RE:	MPS Annual Authorizer Oversight Reports

Action Proposed:

N/A

Purpose:

It is imperative that we share authorizer oversight reports with our Board, highlight any findings, and discuss possible next steps for actions that should be taken based on the feedback provided by the authorizers.

Background:

Oversight Visits Overview
Per the Education Code, charter authorizers need to conduct at least one annual oversight visit to their authorized schools. During an oversight visit authorizers meet with the school leadership, visit classrooms, conduct interviews with staff, parents, and students, check student and staff records, interview some staff (for segregation of duties, etc.), and review a list of documents that our schools provide in physical and electronic binders. The Home Office supports the schools in preparation for the oversight visits through mock visits, document review, and attendance to the visits.

2025-26 Oversight Visits
All eleven of our schools have been visited by their respective authorizers. Following are the visit dates for 2025-26:

School	Authorizer	Visited?	Dates/Notes
MSA-1	LACOE	Yes	11/7/25 and 5/26/26
MSA-2	LACOE	Yes	11/4/25 and 5/11/26
MSA-3	LACOE	Yes	10/20/25 and 5/18/26
MSA-4	LAUSD	Yes	3/4/26
MSA-5	LACOE	Yes	11/7/25 and 5/14/26
MSA-6	LAUSD	Yes	4/10/26
MSA-7	LAUSD	Yes	3/24/26
MSA-Bell	LAUSD	Yes	5/8/26
MSA-San Diego	SDUSD	Yes	4/7/26
MSA-Santa Ana	SBE	Yes	1/30/26
MSA-OC-Anaheim	OCDE	Yes	10/7/25

Analysis:

This agenda is about oversight visit reports from LACOE and LAUSD.

LACOE:

LACOE provided two reports: Governance Review report for MPS and an Instructional Review report for each school. The full reports are attached. The following are excerpts from the summary and recommendations parts of the reports.

Summary / Recommendations from Oversight Visit Reports

GOVERNANCE REVIEW 2025-2026

Summary:

The current board consists of six voting members and a student board member. This is consistent with the approved bylaws. All regular meetings, special meetings, and committee meetings are compliant with the Brown Act. A review of audio recordings, school and board documents, and site visits indicate that parent and stakeholder involvement exist. There have been no notices of violation or documented board complaints. The board has demonstrated effective governance and the ability to take action in alignment with the school's mission and vision.

While LACOE does not approve the LCAP, engagement of educational partners, addressing the 8 State Priorities, and contributing actions were reviewed. These items require the board attention to fully comply with the LCAP.

Recommendations:

1. *The leadership and the board should consider ways to improve communication and understanding of the differences between each of its school's performances and needs.*
2. *The board should continue to closely monitor the enrollment of students and determine if any school needs additional support.*
3. *The Board should closely monitor and support of the transition to the new MSA 5 site, including final construction details, expansion of staff and students, fiscal health, and enrollment/ADA*
4. *The board should consider including more parent representation on the board to increase understanding of student, parent, and community needs.*
5. *Fiscal training is now mandatory for all board members every two years with the first training required prior to January 1, 2027.*
6. *The governing board should review the LACOE End of Year Instructional Program and Governance Reports at a regular board meeting along with any other LACOE correspondence including Business Services interim and audit letters.*
7. *The board should continue to monitor the instructional program and the schools' progress toward charter renewal.*

INSTRUCTIONAL PROGRAM REVIEW 2025-2026

MSA-1:

Summary
Evidence from the oversight visits and documentation review demonstrates that the school has implemented an instructional program that is aligned with the Common Core State Standards. Instructional lessons observed were standards-based aligned and provided several instructional strategies and supports to assist student groups. Professional development focused on classroom environments, high behavioral expectations, predictable routines, differentiation especially for ELs, and increasing rigor. The school is continuing its PBIS work and has been recognized as a Gold program for PBIS by the State. Attendance improvement efforts included collaboration with mental health providers, a new social worker, home visits, and Saturday attendance recovery programs, which contributed to an approximately 2.4% increase in ADA. *Since the California School Dashboard currently indicates that the school continues to be performing below the state average in CAASPP ELA and Math and specific Student Groups need attention (ELs, LTELs, and SWD) in some indicators, continued focus in these areas is necessary. When developing the LCAP goals, a clear throughline from data analysis to determination of how the actions will primarily benefit unduplicated students would strengthen the plan.* *The school's NWEA data shows the school is making one-year growth for the majority of grade levels for each student group in Reading and Math. The school is not currently utilizing the Language Usage portion, a key component of English Language Arts.* *MSA 1 shows great growth in students' academic learning through the NWEA MAP data in the areas that are tests. The school uses data from NWEA and IABs to target instruction. Further, MSA 1 uses instructional rounds to enhance teaching throughout. The school has a focus on the whole student with social emotional support and extracurricular activities. MSA 1 continues to have a high CCI and high graduation rates. The school continues to reflect on how to connect with and best serve its students. In addition, the school has provided its students and community with many opportunities to connect with each other, their community, and their elected officials.*

MSA-1:

Recommendations
1. *A comprehensive plan is recommended that includes specific changes, timelines, professional development schedules, and cycle of inquiry/Plan-Do-Study-Act cycles with actions grounded in current research. This plan should focus on the Special Education program to improve CAASPP scores for SWD, CAASPP Math scores for all students and student groups, and Chronic Absenteeism for all students, and many student groups. Additionally, the school should evaluate current interventions for implementation with fidelity, impact, and effectiveness to target its future efforts.*

2. *The school should implement the Language Usage assessment from the NWEA MAP testing to fully assess students' ELA growth.*
3. *The school should continue its focus on the implementation of PBIS, Capturing Kids Hearts, culturally responsive teaching, and restorative practices into the schoolwide program and monitor the student social emotional needs, engagement, behaviors, and absenteeism. Additionally, the school may want to conduct an analysis of the effectiveness of current interventions, especially surrounding chronic absenteeism and suspensions.*
4. *The school leadership should continue to closely monitor progress on Dashboard data for All Students and all applicable numerically significant student groups in comparison to the state, as well as any applicable Verified Data, MPOs, and LCAP goals and ensure implementation of any action items to meet criteria for renewal. It is incumbent on each school to formulate a plan for analyzing and organizing assessment results in order to present clear and convincing data as evidence the school is fulfilling its requirement to increase student academic achievement.*

MAGNOLIA PUBLIC SCHOOLS

MSA-2:

Summary

Evidence from the oversight visits and documentation review demonstrates that the school has implemented an instructional program that is aligned with the Common Core State Standards. Instructional lessons observed were standard-based aligned and provided several instructional strategies and supports to assist student groups. The school is continuing its PBIS work and has been recognized as a Gold program for PBIS by the State.

Since the California School Dashboard currently indicates that the school continues to be performing below the state average in CAASPP ELA and Math and specific Student Groups need attention (ELs and SWD) in some indicators, continues focus in these areas is necessary. MSA 2 continues to have a high CCI, high graduation rates, and low suspension rates. When developing the LCAP goals, a clear throughline from data analysis to determination of how the actions will primarily benefit unduplicated students would strengthen the plan.

The school's NWEA data shows the school is making one year growth for almost all grade levels for each student group in Reading and Math. The school is not currently utilizing the Language Usage portion of the NWEA MAP testing, a key component of English Language Arts.

MSA 2 uses data from NWEA and IABs to target instruction as well as instructional rounds to enhance teaching throughout. The school continues to offer a dual enrollment program. The school continues to reflect on how to connect with and best serve its students. In addition, the school has provided its students and community with many opportunities to connect with each other, their community, and their elected officials.

MSA-2:

Recommendations
1. *A comprehensive plan is recommended that includes specific changes, timelines, professional development schedules, and cycle of inquiry/Plan-Do-Study-Act cycles with actions grounded in current research. This plan should focus on CAASPP data for both ELA and Math, ELD program to improve CAASPP scores for EL and LTELs, the decline in CCI for all students and student groups, and the suspension rate of ELs. Additionally, the school should evaluate current interventions for implementation with fidelity, impact, and effectiveness to target its future efforts.* 2. *The school should implement the Language Usage assessment from the NWEA MAP testing to fully assess students' ELA growth.* 3. *The school should continue its focus on the implementation of PBIS, culturally responsive teaching, and restorative practices into the schoolwide program and monitor the student social emotional needs, engagement, and absenteeism.* 4. *The school leadership should continue to closely monitor progress on Dashboard data for all students and all applicable numerically significant student groups in comparison to the state, as well as any applicable Verified Data, MPOs, and LCAP goals and ensure implementation of any action items in order to meet criteria for renewal. It is incumbent on each school to formulate a plan for analyzing and organizing assessment results in order to present clear and convincing data as evidence the school is fulfilling its requirement to increase student academic achievement.*

MSA-3:

Summary
Evidence from the oversight visits and documentation review demonstrates that the school has implemented an instructional program that is aligned with the Common Core State Standards. Instructional lessons observed were standards-based aligned and provided several instructional strategies and supports to assist student groups. Many classrooms had at least two adults working with students. The school is continuing its PBIS work and has been recognized as a Bronze Program for PBIS by the State *The California Dashboard indicates that the school continues to be performing below the state average in CAASPP Math. The school declined in their ELPI score and continues to be above the state average for Chronic Absenteeism. The school has some Student Groups that are approaching numbers for numerically significant student groups (ELs, HY, and SWD) in some indicators, and monitoring these groups, even before they become a Student Group, is important.* *The school's NWEA data shows the school is making one year growth for the majority of grade levels for each student group in Reading and Math. The school is not currently utilizing the Language Usage portion of the NWEA MAP testing, a key component of English Language Arts.* *The school should examine all its plans and create a comprehensive plan that is reflected in the school's LCAP. In development of the LCAP, including data would strengthen the argument of the need for the action and determine how the action will primarily benefit unduplicated students. Additionally, the school should evaluate current interventions for implementation with fidelity, impact, and effectiveness to target its future efforts.* *The change in leadership is already showing great promise. School culture has shifted for the better, with a focus on engagement and student-centered decision making.*

MSA-3:

Recommendations
1. *A comprehensive plan is recommended that includes specific changes, timelines, professional development schedules, and cycle of inquiry/Plan-Do-Study-Act cycles with actions grounded in current research. This plan should focus on the CAASPP data Math, ELD program to improve CAASPP and ELPI scores for EL and LTELs, and Chronic Absenteeism for all students and student groups. Additionally, the school should evaluate current interventions for implementation with fidelity, impact, and effectiveness to target its future efforts.* 2. *The school should implement the Language Usage assessment from the NWEA MAP testing to fully assess students' ELA growth.* 3. *The school should continue its focus on the implementation of PBIS into the schoolwide program and monitor the student social emotional needs, engagement, and absenteeism. The Action Plan for Success mentions culturally responsive teaching and restorative practices, and school should explore incorporating these throughout its campus.* 4. *The school leadership should continue to closely monitor progress on Dashboard data for all students and all applicable numerically significant student groups in comparison to the state, as well as any applicable Verified Data, MPOs, and LCAP goals and ensure implementation of any action items in order to meet criteria for renewal. It is incumbent on each school to formulate a plan for analyzing and organizing assessment results in order to present clear and convincing data as evidence the school is fulfilling its requirement to increase student academic achievement.*

MSA-5:

Summary
Evidence from the oversight visits and documentation review demonstrates that the school has implemented an instructional program that is aligned with the Common Core State Standards. Instructional lessons observed were standard-based aligned and provided several instructional strategies and supports to assist student groups. Many classrooms had at least two adults working with students. The school is continuing its PBIS work and was recognized as a Gold program for PBIS by the State. The school has implemented a dual enrollment program, with 83% of seniors completing at least one course. *The school continues to struggle with Chronic Absenteeism, and suspension of SWD. Many interventions have remained constant and future work should analyze the effectiveness of interventions and modify accordingly.* *The school saw significant growth in CAASPP ELA and Math, as well as ELPI. The school's NWEA data shows the school is making one year growth for all grade levels for each student group in Reading and Math. The school is currently not utilizing the Language Usage portion, a key component of English Language Arts.*

The California dashboard for MSA 5 shows many areas where the school is improving and exceeding the state averages. This positive data can be attributed to the school's attention to data and utilizing formative data from NWEA and IABs to target instruction. The school has a focus on college and career readiness as well as PBIS and social emotional support to ensure students are supported in their learning process. The school continues to reflect on all goals and data to create a system of continuous improvement.

MSA 5 has also provided its students and community with some unique opportunity and services including and second year of "Tacos and Taxes event providing free tax filing services to underserved communities and continues to collaborate with a variety of community partners.

MSA-5:

Recommendations
1. *A comprehensive plan is recommended that includes specific changes, timelines, professional development schedules, and cycle of inquiry/Plan-Do-Study-Act cycles with actions grounded in current research. This plan should focus on Chronic Absenteeism for all students and suspension rates for SWD. Additionally, the school should evaluate current interventions for implementation with fidelity, impact, and effectiveness to target its future efforts.*
2. *The school should implement the Language Usage assessment from the NWEA MAP testing to fully assess students' ELA growth.*

According to Magnolia Educational & Research Foundation (MERF):
[1]The reported net loss of ($126,752) for Fiscal Year 2023-2024 was primarily due to unexpected operational needs and necessary staffing expenses, including costs related to substitute and Special Education staffing, certificated aids, and rent and leases. The school explained that the deficit does not indicate long-term fiscal instability but reflects a set of temporary and unanticipated cost increases.
[2]The reported net loss of ($260,283) for Fiscal Year 2024-2025 was primarily due to increases in Special Education consulting services, additional educational software, facility-related costs, and substitute services, which exceeded revenue growth for the year.
[3]The projected net loss of ($160,023) for Fiscal Year 2025-2026 is due to a decline in student enrollment and ADA percentage, which resulted in lower-than-expected revenue for the school year. See **Item#2** under the **Areas Noted for Further Growth and/or Improvement** section below.

Charter Operator Fiscal Information

The financial condition of the charter operator is summarized in the table below.

Magnolia Educational & Research Foundation

Management Fees: According to MERF, Magnolia Science Academy (MSA) 4 paid annual management fees of $179,169 (approximately 2% of the home office expenses) in Fiscal Year 2025-2026 to MERF for organization-wide services, including administrative services such as management, human resources, accounting, student and Special Education services, technology, as well as school-specific costs such as rent, debt service, utilities, and facilities management. Home office services costs generally encompass salaries of administrators and other personnel providing services organization-wide, certain vendor costs, or other costs. These costs are budgeted and may be adjusted as needed during the year. Organization-wide home office fees are typically calculated based on a tier factor determined by the Average Daily Attendance numbers of the schools, while school-specific costs are directly charged to the applicable schools.

[4]The other LAUSD-authorized MERF charter schools are: (1) MSA 6; (2) MSA 7; and (3) MSA 8. Per the charter operator's 2024-2025 annual independent audit report, MERF also operates six (6) other charter schools in Southern California: MSA Santa Ana, currently authorized by the State of California Department of Education, MSA San Diego, currently authorized by the San Diego Unified School District, and MSA, MSA 2, MSA 3, and MSA 5, all of which are currently authorized by the Los Angeles County Office of Education.

[5]Based on the 2024-2025 audit report, the MERF Home Office showed a significant net loss of **($2,511,233),** contributing to an overall organizational net loss of **($2,017,671)**, inclusive of the home office, the charter schools, and LLCs, as shown in the above table.

According to MERF, the reported net loss was driven primarily by five factors – unrealized budgeted philanthropic revenues, grant revenues below budget expectations, unplanned expenditures, higher school-site costs funded by the home office, and higher financing costs associated with long-term capital investments that are expected to benefit the organization in future periods. MERF added that "MERF is transparent that the foundation-only net assets declined significantly, from $2,952,603 to $441,370, as resources were directed toward sustaining stability rather than maintaining reserve levels."

The MERF Home Office's reported net loss represents a significant drawdown of financial stability and warrants close monitoring. Additionally, as documented related to Financing Activities under Item 25 within the Notes II. Section below, the MERF Home Office could not support MERF charter schools (e.g., MSA OC and MSA 7) financially without borrowing from MSA 8. Based on MERF's 2024-2025 audit report, a summary of the operational results is provided in the table below.

Areas Noted for Further Growth and/or Improvement:

Through conducting fiscal oversight, the CSD requests and receives fiscal documents from the charter operator operating multiple charter sch bank statements, bank reconciliations, credit card statements, and check registers) that are currently authorized by LAUSD. The CSD reviews documents—along with a sample of checks/disbursements and credit card transactions, as applicable—across these charter schools, to assess the overall compliance with the charter operator governing board-approved fiscal policies and procedures, applicable federal, state, and local laws a District and charter requirements, and the effectiveness of the charter operator's internal controls and systems in place in alignment with best bus Any areas noted for further growth and/or improvement and other observations relating to the charter operator's and its charter schools' overall fiscal operations—including fiscal mismanagement, regulatory non-compliance, fiscal governance or internal control issues, or fiscally operation audit findings, etc. that *directly and systemically* impact the charter schools operated under the charter operator—are documented within each Annual Performance-Based Oversight Visit Report. These issues may or may not have been observed for the specific charter school under th network, based on the CSD's sampling review. Lastly, school-specific exceptions, such as the fiscal condition, unique oversight observations, o applicable to individual schools, are reviewed and documented separately for each charter school.

1. **Type of Observations: Discrepancies Between Invoices and Supporting Documentation; Absence of Management Detailed Re Approving and Processing Payments**

- **Source of Documents Reviewed: Check Register**
- **Description of Observations:** Based on the CSD's review of three (3) transactions from a total of seventeen (17) check register samples, the CSD identified discrepancies between the invoices submitted and MERF's initial supporting documentation provided to the CSD. Although MERF subsequently provided additional documentation in response to the CSD's observations and inquiries, these discrepancies suggest weakness in internal controls, particularly the lack of management review and reconciliation of billed hours, days, and amounts prior to approving and processing payments to vendors and contractors. A summary of the CSD's observations is provided in the table below.

Sample # and School	Date	Check#	Vendor Name	Invoice #	Invoice Amount	# of Hours/ Days Billed	# of Hours/ Days per Initial Supporting Documentation	Overbilled Hours/ Days	Overbilled Amount	Description of CSD Observations
#8 MSA 7	6/20/2025	700340	Edlogical Group Corp.	903022	$12,071.67	97.1667 hours	35 hours	62.17 hours	$7,575.67	The school provided supporting documents that did not match the hours billed by the vendor. ***Additional documentation was subsequently submitted that matched the billed hours***; however, this documentation was provided ***after the fact***, indicating weak internal controls. It further reflected a failure to verify invoices against contract terms and a lack of adequate review processes before approving and processing the payment to the vendor/contractor.
#8 MSA 7	6/20/2025	700340	Edlogical Group Corp.	903175	$11,464.67	93.6667 hours	47 hours	46.67 hours	$5,571.06	
#16 MSA 8	5/13/2025	800203	Nextgen Teachers LLC	9-APRIL 2025	$30,210.00	90 days	86 days	4 days	$1,336.00	The school provided sign-in sheets to support the billed service days; however, four days lacked sign-ins. Additional issues included billing inconsistencies with contract rates and duplicate charges for the

										same subject on the same day.
#17 MSA 8	5/16/2025	800207	Nextgen Teachers LLC	8-MARCH 2025	$28,524.00	85 days	85 days	-	-	Although the billed days were consistent with the days per the supporting documentation submitted to the CSD, and the school provided sign-in sheets to support billed service days, the CSD identified that some dates did not match vendor invoices, and duplicate billing was identified for the same teacher and subject on the same day. These discrepancies indicate a lack of internal controls in reviewing and reconciling invoices to supporting documentation and contractual terms.

- **Charter Operator's Fiscal Policies and Procedures:** Pages 248 and 249 (Title: PUR104 Accounts Payable and Cash Disbursements) of the MERF's Financial Policies and Procedures Manual, approved by the MERF Board on June 26, 2025, states: "Policy: Internal controls are required to ensure that only valid and authorized payables are recorded and paid. Accounting procedures should be implemented to ensure the accuracy of amounts, …." It further states: "Scope: This procedure applies to all purchases, including contractors, consultants, and merchandise and non-merchandise purchases."

- **CSD's Comments:** The CSD continues to urge MERF's leadership team to improve its process and exercise greater diligence in reviewing and verifying invoices prior to processing payments to ensure that accurate calculations and appropriate supporting documentation support all disbursements of the school funds, aligning with the organization's board-approved fiscal policies and procedures as well as best business practices.

2. **Type of Observation: Low Student Enrollment and Operating Loss Trends**
   - **Source of Documents Reviewed:** Norm Enrollment Reported by the School, Audited Financials, Interim Projections
   - **Description of Observations:** Pursuant to the District's oversight obligations, the CSD reviews the charter schools' financial condition and Norm Enrollment trends, given that they are considered key indicators of a charter school's future revenue stream and financial viability. The CSD also compares charter schools' Norm Enrollment year-by-year to the approved enrollment capacity as part of its oversight review.

As summarized in the table under the **Norm Enrollment Data and Trends** section above, MSA 4's reported Norm Enrollment was 110, 101, 120, 133, and 124 for Fiscal Years 2021-2022 through 2025-2026, respectively. Norm Enrollment of 124 students for Fiscal Year 2025-2026, which represents 236 students (or approximately 65.6%) below its approved enrollment capacity (i.e., 360 students).

As noted in the Financial Highlights section above, the school reported consecutive net losses of ($126,752) and ($260,283) for Fiscal Years 2023-2024 and 2024-2025, respectively, and continues to project an additional net loss of ($160,023) for Fiscal Year 2025-2026 based on its 2025-2026 Second Interim Financials.

Although the school maintains positive net assets, MSA's recurring operating losses, along with the decline in student enrollment in 2025-2026, raise concerns as these may negatively impact the school's long-term financial position if the trend continues.

- **Charter Operator's Fiscal Policies and Procedures: N/A**
- **Charter School's Response:** According to the school during MSA 4's renewal process in FY 2025-2026, "Beginning this year [2025-2026], MERF has revamped its recruitment approach to focus on five key factors: Focus on attrition and persistence efforts for student enrollment, working from the inside out, through strategically engaging current families, leveraging intentional community partnerships, and outreach to prospective families." The school further stated, "Through these concrete strategies, we are confident that MSA-4 will see continued growth in its current site. However, in the unlikely event that MSA-4 does not achieve its enrollment projections through these revamped efforts, MERF is prepared to support the Charter School by reducing the CMO fee if needed." Additionally, according to the school, during the FY 2025-2026 oversight process, their efforts to boost student enrollment center on enhanced recruitment strategies that increase visibility through marketing and events, build stronger community relationships, ensure access for diverse families, and leverage data to refine and improve recruitment over time.
- **CSD's Comments:** As discussed in the table under the **Charter Operator Fiscal Information** section above, MERF's Home Office reported a significant operational deficit in FY 2024-2025, leading to significantly reduced net assets, which may negatively impact its ability to provide financial support to the MERF charter schools. As noted above, MSA 4 projected 155, 165, 175, 185, and 195 students for its renewal charter term 2026-2031. The CSD will continue to monitor the school's student enrollment and its financial condition through oversight.

The governing board and leadership team of the charter school are responsible for managing the operations of the school. The CSD recommends that the Annual Performance-Based Oversight Visit Report, including the above-noted fiscal findings and observations, be discussed at the MERF's next governing board meeting, highly preferably no later than 90 days following the school's receipt of this report, so that the charter school and its governing board may address any issues early enough to implement changes in order to see results in its next fiscal year. It is the school's responsibility to provide the CSD with its action plans/steps, proof of implementation of the mitigating actions taken by the school, and/or documentation (e.g., governing board meeting agendas and approved board meeting minutes, updated fiscal policies and procedures, etc.), as applicable, prior to or during the next Annual Performance-Based Oversight Visit. The CSD will continue to monitor these issues through oversight and may take additional appropriate oversight actions. The results may be factored into the school's rating for next year.

Other Observations (Items described in this section, which may not have been addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).

1. **Type of Observation: 2024-2025 Audit Finding – Material Weakness Concerning Prior Period Restatement, Financial Statement Preparation, and Audit Adjustments**
   - **Source(s) of Document Reviewed: 2024-2025 Independent Audit Report**
   - **Description of Observations:** MERF's 2024-2025 annual independent audit report disclosed financial statements-related findings identified as a material weakness concerning prior period restatement, financial statement preparation, and audit adjustments related to the title transfer for the newly formed LLC. Details regarding the audit finding are provided below:

     "**2025-001 30000 – Prior Period Restatement, Financial Statement Preparation, and Audit Adjustments as it Relates to the Title Transfer for the Newly Formed LLC (Material Weakness)**

     Criteria or Specific Requirements
     Management is responsible for establishing and maintaining an effective system of internal control over financial reporting. This includes designing, implementing, and monitoring controls to ensure that financial statements are prepared in accordance with generally accepted accounting principles (GAAP) and are free from material misstatement, whether caused by error or fraud. As part of this responsibility, management ensures that accounting considerations related to complex or non-routine transactions, including those involving legal entity structure or ownership, are appropriately identified, documented, reviewed, and recorded prior to year-end close.

     Condition
     During the course of our engagement, we identified material misstatements of beginning balances presented within the consolidated financial position, as reported on the 2022-2023 audited financial statements. This prior period restatement due to errors resulted in an understatement of $3,774,168. In addition, we identified adjustments related to cash and cash equivalents, property and equipment, notes payable, and the related revenues and expenditures. Specifically:

     Magnolia Educational & Research Foundation
     - Cash and cash equivalents were understated by $2,000,000.
     - Property and equipment were understated by $7,600,000.
     - Intra-entity receivables were overstated by $1,308,807.
     - Intra-entity payables were understated by $427,630.
     - Interest payable was understated by $307,131.
     - Notes payable were understated by $7,825,000.

     Magnolia Science Academy 5
     - Property and equipment were overstated by $3,964,890.
     - Intra-entity receivables were understated by $1,081,742.
     - Proposition construction loans were overstated by $1,441,574.

Magnolia Science Academy 7

- Property and equipment were overstated by $1,736,437.
- Intra-entity receivables were understated by $427,630.
- Intra-entity payables were overstated by $1,308,807.

MPM, Inc/LLC

- Notes receivable were understated by $3,540,002.
- Property and equipment were understated by $1,081,742.
- Intra-entity payables were understated by $1,081,742.

These adjustments resulted in an overall understatement of $1,829,860 in Net Assets.

During the fiscal year 2024-2025, the Organization established MPM 18120 Sherman Way LLC to hold title to the property at 18120 Sherman Way. The purchase transaction was completed during the year; however, as of June 30, 2025, the formal transfer of title from MERF to the LLC had not yet been finalized.

Context
The condition identified was through inquiry with Organization personnel and through review of available Organization records related to balances reported in the Organization's cash and cash equivalents, property and equipment, interest payable, and notes payable.

Cause
The delay was due to administrative timing and coordination requirements associated with setting up the new legal entity and preparing the necessary transfer documentation, specifically to avoid triggering the Los Angeles City Measure ULA transfer tax.

Effect
The net effect of these errors resulted in misstatements that were not detected or prevented by the Organization's internal accounting control and review process.

Repeat Finding
No

Recommendation
We recommend that management and those charged with governance continue to strengthen internal controls over financial reporting related to complex, non-routine transactions, including those involving legal entity formation, ownership, and timing considerations, to ensure that financial statements are free from material misstatement. Controls should enable management, in the normal course of performing assigned functions, to identify, document, and resolve accounting considerations on a timely basis. Specifically:

- Strengthen year-end reconciliation and review procedures for significant accounts.

- Enhance pre-year-end coordination and documentation review for transactions involving legal entity structure or ownership.
- Ensure timely identification, documentation, and recording of accounting judgments related to such transactions prior to financial statement issuance.

Corrective Action Plan and Views of Responsible Officials
The Organization agrees that effective year-end review, documentation, and coordination are critical components of its internal control over financial reporting, particularly for complex or non-routine transactions involving legal entity formation or ownership. Management has implemented, and continues to implement and monitor, enhanced procedures to strengthen cross-functional coordination, pre–year-end readiness reviews, documentation of accounting judgments, and verification of legal ownership and entity structure prior to fiscal year-end. Management believes these actions will support timely identification and resolution of accounting considerations and reduce the risk of similar issues in future reporting periods."

- **Charter School's or Charter Operator's Response:** See the organization's corrective action plan above. In addition, in response to the CSD's follow-up inquiries, MERF provided its action plans developed and maintained by Cafer Turan, Interim Chief Financial Officer: Management will implement stronger controls over complex and non-routine transactions by ensuring proper review, documentation, and coordination. This includes completing a formal readiness certification before major real estate or financing activities, improving collaboration across departments and with auditors, and conducting enhanced reconciliations during year-end closing. Additionally, management will maintain thorough documentation of accounting judgments and ensure appropriate technical accounting review to support accurate and consistent financial reporting. Management will monitor and implement corrective actions throughout FY 2025–26, with full implementation expected by June 30, 2026. Effectiveness will be evaluated during year-end close and ongoing audit reviews. Additionally, management will conduct a pre-year-end review of LLC-related legal, ownership, and transactional documentation to ensure completeness and alignment before the fiscal year-end.

- **CSD's Comments:** The CSD urges that MERF implement its corrective action plans described above, following the recommendation of its audit firm. The CSD will monitor MERF's progress in implementing its action plans through ongoing oversight and review MERF's 2025-2026 independent audit report next year regarding the status of these audit findings. **Repeat material weaknesses or significant audit findings may trigger additional appropriate actions in accordance with LAUSD's tiered intervention approach to oversight. The results will be factored into the school's rating.**

2. **Type of Observation: 2024-2025 State Compliance Audit Finding Concerning Attendance Reporting (Significant Deficiency in Internal Controls and Noncompliance)**
   - **Source(s) of Document Reviewed: 2024-2025 Independent Audit Report**
   - **Description of Observations:** MERF's 2024-2025 annual independent audit report disclosed a state compliance-related audit finding identified as a significant deficiency concerning attendance reporting. Details regarding this audit finding are provided below.

     "2025-002 10000 – Attendance Reporting (Significant Deficiency in Internal Controls and Noncompliance)

     Criteria

Pursuant to California Education Code Section 47612.5, the Annual Period Report of Attendance submitted to the CDE should reconcile to supporting documents to ensure that Average Daily Attendance (ADA) is reported accurately. The attendance report should be revised to reflect updates and corrections to attendance when they occur.

Condition
The ADA reported on the Annual Period Report of Attendance was inaccurate due to the Organization misclassifying classroom-based ADA and nonclassroom-based ADA. As a result, the Organization overstated classroom-based ADA by 1.20 and underreported nonclassroom-based ADA by 1.20 on the Annual Report.

Cause
The misclassification appears to have resulted from an error in categorizing instructional settings for classroom-based and nonclassroom based ADA during annual reporting.

Effect

Magnolia Science Academy San Diego
The Organization over-reported by 1.20 ADA for classroom-based and under-reported by 1.20 ADA for nonclassroom-based on its Annual Period Report Attendance, resulting in an estimated fiscal impact as follows:

Grade Span	(Over) Under Reported ADA	Derived Value of ADA by Grade Span	Penalty

Recommendation
The Organization should ensure the Annual Period Report of Attendance is accurately completed using the correct reports from the student information system.

Corrective Action Plan and Views of Responsible Officials
The Organization acknowledges the finding and agrees that ADA was misclassified. While the variance of 1.20 ADA does not result in a questioned cost, the school recognizes the importance of accurate reporting under California Education Code Section 47612.5.

The Organization concurs with the recommendation and has initiated steps to strengthen internal controls, update policies, and train staff to ensure future compliance.

- **Charter School's or Charter Operator's Response:** See the organization's corrective action plan above.
- **CSD's Comments:** The CSD recommends that MERF implement its corrective action plans described above, following the recommendation of its audit firm. The CSD will monitor MERF's progress in implementing its action plans through ongoing oversight and review MERF's 2025-2026 independent audit report next year regarding the status of these audit findings. **Repeat material weaknesses or significant audit findings may trigger additional appropriate actions in accordance with LAUSD's tiered intervention approach to oversight. The results will be factored into the school's rating.**

The Charter Schools Division will continue to monitor the issues referenced above by or during the next oversight visit. The results may be factored into the school's rating for next year.

Corrective Action Required:

None noted that immediate action is required to remedy concerns in this report.

Progress on LAUSD Board of Education and/or MOU Benchmarks related to FISCAL OPERATIONS (if applicable):

☐ Not Applicable

As part of the November 7, 2017 renewal petition approved by the LAUSD Board of Education (Board of Education report 178-17/18), during the 2018-2023 charter term, which, by operation of law, was extended to and expires June 30, 2026,* MSA 4 must meet the following fiscal benchmarks and take the following actions in relation to its fiscal operations:

- MERF will continue to take steps to remediate its fiscal practices and demonstrate improvement in its fiscal management and operations, based on the recommendations made by the Fiscal Crisis & Management Assistance Team and SSCal, through the end of the term of MSA 4's charter or by the end of fiscal year 2022-2023.
- MERF must provide an annual update to the Charter Schools Division starting by December 15 of each year through the end of the term of MSA 4's charter or by the end of fiscal year 2022-2023, as to its progress in improving the school's fiscal management and operations.
-

To date, MSA 4 has complied with the benchmarks cited above. On November 17, 2025, the LAUSD Board of Education approved MSA 4's renewal petition for the 2026-2031 charter term without benchmarks. The CSD will continue to monitor the school's financial operations through the oversight review process.

* Education Code section 47607.4 provides that "all charter schools whose term expires on or between January 1, 2022, and June 30, 2025, inclusive, shall have their term extended by two years, and all charter schools whose term expires on or between January 1, 2024, and June 30, 2027, inclusive, shall have their term extended by one additional year."

According to Magnolia Educational & Research Foundation (MERF):
[1]The reported net loss of **($182,402)** for Fiscal Year 2023-2024 was primarily due to exceeding the budgeted amount in several key areas, including substitute staffing, school and after-school programs, Special Education instruction contracts, and both instructional and non-instructional supplies. Additionally, the school incurred unanticipated expenses related to student services and technology.
[2]The reported net loss of **($100,829)** for Fiscal Year 2024-2025 was primarily due to the school experiencing a corresponding increase in staffing needs to support instructional and student services. Higher expenditures in salaries and benefits, instructional support staffing, and related operating costs outpaced revenue growth, contributing to the net loss for the year.

Charter Operator Fiscal Information

The financial condition of the charter operator is summarized in the table below.

Management Fees: According to MERF, Magnolia Science Academy (MSA) 6 paid annual management fees of $179,169 (approximately 2% of the home office expenses) in Fiscal Year 2025-2026 to MERF for organization-wide services, including administrative services such as management, human resources, accounting, student and special education services, technology, as well as school-specific costs such as rent, debt service, utilities, and facilities management. Home office services costs generally encompass salaries of administrators and other personnel providing services organization-wide, certain vendor costs, or other costs. These costs are budgeted and may be adjusted as needed during the year. Organization-wide home office fees are typically calculated based on a tier factor determined by the Average Daily Attendance numbers of the schools, while school-specific costs are directly charged to the applicable schools.

[3]The other LAUSD-authorized MERF charter schools are: (1) MSA 4; (2) MSA 7; and (3) MSA 8. Per the charter operator's 2024-2025 annual independent audit report, MERF also operates six (6) other charter schools in Southern California: MSA Santa Ana, currently authorized by the State of California Department of Education, MSA San Diego, currently authorized by the San Diego Unified School District, and MSA, MSA 2, MSA 3, and MSA 5, all of which are currently authorized by the Los Angeles County Office of Education.

[4]Based on the 2024-2025 audit report, the MERF Home Office showed a significant net loss of **($2,511,233),** contributing to an overall organizational net loss of **($2,017,671),** inclusive of the home office, the charter schools, and LLCs, as shown in the above table.

According to MERF, the reported net loss was driven primarily by five factors – unrealized budgeted philanthropic revenues, grant revenues below budget expectations, unplanned expenditures, higher school-site costs funded by the home office, and higher financing costs associated with long-term capital investments that are expected to benefit the organization in future periods. MERF added that "MERF is transparent that the foundation-only net assets declined significantly, from $2,952,603 to $441,370, as resources were directed toward sustaining stability rather than maintaining reserve levels."

The MERF Home Office's reported net loss represents a significant drawdown of financial stability and warrants close monitoring. Additionally, as documented related to Financing Activities under Item 25 within the Notes II. Section below, the MERF Home Office could not support MERF charter schools (e.g., MSA OC and MSA 7) financially without borrowing from MSA 8. Based on MERF's 2024-2025 audit report, a summary of the operational results is provided in the table below.

[1]According to Magnolia Educational & Research Foundation (MERF), "the projected net loss of ($739,891) for Fiscal Year 2025-2026 is primarily attributable to increased interest expense associated with the acquisition and financing of the school's facilities. The additional debt service costs related to the facility financing significantly increased expenditure during the fiscal year, resulting in a projected net loss."

According to Magnolia Educational & Research Foundation (MERF):
[1]The reported net loss of ($269,151) for Fiscal Year 2024-2025 was primarily due to the decline in overall enrollment and the ADA percentage, resulting in reduced revenue.
[2]The projected net loss of ($239,704) for Fiscal Year 2025-2026 is due to maintaining select expenditures to support modest enrollment growth despite cost-containment efforts, combined with conservative ADA projections that reduced anticipated revenues, resulting in expenditures exceeding revenues.

As noted above, the school has maintained positive net assets for Fiscal Year 2024-2025 and projected positive net assets for the 2025-2026 Second Interim. The CSD will continue to monitor the school's student enrollment and financial condition through oversight.

Areas of Demonstrated Strength and/or Progress:

No significant items were noted.

Impact:

Authorizers typically provide the school with a report after their visit to delineate the school's areas of strength and areas for improvement as well as areas of compliance and non-compliance, if applicable. The school leadership and the Home Office teams review those reports very carefully. It is critically important to have positive oversight reports from our authorizers and to act on their feedback for continuous improvement of our schools and systems. The Home Office will continue to provide the board with any oversight report and feedback from the authorizers' visits.

Fiscal Review for the Board

LAUSD PBOV

Board focus: fiscal ratings, site-specific risks, network-wide controls, and management response.

3 – Proficient

2 – Developing

Prepared by Finance | Magnolia Public Schools

MSA-4 – Fiscal Oversight

LAUSD PBOV | Visit 3/4/2026

FISCAL RATING	FY25-26 LOSS	ENROLLMENT	CHARTER CAPACITY	CASH RESERVE
3 – Proficient	($160K)	124	360	31.4%

What LAUSD flagged

- Network-wide AP control issue: invoice backup and reconciliation were not consistently sufficient before payment.
- Site-specific concern: low enrollment and recurring operating losses.
- MSA-4 is 236 students / 65.6% below charter capacity.
- Net losses: $127K in FY23-24, $260K in FY24-25, and projected $160K in FY25-26.
- LAUSD will continue monitoring enrollment and financial condition.

Board discussion / MPS response

- Enrollment recovery plan: recruitment, retention, and budget alignment to realistic enrollment/ADA.
- Maintain monthly site-level forecast and identify required expenditure reductions if enrollment misses targets.
- AP control remediation is centralized and should be evidenced through documented invoice review and approvals.
- MERF-wide audit findings appear as “Other Observations,” but the LLC material weakness was not an MSA-4-specific audit finding.

No immediate corrective action required

LAUSD rating scale: 4 – Accomplished | 3 – Proficient | 2 – Developing | 1 – Unsatisfactory

MSA-6 – Fiscal Oversight

LAUSD PBOV | Visit 4/10/2026

FISCAL RATING	FY25-26 RESULT	ENROLLMENT	ROLLOUT PLAN	CASH RESERVE
3 – Proficient	+$41K	155	192	62.5%

What LAUSD flagged

- MSA-6 met its fiscal benchmark and maintains positive net assets and strong liquidity.
- Network-wide AP control issue: need stronger documented management review and invoice reconciliation before payment.
- Enrollment improved 23% year over year, but remains 37 students / 19.3% below the charter rollout plan.
- FY25-26 Second Interim projects a modest $41K surplus after losses in FY23-24 and FY24-25.

Board discussion / MPS response

- Continue monitoring enrollment growth against staffing and fixed-cost assumptions.
- Confirm AP remediation is applied consistently across all sites, even where the sampled exception occurred elsewhere.
- MERF-wide audit findings are included for monitoring; MSA-6 itself had no school-specific material weakness/significant deficiency.
- Strong reserve and current-ratio position provide a buffer, but should not replace ongoing budget discipline.

Fiscal benchmark met

LAUSD rating scale: 4 – Accomplished | 3 – Proficient | 2 – Developing | 1 – Unsatisfactory

Source: MSA-6 2025–26 LAUSD PBOV, Fiscal Operations pp. 33–47.

MSA-7 – Fiscal Oversight

LAUSD PBOV | Visit 3/24/2026

FISCAL RATING	FY25-26 LOSS	CASH	CASH RESERVE	ENROLLMENT
2 – Developing	($740K)	~$857K	12.2%	269

Why the rating is 2

- Primary driver: FY24-25 audit material weakness related to prior-period restatement, financial statement preparation, and LLC title-transfer accounting.
- LAUSD also cites the network-wide AP invoice review / management approval control weakness.
- Projected FY25-26 loss is $740K, driven primarily by increased facility financing and interest expense.
- Cash reserve is projected to decline to 12.2%, although net assets remain positive.

Board discussion / MPS response

- Confirm prior-period restatement and related audit adjustments are complete.
- Show year-end close controls: formal readiness review before major real-estate/financing transactions, documented accounting judgments, and technical review.
- Review MSA-7 facility financing affordability, debt service, and monthly cash projections.
- Track the separate attendance-reporting significant deficiency and verify remediation before the FY25-26 audit.
- LAUSD will assess FY25-26 audit results next year; repeat findings could affect future ratings.

No immediate corrective action required by LAUSD

LAUSD rating scale: 4 – Accomplished | 3 – Proficient | 2 – Developing | 1 – Unsatisfactory

Source: MSA-7 2025–26 LAUSD PBOV, Fiscal Operations pp. 33–47.

MSA-8 (Bell) – Fiscal Oversight

LAUSD PBOV | Visit 5/8/2026

FISCAL RATING	FY25-26 LOSS	CASH RESERVE	LOANS OWED TO MSA-8	ENROLLMENT
3 – Proficient	($240K)	29.1%	~$5.0M	394

What LAUSD flagged

- Network-wide AP control issue applies to the report.
- MSA-8 has approximately $5.0M outstanding through intraorganizational loans via MERF.
- LAUSD noted the cash reserve decline from 60.1% to 29.1% and warned continued lending could jeopardize long-term fiscal stability.
- Projected FY25-26 loss: $240K. Enrollment is 394 versus 495 charter capacity (20.4% below).
- Credit card and bank reconciliation samples reviewed by LAUSD showed no discrepancies.

Board discussion / MPS response

- Treat MSA-8 liquidity as a protected school resource when considering any additional interorganization support.
- Monitor repayment schedules, board approvals, due-to/due-from reconciliation, and cash impact monthly.
- Review whether projected repayments beginning under the approved loan terms are achievable without stressing borrowing schools.
- Continue enrollment/ADA and operating-margin monitoring to reverse the two-year loss trend.
- MERF-wide audit findings remain monitoring items, but the major LLC audit adjustment was not specific to MSA-8.

LAUSD rating scale: 4 – Accomplished | 3 – Proficient | 2 – Developing | 1 – Unsatisfactory

GOVERNANCE REVIEW 2025-2026

Charter School	**Magnolia Science Academy (MSA) 1, 2, 3, 5 (Grades 6-12)**
Charter Term	***July 1, 2025 – June 30, 2030, (MSA 1, 2, 3)*** ***July 1, 2018 – June 30, 2026 (MSA 5), renewed February 10, 2026, for the term of July 1, 2026 – June 30, 2031***

This document provides a summary of observations and data collected through LACOE monitoring and oversight visit(s), review of meeting agendas, Board documents, minutes, meeting audio recordings, and other communications focusing on the Governance structure described in the school's charter and adherence to applicable laws. This form is adapted from the FCMAT Charter School Annual Oversight Checklist.

A. Organizational Management

1. How is the charter school legally and operationally structured, and does the structure align with the approved charter and applicable law?

The four schools are part of the eleven charter schools associated with Magnolia Educational and Research Foundation, a California nonprofit public benefit corporation.

2. Are the charter school's corporate documents (e.g., Articles of Incorporation, Bylaws) current, legally compliant, and available to the authorizer? What is the purpose of the nonprofit?

LACOE has been provided with all relevant corporate papers including the following: Articles of Incorporation, 2022 Amended Bylaws, COI Code, Lease Agreements, and Co-Location Agreements. Should any amendments take place to any of the corporate documents, the organization is to notify LACOE and provide draft documents for review prior to approval by the Board.

3. Describe how the governing board formally approves, monitors, and evaluates the instructional program in alignment with the Local Control Accountability Plan (LCAP) and state priorities.

The board approved the LCAP for Magnolia Science Academy (MSA) 1, 2, 3, and 5 on June 26, 2025. In addition, the Chief Academic Officer, Chief Accountability Officer, and Leadership Team provide regular reports and updates to the board regarding academic progress, LCAP outcomes, curriculum and instruction, and any changes made to the academic program for students. Staff presented a mid-year update to the LCAP on February 12, 2026.

While LACOE CSO does not approve the LCAP, the CSO has focused on the following three areas and provided monthly training on the LCAP in regard to these areas:
The LCAP must address all 8 State priorities: *All 8 State priorities were addressed.*
The LCAP must indicate how it engaged educational partners*: LCAPs indicate how educational partners were engaged.*

Actions on LCAP that are marked as Contributing must contribute to improving services/programs for low-income students, ELs and foster youth. *All actions marked as contributing are actions targeted to improve services/programs for these student groups. (Goals 1.4, 2.2, 2.3, 2.4, 3.1, 3.2, 3.3, 3.4, 3.5, 4.1, 4.2, 4.3, 4.4, 4.5). LACOE Staff recommend including data to strengthen the argument of the need for the action and determine how the action will primarily benefit unduplicated students.*

In addition, some interventions identified in the LCAP and Mid-Year LCAP lack specificity and are continuations from interventions past without identifying changes. During site visits the school indicated specific interventions they are implementing and changes. Further analysis of the effectiveness of intervention is recommended to determine if continuation is the correct course of action.

4. To what extent does the governing board define a clear and effective separation of roles between governance and management that supports accountability and avoids operational overreach?

The organizational structure aligns with the description found in the approved charters for MSA 1, 2,

3, and 5. The Chief Executive Officer (CEO)/Superintendent reports directly to board.
B. Capacity/Composition
1. Describe the governing board's composition, size, and experience and how it supports effective governance, long-term sustainability, and how its composition serves the school's community.
The roster for 2025-26 identifies six board members with the addition of one new board member in October 2025. The organizational bylaws indicate that the number of directors shall be no less than three and no more than eleven. Many board members have previous board experience and/or have been on the board for multiple terms.
2. What is the evidence the Board adopted and implemented conflict-of-interest policies that comply with Government Code Section 1090 and Form 700 requirements?
LACOE is in receipt of an approved conflict of interest policy. The current board appears to be free from any perceived or real conflict of interests. MPS submitted copies of their Form 700s to LACOE as their schools span across multiple California counties.
3. How does the Board composition reflect the community served and support informed decision-making?
The current board has six voting members and a student representative. The Board is diverse, has representation from a wide variety of communities within its portfolio of school, and balanced in male and female members. There is one former MPS parent on the Board. *The student board member was also a member of the 2025-2026 LA County Superintendent's Student Advisory Council, a unique opportunity for high school students throughout Los Angeles to share feedback, experience and perspectives on various issues affecting schools and communities with the Los Angeles County Superintendent.*
4. To what extent does the Board collectively demonstrate expertise aligned to fiscal oversight, legal compliance, facilities, fundraising, and instructional leadership?
The board has members with educational, entrepreneurial, health, real estate, fiscal, engineering, law enforcement, at-promise youth, and non-profit experts.
C. Structure
1. How does the Board's size and membership align with bylaws and demonstrate it is sufficient to ensure effective oversight and quorum stability?
The board has given evidence that they are able to govern effectively and could continue to do so in their current form and regularly has more than enough members to meet quorum at meetings.
2. Do the bylaws include term limits for Board members? Were there any changes to the Board's composition during the current school year?
The bylaws are comprehensive and include a term limit of five years.
3. What evidence is there that the Board reviews and understands its bylaws?
The board appears to act in accordance with its bylaws, which were updated and approved in 2022.
4. What officer roles are identified in the bylaws? Are they clearly defined, filled, and functioning as intended?
The current board recognizes a chair, vice-chair, and secretary. The organization bylaws outline specific duties and responsibilities for a chairperson of the board, president, one or more vice-presidents, secretary, and treasurer. The organization's bylaws mandate the positions of president (or chair), secretary, and treasurer.
5. How are board committees structured, active, and aligned to bylaws and oversight responsibilities?

The bylaws discuss the creation of, and powers given to, board committees. The bylaws also include language about meetings and the actions of committees; however, there are no specific job descriptions provided for committees. MPS holds regular committee meetings for Academics, Audit and Facilities, Educational Partners and Development, Finance and Nominating Committees as needed. Agendas, committee packets and recordings of the committee meetings are submitted to the Charter School Office for review.
D. Role of the Board
1. Does the Board consistently focus on governance-level issues rather than day-to-day management?
The board engages in regular updates and approval of fiscal reports, policies, facilities, academics, student support, and school needs. They receive staff reports regarding charter oversight, improvement plans, technical assistance, and status towards renewal.
2. Does the Board demonstrate an understanding of fiduciary, policy, and accountability responsibilities?
The board and school leadership regularly report to the board and work together collaboratively to support positive change at the schools, meet its fiduciary needs, and meet the needs of its multiple communities.
3. Does the Board annually evaluate the charter school leader using defined criteria? When was the most recent evaluation?
During the 2024-25 school year, the board engaged in a multi-meeting evaluation of the CEO that included reports on the CEO and organizations goals, closed meetings for discussion, and approval of continued employment that was finalized on July 10, 2025.
4. What evidence is there of a productive and professional working relationship between the Board and school leadership?
A review of board documents and audio recordings indicate a collaborative and cooperative relationship exists between the charter leader, the board chair, and the full board.
E. Meetings
1. What evidence is there that board meetings are conducted frequently enough and in compliance with the Brown Act to ensure transparency and effective oversight?
The board meets on a regular basis. In the 2025-26 school year, MPS conducted twelve regular board meetings, no special board meetings, and one Finance and one Nominating committee meetings. Board meetings are held monthly with specific committee meetings prior to the board meetings and special board meetings held as needed. All meetings comply with the requirements of the Brown Act.
2. How does the Board maintain compliance with public notice, posting, minutes, telecommunications, (AB 2449) and training requirements, including Brown Act and Ethics Training (AB 2158)?
Brown Act and Ethics Training for the board was conducted on August 7, 2025, and September 11, 2025. All board meetings are compliant with the Brown Act and meeting agendas and recordings are posted on the schools' and organization's websites. SB 827 requires fiscal training in future years starting January 1, 2027.
3. Does the Board regularly adopt and review policies required for legal compliance and operational integrity?
The board has approved and regularly reviews policies. Some of these policies include, but not limited to, conflict of interest, student/parent and employee handbooks, student and employee discipline and due process, evaluation protocols, parent complaint resolution and due process, Title IX, fiscal including internal controls and allowable purchases/purchasing authority, harassment, safety plan, immunization records, Family Educational Rights and Privacy Act (FERPA) Policy and notices, Section 504 compliance, Suicide Prevention, and Homeless and Foster Youth.

This year the school created or updated the following policies: Student Behavioral Health Referral Process; Continuing Disclosure Policies and Procedures; MPS Financing Contingency Plan and Ongoing Fiscal Oversite Framework; MPS Electronic Use and Cell Phone Policy; MPS Transportation Policy; EL Master Plan; Integrated Pest Management Policy; and MPS Home Office Fee Policy.

4. Did the Board submit a proposed material revision to the charter during the current school year?

MPS submitted a material revision on March 18, 2026, for a change of location starting in the 2026-27 school year. During the review, Business Advisory Services noted the additional debt the school was taking on, coupled with the significant increase in enrollment needed to repay the debt, as a concern. The MERF Board adopted a fiscal contingency plan that outlines how they would support the school to protect fiscal solvency during the facility transition, enrollment ramp, and debt repayment period. The LACOE Board approved this material revision on June 9, 2026.

F. Communication and Transparency

1. Describe the structured opportunities for meaningfully stakeholder input that inform Board decision-making.

The community has the opportunity to participate in board meetings through public comments. Most public comments include updates and celebrations from Magnolia schools along with some parent comments. There were also comments from community members regarding a possible Prop 39 relocation.

The LCAP was presented to the board in a public hearing on June 26, 2025, and parents, students, teachers, school administrators, other school personnel, and the school's SELPA were consulted in the development.

2. To what extent does the charter school maintain a legally compliant and accessible public website?

All schools and the central office have legally compliant websites.

3. How are board members publicly identifiable and reasonably accessible to educational partners?

All schools and central office websites have the board members listed with contact information.

G. Fiscal Standing

1. How does the Board demonstrate effective fiduciary oversight of public funds?

The Chief Financial Officer and back-office provider provide financial reports and updates periodically at board meetings. In reviewing documentation and audio recordings of meetings, it is evident that the board carefully monitors the finances of the schools and adjusts the budget and operations, as necessary. In addition, the board regularly requests increased clarity and explicit details from home office staff regarding budget items and the purpose of expenditures. At each of the Business Advisory Services (BAS) reviews, BAS indicated that each school should be able to meet its fiscal obligations.

2. How has the Board demonstrated its understanding of current and multiyear financial conditions?

The 2025-26 budget was approved on June 26, 2025. The budget and fiscal status were reviewed four other times throughout the year.

3. How does the adopted budget sufficiently support implementation of the charter program and mission?

The budget is sufficient to operate the schools' programs. The MERF Board adopted a fiscal contingency plan that outlines how they would support schools, specifically MSA 5, to protect fiscal solvency during the facility transition, enrollment ramp, and debt repayment period.

Summary:

The current board consists of six voting members and a student board member. This is consistent with the approved bylaws. All regular meetings, special meetings, and committee meetings are compliant with the Brown Act. A review of audio recordings, school and board documents, and site visits indicate that parent and stakeholder involvement exist. There have been no notices of violation or documented board complaints. The board has demonstrated effective governance and the ability to take action in alignment with the school's mission and vision.

While LACOE does not approve the LCAP, engagement of educational partners, addressing the 8 State Priorities, and contributing actions were reviewed. These items require the board attention to fully comply with the LCAP.

Recommendations:

1. *The leadership and the board should consider ways to improve communication and understanding of the differences between each of its school's performances and needs.*
2. *The board should continue to closely monitor the enrollment of students and determine if any school needs additional support.*
3. *The Board should closely monitor and support of the transition to the new MSA 5 site, including final construction details, expansion of staff and students, fiscal health, and enrollment/ADA*
4. *The board should consider including more parent representation on the board to increase understanding of student, parent, and community needs.*
5. *Fiscal training is now mandatory for all board members every two years with the first training required prior to January 1, 2027.*
6. *The governing board should review the LACOE End of Year Instructional Program and Governance Reports at a regular board meeting along with any other LACOE correspondence including Business Services interim and audit letters.*
7. *The board should continue to monitor the instructional program and the schools' progress toward charter renewal.*

This form is adapted from the FCMAT Charter School Annual Oversight Checklist.

A. Data for Accountability and Improvement

1. Based California School Dashboard data, describe the extent to which the charter school is on track to meet renewal criteria pursuant to EC 47607.

Magnolia Science Academy (MSA 1) currently is placed in the middle performance level based on 2024 and 2025 California School Dashboard data. The school has performance level data for English Language Arts (ELA), Math, College and Career Indicator (CCI), English Language Proficiency Indicator (ELPI), Graduation Rates, Chronic Absenteeism, and Suspension Rates.

- ***ELA:*** *Overall, All Students and the majority of Numerically Significant Student Groups (Student Groups), did not outperform the State's average Distance from Standard (DFS) in ELA. The school's DFS for All Students was -42.3, 34.2 points below the state and a 10.9-point decline. All five Student Groups had a DFS lower than the state's average DFS for those student groups, with the Students with Disabilities (SWD) performance level of Red and All-Students, English Learners (ELs), Hispanic, and Socioeconomically Disadvantaged Students (SED) with a performance level of Orange. The school needs to review the CAASPP data to determine any root cause(s) in the drops.*
- ***Math****: Overall, in Math, All Students and the majority of Student Groups, did not outperform the state average DFS. The school's DFS for All Students was -95.7, 53.3 points below the state and a 21.8-point decline. All five Student groups, ELs, Hispanic, Long-term English learners (LTELs), SED, and SWD, had a DFS lower than the state's average DFS for those student groups and a performance level of Red. The school needs to review the CAASPP data to determine any root cause(s) in the drops.*
- ***ELPI:*** *This year the school's ELPI score increased by over 17% from the previous year with a score pf 40.7%, but the school is still performing below the state average. In addition, LTELs had a score of 41%, an increase of 21.6%. The school should review any changes made to the ELD curriculum and intervention to determine how to continue to increase the ELPI scores.*
- ***CCI:*** *The school continues to outperform the state for All Students and all Student Groups despite an 18.3 percentage point decrease from the previous year. The school needs to review the CAASPP data to determine any root cause in the drops. Additionally, SWD are approximately half as likely to meet the requirements of the CCI when compared to other MSA 1 students. The school should analysis whether there are any system or structural causes that are creating this gap.*

- ***Graduation Rates:*** *The school continues to have an exceedingly high graduation rate, 96.1% for All Students, and a dashboard color of Blue for All Students and Student Groups. While the SWD student group is fewer than 30 students, the school did see an 8.2 percentage point increase in graduation rate.*
- ***Chronic Absenteeism****: The school did not see an improvement in chronic absenteeism with All Students and most of the Student Groups higher than the state averages. Further, the student group that still needs attention is SWD despite closing the achievement gap by almost 5 percentage points. The school needs to review attendance intervention strategies to determine the effectiveness of these interventions.*
- ***Suspension Rate:*** *The school's suspension rate increased across the All Students and Student Groups. The school needs to review the suspension data to determine any root(s) cause in the increase. This year the school is projecting the suspension rate to decrease significantly.*

Magnolia Science Academy (1) 2025 Dashboard Summary

Student Group	ELA DFS	Math DFS	ELPI %	CCI %	Graduation Rate %	Chronic Absenteeism %	Suspension %
All Students	-42.3	-95.7	40.7	71.3	96.1	24.1	5.0

SED	-45.3	-102.0		71.4	97.0	25.5	5.3
SWD	-109.9	-163.2				37.5	6.8

Green denotes outperforming the state, Red denoted not outperforming the state.
* These groups have less than 30 students but are included due to the achievement gap.

Appendix A includes comprehensive data for all dashboard indicators.

While the ELA and Math data will be further discussed in the next section on verified data, the school's improvement plans should include ELA, Math, Chronic Absenteeism and Suspension.

The three-year trend shows that the school has historically outperformed the state in only CCI, but not in CAASPP ELA and Math and ELPI, when examining the four academic indicators. These indicators hold greater weight during renewal. The other three dashboard indicators show a three-year trend that only the school's Graduation rate has typically outperformed the state.

2. Describe the process that the charter school uses to collect and analyze verified data to continuously improve pupil achievement.

MSA 1 uses NWEA MAP testing to monitor its annual growth. NWEA MAP Growth released updated national normative data in October 2025, replacing the previous norms utilized in prior Charter Schools Office End-of-Year Oversight Reports. The updated norms were developed to reflect current student performance patterns, changes in U.S. student demographics, post-pandemic academic trends, and enhancements to the MAP Growth assessment platform and item-selection algorithm.

As part of this publisher-led update, the 2025 norms were retroactively applied to previously administered NWEA MAP Growth assessments. Therefore, the Conditional Growth Index (CGI) metrics presented in this report reflect the updated 2025 normative framework and may differ from values reported in prior years that were based on the previous 2020 norms. Direct comparisons between previously reported NWEA MAP CGI values and those presented in this report should be interpreted with consideration of this norming update. Best practice is to compare results using the same normative framework.

Upon review of the most recent NWEA MAP data from 2025-26, the majority of grade levels made at least one year progress in both reading and math as indicated with a score of -0.2 CGI or above. The data was disaggregated further by student groups. Groups with fewer than 10 students were excluded from this report to protect student privacy. In addition, groups with less than half of the grade levels with data were also excluded, such as Asian students with only one grade level with data. Using these guidelines, there were four student groups included in both reading and math (Hispanic students, ELs, SED, and SWDs) for all grade levels.

- ***Reading:*** *All grade levels for All Students and student groups are making one year progress.*
- ***Language Usage:*** *The school does not give this test. This is a critical component of ELA and should be part of the school's assessment profile.*
- ***Math:*** *The majority of the grade levels for All Students and student groups are making one year progress. The school should analyze those specific grade levels that are not, ninth and tenth grades.*

The three-year trend shows that the majority of students are consistently making one year progress each year. While the chart below summarizes the data, Appendix A includes comprehensive data for verified data for All Students and student groups by grade level.

In addition to NWEA, the school also conducts systematic learning rounds to improve instruction and achievement throughout the year. These learning rounds are both done internally and with the Magnolia Public Schools (MPS) Central Office staff.

3. To what extent did the charter school timely submit a complete and compliant LACOE Annual Report/Mid-Year LCAP?

The LACOE Annual Plan/Mid-Year LCAP for MSA 1 was approved and submitted in March 2026

4. Does the charter school annually review its measurable pupil outcomes (MPOs)? What actions has the charter school implemented to address unmet outcomes?

MSA 1 reviewed its MPOs for 2025-26 through the Mid-Year LCAP and LACOE annual report. During their review, the school identified areas for improvement. While the interventions identified in the LCAP and Mid-Year LCAP lack specificity, during site visits the school indicated some of the specific interventions they are implementing. The following is a list of interventions from both the plans and site visit data:

- ***CAASPP ELA**: Improve differentiated instruction and data-driven teaching strategies; provide PD and SEL workshops; expand culturally responsive teaching; and increase the use of IXL and interim tests.*
- ***CAASPP Math**: Improve differentiated instruction and data-driven teaching strategies; implement UDL; increase targeted teaching; use MAP and SBAC interim tests; and expand culturally responsive teaching.*
- ***Science:** Implement targeted intervention cycles and data-driven teaching strategies; expand culturally responsive teaching; improve designated and integrated ELD instruction; expand tutoring access; and increase the use of real-world examples/problems.*
- ***EL annual progress on ELPAC**: Use formative assessments; train teachers on EL strategies; provide parent workshops; increase PBIS rewards; and use bilingual aides.*
- ***Course offerings:** Expanding dual enrollment opportunities and launched the Early College program.*
- ***Chronic Absenteeism:** Collaboration with mental health providers; home visits; increase PBIS strategies; start an attendance campaign; utilized attendance recovery program; and improve parent education and communication.*

- ***Satisfaction rates on local surveys for students and staff:*** *Improve transparency in decision-making a policy change; implement peer mentoring; improve meatal health resources; and improve shared space functionality.*
- ***Suspension rate:*** *Utilizing restorative practices, student reflection, and behavior review panels.*

Many of these interventions were evident and/or reported on during the LACOE spring site visit. Many are the same interventions each year. An analysis of impact and effectiveness of interventions may help to better target efforts.

5. What process does the charter school use to review the LCAP annually? What LCAP goals were not met? What actions were implemented to address unmet LCAP goals?

MSA 1 reviewed its LCAP Goals for 2025-26 though the Mid-Year LCAP. The school's LCAP has many of the same goals as its MPOs. The overlapping unmet goals include goals on grades, CAASPP data, average daily attendance, chronic absenteeism, suspension rate and student and staff approval.
Additionally, the school did not meet its LCAP goal in the following areas and included interventions for each:

- ***Teacher retention and teacher attendance****: Continue to recruit and hire qualified teachers; enhance teacher experience through professional development and mentorships; and provide a supportive teaching environment.*
- ***College going rate****: Offer college workshops; enhance personalized guidance and support; promote college going culture; and monitor college going milestones.*

Many of these interventions were evident and/or reported on during the LACOE spring site visit. Many are the same interventions each year. An analysis of impact and effectiveness of intervention may help to better target efforts.

While LACOE CSO does not approve the LCAP, the CSO has focused on the following three areas and provided monthly training on the LCAP in regard to these areas:

The LCAP must address all 8 State priorities: *All 8 State priorities were addressed.*

The LCAP must indicate how it engaged educational partners*: LCAPs indicate how educational partners were engaged.*

Actions on LCAP that are marked as Contributing must contribute to improving services/programs for low-income students, ELs and foster youth. *All actions marked as contributing are actions targeted to improve services/programs for these student groups. (Goals 1.4, 2.2, 2.3, 2.4, 3.1, 3.2, 3.3, 3.4, 3.5, 4.1, 4.2, 4.3, 4.4, 4.5). LACOE Staff recommends including data to strengthen the argument of the need for the action, specific actions, and determine how the action will primarily benefit unduplicated students.*

B. Educational Program and Curriculum

1. How is the charter school implementing the curricular and instructional program as approved in the charter petition?

MSA 1 is implementing the curricular and instructional plan as outlined in the approved charter. MSA 1 focuses on science, technology, engineering, arts, and mathematics (STEAM). The school has a college and career emphasis with the graduation requirements aligned to the UC's A-G requirements, seven advanced placement courses, dual enrollment and Early College program with Los Angeles Mission College and the school's electives continuing the STEAM education including two Career Technical Education pathways in Computers/Tech and Health Sciences.

2. To what extent is the staffing sufficient, appropriately assigned, and stable enough to effectively implement the educational program?	
	The current school staffing is sufficient to carry out the educational program. There are currently 47 certificated staff, including four special education teachers, one Educational Specialist, one School Psychologist, three Title I Specialists, and one Dean of Academics. In addition, there are 40 classified staff and 17 other contracted staff.
3. What instructional approvals and accreditations (e.g., A–G, AP, CTE, IB, WASC) does the charter school hold and are these all the necessary approvals and accreditations needed to operate the approved program?	
	MSA 1 is accredited through the Western Association of Schools and Colleges (WASC) through June 30, 2028, with a mid-year cycle during the 2024-25 school year.
4. How does the instructional design framework align to the learning needs of all students and all numerically significant student groups?	
	The target population for MSA 1 are students in grades 6-12, from Reseda, California, and neighboring communities. There are many MSA 1 households that speak languages other than English and have a high population of socially economically disadvantaged students. MSA 1 provides a college preparatory educational program emphasizing STEAM and includes a variety of additional supports within the school day such as AP courses, Dual enrollment, Power English and Math classes, and the program No Red Ink. This year the school has made great gain in math using the IXL program and plans to fully implement in English next year. Additionally, the school makes use of Saturday school, winter academy, and summer school for further supplemental instruction and credit recovery. *The school's data indicates more supports and targeted intervention may be needed for students with disabilities and English learners. It is imperative that interventions are specific, actionable and targeted for the student group.*
5. What standards-aligned, non-faith-based instructional materials does the charter use for all content areas?	
	MSA 1 uses California Standard based materials for all classes.
C. Services to Special Populations	
1. To what extent has the charter school adopted and implemented legally compliant policies and practices for special education services?	
	MSA 1 has adopted policies and practices that are compliant with all laws related to the provision of special education. The school's special education model includes push-in and pull-out models as well as Specialized Academic Instruction. *MSA 1 currently has 113 special education students (DataQuest), 16.7% of the enrollment (2024-25 special education was 14.2% of the enrollment). Using the most recent school special education report, the average caseload for the special education staff was approximately 19 students, well under the maximum caseload limit of 28 students. Additionally, the school had no owed services on each of these reports and no overdue IEPs at the end of the year.* The Local Level Annual Performance Report found no unmet targets. Local Level Annual Performance Report from CDE found at **https://www.cde.ca.gov/sp/se/ds/leadatarpts.asp**.
2. In what ways does the charter school demonstrate implementation of compliant procedures for identifying, serving, monitoring, and reclassifying English Learners consistent with its EL Master Plan and law?	

MSA 1 administers the ELPAC, as well as benchmarks, the CAASPP, and classroom level data to determine English learner (EL) progress toward language proficiency. The school's process for identifying and reclassifying are defined in the school's Master Plan for English Learners and documentation for monitoring was observed during the spring site visit. The school currently (2025-26) serves an EL population of 25.4%.

The ELPI results for 2024-25 indicated that 40.7% of EL students made progress towards English language proficiency, 36% maintained their level, and 23.3% regressed. The ELPI score is significantly lower than the 2024 data (55.4%). Their EPLI CA Dashboard Performance level was yellow and lower than the state average (46.4% making progress).

3. What structures and services has the charter school established to support foster youth and students experiencing homelessness?

MSA 1 has identified the homeless and foster youth liaison. Last year MPS revisited its policy affecting homeless youth to ensure compliance with all state and federal laws.

D. Professional Development & Teacher Qualification

1. To what extent have all staff received required clearances, certifications, and mandated trainings in compliance with law and board policy?

MSA 1 staff have all the required training. Additionally, MPS staff attended all bi-weekly LACOE trainings.

2. What professional development did the charter school provide aligned to the instructional program, identified needs, and continuous improvement priorities?

Professional development is provided on a regular basis. Professional development focused on classroom environment, high behavioral expectations, predictable routines, differentiation for English Learners and students with disabilities, and increasing rigor through productive struggle and academic collaboration. Classroom observations reflected implementation of common instructional strategies, including the "I Do, We Do, You Do" model, although additional monitoring may be needed to evaluate implementation fidelity and overall effectiveness.

3. To what extent does the charter school verify that all courses are taught by appropriately credentialed teachers, including required English Learner authorizations?

Fall 2025 and Spring 2026 staffing rosters reflected that all teachers held appropriate credentials, but one teacher does not have the appropriate EL authorization.

The 2024-25 CALSAAS summary report indicates that the school had three misassignments, including the theater teacher and ELD teacher. The school had no vacancies.

The school is currently eligible for Williams monitoring 2025-2027 as more than 15 percent (20.5%) of the school's teachers did not possess a valid clear or preliminary teacher credential in 2022-2023.

E. Facilities, Operations and Safety

1. To what extent does the charter school maintain facilities in a condition that is safe, clean, and conducive to learning?

The annual facilities inspection was conducted on October 8, 2025, and there were no required corrections

2. What evidence is there that the charter school maintains required safety documentation, supplies, and emergency preparedness procedures?

MSA 1 has proper documentation, schedule of drills, and student safety plan.

3. How does the school create a climate that is safe, inclusive, and supportive of student learning and engagement?

MSA 1 received the California PBIS Gold Recognition for its work with implementing the PBIS system with fidelity. In addition, MSA 1 continued its work to train and implement the Capturing Kids Hearts program, a program that "strengthens connectedness and builds relationship-driven culture".

The school's suspension rate increased this year for All Students (5%) and all Student Groups and is now higher than the state averages. *The school needs to review the suspension data to determine any root cause(s) in the increase.*

4. To what extent is the organizational and leadership structure sufficient to effectively operate the instructional program in compliance with law?

The current leadership structure and staffing are sufficient to carry out the education program and effectively operate the school.

Summary

Evidence from the oversight visits and documentation review demonstrates that the school has implemented an instructional program that is aligned with the Common Core State Standards. Instructional lessons observed were standards-based aligned and provided several instructional strategies and supports to assist student groups. Professional development focused on classroom environments, high behavioral expectations, predictable routines, differentiation especially for ELs, and increasing rigor. The school is continuing its PBIS work and has been recognized as a Gold program for PBIS by the State. Attendance improvement efforts included collaboration with mental health providers, a new social worker, home visits, and Saturday attendance recovery programs, which contributed to an approximately 2.4% increase in ADA.

Since the California School Dashboard currently indicates that the school continues to be performing below the state average in CAASPP ELA and Math and specific Student Groups need attention (ELs, LTELs, and SWD) in some indicators, continued focus in these areas is necessary. When developing the LCAP goals, a clear throughline from data analysis to determination of how the actions will primarily benefit unduplicated students would strengthen the plan.

The school's NWEA data shows the school is making one-year growth for the majority of grade levels for each student group in Reading and Math. The school is not currently utilizing the Language Usage portion, a key component of English Language Arts.

MSA 1 shows great growth in students' academic learning through the NWEA MAP data in the areas that are tests. The school uses data from NWEA and IABs to target instruction. Further, MSA 1 uses instructional rounds to enhance teaching throughout. The school has a focus on the whole student with social emotional support and extracurricular activities. MSA 1 continues to have a high CCI and high graduation rates. The school continues to reflect on how to connect with and best serve its students. In addition, the school has provided its students and community with many opportunities to connect with each other, their community, and their elected officials.

Recommendations

1. *A comprehensive plan is recommended that includes specific changes, timelines, professional development schedules, and cycle of inquiry/Plan-Do-Study-Act cycles with actions grounded in current research. This plan should focus on the Special Education program to improve CAASPP scores for SWD, CAASPP Math scores for all students and student groups, and Chronic Absenteeism for all students, and many student groups. Additionally, the school should evaluate current interventions for implementation with fidelity, impact, and effectiveness to target its future efforts.*

2. *The school should implement the Language Usage assessment from the NWEA MAP testing to fully assess students' ELA growth.*
3. *The school should continue its focus on the implementation of PBIS, Capturing Kids Hearts, culturally responsive teaching, and restorative practices into the schoolwide program and monitor the student social emotional needs, engagement, behaviors, and absenteeism. Additionally, the school may want to conduct an analysis of the effectiveness of current interventions, especially surrounding chronic absenteeism and suspensions.*
4. *The school leadership should continue to closely monitor progress on Dashboard data for All Students and all applicable numerically significant student groups in comparison to the state, as well as any applicable Verified Data, MPOs, and LCAP goals and ensure implementation of any action items to meet criteria for renewal. It is incumbent on each school to formulate a plan for analyzing and organizing assessment results in order to present clear and convincing data as evidence the school is fulfilling its requirement to increase student academic achievement.*

MSA 1 - Verified Data

Table Legend For All NWEA MAP Tables
Tables are a Summary of the NWEA MAP Reports
Green cell indicates student group has met the minimum requirement for one year's growth, CGI ≥ - 0.2
Red cell indicates student group has not met the minimum requirement for one year's growth, CGI < - 0.2
Gray cell indicates the number is less than 10 students, the minimum size for reporting.
Data reflects grade levels with ten or more students in that student group.

This document provides a summary of observations and data collected through LACOE monitoring and oversight visit(s) focusing on the implementation of the academic program described in the school's charter and adherence to applicable laws. This form is adapted from the FCMAT Charter School Annual Oversight Checklist.

A. Data for Accountability and Improvement

1. Based California School Dashboard data, describe the extent to which the charter school is on track to meet renewal criteria pursuant to EC 47607.

Magnolia Science Academy 2 (MSA 2) currently is placed in the middle performance level based on 2024-2025 California School Dashboard data. The school has performance level data for English Language Arts (ELA), Math, College and Career Indicator (CCI), English Language Proficiency Indicator (ELPI), Graduation Rates, Chronic Absenteeism, and Suspension Rates.

- ***ELA:*** *Overall, All Students and the majority of Numerically Significant Student Groups (Student Groups), did not outperform the State's average Distance from Standard (DFS) in ELA. The school's DFS for All Students was -31.9, 8.1 points below the state. While this is a 15.6 gain, it still is a 12.5 loss over two years. All student groups saw an increase this year and two of the four student groups are now above the state average. Two groups had a dashboard performance level of Orange, English Learners (ELs) and Students with Disabilities (SWDs), and there is a significant achievement gap to their peers.*
- ***Math****: The school's dashboard performance level in Math was Orange for All Students and all Student Groups, as most groups are significantly below the state average. SWD not only outperformed the state average, but also all other student groups and saw a 47-point increase. Evaluation of the math program in general is recommended.*
- ***ELPI:*** *This year the school's ELPI score was 41.9%, an increase of 11.1% from the previous year, but still below the state average. Long-Term English Learners (LTELs) had a score of 53.5%, higher than the state average.*
- ***CCI:*** *The school continues to outperform the state for All Students and all Student Groups even with a decline in the rate. This is the second year the school has seen a significant decrease. The school needs to review the CCI data to determine the root cause(s) of the drops.*
- ***Graduation Rates:*** *The school continues to have an exceedingly high graduation rate, with a dashboard color of Blue for All Students and Student Groups.*
- ***Chronic Absenteeism****: All Students and Student Groups have a Chronic Absenteeism rate lower than the state. Groups saw at least 5% decreases and ELs saw their rate fall 20.7 percentages.*
- ***Suspension Rate:*** *All Students and the majority of Student Groups have a Suspension Rate lower than the state average. This indicator reinforces that the school's other means of correction are working including their Positive Behavior Intervention System (PBIS). The one*

group that need attention is ELs, including LTELs.

Green denotes outperforming the state, Red denoted not outperforming the state.
* These groups have less than 30 students but are included due to the achievement gap.

Appendix A includes comprehensive data for all dashboard indicators.

While the ELA and Math data will be further discussed in the next section on verified data, the school's improvement plans should include ELA, Math and CCI.

The three-year trend shows that the school has historically outperformed the state in only CCI, but not in CAASPP ELA and Math and ELPI, the four academic indicators. These indicators hold greater weight during renewal. The other three dashboard indicators show a three-year trend that the school has typically outperformed the state.

In addition to NWEA, the school also conducts systematic learning rounds to improve instruction and achievement throughout the year. These learning rounds are both done internally and with the Magnolia Public Schools (MPS) Central Office staff.

2. Describe the process that the charter school uses to collect and analyze verified data to continuously improve pupil achievement.

MSA 2 uses NWEA MAP testing to monitor its annual growth. NWEA MAP Growth released updated national normative data in October 2025, replacing the previous norms utilized in prior Charter Schools Office End-of-Year Oversight Reports. The updated norms were developed to reflect current student

performance patterns, changes in U.S. student demographics, post-pandemic academic trends, and enhancements to the MAP Growth assessment platform and item-selection algorithm.

As part of this publisher-led update, the 2025 norms were retroactively applied to previously administered NWEA MAP Growth assessments. Therefore, the longitudinal Conditional Growth Index (CGI) metrics presented in this report reflect the updated 2025 normative framework and may differ from values reported in prior years that were based on the previous 2020 norms. Direct comparisons between previously reported NWEA MAP CGI values and those presented in this report should be interpreted with consideration of this norming update. Best practice is to compare results using the same normative framework.

Upon review of the most recent NWEA MAP data from 2025-26, the majority of grade levels made at least one year progress in both reading and math as indicated with a score of -0.2 CGI or above. The data was disaggregated further by student groups. Groups with fewer than 10 students were excluded from this report to protect student privacy. In addition, groups with less than half of the grade levels with data were also excluded, such as ELs in 2025-26 with only two grade levels with data. Using these guidelines, there were three student groups by grade level in both reading and math (Hispanic students, socioeconomically disadvantaged (SEDs), and SWD for all grades).

- ***Reading:*** *The majority of grade levels for All Students and student groups are making one year progress. The only group with a CGI below -0.2 was sixth grade SWD. The school should analyze this specific student group to see how they can be best supported.*
- ***Language Usage:*** *The school does not give this test. This is an important component of ELA and should be part of the school's assessment profile.*
- ***Math:*** *The majority of grade levels for All Students and student groups are making one year progress. The school should analyze those specific student groups that are not. Seventh grade students, for All Students and the majority of student groups, did not make one year progress with CGIs. This is the same group of students of concern on the previous LACOE End of Year Report.*

The three-year trend shows that the majority of students are making one year progress each year for all but one year in Math. While the chart below summarizes the data, Appendix A includes comprehensive data for verified data for All Students and student groups by grade level.

3. To what extent did the charter school timely submit a complete and compliant LACOE Annual Report/Mid-Year LCAP?

The LACOE Annual Report/Mid-Year LCAP for MSA 2 was approved and submitted in March 2026.

4. Does the charter school annually review its measurable pupil outcomes (MPOs)? What actions has the charter school implemented to address unmet outcomes?

MSA 2 reviewed its MPOs for 2023-24 through the LACOE annual report/Mid-Year LCAP. During their review, the school identified the following areas for improvement and included interventions for each:

- ***Teacher Credentials:*** *Strengthen credential monitoring and scheduling practices in collaboration with the Magnolia Public Schools Home Office. To address root causes, additional credential audits, targeted teacher support, and proactive recruitment strategies will be implemented.*
- ***State Standards: I****ncrease the frequency of instructional observations and refine MTSS intervention placement*
- ***CAASPP ELA, NWEA Reading and EAP****: Train teachers in restorative practices; implement an instructional coach to improve individual student support, instructional strategies, and student learning outcomes; add a Community Schools Coordinator, Family Success Coordinator, and Community Schools Liaison; expand targeted systems of supports; train teachers in CHATS to support ELs; continue Instructional Rounds and PLCs; and use Plan-Do-Act-Study Cycles to set goals, monitor progress and refine instructional practices.*
- ***CAASPP, NWEA Math and EAP****: Train teachers in restorative practices; implement an instructional coach to improve individual student support, instructional strategies, and student learning outcomes; add a Community Schools Coordinator, Family Success Coordinator, and Community Schools Liaison; use Plan-Do-Act-Study Cycles to set goals, monitor progress and adjust instructional practices; continue Instructional Rounds and PLCs; implement Teach like a Champion book study; expand targeted systems of supports; train teachers in CHATS to support ELs; partner with Relay Graduate School to utilize School Mint Grow; and increase family involvement opportunities.*
- ***CAST:*** *Train teachers in restorative practices, implement an instructional coach to improve individual student support, instructional strategies, and student learning outcomes; add a Community Schools Coordinator, Family Success Coordinator, and Community Schools Liaison; use Plan-Do-Act-Study Cycles to set goals, monitor progress and refine instructional practices; continue Instructional Rounds and PLCs; expand targeted systems of supports; and continue its STEAM initiative.*
- ***EL annual progress and ELPAC****: Train teachers in restorative practices; implement an instructional coach to improve individual student support, instructional strategies, and student learning outcomes; added a Community Schools Coordinator, Family Success Coordinator, and Community Schools Liaison; train teachers in CHATS to support ELs; use Plan-Do-Act-Study Cycles to set goals, monitor progress and refine instructional practices; continue Instructional Rounds and PLCs; implement Teach like a Champion book study; expand targeted systems of supports; and increase family involvement opportunities.*
- ***CCI:*** *Targeted academic support will be expanded within advanced coursework and college readiness programs, such as AP programming and Dual Enrollment participation*
- ***EL Suspension Rate:*** *Nothing specific for EL Suspension, continue PBIS and CA-ISP in general.*
- ***Satisfaction rates on local surveys for students and staff:*** *Increase targeted outreach to families and expand engagement efforts during the second half of the year. To address*

participation gaps, communication supports, translation services, and home visit efforts will be strengthened. Utilize student council to increase student voice while planning schoolwide events; improve team building activities; and to continue to analyze survey data.

Some of these interventions were evident during the site visit, but with similar inventions as in the past, it is unclear if there were any changes in practice.

5. What process does the charter school use to review the LCAP annually? What LCAP goals were not met? What actions were implemented to address unmet LCAP goals?

MSA 2 reviewed its LCAP Goals for 2024-25 through the LACOE annual report. The school's LCAP has many of the same goals as its MPOs. The overlapping unmet goals include goals on teacher credentials, CAASPP and NWEA MAP data, CAST Data, English learners progress towards proficiency, and overall satisfaction rates on local surveys for students.
Additionally, the school did not meet its LCAP goal in the following areas and included an action plan for each:

- ***College and Career Goals**: Continue individualized college counseling and college workshops.*
- ***Home visits:** Train staff on purpose, process, and benefits; build stronger relationships with families and provide personized support; train teachers in restorative practices; and bring home visits strategies into PLCs.*

While LACOE CSO does not approve the LCAP, the CSO has focused on the following three areas and provided monthly training on the LCAP in regard to these areas:

***The LCAP must address all 8 State priorities:** All 8 State priorities were addressed.*

***The LCAP must indicate how it engaged educational partners**: LCAPs indicate how educational partners were engaged.*

***Actions on LCAP that are marked as Contributing must contribute to improving services/programs for low-income students, ELs and foster youth.** All actions marked as contributing are actions targeted to improve services/programs for these student groups. (Goals 1.4, 2.2, 2.3, 2.4, 3.1, 3.2, 3.3, 3.4, 3.5, 4.1, 4.2, 4.3, 4.4, 4.5). LACOE Staff recommends including data to strengthen the argument of the need for the action and determine how the action will primarily benefit unduplicated students.*

B. Educational Program and Curriculum

1. How is the charter school implementing the curricular and instructional program as approved in the charter petition?

MSA 2 is implementing the curricular and instructional plan as outlined in the approved charter. MSA 2 focuses on science, technology, engineering, arts, and mathematics (STEAM). The school has a college and career emphasis with the graduation requirements aligned to the UC's A-G requirements, three advanced placement courses, dual enrollment with Los Angeles Valley College, CTE pathway in Business, and the school's electives continue the STEAM education. This year the school has offered a dual enrollment course to 8th grade students, and it is also started an IGETC pathway.

2. To what extent is the staffing sufficient, appropriately assigned, and stable enough to effectively implement the educational program?

The current school staffing is sufficient to carry out the educational program. There are currently 24 certificated staff, including four Educational Specialist and one School Psychologist. In addition, there are 20 classified staff and 19 other contracted staff.

The school may want to assess whether more staff is necessary to support ELs and SWD in both academic and non-academic operations, where achievement gaps exist.

3. What instructional approvals and accreditations (e.g., A–G, AP, CTE, IB, WASC) does the charter school hold and are these all the necessary approvals and accreditations needed to operate the approved program?

MSA 2 is accredited through the Western Association of Schools and Colleges (WASC) through June 30, 2028, with a mid-year cycle during the 2024-25 school year.

4. How does the instructional design framework align to the learning needs of all students and all numerically significant student groups?

The target population for MSA 2 are students in grades 6-12 from Van Nuys, California, and neighboring communities throughout the San Fernando Valley. There are many MSA 2 households that speak languages other than English and have a high population of socially economically disadvantaged student. MSA 2 provides a college preparatory educational program emphasizing STEAM and includes a variety of additional supports within the school day such as AP courses, dual enrollment, learning labs, APEX for credit recovery, IXEL, and the program No Red Ink. Additionally, the school makes use of Saturday school and winter and summer intersessions for further supplemental instruction and credit recovery.

5. What standards-aligned, non-faith-based instructional materials does the charter use for all content areas?

MSA 2 uses California Standard based materials for all classes.

C. Services to Special Populations

1. To what extent has the charter school adopted and implemented legally compliant policies and practices for special education services?

MSA 2 has adopted policies and practices that are compliant with all laws related to the provision of special education. The school's special education model includes push-in and pull-out models as well as Specialized Academic Instruction.

MSA 2 currently has 84 special education students (DataQuest), 18.8% of enrollment (2024-25 special education was 18.5% of enrollment). According to the most recent LACOE special education report, the average caseload for the special education staff was approximately 21 students, under the maximum caseload limit of 28 students. The school had no late IEPs or services owed as of Quarter 4 on these reports.

The Local Level Annual Performance Report (2023-2024) found the following areas below target: ELA Achievement (12.5 vs 13); Math Achievement (4.17 vs 9); Parent involvement ratio (96 vs 96.5); Rate of Eligibility Determination within 60 days (75% vs 100%); and Rate of Students with Transition Goals/Services (88.89% vs 100%). Local Level Annual Performance Report from CDE found at **https://www.cde.ca.gov/sp/se/ds/leadatarpts.asp**

2. In what ways does the charter school demonstrate implementation of compliant procedures for identifying, serving, monitoring, and reclassifying English Learners consistent with its EL Master Plan and law?

MSA 2 administers the ELPAC, as well as benchmarks, the CAASPP, and classroom level data to determine English learner progress toward language proficiency. The school's process for identifying and reclassifying are defined in the school's Master Plan for English Learners and documentation for monitoring was observed during the spring site visit. The school currently (2025-26) serves an EL population of 17%.

The ELPI results for 2024-25 indicated that 41.9% of ELs made progress towards English language proficiency, 39.5% maintained their level, and 18.6% regressed. Their EPLI CA Dashboard Performance level was Yellow and lower than the state average (46.4% making progress).

3. What structures and services has the charter school established to support foster youth and students experiencing homelessness?

MSA 2 has identified their homeless and foster youth liaison. This year MPS has revisited policy affecting homeless youth to ensure compliance with all state and federal laws.

D. Professional Development & Teacher Qualification

1. To what extent have all staff received required clearances, certifications, and mandated trainings in compliance with law and board policy?

MSA 2 staff have all the required trainings. Additionally, MPS staff attended all bi-weekly LACOE trainings.

2. What professional development did the charter school provide aligned to the instructional program, identified needs, and continuous improvement priorities?

Professional development is provided on a regular basis. Professional development included grade level and department meetings, discussion of best teaching practices (purposeful student grouping, student engagement, differentiation, and Think-Pair-Share), improving instruction, using data to inform instruction, rigor, predictable routines, effective use of time, culturally relevant teaching, and implementation of CA-ISP (SEL training).

3. To what extent does the charter school verify that all courses are taught by appropriately credentialed teachers, including required English Learner authorizations?

Fall 2025 and Spring 2026 staffing rosters reflected that all teachers held appropriate credentials. There were two vacancies at the beginning of the year that will most likely appear on the CALSAAS report.

The 2024-25 CALSAAS summary report indicates that the school had no misassigned teachers or vacancies. While the school had 31 exceptions, 29 were deemed Local Assignment Options, and 2 CALPAD errors.

The school is currently eligible for Williams monitoring 2025-2027 as more than 15 percent (32%) of the school's teachers did not possess a valid clear or preliminary teacher credential in 2022-2023.

E. Facilities, Operations and Safety

1. To what extent does the charter school maintain facilities in a condition that is safe, clean, and conducive to learning?

The annual facilities inspection was conducted on October 16, 2025, and the inspection noted that upgrades to both student and staff restrooms are needed. The school is currently co-located on a LAUSD site.

2. What evidence is there that the charter school maintains required safety documentation, supplies, and emergency preparedness procedures?

MSA 2 has proper documentation, schedule of drills, and student safety plan.

3. How does the school create a climate that is safe, inclusive, and supportive of student learning and engagement?

MSA 2 received the California PBIS Gold Recognition for its work implementing the PBIS system with fidelity. The school's suspension data is below the state average for All Students and all Student Groups except ELs. The school should review the data for EL to determine next steps for interventions.

4. To what extent is the organizational and leadership structure sufficient to effectively operate the instructional program in compliance with law?

The current leadership structure and staffing are sufficient to carry out the education program and effectively operate the school.

Summary

Evidence from the oversight visits and documentation review demonstrates that the school has implemented an instructional program that is aligned with the Common Core State Standards. Instructional lessons observed were standard-based aligned and provided several instructional strategies and supports to assist student groups. The school is continuing its PBIS work and has been recognized as a Gold program for PBIS by the State.

Since the California School Dashboard currently indicates that the school continues to be performing below the state average in CAASPP ELA and Math and specific Student Groups need attention (ELs and SWD) in some indicators, continues focus in these areas is necessary. MSA 2 continues to have a high CCI, high graduation rates, and low suspension rates. When developing the LCAP goals, a clear throughline from data analysis to determination of how the actions will primarily benefit unduplicated students would strengthen the plan.

The school's NWEA data shows the school is making one year growth for almost all grade levels for each student group in Reading and Math. The school is not currently utilizing the Language Usage portion of the NWEA MAP testing, a key component of English Language Arts.

MSA 2 uses data from NWEA and IABs to target instruction as well as instructional rounds to enhance teaching throughout. The school continues to offer a dual enrollment program. The school continues to reflect on how to connect with and best serve its students. In addition, the school has provided its students and community with many opportunities to connect with each other, their community, and their elected officials.

Recommendations

1. *A comprehensive plan is recommended that includes specific changes, timelines, professional development schedules, and cycle of inquiry/Plan-Do-Study-Act cycles with actions grounded in current research. This plan should focus on CAASPP data for both ELA and Math, ELD program to improve CAASPP scores for EL and LTELs, the decline in CCI for all students and student groups, and the suspension rate of ELs. Additionally, the school should evaluate current interventions for implementation with fidelity, impact, and effectiveness to target its future efforts.*
2. *The school should implement the Language Usage assessment from the NWEA MAP testing to fully assess students' ELA growth.*
3. *The school should continue its focus on the implementation of PBIS, culturally responsive teaching, and restorative practices into the schoolwide program and monitor the student social emotional needs, engagement, and absenteeism.*
4. *The school leadership should continue to closely monitor progress on Dashboard data for all students and all applicable numerically significant student groups in comparison to the state, as well as any applicable Verified Data, MPOs, and LCAP goals and ensure implementation of any action items in order to meet criteria for renewal. It is incumbent on each school to formulate a plan for analyzing and organizing assessment results in order to present clear and convincing data as evidence the school is fulfilling its requirement to increase student academic achievement.*

This form is adapted from the FCMAT Charter School Annual Oversight Checklist.

A. Data for Accountability and Improvement

1. Based California School Dashboard data, describe the extent to which the charter school is on track to meet renewal criteria pursuant to EC 47607.

Magnolia Science Academy 3 (MSA 3) currently is placed in the middle performance level based on 2024-2025 California Dashboard data. The school has performance level data for English Language Arts (ELA), Math, College and Career Indicator (CCI), Graduation Rates, Chronic Absenteeism, and Suspension Rates. The school has data for English Language Proficiency Indicator (ELPI), but there were fewer than 30 English Learners (ELs), so no performance level was issued.

- ***ELA:*** *While All Students did not outperform the State's average Distance from Standard (DFS) in ELA, all Numerically Significant Student Groups (Student Groups) did. The school should also monitor ELs even though they are not numerically significant, as they are significantly below the State's average.*
- ***Math****: All Students and Student Groups did not outperform the state average. The school's DFS for All Students is -94.2, 51.8 points below the state. Math should continue to be a focus for the school. In addition to monitoring all Student Groups, the school should include ELs and Students with Disabilities (SWD) as these groups are below the State's average even though there were fewer than 30 students.*
- ***ELPI:*** *While the EL population is fewer than 30 students, the school should still review the ELPI data. This year the school's ELPI score, 11.8%, dropped by over 27% from the previous year,56 % over the past two years the school is performing below the state average. In addition, Long-Term English Learners (LTELs) also had a score of 11.8%, a decline of 23.5%. The school needs to review the ELPAC data along with reclassification data to determine any root cause in these drops.*
- ***CCI:*** *The school continues to outperform the state for All Students and all Student Groups and saw a 21.5% increase for the All Students group this year.*
- ***Graduation Rates:*** *The school continues to have an exceedingly high graduation rate, 100% this year, and a dashboard color of Blue for all student groups.*
- ***Chronic Absenteeism****: All Students and all Student Groups have a Chronic Absenteeism rate higher than the state. Most groups saw an increase in Chronic Absenteeism. The school needs to review attendance intervention strategies to determine the effectiveness of these interventions.*

- ***Suspension Rate:*** *The school's suspension rate declined this year, outperforming the state for All Students (2.2%) and all student groups. This indicator reflects the school's use of other means of correction including their Positive Behavior Intervention System (PBIS). The school should analyze those specific student groups that are significantly higher than their peers, such as ELs, Foster Youth (FY), LTELs, and SWD, even if some of these groups are not numerically significant.*

Magnolia Science Academy-3 2025 Dashboard Summary

Green denotes outperforming the state, Red denoted not outperforming the state.
* These groups have less than 30 students but are included due to the achievement gap.

Appendix A includes comprehensive data for all dashboard indicators.

While the ELA and Math data will be further discussed in the next section on verified data, the school's improvement plans should include ELA, Math, ELPI, and Chronic Absenteeism

The three-year trend shows that the school has historically outperformed the state in only CCI and ELPI (even though not numerically significant), but not in CAASPP ELA and Math, the four academic indicators. These indicators hold greater weight during renewal. CAASPP ELA is seeing the majority of Student Group outperforming the state in the past two years. The other three dashboard indicators show a three-year trend that the school has typically outperformed the state in Graduation rate and Suspension Rate, but not Chronic Absenteeism.

In addition to NWEA, the school also conducts systematic learning rounds to improve instruction and achievement throughout the year. These learning rounds are both done internally and with the Magnolia Public Schools (MPS) Central Office staff.

2. Describe the process that the charter school uses to collect and analyze verified data to continuously improve pupil achievement.

MSA 3 uses NWEA MAP testing to monitor its annual growth. NWEA MAP Growth released updated national normative data in October 2025, replacing the previous norms utilized in prior Charter Schools Office End-of-Year Oversight Reports. The updated norms were developed to reflect current student performance patterns, changes in U.S. student demographics, post-pandemic academic trends, and enhancements to the MAP Growth assessment platform and item-selection algorithm.

As part of this publisher-led update, the 2025 norms were retroactively applied to previously administered NWEA MAP Growth assessments. Therefore, the longitudinal Conditional Growth Index (CGI) metrics presented in this report reflect the updated 2025 normative framework and may differ from values reported in prior years that were based on the previous 2020 norms. Direct comparisons between previously reported NWEA MAP CGI values and those presented in this report should be interpreted with consideration of this norming update. Best practice is to compare results using the same normative framework.

Upon review of the most recent NWEA MAP data from 2025-26, the majority of grade levels made at least one year progress in both reading and math as indicated with a score of -0.2 CGI or above. The data was disaggregated further by student groups. Groups with fewer than 10 students were excluded from this report to protect student privacy. In addition, groups with less than half of the grade levels with data were also excluded, such as Math SWDs with only two grades level with data. Using these guidelines, there were three student groups included in both reading and math (African American/Black students, Hispanic students, and SEDs for all grades).

- ***Reading:*** *The majority of grade levels for All-Students and student groups made one year progress. This year the NWEA MAP data shows more inconsistency than years before with last year all grade levels with CGI's at or above 0.2. The school should analyze those specific student groups that are not. Specifically, sixth grade underperforms when compared to other grade levels.*
- ***Language Usage:*** *The school does not give this test. This is an important component of ELA and should be part of the school's assessment profile.*
- ***Math:*** *The majority of grade levels for All Students and student groups are making one year progress. The school should analyze those specific student groups that are not. Specifically, sixth grade students, for All Students and the majority of student groups, did not make one year progress.*

The three-year trend shows that the majority of students are making one year progress each year for the majority of student groups and grade levels. While the chart below summarizes the data, Appendix A includes comprehensive data for verified data for All Students and student groups by grade level.

3. To what extent did the charter school timely submit a complete and compliant LACOE Annual Report/Mid-Year LCAP?

The LACOE Annual Report/Mid-Year LCAP for MSA 3 was approved and submitted in March 2025.

4. Does the charter school annually review its measurable pupil outcomes (MPOs)? What actions has the charter school implemented to address unmet outcomes?

MSA 3 reviewed its MPOs for 2024-25 through the LACOE annual report/Mid-Year LCAP. During their review, the school identified the following areas for improvement and included interventions for each:

- ***Teacher Credentials:*** *Strengthen credential monitoring and scheduling practices in collaboration with the Magnolia Public Schools Home Office. To address root causes, additional credential audits, targeted teacher support, and proactive recruitment strategies will be implemented.*
- ***State Standards: I****ncrease the frequency of instructional observations and refine MTSS intervention placement.*
- ***CAASPP ELA African American Students****: No specific interventions for AA students; in general, the interventions include Increase the consistency and impact of core instruction and interventions by tightening the observation/feedback cycle (calibrated walkthrough expectations, faster feedback loops, and trend-based coaching), strengthening MTSS placement and progress monitoring, and using verified data routines to identify priority standards and adjust instruction. The school also implemented Power ELA classes for the middle school.*
- ***CAASPP Math and NWEA Math****: Increase the consistency and impact of core instruction and interventions by tightening the observation/feedback cycle (calibrated walkthrough expectations, faster feedback loops, and trend-based coaching), strengthening MTSS placement and progress monitoring, and using verified data routines to identify priority standards and adjust instruction. The school will prioritize Math acceleration through clearer Tier 1 expectations and targeted small group supports while maintaining Reading gains, ensuring instructional adjustments are consistent across classrooms and aligned to standards and Graduate Profile competencies. The school also implemented Power Math classes for the middle school.*
- ***CAST:*** *maintain strong access to technology, blended learning, and STEAM while strengthening readiness supports in the areas not yet on track, use Plan-Do-Act-Study Cycles to set goals, monitor progress and refine instructional practices; continue Instructional Rounds and PLCs; expand targeted systems of supports; and continue its STEAM initiative.*
- ***EL annual progress on ELPAC****: No specific Interventions mentioned in the Mid-year LCAP, but the school shared that they embedded the ELD instruction into classes with the use of 3D curriculum.*
- ***Course Offerings:*** *The school will tighten progress monitoring for EAP, AP readiness, and a–g trajectory; expand targeted academic supports aligned to advanced coursework and college readiness; and strengthen student planning and advising routines so students are supported*

earlier and more consistently toward postsecondary goals, with particular attention to equitable access and success for all student groups.

- ***Average Daily Attendance (ADA) and Chronic Absenteeism:*** *Strengthen its attendance and engagement systems to address chronic absenteeism and improve connectedness; Tighten its attendance MTSS routines (regular attendance reviews, earlier outreach, and consistent documentation of actions), increase home-visit follow-through to remove barriers to attendance. Use PBIS strategies; monitor students; and implement academic check-ins and SEL support.*
- ***Suspension rates HY:*** *No specific interventions mentioned. In general, interventions include using PBIS strategies; monitoring students; and implementing SEL support. The school uses restorative practices through the Institute of Restorative Practices and CA ISP's Integrated Supports Project.*
- ***Satisfaction rates on local surveys for students and staff:*** *Prioritize increasing family and staff participation in the spring school experience surveys (participation is currently not on track for families and staff) to ensure decisions reflect partner input and strengthen climate, belonging, and effective communication.*

For many of the goals, the school indicated the specific student group that did not meet the target. This allows the school to focus their action specifically on the needs of these groups.

The school also submitted an Action Plan for Success in conjunction with their renewal. This plan focuses on math performance, chronic absenteeism, suspension rates, sixth grade student performance and African American student performance. It is unclear if this plan is still being followed.

The school should examine all its plans and create a comprehensive plan that includes specific changes, timelines, professional development schedules, and cycle of inquiry/Plan-Do-Study-Act cycles with a specific focus indicated.

5. What process does the charter school use to review the LCAP annually? What LCAP goals were not met? What actions were implemented to address unmet LCAP goals?

MSA 3 reviewed its LCAP Goals for 2024-25 through the LACOE annual report/Mid-Year LCAP. The school's LCAP has many of the same goals as its MPOs. The overlapping unmet goals include goals on course offerings, student grades, CAASPP and NWEA MAP data, EL progress, College/Career readiness, ELAC meetings, home visits, average daily attendance, chronic absenteeism, dropout rate, and satisfaction rates on surveys. Additionally, the school did not meet its LCAP goal in the following areas and included an action plan for each:

- ***Teacher Retention rate****: No specific interventions mentioned.*
- ***CAASPP ELA:*** *Increase the consistency and impact of core instruction and interventions by tightening the observation/feedback cycle (calibrated walkthrough expectations, faster feedback loops, and trend-based coaching), strengthening MTSS placement and progress monitoring, and using verified data routines to identify priority standards and adjust instruction. The school also implemented Power ELA classes for the middle school.*

Similar to the unmet MPOs, the school should examine all its plans and create a comprehensive plan that includes specific changes, timelines, professional development schedules, and cycle of inquiry/Plan-Do-Study-Act cycles indicated.

While LACOE CSO does not approve the LCAP, the CSO has focused on the following three areas and provided monthly training on the LCAP in regard to these areas:

The LCAP must address all 8 State priorities: *All 8 State priorities were addressed.*

The LCAP must indicate how it engaged educational partners*: LCAPs indicate how educational partners were engaged.*

Actions on LCAP that are marked as Contributing must contribute to improving services/programs for low-income students, ELs, and foster youth. *All actions marked as contributing are actions targeted to improve services/programs for these student groups. (Goals 1.4, 2.2, 2.3, 3.1, 3.2, 3.3, 3.4, 3.5, 4.1, 4.2, 4.4, 4.5). LACOE Staff recommends including data to strengthen the argument of the need for the action and determine how the action will primarily benefit unduplicated students.*

B. Educational Program and Curriculum

1. How is the charter school implementing the curricular and instructional program as approved in the charter petition?

MSA 3 is implementing the curricular and instructional plan as outlined in the approved charter. MSA 3 focuses on science, technology, engineering, arts, and mathematics (STEAM). The school has a college and career emphasis with the graduation requirements aligned to the UC's A-G requirements, 23 dual enrollment classes with Los Angeles Harbor College, with 100% of the graduating class taking at least one college course and focusing on a Liberal Arts pathway. The school's electives continue the STEAM education. The school provides weekly SEL instruction through the Move this World curriculum

2. To what extent is the staffing sufficient, appropriately assigned, and stable enough to effectively implement the educational program?

The current school staff includes 18 certificated staff, including two educational specialists and a part-time Title I teacher. In addition, there are 19 classified staff and six other contracted staff.

The school may want to assess whether more staff is necessary to support ELs and the ELD program.

3. What instructional approvals and accreditations (e.g., A–G, AP, CTE, IB, WASC) does the charter school hold and are these all the necessary approvals and accreditations needed to operate the approved program?

MSA 3 is accredited through the Western Association of Schools and Colleges (WASC) through June 30, 2028, with a mid-year cycle during the 2024-25 school year.

4. How does the instructional design framework align to the learning needs of all students and all numerically significant student groups?

The target population for MSA 3 are students in grades 6-12, from Carson, California, and neighboring communities. This community has a high population of socially economically disadvantaged students. MSA 3 provides a college preparatory educational program emphasizing STEAM and includes a variety of additional supports within the school day such as Dual enrollment, Power English and Math classes, and the program No Red Ink. Additionally, the school uses after-school tutoring and Saturday school to help students with interventions.

The California Dashboard indicates a focus on interventions for math and chronic absenteeism is needed.

5. What standards-aligned, non-faith-based instructional materials does the charter use for all content areas?

MSA 3 uses California Standard based materials for all classes.

C. Services to Special Populations

1. To what extent has the charter school adopted and implemented legally compliant policies and practices for special education services?

MSA 3 has adopted policies and practices that are compliant with all laws related to the provision of special education. The school's special education model includes push-in and pull-out models as well as Specialized Academic Instruction. The school also expanded on Saturday interventions to include interventions specific to SWD.

MSA 3 currently has 83 special education students (DataQuest), 21% of enrollment (2024-25 special education was 15.1% of the enrollment). Using the most recent school special education report, the average caseload for the special education staff was approximately 21 students, well under the maximum caseload limit of 28 students. These reports indicated that there were two students whose IEPs were overdue at the end of the year but are scheduled for the start of the year. The school had no late IEPs or services owed as of Quarter 4 on these reports.

The Local Level Annual Performance Report found that the rate of eligibility determined within 60 days was below the target (due to small n size, the exact percentage was not calculated but was determined to be less than the target of 100%), and rate of students with transition goals/service is below the target (90.91% vs 100%). Local Level Annual Performance Report from CDE found at **https://www.cde.ca.gov/sp/se/ds/leadatarpts.asp**.

2. In what ways does the charter school demonstrate implementation of compliant procedures for identifying, serving, monitoring, and reclassifying English Learners consistent with its EL Master Plan and law?

MSA 3 administers the ELPAC, as well as benchmarks, the CAASPP, and classroom level data to determine English learner (EL) progress toward language proficiency. The school's process for identifying and reclassifying are defined in the school's Master Plan for English Learners and documentation for monitoring was observed during the spring site visit. The school currently (2025-26) serves an EL population of 5.1%.

While there are less than 30 EL students, it is of note that the ELPI results for 2024-25 indicated that 11.8% of ELs made progress towards English language proficiency, 41.2% maintained their level, and 47.1% regressed. There was no EPLI CA Dashboard Performance level, but the ELPI rate was lower than the state average (45.7% making progress).

With the current ELPI score at 11.8 % and a decline of 27.1% this year and a decline of 56.2% over the past two years, immediate attention to this group, including LTELs, is needed.

3. What structures and services has the charter school established to support foster youth and students experiencing homelessness?

MSA 3 has identified the homeless and foster youth liaison. This year MPS has revisited policy affecting homeless youth to ensure compliance with all state and federal laws.

D. Professional Development & Teacher Qualification

1. To what extent have all staff received required clearances, certifications, and mandated trainings in compliance with law and board policy?

	MSA 3 staff have all the required trainings. Additionally, MPS staff attended all bi-weekly LACOE trainings.
2.	What professional development did the charter school provide aligned to the instructional program, identified needs, and continuous improvement priorities?
	Professional development is provided on a regular basis. Professional development focused on maintaining high academic expectations, increasing lesson rigor, and promoting productive struggle. Looking ahead, the school plans to implement a senior advisory program to provide additional intervention support and continued professional learning through CAISP, Crisis Prevention Institute training, Get Better Faster, and Teach Like a Champion.
3.	To what extent does the charter school verify that all courses are taught by appropriately credentialed teachers, including required English Learner authorizations?
	Fall 2025 and Spring 2026 staffing rosters reflected that all teachers held appropriate credentials or temporary clearances to teach, but one teacher did not hold the appropriate EL Authorization. *The 2024-25 CALSAAS summary report indicates that the school had two misassignments and five vacancies. While the school had 35 exceptions, 20 were deemed Local Assignment Options, 4 were Cored, three were CALPADS errors and 1 was other.* *The school is currently eligible for Williams monitoring 2025-2027 as more than 15 percent (19.2%) of the school's teachers did not possess a valid clear or preliminary teacher credential in 2022-2023.*
E.	**Facilities, Operations and Safety**
1.	To what extent does the charter school maintain facilities in a condition that is safe, clean, and conducive to learning?
	The annual facilities inspection was conducted on November 3, 2024, and there were no required corrections. The school is currently co-located on a LAUSD site.
2.	What evidence is there that the charter school maintains required safety documentation, supplies, and emergency preparedness procedures?
	MSA 3 has proper documentation, schedule of drills, and student safety plan.
3.	How does the school create a climate that is safe, inclusive, and supportive of student learning and engagement?
	MSA 3 received the California PBIS Bronze Recognition for its work of implementing the PBIS system with fidelity. The school's suspension rate is lower than that of the state for all students (1.8%). AA and HY have rates much higher than other student groups and this gap should be analyzed. During the site visit, the school shared that they anticipate their suspension rate to increase on the 2026 dashboard, but these students mostly were not being suspended a second time. The school recently expanded the PBIS team from two to five members and staff reported improved student engagement and reduced cell phone usage. This was evident on the site visit. The change in leadership has created a shift in culture that allows staff to focus on the education of students. This was the first site visit that the Dean of Students could accompany the team during classroom visits and was not dealing with student behaviors/discipline.
4.	To what extent is the organizational and leadership structure sufficient to effectively operate the instructional program in compliance with law?

The current leadership structure and staffing are sufficient to carry out the education program and effectively operate the school.

Summary

Evidence from the oversight visits and documentation review demonstrates that the school has implemented an instructional program that is aligned with the Common Core State Standards. Instructional lessons observed were standards-based aligned and provided several instructional strategies and supports to assist student groups. Many classrooms had at least two adults working with students. The school is continuing its PBIS work and has been recognized as a Bronze Program for PBIS by the State

The California Dashboard indicates that the school continues to be performing below the state average in CAASPP Math. The school declined in their ELPI score and continues to be above the state average for Chronic Absenteeism. The school has some Student Groups that are approaching numbers for numerically significant student groups (ELs, HY, and SWD) in some indicators, and monitoring these groups, even before they become a Student Group, is important.

The school's NWEA data shows the school is making one year growth for the majority of grade levels for each student group in Reading and Math. The school is not currently utilizing the Language Usage portion of the NWEA MAP testing, a key component of English Language Arts.

The school should examine all its plans and create a comprehensive plan that is reflected in the school's LCAP. In development of the LCAP, including data would strengthen the argument of the need for the action and determine how the action will primarily benefit unduplicated students. Additionally, the school should evaluate current interventions for implementation with fidelity, impact, and effectiveness to target its future efforts.

The change in leadership is already showing great promise. School culture has shifted for the better, with a focus on engagement and student-centered decision making.

Recommendations

1. *A comprehensive plan is recommended that includes specific changes, timelines, professional development schedules, and cycle of inquiry/Plan-Do-Study-Act cycles with actions grounded in current research. This plan should focus on the CAASPP data Math, ELD program to improve CAASPP and ELPI scores for EL and LTELs, and Chronic Absenteeism for all students and student groups. Additionally, the school should evaluate current interventions for implementation with fidelity, impact, and effectiveness to target its future efforts.*
2. *The school should implement the Language Usage assessment from the NWEA MAP testing to fully assess students' ELA growth.*
3. *The school should continue its focus on the implementation of PBIS into the schoolwide program and monitor the student social emotional needs, engagement, and absenteeism. The Action Plan for Success mentions culturally responsive teaching and restorative practices, and school should explore incorporating these throughout its campus.*
4. *The school leadership should continue to closely monitor progress on Dashboard data for all students and all applicable numerically significant student groups in comparison to the state, as well as any applicable Verified Data, MPOs, and LCAP goals and ensure implementation of any action items in order to meet criteria for renewal. It is incumbent on each school to formulate a plan for analyzing and organizing assessment results in order to present clear and convincing data as evidence the school is fulfilling its requirement to increase student academic achievement.*

CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605, 47607, and 47607.2, in order to renew a charter, the District must determine whether the charter school has met specific renewal criteria prescribed in statute.

REPORT GUIDE

LAUSD's oversight procedures are intended to balance a charter school's autonomy of operation with its accountability to the public. LAUSD utilizes a holistic, performance-based approach to evaluate all charter schools, guided principally by making decisions in the best interest of students. The CSD observes and monitors each charter school in accordance with applicable laws, regulations, LAUSD policy, memoranda of understanding, and the school's operative charter. Information gathered through oversight serves as part of the charter school's ongoing record for the District to make informed decisions about charter school authorization, renewal, material revisions, sharing of promising practices, and if need be, revocation. While LAUSD is responsible to provide oversight of its charter schools and the entities managing charter schools, the primary oversight of each charter school must first and foremost be performed by the charter school's own Governing Board. The Governing Board of a charter school has an ongoing responsibility to oversee the operations of its charter school(s), ensuring that every charter school it oversees is providing a high-quality educational program for students enrolled, is successfully fulfilling the terms of their charter, is fiscally sound, and complies with applicable laws, regulations, and court orders. In designing this document, the District has considered the California Charter Schools Act, the *LAUSD Policy and Procedures for Charter Schools,* the factors and guidance promulgated by the California State Board of Education in evaluating charter schools, and the National Association of Charter School Authorizers' *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

- ***Governance*** – demonstrating fulfillment of the Governing Board's fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school's full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education
- ***Student Achievement and Educational Performance*** – demonstrating positive academic achievement and growth for all students
- ***Organizational Management, Programs, and Operations*** – demonstrating effective leadership and implementation of the governing board's policies and procedures, as well as the school's educational program and systems and procedures for the day-to-day operations of the school
- ***Fiscal Operations*** – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered for the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide.* The "Sources of Evidence" sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school's performance in each category: *(4) Accomplished, (3) Proficient, (2) Developing, and (1) Unsatisfactory*. In addition, the *Summary of School Performance* section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress; (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under "Corrective Action Required," the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school's approved charter. **If the report includes any findings under "Corrective Action Required," the charter school must take immediate and appropriate steps to remedy the identified concern.** In accordance with its "tiered intervention" approach to charter school non-compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those "promising practices" that the school believes have contributed to its success, in order to support the CSD's ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across all LAUSD schools.

Academic Benchmarks and status:
The school shall provide an update to the Charter Schools Division no later than December 15th of each year of the charter term (after CAASPP (SBAC) scores have been released by the CDE).
Note: California no longer uses any form of similar school rankings either for assessment or accountability.

1. **The school will demonstrate at least one performance level growth per academic year, as reported on the California Dashboard, for numerically significant subgroups in ELA as measured by CAASPP (SBAC) Assessment at a rate equal to or greater than the Resident and Similar Schools Median, with the goal of achieving and maintain the "Green" performance level or higher.**
   2025 Status: Not Met – The charter school has two numerically significant student groups for the 2025 California School Dashboard ELA Indicator (Latino and Socioeconomically Disadvantaged). According to Magnolia Educational & Research Foundation (MERF):

[1]The reported net loss of ($126,752) for Fiscal Year 2023-2024 was primarily due to unexpected operational needs and necessary staffing expenses, including costs related to substitute and Special Education staffing, certificated aids, and rent and leases. The school explained that the deficit does not indicate long-term fiscal instability but reflects a set of temporary and unanticipated cost increases.

[2]The reported net loss of ($260,283) for Fiscal Year 2024-2025 was primarily due to increases in Special Education consulting services, additional educational software, facility-related costs, and substitute services, which exceeded revenue growth for the year.

[3]The projected net loss of ($160,023) for Fiscal Year 2025-2026 is due to a decline in student enrollment and ADA percentage, which resulted in lower-than-expected revenue for the school year. See **Item#2** under the **Areas Noted for Further Growth and/or Improvement** section below.

Charter Operator Fiscal Information

The financial condition of the charter operator is summarized in the table below.

Magnolia Educational & Research Foundation

Management Fees: According to MERF, Magnolia Science Academy (MSA) 4 paid annual management fees of $179,169 (approximately 2% of the home office expenses) in Fiscal Year 2025-2026 to MERF for organization-wide services, including administrative services such as management, human resources, accounting, student and Special Education services, technology, as well as school-specific costs such as rent, debt service, utilities, and facilities management. Home office services costs generally encompass salaries of administrators and other personnel providing services organization-wide, certain vendor costs, or other costs. These costs are budgeted and may be adjusted as needed during the year. Organization-wide home office fees are typically calculated based on a tier factor determined by the Average Daily Attendance numbers of the schools, while school-specific costs are directly charged to the applicable schools.

[4]The other LAUSD-authorized MERF charter schools are: (1) MSA 6; (2) MSA 7; and (3) MSA 8. Per the charter operator's 2024-2025 annual independent audit report, MERF also operates six (6) other charter schools in Southern California: MSA Santa Ana, currently authorized by the State of California Department of Education, MSA San Diego, currently authorized by the San Diego Unified School District, and MSA, MSA 2, MSA 3, and MSA 5, all of which are currently authorized by the Los Angeles County Office of Education.

[5]Based on the 2024-2025 audit report, the MERF Home Office showed a significant net loss of **($2,511,233),** contributing to an overall organizational net loss of **($2,017,671)**, inclusive of the home office, the charter schools, and LLCs, as shown in the above table.

According to MERF, the reported net loss was driven primarily by five factors – unrealized budgeted philanthropic revenues, grant revenues below budget expectations, unplanned expenditures, higher school-site costs funded by the home office, and higher financing costs associated with long-term capital investments that are expected to benefit the organization in future periods. MERF added that "MERF is transparent that the foundation-only net assets declined significantly, from $2,952,603 to $441,370, as resources were directed toward sustaining stability rather than maintaining reserve levels."

The MERF Home Office's reported net loss represents a significant drawdown of financial stability and warrants close monitoring. Additionally, as documented related to Financing Activities under Item 25 within the Notes II. Section below, the MERF Home Office could not support MERF charter schools (e.g., MSA OC and MSA 7) financially without borrowing from MSA 8. Based on MERF's 2024-2025 audit report, a summary of the operational results is provided in the table below.

On November 17, 2025, the LAUSD Board of Education approved MSA 4's renewal petition with a maximum enrollment capacity of 360 students for the renewal charter term (2026-2031). The projected student enrollment for the 2026-2031 renewal term is 155, 165, 175, 185, and 195. The CSD will continue to monitor the school's student enrollment and financial condition through oversight.

Areas of Demonstrated Strength and/or Progress:

No significant items were noted.

Areas Noted for Further Growth and/or Improvement:

Through conducting fiscal oversight, the CSD requests and receives fiscal documents from the charter operator operating multiple charter schools (including bank statements, bank reconciliations, credit card statements, and check registers) that are currently authorized by LAUSD. The CSD reviews these financial documents—along with a sample of checks/disbursements and credit card transactions, as applicable—across these charter schools, to assess the organization's overall compliance with the charter operator governing board-approved fiscal policies and procedures, applicable federal, state, and local laws and regulations, District and charter requirements, and the effectiveness of the charter operator's internal controls and systems in place in alignment with best business practices. Any areas noted for further growth and/or improvement and other observations relating to the charter operator's and its charter schools' overall compliance and fiscal operations—including fiscal mismanagement, regulatory non-compliance, fiscal governance or internal control issues, or fiscally operational deficiencies, audit findings, etc. that *directly and systemically* impact the charter schools operated under the charter operator—are documented within each charter school's Annual Performance-Based Oversight Visit Report. These issues may or may not have been observed for the specific charter school under the same charter network, based on the CSD's sampling review. Lastly, school-specific exceptions, such as the fiscal condition, unique oversight observations, or audit findings applicable to individual schools, are reviewed and documented separately for each charter school.

1. **Type of Observations: Discrepancies Between Invoices and Supporting Documentation; Absence of Management Detailed Review Prior to Approving and Processing Payments**

- **Source of Documents Reviewed: Check Register**
- **Description of Observations:** Based on the CSD's review of three (3) transactions from a total of seventeen (17) check register samples, the CSD identified discrepancies between the invoices submitted and MERF's initial supporting documentation provided to the CSD. Although MERF subsequently provided additional documentation in response to the CSD's observations and inquiries, these discrepancies suggest weakness in internal controls, particularly the lack of management review and reconciliation of billed hours, days, and amounts prior to approving and processing payments to vendors and contractors. A summary of the CSD's observations is provided in the table below.

Sample # and School	Date	Check#	Vendor Name	Invoice #	Invoice Amount	# of Hours/ Days Billed	# of Hours/ Days per Initial Supporting Documentation	Overbilled Hours/ Days	Overbilled Amount	Description of CSD Observations
#8 MSA 7	6/20/2025	700340	Edlogical Group Corp.	903022	$12,071.67	97.1667 hours	35 hours	62.17 hours	$7,575.67	The school provided supporting documents that did not match the hours billed by the vendor. ***Additional documentation was subsequently submitted that matched the billed hours***; however, this documentation was provided ***after the fact***, indicating weak internal controls. It further reflected a failure to verify invoices against contract terms and a lack of adequate review processes before approving and processing the payment to the vendor/contractor.
#8 MSA 7	6/20/2025	700340	Edlogical Group Corp.	903175	$11,464.67	93.6667 hours	47 hours	46.67 hours	$5,571.06	
#16 MSA 8	5/13/2025	800203	Nextgen Teachers LLC	9-APRIL 2025	$30,210.00	90 days	86 days	4 days	$1,336.00	The school provided sign-in sheets to support the billed service days; however, four days lacked sign-ins. Additional issues included billing inconsistencies with contract rates and duplicate charges for the

										same subject on the same day.
#17 MSA 8	5/16/2025	800207	Nextgen Teachers LLC	8-MARCH 2025	$28,524.00	85 days	85 days	-	-	Although the billed days were consistent with the days per the supporting documentation submitted to the CSD, and the school provided sign-in sheets to support billed service days, the CSD identified that some dates did not match vendor invoices, and duplicate billing was identified for the same teacher and subject on the same day. These discrepancies indicate a lack of internal controls in reviewing and reconciling invoices to supporting documentation and contractual terms.

- **Charter Operator's Fiscal Policies and Procedures:** Pages 248 and 249 (Title: PUR104 Accounts Payable and Cash Disbursements) of the MERF's Financial Policies and Procedures Manual, approved by the MERF Board on June 26, 2025, states: "Policy: Internal controls are required to ensure that only valid and authorized payables are recorded and paid. Accounting procedures should be implemented to ensure the accuracy of amounts, …." It further states: "Scope: This procedure applies to all purchases, including contractors, consultants, and merchandise and non-merchandise purchases."

- **CSD's Comments:** The CSD continues to urge MERF's leadership team to improve its process and exercise greater diligence in reviewing and verifying invoices prior to processing payments to ensure that accurate calculations and appropriate supporting documentation support all disbursements of the school funds, aligning with the organization's board-approved fiscal policies and procedures as well as best business practices.

2. **Type of Observation: Low Student Enrollment and Operating Loss Trends**
   - **Source of Documents Reviewed:** Norm Enrollment Reported by the School, Audited Financials, Interim Projections
   - **Description of Observations:** Pursuant to the District's oversight obligations, the CSD reviews the charter schools' financial condition and Norm Enrollment trends, given that they are considered key indicators of a charter school's future revenue stream and financial viability. The CSD also compares charter schools' Norm Enrollment year-by-year to the approved enrollment capacity as part of its oversight review.

As summarized in the table under the **Norm Enrollment Data and Trends** section above, MSA 4's reported Norm Enrollment was 110, 101, 120, 133, and 124 for Fiscal Years 2021-2022 through 2025-2026, respectively. Norm Enrollment of 124 students for Fiscal Year 2025-2026, which represents 236 students (or approximately 65.6%) below its approved enrollment capacity (i.e., 360 students).

As noted in the Financial Highlights section above, the school reported consecutive net losses of ($126,752) and ($260,283) for Fiscal Years 2023-2024 and 2024-2025, respectively, and continues to project an additional net loss of ($160,023) for Fiscal Year 2025-2026 based on its 2025-2026 Second Interim Financials.

Although the school maintains positive net assets, MSA's recurring operating losses, along with the decline in student enrollment in 2025-2026, raise concerns as these may negatively impact the school's long-term financial position if the trend continues.

- **Charter Operator's Fiscal Policies and Procedures: N/A**
- **Charter School's Response:** According to the school during MSA 4's renewal process in FY 2025-2026, "Beginning this year [2025-2026], MERF has revamped its recruitment approach to focus on five key factors: Focus on attrition and persistence efforts for student enrollment, working from the inside out, through strategically engaging current families, leveraging intentional community partnerships, and outreach to prospective families." The school further stated, "Through these concrete strategies, we are confident that MSA-4 will see continued growth in its current site. However, in the unlikely event that MSA-4 does not achieve its enrollment projections through these revamped efforts, MERF is prepared to support the Charter School by reducing the CMO fee if needed." Additionally, according to the school, during the FY 2025-2026 oversight process, their efforts to boost student enrollment center on enhanced recruitment strategies that increase visibility through marketing and events, build stronger community relationships, ensure access for diverse families, and leverage data to refine and improve recruitment over time.
- **CSD's Comments:** As discussed in the table under the **Charter Operator Fiscal Information** section above**,** MERF's Home Office reported a significant operational deficit in FY 2024-2025, leading to significantly reduced net assets, which may negatively impact its ability to provide financial support to the MERF charter schools. As noted above, MSA 4 projected 155, 165, 175, 185, and 195 students for its renewal charter term 2026-2031. The CSD will continue to monitor the school's student enrollment and its financial condition through oversight.

The governing board and leadership team of the charter school are responsible for managing the operations of the school. The CSD recommends that the Annual Performance-Based Oversight Visit Report, including the above-noted fiscal findings and observations, be discussed at the MERF's next governing board meeting, highly preferably no later than 90 days following the school's receipt of this report, so that the charter school and its governing board may address any issues early enough to implement changes in order to see results in its next fiscal year. It is the school's responsibility to provide the CSD with its action plans/steps, proof of implementation of the mitigating actions taken by the school, and/or documentation (e.g., governing board meeting agendas and approved board meeting minutes, updated fiscal policies and procedures, etc.), as applicable, prior to or during the next Annual Performance-Based Oversight Visit. The CSD will continue to monitor these issues through oversight and may take additional appropriate oversight actions. The results may be factored into the school's rating for next year.

Other Observations (Items described in this section, which may not have been addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).

1. **Type of Observation: 2024-2025 Audit Finding – Material Weakness Concerning Prior Period Restatement, Financial Statement Preparation, and Audit Adjustments**
   - **Source(s) of Document Reviewed: 2024-2025 Independent Audit Report**
   - **Description of Observations:** MERF's 2024-2025 annual independent audit report disclosed financial statements-related findings identified as a material weakness concerning prior period restatement, financial statement preparation, and audit adjustments related to the title transfer for the newly formed LLC. Details regarding the audit finding are provided below:

     "**2025-001 30000 – Prior Period Restatement, Financial Statement Preparation, and Audit Adjustments as it Relates to the Title Transfer for the Newly Formed LLC (Material Weakness)**

     Criteria or Specific Requirements
     Management is responsible for establishing and maintaining an effective system of internal control over financial reporting. This includes designing, implementing, and monitoring controls to ensure that financial statements are prepared in accordance with generally accepted accounting principles (GAAP) and are free from material misstatement, whether caused by error or fraud. As part of this responsibility, management ensures that accounting considerations related to complex or non-routine transactions, including those involving legal entity structure or ownership, are appropriately identified, documented, reviewed, and recorded prior to year-end close.

     Condition
     During the course of our engagement, we identified material misstatements of beginning balances presented within the consolidated financial position, as reported on the 2022-2023 audited financial statements. This prior period restatement due to errors resulted in an understatement of $3,774,168. In addition, we identified adjustments related to cash and cash equivalents, property and equipment, notes payable, and the related revenues and expenditures. Specifically:

     Magnolia Educational & Research Foundation
     - Cash and cash equivalents were understated by $2,000,000.
     - Property and equipment were understated by $7,600,000.
     - Intra-entity receivables were overstated by $1,308,807.
     - Intra-entity payables were understated by $427,630.
     - Interest payable was understated by $307,131.
     - Notes payable were understated by $7,825,000.

     Magnolia Science Academy 5
     - Property and equipment were overstated by $3,964,890.
     - Intra-entity receivables were understated by $1,081,742.
     - Proposition construction loans were overstated by $1,441,574.

Magnolia Science Academy 7

- Property and equipment were overstated by $1,736,437.
- Intra-entity receivables were understated by $427,630.
- Intra-entity payables were overstated by $1,308,807.

MPM, Inc/LLC

- Notes receivable were understated by $3,540,002.
- Property and equipment were understated by $1,081,742.
- Intra-entity payables were understated by $1,081,742.

These adjustments resulted in an overall understatement of $1,829,860 in Net Assets.

During the fiscal year 2024-2025, the Organization established MPM 18120 Sherman Way LLC to hold title to the property at 18120 Sherman Way. The purchase transaction was completed during the year; however, as of June 30, 2025, the formal transfer of title from MERF to the LLC had not yet been finalized.

Context

The condition identified was through inquiry with Organization personnel and through review of available Organization records related to balances reported in the Organization's cash and cash equivalents, property and equipment, interest payable, and notes payable.

Cause

The delay was due to administrative timing and coordination requirements associated with setting up the new legal entity and preparing the necessary transfer documentation, specifically to avoid triggering the Los Angeles City Measure ULA transfer tax.

Effect

The net effect of these errors resulted in misstatements that were not detected or prevented by the Organization's internal accounting control and review process.

Repeat Finding

No

Recommendation

We recommend that management and those charged with governance continue to strengthen internal controls over financial reporting related to complex, non-routine transactions, including those involving legal entity formation, ownership, and timing considerations, to ensure that financial statements are free from material misstatement. Controls should enable management, in the normal course of performing assigned functions, to identify, document, and resolve accounting considerations on a timely basis. Specifically:

- Strengthen year-end reconciliation and review procedures for significant accounts.

- Enhance pre-year-end coordination and documentation review for transactions involving legal entity structure or ownership.
- Ensure timely identification, documentation, and recording of accounting judgments related to such transactions prior to financial statement issuance.

Corrective Action Plan and Views of Responsible Officials
The Organization agrees that effective year-end review, documentation, and coordination are critical components of its internal control over financial reporting, particularly for complex or non-routine transactions involving legal entity formation or ownership. Management has implemented, and continues to implement and monitor, enhanced procedures to strengthen cross-functional coordination, pre–year-end readiness reviews, documentation of accounting judgments, and verification of legal ownership and entity structure prior to fiscal year-end. Management believes these actions will support timely identification and resolution of accounting considerations and reduce the risk of similar issues in future reporting periods."

- **Charter School's or Charter Operator's Response:** See the organization's corrective action plan above. In addition, in response to the CSD's follow-up inquiries, MERF provided its action plans developed and maintained by Cafer Turan, Interim Chief Financial Officer: Management will implement stronger controls over complex and non-routine transactions by ensuring proper review, documentation, and coordination. This includes completing a formal readiness certification before major real estate or financing activities, improving collaboration across departments and with auditors, and conducting enhanced reconciliations during year-end closing. Additionally, management will maintain thorough documentation of accounting judgments and ensure appropriate technical accounting review to support accurate and consistent financial reporting. Management will monitor and implement corrective actions throughout FY 2025–26, with full implementation expected by June 30, 2026. Effectiveness will be evaluated during year-end close and ongoing audit reviews. Additionally, management will conduct a pre-year-end review of LLC-related legal, ownership, and transactional documentation to ensure completeness and alignment before the fiscal year-end.

- **CSD's Comments:** The CSD urges that MERF implement its corrective action plans described above, following the recommendation of its audit firm. The CSD will monitor MERF's progress in implementing its action plans through ongoing oversight and review MERF's 2025-2026 independent audit report next year regarding the status of these audit findings. **Repeat material weaknesses or significant audit findings may trigger additional appropriate actions in accordance with LAUSD's tiered intervention approach to oversight**. **The results will be factored into the school's rating**.

2. **Type of Observation: 2024-2025 State Compliance Audit Finding Concerning Attendance Reporting (Significant Deficiency in Internal Controls and Noncompliance)**
   - **Source(s) of Document Reviewed: 2024-2025 Independent Audit Report**
   - **Description of Observations:** MERF's 2024-2025 annual independent audit report disclosed a state compliance-related audit finding identified as a significant deficiency concerning attendance reporting. Details regarding this audit finding are provided below.

     "2025-002 10000 – Attendance Reporting (Significant Deficiency in Internal Controls and Noncompliance)

     Criteria

Powered by BoardOnTrack

Pursuant to California Education Code Section 47612.5, the Annual Period Report of Attendance submitted to the CDE should reconcile to supporting documents to ensure that Average Daily Attendance (ADA) is reported accurately. The attendance report should be revised to reflect updates and corrections to attendance when they occur.

Condition

The ADA reported on the Annual Period Report of Attendance was inaccurate due to the Organization misclassifying classroom-based ADA and nonclassroom-based ADA. As a result, the Organization overstated classroom-based ADA by 1.20 and underreported nonclassroom-based ADA by 1.20 on the Annual Report.

Cause

The misclassification appears to have resulted from an error in categorizing instructional settings for classroom-based and nonclassroom based ADA during annual reporting.

Effect

Magnolia Science Academy San Diego

The Organization over-reported by 1.20 ADA for classroom-based and under-reported by 1.20 ADA for nonclassroom-based on its Annual Period Report Attendance, resulting in an estimated fiscal impact as follows:

Grade Span	(Over) Under Reported ADA	Derived Value of ADA by Grade Span	Penalty
Classroom-based			
4-6	(0.38)	$ 10,937.43	$ (4,156.22)
7-8	(0.82)	11,260.92	(9,233.95)
Subtotal	(1.20)		(13,390.18)
Nonclassroom-based			
4-6	0.38	$ 10,937.43	$ 4,156.22
7-8	0.82	11,260.92	9,233.95
Subtotal	1.20		13,390.18
Total	-		$ -

Questioned Costs

There were no questioned costs identified.

Repeat Finding
No

Recommendation
The Organization should ensure the Annual Period Report of Attendance is accurately completed using the correct reports from the student information system.

Corrective Action Plan and Views of Responsible Officials
The Organization acknowledges the finding and agrees that ADA was misclassified. While the variance of 1.20 ADA does not result in a questioned cost, the school recognizes the importance of accurate reporting under California Education Code Section 47612.5.

The Organization concurs with the recommendation and has initiated steps to strengthen internal controls, update policies, and train staff to ensure future compliance.

- **Charter School's or Charter Operator's Response:** See the organization's corrective action plan above.
- **CSD's Comments:** The CSD recommends that MERF implement its corrective action plans described above, following the recommendation of its audit firm. The CSD will monitor MERF's progress in implementing its action plans through ongoing oversight and review MERF's 2025-2026 independent audit report next year regarding the status of these audit findings. **Repeat material weaknesses or significant audit findings may trigger additional appropriate actions in accordance with LAUSD's tiered intervention approach to oversight**. **The results will be factored into the school's rating**.

The Charter Schools Division will continue to monitor the issues referenced above by or during the next oversight visit. The results may be factored into the school's rating for next year.

Corrective Action Required:

None noted that immediate action is required to remedy concerns in this report.

Progress on LAUSD Board of Education and/or MOU Benchmarks related to FISCAL OPERATIONS (if applicable):

☐ Not Applicable

As part of the November 7, 2017 renewal petition approved by the LAUSD Board of Education (Board of Education report 178-17/18), during the 2018-2023 charter term, which, by operation of law, was extended to and expires June 30, 2026,* MSA 4 must meet the following fiscal benchmarks and take the following actions in relation to its fiscal operations:

- MERF will continue to take steps to remediate its fiscal practices and demonstrate improvement in its fiscal management and operations, based on the recommendations made by the Fiscal Crisis & Management Assistance Team and SSCal, through the end of the term of MSA 4's charter or by the end of fiscal year 2022-2023.

- MERF must provide an annual update to the Charter Schools Division starting by December 15 of each year through the end of the term of MSA 4's charter or by the end of fiscal year 2022-2023, as to its progress in improving the school's fiscal management and operations.
-

To date, MSA 4 has complied with the benchmarks cited above. On November 17, 2025, the LAUSD Board of Education approved MSA 4's renewal petition for the 2026-2031 charter term without benchmarks. The CSD will continue to monitor the school's financial operations through the oversight review process.

* Education Code section 47607.4 provides that "all charter schools whose term expires on or between January 1, 2022, and June 30, 2025, inclusive, shall have their term extended by two years, and all charter schools whose term expires on or between January 1, 2024, and June 30, 2027, inclusive, shall have their term extended by one additional year."

MERF provided the following historical intra-organizational loan balances:

Date	Borrower	Lender	Balance
June 30, 2024	MSA Santa Ana	MERF	$351,452.00
June 30, 2024	MSA San Diego	MERF	213,436.00
June 30, 2024	MERF	MSA 8	562,124.00
June 30, 2024	MERF	MSA 1	137,562.00

According to MERF, as of June 2025, total repayments made to MSA 8 and MSA 1 were $562,124 and $137,562, respectively, offset by the payments from MSA Santa Ana of $351,452, MSA San Diego of $213,436, and MERF of $134,798. Accordingly, there are no remaining balances associated with this historical loan arrangement.

Based on documentation (e.g., agreements) from MERF, the current intra-organizational loans are summarized in the table below:

Approval Date	Borrower	Lender	Loan Amount	Interest Rate	Maturity Date
12/11/2025	MERF	MSA 8	3,700,000.00	4%	04/30/2031
12/11/2025	MSA OC	MERF	3,700,000.00	4%	04/30/2031
01/24/2026	MERF	MSA 8	$1,308,807.00	4%	06/30/2031
01/24/2026	MSA 7	MERF	1,308,807.00	4%	06/30/2031

According to MERF, the outstanding intra-organizational loans between MERF and MSA 8 represent pass-through loans intended for MSA 7 and its new site (e.g., facility acquisition of the site located at 18120 Sherman Way, Reseda, CA 91335 in January 2025), and MSA Orange County (MSA OC) for its operational needs. As of 3/31/2026, the outstanding loan balances are: (1) MERF to MSA 8 is $5,008,807; (2) MSA 7 to MERF is $1,308,807; and (3) MSA OC to MERF is $3,700,000. As of the writing of this report, these balances remain unchanged from their original loan amounts. The MERF Board approved, at its meetings held on 12/11/2025 and 1/24/2026, respectively, an extension of the repayment terms for an additional five (5) years, with the first payment scheduled to begin in July 2026.

26.	New and Renewed Facility Lease Agreements and Board Meeting Minutes – Approval of New or Renewed Lease	Yes	
27.	Facilities Plans – Purchase, Lease, Relocation, Expansion, Major Improvements	Yes	Please see details below:

Per MERF, the following information was provided:

Facilities Plan – MSA 4 and MSA 6
MSA 4 and MSA 6, which currently operate under separate Prop 39 co-location arrangements, previously pursued the acquisition of a facility to establish a permanent campus. The organization completed key due diligence activities and entered escrow, including submitting a substantial good-faith deposit. However, the transaction ultimately did not move forward. Following a comprehensive financial review, including multi-year budget, cash flow, and balance sheet projections, the organization determined that the acquisition is not fiscally viable at this time and has elected not to proceed with the purchase. MERF incurred a $200,000 financial loss related to this transaction.

Facilities Plan – MSA 7
MSA 7 currently operates in a leased church facility, with projections indicating a significant increase in lease costs in the next term. To address rising expenses and ensure long-term stability, the school is pursuing the development of a permanent campus. The property for the new facility was acquired in January 2025. The project is presently in the design and permitting phase, with work underway on schematic design and construction documents. Once completed, the new campus will reduce long-term occupancy costs and provide students with stable, modern learning environments. The estimated move-in date is August 2027.

This document provides a summary of observations and data collected through LACOE monitoring and oversight visit(s) focusing on the implementation of the academic program described in the school's charter and adherence to applicable laws. This form is adapted from the FCMAT Charter School Annual Oversight Checklist.

A. Data for Accountability and Improvement

1. Based California School Dashboard data, describe the extent to which the charter school is on track to meet renewal criteria pursuant to EC 47607.

Magnolia Science Academy 5 (MSA 5) currently is placed in the middle performance based on 2024 and 2025 California School Dashboard data. The school has performance level data for English Language Arts (ELA), Math, College and Career Indicator (CCI), English Language Proficiency Indicator (ELPI), Graduation Rates, Chronic Absenteeism, and Suspension Rates.

- ***ELA:*** *The All-Students and all Numerically Significant Student Groups (Student Groups) outperformed the state average Distance from Standard (DFS) in ELA. Each group made at least a 35-point increase. The school's DFS for All Students is 9.7, 17.8 points above the state.*
- ***Math****: All Students and the majority of Student Groups outperformed the state average DFS in Math. Further, the school made more than a 62-point increase. The school's DFS for All Students is -8.6, 33.8 points above the state.*
- ***ELPI:*** *The school's ELPI score was above the state, 79.6% of EL students making progress. Further, LTELs, while only 22 students, were also above the state average, with 81.8% making progress.*
- ***CCI:*** *The school only graduated 19 students; thus, it had no CCI performance level, but this data was still analyzed. The school continues to outperform the state for All Students and all Student Groups with CCIs of over 81% for every group with data.*
- ***Graduation Rates:*** *The school continues to have an exceedingly high graduation rate (over 91% for all groups with data, higher than the state averages), but with only 19 graduates, the school did not have a dashboard color performance color.*
- ***Chronic Absenteeism****: All Students and Student Groups have a Chronic Absenteeism rate higher than the state. While most groups saw a significant decrease, further analysis is needed to determine the effectiveness of current interventions.*
- ***Suspension Rate:*** *The school continues to have a low suspension rate for All Students (2.4%) and the majority of Student Groups with rates below the state average. SWD have a rate of 6.1%, higher than the state and over twice as much as any other student group, and analysis of the gap from their peers should be explored.*

Green denotes outperforming the state, Red denoted not outperforming the state.
* These groups have less than 30 students but are included due to the achievement gap.
**These groups were included even though there were less than 30 students for reference.

Appendix A includes comprehensive data for all dashboard indicators.

While the ELA and Math data will be further discussed in the next section on verified data, the school's improvement plans should include Chronic Absenteeism for all student groups, and Suspension Rates for the Student Groups indicated above.

The three-year trend shows that the school has outperformed the state in CAASPP ELA, CCI, and ELPI, but not in CAASPP Math. These are the four academic indicators, and they hold greater weight during renewal. The other three dashboard indicators show a three-year trend that the school is typically outperforming the state for Suspension Rate and for Graduation Rate when there is data. Chronic Absenteeism for the All-Students and all Student Groups did not outperform the state in any of the three years.

In addition to NWEA, the school also conducts systematic learning rounds to improve instruction and achievement throughout the year. These learning rounds are both done internally and with the Magnolia Public Schools (MPS) Central Office staff.

2. Describe the process that the charter school uses to collect and analyze verified data to continuously improve pupil achievement.

MSA 5 uses NWEA MAP testing to monitor its annual growth. NWEA MAP Growth released updated national normative data in October 2025, replacing the previous norms utilized in prior Charter Schools Office End-of-Year Oversight Reports. The updated norms were developed to reflect current student performance patterns, changes in U.S. student demographics, post-pandemic academic trends, and enhancements to the MAP Growth assessment platform and item-selection algorithm.

As part of this publisher-led update, the 2025 norms were retroactively applied to previously administered NWEA MAP Growth assessments. Therefore, the Conditional Growth Index (CGI) metrics presented in this report reflect the updated 2025 normative framework and may differ from values reported in prior years that were based on the previous 2020 norms. Direct comparisons between previously reported NWEA MAP CGI values and those presented in this report should be interpreted with consideration of this norming update. Best practice is to compare results using the same normative framework.

Upon review of the most recent NWEA MAP data from 2025-26, all grade levels made at least one year progress in both reading and math as indicated with a score of -0.2 CGI or above. The data was disaggregated further by student groups. Groups with fewer than 10 students were excluded from this report to protect student privacy. In addition, groups with less than half of the grade levels with data were also excluded, such as ELs with only one grade level with data. Using these guidelines, there were two student groups included in both reading and math (Hispanic students and SED) for all grade levels.

Using these guidelines, there were two (2) or three (3) student groups included in reading and math (socioeconomically disadvantaged (SED) and Hispanic students for all three (3) years and EL for some years with limited grades included).

- ***Reading:** All grade levels for All Students and student groups are making one year progress.*
- ***Language Usage:** The school does not give this test. This is an important component of ELA and should be part of the school's assessment profile.*
- ***Math:** ALL grade levels for All Students and student groups are making one year progress.*

The three-year trend shows that the majority of students are consistently making one year progress each year. While the chart below summarizes the data, Appendix A includes comprehensive data for verified data for All Students and student groups by grade level.

3. To what extent did the charter school timely submit a complete and compliant LACOE Annual Report/Mid-Year LCAP?

The LACOE Annual Report/Mid-Year LCAP for MSA 5 was approved and submitted in March 2025.

4. Does the charter school annually review its measurable pupil outcomes (MPOs)? What actions has the charter school implemented to address unmet outcomes?

MSA 5 reviewed its MPOs for 2024-25 through the LACOE Annual Report/Mid-Year LCAP. During their review, the school identified areas for improvement. Some interventions identified in the LCAP and Mid-Year LCAP lack specificity, during site visits the school indicated some of the specific interventions they are implementing. The following is a list of interventions from both the plans and site visit data:

- ***Student grades**: Strengthen course performance by using D/F lists every 2–3 weeks; coordinating targeted tutoring and office hours; data-driven instruction to address learning gaps; and offer Professional Development (PD) on grading strategies.*
- ***Math EAP**: Explicitly connect 11th-grade ELA and Math instruction to EAP expectations by integrating performance-task practice, aligning benchmark assessments to CAASPP blueprints, and using data to identify and support students who are "nearly met."*
- ***Average Daily Attendance (ADA) and Chronic Absenteeism:** Implement a more robust attendance MTSS; strengthen PBIS intervention and supports; continue utilizing attendance team to identify students and their needs; use the SARB process; continue expanding SEL supports (counseling, small-group sessions, and CORE SEL survey use) to address the underlying social-emotional and mental health needs that contribute to absenteeism and behavior incidents.*
- ***CCI (CTE, Seal of Biliteracy, Advanced/Honors diploma, college going rates, etc.)**: Strengthen early college and career advising in grades 9–12 (and exposure in middle school) so that all students build four-year graduation plans aligned to UC/CSU a-g, AP, dual enrollment, and CTE sequences; continue to monitor subgroup participation and success in AP, dual enrollment, and advanced math (particularly EL, SED, and SWD students) to ensure that opportunities for "Prepared" status on the CCI are equitably distributed.*

Many of these interventions were evident and/or reported on during the LACOE spring site visit. Many are the same interventions each year. An analysis of impact and effectiveness of intervention may help to better target efforts.

5. What process does the charter school use to review the LCAP annually? What LCAP goals were not met? What actions were implemented to address unmet LCAP goals?

MSA 5 reviewed its LCAP Goals for 2024-25 though the LACOE Annual Report/Mid-Year LCAP. The school's LCAP has many of the same goals as its MPOs. All unmet goals were the same as the unmet MPOs.

While LACOE CSO does not approve the LCAP, the CSO has focused on the following three areas and provided monthly training on the LCAP in regard to these areas:

***The LCAP must address all 8 State priorities:** All 8 State priorities were addressed.*

***The LCAP must indicate how it engaged educational partners**: LCAPs indicate how educational partners were engaged.*

Actions on LCAP that are marked as Contributing must contribute to improving services/programs for low-income students, ELs and foster youth. *All actions marked as contributing are actions targeted to improve services/programs for these student groups. (Goals 1.4, 2.2, 2.3, 3.1, 3.2, 3.3, 3.4, 3.5, 4.1, 4.2, 4.4, 4.5). LACOE Staff recommends including data to strengthen the argument of the need for the action, specific actions, and determine how the action will primarily benefit unduplicated students.*

B. Educational Program and Curriculum

1. How is the charter school implementing the curricular and instructional program as approved in the charter petition?

MSA 5 is implementing the curricular and instructional plan as outlined in the approved charter. The school focuses on science, technology, engineering, arts, and mathematics (STEAM). The school has a college and career emphasis on the graduation requirements aligned to the UC's A-G requirements, two advanced placement courses, dual enrollment with Los Angeles Pierce College and the school's electives continue the STEAM education including Computers.

2. To what extent is the staffing sufficient, appropriately assigned, and stable enough to effectively implement the educational program?

The current school staff is sufficient to carry out the educational program. There are currently 15 certificated staff, including two special education teachers. In addition, there are 16 classified staff and seven other contracted staff.

3. What instructional approvals and accreditations (e.g., A–G, AP, CTE, IB, WASC) does the charter school hold and are these all the necessary approvals and accreditations needed to operate the approved program?

MSA 5 is accredited through the Western Association of Schools and Colleges (WASC) through June 30, 2029, with a mid-year cycle during the 2025-26 school year.

4. How does the instructional design framework align to the learning needs of all students and all numerically significant student groups?

The target population for MSA 5 are students in grades 6-12, from Reseda, California, and neighboring communities. There are many MSA 5 households that speak languages other than English and have a high population of socially economically disadvantaged students. MSA 5 provides a college preparatory educational program emphasizing STEAM and includes a variety of additional supports within the school day such as AP courses, Dual enrollment including IGETC, Power English and Math classes, and the program No Red Ink. The school continues to make annual growth as indicated on the NWEA MAP test in both reading and math for all student groups. Additionally, the school makes use of Saturday school and summer academy for further supplemental instruction and credit recovery. The school also uses CA-ISP and PBIS for SEL instruction.

Of note, the targeted community will change slightly upon relocation to the community of Winnetka.

5. What standards-aligned, non-faith-based instructional materials does the charter use for all content areas?

MSA 5 uses California Standard based materials for all classes.

C. Services to Special Populations

1. To what extent has the charter school adopted and implemented legally compliant policies and practices for special education services?

MSA 5 has adopted policies and practices that are compliant with all laws related to the provision of special education. The school's special education model includes push-in and pull-out models as well as Specialized Academic Instruction.

MSA 5 currently has 30 special education students (DataQuest), 15.5% of enrollment (2024-25 special education was 21.1% of enrollment). Using the most recent school special education report, the average caseload for the special education staff was approximately 15 students, well under the maximum caseload limit of 28 students. Additionally, according to quarterly special education reports, all IEPs were up to date each quarter, and no services were owed at the end of the year.

The Local Level Annual Performance Report (2023-24) found that the rate of eligibility determined within 60 days and the rate of students with transition goals/service is below the target (due to small n size, the exact percentage was not calculated but was determined to be less than the target of 100%). Local Level Annual Performance Report from CDE found at **https://www.cde.ca.gov/sp/se/ds/leadatarpts.asp**.

2. In what ways does the charter school demonstrate implementation of compliant procedures for identifying, serving, monitoring, and reclassifying English Learners consistent with its EL Master Plan and law?

MSA 5 administers the ELPAC, as well as benchmarks, the CAASPP, and classroom level data to determine English learner (EL) progress toward language proficiency. The school's process for identifying and reclassifying are defined in the school's Master Plan for English Learners and documentation for monitoring was observed during the spring site visit. The school currently (2025-26) serves an EL population of 19.6%.

The ELPI results for 2024-25 indicated that 79.6% of EL students made progress towards English language proficiency (an increase of 26.6%), 12.2% maintained their level, and 20.4% regressed. Their EPLI CA Dashboard Performance level was blue and above the state average (46.4% making progress). Of note, the school made a 26.6% increase in their ELPI score.

3. What structures and services have the charter school established to support foster youth and students experiencing homelessness?

MSA 5 has identified the homeless and foster youth liaison. This year MPS has revisited policy affecting homeless youth to ensure compliance with all state and federal laws.

D. Professional Development & Teacher Qualification

1. To what extent have all staff received required clearances, certifications, and mandated trainings in compliance with law and board policy?

MSA 5 staff have all the required training. Additionally, MPS staff attended all bi-weekly LACOE trainings.

2. What professional development did the charter school provide aligned to the instructional program, identified needs, and continuous improvement priorities?

Professional development is provided on a regular basis. Professional development included discussion of best teaching practices (Teach Like a Champion & Capturing Kids Hearts), improving instruction, collaboration between general education and special education programs and services, using data to inform instruction (IXL and IAB interim benchmarks), SEL instruction (CA ISP and Sown to Grow) and PBIS practices.

3. To what extent does the charter school verify that all courses are taught by appropriately credentialed teachers, including required English Learner authorizations?

Fall 2025 and Spring 2026 staffing rosters reflected that all teachers held appropriate credentials or temporary clearances to teach.

The 2024-25 CALSAAS summary report indicates that the school had no misassigned teachers or vacancies. While the school had 19 exceptions, 12 were deemed Local Assignment Options, 4 were Cored Setting, 2 were CALPADS errors and there was one other.

The school is currently eligible for Williams monitoring, 2025-2027, as more than 15 percent (26.3%) of the school's teachers did not possess a valid clear or preliminary teacher credential in 2022-2023.

E. Facilities, Operations and Safety

1. To what extent does the charter school maintain facilities in a condition that is safe, clean, and conducive to learning?

The annual facilities inspection was conducted on October 8, 2025, and there were no required corrections.

MSA 5 was approved for a material revision on June 9, 2026, to relocate the school 7111 Winnetka Ave. in the city of Winnetka. The school plans on relocating prior to the start of the 2026-2027 school year. It will be critical that fiscal health and enrollment/ADA is closely monitored.

2. What evidence is there that the charter school maintains required safety documentation, supplies, and emergency preparedness procedures?

MSA 5 has proper documentation, schedule of drills, and student safety plan.

3. How does the school create a climate that is safe, inclusive, and supportive of student learning and engagement?

MSA 5 received the California PBIS Gold Recognition for its work with implementing the PBIS system with fidelity. The school's suspension rate is lower than the state for All Students (2.4%) and all Student Groups except SWD (school 6.1% and state 5%).

4. To what extent is the organizational and leadership structure sufficient to effectively operate the instructional program in compliance with law?

The current leadership structure and staffing are sufficient to carry out the education program and effectively operate the school.

Summary

Evidence from the oversight visits and documentation review demonstrates that the school has implemented an instructional program that is aligned with the Common Core State Standards. Instructional lessons observed were standard-based aligned and provided several instructional strategies and supports to assist student groups. Many classrooms had at least two adults working with students. The school is continuing its PBIS work and was recognized as a Gold program for PBIS by the State. The school has implemented a dual enrollment program, with 83% of seniors completing at least one course.

The school continues to struggle with Chronic Absenteeism, and suspension of SWD. Many interventions have remained constant and future work should analyze the effectiveness of interventions and modify accordingly.

The school saw significant growth in CAASPP ELA and Math, as well as ELPI. The school's NWEA data shows the school is making one year growth for all grade levels for each student group in Reading and Math. The school is currently not utilizing the Language Usage portion, a key component of English Language Arts.

The California dashboard for MSA 5 shows many areas where the school is improving and exceeding the state averages. This positive data can be attributed to the school's attention to data and utilizing formative data from NWEA and IABs to target instruction. The school has a focus on college and career readiness as well as PBIS and social emotional support to ensure students are supported in their learning process. The school continues to reflect on all goals and data to create a system of continuous improvement.

MSA 5 has also provided its students and community with some unique opportunity and services including and second year of "Tacos and Taxes event providing free tax filing services to underserved communities and continues to collaborate with a variety of community partners.

Recommendations

1. *A comprehensive plan is recommended that includes specific changes, timelines, professional development schedules, and cycle of inquiry/Plan-Do-Study-Act cycles with actions grounded in current research. This plan should focus on Chronic Absenteeism for all students and suspension rates for SWD. Additionally, the school should evaluate current interventions for implementation with fidelity, impact, and effectiveness to target its future efforts.*
2. *The school should implement the Language Usage assessment from the NWEA MAP testing to fully assess students' ELA growth.*
3. *The Central Office and Board should closely monitor and support of the transition to the new site, including final construction details, expansion of staff and students, fiscal health, and enrollment/ADA.*
4. *The school should continue its focus on the implementation of PBIS and culturally responsive teaching into the schoolwide program and monitor the student social emotional needs, engagement, and absenteeism.*
5. *The school leadership should continue to closely monitor progress on Dashboard data for All Students and all applicable numerically significant student groups in comparison to the state, as well as any applicable Verified Data, Measurable Pupil Outcomes, and LCAP goals and ensure implementation of any action items to meet criteria for renewal. It is incumbent on each school to formulate a plan for analyzing and organizing assessment results to present clear and convincing data as evidence the school is fulfilling its requirement to increase student academic achievement.*

CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605, 47607, and 47607.2, in order to renew a charter, the District must determine whether the charter school has met specific renewal criteria prescribed in statute.

REPORT GUIDE

LAUSD's oversight procedures are intended to balance a charter school's autonomy of operation with its accountability to the public. LAUSD utilizes a holistic, performance-based approach to evaluate all charter schools, guided principally by making decisions in the best interest of students. The CSD observes and monitors each charter school in accordance with applicable laws, regulations, LAUSD policy, memoranda of understanding, and the school's operative charter. Information gathered through oversight serves as part of the charter school's ongoing record for the District to make informed decisions about charter school authorization, renewal, material revisions, sharing of promising practices, and if need be, revocation. While LAUSD is responsible to provide oversight of its charter schools and the entities managing charter schools, the primary oversight of each charter school must first and foremost be performed by the charter school's own Governing Board. The Governing Board of a charter school has an ongoing responsibility to oversee the operations of its charter school(s), ensuring that every charter school it oversees is providing a high-quality educational program for students enrolled, is successfully fulfilling the terms of their charter, is fiscally sound, and complies with applicable laws, regulations, and court orders. In designing this document, the District has considered the California Charter Schools Act, the *LAUSD Policy and Procedures for Charter Schools,* the factors and guidance promulgated by the California State Board of Education in evaluating charter schools, and the National Association of Charter School Authorizers' *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

- ***Governance*** – demonstrating fulfillment of the Governing Board's fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school's full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education
- ***Student Achievement and Educational Performance*** – demonstrating positive academic achievement and growth for all students
- ***Organizational Management, Programs, and Operations*** – demonstrating effective leadership and implementation of the governing board's policies and procedures, as well as the school's educational program and systems and procedures for the day-to-day operations of the school
- ***Fiscal Operations*** – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered for the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide.* The "Sources of Evidence" sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school's performance in each category: *(4) Accomplished, (3) Proficient, (2) Developing, and (1) Unsatisfactory*. In addition, the *Summary of School Performance* section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress; (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under "Corrective Action Required," the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school's approved charter. **If the report includes any findings under "Corrective Action Required," the charter school must take immediate and appropriate steps to remedy the identified concern.** In accordance with its "tiered intervention" approach to charter school non-compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those "promising practices" that the school believes have contributed to its success, in order to support the CSD's ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across all LAUSD schools.

According to Magnolia Educational & Research Foundation (MERF):
[1]The reported net loss of **($182,402)** for Fiscal Year 2023-2024 was primarily due to exceeding the budgeted amount in several key areas, including substitute staffing, school and after-school programs, Special Education instruction contracts, and both instructional and non-instructional supplies. Additionally, the school incurred unanticipated expenses related to student services and technology.
[2]The reported net loss of **($100,829)** for Fiscal Year 2024-2025 was primarily due to the school experiencing a corresponding increase in staffing needs to support instructional and student services. Higher expenditures in salaries and benefits, instructional support staffing, and related operating costs outpaced revenue growth, contributing to the net loss for the year.

Charter Operator Fiscal Information

The financial condition of the charter operator is summarized in the table below.

Management Fees: According to MERF, Magnolia Science Academy (MSA) 6 paid annual management fees of $179,169 (approximately 2% of the home office expenses) in Fiscal Year 2025-2026 to MERF for organization-wide services, including administrative services such as management, human resources, accounting, student and special education services, technology, as well as school-specific costs such as rent, debt service, utilities, and facilities management. Home office services costs generally encompass salaries of administrators and other personnel providing services organization-wide, certain vendor costs, or other costs. These costs are budgeted and may be adjusted as needed during the year. Organization-wide home office fees are typically calculated based on a tier factor determined by the Average Daily Attendance numbers of the schools, while school-specific costs are directly charged to the applicable schools.

[3]The other LAUSD-authorized MERF charter schools are: (1) MSA 4; (2) MSA 7; and (3) MSA 8. Per the charter operator's 2024-2025 annual independent audit report, MERF also operates six (6) other charter schools in Southern California: MSA Santa Ana, currently authorized by the State of California Department of Education, MSA San Diego, currently authorized by the San Diego Unified School District, and MSA, MSA 2, MSA 3, and MSA 5, all of which are currently authorized by the Los Angeles County Office of Education.

[4]Based on the 2024-2025 audit report, the MERF Home Office showed a significant net loss of **($2,511,233),** contributing to an overall organizational net loss of **($2,017,671),** inclusive of the home office, the charter schools, and LLCs, as shown in the above table.

According to MERF, the reported net loss was driven primarily by five factors – unrealized budgeted philanthropic revenues, grant revenues below budget expectations, unplanned expenditures, higher school-site costs funded by the home office, and higher financing costs associated with long-term capital investments that are expected to benefit the organization in future periods. MERF added that "MERF is transparent that the foundation-only net assets declined significantly, from $2,952,603 to $441,370, as resources were directed toward sustaining stability rather than maintaining reserve levels."

The MERF Home Office's reported net loss represents a significant drawdown of financial stability and warrants close monitoring. Additionally, as documented related to Financing Activities under Item 25 within the Notes II. Section below, the MERF Home Office could not support MERF charter schools (e.g., MSA OC and MSA 7) financially without borrowing from MSA 8. Based on MERF's 2024-2025 audit report, a summary of the operational results is provided in the table below.

SCHOOL NAME: **Magnolia Science Academy 6**

Annual Performance-Based Oversight Visit Report

DATE OF VISIT: **4/10/2026**

Areas of Demonstrated Strength and/or Progress:

The school has complied with and met the fiscal benchmark as noted in the **Progress on LAUSD Board of Education and/or MOU Benchmarks related to FISCAL OPERATIONS** section below.

Areas Noted for Further Growth and/or Improvement:

Through conducting fiscal oversight, the CSD requests and receives fiscal documents from the charter operator operating multiple charter schools (including bank statements, bank reconciliations, credit card statements, and check registers) that are currently authorized by LAUSD. The CSD reviews these financial documents—along with a sample of checks/disbursements and credit card transactions, as applicable—across these charter schools, to assess the organization's overall compliance with the charter operator governing board-approved fiscal policies and procedures, applicable federal, state, and local laws and regulations, District and charter requirements, and the effectiveness of the charter operator's internal controls and systems in place in alignment with best business practices. Any areas noted for further growth and/or improvement and other observations relating to the charter operator's and its charter schools' overall compliance and fiscal operations—including fiscal mismanagement, regulatory non-compliance, fiscal governance or internal control issues, or fiscally operational deficiencies, audit findings, etc. that *directly and systemically* impact the charter schools operated under the charter operator—are documented within each charter school's Annual Performance-Based Oversight Visit Report. These issues may or may not have been observed for the specific charter school under the same charter network, based on the CSD's sampling review. Lastly, school-specific exceptions, such as the fiscal condition, unique oversight observations, or audit findings applicable to individual schools, are reviewed and documented separately for each charter school.

1. **Type of Observations: Discrepancies Between Invoices and Supporting Documentation; Absence of Management Detailed Review Prior to Approving and Processing Payments**
   - **Source of Documents Reviewed: Check Register**
   - **Description of Observations:** Based on the CSD's review of three (3) transactions from a total of seventeen (17) check register samples, the CSD identified discrepancies between the invoices submitted and MERF's initial supporting documentation provided to the CSD. Although MERF subsequently provided additional documentation in response to the CSD's observations and inquiries, these discrepancies suggest weakness in internal controls, particularly the lack of management review and reconciliation of billed hours, days, and amounts prior to approving and processing payments to vendors and contractors. A summary of the CSD's observations is provided in the table below.

Sample # and School	Date	Check#	Vendor Name	Invoice#	Invoice Amount	# of Hours/ Days Billed	# of Hours/ Days per Initial Supporting Documentation	Overbilled Hours/ Days	Overbilled Amount	Description of CSD Observations
#8 MSA 7	6/20/2025	700340	Edlogical Group Corp.	903022	$12,071.67	97.1667 hours	35 hours	62.17 hours	$7,575.67	The school provided supporting documents that did not match the hours billed by the vendor. ***Additional documentation was subsequently submitted that***

#8 MSA 7	6/20/2025	700340	Edlogical Group Corp.	903175	$11,464.67	93.6667 hours	47 hours	46.67 hours	$5,571.06	***matched the billed hours***; however, this documentation was provided ***after the fact***, indicating weak internal controls. It further reflected a failure to verify invoices against contract terms and a lack of adequate review processes before approving and processing the payment to the vendor/contractor.
#16 MSA 8	5/13/2025	800203	Nextgen Teachers LLC	9-APRIL 2025	$30,210.00	90 days	86 days	4 days	$1,336.00	The school provided sign-in sheets to support the billed service days; however, four days lacked sign-ins. Additional issues included billing inconsistencies with contract rates and duplicate charges for the same subject on the same day.
#17 MSA 8	5/16/2025	800207	Nextgen Teachers LLC	8-MARCH 2025	$28,524.00	85 days	85 days	-	-	Although the billed days were consistent with the days per the supporting documentation submitted to the CSD, and the school provided sign-in sheets to support billed service days, the CSD identified that some dates did not match vendor invoices, and duplicate billing was identified for the same teacher and subject on the same day. These discrepancies indicate a lack of internal controls in reviewing and reconciling invoices to supporting documentation and contractual terms.

- **Charter Operator's Fiscal Policies and Procedures:** Pages 248 and 249 (Title: PUR104 Accounts Payable and Cash Disbursements) of the MERF's Financial Policies and Procedures Manual, approved by the MERF Board on June 26, 2025, state: "Policy: Internal controls are required to ensure that

only valid and authorized payables are recorded and paid. Accounting procedures should be implemented to ensure the accuracy of amounts, ….” It further states: “Scope: This procedure applies to all purchases, including contractors, consultants, and merchandise and non-merchandise purchases.”

- **CSD’s Comments:** The CSD continues to urge MERF’s leadership team to improve its process and exercise greater diligence in reviewing and verifying invoices prior to processing payments to ensure that accurate calculations and appropriate supporting documentation support all disbursements of the school funds, aligning with the organization’s board-approved fiscal policies and procedures as well as best business practices.

The governing board and leadership team of the charter school are responsible for managing the operations of the school. The CSD recommends that the Annual Performance-Based Oversight Visit Report, including the above-noted fiscal findings and observations, be discussed at the MERF’s next governing board meeting, highly preferably no later than 90 days following the school’s receipt of this report, so that the charter school and its governing board may address any issues early enough to implement changes in order to see results in its next fiscal year. It is the school’s responsibility to provide the CSD with its action plans/steps, proof of implementation of the mitigating actions taken by the school, and/or documentation (e.g., governing board meeting agendas and approved board meeting minutes, updated fiscal policies and procedures, etc.), as applicable, prior to or during the next Annual Performance-Based Oversight Visit. The CSD will continue to monitor this issue through oversight and may take additional appropriate oversight actions. The results may be factored into the school’s rating for next year.

Other Observations (Items described in this section, which may not have been addressed in the charter school’s Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).

1. **Type of Observation: 2024-2025 Audit Finding – Material Weakness Concerning Prior Period Restatement, Financial Statement Preparation, and Audit Adjustments**
   - **Source(s) of Document Reviewed: 2024-2025 Independent Audit Report**
   - **Description of Observations:** MERF’s 2024-2025 annual independent audit report disclosed financial statements-related findings identified as a material weakness concerning prior period restatement, financial statement preparation, and audit adjustments related to the title transfer for the newly formed LLC. Details regarding the audit finding are provided below:

     “**2025-001 30000 – Prior Period Restatement, Financial Statement Preparation, and Audit Adjustments as it Relates to the Title Transfer for the Newly Formed LLC (Material Weakness)**

     Criteria or Specific Requirements
     Management is responsible for establishing and maintaining an effective system of internal control over financial reporting. This includes designing, implementing, and monitoring controls to ensure that financial statements are prepared in accordance with generally accepted accounting principles (GAAP) and are free from material misstatement, whether caused by error or fraud. As part of this responsibility, management ensures that accounting considerations related to complex or non-routine transactions, including those involving legal entity structure or ownership, are appropriately identified, documented, reviewed, and recorded prior to year-end close.

     Condition
     During the course of our engagement, we identified material misstatements of beginning balances presented within the consolidated financial position, as reported on the 2022-2023 audited financial statements. This prior period restatement due to errors resulted in an understatement of $3,774,168. In

Powered by BoardOnTrack

addition, we identified adjustments related to cash and cash equivalents, property and equipment, notes payable, and the related revenues and expenditures. Specifically:

Magnolia Educational & Research Foundation

- Cash and cash equivalents were understated by $2,000,000.
- Property and equipment were understated by $7,600,000.
- Intra-entity receivables were overstated by $1,308,807.
- Intra-entity payables were understated by $427,630.
- Interest payable was understated by $307,131.
- Notes payable were understated by $7,825,000.

Magnolia Science Academy 5

- Property and equipment were overstated by $3,964,890.
- Intra-entity receivables were understated by $1,081,742.
- Proposition construction loans were overstated by $1,441,574.

Magnolia Science Academy 7

- Property and equipment were overstated by $1,736,437.
- Intra-entity receivables were understated by $427,630.
- Intra-entity payables were overstated by $1,308,807.

MPM, Inc/LLC

- Notes receivable was understated by $3,540,002.
- Property and equipment were understated by $1,081,742.
- Intra-entity payables were understated by $1,081,742.

These adjustments resulted in an overall understatement of $1,829,860 in Net Assets.

During the fiscal year 2024-2025, the Organization established MPM 18120 Sherman Way LLC to hold title to the property at 18120 Sherman Way. The purchase transaction was completed during the year; however, as of June 30, 2025, the formal transfer of title from MERF to the LLC had not yet been finalized.

Context

The condition identified was through inquiry with Organization personnel and through review of available Organization records related to balances reported in the Organization's cash and cash equivalents, property and equipment, interest payable, and notes payable.

Cause
The delay was due to administrative timing and coordination requirements associated with setting up the new legal entity and preparing the necessary transfer documentation, specifically to avoid triggering the Los Angeles City Measure ULA transfer tax.

Effect
The net effect of these errors resulted in misstatements that were not detected or prevented by the Organization's internal accounting control and review process.

Repeat Finding
No

Recommendation
We recommend that management and those charged with governance continue to strengthen internal controls over financial reporting related to complex, non-routine transactions, including those involving legal entity formation, ownership, and timing considerations, to ensure that financial statements are free from material misstatement. Controls should enable management, in the normal course of performing assigned functions, to identify, document, and resolve accounting considerations on a timely basis. Specifically:

- Strengthen year-end reconciliation and review procedures for significant accounts.
- Enhance pre-year-end coordination and documentation review for transactions involving legal entity structure or ownership.
- Ensure timely identification, documentation, and recording of accounting judgments related to such transactions prior to financial statement issuance.

Corrective Action Plan and Views of Responsible Officials
The Organization agrees that effective year-end review, documentation, and coordination are critical components of its internal control over financial reporting, particularly for complex or non-routine transactions involving legal entity formation or ownership. Management has implemented, and continues to implement and monitor, enhanced procedures to strengthen cross-functional coordination, pre–year-end readiness reviews, documentation of accounting judgments, and verification of legal ownership and entity structure prior to fiscal year-end. Management believes these actions will support timely identification and resolution of accounting considerations and reduce the risk of similar issues in future reporting periods."

- **Charter School's or Charter Operator's Response:** See the organization's corrective action plan above. In addition, in response to the CSD's follow-up inquiries, MERF provided its action plans developed and maintained by Cafer Turan, Interim Chief Financial Officer: Management will implement stronger controls over complex and non-routine transactions by ensuring proper review, documentation, and coordination. This includes completing a formal readiness certification before major real estate or financing activities, improving collaboration across departments and with auditors, and conducting enhanced reconciliations during year-end closing. Additionally, management will maintain thorough documentation of accounting judgments and ensure appropriate technical accounting review to support accurate and consistent financial reporting. Management will monitor and implement corrective actions throughout FY 2025–26, with full implementation expected by June 30, 2026. Effectiveness will be evaluated during year-end close and ongoing audit reviews. Additionally, management will conduct a pre-year-end review of LLC-related legal, ownership, and transactional documentation to ensure completeness and alignment before the fiscal year-end.

- **CSD's Comments:** The CSD urges that MERF implement its corrective action plans described above, following the recommendation of its audit firm. The CSD will monitor MERF's progress in implementing its action plans through ongoing oversight and review MERF's 2025-2026 independent audit report next year regarding the status of these audit findings. **Repeat material weaknesses or significant audit findings may trigger additional appropriate actions in accordance with LAUSD's tiered intervention approach to oversight**. **The results will be factored into the school's rating**.

2. **Type of Observation: 2024-2025 State Compliance Audit Finding Concerning Attendance Reporting (Significant Deficiency in Internal Controls and Noncompliance)**
   - **Source(s) of Document Reviewed: 2024-2025 Independent Audit Report**
   - **Description of Observations:** MERF's 2024-2025 annual independent audit report disclosed a state compliance-related audit finding identified as a significant deficiency concerning attendance reporting. Details regarding this audit finding are provided below.

     "2025-002 10000 – Attendance Reporting (Significant Deficiency in Internal Controls and Noncompliance)

     Criteria
     Pursuant to California Education Code Section 47612.5, the Annual Period Report of Attendance submitted to the CDE should reconcile to supporting documents to ensure that Average Daily Attendance (ADA) is reported accurately. The attendance report should be revised to reflect updates and corrections to attendance when they occur.

     Condition
     The ADA reported on the Annual Period Report of Attendance was inaccurate due to the Organization misclassifying classroom-based ADA and nonclassroom-based ADA. As a result, the Organization overstated classroom-based ADA by 1.20 and underreported nonclassroom-based ADA by 1.20 on the Annual Report.
     Cause
     The misclassification appears to have resulted from an error in categorizing instructional settings for classroom-based and nonclassroom-based ADA during annual reporting.

     Effect

     Magnolia Science Academy San Diego
     The Organization over-reported by 1.20 ADA for classroom-based and under-reported by 1.20 ADA for nonclassroom-based on its Annual Period Report Attendance, resulting in an estimated fiscal impact as follows:

Grade Span	(Over) Under Reported ADA	Derived Value of ADA by Grade Span	Penalty
Classroom-based			
4-6	(0.38)	$ 10,937.43	$ (4,156.22)
7-8	(0.82)	11,260.92	(9,233.95)
Subtotal	(1.20)		(13,390.18)
Nonclassroom-based			
4-6	0.38	$ 10,937.43	$ 4,156.22
7-8	0.82	11,260.92	9,233.95
Subtotal	1.20		13,390.18
Total	-		$ -

Questioned Costs
There were no questioned costs identified.

Repeat Finding
No

Recommendation
The Organization should ensure the Annual Period Report of Attendance is accurately completed using the correct reports from the student information system.

Corrective Action Plan and Views of Responsible Officials
The Organization acknowledges the finding and agrees that ADA was misclassified. While the variance of 1.20 ADA does not result in a questioned cost, the school recognizes the importance of accurate reporting under California Education Code Section 47612.5.

The Organization concurs with the recommendation and has initiated steps to strengthen internal controls, update policies, and train staff to ensure future compliance.

- **Charter School's or Charter Operator's Response:** See the organization's corrective action plan above.
- **CSD's Comments:** The CSD recommends that MERF implement its corrective action plans described above, following the recommendation of its audit firm. The CSD will monitor MERF's progress in implementing its action plans through ongoing oversight and review MERF's 2025-2026 independent audit report next year regarding the status of these audit findings. **Repeat material weaknesses or significant audit findings may trigger additional appropriate actions in accordance with LAUSD's tiered intervention approach to oversight**. **The results will be factored into the school's rating**.

MERF provided the following historical intra-organizational loan balances:

Date	Borrower	Lender	Balance
June 30, 2024	MSA Santa Ana	MERF	$351,452.00
June 30, 2024	MSA San Diego	MERF	213,436.00
June 30, 2024	MERF	MSA 8	562,124.00
June 30, 2024	MERF	MSA 1	137,562.00

According to MERF, as of June 2025, total repayments made to MSA 8 and MSA 1 were $562,124 and $137,562, respectively, offset by the payments from MSA Santa Ana of $351,452, MSA San Diego of $213,436, and MERF of $134,798. Accordingly, there are no remaining balances associated with this historical loan arrangement.

Based on documentation (e.g., agreements) from MERF, the current intra-organizational loans are summarized in the table below:

Approval Date	Borrower	Lender	Loan Amount	Interest Rate	Maturity Date
12/11/2025	MERF	MSA 8	3,700,000.00	4%	04/30/2031
12/11/2025	MSA OC	MERF	3,700,000.00	4%	04/30/2031
01/24/2026	MERF	MSA 8	$1,308,807.00	4%	06/30/2031
01/24/2026	MSA 7	MERF	1,308,807.00	4%	06/30/2031

According to MERF, the outstanding intra-organizational loans between MERF and MSA 8 represent pass-through loans intended for MSA 7 and its new site (e.g., facility acquisition of the site located at 18120 Sherman Way, Reseda, CA 91335 in January 2025), and MSA Orange County (MSA OC) for its operational needs. As of 3/31/2026, the outstanding loan balances are: (1) MERF to MSA 8 is $5,008,807; (2) MSA 7 to MERF is $1,308,807; and (3) MSA OC to MERF is $3,700,000. As of the writing of this report, these balances remain unchanged from their original loan amounts. The MERF Board approved, at its meetings held on 12/11/2025 and 1/24/2026, respectively, an extension of the repayment terms for an additional five (5) years, with the first payment scheduled to begin in July 2026.

26.	New and Renewed Facility Lease Agreements and Board Meeting Minutes – Approval of New or Renewed Lease	Yes	
27.	Facilities Plans – Purchase, Lease, Relocation, Expansion, Major Improvements	Yes	See details below:

	Per MERF, the following information was provided: **Facilities Plan – MSA 4 and MSA 6** MSA 4 and MSA 6, which currently operate under separate Prop 39 co-location arrangements, previously pursued the acquisition of a facility to establish a permanent campus. The organization completed key due diligence activities and entered escrow, including submitting a substantial good-faith deposit. However, the transaction ultimately did not move forward. Following a comprehensive financial review, including multi-year budget, cash flow, and balance sheet projections, the organization determined that the acquisition is not fiscally viable at this time and has elected not to proceed with the purchase. MERF incurred a $200,000 financial loss related to this transaction. **Facilities Plan – MSA 7** MSA 7 currently operates in a leased church facility, with projections indicating a significant increase in lease costs in the next term. To address rising expenses and ensure long-term stability, the school is pursuing the development of a permanent campus. The property for the new facility was acquired in January 2025. The project is presently in the design and permitting phase, with work underway on schematic design and construction documents. Once completed, the new campus will reduce long-term occupancy costs and provide students with stable, modern learning environments. The estimated move-in date is August 2027.

Existing School 1 (Unsatisfactory)	***An existing school would receive a rating of 1 (Unsatisfactory) based on the conditions described below.***

An Unsatisfactory rating is assessed based on the following conditions, including, but not limited to:

A charter school is assessed as Unsatisfactory if the charter school does not meet the criteria for *Accomplished*, *Proficient*, or *Developing* above. CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605, 47607, and 47607.2, in order to renew a charter, the District must determine whether the charter school has met specific renewal criteria prescribed in statute.

REPORT GUIDE

LAUSD's oversight procedures are intended to balance a charter school's autonomy of operation with its accountability to the public. LAUSD utilizes a holistic, performance-based approach to evaluate all charter schools, guided principally by making decisions in the best interest of students. The CSD observes and monitors each charter school in accordance with applicable laws, regulations, LAUSD policy, memoranda of understanding, and the school's operative charter. Information gathered through oversight serves as part of the charter school's ongoing record for the District to make informed decisions about charter school authorization, renewal, material revisions, sharing of promising practices, and if need be, revocation. While LAUSD is responsible to provide oversight of its charter schools and the entities managing charter schools, the primary oversight of each charter school must first and foremost be performed by the charter school's own Governing Board. The Governing Board of a charter school has an ongoing responsibility to oversee the operations of its charter school(s), ensuring that every charter school it oversees is providing a high-quality educational program for students enrolled, is successfully fulfilling the terms of their charter, is fiscally sound, and complies with applicable laws, regulations, and court orders. In designing this document, the District has considered the California Charter Schools Act, the *LAUSD Policy and Procedures for Charter Schools,* the factors and guidance promulgated by the California State Board of Education in evaluating charter schools, and the National Association of Charter School Authorizers' *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

- ***Governance*** – demonstrating fulfillment of the Governing Board's fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school's full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education
- ***Student Achievement and Educational Performance*** – demonstrating positive academic achievement and growth for all students
- ***Organizational Management, Programs, and Operations*** – demonstrating effective leadership and implementation of the governing board's policies and procedures, as well as the school's educational program and systems and procedures for the day-to-day operations of the school
- ***Fiscal Operations*** – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered for the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide.* The "Sources of Evidence" sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school's performance in each category: *(4) Accomplished, (3) Proficient, (2) Developing, and (1) Unsatisfactory*. In addition, the *Summary of School Performance* section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress; (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under "Corrective Action Required," the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school's approved charter. **If the report includes any findings under "Corrective Action Required," the charter school must take immediate and appropriate steps to remedy the identified concern.** In accordance with its "tiered intervention" approach to charter school non-compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those "promising practices" that the school believes have contributed to its success, in order to support the CSD's ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across all LAUSD schools.

G1: GOVERNANCE STRUCTURE AND COMPLIANCE MONITORING

The Governing Board has fully implemented the organizational structure set forth in the school's operative charter, including all committees/councils; and has a system in place to ensure it consistently complies with the applicable open meeting requirements for local agencies (e.g., Brown Act, Gov. Code, § 54950 et seq.).

As evidenced by information in Folder 1 and observation of Governing Board meetings, some of the evidence include the following:

- The current Board of Directors of Magnolia Public Schools (MPS) is comprised of 7 directors, which is aligned with the organization's most recent Bylaws requiring no less than 3 and no more than 11 directors.
- Calendar of Governing Board meetings for the 2025-2026 school year, showing monthly meetings scheduled from July 10, 2025 to June 25, 2026
- Brown Act and Conflict of Interest training was held during the Board meeting on August 7, 2025 and September 11, 2025, respectively.

G2: DUE PROCESS

The Governing Board has well-developed systems in place to ensure that the school provides due process, in accordance with applicable law, the charter, and LAUSD charter policy, for students, employees, parents, and the public.

As evidenced by information in Folder 1, some of the evidence include the following:

- Systems to provide due for students, employees, and parent including, but not limited to the following:
  - Uniform Complaint Procedures (UCP) and related forms in the student/parent handbook, as well as on the school's website
  - Procedures for resolving general stakeholder complaints within the "General Complaint Procedures Form" located at the school site, within the student/parent handbook and on the school's website. Procedures and forms are available in English and Spanish
  - Procedures/policies regarding Suspension/Expulsion (including appeals), grading policies, and student code of conduct located at the school site, within the student/parent handbook and the school's website
  - Employee handbook which includes descriptions of the school's employee Code of Conduct, Internal Complaint Review and Policy (e.g., complaints by employees against employees, complaints by third parties against employees), Open Door Policy, and employee discipline policy

G3: RESPONSIVE AND ACCOUNTABLE GOVERNANCE - EDUCATIONAL PROGRAM

The Governing Board regularly considers school performance data, stakeholder input, and other data, and takes appropriate action to achieve positive measurable pupil outcomes (e.g., approving action plans and/or resources, analysis, and discussion, etc.).

As evidenced by information in Folder 1 and observation of Governing Board meetings, some of the evidence include the following:

- Agenda items during Board meetings regularly include updates/reports regarding student achievement and other key aspects of school performance (e.g., CAASPP, NWEA MAP, etc.) and operations from the organization's Chief Executive Officer, Chief Academic Officer, other home office officers, and school site principals.

Areas Noted for Further Growth and/or Improvement

G6: FISCAL MANAGEMENT AND ACCOUNTABILITY

- As noted in further detail in the Fiscal Operations category, below, the rating of "2" for this indicator is primarily due to the audit finding disclosed in Magnolia Educational & Research Foundation's 2024-2025 independent audit report, identified as a material weakness related to financial statements concerning prior period restatement, financial statement preparation, and audit adjustments related to the title transfer for the newly formed LLC applicable to Magnolia Science Academy 7. Please see the Areas Noted for Further Growth and/or Improvement section within the Fiscal Operations category, below, for additional information.

Corrective Action Required

[1]According to Magnolia Educational & Research Foundation (MERF), "the projected net loss of ($739,891) for Fiscal Year 2025-2026 is primarily attributable to increased interest expense associated with the acquisition and financing of the school's facilities. The additional debt service costs related to the facility financing significantly increased expenditure during the fiscal year, resulting in a projected net loss."

Charter Operator Fiscal Information

The financial condition of the charter operator is summarized in the table below.

Magnolia Educational & Research Foundation

Management Fees: According to MERF, Magnolia Science Academy (MSA) 7 paid annual management fees of $537,507 (approximately 5.9% of the home office expenses) in Fiscal Year 2025-2026 to MERF for organization-wide services, including administrative services such as management, human resources, accounting, student and special education services, technology, as well as school-specific costs such as rent, debt service, utilities, and facilities management. Home office services costs generally encompass salaries of administrators and other personnel providing services organization-wide, certain vendor costs, or other costs. These costs are budgeted and may be adjusted as needed during the year. Organization-wide home office fees are typically calculated based on a tier factor determined by the Average Daily Attendance numbers of the schools, while school-specific costs are directly charged to the applicable schools.

[2]The other LAUSD-authorized MERF charter schools are: (1) MSA 4; (2) MSA 6; and (3) MSA 8. Per the charter operator's 2024-2025 annual independent audit report, MERF also operates six (6) other charter schools in Southern California: MSA Santa Ana, currently authorized by the State of California Department of Education, MSA San Diego, currently authorized by the San Diego Unified School District, and MSA, MSA 2, MSA 3, and MSA 5, all of which are currently authorized by the Los Angeles County Office of Education.

[3]Based on the 2024-2025 audit report, the MERF Home Office showed a significant net loss of **($2,511,233),** contributing to an overall organizational net loss of **($2,017,671)**, inclusive of the home office, the charter schools, and LLCs, as shown in the above table.

According to MERF, the reported net loss was driven primarily by five factors – unrealized budgeted philanthropic revenues, grant revenues below budget expectations, unplanned expenditures, higher school-site costs funded by the home office, and higher financing costs associated with long-term capital investments that are expected to benefit the organization in future periods. MERF added that "MERF is transparent that the foundation-only net assets declined significantly, from $2,952,603 to $441,370, as resources were directed toward sustaining stability rather than maintaining reserve levels."

The MERF Home Office's reported net loss represents a significant drawdown of financial stability and warrants close monitoring. Additionally, as documented related to Financing Activities under Item 25 within the Notes II. Section below, the MERF Home Office could not support MERF charter schools (e.g., MSA OC and MSA 7) financially without borrowing from MSA 8. Based on MERF's 2024-2025 audit report, a summary of the operational results is provided in the table below.

Areas of Demonstrated Strength and/or Progress:

No significant items were noted.

Areas Noted for Further Growth and/or Improvement:

Through conducting fiscal oversight, the CSD requests and receives fiscal documents from the charter operator operating multiple charter schools (including bank statements, bank reconciliations, credit card statements, and check registers) that are currently authorized by LAUSD. The CSD reviews these financial documents—along with a sample of checks/disbursements and credit card transactions, as applicable—across these charter schools, to assess the organization's overall compliance with the charter operator governing board-approved fiscal policies and procedures, applicable federal, state, and local laws and regulations, District and charter requirements, and the effectiveness of the charter operator's internal controls and systems in place in alignment with best business practices. Any areas noted for further growth and/or improvement and other observations relating to the charter operator's and its charter schools' overall compliance and fiscal operations—including fiscal mismanagement, regulatory non-compliance, fiscal governance or internal control issues, or fiscally operational deficiencies, audit findings, etc. that *directly and systemically* impact the charter schools operated under the charter operator—are documented within each charter school's Annual Performance-Based Oversight Visit Report. These issues may or may not have been observed for the specific charter school under the same charter network, based on the CSD's sampling review. Lastly, school-specific exceptions, such as the fiscal condition, unique oversight observations, or audit findings applicable to individual schools, are reviewed and documented separately for each charter school.

1. **Type of Observation: 2024-2025 Audit Finding – Material Weakness Concerning Prior Period Restatement, Financial Statement Preparation, and Audit Adjustments**
   - **Source(s) of Document Reviewed: 2024-2025 Independent Audit Report**
   - **Description of Observations:** MERF's 2024-2025 annual independent audit report disclosed financial statements-related findings identified as a material weakness concerning prior period restatement, financial statement preparation, and audit adjustments related to the title transfer for the newly formed LLC. Details regarding the audit finding are provided below:

     "**2025-001 30000 – Prior Period Restatement, Financial Statement Preparation, and Audit Adjustments as it Relates to the Title Transfer for the Newly Formed LLC (Material Weakness)**

     Criteria or Specific Requirements
     Management is responsible for establishing and maintaining an effective system of internal control over financial reporting. This includes designing, implementing, and monitoring controls to ensure that financial statements are prepared in accordance with generally accepted accounting principles (GAAP) and are free from material misstatement, whether caused by error or fraud. As part of this responsibility, management ensures that accounting considerations related to complex or non-routine transactions, including those involving legal entity structure or ownership, are appropriately identified, documented, reviewed, and recorded prior to year-end close.

     Condition
     During the course of our engagement, we identified material misstatements of beginning balances presented within the consolidated financial position, as reported on the 2022-2023 audited financial statements. This prior period restatement due to errors resulted in an understatement of $3,774,168. In

addition, we identified adjustments related to cash and cash equivalents, property and equipment, notes payable, and the related revenues and expenditures. Specifically:

Magnolia Educational & Research Foundation

- Cash and cash equivalents were understated by $2,000,000.
- Property and equipment were understated by $7,600,000.
- Intra-entity receivables were overstated by $1,308,807.
- Intra-entity payables were understated by $427,630.
- Interest payable was understated by $307,131.
- Notes payable were understated by $7,825,000.

Magnolia Science Academy 5

- Property and equipment were overstated by $3,964,890.
- Intra-entity receivables were understated by $1,081,742.
- Proposition construction loans were overstated by $1,441,574.

Magnolia Science Academy 7

- Property and equipment were overstated by $1,736,437.
- Intra-entity receivables were understated by $427,630.
- Intra-entity payables were overstated by $1,308,807.

MPM, Inc/LLC

- Notes receivable was understated by $3,540,002.
- Property and equipment were understated by $1,081,742.
- Intra-entity payables were understated by $1,081,742.

These adjustments resulted in an overall understatement of $1,829,860 in Net Assets.
During the fiscal year 2024-2025, the Organization established MPM 18120 Sherman Way LLC to hold title to the property at 18120 Sherman Way. The purchase transaction was completed during the year; however, as of June 30, 2025, the formal transfer of title from MERF to the LLC had not yet been finalized.

Context
The condition identified was through inquiry with Organization personnel and through review of available Organization records related to balances reported in the Organization's cash and cash equivalents, property and equipment, interest payable, and notes payable.

Cause

The delay was due to administrative timing and coordination requirements associated with setting up the new legal entity and preparing the necessary transfer documentation, specifically to avoid triggering the Los Angeles City Measure ULA transfer tax.

Effect
The net effect of these errors resulted in misstatements that were not detected or prevented by the Organization's internal accounting control and review process.

Repeat Finding
No
Recommendation
We recommend that management and those charged with governance continue to strengthen internal controls over financial reporting related to complex, non-routine transactions, including those involving legal entity formation, ownership, and timing considerations, to ensure that financial statements are free from material misstatement. Controls should enable management, in the normal course of performing assigned functions, to identify, document, and resolve accounting considerations on a timely basis. Specifically:

- Strengthen year-end reconciliation and review procedures for significant accounts.
- Enhance pre-year-end coordination and documentation review for transactions involving legal entity structure or ownership.
- Ensure timely identification, documentation, and recording of accounting judgments related to such transactions prior to financial statement issuance.

Corrective Action Plan and Views of Responsible Officials
The Organization agrees that effective year-end review, documentation, and coordination are critical components of its internal control over financial reporting, particularly for complex or non-routine transactions involving legal entity formation or ownership. Management has implemented, and continues to implement and monitor, enhanced procedures to strengthen cross-functional coordination, pre–year-end readiness reviews, documentation of accounting judgments, and verification of legal ownership and entity structure prior to fiscal year-end. Management believes these actions will support timely identification and resolution of accounting considerations and reduce the risk of similar issues in future reporting periods."

- **Charter School's or Charter Operator's Response:** See the organization's corrective action plan above. In addition, in response to the CSD's follow-up inquiries, MERF provided its action plans developed and maintained by Cafer Turan, Interim Chief Financial Officer: Management will implement stronger controls over complex and non-routine transactions by ensuring proper review, documentation, and coordination. This includes completing a formal readiness certification before major real estate or financing activities, improving collaboration across departments and with auditors, and conducting enhanced reconciliations during year-end closing. Additionally, management will maintain thorough documentation of accounting judgments and ensure appropriate technical accounting review to support accurate and consistent financial reporting. Management will monitor and implement corrective actions throughout FY 2025–26, with full implementation expected by June 30, 2026. Effectiveness will be evaluated during year-end close and ongoing audit reviews. Additionally, management will conduct a pre-year-end review of LLC-related legal, ownership, and transactional documentation to ensure completeness and alignment before the fiscal year-end.

- **CSD's Comments:** The CSD urges that MERF implement its corrective action plans described above, following the recommendation of its audit firm. The CSD will monitor MERF's progress in implementing its action plans through ongoing oversight and review MERF's 2025-2026 independent audit report next year regarding the status of these audit findings. **Repeat material weaknesses or significant audit findings may trigger additional appropriate actions in accordance with LAUSD's tiered intervention approach to oversight**. **The results will be factored into the school's rating**.

2. **Type of Observations: Discrepancies Between Invoices and Supporting Documentation; Absence of Management Detailed Review Prior to Approving and Processing Payments**
   - **Source of Documents Reviewed: Check Register**
   - **Description of Observations:** Based on the CSD's review of three (3) transactions from a total of seventeen (17) check register samples, the CSD identified discrepancies between the invoices submitted and MERF's initial supporting documentation provided to the CSD. Although MERF subsequently provided additional documentation in response to the CSD's observations and inquiries, these discrepancies suggest weakness in internal controls, particularly the lack of management review and reconciliation of billed hours, days, and amounts prior to approving and processing payments to vendors and contractors. A summary of the CSD's observations is provided in the table below.

Sample # and School	Date	Check#	Vendor Name	Invoice#	Invoice Amount	# of Hours/ Days Billed	# of Hours/ Days per Initial Supporting Documentation	Overbilled Hours/ Days	Overbilled Amount	Description of CSD Observations
#8 MSA 7	6/20/2025	700340	Edlogical Group Corp.	903022	$12,071.67	97.1667 hours	35 hours	62.17 hours	$7,575.67	The school provided supporting documents that did not match the hours billed by the vendor. ***Additional documentation was subsequently submitted that matched the billed hours***; however, this documentation was provided ***after the fact***, indicating weak internal controls. It further reflected a failure to verify invoices against contract terms and a lack of adequate review processes before approving and processing the payment to the vendor/contractor.
#8 MSA 7	6/20/2025	700340	Edlogical Group Corp.	903175	$11,464.67	93.6667 hours	47 hours	46.67 hours	$5,571.06	
#16 MSA 8	5/13/2025	800203	Nextgen Teachers LLC	9-APRIL 2025	$30,210.00	90 days	86 days	4 days	$1,336.00	The school provided sign-in sheets to support the billed service days; however, four

										days lacked sign-ins. Additional issues included billing inconsistencies with contract rates and duplicate charges for the same subject on the same day.
#17 MSA 8	5/16/2025	800207	Nextgen Teachers LLC	8-MARCH 2025	$28,524.00	85 days	85 days	-	-	Although the billed days were consistent with the days per the supporting documentation submitted to the CSD, and the school provided sign-in sheets to support billed service days, the CSD identified that some dates did not match vendor invoices, and duplicate billing was identified for the same teacher and subject on the same day. These discrepancies indicate a lack of internal controls in reviewing and reconciling invoices to supporting documentation and contractual terms.

- **Charter Operator's Fiscal Policies and Procedures:** Pages 248 and 249 (Title: PUR104 Accounts Payable and Cash Disbursements) of the MERF's Financial Policies and Procedures Manual, approved by the MERF Board on June 26, 2025, state: "Policy: Internal controls are required to ensure that only valid and authorized payables are recorded and paid. Accounting procedures should be implemented to ensure the accuracy of amounts, …." It further states: "Scope: This procedure applies to all purchases, including contractors, consultants, and merchandise and non-merchandise purchases."
- **CSD's Comments:** The CSD continues to urge MERF's leadership team to improve its process and exercise greater diligence in reviewing and verifying invoices prior to processing payments to ensure that accurate calculations and appropriate supporting documentation support all disbursements of the school funds, aligning with the organization's board-approved fiscal policies and procedures as well as best business practices.

The governing board and leadership team of the charter school are responsible for managing the operations of the school. The CSD recommends that the Annual Performance-Based Oversight Visit Report, including the above-noted fiscal findings and observations, be discussed at the MERF's next governing board meeting, highly preferably no later than 90 days following the school's receipt of this report, so that the charter school and its governing board may address any issues early enough to implement changes in order to see results in its next fiscal year. It is the school's responsibility to provide the CSD with its action plans/steps, proof of implementation of the mitigating actions taken by the school, and/or documentation (e.g., governing board meeting agendas and approved board meeting minutes, updated fiscal policies and procedures, etc.), as applicable, prior to or during the next Annual Performance-Based Oversight Visit. The

CSD will continue to monitor these issues through oversight and may take additional appropriate oversight actions. The results may be factored into the school's rating for next year.

Other Observations (Items described in this section, which may not have been addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).

1. **Type of Observation: 2024-2025 State Compliance Audit Finding Concerning Attendance Reporting (Significant Deficiency in Internal Controls and Noncompliance)**
   - **Source(s) of Document Reviewed: 2024-2025 Independent Audit Report**
   - **Description of Observations:** MERF's 2024-2025 annual independent audit report disclosed a state compliance-related audit finding identified as a significant deficiency concerning attendance reporting. Details regarding this audit finding are provided below.

     "2025-002 10000 – Attendance Reporting (Significant Deficiency in Internal Controls and Noncompliance)

     Criteria
     Pursuant to California Education Code Section 47612.5, the Annual Period Report of Attendance submitted to the CDE should reconcile to supporting documents to ensure that Average Daily Attendance (ADA) is reported accurately. The attendance report should be revised to reflect updates and corrections to attendance when they occur.

     Condition
     The ADA reported on the Annual Period Report of Attendance was inaccurate due to the Organization misclassifying classroom-based ADA and nonclassroom-based ADA. As a result, the Organization overstated classroom-based ADA by 1.20 and underreported nonclassroom-based ADA by 1.20 on the Annual Report.
     Cause
     The misclassification appears to have resulted from an error in categorizing instructional settings for classroom-based and nonclassroom-based ADA during annual reporting.

     Effect

     Magnolia Science Academy San Diego
     The Organization over-reported by 1.20 ADA for classroom-based and under-reported by 1.20 ADA for nonclassroom-based on its Annual Period Report Attendance, resulting in an estimated fiscal impact as follows:

Grade Span	(Over) Under Reported ADA	Derived Value of ADA by Grade Span	Penalty
Classroom-based			
4-6	(0.38)	$ 10,937.43	$ (4,156.22)
7-8	(0.82)	11,260.92	(9,233.95)
Subtotal	(1.20)		(13,390.18)
Nonclassroom-based			
4-6	0.38	$ 10,937.43	$ 4,156.22
7-8	0.82	11,260.92	9,233.95
Subtotal	1.20		13,390.18
Total	-		$ -

Questioned Costs
There were no questioned costs identified.

Repeat Finding
No

Recommendation
The Organization should ensure the Annual Period Report of Attendance is accurately completed using the correct reports from the student information system.

Corrective Action Plan and Views of Responsible Officials
The Organization acknowledges the finding and agrees that ADA was misclassified. While the variance of 1.20 ADA does not result in a questioned cost, the school recognizes the importance of accurate reporting under California Education Code Section 47612.5.

The Organization concurs with the recommendation and has initiated steps to strengthen internal controls, update policies, and train staff to ensure future compliance.

- **Charter School's or Charter Operator's Response:** See the organization's corrective action plan above.
- **CSD's Comments:** The CSD recommends that MERF implement its corrective action plans described above, following the recommendation of its audit firm. The CSD will monitor MERF's progress in implementing its action plans through ongoing oversight and review MERF's 2025-2026 independent audit report next year regarding the status of these audit findings. **Repeat material weaknesses or significant audit findings may trigger additional appropriate actions in accordance with LAUSD's tiered intervention approach to oversight**. **The results will be factored into the school's rating**.

	Financing Activities, Loans, Factoring Receivables, Intercompany Transfers/Loans, etc.	Yes	See details below.

MERF provided the following historical intra-organizational loan balances:

Date	Borrower	Lender	Balance
June 30, 2024	MSA Santa Ana	MERF	$351,452.00
June 30, 2024	MSA San Diego	MERF	213,436.00
June 30, 2024	MERF	MSA 8	562,124.00
June 30, 2024	MERF	MSA 1	137,562.00

According to MERF, as of June 2025, total repayments made to MSA 8 and MSA 1 were $562,124 and $137,562, respectively, offset by the payments from MSA Santa Ana of $351,452, MSA San Diego of $213,436, and MERF of $134,798. Accordingly, there are no remaining balances associated with this historical loan arrangement.

25.

Based on documentation (e.g., agreements) from MERF, the current intra-organizational loans are summarized in the table below:

Approval Date	Borrower	Lender	Loan Amount	Interest Rate	Maturity Date
12/11/2025	MERF	MSA 8	3,700,000.00	4%	04/30/2031
12/11/2025	MSA OC	MERF	3,700,000.00	4%	04/30/2031
01/24/2026	MERF	MSA 8	$1,308,807.00	4%	06/30/2031
01/24/2026	MSA 7	MERF	1,308,807.00	4%	06/30/2031

According to MERF, the outstanding intra-organizational loans between MERF and MSA 8 represent pass-through loans intended for MSA 7 and its new site (e.g., facility acquisition and building purchase of the site located at 18120 Sherman Way, Reseda, CA 91335 in January 2025), and MSA Orange County (MSA OC) for its operational needs. As of 3/31/2026, the outstanding loan balances are: (1) MERF to MSA 8 is $5,008,807; (2) MSA 7 to MERF is $1,308,807; and (3) MSA OC to MERF is $3,700,000. As of the writing of this report, these balances remain unchanged from their original loan amounts. The MERF Board approved, at its meetings held on 12/11/2025 and 1/24/2026, respectively, an extension of the repayment terms for an additional five (5) years, with the first payment scheduled to begin in July 2026.

27.	Facilities Plans – Purchase, Lease, Relocation, Expansion, Major Improvements	Yes	See details below:
	Per MERF, the following information was provided:		

Powered by BoardOnTrack

	Facilities Plan – MSA 4 and MSA 6 MSA 4 and MSA 6, which currently operate under separate Prop 39 co-location arrangements, previously pursued the acquisition of a facility to establish a permanent campus. The organization completed key due diligence activities and entered escrow, including submitting a substantial good-faith deposit. However, the transaction ultimately did not move forward. Following a comprehensive financial review, including multi-year budget, cash flow, and balance sheet projections, the organization determined that the acquisition is not fiscally viable at this time and has elected not to proceed with the purchase. MERF incurred a $200,000 financial loss related to this transaction. **Facilities Plan – MSA 7** MSA 7 currently operates in a leased church facility, with projections indicating a significant increase in lease costs in the next term. To address rising expenses and ensure long-term stability, the school is pursuing the development of a permanent campus. The property for the new facility was acquired in January 2025. The project is presently in the design and permitting phase, with work underway on schematic design and construction documents. Once completed, the new campus will reduce long-term occupancy costs and provide students with stable, modern learning environments. The estimated move-in date is August 2027.

CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605, 47607, and 47607.2, in order to renew a charter, the District must determine whether the charter school has met specific renewal criteria prescribed in statute.

REPORT GUIDE

LAUSD's oversight procedures are intended to balance a charter school's autonomy of operation with its accountability to the public. LAUSD utilizes a holistic, performance-based approach to evaluate all charter schools, guided principally by making decisions in the best interest of students. The CSD observes and monitors each charter school in accordance with applicable laws, regulations, LAUSD policy, memoranda of understanding, and the school's operative charter. Information gathered through oversight serves as part of the charter school's ongoing record for the District to make informed decisions about charter school authorization, renewal, material revisions, sharing of promising practices, and if need be, revocation. While LAUSD is responsible to provide oversight of its charter schools and the entities managing charter schools, the primary oversight of each charter school must first and foremost be performed by the charter school's own Governing Board. The Governing Board of a charter school has an ongoing responsibility to oversee the operations of its charter school(s), ensuring that every charter school it oversees is providing a high-quality educational program for students enrolled, is successfully fulfilling the terms of their charter, is fiscally sound, and complies with applicable laws, regulations, and court orders. In designing this document, the District has considered the California Charter Schools Act, the *LAUSD Policy and Procedures for Charter Schools,* the factors and guidance promulgated by the California State Board of Education in evaluating charter schools, and the National Association of Charter School Authorizers' *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

- ***Governance*** – demonstrating fulfillment of the Governing Board's fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school's full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education
- ***Student Achievement and Educational Performance*** – demonstrating positive academic achievement and growth for all students
- ***Organizational Management, Programs, and Operations*** – demonstrating effective leadership and implementation of the governing board's policies and procedures, as well as the school's educational program and systems and procedures for the day-to-day operations of the school
- ***Fiscal Operations*** – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered for the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide.* The "Sources of Evidence" sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school's performance in each category: *(4) Accomplished, (3) Proficient, (2) Developing, and (1) Unsatisfactory*. In addition, the *Summary of School Performance* section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress; (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under "Corrective Action Required," the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school's approved charter. **If the report includes any findings under "Corrective Action Required," the charter school must take immediate and appropriate steps to remedy the identified concern.** In accordance with its "tiered intervention" approach to charter school non-compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those "promising practices" that the school believes have contributed to its success, in order to support the CSD's ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across all LAUSD schools.

According to Magnolia Educational & Research Foundation (MERF):
[1]The reported net loss of ($269,151) for Fiscal Year 2024-2025 was primarily due to the decline in overall enrollment and the ADA percentage, resulting in reduced revenue.
[2]The projected net loss of ($239,704) for Fiscal Year 2025-2026 is due to maintaining select expenditures to support modest enrollment growth despite cost-containment efforts, combined with conservative ADA projections that reduced anticipated revenues, resulting in expenditures exceeding revenues.

Charter Operator Fiscal Information

The financial condition of the charter operator is summarized in the table below.

Magnolia Educational & Research Foundation					
Source: Independent Audit Report for the Year Ending June 30, 2025					
# of Charter Schools		**Including related parties and charter schools**		**Excluding related parties and charter schools**	
Operated	Authorized by LAUSD	Net Assets	Net Income / (Loss)	Net Assets	Net Income / (Loss)
10[3]	4[3]	$60,016,994	($2,017,671)[4]	$441,370	($2,511,233)[4]

Management Fees: According to MERF, Magnolia Science Academy (MSA) 8 Bell paid annual management fees of $716,676 (approximately 7.8% of the home office expenses) in Fiscal Year 2025-2026 to MERF for organization-wide services, including administrative services such as management, human resources, accounting, student and special education services, technology, as well as school-specific costs such as rent, debt service, utilities, and facilities management. Home office services costs generally encompass salaries of administrators and other personnel providing services organization-wide, certain vendor costs, or other costs. These costs are budgeted and may be adjusted as needed during the year.

Organization-wide home office fees are typically calculated based on a tier factor determined by the Average Daily Attendance numbers of the schools, while school-specific costs are directly charged to the applicable schools.

[3]The other LAUSD-authorized MERF charter schools are: (1) MSA 4; (2) MSA 6; and (3) MSA 7. Per the charter operator's 2024-2025 annual independent audit report, MERF also operates six (6) other charter schools in Southern California: MSA Santa Ana, currently authorized by the State of California Department of Education, MSA San Diego, currently authorized by the San Diego Unified School District, and MSA, MSA 2, MSA 3, and MSA 5, all of which are currently authorized by the Los Angeles County Office of Education.

[4]Based on the 2024-2025 audit report, the MERF Home Office showed a significant net loss of **($2,511,233),** contributing to an overall organizational net loss of **($2,017,671),** inclusive of the home office, the charter schools, and LLCs, as shown in the above table.

According to MERF, the reported net loss was driven primarily by five factors – unrealized budgeted philanthropic revenues, grant revenues below budget expectations, unplanned expenditures, higher school-site costs funded by the home office, and higher financing costs associated with long-term capital investments that are expected to benefit the organization in future periods. MERF added that "MERF is transparent that the foundation-only net assets declined significantly, from $2,952,603 to $441,370, as resources were directed toward sustaining stability rather than maintaining reserve levels."

The MERF Home Office's reported net loss represents a significant drawdown of financial stability and warrants close monitoring. Additionally, as documented related to Financing Activities under Item 25 within the Notes II. Section below, the MERF Home Office could not support MERF charter schools (e.g., MSA OC and MSA 7) financially without borrowing from MSA 8. Based on MERF's 2024-2025 audit report, a summary of the operational results is provided in the table below.

As noted above, the school has maintained positive net assets for Fiscal Year 2024-2025 and projected positive net assets for the 2025-2026 Second Interim. The CSD will continue to monitor the school's student enrollment and financial condition through oversight.

LAUSD CHARTER SCHOOLS DIVISION

SCHOOL NAME: **Magnolia Science Academy Bell**

Annual Performance-Based Oversight Visit Report

DATE OF VISIT: **5/8/2026**

Areas of Demonstrated Strength and/or Progress:

No significant items were noted.

Areas Noted for Further Growth and/or Improvement:

Through conducting fiscal oversight, the CSD requests and receives fiscal documents from the charter operator operating multiple charter schools (including bank statements, bank reconciliations, credit card statements, and check registers) that are currently authorized by LAUSD. The CSD reviews these financial documents—along with a sample of checks/disbursements and credit card transactions, as applicable—across these charter schools, to assess the organization's overall compliance with the charter operator governing board-approved fiscal policies and procedures, applicable federal, state, and local laws and regulations, District and charter requirements, and the effectiveness of the charter operator's internal controls and systems in place in alignment with best business practices. Any areas noted for further growth and/or improvement and other observations relating to the charter operator's and its charter schools' overall compliance and fiscal operations—including fiscal mismanagement, regulatory non-compliance, fiscal governance or internal control issues, or fiscally operational deficiencies, audit findings, etc. that *directly and systemically* impact the charter schools operated under the charter operator—are documented within each charter school's Annual Performance-Based Oversight Visit Report. These issues may or may not have been observed for the specific charter school under the same charter network, based on the CSD's sampling review. Lastly, school-specific exceptions, such as the fiscal condition, unique oversight observations, or audit findings applicable to individual schools, are reviewed and documented separately for each charter school.

1. **Type of Observations: Discrepancies Between Invoices and Supporting Documentation; Absence of Management Detailed Review Prior to Approving and Processing Payments**
   - **Source of Documents Reviewed: Check Register**
   - **Description of Observations:** Based on the CSD's review of three (3) transactions from a total of seventeen (17) check register samples, the CSD identified discrepancies between the invoices submitted and MERF's initial supporting documentation provided to the CSD. Although MERF subsequently provided additional documentation in response to the CSD's observations and inquiries, these discrepancies suggest weakness in internal controls, particularly the lack of management review and reconciliation of billed hours, days, and amounts prior to approving and processing payments to vendors and contractors. A summary of the CSD's observations is provided in the table below.

Sample# and School	Date	Check#	Vendor Name	Invoice#	Invoice Amount	# of Hours/ Days Billed	# of Hours/ Days per Initial Supporting Documentation	Overbilled Hours/ Days	Overbilled Amount	Description of CSD Observations
#8 MSA 7	6/20/2025	700340	Edlogical Group Corp.	903022	$12,071.67	97.1667 hours	35 hours	62.17 hours	$7,575.67	The school provided supporting documents that did not match the hours billed by the vendor. ***Additional documentation was subsequently submitted that matched the billed hours***;

#8 MSA 7	6/20/2025	700340	Edlogical Group Corp.	903175	$11,464.67	93.6667 hours	47 hours	46.67 hours	$5,571.06	however, this documentation was provided ***after the fact***, indicating weak internal controls. It further reflected a failure to verify invoices against contract terms and a lack of adequate review processes before approving and processing the payment to the vendor/contractor.
#16 MSA 8 Bell	5/13/2025	800203	Nextgen Teachers LLC	9-APRIL 2025	$30,210.00	90 days	86 days	4 days	$1,336.00	The school provided sign-in sheets to support the billed service days; however, four days lacked sign-ins. Additional issues included billing inconsistencies with contract rates and duplicate charges for the same subject on the same day.
#17 MSA 8 Bell	5/16/2025	800207	Nextgen Teachers LLC	8-MARCH 2025	$28,524.00	85 days	85 days	-	-	Although the billed days were consistent with the days per the supporting documentation submitted to the CSD, and the school provided sign-in sheets to support billed service days, the CSD identified that some dates did not match vendor invoices, and duplicate billing was identified for the same teacher and subject on the same day. These discrepancies indicate a lack of internal controls in reviewing and reconciling invoices to supporting documentation and contractual terms.

- **Charter Operator's Fiscal Policies and Procedures:** Pages 248 and 249 (Title: PUR104 Accounts Payable and Cash Disbursements) of the MERF's Financial Policies and Procedures Manual, approved by the MERF Board on June 26, 2025, states: "Policy: Internal controls are required to ensure that only valid and authorized payables are recorded and paid. Accounting procedures should be implemented to ensure the accuracy of amounts, …." It further states: "Scope: This procedure applies to all purchases, including contractors, consultants, and merchandise and non-merchandise purchases."

- **CSD's Comments:** The CSD continues to urge MERF's leadership team to improve its process and exercise greater diligence in reviewing and verifying invoices prior to processing payments to ensure that accurate calculations and appropriate supporting documentation support all disbursements of the school funds, aligning with the organization's board-approved fiscal policies and procedures as well as best business practices.

The governing board and leadership team of the charter school are responsible for managing the operations of the school. The CSD recommends that the Annual Performance-Based Oversight Visit Report, including the above-noted fiscal findings and observations, be discussed at the CMO's next governing board meeting, highly preferably no later than 90 days following the school's receipt of this report, so that the charter school and its governing board may address any issues early enough to implement changes in order to see results in its next fiscal year. It is the school's responsibility to provide the CSD with its action plans/steps, proof of implementation of the mitigating actions taken by the school, and/or documentation (e.g., governing board meeting agendas and approved board meeting minutes, updated fiscal policies and procedures, etc.), as applicable, prior to or during the next Annual Performance-Based Oversight Visit. The CSD will continue to monitor this issue through oversight and may take additional appropriate oversight actions. The results may be factored into the school's rating for next year.

Other Observations (Items described in this section, which may not have been addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).

1. **Type of Observation: Intraorganizational Borrowing**
   - **Source of Documents Reviewed:** MERF Intraorganizational Agreement, California State Auditor Report 2014-135, Settlement Agreement between MERF and LAUSD in March 2015
   - **Description of Observations:** The CSD noted that the MERF schools have been engaging in intraorganizational borrowing/lending. Based on documentation (e.g., agreements) from MERF, the current intra-organizational loans are summarized in the table below.

Approval Date	Borrower	Lender	Loan Amount	Interest Rate	Maturity Date*
12/11/2025	MERF	MSA 8 Bell	$3,700,000	4%	04/30/2031
12/11/2025	MSA OC	MERF	$3,700,000	4%	04/30/2031
01/24/2026	MERF	MSA 8 Bell	$1,308,807	4%	06/30/2031
01/24/2026	MSA 7	MERF	$1,308,807	4%	06/30/2031

*Both loans were originally approved for one year and are now extended for five years.

MSA 8 Bell is owed approximately $5M in outstanding balances resulting from the intraorganizational borrowing reflected in the table above. As noted in the Financial Highlights section above, MSA 8 Bell's projected cash reserve level for Fiscal Year 2025-2026 declined significantly from 60.08% to 29.10%. While MSA 8 Bell maintains a positive net asset position, continued lending and intraorganizational borrowing could further reduce its cash reserves and potentially jeopardize its long-term fiscal stability.

   - **Charter Operator's Fiscal Policies and Procedures:** Page 151 (CSH 112 Intra-organizational Receivables and Payables [Due To/Due From]) of MERF's Fiscal Policies and Procedures states: "1.3 At the end of the fiscal year, each school's receivable or payable account will be reconciled in

accordance with **G&A105 PERIOD-END REVIEW & CLOSING**. Once balances are reconciled, an agreement is prepared at the end of the fiscal year between each school and the central office to document the amount owed and repayment terms."

- **California State Auditor Report 2014-135:** Page 24 of the California State Auditor Report 2014 of Magnolia Science Academies dated May 7, 2015 stated: "In the opinion of our legal counsel, a nonprofit public-benefit corporation, such as the Foundation, that operates multiple charter schools may temporarily loan state apportionment funds between schools, so long as the loan does not adversely affect the public school purposes of the charter school that loans the funds. However, the Foundation may not permanently transfer these funds between schools because each charter school must ultimately spend its designated allocation of state funding in a manner consistent with the Charter Schools Act, its charter petition, and other applicable laws and regulations."
- **Settlement Agreement between MERF and LAUSD:** Page 2 of the Settlement Agreement between MERF and LAUSD in March 2015 included the following provisions: **"4. Fund Transfers**:" MERF agrees that it will no longer commit or cause any further fund transfers between its schools, and between its schools and the central office of MERF. Notwithstanding this paragraph, MERF may transfer funds in accordance with generally accepted accounting principles for legitimate educational and operational expenses with approval of the MERF Board and documentation of corresponding board resolutions. MERF shall maintain records of the approval of these transfers for review by District officials as a facet of the oversight process."
- **Charter School's Response:** According to MERF, the outstanding intra-organizational loans between MERF and MSA 8 Bell represent pass-through loans intended for MSA 7 and its new site (e.g., facility acquisition of the site located at 18120 Sherman Way, Reseda, CA 91335 in January 2025), and MSA Orange County (MSA OC) for its operational needs. As of 3/31/2026, the outstanding loan balances are: (1) MERF to MSA 8 Bell is $5,008,807; (2) MSA 7 to MERF is $1,308,807; and (3) MSA OC to MERF is $3,700,000. These balances remain unchanged from their original loan amounts as summarized in the table above. The MERF Board approved, at its meetings held on 12/11/2025 and 1/24/2026, respectively, an extension of the repayment terms for an additional five (5) years, with the first payment scheduled to begin in July 2026.
- **CSD's Comments:** The CSD will continue to monitor MSA 8 Bell's fiscal condition, and MERF's and its charter schools' intraorganizational borrowing activities through oversight.

2. **Type of Observation: 2024-2025 Audit Findings – Material Weakness Concerning Prior Period Restatement, Financial Statement Preparation, and Audit Adjustments.**
   - **Source(s) of Document Reviewed: 2024-2025 Independent Audit Report**
   - **Description of Observations:** MERF's 2024-2025 annual independent audit report disclosed financial statements-related findings identified as a material weakness concerning prior period restatement, financial statement preparation, and audit adjustments related to the title transfer for the newly formed LLC. Details regarding the audit finding are provided below:

     "2025-001 30000 – Prior Period Restatement, Financial Statement Preparation, and Audit Adjustments as it Relates to the Title Transfer for the Newly Formed LLC (Material Weakness)

Criteria or Specific Requirements

Management is responsible for establishing and maintaining an effective system of internal control over financial reporting. This includes designing, implementing, and monitoring controls to ensure that financial statements are prepared in accordance with generally accepted accounting principles (GAAP) and are free from material misstatement, whether caused by error or fraud. As part of this responsibility, management ensures that accounting considerations related to complex or non-routine transactions, including those involving legal entity structure or ownership, are appropriately identified, documented, reviewed, and recorded prior to year-end close.

Condition

During the course of our engagement, we identified material misstatements of beginning balances presented within the consolidated financial position, as reported on the 2022-2023 audited financial statements. This prior period restatement due to errors resulted in an understatement of $3,774,168. In addition, we identified adjustments related to cash and cash equivalents, property and equipment, notes payable, and the related revenues and expenditures. Specifically:

Magnolia Educational & Research Foundation

- Cash and cash equivalents were understated by $2,000,000.
- Property and equipment were understated by $7,600,000.
- Intra-entity receivables were overstated by $1,308,807.
- Intra-entity payables were understated by $427,630.
- Interest payable was understated by $307,131.
- Notes payable were understated by $7,825,000.

Magnolia Science Academy 5

- Property and equipment were overstated by $3,964,890.
- Intra-entity receivables were understated by $1,081,742.
- Proposition construction loans were overstated by $1,441,574.

Magnolia Science Academy 7

- Property and equipment were overstated by $1,736,437.
- Intra-entity receivables were understated by $427,630.
- Intra-entity payables were overstated by $1,308,807.

MPM, Inc/LLC

- Notes receivable were understated by $3,540,002.
- Property and equipment were understated by $1,081,742.
- Intra-entity payables were understated by $1,081,742.

These adjustments resulted in an overall understatement of $1,829,860 in Net Assets.

During the fiscal year 2024-2025, the Organization established MPM 18120 Sherman Way LLC to hold title to the property at 18120 Sherman Way. The purchase transaction was completed during the year; however, as of June 30, 2025, the formal transfer of title from MERF to the LLC had not yet been finalized.

Context
The condition identified was through inquiry with Organization personnel and through review of available Organization records related to balances reported in the Organization's cash and cash equivalents, property and equipment, interest payable, and notes payable.

Cause
The delay was due to administrative timing and coordination requirements associated with setting up the new legal entity and preparing the necessary transfer documentation, specifically to avoid triggering the Los Angeles City Measure ULA transfer tax.

Effect
The net effect of these errors resulted in misstatements that were not detected or prevented by the Organization's internal accounting control and review process.

Repeat Finding
No

Recommendation
We recommend that management and those charged with governance continue to strengthen internal controls over financial reporting related to complex, non-routine transactions, including those involving legal entity formation, ownership, and timing considerations, to ensure that financial statements are free from material misstatement. Controls should enable management, in the normal course of performing assigned functions, to identify, document, and resolve accounting considerations on a timely basis. Specifically:

- Strengthen year-end reconciliation and review procedures for significant accounts.
- Enhance pre-year-end coordination and documentation review for transactions involving legal entity structure or ownership.
- Ensure timely identification, documentation, and recording of accounting judgments related to such transactions prior to financial statement issuance.

Corrective Action Plan and Views of Responsible Officials
The Organization agrees that effective year-end review, documentation, and coordination are critical components of its internal control over financial reporting, particularly for complex or non-routine transactions involving legal entity formation or ownership. Management has implemented, and continues to implement and monitor, enhanced procedures to strengthen cross-functional coordination, pre–year-end readiness reviews, documentation of accounting judgments, and verification of legal ownership and entity structure prior to fiscal year-end. Management believes these actions will support timely identification and resolution of accounting considerations and reduce the risk of similar issues in future reporting periods."

- **Charter School's or Charter Operator's Response:** See the organization's corrective action plan above. In addition, in response to the CSD's follow-up inquiries, MERF provided its action plans developed and maintained by Cafer Turan, Interim Chief Financial Officer: Management will implement stronger controls over complex and non-routine transactions by ensuring proper review, documentation, and coordination. This includes completing a formal readiness certification before major real estate or financing activities, improving collaboration across departments and with auditors, and conducting enhanced reconciliations during year-end closing. Additionally, management will maintain thorough documentation of accounting judgments and ensure appropriate technical accounting review to support accurate and consistent financial reporting. Management will monitor and implement corrective actions throughout FY 2025–26, with full implementation expected by June 30, 2026. Effectiveness will be evaluated during year-end close and ongoing audit reviews. Additionally, management will conduct a pre-year-end review of LLC-related legal, ownership, and transactional documentation to ensure completeness and alignment before the fiscal year-end.
- **CSD's Comments:** The CSD urges that MERF implement its corrective action plans described above, following the recommendation of its audit firm. The CSD will monitor MERF's progress in implementing its action plans through ongoing oversight and review MERF's 2025-2026 independent audit report next year regarding the status of these audit findings. **Repeat material weaknesses or significant audit findings may trigger additional appropriate actions in accordance with LAUSD's tiered intervention approach to oversight**. **The results will be factored into the school's rating**.

3. **Type of Observation: 2024-2025 State Compliance Audit Finding Concerning Attendance Reporting (Significant Deficiency in Internal Controls and Noncompliance)**
   - **Source(s) of Document Reviewed: 2024-2025 Independent Audit Report**
   - **Description of Observations:** MERF's 2024-2025 annual independent audit report disclosed a state compliance-related audit finding identified as a significant deficiency concerning attendance reporting. Details regarding this audit finding are provided below.

     "2025-002 10000 – Attendance Reporting (Significant Deficiency in Internal Controls and Noncompliance)

     Criteria
     Pursuant to California Education Code Section 47612.5, the Annual Period Report of Attendance submitted to the CDE should reconcile to supporting documents to ensure that Average Daily Attendance (ADA) is reported accurately. The attendance report should be revised to reflect updates and corrections to attendance when they occur.

     Condition
     The ADA reported on the Annual Period Report of Attendance was inaccurate due to the Organization misclassifying classroom-based ADA and nonclassroom-based ADA. As a result, the Organization overstated classroom-based ADA by 1.20 and underreported nonclassroom-based ADA by 1.20 on the Annual Report.

     Cause
     The misclassification appears to have resulted from an error in categorizing instructional settings for classroom-based and nonclassroom-based ADA during annual reporting.

     Effect

Powered by BoardOnTrack

Magnolia Science Academy San Diego
The Organization over-reported by 1.20 ADA for classroom-based and under-reported by 1.20 ADA for nonclassroom-based on its Annual Period Report Attendance, resulting in an estimated fiscal impact as follows:

Grade Span	(Over) Under Reported ADA	Derived Value of ADA by Grade Span	Penalty
Classroom-based			
4-6	(0.38)	$ 10,937.43	$ (4,156.22)
7-8	(0.82)	11,260.92	(9,233.95)
Subtotal	(1.20)		(13,390.18)
Nonclassroom-based			
4-6	0.38	$ 10,937.43	$ 4,156.22
7-8	0.82	11,260.92	9,233.95
Subtotal	1.20		13,390.18
Total	-		$ -

Questioned Costs
There were no questioned costs identified.

Repeat Finding
No

Recommendation
The Organization should ensure the Annual Period Report of Attendance is accurately completed using the correct reports from the student information system.

Corrective Action Plan and Views of Responsible Officials
The Organization acknowledges the finding and agrees that ADA was misclassified. While the variance of 1.20 ADA does not result in a questioned cost, the school recognizes the importance of accurate reporting under California Education Code Section 47612.5.

The Organization concurs with the recommendation and has initiated steps to strengthen internal controls, update policies, and train staff to ensure future compliance.

- **Charter School's or Charter Operator's Response:** See the organization's corrective action plan above.

- **CSD's Comments:** The CSD recommends that MERF implement its corrective action plans described above, following the recommendation of its audit firm. The CSD will monitor MERF's progress in implementing its action plans through ongoing oversight and review MERF's 2025-2026 independent audit report next year regarding the status of these audit findings. **Repeat material weaknesses or significant audit findings may trigger additional appropriate actions in accordance with LAUSD's tiered intervention approach to oversight**. **The results will be factored into the school's rating**.

The Charter Schools Division will continue to monitor the issues referenced above by or during the next oversight visit. The results may be factored into the school's rating for next year.

Corrective Action Required:

None noted that immediate action is required to remedy concerns in this report.

MERF provided the following historical intra-organizational loan balances:

June 30, 2024	MSA Santa Ana	MERF	$351,452.00
June 30, 2024	MSA San Diego	MERF	213,436.00

	June 30, 2024	MERF	MSA 8 Bell	562,124.00
	June 30, 2024	MERF	MSA 1	137,562.00

According to MERF, as of June 2025, total repayments made to MSA 8 Bell and MSA 1 were $562,124 and $137,562, respectively, and were offset by payments from MSA Santa Ana of $351,452, MSA San Diego of $213,436, and MERF of $134,798. Accordingly, there are no remaining balances associated with this historical loan arrangement.

26.	New and Renewed Facility Lease Agreements and Board Meeting Minutes – Approval of New or Renewed Lease	Yes	
27.	Facilities Plans – Purchase, Lease, Relocation, Expansion, Major Improvements	Yes	See details below:

Per MERF, the following information was provided:

Facilities Plan – MSA 4 and MSA 6
MSA 4 and MSA 6, which currently operate under separate Prop 39 co-location arrangements, previously pursued the acquisition of a facility to establish a permanent campus. The organization completed key due diligence activities and entered escrow, including submitting a substantial good-faith deposit. However, the transaction ultimately did not move forward. Following a comprehensive financial review, including multi-year budget, cash flow, and balance sheet projections, the organization determined that the acquisition is not fiscally viable at this time and has elected not to proceed with the purchase. MERF incurred a $200,000 financial loss related to this transaction.

Facilities Plan – MSA 7
MSA 7 currently operates in a leased church facility, with projections indicating a significant increase in lease costs in the next term. To address rising expenses and ensure long-term stability, the school is pursuing the development of a permanent campus. The property for the new facility was acquired in January 2025. The project is presently in the design and permitting phase, with work underway on schematic design and construction documents. Once completed, the new campus will reduce long-term occupancy costs and provide students with stable, modern learning environments. The estimated move-in date is August 2027.

RE:	2026–27 Enrollment Update, Reflection, and Census Day Action Plan

Action Proposed:

No Board action is required. Staff recommends that the Board receive and discuss the 2026–27 enrollment update, current enrollment risks, and management's action plan through the October 2026 CALPADS Census Day.

Purpose:

This report provides the Board with the first comprehensive enrollment update of the 2026–27 school year; assesses actual enrollment performance against the adopted first-day enrollment budget and prior-year Census enrollment; identifies school- and grade-level enrollment risks; reflects on spring/summer Student Recruitment and Enrollment ("SRE") execution; and describes the coordinated school-site and Home Office plan to strengthen enrollment and student persistence through Census Day

Background & Analysis:

Current Enrollment	Budget	Variance	% of Budget	Schools <98%	Site-Level Gap to 98%
4,096	4,123	(27)	99.3%	5	38

As of September 1, 2026, MPS enrollment is 4,096 students compared with a first-day budget of 4,123 students (v.s. 4,089 P2 Budget Target- meltdown embedded). The network is therefore 27 students below budget and at 99.3% of the enrollment budget. This is a strong network-level opening position; however, the aggregate result masks uneven performance at the school and grade levels.

Five schools remain below the 98% site-level benchmark: MSA-2, MSA-3, MSA-4, MSA-7, and MSA-OC Anaheim. Collectively, those schools require 38 additional students to bring each site to at least 98% of its individual enrollment budget, assuming the remaining schools remain stable.

The most important finding is the grade-band imbalance: Grades 6–8 are 112 students above budget, while Grades 9–12 are 115 students below budget. Grade 9 alone is 84 students below budget, with 320 students enrolled against a budget of 404.

Budget Implications:

Current enrollment is 27 students below the network's first-day enrollment budget. Although MPS remains above the 98% network planning benchmark, enrollment variance is unevenly distributed across school sites and grade levels. Finance, SRE, and school leadership continue to monitor enrollment, attendance, ADA, staffing, and site-level expenditure implications through Census Day and report the financial exposure across several scenarios: budget, 99%, 98%, and downside enrollment.

1. Board-Level Takeaway

Management conclusion

MPS opened the 2026–27 school year essentially on budget at 99.3%. The immediate challenge is not a network-wide enrollment failure; it is a concentrated imbalance at the site and grade levels. Management shifted from broad recruitment activity to a targeted five-week enrollment recovery and stabilization sprint through Census Day.

- Network position is favorable: 4,096 current enrollment against a budget of 4,123.
- Risk is concentrated: five schools below 98% require 38 students to reach the interim site-health threshold.
- Grade-level mix is uneven: middle-school enrollment is above budget while high-school enrollment, especially Grade 9, is materially below budget.
- The early comparable trend is stable but requires active management: enrollment declined by 15 students between August 25 and September 1.

3. School-Level Enrollment Health

The table below shows why a single network enrollment number is insufficient for governance monitoring. Five schools remain below the 98% site-level operating benchmark and require differentiated support.

School	Budget	Current	Variance	% Budget	Need to 98%	vs. 2025 Census	8/25→9/1
MSA-1	715	703	(12)	98.3%	—	+25	+1
MSA-2	431	419	(12)	97.2%	4	(29)	—
MSA-3	340	322	(18)	94.7%	12	(73)	+1
MSA-4	120	106	(14)	88.3%	12	(17)	(1)
MSA-5	453	487	+34	107.5%	—	+293	(21)
MSA-6	137	141	+4	102.9%	—	(16)	+1
MSA-7	294	287	(7)	97.6%	2	+11	(1)
MSA-8	373	378	+5	101.3%	—	(17)	+1
MSA-SD	490	490	—	100.0%	—	+9	(2)
MSA-SA	630	633	+3	100.5%	—	+47	+11

MSA-OC-ANA	140	130	(10)	92.9%	8	+51	(5)
MPS	**4,123**	**4,096**	**(27)**	**99.3%**	**38**	**+284**	**(15)**

Interpretation note: the 38-student gap is a site-level 98% threshold target; the network overall is already above a 98% network-wide benchmark.

4. Grade-Level Analysis

The aggregate 99.3% network result masks a major grade-band imbalance. Grades 6–8 are over budget and offset much of the high school shortfall. This pattern should be addressed as an SRE, persistence, and program-pipeline issue rather than treated only as an overall headcount issue.

Grade Band	Budget	Current	Variance	% Budget
TK-5	672	648	(24)	96.4%
6-8	2,218	2,330	+112	105.0%
9-12	1,233	1,118	(115)	90.7%

5. Grade 9 Transition and Recruitment Risk

Grade 9 is the single largest enrollment variance

Grade 9 budget: 404; current: 320; variance: (84); budget attainment: 79.2%. This will be investigated as a transition, persistence, recruitment, and target-setting issue before attributing causation.

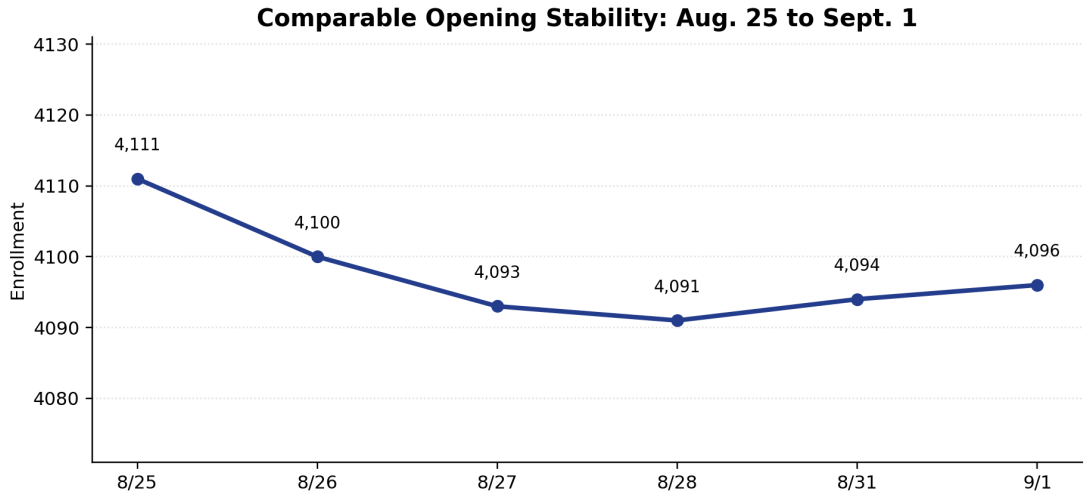

School	Grade 9 Budget	Current	Variance
MSA-1	109	98	(11)
MSA-2	65	46	(19)
MSA-3	50	30	(20)
MSA-4	37	32	(5)
MSA-5	91	62	(29)
MSA-SA	52	52	—

6. Year-Over-Year Reflection

Current enrollment is 284 students above the 2025 Census count, or approximately 7.5%. This is positive network growth, but it is substantially driven by planned expansion. MSA-5 alone accounts for +293 students versus the prior Census; MSA-OC Anaheim accounts for +51. Excluding MSA-5, the remaining network is

approximately 9 students below the prior Census; excluding both MSA-5 and MSA-OC Anaheim, comparable enrollment across the remaining schools is approximately 60 students below the prior-year Census.7
Early-Year Stability

Because MSA-5 was not consistently represented in earlier August data, the most meaningful comparable network trend begins on August 25. From August 25 to September 1, enrollment moved from 4,111 to 4,096, a net change of -15 students (-0.4%).

On September 1, the tracker showed 4,096 enrolled, 3,909 present, and 187 absent, a one-day presence rate of 95.4%. This should be used as an early warning and validation signal, not confused with enrollment itself.

7. Census Day Goals

Management establishes two levels of Census Day goals: a network goal and a site-health goal.

- **Network floor**: maintain or exceed 4,123 students by October 7, 2026.
- **Site-health goal**: bring each currently underperforming school to at least 98% of its enrollment budget while maintaining enrollment at schools that are already at or above target.
- *If the 38-student site-level 98% gap is closed and all other schools remain stable, network enrollment would reach approximately 4,134 students, or 100.3% of budget.*

Priority School	Current	98% Minimum	Needed by Census	Full Budget	Priority
MSA-2	419	423	+4	431	Quick close
MSA-3	322	334	+12	340	Intensive intervention
MSA-4	106	118	+12	120	Intensive intervention
MSA-7	287	289	+2	294	Quick close
MSA-OC-ANA	130	138	+8	140	Intensive intervention
Total priority gap	**1,264**	**1,302**	**+38**	**1,325**	**Site-level 98% target**

8. SRE and Home Office Census Day Action Plan

Workstream	SRE / School-Site Action	Home Office Action	Performance Measure
Daily Enrollment Control	Reconcile enrollment, new students, withdrawals, and no-shows daily. Every unexplained loss receives follow-up.	Data & Accountability maintains a single source-of-truth dashboard and daily variance report.	Daily enrollment; net adds/losses; unexplained withdrawals
Priority-School Recovery	MSA-2, 3, 4, 7 and OC maintain individual Census Day recovery plans based on seat/grade gaps.	SRE leadership conducts twice-weekly gap meetings and redirects HO support as needed.	Progress toward +38 targeted students

Pipeline Conversion	Segment every prospect into active, incomplete, offered, registration-in-progress, and registration-complete.	Central SRE identifies stalled applications and provides surge support to remove documentation/process barriers.	Active applications; conversion rate; days to registration
Grade-Specific Recruitment	Recruitment messages and tours are tied to actual open grades rather than broad school enrollment.	Branding/Communications develops school- and grade-specific digital/community campaigns.	Applications and registrations by open grade
Grade 9 Strategy	Secondary schools contact eligible families and analyze reasons for Grade 8-to-9 persistence and non-return.	SRE/Data compile Grade 9 transition analysis and support targeted recruitment where capacity exists.	Grade 9 applications, enrollment and persistence
Student Persistence	Principals/FSCs conduct rapid outreach to families showing withdrawal or attendance risk.	HO helps resolve transportation, records, service, operational, and family-support barriers.	Withdrawals prevented; students retained; withdrawal reasons
Family Referral / Word of Mouth	Activate current families as ambassadors for specific open grades.	Communications provides common messages, referral materials, and tracking.	Qualified referrals → enrollments
Finance Alignment	Schools flag enrollment variances affecting sections, staffing, or programs.	Finance converts changes in enrollment and projected ADA into scenario updates.	ADA forecast and estimated revenue variance

9. Five-Week Execution Calendar

Window	Management Focus	Expected Output
Aug 1– Sep 1	Validate clean baseline by school/grade; reconcile 4,123 budget with prior 4,080 target; confirm actual seats available by grade; validate MSA-OC Grade 7 target. Meet with MSA 2, 3, and 4, and the OC SRE teams.	Final Census Day target list, gap dashboard, and owner assignments.
Sept. 2–18	Conversion sprint: work every active prospect, incomplete application, and stalled registration; prioritize MSA-3, MSA-4, and MSA-OC.	Reduced gap to 98%; stronger conversion rate; documented barriers.
Sept. 21–Oct. 2	Targeted acquisition and persistence: grade-specific outreach, referrals, tours, no-show/withdrawal prevention, and Grade 9 analysis.	Net enrollment gains in priority schools; withdrawal-reason tracking.
Oct. 5–7	Census stabilization: enrollment completion, records resolution, student verification, attendance/presence follow-up, and SIS reconciliation.	Final Census enrollment count and variance report.

10. Accountability Cadence and Dashboard

- Daily: school/FSC enrollment reconciliation, new starts, withdrawals, no-shows, and active family follow-ups.
- Twice weekly: SRE recovery huddles with priority schools focused on numerical gap, pipeline, additions, withdrawals, and barriers.

- Biweekly through Census: executive sponsor review of five priority schools and cross-department barriers.

- Grade 9 transition and enrollment analysis, including reasons for the 84-student gap.
- Financial/ADA implications of Census enrollment and scenario sensitivity.
- Lessons learned and changes to the 2027–28 enrollment cycle.

4,096	4,123	(27)	99.3%	5	38

Board-level interpretation

MPS opened essentially on budget at **99.3% of the network enrollment budget**. The immediate issue is not a network-wide enrollment failure; it is a concentrated site- and grade-level imbalance.

Management objective through Census Day

1. Maintain or exceed the 4,123 network budget.
2. Bring each priority school to at least 98% of its site budget.
3. Stabilize early-year enrollment by managing both new starts and withdrawals.

If the 38-student site-level gap is closed and other schools remain stable, network enrollment would reach approximately 4,134 students, or 100.3% of budget.

The story behind 99.3%: grade-band imbalance

Grade Band	Budget	Current	Variance	% Budget
TK-5	672	648	(24)	96.4%
6-8	2,218	2,330	+112	105.0%
9-12	1,233	1,118	(115)	90.7%

High-school risk

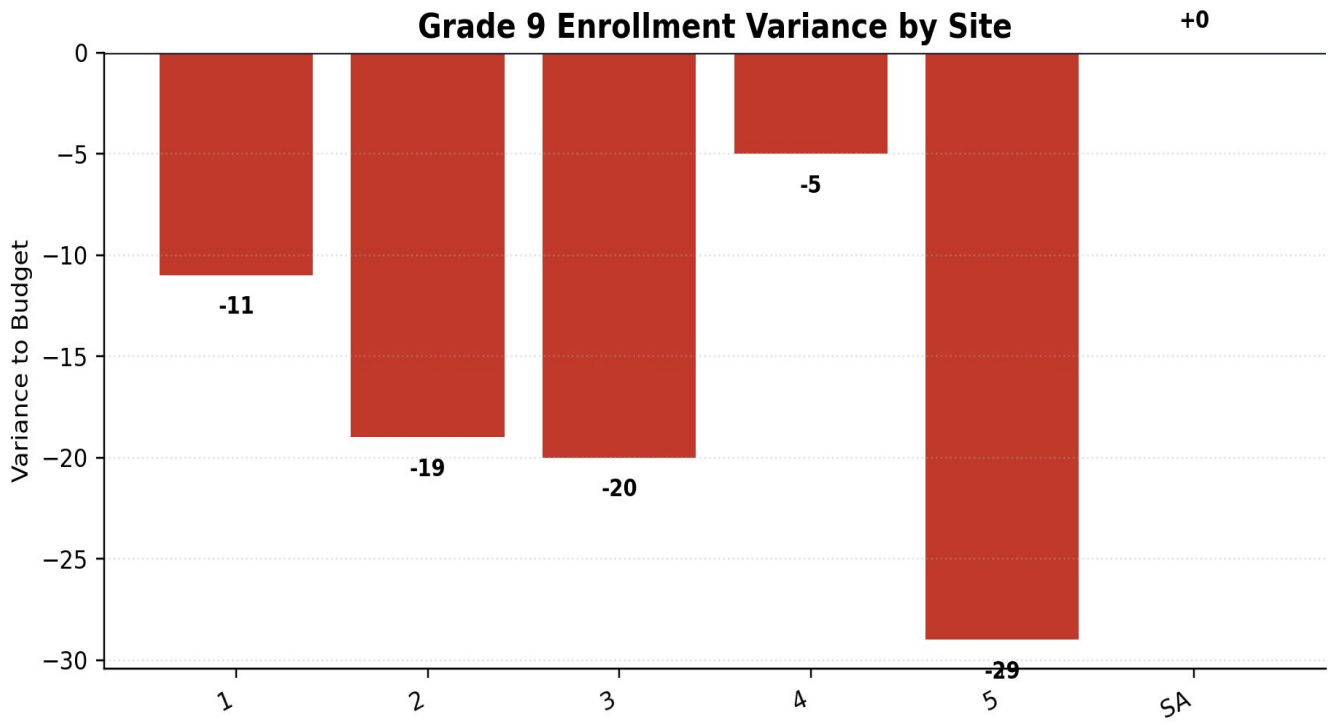

Grades 9–12 are 115 students below budget. Grade 9 accounts for 84 of the shortfall.

Middle-school strength

Grades 6–8 are 112 students above budget, masking HS shortfall in the network total.

Board focus: require grade-level reporting, not only school-level totals.

Grade 9 is the single largest enrollment variance

Grade 9 budget	Current
404	320

Variance	% budget
(84)	79.2%

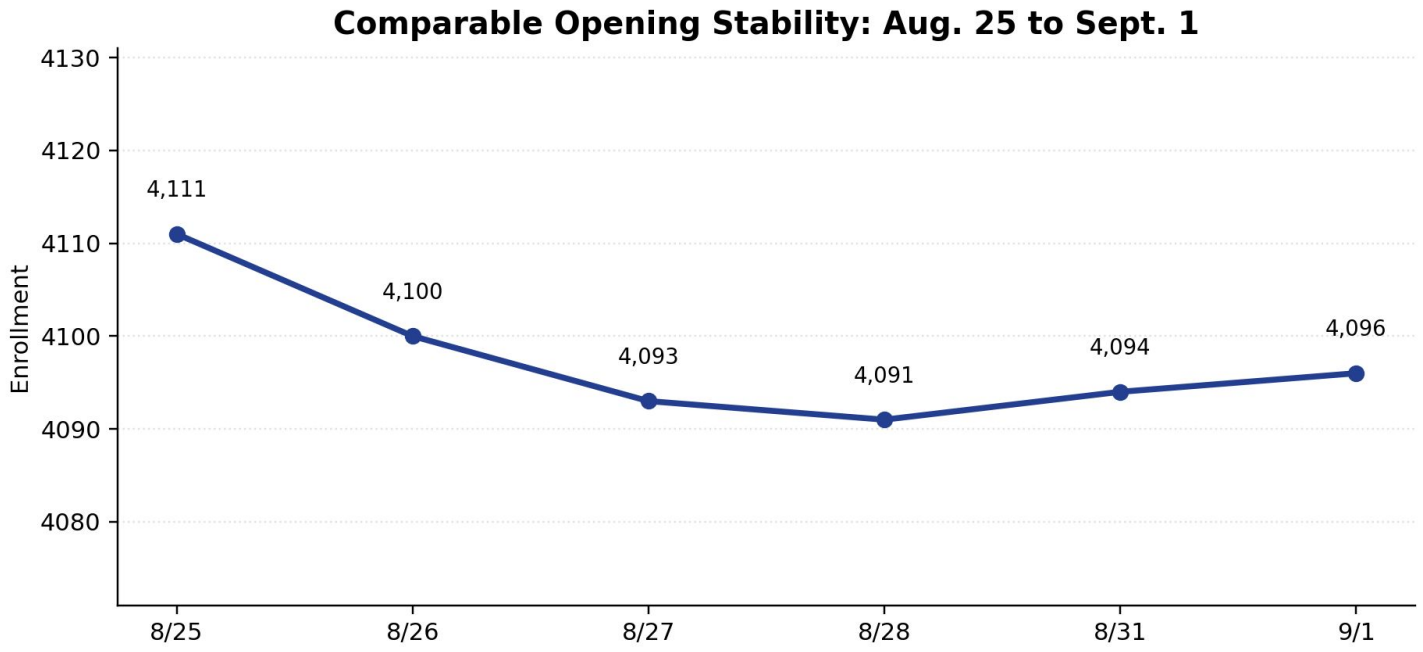

Management analysis needed

Determine whether the gap is driven by Grade 8-to-9 persistence, competitive high-school choices, recruitment execution, program fit, target assumptions, or a combination.

Board focus: treat Grade 9 as both a Census Day recruitment issue and a 2027–28 transition-pipeline issue.

Agenda Item:	IV A: Consent Item
Date:	September 14, 2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Megan Craig, Principal at Magnolia Science Academy- San Diego
RE:	Approval of After School Education and Safety (ASES) Memorandum of Agreement with YMCA and San Diego County Office of Education for Magnolia Science Academy-San Diego

Action Proposed:

I move that the Board grants approval to Mr. Alfredo Rubalcava, CEO and Superintendent of Magnolia Public Schools, to sign the Memorandum of Agreement (MOA) for Magnolia Science Academy – San Diego After School Education and Safety (ASES) Program with YMCA of San Diego County (YMCA) for a retroactive date effective July 1, 2026. I also move that the Board grants approval to Mr. Alfredo Rubalcava to sign the Memorandum of Agreement with the San Diego County Office of Education when it is received.

Purpose:

To renew the ASES agreement with YMCA and SDCOE to continue providing the after school program through the ASES grant for our students.

Background:

MSA-San Diego has been receiving after school program grants and services through San Diego Unified School District (SDUSD.) In Jan 2016 SDUSD informed MSA-SD that the district would no longer be providing PrimeTime before/after school services at Magnolia in 2016-17 school year as MSA-SD's fiscal agent, however the After School Education and Safety (ASES) funds that fund the program would remain allocated to Magnolia either through SDCOE or directly. In order to continue to receive these funds to offer a before/after school program, MSA-SD contacted San Diego County Office of Education (SDCOE). After switching to SDCOE, MSASD needed an agreement with SDCOE annually and an agreement with the after-school service provider YMCA of San Diego County (YMCA). The terms of

these agreements are July 1, 2026 through June 30, 2027. YMCA has been MSA-SD's after school service provider for the past 14 years.

Based on MPS policy MPS Board wanted to receive the grant letter to approve the agreements for the ASES services. Unfortunately, our consortium, SDCOE, doesn't provide the grant letters until February of that school year most of the time. Instead of the grant letter we receive a projected funding and also receive an agreement from the County office of Ed in late October. In the past the MPS board requested to see the grant letter to approve the agreements. Due to the conflict between SDCOE's current practice and MPS Boards policy we were not able to sign an agreement with our service provider, YMCA, before the school starts. As a result of this issue we were not able to pay to YMCA until February of the school year for three years in the past.

Although we still do not have the grant letter,we are expecting to receive them before February. It may take a few months for the CDE to officially send the new updated grant amounts to the SDCOE so we would amend our agreement a few months down the line (once that is final) as we have had to do in some prior years. The attached agreement has the projected amount from SDCOE. Since the YMCA is on our approved vendor list, the attached agreement was signed in August. However, because it remains part of the MOU with SDCOE, it requires CEO/Superintendent approval.

Analysis:

Approving the MOA at this time ensures continuity of afterschool services, timely payment to YMCA, and compliance with ASES grant requirements despite delays in receiving official grant letters from SDCOE.

Impact:

ASES grant funds through SDCOE Consortium and ELOP Grant.

Budget Implications:

ASES is a state grant and needs to be disbursed in compliance with the California ED Code. The fiscal agent, SDCOE, reimburses MSA-SD for the expenses incurred by the YMCA. All income and expenses will be updated in the budget based on final grant award notification numbers.

In order to keep serving the same number of students we are also utilizing the ELOP grant as part of the program.

The YMCA agreement has a **not-to-exceed amount of $167,211 for FY2026-27**. The program is funded through **ASES and ELO-P funding**. SDCOE, as the fiscal agent, reimburses MSA-SD for eligible ASES expenditures. Program revenue and expenditures will be updated in the FY2026-27 budget based on the final grant award amounts. **Program expenditures will be managed within available ASES and ELO-P funding.**

This shall include but not limited to, health and safety, child abuse reporting, and other topics appropriate for each service area. The Agency agrees to authorize staff to participate in training as determined by the Charter.

Program Days and Hours of Operation

The Agency shall provide after school services to all assigned schools based on the school's calendar and bell schedule.

The Agency shall operate the after school program immediately after school is dismissed and continuing until at least 6:00 P.M. or a minimum of hours that combined with instructional time, recess, lunch, and expanded learning opportunities were no less than nine (9) hours on all individual school days.

The Agency shall operate services adhering to the established days and hours of operation that have been mutually agreed upon between the Agency and Charter. The Parties must mutually agree in writing to increase or decrease days and/or hours of any program or service during the contractual agreement.

Enrollment and Daily Attendance Requirements

The agency will enroll participants at each school site based on the requested Charter enrollment reflected in Attachment A: 2026-27 Funding Allocations. Both parties can mutually agree to increase and decrease enrollment as needed based on school needs and available funding from Charter.

The Agency will implement written daily attendance procedures for all participants in program activities.

The Agency will adhere to the Charter's established policies for reasonable early release of students in the after school program and reasonable daily late arrival of students in the before school program for all ASES Program sites.

The Agency will utilize the Cityspan attendance and enrollment systems provided by the San Diego County Office of Education (SDCOE) unless otherwise instructed by the Charter.

The Agency will ensure all participants are signed-in and signed-out of the program requiring all authorized parent(s)/guardian(s) to verify identity through picture identification if unknown by Agency staff member.

Compensation

The Agency will provide an initial estimate of total costs or grant awards in Attachment A: 2026-27 Funding Allocations.

The Agency shall spend at least 85% of program expenditures on direct services with no more than 15% total administrative costs for all services and including no more than 5% indirect costs on ASES Program expenditures and no more than the Agency federally approved indirect cost rate on ELO-P expenditures.

INTRODUCTION

This Handbook summarizes the Magnolia Public Schools' (hereinafter referred to as "MPS" or "School") personnel policies applicable to all employees. Please review these policies carefully. If employees have any questions about the policies outlined in this Handbook, or if they have any other personnel related questions, whether related to policies specifically addressed in this Handbook or not, please consult the **MPS Home Office ("MERF") People and Culture ("P&C") Department**.

This Handbook is intended only as a guide to the School's personnel policies, outlining and highlighting those policies and practices. It is not, therefore, intended to create any expectations of continued employment, or an employment contract, express or implied. This Handbook supersedes any previously issued handbooks, policies, benefit statements and/or memoranda, whether written or verbal, including those that are inconsistent with the policies described herein.

With the exception of the at-will employment status of its employees, the School reserves the right to alter, modify, amend, delete and/or supplement any employment policy or practice (including, but not limited to, areas involving hiring policies and procedures, general workplace policies, hours of work, overtime and attendance, standards of conduct, employee benefits, employment evaluation and separation) with or without notice to you. Only **the Chief Executive Officer ("CEO") of MPS**, with the express written approval of the Board of Directors, may alter the at-will employment status of any of its employees.

After reviewing this Handbook, please e-sign the employee acknowledgement form **in the Human Resource Management System Employee Self Service Portal.** This signed acknowledgement demonstrates to the School that the employee has read, understood and agrees to comply with the policies outlined in the Handbook.

CONDITIONS OF EMPLOYMENT

Equal Employment Opportunity Policy

MPS is an equal opportunity employer. It is the policy of the School to afford equal employment and advancement opportunity to all qualified individuals without regard to:

- Race (including traits associated with race, such as hair texture and hairstyle, including but not limited to braids, locks, and twists);
- Color;
- Gender (including gender identity, gender expression, and transgender identity, whether or not the employee is transitioning or has transitioned);
- Sex (including reproductive health decision-making, pregnancy, childbirth, breastfeeding, and medical conditions related to such);
- Sex stereotype (including an assumption about a person's appearance or behavior, gender roles, gender expression, or gender identity, or about an individual's ability or inability to perform certain kinds of work based on a myth, social expectation, or generalization about the individual's sex);
- Religious creed (including religious dress and grooming practices);
- Marital/registered domestic partner status;
- Age (forty (40) and over);
- National origin or ancestry (including native language spoken and possession of a driver's license issued to persons unable to prove their presence in the U.S. is authorized by federal law);
- Physical or mental disability (including HIV and AIDS);
- Medical condition (including cancer and genetic characteristics);
- Taking of a leave of absence pursuant to the Family Medical Leave Act ("FMLA"), Pregnancy Disability Leave ("PDL") law, Americans with Disabilities Act ("ADA"), California Family Rights Act ("CFRA"), or the Fair Employment and Housing Act ("FEHA"), or laws related to domestic violence, sexual assault and stalking;
- Genetic information;
- Sexual orientation;
- Military and veteran status; or
- Any other consideration made unlawful by federal, state, or local laws.

This policy protects qualified individuals based on the perception that the individual has any of these characteristics or any combination of these characteristics, or is associated with an individual who has, or is perceived to have, any of these characteristics or a combination of these characteristics.

This policy extends to all job applicants and employees and to all aspects of the employment relationship, including the hiring of new employees and the training, transfer, promotion, discipline, termination, compensation and benefits of existing employees.

Reasonable Accommodations

The School is committed to providing equal employment opportunity to qualified applicants and employees and will provide reasonable accommodation for the known physical or mental disability of an

otherwise qualified applicant or employee, or for an employee's sincerely held religious creed, observance, or practice, unless doing so would impose an undue hardship on School operations or otherwise is not required by law.

Any applicant or employee who believes they need an accommodation to participate in the application process, perform the essential functions of the job, or enjoy equal benefits and privileges of employment should notify People & Culture as soon as practicable.

Upon receiving a request for accommodation, or when the School otherwise becomes aware of a possible need for accommodation, the School will engage in a timely, good-faith, interactive process with the applicant or employee to determine the nature of the limitation or conflict, the essential job duties involved, and what reasonable accommodation, if any, may be effective. This process will include an individualized assessment based on the particular job and the individual's specific circumstances.

The School may request reasonable supporting information or documentation when the disability, medical condition, or need for accommodation is not obvious. The School will consider the individual's preferred accommodation, but may select and implement an effective accommodation that is less burdensome or otherwise more appropriate for operational needs. The School is not required to provide the specific accommodation requested, eliminate essential job functions, create a new position, displace another employee, lower performance or conduct standards that are job-related and consistent with business necessity, or provide an accommodation that would create an undue hardship or pose a direct threat to health or safety that cannot be eliminated by reasonable accommodation.

At-Will Employment

Except if stated expressly otherwise by employment contract, it is the policy of the School that all employees are considered "at-will" employees of the School. Accordingly, either the School or the employee can terminate this relationship at any time, for any reason, with or without cause, and with or without advance notice. Additionally, MPS may restructure, reorganize, alter, or eliminate job positions as needed.

Nothing contained in this Handbook, employment applications, School memoranda or other materials provided to employees in connection with their employment shall require the School to have "cause" to terminate an employee or otherwise restrict the School's right to release an employee from their at-will employment with the School. Statements of specific grounds for termination set forth in this Handbook or elsewhere are not all- inclusive and are not intended to restrict the School's right to terminate at-will. No School representative, other than the Board of Directors or its designee, is authorized to modify this policy for any employee or to make any representations to employees or applicants concerning the terms or conditions of employment with the School that are not consistent with the School's policy regarding "at-will" employment.

This policy shall not be modified by any statements contained in this Handbook or employee applications, School memoranda, or any other materials provided to employees in connection with their employment. Further, none of those documents, whether singly or combined, or any employment practices shall create an express or implied contract of employment for a definite period, nor an express

or implied contract concerning any terms or conditions of employment.

It is the policy of MPS that disputes with employees be resolved through arbitration to the extent authorized by law, consistent with MPS's Employee Arbitration Agreement. The Employee Arbitration Agreement is provided to employees at the start of employment.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who, within the scope of his or her employment or service, has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

For purposes of this policy, and consistent with California law, mandated reporters include all School employees, all members of the School's governing board, volunteers who are over 18 years of age and who interact with pupils outside of the immediate supervision of a School employee, and contractors whose duties require contact with or supervision of pupils.

Reporting the information regarding a case of possible child abuse or neglect to your supervisor, the School principal, a School counselor, coworker or other person shall not be a substitute for making a mandated report to Child Protective Services or law enforcement.

MPS will provide annual training on the mandated reporting requirements to employees, Board members, and volunteers, using the online training module provided by MPS at the time of hire, and annually thereafter. Contractors receive the same required training at the same intervals through their direct employer and must submit proof of training upon request.

Mandated reporter training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one-thousand dollars ($1,000), or by both.

All individuals who are required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of the start of each school year or within the first six (6) weeks of the start of service.

By acknowledging receipt of this Handbook, the employee acknowledges he/she is a childcare custodian and is certifying that he/she has knowledge of California Penal Code section 11166 and will comply with its provisions.

Criminal Background Checks & Employment Verification

All classified and certificated job applicants must undergo a comprehensive verification of prior school employment through which each of the applicant's prior employers will be contacted. Applicants must

disclose each prior school employer regardless of the amount of time that has passed. MPS will inquire with each prior school employer and may disqualify a candidate at any time based on the results of the inquiry. By applying for employment with MPS, the applicant consents to MPS making an employment verification inquiry into the applicant's work history.

Further, as required by law, all individuals working or volunteering at the School will be required to submit to a criminal background check with the California Department of Justice and the Federal Bureau of Investigations. Applicants must truthfully disclose past convictions during the application process if/when asked to do so. MPS will not clear an applicant who may compromise the School's commitment to the safety and the well-being of students. Conditions that preclude working at the School include conviction of a controlled substance or sex offense, or a serious or violent felony. Similarly, convictions involving crimes of moral turpitude (e.g., fraud), child abuse or neglect, violence, or any offense which may make the applicant or employee unsuitable/undesirable to work around students, and may also serve as a bar to employment at the School. Additionally, should an employee be arrested for, charged with, or convicted of any offense during their employment with the School, the employee must immediately report as much to a supervisor within one (1) workday.

Emergency Contact

Employees are entitled to choose an emergency contact to be contacted by MPS in case of emergency. MPS will notify an employee's designated emergency contact if the employee is arrested or detained at work but only if the employee has designated an emergency contact for this purpose, and only if MPS has actual knowledge of the arrest. Employees may designate an emergency contact, and make updates to their existing emergency contact in the HRIS system.

Tuberculosis Testing

All prospective employees and continuing employees must provide proof of clearance from active tuberculosis (TB) from a healthcare provider. Applicants must provide proof in the form of a clear Risk Assessment, TB test, skin test, or chest x-ray of the lungs. Risk Assessment Forms must be verified by a qualified healthcare provider. If a Risk Assessment Form indicates TB risk factors have been identified, the individual must undergo a TB examination.

The examination for TB consists of an approved TB test, which, if positive, will be followed by an x-ray of the lungs, or in the absence of skin testing, an x-ray of the lungs. All employees will be required to provide proof of TB clearance at least once every four (4) years. Volunteers are required to provide proof of TB clearance if they interact with students. TB clearance is a condition of initial and continuing employment and volunteer service with the School.

Food handlers may be required to have annual TB exams. Documentation of employee and volunteer compliance with TB risk assessments and examinations will be kept on file in the office. This requirement also includes contract food handlers, substitute teachers, and student teachers serving under the supervision of an educator.

Any entity providing student services to the School will be contractually required to ensure that all contract workers have had TB testing that shows them to be free of active TB prior to conducting work

with School students.

The employee will not be required to submit a new TB exam if the employee can produce a current certificate showing they were found free of infectious tuberculosis within sixty (60) days of initial hire. The cost of the examination required of existing and new-hire employees shall be a reimbursable expense. Employees should follow the MPS Purchase Policies & Procedures Manual while making their reimbursement requests.

Immigration Compliance

MPS will comply with applicable immigration law, including the Immigration Reform and Control Act of 1986 and the Immigration Act of 1990. As a condition of employment, every individual must provide satisfactory evidence of his or her identity and legal authority to work in the United States. However, MPS will not check the employment authorization status of current employees or applicants who were not offered positions with the School unless required to do so by law.

The School shall not discharge an employee or in any manner discriminate, retaliate, or take any adverse action (*e.g.*, threatening to report the suspected citizenship or immigration status of an employee or a member of the employee's family) against any employee or applicant for employment because the employee or applicant exercised a right protected under applicable law. Further, the School shall not discriminate against any individual because he or she holds or presents a driver's license issued per Vehicle Code § 12801.9 to persons who have not established their federally-authorized presence in the United States. Finally, in compliance with the Immigrant Worker Protection Act, the School shall not allow a federal immigration enforcement agent to enter any nonpublic areas of the School without a judicial warrant, or voluntarily give consent to an agent to access, review or obtain employee records without a subpoena or judicial warrant. If a search of employee records is authorized by a valid subpoena or judicial warrant, the School will give employees notice of the inspection both before and after it has occurred as required by law.

If the employee has any questions or needs more information on immigration compliance issues, they should contact the Principal.

Professional Boundaries: Staff/Student Interaction Policy

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible. This policy is available on MPS's website at link.

Corporal Punishment:

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent

damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring a student on an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Student Behavior:

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of them and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask, "Would I be engaged in this conduct if my family or colleagues, including someone from my People and Culture Department, were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by an adult while interacting with a student, whether during school hours or outside of school hours, including through social media platforms, text messaging, and other forms of communication that do not otherwise include a student's parent/guardian. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Professional boundaries apply not only between students and staff, volunteers, and contractors, and Board members, but also among and between students, and among and between adults employed, volunteering, or under contract with the School. All members of the School community are expected to maintain professional conduct that models appropriate behavior and fosters a safe and respectful learning

environment. Additionally, all facilities/areas under School control shall be effectively supervised to promote a safe environment for students and individuals performing services on behalf of the School.

Some activities may seem innocent from an adult's perspective but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Adults must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Transportation-related interactions require special attention. To maintain clarity and consistency across policies, MPS does not encourage employees to transport students in personal vehicles, nor to drive students to school events or activities. Any travel involving students must follow the MPS Transportation Policy and Field Trip Policy and may only occur if it has been approved in advance by a supervisor and the student's parent or guardian. This ensures that everyone understands the purpose, expectations, and safety considerations of the trip. Employees shall not offer or provide transportation to students in personal vehicles outside of the processes described in the School's Transportation and Field Trip Policies, even if the student or family requests such assistance, except where required by law and expressly authorized in writing by the School.

Professional Boundaries with Social Media

Employees are at particular risk of a professional boundary violation when interacting with students on social media. It is prohibited for employees to discuss or share information about, or images of, students on social media.

Duty to Report Suspected Misconduct

When any employee reasonably suspects or believes that another staff member may have crossed the boundaries specified in this policy, they must immediately report the matter to a school administrator. All reports shall be as confidential as possible under the circumstances. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse, child abuse, or neglect.

Examples of Specific Behaviors

The following examples are not an exhaustive list:

Unacceptable Staff/Student Behaviors (Violations of this Policy):

- Giving gifts to an individual student that are of a personal and intimate nature;

- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;

- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior;
- Communication with students via an employee's personal accounts such as email, and/or social media.
- Insulting students, calling students names, using swear words, or making intimidating gestures or comments.

(These behaviors should only be exercised when a staff member has parent and supervisor permission.)

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Cautionary Staff/Student Behaviors:
(These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence).

- Remarks about the physical attributes or development of anyone
- Excessive attention toward a particular student;
- Send emails, text messages or letters to students if the content is not about school activities.

Acceptable and Recommended Staff/Student Behaviors:

- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;

- Keeping parents informed when a significant issue develops about a student;
- Keeping after-class discussions with a student professional and brief;
- Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries;

- Involving your supervisor if a conflict arises with a student;
- Informing the Superintendent about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious situation later;
- Recognizing the responsibility to stop unacceptable behavior of students or coworkers;
- Asking another staff member to be present if you will be alone with any type of special needs student;
- Asking another staff member to be present when you must be alone with a student after regular school hours;
- Giving students praise and recognition without touching them;
- Fist bumps, high fives and handshakes are acceptable;
- Keeping your professional conduct, a high priority;
- Asking yourself if your actions are worth your job and career.

Professional Boundaries:Employee/Parent Role Policy

Purpose

Magnolia Public Schools values the dedication of employees who also choose MPS for their children's education. We recognize the unique perspective employee-parents bring to our community. At the same time, holding dual roles requires clear professional boundaries to ensure equity, confidentiality, and a safe, respectful working environment for all staff and families. Employees must be cautious not to blur the boundaries between parent and employee.

This policy establishes expectations for employees who are also parents or guardians of students enrolled at MPS.

Separation of Roles

MPS recognizes that a person's status as a parent and employee confers on them certain rights, benefits, and limitations that can create unfairness when the roles become blurred. Other members of the school community may perceive a parent employee as having greater or fewer influence or choice in a situation, or feel pressured to treat parent employees differently when it is unclear if an action or request is in the person's capacity as a parent or employee. To avoid uncertainty or mistakes, parent employees must clearly distinguish between their role as an MPS employee and their role as a parent/guardian. An employee's position, authority, access, or internal relationships may not be used to influence decisions regarding their child's education, placement, discipline, services, or extracurricular participation. When addressing matters concerning their child, employees must participate solely in their role as a parent during appropriate times and through appropriate channels. Likewise, parents do not waive the right to advocate for their child or participate in their education simply because they are an employee.

Equity of Access & Communication Expectations

To ensure fairness across our school community:

- Employee-parents must follow the same communication and meeting procedures required of all families.
- Meetings with teachers, administrators, or service providers must be formally scheduled through standard parent-facing channels.
- Informal discussions about their child during work hours or in professional settings should be avoided unless appropriately scheduled.
- Employee-parents may not bypass established site or network structures due to internal relationships or access.

No employee shall receive preferential treatment in matters concerning their child.

Employee Rights When Acting as a Parent/Guardian

Employees who are also parents or guardians of an MPS student retain the same rights and access afforded to all MPS parents and guardians. When participating in a meeting or raising a concern regarding their child, the employee is acting in their capacity as a parent or guardian and may advocate for their child, ask questions, request information, and use applicable school complaint or resolution processes without retaliation or adverse employment action for doing so in good faith.

The employee's knowledge of MPS policies, practices, or personnel does not reduce these rights, nor does it provide special access, influence, or authority beyond that afforded to other parents and guardians. Employees must continue to maintain confidentiality, professional boundaries, and respectful communication and may not use confidential information obtained through their employment in connection with matters involving their child. MPS will likewise ensure that concerns raised by an employee in their capacity as a parent or guardian are addressed objectively, respectfully, and through the appropriate school process.

Confidentiality & System Access

- Employees may not access their child's academic, behavioral, health, disciplinary, special education, or 504 records through internal systems unless required for job duties unrelated to their child.
- Accessing student records for personal reasons is strictly prohibited.
- FERPA and all applicable student privacy laws apply equally to employee-parents.

Unauthorized access or misuse of student information may result in disciplinary action, up to and including termination.

Conflict of Interest & Recusal

Employees must avoid actual or perceived conflicts of interest.

An employee may not:

- Participate in decisions regarding their child's classroom placement, discipline outcomes, evaluation, or service determination.
- Supervise, evaluate, or formally direct staff members who directly serve their child.
- Serve on committees or leadership bodies making determinations that directly affect their child.

If a potential conflict arises, the employee must disclose it to their supervisor and People & Culture immediately.

Special Education (SPED) & Section 504 Considerations

Magnolia Public Schools is committed to protecting the procedural safeguards afforded under IDEA and Section 504.

Employees who are parents/guardians of students receiving special education or 504 services must:

- Participate in IEP or 504 meetings solely in their role as parent/guardian.
- Refrain from directing, coaching, or supervising service providers outside of formal meetings.
- Follow the same procedural safeguards, dispute resolution pathways, and communication protocols available to all families.
- Avoid accessing draft documents, internal notes, or service records outside of the formal parent-sharing process.

Employees may not use professional expertise, positional authority, or internal access to circumvent special education procedures or influence service delivery outside established processes.

Workplace Conduct Expectations

Staff members must not feel pressured, intimidated, or influenced due to a colleague's role as both employee and parent.

Concerns regarding boundary violations may be reported to a site leader or People & Culture without fear of retaliation.

Violations of Policy

Failure to comply with this policy may result in disciplinary action, up to and including termination of employment.

Certification and Licensure of Instructional Staff

All teachers are required to hold a current California teaching credential, certificate, permit or other document equivalent to that which a teacher in other public schools would be required to hold. MPS complies with all requirements of the authorizers regarding the certification and licensure of instructional staff. Paraprofessional staff may also be required to provide documentation proving that they meet the requirements of paraprofessional staff. It is the responsibility and a condition of continued employment for all instructional staff, including teachers and paraprofessionals to provide any necessary

licensure to a **direct supervisor** no later than the close of business prior to the first day the employee reports for duty. If an instructional staff employee believes that they are assigned to teach in a subject in which they do not have subject matter competence, the employee should immediately report the same to **their direct supervisor**. Staff who are required to possess state and federal certification, expertise, and related requirements must timely maintain such qualifications as a condition of employment at the School. Failure to maintain the appropriate credential/certification required of the position may result in disciplinary action, up to and including release from at-will employment.

Policy Prohibiting Unlawful Harassment, Discrimination and Retaliation

MPS is committed to providing a work and educational atmosphere that is free of unlawful harassment, discrimination, and retaliation. MPS's policy prohibits unlawful harassment, discrimination, and retaliation based upon: race (including traits associated with race, such as hair texture and hairstyle, including but not limited to braids, locks, and twists); color; gender (including gender identity, gender expression, and transgender identity, whether or not the employee is transitioning or has transitioned); sex (including reproductive health decision making, pregnancy, childbirth, breastfeeding, and related medical conditions); sex stereotype (including an assumption about a person's appearance or behavior, gender roles, gender expression, or gender identity, or about an individual's ability or inability to perform certain kinds of work based on a myth, social expectation, or generalization about the individual's sex); religious creed (including religious dress and grooming practices); marital/registered domestic partner status; age (forty (40) and over); national origin or ancestry (including native language spoken and possession of a driver's license issued to persons unable to prove their presence in the U.S. is authorized by federal law); physical or mental disability (including HIV and AIDS); medical condition (including cancer and genetic characteristics); taking a leave of absence authorized by law; genetic information; sexual orientation; military and veteran status; or any other consideration made unlawful by federal, state, or local laws.

This policy protects qualified individuals based on the perception that the individual has any of these characteristics or any combination of these characteristics, or is associated with an individual who has, or is perceived to have, any of these characteristics or a combination of these characteristics.

Employees, volunteers, unpaid interns, individuals in apprenticeship programs, and independent contractors shall not be harassed, discriminated against, or retaliated against by the School, based upon the characteristics noted above. These individuals are entitled to bring a complaint to the School under this policy.

MPS does not condone and will not tolerate unlawful harassment, discrimination, or retaliation on the part of any employee (including supervisors and managers) or third party (including independent contractors or other persons with which the School does business). Supervisors and managers are to forward any complaints of unlawful harassment to their Supervisor or designee.

When MPS receives allegations of unlawful harassment, discrimination, or retaliation, the Board (if a complaint is about the CEO), the Principal (if the complaint is about a school site employee), or the CEO or designee (if the complaint is about a Home Office employee), will review the allegations, the facts, and circumstances, and may conduct an investigation if appropriate. Any investigation must be fair, timely and thorough and provide all parties with an appropriate process and reach reasonable

conclusions based on the evidence collected. The investigation will be handled in as confidential a manner as possible, although complete confidentiality cannot be guaranteed. Complainants and witnesses shall not be subject to retaliation for making complaints in good faith or participating in an investigation. MPS is committed to remediating any instance where investigation findings demonstrate unlawful harassment, discrimination, or retaliation has occurred.

Prohibited Unlawful Harassment

The following examples are not an exhaustive list:

- Verbal conduct such as epithets, derogatory jokes or comments or slurs;
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement, or interfering with work because of sex, race or any other protected basis;
- Retaliation for reporting or threatening to report harassment; or
- Disparate treatment is based on any of the protected classes above.

Prohibited Unlawful Sexual Harassment

MPS is committed to providing a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consists of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when: (1) submission to the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; and/or (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive a minimum of two (2) hours of sexual harassment prevention training within six (6) weeks of hire or their assumption of a supervisory position and every year thereafter. All other employees will receive between one (1) and two (2) hours of sexual harassment prevention training within six (6) weeks of hire or start of the new school year for continuing employees. Such training will address all legally required topics, including information about the negative effects that abusive conduct has on both the victim of the conduct and others in the workplace, as well as methods to prevent abusive conduct undertaken with malice a reasonable person would find hostile, offensive, and unrelated to an employer's legitimate business interests. Abusive conduct includes but is not limited to repeated infliction of verbal abuse, such as the use of derogatory remarks, insults, and epithets, verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating, or the gratuitous sabotage or undermining of a person's work performance. Supervisors shall also be trained in how to appropriately respond when the supervisor becomes aware that an employee is the target of unlawful harassment. Other staff will receive sexual harassment prevention training as required by law.

Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Principal. See Appendix A for the "Harassment/Discrimination/Retaliation Complaint Form." See Appendix B for the general "Internal Complaint Form."

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:
  - Rape, sexual battery, molestation or attempts to commit these assaults and
  - Intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.

- Unwanted sexual advances, propositions or other sexual comments, such as:
  - Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.
  - Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or disparate treatment for rejecting sexual conduct.
  - Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.

- Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:
  - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work;
  - Publicly reading, viewing, or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and
  - Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities. As such, consensual relationships in the workplace may violate MPS policy.

<u>Reporting</u>

Each employee has the responsibility to maintain a workplace free from any form of sexual harassment, discrimination, and retaliation. Consequently, should any individual, particularly those with supervisory responsibilities, become aware of any conduct that may constitute a violation of this policy or any other prohibited behavior, they must take immediate action to address such conduct. Any employee who believes they have been harassed, discriminated against, or retaliated against, or who has witnessed such conduct, is encouraged to immediately report it to the Principal, the CEO, or the Board, as indicated above. See **Appendix A** for the "Harassment / Discrimination / Retaliation Complaint Form." See **Appendix B** for the general "Internal Complaint Form." See the MPS website for the "Title IX Complaint Policy."

Dispute Resolution through Arbitration

Employees of MPS agree, as a condition of employment, to resolve workplace concerns internally to the extent possible, and through binding and mandatory arbitration, where it cannot be handled internally. See **Appendix C** for the "Arbitration Agreement."

Title IX Notice of Nondiscrimination

MPS does not discriminate on the basis of sex and prohibits any acts of sex discrimination including sex-based harassment in any education program or activity that it operates, as required by California law, Title IX (20 U.S.C. § 1681 *et seq.*) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 may be referred to the Charter School Title IX Coordinator, the Office for Civil Rights of the U.S. Department of Education, or both.

All complaints and reports of conduct that may constitute sex discrimination including sex-based harassment should be submitted to our Title IX Coordinator, Meagan Wittek, Director of Student Services who can be reached at mwittek@magnoliapublicschools.org.

A copy of MPS's Title IX Policy, which includes the specific rules and procedures for reporting sex discrimination and sex-based harassment occurring within MPS's education program or activities and for pursuing available remedies, is available on the MPS's website.

Whistleblower Policy

MPS requires its directors, officers, employees, and volunteers to observe high standards of ethics in the conduct of their duties and responsibilities within the School. As representatives of the School, such individuals must practice honesty and integrity in fulfilling all responsibilities and must comply with all applicable laws and regulations. The purpose of this policy is to create an ethical and open work environment, to ensure that the School has a governance and accountability structure that supports its mission, and to encourage and enable directors, officers, employees, and volunteers of the School to raise serious concerns about the occurrence of illegal or unethical actions within the School before turning to outside parties for resolution.

All directors, officers, employees, and volunteers of the School have a responsibility to report any action

or suspected action taken within the School that is illegal, unethical or violates any adopted policy of the School, or local rule or regulation to their direct supervisor or to the MPS P&C Department if the concern is about the Supervisor. If the concern is being brought by a non-employee, it should be reported to the school site Principal. Anyone reporting a violation must act in good faith, without malice to the School or any individual at the School and have reasonable grounds for believing that the information shared in the report indicates that a violation has occurred. A person who makes a report does not have to prove that a violation has occurred. However, any report which the reporter has made maliciously or any report which the reporter has good reason to believe is false will be viewed as a serious disciplinary offense. No one who in good faith reports a violation, or who, in good faith, cooperates in the investigation of a violation shall suffer harassment, retaliation, or adverse employment action. Further, no one who in good faith discloses, who may disclose, or who the School believes disclosed or may disclose information regarding alleged violations to a person with authority over the employee or another employee who had responsibility for investigating, discovering or correcting the purported violation shall suffer harassment, retaliation, or adverse employment action.

Drug- and Alcohol-Free Workplace

MPS is committed to providing a drug and alcohol-free workplace and to promoting safety in the workplace, employee health and well-being, stakeholder confidence and a work environment that is conducive to attaining high work standards. The use of drugs and alcohol by employees, whether on or off the job, volunteers, and independent contractors, jeopardizes these goals, since it adversely affects health and safety, security, productivity, and public confidence and trust. Drug or alcohol use in the workplace or during the performance of job duties is extremely harmful to employees and to other MPS stakeholders.

The bringing to the workplace, possession or use of intoxicating beverages or drugs on any School premises or during the performance of work duties is prohibited and will result in disciplinary action up to and including termination.

Employees involved in an accident or injury in relation to their work may be subject to mandatory drug or alcohol testing. If MPS assigns post-incident drug or alcohol testing, the employee must agree to submit to the testing for the safety of the workplace, or they may be subject to discipline for failing to comply with a necessary safety protocol.

This policy does not prohibit an employee's use of cannabis off the job and away from the workplace where expressly protected by California law unless the use impacts the work environment.

Confidential Information

All personnel information and information relating to students, including personal information, schools attended, addresses, contact numbers and progress information is confidential in nature, and may not be shared with or distributed to unauthorized parties or email addresses (including a private employee email). All records concerning special education pupils shall be kept strictly confidential and maintained in separate files. Failure to maintain confidentiality may result in disciplinary action, up to and including release from at-will employment.

Employees at the worksite and teleworking must ensure confidential information is maintained in a secure location restricted from access by unauthorized third parties.

Conflict of Interest

All employees are expected to avoid situations that involve or may appear to involve an actual or potential conflict of interest. A conflict of interest arises when personal, financial, or professional relationships or activities interfere with, or have the potential to interfere with, the employee's responsibilities to MPS.

Disclosure Obligation

Employees must immediately and fully disclose any relationships, activities, or circumstances that may constitute a potential or actual conflict of interest. Disclosure should be made to the employee's immediate supervisor or any other appropriate supervisor. This allows MPS to assess the situation and determine whether a conflict exists.

Failure to disclose facts related to a potential or actual conflict of interest may result in disciplinary action, up to and including termination of employment.

Priority of Organizational Work

Employees must prioritize their duties and responsibilities to MPS. While involvement in external activities or organizations is encouraged, such participation must not interfere with work responsibilities. Employees are expected to ensure that their primary focus remains on fulfilling their organizational commitments.

Personal Beliefs and Advocacy

Employees are entitled to their personal beliefs, opinions, and affiliations. However, it is important that these remain personal and do not conflict with or appear to conflict with MPS's organizational values, policies, or public standpoint. Employees must not use their role at MPS to advocate for political, social, or other causes that could misrepresent the organization's stance or affect its reputation.

Any expression of personal beliefs during work hours, in MPS communication channels, or while representing the organization must align with MPS's mission, values, and policies. Employees are expected to maintain professional boundaries to ensure that their personal beliefs do not interfere with their responsibilities or create a perception of organizational endorsement.

Time Off for External Activities

If an employee needs to engage in any external activities or meetings during regular work hours, they must submit a time-off request in advance. All time-off requests must comply with MPS's attendance policy and must honor blackout and gray-out periods on the organizational calendar. This ensures absences are properly documented and managed.

No External Work During Work Hours

Engaging in external activities or volunteer work during regular work hours is not permitted. Such activities must be conducted outside of scheduled work hours to avoid conflicts with work obligations.

Relationships between Employees

While the School's policies do not permit discrimination based on an individual's marital status, the individual's relations to another School employee or their lawful off duty conduct, some situations can create conflicts of interest requiring the School to take the employee's relationship with another employee into account.

An employee should not be in a supervisory role with another employee who is a relative (i.e., sibling, parent, spouse, domestic partner, etc.). Supervisors should avoid situations that result in actual or perceived conflicts of interest with supervised employees and avoid situations of favoritism.

A supervisor should avoid forming special social relationships or dating employees under their direct supervision, or with other employees that would create actual or perceived conflicts of interest and situations of favoritism. If such a relationship arises, both employees should notify the School so that appropriate measures can be taken to prevent actual or perceived conflicts of interest or favoritism.

The School reserves the right to take appropriate action if employee relationships interfere with the safety, morale or security of the School, or if the relationships create an actual or perceived conflict of interest or favoritism.

No Smoking

It is the policy of MPS to prohibit smoking and vaping on all School premises and at off-campus School-sponsored events. Additionally, smoking is prohibited within 250 feet of any facility or park where a School sports event is taking place.

GENERAL WORKPLACE POLICIES

Workplace Violence

The School takes the safety and security of its employees seriously and therefore maintains a comprehensive Workplace Violence Prevention Plan. Employees receive annual training on workplace violence prevention consistent with California law. The School does not tolerate acts or threats of physical violence, including but not limited to intimidation, harassment and/or coercion, that involve or affect the School or that occur, or are likely to occur, on School property. Any act or threat of violence must be immediately reported as required by the Workplace Violence Prevention Plan, including to **the Principal for school site concerns and to the MPS P&C Department for Home Office concerns.** This policy also addresses workplace hazards and related safety procedures. Concerns about the safety of the work environment or an assignment must be immediately reported to **the Principal for school site concerns and to the MPS P&C Department for Home Office concerns.**

Health, Safety and Security Policies

The School is committed to providing and maintaining a healthy and safe work environment for all employees. Accordingly, the School has instituted an Injury and Illness Prevention Program designed to protect the health and safety of all personnel. Every employee will receive a copy of the Injury and Illness Prevention Program, which is kept by **the Principal** and is available for your review. Additionally, the School has adopted a reopening plan to address the safe reopening and operating of MPS schools following the school closure due to COVID-19.

Employees must carefully review and comply with the reopening plan for which they will receive training and further instruction during Professional Development training and as needed.

Employees are required to know and comply with the School's general safety rules and to follow safe and healthy work practices at all times. Any potential health or safety hazards and all injuries or accidents must be immediately reported to a supervisor. Employees must support campus safety by not bringing visitors to campus without express supervisor approval, including the employees own children, if not students of MPS. In compliance with Proposition 65, the School will inform all employees of any known exposure to a chemical known to cause cancer or reproductive toxicity.

Security Protocols

MPS has developed guidelines to help maintain a secure workplace. Employees are encouraged to be aware of their surroundings and be on the lookout at all times for any unusual circumstances, such as unknown people loitering in parking areas, walkways, entrances and exits and service areas. Report any suspicious people or activities to **the Principal (or MERF P&C Department for MERF employees)**. Employee desks and offices should be secured at the end of the day. When an employee is called away from their work area for an extended length of time, valuable or personal articles should not be left around a workstation that may be accessible. The security of facilities as well as the welfare of employees depends upon the alertness and sensitivity of every individual to potential security risks. Employees should immediately notify **the Principal (or MERF P&C Department for MERF employees)** when keys are missing or if security access codes or passes have been breached.

Occupational Safety

MPS is committed to the safety of its employees, vendors, contractors and the public and to providing a clear safety goal for management.

The prevention of accidents is the responsibility of every School employee and supervisor. It is also the duty of all employees to accept and promote the established safety regulations and procedures. Every effort will be made to provide adequate safety training. If an employee is ever in doubt how to perform a job or task safely, the employee should request assistance from a supervisor. Unsafe conditions must be reported immediately.

Employees shall be observant of any workplace conditions that may be a cause or contributor to the spread of illness caused by virus and disease, including unclean surfaces, personal illness or the possible illness of others, or work conditions that may seem unsanitary or in violation of any active public health

or government order.

To maintain occupational safety, the School may adopt and enforce any government or agency approved measures for evaluating and enforcing employee health and wellness, including health screenings, assessments, or checks.

It is the policy of the School that accident prevention shall be considered of primary importance in all phases of operation and administration. MPS's management is required to provide safe and healthy working conditions for all employees and to establish and require the use of safe practices at all times.

Failure to comply with or enforce School safety and health rules, practices and procedures could result in disciplinary action up to and including possible termination.

Accident/Incident Reporting

It is the duty of every employee to immediately or as soon as is practical report any accident, injury, or possible cause of COVID-19 occurring during work or on School premises so that arrangements can be made for medical or first aid treatment, as well as for investigation and follow-up purposes.

Reporting Fires and Emergencies

It is the duty of every employee to know how to report fires and other emergencies quickly and accurately. Employees should report any such emergency by calling management. In addition, all employees should know the local emergency numbers such as 911.

School Property Inspections

The School is committed to providing a work environment that is safe and free of illegal drugs, alcohol, firearms, explosives and other improper materials. Additionally, the School provides property and facilities to its employees to carry out business on behalf of the School. Accordingly, employees do not have a reasonable expectation of privacy when using any School property or facilities. All School facilities and property, including all items contained therein, may be inspected by the School at any time, with or without prior notice to the employee or employee permission. School property includes all desks, electronic devices, storage areas, workstations, lockers, file cabinets, computers, telephone systems, email systems and other storage devices.

The School reserves the right to deny entry to the School property to any person, including those who refuse to cooperate with any inspections by the School. Any employee who fails to cooperate with inspections may be subject to disciplinary action, up to and including dismissal.

Soliciting/Conducting Personal Business While on Duty

Employees are not permitted to conduct personal business or solicit personal business for any cause or organization while on-duty, or when the employee being solicited is supposed to be working. This prohibition includes distributing literature and other material. Distribution of materials is also against the School's policy if it interferes with access to facility premises, if it results in litter, or if it is conducted in

areas where other employees are working. Solicitation during non-work time, e.g., paid breaks, lunch periods or other such non-work periods, is permissible. Entry on the School premises by non-employees is not permitted, unless related to official School business. Solicitation or distribution of written materials by non-employees is strictly prohibited.

Use of School Communication Equipment and Technology

All School owned communications equipment and technology, including computers, electronic mail systems, individual emails, voicemail systems, internet access, software, telephone systems, document transmission systems and handheld data processing systems remain the property of the School and are provided to the employee to carry out business on behalf of the School, unless previously authorized for nonbusiness use.

Employees have no expectation of privacy in any communications made using School owned equipment and technology. Communications (including any attached message or data) made using School owned communications equipment and technology are subject to review, inspection and monitoring by the School. Employees are prohibited from forwarding files, emails, or school owned resources to their personal email accounts or any reason or outside the MPS network for non-School use.

Employees should not use personal devices or email accounts for MPS-related communications. Such communications should only take place using MPS-issued devices and via the employee's MPS email account. **Employees are required to promptly respond to work emails and communications. Exempt and nonexempt employees must respond within one (1) business day.**

Additionally, the School uses technology protection measures that protect against internet access (by both minors and adults) to visual depictions that are obscene, pornographic, and/or harmful to minors. These measures may include, but are not limited to, using a spam filter, installing a blocking system to block specific internet sites, setting internet browsers to block access to adult sites, using a filtering system that will filter all internet traffic and report potential instances of misuse to the School.

Passwords used in connection with the School's communications equipment and technology are intended to restrict unauthorized use only, not to restrict access of authorized School employees. Therefore, employees are required to provide **the I.T. Coordinator** with all passwords used in connection with the School's communications equipment and technology any time the employee's passwords are created or changed. In addition, employees are required to safeguard their passwords to limit unauthorized use of computers by minors in accordance with the Student Internet Use Policy and Agreement. Employees that do not safeguard their passwords from unauthorized student use, or that allow a student to access computers in violation of the Student Internet Use Policy and Agreement, will be subject to discipline, up to and including termination.

Internet use is for business purposes only. All employees using the internet through the School's communications equipment and technology must respect all copyright laws. Employees are not permitted to copy, retrieve, modify, or forward copyrighted materials unless authorized by law or with express written permission of the owner of the copyright.

Employees are not permitted to use the School's communications equipment and technology to view

content or images that are obscene, pornographic, and/or harmful to minors. The email system and internet access are not to be used in any way that may be disruptive, harassing or offensive to others, illegal or harmful to morale. For example, sexually explicit images, ethnic slurs, racial epithets or anything else that may be construed as harassment or disparagement of others based on their race, national origin, gender, sexual orientation, age, religious beliefs or political beliefs with little or no educational value may not be displayed or transmitted. The e- mail system and internet access are not to be used in any manner that is against the policies of the School, contrary to the best interest of the School or for personal gain or profit of the employee against the interests of the School. Employees must not use the School's communications equipment and technology for the unauthorized disclosure, use and dissemination of personal information regarding students.

Artificial Intelligence Policy

Introduction

Magnolia Public Schools ("School") is a forward-thinking educational organization that is dedicated to creating a transformative learning environment where Artificial Intelligence ("AI") technologies—ranging from generative models to predictive analytics, adaptive learning systems, and intelligent tutoring applications—enhance education. These tools foster a more inclusive, innovative, and equitable experience for students by supporting differentiated instruction, improving access to personalized resources, and driving data-informed decisions that elevate student outcomes.

The School supports the ethical and responsible use of AI to elevate traditional teaching methods by offering personalized learning experiences, targeted interventions, and operational efficiencies. The School is committed to continuously evaluating AI's impact to ensure alignment with our core values of equity, student-centered learning, and academic excellence.

Definition

AI refers to the technology that enables machines to perform complex tasks typically requiring human intelligence. These tasks include learning, reasoning, problem-solving, perception, and language understanding. AI combines algorithms, data, and computational power allowing them to recognize patterns, make original decisions and improve over time through learning and adaptation. AI tools such as Bard, Bing Chat, Chat GPT, and Dall-E ("AI platforms") can produce new content and replicate existing content, such as text, images, or music, based on patterns recognized from training data. AI predicts likely outcomes but cannot guarantee accuracy or reliability. AI output can be inaccurate, misleading, or incomplete and must be used with caution. Content created by AI is intended to be a starting-point and must never be utilized as a final product due to the risk of inaccuracy or even infringement of rights of content owners.

Integrity and Avoidance of Plagiarism

"Plagiarism" is the unauthorized use or close imitation of the language and thoughts of another author and the representation of them as one's own original work. This includes claiming products generated by AI as one's own work. Pupils must not represent AI-generated content as their own original work. It can serve as a tool to stimulate their ideas and enrich their assignments while upholding the values of

honesty and integrity.

Prohibited Use of AI

Utilizing an AI platform to access, create, or display content that is harmful, inappropriate, threatening, obscene, disruptive, or sexually explicit is prohibited. This also includes content that could be seen as harassment or bullying, or that disparages others based on their race, ethnicity, national origin, sex, gender, sexual orientation, age, disability, religion, or political beliefs.

Employees of MPS are prohibited from using wearable recording devices, including but not limited to AI-enabled glasses, smartwatches with recording capabilities, body cameras, or any other device capable of capturing audio, video, or images, in the workplace or during work-related activities without prior written authorization from MPS. This prohibition applies in all work settings, including classrooms, offices, staff meetings, and school events, whether on or off campus. Employees who observe unauthorized recording device use should report it to P & C promptly. Unauthorized recordings that capture the image or voice of another student may implicate the privacy rights of that student and their family under FERPA and California law, and the School reserves the right to require deletion of any such recording and to report the conduct to appropriate authorities where warranted. Violations may result in disciplinary action, up to and including termination. Nothing in this policy is intended to limit employees' rights under applicable law.

Protection of Personally Identifiable Information (PII)

Disclosing or inputting confidential or personally identifiable information into AI platforms is strictly prohibited. Personally identifiable information encompasses, but is not limited to, a person's full name, image, email address, phone number, Social Security number, medical information, or any other information, including AI generated images, that can be used to identify someone. Employees and students must never enter or upload PII of students, employees, or other individuals into any AI platform, even in secure or private settings. This includes both direct identifiers and indirect information that could reasonably be used to determine an individual's identity. AI platforms are not secure repositories for sensitive information, and any inputted PII may be stored, analyzed, or shared in ways beyond the control of the user or the School. Violations of this policy may result in disciplinary action, up to and including termination of employment.

Telework Policy

Purpose

From time to time, in its discretion, MPS may assign certain staff members to telework based on the needs of the organization. If telework is assigned, or otherwise authorized, employees will comply with the requirements of this telework policy.

Definition

Teleworking allows employees to work at home or in an approved remote location for all or part of their regular workweek. Teleworking is not an entitlement, nor is it a Magnolia-wide benefit. This

arrangement in no way alters or changes the terms and conditions of employment with Magnolia, and the promulgation of this Policy creates no employee rights in relation to teleworking. Furthermore, Magnolia has the right to refuse to make telework available to an employee and to terminate a telework assignment without cause at any time in its sole discretion based on organizational needs.

General Requirements

MPS will designate at the beginning of employment whether a position is on-site, fully remote, or a hybrid of on- site and remote (also known as telework). Employees with telework assignments shall make arrangements with their supervisor and co-workers to address on-site job demands that arise, including returning to the work site to perform certain job duties as needed or as directed by their supervisor. Employees shall be responsible for following all Magnolia policies and procedures when teleworking, including all of the foregoing set forth in Magnolia's most recent Employee Handbook. Employees shall also be solely responsible for the performance of their telework duties; assistance from third parties is strictly prohibited.

Nonexempt employees will be required to (1) record all hours worked as assigned by Magnolia and (2) take and document applicable meal/rest periods. Nonexempt employees must also receive prior written approval from a supervisor prior to working additional hours or overtime. Failure to comply with timekeeping and work hours requirements may result in disciplinary action, up to and including termination from employment.

Eligibility Considerations

Consideration will be given to employees who work in positions adaptable for telework assignments, particularly those who have demonstrated work habits and performance well-suited to successful teleworking. In the sole discretion of Magnolia and its management, the following eligibility factors will be considered:

- The employee has a position where effective communication can be accommodated electronically;
- The employee's telework assignment will not be detrimental to the productivity or work quality of other employees or the effective operation of Magnolia;
- The employee must be able to perform work from home or an approved remote location without distractions or unnecessary risk to the security of Magnolia data, records, networks, or confidentiality generally;
- The employee's equipment and software must meet Magnolia's guidelines/standards, and the employee's needs for Information Technology ("IT") support must be minimal;
- Telework sites must be in California;
- The employee must be effective at working independently for extended periods of time;
- The employee has demonstrated or can demonstrate effective time-management skills by completing tasks efficiently and within any required deadlines;
- The employee must maintain connections with work groups or teams from their remote work location; and
- The employee has no recent or pending corrective or disciplinary actions. Supervisor Responsibilities

Supervisors managing employees who have been permitted to telework must effectively:

- Implement the telework policy/guidelines;
- Conduct remote supervision;
- Understand the technology and tools necessary for successful remote supervision; and
- Establish communication protocols with telework employees, including making continued efforts to involve teleworking employees in office/department events, meetings, messages, etc., as applicable, to preserve teamwork.

Supervisors will assess each employee's progress on a telework assignment periodically to ensure the employee's compliance with telework requirements, and address any work-related issues, including completing evaluations and other performance management as appropriate.

Communication and Accessibility

Employees and supervisors must determine how communication between the teleworking employee, the worksite, and/or other employees also teleworking will be handled. Employees shall keep their supervisor and, as needed, their co-workers or other Magnolia stakeholders (e.g., students and/or parents), informed of their availability so these individuals know how and when to reach the employee during the employee's telework assignment.

Employees must be accessible by phone and email at all times to their supervisor, co-workers, Magnolia stakeholders, and Magnolia generally during assigned work hours. Employees must notify their supervisors if they leave their telework site during agreed upon hours, aside from applicable meal and rest periods. Employees must post their telework schedule on their calendar, including applicable meal and rest periods. Employees must also remain flexible in their scheduling and shall be available to attend staff meetings and other meetings as required by their supervisor.

Safety

Telework space is considered an extension of Magnolia's worksite. Employees will have the same responsibility for safe practices, accident prevention, and accident/injury reporting as in the regular worksite. In case of injury, accident, theft, loss, or tort liability related to telework, the employee must immediately report the event to their supervisor and allow Magnolia or its authorized agent to investigate and/or inspect the telework site as needed. Employees are responsible for establishing and maintaining a designated, adequate workspace at their telework location. When the telework location is the employee's home, the employee is responsible for ensuring the location is safe (free from hazards and other dangers to the employee or equipment), clean, professional, and free of distractions (e.g., children, pets, electronic devices, etc.).

Supplies, Equipment, And Furniture

Magnolia will determine, with information supplied by the employee and supervisor, the appropriate equipment needs for each telework assignment. Magnolia will not provide office furniture for the workspace at home; employees' home workspaces must be minimally equipped to serve as a remote workspace.

Magnolia-provided equipment (e.g., laptops, hotspots) must be used for work purposes only, remains Magnolia property, and must be returned at the end of a telework assignment. Employees shall not be entitled to reimbursement for use of Magnolia property and may be held liable for negligent damage or loss.

Employees may provide their own technology for Magnolia-related work with prior approval and may be eligible for reimbursement under this policy. Magnolia accepts no responsibility for damage or repairs to employee-owned equipment.

Reimbursement

Magnolia shall reimburse employees for actual and necessary business expenses when expressly authorized and preapproved. Employees seeking reimbursement above standardized amounts must submit documentation (e.g., internet or phone bills), which may be redacted for confidentiality.

Information Security And Confidentiality

Employees must never provide third parties access to Magnolia systems or share network passwords. Teleworking employees must ensure that confidential or sensitive work remains secure and inaccessible to family members, guests, or other unauthorized individuals.

Performance Standards

Employees must maintain the same or an improved level of productivity and work quality while teleworking. If productivity and/or work quality decline, the telework assignment may be reevaluated to determine whether changes or termination of the assignment are warranted.

Professional Boundaries

Employees must maintain appropriate professionalism when interacting remotely with students and/or families. Violations of professional boundaries may result in disciplinary action, up to and including termination.

Evaluation & Duration

Evaluation of performance during a telework assignment may include daily or periodic communication via video, phone, and/or email, as well as scheduled meetings to discuss progress and issues.
Magnolia may modify or terminate telework assignments at any time, with or without cause or advance notice. Although not required, Magnolia will endeavor to provide seven (7) days' notice of modification or termination whenever possible.

All telework assignments remain subject to ongoing review and may be continued, modified, or discontinued based on organizational needs.

Use of Personal Property

Employees are not encouraged to bring personal property or materials for use in the School setting. If an employee wishes to bring a personal item for School use, they must first obtain approval from MPS. MPS will not be responsible or liable for any personal property brought to the School, and the employee assumes all liability for any damage or injury related to the item.
The employee may be subject to discipline for violating this policy. The School will not be liable for lost, stolen, or damaged personal property items, and such items are brought to the workplace at the employee's own risk.
Employees are solely responsible for transporting, storing, and moving their personal belongings. If an employee is reassigned, transferred, or relocated to a different classroom or workspace, MPS will not provide assistance or resources for moving the employee's personal items. This limitation does not apply to School-provided equipment or materials, which will be handled according to standard procedures.

Security Cameras on Campus

MPS has authorized the use of security cameras in public areas where there is no reasonable expectation of privacy, including in and around School buildings and on School property. The purpose of this program is to promote and maintain a safe, secure, and healthy environment for students and staff, and to protect the community's investment in School owned or leased property and facilities.

Public areas may include school buses, building entrances, hallways, parking lots, front offices where students, employees, and parents come and go, break rooms, gymnasiums during public activities, cafeterias, and supply rooms. Private areas of campus, such as private employee offices (unless consent by the office owner is given), restrooms, and locker rooms will not be subject to security camera recording. Additionally, MPS will post signage indicating the areas of campus where security cameras are in use.

The precise location of security cameras should be determined by MPS or by the School-site principal with the approval of the CEO. Input from employees may be sought to determine the most beneficial locations for security cameras. A diagram showing the wiring of the local server for the security cameras at the school sites shall be shared with the Board prior to the installation of the security monitoring system.

Security cameras will not be used to record audio or live footage, and footage will be kept private and destroyed after thirty (30) days, unless the preservation of the footage is otherwise needed. Authorized personnel may view the security camera footage by accessing the pre-recorded footage saved to a digital file. While MPS will not use the security camera footage to evaluate employee performance, it may be used by MPS or law enforcement in cases of suspected illegal or inappropriate conduct. In such cases, MPS cannot guarantee that security camera footage will be kept private.

Under no circumstances will employees make unauthorized copies or duplicates of security camera footage.

Employees are prohibited from tampering with the MPS's security cameras, systems, and/or footage. "Tampering" includes any unauthorized use, access, or physical damage, or any attempt to interfere, block or prevent the security camera from recording footage. Any employee found to have tampered

with MPS security monitoring system may be disciplined, up to and including termination, and they may also be liable for any damage to the system.

Social Media

If an employee decides to post information on the Internet (i.e., TikTok, Snapchat Facebook, Instagram, etc.) that discusses any aspect of their workplace activities, the following restrictions apply:

- School equipment, including its computers and electronics systems, may not be used for these purposes;
  - Employees may not use or post images of students or student information or work;

- Student and employee confidentiality policies must be adhered to;
  - Employees must make clear that the views expressed are their own and not those of the School;
  - Employees may not use the School's logos, trademarks and/or copyrighted material and are not authorized to speak on the School's behalf;
  - Employees are not authorized to publish any confidential information maintained by the School;
  - Employees are prohibited from making discriminatory, defamatory, libelous or slanderous comments when discussing the School, the employee's supervisors, co-workers and competitors;
  - Employees must comply with all School policies, including, but not limited to, rules against sexual harassment and retaliation.

The School reserves the right to take disciplinary action against any employee whose social media postings are disruptive to the School or violate this or other School policies.

Intellectual Property Rights

Any intellectual property, such as trademarks, copyrights and patents, and any work created by an employee in the course of employment at the School shall be the property of the School and deemed a work made for hire and the employee is deemed to have waived all rights in favor of the School. Work, for the purpose of this policy refers to written, creative or media work. All source material used in presentation or written documents must be acknowledged by the author or owner.

Media Contacts

All media inquiries regarding the School and its operations must be referred to the **Chief Impact Officer or designee**. Only the Chief Impact Officer or designee is authorized to make or approve public statements pertaining to the School or its operations, although public employees do not lose the right to speak on matters of public importance. No employee, unless specifically designated by the **Chief Impact Officer** or designee, is authorized to make statements to the media on behalf of the School. Any employee who would like to write and/or publish an article, paper, or other publication on behalf of the School must obtain approval from the Chief Impact Officer or designee before publication.

Personnel Files and Record Keeping Protocols

At the time of employment, a personnel file is established for each employee. It is each employee's responsibility to keep **the Principal (or MERF P&C Department for MERF employees)** advised of changes that should be reflected in their personnel file by making the changes in the Human Resources Information System Employee Self Service Portal. Such changes include change in name, address, telephone number, personal information if required for insurance purposes (e.g., marital/domestic partnership status, number of dependents) and person(s) to notify in case of emergency. Prompt notification of these changes is essential and will enable the School to contact an employee should the change affect their other records.

Employees have the right to inspect documents in their personnel file, as provided by law, in the presence of a School representative, at a mutually convenient time. Employees also have the right to obtain a copy of their personnel file as provided by law. Employees may add comments to any disputed item in the file. MPS will restrict disclosure of personnel files to authorized individuals within the School. A request for information contained in the personnel file must be directed to **the Principal (or MERF P&C Department for MERF employees)**. Only **the Principal and MERF P&C Department** or designee is authorized to release information about current or former employees. Disclosure of information to outside sources will be limited. However, the School will cooperate with requests from authorized law enforcement, or local, state or federal agencies conducting official investigations or as otherwise legally required. Credible complaints of substantiated investigations into or discipline for egregious misconduct will not be expunged from an employee's personnel file unless the complaint is heard by an arbitrator, administrative law judge, or the Board and the complaint is deemed to be false, not credible, unsubstantiated or a determination was made that discipline was not warranted.

Work Hours and Schedules

The School's normal operating hours are from ***7:30 a.m. to 4:00 p.m.**, Monday through Friday. The work schedule for hourly nonexempt employees may vary. Each employee will be assigned a work schedule by their supervisor. *Typical working hours for hourly nonexempt employees may be as follows:

REGULAR WORKING HOURS*	
School Level: Full-time office staff	7:30 a.m. – 4:00 p.m. (may include a meal break for thirty (30) minutes and two ten (10) minute breaks)
School Level: All other full-time employees	7:45 a.m. – 4:00 p.m. (may include a meal break for thirty (30) minutes and two ten (10) minute breaks)
CMO Level: All full-time MERF employees	8:30 a.m. – 5:00 p.m. (may include a meal break for thirty (30) minutes and two ten (10) -minute breaks)

* Working hours may vary from one School site to another.

Employee work schedules and pay may fluctuate depending on the workload:

- Employees may have to work hours beyond their normal schedules as work demands require.
- Hourly employees will only be paid for the hours worked unless accrued paid leave is used or during a paid holiday for eligible employees.
- Employees are expected to attend weekly staff meetings and other mandatory training and meetings.
- Full-time teachers may be required to supplement regular curricular activities through after school programs, including tutoring and clubs. Each full-time teacher is expected to offer at least two after school programs per week.
- As directed by the Principal, employees may be required to conduct home visits to develop a positive school-home relationship that supports student achievement.
- As directed by the Principal, employees may also be required to attend school events and activities, including but not limited to, parent conferences, student/parent orientation, back-to-school nights, parent/community meetings, and any other school events and activities that occur during or outside of the normal school day, as indicated in the work year calendar. This required work is distinguishable from the employee's involvement in non-work volunteer activities, which are not required by the employee's employment.
- Employees are expected to perform other duties as requested by their direct supervisor.

Overtime

Whether an employee is exempt from or subject to overtime pay will be determined on a case by-case basis. Generally, teachers and administrators are exempt from earning overtime pay. Exempt employees may have to work hours beyond their normal schedules as work demands require, thus, no overtime compensation will be paid to exempt employees. Nonexempt employees may be eligible to earn

overtime if required to work beyond the regularly scheduled workday or workweek. Only actual hours worked in a given workday or workweek can apply in calculating overtime for nonexempt employees. MPS will attempt to distribute overtime evenly and accommodate individual schedules, however, the operational needs of the School are paramount. All overtime work must be previously authorized in writing by **the Principal (or MERF P&C Department for MERF employees.)** MPS provides compensation for all overtime hours worked by nonexempt employees in accordance with state and federal law.

Make Up Time

A nonexempt employee may make a written request to make up work time that is or would be lost as a result of another scheduled absence. It is at the sole discretion of the School to approve or reject the request. The hours of that make-up work may only be performed in the same workweek in which the work time was lost and may not result in the employee earning overtime. The makeup time must not exceed eleven (11) hours of work in one day or forty (40) hours of work in one week. The employee is responsible for recording the time worked and taking all applicable rest and meal breaks during make-up time. Make up time is not encouraged and is based on the availability of work.

Employees who are called to work on a scheduled day off, such as a holiday, may be provided a makeup day off during the same workweek, schedule permitting and with supervisor approval.

Wage Attachments and Garnishments

Under normal circumstances, the School will not assist creditors in the collection of personal debts from its employees. However, creditors may resort to certain legal procedures such as garnishments, levies or judgments that require the School, by law, to withhold part of an employee's earnings in their favor. The School will comply with such legal procedures.

Employees are strongly encouraged to avoid such wage attachments and garnishments.

Meal and Rest Periods

All employees working at least five (5) hours are provided with a thirty (30) minute unpaid meal period, to be taken approximately in the middle of the workday, but by no later than the end of the fifth (5th) hour of work. An employee may waive this meal period if the day's work will be completed in no more than six (6) hours, provided the employee and MPS mutually consent to the waiver in writing.

Nonexempt employees are also provided with a ten (10) minute rest period for every four (4) hours worked or major fraction thereof, which should be scheduled towards the middle of the four (4) hour work period as practicable. Employees are prohibited from combining meal and rest period time. An employee's supervisor must be aware of and approve scheduled meal and rest periods. Employees must immediately inform their supervisor if they are prevented from taking their meal and/or rest periods. Employees are expected to observe assigned working hours and the time allowed for meal and rest periods.

Lactation Accommodation

MPS accommodates lactating employees by providing a reasonable amount of break time to any employee who desires to express breast milk for an infant child. The break time shall, if possible, run concurrently with any break time already provided to the employee. Any break time provided to express breast milk that does not run concurrently with break time already provided to the nonexempt employee shall be unpaid.

MPS will make reasonable efforts to provide employees who need lactation accommodation with the use of a room or other private location that is clean and located close to the employee's work area. Such a room/location shall not be a bathroom or contain toxic or hazardous materials, and shall have electricity, a surface to place a breast pump, and a place to sit. Employees shall also be given access to a sink with running water and a refrigerator. Employees with private offices will be required to use their offices to express breast milk.

Employees who desire lactation accommodation should contact their supervisor to request accommodations.

Pay Days

Paydays are scheduled twice per month for **all employees**. The pay periods run from the 1st of the month to the 15th of the month (with paychecks available on the 20th of the month) and the 16th of the month to the end of the month (with paychecks available on the 5th of the following month). For 12-month employees, the School pays up to twenty-four (24) pay periods. For 11-month employees, the School pays up to twenty-two (22) pay periods.

The total number of pay periods may vary depending on the starting and ending date of employment, and whether the employee performed work, used time from the accrued leave (paid sick leave, vacation leave, PTO), or is eligible for a paid holiday during the pay period. The last pay period of the school year ends on June 30th. Each paycheck will include earnings for all reported work performed through the end of the payroll period and is subject to regular withholdings. In the event that a regularly scheduled payday falls on a weekend or holiday, employees will receive their pay no later than the next day of work after the day(s) off.

Employees should promptly notify **the Principal (or MERF P&C Department for MERF employees)** with questions regarding the calculations of their paycheck. Any corrections will be noted and will appear on the following payroll check.

Payroll Withholdings

As required by law, the School shall make all required withholdings, including:

- Federal Income Tax Withholding: The amount varies with the number of exemptions the employee claims and the gross pay amount.
- State Income Tax Withholding: The amount varies with the number of exemptions the employee claims and the gross pay amount.

- Social Security (FICA): The Federal Insurance Contribution Act requires that a certain percentage of employee earnings be deducted and forwarded to the federal government, together with an equal amount contributed by the School.

- State Disability Insurance (SDI): This state fund is used to provide benefits to those out of work because of illness or disability. These contributions also cover Paid Family Leave (PFL) benefits to those out of work to care for a seriously ill family member/designated person or bond with a new child. SFI and PFL benefits are managed by California Employment Development Department (EDD) and are not determined by the School.

- CalSTRS and CalPERS Contributions: The School participates in the California State Teachers Retirement (CalSTRS) and the California Public Employee Retirement System (CalPERS), which are pension programs that provide defined benefits to qualifying members in retirement. Employees will have a percentage of their pay withheld to contribute to the CalSTRS and CalPERS, and the school will also make a monthly contribution on the employee's behalf.

Employees may also have deductions made to their paychecks when a wage overpayment occurs. The School will provide the employee with a written notice which describes the wage overpayment and will afford the employee an opportunity to respond before commencing any recoupment action. If the employee disputes the wage overpayment, the School shall initiate a legal action to validate the overpayment before proceeding with recoupment. The School may require the employee to reimburse an overpayment through a mutually agreeable method, including through cash repayment or a deduction of the employee's payroll check, among other options. An employee who is separated from employment before full repayment of the overpayment amount shall have any remaining amounts withheld from their final check. The School also reserves the right to exercise any and all other legal means to recover any additional amounts owed. The School shall provide employees with advance written notice of the deduction prior to the pay period where it will go into effect.

Every payroll deduction is explained on the check voucher. Employees are directed to contact Human Resources with questions.

Employees may change the number of withholding allowances claimed for Federal Income Tax purposes at any time by filling out a new W-4 form and submitting it to **the Principal (or MERF P&C Department for MERF employees) and by updating the Human Resources Information System Employee Self Service Portal**. The P&C Department also maintains a supply of forms.

It is the employee's responsibility to report any changes in filing status to **the Principal (or MERF P&C Department for MERF employees)** by updating his/her Human Resource Management System Employee Self Service Portal.

At the end of the calendar year, a "withholding statement" (W-2) will be prepared and forwarded to each employee for use in connection with preparation of income tax returns. The W-2 shows Social Security information, taxes withheld and total wages.

The School offers programs and benefits beyond those required by law. Employees who wish to

participate in these programs may voluntarily authorize deductions from their paychecks.

Salary Compensation for Partial Pay Period

Salary payments to employees who are employed for less than a full pay period because of leave without pay, separation from employment for any reason, or employment at dates other than the beginning or the end of the pay period are computed on the basis of actual working days in the month. For this purpose, working days are considered to be forty (40) hours Monday through Friday unless otherwise specified.

For teaching staff, the actual working days start on the first day of summer teacher in-service and end on the last day of school or on the end-of-year school wrap-up day, whichever is later.

Pay Rate Schedule

Pay is primarily determined by the work classification, employee qualifications, years of service, and individual performance. The School uses the Board approved employee pay raise scales to determine the salaries for full- time teaching staff and non-classroom based academic personnel and school leaders**. MERF employees and classified employees pay are determined by the MPS Board approved salary band. Please refer to the scales for details. For school level classified employees, the pay is primarily determined by the work classification and individual performance.**

Attendance Policy

Regular and reliable attendance is essential to supporting MPS's mission and ensuring strong student outcomes. With 180 instructional days each year, every employee plays a critical role in maintaining continuity of learning and school operations. Being present—not just physically, but as a prepared and punctual professional—directly impacts student success, team effectiveness, and the overall functioning of our schools.

Employees are expected to adhere to their assigned work schedules, to report to work on time, and to remain at work for their full scheduled shift unless an appropriate and approved absence occurs. School-organized In-Service days, Professional Development days, and all regular workdays are considered required workdays.

If an employee must be absent or late, they are required to notify their **direct supervisor** as early as possible and, when feasible, arrange absences in advance. If advance arrangement is not possible, employees must notify their **direct supervisor** no later than one-half (½) hour before the start of the workday. Employees who are absent for more than one day must keep their supervisor sufficiently informed of their status. Teachers must also maintain a substitute folder and ensure lesson plans and essential materials are accessible to support instructional continuity during an absence.

In addition to notifying a supervisor, all absences must be recorded in the HRIS system regardless of whether the employee has accrued leave available, so the employee's status is properly documented. Failure to properly record an absence is a violation of the attendance policy.

Excessive Absenteeism and Tardiness

Consistent attendance is a core professional responsibility. Excessive or unexcused absenteeism or tardiness disrupts school operations and student learning and will result in corrective action under the School's **Discipline Policy**.

Absences must comply with applicable leave laws, the Employee Handbook, and School procedures. Absence for more than three (3) consecutive days without notifying the Principal will be considered a voluntary resignation from employment, except in verified emergencies or circumstances protected by law.

Time missed due to tardiness may be deducted from available leave balances. Once all sick leave or vacation is exhausted, time missed will be unpaid.

CHART OF CONSEQUENCES FOR TARDINESS AND ABSENCES		
	OCCURRENCES/DAYS	**STEP AND ACTION**
TARDINESS	1 -2 occurrences	Verbal Warning + documented coaching
	3rd occurrence	Written Warning
	4th occurrence	Improvement Plan (PIP) + monitoring period
	5th occurrence	Final Written Warning
	6th occurrence	Disciplinary action up to and including termination
ABSENCES	After all sick leave/vacation days are used	Exempt: full day of pay deducted; Nonexempt: unpaid time; attendance expectations reviewe
UNEXCUSED ABSENCE	1st occurrence	Written Warning

NO CALL/NO SHOW	2nd occurrence	Final Written Warning
	3rd occurrence	Disciplinary action up to and including termination
	3 consecutive days	Considered job abandonment, which can lead to termination

Timecards and Records

By law, MPS is obligated to keep accurate records of the time worked by nonexempt employees. Such employees shall be required to utilize the School's timecard system.

Nonexempt employees must accurately clock in and out of their shifts as this is the only way the payroll department knows how many hours each employee has worked and how much each employee is owed. The timecard indicates when the employee arrived and when the employee departed. All nonexempt employees must clock in and out for arrival and departure, along with lunch and for absences like doctor or dentist appointments. All employees are required to keep the office advised of their departures from and returns to the school premises during the workday.

Nonexempt employees are solely responsible for ensuring accurate information on their time cards and remembering to record time worked. If an employee forgets to mark their time card or makes an error on the time card, the employee must contact the Principal within the same pay period to make the correction and such correction request must be approved by the Principal.

Nonexempt employees are prohibited from performing off-the-clock work, including but not limited to checking emails before/after work hours, performing work in the morning before logging in, and running School errands after logging out.

No one may record hours worked on another's timecard. Any employee who violates any aspect of this policy may be subject to disciplinary action, up to and including release from at-will employment with the School.

Mandatory Training and Meetings

As a professional learning organization committed to 180 days of strong instructional outcomes, MPS requires all employees to fully participate in scheduled mandatory trainings and meetings. These events—including summer in-services, professional development days, the All-Staff Symposium, and weekly staff meetings—are essential to building shared practices, ensuring consistency across schools, and supporting student achievement. **Attendance is not optional for mandatory events.**

Why This Matters

At Magnolia, we believe that every student deserves access to high-quality, aligned instruction and a unified, mission-driven school experience. Our mandatory gatherings—especially the All-Staff Symposium—are critical opportunities for:

- Building shared expectations and instructional alignment across all schools
- Strengthening organizational culture and connection
- Ensuring consistent practices that directly impact student success
- Equipping staff with tools and professional learning needed for the school year
- Creating space for collaboration, innovation, and collective problem-solving

These shared moments reaffirm our purpose and allow us to operate as **one team**, providing students with a cohesive educational experience regardless of campus.
For these reasons, staff are expected to prioritize attendance at all mandatory events and make personal arrangements (including childcare or transportation) well in advance to ensure participation.

Attendance Expectations
Employees must request an exception **in advance** from their direct supervisor if an unavoidable, documented extenuating circumstance arises. Personal preference, childcare issues, or travel inconvenience do not qualify as automatic exemptions and must still be formally reviewed and approved before the event.

Nonexempt employees will be compensated for mandatory training, lectures, and meetings occurring outside regular work hours, including applicable travel time and mileage in accordance with the MPS Reimbursement Policy.

Mandatory trainings and meetings will be clearly identified as such. Employees unsure whether an event is mandatory must clarify with their supervisor **before the scheduled date**.

All nonexempt employees must record all hours spent attending mandatory trainings and meetings on their timecards.

Failure to attend a required training or meeting without prior approval may result in corrective or disciplinary action under the Progressive Discipline Policy, up to and including written warnings, an Improvement Plan, or further disciplinary steps.

Expense Reimbursements

The School may reimburse employees for certain reasonably necessary expenses incurred in the furtherance of School business, including, but not limited to, fingerprint processing fees, TB test fees, First Aid & CPR fees, fees of exams that lead to professional certification (CSET, CBEST, RICA, CTEL, CLAD, CPACE, etc.,) and other approved School business and profession related expenses. During the onboarding process for a new hire, fingerprint processing fees and TB test fees may be reimbursed up to 2 (two) fees upon the supervisor and/or the P&C Department's request and approval. Credential fees, university entrance exam fees, and US Constitution exam fees are not reimbursable. Please refer to the MPS Tuition Reimbursement policy for professional development opportunities and certification programs reimbursed by the School.

In order to be eligible for reimbursement, employees must follow the protocol set forth in the MERF's policy regarding expenditures, a copy of which may be obtained from the **Principal (or MERF P&C Department for MERF employees)**.

MERF Purchase Policies and Procedures Manual requires all employee expense or purchase plans to be pre- approved by his/her supervisor.

All new and continuing tuition reimbursement requests must be pre-approved annually by the employee's supervisor as stated in the MPS Tuition Policy.

STANDARDS OF CONDUCT

Personal Appearance/Standards of Dress

MPS employees serve as role models to the School's students. All employees should therefore maintain professional standards of dress and grooming. Just as overall attitude and instructional competency contribute to a productive learning environment, so do appropriate dress and grooming.

Employees are encouraged to wear clothing that will add dignity to the educational profession, will present an image consistent with their job responsibilities, and will not interfere with the learning process. Accordingly, all employees shall adhere to the following standards of dress:

1. Clothing and jewelry must be safe and appropriate to the educational environment. All clothing must be clean and in good repair. Slits or tears in pants or other articles of clothing are not permitted except for modest slits in dresses or skirts that are no higher than three (3) inches above the knee.

2. Head coverings, including hats of any kind, except those worn for religious or safety reasons, are not to be worn inside school buildings including assemblies, classrooms, labs and offices. Hats may be worn outside for sun protection. All hats are to be removed upon entering school buildings. For exceptions to this policy, prior approval must be granted by the Principal.

3. Slacks and shorts are to be worn on the waist with no portion of an undergarment showing.

4. Shorts should be modest in length and should be no higher than three (3) inches above the knee.

5. Skirts and dresses should be no higher than three (3) inches above the knee.

6. All tops must be appropriate to the work environment, and should be clean, neat, and provide proper coverage.

7. For safety purposes, earrings must not dangle more than one (1) inch below the ear.

8. Clothing or jewelry with logos that depict and/or promote gangs, drugs, alcohol, tobacco, sex, violence, illegal activities, profanity, or obscenity are not permitted.

9. Apparel of a controversial nature which is likely to be divisive or disruptive to students or interfere with MPS's neutral viewpoint work environment.

10. Due to safety concerns, appropriate shoes must be worn at all times. For example; flip flops are not appropriate foot wear.

11. If an employee has a tattoo that is visible, it is the employee's responsibility to ensure that it is not visible during working hours.

12. Supervisors will inform employees of any specific dress requirements for their position.

Prohibited Conduct

The School expects that all employees will conduct themselves in a professional and courteous manner while on duty. Employees who behave with a disregard for school rules, mission, or vision will be disciplined accordingly. This includes employees who behave with a lack of courtesy and civility toward others, who do not prioritize their commitment to MPS, and who undermine or act against School programs, rules, and policies. MPS wishes to provide students with the best quality of education by committed school leaders with a student-centric mindset.

MPS understands that not every person values and prioritizes a charter school education with the same level of commitment, and that is the prerogative of the individual. However, it is MPS's prerogative in an at-will employment relationship to seek to surround our students with committed advocates, and to end employment relationships with individuals who do not carry out the School's mission. Employees who are not committed to carrying out MPS's school mission, or who behave in a manner that is contrary to the goals of the School, may be deemed not a good fit for MPS and released from at-will employment on that basis. Similarly, employees who violate the spirit of this section, or the expressly written rules of conduct, may be released from at-will employment. The following is a list of conduct that is prohibited by the School. This list is not exhaustive and is intended only to provide examples of the type of conduct that will not be tolerated by the School. The specification of this list of conduct in no way alters the employment relationship the employee has with the School nor does it prevent the School from releasing employees for any or no reason at all, consistent with the at- will employment relationship.

- Insubordination – willfully or negligently failing to perform a task or duty assigned or act in accordance with instructions provided by the School;

- Failure to adequately supervise (e.g. employees must be free from distraction and are prohibited from personal cell phones while on supervision duty).
- Allowing a visitor onto campus without prior authorization and without the appropriate clearances.

Off-Duty Conduct

While the School does not seek to interfere with the lawful off-duty and personal conduct of its employees, certain types of off-duty conduct may interfere with the School's legitimate business interests. For this reason, employees are expected to conduct their personal affairs in a manner that does not adversely affect the School or its own integrity, reputation, or credibility. Illegal or immoral off-duty conduct by an employee that adversely affects the School's legitimate business interests or the employee's ability to perform his or her work will not be tolerated.

While employed by the School, employees are expected to devote their energies to their jobs with the School. For this reason, second jobs are strongly discouraged. The following types of additional employment elsewhere are strictly prohibited:

- Additional employment that conflicts with an employee's work schedule, duties, and responsibilities at the School;
- Additional employment that creates a conflict of interest or is incompatible with the employee's position with the School;
- Additional employment that impairs or has a detrimental effect on the employee's work performance with the School;
- Additional employment that requires the employee to conduct work or related activities on the School's property during the employer's working hours or using our School's facilities and/or equipment; and
- Additional employment that directly or indirectly competes with the business or the interests of the School.

Employees who wish to engage in additional employment must submit a written request to the School explaining the details of the additional employment. The School will advise the employee of whether a conflict appears to exist based on the information provided. The School assumes no responsibility for this determination or the employee's other employment. MPS shall not provide workers' compensation coverage or any other benefit for injuries occurring from or arising out of the additional employment. Authorization to engage in additional employment can be revoked at any time if a conflict is suspected.

- Winter Break (including the Christmas Day, Winter Break Holiday, and New Year's Day)
- Spring Break (including Spring Break Holiday)

Part-time, temporary, and seasonal employees, and independent contractors, are not compensated during School breaks.

Full-time **education specialists, school psychologists, college counselors, athletic directors, and school social workers** at the school sites will be treated as teaching staff for the purpose of holidays and vacation. If employees have any questions about their employment classification, they should consult with **MERF People and Culture Department.**.

If a school site has a different schedule of breaks and/or additional breaks other than those listed above, such as fall break, Presidents' week, etc., the general rule of thumb is that fulltime teaching staff will take the whole break off in the school calendar while the School administrators and MERF employees will have two (2) days less off. Full-time, hourly classified staff are only eligible for pay according to the School Holiday Schedule above.

Floating Holidays

All full-time MPS Employees are eligible to receive two (2) floating days each school year. Floating Holidays are not vacation days, and cannot be paid out, cashed out, and cannot be rolled over. Floating holidays are provided at the start of each school year.

Vacation

The School provides vacation benefits to eligible employees to enable them to take paid time off for rest and recreation. Vacation is provided to prevent overworking. The School believes that this time is valuable for employees in order to enhance their productivity and to make their work experience with the School personally satisfying.

All **full-time 12-month** employees accrue vacation from the date of hire at the following accrual rates:

*ELIGIBLE EMPLOYEES	VACATION ACCRUAL	MAX CAP
School Administrators	Hours will accrue per pay period up to 160 hours (8 hours per pay period) per year	240 hours
School Classified Employees	Hours will accrue per pay period up to 120 hours (6 hours per pay period) per year	200 hours
MERF Employees	Hours will accrue per pay period up to 160 hours (8 hours per pay period) per year	240 hours

As a benefit to employees, eligible employees will accrue the maximum vacation time prior to the end of the year to facilitate their use of vacation time before the end of the year. This accelerated accrual does not entitle eligible employees to vacation time above and beyond their yearly accrual, as indicated in the chart above. Vacation time may not be utilized before it is earned. Vacation is rolled over from year to year and is capped at 240 hours for administrators and MERF employees, and 200 hours for full-time classified employees. There is no retroactive grant of vacation compensation for the period of time the accrued vacation compensation was at the cap.

Employees who have non-sick related partial or full day absences will have vacation time deducted from their vacation bank commensurate with their time off.

No vacation accrues during any unpaid leave of absence or while on disability salary continuation. Vacation accruals recommence when the employee returns to work.

On termination of employment, the eligible employee is paid all accrued, unused vacation at the employee's base rate of pay at the time of his or her separation from employment.

All vacations must be approved in advance by **the direct supervisor of the employee**, who will make reasonable efforts to accommodate employee requests. Vacation requests must be made at least two (2) weeks prior to the desired vacation time. Job requirements will always have precedence over vacation schedules. The School may attempt to have some of its employees stagger vacations in an effort to avoid affecting services.

11 month employees, including non-classroom based academic employees and teaching staff, do not accrue vacation.

For full-time teaching staff, the actual working days start on the first day of summer teacher in-service and end on the last day of school or on the end-of-year school wrap-up day, whichever is later.

Any accrued but unused vacation will not be paid out at the end of the school year. Nonetheless, all employees are entitled to have their unused vacation time paid out upon separation from the School.

Sick Leave

To help prevent loss of earnings that may be caused by accident or illness, or by other emergencies, MPS offers paid sick leave to its employees. Sick leave may be taken to receive preventive care (including annual physicals or flu shots) or to diagnose, treat, or care for an existing health condition. Additionally, employees may use sick leave during public health emergencies resulting in the closure of MPS, the employee's child care provider, or the school of the employee's child. Employees may also use sick leave to assist a family member (i.e., children, parents, spouses/domestic partners, grandparents, grandchildren, siblings), or a designated person (i.e., one who is designated by the employee at the time the leave is requested) who must receive preventative care or a diagnosis, treatment, or care for an existing health condition. Employees limited to one (1) designated person per twelve (12) month period. Employees may also take paid sick leave while on jury duty or when appearing as a witness during judicial proceedings, or to receive medical care or other assistance in relation to being the victim of domestic violence, sexual assault, or stalking.

All full-time and part-time staff will be credited with forty-eight (48) hours of sick leave at the start of the school year. In addition to the credited forty-eight (48) hours, all 11 and 12-month full-time employees will accrue two (2) sick leave hours per pay period. The maximum accrued sick leave is eighty (80) hours per year. Paid sick leave can be used by all MPS employees who work for at least thirty (30) days within the span of a single calendar year from the commencement of employment.

Employees may roll over up to eighty (80) hours of paid sick leave from year to year.

MPS EMPLOYEE SICK HOURS			
	BEGINNING	**ACCRUAL**	**MAXIMUM ACCRUAL**
11-MONTHS FULL-TIME	48 hours	2 hours per pay period	80 hours
12-MONTHS FULL-TIME	48 hours	2 hours per pay period	80 hours
PART-TIME	48 hours	X	N/A
SEASONAL/TEMPORARY	0	1 hour for every 30 hours worked	80 hours

Employees cannot use paid sick leave until the thirtieth (30th) calendar day following the employee's start date. Sick leave must be taken by eligible employees in increments of thirty (30) minutes.

Sick leave is intended to be used only for the qualifying purposes stated above. MPS will not tolerate abuse or misuse of sick leave. If an employee is absent longer than five (5) days due to illness, medical

evidence of the illness and/or medical certification of the employee's fitness to return to work may be required.

It is integral to the operation of MPS programs, and the education of students, that MPS receive proper advance notice of paid sick leave absences. Unless the delay in reporting was unavoidable, employees must make advance requests for paid sick leave so coverage can be provided for their role, and student programs are not unnecessarily disrupted by a sudden absence. An employee who has an authorized reason for an absence, but no justifiable reason for failing to report it in advance as required by the attendance policy, may be subject to discipline for violation of this section. Employees who are absent for a paid sick leave related reason must request paid sick leave, as supervisors will not assume sick leave is appropriate and enter it on the employee's behalf.

Employees must exhaust all available paid sick leave prior to utilizing unpaid leave unless otherwise allowed by law. Once an employee has exhausted sick leave, the employee may continue on an unpaid leave, if eligible under applicable leave law, depending upon the facts and circumstances of the employee's basis for leave beyond the accrued sick leave. If an employee is not eligible for any applicable medical leave and has exhausted all paid sick leave, the employee will not be paid for time not worked. Employee requests for unpaid leave must be approved in advance by the School.

From time to time, the School may offer to buy back up to forty (40) hours of unused paid sick leave days at $250 per day by the end of June, with employee consent. If the employee does not participate, paid sick leave will roll over up to the maximum cap. To be eligible for the buy-back, employees must work for the School for at least ninety (90) days of their work year before they may be eligible for the School to buy back their paid sick leave. For employees who do not complete ninety (90) days by June 30 and are therefore ineligible for the buy back, their paid sick leave will roll over up to the maximum cap. The School will not buy back any paid sick leave from new or continuing employees who (1) fail to work for the School for ninety (90) consecutive days of the new work year, or (2) are separated from the School based on misconduct, unprofessionalism, or suspicion of the same. The School does not buy back sick leave from temporary or seasonal employees, such as summer school employees.

Personal Necessity Leave:

A full-time employee may elect to use up to five (5) days of accumulated sick leave each school year for personal necessity including any of the following specific reasons:

- Death or serious illness of a member of his/her immediate family (this is in addition to normal bereavement leave);
- Accident involving his/her person or property or the person or property of a member of his/her immediate family;
- Appearance in court as a litigant, or as a witness under official order;
- Adoption of a child;
- The birth of a child making it necessary for an employee who is the parent of the child to be absent from his/her position during the work hours;
- Business matters which cannot reasonably be conducted outside the workday (does not include vacations or similar voluntary activities).

Employees must request personal necessity leave at least one (1) day in advance, unless an emergency situation occurs. Personal necessity leave is not vacation but rather part of the sick leave policy. Personal necessity leave does not carry over from school year to school year.

INSURANCE BENEFITS

Health Insurance

Full-time employees are entitled to health insurance benefits in accordance with applicable law and the School's health insurance plan. The School will cover one-hundred (**100%**) percent of the premium for employees who chose the HMO option and one-hundred (**100%**) percent of the premium to enroll legal dependents in the same program. The employee's portion of monthly premiums will be deducted from the employee's paycheck for employees who select the PPO selection or a greater amount of insurance coverage. The School may provide the employee a stipend payment at the rate of $150 per month if employee is enrolled in a separate health insurance benefit program *and declines all employer-sponsored health insurance benefits* (i.e. medical, vision, and dental) in writing by no later than within the month of August of each year. MPS will not provide a stipend to employees who will receive or have employer sponsored health insurance coverage through an actively working partner spouse of MPS.

After the end of the open enrollment or once the employee selects a plan, employees may not cancel or convert from HMO to PPO or vice versa until the next open enrollment unless there is a qualifying event such as birth of a child, loss of coverage, marital status.

Part-time, and temporary/seasonal employees working less than 30 hours per week are not entitled to health benefits provided by the School. Independent contractors, consultants and leased employees (i.e., those working for an employment agency) are not employees of the School and are not eligible for benefits provided by the School.

If medical insurance premium rates increase, employees may be required to contribute to the cost of increased premiums to retain coverage. Unless otherwise mandated by law, employees on a leave of absence are responsible for selecting continuing health coverage and paying the premium for such coverage. Failure to timely request and pay for such coverage will result in the loss of coverage.

Eligibility Coverage Start Date

Subject to health insurance carrier approval, employee coverage will begin on the first day of employment or if hired mid-month it will start on the first day of the next month. The employee is responsible for logging into MPS's Human Resources Information System and properly enrolling in any selected plans within the first thirty
(30) days of their start date.

Disability Insurance

All employees are enrolled in California State Disability Insurance (SDI), which is a partial wage

replacement insurance plan for California workers. Employees may be eligible for SDI when they are out of work related to an injury, subject to SDI eligibility requirements. The employee must contact SDI for specific rules and regulations relating to SDI eligibility, and the **MERF P&C Department** may be available to assist.

Family Leave Insurance

Employees covered by the SDI may also be covered by the California Paid Family Leave Insurance program. Eligible employees are entitled to receive up to eight (8) weeks of wage replacement benefits from the State of California when they suffer a wage loss for taking time off to care for a seriously ill or injured qualifying family member or to bond with a new child within one (1) year of birth or placement of the child with the employee.

Specific rules and regulations relating to Family Leave Insurance are available from SDI, and the **MERF P&C Department** may be able to assist.

Life Insurance

Employee life insurance is provided by MERF. All full-time employees will be covered upon hire, subject to program eligibility requirements. Employees should contact the P&C Department for coverage details.

Workers' Compensation Insurance

Eligible employees are entitled to Workers' Compensation Insurance benefits when suffering from an occupational illness or injury. This benefit is provided at no cost to the employee. See below for a further description of making a claim for Workers' Compensation Insurance benefits.

COBRA Benefits

Continuation of Benefits:

When coverage under the School's medical and/or dental plans ends, employees or their dependents can continue coverage for eighteen (18) or thirty-six (36) months, depending upon the reason benefits ended. To continue coverage, an employee must pay the full cost of coverage – the employee contribution and the School's previous contribution plus a possible administrative charge.

Medical coverage for an employee, his/her spouse, and eligible dependent children can continue for up to eighteen (18) months if coverage ends because:

- Employment ends, voluntarily or involuntarily, for any reason other than gross misconduct; or
- Hours of employment are reduced below the amount required to be considered a full-time employee or part- time, making the employee ineligible for the plan.

This eighteen (18)-month period may be extended an additional eleven (11) months in cases of disability subject to certain requirements. This eighteen (18)-month period also may be extended an additional eighteen (18) months if other events (such as a divorce or death) occur subject to certain requirements.

An employee's partner and eligible dependents can continue their health coverage for up to thirty-six (36) months if coverage ends because:

- The employee dies while covered by the plan;
- The employee and their partner become divorced or legally separated;
- The employee becomes eligible for Medicare coverage, but the employee's partner has not yet reached age sixty-five (65); or
- The employee's dependent child reaches an age which makes him or her ineligible for coverage under the plan.

Rights similar to those described above may apply to retirees, partners and dependents if the employer commences a bankruptcy proceeding and those individuals lose coverage.

MPS will notify employees or their dependents if coverage ends due to termination or a reduction in work hours. If an employee becomes eligible for Medicare, divorced or legally separated, dies, or when a dependent child no longer meets the eligibility requirements, the employee or a family member are responsible for notifying the School within thirty (30) days of the event. MPS will then notify the employee or dependents of the employee's rights.

Health coverage continuation must be elected within sixty (60) days after receiving notice of the end of coverage, or within sixty (60) days after the event causing the loss, whichever is later.

There are certain circumstances under which coverage will end automatically. This happens if: Premiums for continued coverage are not paid within thirty (30) days of the due date;

- The employee (or their partner or child) become covered under another group health plan which does not contain any exclusion or limitation with respect to any pre-existing condition the employee (or their partner or child, as applicable) may have;
- MPS stops providing group health benefits;
- The employee (or their partner or child) become entitled to Medicare; or
- The employee extended coverage for up to twenty-nine (29)-months due to disability and there has been a final determination that the employee is no longer disabled.

LEAVES OF ABSENCE

Family Care and Medical Leave

This policy explains how the School complies with the federal Family and Medical Leave Act ("FMLA") and the California Family Rights Act ("CFRA"), both of which require the School to permit each eligible employee to take up to twelve (12) workweeks (or twenty-six (26) workweeks where indicated) of FMLA/CFRA leave in any twelve (12) month period for the purposes enumerated below.

Employee Eligibility Criteria:

To be eligible for FMLA/CFRA leave, the employee must have been employed by the School for a total of at least twelve (12) months, worked at least 1,250 hours during the twelve (12) month period immediately preceding commencement of the leave, and work at a location where the School has at least fifty (50) employees within seventy-five (75) miles, (except for purposes of CFRA where the School must only have at least five (5) employees).

Events that may Entitle an Employee to FMLA/CFRA Leave:

The twelve (12) week (or twenty-six (26) workweeks where indicated) FMLA/CFRA allowance includes any time taken (with or without pay) for any of the following reasons:

- To care for the employee's newborn child or a child placed with the employee for adoption or foster care. Leaves for this purpose must conclude twelve (12) months after the birth, adoption, or placement. If both parents (or legal guardians) are employed by the School, they each will be entitled to a separate twelve (12) weeks of leave for this purpose, which cannot be loaned or otherwise assigned from one employee to the other.

- Because of the employee's own serious health condition (including a serious health condition resulting from an on-the-job illness or injury) that makes the employee unable to perform any one or more of the essential functions of their job (other than a disability caused by pregnancy, childbirth, or related medical conditions, which is covered by the School's separate pregnancy disability policy);

    - A "serious health condition" is an illness, injury (including, but not limited to on-the-job injuries), impairment, or physical or mental condition of the employee or a child, parent, or partner of the employee that involves either inpatient care or continuing treatment, including, but not limited to, treatment for substance abuse.

    - "Inpatient care" means a stay in a hospital, hospice, or residential health care facility, any subsequent treatment in connection with such inpatient care, or any period of incapacity. A person is considered an "inpatient" when a health care facility formally admits them to the facility with the expectation that he/she will remain at least overnight and occupy a bed, even if it later develops that such person can be discharged or transferred to another facility and does not actually remain overnight.

    - Incapacity" means the inability to work, attend school, or perform other regular daily activities due to a serious health condition, its treatment, or the recovery that it requires.

    - Continuing treatment" means ongoing medical treatment or supervision by a health care provider.

- To care for a partner, domestic partner, child, or parent with a serious health condition. A qualifying family member may also include a parent-in-law, grandparent, grandchild, sibling, or designated person for CFRA purposes. "Designated person" refers to any individual related by blood or whose association with the employee is the equivalent to a family relationship. Employees are limited to one (1) designated person per twelve (12) month period.

- When an employee is providing care to a partner, child, parent, or next of kin who is a covered Armed Forces service member with a serious injury or illness, the employee may take a maximum of twenty-six (26) weeks of additional FMLA leave in a single twelve (12) month period to provide said care. CFRA does not provide leave specific to caring for a service member.

- For any "qualifying exigency" because the employee is the partner, child, or parent of an individual on active military duty, or an individual notified of an impending call or order to active duty, in the Armed Forces. For CFRA purposes, this may also include a domestic partner.

Amount of FMLA/CFRA Leave Which May Be Taken:

- FMLA/CFRA leave can be taken in one (1) or more periods, but may not exceed twelve (12) workweeks total for any purpose in any twelve (12) month period, as described below, for any one, or combination of the above-described situations. "Twelve workweeks" means the equivalent of twelve (12) of the employee's normally scheduled workweeks. For a full-time employee who works five (5) eight-hour days per week, "twelve workweeks" means sixty (60) working and/or paid eight (8) hour days.

- In addition to the twelve (12) workweeks of FMLA/CFRA leave that may be taken, an employee who is the partner, child, parent, or next of kin of a covered Armed Forces service member may also be entitled to a total of twenty-six (26) workweeks of FMLA leave during a twelve (12) month period to care for the service member.

- The "twelve-month period" in which twelve (12) weeks of FMLA and CFRA leave may be taken is the twelve (12) month period immediately preceding the commencement of any FMLA/CFRA leave.

- If a holiday falls within a week taken as FMLA/CFRA leave, the week is nevertheless counted as a week of FMLA/CFRA leave. If, however, the School's business activity has temporarily ceased for some reason and employees are generally not expected to report for work for one or more weeks, such as the Winter Break, Spring Break, or Summer Vacation, the days the School's activities have ceased do not count against the employee's FMLA or CFRA leave entitlement. Similarly, if an employee uses FMLA/CFRA leave in increments of less than one (1) week, the fact that a holiday may occur within a week in which an employee partially takes leave does not count against the employee's leave entitlement unless the employee was otherwise scheduled and expected to work during the holiday.

Pay during FMLA/CFRA Leave:

- FMLA and CFRA leave are unpaid by MPS. An employee on FMLA/CFRA leave may use all accrued paid sick leave at the beginning of any otherwise unpaid FMLA/CFRA leave period. If an employee is receiving a partial wage replacement benefit during the FMLA/CFRA leave, the School and the employee may agree to have School-provided paid leave, such as vacation or sick time, supplement the partial wage replacement benefit unless otherwise prohibited by law.

- An employee on FMLA/CFRA leave for baby-bonding or to care for a qualifying family member with a serious health condition may use any or all accrued sick leave at the beginning of any otherwise unpaid FMLA/CFRA leave.

- Employees on leave are unpaid in "leave status." To be eligible for pay on the established "School Holidays" or "School Breaks" (see list), the employee must work the day workday before the paid day off, unless paid sick leave is used.

- If an employee has exhausted his/her sick leave, leave taken under FMLA/CFRA shall be unpaid leave. If the employee's leave coincides with a paid holiday, the employee must have returned to work prior to the start of the paid holiday to be eligible for holiday pay.

- The receipt of sick leave pay or State Disability Insurance and/or Paid Family Leave benefits will not extend the length of the FMLA or CFRA leave. Sick pay accrues during any period of unpaid FMLA or CFRA leave only until the end of the month in which unpaid leave began.

Health Benefits:

The provisions of the School's various employee benefit plans govern continuing eligibility during FMLA/CFRA leave, and these provisions may change from time to time. The health benefits of employees on FMLA/CFRA leave will be paid by the School during the leave at the same level and under the same conditions as coverage would have been provided if the employee had been continuously employed during the leave period. When a request for FMLA/CFRA leave is granted, the School will give the employee written confirmation of the arrangements made for the payment of insurance premiums during the leave period.

If an employee is required to pay premiums for any part of their group health coverage, the School will provide the employee with advance written notice of the terms and conditions under which premium payments must be made.

MPS may recover the health benefit costs paid on behalf of an employee during his/her FMLA/CFRA leave if:

- The employee fails to return from leave after the period of leave to which the employee is entitled has expired. An employee is deemed to have "failed to return from leave" if employee works less than thirty (30) days after returning from FMLA/CFRA leave; and

- The employee's failure to return from leave is for a reason other than the continuation, recurrence, or onset of a serious health condition that entitles the employee to FMLA/CFRA leave, or other circumstances beyond the control of the employee.

Seniority:

An employee on FMLA/CFRA leave remains an employee and the leave will not constitute a break in service. An employee who returns from FMLA/CFRA leave will return with the same seniority they had

when the leave commenced. An employee who was absent from work while fulfilling their covered service obligation under the Uniformed Services Employment and Reemployment Rights Act (USERRA) shall be credited, upon their return to the School, with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA covered service.

Medical Certifications:

- An employee requesting FMLA/CFRA leave because of their own or a relative's serious health condition must provide medical certification from the appropriate health care provider. MPS will provide a medical certification form for this purpose. Absent extenuating circumstances, failure to provide the required certification in a timely manner (within fifteen (15) days of the School's request for certification) may result in denial of the leave request until such certification is provided.

- The School will notify the employee in writing if the certification is incomplete or insufficient, and will advise the employee what additional information is necessary in order to make the certification complete and sufficient. The School may contact the employee's health care provider to authenticate a certification as needed.

- If the School has reason to doubt the medical certification supporting a leave because of the employee's own serious health condition, the School may request a second opinion by a health care provider of its choice (paid for by the School). If the second opinion differs from the first one, the School will pay for a third, mutually agreeable, health care provider to provide a final and binding opinion.

- Recertifications are required if leave is sought after expiration of the time estimated by the health care provider. Failure to submit required recertification can result in termination of the leave.

Procedures for Requesting and Scheduling FMLA/CFRA Leave:

- An employee should request FMLA/CFRA leave by completing a Request for Leave form and submitting it to the Principal (or MERF Human Resources for MERF employees). An employee asking for a Request for Leave form will be given a copy of the School's then-current FMLA/CFRA leave policy.
- Employees should provide not less than thirty (30) days' notice for foreseeable childbirth, placement, or any planned medical treatment for the employee or their qualifying family member. Failure to provide such notice is grounds for denial of a leave request, except if the need for FMLA/CFRA leave was an emergency or was otherwise unforeseeable.
- Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt the School's operations.
- If FMLA/CFRA leave is taken because of the employee's own serious health condition or the serious health condition of the employee's qualifying family member, the leave may be taken intermittently or on a reduced leave schedule when medically necessary, as determined by the health care provider of the person with the serious health condition.
- If FMLA/CFRA leave is taken because of the birth of the employee's child or the placement of a

child with the employee for adoption or foster care, the minimum duration of leave is two (2) weeks, except that the School will grant a request for FMLA/CFRA leave for this purpose of at least one day but less than two (2) weeks' duration on any two (2) occasions.

- If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment for the employee or a family member, the employee may be transferred temporarily to an available alternative position for which he or she is qualified that has equivalent pay and benefits and that better accommodates recurring periods of leave than the employee's regular position.
- The School will respond to an FMLA/CFRA leave request no later than five (5) business days of receiving the request. If an FMLA/CFRA leave request is granted, the School will notify the employee in writing that the leave will be counted against the employee's FMLA/CFRA leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them.

Return to Work:

- Upon timely return at the expiration of the FMLA/CFRA leave period, an employee is entitled to the same or a comparable position with the same or similar duties and virtually identical pay, benefits, and other terms and conditions of employment unless the same position and any comparable position(s) have ceased to exist because of legitimate business reasons unrelated to the employee's FMLA/CFRA leave.
- When a request for FMLA/CFRA leave is granted to an employee, the School will give the employee a written guarantee of reinstatement at the termination of the leave (with the limitations explained above).
- Before an employee will be permitted to return from FMLA/CFRA leave taken because of their own serious health condition, the employee must obtain a certification from their health care provider that they are able to resume work.
- If an employee can return to work with limitations, the School will evaluate those limitations and, if possible, will accommodate the employee as required by law. If accommodation cannot be made, the employee will be medically separated from the School.

Employment during Leave:

No employee on leave, including employees on FMLA/CFRA leave, may accept employment with any other employer without the School's written permission. An employee who accepts such employment without the School's written permission will be deemed to have resigned from employment at the School.

Pregnancy Disability Leave

This policy explains how the School complies with the California Pregnancy Disability Act, which requires the School to give each female employee an unpaid leave of absence of up to four (4) months per pregnancy, as needed, for the period(s) of time a woman is actually disabled by pregnancy, childbirth, or related medical conditions.

Employee Eligibility Criteria:

To be eligible for pregnancy disability leave, the employee must be disabled by pregnancy, childbirth, or a related medical condition and must provide appropriate medical certification concerning the disability.

Events That May Entitle an Employee to Pregnancy Disability Leave:

The four (4) month pregnancy disability leave allowance includes any time taken (with or without pay) for any of the following reasons:

- The employee is unable to work at all or is unable to perform any one or more of the essential functions of their job without undue risk to themselves, the successful completion of the pregnancy, or to other persons because of pregnancy or childbirth, or because of any medically recognized physical or mental condition that is related to pregnancy or childbirth (including severe morning sickness); or
- The employee needs to take time off for prenatal care.

Duration of Pregnancy Disability Leave:

Pregnancy disability leave may be taken in one or more periods, but not to exceed four months total. "Four months" means the number of days the employee would normally work within four months. For a full-time employee who works five (5) eight (8) hour days per week, four (4) months means 693 hours of leave (40 hours per week times 17 1/3 weeks).

For employees who work more or less than forty (40) hours per week, or who work on variable work schedules, the number of working days that constitutes four (4) months is calculated on a pro rata or proportional basis. For example, for an employee who works twenty (20) hours per week, "four months" means 346.5 hours of leave entitlement (20 hours per week times 17 1/3 weeks). For an employee who normally works forty-eight (48) hours per week, "four months" means 832 hours of leave entitlement (48 hours per week times 17 1/3 weeks).

At the end or depletion of an employee's pregnancy disability leave, an employee who has a physical or mental disability (which may or may not be due to pregnancy, childbirth, or related medical conditions) may be entitled to reasonable accommodation. Entitlement to additional leave must be determined on a case-by case basis, taking into account a number of considerations such as whether an extended leave is likely to be effective in allowing the employee to return to work at the end of the leave, with or without further reasonable accommodation, and whether or not additional leave would create an undue hardship for the School. The School is not required to provide an indefinite leave of absence as a reasonable accommodation.

Pay During Pregnancy Disability Leave:

- MPS provides pregnant employees with up to fourteen (14) weeks of pay per pregnancy during pregnancy disability leave. An employee on pregnancy disability leave is expected to apply for State Disability Insurance (SDI) at the beginning of their absence to maximize their pay during their leave. MPS will coordinate the receipt of pay with SDI to ensure the employee receives the full benefit of both programs.

- The receipt of pay during leave does not extend the length of pregnancy disability leave as it is only a form of wage replacement benefits, not a form of leave time off.
- Vacation and sick pay accrues during any period of unpaid pregnancy disability leave only until the end of the month in which the unpaid leave began.
- Employees on leave are in "inactive" or "leave status." To be eligible for pay on the established "School Holidays" or "School Breaks" (see list), the employee must work the workday before the paid day off (except when receiving 14 weeks of pregnancy disability leave or using accrued leave).

Health Benefits:

MPS shall provide continued health insurance coverage while an employee is on pregnancy disability leave consistent with applicable law. The continuation of health benefits is for a maximum of four (4) months in a twelve (12)-month period. MPS can recover premiums that it already paid on behalf of an employee if both of the following conditions are met:

- The employee fails to return from leave after the designated leave period expires.

- The employee's failure to return from leave is for a reason other than the following:
  - The employee is taking leave under the California Family Rights Act.
  - There is a continuation, recurrence or onset of a health condition that entitles the employee to pregnancy disability leave.
  - There is a non-pregnancy related medical condition requiring further leave.
  - Any other circumstance beyond the control of the employee.

Seniority:

Employees on pregnancy disability leave remain an employee of the School and a leave will not constitute a break in service. When employees return from pregnancy disability leave, they will return with the same seniority they had when the leave commenced.

Medical Certifications:

- An employee requesting a pregnancy disability leave must provide medical certification from their healthcare provider on a form supplied by the School. Failure to provide the required certification in a timely manner (within fifteen (15) days of the leave request) may result in a denial of the leave request until such certification is provided.
- Recertifications are required if leave is sought after expiration of the time estimated by the healthcare provider. Failure to submit required recertifications can result in termination of the leave.

Requesting and Scheduling Pregnancy Disability Leave:

- An employee should request pregnancy disability leave by completing a Request for Leave form and submitting it to the Principal (and MERF P&C Department for MERF employees). An employee asking for a Request for Leave form will be referred to the School's then current

Powered by BoardOnTrack

pregnancy disability leave policy.

- Employees should provide not less than thirty (30) days' notice or as soon as is practicable, if the need for the leave is foreseeable. Failure to provide such notice is grounds for denial of the leave request, except if the need for pregnancy disability leave was an emergency and was otherwise unforeseeable.
- Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt the School's operations.
- Pregnancy disability leave may be taken intermittently or on a reduced leave schedule when medically advisable, as determined by the employee's healthcare provider.
- If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment, the employee may be transferred temporarily to an available alternative position for which they are qualified that has equivalent pay and benefits that better accommodates recurring periods of leave than the employee's regular position.
- The School will respond to a pregnancy disability leave request within ten (10) days of receiving the request. If a pregnancy disability leave request is granted, the School will notify the employee in writing and leave will be counted against the employee's pregnancy disability leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them.

Return to Work:

- Upon timely return at the expiration of the pregnancy disability leave period, an employee is entitled to the same position unless the employee would not otherwise have been employed in the same position at the time reinstatement is requested. If the employee is not reinstated to the same position, they must be reinstated to a comparable position unless one of the following is applicable:

    - The employer would not have offered a comparable position to the employee if they would have been continuously at work during the pregnancy disability leave.

    - There is no comparable position available, to which the employee is either qualified or entitled, on the employee's scheduled date of reinstatement or within sixty (60) calendar days thereafter. The School will take reasonable steps to provide notice to the employee if and when comparable positions become available during the sixty (60) day period.

      A "comparable" position is a position that involves the same or similar duties and responsibilities and is virtually identical to the employee's original position in terms of pay, benefits, and working conditions.

- When a request for pregnancy disability leave is granted to an employee, the School will give the employee a written guarantee of reinstatement at the end of the leave (with the limitations explained above)
- In accordance with MPS policy, before an employee will be permitted to return from a pregnancy disability leave of five (5) days or more, the employee must obtain a certification from the healthcare provider that the employee is able to resume work.
- If the employee can return to work with limitations, the School will evaluate those limitations

and, if possible, will accommodate the employee as required by law. If accommodation cannot be made, the employee will be medically separated from the School.

Employment during Leave:

No employee, including employees on pregnancy disability leave, may accept or perform new employment for another employer without the School's written permission. An employee who accepts or performs such employment without written permission will be deemed to have resigned from employment.

Unpaid Leave of Absence

MPS recognizes that special situations may arise where an employee must leave their job temporarily. At its discretion, the School may grant employees leaves of absence. Any unpaid leave of absence must be approved in advance by the School.

The granting of a leave of absence always presumes the employee will return to active work by a designated date or within a specific period.

During a Family and Medical Leave Act, California Family Rights Act leave, and/or Pregnancy Disability Leave, the employee's medical and dental benefits will remain in force, provided the employee pays the appropriate premiums. Otherwise, benefits are terminated the month any other type of leave begins. If an employee fails to return from a leave and is subsequently terminated, the employee is entitled to all earned but unused vacation pay, provided that the vacation pay was earned prior to the commencement of leave. No vacation time is accrued during any type of unpaid leave of absence.

Funeral/Bereavement Leave

All MPS employees excluding temporary/seasonal employees will be allowed up to **five (5)** paid working days off within three (3) months of the bereavement event to arrange and attend the funeral of an immediate family member. For purposes of this policy, an employee's immediate family member includes a parent, spouse/registered domestic partner, children, siblings, parents-in-law, grandparents (and grandparents-in-law), grandchild, sister/brother-in-law, and son/daughter-in-law. "In-laws" includes families of registered domestic partners. All other employees who have worked for at least thirty (30) days, such as seasonal and temporary employees, are entitled to up to five (5) days of unpaid bereavement leave within three (3) months of the bereavement event for the death of an immediate family member. Employees should contact the Principal or the P&C department to request bereavement leave. All bereavement requests should be in writing to the Principal and P&C department.

If any employee requires more than **five (5)** days off for bereavement leave, the employee may request to use accrued sick days, request additional unpaid leave or may request the opportunity to use any accrued vacation time, which may be granted at the discretion of the School. Bereavement pay will not be used in computing overtime pay.

Reproductive Loss Leave

All employees who have worked for the School for at least thirty (30) days shall be eligible to take up to five (5) days of leave upon the employee experiencing a reproductive loss event. A reproductive loss event includes any failed adoption, failed surrogacy, miscarriage, stillbirth, or unsuccessful assisted reproduction. Reproductive loss leave must be used within three (3) months of a reproductive loss event. Employees may take up to twenty (20) days of leave due to qualifying reproductive loss events within a twelve (12) month period. Reproductive loss leave shall be unpaid unless the employee elects to use available accrued/unused paid leave. Reproductive loss leave shall not be used in computing overtime pay.

Military and Military Spousal Leave of Absence

MPS shall grant a military leave of absence to any employee who must be absent from work due to service in the uniformed services in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA"). All employees requesting military leave must provide advance written notice of the need for such leave, unless prevented from doing so by military necessity or if providing notice would be impossible or unreasonable.

If military leave is for thirty (30) or fewer days, the School shall continue the employee's health benefits. For service of more than thirty (30) days, employees shall be permitted to continue their health benefits at their option through COBRA. Employees are entitled to use accrued vacation or paid time off as wage replacement during time served, provided such vacation/paid time off accrued prior to the leave.

Except for employees serving in the National Guard, MPS will reinstate those employees returning from military leave to their same position or one of comparable seniority, status, and pay if they have a certificate of satisfactory completion of service and apply within ninety (90) days after release from active duty or within such extended period, if any, as required by law. For those employees serving in the National Guard, if he or she left a full-time position, the employee must apply for reemployment within forty (40) days of being released from active duty, and if he or she left part-time employment, the employee must apply for reemployment within five (5) days of being released from active duty.

An employee who was absent from work while fulfilling his or her covered service obligation under the USERRA or California law shall be credited, upon his or her return to the School, with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-covered service.

Exceptions to this policy will occur wherever necessary to comply with applicable laws.

MPS shall grant up to ten (10) days of unpaid leave to employees who work more than twenty (20) hours per week and who are spouses of deployed military servicemen and servicewomen. The leave may be taken when the military spouse is on leave from deployment during a time of military conflict. To be eligible for leave, an employee must provide the School with (1) notice of intention to take military partner leave within two (2) business days of receiving official notice that the employee's military partner will be on leave from deployment, and (2) documentation certifying that the employee's military partner will be on leave from deployment during the time that the employee requests leave.

Advance notice of leave is required. Please inform **the Principal (or MERF P&C Department for MERF employees)** of anticipated military leave time as far in advance as possible. Accrued vacation will be paid during military leave at the employees request and health plan coverage continuance can be arranged for up to twenty- four (24) months during military leave if required premium payments are made by the employee. As with other leaves of absence, failure to return to work or to reapply within applicable time limits may result in termination of employment.

Drug and Alcohol Rehabilitation Leave

The School will reasonably accommodate an employee who voluntarily enters and participates in an alcohol or drug rehabilitation program, including potentially providing unpaid leave to participate in the program. The School will not pay for the costs incurred in attending a rehabilitation program. An employee who wishes to identify themselves as an individual in need of the assistance of an alcohol or drug rehabilitation program may contact **MERF P&C Department.** The School will take all reasonable steps necessary to maintain the employee's privacy in this situation. The employee may use accrued sick leave or accrued vacation time, if any, during requested leave.

Nothing in this policy shall prohibit the School from refusing to hire or discharge an employee who, because of their current use of alcohol or drugs, is unable to perform their duties or cannot perform the duties in a manner that would not endanger their health or safety or the health or safety of others.

Time Off for Adult Literacy Programs

The School will reasonably accommodate and assist any employee who reveals a problem of illiteracy and requests employer assistance in enrolling in an adult literacy education program. Employees will be required to bear the cost associated with enrollment in an adult literacy education program, but the School will assist the employee by providing the locations of local literacy education programs. The School may also arrange for a literacy education provider to visit the School.

An employee who wishes to reveal a problem of illiteracy and request School assistance should contact **MERF P&C Department**. The School will take all reasonable steps to safeguard the employee's privacy. Nonexempt employees may use accrued vacation pay if available to make up for the work that is missed to attend literacy classes.

School Appearance and Activities Leave

As required by law, MPS will permit an employee who is a parent or guardian (including a stepparent, foster parent, or grandparent) of school children, from kindergarten through grade twelve (12), or a child enrolled with a licensed child care provider or enrolled in any postsecondary or college-level institution, up to forty (40) hours of unpaid time off per child per school year (up to eight (8) hours in any calendar month of the school year) to participate in activities of a child's school or child care. If more than one (1) parent or guardian is an employee of MPS, the employee that first provides the leave request will be given the requested time off. Where necessary, additional time off will also be permitted where the school requires the employee(s) appearance.

The employee requesting school leave must provide reasonable advanced notice of the planned absence. The employee must use accrued but unused paid leave (e.g., vacation or sick leave) to be paid during the absence.

When requesting time off for school activities, the employee must provide verification of participation in an activity as soon as practicable. When requesting time off for a required appearance, the employee(s) must provide a copy of the notice from the child's school requesting the presence of the employee.

Time Off to Serve as Election Official

Any employee who serves as an election official is eligible for unpaid leave on election day for purposes of service. Employees must notify **the Principal (or MERF P&C Department for MERF employees)** of their commitment to act as an election official as far in advance as possible.

Time Off for Jury and Witness Duty

The School will provide employees unpaid leave to serve as required by law, on a jury or grand jury if the employee provides reasonable advance notice. The School will also provide employees unpaid leave to appear in court or other judicial proceedings as a witness, as permitted by law, to comply with a valid subpoena or other court order. The employee must notify **the Principal (or MERF P&C Department for MERF employees)** of their commitment to serve on a jury or as a witness as far in advance as possible.

Victims of Abuse Leave

MPS provides reasonable and necessary unpaid leave and other reasonable accommodations to employees who are victims of domestic violence, sexual assault, stalking or other crimes. Such leave may be taken to attend legal proceedings or to obtain or attempt to obtain any relief necessary, including a restraining order, to ensure the employee's own health, safety or welfare, or that of the employee's child or children or when a person whose immediate family member is deceased as the direct result of a crime. A crime includes a crime or public offense that would constitute a misdemeanor or felony if the crime had been committed in California by a competent adult, an act of terrorism against a resident of California (whether or not such act occurs within the state), and regardless of whether any person is arrested for, prosecuted for, or convicted of, committing the crime. Employees may also request unpaid leave for the following purposes:

- Seek medical attention for injuries caused by domestic violence, sexual assault, or stalking.
- Obtain services from a domestic violence shelter, program, or rape crisis center.
- Obtain psychological counseling for the domestic violence, sexual assault, or stalking.
- Participate in safety planning, such as relocation, to protect against future domestic violence, sexual assault, or stalking.

To request leave under this policy, an employee should provide MPS with as much advance notice as practicable under the circumstances. If advance notice is not possible, the employee requesting leave under this policy should provide MERF P&C Department one (1) of the following certifications upon returning back to work:

1. A police report indicating that the employee was a victim of domestic violence, sexual assault, or stalking.
2. A court order protecting the employee from the perpetrator or other evidence from the court or prosecuting attorney that the employee appeared in court.
3. Documentation from a licensed medical professional, domestic violence or sexual assault counselor, licensed health care provider, or counselor showing that the employee's absence was due to treatment for injuries or abuse from domestic violence, sexual assault, or stalking.
4. Any other form of documentation that reasonably verifies that the crime or abuse occurred, including but not limited to, a written statement signed by the employee, or an individual acting on the employee's behalf, certifying that the absence is for a purpose authorized under the law.

Employees requesting leave under this policy may choose to use accrued paid leave. In addition, MPS will provide reasonable accommodations to employees who are victims of domestic violence, sexual assault or stalking for the employees' safety while at work. To request accommodation under this policy, an employee should contact **MERF Human Resources**.

Time Off for Volunteer Firefighters

Employees who perform emergency duties as volunteer firefighters, reserve peace officers or emergency rescue personnel will be given reasonable time off from work in accordance with the law. Employees are requested to alert **the Principal (or MERF P&C Department for MERF employees)** of their status as volunteer firefighters, reserve peace officers or emergency rescue personnel so that the School will have advanced notice of the employee's potential need to leave the School in the event of an emergency. Any time an employee must perform emergency duties, he/she must notify **the Principal (or MERF P&C Department for MERF employees)** before leaving the School's premises.

Time Off for Voting

Employees who do not have sufficient time outside of their regular working hours to vote in a statewide election may request time off to vote. If possible, employees should make their request at least two days in advance of the election. Up to two (2) hours of paid time off will be provided, at the beginning or the end of the employee's regular shift, whichever will allow the most free time for voting and the least time off work. Please contact **the Principal (or MERF P&C Department for MERF employees)** to request and schedule time off to vote.

Industrial Injury Leave (Workers' Compensation)

MPS, in accordance with State law, provides insurance coverage for employees in case of work-related injuries. The workers' compensation benefits provided to injured employees may include:

- Medical care;
- Cash benefits, tax-free to replace lost wages; and
- Vocational rehabilitation to help qualified injured employees return to suitable employment.

To ensure the employee receives any worker's compensation benefits to which they may be entitled,

employees will need to:

- Immediately report any work-related injury to the Principal;
- Seek medical treatment and follow-up care if required;
- Complete a written Employee's Claim Form (DWC Form 1) and return it to the Principal; and
- Provide the School with a certification from a health care provider regarding the need for workers' compensation disability leave as well as the employee's eventual ability to return to work from the leave.

It is the School's policy that when there is a job-related injury, the first priority is to ensure that the injured employee receives appropriate medical attention. MPS, with the help of its insurance carrier, has selected medical centers to meet this need. Each medical center was selected for its ability to meet anticipated needs with high quality medical service and a location that is convenient to the School's operation.

- If an employee is injured on the job, they will go or be taken to the approved medical center for treatment. If injuries are such that they require the use of emergency medical systems ("EMS") such as an ambulance, the choice by the EMS personnel for the most appropriate medical center or hospital for treatment will be recognized as an approved center.
- All accidents and injuries must be reported to the Principal and to the individual responsible for reporting to the School's insurance carrier. Failure by an employee to report a work-related injury by the end of their could result in loss of insurance coverage for the employee. An employee may choose to be treated by their personal physician at their own expense, but they are still required to go to the School's approved medical center for evaluation. All job related injuries must be reported to the appropriate State Workers' Compensation Bureau and the insurance carrier.
- When there is a job-related injury that results in lost time, the employee must have a medical release from the School's approved medical facility before returning to work.
- Any time there is a job-related injury, the School's policy requires drug/alcohol testing along with any medical treatment provided to the employee.

Bone Marrow and Organ Donor Leave

As required by law, eligible employees who require time off to donate bone marrow to another person may receive up to five (5) workdays off in a 12-month period. Eligible employees who require time off to donate an organ to another person may receive up to sixty (60) workdays off in a twelve (12) month period.

To be eligible for bone marrow or organ donation leave ("Donor Leave"), the employee must have been employed by the School for at least ninety (90) days immediately preceding the Donor Leave.

An employee requesting Donor Leave must provide written verification to the School that they are a donor and that there is a medical necessity for the donation of the organ or bone marrow.

Up to five (5) days of leave for bone marrow donation, and up to thirty (30) days of leave for organ donation, may be paid provided the employee first uses five (5) days of accrued paid leave for bone

marrow donation and two (2) weeks of accrued paid leave for organ donation. If the employee has an insufficient number of paid leave days available, the leave will otherwise be paid.

Employees returning from Donor Leave will be reinstated to the position held before the leave began, or to a position with equivalent status, benefits, pay and other terms and conditions of employment. The School may refuse to reinstate an employee if the reason is unrelated to taking a Donor Leave. A Donor Leave is not permitted to be taken concurrently with an FMLA/CFRA Leave.

Returning from Leave of Absence

Employees cannot return from a medical leave of absence without first providing a sufficient doctor's return to work authorization.

When business considerations require, the job of an employee on leave may be filled by a temporary or regular replacement. An employee should give **the Principal (or MERF P&C Department for MERF employees)** thirty (30) days' notice before returning from leave. Whenever the School is notified of an employee's intent to return from a leave, the School will attempt to place the employee in their former position or in a comparable position with regard to salary and other terms and conditions for which the employee is qualified. However, re employment cannot always be guaranteed. If employees need further information regarding Leaves of Absence, they should consult the MERF **P&C Department.**

RETIREMENT

Certificated Staff Members

All certificated staff members who are eligible, including, but not limited to, administrators, counselors, school psychologists, special education program administrators, and teaching employees will participate in the State Teachers' Retirement System (STRS).

Classified Staff Members

All full-time non-certificated staff members, including, but not limited to, office staff and instructional aides, are eligible to participate in the Public Employees' Retirement System (PERS).

All part-time non-certificated employees hired to work six months or more become eligible to participate in PERS on the date of hire. For part-time employees, they become PERS members the first day of the next pay period after completion of 1,000 hours or 125 days in a fiscal year.

All non-credentialed employees also contribute to Social Security.

MPS Home Office Staff Members

Full-time Home Office staff members may be eligible to participate in the Public Employees' Retirement System (PERS), the State Teachers' Retirement System (STRS) or 403(b) Retirement Plan.

Oversight of Benefits

The P&C Department and the Finance Department at the MPS Home Office are responsible for monitoring the appropriate administration of benefits and ensuring appropriate arrangements for retirement coverage are made for all employees. MERF will make any contribution that is legally required of the employer, including STRS, PERS, Social Security, workers' compensation, and other payroll obligations.

All withholdings from employees and the MERF will be forwarded to the STRS and PERS funds as required. Employees will accumulate service credit years in the same manner as all other members of STRS and PERS. MERF will submit all retirement data and will comply with all policies and procedures for payroll reporting. MERF assures that it will provide retirement information in a format required by the Counties.

EMPLOYMENT EVALUATION AND SEPARATION

Employee Reviews and Evaluations

Each employee will receive periodic performance reviews conducted by their **direct supervisor.** MERF may utilize a secure online staff evaluation platform to evaluate staff performances. Performance evaluations will be conducted annually. The frequency of performance evaluations may vary depending upon length of service, job position, past performance, changes in job duties or recurring performance problems.

Performance evaluations may review factors such as the quality and quantity of the work performed, knowledge of the job, initiative, work attitude, and attitude toward others. The performance evaluations are intended to make employees aware of their progress, areas for improvement and objectives or goals for future work performance.
Favorable performance evaluations do not guarantee increases in salary or promotions or job retention. Salary increases and promotions are solely within the discretion of the School and depend upon many factors in addition to performance. After the review, employees will be required to sign the evaluation report simply to acknowledge that it has been presented to them, that the employee discussed it with their **direct supervisor**, and that they are aware of its contents. Employees may also acknowledge receipt of performance evaluations through the online platform provided by MERF. The evaluation system or any failure to evaluate an employee in no way alters the at-will employment relationship.

Newly hired employees may have their performance goals reviewed by **their direct supervisor** within the first **ninety (90)** days of employment.

Discipline and Involuntary Termination

Violation of the School's policies and rules may warrant disciplinary action, which may take multiple forms, including verbal warnings, written warnings, suspensions and/or termination. The School's disciplinary system is informal and the School may, in its sole discretion, utilize any form of discipline it deems appropriate under the circumstances, up to and including termination of employment upon the first offense.

The disciplinary process will be determined by the School in light of the facts and circumstances of each case. Each situation will be considered in light of a variety of factors including, but not limited to, the seriousness of the situation, the employee's past conduct and length of service, and the nature of the employee's previous performance or incidents involving the employee. These policies apply to all employees of the School and apply to all job-related activities of such employees.

Violations of the Employee Handbook, employment agreement, MPS charter, or applicable law are all independently and collectively considered misconduct and will result in disciplinary action up to and including release from at-will employment.

Voluntary Termination

Except if stated expressly otherwise by employment contract, either the employee or the School may terminate the at-will employment relationship at any time, with or without notice and with or without cause. While it is not required, the School requests that at-will employees electing to resign give as much advance notice as possible (preferably two weeks) to allow the School to plan for your departure.

An exit interview may be scheduled by **your direct supervisor or the P&C Department**. The purposes of the exit interview is to review eligibility for benefit conversion, to ensure that all necessary forms are completed, to collect any School property (including keys, equipment, documents and records) that may be in the employee's possession, to review the employee's obligations regarding confidential information, and to provide the employee with the opportunity to make any constructive comments and suggestions on improving the working environment at the School. The School appreciates receiving candid opinions of the employee's employment.

Pay at Time of Separation

Employees separated from employment will be paid for time worked according to applicable laws. For full-time employees who are employed for less than a full pay period in their last month, salary payments are computed on the basis of actual working days in the month. For this purpose, working days are considered to be forty (40) hours Monday through Friday unless otherwise specified.

The School will buy back up to forty (40) hours of unused sick leave days from employees at the rate of $250 per day. The School will not buy back any paid sick leave from new or continuing employees who fail to work for the School for ninety
(90) days of the new work year. Additionally, employees who are terminated based on misconduct or unprofessionalism, or who resign under suspicion of misconduct or unprofessionalism, are not eligible to have paid sick leave paid to them upon their separation from employment. The School does not buy back sick leave from temporary or seasonal employees, such as summer school employees.

Pay for earned but unused vacation time will be provided to full-time employees at time of separation at the employee's current rate of pay.

Final pay, including pay for any earned but unused sick leave days and vacation time, and if applicable, pay for summer holdback for full-time teaching staff, will be provided in accordance with applicable law. Only employees who are not terminated for misconduct or other related conduct are eligible to be paid for sick leave under the policy.

Employment References/Verifications

All requests for references and employment verifications must be promptly directed to the employee's **direct supervisor and/or the P&C Department**. When contacted for an employment verification, the School will provide information concerning dates of employment, the title of the last position held and length of service. MPS will promptly report to the CTC whenever a credentialed employee is found to have committed egregious misconduct as defined by law. When contacted by a prospective educational employer, MPS will disclose any findings of egregious misconduct that were reported to the CTC and provide all relevant information upon request. All certificated applicants must provide a list of their prior educational employers, and MPS will contact those employers to inquire about any reportable misconduct. Failure by any applicant for any position to successfully complete the pre-hire process, including providing accurate employment history or authorizations, or other dishonesty or lack of transparency during the hiring process, may result in the withdrawal of a job offer or termination of employment. Other employees may not provide any employment verifications or provide a professional reference on behalf of the School for another employee. MPS strongly advises supervisors not to provide letters of recommendation on MPS letterhead.

INTERNAL COMPLAINT REVIEW & OPEN DOOR

Open Door Policy

The School wishes to provide the most positive and productive work environment possible. To that end, it has an open door policy where it welcomes employee questions, suggestions or complaints relating to work, conditions of employment, the School or the treatment of employees. Other than in situations involving harassment (as outlined and described above), the employee must contact **the Principal (or MERF P&C Department for MERF employees)** with questions or concerns. If the situation is not satisfactorily resolved, the employee should contact **MERF P&C Department**, preferably in writing, who may further review the issue.

Internal Complaint Review

The purpose of the "Internal Complaint Review Policy" is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to **the CEO** or **Board of Directors** to express their work-related concerns.

Specific complaints of unlawful harassment, discrimination, and retaliation are addressed under the School's "Policy Prohibiting Unlawful Harassment, Discrimination, and Retaliation."

Internal Complaints:
(Complaints by Employees against Employees)

This section of the policy is for use when a School employee raises a complaint or concern about a coworker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the employee's **direct supervisor**. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by **the Principal (or the Chief People Officer (or designee) for MERF employees):**

- If the complaint is about the CEO, the complainant may file his or her complaint in a signed writing to **the** Chief People Officer and **President of the School's Board of Directors**, who will then confer with the Board and may conduct a fact-finding or authorize a third-party investigator on behalf of the Board. **The Board President or investigator** will report their findings to the Board for review and action, if necessary.

Policy for Complaints Against Employees:
(Complaints by Third Parties against Employees)

This section of the policy is for use when a non-employee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of **the Principal or the** Chief People Officer (if the complaint concerns the Principal and/or Home Office employees) or **the Board President** (if the complaint concerns the CEO) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, **the Principal (or the Chief People Officer, Board President, or designee)** shall abide by the following process:

- The person charged with handling the complaint shall use their best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint.
- In the event that the investigator finds that a complaint against an employee is valid, the matter may be referred to the employee's supervisor for appropriate disciplinary action, if the supervisor determines it is appropriate.
- The decision of the person charged with handling the complaint shall be final.

General Requirements:

- Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.
- Non-Retaliation: All complainants will be advised that they will be protected against retaliation

as a result of the filing of any complaints or participation in any complaint process.

- Resolution: The Board (if a complaint is about the CEO) or the Chief People Officer (if a complaint is about the Principal or MERF employees) or the Principal or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

AMENDMENT TO EMPLOYEE HANDBOOK

This Employee Handbook contains the employment policies and practices of the School in effect at the time of publication.

MPS reserves the right to amend, delete or otherwise modify this Handbook at any time provided that such modifications are in writing and duly approved by the employer. Any modification replaces any pre-existing policies and Handbooks to the extent they are in conflict.

Any written changes to the Handbook will be distributed to all employees. No oral statements can in any way alter the provisions of this Handbook.

APPENDIX A
HARASSMENT/DISCRIMINATION/RETALIATION COMPLAINT FORM

It is the policy of the School that all of its employees be free from harassment, discrimination, and retaliation. Date:	September 14, 2026

RE:	Approval of Revised Preliminary, Non-Binding Stifel Engagement and Authorization to Submit a California School Finance Authority (CSFA) Application for Potential 2026C / 2026D Financing

Action Proposed:

Staff recommends and moves that the Committee approve the preliminary, non-binding Stifel engagement and authorize/ratify submission of the related CSFA financing and credit enhancement applications for the proposed 2026C/2026D financing, substantially as presented. This action does not authorize final debt issuance. Furthermore, the Committee shall move that the Board adopt the same.

Purpose:

To preserve MPS's ability to evaluate a potential 2026 financing while keeping other financing alternatives available. This action allows preliminary application, diligence, rating, structuring, and market work only; final financing requires separate Board approval.

Background:

MPS is evaluating approximately $19.4 million of preliminary facility and refinancing needs for MSA-2, MSA-7 / the former Bank of America property, MSA-OC / Anaheim, and the MSA-5 Gym. The analysis also includes CLI-related obligations, the planned MSA-2 land sale, and the proposed MSA-7 property structure through MPM.

The $19.4 million represents current project-level uses, not proposed bond principal. The CSFA application requests a not-to-exceed ceiling of $22.5 million for flexibility and currently models approximately $20.46 million of bond par to fund project costs, financing costs, and original issue discount. The $22.5 million ceiling is not authorization to issue that amount.

Preliminary Financing Plan

Project / purpose	Gross need	Illustrative annual debt service*	Current planning consideration
MSA-2	$2,600,000	$199,101	Reimbursement of eligible project costs and CapEx; confirm final reimbursable amount and land-sale strategy.
MSA-7 / Sherman Way	$7,800,000	$597,304	Refinance prior facility loan; confirm payoff, appraisal, collateral capacity, ownership/lease structure, and use by MSA-1/MSA-7.
MSA-OC / Anaheim	$4,500,000	$344,598	Refinance existing acquisition-related IO loans: $3.7M from MSA-8 and $0.8M from MSA-6; confirm final payoff including accrued interest and transaction costs.
MSA-5 Gym	$4,500,000	$344,598	New financing to complete the gym project; confirm remaining project costs, available project funds, grants, and final financing need.
Total	**$19,400,000**	**$1,485,602**	**Preliminary gross need; not estimated bond principal.**

*Project-level debt-service amounts are illustrative 30-year estimates at 6.5%. The CSFA application separately estimates approximately $1.295 million of annual payment under a preliminary fixed-rate, level-debt-service structure of up to 40 years. Final debt service will depend on actual par, rates, amortization, tax mix, and market conditions.

Application Financial Framework

Metric	Current preliminary application / planning amount
Project-level uses	$19.400 million
Preliminary bond par	$20.460 million ($20.220M tax-exempt + $0.240M taxable)
CSFA application not-to-exceed	**$22.500 million ($22.000M tax-exempt + $0.500M taxable)**
Net original issue discount (preliminary)	$428,770

Estimated costs of issuance + underwriter discount	$627,026
CSFA Credit Enhancement / reserve funding	**$1,297,375 grant-funded debt service reserve**
Estimated annual payment in CSFA application	$1,295,000 (preliminary)
Preliminary structure	Obligated Group; fixed rate; level debt service; fully amortizing; up to 40 years; limited public offering

The preliminary application contemplates an Obligated Group structure, gross-revenue pledge, bond reserve fund, and State intercept mechanism, with an anticipated Baa3 rating. The offering is expected to be limited to Qualified Institutional Buyers and Accredited Investors. Final security, disclosure, and investor terms remain subject to final documents and Board approval.

Required Analysis Before Final Financing Approval

- Reconcile final sources and uses, including the $19.4 million project uses, approximately $20.46 million preliminary par, and $22.5 million CSFA ceiling, together with available funds, payoff amounts, financing costs, reserves, contingencies, and any capitalized interest.
- Confirm final project scope, tax-exempt/taxable allocation, and whether any project amount is reduced, separately financed, or deferred.
- Confirm updated appraisals and collateral capacity for MSA-7 and MSA-OC / Anaheim.
- Confirm the final payoff of the approximately $4.5 million MSA-OC acquisition-related IO loans funded by MSA-8 ($3.7 million) and MSA-6 ($0.8 million). The proposed $4.5 million financing is intended to refinance these loans, not create an additional $4.5 million obligation. Final sources and uses should include accrued interest and transaction costs.
- Prepare final debt-service, liquidity, coverage, covenant-compliance, and downside analyses, including applicable Master Indenture additional-debt/refunding tests.
- Confirm the final financing method, security, repayment sources, tax treatment, and transaction costs.

Stifel Engagement

The Stifel engagement is preliminary, non-binding, nonexclusive, and terminable by MPS without penalty for Stifel costs. Stifel would act as underwriter or placement agent, not as MPS's fiduciary municipal advisor.

Before execution, General Counsel should confirm that the final letter:

- supersedes the prior preliminary engagement / disclosure letter dated November 25, 2025 and executed January 28, 2026;
- limits promotional use of MPS's name or logo to MPS-approved communications; and
- permits disclosures to the Board, MPS professionals, and as required by law.

Preliminary Schedule

The dates below are preliminary and remain subject to CSFA confirmation, completion of diligence and disclosure, market conditions, and any applicable blackout periods.

Milestone	Current preliminary schedule / condition
CSFA applications	Executed / targeted submission August 27, 2026; any pre-Board submission should be ratified as advised by General Counsel.
Board financing package	Finalize during week of September 14, 2026.
Final MPS Board financing action	Target week of September 21, 2026; separate approval required for final financing and transaction documents.
CSFA approval	Target September 24, 2026.
Investor marketing / bond sale	Investor marketing week of October 19; preliminary sale date October 28, 2026.
Closing	Preliminary closing date November 11, 2026, subject to approvals, documentation, rating, market conditions, and schedule changes.

Impact:

- Preserves the option to pursue 2026C / 2026D financing without committing MPS to issue debt.
- Allows required application, diligence, rating, disclosure, and market work to continue.
- Maintains flexibility to pursue another underwriter, lender, or financing alternative.

Budget Implications:

- Immediate application costs: up to $2,500 in nonrefundable CSFA application fees ($1,500 conduit application and $1,000 credit enhancement application), subject to confirmation of amounts already paid or committed.
- The CSFA application estimates approximately $1.295 million of annual payment under its preliminary structure. As a separate benchmark, financing $19.4 million over 30 years at 6.5% is approximately $1.49 million annually. Neither amount is final.
- Preliminary financing costs are approximately $627,026, including about $477,026 of costs of issuance and a $150,000 underwriter discount.
- **Credit enhancement: Preliminary sources and uses assume approximately $1.297 million of CSFA Credit Enhancement Grant proceeds to fund the debt-service reserve. If awarded, this would reduce the need to fund that reserve from bond proceeds or MPS cash.**
- MSA-OC refinancing: The proposed $4.5 million financing is intended to refinance the existing IO acquisition loans from MSA-8 ($3.7 million) and MSA-6 ($0.8 million). No payments are required through June 30, 2027; quarterly repayment begins July 2027 and

matures June 30, 2032. Illustratively, the existing 5-year structure at 4.0% is about $997,000 annually versus about $341,000 annually over 30 years at 6.5%, or approximately $656,000 of annual cash-flow relief beginning FY2027-28. This is cash-flow relief, not lifetime interest savings, and actual results depend on final payoff, rate, term, and costs.

Recommendation:

Approve the preliminary engagement and CSFA application authority/ratification only, including the $22.5 million not-to-exceed application ceiling to preserve financing flexibility. Require final sources and uses, payoff amounts, appraisals, debt-capacity and coverage analyses, covenant compliance, final rates and amortization, security documents, and substantially final transaction documents to return to the Board before pricing, sale, issuance, or closing.

STIFEL

August 21, 2026

Mr. Alfredo Rubalcava
Chief Executive Officer
Magnolia Public Schools
250 E. 1st Street, Suite 1500
Los Angeles, CA 90012

Re: Underwriter/Placement Agent Engagement Relating to Potential Municipal Securities Transaction for Magnolia Educational & Research Foundation

Dear Mr. Rubalcava:

Magnolia Educational & Research Foundation dba Magnolia Public Schools ("Obligor") and Stifel, Nicolaus & Company, Incorporated ("Stifel") hereby confirm they are engaged in discussions related to a potential issue of (or series of issuances of) municipal securities related to the 2026C / 2026D Bonds (the "Issue") and to formalize Stifel's role as underwriter or placement agent with respect to the Issue.

Engagement as Underwriter/Placement Agent

Obligor is aware of the "Municipal Advisor Rule" of the Securities and Exchange Commission ("SEC") and the underwriter exclusion from the definition of "municipal advisor" for a firm serving as an underwriter or placement agent for a particular issuance of municipal securities. Obligor hereby designates Stifel as an underwriter or placement agent for the Issue. Obligor expects that Stifel will provide advice to Obligor on the structure, timing, terms and other matters concerning the Issue.

Limitation of Engagement

It is Obligor's intent that Stifel serve as an underwriter or placement agent for the Issue, subject to satisfying applicable procurement laws or policies, formal approval of the conduit issuer of the securities ("Issuer"), finalizing the structure of the Issue and executing a bond purchase agreement or placement agent agreement, as applicable. While Obligor presently engages Stifel as the underwriter or placement agent for the Issue, this engagement letter is preliminary, nonbinding and may be terminated at any time by Obligor, without penalty or liability for any costs incurred by Stifel. Furthermore, this engagement letter does not restrict Obligor from selecting an underwriter/placement agent for the Issue other than Stifel or selecting an underwriting syndicate that does not include Stifel.

Confidentiality

Under the SEC's "Municipal Advisor Rule," Obligor might be classified as an "Obligated Person" if bonds are issued through a municipal conduit issuer. It is very important that Obligor keep confidential any information shared by Stifel until Stifel confirms our role with the Issuer.

Disclosures Required by MSRB Rule G-17 Concerning the Role of the Underwriter or Placement Agent

The Obligor confirms and acknowledges the following disclosures, as required to be delivered to issuers by the Municipal Securities Rulemaking Board (MSRB) Rule G-17 as set forth in MSRB Notice 2019-20 (Nov. 8, 2019)[1]:

The following G-17 conflict of interest disclosures are broken down into three types, including: 1) dealer-specific conflicts of interest disclosures (if applicable); 2) transaction-specific disclosures (if applicable); and 3) standard disclosures.

1. **Dealer-Specific Conflicts of Interest Disclosures**

Stifel has identified the following actual or potential[2] material conflicts of interest:

Stifel and its affiliates comprise a full service financial institution engaged in activities which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. Stifel and its affiliates may have provided, and may in the future provide, a variety of these services to the Obligor and to persons and entities with relationships with the Obligor, for which they received or will receive customary fees and expenses.

In the ordinary course of these business activities, Stifel and its affiliates may purchase, sell or hold a broad array of investments and actively trade securities, derivatives, loans and other financial instruments for their own account and for the accounts of their customers, and such investment and trading activities may involve or relate to assets, securities and/or instruments of the Obligor (directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with the Obligor.

Stifel and its affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire such assets, securities and instruments. Such investment and securities activities may involve securities and instruments of the Obligor.

2. **Transaction-Specific Disclosures Concerning Complex Municipal Securities Financing:**

- Since we have not recommended a "complex municipal securities financing" to the Issuer or Obligor, additional disclosures regarding the financing structure for the Issue are not required under MSRB Rule G-17.

3. **Standard Disclosures**

A. Disclosures Concerning the Underwriter's or the Placement Agent's Role:

- MSRB Rule G-17 requires an underwriter and a placement agent to deal fairly at all times with issuers, obligated persons, and investors.

[1] Revised Interpretive Notice Concerning the Application of MSRB Rule G-17 to Underwriters of Municipal Securities (effective Mar. 31, 2021).

[2] When we refer to *potential* material conflicts throughout this letter, we refer to ones that are reasonably likely to mature into *actual* material conflicts during the course of the transaction, which is the standard required by MSRB Rule G-17.

- The underwriter's primary role is to purchase the Issue with a view to distribution in an arm's-length commercial transaction with the Issuer. The placement agent's primary role in the transaction is to facilitate the sale and purchase of the securities between the issuer and one or more investors for which the placement agent will receive compensation in an arm's-length commercial transaction with the issuer. The underwriter/placement agent has financial and other interests that differ from those of the Issuer.

- Unlike a municipal advisor, the underwriter or the placement agent does not have a fiduciary duty to the Issuer or to you under the federal securities laws and are, therefore, not required by federal law to act in the best interests of the Issuer or you without regard to our own financial or other interests.

- The Issuer or you may choose to engage the services of a municipal advisor with a fiduciary obligation to represent the Issuer's or your interest in this transaction.

- The underwriter has a duty to purchase the Issue from the Issuer at a fair and reasonable price, but must balance that duty with their duty to sell the Issue to investors at prices that are fair and reasonable.

- The placement agent has a duty to use its commercially reasonable efforts to arrange the purchase of securities from the Issuer at a fair and reasonable price, but must balance that duty with its duty to arrange the sale of securities to investors at prices that are fair and reasonable.

- The underwriter or the placement agent will review the official statement for the securities, if any, in accordance with, and a part of, its respective responsibilities to investors under the federal securities laws, as applied to the facts and circumstances of this transaction.[3]

B. Disclosures Concerning the Underwriter's or the Placement Agent's Compensation:

- The underwriter will be compensated by a fee and/or an underwriting discount that will be set forth in the bond purchase agreement to be negotiated and entered into in connection with the Issue. The placement agent will be compensated by a fee agreed upon with the Issuer in connection with the private placement of the Issue. Payment or receipt of the underwriting/placement agent fee or discount will be contingent on the closing of the transaction and the amount of the fee or discount may be based, in whole or in part, on a percentage of the principal amount of the Issue. While this form of compensation is customary in the municipal securities market, it presents a conflict of interest since the underwriters may have an incentive to recommend to the Issuer a transaction that is unnecessary or to recommend that the size of the transaction be larger than is necessary.

Permitted Disclosures

The Obligor and the Issuer each hereby consent to Stifel, following the successful closing of the financing, disclosing information regarding the transaction in Stifel's marketing and communications materials, including on its website, in press releases, and on social media channels, subject to the limitations set forth herein. Stifel may, without further approval (unless the Obligor or the Issuer has

[3] Under federal securities law, an issuer of securities has the primary responsibility for disclosure to investors. The review of the official statement by the underwriter or placement agent is solely for purposes of satisfying the underwriter's or placement agent's obligations under the federal securities laws and such review should not be construed by you as a guarantee of the accuracy or completeness of the information in the official statement.

elected otherwise in writing), publish customary "tombstone"-style announcements limited to factual, high-level transaction information, such as: (i) general description of the Obligor; (ii) Issuer's name and logo; (iii) general description of the financing; (iv) principal amount; (v) general structure (e.g., fixed vs. variable rate, tax status); (vi) purpose of the financing; (vii) Stifel's role; and (viii) closing date. Such communications shall be limited to objective, factual statements and shall not include qualitative, comparative, or performance-related statements.

PRELIMINARY LIMITED OFFERING MEMORANDUM DATED OCTOBER __, 2026

NEW ISSUES—FULL BOOK-ENTRY

Rating: MOODY'S: "Baa3"
See "RATING" herein

In the opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the Authority, based upon an analysis of existing laws, regulations, rulings and court decisions and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Tax-Exempt Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the "Code"). In the further opinion of Bond Counsel, interest on the Tax-Exempt Bonds is not a specific preference item for purposes of the federal individual alternative minimum tax. Bond Counsel observes that interest on the Tax-Exempt Bonds included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. Bond Counsel observes that interest on the Taxable Bonds is not excluded from gross income for federal income tax purposes pursuant to Section 103 of the Code. Bond Counsel is also of the opinion that interest on the Bonds is exempt from State of California personal income taxes. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Bonds. See "TAX MATTERS."

The California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026C, in the aggregate principal amount of $_____* (the "Series 2026C Bonds" or the "Tax-Exempt Bonds") and the California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026D (Taxable), in the aggregate principal amount of $_____* (the "Series 2026D Bonds" or the "Taxable Bonds" and, together with the Series 2026C Bonds, the "Bonds") will be issued by the California School Finance Authority (the "Authority") pursuant to an Indenture, dated as of November 1, 2026 (the "Bond Indenture"), by and between the Authority and UMB Bank, National Association, as trustee (the "Trustee"). The Authority will loan the proceeds of the Bonds to Magnolia Properties Management, Inc., a California nonprofit public benefit corporation (the "Borrower"), pursuant to a Loan Agreement, dated as of November 1, 2026 (the "Loan Agreement"), by and between the Authority and the Borrower and accepted by MPM Santa Ana, LLC, a California limited liability company the sole member of which is the Borrower. The Bonds and the interest thereon are payable solely out of certain revenues and income received by the Authority or the Trustee pursuant to the Loan Agreement and Obligation No. 3 relating to the Bonds ("Obligation No. 3") issued by the Borrower in an amount equal to the aggregate principal amount of the Bonds pursuant to a Master Indenture of Trust, dated as of April 1, 2025 (the "Master Indenture"), as supplemented, including by a Supplemental Master Indenture for Obligation No. 3, dated as of November 1, 2026 (the "Third Supplemental Master Indenture"), by and between the Borrower, as representative of the Obligated Group, and UMB Bank, National Association, as master trustee thereunder (the "Master Trustee").

The proceeds of the Bonds will be used to: (i) finance and/or refinance a portion of the costs of the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and/or equipping of certain public charter school facilities (as further defined herein, the "Series 2026CD Facilities"); and (ii) pay the costs of issuance of the Bonds. See "ESTIMATED SOURCES AND USES OF FUNDS" and "THE PROJECT" herein. A deposit to a debt service reserve account for the Bonds in an amount of $_____* is expected to be funded by proceeds of a grant pursuant to the Authority's Charter School Facilities Credit Enhancement Program. Such deposit to the debt service reserve account will be equal to the maximum annual debt service on the Bonds.* In connection with the issuance of the Bonds, Magnolia Educational & Research Foundation ("MERF" or the "Lessee"), a California nonprofit public benefit corporation and an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986 (the "Code"), will enter into certain Lease Agreements, each dated as of November 1, 2025 (the "Series 2026CD Leases"), pursuant to which certain charter school facilities will be leased to MERF. In addition, MERF will enter into that certain Amended and Restated Loan Agreement, dated as of November 1, 2026 (the "MSA-5 School Loan Agreement"), pursuant to which proceeds of the Bonds will be loaned to MERF for purposes of the MSA-5 Gymnasium Project (as defined herein).

The Bonds are limited obligations of the Authority payable from Payments received under the Bond Indenture (including amounts payable under the Series 2026CD Leases and the MSA-5 School Loan Agreement) and other amounts held in the funds established by the Bond Indenture (except the Rebate Fund) and payments to be made pursuant to Obligation No. 3. The obligations of the Borrower under the Loan Agreement are payable from the Gross Revenues (as defined herein) of the Obligated Group, or from any other legally available funds of the Borrower, required to be deposited with the Trustee pursuant to the Loan Agreement.

Interest on the Bonds will be payable semiannually on each January 1 and July 1, commencing January 1, 2027.* The Bonds are being issued as fully registered bonds and initially will be registered in the name of Cede & Co., as nominee for The Depository Trust Company ("DTC"). DTC will act as securities depository for the Bonds. Purchases of beneficial interests in the Bonds will be made in book-entry-only form (without physical certificates) in initial minimum denominations of $25,000 and any integral multiple of $5,000 in excess thereof. For so long as DTC or its nominee, Cede & Co., is the registered owner of the Bonds, (i) payments of the principal of and premium, if any, and interest on such Bonds will be made directly to Cede & Co. for payment to DTC participants for subsequent disbursement to the beneficial owners, and (ii) all notices, including any notice of redemption will be mailed only to Cede & Co. See "APPENDIX G – BOOK-ENTRY SYSTEM" herein.

The Bonds are subject to optional, mandatory and extraordinary redemption prior to maturity as described under "THE BONDS – Redemption" herein.

MPM Santa Ana has loaned certain proceeds of the Bonds to MERF pursuant to a Loan Agreement, dated April 1, 2025 (the "Prior School Loan Agreement" and, together with the MSA-5 School Loan Agreement, the "School Loan Agreements").

The MSA-1 Facilities are used by MERF for the operation of Magnolia Science Academy 1 ("MSA-1"). The MSA-SD Facilities are used by MERF for the operation of Magnolia Science Academy – San Diego ("MSA-SD"). The MSA-1 Facilities, the MSA-SD Facilities, and the MSA-SA Facilities are referred to herein as the "Prior Facilities" and, together with the MSA-5 Facility, the "Facilities."

State Intercept Program. As additional security for the Bonds, in connection with the issuance of the Bonds, MERF will provide instructions to the State Controller's Office (the "State Controller") to make apportionments (an "Intercept") to the Trustee with respect to MSA-5, in amounts and on dates provided in a written notice (the "Intercept Notice") which amounts are expected to be sufficient in the aggregate to repay the Bonds and pay necessary and incidental costs. Funds received by the Trustee pursuant to the Intercept will be held in trust and will be disbursed, allocated and applied solely for the uses and purposes set forth in the Bond Indenture, including if necessary, the payment of debt service on the Bonds. Under the laws of the State of California (the "State"), no party, including MERF, the Borrower or any of their respective creditors will have any claim to the money apportioned or to be apportioned to the Trustee by the State Controller pursuant to the Intercepts. Similar Intercepts with respect to each of MSA-1, MSA-SD, and MSA-SA were made in connection with the Prior Bonds. However, the Intercepts relating to MSA-5, MSA-SD and MSA-SA are effectively subordinate to similar intercepts previously implemented and related to the State's Charter School Facilities Program. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS," "CERTAIN RISK FACTORS – Charter School Facilities Program Intercepts" herein See also "CERTAIN RISK FACTORS – Bankruptcy" herein.

Limited Obligations. The Bonds are limited obligations of the Authority. The Authority is not obligated to advance any moneys derived from any source other than Payments (as defined below) and other assets pledged under the Bond Indenture, whether for the payment of the principal or redemption price of or interest on the Bonds. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS."

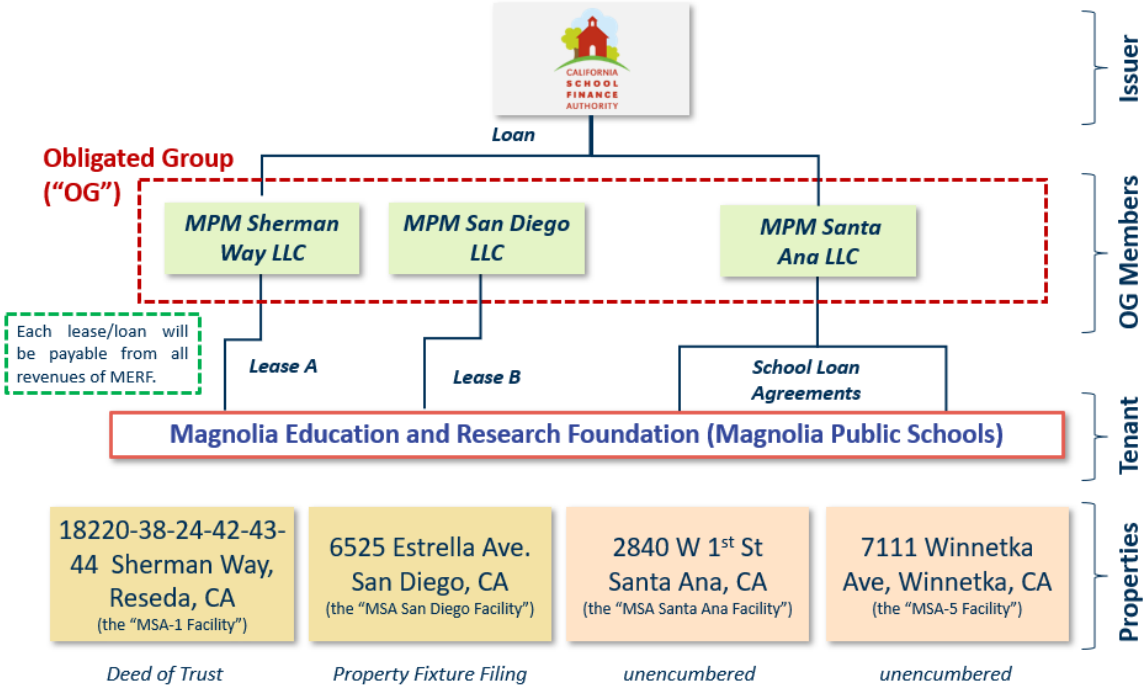

For information regarding the Borrower, see APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP attached hereto.

As of the date of issuance of the Bonds, the only Members of the Obligated Group are MPM Sherman Way, MPM San Diego, and MPM Santa Ana.

The consolidated audited financial statements of MERF and its affiliates for the Fiscal Year ended June 30, 2025, are attached hereto as Appendix B, and they reflect the operations and finances of MERF, the Borrower, and their respective affiliates, including the Members of the Obligated Group, on a consolidated basis.

MERF now expects that the total apportionment to be received for the Project under the Charter School Facility Grant Program will be $49,878,660. To date, MERF has received the amount of $13,832,733 in the form of an advance apportionment. Upon satisfaction of the applicable requirements of the Charter School Facility Program, the Lessee expects to receive an additional amount of the preliminary apportionment equal to $36,045,927 (the "CSFP Award"). Of the total $49,878,660 expected to be received in respect of the Project, 50% will be in the form of a grant, and the remaining 50% will be in the form of a loan to be repaid to the State over a period of thirty years through the State Intercept Program. See "CERTAIN RISK FACTORS – Charter

School Facilities Program Intercepts" and " – Additional Indebtedness and Additional School Indebtedness" herein.

The Grant Anticipation Notes and the interest thereon are payable solely out of certain revenues and income received by the Authority or the trustee for such Grant Anticipation Notes pursuant to the Note Loan Agreement. The Borrower's obligations under the Note Loan Agreement are payable only from certain revenues it receives from MERF under the Grant Anticipation Note Loan Agreement, which consist solely of the CSFP Award. The CSFP Award is not a source of revenue for payment of the Bonds, the Borrower's obligations under the Loan Agreement, nor for the obligations of the Members under the Master Indenture or the Obligations issued pursuant thereto. See "APPENDIX E – CHARTER SCHOOL FACILITIES PROGRAM AND AWARD FUNDING." No lien on the MSA-5 Facility secures MERF's obligations under the Grant Anticipation Note Loan Agreement or the MSA-5 School Loan Agreement, or the Borrower's obligations under the Note Loan Agreement or the Loan Agreement. See "CERTAIN RISK FACTORS – No Fee Interest in Certain Facilities."

Redemption

The Bonds will be subject to extraordinary optional redemption, optional redemption, extraordinary mandatory redemption, and mandatory sinking fund redemption as described below under "THE BONDS – Redemption" herein.

Certain Risk Factors

The Bonds may not be a suitable investment for all investors. Prospective purchasers of the Bonds should read this entire Limited Offering Memorandum, including the appendices and the information under the section "CERTAIN RISK FACTORS" before making an investment in the Bonds.

Limited Offering of Bonds

The Bonds are to be offered and sold (including in secondary market transactions) only to Qualified Institutional Buyers or Accredited Investors. The Bond Indenture under which the Bonds will be issued contains provisions limiting transfers of the Bonds and beneficial ownership interests in the Bonds only to Qualified Institutional Buyers or Accredited Investors. In addition, the face of each Bond will contain a legend indicating that it is subject to transfer restrictions as set forth in the Bond Indenture.

Each purchaser of any Bond or ownership interest therein will be deemed to have acknowledged, represented, warranted, and agreed with and to the Authority, the Borrower, the Underwriter and the Trustee as follows:

1. That the Bonds are payable solely from certain revenues derived by the Authority under the Loan Agreement from amounts received by the Trustee pursuant to the Intercepts, and from certain funds and accounts established and maintained pursuant to the Bond Indenture;

2. That it is a Qualified Institutional Buyer or an Accredited Investor and that it is purchasing the Bonds for its own account and not with a view to, or for offer or sale in connection with any distribution thereof in violation of the Securities Act or other applicable securities laws;

3. That the Bonds (a) have not been registered under the Securities Act and are not registered or otherwise qualified for sale under the "blue sky" laws and regulations of any state, (b) will not be listed on any stock or other securities exchange, and (c) may not be readily marketable;

4. That none of the Authority or any of its Board members, officers or employees takes any responsibility for, and the purchaser is not relying upon any such parties with respect to the information

appearing anywhere in this Limited Offering Memorandum, other than the information under the headings "THE AUTHORITY," and "ABSENCE OF MATERIAL LITIGATION – The Authority," and that none of such parties have participated in the preparation of this Limited Offering Memorandum;

5. That the Bonds and beneficial ownership interests therein may only be transferred to Qualified Institutional Buyers or Accredited Investors; and

6. That the Authority, the Borrower, MERF, the Trustee, the Underwriter and others will rely upon the truth and accuracy of the foregoing acknowledgments, representations and agreements.

Subsequent transferees of the Bonds are limited only to "Qualified Institutional Buyers" or "Accredited Investors." Each subsequent transferee of the Bonds will be deemed to have represented and warranted that it (i) is a Qualified Institutional Buyer or Accredited Investor, as applicable, and (ii) is acquiring such Bond for its own account or for the account of Qualified Institutional Buyer or an Accredited Investor, as the case may be, and not with a view to the further distribution thereof, though it may expressly reserve the right to re-sell such Bond.

See "TRANSFER RESTRICTIONS" herein.

All references in this Limited Offering Memorandum to documents are qualified in their entirety by reference to such documents, and references to the Bonds are qualified in their entirety by reference to the form of the Bonds included in the Bond Indenture. MERF maintains a website and social media accounts providing additional information about itself and its operations. The information on such website and such social media accounts is not included as part of, or incorporated by any reference in, this Limited Offering Memorandum. THE AUTHORITY

The Authority is a public instrumentality of the State of California created pursuant to provisions of the Act. The Authority is authorized to issue the Bonds under the Act and to make the loan contemplated by the Loan Agreement and to secure the Bonds by a pledge of the Payments and certain other funds and accounts as provided in the Bond Indenture.

THE BONDS

The following is a summary of certain provisions of the Bonds. Reference is made to the Bonds for the complete text thereof and to the Bond Indenture for all of the provisions relating to the Bonds. The discussion herein is qualified by such reference.

General

The Bonds are being issued pursuant to the Bond Indenture in the aggregate principal amount set forth on the cover of this Limited Offering Memorandum. The Bonds will initially be delivered as registered Bonds in minimum denominations of $25,000 and any integral multiple of $5,000 in excess thereof ("Authorized Denominations"), and will be transferable and exchangeable only as set forth in the Bond Indenture and as described herein. See "TRANSFER RESTRICTIONS" herein. The Bonds will be dated the date of issuance and will bear interest at the rates set forth on the inside cover page hereof from their dated date. Interest on the

Bonds will be calculated on the basis of a 360-day year of twelve 30-day months and will be payable in arrears on each Interest Payment Date. The Bonds will mature in the amounts and in each of the years as set forth on the inside cover page hereof.

The Bonds, when issued, will be registered in the name of Cede & Co., as nominee of DTC, and will be evidenced by one Bond for each maturity of a series in the total aggregate principal amount of the Bonds of such maturity. Registered ownership of the Bonds, or any portion thereof, may not thereafter be transferred except as set forth in the Bond Indenture. So long as Cede & Co. is the registered owner of the Bonds, as nominee of DTC, references herein to the Bondholders, holders or registered owners will mean Cede & Co. as aforesaid and will not mean the "beneficial owners" of the Bonds.

The principal and redemption price of and interest on the Bonds will be payable in lawful money of the United States of America upon surrender at the principal corporate trust office of the Trustee. The interest on any Bond will be payable to the person whose name appears on the registration books of the Trustee as the registered owner thereof as of the close of business on the fifteenth day of the calendar month immediately preceding the Interest Payment Date (the "Record Date"), such interest to be paid by check mailed by first class mail, postage prepaid, on the Interest Payment Date, to the registered owner at his or her address as it appears on such registration books. Notwithstanding the foregoing, however, any Holder of $1,000,000 or more in an aggregate principal amount of the Bonds will be entitled to receive payments of interest on the Bonds held by it by wire transfer of immediately available funds to such bank or trust company located within the United States of America as such Holder will designate in writing to the Trustee by the applicable Record Date for such payment. So long as Cede & Co. is the registered owner of the Bonds, principal of and interest on the Bonds are payable in same day funds by the Trustee to Cede & Co., as nominee for DTC.

Any interest not punctually paid or duly provided for will thereafter cease to be payable to the Bondholder on such Record Date and will be paid to the person in whose name the Bond is registered at the close of business on the date established by the Trustee pursuant to the Bond Indenture as a record date for the payment of defaulted interest on the Bonds (the "Special Record Date"). The Special Record Date will be fixed by the Trustee, notice thereof being given to the Bondholders not less than 10 days prior to such Special Record Date.

Book-Entry Only System

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully registered securities without coupons in Authorized Denominations. The Bonds will be registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered Bond certificate will be issued for each maturity of a Series of Bonds set forth on the inside cover of this Limited Offering Memorandum, and will be deposited with DTC. For additional information regarding DTC and its book-entry only system, see "APPENDIX G – BOOK-ENTRY SYSTEM" herein.

Transfer of Bonds

Beneficial ownership interests in the Bonds may not be purchased by, or transferred to, any person except a Qualified Institutional Buyer or an Accredited Investor. The registration of any Bond may, in accordance with its terms, be transferred upon the books required to be kept by the Trustee, by the person in whose name it is registered, in person or by his or her duly authorized attorney, upon surrender of such Bond for cancellation, accompanied by delivery of a written instrument of transfer in a form acceptable to the Trustee, duly executed. The Trustee will require the Holder requesting such transfer to pay any tax or other governmental charge required to be paid with respect to such transfer, and there shall be no other charge to any Holder for any such transfer. The Trustee will not be required to register the transfer of any Bond which has been selected for redemption in whole or in part, from and after the day of mailing of a notice of redemption of such Bond selected for redemption in whole or in part as provided in the Bond Indenture or during the period established by the

Trustee for selection of Bonds for redemption. The Bonds are subject to certain transfer restrictions under the Bond Indenture, as described herein under "TRANSFER RESTRICTIONS."

Exchange of Bonds

Bonds may be exchanged at the principal corporate trust office of the Trustee for a like series and aggregate principal amount of the Bonds of the same maturity of other Authorized Denominations. The Trustee will require the payment by the Holder requesting such exchange of any tax or other governmental charge required to be paid with respect to such exchange, and there will be no other charge to any Holder for any such exchange. No exchange of Bonds will be required to be made during the period established by the Trustee for selection of Bonds for redemption and after a Bond has been selected for redemption.

Notice of Redemption. In connection with the redemption of Bonds (other than mandatory sinking fund redemption) the Borrower will give written notice of redemption to the Trustee (with a copy to the Authority) not less than 35 days prior to the redemption date (or such shorter notice as the Trustee may approve in writing). Notice of redemption of any Bonds will be given by the Trustee upon such written request of the Borrower. Notice of any redemption of Bonds will be mailed postage prepaid, by the Trustee not less than 30 nor more than 60 days prior to the redemption date by first class mail to the respective Holders thereof at the addresses appearing on the Bond registration books described in the Bond Indenture. Each notice of redemption will contain all of the following information: (a) the date of such notice; (b) the name of the Bonds and the date of issue of the Bonds; (c) the redemption date; (d) the redemption price; (e) the dates of maturity of the Bonds to be redeemed; (f) if less than all of the Bonds of any maturity are to be redeemed, the distinctive numbers of the Bonds of each maturity to be redeemed; (g) in the case of Bonds redeemed in part only, the respective portions of the principal amount of the Bonds of each maturity to be redeemed; (h) the CUSIP number, if any, of each maturity of Bonds to be redeemed; (i) a statement that such Bonds must be surrendered by the Holders at the principal corporate trust office of the Trustee, or at such other place or places designated by the Trustee; (j) a statement that such redemption is conditioned upon the receipt by the Trustee, on or prior to the redemption date, of moneys sufficient to pay the redemption price or upon the happening of such other event as shall be specified therein, and if such moneys are not so received said notice will be rescinded and the redemption will be cancelled; (k) a statement that any such redemption notice can be rescinded as provided in the Bond Indenture; and (l) notice that further interest on such Bonds, if any, will not accrue from and after the designated redemption date.

Such redemption notices may state that no representation is made as to the accuracy or correctness of the CUSIP numbers provided therein or on the Bonds. If money is not received or if such other event has occurred or failed to occur (as the case may be) as described in clause (j) above, the Trustee, within a reasonable time after the date on which such redemption was to occur, is required to give notice to the persons and in the manner in which the notice of redemption was given, that such moneys were not so received and that there will be no redemption of the Bonds pursuant to the notice of redemption. Failure of the Trustee to give such notice of redemption or any defect therein will not in any way impair or affect the validity of the proceedings for redemption.

Effect of Notice. A certificate of the Trustee or the Borrower that notice of call and redemption has been given to Holders and as may be further required in the Continuing Disclosure Agreement as provided in the Bond Indenture will be conclusive as against all parties. The actual receipt by the Holder of any Bond or any other party of notice of redemption will not be a condition precedent to redemption, and failure to receive such

[*] Preliminary, subject to change.

Powered by BoardOnTrack

notice, or any defect in the notice given, will not affect the validity of the proceedings for the redemption of such Bonds or the cessation of interest, if any, on the date fixed for redemption.

When notice of redemption has been given as provided for in the Bond Indenture, and when the redemption price of the Bonds called for redemption is on deposit or otherwise available to the Trustee, the Bonds designated for redemption will become due and payable on the specified redemption date and interest, if any, will cease to accrue thereon as of the redemption date, and upon presentation and surrender of such Bonds at the place specified in the notice of redemption, such Bonds will be redeemed and paid at the redemption price thereof out of the money provided therefor. The Holders of such Bonds so called for redemption after such redemption date will look for the payment of such Bonds and the redemption premium thereon, if any, only to the fund established for such purpose. All Bonds redeemed will be cancelled forthwith by the Trustee and will not be reissued.

Right to Rescind Notice. Upon written notice from the Borrower that the Borrower has cured the conditions that caused the Bonds to be subject to extraordinary redemption, the Borrower may rescind any extraordinary redemption and notice thereof on any date prior to the date fixed for redemption by causing the Trustee to send written notice of the rescission to the Holders of the Bonds so called for redemption. Notice of rescission of redemption is required to be given in the same manner in which notice of redemption was originally given. The actual receipt by the Holder of any Bond of notice of such rescission shall not be a condition precedent to rescission, and failure to receive such notice or any defect in such notice shall not affect the validity of the rescission.

Funds for Redemption. Prior to or on the redemption date of any Bonds there are required to be available in the Redemption Fund, or held in trust for such purpose as provided by law, monies for the purpose and sufficient to redeem, at the premiums payable as provided in the Bond Indenture, the Bonds designated in said notice of redemption. Such monies so set aside in the Redemption Fund or in the escrow fund established for such purpose are required to be applied on or after the redemption date solely for payment of principal of and premium, if any, on the Bonds to be redeemed upon presentation and surrender of such Bonds, provided that all monies in the Redemption Fund are required to be used for the purposes established and permitted by law. Any interest due on or prior to the redemption date is required to be paid from the Redemption Fund, unless otherwise provided for to be paid from an escrow fund established for such purpose. If, after all of the Bonds have been redeemed and cancelled or paid and cancelled, there are monies remaining in the Redemption Fund or otherwise held in trust for the payment of redemption price of the Bonds, said monies are required to be held in or returned or transferred to the Redemption Fund for payment of any outstanding Bonds of the Borrower payable from said fund; provided, however, that if said monies are part of the proceeds of refunding Bonds of the Borrower, said monies are required to be transferred to the fund created for the payment of principal of and interest on such Bonds. If no such refunding Bonds of the Borrower are at such time outstanding, said monies are required to be transferred to the Borrower as provided and permitted by law.

Selection of Bonds for Redemption. When any redemption is made pursuant to any of the provisions of the Bond Indenture and less than all of the Outstanding Bonds are to be redeemed, the Trustee shall select the Bonds to be redeemed from the Outstanding Bonds not previously called for redemption, by lot within a maturity and, if from more than one maturity, in inverse order of maturity or in such other order of maturity as shall be specified in a request of the Borrower.

In no event shall Bonds be redeemed in amounts other than whole multiples of Authorized Denominations. For purposes of redeeming Bonds in denominations greater than minimum Authorized Denominations, the Trustee shall assign to such Bonds a distinctive number for each such principal amount and, in selecting Bonds for redemption by lot, shall treat such amounts as separate Bonds. The Trustee shall promptly notify the Authority and the Borrower in writing of the numbers of the Bonds selected for redemption.

"Outstanding" under the Bond Indenture means all Bonds theretofore, or thereupon being, authenticated and delivered by the Trustee under the Bond Indenture except (a) Bonds theretofore canceled by the Trustee or

surrendered to the Trustee for cancellation; (b) Bonds with respect to which all liability of the Authority shall have been discharged in accordance with the Bond Indenture; and (c) Bonds for the transfer or exchange of which, or in lieu of or in substitution for which, other Bonds shall have been authenticated and delivered by the Trustee pursuant to the Bond Indenture.

Defeasance

Discharge of Bond Indenture. Bonds may be paid or caused to be paid in any of the following ways, provided that any other sums payable under the Bond Indenture have also been paid or caused to be paid: (a) by paying or causing to be paid the principal of and interest on the Bonds Outstanding as and when the same become due and payable; (b) by depositing with the Trustee, in trust, at or before maturity, money or securities in the necessary amount to pay or redeem Bonds Outstanding; or (c) by delivering to the Trustee, for cancellation by it, all Bonds Outstanding.

If all Bonds then Outstanding are paid or caused to be paid as provided above and all other sums payable under the Bond Indenture shall also be paid or caused to be paid, and if the Borrower has paid all Additional Payments and any indemnification owed to the Authority and any other fees and expenses payable to the Authority pursuant to the Loan Agreement, then and in that case, at the election of the Borrower (evidenced by a Certificate of the Borrower, filed with the Trustee, signifying the intention to discharge all such indebtedness and the Bond Indenture), and notwithstanding that any Bonds shall not have been surrendered for payment, the Bond Indenture and the pledge of Payments made under the Bond Indenture and all covenants, agreements and other obligations of the Authority under the Bond Indenture will cease, terminate, become void and be completely discharged and satisfied, except only as provided in the Bond Indenture. In such event, upon request of the Borrower, the Trustee is required to cause an accounting for such period or periods as may be requested by the Borrower to be prepared and filed with the Borrower and shall execute and deliver to the Borrower all such instruments as may be necessary or desirable to evidence such discharge and satisfaction, and the Trustee is required to pay over, transfer, assign or deliver to the Borrower all moneys or securities or other property held by it pursuant to the Bond Indenture which are not required for the payment of Bonds not theretofore surrendered for such payment and which are not required for the payment of fees and expenses of the Trustee.

Discharge of Liability on Bonds. Upon the deposit with the Trustee, in trust, at or before maturity, of money or securities in the necessary amount to pay any Outstanding Bond, whether upon or prior to its maturity, then all liability of the Authority in respect of such Bond will cease, terminate and be completely discharged, except only that thereafter the Holder thereof will be entitled to payment of the principal of and interest on such Bond, but only out of the money or securities deposited with the Trustee as aforesaid for its payment; provided further, however, that the provisions of " – Payment of Bonds after Discharge of Bond Indenture" hereinafter will apply in all events.

The Bonds may at any time be surrendered to the Trustee for cancellation by the Authority or the Borrower, which may have been acquired in any manner whatsoever, and such Bonds, upon such surrender and cancellation, will be deemed to be paid and retired.

Deposit of Money or Securities with Trustee. Whenever in the Bond Indenture it is provided or permitted that there be deposited with or held in trust by the Trustee money or securities in the amount necessary to pay any Bonds, such amount (which may include money or securities held by the Trustee in the funds established pursuant to the Bond Indenture) will be equal (taking into account income which will accrue from the investment thereof on the date of deposit of such funds but without taking into account any income from the subsequent reinvestment thereof) to the principal amount of such Bonds and all unpaid interest thereon to maturity, and will be: (a) lawful money of the United States of America; or (b) noncallable bonds, bills and bonds issued by the Department of the Treasury (including without limitation (1) obligations issued or held in book-entry form on the books of the Department of the Treasury and (2) the interest component of Resolution Funding Corporation strips for which separation of principal and interest is made by request to the Federal Reserve Bank of New York in book-entry form), United States Treasury Obligations State and Local

Government Series and Zero Coupon United States Treasury Bonds; provided, in each case, that the Trustee will have been irrevocably instructed in writing (by the terms of the Bond Indenture or by request of the Borrower or the Authority) to apply such money to the payment of such principal of and interest on such Bonds and provided, further, that the Authority and the Trustee will have received (i) an Opinion of Bond Counsel to the effect that such deposit will not cause interest on the Tax Exempt Bonds to be included in the gross income of the holder thereof for federal income tax purposes and that the Bonds to be discharged are no longer Outstanding; and (ii) a verification report of a firm of certified public accountants or other financial services firm acceptable to the Trustee verifying that the money or securities so deposited or held together with earnings thereon will be sufficient to make all payments of principal of and interest on the Bonds to be discharged to and including their maturity date.

Payment of Bonds after Discharge of Bond Indenture. Notwithstanding any provision of the Bond Indenture, and subject to applicable escheat laws, any moneys held by the Trustee in trust for the payment of the principal of or interest on any Bonds and remaining unclaimed for one year after the principal of all the Outstanding Bonds has become due and payable (whether at maturity or by declaration as provided in the Bond Indenture), if such moneys were so held at such date, or two years after the date of deposit of such moneys if deposited after said date when all of the Bonds became due and payable, will be repaid to the Borrower free from the trusts created by the Bond Indenture, and all liability of the Trustee with respect to such moneys will thereupon cease; provided, however, that before the repayment of such moneys to the Borrower as aforesaid, the Trustee may (at the expense of the Borrower) first mail to the holders of Bonds which have not yet been paid, at the addresses shown on the registration books maintained by the Trustee, a notice, in such form as may be deemed appropriate by the Trustee, with respect to the Bonds so payable and not presented and with respect to the provisions relating to the repayment to the Borrower of the moneys held for the payment thereof.

TRANSFER RESTRICTIONS

The Bonds are to be offered and sold (including in secondary market transactions) only to Qualified Institutional Buyers or Accredited Investors. The foregoing limitation will cease to apply (without notice to or consent of any Bondholder) upon and after receipt by the Trustee from the Borrower of a rating letter by Fitch, S&P or Moody's indicating that the Bonds are rated "A-" or "A3," as applicable, or better. The Trustee will as soon as practicable, but in no event more than ten calendar days after receipt by the Trustee of such information, notify each Bondholder that (i) the restrictions set forth in the Bond Indenture requiring that the Beneficial Owners of the Bonds be Qualified Institutional Buyers or Accredited Investors will be of no further force or effect and (ii) the Authorized Denominations of the Bonds will be $5,000 and any multiple in excess thereof. Pursuant to the Bond Indenture, "Qualified Institutional Buyer" means a "qualified institutional buyer" as defined in Rule 144A promulgated under the Securities Act. Pursuant to the Bond Indenture, "Accredited Investor" means an "accredited investor" as defined in Regulation D promulgated under the Securities Act.

In addition, the face of each Bond will contain a legend indicating that it is subject to transfer restrictions as set forth in the Bond Indenture. See "CERTAIN RISK FACTORS – Purchases and Transfers of Bonds Restricted to Qualified Institutional Buyers and Accredited Investors" herein.

SECURITY AND SOURCES OF PAYMENT FOR THE BONDS

Limited Obligations of the Authority

The Bonds and interest thereon constitute special, limited obligations of the Authority and are payable solely from certain revenues received under the Bond Indenture and from certain funds and accounts established and maintained under the Bond Indenture. The Authority is not obligated to advance any moneys derived from any source other than the Payments (as defined below) and other assets pledged under the Bond Indenture, whether for the payment of the principal or redemption price or interest with respect to the Bonds.

THE BONDS ARE NOT AND SHALL NOT BE DEEMED TO CONSTITUTE A DEBT OR LIABILITY OF THE STATE OR OF ANY POLITICAL SUBDIVISION THEREOF, OTHER THAN THE AUTHORITY, AND ARE NOT AND SHALL NOT BE DEEMED TO BE A PLEDGE OF THE FAITH AND CREDIT OF THE STATE, OR OF ANY POLITICAL SUBDIVISION THEREOF, BUT SHALL BE PAYABLE SOLELY FROM THE FUNDS PROVIDED THEREFOR UNDER THE BOND INDENTURE. NEITHER THE STATE NOR THE AUTHORITY SHALL BE OBLIGATED TO PAY THE PRINCIPAL OF THE BONDS, OR THE REDEMPTION PREMIUM, IF ANY, OR INTEREST THEREON, EXCEPT FROM THE FUNDS PROVIDED THEREFOR UNDER THE BOND INDENTURE. BONDS SHALL NOT DIRECTLY, INDIRECTLY OR CONTINGENTLY OBLIGATE THE STATE OR ANY POLITICAL SUBDIVISION THEREOF TO LEVY OR TO PLEDGE ANY FORM OF TAXATION OR TO MAKE ANY APPROPRIATION FOR THEIR PAYMENT. THE AUTHORITY HAS NO TAXING POWER. NOTHING IN THE BOND INDENTURE, THE ACT OR OTHERWISE IS AN UNDERTAKING BY THE AUTHORITY OR THE STATE OR ANY POLITICAL SUBDIVISION THEREOF TO FUND THE TRANSFERS DESCRIBED IN THE INTERCEPT NOTICE OR TO MAKE FUNDS AVAILABLE TO THE SERIES 2026 SCHOOLS IN ANY AMOUNT OR AT ANY TIME.

Bond Indenture

Pledge of Payments and Other Amounts. The Authority has executed and delivered the Bond Indenture and, subject only to the provisions of the Bond Indenture permitting the application thereof for the purposes and on the terms and conditions set forth therein, has pledged to secure the payment of the principal of and interest on the Bonds, in accordance with their terms and the provisions of the Bond Indenture, all of the Payments (except Payments described in clause (i) of the definition thereof) and any other amounts (excluding proceeds of the sale of Bonds) held in any fund or account (other than the Rebate Fund) established pursuant to the Bond Indenture. Said pledge will constitute a lien on and security interest in such assets and will attach and be valid and binding from and after delivery of the Bonds, without any physical delivery thereof or further act.

"Payments," under the Bond Indenture, means (i) all moneys (except any money received to be used for the payment of Administrative Fees and Expenses) received by the Trustee with respect to the Intercept, (ii) all moneys, if any, received by the Trustee directly from, or on behalf of, the Borrower, pursuant to the Loan Agreement (excluding Additional Payments not directed to be deposited into any fund or account created and held under the Bond Indenture) or Obligation No. 3, and (iii) all income derived from the investment of any money in any fund or account established pursuant to the Bond Indenture. See "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – BOND INDENTURE" herein.

State Intercept Program. As additional security for the Bonds, in connection with the issuance of the Bonds, MERF will provide instructions to the State Controller to make the Intercepts to the Trustee with respect to MSA-5 in amounts and on the dates provided in the Intercept Notice, which amounts are expected to be sufficient in the aggregate to repay the Bonds and pay necessary and incidental costs. Funds received by the Trustee pursuant to the Intercept will be held in trust and will be disbursed, allocated and applied solely for the uses and purposes set forth in the Bond Indenture, including the payment of debt service on the Bonds. Under the laws of the State, no party, including MERF, the Borrower or any of their respective creditors will have any claim to the money apportioned or to be apportioned to the Trustee by the State Controller pursuant to the Intercepts. Notwithstanding the foregoing, the Intercept for MSA-5 is effectively subordinate to a similar intercept to be implemented and related to the State's Charter School Facilities Program. Similarly, the Intercepts for MSA-SD and MSA-SA, executed and delivered in connection with the Prior Bonds, are effectively subordinate to intercepts previously implemented and related to the State's Charter School Facilities Program. See "CERTAIN Risk Factors – Charter School Facilities Program Intercepts" herein with respect to such CSFP Intercepts.

Assignment of Payments and Other Amounts and Loan Agreement. The Authority assigns to the Trustee, for the benefit of the Holders from time to time of the Bonds, (i) all of the Payments (except Payments described in clause (i) of the definition thereof) and other amounts pledged under " – Pledge of Payments and Other Amounts" above and (ii) all of the right, title and interest of the Authority in, to and under the Loan Agreement (except for the right to receive any Administrative Fees and Expenses and any Additional Payments, any right to be indemnified, held harmless or defended and rights to inspection and to receive information, reports, notices, certificates and opinions, express rights to give approvals, consents, or waivers under the Bond Indenture or the Loan Agreement, and the obligation of the Borrower to make deposits pursuant to the Tax Certificate). Obligation No. 3 will be registered in the name of the Trustee.

The Trustee will be entitled to and will receive all of such assigned Payments, and any such Payments collected or received by the Authority will be deemed to be held, and to have been collected or received, by the Authority as the agent of the Trustee and will forthwith be paid by the Authority to the Trustee. The Trustee also will be entitled to and will (subject to the provisions of the Bond Indenture) take all steps, actions and proceedings following any event of default under the Loan Agreement reasonably necessary in its judgment, or as directed by the Holder, to enforce, either jointly with the Authority or separately, all of the rights of the Authority assigned to the Trustee and all of the obligations of the Borrower under the Loan Agreement.

The Borrower will take all actions necessary for the Trustee to collect directly from the State Controller the amounts set forth in the Intercept Notice on the dates set forth in the Intercept Notices.

Revenue Fund. The Trustee will establish, maintain and hold in trust a special fund designated as the "Revenue Fund." All Payments will be promptly deposited by the Trustee upon receipt thereof into the Revenue Fund, and will be held in trust for the benefit of the Holders from time to time of the Bonds but will nevertheless be disbursed, allocated and applied solely for the uses and purposes set forth in the Bond Indenture. The Trustee will establish within the Revenue Fund an Interest Account, a Principal Account, and a Reserve Account for the payment of debt service on the Bonds.

Interest Account. All amounts in the Interest Account will be used and withdrawn by the Trustee solely for the purpose of paying interest on the Bonds as it becomes due and payable (including accrued interest on any Bonds purchased or redeemed prior to maturity pursuant to the Bond Indenture).

Principal Account. All amounts in the Principal Account will be used and withdrawn by the Trustee solely for the purpose of paying the principal or Mandatory Sinking Account Payments of the Bonds, as provided in the Bond Indenture with respect to Bonds

The Trustee will establish and maintain within the Principal Account a separate subaccount for the Bonds, designated as the "____ Sinking Account," inserting therein the series and maturity (if more than one such account is established) for each Term Bond. On or before July 1 in each year, the Trustee will transfer the amount deposited in the Principal Account on that date pursuant to the Bond Indenture, as described in " – Allocation of Revenues" below, from the Principal Account to the Sinking Account for the purpose of making a Mandatory Sinking Account Payment (if such deposit is required in such month). With respect to the Sinking Account, on each Mandatory Sinking Account Payment date established for the Sinking Account, the Trustee will transfer the amount deposited in the Principal Account pursuant to the Bond Indenture for the purpose of applying the Mandatory Sinking Account Payment required on that date to the redemption (or payment at maturity, as the case may be) of Bonds, upon the notice and in the manner provided in the Bond Indenture; provided that, at any time prior to giving such notice of such redemption, the Trustee will apply such moneys to the purchase of Bonds at public or private sale, as and when and at such prices (including brokerage and other charges, but excluding accrued interest, which is payable from the Interest Account) as the Borrower may direct, in writing, except that the purchase price (excluding accrued interest) will not exceed the par amount of such Bonds. If, during the twelve-month period immediately preceding said Mandatory Sinking Account Payment date, the Trustee has purchased Bonds with moneys in the Sinking Account, or, during said period and prior to giving said notice of redemption, the Borrower has deposited Bonds with the Trustee, or Bonds were at any time purchased or redeemed by the Trustee from the Redemption Fund and allocable to said Mandatory Sinking Account Payment, such Bonds so purchased or deposited or redeemed will be applied, to the extent of the full principal amount thereof, to reduce said Mandatory Sinking Account Payment. All Bonds purchased or deposited pursuant to the provisions of the Bond Indenture summarized in this paragraph will be delivered to the Trustee and cancelled. Any amounts remaining in the Sinking Account when all of the Bonds are no longer Outstanding will be withdrawn by the Trustee and transferred to the Revenue Fund. All Bonds purchased from the Sinking Account or deposited by the Borrower with the Trustee will be allocated first to the next succeeding Mandatory Sinking Account Payment, then to the remaining Mandatory Sinking Account Payments as the Borrower directs in writing along with a revised sinking fund schedule giving effect to the purchase so completed.

The Term Bonds, which are Bonds payable on or before their specified maturity dates from Mandatory Sinking Account Payments, will be redeemed (or paid at maturity, as the case may be) by application of Mandatory Sinking Account Payments as set forth in "THE BONDS – Redemption – Mandatory Sinking Fund Redemption."

Reserve Account. Under the Bond Indenture, the Trustee will establish and maintain a reserve account (the "Reserve Account") within the Revenue Fund, and within the Reserve Account, the Bond Reserve Subaccount and the Grant-Funded Reserve Subaccount. All amounts in the Reserve Account will be used and withdrawn by the Trustee solely for the purpose of making up any deficiency in the Revenue Fund, Interest Account or Principal Account that exists on the date when monies on deposit in the Revenue Fund, Interest Account or Principal Account are required to be applied, as provided in the Bond Indenture, or (together with any other moneys available therefor) for the payment or redemption of all Bonds then Outstanding; provided, however, that monies and securities held by the Trustee in the Grant-Funded Reserve Subaccount shall not be used for the redemption of all Bonds then Outstanding pursuant to Bond Indenture. The Borrower shall have no right, title, or interest in any amounts on deposit in the Grant-Funded Reserve Subaccount, and the Trustee shall hold such amounts exclusively for the benefit of the Authority and the Bondholders. The Trustee will draw from the Bond Reserve Subaccount until exhausted prior to drawing from the Grant-Funded Reserve Subaccount. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS" herein.

Amounts on deposit in the Reserve Account will be valued by the Trustee at their fair market value each January 1 and July 1, and the Trustee will notify the Borrower of the results of such valuation. If the amount on deposit in the Reserve Account on the first Business Day following such valuation is less than one-hundred percent (100%) of the Reserve Account Requirement (as defined below), the Borrower has agreed in the Loan Agreement to make the deposits to the Reserve Account required by the Bond Indenture. If the amount on deposit in the Reserve Account on the first Business Day following such valuation is greater than the Reserve Account Requirement, then (x) the amount of money on deposit in the Grant-Funded Reserve Subaccount greater than $_____* shall be paid to the Authority free and clear of the lien of the Bond Indenture and (y) any additional excess shall be withdrawn from the Bond Reserve Subaccount of the Reserve Account and transferred to, with respect to the valuations completed pursuant to the first sentence of this paragraph, the Revenue Fund. See "CERTAIN RISK FACTORS" herein. "Reserve Account Requirement" means as of any date of calculation, an amount which will be equal to the least of (i) 10% of the original principal amount of the Bonds, (ii) maximum annual debt service on the Bonds Outstanding, (iii) 125% of average annual debt service with respect to the Bonds Outstanding, or (iv) for the last Bond Year only, the total debt service with respect to the Bonds Outstanding, net of amounts in the Reserve Account. Maximum annual debt service and average annual debt service will be calculated on the basis of twelve-month periods ending on July 1* of any year in which Bonds are Outstanding.

On the date of issuance of the Bonds, $_____*, constituting the Reserve Account Requirement for the Bonds, will be deposited in the Reserve Account. Such deposit is expected to be fully funded by proceeds of a $_____* grant pursuant to the Authority's Charter School Facilities Credit Enhancement Program deposited into the Grant-Funded Reserve Subaccount. The Reserve Account Requirement is anticipated to be sized at maximum annual debt service.*

See "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – BOND INDENTURE" attached hereto.

Allocation of Revenues. Promptly upon receipt, the Trustee will deposit the Payments to the Revenue Fund. On or before June 25 and December 25 of each year, commencing June 25, 2026*, the Trustee will transfer from the Revenue Fund and deposit into the following respective accounts (each of which the Trustee will establish and maintain within the Revenue Fund) and then to the Rebate Fund, the following amounts, in the following order of priority, the requirements of each such account or fund (including the making up of any

deficiencies in any such account resulting from lack of Payments sufficient to make any earlier required deposit) at the time of deposit to be satisfied before any transfer is made to any account or fund subsequent in priority; provided, however, no moneys deposited in the Revenue Fund pursuant to the Intercept shall be deposited to the Rebate Fund:

(1) To the Interest Account, the aggregate amount of interest becoming due and payable on the next succeeding Interest Payment Date on all Bonds then Outstanding, until the balance in said account is equal to said aggregate amount of interest;

(2) To the Principal Account, one-half of the aggregate amount of principal becoming due to and payable on the next succeeding Principal Payment Date, until the balance in said Principal Account is equal to said aggregate amount of such principal and Mandatory Sinking Account Payments; provided that from the date of delivery of the Bonds until the first Principal Payment Date with respect to the Bonds (if less than twelve months), transfers to the Principal Account shall be sufficient on a pro rata basis to pay the principal and Mandatory Sinking Account Payments becoming due and payable on said Principal Payment Date;

(3) To the Grant-Funded Reserve Subaccount of the Reserve Account, (A) the greater of (i) the amount designated for deposit to the Grant-Funded Reserve Subaccount of the Reserve Account in a written direction of the Borrower, and (ii) the aggregate amount of each prior withdrawal from the Grant-Funded Reserve Subaccount of the Reserve Account for the purpose of making up a deficiency in the Interest Account or the Principal Account (until deposits on account of such withdrawal are sufficient to fully restore the amount withdrawn), and (B) in the event the balance in said subaccount shall be less than the amount deposited in such subaccount pursuant to the Bond Indenture due to valuation of the Eligible Securities deposited therein in accordance with the Bond Indenture, the amount necessary to increase the balance in said account to an amount at least equal to the amount deposited in such subaccount pursuant to the Bond Indenture (until deposits on account of such valuation deficiency are sufficient to increase the balance in said account to said amount);

(4) To the Bond Reserve Subaccount of the Reserve Account, (a) the greater of (i) the amount designated for deposit to the Bond Reserve Subaccount of the Reserve Account in a written direction of the Borrower, and (ii) one-half of the aggregate amount of each prior withdrawal from the Reserve Account for the purpose of making up a deficiency in the Interest Account or Principal Account (until deposits on account of such withdrawal are sufficient to fully restore the amount withdrawn), provided that no deposit need be made into the Bond Reserve Subaccount if the balance in the Reserve Account is at least equal to the Reserve Account Requirement, and (b) in the event the balance in said account shall be less than the Reserve Account Requirement due to valuation of the Eligible Securities deposited therein in accordance with the Bond Indenture, the amount necessary to increase the balance in said account to an amount at least equal to the Reserve Account Requirement (until deposits on account of such valuation deficiency are sufficient to increase the balance in said account to said amount);

(5) On June 25, 2026, $_____, and beginning December 25, 2026, to the Repair and Replacement Fund, (a) the greatest of (i) the amount designated for deposit in the Repair and Replacement Fund in a written direction of the Borrower, (ii) $_____*, and (iii) one-third of the aggregate amount of each prior withdrawal from the Repair and Replacement Fund, provided that no deposit need be made into the Repair and Replacement Fund (x) in excess of one-fourth of the Repair and Replacement Fund Requirement or (y) if the balance in said account is at least equal to the Repair and Replacement Fund Requirement, and (b) in the event the balance in said account shall be less than the Repair and Replacement Fund Requirement due to valuation of the Eligible Securities deposited therein in accordance with the Bond Indenture, the amount necessary to increase the balance in said account to an amount at least equal to the Repair and Replacement Fund Requirement (until deposits on account of such valuation deficiency are sufficient to increase the balance in said account to said amount); and

(6) To the Rebate Fund, such amounts as are required to be deposited therein by written instruction from the Borrower given in accordance with the Bond Indenture (including the Tax Certificate).

Moneys remaining in the Revenue Fund after the foregoing transfers will be transferred on January 1 and July 1 of each year, commencing January 1, 2027, by the Trustee to the Borrower, free and clear of the lien of the Bond Indenture.

See "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – BOND INDENTURE" and "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – LOAN AGREEMENT" attached hereto.

For more information on the Project, the Schools, the Borrower and the Members of the Obligated Group, see "THE PROJECT" herein and "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto.

Project Fund. The Trustee will establish, maintain and hold in trust a separate fund designated as the "Project Fund." The moneys in the Project Fund will be disbursed pursuant to a requisitions of the Borrower, The Trustee will accept moneys from the Borrower, or on behalf of the Borrower, for deposit in the Project Fund from time to time. Upon completion of the Project, the Borrower will deliver a completion certificate to the Trustee and make the final requisition of funds from the Project Fund. Any amounts thereafter remaining in such Project Fund will be transferred by the Trustee, at the direction of the Borrower (i) to the Revenue Fund for payment of principal of and/or interest on the Bonds, or (ii) to the Borrower upon delivery to the Trustee of (A) a written request of the Borrower and (B) if any amounts deposited into the Project Fund were proceeds of the Tax-Exempt Bonds, delivery of an Opinion of Bond Counsel to the effect that such transfer would not adversely affect the exclusion from gross income for federal income tax purposes of interest on the Tax-Exempt Bonds. Upon such transfer, the Project Fund will be closed.

Repair and Replacement Fund. The Trustee will establish, maintain and hold in trust a separate fund designated as the "Repair and Replacement Fund," which shall be used solely for the purposes set forth in the Bond Indenture. Moneys in the Repair and Replacement Fund shall be withdrawn by the Trustee to pay for capital items not budgeted as ordinary maintenance and repair costs related to the Facilities.* Moneys in the Repair and Replacement Fund shall be disbursed upon receipt of a requisition of the Borrower, and the Trustee shall issue its checks or a wire transfer for each such disbursement upon receipt of such a requisition.

Amounts on deposit in the Repair and Replacement Fund will be valued by the Trustee at their fair market value each January 1 and July 1, and the Trustee will notify the Borrower of the results of such valuation in the form of its regular periodic statement. If the amount on deposit in the Repair and Replacement Fund on the first (1st) Business Day following such valuation is less than one hundred percent (100%) of the Repair and Replacement Fund Requirement, the Borrower has agreed in the Loan Agreement to make the deposits to the Repair and Replacement Fund required by the Bond Indenture. If the amount on deposit in the Repair and Replacement Fund on the first (1st) Business Day following such valuation is greater than the Repair and Replacement Fund Requirement, then any additional excess will be withdrawn from the Repair and Replacement Fund and transferred to the Revenue Fund.

"Repair and Replacement Fund Requirement" means $_____*; provided that each such Repair and Replacement Requirement will initially be zero and will increase in equal semiannual amounts of $_____*, respectively, on each January 1 and July 1, commencing January 1, 2027.*

When (i) the amount of principal of, and premium, if any, and interest on the Outstanding Bonds is equal to or less than the sum of the balance of the Revenue Fund, the balance of the Reserve Account, the balance

of the Redemption Fund and the balance of the Repair and Replacement Fund, and (ii) all other amounts owed under the Loan Agreement and the Bond Indenture have been paid, moneys held in the Repair and Replacement Fund may be deposited into the Revenue Fund and credited against payments of Loan Repayments required under the Loan Agreement.

The Loan Agreement

The Authority and the Borrower will execute the Loan Agreement to provide for the loan by the Authority to the Borrower of proceeds from the sale of the Bonds. Pursuant to the Loan Agreement, in consideration of the issuance of the Bonds by the Authority and the loan of the proceeds thereof to the Borrower, the Borrower agrees that, on or before June 25 and December 25 of each year and as long as any of the Bonds remain Outstanding, it will pay to the Bond Trustee for deposit in the Revenue Fund such amount as is required by the Bond Trustee to make the transfers and deposits required on such date by the Bond Indenture. Notwithstanding the foregoing, if five business days prior to any interest or principal payment date with respect to the Bonds, the aggregate amount in the Revenue Fund is for any reason insufficient or unavailable to make the required payments of principal (or Redemption Price) of or interest on the Bonds then becoming due (whether by maturity, redemption or acceleration), the Borrower will pay the amount of any such deficiency to the Bond Trustee. Each payment by the Borrower to the Bond Trustee under the Loan Agreement (the "Loan Repayments") will be in lawful money of the United States of America and paid to the Bond Trustee at its designated corporate trust office and held, invested, disbursed and applied as provided in the Bond Indenture. The Borrower certifies in the Loan Agreement that it will instruct or cause MPM Santa Ana to instruct MERF to make payments under the MSA-5 School Loan Agreement directly to the Bond Trustee for deposit in the Revenue Fund. See "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – LOAN AGREEMENT" herein.

Pursuant to the Loan Agreement, the Borrower covenants to cause MERF to deliver the Intercept Notice to the State Controller. See "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – LOAN AGREEMENT" herein.

Additionally, in consideration of the issuance of the Bonds by the Authority and the application of the proceeds thereof as provided in the Bond Indenture, the Borrower agrees in the Loan Agreement to issue, or cause to be issued, and to cause to be authenticated and delivered to the Bond Trustee, pursuant to the Master Indenture of Trust and the Third Supplemental Master Indenture, concurrently with the issuance and delivery of the Bonds, Obligation No. 3. In addition to the loan repayments, the Borrower is also required to pay to the Authority or to the Bond Trustee, as the case may be, "Additional Payments," as described in "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – LOAN AGREEMENT" attached hereto.

MERF is not a party to, and is not liable under, the Loan Agreement. Under the Loan Agreement, the Borrower shall have the right, so long as all amounts which have become due under the Loan Agreement have been paid, at any time or from time to time, to prepay all or any part of its loan repayments. See "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – LOAN AGREEMENT" attached hereto.

The Master Indenture

Joint and Several Obligations of the Obligated Group but not MERF. Under the Master Indenture, each Member jointly and severally covenants and agrees (a) to pay or cause to be paid promptly all Required Payments at the place, on the dates and in the manner provided in the Master Indenture, in any Related Supplement, and each of the respective Obligations, including Obligation No. 3, and (b) to faithfully observe and perform all of the conditions, covenants and requirements of the Master Indenture, any Related Supplement, any Related Indebtedness, Related Loan Agreement, and any Obligation. Each Member acknowledges and agrees that the time of such payment and performance is of the essence of the obligations under the Master Indenture.

Initially, in connection with the issuance of the Bonds, the MPM Sherman Way, MPM San Diego and MPM Santa Ana will be the only Members of the Obligated Group, the only Leases (as defined in the Master Indenture) will be the Series 2025 Leases, the only School Loan Agreements will be the Prior School Loan Agreement and the MSA-5 School Loan Agreement, and the only Schools (as defined in the Master Indenture) will be the Series 2026 Schools. MERF, as the Lessee, is not a member of the Obligated Group, is not a party to the Master Indenture and is obligated solely as lessee under the Leases and borrower under the School Loan Agreements, in respect of payment from the sources specified therein relating to the Schools, and the Facilities, and is not responsible, party to or otherwise obligated under the Loan Agreement, the Bond Indenture, the Master Indenture or the Supplemental Master Indentures to make payments directly on the Loan, Obligation No. 3 or the Bonds.

Subject to the provisions of the Master Indenture permitting withdrawal from the Obligated Group, the obligation of each Member to make Required Payments is a continuing one and is to remain in effect until all Required Payments have been paid in full in accordance with the Master Indenture. All moneys from time to time received by the Obligated Group Representative or the Master Trustee to reduce liability on Obligations, whether from or on account of the Members or otherwise, will be regarded as payments in gross without any right on the part of any one or more of the Members to claim the benefit of any moneys so received until the whole of the amounts owing on Obligations has been paid or satisfied and so that in the event of any such Member's filing bankruptcy, the Obligated Group Representative or the Master Trustee will be entitled to prove up the total indebtedness or other liability on Obligations Outstanding as to which the liability of such Member has become fixed.

Each such Obligation will be a primary obligation of each Member of the Obligated Group and will not be treated as ancillary to or collateral with any other obligation and will be independent of any other security so that the covenants and agreements of each Member under the Master Indenture will be enforceable without first having recourse to any such security or source of payment and without first taking any steps or proceedings against any other Person. The Obligated Group Representative and the Master Trustee are each empowered to enforce each covenant and agreement of the Master Indenture, and to enforce the making of Required Payments. In the Master Indenture, each Member authorizes the Master Trustee to enforce or refrain from enforcing any covenant and agreement of the Members thereunder and to make any arrangement or compromise with any particular Member or Members as the Master Trustee may deem appropriate, consistent with the Master Indenture and any Related Supplement. Each Member also waives in favor of the Obligated Group Representative and the Master Trustee all rights against the Obligated Group Representative, the Master Trustee and any other Member, insofar as is necessary to give effect to any of the provisions described under this subheading.

Notwithstanding anything the Master Indenture to the contrary, the Master Trustee covenants that it will not take recourse against the Obligated Group Representative or any of the Members with respect to the failure by the Obligated Group Representative or any of the Members, to make any Required Payment under the Master Indenture and any Related Supplement, except recourse to the Gross Revenues and the amounts held in the funds and accounts created under the Related Indebtedness Indenture (except the Rebate Fund) or under the Master Indenture, or to such other security as may from time to time be given for the payment of obligations arising out of the Master Indenture, any Related Supplement or any other agreement securing the obligations of the Obligated Group Representative or any of the Members with respect to the Related Indebtedness.

For a more detailed discussion of entry to or withdrawal from the Obligated Group, see "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – THE MASTER INDENTURE" attached hereto. All capitalized terms used and not defined herein have the meanings listed in "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – DEFINITIONS" attached hereto.

Gross Revenue Fund. Each Member of the Obligated Group agrees in the Master Indenture that, unless otherwise provided in a Related Supplement or unless such Related Indebtedness is payable in full from funds that are subject to the Intercept, so long as any of the Obligations remain Outstanding, all of the Gross Revenues

of the Obligated Group will be deposited as soon as practicable upon receipt in a fund designated as the "Gross Revenue Fund" which the Members will establish and maintain, subject to the provisions of the Master Indenture, in one or more accounts at such banking institution or institutions as the Members will from time to time designate in writing to the Master Trustee for such purpose (the "Depository Bank(s)"). Subject only to the provisions of the Master Indenture permitting the application thereof for the purposes and on the terms and conditions set forth therein, each Member, respectively, pledges, and to the extent permitted by law grants a security interest to the Master Trustee in, the Gross Revenue Fund and all of the Gross Revenues of the Obligated Group to secure the payment of Required Payments and the performance by the Members of their other obligations under the Master Indenture. Each Member, respectively, will execute and cause to be filed Uniform Commercial Code financing statements, will execute and cause to be sent to each Depository Bank, if any, and to the Master Trustee a notice of the security interest granted under the Master Indenture and will execute and deliver such other documents (including, but not limited to, control agreements and continuation statements) as may be necessary or reasonably requested by the Master Trustee in order to perfect or maintain as perfected such security interest or give public notice thereof.

If a Gross Revenue Fund is established pursuant to the Master Indenture, the Members shall cause each Depository Bank to enter into an account control agreement with the Master Trustee entitling the Master Trustee, upon the giving of notice to the Depository Bank, to exercise exclusive control over the Gross Revenue Fund. Amounts in the Gross Revenue Fund may be used and withdrawn by any Member at any time for any lawful purpose, except as provided in the Master Indenture. In the event that any Member is delinquent for more than three business days in the payment of any Required Payment with respect to any Obligation issued pursuant to a Related Supplement, the Master Trustee, upon written notice from the Obligated Group Representative or a Responsible Officer of the Master Trustee's actual knowledge of such delinquency, will notify the Obligated Group Representative of such delinquency, and, unless such Required Payment is paid, or provision for payment is duly made, in a manner satisfactory to the Master Trustee, within three business days after receipt of such notice, the Master Trustee shall give notice to the Depository Bank(s) of the election of the Master Trustee to exercise exclusive control over the Gross Revenue Fund (a "Notice of Exclusive Control"). Upon obtaining exclusive control over the Gross Revenue Fund, the Master Trustee shall continue to exercise exclusive control over the Gross Revenue Fund for the benefit of the Holders until six months after the amounts on deposit in said fund are sufficient to pay in full, or have been used to pay in full, all Required Payments in default and all other Events of Default known to the Master Trustee will have been made good or cured to the satisfaction of the Master Trustee or provision for amount on deposit in the fund deemed by the Master Trustee to be adequate will have been made therefor, whereupon the Master Trustee shall give notice to each Depository Bank of the revocation of the Notice of Exclusive Control given to such Depository Bank, and thereafter amounts in the Gross Revenue Fund again may be used and withdrawn by any Member at any time for any lawful purpose, unless and until the Master Trustee gives a further Notice of Exclusive Control, as provided above, in the event of a subsequent delinquency in the payment of any Required Payment, whereupon the foregoing provisions regarding the Master Trustee's exercise and revocation of exclusive control over the Gross Revenue Fund shall apply. During any period that the Master Trustee holds exclusive control over the Gross Revenue Fund, the Master Trustee will use and withdraw amounts in said Fund from time to time (1) first, to pay Ground Rent directly to each respective lessor under each Ground Lease when and as due, in the amount designated in a written request of the lessor(s), (2) second, to make Required Payments to Holders entitled thereto as such payments become due (whether by maturity, redemption, acceleration or otherwise), and, if such amounts will not be sufficient to pay in full all such payments due on any date, then to the payment of Required Payments ratably without any discrimination or preference, and (3) third, to such other payments and in such order, for which the Master Trustee shall receive written direction. During any period that the Master Trustee holds exclusive control over the Gross Revenue Fund, the Master Trustee, at its sole discretion upon the written request of the Members, may disburse funds from the Gross Revenue Fund for the payment of current or past due operating expenses of the Members. During any period that the Master Trustee holds exclusive control over the Gross Revenue Fund, upon the written request of the Members, the Master Trustee shall disburse to or at the direction of the Members, any amounts in the Gross Revenue Fund which such Members certify do not constitute Gross Revenues of the Obligated Group. Each Member agrees to execute and deliver all instruments as may be required to implement the Master Indenture. Each Member further agrees that a failure to comply with the terms

of the Master Indenture will cause irreparable harm to the Holders and will entitle the Master Trustee, with or without notice, to take immediate action to compel the specific performance of the obligations of the Members as provided in the Master Indenture.

Limitations on Additional Indebtedness. Under the Master Indenture, each Member covenants and agrees that it will not incur any Additional Indebtedness after the date of issuance of the Bonds except as follows:

(a) Long-Term Indebtedness may be incurred if prior to the issuance of such Additional Indebtedness the following is satisfied:

(i) an Officer's Certificate is filed with the Master Trustee stating that, for the Obligated Group's most recently completed Fiscal Year, MERF has complied with all covenants set forth in its School Loan Agreements or Leases, as applicable; and

(ii) either

(1) an Independent Consultant selected by the Obligated Group Representative provides a written report setting forth projections which indicate that the Consolidated Base Rent Coverage Ratio for the three full Fiscal Years following completion of such Facility or Facilities financed with such Additional Indebtedness in which a Member of the Obligated Group will have scheduled payments of interest on or principal of the Additional Indebtedness to be issued for the payment of which provision has not been made as indicated in the report of such Independent Consultant from proceeds of such Additional Indebtedness, investment income thereon or from other appropriate sources (other than Consolidated Base Rent), provides for a Consolidated Base Rent Coverage Ratio, taking into account all Outstanding Long-Term Indebtedness and the Additional Indebtedness to be issued, of not less than 1.20:1.0. The report of the Independent Consultant shall take into account, when applicable, the audited results of operations and verified enrollment of the Related Schools for the most recently completed Fiscal Year and projected enrollment of the Related Schools and Gross Revenues at the completion of such Facility or Facilities financed with such Additional Indebtedness. (f) an Officer's Certificate to the effect that no Member, immediately after the addition of such new Member, would be in default in the performance or observance of any covenant or condition of the Master Indenture; and

(c) either:

(i) an Officer's Certificate to the effect that the Related Indebtedness outstanding under the Master Indenture have been assigned a rating by at least one rating agency and the withdrawal of such Member will not cause a downgrade or withdrawal of such rating; or

(ii) an Independent Consultant's report stating that:

(1) (A) the forecasted Consolidated Base Rent Coverage Ratio for the two consecutive Fiscal Years immediately following such withdrawal, taking such withdrawal into account, is projected to be at least 1.10:1.00 in each Fiscal Year or would be greater than it would otherwise have been absent such withdrawal; and (B) such withdrawal will not lower the Consolidated Base Rent Coverage Ratio for the most recent Fiscal Year for which Obligated Group Financial Statements are available by more than twenty percent (20%); or

(2) the forecasted Debt Service Coverage Ratio for the two consecutive Fiscal Years immediately following such withdrawal, taking such withdrawal into account, is projected to be not less than 1.00:1.00 in each Fiscal Year or would be greater than it would otherwise have been absent such withdrawal.

Any certification or calculation made in accordance with this section may take into account the effect of the addition of another Member or Members to the Obligated Group in connection with the withdrawal of a Member from the Obligated Group contemplated in the Master Indenture.

Upon compliance with the conditions described above, the Master Trustee shall execute any documents reasonably requested by the withdrawing Member to evidence the termination of such Member's obligations under the Master Indenture (including without limitation termination of the pledge of such Member's Gross Revenues) under any Related Supplements and under all Obligations (including without limitation reconveyance of the Mortgage encumbering such Member's Property, Plant and Equipment for the benefit of the Master Trustee).

In connection with the issuance of the Prior Bonds, MPM Sherman Way executed a Mortgage with respect to the MSA-1 Facilities (collectively, the "Series 2025 Mortgage"). The Series 2025 Mortgage created a current assignment in favor of the Master Trustee of the rents due under Series 2025 Lease relating to the MSA-1 Facilities.

Pursuant to the requirements of the CSFP Program, the Lessee's interests in the MSA-SA Facilities and the MSA-5 Facility are subject to (i) a recorded lien in favor of the State reflecting that the each of such Facilities is held in trust by the Lessee for the benefit of the State public school system, and (ii) certain restrictive covenants disclosed by recorded notice. See "CERTAIN RISK FACTORS – No Fee Interest in Certain Facilities – State Lien and Restrictive Covenants, Conditions and Restrictions on MSA-SA Facilities."

Pursuant to the Master Indenture and in connection with the execution and delivery of the Series 2025 Mortgage, MPM Sherman Way obtained, one or more ALTA policies of lender's title insurance on the MSA-1 Facilities in an aggregate amount not less than the aggregate principal amount of the Related Indebtedness, insuring the Master Trustee, for the benefit of the Holders of the Obligations, insuring the fee title interest of such Member in the applicable Facilities, subject only to Permitted Liens, issued by a title insurance company qualified to do business in the State. See "CERTAIN RISK FACTORS – Limitations on Value of the Applicable Facilities and to Remedies Under the Mortgages" herein.

Pursuant to a Security Agreement by and between MPM San Diego and the Master Trustee, MPM San Diego granted the Master Trustee a security interest in the modular buildings that constitute the MSA-SD Facilities and in its interest in the MSA-SD Lease. MPM San Diego documented such security interest by means of a fixture filing recorded in the official records of San Diego County. Pursuant to a Security Agreement by and between MPM Santa Ana and the Master Trustee, MPM Santa Ana granted the Master Trustee a security interest in its interest in the Prior School Loan Agreement. In addition, pursuant to a Security Agreement by and between MPM Santa Ana and the Master Trustee, MPM Santa Ana will grant the Master Trustee a security interest in its interest in the MSA-5 School Loan Agreement.

As of the date of the execution of the Master Indenture, the Programs will include the charter school known as Magnolia Science Academy 1, CDS #19-10199-6119945; Magnolia Science Academy-San Diego, CDS #37-68338-0109157; Magnolia Science Academy-Santa Ana, CDS #30-76893-0130765; and Magnolia Science Academy 5, CDS # 19-10199-0137679.

THE LEASES AND SCHOOL LOAN AGREEMENTS

The following section contains a brief description of the Series 2025 Leases and the School Loan Agreements. All references in this Limited Offering Memorandum to the Leases and School Loan Agreements are qualified in their entirety by reference to the Leases and School Loan Agreements, copies of which may be obtained by request to the Underwriter. See "APPENDIX D – SUMMARY OF THE LEASES AND THE SCHOOL LOAN AGREEMENTS" attached hereto.

General

The primary sources of Gross Revenues for the Members of the Obligated Group are (i) the payment of Rent received pursuant to the Leases, and (ii) the payment of School Loan Repayments under School Loan Agreements. Under the Leases, each Landlord leases to MERF, and MERF leases from each Landlord, a respective Facility. The provisions of each Lease are substantially similar except for the term of the Lease, the amount of rent payable and the Facility subject to each Lease.

For the Series 2025 Facilities, the Series 2025 Leases have a term (the "Lease Term") of approximately 35 years, and are scheduled to expire on June 30, 2060. The term of the Prior School Loan Agreement extends to July 1, 2055, while the term of the MSA-5 School Loan Agreement extends to July 1, 20__.

Payment of Rent Under Leases

Pursuant to each Series 2025 Lease, the Lessee will make monthly payments of Rent. "Rent," as defined under each Series 2025 Lease, comprises the following: (i) Base Rent (as defined in each Lease); (ii) Additional Rent (as defined in each Lease); and (iii) Expenses (as defined in each Lease), together with all other monetary obligations of the Lessee to the applicable lessor or to third parties arising under the terms of the Leases. See "APPENDIX D – SUMMARY OF THE LEASES AND THE SCHOOL LOAN AGREEMENTS" attached hereto.

The Lessee will cause all Rent payable to the Borrower under the Series 2025 Leases to be payable in lawful money of the United States on or before the day on which it is due, without offset or deduction. Notwithstanding the foregoing, the Lessee will receive a credit for Rent owed to the applicable lessor to the extent the Trustee receives monies on behalf of the Lessee under the Intercept for the School. The Lessee has covenanted to take such action as may be necessary to include all such payments of Rent due under the Leases in its annual budgets, to make, as necessary, annual appropriations for all such payments and to take such action annually as shall be required to provide funds in such year for such payments of Rent.

Lessee's obligation to pay the Rent shall be a general obligation of the Lessee, payable from any revenues of the Lessee legally available therefor. "APPENDIX D – SUMMARY OF THE LEASES AND THE SCHOOL LOAN AGREEMENTS" attached hereto.

Pursuant to the Series 2025 Leases, the Lessee covenants that payment of management fees to third parties will be subordinate to payments of Rent under the Series 2025 Leases. See " – Certain Related Covenants – Financial Covenants – Subordination of Management Fees" below.

Liquidity Covenant. The Lessee covenants and agrees that its Days Cash on Hand shall be equal to or greater than 45 days beginning in the Fiscal Year ending June 30, 2026. The Lessee will provide a certificate to the applicable Member, the Trustee and the Master Trustee at the time of delivery of its financial statements for each Fiscal Year, commencing with the Fiscal Year ending June 30, 2026, certifying to the Days Cash on Hand as of the end of such Fiscal Year.

"Days Cash on Hand" means (a) the sum of the aggregate amount of (i) unrestricted cash and cash equivalents, (ii) unrestricted investments, each as shown on the Lessee's audited financial statements for each Fiscal Year, and (iii) any State payments accrued to such Fiscal Year and scheduled to be received within three months following the end of such Fiscal Year, divided by (b) the Total Program Operating Expenses for the applicable Fiscal Year divided by 365.

"Total Program Operating Expenses" means all reasonable and necessary current expenses of the Lessee; provided, however, "Total Program Operating Expenses" shall not include (i) any allowance for depreciation or amortization, (ii) expenses incurred in connection with capital improvements, (iii) expenses paid from grants from state, federal or local sources, or from any Person, which would generally be excluded under Program Revenues, (iv) expenses incurred for MTI Base Rent and School Loan Repayments payable under the

The Independent Consultant selected and appointed by the Lessee may be rejected upon the written request of the Related Indebtedness Holders of not less than a majority in aggregate principal amount of the Related Indebtedness then Outstanding; if so rejected, the Lessee covenants to use its best efforts to appoint a new Independent Consultant within 45 days thereof. Any Independent Consultant will be required to submit its recommendations to the Lessor, the Related Lender/Bond Trustee and the Master Trustee within 90 days after being so retained. Upon submission of the Independent Consultant's report, the Lessee shall arrange for payment of the amount owed to the Independent Consultant and, within 30 days following receipt of the Independent Consultant's report, issue a written certificate to the Related Indebtedness Holders of the Outstanding Related Indebtedness, the Related Lender/Bond Trustee and the Master Trustee, and Lessor indicating the Lessee's acceptance or rejection of all or any material portion of the Independent Consultant's recommendations. Notwithstanding the foregoing, (x) the Related Indebtedness Holders of a majority of the Outstanding Related Indebtedness shall have the right, by written notice to the Lessee, to require the Lessee to comply with any recommendation of the Independent Consultant set forth in the Independent Consultant's report to the fullest extent practicable and allowed by law and (y) the failure of Lessee to comply with this covenant shall not constitute a Default or Breach unless Lessee fails to comply with the written direction of the Related Indebtedness Holders of a majority of the Outstanding Related Indebtedness to retain the Independent Consultant. Lessee will not be obligated to retain such an Independent Consultant more often than once during any 24-month period.

Consolidated Base Rent Coverage Ratio Covenant. The Lessee covenants and agrees to calculate for each Fiscal Year its Consolidated Base Rent Coverage Ratio based on its audited financial statements for such Fiscal Year, and to provide a copy of such calculation for such period to the Lessor and the Master Trustee annually commencing with the Fiscal Year ending June 30, 2026.

Lessee shall deliver to the Lessor, the Related Lender/Bond Trustee and the Master Trustee an officer's certificate executed by the Chief Executive Officer or Chief Financial Officer of the Lessee, no later than 180 days after the close of each Fiscal Year, commencing with the Fiscal Year ended June 30, 2026, setting forth the Consolidated Base Rent Coverage Ratio as of the FY End Calculation Date.

If the Consolidated Base Rent Coverage Ratio as of any FY End Calculation Date is below 1.10, but above 1.00, the Lessee, at the written direction of at least a majority of the Related Indebtedness Holders of the Outstanding Related Indebtedness, shall retain, at its expense, an Independent Consultant acceptable to such Related Indebtedness Holders. The Independent Consultant shall deliver a written report to the Lessor, the Lessee, the Related Lender/Bond Trustee, the Master Trustee and the Related Indebtedness Holders, within 90 days following the Lessee's engagement of the Independent Consultant, containing recommendations concerning the Lessee with respect to the Related Projects' operations, financing practices and activities, including use of Short-Term Indebtedness, lease financing and investment activities; management practices, including use of consultants, budgeting practices, and on-going financial systems and monitoring of the Lessee's financial condition with respect to the Related Projects; governance and administrative practices; and such other matters relevant to maintaining compliance with the requirements under this provision. Upon submission of the Independent Consultant's report, the Lessee shall arrange for payment of the amount owed to the Independent

Consultant and, within 30 days following receipt of the Independent Consultant's report, issue a written certificate to the Related Indebtedness Holders of the Outstanding Related Indebtedness, the Related Lender/Bond Trustee, the Master Trustee and Lessor indicating the Lessee's acceptance or rejection of all or any material portion of the Independent Consultant's recommendations. Notwithstanding the foregoing, (x) the Related Indebtedness Holders of a majority of the Outstanding Related Indebtedness shall have the right, by written notice to the Lessee, to require the Lessee to comply with any recommendation of the Independent Consultant set forth in the Independent Consultant's report to the fullest extent practicable and allowed by law and (y) the failure of Lessee to comply with this covenant shall not constitute a Default or Breach unless Lessee fails to comply with the written direction of the Related Indebtedness Holders of a majority of the Outstanding Related Indebtedness to retain the Independent Consultant.

It shall be considered an Event of Default if the Consolidated Base Rent Coverage Ratio as of any FY End Calculation Date, commencing with the Fiscal Year ended June 30, 2026, is below 1.0.

"Consolidated Base Rent Coverage Ratio" means the ratio determined by dividing Consolidated Net Program Operating Revenue, for such period by the Consolidated Base Rent Payment Obligation.

"Consolidated Base Rent Payment Obligation" means the sum of all Lessee Base Rent Payment Obligations for all Facilities and proposed Facilities.

"FY End Calculation Date" means each of June 30 of each year.

"Program Operating Expenses" means all reasonable and necessary current expenses of the Lessee relating solely and arising from the Related Projects, as a group; provided, however, "Program Operating Expenses" shall not include (i) any allowance for depreciation or amortization, (ii) expenses incurred in connection with capital improvements, (iii) expenses paid from any restricted grants from state, federal or local sources, or from any Person, which were excluded from Program Revenues, (iv) expenses incurred for MTI Base Rent and School Loan Repayments payable under the Leases and School Loan Agreements, respectively, (v) expenses incurred under any capitalized leases, (vi) payments of the Debt Service Requirement of the Lessee and (vii) Central Office Management Fees.

Subordination of Management Fees. If Lessee enters into a Management Agreement for the payment of Central Office Management Fees to Lessee or any supporting organization of Lessee under Internal Revenue Code Section 509(a)(3), or any of their respective affiliates, with respect to the School, Lessee shall amend any such Management Agreement for the School such that, so long as Related Indebtedness remain outstanding: (i) the obligation of Lessee to pay Central Office Management Fees relating to the School shall be subordinate to its payment of operating expenses of the School, rent payments to Lessor under the Lease and/or School Loan Repayments under a School Loan Agreement; (ii) the obligation of Lessee to pay Central Office Management Fees relating to the School shall be suspended for any such time as the payment of Central Office Management Fees would cause Lessee to fail to meet any of the financial covenants contained in the applicable Lease or School Loan Agreement; and (iii) during any period of time when Central Office Management Fees remain unpaid, such fees shall accrue without interest. If Lessee has not engaged a separate manager with respect to the School, Lessee agrees that it shall not apply any Program Revenues to costs and expenses of management unless and until all Rent or School Loan Repayments, a applicable, is fully paid and the Master Indenture is not in default.

"Central Office Management Fees" means any fee or charge, including any funds transfer recognized as an expenditure for accounting purposes, charged by Lessee for management services provided to the Schools, including pursuant to a Management Agreement, which fee shall be subordinate to the payment of Rent due under the Lease and to payment of School Loan Repayments under the School Loan Agreement.

Limitation on Liens on Program Revenues. Pursuant to each Series 2025 Lease and Prior School Loan Agreement, the Lessee covenants and agrees that, except for liens existing on the date of the agreements and

liens in favor of the Authority or another agency of the State arising pursuant to Section 17199.4 of the Education Code and securing Lessee Indebtedness permitted thereunder it will not create, assume or suffer to exist any lien upon the Program Revenues and that, if a subordinate security interest is created or assumed upon the Program Revenues by the Lessee, the Lessee will make or cause to be made effective a provision whereby the obligations of the Lessee under such Series 2025 Lease or Prior School Loan Agreement, as applicable, will be secured prior to any such indebtedness or other obligation secured by such security interest and that the revenues required by any related Intercept Notice to be deposited with a Related Bond Trustee will continue to be so deposited. The Lessee also covenants in each Series 2025 Lease and Prior School Loan Agreement that, except for liens in favor of the Authority or another agency of the State arising pursuant to Section 17199.4 of the Education Code securing Lessee Indebtedness permitted thereunder, a security interest in the Program Revenues may only be created in connection with the issuance of Indebtedness under the Master Indenture.

Limitations on Obligated Group Program Indebtedness. The Lessee covenants that it will not incur, assume or guarantee ("incur") any Obligated Group Program Indebtedness (secured or unsecured), except Obligated Group Program Indebtedness with respect to purposes specifically benefiting the Lessee, and except as provided below.

(a) Short-Term Lessee Indebtedness. The Lessee may incur Obligated Group Program Short-Term Indebtedness (as defined below) for working capital purposes as in its judgment is deemed expedient, which may be secured on parity with the Lessee's obligations under the Leases and any School Loan Agreement, provided that in no event will the Lessee incur such Obligated Group Program Short-Term Indebtedness, together with Obligated Group Program Interim Indebtedness (as defined below), that is, on a combined basis, in excess of the greater of: (1) 35% of Operating Expenses in any Fiscal Year, or (2) the maximum amount of advance apportionment and principal apportionment due to the Project in any fiscal year that is deferred at any time or subject to deferral pursuant to Section 14041.6 of the Education Code or Sections 16325.5 and 16326 of the California Government Code, or any subsequent legislation authorizing additional deferrals of such apportionments (collectively "Maximum Deferred Apportionment").

"Obligated Group Program Short-Term Indebtedness" means all Obligated Group Program Indebtedness having an original maturity less than or equal to one year and not renewable at the option of the Lessee for a term greater than one year from the date of original incurrence or issuance, provided however, that any Obligated Group Program Short-Term Indebtedness that has been issued as revenue anticipation notes ("RANs") will not be included or counted as Obligated Group Program Short-Term Indebtedness to the extent that the RANs are secured by deferred state apportionment revenues expressly pledged and deposited in an intercept account to pay such RANs.

(b) Interim Indebtedness. The Lessee may incur Obligated Group Program Interim Indebtedness (as defined below) to finance or refinance existing capital needs as in its judgment is deemed expedient, which may be secured on parity with the Lessee's obligations under the Leases and any School Loan Agreement, provided that in no event will the Lessee incur such Obligated Group Program Interim Indebtedness, together with outstanding Short-Term Lessee Indebtedness, on a combined basis, is in excess of the greater of: (1) 35% of Operating Expenses in any Fiscal Year, or (2) Maximum Deferred Apportionment.

"Obligated Group Program Interim Indebtedness" means all Obligated Group Program Indebtedness having an original maturity less than or equal to five years and not renewable at the option of the Lessee for a term greater than five years from the date of original incurrence or issuance.

(i) an Officer's Certificate is filed with the Master Trustee demonstrating that, for the Obligated Group's most recently completed Fiscal Year, the Lessee has complied with all covenants set forth in its School Loan Agreement or Lease, as applicable, as provided therein; and

(ii) either

(A) an Independent Consultant selected by the Lessee provides a written report setting forth projections which indicate that the Consolidated Base Rent Coverage Ratio for the first three full Fiscal Years following completion of such Facility or Facilities financed with such Additional Indebtedness in which the Lessee will have scheduled payments of interest on or principal of the Additional Indebtedness to be issued for the payment of which provision has not been made as indicated in the report of such Independent Consultant from proceeds of such Additional Indebtedness, investment income thereon or from other appropriate sources (other than Consolidated Base Rent), provides for a Consolidated Base Rent Coverage Ratio, taking into account all Outstanding Long Term Indebtedness and the Additional Indebtedness to be issued, of not less than 1.20:1.0. The report of the Independent Consultant shall take into account, when applicable, the audited results of operations and verified enrollment of the Related Schools for the most recently completed Fiscal Year and projected enrollment of the Related Schools and Gross Revenues at the completion of such Facility or Facilities financed with such Additional Indebtedness. In addition, the report of the Independent Consultant shall assume that the Long Term Indebtedness then to be incurred shall have been Outstanding for the entire year; or

(B) an Officer's Certificate is filed with the Master Trustee demonstrating that, based on audited results of the operations for the most recently completed Fiscal Year, the Consolidated Base Rent Coverage Ratio, taking into account all Outstanding Long-Term Indebtedness and the Additional Indebtedness to be issued, is not less than 1.10.

Obligated Group Program Long Term Indebtedness may also be incurred for the purpose of refunding any Outstanding Obligated Group Program Indebtedness, if prior to the incurrence thereof, there is delivered to the Trustee an Officer's Certificate demonstrating that (i) the maximum annual debt service with respect to all Obligated Group Program Long-Term Indebtedness will not increase by more than 10% after the incurrence of such proposed refunding of Obligated Group Program Long Term Lessee Indebtedness and after giving effect to the disposition of the proceeds thereof; (ii) the total debt service on the Obligated Group Program Long-Term Indebtedness being refinanced will not increase by more than 10% after the incurrence of such proposed refunding Obligated Group Program Long-Term Indebtedness and after giving effect to the disposition of the proceeds thereof; or (iii) the requirements of subsection (a)(1) above (regarding the Consolidated Base Rent Coverage Ratio) are met; provided that the foregoing shall not apply to any refinancing with Balloon Indebtedness.

"Obligated Group Program Long-Term Indebtedness" means all Obligated Group Program Indebtedness having an original maturity greater than one year or renewable at the option of the Lessee for a period greater than one year from the date of original incurrence or issuance thereof unless, by the terms of such Lessee Indebtedness, the Obligated Group Program Long-Term Indebtedness is not permitted to be outstanding thereunder for a period of at least 20 consecutive days during each calendar year.

(d) Facility Leases. Obligated Group Program Indebtedness consisting of leases for charter school facilities, the term of which do not exceed two years (including any term extension options), may be incurred without limitation.

A lease for a charter school or other facility with a term exceeding two years (including any term extension options) shall be considered Obligated Group Program Long-Term Indebtedness.

(f) Subordinate Lessee Indebtedness. Subordinate Lessee Indebtedness may be incurred without limitation.

"Subordinate Lessee Indebtedness" means all Lessee Indebtedness the repayment of which is expressly subordinate to the repayment of (i) the obligations of the Lessee under all Leases and School Loan Agreements, and (ii) Lessee Indebtedness secured on parity with obligations of the Lessee under all Leases and School Loan Agreements.

Other Financial Covenants. Additionally, the Lessee will make the following covenants in each Series 2025 Lease and Prior School Loan Agreement relating to a Related Project financed by the Authority:

Use of Intercept Moneys. The Lessee covenants that all funds subject to an Intercept shall only be transferred to a Related Lender/Bond Trustee for Related Indebtedness issued by the Authority.

Use of Public Moneys. The Lessee covenants that it will not use any public money, assets, and funds for support of the public school system that it receives through apportionments from the State in a manner that conflicts with or constitutes on its part or on the part of the School a violation or breach of any California statute, rule or regulation governing the use of those moneys.

In addition, the Authority will be a third-party beneficiary with respect to the foregoing provisions under each Series 2025 Lease or Prior School Loan Agreement.

Limitation on Disposition of Property, Plant and Equipment. Lessee covenants that, without the consent of the Master Trustee, it will not dispose or transfer any property, plant and equipment consisting of all or any part of the applicable Premises, including pursuant to any lease, except for dispositions or transfers:

(a) of property, plant and equipment no longer necessary for the operation of the Premises;

(b) of property, plant and equipment replaced by property, plant and equipment of similar type and/or of substantially equivalent function with a substantially equivalent value; or

(c) of property, plant and equipment sold or disposed of at a price equal to its fair market value.

CHARTER SCHOOLS

General

This section provides a brief overview of California's charter school law. Prospective purchasers of the Bonds should note that the overview contained in this section and the summary of relevant law noted by cross-reference in the sections that follow are provided for the convenience of prospective purchasers but are not and do not purport to be comprehensive. Additional information regarding various aspects of charter school funding in California is available on numerous State-maintained websites and through other publicly available sources.

Under State Law, charter schools are largely independent schools operating as part of the public school system under the exclusive control of the officers of the public schools. A charter school is usually created or organized by a group of teachers, parents and community leaders, or a community-based organization, and is usually sponsored by an existing local public school district or county board of education. Specific goals and operating procedures for the charter school are detailed in a "charter" granted by the sponsoring board to the charter organizers.

A charter school is generally exempt from the laws governing school districts, except where specifically noted in the law. Charter schools in the State are created pursuant to Part 26.8 (beginning with Section 47600) of Division 4 of Title 2 of the Education Code (the "Charter School Law"). The law also requires that a public charter school be nonsectarian in its programs, admission policies, employment practices and all other operations, and prohibits the conversion of a private school to a charter school. Public charter schools may not charge tuition and may not discriminate against any pupil on the basis of ethnicity, national origin, gender or disability. State public charter schools are required to participate in the State Testing and Reporting Program.

According to the Charter School Law, the purpose of a charter school is to: (1) improve pupil learning; (2) increase learning opportunities for all pupils, with special emphasis on expanded learning experiences for pupils identified as academically low achieving; (3) encourage the use of different and innovative teaching methods; (4) create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site; (5) provide parents and students with expanded choices in the types of educational opportunities that are available within the public school system; (6) hold schools accountable for meeting measurable pupil outcomes and provide schools a way to shift from a rule-based to a performance-based

system of accountability; and (7) provide vigorous competition within the public school system to stimulate continual improvements in all public schools.

Anyone may write a charter. However, for a new charter school (not conversion of an existing traditional public school), charter developers must present a petition to the governing board of the local school district (or other chartering authority) containing the signatures of either: (1) a number of teachers meaningfully interested in teaching at the school equal to at least 50 percent of the number of teachers the charter school estimates will be employed during the charter school's first year of operation, or (2) a number of parents or legal guardians representing at least 50 percent of the number of pupils expected to enroll at the school in its first year. For conversion schools, Charter School Law requires signatures of at least 50 percent of the permanent status teachers at the school to be converted. Pupils may not be required to attend a charter school nor may teachers be compelled to teach there. Charters are granted for a maximum term of five years, and may be renewed for new five-year terms without limitation upon satisfaction of certain criteria described below; provided, however, that under certain circumstances, high-performing charter schools may be renewed for a period of between five seven years.

Generally, each charter school is funded to its statutory entitlement after the local contribution is taken into account. Local funding comes from the chartering school district or other sponsoring local education agency in lieu of property taxes (generally funded from the school district's own property tax receipts), while the State funds the balance directly through the county office of education. The proportion coming from the State will vary from district to district depending on the amount of local property taxes collected. In addition, charter schools receive certain State funding and lottery funds based upon pupil attendance, and may be eligible for other special programmatic aid from State and federal grants. Charter schools are prohibited from charging tuition under the Charter School Law.

For additional information regarding funding of education in the State and information relating to certain risks and other considerations relevant to a decision to invest in the Bonds, see "STATE FUNDING OF EDUCATION" and "CERTAIN RISK FACTORS – Specific Risks of Charter Schools" herein.

Chartering Authority

Under the Charter School Law, the local school district governing board serves as the primary chartering authority. A petitioner may seek approval of a charter from a county board of education if the pupils to be served are pupils that would normally be provided direct education and related services by the county office of education. A petitioner may also seek approval from a county board of education for a countywide charter school, which may be granted only if the county board finds that the proposed countywide charter school will offer services to a pupil population that will benefit from those services and that cannot be served as well by a charter school that operates only in one school district in the county. See " – Countywide Benefit Charter Schools" below. Petitioners may request the county board of education to review a charter petition if the petition has been previously denied by the local school district governing board.

If the governing board of a school district denies a petition and the county lacks an independent county board of education, the petitioner may elect to submit the petition for the establishment of a charter school to the state board. If the denial of a charter petition is reversed by the state board, the state board shall designate the governing board of the school district in which the charter school is located as the chartering authority.

If the county board of education denies a petition, the petitioner may appeal that denial to the state board. The state board shall either hear the appeal or summarily deny review of the appeal based on the documentary record. If the state board hears the appeal, the state board may affirm the determination of the governing board of the school district or the county board of education, or both of those determinations, or may reverse only upon a determination that there was an abuse of discretion. If the denial of a charter petition is reversed by the state board, the state board shall designate, in consultation with the petitioner, either the governing board of the school district or the county board of education in which the charter school is located as the chartering authority.

For information concerning the charters granted with respect to each of the Schools, see "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto.

Elements of a Charter Petition

Each charter petition, at a minimum, must contain reasonably comprehensive descriptions of each of sixteen required elements. They are:

1. A description of the educational program of the charter school.

2. The annual goals for the charter school for all pupils and for each subgroup of pupils, and specific annual actions to achieve those goals.

3. If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements.

4. The measurable pupil outcomes identified for use by the charter school.

5. The method by which pupil progress in meeting those pupil outcomes is to be measured.

6. The charter school's governance structure, including parental involvement.

7. The qualifications to be met by individuals employed by the charter school.

8. Procedures to ensure health and safety of pupils and staff. These procedures shall include: that each employee of the charter school furnish the charter school with a criminal record summary; the development of a school safety plan; and that the school safety plan be reviewed and updated by March 1 of every year by the charter school.

9. The means by which the charter school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, reflective of the general population residing in the chartering district.

10. Admission policies and procedures, consistent with the requirements in Education Code Section 47605(e).

11. The manner in which annual, independent financial audits will be conducted, and the manner in which audit exceptions and deficiencies will be resolved to the satisfaction of the chartering authority.

12. The procedures by which pupils may be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason.

13. Provisions for employee coverage under the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security.

14. The public school attendance alternatives for pupils residing within the district who choose not to attend charter schools.

15. A description of the rights of any employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.

16. The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter.

17. A declaration of whether or not the charter school will be deemed the exclusive public school employer of the employees of the charter school for purposes of the Educational Employment Relations Act.

18. A description of the procedures for closure of the school, including the disposition of assets and the maintenance and transfer of pupil records.

Under the accountability requirements of Assembly Bill 1137 ("AB 1137"), signed into law in October 2003, districts or other agencies that grant charter authority must identify a contact person for charter schools, visit each charter school at least once a year, and ensure that charter schools submit all required reports (including fiscal reports that must be sent four times a year to the district and local county office of education). In addition, the district must monitor the fiscal condition of its charter schools and notify the State Department of Education whenever a charter is granted, denied, revoked, or the charter school will cease operation. AB 1137 also required that charter schools show a certain level of academic performance to have their charters renewed.

Approval or Denial of Charter Petition

No later than 60 days after receiving a petition, the governing board of the school district will hold a public hearing on the provisions of the charter, at which time the governing board of the school district will consider the level of support for the petition by teachers employed by the school district, other employees of the school district, and parents. Following review of the petition and the public hearing, the governing board of the school district will either grant or deny the charter within 90 days of receipt of the petition, provided, however, that the date may be extended by an additional 30 days if both parties agree to the extension.

The governing board of the school district will publish all staff recommendations, including the recommended findings and, if applicable, the certification from the county superintendent of schools prepared pursuant to paragraph (8) below, regarding the petition at least 15 days before the public hearing at which the governing board of the school district will either grant or deny the charter. At the public hearing at which the governing board of the school district will either grant or deny the charter, petitioners will have equivalent time and procedures to present evidence and testimony to respond to the staff recommendations and findings.

In reviewing petitions for the establishment of charter schools authorized by a school district, the chartering authority will be guided by the intent of the State Legislature that charter schools are and should become an integral part of the California educational system and that the establishment of charter schools should be encouraged. The governing board of the school district will grant a charter for the operation of a school if it is satisfied that granting the charter is consistent with sound educational practice and with the interests of the community in which the school is proposing to locate. The governing board of the school district shall consider the academic needs of the pupils the school proposes to serve.

The governing board of the school district will not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

(1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school;

(2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition;

(3) The petition does not contain the number of required signatures;

(4) The petition does not contain an affirmation of each of the admission conditions described in Education Code Section 47605(e);

(5) The petition does not contain reasonably comprehensive descriptions of all of the elements described in " – Elements of a Charter Petition" herein; and

(6) The petition does not contain a declaration of whether or not the charter school will be deemed the exclusive public employer of the employees of the charter school for purposes of Chapter 10.7 of the Government Code.

(7) The charter school is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate. Analysis of this finding shall include consideration of the fiscal impact of the proposed charter school. A written factual finding under this paragraph shall detail specific facts and circumstances that analyze and consider the following factors:

(A) The extent to which the proposed charter school would substantially undermine existing services, academic offerings, or programmatic offerings.

(B) Whether the proposed charter school would duplicate a program currently offered within the school district and the existing program has sufficient capacity for the pupils proposed to be served within reasonable proximity to where the charter school intends to locate.

(8) The school district is not positioned to absorb the fiscal impact of the proposed charter school. A school district satisfies this paragraph if it has a qualified interim certification pursuant to Section 1240 of the Education Code and the county superintendent of schools, in consultation with the County Office Fiscal Crisis and Management Assistance Team, certifies that approving the charter school would result in the school district having a negative interim certification pursuant to Section 1240 of the Education Code, has a negative interim certification pursuant to Section 1240 of the Education Code, or is under state receivership. Charter schools proposed in a school district satisfying one of these conditions shall be subject to a rebuttable presumption of denial.

In reviewing petitions for the establishment of charter schools within the school district, the governing board of the school district will give preference to petitions that demonstrate the capability to provide comprehensive learning experiences to pupils identified by the petitioner or petitioners as academically low achieving pursuant to the standards established by the State Board of Education.

If the governing board of a school district denies a petition, the petitioner may elect to submit the petition for the establishment of a charter school to the county board of education. The county board of education will review the petition pursuant to the same process by which a school district reviews a charter school petition.

If the governing board of a school district denies a petition and the county board of education has jurisdiction over a single school district, the petition may elect to submit the petition for the establishment of a charter school to the state board. The state board will review the petition pursuant to the same process by which a school district reviews a charter school petition. If the denial of a charter petition is reversed by the state board, the state board shall designate the governing board of the school district in which the charter school is located as the chartering authority.

If the county board of education denies a petition, the petitioner may appeal that denial to the state board. The state board will either hear the appeal or summarily deny review of the appeal based on the documentary record. If the state board hears the appeal, the state board may affirm the determination of the governing board of the school district or the county board of education, or both of those determinations, or may reverse only upon

a determination that there was an abuse of discretion. If the denial of a charter petition is reversed by the state board, the state board will designate, in consultation with the petitioner, either the governing board of the school district or the county board of education in which the charter school is located as the chartering authority.

If either the county board of education or the state board fails to act on a petition within 180 days of receipt, the decision of the governing board of the school district to deny the petition will be subject to judicial review.

Charter Renewal

A chartering authority may grant one or more renewals of a charter petition. Except as otherwise described herein, each renewal will be for a period of five years. Renewals and material revisions of charters are governed by the same standards and criteria as initial approvals of charter petitions, and will include, but not be limited to, a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed.

AB 130 (as defined herein), which was signed into law by the Governor on July 9, 2021, automatically extends by two years the term of all existing charter schools whose term expires between January 1, 2022 and June 30, 2025, inclusive. See "– Amendments to the Charter School Law" below.

A charter school that, concurrently with its renewal, proposes to expand operations to one or more additional sites or grade levels must request a material revision to its charter, which may be made only with the approval of the chartering authority and is governed by the standards and criteria of an initial approval or denial of a charter petition. Paragraphs numbered (7) and (8) under the heading " – Approval or Denial of Charter Petition" above may not be used to deny a renewal of an existing charter school, but may be used to deny a proposed expansion constituting a material revision.

The chartering authority shall consider the schoolwide performance and performance of all subgroups of pupils served by the charter school on the state indicators included in the California School Dashboard and the performance of the charter school on the local indicators included in the California School Dashboard. The chartering authority shall provide greater weight to performance on measurements of academic performance in determining whether to grant a charter renewal. In addition to the state and local indicators, the chartering authority shall consider clear and convincing evidence, demonstrated by verified data, showing either of the following:

(A) The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.

(B) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.

The chartering authority may deny a charter renewal only upon making written findings, setting forth specific facts to support the findings, that the charter school has failed to meet or make sufficient progress toward meeting standards that provide a benefit to the pupils of the school, that closure of the charter school is in the best interest of pupils and, if applicable that its decision provided greater weight to performance on measurements of academic performance.

Authorizer Shall Renew. The chartering authority shall not deny renewal for a charter school if either of the following apply for two consecutive years immediately preceding the renewal decision; provided, however, that a charter school eligible for technical assistance shall not qualify for renewal under this provision:

(A) The charter school has received the two highest performance levels schoolwide on all the state indicators included in the California School Dashboard for which it receives performance levels; and

(B) For all measurements of academic performance, the charter school has received performance levels schoolwide that are the same or higher than the state average and, for a majority of subgroups performing statewide below the state average in each respective year, received performance levels that are higher than the state average.

The chartering authority that granted the charter may renew a charter pursuant to this paragraph for a period of between five and seven years.

Notwithstanding the above, the chartering authority may deny renewal of a charter school upon a finding that the school is demonstrably unlikely to successfully implement the program set forth in the petition due to substantial fiscal or governance factors, or is not serving all pupils who wish to attend. The chartering authority may deny renewal of a charter school pursuant to this provision only after it has provided at least 30 days' notice to the charter school of the alleged violation and provided the charter school with a reasonable opportunity to cure the violation, including a corrective action plan proposed by the charter school.

Authorizer Shall Not Renew. The chartering authority shall not renew a charter if either of the following apply for two consecutive years immediately preceding the renewal decision:

(A) The charter school has received the two lowest performance levels schoolwide on all the state indicators included in the California School Dashboard for which it receives performance levels.

(B) For all measurements of academic performance, the charter school has received performance levels schoolwide that are the same or lower than the state average and, for a majority of subgroups performing statewide below the state average in each respective year, received performance levels that are lower than the state average.

The chartering authority shall consider the following factors, and may renew a charter that meets the criteria above only upon making both of the following written factual findings, specific to the particular petition, setting forth specific facts to support the findings:

(A) The charter school is taking meaningful steps to address the underlying cause or causes of low performance, and those steps are reflected, or will be reflected, in a written plan adopted by the governing body of the charter school.

(B) There is clear and convincing evidence showing either of the following:

(i) The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.

(ii) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.

For a charter renewed pursuant to this provision, the chartering authority may grant a renewal for a period of two years.

Countywide Benefit Charter Schools

Education Code Section 47605.6 provides for the creation of countywide benefit charter schools to operate at one or more sites within the geographic boundaries of a county and that provide instructional services that are not generally provided by a county office of education. A county board of education may approve a countywide charter only if it finds, in addition to the other requirements of the Charter School Law, that the educational services to be provided by the charter school will offer services to a pupil population that will benefit from those services and that cannot be served as well by a charter school that operates in only one school district in the county.

The provisions governing denial of a charter petition for school district governing boards also apply to the denial of a charter petition for countywide benefit charters. A county board of education will deny a petition if it finds one or more of the following: (i) the charter school presents an unsound educational program for the pupils to be enrolled in the charter school, (ii) petitioners are demonstrably unlikely to successfully implement the program set forth in the petition, (iii) the petition does not contain the number of required signatures, (iv) the petition does not contain an affirmation of each of the enumerated conditions described in Education Code Section 47605(e), (v) the petition does not contain reasonably comprehensive descriptions of the educational program of the school, measurable pupil outcomes and certain other factors, as required by State law, (vi) the petition does not contain a declaration of whether or not the charter school will be deemed the exclusive public employer of the employees of the charter school for purposes of Chapter 10.7 of the Government Code, and (vii) any other basis that the county board of education finds justifies the denial of the petition. If a petition for a countywide benefit charter is denied, or the renewal of an existing countywide benefit charter is denied, the petition may not be submitted to the State Board of Education ("SBE") for review.

None of the Schools operates pursuant to a countywide benefit charter. See "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto.

Charter Management Organizations

As the number of charter schools operating pursuant to the Charter School Law has increased over time, nonprofit organizations have been established, referred to as charter management organizations ("CMOs"), to manage the operations of several charter schools for the purpose of achieving certain economic and operational efficiencies. CMOs centralize or share certain functions and resources among multiple charter schools, including but not limited to accounting, human resources, marketing, purchasing, property management and administration. CMOs may operate at the regional or statewide level. MERF functions as a CMO for the Schools. See "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto.

Charter Revocation

A charter may be revoked if the charter granting authority finds, based on substantial evidence, that a charter school (i) has committed a material violation any of the conditions, standards or procedures set forth in its charter, or (ii) has failed to meet or to pursue any of the student outcomes identified in its charter, or (iii) has failed to meet generally accepted accounting principles, or engages in fiscal mismanagement, or (iv) has violated any provision of law. Prior to revoking a charter, the charter granting authority must notify the charter school of the violation, afford the charter school a reasonable opportunity to remedy the violation (unless the authority determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils), and, upon failure to do so, give written notice of intent to revoke and notice of facts in support of revocation to the charter school and hold a public hearing on the matter. An adverse decision by a school district governing board may be appealed to the county board of education and an adverse decision by the county board, directly or on appeal, may be appealed to the SBE. See "CERTAIN RISK FACTORS – Specific Risks of Charter Schools – Non-Renewal or Revocation of Charters" herein.

In addition, the SBE may take action based on the recommendation of the State Superintendent of Public Instruction, including but not limited to revocation of a school's charter, upon a finding of (i) gross financial mismanagement that jeopardizes the financial stability of the charter school, (ii) illegal or substantially improper use of charter school funds for the personal benefit of any officer, director or fiduciary of the charter school, (iii) substantial and sustained departure from measurably successful practices such that continuing departure would jeopardize the educational development of the school's pupils, or (iv) failure to improve pupil outcomes across multiple state and school priorities identified in the charter. Regulations promulgated by the SBE require the California Department of Education to identify and notify the SBE of each charter school that is determined to warrant action pursuant to clause (iii) of the immediately preceding sentence by November 1 of each year. Under these regulations, charter schools so notified are required to be given an opportunity to submit written information as to why its charter should not be revoked. Any resulting action to revoke a charter is effective at the end of the fiscal year in which the action is taken, unless the SBE identifies departures at the school that are so significant as to be cause for immediate revocation and closure of the charter school. The regulations require the SBE to hold a public hearing to consider action including but not limited to charter revocation not later than March 31. See "CERTAIN RISK FACTORS – Specific Risks of Charter Schools – Non-Renewal or Revocation of Charters" herein.

MERF has not received any notice from the SBE or the chartering authorities of any of the Schools regarding any violation or proposal to revoke any of the Schools' charters or of any other violation requiring corrective action. In addition, as noted above, any future adverse decision by the governing board of any authorizing entity may be appealed to the applicable county Board of Education and an adverse decision by such Board of Education, directly or on appeal, may be appealed to the SBE. See "APPENDIX A –CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto."

Amendments to the Charter School Law

The Legislature has amended the Charter School Law frequently since its initial adoption in 1992, and legislative and public attitudes are still evolving. Neither the Lessee nor any charter school has any control over State legislative or regulatory decision making that could affect the operations or ongoing funding sources for the Obligated Group Schools.

None of the Borrower or MERF makes any representation as to whether any proposed amendments to the Charter School Law will be enacted into law, or what, if any, impact such proposed amendments would have on the Borrower or MERF.

Growth in Charter Schools in California

California has the largest concentration of charter schools in the nation with approximately 727,723 students enrolled in charter schools for the 2024-25 school year (up approximately 15,525 students from the prior school year), which was approximately 12.5% of total state-wide enrollment in the 2024-25 school year up from approximately 12.2 percent of total state-wide enrollment in the prior school year). The table on the

following page shows the total number of charter schools in California by year since 1998-99 of total state-wide the prior school year).

STATE FUNDING OF EDUCATION

General

The Charter School Law provides that the State legislature intended "each charter school be provided with operational funding that is equal to the total funding that would be available to a similar school district serving a similar pupil population . . ." As is true for school districts in the State, charter schools' revenue is derived primarily from two sources: a State portion funded from the State's general fund and a locally generated portion derived from each sponsoring school district's share of the local *ad valorem* property tax. Decreases in State revenues, or in the legislative appropriations made to fund education, may significantly affect charter schools' operations.

Adoption of Annual State Budget. According to the State Constitution, the Governor of the State is required to propose a budget to the State Legislature no later than January 10 of each year, and a final budget must be adopted by the State Legislature no later than June 15, although this deadline has been breached in previous years. Historically, the budget required a two-thirds vote of each house of the State Legislature for passage. However, on November 2, 2010, the State's voters approved Proposition 25, which amended the State

Powered by BoardOnTrack

Constitution to lower the vote requirement necessary for each house of the State Legislature to pass a budget bill and send it to the Governor. Specifically, the vote requirement was lowered from two-thirds to a simple majority (50% plus one) of each house of the State Legislature. This lower vote requirement also applies to trailer bills that appropriate funds and are identified by the State Legislature "as related to the budget in the budget bill." The budget becomes law upon the signature of the Governor, who may veto specific items of expenditure. Under Proposition 25, a two-thirds vote of the State Legislature is still required to override any veto by the Governor. School district budgets must generally be adopted by July 1, and revised by the school board within 45 days after the Governor signs the budget act to reflect any changes in budgeted revenues and expenditures made necessary by the adopted State budget. See " – 2025-26 State Budget" below

Failure by the State to adopt a budget may restrict the State Controller's ability to disburse State funds. Under the rule of White v. Davis (also referred to as Jarvis v. Connell), a State Court of Appeal decision reached in 2002 and later refined by a California Supreme Court decision in 2003, the State Controller may be able to disburse State funds after the beginning of the fiscal year prior to the adoption of the State budget bill or emergency appropriation if the expenditure, among other things, is (i) authorized by a continuing appropriation found in statute, (ii) mandated by the State Constitution (such as appropriations for salaries of elected state officers), or (iii) mandated by federal law (such as payments to State workers at no more than minimum wage). The State Controller has consistently stated that basic State funding for schools is continuously appropriated by statute, but that special and categorical funds may not be appropriated without an adopted budget. Should the State Legislature fail to pass a budget or emergency appropriation before the start of any fiscal year, the Lessee and the Borrower might experience delays in receiving certain expected revenues. See "CERTAIN RISK FACTORS" herein.

State income tax and other receipts can fluctuate significantly from year to year, depending on economic conditions in the State and the nation. Because funding for education is closely related to overall State income, as described in this section, funding levels can also vary significantly from year to year, even in the absence of significant education policy changes. A brief description of the adopted State budget for the current fiscal year is included below; however, no prediction can be made as to how State income or State education funding will vary over the entire term to maturity of the Bonds, and neither the Borrower nor the Lessee takes any responsibility for informing Beneficial Owners of the Bonds as to any such annual fluctuations. Information about the State budget and State spending for education is regularly available at various State maintained websites. Text of proposed and adopted budgets may be found at the website of the Department of Finance, www.dof.ca.gov., under the heading "California Budget." An impartial analysis of the budget is posted by the Office of the Legislative Analyst at www.lao.ca.gov. In addition, various State of California official statements, many of which contain a summary of the current and past State budgets and the impact of those budgets on school districts in the State, may be found at the Electronic Municipal Market Access ("EMMA") website of the Municipal Securities Rulemaking Board, currently located at http://emma.msrb.org. Aggregate State Education Funding. Under Proposition 98, a constitutional and statutory amendment adopted by the State's voters in 1988 and amended by Proposition 111 in 1990 (now found at Article XVI, Sections 8 and 8.5 of the Constitution), a minimum level of funding is mandated for school districts, community college districts, and other State agencies that provide direct elementary and secondary instructional programs, including charter schools.

The Proposition 98 guaranteed amount for education is based on prior year funding, as adjusted through various formulas and tests that take into account State proceeds of taxes, local property tax proceeds, school enrollment, per capita personal income, and other factors. The State's share of the guaranteed amount is based on State general fund tax proceeds and is not based on the general fund in total or on the State budget. The local

share of the guaranteed amount is funded from local property taxes. The total guaranteed amount varies from year to year and throughout the stages of any given fiscal year's budget, from the Governor's initial budget proposal to actual expenditures to post year end revisions, as additional information regarding the various factors becomes available. Over the long run, the guaranteed amount may increase as enrollment and per capita personal income grow.

If, at year end, the guaranteed amount is calculated to be higher than the amount actually appropriated in that year, the difference becomes an additional education funding obligation, referred to as "settle up." If the amount appropriated is higher than the guaranteed amount in any year, that higher funding level permanently increases the base guaranteed amount in future years. The Proposition 98 guaranteed amount is reduced in years when general fund revenue growth lags personal income growth, and may be suspended for one year at a time by enactment of an urgency statute. In either case, in subsequent years when State general fund revenues grow faster than personal income (or sooner, as the State Legislature may determine), the funding level must be restored to the guaranteed amount, the obligation to do so being referred to as "maintenance factor."

In recent years, the State's response to fiscal difficulties has had a significant impact on Proposition 98 funding and settle-up treatment. The State has sought to avoid or delay paying settle-up amounts when funding has lagged the mandated amount. In response, teachers' unions, the State Superintendent and others sued the State or Governor in 1995, 2005, 2009 and 2011 to force them to fund schools in the full amount required. The settlement of the 1995 and 2005 lawsuits has so far resulted in over $4 billion in accrued State settle-up obligations. However, legislation enacted to pay down the obligations through additional education funding over time, including the Quality Education Investment Act of 2006 (QEIA), have also become part of annual budget negotiations, resulting in repeated adjustments and deferrals of the settle-up amounts.

The State has also sought to preserve general fund cash while avoiding increases in the base guaranteed amount through various mechanisms: by treating any excess appropriations as advances against subsequent years' Proposition 98 minimum funding levels rather than current year increases; by temporarily deferring apportionments of Proposition 98 funds from one fiscal year to the next; by permanently deferring apportionments of Proposition 98 funds from one fiscal year to the next; by suspending Proposition 98, as the State did in fiscal years 2004-05, 2010-11, 2011-12 and 2012-13; and by proposing to amend the Constitution's definition of the guaranteed amount and settle up requirement under certain circumstances. The 2014-15 State Budget and 2015-16 State Budget reversed certain of these trends by, among other things, eliminating certain deferrals, authorizing payments of certain deferred amounts owed to schools subject to State General Fund Revenues and authorizing settle-up payments with respect to deferred apportionments of the Proposition 98 minimum guarantee.

2025-26 State Budget. On June 27, 2025, the Governor signed the State budget for fiscal year 2025-26 (the "2025-26 State Budget"). The following is drawn from the DOF summary of the 2025-26 State Budget.

The 2025-26 State Budget reports that, since the release of the Governor's proposed State budget, the imposition of federal policy changes significantly slowed economic growth within the State. Most notably, broad-based tariffs blunted economic growth and drove a downgrade of the economic forecasts built into the May revision to the proposed State budget. Additionally, the State experienced substantial cost and caseload growth in several core State programs, most notably within Medi-Cal, which combined to create a State general fund shortfall of $11.8 billion. The 2025-26 State Budget notes that the budget does not reflect the impact of substantial cuts in federal spending included in the federal omnibus tax and spending bill signed in early July. The State continues to monitor the impacts of the federal spending cuts and may need to make adjustments to the 2025-26 State Budget as a result. The 2025-26 State Budget solves the projected $11.8 billion deficit through significant reductions in ongoing programs and a mix of other broad-based measures, including:

- *Reductions* – $2.8 billion in total reductions in fiscal year 2025-26, which grows to $11.9 billion by fiscal year 2028-29 through (i) an enrollment freeze for full-scope Medi-Cal expansion for undocumented adults ages 19 and older , (ii) a reduction in Medi-Cal premiums

for adults 19-59 with unsatisfactory immigration status, (iii) altering the Medi-Cal asset test limit, (iv) an elimination of dental benefits for adults age 19 or older with unsatisfactory immigration status, (v) a reduction in prospective payment system payments to federally qualified health centers and rural health clinics , (vi) eliminating specialty drug coverage for weight loss, (vii) a reduction in pharmacy drug rebates and (viii) requiring provider mandates for quality incentive payment program eligibility.

- *Revenues/Borrowing* – $7.8 billion in additional revenues and borrowings through (i) $1.3 billion of support from the managed care tax approved in November of 2024 (Proposition 35) in fiscal year 2025-26 for Medi-Cal rate increases, as well as $263.7 million of such support in fiscal year 2026-27, (ii) a loan of $4.4 billion across the three-year budget window, including $1 billion for fiscal year 2025-26 from the medical providers interim payment fund loan, (iii) a loan of $150 million in fiscal year 2025-26 from the unfair competition law fund loan (iv) a loan of $400 million in fiscal year 2025-26 from the labor and workforce development fund loan and (v) $1.5 billion in additional special fund and internal borrowing.
- *Fund Shifts* – $1.2 billion in total solutions for fiscal year 2025-26 primarily through shifting the costs for Cal Fire operations from the general fund to the greenhouse gas reduction fund. The 2025-26 State Budget estimates additional savings in shifting the costs to the greenhouse gas reduction fund of $1.3 billion in fiscal year 2026-27 and $500 million in both fiscal years 2027-28 and 2028-29.

For fiscal year 2024-25, the 2025-26 State Budget projects total general fund revenues and transfers of $226.7 billion and authorizes expenditures of $233.6 billion. The State is projected to end fiscal year 2024-25 with total reserves of approximately $35.9 billion, including $18.3 billion in the BSA, $455 million in the PSSSA and $17.1 billion in traditional general fund reserves. The State budget for fiscal year 2024-25 authorized BSA withdrawals of $5.1 billion in fiscal year 2024-25 and $7.1 billion in fiscal year 2025-26. The 2025-26 State Budget maintains the scheduled $7.1 billion withdrawal for fiscal year 2025-26. For fiscal year 2025-26, the 2025-26 State Budget projects total general fund revenues and transfers of $215.7 billion and authorizes expenditures of $228.4 billion. The State is projected to end fiscal year 2025-26 with total reserves of approximately $15.7 billion, including $4.5 billion in the traditional general fund reserve and $11.2 billion in the BSA. The PSSSA and the Safety Net Reserve are projected to have zero balances in fiscal year 2025-26.

The 2025-26 State Budget sets total funding in fiscal year 2025-26 for all TK-12 education programs at $137.6 billion, including $80.5 billion from the State general fund and $57.1 billion from other sources. The minimum funding guarantee in fiscal year 2025-26 is set at $114.6 billion. The 2025-26 State Budget also makes retroactive changes to the minimum funding guarantee in fiscal years 2023-24 and 2024-25, setting them at $98.5 billion and $119.9 billion, respectively. The revised general fund estimates resulted in notable adjustments to the minimum funding guarantee with an increase of approximately $3.9 billion from the State budget for fiscal year 2024-25 over the three-year period.

For fiscal year 2024-25, the 2025-26 State Budget appropriates $118 billion, instead of the currently calculated level of $119.9 billion, in order to mitigate the risk of potentially appropriating more resources to the minimum funding guarantee than are available in the final calculation for fiscal year 2024-25. The minimum funding level for fiscal year 2024-25 will not be finalized until that fiscal year is certified, which is a process that will occur throughout 2026. The 2025-26 State Budget projects that Test 1 will be in effect for fiscal year 2025-26. To accommodate enrollment increases related to the continued implementation of Universal Transitional Kindergarten and property tax backfills related to the January 2025 fires in the County of Los Angeles, the 2025-26 State Budget rebenches the Test 1 percentage, from approximately 39.2% to 39.6%, to increase the percentage of State general fund revenues that count towards the minimum funding guarantee.

Other significant features relating to TK-12 education funding include the following:

- *LCFF* – The 2025-26 State Budget includes an LCFF COLA of 2.3%. When combined with population growth adjustments, these result in an increase of roughly $2.1 billion in discretionary funds for local educational agencies, as compared to the level set in the prior State budget. As a result, the adjusted LCFF Base Grants for fiscal year 2025-26 are as follows: (i) $11,323 for grades TK-3, (ii) $10,411 for grades 4-6, (iii) $10,719 for grades 7 and 8, and (iv) $12,746 for grades 9-12. Additionally, the adjusted TK add on rate for fiscal year 2025-26 is $5,545. The 2025-26 State Budget authorizes a mandatory deposit of $455 million into the PSSSA in fiscal year 2024-25, of which the entirety is exhausted in fiscal year 2025-26, including $405.3 million to support LCFF costs.
- *Deferrals* – The 2025-26 State Budget reflects LCFF apportionment deferrals from 2024-25 to 2025-26 of approximately $246.6 million, and from 2025-26 to 2026-27 of approximately $1.9 billion.
- *Universal Transitional Kindergarten (TK)* – The 2025-26 State Budget provides $2.1 billion (inclusive of all prior years' investments) in ongoing Proposition 98 funding to support the full implementation of universal TK so that all children who turn 4 years old by September 1 of the school year can enroll in the 2025-26 school year. The 2025-26 State Budget also provides $1.2 billion ongoing Proposition 98 funding to support further lowering the average student-to-adult ratio from 12:1 to 10:1 in every TK classroom. Additionally, the 2025-26 State Budget shifts $232.9 million of ongoing Proposition 98 funding for universal TK funding that was previously allocated to community college districts as a result of the Proposition 98 statutory split to the TK-12 side of the budget.
- *Before School, After School and Summer School* – $515.5 million in ongoing Proposition 98 funding for the Expanded Learning Opportunities Program, which seeks to implement before, after and summer school instruction and enrichment for students in grades TK-6, by increasing the number of local education agencies that offer universal access to students with an unduplicated count of 75 percent to an unduplicated count of 55 percent. The 2025-26 State Budget includes an additional $10.4 million to increase the minimum grant amounts from $50,000 to $100,000 per local educational agency.
- *Literacy Instruction* – $480 million in one-time Proposition 98 funding for the support of the English Language Arts/English Language Development framework, which includes investments such as literacy coaches, reading specialists, trainings for educators, administering screenings and providing materials. The 2025-26 State Budget also provides $10 million in one-time Proposition 98 funding for the statewide use of English language proficiency screeners to support multilingual learners in TK.
- *Teacher Preparation and Professional Development* – $300 million in one-time Proposition 98 funding to establish the Student Teacher Stipend Program, which will provide $10,000 grants to qualifying teacher candidates, $70 million in one-time Proposition 98 funding for high-quality teacher residency programs and $30 million in one-time Proposition 98 funding to extend the timeline of existing National Board Certification Incentive Program to support National Board Certified teachers to teach in high poverty schools.
- *State Preschool* – The 2025-26 State Budget provides $19.3 million Proposition 98 funding and $10.2 million non-Proposition 98 funding for the California State Preschool Program to augment provider rates, supporting the costs of care. The 2025-26 State Budget also provides authority to the Department of Education to take certain actions related to the California State Preschool program.
- *Learning Recovery Emergency Block Grant* – $378.6 million in one-time Proposition 98 funding to support the Learning Recovery Emergency Block Grant, which supports local educational agencies in establishing learning recovery initiatives through the 2027-28 school year.

- *Universal School Meals Support Grant* – $145 million in one-time Proposition 98 funding for specialized kitchen equipment, infrastructure, training and procurement of sustainably grown food to support schools in providing more freshly prepared meals, $10 million in one-time Proposition 98 funding to recruit and retain school food service workers and $5 million in one-time Proposition 98 funding for a study of ultra-processed foods offered in California school meals.
- *Special Olympics* – $30 million in one-time general funds, available over three years, for the Special Olympics of Northern and Southern California.
- *Mathematics Professional Learning Partnership* – $30 million in one-time Proposition 98 funding for the Mathematics Professional Learning Partnership and for the Kern County Superintendent of Schools to support educator training an mathematics coaching in local educational agencies, including expanding upon collaboration with the Rural Math Collective and training mathematics coaches who can be deployed in schools with the highest need of support.
- *Summer Electronic Benefits Transfer (SUN Bucks)* – $21.9 million in additional ongoing Proposition 98 funding to support the SUN Bucks program, which provides nutrition funding to eligible students during the summer months, to provide a match to an equal amount of federal funds to support the program.
- *Children and Youth Behavioral Health Initiative Grants* – $20 million in one-time Proposition 98 funding to support the implementation of the Children and Youth Behavioral Health Initiative's all-payer fee schedule.
- *Secondary School Redesign Pilot Program* – $10 million in one-time Proposition 98 funding for the California Collaborative of Educational Excellence to administer a pilot program to redesign middle and high schools to better serve the needs of all students and increase student outcomes, and to manage a network of grantees to support peer learning and documentation of practices.
- *TK Multilingual Learner Supplemental Funding* - $7.5 million in one-time Proposition 98 funding, available through fiscal year 2026-27, to mitigate reductions in potential LCFF apportionment to local educational agencies resulting from the exemption of TK students from the English language proficiency assessment.

2026-27 Proposed State Budget. On January 9, 2026, the Governor released the proposed State budget for fiscal year 2026-27 (the "Proposed 2026-27 Budget"). The following is drawn from the DOF and LAO summaries of the Proposed 2026-27 Budget.

The Proposed 2026-27 Budget reports that the State experienced a welcome surge in revenues since the 2025-26 State Budget, with a projection approximately $42 billion higher over the three-year budget window, from fiscal year 2024-25 through 2026-27, than the projection at the 2025-26 State Budget. Much of the revenue surge is attributable to a relatively small number of technology companies that have experienced a substantial increase in their share prices due to investor enthusiasm in artificial intelligence. Additionally, the increase in revenues is due to higher cash receipts, higher stock market levels and an improved economic outlook. However, the Proposed 2026-27 Budget reports that the constitutional funding requirements, need for an adequate budget reserve and higher program costs exceed the level of increased revenues, resulting in a projected shortfall of $2.9 billion for fiscal year 2026-27. Despite the $12 billion in ongoing expenditure reductions included in the 2025-26 Budget, the State continues to be confronted with structural operating deficits that need to be addressed. The Proposed 2026-27 Budget identifies dominant risks to the State budget as stock market and asset price declines and unpredictable federal policies, including continued uncertainty regarding tariffs and immigration, as well as

their impact on inflation, the labor market, investment and overall demand. Additionally, significant federal policy changes for health and human services programs due to the adoption of House of Representatives ("H.R.") 1 of 2025, which increased projected costs for the State's Medicaid Program and Supplemental Nutrition Assistance Program in fiscal year 2026-27 by approximately $1.4 billion. The Proposed 2026-27 Budget reports a balanced budget for fiscal year 2026-27, with a discretionary reserve of $4.5 billion and projects a deficit of roughly $22 billion in fiscal year 2027-28, with additional shortfalls in the two subsequent fiscal years.

The LAO notes that the administration's revenue estimates in the Proposed 2026-27 Budget exceed LAO projections by $25 to $30 billion over the three-year budget window. The LAO revenue projections reflect an assessment that recent gains are unlikely to be sustainable as they are tied to an overheated stock market with a high risk of reversing course into a downturn in the next year or two. The LAO reports that the Proposed 2026-27 Budget relies on the increased revenue forecast in order to remain roughly balanced for fiscal year 2026-27 and continues to project alarming multiyear budget deficits, with estimates ranging between $20 billion to $35 billion annually. The LAO reports that the Proposed 2026-27 Budget does not propose material actions to address downside revenue risk.

For fiscal year 2025-26, the Proposed 2026-27 Budget projects total general fund revenues and transfers of $235.16 billion and authorizes expenditures of $237.66 billion. The State is projected to end the 2025-26 fiscal year with total reserves of approximately $41.3 billion, including $11.33 billion in the BSA, $25.45 billion in traditional general fund reserves and $4.51 billion in the PSSSA. For fiscal year 2026-27, the Proposed 2026-27 Budget projects total general fund revenues and transfers of approximately $227.39 billion and authorizes expenditures of $248.33 billion. The State is projected to end the 2026-27 fiscal year with total reserves of approximately $23 billion, including $4.51 billion in the traditional general fund reserve, $14.35 billion in the BSA and $4.10 billion in the PSSSA. The Safety Net Reserve is projected to have a zero balance across both fiscal years 2025-26 and 2026-27.

The Proposed 2026-27 Budget sets total funding in fiscal year 2026-27 for all TK-12 education programs at $149.1 billion, including $88.7 billion from the State general fund and $60.4 billion from other sources. TK-12 per-pupil funding totals $27,418, including $20,427 from Proposition 98 sources. The minimum funding guarantee in fiscal year 2026-27 is set at $125.5 billion. The Proposed 2026-27 Budget also makes retroactive changes to the minimum funding guarantee in fiscal years 2024-25 and 2025-26, setting them at $123.8 billion and $121.4 billion, respectively. The revisions to the minimum funding guarantee represent an increase of approximately $21.7 billion over the three-year period relative to the 2025-26 State Budget. For fiscal year 2025-26, the Proposed 2026-27 Budget appropriates $117.6 billion, instead of the currently calculated level of $121.4 billion, in order to mitigate the risk of potentially appropriating more resources to the minimum funding guarantee than are available in the final calculation for 2025-26. Potential adjustments will be evaluated at the May revision to the Proposed 2026-27 Budget and will not be final until the certification of the 2025-26 minimum funding guarantee. The Proposed 2026-27 Budget projects Test 1 of the guarantee to be in effect for fiscal years 2024-25, 2025-26 and 2026-27, meaning the funding level is equal to roughly 40% of State general fund revenues that count towards the minimum funding guarantee.

Other significant features relating to TK-12 education funding include the following:

- *LCFF* – The Proposed 2026-27 Budget includes an LCFF COLA of 2.41%. When combined with population growth adjustments, this would result in an increase of roughly $2 billion in discretionary funds for local educational agencies. The Proposed 2026-27 Budget fully repays budgetary deferrals of $1.9 billion in 2026-27, and includes an ongoing increase of $30.7 million to provide an increase in LCFF for necessary small schools. The Proposed 2026-27 Budget also provides $228 million in ongoing Proposition 98 funding to reflect a 2.41% COLA for specific categorical programs and the LCFF Equity Multiplier. Finally, the Proposed 2026-27 Budget reflects a $15.6 million decrease in ongoing Proposition 98 funding to reflect ADA changes applicable to LCFF funding for county offices of education, as well as a 2.41% COLA.

- *Master Plan for Career Education/Student Support and Professional Development Discretionary Block Grant* – $100 million in one-time Proposition 98 funding to increase access to college and career pathways for high school students, including expanding access to dual enrollment and duel credit opportunities. $2.8 billion in one-time Proposition 98 funding for a discretionary block grant to implement statewide priorities including: professional development for teachers in English language arts and mathematics, teacher recruitment and retention, professional development related to transitional kindergarten and career pathways and dual enrollment expansion consistent with the Master Plan for Career Education. Additionally, $250 million in one-time Proposition 98 funding to continue teacher residency programs through fiscal year 2029-30.
- *Before School, After School and Summer School* – An additional $62.4 million in ongoing Proposition 98 funding to provide a guarantee of $1,800 per pupil for local educational agencies with less than 55 percent unduplicated pupils, bringing the total $4.7 billion in ongoing Proposition 98 funding for the Expanded Learning Opportunities Program.
- *Facilities* –$1.5 billion in one-time funds from bonds issued under Proposition 2 (2024) to support school construction projects in fiscal year 2026-27.
- *Learning Recovery Emergency Block Grant* – $757.3 million in one-time Proposition 98 funding to support the Learning Recovery Emergency Block Grant, which supports local educational agencies in establishing learning recovery initiatives through the 2027-28 school year.
- *Home-to-School Transportation* – $322 million in one-time and $239.2 million in ongoing Proposition 98 funding to reflect higher costs in the Home-to-School Transportation Program.
- *Kitchen Infrastructure and Training* – $100 million in one-time Proposition 98 funding for specialized kitchen equipment, infrastructure, and training to support schools in providing more freshly prepared meals made with locally grown ingredients.
- *Reading Difficulties Risk Screening* – $40 million in one-time Proposition 98 funding to support continued implementation of student reading difficulties screenings.
- *Los Angeles County Wildfire Recovery* – $22.9 million in one-time Proposition 98 funding to support local educational agencies that are continuing to recover from the January 2025 Los Angeles County wildfires.
- *Universal and Targeted Assistance* – An additional $13.3 million ongoing Proposition 98 funding, for a total of $131.9 million ongoing, for county offices of education to provide universal and targeted support to school districts and charter schools, including those eligible for differentiated assistance.
- *Financial Crisis and Management Assistance Team (FCMAT)* – $994,000 in additional ongoing Proposition 98 funding to support increased FCMAT workload.
- *Nutrition* – An ongoing decrease of $67.9 million in ongoing Proposition 98 funding to fully fund the Universal School Meals Program, reflecting a reduction in fiscal year 2025-26 estimates compared to the 2025-26 State Budget and an increase in meal reimbursement rates.
- *Local Property Tax Adjustments* – A decrease of $1.4 billion in fiscal year 2026-27 and $18 million in fiscal year 2025-26 in ongoing Proposition 98 funding for school districts and county offices of education.
- *Technology Initiatives* – $629,000 in additional ongoing Proposition 98 funding to support the K-12 High Speed Network program and $966,000 in additional ongoing Proposition 98 funding to support increased California School Information System costs.

Curriculum-Embedded Performance Tasks for Science – $890,000 in ongoing Proposition 98 funding to maintain performance task resources at the Los Angeles County Office of Education in support of inquiry-based science instruction.

Future Actions and Events. Neither the Borrower nor MERF can predict what additional actions will be taken in the future by the State legislature and the Governor to address changing State revenues and expenditures. Neither the Borrower nor MERF also can predict the impact such actions will have on State revenues available in the current or future years for education. The State budget will be affected by national and State economic conditions and other factors over which the Borrower and MERF will have no control. Certain actions or results could produce a significant shortfall of revenue and cash, and could consequently impair the State's ability to fund schools. State budget shortfalls in future fiscal years may also have an adverse financial impact on the financial condition of the Borrower and MERF.

Prohibitions on Diverting Local Revenues for State Purposes. Beginning in 1992-93, the State satisfied a portion of its Proposition 98 obligations by shifting part of the property tax revenues otherwise belonging to cities, counties, special districts, and redevelopment agencies, to school and college districts through a local Educational Revenue Augmentation Fund ("ERAF") in each county. Local agencies, objecting to invasions of their local revenues by the State, sponsored a statewide ballot initiative intended to eliminate the practice. In response, the State Legislature proposed an amendment to the State Constitution, which the State's voters approved as Proposition 1A at the November 2004 election. That measure was generally superseded by the passage of a new initiative constitutional amendment at the November 2010 election, known as "Proposition 22."

The effect of Proposition 22 is to prohibit the State, even during a period of severe fiscal hardship, from delaying the distribution of tax revenues for transportation, redevelopment, or local government projects and services. It prevents the State from redirecting redevelopment agency property tax increment to any other local government, including school districts, or from temporarily shifting property taxes from cities, counties and special districts to schools, as in the ERAF program. This is intended to, among other things, stabilize local government revenue sources by restricting the State's control over local property taxes. One effect of this amendment will be to deprive the State of fuel tax revenues to pay debt service on most State bonds for transportation projects, reducing the amount of State general fund resources available for other purposes, including education.

Prior to the passage of Proposition 22, the State invoked Proposition 1A to divert $1.935 billion in local property tax revenues in 2009-10 from cities, counties, and special districts to the State to offset State general fund spending for education and other programs, and included another diversion in the adopted 2009-10 State budget of $1.7 billion in local property tax revenues from local redevelopment agencies, which local redevelopment agencies have now been dissolved. Redevelopment agencies had sued the State over this latter diversion. However, the lawsuit was decided against the California Redevelopment Association on May 4, 2010. Because Proposition 22 reduces the State's authority to use or shift certain revenue sources, fees and taxes for State general fund purposes, the State will have to take other actions to balance its budget in some years – such as reducing State spending or increasing State taxes, and school and community college districts that receive Proposition 98 or other funding from the State will be more directly dependent upon the State's general fund.

Allocation of State Funding to Charter Schools

General Purpose Entitlement. Under the Charter School Law, each charter school is calculated to have a "general purpose entitlement," which has in the past been based on the statewide average amount of State aid, local property taxes and other revenue received by school districts of similar type and serving similar pupil populations. The general purpose entitlement is calculated on a per student basis at each of four grade level ranges (grades K-3, grades 4-5, grades 6-8, and grades 9-12) and is multiplied by the charter school's Average Daily Attendance ("ADA") in each grade level range.

Each charter school's general purpose entitlement is funded from local funding in lieu of property taxes and, to the extent such funding is insufficient to fulfill the entire entitlement, from money appropriated by the State from the State's general fund for education. The local share, which must be transferred in monthly installments to the charter school by the sponsoring local educational agency in lieu of property taxes, is the average amount of property taxes per ADA received by the district, including charter school students, multiplied by the charter school's ADA.

Local Control Funding Formula. State Assembly Bill 97 (Stats. 2013, Chapter 47) ("AB 97"), enacted as part of the 2013-14 State budget, established the current system for funding school districts, charter schools and county offices of education. Certain provisions of AB 97 were amended and clarified by Senate Bill 91 (Stats. 2013, Chapter 49) ("SB 91").

Funding. The primary component of AB 97, as amended by SB 91, was the implementation of the Local Control Funding Formula ("LCFF"), which replaced the revenue limit funding system for determining State apportionments, as well as the majority of State categorical program funding. State allocations are now provided on the basis of target base funding grants per unit of ADA (a "Base Grant") assigned to each of four grade spans (identical to the grade spans previously used for charter school funding). Each Base Grant is subject to certain adjustments and add-ons, as discussed below. Full implementation of the LCFF occurred over a period of eight fiscal years, concluding with the adoption of the State budget for fiscal year 2018-19. During the implementation period of the LCFF, an annual transition adjustment was calculated for each charter school, equal to such charter school's proportionate share of appropriations included in the State budget to close the gap between the prior-year funding level and the target allocation following full implementation of the LCFF. In each year, charter schools had the same proportion of their respective funding gaps closed, with dollar amounts varying depending on the size of the charter school's respective funding gap.

Base Grant. The Base Grants per unit of ADA for each grade span as of the first year of the LCFF's implementation, were as follows: (i) $6,845 for grades K-3; (ii) $6,947 for grades 4-6; (iii) $7,154 for grades 7-8; and (iv) $8,289 for grades 9-12. For fiscal year 2023-24, the Base Grants per unit of ADA are as follows: (i) $9,919 for grades K-3; (ii) $10,069 for grades 4-6; (iii) $10,367 for grades 7-8; and (iv) $9,329 for grades 9-12. During the implementation period of the LCFF, Base Grants were required to be adjusted annually for cost-of-living increases by applying the implicit price deflator for government goods and services. The provision of COLAs is now subject to appropriation for such adjustment in the annual State budget. The differences among Base Grants are linked to differentials in statewide average revenue limit rates by district type, and are intended to recognize the generally higher costs of education at higher grade levels.

The Base Grants for grades K-3 and 9-12 are subject to adjustments of 10.4% and 2.6%, respectively, to cover the costs of class size reduction in early grades and the provision of career technical education in high schools. The LCFF also provides additional add-ons to charter schools that received categorical block grant funding pursuant to the Targeted Instructional Improvement and Home-to-School Transportation programs during fiscal year 2012-13.

The State budget for fiscal year 2021-22 also implemented a plan to expand the LCFF to include Transitional Kindergarten ("TK") to all four-year olds. This plan is expected to phase in cohorts of TK students over a four-year period, concluding in fiscal year 2025-26. As a result, school districts and charter schools that serve TK students will be eligible to receive an add-on equal to $2,813, multiplied by second principal reporting period ADA for TK students for the current fiscal year. Beginning in fiscal year 2023-24, this add-on is subject to COLA adjustments to the same degree as LCFF Base Grants.

Supplemental Grant. Charter schools that serve students of limited English proficiency ("EL" students), students from low income families that are eligible for free or reduced priced meals ("LI" students) and foster youth are eligible to receive additional funding grants. Enrollment counts are unduplicated, such that students may not be counted as both EL and LI. Foster youth automatically meet the eligibility requirements for free or reduced priced meals, and are therefore not discussed herein separately. The LCFF authorizes a supplemental

grant add-on (each, a "Supplemental Grant") for charter schools that serve EL/LI students, equal to 20% of the applicable Base Grant multiplied by such charter schools' respective percentages of unduplicated EL/LI student enrollment.

Concentration Grant. Charter schools whose EL/LI populations exceed 55% of their total enrollment are eligible for a concentration grant add-on (each, a "Concentration Grant") equal to 50% of the applicable Base Grant multiplied by the percentage of such charter school's unduplicated EL/LI student enrollment in excess of the 55% threshold; provided that a charter school may not receive a Concentration Grant for a greater proportion of EL/LI than the highest percentage of any school district in which the charter school has a physical location.

For certain charter schools that would have received greater funding levels under the prior revenue limit system, the LCFF provides for a permanent economic recovery target ("ERT") add-on, equal to the difference between the general purpose funding such charter schools would have received under the prior system in fiscal year 2020-21, and the target LCFF allocations owed to such charter schools in the same year. To derive the projected funding levels, the LCFF assumes the discontinuance of deficit revenue limit funding, implementation of a 1.94% COLA in fiscal years 2014-15 through 2020-21, and restoration of categorical funding to pre-recession levels. The ERT add-on was paid incrementally over the eight-year LCFF implementation period.

The sum of a charter school's adjusted Base Grants, Supplemental Grants and Concentration Grants will be multiplied by the charter school's total current year ADA. This funding amount, together with any applicable ERT or categorical block grant add-ons, will yield a district's total LCFF allocation. Generally, the amount of annual State apportionments received by a school district or charter school will amount to the difference between such total LCFF allocation and such entity's share of applicable local property taxes. Most school districts and charter schools receive a significant portion of their funding from such State apportionments. As a result, decreases in State revenues may significantly affect appropriations made by the Legislature to school districts and charter schools.

Accountability. The SBE has adopted regulations regarding the expenditure of supplemental and concentration funding. These regulations include a requirement that school districts and charter schools increase or improve services for EL/LI students in proportion to the increase in funds apportioned to such districts/schools on the basis of the number and concentration of such EL/LI students, as well as the conditions under which school districts and charter schools can use supplemental or concentration funding on a school-wide or district-wide basis.

School districts and charter schools are also required to adopt local control and accountability plans ("LCAPs") disclosing annual goals for all students, as well as certain numerically significant student subgroups, to be achieved in eight areas of State priority. LCAPs may also specify additional local priorities. LCAPs must specify the actions to be taken to achieve each goal, including actions to correct identified deficiencies with regard to areas of State priority. Charter school LCAPs are required to be included in charter petitions and updated annually. School district and charter school LCAPs must be annually updated and posted on the district or charter school's website using a State-mandated standard reporting format.

Lottery Funding. Charter schools receive funding from the State Lottery Fund, which receives all proceeds from, among other sources, the sale of lottery tickets. Lottery funding is allocated to charter schools per unit of ADA. Lottery funds are distributed quarterly by the State Controller's Office. Funding is based on annual average ADA. Lottery funds are identified as either "Proposition 20" funds or "non-Proposition 20" funds. Proposition 20 lottery funds may only be used to purchase instructional materials. Non-Proposition 20 lottery funds are unrestricted, except that they may not be used for acquisition of property, construction of facilities, financing of research, or for other non-instructional purposes. Lottery funding is not included in the charter school categorical block grant. Lottery funding is approximately 2% of public school revenues and is estimated at $249 per unit of ADA for the 2023-24 fiscal year, of which approximately $177 is "non-Proposition 20" and $72 is "Proposition 20" funding.

Categorical Funding. Charter schools may apply for and receive categorical funds for many programs that are not included in general purpose entitlement funding, if otherwise eligible, but may not receive aid for programs exclusively or almost exclusively provided by a county office of education.

Charter School Facility Grant Program Funding. In fiscal year 2024-25, charter schools that meet certain criteria are eligible to receive additional funding per unit of ADA to reimburse an amount up to 75% of their annual facilities rent and lease costs from amounts appropriated under the annual Budget Act (as defined below) under the Charter School Facility Grant ("SB740") Program. This per-ADA amount may increase in future years based on cost of living adjustments. To be eligible for SB 740 benefits: (i) 55% or more of the charter school's students must be eligible for free or reduced priced meals; or (ii) the charter school must be located in the attendance area of a public elementary school in which 55% or more of students are eligible for free or reduced priced meals and the charter school must give a preference in admissions to students who are currently enrolled in that public elementary school and to students who reside in the elementary school attendance area where the charter school is located. See "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto.

SB 740 facilities funding may be used for costs associated with facilities rents and leases (consistent with the definitions used in the California School Accounting Manual) ("Facility Rents"), and for costs associated with remodeling buildings, deferred maintenance, initially installing or extending service systems and other built-in equipment, and improving sites (collectively, "Other Costs"). SB 740 facilities funding is not included in the charter school categorical block grant.

SB 740 funding is subject to the annual Budget Act. In the event insufficient moneys are appropriated to the program, the available moneys are first used to reimburse for Facility Rents (on a pro rata basis if moneys are insufficient), and any remaining moneys are apportioned to reimburse for Other Costs on a pro rata basis. In addition to the risk of underfunding, should there be any changes to the free and reduced-price meal eligibility data, the amount of grant moneys, which is awarded in three disbursements, may be adjusted or transfer of moneys back to the Authority may be required.

The SB 740 program is administered by the Authority. In prior years, the program has been "undersubscribed," meaning that awards were not limited by the level of appropriation. However, the program was "oversubscribed" in fiscal years 2017-18 through 2021-22, with awards being reduced on a pro-rata basis.

Effective beginning fiscal year 2017-18, reimbursable costs under the SB 740 program are limited to either of the following conditions: (i) reimbursable facility rent or lease costs do not exceed the prior year's costs on file with CSFA as of fiscal year 2016–17, subject to a cost-of-living adjustment; or (ii) the rent or lease costs of new facility agreements are at or below market rate based on an independent appraisal paid for by the charter school. See "CERTAIN RISK FACTORS – SB 740 Funding" herein.

Set forth in the following table are historical data regarding SB 740 funding and awards for fiscal years 2019-20 through 2024-25.

(1) Figures are current estimates as of March 3, 2026, and subject to change.

(2) Moneys annually appropriated by the State Legislature toward SB 740 grant awards. For 2022-23 and 2023-24 only, an additional amount of $30 million was provided for the reimbursement of other facility related costs.

(3) In fiscal years 2019-20, 2020-21, and 2021-22, CSFA funded lease costs at 97.47%, 92.61%, and 98.89%, respectively, and therefore was unable to fund other costs. The SB740 program was not oversubscribed in fiscal year 2022-23. See "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto.

(5) Total ADA from all schools awarded in each fiscal year.

(6) Equal to the "Amount Awarded" divided by the "Total ADA." The Average Award Per ADA is lower than the Maximum Award Allowed Per ADA because a significant number of schools do not qualify for the maximum amount allowed; instead they are capped at 75% of actual rent. For 2024-25, figures are current estimates because SB 740 applications are still being received and final awards are being calculated.

(7) SB 740 Program grant awards are calculated at the lesser of: (a) 75% of actual costs paid or (b) maximum award allowed per ADA by State law. Lease costs are capped by the lower of: (a) fair market value determined independent appraisal or (b) a cost-of-living adjustment increase based on the prior year's eligible lease costs. Pursuant to a change in State law passed by the Legislature in June 2017, the maximum award allowed by State law was increased from $750 per ADA to $1,117 per ADA, subject to cost-of-living adjustments. The maximum award for fiscal year 2024-25 was $1,436.

(8) Total ADA for fiscal year 2024-25 is provided through the California Department of Education's Certified 2024-25 Second Principal Apportionment Attendance Data.

CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING EDUCATION REVENUES AND APPROPRIATIONS

Limitations on Revenues

Article XIIIA of the California Constitution. Article XIIIA of the State Constitution, adopted and known as Proposition 13, was approved by the voters in June 1978. Section 1(a) of Article XIIIA limits the maximum ad valorem tax on real property to one percent of "full cash value," and provides that such tax will be collected by the counties and apportioned according to State law. Section 1(b) of Article XIIIA provides that the one-percent limitation does not apply to ad valorem taxes levied to pay interest and redemption charges on: (i) indebtedness approved by the voters prior to July 1, 1978, or (ii) bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978, by two-thirds of the votes cast on the proposition, or (iii) bonded indebtedness incurred by a school district or community college district for the construction, reconstruction, rehabilitation or replacement of school facilities or the acquisition or lease of real property for school facilities, approved by 55% of the voters of the district voting on the ballot proposition, but only if certain accountability measures are included in the bond proposition. Charter schools may not conduct bond elections or issue bonds payable from property taxes, but may benefit from the proceeds of bonds issued by the school district in which the charter school is located.

Section 2 of Article XIIIA defines "full cash value" to mean the county assessor's valuation of real property as shown on the Fiscal Year 1975-76 tax bill, or, thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred. The full cash value may be adjusted annually to reflect inflation at a rate not to exceed 2% per year, or to reflect a reduction in the consumer price index or comparable data for the area under taxing jurisdiction, or may be reduced in the event of declining property value caused by substantial damage, destruction or other factors. The Revenue and Taxation Code permits county assessors who have reduced the assessed valuation of a property as a result of natural disasters, economic downturns or other factors, to subsequently "recapture" such value (up to the pre decline value of the property) at an annual rate higher than 2%, depending on the assessor's measure of the restored value of the damaged property. The California courts have upheld the constitutionality of this procedure. Legislation enacted by the State Legislature to implement Article XIIIA provides that, notwithstanding any other law, local agencies may not levy any *ad valorem* property tax except the 1% base tax levied by each County and taxes to pay debt service on indebtedness approved by the voters as described above.

Since its adoption, Article XIIIA has been amended a number of times. These amendments have created a number of exceptions to the requirement that property be reassessed when purchased, newly constructed or a change in ownership has occurred. These exceptions include certain transfers of real property between family members, certain purchases of replacement dwellings for persons over age 55 and by property owners whose original property has been destroyed in a declared disaster, and certain improvements to accommodate disabled persons and for seismic upgrades to property. These amendments have resulted in marginal reductions in the property tax revenues of local school districts.

Both the California State Supreme Court and the United States Supreme Court have upheld the validity of Article XIIIA.

Section 51 of the Revenue and Taxation Code permits county assessors who have reduced the assessed valuation of a property as a result of natural disasters, economic downturns or other factors, to subsequently "recapture" such value (up to the pre decline value of the property) at an annual rate higher than 2%, depending on the assessor's measure of the restoration of value of the damaged property. The constitutionality of this procedure was challenged in a lawsuit brought in 2001 in the Orange County Superior Court and in similar

lawsuits brought in other counties, on the basis that the decrease in assessed value creates a new "base year value" for purposes of Proposition 13 and that subsequent increases in the assessed value of a property by more than 2% in a single year violate Article XIIIA. On appeal, the California Court of Appeal upheld the recapture practice in 2004, and the State Supreme Court declined to review the ruling, leaving the recapture law in place. Charter schools are not directly dependent on local property taxes. To the extent local property taxes fund the general purpose entitlement, losses in local property tax income are required to be made up by the State.

Proposition 30

On November 6, 2012, voters of the State of California approved the Temporary Taxes to Fund Education, Guaranteed Local Public Safety Funding, Initiative Constitutional Amendment (also known as "Proposition 30"), which temporarily increases the State Sales and Use Tax and personal income tax rates on higher incomes. Proposition 30 temporarily imposes an additional tax on all retailers, at the rate of 0.25% of gross receipts from the sale of all tangible personal property sold in the State from January 1, 2013 to December 31, 2016. Proposition 30 also imposes an additional excise tax on the storage, use, or other consumption in the State of tangible personal property purchased from a retailer on and after January 1, 2013 and before January 1, 2017, for storage, use, or other consumption in the State. This excise tax will be levied at a rate of 0.25% of the sales price of the property so purchased. For personal income taxes imposed beginning in the taxable year commencing January 1, 2012 and ending December 31, 2018, Proposition 30 increases the marginal personal income tax rate by: (i) 1% for taxable income over $250,000 but not over $300,000 for single filers (over $340,000 but not over $408,000 for joint filers), (ii) 2% for taxable income over $300,000 but not over $500,000 for single filers (over $408,000 but not over $680,000 for joint filers), and (iii) 3% for taxable income over $500,000 for single filers (over $680,000 for joint filers). The California Children's Education and Health Care Protection Act of 2016, also known as Proposition 55, is a constitutional amendment approved by the voters of the State on November 8, 2016. Proposition 55 extends through 2030 the increases to personal income tax rates for high-income taxpayers that were approved as part of Proposition 30. Proposition 55 did not extend the sales tax rate increase enacted under Proposition 30.

The revenues generated from the temporary tax increases will be included in the calculation of the Proposition 98 minimum funding guarantee for school districts and community college districts. From an accounting perspective, the revenues generated from the temporary tax increases will be deposited into the State account created pursuant to Proposition 30 called the Education Protection Account (the "EPA"). Pursuant to Proposition 30, funds in the EPA will be allocated quarterly, with 89% of such funds provided to schools districts and 11% provided to community college districts. The funds will be distributed to school districts and community college districts in the same manner as existing unrestricted per-student funding, except that no school district will receive less than $200 per unit of ADA and no community college district will receive less than $100 per full time equivalent student. The governing board of each school district and community college district is granted sole authority to determine how the moneys received from the EPA are spent, provided that, the appropriate governing board is required to make these spending determinations in open session at a public meeting and such local governing boards are prohibited from using any funds from the EPA for salaries or benefits of administrators or any other administrative costs.

Proposition 2

On November 4, 2014, voters approved the Rainy Day Budget Stabilization Fund Act (also known as "Proposition 2"). Proposition 2 is a legislatively-referred constitutional amendment which makes certain changes to State budgeting practices, including substantially revising the conditions under which transfers are made to and from the State's Budget Stabilization Account (the "BSA") established by the California Balanced Budget Act of 2004 (also known as Proposition 58).

Under Proposition 2, and beginning in fiscal year 2015-16 and each fiscal year thereafter, the State will generally be required to annually transfer to the BSA an amount equal to 1.5% of estimated State general fund revenues (the "Annual BSA Transfer"). Supplemental transfers to the BSA (a "Supplemental BSA Transfer")

are also required in any fiscal year in which the estimated State general fund revenues that are allocable to capital gains taxes exceed 8% of the total estimated general fund tax revenues. Such excess capital gains taxes—net of any portion thereof owed to K-14 school districts pursuant to Proposition 98—will be transferred to the BSA. Proposition 2 also increases the maximum size of the BSA to an amount equal to 10% of estimated State general fund revenues for any given fiscal year. In any fiscal year in which a required transfer to the BSA would result in an amount in excess of the 10% threshold, Proposition 2 requires such excess to be expended on State infrastructure, including deferred maintenance.

For the first 15-year period ending with the 2029-30 fiscal year, Proposition 2 provides that half of any required transfer to the BSA, either annual or supplemental, must be appropriated to reduce certain State liabilities, including making certain payments owed to K-14 school districts, repaying State interfund borrowing, reimbursing local governments for State mandated services, and reducing or prefunding accrued liabilities associated with State-level pension and retirement benefits. Following the initial 15-year period, the Governor and the State Legislature are given discretion to apply up to half of any required transfer to the BSA to the reduction of such State liabilities. Any amount not applied towards such reduction must be transferred to the BSA or applied to infrastructure, as described above.

Proposition 2 changes the conditions under which the Governor and the State Legislature may draw upon or reduce transfers to the BSA. The Governor does not retain unilateral discretion to suspend transfers to the BSA, nor does the State Legislature retain discretion to transfer funds from the BSA for any reason, as previously provided by law. Rather, the Governor must declare a "budget emergency," defined as an emergency within the meaning of Article XIIIB of the Constitution or a determination that estimated resources are inadequate to fund State general fund expenditures, for the current or ensuing fiscal year, at a level equal to the highest level of State spending within the three immediately preceding fiscal years. Any such declaration must be followed by a legislative bill providing for a reduction or transfer. Draws on the BSA are limited to the amount necessary to address the budget emergency, and no draw in any fiscal year may exceed 50% of the funds on deposit in the BSA unless a budget emergency was declared in the preceding fiscal year.

Proposition 2 also requires the creation of the Public School System Stabilization Account (the "PSSSA") into which transfers will be made in any fiscal year in which a Supplemental BSA Transfer is required (as described above). Such transfer will be equal to the portion of capital gains taxes above the 8% threshold that would otherwise be paid to K-14 school districts as part of the Minimum Funding Guarantee. A transfer to the PSSSA will only be made if certain additional conditions are met, as follows: (i) the Minimum Funding Guarantee was not suspended in the immediately preceding fiscal year, (ii) the operative Proposition 98 formula for the fiscal year in which a PSSSA transfer might be made is "Test 1," (iii) no maintenance factor obligation is being created in the budgetary legislation for the fiscal year in which a PSSSA transfer might be made, (iv) all prior maintenance factor obligations have been fully repaid, and (v) the Minimum Funding Guarantee for the fiscal year in which a PSSSA transfer might be made is higher than the immediately preceding fiscal year, as adjusted for ADA growth and cost of living. Proposition 2 caps the size of the PSSSA at 10% of the estimated minimum guarantee in any fiscal year, and any excess funds must be paid to K-14 school districts. Reductions to any required transfer to the PSSSA, or draws on the PSSSA, are subject to the same budget emergency requirements described above. However, Proposition 2 also mandates draws on the PSSSA in any fiscal year in which the estimated Minimum Funding Guarantee is less than the prior year's funding level, as adjusted for ADA growth and cost of living.

2024 State School Facilities Bond

The Kindergarten Through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair and Safety Bond Act of 2024 (referred to herein as the "2024 State School Facilities Bond" was a ballot measure that was approved by State voters on November 5, 2024. The 2024 State School Facilities Bond authorizes the sale and issuance of $10 billion in State general obligation bonds for the repair, upgrade and construction of facilities at K-12 public schools, community colleges and career technical education programs, including the development of health and safety conditions.

K-12 School Facilities. The 2024 State School Facilities Bond includes $3.3 billion for the new construction of K-12 facilities and an additional $4 billion for the modernization of existing K-12 facilities. Up to $10 million of the allocation for new constructions will be reserved for small school districts with an enrollment of fewer than 2,501 students. Of the $4 billion assigned for modernization of existing K-12 facilities, up to $115 million will be allocated for the repairment of lead in water at school facilities. Generally, K-12 school districts will be required to pay for 50% of the new construction costs and 40% of the modernization costs with local revenues. However, some districts that have lower assessed property values and meet certain other socio-economic criteria will be required to pay as low as 45% and 35% of new construction costs and modernization costs, respectively. In addition, a total of $1.2 billion will be available for the modernization and new construction of charter school facilities ($600 million) and technical education facilities ($600 million). The State will award funds to technical education and charter school through an application process, and charter schools must be deemed financially sound before project approval.

Community College Facilities. The 2024 State School Facilities Bond includes $1.5 billion for community college district facility projects, including buying land, constructing new buildings, modernizing existing buildings, and purchasing equipment. The table below shows the expected use of bond funds under the 2024 State School Facilities Bond:

2024 STATE SCHOOL FACILITIES BOND
Use of Bond Funds
(In Millions)

K-12 Public School Facilities	
New construction	$3,300
Modernization	4,000
Career technical education facilities	600
Charter school facilities	600
Subtotal	$8,500
Community College Facilities	$1,500
Total	$10,000

Neither the Borrower nor the Lessee makes any representation or guarantees that they will either pursue or qualify for facilities funding under the 2024 State School Facilities Bond program.

Future Initiatives

Articles XIIIA, Proposition 98 and Proposition 30 were each adopted as measures that qualified for the ballot pursuant to the State's initiative process. From time to time, other initiative measures could be adopted, further affecting State and local revenues for education, and the ability or obligation of these government agencies to expend revenues for charter school purposes.

CERTAIN RISK FACTORS

Investment in the Bonds involves substantial risks. The following information should be considered by prospective investors in evaluating the Bonds. However, the following does not purport to be an exclusive listing of risks and other considerations which may be relevant to investing in the Bonds, and the order in which the following information is presented is not intended to reflect the relative importance of any such risks. Certain factors which could result in a reduction of revenues available to the Obligated Group and a corresponding reduction in payments made to the Authority are discussed herein.

A number of factors could have an adverse impact on the ability of MERF to generate revenues needed to meet its obligations under the Series 2025 Leases and the School Loan Agreements, which could, in turn, have

an adverse effect on the ability of the Borrower and the Members of the Obligated Group to generate sufficient revenues to meet their respective obligations to make payments due under the Loan Agreement and Obligation No. 3. The ability of MERF to generate sufficient revenues to make payments under the Series 2025 Leases and the School Loan Agreements is dependent upon a number of elements, including State budget pressures, demand for charter schools, the ability of the Magnolia Schools to provide the educational services and classes demanded by parents or to attract students generally, changes in the level of confidence in the public school system in general or public charter schools in particular, competition, faculty recruitment, demographic changes, legislation, governmental regulations, changes in immigration policy, litigation and the Schools' ability to achieve enrollment and fundraising levels. This, in turn, is affected by numerous circumstances both within and outside the control of the Obligated Group and MERF, including a continuation of favorable governmental policies and programs with respect to public charter schools (see "CHARTER SCHOOLS" herein); the competitive appeal and perceived quality of the Magnolia Schools' curriculum; the ability and energy of the Magnolia Schools' respective faculties and administration; and the benevolence of the Magnolia Schools' supporters. There can be no assurance given that revenues of the Obligated Group or the revenues of MERF will not decrease. Any and all financial projections are only good faith estimates and are not intended as a representation or warranty as to the future financial condition of the members of the Obligated Group or MERF.

See "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP," and "APPENDIX B – CONSOLIDATED AUDITED FINANCIAL STATEMENTS OF MERF AND AFFILIATES FOR THE FISCAL YEAR ENDED JUNE 30, 2025" attached hereto.

Sufficiency of Revenues

The Bonds are payable primarily from Payments which are derived from payments received under the Loan Agreement and Obligation No. 3.

The Borrower's primary expected source of the revenues for payment of its obligations under the Loan Agreement will be the School Loan Repayments that MPM Santa Ana receives from MERF pursuant to the MSA-5 School Loan Agreement. In addition, Obligation No. 3 is secured by a pledge of the Gross Revenues of the Members of the Obligated Group, which consist of Lease Payments under the Series 2025 Leases and School Loan Repayments under the School Loan Agreements. Based on present circumstances, including the successful operating history of the Magnolia Schools, MERF believes it will generate a sufficient amount of such revenues to meet its payment obligations under the Series 2025 Leases and the School Loan Agreements representing the source of payment by the Borrower and the Members of the Obligated of debt service on the Bonds. However, any of the Magnolia Schools' charters may be terminated or not extended or renewed, or the basis of the assumptions utilized by MERF and the Borrower to formulate such beliefs may otherwise change. No representation or assurance can be made that the members of the Obligated Group generate or will continue to generate sufficient revenues to meet their obligations under the Loan Agreement and Obligation No. 3 with respect to the Bonds.

Moreover, although in addition to the property subject to the Series 2025 Leases, the Borrower and its affiliates own and lease other facilities through its affiliates to other charter schools, the obligations represented by the Loan Agreement and Obligation No. 3 are not secured generally by such properties of the Borrower's affiliates.

THE BONDS ARE NOT AND SHALL NOT BE DEEMED TO CONSTITUTE A DEBT OR LIABILITY OF THE STATE OR OF ANY POLITICAL SUBDIVISION THEREOF, OTHER THAN THE AUTHORITY, AND ARE NOT AND SHALL NOT BE DEEMED TO BE A PLEDGE OF THE FAITH AND CREDIT OF THE STATE, OR OF ANY POLITICAL SUBDIVISION THEREOF, BUT SHALL BE PAYABLE SOLELY FROM THE FUNDS PROVIDED THEREFOR UNDER THE BOND INDENTURE. NEITHER THE STATE NOR THE AUTHORITY SHALL BE OBLIGATED TO PAY THE PRINCIPAL OF THE BONDS, OR THE REDEMPTION PREMIUM, IF ANY, OR INTEREST THEREON, EXCEPT FROM

THE FUNDS PROVIDED THEREFOR UNDER THE BOND INDENTURE. THE ISSUANCE OF THE BONDS SHALL NOT DIRECTLY, INDIRECTLY OR CONTINGENTLY OBLIGATE THE STATE OR ANY POLITICAL SUBDIVISION THEREOF TO LEVY OR TO PLEDGE ANY FORM OF TAXATION OR TO MAKE ANY APPROPRIATION FOR THEIR PAYMENT. THE AUTHORITY HAS NO TAXING POWER. NOTHING IN THE BOND INDENTURE, THE ACT OR OTHERWISE IS AN UNDERTAKING BY THE AUTHORITY OR THE STATE OR ANY POLITICAL SUBDIVISION THEREOF TO FUND THE TRANSFERS DESCRIBED IN THE INTERCEPT NOTICE OR TO MAKE FUNDS AVAILABLE TO THE SERIES 2026 SCHOOLS IN ANY AMOUNT OR AT ANY TIME.

Outbreak of Disease; Coronavirus

An outbreak of disease or similar public health threat, such as the coronavirus ("COVID-19") pandemic, or fear of such an event, could have an adverse impact on the financial condition and operating results of MERF and the Borrower.

The spread of COVID-19 had significant negative impacts throughout the world. The World Health Organization declared the COVID-19 outbreak to be a pandemic, and states of emergency were declared by the State and the United States. The purpose behind these declarations was to coordinate and formalize emergency actions and across federal, State and local governmental agencies, and to proactively prepare for the then-expected wider spread of the virus. Although the states of emergency declared by the State and the United States were subsequently ended, those declarations and actions taken in conjunction therewith had serious economic and financial consequences for businesses, public schools, and other institutions. No assurance can be made that future pandemics or outbreaks of disease will not have similar adverse effects on MERF or the Borrower.

Operating History; Reliance on Projections

See Appendix A for information regarding projected enrollment of each of the Magnolia Schools. No assurance is given that such projections will be met, or that the number of students attending the Magnolia Schools may not diminish in the future. The projections of revenues and expenses contained in Appendix A are based upon the number of students projected to be enrolled at the Series 2026 Schools and the other Magnolia Schools and were prepared by MERF for the Borrower and have not been independently verified by any party other than MERF.

No feasibility studies have been conducted with respect to operations of the Facilities pertinent to the Bonds. The projections are "forward-looking statements" and are subject to the general qualifications and limitations described herein. The Underwriter has not independently verified the Borrower's projections set forth in Appendix A or otherwise, and makes no representations nor gives any assurances that such projections, or the assumptions underlying them, are complete or correct. Further, the projections relate only to a limited number of fiscal years, and consequently do not cover the entire period that the Bonds will be outstanding.

THE LESSEE PREPARED THE PROJECTIONS BASED ON ASSUMPTIONS ABOUT FUTURE STATE FUNDING LEVELS AND FUTURE OPERATIONS OF ITS SCHOOLS, INCLUDING STUDENT ENROLLMENT AND EXPENSES. THERE CAN BE NO ASSURANCE THAT ACTUAL ENROLLMENT REVENUES AND EXPENSES WILL BE CONSISTENT WITH THE ASSUMPTIONS UNDERLYING SUCH PROJECTIONS. MOREOVER, NO GUARANTEE CAN BE MADE THAT THE PROJECTIONS OF REVENUES AND EXPENSES INCLUDED HEREIN WILL CORRESPOND WITH THE RESULTS ACTUALLY ACHIEVED IN THE FUTURE BECAUSE THERE CAN BE NO ASSURANCE THAT ACTUAL EVENTS WILL CORRESPOND WITH THE PROJECTIONS' UNDERLYING ASSUMPTIONS. ACTUAL OPERATING RESULTS MAY BE AFFECTED BY MANY FACTORS, INCLUDING, BUT NOT LIMITED TO, INCREASED COSTS, LOWER THAN ANTICIPATED REVENUES (AS A RESULT OF INSUFFICIENT ENROLLMENT, REDUCED STATE OR FEDERAL AID PAYMENTS, OR OTHERWISE), EMPLOYEE RELATIONS, CHANGES IN TAXES, CHANGES IN APPLICABLE GOVERNMENT REGULATIONS, CHANGES IN DEMOGRAPHIC TRENDS, CHANGES IN EDUCATION COMPETITION AND CHANGES IN LOCAL OR GENERAL ECONOMIC CONDITIONS. REFER TO APPENDIX A,

ATTACHED HERETO, TO REVIEW THE PROJECTIONS, THEIR UNDERLYING ASSUMPTIONS, AND THE OTHER FACTORS THAT COULD CAUSE ACTUAL RESULTS TO DIFFER SIGNIFICANTLY FROM PROJECTED RESULTS. REFER TO "INTRODUCTION" ABOVE, FOR QUALIFICATION AND LIMITATIONS APPLICABLE TO FORWARD-LOOKING STATEMENTS.

Dependence on State Aid Payments that are Subject to Annual Appropriation and Political Factors

California charter schools such as the Lessee's Schools may not charge tuition and have no taxing authority. The primary source of revenue generated by charter schools is aid provided by the State for all public schools. The amount of State aid received with respect to any individual school is based on a variety of factors. The amount of aid available in any year to pay the per pupil allowance is subject to appropriation by the California Legislature. The Legislature bases its decisions about appropriations on many factors, including the State's economic performance. Moreover, because some public officials, their constituents, commentators and others have viewed charter schools as controversial, political factors may also come to bear on charter school funding. As a result, the Legislature may not appropriate funds, or may not appropriate funds in a sufficient amount, for the Schools to generate sufficient revenue to allow the Lessee to meet its obligations under the Series 2025 Leases and the School Loan Agreements representing debt service payments on the Bonds. No liability would accrue to the State in such event, and the State would not be obligated or liable for any future payments or any damages. If the State were to withhold State aid payments for any reason, even for a reason that is ultimately determined to be invalid or unlawful, any of the Lessee's Schools could be forced to cease operations.

Possible Offsets to State Apportionment

Section 41344 of the Education Code provides that if an audit or review requires any of the Lessee's Schools to repay prior year apportionments because of significant audit exceptions, including penalty payments ("Audit Exceptions"), the Superintendent of Public Instruction (the "Superintendent") and the Director of the Department of Finance (the "Director"), or their designees, will jointly establish a plan for the annual repayment of Audit Exceptions (the "Audit Repayment Plan"), which under certain circumstances can extend for a period of up to eight equal annual payments. The State Controller withholds from the State School Fund the amounts specified in the Audit Repayment Plan. If the Superintendent and the Director do not establish an Audit Repayment Plan, the State Controller withholds the entire amount of the Audit Exceptions from the next apportionment.

Included in the principal apportionment is the general-purpose entitlement for charter schools, which are the "funds subject to intercept" pursuant to Section 17199.4 of the Education Code ("Section 17199.4"). Specifically, the funds subject to intercept are funds apportioned for purposes of the charter school block grant or the local control funding formula (as described in Section 17199.4) with respect to the Lessee's Schools.

Because the apportionments are the sum of multiple program entitlement calculations as well as prior adjustments, the amount available may be more or less than the calculated amount of funds subject to intercept. The amount available for intercept is therefore the lesser of periodic calculated funds subject to intercept and the amount of cash provided to the Lessee with respect to the Schools by the State.

The State Controller may reduce the funding available in the payment schedules for these apportionments to offset for funds owing to the State. These offsets include, but are not limited to, the following: Charter School Revolving Loan (Education Code Section 41365), Class Size Reduction (Education Code Section 52124); Audit Repayment (Education Code Sections 41341, 41344); and Accounts Receivable (Government Code Section 12419.5), in addition to other possible authorized or required offsets, or additional offsets not yet authorized by legislation. None of the foregoing offsets is currently applicable to the Lessee's Schools.

Charter School Facilities Program Intercepts

As noted above, the Intercepts for MSA-SD, MSA-SA, and MSA-5 are effectively subordinate to the CSFP Intercepts (as defined below) previously implemented with respect to MSA-SD and MSA-SA, to be implemented with respect to MSA-5, and related to the State's Charter School Facilities Program.

MSA-SA. In May 2015, the State Allocation Board approved funding for the project located at MSA-SA in the amount of $17,413,956. Facilities funded pursuant to the Charter School Facilities Program are required to have a 50% Local Matching Share for site acquisition and new construction and the State funds in an amount not to exceed 50% of the total project cost. In connection with the project at the MSA-SA Facilities, the State allocated $8,706,978 in the form of a grant through Proposition 1D. In lieu of a lump sum Local Matching Share, MERF entered into the MSA-SA CSFP Loan on behalf of MSA-SA.

As security for the MSA-SA CSFP Loan and as a condition to establish MERF's financial soundness, MERF, on behalf of MSA-SA, agreed to cause funds necessary for the loan payments under the MSA-SA CSFP Loan to be funds subject to intercept under Section 17199.4 of the Education Code (a "CSFP Intercept"). Funds subject to the CSFP Intercept for MSA-SA by the Controller are limited to funding apportioned to MERF for purposes of the charter school block grant or the Local Control Funding Formula pursuant to the Education Code. The CSFP Intercept for MSA-SA preceded the Intercept approved for the Series 2026 Schools.

MSA-SD. The State Allocation Board also previously approved funding for an earlier proposed facility to house MSA-SD. The Lessee received an advance apportionment for design and planning purposes, but the project was abandoned in 2016 after SDUSD offered the Lessee the use of the current site of the MSA-SD Facilities. The Lessee is in the process of repaying the State for the advance apportionment through a CSFP Intercept. The total amount outstanding $93,848, which is being repaid over a thirty year term, ending November 1, 2052.

MSA-5. In addition, a CSFP Intercept with respect to MSA-5 will be established for repayment of the CSFP loan for MSA-5. See " – Additional Indebtedness and Additional School Indebtedness" below.

To the extent funds are due with respect to the CSFP Intercept for MSA-5 and the Intercept for the Bonds at or about the same time, MERF expects that the CSFP Intercept for MSA-5 will precede the application of the Intercept in connection with the Bonds.

See also, "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP – OPERATING AND FINANCIAL INFORMATION – Outstanding Debt."

Default Under a Series 2025 Lease; No Assurance Regarding Subsequent Tenant

If the Lessee defaults under a Series 2025 Lease, the Members of the Obligated Group may not have sufficient funds to satisfy their obligations under the Loan Agreement and Obligation No. 3, absent re-leasing – or in appropriate cases, selling – the applicable Facility. Were the Lessee to default under a Series 2025 Lease, there is no assurance that the applicable Member would be able to find a new tenant for the applicable Facility which could generate revenues in a sufficient amount to allow the Borrower and members of the Obligated Group to make payments under the Loan Agreement and Obligation No. 3 to satisfy debt service on the Bonds or a buyer that would purchase such Facility for a sufficient amount to allow the Borrower to repay principal and interest with respect to the Loan. This risk is heightened by the fact that each of the Facilities has been improved specifically for use as a charter school campus and may be legally restricted to that use.

Survival of Leases after a Bond Default and Foreclosure

The Borrower, MPM Sherman Way, the Lessee, and the Master Trustee entered into a Subordination, Non-Disturbance and Attornment Agreement in connection with the MSA-1 Lease (the "SNDA"). The SNDA addresses the priority of the rights between the Lessee and the Master Trustee. The SNDA provided that the Lessee's rights under the MSA-1 Lease to the use, possession and enjoyment of the applicable MSA-1 Facilities will not be disturbed by the Master Trustee so long as no event of default exists under the MSA-1 Lease. The non-disturbance portion assures the Lessee that its rights to the MSA-1 Facilities will be preserved ("nondisturbed") on specified conditions within control of the Lessee if the Borrower defaults on its Loan with the Authority and the Master Trustee forecloses on the MSA-1 Facilities. The attornment component of the SNDA provides that the Lessee will continue its obligations under the MSA-1 Lease if a new landlord takes over such Lease.

Additional Indebtedness and Additional School Indebtedness

The Master Indenture permits the issuance of Additional Indebtedness on a parity basis with Obligation No. 3 if certain conditions are met. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – The Master Indenture – Limitations on Additional Indebtedness" herein. The Borrower expects to acquire, construct and equip additional charter schools in the future. If it does, or for certain other expenses, it may issue Additional Indebtedness which may or may not be on a parity basis with Obligation No. 1 and Obligation No. 3 and may or may not be issued through the Master Indenture. If secured on a parity basis, any such parity indebtedness would be entitled to share ratably with the holders of the Bonds and any other holder of parity debt in any moneys realized from the exercise of remedies in the event of a default by the Borrower to the extent provided in the Bond Documents. The amount of any such Additional Indebtedness is undetermined at this time. The issuance of Additional Indebtedness may adversely affect the investment security of the Bonds.

Under the Leases and School Loan Agreements, the Lessee may also issue additional indebtedness, subject to certain conditions and limitations. See "THE LEASES AND SCHOOL LOAN AGREEMENTS – Certain Related Covenants – Financial Covenants – Limitation on Liens on Program Revenues" and " – Limitations on Obligated Group Program Indebtedness" herein. The issuance of such additional Lessee indebtedness may adversely affect the investment security of the Bonds.

Grant Anticipation Notes and Related Obligations. On April 17, 2025, the Authority issued its Grant Anticipation Notes, in a principal amount not to exceed $29,500,000 pursuant to that certain Indenture, dated as of April 1, 2025, by and between the Authority and the Notes Trustee. See "INTRODUCTION – Grant Anticipation Note Financing" herein. The proceeds of the sale of the Grant Anticipation Notes were loaned to the Borrower pursuant to the Note Loan Agreement. In turn, the Borrower loaned such proceeds of the Grant Anticipation Notes to the Lessee pursuant to the Grant Anticipation Note Loan Agreement, in order to finance a portion of the costs of construction of the MSA-5 Facility. The obligations of the Lessee under the Grant Anticipation Note Loan Agreement are not a general obligation of the Lessee; rather, such obligations are payable only from the proceeds of an award pursuant to the State's Charter School Facility Program.

The State Allocation Board approved a preliminary apportionment for the Lessee in the amount of $50,832,322 (the "Preliminary Apportionment") from the State's Charter School Facility Program, for the purpose of financing a portion of the acquisition and construction of the MSA-5 Facility. Pursuant to the Charter School Facility Program, when and if received by the Lessee, 50% of the amounts of such Preliminary Apportionment will consist of a grant to the Lessee, while the remaining 50% of such amounts will consist of a loan (the "MSA-5 CSFP Loan") to the Lessee that will be repaid through an intercept of apportionment made by the State Controller. The MSA-5 CSFP Loan will constitute additional indebtedness of the Lessee.

Upon satisfaction of the applicable requirements of the Charter School Facility Program, the Lessee expects to receive the CSFP Award. The CSFP Award is expected to be wired directly to the Notes Trustee on behalf of the Lessee, and a portion of such award will be used to pay the obligations of the Lessee under the

Grant Anticipation Note Loan Agreement, before any remaining amount of the CSFP Award is made available for payment of costs related to the MSA-5 Facility. See "APPENDIX E – CHARTER SCHOOL FACILITIES PROGRAM AND AWARD FUNDING."

Addition and Removal of Members

The Master Indenture permits the addition of Members under the Obligated Group, but it also permits the removal of Members, subject to certain conditions and limitations. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – The Master Indenture – Withdrawal from Obligated Group" herein. Any such withdrawal of Members from the Obligated Group may decrease the revenues available for payment of debt service on the Bonds and may adversely affect the investment security of the Bonds.

No Fee Interest in Certain Facilities

While MPM Sherman Way holds a fee interest in the land and improvements constituting the MSA-1 Facilities, MPM San Diego holds no interest in the land that is the site of the MSA-SD Facilities.

The MSA-SD Ground Use License is coterminous with the MSA-SD charter term. MSA-SD Ground Use License provides that it automatically and immediately terminates upon the effective date of any termination or revocation of the MSA-SD Charter. Although MPM San Diego has granted the Master Trustee a security interest in the modular buildings that constitute the MSA-SD Facilities, such modular buildings would have to be relocated in the event of a termination of the MSA-SD Ground Use License.

Under the Series 2025 Mortgage, MPM Sherman Way's interest in the MSA-1 Facilities secures its obligations under the Master Indenture. But, no such mortgage or deed of trust secures the obligations of MSA-SD or MSA-SA under the Master Indenture. Moreover, no Member of the Obligated Group will hold any interest in the MSA-SA Facilities or the MSA-5 Facility.

State Lien and Restrictive Covenants, Conditions and Restrictions on MSA-SA Facilities and MSA-5 Facility. Pursuant to the requirements of the CSFP Program, the Lessee's interest in each of the MSA-SA Facilities and the MSA-5 Facility is subject to (i) a recorded lien in favor of the State reflecting that each of such Facilities are held in trust by the Lessee for the benefit of the State public school system, and (ii) a recorded restrictive covenant providing as follows:

1. The applicable Facilities and any facilities constructed, rehabilitated, or retrofitted at the such Facilities using funds allocated pursuant to the CSFP Program shall be used only for public school purposes as authorized in the California Constitution and statute;

2. In the event the applicable Facilities are no longer needed for charter school purposes, title to such Facilities shall vest in the school district in which the property is physically located, which the school district shall hold in trust for benefit of the State public school system. The remainder interest provided in the restrictive covenant shall be triggered when the applicable Facilities are no longer needed for charter school purposes and shall then be subject to paragraphs (2) to (6) , inclusive, of subdivision (b) of Section 17078.62 of the Education Code;

3. In the event the applicable school district disclaims its interest in the Facilities, title shall vest in the State;

4. A successor charter school, qualified pursuant to Section 17078.62(b)(2) of the Education Code (the "Lessee's successor"), shall be permitted to meet its facilities needs by occupying the applicable Facilities, for the benefit of the State public school system, on equal terms as the Lessee, including, but not limited to, assumption of fee simple title to such Facilities; and

5. The restrictive covenant shall run with the land and shall be binding upon the Lessee, its successors, and all parties having or acquiring any right, title or interest in the applicable Facilities or any part thereof, and shall inure to the benefit of the State.

Reserve Account

The Bond Indenture establishes the Reserve Account within the Revenue Fund for payment of principal of and interest on the Bonds to the extent the Payments are insufficient to make such payments. Although the Borrower believes such reserve to be reasonable and anticipates that the Payments will be sufficient to cover the debt service on the Bonds, there is no assurance that funds on deposit in the Reserve Account and future Payments will be sufficient to cover debt service on the Bonds.

Purchases and Transfers of Bonds Restricted to Qualified Institutional Buyers and Accredited Investors

As described in the "NOTICE TO INVESTORS" that precedes the Table of Contents of this Limited Offering Memorandum, the Bonds are to be sold (including in secondary market transactions) only to Qualified Institutional Buyers or Accredited Investors. The Bond Indenture contains provisions limiting transfers of the Bonds and beneficial interests therein to Qualified Institutional Buyers or Accredited Investors. The face of each Bond will contain a legend indicating that the Bond is subject to transfer restrictions as set forth in the Bond Indenture. The Bonds will be issued in minimum denominations of $25,000 and any integral multiple of $5,000 in excess thereof (or the aggregate principal amount of any maturity of the Bonds Outstanding, if lower, in integral multiples of $5,000). In light of these restrictions, purchasers should not expect that there will be an active secondary market for the Bonds.

There can be no assurance that there will be a secondary market for the purchase or sale of the Bonds, and there may be no market for the Bonds depending upon prevailing market conditions, the financial condition or market position of firms who make up the secondary market and the financial position and results of operations of the Borrower. The Underwriter is not obligated to create a secondary market for the purchase or sale of the Bonds.

Investors should be aware that they might be required to bear the financial risks of this investment for an indefinite period of time and/or that to the extent there is a secondary market for the Bonds, the secondary market price of the Bonds may be affected as a result of the restrictions. If a trading market for the Bonds develops, future trading prices of such Bonds will depend on many factors, including, among other things, prevailing interest rates and the market for similar instruments. Depending upon those and other factors, the Bonds may trade at a discount from their principal amount.

Tax Related Issues

Tax-Exempt Status of Interest on the Series 2026C Bonds. The Code imposes a number of requirements that must be satisfied for interest on state and local obligations, such as the Series 2026C Bonds, to be excludable from gross income for federal income tax purposes. These requirements include limitations on the use of Series 2026C Bond proceeds, limitations on the investment earnings of Series 2026C Bond proceeds prior to expenditure, a requirement that certain investment earnings on Series 2026C Bond proceeds be paid periodically to the United States and a requirement that the issuers file an information report with the Internal Revenue Service (the "IRS"). The Authority, the Borrower, and MERF have covenanted in certain of the documents referred to herein that they will comply with such requirements. Failure by any of the foregoing to comply with the requirements stated in the Code and related regulations, rulings and policies may result in the treatment of interest on the Series 2026C Bonds as taxable, retroactively to the date of issuance of the Series 2026C Bonds.

Existence and Maintenance of Tax-Exempt Status. The Lessee and the Borrower have been organized to provide various educational and philanthropic services. See "APPENDIX A – CERTAIN INFORMATION

REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP." The tax-exempt status of the Series 2026C Bonds depends upon the existence and maintenance by the Borrower and the Lessee of their respective statuses as organizations described in Section 501(c)(3) of the Code. The existence and maintenance of such status is contingent on compliance with general rules promulgated in the Code and related regulations regarding the organization and operation of organizations described in Section 501(c)(3) of the Code, including the operation for charitable and educational purposes and avoidance of transactions which may result in more than an insubstantial amount of unrelated business activity and/or cause the assets of either to inure to the benefit of private individuals.

In recent years, the IRS has increased the frequency and scope of its audit and other enforcement activity regarding tax-exempt organizations and, in particular, charter schools. As a result, tax-exempt organizations are increasingly subject to a greater degree of scrutiny. The primary penalty available to the IRS under the Code with respect to a tax-exempt entity engaged in unlawful private benefit or more than an insubstantial amount of unrelated business activity is the revocation of tax-exempt status. Although the IRS has not frequently revoked the Section 501(c)(3) status of nonprofit corporations, it could do so in the future. Loss of tax-exempt status by the Borrower or the Lessee could potentially result in loss of tax exemption of interest on the Series 2026C Bonds and of other existing and future tax-exempt debt of members of the Obligated Group, if any, and defaults in covenants regarding the Series 2026C Bonds and other existing and future tax-exempt debt, if any, would likely be triggered.

Less onerous sanctions have been enacted which enforce rules applicable to Section 501(c)(3) organizations, but these sanctions do not replace the other remedies available to the IRS as mentioned above.

State Income Tax Exemption. The loss by MERF or the Borrower of federal tax exemption might trigger a challenge to its State income tax exemption. Such event could be adverse and material.

Unrelated Business Income. In recent years, the IRS and state, county and local taxing authorities have been undertaking audits and reviews of the operations of tax-exempt organizations with respect to their exempt activities and the generation of unrelated business taxable income ("UBTI"). To the extent the Lessee or the Borrower do not properly account for and report UBTI, if any, an investigation or audit could lead to a challenge which could result in taxes, interest and penalties with respect to unreported UBTI (which might be substantial) and in some cases could ultimately affect the tax-exempt status of the Borrower or the Lessee, as well as the exclusion from gross income for federal income tax purposes of the interest on the Series 2026C Bonds.

Exemption from Property Taxes. In recent years, State, county and local taxing authorities have been undertaking audits and reviews of the operations of tax-exempt corporations with respect to their real property tax exemptions. The management of the Borrower and the Lessee believe that the Facilities are exempt from California real property taxation.

Factors That Could Affect the Security Interest in the Facilities; Superior Liens

The Master Trustee's security interest in the Facilities may be subordinated to the interest and claims of others in several instances. Some examples of cases of subordination of prior claims are (i) statutory liens, (ii) rights arising in favor of the United States of America or any agency thereof, (iii) present or future prohibitions against assignment in any statutes or regulations, (iv) constructive trusts, equitable liens or other rights impressed or conferred by any state or federal court in the exercise of its equitable jurisdiction, (v) federal or state bankruptcy or insolvency laws that may affect the enforceability of the Loan Agreement, (vi) rights of third parties in amounts not in the possession of the Trustee, (vii) claims that might arise if appropriate financing or continuation statements are not filed in accordance with the California Uniform Commercial Code as from time to time in effect, and (viii) mechanics liens.

No Appraisal

No appraisal has been obtained for the MSA-1 Facility. There can be no assurance that, should the Members of the Obligated Group default in the making of the payments due under Obligation No. 3, the MSA-1 Facility could be foreclosed upon and sold for the amounts owed under the Loan Agreement, Obligation No. 3, or any other future Obligations issued under the Master Indenture.

Limitations on Value of the Facilities and to Remedies Under the Mortgages

Maintenance of Value. The Facilities are located in a region that has experienced significant real property market volatility over the past several years. There can be no assurance made that, should the Members of the Obligated Group default in making the payments due under Obligation No. 3 or any of the Prior Obligations, including in the event MERF defaults in making the Rent payments due under the Leases, the Facilities could be foreclosed upon and sold for the amounts owed under the Obligations.

Hazardous Substances. While governmental taxes, assessments and charges are common claims against the value of property, other less common claims may be relevant. One of the most serious in terms of the potential reduction in the value that may be realized is a claim with regard to hazardous substances. In general, the Members may be required by law to remedy conditions of a Facility relating to release of hazardous substances. The federal Comprehensive Environmental Response, Compensation and Liability Act of 1980, sometimes referred to as "CERCLA" or the "Superfund Act," is the most well-known and widely applicable of these laws. California laws with regard to hazardous substances are stringent and similar to certain federal acts. Under many of these laws, the owner (or operator) is obligated to remedy a hazardous substance condition of property whether or not the owner (or operator) had or has anything to do with the creation or handling of the hazardous substance. The effect, therefore, should a Facility be affected by a hazardous substance, is generally to reduce the marketability and value of the parcel by the cost of remedying the condition. Further, such liabilities may arise not simply from the existence of a hazardous substance but from the method of handling the hazardous substance. Any of these potentialities could significantly affect the value of the Project that would be realized upon a default and foreclosure.

See " – Environmental Risks and Prior Environmental Inspections" below for a description of certain environmental reports regarding the Facilities.

Foreclosure. There are two methods of foreclosing on a deed of trust or mortgage under California law, by nonjudicial sale and by judicial sale. Foreclosure under a deed of trust may be accomplished by a nonjudicial trustee's sale under the power of sale provision in the deed of trust. Prior to such sale, the trustee must record a notice of default and election to sell and send a copy to the trustor, to any person who has recorded a request for a copy of the notice of default and notice of sale, to any successor in interest of the trustor and to certain other parties discernable from the real property records. The trustee then must wait for the lapse of at least three months after the recording of the notice of default and election to sell before establishing the trustee's proposed sale date and giving a notice of sale (in a form mandated by California statutes). The notice of sale must be posted in a public place and published once a week for three consecutive calendar weeks, with the first such publication preceding the trustee's sale by at least 20 days. Such notice of sale must be posted on the property and sent, at least 20 days prior to the trustee's sale, to the trustor, to each person who has requested a copy, to any successor in interest of the trustor, to the beneficiary of any junior deed of trust and to certain other parties discernable from the real property records. In addition, the notice of sale must be recorded with the county recorder at least 14 days prior to the date of sale. The trustor, any successor in interest of the trustor in the trust property, or any person having a junior lien or encumbrance of record may, during the statutory reinstatement period, which extends to five days prior to the sale date, cure any monetary default by paying any delinquent installments of the debt then due under the terms of the deed of trust and certain other obligations secured thereby (exclusive of principal due by virtue of acceleration upon default) plus costs and expenses actually incurred in enforcing the obligation and certain statutorily limited attorneys' and trustees' fees.

Following a nonjudicial sale, neither the trustor nor any junior lienholder has any right of redemption, and the beneficiary may not ordinarily obtain a deficiency judgment against the trustor.

Should foreclosure under a deed of trust be sought in the form of a judicial foreclosure, it is generally subject to most of the delays and expenses of other lawsuits, and may require several years to complete. The primary advantage of a judicial foreclosure is that the beneficiary is entitled, subject to other limitations, to obtain a deficiency judgment against the trustor to the extent that the amount of the debt is in excess of the fair market value of the property. Following a judicial foreclosure sale, the trustor or its successors in interest may redeem the property for a period of one year (or a period of only three months if the proceeds of sale are sufficient to satisfy the debt, plus interest and costs). In addition, in order to assure collection of any rents assigned as additional collateral under a Mortgage, a receiver for the applicable Facilities may be appointed by a court.

Damage, Destruction or Condemnation. Although the Borrower will be required to cause the Members to obtain certain insurance against damage or destruction as set forth in the Loan Agreement and the Series 2025 Mortgage related to the MSA-1 Facility, there can be no assurance that any portion of the Facilities will not suffer losses for which insurance cannot be or has not been obtained or that the amount of any such loss, or the period during which a Series 2025 Landlord, as a result of damage or destruction to the applicable Facilities, cannot generate revenues, will not exceed the coverage of such insurance policies.

If the Facilities, or any portion thereof, are damaged or destroyed, or are taken in a condemnation proceeding, the proceeds of insurance or any condemnation award for the Facilities, or any portion thereof, must be applied as provided in the Loan Agreement to restore or rebuild the Facilities or to redeem Bonds. There can be no assurance that the amount of revenues available to restore or rebuild the Facilities, or any portion thereof, or to redeem Bonds will be sufficient for that purpose, or that any remaining portion of the Facilities will generate revenues sufficient to pay the expenses of the Borrower and the Loan Repayments.

Seismic Activity. The Facilities are located in seismically active regions of California. The occurrence of severe seismic activity could result in substantial damage to any of such Facilities, which could adversely affect the ability of the Lessee to operate such Facilities or make payments due under the corresponding Series 2025 Lease or School Loan Agreement and/or the ability of the Borrower to make the Loan Repayments and could adversely affect the value of such Facilities. Neither the Borrower nor the Members are obligated by the Loan Agreement or Master Indenture to maintain earthquake insurance on any portion of the Facilities and there can be no assurance that the Borrower or the Members of the Obligated Group will obtain such coverage in the future.

None of the Facilities are located within an Alquist-Priolo Earthquake Fault Zone, which is an area in the vicinity of an active fault that constitutes a potential hazard to structures from surface faulting or fault creep as determined in accordance with applicable provisions of the State's Public Resources Code.

Flood. Under the Master Indenture, each Member covenants and agrees that it will maintain (or cause to be maintained) appropriate flood insurance as required under the National Flood Insurance Act of 1968, Flood Disaster Protection Act of 1973, or the National Flood Insurance Reform Act of 1994 as amended or as recommended by the Insurance Consultant if the applicable Facility is determined to be in a Special Flood Hazard Area. However, none of the Facilities are located in special flood hazard areas as designated by the Federal Emergency Management Agency.

Wildfires. Major wildfires have occurred in recent years in different regions of the State, including significant fires throughout the fall of 2020, the summer of 2021, and the winter of 2025. Serious and significant property damage has resulted in other areas of the State due to fire damage. The Governor has previously signed a number of measures into law intended to address a variety of issues related to mitigating the risk of wildfires, including forest management, mutual aid for fire departments, emergency alerts and other safety mandates.

Neither of the Borrower nor the Lessee can make any representation regarding the effects that future wildfires may have on their respective operations or finances, or to what extent any such wildfires could cause disruptions to economic activity in the vicinity of the Facilities.

Sea Level Rise. Various State and local agencies have produced reports or assessments in connection with planning for the potential effects of sea level rise, which increases the potential for severe flooding caused by the occurrence of coastal and inland flooding. Neither of the Borrower nor the Lessee are able to predict whether sea level rise, or associated impacts thereof, will occur, and if any such events occur, whether they will have a material adverse effect on their respective operations and financial condition, or more generally affect the region's economy.

Climate Change. In addition to the events described above, climate change caused by human activities may have adverse effects generally on the economy and communities surrounding the Facilities, and on the value of the Facilities themselves. As greenhouse gas emissions continue to accumulate in the atmosphere as a result of economic activity, many scientists expect that climate change will intensify, increasing the frequency, severity and timing of extreme weather events such as coastal storm surges, droughts, wildfires, floods, heat waves, and rising sea levels. Projections of the impact of global climate change are complex and depend on a variety of factors outside of the control of the Borrower and the Lessee. The various scientific studies that forecast the amount and timing of adverse impacts of climate change are based on assumptions contained in such studies, but actual events may vary materially. In addition, the scientific understanding of climate change and its effects continues to evolve. Accordingly, neither of the Borrower nor the Lessee is able to forecast with certainty when or if adverse impacts of climate change will occur or the extent of such impacts.

Environmental Risks. There are potential risks relating to liabilities for environmental hazards with respect to the ownership of any real property, including those described above under " – Hazardous Substances." If hazardous substances are found to be located on a property, owners of such property may be held liable for costs and other liabilities related to the removal of such substances which costs and liabilities could exceed the value of the Facilities or any portion thereof.

The Lessee obtained a Phase I Environmental Site Assessment for the Site by Alta Environmental, doing business as NV5 ("NV5"). In that connection, NV5 prepared a report dated March 7, 2022 (the "MSA-5 Environmental Report"). The MSA-5 Environmental Report states that its purpose was to identify conditions indicative of releases and threatened releases of hazardous substances, pollutants, contaminants, petroleum and petroleum products, and controlled substances on, at, in, or adjacent to the Site, such issues being considered recognized environmental conditions (each an "REC"). The MSA-5 Environmental Report identified no evidence of a REC, a controlled REC, or historic REC in connection with the Site.

Various environmental inspections have been performed for the MSA-1 Facilities in the past, as follows. The Lessee received from California Environmental Geologists & Engineers, Inc. ("California Environmental") an Environmental Site Assessment Report – Phase I dated October 13, 2016 (the "2016 MSA-1 Environmental Report"). California Environmental noted in its 2016 MSA-1 Environmental Report that no recognized environmental conditions ("RECs"), historical recognized environmental conditions ("HRECs"), or Controlled Recognized Environmental Conditions ("CRECs") were identified in connection with the MSA-1 Facilities. However, California Environmental cautioned that a dry cleaner operation, which is located at 18235 Sherman Way, is a potential source of volatile organize compounds ("VOCs") contamination that could impact the subject property subsurface. Accordingly, California Environmental recommended a limited soil-gas assessment to test for VOCs in shallow soil gas beneath the property. California Environmental noted that there were two additional properties within a one-quarter mile radius of the subject property that could have environmental concerns. However, California Environmental stated that, due to their distance from the subject property and their groundwater gradient, it is unlikely that either property would impact the subject property subsurface.

The 2016 MSA-1 Environmental Report did not find any indication of the following environmental factors at the Facilities, among others: surface drains, catch basins, sumps or standing water, past use, treatment,

storage, disposal or generation of hazardous substances, significant hazardous substance use, existing aboveground or underground storage tanks, clarifiers, sumps, or grease interceptors, onsite disposal or landfill of solid waste material, wastewater treatment or disposal systems, or strong, pungent or noxious odors. The 2016 MSA-1 Environmental Report was prepared for the Lessee and intended for the purpose of determining site conditions through limited research and investigation and can in no way be considered a conclusive site characterization. No warranty, express or implied of any kind is made or intended in connection with the 2016 MSA-1 Environmental Report.

The Lessee also received from California Environmental an Environmental Site Assessment Report – Phase I Update and Screening Soil Evaluation – Phase II dated May 2017 (collectively, the "2017 MSA-1 Environmental Report"). California Environmental reports that the dry-cleaning and laundry business, which remains the nearest listed environmental concern site, is located approximately 150 feet to the northwest of the subject property. California Environmental indicated that no known solvent releases had been reported for the MSA-1 Facilities. The 2017 MSA-1 Environmental Report stated that the nearest listed contaminated site to the subject property was approximately 656 feet to the southwest and the listing related to a January 1984 gasoline release to soil. Due to the distance from the subject property and a southeasterly groundwater gradient, California Environmental stated that it was unlikely that this off-site release had impacted the MSA-1 Facilities subsurface. California Environmental noted that a second contaminated site was located approximately 798 feet east of the subject property. Due to the distance from MSA-1 Facilities and a southeasterly groundwater gradient, California Environmental found it unlikely for the off-site release to impact the MSA-1 Facilities subsurface.

The 2017 MSA-1 Environmental Report stated that no RECs, HRECs, or CRECs were identified at the MSA-1 Facilities. In addition, California Environmental conducted soil gas sampling at the subject property on May 10, 2017 to evaluate the presence of VOCs associated with the dry cleaners located at 18235 Sherman Way. Based on a review of all samples collected, California Environmental indicated that all such samples were below the applicable reporting threshold set forth by the Environmental Protection Agency. Accordingly, California Environmental stated that additional assessment was not recommended.

In May 2017, the Lessee received from California Environmental an Environmental Site Assessment – Phase I (the "MSA-SD Environmental Report") with respect to the MSA-SD Facility. California Environmental noted in its MSA-SD Environmental Report that it had found no evidence of RECs, HRECs, or CRECs in connection with the property. California Environmental included a finding that the property is listed on a database related to the generation of asbestos containing waste produced in 2004. However, California Environmental stated that such asbestos waste was likely associated with remodeling or renovation activities and was not considered an environmental concern. Based on California Environmental's review of the surrounding area, the nearest listed contaminated site to the subject property had an unauthorized release of petroleum hydrocarbons in 1993. However, California Environmental stated that it is unlikely that such offsite release impacted the subject property due to the distance between the release and the site.

The MSA-SD Environmental Report did not find any indication of the following environmental factors at the MSA-SD Facility, among others: surface drains, catch basins, sumps or standing water, past use, treatment, storage, disposal or generation of hazardous substances, significant hazardous substance use, existing aboveground or underground storage tanks, clarifiers, sumps, or grease interceptors, onsite disposal or landfill of solid waste material, wastewater treatment or disposal systems, or strong, pungent or noxious odors. The MSA-SD Environmental Report was prepared for the Lessee and intended for the purpose of determining site conditions through limited research and investigation and can in no way be considered a conclusive site characterization. No warranty, express or implied of any kind is made or intended in connection with the MSA-SD Environmental Report.

The environmental reports described above speak only as of their respective dates and the providers of such reports have not been asked to perform any additional assessments with respect to the subject properties. Such environmental reports are subject to numerous limitations and disclaimers stated therein.

Bankruptcy

The rights and remedies of the Beneficial Owners of the Bonds are subject to various provisions of the Federal Bankruptcy Code (the "Bankruptcy Code"). If the Borrower, any Member or the Lessee were to become a debtor in a bankruptcy case, its revenues and certain of its accounts receivable and other property created or otherwise acquired after the filing of such petition and for up to 90 days prior to the filing of such petition may not be subject to the security interest created under the applicable Mortgage for the benefit of the Beneficial Owners of the Bonds. The filing would operate as an automatic stay of the commencement or continuation of any judicial or other proceeding against such entity, and its property, and as an automatic stay of any act or proceeding to enforce a lien upon or to otherwise exercise control over such property. If the bankruptcy court so ordered, the property of the Borrower or a Member, including accounts receivable and proceeds thereof, could be used for the financial rehabilitation of such entity despite the security interest of the Trustee therein. While the Bankruptcy Code requires that the interest of the Trustee as lien owner be adequately protected before the collateral may be used by the Borrower or a Member, such protection could take the form of a replacement lien on assets acquired or created after the bankruptcy petition is instituted. The rights of the Trustee to enforce liens and security interests against the Borrower's or Member's assets could be delayed during the pendency of the rehabilitation proceedings.

The Borrower or the Lessee could file a plan for the reorganization of its debts in any such proceeding which could include provisions modifying or altering the rights of creditors generally, or any class of them, secured or unsecured. The plan, when confirmed by a court, binds all creditors who had notice or knowledge of the plan and discharges all claims against the debtor provided for in the plan. No plan may be confirmed unless certain conditions are met, among which are that the plan is in the best interests of creditors, is feasible and has been accepted by each class of claims impaired thereunder. Each class of claims has accepted the plan if at least two thirds in dollar amount and more than one half in number of the class cast votes in its favor. Even if the plan is not so accepted, it may be confirmed if the court finds that the plan is fair and equitable with respect to each class of non-accepting creditors impaired thereunder and does not discriminate unfairly.

Factors Associated with the Magnolia Schools' Operations

General Factors. There are a number of factors affecting schools generally that could have an adverse effect on the Lessee's financial position and ability to operate the Facilities as charter schools and, consequently, on the Borrower's ability to make Loan Repayments necessary to make debt service payments on the Bonds. These factors include, but are not limited to: (i) failure to qualify for statutory reimbursement under state programs; (ii) increasing costs of compliance with federal, state or local laws or regulations, including, but not limited to, laws or regulations concerning environmental quality, work safety and accommodation of persons with disabilities; (iii) taxes or other charges imposed by federal, state or local governments; (iv) the ability to attract a sufficient number of students; (v) changes in existing statutes pertaining to the powers of the Magnolia Schools and disruption of such charter schools' operations by real or perceived threats against such charter schools, their staff members or students; and (vi) decline in the reputation of any such charter school or the ability of such a charter school and its management to provide educational services desired and accepted by the population it serves.

Changes in Law and Governmental Authorities. In the Summer of 2023, the Oklahoma Statewide Virtual Charter School Board (the "Oklahoma Authorizer Board") approved the nation's first openly religious public charter school, St. Isidore of Seville Virtual Catholic Charter School ("St. Isidore"). Subsequently, the Oklahoma Attorney General sued the Oklahoma Authorizer Board seeking the rescission of the St. Isidore charter on the basis that it violated the Oklahoma Constitution. After a June 2024 decision by the Oklahoma Supreme Court against St. Isidore, the Oklahoma Authorizer Board rescinded its charter. However, St. Isidore and its supporters argue that the rescission of the charter violates the free exercise clause of the First Amendment to the U.S. Constitution. In January 2024, the U.S. Supreme Court granted certiorari to two related cases regarding the St. Isidore matter. If the U.S. Supreme Court holds in favor of St. Isidore, the decision may open the door to allowing religious public charter schools in all states, including California. Such a decision could

fundamentally change the landscape, funding and operations of public charter schools nationally. It could also allow current religious private schools to receive charter school funding, increasing competition for existing charter schools, including the Magnolia Schools, or result in other unknown consequences.

In addition, on January 27, 2025, the U.S. Office of Management and Budget ("OMB") issued a memorandum directing federal agencies to temporarily pause all activities related to the obligation or disbursement of federal financial assistance, and other relevant activities, that may be implicated by recent executive orders issued under the Trump Administration. On January 29, 2025, OMB rescinded the memorandum. Following the rescission, the White House press secretary noted that the recission of the memorandum was "[not] a recission of the federal funding freeze." The U.S. Department of Education released a letter, dated February 14, 2025, notifying schools and colleges to eliminate diversity, equity, and inclusion programs and initiatives by the end of the month or risk losing federal funding.

A portion of the Lessee's revenue is derived from federal funding, which may be further impacted by the executive order signed by President Trump on March 20, 2025, to begin dismantling the U.S. Department of Education. Neither the Lessee nor the Borrower are able to predict the extent of such impact at this time and whether any such impact will materially affect their finances and operations.

Potential purchasers should be aware that the Lessee faces constant competition for students and there can be no assurance that its charter schools will continue to attract and retain the number of students that are needed to generate revenues sufficient to make payments on the Series 2025 Leases and the School Loan Agreements that are the source of revenue to pay debt service on the Bonds. Neither the Borrower nor the Lessee can assess or predict the ultimate effect of the foregoing factors on their respective operations or financial results of their operations or on the ability of the Lessee to make payments required under the Series 2025 Leases and the School Loan Agreements, or on the ability of the Borrower and the Members to make payments required under the Loan Agreement and Obligation No. 3.

Dependency on State Finances

Charter schools, like all public schools, depend on revenues from the State for a large portion of their operating budgets. The availability of State funds for public education is a function of constitutional and statutory provisions affecting school district revenues and expenditures, the condition of the State economy (which affects total revenue available to the State School Fund) and the annual State budget process. Decreases in State revenues may adversely affect education appropriations made by the Legislature. As noted, the Legislature bases its decisions about appropriations on many factors, including the State's economic performance, and, because some public officials, their constituents, commentators and others have viewed charter schools as controversial, political factors may also come to bear on charter school funding. See "CERTAIN RISK FACTORS – Dependence on State Aid Payments that are Subject to Annual Appropriation and Political Factors" above.

The State has previously experienced severe financial difficulties. In prior years, the State's response to its financial difficulties has had a significant impact on Proposition 98 funding and settle-up treatment, as further described in "STATE FUNDING OF EDUCATION." In the past, the State has sought to avoid or delay paying settle-up amounts when funding has lagged the guaranteed amount. The State has also sought to avoid increases in the minimum guarantee through various mechanisms by treating any excess appropriations as advances against subsequent years' Proposition 98 minimum funding levels rather than current-year increases; by deferring State aid payments from one fiscal year to the next; and by suspending Proposition 98. Continued decreases in State revenues may adversely affect education appropriations made by the Legislature. None of the Borrower, the Lessee or any other party to the Bond transaction can predict how State income or State education funding will vary over the entire term of the Bonds. No party to the Bond transaction takes any responsibility for informing owners of the Bonds about any such changes.

Information about the financial condition of the State, as well as its budget and spending for education, is available and regularly updated on various State-maintained websites, including those of the LAO, the Department of Finance and the California State Controller. Such information is prepared by the respective State entity maintaining each such website and not by any of the parties to this transaction. The parties to this transaction take no responsibility for the accuracy, completeness or timeliness of such information or the continued accuracy of the internet addresses noted herein, and no such information is incorporated herein by these references.

Budget Delays and Restrictions on Disbursement of State Funds during a Budget Impasse

The State Constitution specifies that an annual budget will be proposed by the Governor by January 10 of each year for the next fiscal year (the "Governor's Budget"). Under State law, the annual proposed Governor's Budget cannot provide for projected expenditures in excess of projected revenues for the ensuing fiscal year. State law also requires the Governor to update the Governor's Budget projections and budgetary proposals by May 14 of each year (the "May Revision"). The May Revision is normally the basis for final negotiations between the Governor and Legislature to reach agreement on appropriations and other legislation to fund State government for the ensuing fiscal year (the "Budget Act").

The Budget Act must be approved by a majority vote of each House of the Legislature and must be in balance. The budget becomes law upon the signature of the Governor. Text of proposed and adopted budgets may be found at the website of the Department of Finance, www.dof.ca.gov, currently under the heading "California Budget." Analyses of budgets are prepared by the Legislative Analyst's Office at www.lao.ca.gov. Such information is prepared by the respective State entity maintaining each such website and not by any of the parties to this transaction. The parties to this transaction take no responsibility for the accuracy, completeness or timeliness of such information or the continued accuracy of the internet addresses noted herein, and no such information is incorporated herein by these references.

The State Legislature is required to approve a State Budget Act no later than June 15 of each year. The State Legislature has failed to approve the State Budget Act by the deadline therefor in a number of years. Failure by the State to adopt a Budget Act restricts the California State Controller's ability to disburse State funds after the beginning of the ensuing fiscal year. See "STATE FUNDING OF EDUCATION – General – Adoption of Annual State Budget" herein regarding the ability of the State Controller to disburse State funds in such situations. Any State budget delay would delay the State's appropriation of funds and could negatively impact the Lessee's ongoing viability and its ongoing ability to make payments under the Leases representing debt service on the Bonds.

Key Management

The creation of, and the philosophy of teaching in, charter schools generally initially may reflect the vision and commitment of a few key persons on the board of directors and/or the upper management of the charter school or its management organization ("Key Directors/Managers"). Loss of any such Key Directors/Managers, and the inability of the Borrower, the Lessee, or the Lessee to find comparable qualified replacements, could adversely affect their respective operations or financial results." See "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto for information regarding the management and leadership of the Borrower, the Lessee, the Series 2026 Schools, and the other Magnolia Schools.

Other Limitations on Enforceability of Remedies

There exists common law authority and authority under various state statutes pursuant to which courts may terminate the existence of a nonprofit corporation or undertake supervision of its affairs on various grounds, including a finding that the corporation has insufficient assets to carry out its stated charitable purposes or has taken some action which renders it unable to carry out such purposes. Such court action may arise on the court's

own motion or pursuant to a petition of a state attorney general or other persons who have interests different from those of the general public, pursuant to the common law and statutory power to enforce charitable trusts and to see to the application of their funds to their intended charitable uses.

In addition to the foregoing, the realization of any rights under the Loan Agreement, the Bond Indenture and the Mortgages upon a default depends upon the exercise of various remedies specified in the Loan Agreement, the Bond Indenture and the Mortgages. These remedies may require judicial action which is often subject to discretion and delay. Under existing law, certain of the remedies specified in the Loan Agreement, the Bond Indenture and the Mortgages may not be readily available or may be limited. For example, a court may decide not to order the specific performance of the covenants contained in the Loan Agreement, the Bond Indenture or a Mortgage. Accordingly, the ability of the Authority, the Trustee or the Master Trustee to exercise remedies under the Loan Agreement, the Bond Indenture and the Mortgages, as applicable, upon an Event of Default could be impaired by the need for judicial or regulatory approval.

Amendment of Legal Documents; Minority Bondholder Risks

The Bond Indenture permits certain modifications to be made thereto with the consent of Holders of a majority in interest of the aggregate principal amount of the Bonds then outstanding; provided that, no such modification may (1) extend the fixed maturity of any Bonds or reduce the rate of interest thereon or extend the time of payment of interest, or reduce the amount of the principal thereof or (2) reduce the aforesaid percentage of Holders of Bonds whose consent is required for the execution of such supplemental indentures or (3) extend the time of payment or (4) permit the creation of any lien on the Payments or the assets pledged under the Bond Indenture prior to or on a parity with the lien of the Bond Indenture or (5) deprive the Holders of the Bonds of the lien created by the Bond Indenture upon the Payments or the assets pledged herein, without the consent of the Holders of at least 80% of the aggregate principal amount of the Bonds then outstanding.

The Loan Agreement permits certain modifications to be made thereto with the consent of the Holders of a majority in interest of the aggregate principal amount of the Bonds then outstanding; provided that, no such modification may reduce the amount of Loan Repayments payable to the applicable Issuer, or extend the time for making such payments, without the written consent of the Holders of at least 80% of the aggregate principal amount of the applicable Bonds then outstanding.

Similarly, the Master Indenture permits certain modifications to be made thereto with the consent of Related Indebtedness Holders holding a majority in interest of the Related Indebtedness then outstanding; provided that no such modification may (1) extend the stated maturity of or time for paying interest on any Obligation or reduce the principal amount of or the redemption premium or rate of interest or method of calculating interest payable on any Obligation without the consent of the Related Indebtedness Holders of at least 80% of the aggregate principal amount of the Related Indebtedness outstanding with respect to such Obligation, (2) modify, alter, amend, add to or rescind any of the terms relating to defaults under the Master Indenture so as to affect the right of the Holders of any Obligations in default as to payment to compel the Master Trustee to declare the principal of all Obligations to be due and payable, without the consent of the Related Indebtedness Holders of at least 80% of the aggregate principal amount of the Related Indebtedness then outstanding, or (3) reduce the aggregate Principal Amount of Obligations then outstanding the consent of the Related Indebtedness Holders of which is required to authorize such modification, without the consent of the Related Indebtedness Holders of at least 80% of the aggregate principal amount of the Related Indebtedness then outstanding.

Accordingly, significant modifications to the foregoing documents may affect the rights of Holders of the Bonds without their consent; and any holder of less than 20% in interest of the aggregate principal amount of the Related Indebtedness outstanding may be unable to prevent such modifications. See "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS" attached hereto.

Specific Risks of Charter Schools

Charter School Law. The Charter School Law is evolving. Amendments are made relatively frequently and legislative and public attitudes are still forming. Certain amendments have been described elsewhere in this Limited Offering Memorandum. It is likely that additional changes will be made in the future, some of which may be adverse to charter schools in general may affect the financial viability of the Schools.

Non-Renewal or Revocation of Charters. The Charter School Law enables charter authorizers to grant five-year charters which may be renewed after evaluation and can be revoked at any time because of either educational non-performance or fiscal mismanagement. See "CHARTER SCHOOLS" herein. In addition, the management of the Lessee believes that it has stable relationships with representatives on the State Board of Education, representatives of the governing boards of several school districts, and representatives of several county boards of education, each of which, under appropriate circumstances, is authorized to grant charters under the Charter School Law. See "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP – MISSION, EDUCATIONAL PHILOSOPHY AND APPROACH – Charter Renewal History" herein.

Legal Challenges. In addition to non-renewal or revocation, a charter may also be subject to challenge by an interested third-party. No assurance can be given that a Series 2025 School's charter will not be subjected to legal challenge. See "ABSENCE OF MATERIAL LITIGATION – The Borrower" herein and "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP – FINANCIAL INFORMATION AND CASH FLOWS – Litigation." Any failure of the Lessee to have a charter for each of its schools in place could well have a material adverse effect on the Members or the Borrower and their ability to generate revenues necessary to make payments under the Loan Agreement and Obligation No. 3 which are expected to provide sufficient revenues to satisfy the debt service requirements for the Bonds.

Budgetary Constraints. Charter schools are funded primarily from State and local tax revenues and budgetary pressures at the State or local level may jeopardize future funding levels, which may adversely affect the ability of the Borrower and the Members of the Obligated Group to make payments under the Loan Agreement and Obligation No. 3. See "STATE FUNDING OF EDUCATION" above.

Enrollment Levels. The Lessee's revenues and financial strength will depend in part upon maintaining certain enrollment levels at its charter schools. A reduction in enrollment for any such charter school may have the result of reducing revenues available to pay amounts due under the Series 2025 Leases and the School Loan Agreements. See "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto.

Risk of Reduction in ADA Funding. Since the majority of funds for the Lessee's charter school operations come from the State on the basis of ADA, each such charter is subject to State funding reductions or restrictions that might affect all public school districts and charter schools. Among other such risks, over time the State may not increase ADA-based funding commensurate with increases in the cost of school operations, or the State may even decrease ADA-based funding.

ADA-based funding is determined by actual attendance, and not by student enrollment data. Regardless of the statewide level of ADA-based funding, the Magnolia Schools are subject to loss of revenue if enrollment should decrease, or if average daily attendance should decrease even if enrollment remains steady, whether due to student illness, truancy or other factors. Such a loss of revenues could adversely affect the ability of the Lessee to make payments due under the Series 2025 Leases and the School Loan Agreements and, consequently, the ability of the Borrower and the Members of the Obligated Group to make payments under the Loan Agreement and Obligation No. 3.

In addition, the Charter School Law prohibits a charter school from imposing fees or charges for its educational services. Therefore, the Lessee is dependent upon receipt of ADA-based funding, as well as philanthropic support. There is little the Lessee or the Borrower can do to increase revenues, other than for the Magnolia Schools to admit a larger number of students.

Compliance with the Elementary and Secondary Education Act. Prior to the adoption of the ESSA (defined below), the No Child Left Behind Act of 2001 (the "NCLB") served as the primary federal law with respect to K-12 education. NCLB employed the concept of Adequate Yearly Progress ("AYP") to measure and hold schools and school districts responsible for student achievement. In California, the NCLB subjected California schools to an annual AYP determination. AYP was calculated by using a formula set by the California Department of Education. It measured participation rates, math and reading performance, and graduation rate targets for the elementary, middle and high school levels. In connection with the adoption of ESSA, the federal government has repealed the AYP requirement.

Under California law, if a school received Title I funds and did not make AYP for two consecutive years, the school was placed on "Program Improvement" status and the school was required to develop a school improvement plan. If the school did not achieve AYP goals for a third year, "corrective action" was undertaken, which could include the provision of supplemental educational services for low-performing, low-income students. A school that continued to fail to make AYP was required to take corrective action and undergo restructuring plans. Failure to meet AYP for years subsequent to the second year carried further consequences under the NCLB. Under California law, the right to operate a charter school may be terminated if the school fails to make or meet reasonable progress toward achievement of goals, objectives, content standards, pupil performance standards or applicable federal requirements.

In March 2014, the State of California was granted a one-year waiver by the U.S. Department of Education from using test results of academic assessments to calculate AYP under the then-existing NCLB, in order to facilitate the state's transition to the new California Assessment of Student Performance and Progress ("CAASPP") system. In March 2015, the California State Board of Education requested another one-year waiver from the U.S. Department of Education. In May 2015, the U.S. Department of Education granted the additional one-year waiver, with certain conditions.

In December 2015, the Every Student Succeeds Act of 2015 ("ESSA") was passed by Congress and signed by the President in connection with the amendment and reauthorization of the Elementary and Secondary Education Act of 1965. With the passage of ESSA, states are no longer required to produce AYP, but were required to develop new accountability systems by 2017-18. See "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP" attached hereto. ESSA, among other things, prohibits officers and employees of the federal government from mandating, directing or controlling a state, local education agency or school's specific instructional content, academic standards and assessments, curriculum, or program of instruction, as a condition of eligibility to receive funds under ESSA.

State Retirement Systems. The Lessee is currently a member employer of the State's STRS and PERS retirement systems (see "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP – FINANCIAL INFORMATION AND CASH FLOWS – Retirement Systems" attached hereto). Although the Lessee does not anticipate withdrawing from or otherwise terminating its membership in STRS or PERS, there can be no assurance that State law or Federal law under the Code, including IRS rulings and other guidance, will permit charter schools to continue to participate in the STRS or PERS Governmental Plans (as defined in Section 414(d) of the Code).

The STRS and PERS retirement systems each have substantial system-wide unfunded liabilities. If the Lessee were to withdraw from STRS or PERS, voluntarily or otherwise, it could be liable for its share of the unfunded liabilities of the systems. Neither the Lessee nor the Underwriter can predict what liabilities, if any,

Powered by BoardOnTrack

would result if the Lessee's member employer status in the retirement systems were to terminate, or what impact any such a termination would have on the Lessee's finances and operations.

Claims and Insurance Coverage

Litigation could arise from the corporate and business activities of the Magnolia Schools or the Borrower. Such litigation may result as a result of either the Lessee's or the Borrower's status as an employer. Many of these risks are covered by insurance, but some are not. For example, claims arising from wrongful termination or sexual molestation claims and business disputes may not be covered by insurance or other sources. Such claims may, in whole or in part, constitute a significant liability of the Lessee or the Borrower if determined or settled adversely, as may any additional claims for other torts, accidents, or environmental enforcement actions, to the extent such claims exceed the limits of applicable insurance coverage.

The Borrower and the Lessee covenant and agree in the Loan Agreement, the Series 2025 Leases and the Prior School Loan Agreement that they will maintain, or caused to be maintained, property, general liability and business interruption insurance with respect to the applicable Facilities at levels set forth therein. The Borrower and the Lessee are not obligated by the Loan Agreement, the Series 2025 Leases or the School Loan Agreements to maintain earthquake insurance and there can be no assurance that the Borrower or the Lessee will obtain such coverage in the future. See "APPENDIX C – SUMMARY OF PRINCIPAL BOND DOCUMENTS – LOAN AGREEMENT" herein.

Risk of Noncontinued Philanthropy or Grants

In the past, the Lessee has received some income from unrestricted gifts and donations or grants to supplement operating revenues to finance operations and capital needs. Gifts, grants and donations are expected to continue. However, there can be no assurance that projections of this non-operating revenue will be realized or will not decrease, adversely affecting the financial condition of the Lessee.

Failure to Provide Ongoing Disclosure

The Borrower and the Lessee will enter into a Continuing Disclosure Agreement with KNN Public Finance, LLC, as dissemination agent, pursuant to Securities and Exchange Commission Rule 15c2-12 (the "Rule") in connection with the issuance of the Bonds. Any material failure to comply with the Continuing Disclosure Agreement and the Rule in the future may adversely affect the liquidity of the affected Bonds and their market price in the secondary market.

Use of Facilities

No assurance can be given as to whether a challenge to the educational use of any of the Facilities brought would result in an interruption of the Series 2026 Schools' operations and have a material negative impact on the revenues of the Lessee. Any court order prohibiting the educational use of the MSA-1 Facilities would entitle the Master Trustee to submit a claim on the lender's title insurance policy. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Mortgages and Security Agreements" herein.

SB 740 Funding

Effective beginning the 2017-18 fiscal year, reimbursable costs under the SB 740 program are limited to either of the following conditions: (i) reimbursable facility rent or lease costs do not exceed the prior year's costs on file with the Authority as of the 2016–17 fiscal year, subject to a cost-of-living adjustment; or (ii) the rent or lease costs of new facility agreements are at or below market rate based on an independent appraisal paid for by the charter school.

In order to be eligible for the SB 740 program, a charter school must be in good standing with its chartering authority and be in compliance with the terms of its charter at the time of application submission, and without interruption throughout the term of the grant. The Authority relies on information from the chartering authority regarding a school's good standing and compliance with the terms of its charter.

The Lessee has received SB 740 funding in the past, and expects to continue receiving such funding relating to facilities costs of certain of its charter school facilities. However, there can be no assurances that the Lessee will continue to qualify for or receive SB 740 funding, or that such funding will not be reduced or eliminated by the State in the future. See "STATE FUNDING OF EDUCATION – SB 740 Facilities Grant Program Funding" and "CERTAIN RISK FACTORS – Specific Risks of Charter Schools" herein, and "APPENDIX A – CERTAIN INFORMATION REGARDING MERF, THE SERIES 2026 SCHOOLS, THE BORROWER AND THE MEMBERS OF THE OBLIGATED GROUP – SB 740" attached hereto. The financial projections set forth in Appendix A attached hereto assume the receipt of SB 740 funding relating to certain of the Lessee's in fiscal year 2025-26 and future fiscal years, and a failure to receive such funding would negatively affect the Lessee's finances.

Cybersecurity

The Lessee, like many other public and private entities, relies on a technology environment to conduct its operations. As a recipient and provider of personal, private, or sensitive information, the Lessee is subject to multiple cyber threats including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. Entities or individuals may attempt to gain unauthorized access to the Lessee's digital systems for the purposes of misappropriating assets or information or causing operational disruption and damage. No assurances can be given that the Lessee's efforts to manage cyber threats and attacks will be successful or that any such attack will not materially impact the operations or finances of the Lessee. The Lessee carries cybersecurity insurance.

ABSENCE OF MATERIAL LITIGATION

The Authority

To the knowledge of the Authority, there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, governmental agency, public board or body, pending or threatened against the Authority seeking to restrain or enjoin the sale or issuance of the Bonds, or in any way contesting or affecting any proceedings of the Authority taken concerning the sale thereof, the pledge or application of any moneys or security provided for the payment of the Bonds, the validity or enforceability of the documents executed by the Authority in connection with the Bonds, the completeness or accuracy of this Limited Offering Memorandum or the existence or powers of the Authority relating to the sale of the Bonds.

The Borrower

To the knowledge of the Borrower, there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, governmental agency, public board or body, pending against the Borrower seeking to restrain or enjoin the sale or issuance of the Bonds, or in any way contesting or affecting any proceedings of the Borrower taken concerning the sale thereof, the pledge or application of any moneys or security provided for the payment of the Bonds, the validity or enforceability of the documents executed by the Borrower in connection with the Bonds, the completeness or accuracy of this Limited Offering Memorandum or the existence or powers of the Borrower relating to the sale of the Bonds.

TAX MATTERS

Tax-Exempt Bonds

In the opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the Authority ("Bond Counsel"), based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Tax-Exempt Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Code. Bond Counsel is of the further opinion that interest on the Tax-Exempt Bonds is not a specific preference item for purposes of the federal individual alternative minimum tax. Bond Counsel observes that interest on the Tax-Exempt Bonds included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. Bond Counsel observes that interest on the Taxable Bonds is not excluded from gross income for federal income tax purposes. Bond Counsel is also of the opinion that interest on the Bonds is exempt from State of California personal income taxes. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Bonds. A complete copy of the proposed form of opinion of Bond Counsel is set forth in "APPENDIX H – FORM OF OPINION OF BOND COUNSEL" attached hereto.

The following discussion summarizes certain United States federal income tax considerations generally applicable to U.S. Holders (as defined in the Taxable Bonds discussion, below) of the Tax-Exempt Bonds that acquire their Tax-Exempt Bonds in the initial offering, and does not address tax considerations applicable to any investors in the Tax-Exempt Bonds other than investors that are U.S. Holders.

To the extent the issue price of any maturity of the Tax-Exempt Bonds is less than the amount to be paid at maturity of such Tax-Exempt Bonds (excluding amounts stated to be interest and payable at least annually over the term of such Tax-Exempt Bonds), the difference constitutes "original issue discount," the accrual of which, to the extent properly allocable to each beneficial owner thereof, is treated as interest on the Tax-Exempt Bonds which is excluded from gross income for federal income tax purposes and State of California personal income taxes. For this purpose, the issue price of a particular maturity of the Tax-Exempt Bonds is the first price at which a substantial amount of such maturity of the Tax-Exempt Bonds is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The original issue discount with respect to any maturity of the Tax-Exempt Bonds accrues daily over the term to maturity of such Tax-Exempt Bonds on the basis of a constant interest rate compounded semiannually (with straight-line interpolations between compounding dates). The accruing original issue discount is added to the adjusted basis of such Tax-Exempt Bonds to determine taxable gain or loss upon disposition (including sale, redemption, or payment on maturity) of such Tax-Exempt Bonds. Beneficial owners of the Tax-Exempt Bonds should consult their own tax advisors with respect to the tax consequences of ownership of Tax-Exempt Bonds with original issue discount, including the treatment of beneficial owners who do not purchase such Tax-Exempt Bonds in the original offering to the public at the first price at which a substantial amount of such Tax-Exempt Bonds is sold to the public.

Tax-Exempt Bonds purchased, whether at original issuance or otherwise, for an amount higher than their principal amount payable at maturity (or, in some cases, at their earlier call date) ("Premium Bonds") will be treated as having amortizable bond premium. No deduction is allowable for the amortizable bond premium in the case of bonds, like the Premium Bonds, the interest on which is excluded from gross income for federal income tax purposes. However, the amount of tax-exempt interest received, and a beneficial owner's basis in a Premium Bond, will be reduced by the amount of amortizable bond premium properly allocable to such beneficial owner. Beneficial owners of Premium Bonds should consult their own tax advisors with respect to the proper treatment of amortizable bond premium in their particular circumstances.

The Code imposes various restrictions, conditions and requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Tax-Exempt Bonds. The Authority, the Borrower, and the Lessee have made certain representations and covenanted to comply with certain

restrictions, conditions and requirements designed to ensure that interest on the Tax-Exempt Bonds will not be included in federal gross income. Inaccuracy of these representations or failure to comply with these covenants may result in interest on the Tax-Exempt Bonds being included in gross income for federal income tax purposes, possibly from the date of original issuance of the Tax-Exempt Bonds. The opinion of Bond Counsel assumes the accuracy of these representations and compliance with these covenants. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken), or events occurring (or not occurring), or any other matters coming to Bond Counsel's attention after the date of issuance of the Tax-Exempt Bonds may adversely affect the value of, or the tax status of interest on, the Tax-Exempt Bonds. Accordingly, the opinion of Bond Counsel is not intended to, and may not, be relied upon in connection with any such actions, events or matters.

In addition, Bond Counsel has relied on, among other things, the opinion of Musick, Peeler & Garrett LLP, counsel to the Borrower and the Lessee ("Borrower's Counsel"), regarding the current qualification of each of the Borrower and the Lessee as an organization described in Section 501(c)(3) of the Code and the intended operation of the facilities to be financed by the Tax-Exempt Bonds as substantially related to the Borrower's and Lessee's charitable purposes under Section 513(a) of the Code. Such opinion is subject to a number of qualifications and limitations. Furthermore, Borrower's Counsel cannot give and has not given any other opinion or assurance concerning Section 513(a) of the Code and neither Bond Counsel nor Borrower's Counsel can give or has given any other opinion or assurance about the future activities of the Lessee or the Borrower, or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof or changes in enforcement thereof by the IRS. Failure of the Lessee to be organized and operated in accordance with the IRS's requirements for the maintenance of its status as an organization described in Section 501(c)(3) of the Code, or to operate the facilities financed by the Tax-Exempt Bonds in a manner that is substantially related to the Lessee's charitable purposes under Section 513(a) of the Code, may result in interest payable with respect to the Tax-Exempt Bonds being included in federal gross income, possibly from the date of the original issuance of the Tax-Exempt Bonds.

Although Bond Counsel is of the opinion that interest on the Tax-Exempt Bonds is excluded from gross income for federal income tax purposes and is exempt from State of California personal income taxes, the ownership or disposition of, or the accrual or receipt of amounts treated as interest on, the Tax-Exempt Bonds may otherwise affect a beneficial owner's federal, state or local tax liability. The nature and extent of these other tax consequences depends upon the particular tax status of the beneficial owner or the beneficial owner's other items of income or deduction. Bond Counsel expresses no opinion regarding any such other tax consequences.

Current and future legislative proposals, if enacted into law, clarification of the Code or court decisions may cause interest on the Tax-Exempt Bonds to be subject, directly or indirectly, in whole or in part, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent beneficial owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislative proposals or clarification of the Code or court decisions may also affect, perhaps significantly, the market price for or marketability of, the Tax-Exempt Bonds. Prospective purchasers of the Tax-Exempt Bonds should consult their own tax advisors regarding the potential impact of any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel is expresses no opinion.

The opinion of Bond Counsel is based on current legal authority, covers certain matters not directly addressed by such authorities, and represents Bond Counsel's judgment as to the proper treatment of the Tax-Exempt Bonds for federal income tax purposes. It is not binding on the IRS or the courts. Furthermore, Bond Counsel cannot give and has not given any opinion or assurance about the future activities of the Authority, the Borrower and the Lessee, or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof or the enforcement thereof by the IRS. The Authority, the Borrower and the Lessee have covenanted, however, to comply with the requirements of the Code.

Bond Counsel's engagement with respect to the Tax-Exempt Bonds ends with the issuance of the Tax-Exempt Bonds, and, unless separately engaged, Bond Counsel is not obligated to defend the Authority, the Borrower, the Lessee or the beneficial owners regarding the tax-exempt status of the Tax-Exempt Bonds in the event of an audit examination by the IRS. Under current procedures, Beneficial Owners would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit examination of tax-exempt bonds is difficult, obtaining an independent review of IRS positions with which the Authority, the Borrower or the Lessee legitimately disagrees, may not be practicable. Any action of the IRS, including but not limited to selection of the Tax-Exempt Bonds for audit, or the course or result of such audit, or an audit of bonds presenting similar tax issues, may affect the market price for, or the marketability of, the Tax-Exempt Bonds, and may cause the Authority, the Borrower, the Lessee or the beneficial owners to incur significant expense.

Payments on the Tax-Exempt Bonds generally will be subject to U.S. information reporting and possibly to "backup withholding." Under Section 3406 of the Code and applicable U.S. Treasury Regulations issued thereunder, a non-corporate Beneficial Owner of Tax-Exempt Bonds may be subject to backup withholding with respect to "reportable payments," which include interest paid on the Tax-Exempt Bonds and the gross proceeds of a sale, exchange, redemption, retirement or other disposition of the Tax-Exempt Bonds. The payor will be required to deduct and withhold the prescribed amounts if (i) the payee fails to furnish a U.S. taxpayer identification number ("TIN") to the payor in the manner required, (ii) the IRS notifies the payor that the TIN furnished by the payee is incorrect, (iii) there has been a "notified payee underreporting" described in Section 3406(c) of the Code or (iv) the payee fails to certify under penalty of perjury that the payee is not subject to withholding under Section 3406(a)(1)(C) of the Code. Amounts withheld under the backup withholding rules may be refunded or credited against a Beneficial Owner's federal income tax liability, if any, provided that the required information is timely furnished to the IRS. Certain Beneficial Owners (including among others, corporations and certain tax-exempt organizations) are not subject to backup withholding. The failure to comply with the backup withholding rules may result in the imposition of penalties by the IRS.

Taxable Bonds

Bond Counsel observes that interest on the Taxable Bonds is not excluded from gross income for federal income tax purposes pursuant to Section 103 of the Code and is exempt from State of California personal income taxes. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Taxable Bonds.

The following discussion summarizes certain U.S. federal income tax considerations generally applicable to holders of the Taxable Bonds that acquire their Taxable Bonds in the initial offering. The discussion below is based upon laws, regulations, rulings, and decisions in effect and available on the date hereof, all of which are subject to change, possibly with retroactive effect. Prospective investors should note that no rulings have been or are expected to be sought from the U.S. Internal Revenue Service (the "IRS") with respect to any of the U.S. federal tax consequences discussed below, and no assurance can be given that the IRS will not take contrary positions. Further, the following discussion does not deal with U.S. tax consequences applicable to any given investor, nor does it address the U.S. tax considerations applicable to all categories of investors, some of which may be subject to special taxing rules (regardless of whether or not such investors constitute U.S. Holders), such as certain U.S. expatriates, banks, REITs, RICs, insurance companies, tax-exempt organizations, dealers or traders in securities or currencies, partnerships, S corporations, estates and trusts, investors that hold their Taxable Bonds as part of a hedge, straddle or an integrated or conversion transaction, investors whose "functional currency" is not the U.S. dollar, or certain taxpayers that are required to prepare certified financial statements or file financial statements with certain regulatory or governmental agencies. Furthermore, it does not address (i) alternative minimum tax consequences, (ii) the net investment income tax imposed under Section 1411 of the Code, or (iii) the indirect effects on persons who hold equity interests in a holder. This summary also does not consider the taxation of the Taxable Bonds under state, local or non-U.S. tax laws. In addition, this summary generally is limited to U.S. tax considerations applicable to investors that acquire their Taxable Bonds pursuant to this offering for the issue price that is applicable to such Taxable Bonds (i.e., the price at

which a substantial amount of the Taxable Bonds are sold to the public) and who will hold their Taxable Bonds as "capital assets" within the meaning of Section 1221 of the Code.

As used herein, "U.S. Holder" means a beneficial owner of a Taxable Bond that for U.S. federal income tax purposes is an individual citizen or resident of the United States, a corporation or other entity taxable as a corporation created or organized in or under the laws of the United States or any state thereof (including the District of Columbia), an estate the income of which is subject to U.S. federal income taxation regardless of its source or a trust where a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons (as defined in the Code) have the authority to control all substantial decisions of the trust (or a trust that has made a valid election under U.S. Treasury Regulations to be treated as a domestic trust). As used herein, "Non-U.S. Holder" generally means a beneficial owner of a Taxable Bond (other than a partnership) that is not a U.S. Holder. If a partnership holds Taxable Bonds, the tax treatment of such partnership or a partner in such partnership generally will depend upon the status of the partner and upon the activities of the partnership. Partnerships holding Taxable Bonds, and partners in such partnerships, should consult their own tax advisors regarding the tax consequences of an investment in the Taxable Bonds (including their status as U.S. Holders or Non-U.S. Holders).

Prospective investors should consult their own tax advisors in determining the U.S. federal, state, local or non-U.S. tax consequences to them from the purchase, ownership and disposition of the Taxable Bonds in light of their particular circumstances.

For U.S. Holders of Taxable Bonds

Interest. Interest on the Taxable Bonds generally will be taxable to a U.S. Holder as ordinary interest income at the time such amounts are accrued or received, in accordance with the U.S. Holder's method of accounting for U.S. federal income tax purposes.

To the extent that the issue price of any maturity of the Taxable Bonds is less than the amount to be paid at maturity of such Taxable Bonds (excluding amounts stated to be interest and payable at least annually over the term of such Taxable Bonds) by more than a de minimis amount, the difference may constitute original issue discount ("OID"). U.S. Holders of Taxable Bonds will be required to include OID in income for U.S. federal income tax purposes as it accrues, in accordance with a constant yield method based on a compounding of interest (which may be before the receipt of cash payments attributable to such income). Under this method, U.S. Holders generally will be required to include in income increasingly greater amounts of OID in successive accrual periods.

Taxable Bonds purchased for an amount in excess of the principal amount payable at maturity (or, in some cases, at their earlier call date) will be treated as issued at a premium. A U.S. Holder of a Taxable Bond issued at a premium may make an election, applicable to all debt securities purchased at a premium by such U.S. Holder, to amortize such premium, using a constant yield method over the term of such Taxable Bond.

Sale or Other Taxable Disposition of the Taxable Bonds. Unless a nonrecognition provision of the Code applies, the sale, exchange, redemption, retirement (including pursuant to an offer by the Authority) or other disposition of a Taxable Bond will be a taxable event for U.S. federal income tax purposes. In such event, in general, a U.S. Holder of a Taxable Bond will recognize gain or loss equal to the difference between (i) the amount of cash plus the fair market value of property received (except to the extent attributable to accrued but unpaid interest on the Taxable Bond, which will be taxed in the manner described above) and (ii) the U.S. Holder's adjusted U.S. federal income tax basis in the Taxable Bond (generally, the purchase price paid by the U.S. Holder for the Taxable Bond, decreased by any amortized premium, and increased by the amount of any OID previously included in income by such U.S. Holder with respect to such Taxable Bond). Any such gain or loss generally will be capital gain or loss. In the case of a non-corporate U.S. Holder of the Taxable Bonds, the maximum marginal U.S. federal income tax rate applicable to any such gain will be lower than the maximum

marginal U.S. federal income tax rate applicable to ordinary income if such U.S. holder's holding period for the Taxable Bonds exceeds one year. The deductibility of capital losses is subject to limitations.

Defeasance of the Taxable Bonds. If the Authority defeases any Taxable Bond, the Taxable Bond may be deemed to be retired for U.S. federal income tax purposes as a result of the defeasance. In that event, in general, a holder will recognize taxable gain or loss equal to the difference between (i) the amount realized from the deemed sale, exchange or retirement (less any accrued qualified stated interest which will be taxable as such) and (ii) the holder's adjusted U.S. federal income tax basis in the Taxable Bond.

Information Reporting and Backup Withholding. Payments on the Taxable Bonds generally will be subject to U.S. information reporting and possibly to "backup withholding." Under Section 3406 of the Code and applicable U.S. Treasury Regulations issued thereunder, a non-corporate U.S. Holder of the Taxable Bonds may be subject to backup withholding with respect to "reportable payments," which include interest paid on the Taxable Bonds and the gross proceeds of a sale, exchange, redemption, retirement or other disposition of the Taxable Bonds. The payor will be required to deduct and withhold the prescribed amounts if (i) the payee fails to furnish a U.S. taxpayer identification number ("TIN") to the payor in the manner required, (ii) the IRS notifies the payor that the TIN furnished by the payee is incorrect, (iii) there has been a "notified payee underreporting" described in Section 3406(c) of the Code or (iv) the payee fails to certify under penalty of perjury that the payee is not subject to withholding under Section 3406(a)(1)(C) of the Code. Amounts withheld under the backup withholding rules may be refunded or credited against the U.S. Holder's federal income tax liability, if any, provided that the required information is timely furnished to the IRS. Certain U.S. Holders (including among others, corporations and certain tax-exempt organizations) are not subject to backup withholding. The failure to comply with the backup withholding rules may result in the imposition of penalties by the IRS.

For Non-U.S. Holders of Taxable Bonds

Interest. Subject to the discussions below under the headings "Information Reporting and Backup Withholding" and "Foreign Account Tax Compliance Act ("FATCA")—U.S. Holders and Non-U.S. Holders," payments of principal of, and interest on, any Taxable Bond to a Non-U.S. Holder, other than (1) a controlled foreign corporation described in Section 881(c)(3)(C) of the Code, and (2) a bank which acquires such Taxable Bond in consideration of an extension of credit made pursuant to a loan agreement entered into in the ordinary course of business, will not be subject to any U.S. federal withholding tax provided that the Beneficial Owner of the Taxable Bond provides a certification completed in compliance with applicable statutory and regulatory requirements, which requirements are discussed below under the heading "Information Reporting and Backup Withholding," or an exemption is otherwise established.

Disposition of the Taxable Bonds. Subject to the discussions below under the headings "Information Reporting and Backup Withholding" and "Foreign Account Tax Compliance Act ("FATCA,")—U.S. Holders and Non-U.S. Holders," any gain realized by a Non-U.S. Holder upon the sale, exchange, redemption, retirement (including pursuant to an offer by the Authority or a deemed retirement due to defeasance of the Taxable Bond) or other disposition of a Taxable Bond generally will not be subject to U.S. federal income tax, unless (i) such gain is effectively connected with the conduct by such Non-U.S. Holder of a trade or business within the United States; or (ii) in the case of any gain realized by an individual Non-U.S. Holder, such holder is present in the United States for 183 days or more in the taxable year of such sale, exchange, redemption, retirement (including pursuant to an offer by the Authority) or other disposition and certain other conditions are met.

Information Reporting and Backup Withholding. Subject to the discussion below under the heading "Foreign Account Tax Compliance Act ("FATCA")—U.S. Holders and Non-U.S. Holders," under current U.S. Treasury Regulations, payments of principal and interest on any Taxable Bonds to a holder that is not a United States person will not be subject to any backup withholding tax requirements if the Beneficial Owner of the Taxable Bond or a financial institution holding the Taxable Bond on behalf of the Beneficial Owner in the ordinary course of its trade or business provides an appropriate certification to the payor and the payor does not have actual knowledge that the certification is false. If a Beneficial Owner provides the certification, the

certification must give the name and address of such owner, state that such owner is not a United States person, or, in the case of an individual, that such owner is neither a citizen nor a resident of the United States, and the owner must sign the certificate under penalties of perjury.

Foreign Account Tax Compliance Act ("FATCA")—U.S. Holders and Non-U.S. Holders of Taxable Bonds

Sections 1471 through 1474 of the Code impose a 30% withholding tax on certain types of payments made to foreign financial institutions, unless the foreign financial institution enters into an agreement with the U.S. Treasury to, among other things, undertake to identify accounts held by certain U.S. persons or U.S.-owned entities, annually report certain information about such accounts, and withhold 30% on payments to account holders whose actions prevent it from complying with these and other reporting requirements, or unless the foreign financial institution is otherwise exempt from those requirements. In addition, FATCA imposes a 30% withholding tax on the same types of payments to a non-financial foreign entity unless the entity certifies that it does not have any substantial U.S. owners or the entity furnishes identifying information regarding each substantial U.S. owner. Under current guidance, failure to comply with the additional certification, information reporting and other specified requirements imposed under FATCA could result in the 30% withholding tax being imposed on payments of interest on the Taxable Bonds. In general, withholding under FATCA currently applies to payments of U.S. source interest (including OID) and, under current guidance, will apply to certain "passthru" payments no earlier than the date that is two years after publication of final U.S. Treasury Regulations defining the term "foreign passthru payments." Prospective investors should consult their own tax advisors regarding FATCA and its effect on them.

The foregoing summary is included herein for general information only and does not discuss all aspects of U.S. federal taxation that may be relevant to a particular holder of Taxable Bonds in light of the holder's particular circumstances and income tax situation. Prospective investors are urged to consult their own tax advisors as to any tax consequences to them from the purchase, ownership and disposition of Taxable Bonds, including the application and effect of state, local, non-U.S., and other tax laws.

CHARTER SCHOOL FACILITIES PROGRAM AND AWARD FUNDING

Leroy F. Greene School Facilities Act of 1998

General. The State's Leroy F. Greene School Facilities Act of 1998 (the "Greene Act") established, among other things, funds in the State Treasury known as the 1998 State School Facilities Fund approved by Proposition 1A, the 2002 State School Facilities Fund approved by Proposition 47, the 2004 State School Facilities Fund approved by Proposition 55, the 2006 State School Facilities Fund approved by Proposition 1D, the 2016 State School Facilities Fund approved by Proposition 51, and the 2024 State School Facilities Fund approved by the voters of the State on November 5, 2024 (each, a "State School Facilities Fund"). Pursuant to the Greene Act, all money in each of the respective State School Facilities Funds, including any money deposited in such State School Facilities Fund from any source, is continuously appropriated without regard to fiscal years for expenditure pursuant to the Greene Code.

The following public agencies and bodies are involved in implementing portions of the Greene Act in connection with the State School Facilities Funds.

State Allocation Board. The State Allocation Board determines the allocation of State resources including, among other things, proceeds of general obligation bonds and other designated State funds for new construction and modernization of public school facilities. The State Allocation Board is authorized to make apportionments from amounts on deposit in the applicable State School Facilities Fund and any amount of bonds that the State School Building Finance Committee has authorized but the State Treasurer has not sold. The State Allocation Board is permitted to make disbursements pursuant to any apportionment made from any funds in the applicable State School Facilities Fund irrespective of whether there exists at the time of the disbursement an amount in such State School Facilities Fund sufficient to permit payment in full of all apportionments previously made.

Office of Public School Construction. The Office of Public School Construction (the "Office of Public School Construction") serves as staff to the State Allocation Board. The Office of Public School Construction verifies that all applicants meet specific criteria based on the type of eligibility of funding which is being requested and to work with applicants to assist them through the process.

Division of the State Architect. The Division of the State Architect (the "Division of the State Architect") reviews plans and specifications to ensure that they comply with the State's building codes, including, but not limited to, those relating to structural and seismic safety. The Division of the State Architect's approval is required prior to the execution of a construction contract for which the applicant seeks State funding.

School Facilities Planning Division. The California Department of Education's School Facilities Planning Division (the "School Facilities Planning Division") reviews and approves school district and public school sites and construction plans to ensure, among other things, the proposed facility is adequate for education and whether the needs of students and faculty will be met.

California School Finance Authority. With respect to charter schools, the Authority is required under the Greene Act to make a determination as to each applicant's financial soundness as a condition to eligibility for the program. See " – Charter School Facilities Program – Financial Soundness Requirement" herein.

State School Facilities Bonds

Proposition 47. The Class Size Reduction Kindergarten – University Public Education Facilities Bond Act of 2002 appeared on the November 5, 2002 ballot as Proposition 47 ("Proposition 47") and was approved by State voters. Proposition 47 authorized the sale and issuance of $13.05 billion in general obligation bonds by

the State to fund construction and renovation of K-12 school facilities ($11.4 billion) and higher education facilities ($1.65 billion). Proposition 47 includes $6.35 billion for land acquisition and new construction. To be eligible for bond proceeds under Proposition 47, K-12 school districts are required to pay 50% of the costs for land acquisition and new construction with local revenues. Proposition 47 also provided that up to $100 million would be allocated for charter school facilities.

Proposition 55. The Kindergarten-University Public Education Facilities Bond Act of 2004 appeared on the March 2, 2004 ballot as Proposition 55 ("Proposition 55") and was approved by State voters. Proposition 55 authorizes the sale and issuance of $12.3 billion in general obligation bonds by the State for funding construction and renovation of public K-12 school facilities ($10 billion) and public higher education facilities ($2.3 billion). Under Proposition 55, a school district is required to provide a 50% matching share for new construction or a 60% matching share for modernization projects with local resources unless it qualifies for state hardship funding. Proposition 55 also allocates up to $300 million of new construction funds for charter school facilities.

Proposition 1D. The Kindergarten-University Public Education Facilities Bond Act of 2006 was approved by State voters at the November 7, 2006 ballot as Proposition 1D ("Proposition 1D"). Proposition 1D authorizes the sale and issuance of $10.4 billion in general obligation bonds by the State for funding the construction and renovation of public K-12 school facilities ($7.3 billion) and public higher education facilities ($3.1 billion). Proceeds of bonds issued by the State under Proposition 1D are required to be deposited in the 2006 State School Facilities Fund established in the State Treasury under the Greene Act and allocated by the State Allocation Board. Proposition 1D includes $1.9 billion for land acquisition and construction of new school buildings. Under Proposition 1D, a school district is required to pay for 50% of costs with local resources unless it qualifies for state hardship funding. Proposition 1D also allocates $500 million for charter school facilities.

Proposition 51. The Kindergarten Through Community College Public Education Facilities Bond Act of 2016 ("Proposition 51") was approved by voters of the State on November 8, 2016. Proposition 51 authorizes the sale and issuance of $9 billion in State general obligation bonds by the State for new construction and modernization of K-12 and community college facilities. Proceeds of bonds issued by the State under Proposition 51 are required to be deposited in the 2016 State School Facilities Fund established in the State Treasury under the Greene Act and allocated by the State Allocation Board. Proposition 51 includes $3 billion for the new construction of K-12 facilities and an additional $3 billion for the modernization of existing K-12 facilities. Proposition 51 allocates $500 million for charter school facilities.

2024 State School Facilities Bond. The Kindergarten Through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair and Safety Bond Act of 2024 (the "2024 State School Facilities Bond" was a ballot measure that was approved by State voters on November 5, 2024. The 2024 State School Facilities Bond authorizes the sale and issuance of $10 billion in State general obligation bonds for the repair, upgrade and construction of facilities at K-12 public schools, community colleges and career technical education programs, including the development of health and safety conditions. The 2024 State School Facilities Bond includes $3.3 billion for the new construction of K-12 facilities and an additional $4 billion for the modernization of existing K-12 facilities. A total of $600 million will be available for the modernization and new construction of charter school facilities. However, the Project is not eligible for funds related to the 2024 State School Facilities Bond, as only new applicants may receive such funds.

Charter School Facilities Program

This section describes the general process by which a charter school project may qualify for funding under the State's Charter School Facilities Program. For specific information on the current status of the funding for the MSA-5 Facility under the CSFP program, please see " – MSA-5 – Milestones Achieved and Current Status Under the Charter School Facilities Program" below.

The Charter School Facilities Program allows charter schools to access state facility funding for new construction and is jointly administered by (i) the Office of Public School Construction, on behalf of the State Allocation Board, and (ii) the Authority. Of awards under the Charter School Facilities Program in respect of an eligible project, 50% will be received in the form of a grant from the State, while the remaining 50%, constituting the Local Matching Share (defined herein), will be in the form of a loan that will be repaid to the State through level payments over 30 years. See " – MSA-5 – Milestones Achieved and Current Status Under the Charter School Facilities Program – Loan for Local Matching Share; Interest Rate."

Charter School Facilities Accounts. Although the Greene Act was approved in 1998 in conjunction with the passage of a State school facilities bond authorized as Proposition 1A, no funds were allocated for charter schools under Proposition 1A. It was only in 2002, with the passage of Proposition 47, that the Charter School Facilities Program (the "Charter School Facilities Program") was established to provide funding to qualifying entities for the purpose of establishing school facilities for charter school pupils. In accordance therewith, the Greene Act established a 2002 Charter School Facilities Account within the 2002 State School Facilities Fund, a 2004 Charter School Facilities Account within the 2004 State School Facilities Fund, a 2006 Charter School Facilities Account within the 2006 State School Facilities Fund, a 2016 Charter School Facilities Account within the 2016 State School Facilities Fund, and a 2024 Charter School Facilities Account within the 2024 State School Facilities Fund (each, a "Charter School Facilities Account"). Pursuant to the Greene Act, amounts on deposit in each Charter School Facilities Account are to be continuously appropriated for the purposes set forth in the Greene Act for charter schools.

Funding under the Charter School Facilities Program is available to school districts applying on behalf of charter schools that are physically within the boundaries of such school district and to charter schools, so long as the charter school has provided notice to the superintendent and governing board of the school district in whose boundaries the charter school is located.

Local Matching Share. Facilities funded pursuant to the Charter School Facilities Program are required to have a 50% local share matching obligation for site acquisition and new construction (the "Local Matching Share"). The State will fund an amount not to exceed 50% of the total project cost. Site acquisition costs may include up to 50% of the cost for the review, approval and oversight of the Phase I Environmental Site Assessment and the Preliminary Endangerment Assessment. The Local Matching Share can be provided through a lump sum payment or payments or through lease or loan payments to the State. If the applicant expects to receive a significant contribution from a third party, the applicant is required to provide information describing whether it proposes to use the contribution to cover costs which are in excess of the eligible costs as determined by the State Allocation Board or to meet the applicant's Local Matching Share or both. See " – MSA-5 – Local Matching Share" herein.

Governmental Approvals. Projects eligible to be funded under the Charter School Facilities Program are limited to new construction or rehabilitation of school facilities for charter school pupils and are required to comply with all requirements regarding public school construction, plan approvals, toxic substance review, site section and site approval, including regulations adopted by the Division of the State Architect. The approval granted by the Division of the State Architect must be current as of the time of submittal. In addition, all plans and specifications for new construction or rehabilitation of any school building require the Division of the State Architect's approval prior to signing a construction contract. In the event that the applicant enters into a contract for construction prior to receiving approval from the Division of the State Architect, the project may not be approved. See " – MSA-5 – Governmental Approvals" herein.

The Charter School Facilities Program requires any plans submitted to the Office of Public School Construction to have the approval of the California Department of Education (the "Department of Education"). The final plan approval letter from the Department of Education must accompany the funding application. If the proposed project site has not previously received the approval of the Department of Education, the Department of Education must approve the proposed site for any new construction project (the "CDE Site Approval"). In addition to the Department of Education's site approval letter, the Office of Public School Construction requires each applicant to provide an appraisal (an "Appraisal") dated within six months of the application submittal and an escrow closing statement or court order of condemnation proceedings.

The Government Code sets forth certain requirements with respect to hiring design professionals and standards. The applicant is required to adhere to regulations regarding procurement and prevailing wage rules. If the Office of Public School Construction determines that the applicant has not complied with such rules, the applicant is permitted to appeal to the State Allocation Board. However, the applicant may be penalized or lose the requested Apportionment in its entirety.

The application process requires the charter school to submit a Form SAB 50-09 and supporting documents, which provide the Office of Public School Construction with general project information to determine the future new construction or rehabilitation adjusted grant, the grade level of the project, and the number of pupils to be served by the project. Once the Office of Public School Construction receives the preliminary application, it will conduct an initial review to ensure that the pupil grants or rehabilitation square footage requested is commensurate with the project being built.

Financial Soundness Requirement. The Greene Act requires the Authority to make a determination for each applicant pursuant to the Greene Act (a "Financial Soundness Determination"). The Greene Act mandates that, in order to be eligible for the Charter School Facilities Program, a charter school demonstrate, over a period of time determined by the Authority, but not less than 24 months immediately preceding the submission of the application, that the applicant has operated as a financially capable concern in the State, as measured by criteria established by the Authority. A charter school that cannot demonstrate that it has been a financially capable concern for at least 24 months immediately preceding the submission of the application, due solely to not having operated as a charter school for at least 24 months, may meet the 24-month requirement if the charter school is managed by staff who have at least 24 months of documented experience, as measured by criteria established by the Authority and the charter school has an educational plan, financial resources, facilities expertise, management expertise, and has been a financially capable concern for at least 24 months, as established by the Authority. See " – MA-5 – Financial Soundness Requirement" herein.

A Financial Soundness Determination by the Authority is valid for twelve months. A valid Financial Soundness Determination is required for a Preliminary Apportionment, each Advance Apportionment, and for an Unfunded Approval. See " – Unfunded Approvals" below.

Preliminary Apportionment. The Charter School Facilities Program requires each applicant to submit a certification from the governing board of the district within which the charter school is physically located of the number of unhoused pupils for that district determined pursuant to the Greene Act that will be housed by the project for which the preliminary application has been submitted. The Authority is required to consider whether the applicant is financially sound and, if so, to make a Financial Soundness determination (defined herein) and to make a recommendation to the State Allocation Board. The State Allocation Board may approve the preliminary application and a Preliminary Apportionment for funding pursuant to the Greene Act. The term "Preliminary Apportionment" means an apportionment or reservation of funds made by resolution of the State Allocation Board for eligible applicants under the Charter School Facilities Program, in advance of full compliance with all of the application requirements otherwise required for an apportionment pursuant to Charter School Facilities Program. In addition, the State Allocation Board may authorize the release of funds for planning and site acquisition prior to the approval of the project by the Department of General Services pursuant to the Field Act. See " – MSA-5 – Preliminary Apportionment" herein.

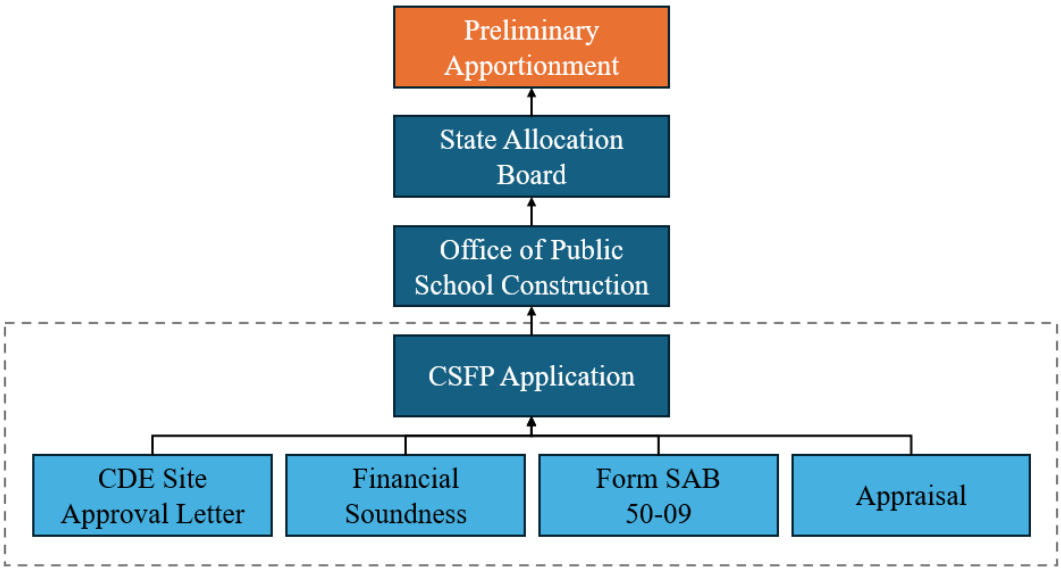

Preliminary Apportionment Process. If the estimated total apportionment of applicants with a Financial Soundness Determination exceeds the funds available, the State Allocation Board will allocate Preliminary Apportionments or Final Apportionments by seeking to ensure that, when considered as a whole, the approved applications are fairly representative of (i) various geographical regions of the State, (ii) urban, rural, and suburban regions of the State, (iii) large, medium, and small charter schools throughout the State, and (iv) the various grade levels of the pupils served by charter school applications. Within each of the aforementioned categories, the State Allocation Board is required to give preference to charter schools in overcrowded school districts, charter schools in low-income areas, charter schools operated by nonprofit entities, and charter schools that use existing district facilities.

To the extent that the value of the eligible applications exceeds the amount that the State Allocation Board has available for providing Preliminary Apportionments or Final Apportionments, the Office of Public School Construction will use a process to determine the priority of each project (the "Priority Funding Process"). The preference point system allows applicants to receive up to 160 points, which includes 40 points for status as a nonprofit, 40 points for rehabilitation projects, a sliding scale of zero to 40 points for charter schools in low income areas, and a sliding scale of zero to 40 points for charter schools in overcrowded school districts.

The Preliminary Apportionment serves as a reservation of funds for a project during the period in which the applicant solicits approvals from the various State entities for such project.

The following diagram reflects the requirements and process to obtain a Preliminary Apportionment.

REQUIREMENTS AND PROCESS TO PRELIMINARY APPORTIONMENT

State Allocation Board Applications and Charter School Agreements. In order to receive an advance release of the Preliminary Apportionment (an "Advance Apportionment") or Final Apportionment for site acquisition, an applicant is required to submit an application to request authorization for fund release ("Form SAB 50-05"), have a current Financial Soundness Determination and execute each of the Charter School Agreements (defined herein) to the extent applicable. The agreement setting forth the terms of use of program funds and project facilities and identifying the respective roles and responsibilities of each party involved in the project (the "Memorandum of Understanding"), the agreement describing the terms of payment of the Local Matching Share (the "Funding Agreement"), and the agreement between the school district/local government

Powered by BoardOnTrack

entity and the charter school pertaining to the use of the facility (the "Use Agreement") are, collectively, referred to herein as the "Charter School Agreements." In addition, the applicant must receive a CDE Site Approval, provide an Appraisal, and submit an application for Preliminary Apportionment ("Form SAB 50-09"). If the charter school holds title to the property, the charter school must also provide executed covenants, conditions, and restrictions, a preliminary title report, and an insurance policy.

Conversion and Unfunded Approvals. Eligible applicants for the Charter School Facilities Program have four years to convert their Preliminary Apportionments to an Unfunded Approval. Applicants are permitted to apply for a single one-year extension, which the State Allocation Board may grant at its discretion. If an extension is sought, the State Allocation Board requires applicants to provide evidence that the Department of Education has made a contingent or final CDE Site Approval of the proposed site and the Division of the State Architect has confirmed it has received the final project plans for review and approval, or other evidence satisfactory to the State Allocation Board justifying the extension.

To place a proposed project on the Unfunded List, an eligible applicant must complete the following steps pursuant to which a Preliminary Apportionment becomes eligible for conversion by the State Allocation Board to a Final Apportionment: (i) receipt of a Financial Soundness Determination from the Authority applicable to the Final Apportionment, (ii) entry into the Charter School Agreements described above, (iii) the Division of the State Architect approval of the applicant's project plans and specifications and issuance of a Notice to Proceed, (iv) applicant has filed Form SAB 50-04 Application for Funding with the California Department of General Services, Office of Public School Construction, and (v) compliance with all rules and regulations of the Charter School Facilities Program, now or hereafter created, applicable to applicant's Application or Applications (collectively, "Conversion").

Upon completion of the Conversion process by the applicant, and approval of the final project costs by the State Allocation Board, the applicant has an "Unfunded Approval," which means that the State Allocation Board has resolved to make a Final Apportionment in accordance with the Greene Act once funds are available in the State School Facilities Funds. In addition, the State Allocation Board will place the proposed project on the "Unfunded List."

To the extent that the State issues general obligation bonds, which include amounts allocable to the State School Facilities Bonds, amounts may be deposited in the State School Facilities Funds. The allocation of the Final Apportionment is subject to the ability of the State Allocation Board to apportion those funds. The approval of a project and the placement of such project on the Unfunded List do not constitute a guarantee or commitment of future State funding and may not be relied on in any manner as any kind of representation or indication of future State funding. Since the commencement of the Charter School Facilities Program, the State has appropriated funding for every project that has been listed on the Unfunded List (except that funding has not yet been appropriated for the projects listed as Unfunded Approvals on Table 3 below).

Final Apportionment. To receive a Final Apportionment, the applicant must submit a complete request within four years of the date of the Preliminary Apportionment unless the applicant has received approval of an extension pursuant to Section 1859.166.1 of Title 2 of the California Code of Regulations. If the request for Final Apportionment is equal to or less than the Preliminary Apportionment, the Final Apportionment will be funded entirely. The State Allocation Board will transfer the difference between the Final Apportionment and the Preliminary Apportionment to the Unrestricted Charter School Fund in the appropriate Charter School Facilities Account. The Final Apportionment will become the full and final apportionment for the project.

If the request for Final Apportionment is greater than the Preliminary Apportionment, the State Allocation Board has the authority to convert the Preliminary Apportionment to a Final Apportionment by either (a) funding the Final Apportionment entirely if the balance in the Unrestricted Charter School Fund in the appropriate Charter School Facilities Account is greater than the difference in the Final Apportionment and the Preliminary Apportionment or (b) funding the Final Apportionment using any remaining balance in the Unrestricted Charter School Fund in the appropriate Charter School Facilities Account if the balance in the

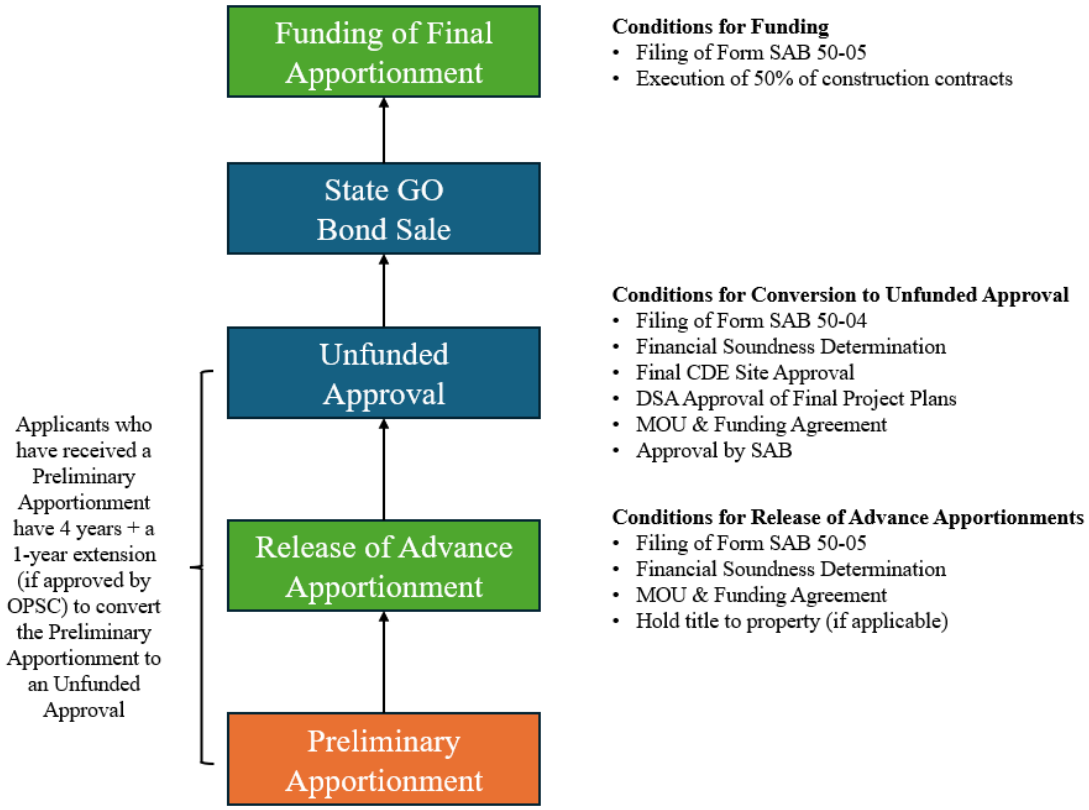

Unrestricted Charter School Fund in the appropriate Charter School Facilities Account is less than the difference in the Final Apportionment and the Preliminary Apportionment. In either case, such Final Apportionment will be the full and final apportionment for the project.

The amount of any Unfunded Approval will not exceed the funds on deposit in the applicable State School Facilities Fund together any amount of bonds which the State School Building Finance Committee has authorized but the State Treasurer has not yet sold. See " – Allocation of State General Obligation Bond Proceeds" and "CERTAIN RISK FACTORS" herein.

If the applicant fails to complete the request for a Final Apportionment in a timely manner, the State Allocation Board will rescind the applicant's Preliminary Apportionment, including any portion that has been released as an Advanced Release of funds as provided in Section 1859.164.2 of the California Code of Regulations. Such amounts will be transferred to the Unrestricted Charter School Fund within the appropriate Charter School Facility Account.

Historical Awards and Funding. To date, Final Apportionments under the Charter School Facilities Program have been received in response to 108 applications, funding facilities projects for 86 charter schools. Since the commencement of the Charter School Facilities Program, the State has appropriated funding for every project that has been listed on the Unfunded List (except that funding has not yet been appropriated for the projects listed as Unfunded Approvals on Table 3 below). To date, only six applicants that have received an Advance Apportionment later abandoned the applicable project without converting to a Final Apportionment. The following diagram reflects the requirements and process to obtain funding for a Final Apportionment.

MSA-5 – Milestones Achieved and Current Status Under the Charter School Facilities Program

This section describes the specific progress of MERF in seeking funding for the MSA-5 Facility under the Charter School Facilities Program requirements initially described above under " – Charter School Facilities Program."

The following timeline indicates the completion of various steps by MERF in seeking funding for the MSA-5 Facility under the Charter School Facilities Program. MERF is pursuing certain approvals and funding for the Project in three phases or "increments" as follows: the 1st increment, consisting of site work; the 2nd increment, consisting of construction of the academic building; and the 3rd increment, consisting of construction of the gymnasium.

Date	*Event/Description*
May 2022	**Application Submittal:** MERF submitted its initial application for a Preliminary Apportionment through the Charter School Facilities Program to the Office of Public School Construction in May 2022.
October 2022	**Financial Soundness Determination:** On October 24, 2022, the Authority adopted a resolution approving a Financial Soundness Determination for MERF which was applicable for a Preliminary Apportionment and an Advance Apportionment for the Project.
October 2022	**Allocation of Preliminary Apportionment:** On October 26, 2022, the State Allocation Board allocated to MERF a Preliminary Apportionment in the amount of $50,832,332 for the acquisition and development of the MSA-5 Facility. MERF is currently in the process of Conversion to receive a Final Apportionment for the MSA-5 Facility.
March 2024	**Financial Soundness Determination:** On March 28, 2024, the Authority adopted a resolution approving a Financial Soundness Determination for MERF for the purpose of an Advance Apportionment.
June-July 2024	**Submission of Plans to DOE:** MERF submitted plans and specifications relating to the MSA-5 Facility to the Department of Education for final site approval in June 2024 and final plan approval in July 2024.
September 2024	**Site Approval:** The Department of Education provided to MERF its final site approval for the MSA-5 Facility on September 16, 2024.
September 2024	**Division of the State Architect Approval** – 1st Increment: The Division of the State Architect approved the Project plans and specifications for the 1st increment of the Project on September 25, 2024.
January 2025	**Plan Approval:** The Department of Education provided to MERF its final plan approval for the MSA-5 Facility on January 3, 2025.
June 2025	**Division of the State Architect Approval** – 2nd Increment: The Division of the State Architect approved the Project plans and specifications for the 2nd increment of the Project in June 2025.
January 2026	**Division of the State Architect Approval** – 3rd Increment: The Division of the State Architect approved the Project plans and specifications for the 3rd increment of the Project in January 2026.

Date	*Event/Description*
February 2026	**Submission of Form SAB 50-04** – MERF submitted Form SAB 50-04 in February 2026, well in advance of the October 26, 2026 deadline. Form 50-04 includes, among other things, MERF's final requests for Project funding for the applicable increment, reflecting all adjustments and revisions to Project costs since the Preliminary Apportionment. The total amount of apportionment expected to be received is currently $49,878,660.

For projected completion of remaining steps in the process to receive a Final Apportionment for the MSA-5 Facility, see " – Allocation of State General Obligation Bond Proceeds" below.

Funding to Date. Since the date of the Preliminary Apportionment, MERF has received approximately $13,832,733 from the State Allocation Board, which includes $3,952,733.20 for design costs and $9,880,000 for site acquisition and preparation costs. Pursuant to the Greene Act, MERF is required to effect the Conversion (defined herein) of the Preliminary Apportionment to a Final Apportionment by October 26, 2026; provided that, if an extension is approved, the deadline for the Conversion may be as late as October 26, 2027. See "CHARTER SCHOOL FACILITIES PROGRAM AND AWARD FUNDING – Charter School Facilities Program – Preliminary Apportionment" herein.

Loan for Local Matching Share; Interest Rate. Of the total funding received under the Charter School Facilities Program in respect of the MSA-5 Facility, 50% will be received in the form of a grant, while the remaining 50%, constituting the Local Matching Share, will be in the form of a loan that will be repaid to the State through level payments over 30 years. See " – Charter School Facilities Program – Local Matching Share" above. Given the amount reflected in the Form SAB 50-04 submitted for the MSA-5 Facility of $49,878,660, the loan for MERF's Local Matching Share would be in the amount of $24,939,330.

Pursuant to Education Code Section 17078.57, the interest rate in respect of this loan will be the lower of (i) the rate paid on moneys in the State's Pooled Money Investment Account as of the date of disbursement of the funding, or (ii) a rate equal to 50% of the interest rate paid by the State on the most recent sale of State general obligation bonds, in each case with such interest rate computed according to the true interest cost method.

Current Status of the Conversion Process by MERF

Financial Soundness Determination. Pursuant to the Charter School Facilities Program, MERF must receive a Financial Soundness Determination from the California School Finance Authority applicable to the Final Apportionment. MERF has received Financial Soundness Determinations in the past. However, the Authority's regulations for the Charter School Facilities Program provide that a Financial Soundness Determination will be valid for a period of 12 months for purposes of the State Allocation Board's approval of an application for Final Apportionment. MERF expects to receive its next Financial Soundness Determination in March 2026, which may be in place through MERF's completion of the Conversion process.

Execution of the Charter School Agreements. In connection with the Unfunded Approval of a disbursement of the loan portion of the Final Apportionment, the Borrower is required to enter into Charter School Agreements to the extent applicable. See "– State Allocation Board Applications and Charter School Agreements." MERF executed the Funding Agreement, dated as of June 23, 2023, among the State Allocation Board, the Authority and MERF. The Borrower also executed the Memorandum of Understanding, dated as July 12, 2023, by and among the State Allocation Board, the Authority and MERF, as operator of MSA-5.

Approval by the California Department of Education. On April 24, 2023, the Department of Education provided to MERF its Initial CDE Evaluation. The Department of Education requires, among other things, approval of the MSA-5 Facility by the Department of Toxic Substances Control ("DTSC") in order to grant the CDE Site Approval. DTSC approved the Project in October 2023; and the Department of Education provided

its final site approval for the MSA-5 Facility in September 2024. See "CHARTER SCHOOL FACILITIES PROGRAM AND AWARD FUNDING – Allocation of State General Obligation Bond Proceeds."

Approval by the Division of the State Architect. As of the date hereof, the Division of the State Architect has received MERF's Project plans and specifications for all three increments of the Project and has issued plan approval for all three increments of the Project. See "CHARTER SCHOOL FACILITIES PROGRAM AND AWARD FUNDING – Allocation of State General Obligation Bond Proceeds."

Execution of Binding Construction Contracts. MERF is required to execute binding contracts for at least 50% of the construction included in the plans and specifications applicable to the Project. Pursuant to the Charter School Facilities Program, the approval of the Division of the State Architect is a condition precedent to the execution of any construction contract. MERF had entered into binding construction contracts for the 2nd increment by November 2025, and such contracts with respect to the 1st increment and 2nd increment constitute greater than 50% of the construction included in the plans and specifications applicable to the Project. See "THE PROJECT – Construction Agreements" in the forepart of this Limited Offering Memorandum. Notwithstanding the foregoing, neither (i) execution of binding construction contracts for the entire Project, nor (ii) completion of construction of the 2nd increment are necessary to complete the Conversion process and to receive its Final Apportionment.

Filing of Form SAB 50-04. To complete the Conversion process, MERF is required to file Form SAB 50-04, the "Application for Funding," and submit such application to the State Allocation Board through the Office of Public School Construction. MERF submitted Form SAB 50-04 in February 2026, well in advance of the October 26, 2026 deadline. Form SAB 50-04 includes, among other things, MERF's final requests for Project funding for the applicable increment, reflecting all adjustments and revisions to Project costs since the Preliminary Apportionment. See "CHARTER SCHOOL FACILITIES PROGRAM AND AWARD FUNDING – Allocation of State General Obligation Bond Proceeds." The total amount of apportionment expected to be received in accordance with the Form SAB 50-04 submitted by MERF is currently $49,878,660.

MERF's Form SAB50-04 and the supporting materials submitted therewith will be reviewed by staff of the Office of Public School Construction before the project is considered for approval and placement on the Unfunded List by the State Allocation Board. MERF expects the State Allocation Board to consider its application in May 2026. Approval by the State Allocation Board in May 2026 would position the Project to be considered under the Priority Funding process in November 2026, and to receive proceeds of a Fall 2026 bond sale by the State. However, any delay in (i) consideration by the State Allocation Board, (ii) placement of the Project on the Unfunded List, or (iii) availability of proceeds of State general obligation bonds, may delay MERF's eligibility to receive such funding.

MERF expects the Project to be placed on the Unfunded List and expects to participate in the Priority Funding Process prior to the receipt of a Final Apportionment. Since the commencement of the Charter School Facilities Program, the State has appropriated funding for every project that has been listed on the Unfunded List (except that funding has not yet been appropriated for the projects listed as Unfunded Approvals on Table 3 below).

Allocation of State General Obligation Bond Proceeds

This Limited Operating Memorandum sets forth the projected date of the Unfunded Approval and the Final Apportionment, other applicants to the Charter School Facilities Program and their Preliminary Apportionments and current Conversion deadlines, and the State Allocation Board's remaining authorization for the Charter School Facilities Program as of the date hereof. The schedule by which MERF expects to receive its Unfunded Approval and the Final Apportionment for the Project involves known and unknown risks, uncertainties and other factors such as the completion of the Conversion process by other applicants and the

State's issuance of general obligation bonds that may cause actual results, performance or achievements to be materially different from those projected in the Limited Offering Memorandum.

MERF expects the State to issue general obligation bonds in 2026. The State will use the proceeds of such general obligation bonds to finance grants to various programs including, it is anticipated, MSA-5. The following table sets forth the Borrower's projected schedule of events and tasks culminating in receipt of its Final Apportionment.

(2) See "– Current Status of the Conversion Process by MERF" herein.
(3) Projected.
(4) To the extent the proceeds from the sale of State's general obligation bonds, which are expected to be issued in the Fall of 2026, are not sufficient to finance the Borrower's Final Apportionment, MERF is eligible to receive proceeds from a subsequent issuance of general obligation bonds. Neither MERF nor the Borrower can predict whether or when the State may issue State general obligation bonds.

To qualify for funding from proceeds of general obligation bonds, projects must be on the Unfunded List. In order to be placed on the Unfunded List, a project must receive a Preliminary Apportionment and complete the Conversion process. The following table sets forth the State Allocation Board's remaining unallocated authority to provide Final Apportionments, the Unfunded Approvals under each State School Facility Bond, and the remaining authority to provide Final Apportionments less the Unfunded Approvals.

(3) Includes $36,999,599 in respect of the Final Apportionment for the Project.
(4) The Project is not eligible for funding under the 2024 State School Facilities Fund. Only new applicants may qualify for such funding.

In the event that the proceeds available to finance grants under the Charter School Facilities Program are not sufficient to finance all projects on the Unfunded List, the State Allocation Board will fund projects in order of their State Allocation Board approval date and in order within each source of bonds. See "– State School Facilities Bonds."

On October 26, 2022, the Project received a Preliminary Apportionment from the State Allocation Board in the amount of $50,832,332, of which the State Allocation Board has disbursed $13,832,733. MERF expects that the Final Apportionment in the amount of $36,045,927 will be sufficient to pay principal of the Grant Anticipation Notes when due. This remaining amount of the Preliminary Apportionment is reserved for the Project until and unless MERF either fails to complete the Conversion process prior to the applicable deadline, or after having completed the Conversion process and with the Project placed on the Unfunded List, fails to timely submit a priority funding request.

The following table sets forth the aggregate amount of Final Apportionments approved by the State Allocation Board and aggregate amount of Preliminary Apportionments for applicants that have submitted Form SAB 50-04 to the State Allocation Board for approval.

(2) Such applicant is eligible for a one-time, one-year extension. However, neither MERF nor the Borrower can predict whether any or all of such applicants will complete the Conversion process prior to MERF.
Source: Office of Public School Construction.

The sum of (i) the CSFP award allocation for current applicants without Unfunded Approvals shown in Table 4 above (approximately $120.5 million) and (ii) the total apportionment for current Unfunded Approvals set forth in Table 3 above (approximately $55.4 million), equals approximately $146.0 million, which does not exceed the remaining funding authority for the applicable State School Facilities Funds reflected in Table 2 ($170.3 million). Thus, the State Allocation Board has sufficient authority under the Charter School Facilities Program to fully fund the Project and to place the Project on the Unfunded List when MERF completes the Conversion process. The State has not yet issued general obligation bonds to fund any of the projects reflected in Table 3 or Table 4.

While the voters in the State have approved the issuance of general obligation bonds to generate the necessary funds for the State Allocation Board to fund all of the current CSFP projects shown in Table 3 and Table 4 above, a number of additional procedural actions are required, including approval of the State School Building Finance Committee. MERF expects the Project to be placed on the Unfunded List upon the completion of the Conversion process and to receive a Final Apportionment from proceeds of general obligation bonds issued by the State in 2026 subject to availability of such funds. See "CHARTER SCHOOL FACILITIES PROGRAM – MSA-5 – Milestones Achieved and Current Status Under the Charter School Facilities Program."

History of Award Funding. As noted above, since the commencement of the Charter School Facilities Program, the State has appropriated funding for every project that has been listed on the Unfunded List (except that funding has not yet been appropriated for the projects listed as Unfunded Approvals on Table 3 above). No assurance can be made as to the date by which the State may issue general obligation bonds for the purpose of funding any award pursuant to the Charter School Facilities Program, including any award in respect of the MSA-5 Facility.

Issuance of State General Obligation Bonds. State general obligation bonds to fund awards under the Charter School Facilities Program are issued under the applicable voter approved bond act (see " – State School Facility Bonds" above) and a bond resolution approved by the State School Building Finance Committee. The timing of the bond sales is determined by the State Treasurer. The Public Finance Division of the State Treasurer's Office ("PFD") manages the State's debt portfolio, overseeing the issuance of debt, and monitors and services the State's outstanding debt. PFD also handles the sale of general obligation bonds and other forms of debt.

Generally, because of certain blackout periods, the State issues general obligation bonds (i) in the spring, from the beginning of March through mid-April, and (ii) in the fall, from late August through mid-November. As noted above, no assurance can be made as to the date by which the State may issue general obligation bonds for the purpose of funding any award pursuant to the Charter School Facilities Program, including any award in respect of the MSA-5 Facility. See "CERTAIN RISK FACTORS – Availability of State General Obligation Bond Proceeds."

Lien and Covenants, Conditions, and Restrictions pursuant to the Education Code

State Lien. The State has recorded a notice of lien pursuant to Section 17078.63(a) of the Education Code stating that the MSA-5 Facility is held in trust by MERF for the benefit of the State public school system.

Covenants, Conditions and Restrictions. MERF has recorded a restrictive covenant pursuant to Section 17078.63(a) of the Education Code that provides the following:

1. The MSA-5 Facility and any facilities constructed, rehabilitated, or retrofitted at the MSA-5 Facility using funds allocated pursuant to the Greene Act shall be used only for public school purposes as authorized in the California Constitution and statute;

2. In the event the MSA-5 Facility is no longer needed for charter school purposes, title to the MSA-5 Facility shall vest in the school district in which the property is physically located, which the school district shall hold in trust for benefit of the State public school system. The remainder interest provided in the restrictive covenant shall be triggered when the MSA-5 Facility is no longer needed for charter school purposes and shall then be subject to paragraphs (2) to (6) , inclusive, of subdivision (b) of Section 17078.62 of the Education Code;

3. In the event the District disclaims its interest in the Facilities, title shall vest in the State;

4. A successor charter school, qualified pursuant to Section 17078.62(b)(2) of the Education Code (the "MERF's successor"), shall be permitted to meet its facility needs by occupying the MSA-5 Facility, for the

benefit of the State public school system, on equal terms as MERF, including, but not limited to, assumption of fee simple title to the MSA-5 Facility; and

5. The restrictive covenant shall run with the land and shall be binding upon MERF, MERF's successors, and all parties having or acquiring any right, title or interest in the MSA-5 Facility or any part thereof, and shall inure to the benefit of the State.

MERF does not expect the MSA-5 Facility to be developed in a manner sufficient for the operation of a charter school or a traditional public school until completion of the Project. MERF cannot predict whether the State, the District, or another charter school operator would accept the MSA-5 Facility in its present condition or if the Project were completed. If such entities decline to take possession of the MSA-5 Facility, it is possible that the MSA-5 Facility could be disposed in a manner that is applicable to the disposal of surplus public school sites. See "CERTAIN RISK FACTORS – Prior Lien on the MSA-5 Facility" herein.

As security for the payment of the Grant Anticipation Notes, the Authority in the Note Indenture assigns to the Trustee certain of the Authority's rights under the Note Loan Agreement, including the right to receive Payments under the Note Indenture, but excluding any deposits to the Rebate Fund; and the Borrower will assent to such assignment and agrees to make payments from Grant Anticipation Note Loan Agreement Revenues directly to the Trustee, without defense or set off by reason of any dispute between the Borrower and the Authority or the Trustee. By virtue of such assignment and certain obligations of the Borrower to the Trustee, the Trustee shall be a third-party beneficiary of the Note Loan Agreement and will have the right to enforce the obligations of the Borrower under the Note Loan Agreement, subject to the limitations hereof, including the limitations set forth in the Note Loan Agreement.

No lien on the MSA-5 Facility secures MERF's obligations under the Grant Anticipation Note Loan Agreement, or the Borrower's obligations under the Note Loan Agreement. See "CERTAIN RISK FACTORS – No Fee Interest in Certain Facilities."

Limitation on Disposition of Property, Plant and Equipment and the Project. Pursuant to the Grant Anticipation Note Loan Agreement, MERF covenants and agrees that it will not sell or otherwise dispose, including any disposition by lease, of the property, plant and equipment consisting of all or any part of the MSA-5 Facility, except for disposition or transfers:(a) of property, plant and equipment no longer necessary for the operation of the MSA-5 Facility; (b) of property, plant and equipment replaced by property, plant and equipment of similar type and/or of substantially equivalent function with a substantially equivalent value; or (c) of property, plant and equipment sold or disposed of at a price equal to their fair market value.

Under the Note Loan Agreement, MERF may not cause or permit any portion of the MSA-5 Facility that is part of the Project to be used or operated in any manner except in conjunction with a school under the Charter School Law.

BOOK-ENTRY SYSTEM

The Depository Trust Company ("DTC"), will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered Bond certificate will be issued for each maturity of each Series of Bonds, each in the aggregate principal amount of that maturity of Bonds, and will be deposited with DTC. If, however, the aggregate principal amount of any series and maturity exceeds $500 million, one certificate will be issued with respect to each $500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such series and maturity.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.6 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Authority or the Trustee, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee, or the Authority, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Authority or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Authority or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The Authority may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Borrower believes to be reliable, but neither the Authority nor the Borrower take responsibility for the accuracy thereof.

FORM OF OPINION OF BOND COUNSEL

Upon the delivery of the Bonds, Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the Authority, proposes to deliver its final approving opinion with respect to the Bonds in substantially the following form:

[Date of Delivery]

California School Finance Authority
Sacramento, California

California School Finance Authority Charter School Revenue Bonds
(Magnolia Public Schools – Obligated Group), Series 2026C

and

California School Finance Authority Charter School Revenue Bonds
(Magnolia Public Schools – Obligated Group), Series 2026D (Taxable)

(Final Opinion)

Ladies and Gentlemen:

We have acted as bond counsel to the California School Finance Authority (the "Authority") in connection with the issuance of $_____ aggregate principal amount of California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026C (the "Series 2026C Bonds") and $_____ aggregate principal amount of California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026D (Taxable) (the "Series 2026D Bonds" and, together with the Series 2026C Bonds, the "Bonds"), issued pursuant to an indenture, dated as of November 1, 2026 (the "Indenture"), between the Authority and UMB Bank, National Association, as trustee (the "Trustee"). The Indenture provides that the Bonds are issued for the stated purpose of making a loan of the proceeds thereof to Magnolia Properties Management, Inc. (the "Borrower"), a California nonprofit public benefit corporation, pursuant to a loan agreement, dated as of November 1, 2026 (the "Loan Agreement"), between the Authority and the Borrower. Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Indenture.

In such connection, we have reviewed the Indenture, the Loan Agreement, the Master Indenture of Trust, the Supplemental MTI for Obligation No. 3, the Intercept Notice, the School Loan Agreement, the Tax Certificate, opinions of counsel to the Authority, the Trustee, the Borrower and Magnolia Educational & Research Foundation, a California nonprofit public benefit corporation ("MERF"), certificates of the Authority, the Trustee, the Borrower, MERF and others, and such other documents, opinions and matters to the extent we deemed necessary to render the opinions set forth herein.

We have assumed the correctness of the opinion of Musick, Peeler & Garrett LLP, Los Angeles, California, counsel to the Borrower and MERF, regarding, among other matters, the current qualification of the Borrower and MERF as organizations described in Section 501(c)(3) of the Internal Revenue Code of 1986 (the "Code"), the use of the facilities financed or refinanced with the proceeds of the Series 2026C Bonds in activities that are not considered unrelated trade or business activities of the Borrower and MERF within the meaning of

Section 513 of the Code, and the status of MERF as a charter school organized under the Charter School Law. We note that such opinion is subject to a number of qualifications and limitations. Failure of the Borrower or MERF to be organized and operated in accordance with the Internal Revenue Service's requirements for the maintenance of its respective status as an organization described in Section 501(c)(3) of the Code, or use of the bond-financed or refinanced facilities in activities that are considered unrelated trade or business activities of the Borrower and MERF within the meaning of Section 513 of the Code, may result in interest on the Series 2026C Bonds being included in gross income for federal income tax purposes, possibly from the date of issuance of the Series 2026C Bonds.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after the original delivery of the Bonds on the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after the original delivery of the Bonds on the date hereof. Accordingly, this letter speaks only as of its date and is not intended to, and may not, be relied upon or otherwise used in connection with any such actions, events or matters. Our engagement with respect to the Bonds has concluded with their issuance, and we disclaim any obligation to update this letter. We have assumed that each document and each signature thereon provided to us is genuine and that each such document has been duly and legally executed by, and constitutes a valid and binding agreement of, each party thereto other than the Authority. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents, and of the legal conclusions contained in the opinions, referred to in the second and third paragraphs hereof. Furthermore, we have assumed compliance with all covenants and agreements contained in the Indenture, the Loan Agreement, the Master Indenture of Trust, the Supplemental MTI for Obligation No. 3, the School Loan Agreement, the Intercept Notice and the Tax Certificate, including (without limitation) covenants and agreements compliance with which is necessary to assure that future actions, omissions or events will not cause interest on the Series 2026C Bonds to be included in gross income for federal income tax purposes. We call attention to the fact that the rights and obligations under the Bonds, the Indenture, the Master Indenture of Trust, the Supplemental MTI for Obligation No. 3, the Loan Agreement, the School Loan Agreement, the Intercept Notice and the Tax Certificate, and their enforceability, may be subject to bankruptcy, insolvency, receivership, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases, and to the limitations on legal remedies against governmental entities such as the Authority in the State of California. We express no opinion with respect to any indemnification, contribution, liquidated damages, penalty (including any remedy deemed to constitute a penalty), right of set-off, arbitration, judicial reference, choice of law, choice of forum, choice of venue, non-exclusivity of remedies, waiver or severability provisions contained in the foregoing documents, nor do we express any opinion with respect to the state or quality of title to or interest in any of the real or personal property described in or as subject to the lien of the Indenture, the Loan Agreement, the Master Indenture of Trust, the Supplemental MTI for Obligation No. 3, or the Lease, or the accuracy or sufficiency of the description contained therein of, or the remedies available to enforce liens on, any such property. Our services did not include financial or other non-legal advice. Finally, we undertake no responsibility for the accuracy, completeness or fairness of the Limited Offering Memorandum, dated _____, 2026, relating to the Bonds, or other offering material relating to the Bonds and express no view with respect thereto.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Bonds constitute the valid and binding limited obligations of the Authority.

2. The Indenture has been duly executed and delivered by, and constitutes the valid and binding agreement of, the Authority. The Indenture creates a valid pledge, to secure the payment of the principal of and interest on the Bonds, of the Payments (except Payments pursuant to the Intercept Notice) and any other amounts (excluding proceeds of the sale of the Bonds) held by the Trustee in any fund or account established pursuant to

the Indenture (other than the Rebate Fund), subject to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth in the Indenture. The Bonds are further secured by apportionments from the State Controller, pursuant to Section 17199.4 of the California Education Code and the Intercept Notice, of amounts specified in the Intercept Notice and paid directly to the Trustee.

3. The Loan Agreement has been duly executed and delivered by, and constitutes a valid and binding agreement of, the Authority.

4. Interest on the Series 2026C Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Code. Interest on the Series 2026C Bonds is not a specific preference item for purposes of the federal individual alternative minimum tax. We observe that interest on the Series 2026C Bonds included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. We observe that interest on the Series 2026D Bonds is not excluded from gross income under Section 103 of the Code. Interest on the Bonds is exempt from State of California personal income taxes. We express no opinion regarding other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Bonds.

Faithfully yours,

Upon the State Treasurer's and the Authority's acceptance hereof, and approval by the Borrower and the Lessee, this offer will become binding upon the State Treasurer, the Authority, the Borrower, the Lessee and the Underwriter. Capitalized terms used in this Bond Purchase Agreement and not defined herein shall have the meanings ascribed thereto in the Bond Indenture, as defined below.

1. Sale of the Bonds.

(a) Upon the basis of the representations, warranties and agreements herein set forth and subject to the terms and conditions contained herein, the Underwriter hereby agrees to purchase from the State Treasurer, as agent for sale on behalf of the Authority, and the State

Treasurer, as agent for sale on behalf of the Authority, hereby agrees to sell and deliver to the Underwriter, all (but not less than all) of the California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group) Series 2026C, in the aggregate principal amount of $_____ (the "Series 2026C Bonds") and the California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group) Series 2026D (Taxable), in the aggregate principal amount of $_____ (the "Series 2026D Bonds" and together with the Series 2026C Bonds, the "Bonds").

The State Treasurer, the Authority, and the Underwriter acknowledge and agree that (i) the purchase and sale of the Bonds pursuant to this Bond Purchase Agreement is an arm's-length, commercial transaction among the State Treasurer, the Authority, and the Underwriter in which the Underwriter is acting solely as a principal and is not acting as an agent, advisor or fiduciary of the State Treasurer or the Authority; (ii) the Underwriter has not assumed any advisory or fiduciary responsibility to the State Treasurer or the Authority with respect to this Bond Purchase Agreement, the offering of the Bonds and the discussions, undertakings and procedures leading thereto (irrespective of whether the Underwriter, or any affiliate of the Underwriter, has provided other services or is currently providing other services to the State Treasurer or the Authority on other matters); (iii) the only contractual obligations the Underwriter has to the State Treasurer and the Authority with respect to the transactions contemplated hereby are those set forth in this Bond Purchase Agreement; (iv) the Underwriter has financial and other interests that differ from those of the State Treasurer and the Authority; and (v) the State Treasurer and the Authority have consulted with their own legal, accounting, tax, financial and other advisors, as applicable, to the extent they have deemed appropriate. Nothing in this paragraph is intended to limit the Underwriter's obligations of fair dealing under Rule G-17 promulgated by the Municipal Securities Rulemaking Board (the "MSRB").

The Borrower, the Lessee and the Underwriter acknowledge and agree that (i) the purchase and sale of the Bonds pursuant to this Bond Purchase Agreement is an arm's-length, commercial transaction among the Borrower, the Lessee and the Underwriter in which the Underwriter is acting solely as a principal and is not acting as an agent, advisor or fiduciary of the Borrower or the Lessee; (ii) the Underwriter has not assumed any advisory or fiduciary responsibility to the Borrower or the Lessee with respect to this Bond Purchase Agreement, the offering of the Bonds and the discussions, undertakings and procedures leading thereto (irrespective of whether the Underwriter, or any affiliate of the Underwriter, has provided other services or is currently providing other services to the Borrower or the Lessee on other matters), (iii) the only contractual obligations the Underwriter has to the Borrower or the Lessee with respect to the transactions contemplated hereby are those set forth in this Bond Purchase Agreement, (iv) the Underwriter has financial and other interests that differ from those of the Borrower and the Lessee, and (v) the Borrower and the Lessee have consulted with their own legal, accounting, tax, financial and other advisors, as applicable, to the extent they have deemed appropriate. Nothing in this paragraph is intended to limit the Underwriter's obligations of fair dealing under Rule G-17 promulgated by the MSRB.

The Underwriter will purchase the Bonds at a price of $_____ (being the aggregate principal amount of the Bonds of $_____, minus net original issue discount of $_____, less an Underwriter's discount of $_____). The Bonds will be issued pursuant to the Constitution and laws of the State of California (the "State") and particularly under and pursuant to Chapter 18 (commencing with Section 17170) of Part 10 of Division 1 of Title 1 of the California Education Code (the "Act"), and an Indenture, dated as of

November 1, 2026 (the "Bond Indenture"), by and between the Authority and UMB Bank, National Association, as trustee (the "Trustee"). The Bonds will mature in the amounts and on the dates, and bear interest at the rates per annum, and shall be subject to redemption prior to maturity as set forth in EXHIBIT A hereto.

The Authority will loan the proceeds of the sale of the Bonds (the "Loan") to the Borrower pursuant to a loan agreement, dated as of November 1, 2026 (the "Loan Agreement"), by and between the Authority and the Borrower and accepted and acknowledged by MPM Santa Ana LLC ("MPM Santa Ana"), MPM Sherman Way II LLC ("MPM Sherman Way II") and MPM Carl Karcher Way LLC ("MPM Carl Karcher Way"), which proceeds will be used to (i) finance and/or refinance a portion of the costs of the acquisition, construction, expansion, remodeling, renovation, improvement, furnishing and/or equipping of certain public charter school facilities (a) located or to be located at 7111 Winnetka Avenue, in Winnetka, California 91306 (the "MSA-5 Gymnasium"), (b) located at 18120 Sherman Way, Reseda, California 91335 (the "MSA-7 Facility"), and (c) located at 412 W. Carl Karcher Way, Anaheim, California 92801; and (ii) pay the costs of issuance of the Bonds.

MPM Santa Ana will loan certain proceeds of the Bonds to the Lessee pursuant to an Amended and Restated Loan Agreement, dated November 1, 2026 (the "MSA-5 School Loan Agreement").

The Bonds and the interest thereon are payable solely out of certain revenues and income received by the Authority or the Trustee pursuant to the Loan Agreement and Obligation No. 3 relating to the Bonds ("Obligation No. 3") issued by the Borrower in an amount equal to the aggregate principal amount of the Bonds pursuant to an Master Indenture of Trust, dated as of April 1, 2025 (the "Master Indenture"), as supplemented and amended, including by a Supplemental Master Indenture for Obligation No. 3, dated as of November 1, 2026 (the "Third Supplemental Master Indenture"), each by and between the Borrower, as representative of the Obligated Group, and UMB Bank, National Association, as master trustee (the "Master Trustee"). The Obligated Group comprises MPM Santa Ana, MPM Sherman Way LLC, MPM San Diego LLC, MPM Sherman Way II, and MPM Carl Karcher Way (each, a "Member" and collectively, the "Members"), each of which is a California limited liability company, the sole member of each of which is the Borrower.

Pursuant to a Security Agreement (the "Security Agreement") by and between MPM Santa Ana and the Master Trustee, MPM Santa Ana will grant the Master Trustee a security interest in its interest in the MSA-5 School Loan Agreement.

Simultaneously with the issuance of the Bonds, the Lessee will provide to the Controller of the State of California (the "Controller"), a notice (the "Intercept Notice") with respect to each of Magnolia Science Academy 5 ("MSA-5"), Magnolia Science Academy 7 ("MSA-7"), and Magnolia Science Academy Anaheim ("MSA-Anaheim"), including in each case schedules of transfers to the Trustee for amounts to become due and payable on the Bonds to intercept certain amounts apportioned by the State (the "Intercept") pursuant to Section 17199.4 of the Act.

To ensure compliance with the requirements of Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended ("Rule 15c2-12"), the Borrower, the Lessee and KNN Public Finance, LLC, as dissemination agent, will execute and deliver a continuing

disclosure agreement (the "Continuing Disclosure Agreement") pursuant to which the Lessee will annually prepare and provide audited financial statements and specified other information, as well as provide notices of certain enumerated events.

The Authority approved the issuance of the Bonds and certain related matters pursuant to Resolution No. 26-__ adopted on September 24, 2026 (the "Resolution").

The Borrower, on behalf of itself and the Lessee, hereby confirms its authorization to the Underwriter to use the Preliminary Limited Offering Memorandum and Limited Offering Memorandum in connection with the sale of the Bonds.

(c) At 9:00 A.M., Pacific Time, on November __, 2026, or at such other time or on such earlier or later date as we may mutually agree upon (the "Closing Date"), the Authority will deliver or cause to be delivered to such place as we may mutually agree upon, the Bonds, bearing proper CUSIP numbers, duly executed, and the other documents hereinafter mentioned at the offices of Orrick, Herrington & Sutcliffe LLP ("Bond Counsel") in San Francisco, California; and, subject to the conditions of this Bond Purchase Agreement, the Underwriter will cause payment to be made of the purchase price thereof as set forth in paragraph (a) of this Section by federal funds wire payable to the order of the Trustee (such delivery and payment being herein referred to as the "Closing"). Upon initial issuance, the ownership of the Bonds will be registered in such names and in such denominations as the Underwriter shall specify.

(d) Not later than ten calendar days after the Closing Date, the Underwriter shall submit to the Authority the report referenced by Section 1899.532 of Article 4 of Subchapter 4 of Chapter 4, Division 2 of Title 2 of the California Code of Regulations.

(e) The Underwriter has entered into this Bond Purchase Agreement in reliance upon (i) the representations and warranties of the Authority contained herein, (ii) the representations and warranties of the Borrower and the Lessee contained herein, (iii) the certificates of the Authority, the Borrower, the Lessee and the Trustee to be delivered pursuant hereto and (iv) the opinions of Bond Counsel, counsel to the Authority, counsel to the Trustee, and counsel to the Borrower and the Lessee required to be delivered hereby.

(f) The Underwriter acknowledges the restrictions on registration and transfer of the Bonds described in Section 2.03 of the Bond Indenture.

2. Establishment of Issue Price.

(a) The Underwriter agrees to assist the Borrower and the Authority in establishing the issue price of the Series 2026C Bonds and shall execute and deliver to the Borrower and the Authority at Closing an "issue price" or similar certificate, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as EXHIBIT E, with such modifications as may be appropriate or necessary, in the reasonable judgment of the Borrower, the Underwriter, the Authority and Bond Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Series 2026C Bonds.

(b) The Borrower and the Authority will treat the first price at which 10% of each maturity of the Series 2026C Bonds (the "10% test") is sold to the public as the issue price of that maturity. At or promptly after the execution of this Bond Purchase Agreement, the Underwriter shall report to the Borrower and the Authority, with a copy to the State Treasurer, the price or prices at which it has sold to the public each maturity of Series 2026C Bonds. If at that time the 10% test has not been satisfied as to any maturity of the Series 2026C Bonds, the Underwriter agrees to promptly report to the Borrower and the Authority, with a copy to the State Treasurer, the prices at which it sells the unsold Series 2026C Bonds of that maturity to the public. That reporting obligation shall continue, whether or not the Closing Date has occurred, until either (i) the Underwriter has sold all Series 2026C Bonds of that maturity or (ii) the 10% test has been satisfied as to the Series 2026C Bonds of that maturity, provided that, the Underwriter's reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the Borrower, the Authority or bond counsel. For purposes of this Section, if Series 2026C Bonds mature on the same date but have different interest rates, each separate CUSIP number within that maturity will be treated as a separate maturity of the Series 2026C Bonds.

(c) The Underwriter confirms that:

(i) any selling group agreement and any third-party distribution agreement relating to the initial sale of the Series 2026C Bonds to the public, together with the related pricing wires, contains or will contain language obligating each dealer who is a member of the selling group and each broker-dealer that is a party to such third-party distribution agreement, as applicable:

(A) (i) to report the prices at which it sells to the public the unsold Series 2026C Bonds of each maturity allocated to it, whether or not the Closing

Date has occurred, until either all Series 2026C Bonds of that maturity allocated to it have been sold or it is notified by the Underwriter that the 10% test has been satisfied as to the Series 2026C Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the Underwriter, and (ii) to comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Underwriter,

(B) to promptly notify the Underwriter of any sales of Series 2026C Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Series 2026C Bonds to the public (each such term being used as defined below), and

(C) to acknowledge that, unless otherwise advised by the dealer or broker-dealer, the Underwriter shall assume that each order submitted by the dealer or broker-dealer is a sale to the public.

(ii) any selling group agreement relating to the initial sale of the Series 2026C Bonds to the public, together with the related pricing wires, contains or will contain language obligating each dealer that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Series 2026C Bonds to the public to require each broker-dealer that is a party to such third-party distribution agreement to (A) report the prices at which it sells to the public the unsold Series 2026C Bonds of each maturity allocated to it, whether or not the Closing Date has occurred, until either all Series 2026C of that maturity allocated to it have been sold or it is notified by the Underwriter or the dealer that the 10% test has been satisfied as to the Series 2026C Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the Underwriter or the dealer, and (B) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Underwriter or the dealer and as set forth in the related pricing wires.

(d) The Borrower and the Authority acknowledge that, in making the representations set forth in this Section, the Underwriter will rely on (i) in the event a selling group has been created in connection with the initial sale of the Series 2026C Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the Series 2026C Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Series 2026C Bonds, as set forth in a selling group agreement and the related pricing wires, and (ii) in the event that a third-party distribution agreement was employed in connection with the initial sale of the Series 2026C Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing issue price of the Series 2026C Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Series 2026C Bonds, as set forth in the third-party distribution agreement and the related pricing wires. The Borrower and the Authority further acknowledge that the Underwriter shall not be liable for the failure of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement, to comply with its corresponding agreement to comply with the requirements for

establishing issue price of the Series 2026C Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Series 2026C Bonds.

(e) The Underwriter acknowledges that sales of any Series 2026C Bonds to any person that is a related party to an underwriter participating in the initial sale of the Series 2026C Bonds to the public (each such term being used as defined below) shall not constitute sales to the public for purposes of this Section. Further, for purposes of this Section:

(i) "public" means any person other than an underwriter or a related party,

(ii) "underwriter" means (A) any person that agrees pursuant to a written contract with the Authority (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Series 2026C Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Series 2026C Bonds to the public (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the Series 2026C Bonds to the public),

(iii) a purchaser of any of the Series 2026C Bonds is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and

(iv) "sale date" means the date of execution of this Bond Purchase Agreement by all parties.

3. Representations and Agreements of the Authority. The Authority represents and warrants to and agrees with the Underwriter and the Borrower that:

(a) The Authority is a public instrumentality validly existing under the Constitution and laws of the State of California, has full power and authority to issue the Bonds, to adopt the Resolution, to enter into the Bond Indenture, the Loan Agreement and this Bond Purchase Agreement and to perform its obligations under the Authority Documents, and when executed and delivered by the respective parties hereto and thereto, the Authority Documents will constitute the valid and binding obligations of the Authority enforceable in accordance with their respective terms, except as the enforcement thereof may be limited by bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium, or other laws related to or affecting the enforcement of creditors' rights generally and by the application of equitable principles as the court having jurisdiction may impose, regardless of whether such proceeding is considered in a proceeding in equity or at law, and to the exercise of judicial

discretion in appropriate cases and to the limitations on legal remedies against governmental entities in California;

(b) By official action of the Authority prior to or concurrently with the acceptance hereof, the Authority has authorized and approved the distribution of the Preliminary Limited Offering Memorandum, has deemed the Authority Information (as defined herein) in the Preliminary Limited Offering Memorandum "final" for purposes of Rule 15c2-12, the distribution of the Limited Offering Memorandum, and the execution and delivery of, and the performance by the Authority of the obligations on its part contained in, the Bonds and the Authority Documents and the consummation by the Authority of all other financing transactions on its part contemplated by the Limited Offering Memorandum and this Bond Purchase Agreement;

(c) There is no action, suit or proceeding, at law or in equity, before or by any court pending (with service of process having been accomplished against the Authority) or any action, suit, proceeding, inquiry or investigation before any court, governmental agency, public board or body known to the Authority to be threatened against the Authority seeking to restrain or enjoin the issuance, sale, execution or delivery of the Bonds, or contesting any proceedings of the Authority taken concerning the issuance or sale thereof, the pledge or application of any moneys or security provided for the payment of the Bonds, in any way contesting the validity or enforceability of the Bonds or the Authority Documents or contesting in any way the completeness or accuracy of the information under the headings "THE AUTHORITY" or "ABSENCE OF MATERIAL LITIGATION – The Authority" (collectively, the "Authority Information") in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum or the existence or powers of the Authority relating to the issuance of the Bonds;

(d) As of the date thereof and as of the date hereof, the statements and information contained in the Authority Information in the Preliminary Limited Offering Memorandum and Limited Offering Memorandum are true and correct in all material respects, and do not contain an untrue statement of a material fact or omit to state a material fact necessary to make the statements and information therein, in the light of the circumstances under which they were made, not misleading, it being further understood that the Authority makes no representation or warranty regarding any other statement or information in or omissions from the Preliminary Limited Offering Memorandum and Limited Offering Memorandum;

(e) The Authority will furnish such information, execute such instruments and take such other action in cooperation with the Underwriter as the Underwriter may reasonably request in endeavoring (i) to qualify the Bonds for offer and sale under the Blue Sky or other securities laws and regulations of such states and other jurisdictions of the United States as the Underwriter may designate and (ii) to determine the eligibility of the Bonds for investment under the laws of such states and other jurisdictions, and, subject to Section 8 and Section 11 hereof, will use its best efforts to continue such qualification in effect so long as required for distribution of the Bonds; provided, however, that in no event shall the Authority be required to qualify as a foreign corporation in any such state or take any action that would subject it to general, special or unlimited service of process in any jurisdiction in which it is now not so subject;

(f) To the best knowledge of the Authority, the execution and delivery by the Authority of the Bonds and Authority Documents, and compliance with the provisions on the

(g) The Authority is not in material breach of or in material default under any applicable law or administrative regulation of the State or the United States or any applicable material judgment or material decree or any loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the Authority is a party or is otherwise subject, which breach or default would have a material adverse effect on the Authority's ability to perform its obligations under the Authority Documents and no event has occurred and is continuing which, with the passage of time or the giving of notice, or both, would constitute a material breach of or a material default or a material event of default under any such instrument, which breach or default would have a material adverse effect on the Authority's ability to perform its obligations under the Authority Documents;

(h) The Authority agrees to provide the Underwriter, at the expense of the Borrower, with a reasonable number of additional copies of the Authority Documents, as the Underwriter shall request. The Authority authorizes the distribution of the Authority Documents in connection with the offering, sale and distribution of the Bonds;

(i) Any certificate executed by an authorized officer of the Authority and delivered to the Underwriter shall be deemed a representation and warranty by the Authority to the Underwriter as to the statements made therein, and not a representation and warranty of the individual officer executing the same;

(j) If between the date of this Bond Purchase Agreement and up to and including the 25th day following the "end of the underwriting period" (as such term is defined in Rule 15c2-12) an event occurs, of which the Authority has knowledge, which might or would cause the information in the Authority Information contained in the Limited Offering Memorandum, to contain an untrue statement of a material fact or to omit to state a material fact required to be stated therein or necessary to make such information therein, in the light of the circumstances under which they were made, not misleading, or if the Authority is notified by a Borrower pursuant to the provisions of this Bond Purchase Agreement or otherwise requested to amend, supplement or otherwise change the Limited Offering Memorandum, the Authority will notify the Underwriter and the Borrower, and if in the reasonable opinion of the Underwriter such event requires the preparation and publication of a supplement or amendment to the Limited Offering Memorandum, the Authority will cooperate in the amendment or supplementing of the Limited Offering Memorandum in a form and in a manner approved by the Underwriter and counsel to the Authority, provided that all expenses thereby incurred will be paid by the Borrower pursuant hereto and provided further that, for purposes of this provision, the end of the underwriting period shall be the Closing Date unless the Underwriter on or prior to the Closing provides written notice to the contrary to the Authority and the Borrower;

(k) For twenty-five (25) days from the date of the end of the underwriting period, the Authority will not participate in the issuance of any amendment of or supplement to the

Limited Offering Memorandum to which, after being furnished with a copy, the Borrower, the Trustee or the Underwriter shall reasonably object in writing or which shall be disapproved by any of their respective counsel; and

(l) The execution and delivery of this Bond Purchase Agreement by the Authority shall constitute a representation by the Authority to the Underwriter that the representations, warranties and agreements contained in this Section 3 are true as of the date hereof; provided, that as to information furnished by the Borrower or the Lessee pursuant to this Bond Purchase Agreement or otherwise and in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum, the Authority is relying on such information in making the Authority's representations, warranties and agreements; as to all matters of law, other than federal tax and securities laws, the Authority is relying on the advice of counsel to the Authority; and as to matters of federal tax law and securities laws, the Authority is relying on the advice of Bond Counsel; and provided further, that no member of the governing body of the Authority or officer, employee or agent of the Authority shall be individually liable for the breach of any representation, warranty or agreement contained herein.

The Preliminary Limited Offering Memorandum has been deemed "final" within the meaning of Rule 15c2-12. The Limited Offering Memorandum, as amended or supplemented pursuant to the Bond Purchase Agreement, if applicable, will not contain any untrue statement

of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(k) The Borrower and the Members have all necessary power and authority to conduct the business now being conducted by each of them and as contemplated by the Borrower Documents, the Member Documents, and the Limited Offering Memorandum.

(l) If between the date hereof and up to and including the 25th day following the Closing, any event shall occur which might or would cause the Limited Offering Memorandum, as then supplemented or amended, to contain an untrue statement of a material fact or to omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the Borrower shall notify the Authority and the Underwriter; and, if in the opinion of the Borrower, the Lessee, the Authority or the Underwriter such event requires the preparation and publication of a supplement or amendment to the Limited Offering Memorandum, the Borrower will request the Authority to cooperate with the Borrower to cause the Limited Offering Memorandum to be amended or supplemented in a form and in a manner approved by the Underwriter, provided all expenses thereby incurred will be paid by the Borrower or the Lessee.

(m) During the period described in the preceding paragraph, (i) the Borrower will not participate in the issuance of any amendment of or supplement to the Limited Offering Memorandum to which, after being furnished with a copy, either of the Underwriter or the Authority shall reasonably object in writing or which shall be disapproved by their respective counsels and (ii) if any event relating to or affecting the Authority or the Borrower, its operations and financial position or its present or proposed facilities shall occur as a result of which it is necessary, in the opinion of counsel for the Underwriter or the Authority, to amend or supplement the Limited Offering Memorandum in order to make the Limited Offering Memorandum not misleading in the light of the circumstances existing at the time it is delivered to a purchaser, the Borrower will forthwith prepare and furnish to the Underwriter and the Authority (at the expense of the Borrower or the Lessee) a reasonable number of copies of an amendment of or supplement to the Limited Offering Memorandum (in form and substance satisfactory to counsel for the Underwriter and counsel to the Authority) which will amend or supplement the Limited Offering Memorandum so that it will not contain an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances existing at the time the Limited Offering Memorandum, as so amended or supplemented is delivered to a purchaser, not misleading. The Underwriter may also terminate this Bond Purchase Agreement prior to the delivery of and payment for the Bonds if, subsequent to the date hereof, there shall have occurred any event described pursuant to Section 6(b) hereof. The Authority and the Borrower may terminate this Bond Purchase Agreement if the Underwriter shall fail, by the Closing, to perform its obligations contained herein, upon written notice of such termination to the Underwriter.

Any notice of termination pursuant to this Section shall be given in the manner provided in the following section hereof. If this Bond Purchase Agreement shall be terminated as provided in the first paragraph of this Section, such termination shall be without any liability of the State Treasurer, the Authority, the Underwriter or the Borrower; provided, that the obligations of the Borrower set forth in Section 4(n) hereof and Section 8 hereof shall survive any such termination.

connection with this Bond Purchase Agreement or other document or instrument, except to the extent it receives amounts from the Borrower available for such purpose.

12. Indemnification.

(a) The Underwriter agrees to indemnify and hold harmless the Authority and the State Treasurer and the members, officers, agents and employees of the State Treasurer and the Authority against any losses, claims, damages or liabilities to which any of them may become subject, under federal securities laws, or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon any untrue statement or alleged untrue statement of a material fact contained in the "UNDERWRITING" section of the Preliminary Limited Offering Memorandum or Limited Offering Memorandum, or any amendment or supplement thereto, or arise out of or are based upon the omission or alleged omission to state therein a material fact necessary to make the statements therein not misleading, in each case to the extent, but only to the extent, that such untrue statement or omission or alleged omission was made in the "UNDERWRITING" section of the Preliminary Limited Offering Memorandum or Limited Offering Memorandum or any such amendment or supplement in reliance upon and in conformity with written information furnished to the Authority by the Underwriter expressly for use therein or reviewed without comment by the Underwriter; and will reimburse such indemnified parties for any legal or other expenses reasonably incurred thereby in connection with investigating or defending any such action or claim.

(b) Promptly after receipt by an indemnified party pursuant to subsection (a) above of notice of the commencement of any action, such indemnified party shall, if a claim in respect thereof is to be made against the indemnifying party under such subsection, notify in writing of the commencement thereof; but the omission so to notify the indemnifying party shall not relieve it from any liability which it may have to any indemnified party otherwise than under such subsection. In case any such action shall be brought against any indemnified party and it shall notify of the commencement thereof, and shall be entitled to participate therein and to assume the defense thereof, with counsel satisfactory to such indemnified party (who shall not, except with the consent of the indemnified party, be counsel to the indemnifying party or shall otherwise have an actual or potential conflict in such representation), and, after notice to such indemnified party of its election so to assume the defense thereof, shall not be liable to such indemnified party under such subsection for any legal expenses or other counsel or any other expenses, in each case subsequently incurred by such indemnified party, in connection with the defense thereof other than costs of investigation; provided, however, that each indemnified party shall have the right to employ separate counsel in any such action or proceeding and participate in the investigation and defense thereof, and the Underwriter shall pay the fees and expenses of such separate counsel; provided further, however, that such indemnified party may only employ separate counsel at the expense of the Underwriter if (1) the indemnified party engages the of the State as separate counsel, (2) in the judgment of such indemnified party a conflict of interest exists by reason of common representation, (3) if all parties commonly represented do not agree as to the action (or inaction) of counsel, (4) if substantially different or additional defenses apply to such indemnified party, or (5) the Underwriter has failed to assume the defense and employ counsel reasonably acceptable to the indemnified party.

13. Parties in Interest. This Bond Purchase Agreement as heretofore specified shall constitute the entire agreement between us with respect to the subject matter of this Bond Purchase

Agreement and supersedes all prior agreements and understandings, both written and oral, with respect to the subject matter of this Bond Purchase Agreement. This Bond Purchase Agreement is made solely for the benefit of the Authority, the State Treasurer, the Borrower, the Lessee (including the successors of the Authority, the State Treasurer, the Borrower, and the Lessee) and the Underwriter (including successors or assigns of the Underwriter) and no other person shall acquire or have any right hereunder or by virtue hereof. This Bond Purchase Agreement may not be assigned by the Authority, the State Treasurer, the Borrower or the Lessee. Any party bringing a legal action or proceeding against any other party arising out of or relating to this Bond Purchase Agreement shall bring the legal action or proceeding in the Sacramento County Superior Court, Sacramento, California, unless the Authority waives this requirement in writing. Each party agrees that the exclusive (subject to waiver as set forth herein) choice of forum set forth in this section does not prohibit the enforcement of any judgment obtained in that forum or any other appropriate forum. Each party waives, to the fullest extent permitted by law, (a) any objection which it may now or later have to the laying of venue of any legal action or proceeding arising out of or relating to this Bond Purchase Agreement brought in the Sacramento County Superior Court, Sacramento, California, and (b) any claim that any such action or proceeding brought in such court has been brought in an inconvenient forum.

15. Section Headings. Section headings have been inserted in this Bond Purchase Agreement as a matter of convenience of reference only, and it is agreed that such section headings are not a part of this Bond Purchase Agreement and will not be used in the interpretation of any provisions of this Bond Purchase Agreement.

16. Counterparts. This Bond Purchase Agreement may be executed in several counterparts each of which shall be regarded as an original (with the same effect as if the signatures thereto and hereto were upon the same document) and all of which shall constitute one and the same document.

17. Electronic Signatures. Each of the parties hereto agrees that the transaction consisting of this Bond Purchase Agreement may be conducted by electronic means. Each party agrees, and acknowledges that it is such party's intent, that if such party signs this Bond Purchase Agreement using an electronic signature, it is signing, adopting, and accepting this agreement and that signing this Bond Purchase Agreement using an electronic signature is the legal equivalent of having placed its handwritten signature on this Bond Purchase Agreement on paper. Each party acknowledges that it is being provided with an electronic or paper copy of this Bond Purchase Agreement in a usable format.

18. Rules of Construction. The parties hereto acknowledge that each such party and their respective counsel have participated in the drafting and revision of this Bond Purchase Agreement. (Supplemental Opinion)

Ladies and Gentlemen:

This letter is provided pursuant to Section 6(c)(iii) of the Bond Purchase Agreement, dated October __, 2026 (the "Purchase Contract"), among Stifel, Nicolaus & Company, Incorporated (the "Underwriter"), the California School Finance Authority (the "Authority"), the Treasurer of the State of California, as agent for sale on behalf of the Authority, Magnolia Properties Management, Inc., a California nonprofit public benefit corporation (the "Borrower"), and Magnolia Educational & Research Foundation, a California nonprofit public benefit corporation ("MERF"), providing for the purchase by the Underwriter of $_____ aggregate principal amount of California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026C (the "Series 2026C Bonds") and $_____ aggregate principal amount of California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group), Series 2026D (Taxable) (the "Series 2026D Bonds" and, together with the Series 2026C Bonds, the "Bonds"). The Bonds are being issued pursuant to an indenture, dated as of November 1, 2026 (the "Bond Indenture"), between the Authority and UMB Bank, National Association, as trustee (the "Trustee"), for the stated purpose of making a loan of the proceeds thereof to the Borrower. Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Bond Indenture or, if not defined in the Bond Indenture, in the Purchase Contract.

We have delivered our final legal opinion (the "Bond Opinion") as bond counsel to the Authority concerning the validity of the Bonds and certain other matters, dated the date hereof and addressed to the Authority. You may rely on such opinion as though the same were addressed to you.

In connection with our role as bond counsel to the Authority, we have reviewed the Purchase Contract, the Bond Indenture, the Loan Agreement, the Master Indenture of Trust, the Supplemental

MTI for Obligation No. 3, the Tax Certificate, opinions of counsel to the Authority, the Trustee, the Borrower and MERF, certificates of the Authority, the Trustee, the Borrower, MERF and others, and such other documents, opinions and matters to the extent we deemed necessary to render the opinions set forth herein. We have assumed the correctness of the opinion of Musick, Peeler & Garrett LLP, counsel to the Borrower and MERF, regarding, among other matters, the current qualifications of the Borrower and MERF as organizations described in Section 501(c)(3) of the Internal Revenue Code of 1986 (the "Code"). We note that such opinion is subject to a number of qualifications and limitations. We have also assumed the correctness of representations of the Borrower and MERF regarding the use of the facilities financed or refinanced with the proceeds of the Bonds in activities that are not considered unrelated trade or business activities of the Borrower and MERF within the meaning of Section 513 of the Code. Failure of the Borrower or MERF to be organized and operated in accordance with the Internal Revenue Service's requirements for the maintenance of its status as an organization described in Section 501(c)(3) of the Code, or use of the bond-financed or refinanced facilities in activities that are considered unrelated trade or business activities of the Borrower and MERF within the meaning of Section 513 of the Code, could negatively affect several of the opinions set forth below.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after the original delivery of the Bonds on the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after the original delivery of the Bonds on the date hereof. We have assumed that each document and each signature thereon provided to us is genuine and that each such document has been duly and legally executed by, and constitutes a valid and binding agreement of, each party thereto other than the Authority. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents, and of the legal conclusions contained in the opinions, referred to in the third paragraph hereof. We have further assumed compliance with all covenants and agreements contained in such documents. In addition, we call attention to the fact that the rights and obligations under the Bonds, the Bond Indenture, the Loan Agreement, the Tax Certificate and the Purchase Contract and their enforceability may be subject to bankruptcy, insolvency, receivership, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against governmental entities such as the Authority in the State of California. We express no opinion with respect to any indemnification, contribution, liquidated damages, penalty (including any remedy deemed to constitute a penalty), right of set-off, arbitration, judicial reference, choice of law, choice of forum, choice of venue, non-exclusivity of remedies, waiver or severability provisions contained in the foregoing documents, nor do we express any opinions with respect to the state or quality of title to or interest in any real or personal property described in or as subject to the lien of the Bond Indenture or the Loan Agreement or the accuracy or sufficiency of the description contained therein of, or the remedies available to enforce liens on, any such property. Finally, we undertake no responsibility for the accuracy, except as expressly set forth in numbered paragraph 3 below, completeness or fairness of the Limited Offering Memorandum, dated October __, 2026 (the "Limited Offering Memorandum") or other offering material relating to the Bonds and express no view with respect thereto.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Bonds are not subject to the registration requirements of the Securities Act of 1933, as amended, and the Bond Indenture is exempt from qualification pursuant to the Trust Indenture Act of 1939, as amended.

2. The Purchase Contract has been duly executed and delivered by, and constitutes a valid and binding agreement of, the Authority.

3. The statements contained in the Limited Offering Memorandum under the captions "THE BONDS" (excluding information relating to the book-entry system, DTC and securities depositories), "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS," "TAX MATTERS," Appendix C – "SUMMARY OF PRINCIPAL BOND DOCUMENTS," and Appendix H – "FORM OF OPINION OF BOND COUNSEL," excluding any material that may be treated as included under such captions by cross-reference or reference to other documents or sources, insofar as such statements expressly summarize certain provisions of the Bond Indenture, the Loan Agreement, the Master Indenture of Trust, the Supplemental MTI for Obligation No. 3, and the form and content of the Bond Opinion, are accurate in all material respects.

This letter is furnished by us as bond counsel to the Authority. No attorney-client relationship has existed or exists between our firm and the Underwriter in connection with the Bonds or by virtue of this letter. We disclaim any obligation to update this letter. This letter is delivered to you as Underwriter of the Bonds and the Authority, is solely for your benefit in these respective capacities in connection with the original delivery of the Bonds on the date hereof, and is not to be used, circulated, quoted or otherwise referred to or relied upon for any other purpose or by any other person. This letter is not intended to, and may not, be relied upon by owners of the Bonds or by any other party to whom it is not specifically addressed.

Very truly yours,

FORM OF OPINION OF COUNSEL TO THE AUTHORITY

November __, 2026

California School Finance Authority
Sacramento, California

Re: California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group) Series 2026C and

California School Finance Authority Charter School Revenue Bonds (Magnolia Public Schools – Obligated Group) Series 2026D (Taxable)

Ladies and Gentlemen:

We have acted as counsel to the California School Finance Authority (the "Authority") in connection with the issuance of the above-referenced bonds (the "Bonds"). This opinion is delivered to you pursuant to Section 6(c)(xv) of the Bond Purchase Agreement, dated November __, 2026 (the "Purchase Agreement"), among the Authority, the Treasurer of the State of California, as agent for sale on behalf of the Authority, and Stifel, Nicolaus & Company, Incorporated, as underwriter, and approved by Magnolia Properties Management, Inc. (the "Borrower") and Magnolia Educational & Research Foundation.

The Bonds are authorized to be issued pursuant to the provisions of the California School Finance Authority Act, constituting Chapter 18 (commencing with Section 17170) of Part 10 of Division 1 of Title 1 of the Education Code of the State of California. The Bonds are being issued under a bond indenture, dated as of November 1, 2026 (the "Bond Indenture"), between the Authority and UMB bank, National Association, as bond trustee (the "Bond Trustee"). The proceeds of the Bonds are being loaned by the Authority to the Borrower pursuant to a loan agreement, dated as of November 1, 2026 (the "Loan Agreement"), between the Authority and the Borrower. Capitalized terms used herein and not otherwise defined shall have the meanings given such terms in the Bond Indenture.

The Authority's only source of payment for the principal of, premium, if any, or interest on the Bonds are revenues from payments by the Borrower and from certain other limited sources provided for and described in the Bond Indenture. The Authority is not obligated to pay the principal of, premium, if any, or interest on the Bonds except from such revenues and certain other limited sources provided for and described in the Bond Indenture. Neither the faith and credit nor the taxing power of the State of California or any subdivision thereof, or any local agency, is pledged to the payment of the principal of, premium, if any, or interest on the Bonds. The Authority has no taxing power with which to provide for payment of the principal of, premium, if any, or interest on the Bonds, nor does it have the power to commit the faith and credit or the taxing power of the State of California or any subdivision thereof, or any local agency, to the payment of the principal of, premium, if any, or interest on the Bonds.

As to questions of fact material to this opinion, we have relied upon representations contained in the Indenture, the Loan Agreement, and the Purchase Agreement] (the "Authority Documents") and in certain certificates, documents, records, statements, and opinions furnished by, or on behalf of, the Authority and the Borrower, without undertaking to verify such facts by independent investigation. We have reviewed the Authority Documents, certificates of the Authority and others, information in the Limited Offering Memorandum dated as of [date] relating to the Bonds (the "Limited Offering Memorandum") under the captions "THE AUTHORITY" and "ABSENCE OF MATERIAL LITIGATION – The Authority," and such other documents, opinions, and matters to the extent deemed necessary to render the opinions set forth herein. In addition, we have assumed compliance with the covenants and agreements contained in the Authority Documents.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings, and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after the date hereof, and we disclaim any obligation to update this opinion. We have assumed the genuineness of all documents and signatures presented to us (whether as originals or as copies) and the due and legal execution and delivery thereof by, and validity against, any parties other than the Authority. We have not undertaken to verify independently, and have assumed, the accuracy of the factual matters represented, warranted, or certified in the documents, and of the legal conclusions contained in the opinions, referred to in the immediately preceding paragraph hereof.

We express no opinion as to whether interest on the Bonds is excluded from gross income for federal income tax purposes or exempt from State of California personal income taxes or as to any other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the Bonds. Although one or more Authority Documents may reference or incorporate the [Tax Certificate/Agreement], we express no opinion regarding the [Tax Certificate/Agreement]. We take no responsibility for the accuracy, completeness, or fairness of the Limited Offering Memorandum or other offering material relating to the Bonds and express no opinion with respect thereto, except as expressly set forth in numbered paragraph (2) below.

Based upon and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the opinion that:

1. The Authority is a public instrumentality validly existing under the Constitution and laws of the State of California.

2. The Limited Offering Memorandum has been duly authorized by the Authority, and the information contained in the Limited Offering Memorandum under the captions "THE AUTHORITY" and "ABSENCE OF MATERIAL LITIGATION – The Authority" is true and correct.

3. Resolution No. 26-__, adopted on September 24, 2026, approving and authorizing the execution and delivery of the Authority Documents, the Bonds, and the Limited Offering Memorandum, was duly adopted at a meeting of the governing body of the Authority which was called and held pursuant to law and with all public notice required by law and at which a quorum was present and acting throughout.

4. There is no action, suit, or proceeding pending (with service of process against the Authority having been accomplished) or any action, suit, proceeding, inquiry, or investigation before any court, governmental agency, or public board or body to our knowledge threatened against the Authority to restrain or enjoin the issuance or delivery of the Bonds, the collection of revenues pledged under the Bond Indenture, the assignment of the Loan Agreement under the Indenture, or the loaning of the proceeds of the Bonds to the Borrower under the Loan Agreement, or contesting any authority for the issuance of the Bonds, the validity of the Bonds, or the Authority Documents, or contesting the existence or powers of the Authority with respect to the issuance of the Bonds or the security therefor, wherein an unfavorable decision, ruling, or finding would materially adversely affect the transactions contemplated by the Authority Documents or the validity of the Bonds (it being understood that we have made no docket search of state or federal courts nor any other similar inquiry regarding such matters).

5. The execution and delivery of the Bonds and the Authority Documents and compliance with the provisions thereof under the circumstances contemplated thereby do not and will not in any material respect conflict with or constitute on the part of the Authority a breach of or default under any agreement or other instrument known to us to which the Authority is a party or by which it is bound or any existing law, regulation, court order, or consent decree to which the Authority is subject, which would, in any such case, materially adversely affect the Authority's ability to perform its obligations under the Authority Documents; provided that no representation is made regarding compliance with any federal or state securities or "blue sky" laws.

6. The Authority Documents have been duly authorized, executed, and delivered by the Authority and, assuming due authorization, execution, and delivery by the other parties thereto, are valid and binding obligations of the Authority, and the Bonds have been duly authorized, executed, and delivered by the Authority and, assuming proper authentication by the Bond Trustee, constitute valid and binding limited obligations of the Authority, payable only from revenues and from certain other specified funds in accordance with their terms and secured as provided in the Indenture, in each case enforceable in accordance with their respective terms, subject to the laws relating to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium, and other similar laws related to or affecting creditors' rights generally, to the application of equitable principles as the court having jurisdiction may impose, regardless of whether such enforceability is considered in a proceeding in equity or law, to the exercise of judicial discretion in appropriate cases, and to the limitations on legal remedies against governmental entities in the State of California. We express no opinion with respect to any indemnification, contribution, penalty, choice of law, choice of forum, choice of venue, severability, or waiver provisions contained in the Authority Documents.

We are furnishing this letter to you as your counsel. Agenda Item:	V. B. Action Item
Date:	September 14, 2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Patrick Ontiveros, General Counsel & Director of Facilities Mustafa Sahin, Project Manager Katrina Jimenez, Assistant Project Manager
RE:	Approval of Construction and Contractor Change Orders for the Magnolia Science Academy-5 (7111 Winnetka) Project

Action Proposed:

MPS Staff recommends and moves that the Board approve the proposed construction change orders submitted by the prime contractor, Del Amo Construction for the Magnolia Science Academy-5 project located at 7111 Winnetka Ave (the "**Project**"), in a total amount equal to Ninety-Nine Thousand Seven Hundred Fifty-Six and 07/100 Dollars **$99,756.07.**

Purpose:

This item is presented to obtain Board approval of construction change orders associated with the Project.

The proposed change orders address an owner-requested protective coating for the LID planter walls, field modifications required to resolve an underground electrical-line conflict at the north basketball court, structural steel modifications for revised building signage, and various out-of-scope concrete work performed on a time-and-materials basis. Approval of these changes will support continued project progress and completion of the remaining work.

Background:

Construction of the Magnolia Science Academy-5 Project is ongoing and progressing toward completion. As work has advanced, Del Amo Construction ("**DAC**") identified the following scope additions and field modifications requiring approval.

Del Amo Construction ("DAC") Increment 2		
Change Order #	**Description**	**Amount**
PCCO 049	LID Planter - Anti Graffiti Coating Owner requested a micro-seal and two coats of anti-graffiti coating at the LID planter walls.	**$6,977.87**
PCCO 050	North Basketball Court Net-Post Footing Clash Modification of three netting posts due to interference with an underground electrical line	**$1,100.53**
PCO 051.1	Various out-of-scope tasks performed by South West Concrete Various Time & Material (T&M) (Not to exceed amount)	**$69,188.81**
PCCO 053	Building Signage Structural steel modifications to accommodate the owner request addition of "MIDDLE & HIGH SCHOOL" to signage	**$22,488.86**
	CHANGE ORDER TOTAL - DAC:	**$99,756.07**

Analysis and Impact

PCCO 049 covers an owner-requested anti-graffiti coating system at the LID planter walls, including surface preparation, micro-seal, and two finish coats. PCCO 050 covers field modifications to three north basketball court netting posts necessitated by an underground electrical-line conflict.

PCO 051.1, South West Concrete item covers various out-of-scope tasks performed on a time-and-materials basis, subject to a not-to-exceed amount of $69,188.81. PCO 053, Building-signage item covers structural steel modifications required to accommodate the owner-requested addition of "MIDDLE & HIGH SCHOOL" to the signage.

The proposed costs are supported by the contractor documentation included with this report.

These requests have been reviewed and approved by the Project's construction manager, Gateway Science & Engineering ("**GSE**") as being fair and reasonable.

Budget Implications:

The contingency balance immediately prior to the PCCOs presented as part of this report is $226,112.96. Following approval of the present PCCOs in the total net amount of **$99,756.07**, the contingency balance will be $126,356.89, which will continue to be available for future unforeseen conditions and remaining construction activities through Project completion.

Re: Magnolia Science Academy 5 Project – Increment #2, Del Amo Construction
Prime Contract Change Order 034

Dear Mr. Ontiveros,

Our team is in receipt of Del Amo's proposed Change Order regarding the following:

- Anti-graffiti Coating for Biofiltration Planter
- Structural Steel Modifications (RFI 118)
- Net Post Footing Clash (RFI 121)
- Various South West Concrete Time and Material Tickets

We have reviewed and analyzed the Change Order for conformance to Contract Documents and reasonableness of labor time and material costs.

Background and Scope of Work

Anti-graffiti Coating for Biofiltration Planter: Owner-requested addition of anti-graffiti coating for the biofiltration planter concrete walls on Winnetka and Gault due to the high likelihood of graffiti incidents.

Structural Steel Modifications: This change order covers the additional cost of structural steel to support the owner-requested addition of **"MIDDLE & HIGH SCHOOL"** letters to the exterior screen signage.

Net Post Footing Clash: Modification of net post footings per RFI 121 in order to avoid conflict with existing slurry bank. This Change Order covers the cost to modify the steel

South West Concrete Time and Material Tickets: Various Time and Material Tickets for South West Concrete as follows:

- 7/22/26 – Tied to RFI 121 (Net Post Footing Clash), this covers the cost for additional excavation and compaction
- 7/24/26, 7/27/26, 7/28/26 – Field Condition in which northeast curb height did not meet proper slopes per Increment 2 drawings (conflict between Increment 1 and Increment 2 drawings)
- 7/29/26 and 7/30/26 – Modification of transformer pad elevations per RFI 116 and 116.1
- 7/31/26 Pour (Gate Posts) – Modification of gate posts at irrigation backflow due to the presence of slurry per RFI 124
- 8/4/26 and 8/5/26 – Form and Rebar for east exterior stairs (not in Silver Creek scope)
- 8/6/26 – Cut and Demo Asphalt at Southside parking lot to replace with future concrete (could not install gate track over asphalt as designed by DLR)
- 8/6/26 – Patch area damaged by other trades at playfield

- 8/7/26 – Grade Southside parking lot location of future gate track
- 8/10/26 – Form concrete at southside parking lot for future gate track
- 8/11/26 – Pour columns for east exterior stairs (not in Silver Creek scope)
- 8/11/26 – Pad footings at NE entrance against building
- 8/11/26 – Pour at Southside for future gate track
- 8/12/26 – Strip forms for east exterior stair columns (not in Silver Creek scope)
- 8/20/26 – Forms for north and south exterior stairs (not in Silver Creek scope)

Analysis and Cost

The proposed cost of this Change Order is: **$99,756.07** which breaks down as follows:

- Anti-graffiti Coating for Biofiltration Planter - $6,977.87
- Structural Steel Modifications (RFI 118) - $22,488.86
- Net Post Footing Clash (RFI 121) - $1,100.53
- Various South West Concrete Time and Material Tickets - $69,188.81 (original cost of Change Order was $79,741.13 prior to discussions with Del Amo which resulted in approximately $10,000.00 of savings)

We have reviewed Del Amo's proposed Change Order and find it fair and reasonable.

Based upon the information above and attached, we recommend approving this Change Order as submitted.

Question

Question from Austin Duarte Del Amo Construction *on Wednesday, Jul 15, 2026 at 01:04 PM PDT*

5 of the net posts north of the basketball court are clashing with the pullbox slurry bank of conduits. The Slurry is approximately 4.5' below grade. Per AS3.2, net post footings are to be 8'-4" below grade.

1) Please advise if the size of the footing can be enlarged to reduce the depth of the footing or if these net posts can be omitted or provide direction.

The end net post at the SE corner of the basketball court is expected to clash with the building footing.

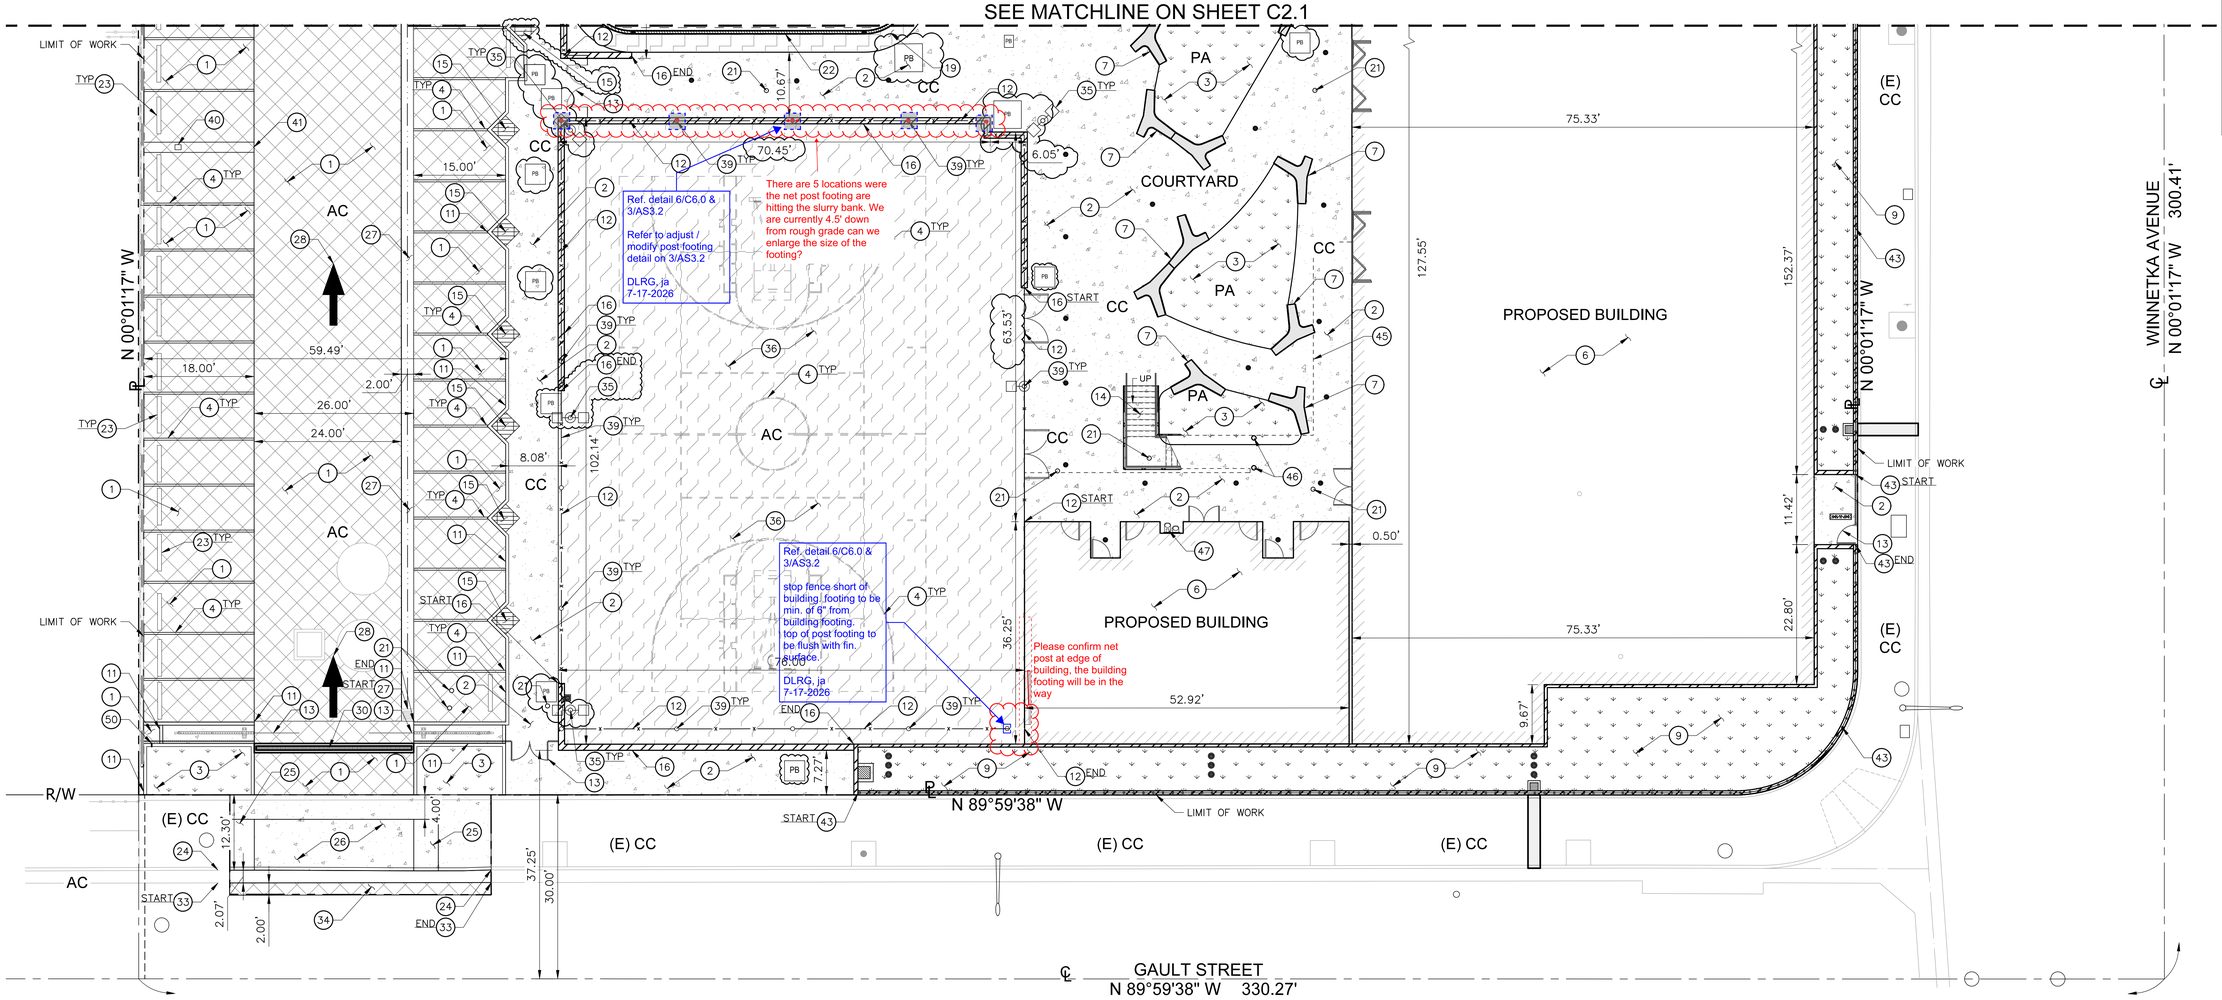

2) Please advise on how to proceed with this footing conflict or provide direction.

Approval of 2025-26 Unaudited Actuals Reports

Item: C. Approval of 2025-26 Unaudited Actuals Reports
Purpose: Vote
Submitted by:
Related Material: V. C. Action Item Approval of 2025-26 Unaudited Actuals Reports.pdf

Agenda Item:	V. C. Action Item
Date:	September 14, 2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("MPS") Board of Directors (the "Board")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Cafer Turan, Interim Chief Financial Officer
RE:	Approval of the 2025-26 Unaudited Actuals for All MPS Sites and MERF

Action Proposed

Staff moves that the MPS Board approve the 2025-26 Unaudited Actuals for all MPS school sites and MERF as presented and authorize management to submit the approved reports to the applicable authorizers and regulatory agencies.

Purpose:

The purpose of this item is to present the fiscal year 2025-26 Unaudited Actuals for Board review and approval. The Unaudited Actuals report the organization's year-end financial results, including revenues, expenditures, changes in net assets, and key variances from the 2025-26 Second Interim Budget.

Background:

California charter schools prepare annual unaudited actual financial reports after each fiscal year closes. These reports provide the Board, authorizers, and other oversight agencies with the organization's preliminary year-end financial position before the annual independent audit is complete. The figures remain subject to audit review and any final audit adjustments.

The 2025-26 Unaudited Actuals were prepared using year-end general ledger activity, year-end close adjustments, updated revenue information, and final site-level expenditure activity. Management also worked closely with the external auditor on complex accounting matters affecting the year-end close, including facility-related and state funding transactions.

Analysis:

On a consolidated basis, the 2025-26 Unaudited Actuals report total revenues of approximately $102.6 million and total expenditures of approximately $89.3 million, resulting in positive net revenue of approximately $13.3 million. This compares with a projected deficit of approximately $3.3 million at Second Interim, a favorable change of approximately $16.5 million.

The organization reported P-2 ADA of approximately 3,572, which was approximately 79 ADA above the Second Interim projection of 3,493. LCFF revenue totaled approximately $53.1 million, about $1.2 million above Second Interim. Other State Revenue was approximately $32.4 million, about $14.5 million above Second Interim and represents the largest consolidated revenue variance.

Management Discussion

- **MSA-5 Prop 1D / State Funding Adjustment.** MSA-5 includes approximately **$15.2 million of CSFP-related revenue recognition** associated with the facility project. This recognition materially impacts the reported year-end results and **should not be interpreted as recurring operating revenue or an equivalent current-year cash inflow** .
- **Revenue Variance.** Consolidated revenue exceeded Second Interim by approximately $17.6 million. Approximately $14.6 million of the increase is reflected in MSA-5 All Other State Revenue, while LCFF revenue was approximately $1.2 million above Second Interim due to higher than expected P-2 ADA and local revenue was also higher than projected.
- **Expenditure Variance.** Total expenditures were approximately $89.3 million, about $1.1 million above Second Interim. The largest consolidated variance was in Services and Other Operating Expenses, which were approximately $1.0 million above budget. Other outflows were approximately $310,000 above Second Interim.
- **Net Revenue / (Deficit).** Reported consolidated Net Revenue was approximately **$13.3 million**. Excluding approximately **$15.2 million of CSFP-related revenue recognition at MSA-5**, the adjusted consolidated result was approximately a **$1.9 million deficit** compared with the **$3.3 million deficit projected at Second Interim**. UAR Net Revenue also includes an additional $1.2 MM in LCFF revenue from higher P-2 ADA which was not accounted for in the 2nd Interim budget.
- **Site-Level Results.** Several sites closed the year with deficits, including **MSA-2, MSA-3, MSA-4, MSA-7, MSA-OC, and MERF**. MSA-OC reported the largest deficit at approximately **$1.08 million**. After excluding the CSFP-related revenue recognition, **MSA-5 also had an adjusted deficit of approximately $359,000**. MSA-1, MSA-6, MSA-8, MSA-SA, and MSA-SD reported positive net revenue
- **Fund Balance / Reserves.** The consolidated ending fund balance is approximately $72.5 million. The report identifies approximately $27.0 million as available for economic uncertainties, equal to approximately 30.2% of consolidated expenditures. Restricted balances and net fixed assets make up the remaining major components of ending fund balance.
- **Audit Status.** These results are unaudited and remain subject to the FY2025-26 independent audit. Management will continue to reconcile supporting schedules and address any audit adjustments identified during the audit process.

Ongoing Fiscal Monitoring

Although consolidated year-end results are positive, management will continue to monitor structural operating results separately from one-time and non-cash accounting adjustments. Particular focus will remain on enrollment and ADA performance, site-level operating deficits, MERF liquidity, facilities and debt service obligations, restricted funding compliance, and timely implementation of corrective actions where needed.

Key Drivers & Follow-Up

Largest favorable change

MERF improved by ~$605K, primarily supported by higher CMO fee revenue as final LCFF/ADA results improved at certain sites.

Site improvements

MSA-7, MSA-3, MSA-8, MSA-SA, and MSA-2 all improved versus Second Interim.

Ongoing pressure points

MSA-OC deficit of ~$1.08M and MSA-5 adjusted deficit of ~$359K require continued monitoring.

Board focus

Continue monthly monitoring of enrollment/ADA, spending controls, CMO fee collections, and deficit-site action plans.

Recommended Board message: approve UAR as presented, while recognizing the adjusted operating deficit and continuing stabilization actions.

MSA-7: Two part-time SPED Aides are being added to support newly enrolled students who require additional support and services identified in their Individualized Education Programs (IEPs).

MSA-OC Anaheim: Three full-time SPED Aides and one full-time Education Specialist are being added due to the increase in the number of Students with Disabilities, including newly enrolled students who require additional support and services identified in their Individualized Education Programs (IEPs). These positions will also support the school's continued growth during its second year of operation.

MSA-Santa Ana (MSA-SA): One full-time SPED Aide and one full-time Education Specialist are being added due to the increase in the number of Students with Disabilities, including newly enrolled students who require additional support and services identified in their Individualized Education Programs (IEPs).

The Special Programs Manager will support school staff and establish systems to address the growing needs of Students with Disabilities and Gifted and Talented Education (GATE) students across MPS campuses. The Grants Manager will support the implementation, monitoring, reporting, and compliance requirements associated with the Federal CSP Grant and other grant-funded initiatives.

Budget Implications:

The fiscal impact of the proposed positions will be incorporated into the applicable school site budgets and funded within available resources in accordance with MPS compensation and benefits practices.

At MSA-4, the Education Specialist will be at $81k plus applicable benefits.

At MSA-5, the full-time IT Technician will be compensated at $35 per hour, Education Specialist at $84K, Dean of Academics 101K, SPED Aide and both Teacher Aides will be at $42 per hour plus applicable benefits.

MSA-7, the vacant Multiple subject teacher position will be eliminated and the funds will be used to cover the cost of two part-time SPED aide positions.

MSA-SA, The SPEd Aide at $24.1 per hour and the Education Specialist at an annual salary of $97.5K plus applicable benefits.

At MSA-OC Anaheim, each of the 3 SPED Aides will be at $23.50 per hour and the Education Specialist will be $97.5K plus applicable benefits.

Agenda Item:	V. E. Action Item
Date:	September 14,2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Gokhan Serce, Chief Academic Officer
RE:	Prop 28 Arts and Music in Schools Funding Annual Reports for 2025-26 Fiscal Year for All MPS Schools

Action Proposed:

Staff recommends and moves that the Board approves the required Proposition 28 Arts and Music in Schools (AMS) Funding Annual Reports for Magnolia Science Academy (MSA)-1, 2, 3, 4, 5, 6, 7, 8, Santa Ana and San Diego for 2025-26 Fiscal Year.

Background:

The Arts and Music in Schools (AMS) initiative provides additional funding for arts education in California public schools. On November 8, 2022, California voters approved Proposition 28: The Arts and Music in Schools Funding Guarantee and Accountability Act. The measure requires the state to establish a new, ongoing program supporting arts instruction in schools beginning in 2023–24. The amount of funding available each fiscal year for the Arts and Music in Schools (AMS) program will be **one percent of the K–12 portion of the Proposition 98 funding guarantee provided** in the prior fiscal year, excluding funding appropriated for the AMS program.

Funding allocations are made available starting in February 2024. Schools received funding in monthly incremental amounts. AMS funds are subject to an annual audit to include verification that LEAs expended funds in accordance with their certifications and the requirements in EC Section 8220 beginning with the 2023–24 annual audit. Funds are set to be delivered every year and can be used over a 3-year period.

MPS Board approved the School Site Proposition 28 Arts and Music in Schools (AMS) Plans for all of the 10 MPS Schools on December 14,2023.

Attached are the required Proposition 28 Arts and Music in Schools (AMS) Funding Annual Reports for MSA-1, 2, 3, 4,5, 6, 7, 8 Santa Ana and San Diego for 2025-26 Fiscal Year.

MSA-OC is entering its second year of operation and won't submit an Annual report yet.

In accordance with the guidelines, the plans and reports are also posted on the MPS website at https://magnoliapublicschools.org/apps/pages/index.jsp?uREC_ID=299495&type=d&termREC_ID=&pREC_ID=1131281

Analysis:

The individual school reports demonstrate that Proposition 28 funds supported a variety of arts and music opportunities across all ten MPS campuses. Most schools used funding primarily for certificated instructional staffing, while several schools also supported instructional materials, student activities, transportation, outside arts services, classified personnel, and teaching aides.

For example, MSA-4 supported arts staffing, instructional supplies, and musical instruments; MSA-6 included arts and STEAM activities as well as outside dance instruction; and MSA-2 supported staffing, supplies, transportation, and arts and music enrichment activities.

Overall, the reports reflect MPS's continued use of Proposition 28 funding to expand and maintain student access to visual arts, music, performing arts, and other arts-related educational opportunities across the organization.

Budget Implications:

There are no new budget implications associated with approval of these annual reports. Proposition 28 expenditures are supported through dedicated Arts and Music in Schools funding and are incorporated into the applicable school budgets.

Approval of Resolution Authorizing a Programmatic Trip to China

Section: V. Action Items
Item: F. Approval of Resolution Authorizing a Programmatic Trip to China
Purpose: Vote
Submitted by:
Related Material:
V. F. Action Item Approval of Resolution Authorizing a Programmatic Trip to China.pdf

Agenda Item:	V. F. Action Item
Date:	September 14, 2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Steven Keskinturk, Principal, MSA-Santa Ana Gokhan Serce, Chief Academic Officer
RE:	Approval of Resolution Authorizing a Programmatic Trip to China

Action Proposed:

Staff recommends and moves that the Board approve the resolution authorizing and facilitating a programmatic Trip to China for students enrolled in the Robotics classes (High School Robotics Course students, and Advisory/SSR Robotics Course students) at Magnolia Science Academy Santa Ana.

Purpose:

The Magnolia Educational & Research Foundation (MERF), a non-profit public benefit corporation operating several public charter schools under the name Magnolia Public Schools (MPS), seeks to provide a programmatic trip opportunity to China for students enrolled in the Robotics classes (High School Robotics Course students, and Advisory/SSR Robotics Course students) at Magnolia Science Academy Santa Ana. This trip, scheduled to take place from November 21 through November 29, 2026, aims to offer unique educational experiences outside the regular school-year curriculum.

The MERF staff has determined that facilitating this trip aligns with MERF's charitable purposes. The trip will not be considered an educational activity under Education Code section 49011 and will not offer course credit. Students will cover the trip costs, including transportation, lodging, and activities. In addition, Magnolia Science Academy Santa Ana may utilize (a) unrestricted donations and fundraising funds or (b) restricted donations and fundraising funds specifically designated for the China Trip to help reduce the overall cost for participating

students, consistent with the provisions outlined in “G&A 121 School Site Accounting” from “VII_F_MPS_Fiscal_Policies_and_Procedures_Manual_2025-26.”

This programmatic international trip to China is an unparalleled opportunity for our students to engage in advanced robotics, artificial intelligence, engineering innovation, and cultural exchange, aligning with Magnolia Public Schools educational objectives. By participating, students will strengthen critical skills such as innovation, collaboration, global citizenship, and technological literacy, preparing them for success in a rapidly evolving global economy.

Background:

The trip is open to students enrolled in the Robotics classes (High School Robotics Course students, and Advisory/SSR Robotics Course students) at Magnolia Science Academy Santa Ana. These students are currently participating in the VEX V5 AI Robotics curriculum, which provides specialized robotics and artificial intelligence instruction distinct from other high school course offerings on campus. The eligible student group currently consists of 15 students.

Magnolia Public Schools staff will support the organization, coordination, and supervision of the trip. The programmatic international trip is planned and led by MagiKid Robotics Lab, a U.S.-based robotics and innovation education organization and official VEX Robotics Event Partner specializing in AI, engineering, and hands-on project-based learning programs.

The trip package includes international and local transportation, flights, accommodations, meals, company visits, workshops, and program activities at a cost of $6,500 per participant. The trip is scheduled to take place from November 21 through November 29, 2026. Efforts are underway to support trip costs through donations, fundraising, and other financial assistance opportunities in order to help reduce costs for participating students. Per the organizer, an additional discount may be available for eligible students based on academic achievement.

Additionally, pre-trip orientation sessions for students, parents, and staff will be conducted to review travel logistics, safety procedures, behavioral expectations, and program details.

Special considerations for the trip include ensuring compliance with both U.S. and China laws, obtaining parental consent forms, and establishing protocols for emergencies abroad. Comprehensive travel and health insurance will be secured, and coordination with the program organizer, MagiKid Robotics Lab, will be undertaken to facilitate travel logistics, accommodations, transportation, and program activities. Additionally, pre-trip orientation

sessions will be conducted to review safety procedures, behavioral expectations, travel guidelines, and cultural norms in China.

Student Safety: MSA-Santa Ana has developed a comprehensive China Trip Safety Plan to support the health, safety, supervision, and well-being of all participants. The plan includes procedures for emergency response and communication, medical needs, student supervision, transportation and lodging safety, travel insurance, and pre-trip preparation for students, parents, and trip leaders. The plan will be reviewed with all participants prior to departure and updated as needed based on current travel conditions and program logistics.

Analysis:

Policy Compliance: This proposed international student trip has been reviewed by the Academic Department and is recommended to move forward for Board consideration. In accordance with G&A 103 – Business Travel and Reimbursement, international student travel requires review and approval through the established workflow, including the Academic Department, CEO, CFO, Risk Management (as applicable), and final approval by the Board of Directors. All travel arrangements, vendor contracts, deposits, payments, and reimbursements will be processed in accordance with applicable MPS Fiscal Policies and Procedures. Any donations or fundraising proceeds used to offset participant costs will be administered in accordance with G&A 121 – School Site Accounting.

Impact:

- **Programmatic Robotics & AI Learning:** Students will participate in robotics workshops, engineering challenges, AI immersive experiences, and technology demonstrations through visits to leading innovation centers, robotics laboratories, and engineering companies.
- **Technology & Innovation Exposure:** Students will experience cutting-edge advancements in robotics, artificial intelligence, virtual reality, drones, and smart manufacturing while visiting internationally recognized technology hubs and innovation parks.
- **Experiential Learning:** Interaction with China's advanced technological, manufacturing, and transportation systems will enhance students' understanding of global innovation, sustainability, and international collaboration.

- **Engineering & Career Exploration:** Students will explore real-world applications of robotics, manufacturing, drones, computer vision, and smart technologies through company visits, startup ecosystem tours, and career exploration sessions with industry professionals.
- **Cultural Exchange:** Students will engage with Chinese culture through historical landmarks, traditional cultural experiences, tea ceremonies, waterfront visits, and international travel experiences that broaden global awareness and cross-cultural understanding.

Budget Implications:

The estimated cost is approximately $6,500 per participant for an estimated 15 students, for a preliminary total program cost of approximately $97,500, subject to final participation and vendor pricing. The trip is expected to be funded primarily through participant payments, with additional support from approved donations and fundraising. No unrestricted MERF General Fund support is requested as part of this item.

All deposits, payments, reimbursements, and travel-related financial commitments will be processed in accordance with MPS Fiscal Policies and Procedures and the required approval workflow.

Magnolia Science Academy Santa Ana

Robotics & AI Education Program Overview

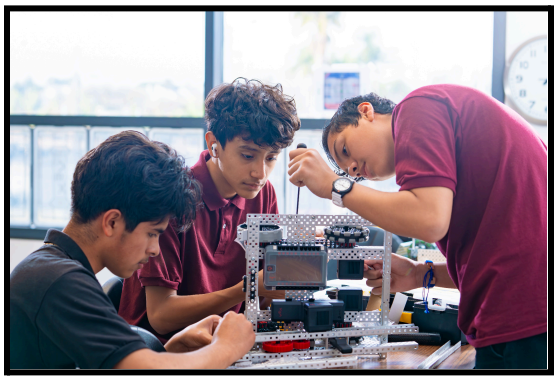

Magnolia Science Academy Santa Ana Robotics & AI Education Initiative

At Magnolia Science Academy Santa Ana, robotics and artificial intelligence are **one of the core elective learning pathways students may choose as part of preparing for the future.** Beginning in elementary school and continuing through high school, students learn by designing, building, programming, and improving real robots — while developing problem-solving, teamwork, and leadership skills. As technology moves rapidly toward AI-driven and humanoid robotics, our goal is simple: our students won't just adapt to the future — they will help shape it.

Program Growth & Student Reach

Our Robotics Program began in a small back-office workspace, serving students through after-school robotics clubs. As student interest and participation rapidly increased, the program grew into a core part of the school experience. Today, robotics is offered not only after school — but also as elective coursework during the school day — giving many more students access to hands-on STEM learning. Now in its **third year**, the program continues to expand, with a long-term goal of reaching **lower elementary students** as well.

MSA Santa Ana is now home to **two dedicated Robotics Labs** — one designed for Elementary & Middle School students and one for High School students. What began in a **small back-office workspace later expanded into a single dedicated Robotics classroom — and now has grown into two fully equipped Robotics Labs.** These learning spaces provide hands-on, real-world experiences where students explore engineering, robotics systems, coding, and emerging AI technologies in a supportive and creative environment.

V.G. Action Item Approval of Current COI and 2026 Biennial Notice - Board Cover Sheet - September 2026.pdf

Agenda Item:	V. G. Action Item
Date:	September 14, 2026
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Alfredo Rubalcava, CEO & Superintendent
RE:	Approval of Current Conflict of Interest Code & Policy and Submission of 2026 Multi-County Agency Biennial Notice to FPPC

Action Proposed:

I move that the Board confirm that it has reviewed the current Magnolia Educational & Research Foundation (MERF) Conflict of Interest Code ("Code") and determined that the Code requires updates and amendments in the following areas:

1. New positions which involve the making or participating in the making of decisions which may foreseeably have a material impact on a financial interest
2. Current designated positions need renaming or deletion
3. Disclosure categories need revision

The Board directs Executive staff to prepare all appropriate changes to the Code and proceed with the procedures and steps outlined by the Fair Political Practices Commission ("FPPC") to implement these changes.

Purpose:

1. Submit to FPPC that the MERF Conflict of Interest Code requires changes through the Biennial Notice, due October 1, 2026.
2. Direct Executive staff to prepare appropriate changes to the Code in alignment with FPPC requirements.

Background:

Pursuant to the Political Reform Act, a California law addressing the avoidance of conflicts of interest in government, boards of nonprofit benefit corporations that operate charter schools are required to review their conflict of interest codes every two years (biennially), confirm whether changes are necessary or not, and if changes are necessary, proceed with adopting revisions. Agencies are specifically required to review the list of designated positions and disclosure categories in the Code to make sure that they properly account for the employees of the organization who may be involved in decision-making or influencing decisions that could have a material impact on their personal finances. Individuals who are designated in the Code are responsible for filing Form 700 each year.

As a nonprofit organization that operates charter schools across multiple counties in California, the FPPC is considered the code reviewing body for MPS and is responsible for final approval of changes to MPS's conflict of interest code.The FPPC last approved Magnolia Educational & Research Foundation dba Magnolia Public Schools Conflict of Interest Code on November 1, 2017. Since then, MPS has been following this code.

Analysis:

As the means of proactive governance, the Conflict of Interest Code and Policy will always be taken to the Board for review before any submissions of amendments are taken to the FPPC for approval and before MPS confirms to the FPPC whether the Code is up-to-date or not. MPS and legal reviewed MPS's current Conflict of Interest Code. In light of changes to MPS's operations, e.g., the expansion to Orange County and changes to roles and responsibilities within the organization, Executive staff and legal have determined that the Code requires amendment.MPS should submit the 2026 Biennial Notice to inform the FPPC that MPS current Conflict of Interest Code requires amendment and proceed with the FPPC's code amendment process.
