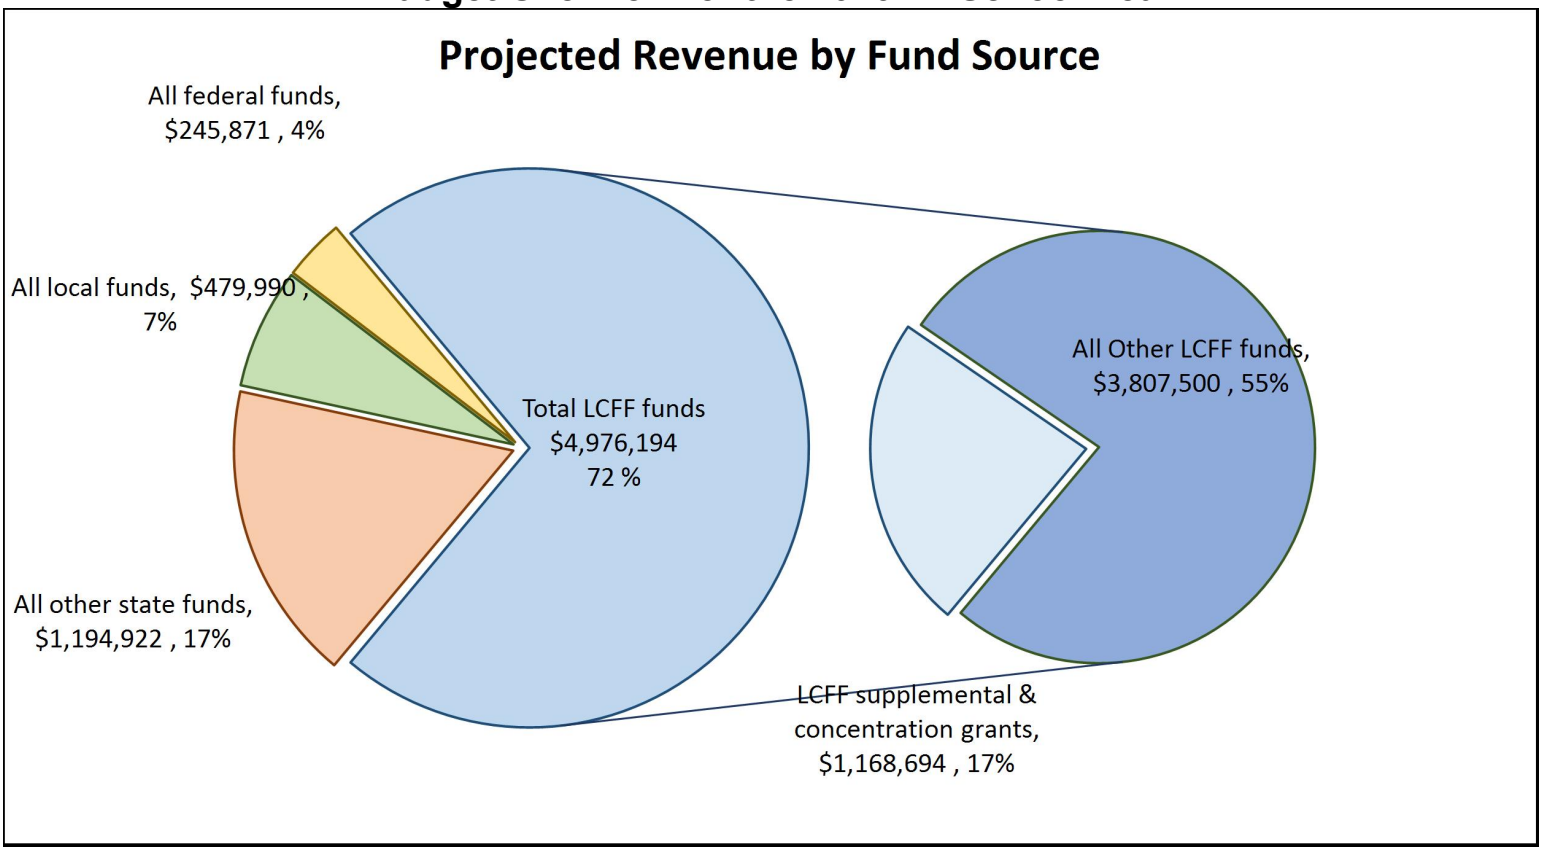
California Department of Education
November 2024

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy-8
CDS Code: 19-64733-0122747
School Year: 2026-27
LEA contact information:
Adrian Uribe
Principal
auribe@magnoliapublicschools.org
(323) 826-3925

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (Foster Youth, English learners, and low-income students).

Budget Overview for the 2026-27 School Year

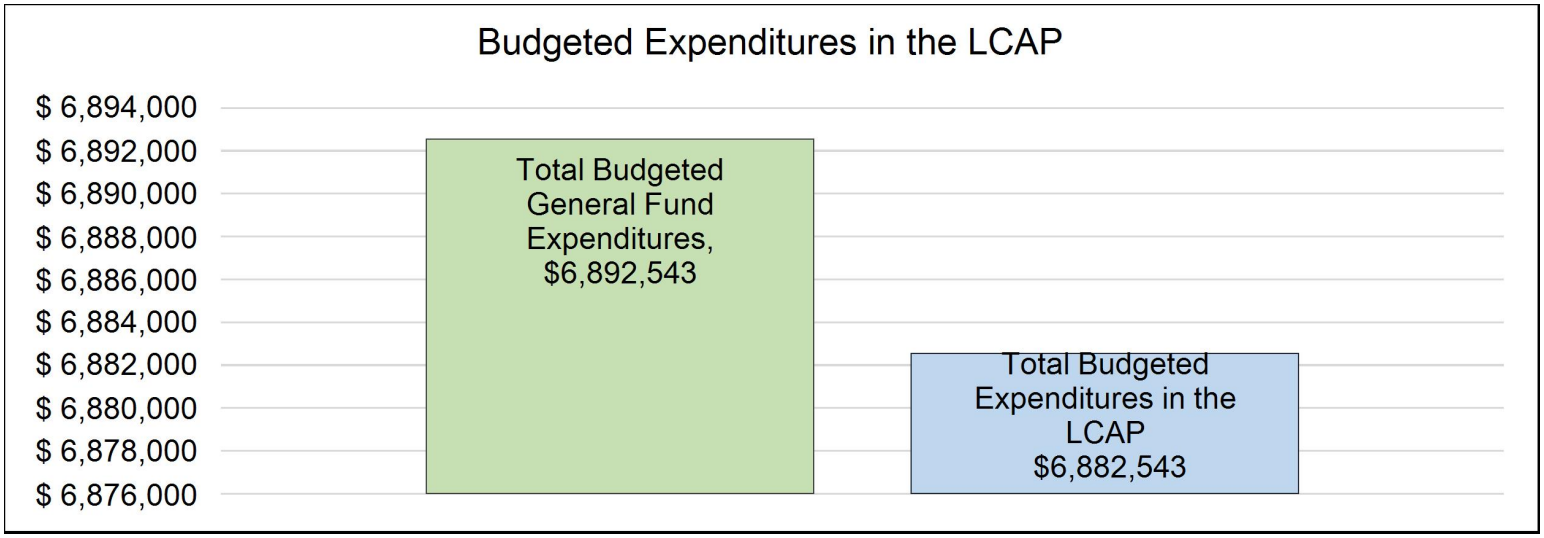


This chart shows the total general purpose revenue Magnolia Science Academy-8 expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy-8 is $6,896,977, of which $4,976,194 is Local Control Funding Formula (LCFF), $1,194,922 is other state funds, $479,990 is local funds, and $245,871 is federal funds. Of the $4,976,194 in LCFF Funds, $1,168,694 is generated based on the enrollment of high needs students (Foster Youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.



This chart provides a quick summary of how much Magnolia Science Academy-8 plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy-8 plans to spend $6,892,543 for the 2026-27 school year. Of that amount, $6,882,543 is tied to actions/services in the LCAP and $10,000 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

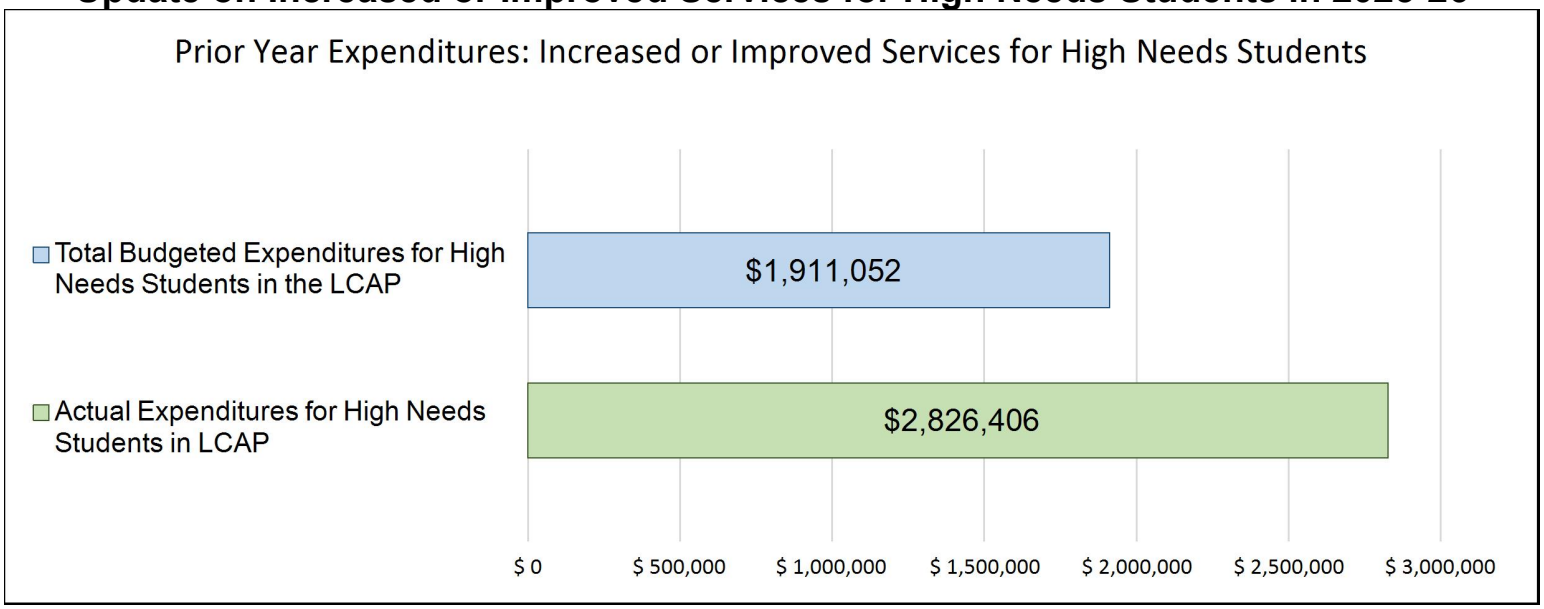
N/A

Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Magnolia Science Academy-8 is projecting it will receive $1,168,694 based on the enrollment of Foster Youth, English learner, and low-income students. Magnolia Science Academy-8 must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy-8 plans to spend $1,988,655 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2025-26



This chart compares what Magnolia Science Academy-8 budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy-8 estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, Magnolia Science Academy-8's LCAP budgeted $1,911,052 for planned actions to increase or improve services for high needs students. Magnolia Science Academy-8 actually spent $$2,826,406 for actions to increase or improve services for high needs students in 2025-26.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Plan Summary [2026-27]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Magnolia Science Academy-Bell (MSA-Bell) is a classroom-based charter school serving grades 6th-8th with a curriculum emphasis on science, technology, engineering, arts, and math (STEAM). MSA- Bell is located in the city of Bell (90201) and serves around 400 students in grades 6–8, with classes that average 30 or fewer students. Originally founded in 2010—and here requesting a third five-year charter term—MSA-Bell's mission is to provide a college preparatory educational program emphasizing STEAM in a safe environment that cultivates respect for self and others. We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundation skills presented in ways that are relevant and inspiring for our students. Classroom instruction at MSA-Bell is supplemented by tutoring, after-school programs, and school-to-university links.

Our mission is to provide a college preparatory educational program emphasizing STEAM in a safe environment that cultivates respect for self and others. Graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

Magnolia Science Academy 8
Address: 6411 Orchard Ave., Bell, CA, 90201
Phone: 323-826-3925
Email: auribe@magnoliapublicschools.org

Our Mission

Magnolia Public Schools provides a college preparatory educational program emphasizing science, technology, engineering, and math (STEAM) in a safe environment that cultivates respect for self and others.

Our Vision
Graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

INNOVATION
Students have the freedom to choose how and what they learn. Individualized scheduling, early identification of learning styles, personalities, interest, and career plans support students' college and career readiness. Students experience hands-on learning through robotics, computer science, and arts to promote imagination, creativity, and invention.

CONNECTION
School communities are integrated partnerships among the school site staff, families, students, and all other stakeholders. Connection creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internships, promote unity and better decision making through the implementation of restorative justice practices.

EXCELLENCE
Academic Excellence is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster academic excellence through project-based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

SUCCESSES
Our school demonstrated strong academic growth across multiple indicators this year. In English Language Arts (ELA), we increased our performance by 8.2 points, moving into the Yellow performance level. In Mathematics, we achieved an even larger gain of 12.8 points, also reaching the Yellow performance level.
Our most significant success was in English Learner Progress. We increased by 15 percentage points, with 60% of our English Learners making progress toward English language proficiency. As a result of these outstanding gains, our English Learner Progress indicator moved into the Blue performance level, our highest-performing area. These results reflect the hard work of our students, staff, and families, and demonstrate our continued commitment to improving outcomes for all learners.

CHALLENGES
While we celebrated important academic gains this year, we also identified areas that require focused attention and improvement. Our chronic absenteeism rate remained at 27%, which placed us in the Red performance level. This indicates that a significant number of

students are missing too much instructional time, impacting their learning and overall success. Additionally, our suspension rate increased to 6.4%, representing a 2.8 percentage point increase from the previous year. This resulted in an Orange performance level. These data highlight the need for continued work in strengthening student engagement, attendance, and positive school climate supports.

OPPORTUNITIES
During the 2025–26 school year, we introduced the Coordination of Services Team (COST) to streamline the process for identifying and providing interventions for students in need of additional support. This system created a more coordinated and proactive approach to addressing student needs by bringing together staff to review data, identify concerns, and connect students with appropriate services.

Through the implementation of COST, we were able to respond more quickly to students' behavioral and attendance challenges, ensuring timely interventions and support. This opportunity positions our school to strengthen student engagement, improve attendance outcomes, reduce disciplinary incidents, and provide a stronger network of support for students and families moving forward.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Due to significant gains in ELA, Mathematics, and English Learner Progress, Magnolia Science Academy-Bell is no longer identified for Differentiated Assistance (DA). These improvements reflect the effectiveness of our instructional efforts and targeted supports and demonstrate our continued progress toward higher levels of student achievement and school performance.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents	During Parent Advisory Committee (PAC) meetings, families participated in informational sessions focused on understanding the goals and priorities outlined in the Local Control and Accountability Plan (LCAP). School staff reviewed student performance data from multiple sources, including state and local dashboards, to provide parents with a clear picture of school progress and areas for growth. To support meaningful participation, the information was presented in parent-friendly formats that made the data easier to understand and discuss. These presentations helped families engage in informed conversations and provide valuable input on school goals and decision-making.
Students	During Parent Advisory Committee (PAC) meetings, students were provided opportunities to actively participate in discussions about the Local Control and Accountability Plan (LCAP) and school improvement efforts. School staff shared student achievement and school performance data, helping students understand current outcomes, identify areas for growth, and learn about the goals established for the future. Through these discussions, students asked questions, shared their perspectives, and contributed ideas that informed school planning. To ensure the information was accessible and meaningful, staff created clear and engaging presentations using data from school and state dashboards, enabling both students and families to participate in the decision-making process with a strong understanding of the school's priorities and progress.

Educational Partner(s)	Process for Engagement
Teachers	Throughout the school year, staff participated in regular meetings focused on the Local Control and Accountability Plan (LCAP) and the school's improvement goals. These sessions provided opportunities to review progress toward existing goals, analyze outcomes from the previous year, and celebrate areas of success. Staff also collaborated to identify areas for growth, refine strategies, and establish priorities for the upcoming year. By engaging in ongoing dialogue and data-driven planning, staff developed a shared understanding of the school's goals and their role in achieving them, fostering a culture of continuous improvement and collective responsibility for student success.
School administrators	Throughout the school year, staff engaged in ongoing discussions and presentations related to the Local Control and Accountability Plan (LCAP) and the school's strategic priorities. These meetings allowed staff to review progress toward established goals, reflect on key achievements, and analyze areas for continued growth. Staff also collaborated in planning for the upcoming year by examining projected outcomes, refining goals, and identifying effective strategies to support student success. This continuous engagement helped ensure alignment across the school community and reinforced a collective commitment to achieving the school's long-term vision and objectives.
Other school personnel	Throughout the year, staff participated in regular LCAP updates and planning sessions to stay informed about the school's priorities and progress. These meetings provided opportunities to review data, celebrate successes, and evaluate progress toward established goals. Staff also engaged in collaborative discussions to refine existing objectives, develop new goals when needed, and identify effective actions to support student achievement. By involving staff in both reflection and planning, the school fostered a shared sense of ownership and commitment to continuous improvement and long-term success.
SELPA	To ensure that the needs of students with disabilities are reflected in school planning and decision-making, SELPA representatives were included as key partners in the development of the Local Control and Accountability Plan (LCAP). Through ongoing collaboration, consultation, and feedback, these representatives provided valuable

Educational Partner(s)	Process for Engagement
	insight into the effectiveness of special education services and identified opportunities to strengthen support systems for students with disabilities. Their contributions helped guide the development of targeted actions and services designed to improve student outcomes and promote equitable access to educational opportunities. By actively engaging SELPA representatives throughout the LCAP process, MSA-8 ensures that the plan remains inclusive, responsive, and aligned with the diverse needs of all learners while fostering shared responsibility for student success.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The development of MSA-8's LCAP goals was guided by input gathered from a variety of educational partners, including families, students, staff, and community members. The administrative team reviewed stakeholder feedback to identify common themes, priorities, and areas of need, ensuring that multiple perspectives were reflected in the planning process. Through ongoing communication and collaboration, the school shared how stakeholder input informed decision-making and contributed to the development of proposed goals and actions. The resulting recommendations were then submitted to the home office for review and consideration as part of the development of the following year's LCAP, helping to ensure that the plan remained responsive to the needs and priorities of the school community.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned and high-quality instructional materials, and appropriately maintained school facilities.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	The percentage of teaching assignments that have an assignment monitoring outcome of "clear" (Source: Local Indicator Priority 1, CDE DataQuest TAMO by FTE Report)	2021-22: 75.2%	2022-23: 69.2%	2023-24: 70.3%	2024-25: > 85%	-4.9 percentage points
1.2	Percentage of students without access to their	2023-24: 0%	2024-25 (As of 6/5/25):	2025-26 (As of 5/22/26):	2026-27: 0%	0 percentage points

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	own copies of standards-aligned instructional materials for use at school and at home (Source: Local Indicator Priority 1)		0%	0%		
1.3	Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies) (Source: Local Indicator Priority 1)	2023-24: 0	2024-25 (As of 6/5/25): 0	2025-26 (As of 5/22/26): 0	2026-27: 0	0
1.4	Teacher retention rate (Source: HRIS)	2023-24: (Fall 2022 to Fall 2023) 54%	2024-25: (Fall 2023 to Fall 2024) 52%	2025-26 (Fall 2024 to Fall 2025): 76%	2026-27: (Fall 2025 to Fall 2026) >= 80%	+22 percentage points
1.5	Teacher attendance rate (Source: HRIS)	2023-24: (As of 5/15/24) 93.9%	2024-25: (As of 5/31/25) 93.4%	2025-26 (As of 5/15/26): 93.9%	2026-27: >= 95.0%	0 percentage points

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

1.1:The percentage of teaching assignments with an assignment monitoring outcome of “Clear” was 70.3%, which is below the desired target of 85% or higher. This indicates that a portion of teaching assignments did not fully meet credentialing alignment expectations during the 2025–2026 school year. A key factor contributing to this outcome was that the school had one teacher serving on a permit rather than holding a full credential. While this allowed the school to maintain staffing continuity, it impacted the overall assignment monitoring percentage, as permit-based assignments do not meet the “Clear” designation.

1.2:The percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home was 0% as of May 22, 2026, indicating that all students had access to required instructional materials. This outcome demonstrates that the school successfully met its goal of ensuring equitable access to standards-aligned resources for all students both in the classroom and for use at home. Maintaining a 0% gap reflects effective planning, timely distribution of materials, and alignment with instructional expectations.

Recently, we underwent a Williams audit, which successfully verified that all our students have access to the necessary textbooks and technology. This audit confirms our commitment to providing quality education and resources to every student.

1.3: As we continue to be co-located on an LAUSD facility for the 2026-27 school year ,our classrooms and infrastructure are regularly inspected by the district to ensure they meet the "good repair" standard. Any necessary repairs that have been identified have been promptly addressed, ensuring that our learning environment remains safe and conducive to education. Additionally, our school successfully passed the Williams audit for the 2025-26 school year, a testament to our commitment to maintaining high standards in our facilities.

1.4: In recent years, we have seen some of our teachers leave to pursue opportunities closer to their homes or to embark on new career paths. However, we are working hard to maintain a high retention rate and provide stability for our students. Our goal is to ensure a seamless transition and continue delivering quality education to all students.

1.5:In the past two years, we have come very close to achieving our goal of a 95% teacher attendance rate.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1 Action 1
Budgeted: $23,246.00
Actual: $27,316.00
Explanation: The variance between budgeted and actual expenditures is primarily due to slightly higher-than-anticipated program and service costs associated with implementation needs during the year, resulting in a modest increase over the original budget.

Goal 1 Action 2
Budgeted: $404,326.62
Actual: $430,598.77
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 1 Action 3
Budgeted: $640,195.00
Actual: $780,102.00
Explanation: The increase in actual expenditures is due to higher-than-expected costs related to facility repairs and maintenance needs that arose during the school year, which required additional resources beyond the original budget assumptions.

Goal 1 Action 4
Budgeted: $21,930.00
Actual: $80,000.00
Explanation: The variance is due to unanticipated costs and expanded implementation needs that arose during the school year, resulting in additional expenditures to fully support program and operational requirements.

Goal 1 Action 5
Budgeted: $880,525.00
Actual: $794,888.40
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Overall, the implementation of the action items for this goal was effective.

Metric 1.1: Effective- As part of our commitment to providing the best educational experience for our students, we have been striving to meet an 85% goal in this area.

Metric 1.2: Effective- We have ensured that every student has access to their own copies of the necessary materials. This includes access to all curriculum , textbooks, and Chromebooks.

Metric 1.3: Effective- We have a sound building that is maintained by LAUSD per our co-located agreement.

Metric 1.4: Effective- Teacher turnover rate was low for this past year.

Metric 1.5: Somewhat Effective: Although we did not meet our metric of 95% teacher attendance rate, we came close the last two years.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Metric 1.1: A change for this metric is the monitoring and auditing of the teacher's credentials by the Assistant Principal's of instructions. Both will follow up with teachers to provide timely feedback and tracking of their credential pathways. We hope this will ensure that all teachers will be credentialed in their subject area by the end of the 2026-27 school year.

Metric 1.4:Based on the feedback from the staff surveys conducted during the 2025-26 academic year, we have developed a comprehensive action plan to address the key concerns raised.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: Payroll fees, teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, and retirement service fees. The following expenditures will be funded by federal Title funds: N/A	$26,316.00	No
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs.	$428,361.57	No

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: Depreciation, technology, TelecomInternet, textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: N/A		
1.3	Clean and safe facilities that support learning	Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A	$723,102.00	No

Powered by BoardOnTrack

Action #	Title	Description	Total Funds	Contributing
1.4	Healthy and nutritious meals	Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, and water. The following expenditures will be funded by federal Title funds: N/A	$60,000.00	Yes
1.5	Well-orchestrated Home Office support services	The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4. Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.) The following expenditures will be funded by federal Title funds: N/A	$731,183.94	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Graduate Profile,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence.	Broad Goal

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.1	Percentage of students who have sufficient access to all programs and services, as applicable, including the programs and services	2023-24: 100%	2024-25: (As of 6/5/25) 100%	2025-26 (As of 5/22/26): 100%	2026-27: 100%	0 percentage points

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Goal 2-Metric 1:As of May 22, 2026, 100% of students had sufficient access to all educational programs and services, including those specifically designed to support unduplicated students (English Learners, Foster Youth, and Socioeconomically Disadvantaged students) and students with exceptional needs. This outcome demonstrates that the school successfully ensured equitable access to the resources, interventions, and supports necessary to promote student success.

Goal 2-Metric 2: During the 2025–26 school year, 61% of the required teacher observations were completed by school administration, falling short of the established target of 85%. The observation process was designed to include one formal and four informal classroom observations per teacher to support the implementation of state standards and promote continuous instructional improvement. The lower completion rate was largely attributable to the transition to a new teacher evaluation rubric and the implementation of a new online observation platform. As administrators adapted to the revised observation protocols, documentation requirements, and data-entry processes, a learning curve emerged that impacted the timely completion and recording of observations throughout the year. Despite not meeting the target, the school successfully established the new systems and built administrative capacity to conduct observations using the updated framework. Through this process, administrators gained familiarity with the rubric, improved calibration practices, and developed greater proficiency with the online platform.

Goal 2-Metric 3:During the Fall 2025–26 semester, 54% of students earned a grade of “C” or better in their core subjects and elective courses. While this reflects that more than half of our students are successfully meeting course expectations, the result fell below the school's established target of 80% or higher. Several factors may have contributed to this outcome, including learning gaps, inconsistent attendance, and academic challenges experienced by some student groups. Although the goal was not met, the data provide valuable insight into areas where additional academic support and intervention are needed. In response, the school will continue to implement targeted strategies to improve student achievement, including progress monitoring, academic interventions, tutoring opportunities, and increased communication with students and families regarding academic performance. Staff will also use data to identify students in need of support earlier and provide timely interventions to help improve course completion rates and overall academic success. Moving forward, the school remains committed to increasing the percentage of students earning grades of “C” or better and making progress toward meeting the 80% target.

Goal 2-Metric 4: During the 2025–26 school year, the percentage of students who met or exceeded standards on the CAASPP English Language Arts/Literacy (ELA) assessment varied across student groups. Overall, 32.98% of All Students met or exceeded the standard. Among student groups, 30.36% of Socioeconomically Disadvantaged students, 10.25% of Students with Disabilities, 32.77% of Hispanic students, and 31.58% of White students met or exceeded the standard. English Learners recorded 0.00% meeting or exceeding the standard, indicating a significant area of need. While the results demonstrate that approximately one-third of students are performing at or above grade-level expectations in ELA, the data also reveal persistent achievement gaps among student groups, particularly for English Learners and Students with Disabilities. These outcomes highlight the need for continued focus on literacy development, targeted intervention, and differentiated instruction to ensure all students have equitable access to grade-level content and opportunities for success. To address these needs, the school implemented evidence-based instructional strategies, data-driven intervention programs, and additional

supports for identified student groups throughout the year. Teachers utilized assessment data to monitor student progress and adjust instruction to meet individual learning needs. The school also provided targeted support for English Learners through designated and integrated English Language Development (ELD) instruction and continued to strengthen accommodations and specialized services for Students with Disabilities.

Goal 2-Metric 5: The 2025–26 CAASPP English Language Arts/Literacy (ELA) Distance from Standard (DFS) results indicate that students continue to perform below the state standard, although the degree of performance varied among student groups. Overall, All Students scored 41.9 points below standard, while Hispanic students scored 40.8 points below standard and Socioeconomically Disadvantaged students scored 45.3 points below standard, reflecting performance levels that were relatively similar to the schoolwide average. The data also reveal significant achievement gaps among certain student groups. English Learners scored 96.3 points below standard, and Students with Disabilities scored 92.6 points below standard, indicating that these groups continue to require intensive academic support and targeted interventions to accelerate literacy development and access grade-level content. Additionally, White students scored 67.5 points below standard, highlighting the need to continue monitoring performance across all student groups. While these results demonstrate that students remain below proficiency expectations in ELA, the school experienced positive growth on the California Dashboard, including an increase in overall ELA performance. This suggests that the instructional strategies and interventions implemented throughout the year are beginning to have a positive impact on student learning outcomes. To support continued improvement, the school provided standards-aligned instruction, targeted intervention programs, literacy support services, and ongoing data analysis to identify and address student learning needs. English Learners received designated and integrated English Language Development (ELD) instruction, while Students with Disabilities were provided specialized supports and accommodations to improve access to rigorous academic content.

Goal 2-Metric 6: he Measures of Academic Progress (MAP) Reading assessment data from Fall to Spring indicate that a majority of students met their individual growth targets during the 2025–26 school year. Overall, 56.4% of All Students met their projected growth targets in reading. Similar results were observed among Hispanic students (56.4%) and Socioeconomically Disadvantaged students (55.8%), demonstrating consistent growth across these student groups. While more than half of students achieved their expected growth, the data also identify opportunities for improvement among certain student populations. English Learners achieved a growth target attainment rate of 46.7%, Students with Disabilities achieved 48.9%, and White students achieved 47.4%, indicating that fewer than half of students in these groups met their projected reading growth goals. These results suggest that the school's instructional programs and reading interventions are supporting academic growth for many students; however, additional targeted supports are needed to ensure that all student groups make sufficient progress toward grade-level literacy expectations. The lower rates among English Learners and Students with Disabilities highlight the importance of continuing differentiated instruction, targeted intervention services, and specialized supports to address diverse learning needs.

Goal 2-Metric 7 : The Weighted-Averaged Conditional Growth Index (CGI) and Conditional Growth Percentile (CGP) results from the 2025–26 MAP Reading assessment provide insight into how student growth compared to national growth norms. Overall, All Students achieved a CGI of 0.33 and a CGP of the 63rd percentile, indicating that students, on average, demonstrated reading growth that exceeded the growth of 63% of similar students nationwide. This result reflects strong progress in reading achievement and suggests that the school's instructional programs are supporting student growth effectively. Several student groups also demonstrated growth above national norms. Hispanic students achieved a CGI of 0.34 and a CGP of the 63rd percentile, while Socioeconomically Disadvantaged students achieved a CGI of 0.27 and a CGP of the 61st percentile. These results indicate that these student groups experienced growth at rates higher than the national average for comparable students and reflect the positive impact of targeted instructional supports and interventions. While some student

Powered by BoardOnTrack

groups demonstrated positive growth, the results also highlight areas for continued improvement. English Learners achieved a CGI of 0.10 and a CGP of the 25th percentile, indicating that although growth was positive, it occurred at a rate below that of most similar students nationwide. Additionally, Students with Disabilities achieved a CGI of -0.17 and a CGP of the 43rd percentile, while White students achieved a CGI of -0.04 and a CGP of the 48th percentile, suggesting that these groups experienced growth rates slightly below national expectations. These data demonstrate that the school is making meaningful progress in supporting reading growth for many students, particularly among All Students, Hispanic students, and Socioeconomically Disadvantaged students. However, the performance of English Learners and Students with Disabilities indicates a need for continued focus on differentiated instruction, targeted interventions, and specialized supports to accelerate growth and close achievement gaps.

Goal 2-Metric 8: The 2025–26 CAASPP Mathematics assessment results indicate that 17.51% of All Students met or exceeded the state standard in mathematics. Among student groups, 17.33% of Hispanic students, 16.12% of Socioeconomically Disadvantaged students, and 15.79% of White students met or exceeded the standard, demonstrating relatively similar levels of performance across these populations. Additionally, 7.50% of Students with Disabilities met or exceeded the standard, while 2.17% of English Learners met or exceeded the standard. Although the percentage of students meeting or exceeding standards remains below desired levels, the school experienced notable improvement in mathematics performance as reflected on the California Dashboard, where the Mathematics indicator increased by 12.8 points and moved into the Yellow performance level. This growth suggests that the instructional strategies and supports implemented during the year are contributing to positive academic progress. The results also highlight ongoing achievement gaps among student groups, particularly for English Learners and Students with Disabilities. These outcomes underscore the need for continued focus on strengthening foundational math skills, increasing access to rigorous grade-level content, and providing targeted interventions to support students who are performing below standard.

Goal 2-Metric 9: The 2025–26 California School Dashboard results indicate that students continue to perform below the state standard in mathematics, as reflected by the Distance from Standard (DFS) measure. Overall, All Students scored 90.6 points below standard, demonstrating that significant work remains to improve mathematics achievement and ensure students are meeting grade-level expectations. Among student groups, Hispanic students scored 91.0 points below standard, Socioeconomically Disadvantaged students scored 92.1 points below standard, and White students scored 97.2 points below standard, reflecting performance levels that were generally consistent with the schoolwide average. However, the greatest areas of need were evident among English Learners, who scored 125.8 points below standard, and Students with Disabilities, who scored 136.6 points below standard. These results highlight substantial achievement gaps and indicate that these student groups require additional academic support to accelerate learning and improve mathematics outcomes. Despite these challenges, the school demonstrated meaningful progress in mathematics during the year. The California Dashboard Mathematics Indicator increased by 12.8 points, resulting in the school moving into the Yellow performance level. This growth suggests that the instructional strategies, interventions, and supports implemented throughout the year are contributing to improved student outcomes, even though overall performance remains below the state standard. To support student achievement, the school provided standards-aligned mathematics instruction, utilized benchmark and formative assessment data to guide instructional decisions, and implemented targeted intervention programs for students requiring additional support. Teachers engaged in data analysis and differentiated instruction to address learning gaps and strengthen students' conceptual understanding and problem-solving skills.

Goal 2-Metric 10: The 2025–26 Measures of Academic Progress (MAP) Mathematics assessment results indicate that 49.0% of All Students met their projected growth targets from Fall to Spring. This suggests that nearly half of the student population achieved the expected level of academic growth in mathematics during the school year. Among student groups, 49.4% of Hispanic students met their growth targets, closely

aligning with the schoolwide rate. Socioeconomically Disadvantaged students achieved a growth target attainment rate of 42.2%, while English Learners achieved 39.1%, indicating that fewer than half of students in these groups met their projected growth goals. These results suggest a need for continued targeted support to accelerate mathematics growth for these student populations. A notable area of success was observed among Students with Disabilities, with 75.0% meeting their growth targets, significantly exceeding the performance of other student groups and demonstrating strong growth throughout the school year. Additionally, 42.1% of White students met their projected growth targets, indicating an opportunity for continued improvement within this subgroup. While the data show that many students made meaningful progress in mathematics, the results also highlight the need to increase the percentage of students meeting their expected growth targets, particularly among English Learners and Socioeconomically Disadvantaged students. The school's positive growth on the California Dashboard Mathematics Indicator suggests that instructional improvements and intervention efforts are having a positive impact, but additional work is needed to ensure more students achieve accelerated growth.

Goal 2-Metric 11:The Weighted-Averaged Conditional Growth Index (CGI) and Conditional Growth Percentile (CGP) results from the 2025–26 MAP Mathematics assessment provide insight into student growth relative to national norms. Overall, All Students achieved a CGI of -0.20 and a CGP of the 42nd percentile, indicating that students demonstrated growth at a rate slightly below that of comparable students nationwide. While students made progress in mathematics during the school year, the overall rate of growth did not meet national growth expectations. Among student groups, Hispanic students achieved a CGI of -0.18 and a CGP of the 43rd percentile, representing the strongest growth performance among the reported subgroups, although growth remained slightly below national norms. Socioeconomically Disadvantaged students achieved a CGI of -0.26 and a CGP of the 40th percentile, indicating growth below the national average for similar students. The results also identify significant opportunities for improvement among several student groups. English Learners achieved a CGI of -0.67 and a CGP of the 25th percentile, while White students achieved a CGI of -0.68 and a CGP of the 25th percentile. Additionally, Students with Disabilities achieved a CGI of -0.75 and a CGP of the 23rd percentile, indicating that these groups experienced growth rates substantially below those of comparable students nationwide. These results suggest that current supports have not yet accelerated learning at the level needed to close achievement gaps in mathematics. Although the MAP growth data indicate that mathematics growth remained below national expectations, the school demonstrated positive progress on the California Dashboard Mathematics Indicator, increasing by 12.8 points and moving into the Yellow performance level. This improvement suggests that schoolwide instructional efforts are contributing to higher levels of achievement, even as growth rates continue to be an area of focus.
throughout the year, the school implemented standards-aligned mathematics instruction, utilized benchmark and formative assessment data to guide instruction, and provided targeted interventions for students requiring additional support. Teachers engaged in data analysis and differentiated instruction to address unfinished learning and strengthen mathematical reasoning and problem-solving skills.

Goal 2-Metric 12: During the 2025–26 school year, 60.0% of English Learners increased by at least one English Learner Progress Indicator (ELPI) Performance Level or maintained Performance Level 4 (English Language Proficient). This result exceeded the school's target of 50.0%, demonstrating strong progress in supporting English Learners' language development and academic success. The outcome reflects the effectiveness of the school's English Learner program and the targeted supports implemented to accelerate English language acquisition. Through designated and integrated English Language Development (ELD) instruction, data-driven instructional practices, and ongoing monitoring of student progress, English Learners were provided with meaningful opportunities to develop their language skills and access grade-level content. This achievement aligns with the school's performance on the California Dashboard, where the English Learner Progress Indicator increased by 15 percentage points, resulting in a Blue performance level. The significant growth demonstrates that English Learners are making substantial progress toward English proficiency and that the school's efforts to support language development are producing positive results. Key factors contributing to this success included targeted interventions, differentiated instruction, regular

analysis of student performance data, and collaboration among teachers to ensure that English Learners received the academic and linguistic supports needed to succeed. These efforts helped create a learning environment where students could make measurable gains in English proficiency while engaging in rigorous academic instruction.

Goal 2-Metric 13: During the 2025–26 school year, 30.4% of English Learners were reclassified as Fluent English Proficient (RFEP) as of June 10, 2026. This represents an increase from 28.8% in 2024–25 and significantly exceeded the school's target outcome of 10% or higher. The increase in the reclassification rate demonstrates the effectiveness of the school's efforts to support English Learners in developing the language skills necessary to achieve English proficiency. By exceeding the target by more than 20 percentage points, the school has shown strong success in preparing English Learners to meet the criteria for reclassification and fully access rigorous academic content. Several factors contributed to this positive outcome, including high-quality designated and integrated English Language Development (ELD) instruction, ongoing progress monitoring, targeted interventions, and the use of data to identify and address students' language development needs. Teachers and support staff worked collaboratively to provide English Learners with both linguistic and academic supports, helping students make progress toward proficiency while achieving success in their core academic courses. The increase in the RFEP rate aligns with the school's overall success in supporting English Learners, as evidenced by the significant gains in the English Learner Progress Indicator (ELPI) and the school's Blue performance level on the California Dashboard. These outcomes indicate that English Learners are making meaningful progress toward English proficiency and achieving important academic milestones.

Goal 2-Metric 14: The 2024–25 CAASPP Science assessment results indicate that 15.03% of All Students met or exceeded the state standard in science. Among student groups, 14.96% of Hispanic students and 12.14% of Socioeconomically Disadvantaged students met or exceeded the standard, reflecting performance levels that were generally consistent with the schoolwide average. However, English Learners and Students with Disabilities recorded 0.00% meeting or exceeding the standard, highlighting significant achievement gaps and areas requiring focused attention. While the results demonstrate that a portion of students are achieving proficiency in science, the overall percentage remains below desired levels and indicates a need to strengthen science instruction and student achievement across all grade levels. The outcomes for English Learners and Students with Disabilities are of particular concern and suggest that additional supports are needed to ensure these student groups can successfully access and demonstrate mastery of the California Next Generation Science Standards (NGSS). Throughout the year, the school continued to implement standards-aligned science instruction and provide opportunities for students to engage in inquiry-based learning, critical thinking, and problem-solving activities. Teachers incorporated hands-on investigations and cross-curricular connections to help students build scientific knowledge and skills. Assessment data were also reviewed to identify areas of need and inform instructional planning. Despite these efforts, the results indicate that additional strategies are necessary to improve science achievement. Moving forward, the school will focus on strengthening NGSS-aligned instruction, increasing opportunities for hands-on and inquiry-based learning, and providing targeted academic support for English Learners and Students with Disabilities. Teachers will continue to utilize data to guide instruction and monitor student progress, while professional development opportunities will support the implementation of effective science instructional practices. The school remains committed to improving science achievement for all students and increasing the percentage of students who meet or exceed standards on the CAASPP Science assessment. Particular emphasis will be placed on addressing achievement gaps and ensuring equitable access to rigorous science learning experiences for all student groups.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 2 Action 1
Budgeted: $1,415,501.16
Actual: $1,465,123.65
Explanation: The variance between budgeted and actual expenditures is primarily due to updated staffing and benefit costs, including adjustments to salaries and associated benefits that were not fully captured in the original budget assumptions, resulting in slightly higher-than-projected expenditures.

Goal 2 Action 2
Budgeted: $46,642.00
Actual: $39,694.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 2 Action 3
Budgeted: $661,500.06
Actual: $658,066.91
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 2 Action 4
Budgeted: $139,056.30
Actual: $141,509.28
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 2 Action 5
Budgeted: $802,094.17
Actual: $749,309.08
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Metric 1:
The actions were highly effective, resulting in 100% of students having access to all educational programs and services, including supports for unduplicated pupils and students with disabilities. This demonstrates successful implementation of systems that ensured equitable access to resources and interventions.

Metric 2:
The actions were partially effective. While only 61% of required observations were completed, the implementation of a new observation rubric and online platform established a stronger evaluation system and built administrative capacity for future years.

Metric 3:
The actions were partially effective, as 54% of students earned a grade of C or better. Although the target was not met, academic supports and progress monitoring helped more than half of students successfully meet course expectations.

Metric 4:
The actions were moderately effective in improving ELA achievement, with approximately one-third of students meeting or exceeding standards. However, significant achievement gaps remain for English Learners and Students with Disabilities.

Metric 5:
The actions demonstrated effectiveness as ELA performance improved on the California Dashboard. While students remain below standard, growth in DFS results suggests that literacy interventions and instructional supports are positively impacting student achievement.

Metric 6:
The actions were effective in supporting reading growth, with 56.4% of students meeting their MAP Reading growth targets. Continued attention is needed to improve outcomes for English Learners and Students with Disabilities.

Metric 7:
The actions were effective overall, as students exceeded national growth norms in reading, with a CGP at the 63rd percentile. However, additional supports are needed to accelerate growth among English Learners and Students with Disabilities.

Metric 8:
The actions were moderately effective, contributing to a 12.8-point increase in mathematics performance and movement to the Yellow Dashboard level. Despite this progress, overall proficiency rates remain low and achievement gaps persist.

Metric 9:
The actions were effective in improving mathematics outcomes, as reflected by positive growth on the Dashboard. However, DFS results indicate that students remain substantially below standard, particularly English Learners and Students with Disabilities.

Metric 10:
The actions were partially effective, with 49% of students meeting their MAP Mathematics growth targets. Strong growth among Students with Disabilities was a notable success, while additional support is needed for English Learners and Socioeconomically Disadvantaged students.

Metric 11:

The actions were somewhat effective, as mathematics growth remained below national norms but schoolwide achievement improved. Continued refinement of instructional practices and interventions is needed to accelerate student growth.

Metric 12:
The actions were highly effective, with 60% of English Learners increasing an ELPI level or maintaining proficiency, exceeding the 50% target. This result reflects the success of the school's ELD program and targeted supports.

Metric 13:
The actions were highly effective, resulting in a 30.4% RFEP rate, significantly exceeding the 10% target. This outcome demonstrates the effectiveness of instructional programs and interventions designed to support English Learners toward proficiency.

Metric 14:
The actions were partially effective in science, as a small percentage of students met or exceeded standards. While science instruction and NGSS implementation were in place, additional supports are needed to improve outcomes, particularly for English Learners and Students with Disabilities.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Magnolia Science Academy-Bell is no longer identified for Differentiated Assistance (DA). This change reflects the school's progress in key state indicators, including improvements in English Language Arts, Mathematics, and English Learner Progress. As a result of exiting DA status, the school will continue to implement and refine the successful strategies and interventions that contributed to these gains while maintaining a strong focus on continuous improvement. Goals, metrics, and actions will continue to emphasize academic achievement, English Learner success, and equitable access to supports, while additional attention will be directed toward areas of ongoing need, including chronic absenteeism, suspension rates, and subgroup performance. The school's experience exiting DA reinforces the effectiveness of its current improvement efforts and informs future planning aimed at sustaining and accelerating student success.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all	$1,573,863.30	No

Action #	Title	Description	Total Funds	Contributing
		academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal categorical funds: N/A		
2.2	Professional development for high-quality instruction	Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees.	$31,194.00	Yes

Action #	Title	Description	Total Funds	Contributing
		The following expenditures will be funded by federal Title funds: -Professional Development: Title II; Amount: $12,000.00 -Prof Dev-Other: Title II; Amount: $12,000.00		
2.3	MTSS - Academic enrichment, intervention, and student support	Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Dean of Academics salary and benefits, Title-I/ELD coordinator salary and benefits, instructional aide salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Illuminate DnA fees, and evidence-based supplemental intervention/enrichment program fees (IXL, Accelerated Reader, Paper, BrainPOP, Cityspan, Newsela, and myON.) The following expenditures will be funded by federal Title funds: -Educational Software: Title I; Amount: $19,713.13 -Teacher Salaries: Title I; Amount: $27,874.00 -STRS: Title I; Amount: $5,346.17 -OASDI/Medicare: Title I; Amount: $405.86 -Health & Wellness Benefits: Title I; Amount: $4,234.33 -Unemployment Insurance: Title I; Amount: $139.95	$641,230.33	Yes

Action #	Title	Description	Total Funds	Contributing
2.4	Designated and integrated ELD programs and support for ELs	Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits. The following expenditures will be funded by federal Title funds: -Teacher Salaries: Title I; Amount: $12,672.00 -STRS: Title I; Amount: $2,420.35 -OASDI/Medicare: Title I; Amount: $183.74 -Health & Wellness Benefits: Title I; Amount: $2,117.52 -Unemployment Insurance: Title I; Amount: $63.36	$134,210.71	Yes

Action #	Title	Description	Total Funds	Contributing
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: -SpEd Ctrct Inst: IDEA SPED; Amount: $77,693.00	$701,772.55	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.	Broad Goal

State Priorities addressed by this goal.

Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 16%	2024-25: (As of 6/5/25) 14.0%	2025-26 (As of 5/22/26): 23%	2026-27: >= 10%	+7 percentage points

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.2	Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 99%	2024-25: (As of 6/5/25) 100%	2025-26 (As of 5/22/26): 100%	2026-27: >= 90%	+1 percentage point
3.3	Percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 98%	2024-25: (As of 6/5/25) 100.0%	2025-26 (As of 5/22/26): 100%	2026-27: >= 80%	+2 percentage points

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Overall Implementation Summary:

During the 2025–26 school year, the school continued to prioritize increasing student access to a broad course of study, with specific attention to advanced math, computer/technology integration, and STEAM learning opportunities. The implementation of planned actions was mostly consistent with the original design, although some variances emerged in student participation in advanced math offerings.

3.1 – During the 2025–26 school year, 23% of students were enrolled in an Accelerated and/or Advanced Mathematics course and/or participated in an Advanced Math Club, exceeding the school's target outcome of 10% or higher. This result demonstrates the effectiveness of the school's efforts to expand access to advanced learning opportunities and promote student engagement in rigorous mathematics coursework. Exceeding the target by 13 percentage points indicates strong student interest and participation in advanced mathematics pathways. The availability of accelerated courses and enrichment opportunities provided students with additional challenges, opportunities to deepen their mathematical understanding, and pathways to prepare for higher-level coursework. This success reflects the school's commitment to fostering academic excellence and ensuring that students have access to programs that support advanced learning. Through

student recruitment efforts, academic counseling, and the promotion of enrichment opportunities, the school was able to increase participation beyond its established goal.

3.2 – During the 2025–26 school year, 100% of students in the graduating class completed a Computer/Technology course and/or participated in blended learning experiences as part of their program of study, exceeding the school's target outcome of 90% or higher. This result demonstrates the school's success in ensuring that all graduates had meaningful exposure to technology-based learning and opportunities to develop digital literacy skills. Achieving a 100% participation rate reflects the effectiveness of the school's efforts to integrate technology into instruction and provide students with access to technology-rich learning environments. Through computer and technology coursework, blended learning opportunities, and the use of digital tools across content areas, students developed skills that are essential for success in college, careers, and an increasingly technology-driven world. This outcome also demonstrates the school's commitment to preparing students for postsecondary opportunities by ensuring that technology and digital learning are embedded within the educational experience. The successful implementation of these programs provided students with opportunities to strengthen problem-solving, collaboration, research, and technology skills while engaging in rigorous academic content.

3.3 – During the 2025–26 school year, 100% of students created or demonstrated a STEAM-focused project, experiment, model, or presentation, exceeding the school's target outcome of 80%. This result demonstrates the successful implementation of instructional practices and learning opportunities that promote student engagement in Science, Technology, Engineering, Arts, and Mathematics (STEAM). Exceeding the target by 20 percentage points reflects the school's commitment to providing all students with hands-on, project-based learning experiences that encourage creativity, critical thinking, collaboration, and problem-solving. Through classroom projects, experiments, design challenges, and student presentations, students were able to apply academic concepts in meaningful and authentic ways. This outcome highlights the effectiveness of the school's efforts to integrate STEAM learning across the curriculum and ensure that every student had the opportunity to engage in inquiry-based and experiential learning activities. These experiences helped students develop essential 21st-century skills while increasing their exposure to STEAM-related fields and career pathways.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3 Action 1
Budgeted: $0.00
Actual: $0.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 3 Action 2
Budgeted: $2,241.00
Actual: $1,000.00
Explanation: The variance between budgeted and actual expenditures is due to lower-than-expected utilization of allocated funds for this action, resulting in reduced spending compared to the original budget.

Goal 3 Action 3
Budgeted: $8,720.35
Actual: $8,720.35
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 3 Action 4
Budgeted: $297,485.03
Actual: $298,052.54
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 3 Action 5
Budgeted: $719,369.15
Actual: $728,783.31
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Metric 3.1:
The actions were highly effective, resulting in 23% of students participating in Accelerated/Advanced Mathematics courses or Advanced Math Club, more than doubling the target of 10%. Expanded access to advanced coursework, student recruitment efforts, and academic counseling successfully increased participation in rigorous mathematics opportunities.

Metric 3.2:
The actions were highly effective, with 100% of graduating students completing a Computer/Technology course and/or participating in blended learning experiences, exceeding the 90% target. The integration of technology across instructional programs ensured that all students developed essential digital literacy and technology skills.

Metric 3.3:
The actions were highly effective, as 100% of students completed a STEAM-focused project, experiment, model, or presentation, surpassing the 80% target. The school's emphasis on project-based learning and STEAM integration provided all students with meaningful opportunities to apply critical thinking, creativity, collaboration, and problem-solving skills.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on the successful outcomes achieved during the 2025–26 school year, no significant changes were made to Goal 3 or its associated actions. Students exceeded target outcomes in advanced mathematics participation, technology integration, and STEAM engagement,

indicating that the current strategies are effectively supporting college and career readiness. For the coming year, the school will continue to implement and refine these successful practices while exploring opportunities to further expand student access to advanced coursework, technology-based learning experiences, and STEAM-related activities. Target outcomes may be adjusted upward to promote continuous improvement and encourage even greater student participation and achievement. The school will also continue monitoring participation and performance data to ensure equitable access to these opportunities for all student groups.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	Charter School will promote a college-going culture through college visits, college/career days, and other college/career related activities. Expenditures associated with this action include the following: college/career-related materials and activities. The following expenditures will be funded by federal Title funds: N/A	$0.00	Yes
3.2	STEM and GATE programs	Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research.	$1,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: supplemental STEM program fees. The following expenditures will be funded by federal Title funds: N/A		
3.3	Digital literacy and citizenship programs	Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity. Expenditures associated with this action include the following: computer teacher salary and benefits, and internet security program fees. The following expenditures will be funded by federal Title funds: -Educational Software: Title I; Amount: $3,000.00	$8,720.35	Yes
3.4	Physical education, activity, and fitness	Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as	$213,279.41	Yes

Action #	Title	Description	Total Funds	Contributing
		well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal Title funds: N/A		
3.5	Additional programs and activities that support well-rounded education	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded	$724,500.65	Yes

Action #	Title	Description	Total Funds	Contributing
		education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: N/A		

Goals and Actions

Goal

Goal #	Description	Type of Goal
4	CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

School communities are integrated partnerships with the school site staff, families, students and all other educational partners. This sense of connection creates a safe place for all learners and educational partners to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and educational partner surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
4.1	Number of Parent Advisory Committee (PAC) meetings per year (Source: Local Indicator Priority 3)	2023-24: 8	2024-25: (As of 6/5/25) 5	2025-26 (As of 5/15/26): 8	2026-27: >= 8	0

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

4.1: During the 2025–26 school year, the school held 8 Parent Advisory Committee (PAC) meetings, successfully meeting the target outcome of 8 meetings. This achievement demonstrates the school's commitment to engaging parents and families as active partners in the educational process and in the development, implementation, and evaluation of school programs and initiatives. The PAC meetings provided families with regular opportunities to receive information, review school data, learn about the Local Control and Accountability Plan (LCAP), and provide feedback on school goals, programs, and services. These meetings also served as an important forum for two-way communication between families and school leadership, helping to ensure that parent perspectives were considered in decision-making processes.

4.2: During the 2025–26 school year, the school held 4 English Learner Advisory Committee (ELAC) meetings, successfully meeting the target outcome of 4 meetings. This achievement demonstrates the school's commitment to engaging families of English Learners and ensuring that they have meaningful opportunities to participate in discussions related to programs, services, and supports for English Learner students. The ELAC meetings provided parents with information regarding English Learner programs, student achievement data, language development progress, reclassification requirements, and school initiatives designed to support English Learners. These meetings also allowed families to provide feedback and recommendations that informed school decision-making and program development.

4.3: During the 2025–26 school year, the school hosted 57 parent engagement activities and events, significantly exceeding the target outcome of 10 or more events. This result demonstrates the school's strong commitment to building meaningful partnerships with families and creating multiple opportunities for parent involvement throughout the year. The wide range of events included parent education workshops, family engagement activities, student showcases, informational meetings, advisory committee meetings, and school-community events designed to strengthen communication and collaboration between the school and families. These opportunities helped increase parent awareness of school programs, student learning, and ways to support student success at home. Exceeding the target by a substantial margin reflects the effectiveness of the school's family engagement efforts and its commitment to fostering an inclusive and collaborative school community. Moving forward, the school will continue to provide a variety of meaningful engagement opportunities that encourage family participation and strengthen partnerships that support positive student outcomes.

4.4: During the 2025–26 school year, 37.9% of students were home-visited by teachers, significantly exceeding the target outcome of 15% or more. This result demonstrates the school's strong commitment to building meaningful relationships with students and families through personalized outreach and engagement efforts. Home visits provided valuable opportunities for teachers to strengthen communication with families, gain a deeper understanding of students' needs, and foster positive partnerships that support student success. These interactions helped build trust between the school and families while promoting greater family involvement in the educational process. Exceeding the target by more than 22 percentage points reflects the effectiveness of the school's family engagement strategies and the dedication of staff to connecting with students and families beyond the classroom. These efforts contributed to a stronger sense of community and enhanced collaboration between home and school.

4.5: During the 2025–26 school year, the school achieved an Average Daily Attendance (ADA) rate of 94.14%, exceeding the target outcome of 92%. This result demonstrates the effectiveness of the school's efforts to promote consistent student attendance and ensure students remained engaged in their learning. Achieving an ADA rate above the established target indicates that the majority of students attended school regularly and had access to instructional opportunities throughout the year. Strong attendance is a key factor in supporting academic achievement, student engagement, and overall school success. Several factors contributed to this positive outcome, including ongoing attendance monitoring, communication with families, attendance incentives, and intervention strategies designed to address attendance concerns early. The school's Coordination of Services Team (COST) also played an important role in identifying and supporting students experiencing attendance challenges and connecting families with appropriate resources and interventions.

4.6: During the 2025–26 school year, the school's Chronic Absenteeism Rate decreased to 17.2% as of May 22, 2026, representing a significant improvement from 27.0% reported on the 2025 California Dashboard (based on 2024–25 data). This result exceeded the school's target outcome of 20% or lower, demonstrating substantial progress in reducing chronic absenteeism and improving student attendance. The decrease of 9.8 percentage points reflects the effectiveness of the school's attendance improvement efforts and targeted interventions. Throughout the year, the school closely monitored attendance data, communicated regularly with families, and implemented early intervention strategies to address attendance concerns before they became chronic. The establishment of the Coordination of Services Team (COST) further strengthened the school's ability to identify students in need of support and connect families with appropriate resources and services. This positive outcome indicates that the school's attendance initiatives successfully increased student engagement and promoted more consistent school attendance. Improved attendance supports greater access to instruction, strengthens academic achievement, and contributes to positive student outcomes across multiple measures.

4.7: During the 2025–26 school year, the school's Middle School Dropout Rate was 0%, exceeding the target outcome of 2% or lower. This result demonstrates the school's success in retaining students and ensuring that all middle school students remained enrolled and engaged in their educational program throughout the year. Achieving a 0% dropout rate reflects the effectiveness of the school's student support systems, academic interventions, attendance monitoring, counseling services, and family engagement efforts. School staff worked proactively to identify and address barriers that could negatively impact student engagement and persistence, helping students remain connected to their education. This outcome also indicates that students and families benefited from a supportive school environment that promoted academic success, positive relationships, and access to necessary resources and services. Ongoing communication with families and targeted support for students experiencing academic, behavioral, or attendance challenges contributed to this positive result.

4.8: During the 2025–26 school year, the school's Student Suspension Rate decreased to 1.0% as of May 22, 2026, a significant improvement from 6.4% reported on the 2025 California Dashboard (based on 2024–25 data). This result exceeded the school's target outcome of 2.5% or lower, demonstrating substantial progress in improving student behavior and reducing exclusionary disciplinary practices. The reduction of 5.4 percentage points reflects the effectiveness of the school's efforts to create a positive school climate and provide proactive behavioral supports for students. Throughout the year, staff focused on implementing behavior interventions, restorative practices, social-emotional supports, and early intervention strategies to address student needs before behaviors escalated to the level of suspension. The implementation of the Coordination of Services Team (COST) further strengthened the school's ability to identify students requiring behavioral support and connect them with appropriate interventions and resources. Increased collaboration among administrators, teachers, counselors, students, and families also contributed to improved student outcomes and a reduction in disciplinary incidents. Achieving a suspension rate well below the established target demonstrates the success of the school's efforts to foster a safe, supportive, and inclusive learning environment. Moving forward, the school will continue to implement positive behavior supports, restorative practices, and targeted interventions to maintain low suspension rates while promoting student engagement, well-being, and academic success.

4.9: During the 2025–26 school year, the school's Student Expulsion Rate was 0%, exceeding the target outcome of 0.50% or lower. This result demonstrates the school's success in maintaining a safe and supportive learning environment while effectively addressing student behavioral concerns through proactive interventions and support systems. Achieving a 0% expulsion rate indicates that student behaviors were successfully managed through preventative measures, restorative practices, counseling services, behavioral interventions, and ongoing collaboration with students and families. These efforts allowed the school to address challenges while keeping students engaged in their educational program whenever appropriate.

4.10: During the 2025–26 school year, the School Experience Survey achieved strong participation rates across stakeholder groups, with 100.0% of students, 61.5% of families, and 93.0% of staff completing the survey. These participation rates provided the school with valuable feedback regarding school climate, engagement, safety, communication, and overall educational experiences. The 100% student participation rate demonstrates exceptional student engagement and ensured that student perspectives were fully represented in the survey results. Similarly, the 93.0% staff participation rate reflects strong staff involvement and commitment to continuous school improvement. The 61.5% family participation rate provided meaningful input from families and reflects successful outreach efforts to encourage parent and guardian engagement in the feedback process. High participation rates across stakeholder groups strengthen the reliability and representativeness of the survey data, allowing the school to make informed decisions regarding programs, services, and improvement efforts. The feedback gathered through the survey helps identify strengths, areas for growth, and priorities for future planning, including the development and refinement of the Local Control and Accountability Plan (LCAP).

4.11: During the 2025–26 school year, the School Experience Survey measured stakeholder perceptions of the school's climate of support for academic learning, fairness of discipline and school norms, safety, and sense of belonging. The average approval rates were 67% among students, 91% among families, and 67% among staff.
The 91% family approval rate reflects a strong level of satisfaction among families and suggests that parents and guardians view the school as a safe, supportive, and welcoming environment that promotes student success. This positive feedback indicates that the school's communication efforts, family engagement activities, and support systems are effectively meeting family needs and expectations. The 67% approval rates from both students and staff indicate that a majority of respondents reported positive perceptions of the school environment. While these results demonstrate overall satisfaction with the school's climate and support systems, they also highlight opportunities for continued growth in strengthening students' and staff members' sense of belonging, perceptions of safety, and confidence in school systems

and practices. Throughout the year, the school implemented initiatives designed to foster a positive school culture, including social-emotional supports, student engagement activities, family outreach efforts, behavioral interventions, and staff collaboration opportunities. The implementation of the Coordination of Services Team (COST) further enhanced the school's ability to provide timely support to students and address barriers to success.

4.12: During the 2025–26 school year, the School Experience Survey measured overall stakeholder satisfaction through the statement: “Overall, I am satisfied and would recommend this school to other students, parents, or educators.” Results showed 73% satisfaction among students, 87% satisfaction among families, and 68% satisfaction among staff. The 87% family satisfaction rate indicates a high level of confidence in the school's programs, services, and overall educational environment. Families' willingness to recommend the school reflects positive perceptions of academic opportunities, communication, student support systems, and school culture. The 73% student satisfaction rate demonstrates that a strong majority of students reported positive experiences at the school and would recommend it to their peers. This suggests that students generally feel supported and engaged in their educational experience, while also identifying opportunities to further enhance school climate and student engagement. The 68% staff satisfaction rate indicates that most staff members view the school positively and would recommend it to other educators. At the same time, the results highlight opportunities to continue strengthening staff support, collaboration, professional growth opportunities, and overall workplace satisfaction. Overall, the survey results demonstrate positive perceptions of the school among all stakeholder groups, with particularly strong support from families. The feedback provides valuable insight into the effectiveness of the school's programs and services while identifying areas for continued growth.

4.13: During the 2025–26 school year, the school's student retention rate was 92%, exceeding the target outcome of 85% or higher. This result demonstrates the school's success in maintaining student enrollment and fostering a positive educational experience that encourages students and families to remain part of the school community.
Exceeding the target by 7 percentage points indicates that students and families value the academic programs, support services, school culture, and educational opportunities provided by the school. Strong retention rates are often reflective of positive relationships between the school, students, and families, as well as confidence in the school's ability to meet students' academic and social-emotional needs. Several factors contributed to this positive outcome, including ongoing family engagement efforts, academic support programs, student intervention services, and initiatives designed to promote a safe and supportive school environment. Regular communication with families and a focus on student success helped strengthen school-community partnerships and encourage continued enrollment. The retention rate of 92% demonstrates the effectiveness of the school's efforts to engage and support students and families. Moving forward, the school will continue implementing strategies that promote student achievement, family satisfaction, and school connectedness to maintain strong retention rates and support long-term student success.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 4 Action 1
Budgeted: $275.00
Actual: $275.00

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 4 Action 2
Budgeted: $215,908.04
Actual: $223,027.27
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 4 Action 3
Budgeted: $379,445.96
Actual: $366,406.59
Explanation: The variance between budgeted and actual expenditures is primarily due to timing and allocation adjustments within community school initiatives, resulting in slightly lower expenditures than originally projected while still supporting increased family and community engagement efforts.

Goal 4 Action 4
Budgeted: $2,000.00
Actual: $2,000.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 4 Action 5
Budgeted: $322,744.84
Actual: $278,870.73
Explanation: The variance between budgeted and actual expenditures is due to cost savings and lower-than-anticipated spending across program implementation areas, while still fully maintaining required services and supports.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Metric 4.1:
The actions were effective, as the school successfully held all 8 PAC meetings, providing families with consistent opportunities to engage in school planning and decision-making.

Metric 4.2:
The actions were effective, as the school met its goal of holding 4 ELAC meetings and actively engaged families of English Learners in discussions regarding programs and services.

Metric 4.3:

The actions were highly effective, with 57 parent engagement activities conducted, far exceeding the target of 10 and strengthening school-family partnerships.

Metric 4.4:
The actions were highly effective, resulting in 37.9% of students receiving teacher home visits, significantly exceeding the target and strengthening relationships between families and the school.

Metric 4.5:
The actions were effective, contributing to an ADA rate of 94.14%, which exceeded the target and reflected strong student attendance and engagement.

Metric 4.6:
The actions were highly effective, reducing chronic absenteeism from 27.0% to 17.2%, surpassing the target and demonstrating the success of attendance interventions and family outreach efforts.

Metric 4.7:
The actions were highly effective, resulting in a 0% middle school dropout rate and ensuring that all students remained enrolled and engaged in their education.

Metric 4.8:
The actions were highly effective, reducing the suspension rate to 1.0%, well below the target, through proactive behavior supports and restorative practices.

Metric 4.9:
The actions were highly effective, maintaining a 0% expulsion rate through preventative interventions, student supports, and positive behavior strategies.

Metric 4.10:
The actions were effective, resulting in strong survey participation rates among students, families, and staff, ensuring meaningful stakeholder input for school improvement efforts.

Metric 4.11:
The actions were effective, as survey results reflected strong family approval and generally positive perceptions among students and staff, while also identifying areas for continued growth in school climate and belonging.

Metric 4.12:
The actions were effective, with overall satisfaction rates indicating positive perceptions of the school among students, families, and staff, particularly among families.

Metric 4.13:

The actions were highly effective, resulting in a 92% student retention rate, exceeding the target and reflecting strong family satisfaction, student support systems, and school connectedness.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on the positive outcomes achieved across Goal 4 metrics, no significant changes were made to the overall goal structure. The school will continue implementing the family engagement, attendance, student support, and school climate strategies that contributed to strong results in parent participation, attendance, student retention, and reductions in chronic absenteeism, suspensions, and expulsions. Reflections on stakeholder survey data identified opportunities to further strengthen student and staff perceptions of school climate, belonging, and overall satisfaction. As a result, the school will enhance efforts to increase student voice, strengthen staff collaboration and support systems, and expand initiatives that promote a positive and inclusive school culture. Additionally, the school will continue leveraging the Coordination of Services Team (COST), home visits, family engagement activities, and proactive attendance interventions to sustain gains in student attendance, behavior, and retention. Target outcomes may be adjusted upward in select areas where current performance significantly exceeded expectations in order to support continuous improvement and maintain high levels of engagement among students, families, and staff.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision-making	Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation	$275.00	Yes

Action #	Title	Description	Total Funds	Contributing
		of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees and stipends for staff participation/service to SSC, ELAC, and Board Meetings. The following expenditures will be funded by federal Title funds: N/A		
4.2	Building relationships and partnerships with families for student outcomes	Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to,	$212,023.46	Yes

Action #	Title	Description	Total Funds	Contributing
		the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title funds: -Teacher Salaries: Title I; Amount: $13,000.00 -STRS: Title I; Amount: $2,483.00 -OASDI/Medicare: Title I; Amount: $188.50 -Unemployment Insurance: Title I; Amount: $65.00		
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental,	$366,524.69	Yes

Action #	Title	Description	Total Funds	Contributing
		restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform expenses, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. The following expenditures will be funded by federal Title funds: -Instructional Materials and Supplies: Title I; Amount: $4,053.00 -Educational Software: Title I; Amount: $5,000.00		
4.4	Annual educational partner surveys	Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will		Yes

Action #	Title	Description	Total Funds	Contributing
		analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Panorama Education survey fees. The following expenditures will be funded by federal Title funds: N/A		
4.5	Community outreach and partnerships	Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. Expenditures associated with this action include the following: Community Schools Coordinator salary and benefits, membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses. The following expenditures will be funded by federal Title funds: N/A	$304,984.81	Yes

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.4	**Action:** Healthy and nutritious meals **Need:** Low-income students do not have sufficient or consistent access to nutritious meals and they develop poor eating habits. As a result, they experience poor health and academic outcomes, including, but not limited to, obesity, chronic absenteeism and lower grades. There	MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	is a need to provide all our students with healthy and nutritious meals. **Scope:** LEA-wide	consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. We will provide two school meals free of charge during each schoolday to any student who requests a meal without consideration of the student's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary	• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	
2.2	**Action:** Professional development for high-quality instruction **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners. **Scope:** LEA-wide	With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost/SchoolMint Grow software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		the CA School Dashboard, CAASPP assessments, MAP assessments, and student grades as identified in our LCAP metrics in Goal 2.	standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring (Source: NWEA MAP) • Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Reading

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
			assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP) • Percentage of students who have met or exceeded standard on the CAASPP-Mathematics assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-Mathematics assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring (Source: NWEA MAP)

			• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)
2.3	**Action:** MTSS - Academic enrichment, intervention, and student support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion. Students struggle with access to materials,	Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2,

	technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention. **Scope:** LEA-wide	English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.	TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading

2.4	**Action:** Designated and integrated ELD programs and support for ELs **Need:**	Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers	Goal 2: For all students, but particularly for the EL and LTEL student groups: • Percentage of students who

Powered by BoardOnTrack

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	The majority of Charter School's student population consists of English Learners (EL), including long-term ELs (LTELs), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction. **Scope:** LEA-wide	with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated ELD instruction, will be provided for all students.	have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring (Source: NWEA MAP)

			and current year (Source: CA School Dashboard) • Percentage of ELs reclassified to Fluent English Proficient (RFEP) annually (Source: CDE DataQuest)
3.1	**Action:** College/Career readiness programs and activities **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. A college-going, supportive culture at the school is necessary for our students' college/career readiness. **Scope:** LEA-wide	With the needs of our unduplicated students in mind, Charter School will promote a college-going culture through college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Unduplicated students will receive improved services through college-related materials and activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. This action was found effective in the current school year and will be continued in the coming school year. We expect that this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2 as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
			recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)
3.2	**Action:** STEM and GATE programs **Need:** Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of everchanging technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEM curricula. **Scope:** LEA-wide	Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum	Goal 3: • Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS) • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS) • Percentage of students who have created or demonstrated a

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.	STEAM focused project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)
3.3	**Action:** Digital literacy and citizenship programs **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way.	With the needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and	Goal 3: • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Scope: LEA-wide	model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.	
3.4	**Action:** Physical education, activity, and fitness **Need:** Low-income students do not have sufficient or consistent access to physical activities/sports and fitness education. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. **Scope:** LEA-wide	MPS is committed to the optimal development of every student. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates"

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We expect that this action will result in increased attendance and grades as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)
3.5	**Action:** Additional programs and activities that support well-rounded education **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem solving, communication, and management of	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "average approval rates"

	time and resources that contribute to lifelong learning and career skills. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. **Scope:** LEA-wide	Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas. These well-rounded programs and activities will result in increased and improved services for our unduplicated students. With the needs of our unduplicated students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help our scholars become independent and innovative scholars. We also expect that this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2 as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	based on the responses of our students and families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students and families to the question, "Overall, I am satisfied and would recommend this school to other students/families.

			" (Source: Local Indicator Priority 6, Panorama Education)
4.1	**Action:** Seeking family input for decision-making **Need:** It is important that parents are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making. **Scope:** LEA-wide	Considering the needs of our unduplicated students and their families, Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their	Goal 4: • Number of Parent Advisory Committee (PAC) meetings per year (Source: Local Indicator Priority 3) • Number of English Learner Advisory Committee (ELAC) meetings per year (Source: Local Indicator Priority 3) • School experience survey "average approval rates" based on the responses of our families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense

		families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing Community School strategies to reach and seek input from any underrepresented groups in the school community. We also expect that this action will result in increased parent satisfaction as measured by the annual educational partner surveys in Goal 4: Action 4.	of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our families to the question, "Overall, I am satisfied and would recommend this school to other families." (Source: Local Indicator Priority 6, Panorama Education)
4.2	**Action:** Building relationships and partnerships with families for student outcomes **Need:** Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved	In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students'	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. **Scope:** LEA-wide	grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way	• Number of activities/events for parent involvement per year (Source: Local Indicator Priority 3) • Percentage of students who have been home-visited by the teachers per year (Source: Local Indicator Priority 3, SIS) • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS) • High School Dropout Rate (Source: CDE DataQuest, CALPADS) • Graduation Rate (Source: CALPADS, CA

(Source: Local Indicator Priority 6, Panorama Education)
4.3	**Action:** MTSS - PBIS and SEL support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. These student groups also have lower ADA rates while they have higher chronic absenteeism	Considering the needs of our vulnerable student groups in mind, Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Average Daily Attendance (ADA) Rate (Source: SIS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. **Scope:** LEA-wide	and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students. With the needs of our vulnerable students and their families in mind, this action will be provided on a schoolwide	• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS) • Student Suspension Rate (Source: CA School Dashboard, CALPADS) • Student Expulsion Rate (Source: CDE DataQuest, CALPADS) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules,

		basis. It was found effective in the current school year and will be continued in the coming school year. We expect that this action will help provide a foundation for safe and positive learning, and enhance students' mental health and abilities to succeed in school, careers, and life. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate and graduation rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual educational partner surveys in Goal 4: Action 4.	and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students, families, and staff to the question, "Overall, I am satisfied and would recommend this school to other students/families/ educators." (Source: Local Indicator Priority 6, Panorama Education)
4.4	**Action:** Annual educational partner surveys **Need:** It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve	Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school leaders with valuable data about how students see	Goal 4: • School experience survey "participation rates" by students, families, and staff (Source: Local

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Educational partner voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage educational partners in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage educational partners in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. **Scope:** LEA-wide	their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide valuable feedback for school improvement. We also expect that this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.	Indicator Priority 6, Panorama Education) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students, families, and staff

			to the question, "Overall, I am satisfied and would recommend this school to other students/parents/ educators." (Source: Local Indicator Priority 6, Panorama Education)
4.5	**Action:** Community outreach and partnerships **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. They also have lower ADA rates while they have higher chronic	Considering the needs of our vulnerable student groups in mind, Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities will result in increased and improved resources for our unduplicated students and will be particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS)

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Similar to the current academic year, MSA-8 will utilize the concentration grant add-on funds ($86,014) in the following manner:

MSA-8 is using the concentration grant add-on funds received in a manner which is consistent with California Education Code Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

By adding these faculty/staff members, we aim to strengthen our ability to address the diverse needs of our student population and provide targeted support where it is most needed. This strategic allocation of funds will help create a more conducive learning environment and contribute to our student's overall growth and achievement.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

Powered by BoardOnTrack

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

Powered by BoardOnTrack

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

Powered by BoardOnTrack

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
    - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
    - Inclusion of metrics other than the statutorily required metrics
    - Determination of the target outcome on one or more metrics
    - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
    - Inclusion of action(s) or a group of actions
    - Elimination of action(s) or group of actions
    - Changes to the level of proposed expenditures for one or more actions
    - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
    - Analysis of effectiveness of the specific actions to achieve the goal
    - Analysis of material differences in expenditures
    - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
    - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

Powered by BoardOnTrack

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Enter information in this box when completing the LCAP for **2025–26**. Leave blank until then.	Enter information in this box when completing the LCAP for **2026–27**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26** and **2026–27**. Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Powered by BoardOnTrack

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

Powered by BoardOnTrack

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

Powered by BoardOnTrack

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Powered by BoardOnTrack

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

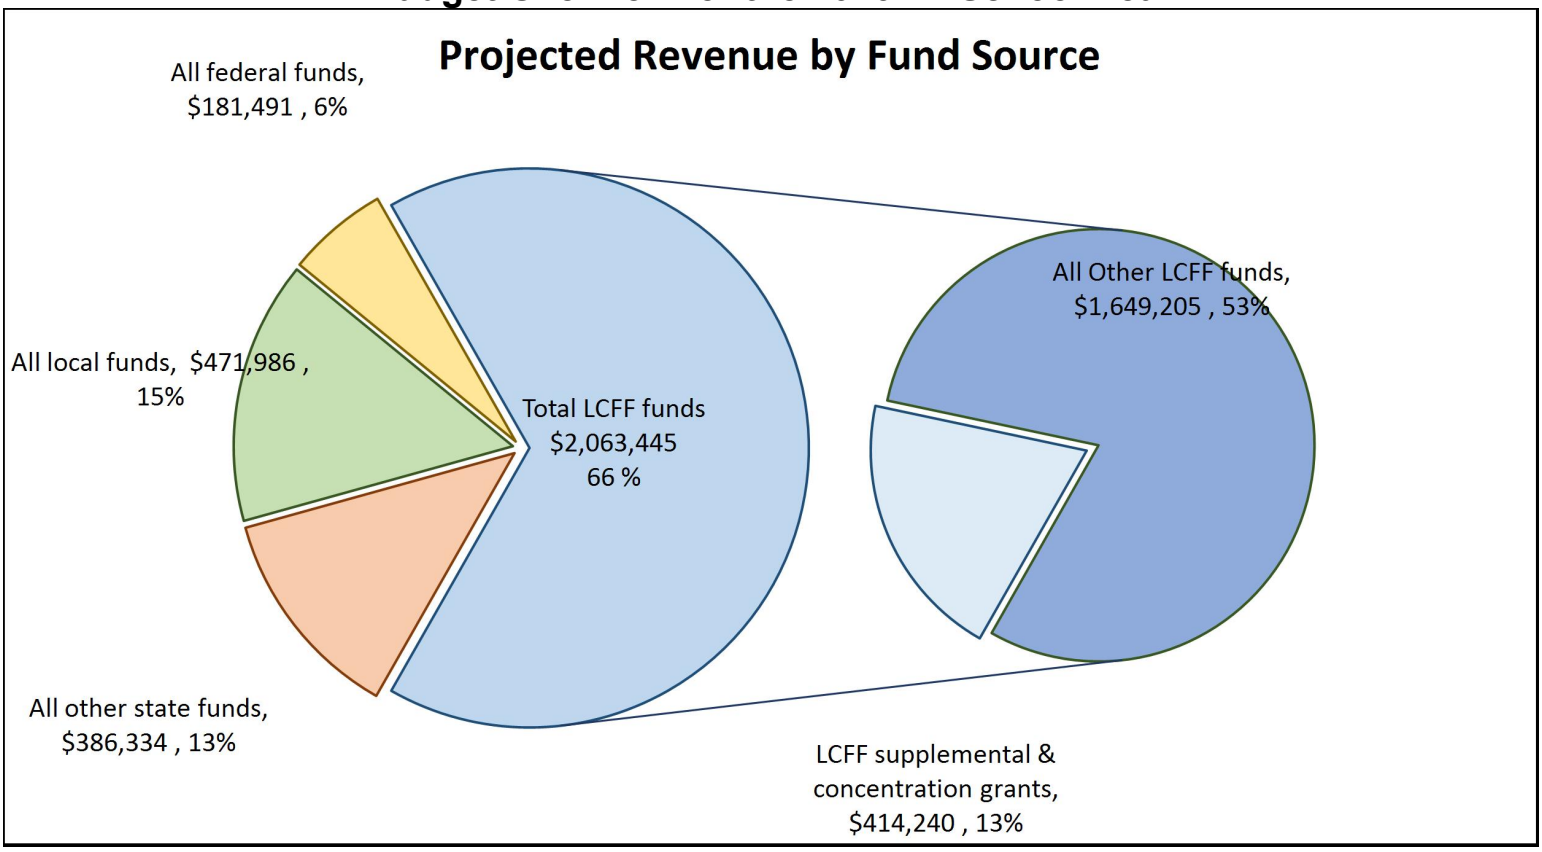
California Department of Education
November 2024

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy - Orange County
CDS Code: 30-10306-0165217
School Year: 2026-27
LEA contact information:
Maria Czerner-Rowell
Principal
mrowell@magnoliapublicschools.org
(714) 452-2440

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (Foster Youth, English learners, and low-income students).

Budget Overview for the 2026-27 School Year

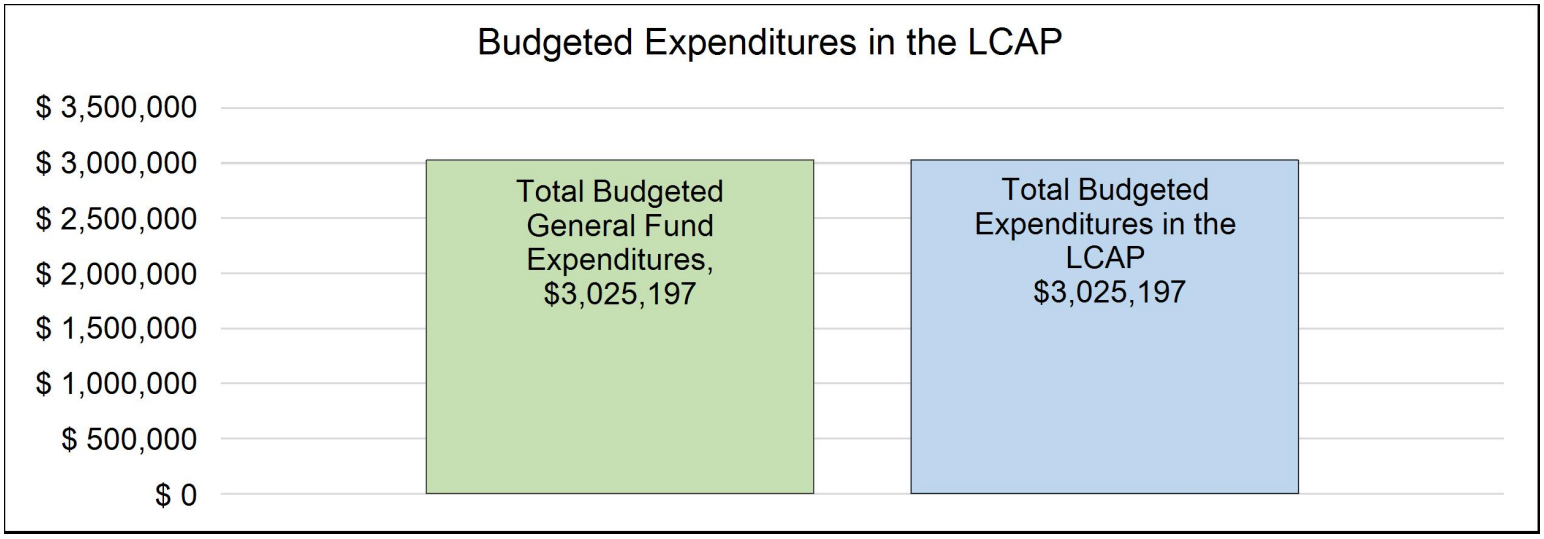


This chart shows the total general purpose revenue Magnolia Science Academy - Orange County expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy - Orange County is $3,103,256, of which $2,063,445 is Local Control Funding Formula (LCFF), $386,334 is other state funds, $471,986 is local funds, and $181,491 is federal funds. Of the $2,063,445 in LCFF Funds, $414,240 is generated based on the enrollment of high needs students (Foster Youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.



This chart provides a quick summary of how much Magnolia Science Academy - Orange County plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy - Orange County plans to spend $3,025,197 for the 2026-27 school year. Of that amount, $$3,025,197 is tied to actions/services in the LCAP and $0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

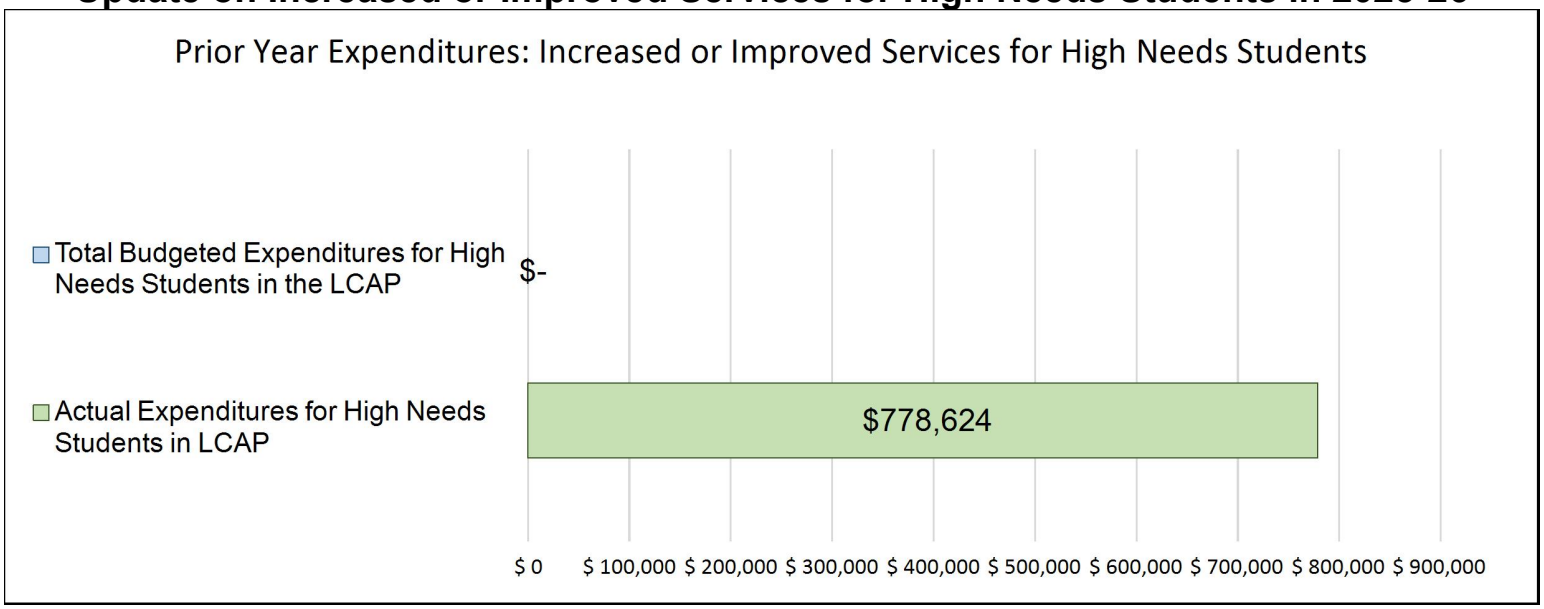
N/A

Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Magnolia Science Academy - Orange County is projecting it will receive $414,240 based on the enrollment of Foster Youth, English learner, and low-income students. Magnolia Science Academy - Orange County must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy - Orange County plans to spend $589,717 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2025-26



This chart compares what Magnolia Science Academy - Orange County budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy - Orange County estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, Magnolia Science Academy - Orange County's LCAP budgeted $0.00 for planned actions to increase or improve services for high needs students. Magnolia Science Academy - Orange County actually spent $778,624 for actions to increase or improve services for high needs students in 2025-26.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone

Plan Summary [2026-27]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Magnolia Science Academy – Orange County (MSA OC) is a classroom-based public charter school with two new campuses opening in Fall 2025. Both campuses will serve grades TK–6 with a strong emphasis on science, technology, engineering, arts, and mathematics (STEAM). MSA OC Anaheim will open on August 11, 2025, located at 412 W Carl Karcher Way, Anaheim, CA 92801. MSA OC Placentia-Yorba Linda will open on August 26, 2025, located at 1830 N Kellogg Dr, Anaheim, CA 92807.

As part of the Magnolia Public Schools (MPS) network, MSA OC is committed to graduating students from historically underserved communities as scientifically-minded, socially responsible, and globally aware citizens. The school will deliver a rich and engaging educational experience that meets the unique needs of its learners through high-quality, site-based instruction and hands-on learning opportunities. Core instruction will be reinforced with academic interventions such as tutoring, after-school programs, and strong connections to external learning resources.

We anticipate serving a linguistically and culturally diverse population, with many families speaking a language other than English at home and facing economic challenges. Based on community demographics, we project that 80% of our students will be socioeconomically disadvantaged, 30% will be English Learners, and 10% will receive special education services.

Contact Information:

MSA OC – Anaheim

412 W Carl Karcher Way, Anaheim, CA 92801
Opening Date: August 11, 2025

MSA OC – Placentia-Yorba Linda
1830 N Kellogg Dr, Anaheim, CA 92807
Opening Date: August 26, 2025

Our Mission

Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to deliver a high-quality, college-preparatory STEAM education in an environment that cultivates respect for self and others.

Our Vision

Graduates of Magnolia Public Schools are committed to building a more peaceful and inclusive global society by transforming traditional ideas through creative thinking, effective communication, and the discipline of scientific inquiry.

Core Values:

INNOVATION
Students are empowered to direct their learning through personalized scheduling, early identification of learning styles, interests, and career goals. A variety of hands-on opportunities—ranging from robotics and computer science to the visual and performing arts—foster imagination, creativity, and innovation.

CONNECTION
MSA OC cultivates strong relationships among students, families, staff, and the wider community. Through integrated partnerships, students experience a supportive environment where individual strengths are recognized, character is celebrated, and academic support is bolstered through mentorships, internships, and restorative justice practices.

EXCELLENCE
Academic excellence is achieved through a rigorous, student-centered learning model that includes project-based learning, performance portfolios, formative and summative assessments, and academic discourse. Students are encouraged to pursue knowledge deeply and contribute original ideas across diverse academic settings.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

As a new school, we do not have historical data on student outcomes. During the 2025–26 school year, our focus will be on establishing effective instructional systems, a safe and inclusive culture, and strong stakeholder relationships to support student learning and well-being.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

N/A

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents	Magnolia Science Academy – Orange County prioritized meaningful engagement with educational partners in the development of this LCAP. Prior to opening, outreach efforts included community information sessions, interest surveys, and town halls to gather input from prospective families, educators, and community members. A founding advisory group, including parent representatives and prospective staff, helped shape key elements of the school's mission, vision, and academic programming. Moving forward, the school will formally establish Parent Communities such as Parent Advisory Committee (PAC), English Learner Advisory Committee (ELAC -if applicable) to ensure continuous and structured engagement of stakeholders in decision-making.
Students	If applicable, All students in grades 3 through 5 participate annually in an educational partner survey, which provides a structured opportunity to share their perspectives on key aspects of their school experience, including school climate, safety, engagement, and academic support. In addition to the survey, the Student Council plays an active role in providing ongoing feedback to school leadership. Through regular meetings and discussions, Student Council members represent their 2025-26 Local Control and Accountability Plan for Magnolia Science Academy Orange County peers and offer valuable insights that help inform schoolwide decisions and improvement efforts. Together, these channels ensure that student voice remains an integral part of the school's planning and development process.

Educational Partner(s)	Process for Engagement
Teachers	Staff and teachers will receive regular updates on the LCAP during monthly staff meetings, ensuring they remain informed and engaged in the school's progress toward its goals. In addition, all staff members will be invited to participate in an annual educational partner survey, where they can provide feedback on key aspects of school operations, culture, and student support. The results of these surveys will be reviewed and shared with all educational partners to promote transparency and collective reflection. Staff and teachers will also serve as active members of both the English Learner Advisory Committee (ELAC -if applicable)) and the Parent Advisory Council (PAC), where their professional insights contribute meaningfully to discussions and planning related to student success and school improvement. This inclusive approach ensures that staff voice is consistently integrated into decision-making processes at all levels.
School Administrators	School administrators of each campus will receive regular updates on the LCAP during monthly staff meetings, ensuring they remain informed and engaged in the school's progress toward its goals. In addition, all staff members will be invited to participate in an annual educational partner survey, where they can provide feedback on key aspects of school operations, culture, and student support. The results of these surveys will be reviewed and shared with all educational partners to promote transparency and collective reflection. Staff and teachers will also serve as active members of both the English Learner Advisory Committee (ELAC -if applicable)) and the Parent Advisory Council (PAC), where their professional insights contribute meaningfully to discussions and planning related to student success and school improvement. This inclusive approach ensures that staff voice is consistently integrated into decision-making processes at all levels.
Other School Personnel	Other School Personnel will receive regular updates on the LCAP during monthly staff meetings, ensuring they remain informed and engaged in the school's progress toward its goals. In addition, all staff members will be invited to participate in an annual educational partner survey, where they can provide feedback on key aspects of school operations, culture, and student support. The results of these surveys will be reviewed and shared with all educational partners to promote transparency and collective reflection. Staff and teachers will also

Educational Partner(s)	Process for Engagement
	serve as active members of both the English Learner Advisory Committee (ELAC -if applicable)) and the Parent Advisory Council (PAC), where their professional insights contribute meaningfully to discussions and planning related to student success and school improvement. This inclusive approach ensures that staff voice is consistently integrated into decision-making processes at all levels.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The adopted LCAP was influenced by feedback gathered from students, families, teachers, school administrators, and other educational partners through surveys, PAC and ELAC meetings, staff meetings, community engagement events, and ongoing stakeholder discussions. Educational partners emphasized the importance of maintaining a safe and supportive learning environment, strengthening academic programs, increasing opportunities for family engagement, supporting student well-being, and expanding access to technology and innovative learning experiences. As a result, the LCAP continues to prioritize actions and services that support academic achievement, student engagement, family partnerships, staff development, and school connectedness. Feedback also informed the refinement of strategies related to attendance, communication, intervention supports, and continuous improvement efforts to better meet the needs of all students.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned and high-quality instructional materials, and appropriately maintained school facilities.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. MSAOC will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable MSAOC for compliance and meeting charter goals. MSAOC will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	The percentage of teaching assignments that have an assignment monitoring outcome of "clear" (Source: Local Indicator Priority 1, CDE DataQuest TAMO by FTE Report)	2022-23: N/A	2023-24: N/A	2023-24: N/A	2024-25: > 85%	N/A (First year of operation)

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

This year, MSAOC implemented the actions associated with this goal to ensure students had access to qualified teachers, standards-aligned instructional materials, and a safe, well-maintained learning environment. Working closely with Magnolia Public Schools Home Office departments, the school established systems to support compliance, operations, facilities, and instructional programs. Key successes included providing instructional materials to all students, maintaining safe facilities with no identified deficiencies, and achieving a teacher attendance rate of 96.8%. As a newly established school, some baseline data were not yet available; however, strong foundational systems were successfully implemented to support future growth and continuous improvement.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

MSA-OC's overall enrollment was lower than projected in its first year, and accordingly, adjustments to the budget were made. For the actions below where there is a Budgeted dollar amount and an Actual amount of $0.00, those costs were reallocated to support MSA-OC's fiscal stability.

Goal 1 Action 1
Budgeted: $11,558
Actual: $0.00

Goal 1 Action 2
Budgeted: $283,500
Actual: $0.00

Goal 1 Action 3
Budgeted: $560,629
Actual: $0.00

Goal 1 Action 4
Budgeted: $10,000
Actual: $0.00

Goal 1 Action 5
Budgeted: $72,251
Actual: $69,402
Explanation: Costs associated with this Action were within the Budgeted range, and associated activities proceeded as initially planned.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions implemented under this goal have been effective in establishing a high-quality learning environment. The school successfully provided students with access to standards-aligned instructional materials, maintained safe and well-maintained facilities with no identified deficiencies, and ensured appropriately assigned staff. Teacher attendance exceeded the target at 96.8%, demonstrating strong staff engagement and operational stability. While some baseline metrics were not yet available due to the school's recent opening, the actions taken have established a strong foundation for continued progress toward this goal.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on reflections from prior implementation, no significant changes were made to the goal, metrics, or target outcomes. The school will continue to focus on providing qualified teachers, standards-aligned instructional materials, and safe, well-maintained facilities to support

student success. Minor adjustments were made to strengthen implementation and monitoring processes as the school continues to grow and refine its systems. These adjustments are intended to support continuous improvement and ensure progress toward achieving the established outcomes.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: N/A	$30,557.50	No
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and	$240,296.00	No

Action #	Title	Description	Total Funds	Contributing
		corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: N/A		
1.3	Clean and safe facilities that support learning	Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school.	$298,893.00	No

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A		
1.4	Healthy and nutritious meals	Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A	$14,000.00	Yes
1.5	Well-orchestrated Home Office support services	The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and	$113,261.40	No

Action #	Title	Description	Total Funds	Contributing
		accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4. Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.) The following expenditures will be funded by federal funds: -Clerical & Tech: Federal CSP; Amount: $6,692.42 -STRS: Federal CSP; Amount: $1,278.94 -OASDI/Medicare: Federal CSP; Amount: $97.09 -Health & Welfare Benefits: Federal CSP; Amount: $1,224.38 -Unemployment Insurance: Federal CSP; Amount: $33,48		

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Graduate Profile,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence.	Broad Goal

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

Measuring and Reporting Results

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

MSAOC implemented the actions associated with this goal by providing all students with access to standards-aligned curriculum, differentiated instruction, targeted interventions, and data-driven instructional practices. Teachers regularly analyzed student performance data, including classroom assessments and NWEA MAP results, to inform instruction and provide appropriate supports for English Learners, students with disabilities, and other student groups. Professional development focused on instructional effectiveness, differentiation, and student engagement to strengthen classroom practices.

As a newly established school, implementation efforts focused on building foundational academic systems, establishing assessment and progress-monitoring processes, and ensuring equitable access to high-quality instruction. Key successes included providing access to instructional programs and services for all students, achieving 100% access to programs and services, and establishing observation and coaching systems to support instructional quality. Challenges included the limited availability of historical state assessment data and the need to develop baseline measures for several academic indicators. Despite these challenges, the school successfully implemented the planned actions and established a strong foundation for continued academic growth and improvement.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

MSA-OC's overall enrollment was lower than projected in its first year, and accordingly, adjustments to the budget were made. For the actions below where there is a Budgeted dollar amount and an Actual amount of $0.00, those costs were reallocated to support MSA-OC's fiscal stability.

Goal 2 Action 1
Budgeted: $1,051,521
Actual: $964,736

Explanation: The projected expenses are within the budgeted range. All actions taken were in line with the planned initiatives, with no significant deviations.

Goal 2 Action 2
Budgeted: $24,000
Actual: $0.00

Goal 2 Action 3
Budgeted: $405,636
Actual: $439,854
Explanation: Intervention/enrichment material costs were slightly higher than initially projected, leading to the Actual amount exceeding the Budgeted amount by $34,218.

Goal 2 Action 4
Budgeted: $0.00
Actual: $0.00

Goal 2 Action 5
Budgeted: $342,646
Actual: $252,646
Explanation: Lower than anticipated enrollment for the first year meant that fewer expenses related to students with disabilities were required. Hence, spending for this Action was $90,000 lower than initially projected.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions implemented under this goal have been effective in establishing a strong foundation for academic achievement and continuous improvement. Students had access to standards-aligned curriculum, differentiated instruction, intervention supports, and instructional programs designed to meet diverse learning needs. Professional development, instructional coaching, and classroom observations supported the implementation of high-quality instructional practices. The school achieved 100% access to programs and services for all students and successfully implemented systems for progress monitoring and data-driven decision-making. While state assessment data and historical trend data remain limited due to the school's recent establishment, current academic and instructional indicators demonstrate that the actions are contributing positively toward progress on this goal and positioning the school for continued growth in student achievement.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on reflections from prior implementation, no significant changes were made to the goal or overall focus on academic excellence. However, the school refined certain actions to strengthen data analysis, intervention systems, and instructional monitoring processes. As the school continues to establish baseline academic data, metrics and target outcomes will be reviewed annually to ensure they remain ambitious, measurable, and aligned with student needs. These refinements are intended to support continuous improvement and accelerate student achievement for all student groups.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal funds: -Cert Adminis: Federal CSP; Amount: $216,024.00 -STRS: Federal CSP; Amount: $41,260.58 -OASDI/Medicare: Federal CSP; Amount: $3,132.35 -Health & Welfare Benefits: Federal CSP; Amount: $12,243.75 -Unemployment Insurance: Federal CSP; Amount: $1,080.12	$1,173,174.54	No
2.2	Professional development for high-quality instruction	Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that	$19,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees. The following expenditures will be funded by federal Title funds:		
2.3	MTSS - Academic enrichment, intervention, and student support	Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other	$416,678.97	Yes

		support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Dean of Academics salary and benefits, Title-I coordinator salary and benefits, instructional aide salaries and benefits, intervention teacher salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Illuminate DnA fees and evidence-based supplemental intervention/enrichment program fees (IXL, Accelerated Reader, Standards Plus, Quizizz, BrainPOP, Spelling City, Cambium Learning, Learning A-Z, Alexandria Library, Mystery Science and myON.) The following expenditures will be funded by federal Title funds: -Educational Software: Title I; Amount: $20,000.00		
2.4	Designated and integrated ELD programs and support for ELs	Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences.		Yes

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits. The following expenditures will be funded by federal Title funds: N/A		
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: N/A	$358,663.34	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.	Broad Goal

State Priorities addressed by this goal.

Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

The LEA developed this goal to ensure that all students have access to a well-rounded, innovative education that prepares them for success in college, career, and an increasingly complex global society. Through rigorous academics, technology integration, STEAM learning experiences, and opportunities for creativity, critical thinking, and problem-solving, students develop the skills needed to thrive in the 21st century. This goal reflects the school's commitment to fostering innovation, adaptability, and independent learning while providing equitable access to programs and experiences that promote college and career readiness. By engaging students in meaningful, technology-rich learning opportunities, the school supports the development of lifelong learners who are prepared to contribute positively to their communities and future professions.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

During this year, the school implemented the actions associated with this goal by providing students with access to technology-integrated instruction, STEAM learning opportunities, and engaging educational experiences designed to promote creativity, innovation, and college and career readiness. Students participated in project-based learning activities and utilized digital learning tools to support academic growth and develop critical thinking and problem-solving skills.

A significant success was that 100% of students participated in a STEAM-focused project, experiment, model, or demonstration, exceeding the established target. As a newly established school serving elementary grades, some metrics related to advanced coursework and graduation pathway readiness were not yet applicable and will become more relevant as the school expands grade levels. No substantive differences occurred between the planned and actual implementation of actions. The school successfully established foundational systems and instructional practices that support innovation, technology integration, and 21st-century learning, positioning students for continued success in future years.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

MSA-OC's overall enrollment was lower than projected in its first year, and accordingly, adjustments to the budget were made. For the actions below where there is a Budgeted dollar amount and an Actual amount of $0.00, those costs were reallocated to support MSA-OC's fiscal stability.

Goal 3 Action 1
Budgeted: $0.00
Actual: $0.00

Goal 3 Action 2
Budgeted: $0.00
Actual: $0.00

Goal 3 Action 3
Budgeted: $0.00
Actual: $0.00

Goal 3 Action 4
Budgeted: $3,000
Actual: $0.00

Goal 3 Action 5
Budgeted: $74,900
Actual: $0.00

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions implemented under this goal have been effective in promoting innovation, technology integration, and 21st-century learning opportunities for students. Students participated in STEAM-focused learning experiences, project-based activities, and technology-enhanced instruction designed to foster creativity, critical thinking, collaboration, and problem-solving skills. A key indicator of success was that 100% of students completed a STEAM-focused project, experiment, model, or demonstration during the school year. As a newly established elementary school, some metrics related to advanced coursework and college and career readiness pathways are not yet applicable; however, the foundational systems and instructional practices implemented to date have successfully advanced progress toward the goal and will support continued growth as the school expands.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on reflections from prior implementation, no significant changes were made to the goal or its focus on innovation, technology integration, and college and career readiness. The school will continue to expand opportunities for students to engage in STEAM learning, project-based learning, and technology-enhanced instruction. Minor refinements were made to strengthen implementation, monitoring, and documentation of student participation in innovative learning experiences. These adjustments will support continuous improvement and ensure students continue to develop the creativity, critical thinking, collaboration, and adaptability skills necessary for future success.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	Charter School will promote a college-going culture through college visits, college/career days, and other college/career related activities. Expenditures associated with this action include the following: college/career-related materials and activities. The following expenditures will be funded by federal Title funds: N/A		Yes
3.2	STEM and GATE programs	Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation,		

Action #	Title	Description	Total Funds	Contributing
		critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. Expenditures associated with this action include the following: supplemental STEM program fees. The following expenditures will be funded by federal Title funds: N/A		
3.3	Digital literacy and citizenship programs	Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity. Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. The following expenditures will be funded by federal Title funds: N/A		Yes

Action #	Title	Description	Total Funds	Contributing
3.4	Physical education, activity, and fitness	Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal Title funds: N/A	$2,000.00	
3.5	Additional programs and activities that support well-rounded education	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics,	$71,400.00	Yes

Action #	Title	Description	Total Funds	Contributing
		advanced math, academic competitions, journalism, college mentorship, and other areas. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: N/A		

Goals and Actions

Goal

Goal #	Description	Type of Goal
4	CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

School communities are integrated partnerships with the school site staff, families, students and all other educational partners. This sense of connection creates a safe place for all learners and educational partners to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and educational partner surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

Measuring and Reporting Results

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

This school implemented the actions associated with this goal by creating meaningful opportunities for family, student, staff, and community engagement. Regular Parent Advisory Committee (PAC) and English Learner Advisory Committee (ELAC) meetings were held, and the school hosted numerous family engagement activities, celebrations, informational workshops, and community events to strengthen partnerships and foster a sense of belonging. Attendance monitoring, student support systems, positive school culture initiatives, and communication efforts were also implemented to promote student engagement and connectedness.

Key successes included holding eight PAC meetings, eight ELAC meetings, and approximately 50 family engagement events throughout the year. The school maintained a strong average daily attendance rate of 93.85%, a low suspension rate of 1.9%, and zero expulsions. Panorama survey results also indicated strong student participation and positive family satisfaction levels. As a newly established school, challenges included building awareness, increasing family participation in survey completion, and establishing baseline data for several metrics. No substantive differences occurred between the planned and actual implementation of actions, and the school successfully established a strong foundation for a connected, safe, and supportive school community.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

MSA-OC's overall enrollment was lower than projected in its first year, and accordingly, adjustments to the budget were made. For the actions below where there is a Budgeted dollar amount and an Actual amount of $0.00, those costs were reallocated to support MSA-OC's fiscal stability.

Goal 4 Action 1
Budgeted: $0.00
Actual: $0.00

Goal 4 Action 2
Budgeted: $208,211
Actual: $215,927
Explanation: Costs associated with this Action were within the Budgeted range, and associated activities proceeded as initially planned.

Goal 4 Action 3
Budgeted: $12,000
Actual: $224,127
Explanation: Clerical & technical costs associated with this Action were significantly higher than initially projected, leading to an Actual value $212,127 higher than initially budgeted.

Goal 4 Action 4
Budgeted: $0.00
Actual: $0.00

Goal 4 Action 5
Budgeted: $159,306
Actual: $114,642
Explanation: As a result of lower-than-expected initial enrollment, fewer staff were needed in MSA-OC's first year. As a result, expenditures for this Action were $44,664 lower than expected.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions implemented under this goal have been effective in strengthening relationships among students, families, staff, and the broader school community. Regular PAC and ELAC meetings, family engagement events, consistent communication, attendance monitoring, and student support systems contributed to a strong sense of connectedness and community involvement. The school successfully exceeded its targets for family engagement opportunities, holding 50 events and eight PAC and ELAC meetings. Student attendance remained strong at 93.85%, the suspension rate remained low at 1.9%, and there were no expulsions. Survey results also reflected positive student and family experiences. While continued efforts are needed to increase survey participation and strengthen staff satisfaction measures, the actions implemented to date have been effective in advancing the goal of fostering a safe, supportive, and connected school community.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on reflections from prior implementation, no significant changes were made to the goal or its focus on strengthening connections among students, families, staff, and the community. However, the school will continue to refine family engagement strategies, expand opportunities for educational partner participation, and strengthen communication efforts to increase survey participation and overall stakeholder engagement. Minor adjustments to implementation and monitoring processes will support continuous improvement while maintaining a safe, welcoming, and connected school environment. The established metrics and target outcomes remain appropriate and will continue to guide progress toward this goal.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision-making	Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees. The following expenditures will be funded by federal Title funds: N/A		Yes
4.2	Building relationships and partnerships with families for student outcomes	Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off	$115,989.50	

Action #	Title	Description	Total Funds	Contributing
		and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title I funds: -Teacher Salaries: Title I; Amount: $2,000.00 -STRS: Title I; Amount: $382.00 -OASDI/Medicare: Title I; Amount: $29.00 -Unemployment Insurance: Title I; Amount: $10.00		
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as	$10,714.00	Yes

Action #	Title	Description	Total Funds	Contributing
		instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform expenses, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. The following expenditures will be funded by federal Title funds: -Instructional Materials & Supplies: Resource: Title I		

Action #	Title	Description	Total Funds	Contributing
4.4	Annual educational partner surveys	Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Panorama Education survey fees. The following expenditures will be funded by federal Title funds: N/A		Yes
4.5	Community outreach and partnerships	Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. Expenditures associated with this action include the following: Community Schools Coordinator salary and benefits, membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses. The following expenditures will be funded by federal Title funds: N/A	$160,568.50	Yes

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2026-27]

Total Projected LCFF Supplemental and/or Concentration Grants	Projected Additional 15 percent LCFF Concentration Grant

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
26.071%	0.000%	$0.00	26.071%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.4	**Action:** Healthy and nutritious meals **Need:** Low-income students do not have sufficient or consistent access to nutritious meals and they develop poor eating habits. As a result, they experience poor health and academic outcomes, including, but not limited to, obesity, chronic absenteeism and lower grades. There	MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	is a need to provide all our students with healthy and nutritious meals. **Scope:** LEA-wide	consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. We will provide two school meals free of charge during each schoolday to any student who requests a meal without consideration of the student's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary	• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	
2.2	**Action:** Professional development for high-quality instruction **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners. **Scope:** LEA-wide	With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost/SchoolMint Grow software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		the CA School Dashboard, CAASPP assessments, MAP assessments, and student grades as identified in our LCAP metrics in Goal 2.	standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring (Source: NWEA MAP) • Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Reading

			• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)
2.3	**Action:** MTSS - Academic enrichment, intervention, and student support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion. Students struggle with access to materials,	Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2,

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention. **Scope:** LEA-wide	English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.	TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading

			School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring (Source: NWEA MAP) • Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)
2.4	**Action:** Designated and integrated ELD programs and support for ELs **Need:**	Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers	Goal 2: For all students, but particularly for the EL and LTEL student groups: • Percentage of students who

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	The majority of Charter School's student population consists of English Learners (EL), including long-term ELs (LTELs), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction. **Scope:** LEA-wide	with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated ELD instruction, will be provided for all students.	have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring (Source: NWEA MAP)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		RFEP students, students with disabilities, and all other student groups will benefit from this schoolwide action. We expect that this action will result in increased academic achievement of our student groups, particularly of our ELs and LTELs, on the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and EL reclassification rates as identified in our LCAP metrics in Goal 2.	• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP) • Percentage of students who have met or exceeded standard on the CAASPP-Mathematics assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-Mathematics assessments (Source: CA School Dashboard) • Percentage of students who

			and current year (Source: CA School Dashboard) • Percentage of ELs reclassified to Fluent English Proficient (RFEP) annually (Source: CDE DataQuest)
3.1	**Action:** College/Career readiness programs and activities **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. A college-going, supportive culture at the school is necessary for our students' college/career readiness. **Scope:** LEA-wide	With the needs of our unduplicated students in mind, Charter School will promote a college-going culture through college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Unduplicated students will receive improved services through college-related materials and activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. This action was found effective in the current school year and will be continued in the coming school year. We expect that this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2 as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
			recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)
3.2	**Action:** STEM and GATE programs **Need:** Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of everchanging technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEM curricula **Scope:**	Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum	Goal 3: • Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS) • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS) • Percentage of students who have created or demonstrated a

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.	STEAM focused project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)
3.3	**Action:** Digital literacy and citizenship programs **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way.	With the needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and	Goal 3: • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Scope: LEA-wide	model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.	
3.4	**Action:** Physical education, activity, and fitness **Need:** Low-income students do not have sufficient or consistent access to physical activities/sports and fitness education. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. **Scope:**	MPS is committed to the optimal development of every student. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates"

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We expect that this action will result in increased attendance and grades as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)
3.5	**Action:** Additional programs and activities that support well-rounded education **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem solving, communication, and management of	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "average approval rates"

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	time and resources that contribute to lifelong learning and career skills. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. **Scope:** LEA-wide	Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas. These well-rounded programs and activities will result in increased and improved services for our unduplicated students. With the needs of our unduplicated students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help our scholars become independent and innovative scholars. We also expect that this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2 as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4	based on the responses of our students and families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students and families to the question, "Overall, I am satisfied and would recommend this school to other students/families.

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
			" (Source: Local Indicator Priority 6, Panorama Education)
4.1	**Action:** Seeking family input for decision-making **Need:** It is important that parents are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making. **Scope:** LEA-wide	Considering the needs of our unduplicated students and their families, Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their	Goal 4: • Number of Parent Advisory Committee (PAC) meetings per year (Source: Local Indicator Priority 3) • Number of English Learner Advisory Committee (ELAC) meetings per year (Source: Local Indicator Priority 3) • School experience survey "average approval rates" based on the responses of our families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense

		families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing Community School strategies to reach and seek input from any underrepresented groups in the school community. We also expect that this action will result in increased parent satisfaction as measured by the annual educational partner surveys in Goal 4: Action 4.	of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our families to the question, "Overall, I am satisfied and would recommend this school to other families." (Source: Local Indicator Priority 6, Panorama Education)
4.2	**Action:** Building relationships and partnerships with families for student outcomes **Need:** Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved	In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students'	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. **Scope:**	grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way	• Number of activities/events for parent involvement per year (Source: Local Indicator Priority 3) • Percentage of students who have been home-visited by the teachers per year (Source: Local Indicator Priority 3, SIS) • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS) • High School Dropout Rate (Source: CDE DataQuest, CALPADS) • Graduation Rate (Source: CALPADS, CA

(Source: Local Indicator Priority 6, Panorama Education)
4.3	**Action:** MTSS - PBIS and SEL support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. These student groups also have lower ADA rates while they have higher chronic absenteeism	Considering the needs of our vulnerable student groups in mind, Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Average Daily Attendance (ADA) Rate (Source: SIS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. **Scope:** LEA-wide	and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students. With the needs of our vulnerable students and their families in mind, this action will be provided on a schoolwide	• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Student Suspension Rate (Source: CA School Dashboard, CALPADS) • Student Expulsion Rate (Source: CDE DataQuest, CALPADS) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school

		basis. It was found effective in the current school year and will be continued in the coming school year. We expect that this action will help provide a foundation for safe and positive learning, and enhance students' mental health and abilities to succeed in school, careers, and life. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate and graduation rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured	connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students, families, and staff to the question, "Overall, I am satisfied and would recommend this school to other students/families/ educators." (Source: Local Indicator Priority 6, Panorama Education)
4.4	**Action:** Annual educational partner surveys **Need:** It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of	Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students,	Goal 4: • School experience survey "participation rates" by students, families, and staff (Source: Local Indicator Priority 6, Panorama Education)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Educational partner voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage educational partners in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage educational partners in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. **Scope:** LEA-wide	parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide valuable feedback for school improvement. We also expect that this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.	• School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students, families, and staff to the question, "Overall, I am satisfied and

			would recommend this school to other students/parents/ educators." (Source: Local Indicator Priority 6, Panorama Education)
4.5	**Action:** Community outreach and partnerships **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. They also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including	Considering the needs of our vulnerable student groups in mind, Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities will result in increased and improved resources for our unduplicated students and will be particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will provide students and families with information and	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Student Suspension Rate (Source: CA School Dashboard, CALPADS)

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

If applicable - For this upcoming academic year, MSA OC will utilize the concentration grant add-on funds ($28,666) in the following manner:

MSA OC will be using the concentration grant add-on funds received in a manner which is consistent with California Education Code Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.
By adding these faculty/staff members, we aim to strengthen our ability to address the diverse needs of our student population and provide targeted support where it is most needed. This strategic allocation of funds will help create a more conducive learning environment and contribute to our student's overall growth and achievement

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Enter information in this box when completing the LCAP for **2025–26**. Leave blank until then.	Enter information in this box when completing the LCAP for **2026–27**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26** and **2026–27**. Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

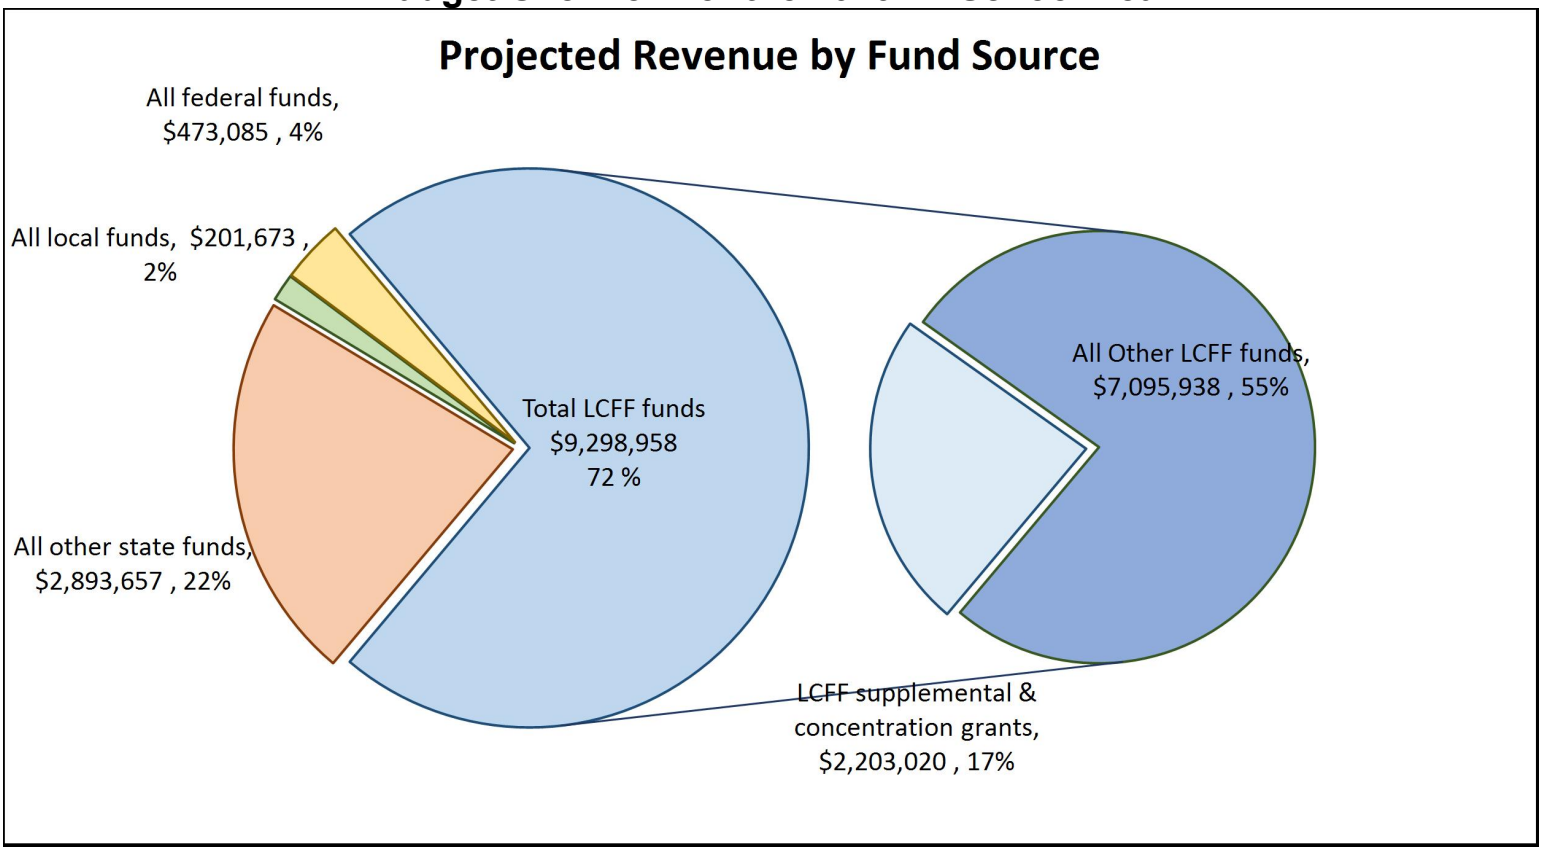
California Department of Education
November 2024

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy - Santa Ana
CDS Code: 30-76893-0130765
School Year: 2026-27
LEA contact information:
Steven Keskinturk
Principal
skeskinturk@magnoliapublicschools.org
(714) 479-0115

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (Foster Youth, English learners, and low-income students).

Budget Overview for the 2026-27 School Year

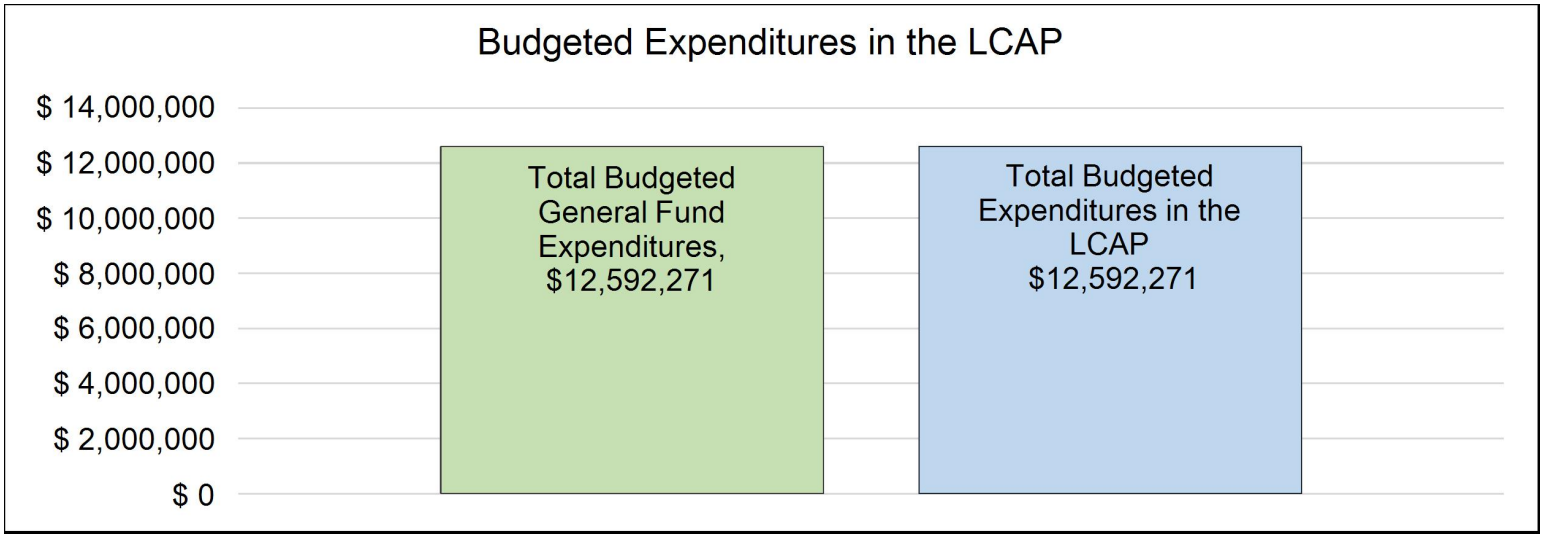


This chart shows the total general purpose revenue Magnolia Science Academy - Santa Ana expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy - Santa Ana is $12,867,373, of which $9,298,958 is Local Control Funding Formula (LCFF), $2,893,657 is other state funds, $201,673 is local funds, and $473,085 is federal funds. Of the $9,298,958 in LCFF Funds, $2,203,020 is generated based on the enrollment of high needs students (Foster Youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.



This chart provides a quick summary of how much Magnolia Science Academy - Santa Ana plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy - Santa Ana plans to spend $12,592,271 for the 2026-27 school year. Of that amount, $12,592,271 is tied to actions/services in the LCAP and $0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

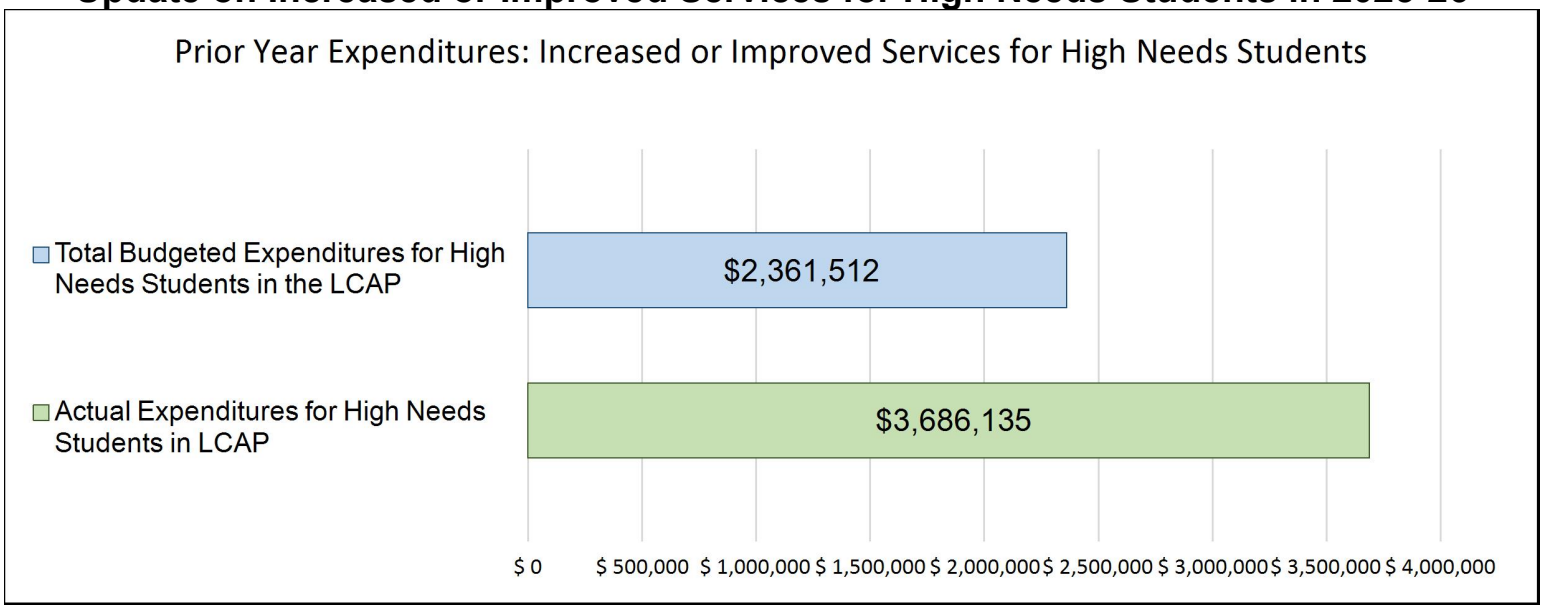
N/A

Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Magnolia Science Academy - Santa Ana is projecting it will receive $2,203,020 based on the enrollment of Foster Youth, English learner, and low-income students. Magnolia Science Academy - Santa Ana must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy - Santa Ana plans to spend $2,247,309 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2025-26



This chart compares what Magnolia Science Academy - Santa Ana budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy - Santa Ana estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, Magnolia Science Academy - Santa Ana's LCAP budgeted $2,361,512 for planned actions to increase or improve services for high needs students. Magnolia Science Academy - Santa Ana actually spent $$3,686,135 for actions to increase or improve services for high needs students in 2025-26.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Plan Summary [2026-27]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

The Magnolia Educational & Research Foundation dba Magnolia Public Schools (MPS)
The Magnolia Educational & Research Foundation dba Magnolia Public Schools (MPS) is a 501(c)(3) non-profit public charter school management organization dedicated to establishing and managing high-quality public charter schools in California. MPS' vision is to graduate students who are scientific thinkers that contribute to the global community as socially responsible and educated members of our society. MPS' educational approach is based on the conviction that science, technology, engineering, and math (STEM) education is essential in improving our modern society's knowledge base and adaptability to the fast pace of ever-changing technological advancements. MPS operates 10 charter school sites throughout California with an increasing trend of academic success, organizational, and financial stability.

Magnolia Science Academy Santa Ana (MSA-SA)
Magnolia Science Academy-Santa Ana (MSA-SA) is the home of the PIRATES! MSA-SA is authorized and monitored by the State Board of Education. MSA-SA is a public charter school for grades TK–12 with a mission to provide a college preparatory educational program emphasizing STEAM education in a safe environment that cultivates respect for self and others. MSA-SA offers a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and strong core knowledge presented in ways that are relevant and inspiring for our students. Tutoring, morning intervention, after-school program, Saturday Academy, and school-to-university partnerships (e.g. dual enrollment partnerships with local community colleges) supplement classroom instruction at MSA-SA. MSA-SA creates a supportive and caring environment with small class sizes and strong student-parent-teacher communication, and improves students' knowledge and skills in core subjects, thereby increasing their 21st century skills as well as their

chances of success in higher education and beyond. MSA SA provides students with a comprehensive education program that creates multiple opportunities for them to develop into successful contributing members of society, and therefore, fulfill the intent of the California Charter Schools Act.

In the 2024-25 academic year, Magnolia Science Academy-Santa Ana continued its eighth school year in our campus at 2840 West 1st Street, Santa Ana. The new facility was funded by the State of California Prop 1D funding. The new building has 34 classrooms with state of the art science and computer labs, library and learning centers. Phase II construction is completed and includes a gym, playgrounds and an outside cafeteria to serve several functions. MSA-SA has adopted McGraw-Hill digital and in print curriculum across all four core subjects (Math, History, Science, and English). We have a 1:1 technology to student ratio and all classrooms with state of the art technology.

In March 2019, The State Board of Education(SBE) renewed Magnolia Science Academy-Santa Ana for 5 years.

Magnolia Science Academy Santa Ana
Address: 2840 W 1st. Santa Ana, CA, 92307
Phone: 714-479-0115
Email: skeskinturk@magnoliapublicschools.org

Our Mission
Magnolia Public Schools provides a college preparatory educational program emphasizing science, technology, engineering, and math (STEAM) in a safe environment that cultivates respect for self and others.

Our Vision
Graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

INNOVATION
Students have the freedom to choose how and what they learn. Individualized scheduling, early identification of learning styles, personalities, interest, and career plans support students' college and career readiness. Students experience hands-on learning through robotics, computer science, and arts to promote imagination, creativity, and invention.

CONNECTION
School communities are integrated partnerships among the school site staff, families, students, and all other stakeholders. Connection creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internships, promote unity and better decision making through the implementation of restorative justice practices.

EXCELLENCE
Academic Excellence is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster academic excellence through project-based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

SUCCESSES

During the 2025–26 school year, MSA Santa Ana demonstrated continued academic growth across multiple state and local indicators. One of the most significant accomplishments was the improvement in CAASPP performance in both English Language Arts and Mathematics. ELA proficiency increased from 47.53% to 49.82% of students meeting or exceeding standards, while Math proficiency increased from 39.78% to 42.11%. These gains were evident across several student groups, including English Learners, Hispanic students, and Socioeconomically Disadvantaged students. English Learners showed particularly strong improvement, increasing from 9.09% to 15.19% proficiency in ELA and from 16.89% to 22.22% proficiency in Math.

Distance from Standard (DFS) data also reflected meaningful progress. In ELA, the school improved from 8.3 points below standard to 3.1 points below standard, moving significantly closer to grade-level performance. Similar gains were observed in Mathematics, where DFS improved from 36.5 points below standard to 26.0 points below standard. Subgroup performance improved across nearly every category, including English Learners, Students with Disabilities, Hispanic students, and Socioeconomically Disadvantaged students, indicating that intervention systems and targeted instructional supports are helping close achievement gaps.

Local assessment data further confirmed the effectiveness of instructional programs. MAP Reading growth increased from 58.1% to 66.7% of students meeting growth targets, while MAP Math growth increased from 63.8% to 70.2%. Students continued to demonstrate growth above national norms, with MAP Conditional Growth Percentiles remaining above the 80th percentile in both ELA and Mathematics. These results suggest that small-group instruction, intervention programs, and data-driven instructional planning are positively impacting student learning outcomes.

MSA Santa Ana also maintained 100% access to programs and services for all student groups, ensuring that students continued to receive equitable access to instructional, intervention, and support services. This reflects the school's commitment to meeting the academic and social-emotional needs of all learners.

CHALLENGES
Despite these positive outcomes, several areas require continued attention and improvement.

English Learner outcomes remain an area of focus. While English Learners demonstrated substantial academic growth in both ELA and Mathematics, the percentage of English Learners making progress toward English proficiency increased from 34% to 43.3%. This improvement reflects positive momentum; however, continued emphasis on strengthening both Designated and Integrated ELD instruction, enhancing progress monitoring, and providing targeted language-development supports will be important to sustain and accelerate this growth.

Reclassification rates also remain below desired levels. Although the percentage of English Learners reclassified as Fluent English Proficient increased slightly from 13.9% to 15.3%, additional efforts are needed to identify and support students who are approaching reclassification criteria. Continued emphasis on ELPAC preparation, language development, and parent engagement will be important to accelerating reclassification outcomes.

Implementation of instructional monitoring systems was another challenge during the year. Completion of classroom observations declined from 66% to 40%, limiting opportunities for instructional feedback, coaching, and continuous improvement. Strengthening observation systems and coaching cycles will be a priority moving forward to ensure consistent implementation of high-quality instructional practices.

While student growth remained strong overall, Conditional Growth Index (CGI) scores declined slightly from the previous year in both Reading and Mathematics. Although students continued to perform well above national growth expectations, maintaining the exceptionally high growth levels achieved in prior years will require continued focus on differentiated instruction and targeted intervention.

Overall, the review of Dashboard and local data demonstrates that MSA Santa Ana is making meaningful progress toward improving student achievement and closing achievement gaps. Continued focus on English Learner outcomes, instructional monitoring, and targeted intervention supports will help sustain academic growth and advance equitable outcomes for all students.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

N/A

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents	We invited our parents to the Data Walks, where they engaged in numerous, robust conversations about the LCAP. We also discussed, on a quarterly basis, our ELAC and school site-related items that relate to the LCAP. Every Friday during our Coffee with the Principals, our parents continue to collaborate in rich conversations around our LCAP.
Students	We invited our students to the Data Walks, where they engaged in numerous, robust conversations about the LCAP with parents and teachers. Our students are also part of the Community Advisory Committee, and they were also part of the LCAP goal conversations - the students know that every goal we have impacts their success.
Teachers	Teachers are involved in all aspects of our LCAP because we meet weekly during staff meetings. On a monthly basis, our teachers meet in grade-level and department meetings to deep-dive into the LCAP goals. The teachers are also part of the Data Walks and were very involved in that whole process.
School administrators	The school site administration team collaborates on a daily basis to ensure that all decisions are based on and aligned with our LCAP goals.
Other school personnel	We invite and ensure all educational partners, including our front office staff, custodial staff, and support, also have voice during our Data Walks as well as the CAC committee. They are also involved in our weekly staff meetings.

Educational Partner(s)	Process for Engagement
SELPA	We ensure that our SPED team has a voice and collaborates on our LCAP goals. We also inform our El Dorado SELPA with our decision making, as we are inclusive to all.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Annually, our LCAP is directly influenced by the feedback of our educational partners. This is done through our weekly Coffee With the Principal, in addition to our Data Walks, CAC, ELAC, and any town hall meetings that may arise based upon the direct feedback by all educational partners. At the end of every year, our educational partners participate in our Panorama survey, and it is the results of this survey that will directly drive and influence change, next steps, and directly impact our LCAP.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned and high-quality instructional materials, and appropriately maintained school facilities.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	The percentage of teaching assignments that have an assignment monitoring outcome of "clear" (Source: Local Indicator Priority 1, CDE DataQuest TAMO by FTE Report)	2021-22: 90.6%	2022-23: 88.8%	2023-24: 91.9%	2024-25: > 85%	+1.3 percentage points
1.2	Percentage of students without access to their	2023-24: 0%	2024-25 (As of 6/5/25):	2025-26 (As of 5/22/26):	2026-27: 0%	0 percentage points

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	own copies of standards-aligned instructional materials for use at school and at home (Source: Local Indicator Priority 1)		0%	0%		
1.3	Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies) (Source: Local Indicator Priority 1)	2023-24: 0	2024-25 (As of 6/5/25): 0	2025-26 (As of 5/22/26): 0	2026-27: 0	0
1.4	Teacher retention rate (Source: HRIS)	2023-24: (Fall 2022 to Fall 2023) 75%	2024-25: (Fall 2023 to Fall 2024) 79%	2025-26 (Fall 2024 to Fall 2025): 91%	2026-27: (Fall 2025 to Fall 2026) >= 80%	+16 percentage points
1.5	Teacher attendance rate (Source: HRIS)	2023-24: (As of 5/15/24) 95.0%	2024-25: (As of 5/31/25) 95.3%	2025-26 (As of 5/15/26): 95.6%	2026-27: >= 95.0%	+0.6 percentage points

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The overall implementation of Goal 1 during the 2025–26 school year was largely successful, with most planned metrics executed as intended and resulting in measurable progress toward maintaining a high-quality learning environment. However, one area—teacher retention—presented a notable challenge that marked a substantive difference between the plan and its implementation.

Planned Metrics Implemented Successfully
Several planned metrics were implemented with high fidelity:

Assignment Monitoring (Metric 1.1): The percentage of teaching assignments with a “Clear” monitoring outcome was high in 2025–26, reflecting strong compliance with assignment standards and improved staffing practices compared to prior years. This shows that the majority of teaching assignments were appropriately staffed and credentialed.

Instructional Materials (Metric 1.2): All students had access to their standards-aligned instructional materials for use at school and home, resulting in a 0% deficiency rate as of June 5, 2026. This fully met the expected target and maintained regulatory compliance.

Facilities Maintenance (Metric 1.3): The school reported 0 instances as of June 5, 2026, where facilities failed to meet the “good repair” standard, indicating effective preventative maintenance and timely responses to facility issues.

Teacher Attendance (Metric 1.5): Teachers maintained a strong attendance rate of 95.6% as of May 31, 2026, meeting the 95% target and supporting consistency in classroom instruction.

These successes reflect the school’s effective operational systems and its consistent commitment to ensuring a safe, well-resourced, and instructionally sound learning environment.

Substantive Difference in Implementation – Teacher Retention
A key success was seen in Metric 1.4, where the teacher retention rate for Fall 2025 to Fall 2026 increased from 79% to 91%, exceeding the 80% target and reflecting improved staff engagement and stronger long-term commitment; continued focus on sustaining supportive structures, recognition systems, professional growth opportunities, and clear communication will be important to maintain this positive trend.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1 Action 1
Budgeted: $40,858.00
Actual: $52,072.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 1 Action 2
Budgeted: $855,764.57
Actual: $909,232.57
Explanation: The material difference was due to the number of teachers who continued their education practices.

Goal 1 Action 3
Budgeted: $581,984.38
Actual: $752,768.30
Explanation: The expenses in this action increased due to the increase in enrollment numbers.

Goal 1 Action 4
Budgeted: $54,756.20
Actual: $58,120.92

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 1 Action 5
Budgeted: $1,464,737.00
Actual: $1,496,653.85
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Overall, the implementation of Goal 1 metrics during the 2025–26 school year was largely effective, with four out of five metrics meeting or exceeding their respective targets. These results demonstrate the school's strong operational systems and its commitment to maintaining a high-quality learning environment. However, one area—teacher retention—did not fully achieve the expected outcome and presents an area for targeted improvement moving forward.

Ineffective or Partially Effective Metric
Metric 1.4 – Teacher Retention
The teacher retention rate for Fall 2025 to Fall 2026 increased significantly from 79% to 91%, exceeding the 80% target and indicating strong improvements in staff engagement and long-term commitment. This positive trend suggests that existing efforts to strengthen workplace support, professional growth pathways, and recognition systems are having a meaningful impact. Continued emphasis on mentorship, celebrating staff contributions, and maintaining clear and consistent internal communication will help sustain and further build on these gains in retention outcomes.

Effective Metrics
Metric 1.1 – Appropriately Assigned Teachers
91.9% of teaching assignments received a "Clear" outcome in assignment monitoring, indicating that most teachers were appropriately credentialed and placed. This reflects strong HR oversight and improvement over prior years in ensuring compliance with credentialing requirements and clarity of assignments.

Metric 1.2 – Access to Instructional Materials
0% of students lacked access to standards-aligned instructional materials for both school and home use, fully meeting the goal. This outcome reflects efficient materials management and consistent attention to curricular equity and compliance with state requirements.

Metric 1.3 – Facilities in Good Repair
The school reported 0 instances of facilities failing to meet the "good repair" standard. This demonstrates highly effective facilities management, timely maintenance procedures, and full compliance with state expectations for school environments.

Metric 1.5 – Teacher Attendance

The teacher attendance rate reached 95.6% as of May 31, 2026, meeting the 95% goal. This indicates reliable daily presence, strong staff commitment, and a stable instructional environment that supports student learning continuity.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Following a review of 2025-26 Year 1 outcomes and implementation practices, several targeted adjustments have been made to improve the effectiveness of Goal 1 in maintaining a high-quality learning environment for all students.

Changes to Implementation Supports – Teacher Retention (Metric 1.4)
The teacher retention rate at the 80% goal, highlighted the need to strengthen efforts to retain effective educators. In response, the school will:
Expand teacher recognition and appreciation programs to promote morale and retention.
Improve onboarding and mentorship systems for new and early-career teachers.
Develop leadership development opportunities for interested staff to promote internal growth and long-term investment.

Based on the strong improvement in teacher retention from 79% to 91%, no major changes were made to the planned goal or target outcome for the coming year, as the current 80% benchmark has been exceeded; however, refinements will be made to strengthen and sustain this progress by expanding mentorship and onboarding supports, enhancing staff recognition systems, and improving opportunities for professional growth and leadership development to ensure continued stability and long-term staff retention.

Metrics and Monitoring Enhancements
All existing metrics for Goal 1 will remain unchanged to support consistent year-over-year comparison. The school will continue its mid-year metric check-ins to monitor progress in real time and make mid-course corrections where needed—particularly for areas like credential monitoring and teacher support.

Sustained and Expanded Effective Practices
The following metrics met or exceeded their targets and will continue with the same benchmarks:

Assignment Monitoring (Metric 1.1): With 91.9% of teaching assignments evaluated as “Clear,” the school will maintain existing credential review processes while introducing minor improvements to pre-semester assignment audits for continued alignment.

Instructional Materials (Metric 1.2): With 0% of students lacking access to standards-aligned materials, current procurement, distribution, and digital access practices will continue with no changes needed.

Facilities Maintenance (Metric 1.3): Reporting 0 instances of facilities not meeting the “good repair” standard confirms that routine inspections and maintenance tracking are effective. These practices will be sustained and documented quarterly.

Teacher Attendance (Metric 1.5): The teacher attendance rate of 95.6% met the goal. Existing wellness supports, attendance monitoring systems, and accountability structures will remain in place.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: N/A	$47,072.00	No
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review	$1,061,982.57	No

Action #	Title	Description	Total Funds	Contributing
		budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: N/A		
1.3	Clean and safe facilities that support learning	Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school.	$801,407.24	No

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A		
1.4	Healthy and nutritious meals	Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A	$64,191.92	Yes
1.5	Well-orchestrated Home Office support services	The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and	$1,819,287.54	No

		accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4. Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.) The following expenditures will be funded by federal funds: -Clerical & Tech: Federal CSP; Amount: $25,431.21 -STRS: Federal CSP; Amount: $4,859.04 -OASDI/Medicare: Federal CSP; Amount: $368.88 -Health & Welfare Benefits: Federal CSP; Amount: $4,652.63 -Unemployment Insurance: Federal CSP; Amount: $127.20		

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Graduate Profile,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence.	Broad Goal

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

During the 2025–26 school year, MSA Santa Ana made meaningful progress in implementing the planned actions under Goal 2, which emphasizes equitable access to high-quality instruction and academic growth for all students. While most actions were successfully implemented, a few areas—such as classroom observations and reclassification of English learners—require targeted attention moving forward.

Successful Implementation Areas
A majority of indicators demonstrated strong implementation and student progress:

Access to Programs and Services (Metric 2.1): MSA Santa Ana maintained 100% access for students to all required programs and services, matching the previous year's level and affirming compliance with Local Indicator Priority 7.

Academic Performance and Proficiency:

ELA (Metric 2.4): 49.82% of students met or exceeded the CAASPP ELA standard, an increase from 47.53% in 2023–24. Gains were observed across subgroups, including English Learners (from 9.09% to 15.19%) and Hispanic students (from 43.31% to 44.86%).

Math (Metric 2.8): 42.11% of students met or exceeded the CAASPP Math standard, improving from 39.78% in the prior year. Notably, English Learners increased their performance from 16.89% to 22.22%, and Hispanic students improved from 33.63% to 36.73%.

Science (Metric 2.14): 27.05% of students met or exceeded standard on the CAASPP Science assessment, reflecting a decline from 34.72%, and indicating a need to strengthen instructional alignment to science standards and enhance academic language and inquiry-based science practices.

Growth Measures:

MAP Reading (Metric 2.6): All Students meeting growth targets increased from 58.1% to 66.7%. English Learners increased from 57.6% to 66.3%.Socioeconomically Disadvantaged students increased from 54.9% to 64.7%. Students with Disabilities increased from 47.5% to 64.4%. Hispanic students increased from 55.9% to 64.9%.

MAP Math (Metric 2.10): All Students meeting growth targets increased from 63.8% to 70.2%. English Learners increased from 57.6% to 64.5%. Socioeconomically Disadvantaged students increased from 64.6% to 66.0% Students with Disabilities increased from 55.6% to 56.6%. Hispanic students increased from 62.1% to 68.0%. White students increased from 70.0% to 79.7%.

Conditional Growth Index (CGI):

ELA (Metric 2.7): ELA growth remained strong nationally, although slightly lower than the previous year. All Students maintained a CGI of 0.94, representing growth at the 83rd national percentile. English Learners achieved a CGI of 0.87 (81st percentile).White students achieved a CGI of 1.24 (89th percentile).

Math (Metric 2.11): Math growth remained above national norms. All Students earned a CGI of 0.93 (82nd percentile). English Learners earned a CGI of 0.89 (81st percentile). White students earned a CGI of 1.10 (86th percentile)

Distance from Standard (DFS):

ELA (Metric 2.5): ELA DFS improved for all students and most subgroups, indicating students are moving closer to grade-level proficiency. All Students improved from 8.3 points below standard to 3.1 points below standard. English Learners improved from 42.8 points below standard to 40.1 points below standard

Math (Metric 2.9): Math DFS improved across all major student groups. All Students improved from 36.5 points below standard to 26.0 points below standard. English Learners improved from 62.9 points below standard to 56.9 points below standard.

These trends affirm that MSA Santa Ana’s instructional framework and academic interventions are yielding positive outcomes in both proficiency and growth for the general student population and key subgroups.

Areas Requiring Improvement
Despite these strong results, a few implementation gaps were identified:

Classroom Observations (Metric 2.2):Completion of formal and informal classroom observations decreased from 66% in 2024–25 to 40% in 2025–26. This indicates a need to strengthen systems for observation scheduling, coaching cycles, and documentation to ensure consistent instructional monitoring and feedback.

English Learner Progress Indicator (ELPI) Growth (Metric 2.12): The percentage of English Learners making progress toward English proficiency increased from 34% to 43.4%. This improvement reflects positive momentum; however, continued emphasis on strengthening

both Designated and Integrated ELD instruction, enhancing progress monitoring, and providing targeted language-development supports will be important to sustain and accelerate this growth

Reclassification Rate (Metric 2.13): The percentage of English Learners reclassified as Fluent English Proficient increased slightly from 13.9% to 15.3%, but remains below the level needed to accelerate long-term EL success. Continued efforts to identify eligible students earlier and provide targeted support toward meeting reclassification criteria are needed.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 2 Action 1
Budgeted: $3,175,181.93
Actual: $3,631,446.60
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 2 Action 2
Budgeted: $42,017.06
Actual: $33,381.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 2 Action 3
Budgeted: $640,991.32
Actual: $660,477.44
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 2 Action 4
Budgeted: $0.00
Actual: $0.00
Explanation:

Goal 2 Action 5
Budgeted: $1,025,553.86
Actual: $1,065,807.65
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Overall, the implementation of Goal 2 metrics in 2025–26 demonstrated strong progress in academic achievement and student growth, while also highlighting key areas that require targeted improvement—particularly in instructional monitoring and English Learner progress.

Effective Metrics
Metric 2.1 – Access to Programs and Services
MSA Santa Ana maintained 100% access to required academic programs and services, fully meeting the goal and confirming strong compliance with Local Indicator Priority 7. This reflects a well-coordinated infrastructure ensuring equitable educational opportunities for all students.

Metric 2.4 – CAASPP ELA Proficiency
49.82% of students met or exceeded standards, surpassing the prior year's 47.53% performance. Subgroup gains among English Learners and Hispanic students indicate the impact of targeted ELA supports.

Metric 2.5 – ELA Distance from Standard (DFS)
DFS improved from 8.3 points below standard to 3.1 points below, demonstrating academic recovery and increasing proficiency across core groups.

Metric 2.6 – MAP Reading Growth
66.7% of students met or exceeded reading growth targets, surpassing the 50% benchmark and validating the effectiveness of differentiated literacy instruction and progress monitoring.

Metric 2.7 – MAP ELA Conditional Growth Index (CGI)
The school recorded a CGI of 0.94, slight decrease from 0.96 and indicating sustained strong growth, particularly among English Learners (CGI 0.87) and White students (CGI 1.24).

Metric 2.8 – CAASPP Math Proficiency
42.11% of students met or exceeded standards, up from 39.78%. The growth of English Learners and Hispanic students reflects well-targeted math supports.

Metric 2.9 – Math Distance from Standard (DFS)
DFS improved from 36.6 to 26.0 points below standard, indicating continued closing of learning gaps in mathematics.

Metric 2.10 – MAP Math Growth
70.2% of students met their growth targets, exceeding the benchmark of 50% and affirming the effectiveness of math intervention and instruction systems.

Metric 2.11 – MAP Math CGI

A CGI of 0.93 was achieved, representing strong national growth, particularly for Students with Disabilities (0.61) and Socioeconomically Disadvantaged students (0.75).

Metric 2.14 – CAASPP Science Proficiency
27.05% of students met or exceeded standard, down from 34%, indicating need for improvement instruction and assessment alignment in science education.

Ineffective or Partially Effective Metrics
Metric 2.2 – Classroom Observations
Completion of formal and informal classroom observations decreased from 66% in 2024–25 to 40% in 2025–26. This indicates a need to strengthen systems for observation scheduling, coaching cycles, and documentation to ensure consistent instructional monitoring and feedback

Metric 2.12 – English Learner Progress (ELPI)
Implementation of actions to support English Learner progress has shown emerging effectiveness in moving toward the intended goal. The increase in the percentage of English Learners making progress toward English proficiency from 34% to 43.4% indicates that current instructional and support strategies are beginning to have a positive impact. In particular, strengthened focus on Designated and Integrated ELD instruction, along with improved instructional routines that incorporate academic language development, appears to be contributing to this upward trend

Metric 2.13 – Reclassification Rate
The percentage of English Learners reclassified as Fluent English Proficient increased slightly from 13.9% to 15.3%, but remains below the level needed to accelerate long-term EL success. Continued efforts to identify eligible students earlier and provide targeted support toward meeting reclassification criteria are needed.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

As a result of reflective analysis of the 2025–26 implementation outcomes, targeted changes have been made to Goal 2: Academic Growth and Instructional Access to strengthen areas of underperformance and expand on existing academic gains.

Refinements to Metrics and Supports
Classroom Observations (Metric 2.2)
Completion of formal and informal classroom observations declined from 66% in 2024–25 to 40% in 2025–26, indicating a need for stronger systems to support instructional monitoring and coaching. To improve implementation during the 2026–27 school year:
Observation schedules will be embedded into leadership calendars and monitored monthly.
Administrative walkthroughs and coaching cycles will be streamlined to ensure timely feedback and follow-up support.

Instructional leadership team members will participate in targeted walkthroughs to increase the frequency of classroom feedback. Observation documentation and progress monitoring systems will be reviewed regularly to ensure accountability.

The target for observation completion will remain unchanged, with additional structures and supports implemented to improve completion rates.

Exploration of peer walkthroughs and informal observation models will be piloted to increase instructional feedback frequency.
The 85% target for observation completion will remain unchanged, with added structural and administrative supports.

English Learner Progress (Metric 2.12)
The percentage of English Learners making progress toward English proficiency increased from 34% to 43.4%. While performance demonstrates notable improvement, continued refinement of language development supports and progress monitoring is still needed. In response, 2026–27 implementation will include:
Strengthening Designated ELD instruction through common pacing, lesson planning support, and instructional walkthroughs.
Expanding professional development on Integrated ELD strategies across all content areas.
Implementing trimester EL progress reviews to identify students requiring additional interventions.
Increasing collaboration between ELD teachers, intervention staff, and content-area teachers to support language development goals.
Expanding family outreach efforts focused on English Learner achievement and language acquisition.

Reclassification Rate (Metric 2.13)
Although the reclassification rate increased slightly from 13.9% to 15.3%, the rate remains below desired levels and indicates that additional supports are needed to help eligible students meet reclassification criteria. To address this need:
Reclassification monitoring meetings will be conducted each trimester to identify students nearing eligibility.
ELPAC preparation and language support opportunities will be expanded for long-term English Learners and students approaching proficiency.
Parent communication regarding reclassification requirements and progress will be strengthened.
Intervention supports will be aligned to address specific language skill gaps identified through ELPAC and local assessment data.

Metrics Maintained or Expanded
Several metrics showed strong or improved performance and will be maintained with minor enhancements:

Access to Programs and Services (Metric 2.1): MSA Santa Ana maintained 100% access to required programs and services. No changes to this metric are planned. Continued collaboration among Special Education, English Learner, intervention, and student support teams will ensure equitable access for all students.

Academic Performance (Metrics 2.4, 2.8, 2.14): Schoolwide proficiency increased in both ELA and Mathematics, with notable gains among English Learners, Hispanic students, and Socioeconomically Disadvantaged students. To build on these results: Tiered academic intervention systems will continue. Data-driven instructional planning will be strengthened through PLC collaboration. Expanded opportunities for advanced coursework and enrichment will be provided to support academic growth for all students.

MAP Growth and Conditional Growth Index (Metrics 2.6, 2.7, 2.10, 2.11): MAP Reading and Math growth targets increased substantially, with students continuing to demonstrate growth above national norms. To sustain these outcomes: Small-group instruction and targeted intervention programs will continue. MAP data cycles will be utilized to identify student needs and monitor intervention effectiveness. Professional development will focus on differentiation and standards-based instruction.

Distance from Standard (Metrics 2.5, 2.9): Significant improvements in ELA and Math Distance from Standard measures indicate that students are moving closer to grade-level proficiency. Continued implementation of intervention programs, data analysis cycles, and targeted supports for English Learners, Students with Disabilities, and Socioeconomically Disadvantaged students will remain a priority.

Summary
Reflections from the 2025–26 implementation of Goal 2 confirmed the effectiveness of the school's academic programs, intervention systems, and instructional practices, as evidenced by gains in ELA and Mathematics achievement, MAP growth, and Distance from Standard measures. Areas identified for improvement include classroom observation completion, English Learner progress, and reclassification outcomes. Changes for 2026–27 focus on strengthening instructional monitoring systems, enhancing language development supports, and increasing opportunities for English Learners to successfully meet reclassification criteria while continuing to expand successful academic practices across all grade levels and student groups.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses.	$3,921,904.01	No

Action #	Title	Description	Total Funds	Contributing
		The following expenditures will be funded by federal Title funds: N/A		
2.2	Professional development for high-quality instruction	Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees. The following expenditures will be funded by federal Title funds: -Professional Development: Title II; Amount: $10,000.00 -Prof Dev-Other: Title II; Amount: $10,000.00	$33,381.00	Yes
2.3	MTSS - Academic enrichment, intervention, and student support	Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other	$662,235.37	Yes

Action #	Title	Description	Total Funds	Contributing
		state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Dean of Academics salary and benefits, Title-I coordinator salary and benefits, instructional aide salaries and benefits, intervention teacher salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Infinite Campus fees, and evidence-based supplemental intervention/enrichment program fees (Edgenuity, ALEKS, IXL, Accelerated Reader, Standards Plus, Quizizz, Padlet, BrainPOP, NextGenMath, Spelling City, Seesaw, and MyON.) The following expenditures will be funded by federal Title funds: -Educational Software: Title I; Amount: $43,912.38 -Teacher Salaries: Title I; Amount: $110,132.00 -STRS: Title I; Amount: $21,038.57 -OASDI/Medicare: Title I; Amount: $1,597.17 -Health & Welfare Benefits: Title I; Amount: $17,431.43 -Unemployment Insurance: Title I; Amount: $550.75 -Educational Software: Title IV, Part A ESEA (ESSA); Amount: $3,353.84		
2.4	Designated and integrated ELD programs and support for ELs	Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our	$0.00	Yes

Action #	Title	Description	Total Funds	Contributing
		EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits. The following expenditures will be funded by federal Title funds: N/A		
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in	$1,167,407.82	No

Action #	Title	Description	Total Funds	Contributing
		collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: N/A		

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.	Broad Goal

State Priorities addressed by this goal.

Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The implementation of Goal 3 during the 2024–25 school year was largely successful, with the vast majority of actions executed as planned and resulting in strong student outcomes. The school met or exceeded performance targets for most indicators related to college readiness, advanced coursework, and STEAM engagement. However, several substantive differences between planned and actual implementation emerged, particularly in areas involving ELA college readiness, full tracking of dual enrollment access, and integration of career technical education (CTE) pathways.

Implementation Successes
Many of the school's planned actions for Goal 3 were implemented effectively and led to measurable success:

Technology and STEAM Access (Metrics 3.2 & 3.3):
All graduating students (100%) took a Computer/Technology course or engaged in blended learning (Metric 3.2), and 99% of students created or demonstrated a STEAM-related project (Metric 3.3). These results reflect full implementation of innovation-focused learning strategies and continued commitment to project-based learning experiences.

College and Career Indicator (Metric 3.4):
Overall implementation was effective, with planned college and career readiness actions implemented largely as intended, contributing to an increase in the College/Career Indicator (CCI) Prepared rate from 77.1% to 81.6%. Exceeding the 72.4% baseline and surpassing the internal benchmark of 61.2%. This affirms the school's alignment with state-defined college and career readiness standards.

Advanced Math Enrollment (Metric 3.1):
Participation in accelerated or advanced math coursework or clubs decreased from 18% to 9%. While the metric declined, the school remains committed to expanding access to advanced coursework, strengthening the mathematics pipeline beginning in earlier grades, and providing targeted academic support to prepare more students for success in advanced mathematics courses.

Dual Enrollment Completion (Metric 3.9):
73.5% of students completed two college-level semesters with a C or better, decreased from 83.9%. indicating a decline in completion rates despite continued access to dual enrollment opportunities.This change suggests a need to further strengthen academic preparation, student supports, and monitoring systems to ensure students persist and succeed in college-level coursework, while continuing to build on established dual enrollment partnerships and advising structures.

Math Readiness and Achievement (Metrics 3.6, 3.7, 3.8):
EAP Math went from 43.14% in 2024-25 to 38.74% (internal data)
AP scores of 3 or higher in current year went from 66.3% in 2023-24 to 80.3% in 2024-25
AP scores of 3 or higher in HS years went from 47.2% in 2023-24 to 58.3% in 2024-25

AP scores of 3 or higher increased from 66.3% to 80.3% and from 47.2% to 58.3% across high school cohorts—indicating effective instructional supports and student preparation.EAP Math readiness declined from 43.14% to 38.74%, highlighting inconsistencies in college readiness alignment within math instruction.

Postsecondary Preparedness (Metrics 3.10, 3.14–3.17):
A-G completion:85.7%
Golden State Seal: 56.2%
Advanced/Honors Diplomas: 59.2%
College Acceptance: 100% overall, with63% to four-year institutions
These outcomes demonstrate sustained success in preparing students for postsecondary opportunities through coursework, recognitions, and counseling supports.

Areas of Continued Improvement
Several actions showed progress but did not yet reach the desired targets:

ELA Readiness on CAASPP (Metric 3.5):
23.3% of students demonstrated ELA readiness on the CAASPP EAP—down from 68.63%. Continued literacy interventions and cross-curricular writing support remain essential.

Seal of Biliteracy (Metric 3.13):
14.3% of graduates earned the Seal of Biliteracy, down from 15.8% the prior year. While the program is well-established, increased awareness and support for multilingual students may help reverse this decline.

CTE + A-G Integration (Metrics 3.11 & 3.12):
While the school has started building Career Technical Education (CTE) programs, no students have yet been tracked as completing state-aligned CTE sequences or integrated CTE + A-G pathways. Developing clear tracking systems and aligning student schedules with these options will be essential in the upcoming year.

College-Going Rate (Metric 3.18):
The most recent verified college-going rate (Class of 2023) was 83.9%, which shows a gap compared to the 100% acceptance rate. This underscores the need for improved post-graduation follow-up, financial aid support, and summer bridge programming to ensure students enroll after acceptance.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3 Action 1
Budgeted: $128,848.59
Actual: $170,996.79
Explanation: Due to increase of enrollment our expenses in this action increased.

Goal 3 Action 2
Budgeted: $636.00
Actual: $636.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 3 Action 3
Budgeted: $292,622.44
Actual: $301,292.48
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 3 Action 4
Budgeted: $327,069.63
Actual: $326,137.83
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 3 Action 5
Budgeted: $715,652.02
Actual: $697,610.77
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Implementation of Goal 3 during the 2025-26 school year demonstrated substantial effectiveness across most planned actions, with the majority of outcome targets met or exceeded. At the same time, several key metrics revealed specific areas for refinement, especially related to ELA readiness, pathway tracking, and postsecondary transition follow-through.

Effective Metrics (Met or Exceeded Goals)
Metric 3.1 – Accelerated Math Enrollment
9% of students participated in advanced or accelerated math opportunities, declined from previous year’s 18%. This shows the need for improved access and stronger academic counseling in advanced math pathways.

Metric 3.2 – Computer/Technology Access

100% of graduating students completed a Computer/Technology course or participated in blended learning, confirming full implementation of digital readiness expectations and equity in access to tech-integrated instruction.

Metric 3.3 – STEAM Projects
99% of students created or presented a STEAM-related project, demonstrating strong engagement with innovation-focused and hands-on learning across grade levels.

Metric 3.4 – College and Career Indicator (CCI)
81.6% of students achieved “Prepared” status on the CCI, exceeding both the baseline (72.4%) and internal benchmark (61.2%). This reflects broad success across multiple college- and career-readiness pathways.

Metric 3.5 - CAASPP ELA EAP Readiness
Only 23.33% of students demonstrated ELA readiness, which is down from 68.63% and falls short of the school’s aspirational target. Strong focus on academic writing, nonfiction reading, and performance task strategies in 10th and 11th grade will be prioritized.

Metrics 3.6–3.8 – Math Readiness and AP Performance

3.6 – CAASPP Math EAP Readiness: 38.74% of 11th graders demonstrated college readiness in math, down from 43.14%.

3.7 – AP Exam Scores: 80.3% of AP test-takers earned a 3 or higher, improving from 66.3%.

3.8 – Senior AP Pass Rate: 58.3% of seniors passed at least one AP exam with a score of 3+, up from 47.2%.
These increases reflect significant instructional improvements, test preparation, and student support structures in math and AP coursework.

Metrics 3.9 – Dual Enrollment Completion
73.5% of students completed two semesters of college coursework with a C or better. This marks a major success in expanding dual enrollment participation and improving student outcomes in college-level classes.

Metrics 3.10, 3.14–3.17 – Postsecondary Preparedness and Success

3.10 – A-G Completion: 85.7%

3.14 – Golden State Seal: 34.7%

3.15 – Advanced/Honors Diplomas: 59.2%

3.16 – College Acceptance (All): 100%

3.17 – College Acceptance (4-Year): 63%

These strong outcomes demonstrate consistent preparation and support for college-bound students through academic planning, recognition programs, and advising.

Ineffective or Partially Effective Metrics
Metric 3.5 – CAASPP ELA EAP Readiness
65.35% of students demonstrated ELA readiness, up from 61.11%, but still short of the school's aspirational target. Additional focus on academic writing, nonfiction reading, and performance task strategies in 10th and 11th grade will be prioritized.

Metric 3.13 – Seal of Biliteracy
14.3% of students earned the Seal of Bilateracy, a drop from 15.8% the prior year. Increased outreach, targeted preparation for the language assessment, and clearer guidance on eligibility criteria are needed to improve participation.

Metrics 3.11 & 3.12 – CTE and A-G + CTE Completion
No students were tracked as having completed CTE sequences or the integrated A-G + CTE pathway. While CTE programs have been launched, there is a need for clear tracking systems, formalized course sequences, and counseling structures that ensure students are placed on qualifying pathways and can complete them by graduation.

Metric 3.18 – College-Going Rate
The most recent verified college-going rate (Class of 2023) was 83.9%, showing a gap compared to the school's 100% acceptance rate. Strengthening financial aid education, post-graduation transition supports, and follow-up systems will be essential to ensure students enroll and persist in college after high school.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Accelerated Math Enrollment (Metric 3.1)

Participation in advanced and accelerated math opportunities declined from 18% to 9%, indicating a need to improve access to advanced coursework and strengthen student pathway planning. In response, the school will:

Increase academic counseling and pathway planning beginning in middle school.
Review placement criteria to ensure equitable access to advanced math opportunities.
Expand outreach to students and families regarding accelerated course options.
Monitor enrollment data annually to identify and address participation gaps among student groups.
CAASPP ELA EAP Readiness (Metric 3.5)

While ELA college readiness declined from 68.63% to 23.33%, results remained below the school's long-term goal. Additional supports will be implemented to strengthen literacy skills, increase access to rigorous coursework, and provide targeted interventions to better prepare students for college-level reading and writing expectations.

Additional emphasis will be placed on academic writing, evidence-based analysis, and nonfiction reading across content areas.
Junior-level ELA courses will incorporate more EAP-aligned performance tasks and college-readiness assessments.
Teachers will utilize interim assessment data to identify students requiring targeted intervention and support.
Seal of Biliteracy (Metric 3.13)

The percentage of students earning the Seal of Biliteracy declined from 20.7% to 16.7%. To increase participation and recognition of multilingual achievement:

Students will be identified earlier and monitored for Seal eligibility beginning in 9th grade.
Additional support and preparation opportunities will be provided for qualifying language proficiency assessments.
Families and students will receive clearer communication regarding eligibility requirements and application timelines.
Collaboration between ELD, World Language, and counseling staff will be strengthened to support candidate identification.
Career Technical Education Pathways (Metrics 3.11 and 3.12)

No students were reported as completing a CTE pathway or an integrated A-G plus CTE sequence. Reflection on implementation revealed that pathway tracking systems and course sequencing structures require further development. In response:

Formal CTE pathway maps and completion criteria will be developed and communicated to students and families.
Student information systems will be updated to improve pathway tracking and reporting.
Counselors will conduct annual pathway reviews with students to ensure course enrollment aligns with pathway completion requirements.
Partnerships with industry and postsecondary institutions will continue to expand career exploration opportunities.
College-Going Rate (Metric 3.18)

Although 100% of graduates were accepted to college, the verified college-going rate remained at 76.3%, highlighting a gap between acceptance and enrollment. To improve postsecondary matriculation:

Financial aid workshops and FAFSA/CADAA completion supports will be expanded.
Counselors will increase outreach to students and families during the spring and summer transition period.
Follow-up systems will be implemented to monitor enrollment and address barriers to matriculation.
Alumni outreach and college transition support efforts will be strengthened.
Metrics Maintained or Expanded

Several metrics demonstrated strong performance and will continue with minor enhancements to sustain success.

Computer and Technology Access (Metric 3.2)

The school maintained 100% participation in Computer Technology coursework or blended learning experiences. No changes to the metric are planned. The school will continue providing equitable access to technology-rich learning opportunities and digital literacy instruction.

STEAM Projects (Metric 3.3)

With 99% of students completing a STEAM-related project, implementation of project-based learning and innovation-focused experiences will continue. Additional opportunities for interdisciplinary projects and community partnerships will be explored.

College and Career Indicator (Metric 3.4)

The College and Career Indicator increased to 81.6%, exceeding established benchmarks. Current practices supporting dual enrollment, Advanced Placement coursework, college advising, and academic pathway development will be maintained and expanded where appropriate.

AP and Dual Enrollment Success (Metrics 3.7, 3.8, and 3.9)

Significant gains were observed in AP exam performance and dual enrollment completion rates. To sustain this progress:

AP preparation and academic support programs will continue.
Dual enrollment partnerships and course offerings will be maintained and expanded when feasible.
Student participation in rigorous coursework will continue to be promoted through counseling and academic planning.
Postsecondary Preparedness Metrics (Metrics 3.10, 3.14–3.17)

Strong outcomes in A-G completion, Golden State Seal attainment, Advanced/Honors Diploma completion, and college acceptance rates indicate that existing college readiness systems are effective. The school will continue investing in academic advising, pathway planning, college application support, and recognition programs that promote postsecondary success.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment,	$181,964.55	Yes

Action #	Title	Description	Total Funds	Contributing
		AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Expenditures associated with this action include the following: college counselor salary and benefits, AP teacher stipends, Naviance program fees, AP exam fees, AP course materials, and other college-related materials and activities. The following expenditures will be funded by federal Title funds: -Clerical & Tech: Federal CSP; Amount: $33,476.73 -STRS: Federal CSP; Amount: $6,394.68 -OASDI/Medicare: Federal CSP; Amount: $485.46 -Health & Welfare Benefits: Federal CSP; Amount: $2,713.58 -Unemployment Insurance: Federal CSP; Amount: $167.40		
3.2	STEM and GATE programs	Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research.	$636.00	Yes

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: supplemental STEM program fees. The following expenditures will be funded by federal Title funds: -Educational Software: Title IV, Part A ESEA (ESSA); Amount: $636.00		
3.3	Digital literacy and citizenship programs	Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity. Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. The following expenditures will be funded by federal Title funds: -Educational Software: Title IV, Part A ESEA (ESSA); Amount: $3,587.04	$301,016.68	Yes
3.4	Physical education, activity, and fitness	Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for	$319,970.12	Yes

Action #	Title	Description	Total Funds	Contributing
		PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal Title funds: -Educational Software: Title IV, Part A ESEA (ESSA); Amount: $424.00		
3.5	Additional programs and activities that support well-rounded education	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas.	$824,773.40	Yes

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: -Certified Pupil Support Salaries: Title IV, Part A ESEA (ESSA); Amount: $8,030.00 -STRS: Title IV, Part A ESEA (ESSA); Amount: $1,548.87 -OASDI/Medicare: Title IV, Part A ESEA (ESSA); Amount: $117.58 -Health & Welfare Benefits: Title IV, Part A ESEA (ESSA); Amount: $1,628.86 -Unemployment Insurance: Title IV, Part A ESEA (ESSA); Amount: $40.55		

Goals and Actions

Goal

Goal #	Description	Type of Goal
4	CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

School communities are integrated partnerships with the school site staff, families, students and all other educational partners. This sense of connection creates a safe place for all learners and educational partners to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and educational partner surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

Measuring and Reporting Results

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Implementation of Goal 4 during the 2025–26 school year demonstrated a blend of strong execution and key implementation challenges, particularly in the areas of stakeholder participation, absenteeism, and satisfaction. While many planned metrics were delivered as intended and yielded measurable success, others showed partial implementation or room for growth due to structural limitations or competing priorities.

Successful Implementation Areas
Several metrics were carried out as planned and met or exceeded their performance targets:

Family Engagement and Participation Events (Metrics 4.1 & 4.3):

The school hosted 89 parent engagement activities and conducted 8 PAC meetings, exceeding the prior year's numbers and meeting expectations for structured family involvement. These efforts reflect the school's organizational commitment to inclusive, community-based decision-making.

Teacher Home Visits (Metric 4.4):
21.5% of students received a home visit from a teacher, a slight decrease from the previous year. This steady growth demonstrates the school's continued commitment to personal outreach and building home-school connections.

Student Outcomes and Safety (Metrics 4.6, 4.8–4.11):
The graduation rate reached 100%. The student suspension rate dropped significantly to 1.6%, well below the prior year's 2.9%, indicating effective implementation of behavior supports and restorative practices.

Attendance and Retention (Metrics 4.5, 4.6, 4.15):
The P–2 ADA rate held steady at 94.94%, showing positive progress in attendance initiatives. The student retention rate also remained strong at 93%, reflecting successful engagement and support systems.

Stakeholder Satisfaction (Metric 4.14):
Overall satisfaction remained high or improved across groups:
Students: 78%
Families: 86% (down from 97%)
Staff: 77% (down from 91%)
These results reflect continued trust in the school's learning environment and staff dedication.

Areas of Continued Improvement
While many targets were met, several metrics still show areas for improvement:

ELAC Participation (Metric 4.2):
The number of ELAC meetings held remained at 4, meeting the baseline but showing no progress. Further efforts are needed to grow English Learner family involvement through more targeted outreach and flexible scheduling.

Survey Participation (Metric 4.12):
Students: 97.6%
Families: 77.9%
Staff: 89.1%
While student participation increased, both family and staff response rates declined from the previous year. This trend suggests potential barriers in communication, accessibility, or engagement and highlights the need to refine survey rollout processes.

Survey Approval (Metric 4.13):
Students: 71%

Families: 93%
Staff: 72%
Despite high family approval, modest student scores and a dip in staff approval indicate the need for deeper efforts to support morale, connectedness, and responsiveness to feedback.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 4 Action 1
Budgeted: $275.00
Actual: $275.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 4 Action 2
Budgeted: $340,571.13
Actual: $318,374.95
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 4 Action 3
Budgeted: $519,095.63
Actual: $464,379.88
Explanation: Expenses in this action decreased due to the new staffing structure.

Goal 4 Action 4
Budgeted: $2,650.00
Actual: $0.00
Explanation: The staff was not able to participate to the training this year.

Goal 4 Action 5
Budgeted: $726,447.04
Actual: $654,452.10
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The implementation of Goal 4 in the 2025–26 school year produced a mix of strong execution and areas in need of further attention. While many targets were successfully met—particularly in family engagement, school safety, and retention—some key metrics related to stakeholder participation, satisfaction, and EL family engagement revealed opportunities for continued improvement.

Effective Metrics (Met or Exceeded Targets)
Metric 4.1 – Parent Advisory Committee (PAC):
The school conducted 8 PAC meetings, fully meeting the annual goal. These meetings supported inclusive parent engagement in school planning and helped elevate family voice in decision-making.

Metric 4.3 – Parent Engagement Activities:
With 89 family engagement events hosted, the school significantly surpassed its engagement benchmarks, demonstrating a strong organizational commitment to building connections between families and the school community.

Metric 4.4 – Teacher Home Visits:
21.5% of students received a home visit, slightly less than last year. This reflects an expanding culture of teacher outreach and relationship-building between school and home.

Metric 4.5 – Average Daily Attendance (P–2 ADA):
The ADA rate of 94.94% exceeded the baseline, supporting consistent student presence and reflecting successful attendance monitoring and parent communication efforts.

Metric 4.6 – Chronic Absenteeism:
The chronic absenteeism rate was 14.3%, showing effective use of tiered attendance supports, early follow-up systems, and incentives to encourage regular student attendance.

Metric 4.8 – High School Dropout Rate:
Maintained at 0%, this result affirms the effectiveness of credit monitoring systems, academic advising, and student support interventions in ensuring successful on-time graduation.

Metric 4.9 – Graduation Rate:
MSA Santa Ana reached a 100% graduation rate, exceeding state expectations and showcasing strong academic guidance, credit recovery systems, and student retention efforts.

Metric 4.10 – Suspension Rate:
The student suspension rate was 1.6%. This suggests that restorative practices and staff training in proactive behavior interventions are taking effect.

Metric 4.11 – Expulsion Rate:

The school reported 0 expulsions, consistent with its ongoing commitment to a restorative, inclusive discipline model.

Metric 4.15 – Student Retention:
The student retention rate held steady at 93%, maintaining alignment with internal targets and demonstrating the school's ability to keep students enrolled and engaged year-over-year.

Metric 4.14 – Stakeholder Satisfaction:
Satisfaction levels remained strong across key groups:
Students: 78%
Families: 86%
Staff: 777%
These outcomes indicate broad trust in school leadership and positive perceptions of the learning environment, particularly among students and families.

Ineffective or Partially Effective Metrics (Did Not Meet Targets)
Metric 4.2 – English Learner Advisory Committee (ELAC):
While the school held 4 ELAC meetings, matching the baseline, there was no growth compared to prior years. This indicates the need for more robust outreach, flexible scheduling, and engagement strategies to better include EL families in school governance and communication.

Metric 4.12 – Stakeholder Survey Participation:
Survey response rates revealed mixed results:
Students: 97.6%
Families: 77.9%
Staff: 89.1%
Although student participation improved, the drop in family and staff response rates suggests barriers in communication, timing, or engagement. Survey rollout systems may need to be revised for accessibility, timing, and incentives.

Metric 4.13 – Stakeholder Approval Ratings:
Approval levels were uneven across groups:
Students: 71%
Families: 93%
Staff: 72% (down from 81%)
The drop in staff approval suggests a need for closer listening, workload review, and improved communication around decision-making and campus culture. Student feedback, while improved, still highlights areas for deeper connection and support.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Following a review of 2025–26 outcomes for Goal 4—focused on enhancing school climate, stakeholder engagement, and student connectedness—several adjustments have been made for the 2026–27 school year. These changes reflect a continued commitment to equity and community engagement while responding to participation declines, feedback from staff and families, and identified needs in absenteeism and communication systems.

Changes to Actions and Supports
Strengthen ELAC Engagement and Visibility (Metric 4.2)
Although the school met the baseline of 4 ELAC meetings, there was no growth from the prior year. To deepen English Learner family participation:
The school will publish and follow a consistent bimonthly ELAC calendar aligned with PAC and SSC schedules.
Multilingual outreach will be expanded, and EL parent representatives will be involved in co-facilitating meetings.
Virtual attendance and child supervision options will be added to increase accessibility.

Enhance Survey Outreach and Response Strategies (Metric 4.12)
Family and staff participation in the annual stakeholder survey declined, signaling the need to rework engagement methods. As a result:
Survey windows will be extended and tied to campus events (e.g., Open House, parent-teacher conferences).
Reminders will be sent in multiple languages and formats, including text, and flyers.
Modest incentives and public celebration of participation milestones will be introduced to encourage response rates.

Improve Communication and Climate Listening Systems (Metric 4.13)
Declines in staff approval and only moderate student approval suggest the need for more responsive feedback loops. In 2026–27, MSA Santa Ana will:
Hold quarterly stakeholder listening circles with students and staff to gather input and report back on progress.
Conduct short mid-year “pulse” surveys to assess climate and allow for quicker interventions.
Integrate SEL and school culture questions into existing check-ins and advisory programming.

Metrics and Monitoring Adjustments
Core metrics and targets will remain consistent to preserve year-over-year comparability. However, mid-year data reviews will be formalized, particularly for Metrics 4.2, 4.12, and 4.13, to allow for timely adjustments.

For stakeholder satisfaction (Metric 4.14), interim indicators—such as participation in events, advisory engagement, and student leadership activities—will be added to contextualize progress beyond end-of-year survey data.

Chronic absenteeism and attendance efforts will continue, with monthly attendance recovery monitoring and expanded wellness referrals to support students facing barriers to consistent attendance.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision-making	Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses. The following expenditures will be funded by federal Title funds: N/A	$275.00	Yes
4.2	Building relationships and partnerships with	Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments	$320,148.44	Yes

Action #	Title	Description	Total Funds	Contributing
	families for student outcomes	for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title funds: -Teacher Salaries: Title I; Amount: $10,000.00 -STRS: Title I; Amount: $1,910.00 -OASDI/Medicare: Title I; Amount: $145.00 -Unemployment Insurance: Title I; Amount: $50.00		

Action #	Title	Description	Total Funds	Contributing
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform expenses, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students.	$496,327.97	Yes

Action #	Title	Description	Total Funds	Contributing
		The following expenditures will be funded by federal Title funds: -Instructional Materials & Supplies: Title I; Amount: $10,000.00 -Educational Software: Title IV, Part A ESEA (ESSA); Amount: $3,000.00 -Non-Instructional Student Support: Title III - Immigrant Education; Amount: $1,599.54 -Non-Instructional Student Support: ARP HCY II; Amount: $8,755.00 -Teacher Salaries: Title II; Amount: $4,000.00		
4.4	Annual educational partner surveys	Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Panorama Education survey fees. The following expenditures will be funded by federal Title funds: N/A		Yes
4.5	Community outreach and partnerships	Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify	$568,288.98	Yes

Action #	Title	Description	Total Funds	Contributing
		and address issues, trends, and potential changes that affect the context and conduct of education. Expenditures associated with this action include the following: Community Schools Coordinator salary and benefits, membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses. The following expenditures will be funded by federal funds: -Classified Support: Federal CSP; Amount: $76,259.76 -Clerical & Tech: Federal CSP; Amount: $21,755.28 -PERS: Federal CSP; Amount: $20,448.52 -OASDI/Medicare: Federal CSP; Amount: $7,500.06 -Health & Welfare Benefits: Federal CSP; Amount: $9,769.87 -Unemployment Insurance: Federal CSP; Amount: $381.36 -Other Benefits: Federal CSP; Amount: $2,176.80

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.4	**Action:** Healthy and nutritious meals **Need:** Low-income students do not have sufficient or consistent access to nutritious meals and they develop poor eating habits. As a result, they experience poor health and academic outcomes, including, but not limited to, obesity, chronic absenteeism and lower grades. There	MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	is a need to provide all our students with healthy and nutritious meals. **Scope:** LEA-wide	consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. We will provide two school meals free of charge during each schoolday to any student who requests a meal without consideration of the student's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary	• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	
2.2	**Action:** Professional development for high-quality instruction **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners. **Scope:** LEA-wide	With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost/SchoolMint Grow software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded

			• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)
2.3	**Action:** MTSS - Academic enrichment, intervention, and student support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion. Students struggle with access to materials,	Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2,

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention. **Scope:** LEA-wide	English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.	TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading

2.4	**Action:** Designated and integrated ELD programs and support for ELs **Need:**	Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers	Goal 2: For all students, but particularly for the EL and LTEL student groups: • Percentage of students who

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	The majority of Charter School's student population consists of English Learners (EL), including long-term ELs (LTELs), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction. **Scope:** LEA-wide	with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated ELD instruction, will be provided for all students.	have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring (Source: NWEA MAP)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		RFEP students, students with disabilities, and all other student groups will benefit from this schoolwide action. We expect that this action will result in increased academic achievement of our student groups, particularly of our ELs and LTELs, on the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and EL reclassification rates as identified in our LCAP metrics in Goal 2.	• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP) • Percentage of students who have met or exceeded standard on the CAASPP-Mathematics assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-Mathematics assessments (Source: CA School Dashboard) • Percentage of students who

3.1	**Action:** College/Career readiness programs and activities **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. A college-going, supportive culture at the school is necessary for our students' college/career readiness. **Scope:** LEA-wide	With the needs of our unduplicated students in mind, Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Unduplicated students will receive improved services through our Naviance program and increased support with AP exam fees, AP	Goal 3: • Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard) • Percentage of all AP exam takers in the current year with a score of 3 or higher (Source: College Board) • Percentage of seniors who have passed an AP exam with a score of 3 or higher during their high school

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		course materials, and other college-related materials and activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increases in CCI prepared rate, AP passing rate, A-G rate, diploma seals, college acceptance, and college-going rates as identified in our LCAP metrics in Goal 3.	years (Source: College Board) • Percentage of seniors who have completed at least two semesters of college coursework with a grade of C minus or better in academic/CTE subjects where college credit is awarded (Source: CA School Dashboard, SIS) • Percentage of cohort graduates who have successfully completed courses that satisfy the requirements for entrance to the UC/CSU (Source: CA School Dashboard, CDE DataQuest, CALPADS) • Percentage of cohort graduates who have successfully completed

			• College-Going Rate (Source: CDE DataQuest)
3.2	**Action:** STEM and GATE programs **Need:** Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of everchanging technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEM curricula. **Scope:** LEA-wide	Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning.	Goal 3: • Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS) • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS) • Percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.	the current year (Source: Local Indicator Priority 7, SIS)
3.3	**Action:** Digital literacy and citizenship programs **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way. **Scope:**	With the needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications; digital footprint, privacy,	Goal 3: • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	LEA-wide	and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.	
3.4	**Action:** Physical education, activity, and fitness **Need:** Low-income students do not have sufficient or consistent access to physical activities/sports and fitness education. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. **Scope:** LEA-wide	MPS is committed to the optimal development of every student. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We expect that this action will result in increased attendance and grades as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)
3.5	**Action:** Additional programs and activities that support well-rounded education **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem solving, communication, and management of time and resources that contribute to lifelong learning and career skills. Our low-income students come from underserved communities	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math,	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 3: • Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	that do not have adequate resources and access to experiential learning opportunities. **Scope:** LEA-wide	academic competitions, journalism, college mentorship, and other areas. These well-rounded programs and activities will result in increased and improved services for our unduplicated students. With the needs of our unduplicated students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help our scholars become independent and innovative scholars. We also expect that this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2, increases in CCI prepared rate, AP passing rate, A-G rate, diploma seals, college acceptance, and college-going rates as identified in our LCAP metrics in Goal 3, as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	• Percentage of all AP exam takers in the current year with a score of 3 or higher (Source: College Board) • Percentage of seniors who have passed an AP exam with a score of 3 or higher during their high school years (Source: College Board) • Percentage of seniors who have completed at least two semesters of college coursework with a grade of C minus or better in academic/CTE subjects where college credit is awarded (Source: CA School Dashboard, SIS) • Percentage of cohort graduates who have successfully completed

			• knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students and families to the question, "Overall, I am satisfied and would recommend this school to other students/families. " (Source: Local Indicator Priority 6, Panorama Education)
4.1	**Action:** Seeking family input for decision-making **Need:** It is important that parents are engaged in the development of all school plans, including, but	Considering the needs of our unduplicated students and their families, Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory	Goal 4: • Number of Parent Advisory Committee (PAC) meetings per year (Source:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making. **Scope:** LEA-wide	Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision	Local Indicator Priority 3) • Number of English Learner Advisory Committee (ELAC) meetings per year (Source: Local Indicator Priority 3) • School experience survey "average approval rates" based on the responses of our families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates"

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing Community School strategies to reach and seek input from any underrepresented groups in the school community. We also expect that this action will result in increased parent satisfaction as measured by the annual educational partner surveys in Goal 4: Action 4.	based on the responses of our families to the question, "Overall, I am satisfied and would recommend this school to other families." (Source: Local Indicator Priority 6, Panorama Education)
4.2	**Action:** Building relationships and partnerships with families for student outcomes **Need:** Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The	In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4: • Number of activities/events for parent involvement per year (Source: Local Indicator Priority 3) • Percentage of students who have been home-visited by the

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. **Scope:** LEA-wide	include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way communication between families and educators using language that is understandable and accessible to families, and providing families with information and resources to support student learning and development in the home. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased home visit rate, ADA rate, and graduation rate, and decreased chronic absenteeism rate, dropout	teachers per year (Source: Local Indicator Priority 3, SIS) • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS) • High School Dropout Rate (Source: CDE DataQuest, CALPADS) • Graduation Rate (Source: CALPADS, CA School Dashboard) • Student Suspension Rate (Source: CA School Dashboard, CALPADS) • Student Expulsion Rate (Source:

			"Overall, I am satisfied and would recommend this school to other students/families/ educators." (Source: Local Indicator Priority 6, Panorama Education)
4.3	**Action:** MTSS - PBIS and SEL support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. These student groups also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English	Considering the needs of our vulnerable student groups in mind, Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental,	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. **Scope:** LEA-wide	restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students. With the needs of our vulnerable students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect that this action will help provide a foundation for safe and positive learning, and enhance students' mental health and abilities to succeed in school, careers, and life. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate and graduation rate, and decreased	• High School Dropout Rate (Source: CDE DataQuest, CALPADS) • Graduation Rate (Source: CALPADS, CA School Dashboard) • Student Suspension Rate (Source: CA School Dashboard, CALPADS) • Student Expulsion Rate (Source: CDE DataQuest, CALPADS) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of

(Source: Local Indicator Priority 6, Panorama Education)
4.4	**Action:** Annual educational partner surveys **Need:** It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP,	Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school	Goal 4: • School experience survey "participation rates" by students, families, and staff

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Educational partner voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage educational partners in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage educational partners in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. **Scope:** LEA-wide	leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide valuable feedback for school improvement. We also expect that this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.	(Source: Local Indicator Priority 6, Panorama Education) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students,

			families, and staff to the question, "Overall, I am satisfied and would recommend this school to other students/parents/ educators." (Source: Local Indicator Priority 6, Panorama Education)
4.5	**Action:** Community outreach and partnerships **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. They also have lower ADA	Considering the needs of our vulnerable student groups in mind, Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities will result in increased and improved resources for our unduplicated students and will be particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. With the needs of our unduplicated students and their families in mind, this action will be provided	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 3: • Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard) • Percentage of seniors who have

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Similar to the current academic year, MSA Santa Ana will utilize the concentration grant add-on funds ($164,532) in the following manner:

MSA Santa Ana is using the concentration grant add-on funds received in a manner which is consistent with California Education Code Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

By adding these faculty/staff members, we aim to strengthen our ability to address the diverse needs of our student population and provide targeted support where it is most needed. This strategic allocation of funds will help create a more conducive learning environment and contribute to our student's overall growth and achievement.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

Powered by BoardOnTrack

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

Powered by BoardOnTrack

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 2 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26**. Leave blank until then.	Enter information in this box when completing the LCAP for **2026–27**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26** and **2026–27**. Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

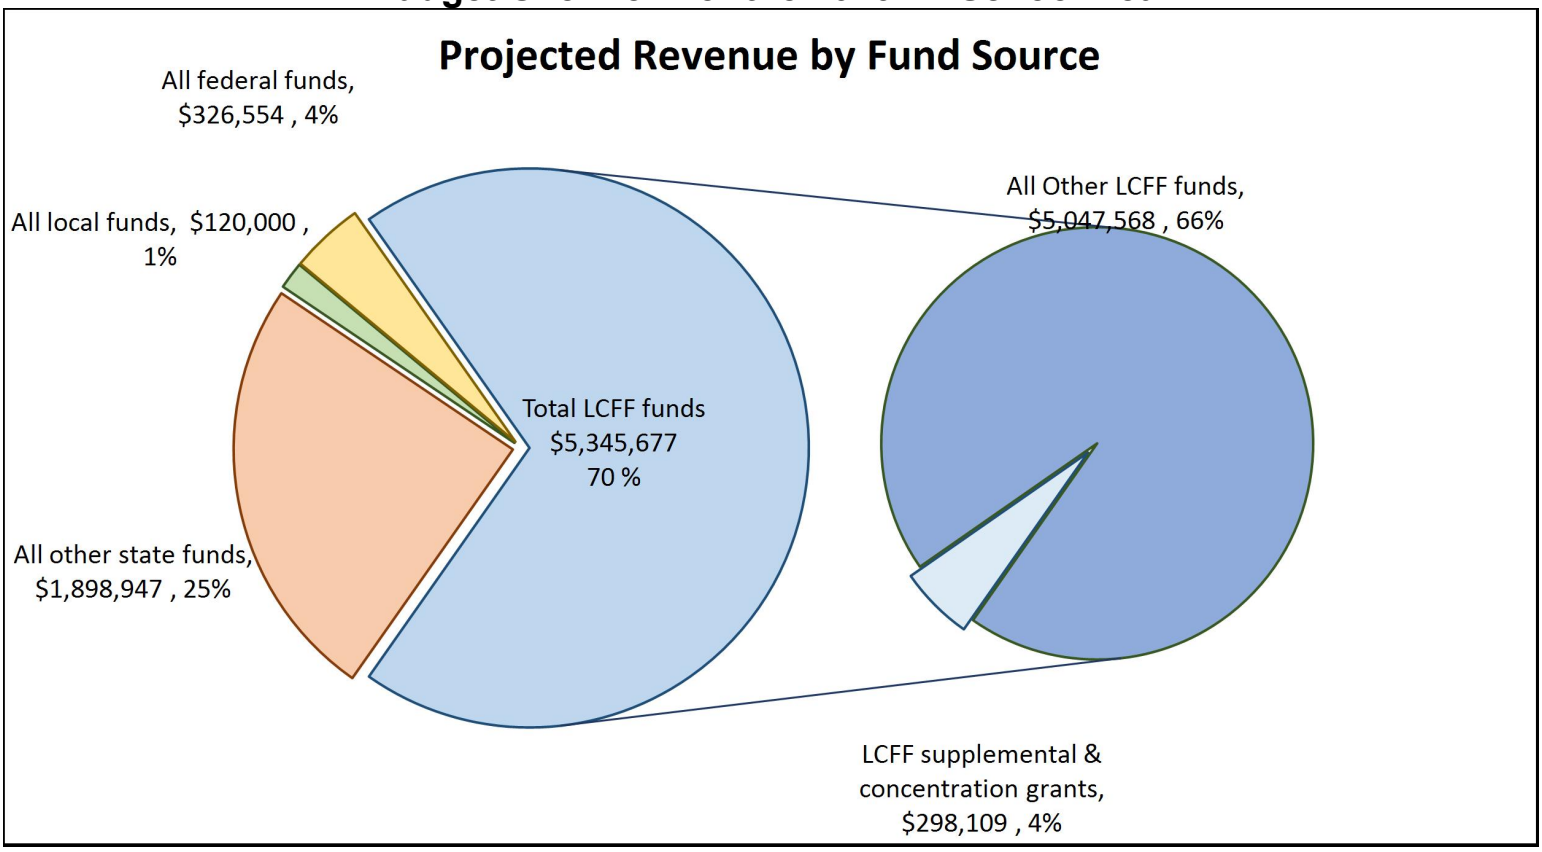
California Department of Education
November 2024

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy San Diego
CDS Code: 37-68338-0109157
School Year: 2026-27
LEA contact information:
Megan Craig
Principal
gserce@magnoliapublicschools.org
(619) 644-1300

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (Foster Youth, English learners, and low-income students).

Budget Overview for the 2026-27 School Year

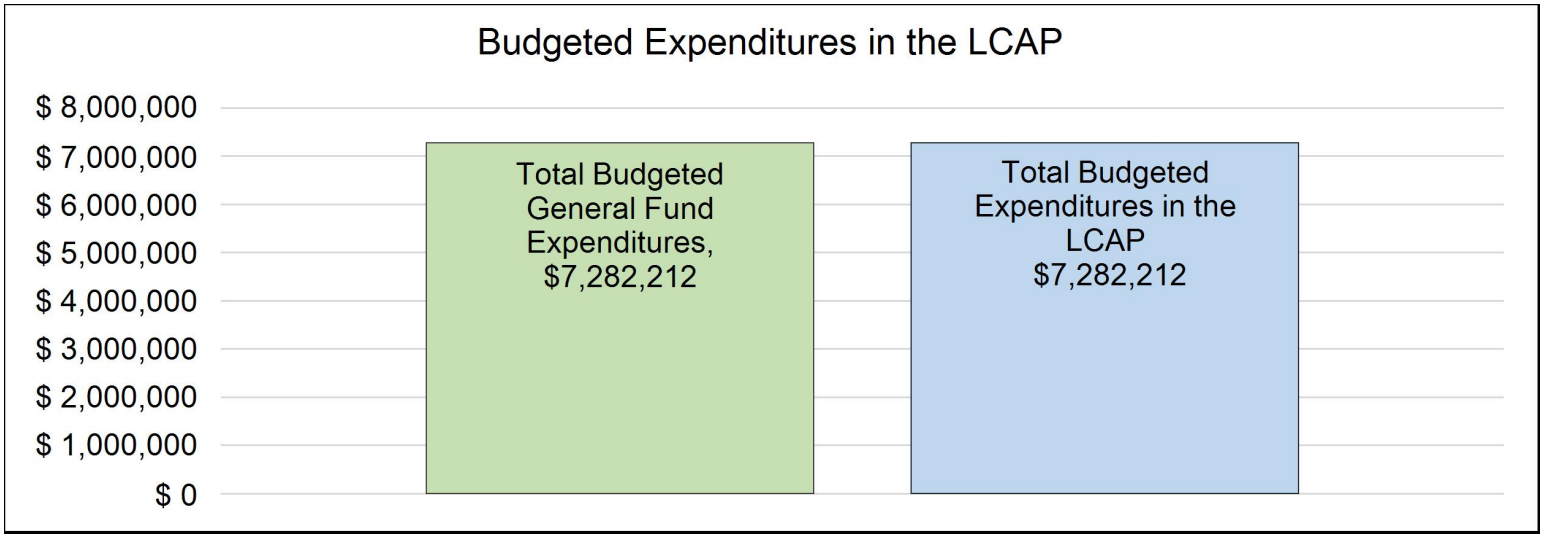


This chart shows the total general purpose revenue Magnolia Science Academy San Diego expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy San Diego is $7,691,178, of which $5,345,677 is Local Control Funding Formula (LCFF), $1,898,947 is other state funds, $120,000 is local funds, and $326,554 is federal funds. Of the $5,345,677 in LCFF Funds, $298,109 is generated based on the enrollment of high needs students (Foster Youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.



This chart provides a quick summary of how much Magnolia Science Academy San Diego plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy San Diego plans to spend $7,282,212 for the 2026-27 school year. Of that amount, $7,282,212 is tied to actions/services in the LCAP and $0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

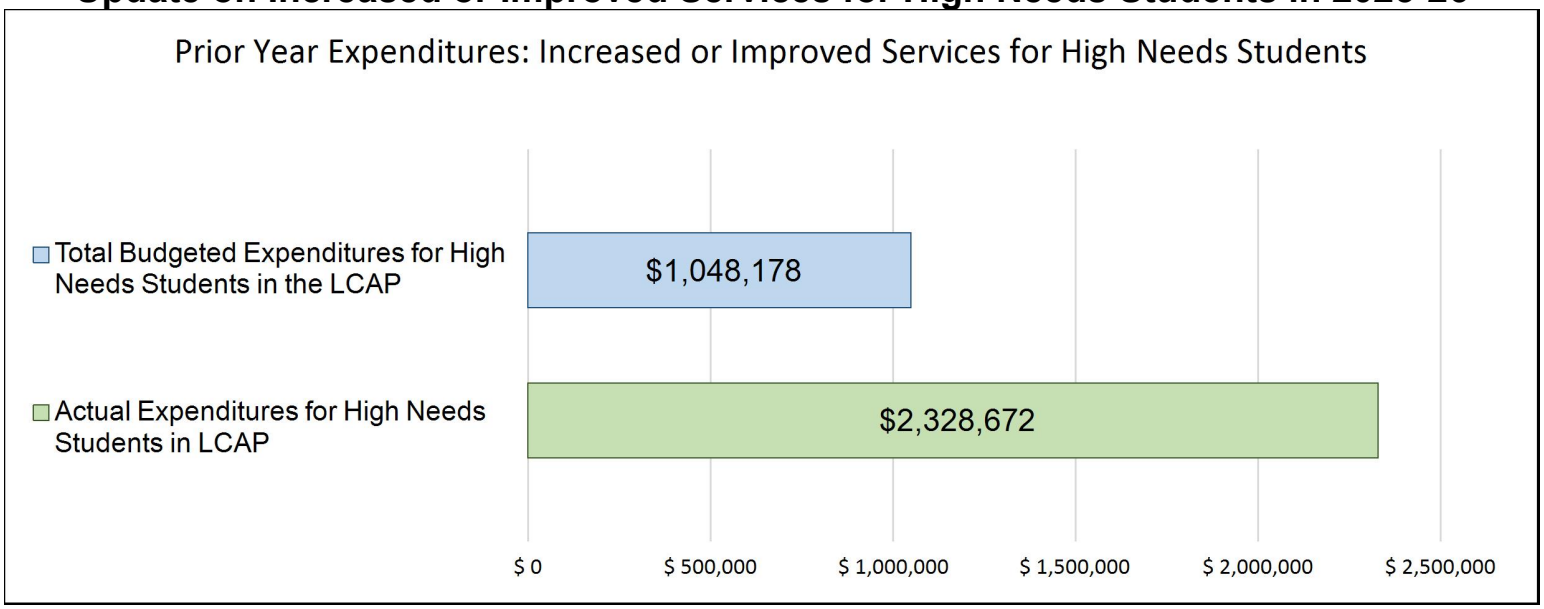
N/A

Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Magnolia Science Academy San Diego is projecting it will receive $298,109 based on the enrollment of Foster Youth, English learner, and low-income students. Magnolia Science Academy San Diego must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy San Diego plans to spend $1,064,409 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2025-26



This chart compares what Magnolia Science Academy San Diego budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy San Diego estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, Magnolia Science Academy San Diego's LCAP budgeted $1,048,178 for planned actions to increase or improve services for high needs students. Magnolia Science Academy San Diego actually spent $$2,328,672 for actions to increase or improve services for high needs students in 2025-26.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone

Plan Summary [2026-27]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Magnolia Science Academy San Diego (MSA-San Diego) is an independent public charter school located in the Allied Gardens community. MSA-San Diego serves around 480 students in grades 6–8, with class sizes averaging 32 or fewer students. The school was founded in the fall of 2005 by a group of scientists and engineers devoted to math, science, and technology education. Magnolia's mission is to provide a high-quality college preparatory educational program emphasizing science, technology, engineering, arts, and math (STEAM) in a safe environment that cultivates respect for self and others.

MSA-San Diego is recognized as a California Distinguished School in 2021, 2024, and 2026 reflecting its commitment to excellence in education. Additionally, the school has been awarded the California PBIS Platinum Award twice in the past two years, highlighting its effective implementation of Positive Behavioral Interventions and Supports. We also were named as a National Blue Ribbon School in 2025-26.

MSA-San Diego offers a challenging academic curriculum, a highly qualified staff, and a variety of learning opportunities such as enrichment classes, athletics programs, free tutoring, after-school clubs, character education classes, field trips, community meetings, and more. We provide a comprehensive learning experience designed to meet the needs of our students through effective site-based instruction, rich hands-on learning, and foundational skills presented in ways that are relevant and inspiring.

Classroom instruction at MSA-San Diego is supplemented by tutoring and after-school programs. Starting in the 2013–14 school year, MSA-San Diego transitioned to a 1:1 program with computers in every classroom. Since then, MSA-San Diego's Robotics, SeaPerch, and Archery teams, as well as the School Band, have won first place in multiple state and local competitions.

MSA-San Diego is a member of the Magnolia Public Schools family and collaborates with sister schools and other educational organizations to offer the best quality education to our students.

Magnolia Science Academy San Diego
Address: 6525 Estrella Ave., San Diego, CA, 92120
Phone: 619-644-1300
Email: mcraig@magnoliapublicschools.org

MISSION
Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to provide a high-quality, college preparatory STEAM educational experience in an environment that cultivates respect for self and others.

VISION
Graduates of Magnolia Public Schools commit to building a more peaceful and inclusive global society by transforming traditional ideas with creative thinking, effective communication, and the rigor of science.

INNOVATION
Students have the freedom to choose how and what they learn. Individualized scheduling, early identification of learning styles, personalities, interest, and career plans support students' college and career readiness. Students experience hands-on learning through robotics, computer science, and arts to promote imagination, creativity, and invention.

CONNECTION
School communities are integrated partnerships among the school site staff, families, students, and all other stakeholders. Connection creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internships, promote unity and better decision making through the implementation of restorative justice practices.

EXCELLENCE
Academic Excellence is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster academic excellence through project-based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

SUCCESSES

Recognition and Awards:

California Distinguished School: Recognized by the CDE in 2021, 2024, 2026
Platinum CA PBIS Status: Achieved the highest recognition
FIA Rating: Received the highest rating (3 out of 3) for Behavior/SE Support
State Testing Performance: MSA-San Diego's overall performance in the latest California School Dashboard is blue in Math and ELA
Named an ERP Honor Roll School
National Blue Ribbon School Award
Received $100,000 grant from the Girard Foundation
Visited by the Walton Family Foundation and Silicon Schools

Staff and Student Survey Results:

76% Student Overall Satisfaction Rate in Educational Partners Survey
88% Family Overall Satisfaction Rate in Educational Partners Survey
83% Staff Overall Satisfaction Rate in Great Place to Work Survey

Academic and Extracurricular Programs:

High participation in Ed Partners Survey with 97% parent favorable rate on providing a Climate of Support for Academic Learning
SBAC Continued Growth: Significant growth for Students with Disabilities (SWD) in Math & ELA
83% RFEP rate for English Learners (ELs)
AMC 8 Math Competition: Top 10 in nation
MSA-San Diego outperformed all charter middle schools in San Diego and all middle schools in the Navajo community
Started two new parent-led clubs for street hockey and fishing

Community and Parent Engagement:

High School parent workshop and 15 schools represented at theHigh School Fair
Monthly Parent Advisory Committee and Parent Task Force meetings
High participation in student-led parent-teacher conferences
Hosted 20+ presenters at the College and Career Day
Continued our student leadership committee, MSA Wizards Council
Participated in the Community Engagement Initiative (CEI)
Hosted over 20 community engagement events on campus (Bingo, Welcome Back picnic, Back to School night, etc..)

Professional Development:

Continuation of Restorative Practices and Multi Tierred Systems of Support (MTSS) to improve school culture.
Professional developments for staff and teacher leaders including a focus on Student Collaboration & Rigor with the Center for Model Schools
Universal Design for Learning (UDL) training from our SPED department
SELPA Training on Descalation Strategies and Non-Verbal Redirection

Student Opportunities and Achievements:

Field trips to the Zoo, Safari Park, Sea World, Washington DC, and the USS Midway
High participation in Khan Night with the Math Department
Girls Basketball runner up in the YMCA League Championships
Archery team won the San Diego Conference and State Girls championships in Olympic Archery in Schools (OAS) competitions
Participation in the San Diego Festival of Science and Engineering with over 40 students, attracting over 5,000 visitors to Magnolia booths
Hosted the SD STEAM Expo with over 400 visitors in attendance
Hosted, organized, or participated in over 20 school and community events throughout the school year
Hosted daily Live Donuts in The Morning announcements via YouTube to bring the community together during advisory class

CHALLENGES

Academic Achievement:

-Overall math is strong at Green on the CA Dashboard from 2024-25, with students 26.9 points above standard, but growth was essentially flat, maintaining only 0.4 points. Several subgroups are below standard: Hispanic students are Yellow at 8.2 below standard, students with disabilities are Yellow at 29.3 below standard, and socioeconomically disadvantaged students are slightly below standard at 0.4 below standard. Asian students and students of two or more races also declined in math, even though they remain above standard.

Suspension:

-The overall suspension rate is Green on the CA Dashboard from 2024-25 at 1.9%, which is below the state rate. But several groups are Orange: socioeconomically disadvantaged students at 4.4%, students with disabilities at 3.0%, students of two or more races at 3.0%, and White students at 2.3%. African American students and English Learners are Gray due to small counts, but their rates increased and appear high: 11.8% and 7.7%, respectively.

Intervention Programs:

-Continually refine intervention programs to close the achievement gap for all student groups

-Establish a stronger and more structured tier two system for interventions.

Student Voice and Feedback:

-Improve the meeting cycles between the Wizard Council and school leadership to gather student feedback more frequently

Chronic Absenteeism:

-Overall chronic absenteeism is Yellow on the CA Dashboard from 2024-25 at 13.8%, which is better than the state rate of 17.1% and improved by 6.1 points, but it remains elevated compared with pre-pandemic levels. The biggest subgroup concern is Two or More Races, which is Orange at 17.7% and increased by 2.6 points. Hispanic students, socioeconomically disadvantaged students, students with disabilities, and White students are all Yellow

Support for English Learners:

-The English Learner Progress Indicator shows No Performance Review/Gray on the CA Dashboard in 2024-25, with only 10 students, but the underlying data is concerning: in 2025, 0% of ELs progressed at least one ELPI level, while 100% maintained lower ELPI levels. This is a major signal even though the group is small.

Parent and Community Engagement:

-Boost participation in parent workshops

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

N/A

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents	At MSA-San Diego, we understand that active parent engagement is crucial for student success and school improvement. Our approach to engaging parents is multi-faceted and inclusive, ensuring that their voices are heard and their feedback is valued. Here's how we engage parents in the development process of the Local Control and Accountability Plan (LCAP): Regular Meetings We hold monthly Parent Task Force (PTF) meetings annually to discuss various school matters, gather input, and involve parents in decision-making processes. Additionally, we conduct monthly Parent Advisory Council (PAC) meetings throughout the year, specifically focusing on the LCAP and school improvement plans. These meetings provide a platform for parents to share their insights and collaborate on school initiatives. Surveys To gather comprehensive feedback, we conduct parent surveys that include questions about their experiences and perceptions of the school. These surveys cover topics such as safety, school connectedness, culture, and climate. The high participation rate in these surveys provides valuable insights that inform our school improvement strategies and LCAP development. Home Visits

Educational Partner(s)	Process for Engagement
	Our staff has conducted over 45 in-person and virtual home visits to engage parents directly in their homes. These visits offer an opportunity to discuss their child's progress, gather feedback, and address any concerns they may have. This personalized approach ensures that we understand the unique needs of each family and incorporate their input into the LCAP. School Events and Activities We organize at least 25 parent activities and workshops throughout the year, covering a range of topics including social-emotional learning (SEL), character education, and academic support. Additionally, we host a STEAM Expo to connect parents with various community organizations and resources, further supporting their involvement and engagement. Communication Channels Regular newsletters and updates are sent to parents to keep them informed about school events, important dates, and ongoing initiatives. We also use various digital platforms, including email, social media, and our school website, to communicate with parents and gather their feedback. These channels ensure that parents are always up-to-date and can easily share their thoughts and concerns. Advisory Roles Parents on the PTF and PAC also serve as our parent advisory committee for the LCAP. This involvement ensures that parent feedback is directly integrated into the development and review of the LCAP. By having parents in these advisory roles, we ensure that their perspectives are considered in our planning process, leading to more effective and inclusive school policies. By engaging parents through these multiple channels, MSA-San Diego fosters a collaborative environment where parents feel valued and involved in their child's education. This comprehensive approach ensures that we receive diverse perspectives and maintain strong partnerships with our parent community, ultimately enhancing the educational experience for all students.

Powered by BoardOnTrack

Educational Partner(s)	Process for Engagement
Students	At MSA-San Diego, student involvement in the development of the Local Control and Accountability Plan (LCAP) is a fundamental priority. We believe that incorporating student perspectives is essential for creating a supportive and effective learning environment. Our comprehensive approach ensures that students' voices are heard and their feedback is integrated into our planning process. Here's how we engage students in the LCAP development process: Student Leadership and Voice The MSA Wizard Council, our student leadership committee, is central to our LCAP development efforts. This council meets regularly with school leadership to discuss various aspects of the school's performance and gather input on LCAP priorities. We are committed to improving the frequency and structure of these meetings to ensure that student feedback is continuously gathered and addressed. Surveys We conduct comprehensive student experience surveys that include specific questions about safety, school connectedness, culture, and climate. The insights from these surveys are crucial for identifying areas of improvement and setting priorities for the LCAP. The high participation rate in these surveys ensures that we capture a wide range of student perspectives. Direct Communication Classroom discussions and advisory sessions provide regular platforms for students to express their thoughts and suggestions regarding school improvement. Teachers facilitate these sessions to ensure that all students have the opportunity to contribute their ideas. Additionally, our daily "Live Donuts in the Morning" YouTube announcements keep students informed about LCAP-related activities and gather their feedback on ongoing initiatives. Student-Led Events and Activities Student-led events, such as the "Celebrations of Math, Science, History, PE, etc.." and parent-teacher conferences, offer opportunities for students to showcase their achievements and provide feedback on school programs and initiatives. These events also serve as forums

Educational Partner(s)	Process for Engagement
	for students to discuss their needs and expectations directly with school staff and administrators. Recognition and Incentives Our Positive Behavioral Interventions and Supports (PBIS) platform, Kickboard, recognizes students for positive behavior and adherence to The WIZARD Way. This system encourages students to engage in discussions about school improvement and provides a framework for rewarding constructive feedback and suggestions. Integration of Feedback Feedback gathered from the Wizards Council, student surveys, and classroom discussions is systematically reviewed and integrated into the LCAP. This ensures that student perspectives are considered in our planning process, leading to a more inclusive and effective LCAP. By actively involving students in the LCAP development process, MSA-San Diego ensures that their voices are heard and their needs are met. This comprehensive approach not only enhances the learning experience but also fosters a sense of ownership and responsibility among students, contributing to a positive and inclusive school culture.
Teachers and staff	At MSA-San Diego, engaging teachers and staff in the development of the Local Control and Accountability Plan (LCAP) is essential for creating a supportive and effective learning environment. Our approach ensures that their expertise and insights are integral to our school improvement strategies. Here's how we engage teachers and staff in the LCAP development process: Regular Meetings and Professional Development We conduct weekly staff meetings to provide continuous opportunities for teachers and staff to discuss school matters, share their insights, and contribute to the decision-making process. These meetings serve as a platform for open dialogue, allowing staff to voice their opinions on school policies and practices.

Educational Partner(s)	Process for Engagement
	In addition, we provide extensive professional development sessions focused on key areas such as the Multi-Tiered System of Support (MTSS), social-emotional learning (SEL), and Restorative Practices. These sessions are not only aimed at enhancing staff skills but also at gathering feedback on the implementation and effectiveness of these programs, which is then integrated into the LCAP. Surveys Comprehensive surveys are conducted to gather feedback from teachers and staff on various aspects of the school environment, including safety, connectedness, culture, and climate. These surveys provide valuable data that informs our school improvement strategies and LCAP priorities. The high participation rate in these surveys ensures that a wide range of perspectives is considered. Direct Communication and Advisory Roles Teachers and staff have direct communication channels with school leadership through regular check-ins, staff meetings, and advisory roles. Key staff members are involved our Leadership group that contribute to the development and review of the LCAP. Their feedback is crucial for understanding the on-ground realities and for making informed decisions. Additionally, staff and teachers are represented in the Parent Advisory Council (PAC), ensuring that their perspectives are included in the LCAP discussions and development. Recognition and Incentives We use the Positive Behavioral Interventions and Supports (PBIS) platform, Kickboard, to recognize staff who demonstrate outstanding commitment to The WIZARD Way. This system encourages staff to engage in school improvement discussions and provides a framework for acknowledging their contributions to the LCAP development process. Collaborative Work Culture We have established a collaborative work culture where teachers and staff are encouraged to share their ideas and collaborate on school improvement initiatives. This culture is reinforced through team-building activities, professional learning communities, and

Educational Partner(s)	Process for Engagement
	collaborative planning sessions. The favorable staff survey results on collaboration reflect the effectiveness of this approach. Feedback Integration Feedback gathered from surveys, meetings, professional development sessions, and direct communication is systematically reviewed and integrated into the LCAP. This ensures that the insights and expertise of teachers and staff are central to our planning process, leading to more effective and comprehensive school policies. By engaging teachers and staff through these multiple channels, MSA-San Diego fosters a collaborative and inclusive environment where their voices are valued. This comprehensive approach not only enhances the learning experience for students but also ensures that our school improvement strategies are informed by those who are directly involved in the educational process.
School administrators	At MSA-San Diego, school administrators play a pivotal role in the development of the Local Control and Accountability Plan (LCAP). Their leadership, strategic insights, and direct involvement are crucial for the success of our school improvement initiatives. Here's how we engage school administrators in the LCAP development process: Strategic Leadership Meetings We hold regular weekly strategic leadership meetings that include all school administrators. These meetings are designed to review school performance data, discuss priorities, and develop actionable plans for school improvement. Administrators bring their unique perspectives and expertise to these discussions, ensuring that the LCAP is comprehensive and aligned with the school's goals. Data-Driven Decision Making School administrators are integral to the data collection and analysis process. They review performance metrics from the SBAC (Smarter Balanced Assessment Consortium), IAB (Interim Assessment Blocks), and NWEA (Northwest Evaluation Association) for Fall, Winter, and Spring. Additionally, they analyze feedback from the Kelvin pulse check SEL survey and comprehensive Panorama surveys, which

Educational Partner(s)	Process for Engagement
	include data on school climate, safety, connectedness, and overall satisfaction from students, parents, and staff. This data-driven approach allows administrators to identify key areas of need and develop targeted strategies for inclusion in the LCAP. Their role in interpreting this data ensures that the LCAP is grounded in evidence and focused on measurable outcomes. Professional Development and Training Administrators participate in professional development sessions that focus on key areas such as the Multi-Tiered System of Support (MTSS), social-emotional learning (SEL), Artificial Intelligence (AI) and Restorative Practices. These sessions not only enhance their skills but also provide a forum for discussing best practices and integrating new strategies into the LCAP. By staying informed about the latest educational trends and techniques, administrators can make well-informed contributions to the LCAP. Collaborative Planning Sessions We organize collaborative planning sessions where administrators work closely with teachers, staff, and other stakeholders to develop and refine the LCAP. These sessions foster a team-based approach, allowing administrators to facilitate discussions, mediate differing viewpoints, and ensure that the final plan reflects the collective vision of the school community. Direct Communication and Feedback Channels Administrators maintain open lines of communication with all members of the school community, including students, parents, teachers, and staff. Regular check-ins and feedback sessions allow them to gather insights and address concerns in real-time. This direct engagement ensures that the LCAP is responsive to the needs of all stakeholders and that administrators can promptly incorporate feedback into the planning process. Representation in Advisory Committees School administrators are actively involved in advisory committees, including the Parent Advisory Council (PAC). Administrators attend all PAC meetings as non-members to address questions, present

Educational Partner(s)	Process for Engagement
	updates, and gather feedback. This involvement ensures that the administrative perspective is represented in discussions about the LCAP and allows them to advocate for necessary resources, support structures, and policy changes that benefit the entire school community. Integration of Feedback and Continuous Improvement The feedback gathered from various stakeholders, including teachers, staff, parents, and students, is systematically reviewed and integrated into the LCAP. Administrators play a key role in this process, ensuring that the plan is continuously refined and improved based on real-world experiences and outcomes. Their commitment to continuous improvement ensures that the LCAP remains a dynamic and effective tool for school development. By engaging school administrators through these structured and collaborative processes, MSA-San Diego ensures that their leadership and insights are central to the development of the LCAP. This comprehensive approach not only enhances the effectiveness of the plan but also fosters a culture of shared responsibility and collective ownership among all members of the school community.
SELPA	At MSA-San Diego, engaging the Special Education Local Plan Area (SELPA) in the development of the Local Control and Accountability Plan (LCAP) is essential to ensure that the needs of students with disabilities are effectively addressed. Our collaborative approach ensures that SELPA's expertise and insights are integral to our school improvement strategies. Here's how we engage SELPA in the LCAP development process: Regular Consultative Meetings We hold regular consultative meetings with SELPA representatives. These meetings are designed to review and discuss the needs of students with disabilities, evaluate current support structures, and identify areas for improvement. SELPA's specialized knowledge and experience provide valuable insights that inform our LCAP priorities and strategies.

Educational Partner(s)	Process for Engagement
	Professional Development and Training We collaborate with SELPA to provide professional development sessions focused on best practices in special education, the Multi-Tiered System of Support (MTSS), and social-emotional learning (SEL). These sessions are aimed at enhancing the skills of our staff and ensuring that the needs of students with disabilities are met effectively. SELPA's involvement in these sessions ensures that our training programs are comprehensive and aligned with the latest educational standards and practices. Direct Communication and Feedback Channels SELPA maintains open lines of communication with school leadership and staff. Regular check-ins and feedback sessions allow SELPA representatives to gather insights and address concerns in real-time. This direct engagement ensures that the LCAP is responsive to the needs of students with disabilities and that SELPA can promptly incorporate feedback into the planning process. Integration of Feedback and Continuous Improvement The feedback gathered from various stakeholders, including SELPA representatives, is systematically reviewed and integrated into the LCAP. SELPA plays a key role in this process, ensuring that the plan is continuously refined and improved based on real-world experiences and outcomes. Their commitment to continuous improvement ensures that the LCAP remains a dynamic and effective tool for school development. By engaging SELPA through these structured and collaborative processes, MSA-San Diego ensures that the needs of students with disabilities are effectively addressed in the LCAP. This comprehensive approach not only enhances the effectiveness of the plan but also fosters a culture of shared responsibility and collective ownership among all members of the school community.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The adopted Local Control and Accountability Plan (LCAP) at MSA-San Diego was significantly influenced by the comprehensive feedback provided by our educational partners, including parents, students, teachers, staff, administrators, and SELPA representatives. Regular

meetings, surveys, home visits, and collaborative planning sessions ensured diverse perspectives were considered. Insights from parent and student surveys, feedback from Parent Advisory Council (PAC) meetings, and data analysis from assessments like SBAC, IAB, and NWEA were integral in identifying key areas of need. Professional development sessions and direct communications further informed our strategies, ensuring the plan addressed specific requirements such as enhanced support for students with disabilities and the implementation of effective intervention programs. This collaborative and data-driven approach led to a robust LCAP that reflects the collective vision and priorities of our school community, aiming to enhance student achievement and overall school improvement.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned and high-quality instructional materials, and appropriately maintained school facilities.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

Measuring and Reporting Results

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Goal 1: Action 1: Teacher assignments and credentials - Our School and the MPS Human Resources team conducted credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Our school supports our teachers’ credentialing needs such as induction, mentor support and professional development. We also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Our School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters.

Goal 1: Action 2: Instructional materials and technology - Our school manages the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Our school annually reviews alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Our school annually review budgets and plans to ensure adequate budget for instructional materials. We ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. We provided effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs.We provided instructional materials and technology for our students and staff as planned. This year we were able to add a new Science Curriculum with lab materials and workbooks for students. We also added a new History curriculum. We additionally purchased new chromebooks for the following year.

Goal 1: Action 3: Clean and safe facilities that support learning - We strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. We continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. We were able to complete annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies are quickly remedied. Daily general cleaning from our custodial provider maintains campus cleanliness. We continued to provide two full time custodians to our campus due to our increased enrollment numbers. Maintenance and repairs are provided by custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Our school updates and continually monitors our comprehensive safety and security plan, conducts necessary safety training for all staff and continues to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. We have procured and maintain necessary safety/emergency supplies, equipment and items. We have established schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Due to a tragic accident at a neighborhood school, we added additional supervision to a road crossing near our campus.

Goal 1: Action 4: Healthy and nutritious meals - Our school maintains nutrition education resources and continues to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. We adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Our school promotes healthy food and beverage choices for all students throughout campus, as well as encourages participation in school meal programs. We continue to provide free breakfast and lunch with our full time meal server.

Goal 1: Action 5: Well-orchestrated Home Office support services - The MPS Home Office provides services to our school, supports and holds us accountable for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of our 12 schools, which reduces program and operations-related burdens of our school administration and enables us to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1 Action 1
Budgeted: $37,883.00
Actual: $48,021.00
Explanation: The projected expenses are line with the planned initiatives, with a slight deviation. The difference in the projected expenses are due to additional professional development for our staff and Livescan/TB reimbursement to volunteers which is a new requirement this year.

Goal 1 Action 2
Budgeted: $481,601.27
Actual: $470,314.29
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 1 Action 3
Budgeted: $1,251,346.54
Actual: $1,008,967.83
Explanation: The projected expenses are line with the planned initiatives, with a slight deviation. The difference in the projected expenses are due to increase in lease interest expense.

Goal 1 Action 4
Budgeted: $71,587.20
Actual: $73,410.16
Explanation: The projected expenses are line with the planned initiatives, with a slight deviation. The difference in the projected expenses are due to increased enrollment and number of student meals.

Goal 1 Action 5
Budgeted: $562,524.97
Actual: $896,395.04
Explanation: The projected expenses are line with the planned initiatives, but due to increased costs, above budget. The main driver of this increase is the CMO fee, which rose from $449k to $765k per the updated schedule.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

During the 2025-26 academic year, Magnolia Science Academy – San Diego made consistent progress toward achieving the goals outlined in the Local Control and Accountability Plan (LCAP). The implementation of planned actions was broadly effective across all goal areas, as evidenced by both quantitative metrics and qualitative outcomes.

All actions under Goal 1 were implemented with fidelity and demonstrated clear effectiveness. Credential verification, support for intern teachers, and administrator tuition reimbursement helped maintain a teacher retention rate of 86%, exceeding the target benchmark. Instructional materials were expanded to include updated science and history curricula, and new Chromebooks were purchased, enhancing technology access. The school maintained its facilities in “good repair” and improved specific campus features, such as repainting and safety netting. The nutrition program continued uninterrupted, supporting student wellness, while the MPS Home Office provided ongoing compliance and operational support. All associated metrics—such as teacher attendance and availability of instructional materials—met or exceeded expectations, with no substantive barriers encountered.

Expenditures were consistent with planned budgets, with only minor adjustments (e.g., increased spending on facilities repairs and new curriculum).

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

No changes are recommended. All actions under Goal 1 will be continued without modification, as they are successfully supporting a high-quality learning environment.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Graduate Profile,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence.	Broad Goal

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Goal 2:
Action 1: Broad course of study and standards-based curriculum - Our school provided students with a broad array of courses including core subjects (English, Mathematics, Social Sciences, and Science) and electives (Broadcasting, Spanish, Robotics, Band and Art). Our school also provided all other academic programs and services outlined in our charter petition, certain programs and services being dependent on student need and interest. Our school has designed the master schedule to meet the needs of our students to ensure all academic content areas are available to all students, including student groups. All students participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. Our school is appropriately staffed to implement the school master schedule.

Action 2: Professional development for high-quality instruction - Professional development occurs at the MPS organizational level and within our school. We ensure that curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff are provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough

protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at our school and at the Home Office assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders determine common staff development days and tailor staff development to individual staff needs.

Action 3: MTSS - Academic enrichment, intervention, and student support - Our school implements MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. We synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions are utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. We also provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, one on one executive funcioning support, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings are coordinated with our Guidance Counselor, teachers and other support roles (resource teachers, EL coordinator, department chairs, etc.)

Action 4: Designated and integrated ELD programs and support for ELs - Our school provides services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. We provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator (Dean of Academics) monitors EL student progress in program implementation according to our EL Master Plan. All of our teachers provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. We provide culturally and linguistically relevant materials for students. ELs receive further in-class instructional support which includes one-on-one teacher support and small group instruction. We strive to provide bilingual instructional or peer assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. We ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Our school also provides regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. These notifications include, but are not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences.

Action 5: Support for students with disabilities - Students with disabilities receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including performance on statewide assessments. Students with disabilities have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams work in collaboration, monitor our scholars’ progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs are reviewed and present levels are updated during annual and triennial reviews as required by the IDEA.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 2 Action 1
Budgeted: $1,583,848.60
Actual: $1,739,989.24
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with a slight deviation due to our increased enrollment this year.

Goal 2 Action 2
Budgeted: $52,494.06
Actual: $64,346.06
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with a slight deviation due to our increased professional development needs and increasing costs.

Goal 2 Action 3
Budgeted: $320,616.61
Actual: $361,536.51
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with a slight deviation due to our increased enrollment this year.

Goal 2 Action 4
Budgeted: $0.00
Actual: $0.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives.

Goal 2 Action 5
Budgeted: $984,855.10
Actual: $950,066.55
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Based on the 2025-26 data available so far, our actions to date appear to be effective in maintaining student access to programs and services, supporting strong instructional implementation, and sustaining high levels of student course achievement. The school maintained 100% student access to programs and services in 2025-26, meeting the target and continuing the baseline level of full access. Administrative classroom observations were completed at 98%, exceeding the Year 3 target of at least 85%, which indicates that professional development, instructional monitoring, and feedback systems continue to be implemented with fidelity. In addition, 94% of students earned a grade of “C” or

better in core subjects and electives during the first semester, which is well above the Year 3 target of at least 80% and reflects continued student success in the instructional program.

The most recent preliminary state assessment and dashboard data also show areas of continued strength, while identifying student groups that require ongoing monitoring and support. In ELA, all students met or exceeded the 2025-26 target, with 72.42% meeting or exceeding standard in 2024-25 compared with the target of at least 60%. Socioeconomically disadvantaged students, students with disabilities, Asian students, Hispanic students, White students, students identifying as Two or More Races, and African American students also met or exceeded the listed ELA targets where data were available. ELA Distance from Standard results from the 2025 Dashboard show that all students performed 50.8 points above standard, with several student groups also above standard, including English Learners, socioeconomically disadvantaged students, Asian students, Hispanic students, White students, students identifying as Two or More Races, and African American students. Students with disabilities improved compared with baseline but remained slightly below standard, indicating a continued need for targeted supports.

In Mathematics preliminary data, all students also exceeded the 2025-26 target, with 60.09% meeting or exceeding standard in 2024-25 compared with the target of at least 55%. Socioeconomically disadvantaged students, students with disabilities, Asian students, Hispanic students, White students, and African American students met or exceeded their listed Mathematics targets where data were available. Mathematics Distance from Standard remained positive for all students overall at 26.9 points above standard on the 2025 Dashboard. However, several student groups, including English Learners, socioeconomically disadvantaged students, students with disabilities, African American students, and Hispanic students, remained below standard in Mathematics DFS, which indicates that subgroup performance should continue to be closely monitored and addressed through MTSS, intervention, and differentiated instructional supports.

Additional indicators also suggest that the school's actions are supporting student outcomes. The reclassification rate for English Learners was 88.0% as of June 5, 2026, exceeding the 2025-26 target of at least 10.0%. Preliminary Science results also remained strong, with 64.93% of all students meeting or exceeding standard in 2024-25, exceeding the 2025-26 target of at least 50%. Student groups with available Science data, including socioeconomically disadvantaged students, students with disabilities, Asian students, Hispanic students, White students, and students identifying as Two or More Races, also met or exceeded their listed targets.

The preliminary 2025-26 MAP growth data are now available and show strong evidence that the school's instructional, MTSS, intervention, and enrichment actions are contributing to measurable academic growth. In MAP Reading, 70.8% of MSA-SD students met their fall-to-spring growth targets, exceeding the 50% target by 20.8 percentage points. English Learners and students with disabilities also exceeded the target in Reading, with 100.0% of English Learners and 70.3% of students with disabilities meeting their growth targets. The Reading CGI/CGP results further support this positive trend, with all students earning a CGI of 0.99, which corresponds to the 84th percentile. English Learners earned a CGI of 1.85, or the 97th percentile, and students with disabilities earned a CGI of 0.82, or the 79th percentile.

Preliminary MAP Mathematics results also show strong overall growth. MSA-SD exceeded the 50% target for all students, with approximately three-fourths of students meeting their fall-to-spring Mathematics growth targets. Students with disabilities also exceeded the target in Mathematics, while English Learner results should continue to be monitored closely because the percentage meeting growth was closer to the target and the Mathematics CGI/CGP for English Learners was below the expected growth benchmark. Overall, the preliminary MAP data strengthen the conclusion that current actions are producing measurable academic growth, particularly in Reading and for students with disabilities, while also identifying English Learner Mathematics growth as an area for continued monitoring and targeted support.

Overall, based on the 2025-26 data available to date, our actions appear to be effective in maintaining full access to programs, supporting strong instructional implementation, sustaining high course achievement, meeting or exceeding several state assessment targets, and producing measurable academic growth on preliminary MAP measures. The preliminary MAP data strengthen the conclusion that MTSS, intervention, enrichment, and differentiated instructional supports are contributing to student progress, particularly in Reading and for students with disabilities. At the same time, the school should continue to monitor future Dashboard outcomes and subgroup results to ensure that growth is sustained for all student groups, with particular attention to English Learners in Mathematics and to student groups that remain below standard on Distance from Standard measures, including socioeconomically disadvantaged students, students with disabilities, African American students, and Hispanic students.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on reflection on prior practice and the 2025–26 data available to date, no major changes are recommended to Goal 2, the planned actions, or the overall structure of supports for the coming year. The current actions will be continued because they are supporting broad student access, strong instructional implementation, and high levels of student course performance.

Our school maintained 100% student access to all programs and services, and classroom observation completion remained above the target, indicating that systems for standards-based instruction, professional development, instructional monitoring, and program access continue to be implemented effectively. Student course performance also remained strong, with 94% of students earning a grade of “C” or better in core subjects and electives, exceeding the target of 80%.

As a result, the school will continue the current Goal 2 actions, including the broad course of study and standards-based curriculum, professional development for high-quality instruction, MTSS academic enrichment and intervention supports, designated and integrated ELD services, and supports for students with disabilities.

While no substantive changes are being made to the planned goal, metrics, target outcomes, or actions, the school will refine implementation based on areas identified for continued monitoring. Because some 2025–26 growth data, including MAP Reading, MAP Mathematics, and related CGI/CGP measures, is not yet available, our school will continue to monitor academic growth outcomes closely once complete data becomes available.

Our school will also continue to strengthen targeted supports for English Learners, socioeconomically disadvantaged students, and students with disabilities. This includes increased attention to academic language development, differentiated instruction, progress monitoring, intervention alignment, and collaboration among general education, special education, and EL support staff. Continued emphasis will be placed on ensuring that EL support strategies are aligned with English language development standards, reclassification criteria, and students’ individual academic needs.

Overall, the planned actions for Goal 2 will continue without major modification, with refinements focused on strengthening implementation, improving data monitoring, and accelerating progress for student groups with persistent performance gaps.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: -Teacher Salaries: Title I; Amount: $23,936.00 -STRS: Title I; Amount: $4,572.94 -OASDI/Medicare: Title I; Amount: $347.16 -Health & Wellness Benefits: Title I; Amount: $5,045.73 -Unemployment Insurance: Title I; Amount: $119.71	$1,719,936.45	No
2.2	Professional development for high-quality instruction	Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular	$54,783.00	Yes

Action #	Title	Description	Total Funds	Contributing
		support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees. The following expenditures will be funded by federal Title funds: -Professional Development: Title II; Amount: $14,000.00		
2.3	MTSS - Academic enrichment, intervention, and student support	Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.)	$343,968.93	Yes

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: Dean of Academics salary and benefits, instructional aide salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Illuminate DnA fees, and evidence-based supplemental intervention/enrichment program fees (Edgenuity, IXL, Quizizz, Membean, Cityspan, Newsela, and myON.) The following expenditures will be funded by federal Title funds: -Educational Software: Title I; Amount: $32,342.51 -Educational Software: Title IV, Part A ESEA (ESSA); Amount: $3,370.80		
2.4	Designated and integrated ELD programs and support for ELs	Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits, and Rosetta Stone program fees.	$0.00	Yes

Action #	Title	Description	Total Funds	Contributing
		The following expenditures will be funded by federal Title funds: N/A		
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: -SpEd Ctrct Inst: IDEA SPED; Amount: $217,524.00 -Instructional Aides: Title I; Amount: $4,107.36 -PERS: Title I; Amount: $110.12 -OASDI/Medicare: Title I; Amount: $31.42 -Health & Welfare Benefits: Title I; Amount: $2,448.75 -Unemployment Insurance: Title I; Amount: $2.05	$985,067.65	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.	Broad Goal

State Priorities addressed by this goal.

Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 22%	2024-25: (As of 6/5/25) 29%	2025-26 (As of 5/22/26): 35%	2026-27: >= 10%	+13 percentage points

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.2	Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 97%	2024-25: (As of 6/5/25) 84%	2025-26 (As of 5/22/26): 99%	2026-27: >= 90%	+2 percentage points
3.3	Percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 98%	2024-25: (As of 6/5/25) 98%	2025-26 (As of 5/22/26): 100%	2026-27: >= 80%	+2 percentage points

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Goal 3:
Action 1: College/Career readiness programs and activities - Our school promotes a college-going culture through college/career days, and other college/career related activities. We successfully hosted our College and Career Week event that extended into a month of extra activities with the addition of our Guidance Counselor who organized this event. Nearly 20 guest speakers participated, including representatives from colleges, the navy, various occupational and trade school programs, and businesses. Students also presented on different career pathways such as community colleges, trade schools, colleges/universities, and military branches. We were also able to add a High School Fair and workshops for parents and students.

Action 2: STEM and GATE programs - Our school offers STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students are provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We also provide information and access to quality out-of-school STEM activities and achievements. With the CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, our school designed and implemented computer science and engineering-related courses and activities, such as Scratch, Code.org activities, Robotics, etc. Gifted and talented students and students achieving above grade level are

engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing as well as during STEAM related after school clubs. Emphasis is on innovation, critical thinking, and logical reasoning. Learners are also challenged to investigate, use problem-based learning, and research. Our students engaged in numerous STEAM activities, including the San Diego STEAM Expo, MPS STEAM Expo, and the San Diego Festival of Science and Engineering. All of our students also participate in the Celebration of Science event and share projects with their peers.

Action 3: Digital Literacy and Citizenship Programs - Our school educates our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Our school offered Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers incorporate appropriate technology into lessons to support student learning and technology is kept up to date. Students are provided with opportunities to expand their literacy, computational, and communication skills with digital media; they write advanced essays, conduct internet research, and are engaged in data collection, presenting ideas and drawing conclusions. Our school staff teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity.

Action 4: Access to Physical Education and Fitness Resources - Our school provides students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. Our curriculum promotes the benefits of a physically active lifestyle and helps students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. We offer recess before school and after lunch and students are provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, we ensure that our campus and facilities are safe, and that equipment is available to students to be active. We offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. We adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness.

Action 5: Additional Programs for a Well-Rounded Education - To provide a well-rounded education to our students, we strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, community service programs, clubs, etc. Our teachers and other staff offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, our school's Expanded Learning Opportunities Program (ELO-P) supports afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, and other areas.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3 Action 1
Budgeted: $0.00
Actual: $0.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 3 Action 2
Budgeted: $1.06
Actual: $0.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 3 Action 3
Budgeted: $0.00
Actual: $0.00
Explanation: Due to the free resources, the projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 3 Action 4
Budgeted: $268,748.52
Actual: $530,747.85
Explanation:The main variance here is primarily due to an unbudgeted purchase of $227k for Chromebooks that was added after the initial budget was set. The current chromebooks are 5-6 years old and performance has been an issue. After tech/financial research, the most cost efficient and highest performance chromebooks were selected to replace current inventory.

Goal 3 Action 5
Budgeted: $437,489.24
Actual: $415,316.10
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Based on the 2025–26 data available to date, the specific actions under Goal 3 have been effective in making progress toward providing students with college, career, STEAM, digital literacy, physical education, and well-rounded learning opportunities. The school exceeded all

available Year 3 target outcomes for the Goal 3 metrics, indicating that the actions implemented to date are supporting progress toward the goal.

Action 1, College/Career Readiness Programs and Activities, was effective in strengthening students' exposure to college and career pathways. The school successfully implemented College and Career Week, which expanded into a month of activities with the support of the Guidance Counselor. Nearly 20 guest speakers participated, including representatives from colleges, the Navy, occupational and trade programs, and businesses. Students also presented on different career pathways, and the school added a High School Fair and workshops for parents and students. These activities supported a stronger college-going and career-readiness culture.

Action 2, STEM and GATE Programs, was effective in expanding access to advanced math, STEAM activities, and enrichment opportunities. In 2025–26, 35% of students were enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, exceeding the Year 3 target of at least 10%. Students also participated in STEAM activities such as the San Diego STEAM Expo, MPS STEAM Expo, the San Diego Festival of Science and Engineering, and the Celebration of Science. In addition, 100% of students created or demonstrated a STEAM-focused project, experiment, model, or demo, exceeding the target of at least 80%. These outcomes suggest that the school's STEAM and GATE opportunities are being implemented effectively and reaching students broadly.

Action 3, Digital Literacy and Citizenship Programs, was also effective. In 2025–26, 99% of students in the current graduating class had taken a computer/technology course and/or experienced blended learning, exceeding the Year 3 target of at least 90%. The school continued to provide computer and digital literacy classes, blended learning experiences, and instruction in responsible technology use, including topics such as digital footprint, privacy, security, digital etiquette, and appropriate use of artificial intelligence. These efforts indicate strong implementation of digital literacy and citizenship supports.

Action 4, Access to Physical Education and Fitness Resources, was implemented as planned and supported students' access to physical education, physical activity, and safe fitness resources. The school provided standards-aligned physical education, opportunities for recess and movement throughout the day, and access to physical activity through clubs, sports, and other programming. Actual expenditures exceeded the budgeted amount due to upgrades to old equipment and the soccer field, which reflects an increased investment in student fitness resources and campus facilities. While this action does not have a specific outcome metric listed in the available data, implementation appears effective based on the school's continued provision of PE, activity opportunities, and facility improvements.

Action 5, Additional Programs for a Well-Rounded Education, was effective in supporting enrichment and broader student engagement. The school continued to offer elective courses, arts, music, language, clubs, field trips, community service, and Expanded Learning Opportunities Program supports. These programs helped provide students, including unduplicated students, with access to experiential learning and enrichment opportunities beyond the core academic program.

Overall, the Goal 3 actions to date have been effective. The strongest evidence of effectiveness is that the school exceeded all available 2025–26 target outcomes: 35% of students participated in accelerated or advanced math opportunities, 99% of graduating students accessed computer/technology coursework or blended learning, and 100% of students completed or demonstrated a STEAM-focused project. No major areas of ineffectiveness are evident from the available data. Continued monitoring should ensure that these opportunities remain accessible to all student groups and that increased investments in physical education and enrichment continue to support student engagement and well-rounded development.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on reflection on prior practice and the 2025–26 data available to date, no major changes are recommended to Goal 3, the metrics, target outcomes, or planned actions for the coming year. The current actions will be continued because they are effectively supporting college and career readiness, STEAM access, digital literacy, physical education, and well-rounded educational opportunities for students.

While no substantive changes are being made, the school will continue to refine implementation based on prior practice. College and career readiness activities will continue to be expanded and strengthened through guest speakers, student presentations, parent and student workshops, and high school transition activities. STEAM and advanced math opportunities will continue to be monitored to ensure broad and equitable access. Digital literacy instruction will continue to include responsible technology use, digital citizenship, and appropriate use of artificial intelligence. The school will also continue to maintain and improve physical education resources and enrichment opportunities, including clubs, electives, arts, athletics, field trips, and Expanded Learning Opportunities Program supports.

Overall, reflections on prior practice indicate that the planned Goal 3 actions are effective and should be maintained. Any changes for the coming year will be refinements to strengthen access, quality, and consistency of implementation rather than changes to the goal, metrics, targets, or core actions.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	Charter School will promote a college-going culture through college visits, college/career days, and other college/career related activities. Expenditures associated with this action include the following: college/career-related materials and activities. The following expenditures will be funded by federal Title funds: N/A	$0.00	Yes
3.2	STEM and GATE programs	Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM	$1.06	Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
4	CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

School communities are integrated partnerships with the school site staff, families, students and all other educational partners. This sense of connection creates a safe place for all learners and educational partners to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and educational partner surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Goal 4:
Action 1: Seeking family input for decision making - Our school builds the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. We provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC is composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Our school chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, our school conducts annual family surveys to seek feedback on school improvement.

Action 2: Building relationships and partnerships with families for student outcomes - Our school has developed the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff learns about each family's strengths, cultures, languages, and goals for their children. We promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and Student-Led Parent/Teacher conferences. Administrators greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. We provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. We communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff visit students at their homes to discuss student progress and enhance student learning and involvement.

We also support families to understand and exercise their legal rights and advocate for their own students and all students. We schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, internet and social media safety, using SIS to check student progress, study habits, and family literacy. We use a variety of communication channels to connect with families in a language that is understandable and accessible to them. Our parent communication software is utilized for voice and text communications, email, and push notifications. We provide language translators at parent meetings to the extent practicable.

Action 3: MTSS - PBIS and SEL support - Our school provides a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support is provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. We offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Our school implements a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. We also celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. We inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. We also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps.

Action 4: Annual educational partner surveys - Our school annually administers school experience surveys to students, families, and staff. We implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps.

Action 5: Community outreach and partnerships - We ahve established several community, business, institutional and civic partnerships that invest in and support the vision and goals of our school. School staff participate in local activities that engage community members and staff in communicating school successes to the broader community. We secure community support to sustain existing resources and add new resources that address emerging student needs. Our school leadership actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 4 Action 1
Budgeted: $2,172.00
Actual: $2,172.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 4 Action 2
Budgeted: $130,268.33
Actual: $135,991.24
Explanation: All actions taken were in line with the planned initiatives, but the projected expenses are around $5k more than the budgeted amount due to our increased enrollment.

Goal 4 Action 3
Budgeted: $337,815.82
Actual: $324,012.23
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 4 Action 4
Budgeted: $2,120.00
Actual: $2,120.00
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 4 Action 5
Budgeted: $456,885.31
Actual: $419,020.17
Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Based on the 2025–26 data available to date, the specific actions under Goal 4 have been generally effective in making progress toward increasing family engagement, strengthening school connectedness, supporting attendance, and maintaining a safe and welcoming school environment. Most Goal 4 outcomes met or exceeded their Year 3 targets, indicating that the school's actions are supporting progress toward the goal.

Action 1, Seeking Family Input for Decision Making, was effective. The school held 8 Parent Advisory Committee meetings in 2025–26, meeting the Year 3 target of at least 8 meetings. The school also held 8 English Learner Advisory Committee meetings, exceeding the Year 3 target of at least 4 meetings. This reflects strong implementation of systems for family input, representation, and shared decision-making. The increase in ELAC meetings is especially significant because it shows strengthened engagement with English Learner families and improved structures for gathering input from this important educational partner group. To do this, we combined the Parent Advisory Committee and ELAC meetings.

Action 2, Building Relationships and Partnerships with Families for Student Outcomes, was effective overall, though one area needs continued attention. The school offered 27 parent engagement activities and events in 2025–26, exceeding the Year 3 target of at least 10 events. Family survey participation also increased substantially to 88.3%, exceeding the target of 75%, which suggests that family outreach and communication efforts are reaching more families. However, home visits reached 7.0%, which is below the Year 3 target of 15.0%. While the school continues to build relationships through orientations, conferences, communication systems, workshops, and family events, home visits remain an area for improvement.

Action 3, MTSS, PBIS, and SEL Support, was effective in supporting student engagement, attendance, behavior, and school climate. The 2025–26 P-2 ADA rate was 95.53%, exceeding the target of at least 92.00%. Chronic absenteeism decreased to 10.8%, which is well below the target of 20.0% or lower. The middle school dropout rate was 0.0%, meeting the target of 2.0% or lower. The suspension rate decreased to 1.4%, meeting the target of 2.5% or lower, and the expulsion rate remained at 0.0%, meeting the target of 0.50% or lower. These outcomes indicate that our school's attendance supports, PBIS systems, SEL supports, restorative practices, and student engagement efforts are having a positive impact.

Action 4, Annual Educational Partner Surveys, was effective in gathering feedback from students, families, and staff, though survey results show some areas for continued monitoring. Survey participation was strong for families and staff, with family participation at 88.3% and staff participation at 100%, both exceeding targets. Student participation was 93.6%, slightly below the 95% target. Average approval rates met the targets for all groups, with students at 67%, families at 95%, and staff at 80%. Overall satisfaction met the student target, with students at 76%, but family satisfaction was 88%, below the 95% target, and staff satisfaction was 83%, below the 85% target. This suggests that while the school is successfully gathering feedback and maintaining generally positive school climate indicators, additional follow-up is needed to better understand and respond to the decline in family and staff overall satisfaction.

Action 5, Community Outreach and Partnerships, was implemented as planned and contributed to the school's broader efforts to support students and families through community, business, institutional, and civic partnerships. Although this action does not have a single standalone outcome metric in the data provided, the school's strong attendance, reduced chronic absenteeism, strong family engagement participation, and high student retention rate suggest that outreach and partnership efforts are contributing positively to school connectedness and student support. Student retention increased to 93%, exceeding the Year 3 target of at least 85%.

Overall, the Goal 4 actions to date have been effective in making progress toward the goal. The strongest evidence of effectiveness includes meeting or exceeding targets for PAC meetings, ELAC meetings, parent engagement events, ADA, chronic absenteeism, dropout rate, suspension rate, expulsion rate, family and staff survey participation, average approval rates, and student retention. Areas of relative ineffectiveness or continued need include increasing home visits, improving student survey participation, and addressing lower family and

staff overall satisfaction rates. Moving forward, the school should continue the current Goal 4 actions while refining implementation in these targeted areas.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on reflection on prior practice and the 2025–26 data available to date, no major changes are recommended to Goal 4, the metrics, target outcomes, or planned actions for the coming year. The current actions will be continued because they are generally effective in supporting family engagement, educational partner input, student attendance, school connectedness, positive behavior supports, and a welcoming school climate.

In 2025–26, Magnolia Science Academy – San Diego maintained strong implementation of Goal 4 actions. The school held 8 Parent Advisory Committee meetings, meeting the Year 3 target, and held 8 English Learner Advisory Committee meetings, exceeding the Year 3 target. This reflects strengthened structures for family voice and decision-making, including increased opportunities for English Learner families to provide input. The school also hosted 27 parent engagement activities and events, exceeding the target of at least 10, and family survey participation increased to 88.3%, exceeding the target of 75%.

The school also showed strong progress in student engagement and school climate indicators. The P-2 ADA rate increased to 95.53%, chronic absenteeism decreased to 10.8%, the middle school dropout rate was 0.0%, the suspension rate decreased to 1.4%, and the expulsion rate remained at 0.0%. Student retention also increased to 93%, exceeding the target of at least 85%. These results indicate that the school's MTSS, PBIS, SEL, attendance, family engagement, and community partnership actions are supporting progress toward the goal.

As a result, the planned Goal 4 actions will continue without major modification. These include seeking family input for decision-making, building relationships and partnerships with families, implementing MTSS/PBIS/SEL supports, administering annual educational partner surveys, and strengthening community outreach and partnerships.

While no substantive changes are being made to the goal, metrics, target outcomes, or core actions, the school will refine implementation in response to areas identified through reflection on prior practice. The school will continue working toward the 15% home visit target, as the 2025–26 home visit rate was 7.0%. The school will also continue to strengthen student survey participation, which was slightly below target, and will follow up on family and staff overall satisfaction results to better understand areas for improvement and respond to stakeholder feedback.

For the coming year, the school will maintain its current Goal 4 structure while increasing focus on targeted refinements, including strengthening home visit systems, sustaining ELAC and PAC engagement, increasing student participation in school experience surveys, and using survey feedback to improve family and staff satisfaction. These refinements are intended to strengthen implementation while preserving the actions that are already producing positive outcomes for students and families.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision-making	Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses. The following expenditures will be funded by federal Title funds: N/A	$2,172.00	Yes
4.2	Building relationships and partnerships with	Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments	$130,193.98	Yes

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.4	**Action:** Healthy and nutritious meals **Need:** Low-income students do not have sufficient or consistent access to nutritious meals and they develop poor eating habits. As a result, they experience poor health and academic outcomes, including, but not limited to, obesity, chronic absenteeism and lower grades. There	MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	is a need to provide all our students with healthy and nutritious meals. **Scope:** LEA-wide	consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. We will provide two school meals free of charge during each schoolday to any student who requests a meal without consideration of the student's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary	• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	
2.2	**Action:** Professional development for high-quality instruction **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners. **Scope:** LEA-wide	With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost/SchoolMint Grow software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded

			• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)
2.3	**Action:** MTSS - Academic enrichment, intervention, and student support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion. Students struggle with access to materials,	Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power	Goal 2: • Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2,

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention. **Scope:** LEA-wide	English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.	TeachBoost/SchoolMint Grow) • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading

2.4	**Action:** Designated and integrated ELD programs and support for ELs **Need:**	Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers	Goal 2: For all students, but particularly for the EL and LTEL student groups: • Percentage of students who

Powered by BoardOnTrack

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	The majority of Charter School's student population consists of English Learners (EL), including long-term ELs (LTELs), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction. **Scope:** LEA-wide	with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated ELD instruction, will be provided for all students.	have received a grade of “C” or better in core subjects and electives (Source: SIS) • Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard) • Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring (Source: NWEA MAP)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		RFEP students, students with disabilities, and all other student groups will benefit from this schoolwide action. We expect that this action will result in increased academic achievement of our student groups, particularly of our ELs and LTELs, on the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and EL reclassification rates as identified in our LCAP metrics in Goal 2.	• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP) • Percentage of students who have met or exceeded standard on the CAASPP-Mathematics assessments (Source: CDE DataQuest) • Distance from Standard (DFS) on the CAASPP-Mathematics assessments (Source: CA School Dashboard) • Percentage of students who

3.1	**Action:** College/Career readiness programs and activities **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. A college-going, supportive culture at the school is necessary for our students' college/career readiness. **Scope:** LEA-wide	With the needs of our unduplicated students in mind, Charter School will promote a college-going culture through college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Unduplicated students will receive improved services through college-related materials and activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. This action was found effective in the current school year and will be continued in the coming school year. We expect that this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2 as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would

			recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)
3.2	**Action:** STEM and GATE programs **Need:** Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of everchanging technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEM curricula. **Scope:** LEA-wide	Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum	Goal 3: • Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS) • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS) • Percentage of students who have created or demonstrated a

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.	STEAM focused project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)
3.3	**Action:** Digital literacy and citizenship programs **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way.	With the needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and	Goal 3: • Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Scope: LEA-wide	model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.	
3.4	**Action:** Physical education, activity, and fitness **Need:** Low-income students do not have sufficient or consistent access to physical activities/sports and fitness education. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. **Scope:** LEA-wide	MPS is committed to the optimal development of every student. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "overall satisfaction rates"

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We expect that this action will result in increased attendance and grades as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)
3.5	**Action:** Additional programs and activities that support well-rounded education **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem solving, communication, and management of	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4: • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • School experience survey "average approval rates"

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	time and resources that contribute to lifelong learning and career skills. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. **Scope:** LEA-wide	Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas. These well-rounded programs and activities will result in increased and improved services for our unduplicated students. With the needs of our unduplicated students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help our scholars become independent and innovative scholars. We also expect that this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2 as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	based on the responses of our students and families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students and families to the question, "Overall, I am satisfied and would recommend this school to other students/families.

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
			" (Source: Local Indicator Priority 6, Panorama Education)
4.1	**Action:** Seeking family input for decision-making **Need:** It is important that parents are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making. **Scope:** LEA-wide	Considering the needs of our unduplicated students and their families, Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their	Goal 4: • Number of Parent Advisory Committee (PAC) meetings per year (Source: Local Indicator Priority 3) • Number of English Learner Advisory Committee (ELAC) meetings per year (Source: Local Indicator Priority 3) • School experience survey "average approval rates" based on the responses of our families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing Community School strategies to reach and seek input from any underrepresented groups in the school community. We also expect that this action will result in increased parent satisfaction as measured by the annual educational partner surveys in Goal 4: Action 4.	of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our families to the question, "Overall, I am satisfied and would recommend this school to other families." (Source: Local Indicator Priority 6, Panorama Education)
4.2	**Action:** Building relationships and partnerships with families for student outcomes **Need:** Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved	In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students'	Goal 2: • Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS) Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. **Scope:** LEA-wide	grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way	• Number of activities/events for parent involvement per year (Source: Local Indicator Priority 3) • Percentage of students who have been home-visited by the teachers per year (Source: Local Indicator Priority 3, SIS) • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS) • High School Dropout Rate (Source: CDE DataQuest, CALPADS) • Graduation Rate (Source: CALPADS, CA

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		communication between families and educators using language that is understandable and accessible to families, and providing families with information and resources to support student learning and development in the home. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased home visit rate, ADA rate, and graduation rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual educational partner surveys in Goal 4: Action 4.	School Dashboard) • Student Suspension Rate (Source: CA School Dashboard, CALPADS) • Student Expulsion Rate (Source: CDE DataQuest, CALPADS) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority

			6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students, families, and staff to the question, "Overall, I am satisfied and would recommend this school to other students/families/ educators." (Source: Local Indicator Priority 6, Panorama Education)
4.3	**Action:** MTSS - PBIS and SEL support **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. These student groups also have lower ADA rates while they have higher chronic absenteeism	Considering the needs of our vulnerable student groups in mind, Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Average Daily Attendance (ADA) Rate (Source: SIS)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. **Scope:** LEA-wide	and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students. With the needs of our vulnerable students and their families in mind, this action will be provided on a schoolwide	• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS) • Student Suspension Rate (Source: CA School Dashboard, CALPADS) • Student Expulsion Rate (Source: CDE DataQuest, CALPADS) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules,

		basis. It was found effective in the current school year and will be continued in the coming school year. We expect that this action will help provide a foundation for safe and positive learning, and enhance students' mental health and abilities to succeed in school, careers, and life. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate and graduation rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual educational partner surveys in Goal 4: Action 4.	and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students, families, and staff to the question, "Overall, I am satisfied and would recommend this school to other students/families/ educators." (Source: Local Indicator Priority 6, Panorama Education)
4.4	**Action:** Annual educational partner surveys **Need:** It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve	Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school leaders with valuable data about how students see	Goal 4: • School experience survey "participation rates" by students, families, and staff (Source: Local

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Educational partner voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage educational partners in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage educational partners in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. **Scope:** LEA-wide	their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide valuable feedback for school improvement. We also expect that this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.	Indicator Priority 6, Panorama Education) • School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority 6, Panorama Education) • School experience survey "overall satisfaction rates" based on the responses of our students, families, and staff

			to the question, "Overall, I am satisfied and would recommend this school to other students/parents/ educators." (Source: Local Indicator Priority 6, Panorama Education)
4.5	**Action:** Community outreach and partnerships **Need:** The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. They also have lower ADA rates while they have higher chronic	Considering the needs of our vulnerable student groups in mind, Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities will result in increased and improved resources for our unduplicated students and will be particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the	Goal 2: • Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS) Goal 4: • Average Daily Attendance (ADA) Rate (Source: SIS) • Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) • Middle School Dropout Rate (Source: CALPADS)

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Magnolia Science Academy – San Diego does receive LCFF supplemental funds but does not qualify for concentration grants—meaning it gets money for each high-need student (low-income, EL, foster), but not the extra concentration add-on. The school does not qualify for the LCFF concentration grant, because its unduplicated pupil percentage (UPP) is well below the 55% threshold required for that additional funding. As a result, this section is not applicable for the school.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

Powered by BoardOnTrack

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

Powered by BoardOnTrack

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26**. Leave blank until then.	Enter information in this box when completing the LCAP for **2026–27**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26** and **2026–27**. Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

Coversheet

Approval of the 2026-27 Adopted Budgets for All MPS Sites and Home Office Management Fee Policy

Section: VII. Action Items
Item: K. Approval of the 2026-27 Adopted Budgets for All MPS Sites and Home Office Management Fee Policy
Purpose: Vote
Submitted by:
Related Material: VII.K - Approval of 2026-27 Adopted Budgets_FINAL.pdf

Agenda Item:	VII.K – Action Item
Date:	June 17, 2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Cafer Turan, Interim Chief Financial Officer
RE:	Approval of the 2026-27 Adopted Budgets for All MPS Sites and Home Office Management Fee Policy

Action Proposed

Staff moves that the MPS Board adopt the 2026–27 Annual Budget as presented and and Home Office Management Fee Policy

Purpose:

The purpose of this item is to present the 2026–27 Annual Budget for Board adoption in accordance with applicable state and county requirements. The budget reflects updated revenue projections based on current LCFF planning factors, enrollment and ADA assumptions, staffing plans, and expenditure projections for the upcoming fiscal year beginning July 1, 2026.

Background:

California charter schools are required to adopt an annual budget for the upcoming fiscal year prior to July 1. The annual budget is submitted to the authorizing agency and the Los Angeles County Office of Education (LACOE) and serves as the organization's financial plan for the year. The Board is responsible for approving the budget, which establishes revenue and expenditure authority for all MPS sites and the central office (MERF).

- **Revenue Projections**Revenue projections based on 2026–27 LCFF rates, enrollment and ADA targets, and other state and federal funding sources
- **Expenditure Budget**Salary and benefit costs, operational expenses, CMO fees, and other expenditures by site and function, reflecting Board-approved budget reductions and staffing

plans

The 2026–27 budget was developed in alignment with the organization's fiscal stabilization priorities, including enrollment growth as the primary recovery lever, implementation of Board-approved budget reductions, and continued oversight of site-level spending.

Board adoption of the annual budget authorizes management to implement the financial plan for 2026–27 and provides the framework for ongoing budget-to-actual monitoring throughout the fiscal year.

Analysis:

The 2026–27 Annual Budget was developed using the 2026–27 LCFF rates published by the California Department of Education, enrollment and ADA projections by site, updated staffing plans, and expenditure assumptions informed by 2025–26 actuals and known cost changes. Budget reduction measures previously reviewed by the Board are incorporated into the preliminary budget presented for adoption.

In developing the 2026–27 budget, management evaluated:

- Enrollment trends and ADA projections
- One-time versus ongoing revenue sources
- Staffing levels, negotiated salary agreements, and benefit cost projections
- Facilities and debt service commitments
- Cash flow projections and reserve adequacy for the 2026–27 fiscal year and the two subsequent years

The multiyear projections reflect the organization's most current estimates for fiscal years 2026–27, 2027–28, and 2028–29. Where deficit spending is projected, management has identified corresponding budget adjustments and fiscal stabilization strategies—primarily enrollment growth at $14,912 per ADA—to maintain compliance with state reserve requirements and ensure long-term fiscal sustainability.

Cash flow projections indicate that the organization will maintain sufficient liquidity to meet its financial obligations throughout 2026–27.

Management Discussion

Revenue

The 2026–27 budget projects total revenues of approximately $60.7 million in LCFF across all sites, based on enrollment and ADA targets and the 2026–27 LCFF rate of approximately $14,912 per ADA. Total organization-wide revenues, including federal, state categorical, and local sources, are projected at approximately $92.5 million, or approximately $20,271 per ADA excluding fundraising and grant revenue. Enrollment growth remains the primary revenue recovery lever, with each ADA gained representing approximately $14,912 in additional LCFF entitlement.

Expenses

Total projected expenditures for 2026–27 reflect Board-approved budget reductions of approximately $797K (primarily in contingency and technology accounts), updated staffing plans, and renegotiated vendor contracts. CMO fees are budgeted at negotiated rates per site, with total CMO fee revenue to MERF of $6.45 million. Special education, substitute, and facilities costs continue to be monitored closely as the largest areas of variable spending.

Changes in Net Assets

The 2026–27 budget projects an overall net operating deficit of approximately ($126,063) across all MPS sites and MERF. MSA-2, MSA-3, MSA-7, and MERF carry projected net operating deficits, with enrollment shortfalls as the primary driver. Budget reduction measures already approved by the Board are reflected in these projections. Each site with a deficit has an accompanying enrollment action plan; achieving projected ADA targets is the critical path to structural balance. Sites currently projecting positive net income include MSA-1, MSA-4, MSA-5, MSA-6, MSA-8, MSA-SA, MSA-SD, MSA-Anaheim, and MSA-Irvine.

Enrollment and Other

The 2026–27 budget is built on enrollment and ADA targets that represent growth over 2025–26 actuals, particularly at MSA-2, MSA-3, MSA-7, and MSA-Anaheim where enrollment gaps are most pronounced. Management has developed site-level enrollment action plans and will provide monthly budget-to-actual reporting to the Board, covering ADA progress, substitute and special education spending trends, and adherence to the no-overspend directive. Continued focus on enrollment growth and discretionary expenditure management remains central to the organization’s path to long-term fiscal sustainability.

Financial Overview

The June Estimated Actuals project a deficit of approximately $3.6 million, compared to $3.3 million projected at Second Interim. Operating expenditures exceeded the Second Interim Budget by approximately $1.6 million, substantially offset by additional revenue from the P-2 enrollment adjustment and related funding recalculations.

The remaining variance of approximately $300,000 unfavorable is primarily attributable to higher Special Education costs, substitute staffing expenses, technology investments, facilities repairs, insurance costs, and other operational expenditures across several school sites.

Key Site Drivers

MSA-1: Increased Special Education, substitutes, technology, and professional development costs, partially offset by facility and staffing savings.
MSA-5: Lower CCSPP/ELOP revenue recognition and increased loan interest expense.
MSA-SD: Technology purchases and reduced CSP revenue recognition.
MSA-8 & MSA-SA: Higher substitutes, operational costs, and student program expenditures.
MSA-OC & MERF: Higher organizational support costs partially offset by staffing vacancies and salary savings.

Debt Service Coverage Ratio & Days Cash on Hand

Board Summary • FY 2025-26 • June 17, 2026

Bond Covenant Compliance:
Although some school sites did not individually meet debt service coverage requirements, the covenant is tested on a consolidated basis. The Organization met the required debt service coverage ratio and remains in compliance with bond covenants.

CMO Fee Schedule – Fiscal Year 2026-27

Board Summary • June 17, 2026

School Name	2026-27 Projected LCFF	CMO Fee %	CMO Fee Per Site	Maximum Amount (15%)	Difference
Magnolia Science Academy	$10,662,447	15.00%	$1,599,367	$1,599,367	$—
Magnolia Science Academy 2	$6,300,454	13.00%	$819,059	$945,068	$126,009
Magnolia Science Academy 3	$4,506,938	13.00%	$585,902	$676,041	$90,139
Magnolia Science Academy 4	$1,809,478	5.82%	$105,232	$271,422	$166,190
Magnolia Science Academy 5[1]	$8,036,429	3.03%	$243,504	$973,879	$730,375
Magnolia Science Academy 6	$1,967,775	13.00%	$255,811	$295,166	$39,356
Magnolia Science Academy 7	$4,388,681	0.00%	$—	$658,302	$658,302
Magnolia Science Academy Bell	$4,976,194	13.00%	$646,905	$746,429	$99,524
MSA – Santa Ana	$9,298,958	15.00%	$1,394,844	$1,394,844	$—
MSA – San Diego	$5,345,677	15.00%	$801,852	$801,852	$—
MSA – OC	$1,470,735	0.00%	$—	$220,610	$220,610
TOTAL	**$58,763,766**		**$6,452,475**	**$8,582,979**	**$2,130,504**

CMO fee is capped at 15% of projected LCFF per site. Sites shown at 0.00% have fees waived for 2026-27. The "Difference" column reflects the gap between the charged fee and the 15% maximum.

[1] The CMO fee for Magnolia Science Academy 5 is calculated as 3.03% of total revenue, not LCFF.

Magnolia Public Schools
CMO Fee Policy

The Board of Directors ("Board") of Magnolia Public Schools ("MPS") adopts this policy for the MPS charter schools to support the Home Office's provision of administrative, operational, educational, compliance, and organizational services to the schools through a Charter Management Organization ("CMO") fee.

The Board authorizes and delegates to the MPS Chief Executive Officer, Executive Team, and their designees (collectively, the "Home Office Team") to recommend, calculate, administer, and collect the CMO fee in accordance with this policy.

CMO Fee

The Home Office provides centralized services and support to all MPS schools, including, but not limited to:

- Executive leadership and management;
- Human resources;
- Accounting and financial reporting;
- Payroll administration;
- Student and special education services;
- Technology support;
- Procurement support;
- Compliance and reporting;
- Operational oversight; and
- Other centralized organizational services.

The Home Office Team shall assess each school's CMO fee as follows:

- The annual CMO fee for each MPS school shall not exceed fifteen percent (15%) of the school's total Local Control Funding Formula (LCFF) revenue for the applicable fiscal year.
- The actual CMO fee assessed may be less than the maximum allowable amount and shall be determined through the annual budget process and approved by the Board.
- In determining the CMO fee, the Home Office Team may consider factors including the financial condition of the school, enrollment trends, cash-flow position, operational needs, fiscal stability, and organizational priorities.

School-Specific Costs

Certain costs are specific to an individual school or site, including but not limited to rent, debt service, utilities, facilities management, and other site-specific operational expenses ("School-Specific Costs").

School-Specific Costs shall be assigned to and paid by the applicable school based on actual costs incurred.

School-Specific Costs are separate from and in addition to the CMO fee and are not subject to the fifteen percent (15%) limitation described in this policy.

Fee Modifications

The Home Office Team may reduce, defer, waive, or restructure all or a portion of a school's CMO fee based on the financial condition, enrollment trends, cash-flow position, operational needs, or fiscal stability of the school.

Any such adjustment shall be made at the discretion of MPS and shall not create an entitlement to future reductions, waivers, or modifications.

Documentation and Oversight

The Finance Department shall maintain documentation supporting CMO fee assessments and School-Specific Cost allocations.

The CMO fee shall not be considered an automatic entitlement or guaranteed transfer and shall remain subject to annual Board review, budget approval, organizational financial capacity, applicable legal requirements, and financing covenants.

Periodic Review

This CMO Fee Policy shall be reviewed periodically by the Board and may be amended as necessary to ensure continued fiscal responsibility, transparency, and organizational effectiveness.

Approval of Revised MPS Fiscal Policies and Procedures Manual for 2026-27

Section:	VII. Action Items
Item:	L. Approval of Revised MPS Fiscal Policies and Procedures Manual for 2026-27
Purpose:	Vote
Submitted by:	
Related Material:	VII.L - Approval of MPS Fiscal Policies for 2026-27.pdf

Agenda Item:	VII. L – Action Item
Date:	June 17, 2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Cafer Turan, Interim Chief Financial Officer
RE:	Approval of Revised Fiscal Policies and Procedures Fiscal Year 26-27

Action Proposed
Staff moves that the Board approve the revised MPS Fiscal Policies and Procedures Manual for fiscal year 2026-27.

Purpose:

The following policies have been updated for fiscal year 2026-27. Each change is summarized below:

- **G&A 103 – Business Travel & Reimbursement (updated from "Travel and Entertainment"):** Added a formal approval authority table by travel type; added structured travel expense guidelines covering air travel, lodging, car rental, and personal vehicles; added non-reimbursable expenses list and policy violations section.
- **G&A 111 – Electronic Signatures:** Expanded to define which documents may use electronic signatures and which require a wet signature; added audit trail and retention requirements.
- **G&A 112 – Maintenance Requests:** Full rewrite. Replaced single CFO approval with a tiered approval matrix (Principal up to $10K, CFO up to $50K, CEO up to $90K, Board above $90K); all requests must now be submitted through NetSuite before any vendor is contacted.
- **G&A 113 – Electronic Backup of Accounting Information:** Updated to reflect current cloud-based accounting systems and daily automated backups managed by vendor service agreements.
- **G&A 124 – Home Office Management Fees (CMO Fee):** CMO fee capped at 15% of each school's LCFF revenue; Home Office Service Costs may include up to an additional 10% contingency for unanticipated cost increases, inflationary adjustments, or compliance requirements; fee may be reduced, deferred, or waived based on school financial condition; School-Specific Costs (rent, debt service, utilities) charged separately and not subject to the 15% cap; subject to annual Board review and budget approval.

- **CSH 102 – Cash Receipts & Deposits:** Added clarification on the use of Tally Sheets for large cash collection events at school sites; clarified pre-numbered receipt requirements and deposit timelines.
- **CSH 111 – Credit Cards & Debit Cards:** Established a $1,000 per-transaction standard limit; CFO may approve up to $10,000 and CEO up to $90,000; receipts must be submitted within 7 business days; Finance Department will provide quarterly reports of CFO credit card transactions to the Board Chairperson for review and oversight; Finance Department will provide quarterly reports of CEO credit card transactions to the Board Chairperson for review and oversight.
- **CSH 113 – Financial Reserves:** Updated reserve dollar thresholds per California Title 5, Section 15450: minimum floor raised from $55,000 to $80,000 for districts with 0–1,000 ADA; 3% for 1,001–30,000 ADA; 2% for 30,001–250,000 ADA; 1% for 250,001+ ADA; clarified monitoring and escalation procedures when a school cannot meet required reserve levels.
- **PUR 103 – Receiving & Inspection:** Added requirement to upload packing slip to the purchasing system and mark PO as received; Principal or Office Manager role explicitly added for receiving, inspection, and discrepancy reporting to the Finance Department.

Background:

The MPS Finance Department conducts an annual review of the Fiscal Policies and Procedures Manual to ensure alignment with local, state, and federal requirements and industry best practices. The Board approved the Fiscal Policies and Procedures Manual on *June 26, 2025*. As part of the current review cycle, staff identified opportunities to enhance internal controls, clarify policies, and formalize existing practices.

Analysis:

This action does not result in any immediate budget changes.

- The revisions primarily **formalize existing practices** and strengthen internal controls
- The CMO fee updates establish clear maximum thresholds while maintaining flexibility
- Enhanced policies improve **compliance, accountability, and audit readiness**

MPS Fiscal Policies and Procedures

SOP # G&A 101 Revision: 1 Prepared by: Central Office **Effective Date:** 9/5/2017 Approved by: BOD

Title: G&A 101 CHART OF ACCOUNTS

Policy:

To facilitate the record keeping process for accounting, all ledger accounts should be assigned a descriptive account title and account number.

Purpose:

To provide the method for assignment and maintenance of the company's chart of accounts in order to produce meaningful financial data for the Organization.

Scope:

This procedure applies to all general ledger accounts.

Responsibilities:

The Chief Financial Officer is responsible for monitoring and approving changes to the company’s Chart of Accounts.

Definition:

Chart of Accounts – A categorized listing of all account titles and numbers being used by an organization to track income, expenses, assets, equity, and liabilities is called a Chart of Accounts.

Procedure:

DESIGN OF ACCOUNTS

Accounts should have titles and numbers that indicate specific ledger accounts such as Cash in Checking, Furniture and Fixtures, Accounts Payable, etc.

In general, the Standardized Account Code Structure (SACS) is followed for the major code segments, including resource function, object and location.

Sub-divisions should be used to provide additional clarification, as needed. A subdivision among the balance sheet accounts should be designated short term to long term, (i.e. current assets should precede long term assets and current debt should precede long-term debt).

Unassigned number sequences should be left open within each group of accounts to provide for additional accounts, which may be added later.

Accounts may be numbered using the SACS format. See Appendix A for guidance regarding SACS format.

DESCRIPTION OF ACCOUNTS

Each account should be given a short title description that is brief but will allow the reader to quickly ascertain the purpose of the account.

For training and consistent transaction coding, as well as to help other non- accounting managers understand why something is recorded as it is, each account should be defined. Definitions should be concise and meaningful. The account name should clearly identify what the account is to be used for.

An example of definitions follows:

ASSETS

9121 – Main Operating Account

Includes all cash held in the operating bank account. All withdrawals and deposits are recorded here. The reported balances are supported by a bank reconciliation prepared monthly.

Revision History:

APPENDIX A

A copy of the California School Accounting Manual (CSAM) can be found at https://www.cde.ca.gov/fg/ac/sa/ for guidance regarding SACS format.

MPS Fiscal Policies and Procedures

SOP # G&A 102 Revision: 1 Prepared by: Central Office Effective **Date:** 4/7/2022 Approved by: BOD

Title: G&A 102 FILES AND RECORDS MANAGEMENT

Policy:

The Organization will retain financial records in an orderly fashion for time periods that comply with legal and governmental requirements and as needed for general business requirements.

Purpose:

To outline the methods for filing, retaining and disposing of business records.

Scope:

This procedure applies to all business documentation generated by the Organization. However, this does not necessarily cover internal or certain day-to-day business correspondence.

Responsibilities:

The Finance Staff will be responsible for categorizing and maintaining a list of records maintained and the location (i.e. by wall unit shelf row number).

The Chief Financial Officer is responsible for overseeing the execution of Organization policy for Record Retention, Storage and Destruction of obsolete Organization records.

Procedure:

FILING SYSTEM

To ensure efficient access, filing centers will be established in each department. To reduce the amount of duplicate and unnecessary record retention, individual desk files should be avoided unless they are used in daily operations. All other departmental or Organization records should be filed in the departmental central filing areas.

Unless necessary, records should usually only be kept by the originator or sender and not by the receiver to avoid duplicate filing systems.

The following filing guidelines should be adhered to optimize filing efficiency and records access:

All file cabinets and files should follow recognized rules of order, such as Left to Right, Top to Bottom, Front to Back and in the case of chronological records, newest to oldest.

File markers or label headings should always be placed at the beginning or in front of a file or group of files.

Alphabetical files should always be filed under broad topical categories. Files should never be filed under individual employee names (except People and Culture records) to avoid confusion and re-filing in the event of turnover.

Files should always be filed under the "proper" or Organization names whenever appropriate. In the case of individuals, files should be maintained according to the person's "Last name" then First name and Middle initial.

Extra care should be used for sensitive or private information. Organization financial data or personnel records that contain performance reviews, salary information, and any health-related information should be kept in a secure area with limited access to only those that have a “need to know” such as the Office Manager or the Chief Financial Officer.

RECORD RETENTION AND LONG-TERM STORAGE

Storage of archived records will be maintained in the locked storage area of the building. Access to this area will be limited to the Chief Financial Officer, officers of the Organization and the Office Manager.

Non-permanent files will be stored in cardboard file boxes. Each file box will be labeled on the front with the contents, dates covered, and destruction date if applicable. Permanent records will be filed electronically.

Files should be stored only in boxes with similar items, dates and retention periods. This will allow easier access and purging of records. A general rule to keep in mind is that it is better to only half-fill a file box than to file dissimilar types of files in the same box.

The Office Manager will be responsible for categorizing and maintaining a list of records maintained and the location (i.e. by wall unit and shelf row number).

Maintain all files for as long as is necessary but only to the extent they serve a useful purpose or satisfy business or legal requirements. G&A102 Ex1 RECORDS RETENTION PERIODS, provides a guide to the typical business life of various documents. The retention periods provided are suggested with federal requirements in

mind. Be sure to check with local and state authorities for specific record retention requirements.

Copies of critical records that are vital to the daily operations of the Organization should be kept off site in case of possible disasters. This may include information needed to file insurance claims (assets lists, insurance contacts, policy numbers), financial data for tax purposes (wages paid, income and expenses), contacts lists to inform or restart the business (vendors, customers, investors and employees), and other data that would assist in rebuilding the business (business plans, intellectual property, or proprietary information).

RECORD DESTRUCTION

Three to six months after each year-end, the Office Manager will proceed with destruction of all files that have exceeded their recognized holding period.

A listing of file categories to be destroyed will be circulated to all managers thirty days prior to destruction for review and comment. The actual list of records destroyed will be maintained permanently for future reference.

Destruction of the files will be performed by an independent, outside service for shredding and disposal. Disposal of records into the Organization's general trash service is not allowed.

References:

HEALTH INSURANCE PORTABILITY ACCOUNTABILITY ACT (HIPAA)

The Standards for Privacy of Individually Identifiable Health Information (the Privacy Rule) creates national standards to protect individuals' personal health information and gives patients increased access to their medical records. As required by the Health Insurance Portability and Accountability Act of 1996 (HIPAA), the Privacy Rule covers health plans, health care clearinghouses, and those health care providers who conduct certain financial and administrative transactions electronically. Most covered entities (certain health care providers, health plans, and health care clearinghouses) must comply with the Privacy Rule by April 14, 2003. Small health plans have until April 14, 2004, to comply with the Rule.

Note: Employment records maintained by a covered entity in its capacity as an employer are excluded from the definition of protected health information. The modifications do not change the fact that individually identifiable health information

created, received, or maintained by a covered entity in its health care capacity is protected health information.

AGE DISCRIMINATION IN EMPLOYMENT ACT (ADEA)

ADEA applies to employers with 20 or more employees. If an EEOC charge or lawsuit is filed, keep records until final disposition of the charge or lawsuit.

Otherwise, ADEA compliance suggests keeping basic employee files from one to three years as listed:

Payrolls or other records (for temporary and permanent positions) for three years. Basic employee information such as employees' names, addresses, birth dates, occupations, rates of pay, and weekly compensation for three years.

Applications and personnel records relating to promotion, demotion, transfer, selection for training, layoff, recall or discharge for one year. Job advertisements and postings for three years.

Copies of employee benefit plans, seniority and merit systems must keep on file for

the full period the plan or system is in effect and for at least one year after its

termination

AMERICANS WITH DISABILITIES ACT (ADA)

ADA applies to employers with 5 or more employees. If an EEOC charge or lawsuit is filed, keep records until final disposition of the charge or lawsuit.

Otherwise, ADA compliance suggests keeping employment applications and other personnel records including promotions, transfers, demotions, layoffs, and termination or requests for reasonable accommodation for at least 1 year from the making of the record or the personnel action.

CIVIL RIGHTS ACT OF 1964

Applies to employers with 15 or more employees. If an EEOC charge or lawsuit is filed, keep records until final disposition of the charge or lawsuit. Otherwise, basic nondiscrimination compliance suggests keeping employment applications and other personnel records including promotions, transfers, demotions, layoffs, and termination or any EEO-1 Reports for at least one year from the making of the record or the

personnel action. If an employee is involuntarily terminated, his/her personnel records must be retained for one year from the date of termination.

EMPLOYEE RETIREMENT INCOME SECURITY ACT (ERISA)

The ERISA reporting and disclosure obligations apply to all pension and welfare plans including summary plan descriptions, annual reports, reportable events, and plan termination, unless the Organization plan is exempt under ERISA. ERISA suggests the Organization should maintain all reports, documents, information, and materials for a minimum of six years in order to disclose and or support all transactions to participants and beneficiaries (and report to certain governmental agencies), as requested or needed.

EQUAL PAY ACT

Payroll records including timecards, wage rates, deductions from wages, and records explaining the difference in wage rates between men and women in similar positions should be kept for three years.

EXECUTIVE ORDER 11246

Applies to federal contractors and requires the preparation of affirmative action plans. Affirmative action plans must be updated annually and retained for two years along with all applications and other personnel records that form the basis of the Organization’s employment decisions. Generally, personnel and employment records must be retained for two years.

FAIR LABOR STANDARDS ACT (FLSA)

FLSA applies to employers engaged in or employees who work in interstate commerce and suggests the following records are retained for three years:

Payroll and other records containing employee’s name, birth date, gender, and occupation.

Employee’s beginning of workweek and time employee begins work. Regular rate of pay or other basis of payment.

Hours worked per day and for the workweek. Daily and weekly straight time earnings. Deduction from wages.

Total wages per pay period.

Date of payment and the pay period covered.

For exempt professional, executive and administrative employees, and those employed in outside sales, the employer must maintain records that reflect the basis on which wages are paid to permit calculations of the employee's total remuneration.

In addition, employers must keep for at least two years all records (including wage rates, job evaluations, seniority and merit systems, and collective bargaining agreements) that explain the basis for paying different wages to employees of opposite sexes in the same establishment.

FAMILY AND MEDICAL LEAVE ACT (FMLA)

FMLA applies to employers with 50 or more employees within a 75-mile radius and whose employee must have worked for at least one year and accumulated at least 1,250 hours of service with the employer during the previous year. FMLA suggests the following records are retained for 3 years.

Basic employee data including name, address, occupation, rate of pay, terms of

compensation, daily and weekly hours worked per pay period, deductions from wages, and total compensation.

Dates of leave taken by eligible employees. For intermittent leave, the hours of leave.

A copy of employee notices and documents describing policies and practices regarding leave.

Records of any dispute regarding the designation of leave.

IMMIGRATION REFORM & CONTROL ACT (IRCA)

IRCA applies to all employers and requires a signed Form I-9 to be retained for three years after the date of hire and at least one year after termination.

OCCUPATIONAL SAFETY & HEALTH ACT (OSHA)

OSHA applies to employers with 10 or more employees and suggests that the log of occupational injuries and illnesses is retained for five years. All other records should be retained for at least 30 years after employee separation. Other records include:

Occupational injuries and illnesses. The annual summary of injuries and illnesses.

Medical records and records of exposure to toxic substances.

REHABILITATION ACT OF 1973

Applies to federal contractors. If a charge or lawsuit is filed, keep records until final disposition of the charge or lawsuit. Otherwise, basic compliance suggests keeping personnel and employment records including requests for accommodation, physical exams, job advertisements and postings, applications, resumes and records regarding hiring, assignments, promotions, demotions, transfers, layoffs, terminations, rates of pay and selection for training for two years (only 1 year if contractor has less than 150 employees or a federal contract of $150,000 or less). Note: Affirmative action plans also may have to be maintained by the employer

RIGHT TO FINANCIAL PRIVACY ACT

The act establishes specific procedures and exceptions concerning the release of customer financial records to the federal government. It provides customers of financial institutions with a right to expect that their financial activities will have a reasonable amount of privacy from federal government scrutiny.

GUIDE TO RECORD RETENTION REQUIREMENTS

A good source of federal retention requirements is the "Guide to Record Retention Requirements" published by the Office of the Federal Register National Archives and Records Administration. It can be purchased from the U.S. Government Printing Office in Washington DC. Additional sources of information include IRS regulations, state and local government retention requirements or the AICPA (American Institute of Certified Public Accountants) Filing and Record Retention Procedures Guide.

IRS REVENUE PROCEDURE 98-25 RECORDS RETENTION

The Income Tax Regulations require that, except for farmers and wage-earners, any person subject to income tax, or any person required to file information.

return with respect to income, must keep such books and records, including inventories, as are sufficient to establish the amount of gross income, deductions, credits, or other matters reported. The books or records required must be kept available at all times for inspection by authorized internal revenue officers or employees and must be retained so long as the contents thereof may become material in the administration of any internal revenue law.

Note: Section 6.01 requires taxpayers to maintain and make available documentation of the business processes that (1) create the retained records, (2) modify and maintain its records, (3) satisfy the requirements of section 5.01(2) of the procedure and verify the correctness of the taxpayer's return, and (4) evidence the authenticity and integrity of the taxpayer's records.

Section 6.02 sets four elements that the documentation required under section 6.01 must establish: (1) the flow of data through the system, (2) internal controls that ensure accurate processing, (3) internal controls that prevent unauthorized record changes, and (4) charts of account.

Section 6.03 sets forth six specific types of documentation for each retained file:

(1) record formats, (2) field definitions, (3) file descriptions, (4) evidence that periodic checks are undertaken to ensure that data remains accessible, (5) evidence that the records reconcile to the taxpayer's books, and (6) evidence that the records reconcile to the taxpayer's return.

SOP # G&A 103 Revision: 2 Prepared by: Central Office **Effective Date:** 4/7/2022 Approved by: BOD

Title: G&A 103 ~~TRAVEL AND ENTERTAINMENT~~ G&A 103 BUSINESS TRAVEL AND REIMBURSEMENT

Policy:

The purpose of this policy is to establish consistent practices for business travel, entertainment, expenses, and reimbursements for Magnolia Public Schools ("MPS"). All business travel reservations must be made through the Organization's approved travel management platform and approved in advance by the employee's Supervisor or designated approver.

Employees are expected to use Organization funds responsibly and in accordance with established guidelines. Reimbursable expenses must be properly documented, submitted in a timely manner, and approved in compliance with this policy. MPS reserves the right to deny reimbursement for expenses that are outside policy guidelines or considered excessive, unnecessary, or non-business related.

The Organization will make reasonable efforts to provide safe and appropriate lodging, meals, and transportation accommodations for employees traveling on official business.

Employees participating in grant-funded trainings, conferences, or professional development opportunities are expected to attend once registration has been approved. Because grant funds are allocated based on confirmed participation, cancellations are permitted only in verified emergencies.

Purpose:

To provide guidelines for business travel and reimbursement procedures, ensure proper stewardship of Organization funds, and establish accountability expectations for employees participating in Organization-funded and grant-funded travel opportunities.

Scope:

This procedure applies to all departments and individuals who travel or entertain for the Organization.

APPROVAL AUTHORITY

All travel must be approved in writing before any arrangements are made. Approvals are based on travel type as follows

Travel Type	Required Approval
Local mileage / local meeting within budget	Supervisor or budget owner
Same-day conference or training outside normal worksite	Supervisor and budget owner
Overnight travel	Supervisor, budget owner, and Finance review
Out-of-state travel	CEO or designee and CFO
International employee travel	CEO, CFO, and Board approval
Student international travel	Board approval + CEO + CFO + risk/insurance review + student-trip checklist
Grant-funded travel	Program lead and Finance/grants allowability review before booking
CEO travel reimbursement	Board Chair or Treasurer
CFO travel reimbursement	CEO
Board member travel	Board Chair, Treasurer, or full Board depending on policy
Exceptions above policy limits	CFO and CEO; Board Chair for CEO exceptions

Responsibilities:

Employees

Employees are responsible for coordinating and completing all required arrangements for approved business travel when travel arrangements are not made on their behalf. Travel requests must be submitted for prior approval.

Supervisors / Principals

Supervisors and Principals are responsible for approving travel requests and ensuring travel expenses comply with this policy.

Finance Department

The Finance Department is responsible for reviewing documentation and processing approved reimbursements in accordance with PUR106 Reimbursements.

MPS Fiscal Policies and Procedures

Travel Arrangements

Travel may be arranged individually or through the Organization's designated travel management platform.

Employees arranging their own travel must obtain the best available pricing. Airfare should be booked at least fifteen (15) days in advance whenever possible.

All arrangements required for business travel are to be made individually or through the Supervisor.

All business travel arrangements must be approved in advance and processed through the Organization's approved travel management process whenever applicable.

Travel Expense Guidelines

Air Travel

- Economy class is required for all flights.
- For flights exceeding six (6) consecutive hours, premium economy may be approved by the CFO with advance written justification.
- Business or first-class airfare is not reimbursable.
- Employees should select the most cost-effective flight option.
- Direct flights may be booked when operationally justified.
- Preferred airlines may be used when cost and schedule are comparable.

Lodging

- Lodging arrangements should align with GSA guidelines and reasonable business standards.
- MPS will not require employees to share hotel rooms.
- Voluntary room sharing requires written agreement by both employees.
- Employees traveling with non-employees are personally responsible for any incremental lodging costs.

Meals

Meal	Organization Limit
Breakfast	Up to $18
Lunch	Up to $25

Dinner	**Up to $35**

Officers may include pre-trip meals under the same limits. Receipts required for all meal expenses. See PUR104 and PUR106 for additional details.

Car Rentals

- Rental vehicles should be reserved in advance whenever possible.
- Employees must select the most cost-effective vehicle class that satisfies business needs.
- Drivers must be authorized by MPS and meet applicable insurance requirements.
- Rental car insurance coverage shall follow MPS insurance carrier or broker guidance and may only be purchased when required by MPS risk management guidance, the rental jurisdiction, or the travel approval.

Personal Vehicles

- Personal vehicle use will be reimbursed at the current IRS mileage reimbursement rate.
- Mileage reimbursement requests must include dates, business purpose, and mileage traveled.
- Employees are responsible for maintaining legally required automobile insurance coverage.
- Parking tickets, towing fees, and moving violations are the employee's sole responsibility.

INTERNATIONAL TRAVEL

International travel requires advance approval as outlined in the Approval Authority section.

Employees traveling internationally must coordinate with Finance regarding:

Payment methods and Cash Advances

Cash advances are generally discouraged unless special circumstances apply.

Approved travel advances must be reconciled within ten (10) business days after return from travel.

Any unreconciled balance owed to the Organization may be deducted from future reimbursements or payroll, as permitted by law.

Direct billings to the Organization from motels, restaurants, etc. are not permitted unless previously authorized.

Direct billing arrangements require advance written approval from Finance.

NON-REIMBURSABLE EXPENSES

The following expenses are not reimbursable:

- Alcoholic beverages
- Airline lounge memberships or travel insurance unless specifically approved
- Personal entertainment expenses
- Personal medical expenses
- Parking tickets, traffic violations, or towing fees
- Babysitting or pet care expenses
- Grooming services
- Expenses for family members or guests unless specifically approved

Expense Reporting And Reimbursement

Employees must submit reimbursement requests through the Organization's financial system within sixty (60) days of the expense date.

All reimbursement requests must include:

- Required receipts
- Supporting documentation
- Supervisor approval
- Business purpose explanation

MPS Fiscal Policies and Procedures

Missing receipts require a written Missing Receipt Declaration and CFO approval.

All reimbursement requests must be submitted through the Organization's approved financial system with complete supporting documentation.

POLICY VIOLATIONS

Non-compliance may result in denial of reimbursement, personal liability for unauthorized charges, disciplinary action up to and including termination, or legal referral in cases of fraud or misappropriation. Supervisors and Principals who approve non-compliant expenses or fail to properly authorize non-exempt overtime are also subject to disciplinary action.

MPS Fiscal Policies and Procedures

SOP # G&A 104 Revision: 2 Prepared by: Central Office **Effective Date**: 4/7/2022 Approved by BOD

Title: G&A104 MANAGEMENT REPORTS

Policy:

Back-office provider and MPS will prepare summary reports of vital operating statistics for the Organization, including revenues, current debt, operating cash, accounts receivable and projected short-term cash flows. These reports are to be prepared and are to supplement detailed monthly and quarterly financial reports and are to be used for timely "hands-on" management.

Purpose:

To provide the format and content requirements for preparation of the Financial Reports.

Scope:

The procedure applies to the Back-office provider and the Finance personnel required for preparation of these reports.

Responsibilities:

Back-office provider and MPS Finance personnel will be responsible for assuring effective and informative reporting for the Organization.

Procedure:

PREPARATION GUIDELINES

Financial reports that provide management the necessary information to understand whether the Organization is progressing as planned are prepared monthly or as needed.

Back-office provider maintains electronic copies of all reports and analyses.

FINANCIAL REPORTS

The Chief Financial Officer should review accounting program financial reports on a regular basis.

CASH FLOW REPORT

The Cash Flow Report represents a summary of the cash flowing through the Organization in the near term and identifies any potential shortfall that might occur in the near future before it occurs. The Cash Flow Report should be reviewed at least monthly by the Chief Financial Officer. This report supplements the detailed monthly and quarterly financial statement reports and provides a quick look at the cash performance of the Organization.

The Cash Flow Report should include projected operating cash balances for each month with estimated cash receipts by major classifications and projected disbursements by major account classifications.

Back-office provider will notify the Chief Financial Officer of any shortfall so that the Organization may determine alternative courses of action to rectify the situation.

BUDGET VS. ACTUAL REPORT

The Budget vs. Actual Report represents a comparison of planned operating expenses to the actual expenses incurred for the period. The objective is to highlight results against plan, percentages and variances and thus provide a basis for management decisions. The Budget vs. Actual Report is prepared and maintained by the Back-office provider on a monthly basis.

FINANCIAL STATEMENTS

The Chief Financial Officer, Chief Executive Officer, and the Board of Directors should review the Financial Statements monthly for each board meeting. This report provides one indication of the performance of the Organization.

The Financial Statements typically consist of three main parts: The Statement of Financial Position, Statement of Activities, and the Statement of Cash Flows (Statement of Cash Flows quarterly).

The Statement of Financial Position (Balance Sheet) lists all of the Organization’s assets (cash, receivables, deposits, inventory, equipment, intellectual property, etc.), liabilities (debt, lease obligations, etc.) and net assets. It identifies the assets (which are “the business”) and the financiers, or debt and equity holders and the relationship between the two.

The Statement of Activities represents the Organization’s operational sources of cash – revenue – or uses – business expenses and is typically divided into operating periods

that represent months, quarters or years of operations. It identifies the profitability of the Organization as a function of the accounting decisions.

The Statement of Cash Flows is the difference between the Statement of Financial Position sources and uses of cash and the Statement of Activities sources and uses of cash. This difference assists in identifying the health of the Organization's operations. It identifies whether the Organization is producing cash or consuming cash and at what rate and from what sources.

Accounting Policies, Procedures and Forms

The Financial Statements should be produced after the close of the Organization's period (see procedure G&A 105 PERIOD-END REVIEW & CLOSING). The final Financial Statements form the basis for the Organization's formal presentations to the Board of Directors, or other stakeholders such as banks, outside agencies, or creditors in accordance with procedure G&A 109 CONFIDENTIAL INFORMATION RELEASE.

MPS Fiscal Policies and Procedures

SOP # G&A 105 Revision: 2 Prepared by: Central Office **Effective Date:** 4/7/2022 Approved by: BOD

Title: G&A 105 PERIOD-END REVIEW & CLOSING

Policy:

An orderly, timely and comprehensive review of all general ledger accounts should be performed or directed by the Chief Financial Officer to ensure an accurate representation of the company's financial statements. These practices are aimed at proving that the financial accounts are accurate, and if not, are properly adjusted to make them accurate, prior to closing.

Purpose:

To provide a general overview of the process to be completed for reviewing the accounting records at year-end or any particular month-end prior to closing.

Scope:

These practices apply to all accounts. Typically, all financial accounts are reviewed and then closed out as of the company's year-end.

Consequently, the procedures that follow are discussed in reference to year-end review. However, a subset of these procedures is also applicable to month-end reviews. Month end procedures are identified near the end of this module.

Responsibilities:

Back-office provider is responsible for creating and reviewing all period-end activities to ensure the period-end financial statements accurately reflect the results of the Organization’s activities. All general ledger adjustments should be approved by designated Finance team members.

CLOSING PREPARATIONS

The following procedures would be expected for monthly closing:

- Reconcile all bank accounts
- Print and compare the aged receivables and payables to the general ledger. Make appropriate adjustments to balance the accounts.
- Review all Statement of Financial Position and Statement of Activities accounts for completeness

- Retain all above reports in a monthly summary file.

STATEMENT OF FINANCIAL POSITION: ASSETS

Cash accounts - prepare the bank reconciliations for year-end balances per the bank statement to the balance per books for each account. The year-end reconciliation is especially important for preparing the final year-end financial statements to ensure that it is completely accurate.

Show origination dates and description of each reconciling item. Prepare the necessary journal entries to adjust to the reconciliations. Totals must agree with the general ledger. File all reconciliation reports in the year-end closing file.

Accounts Receivable – Print a detailed aged accounts receivable report and reconcile it to the General Ledger. This can be prepared as soon as all accounts receivable are calculated as of year-end. Calculate possible allowances for un- collectible accounts. Adjust prior allowances to the calculated amount. Write off any unlocatable differences. Retain a complete copy of the detailed accounts receivable, along with any reconciling adjustments in the year-end closing file.

Inventory – Supplies inventory may be small but should be evaluated periodically for cost increases.

Capital Assets - Update the detailed schedule of fixed assets with any additions and deletions and reconcile to the general ledger balances.

Other Assets - Other assets include utility or real estate deposits, prepaid insurance, advances to employees, and intangibles like store pre-opening costs. These should all be identified and documented. For example, a copy of the initial deposit with the utility company, or a list of the facility pre-opening costs with a schedule showing how much of those costs are to be amortized each year. File copies of these documents in the year-end closing file.

STATEMENT OF FINANCIAL POSITION: LIABILITIES AND NET ASSETS

Liabilities are shown as the amount to be paid in the subsequent period. If in doubt, record the liability.

Accounts Payable - Print a detailed aged accounts payable report and reconcile it to the general ledger. This is generally completed 2 to 4 weeks after the year-end to ensure

that all vendor invoices relating to services and merchandise purchased have been received and entered.

Compare all month-end vendor statements to balances per accounts payable and investigate any differences. Consider making adjustments for any significant unrecorded liabilities such as work started prior to year-end but not yet billed by the supplier. Retain a complete copy of the accounts payable detail, along with any reconciling adjustments, in the year-end closing file.

Accrued Expenses - Review accruals for sales tax, payroll, payroll tax, payroll deductions payable, interest expense on short-term borrowings and long-term debt.

Loan Debt - Verify recorded accuracy of debt by ensuring the general ledger balances agree

Contingent Liabilities and Commitments - Prepare a schedule of any outstanding litigation and possible losses. Prepare a schedule of all long-term rental agreements with amounts due by year for the next five years. Retain these schedules in the year-end closing file.

Net Assets - Record any changes in the Prior Period Adjustment category but ordinarily this account does not have any transactions directly posted to it.

STATEMENT OF ACTIVITIES: REVENUE & SUPPORT

Revenue & Support – Review all program revenue, reimbursement billings, and any other donations.

Additionally, the Chief Financial Officer and back-office provider should periodically review revenue trends, costs associated with revenues, variable expenses and fixed expenses. Look for patterns, new trends, seasonal variances, or profitable emerging products that may indicate changes in customer or program behavior.

The Chief Financial Officer and back-office provider should analytically review the revenue reports and explain all variances.

STATEMENT OF ACTIVITIES: EXPENSES

Each expense total should be compared to expense total from the year before (and budgets if applicable). Attempt to explain any unusual variances. Some expense items are directly related to asset or liability accounts and can be reconciled in conjunction with the related Statement of Financial Position account.

MPS Fiscal Policies and Procedures

Program Costs - A detailed report should be produced on program costs and analyzed in relation to the associated revenues and to prior periods.

Payroll - At year-end, the various payroll expense accounts should agree to total gross payroll per payroll reports. Account for all deductions for W-3 reported to the Social Security Administration, 1099s for vendors, as well as FICA and other taxes reported accordingly.

Bad Debt Expense - Prepare a list of all accounts written off during the year. Note specifically any addition to the allowance for uncollectible accounts.

Interest Expense - Prepare a schedule of interest expense by source. Reconcile amounts to short-term borrowings and long-term debt.

Revision History:

REVISION	DATE	DESCRIPTION OF CHANGES	REQUESTED BY
0	2/14/13	Initial Release	

MPS Fiscal Policies and Procedures

SOP # G&A 106 Revision: 1 Prepared by: Central Office **Effective Date:** 9/5/17 Approved by: BOD

Title: G&A 106 CONTROLLING LEGAL COSTS

Policy:

The Organization will employ various methods to manage and whenever possible, minimize legal expenses.

Purpose:

To describe the procedures for managing and controlling associated legal expenses.

Scope:

This statement applies to all individuals with the responsibility for contracting legal services and/or approving agreements, contracts, or any other legally associated transactions.

Responsibilities:

Chief Executive Officer will resolve, negotiate, and examine all legal expenses.

Legal Counsel should provide the estimated costs of legal engagements and the most likely outcome.

Definition:

Arbitration - is a private, informal process by which all parties agree, in writing, to submit their disputes to one or more impartial persons authorized to resolve the controversy by rendering a final and binding award, which is enforceable in court. It can be used for a wide variety of disputes from commercial transactions to labor grievances.

Declaratory Judgment - is a binding judgment issued by the court that defines the legal relationship between the parties and their rights with respect to the matter before the court. Commonly used in contract disputes (especially useful if no physical agreement exists and/or a suit has not been filed yet) to clarify what conduct is permitted or prohibited by the contract or to clarify the contract if necessary.

A declaratory judgment provides the opposing party (defendant) with the opportunity to pick and choose the venue or jurisdiction, and the parties to the litigation. In this manner

the opposing party can steal the initiative, direct the litigation, and maximize its chances of winning.

Procedure:

MPS may use negotiation, mediation, arbitration, administrative resolution, or litigation depending on the matter type, contract terms, legal requirements, insurance coverage, public accountability considerations, and advice of counsel. Arbitration clauses shall not be inserted into standard contracts without legal review and approval by the authorized contract owner.

ARBITRATION

Whenever practical, the Organization should utilize arbitration to resolve disputes. Arbitration can significantly reduce the amount of time and legal fees to resolve a dispute. The major features of arbitration are:

- A written agreement to resolve disputes by the use of impartial arbitration. Such a
  provision can be inserted into a contract for the resolution of possible future disputes or can be an agreement to submit to arbitration of an existing dispute.
- Under the rules of arbitration, the procedure is relatively simple and informal. Strict
  rules of evidence do not apply; there is no motion practice or formal discovery; no requirements for transcripts of the proceedings or for written opinions of the arbitrators. The rules are flexible and can be varied by mutual agreement of the parties.
- Impartial and knowledgeable neutrals serve as arbitrators. Arbitrators are selected
  for specific cases because of their knowledge of the subject matter. Based on that
  experience, arbitrators can render an award grounded on thoughtful and thorough analysis.
- Final and binding awards which are enforceable in a court. Court intervention and review is limited by applicable state or federal arbitration laws, and award enforcement is facilitated by these same laws.

The following standard clause should be inserted whenever practical into contracts, agreements, etc. to provide for the arbitration of possible future disputes:

> "Any controversy or claim arising out of or relating to this contract, or the breach thereof, shall be settled by arbitration in accordance with the Commercial [or applicable] Rules of the American Arbitration Association and judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction thereof."

The arbitration of existing disputes may be accomplished by mutual agreement of parties with the use of the following terminology:

> "We, the undersigned parties, hereby agree to submit to arbitration under the Commercial [or applicable] Rules of the American Arbitration Association the following controversy.
>
> We further agree that we will faithfully observe this agreement and the rules, and that we will abide by and perform any award rendered by the arbitrator(s) and that a judgment of the court having jurisdiction may be entered upon the award."

LEGAL SERVICES

All legal documents prepared for the company's use, such as vendor contracts, employment agreements, sales orders, etc. should be written in common language and whenever possible should avoid the use of legalese or jargon. Legalese tends to complicate even simple arrangements and often unnecessarily requires the incurrence of legal assistance for mere interpretive purposes.

Before undertaking legal disputes, the Organization's legal counsel should ascertain and inform the Organization of the estimated costs that will be incurred for the legal engagement and the probable or most likely outcome of the case along with the probable amount of any awards or judgments. Use this information to produce a budget and clarify any matters that are increasing the budget. A budget will provide some assurance that the legal counsel has thought the matter through, and it will also provide a baseline to determine the legal utility obtained from the matter.

Use legal action only as a last resort. Legal action is frequently not very effective. In fact, a threatened action — particularly with intellectual property — could result in a preemptive declaratory judgment lawsuit by the other party thus giving them the “homefield” advantage, which could lead to higher legal costs.

MPS Fiscal Policies and Procedures

LEGAL BILLINGS

Consider negotiating a “money-back” guarantee with the right to audit any bill for up to six months. Request that all fees that are proven to be unnecessary or excessive be returned. Then examine all legal bills for any such unnecessary or excessive transactions.

Many times, legal bills are aggregated, vague and too uninformative to be useful in controlling costs. Therefore, all legal arrangements contracted by the Organization should require itemized billings to include the following information:

Start and end times and dates of each service transaction Detailed description of services provided or work performed Distinct itemization of each individual performing services

Examine all internal discussions or conferences and note exactly who is working on the case and why. Ask for a justification for all attorneys working on the case.

Consider alternatives such as contingent fees, fixed fees, and monthly retainers. All fees are negotiable.

MPS Fiscal Policies and Procedures

SOP # G&A 107 Revision: 2 Prepared by: Central Office **Effective Date:** 9/5/17 Approved by: BOD

Title: G&A107 TAXES AND INSURANCE

Policy:

To ensure compliance with all Federal, state, local, and other regulatory taxation requirements

Purpose:

To outline the general areas of taxation. To be used as a checklist or guide in complying with tax requirements related to each specific location and organizational structure.

Scope:

This statement applies to the business activities of the company.

Responsibilities:

The Finance team and back-office provider responsible for determining all tax liabilities and fees, and the dates due

Back-office provider is responsible for ensuring the timely payment of all tax liabilities and fees.

Procedure:

ORGANIZATION FEES AND TAXES

Fees and taxes will vary depending on the legal structure of the business activity. The Organization is a Not-For-Profit organization; however, there may be from time-to-time revenue earned that is taxable as if the Organization were a For- Profit entity and those profits would be considered Unrelated Business Income and subject to tax.

The Finance team and back-office provider should check with the secretary of state, registry of charitable trusts, the IRS, and any other agency that non-profit organizations may pay fees with in order to ensure all fees are paid in a timely manner. Failure to pay such fees can result in the loss of the company’s legal status or structure.

UNRELATED BUSINESS INCOME TAX

Activities conducted not related to the exempt purpose of the Organization can be subject to unrelated business income tax.

PAYROLL FEES AND TAXES

The Federal and state governments charge an unemployment tax, based on a specified minimum amount of each worker's salary level. For most states, the rate can change from business to business depending on the Company’s history of claims and the economic health of the state in which the Company is located. Most of Magnolia’s schools participate in the School Employers’ Fund (SEF) for unemployment insurance.

Worker's compensation insurance may be imposed by a state like a tax. It can also vary based on the amount of payroll, past history of worker's compensation claims, and the type of work in which the business is engaged. This coverage is generally arranged through an insurance company.

At the Federal level, payroll is taxed at a uniform rate for Social Security and Medicare. These two taxes are evenly shared between the company and the employee up to certain levels of income. Additionally, personal income taxes, based on the employee's compensation, must be withheld from the employee's earnings and remitted to the government by the company, along with the company's and employee's share of Social Security and Medicare taxes.

In California, a portion of the employee's compensation is also withheld and remitted to the state by the Organization.

Other payroll withholdings, mandated by Federal or state requirements, may require wage garnishments to fulfill a bankruptcy edict or childcare payment requirement.

The Treasury Department and or the Internal Revenue Service (IRS) collects all monies due to the Federal Government. Technically, withholding amounts deducted from a paycheck are considered the government’s money and the business owner is temporarily holding the money, in deposit, until it can be transferred to the government. Any failure to pay in a timely fashion is considered a serious matter by the IRS and will not be ignored.

The IRS will impose a penalty for failing to pay the required withholding amounts on time. In addition, interest will be charged until the amount is paid. Both interest and penalties imposed by the IRS can add up significantly.

Therefore, the IRS is not a good source to “borrow” money from if cash is tight. Note: Money due to the IRS is NOT dischargeable in bankruptcy.

Certain local municipalities charge an Earnings tax based on payroll, income, assets, stock options granted or any combination. Check with the city clerk for details.

EXCISE TAXES

There are many different federal government taxes or fees imposed on the commerce of different types of businesses. The following represents the most common.

- Penalties and interest may result from any of the following acts.
- Failing to collect and pay over tax as the collecting agent.
- Failing to keep adequate records.
- Failing to file returns. Failing to pay taxes.
- Filing returns late.
- Filing false or fraudulent returns.
- Paying taxes late.
- Failing to make deposits.
- Depositing taxes late.
- Making false statements relating to tax.
- Failing to register.

OTHER TAXES AND CREDITS

Many states, counties, and cities impose real estate taxes. The Organization should ensure that where possible the Organization has applied for exemption from property taxes as a non-profit organization.

Sales and Use Taxes – at this time, the Organization does not sell any products and is not subject to sales tax. However, they may make purchases from out of state vendors that are subject to California Use Tax. Such expenditures are monitored and reported, and payment is remitted q~~uarterly to the Board of Equalization.~~**California Department of Tax and Fee Administration (CDTFA)** on a quarterly basis.

TAX PAYMENTS

The Finance team should create and maintain a detailed tax calendar as a guide, which provides a sample guide to some of the most common taxes. The guide should serve a reminder of tax due dates.

MPS Fiscal Policies and Procedures

INSURANCE

Insurance needs for a business can be grouped into two broad categories, those that are directed at safeguarding assets and those that are furnished as employee benefits. Employee benefit insurance such as, health insurance, disability insurance and key man life insurance, should be considered in light of its importance in the entire employee compensation mix and in light of the personal needs of the company's owner(s).

Insurance used for safeguarding company's assets includes: property, causality, keyman and professional liability insurance, as well as auto insurance, errors and omissions, directors' liability or business interruption insurance. The levels and terms of these policies should be determined based upon the value of the assets at risk and creditor or state and local requirements.

Businesses with a lot of employees should consider employment practices liability insurance covers businesses against some types of employee lawsuits including:

- Sexual harassment
- Discrimination
- Wrongful termination
- Breach of employment contract
- Negligent evaluation
- Failure to employ or promote
- Wrongful discipline
- Deprivation of career opportunity
- Wrongful infliction of emotional distress
- Mismanagement of employee benefit plans

Certificates of insurance may be required to be on file or on display depending on governmental requirements. It is important to consider that the insurance policy is a contract. Each year's policy should be saved in a permanent file. A product liability suit can go back many years, and if the potential claim is significant, the protection afforded by the prior year's insurance coverage will be improved if that year's policy has been saved.

Title: G&A108 PROPERTY TAX ASSESSMENTS

Policy:

All property tax assessments will be reviewed for accuracy and proper assessed valuations to ensure minimum property tax costs to the Organization.

Purpose:

To outline the areas for review in assessments and methods for appealing overstated assessments. A Non-Profit property tax exemption is the preferred method to minimize property taxes.

Scope:

This statement applies to the Finance Department for property tax assessments for all sites owned by the Organization.

Responsibilities:

The Chief Financial Officer is responsible for reviews of Assessments including the review of Property Descriptions, validating record accuracy and submitting appeals to local Assessor’s Offices.

Procedures:

REVIEW OF ASSESSMENTS

All assessments are to be promptly reviewed. Many jurisdictions only allow a challenge to an assessment within 30 days after the annual notice of assessed value is sent. If the Finance Department misses the deadline, the Organization loses the chance to reduce the year's property taxes. There are normally no refunds for prior years' property taxes even if successfully challenged in the future. Often, it may be advisable to begin the analysis process prior to receiving the assessment notice.

When reviewing an assessment, the first step is to find out how the property was assessed. Ask for a full explanation of how the assessed value was derived. Assessors are usually cooperative in providing this information.

Upon receipt of the basis for assessment, the following factors should be reviewed:

Note: Do not make the mistake of thinking property has received a favorable low assessment just because its assessed value is less than its market value. Many jurisdictions use "assessment ratios" that are a percentage of market value. What is important is the amount of a property's assessment compared to those of similar properties. A below market assessment may in fact be very high.

Research Similar Properties: Tax assessments are part of the public record. Assessments of similar properties to the Organization's should be looked up to see that the Organization's assessment is in line. The objective is to find assessed values for similar properties that are far lower than the Organization's. For example, organization locations within industrial parks or similar developments should be easy to find very similar properties for comparison.

Review Property Descriptions and Accuracy of Records: Review records for possible clerical errors. Ensure that property descriptions are correct and the building size (total square feet) is not overstated. Make sure that all dates are correct and that all calculations are properly computed. A wrong construction date or simple mathematical error can increase tax valuations.

Deflate Property Valuations: Tax assessors generally value property on the basis of historical cost and the recent sales prices of other properties in the area. Often, when figuring local property taxes, numbers reported on the federal tax return will be used. Depreciable assets are valued at cost on the federal return when figuring depreciation deductions. However, the appropriate assessment for market value for property tax purposes may very different. Further, instead of performing actual physical inspections or assessments of properties every year, local assessors use "equalization ratios" to adjust the annual assessment. The equalization ratio is a type of an inflation adjustment meant to reflect the current general trend in property values. However, the current trend in property values may not apply to the Organization's property.

If the Organization can provide solid reasons for using different measures to value property, it may be able to receive a reduction in property taxes. Possible valuation methods can include:

- **Income Production:** Measure the current value of the cash flow stream generated by the property, which may be substantially lowered during a recession.
- **Replacement or Reproduction Cost:** How much would it cost to replace or reproduce the property should be determined. For example, if the construction

industry is in a downturn, the cost to replace the property may be less than what the Organization paid for the property.

Also, the Organization should evaluate if it incurred any construction cost overruns due to bad weather, labor disturbances, material shortages, etc., that may have increased the cost of a new building without adding to its value. Decorative features may also add much less value than their actual cost.

- **Market Prices:** The actual recent sales of similar properties may show that the Organization's property is over-assessed.

Unique Features or Business Obsolescence: Changes to the characteristics of the property or features specific to the Organization's business may reduce its value. Examples can include:

- Change in zoning restrictions that limit the use of the property.
- Changes in neighborhood logistics, such as a median divider placed in a highway that deprives a location from access to customers, rerouting of a highway, closing of
  a railroad line or economic decline in the area that forces the Organization's traditional customer base to move away.
- Obsolete design for the Organization's particular business needs such as a facility that has been specially designed to hold machinery that has been made obsolete by
  a competitor's innovation or a communications facility built with conventional wiring that is obsolete due to a switch in the industry to the use of fiber optics.
- Unique design aspects which meet Organization needs but would reduce the value of a property to others.
- A general downturn in the Organization's industry.

Including Personal Property in Building Valuations: Property that is movable is personal property and should not be included in a valuation of the building. Many items such as piping, wiring, climate control systems, generators, special supports and foundations for equipment may look like part of the building to the assessor but should not be included in the building's assessment.

Where the Organization is renting classroom or other facilities with triple net leases that includes property taxes that the Organization paid, the Organization should consider evaluating the lease location for the possibility that the landlord has not lowered the property taxes or is charging an unfair higher property tax to the Organization.

Under all circumstances the Organization should seek a property tax exemption or waiver. Oftentimes the County will assess taxes for the first year, and the waiver will apply thereafter.

APPEALING OF ASSESSMENTS

If upon review of the assessment and all other factors, the Finance Department believes a downward adjustment to the property assessment is appropriate, an appeal should be prepared. Experience has shown that if an organization presents a sound argument for challenging an assessment, the Organization has an excellent chance of receiving some type of tax reducing adjustment even if it is less than the Organization had requested.

The appeal case should include documentation of the above findings. It is important to keep in mind that the property tax assessor may not be familiar with the details of the Organization's business or industry, so the Organization must prepare to explain how such factors may affect a property's value.

Once a sound case is prepared, an appeal can be sought by simply calling the local assessor's office and asking for an appointment to discuss the assessment. The meeting with the local assessor will generally be informal. It is important to not be adversarial with the assessor but to present the attitude that the Organization is helping the assessor to reach a more accurate valuation for the property by presenting additional information.

If the Organization does not receive any or a large enough adjustment, an appeal may be made with the local Board of Appeals. These meetings will probably be more formal, and the Organization may wish to provide expert testimony or obtain an independent appraisal of the property to present to the Board of Appeals.

MPS Fiscal Policies and Procedures

SOP # G&A 109 Revision: 1 Prepared by: Central Office **Effective Date:** 9/5/17 Approved by: BOD

Title: G&A109 CONFIDENTIAL INFORMATION RELEASE

Policy:

The release of financial, statistical or other information that may be of a confidential nature to the Organization should be controlled. Individual requests should be referred to the Chief Financial Officer, or appropriate manager for disposition.

Purpose:

To provide a means for the control of information to banks, media, credit bureaus, or other agencies and organizations.

Scope:

All requests by an outsider to an employee regarding financial, revenue, marketing, customers, personnel, vendors, or other Organization confidential information. If in doubt, verify with the Chief Financial Officer

Responsibilities:

Chief Financial Officer is responsible for safeguarding all Organization information and determining the appropriate level of detail for release.

The Finance Department shall oversee all responses to all reference requests.

Procedure:

FINANCIAL INFORMATION REQUESTS

Typical written requests are for additional information concerning details of the published financial statements, litigation progress, insurance coverage, names of investors, etc. If the request is by letter or other written correspondence, the material shall be forwarded to the Chief Financial Officer who will decide what information may be released and who will be authorized to reply.

If the request is by telephone or a personal visit to our office, the requester should be referred to the Chief Financial Officer. If either is unavailable, the requester should be asked to provide their name, Organization, telephone number and address, if possible.

Also, they should be asked the reason for the request and a brief description of the information desired. This information should be written down and forwarded to the Chief Financial Officer for follow-up.

The Chief Financial Officer should determine the appropriate response for each request. Formal Financial Statement presentations to the Board of Directors, or other stakeholders such as banks, should be accompanied by an opinion or comment from the Organization's Certified Public Accountant (CPA) prior to any formal presentation. (If no outside CPA review is obtained then some people may consider the Financial Statements as "Pro-Forma" and then request copies of completed tax returns). The

Chief Financial Officer or designated Finance team member will examine the Financial Statements and prepare a formal version to one of three standards: compiled, reviewed or audited. The Organization should use an economically appropriate CPA standard sufficient to satisfy outside requirements.

The CPA standards are as follows:

- Compiled Financial Statement. The CPA is unable to make any assurances on the
  data or methods used to produce financial statements. The CPA will re-cast the financial statements into a standard format (as per Generally Accepted Accounting
  Principles or GAAP) with a disclaimer that the statements are un-audited and the information is solely derived from the management of the business entity.
- Reviewed Financial Statement. The CPA is able to make some limited assurances
  that material changes are not required in order for the Financial Statements to be in
  conformity with GAAP. The CPA uses limited inquiry and some analytical procedures
  to ascertain the reasonableness of the statements. The information is then re-cast
  into a standard format with appropriate footnotes and a disclaimer that the statements are un- audited and only a limited inquiry has been made into the reasonableness of the information.
- Audited Financial Statement. The CPA provides assurance, through an opinion letter, that the financial statements are a fair representation of the financial position, results of operations, and cash flows of an entity. This opinion is given

after a detailed review and verification of the accounting records and processes used to
produce data. Verification steps include various analytical procedures, client surveys, third party confirmation, and detailed accounting record reviews.

Any irregularities found could lead to either a “qualified” opinion, to indicate that something is inconsistent with GAAP, or an “adverse” opinion, which calls into question the reliability of the information itself. The CPA considers an adverse opinion very serious.

Some types of confidential information may require the signing of G&A109 Ex1 NONDISCLOSURE AGREEMENT, prior to release. This may include requests for product release schedules, development plans, elements of corporate strategy, customer lists, intellectual property, financial information, legal proceedings, or time sensitive information.

PERSONNEL INFORMATION REQUESTS

The Office Manager shall oversee all responses to all reference requests. No other employee, including a former employee’s immediate supervisor, shall be authorized to respond independently without first obtaining approval from People and Culture.

All requests should be in writing, using Organization letterhead, indicating in that letter that the subject of the reference request has applied for a job. Information is not to be provided over the phone.

Each response shall be obtained only from people with first-hand knowledge of the employee’s performance.

The Office Manager shall review all responses to ensure that:

- Only factual information about the employee’s job performance and qualifications for employment are included in the response. At no time should a response include emotions, personal feelings, rumors, non-work-related comments or exaggerations
- If at all possible, it is important that some form of documentation or solid evidence supports all information provided in the response.
- Retain a copy of all responses, including the contents of any oral response, in the former employee’s personnel file.

CREDIT REFERENCE INQUIRIES

MPS Fiscal Policies and Procedures

All credit reference requests should be in writing. Information requests should be directed to the Office Manager and are not to be provided over the phone.

The Office Manager should review the Credit Inquiry form for completeness prior to responding. Retain a copy of all responses, including the contents of any oral response, in the customer's file.

MPS Fiscal Policies and Procedures

G&A 109 Ex1 NONDISCLOSURE AGREEMENT

This NONDISCLOSURE AGREEMENT is made and entered into as of (DATE) between (THE ORGANIZATION NAME, STATE OF INCORPORATION AND ADDRESS), and (OTHER PARTY NAME, STATE OF INCORPORATION AND ADDRESS).

Purpose. The parties wish to explore and/or implement a business opportunity of mutual interest, and in connection with this opportunity, each party may disclose to the other certain confidential technical and business information that the disclosing party desires the receiving party to treat as confidential.

"Confidential Information" means any information disclosed by either party to the other party, either directly or indirectly, in writing, orally or by inspection of tangible objects (including, without limitation, documents, prototypes, samples, plant and equipment) that is designated as “Trade Secret”, "Confidential", "Proprietary" or some similar designation, or is of such a nature or has been disclosed in such a manner that it should be obvious to the receiving party that such is claimed as confidential. Information communicated orally shall be considered Confidential Information within a reasonable time after the initial disclosure. Confidential Information may also include information disclosed to a disclosing third party by third parties. Confidential Information includes, without limitation, a disclosing party's trade secrets, know-how, intellectual property and proprietary information as well as business plans, financial data and the status and terms of any discussions between the parties regarding a potential business transaction. Confidential Information shall not, however, include any information that (i) was publicly known and made generally available in the public domain prior to the time of disclosure by the disclosing party; (ii) becomes publicly known and made generally available after disclosure by the disclosing party to the receiving party through no action or inaction of the receiving party; (iii) is already in the possession of the receiving party at the time of disclosure by the disclosing party as shown by the receiving party's files and records immediately prior to the time of disclosure; (iv) is obtained by the receiving party from a third party without a breach of such third party's obligations of confidentiality; (v) is independently developed by the receiving party without use of or reference to the disclosing party's Confidential Information, as shown by documents and other competent evidence in the receiving party's possession; or (vi) is required by law to be disclosed by the receiving party, provided that the receiving party gives the disclosing party prompt written notice of such requirement prior to such disclosure and assistance in obtaining an order protecting the information from public disclosure.

Non-use and Non-disclosure. Each party agrees not to use any Confidential Information of the other party for any purpose except to evaluate and engage in discussions concerning a potential business relationship between the parties. Each party agrees not to disclose any Confidential Information of the other party to third parties or to such party's employees or agents, except to those employees or agents of the receiving party who are required to have the information in order to evaluate or engage in discussions concerning the contemplated business relationship. A receiving party shall be responsible and liable for the action of its employees and agents with respect to a disclosing party's Confidential Information and shall fully cooperate with the disclosing party in enforcing any rights of the disclosing party against any such person in connection with a breach of this Agreement. Neither party shall reverse engineer, disassemble or decompile any prototypes, software, or other tangible objects that embody the other party's Confidential Information and that are provided to the party hereunder. Neither party shall hire any employees of the other during the term of this Agreement and for a period of two years thereafter.

Maintenance of Confidentiality. Each party agrees that it shall take reasonable measures to protect the secrecy of and avoid disclosure and unauthorized use of the Confidential Information of the other party. Without limiting the foregoing, each party shall take at least those measures that it takes to protect its own highly confidential information and shall ensure that its employees and agents who have access to Confidential Information of the other party have signed a Non-use and Non-disclosure agreement in content similar to the provisions hereof, prior to any disclosure of Confidential Information to such employees and agents. Neither party shall make any copies of the Confidential Information of the other party unless the other party previously approves the same in writing. Each party shall reproduce the other party's proprietary rights notices on any such approved copies, in the same manner in which such notices were set forth in or on the original.

Ongoing Development. Nothing in this Agreement shall prohibit or restrict either party's right to develop, use or market products or services similar to or competitive with those of the other party disclosed in the Confidential Information as long as such shall not otherwise be a breach of this Agreement. Each party acknowledges that the other may already possess or have developed products or services similar to or competitive with those of the other party disclosed in the Confidential Information. Each party shall remain free to use in the course of its business its general knowledge skills and experience incurred before, during or after the date of this Agreement and the activities hereunder.

No Obligation. Nothing herein shall obligate either party to proceed with any transaction between them and each party reserves the right, in its sole discretion, to terminate the discussions contemplated by this Agreement concerning the business opportunity. Upon termination of such discussions the parties shall return all Confidential Information as provided in paragraph 8 and shall have no further rights to evaluate or use the Confidential Information of each other for any purpose whatsoever.

No Warranty. ALL CONFIDENTIAL INFORMATION IS PROVIDED "AS IS." THE PARTIES MAKE NO REPRESENTATIONS OR WARRANTIES, EXPRESS, IMPLIED OR OTHERWISE, REGARDING THE ACCURACY, COMPLETENESS OR PERFORMANCE OF ANY OF ITS RESPECTIVE CONFIDENTIAL INFORMATION.

Return of Materials. All documents and other tangible objects (except for any tangible objects purchased by a party) containing or representing Confidential Information that have been disclosed by either party to the other party, and all copies thereof which are in the possession of the other party, shall be and remain the property of the disclosing party and shall be promptly returned to the disclosing party upon the disclosing party's written request.

No License. Nothing in this Agreement is intended to grant any rights to either party under any patent, mask work right, trademark, trade secret or copyright of the other party, nor shall this Agreement grant any party any rights in or to the Confidential Information of the other party except as expressly set forth herein.

Term. The obligations of each receiving party hereunder shall survive until such times as all Confidential Information of the other party disclosed hereunder becomes publicly known and made generally available through no action or inaction of the receiving party. Notwithstanding the surviving obligations of a receiving party to maintain the confidentiality of a disclosing party's Confidential Information either party may at any time given written notice to the other party that it does not desire to receive any additional Confidential Information from the other party. After receipt of such notice, such party shall no longer furnish its Confidential Information to the notifying party.

Remedies. Each party agrees that any violation or threatened violation of this Agreement may cause irreparable injury to the other party, entitling the other party to seek injunctive relief in addition to all other legal and equitable remedies.

General Provisions. This Agreement shall bind and inure to the benefit of the parties hereto and their successors and assigns. This Agreement shall be governed by the laws of the ~~State of Missouri~~ , State of California without reference to conflict of laws

principles. This document contains the entire Agreement between the parties with respect to the subject matter hereof. Any failure to enforce any provision of the Agreement shall not constitute a waiver thereof or of any other provision. This Agreement may not be amended, nor any obligation waived, except by a writing signed by both parties hereto. (THE ORGANIZATION).

Title: G&A 110 DOCUMENT CONTROL

Policy:

All documents used to provide work direction or set policy should be reviewed, approved, distributed, and controlled by the office of the Chief Financial Officer.

Purpose:

To define the methods and responsibilities for controlling documents used to provide work direction or set policy, and to define methods for document revision, approval, and distribution.

Scope:

This procedure applies to all documents required by the Accounting Management System. Documents of internal or external origin are included.

Responsibilities:

The Chief Financial Officer is responsible for controlling and reviewing, at least annually, the Accounting Manual, all procedures and instructions related to the Accounting Management System, and all External Documents that are required.

The Finance Team is responsible for maintaining and controlling the Accounting Manual, all procedures and instructions related to the Accounting Management System, and all External Documents that are required.

School Principals are responsible for ensuring the relevant versions of documents are available at the points of use and that they are legible.

Definitions:

Controlled Document: A document that provides information or direction for performance of work that is within the scope of this procedure.

Characteristics of control include such things as Revision Number (letter), Signatures indicating review and approval, and Controlled Distribution.

MPS Fiscal Policies and Procedures

Document: Information and its supporting medium. The medium can be paper, magnetic, electronic, optical computer disc, photograph, or sample.

External Document: A document of external origin that provides information or direction for the performance of activities within the scope of the quality management system. Examples include but are not limited to customer drawings, industry standards, international standards, or equipment manuals.

Procedure:

DOCUMENT DISTRIBUTION

Federal, State, and Local grants and contracts should be controlled. It is up to the Chief Executive Officer, Chief Financial Officer, and Chief Operations Officer to dispose of previous revisions as new revisions are released.

Each applicable department is responsible for maintaining each department's-controlled documents. Examples of external documents include Memorandums of Understanding that may be used or referenced.

Title: G&A 111 ~~FACSIMILE AND E-MAIL SIGNATURES~~ G&A 111 Electronic Signatures Policy

Policy:

~~Fax and E-mail signatures are accepted as if the signature were an authentic wet blue ink signature for any official document.~~
Magnolia Public Schools may use electronic signatures and electronic approval workflows when legally permissible, accepted by all parties, and supported by the organization's internal controls. Electronic signatures carry the same authority as wet signatures provided the signer has proper authorization and the document type permits electronic execution.

Electronic signatures do not expand approval authority. All signers must comply with MPS approval thresholds, board delegations, and applicable law. Documents that require a wet signature by law, authorizer, grantor, or lender must be executed accordingly.

Purpose:

~~The purpose of this policy is to provide a clear explanation of the guidelines surrounding the use of Fax and E-mail signatures on Organization provided and received E- mail accounts and Fax Documents.~~
To establish when and how MPS may use electronic signatures while maintaining internal controls, audit trails, and legal compliance.

Scope:

~~This applies to all Organization E-mail and Fax documents.~~
This policy applies to all MPS employees, board members, and authorized agents who execute or approve documents on behalf of the organization, including finance, purchasing, HR, contracts, and grants.

MPS Fiscal Policies and Procedures

Responsibilities:

~~Chief Financial Officer is responsible for review and approval of signatures.~~

Chief Financial Officer: Owns electronic signature controls for finance, purchasing, banking, and grant documents. Determines when wet signatures are required.

Legal Counsel: Advises on signature requirements for real estate, bond, litigation, and other high-risk documents.

IT / Systems Administrator: Maintains system access, deactivates departed employees, and conducts annual access reviews.

All Signers: May only sign documents within their delegated authority. Credentials may not be shared.

~~Background:~~

~~E-mail and fax communication are often used more than any other form of communication and is a form of business communication. The format of E- mail and fax documents should be professional in terms of signature and other formatting. Email and fax signatures should follow certain guidelines to fit with the overall image of the Organization. As such, the style of address, tone, spelling, grammar and punctuation of all messages should reflect the standards of formal business communication.~~

Procedure:

Documents eligible for electronic signature include:

- **Purchase orders and invoice approvals**
- **Reimbursement requests**
- **Credit card certifications**
- **Routine vendor and employment onboarding forms**
- **Internal budget and finance approvals**
- **Grant reports when accepted by the grantor**

Wet signatures are required for:

- **Real estate, lease, and deed documents**
- **Bond and loan documents**

- **Documents required by law, court order, authorizer, grantor, or lender**
- **Notarized documents**
- **Any document where the receiving party specifically requires original execution**

Email approvals are acceptable when the email clearly identifies:

- **The approver's name and MPS email address**
- **The document or transaction being approved**
- **The dollar amount and vendor, if applicable**
- **The funding source or budget code**

Email approvals must be retained with the transaction record and cannot substitute for required purchase orders, board approval, or contract execution.

Audit trail and retention:

All electronic signatures must produce a record that identifies who signed, when, and what document was signed. Signed documents must be retained in accordance with G&A 102 and may not be altered after execution.

~~FAX AND EMAIL SIGNATURES~~

~~What should be included in an email signature:~~

~~E-mail and fax signatures should include your name, job title, department, mailing address, telephone and fax numbers, and Website address. This should be in plain text format to easily accommodate all types of users.~~

~~When the signature is for a contract or approving a document or official in any nature, the signature should only be acceptable if the signature is in original "blue" ink.~~

~~What should not be included in a fax or e-mail signature:~~

~~Elements that should not be included in fax or e-mail signatures include colored text, very large or complicated fonts, images, clip art or personal quotes. Faculty and staff should also refrain from using background images or stationery in their email correspondence.~~

MPS Fiscal Policies and Procedures

No fax or email document is considered officially received as if it were an original blue ink wet signature until after the Organization has sent a formal reply to the fax or e- mail that the signature has been accepted.

SOP # G&A 112 Revision: 0 Prepared by: Central Office **Effective Date:** 2/14/13 Approved by: BOD

Title: G&A 112 MAINTENANCE REQUESTS

Purpose & Policy

~~Any maintenance work must be approved and pre-authorized unless emergency circumstances occur.~~

All maintenance work must be approved and authorized before work begins unless emergency circumstances exist.

This policy establishes the requirements for authorization, budgeting, vendor compliance, and oversight of maintenance activities at Magnolia Public Schools (“MPS”).

All maintenance expenditures are subject to applicable MPS purchasing, vendor selection, and approval policies, including PUR 101, PUR 102, PUR 104, and related procurement procedures.

Emergency maintenance necessary to protect health, safety, property, or school operations may proceed immediately and must be documented and reported as soon as practicable.

Scope:

~~This applies to any and all maintenance type service requests.~~
This policy applies to all maintenance, repair, and facility-related services performed at MPS schools, leased facilities, district-provided facilities, and the Home Office.

Responsibilities:

~~Chief Financial Officer or the Chief Financial Officer’s staff designee is responsible for review and approval of maintenance requests~~.

MPS Fiscal Policies and Procedures

Maintenance requests shall be reviewed and approved in accordance with MPS purchasing authority limits and operational responsibilities.

The following roles share responsibility for the execution and oversight of this policy:

School Principal / Office Manager:

Identifies maintenance needs, submits requests through approved MPS systems, and verifies completion of work

MPS Facility Team:

Oversees facility maintenance activities, vendor coordination, and maintenance standards across the organization.

CFO / Finance:

Reviews budget availability and approves expenditures in accordance with MPS purchasing policies.

Back-Office Provider / AP:

Processes approved vendor payments in accordance with MPS financial procedures.

~~**Background:**~~

~~MERF and/or its maintenance contractors have the responsibility to repair, make replacements and adjust equipment and buildings in response to conditions discovered during performance of preventive maintenance, equipment breakdown/improper operation or employee complaint. MERF and/or its maintenance contractors shall respond to and accomplish any request that is relevant to the successful operation of the Organization and its school and system locations.~~

MPS and its authorized contractors are responsible for maintaining facilities, equipment, and infrastructure necessary to support safe and effective school operations.

Approval Requirements

Maintenance work shall not begin until appropriate approval has been obtained, except in emergency situations.

Approval Thresholds

MPS Fiscal Policies and Procedures

Maintenance expenditures are subject to MPS purchasing thresholds and approval requirements. Approval authority is as follows: School Principals may approve purchases up to $10,000 (PUR 101); the CFO approves payments up to $50,000 (PUR 104); the CEO or designee approves payments over $50,000 and up to $90,000 for non-budgeted items (PUR 104); and the Board of Directors approves all contracts above $90,000, which are subject to formal bid / RFP requirements (PUR 101, PUR 107). Purchases between $10,000 and $90,000 require a minimum of three (3) quotes (PUR 102, PUR 107). No vendor may be engaged and no work may begin until the appropriate approval is documented in NetSuite. Split billing to circumvent approval thresholds is strictly prohibited (PUR 102, PUR 107).

Vendor Requirements

All vendor selection, onboarding, contracting, and payment activities shall comply with applicable MPS procurement and vendor management policies.

Emergency Maintenance

Emergency maintenance may proceed when immediate action is necessary to protect health, safety, property, or school operations. Such work must be documented and reported promptly in accordance with MPS procedures.

Preventive Maintenance

Preventive maintenance activities shall be scheduled and managed in accordance with operational procedures established by the Facility Team.

Work Completion & Payment

Payment for maintenance services shall be made only for authorized work and in accordance with MPS financial and accounts payable procedures.

MAINTENANCE REQUESTS

~~Maintenance requests will be reviewed and approved or disapproved by the Chief Financial Officer and/or the designated staff as appropriate.~~

Maintenance requests shall be reviewed and approved by the appropriate authority based on purchasing thresholds, operational responsibility, and budget availability.

SOP # G&A 113 Revision: 1 Prepared by: Central Office **Effective Date:** 4/7/22 Approved by: BOD

Title: G&A 113 ELECTRONIC BACKUP OF ACCOUNTING INFORMATION

Policy:

All electronic accounting information systems must be backed up every week at a minimum on the Organization's server.

Purpose:

The purpose of this policy is to provide a clear explanation of the need to backup electronic accounting data regularly.

Scope:

This applies to the accounting program.

Responsibilities:

The Finance Department is responsible for ensuring that the accounting program information is properly backed up.

Background:

Electronic Accounting Information Backup means measures should be adopted that ensure that all electronic accounting data is properly backed up to secondary sources such as off-site web-based services and/or other media to protect the Organization's information in the event of any form of electronic data loss.

Procedure:

ELECTRONIC BACKUP OF ACCOUNTING INFORMATION

~~Full backups are taken daily at approximately 1:45 a.m. Pacific Time using our current accounting and budgeting systems.~~ The Organization's cloud-based accounting and budgeting systems maintain daily system backups and disaster recovery procedures in accordance with vendor-managed service agreements and industry standards.

Title: G&A 114 POLITICAL INTERVENTION

Policy:

Consistent with its tax-exempt status under the Internal Revenue Code, it is the policy of MERF that the Organization shall not incur any expenditure for political intervention. Political intervention does not include lobbying activities, defined as direct or indirect support or opposition for legislation, which is not prohibited under the Internal Revenue Code.

Purpose:

The purpose of this policy is to provide a clear explanation of what the Organization may and may not be involved in with regards to politics.

Scope:

All political activities of the Organization.

Responsibilities:

Chief Executive Officer is responsible for ensuring that the Organization is not seen as a political organization.

Background:

The Organization is very well known and as such, political candidates may seek endorsements from MERF. This policy clarifies what MERF can and cannot do with regards to politics.

Definition:

Political Intervention shall be defined as any activity associated with the direct or indirect support or opposition of a candidate for elective public office at the Federal, California or local level.

Procedure:

PROHIBITED EXPENDITURES

MPS Fiscal Policies and Procedures

Examples of prohibited political expenditures include, but are not limited to, the following:

- Contributions to political action committees
- Contributions to the campaigns of individual candidates for public office
- Contributions to political parties
- Expenditures to produce printed materials (including materials included in periodicals) that support or oppose candidates for public office
- Expenditures for the placement of political advertisements in periodicals

MERF will comply with all Federal and State laws and regulations regarding political intervention, lobbying, etc. Federal funds and those assets paid for by this program may not be used in any partisan activity.

ENDORSEMENTS OF CANDIDATES

It is the policy of MERF not to endorse any candidate(s) for public office in any manner, either verbally or in writing. This policy extends to the actions of management and other representatives of MERF, when these individuals are acting on behalf of, or are otherwise representing, MERF.

PROHIBITED USE OF ASSETS AND RESOURCES

It is the policy of MERF that no assets or People and Culture of MERF shall be utilized for political activities, as defined above. This prohibition extends to the use of MERF assets or People and Culture in support of political activities that are engaged in personally by board members, members of management, employees, or any other representatives of MERF. While there is no prohibition against these individuals engaging in political activities personally (on their own time, and without representing that they are acting on behalf of MERF), these individuals must at all times be aware that MERF resources cannot at any time be utilized in support of political activities except as identified in “1.0” above.

Title: G&A 115 ACCRUED LIABILITIES

Policy:

The Organization will establish a list of commonly incurred expenses that may require accrual at the end of the fiscal year accounting period.

Purpose:

The purpose of this policy is to properly recognize and accrue liabilities.

Scope:

This applies to potential liabilities.

Responsibilities:

The Senior Controller & Financial Analysts with the support of Back-office provider are responsible for ensuring that the accrued liabilities are properly accounted for.

Background:

Accrued liabilities are liabilities that have been incurred such as vacation pay but have not been paid.

Procedure:

Accrued Liabilities

Some of the expenses that shall be accrued by MERF at the end of an accounting period are:

- Salaries and wages
- Payroll taxes
- Vacation pay/Compensated absences
- Rent
- Interest on notes payable Insurance premiums
- Audit fees

MPS Fiscal Policies and Procedures

- Charter Management Organization fees

SOP # G&A116 Revision: 1 Prepared by: Central Office **Effective Date:** 11/12/15 Approved by: BOD

Title: G&A116 NOTES PAYABLE

Policy:

It is the policy of MERF to maintain a schedule of all notes payable, mortgage obligations, lines of credit, and other financing arrangements. This schedule shall be based on the underlying loan documents.

Purpose:

The purpose of this policy is to properly track and recognize all notes payable and other similar obligations.

Scope:

This applies to notes, loans, lines of credit, and obligations of the Organization.

Responsibilities:

Back-office provider is responsible for ensuring that all notes, loans, and other similar obligations are properly accounted for.

Background:

Properly tracking and monitoring long term debt such as loans is important such that as payments become due, the Organization has sufficient cash flow to honor the obligation.

Procedure:

NOTES PAYABLE

Prepare a schedule that shall be based on the underlying loan documents and shall include all of the following information:

- Name and address of lender
- Date of agreement or renewal/extension
- Total amount of debt or available credit
- Amounts and dates borrowed
- Description of collateral, if any

- Interest rate Repayment terms
- Maturity date
- Address to which payments should be sent
- Contact person at lender
- Loan covenants, if applicable

ACCOUNTING AND CLASSIFICATION

An amortization schedule shall be maintained for each note payable. Based upon the amortization schedule, the principal portion of payments due with the next year shall be classified as a current liability in the statements of financial position of MERF. The principal portion of payments due beyond one year shall be classified as long-term/noncurrent liabilities in the statements of financial position.

Demand notes and any other notes without established repayment dates shall always be classified as current liabilities.

Unpaid interest expense shall be accrued as a liability at the end of each accounting

A detailed record of all principal and interest payments made over the entire term shall be maintained with respect to each note payable. Periodically, the amounts reflected as current and long-term notes payable per the general ledger shall be reconciled to these payment schedules and the amortization schedules, if any, provided by the lender. All differences shall be investigated.

NON-INTEREST-BEARING NOTES PAYABLE

As a charitable organization, MERF may from time to time receive notes payable that do not require the payment of interest, or that require the payment of a below-market rate of interest for the type of obligation involved. In such cases, it shall be the policy of MERF to record contribution income for any unpaid interest.

For demand loans, recording of interest expense and contribution income shall be performed at the end of each accounting period, based on the outstanding principal balance of the loan during that period, multiplied by the difference between a normal interest rate for that type of loan and the rate, if any, that is required to be paid by MERF.

For loans with fixed maturities or payment dates, the note payable shall be recorded at the present value of the future principal payments, using as a discount rate the difference between a normal interest rate for that type of loan and the rate, if any, which

is required to be paid by MERF. The difference between the cash proceeds of the note and the present value shall be recorded as contribution income in the period the loan is made. Thereafter, interest expense shall be recorded in each accounting period using the effective interest method, with the corresponding credit entry increasing the note payable account to reflect the amount(s) that shall be repaid.

MPS Fiscal Policies and Procedures

SOP # G&A 117 Revision: 2 Prepared by: Central Office **Effective Date:** 9/5/17 Approved by: BOD

Title: G&A 117 FINANCIAL AND TAX REPORTING

Policy:

The Organization will prepare annual and monthly financial statements as management considers necessary and prepare non-profit tax information and tax information returns within eight months of the fiscal year close.

Purpose:

The purpose is to control and prepare consistent and accurate financial statements and tax returns that are relied upon by both internal and external parties.

Scope:

This applies to financial statements and tax reporting documents.

Responsibilities:

Chief Financial Officer or his designee is responsible for preparing all tax documents and ensuring Organization financial statements are accurate.

Back-office provider is responsible for preparing all Organization financial statements.

Background:

Preparing financial statements and communicating key financial information is a necessary and critical accounting function. Financial statements are management tools used in making decisions, in monitoring the achievement of financial objectives, and as a standard method for providing information to interested parties external to MERF. Financial statements may reflect year-to-year historical comparisons or current year budget to actual comparisons.

Procedure:

STANDARD FINANCIAL STATEMENTS

Prepare the basic financial statements at year end and as considered necessary for reporting purposes. The basic financial statements of the Organization are maintained and prepared by MERF on an Organization wide basis and shall include:

- Statements of Financial Position - reflects assets, liabilities and net assets of MERF and classifies assets and liabilities as current or non- current/long-term
- Statements of Activities - presents support, revenues, expenses, and other changes in net assets of MERF, by category of net asset (unrestricted, temporarily restricted and permanently restricted)

FREQUENCY OF PREPARATION

The objective of the Back-office provider is to prepare accurate financial statements in accordance with generally accepted accounting principles and distribute them in a timely and cost-effective manner. In meeting this responsibility, the following policies shall apply:

- A standard set of financial statements described in the preceding section shall be produced on a quarterly basis for presentation at the Board of Directors meeting. The standard set of financial statements described in the preceding section shall be supplemented by the following schedules:
- Individual statements of activities on a departmental and functional basis (and/or program/grant basis)
- Comparisons of actual year-to-date revenues and expenses with year- to- date budgeted amounts
- The bi-monthly set of financial statements shall be prepared on the cash basis of accounting with exception of year-end reports where accrual method of accounting must be used. Year-end report must include all receivables, accounts payable received by the end of the reporting period, and actual depreciation expense.

REVIEW AND DISTRIBUTION

All financial statements and supporting schedules shall be reviewed and approved by the Chief Financial Officer, prior to being issued by Back-office provider.

After approval by the Chief Financial Officer, a complete set of monthly financial statements shall, including the supplemental schedules described above, shall be distributed to the following individuals:

- All members of the Finance and Audit Committee of the Board
- Chief Executive Officer
- School Principals and any other employee with budget-monitoring responsibilities will receive only the budget vs. actual report

Financial statements may include an additional supplemental schedule prepared or compiled by the Chief Financial Officer. The purpose of this schedule is to provide known explanations for material budget variances in accordance with MERF'S budget monitoring policies. Also included is a list which lists all invoices that have not been paid at the end of the year and all revenues, if any, that have not been received.

ANNUAL FINANCIAL STATEMENTS

A formal presentation of MERF's annual financial statements shall be provided by the independent auditor to the full Board of Directors at MERF's annual meeting. This presentation will be preceded by a meeting with MERF's Finance and Audit Committee, at which the Finance and Audit Committee will vote to accept or reject the annual financial statements.

GOVERNMENT RETURNS

MERF must be aware of its tax and information return filing obligations and comply with all such requirements of the Federal government, California and local jurisdictions. Filing requirements of MERF include, but are not limited to, filing annual information returns with the Internal Revenue Service (IRS), California charitable solicitation reports, annual reports for corporations, property tax returns, income tax returns, information returns for retirement plans, annual reporting of compensation paid, and payroll withholding tax returns.

FILING OF RETURNS

It is the policy of MERF to become familiar with the obligations in each jurisdiction and to comply with all known filing requirements. The Chief Financial Officer shall be responsible for identifying all filing requirements and assuring that MERF is in compliance with all such requirements.

It is also the policy of MERF to file complete and accurate returns with all authorities. MERF shall make all efforts to avoid filing misleading, inaccurate or incomplete returns.

Reports and returns which may be required to be filed by MERF include, but are not limited to, the following returns:

- Form 990 - Annual information return of tax-exemption of MERF, filed with IRS. Form 990 for MERF is due on the fifteenth day of November, annually.

- Form 990-T – Annual tax return to report MERF'S unrelated trade or business activities (if any), filed with the IRS. Form 990-T is due on the fifteenth day of November, annually.
- Form 199 – Exempt Organization Annual Information Statement or Return (California) – This form is due on the fifteenth day of November, annually.
- Form 5500 - Annual return for MERF'S employee benefit plans. Form 5500 is due on the fifteenth day of November, annually.
- Federal and State Payroll Returns - Filed on a quarterly or annual basis.
- Form RRF-1 – Registration/Renewal Fee Report to Attorney General of California. This form is due on the fifteenth day of November, annually.
- SF-SAC – The Office of Management and Budget requires all Form SF-SAC and Single Audit submissions to be submitted on the Federal Audit Clearinghouse (FAC) Internet Data Entry System. The due date is established by OMB Circular A-133.
- Form 1099's – See PUR101 VENDOR SELECTION.

MERF'S fiscal and tax year-end is June 30. All annual tax and information returns of MERF Form 990, Form 990-T are filed on the accrual basis of reporting.

Federal and all applicable California payroll tax returns are prepared by the Chief Financial Officer, in consultation with MERF'S independent auditor and the pension plan third-party administrator.

It is the policy of MERF to comply with all California payroll tax requirements by withholding and remitting payroll taxes to California for each MERF employee.

PUBLIC ACCESS TO INFORMATION RETURNS

Under regulations that became effective in 1999, MERF is subject to Federal requirements to make the following forms "widely available" to all members of the general public:

- The three most recent annual information returns (Form 990), and
- MERF'S original application for recognition of its tax-exempt status (Form 1023 or Form 1024), filed with IRS, and all accompanying schedules and attachments.

It is the policy of MERF to adhere to the following guidelines in order to comply with the preceding public disclosure requirements:

- Anyone appearing in person at the offices of MERF during normal working hours making a request to inspect the forms will be granted access to a file copy of the

forms. The Chief Financial Officer shall be responsible for maintaining this copy of each form and for making it available to all requesters.

- For all written requests for copies of forms received by MERF, the Organization shall require pre-payment of all copying and shipping charges. For requests for copies that are received without prepayment, MERF will notify the requester of this policy via phone call or by letter within 7 days of receipt of the original request.
- The copying cost charged by MERF for providing copies of requested forms shall be $1.00 for the first page copied and $0.20 for each subsequent page. All copies shall be shipped to requesters via Priority Mail, thus, shipping charges will be a standard $5.00 per shipment.
- After payment is received by MERF, all requested copies should be shipped to requesters in accordance with applicable laws. Making of all copies and shipping within the legal time period shall be the responsibility of the Finance Team.
- For requests for copies made in person during normal business hours, copies shall
  be provided while the requester waits provided the request is for twenty-five (25) or
  less copied pages. Requests for copies in excess of 25 pages but less than 100 pages will be available the next business day. All requests in excess of 100 pages will be sent to the requestor in accordance with applicable laws.
- MERF shall accept certified checks and money orders for requests for copies made in person. MERF shall accept certified checks and money orders or personal checks as payment for copies of forms requested in writing. Personal checks must clear the bank prior to the copies being made and delivered to the requestor.

UNRELATED BUSINESS ACTIVITIES

Identification and Classification of unrelated business activities must be separately identified.

It is the policy of MERF to properly identify and classify income-producing activities that are unrelated to MERF's tax-exempt purpose using the guidelines described in the Internal Revenue Code and underlying regulations. Such income accounts shall be segregated into separate accounts in the general ledger of MERF in order to facilitate tracking and accumulation of unrelated trade or business activities.

It is the policy of MERF to file IRS Form 990-T to report taxable income from unrelated trade or business activities. Form 990-T is not subject to any public access or disclosure

requirements. Accordingly, it is the policy of MERF not to distribute copies of Form 990-T to anyone other than management and the Board of Directors of MERF.

Title: G&A 118 BUDGETING

Policy:

The School Site Principals with the support of Back-office provider are responsible for preparing, monitoring, and implementing the annual school site budget. The School Site Principal must have the school site budget approved by the Board of Directors no less than 60 days before the fiscal year. It is the School Site Principal's responsibility to work with the central office in order to acquire the necessary budgetary information to implement their program. The budget may be revised as needed.

An annual Organization-wide budget shall be prepared on the accrual basis of accounting, and the budget shall be adopted by the Board of Directors. The budget may be revised as needed. It is the policy of the Organization to adopt a final annual operating budget at least 60 days before the beginning of MERF's fiscal year.

Purpose:

A budget is a management commitment of a plan for present and future MERF activities that will ensure survival. It provides an opportunity to examine the composition and viability of MERF's programs and activities simultaneously in light of all available resources

Scope:

This applies to all departments and chart of accounts of the Organization.

Responsibilities:

Principal is responsible for providing information to the Back-office provider so that the back- office provider service provider can prepare the annual site budget and make revisions as needed.

The Finance Department is responsible for reviewing the school site and Organization wide budgets and budget revisions.

Back-office provider is responsible for preparing the monthly budget vs. actual comparison reports.

MPS Fiscal Policies and Procedures

Background:

Budgeting is an integral part of managing MERF in that it is concerned with the translation of MERF's goals and objectives into financial and human resource terms. A budget should be designed and prepared to direct the most efficient and prudent use of the MERF's financial and People and Culture. A budget is a management commitment of a plan for present and future MERF activities that will ensure survival. It provides an opportunity to examine the composition and viability of MERF's programs and activities simultaneously in light of all available resources.

Procedure:

PREPARATION AND ADOPTION

The school site budgets will be developed by the School Site Principals and Back-office provider., The Organization-wide budget will be prepared by the Chief Financial Officer with the support of Back-office provider. They will gather proposed budget information from all Finance teams and others with budgetary responsibilities and prepare the first draft of the budget. Budgets proposed and submitted by each department should be accompanied by a narrative explanation of the sources and uses of funds and explaining all material fluctuations in budgeted amounts from prior years.

After appropriate revisions and a compilation of all school site budgets by Back- office provider, a draft of the school site budgets and Organization-wide budget will be presented to the Chief Financial Officer for discussion, revision, and preliminary approval. The Chief Executive Officer is responsible for the final approval of all budgets.

The final budget is then submitted by the Chief Financial Officer to the Board of Directors for adoption. School Site Principals shall be present at the Board of Directors budget approval meeting.

It is the policy of MERF to adopt a final annual operating budget at least 60 days before the beginning of the MERF's fiscal year. In addition, the Finance Team must setup the new fiscal year accounts, input the budget into the accounting system and establish appropriate accounting and reporting procedures (including any necessary modifications to the chart of accounts), to ensure proper classification of activities and comparison of budget versus actual once the new year commences.

MONITORING PERFORMANCE

MERF will monitor its financial performance by comparing and analyzing actual results with budgeted amounts. This function will be accomplished in conjunction with the monthly financial reporting process described earlier.

On a monthly basis, budget reports comparing actual year-to-date revenues and expenses with budgeted year-to-date amounts shall be produced by the Finance Team and distributed to each respective School Principal on a monthly basis.

The financial reports, interim reports, and budgets will be distributed to the Board of Directors. The Chief Financial Officer and School Site Principal, with the/support of Back-office provider, will be responsible for answering budget questions posed at the Board meetings.

The Chief Financial Officer will also institute an on-going monitoring plan to ensure the fiscal operations effectively implement all Federal and State requirements and to ensure the safeguarding of Federal and State funds and assets.

BUDGET MODIFICATION

After a budget has been approved by the Board of Directors and adopted by MERF, reclassifications of budgeted expense amounts may be made by Back-office provider, with approval from the Chief Financial Officer or his designee (Controller or Senior Financial Analyst).

Budget reclassifications of any amount are at the discretion of the Chief Financial Officer.

Title: G&A 119 INSURANCE

Policy:

It is the policy of the Organization to have an active risk management program that includes a comprehensive insurance package and to maintain adequate insurance against general liability, as well as coverage for buildings, contents, computers, fine arts, equipment, vehicles, machinery and other items of value.

.

Purpose:

To have a comprehensive insurance package and to maintain adequate insurance against general liability, as well as coverage for buildings, contents, computers, fine arts, equipment, vehicles, machinery and other items of value.

Scope:

This applies to all areas of risk management.

Responsibilities:

Chief Financial Officer is responsible for monitoring risk management and identifying areas of insurance need.

Background:

Risk management and insurance enable the Organization to hedge against known and unknown potential losses.

Definition:

Workers' Compensation and Employer's Liability

Contractors are required to comply with applicable Federal and California workers' compensation and occupational hazard and disease statutes. If occupational hazard and diseases are not compensated under those statutes, they shall be covered under the employer's liability insurance policy.

MPS Fiscal Policies and Procedures

Fidelity Bond

For all personnel handling cash, preparing or signing checks, MERF shall obtain insurance that provides coverage in a blanket fidelity bond. The specific needs of MERF will determine the dollar limit of this coverage.

Comprehensive Liability

This type of coverage may include directors, officers and employee general liability insurance, buildings, contents, computers, fine arts, boilers and machinery.

Student Accident Insurance

All children enrolled in any of MERF's funded programs must be insured for accidents and injury. The limit per child enrolled will be determined by local area experience rates and potential risk assessments.

Procedure:

COVERAGE GUIDELINES

As a guideline, MERF will arrange for the following types of insurance, as a minimum:

Type of Coverage

- Comprehensive Liability
- Automobiles for Employees,
- Volunteers or Escorts
- Employee dishonesty/bonding Fire and Water Damage
- Directors and Officers
- Theft
- Workers' Compensation
- Student Accident Insurance

The dollar limits are identified in the Insurance Booklet.

MERF shall maintain a file of all insurance policies in effect. This file shall include the following information, at a minimum:

- Description (type of insurance)
- Agent and insurance company, including all contact information
- Coverage and deductibles

- Premium amounts and frequency of payment
- Policy effective dates
- Date(s) premiums paid and check numbers

Title: G&A 120 SUPPLIES

Policy:

It is the policy of the organization to maintain an internal control system over supplies to prevent theft, overstocking, understocking, spoilage and obsolescence.

Purpose:

To physically safeguard organization assets and to maintain accurate financial reporting.

Scope:

This applies to non-capitalized assets.

Responsibilities:

School Principal or designee is responsible for maintaining safeguards over cleaning and education supplies at each school.

Procedure:

SAFEGUARDS

Each Principal or designee is responsible for monitoring safeguards over assets at each school site. School will properly safeguard supplies inventory by keeping storage and locker facilities locked.

Cleaning/Maintenance Supplies. The Custodian at each site is responsible for custody of cleaning and repair and maintenance supplies.

Educational Supplies. The Administrative Assistant, or designee is responsible for custody of educational supplies. Only the Administrative Assistant and the School Principal will have access to educational supplies.

Educational supplies will be controlled in part by forms documenting custody, i.e. textbooks issued to students and use of laptops.

MONITORING

MPS Fiscal Policies and Procedures

School will establish optimum minimum and maximum stock levels for inventory.

Finance teams will maintain records detailing purchases of each significant inventory item for each fiscal year.

School Principal or designee will conduct a physical inventory of the supplies listed above on an annual basis. The completed inventory will then be submitted to Accounting so it can be reconciled to the general ledger.

SOP # G&A 121 Revision: 2 Prepared by: Central Office **Effective Date:** 9/5/17 Approved by: BOD

Title: G&A 121 SCHOOL SITE ACCOUNTING

Policy:

It is the policy of MERF to consider each school to be a separate and distinct financial accounting entity in order to maintain an accurate fund accounting system.

Purpose:

The purpose of this policy is to clearly define relationships between each school and with the business office in regard to financial accounting.

Scope:

This applies to the Organization’s charter schools and business office.

Responsibilities:

Back-office provider, with the support of the Financial Analysts, is responsible for timely and accurate recording of transactions, providing useful management information, and properly reporting such information for various user needs.

The Chief Financial Officer is responsible for overseeing the Financial Analysts and providing assistance where needed.

Background:

Separate accounting for each of the charter schools is critical in order to monitor budget performance and to determine how to allocate resources.

Procedure:

SEPARATE ACCOUNTING

Back-office provider will utilize the same accounting policies for each school they are responsible for. Consistency in accounting will ensure that the charter schools can be evaluated using the same benchmarks and will assist in evaluating performance.

MPS Fiscal Policies and Procedures

Each Charter School will have its own accounting file to assist in maintaining separate accounting for each school, and a separate bank account to avoid commingling of funds.

FUNDRAISING

Revenues from fundraising will be recorded in the accounting system using the resource tracking system in order to account for funds received from different events. Funds may be used for operating purposes unless restricted by the donor or explicitly restricted by the event.

Fundraiser Approval Process and Gift-Entry and Recording Policies

Fundraiser Approval Process: Each Magnolia Science Academy (MSA) teacher/staff member will submit a direct fundraiser request to the site principal. The MSA site principal will thoroughly review the fundraiser request and either approve or deny a fundraiser request. The head of development at the MPS Home Office under the office of the Outreach and Communication Department is informed to ensure there is alignment to the Magnolia Public Schools - Development Plan and Strategy. If the fundraiser request does not align with the Development Plan and Strategy and/or the MPS mission and vision then a recommendation will be made to not proceed with the fundraiser to the site principal. If approved, and if the fundraiser will utilize the MPS website Stripe account, the head of the MPS development will create a “fund” specific to the fundraiser. The MSA site fundraising lead will provide fundraiser details to the head of development to subsequently populate the fundraiser description section. If another approved donation payment app/s is utilized, then the MSA site fundraising lead will forward all donation details including fundraiser purpose, timeline, amount requested, amount received once the fundraiser has come to a close to the MPS finance and Development departments. Payment apps offer convenience for business owners, contractors, and individuals who want to send money from person to person. Payment apps work by allowing you to make payments directly from your smartphone. You can make payments through your app without needing to have your credit card or debit card handy at all.

Approved Apps: Stripe & Paypal

Magnolia Public Schools and Magnolia Science Academy website donation pages are operated by Stripe online payment processing. Funds are linked directly to each MSA’s account

MPS Fiscal Policies and Procedures

Donors Choose - Donors Choose is the most trusted classroom funding site for teachers.

Note, apps not listed need to be approved by the MPS Finance and Development departments prior to use by Magnolia Science Academy sites.

Gift-Entry and Recording Policy and Procedure

MSA sites will ensure all cash and checks are delivered to the MPS Finance department for accounting and depositing. An ACH transfer can be requested by the MPS Finance department throughout the duration of the fundraising campaign or as determined by the Chief Financial Officer.

The Finance department will subsequently forward the MSA fundraising totals to the MPS Development department for recording in the Grants Management Portal. Periodically, the MPS Finance department will request a funds transfer from Stripe or designated app to the prospective MSA accounts or as determined by the Chief Financial Officer.

The Development department will add/update donor information in the MPS Grants Management portal, especially if the information on the check and/or response form is different.

The Development departments will record gifts according to the donor’s intended use, i.e. unrestricted, restricted (specific program or project), endowment, etc.

The Development department will record in the system the source of the gift, i.e. direct mail appeal, special event, personal solicitation, etc.

The Development department will prepare a quarterly report on gifts to be shared with appropriate staff and board committees for information and special acknowledgment.

The Development department will acknowledge all gifts within three to five business days using appropriate MPS thank-you letters based on the gift level.

SOP # G&A 122 Revision: 0 Prepared by: Central Office **Effective Date:** 2/14/13 Approved by: BOD

Title: G&A 122 FRAUD REPORTING & WHISTLEBLOWER

Policy:

To establish procedures for reporting concerns of fraud on a confidential basis; receipt, retention, and treatment of complaints received by the Organization regarding such concerns; and protection of anyone reporting fraud in good faith from retaliatory actions.

Purpose:

It is the policy of the Organization that its operations are conducted according to the highest standard of integrity, and that its officers, directors, employees, consultants, volunteers, interns, vendors, and other agents observe high standards of business and personal ethics in the conduct of their duties and responsibilities. As employees and representatives of the Organization, all applicable laws and regulations must be followed, honesty and integrity must be practiced in fulfilling all responsibilities and all situations must be avoided that might conflict with responsibilities undertaken on behalf of the Organization. It is a federal crime for any organization – nonprofit or for-profit to retaliate against a “whistleblower” who reports illegal, unacceptable, or suspicious activity (“Concerns”). This policy is intended to encourage and enable the reporting of Concerns within the Organization in order to prevent, detect and correct improper activities.

Scope:

All officers, directors, employees, including temporary employees, consultants, volunteers, interns, vendors and other agents are covered by the scope of this policy and its guidelines.

Responsibilities:

Executive Management and Board of Directors are responsible for investigating any Concerns reported, and to ensure that the reporting person is protected from retaliation.

Background:

The people closest to the day-to-day workings of an organization are the ones most qualified to identify and report improper activities. Experience has shown that these

individuals will step forward if they are provided with a confidential means of reporting abuse and feel that they will be protected from retaliation, including loss of their job.

Procedure:

REPORTING RESPONSIBILITY

It is the responsibility of all those noted in the Scope of the Policy to report questionable or improper accounting or auditing matters or other Concerns as described above.

No officer, director, employee, including a temporary employee, consultant, volunteer, intern, vendor or other agent who reports a Concern in good faith shall be subject to retaliation or, in the case of an employee, adverse employment consequences. Any

individual who retaliates against someone who has reported a Concern in good faith is subject to discipline up to and including dismissal from the volunteer position or termination of employment. Such conduct may also give rise to other actions, including civil lawsuits.

Reporting in good faith means that to the best of the individual's knowledge who is reporting a suspected fraud or abuse Concern, fraud or abuse is factual.

An individual reporting fraud or abuse Concern not in good faith is subject to discipline up to and including dismissal from the volunteer position or termination of employment. In other words, fraudulently submitting a fraud or abuse Concern/ allegation is not acceptable.

PROCEDURES FOR REPORTING CONCERNS

Employees and Consultants. Whenever possible, an individual should seek to resolve Concerns by reporting issues directly to his supervisor. If, for any reason, the individual is uncomfortable speaking to his supervisor or does not believe the Concern is being properly addressed, the individual should report the Concern directly to the Chief Operating Officer of the Organization. If the individual does not believe that these channels of communication can or should be used to express his Concern, the individual should report the Concern directly to a member of the Organization's Board of Directors. Concerns may also be submitted anonymously in writing or via voice mail to a Board of Directors member. Contact information for the Chief Operating Officer and a listing of Board of Directors members may be obtained from the Organization's website or by calling the Organization at (714) 892-5066.

Officers, Directors, Interns, Volunteers, Vendors and Other Agents. Officers, directors, interns, volunteers, vendors and other agents may report Concerns to the Chief Executive Officer or directly to a member of the Organization's Board of Directors. If the officer, director, intern, volunteer, vendor or other agent is uncomfortable reporting to any of these individuals, or if he does not believe the Concern is being properly addressed, the report should be escalated directly to the Chair of the Organization's Board of Directors.

Third Party Fraud Reporting Service. An individual also has the option to report any Concerns through a service specifically set up for MERF. These can be reported through the website at https://www.magnoliapublicschools.org or by calling Central Office. Concerns addressed through these channels can be made anonymously if the individual chooses.

HANDLING OF REPORTED CONCERNS

All reported Concerns filed in accordance with this policy will be investigated by the Organization with due care and promptness. Matters reported internally without initial resolution will be investigated by the Chief Executive Officer of the Organization to determine if the allegations are true, whether the issue is material and what actions, if any, are necessary to correct the problem. The Organization staff may issue a full report of all matters raised under this policy to the Board of Directors.

For matters reported directly to a member of the Board of Directors or the Chief Executive Officer, the Audit Committee shall promptly acknowledge receipt of the complaint to the complainant if the complainant is known. An investigation will be held to determine if the allegations are true, whether the issue is material and what corrective action, if any, is necessary. Upon the conclusion of this investigation, the Audit Committee shall promptly report its findings to the Executive Committee of the Board.

The Audit Committee shall have full authority to investigate Concerns raised in accordance with this policy and may retain outside legal counsel, accountants, private investigators, or any other resource that the committee reasonably believes is necessary to conduct a full and complete investigation of the allegations.

Title: G&A 123 CONFLICT OF INTEREST POLICY

Purpose:

It is the policy of the Organization that the Governing Board shall review and adopt a conflict-of-interest policy annually or as required in accordance with authorizer MOUs.

Responsibilities:

Executive Management and Board of Directors are responsible for ensuring that the conflict-of-interest policy is reviewed and approved annually each July.

Background:

Refer to separate document titled “Conflict of Interest Policy”.

MPS Fiscal Policies and Procedures

SOP # G&A 124 Revision: 0 Prepared by: Central Office **Effective Date:** 3/08/18 Approved by: BOD

Title: G&A 124 HOME OFFICE MANAGEMENT FEES

Policy:

Charter school-related organizations (CSRO) may charge a charter school fees for the legitimate, contractually agreed upon services it provides to the charter school.

Purpose:

To clearly define Home Office Management Fee calculations for all MPS school sites

Scope:

This applies to all MPS schools of the organization.

Responsibilities:

The Finance Department is responsible for review and confirmation of all monthly calculations and payments from school sites to MERF.

Back-office service provider is responsible for accurate bookkeeping and recording of all payments and outstanding fees.

Chief Executive Officer and Chief Financial Officer are responsible for approval of all Home Office Management Fee transactions.

Procedures:

The Board of Directors ("Board") of Magnolia Public Schools ("MPS") adopts this policy to establish a fair and sustainable methodology for funding the centralized administrative, operational, compliance, and educational support services provided by the MPS Home Office to its charter schools.

The Board authorizes and delegates to the Chief Executive Officer, Executive Team, and their designees (collectively, the "Home Office Team") the responsibility to recommend, administer, and collect Charter Management Organization ("CMO") fees in accordance with this policy.

Home Office Services

The MPS Home Office provides organization-wide services and support to MPS schools, including, but not limited to:

- Executive leadership and management;
- Human resources;
- Accounting and financial reporting;
- Payroll administration;
- Technology and information systems;
- Student services;
- Special education support and oversight;
- Procurement and purchasing support;
- Compliance and reporting;
- Operational oversight; and
- Other centralized organizational services.

CMO Fee

The annual CMO fee assessed to each MPS school shall not exceed fifteen percent (15%) of the school's total Local Control Funding Formula (LCFF) revenue for the applicable fiscal year.

The Home Office Team shall recommend the annual CMO fee for each school as part of the annual budgeting process, subject to Board approval.

The actual CMO fee assessed to a school may be less than fifteen percent (15%) and may vary based on factors including:

- The financial condition of the school;
- Enrollment trends;
- Cash flow and liquidity;
- Operational needs;
- Organizational priorities; and
- Other fiscal considerations deemed relevant by the Home Office Team.

School-Specific Costs

Costs that are attributable to a specific school or site, including but not limited to rent, debt service, utilities, facilities management, and other site-specific expenses ("School-Specific Costs"), shall be charged separately to the applicable school based on actual costs incurred.

School-Specific Costs are separate from and in addition to the CMO fee and are not subject to the fifteen percent (15%) limitation described in this policy.

Fee Modifications

The Home Office Team may reduce, defer, waive, or restructure all or a portion of a school's CMO fee based on the school's financial condition, enrollment trends, cash-flow position, operational needs, or fiscal stability.

Any such adjustment shall not create an entitlement to future reductions or waivers.

Documentation and Oversight

The Finance Department shall maintain documentation supporting CMO fee assessments and School-Specific Cost allocations.

The CMO fee shall remain subject to annual Board review and approval and shall not be considered an automatic entitlement or guaranteed transfer of funds.

~~The CMO fee policy which will be reviewed and updated each year along with the annual budget adoption as noted below~~

The CMO fee policy will be reviewed and updated annually in connection with the annual budget adoption process.

~~The Board of Directors ("Board") of Magnolia Public Schools ("MPS") adopts a policy for the MPS charter schools to fairly fund the Home Office for administrative services and support provided to the schools, sometimes referred to as the "CMO fee". The Board authorizes and delegates to the MPS Chief Executive Officer, Executive Team and their designees (collectively, the "Home Office Team") to calculate and collect the CMO fee in accordance with this policy.~~

~~The Board of Directors ("Board") of Magnolia Public Schools ("MPS") adopts a policy for the MPS charter schools to fairly fund the Home Office for administrative services and support provided to the schools, sometimes referred to as the "CMO fee." The Board authorizes and delegates to the MPS Chief Executive Officer, Executive Team, and their~~

~~designees (collectively, the "Home Office Team") to recommend, calculate, administer, and collect the CMO fee in accordance with this policy.~~

~~By June 30 each year, the Home Office Team will estimate the total costs for the Home Office to provide services and support to MPS schools for the coming fiscal year on an organization-wide basis for purposes of calculating the CMO fee for each school.~~

~~The Home Office Team will categorize costs into two groups:~~

1. ~~Estimated costs to provide administrative and organization-wide services and support that are utilized by all MPS schools, such as management, human resources, accounting, student and special education services, technology, procurement support, payroll, compliance, operational oversight, and other centralized organizational services, with up to an additional 10% to account for unanticipated cost increases, inflationary adjustments, compliance requirements, or operational contingencies, as determined necessary by the Home Office Team (the "Home Office Service Costs"); and~~
2. ~~Costs that are specific to a particular MPS school or site, including but not limited to rent, debt service, utilities, facilities management, and other school-specific operational costs ("School-Specific Costs").~~

~~The Home Office Service Costs for each MPS school shall not exceed fifteen percent (15%) of the school's total Local Control Funding Formula (LCFF) revenue in any given fiscal year.~~

~~Notwithstanding the maximum threshold, the actual CMO fee charged to each school shall be determined based on the approved annual budget, actual cost of services provided, allocation methodologies, operational support provided, and the financial condition of each school. The Home Office Team shall ensure that fees are reasonable, necessary, proportionate, and aligned with documented services provided and may assess fees below the maximum allowable percentage.~~

~~The School-Specific Costs will align to each school's actual costs. The Home Office Team will track School-Specific Costs by school and may collect reimbursement directly from each school based on actual costs incurred.~~

MPS Fiscal Policies and Procedures

~~The Home Office Team may reduce, defer, waive, or restructure all or a portion of the CMO fee based on the financial condition, enrollment trends, cash-flow position, operational needs, or fiscal stability of an individual school.~~

~~The CMO fee shall not be considered an automatic entitlement or guaranteed transfer and shall remain subject to annual Board review, budget approval, organizational financial capacity, applicable legal requirements, and financing covenants.~~

~~The Finance Department shall maintain supporting calculations, allocation methodologies, and related documentation demonstrating the basis for Home Office Service Costs and School-Specific Costs assessed to each school.~~

~~The Home Office Team will periodically review the CMO fee assessment for each MPS school and any School-Specific Costs for the school. The amount of the Home Office Service Costs may be adjusted to account for the Home Office's actual expenses throughout the year, which may in turn raise or lower each school's CMO fee accordingly.~~

MPS Fiscal Policies and Procedures

MPS Fiscal Policies and Procedures

SOP # CSH 101 Revision: 2 Prepared by: Central Office **Effective Date:** 4/7/2022 Approved by: BOD

Title: CSH 101 CASH BOXES

Policy:

Proper internal control should be maintained over funds received by cashiers or salesclerks of any type, even at fundraising events at all times.

Purpose:

To identify the practices for cash box control, including cash receipts, special tender items, cash payouts and reconciliation with deposits.

Scope:

All personnel that deal with the cash transactions.

Responsibilities:

Principal is responsible for safeguarding / verifying and controlling all cash assets at each school.

School Office Manager is responsible for ensuring the completeness and accuracy of all opening, closing and intermediate transactions.

School Office Manager is responsible for overseeing all event transactions.

Procedure:

CASH BOX/SAFE

Each fundraiser or individual collecting cash should collect cash for events and safeguard properly. Once all cash has been collected, this individual should submit the cash received to the School Office Manager as soon as possible for placement in the cash box. It is important to ensure that only one person has responsibility for collecting cash as to limit any opportunities for misappropriation.

All cash collected must be collected by the School Office Manager, counted together with the School Principal and one other person, and signed off by all three individuals that the cash count is accurate. The funds will then be safely secured until deposited by a designee of the School Office Manager.

MPS Fiscal Policies and Procedures

If the cash balance at the end of day exceeds $2,500, a bank deposit will need to be made the same day. Otherwise, all bank deposits will need to be made by the last business day of the week. At the end of the week there should be no more than $100 left in the cash box for the following week.

Bank deposit documentation needs to be emailed to Back-office provider, in PDF format, for entry into the general ledger on a weekly basis.

MPS Fiscal Policies and Procedures

SOP # CSH 102 Revision: 1 Prepared by: Central Office **Effective Date:** 9/5/17 Approved by: BOD

Title: CSH 102 CASH RECEIPTS AND DEPOSITS

Policy:

Accurate internal control of cash receipts and deposits will be maintained at all times. Cash deposits will generally be made on the same day as receipt.

Purpose:

To establish the procedures to be followed for receiving, applying and depositing cash receipts.

Scope:

This procedure applies to all cash receipts received by the Organization.

Responsibilities:

Finance team is responsible for processing all cash and check transactions and depositing checks received in the bank.

Finance team is responsible for inspecting and verifying proper signatures or endorsements on checks.

School Principal/Office Manager is responsible for all fundraising transactions.

Definitions:

Tender Item. Any item used to tender or pay for a transaction is considered a tender item. Tender items can include coupons, gift certificates, credits, rebates, cash, checks, barter credits, etc.

Procedure:

CUSTOMER AND AGENCY DEPOSITS

Cash receipts generally arise from:

- Contracts and Grants
- Direct donor contributions

- Fundraising activities

The principal steps in the cash receipts process are:

Central Office - The Receptionist receives incoming mail, opens, date stamps, and distributes the mail. The Finance team stamps all checks “for deposit only,” and makes one (1) copy of each check. The checks are kept in a locked cabinet until ready for deposit.

Weekly (or more often if necessary), the Finance team processes the following: the endorsed checks, the deposit logbook, and the correct account allocation for each deposit. The Finance team processes the deposit and takes it to the bank for deposit. A copy of the deposit slip is attached to the deposit. The deposits are put in a file to attach to the bank statement.

All cash received at the central office will be counted, verified, and signed off by two people from Accounting and another available staff member. The cash will immediately be posted using the appropriate allocation. A receipt will be given to the paying party and a copy kept for internal purposes. The cash will be kept in a locked, secure location and deposited within 24 business hours, but no longer than the last business day of the week.

School Site - The Receptionist receives incoming mail, opens, date stamps, and distributes the mail. The checks are kept in a locked cabinet until ready for deposit.

Weekly (or more often if necessary), the Principal, Office Manager, or designee will deposit the checks to the bank for deposit. The Principal, Office Manager, or designee will then send copies of the check(s) deposited and the original deposit slip receipt from the bank to the Finance team for processing.

For any cash collections, school sites must issue a pre-numbered receipt to the payer and retain a copy for reconciliation. For large events where cash is collected, sites may also use a Tally Sheet to assist with counting and recording collections.

The back-office provider will process the deposit and enter into the accounting system. A copy of the deposit slip is attached to the deposit. The deposits are put in a file to attach to the bank statement.

APPLICATION OF ACCOUNTS RECEIVABLE

Inspect all incoming accounting mail for checks.

Finance team should photocopy all checks. Any papers attached to the checks should be stapled to the check photocopy and the envelopes discarded.

Finance team will use the photocopy of the checks and customer remittance advice to apply the cash payments to the Accounts Receivable Ledger if applicable. Unapplied payments are to be credited against the oldest open aging column on the accounts receivable ledger. A standard letter of information and/or inquiry should be sent or faxed to the payer when there is any question as to the correct application of the check.

Checks returned once should be deposited a second time. Already re- deposited checks should be debited back to the account.

Prepare all checks received for deposit.

DEPOSIT, ENDORSEMENT OF CHECKS, TIMELINES OF BANK DEPOSITS

The Finance team will inspect all checks for proper signature or endorsement. If a check is received without a proper signature then process the check as per CSH 103 PROBLEM CHECKS procedure

All checks should be endorsed as follows:

- With the restrictive endorsement "For Deposit Only" along with,
- The Organization's designated bank deposit account number,
- The name, “Magnolia Education and Research Foundation”,
- The bank name.

No check should be withheld from daily deposit unless it is legally imperfect. The endorsed checks should then be returned to the Finance Team. Bank deposits will be made on a daily basis, unless the total cash amount received for deposit is less than $2,500. Receipts must be deposited no later than the Friday of the week it was received. Any cash not deposited on a daily basis will be kept in a locked fireproof cabinet with access limited to the Chief Financial Officer and the Finance Manager.

At time of deposit, collect all cash and checks and prepare a bank deposit slip for deposit in the Organization's authorized bank. Ensure that collections are deposited into the correct bank account, and that the name of the charter school is listed on the deposit slip.

Place a duplicate copy of the deposit ticket and collected cash into a cash bag for transport to the bank. Deposits should be made no less frequently than daily if amount

of cash exceeds $2,500. If the deposit cannot be made immediately then the deposits should be stored in a secure area for later deposit.

Extreme care should be taken to protect the safety of the person making the deposit and the deposit itself. Actions to be considered are making deposits only during daylight hours, using random deposit times and different routes to the bank, and assigning two people to make deposits.

The deposit amount should be entered into the accounting program.

No disbursements should be made from collections, nor can personal checks be cashed.

SOP # CSH 102 Revision: 2 Prepared by: Central Office **Effective Date:** 9/5/17 Approved by: BOD

CSH103 PROBLEM CHECKS

Problem:

To save time in returning and following up on unsigned, checks marked "payment in full" or returned by the bank. These checks should be processed as follows and deposited.

Purpose:

To describe how these types of checks should be handled before depositing.

Scope:

This procedure applies to all checks received by the Organization.

Responsibilities:

Back-office provider is responsible for processing all check transactions for each school.

Definitions:

NSF. Non-Sufficient Funds or NSF checks are those that are returned from the bank because the balance in the checking account was not high enough to cover the check. The check is then stamped NSF or "insufficient funds", "uncollected funds", or maybe "account closed".

Procedure:

UNSIGNED CHECKS

The word "over" should be typed or written on the line where the signature would normally appear. On the back, type "Lack of Signature Guaranteed" and then add the Organization name, manager's name, title and signature.

Note: This indicates to the bank that the Organization will take back the check as a charge against its account in the event it isn't honored. In the event the check is not honored, the Office Manager should immediately follow up with the issuer.

Continue processing the check.

PARTIAL PAYMENT CHECKS MARKED "PAYMENT IN FULL"

If there's no dispute as to the amount, a check tendered for less than the amount due and marked "payment in full" (or similar wording) can be cashed without jeopardizing

the right to recover the balance. However, if there's a bona fide dispute as to the amount owing, the Organization runs the risk that payment will be deemed to have settled the disputed claim for the lesser amount.

To overcome any potential pitfall, the check should be endorsed with the following statement "Check is accepted without prejudice and with full reservation of all rights under section 1-207 of the UNIFORM COMMERCIAL CODE (see Reference A).

Continue processing the check as per procedure CSH 102 CASH RECEIPTS AND DEPOSITS.

The Office Manager should then work with the customer to resolve collection of the remaining balance due.

RETURNED CHECKS

A returned check for less than $100 or stamped "uncollected funds," should be redeposited the following day, if the check is not already stamped, "Do Not Re-Deposit".

For returned checks in amounts greater than $100, the bank that the check is drawn against should be telephoned to determine if the check amount will clear the customer's account. If sufficient funds exist the check should be re-deposited. If the check is very large, consider taking the check directly to the issuing bank for recovery.

Note: The customer's account number should be the second number series located at the bottom center of the check.

REDEPOSITED CHECKS

In the event a re-deposited check is returned or if sufficient funds do not exist to cover the check, the Office Manager should contact the issuer by phone to report the problem and discuss how the matter will be resolved. Then issue a formal notice CSH 103 Ex1 BAD CHECK NOTICE via certified mail with a return receipt requested to ensure the customer understands the seriousness of the issue.

Whenever a check is re-deposited more than once a handling fee should be considered.

References:

UNIFORM COMMERCAL CODE (UCC)

The "Uniform Commercial Code" or UCC began as a model for each state legislature to modify and adopt as law in that state. Therefore, the UCC is not the same in every state. Each state's court system can interpret the UCC differently thereby creating different case laws in that state and producing different results.

Businesspeople cannot assume that the law will be exactly the same in each state. For more information see the Secretary of State for each State question.

BAD CHECK LAW

Bad Checks are considered part of the UCC and therefore are a matter of state law enforcement. Section 3-104(2)(b) of the UCC, defines a check as "a draft drawn on a bank and payable on demand." Each state has a different “Bad Check Law” see UCC above.
Postdated check: since it is not payable on demand, most states believe that the giving of a post-dated check does not constitute a present fraud nor is it within the scope of the bad check laws.
Payments for COD or pre-existing debt: In most cases, NSF checks are not considered under the bad check law if they are used to pay a note payment or to pay an invoice that is on that act does fall within the bad check laws.

CSH 104 WIRE TRANSFERS

Policy:

To provide additional payment options to customers and vendors in order to make funds immediately available to the receiving party. Wire transfers should be treated with special care and accuracy to prevent loss to the Organization or the customer.

Purpose:

To explain the steps necessary to ensure proper procedures are followed when processing wire transfer requests.

Scope:

This procedure applies to customers who are sending or receiving wire transfers and the financial institutions which process these requests.

Responsibilities:

Chief Financial Officer is responsible for initiating all outgoing wire transfer requests.

Chief Executive Officer or Chief Financial Officer should approve all wire transfers regardless of amount. Finance team is responsible for processing all incoming wire transfers.

Definitions:

ABA The American Bankers Association or ABA number is a unique routing identification code is issued to a Federal or State chartered financial institution which is eligible to maintain an account at a US Federal Reserve Bank. The ABA Routing Number (a.k.a. ABA number; Routing Transit number) is used to identify participants in automated clearinghouses, electronic funds transfer, and on-line banking.

Procedure:

INCOMING WIRES

Wire transfers are processed the same as a check in accordance with the CSH 102 CASH RECEIPTS AND DEPOSITS procedure.

Upon the bank’s receipt of the wire transfer the bank may create a wire transfer notification. Normally these are mailed but many banks may also provide notification via

e-mail, phone, fax, or via an on-line banking interface. The bank notification serves as documentation the money has been received.

OUTGOING WIRES

The Chief Financial Officer will initiate wire transfers as necessary. This will take place on the secured website maintained by the Organization’s bank. Chief Executive Officer must approve all wire transfers by logging into the bank’s secure website and approving the transfer. Wire transfers cannot be made without this secondary authorization.

Wire transfers should originate from a checking account. Reference A - FRB Reg D. - establishes limits on transfers from savings or money market accounts but there are no limits on transfers from checking accounts.

References:

FRB REG D: RESERVE REQUIREMENTS OF DEPOSITORY INSTITUTIONS

Defines consumer depository accounts (e.g., checking, savings, money market, CDs, transactions etc.) and the rules governing those accounts. This law also requires that financial institutions keep a minimum amount of reserve deposits either as vault cash or with the Federal Reserve.

The Federal Reserve Board’s Regulation D limits the number of certain withdrawals and transfers from savings accounts. All financial institutions are subject to this regulation. Examples of savings accounts affected by this regulation include Regular Savings and Money Market accounts. Transactions on Checking accounts are not limited.

Regulation D, allows up to six (6) preauthorized or automatic withdrawals or transfers to another account at the same financial institution or to a third party during a calendar month. There may be no more than three (3) of these six (6) transfers by check, debit card, or similar order, clearing an account. A “preauthorized transfer” includes arrangement the credit union make either to pay a third party, one time, on written or verbal instruction, or to pay a third party on a fixed schedule, (i.e. bill payer, ACH authorizations).

FRB REG E: ELECTRONIC FUND TRANSFER ACT

Establishes the rights, liabilities and responsibilities of all parties involved in electronic fund transfers and protects consumers when they use such systems. Examples of these transactions include those at automated teller machines, telephone bill payment plans, point-of-sale purchases and pre-authorized transfers to and from a consumer's account (such as direct deposit and regular utility and mortgage payments).

Regulation E prescribes rules for the solicitation and issuance of EFT cards; governs consumers' liability for unauthorized electronic fund transfers (resulting, for example,

from lost or stolen cards); requires institutions to disclose certain terms and conditions of EFT services; provides for documentation of electronic transfers (on periodic statements, for example)- sets up a resolution procedure for errors; and covers notice of crediting and stoppage of preauthorized payments from a customer's account.

Stored-value cards (also known as "smart cards") and home banking by personal computer would be subject to Regulation E because the act governs electronic fund transfers.

MPS Fiscal Policies and Procedures

SOP # CSH 105 Revision: 0 Prepared by: Central Office **Effective Date:** 2/14/13 Approved by: BOD

CSH 105 CHECK SIGNING AUTHORITY

Policy:

MPS Board of Directors appoints and approves employees authorized to sign checks.

Purpose:

To outline the check signing authority process.

Background:

While a hired accountant, office manager, or accounting clerk may be responsible for entering bills, paying bills, and printing out checks, all printed checks and related documentation should be presented to a second individual for signing. No one person or employee should be allowed to enter invoices, select invoices for payment, then print and sign checks. At a minimum, this process requires at least two individuals to ensure the integrity of the accounting system remains intact.

Scope:

This procedure applies to all regular bank checking accounts of the Organization.

Responsibilities:

Chief Executive Officer is responsible for adding and removing check signing authority. Any change made is subject to board approval.

Chief Financial Officer is responsible for managing the check signing authority process and alerting all individuals and banks of any changes to authority.

Procedure:

AUTHORIZED CHECK SIGNERS

The Board of Directors and the Chief Executive Officer should approve authorized check signers in writing. All approvals should be forwarded to the Chief Financial Officer for processing.

The Chief Executive Officer and Chief Financial Officer should have check signing authority.

For back-up purposes, it is advisable to have at least three check signers authorized for each checking account. One should be the Chief Financial Officer or primary signer and

the other should be the Chief Executive Officer or secondary check signer. The third should be a back-up signer. The back-up signer should be a trusted individual but not necessarily an employee. It could be a board member or another principal in the Organization. A back-up signer will ensure continuing operations in case both the primary and secondary signers become incapacitated for any period of time.

If the check signer also authorizes purchase orders, their access to the accounting system should be limited to “read” access as to maintain proper segregation of duties.

CHANGING CHECK SIGNERS

The Executive Assistant/Board Secretary receives all approval paperwork and should prepare and maintain a file record of all authorized check signers and CSH 105 CHECK SIGNING AUTHORITY LOG.

The CHECK SIGNING AUTHORITY LOG should be kept current of all individuals and their status to sign checks as soon as their status changes. The log should contain the following information:

- Recipient name / position or title
- Authority start date
- Authority end date
- Maximum expenditure authority level

Contact the bank that administers the checking account for details on adding, changing, or removing check signers from a checking account. Normally this is a simple process of presenting identification and signing a card to be placed on file at the bank.

Banks maintain an authorized check signer’s card for each checking account. Only those individuals listed on the authorized check signer’s card may sign checks.

The Chief Executive Officer or the Board of Directors may revoke check signing authority. Any person who is no longer entitled to sign Organization checks will be notified in writing. The Chief Financial Officer will oversee the proper notification of the Organization's banks whenever authorized signature changes are made.

CSH 106 CHECK MATTERS

Policy:

To ensure efficient processing and record keeping all check matters will need to be handled and documented appropriately.

Purpose:

To describe the process for matters relating to checks.

Scope:

All checks.

Responsibilities:

Chief Financial Officer or Finance team is responsible for managing other check matters.

Procedure:

CHECK ORIGINATION

The Organization permits the use of manual checks for payroll-related payments after the board approved process is followed.

In no instance can the payee of a check be made to “Cash”.

CHECK STOP PAYMENT

It is important to place the stop payment information on the account as quickly as possible to prevent losses. The following information should be obtained and recorded on the bank’s Stop Payment Form or address online:

- Requester’s name and department
- Account number
- Check number
- Date of the check
- Who the check is made payable to
- Amount of the check
- Reason for the stop payment

The stop payment information above should be forwarded to the Finance team or Chief Financial Officer who will contact the bank to put a stop on the check.

An authorized check signer may need to sign the bank's Stop Payment Form or address online, typically within ten business days. Normally, stop payments are placed on the account for approximately six months.

To release the stop payment, an authorized check signer may need to contact the bank and sign a release. Note: signing the release allows the check to be paid.

SOP # CSH 107 Revision: 1 Prepared by: Central Office **Effective Date:** 4/7/22 Approved by: BOD

CSH 107 BANK ACCOUNT RECONCILIATIONS

Policy:

To ensure the accuracy of the Organization’s bank account records by

Purpose:

To outline the practices for preparation of a Monthly Bank Reconciliation

Scope:

This applies to all bank accounts maintained by the Organization.

Responsibilities:

Chief Financial Officer or designee is responsible for review and approval of all reconciliations.

Back-office service provider is responsible for reconciling each site’s respective checking account.

Background:

Errors or omissions can be made to the Organization's bank account records due to the many cash transactions that occur. Therefore, it is necessary to prove the monthly balance shown in the bank account register. Cash on deposit with a bank is not available for count and is therefore proved through the preparation of a reconciliation of the Organization's record of cash in the bank and the bank's record of the Organization's cash that is on deposit.

Procedure:

BANK STATEMENT PREPARATION

After receipt of the monthly bank statement and/or online printing of the monthly bank statement, back-office accountant should prepare the monthly bank reconciliation as follows:

- By the 15th of the following month for MSA 1, MSA 2, MSA 3 and MSA 5 and;
- By the 20th of the following month for MSA 4, MSA 6, MSA 7, MSA 8, MSA SA and MSA SD

After preparation, the back-office client manager will carefully review the bank reconciliation. Once reviewed, the bank reconciliations are sent to the Finance Team for final review and approval. To preserve proper segregation of duties, no single employee, should perform both cash transaction functions and bank account reconciliations.

The list of outstanding checks for vendor and employee expense payments is reviewed on a monthly basis by the Accounts Payable staff. If the date on the check is more than 120 days old, the check is stale.

COMPUTERIZED FORMAT

In the computerized environment, the accounting system provides an automated bank reconciliation task. This task is generally selected once a month in conjunction with receiving the month end bank statement and/or online printout of the month end bank statement. Once selected, the screen shows a list of all items that have been posted to the cash account and that have not been cleared from the previous month's account reconciliation. The screen is usually divided into two segments: one half is a list of all checks and other charges reducing cash, and the other half is a list of all deposits and other items increasing cash. This screen would also have a field for entering the proper month end date and the balance at month end, per the bank.

After the account-reconciling task is successfully completed, a report is provided which shows the reconciliation process, including outstanding checks and deposits in transit.

Note: Once completed, the bank reconciliations and bank statements are filed electronically.

CSH 108 INTER-ACCOUNT BANK TRANSFERS

Policy:

To ensure the accuracy of the Organization’s bank account records by proving documentation of bank transfers.

Purpose:

To outline the practices for preparation of an inter-account bank transfer

Scope:

This applies to all bank accounts maintained by the Organization.

Responsibilities:

Chief Executive Officer is responsible for review and approval of all inter-account bank transfers

Chief Financial Officer is responsible for performing all inter-account bank transfers.

Background:

Errors or omissions can be made to the Organization's bank account records due to the many cash transactions that occur. Therefore, it is necessary to authorize all interaccount bank transfers.

Procedure:

INTER-ACCOUNT BANK TRANSFER

Back-office provider monitors the balances in the bank accounts to determine when there is a shortage or excess in the checking account. Back-office provider recommends to the Chief Financial Officer when a transfer should be made to maximize the potential for earning interest or when funds are needed for processing payroll or other transfer needed. The Chief Financial Officer will determine when to make a transfer and in what amount. After the transfer has been initiated by the Chief Financial Officer, the Chief Executive Officer must log into the online banking system in order to complete the bank transfer process. A copy of the transfer is given to Back-office provider.

CSH 109 JOURNAL ENTRIES AND RECLASSIFICATION ENTRIES

Policy:

To ensure the accuracy of the Organization's books and records by proving documentation of journal entries and reclassification entries. All journal entries shall be authorized in writing by the Finance Manager initialing or signing the entries.

Purpose:

To outline the practices for preparation of journal entries and reclassification entries.

Scope:

This applies to all accounting transactions performed by the Organization.

Responsibilities:

The Chief Financial Officer is responsible for review and approval of all journal entries and reclassification entries.

Back-office provider is responsible for performing all journal entries and reclassification entries

Background:

Journal entries can directly affect the presentation of financial statements. Therefore, it is necessary to authorize all journal and reclassification entries.

Procedure:

JOURNAL ENTRIES AND RECLASSIFICATION ENTRIES

The Chief Financial Officer the Financial Analysts and Back-office provider monitor the balances in the accounting records of the Organization.

All general ledger entries including audit adjusting entries, reclassification entries, or other such journal entries shall be supported by journal vouchers or other documentation, which shall include a reasonable explanation of each entry.

Examples of such journal entries include:

- Recording of noncash transactions
- Corrections of posting errors

Powered by BoardOnTrack

- Non-recurring accruals of income and expenses

Certain journal entries, called recurring journal entries, occur in every accounting period. These entries may include, but are not limited to:

- Depreciation of fixed assets
- Amortization of prepaid expenses
- Accruals of recurring expenses
- Amortization of deferred revenue

Support for recurring journal entries shall be in the form of a schedule associated with the underlying asset or liability account or, in the case of short-term recurring journal entries or immaterial items, in the form of a journal voucher.

It is the policy of MERF that all journal entries not originating from subsidiary ledgers shall be authorized in writing by the Chief Financial Officer initialing or signing the entries.

CSH 111 CREDIT CARDS AND DEBIT CARDS

Policy:

~~It is the policy of the Organization to provide credit cards to authorized members of the Organization staff in the performance of their duties and responsibilities. The Organization does not permit the use of debit cards.~~The Organization does not issue, maintain, or permit the use of debit cards under any circumstances. ~~The use of credit is the same as handling cash; every precaution must be taken to account for all funds, whether Federal, State or otherwise, and the most efficient and effective purchasing procedures as well as internal controls will be implemented to safeguard Organization funds.~~

The Organization may issue corporate credit cards to authorized employees when necessary to conduct legitimate Organization business. The Organization does not issue, maintain, or permit the use of debit cards under any circumstances.

The use of credit is the same as handling cash; every precaution must be taken to account for all funds, whether Federal, State or otherwise, and the most efficient and effective purchasing procedures as well as internal controls will be implemented to safeguard Organization funds.

Credit cards may not be used to circumvent purchasing thresholds, bidding requirements, contract approval requirements, budget controls, or other Organization procurement policies.

Purpose:

To be able to use credit cards in a controlled manner that allows for purchases such as travel and where a check and/or purchase order is not accepted.

Scope:

~~This applies to transactions at the discretion of the School Principal, Chief Executive Officer and Chief Financial Officer.~~This policy applies to all Organization-issued credit cards and all purchases made using those cards.

Responsibilities:

~~School Principal is responsible for authorization of credit card transactions up to $10,000 in accordance with the approved budget.~~School Principals are limited to $1,000 per transaction; amounts above must follow purchase order procedures.

~~Chief External Officer, Regional Directors and Chief Financial Officer are responsible for authorization of credit card transactions up to $10,000 and over, using documented approval, not to exceed the current limits established by procedure number PUR10 4 Accounts Payable and Cash Disbursements.~~

~~Chief Executive Officer and/or designee is responsible for authorization of credit card transactions of up to $90,000 using documented approval, not to exceed the current limits established by procedure number PUR104 Accounts Payable and Cash Disbursements.~~

School Principals may utilize Organization-issued credit cards for purchases up to $1,000 per transaction. Purchases exceeding this threshold must follow standard purchase order and procurement procedures.

Chief Financial Officer (CFO): may approve transactions up to $10,000 per transaction with documented justification

Chief Executive Officer (CEO): may approve transactions up to $90,000 per transaction with documented justification

Credit card transactions shall comply with the purchasing authority limits established under PUR104 Accounts Payable and Cash Disbursements. Nothing in this policy supersedes existing purchasing authority levels.

MPS Accounts Payable Manager and Back-office provider are responsible for recording the transactions in the accounting records and reconciling credit card receipts to the credit card statements in accordance with CSH 107 Bank Reconciliations.

Procedure:

CREDIT CARDS

Issuance of Corporate Credit Cards

Corporate credit cards are issued to personnel who travel on Organization business or have a legitimate need to purchase goods and services, either in person or on-line or when a purchase order cannot be approved in time or a purchase order is not accepted by a vendor. These cardholders will be required to sign a statement (CSH 111 Ex1 Use of Credit Cards and Debit Cards Certification) acknowledging that the card shall be used exclusively for legitimate Organization-related business purposes and that the cardholder agrees to take reasonable precautions to protect the card from loss or theft by storing it in a secure location. Upon approval from the credit card company, a card will be issued bearing the names of both the individual and the Organization.

Cardholders, while working with other Organization staff, must plan activities and travel requests with sufficient time in order to avoid the use of credit cards.

Cardholders abusing this privilege may have the card revoked if it is determined that sufficient time was available in order to request and receive approval for a purchase order.

When using the credit card for internet purchases, cardholders should ensure that the site utilizes industry recognized encryption transmission tools.

All corporate credit cards will be issued from the same vendor to enhance the purchasing power of the credit card and to provide for efficient on-going monitoring of all purchases made with the credit card(s).

Cardholder Responsibilities

~~The cardholders will submit all receipts for purchases of goods and services to the Finance Department within seven (7) days attached to the debit/credit card monthly statement after making any purchase.~~

All receipts, approvals, and business purpose documentation must be submitted within seven (7) business days of the transaction.

All documents will be initialed by the cardholder.

Failure to provide required documentation within seven (7) business days will result in temporary suspension (“freeze”) of the credit card until compliance is achieved.

~~In any instance of a missing receipt, payment will be the responsibility of the cardholder.~~

Missing receipts must be documented using an approved Missing Receipt Form. Repeated failure to provide supporting documentation may result in reimbursement requirements, suspension of card privileges, or disciplinary action.

~~Transactions with missing or incomplete documentation will be recorded in a suspense account until proper documentation is provided and approved.~~

Transactions with missing or incomplete documentation may be held in suspense until sufficient documentation is received and approved.

Should the Accounts Payable Manager identify any inadvertent personal or unauthorized uses of the card, the card statement as well as all backup documentation will be forwarded to the Chief Financial Officer for review.

The Chief Financial Officer will discuss with the cardholder any charges of concern and the card member will be required to reimburse the Organization immediately for any unauthorized charges.

~~Excessive inadvertent personal charges will be grounds for revoking credit card privileges.~~

Personal use of Organization credit cards is strictly prohibited and may result in reimbursement obligations, revocation of card privileges, disciplinary action, or all of the above.

The Organization requires the following review and approval procedures:

The cardholder will review the card statement to ensure only approved business charges are listed.

All credit card transactions, receipts, and supporting documentation must be submitted and maintained within the Organization's financial system.

The Chief Financial Officer shall review monthly credit card activity for School Principals.

The Chief Executive Officer shall review monthly credit card activity for the Chief Financial Officer.

The Finance Department shall provide a quarterly report of credit card transactions incurred by the Chief Financial Officer to the Board Chairperson for review and oversight.

The Finance Department shall provide a quarterly report of credit card transactions incurred by the Chief Executive Officer to the Board Chairperson for review and oversight.

~~Credit card usage by Principals and other authorized cardholders is subject to post-transaction review rather than pre-approval.~~

Credit card activity is subject to ongoing review and monitoring for compliance with Organization policies and purchasing requirements.

The Accounts Payable Manager will review all charges against supporting documentation.

The Chief Financial Officer will review charges and supporting documentation prior to payment of the monthly statement.

Revocation of Corporate Credit Cards

Failure to comply with any of these policies associated with the use of the Organization's corporate credit cards shall be subject to possible revocation of credit card privileges.

On-going Monitoring of Corporate Credit Cards

The Organization will implement continuous monitoring of the use of corporate credit cards to ensure only authorized expenditures are made.

Credit card usage must follow the same criteria as all other purchases, including allowability, reasonableness, necessity, and allocability where required.

Corporate credit cards will be assigned only to approved employees and all charges shall remain the responsibility of the assigned cardholder.

Employee Personal Credit Cards

With prior approval from the Chief Executive Officer and/or Chief Financial Officer, employees may incur legitimate Organization business expenses utilizing their personal credit cards and seek reimbursement in accordance with PUR106 Reimbursements.

DEBIT CARDS

Debit Card Policy

The organization does not permit the use of debit cards.

SOP # CSH 112 Revision: 2 Prepared by: Central Office **Effective Date:**9/5/2017 Approved by: BOD

CSH 112 INTRA-ORGANIZATION RECEIVABLES AND PAYABLES (DUE TO/DUE FROM)

Policy:

To ensure that intra-organization transactions between individual charter schools and the central office are processed correctly

Purpose:

To outline the practices for intra-organization transactions between individual charter schools and the central office

Scope:

This applies to all charter schools operated by the Organization.

Responsibilities:

Chief Financial Officer is responsible for performing the intra-organization transactions with approval from the Board of Directors.

The Finance Department is responsible for alerting Back-office provider regarding intraorganizational transactions. Back-office provider is responsible for recording it into the accounting system and ensuring accuracy of fiscal year-end balances.

Background:

Charter schools are highly dependent on government funding to operate. Government cuts and funding deferrals can result in cash shortages for schools. Therefore, the need arises to allocate resources from other schools to cover any shortfall. It is necessary to correctly record transactions between the charter schools and the central office in order to properly determine each school’s receivable/liability.

Procedure:

INTRA-ORGANIZATION TRANSACTIONS

The Chief Financial Officer, with the support of the Finance Department and Back-office provider, monitors cash balances daily for the charter schools. When a charter school realizes a need for funds, the Chief Financial Officer will assess resource levels for the other schools as well as the central office. If the central office does not have sufficient funds to advance to the charter school requestor, at the discretion of the Chief Financial

Officer, the Chief Financial Officer may transfer funds from a charter school with surplus funds into the central office. The Chief Financial Officer may then transfer funds to the charter school requestor from the central office. For policy regarding inter-account bank transfers, refer to CSH 108 INTER-ACCOUNT BANK TRANSFERS.

At the end of the fiscal year, each school's receivable or payable account will be reconciled in accordance with G&A105 PERIOD-END REVIEW & CLOSING. Once balances are reconciled, an agreement is prepared at the end of the fiscal year between each school and the central office to document the amount owed and repayment terms.

SOP # CSH 113 Revision: 2 Prepared by: Central Office **Effective Date:**9/5/17 Approved by: BOD

CSH 113 FINANCIAL RESERVES

Policy:

To ensure each charter school maintains a fund reserve in order to protect itself from unforeseen revenue shortfalls or unexpected expenditures.

Purpose:

To describe responsibilities and monitoring procedures over each charter school's fund reserve

Scope:

This applies to all charter schools operated by the Organization.

Responsibilities:

Back-office provider is responsible for day-to-day monitoring of charter school cash accounts and ensuring their accuracy.

Chief Financial Officer is responsible for oversight over charter school cash accounts to ensure that required fund reserve amounts are met.

Background:

California regulations state that the following reserve amounts must be maintained as codified in Title 5 of the California Code of Regulations Section 15450:

- Greater of 5% of prior year operational expenditures or $55,000 for districts with 0-300 ADA
- Greater of 4% of prior year operational expenditures or $55,000 for districts with 301-1,000 ADA
- the greater of 5% or $80,000 for districts with 0-300 ADA
- the greater of 4% or $80,000 for districts with 301-1,000 ADA
- 3% for districts with 1,001-30,000 ADA
- 2% for districts with 30,001-250,000 ADA
- 1% for districts with 250,001 and over ADA

MPS Fiscal Policies and Procedures

Procedure:

FUND RESERVE BALANCES

Back-office provider will monitor the cash balance for each charter school to ensure its accuracy and to be able to project future amounts. This will be accomplished through timely bank reconciliations and regular budget vs. actual comparisons. This process is critical to quickly detect any potential cash shortages so expenditures can be modified or more resources can be requested.

If the required fund reserve amount for a charter school cannot be met, the Chief Financial Officer with the support of Back-office provider will need to determine where cash can be derived from in order to restore the fund balance. This can come from central office funds or from another charter school with surplus funds. See CSH 112 INTERCOMPANY RECEIVABLES AND PAYABLES (DUE TO/DUE FROM) for this procedure.

INV 101 FIXED ASSET CONTROL AND LEASES

Policy:

Proper control procedures will be followed for all capital asset acquisitions, transfers and dispositions in order to provide internal control of capital equipment and to assist in reporting.

Purpose:

To outline the procedures for acquiring, disposing and maintaining control of capital assets. This is particularly important for assets purchased with grant program dollars where the grantee may want the equipment returned at the end of the program.

Scope:

This procedure applies to all equipment with a value of $500 or more and furniture at a value of $5,000 or more.

Responsibilities:

School Principals are responsible and accountable for furniture, equipment, machinery and any other assets in their schools. An automated fixed asset tracking system will be implemented for tracking and tagging assets to be inventoried.

Definitions:

Capitalized Equipment: All furniture and equipment individually costing $5,000 or more each should be recorded in the fixed assets inventory system and depreciated annually. **Non-Capitalized Equipment:** No equipment costing less than $5,000 each should be depreciated. However, non-capitalized equipment that is motorized, electronic, or computerized should be added to the fixed assets inventory system for fiduciary purposes only so that its existence can be verified during the annual physical inventory process.

Furniture: No furniture items costing less than $5,000 each should be added to the fixed assets inventory system or depreciated

Procedure:

ACQUISITIONS

All purchases of furniture and equipment as defined above must be tagged and included in the inventory listing.

See PUR102 for the procurement process to be followed.

Any internally constructed or donated equipment will be reported to the Finance Team if the item cost has a value of $5,000 or more. A complete description of the property, date manufactured or received, number of items, cost or estimated value and a statement that it was internally constructed or donated will be included in the report.

To maintain proper segregation and control upon termination of any employees, any employee-owned tools, equipment or furniture brought on the Organization premises will be reported to the School Principal. The report should include the employee's name, description of items, identification numbers, if any, and reason for using the asset.

DISPOSITIONS

Assets may be sold or traded in on new equipment. An example INV 103 Ex1 ASSET DISPOSITION form or updating of Excel workbooks is to be completed and approved by the School Principal. Any assets with an original value greater than $10,000 will also require the Chief Financial Officer's approval.

Upon approval, the school may advertise the property for sale or submit a list to purchasing for sale and disposition. After completion of the sale, an example INV 103 Ex2 BILL OF SALE provided below will be issued and the ASSET DISPOSITION form will be submitted to Finance Team who will ensure deletion of the item from the asset records and submit paperwork to back-office provider to record any gain or loss on the disposition.

Worn-out or obsolete property with no cash value will be reported to the Finance Team on the Asset Disposition form with the description, serial number and condition. The Finance Team will inspect all worn-out of obsolete property before it is removed from the school and discarded. The asset will then be removed from the asset records.

Any asset that is missing or has been stolen will be reported in writing to the School Principal and Finance Team as soon as possible. The description, serial number, and other information about the lost item should be included in the report.

Accounting will determine the proper course of action and will notify the company's insurance carrier and any outside authorities if deemed appropriate. If un-recovered, the asset will then be removed from the asset records.

Inter-school transfers of assets will be reported to Accounting in writing including the description, serial number and the name of the school to receive the property.

The School Principal to whom the item was assigned originally will be held accountable until accounting is notified of the transfer. After being notified, the School Principal acquiring the property assumes responsibility. Accounting will then record the interschool transfer on the asset records.

MPS Fiscal Policies and Procedures

ASSET RECORDS

Upon any asset acquisition, Accounting is responsible for assigning and attaching asset number tags to the property where it can be readily located.

Accounting will then maintain a detailed listing of each fixed asset item which will include the description, date acquired, vendor, cost basis, assigned school and location. On an annual basis, accounting will furnish each school with a report showing a listing of assets assigned to that school and any acquisitions, disposals and transfers during the past year. Any discrepancies must be communicated to the Finance Team by June 30th of each year. This report should be filed by the School Principal for reference and later use.

A physical count will be taken at each site every two years or as needed.

Each school will be responsible for locating assets with its number tag attached that are recorded as assigned to their school whenever requested by Accounting, a county property tax auditor or the company's external auditors.

Whenever a change in School Principal occurs, all items should be accounted for by the outgoing School Principal. The incoming School Principal will accept responsibility and accountability for the school asset listing upon assuming the position. Accounting can assist with this audit if requested.

LEASED OR OWNED VEHICLES

The safety and comfort of MERF employees, parents and Board members is of utmost importance. Therefore, MERF has established a policy whereby vehicles, whether leased or purchased, will be retained for a maximum of 100,000 miles or 8 years, whichever is less. The Finance Team will establish a mileage log to ensure vehicles are properly planned and replaced on schedule. Any individual that is assigned a vehicle shall be responsible for maintaining the mileage log and working with the Finance Team in complying with the replacement requirements of this policy.

A mileage log will be retained for each vehicle, and all users will note the beginning and ending mileage for all trips. This log will be provided to the designated driver upon pickup of keys for use of a vehicle. Under no circumstances may an employee retain the keys or mileage log overnight unless on an authorized, extended trip requiring overnight accommodation. All keys will be returned to the administrative office or central kitchen upon completion of the day’s authorized trips.

The Finance Team will ensure that all vehicles are taken to an authorized vendor for maintenance and service. All vehicles will receive appropriate oil changes on a minimum 5,000-mile schedule. Tires will be rotated at the same time and tires will be replaced after 50,000 miles (or sooner) if believed to be worn beyond prudent safety levels.

The Finance Team will submit RFPs to authorized vehicle dealers and service vendors on an annual basis. All vehicles will be serviced by the same designated vendor(s) for this annual contract period. The only exception will be for vehicles, newly purchased or leased, which provide for free maintenance and service as part of their warranty period or any special arrangements made as part of the purchase or lease of the vehicle.

Designated drivers must report any problems or issues identified, upon completion of their daily trip(s), to the Finance Team. A “Vehicle Report” must be completed and submitted to the Finance Team immediately upon return from any trip whereby a problem or issue is suspected or identified.

If any driver is involved in an accident, whether with another vehicle or not, the driver must complete an Accident Report form and submit the report form to the Finance Team immediately upon return to MERF. A copy of the report form and instructions for submitting the report and “what to do if involved in an accident” are included in the Exhibits section.

LEASES

Classification of Leases

It is the policy of MERF to classify all leases in which MERF is a lessee as either capital or operating leases. MERF shall utilize the criteria described in Statements of Financial Accounting Standards No. 13 in determining whether a lease is capital or operating in nature. Under those criteria, a lease shall be treated as a capital lease if, at the time of entering into the lease, any of the following factors are present:

- The lease transfers ownership to MERF at the end of the lease term;
- The lease contains a bargain purchase option;
- The lease term is equal to 75% or more of the estimated economic life of the leased property; or
- The present value of the minimum lease payments is 90% or more of the fair value of the leased property (using, as the interest rate, the lesser of MERF’s incremental borrowing rate or, if known, the lessor's implicit rate).

All leases that do not possess any of the four preceding characteristics shall be treated as operating leases. In addition, all leases that are immaterial in nature shall be accounted for as operating leases.

MERF shall also maintain a control list of all operating and capital leases. This list shall include all relevant lease terms.

SOP # INV 102 Revision: 1 Prepared by: Central Office **Effective Date:** 11/12/15 Approved by: BOD

INV 102 FIXED ASSET CAPITALIZATION & DEPRECIATION

Policy:

Asset acquisitions with a useful life expectancy of greater than one year and with a minimum threshold amount as specified by the Chief Financial Officer should be capitalized by the Organization and depreciated.

Purpose:

The purpose of this procedure is to delineate capitalization and depreciation methods for various asset groups.

Scope:

All acquisitions of capital assets for the Organization.

Definitions:

Capitalization - Capitalization is the method chosen to record the purchase of a fixed asset on the Organization's accounting books. If an asset is capitalized then it is not expensed in the same year the asset is purchased. Instead, the asset is generally recorded on the balance sheet and individually on an asset schedule. Examples of capital expenditures are purchases of land, buildings, machinery, office equipment, leasehold improvements and vehicles. The asset is expensed each year as depreciation.

Depreciation - is an annual income tax deduction that allows the write-down or write-off of the cost of the asset over its estimated useful life to recover the cost or other basis of certain property over the time the property is used. It is an allowance expense for the wear and tear, age, deterioration, or obsolescence of the property.

As an asset ages and is used by the Organization, its value declines. It, in effect, becomes worth less and less over time. The declining value or usefulness of the asset over time is represented as a discount that is applied to the original purchase price. At the end of the asset's depreciation period, (and/or useful life), its value on the balance sheet will be zero, or fully depreciated. At the same time, the individual depreciation expenses will have all been recorded on the income statement.

Note: Land is not depreciated because land does not wear out, become obsolete, or get used up. But the building on the land is depreciated. Land is generally viewed as an appreciating asset while all other capital assets are generally viewed as depreciating

over time, with use. But, unlike depreciation, an asset's appreciation is not recorded on the books until the asset is sold, which is when the assets' appreciation is realized.

Cost basis – The total amount paid for the asset, in cash or kind, is considered the "cost-basis". This should include all charges relating to the purchase, such as the purchase price, freight charges and installation, if applicable. The cost basis is not the market value or list price of the asset. It is the total amount invested in the purchase or the total amount paid.

Procedure:

CAPITALIZATION

All assets with a useful life of greater than one year and costing more than $5,000 will be capitalized and (except for land) will be recorded in the depreciation records.

Bulk computers, software, and other technology purchases with an aggregate value of $5,000 or more are captured as capitalized fixed assets regardless of individual price of item.

In addition, remodeling modifications and replacement costs of integral structural components are only capitalized when such costs incurred exceed $50,000.

Depreciation or amortization is computed on the straight-line basis over the useful lives of the assets.

Any asset that does not meet the above criteria will be expensed such as small tools and equipment or repairs and maintenance.

The cost basis of furniture and equipment assets will include all charges relating to the purchase of the asset including the purchase price, freight charges and installation if applicable.

Leasehold improvements including painting are to be capitalized if they relate to the occupancy of a new office or a major renovation of an existing office or site. Expenditures incurred in connection with maintaining an existing facility in good working order should be expensed as a repair.

The cost of buildings should include all expenditures related directly to its acquisition or construction. This cost includes materials, labor and overhead incurred during construction, and fees, such as attorney's and architect's and building permits.

Maintain proper files on the details to all acquisitions, expenditures, and maintenance performed on all assets. These records are vital for proper tax preparation and are used during yearly tax reporting and planning.

DEPRECIATION

MPS Fiscal Policies and Procedures

The depreciation methods/lives for assets must be selected at the time the asset is first placed into service in order to ensure consistent financial reporting and tax compliance.

The Organization uses the straight-line method of depreciation.

The following represents a sample of the useful lives that the Organization may use for financial reporting purposes:

Asset Class	Examples	Estimated Useful Life in Years
Land		N/A
Site improvements	Paving, flagpoles, retaining walls, sidewalks, fencing, outdoor	20
Buildings		20 - 50
HVAC systems	Heating, ventilation, and air systems	10 - 20
Roofing		20
Interior construction	Leasehold improvements	20 - 25
Carpet replacement		7
Electrical/plumbing		30
Sprinkler/fire system	Fire suppression systems	25
Outdoor equipment	Playground, radio towers, tanks	20
Machinery & tools	Shop & maintenance equipment	3 - 15
Custodial equipment	Floor scrubbers, vacuums, other	7 - 15
Furniture & accessories	Classroom & other furniture	10 - 20
Business machines	Fax, duplicating & printing	3 - 10
Copiers		3 - 10
Communication equipment	Mobile, portable radios	3 - 7
Computer hardware	PCs, printers, network hardware	3 - 5
Computer software	Instructional, other short-term	5 to 10
Computer software	Administrative or long-term	10 to 20

Audio visual equipment	Projectors, cameras (still & digital)	5 - 10
Athletic equipment	Wrestling mats, weight machines	7 - 10
Library books	Collections	5 to 7
Licensed vehicles	Buses, other on-road vehicles	5 - 10

SOP # IVT101 Revisions: 0 **Effective Date:** 6/14/17Prepared by: Central Office **Approved by:** BOD

IVT 101 INVESTMENTS

Policy:

This policy establishes procedures to govern the investment of funds held by Magnolia Public Schools ("MPS" or the "Charter School"). This policy is based upon federal, state and local laws and regulations, and prudent money practices. To the extent that this policy conflicts with state or federal law, the applicable law shall prevail.

Purpose:

MPS' primary investment objective shall be to maintain the safety and liquidity of its funds. Safety of principal is the foremost objective of MPS. The primary objectives of MPS investment activities shall be, in order of priority:

Safety. The safety of principal is the foremost objective of MPS's investment program. MPS's investments shall be undertaken in a manner that shall preserve MPS's capital.

Liquidity. MPS's secondary objective shall be to meet its liquidity needs. The investment portfolio shall maintain sufficient liquidity to enable MPS to meet necessary cash flow and operating requirements which might be reasonably anticipated.

Yield. The investment portfolio shall be designed with the objective of attaining a market rate of return over the course of budgetary and economic cycles, taking into account the investment risk, constraints and the cash flow characteristics of the portfolio.

Maintaining the Public's Trust. The investment officers shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence while conforming to all applicable statutes and regulations governing the investment of public funds.

Mitigating Credit Risk and Market Risk. Credit risk shall be mitigated by diversifying the fund among issues and issuers so that the failure of any one issue or issuer would not result in a significant loss of income or principal to participants. Because longer-term securities generally have greater market risk than shorter-term securities, market risk will be mitigated by establishing a maximum weighted average maturity or duration for the portfolio. Occasional market losses on individual securities are inevitable with active portfolio management and must be considered within the context of the overall investment return.

Scope:

MPS Fiscal Policies and Procedures

It is recommended that MPS mirror the intent of California Education Code Section 41015 and invest all or part of funds deposited in a Special Reserve Fund, or any surplus monies not required for the immediate necessities of MPS in any of the investments specified in California Government Code Sections 16430 or 53601. Special Reserve Funds are hereby defined as those funds, which the Board has designated for capital outlay, or other purposes, where an accumulation over a period of fiscal years is desired.

MPS shall make investments following the guidelines of the Uniform Prudent Investor Act. (Probate Code Section 16045, et seq.)

This Policy covers all funds and investment activities under the direct authority of MPS. The proceeds obtained from the issuance of bonds shall be invested in accordance with the applicable bond documents. If the bond documents are silent as to the investment of the proceeds, the bond proceeds will be invested in the securities permitted by this Policy.

COMPLIANCE WITH STATE AND FEDERAL SECURITIES LAWS

MPS will take reasonable steps to ensure that any debt offering issued by MPS complies fully with all applicable state and federal securities laws. In connection with all debt offerings issued by MPS, MPS will retain bond counsel and disclosure counsel to review the offering materials prepared in connection with the debt offering to ensure that disclosures contained in offering materials comply with federal and state securities laws. MPS has implemented procedures to ensure MPS maintains compliance with continuing disclosure requirements. The Chief Executive Officer shall be responsible for reviewing the offering materials regarding the accuracy of information disclosed in such materials.

CHANGES TO INVESTMENT POLICY

This Policy will be reviewed, as needed, to ensure its consistency with the objectives of income, growth and safety, and changes in applicable laws and financial trends. Any proposed amendments to the Investment Policy will require approval by the MPS Board of Directors. This Policy and modifications to it must be approved by the Board of Directors at a public meeting.

COMPLIANCE WITH INVESTMENT POLICY

All outside investment advisors/managers, attorneys and other financial professionals employed or retained by MPS and/or its representatives, including without limitation financial advisors, underwriters, bond counsel, and disclosure counsel, must review this policy and confirm that they have reviewed this Investment Policy and will fully comply with these policies.

Responsibilities:

MPS Fiscal Policies and Procedures

DELEGATION OF AUTHORITY

Management responsibility for the investment program is hereby delegated by the Board of Directors to the CEO and the Oversight Committee, as deemed appropriate or necessary, who shall thereafter assume full responsibility for those transactions until the delegation of authority is revoked. The Board of Directors may review and renew the

delegation of authority each year. The CEO may delegate the day-to-day operations of investing to his/her designee(s) but not the responsibility for the overall investment program. The CEO and/or his/her designee(s) shall make all investment decisions and transactions in strict accordance with state law and with this Policy.

If authorized by the Board of Directors, the CEO and Oversight Committee may utilize an external investment advisor to assist with investment decision-making and trade execution authority. The investment advisor shall be under the supervision of the approved Oversight Committee and shall follow this Policy and such other written instructions as are provided.

The CEO, his/her designee(s) and/or Oversight Committee, acting in accordance with written procedures and policies and exercising due diligence, shall be relieved of personal liability for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.

The Board of Directors shall ensure that its fiduciary responsibilities concerning the proper management of MPS' funds are fulfilled through appropriate investment structure, internal and external management, consistent with all policies and procedures. Based on the advice and recommendations of the CEO and Oversight Committee.

The CEO and Oversight Committee are not held liable for less than desirable outcomes, rather, they are responsible only for adherence to procedure and processes. The CEO and Oversight Committee are responsible for the development, recommendations, implementation and maintenance of all investment policies.

Procedure:

INTERNAL CONTROLS

The CEO and Oversight Committee shall establish a system of written internal controls to regulate MPS's investment activities, including the activities of any subordinate officials acting on behalf of MPS. Procedures should include references to individuals authorized to execute transactions or transfers, safeguard agreements, (including repurchase agreements, wire transfer agreements, collateral/depository agreements),

and banking services contracts, as appropriate. As part of the annual audit, MPS's external auditor will perform a review of investment transactions to verify compliance with policies and procedures. The Oversight Committee will sign off on internal control procedures as appropriate.

The controls shall be designed to prevent loss of public funds due to fraud, employee error, and misrepresentation by third parties, unanticipated market changes or imprudent actions by employees of the Charter School. The Charter School shall seek to maintain a debt burden factor of 1 - 2% of the Charter School's unrestricted general fund revenues.

AUTHORTIZED FINANCIAL INSTITUTIONS AND DEALERS

It shall be MPS' policy to purchase securities only from authorized institutions and firms. The CEO and Oversight Committee shall maintain a list of authorized brokers/ dealers and financial institutions that are approved for investment purposes. MPS shall use at least one authorized broker/dealer to advise MPS on investments.

No deposit of public funds shall be made except in a qualified public depository as established by state laws. If an external investment advisor is authorized to conduct investment transactions on behalf of MPS, the investment advisor may use their own list of approved broker/dealers and financial institutions for investment purposes consistent with MPS' policies and existing laws.

For broker/dealers of government securities and other investments, MPS shall select only broker/dealers who are licensed and in good standing with the California Department of Securities, the Securities and Exchange Commission, the Financial Industry Regulatory Authority and/or other applicable self-regulatory organizations. Any permitted investment shall be purchased either from a "primary" or regional broker/ dealer qualifying under SEC Rule 15c3-1 (uniform net capital rule) or a "well capitalized" financial institution, as defined in Title 12 of the Code of Federal Regulations ("CFR") Part 6.4.

Before engaging in investment transactions with a broker/dealer, the CEO and Oversight Committee shall have received from said firm a signed Certification Form. This form shall attest that the individual responsible for MPS's account has reviewed MPS's Investment Policy and that the firm understands the policy and intends to present investment recommendations and transactions to MPS that are appropriate under the

terms and conditions of this Investment Policy. Any broker, brokerage, dealer or securities firm that has made a contribution to the Charter School, any member of the Board of Directors, or any candidate for those offices is ineligible for selection by the Charter School.

AUTHORIZED AND SUITABLE INVESTMENTS

In making any decision regarding the investment of funds, each of the following factors must be considered, and properly documented:

- General economic conditions,
- Expected tax consequences, if any, of investment decisions or strategies,
- Expected total return from the income and appreciation of investments,
- Other resources of the organization,
- The needs of the organization and the fund to make distributions and preserve capital.

INVESTMENT TYPE DESCRIPTIONS

Investments not specifically listed below are prohibited. Consistent with the requirements of law and this Investment Policy, the Charter School may place orders for the execution of transactions with or through such broker/dealers, banks or counterparties as may be selected from time to time. All securities must be U.S. dollar denominated. To the extent consistent with the objectives stated above, the investment restrictions outlined below, and the investment limitations specified herein, the Charter School may invest in the following areas.

State and Local Agencies. Registered treasury notes or bonds of this or any of the other forty-nine United States, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by a state or by a department, Board of Directors, agency, or authority of this state or any of the other forty-nine United States.

Bonds, notes, warrants, or other evidences of indebtedness of any local agency within this state (including MPS), including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency, or by a department, Board of Directors, agency, or authority of the local agency.

United States Treasury Issues. United States Treasury notes, bonds, bills, or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

U.S. Agencies (Federal Agency Obligations). Federal Agency or United States government-sponsored enterprise obligations, participations, or other instruments, including those issued by or fully guaranteed as to principal and interest by federal agencies or United States government-sponsored enterprises.

Supranational. Supranational organizations are international financial institutions that are generally established by agreements among nations, with member nations contributing capital and participating in management. Supranational bonds finance economic and infrastructure development and support environmental protection, poverty reduction, and renewable energy around the globe. MPS may purchase the United States dollar denominated senior unsecured unsubordinated obligations issued or

unconditionally guaranteed by the International Bank for Reconstruction and Development, International Finance Corporation, or Inter-American Development Bank.

Bankers' Acceptances. Bankers' acceptances otherwise known as bills of exchange or time drafts that are drawn on and accepted by a commercial bank. Purchases of bankers' acceptances may not exceed 180 days maturity. Eligible bankers' acceptances are restricted to issuing financial institutions with short-term debt rating of at least "A-1," or its equivalent, by a nationally recognized statistical rating organization (NRSRO) or a long-term rating of not less than "A" from a NRSRO.

Commercial Paper. Commercial paper rated the highest ranking or of the highest letter and number rating as provided for by a NRSRO. Eligible commercial paper shall be of 'prime' quality of the highest ranking. The commercial paper shall not exceed 270 days maturity. The entity that issues the commercial paper shall meet all of the following conditions in either paragraph (a) or paragraph (b):

- Has total assets in excess of five hundred million dollars ($500,000,000), is organized and operating within the United States as a general corporation, and has
  debt other than commercial paper, if any, that is rated "A" or higher by a NRSRO.
- Is organized in the United States as a special purpose corporation, trust, or limited
  liability company, has program-wide credit enhancements including, but not limited
  to overcollateralization, letters of credit or a surety bond, has commercial paper that is rated "A-1" or higher, or the equivalent, by a NRSRO.

Split ratings (i.e. A2/P1) are not allowed.

Placement Service Deposit. Deposits placed through a deposit placement service shall meet the requirements under Government Code Section 53601.8. The full amount of the principal and the interest that may be accrued during the maximum term of each deposit shall at all times be insured by federal deposit insurance.

Negotiable Certificates of Deposit. Negotiable certificates of deposit (NCDs) issued by a nationally or state-chartered bank, a savings association or a federal association, a state or federal credit union, or by a federally licensed or state-licensed branch of a foreign bank. Purchases are limited to institutions which have long-term debt rated at least in the "A" category, or its equivalent, by a NRSRO, and/or have short-term debt rated at least "A-1," or its equivalent, by a NRSRO. NCDs may not exceed 5 years in maturity. In combination with placement service CDs, a maximum of 30 percent of the portfolio may be invested in this category. The amount invested in NCDs with any one financial institution in combination with any other securities from that financial institution shall not exceed ten percent of the portfolio. Quarterly, the Charter School will monitor custodial credit risk and report the outcome to the Board of Directors. All deposits are to be in FDIC insured institutions and will be reviewed as to the nature and extent of its

present compliance with regulations, federal regulatory requirements, profitability/loss trend, liquidity and capital ratios.

Repurchase Agreements. Investments in repurchase agreements for the purpose of this Investment Policy Statement (as defined by section 53601(j) of the California Government Code) means a purchase of securities by the Charter School pursuant to an agreement by which the seller will repurchase the securities on or before a specified date and for a specified amount and will deliver the underlying securities to the Charter School by book entry, physical delivery, or by third party custodial agreement. Repurchase agreements are to be used as short-term investments not to exceed one year. The following collateral restrictions will be observed: Only United States Treasury securities or Federal Agency securities will be acceptable collateral. All securities underlying repurchase agreements must be delivered to MPS's custodian bank or be handled under a properly executed tri-party repurchase agreement. The total market value of all collateral for each repurchase agreement must equal or exceed 102% of the total dollar value of the money invested by MPS for the term of the investment.

Repurchase agreements are required to be collateralized by securities or cash authorized under California Government Code Section 53601(j)(2). Collateral will be held by an independent third party with whom the Charter School has a current

custodial agreement. Clearly marked evidence of ownership (safekeeping/custody receipt) must be supplied to the Charter School and retained. The Charter School retains the right to substitute or grant substitutions of collateral. Investments in repurchase agreements may be collateralized by any securities authorized within this section. Agreements are subject to California Government Code Section 53601 and must comply with the delivery requirements and the maturity provision from Section 53601.

Medium-Term Notes. Medium-term notes defined as all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States. Purchases are limited to securities rated at least in the "A" category, or its equivalent, by a NRSRO.

Money Market Funds. Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission that invests solely in U.S. Treasuries and Federal Agency obligations and repurchase agreements relating to such obligations

Mutual Funds. Shares of beneficial interest are issued by diversified management companies that invest solely in securities and obligations authorized by this policy. The company shall have met either of the following criteria: (A) Attained the highest ranking or the highest letter and numerical rating provided by not less than two NRSROs, (B)

Retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than 5 years of experience managing money market mutual funds with assets under management in excess of five hundred million dollars ($500,000,000).

Local Government Investment Pools Joint Powers Authority (LGIP JPA.) Shares of beneficial interest issued by a joint powers' authority organized pursuant to Government Code Section 6509.7. To be eligible for purchase, the pool must meet the requirements of California Government Code Section 53601(p), the pool must seek to maintain a stable Net Asset Value ("NAV"), and the pool must be rated at least "AAA," or its equivalent, by a NRSRO.

Mortgage- and Asset-Backed Securities. Any mortgage pass-through security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable pass-through certificate, or

consumer receivable-backed bond of a maximum of five years' maturity. Securities eligible for investment under this subdivision shall be issued by an issuer having at least an "A" rating, or its equivalent, for the issuer's debt as provided by a NRSRO and rated at least "AA", or its equivalent, by a NRSRO.

SAFEKEEPING AND CUSTODY

All deliverable security transactions entered into by MPS shall be conducted on a delivery-versus-payment (DVP) basis. To protect against potential losses by collapse of individual securities dealers, and to enhance access to securities, interest payments and maturity proceeds, all securities owned by MPS shall be held in safekeeping by a third party bank trust department, acting as agent for MPS under the terms of a custody agreement executed by the bank and by MPS. The only exception to the foregoing shall be depository accounts and securities purchases made with: (i) LAIF and government investment pools and, (ii) money market funds, since the purchased investments are not deliverable. Evidence of each of these investments will be held by MPS.

MAXIMUM MATURITIES

The CEO and Oversight Committee shall maintain a system to monitor and forecast revenues and expenditures so that funds can be invested to the fullest extent possible. Maturities of investments will be selected to provide necessary liquidity, manage interest rate risk, and optimize earnings. Because of inherent difficulties in accurately forecasting cash flow requirements, a portion of the portfolio should be continuously invested in readily available funds.

The maximum maturity of individual investments shall not exceed the limits set forth in the Authorized and Suitable Investments section. If the section does not specify a maturity limit, no investment shall have a remaining maturity in excess of five years from the date of purchase unless MPS has granted its express authority to make that

investment either specifically or as a part of an investment program no less than three months prior to the investment.

INVESTMENT RESTRICTIONS

Credit Ratings

Credit ratings will be applied at the time of purchase of a security. A subsequent downgrade in a security's credit rating will not constitute a violation of the Investment Policy. Securities which are downgraded below the minimum acceptable rating levels must be reviewed for possible sale within a reasonable amount of time.

U.S. Government obligations are exempt from the credit rating requirements listed below.

The credit ratings referred to below must be assigned by one of the following NRSROs: Standard & Poor's Corporation ("S&P"), Moody's Investors Service, Inc. ("Moody's"), and Fitch Ratings ("Fitch").

Short-term debt ratings – (two of the following and not less than the following) "A-1" or "SP-1" (S&P); "P-1" or "MIG 1/VMIG 1 (Moody's); or "F1" (Fitch) Ratings.

Split ratings are not allowed, i.e. A-1/P-1/F2 or similar. An issuer of short-term debt must have no less than an "A" rating on long-term debt.

Long-term debt ratings – Investments purchased with remaining maturities of 397 days or less- shall be rated by at least two NRSROs and have obtained no less than an "A" rating by any.

Investments purchased with remaining maturities longer than 397 days– shall be rated by at least two NRSROs and have obtained no less than an "AA" rating by any. If an issuer of long-term debt has a short-term rating, then it may not be less than A-1/SP-1 or P-1/MIG1 or F1.

Repurchase Agreement counterparties shall have a minimum short-term rating, or counterparty rating, of no less than A-1 or equivalent by two NRSROs and have capital of not less than $500 million.

Any issuer that has been placed on "Credit Watch-Negative" by a NRSRO will be removed from our approved list unless the following criteria are met: The issuer has (a) an A-1+ or F1+ short-term rating; or (b) at least an AA or Aa2 long-term rating.

DIVERSIFICATION AND MATURITY RESTRICTIONS

It is the policy of the Charter School to diversify its funds. Investments are diversified to minimize the risk of loss resulting in overconcentration of assets in a specific maturity,

specific issuer, or a specific class of securities. Diversification strategies shall be established by the Charter School and periodically reviewed.

MPS Fiscal Policies and Procedures

Authorized Investments

The following diversification limits will be applied at the time of purchase of a security.

TYPE OF INVESTMENT	CAL. GOV. CODE % OF FUNDS PERMITTED	CAL GOV. CODE MAXIMUM FINAL MATURITY
U.S. TREASURY SECURITIES	100%	5 Years
U.S. GOVERNMENT AGENCY SE- CURITIES	100%	5 Years
MUNICIPAL DEBT	100%	5 Years
MEDIUM-TERM NOTES	30%	5 Years
BANKERS ACCEPTANCES	40%, 30% of a single issuer	180 Days
COMMERCIAL PAPER	40%, 10% of a single issuer	270 Days
NEGOTIABLE CERTIFICATES OFDEPOSITS	30%	5 Years
REPURCHASE AGREEMENTS	100%	1 Year
MUTUAL FUNDS	20%, 10% in a single fund	N/A
INVESTMENT POOLS	100%	N/A

Maturity

The maximum maturity of any investment purchased will be five years with the exception of investments authorized by the Board of Directors to be invested in longer than five-year maturities. For purposes of calculating final maturity, the earlier of final maturity date or mandatory put or tender option date will be used.

PROHIBITED TRANSACTIONS

At the time of purchase, all permitted investments shall conform in all respects with this Investment Policy, as may be amended from time to time. No investment prohibited by California Government Code shall be permitted herein.

Any investment transactions, credit risk criterion, percentage limitations or market valuation that are not in compliance with this Investment Policy and cannot be corrected without penalty at time of purchase must be documented and approved by the Charter School in writing as soon as possible. Thereafter, action shall be taken by the Charter School to correct such matter as soon as practical. If a percentage restriction is adhered to at the time of purchase, a later increase or decrease in percentage resulting from a change in values or assets will not constitute a violation of that restriction.

The following transactions are prohibited: Borrowing for investment purposes ("Leverage").

Reverse Repurchase Agreements, as defined by California Government Code Section 53601(j)(3) and (j)(4) or otherwise.

Structured Notes (e.g. inverse floaters, leveraged floaters, structured certificates of deposit, equity-linked securities, event-linked securities). This includes all floating-rate, adjustable-rate or variable-rate securities in which a change in interest rates or other variables that can reasonably be foreseen to occur during their term would result in their market value not returning to par at the time of each interest rate adjustment.

Simple "floating rate notes," whose periodic coupon adjustment is based on a short term (one-year or less) rate index (such as Treasury bills, federal funds, prime rate or LIBOR) and which have a reasonable expectation of maintaining a value of par at each interest rate adjustment through final maturity, are exempt from this definition.

Additionally, U.S. Treasury and Agency zero coupon bonds, U.S. Treasury and Agency strips, Resolution Funding Corporation ("REFCORP") strips or other callable securities which otherwise meet the quality, maturity and percent limitations assigned to their respective security category, are exempt from this section.

Structured Investment Vehicles ("SIV").

Derivatives (e.g. options, futures, swaps, swap options, spreads, straddles, caps, floors, collars) shall be prohibited.

ETHICS AND CONFLICT OF INTEREST

The Charter School and all people involved in the investment process shall refrain from personal business activity which could create a conflict with proper execution of the investment program, or which could impair the ability to execute impartial investment decisions. The Charter School and all treasury and investment personnel shall disclose to the Board of Directors any material financial interests in financial institutions, broker dealers and vendors ("outside entities") and shall disclose any material financial investment positions in such outside entities.

PERFORMANCE STANDARDS

The investment portfolio shall be designed with the objective of obtaining a market rate of return throughout budgetary and economic cycles, commensurate with the investment risk constraints and the cash flow needs but focusing on preservation of capital and then liquidity as the most important objectives, with yield as the least important objective.

The Charter School's investment strategy is to actively manage the portfolios to create less risk than a benchmark comparable index and to use economies of scale to invest and administer the program at a reasonable cost. Given this strategy, the basis used by the Charter School to determine whether market yields are being achieved shall be the indices most comparable to the fund, such as money rate data published in Barron's, The Wall Street Journal, Bloomberg, etc. or other bond fund indices. The standards enumerated herein do not constitute a guarantee of the fund's performance.

REV 101 SALES RECEIPT PROCESSING

Policy:

To ensure the most accurate process for billing for services, sales receipts will be properly evaluated and approved prior to entry into the accounting system.

Purpose:

This procedure outlines the activities and responsibilities involved in verifying the acceptability of all sales receipts.

Scope:

These procedures are to be followed for all sales receipts.

Responsibilities:

Back-office provider approves sales receipt documentation.

Procedure:

DOCUMENT VERIFICATION

Sales Receipts are often used for Parenting Fees and other similar fees. Verify that all of the correct documents have been used and are present to support the sales receipt transaction. The following documents are required to complete the Sales Receipt transaction:

- Document identifying what the money collected is for
- Approval or authorized signature for the course
- Customer, parent, or other correspondence or support documentation, etc.
- Complete the Back-office provider Deposit Log

Verify that all required information is available to complete the sales receipt.

Review the customer’s Accounts Receivable aging and determine that the customer is current with their payments and that the new sales receipt will not affect their balance.

REV 102 INVOICING, ACCOUNTS RECEIVABLE, RECEIVABLE ACCRUALS

Policy:

The Finance Department is responsible for the timely preparation and distribution of invoices to optimize cash flow and customer payments. The Finance Department with the support of Back-office provider will also maintain accurate records over Accounts Receivables and Accruals and abide by proper internal controls.

Purpose:

To explain the methods for the preparation of invoices, accounts receivable, and receivable accruals records processing.

Scope:

This procedure applies to all revenue earned and services provided by the company.

Procedure:

SALES RECEIPT REVIEW

A formal invoice is not always applicable such as when service fees are collected for items such as Parenting.

The SALES RECEIPT should contain all pertinent billing information as part of the company's sales receipt procedure. However, as part of proper internal control, Billing will verify the information contained on the customer's sales receipt documentation.

As part of this review process, the propriety and accuracy of contact information, prices, description of services, extensions and footings will be determined.

INVOICE PREPARATION AND POSTING

The next sequentially numbered Invoice (see example REV102 Ex1 INVOICE) will be prepared from the information from the Federal, State, or Local Grant or Contract Language including all reimbursable costs and will include the invoice date, service item, description of services or billing information, quantity, rate, class or program code, price and extended amounts and the customer's billing addresses.

Post the invoice by saving the transaction.

DISTRIBUTION

Send one copy of the invoice to the customer and retain a second copy of the invoice in the customer file.

ACCOUNTS RECEIVABLE

Accounts Receivable will receive and process payments from customers in accordance with the CASH RECEIPTS procedure.

On a monthly basis, Accounts Receivable will generate an aged trial balance of customers' accounts with individual invoice information and days outstanding and will forward to Finance Manager and Chief Financial Officer for their follow-up on any aged invoices.

Accounts Receivable will generate monthly statements of outstanding customers' accounts and issue them to customers no later than 10 days after each month end.

Accounts Receivable will issue Credit Memos to customers upon receipt of approved changes in the terms.

RECEIVABLE ACCRUALS

Monthly receivable accruals are at the discretion of the Chief Financial Officer and the Finance Manager when those amounts are reasonably known and quantifiable. Fiscal year end receivable accruals are required to be quantified and recorded no later than August 15th.

REV 103 PROJECT(Grant/Contract) REVENUE: PROGRESS BILLING

Policy:

MPS Fiscal Policies and Procedures

Progress billings will be made to clients on a timely basis throughout the life of the project. Projects are typically considered Federal, State, and Local Grant contracts. These billings will be accurate and easily understood by both parties involved.

Purpose:

The purpose for creating progress billings is to obtain payment for the portion of labor and materials, i.e. “reimbursed costs” used up to a certain point in time and before the project is fully completed. This improves the cash flow typical of long-term projects or assignments. This procedure applies to all Federal, State, and Local Grants and Contracts, Service agreements or Projects provided by the Organization.

Scope:

This procedure applies to all service agreements or projects provided by the Organization.

Responsibilities:

The Finance Department is responsible for the confirmation of all final program amounts and is responsible for knowing the correct procedures to be followed for each contract.

Procedure:

CONTRACT TYPES

Reimbursement for Services. Progress billing for Reimbursement for Services contracts requires Finance teams to be up to date and monitor the services being provided according to the terms of each contract. The Finance team will enter into the reimbursement request the allowable costs that may be billed according to the contract. From time to time and at the end of the contract, the Chief Financial Officer reviews the billings of the contract and ensures that all available opportunities to recover reimbursable costs have been considered.

Set Contracts. Set contracts such as with the individual charter schools involve reimbursement for costs such as building rental and an allowance for the amount of apportionment attendance earned. Although the contract is set by terms of the contract, since student attendance can vary, the invoicing for these types of contracts is the same amount throughout the fiscal year and reconciled at the end of the year to account for the final attendance counts.

BREAKDOWN OF CONTRACT AMOUNT

The Finance Department with the support of Back-office provider is responsible for the final reconciliation of all grant and other contracts at the end of the year by reviewing final billings prepared by the Finance team and/or the School Principal. Normally, the

contractual agreement will specify the procedures for payment and may also specify the form of the breakdown of contract amount that is required. Care should be taken to be sure that all costs, services, and fees are fully billed and accounted for in each contract.

SOP # REV104 Revision: 1 Prepared by: Central Office **Effective Date:** 9/5/17 Approved by: BOD

REV 104 ACCOUNT COLLECTIONS

Policy:

All open accounts receivable with late or delinquent payment activity will be handled in a timely and effective manner to ensure maximum collections and an optimum accounts receivable turnover ratio.

Purpose:

To provide the actions and methods for processing late or delinquent payments.

Scope:

This procedure applies to the Accounts Receivable Department involved with collection of past due accounts receivable. The Finance team and the Chief Financial Officer may be involved in reference special arrangements.

Responsibilities:

The Finance team reviews all records for a customer to determine a possible explanation for non-payment prior to commencing the collection process.

Definition:

Bad Debt consists of unpaid accounts receivable invoices that are considered to be uncollectible.

Debt collector is any person who regularly collects debts owed to others. This includes attorneys who collect debts on a regular basis.

Procedure:

COLLECTION PROCESS

No matter how careful customers are screened prior to credit approval, slow pay or delinquent accounts will occur from time to time. Once an account becomes past due by even a few days, the collection process should commence immediately. Studies have shown that the sooner the collection process starts then the more likely that the debt will be collected.

Prior to commencing the collection process, the following should be reviewed by the assigned Finance team:

- Verify that after the Invoice was immediately sent out for all billings to the customer and sent to the correct billing address.
- Make certain that the Organization has not received the customer's payment or applied it to the wrong account. These seem obvious, but it can avoid an uncomfortable situation in wrongly accusing the customer of delinquent payments.
- Review the customer's past payment activity. Determine if they are chronically late and what their response has been to any other overdue notices to determine payment patterns or trends.

Upon review of the above, the Accounts Receivable Representative should then proceed with the collection process by completing an REV104 Ex1 ACCOUNT COLLECTION CONTROL Form. This form will assist in planning and tracking the collection effort. Depending on the amount and the customer situation, the representative can choose to follow up with collection letters, telephone calls or both.

Record all actions taken (late payment notice, telephone call, etc.) with a date on an ACCOUNT COLLECTION CONTROL Form filed in the customer folder. All customer agreements and explanations should be noted. If payment has not reached the Organization by the expected date, immediate follow-up action should be taken with another collection call or letter. The longer an overdue account is ignored, the longer the customer will ignore it, too.

Telephone communication will often speed up the collection process. Credit representatives, when speaking with a delinquent account, should observe a few tips or principles.

- Identify yourself and the Organization and state the reason for calling. Be direct and use a controlled, confident voice. Concentrate on listening to the customer and don't rush through the call.
- Get the Facts - The most powerful tool is knowledge. During the phone conversation, try to gain as much insight into the situation as possible. Remember, the goals and
- objectives are to:
    - Collect the money!
    - Identify reasons for non-payment
    - Settle on an agreement for clearing the debt, including special payment plans and exact dates when a check will be sent.
- Never argue, accuse or be condescending - Verbally fighting or talking down to the customer will only serve to produce negative feelings and may hamper the collection effort. The ultimate purpose is to secure payment, and this is best accomplished without becoming defensive or irritated.

There are several common objections, complaints and excuses used to elude payment. Study the following examples to learn the most effective responses to the most frequently used ploys.

- "I didn't get the invoice." - Respond by verifying the debtor's name and address and then review the account information with them.
- "The check is in the mail." - Extend your thanks, then ask for a check number, amount, date posted and address to which it was mailed.
- "Your payment is being processed." - Ask when the payment will be ready for the mail. Determine the process that the payment undergoes after it leaves your contact's desk.
- "I need proof of delivery." - Give the customer the name of the person who signed the delivery slip.
- "The computer is down." - When do you expect it to be up? Can we get manual payment?
- "I'll pay you when we get paid." - Respond calmly, but make a direct request for payment, such as When can I expect payment?"
- o "I have no money" - Create a payment plan. Be flexible and consider alternatives offered by the customer. Work toward making the plan acceptable to both of you.

Many people find it difficult to confront customers regarding delinquent payments. Just keep in mind that it is the customer who should feel uncomfortable in this situation.

If customers stop paying, their phone has been disconnected, and you cannot find them, consider using these resources to locate these debtors and their assets:

- City directories
- Post office (for a forwarding address) A customer’s employer
- Department of motor vehicle license and registration records
- "In case of emergency" contact, references or closest relatives listed on a credit application
- Old files and correspondence
- The Internet (i.e. https://www.isleuth.com/peop.html) Skip-tracing services or private investigator
- Credit bureau reports Neighbors
- Directory assistance

SERIOUSLY DELINQUENT OR UNRESPONSIVE ACCOUNTS

When an account becomes more than 60 days past due, the immediate target of securing prompt payment should take on a greater sense of urgency. The Finance Manager should review the account with Accounts Receivable to determine if the customer's business is valued.

If their business is valued, the following strategies may be used to collect payment:

- Restrict any further credit until the past due amount is paid in full.
- Withhold services already entered into. The harsh reality of having a MERF customer have to move from a MERF location or find a new provider can spur a delinquent account into action.
- If all other avenues for collection of the account have been exhausted, the Finance Manager, after consulting with the Chief Financial Officer, may want to consider and authorize the use of an outside collection agency.

All uncollectible accounts will be reviewed by the Finance Manager for disposition.

WORKING WITH COLLECTION AGENCIES

Collect all material records for the debt in question and send them to the collection agency. The agency will require a copy of the invoice, proof of delivery, and/or any other correspondence that may help them collect the debt.

Record the date the debt was sent to collections in the accounts receivable file.

If payments are received after the debt has been sent to collections, then notify the collection agency immediately in order to stop any further collection efforts. The agency will take their fee for any debt that has been collected once it has been registered by the agency.

If all other avenues for collection of the account have been exhausted, the Organization should consider further legal action.

WRITING OFF UNCOLLECTED DEBT

Write off any debts remaining uncollected or that are returned from the collection agency and record as a bad debt expense and deduct from accounts receivable.

If any payments are received after being written off from accounts receivable, then receive them in as income in the period received.

If bad debt is a recurring problem, then consider setting up a reserve account or allowance for bad debt at the beginning of the year.

References:

FAIR DEBT COLLECTION PRACTICES ACT (FDCP)

The FDCP requires that debt collectors treat consumers fairly and prohibits certain methods of debt collection. Personal, family, and household debts are covered under the Act. This includes money owed for the purchase of an automobile, for medical care, or for charge accounts.

Business debt is not included.

Debt collectors may not 1) harass, oppress, or abuse the debtor or any third parties they contact. 2) Use any false or misleading statements when collecting a debt.

For example, debt collectors may not:

- Use threats of violence or harm.
- Publish a list of consumers who refuse to pay their debts (except to a credit bureau).
- Use obscene or profane language; or
- Repeatedly use the telephone to annoy someone.
- Falsely imply that they are attorneys or government representatives.
- Falsely imply that the debtor may have committed a crime.
- Falsely represent that they operate or work for a credit bureau.
- Misrepresent the amount of the debtor's debt.
- Indicate that papers being sent to the debtor are legal forms when they are not
- Indicate that papers being sent to the debtor are not legal forms when they are.
- Give false credit information about the debtor to anyone, including a credit bureau.
- Send the debtor anything that looks like an official document from a court or government agency when it is not.
- Use a false name.
- Collect any amount greater than the debtor's debt, unless the debtor's state law permits such a charge.
- Deposit a post-dated check prematurely.
- Use deception to make the debtor accept collect calls or pay for telegrams.
- Take or threaten to take the debtor's property unless this can be done legally.
- Contact the debtor by postcard.
- Say the debtor will be arrested if they do not pay the debt.
- Say they will seize, garnish, attach, or sell the debtor's property or wages, unless the collection agency or creditor intends to do so, and it is legal to do so.
- Say they will take actions, such as a lawsuit against the debtor, when such action
- legally may not be taken, or when they do not intend to take such action.

SOP # REV105 Revision: 2 Prepared by: Central Office **Effective Date:** 9/5/17 Approved by: BOD

REV105 REVENUE RECOGNITION - GRANTS AND CONTRIBUTIONS

Policy:

The Organization receives revenue from several types of transactions. It is the policy of the Organization to separate and recognize revenue from grants and contributions separately in the financial statements of the Organization and to comply with all current Federal and California rules regarding solicitation and collection of charitable contributions.

Purpose:

To provide separate accounting of grant and contribution income.

Scope:

This procedure applies to all grant and contribution income.

Responsibilities:

Chief Financial Officer and the Finance Department direct the separate accounting for grant revenue and contributions received.

Back-office provider ensures that grant and contribution revenues are separately tracked within the accounting system.

Definition:

Contribution - An unconditional transfer of cash or other assets to the Organization, or a settlement or cancellation of the Organization’s liabilities, in a voluntary nonreciprocal transfer by another entity acting other than as an owner.

Condition - A donor-imposed stipulation that specifies a future and uncertain event whose occurrence or failure to occur gives the promisor a right of return of the assets it has transferred to the Organization or releases the promisor from its obligation to transfer its assets.

Restriction - A donor-imposed stipulation that specifies a use for the contributed asset that is more specific than broad limits resulting from the nature of the Organization, the environment in which it operates, and the purposes specified in the Organization’s articles of incorporation and bylaws.

Restrictions on the Organization’s use of an asset may be temporary or permanent.

Nonreciprocal Transfer - A transaction in which an entity incurs a liability or transfers assets to the Organization without directly receiving value from the Organization in exchange.

Promise to Give - A written or oral agreement to contribute cash or other assets to the Organization.

Exchange Transaction - A reciprocal transaction in which the Organization and another entity each receive and sacrifice something of approximately equal value

Procedure:

GRANT AND CONTRIBUTION REVENUE RECOGNITION

Grant income – Recognized as income when received, based on incurrence of allowable costs (for cost-reimbursement awards) or based on other terms of the award (for fixed price, unit-of-service, and other types of awards). The types of grant income typically received by the Organization are:

Education payments for MERF Charter services. Various Federal, State, and Local grants and contracts.

Other types of grant income may be received from time to time.

At year-end, grant income that has been incurred but not yet received are accrued to conform with generally accepted accounting principles.

Contributions - Recognized as income when received, unless accompanied by restrictions or conditions (see the next section on contribution income).

CONTRIBUTIONS RECEIVED

Distinguishing Contributions from Exchange Transactions

The Organization may receive income in the form of contributions, revenue from exchange transactions, and income from activities with characteristics of both contributions and exchange transactions. The Organization shall consider the following criteria, and any other relevant factors, in determining whether income will be accounted for as contribution income, exchange transaction revenue, or both:

- The Organization’s intent in soliciting the asset, as stated in the accompanying materials.
- The expressed intent of the entity providing resources to the Organization (i.e. does the resource provider state its intent is to support the Organization’s programs or that it anticipates specified benefits in exchange?).
- Whether the method of delivery of the asset is specified by the resource provider (exchange transaction) or is at the discretion of the Organization (contribution).

- Whether payment received by the Organization is determined by the resource provider (contribution) or is equal to the value of the assets/services provided by the
  Organization, or the cost of those assets plus a markup (exchange transaction).
- Whether there are provisions for penalties (due to nonperformance) beyond the amount of payment (exchange transaction) or whether penalties are limited to the delivery of assets already produced and return of unspent funds (contribution); and
- Whether assets are to be delivered by the Organization to individuals or other than
  the resource provider (contribution) or whether they are delivered directly to the resource provider or to individuals or the Organization is closely connected to the resource provider.

Accounting for Contributions

The Organization shall recognize contribution income in the period in which the Organization receives restricted or unrestricted assets in nonreciprocal transfers, or unconditional promises of future nonreciprocal asset transfers, from donors.

Contribution income shall be classified as increases in unrestricted, temporarily restricted, or permanently restricted net assets based on the existence or absence of such restrictions. See REV107 Restricted Funds for more details.

Unconditional promises to give shall be recorded as assets and increases in temporarily restricted net assets (contribution income) of the Organization in the period that the Organization receives evidence that a promise to support the Organization has been made. Unconditional promises to give that are to be collected within one year shall be recorded at their face value, less any reserve for uncollectible promises, as estimated by management. Unconditional promises to give that are collectible over time periods in excess of one year shall be recorded at their discounted net present value. Accretion of discount on such promises to give shall be recorded as contribution income in each period leading to the due date of the promise to give. The interest rate that shall be used in calculating net present values of unconditional promises to give is the risk-free rate of return available to the Organization at the time the Organization receives a promise from a donor.

When the final time or use restriction associated with a contributed asset has been met, a reclassification between temporarily restricted and unrestricted net assets shall be recorded.

When it receives support in the form of volunteer labor, the Organization shall record contribution income and assets or expenses if one of the following two criteria is met:

- The contributed service creates or enhances a non-financial asset (such as a building or equipment), or

- The contributed service possesses all three of the following characteristics:
    - It is the type of service that would typically need to be purchased by the Organization if it had not been contributed,
    - It requires specialized skills (i.e. formal training in a trade or profession), and
    - It is provided by an individual possessing those specialized skills.

Contributed services that meet one of the two preceding criteria shall be recorded at the fair market value of the service rendered.

Receipts and Disclosures

The Organization and its donors are subject to certain disclosure and reporting requirements imposed under the Internal Revenue Code and its underlying regulations. To comply with those rules, the Organization shall adhere to the following guidelines with respect to contributions received by the Organization.

For any separate contribution received by the Organization, it shall provide a receipt to the donor. The receipt shall be prepared by the School Principal. All receipts prepared by the Organization shall include the following information:

- The amount of cash received and/or a description (but not an assessment of the value) of any noncash property received.
- A statement of whether the Organization provided any goods or services to the donor in consideration, in whole or in part, for any of the cash or property received by the Organization from the donor, and
- If any goods or services were provided to the donor by the Organization, a description and good faith estimate of the value of those goods or services.

MPS Fiscal Policies and Procedures

SOP # REV106 Revision: 2 Prepared by: Central Office **Effective Date:** 9/5/17 Approved by: BOD

REV 106 GIFTS-IN-KIND

Policy:

MERF may accept contributions of goods or services that can be used to advance the mission of MERF and/or any of its schools or may be converted readily into cash. When accepting a gift-in-kind, the receiver must ask the donor to complete as an example REV106 Ex1 GIFT-IN-KIND FORM. Once the donor has completed the form, the receiver must sign the form and send it immediately to the central office for processing.

Purpose:

To ensure that Gift-In-Kind transactions are handled in accordance with IRS guidelines and are properly recorded.

Scope:

All Gift-In-Kind transactions.

Responsibilities:

Receivers are responsible for assessing the gift for usefulness to the Organization. School Principal is responsible for handling donor documentation.

The Financial Analysts are responsible for assessing value of gift and informing Backoffice provider so that it can be recorded into the accounting system.

Definition:

Gifts-In-Kind - Transactions categorized as a voluntary contribution of goods or services that can be used to advance the mission of MERF or can be readily converted to cash and may qualify as a charitable deduction for the person(s) making the gift.

Contributed services cannot be counted as gifts and do not qualify as a charitable tax deduction to the donor. However, a donor of services may be able to deduct expenses incurred while performing said services. In such cases, the donor should be advised to consult with a tax accountant.

Background:

The IRS has specific regulations regarding gifts-in-kind. This policy outlines the process an employee of MERF should follow when presented with a gift-in-kind. It limits the liability that may inadvertently be assumed by placing value on gifts or by accepting a gift that does not advance the mission of MERF or cannot be readily converted to cash.

It further assures that a donor will receive timely acknowledgement of his/her contribution.

Procedure:

1.1 RECEIPT OF GIFT

When presented with a potential gift-in-kind, an individual must assess if the gift can be used to advance the mission of MERF or could be readily converted to cash. If there is any question as to whether the contribution meets either of these criteria, the individual should contact his/her immediate supervisor or the central office.

If the gift is accepted, the individual should offer an immediate and sincere expression of gratitude. At that time, the donor should be given a Gift-In-Kind form and be encouraged to complete the form at that time. If the donor is unable or unwilling to complete the form, the receiver may complete the form, write “N/A” as the estimated fair market value, and enter that the form was completed by him/her in the note section in the lower right-hand corner.

The individual accepting the gift cannot offer tax advice or dictate the value of the contribution. It is the responsibility of the donor to determine the fair market value of the contribution. Note: the value is for MERF internal gift reporting and accounting only; the donor’s receipt and/or acknowledgement will not indicate value in any way that could be construed as an endorsement of its value.

If the item is personal property of the donor and is valued at more than $5,000, the donor must obtain a certified appraisal. The appraisal cannot be dated more than 60 days from the date of the donation. It must be prepared, signed and dated by a qualified appraiser. Federal law requires that the donor pays for the appraisal. (The cost of the appraisal is also tax deductible). This value will be used for gift reporting purposes only.

What constitutes a qualified appraisal:

- Appraiser must hold himself or herself out to the public as an appraiser and state credentials showing that he or she is qualified to appraise the type of property being valued.
- Appraiser must value the property no more than 60 days before the date of gift; it can be done after the gift has been accepted by the MERF.
- Appraiser cannot be (1) the donor, (2) the donee (MERF), (3) any party to the transaction, (4) an appraiser used regularly by (1), (2) or (3), or anyone employed or related to (1), (2), or (3).

The appraisal must contain the following information:

- A description of the item Its physical condition

- The date (or expected date) of the contribution Name, address and tax ID number of the appraiser
- Qualifications of the appraiser including his/her background, experience and education
- A statement that the appraisal was prepared for income tax purposes Date the item was valued
- Appraised fair market value of the item
- Method of valuation (income approach; market data approach; replacement cost
- minus depreciation approach.)
- Appraiser must complete Part IV of Section B on form 8283

The individual accepting the gift will sign and date the Gift-In-Kind form only after the donor has irrevocably turned over the gift-in-kind. Once signed, the form should be turned over to the School Principal immediately for processing and acknowledgement.

The School Principal will notify the Finance team of the contribution. The Finance team will then provide necessary information to Back-office provider so that it can be assigned as an asset or income to the appropriate school or to the central office.

COMPLIANCE

The IRS allows an individual to deduct the full fair market value of a donated item if it is kept by MERF and used for one of its tax-exempt purposes. If the item is to be converted to cash, then the donor may claim a deduction of the cost value or the fair market value, whichever is less. It is the sole responsibility of the donor to determine the value of a contributed item; the receiver cannot assign a value to the donated item(s).

Upon receipt of a gift-in-kind, MERF will issue an acknowledgement to the donor along with a copy of the Gift-In-Kind form. The acknowledgement will contain only a description of the contribution and will not include a statement as to the value of the contribution. It will further contain a statement as to what, if any, goods or services were given in exchange for the contribution. MERF cannot issue an acknowledgement for contributions that cannot be used or readily converted to cash.

For gifts with values exceeding $5,000, the donor must complete all parts of IRS form 8283 and submit the form to MERF for signature. The School Principal, the Chief Financial Officer and the Chief Executive Officer are the only individuals authorized to sign 8283 forms.

If MERF has signed an IRS form 8283 and then sells, exchanges or otherwise transfers the gift within two years from the date of gift, the central office must file a donee information return, IRS form 8282, within 125 days of disposing the property. MERF will advise the donor if such a transaction occurs as it may affect the charitable tax deduction for which they qualify.

_____

Please return this form to:

Finance Department

Phone: (714)892-5066 13950 **Milton Ave. Fax:** (714)362-9588

Suite 200B Westminster, CA 92683

Per IRS regulations, any item you value over $500 requires IRS Form 8283; any item you value over $5,000 requires Form 8283 and a written appraisal.

This form does not serve as a receipt for this contribution but is intended for our internal record keeping purposes only. A receipt describing the items or merchandise donated will be mailed to the address supplied above. Magnolia Educational & Research Foundation is unable to include the estimated value on the donor receipt. It is the responsibility of the donor to substantiate the fair market value for his/her own tax purposes. The donation of services, although very valuable and much appreciated, is generally not considered tax deductible by the IRS. Please consult with your tax advisor to determine the tax implications of your gift.

MPS Fiscal Policies and Procedures

SOP # REV107 Revision: 2 Prepared by: Central Office **Effective Date:** 9/5/17 Approved by: BOD

REV 107 RESTRICTED FUNDS

Policy:

To properly record and track funds with restrictions in order to ensure the donor's intended uses are met, assist with cash flow planning purposes, and to stay within compliance with laws relating to use of restricted funds.

Purpose:

Generally accepted accounting principles require the Organization to classify funds based on the restrictions provided by the donor. These classifications may be unrestricted, temporarily restricted or permanently restricted. Donor restrictions should be in writing, to ensure proper treatment.

Scope:

This procedure applies to funds received that are classified as temporarily or permanently restricted.

Responsibilities:

Back-office provider is responsible for recording restricted donations and releases from restrictions properly in the accounting system. Back-office provider is also responsible for periodic reconciliation of restricted asset totals and monitoring restrictions to determine whether they have been met.

Chief Financial Officer is responsible for monitoring restrictions and determining whether fulfilling restrictions can be viable for the Organization.

Definition:

Unrestricted Net Assets - net assets whose use is not restricted by donors, even though their use may be limited in other respects, such as by board designation.

Temporarily Restricted Net Assets - net assets whose use are limited by donors to either a specified purpose or a later date.

Pledges receivables are considered to be temporarily restricted because of an inference that uncollected amounts are intended for future periods.

Permanently Restricted Net Assets - net assets whose use are restricted in perpetuity, such as endowments.

MPS Fiscal Policies and Procedures

Procedure:

RESTRICTED FUNDS

At the time revenue is earned by the Organization, the Financial Analysts with the support of Back-office provider will review any related documentation associated with the revenue to determine whether there are any restrictions on the money. Examples of restrictions are individual donations given with the intent of supporting a particular program or campaign, a grant received to operate a specific program or project, and donations received to hold in perpetuity. This information can be found on the award letter or on the financial instrument itself. If the revenue is determined to contain restrictions, Back-office provider will record in a separate class in the accounting system to keep separate from unrestricted funds.

Temporarily Restricted Funds – These funds will be monitored for satisfaction of donor restrictions on a regular basis. Once stipulations are met, they are reclassified from temporarily restricted funds to unrestricted funds regardless of when the related expenses will occur. This is known as “net assets released from restrictions.”

Permanently Restricted Funds – These funds are restricted by the donor for a designated purpose or time restriction that will never expire. The intent is that the principle balance of the contribution will remain as an investment forever, and the Organization will utilize the interest and investment returns, such as with an endowment.

ACCOUNTING FOR RESTRICTED FUNDS

In addition to the obligation to its donors, the Organization is bound by law to spend contributed dollars as designated. If a condition on restricted funding has not been fulfilled and the money has been spent, the donor can demand that the funds be returned, pursue legal action, or contact the Office of the Attorney General. It is of the utmost importance that donor restricted funds are handled properly.

- Do not budget to spend money unavailable to Organization. When planning and budgeting, be mindful of any and all of the time and activity restrictions present on restricted funds. Understand how restrictions will impact cash flow and availability of funds. •
- Educate staff and board members who are accountable for the Organization’s
- financial decisions so that they fully understand funding restrictions. Know when the restrictions are satisfied and how to release the funds from restrictions.
- When analyzing financial reports, pay close attention to unrestricted funds and, unless you are making decisions regarding programming for which the funds have been restricted, avoid basing decisions on restricted funds. Try to focus your attention on the “Unrestricted” amounts. Formatting financial reports with columns that delineate unrestricted and restricted funds can be very helpful.

- Most restrictions on funds directly relate to the grant or fundraising request. When researching and applying for grants, be aware of any challenges that potential restrictions could present to the Organization.
- Fundraising letters and appeals can inadvertently place restrictions on donations. Be certain that managers and donors understand the purpose of contributed dollars and understand if restrictions are present. Also, be certain that staff charged with fundraising understand that appeals can lead to restricted gifts.
- Work with staff to understand the true cost of programming. Allocate all direct costs associated with a program. These allocations help to prepare more accurate budgets for grants and fundraising appeals, and better utilize contributions restricted to specific programs to ease the pressure on limited general operating dollars.

SOP # PUR101 Revision: 2 Prepared by: Central Office **Effective Date:** 9/5/17 Approved by: BOD

PYR 101 PAYROLL DESK PROCEDURE

Policy:

To clearly define responsibilities and procedures in processing the organization's payroll and implementation of the online payroll system in accordance with the generally accepted accounting principles.

Purpose:

To outline and list areas of responsibilities for each group involved in the payroll process.

Scope:

This applies to all staff of the organization.

Responsibilities:

People and Culture is responsible for setup and maintenance of all employee profiles

School Principal is responsible for accurate and timely submission of each site's attendance, extra duties and assignments.

Finance Team is responsible for review, generation and approval of all payrolls.

Back-office service provider is responsible for accurate bookkeeping and analysis of payroll expenses.

Background:

Personnel Cost is usually 70-75% of the organization's total operating expenses. It is vital that the organization administers the payroll process efficiently and in compliance with education codes and requirements.

Procedure:

People and Culture

- Coordinates job postings and completes new hire paperwork, ensures accuracy and completeness of all new hire procedures and collection of paperwork prior to start of work
- Processes termination info and informs Finance Team whenever final checks are needed

- Monitors all credential and other expiration dates
- Ensures accurate employee withholdings/deductions in 3rd party payroll system as agreed to by employee

EMPLOYEE

- Signs in and out of automated system each day
- Completes employee profile in online payroll system, which generates deductions and provides required information to HR

PRINCIPAL/SUPERVISOR

- Reviews/approves time and attendance reports and submits to Finance Team to initiate payroll processing
- Enters all supplemental pay in payroll system on or before designated cutoff date Submits signed schedule of all approved supplemental pay (i.e. stipends, home visits, Saturday School extra duty) to Finance Team each pay period Notifies HR of any new hires, terminations, status or pay changes

FINANCE TEAM

- Confirms approvals from principals/HR prior to generating payroll Runs payroll and generates reports for review

Reviews each payroll register, verifying:

  - Proper pay rate
  - Hourly staff – number of hours per pay period look reasonable
  - Extra pay/stipends are documented, approved and accurate as to amount and funding source
  - Employee retirement deductions are accurate and reasonable
  - STRS members have earnings properly treated in paycheck and correct STRS rates are being used
  - No OASDI withheld for any STRS members
  - Classified staff – PERS members have proper withholdings and OASDI deducted and correct PERS rates are being used
  - Only PERS or STRS creditable earnings are included in deduction calculations and
  - Non-PERS classified staff hours are being tracked and any newly eligible PERS members (>1000 hours in a fiscal year) are added as PERS members
  - Process payroll, prints registers and files all supporting documentation including but not limited to: STRS/PERS contributions, Other Retirement Contributions, Payroll Tax Reports, Health and Welfare deductions and contributions to service providers Processes final paychecks and

coordinates with back-office provider for delivery of checks if not processed in-house

BACK OFFICE

- Process ECR for final paychecks if not processed in-house
- Uploads journal entries to record payroll in general ledger each pay period
- Performs analytical procedures on payroll expenses as part of month-end close process

MPS Fiscal Policies and Procedures

SOP # PYR 102 Revision: Prepared by: Central Office **Effective Date:** 1/17/19 Approved by: BOD

PYR 102 TIME KEEPING PROCEDURE FOR FEDERALLY FUNDED EMPLOYEES

Policy:

To clearly define responsibilities and timekeeping procedures in tracking specific program cost information.

Purpose:

To outline and document timekeeping of a grant, award or program costs MPS uses to track expenditure information to ensure it spends a specific amount for a specific purpose.

Scope:

This applies to all staff paid with federal funds.

Responsibilities:

People and Culture is responsible for setup and maintenance of all employee profiles on Paycom.

School Principal is responsible for accurate and timely submission of each site's attendance, extra duties and assignments.

Finance Team is responsible for review, generation and approval of all payrolls; in addition to maintaining and keeping records of all federally funded employees.

Back-office service provider is responsible for accurate bookkeeping and financial reporting.

Procedure:

Employee Compensation

All amounts paid to an employee for services rendered during the award period. Compensation includes salaries, fringe benefits, stipends, bonuses and payments made under supplemental contracts.

Multiple Cost Objectives Employees

Employees who work on multiple cost objectives such as:

- More than one Federal award.
- A Federal award and a non-Federal award.
- More than one activity within a federal award that is separately tracked by MPS (such as set-asides, earmarks or match/in-kind contributions).

Personnel Activity Report (PAR)

A document certifying the amount of time a multiple cost objective employee spends on each cost objective. The PAR must reflect an after-the-fact distribution of the activities performed; account for the total activity for which the employee is compensated; be prepared bi-weekly and coincide with one or more pay periods; and be signed by the employee.

Semi-Annual Certification

A document certifying a single cost objective employee worked solely on one cost objective. The certification must be prepared at least every six months and must be signed by the supervisory official having first-hand knowledge of the work performed by the employee.

Periodic Certification

An employee who works in multiple cost objectives on a set schedule (predetermined). The periodic certification must be prepared at least semiannually and cover the entire period of the certification and must signed by the supervisory official.

All employees paid with federal funds must adhere to the following procedures to complete the appropriate time and effort records.

Determining Cost Objectives

A cost objective is defined as a federal grant award, or other category of costs MPS uses to track specific cost information. In certain circumstances MPS may track the time employees spend on particular activities within a single federal grant in order to demonstrate compliance with federal requirements such as earmarks, set asides or match/in-kind contributions. When MPS uses employee compensation costs to meet these requirements they are known as —cost objectives. In such circumstances, an individual grant program may have more than one cost objective.

Determining cost objectives requires careful reading of the programmatic provisions in the statute providing the funds. Employees should contact the Principal if assistance is needed in determining the cost objectives on which they work.

Single Cost Objective Employees

An employee who works on a single cost objective must complete a semi-annual certification that indicates the employee worked solely on that cost objective for the period covered by the certification. The certification must be collected and reviewed at least every six months by the Principal, or his/her designee. Either the employee or a supervisor with first-hand knowledge of the work performed by the employee must sign the semi-annual certification.

A semi-annual certification must:

- Be executed after the work has been completed.
- State that the employee worked solely on activities related to a particular cost objective.
- Identify the cost objective.
- Specify the reporting period.
- Be signed by the employee or a supervisor with first-hand knowledge of the work performed; and dated.

The supervisory official for all single cost objective employees must complete the semiannual certification attached to these procedures.

If an employee works on a short-term cost objective whose end date does not coincide with the normal December/June collection dates for semi-annual certifications (e.g. a supplemental contract for summer school programs), the employee must obtain a semi-annual certification from the Supervisor after the time period for the work has ended.

All supervisory officials of single cost objective employees with first-hand knowledge of the work performed by the employee must complete and sign the semi-annual certification provided by the Supervisor

Executed semi-annual certifications must be forwarded to the Finance Department

Multiple Cost Objective

Employees working on multiple cost objectives must maintain Personnel Activity Reports (PARs) or The Periodic Certification If they have a predetermined schedule. The report indicates the amount of time spent on each cost objective for the period covered by the PAR or equivalent documentation. The PAR must be prepared at least monthly; Periodic Certification must be prepared at least semiannually. The employee must sign the PAR or equivalent documentation.

An employee timecard can be used in place of a PAR. Timecards will be documented and maintained by the MPS payroll department.

A PAR or equivalent documentation must:

- Be executed after the work has been completed (projections of how an employee is expected to work or position descriptions are not sufficient).
- Account for the total activity for which each employee is compensated, including

- part-time schedules or overtime (total activity means all of the time an employee works, not just the amount of time worked on a federal program).
- Identify the cost objectives; Specify the reporting period.
- Be signed by the employee (unlike a semi-annual certification a supervisor's signature alone is not sufficient); and
- Be dated after the fact (when the work has been completed).

At the beginning of each year, Finance Department will distribute blank PARs or Periodic Certification forms to the Principals that are required to complete on a bi-weekly basis throughout the year.

Copies of executed PARs, or approved equivalent documentation, must be forwarded to Finance Department every 2 weeks, Periodic Certification must be forwarded after the time period of work has ended.

Supplemental Contracts

As discussed above, time and effort records must account for all of an employee's activities (i.e. 100% of an employee's time). Thus, if an employee works overtime that time must be reflected in the employee's time and effort record. If, however, an employee works in two distinct positions the employee may maintain separate time and effort records for each position.

For example, an employee works as a Title I teacher during the school day (charged to Title I) and a sports coach after school (charged to state or local funds). Assuming the coaching responsibilities are not part of the employee's regular job functions (e.g. the employee has a supplemental contract for the coaching position), the employee may treat each position separately – meaning the employee may complete a semi-annual certification for the teaching position, while no federal time and effort record would be required for the coaching position. In a similar example, an employee works as a Title I teacher during the school day (charged to Title I) and an after-school federally funded teacher. Assuming the after-school activities are not part of the employee's regular job functions, the employee may complete a semi-annual certification for Title I teaching position and a separate semi-annual certification for the other supplemental federal program.

Stipends

Employees may be provided stipends to participate in activities such as professional development. Employees receiving such stipends for MPS sponsored activities may

satisfy time and effort records by signing the sign-in and sign-out sheets provided at the activity.

Reconciliation

It is MPS's practice to charge employee compensation costs to federal programs based on budget estimates that reasonably approximate how an employee will work during the year. The MPS back-office service provider will reconcile payroll charges to the time and effort reflected in employee time and effort records at least quarterly. If any MPS staff or back-office service provider staff identifies a variance between how an employee's salary was charged and how the employee actually worked, MPS Finance staff will review and adjust its payroll charges so that the amount charged to federal funds reflects the employee's actual time and effort. MPS will perform the reconciliation quarterly.

In-Kind Contributions and Matching

Employees who are paid with non-federal funds that will be used to meet a federal match requirement (also known as in-kind contributions) must comply with the same time and effort reporting requirements as employees who are paid with federal funds. In other words, employees paid with matching funds who work on a single cost objective must complete a semi-annual certification in accordance with the procedures in section b. Employees paid with matching funds who work on multiple cost objectives must complete a personnel activity report in accordance with the procedures in section c.

Document Retention

Time and effort records must be maintained for a period of five (5) years.

TRAINING

MPS will provide training on this procedure to all staff involved in federal programs such as:

- Distribution of federal laws, regulations and guidance
- Distribution of MPS policies and procedures
- Developing templates, checklists and other guidance documents as appropriate
- Internal training sessions
- Routine staff meetings and
- Informal technical assistance

MPS Fiscal Policies and Procedures

SOP # PUR101 Revision: 2 Prepared by: Central Office **Effective Date:** 9/5/17 Approved by: BOD

PUR 101 VENDOR SELECTION

Policy: To ensure the performance capabilities of all vendors and maintain the internal controls of over the purchasing functions, vendor selection, quality control, and certain procedural requirements.

Purpose: To provide the methods for determining, documenting and, when applicable, inspecting vendors for compliance with Organization policies and contract purchasing requirements. Purchased products and services should conform to specified requirements. This starts with selection of appropriate suppliers, consultants, and contractors that have the capability and systems to supply products, materials and services to satisfy Organization requirements. Suppliers and consultants are controlled to the extent necessary based on the effect of the purchased items and services on the quality of the Organization's products and services.

Scope: This procedure applies to all vendors of products, materials, and services that directly affect the quality of the Organization's products and services.

Responsibilities:

The Board of Directors shall have authority to approve all contracts including budgeted and non- budgeted items over $90,000

Chief Executive Officer and/or designee shall have authority to approve all contracts up to and including the amount $90,000 for all budgeted and non-budgeted amounts.

School Principal is responsible for initial supplier, contractor, and consultant (Collectively the "Supplier") identification and for collection of business information related to the potential supplier. School Principal shall have the ability to approve purchases up to and including the amount of $10,000.

All MPS Chief Executive Team Members are responsible for approving contracts up to $10,000 that are within the approved budget.

Accounting Policies, Procedures and Forms/

Procedure:

VENDOR SELECTION

New vendors are to be evaluated using the following criteria:

- **Pricing:** competitive pricing is one component of the evaluation and may be outweighed by other factors. Pricing alone will not be a deciding factor unless all else is equal.
- Parts availability and shipping time frame.
- Performance capability (i.e., financial status, sufficient facilities, capability of equipment and employees, professional licenses, years of experience).
- **Internal Quality Assurance program:** Contractors undergo PEER Review, hold additional licenses, are given preference.
- Reference checks.
- Warranty information if applicable.

Whether the vendor is debarred from receiving State and/or Federal funds

Ongoing evaluation of suppliers:

- On-Time Delivery, 100% on time expected (0 days early, 0 days late)
- **Quality:** (Items (or lots) rejected/Total items (or lots) received) X 100. Ratings less than 95% require corrective action. Exceptions to the 95% Corrective Action requirement may be given where the total quantity of items or lots received is small and at the Controller's discretion.

Qualified vendors will be maintained on an Approved Vendor List for purchasing. The approved list can be as simple as those vendors that are retained as "active" in the accounting system.

VENDOR INSPECTIONS

~~**2.1** For critical components that the Organization desires to rely on the quality assurance of the vendor to reduce receiving inspection or testing requirements such as with high end computer parts, an on-sight vendor inspection may be performed and approved.~~

~~**2.2** The Controller will coordinate with the Purchase Agent to plan, arrange and~~

~~designate staff for all vendor inspections when considered necessary by the Chief Financial Officer.~~

VENDOR FILES

A vendor file will be prepared and maintained for all vendors on the Approved Vendor List, which will be used for significant or on-going purchasing. The vendor files will be kept alphabetically and should include the following:

- IRS W-9 Taxpayer Identification Certificate (a PDF download is available at: https:// www.irs.gov/pub/irs-pdf/fw9.pdf)
- Resale certificates (only required for those that resell their purchases)

- Legal contracts, dealer or marketing agreements, etc.
- Long-term blanket purchase order commitments
- Proof of insurance
- Any other relevant correspondence or documentation

Form 1099 must be filed at year-end for the proper reporting of income to certain vendors. To determine whether or not one needs to be filed, all non-merchandise vendors should complete an IRS W-9 Request for Taxpayer Identification Number Certificate. A copy can be obtained via the IRS website (https://www.IRS.gov) or by contacting the local IRS office. The vendor indicates on the form the reporting status. Note: Incorporated vendors do not receive 1099s.

This applies to all contractors for service (repair person, accountant, consultant, etc.) who are NOT incorporated, and to all lawyers, regardless of incorporation. It is important to make this determination before engaging the contractor so that all payments can be properly tracked for 1099 reporting purposes at the inception.

SOP # PUR102 Revision: 3 Prepared by: Central Office **Effective Date:** 4/7/2 Approved by: BOD

PUR 102 GENERAL PURCHASING

Policy: All purchases of goods and services shall be consistent with the Board approved budget. The investment in supplies and capital equipment will be facilitated through the Finance Department ~~Purchasing Department~~, maintained at the lowest effective level and supervised consistently with a common set of procedures and controls as required by all regulatory and customer contract requirements.

Purpose: To outline the actions to be taken for 1) the procurement of supplies and capital equipment, 2) the completion of related documents.

Scope: This procedure applies to the purchase of all supplies and capital equipment for all departments within the Organization.

Responsibilities:

All personnel that require a product or service must complete a request in Purchasing Software specifying items for purchase and obtain required approvals.

Chief Financial Officer and the Finance Department are responsible for using good purchasing methods, optimizing price savings, quality or value of products, vendor working relationships, placing orders with approved suppliers, negotiating pricing with suppliers, and forwarding all paperwork to Back-office provider accounts payable for payment.

Back-office provider accounts payable is responsible for payment of invoices only after satisfactory completion or delivery of goods or services has been made.

The School Site Personnel and Other Designated Individuals are responsible for receiving, inspecting materials, and forwarding all paperwork to a designated agent at Back-office provider.

Procedure:

ORDER DETERMINATION AND REQUISITION

Purchasing should obtain the optimal price for any purchases. All purchases above $10,000 requires at least 3 quotes to be obtained. Quotes may be submitted by the Requestor or , the Finance Department ~~Controller or the Purchase Manager~~ can obtain the 3 quotes. The quotes are entered into Purchasing Software along with evaluation and selection of the best option by the requestor. / PUR102 General Purchasing page 1 of 6 For purchases of goods and supplies, a request in the Purchasing Software will be prepared by the originating individual or department. The Purchasing Software request should be completed and approved with the following items and any additional supporting documentation:

- Complete description with part or model numbers and link to website if available Engineering drawings and specifications
- Type, Class, Grade required Quantity required
- Date required
- Requesting department, account code, and allowance/resource code
- Recommended vendor or source if applicable Other requirements
- Special shipping requirements
- Special inspection requirements upon receipt Itemized Receipts

For the following purchases, additional information is required:

- Textbooks – Full ISBN
- Airline tickets - passenger(s) legal name(s), date of birth, gender, departure/arrival airport codes and exact dates
- Vehicle rentals - vehicle type, exact dates and exact pick up/drop off locations

If the requisition is for subcontracted services:

- A complete description of the service to be performed
- Engineering drawings and specifications if appropriate
- Requirements for qualification of personnel
- Other documents such as insurance forms, etc.
- Quality standards to be applied

Purchasing/Accounting will analyze terms, vendor, pricing, quantity breaks, etc., and will order accordingly in the Organization's best interest. Purchasing will notify the requester of any material variances prior to placement of the order.

Reimbursements for purchases made by staff will be processed upon proper authorization through the Purchasing Software.

ORDER PLACEMENT

Requestor is responsible for completing a purchase order form for all orders in excess of $1,000. This can be processed through the Purchasing Software. Purchase orders are exempted for items such as salaries and related costs, utilities, building leases and debt service payments, other leased equipment, utilities, contracted services, insurance, legal expenses.

If there are any requirements for items to be inspected at the supplier’s or the Organization's premises by the Organization or our customer, the arrangements and method of product release shall be included in the purchasing information.

Buyers must review their purchase orders for accuracy. The buyer submits their authorization through the Purchasing Software indicating the review was performed.

Orders can be placed with the vendor either by telephone, ~~fax,~~ internet or mail. When placing orders by telephone, the vendor contact and date of order should be noted and a confirming copy of the order sent to the vendor. Pre-approval of any purchase is always required.

The Finance Department is responsible for communicating with those receiving the supplies, following up on shipping, delivery, and expediting and partial shipments of ordered items. ~~Purchasing can either telephone vendors or use a PUR102 Ex1 PURCHASE ORDER FOLLOW-UP form to verify, trace or expedite orders.~~

RECORDKEEPING AND MATCHING

When Purchase Orders are issued, the Purchasing and Accounting copies will be placed in an Open File until the items are received. The Open File should be reviewed on a weekly basis to determine whether any orders need follow-up.

All open purchase orders are maintained and monitored in NetSuite on a monthly basis by the Finance Department. Any orders requiring follow-up will be communicated to the relevant site or vendor

Items will be received in accordance with procedure PUR103 RECEIVING AND INSPECTION. The completed vendor's packing list is kept at the site where the shipment was received.

For partial shipments, a note will be made in NetSuite to identify the shipment as partially received. The purchase order will remain open in NetSuite until all items are received and confirmed

SOP # PUR 103 Revision: 2 Prepared by: Central Office **Effective Date:** 9/5/17 Approved by: BOD

PUR 103 RECEIVING AND INSPECTION

Policy: All parts, components, goods and materials will be received in an organized manner and inspected for conformance prior to stocking or use in order to provide an initial quality control inspection. Any items or shipments rejected will be properly quarantined from other inventory items until disposition

All purchased goods and materials must be received, inspected, and verified against the approved purchase order before being placed into service, distributed, or paid for.]

Receipt of goods shall be documented in the Organization's approved purchasing and financial system and supported by appropriate receiving documentation.]

To maintain proper segregation of duties, whenever practical, the individual confirming receipt of goods shall be different from the individual initiating the purchase or approving payment.]

Any damaged, incorrect, incomplete, or unauthorized shipments shall be reported promptly to the Finance Department and held pending resolution.]

Payment shall not be processed until receipt has been verified and any material discrepancies have been appropriately resolved.]

Purpose: ~~This procedure outlines the steps for the receiving and inspection of materials, components, or parts and the disposition of rejected items.~~

This procedure establishes the requirements for receiving purchased goods, verifying delivery accuracy, documenting receipts, and resolving discrepancies.

Responsibilities:

~~Individuals performing the receiving function are responsible for receiving shipments, verifying deliveries, retaining supporting documentation, and marking purchase orders as received.~~

~~School Principal or Office Manager (other than the person who placed the order) is responsible for receiving shipments, verifying items against the packing slip, uploading the packing slip to NetSuite, and marking the purchase order as received.~~

~~Purchasing is responsible for accepting or rejecting damaged goods. Back-office provider is responsible for payment of invoices.~~

~~The Finance Department will review and authorize all rejections.~~

School Principals and Office Managers are responsible for receiving shipments, verifying items against supporting documentation, documenting receipt in the Organization's approved purchasing system, retaining supporting documentation, and reporting discrepancies to the Finance Department.

The Finance Department will review reported discrepancies, authorize rejections when appropriate, and coordinate resolution with vendors.

Whenever practical, the individual receiving goods should not be the same individual approving payment of the related invoice.

RECEIVING

~~A "receiver" is any form used to record the specific types and counts of product or materials received. Usually, the receiver is provided by the vendor and is not part of the Organization's system at all.~~

The vendor-provided packing slip serves as the primary receiving document. Upon receipt of a shipment, receiving documentation shall be retained and associated with the applicable purchase order in the Organization's approved purchasing system.

~~An example of this would be a detailed packing slip, furnished by the vendor with the shipment.~~

~~All incoming shipments must be examined for apparent package damage. If the shipment has apparent damage, notify Purchasing/Accounting immediately. Purchasing will decide to either accept or reject the shipment from the carrier and/or file a freight claim.~~

All incoming shipments must be examined for visible damage and verified against the purchase order and receiving documentation. Any discrepancies shall be reported promptly to the Finance Department.

INSPECTION

~~At the receiving holding area, each shipment should be unpacked and all items piece counted and matched to the packing list.~~

If receiving documentation is unavailable, alternative supporting documentation must be obtained before receipt is documented.

Items must be verified to match the description, quantity, and condition specified in the purchase order. Damaged, missing, incorrect, or unauthorized items must be reported to the Finance Department immediately.

~~If a packing list is not available, complete as an example PUR103 Ex1 RECEIVING AND INSPECTION REPORT.~~

~~The shipment will then be inspected for conformance according to the inspection level required for each part number (see PUR103 Ex3 INVENTORY INSPECTION LEVELS).~~

~~If multiple part number classes are included in the shipment, each class will be segregated and inspected accordingly.~~

~~Any previously undiscovered damage to individual inventory items should be noted on the inspection report and immediately followed up with the vendor.~~

REJECTION, DISCREPANCIES AND DISPOSITION

~~Any count discrepancies will be noted on the packing list or as an example PUR103 Ex2 RECEIVING AND INSPECTION REPORT, signed and forwarded to Purchasing. Purchasing will then follow up with the vendor to resolve the shipping discrepancy.~~

Any count discrepancies must be documented in the Organization's approved purchasing system and reported to the Finance Department.

Items that do not conform to the purchase order or are damaged shall not be placed into service or distributed until the discrepancy has been reviewed and resolved.

The Finance Department shall review all reported discrepancies and determine the appropriate corrective action, including return, replacement, credit, acceptance, or other disposition.

Goods determined to be acceptable may be placed into service or distributed for use.

Rejected goods shall remain segregated from usable inventory until returned, replaced, credited, disposed of, or otherwise resolved.

~~If there is a non-conformance discrepancy, the suspect goods will be red-tagged and separated (quarantined) from other parts and immediately placed in a separate holding area for disposition.~~

~~Complete as an example PUR103 Ex2 RECEIVING AND INSPECTION REPORT for any rejected parts. Accounting will review and authorize all rejections and complete Part II of the report.~~

~~Goods found to be in conformance or suitable for their intended use and accepted by Accounting will have the red tag removed and be returned to the receiving area or location the product is needed for use.~~

~~Goods rejected by Accounting will continue to be quarantined and red tagged until disposed. Purchasing will determine and arrange for the appropriate disposition of rejected items.~~

~~Unidentified shipments should be resolved by the Purchase Manager. Contact the Chief Financial Officer to resolve any suspicious looking packages.~~

PUR 103 Ex3 INVENTORY INSPECTION LEVELS

The following are generic descriptions of the type of inspections that should be performed for various classes of inventory items. These descriptions are not completely comprehensive for all the possible types of inventory that can be received and therefore, the inspector should use appropriate judgment to determine any special inspection procedures that may be necessary for unique items.

The inspection levels are intended to be cumulative in that higher level inspections will also include all lower-level inspection procedures.

The percentage of the total parts inspected will be according to the part number specifications. For example, an inspection level indication of "Level II, 25" would require that 25% of the parts received in the shipment will be examined at a Level II inspection.

If defects or rejected items are discovered within a shipment and less than a 100% inspection has been performed, the receiving inspector will consult with the Quality Control Manager to determine the appropriate action for assurance of the remainder of the shipment.

Level I: Visual inspection of the shipment or lot. Items appear reasonably to match packing list description(s). Nothing comes to the attention of the inspector as noticeable defects or as unusual and unordinary.

Level II: Actual hands-on visual inspection of individual parts. Each part inspected will be analyzed for the quality of workmanship and construction and the appearance of any defects.

Level III: A functional test of the part will be performed as appropriate for the item. For example, pneumatic parts should indicate function when attached to compressed air source; moving parts should rotate, slide etc.; electrical components should operate, light, etc.

Level IV: The part will be inspected against a set performance or measurement standard as indicated in the part file. For example, structural items will be measured for compliance with drawings within specified tolerances; electrical and mechanical devices will function according to specified performance standards.

MPS Fiscal Policies and Procedures

SOP # PUR104 Revision: 4 Prepared by: Central Office **Effective Date:** 4/7/22 Approved by: BOD

PUR 104 ACCOUNTS PAYABLE AND CASH

DISBURSEMENTS

Policy: Internal controls are required to ensure that only valid and authorized payables are recorded and paid. Accounting procedures should be implemented to ensure the accuracy of amounts, coding of General Ledger accounts and appropriate timing of payments. All accounts payable and cash disbursements will have documented preapproval, and the authorization limits are stated in the below Responsibilities section.

Purpose: To explain the practices for documenting, recording and issuing payments for accounts payable transactions. (Note: Payments, disbursements, and expenditures result from accounts payable transactions)

Scope: This procedure applies to all purchases including contractors, consultants, and merchandise and non-merchandise purchases.

Responsibilities:

The principal at each school site is responsible for reviewing and approving payments under $10,000 in the purchase software, in accordance with the approved budget.

The Chief Financial Officer is responsible for reviewing and approving payments up to $50,000 in accordance with the approved budget.

The Chief Executive Officer may assign the Chief Academic Officer, the Chief Operations Officer, the Chief External Officer or Regional Directors the authority to approve expenditures up to $10,000.

The Chief Executive Officer and/or designee is responsible for reviewing and approving payments over $50,000 in accordance with the board approved budget, as well as up to $90,000 for non-budgeted items.

Back-office provider is responsible for payment of invoices in a timely manner.

Background: Properly recording liabilities is generally a three-step process, particularly for merchandise purchases.

The first step is recording the liability upon receipt of merchandise, using the purchase order estimates or other documentation as a guideline. For accuracy and timeliness of

data, a liability should be recorded as soon as the Organization receives the purchased items.

Consultant projects are not recognized as a liability until the invoice from the consultant is received unless an accrual has been recorded to recognize the total estimated cost of the consultant's services.

By necessity, this initial recording is usually an estimate or encumbrance and can be finalized when the actual invoice arrives. This is why a Purchase Order is so important for merchandise purchases. It documents the Organization's understanding of how much each item will cost, per the vendor's terms. This includes estimates for freight and any other charges.

The second step takes place when the vendor's invoice is received. At this point the actual liability is finalized, with any necessary adjustments to the item costs, freight, or other charges.

The third step involves the preparation, issuance of payment for the goods received, and subsequent filing of all paperwork for easy retrieval.

Procedure Overview:

Cash disbursements are generally made for:

- Payments to vendors for goods and services
- Taxes/license fees
- Staff training and development
- Memberships and subscriptions
- Meeting expenses
- Employee reimbursements
- Marketing/promotional materials

Checks are processed throughout the week.

Requests for cash disbursements are submitted to Accounting through the purchasing software. Documentation for the purchasing software requests can be in three ways:

- Original invoice
- Purchase request (submitted on approved form)
- Employee expense report or reimbursement request

All invoices must be approved by the appropriate staff prior to being submitted to accounts payable. Accounts payable will determine the account code for each invoice.

Approvals for reimbursement requests must be obtained prior to the purchase. The Organization is not obligated to reimburse requests where prior approval was not obtained; however, this decision is made at the discretion of the Chief Financial Officer.

Every employee reimbursement or purchase request must be documented in the purchasing software. Please see PUR106 Reimbursements for more details.

Requests for payment are reviewed in the purchasing software by the Principal, Controller, or Chief Financial Officer dependent on purchase amount. The appropriate personnel:

- Verifies expenditure and amount
- Approves for payment if in accordance with budget
- Provides or verifies appropriate allocation information
- Provides date of payment taking into account cash flow projections
- Submits to the Finance team for processing

Back-office provider processes all payments and:

- Enters them into the Accounts Payable module upon receipt
- Prints checks according to allocation and authorized payment date
- Submits checks, with attached backup document

Financial Officer for approval and signature.

- Stamps invoice “paid”
- Mails checks and appropriate backup documentation
- Files all backup documentation in the appropriate file
- Monitors accounts payable throughout the month

DOCUMENTING ACCOUNTS PAYABLE

The following documents will be forwarded to Back-office provider accounts payable as a pdf batch for temporary filing and subsequent matching to form an accounts payable voucher package:

- Purchase Order from the purchasing software
- Vendor invoice
- Vendor/Consultant contract

Once the Back-office provider has received all of the above documents, the following steps will be performed to ensure proper authorization, validity of purchase, receipt of purchased items or services and accuracy of amounts.

The purchase order should be evaluated for proper authorization and the nature of the purchase and pricing as shown on the invoice reviewed for validity.

The quantities shown shipped or delivered on the invoice will be compared to the packing slip and/or receiving reports if items have been received. Any discrepancies must be followed up and resolved prior to commencing with the disbursement process.

Calculations on the invoice will be recomputed such as quantities received multiplied by unit price and totals.

Purchases of items and service contracts shall not be made in small quantities (split bidding) for the purpose of circumventing the authorized approval limits assigned by the Board of Directors, or to avoid public bidding based on the policies and procedures.

RECORDING NON-MERCHANDISE PAYABLES

Non-merchandise expenditures like utilities, rent, insurance, taxes, repairs, professional fees, etc., are generally not recorded through the purchase order routine. However, there may be other documentation, like contracts, requisitions, and other agreements. These should be filed in the applicable vendor file as documentary support. Upon receipt of the invoice, the charges should be entered into the payable system and coded to the appropriate expense account.

Generally, once invoices (both merchandise and non-merchandise) have been entered, they can be filed in the respective vendor files, ordered by date. To guard against misfiling an un-entered invoice, consider stamping "entered" on each invoice when it's recorded in accounts payable. It is also helpful to note the entered date and initial entry.

PAYMENT OF ACCOUNTS PAYABLE

Accounts payable systems generally provide an aged accounts payable report and list the open payables within the accounting system. Open payables are reviewed by the Finance team. The Finance team should select the bills to be paid based on the funds available and a projection of cash flow or receipts over the coming week. Once complete, process the disbursements by either printing the check, electronic online bill pay, PayPal merchant, wire transfer, or ACH withdrawal for the selected bills to be paid.

Note: Accounts payable should normally be paid within 15 business days. determined by the Chief Financial Officer.

Any vendor credits which are amounts owed to the Organization to amounts currently owed to the vendor when determining payment. They are received in the form of a credit memo or adjusting invoice. These should be entered into the system like any other invoice and applied to the next payment being made. There is no reason to “age” a credit memo.

Pull all Invoices to be paid from the files and match them with the printed checks, wire transfer, electronic online bill pays, or ACH withdrawal documentation. Present the materials to the Chief Financial Officer for review and signing.

Immediately ensure that all printed checks, wire transfer, electronic online bill pay, or ACH withdrawal documentation are signed and approved and correctly recorded in the accounting system. Stamp the invoices “paid” to document they've been paid. Use only checks that incorporate a two stub plus check form in order to attach one stub to the paid invoice and the other to the remittance copy of the Invoice.

If one check or electronic online bill pay pays several Invoices, then either photocopy the stub or print the electronic online bill pay screen print and attach a copy to each paid Invoice or consider attaching all paid Invoices to the one check stub or the electronic online bill pay document. File all resulting documentation according to check numbers sequentially in the checks paid binders.

Mail the checks as soon as possible once checks have been posted and "paid" by the system. It is not advisable to "hold" checks for additional days after posting. This practice usually occurs when there are insufficient cash flows. However, holding checks increases the difficulty of projecting cash flow, reduces cash balance accuracy, and causes confusion when trying to reconcile accounts payable vendor balances. None of these balances will be accurate if printed checks are held back from mailing. If cash flow is insufficient to mail the checks, then it is advisable not to post and print checks in the first place.

MANUAL CHECKS

The Organization does not permit the use of manual checks.

SOP # PUR105 Revision: 2 Prepared by: Central Office **Effective Date:** 9/5/17 Approved by: BOD

PUR 105 PREPAID EXPENSES

Policy: It is the policy of MERF to treat payments of expenses that have a time-sensitive future benefit as prepaid expenses and to amortize these items over the corresponding time period. For purposes of this policy, prepaids are only accounted for at the end of the fiscal year and the amount that is considered to be prepaid remains at the discretion of the Chief Financial Officer.

Purpose: To ensure the proper payment and accounting of expenses that have a future benefit allocated over time.

Scope: Any transaction that is currently paid that has a value that can be amortized over a future time period.

Responsibilities:

The Chief Financial Officer is responsible for reviewing and authorizing prepaid expenses.

The Finance Department with the support of Back-office provider is responsible for processing prepaid payments and amortizing the prepaid cost of the expected future life of the prepaid asset.

Background: Prepaid expenses are very common and allow the Organization to on occasion take advantage of pre-paying for certain expenses and thus recovering discounts or ensuring that a certain expense is fully paid.

Procedure:

ACCOUNTING TREATMENT

Prepaid expenses with future benefits that expire within one year from the date of the financial statements shall be classified as current assets. Prepaid expenses that benefit future periods beyond one year from the financial statements date shall be classified as non-current assets.

PROCEDURES

As part of the account coding process performed during the processing of accounts payable at the end of the fiscal year, all incoming vendor invoices shall be reviewed for the existence of time-sensitive future benefits. If future benefits are identified, the payment shall be coded to a prepaid expense account code.

MPS Fiscal Policies and Procedures

The Finance Department shall maintain a schedule of all prepaid expenses. The schedule shall indicate the amount and date paid, the period covered by the prepayment, the purpose of the prepayment, and the monthly amortization. This schedule shall be reconciled to the general ledger balance as part of the monthly closeout process.

SOP # PUR 106 Revision: 3 Prepared by: Central Office **Effective Date:** 4/7/22 Approved by: BOD

PUR 106 REIMBURSEMENTS

Policy: Internal controls are required to ensure that only valid and authorized reimbursements are recorded and paid. Accounting procedures should be implemented to ensure the accuracy of amounts, coding of General Ledger accounts and appropriate timing of payments.

Purpose: To explain the practices for documenting, recording and issuing payments for reimbursement transactions.

Scope: This procedure applies to all reimbursements.

Responsibilities:

The principal at each school site is responsible for reviewing and approving payments under $10,000 in the purchasing software, in accordance with the approved budget.

The Chief Financial Officer is responsible for reviewing and approving payments up to $50,000 in accordance with the approved budget.

The Chief Executive Officer may assign the Chief Academic Officer, the Chief of Staff, the Chief External Officer or Regional Directors the authority to approve expenditures up to $10,000.

The Chief Executive Officer and/or designee is responsible for reviewing and approving payments over $50,000 in accordance with the board approved budget, as well as up to $90,000 for non-budgeted items.

Back-office provider Accounts Payable is responsible for payment of reimbursements in a timely manner. A timely manner is defined as within two weeks of submission.

Background: Properly recording reimbursements is generally a three-step process.

The first step is accurately submitting reimbursement receipts along with proof of preapproval. The second step is obtaining the appropriate authorization to process payment.

The step involves the preparation, issuance of reimbursement payment in a timely manner, and subsequent filing of all paperwork for easy retrieval.

Procedure Overview:

Reimbursements are generally made for:

MPS Fiscal Policies and Procedures

- Travel and conferences
- Mileage
- Meals
- School/classroom supplies
- Allowable academic expenses
- Student awards
- Other expenses

Reimbursement checks are processed on cycle or sooner.

All reimbursement requests must be approved by the authorized staff prior to being submitted to accounts payable. Accounts payable will review the account code for each invoice.

Every employee reimbursement or purchase request must be documented in the financial software with evidence of pre-authorization, receipts, nature of business, program allocation, and funding source:

- Travel and Conferences - an itemized receipt from the hotel detailing all charges, the person(s) for whom the lodging was provided, and the specific business purpose. This includes itemized receipts for parking, tolls and bridges, car rentals, taxis, and conference receipts not to exceed limits set forth. (See G&A103, Travel and Entertainment policy for more detailed information.)
- Car Rentals – Advanced approvals are required. The employee may make their own car rental arrangements. Vehicle selection will be based upon the most cost-effective class that satisfies requirements for the employee(s) and any demonstration equipment. Supplemental auto insurance coverage offered by car rental agencies must be purchased and will be reimbursed.
- Mileage/Personal Vehicles - An employee required to use their own automobile for business will be reimbursed in accordance with the current IRS mileage reimbursement rate. The employee must provide on the expense report, documentation including dates, miles traveled and purpose of each trip.

The Organization assumes no responsibility for personal automobiles used for business. Further, any parking or speeding violation is the sole responsibility of the employee.

- Meals and Entertainment - a receipt must be provided showing the cost of food, beverage, and gratuities, including the names of every person for whom food or beverage was provided, and the specific business purpose. Entertainment expenses are disallowed. Meals are reimbursed based on actual receipt amounts not to exceed the following: **Breakfast: $18.00, Lunch: $25.00, Dinner: $35.00** with no reimbursement for incidental expenses.

Meal and Entertainment tips are limited to 15% (unless automatically assessed by the eating establishment) of the pre-tax meal total cost and any tip that is more than the

pre-tax meal total cost will not be reimbursed. For example, a meal that costs $10 may have an 8% sales tax bringing the total meal price before tip to $10.80. Figure the tip on the $10 amount at 15% or $1.50 and that amount of tip or less is reimbursable. If you tip more than $1.50, that difference is not reimbursable. You are always allowed to tip less than 15% should you choose to do so.

- School/Classroom Supplies, Allowable Academic Expenses, and Student Awards – these expenditures are subject to the approval of the principal. Gifts of any kind are never allowed. Student awards may only be paid from non-ADA and unrestricted sources. In other words, student awards may be paid from unrestricted fundraising or from other unrestricted sources of income, subject to approval of the principal and/or Home Office.
- Other Expenditures - a receipt from the vendor detailing all goods or services purchased (including the class of service for transportation) and the specific business purpose.
- Non-Reimbursable Expenses - Some expenses are not considered valid business expenses by the Organization yet may be incurred for the convenience of the traveling individual. Since these are not expenses for the business then they are not reimbursable. (The following can be used as a guide of expenses, which are not reimbursable)

Examples include:

- Airline or travel lounge clubs
- Shoeshine or Dry-cleaning (except for extended travel beyond 5 days)
- Movies or personal entertainment
- Books, magazines or newspapers
- Theft or loss of personal property
- Doctor bills, prescriptions, or other medical services
- Parking tickets, traffic tickets or Car towing if illegally parked
- Health club membership
- Babysitter or
- Pet care fees
- Barbers and Hairdressers

Requests for reimbursement payments are reviewed in the financial software by the Principal, Account Analysts, Chief Financial Officer, or Chief Executive Officer, dependent

- Verifies and matches expenditure and amount
- Approves payment if in accordance with budget
- Provides or verifies appropriate allocation information
- Provides date of payment taking into account cash flow projections
- Submits to the Finance team for processing Accounts Back Office Provider processes all payments and:

- Immediately enters them into the Accounts Payable module.
- Prints checks according to allocation and payment date provided by the approving party on purchase amount. The appropriate personnel:
- Submits checks, with attached backup documentation, to Chief Financial Officer for approval and signature
- Stamps invoice “paid”
- Mails checks and appropriate backup documentation
- Files all backup documentation in the appropriate file
- Monitors accounts payable throughout the month

Procedure:

DOCUMENTING REIMBURSEMENTS

All business reimbursement expenditures incurred by employees of the Organization are reimbursed through the Financial system software. All reimbursement receipts must be submitted monthly and any receipt (except tuition reimbursement) that is older than **60 days** will not be reimbursed. Employee may submit written justification for the late submission and will be processed at the discretion of the Chief Financial Officer.

All required original receipts for items charged must accompany all reimbursement documentation as well as uploaded into the financial system for approval and reimbursement payment process.

In order to expedite reimbursement, the employee should ensure that the report is completed properly, required documentation is attached, proper authorization is obtained, and any unusual items properly explained and documented. Any questions regarding completion of the report should be directed to the employee’s supervisor or the Finance Team.

SOP # PUR 107 Revision: 2 Prepared by: Central Office **Effective Date:** 4/7/22 Approved by: BOD

PUR 107 BIDDING REQUIREMENTS

Policy: To ensure the establishment of bidding requirements relating to multi-year service contracts, and to maintain the internal controls of the selection process.

Purpose: To provide methods for determining a bidding process, documentation requirements, and award of contracts.

Scope: This procedure applies to all vendors in order to comply with all Federal Uniform Guidance protocols.

Responsibilities:

Purchasing Agent or School Principal is responsible for providing a summary and justification related to the potential proposal.

Selection Committee is responsible for the review and recommendation of all contracts over $90,000

Chief Executive Officer and/or Chief Financial Officer is/are responsible for the examination of the bidding and selection process of all contracts above $90,000

Board of Directors are responsible for the approval of all bidding contracts above $90,000

Procedure:

BIDDING REQUIREMENTS AND PROCESS

New service contracts in excess of $90,000 per site shall be formally bid in accordance with the following:

- **Request for Proposals (RFP):** RFP requirements should include contract purpose, background, description of service, general information, time requirements, proposal requirements, and evaluation process.
- **Public Notice:** RFP will be posted on the Organization’s website.
- **Prospective Vendors:** Selection Committee shall maintain a list of prospective
- vendors for the various categories of products and services purchased by the organization. All schools or departments should refer prospective vendors to the purchasing department for inclusion in the bidder file.
- **Pending Bid File:** A file shall be maintained by the selection committee of all invitations to bid currently pending.
- **Evaluation:** Evaluation of services and vendors will be in accordance with the RFP specifications and policy PUR101 vendor selection.

- **Bidder Files:** Bidder files shall be maintained retaining the bids, bid comparison sheets, other submittals, and rationale in award. These bids shall be made available to the public upon request for a period of ninety (90) days after which time they will be archived for two (2) years.

Bidding of contracts shall not be made in small quantities (split bidding) for the purpose of circumventing the authorized approval limits assigned by the Board of Directors, or to avoid public bidding based on the policies and procedures.

The RFP requirement doesn't apply to renewal and/or extension of the existing service contracts.

NONCOMPETITIVE NEGOTIATIONS

Noncompetitive negotiations may be used for procurements in excess of when bidding or competitive negotiations are not feasible. MPS may purchase goods and services through non-competitive negotiations when it is determined in writing by the Chief Executive Officer that competitive negotiation or bidding is not feasible and that:

- An emergency exists which will cause public harm as a result of the delay caused by following competitive purchasing procedures, or
- The product or service can be obtained only from one source, or
- The contract is for the purchase of perishable items purchased on a weekly or more frequent basis, or
- Only one satisfactory proposal is received through RFP, or
- The charter authorizer has authorized the particular type of noncompetitive negotiation.

VENDOR SELECTION REQUIREMENTS	VENDOR SELECTION REQUIREMENTS	VENDOR SELECTION REQUIREMENTS	VENDOR SELECTION REQUIREMENTS

Submit bid documentation to the Procurement Office?	No	Yes	Yes

3.0 STANDARDS OF CONDUCT

The following Standards of Conduct shall govern the performance, behavior and actions of MPS including, employees, officers, directors, volunteers and agents, who are engaged in any aspect of procurement, including – but not limited to – purchasing goods and services; awarding contracts and grants; or the administration and supervision of contracts.

As representatives of MPS, all employees, officers, directors, volunteers and agents are expected to conduct themselves in a professional and ethical manner, maintaining high standards of integrity and the use of good judgment. Employees are expected to be principled in their business interactions and act in good faith with individuals both inside and outside MPS.

Conflict of Interest

No employee, officer, director, volunteer or agent of the MPS shall participate in the selection, award or administration of a bid or contract supported by federal funds if a conflict of interest is real or apparent to a reasonable person.

Conflicts of interest may arise when any employee, officer, director, volunteer or agent of the MPS has a financial, family or any other beneficial interest in the vendor firm selected or considered for an award.

No employee, officer, director, volunteer or agent of the MPS shall do business with, award contracts to, or show favoritism toward a member of his/her immediate family, spouse’s family or to any company, vendor or concern who either employs or has any relationship to a family member; or award a contract or bid which violates the spirit or intent of Federal, State and local procurement laws and policies established to maximize free and open competition among qualified vendors.

MPS’s employees, officers, directors, volunteers or agents shall neither solicit nor accept gratuities, gifts, consulting fees, trips, favors or anything having a monetary value in excess of fifty dollars ($50) from a vendor, potential vendor, or from the family or employees of a vendor, potential vendor or bidder; or from any party to a sub-agreement or ancillary contract.

ACCEPTANCE OF GRATUITIES

MPS's employees, officers, directors, volunteers or agents shall neither solicit nor accept gratuities, gifts, consulting fees, trips, favors or anything having a monetary value from a vendor, potential vendor, or from the family or employees of a vendor, potential vendor or bidder; or from any party to a sub-agreement or ancillary contract.

DISCIPLINARY ACTIONS

Any MPS member, employee or designated agent of MPS who knowingly and deliberately violates the provisions of this code will be open to civil suits without the legal protection of MPS. Furthermore, such a violation of these procurement standards is grounds for dismissal by MPS as an employee, officer, director, volunteer or agent, or other such sanctions as available under the law.

Any contractor or potential contractor who knowingly and deliberately violates the provisions of these procurement standards will be barred from future transactions with MPS.

SOP # BND 101 Revision: 0 Prepared by: Central Office **Effective Date:** 3/12/26 Approved by: BOD

BND 101 Continuing Disclosure Policies and Procedures

Purpose: The purpose of this item is to adopt formal Continuing Disclosure Policies and Procedures to ensure MPS complies with disclosure obligations associated with outstanding municipal bond financings. These policies establish internal controls and procedures for preparing and filing required financial reports, event notices, and other disclosures in accordance with SEC Rule 15c2-12 and applicable Continuing Disclosure Agreements. Adoption of this policy supports strong governance practices, transparency with investors, and compliance with federal securities regulations governing municipal securities.

Background: Magnolia Educational & Research Foundation (“MERF”) and Magnolia Properties Management, Inc. (“MPS”) have entered into Continuing Disclosure Agreements in connection with the issuance of certain municipal bond obligations. These agreements require the organization to provide ongoing disclosures to investors through the Municipal Securities Rulemaking Board’s Electronic Municipal Market Access (“EMMA”) system.

Required disclosures generally include:
• Annual financial reports, including audited financial statements
• Quarterly financial reports
• Notice of certain material events affecting the organization’s financial condition or obligations
These disclosures promote transparency in the municipal securities market and allow investors to access timely information regarding the financial performance and obligations of the organization
Analysis: The Continuing Disclosure Policies and Procedures establish a formal framework for ensuring compliance with all required disclosure obligations. Key elements of the policy include:

• Designation of the Chief Financial Officer as the responsible compliance officer for continuing disclosure requirements
• Preparation and filing of annual reports within 180 days of the fiscal year end and quarterly reports within 60 days of each fiscal quarter
• Filing of material event notices within ten (10) business days of the occurrence of a reportable event
• Presentation of the annual continuing disclosure report to the Board of Directors with adequate time each year to ensure sufficient time for review prior to submission to EMMA
• Development of internal processes to monitor financial obligations and other events that
may require disclosure

MPS Fiscal Policies and Procedures

These procedures help ensure that Magnolia Public Schools maintains compliance with federal securities laws and its contractual disclosure obligations while strengthening internal financial oversight.

Exhibits: Exhibit A Continuing Disclosure Policies and Procedures

MPS Fiscal Policies and Procedures

CONTINUING DISCLOSURE POLICIES AND PROCEDURES Magnolia Educational & Research Foundation

and

Magnolia Properties Management, Inc.

PURPOSE

The purpose of these Continuing Disclosure Policies and Procedures (the “Procedures”) is to ensure that Magnolia Educational & Research Foundation (“MERF”) and Magnolia Properties Management, Inc. (“MPS” and, together with MERF, the “Obligated Parties”) maintain an adequate system of disclosing all information that is required by Rule 15c2-12(b)(5) adopted by the United States Securities and Exchange Commission (“SEC”) under the Securities Exchange Act of 1934, as the same may be amended from time to time (the “Rule”) with respect to outstanding bonds for which MPS is the Borrower (the “Obligations”).

COMPLIANCE OFFICER

The Chief Financial Officer of MPS (the “CFO”) or such other officer, agent or employee as MERF shall designate in writing to the dissemination agent from time to time as the individual officer responsible for ensuring compliance by the Obligated Parties with the Procedures and for maintaining a record (including attendance) of related training provided for herein.

CONTINUING DISCLOSURE

In connection with the issuance of the Obligations, the Obligated Parties have entered into contractual agreements (each, a “Continuing Disclosure Agreement”) to provide annual reports related to the financial condition of MERF (including its audited financial statements, certificate of annual filing of certain financial and operating covenants, and enrollment data), quarterly reports and notice of certain events relating to the Obligations specified in the Continuing Disclosure Agreement. Each new issuance of publicly offered Obligations will require an additional Continuing Disclosure Agreement. The Obligated Parties must comply with the specific requirements of each Continuing Disclosure Agreement. Additionally, each Preliminary Limited Offering Memorandum (“PLOM”) and each Limited Offering Memorandum (“LOM”) must contain disclosure as to whether the Obligated Parties have complied in all material respects with its Continuing Disclosure Agreements. Prior to finalizing a PLOM, the staff should take steps to review the status of compliance and discuss with the underwriter or underwriters what steps it has taken to review the Obligated Parties’ compliance and whether any noncompliance has been noted. If noncompliance is found, steps should be taken to disclose in the PLOM the instances of material noncompliance including any failure to timely report non-compliance as applicable, within the last five years and cure the noncompliance before the issuance of the Obligations.

Powered by BoardOnTrack

MPS Fiscal Policies and Procedures

The Obligated Parties' Continuing Disclosure Agreement requires that the annual report with the inclusion of the information as described in the Continuing Disclosure Agreement for each fiscal year be filed not later than 180 days (or six months) after the end of MERF's Fiscal Year. Quarterly reports with the inclusion of the information as described in the Continuing Disclosure Agreement must be filed not later than 60 days after the end of each of MERF's fiscal quarters. Event notices are generally required to be filed within 10 business days of their occurrence. Specific events which require event notices are set forth in each particular Continuing Disclosure Agreement. The current list of specific events which requirement event notices under Securities and Exchange Commission Rule 15c2-12 is set forth in Attachment A.

The CFO is the official responsible for ensuring compliance by the Obligated Parties with its Continuing Disclosure Agreements, and will assign trained School personnel to oversee the preparation of the annual reports and will determine whether to retain the services of one or more consultants to assist in the preparation of the annual reports, quarterly reports and event notices. The CFO will either assign trained School personnel to file the annual reports and event notices with the Electronic Municipal Market Access system (emma.msrb.org) of the Municipal Securities Rulemaking Board ("MSRB") or will engage the services of one or more dissemination agents to file the annual reports and material event notices required pursuant to the Continuing Disclosure Agreements. The CFO will consult with bond counsel and/or disclosure counsel on how to report information when a Continuing Disclosure Agreement requires data that does not exist or that the Obligated Parties cannot obtain.

The Chief Financial Officer ("CFO") shall present the annual continuing disclosure report to the Board of Directors (the "Board") for review and approval in advance of submission to EMMA (as defined below). This presentation shall occur sufficiently prior to the filing deadline to ensure that the annual report can be finalized and submitted to the Municipal Securities Rulemaking Board's Electronic Municipal Market Access ("EMMA") system on or before the deadline set forth in each applicable Continuing Disclosure Agreement.

In connection with the presentation of the annual report, the CFO shall also inform the Board whether any material events have occurred since the prior report that required the filing of a significant event notice under any Continuing Disclosure Agreement. If such an event has occurred, the CFO shall report whether the required notice was filed in a timely manner, including confirmation that any required filing was made within ten (10) business days of the occurrence of the event.

Particular care shall be paid to the timely filing of (i) any changes in credit ratings on the Obligations (including changes resulting from changes in the credit ratings of insurers of particular Obligations), (ii) the incurrence of a financial obligation of the Obligated Parties, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the Obligated Parties, any of which affect security holders, if material, (iii) the default, event of acceleration,

termination event, modification of terms, or other similar events under the terms of a financial obligation of the Obligated Parties, any of which reflect financial difficulties, and (iii) defeasance notices. MERF staff will need to regularly monitor and develop a reporting system to comply with these filing requirements. MERF staff should also develop a method of tracking all financial obligations (as defined under Securities and Exchange Commission Rule 15c2-12) of the Obligated Parties, and of the covenants in each that could give rise to a default, an event of default, an event of acceleration, or similar events if violated by the Obligated Parties.

Recognition should be made that the anti-fraud rules apply to disclosures reasonably expected to reach investors and the trading markets. Annual reports, quarterly reports and event disclosures must therefore be accurate and not omit any material information needed to make the disclosures not misleading. The process of preparing annual reports and providing event notices should not be viewed as mechanical insertion of information.

MUNICIPAL SECURITIES RULEMAKING BOARD

The MSRB is authorized by federal law to regulate broker-dealers and banks that market, trade, and underwrite municipal bonds, notes, and other securities issued by state and local governments. The MSRB promotes investor protection through rulemaking, information collection, and dissemination designed to promote transparency and public access. The MSRB collaborates with the SEC; Financial Industry Regulatory Authority; Board of Governors of the Federal Reserve System; Federal Deposit Insurance Corporation; and the United States Department of the Treasury's Office of the Comptroller of the Currency and Office of Thrift Supervision, all of which enforce compliance with MSRB rules by brokers, dealers, and banks.

On July 1, 2009, the MSRB began operating the centralized electronic repository for all municipal bond disclosure documents and trade data through the Electronic Municipal Market Access (“EMMA”) website. The EMMA website (www.emma.msrb.org) was established to increase access to vital disclosure and increase the transparency of information in the municipal securities market. It provides investors with key information about municipal securities free of charge, and the information is presented in a manner specifically tailored for retail, nonprofessional investors who may not be experts in financial or investing matters.

EMMA houses municipal disclosure documents, including Official Statements for most new offerings of municipal bonds, notes, college savings plans, and other municipal securities issued since 1990, advance refunding documents, and continuing disclosure documents. Since late May 2011, the EMMA system may also be used to file Preliminary Official Statements and additional disclosures that are voluntarily provided by issuers.

In addition, EMMA provides market transparency data, which includes real-time prices and yields at which bonds and notes are bought and sold, for most trades occurring on or after January 31, 2005. Interest rates for municipal securities, including those for auction rate securities and variable rate demand obligations, are available on EMMA as well. All of the documents and data on EMMA are accessible in an integrated display that provides comprehensive information for each municipal security. Confirmed users of EMMA are also able to register their securities so that anytime a posting is uploaded to the website the user is sent a notification. This feature allows for greater control and oversight for documents published under registered securities.

Filings through EMMA are linked to a particular issue of obligations by 9-digit CUSIP numbers, and Obligated Parties must validate and verify that all of the applicable 9-digit CUSIP numbers are linked to each disclosure filing. The EMMA website contains helpful tutorials on submitting disclosure materials for a particular issuance of obligations.1

PROCEDURES DEVELOPMENT

The CFO may develop more specific procedures related to the preparation, review and approval of continuing disclosure requirements under the Procedures which, along with the Procedures, shall be reviewed periodically in consideration of changing laws.

1 *See*, MSRB Online Training, MUNICIPAL SECURITIES RULEMAKING BOARD, http://www.msrb.org/msrb1/TrainingTutorials.aspx.

ATTACHMENT A

ENUMERATED EVENTS

(i) principal and interest payment delinquencies;

(ii) non-payment related defaults, if material;

(iii) unscheduled draws on debt service reserves or credit enhancements reflecting financial difficulties;

(iv) substitution of credit or liquidity providers, or their failure to perform;

(v) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability. Notices of Proposed Issue (IRS Form 5701-TEB), or other material notices or determinations with respect to the tax status pf the security, or other material events affecting the tax status of the security;

(vi) modifications to the rights of Bond or security holders, if material;

(vii) Bond calls, if material, and tender offers;

(viii) defeasances;

(ix) release, substitution, or sale of property securing repayment of the security, if material;

(x) rating changes;

(xi) bankruptcy, insolvency, receivership, or similar event of an Obligated Party or another obligated person;

(xii) the consummation of a merger, consolidation, or acquisition involving an Obligated Party, another obligated person or the sale of all or substantially all of its assets, other than in the ordinary course of business, the entry into of a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;

(xiii) appointment of a successor or additional trustee or the change of name of a trustee, if material;

(xiv) incurrence of a financial obligation of MERF or MPS, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation* of MERF or MPS, any of which affect security holders, if material; and

(xv) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation* of MERF or MPS, any of which reflect financial difficulties.

_____

*The term “financial obligation” means a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term financial obligation does not include municipal securities as to which a final official statement has been provided to the Municipal Securities Rulemaking Board consistent with Rule 15c2¬12 of the Securities Exchange Commission.

Approval of Education Protection Act (EPA) Resolution for the 2026-27 School Year

Section: VII. Action Items
Item: M. Approval of Education Protection Act (EPA) Resolution for the 2026-27 School Year
Purpose: Vote
Submitted by:
Related Material: VII.M - EPA_Cover_Sheet_FINAL.pdf

Agenda Item:	VII.M - Action Item
Date:	June 17, 2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Cafer Turan, Interim Chief Financial Officer
RE:	Approval of 2026-27 Education Protection Act (EPA) Spending Resolution for MPS

Action Proposed:

Staff recommend that the Board approves the Resolution for the Education Protection Act for the 2026-27 year.

Purpose:

The purpose of this resolution is to comply with the State of California guidelines so that MPS can continue receiving Local Control Funding Formula (LCFF) dollars as part of our general funding for the 2026-27 school year.

Background:

The Education Protection Account (EPA) was created in November 2012 by Proposition 30, the Schools and Local Public Safety Protection Act of 2012, and it was implemented in 2013. The EPA is governed by Section 36 of Article XIII of the California Constitution, which was amended by Proposition 55 in November 2016.

The EPA is the way for the State to collect and distribute funds that are generated by the tax increases related to personal income and sales tax as authorized by Proposition 30. Similar to local property taxes, local education agencies' (LEAs) State Aid is reduced by one dollar for each dollar received from the EPA. California Education Code requires that LEAs adopt an EPA resolution annually as part of receipt for LCFF.

Analysis:

All projected EPA funding is included in the 2026-27 Adopted Budget in accordance with the California Education Code.

Exhibits:

- Resolution for the Education Protection Act for the 2026-27 school year.
- EPA Spending Plan for the 2026-27 school year

MAGNOLIA
PUBLIC SCHOOLS

MAGNOLIA PUBLIC SCHOOLS

RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT (EPA)

WHEREAS,the voters approved Proposition 30 on November 6, 2012;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012;

WHEREAS,the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the Incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30th of each year, the Director of Finance shall estimate the total amount of additional revenues less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year; 2026-27

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the district shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting *of* the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and *verify* whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the CaliforniaConstitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW; THEREFORE, IT IS HEREBY RESOLVED;

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of Magnolia Public Schools.
2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of the Magnolia Public Schools has determined to spend the monies received from the Education Protection Act Resolution for the Education Protection Act for the 2026-27 School Year and EPA 2026-27 Spending Plan.

Board President

Date

EDUCATION PROTECTION ACCOUNT - EXPENDITURE SUMMARY

State law requires that our charter school make a specific determination of how Education Protection Account monies are received and spent. These funds may not be expended on administrative costs. Our practice is to expend 100% of all Education Protection Account monies on teacher salaries, to ensure that 100% of spending is instructionally-related and is not spent for administrative uses.

The table on the following page shows the historical and projected revenues and expenditures of Education Protection Account dollars, from the most recent audited fiscal year through the upcoming budget year.

This document shall be approved by the School's Governing Board as part of the approval of the annual budget in June, and a copy of the approved document shall be posted on the School's website.

Below is the actual law relating to this requirement:

Article XIII, Section 36, Subdivision (e), Paragraph (6) of the California Constitution:

(6) A community college district, county office of education, school district, or charter school shall have sole authority to determine how the moneys received from the Education Protection Account are spent in the school or schools within its jurisdiction, provided, however, that the appropriate governing board or body shall make these spending determinations in open session of a public meeting of the governing board or body and shall not use any of the funds from the Education Protection Account for salaries or benefits of administrators or any other administrative costs. Each community college district, county office of education, school district, and charter school shall annually publish on its Internet Web site an accounting of how much money was received from the Education Protection Account and how that money was spent.

Approval of Renewal Agreement for DMS Back Office Services for the 2026-27 Fiscal Year

Section:	VII. Action Items
Item:	N. Approval of Renewal Agreement for DMS Back Office Services for the 2026-27 Fiscal Year
Purpose:	Vote
Submitted by:	
Related Material:	VII.N - Approval of DMS Back Office Services_FINAL.pdf

Agenda Item:	VII.N - Action Item
Date:	June 17,2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Cafer Turan, Interim Chief Financial Officer
RE:	Approval of Charter School Business & Administrative Services Agreement with Delta Managed Solutions, Inc. ("DMS")

Action Proposed

Staff moves that the Board approve the Charter School Business & Administrative Services Agreement between Magnolia Educational & Research Foundation and Delta Managed Solutions, Inc. for the period of July 1, 2026 through June 30, 2029.

Purpose:

The proposed agreement establishes a comprehensive business and administrative services partnership with Delta Managed Solutions, Inc. ("DMS") to support Magnolia Public Schools' financial operations, compliance reporting, procurement coordination, accounting services, and post-payroll reporting requirements.
The agreement is intended to:

- Strengthen financial operations and reporting consistency across the organization
- Enhance compliance with state and federal charter school reporting requirements
- Improve accounting system management and financial oversight
- Provide operational support for procurement, accounts payable, reconciliations, and reporting functions
- Support long-term fiscal sustainability and internal controls

Background:

MPS has evaluated operational and financial service needs to ensure continued compliance, fiscal oversight, and organizational support across its schools and affiliated entities. The proposed agreement with DMS formalizes responsibilities and service expectations related to accounting operations, procurement coordination, reporting, and compliance support.
The agreement also includes an accountability matrix defining shared responsibilities between MPS and DMS related to budgeting, accounting system management, audit support, accounts payable, and compliance

reporting.

Analysis:

The proposed agreement provides structured operational and fiscal support services designed to improve consistency, reporting efficiency, and compliance management across the organization.
The agreement:

- Clarifies operational responsibilities between MPS and DMS
- Establishes service expectations and reporting support functions
- Provides access to financial systems and dashboard reporting tools
- Supports ongoing audit readiness and compliance requirements
- Maintains MPS ownership and control over all bank accounts and financial data
- Staff will continue monitoring implementation, service delivery, and operational effectiveness throughout the term of the agreement.

Fee Summary:

The agreement includes the following compensation structure for the three-year term (July 1, 2026 – June 30, 2029):

Service	Fee	2026-27	2027-28	2028-29
ADA Assumption		*4,089*	*4,089*	*4,089*
Business & Administrative Services	$120 per ADA	$490,680	$490,680	$490,680
Delta Insights Dashboard – Implementation	$12,000 flat	$12,000	–	–
Delta Insights Dashboard – Annual License	$1/ADA + $100/user	$4,089 + $100/user	$4,089 + $100/user	$4,089 + $100/user
Authorizer Reporting & Training (SACS/Alt Form)	$1,500 (5 hrs) + $200/hr	$1,500 (est.)	As needed	As needed
NetSuite Accounting System	Direct with NetSuite (MPS)	MPS responsible	MPS responsible	MPS responsible
Estimated Total (to DMS)		**~$506,769+**	**~$494,769+**	**~$494,769+**

Note: Estimated totals (+) exclude Dashboard annual user fees ($100/authorized user/year). Out-of-pocket expenses (excluding pre-approved travel and FedEx) are included in the standard monthly fee. Additional services (e.g., bond financing, private grant management) are subject to separate negotiation.

- Charter School Business & Administrative Services Agreement with Delta Managed Solutions, Inc.

AGREEMENT FOR
CHARTER SCHOOL BUSINESS & ADMINISTRATIVE SERVICES
DATED AS OF MAY 22, 2026

THIS IS AN AGREEMENT FOR SERVICES between **MAGNOLIA EDUCATIONAL & RESEARCH FOUNDATION,** to which reference is made herein as the "School," and **DELTA MANAGED SOLUTIONS, INC.,** to which reference is made herein as "DMS", in connection with charter school business and administrative services to be provided by DMS to the School, as described in the Scope of Services attached hereto.

1. **Employment.** The School hereby employs DMS to perform, and DMS will perform, as requested by the School, services set forth in the Scope of Services, attached hereto.

2. **Representations of DMS.** DMS hereby represents the following:

   A. DMS shall not receive a fee from any source other than the School for the services in the Scope of Services attached to this Agreement, except as may be disclosed in writing, and has no arrangement with respect thereto with any party other than the School regarding the services in the Scope of Services attached. There are no actual or potential conflicts of interest concerning the services.

   B. DMS and its personnel's fulfillment of their obligations under this Agreement will not breach any obligations they have to any third party.

   C. DMS is an independent private business and is not acting in any other professional capacity than as represented in this Agreement and the Scope of Services attached hereto.

   D. All DMS personnel (employees or contractors) performing services have the requisite skills, experience, and qualifications. However, DMS reserves the right to hire and train staff as necessary in the standard course of business operations.

   E. DMS will ensure that the results of all services are complete and accurate (subject to the completeness and accuracy of the relevant information provided by the School) in accordance with the California School Accounting Manual (CSAM).

   F. DMS will complete by the applicable completion date any elements of the services that the School informs DMS have a fixed completion date, provided the School provides sufficient notice to DMS which shall be no less than thirty (30) days, or that DMS knows or reasonably should know has a fixed completion date (e.g. financial reporting for defined accounting periods).

   G. In the performance of services hereunder, DMS will comply with all applicable laws and regulations applicable to the administration of public charter schools. DMS

does not warranty and has no liability regarding any technology systems DMS is directed to use by the School.

3. **Agreements of DMS.** DMS hereby agrees as follows:

   A. DMS will provide, as requested by the School, services that reasonably conform to the Scope of Services attached hereto.

   B. In providing such services, DMS will make available the experience of its organization so as to represent the School.

4. **Term of the Agreement.** The term of this Agreement shall be **thirty-six (36)** months, for the period beginning on **July 1, 2026** and ending on **June 30, 2029**.

5. **Compensation.**

   A. **Services Fee.**

      i. The School shall pay to DMS annual fiscal year compensation of **$120 per unit of Average Daily Attendance (ADA) per year**. All monthly compensation is due and payable on the 1st of each month beginning on July 1, 2026. Monthly payments shall be pro-rated based on the most recent certified ADA report available and include any adjustments needed for changes in ADA throughout the year. Final payment for each July-June fiscal year under the Term of this Agreement shall be based on final P-2 ADA for such year. Service fees are calculated based on originally reported P-2 ADA and subsequent reductions to reported P-2 ADA shall not result in a modification of services fees.

      ii. The School shall pay to DMS a one-time Dashboard implementation fee of **$12,000 upon signing**. In addition, the School shall pay annual compensation for the Dashboard services equal to **$1.00 per unit of Average Daily Attendance (ADA) for the first year** plus an annual fee of **$100 per** authorized Dashboard user each year. All monthly compensation is due and payable on the 1st of each month **beginning upon completion of implementation**. DMS shall provide to the school access only to Delta Insights dashboard with expense and revenue widgets and board reporting. All other enhancements will be subject to an additional fee.

      iii. The School shall pay to DMS compensation for Authorizer Reporting and Training Services, including SACS and Alternative Form training, at a minimum fee of **$1,500**, which includes up to five (5) hours of services. Additional hours beyond the initial five (5) hours shall be billed at a rate of **$200 per hour, billed in increments of one-tenth (0.1) of an hour**.

      iv. The School shall be responsible for all costs related to licensing, training and software maintenance of the agreed upon accounting system as stated in the scope of

services via direct agreement between School and NetSuite. Changes in the accounting software will constitute an additional implementation fee.

DMS' services fee covers all services set forth in the Scope of Services attached hereto, with the exception of pre-approved and documented travel costs consistent with the School's expense reimbursement policy which shall be billed separately at standard rates and Federal Express expense. All other out-of-pocket expenses are inclusive in DMS' standard monthly fee. Additional services (including but not limited to: bond/note financing services, private grant application and management services, and other services not described in the Scope of Services) are available at an additional cost to be negotiated between DMS and the School via separate agreement prior to the incurrence of such additional services.

6. **Contract Renewal.** This Agreement shall be renewable for consecutive single or multiple fiscal year terms, by mutual agreement, each such term beginning at the end of the prior period's agreement. Pricing for future years will be negotiated at the time of renewal.

7. **Entire Agreement; Amendments.** All discussions, negotiations and prior agreements between the School and DMS regarding the services to be provided during the Term of this Agreement and pursuant to the Scope of Services attached hereto are merged into this Agreement. This Agreement together with the Scope of Services and Security Standards is the entire agreement between the parties respecting the subject matter hereof. This Agreement may be amended only in writing. This Agreement is renewable by Amendment, subject to all terms and conditions herein unless otherwise agreed by the parties.

8. **Assignment.** This Agreement may not be assigned by either party hereto without the written consent of the other party.

9. **Time.** DMS agrees that time is of the essence in its performance of services under this Agreement.

10. **Termination.**

    A. Upon thirty (30) days written notice to the other party, in accordance with the Notices provision of this Agreement, either party hereto may terminate this Agreement for cause, determined as a material breach prohibiting the accomplishment of the parties' objectives upon entering into this Agreement, provided the party seeking to terminate the agreement gave the other party thirty (30) days written notice to cure the breach(es) and the party did not cure within the thirty (30) days.

    B. Upon termination by either party, DMS shall be paid compensation as described under Paragraph 5, Compensation, above incurred through the date of termination. DMS (i) will deliver a copy of the School Information in its possession or control (including in

the Accounting System) in an industry-standard format within thirty (30) days after the effective date of termination and ensure that the School has access to the Accounting System for at least 30 days after the effective termination in order to allow the School to download the School Information stored within the Accounting System. The following sections shall survive any termination or expiration of this Agreement: 10(B), 11(B), 12(B), 13 – 18.

11. **Termination Without Cause.**

A. Either party may terminate this Agreement without cause by providing written notice to the other party no less than one hundred twenty (120) days prior to the end of a fiscal year during the Term of this Agreement. Any such termination shall become effective on the last day of that fiscal year, and all services to be provided by DMS under this Agreement shall cease as of June 30 of that fiscal year, unless otherwise agreed to in writing by the parties.

12. **Information.**

A. **Ownership and Accuracy.** The School, its officials, staff, and board will be providing DMS various data, records, studies, computer print-outs and other information and representations as to the facts relating to the School and its operations. DMS will be using and relying upon such data, records, studies, computer print-outs and other information in the preparation of DMS' work products. All such data, records, studies, computer print-outs and other information, and compilations created therefrom, are considered as and shall remain the property of the School. DMS shall not be obligated to establish or verify the accuracy or completeness of the information furnished to DMS by the School, its officials, staff, or board, and DMS bears no liability in the event any such information is deemed to be false, misleading or inaccurate or otherwise violates any law, regulation or order. In the event of any such determination, the School shall defend, indemnify and hold DMS harmless from and against any claim, suit, proceeding or loss, damages, or liability of any kind related to the information provided by the School, its officials, staff, and board to DMS.

B. **Confidentiality.** "Confidential Information" means any information, know-how and trade secrets in any form that either are (i) designated as "proprietary," "confidential", or with words of similar meaning at the time of disclosure or (ii) a reasonable person knows or should reasonably understand to be confidential. School Information is Confidential Information of the School. The School and DMS agree that each will ensure no use, dissemination, or disclosure of any Confidential Information of the other party to any person, firm or business, except as necessary to perform obligations or exercise rights or privileges set forth in this Agreement and the Scope of Services, attached hereto, and then only as agreed by the parties, provided that any such

third parties shall, before they may access such information, either (i) execute a binding agreement to keep such information confidential or (ii) be subject to a professional obligation to maintain the confidentiality of such information. Each party agrees it will receive all Confidential Information in trust and confidence and it will treat all Confidential Information with the same degree of care as it accords to its own Confidential Information of like sensitivity, but in no event less than a reasonable level of care. Notwithstanding the foregoing, Confidential Information may be disclosed as required by any governmental agency or as legally required, provided that before disclosing such information the disclosing party must provide the non-disclosing party with sufficient advance notice but in any event no less than five (5) business days' of the request for the information to enable the non-disclosing party to exercise any rights it may have to challenge or limit the requesting party's authority to receive such Confidential Information.

C. **Security.** DMS will, and will ensure that all of its subcontractors, comply with the obligations set forth in the Security Standards attached to this Agreement, which may be amended as necessary to meet industry standard practice for the administration of public charter schools.

13. **Standards & Liability.**

A. DMS shall perform its services pursuant hereto in accordance with competent professional standards. The liability of DMS to the School for any breach of these standards arising out of or related to this Agreement or the services performed hereunder shall not exceed the aggregate limit of DMS's errors and omissions insurance limit at the time of the breach, which shall in no event be less than $2,000,000.

B. DMS will defend and indemnify the School and its affiliates, directors, officers, and employees against all settlement amounts approved by DMS and any liabilities, damages, losses, costs, fees (including legal fees), and expenses in connection with any third party legal proceeding (including action by a government authority) to the extent arising from: (i) DMS's gross negligence, fraud, or willful misconduct; (ii) any personal injury, or death related to DMS's performance of the services; and (iii) an allegation that DMS personnel are entitled to employee compensation, benefits, or other rights.

C. DMS shall not be liable for mistakes of judgement or other actions taken in good faith unless such error results from an intentionally wrongful or grossly negligent act of DMS.

14. **Severability.** If any provision of this Agreement is unenforceable or invalid under any applicable law or is so held by applicable court decision(s), such unenforceability or invalidity shall not render this Agreement unenforceable or invalid as a whole. In such event, such provision shall be changed and interpreted so as to best accomplish the objectives of such unenforceable or invalid provision within the limits of applicable law or court decision(s).

15. **Waiver.** The failure of either party to require performance by the other party of any provision hereof shall not affect the full right to require such performance at any time thereafter unless otherwise agreed by the parties in writing; nor shall the waiver by either party of a breach of any provision hereof be taken or held to be a waiver of the provision itself unless otherwise agreed by the parties in writing.

16. **Counterparts; Scan/Facsimile.** This Agreement may be signed in counterparts and shall be effective against signatures by scan/facsimile (in an email, PDF or otherwise). Each counterpart when so executed shall constitute an original and all of which together shall constitute one and the same instrument.

17. **Governing Law.** This Agreement shall be construed in accordance with the laws of the State of California. DMS and the School agree that no legal action may be brought against the other more than two (2) years after the date the claim giving rise to such action became known by the party asserting the claim or exercising reasonable diligence should have been known to that party.

18. **Independent Contractor.** DMS's relationship to the School is that of an independent contractor. Nothing in this Agreement or in the activities contemplated by the School and DMS shall be deemed to create an agency, partnership, employment, or joint venture relationship between the School and DMS. DMS is solely responsible for: its personnel's acts and omissions; staffing, instructing, and managing personnel performing services; and determining its personnel's compensation (i.e., any stated rates for Services provided are not wage rates). The School acknowledges that DMS is not an accounting or law firm, and no services or written or oral communications made by DMS during the course of providing services are or should be construed as tax or legal advice. DMS neither assumes nor underwrites any liability of the School except as set forth herein and acts only as a provider of the services in the Scope of Services attached hereto, which are ministerial in nature. In the event the School hires an employee of DMS within six (6) calendar months of that employee working for DMS, the School shall pay to DMS a finder's fee of twenty-five percent (25%) of the employee's salary at time of hire as paid by the School or of the employee's most recent salary at DMS, whichever is greater and which shall be due and payable immediately upon hire and which obligation applies only to hires occurring during the Term of this Agreement and does not apply to hires made after the expiration or earlier termination of the Term. Such fee is necessary to compensate DMS for the unique training investment

to train its staff into the specialized industry of public charter school finance and reporting.

19. **Government Code.** DMS and its representatives are not public officials or participating in governmental decisions, as those terms are used in Section 87100 of the California Government Code or otherwise. No actions or opinions necessary for the performance of DMS' duties under this Agreement will cause DMS to be a public official or to be participating in governmental decisions, as those terms are used in Section 87100 of the California Government Code or otherwise.

20. **Notices.** All notices, demands, requests, consents, approvals, or other communications required or permitted to be given under this Agreement (each, a "Notice") shall be in writing and shall be deemed to have been duly given when (a) delivered by hand (with written confirmation of receipt); (b) sent by nationally recognized overnight courier (with written confirmation of receipt), in each case to the address set forth below; or (c) sent by email to the email address set forth below, provided that confirmation of receipt (including by non-automated reply email from the receiving party's designated contact) is obtained, in which case Notice shall be deemed effective as of the date and time such confirmation is received by the sending party. Notice by email shall not be deemed effective absent such confirmation of receipt. Each party may change its notice information by providing written notice to the other party in accordance with this Section.

SCOPE OF SERVICES

In performing under this Agreement, DMS shall perform services that reasonably conform to those as described below:

FISCAL SERVICES:

- DMS shall utilize the NetSuite comprehensive accounting system, including all requisite fund accounting and general ledger and accounts payable/receivable modules (the "accounting system"). School shall be responsible for all costs related to acquisition, licensing, training and software maintenance of the accounting system via a direct agreement between School and NetSuite. The system will be fully SACS-compliant and capable of producing standardized SACS reports for financial reporting to the School's authorizer and other public agencies as required. DMS shall not use any accounting system other than NetSuite without the School's prior written consent, which the School may deny or grant in its sole discretion. The system will be accessible by authorized School staff, state and local entities for review and audit reconciliation and for the download of the School's Information stored in the accounting system in electronic format. School shall be responsible for the cost and maintenance of the hardware and/or software and any other costs, if any, to establish any local internet connections to access the accounting system from the school site.

- DMS shall provide advisory services in relation to the School's monthly cash flow needs, coordination of expenditure timing to match revenue flow (see Scope of Services - Purchasing/Procurement below) and other similar services as required. DMS can coordinate long term cash flow financing for the School, if requested and subject to the School's qualification, for an additional fee to be determined at such time via separate agreement.

- DMS shall assist the School in developing a satisfactory system of financial controls to ensure financial stability, including working with the School to develop or update a Fiscal Procedures & Policies Manual, if requested. School staff is responsible for implementing the on-site accounting and fiscal controls and procedures as outlined in the School's approved policies and procedures.

- DMS shall assist the School in establishing and maintaining an external bank account(s) outside of the County Treasury and will administer and reconcile all banking transactions through this external bank account(s) and the School's County Treasury account(s). Accounts will be held in the School's name; DMS will hold no School bank account(s), nor be a signatory on School account(s).

- DMS shall work directly with the School's chosen independent auditor regarding the School's annual audit to ensure all necessary financial information is provided in a full and timely manner. DMS shall not be involved in the attendance portion of the audit except to prepare reports using attendance data provided by the School upon request (see Scope of Services - Compliance/Reporting below) and to provide copies of the School's P-1, P-2, and Annual ADA reports to the auditor as needed.

- DMS will provide additional accounting services including but not limited to quarterly reconciliations and year end closing for up to 8 LLCs. This service will be provided on an agreed upon system.

- DMS shall provide to the school access only to Delta Insights dashboard with expense and revenue widgets and board reporting. All other enhancements will be subject to an additional fee.

POST-PAYROLL REPORTING SERVICES:

- DMS shall prepare and submit all California required post-payroll-related reports and filings and process all post-payroll-related payments, including but not limited to: California State Teachers' Retirement System (STRS) and Public Employees' Retirement System (PERS) contribution calculations, and other benefits calculations and payments directly related to post-payroll payment processing. DMS services do not include 401a/403b/457 TPA duties, which should be performed by a TPA specializing in this area to ensure continuing qualification of such plans under the Internal Revenue Code. DMS services do not include back reporting or correcting California State Teachers' Retirement System (STRS) and Public Employees' Retirement System (PERS) outside of this contracted term unless the back reporting falls within a prior contracted term.

- DMS shall not be responsible for reporting pursuant to the Affordable Care Act (ACA) as such reporting is based on information for which the School's healthcare broker and/or payroll service provider is responsible.

- DMS shall assist the School in obtaining any necessary accounts for STRS/PERS reporting, which DMS shall file pursuant to required procedures for such reports in the School's county(ies). DMS is not responsible for late fees or penalties due to the timing of the School's chosen pay periods in relation to the deadlines for retirement reporting. The School is responsible for the submission of the ACH contribution payments to the county.

- The School shall be responsible for providing DMS with accurate and timely payroll data from the payroll system and as requested of the School from DMS.

PURCHASING/PROCUREMENT:

- The School shall be responsible for initial creation and approval of all purchases, including

inputting such orders into the NetSuite accounting system. The School is solely responsible for ensuring that all items ordered are suitable for public educational purposes (e.g. non-religious materials). Once purchases are approved by the School's authorized staff, the School shall further be responsible for delivering approved purchase orders (POs) to vendors (i.e. placing the order). All POs shall reflect School as the shipping and billing address (which may include School staff addresses for shipping if authorized by School). Once the order is received by the School, School staff is responsible for marking items as received, including marking items as received in the accounting system.

- DMS shall print regular batch run checks twice weekly on mutually agreed upon days (using a pre-set electronic signature image from an authorized signer on the School's main operating bank account built into the blank check stock) and deliver all payments to the vendors, integrating accounts payable with Fiscal Services as described in this Scope of Services for payment timing optimization and coordination of purchasing activities to coincide with timing of revenue limit receipts. Delivery shall be via standard U.S. mail. Emergency checks will be sent via Federal Express account provided by the school. The school is responsible for all Federal Express expenses. DMS will process payroll emergency checks as requested, process Amazon ACH, record Bill.com transaction, and monthly recurring invoices.

- Throughout the purchasing and accounts payable process, all account activity will be visible to School staff on the chosen accounting system, according to the school's provided workflow.

- School is responsible for aligning all purchases with Board-approved purchasing policies and obtaining all required board approval or ratification for purchased items. School is responsible for ~~A~~all employee reimbursement input. DMS shall print and mail checks. Delivery shall be via standard U.S. mail unless otherwise stated.

- DMS shall reconcile purchasing activities with the School's external banking account(s). Accounts will be held in the School's name; DMS will hold no School bank account(s), nor be a signatory on School account(s).

- School shall minimize the use of emergency checks to critical time-sensitive payments only. In the event the School must have a payroll related emergency check, School shall notify DMS immediately of its intent to have an emergency check and shall then provide DMS with all information for the emergency check, allowing DMS one business day processing time.

- School agrees to provide DMS with view only access necessary to complete the positive pay process to all School bank accounts (including credit card accounts). If online access is unavailable, School shall provide any banking or credit card statements to DMS immediately

upon receipt.

- DMS shall prepare and submit annual 1099 reporting, and assist with periodic use tax reporting to the appropriate agencies. Regarding vendor maintenance, the School is responsible for requesting W-9s from new vendors and submitting those to DMS for vendor set up in the accounting system. School is responsible for providing accurate and timely W-9's and vendor information to DMS to ensure reporting deadlines are met.

- At the School's request, DMS shall assist the School in developing and approving a fixed asset capitalization policy, clarifying what items constitute fixed assets for accounting purposes. The School shall implement and maintain an updated on-site physical inventory of fixed and non-capitalized assets based on the approved policy and shall provide appropriate reporting to DMS of such inventory in order to coordinate with Fiscal Services as described in this Scope of Services. DMS shall be responsible for maintaining the fixed asset register in the accounting system, computing depreciation and average life, and coordinating such fixed asset register with auditors during the School's annual audit.

COMPLIANCE/REPORTING:

- DMS shall assist the School as requested with submitting the Consolidated Application and Reporting System (CARS) reporting, federal Cash Management quarterly reporting, SB740 Facility Grant applications, special education maintenance of effort (MOE) reporting, Quarterly Benchmark Reporting under the Public Charter Schools Grant Program, ESSA per-pupil expenditure (PPE) reporting, new Public Charter Schools Grant Program applications for new charters within the School network following new charter approval, CALPADS data export from the School's student information system and corresponding submittal to the California Department of Education, and related state and federal program compliance and budget reporting. School shall be responsible for underlying CALPADS data entry into the School's Student Information System, LCAP creation (except for minimum proportionality percentage calculations and goal/service expenditure estimates or equivalent LCAP financially-related reporting, which DMS shall provide), SARC preparation (except for per-student expenses), and all State-mandated testing. School shall be responsible for forwarding any requests for information or submittals received from the California Department of Education (CDE), (or other agency, to which the School is required to provide a response), for which the School requests DMS's assistance in providing response for any financially-related portions, to DMS's offices immediately upon receipt.

- DMS shall act as advisor to the School regarding preparation of all Continuing Disclosure financial reporting related to outstanding bond issues of the School and shall assist the School in preparing and submitting completed reports to the Dissemination Agent or MSRB EMMA system, as requested by School.

- DMS is not responsible for preparation or submittal of federal and state income tax forms relating to the School's tax-exempt status, including but not limited to IRS Form 1023, IRS Form 990, FTB Form 3500, and FTB Form 199. These forms are generally handled by the School's attorney or independent auditor, respectively. DMS shall timely provide all financial information requested by the School, attorney, or independent auditor to timely complete these filings.

DMS and the School shall be jointly responsible for training of the School, its officials, and staff regarding the ministerial coordination required between DMS and the School. The School, its officials, staff, and parents agree to comply with and adhere to any licensing requirements of any and all software acquired and implemented by DMS on behalf of the School according to all terms and conditions of use for such software.

Attached are further details of agreed upon scope of service accountability as discussed between the school and DMS for reference only and subject to change upon collaborative agreement.

Collaborative Review with DMS and

School AP Invoice Review

MPS Team: Lesia enters all invoices, MPS Finance Team member reviews, and Cafer approves.

Review: Invoice date, coding, vendor address, ECR or not, backup. Reject: if incorrect site. Other corrections to be made after checking with Lesia without rejecting them.

DMS AP will continue to enter ECRs that Brock sends, Amazon (ACH 2 days a month), and recurring. (1 month 30 invoices)

School Expense Reports- DMS Printing

Checks **DMS AP** – prints checks and save

check copies. **SACS Reporting: Budgets**

(July, FIB, and SIB)

If NetSuite Integration with Adaptive is successful

- Budget data in NetSuite will be SACS compliant (benefit object codes updated and Goal-Function included).
- Resources to be balanced using budget data from NetSuite
- Cleanup Actuals: add missing goal-function codes, update invalid account strings, Update Special Ed coding for MSA4,6,7, and 8 to match LAUSD requirements.
- Plan to spend 3-4 hours per school to prepare dataset for import.
- Conversion to SACS format (comma-delimited text file)
- If data is compliant, free of errors, and includes all necessary information, plan to spend approximately 2 hours per site to complete SACS reports.

If NetSuite Integration with Adaptive doesn't work as planned:

- All steps to be completed as listed above under successful integration
- Add goal- function codes to budget datasets
- Update benefits codes to align with salary percentages.
- Plan to spend approximately 6 hours preparing the data for imports.

Approval of MPS 2026-27 Uniform RFP Winning Bid Selection

Section: VII. Action Items
Item: O. Approval of MPS 2026-27 Uniform RFP Winning Bid Selection
Purpose: Vote
Submitted by:
Related Material: VII.O - Uniform RFP 2026-27 Board Cover Page_FINAL.pdf

Agenda Item:	VII.O - Action Item
Date:	June 17, 2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Suat Acar, COO
RE:	Approval of the winning bid for the Uniform RFP 2026-27

Action Proposed:

Approval of Award of Contract for 2026-27 Student School Uniform Services to Uniformity & DM Graphics

Purpose:

The purpose of this item is to obtain Board approval to award a contract for student school uniform services for the 2026-27 school year. The selected vendor will provide school uniform ordering, production, inventory management, parent purchasing support, direct school deliveries, and related services for Magnolia Public Schools students and families.

Background:

On May 11, 2026, Magnolia Public Schools issued a Request for Proposal (RFP) for Student School Uniform Services for the 2026-27 school year (Exhibit 1). The RFP was publicly advertised and solicited proposals from qualified vendors capable of providing uniform production, ordering platforms, parent support services, inventory management, and delivery services to MPS campuses.
The proposal submission deadline was May 29, 2026. MPS received two responsive proposals by the deadline as stated below:

1. Uniformity & DM Graphics (Exhibit 2)
2. Cascade Trade LLC (Exhibit 3)

An Evaluation Committee consisting of Home Office staff and school site representatives reviewed the submitted proposals using the evaluation criteria established in the RFP.

Analysis:

The RFP specified that proposals would be evaluated based on best overall value to MPS rather than lowest cost alone. Evaluation criteria included pricing, product quality, ordering platform, parent experience, delivery capacity, vendor experience, value-added services, and implementation readiness.

Following review and evaluation, the proposals received the following scores (Exhibit 5):

Evaluation Category	Weight	Uniformity & DM Graphics	Cascade Trade LLC
Pricing & Total Cost	30	24	27
Product Quality, Durability & Samples	20	16	16
Ordering Platform, Parent Experience & Billing	15	15	12
Delivery Capacity & July 31 Deadline	15	12	13
Vendor Experience & References	10	10	8
Value-Added Services	5	5	5
Contract Terms, Responsiveness & Implementation	5	5	4
Total Score	**100**	**87**	**85**

Although Cascade Trade LLC submitted a competitive proposal with lower pricing in several categories, Uniformity & DM Graphics received the highest overall evaluation score.

Uniformity & DM Graphics currently serves as MPS's uniform provider and has established ordering systems, inventory management processes, delivery logistics, branding specifications, customer service infrastructure, and parent familiarity with MPS uniform requirements. The Evaluation Committee determined that retaining the incumbent vendor significantly reduces implementation risk, eliminates transition costs, and provides operational continuity for students, families, and school staff.

Additionally, Uniformity & DM Graphics demonstrated strong customer service capabilities, a physical retail location serving MPS families, established inventory levels, value-added student workforce opportunities, and extensive experience supporting MPS campuses.

Based on the evaluation results and overall value to MPS, the Evaluation Committee recommends awarding the contract to Uniformity & DM Graphics.

Impact:

Approval of this contract will ensure continued availability of student uniforms, maintain uninterrupted service for MPS families, support annual MPS-funded uniform distribution, and provide a consistent ordering and delivery process across all MPS campuses for the 2026-27 school year.

Budget Implications:

Uniform purchases are included within each school's approved operating budget and student uniform allocations. Staff anticipate that the expenditures of each site under this contract will be funded through existing budgeted resources. Actual expenditures will vary based on student enrollment and annual uniform distribution requirements. (See exhibit 4)

I. RFP Submission and Award 2

II. Vendor Requirements 2

III. MPS Requirements 3

IV. Requested Price List Format 3

V.-VI Evaluation Procedures & Timeline and Vendor Checklist 4

I. RFP Submission and Award

1. **Proposals will be accepted until 5:00pm on 5/29/2026.** Proposals shall be submitted as follows:
    a. Electronic copy emailed to: Suat Acar.
    b. Hard copy in a sealed envelope marked "***MPS School Uniform Service Proposal 2026-27***"
2. Magnolia Public Schools reserves the right to reject any or all proposals
3. MPS reserves the right to award this RFP to one vendor, multiple vendors, or no vendor, in whole or in part, based on the best interests of MPS.
4. The chosen vendor(s) will be the one(s) whose experience, financial capabilities and resources demonstrate their ability to perform the services required.
5. Proposals shall include the following information:
    a. Brief overview of the company/company profile
    b. Product Details (include type of material used, product reviews, etc.)
    c. Pricing (per item, size, color etc.)
    d. Process Detail (include all aspects from ordering to delivery). Please make sure to detail all delivery operations, including possible fees and/or charges, for each MPS site or to the parents.
    e. Value Added Details , if any including but not limited to store credit to MPS, volume discounts/rebates etc.
    f. Three (3) Current references
6. If additional information is required, please contact: **Suat Acar**, **Chief Operations Officer, Magnolia Public Schools** in writing at: sacar@magnoliapublicschools.org or by phone at 520-285-6488

II. Vendor Requirements

1. The vendor(s) shall propose a price per item based on the quantity needed.
2. The vendor(s) shall maintain an adequate inventory of polo-style shirts, hoodie sweaters, P.E. T-Shirt, P.E. shorts, with colors to be approved by Magnolia Public Schools including but not limited to navy blue, gray and black .
3. Each item for Magnolia Public Schools will have an embroidered or printed school logo. All MPS logos, school logos, artwork, and branding remain the property of Magnolia Public Schools. Vendors may not use, reproduce, alter, or display MPS branding except for the purpose of fulfilling approved MPS uniform orders.
4. Vendor(s) shall provide an order form to include a "package" of several items for easy ordering.
5. Sample sizes will be made available for each age group and item.
6. Orders must be fulfilled within two (2) weeks of the vendor's receipt of the order form.
7. MPS will provide one set of free uniforms to each student annually and will pay the vendor directly for these sets. For purposes of this RFP, one annual MPS-funded uniform set shall include the following items: [insert items, e.g., two polo shirts, one PE shirt, one PE short, one hoodie, etc.]. Vendors must provide itemized pricing for the full set and for each individual item." Any additional order will be placed by the parents directly with the vendor and will be paid by the parents. The vendor(s) shall work with MPS to create a smooth procedure for purchasing and billing. Please explain if you have any existing systems for efficient purchasing and billing.
8. Vendor(s) will fulfill orders via shipping, delivery, or providing a location for pick-up, directly to the parent. Storefront location is desirable. Online ordering is preferred
9. Returns or damaged items will be resolved between the vendor(s) and the parent/guardian.
10. Magnolia Public Schools may also order directly from the vendor(s) if needed.

11. The selected vendor must provide all required business, tax, insurance, and compliance documentation prior to contract execution, including a W-9, certificate of insurance, and any other documentation requested by MPS.
12. Vendors must describe their customer service process, including hours of availability, response time, exchange/return procedures, refund procedures, damaged-item replacement process, language access support, and escalation process for unresolved parent concerns.

13. Delivery Requirements

- All uniform orders placed under this RFP shall be delivered directly to each individual school site as specified in the list of school addresses included in this RFP.
- The Vendor is responsible for ensuring that all bulk orders are received at each designated school site no later than **5:00 PM on July 31, 2026**.
- Deliveries must:
    - Be completed in full (no partial shipments unless pre-approved in writing by the District).
    - Be clearly labeled by school site and order reference.
    - Be coordinated to ensure receipt by appropriate school personnel during normal business hours.
- Failure to meet delivery deadlines may be considered in vendor performance evaluation and may constitute grounds for cancellation, non-renewal, or future disqualification.
- Late proposals may be rejected at MPS's sole discretion. MPS is not responsible for delayed delivery, failed email transmission, or other submission issues.
- The Vendor assumes full responsibility for logistics, transportation, and timely delivery to all listed locations.

III. MPS Requirements

1. MPS will provide the vendor(s) with the number of students per each MPS Site.
2. MPS will notify the vendor(s) of parent information sessions of sites and registration dates **two weeks in advance** of the event.
3. Following is the list of all MPS Sites and their addresses:
    a. MSA 1: 18238 Sherman Way, Reseda, CA 91335
    b. MSA 2: 17125 Victory Blvd, Van Nuys, CA 91406
    c. MSA 3: 1254 E Helmick St., Carson, CA 90746
    d. MSA 4: 11330 Graham Pl., Los Angeles, CA 90064
    e. MSA 5: 18238 Sherman Way, Reseda, CA 91335
    f. MSA 6: 1512 Arlington Ave., Los Angeles, CA 90019
    g. MSA 7: 18355 Roscoe Blvd., Northridge, CA 91325
    h. MSA 8: 6411 Orchard Ave., Bell, CA 90201
    i. MSA Santa Ana: 2840 W 1st St., Santa Ana, CA 92703
    j. MSA San Diego: 6525 Estrella Ave., San Diego, CA 92120
    k. MSA Orange County Anaheim Site: 412 W Carl Karcher Way, Anaheim, CA 92801
    l. MSA Orange County Irvine Site: TBD, site currently not in operation within the 2025-26 school year.
4. MPS Enrollment Count for 2025-26 & Individual Sites' Uniform Preferences

Powered by BoardOnTrack

MPS anticipates serving approximately 4,100 students across its campuses during the 2026-27 school year. Final enrollment counts by school site will be provided to the selected vendor(s) for planning, sizing, ordering, delivery, and inventory purposes

IV. Requested Price List Format

The school requests that a table similar to the following be provided as part of the response to this RFP for price comparisons. The responding vendor can come up with its own format as it sees appropriate to communicate the price, color etc. of the items.

Item	Youth XS-XL	Adult S-XL	Adult 2XL+	Logo Method	Setup Fee	Minimum Order	Delivery Fee	Estimated Turnaround
Polo shirt, short sleeve with school logo								
Polo shirt, long sleeve with school logo								
PE T-shirt								
PE shorts								
PE sweatpants								
Hoodie								
Zip-up sweater								
Windbreaker/jacket								

V.Evaluation Procedures and Timeline

The Chief Operations Officer will assemble an Evaluation Committee consisting of Home Office staff and school site representatives, including principals or designees. The Evaluation Committee will review all timely proposals and may request clarifications, samples, interviews, demonstrations, or best-and-final pricing from proposers.

Powered by BoardOnTrack

Proposals will be evaluated based on best overall value to MPS. MPS is not required to select the lowest-priced proposal. Evaluation criteria may include pricing, product quality, delivery capacity, ordering and billing systems, parent experience, vendor references, service responsiveness, value-added benefits, and overall alignment with MPS operational needs.

The Evaluation Committee's recommendation will be presented to the MPS Board of Directors for consideration at the June 11, 2026 Regular Board Meeting. The MPS Board of Directors will make the final award decision.

Evaluation Criteria

Proposals will be evaluated based on the criteria below. MPS is not required to select the lowest-priced proposal. The award will be made to the vendor or vendors whose proposal provides the best overall value to MPS, considering price, quality, service, delivery capacity, parent experience, and operational fit.

Category	Weight
Pricing and total cost	30%
Product quality, durability, and sample review	20%
Ordering platform, parent experience, and billing process	15%
Delivery capacity and ability to meet July 31 deadline	15%
Vendor experience and references	10%
Value-added services, rebates, discounts, or credits	5%
Contract terms, responsiveness, and implementation plan	5%
Total	**100%**

UNIFORMITY

PROPOSAL FOR STUDENT SCHOOL UNIFORM SERVICES

2026-27 Academic Year

Prepared for:
Magnolia Public Schools

Prepared by:
Uniformity & DM Graphics

I. Company Profile and Years in Business

Company Overview & History

Since 1993, Uniformity has served as a premier, uniform provider deeply rooted in the Southern California community, combining localized care with large-scale logistical capability. Our decades of dedication to the students and families of Southern California have earned us the distinct honor of being recognized as an official "LA Legacy Business" by the City of Los Angeles. We view our business not just as an apparel provider, but as a dedicated community partner invested in outfitting the next generation of leaders.

A Story of Transformation

When Uniformity and DM Graphics transitioned to new ownership in late 2021, our primary mission was to elevate the customer experience. Recognizing the business's previous 2 to 3-star Google rating as a vital opportunity for growth, we invested heavily in rigorous operational restructuring and a renewed commitment to quality. Today, nearly five years later, that ongoing transformation is directly reflected in our current 4.9-star rating.

Certifications & Listings

To ensure a fully compliant and seamless partnership with Magnolia Public Schools, we maintain the following active certifications and vendor registrations:

Diversity & Small Business Certifications:

- Small Business (micro) through DGS
- APBE (Asian Pacific Business Enterprise)
- SDB (Small Disadvantaged Business)

Local & Procurement Registrations:

- Official LA Legacy Business
- Registered with RampLA
- Metro Vendor 21308086
- LAUSD Vendor 146204

Meet Our Staff

Our operations are backed by specialized, in-house technical divisions to ensure a seamless client experience:

Executive Leadership & Client Relations

- **David Morgan (CEO):** Holds an M.A. in Sociology and brings a dynamic entrepreneurial mindset to the company, backed by years of proven experience leading impactful community projects, development consultancy, and community outreach initiatives.
- **Asuntha Morgan (Retail Manager):** Holds a Diploma in Intercultural Relations. She brings extensive expertise in customer service and community development.

Financial & Compliance Oversite

- **Andrea Morgan (CFO & Payroll Specialist):** Holds a BSHA and serves as a Notary Public and Livescan Fingerprint operator, serviced by the company Accuprint Biometrics & Notary (a division of Uniformity & DM Graphics).

Operations, Logistics & Inclusive Production

- **Shalitha Wedage (Operations & Account Manager):** Holds an MBA, ensuring smooth logistical operations. Specialized in workflow automation and agentic ai implementation under the company SmartFlow Dynamics (a division of Uniformity & DM Graphics).
- **Aaron Morgan (Production):** Operates as our deaf professional heading up production workflows. Aaron ensures our manufacturing, fulfillment, and customer touchpoints maintain an authentic, inclusive, and deaf-friendly environment.

Infrastructure, IT & Communications

- **Vanessa Morgan:** Holds a BACJ and specializes in multi-channel communications, social media management, internal training frameworks, website management.
- **Dello Morgan:** Technology specialist overseeing comprehensive IT support, platform infrastructure, network cybersecurity, and end-to-end website management for our secure, parent-facing ordering portal.

Core Values & Campus Security

Our foundational values are simple but unwavering: **Quality, Affordability, and Efficiency**. Furthermore, we deeply understand that standardized uniforms are a vital component of **school security**. By providing consistent and highly visible apparel, we help MPS staff instantly identify who belongs on campus, fostering a safer environment.

The "Why Us" Factor: The Uniformity Advantage

What sets Uniformity apart is our rare combination of large-scale logistical capability and small-business personalized care:

- **Turnkey Familiarity:** Because we already proudly serve MPS organization and students, there is zero learning curve. We already know your community, your colors, and your MSA branding requirements.
- **Unmatched Inclusivity & Modest Clothing Options:** We go beyond standard customer service. We offer extended operating hours (11:00 AM to 7:00 PM daily), assisted translation devices and select bilingual Spanish-speaking staff members, and a dedicated deaf-friendly environment. Furthermore, we provide modest clothing options, to describe the long-sleeve polos and tshirts. This can include for religious purposes.
- **Comprehensive Uniform Capabilities:** Our retail store is fully equipped to offer Dickies pants, shorts, belts, accessories and other uniform needs aligning with MPS Dress Code limiting the amount of trips parents have to take to purchase their child's uniforms.
- **Comprehensive Capabilities & Immediate Availability:** We provide on-site uniform sales, we provide a dedicated online ordering platform and supply promotional items for school marketing purposes, branding, and staff gifts. Crucially, we already maintain a large, comprehensive inventory of every MSA uniform item directly in our retail store, ensuring immediate availability for your families from day one.

II. Ordering Platform, Parent Experience, and Billing

1. Comprehensive Ordering Options

We understand that convenience and accessibility are top priorities for Magnolia Public Schools' families. To ensure a seamless experience, we offer a robust, dual-channel purchasing model:

- **Online Platform:** Parents can browse and purchase all approved MPS uniform items directly through our dedicated online portal at www.uniformitywear.net. Each MSA school has a dedicated webpage allowing parents to pick approved school polo colors. The

website is optimized for easy navigation, allowing parents to quickly select individual items or complete "packages" as requested.

- **Physical Storefront:** We maintain a fully staffed physical storefront located in North Hills. This provides families the valuable opportunity to bring their students in to try on samples for accurate sizing and to purchase uniforms in person.
- **Summer (Seasonal) Back to school onsite sales:** Administrators can request a calendar date in order to have uniformity staff bring products onsite to provide more purchase convenience to the MPS Community.

2. Customer Service & Accessibility

To ensure all MPS families receive exceptional support, our customer service process is designed to be highly inclusive and accessible:

- **Extended Hours:** Our North Hills storefront and return center is open every day from 11:00 AM to 7:00 PM providing families with ample after-school and weekend availability to resolve any issues. Please note that we are closed during major federal holidays, and notice of holiday closures can be found on our Google page or our website under holiday and store hours.
- **Language & Inclusive Support:** We are proud to offer a welcoming environment for the diverse MPS community. To ensure comprehensive and seamless language support for the diverse MPS community, we utilize professional assistive technology in conjunction with our dedicated, select Spanish-speaking staff. Furthermore, we provide a deaf-friendly environment with dedicated staff equipped to assist the deaf and hard-of-hearing community.
- **Parent Concerns:** Our dedicated team addresses all parent inquiries with immediate priority. Should a concern require further attention, we employ a systematic escalation protocol: matters are first directed to customer service, and subsequently to executive leadership, Asuntha Morgan (Retail Manager) or Shalitha Wedage (Operations Manager) within a 24-hour window to ensure absolute satisfaction. Families may contact our storefront at (818) 771-9045 during standard hours, via email at info@uniformitywear.net, or through our website's integrated chat feature, all of which adhere to this same resolution process.

3. Retail Fulfillment and Delivery Logistics

When parents place orders through our online platform, they are given total control over their preferred fulfillment method:

- **Fulfillment Channels:** Parents ordering online can select In-Store Pick-up, Direct-to-Home Shipping (at standard carrier costs), or Free Direct School Site Delivery for pre-orders taken during on-site school sales (available only during the summer period)
- **Ongoing Parent Orders Fulfillment Lead Time:** Standard replenishment on individual parent orders will be completely fulfilled within two (2) weeks of order receipt, strictly adhering to MPS requirements.
- **Parent-Funded Orders:** Exchanges within 7 days only. No Refunds. Shipping and Return Policy listed on website.

4. Streamlined Billing & MPS Direct Purchasing

We have designed a highly efficient purchasing and billing procedure to manage both parent-funded and MPS-funded transactions:

- **Annual Free Uniform Set (MPS-Funded):** For the one set of free uniforms MPS provides to each student annually, we will generate direct, itemized invoices to MPS.
- **Additional Purchases (Parent-Funded):** Any additional items ordered beyond the annual MPS-funded set will be paid for directly by the parents, either via our secure online payment gateway, at our physical point-of-sale in the North Hills store, or we also provide select on-site school sales for parents.

III. Requested Price List Format & Delivery Fees

Product Specifications

- **Brand & Fabric:** Our inventory primarily utilizes Hanes products, though we maintain flexibility contingent upon market supply. Standard items feature a durable 50/50 cotton-polyester blend, with the exception of T-shirts, which are a 90/10 cotton-polyester blend.
- **Decoration Method:** Windbreakers, letterman jackets, and cardigans will be embroidered. All other standard items will be screen printed.
- **Setup Costs:** No setup cost.

- **Minimum Order Quantities:** Minimum order quantities will reflect the exact fulfillment numbers from last year.

To access additional details, families are encouraged to visit our secure online portal at www.uniformitywear.net.
Samples are available upon request.

1. Annual MPS-Funded Uniform Bulk Pricing

The following table reflects the bulk order pricing specifically for the items Magnolia Public Schools will purchase directly to provide one annual uniform set to each student.

GARMENT	AVAILABLE COLORS	BULK UNIT PRICE (ALL SIZES)	LOGO METHOD	SETUP FEE	MIN ORDER	DELIVERY FEE
Polo	Royal, Red, Maroon, Navy, Grey, White, Black	$10.45	Screen printed	$0	Based on 2025 Bulk Order Historical Volume	See information regarding Bulk Order Delivery under Bulk Delivery Terms & Fees by Campus
PE T-Shirts	Grey	$6.25	Screen printed	$0	Based on 2025 Bulk Order Historical Volume	
Crew Neck Sweatshirt	Navy, Black	$14.20	Screen printed	$0	Based on 2025 Bulk Order Historical Volume	
Hooded Sweatshirt	Navy, Black	$19.40	Screen printed	$0	Based on 2025 Bulk Order Historical Volume	
Zipper Sweatshirt	Navy, Black	$21.20	Screen printed	$0	Based on 2025 Bulk Order Historical Volume	

** Note: While 2XL and plus sizes typically incur additional manufacturing costs, we offer a consistent flat-rate pricing model to ensure maximum convenience for your budget.*

** Note: All pricing shown in the table above excludes sales tax.*

** All items are subject to substitution based on similar products.*

2. In-Stock Parent Funded Uniforms (Retail, E-Commerce, Onsite School Sales) *Samples Available upon request*

GARMENT	AVAILABLE COLORS	DESCRIPTION	LOGO DECORATION METHOD	SET UP FEE	MIN. ORDER	DELIVERY FEE

Letterman	Black and Grey	65 cotton, 35 poly	Embroidered	$0	N/A	
Cardigan	Black, Grey	100% Acrylic	Embroidered	$0	N/A	

3. Bulk Delivery Terms & Fees by Campus (MPS-Funded Bulk Orders Only)

We maintain localized delivery routes optimized for the Magnolia Science Academy network. **All bulk orders can be delivered or produced prior to the agreed-upon delivery date with MPS.** Please note that the following fee structure applies **exclusively** to the bulk deliveries of the annual MPS-funded uniform sets to individual school sites:

Order Submission and Production Timeline: To guarantee delivery before July 31st, a comprehensive bulk order from each school site must be submitted, allowing for a production lead time of at least 30 business days. All PO'S have to reach Uniformity on or before June 19th.

Summer Fulfillment Policy: As the bulk order is being processed during the high volume-back to school period, supply levels may vary. We will initiate partial deliveries for in-stock apparel, while backordered items will be dispatched immediately following replenishment. Uniformity will maintain transparent communication with MPS leadership to secure formal authorization for partial or delayed shipments, ensuring all logistical actions remain in total alignment with district protocols.

FREE Bulk Order Delivery for the following schools: MSA 1, MSA 2, MSA 5, and MSA 7

Total shipping costs are guaranteed to be within $100-$500 for each individual school location: MSA 3, MSA 4, MSA 6, MSA 8, MSA 9, MSA San Diego, MSA OC, MSA PYL, and MSA Irvine. Uniformity & DM Graphics will provide final direct freight quotes for bulk delivery to these sites based on final enrollment, order counts, and weight. Note, last year total shipping costs was approximately about $1,200 total for all schools serviced by us (outside of the valley).

Bulk Order Returns and Exchanges: Any returns, damaged items, or sizing exchanges will be resolved directly between our dedicated staff and the parents/guardians during our extensive operating hours, completely removing this administrative burden from MPS school staff.

IV. Value-Added Services

Bulk Order

As done in the past, If a school does not have enough of certain items for distribution due to last minute sizing changes from the bulk order, as long as stocks last we will try our best to work with administration to assist with an exchange in order to fulfill the students and MPS needs.

At-Risk and Financial Hardship Student Uniforms

When funds for additional uniform items are not available for select families, Uniformity works directly with the school to ensure their needs are met.

The Youth Worker Program

At Uniformity, our commitment to Magnolia Public Schools extends far beyond providing high-quality apparel; we believe in actively investing in the futures of the students we outfit. To bridge the gap between classroom education and the job market, we are proud to offer the **Youth Worker Program**, an empowering initiative developed in collaboration with the city that we propose extending to MSA campuses.

This program provides selected youth workers (ages 14 to 24) with invaluable, hands-on experience in a real-world business setting. Eligible students can participate in paid internships for up to 120 hours. Because this is a city-backed initiative, the city provides hourly compensation for **eligible participating youth workers**, meaning this incredible opportunity comes at absolutely no financial cost to the students or Magnolia Public Schools.

Through this program, selected MSA students will be warmly welcomed into our daily operations. They will take on meaningful tasks related to bulk order fulfillment, summer sales, retail store operations, and production. This hands-on approach will equip them with highly transferable skills in:

- Customer Service and Professional Communication
- Inventory Management and Logistics
- Social Media and Marketing Strategy
- Daily Business Workflows and Operations
- Production/ order processing

Additional Services for MSA Schools

As a comprehensive community partner, Uniformity & DM Graphics also offers the following extended services to our partner schools:

- **Notary & Live Scan Services:** Available for staff/ HR purposes - Volunteer or employment needs.
- **Fundraising Projects:** Collaborative initiatives designed to help school communities raise necessary funds. These projects are in process of creating a dedicated affiliate page with school merch, and spirit wear. A percentage of the funds goes to the school.
- **Promotional Items & Campus Branding:** We supply customized promo items to enhance brand visibility, including products like gift packages, banners, tablecloths, custom mugs, custom tumblers, keychains, notebooks, spirit wear, and more!
- **Sportswear:** We provide sportswear items on our sister site www.dmgraphics.com, where a percentage of the proceedings can go to the school through the fundraising project.

VI. Bid Implementation & Contract Award Phases

To ensure absolute operational clarity, Uniformity utilizes a structured, time-tested implementation pipeline. All tracking, manufacturing, and financial verification processes detailed below have been proven highly effective and efficient in past consecutive years.

- **Step 1: Order Routing & Estimating:** Individual schools send their uniform needs to the central MPS Finance Office. Finance processes the requests onto an official order form and sends it to Uniformity. Uniformity then generates an estimate for finance approval.
- **Step 2: Prior to June 19th PO Confirmation & Billing:** The receipt of all MPS School Sites Purchase Orders serves as official confirmation of the order. We immediately convert the estimate into an invoice with the assigned PO number.
- **Step 3: Mobilization Deposit Request:** To secure inventory and prioritize production lines, Uniformity would like to request a 50% mobilization payment upon PO issuance, which has been our successful standard practice in past years.
- **Step 4: All-Site Production Safeguard:** To guarantee strict cost tracking and printing consistency across the network, no bulk manufacturing begins until every individual MSA school site PO has been fully processed and approved by the finance office.
- **Step 5: Processing, Sorting & Delivery:** Once all POs are processed, we purchase foundational stock, begin servicing the uniforms, and package each uniform into a box that is later sorted and clearly labeled by campus site based on PO.
- **Step 6 (Delivery Plan):** Uniformity staff touches base with each MSA School Site to

determine a delivery date for the uniforms once orders are ready to be shipped.

Ongoing Retail & On-Site Sales: Throughout the year, we maintain active retail stock for parent purchases online and at our North Hills retail store. Upon bid award, we will coordinate directly with select campus administrators to schedule organized, on-site parent sales events during peak registration windows aside from the bulk order process.

MPS Direct Billing Process: Uniformity requests the 50% mobilization credit upon receiving the POs. The remaining balance is Due upon Receipt of delivery. The payment method includes either Check or ACH. ACH Information upon request.

V. Professional References

We are proud to partner with exceptional organizations and institutions. We invite you to contact the following references to speak about our quality, reliability, and service:

- **Mount Saint Mary's University** - Genessis Holliday (310) 954-4340

Ordering in Bulk

Orders will be placed by MPS with our Excel order form via email and will immediately be processed. All uniforms will be packed by Item type and will be shipped to each campus individually.

Billing

When an order is placed, it will be invoiced immediately and a %20 deposit will be due at receipt. The remaining 80% balance will be due within 1 week upon delivery.

Delivery to Campuses

Orders will be delivered within 2 weeks after order placement to each campus either by Truck or Carrier (FedEx or UPS).

Return/Exchange, and Damaged item Policy

All items will be pre-checked before packing to ensure everything goes smoothly. In case of a damaged item found out by the campus during delivery to the parents, will replace them free of charge.

Sample Package

You'll find our sample package along with this proposal

Ordering Online at `www.magnoliaschoolstore.com`

We'll have a school store website specifically designed for Magnolia Science Academy Uniforms. It will be active and ready for 2026-2027 purchases.

The Magnolia School Store is a **user-friendly website** that the parents could easily select items, see the size charts and size/color options in addition to detailed information about each item.

Here is how we are going to operate;

All the colors and items will be listed on the website with Magnolia Science Academy Logo.

The parents/students could easily select the items, colors and adjust the requested quantity.

Shipping packages to the school will have no charges. The parents will have **the free school pick up** option; the items will be packed with Student and Parent Names and contact information. Besides, we will provide a list of the students' names inside the boxes so that it will be easier to locate an order inside a box.

If they would like their order to be shipped to their residence addresses, they will have it as the second option as `Standard Shipping`. The standard shipping option will enable them to get the purchased items directly to their residence addresses and a shipping charge will be applied. We will adjust the shipping charge to the minimum rate such as flat rates so that we will make sure the shipping

CASCADE TRADE LLC
22541 **ASPAN** ST STE D LAKE FOREST, CA 92630

cost is always reasonable. They are going to see two options as they are checking out as '**Free School Pick Up'** and **'Standard Shipping'**. They will see how much the shipping charge would look before proceeding and decide accordingly.

All uniform orders during the back-to-school period will be coming with screen printed logo. The cut-off times will be advertised on the website. During the year if there are single orders to be expedited, they will be processed with a screen-printed Magnolia Science Academy logo.

School Benefits

We offer some great school benefits as below:

- **Free Staff Polo Shirts**: Free staff polo shirts will be provided for the school staff up to 350 shirts. The sizes and quantities will be requested by a form, and all the Staff Shirts will be processed and delivered to the school for free.
- **School Rebate:** All online uniform orders and Promotional Item Orders of the school will be considered for Rebate. (Except for the Annual bulk order)
- The school will get **5% rebate** on all orders up to $50,000
- **7% rebate** from orders making up $50,000 up to $100,000
- **10% rebate** from orders making up $100,000 and up
    - **For Instance,**
    - **If the school orders make up 40 000, the school will get a Rebate Check of $2000. 40,000 * 5% = $2000**
    - **If the school orders make up 70 000, the school will get a Rebate Check of $3900. 50,000 * 5% + 20,000 * 7% = $3900**
    - **If the school orders make up 120 000, the school will get a Rebate Check of $8000. 50,000 * 5% + 50,000 * 7% + 20,000 * 10% = $8000**

2026-27 School Uniform RFP Evaluation Committee Report

This report summarizes the Evaluation Committee's evaluation of the two proposals received for the 2026-27 School Uniform Services RFP. Scores reflect the committee's assessment of each proposal based on the evaluation criteria published in the RFP, together with operational considerations, implementation readiness, and overall value to MPS.

Category	Weight	Uniformity	Cascade Trade
Pricing & Total Cost	30	24	27
Product Quality, Durability & Samples	20	16	16
Ordering Platform, Parent Experience & Billing	15	15	12
Delivery Capacity & July 31 Deadline	15	12	13
Vendor Experience & References	10	10	8
Value-Added Services	5	5	5
Contract Terms, Responsiveness & Implementation	5	5	4
TOTAL SCORE	**100**	**87**	**85**

Detailed Evaluation – Uniformity & DM Graphics (87/100)

Pricing & Total Cost (24/30)
Competitive bulk pricing, no setup fees, and flat-rate sizing. Some delivery fees remain variable and retail pricing was not fully detailed.

Product Quality & Samples (16/20)
Provides material specifications and sample availability. Uses recognized apparel brands and multiple decoration methods.

Ordering Platform & Parent Experience (15/15)
Established online ordering system, storefront location, onsite sales capability, and existing familiarity among MPS families.

Delivery Capacity (12/15)
Strong inventory position and prior MPS experience; however, proposal language allows possible partial shipments and backorders.

Vendor Experience (10/10)
Serving schools since 1993, current MPS vendor, extensive school references and public-sector experience.

Value-Added Services (5/5)
Youth internship program, fundraising support, hardship assistance, promotional products, and community partnerships.

Contract Terms & Implementation (5/5)
Existing infrastructure already supports MPS. No transition period required and systems are already

operational.

Detailed Evaluation – Cascade Trade LLC (85/100)

Pricing & Total Cost (27/30)
Very competitive pricing across key uniform items and clear cost structure.

Product Quality & Samples (16/20)
Adequate product specifications and sample package included.

Ordering Platform & Parent Experience (12/15)
Online store proposed with school pickup and home shipping options. Less detail regarding customer service, language support, and escalation procedures.

Delivery Capacity (13/15)
Promises delivery within two weeks after order placement. Proposal does not specifically address July 31 deadline requirements in detail.

Vendor Experience (8/10)
Seven years of school uniform experience and prior MPS service history, but less extensive than the incumbent vendor.

Value-Added Services (5/5)
Strong rebate program and up to 350 free staff polo shirts.

Contract Terms & Implementation (4/5)
Would require implementation of a new platform, parent communication plan, and transition of operations to a new vendor.

Committee Recommendation

Although Cascade Trade LLC submitted a competitive proposal with strong pricing and rebate incentives, Uniformity & DM Graphics received the highest overall score. The committee determined that Uniformity's established relationship with MPS, existing ordering infrastructure, parent familiarity, inventory management, operational readiness, and reduced implementation risk provide the best overall value to Magnolia Public Schools. Recommended Ranking:
1. Uniformity & DM Graphics – 87/100
2. Cascade Trade LLC – 85/100

Coversheet

Approval of Construction and Contractor Change Orders for MSA-5

Section: VII. Action Items
Item: P. Approval of Construction and Contractor Change Orders for MSA-5
Purpose: Vote
Submitted by:
Related Material:
VII.P. - Approval of Construction and Contractor Change Orders for MSA-5 (final).pdf

Agenda Item:	VII.P - Action Item
Date:	June 17, 2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Patrick Ontiveros, General Counsel & Director of Facilities Mustafa Sahin, Project Manager Katrina Jimenez, Assistant Project Manager
RE:	Approval of Construction and Contractor Change Orders for the Magnolia Science Academy-5 (7111 Winnetka) Project

Action Proposed:

Staff recommends and moves that the Board approve the proposed construction change orders submitted by the prime contractors, Del Amo Construction, Pro-Craft Construction and Silver Creek Modular for the Magnolia Science Academy-5 project located at 7111 Winnetka Ave (the "**Project**"), in a total net amount not to exceed Two Hundred Fourteen Thousand Seven Hundred Seven and 83/100 Dollars (**$214,707.83**).

Purpose:

This item is presented to obtain Board approval of construction change orders associated with the Project.

The proposed change orders address unforeseen site conditions, utility coordination requirements, scope refinements, and construction modifications identified during project execution. Approval of these changes will support continued project progress and help ensure the facility is completed and ready for occupancy as scheduled.

Background:

Construction of the Magnolia Science Academy-5 Project is ongoing and progressing toward completion. As work has advanced, several conditions requiring additional coordination, design modifications, utility adjustments, and field modifications have been identified by Del Amo Construction ("**DAC**"), Pro-Craft Construction ("**PCC**"), and Silver Creek Modular ("**SCM**").

Del Amo Construction ("DAC")		
Change Order #	**Description**	**Amount**
#13. Modular Panel Runs	Modular panel runs outside of DAC scope	$65,162.15
#15. Feeder Conductors	Install feeder connectors	$24,792.09
#18. Tree Pruning	Prune trees that overlap solar array at west side of side	$2,674.12
#19. Turf in lieu of DG (*Owner requested*)	Replacement of DG on playfield track with Synthetic Turf	$7,214.52
#20. Trash Enclosure Gate (*Owner requested*)	Addition of gate to trash enclosure at 3 foot gap (side)	$7,214.52
#21. Temp Power Reconnect	Reconnect Temp Power to GSE trailer after Temp Power Pole relocation	$296.14
#24. Lift Station Control Panel Relocation	Relocate lift station control panels at north and south ends	$28,363.55
#25. North Building RFIs (Part 2)	Water line extension to trash enclosure	$8,677.63
	GROSS ADDED SCOPE - "DAC":	**$144,394.72**
#23. AV Credit	Credit for Displays, Mounts, and Slot in PCs	($95,471.00)
#22. Additional AV Credit	Credit for Soundbar and AV Control	($56,365.82)
	SUBTOTAL "DAC":	**($7,442.10)**

Pro-Craft Construction ("PCC")		
Change Order	**Description**	**Amount**
#27. Courtyard Over Ex and Fine Grade	Perform over excavation in courtyard per submitted CCDA and fine grade north end of site	$56,351.37
#26. Trash Enclosure Repairs	Addition of angle plate to trash enclosure gate to mitigate pulling (gate sag)	$3,341.98
#25. Mechanical Pad Modifications	Extend mechanical pad to avoid possible traffic contact with backflow preventer	$3,109.00
#24. Water Line Extension to Relocated Meters	Extend water and fire lines to relocated LADWP fire and water meters	$122,654.68
#2. Redesign of Solar Drawings	Update solar drawings to incorporate previous shift of trash enclosure	$6,336.96
	SUBTOTAL "PCC":	**$191,793.99**
Silver Creek Modular ("SCM")		
Change Order	**Description**	**Amount**
#9. Additional Over Excavation at Stair Footings	Additional excavation required due to field conditions.	$11,945.33
	SUBTOTAL "SCM":	**$11,945.33**
TOTAL REQUESTED APPROVAL (NET INCREASE)):		**$196,297.19**

Analysis and Impact

The proposed change orders represent work that was either not fully known at the time of bidding or became necessary as existing site conditions, utility requirements, agency coordination, and constructability considerations were further evaluated during construction.

These requests have been reviewed by the Project's construction manager, Gateway Science and Engineering ("GSE"), and are being presented for Board approval to maintain project continuity and schedule progress.

Budget Implications:

The contingency balance immediately prior to this approval is **($316,365.12)**. After this approval, the contingency balance will be **($120,067.93)**. More unforeseen conditions may lead to additional change orders. At this time, MPS Staff believes that remaining project costs will be covered by a combination of available contingency funds, the CSFP award, and the recent 2026 bond financing.

Re: Magnolia Science Academy 5 Project – Increment #2, Del Amo Construction
Prime Contract Change Order 013, Safeway Modular Panel Runs

Dear Mr. Ontiveros,

Our team is in receipt of Del Amo's proposed Change Order regarding their subcontractor Safeway's work as it relates to Modular Panel Runs. We have reviewed and analyzed the Change Order for conformance to Contract Documents and reasonableness of labor time and material costs.

Background
DLR-provided electrical plans, sheet E5.1B, note 4 states as follows:

ALL FEEDERS FROM CONNECTIONS TO CIRCUIT BREAKERS IN DISTRIBUTION BOARDS TO PANELS, ELEVATOR AND OTHER UTILIZATION EQUIPMENT, AND ALL BRANCH CIRCUITS THERE FROM SHALL BE PROVIDED BY MODULAR BUILDING ELECTRICAL CONTRACTOR UNLESS SPECIFICALLY STATED ELSEWHERE ON THESE PLANS

A prebid RFI was submitted by Del Amo Construction requesting confirmation of this statement and an RFI response was issued by the design team affirming this statement.

Silver Creek, despite being present in the prebid RFI meetings, maintains that this was not apart of their work and further states that it was clearly communicated to design team, CM team, and MPS despite raising no objections to this prebid RFI response.

As Silver Creek did not have sufficient manpower to complete this task it was delegated to Del Amo subcontractor Safeway Electric.

Scope of Work
Install (10) conduit runs for modular building electrical panels per drawing E5.1B.

Analysis and Cost
The proposed cost of this Change Order is: **$65,162.15**

We have reviewed Del Amo's proposed Change Order and find it fair and reasonable.

Based upon the information above and attached, we recommend approving this Change Order as submitted.

Best regards,

Gateway Science and Engineering, Inc.

The following calculations are based on the "Point-by Point" method where:

$Isc = Isc \times M$

$f(3\phi) = \frac{1.732 \times L \times I}{C \times n \times E}$ XFMR(3ø): $IP(sca) = \frac{IP(sca) \times Vp \times 1.732 \times \%Z}{100{,}000 \times kVA}$ $IS(sca) = \frac{Vp \times M \times IS(sca)}{Vs}$

$M = \frac{1}{(1+f)}$

$f(1\phi) = \frac{2 \times L \times I}{C \times n \times E}$ XFMR(1ø): $IP(sca) = \frac{IP(sca) \times Vp \times \%Z}{100{,}000 \times kVA}$

Fault Point	Panel or Transformer	Source (F.P.)	Source I(Amps)	Conduit Type	Wire / Size		Wire/Bus Type	"C" Value	"E" Volts	PHASE (ø)	"L" Length	XFMR (KVA)	XFMR (%Z)	f (value)	M (value)	ISC rating

This Change Order Request is for the Added SOW to install new conduits runs for (10) panels. The Following SOW will be performed:

Panel L2 (2nd Floor Electrical Room):

- Utilize existing 1-1/2" EMT sleeve through 1st floor electrical room; transition to 6 ft. of flex and back to EMT; connect to top of ALDP gear. Install jet line and 1/4" rope, pull feeders, and terminate at panel and gear. Approx. 35 ft. of conduit.

Panel R4 (2nd Floor Electrical Room):

- Utilize existing 2" sleeve; transition to 6 ft. of flex and back to EMT; connect to ALDP gear. Install jet line and 1/4" rope, pull feeders, and complete terminations. Approx. 45 ft. of conduit.

Panel R5 (2nd Floor Electrical Room):

- Utilize existing 2" sleeve; transition to 6 ft. of flex and back to EMT; connect to ALDP gear. Install pull string and 1/4" rope, pull feeders, and terminate at panel and gear.

Panel M4 (2nd Floor to Crawl Space):

- Utilize existing 2" sleeve to crawl space; install LL conduit body; transition to seal tight; construct conduit rack; install 3'x18"x18" gutter box; route into ALDP gear. Install pull string and rope, pull feeders, and terminate.

Panel R1 (1st Floor Electrical Room):

- Utilize 1-1/2" EMT chase to crawl space; install LL conduit body; transition to 6 ft. seal tight and back to EMT; core through concrete floor to gutter. Pull string and rope, pull feeders, and terminate at panel and gear.

Panel R2 (1st Floor Electrical Room):

- Utilize 2" EMT sleeve through crawl space; install LL conduit body; transition to seal tight and back to EMT; route through concrete to gutter box. Pull string and rope, pull feeders, and complete terminations.

Panel L1 (1st Floor Electrical Room):

- Utilize 1-1/2" EMT chase; install LL conduit body; transition to seal tight and back to EMT; route through concrete floor to gutter box. Pull string and rope, pull feeders, and terminate.

Panel M3 (1st Floor Electrical Room):

- Utilize 1-1/2" EMT chase; install LL conduit body; transition to seal tight and back to EMT; route into ALDP gear. Pull feeders and complete terminations.

Panel R3 (Remote Electrical Room):

- Utilize 1-1/2" EMT chase to crawl space; construct conduit rack using dural blocks and deep strut supports; route to main electrical room; stub through concrete floor to gutter box. Pull string and rope, pull feeders, and terminate at panel and ALDP gear.

Re: Magnolia Science Academy 5 Project – Increment #2, Del Amo Construction
Prime Contract Change Order 015, Safeway Modular Panel Runs (Wiring Component)

Dear Mr. Ontiveros,

Our team is in receipt of Del Amo's proposed Change Order regarding their subcontractor Kana's work related to RFI 45. We have reviewed and analyzed the Change Order for conformance to Contract Documents and reasonableness of labor time and material costs.

Background
This Change Order Request in a continuation of **PCCO 013 – Safeway Modular Panel Runs**. The aforementioned Change Order incorporated the conduit runs, while this Change Order covers the feeder conductors to the modular panels.

Scope of Work
The scope of work includes labor and material for conductors to electrical panels R1, R2, R3, R4, L1, L2, and L3

Analysis and Cost
The proposed cost of this Change Order is: **$24,792.09**

We have reviewed Del Amo's proposed Change Order and find it fair and reasonable.

Based upon the information above and attached, we recommend approving this Change Order as submitted.

Best regards,

Ilya Veyts
Project Manager

This Change Order is for the Added SOW to provide and install feeder conductors from ALDP to the panels listed below. The following section breakdown includes the scope narrative and associated bill of materials for each feeder run.

ALDP to Panel R1

- Provide and install one set of 1/0 conductors with one #6 grounding conductor from ALDP to Panel R1. Scope includes pulling, terminating, and testing conductors at the breaker in ALDP and at Panel R1.

ALDP to Panel R2

- Provide and install one set of 1/0 conductors with one #6 grounding conductor from ALDP to Panel R2. Scope includes pulling, terminating, and testing conductors at the breaker in ALDP and at Panel R2.

ALDP to Panel R3

- Provide and install one set of 1/0 conductors with one #6 grounding conductor from ALDP to Panel R3. Scope includes pulling, terminating, and testing conductors at the breaker in ALDP and at Panel R3. A tugger will be utilized to complete the conductors pull.

ALDP to Panel R4

- Provide and install one set of 1/0 conductors with one #6 grounding conductor from ALDP to Panel R4. Scope includes pulling, terminating, and testing conductors at the breaker in ALDP and at Panel R4. A tugger will be utilized to complete the conductors pull.

ALDP to Panel L1

- Provide and install one set of 1/0 conductors with one #6 grounding conductor from ALDP to Panel L1. Scope includes pulling, terminating, and testing conductors at the breaker in ALDP and at Panel L1.

ALDP to Panel L2

- Provide and install one set of 1/0 conductors with one #6 grounding conductor from ALDP to Panel L2. Scope includes pulling, terminating, and testing conductors at the breaker in ALDP and at Panel L2.

ALDP to Panel L3

- Provide and install one set of 1/0 conductors with one #6 grounding conductor from ALDP to Panel L3. Scope includes pulling, terminating, and testing conductors at the breaker in ALDP and at Panel L3.

Re: Magnolia Science Academy 5 Project – Increment #2, Del Amo Construction
Prime Contract Change Order 018, Tree Pruning

Dear Mr. Ontiveros,

Our team is in receipt of Del Amo's proposed Change Order regarding tree pruning. We have reviewed and analyzed the Change Order for conformance to Contract Documents and reasonableness of labor time and material costs.

Background
Trees located at the U Haul property line extend on to MSA 5 property and partially obstruct the solar panels. In addition, there are concerns that falling branches and palm fronds can damage the solar panels. Del Amo was directed to trim the trees back to the property line.

Scope of Work
Labor and equipment to perform tree trimming.

Analysis and Cost
The proposed cost of the Change Order is: **$2,674.12**

We have reviewed Del Amo's proposed Change Order and find it fair and reasonable.

Based upon the information above and attached, we recommend approving this Change Order as submitted.

Best regards,

Ilya Veyts
Project Manager

Hello Fernando,

Attached is the current determination sheet. Labor would fall under Group 1 labor. (Please confirm this is aligned with your project)

We are fully committed to 100% compliance with PW, including internal audits of proper wages, fringes, and accurate processing of Certified Payroll.

The pay rate to the laborer is $75.09 per hour (included base and all fringes) / Our all-inclusive bill rate is $105.98 per hour.

Please reply back with confirmation of all the information above and the following details:

Flagman
Gas, Oil and/or Water Pipeline Laborer
Laborer, Asphalt-Rubber Material Loader
Laborer, General or Construction
Laborer, General Cleanup
Laborer, Jetting
Laborer, Temporary Water and Air Lines
Plugging, Filling of Shee-Bolt Holes; Dry Packing of Concrete and Patching
Post Hole Digger (Manual)
Railroad Maintenance, Repair Trackman and Road Beds; Streetcar and Railroad Construction Track Laborers
Rigging and Signaling
Scaler
Slip Form Raisers
Tarman and Mortar Man
Tool Crib or Tool House Laborer
Traffic Control by any method
Water Well Driller Helper
Window Cleaner
Wire Mesh Pulling - All Concrete Pouring Operations

Group 2

Asphalt Shoveler
Cement Dumper (on 1 yard or larger mixer and handling bulk cement)
Cesspool Digger and Installer
Chucktender
Chute Man, pouring concrete, the handling of the chute from readymix trucks, such as walls, slabs, decks, floors, foundations, footings, curbs, gutters and sidewalks
Concrete Curer-Impervious Membrane and Form Oiler
Cutting Torch Operator (Demolition)
Fine Grader, Highways and Street Paving, Airport, Runways, and similar type heavy construction
Gas, Oil and/or Water Pipeline Wrapper-Pot Tender and Form Man
Guinea Chaser
Headerboard Man-Asphalt
Installation of all Asphalt Overlay Fabric and Materials used for Reinforcing Asphalt
Laborer, Packing Rod Steel and Pans
Membrane Vapor Barrier Installer
Power Broom Sweepers (small)
Riprap, Stonepaver, placing stone or wet sacked concrete
Roto Scraper and Tiller
Sandblaster (Pot Tender)
Septic Tank Digger and Installer (leadman)
Tank Scaler and Cleaner
Tree Climber, Faller, Chain Saw Operator, Pittsburgh Chipper and similar type Brush Shredders
Underground Laborer, including Caisson Bellower

Group 3

Asphalt Installation of all fabrics
Buggymobile Man
Compactor (all types including Tampers, Barko, Wacker)
Concrete Cutting Torch
Concrete Pile Cutter
Driller, Jackhammer, 2 1/2 ft. drill steel or longer
Dri Pak-it Machine
Gas, Oil and/or Water Pipeline Wrapper - 6-inch pipe and over by any method, inside and out
Impact Wrench, Multi-Plate
Kettlemen, Potmen and Men applying asphalt, lay-kold, creosote, lime caustic and similar type materials
Laborer, Fence Erector
Material Hoseman (Walls, Slabs, Floors and Decks)
Operators of Pneumatic, Gas, Electric Tools, Vibrating Machines, Pavement Breakers, Air Blasting, Come-Alongs, and similar mechanical tools not separately classified herein; operation of remote controlled robotic tools in connection with Laborers work
Pipelayer's backup man, coating, grouting, making of joints, sealing, caulking, diapering and including rubber gasket joints, pointing and any and all other services
Power Post Hole Digger
Rock Slinger
Rotary Scarifier or Multiple Head Concrete Chipping Scarifier
Steel Headerboard Man and Guideline Setter
Trenching Machine, Hand Propelled

Group 4

Any Worker Exposed to Raw Sewage
Asphalt Raker, Luteman, Ironer, Asphalt Dumpman, and Asphalt Spreader Boxes (all types)
Concrete Core Cutter (walls, floors or ceilings), Grinder or Sander
Concrete Saw Man, Cutting Walls or Flat Work, Scoring old or new concrete
Cribber, Shorer, Lagging, Sheeting and Trench Bracing, Hand-Guided Lagging Hammer
Head Rock Slinger
High Scaler (including drilling of same)
Laborer, Asphalt-Rubber Distributor Bootman
Laser Beam in connection with Laborer's work
Oversize Concrete Vibrator Operator, 70 pounds and over
Pipelayer
Prefabricated Manhole Installer
Sandblaster (Nozzleman), Water Blasting, Porta Shot-Blast
Subsurface Imaging Laborer
Traffic Lane Closure, certified

Group 5

Blasters Powderman
Driller
Toxic Waste Removal
Welding, certified or otherwise in connection with Laborers' work

Recognized holidays:
Holidays upon which the general prevailing hourly wage rate for Holiday work shall be paid, shall be all holidays in the collective bargaining agreement, applicable to the particular craft, classification, or type of worker employed on the project, which is on file with the Director of Industrial Relations. If the prevailing rate is not based on a collectively bargained rate, the holidays upon which the prevailing rate shall be paid shall be as provided in Section 6700 of the Government Code. You may obtain the holiday provisions for the current determinations on the Director's General Prevailing Wage Determinations Website (http://www.dir.ca.gov/OPRL/DPreWageDetermination.htm). Holiday provisions for current or superseded determinations may be obtained by contacting the Office of the Director – Research Unit at (415) 703-4774.

Travel and/or subsistence payment:
In accordance with Labor Code Sections 1773.1 and 1773.9, contractors shall make travel and/or subsistence payments to each worker to execute the work. You may obtain the travel and/or subsistence provisions for the current determinations on the Director's General Prevailing Wage Determinations Website (http://www.dir.ca.gov/OPRL/DPreWageDetermination.htm). Travel and/or subsistence requirements for current or superseded determinations may be obtained by contacting the Office of the Director – Research Unit at (415) 703-4774.

[#] Indicates an apprenticeable craft. The current apprentice wage rates are available on the Prevailing Wage Apprentice Determinations Website (http://www.dir.ca.gov/OPRL/PWAppWage/PWAppWageStart.asp).
[a] For classification within each group, see page 2.
[b] Includes an amount per hour worked for supplemental dues.
[c] Any hours worked over 12 hours in a single workday are double (2) time.
[d] Saturdays in the same work week may be worked at straight-time if job is shut down during work week due to inclement weather or similar Act of God, or a situation beyond the employer's control.

Re: Magnolia Science Academy 5 Project – Increment #2, Del Amo Construction
Prime Contract Change Order 019, Turf in Lieu of Decomposed Granite

Dear Mr. Ontiveros,

Our team is in receipt of Del Amo's proposed Change Order regarding the utilization of artificial turf in lieu of decomposed granite (DG). We have reviewed and analyzed the Change Order for conformance to Contract Documents and reasonableness of labor time and material costs.

Background
During a site walk with the design team and MPS staff it was determined that from a maintenance and constructability perspective, it would be beneficial to substitute the DG track for artificial turf.

Scope of Work
Cost includes a credit for the DG and the difference in cost to utilize artificial turf.

Analysis and Cost
The proposed cost of the Change Order is: **$27,935.10**

We have reviewed Del Amo's proposed Change Order and find it fair and reasonable.

Based upon the information above and attached, we recommend approving this Change Order as submitted.

Best regards,

Ilya Veyts

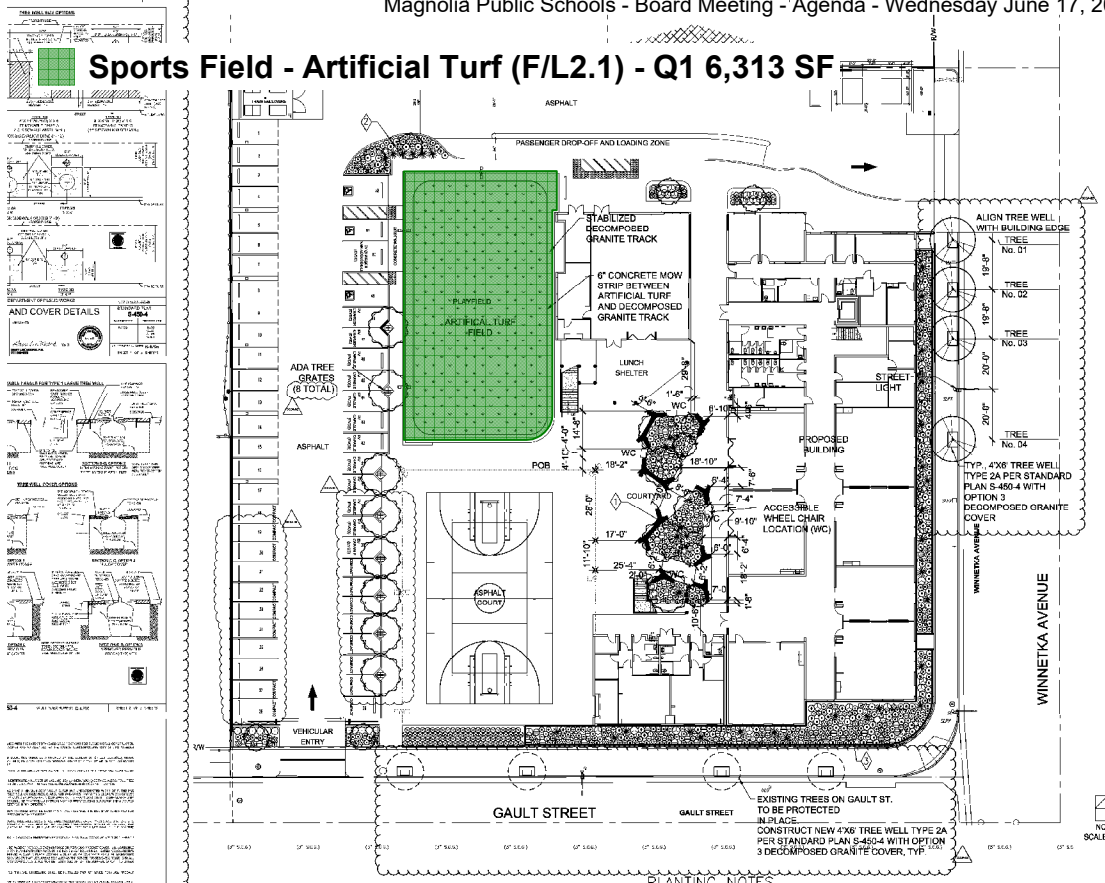
Sports Field - Artificial Turf (F/L2.1) - Q1 6,313 SF



NOTE:
CITY OF LOS ANGELES STANDARD PLANTING DETAILS ARE FOR CITY STREET TREE WELLS ONLY. REFER TO PLANTING DETAILS PLAN SHEET L-2.1 FOR ONSITE PLANTING DETAILS.

PLANTING NOTES

1. PRIOR TO PLANTING, PERFORM AGRONOMIC SOIL TESTING AND ADD SOIL AMENDMENTS PER SOILS REPORT RECOMMENDATIONS.
2. ALL TREE & SHRUB MATERIAL SPECIFIED MUST MEET STANDARD INDUSTRY SPECIFICATIONS FOR THE CONTAINER SIZE INDICATED. IF CONTRACTOR CANNOT LOCATE MATERIAL OF ACCEPTABLE SIZE AT THE TIME OF INSTALLATION, CONTACT LANDSCAPE ARCHITECT FOR SPECIES SUBSTITUTION; DOWN-SIZING OR SUBSTITUTION OF PLANT MATERIAL WITHOUT PRIOR APPROVAL OF LANDSCAPE ARCHITECT WILL NOT BE ALLOWED.
3. TREE LOCATIONS SHOWN ON PLAN MAY REQUIRE ADJUSTMENT IN THE FIELD. WHENEVER FEASIBLE, TREES SHOULD BE PLANTED A MINIMUM OF TEN (10) FEET FROM ALL UNDERGROUND UTILITIES AND OUT OF DRAINAGE FLOW LINES AND THREE (3) FEET FROM SPRAY HEADS. SHOULD THIS NOT BE POSSIBLE, CONTACT THE LANDSCAPE ARCHITECT FOR A DECISION ON TREE PLACEMENT.
4. VERIFY LOCATION AND DEPTH OF ALL UNDERGROUND UTILITIES PRIOR TO START OF WORK.
5. AFTER IRRIGATION SYSTEM INSTALLATION AND FINISH GRADES HAVE BEEN ESTABLISHED, PERFORM WEED CONTROL PER PLANTING SPECIFICATIONS.
6. LANDSCAPE ARCHITECT SHALL HAVE THE OPPORTUNITY TO INSPECT AND APPROVE ALL SPECIMEN AND BOX MATERIALS (24" BOX AND LARGER) AT THE NURSERY PRIOR TO PLANTING.
7. LANDSCAPE ARCHITECT SHALL HAVE THE OPPORTUNITY TO INSPECT ALL PLANT MATERIALS AT THE JOB SITE PRIOR TO PLANTING.
8. UPON COMPLETION OF PLANTING, THE CONTRACTOR SHALL ARRANGE FOR A SUBSTANTIAL COMPLETION INSPECTION BY THE LANDSCAPE ARCHITECT. CONTRACTOR SHALL CORRECT ANY DISCREPANCIES FOUND PRIOR TO FINAL INSPECTION AND ACCEPTANCE OF THE PROJECT.
9. A REPRESENTATIVE SAMPLE OF THE BOTANICAL NAME TAGS FURNISHED BY THE NURSERY STOCK SUPPLIER SHALL REMAIN ATTACHED TO THE PLANTS UNTIL FINAL INSPECTION.
10. FINISH GRADE IN ALL PLANTER AREAS SHALL BE 2 INCHES BELOW FINISH SURFACE OF SURROUNDING HARDSCAPE AND/OR UTILITY BOXES.
11. WHERE IT IS OBVIOUS IN THE FIELD THAT CONDITIONS DEVIATE FROM WHAT IS INDICATED ON THE PLANS, IT IS THE RESPONSIBILITY OF THE CONTRACTOR TO NOTIFY THE LANDSCAPE ARCHITECT OF THESE DISCREPANCIES. IN THE EVENT THIS NOTIFICATION IS NOT PERFORMED, THE CONTRACTOR SHALL ASSUME ALL RESPONSIBILITY FOR ANY NECESSARY REVISIONS.
12. INSTALL 3 INCHES OF SHREDDED WOOD BARK AS MULCH IN ALL NEWLY PLANTED AREAS UPON COMPLETION OF PLANTING. REFER TO SPECIFICATIONS FOR MULCH MATERIAL.
13. USE ROOT BARRIER IF CENTER OF TREE TRUNK IS WITHIN 5' OF ANY CURBS, SIDEWALKS, OR OTHER HARDSCAPE MATERIALS.

SOIL SAMPLING:
AGRONOMICS SOIL TESTING SHALL BE PERFORMED ON THE SITE FROM LOCATIONS INDICATED. FIVE (5) TESTING SITES HAVE BEEN IDENTIFIED AND ALL RESULTS SHALL BE INCORPORATED INTO THE WORK ON THIS PROJECT.

INDICATES SAMPLE SITE
INDICATES SAMPLE NUMBER

TESTING TO BE PERFORMED BY WALLACE LABORATORIES AT (310) 615-0116 OR APPROVED EQUAL. SOIL IS TO BE AMENDED PER SOILS REPORT RECOMMENDATIONS. REPORT IS TO BE OBTAINED AND PAID FOR BY THE CONTRACTOR. REFER TO SPECIFICATIONS FOR ADDITIONAL SOIL TESTING INFORMATION.

Re: Magnolia Science Academy 5 Project – Increment #2, Del Amo Construction
Prime Contract Change Order 020, Turf in Lieu of Decomposed Granite

Dear Mr. Ontiveros,

Our team is in receipt of Del Amo's proposed Change Order regarding the addition of a gate around the trash enclosure perimeter. We have reviewed and analyzed the Change Order for conformance to Contract Documents and reasonableness of labor time and material costs.

Background
Previously, the trash enclosure was shifted 3 feet south and 3 feet west to avoid conflict with the perimeter CMU wall. As a result, there is now a 3-foot gap between the perimeter wall and the wall of the trash enclosure. Upon review with the MPS team, it was determined that a gate should be installed to deter any potential loitering and allow it to be used as a storage area.

Scope of Work
Scope of work includes procurement of a wrought iron gate for the south opening and fixed panel for the east opening. It also includes all labor and materials for installation of gate and panel.

Analysis and Cost
The proposed cost of the Change Order is: **$7,214.52**

We have reviewed Del Amo's proposed Change Order and find it fair and reasonable.

Based upon the information above and attached, we recommend approving this Change Order as submitted.

Best regards,

Ilya Veyts
Project Manager

TERMS AND CONDITIONS

1. **General Terms.** PILGRIM FENCE COMPANY, INC. or its subsidiary ("CONTRACTOR") agrees to provide the labor and materials (collectively the "WORK") specified on the proposal set forth on the reverse side hereof (the "front page") within a reasonable time. BUYER agrees to pay the amount shown in current U.S. funds upon substantial completion of the work per the payment terms on the reverse side hereof.
2. **Installation of Fence.** Unless otherwise agreed to in writing, BUYER shall fully cooperate in allowing CONTRACTOR'S installation of the fence by doing each of the following: (a) clearing a sufficient working area of all obstructions and removable hazards; (b) surveying, grading, locating and staking the fence line and by verifying all property lines and identifying all utility lines; (c) notifying CONTRACTOR'S crew of all potential work area hazards; (d) coordinating CONTRACTOR'S work with the activities of all other persons at the job site, including others contractors, crews, supervisors, architects and owners; and (e) obtaining all appropriate building permits or other form of governmental permission. The estimated completion date shall be extended for as long as BUYER fails to comply with this provision, and for all delays reasonably beyond CONTRACTOR'S control. BUYER shall be deemed to have accepted the goods and work performed upon payment in full.
3. **Payment, Default and Remedies.** If BUYER does not make payment in full upon substantial completion, CONTRACTOR may pursue any and all collection activity it deems necessary to collect on BUYER'S obligation. BUYER shall be responsible for all costs of collection, including but not limited to, all collection agency charges, court costs, attorneys' fees and lien fees, and all costs and attorneys' fees incurred in collecting upon any judgment. Interest will accrue on all unpaid balances, lien expenses, collection expenses and attorneys' fees from the date incurred at the rate of twenty-one percent (21%) per year or at the highest rate allowed by applicable law. CONTRACTOR may apply all payment or portions thereof to any outstanding attorney fees, court costs, collection expenses, interest and principal as CONTRACTOR, in its sole discretion, deems appropriate. This Agreement shall be construed in accordance with the laws of the State and County in which the project is located.
4. **Changes and BUYER'S Cancellation.** If BUYER requests any change in the type, quality or quantity of the fencing to be provided by CONTRACTOR hereunder, BUYER shall pay, in addition to the purchase price shown on the front page, CONTRACTOR'S standard charge for all additional fence and for such additional labor material and travel expenses as are incurred by CONTRACTOR in connection with such change. If, prior to CONTRACTOR'S delivery of the fencing, BUYER cancels such delivery of the fencing, BUYER shall be obligated to pay CONTRACTOR, as liquidated damages and a restocking fee, but not as a penalty, the amount equal to twenty-five percent (25%) of the CONTRACTOR'S standard charge for all special order materials. After CONTRACTOR has begun delivery of the fence, but before installation has begun, BUYER may cancel this Agreement by paying CONTRACTOR, as liquidated damages and as a restocking and transportation fee, but not as a penalty, the amount equal to fifty percent (50%) of the purchase price shown on the front page.
5. **Cumulative Remedies.** To the greatest extent permitted by applicable law, BUYER'S obligation hereunder and all of CONTRACTOR'S rights and remedies provided by herein and/or by applicable law, are cumulative, and CONTRACTOR shall be entitled to exercise any and all rights and remedies. BUYER acknowledges that its obligation to pay CONTRACTOR is an independent covenant, and BUYER acknowledges that it shall have no offset rights and may not withhold payment of any monies owing to CONTRACTOR hereunder. Nothing herein, however, shall be construed to release CONTRACTOR from any obligation which it may owe to BUYER.
6. **Lien Rights.** BUYER acknowledges that CONTRACTOR has and may exercise all lien rights against the property upon which the work is performed. To the greatest extent permitted by law, BUYER and/or OWNER hereby waive any and all objections to any defects in any such lien documents. Contractor's exercise or non-exercise of such lien rights will not alter or amend this Agreement or release any of Buyer's obligations hereunder.
7. **Amendments; Waivers; Entire Agreement.** Except by a specific written document executed by the parties hereto, none of the terms, covenants, representations, warranties or conditions hereof may be waived, amended, modified, superseded or canceled. Forbearance or delay shall not be deemed a waiver. A single or partial exercise of any right or remedy shall not preclude further exercise thereof or of any other right or remedy. Any written waiver shall be strictly construed and shall not be extendable. This Agreement contains the parties' entire understanding and supersedes and replaces all prior and contemporaneous agreements and understandings, oral written or implied. All documents and instruments created hereafter and concerning this transaction, including any one or more work orders or purchase orders, shall not prevail over the terms of this Agreement.
8. **Limited Warranty.** All goods, supplied are warranted to be fit for the intended purposes for which such goods are used for a period of one (1) year. THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE DESCRIPTION OF THE GOODS AND WORK TO BE PERFORMED AS CONTAINED ON THE FRONT PAGE. BUYER shall have no claim for incidental, consequential, special or proximate damages.
9. **Indemnity.** To the greatest extent permitted by law, BUYER shall indemnify, defend, hold and save CONTRACTOR (and its officers, shareholders, directors, agents, employees, servants and independent contractors) harmless from all claims and expenses, including court costs and attorneys' fees, for damages or injuries to persons or property which are related in any manner, directly or indirectly to this Agreement or to the fence (including its location) regardless of whether the injury or damage is caused in part by CONTRACTOR'S negligence or any other act or omission of CONTRACTOR or it agents, provided however, that BUYER shall not be obligated to indemnify CONTRACTOR for his sole negligence or willful misconduct.
10. **Successors and Assigns.** This Agreement shall be binding upon and shall inure to the benefit of the heirs, personal representatives, successors and assigns of the parties hereto.
11. **Severability.** If any provision of this Agreement is held unenforceable, CONTRACTOR may sever from this Agreement the language which makes such provision unenforceable and this Agreement shall be construed as if it did not contain the language and the rights and obligations of the parties shall be enforced accordingly. Alternatively, CONTRACTOR , at its sole option, may cancel this entire Agreement.
12. **Headings.** All paragraph headings and other headings set forth in this Agreement are for reference only and shall not be considered in interpreting the intent of the parties with respect to the matters set forth in this Agreement.
13. **Representations and Warranties.** Despite any agency capacity, the person signing this Agreement, personally and on behalf of BUYER, warrants and affirms to CONTRACTOR that the person signing this Agreement for any entity has full authority to do so and to thereby bind such entity.
14. **BUYER MUST HAVE A CURRENT CREDIT APPLICATION ON FILE WITH CONTRACTOR.** All credit and financial information provided by BUYER to Contractor is true, accurate and complete, contains no material omissions, and may be reasonably relied upon by CONTRACTOR.

AGREEMENT: As per terms and conditions set forth, We, Western Fence & Supply Co. propose to furnish and install fence as per Diagram Plan and Material listed hereon. This is a Contract between two parties and will be effective when accepted. Buyer to assume full responsibility for any and all underground wire, pipes, and/or utilities of any type, in the event the fence is not paid for in 60 days, seller has the title right to remove said fence and return to the Company. In the event of cancellation, buyer agrees to forfeit fifty percent (50%) of contract price to cover preparations made by Western Fence & Supply Co. The merchandise listed hereon shall remain the property of the seller until paid for by cash, at which time title will pass to purchaser. If the account is assigned to an attorney or collection agency for collection, then and in that event, the buyer agrees to pay reasonable attorney fees, court costs and other collection costs. In the event buyer authorized extra work other than stated herein, he shall pay on the basis of cost of labor and material upon presentation of itemized statement

-Contractor's are required by law to be licensed and regulated by the Contractors State License Board. Any questions concerning the responsibilities of the contractor may be referred to the Registrar of the Board whose address is ; Contractors' State License Board, 1002 N Street, Sacramento, California 95814.

CONTRACTOR'S LICENSE LAW, #7018

NOTICE-Under the Mechanics' Lien Law, any contractor, subcontractor, laborer, supplier or other person who helps improve you property but is not paid for his work or supplies, has a right to enforce a claim against your property. This means that, after a court hearing, your property could be sold by a court officer and the proceeds of the sale used to satisfy the indebtedness, This can happen even if you have paid your own contractor in full, if the subcontractor, laborer or supplier remains unpaid.

CONTRACTOR'S LICENSE LAW, #7019

NOTICE TO OWNER--Under the Mechanics' Lien Law, any contractor, laborer. Material man or other person who helps to improve your property and is not paid for his labor, services or material, has a right to enforce his claim against your property, Under the law, you may protect yourself against such claims by filing, before commencing such work of improvement, an original contract for the work of improvement or a modification thereof, in the office of the county recorder of the county where the property is situated and requiring that a contractor's payment bond be recorded in such office, Said bond shall be in an amount not less than fifty percent (50%) of the contract price and shall, in addition to any conditions for the performance of the contract, be conditioned for the payment in full of the claims of all persons furnishing labor services equipment or materials for the work described in said contract

SELLER SHALL NOT BE RESPONSIBLE for any delay or inability to perform hereunder arising out of strikes, lock-outs, acts of God, or the public enemy, accidents, boycotts, material shortages, disturbed labor conditions, delayed delivery of materials from sellers suppliers, force majeure, inclement weather, fire, floods, freight embargoes, caused incident to national emergency, war, or other causes beyond the reasonable control of Seller, whether of like or different character.

Buyer shall assume full responsibility for correct location or fence and as to property line and has versified diagram and dimensions on reverse side

Buyer shall obtain all permits and variances as may be required

TERMS; Balance due & payable on completion & shall bear an initial penalty of 5% on the existing unpaid balance if payment not received within 10 days of completions plus 1 1/2% per month interest charge.

Re: Magnolia Science Academy 5 Project – Increment #2, Del Amo Construction
Prime Contract Change Order 021, Temp Power Reconnect

Dear Mr. Ontiveros,

Our team is in receipt of Del Amo's proposed Change Order regarding the reconnection of temporary power to the GSE trailer. We have reviewed and analyzed the Change Order for conformance to Contract Documents and reasonableness of labor time and material costs.

Background
The temporary power pole was relocated to allow for contractors to work in the area. As a result, the GSE trailer had to be disconnected from the previous location and connected to the new location. Del Amo subcontractor Safeway provided assistance by reconnecting the construction trailer to the new temporary power pole.

Scope of Work
Scope of work includes reconnection via aerial wire from the temporary power pole to the GSE construction trailer.

Analysis and Cost
The proposed cost of the Change Order is: **$296.14**

We have reviewed Del Amo's proposed Change Order and find it fair and reasonable.

Based upon the information above and attached, we recommend approving this Change Order as submitted.

Best regards,

Ilya Veyts
Project Manager

Re: Magnolia Science Academy 5 Project – Increment #2, Del Amo Construction
Prime Contract Change Order 022, Video Bar and Media Controller Credit/Sound Bar Add

Dear Mr. Ontiveros,

Our team is in receipt of Del Amo's proposed Change Order regarding the removal of video bars and media controllers from Del Amo scope of work and the replacement of video bars with sound bars. We have reviewed and analyzed the Change Order for conformance to Contract Documents and reasonableness of labor time and material costs.

Background
At the request of MPS IT Director Rasul Monoshev, Del Amo subcontractor Checkpoint removed both material and labor for the installation of Extron Media Controllers. The Poly Studio Video Bars were also removed and replaced with Samsung sound bars. The labor for the removed video bars will be applied to the sound bars

Scope of Work
Scope of work includes the removal of labor and material for (23) Extron Media Controllers. The removal of materials for (22) Poly Studio Video Bars and the addition of (22) Samsung Sound Bars.

Analysis and Cost
The proposed cost of the Change Order is: **-$56,365.82 (deductive change order)**

We have reviewed Del Amo's proposed Change Order and find it fair and reasonable.

Based upon the information above and attached, we recommend approving this Change Order as submitted.

Re: Magnolia Science Academy 5 Project – Increment #2, Del Amo Construction
Prime Contract Change Order 023, Display Credit

Dear Mr. Ontiveros,

Our team is in receipt of Del Amo's proposed Change Order regarding the credit for classroom display size reduction and removal. We have reviewed and analyzed the Change Order for conformance to Contract Documents and reasonableness of labor time and material costs.

Background
At the request of MPS IT Director Rasul Monoshev, Del Amo subcontractor Checkpoint Communications removed (20) 86" Viewsonic Displays, (4) 65" Viewsonic Displays, as well as (24) slot-in PCs and (24) mounting kits. Per Rasul, MPS will provide displays and mounting kits for contractor installation.

Scope of Work
Scope of work includes the removal of the materials specified above. No labor will be credited as contractor will install owner-supplied displays and mounting kits.

Analysis and Cost
The proposed cost of the Change Order is: **-$95,471.00 (deductive change order)**

We have reviewed Del Amo's proposed Change Order and find it fair and reasonable.

Based upon the information above and attached, we recommend approving this Change Order as submitted.

Best regards,

Ilya Veyts
Project Manager

Project Price Quotation

Magnolia Science Academy
Contract #SC-027, Change Order #4 for ViewSonic equipment

Attn: Fernando Villasenor
Del Amo Construction

Checkpoint Communications is providing a credit for ViewSonic Displays , Mounts , Slot in PC's based on Conference call held on 5-13-26 to go over AV items.

(Any ***exclusions, conditions*** and ***notes*** listed below are part of this price quotation, please read and review carefully)

Credit amount: $95,471.00

Checkpoint Communications is a Bogen Engineered Systems Dealer, Mohawk Ortronics Certified Installer, Cisco Reseller/Enterasys Reseller, Extron Reseller, and Listen Technology Reseller.

Please send all contract changes to James Shoaff at jshoaff@ccomwire.com.

Please see page 2 for conditions, exclusions and terms.

CHECKPOINT
communications incorporated

www.checkpointcomm.com ● CA License #: 545063 ● DIR #: 1000001532

Conditions:

This quote is valid for 60 days. Price subject to change after this date.
This proposal assumes all work can be done during normal working hours unless otherwise specified.
Price is predicated on AutoCAD drawings being provided to Checkpoint Communications for design and submittal requirements. If AutoCAD drawings are not available, a change order may be processed for additional drafting labor.
On projects that require plan check and/or submittals, no work shall be performed until all approvals have been received by Checkpoint Communications. The liability for any work requested prior to approvals shall be the sole responsibility of the owner/company requesting said work.
To insure against manufacturers price increases and to avoid backorders, Checkpoint Communications reserves the right to purchase the equipment and/or material required within 30 days of contract and submittal approval and to invoice the owner/contractor when equipment/material is received.

Exclusions:

The use of Union Labor if required by the Local Government, GC or Building Owner.
Permits and associated fees if required.
Project Bonds and fees.
Warranty on existing equipment.
Lift and Scaffolding are provided by others and access will be provided to Checkpoint Communications. General Contractor to protect flooring prior to operating lifts.
Trash Bin is to be provided at no charge to Checkpoint Communications.
Parking is to be provided at no charge to Checkpoint Communications.
Busbars, Grounding and Bonding outside of MDF/IDF equipment.
Electrical work, conduits, conduit sleeving, pull ropes in empty conduits, fire rated backboards, weather heads, mast, poles and fire stopping.
Any blocking required for installation of all low voltage equipment.
Cable TV patch cords at station locations and IDF/MDF's.
Conduit, Raceway, Floor Boxes and Terminal cabinets, floor coring and sleeves.
Network Electronics.
UL listed Fire Stop Assemblies.
Patching and Painting or repair of existing surface.
Trenching, backfill and/or compaction; repair and/or replacement of landscape.
Abatement of asbestos, lead containing or any other environmentally hazardous material is not included.
Demolition and removal of any existing wiring and/or devices are not included. Temporary removal and relocation of existing devices and/or wiring is not included unless otherwise specified. All existing conduit removal is not included.

Terms:

Work will not commence on the project until a contract or a purchase order is received by Checkpoint Communications.
Invoicing shall be monthly, based on progress of labor and material. Checkpoint Communications reserves the right to stop work when any invoice exceeds 30 days past due.
Checkpoint does not accept responsibility for discounts in payments, back charges, or other adjustments, without receipt of written notification to Checkpoint Communications of specific problems and/or conditions. Should adjustments be found to be appropriate and correct, Checkpoint Communications will provide written authorization to proceed.
Final Inspection is included, although if Checkpoint Communications has to return for additional inspections due to causes beyond our control add $800 per visit.
One (1) year parts plus any extended warranty coverage from equipment manufacturers and One (1) year labor.
Warranty service, if required, will be performed during normal working hours (8:00am to 5:00pm) Monday through Friday, excluding holidays.
Warranty service requested other than the above reference hours shall be charged at Checkpoint Communications standard overtime rate.

If you have any questions, please do not hesitate to call, thank you.

Re: Magnolia Science Academy 5 Project – Increment #2, Del Amo Construction
Prime Contract Change Order 024, Lift Station Control Panel Location

Dear Mr. Ontiveros,

Our team is in receipt of Del Amo's proposed Change Order regarding the infrastructure to the lift station control panels. We have reviewed and analyzed the Change Order for conformance to Contract Documents and reasonableness of labor time and material costs.

Background
The original electrical design by DLR did not provide sufficient conduit pathways to provide power and connectivity to the lift station control panels (north and south) in their original proposed locations. As a result, Del Amo and DLR were tasked with devising the most cost-effective way to provide conduit and wiring to the lift station control panel. RFI 90 (attached) was created and contractor proposed the most cost-effective solution which was accepted by DLR.

Scope of Work
Scope of work includes labor for the installation of the southern panel near the last corner parking stall at the southwest end along with associated trenching, conduit and wiring material costs. The installation of the northern panel, to be located near the solar electrical equipment, includes pull box, coring, conduit, and wiring materials along with associated labor.

Analysis and Cost
The proposed cost of the Change Order is: **$28,363.55**

We have reviewed Del Amo's proposed Change Order and find it fair and reasonable.

Based upon the information above and attached, we recommend approving this Change Order as submitted.

Best regards,

Ilya Veyts
Project Manager

1) Please provide the dimensioned location of the lift station control panels.

Awaiting an Official Response

RFI #090 - Sump Pump/Lift Station Control Panel Locations Clarification

Project: 03-124719 Magnolia Science Academy 5 - Inc 2

All Replies

Response from Austin Duarte Del Amo Construction *on Monday, May 18, 2026 at 01:15 PM PDT*

See from Safeway Electric: Option A for storm drain control panel routes would be:

- Coring from the 2nd floor down to the crawl space to run conduit overhead in the 2nd floor electrical room to connect to the M2 panel.
- Need to add NEMA 3 12x12 pull box to connect 1 ½ c to the 2 ½ c to run power for SD control panels.
- from 12x12 pull box need to run 1 ½ c to the north side building PB near SD pumps.
- from PB need to trench to run 1 ½ c next to Gear where control panel will be installed.
- from the control panel need 2" c for low voltage t pumps.
- from PB need to un 1 1/2c to power pumps.
- Build a strut structure to mount the control panel.

South End SD Pumps:

- Have to install 12x12 near the south end electrical room.
- Have to core into the room where the control panel will be installed.
- Install 1 ½ c to run power to the control panel.
- then core another hole for 2"c run through crawl space out to site trench 200ft and install to PB near south end pumps. From PB run power for pumps & low voltage.

Option B for South End:

- Install SD control panel in the last corner parking stall under the canopy.
- Run 50ft of 1 ½ c and 2" c for power and low voltage from the control panel to pumps. Less footage on trenching and conduit and time if we go the option B route.

1) Please advise on how to proceed.

Response from Ilya Veyts Gateway Science and Engineering, Inc. *on Monday, May 11, 2026 at 02:48 PM PDT*

DAC,

Per General Conditions each RFI should propose solution to the raised question. This RFI does not. Please review and resubmit.

BIC with DAC.

1. Option A for north end is acceptable. Ensure control panel for pump lift stations does not intrude on the required 3'-6" clearance for the solar disconnect and meter socket.

2. Option B for south end is acceptable and preferred. Confirm with MPS the proposed location for the control panel is acceptable.

8	EXISTING POWER/TELECOMMUNICATIONS PULLBOX.
9	EXISTING PULLBOXES FOR LIGHTING AND LOW VOLTAGE. EXTEND CONDUIT FROM HANDHOLE TO LIGHT FIXTURE AS REQUIRED. PROVIDE 2#10 + 1#12GND FOR LIGHTING CIRCUITS. PROVIDE A SEPERATE 120V CIRCUIT FOR CONVENIENCE RECETACLES IN THE POLES FOR ALL LIGHT FIXTURES. PROVIDE 2#10 + 1#12GND FOR CONVENIENCE RECEPTACLE CIRCUITS. ROUTE ALL CONDUCTORS FOR THE CONVENIENCE RECEPTACLE CIRCUITS IN THE SAME 1"C USED FOR LIGHTING. ALL WIRES TO HAVE THE SAME INSULATION RATING. SEE MODULAR BUILDING PLANS FOR EXACT CIRCUIT TO BE USED.
10	EXISTING PULLBOX FOR ALL LINE VOLTAGE AND LOW VOLTAGE CONDUIT.
11	EXISTING PULLBOX FOR EV CHARGERS AND EV CAPABLE SPACES.
12	EXTEND CONDUIT TO DISTRIBUTION BOARD ALDP. SEE SHEET E5.1B FOR FEEDER INFORMATION.
13	ALL FEEDERS AND BRANCH CIRCUITS ON LOAD SIDE OF DISTRIBUTION PANELS ARE BY SEPARATE CONTRACTOR.
14	EXISTING PULLBOX AND CONDUITS FOR FUTURE GYM.
16	PROVIDE CONDUIT STUB-UPS AND PULLWIRE BACK TO PANEL FOR EV CAPABLE SPACES.
17	EV CHARGING STATION BASIS OF DESIGN: CHARGEPOINT CT4000-STANDARD PROGRAMMED OUTPUT: 7.2KW CORD LENGTH: 18 FT. PORT QUANTITY: 1 AT VAN ACCESSIBLE CHARGING STATION. 2 PORTS AT ALL OTHER EV CHARGER LOCATIONS. DATA: CELLULAR 4G LTE ENCLOSURE: BOLLARD - NEMA 3R CHARGING CONNECTION: SAE J1772
18	UTILIZE EXISTING PULLBOX FOR INSTALLATION OF NEW EV CHARGER. PROVIDE CONCRETE BASE PER MANUFACTURER'S RECOMMENDATION. ROUTE 2#8 + 1#10GRND FOR EV CHARGERS IN EXISTING CONDUITS BACK TO PANEL LSEV.
19	ALL FIXTURES (S1/S2B) SUPPLYING ILLUMINATION TO PLAYFIELD ARE TO BE CONTROLLED VIA RELAY. FOR FIXTURES SUPPLYING ILLUMINATION TO PUBLIC ACCESS WAYS AND AUTOMOTIVE HARDSCAPES SHALL BE CONTROLLED VIA ASTRONOMICAL TIMECLOCK.
20	PROVIDE (2) LIGHTING RELAYS TO CONTROL EACH PLAYFIELD SEPARATELY. LOCATE RELATES WITHIN A LOCKABLE NEMA 3R ENCLOSURE.
21	S2B/S1 FIXTURES ILLUMINATING THE PLAYFIELD ARE TO BE CONTROLLED SEPARATELY VIA RELAY. SEE NOTES 19 AND 20 FOR ADDITIONAL INFORMATION.
22	POWER AND CONTROL WIRING FOR MOTORIZED GATE TO BE ROUTED TO MODULAR BUILDING ELECTRICAL ROOM. SEE MODULAR BUILDING PLANS FOR EXACT CIRCUIT TO BE USED.
23	EXISTING CONDUITS FOR FUTURE GYM, CAPPED IN PLACE.
24	PROVIDE 1" CONDUIT TO MDF ROOM FOR FIRE ALARM EQUIPMENT.
25	EXISTING SPECTRUM PULLBOX.
26	CONNECT TO EXISTING SPECTRUM CONDUITS AND EXTEND EXISTING CABLING ISP POINT OF CONNECTION AT MDF ROOM.
27	PROVIDE LOCKABLE NEMA 4 BOX AT THIS LOCATION FOR TRANSITION FROM OSP TO INDOOR RATED FIBER OPTIC CABLING. PROVIDE CONTINUOUS OVERHEAD CONDUIT PATHWAY FROM UNDERGROUND TO BUILDING MDF.
28	CONNECT TO EXISTING CONDUITS AND EXTEND TO SOLAR CANNOPY FOR LIGHTING AND LOW VOLTAGE EQUIPMENT. PROVIDE 2#10 + 1#12GND FOR LIGHTING CIRCUITS. PROVIDE A SEPERATE 120V CIRCUIT FOR TELECOMMUNICATIONS ENCLOSURE. MOUNT TELECOMMUNICATIONS ENCLOSURE TO SOLAR CANOPY STRUCUTRAL BEAM. PROVIDE WEATHERPROOF TELECOMMUNICATIONS ENCLOSURE. PROVIDE 2#10 + 1#12GND FOR TELECOMMUNICATIONS ENCLOSURE. ALL WIRES TO HAVE THE SAME INSULATION RATING. SEE MODULAR BUILDING PLANS FOR EXACT CIRCUITS TO BE USED.
29	PROVIDE NECESSARY CONNECTION TO LOW VOLTAGE DEVICES FROM TELECOMMUNICATIONS ENCLOSURE PER DISTRICT STANDARDS.
30	PROVIDE A CONTINUOUS OVERHEAD CONDUIT PATHWAY FROM UNDERGROUND TO BUILDING ELECTRICAL ROOM.

TABLE 5.106.5.3.1

TOTAL NUMBER OF ACTUAL PARKING SPACES	NUMBER OF REQUIRED EV CAPABLE SPACES	NUMBER OF EVCS (EV CAPABLE SPACES PROVIDED WITH EVSE)[2]
0–9	0	0
10–25	4	0
26–50	8	2
51–75	13	3
76–100	17	4
101–150	25	6
151–200	35	9
201 and over	20 percent of total[1]	25 percent of EV capable spaces[1]

1. Calculation for spaces shall be rounded up to the nearest whole number.
2. The number of required EVCS (EV capable spaces provided with EVSE) in column 3 count toward the total number of required EV capable spaces shown in column 2.

Electric Vehicle Capable Space, Charging Stations and Panel Calculations

Based on California Green Building Standards Code, Title 24, Part 11, 2022
(Chapter 5, Section 5.106.5.3)

Number of EV Capable Spaces and Charging Stations

1. Total number of Actual Parking Spaces:	57
2. Number of EV capable spaces shall be provided in accordance with Table 5.106.5.3.1, column 2:	13
3. Number of EV charging stations shall be provided in accordance with Table 5.106.5.3.1, column 3:	3

EV Panel Calculations

The EV panel is required to have a dedicated 40 amp minimum branch circuit and a minimum 30 amp load for each EV capable space (5.106.5.3.1)

Number of EV capable spaces:	13
Amps per charger: 32A	
VA at 208 volts, 1 phase: 6656VA	
Required VA for the given number of EV capable spaces:	86528VA
Required panel amps for given number of EV capable spaces at 208V, 3 phase:	240A

Since 1980

This Change Order Request is for the Added SOW pursuant to RFI 90 for the South End Building Sump Pump Control Panel installation. The Following SOW will be performed:

- Install strut support system for mounting of Sump Pump Control Panel at far corner of South End Building
- Trenching from control panel location to existing pull box adjacent to storm drain station
- Install (1) 1-1/2” PVC conduit from control panel to pull box for pump feed pathway
- Install (1) 2” PVC conduit from control panel to pull box for low voltage pathway
- Connect conduit pathways from pull box to existing pump station
- Terminate power at pump station
- Perform trench backfill operations upon completion of conduit installation

Exclusions:

- No seismic studies
- No troubleshooting of existing sump pump system
- No auxiliary low-voltage connections or float controls
- No responsibility for unforeseen existing underground damage
- No scanning or coring

RFI #090 - Sump Pump/Lift Station Controller & Panel Location Clarification

Project: 2025-089 Magnolia Science MSA-5 Increment 2

Official Response

Response from Austin Duarte Del Amo Construction LLC *on Monday, May 18, 2026 at 01:14 PM PDT*

Option A for storm drain control panel routes would be:

- Coring from the 2nd floor down to the crawl space to run conduit overhead in the 2nd floor electrical room to connect to the M2 panel.
- Need to add NEMA 3 12x12 pull box to connect 1 ½ c to the 2 ½ c to run power for SD control panels.
- from 12x12 pull box need to run 1 ½ c to the north side building PB near SD pumps.
- from PB need to trench to run 1 ½ c next to Gear where control panel will be installed.
- from the control panel need 2" c for low voltage t pumps.
- from PB need to un 1 1/2c to power pumps.
- Build a strut structure to mount the control panel.

South End SD Pumps:

- Have to install 12x12 near the south end electrical room.
- Have to core into the room where the control panel will be installed.
- Install 1 ½ c to run power to the control panel.
- then core another hole for 2"c run through crawl space out to site trench 200ft and install to PB near south end pumps. From PB run power for pumps & low voltage.

Option B for South End:

- Install SD control panel in the last corner parking stall under the canopy.
- Run 50ft of 1 ½ c and 2" c for power and low voltage from the control panel to pumps. Less footage on trenching and conduit and time if we go the option B route.

1) Please advise on how to proceed.

This Change Order Request is for the Added SOW pursuant to design change and reference Increment #2 ES1.1B for the Northeast Building Sump Pump Control Panel installation. This Change Order includes the new North End scope of work and credit for material and labor associated with the original North End design. The Following SOW will be performed:

- Install overhead support rack in the 2nd floor electrical room utilizing all thread, shallow strut, and 3/8" beam clamps.
- Install 1-1/2" EMT conduit from panel M2 across the electrical room to the first-floor core location.
- Transition from EMT to 1-1/2" liquid tight conduit through crawl space and connect to a new NEMA 3 12x12x6 pull box.
- Extend and connect existing 1-1/2" PVC conduit from the Northeast pull box into the new NEMA 3 pull box to establish a power pathway from panel M2.
- Trench from the North End pull box to the new Sump Pump Control Panel location.
- Install new 1-1/2" PVC conduit for power distribution from pull box to control panel.
- Install new 2" PVC conduit for low voltage pathway from pull box to control panel.
- Install strut mounting support for the new Sump Pump Control Panel.
- Install new 1-1/2" PVC conduit from pull box to pump station for power distribution.
- Install new 2" PVC conduit from pull box to pump station for low voltage pathway.
- Terminate power at the pump station.
- Backfill trenches upon completion of conduit installation.

Exclusions:

- Warranty damage
- Wire and wire pulling
- Startup, testing, and commissioning
- Protection for Sump Pump Control Panels
- No seismic studies
- No troubleshooting of existing sump pump system
- No auxiliary low-voltage connections or float controls
- No responsibility for unforeseen existing underground damage
- No scanning or coring

GENERAL NOTES

A	THIS PROJECT IS A CONTINUATION OF INCREMENT #1. EXTEND CONDUITS INSTALLED IN INCR. #1 TO THE SOURCE, PANEL, DEVICE, ETC, FOR WHICH THEY ARE INTENDED.
B	PROVIDE CONDUCTORS IN CONDUIT AS INDICATED ON SINGLE LINE DIAGRAM, SHEET E5.1C.
C	PROVIDE LIGHT FIXTURES PER LUMINAIRE SCHEDULE SHOWN ON SHEET E7.1C.
D	THE CONDUITS SHOWN IN GRAY SCALE, WHETHER INDIVIDUALLY NOTED OR NOT, ARE EXISTING FROM INCREMENT #1 AND ARE SHOWN FOR REFERENCE ONLY.

SHEET NOTES - ES1.1B

Keynote Number	Keynote Description
1	PRIMARY FEEDER. COORDINATE REQUIREMENTS WITH UTILITY.
2	EXISTING UTILITY TRANSFORMERS, SHOWN FOR REFERENCE ONLY.
3	CONNECT EXISTING CONDUITS AND EXTEND TO PANELS AT ELECTRICAL ROOMS, MATCH NUMBER AND SIZE OF CONDUITS, SEE SHEET E5.1B FOR ADDITIONAL FEEDER INFORMATION.
4	~~EXISTING PULL POX FOR PV SYSTEM BESS. SEE "PV" SERIES SHEETS.~~
5	PROVIDE NEW RULE 21 DISCONNECT SWITCHES. SEE SHEET E5.1B FOR MORE INFORMATION.
6	EXISTING PULL POX FOR PV SYSTEM. SEE "PV" SERIES SHEETS.
7	EXISTING PULLBOX FOR PANEL LSEV.
8	EXISTING DATA/TELECOMMUNICATIONS PULLBOX.
9	EXISTING PULLBOXES FOR LIGHTING AND LOW VOLTAGE. EXTEND CONDUIT FROM HANDHOLE TO LIGHT FIXTURE AS REQUIRED. PROVIDE 2#10 + 1#12GND FOR LIGHTING CIRCUITS. PROVIDE A SEPERATE 120V CIRCUIT FOR CONVENIENCE RECETACLES IN THE POLES FOR ALL LIGHT FIXTURES. PROVIDE 2#10 + 1#12GND FOR CONVENIENCE RECEPTACLE CIRCUITS. ROUTE ALL CONDUCTORS FOR THE CONVENIENCE RECEPTACLE CIRCUITS IN THE SAME 1"C USED FOR LIGHTING, ALL WIRES TO HAVE THE SAME INSULATION RATING. SEE MODULAR BUILDING PLANS FOR EXACT CIRCUIT TO BE USED.
10	EXISTING PULLBOX FOR ALL LINE VOLTAGE AND LOW VOLTAGE CONDUIT.
11	EXISTING PULLBOX FOR EV CHARGERS AND EV CAPABLE SPACES.
12	EXTEND CONDUIT TO DISTRIBUTION BOARD ALDP, SEE SHEET E5.1B FOR FEEDER INFORMATION.
13	ALL FEEDERS AND BRANCH CIRCUITS ON LOAD SIDE OF DISTRIBUTION PANELS ARE BY SEPARATE CONTRACTOR.
14	EXISTING PULLBOX AND CONDUITS FOR FUTURE GYM.
15	PROVIDE 3" CONDUIT TO SERVICE PROVIDER MEET-ME POINT. COORDINATE EXACT LOCATION WITH SERVICE PROVIDER.
16	PROVIDE CONDUIT STUB-UPS AND PULLWIRE BACK TO PANEL FOR EV CAPABLE SPACES.
17	EV CHARGING STATION BASIS OF DESIGN: CHARGEPOINT CT4000-STANDARD PROGRAMMED OUTPUT: 7.2KW CORD LENGTH: 18 FT. PORT QUANTITY: 1 AT VAN ACCESSIBLE CHARGING STATION, 2 PORTS AT ALL OTHER EV CHARGER LOCATIONS. DATA: CELLULAR 4G LTE ENCLOSURE: BOLLARD - NEMA 3R CHARGING CONNECTION: SAE J1772
18	UTILIZE EXISTING PULLBOX FOR INSTALLATION OF NEW EV CHARGER. PROVIDE CONCRETE BASE PER MANUFACTURER'S RECOMMENDATION. ROUTE 2#8 + 1#10GRND FOR EV CHARGERS IN EXISTING CONDUITS BACK TO PANEL LSEV.
19	ALL FIXTURES (S1/S2B) SUPPLYING ILLUMINATION TO PLAYFIELD ARE TO BE CONTROLLED VIA RELAY. FOR FIXTURES SUPPLYING ILLUMINATION TO PUBLIC ACCESS WAYS AND AUTOMOTIVE HARDSCAPES SHALL BE CONTROLLED VIA ASTRONOMICAL TIMECLOCK.
20	PROVIDE (2) LIGHTING RELAYS TO CONTROL EACH PLAYFIELD SEPARATELY. LOCATE RELATES WITHIN A LOCKABLE NEMA 3R ENCLOSURE.
21	S2B-S1 FIXTURES ILLUMINATING THE PLAYFIELD ARE TO BE CONTROLLED SEPARATELY VIA RELAY. SEE NOTES 19 AND 20 FOR ADDITIONAL INFORMATION.
22	POWER AND CONTROL WIRING FOR MOTORIZED GATE TO BE ROUTED FROM ELECTRICAL ROOM. SEE MODULAR BUILDING PLANS FOR EXACT CIRCUIT TO BE USED.
23	EXISTING CONDUITS FOR FUTURE GYM, CAPPED IN PLACE.
24	PROVIDE 1" CONDUIT TO MDF ROOM FOR FIRE ALARM EQUIPMENT.

TABLE 5.106.5.3.1

TOTAL NUMBER OF ACTUAL PARKING SPACES	NUMBER OF REQUIRED EV CAPABLE SPACES	NUMBER OF EVCS (EV CAPABLE SPACES PROVIDED WITH EVSE)[2]
0–9	0	0
10–25	4	0
26–50	8	2
51–75	13	3
76–100	17	4
101–150	25	6
151–200	35	9
201 and over	20 percent of total[1]	25 percent of EV capable spaces[1]

1. Calculation for spaces shall be rounded up to the nearest whole number.
2. The number of required EVCS (EV capable spaces provided with EVSE) in column 3 count toward the total number of required EV capable spaces shown in column 2.

CCDB3

Electric Vehicle Capable Space, Charging Stations and Panel Calculations

Based on California Green Building Standards Code, Title 24, Part 11, 2022
(Chapter 5, Section 5.106.5.3)

Number of EV Capable Spaces and Charging Stations

1. Total number of Actual Parking Spaces: 57
2. Number of EV capable spaces shall be provided in accordance with Table 5.106.5.3.1, column 2: 13
3. Number of EV charging stations shall be provided in accordance with Table 5.106.5.3.1, column 3: 3

EV Panel Calculations

The EV panel is required to have a dedicated 40 amp minimum branch circuit and a minimum 30 amp load for each EV capable space (5.106.5.3.1)

Number of EV capable spaces:		13
Amps per charger:	32A	
VA at 208 volts, 1 phase:	6656VA	
Required VA for the given number of EV capable spaces:		86528VA
Required panel amps for given number of EV capable spaces at 208V, 3 phase:		240A

Re: Magnolia Science Academy 5 Project – Increment #2, Del Amo Construction
Prime Contract Change Order 025, Kana – RFI 45 Part 2

Dear Mr. Ontiveros,

Our team is in receipt of Del Amo's proposed Change Order regarding their subcontractor Kana's work related to RFI 45. We have reviewed and analyzed the Change Order for conformance to Contract Documents and reasonableness of labor time and material costs. Part of this work was submitted as a PCCO 010 – Kana North Building RFIs. The water line extension was inadvertently included in the description when the cost associated with the water line extension was not present in the previous change order. This change order includes the water line extension.

Background
As Kana was beginning to excavate to perform their building connections, it was determined that the Points of Connection provided by both DLR and Silver Creek subcontractor KAR Construction did not reflect the as-built conditions of the modular building. These deficiencies resulted in RFI 45 and a charge for labor and equipment costs related to the excavations that failed to locate any Points of Connection. The charges are documented as follows:

- Labor and Equipment charges related to the inability to locate Points of Connection documented on DLR-provided Civil Drawings and as-built drawings provided by Silver Creek and KAR Construction
- Charge for labor, material, and equipment to extend the water line to a new location as the point of connection documented on DLR Civil Drawings was not provided. (RFI 45)

Scope of Work
The scope of work includes extension of water line from point of connection documented on DLR Civil drawings to a new location between backflow preventor and modular building

Analysis and Cost
The proposed cost of this Change Order is: **$8,677.63**

We have reviewed Del Amo's proposed Change Order and find it fair and reasonable.

Based upon the information above and attached, we recommend approving this Change Order as submitted.

Best regards,

Re: Magnolia Science Academy 5 Project – Increment #2, Pro-Craft Construction (Solar)
Prime Contract Change Order 002, Solar Plan Revision

Dear Mr. Ontiveros,

Our team is in receipt of Pro-Craft's proposed Change Order regarding the revision of the solar drawings. We have reviewed and analyzed the Change Order for conformance to Contract Documents and reasonableness of labor time and material costs.

Background
Increment 1 CCDA modified the located of the trash enclosure such that it was shifted south and east 3 feet to avoid conflict with the existing and unforeseen CMU wall footing. This required parts of the western parking area to be redesigned to accommodate the shift. The solar design team was required to adjust their drawings to accommodate this shift which included plotting new locations for the solar array and equipment.

Scope of Work
Revise solar plans to accommodate the trash enclosure and western parking lot shift.

Analysis and Cost
The proposed cost of the Change Order is: **$6,336.96**

We have reviewed Pro-Craft's proposed Change Order and find it fair and reasonable.

Based upon the information above and attached, we recommend approving this Change Order as submitted.

Best regards,

Ilya Veyts

Description of Change: Redesign and engineer of Solar drawings

Redesign and engineer of Solar drawings

Exclusions: Contract exclusions apply.

Proposed Change Order Amount	**$6,336.96**

Standard Terms and Conditions of the Subcontract apply, including all exclusions. Additional Time required, does not include contract extension.

This change proposal is based on the usual cost elements such as labor, materials, and markup and does not include any amount for impacts such as interference, disruptions, rescheduling, and change in the sequence of work, delays and /or associate acceleration. We expressly reserve the right to submit our request for any of these items should we be faced with performing work under any of these conditions.

This cost proposal supersedes all previously submitted cost proposals relating to this same work. The work of other trades, which may be required to complete this change order, is not a part of this change proposal.

This cost proposal is valid until **06/21/2026** and void thereafter. All work affected by either the acceptance or rejection of the enclosed change order quotation is on hold pending notification.

Re: Magnolia Science Academy 5 Project – Increment #1, Pro-Craft Construction
Prime Contract Change Order 024, Extend Water and Fire Lines to New LADWP Meter Locations

Dear Mr. Ontiveros,

Our team is in receipt of Pro-Craft's proposed Change Order regarding the extension of water and fire lines to the relocated water and fire water meters. We have reviewed and analyzed the Change Order for conformance to Contract Documents and reasonableness of labor time and material costs.

Background
LADWP Water Division visited the site in early 2026 to verify the location of the water meters for future installation. It was determined that the location of the water meters proposed on DLR's construction plans did not meet LADWP standards as the meters were located on a slope in the Winnetka driveway. LADWP relocated the meters along Winnetka. This relocation required the extension of the water lines into the right-of-way from the MSA 5 property line including trenching, slurry, and backfill.

Scope of Work
The scope of work includes all material and labor to extend the water and fire lines to the new meter locations. The attached construction plans show the original meter placement and the new meter placement that requires the line extensions.

Analysis and Cost
The proposed cost of the Change Order is: **$122,654.68**

We have reviewed Pro-Craft's proposed Change Order and find it fair and reasonable.

Based upon the information above and attached, we recommend approving this Change Order as submitted.

Best regards,

Ilya Veyts

CONSTRUCTION NOTES:

STORM DRAIN:

1. INSTALL PVC SCHEDULE 40 STORM DRAIN LINE, SEE PLAN FOR SIZES. REFER TO DETAIL 4 ON SHEET C5.1.
2. INSTALL AWWA C900 PVC, PRESSURE CLASS 305(DR14) LINE PER DETAIL 4 ON SHEET C5.1. REFER TO PLAN FOR SIZES.
3. INSTALL CONCRETE THRUST BLOCK AND TIES FOR PRESSURIZED STORM WATER LINE. REFER TO DETAIL 1 ON SHEET C5.1.
4. INSTALL ADS N-12 WT, 36" PIPE. REFER TO DETAIL 3 ON SHEET C5.2. MINIMUM COVER FOR ADS N-12 WT PIPE IS 12".
5. INSTALL DUPLEX PUMP LIFT STATION PER DETAIL 1 ON SHEET C5.3.
7. INSTALL STORM DRAIN MANHOLE. REFER TO DETAIL 1 ON SHEET C5.2.
13. PROVIDE A 10" STUB OUT FOR FUTURE CONNECTION TO THE PLANTER BOXES.
15. PROVIDE A 10" STUB OUT FOR FUTURE CONNECTION TO PROPOSED TRENCH DRAIN.
16. CAP AND PLUG POINT OF CONNECTION TO PREVENT CLOGGING.

SANITARY SEWER:

20. INSTALL PVC SCHEDULE 40 DWV SANITARY SEWER LINE PER DETAIL 4 ON SHEET C5.1. SEE PLAN FOR SIZES.
21. CONNECT TO EXISTING MAIN SANITARY SEWER LINE. VERIFY SIZE IN FIELD AND PROVIDE REDUCING FITTINGS AND COUPLINGS AS NEEDED. CONTRACTOR TO VERIFY LOCATION IN FIELD PRIOR TO CONSTRUCTION/INSTALLATION OF SANITARY SEWER SYSTEM. CONTRACTOR TO OBTAIN ALL NECESSARY PERMITS PRIOR TO CONNECTION.
22. PROVIDE A 6" STUB OUT FOR FUTURE CONNECTION TO PROPOSED BUILDING.
23. INSTALL SEWER CLEANOUT. REFER TO DETAIL 4 ON SHEET C5.2.
24. INSTALL AREA DRAIN. REFER TO DETAIL 7 ON SHEET C5.0.
25. CAP AND PLUG POINT OF CONNECTION TO PREVENT CLOGGING.
26. INSTALL SEWER MANHOLE PER DETAIL SPPWC 200-4.

FIRE WATER:

40. INSTALL 6" AWWA C900 PVC, PRESSURE CLASS 305(DR14) FIRE WATER LINE PER DETAIL 4 ON SHEET C5.1.
41. INSTALL DOUBLE CHECK DETECTOR ASSEMBLY. REFER TO DETAIL 2 AND 5 ON SHEET C5.1.
42. INSTALL 6" WATER METER. COORDINATE WITH WATER PURVEYOR.
43. INSTALL FIRE DEPARTMENT CONNECTION. REFER TO DETAIL 5 ON SHEET C5.1.
44. PROVIDE 6" STUB OUT FOR FUTURE CONNECTION TO PROPOSED BUILDING.
45. INSTALL NEW CONCRETE THRUST BLOCK. REFER TO DETAIL 1 ON SHEET C5.1.
46. PROVIDE 6" STUB OUT FOR FUTURE CONNECTION TO PROPOSED FIRE HYDRANT.
47. CAP AND PLUG POINT OF CONNECTION TO PREVENT CLOGGING.

DOMESTIC WATER:

50. INSTALL NEW AWWA C900 PVC DOMESTIC WATER LINE PER DETAIL 4 ON SHEET C5.1.
51. CONNECT 3" DOMESTIC WATER LINE TO SERVICE LATERAL PER LADWP. COORDINATE WITH WATER PURVEYOR.
52. PROVIDE A 3" STUB OUT FOR FUTURE CONNECTION TO PROPOSED BUILDING.
53. INSTALL REDUCED PRESSURE PRINCIPLE ASSEMBLY. REFER TO DETAIL 3 ON SHEET C5.1.
54. INSTALL 3" WATER METER. COORDINATE WITH WATER PURVEYOR.
55. CAP AND PLUG POINT OF CONNECTION TO PREVENT CLOGGING.
56. INSTALL ACORN NO.8121-CP "BENT NOSE WITH FLANGE" HOSE BIBB, WALL MOUNTED, CHROME-PLATED POLISHED, WITH INTEGRAL VACUUM BREAKER, LOOSE KEY OPERATION.
57. PROVIDE A 3/4" STUB OUT FOR FUTURE CONNECTION TO PROPOSED BUILDING.

Description of Change: Costs for additional materal/labor to connect to LADWP

Costs for additional materal/labor to connect to LADWP utilites

Exclusions: Contract exclusions apply.
-base
-concrete patch back
-temp fence
permits
-off hour work
-meters/vauts
-bypasses

Proposed Change Order Amount **$122,654.68**

Standard Terms and Conditions of the Subcontract apply, including all exclusions. Additional Time required, does not include contract extension.

This change proposal is based on the usual cost elements such as labor, materials, and markup and does not include any amount for impacts such as interference, disruptions, rescheduling, and change in the sequence of work, delays and /or associate acceleration. We expressly reserve the right to submit our request for any of these items should we be faced with performing work under any of these conditions.

This cost proposal supersedes all previously submitted cost proposals relating to this same work. The work of other trades, which may be required to complete this change order, is not a part of this change proposal.

This cost proposal is valid until **05/22/2026** and void thereafter. All work affected by either the acceptance or rejection of the enclosed change order quotation is on hold pending notification.

Re: Magnolia Science Academy 5 Project – Increment #1, Pro-Craft Construction
Prime Contract Change Order 025, Mechanical Pad Modifications

Dear Mr. Ontiveros,

Our team is in receipt of Pro-Craft's proposed Change Order regarding the modification of the mechanical pad. We have reviewed and analyzed the Change Order for conformance to Contract Documents and reasonableness of labor time and material costs.

Background
It was determined that one of the backflow preventer connections extends beyond the edge of the mechanical pad which could create a potential hazard. GSE requested DLR extend the pad design by approximately 12 inches to eliminate this hazard and ensure no mechanical elements extend beyond the pad.

Scope of Work
The scope of work includes all material and labor to extend the mechanical pad by approximately 12 inches. Attached documentation shows the initial pad layout and the complete modified pad which negates any hazard.

Analysis and Cost
The proposed cost of the Change Order is: **$3,109.00**

We have reviewed Pro-Craft's proposed Change Order and find it fair and reasonable.

Based upon the information above and attached, we recommend approving this Change Order as submitted.

Best regards,

Ilya Veyts
Project Manager

Awaiting an Official Response

Modify the concrete pad to be a rectangular shape 8'x26'.
see mark-up on page 6.
(this will provide concrete surface to stand in front of FDC)

Question

Question from Andrea Arroyo Inland Building Construction Companies Inc *on Wednesday, Apr 29, 2026 at 12:44 PM PDT*

Regarding the mechanical pad current set of plans it shows the back of curb from the CMU wall at approximately 4'-9". Based on the attached pictures of the current location of the backflow location this will conflict with our curb. As the current backflow valve is at 4'-10".

Please confirm this is acceptable or provide new dimensions of the mechanical pad and curb location.

Please confirm it is acceptable to pour the pad and curbs as a monolithical pour.

Re: Magnolia Science Academy 5 Project – Increment #1, Pro-Craft Construction
Prime Contract Change Order 026, Trash Enclosure Gate Repairs/Modifications

Dear Mr. Ontiveros,

Our team is in receipt of Pro-Craft's proposed Change Order regarding the repair and modification of the trash enclosure. We have reviewed and analyzed the Change Order for conformance to Contract Documents and reasonableness of labor time and material costs.

Background
Upon completion of the trash enclosure, the contractor reported that the support posts for the gate appeared to be creating pulling and deflection of the posts (see attached documentation). GSE and the Inspector of Record determined the trash enclosure was constructed per plan therefore the contractor was not at fault for this issue. An RFI was created by the contractor and responded to by DLR. The RFI response directed the installation of bent plates to the trash enclosure to mitigate the weight of the gate.

Scope of Work
The scope of work includes all material and labor to install a bent plate at each post.

Analysis and Cost
The proposed cost of the Change Order is: **$3,341.98**

We have reviewed Pro-Craft's proposed Change Order and find it fair and reasonable.

Based upon the information above and attached, we recommend approving this Change Order as submitted.

Best regards,

Ilya Veyts
Project Manager

Question

Question from Timothy Feinauer Inland Building Construction Companies Inc *on Wednesday, May 13, 2026 at 01:15 PM PDT*

At Magnolia, the trash enclosure gate posts and leaves were fabricated and installed per Details AE/AS2.2 and 1/S4.2, and sub 055000.1 detail 2/TG111. However after the leaves were installed on the posts, the posts could not withstand the weight of the gates causing pulling and deflection of the posts.

See attached and advise how to proceed.

RFI# 74-repairs to Trash enclosure gate

Exclusions: Contract exclusions apply.

Proposed Change Order Amount **$3,341.98**

Standard Terms and Conditions of the Subcontract apply, including all exclusions. Additional Time required, does not include contract extension.

This change proposal is based on the usual cost elements such as labor, materials, and markup and does not include any amount for impacts such as interference, disruptions, rescheduling, and change in the sequence of work, delays and /or associate acceleration. We expressly reserve the right to submit our request for any of these items should we be faced with performing work under any of these conditions.

This cost proposal supersedes all previously submitted cost proposals relating to this same work. The work of other trades, which may be required to complete this change order, is not a part of this change proposal.

This cost proposal is valid until **06/26/2026** and void thereafter. All work affected by either the acceptance or rejection of the enclosed change order quotation is on hold pending notification.

Re: Magnolia Science Academy 5 Project – Increment #1, Pro-Craft Construction
Prime Contract Change Order 027, Over Excavation and Fine Grade

Dear Mr. Ontiveros,

Our team is in receipt of Pro-Craft's proposed Change Order regarding additional over excavation and fine grade at the northern part of the modular building. We have reviewed and analyzed the Change Order for conformance to Contract Documents and reasonableness of labor time and material costs.

Background
DLR submitted Increment 1 CCDA requesting 3 foot shift of trash enclosure due to unforeseen existing CMU wall footings. Additional changes included minor grading and utility relocations as well as electrical revisions related to conduit and pull box locations. After review, DSA requested further modification to the over excavation to accommodate the footings for the modular building stairs and lunch shelter. Despite knowing the existence of the modular building stair footings and lunch shelter footings, DLR did not include these footings in the Increment 1 drawings. It appears that based on the timeline of DSA review, that DSA attempted to correct a previous "miss" in the drawings by incorporating this requirement months after plan approval.

This change order incorporates the cost to perform the over excavation and the areas shown in the attached documentation. In addition, fine grading is required at the north end of the modular building due to Del Amo Construction not including this work within their scope of work for Increment 2. Due to time and cost constraints, it was determined that it was more efficient to have the work performed by the Increment 1 team while they are on site performing the over excavation.

Scope of Work
The scope of work includes all equipment and labor to perform the over excavation in the courtyard and detailed in the attached documentation. In addition, the scope of work includes all equipment and labor to perform the fine grade on the northern portion of the building as shown on the attached documentation.

Analysis and Cost
The proposed cost of the Change Order is: **$56,315.37**

We have reviewed Pro-Craft's proposed Change Order and find it fair and reasonable.

Based upon the information above and attached, we recommend approving this Change Order as submitted.

Best regards,

FIRE & LIFE SAFETY SITE CONDITIONS SUBMITTAL

Division of the State Architect (DSA) documents referenced within this publication are available on the DSA Forms or DSA Publications webpages.

To facilitate the Division of the State Architect's (DSA) fire and life safety plan review of project site conditions, DSA requires the design professional to provide the following information at time of project submittal for projects consisting of construction of a new campus, construction of new building(s), additions to existing buildings, and for site alternate design means for fire department emergency vehicle access, and fire suppression water supply.

Information associated with compliance items 1 through 3 below is to be provided for all project types indicated above. Information associated with items 4 through 7 is to be completed when an alternate means is utilized. Acknowledgement by the school district and signature from the Local Fire Authority (LFA) is only required when an alternate design means is being requested.

The Project Information and Fire & Life Safety Information sections are to be completed for all projects and imaged onto the fire access site plan. When an alternate design/means is proposed, all sections on pages 1 and 2 are to be completed and imaged on the fire access site plan.

For additional information refer to the instructions at the end of this form and DSA Policy *PL 09-01: Fire Flow for Buildings*.

PROJECT INFORMATION	
School District/Owner:	
Project Name/School:

Description of Change: Costs for courtyard overex and fine grade

Costs for courtyard overex and fine grade for INc.#2 work per Gateways request and provided drawings to show whats needed.

Exclusions: Contract exclusions apply.
-

Proposed Change Order Amount **$56,351.37**

Standard Terms and Conditions of the Subcontract apply, including all exclusions. Additional Time required, does not include contract extension.

This change proposal is based on the usual cost elements such as labor, materials, and markup and does not include any amount for impacts such as interference, disruptions, rescheduling, and change in the sequence of work, delays and /or associate acceleration. We expressly reserve the right to submit our request for any of these items should we be faced with performing work under any of these conditions.

This cost proposal supersedes all previously submitted cost proposals relating to this same work. The work of other trades, which may be required to complete this change order, is not a part of this change proposal.

This cost proposal is valid until **07/03/2026** and void thereafter. All work affected by either the acceptance or rejection of the enclosed change order quotation is on hold pending notification.

Scope of Work

Payments shall be made in full within 30 days of invoice date.

Cost to provide additional over excavation as shown on revised drawings provided. Cost includes area of fine grading as requested. Cost is based on a single mobilization. Cost includes all materials, labor, and equipment as required to complete scope requested.

Exclusions

Scope of work is only limited to description above, no other work shall be included.
Water meter and cost of water.
A minimum of 15 working days scheduling notice is required.
No material testing or abatement.
Engineering, testing, inspections, permits and cost of same.
Survey for any and all items, survey shall be provided within 72 hours of request.
Not responsible for any damages to underground utilities.
SWPPPS, Implementation of SWPPPS, maintenance of SWPPPS, relocation or disposal of SWPPPS.
Installation, relocation or removal of temporary fencing.
Price based on normal weekday working hours.
All areas must be clear of all vehicles and objects prior to our arrival and accessible to our equipment and delivery trucks.
Any painting prep, touch up painting, painting
Any Waterproofing of any kind.
Relocation or adjusting of man holes, valve cans, valve boxes, electrical boxes.
Dewatering, removal of any water as required to complete scope of work.
Site cleaning, removal of trade debris to complete scope of work. Removal of debris shall be our own scope only.

Company Proposal

We, H L Hitchcock Construction, propose the above scope of work, to be complete by July 31, 2026 for the Total Amount of:

$52,359.00

Re: Magnolia Science Academy 5 Project – Increment #2, Silver Creek Modular
Prime Contract Change Order 009, Over Excavation

Dear Mr. Ontiveros,

Our team is in receipt of Silver Creek's proposed Change Order regarding over excavation at modular building stairs footings. We have reviewed and analyzed the Change Order for conformance to Contract Documents and reasonableness of labor time and material costs.

Background
In order to avoid delays to the required over excavation, SCM was directed to proceed with over excavation only in areas where the stairs footings would be poured. Upon completion of the work and review with the DSA Field Engineer, it was determined that the entirety of the area was to be over excavated rather than portions. The portions of work that include over excavation of only the stair footings is covered by this Change Order.

Scope of Work
The scope of work includes partial over excavation of areas containing the modular building stairs footings.

Analysis and Cost
The proposed cost of the Change Order is: **$11,945.33**

We have reviewed Silver Creek's proposed Change Order and find it fair and reasonable.

Based upon the information above and attached, we recommend approving this Change Order as submitted.

Best regards,

Ilya Veyts

POTENTIAL CHANGE ORDER TITLE: CE #018 - OVER X & RECOMPACTION

CHANGE REASON: Unforseen Site Conditions

POTENTIAL CHANGE ORDER DESCRIPTION: *(The Contract Is Changed As Follows)*
CE #018 - OVER X & RECOMPACTION
THIS CHANGE ORDER IS FOR THE ADDITIONAL SCOPE OF WORK THAT WAS MISSED DURING INCREMENT 1 OER-EX. THIS CHANGE ORDER INCLUDES SCM SUBCONTRACTOR TO PERFORM PRESCRIBED OVER EXCAVATION AND THEN RECOMPACTION PER RECOMMENDED INSTRUCTIONS BY SOILS ENGINEER FOR THE SCM STAIR SYSTEMS AND VERTICAL COLUMNS THAT SUPPORT THE STAIRS AND BALCONY.

PROPOSED OWNER CHANGE ORDER # 11

OWNER CHANGE ORDER [X] **IN-HOUSE CHANGE ORDER** [ ]

DATE: 4/23/2026
PROJECT NAME: Magnolia Science Academy
PROJECT OWNER: Magnolia School District

PER THE PROJECT ABOVE, SILVER CREEK MODULAR, LLC. PROPOSES TO FURNISH ALL LABOR AND MATERIAL AS DESCRIBED BELOW, FOR THE SUM OF:

$ 11,945.33

DESCRIPTION OF WORK: PCO-11 STAIR-COLUMN FOOTINGS - ADDED OVER X - RECOMPACT - THIS ADDED CHANGE IS DUE TO THE MISSED OVER EXCAVATION IN THE COURT YARD AREA. THIS CHANGE INCLUDES THE EXCAVATION OF SCM COLUMN AND STAIRWAY FOOTINGS WITH ALSO THE RECOMPACTION OF THOSE FOOTING AREAS ONLY.

TOTAL OF ALL SUBCONTRACTORS WORK:		$	11,117.20
GENERAL SUBCONTRACTOR MARK-UP:	5%	$	555.86
SUB-TOTAL:		$	11,673.06
TOTAL WORK BY GENERAL		$	140.00
GENERAL CONTRACTOR MARK-UP	10%	$	14.00

REINFORCING + ANCHOR PLATE NOTES

1. MATERIAL: ALL REINFORCING STEEL SHALL BE BILLET STEEL PER ASTM A-615 GRADE 60. EXCEPT WELDED REINFORCING SHALL BE ASTM A706 GRADE 60.
2. SPLICES: SEE 14/F-1.90
3. REINFORCING FABRICATION AND PLACEMENT: FABRICATION AND PLACING OF REINFORCING SHALL CONFORM TO THE "CODE OF STANDARD PRACTICE AND SPECIFICATIONS FOR PLACING REINFORCEMENT OF THE CONCRETE REINFORCING STEEL INSTITUTE".
4. MINIMUM COVERAGE: ALL REINFORCING SHALL HAVE THE FOLLOWING MINIMUM COVERAGE WITH CONCRETE:

LOCATION	AMOUNT
FORMED EARTH	2"
CONCRETE CAST AGAINST AND PERMANENTLY EXPOED EARTH	3"
WALL-EXPOSED FACE	
#5 OR SMALLER	2"
#6 OR LARGER	2"
WALL-UNEXPOSED FACE	3/4"

5. SEE 15/F-1.92 FOR TYPICAL BENDING REQUIREMENTS
6. SEE FOOTING DETAILS FOR REINFORCING BAR SIZES + QTY

CONCRETE NOTES

1. FURNISH AND INSTALL ALL CONCRETE WORK AS SHOWN ON THE DRAWINGS AND AS SPECIFIED.
2. EXCEPT AS MODIFIED BY THE REQUIREMENTS SPECIFIED HEREIN AND / OR THE DETAILS ON THE DRAWINGS, ALL WORK INCLUDED IN THIS SECTION SHALL CONFORM TO THE APPLICABLE PROVISIONS OF CODES AND STANDARDS.
   a) ALL WORK AND MATERIALS SHALL CONFORM TO TITLE 24, CALIFORNIA CODE OF REGULATIONS, AND CHAPTER 19A.
   b) AMERICAN CONCRETE INSTITUTE (ACI): BUILDING CODE REQUIREMENTS FOR REINFORCED CONCRETE, ACI318.
   c) AMERICAN SOCIETY FOR TESTING AND MATERIALS (ASTM): THE SPECIFICATIONS AND STANDARDS HEREINAFTER REFERENCED TO SHALL BE OF THE LATEST ADOPTED EDITION.
3. CONCRETE FOUNDATION TESTS AND INSPECTIONS SHALL BE THE RESPONSIBILITY OF THE ARCHITECT AND OR INSPECTOR.
4. DESIGN MIXES SHALL BE AS SPECIFIED IN TITLE 24. CONCRETE STRENGTH AT 28 DAYS SHALL BE AS FOLLOWS: NORMAL WEIGHT - 4,000 PSI (MIN), LIGHT WEIGHT - 3,000 PSI (MIN). ALL CONCRETE SHALL BE NORMAL WEIGHT EXCEPT LIGHT WEIGHT CONCRETE SHALL BE USED FOR FILL OVER METAL DECK
5. FORMS SHALL BE SUBSTANTIAL, PLUMB, LEVEL, SQUARE, TRUE TO LINE, WATER TIGHT AND ACCURATE TO THE DIMENSIONS REQUIRED.
6. THE ARCHITECT/ENGINEER SHALL APPROVE LOCATION OF:
   a) OPENINGS FOR MECHANICAL, PLUMBING, FIRE SPRINKLER AND ELECTRICAL: PROVIDE FOR OPENINGS IN THE CONCRETE WITH THE TRADE(S) INVOLVED AND INSTALL SLEEVES AS MAY BE REQUIRED. SLEEVES SHALL OCCUR IN THE VERTICAL RETAINING WALL / STEMWALL AND SHALL BE PLACED TO AVOID REINFORCING. SEE DETAIL 9/F-1.91.
7. VARIANCE IN CONCRETE SLAB SURFACE SHALL BE NO MORE THAN 1/16" IN 10 FEET
8. ALL CEMENT SHALL BE TYPE II/V PER ASTM C-150.
9. WATER / CEMENT RATIO = .50 MAX
10. AGGREGATE SHALL BE 3/4" TO 1 1/2" MAXIMUM SIZE BUT NOT MORE THAN 3/4 OF MINIMUM CLEAR BAR SPACING.
11. ANCHOR BOLTS, DOWELS, REINFORCING STEEL, AND EMBEDDED ITEMS ARE TO BE SECURELY TIED IN PLACE BEFORE CONCRETE IS POURED.
12. REFER TO ARCHITECTURAL, ELECTRICAL, AND MECHANICAL PLANS FOR SLEEVES, INSERTS CURBS, DEPRESSED AREAS, AND ETC.
13. CONCRETE MIX REQUIRED: CONTRACTOR SHALL SUBMIT CONCRETE MIX DESIGN FOR FOOTINGS TO PROFESSIONAL OF RECORD FOR APPROVAL PRIOR TO POURING CONCRETE.
14. SEE 6/F-1.90 FOR TYPICAL REINFORCEMENT AT CORNERS AND INTERSECTIONS.
15. SEE 9+21/F-1.91 FOR TYPICAL SLEEVING AT FOUNDATIONS.
16. PROVIDE SHOP DRAWINGS FOR REINFORCING AND ANCHOR PLATE LOCATIONS PRIOR TO CONSTRUCTING THE FOUNDATION.
17. PROVIDE CONCRETE ENCASEMENT AT BELOW GRADE STAIR/LANDING COLUMNS PER 23/F-1.91.
18. PROVIDE 2" CONCRETE RODENT SLURRY OVER ENTIRE CRAWLSPACE
19. A COLD JOINT MAY BE PROVIDED BETWEEN THE FOOTING AND THE VERTICAL FOUNDATION WALL/PIER. IF A COLD JOINT IS USED THE JOINT SHALL BE KEYED (2.54" MIN WIDE x 1.5" DEEP) AND ROUGHENED TO 1/4" AMPLITUDE. ALL VERTICAL REINFORCING WHICH CROSSES THE JOINT SHALL BE IN PLACE PRIOR TO THE PLACEMENT OF CONCRETE.

FOUNDATION NOTES

1. BUILDING PAD SHALL BE PREPARED AS INDICATED IN THE GEOTECHNICAL REPORT.
2. FINAL GRADING SHALL PROVIDE POSITIVE DRAINAGE AWAY FROM THE BUILDING.
3. GEOTECHNICAL REPORT

Approval of Extension and Amendment of Lease for 18355 Roscoe

Section: VII. Action Items
Item: Q. Approval of Extension and Amendment of Lease for 18355 Roscoe
Purpose: Vote
Submitted by:
Related Material:
VII.Q - Approval of Lease Amendment and Rent Adjustment for Magnolia Science Academy-7, 18355 Roscoe Boulevard, Northridge, CA 91325 (Final).pdf

Agenda Item:	VII.Q - Action Item
Date:	June 17, 2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Patrick Ontiveros, General Counsel & Director of Facilities Mustafa Sahin Facilities Project Manager Katrina Jimenez, Assistant Project Manager
RE:	Approval of Lease Amendment and Rent Adjustment for Magnolia Science Academy-7, 18355 Roscoe Boulevard, Northridge, CA 91325

Action Proposed:

MPS staff recommends and moves that the Board approve the Amendment to Lease between Magnolia Educational & Research Foundation dba Magnolia Public Schools ("MPS") and The House LA, Inc. for the continued operation of Magnolia Science Academy-7 ("MSA-7") located at 18355 Roscoe Boulevard, Northridge, California 91325.

Staff further requests authorization for MPS administration to negotiate, finalize, and execute all documents necessary to implement the lease amendment in a form deemed appropriate and in the best interest of MPS.

Purpose:

The purpose of this action is to secure long-term site stability for Magnolia Science Academy-7 by extending the existing lease agreement and obtaining Board approval for the associated rent adjustment.

Background:

Magnolia Science Academy-7 has operated successfully at 18355 Roscoe Boulevard since 2012 under a lease agreement with The House LA, Inc. (formerly First Lutheran Church of Northridge). The campus serves students in the Northridge community and remains an important educational asset within the Magnolia Public Schools network. The current lease extension expires on July 31, 2027. Following discussions with the landlord, MPS negotiated an amendment that extends the lease for an additional three years through July 31, 2030 and includes two additional one-year renewal options.

The proposed amendment attached as Exhibit A extends the lease term for an additional three (3) years from August 1, 2027 through July 31, 2030, and provides two additional one-year extension options. The amendment also establishes the following monthly base rent schedule:

• August 1, 2027 – July 31, 2028: $41,250.00 per month
• August 1, 2028 – July 31, 2029: $42,487.50 per month
• August 1, 2029 – July 31, 2030: $43,762.13 per month

Under the current lease extension, the monthly rent is $23,485.92. The proposed amendment adjusts the rent to current market conditions and establishes a new rental schedule beginning August 1, 2027.
The amendment also includes:
• Two additional one-year renewal options with annual rent increases of 3%.
• Updated security deposit equal to one month of rent at the end of the initial extension term.
• Continued maintenance services at $800 per month.
• Clarification regarding trash collection cost sharing and property tax obligations.
• Expanded signage rights for the school.

Analysis & Impact:

Approval of the lease amendment will provide long-term occupancy certainty for MSA-7 and allow MPS to continue serving students at this established campus location without disruption.
While the amendment results in a significant increase in monthly rent, staff believes the extension is in the best interest of MPS for the following reasons:
• The campus is fully operational and strategically located within a community currently served by MSA-7.
• Relocating the school would require substantial capital investment, regulatory approvals, and operational disruptions.
• The amendment secures occupancy through July 2030, with the potential to remain through July 2032 if renewal options are exercised.
• The negotiated annual increases during the extension and option periods are limited to 3%, providing predictable future occupancy costs.
• Continued site stability supports enrollment retention, academic continuity, and long-term planning.
The lease extension eliminates the uncertainty associated with the approaching expiration date and provides MPS with the ability to continue operating MSA-7 at its current location for the foreseeable future.

Budget Implications:

The monthly rent for the 2025-26 school year was $26,433.61 per month. The monthly rent for the 2026-27 school year will be $27,226.62. Starting with the 2027-28 school year the lease amendment will increase occupancy costs beginning August 1, 2027 as follows:

Proposed Monthly Rent:
• 2027-2028: $41,250.00 per month
• 2028-2029: $42,487.50 per month
• 2029-2030: $43,762.13 per month

The amendment also requires an additional security deposit contribution of $20,276.21, increasing the total security deposit held by the landlord to $43,762.13.

These costs will be incorporated into MPS's future operating budgets for MSA-7 and are anticipated to be funded through the school's ongoing operational revenues.

Exhibits:

- Exhibit A – Amendment to Lease between The House LA, Inc. and Magnolia Educational & Research Foundation
- Exhibit B – Existing Lease Extension Terms

AMENDMENT TO LEASE

THIS AMENDMENT TO LEASE (this "Amendment") is made and entered into as of this 4th day of June __, 2026 (the "Effective Date"), by and between The House LA, Inc., a California nonprofit corporation, formerly known as First Lutheran Church of Northridge, a California nonprofit corporation and as LIFEhouse Church ("Lessor"), on the one hand, and Magnolia Educational & Research Foundation, a California nonprofit public benefit corporation doing business as Magnolia Public Schools and also doing business as Magnolia Science Academy - 7 ("Lessee"), on the other. Lessor and Lessee are sometimes referred to individually as a "Party" and collectively as the "Parties".

RECITALS

A. Lessor and Lessee entered into that certain Standard Industrial/Commercial Single-Tenant Lease – Gross dated for reference purposes only December 1, 2011, including those certain Lease Provisions and Addendum to Lease attached thereto (collectively the "Original Lease"), as amended by that certain Lease Extension Terms dated June 20, 2017 (the "Lease Extension Terms") for certain premises having the following address: 18355 Roscoe Boulevard, Northridge, CA 91325, as further defined in the Lease (the "Premises"). The Lease and the Lease Extension Terms and this Amendment shall sometimes be collectively referred to as the "Lease").

B. Lessor and Lessee desire to amend the Lease to extend the Term, provide Lessee with additional options to extend the Term, and certain other changes all as further set forth herein.

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, and in consideration of the terms and conditions hereinafter set forth, the Parties hereby agree to amend the Lease, as follows:

AGREEMENT

1. Defined Terms. Except as otherwise provided, all capitalized words and phrases are defined herein in accordance with their meaning ascribed to them in the Lease.

2. Incorporation of Recitals. The Parties hereby incorporate into this Amendment each and every one of the Recitals contained in Paragraphs A through B above, inclusive, as though fully set forth herein.

3. Extension of Term. Lessor and Lessee hereby agree that the Lease is hereby extended as of the Effective Date for an additional period of three (3) years commencing on August 1, 2027, and expiring July 31, 2030 (the "Extended Term").

4. Monthly Base Rent. The Monthly Base Rent that shall be payable for the Extended Term shall be as follows:

August 1, 2027 – July 31, 2028	$41,250.00
August 1, 2028 – July 31, 2029	$42,487.50
August 1, 2029 – July 31, 2030	$43,762.13

5. Options to Extend Term.

(a) Lessor hereby grants to Lessee two (2) options to extend the Term of this Lease each for a period of one (1) year (ach an "Additional Option Term") on the same terms and conditions as the Extended

Term, provided however that the monthly Base Rent during each Additional Option Term shall increase by three percent (3.0%) over the monthly Base Rent in effect immediately prior to the Additional Option Term. Tenant must notify Landlord in writing of Tenant's intention to exercise each Additional Option Term at least eighteen (18) months prior to the expiration of either the Extended Term or the first Additional Option Term (the "Renewal Deadline"), or such right shall automatically expire.

(b) All of the terms and conditions of the Lease, except where specifically modified by this Amendment, shall apply during each Additional Option Term.

6. Security Deposit. Upon full execution of this Amendment, Lessee shall deposit with Lessor an additional Security Deposit in the amount of $20,276.21, which shall be held by Lessor pursuant to Paragraph 5 of the Original Lease along with the $23,485.92 currently being held by Lessor for the Premises (for a total Security Deposit of $43,762.13), as security for the performance by Lessee of Lessee's obligations under the Lease.

7. Signage. Lessee shall be allowed to place the maximum signage permitted by applicable laws and regulations on the exterior walls of the Premises and at the front entrance from Roscoe Boulevard and Reseda Boulevard, provided that such signage shall not exceed the size of the existing Landlord sign, which signage may include Lessee's school script and logo. All signs shall be installed and maintained in a first class and professional manner at Lessee's expense, and shall comply with all Applicable Requirements and are subject to Lessor's prior written consent, which consent shall not be unreasonably withheld, conditioned or delayed. All signage shall be consistent with the mission and values of Lessor, as well as consistent with the architecture of the Project and the overall aesthetic of the Project. Lessee shall obtain all necessary governmental approvals and permits before installing such signage. Lessor shall assist Lessee in obtaining any necessary governmental approvals or permits, including by executing necessary applications, but any associated costs shall be borne by Lessee, including any shared signage.

8. Trash Collection Costs. The "Trash Collection" provision set forth in the Lease Extension Terms is hereby deleted in its entirety and replaced with the following: "Commencing upon the full execution of this Amendment, Tenant shall pay for two-thirds (2/3) of the monthly cost for the trash collection service provider."

9. Maintenance Team Payments. In addition to Base Rent, Tenant shall continue to pay to Landlord the sum of Eight Hundred Dollars ($800.00) per month for the Maintenance Team duties which payments shall be part of the Rent.

10. Real Property Taxes. The Parties acknowledge that the Original Lease contains provisions regarding real property tax allocations and reimbursement obligations (See Paragraph 10 of the Original Lease and Paragraph 4 of the Addendum). For purposes of clarification and continuation of the existing lease framework, Lessee shall remain responsible for any increase in real property taxes, assessments, fees, or governmental charges attributable to Lessee's occupancy, use, operations, improvements, signage, additions, or any reduction in tax-exempt status attributable to Lessee's operations. For purposes of this Lease, the baseline property tax obligation shall be the amount of real property taxes assessed for the 2024–2025 tax year, excluding any reassessment, reduction in exemption, or additional taxes attributable to Lessee's occupancy, use, improvements, or operations. Any such increases shall be reimbursed by Lessee to Lessor within thirty (30) days of written notice and supporting documentation.

11. Brokerage. Each of Lessor and Lessee represents and warrants to the other that it has had no dealings with any broker, finder, or similar person in connection with the negotiation of this Amendment or the consummation of the transactions contemplated hereby other than Lessee's broker, Peak Facility Partners ("Lessee's Broker") and Lessor's broker, Coast Capital Consulting, Inc. ("Lessor's Broker"), and

Powered by BoardOnTrack

that, other than Lessee's Broker and Lessor's Broker, no broker, finder, or other person, firm, or entity is entitled to any commission or finder's fee in connection with such transactions by virtue of any dealings or actions of the representing and warranting party. Upon full execution of this Amendment, Landlord and Lessee shall compensate their respective broker pursuant to separate agreements.

12. Miscellaneous Provisions.

a. Ratification. Except as amended and/or modified by this Amendment, the Lease is hereby ratified and confirmed and all other terms of the Lease shall remain in full force and effect, unaltered and unchanged by this Amendment.

b. Conflicts. In the event of any inconsistency or conflict between the terms of the Lease and the terms of this Amendment, the terms of this Amendment shall prevail and control.

c. Counterparts. This Amendment may be signed in multiple counterparts, each of which shall be deemed an original but all of which together, shall constitute one and the same binding agreement.

d. Electronic Signatures. This Amendment may be executed through an "Electronic Signature", including without limitation an electronic signature procured through an online digital signature service, such as "DocuSign". Any execution of this Amendment by an electronic signature shall be valid, effective and binding upon the Party executing.

e. Entire Agreement. This Amendment reflects, supersedes and merges all the prior oral agreements and negotiations of the Parties regarding the subject matter of this Amendment. In the event that any term or provision of this Amendment shall become or be held to be illegal, null or void, or against public policy, for any reason, the remaining portions of this Amendment shall not be affected and shall remain in force and effect.

IN WITNESS WHEREOF, the Parties hereto have executed the Amendment as of the day and year above written.

Magnolia Science Academy 7
Lease Extension Terms
2017-2022

The following lease extension terms and conditions shall be incorporated as an exhibit to the executed lease between Lessor, First Lutheran Church of Northridge (LIFEhouse Church), and Lessee, Magnolia Science Academy 7, for premises located at 18355 Roscoe Blvd., Northridge, California, 91325.

Rent Schedule
In continuing the established rental increases of 3% per year in the lease, below is a schedule of the monthly lease amounts due by year, beginning August 1st of each year.

August 1, 2017: $20,866.93 / month
August 1, 2018: $21,492.94 / month
August 1, 2019: $22,137.73 / month
August 1, 2020: $22,801.86 / month
August 1, 2021: $23,485.92 / month

Security Deposit
The security deposit will need to be updated to the monthly lease amount of the fifth year of the lease extension, 2021, per the terms in the lease agreement. The original deposit was $20,259.16. This amount will be updated to $23,485.92. The difference of $3,226.76 shall be deposited with Lessor via a check.

Additional Costs
Trash Collection
MSA-7 has had a fixed rate of $634.02 per month for trash bin collection. Trash shall be $634.02/month until August 1, 2017. The amount will be adjusted according to the new contract with the trash collection service provider.

Recycling Bin
As of August 1, 2017 the cost of the city required recycling bin will be split 50/50. Based on the current rate, the school portion would be $50.50/month. The amount will be adjusted according to the new contract with the trash collection service provider.

Maintenance Personnel
The wage for maintenance personnel shall be $16 per hour. The school shall pay $11,232/year or $936/month.

Will continue in the second page.

SCHOOL BROKERAGE

BUSINESS AND REAL ESTATE
SERVICES FOR SCHOOLS

Addendum to Lease The following is an addendum to the lease dated December 1, 2011 between First Lutheran Church of Northridge ("Lessor") and Magnolia Science Academy - 7 ("Lessee") for the school premises located at: 18355 Roscoe Blvd. Northridge, CA 91325. The terms and conditions herein supersede the terms of the lease. In the event of conflict between the terms on the lease and those on this addendum, the terms of addendum will prevail.

LEASE TERMS:

1. January 1, 2012 through July 31, 2012, monthly rental rate shall be $14,000 per month.

   Annual base rent and rental increases shall be 3% annually beginning per the below five year schedule.

   August 1, 2012: $18,000/month
   August 1, 2013: $18,540/month
   August 1, 2014: $19,096.20/month
   August 1, 2015: $19,669.09/month
   August 1, 2016: $20,259.16/month

2. Lessee shall have a five year lease with two five year renewal options. As long as Lessee is not in breach of contract and has abided by all the terms stated in this lease, Lessee shall have the right to exercise the renewal option by sending a written request to Lessor six months prior to the end of the lease term.

3. Upon lease execution lessee shall deliver security deposit equal to last month's rent of $20,259.16 as well as first month rent of $14,000 for a total of $34,259.16.

PROPERTY TAX:

4. Lessee shall seek property tax exemption under nonprofit status.

MAINTENANCE/UTILITIES:

5. Beginning January 1, 2012, Lessee shall be responsible for all of its own utilities, including electrical, gas, trash, telephone, cable, internet, alarm system, etc. The school building and grounds has its own set of utility meters:
   - Water meters = #CAN 1058588361 and #CAN 1058580476
   - Electric = #CAN 10583141131
   - Gas = #10911207008
   - Trash- To be determined
6. Beginning January 1, 2012, Lessee shall be responsible for its own janitorial expenses and supplies. Additionally, beginning January 1, 2012, Lessee agrees to pay current "maintenance team" $10,000 per year –

Re

5.B.

paid monthly in exchange for 13.5 hours per week (between 8:00am and 12:00pm Monday - Friday) of maintenance/upkeep of school grounds.

Maintenance Team duties are:

- Light janitorial and light maintenance:
- Cleaning the driveways and parking lot in the mornings
- Making sure that the playgrounds are clean and clear of debris
- Light plumbing
- Light cleaning of inside and outside of school buildings
- Fixing small problems such as doing paint work, handiwork, etc.

7. Lessor shall be responsible for the structural maintenance of the property and buildings (roof, walls, playgrounds and parking surfaces. Lessee shall be responsible for routine maintenance of A/C, plumbing in Lessee's buildings and any repairs and damages caused to the property by one of its agents, students, parents, and staff.

SUBLET/ASSIGNEMENT

8. In addition to the language in the lease regarding subletting, the following shall be added: Lessor shall not unreasonably withhold approval of Lessee's sublessee if the sublessee meets and complies with the terms of this lease and contingent upon Lessor's approval of sublessee's finances.

TENANT IMPROVEMENTS:

9. Lessee shall be responsible for all tenant improvements, permits and upgrades necessary in order to obtain required approvals from all government agencies. Lessee shall be responsible for performing all tenant improvements according current codes.

CONDITION OF PREMISES:

10. Lessor shall deliver the Premises in its current "AS IS" Condition with all mechanical, plumbing, electrical systems in good working order.

SIGNAGE:

11. Lessor shall permit Lessee at Lessee's sole cost and expense, with Lessor's approval in regards to size, placement and content, to install signage facing Roscoe Blvd, in compliance with Los Angeles City and County regulations.

PARKING AND SHARED USE:

12. Shared use shall mean the following: Lessee has reasonable access and use of the property 24 hours a day, 7 days a week, with the exception of using the field, court, and playgrounds from 5:00pm on Friday thru 6:00am on Monday. If Lessee wishes to use property (field. court and playground) during those times, Lessee must obtain

DL

5.B.

prior written permission from Lessor. Lessee shall allow Lessor, for the Lessor's own purposes, per the following:

- Three weekday nights from 6:30pm – 9:00pm – Multipurpose Room, Two Classrooms, Restrooms, Courts and Field.
- Saturday mornings from 9:00am – 12:00pm – Two Classrooms.
- Sunday mornings from 8:00am – 1:00pm – Multipurpose Room, Two Classrooms and Restrooms.

Lessor shall clean classrooms, multipurpose room and restrooms, immediately after their use. Lessor shall be responsible for any lost, broken or damaged items resulting from the use of the multipurpose room, classrooms, restrooms, courts and field.

Lessor shall work with Lessee in regards to the above shared use, so as to enable Lessee's uses are met.

Lessee shall not deny Lessor access to the pre-school. Such access is through the sports courts and parking lot and Lessor shall have that unrestricted access 24/7.

13. Lessee shall have unrestricted use of the parking during regular school hours so as to conduct regular school business (drop off- pick up- staff parking). Use of the parking lot for " after school programs" during weekends and after school hours which could have an impact on the Church's use of the parking lot, shall be discussed by Lessee and Lessor prior to such events being held. Lessor shall not unreasonably withhold such approval.

FINANCIAL STATEMENTS:

14. Supply us with financial statements showing Magnolia's ability to maintain the school at the 279 CUP maximum enrollment.

15. Lessor shall be responsible for any physical alternations that need to be made to the property/parking as mandated by the CUP. Lessee shall be responsible for adhering to the conditions imposed by the CUP.

REPRESENTATION AND BROKERAGE FEES:

16. Katalina Klein –School Brokerage is the brokerage representing Lessor and shall be receiving a commission equal to 2% ($24,895.47) of the first term value of the lease paid in full upon execution of lease documents. Kismet Investment Properties Inc. is the brokerage representing the Lessee and shall receive a commission from the Lessor in the amount of 2% of the total value of the first term of the lease, payable in full upon execution of lease documents. [$1,244,773.40 (first term value) x 2% = $24,895.47]

    In addition Kismet Investment Properties Inc. shall receive a commission from the Lessee in the amount of 0.5% of the total value of the first term of the lease upon execution of the lease.

2. **Premises.**

2.1 **Letting.** Lessor hereby leases to Lessee, and Lessee hereby leases from Lessor, the Premises, for the term, at the rental, and upon all of the terms, covenants and conditions set forth in this Lease. While the approximate square footage of the Premises may have been used in the marketing of the Premises for purposes of comparison, the Base Rent stated herein is NOT tied to square footage and is not subject to adjustment should the actual size be determined to be different. **Note: Lessee is advised to verify the actual size prior to executing this Lease.**

2.2 **Condition.** Lessor shall deliver the Premises to Lessee broom clean and free of debris on the Commencement Date or the Early Possession Date, whichever first occurs (**"Start Date"**), and, so long as the required service contracts described in Paragraph 7.1(b) below are obtained by Lessee and in effect within thirty days following the Start Date, warrants that the existing electrical, plumbing, fire sprinkler, lighting, heating, ventilating and air conditioning systems (**"HVAC"**), loading doors, sump pumps, if any, and all other such elements in the Premises, other than those constructed by Lessee, shall be in good operating condition on said date and that the surface and structural elements of the roof, bearing walls and foundation of any buildings on the Premises (the **"Building"**) shall be free of material defects, and that the Unit does not contain hazardous levels of any mold or fungi defined as toxic under applicable state or federal law. If a non-compliance with said warranty exists as of the Start Date, or if one of such systems or elements should malfunction or fail within the appropriate warranty period, Lessor shall, as Lessor's sole obligation with respect to such matter, except as otherwise provided in this Lease, promptly after receipt of written notice from Lessee setting forth with specificity the nature and extent of such non-compliance, malfunction or failure, rectify same at Lessor's expense. The warranty periods shall be as follows: (i) 6 months as to the HVAC systems, and (ii) 30 days as to the remaining systems and other elements of the Building. If Lessee does not give Lessor the required notice within the appropriate warranty period, correction of any such non-compliance, malfunction or failure shall be the obligation of Lessee at Lessee's sole cost and expense, except for the roof, foundations, and bearing walls which are handled as provided in paragraph 7.

2.3 **Compliance.** Lessor warrants that to the best of its knowledge the improvements on the Premises comply with the building codes, applicable laws, covenants or restrictions of record, regulations, and ordinances (**"Applicable Requirements"**) that were in effect at the time that each improvement, or portion thereof, was constructed. Said warranty does not apply to the use to which Lessee will put the Premises, modifications which may be required by the Americans with Disabilities Act or any similar laws as a result of Lessee's use (see Paragraph 50), or to any Alterations or Utility Installations (as defined in Paragraph 7.3(a)) made or to be made by Lessee. **NOTE: Lessee is responsible for determining whether or not the Applicable Requirements, and especially the zoning, are appropriate for Lessee's intended use, and acknowledges that past uses of the Premises may no longer be allowed.** If the Premises do not comply with said warranty, Lessor shall, except as otherwise provided, promptly after receipt of written notice from Lessee setting forth with specificity the nature and extent of such non-compliance, rectify the same at Lessor's expense. If Lessee does not give Lessor written notice of a non-compliance with this warranty within 6 months following the Start Date, correction of that non-compliance shall be the obligation of Lessee at Lessee's sole cost and expense. If the Applicable Requirements are hereafter changed so as to require during the term of this Lease the construction of an addition to or an alteration of the Premises and/or Building, the remediation of any Hazardous Substance, or the reinforcement or other physical modification of the Unit, Premises and/or Building (**"Capital Expenditure"**), Lessor and Lessee shall allocate the cost of such work as follows:

(a) Subject to Paragraph 2.3(c) below, if such Capital Expenditures are required as a result of the specific and unique use of the Premises by Lessee as compared with uses by tenants in general, Lessee shall be fully responsible for the cost thereof, provided, however that if such Capital Expenditure is required during the last 2 years of this Lease and the cost thereof exceeds 6 months' Base Rent, Lessee may instead terminate this Lease unless Lessor notifies Lessee, in writing, within 10 days after receipt of Lessee's termination notice that Lessor has elected to pay the difference between the actual cost thereof and an amount equal to 6 months' Base Rent. If Lessee elects termination, Lessee shall immediately cease the use of the Premises which requires such Capital Expenditure and deliver to Lessor written notice specifying a termination date at least 90 days thereafter. Such termination date shall, however, in no event be earlier than the last day that Lessee could legally utilize the Premises without commencing such Capital Expenditure.

(b) If such Capital Expenditure is not the result of the specific and unique use of the Premises by Lessee (such as, governmentally mandated seismic modifications), then Lessor shall pay for such Capital Expenditure and Lessee shall only be obligated to pay, each month during the remainder of the term of this Lease or any extension thereof, on the date that on which the Base Rent is due, an amount equal to 1/144th of the portion of such costs reasonably attributable to the Premises. Lessee shall pay interest on the balance but may prepay its obligation at any time. If, however, such Capital Expenditure is required during the last 2 years of this Lease or if Lessor reasonably determines that it is not economically feasible to pay its share thereof, Lessor shall have the option to terminate this Lease upon 90 days prior written notice to Lessee unless Lessee notifies Lessor, in writing, within 10 days after receipt of Lessor's termination notice that Lessee will pay for such Capital Expenditure. If Lessor does not elect to terminate, and fails to tender its share of any such Capital Expenditure, Lessee may advance such funds and deduct same, with interest, from Rent until Lessor's share of such costs have been fully paid. If Lessee is unable to finance Lessor's share, or if the balance of the Rent due and payable for the remainder of this Lease is not sufficient to fully reimburse Lessee on an offset basis, Lessee shall have the right to terminate this Lease upon 30 days written notice to Lessor.

(c) Notwithstanding the above, the provisions concerning Capital Expenditures are intended to apply only to non-voluntary, unexpected, and new Applicable Requirements. If the Capital Expenditures are instead triggered by Lessee as a result of an actual or proposed change in use, change in intensity of use, or modification to the Premises then, and in that event, Lessee shall either: (i) immediately cease such changed use or intensity of use and/or take such other steps as may be necessary to eliminate the requirement for such Capital Expenditure, or (ii) complete such Capital Expenditure at its own expense. Lessee shall not, however, have any right to terminate this Lease.

2.4 **Acknowledgements.** Lessee acknowledges that: (a) it has been given an opportunity to inspect and measure the Premises, (b) it has been advised by Lessor and/or Brokers to satisfy itself with respect to the size and condition of the Premises (including but not limited to the electrical, HVAC and fire sprinkler systems, security, environmental aspects, and compliance with Applicable Requirements and the Americans with Disabilities Act), and their suitability for Lessee's intended use, (c) Lessee has made such investigation as it deems necessary with reference to such matters and assumes all responsibility therefor as the same relate to its occupancy of the Premises, (d) it is not relying on any representation as to the size of the Premises made by Brokers or Lessor, (e) the square footage of the Premises was not material to Lessee's decision to lease the Premises and pay the Rent stated herein, and (f) neither Lessor, Lessor's agents, nor Brokers have made any oral or written representations or warranties with respect to said matters other than as set forth in this Lease. In addition, Lessor acknowledges that: (i) Brokers have made no representations, promises or warranties concerning Lessee's ability to honor the Lease or suitability to occupy the Premises, and (ii) it is Lessor's sole responsibility to investigate the financial capability and/or suitability of all proposed tenants.

2.5 **Lessee as Prior Owner/Occupant.** The warranties made by Lessor in Paragraph 2 shall be of no force or effect if immediately prior to the Start Date Lessee was the owner or occupant of the Premises. In such event, Lessee shall be responsible for any necessary corrective work.

3. **Term.**

3.1 **Term.** The Commencement Date, Expiration Date and Original Term of this Lease are as specified in Paragraph 1.3.

3.2 **Early Possession.** Any provision herein granting Lessee Early Possession of the Premises is subject to and conditioned upon the Premises being available for such possession prior to the Commencement Date. Any grant of Early Possession only conveys a non-exclusive right to occupy the Premises. If Lessee totally or partially occupies the Premises prior to the Commencement Date, the obligation to pay Base Rent shall be abated for the period of such Early Possession. All other terms of this Lease (including but not limited to the obligations to pay Real Property Taxes and insurance premiums and to maintain the Premises) shall be in effect during such period. Any such Early Possession shall not affect the Expiration Date.

3.3 **Delay In Possession.** Lessor agrees to use its best commercially reasonable efforts to deliver possession of the Premises to Lessee by the Commencement Date. If, despite said efforts, Lessor is unable to deliver possession by such date, Lessor shall not be subject to any liability therefor, nor shall such failure affect the validity of this Lease or change the Expiration Date. Lessee shall not, however, be obligated to pay Rent or perform its other obligations until Lessor delivers possession of the Premises and any period of rent abatement that Lessee would otherwise have enjoyed shall run from the date of delivery of possession and continue for a period equal to what Lessee would otherwise have enjoyed under the terms hereof, but minus any days of delay caused by the acts or omissions of Lessee. If possession is not delivered within 60 days after the Commencement Date, as the same may be extended under the terms of any Work Letter executed be Parties, Lessee may, at its option, by notice in writing within 10 days after the end of such 60 day period, cancel this Lease, in which event the Parties shall be discharged from all obligations hereunder. If such written notice is not received by Lessor within said 10 day period, Lessee's right to cancel shall terminate. If possession of the Premises is not delivered within 120 days after the Commencement Date, this Lease shall terminate unless other agreements are reached between Lessor and Lessee, in writing.

3.4 **Lessee Compliance.** Lessor shall not be required to deliver possession of the Premises to Lessee until Lessee complies with its obligation to provide evidence of insurance (Paragraph 8.5). Pending delivery of such evidence, Lessee shall be required to perform all of its obligations under this Lease from and after the Start Date, including the payment of Rent, notwithstanding Lessor's election to withhold possession pending receipt of such evidence of insurance. Further, if Lessee is required to perform any other conditions prior to or concurrent with the Start Date, the Start Date shall occur but Lessor may elect to withhold possession until such conditions are satisfied.

©2001 - AIR COMMERCIAL REAL ESTATE ASSOCIATION

Powered by BoardOnTrack

4. **Rent.**

4.1. **Rent Defined.** All monetary obligations of Lessee to Lessor under the terms of this Lease (except for the Security Deposit) are deemed to be rent ("Rent").

4.2 **Payment.** . Lessee shall cause payment of Rent to be received by Lessor in lawful money of the United States, without offset or deduction (except as specifically permitted in this Lease), on or before the day on which it is due. All monetary amounts shall be rounded to the nearest whole dollar. In the event that any invoice prepared by Lessor is inaccurate such inaccuracy shall not constitute a waiver and Lessee shall be obligated to pay the amount set forth in this Lease. Rent for any period during the term hereof which is for less than one full calendar month shall be prorated based upon the actual number of days of said month. Payment of Rent shall be made to Lessor at its address stated herein or to such other persons or place as Lessor may from time to time designate in writing. Acceptance of a payment which is less than the amount then due shall not be a waiver of Lessor's rights to the balance of such Rent, regardless of Lessor's endorsement of any check so stating. In the event that any check, draft, or other instrument of payment given by Lessee to Lessor is dishonored for any reason, Lessee agrees to pay to Lessor the sum of $25 in addition to any Late Charge and Lessor, at its option, may require all future payments to be made by Lessee to be by cashier's check. Payments will be applied first to accrued late charges and attorney's fees, second to accrued interest, then to Base Rent, Insurance and Real Property Taxes, and any remaining amount to any other outstanding charges or costs.

4.3 **Association Fees.** In addition to the Base Rent, Lessee shall pay to Lessor each month an amount equal to any owner's association or condominium fees levied or assessed against the Premises. Said monies shall be paid at the same time and in the same manner as the Base Rent.

5. **Security Deposit.** Lessee shall deposit with Lessor upon execution hereof the Security Deposit as security for Lessee's faithful performance of its obligations under this Lease. If Lessee fails to pay Rent, or otherwise Defaults under this Lease, Lessor may use, apply or retain all or any portion of said Security Deposit for the payment of any amount already due Lessor, for Rents which will be due in the future, and/ or to reimburse or compensate Lessor for any liability, expense, loss or damage which Lessor may suffer or incur by reason thereof. If Lessor uses or applies all or any portion of the Security Deposit, Lessee shall within 10 days after written request therefor deposit monies with Lessor sufficient to restore said Security Deposit to the full amount required by this Lease. If the Base Rent increases during the term of this Lease, Lessee shall, upon written request from Lessor, deposit additional monies with Lessor so that the total amount of the Security Deposit shall at all times bear the same proportion to the increased Base Rent as the initial Security Deposit bore to the initial Base Rent. Should the Agreed Use be amended to accommodate a materiel change in the business of Lessee or to accommodate a sublessee or assignee, Lessor shall have the right to increase the Security Deposit to the extent necessary, in Lessor's reasonable judgment, to account for any increased wear and tear that the Premises may suffer as a result thereof. If a change in control of Lessee occurs during this Lease and following such change the financial condition of Lessee is, in Lessor's reasonable judgment, significantly reduced, Lessee shall deposit such additional monies with Lessor as shall be sufficient to cause the Security Deposit to be at a commercially reasonable level based on such change in financial condition. Lessor shall not be required to keep the Security Deposit separate from its general accounts. Within 90 days after the expiration or termination of this Lease, Lessor shall return that portion of the Security Deposit not used or applied by Lessor. No part of the Security Deposit shall be considered to be held in trust, to bear interest or to be prepayment for any monies to be paid by Lessee under this Lease.

6. **Use.**

6.1 **Use.** Lessee shall use and occupy the Premises only for the Agreed Use, or any other legal use which is reasonably comparable thereto, and for no other purpose. Lessee shall not use or permit the use of the Premises in a manner that is unlawful, creates damage, waste or a nuisance, or that disturbs occupants of or causes damage to neighboring premises or properties. Other than guide, signal and seeing eye dogs, Lessee shall not keep or allow in the Premises any pets, animals, birds, fish, or reptiles. Lessor shall not unreasonably withhold or delay its consent to any written request for a modification of the Agreed Use, so long as the same will not impair the structural integrity of the improvements on the Premises or the mechanical or electrical systems therein, and/or is not significantly more burdensome to the Premises. If Lessor elects to withhold consent, Lessor shall within 7 days after such request give written notification of same, which notice shall include an explanation of Lessor's objections to the change in the Agreed Use.

6.2 **Hazardous Substances.**

(a) Reportable Uses Require Consent. The term **"Hazardous Substance"** as used in this Lease shall mean any product, substance, or waste whose presence, use, manufacture, disposal, transportation, or release, either by itself or in combination with other materials expected to be on the Premises, is either: (i) potentially injurious to the public health, safety or welfare, the environment or the Premises, (ii) regulated or monitored by any governmental authority, or (iii) a basis for potential liability of Lessor to any governmental agency or third party under any applicable statute or common law theory. Hazardous Substances shall include, but not be limited to, hydrocarbons, petroleum, gasoline, and/or crude oil or any products, by-products or fractions thereof. Lessee shall not engage in any activity in or on the Premises which constitutes a Reportable Use of Hazardous Substances without the express prior written consent of Lessor and timely compliance (at Lessee's expense) with all Applicable Requirements. **"Reportable Use"** shall mean (i) the installation or use of any above or below ground storage tank, (ii) the generation, possession, storage, use, transportation, or disposal of a Hazardous Substance that requires a permit from, or with respect to which a report, notice, registration or business plan is required to be filed with, any governmental authority, and/or (iii) the presence at the Premises of a Hazardous Substance with respect to which any Applicable Requirements requires that a notice be given to persons entering or occupying the Premises or neighboring properties. Notwithstanding the foregoing, Lessee may use any ordinary and customary materials reasonably required to be used in the normal course of the Agreed Use, ordinary office supplies (copier toner, liquid paper, glue, etc.) and common household cleaning materials, so long as such use is in compliance with all Applicable Requirements, is not a Reportable Use, and does not expose the Premises or neighboring property to any meaningful risk of contamination or damage or expose Lessor to any liability therefor. In addition, Lessor may condition its consent to any Reportable Use upon receiving such additional assurances as Lessor reasonably deems necessary to protect itself, the public, the Premises and/or the environment against damage, contamination, injury and/or liability, including, but not limited to, the installation (and removal on or before Lease expiration or termination) of protective modifications (such as concrete encasements) and/or increasing the Security Deposit.

(b) Duty to Inform Lessor. If Lessee knows, or has reasonable cause to believe, that a Hazardous Substance has come to be located in, on, under or about the Premises, other than as previously consented to by Lessor, Lessee shall immediately give written notice of such fact to Lessor, and provide Lessor with a copy of any report, notice, claim or other documentation which it has concerning the presence of such Hazardous Substance.

(c) Lessee Remediation. Lessee shall not cause or permit any Hazardous Substance to be spilled or released in, on, under, or about the Premises (including through the plumbing or sanitary sewer system) and shall promptly, at Lessee's expense, comply with all Applicable Requirements and take all investigatory and/or remedial action reasonably recommended, whether or not formally ordered or required, for the cleanup of any contamination of, and for the maintenance, security and/or monitoring of the Premises or neighboring properties, that was caused or materially contributed to by Lessee, or pertaining to or involving any Hazardous Substance brought onto the Premises during the term of this Lease, by or for Lessee, or any third party.

(d) Lessee Indemnification. Lessee shall indemnify, defend and hold Lessor, its agents, employees, lenders and ground lessor, if any, harmless from and against any and all loss of rents and/or damages, liabilities, judgments, claims, expenses, penalties, and attorneys' and consultants' fees arising out of or involving any Hazardous Substance brought onto the Premises by or for Lessee, or any third party (provided, however, that Lessee shall have no liability under this Lease with respect to underground migration of any Hazardous Substance under the Premises from adjacent properties not caused or contributed to by Lessee). Lessee's obligations shall include, but not be limited to, the effects of any contamination or injury to person, property or the environment created or suffered by Lessee, and the cost of investigation, removal, remediation, restoration and/or abatement, and shall survive the expiration or termination of this Lease. **No termination, cancellation or release agreement entered into by Lessor and Lessee shall release Lessee from its obligations under this Lease with respect to Hazardous Substances, unless specifically so agreed by Lessor in writing at the time of such agreement.**

(e) Lessor Indemnification. Lessor and its successors and assigns shall indemnify, defend, reimburse and hold Lessee, its employees and lenders, harmless from and against any and all environmental damages, including the cost of remediation, which result from Hazardous Substances which existed on the Premises prior to Lessee's occupancy or which are caused by the gross negligence or willful misconduct of Lessor, its agents or employees. Lessor's obligations, as and when required by the Applicable Requirements, shall include, but not be limited to, the cost of investigation, removal, remediation, restoration and/or abatement, and shall survive the expiration or termination of this Lease.

(f) Investigations and Remediations. Lessor shall retain the responsibility and pay for any investigations or remediation measures required by governmental entities having jurisdiction with respect to the existence of Hazardous Substances on the Premises prior to Lessee's occupancy, unless such remediation measure is required as a result of Lessee's use (including "Alterations", as defined in paragraph 7.3(a) below) of the Premises, in which event Lessee shall be responsible for such payment. Lessee shall cooperate fully in any such activities at the request of Lessor, including allowing Lessor and Lessor's agents to have reasonable access to the Premises at reasonable times in order to carry out Lessor's investigative and remedial responsibilities.

(g) Lessor Termination Option. If a Hazardous Substance Condition (see Paragraph 9.1(e)) occurs during the term of this Lease, unless Lessee is legally responsible therefor (in which case Lessee shall make the investigation and remediation thereof required by the Applicable Requirements and this Lease shall continue in full force and effect, but subject to Lessor's rights under Paragraph 6.2(d) and Paragraph 13), Lessor

INITIALS INITIALS

©2001 - AIR COMMERCIAL REAL ESTATE ASSOCIATION

Powered by BoardOnTrack

may, at Lessor's option, either (i) investigate and remediate such Hazardous Substance Condition, if required, as soon as reasonably possible at Lessor's expense, in which event this Lease shall continue in full force and effect, or (ii) if the estimated cost to remediate such condition exceeds 12 times the then monthly Base Rent or $100,000, whichever is greater, give written notice to Lessee, within 30 days after receipt by Lessor of knowledge of the occurrence of such Hazardous Substance Condition, of Lessor's desire to terminate this Lease as of the date 60 days following the date of such notice. In the event Lessor elects to give a termination notice, Lessee may, within 10 days thereafter, give written notice to Lessor of Lessee's commitment to pay the amount by which the cost of the remediation of such Hazardous Substance Condition exceeds an amount equal to 12 times the then monthly Base Rent or $100,000, whichever is greater. Lessee shall provide Lessor with said funds or satisfactory assurance thereof within 30 days following such commitment. In such event, this Lease shall continue in full force and effect, and Lessor shall proceed to make such remediation as soon as reasonably possible after the required funds are available. If Lessee does not give such notice and provide the required funds or assurance thereof within the time provided, this Lease shall terminate as of the date specified in Lessor's notice of termination.

6.3 **Lessee's Compliance with Applicable Requirements.** Except as otherwise provided in this Lease, Lessee shall, at Lessee's sole expense, fully, diligently and in a timely manner, materially comply with all Applicable Requirements, the requirements of any applicable fire insurance underwriter or rating bureau, and the recommendations of Lessor's engineers and/or consultants which relate in any manner to the such Requirements, without regard to whether such Requirements are now in effect or become effective after the Start Date. Lessee shall, within 10 days after receipt of Lessor's written request, provide Lessor with copies of all permits and other documents, and other information evidencing Lessee's compliance with any Applicable Requirements specified by Lessor, and shall immediately upon receipt, notify Lessor in writing (with copies of any documents involved) of any threatened or actual claim, notice, citation, warning, complaint or report pertaining to or involving the failure of Lessee or the Premises to comply with any Applicable Requirements. Likewise, Lessee shall immediately give written notice to Lessor of: (i) any water damage to the Premises and any suspected seepage, pooling, dampness or other condition conducive to the production of mold; or (ii) any mustiness or other odors that might indicate the presence of mold in the Premises.

6.4 **Inspection; Compliance.** Lessor and Lessor's **"Lender"** (as defined in Paragraph 30) and consultants shall have the right to enter into Premises at any time, in the case of an emergency, and otherwise at reasonable times after reasonable notice, for the purpose of inspecting the condition of the Premises and for verifying compliance by Lessee with this Lease. The cost of any such inspections shall be paid by Lessor, unless a violation of Applicable Requirements, or a Hazardous Substance Condition (see paragraph 9.1) is found to exist or be imminent, or the inspection is requested or ordered by a governmental authority. In such case, Lessee shall upon request reimburse Lessor for the cost of such inspection, so long as such inspection is reasonably related to the violation or contamination. In addition, Lessee shall provide copies of all relevant material safety data sheets (**MSDS**) to Lessor within 10 days of the receipt of a written request therefor.

7. **Maintenance; Repairs; Utility Installations; Trade Fixtures and Alterations.**

7.1 **Lessee's Obligations.**

(a) **In General.** Subject to the provisions of Paragraph 2.2 (Condition), 2.3 (Compliance), 6.3 (Lessee's Compliance with Applicable Requirements), 7.2 (Lessor's Obligations), 9 (Damage or Destruction), and 14 (Condemnation), Lessee shall, at Lessee's sole expense, keep the Premises, Utility Installations (intended for Lessee's exclusive use, no matter where located), and Alterations in good order, condition and repair (whether or not the portion of the Premises requiring repairs, or the means of repairing the same, are reasonably or readily accessible to Lessee, and whether or not the need for such repairs occurs as a result of Lessee's use, any prior use, the elements or the age of such portion of the Premises), including, but not limited to, all equipment or facilities, such as plumbing, HVAC equipment, electrical, lighting facilities, boilers, pressure vessels, fire protection system, fixtures, walls (interior and exterior), ceilings, floors, windows, doors, plate glass, skylights, landscaping, driveways, parking lots, fences, retaining walls, signs, sidewalks and parkways located in, on, or adjacent to the Premises. Lessee is also responsible for keeping the roof and roof drainage clean and free of debris. Lessor shall keep the surface and structural elements of the roof, foundations, and bearing walls in good repair (see paragraph 7.2). Lessee, in keeping the Premises in good order, condition and repair, shall exercise and perform good maintenance practices, specifically including the procurement and maintenance of the service contracts required by Paragraph 7.1(b) below. Lessee's obligations shall include restorations, replacements or renewals when necessary to keep the Premises and all improvements thereon or a part thereof in good order, condition and state of repair. Lessee shall, during the term of this Lease, keep the exterior appearance of the Building in a first-class condition (including, e.g. graffiti removal) consistent with the exterior appearance of other similar facilities of comparable age and size in the vicinity, including, when necessary, the exterior repainting of the Building.

(b) **Service Contracts.** Lessee shall, at Lessee's sole expense, procure and maintain contracts, with copies to Lessor, in customary form and substance for, and with contractors specializing and experienced in the maintenance of the following equipment and improvements, if any, if and when installed on the Premises: (i) HVAC equipment, (ii) boiler, and pressure vessels, (iii) fire extinguishing systems, including fire alarm and/or smoke detection, (iv) landscaping and irrigation systems, and (v) clarifiers. However, Lessor reserves the right, upon notice to Lessee, to procure and maintain any or all of such service contracts, and Lessee shall reimburse Lessor, upon demand, for the cost thereof.

(c) **Failure to Perform.** If Lessee fails to perform Lessee's obligations under this Paragraph 7.1, Lessor may enter upon the Premises after 10 days' prior written notice to Lessee (except in the case of an emergency, in which case no notice shall be required), perform such obligations on Lessee's behalf, and put the Premises in good order, condition and repair, and Lessee shall promptly pay to Lessor a sum equal to 115% of the cost thereof.

(d) **Replacement.** Subject to Lessee's indemnification of Lessor as set forth in Paragraph 8.7 below, and without relieving Lessee of liability resulting from Lessee's failure to exercise and perform good maintenance practices, if an item described in Paragraph 7.1(b) cannot be repaired other than at a cost which is in excess of 50% of the cost of replacing such item, then such item shall be replaced by Lessor, and the cost thereof shall be prorated between the Parties and Lessee shall only be obligated to pay, each month during the remainder of the term of this Lease, on the date on which Base Rent is due, an amount equal to the product of multiplying the cost of such replacement by a fraction, the numerator of which is one, and the denominator of which is 144 (ie. 1/144th of the cost per month). Lessee shall pay interest on the unamortized balance but may prepay its obligation at any time.

7.2 **Lessor's Obligations.** Subject to the provisions of Paragraphs 2.2 (Condition), 2.3 (Compliance), 9 (Damage or Destruction) and 14 (Condemnation), it is intended by the Parties hereto that Lessor have no obligation, in any manner whatsoever, to repair and maintain the Premises, or the equipment therein, all of which obligations are intended to be that of the Lessee, except for the surface and structural elements of the roof, foundations and bearing walls, the repair of which shall be the responsibility of Lessor upon receipt of written notice that such a repair is necessary. It is the intention of the Parties that the terms of this Lease govern the respective obligations of the Parties as to maintenance and repair of the Premises, and they expressly waive the benefit of any statute now or hereafter in effect to the extent it is inconsistent with the terms of this Lease.

7.3 **Utility Installations; Trade Fixtures; Alterations.**

(a) **Definitions.** The term **"Utility Installations"** refers to all floor and window coverings, air and/or vacuum lines, power panels, electrical distribution, security and fire protection systems, communication cabling, lighting fixtures, HVAC equipment, plumbing, and fencing in or on the Premises. The term **"Trade Fixtures"** shall mean Lessee's machinery and equipment that can be removed without doing material damage to the Premises. The term **"Alterations"** shall mean any modification of the improvements, other than Utility Installations or Trade Fixtures, whether by addition or deletion. **"Lessee Owned Alterations and/or Utility Installations"** are defined as Alterations and/or Utility Installations made by Lessee that are not yet owned by Lessor pursuant to Paragraph 7.4(a).

(b) **Consent.** Lessee shall not make any Alterations or Utility Installations to the Premises without Lessor's prior written consent. Lessee may, however, make non-structural Alterations or Utility Installations to the interior of the Premises (excluding the roof) without such consent but upon notice to Lessor, as long as they are not visible from the outside, do not involve puncturing, relocating or removing the roof or any existing walls, will not affect the electrical, plumbing, HVAC, and/or life safety systems, and the cumulative cost thereof during this Lease as extended does not exceed a sum equal to 3 month's Base Rent in the aggregate or a sum equal to one month's Base Rent in any one year. Notwithstanding the foregoing, Lessee shall not make or permit any roof penetrations and/or install anything on the roof without the prior written approval of Lessor. Lessor may, as a precondition to granting such approval, require Lessee to utilize a contractor chosen and/or approved by Lessor. Any Alterations or Utility Installations that Lessee shall desire to make and which require the consent of the Lessor shall be presented to Lessor in written form with detailed plans. Consent shall be deemed conditioned upon Lessee's: (i) acquiring all applicable governmental permits, (ii) furnishing Lessor with copies of both the permits and the plans and specifications prior to commencement of the work, and (iii) compliance with all conditions of said permits and other Applicable Requirements in a prompt and expeditious manner. Any Alterations or Utility Installations shall be performed in a workmanlike manner with good and sufficient materials. Lessee shall promptly upon completion furnish Lessor with as-built plans and specifications. For work which costs an amount in excess of one month's Base Rent, Lessor may condition its consent upon Lessee providing a lien and completion bond in an amount equal to 150% of the estimated cost of such Alteration or Utility Installation and/or upon Lessee's posting an additional Security Deposit with Lessor.

(c) **Liens; Bonds.** Lessee shall pay, when due, all claims for labor or materials furnished or alleged to have been furnished to or for Lessee at or for use on the Premises, which claims are or may be secured by any mechanic's or materialmen's lien against the Premises or any interest therein. Lessee shall give Lessor not less than 10 days notice prior to the commencement of any work in, on or about the Premises, and Lessor shall have the right to post notices of non-responsibility. If Lessee shall contest the validity of any such lien, claim or demand, then Lessee shall, at its sole expense defend and protect itself, Lessor and the Premises against the same and shall pay and satisfy any such adverse judgment that may be rendered thereon before the enforcement thereof. If Lessor shall require, Lessee shall furnish a surety bond in an amount equal to 150% of the amount of such contested lien, claim or demand, indemnifying Lessor against liability for the same. If Lessor elects to participate in any such action,

©2001 - AIR COMMERCIAL REAL ESTATE ASSOCIATION

Lessee shall pay Lessor's attorneys' fees and costs.

7.4 **Ownership; Removal; Surrender; and Restoration.**

(a) **Ownership.** Subject to Lessor's right to require removal or elect ownership as hereinafter provided, all Alterations and Utility Installations made by Lessee shall be the property of Lessee, but considered a part of the Premises. Lessor may, at any time, elect in writing to be the owner of all or any specified part of the Lessee Owned Alterations and Utility Installations. Unless otherwise instructed per paragraph 7.4(b) hereof, all Lessee Owned Alterations and Utility Installations shall, at the expiration or termination of this Lease, become the property of Lessor and be surrendered by Lessee with the Premises.

(b) **Removal.** By delivery to Lessee of written notice from Lessor not earlier than 90 and not later than 30 days prior to the end of the term of this Lease, Lessor may require that any or all Lessee Owned Alterations or Utility Installations be removed by the expiration or termination of this Lease. Lessor may require the removal at any time of all or any part of any Lessee Owned Alterations or Utility Installations made without the required consent.

(c) **Surrender; Restoration.** Lessee shall surrender the Premises by the Expiration Date or any earlier termination date, with all of the improvements, parts and surfaces thereof broom clean and free of debris, and in good operating order, condition and state of repair, ordinary wear and tear excepted. "Ordinary wear and tear" shall not include any damage or deterioration that would have been prevented by good maintenance practice. Notwithstanding the foregoing, if this Lease is for 12 months or less, then Lessee shall surrender the Premises in the same condition as delivered to Lessee on the Start Date with NO allowance for ordinary wear and tear. Lessee shall repair any damage occasioned by the installation, maintenance or removal of Trade Fixtures, Lessee owned Alterations and/or Utility Installations, furnishings, and equipment as well as the removal of any storage tank installed by or for Lessee. Lessee shall completely remove from the Premises any and all Hazardous Substances brought onto the Premises by or for Lessee, or any third party (except Hazardous Substances which were deposited via underground migration from areas outside of the Premises) even if such removal would require Lessee to perform or pay for work that exceeds statutory requirements. Trade Fixtures shall remain the property of Lessee and shall be removed by Lessee. Any personal property of Lessee not removed on or before the Expiration Date or any earlier termination date shall be deemed to have been abandoned by Lessee and may be disposed of or retained by Lessor as Lessor may desire. The failure by Lessee to timely vacate the Premises pursuant to this Paragraph 7.4(c) without the express written consent of Lessor shall constitute a holdover under the provisions of Paragraph 26 below.

8. **Insurance; Indemnity.**

8.1 **Payment of Premium Increases.**

(a) Lessee shall pay to Lessor any insurance cost increase ("**Insurance Cost Increase**") occurring during the term of this Lease. Insurance Cost Increase is defined as any increase in the actual cost of the insurance required under Paragraph 8.2(b), 8.3(a) and 8.3(b) ("**Required Insurance**"), over and above the Base Premium as hereinafter defined calculated on an annual basis. Insurance Cost Increase shall include but not be limited to increases resulting from the nature of Lessee's occupancy, any act or omission of Lessee, requirements of the holder of mortgage or deed of trust covering the Premises, increased valuation of the Premises and/or a premium rate increase. The parties are encouraged to fill in the Base Premium in paragraph 1.8 with a reasonable premium for the Required Insurance based on the Agreed Use of the Premises. If the parties fail to insert a dollar amount in Paragraph 1.8, then the Base Premium shall be the lowest annual premium reasonably obtainable for the Required Insurance as of the commencement of the Original Term for the Agreed Use of the Premises. In no event, however, shall Lessee be responsible for any portion of the increase in the premium cost attributable to liability insurance carried by Lessor under Paragraph 8.2(b) in excess of $2,000,000 per occurrence.

(b) Lessee shall pay any such Insurance Cost Increase to Lessor within 30 days after receipt by Lessee of a copy of the premium statement or other reasonable evidence of the amount due. If the insurance policies maintained hereunder cover other property besides the Premises, Lessor shall also deliver to Lessee a statement of the amount of such Insurance Cost Increase attributable only to the Premises showing in reasonable detail the manner in which such amount was computed. Premiums for policy periods commencing prior to, or extending beyond the term of this Lease, shall be prorated to correspond to the term of this Lease.

8.2 **Liability Insurance.**

(a) **Carried by Lessee.** Lessee shall obtain and keep in force a Commercial General Liability policy of insurance protecting Lessee and Lessor as an additional insured against claims for bodily injury, personal injury and property damage based upon or arising out of the ownership, use, occupancy or maintenance of the Premises and all areas appurtenant thereto. Such insurance shall be on an occurrence basis providing single limit coverage in an amount not less than $1,000,000 per occurrence with an annual aggregate of not less than $2,000,000. Lessee shall add Lessor as an additional insured by means of an endorsement at least as broad as the Insurance Service Organization's "Additional Insured-Managers or Lessors of Premises" Endorsement. The policy shall not contain any intra-insured exclusions as between insured persons or organizations, but shall include coverage for liability assumed under this Lease as an "**insured contract**" for the performance of Lessee's indemnity obligations under this Lease. The limits of said insurance shall not, however, limit the liability of Lessee nor relieve Lessee of any obligation hereunder. Lessee shall provide an endorsement on its liability policy(ies) which provides that its insurance shall be primary to and not contributory with any similar insurance carried by Lessor, whose insurance shall be considered excess insurance only.

(b) **Carried by Lessor.** Lessor shall maintain liability insurance as described in Paragraph 8.2(a), in addition to, and not in lieu of, the insurance required to be maintained by Lessee. Lessee shall not be named as an additional insured therein.

8.3 **Property Insurance - Building, Improvements and Rental Value.**

(a) **Building and Improvements.** The Insuring Party shall obtain and keep in force a policy or policies in the name of Lessor, with loss payable to Lessor, any ground-lessor, and to any Lender insuring loss or damage to the Premises. The amount of such insurance shall be equal to the full insurable replacement cost of the Premises, as the same shall exist from time to time, or the amount required by any Lender, but in no event more than the commercially reasonable and available insurable value thereof. Lessee Owned Alterations and Utility Installations, Trade Fixtures, and Lessee's personal property shall be insured by Lessee not by Lessor. If the coverage is available and commercially appropriate, such policy or policies shall insure against all risks of direct physical loss or damage (except the perils of flood and/or earthquake unless required by a Lender or included in the Base Premium), including coverage for debris removal and the enforcement of any Applicable Requirements requiring the upgrading, demolition, reconstruction or replacement of any portion of the Premises as the result of a covered loss. Said policy or policies shall also contain an agreed valuation provision in lieu of any coinsurance clause, waiver of subrogation, and inflation guard protection causing an increase in the annual property insurance coverage amount by a factor of not less than the adjusted U.S. Department of Labor Consumer Price Index for All Urban Consumers for the city nearest to where the Premises are located. If such insurance coverage has a deductible clause, the deductible amount shall not exceed $5,000 per occurrence, and Lessee shall be liable for such deductible amount in the event of an Insured Loss.

(b) **Rental Value.** The Insuring Party shall obtain and keep in force a policy or policies in the name of Lessor with loss payable to Lessor and any Lender, insuring the loss of the full Rent for one year with an extended period of indemnity for an additional 180 days ("Rental Value insurance"). Said insurance shall contain an agreed valuation provision in lieu of any coinsurance clause, and the amount of coverage shall be adjusted annually to reflect the projected Rent otherwise payable by Lessee, for the next 12 month period. Lessee shall be liable for any deductible amount in the event of such loss.

(c) **Adjacent Premises.** If the Premises are part of a larger building, or of a group of buildings owned by Lessor which are adjacent to the Premises, the Lessee shall pay for any increase in the premiums for the property insurance of such building or buildings if said increase is caused by Lessee's acts, omissions, use or occupancy of the Premises.

8.4 **Lessee's Property; Business Interruption Insurance; Worker's Compensation Insurance.**

(a) **Property Damage.** Lessee shall obtain and maintain insurance coverage on all of Lessee's personal property, Trade Fixtures, and Lessee Owned Alterations and Utility Installations. Such insurance shall be full replacement cost coverage with a deductible of not to exceed $1,000 per occurrence. The proceeds from any such insurance shall be used by Lessee for the replacement of personal property, Trade Fixtures and Lessee Owned Alterations and Utility Installations. Lessee shall provide Lessor with written evidence that such insurance is in force.

(b) **Business Interruption.** Lessee shall obtain and maintain loss of income and extra expense insurance in amounts as will reimburse Lessee for direct or indirect loss of earnings attributable to all perils commonly insured against by prudent lessees in the business of Lessee or attributable to prevention of access to the Premises as a result of such perils.

(c) **Worker's Compensation Insurance.** Lessee shall obtain and maintain Worker's Compensation insurance in such amount as may be required by Applicable Requirements.

(d) **No Representation of Adequate Coverage.** Lessor makes no representation that the limits or forms of coverage of insurance specified herein are adequate to cover Lessee's property, business operations or obligations under this Lease.

8.5 **Insurance Policies.** Insurance required herein shall be by companies maintaining during the policy term a "General Policyholders Rating" of at least A-, VII, as set forth in the most current issue of "Best's Insurance Guide", or such other rating as may be required by a Lender. Lessee shall not do or permit to be done anything which invalidates the required insurance policies. Lessee shall, prior to the Start Date, deliver to Lessor certified copies of policies of such insurance or certificates with copies of the required endorsements evidencing the existence and amounts of the required insurance. No such policy shall be cancelable or subject to modification except after 30 days prior written notice to Lessor. Lessee shall, at least 10 days prior to the expiration of such policies, furnish Lessor with evidence of renewals or "insurance binders" evidencing renewal thereof, or Lessor may order such insurance and charge the cost thereof to Lessee, which amount shall be payable by Lessee to Lessor upon demand. Such policies shall be for a term of at least one year, or the length of the remaining term of this Lease, whichever is less. If either Party shall fail to procure

INITIALS INITIALS

©2001 - AIR COMMERCIAL REAL ESTATE ASSOCIATION

Powered by BoardOnTrack

and maintain the insurance required to be carried by it, the other Party may, but shall not be required to, procure and maintain the same.

8.6 **Waiver of Subrogation.** Without affecting any other rights or remedies, Lessee and Lessor each hereby release and relieve the other, and waive their entire right to recover damages against the other, for loss of or damage to its property arising out of or incident to the perils required to be insured against herein. The effect of such releases and waivers is not limited by the amount of insurance carried or required, or by any deductibles applicable hereto. The Parties agree to have their respective property damage insurance carriers waive any right to subrogation that such companies may have against Lessor or Lessee, as the case may be, so long as the insurance is not invalidated thereby.

8.7 **Indemnity.** Except for Lessor's gross negligence or willful misconduct, Lessee shall indemnify, protect, defend and hold harmless the Premises, Lessor and its agents, Lessor's master or ground lessor, partners and Lenders, from and against any and all claims, loss of rents and/or damages, liens, judgments, penalties, attorneys' and consultants' fees, expenses and/or liabilities arising out of, involving, or in connection with, the use and/or occupancy of the Premises by Lessee. If any action or proceeding is brought against Lessor by reason of any of the foregoing matters, Lessee shall upon notice defend the same at Lessee's expense by counsel reasonably satisfactory to Lessor and Lessor shall cooperate with Lessee in such defense. Lessor need not have first paid any such claim in order to be defended or indemnified.

8.8 **Exemption of Lessor and its Agents from Liability.** Notwithstanding the negligence or breach of this Lease by Lessor or its agents, neither Lessor nor its agents shall be liable under any circumstances for: (i) injury or damage to the person or goods, wares, merchandise or other property of Lessee, Lessee's employees, contractors, invitees, customers, or any other person in or about the Premises, whether such damage or injury is caused by or results from fire, steam, electricity, gas, water or rain, indoor air quality, the presence of mold or from the breakage, leakage, obstruction or other defects of pipes, fire sprinklers, wires, appliances, plumbing, HVAC or lighting fixtures, or from any other cause, whether the said injury or damage results from conditions arising upon the Premises or upon other portions of the building of which the Premises are a part, or from other sources or places, (ii) any damages arising from any act or neglect of any other tenant of Lessor or from the failure of Lessor or its agents to enforce the provisions of any other lease in the Project, or (iii) injury to Lessee's business or for any loss of income or profit therefrom. Instead, it is intended that Lessee's sole recourse in the event of such damages or injury be to file a claim on the insurance policy(ies) that Lessee is required to maintain pursuant to the provisions of paragraph 8.

8.9 **Failure to Provide Insurance.** Lessee acknowledges that any failure on its part to obtain or maintain the insurance required herein will expose Lessor to risks and potentially cause Lessor to incur costs not contemplated by this Lease, the extent of which will be extremely difficult to ascertain. Accordingly, for any month or portion thereof that Lessee does not maintain the required insurance and/or does not provide Lessor with the required binders or certificates evidencing the existence of the required insurance, the Base Rent shall be automatically increased, without any requirement for notice to Lessee, by an amount equal to 10% of the then existing Base Rent or $100, whichever is greater. The parties agree that such increase in Base Rent represents fair and reasonable compensation for the additional risk/ costs that Lessor will incur by reason of Lessee's failure to maintain the required insurance. Such increase in Base Rent shall in no event constitute a waiver of Lessee's Default or Breach with respect to the failure to maintain such insurance, prevent the exercise of any of the other rights and remedies granted hereunder, nor relieve Lessee of its obligation to maintain the insurance specified in this Lease.

9. **Damage or Destruction.**

9.1 **Definitions.**

(a) **"Premises Partial Damage"** shall mean damage or destruction to the Improvements on the Premises, other than Lessee Owned Alterations and Utility Installations, which can reasonably be repaired in 6 months or less from the date of the damage or destruction. Lessor shall notify Lessee in writing within 30 days from the date of the damage or destruction as to whether or not the damage is Partial or Total. Notwithstanding the foregoing, Premises Partial Damage shall not include damage to windows, doors, and/or other similar items which Lessee has the responsibility to repair or replace pursuant to the provisions of Paragraph 7.1.

(b) **"Premises Total Destruction"** shall mean damage or destruction to the Premises, other than Lessee Owned Alterations and Utility Installations and Trade Fixtures, which cannot reasonably be repaired in 6 months or less from the date of the damage or destruction. Lessor shall notify Lessee in writing within 30 days from the date of the damage or destruction as to whether or not the damage is Partial or Total.

(c) **"Insured Loss"** shall mean damage or destruction to improvements on the Premises, other than Lessee Owned Alterations and Utility Installations and Trade Fixtures, which was caused by an event required to be covered by the insurance described in Paragraph 8.3(a), irrespective of any deductible amounts or coverage limits involved.

(d) **"Replacement Cost"** shall mean the cost to repair or rebuild the improvements owned by Lessor at the time of the occurrence to their condition existing immediately prior thereto, including demolition, debris removal and upgrading required by the operation of Applicable Requirements, and without deduction for depreciation.

(e) **"Hazardous Substance Condition"** shall mean the occurrence or discovery of a condition involving the presence of, or a contamination by, a Hazardous Substance, in, on, or under the Premises which requires restoration.

9.2 **Partial Damage - Insured Loss.** If a Premises Partial Damage that is an Insured Loss occurs, then Lessor shall, at Lessor's expense, repair such damage (but not Lessee's Trade Fixtures or Lessee Owned Alterations and Utility Installations) as soon as reasonably possible and this Lease shall continue in full force and effect; provided, however, that Lessee shall, at Lessor's election, make the repair of any damage or destruction the total cost to repair of which is $10,000 or less, and, in such event, Lessor shall make any applicable insurance proceeds available to Lessee on a reasonable basis for that purpose. Notwithstanding the foregoing, if the required insurance was not in force or the insurance proceeds are not sufficient to effect such repair, the Insuring Party shall promptly contribute the shortage in proceeds (except as to the deductible which is Lessee's responsibility) as and when required to complete said repairs. In the event, however, such shortage was due to the fact that, by reason of the unique nature of the Improvements, full replacement cost insurance coverage was not commercially reasonable and available, Lessor shall have no obligation to pay for the shortage in insurance proceeds or to fully restore the unique aspects of the Premises unless Lessee provides Lessor with the funds to cover same, or adequate assurance thereof, within 10 days following receipt of written notice of such shortage and request therefor. If Lessor receives said funds or adequate assurance thereof within said 10 day period, the party responsible for making the repairs shall complete them as soon as reasonably possible and this Lease shall remain in full force and effect. If such funds or assurance are not received, Lessor may nevertheless elect by written notice to Lessee within 10 days thereafter to: (i) make such restoration and repair as is commercially reasonable with Lessor paying any shortage in proceeds, in which case this Lease shall remain in full force and effect, or (ii) have this Lease terminate 30 days thereafter. Lessee shall not be entitled to reimbursement of any funds contributed by Lessee to repair any such damage or destruction. Premises Partial Damage due to flood or earthquake shall be subject to Paragraph 9.3, notwithstanding that there may be some insurance coverage, but the net proceeds of any such insurance shall be made available for the repairs if made by either Party.

9.3 **Partial Damage - Uninsured Loss.** If a Premises Partial Damage that is not an Insured Loss occurs, unless caused by a negligent or willful act of Lessee (in which event Lessee shall make the repairs at Lessee's expense), Lessor may either: (i) repair such damage as soon as reasonably possible at Lessor's expense, in which event this Lease shall continue in full force and effect, or (ii) terminate this Lease by giving written notice to Lessee within 30 days after receipt by Lessor of knowledge of the occurrence of such damage. Such termination shall be effective 60 days following the date of such notice. In the event Lessor elects to terminate this Lease, Lessee shall have the right within 10 days after receipt of the termination notice to give written notice to Lessor of Lessee's commitment to pay for the repair of such damage without reimbursement from Lessor. Lessee shall provide Lessor with said funds or satisfactory assurance thereof within 30 days after making such commitment. In such event this Lease shall continue in full force and effect, and Lessor shall proceed to make such repairs as soon as reasonably possible after the required funds are available. If Lessee does not make the required commitment, this Lease shall terminate as of the date specified in the termination notice.

9.4 **Total Destruction.** Notwithstanding any other provision hereof, if a Premises Total Destruction occurs, this Lease shall terminate 60 days following such Destruction. If the damage or destruction was caused by the gross negligence or willful misconduct of Lessee, Lessor shall have the right to recover Lessor's damages from Lessee, except as provided in Paragraph 8.6.

9.5 **Damage Near End of Term.** If at any time during the last 6 months of this Lease there is damage for which the cost to repair exceeds one month's Base Rent, whether or not an Insured Loss, Lessor may terminate this Lease effective 60 days following the date of occurrence of such damage by giving a written termination notice to Lessee within 30 days after the date of occurrence of such damage. Notwithstanding the foregoing, if Lessee at that time has an exercisable option to extend this Lease or to purchase the Premises, then Lessee may preserve this Lease by, (a) exercising such option and (b) providing Lessor with any shortage in insurance proceeds (or adequate assurance thereof) needed to make the repairs on or before the earlier of (i) the date which is 10 days after Lessee's receipt of Lessor's written notice purporting to terminate this Lease, or (ii) the day prior to the date upon which such option expires. If Lessee duly exercises such option during such period and provides Lessor with funds (or adequate assurance thereof) to cover any shortage in insurance proceeds, Lessor shall, at Lessor's commercially reasonable expense, repair such damage as soon as reasonably possible and this Lease shall continue in full force and effect. If Lessee fails to exercise such option and provide such funds or assurance during such period, then this Lease shall terminate on the date specified in the termination notice and Lessee's option shall be extinguished.

9.6 **Abatement of Rent; Lessee's Remedies.**

(a) **Abatement.** In the event of Premises Partial Damage or Premises Total Destruction or a Hazardous Substance Condition for which Lessee is not responsible under this Lease, the Rent payable by Lessee for the period required for the repair, remediation or restoration of such damage shall be abated in proportion to the degree to which Lessee's use of the Premises is impaired, but not to exceed the proceeds received from

the Rental Value Insurance. All other obligations of Lessee hereunder shall be performed by Lessee, and Lessor shall have no liability for any such damage, destruction, remediation, repair or restoration except as provided herein.

(b) **Remedies.** If Lessor is obligated to repair or restore the Premises and does not commence, in a substantial and meaningful way, such repair or restoration within 90 days after such obligation shall accrue, Lessee may, at any time prior to the commencement of such repair or restoration, give written notice to Lessor and to any Lenders of which Lessee has actual notice, of Lessee's election to terminate this Lease on a date not less than 60 days following the giving of such notice. If Lessee gives such notice and such repair or restoration is not commenced within 30 days thereafter, this Lease shall terminate as of the date specified in said notice. If the repair or restoration is commenced within such 30 days, this Lease shall continue in full force and effect. **"Commence"** shall mean either the unconditional authorization of the preparation of the required plans, or the beginning of the actual work on the Premises, whichever first occurs.

9.7 **Termination; Advance Payments.** Upon termination of this Lease pursuant to Paragraph 6.2(g) or Paragraph 9, an equitable adjustment shall be made concerning advance Base Rent and any other advance payments made by Lessee to Lessor. Lessor shall, in addition, return to Lessee so much of Lessee's Security Deposit as has not been, or is not then required to be, used by Lessor.

10. **Real Property Taxes.**

10.1 **Definition.** As used herein, the term **"Real Property Taxes"** shall include any form of assessment; real estate, general, special, ordinary or extraordinary, or rental levy or tax (other than inheritance, personal income or estate taxes); improvement bond; and/or license fee imposed upon or levied against any legal or equitable interest of Lessor in the Premises or the Project, Lessor's right to other income therefrom, and/or Lessor's business of leasing, by any authority having the direct or indirect power to tax and where the funds are generated with reference to the Building address and where the proceeds so generated are to be applied by the city, county or other local taxing authority of a jurisdiction within which the Premises are located. Real Property Taxes shall also include any tax, fee, levy, assessment or charge, or any increase therein: (i) imposed by reason of events occurring during the term of this Lease, including but not limited to, a change in the ownership of the Premises, and (ii) levied or assessed on machinery or equipment provided by Lessor to Lessee pursuant to this Lease.

10.2

(a) **Payment of Taxes.** Lessor shall pay the Real Property Taxes applicable to the Premises provided, however, that Lessee shall pay to Lessor the amount, if any, by which Real Property Taxes applicable to the Premises increase over the fiscal tax year during which the Commencement Date Occurs ("Tax Increase"). Payment of any such Tax Increase shall be made by Lessee to Lessor within 30 days after receipt of Lessor's written statement setting forth the amount due and computation thereof. If any such taxes shall cover any period of time prior to or after the expiration or termination of this Lease, Lessee's share of such taxes shall be prorated to cover only that portion of the tax bill applicable to the period that this Lease is in effect. In the event Lessee incurs a late charge on any Rent payment, Lessor may estimate the current Real Property Taxes, and require that the Tax Increase be paid in advance to Lessor by Lessee monthly in advance with the payment of the Base Rent. Such monthly payment shall be an amount equal to the amount of the estimated installment of the Tax Increase divided by the number of months remaining before the month in which said installment becomes delinquent. When the actual amount of the applicable Tax Increase is known, the amount of such equal monthly advance payments shall be adjusted as required to provide the funds needed to pay the applicable Tax Increase. If the amount collected by Lessor is insufficient to pay the Tax Increase when due, Lessee shall pay Lessor, upon demand, such additional sums as are necessary to pay such obligations. Advance payments may be intermingled with other moneys of Lessor and shall not bear interest. In the event of a Breach by Lessee in the performance of its obligations under this Lease, then any such advance payments may be treated by Lessor as an additional Security Deposit.

(b) **Additional Improvements.** Notwithstanding anything to the contrary in this Paragraph 10.2, Lessee shall pay to Lessor upon demand therefor the entirety of any increase in Real Property Taxes assessed by reason of Alterations or Utility Installations placed upon the Premises by Lessee or at Lessee's request or by reason of any alterations or improvements to the Premises made by Lessor subsequent to the execution of this Lease by the Parties.

10.3 **Joint Assessment.** If the Premises are not separately assessed, Lessee's liability shall be an equitable proportion of the Tax Increase for all of the land and improvements included within the tax parcel assessed, such proportion to be conclusively determined by Lessor from the respective valuations assigned in the assessor's work sheets or such other information as may be reasonably available.

10.4 **Personal Property Taxes.** Lessee shall pay, prior to delinquency, all taxes assessed against and levied upon Lessee Owned Alterations, Utility Installations, Trade Fixtures, furnishings, equipment and all personal property of Lessee. When possible, Lessee shall cause its Lessee Owned Alterations and Utility Installations, Trade Fixtures, furnishings, equipment and all other personal property to be assessed and billed separately from the real property of Lessor. If any of Lessee's said property shall be assessed with Lessor's real property, Lessee shall pay Lessor the taxes attributable to Lessee's property within 10 days after receipt of a written statement setting forth the taxes applicable to Lessee's property.

11. **Utilities and Services.** Lessee shall pay for all water, gas, heat, light, power, telephone, trash disposal and other utilities and services supplied to the Premises, together with any taxes thereon. If any such services are not separately metered or billed to Lessee, Lessee shall pay a reasonable proportion, to be determined by Lessor, of all charges jointly metered or billed. There shall be no abatement of rent and Lessor shall not be liable in any respect whatsoever for the inadequacy, stoppage, interruption or discontinuance of any utility or service due to riot, strike, labor dispute, breakdown, accident, repair or other cause beyond Lessor's reasonable control or in cooperation with governmental request or directions.

12. **Assignment and Subletting.**

12.1 **Lessor's Consent Required.**

(a) Lessee shall not voluntarily or by operation of law assign, transfer, mortgage or encumber (collectively, **"assign or assignment"**) or sublet all or any part of Lessee's interest in this Lease or in the Premises without Lessor's prior written consent.

(b) Unless Lessee is a corporation and its stock is publicly traded on a national stock exchange, a change in the control of Lessee shall constitute an assignment requiring consent. The transfer, on a cumulative basis, of 25% or more of the voting control of Lessee shall constitute a change in control for this purpose.

(c) The involvement of Lessee or its assets in any transaction, or series of transactions (by way of merger, sale, acquisition, financing, transfer, leveraged buy-out or otherwise), whether or not a formal assignment or hypothecation of this Lease or Lessee's assets occurs, which results or will result in a reduction of the Net Worth of Lessee by an amount greater than 25% of such Net Worth as it was represented at the time of the execution of this Lease or at the time of the most recent assignment to which Lessor has consented, or as it exists immediately prior to said transaction or transactions constituting such reduction, whichever was or is greater, shall be considered an assignment of this Lease to which Lessor may withhold its consent. **"Net Worth of Lessee"** shall mean the net worth of Lessee (excluding any guarantors) established under generally accepted accounting principles.

(d) An assignment or subletting without consent shall, at Lessor's option, be a Default curable after notice per Paragraph 13.1(c), or a noncurable Breach without the necessity of any notice and grace period. If Lessor elects to treat such unapproved assignment or subletting as a noncurable Breach, Lessor may either: (i) terminate this Lease, or (ii) upon 30 days written notice, increase the monthly Base Rent to 110% of the Base Rent then in effect. Further, in the event of such Breach and rental adjustment, (i) the purchase price of any option to purchase the Premises held by Lessee shall be subject to similar adjustment to 110% of the price previously in effect, and (ii) all fixed and non-fixed rental adjustments scheduled during the remainder of the Lease term shall be increased to 110% of the scheduled adjusted rent.

(e) Lessee's remedy for any breach of Paragraph 12.1 by Lessor shall be limited to compensatory damages and/or injunctive relief.

(f) Lessor may reasonably withhold consent to a proposed assignment or subletting if Lessee is in Default at the time consent is requested.

(g) Notwithstanding the foregoing, allowing a de minimis portion of the Premises, ie. 20 square feet or less, to be used by a third party vendor in connection with the installation of a vending machine or payphone shall not constitute a subletting.

12.2 **Terms and Conditions Applicable to Assignment and Subletting.**

(a) Regardless of Lessor's consent, no assignment or subletting shall: (i) be effective without the express written assumption by such assignee or sublessee of the obligations of Lessee under this Lease, (ii) release Lessee of any obligations hereunder, or (iii) alter the primary liability of Lessee for the payment of Rent or for the performance of any other obligations to be performed by Lessee.

(b) Lessor may accept Rent or performance of Lessee's obligations from any person other than Lessee pending approval or disapproval of an assignment. Neither a delay in the approval or disapproval of such assignment nor the acceptance of Rent or performance shall constitute a waiver or estoppel of Lessor's right to exercise its remedies for Lessee's Default or Breach.

(c) Lessor's consent to any assignment or subletting shall not constitute a consent to any subsequent assignment or subletting.

(d) In the event of any Default or Breach by Lessee, Lessor may proceed directly against Lessee, any Guarantors or anyone else responsible for the performance of Lessee's obligations under this Lease, including any assignee or sublessee, without first exhausting Lessor's remedies against any other person or entity responsible therefor to Lessor, or any security held by Lessor.

(e) Each request for consent to an assignment or subletting shall be in writing, accompanied by information relevant to Lessor's determination as to the financial and operational responsibility and appropriateness of the proposed assignee or sublessee, including but not limited to the intended use and/or required modification of the Premises, if any, together with a fee of $500 as consideration for Lessor's considering and processing said request. Lessee agrees to provide Lessor with such other or additional information and/or documentation as may be reasonably requested. (See also Paragraph 36)

(f) Any assignee of, or sublessee under, this Lease shall, by reason of accepting such assignment, entering into such sublease, or

entering into possession of the Premises or any portion thereof, be deemed to have assumed and agreed to conform and comply with each and every term, covenant, condition and obligation herein to be observed or performed by Lessee during the term of said assignment or sublease, other than such obligations as are contrary to or inconsistent with provisions of an assignment or sublease to which Lessor has specifically consented to in writing.

(g) Lessor's consent to any assignment or subletting shall not transfer to the assignee or sublessee any Option granted to the original Lessee by this Lease unless such transfer is specifically consented to by Lessor in writing. (See Paragraph 39.2)

12.3 **Additional Terms and Conditions Applicable to Subletting.** The following terms and conditions shall apply to any subletting by Lessee of all or any part of the Premises and shall be deemed included in all subleases under this Lease whether or not expressly incorporated therein:

(a) Lessee hereby assigns and transfers to Lessor all of Lessee's interest in all Rent payable on any sublease, and Lessor may collect such Rent and apply same toward Lessee's obligations under this Lease; provided, however, that until a Breach shall occur in the performance of Lessee's obligations, Lessee may collect said Rent. In the event that the amount collected by Lessor exceeds Lessee's then outstanding obligations any such excess shall be refunded to Lessee. Lessor shall not, by reason of the foregoing or any assignment of such sublease, nor by reason of the collection of Rent, be deemed liable to the sublessee for any failure of Lessee to perform and comply with any of Lessee's obligations to such sublessee. Lessee hereby irrevocably authorizes and directs any such sublessee, upon receipt of a written notice from Lessor stating that a Breach exists in the performance of Lessee's obligations under this Lease, to pay to Lessor all Rent due and to become due under the sublease. Sublessee shall rely upon any such notice from Lessor and shall pay all Rents to Lessor without any obligation or right to inquire as to whether such Breach exists, notwithstanding any claim from Lessee to the contrary.

(b) In the event of a Breach by Lessee, Lessor may, at its option, require sublessee to attorn to Lessor, in which event Lessor shall undertake the obligations of the sublessor under such sublease from the time of the exercise of said option to the expiration of such sublease; provided, however, Lessor shall not be liable for any prepaid rents or security deposit paid by such sublessee to such sublessor or for any prior Defaults or Breaches of such sublessor.

(c) Any matter requiring the consent of the sublessor under a sublease shall also require the consent of Lessor.

(d) No sublessee shall further assign or sublet all or any part of the Premises without Lessor's prior written consent.

(e) Lessor shall deliver a copy of any notice of Default or Breach by Lessee to the sublessee, who shall have the right to cure the Default of Lessee within the grace period, if any, specified in such notice. The sublessee shall have a right of reimbursement and offset from and against Lessee for any such Defaults cured by the sublessee.

13. **Default; Breach; Remedies.**

13.1 **Default; Breach.** A **"Default"** is defined as a failure by the Lessee to comply with or perform any of the terms, covenants, conditions or Rules and Regulations under this Lease. A **"Breach"** is defined as the occurrence of one or more of the following Defaults, and the failure of Lessee to cure such Default within any applicable grace period:

(a) The abandonment of the Premises; or the vacating of the Premises without providing a commercially reasonable level of security, or where the coverage of the property insurance described in Paragraph 8.3 is jeopardized as a result thereof, or without providing reasonable assurances to minimize potential vandalism.

(b) The failure of Lessee to make any payment of Rent or any Security Deposit required to be made by Lessee hereunder, whether to Lessor or to a third party, when due, to provide reasonable evidence of insurance or surety bond, or to fulfill any obligation under this Lease which endangers or threatens life or property, where such failure continues for a period of 3 business days following written notice to Lessee. THE ACCEPTANCE BY LESSOR OF A PARTIAL PAYMENT OF RENT OR SECURITY DEPOSIT SHALL NOT CONSTITUTE A WAIVER OF ANY OF LESSOR'S RIGHTS, INCLUDING LESSOR'S RIGHT TO RECOVER POSSESSION OF THE PREMISES.

(c) The failure of Lessee to allow Lessor and/or its agents access to the Premises or the commission of waste, act or acts constituting public or private nuisance, and/or an illegal activity on the Premises by Lessee, where such actions continue for a period of 3 business days following written notice to Lessee.

(d) The failure by Lessee to provide (i) reasonable written evidence of compliance with Applicable Requirements, (ii) the service contracts, (iii) the rescission of an unauthorized assignment or subletting, (iv) an Estoppel Certificate or financial statements, (v) a requested subordination, (vi) evidence concerning any guaranty and/or Guarantor, (vii) any document requested under Paragraph 42, (viii) material safety data sheets (MSDS), or (ix) any other documentation or information which Lessor may reasonably require of Lessee under the terms of this Lease, where any such failure continues for a period of 10 days following written notice to Lessee.

(e) A Default by Lessee as to the terms, covenants, conditions or provisions of this Lease, or of the rules adopted under Paragraph 40 hereof, other than those described in subparagraphs 13.1(a), (b), (c) or (d), above, where such Default continues for a period of 30 days after written notice; provided, however, that if the nature of Lessee's Default is such that more than 30 days are reasonably required for its cure, then it shall not be deemed to be a Breach if Lessee commences such cure within said 30 day period and thereafter diligently prosecutes such cure to completion.

(f) The occurrence of any of the following events: (i) the making of any general arrangement or assignment for the benefit of creditors; (ii) becoming a **"debtor"** as defined in 11 U.S.C. §101 or any successor statute thereto (unless, in the case of a petition filed against Lessee, the same is dismissed within 60 days); (iii) the appointment of a trustee or receiver to take possession of substantially all of Lessee's assets located at the Premises or of Lessee's interest in this Lease, where possession is not restored to Lessee within 30 days; or (iv) the attachment, execution or other judicial seizure of substantially all of Lessee's assets located at the Premises or of Lessee's interest in this Lease, where such seizure is not discharged within 30 days; provided, however, in the event that any provision of this subparagraph (e) is contrary to any applicable law, such provision shall be of no force or effect, and not affect the validity of the remaining provisions.

(g) The discovery that any financial statement of Lessee or of any Guarantor given to Lessor was materially false.

(h) If the performance of Lessee's obligations under this Lease is guaranteed: (i) the death of a Guarantor, (ii) the termination of a Guarantor's liability with respect to this Lease other than in accordance with the terms of such guaranty, (iii) a Guarantor's becoming insolvent or the subject of a bankruptcy filing, (iv) a Guarantor's refusal to honor the guaranty, or (v) a Guarantor's breach of its guaranty obligation on an anticipatory basis, and Lessee's failure, within 60 days following written notice of any such event, to provide written alternative assurance or security, which, when coupled with the then existing resources of Lessee, equals or exceeds the combined financial resources of Lessee and the Guarantors that existed at the time of execution of this Lease.

13.2 **Remedies.** If Lessee fails to perform any of its affirmative duties or obligations, within 10 days after written notice (or in case of an emergency, without notice), Lessor may, at its option, perform such duty or obligation on Lessee's behalf, including but not limited to the obtaining of reasonably required bonds, insurance policies, or governmental licenses, permits or approvals. Lessee shall pay to Lessor an amount equal to 115% of the costs and expenses incurred by Lessor in such performance upon receipt of an invoice therefor. In the event of a Breach, Lessor may, with or without further notice or demand, and without limiting Lessor in the exercise of any right or remedy which Lessor may have by reason of such Breach:

(a) Terminate Lessee's right to possession of the Premises by any lawful means, in which case this Lease shall terminate and Lessee shall immediately surrender possession to Lessor. In such event Lessor shall be entitled to recover from Lessee: (i) the unpaid Rent which had been earned at the time of termination; (ii) the worth at the time of award of the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that the Lessee proves could have been reasonably avoided; (iii) the worth at the time of award of the amount by which the unpaid rent for the balance of the term after the time of award exceeds the amount of such rental loss that the Lessee proves could be reasonably avoided; and (iv) any other amount necessary to compensate Lessor for all the detriment proximately caused by the Lessee's failure to perform its obligations under this Lease or which in the ordinary course of things would be likely to result therefrom, including but not limited to the cost of recovering possession of the Premises, expenses of relotting, including necessary renovation and alteration of the Premises, reasonable attorneys' fees, and that portion of any leasing commission paid by Lessor in connection with this Lease applicable to the unexpired term of this Lease. The worth at the time of award of the amount referred to in provision (iii) of the immediately preceding sentence shall be computed by discounting such amount at the discount rate of the Federal Reserve Bank of the District within which the Premises are located at the time of award plus one percent. Efforts by Lessor to mitigate damages caused by Lessee's Breach of this Lease shall not waive Lessor's right to recover damages under Paragraph 12. If termination of this Lease is obtained through the provisional remedy of unlawful detainer, Lessor shall have the right to recover in such proceeding any unpaid Rent and damages as are recoverable therein, or Lessor may reserve the right to recover all or any part thereof in a separate suit. If a notice and grace period required under Paragraph 13.1 was not previously given, a notice to pay rent or quit, or to perform or quit given to Lessee under the unlawful detainer statute shall also constitute the notice required by Paragraph 13.1. In such case, the applicable grace period required by Paragraph 13.1 and the unlawful detainer statute shall run concurrently, and the failure of Lessee to cure the Default within the greater of the two such grace periods shall constitute both an unlawful detainer and a Breach of this Lease entitling Lessor to the remedies provided for in this Lease and/or by said statute.

(b) Continue the Lease and Lessee's right to possession and recover the Rent as it becomes due, in which event Lessee may sublet or assign, subject only to reasonable limitations. Acts of maintenance, efforts to relet, and/or the appointment of a receiver to protect the Lessor's interests, shall not constitute a termination of the Lessee's right to possession.

(c) Pursue any other remedy now or hereafter available under the laws or judicial decisions of the state wherein the Premises are located. The expiration or termination of this Lease and/or the termination of Lessee's right to possession shall not relieve Lessee from liability under any indemnity provisions of this Lease as to matters occurring or accruing during the term hereof or by reason of Lessee's occupancy of the Premises.

13.3 **Inducement Recapture.** Any agreement for free or abated rent or other charges, or for the giving or paying by Lessor to or for

Powered by BoardOnTrack

Lessee of any cash or other bonus, inducement or consideration for Lessee's entering into this Lease, all of which concessions are hereinafter referred to as **"Inducement Provisions,"** shall be deemed conditioned upon Lessee's full and faithful performance of all of the terms, covenants and conditions of this Lease. Upon Breach of this Lease by Lessee, any such Inducement Provision shall automatically be deemed deleted from this Lease and of no further force or effect, and any rent, other charge, bonus, inducement or consideration theretofore abated, given or paid by Lessor under such an inducement Provision shall be immediately due and payable by Lessee to Lessor, notwithstanding any subsequent cure of said Breach by Lessee. The acceptance by Lessor of rent or the cure of the Breach which initiated the operation of this paragraph shall not be deemed a waiver by Lessor of the provisions of this paragraph unless specifically so stated in writing by Lessor at the time of such acceptance.

13.4 **Late Charges.** Lessee hereby acknowledges that late payment by Lessee of Rent will cause Lessor to incur costs not contemplated by this Lease, the exact amount of which will be extremely difficult to ascertain. Such costs include, but are not limited to, processing and accounting charges, and late charges which may be imposed upon Lessor by any Lender. Accordingly, if any Rent shall not be received by Lessor within 5 days after such amount shall be due, then, without any requirement for notice to Lessee, Lessee shall immediately pay to Lessor a one-time late charge equal to 10% of each such overdue amount or $100, whichever is greater. The Parties hereby agree that such late charge represents a fair and reasonable estimate of the costs Lessor will incur by reason of such late payment. Acceptance of such late charge by Lessor shall in no event constitute a waiver of Lessee's Default or Breach with respect to such overdue amount, nor prevent the exercise of any of the other rights and remedies granted hereunder. In the event that a late charge is payable hereunder, whether or not collected, for 3 consecutive installments of Base Rent, then notwithstanding any provision of this Lease to the contrary, Base Rent shall, at Lessor's option, become due and payable quarterly in advance.

13.5 **Interest.** Any monetary payment due Lessor hereunder, other than late charges, not received by Lessor, when due as to scheduled payments (such as Base Rent) or within 30 days following the date on which it was due for non-scheduled payment, shall bear interest from the date when due, as to scheduled payments, or the 31st day after it was due as to non-scheduled payments. The interest (**"Interest"**) charged shall be computed at the rate of 10% per annum but shall not exceed the maximum rate allowed by law. Interest is payable in addition to the potential late charge provided for in Paragraph 13.4.

13.6 **Breach by Lessor.**

(a) **Notice of Breach.** Lessor shall not be deemed in breach of this Lease unless Lessor fails within a reasonable time to perform an obligation required to be performed by Lessor. For purposes of this Paragraph, a reasonable time shall in no event be less than 30 days after receipt by Lessor, and any Lender whose name and address shall have been furnished Lessee in writing for such purpose, of written notice specifying wherein such obligation of Lessor has not been performed; provided, however, that if the nature of Lessor's obligation is such that more than 30 days are reasonably required for its performance, then Lessor shall not be in breach if performance is commenced within such 30 day period and thereafter diligently pursued to completion.

(b) **Performance by Lessee on Behalf of Lessor.** In the event that neither Lessor nor Lender cures said breach within 30 days after receipt of said notice, or if having commenced said cure they do not diligently pursue it to completion, then Lessee may elect to cure said breach at Lessee's expense and offset from Rent the actual and reasonable cost to perform such cure, provided however, that such offset shall not exceed an amount equal to the greater of one month's Base Rent or the Security Deposit, reserving Lessee's right to seek reimbursement from Lessor for any such expense in excess of such offset. Lessee shall document the cost of said cure and supply said documentation to Lessor.

14. **Condemnation.** If the Premises or any portion thereof are taken under the power of eminent domain or sold under the threat of the exercise of said power (collectively **"Condemnation"**), this Lease shall terminate as to the part taken as of the date the condemning authority takes title or possession, whichever first occurs. If more than 10% of the Building, or more than 25% of that portion of the Premises not occupied by any building, is taken by Condemnation, Lessee may, at Lessee's option, to be exercised in writing within 10 days after Lessor shall have given Lessee written notice of such taking (or in the absence of such notice, within 10 days after the condemning authority shall have taken possession) terminate this Lease as of the date the condemning authority takes such possession. If Lessee does not terminate this Lease in accordance with the foregoing, this Lease shall remain in full force and effect as to the portion of the Premises remaining, except that the Base Rent shall be reduced in proportion to the reduction in utility of the Premises caused by such Condemnation. Condemnation awards and/or payments shall be the property of Lessor, whether such award shall be made as compensation for diminution in value of the leasehold, the value of the part taken, or for severance damages; provided, however, that Lessee shall be entitled to any compensation paid by the condemnor for Lessee's relocation expenses, loss of business goodwill and/or Trade Fixtures, without regard to whether or not this Lease is terminated pursuant to the provisions of this Paragraph. All Alterations and Utility Installations made to the Premises by Lessee, for purposes of Condemnation only, shall be considered the property of the Lessee and Lessee shall be entitled to any and all compensation which is payable therefor. In the event that this Lease is not terminated by reason of the Condemnation, Lessor shall repair any damage to the Premises caused by such Condemnation.

15. **Brokerage Fees.**

15.1 **Additional Commission.** If a separate brokerage fee agreement is attached then in addition to the payments owed pursuant to Paragraph 1.9 above, and unless Lessor and the Brokers otherwise agree in writing, Lessor agrees that: (a) if Lessee exercises any Option, (b) if Lessee or anyone affiliated with Lessee acquires any rights to the Premises or other premises owned by Lessor and located within the same Project, if any, within which the Premises is located, (c) if Lessee remains in possession of the Premises, with the consent of Lessor, after the expiration of this Lease, or (d) if Base Rent is increased, whether by agreement or operation of an escalation clause herein, then, Lessor shall pay Brokers a fee in accordance with the schedule attached to such brokerage fee agreement.

15.2 **Assumption of Obligations.** Any buyer or transferee of Lessor's interest in this Lease shall be deemed to have assumed Lessor's obligation hereunder. Brokers shall be third party beneficiaries of the provisions of Paragraphs 1.9, 15, 22 and 31. If Lessor fails to pay to Brokers any amounts due as and for brokerage fees pertaining to this Lease when due, then such amounts shall accrue Interest. In addition, if Lessor fails to pay any amounts to Lessee's Broker when due, Lessee's Broker may send written notice to Lessor and Lessee of such failure and if Lessor fails to pay such amounts within 10 days after said notice, Lessee shall pay said monies to its Broker and offset such amounts against Rent. In addition, Lessee's Broker shall be deemed to be a third party beneficiary of any commission agreement entered into by and/or between Lessor and Lessor's Broker for the limited purpose of collecting any brokerage fee owed.

15.3 **Representations and Indemnities of Broker Relationships.** Lessee and Lessor each represent and warrant to the other that it has had no dealings with any person, firm, broker or finder (other than the Brokers, if any) in connection with this Lease, and that no one other than said named Brokers is entitled to any commission or finder's fee in connection herewith. Lessee and Lessor do each hereby agree to indemnify, protect, defend and hold the other harmless from and against liability for compensation or charges which may be claimed by any such unnamed broker, finder or other similar party by reason of any dealings or actions of the Indemnifying Party, including any costs, expenses, attorneys' fees reasonably incurred with respect thereto.

16. **Estoppel Certificates.**

(a) Each Party (as **"Responding Party"**) shall within 10 days after written notice from the other Party (the **"Requesting Party"**) execute, acknowledge and deliver to the Requesting Party a statement in writing in form similar to the then most current **"Estoppel Certificate"** form published by the AIR Commercial Real Estate Association, plus such additional information, confirmation and/or statements as may be reasonably requested by the Requesting Party.

(b) If the Responding Party shall fail to execute or deliver the Estoppel Certificate within such 10 day period, the Requesting Party may execute an Estoppel Certificate stating that: (i) the Lease is in full force and effect without modification except as may be represented by the Requesting Party, (ii) there are no uncured defaults in the Requesting Party's performance, and (iii) if Lessor is the Requesting Party, not more than one month's rent has been paid in advance. Prospective purchasers and encumbrancers may rely upon the Requesting Party's Estoppel Certificate, and the Responding Party shall be estopped from denying the truth of the facts contained in said Certificate.

(c) If Lessor desires to finance, refinance, or sell the Premises, or any part thereof, Lessee and all Guarantors shall within 10 days after written notice from Lessor deliver to any potential lender or purchaser designated by Lessor such financial statements as may be reasonably required by such lender or purchaser, including but not limited to Lessee's financial statements for the past 3 years. All such financial statements shall be received by Lessor and such lender or purchaser in confidence and shall be used only for the purposes herein set forth.

17. **Definition of Lessor.** The term **"Lessor"** as used herein shall mean the owner or owners at the time in question of the fee title to the Premises, or, if this is a sublease, of the Lessee's interest in the prior lease. In the event of a transfer of Lessor's title or interest in the Premises or this Lease, Lessor shall deliver to the transferee or assignee (in cash or by credit) any unused Security Deposit held by Lessor. Upon such transfer or assignment and delivery of the Security Deposit, as aforesaid, the prior Lessor shall be relieved of all liability with respect to the obligations and/or covenants under this Lease thereafter to be performed by the Lessor. Subject to the foregoing, the obligations and/or covenants in this Lease to be performed by the Lessor shall be binding only upon the Lessor as hereinabove defined.

18. **Severability.** The invalidity of any provision of this Lease, as determined by a court of competent jurisdiction, shall in no way affect the validity of any other provision hereof.

19. **Days.** Unless otherwise specifically indicated to the contrary, the word "days" as used in this Lease shall mean and refer to calendar days.

20. **Limitation on Liability.** The obligations of Lessor under this Lease shall not constitute personal obligations of Lessor or its partners, members, directors, officers or shareholders, and Lessee shall look to the Premises, and to no other assets of Lessor, for the satisfaction of any liability of Lessor with respect to this Lease, and shall not seek recourse against Lessor's partners, members, directors, officers or shareholders, or any of their personal assets for such satisfaction.

21. **Time of Essence.** Time is of the essence with respect to the performance of all obligations to be performed or observed by the Parties under this Lease.

22. **No Prior or Other Agreements; Broker Disclaimer.** This Lease contains all agreements between the Parties with respect to any matter mentioned herein, and no other prior or contemporaneous agreement or understanding shall be effective. Lessor and Lessee each represents and warrants to the Brokers that it has made, and is relying solely upon, its own investigation as to the nature, quality, character and financial responsibility of the other Party to this Lease and as to the use, nature, quality and character of the Premises. Brokers have no responsibility with respect thereto or with respect to any default or breach hereof by either Party.

23. **Notices.**

23.1 **Notice Requirements.** All notices required or permitted by this Lease or applicable law shall be in writing and may be delivered in person (by hand or by courier) or may be sent by regular, certified or registered mail or U.S. Postal Service Express Mail, with postage prepaid, or by facsimile transmission, and shall be deemed sufficiently given if served in a manner specified in this Paragraph 23. The addresses noted adjacent to a Party's signature on this Lease shall be that Party's address for delivery or mailing of notices. Either Party may by written notice to the other specify a different address for notice, except that upon Lessee's taking possession of the Premises, the Premises shall constitute Lessee's address for notice. A copy of all notices to Lessor shall be concurrently transmitted to such party or parties at such addresses as Lessor may from time to time hereafter designate in writing.

23.2 **Date of Notice.** Any notice sent by registered or certified mail, return receipt requested, shall be deemed given on the date of delivery shown on the receipt card, or if no delivery date is shown, the postmark thereon. If sent by regular mail the notice shall be deemed given 72 hours after the same is addressed as required herein and mailed with postage prepaid. Notices delivered by United States Express Mail or overnight courier that guarantees next day delivery shall be deemed given 24 hours after delivery of the same to the Postal Service or courier. Notices transmitted by facsimile transmission or similar means shall be deemed delivered upon telephone confirmation of receipt (confirmation report from fax machine is sufficient), provided a copy is also delivered via delivery or mail. If notice is received on a Saturday, Sunday or legal holiday, it shall be deemed received on the next business day.

24. **Waivers.**

(a) No waiver by Lessor of the Default or Breach of any term, covenant or condition hereof by Lessee, shall be deemed a waiver of any other term, covenant or condition hereof, or of any subsequent Default or Breach by Lessee of the same or of any other term, covenant or condition hereof. Lessor's consent to, or approval of, any act shall not be deemed to render unnecessary the obtaining of Lessor's consent to, or approval of, any subsequent or similar act by Lessee, or be construed as the basis of an estoppel to enforce the provision or provisions of this Lease requiring such consent.

(b) The acceptance of Rent by Lessor shall not be a waiver of any Default or Breach by Lessee. Any payment by Lessee may be accepted by Lessor on account of moneys or damages due Lessor, notwithstanding any qualifying statements or conditions made by Lessee in connection therewith, which such statements and/or conditions shall be of no force or effect whatsoever unless specifically agreed to in writing by Lessor at or before the time of deposit of such payment.

(c) THE PARTIES AGREE THAT THE TERMS OF THIS LEASE SHALL GOVERN WITH REGARD TO ALL MATTERS RELATED THERETO AND HEREBY WAIVE THE PROVISIONS OF ANY PRESENT OR FUTURE STATUTE TO THE EXTENT THAT SUCH STATUTE IS INCONSISTENT WITH THIS LEASE.

25. **Disclosures Regarding The Nature of a Real Estate Agency Relationship.**

(a) When entering into a discussion with a real estate agent regarding a real estate transaction, a Lessor or Lessee should from the outset understand what type of agency relationship or representation it has with the agent or agents in the transaction. Lessor and Lessee acknowledge being advised by the Brokers in this transaction, as follows:

(i) Lessor's Agent. A Lessor's agent under a listing agreement with the Lessor acts as the agent for the Lessor only. A Lessor's agent or subagent has the following affirmative obligations: To the Lessor: A fiduciary duty of utmost care, integrity, honesty, and loyalty in dealings with the Lessor. To the Lessee and the Lessor: a. Diligent exercise of reasonable skills and care in performance of the agent's duties. b. A duty of honest and fair dealing and good faith. c. A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the Parties. An agent is not obligated to reveal to either Party any confidential information obtained from the other Party which does not involve the affirmative duties set forth above.

(ii) Lessee's Agent. An agent can agree to act as agent for the Lessee only. In these situations, the agent is not the Lessor's agent, even if by agreement the agent may receive compensation for services rendered, either in full or in part from the Lessor. An agent acting only for a Lessee has the following affirmative obligations. To the Lessee: A fiduciary duty of utmost care, integrity, honesty, and loyalty in dealings with the Lessee. To the Lessee and the Lessor: a. Diligent exercise of reasonable skills and care in performance of the agent's duties. b. A duty of honest and fair dealing and good faith. c. A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the Parties. An agent is not obligated to reveal to either Party any confidential information obtained from the other Party which does not involve the affirmative duties set forth above.

(iii) Agent Representing Both Lessor and Lessee. A real estate agent, either acting directly or through one or more associate licenses, can legally be the agent of both the Lessor and the Lessee in a transaction, but only with the knowledge and consent of both the Lessor and the Lessee. In a dual agency situation, the agent has the following affirmative obligations to both the Lessor and the Lessee: a. A fiduciary duty of utmost care, integrity, honesty and loyalty in the dealings with either Lessor or the Lessee. b. Other duties to the Lessor and the Lessee as stated above in subparagraphs (i) or (ii). In representing both Lessor and Lessee, the agent may not without the express permission of the respective Party, disclose to the other Party that the Lessor will accept rent in an amount less than that indicated in the listing or that the Lessee is willing to pay a higher rent than that offered. The above duties of the agent in a real estate transaction do not relieve a Lessor or Lessee from the responsibility to protect their own interests. Lessor and Lessee should carefully read all agreements to assure that they adequately express their understanding of the transaction. A real estate agent is a person qualified to advise about real estate. If legal or tax advice is desired, consult a competent professional.

(b) Brokers have no responsibility with respect to any default or breach hereof by either Party. The Parties agree that no lawsuit or other legal proceeding involving any breach of duty, error or omission relating to this Lease may be brought against Broker more than one year after the Start Date and that the liability (including court costs and attorneys' fees), of any Broker with respect to any such lawsuit and/or legal proceeding shall not exceed the fee received by such Broker pursuant to this Lease; provided, however, that the foregoing limitation on each Broker's liability shall not be applicable to any gross negligence or willful misconduct of such Broker.

(c) Lessor and Lessee agree to identify to Brokers as "Confidential" any communication or information given Brokers that is considered by such Party to be confidential.

26. **No Right To Holdover.** Lessee has no right to retain possession of the Premises or any part thereof beyond the expiration or termination of this Lease. In the event that Lessee holds over, then the Base Rent shall be increased to 150% of the Base Rent applicable immediately preceding the expiration or termination. Nothing contained herein shall be construed as consent by Lessor to any holding over by Lessee.

27. **Cumulative Remedies.** No remedy or election hereunder shall be deemed exclusive but shall, wherever possible, be cumulative with all other remedies at law or in equity.

28. **Covenants and Conditions; Construction of Agreement.** All provisions of this Lease to be observed or performed by Lessee are both covenants and conditions. In construing this Lease, all headings and titles are for the convenience of the Parties only and shall not be considered a part of this Lease. Whenever required by the context, the singular shall include the plural and vice versa. This Lease shall not be construed as if prepared by one of the Parties, but rather according to its fair meaning as a whole, as if both Parties had prepared it.

29. **Binding Effect; Choice of Law.** This Lease shall be binding upon the Parties, their personal representatives, successors and assigns and be governed by the laws of the State in which the Premises are located. Any litigation between the Parties hereto concerning this Lease shall be initiated in the county in which the Premises are located.

30. **Subordination; Attornment; Non-Disturbance.**

30.1 **Subordination.** This Lease and any Option granted hereby shall be subject and subordinate to any ground lease, mortgage, deed of trust, or other hypothecation or security device (collectively, **"Security Device"**), now or hereafter placed upon the Premises, to any and all advances made on the security thereof, and to all renewals, modifications, and extensions thereof. Lessee agrees that the holders of any such Security Devices (in this Lease together referred to as **"Lender"**) shall have no liability or obligation to perform any of the obligations of Lessor under this Lease. Any Lender may elect to have this Lease and/or any Option granted hereby superior to the lien of its Security Device by giving written notice thereof to Lessee, whereupon this Lease and such Options shall be deemed prior to such Security Device, notwithstanding the relative dates of the documentation or recordation thereof.

30.2 **Attornment.** In the event that Lessor transfers title to the Premises, or the Premises are acquired by another upon the foreclosure or termination of a Security Devise to which this Lease is subordinated (i) Lessee shall, subject to the non-disturbance provisions of Paragraph 30.3, attorn to such new owner, and upon request, enter into a new lease, containing all of the terms and provisions of this Lease, with such new owner for the remainder of the term hereof, or, at the election of the new owner, this Lease will automatically become a new lease between Lessee and such new

INITIALS INITIALS

Powered by BoardOnTrack

owner, and (ii) Lessor shall thereafter be relieved of any further obligations hereunder and such new owner shall assume all of Lessor's obligations, except that such new owner shall not: (a) be liable for any act or omission of any prior lessor or with respect to events occurring prior to acquisition of ownership; (b) be subject to any offsets or defenses which Lessee might have against any prior lessor, (c) be bound by prepayment of more than one month's rent, or (d) be liable for the return of any security deposit paid to any prior lessor which was not paid or credited to such new owner.

30.3 **Non-Disturbance.** With respect to Security Devices entered into by Lessor after the execution of this Lease, Lessee's subordination of this Lease shall be subject to receiving a commercially reasonable non-disturbance agreement (a **"Non-Disturbance Agreement"**) from the Lender which Non-Disturbance Agreement provides that Lessee's possession of the Premises, and this Lease, including any options to extend the term hereof, will not be disturbed so long as Lessee is not in Breach hereof and attorns to the record owner of the Premises. Further, within 60 days after the execution of this Lease, Lessor shall, if requested by Lessee, use its commercially reasonable efforts to obtain a Non-Disturbance Agreement from the holder of any pre-existing Security Device which is secured by the Premises. In the event that Lessor is unable to provide the Non-Disturbance Agreement within said 60 days, then Lessee may, at Lessee's option, directly contact Lender and attempt to negotiate for the execution and delivery of a Non-Disturbance Agreement.

30.4 **Self-Executing.** The agreements contained in this Paragraph 30 shall be effective without the execution of any further documents; provided, however, that, upon written request from Lessor or a Lender in connection with a sale, financing or refinancing of the Premises, Lessee and Lessor shall execute such further writings as may be reasonably required to separately document any subordination, attornment and/or Non-Disturbance Agreement provided for herein.

31. **Attorneys' Fees.** If any Party or Broker brings an action or proceeding involving the Premises whether founded in tort, contract or equity, or to declare rights hereunder, the Prevailing Party (as hereafter defined) in any such proceeding, action, or appeal thereon, shall be entitled to reasonable attorneys' fees. Such fees may be awarded in the same suit or recovered in a separate suit, whether or not such action or proceeding is pursued to decision or judgment. The term, **"Prevailing Party"** shall include, without limitation, a Party or Broker who substantially obtains or defeats the relief sought, as the case may be, whether by compromise, settlement, judgment, or the abandonment by the other Party or Broker of its claim or defense. The attorneys' fees award shall not be computed in accordance with any court fee schedule, but shall be such as to fully reimburse all attorneys' fees reasonably incurred. In addition, Lessor shall be entitled to attorneys' fees, costs and expenses incurred in the preparation and service of notices of Default and consultations in connection therewith, whether or not a legal action is subsequently commenced in connection with such Default or resulting Breach ($200 is a reasonable minimum per occurrence for such services and consultation).

32. **Lessor's Access; Showing Premises; Repairs.** Lessor and Lessor's agents shall have the right to enter the Premises at any time, in the case of an emergency, and otherwise at reasonable times after reasonable prior notice for the purpose of showing the same to prospective purchasers, lenders, or tenants, and making such alterations, repairs, improvements or additions to the Premises as Lessor may deem necessary or desirable and the erecting, using and maintaining of utilities, services, pipes and conduits through the Premises and/or other premises as long as there is no material adverse effect to Lessee's use of the Premises. All such activities shall be without abatement of rent or liability to Lessee.

33. **Auctions.** Lessee shall not conduct, nor permit to be conducted, any auction upon the Premises without Lessor's prior written consent. Lessor shall not be obligated to exercise any standard of reasonableness in determining whether to permit an auction.

34. **Signs.** Lessor may place on the Premises ordinary "For Sale" signs at any time and ordinary "For Lease" signs during the last 6 months of the term hereof. Except for ordinary "for sublease" signs, Lessee shall not place any sign upon the Premises without Lessor's prior written consent. All signs must comply with all Applicable Requirements.

35. **Termination; Merger.** Unless specifically stated otherwise in writing by Lessor, the voluntary or other surrender of this Lease by Lessee, the mutual termination or cancellation hereof, or a termination hereof by Lessor for Breach by Lessee, shall automatically terminate any sublease or lesser estate in the Premises; provided, however, that Lessor may elect to continue any one or all existing subtenancies. Lessor's failure within 10 days following any such event to elect to the contrary by written notice to the holder of any such lesser interest, shall constitute Lessor's election to have such event constitute the termination of such interest.

36. **Consents.** Except as otherwise provided herein, wherever in this Lease the consent of a Party is required to an act by or for the other Party, such consent shall not be unreasonably withheld or delayed. Lessor's actual reasonable costs and expenses (including but not limited to architects', attorneys', engineers' and other consultants' fees) incurred in the consideration of, or response to, a request by Lessee for any Lessor consent, including but not limited to consents to an assignment, a subletting or the presence or use of a Hazardous Substance, shall be paid by Lessee upon receipt of an invoice and supporting documentation therefor. Lessor's consent to any act, assignment or subletting shall not constitute an acknowledgment that no Default or Breach by Lessee of this Lease exists, nor shall such consent be deemed a waiver of any then existing Default or Breach, except as may be otherwise specifically stated in writing by Lessor at the time of such consent. The failure to specify herein any particular condition to Lessor's consent shall not preclude the imposition by Lessor at the time of consent of such further or other conditions as are then reasonable with reference to the particular matter for which consent is being given. In the event that either Party disagrees with any determination made by the other hereunder and reasonably requests the reasons for such determination, the determining party shall furnish its reasons in writing and in reasonable detail within 10 business days following such request.

37. **Guarantor.**

37.1 **Execution.** The Guarantors, if any, shall each execute a guaranty in the form most recently published by the AIR Commercial Real Estate Association.

37.2 **Default.** It shall constitute a Default of the Lessee if any Guarantor fails or refuses, upon request to provide: (a) evidence of the execution of the guaranty, including the authority of the party signing on Guarantor's behalf to obligate Guarantor, and in the case of a corporate Guarantor, a certified copy of a resolution of its board of directors authorizing the making of such guaranty, (b) current financial statements, (c) an Estoppel Certificate, or (d) written confirmation that the guaranty is still in effect.

38. **Quiet Possession.** Subject to payment by Lessee of the Rent and performance of all of the covenants, conditions and provisions on Lessee's part to be observed and performed under this Lease, Lessee shall have quiet possession and quiet enjoyment of the Premises during the term hereof.

39. **Options.** If Lessee is granted an Option, as defined below, then the following provisions shall apply:

39.1 **Definition. "Option"** shall mean: (a) the right to extend or reduce the term of or renew this Lease or to extend or reduce the term of or renew any lease that Lessee has on other property of Lessor; (b) the right of first refusal or first offer to lease either the Premises or other property of Lessor; (c) the right to purchase, the right of first offer to purchase or the right of first refusal to purchase the Premises or other property of Lessor.

39.2 **Options Personal To Original Lessee.** Any Option granted to Lessee in this Lease is personal to the original Lessee, and cannot be assigned or exercised by anyone other than said original Lessee and only while the original Lessee is in full possession of the Premises and, if requested by Lessor, with Lessee certifying that Lessee has no intention of thereafter assigning or subletting.

39.3 **Multiple Options.** In the event that Lessee has any multiple Options to extend or renew this Lease, a later Option cannot be exercised unless the prior Options have been validly exercised.

39.4 **Effect of Default on Options.**

(a) Lessee shall have no right to exercise an Option: (i) during the period commencing with the giving of any notice of Default and continuing until said Default is cured, (ii) during the period of time any Rent is unpaid (without regard to whether notice thereof is given Lessee), (iii) during the time Lessee is in Breach of this Lease, or (iv) in the event that Lessee has been given 3 or more notices of separate Default, whether or not the Defaults are cured, during the 12 month period immediately preceding the exercise of the Option.

(b) The period of time within which an Option may be exercised shall not be extended or enlarged by reason of Lessee's inability to exercise an Option because of the provisions of Paragraph 39.4(a).

(c) An Option shall terminate and be of no further force or effect, notwithstanding Lessee's due and timely exercise of the Option, if, after such exercise and prior to the commencement of the extended term or completion of the purchase, (i) Lessee fails to pay Rent for a period of 30 days after such Rent becomes due (without any necessity of Lessor to give notice thereof), or (ii) if Lessee commits a Breach of this Lease.

40. **Multiple Buildings.** If the Premises are a part of a group of buildings controlled by Lessor, Lessee agrees that it will abide by and conform to all reasonable rules and regulations which Lessor may make from time to time for the management, safety, and care of said properties, including the care and cleanliness of the grounds and including the parking, loading and unloading of vehicles, and to cause its employees, suppliers, shippers, customers, contractors and invitees to so abide and conform. Lessee also agrees to pay its fair share of common expenses incurred in connection with such rules and regulations.

41. **Security Measures.** Lessee hereby acknowledges that the Rent payable to Lessor hereunder does not include the cost of guard service or other security measures, and that Lessor shall have no obligation whatsoever to provide same. Lessee assumes all responsibility for the protection of the Premises, Lessee, its agents and invitees and their property from the acts of third parties.

42. **Reservations.** Lessor reserves to itself the right, from time to time, to grant, without the consent or joinder of Lessee, such easements, rights and dedications that Lessor deems necessary, and to cause the recordation of parcel maps and restrictions, so long as such easements, rights, dedications, maps and restrictions do not unreasonably interfere with the use of the Premises by Lessee. Lessee agrees to sign any documents reasonably requested by Lessor to effectuate any such easement rights, dedication, map or restrictions.

43. **Performance Under Protest.** If at any time a dispute shall arise as to any amount or sum of money to be paid by one Party to the other under the provisions hereof, the Party against whom the obligation to pay the money is asserted shall have the right to make payment "under protest"

INITIALS

INITIALS

©2001 - AIR COMMERCIAL REAL ESTATE ASSOCIATION

Powered by BoardOnTrack

and such payment shall not be regarded as a voluntary payment and there shall survive the right on the part of said Party to institute suit for recovery of such sum. If it shall be adjudged that there was no legal obligation on the part of said Party to pay such sum or any part thereof, said Party shall be entitled to recover such sum or so much thereof as it was not legally required to pay. A Party who does not initiate suit for the recovery of sums paid "under protest" within 6 months shall be deemed to have waived its right to protest such payment.

44. **Authority; Multiple Parties; Execution.**
(a) If either Party hereto is a corporation, trust, limited liability company, partnership, or similar entity, each individual executing this Lease on behalf of such entity represents and warrants that he or she is duly authorized to execute and deliver this Lease on its behalf. Each Party shall, within 30 days after request, deliver to the other Party satisfactory evidence of such authority.
(b) If this Lease is executed by more than one person or entity as "Lessee", each such person or entity shall be jointly and severally liable hereunder. It is agreed that any one of the named Lessees shall be empowered to execute any amendment to this Lease, or other document ancillary thereto and bind all of the named Lessees, and Lessor may rely on the same as if all of the named Lessees had executed such document.
(c) This Lease may be executed by the Parties in counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

45. **Conflict.** Any conflict between the printed provisions of this Lease and typewritten or handwritten provisions shall be controlled by the typewritten or handwritten provisions.

46. **Offer.** Preparation of this Lease by either Party or their agent and submission of same to the other Party shall not be deemed an offer to lease to the other Party. This Lease is not intended to be binding until executed and delivered by all Parties hereto.

47. **Amendments.** This Lease may be modified only in writing, signed by the Parties in interest at the time of the modification. As long as they do not materially change Lessee's obligations hereunder, Lessee agrees to make such reasonable non-monetary modifications to this Lease as may be reasonably required by a Lender in connection with the obtaining of normal financing or refinancing of the Premises.

48. **Waiver of Jury Trial.** **THE PARTIES HEREBY WAIVE THEIR RESPECTIVE RIGHTS TO TRIAL BY JURY IN ANY ACTION OR PROCEEDING INVOLVING THE PROPERTY OR ARISING OUT OF THIS AGREEMENT.**

49. **Arbitration of Disputes.** An Addendum requiring the Arbitration of disputes between the Parties and/or Brokers arising out of this Lease ☐ is ☐ is not attached to this Lease.

50. **Americans with Disabilities Act.** Since compliance with the Americans with Disabilities Act (ADA) is dependent upon Lessee's specific use of the Premises, Lessor makes no warranty or representation as to whether or not the Premises comply with ADA or any similar legislation. In the event that Lessee's use of the Premises requires modifications or additions to the Premises in order to be in ADA compliance, Lessee agrees to make any such necessary modifications and/or additions at Lessee's expense.

LESSOR AND LESSEE HAVE CAREFULLY READ AND REVIEWED THIS LEASE AND EACH TERM AND PROVISION CONTAINED HEREIN, AND BY THE EXECUTION OF THIS LEASE SHOW THEIR INFORMED AND VOLUNTARY CONSENT THERETO. THE PARTIES HEREBY AGREE THAT, AT THE TIME THIS LEASE IS EXECUTED, THE TERMS OF THIS LEASE ARE COMMERCIALLY REASONABLE AND EFFECTUATE THE INTENT AND PURPOSE OF LESSOR AND LESSEE WITH RESPECT TO THE PREMISES.

ATTENTION: NO REPRESENTATION OR RECOMMENDATION IS MADE BY THE AIR COMMERCIAL REAL ESTATE ASSOCIATION OR BY ANY BROKER AS TO THE LEGAL SUFFICIENCY, LEGAL EFFECT, OR TAX CONSEQUENCES OF THIS LEASE OR THE TRANSACTION TO WHICH IT RELATES. THE PARTIES ARE URGED TO:

1. SEEK ADVICE OF COUNSEL AS TO THE LEGAL AND TAX CONSEQUENCES OF THIS LEASE.

2. RETAIN APPROPRIATE CONSULTANTS TO REVIEW AND INVESTIGATE THE CONDITION OF THE PREMISES. SAID INVESTIGATION SHOULD INCLUDE BUT NOT BE LIMITED TO: THE POSSIBLE PRESENCE OF HAZARDOUS SUBSTANCES, THE ZONING OF THE PREMISES, THE STRUCTURAL INTEGRITY, THE CONDITION OF THE ROOF AND OPERATING SYSTEMS, AND THE SUITABILITY OF THE PREMISES FOR LESSEE'S INTENDED USE.

WARNING: IF THE PREMISES IS LOCATED IN A STATE OTHER THAN CALIFORNIA, CERTAIN PROVISIONS OF THE LEASE MAY NEED TO BE REVISED TO COMPLY WITH THE LAWS OF THE STATE IN WHICH THE PREMISES IS LOCATED.

The parties hereto have executed this Lease at the place and on the dates specified above their respective signatures.

Lease Provisions

GENERAL OCCUPANCY AND USE

Tenant shall be responsible for obtaining any and all use and business licenses and other permits, consents and designations required for the operation of the Premises for Tenant's contemplated use as a public school. Tenant shall not use the property or operate its business or conduct its affairs in any manner that shall place the conditional use permits or consents that exist on and to the property in jeopardy of restriction or revocation and Tenant shall fully indemnify Landlord from any liability arising from Tenant's use. Tenant's failure to maintain the required licenses, permits, consents or other operating approvals shall not relieve Tenant of Tenant's obligation to make the payments required under this Lease.

It is understood and agreed that Landlord owns and operates the property primarily as a Church within the guidelines of the Greater Lutheran Church community (ELCA) and has historically operated a Parochial school within these guidelines and will only consider a tenancy herein that will operate within the same guidelines, notwithstanding any requirement for religious instruction. It is further understood and agreed that Landlord has obtained a Conditional Use Permit allowing the conversion and operation of a prior Parochial school as a Public school and that Landlord does not operate a Public school. Landlord and Tenant hereby acknowledge and agree that Landlord has provided Tenant with the relevant governing and operating documents that relate to the use of the Property and appropriate conditions imposed therein and such documents are attached to this lease as an Exhibit and are incorporated herein by this reference. Tenant hereby acknowledges the actual receipt of such guidelines and that Tenant has reviewed such documents and fully understands the restrictive conditions imposed on the use of the Property by such guidelines. Tenant confirms that any violation of Landlords governing or operating documents shall constitute a material breach of this Lease agreement and that Landlord would not have entered into this Lease Agreement without Tenant's agreement to abide by such governing and operating documents. Tenant hereby covenants and agrees to operate the Public school within the parameters of Landlord's operating guidelines and will not conduct itself in any manner that would be considered a violation of the stated guidelines or that could be reasonably interpreted to be an offense to the Greater Lutheran Church community.

Tenant shall, at Tenant's own cost and expense, comply with all conditional use permits, statutes, ordinances, regulations, and requirements of all governmental entities, federal, state, county or municipality, including those requiring additional fees, capital improvements to the Premises or Improvements, relating to any use and occupancy of the Premises (and specifically not limited to any particular use or occupancy by Tenant), whether those conditional use permits, statutes, ordinances, regulations, and requirements are now in force or are subsequently enacted. Tenant acknowledges that the Conditional Use Permit obtained by Landlord for the operation of

5.8

the Property as a Public school imposes a continued monitoring condition and requires an additional petition and approval by the local Planning Commission of the actual Public School operator, and attendant fees and charges therein. If any license, permit, or other governmental authorization is required for the lawful use or occupancy of the Premises or any portion of the Premises, the Tenant shall procure and maintain it, at Tenant's sole cost and expense, throughout the term of this lease. The judgment of any regulatory body or court of competent jurisdiction, or the admission by Tenant in a proceeding brought against Tenant by any government entity that Tenant has violated any such conditional use permits, statute, ordinance, regulation, or requirement shall constitute grounds for a claim for damages or breach of the lease agreement herein by Landlord against Tenant.

INDEMNITY AND INSURANCE

Indemnity Agreement. Tenant shall indemnify and hold Landlord and the property of Landlord, including the Premises and Improvements now or hereafter on the Premises, free and harmless from any and all liability, claims, loss, damages, or expenses resulting from Tenant's occupation and use of the Premises, specifically including, without limitation any liability claim, loss, damage or expense arising by reason of:

The injury, impairment, loss or other harm suffered by reason of Tenant's failure to maintain its business and operations in a manner that is required by any and all Conditional Use Permits, Governing or Operating guidelines or restrictive covenants of the Landlord;

The death or injury of any person, including Tenant or any person who is an employee or agent of Tenant, or the damage to or destruction of any property, including property owned by Tenant or by any person who is an employee or agent of Tenant, from any cause whatever while any person or property is in or on the Premises or in any way connected with the Premises or with any of the Improvements or personal property on the Premises;

The death or injury of any person, including any person who is an employee or agent of Tenant, or the damage to or destruction of any property, including property owned by Tenant or any person who is an employee or agent of Tenant, caused or allegedly caused by either (1) the condition of the Premises or some building or improvement on the Premises, or (2) some act or omission on the Premises of Tenant, an agent thereof, or any person in, on, or about the Premises.

Any work performed on the Premises or materials furnished to the Premises by or at the request of Tenant or any person or entity acting for or on behalf of Tenant; or

DL

5.B.

Tenant's failure to perform any provision of this lease or to comply with any requirement of law or any requirement imposed on Tenant or the Premises by any duly authorized governmental agency or political subdivision.

DEFAULT AND REMEDIES

Continuation of Lease in Effect. Should Tenant breach this lease and abandon the Premises prior to the natural expiration of the term of this lease, Landlord may continue this lease in effect by not terminating Tenant's right to possession of the Premises, in which event Landlord shall be entitled to enforce all Landlord's rights and remedies under this lease, including the right to recover the rent specified in this lease as it becomes due under this lease.

Termination and Unlawful Detainer. In the event of a tenant default under this lease, Landlord may terminate this lease by written notice to Tenant and:

Bring an action to recover from Tenant:

The worth at the time of award of the unpaid rent that had been earned at the time of termination of the lease;

The worth at the time of award of the amount by which the unpaid rent that would have been earned after termination of the lease until the time of award exceeds the amount of rental loss that Tenant proves could have been reasonably avoided;

The worth at the time of award of the amount by which the unpaid rent for the balance of the term after the time of award exceeds the amount of rental loss that Tenant proves could be reasonably avoided, and

Any other amount necessary to compensate Landlord for all detriment proximately caused by Tenant's failure to perform Tenant's obligations under this lease; and

Bring an action, in addition to or in lieu of the action described in this Section, to reenter and regain possession of the Premises in the manner provided by the laws of unlawful detainer of the State of California then in effect.

Breach and Default by Tenant. Should Tenant fail to perform any covenant, condition, or agreement contained in this lease and the default not be cured within thirty (30) days after written notice of the default is served on Tenant by Landlord, then Tenant shall be in default under this lease. In addition to Tenant's failure to perform any covenant, condition, or agreement contained in this lease within the cure period permitted by this Section, the following shall constitute a default by Tenant under this lease:

DL

5.8

The appointment of a receiver to take possession of the Premises or Improvements, or of Tenant's interest in, to, and under this lease, the leasehold estate or of Tenant's operations on the Premises for any reason, including, without limitation, assignment for benefit of creditors or voluntary or involuntary bankruptcy proceedings, when not released within sixty (60) days;

An assignment by Tenant for the benefit of creditors; or the voluntary filing by Tenant or the involuntary filing against Tenant of a petition, other court action, or suit under any law for the purpose of (1) adjudicating Tenant a bankrupt, (2) extending time for payment, (3) satisfaction of Tenant's liabilities, or (4) reorganization, dissolution, or arrangement on account of, or to prevent, bankruptcy or insolvency: provided, however, that in the case of an involuntary proceeding, if all consequent orders, adjudications, custodies, and supervisions are dismissed, vacated, or otherwise permanently stayed or terminated within ninety (90) days after the filing or other initial event, then Tenant shall not be in default under this Section.

The subjection of any right or interest of Tenant to or under this lease to attachment, execution, or other levy, or to seizure under legal process when the claim against Tenant is not released within ninety (90) days.

Cumulative Remedies. The remedies given to Landlord in this Agreement shall not be exclusive but shall be cumulative with and in addition to all remedies now or hereafter allowed by law and elsewhere provided in this lease.

Waiver of Breach. The waiver by Landlord of any breach by tenant of any of the provisions of this lease shall not constitute a continuing waiver or a waiver of any subsequent breach by Tenant of either the same or a different provision of this lease.

Surrender of Premises. On expiration or earlier termination of this lease, Tenant shall surrender the Premises and all Improvements in or on the Premises to Landlord in as good, safe, and clean condition as practicable, reasonable wear and tear excepted.

VII.R - Approval of the Updated 2026-27 Home Office Compensation and Salary Bands for Home O ffice Employees_FINAL.pdf

Agenda Item:	VII.R - Action Item
Date:	June 17, 2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Fiorella Del Carpio, Chief People Officer
RE:	Approval of the Updated 2026-27 Home Office Compensation and Salary Bands for Home Office Employees

Action Proposed:

Staff recommends the approval of the updated 2026-27 Home Office compensation and salary bands for Home Office employees effective July 1, 2026.

Background:

Magnolia has identified the need for a dedicated leadership role to oversee networkwide strategy for student enrollment, recruitment, family engagement, communications, community partnerships, and retention.

The Managing Director of Enrollment and Community Engagement will support Magnolia schools by building systems, data routines, and cross-functional partnerships to help schools meet enrollment goals in a thoughtful, student-centered, and sustainable way.

Analysis:

This position addresses a key organizational need connected to enrollment, family engagement, ADA, staffing, budget, facilities, and long-term growth. The role is intended to strengthen networkwide support for schools by ensuring enrollment and engagement work is ongoing, strategic, and aligned across the organization.

The position falls within Magnolia's Managing Director position type. The proposed salary reflects Magnolia's current fiscal stabilization efforts and available budget resources. While Magnolia has completed job leveling and compensation work in partnership with EdFuel, the updated salary bands and titles have not yet been formally implemented.

Magnolia anticipates rolling out the updated home office leveling framework, including revised titles and salary bands, during the 2027-28 school year. As part of that implementation, this position will be reviewed alongside other home office roles to ensure alignment with the organization's job leveling framework, internal equity considerations, and market-based compensation philosophy.

4	**04/10/2025**	No changes on the salary band. 1.66% percent increase to all home office employees for the 2025-26 school year. Expanded the maximum salary tier for band C	Fiorella Del Carpio

5	**05/21/2026**	No changes on the salary band. No salary increase for all home office staff.	Fiorella Del Carpio
6	**06/17/2026**	Addition of the Managing Director position to the salary band.	Fiorella Del Carpio

Managing Director of Enrollment and Community Engagement

Position Type: Full-Time, Exempt, 12 Month
Reports To: Deputy Superintendent

ROLE SUMMARY

The Managing Director of Enrollment and Community Engagement leads Magnolia Public Schools' networkwide strategy for student enrollment, recruitment, family engagement, communications, community partnerships, and retention. This role builds the systems, data routines, and cross-functional partnerships needed to help every Magnolia school meet enrollment goals in a thoughtful, student-centered, and sustainable way.

Rooted in Magnolia's commitment to Excellence, Innovation, and Connection, this role ensures enrollment and engagement work is ongoing, strategic, and connected to school quality, family experience, community trust, ADA, staffing, budget, facilities, and long-term growth. Through strong planning and disciplined execution, the Managing Director helps expand access to Magnolia's high-quality, college-preparatory STEAM education for students and families across our communities.

Key Responsibilities

Lead Networkwide Enrollment Strategy

- Develop and lead Magnolia's annual and multi-year student enrollment strategy.
- Establish enrollment goals, recruitment priorities, timelines, and progress-monitoring routines for schools and regions.
- Lead the enrollment projection process in partnership with Finance, Data, School Office, and school leadership teams, ensuring projections are timely, school-specific, grade-level specific, and aligned with ADA, staffing, budget, facility, and growth assumptions.
- Align enrollment strategy with school growth plans, ADA projections, staffing, budget, facility capacity, and community demand.
- Identify enrollment risks and opportunities early and recommend timely interventions.
- Support differentiated strategies for established schools, under-enrolled schools, new schools, expansion grades, and key transition points.

Strengthen School-Level Planning and Execution

- Define and maintain a clear school-level enrollment operating model that clarifies roles and responsibilities for principals, assistant principals, office managers, enrollment staff, community school staff, communications staff, and Home Office teams in recruitment, application management, registration, re-enrollment, withdrawal tracking, no-show tracking, and data accuracy.

- Partner with principals, assistant principals, office managers, operations staff, community school teams, and school-based recruitment leads to implement school-specific enrollment action plans.
- Clarify expectations for outreach, family follow-up, application conversion, registration completion, and retention.
- Provide coaching, tools, dashboards, and implementation support to strengthen school-level execution.
- Facilitate regular enrollment progress-monitoring meetings with school and Home Office leaders.
- Support corrective action planning when schools are not on track to meet enrollment milestones.

Use Data to Drive Enrollment Decisions

- Develop and maintain dashboards that track inquiries, applications, offers, acceptances, registrations, attendance trends, retention, waitlists, and projected enrollment.
- Monitor enrollment performance by school, grade level, region, subgroup, recruitment source, and enrollment stage.
- Establish enrollment risk thresholds, escalation protocols, and intervention routines for schools or expansion sites that are off track against enrollment, registration, ADA, staffing, budget, or facility assumptions.
- Use enrollment data to guide recruitment investments, staffing decisions, outreach priorities, and intervention strategies.
- Strengthen enrollment systems, including CRM tools, student information systems, family communication platforms, dashboards, and reporting workflows.

Lead Enrollment Marketing, Communications, and Community Engagement

- Set enrollment campaign priorities, audiences, goals, timelines, and performance measures, while partnering with communications staff on messaging, design, media, digital execution, and brand consistency.
- Lead the organization-wide enrollment marketing and communications strategy so recruitment efforts are aligned, on-brand, and connected to Magnolia's mission, school priorities, and community needs.
- Partner with school sites to develop school-specific marketing plans, value propositions, and outreach strategies that reflect each school community while maintaining networkwide brand consistency.
- Supervise assigned communications, marketing, community engagement, and community schools staff/functions connected to enrollment, family connection, school growth, and student persistence.
- Ensure Magnolia's messaging clearly communicates our STEAM program, college-preparatory model, whole-child approach, safe school environments, and family-centered culture.
- Support recruitment campaigns, digital content, collateral, family-facing materials, community partnerships, feeder relationships, school tours, open houses, and other outreach efforts.
- Use campaign data, audience insights, enrollment priorities, and family feedback to adjust messaging, outreach strategy, marketing investments, and community engagement priorities.

Support Retention and Student Persistence

- Lead networkwide retention strategy in partnership with school leaders and Home Office teams.
- Analyze withdrawal trends, attendance patterns, family feedback, school climate data, and transition-grade patterns to identify retention risks.
- Support targeted retention plans for vulnerable grades, transition years, and schools experiencing enrollment instability.
- Use family feedback, exit data, inquiry trends, and application drop-off points to improve the enrollment experience.
- Help schools strengthen the transition from recruitment to enrollment to first-day attendance and long-term student persistence.

Lead Cross-Functional Collaboration and Capacity Building

- Serve as the central coordinator for enrollment and engagement work across school sites and Home Office departments.
- Partner with Finance, Operations, Facilities, Academics, Student Services, Communications, Community Schools, Data, and School Office teams to align enrollment work with organizational priorities.
- Supervise assigned staff and provide dotted-line guidance to school-based team members responsible for enrollment, outreach, communication, and engagement.
- Build the capacity of school and Home Office teams through training, playbooks, calendars, dashboards, and coaching routines.
- Promote a culture of urgency, ownership, service, data accuracy, responsiveness, and continuous improvement.

Core Competencies

- *Commitment to Excellence:* Leads enrollment strategy with high expectations, strong systems, and clear accountability for school and networkwide results.
- *Commitment to Innovation:* Uses data, technology, family feedback, and creative outreach strategies to strengthen enrollment, retention, and family access.
- *Commitment to Connection:* Builds trust and alignment with schools, families, community partners, and Home Office teams so enrollment work is responsive, coordinated, and student-centered.
- *Strategic and Operational Leadership:* Owns the vision, strategy, systems, and execution for enrollment across the network, connecting enrollment goals to ADA, staffing, budget, facilities, school growth, and long-term sustainability.
- *People and Cross-Functional Leadership:* Leads, develops, and influences staff, school-based teams, and cross-functional partners through clear expectations, coaching, shared accountability, and disciplined follow-through.

Qualifications

- Bachelor's degree required.
- Master's degree preferred in education, public administration, business, marketing, communications, nonprofit management, data analytics, organizational leadership, or a related field.
- Minimum of 7 years of progressively responsible experience in education, enrollment

management, student recruitment, school operations, community engagement, marketing, data-driven project management, or organizational leadership.
- Demonstrated success leading enrollment growth, recruitment campaigns, family engagement initiatives, school-based growth strategies, or networkwide operational initiatives.
- Strong data analysis skills and ability to use enrollment data to drive decisions, progress monitoring, and intervention.
- Experience managing cross-functional projects involving school leaders, operations, finance, communications, data, school office teams, and executive leadership.
- Experience using CRM, enrollment, student information, dashboard, or family communication platforms preferred.
- Experience supporting new school launches, expansion planning, under-enrolled school improvement, or enrollment turnaround strategies preferred.
- Supervisory or team leadership experience preferred.
- California public charter school experience preferred.
- Commitment to educational equity, family access, community engagement, and Magnolia Public Schools' mission.

About Magnolia Public Schools

Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to deliver a high-quality, college-preparatory STEAM educational experience in an environment that cultivates respect for self and others. Magnolia prepares students to become scientific thinkers, creative problem-solvers, effective communicators, and socially responsible contributors to a peaceful and inclusive global community.

Why Join Magnolia

Magnolia offers competitive benefits, retirement participation, generous time off, professional growth opportunities, and the opportunity to contribute to mission-driven work that directly supports students, families, schools, and communities.

Work Environment

This role requires regular travel to Magnolia school sites, community events, recruitment activities, and regional meetings. The role may require occasional evening and weekend participation in school fairs, family meetings, open houses, registration events, and community outreach activities. The Managing Director works in both office and school-site environments and must be able to manage competing deadlines during peak enrollment, lottery, registration, budget planning, school launch, and community engagement periods.

Equal Opportunity Statement

Magnolia Public Schools is an equal opportunity employer and is committed to building a diverse, inclusive, and welcoming workplace.
