RE:	CA NGSS Textbook with Resources

Proposed Board Motion

I move that the board allow the one time usage of financial reserves to acquire a state recommended NGSS science curriculum textbook with online resources for the 2019-20 school year in the amount of \$72,149.80.

Introduction

- What services are being provided? NGSS aligned science curriculum textbook and resources will be purchased for school usage. Students will have access to the textbook and the online resources to further their learning with NGSS specifically aligned content.
- Why is this contract/service needed? Students and Teachers need access to state adopted curriculum that is aligned with the new CA NGSS science standards.
- Is this a school or organization wide implementation? This is for school wide implementation of curriculum that is vetted by the MPS wide science committee and curriculum leaders.

Background

- What contracts with the vendor are already in place? McGraw-Hill is currently adopted for English Language Arts, Math, History, and Science. MSA Bell has delayed the purchase of textbooks in order to ensure that a purchase of this magnitude is completed once the state adopted the curriculum. Therefore, it has only purchased the online version of the textbook.
- A committee was arranged to review various NGSS aligned science curriculum. McGraw-Hill was the curriculum of choice due to the available resources and tools to assist students and teachers in content learning. The vendor is a board approved vendor.

Budget Implications

- Ending Fund Balance per 2018-19 UA is \$4,235,559 less this one time request of \$72,149.80 = \$4,163,409.20
